RUTH PUTS ON 4 MORE CIRCUITS

His Home Run Record Now Is Seven

St. Louis American League Batmen—Fred Merkle Laces Out Twelve Hits in Six Games

Chicago, June 8.—Driving out home runs is becoming a habit with "Rube" Ruth, Boston pitcher, who is leading the American League in batting. Ruth signalled his return to the game after a brief illness by collecting four homers in four days while playing an outfield position. As he failed to bag any other hits, however, his average fell off, but he still is showing the way with .271, according to unofficial averages released today. He has a record of seven home runs this season. Slater of St. Louis continues to lead the base stealers with twenty and McInnis of Boston and Shean, his teammate, remain tied in sacrifice hitting with fifteen. St. Louis leads in team batting with .274. The leading batter is Ruth, Boston, .271; Walker, Philadelphia, .267; Butler, New York, .260; Burns, Philadelphia, .244; Slater, St. Louis, .240. Cracking out a dozen hits in six games boosted Fred Merkle, Chicago first baseman, from fifth to second place in the list of National League hitters. He is batting .375, twenty-six points above his average of a week ago. Larry Doyle, because of his continued absence, fell from the point, remains at the top with .426. Carry of Pittsburgh, who is leading the "base stealers," has twenty thefts to his credit. Roush of Cincinnati has taken the lead in sacrifice hitting with fourteen. Wickland of Boston and Crandall of St. Louis top the home run hitters with three each. Chicago drove New York out of first place in team batting with .282. The leading batters are: Doyle, New York, .326; Merkle, Chicago, .316; Smith, Boston, .310; Wickland, Boston, .288; Daubert, Brooklyn, .284.

CUGDEL IS CHOICE FOR SUBURBAN HANDICAP

J. K. L. Ross' Horse—Only Six Entries for the Race Today

New York, June 8.—While only six horses are carded for the running of the classic suburban handicap at one mile and a quarter over the Belmont Park race track today, the contest promises to be as interesting as any previous one in this event, which was first run in 1884 on the old Sheepshead Bay race course. Chief interest centres in the meeting of Commander J. K. L. Ross' cudgel and James Butler's Spur. Two weeks ago Spur beat the Canadian gelding in the order named as being choice.

SAYS GENERAL FOGH WILL NOT STRIKE WAGA TILL OCTOBER

Meanwhile Allies Must Meet Enemy Attacks and Conserve Man Power

Paris, June 8.—The Allied counter-blow will come in October, according to Marcel Hutin, military critic of the Echo de Paris, and one of the few French writers who foretell the possibility of the Alsace attack. "Next October," writes M. Hutin, who cautions patience, "the Germans will have 1,500,000 men on the western front. Between now and then, as Premier Clemenceau so frankly explained, we and our Allies must meet all German attacks. We must economize in our reserves and hold the enemy in check, even at the cost of a few miles of ground."

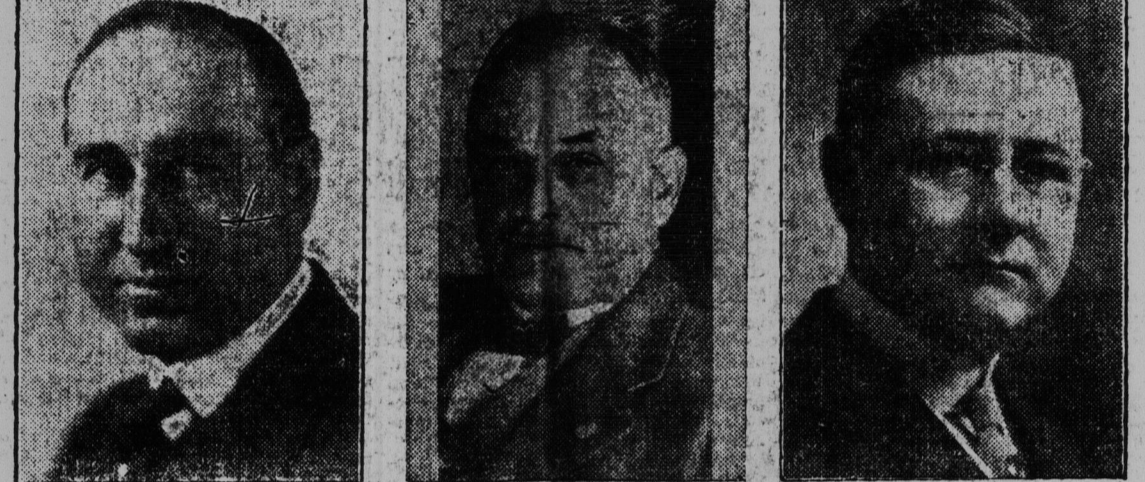

PROBATE COURT

In the matter of the estate of John McSherry, grocer, letters testamentary have been granted. Dr. R. F. Quigley, K. C., is proctor.

Swift Retaliation If American Prisoners Mistreated

Washington, June 8.—The German government, threatening mistreatment of Americans because of the imprisonment of Franz Hirtel, a bomber pilot, has been warned by the United States to remember that such a step will draw swift retaliatory action upon the thousands of Germans in this country. Germany's threat and the answer of the United States were disclosed today by the state department. London, June 8.—(Via Reuter's Ottawa Agency)—The Daily Chronicle states that counter measures have been taken respecting the treatment of German prisoners of war as a result of cruelties to captured British soldiers. These retaliatory methods are extremely mild in comparison. For example, German prisoners are deprived of minor comforts and pleasures such as newspapers and band instruments and are required to attend parade frequently.

HALIFAX SHIPBUILDING

These men have been selected by the federal government to take charge of the big shipbuilding enterprise at Halifax. At the left is J. W. Norcross; in the centre, James Campbell; and at the right, R. M. Wolvin. The two first are vice-president and president of the Canada Steamship Lines and the latter is president of the Montreal Transportation Company.

PREPARE FOR THE NEXT WAR

German Circular Gives Indication of The Authorities' Intention

London, June 8.—(British Admiralty, per Wireless Press)—The well informed correspondent of the Humanite, on the German Swire frontier, says the German authorities have just sent out a confidential circular which indicates that preparations are being made for the next war. This official circular is addressed to the men and women "who have voluntarily and patriotically placed themselves at the disposal of charitable services since and during this war."

LARGE POWERS FOR COMPANY TO BUILD SHIPS IN HALIFAX

Ottawa, June 8.—Halifax Shipyard, Limited, a Montreal company which, with a capital of \$6,000,000, was granted incorporation this week, is authorized by the government to engage in a variety of pursuits. The notice of incorporation states that the company may design, construct, purchase, lease or charter steamships, ships, dredges, tugs, scows, steamships, transportation lines, wharves, dockyards, shipbuilding yards, marine railways, telegraph and telephone lines, etc., and may also build and operate steam boat and railway terminals, transportation warehouses, and cold storage facilities, yards and stockyards, etc., on its own land. The company may construct steamships, railway or railway equipment and water, steam, electrical or other power generally. Power houses and structures for the development and utilization of water, steam, electrical or other power may be built and operated. It may also carry on the business of transporting mail and freight upon land and water of the dominion, and engage in all branches of towing, wrecking and salvage in Canadian waters.

MURDERED MAN IS LIVING

So Says Released Prisoner in Montreal Case in Which Companion Was Sentenced to Be Hanged

Montreal, June 8.—The king's bench yesterday afternoon returned a verdict of "guilty of murder" against Joseph Nuccera, one of two Italians charged with the murder of Giovanni Bettini in this city on April 22. He was sentenced to be hanged on Sept. 22. The other Italian was acquitted. After his liberation and in the presence of a large crowd this man said that there had been a miscarriage of justice and that the man whom Nuccera had fought with had gone to the hospital and was now walking around in Montreal. The body that had been found by the police was not, he declared, that of Bettini, but some one unknown.

MURDER AND SUICIDE FOLLOW HER REFUSAL TO MARRY HIM

Ottawa, June 8.—Arthur P. Rodway, thirty years of age, employed as a clerk with the British American Rubber Company here, murdered Miss Myrtle Sydnor, daughter of Mrs. Mark Sydnor, at her home in the Federal Apartments, a little after 7:30 last evening, by cutting her throat with a razor. Then, turning the weapon on himself, he inflicted such injuries that he died a few minutes later. The tragedy is said to have been the result of the refusal of Miss Sydnor to accede to the request of Rodway to a marriage with them.

A SPANISH NAVAL OFFICER ARRESTED

Paris, June 8.—A despatch to the Temps from the Spanish border says the newspaper El Sol learns from a private source that the naval officer commanding the port of Palamos has been arrested on a charge of espionage following the torpedoing of the Spanish steamer La Provence, which sought refuge in that port. The officer is suspected of holding communication with German agents. Other arrests have been made and may uncover numerous plots and shed light on many recent sinkings.

Signal Flashes Along The Coast

Mysterious Signs Since U-Boats Came A GERMAN ARRESTED

Fritz Flage Found To Have Maps and Plans of Industrial Plants—Believed the Konigen Regentes Was Torpedoed—Attack on American Convoy Fails

Atlantic City, N. J., June 8.—A German giving his name as Fritz Flage, whom the police believe to be one of several responsible for mysterious signals flashed from points along the coast since the operations of German submarines began on this side of the Atlantic, was arrested last night and held to await investigation by the naval intelligence bureau. According to detectives who searched his room, maps of the Atlantic coast from Virginia to Massachusetts were found with detailed drawings of Philadelphia, New York, Boston, Baltimore, Hooker, and Norfolk, showing industrial plants and the easiest routes to them by water and rail. Pictures and drawings of guns, forts and studies of explosives and a book which appears to be a code, were also found in the prisoner's room, the detectives said. BELIEVES HOSPITAL SHIP TORPEDOED

Amsterdam, June 8.—The Handelsblad prints an interview with Captain Lederer of the Konigen Regentes, in which he stated his conviction that the ship was torpedoed. The captain based his story on the statement of his lookout man, Captain Ledeker, who said that he believed the vessel was sunk in deep water to make investigation impossible. According to the Handelsblad, Lederer also stated that the ship was carrying American troops and American Red Cross workers, according to the Rev. Father Waring of Baltimore, one of the Red Cross party, who arrived in London on Wednesday. The ship was seen to sink on Wednesday, but Rev. Father Waring did not know whether any submarines had been sunk.

HUNDRED CHURCHES IN SOISSONS BISHOPRIC DESTROYED BY HUNS

Another Hundred Pillaged and Partially Demolished—Germans Recognize Neither Faith Nor Law

Paris, June 8.—The Bishop of Soissons, who is now in Paris, yesterday described the havoc wrought in the Bishopric of Soissons during the recent offensive of the Germans. He said that 100 churches had been razed to the ground by the Germans and that at least 100 others had been pillaged and partially demolished. The famous cathedral in Soissons suffered severely. The bishop added that the Germans knew neither faith nor law; they knew nothing but war and pillage. He said they were stripping and carrying away everything methodically. The bishop also asserted that women, children and old men had been brutally murdered by German aviators, who flew over and dropped their machine guns long lines of refugees on country roads.

TODAY'S LIST HAS 178 NAMES

Ottawa, June 8.—Today's list of 178 casualties reports two killed in action, eight died of wounds, four died, one wounded and missing, one accidentally killed, two prisoners of war, six, sixty-three wounded, two wounded and gassed, seventy gassed and four ill. INFANTRY

Died: W. A. Dempster, St. John, N. B.; W. J. Gregory, Charlottetown, P.E.I.; W. Rawson, Montreal, not stated; B. A. Lytes, Moncton, N. B.; A. B. Lively, St. John's, N. S.; R. P. Woodworth, Paradise, N. S.; J. J. Costello, St. John, N. B.; V. C. Beckett, St. John, N. B.; H. Taylor, Grand Falls, N. B.; R. Barnes, Nantouale, N. B.

Died of Wounds: R. S. Thompson, Rollingdon, N. B.; H. Craig, West St. John, N. B. Gassed: S. M. Bailey, Woodstock; F. L. Coyle, Charlottetown; F. M. Ackeracher, Picton; H. C. Daw, Halifax; A. G. Bruce, Charlottetown; R. W. Harper, Charlottetown; R. B. McNeill, Sydney; R. W. G. McCallum, Brackley; P. E. Hill, Charlottetown; H. H. F. Diblee, Antigonish; J. McKeown, Orangeville, N. S.; M. D. D. Steves, Fredericton; C. S. Ross, Charlottetown; H. H. Debois, Charlottetown; A. MacDonald, Doctor's Brook, N. S.; T. Mathews, Doucette, Florence, N. S.

RAILWAY TROOPS

B. L. White, Margville, N. B. MEDICAL SERVICES

Died of Wounds: Capt. R. F. McLean, Antigonish, ENGINEERS

Wounded: H. A. Dorr, Halifax. TRUANTS IN COURT

Six boys appeared in the juvenile court this morning on a charge of truancy. Some boys stayed away from school from twenty to forty-five days. They were given a severe lecture and their parents warned that they were liable to a fine of \$2 for every day they remained from school. NOVELTY SHOWER

A novelty shower was tendered to Miss Laura P. Sterritt last evening at the home of Mrs. George H. Marshall, 425 Main street. Miss Sterritt is to be married in the near future. Barred From Vancouver Theatres

Vancouver, June 7.—The International Bible Students have been refused permission by the city council to hold further meetings in any theatres in Vancouver.

Mrs. C. G. Pincombe of Fredericton is the guest of Miss May Nixon, 191 Queen street.

Evil of Substitution exposed

A dealer substitutes because he makes more profit on an inferior article than local citizen was induced to take a substitute for Putnam's Corn Extract, the result that the substitute burnt and failed to cure. Putnam's contains no acid and is guaranteed. Always get Putnam's Extract, 25c. at all dealers.

STUCK TO HER POST DURING LONDON RAID

Miss Connie Couchman, Brave Telephone Girl, Will be Awarded Military Medal

East Toronto June 8.-General Turner presented to Miss Connie Couchman a military medal for coolness in discharging her duties as chief operator of the military telephone in London during an air raid. This information was contained in a letter to the Misses Couchman, 90 Pickering street, from their mother, who has been in England with her daughter.

3,000,000 TONS OF COAL LESS COMING FROM U. S. IN 1918

Official of Dominion Coal Company Has Further Warning as to Necessity of Making Early Provision for Next Winter's Supply.

That the exportation of bituminous coal by the United States to Canada during the present year would be 2,000,000 tons less than the exportation of the previous year, was the statement made to a Telegraph reporter last night by A. Mackenzie, an official of the Dominion Coal Company, of Montreal, who was interviewed at the Royal Hotel.

There would be a falling off in the exportation of this country by the United States of about one million tons, he said. The total production of this country is 1,000,000 tons, making a total shortage from this source of about 3,000,000 tons, he added.

Mr. Mackenzie said that the Dominion coal company will not send a single pound of coal to Montreal this year, and in fact the first year of the war the Dominion Coal Company had shipped to Montreal in the vicinity of 16,000,000 tons. Last year the amount of coal sent to the Canadian metropolis fell to a total of 8,000,000 tons.

It is impossible for the company to secure ships to take its coal up the St. Lawrence and the province of Quebec has been practically starved off so far as the company is concerned.

In addition to this, the difficulties the company has recently lost two of their big coal carrying steamers, the Balsan and the Lonsdale, which together with the large shipments cut off by reason of a lack of steamers on the part of the Dominion Coal Company.

In addition to a shortage of bottoms Mr. Mackenzie said that nearly 4,000 of the company's miners had been drafted and it was impossible for the mines to secure the normal output owing to labor conditions.

That the coming winter would see a very serious coal shortage all over Canada, he said, that during the winter, he said, that he is a close student of the situation. He feels that every consumer should do his best to secure supply of coal as early as possible.

Although a little late, crops throughout the province look exceptionally well, says the Graphic. Grass is growing nicely and much of the corn is up to the neck. A very large increase in acreage of grain has been seen this year.

Two aviators made an experience in the postal trip between Paris and London yesterday. They used seaplanes carrying three hundred kilograms of mail matter and the trip to London and return was made in five and one-half hours.

BY AERIAL POST

Paris, June 7.-The Havas Agency-Aerial postal lines from Paris to St. Nazaire and from Paris to Nice is being studied by the postal administration with a view to eventual extension of the service to Rome and Corsica under consideration.

Oppose Compromise

Dublin, June 7.-The erection of a new executive committee to the Irish Unionist League, which is being opposed by the Unionists favoring the home rule compromise arranged at the Irish convention and their opponents, is being opposed. The latter had a complete victory.

AGRIAGE IN BRITAIN

Montreal, June 8.-The England-Wales press bureau announces that the total 1918 area of wheat, barley, corn, oats, rye, and potatoes, is now \$2,022,000 acres, a record of 2,042,000 additional acres over 1917.

WINE FROM DANDELIONS

WORDS OF PRAISE FOR BABY'S OWN TABLETS

No medicine receives such great praise from thankful mothers as do Baby's Own Tablets. Once a mother has used them for her little ones she will use nothing but them for her next child but through laxative. They regulate the bowels and stomach; drive out constipation and indigestion; are colic and simple fevers; promote healthy sleep and make teething easy.

MUST TAKE DELIVERY OR FACE FOOD BOARD

Ottawa, June 8.-If delivery of cars containing foodstuffs be not accepted by the railways, the railways are now reporting the circumstances promptly to the Canada Food Board.

Unwarranted refusal to accept shipments means delay which, in the case of perishable products, may result in waste, and the food board are prepared, in cases where it finds such refusal is not justified, to cancel or suspend the licenses of such consignees.

RECENT WEDDINGS

On Wednesday, June 5, at the home of Mr. and Mrs. Thomas S. Lewis, at Montague, Salisbury, their second daughter, Miss Sadie Lewis, became the bride of Judson Lutz of Steves Mountain, who is in the employ of the National Transcontinental Railway at Alward.

At the home of John Moore, Hainesville, Wednesday afternoon, his daughter, Violet, became the wife of Alfred Reynolds.

Young-Coughlan

At the Methodist church, Nashua, Bridge, on Wednesday, June 5, Miss Alice M. Coughlan of Nashua, daughter of Alfred and Mrs. Coughlan, was united in marriage to Charles J. Young of Cross Creek Station.

Wilkins-Thomas

At the residence of Mr. and Mrs. Archie Thomas, Tay Mills, on the evening of June 5, their second daughter, Mary Elizabeth, became the bride of Jimmie E. Wilkins of Tay Mills.

O'Neill-Matthews

In London, England, on May 1, Francis M. O'Neill, son of Mr. and Mrs. Hugh O'Neill of Fredericton, was married to Miss Louise Matthews of London. The marriage was celebrated in the Christ church, London, by Rev. Father Pitzer. Mr. O'Neill, who is a graduate of Dalhousie University, practiced law in London, England, before coming to Canada, where he is now in the employ of the state records office in London.

CARELESSNESS COST \$70,000.

Campbell Graphic: A large quantity of pulpwood, cedar poles and railway ties, valued at \$70,000, was destroyed by a fire which broke out at the mill of way at Matitis, about fifty-eight miles from Campbellton, was destroyed by a fire which broke out at the mill of way at Matitis, about fifty-eight miles from Campbellton, was destroyed by a fire which broke out at the mill of way at Matitis, about fifty-eight miles from Campbellton.

RESIGNATION OF INSPECTOR RIDEOUT IS ACCEPTED

Major Pincombe, assistant provost marshal for the province, today received word that Lieutenant Colonel L. H. Harvey, chief assistant provost marshal for the province, had resigned his office as chief of the division police.

RECENT DEATHS

Moncton Transcript: - Mrs. W. C. Crighton received word from Ottawa today of the death of her daughter, Miss M. Crighton, who died at her home in Ottawa on Friday.

Spy Indictments In United States

Five Americans and Two Germans Named in Charges of Conspiracy and Treason

New York, June 7.-Five American citizens and two subjects of the German emperor, one of them a woman, are named as fellow-conspirators in two indictments returned by a federal grand jury here today. Investigators declared in their opinion this is the most sensational undertaking by German intelligence agents since the war began.

The assembling and transmission of information relative to America's production of the war, the destruction of American ships, docks and troop transports with five bombs; destruction of quick silver, and a large amount of munitions; assisting Germany in landing an armed expedition in the Azores; and raising of funds in this country with which to finance these operations; destruction of munition factories and mines in Great Britain are charged as ramifications of the conspiracy.

The wording of the indictments, comprising thirty paragraphs, intimates that the conspiracy may have been organized in this country by a group of men in the town of Indrago, in the Swiss canton of Valais, in the French Alps. It is suggested by a paragraph in the treason indictment which alleges that in July, last year, the conspirators sent a cablegram to Olten, Switzerland.

The principals named in the alleged plots are: Jeremiah A. O'Leary, prominent American Sinn Fein now fugitive from justice on charges of espionage action for distribution of alleged anti-draft literature in the magazine Bull, of which he was formerly editor.

"Madame" Maria K. De. Victoria, alias Baronesse von Kretschmann, a blonde haired German woman of striking appearance and about forty years old, is named as a conspirator. She is a Swiss citizen, who is alleged to have come to this country from Germany under a fraudulent passport.

Willard J. Robinson, of New York, aged thirty and under suspicion of being a spy, is named as a conspirator. John T. Ryan, a Buffalo, New York, attorney alleged to have been active in spreading Sinn Fein propaganda in this country.

Albert Paul Frick, a Mount Vernon (N. Y.) toy manufacturer, whose affairs are now being administered by the property custodian.

Emil Kipper, prominently identified with Sinn Fein activities in New York City. Rudolph Binder and Hugo Schwetzer, both of whom died of typhoid fever, were named as conspirators.

The seven individuals listed are charged with both espionage and conspiracy. "Madame" De. Victoria, Rodger, Kipper, Frick, and Kipper, pleaded "not guilty" to both indictments before Judge Augustus K. Hand in federal court today.

O'Leary, now wanted on three charges, including conspiracy, indictment charges that "Madame" De. Victoria and Rodger, Frick and Kipper, are the principal conspirators and that the latter are the principal conspirators and that the latter are the principal conspirators.

Major Pincombe, assistant provost marshal for the province, today received word that Lieutenant Colonel L. H. Harvey, chief assistant provost marshal for the province, had resigned his office as chief of the division police.

Several forest fires have already occurred in various parts of the province during the week ending Friday. The loss was estimated at a minimum as \$200,000.

OPERA HOUSE BILL

"Mystery Ship" Serial Ended and Fine Offerings of Bright Vaudeville

The change of programme at the Opera House last evening attracted capacity houses and throughout the entire performance the building re-echoed with bursts of applause and hearty laughter.

The entertainment offered is of the best and during the coming week it will undoubtedly attract large audiences. It is composed of comedy chatter, exceptionally good singing, instrumental solos and acrobatic feats to say nothing of a sparkling Irish sketch.

Following the concluding episode of the "Mystery Ship," which is a full of exciting incidents and revelations, Roberts and Fulton appear in a comedy sketch. The female member is exceptionally good and she kept the audience convulsed with laughter.

Bath Ray and Pagano, two young girls, made a decided hit. One is a clever violinist and her companion shows equal talent for the piano. Between them they furnish rag time melodies as well as a few strains of the classical which were greatly enjoyed by all present. They also introduced a novel scheme of getting the boys. That it proved effective is evidenced from the applause tendered them at the conclusion of their act.

Charles Mack & Company were seen in a bright Irish sketch, which was a feature. Wit and humor, to say nothing of beautiful Irish ballads, go to make up the best acts seen on the stage for some time.

The DeWidge Trio scored a hit in a musical offering which would be hard to surpass. The three are good singers and their choice selections met with instant favor and they received prolonged applause.

Dennis Brose, gave a clever exhibition on a revolving ladder. The elder did some clever feats, while the younger gives promise of developing into a good acrobat.

"TIZ"--A JOY TO SORE, TIRED FEET

Use "Tiz" for Aching, Burning, Puffed-up Feet and Corns or Callouses

"Sure I use TIZ every time for any foot trouble."

Good-bye, sore feet, burning feet, swollen feet, tender feet, tired feet. Good-bye, corns, callouses, bunions and raw spots. No more shoe tightness or more limping with pain or drawing up your face in agony. "Tiz" is magical, acts right off. "Tiz" draws out all the poisonous exudations which puff up the feet. Use "Tiz" and wear smaller shoes. "Tiz" draws out the poison from your feet. Ah! how comfortable your feet feel. Get a 36-cent box of "Tiz" now at any drugist or department store. Have good feet, glad feet, feet that never swell, never hurt, never get tired. A year's foot comfort guaranteed or money refunded.

LAVERGNE TO FIGHT VALIDITY OF ORDER CANCELLING EXEMPTIONS

Quebec, June 7.-Armand Lavergne, advocate, took a writ of habeas corpus today on behalf of Antonio Bacon, and stated he would fight in court the validity of the order-in-council which annulled all exemptions under the military service act. He claims orders-in-council cannot break and annul laws enacted by parliament.

CAPTAIN BERNIER BOOMING LINE OF STEAMERS FOR GULF

Quebec, June 7.-Captain Joseph Bernier, the well known Arctic explorer, who has had more than one venture at sea since the war started and previously, is organizing a company that will have two steel steamers to ply between Montreal, Quebec and the Gulf. The vessels, according to the plan, will be built in the Lauson, Quebec shipyards.

British and European—Frederick A. Smyth, 20 Ludgate Hill, LONDON, E. C., England. The Audit Bureau of Circulations audits the circulation of The Evening Times.

ON THE WESTERN FRONT

The Toronto Star thus sums up the military situation on the western front: "The Germans may attempt an advance on an extended front in another quarter, but they will be unable to break the unity of the allied front. The allies always can divide the weight of the enemy blow by giving ground and not for many weeks thereafter is the enemy able to strike with equal force. By the time four or five German offensives have failed of complete success, and possibly before, the allies will be strong enough to give more than they take. Until midsummer the allies will be content to stall off the enemy's onslaughts. The enemy realizes that it is a case of now or never for him and he is making frantic efforts to overwhelm the allies before he is faced with inevitable defeat. It is the fear of defeat that drives him on. Our experience so far this year justifies the confidence that the military decision can be postponed from time to time until all hope leaves the camp of the enemy. Among the hopeful features of the present situation is that partly-trained American troops are reaching the Continent at the rate of nearly one hundred thousand a week and nothing untoward has happened on the Italian front. Indeed, our Italian allies are gaining ground in strong local attacks. Thereby, it may be, they are discouraging the sending of masses of Austrian troops to the western front."

Y. W. C. A. WORK.

In St. John the work of the Y. W. C. A. has only been begun, and the organization is without a suitable home or the means to carry on the work for which it is especially fitted, and of which there is so great need. In larger cities the Association has proved its value and does not lack support. In Toronto, for example, of the recent annual meeting of the Y. W. C. A. of that city a report says: "The financial statement told of receipts amounting to \$24,364, and of disbursements of \$23,840, the balance being \$1,046. During the year 4,690 girls have lived in the city homes of the Association for a longer or shorter time, and 109 girls enjoyed the restful surroundings at the Island cottage. The cafeteria on York street is greatly patronized by business women, 650 on an average taking meals every business day. The total number of meals served was 189,900, and the average cost 19c. The report of the education department was presented and showed that the gymnasium at McGill street was a favorite resort, 356 girls being in attendance during the year, and 1,792 using the swimming pool. In the St. John's ambulance classes 886 girls were enrolled. The Travelers' Aid Department reported a splendid work done, 2,918 persons having been helped at the stations. Recently, within forty-eight hours of the arrival of a steamer from England, twenty-five of its passengers were lodged by the Y. W. C. A.'s Travelers' Aid Department. The Employment Bureau told of many calls for help, and of a regrettable inability to answer them. Demands were made for 1,840 domestic helpers, and only 300 were placed. The membership of the association at present is 2,498. In connection with the religious work an encouraging story was told of noon meetings held in factories and interest promoted among the workers. War work has been ceaseless and untiring. It is not necessary to dwell upon the value of such work as is here described. Young girls are removed from many temptations and given a better outlook. The way of those who have little means is made easier. The girls from homes outside of the city are given home influences, and that opportunity for companionship and healthy recreation which they crave. The morals, the health and the usefulness of very many girls are improved by the uplifting influence of the Y. W. C. A. It deserves both sympathy and substantial support."

LIGHTER VEIN

Good Riddance. He—if we should clope would your father pursue us? She—No, I think he would move so we couldn't find him when we got ready to go back. Information. Mrs. Rawler—The noise at the front must be awful with all those immense guns going off. Mrs. Blunder—My dear, they never could land if they hadn't something they stuff their ears—gun cotton, you know.

TRAMP CHASER.

Mrs. Suburban—Why bother to die by tramps asking for food at the kitchen door. Mr. Suburban—Why not keep them away by placing samples of your cooking at the gate?

A HASTY GLANCE.

Agnes—A man just went by in an automobile. He looked at me and said "What a beautiful woman!" Marie—Heavens! He must have been going fast!

MIGHT WEAKEN THE FIRM.

Two brothers once ran a store in a small western town, where they had quite a large trade. In wool on barters the brothers became converted at a revival and urged the other to follow in his footsteps. "You don't know how helpful and comforting it is to be a member of the church," said the converted one. "Why not?" persisted the first. "What is to prevent you?" "Well, it's this way, Bill," declared Jake. "There has got to be somebody in the firm to weigh the wool."

BRIDES SIXTEEN AND SEVENTEEN.

At the residence of Mrs. N. J. Smith, Frederickton, on Tuesday, her daughter, Miss Alice Nellie Smith, became the bride of Hugo Frederick Mittle of Columbus, S. C., and Miss Harriet Elizabeth Allen, daughter of Mr. and Mrs. Morris Allen of Frederickton, became the bride of James William Greig of Philadelphia. The grooms are members of the detachment of the Central Ontario Regiment which is stationed at the capital. Mrs. Mittle has three brothers serving in the Canadian expeditionary force and Mrs. Greig's father has been over 80 years of age. The ceremony was performed by Rev. G. C. Warren, pastor of the Brunswick street Baptist church. Many relatives and friends of the contracting parties were present. The two brides are young, being respectively sixteen and seventeen years old.

FRIENDS THOUGHT HE WOULD DIE

FRUIT-A-TIVES Conquered Dyspepsia and Restored His Health. "I was a terrible sufferer from Dyspepsia and Constipation for years. I had pain after eating, belching gas, constant headaches, and did not sleep well at night. I lost so much weight—going from 185 pounds to 146 pounds—that I became alarmed and saw several doctors who, however, did me no good. Finally, a friend told me to try 'Fruit-a-tives.' In a week there was improvement. The constipation was corrected, and soon I was free of pain headaches and that miserable feeling that accompanies Dyspepsia. I continued to take this splendid fruit medicine and now I am well strong and vigorous." MR. ROBERT NEWTON.

GRATING DEMAND FOR FISH THAT HAS BEEN WASTED. (Canada Food Board Educational Division.) Ottawa, June 8.—When H. B. Thomson, chairman of the Canada Food Board, was a member of the Salmon Fisheries Commission last year, he was impressed with the fact that the Pacific Ocean yielded huge quantities of edible fish which were not made use of. The commission showed that out of the many varieties of fish caught by deep sea vessels only the halibut and salmon were brought to market. The others—plaice, brill, sole, witcher, skate, grey cod, ling cod, and red cod—were "black-ed" off the hooks into the sea again and wasted. This wholesale waste was due to the lack of a market and the lack of public for nothing but salmon, halibut and sableskiah. An arrangement was, therefore, made that the Marine and Fisheries Department would assume two-thirds of the transportation charges of Pacific flat-fish as well as red, ling and grey codfish, limiting the retailer's profit on handling to 8c. a pound over and above the price f. o. b. shipping point plus express charges. That this service is appreciated is being expressed in the fact that since the operation of the arrangement has been put into effect 250,000 pounds of fish has been shipped. This is but a beginning, however, just the educational means to the end that the general public throughout the western provinces will become permanent consumers. To hasten this eventually the Food Board has conducted a series of publicity enterprises, the last of which is a motion picture showing the fishermen and all the adventures and hazards run by the men who supply the markets with fish. This film will be shown soon at all the motion picture theatres throughout Canada, under the auspices of the Canada Food Board.

SPRING DRESSY OXFORDS

In Young Men's Styles

The poet omitted to mention "Oxfords" when writing of "Spring and a Young Man's Fancy."

For Oxfords are a necessary part of any man's happiness from the first warm days of spring, and they certainly are the correct thing as far as right dressing goes.

Our Oxford styles are the decided hit of the season, and there is yet to appear a man whose shoe taste we have failed to tickle.

And we promise in all safety that no matter what your fancy be in up-to-the-minute shoe styles, you will find the answer right here in our store.

JUST A WORD ON ECONOMY

While our business is of selling shoes, still we are only too glad to do our part in the great work of Conservation. Bring in your old shoes. We will tell you whether or not it will pay to have them repaired. If the uppers are sound, we will re-make the shoes to look like new.

War Garden Bulletin

PRACTICAL DAILY GUIDE FOR VACANT LOT AND BACKYARD GARDENERS ENLISTED IN GREAT-BRITAIN PRODUCTION CAMPAIGN

Issued by the Canada Food Board in Collaboration With Experts on the Staff of the Dominion Experimental Farm

RECORD AND LABELS.

Keep a war garden record this year. Canada wants to know exactly how much she manages to produce through the medium of vacant lots and backyards. The Canada Food Board is asking the presidents of all Rotary Clubs and gardening organizations to keep a complete record of their returns. It is estimated that \$20,000,000 worth of produce was added to the country's food supply last year through the war gardens. This year it is anticipated that the yield will be doubled. Help the Food Board to make sure of this by keeping a record of what you grow.

Where labels are used in the war garden a good plan for saving the little wooden stakes is to soak them for a whole day in a solution of copperas (sulphate of iron). Then let the wood dry out and finally place it in lime water for twenty-four hours. The outcome of this treatment is the formation in the wood of sulphate of lime (gypsum), a salt that is highly insoluble. This impregnates the wood to such an extent that the rapid destruction of the labels is impossible. Thin wood treated in this manner has been fully exposed to the weather for two years without showing the least change.

How Often.

Guest—How much did you ever get out of your car?
Owner—Well, I think seven times in one mile is my record.

wealthy family. Later she journeyed to Los Angeles.

It was in the Californian city that she became acquainted with Mrs. Wm. Farnum, wife of the actor. She spent a year as companion to Mrs. Farnum, and when the Farnums went to New York last August Madame Robert accompanied them.

Mrs. Farnum arranged for Madame Robert to become an instructor in knitting at the State Women's Relief Corps headquarters. Since August, day in and day out, until her collapse, she spent eight hours a day teaching theatrical stars the art of the needle.

Officials of the State Women's Relief Corps credit Madame Robert with a number of improvements in knitted articles.

A BELGIAN REFUGEE DIES BROKEN HEARTED

Sentenced to Death She Escaped at Barbarian's Orgy in Brussels

Madame Christine Robert, teacher of knitting at the Stage Women's War Relief Headquarters in New York, and a Belgium refugee, died at Lathern Hospital, her death, according to her associates and pupils, being the result of a broken heart, which undermined her health to such an extent that her recovery from an operation was impossible.

Madame Robert's story is but one of the thousands of stories of suffering, physical and mental, inflicted upon the Belgians. With the true spirit of her country, she made light of the tortures she had endured, and on her death-bed pleaded with her doctors to make her well again that she might contribute to the successful termination of the war for the Allies.

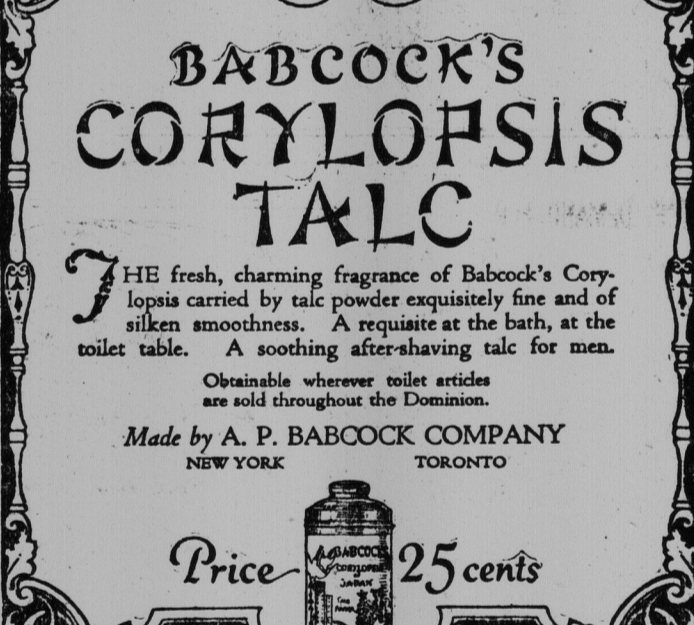

Mrs. Robert lived in the residential section of Brussels with her husband, a prominent manufacturer, before the Huns devastated her country. She was at her brother-in-law's home in that city when the Huns invaded the city. They demanded that she turn over the house to their soldiers, and when she refused she was shot down where she stood.

When Madame Robert arrived at her own home she found it occupied by a score of German officers. Certain documents of her husband were found in their home, and Madame Robert was

placed before a court-martial and sentenced to be shot.

Her execution was to take place the following morning. That night she was forced to prepare a feast for the soldiers who had seized her home, and while they sipped rare wines in a drunken revelry, she escaped, clad only in a petticoat and sweater.

Madame Robert joined the throngs of wandering Belgians. Six months later she found her in Canada, a nurse in a

LINEN ROOM

MISS JONES TELLS OF WORK OF THE Y.W.C.A.

Miss Jones, of Toronto, national secretary of the Y. W. C. A., is a speaker who has the happy knack of inspiring enthusiasm, and in her talk to the members of the two associations, the Y. W. P. A. and the Y. W. C. A. at the Veterans' club, last evening, she gave a very vivid account of the international character of the Y. W. C. A. work; its scope in Canada, paid particular attention to the needs of St. John along the lines of the association, and then gave in detail the practical hints that had been derived from the experience of Ontario college girls who had worked on farms last summer. Enquiries were made at the meeting as to the need of a summer holiday camp for girls of St. John.

Miss Jessie Church presided at the meeting, and as president of the Y. W. P. A., said she felt the time had come when all the women of the city should help the work of the Y. W. C. A. to the

TRAINING FARM FOR RETURNED SOLDIERS IN N. B. SUGGESTED

Fredricton, N. B., June 7.—It has been suggested that a training farm to fit returned soldiers for the taking up of land would be an excellent institution to be established in New Brunswick. Fredericton or Sussex have been suggested as suitable locations. The mat-

GUNNER DIBBLEE GASED.

Official notification has been received that Gunner Hubert F. Dibblee, son of Rev. and Mrs. H. K. Dibblee, Amherst, had been shell-gassed. Gunner Dibblee enlisted in the 8th Siege Battery in St. John immediately after completing his course at Rotherby Collegiate School, and crossed to England in March, 1917. Two months later he was sent with a draft to a heavy siege battery in France and until the present time Gunner Dibblee has been constantly been on active service.

HORLICK'S Malted Milk for Infants

A safe milk diet, better than cow's milk alone. Contains rich milk and malted grain extract.

His position as signaller on the headquarters staff of his unit, necessitated much observation work along the front lines, where it is supposed the particles gas shell caught him. A private cable from Gunner Dibblee received on Tuesday states that he was "slightly gassed, no danger."

Mrs. Eleanor Beck.

Many here will be sorry to learn of the death of Mrs. Eleanor Beck, widow of Captain James Beck, which occurred Thursday in Toronto at the home of her daughter, Mrs. V. T. Williams. Until five years ago she resided in this city. She was in her seventy-seventh year. Besides her daughter, one son, Edward, of this city, survives. The body will be brought here for burial.

British Have Made Unsurpassed Sacrifices For a Great Purpose

London, June 7—Premier David Lloyd George, in replying to a toast to the success of the entente allied arms at the dinner of the Printers' society of London, tonight, said that Britishers have made unsurpassed sacrifices for a great purpose and a high ideal.

"One of the most encouraging things," the premier continued, "was the superb valor and the trained skill with which the Americans have taken their part in the struggle and defeated the foe. It is a most encouraging thing because there has been a great flow of those troops and we were depending on them.

"If for any cause the Allies fail to succeed it will be a sorry world to live in," Mr. Lloyd George said.

In conclusion, Premier Lloyd George said: "We have faced a great crisis. We have heard Von Ludendorff's threat of hammer blows. Hammer blows would crush poor metal, but they harden and consolidate good metal. There is good metal in British hearts and it has stood the test of centuries. It will stand this, so will that gallant people across the channel who are fighting for the honor of their native land.

"Let us be one people, one in aim, one in courage and the resolve never to give in. Let Britain stand like a great break-water against this torrent and, God willing, we will break the force."

ACQUITTAL AND DISAGREEMENT. In the county court yesterday afternoon the case of the crown against Max Webber and Morris Wittman, charged with stealing from W. H. Thorne & Co. Ltd., was concluded. The petty jury acquitted Webber and disagreed in Wittman's case. It is not known whether or not a new trial will be held. The case has been going on for some time and a great deal of interest was shown in it because of the circumstances surrounding it. The evidence was almost entirely of a circumstantial nature. Dr. W. E. Wallace, K. C., represented the crown, assisted by George H. V. Belyon. Webber was defended by Daniel Mullin, K. C., and B. L. Gerow, and Wittman by L. P. D. Tilley and B. L. Gerow.

SEVEN SONS IN KHAKI. Sackville Tribune Mr. and Mrs. Dennis Burke of Middle Sackville have the distinction of having seven sons wearing khaki, and moreover, they have all been to the front. Teddy has been invalided home and is at present in Fredericton, having received his discharge. Willie, who is now in St. John, went overseas, returned home and has now enlisted in a sapper battery. Joe is in France with an ammunition column. Frank has been in France and was recently buried by a shell and severely wounded. Leslie was wounded some time ago, and is now in England. Raimie is in France with a howitzer battery, and another son, James, enlisted in Toronto, and is now serving in a base hospital in France. The latter has been away from home for nineteen years, and his parents did not know his whereabouts until they received his letter from overseas.

SUDDEN COLD WAVE. A sudden cold wave has struck Central Europe, including Germany, Holland and Scandinavia. Widespread damage has been done to grain, fruit and potato crops.

A NEW RECORD FOR ENLISTMENTS

Total of 37,886 in May—Makes Sixth Reserve Division Possible for Expeditionary Force

Ottawa, June 7—Enough infantry reinforcements to provide for the infantry quota for two whole divisions were secured for the Canadian army during May through the Military Service act, through voluntary recruiting and through the work of the British-Canadian recruiting mission in the United States. The total addition to the expeditionary force during the month was 37,886 of which 22,207 were infantry. The record for the month is the highest since the war began in regard to the infantry enlistments.

The total for April was 12,014. The two months exceeded the infantry reserves some 48,000 men, thus insuring the maintenance at full strength of Canadian divisions at the front for a year at least, unless casualties should be in excess of all present probabilities. With probably another 20,000 men to be added during the present month through the continued operation of the Military Service act, the new regulations, it is apparent that a fifth and even a sixth reserve division at full strength are not impossible.

It is possible that with the supply of reinforcements now available the scheme long advocated by Sir Sam Hughes of having two reserve Canadian divisions in France thus providing regular relief for the divisions holding the front lines will be carried out.

Casualties reported for the month totalled 2,604 of whom about forty-three per cent will be sufficiently recovered within six months to be fit for active service again. In Canada 4,021 returned or medically unfit men were discharged during the month and in England 170 men were discharged.

The total number of men arriving in Canada from overseas for discharge was 2,448. The total permanent wastage was something less than 7,000 and the net gain for the month approximately 8,500. It must be noted, however, that the totals given for new recruits during the month cover only men who reported for service. A considerable percentage of these are usually weeded out on final medical examination and the number being granted leave or absence pending final consideration of their claims for exemption by the medical board.

Experience shows that the number reporting for service is cut down by about twenty per cent before the men finally leave for overseas. The total of 32,207 infantry recruits during the month exceeded the quota from Canada, 288 from the United States and 27 who joined up in England. Artillery recruits totalled 972 of whom 871 were secured in Canada and 101 in the United States. Railway construction and forestry recruits totalled 809 of whom 888 were from Canada and 417 from the United States. "Miscellaneous" recruits totalled 818 of whom 786 were from Canada, 288 from the United States and 27 who joined up in England. Last month's total was 1,200. Canada's direct contribution to the army was 35,856.

Another Stage. The Central Ontario Regiment detachment which had been at Fredericton for several weeks left yesterday afternoon to continue training elsewhere. Almost 3,000 men of nineteen years of age have registered under the S. A. in New Brunswick. It is understood that voluntary medical boards will commence examining the nineteen-year-old men in a few weeks.

Gave Their Lives. Mrs. Walter Burgess, of Apohaqui, has received word that her young brother, Gunner R. S. Thompson of St. Stephen, died of wounds, May 27. Mrs. Alfred Melanson, Bathurst, has been advised through a letter that her son, Lieut. Albert Melanson, of Bathurst, a member of the Royal Flying Corps in France, has been killed. Mrs. Melanson has been officially notified that her son is reported missing.

It was announced by the military authorities last evening that the quarantine still continues at Camp Sussex, where the Depot Battalion is under arms. Just previous to the battalion's transfer to summer quarters the men and officers were placed under quarantine. It has not been lifted as yet. It is not known how long it will continue. A military official said last night that the quarantine had been placed as a matter of precaution and that there was, strictly speaking, no danger of infection from clothes and bedding. For the reason that the quarantine is still prevailing, draftees reporting during the coming week will come to St. John instead of Sussex as previously announced. As soon as the quarantine is raised, the depot from New Brunswick will report at Sussex, but in the meantime the men will come to St. John, they will be quartered in the Exhibition grounds. Thirty men from No. 9 Siege Battery at

BLOODLESS WOMEN

Feel Weak, Depressed and Worn Out All the Time—Do Not Eat Well or Sleep Well

It is an unfortunate fact that nine women out of ten are victims of bloodlessness in one form or another. The girl in her teens, the wife and mother, the matron of middle age, all know its miseries. To be anemic means that you are breathless after any slight exertion—you feel depressed and worn out all day. You turn against food and cannot digest what little you do eat. At night you do not sleep well. Sometimes in the morning you wake up tired and feeling unfit for the day's duties. Perhaps there are aching headaches, or pains in the back or side. Often a feeling of dizziness and despondency. These are the signs of anemia, and the most common of all ailments. There are only two ways to cure anemia, and that is by increasing and enriching the blood supply, and there is only one medicine that does this speedily and effectively—Dr. Williams' Pink Pills. These pills purify the blood. It is in this way that thousands and thousands of weak, ailing girls and women have been restored to the joy of energy and good health through their use. Give these pills a fair trial and you will enjoy that health and strength that is the birthright of every woman. Write to Dr. J. C. Hughes, Toronto, Ontario, for a free copy of the book "The Blood" which tells the story of anemia and how to cure it.

You can get Dr. Williams' Pink Pills from any dealer in medicines, or by mail for 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

LOCAL NEWS. One inch of rain fell yesterday during the storm according to a report from the meteorological observatory. It was the first heavy rainfall since May 1 and was welcomed by farmers.

The deanery of St. John met at Leach Monday on Tuesday. Papers were read by Canon Hoyt and Archbishop Crowfoot.

Miss Julia A. McManus, daughter of Mr. and Mrs. Frank E. McManus of West Side is to be one of next week's brides. The bride-to-be received many nice gifts. Among the presents were a beautiful electric lamp from the F. W. Daniel & Company, Limited, staff.

SUBS STILL BUSY. The Norwegian steamer Vinland was sunk Wednesday sixty-five miles off Virginia Capes by a German submarine. The crew landed at Cape May. The steamer was 1,100 tons register. A French armed merchant ship arrived at an Atlantic port yesterday and reported an encounter with a German submarine off the Virginia Capes.

Get More Vim! Renew Your Strength! If you are tired, nervous, sleepless, have headaches and languor, you need Dr. Hamilton's Pills; they tone the stomach, assist digestion, brace you up at once. Taken at night—you're well by morning. Sickness and tired feeling disappear instantly. Vim, spirits, hearty health, all the joys of life come to every one that uses Dr. Hamilton's Pills. No medicine so satisfactory. Get Dr. Hamilton's Pills today, 25c. per box at all dealers.

Girls! Use Lemon Juice!

Make a quarter pint of beauty cream for little cost. Clears, softens and whitens the skin. Brings out the hidden roses!

By all means, girls, prepare a lemon lotion to keep your skin flexible and young looking. You will soon realize that true loveliness does not mean the powdery look or waxen colorlessness of some hot-house flower, but is typified by the velvety softness of your skin, your peach-like complexion and rosy-white hands.

At the cost of a small jar of ordinary cold cream one can prepare a full quart of the most wonderful lemon skin softener and complexion beautifier, by squeezing the juice of two fresh lemons into a bottle containing three ounces of orchard white. Care should be taken to strain the juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan, and is the ideal skin softener and beautifier. Just try it! Get three ounces of orchard white at any pharmacy or toilet counter and two lemons from the grocery and make up a quarter pint of this sweetly fragrant lotion and massage it daily into the face, neck, arms, and hands, particularly rough, red hands.

ARE WEAK NERVES AND LACK OF PHYSICAL STRENGTH HOLDING YOU BACK IN LIFE? You Must Have Plenty of Iron in Your Blood if You Want the Power and Energy to Win, Says Physician

When the crushing grip of worry, trials and care saps your vitality and keeps you from the full enjoyment of home, social and business life—take Nuxated Iron and watch its strength-giving, up-building effect—it will increase the strength and endurance of weak, nervous run-down folks in two weeks' time in many instances.

"Thousands are held back in life for want of sufficient iron in the blood," says Dr. James Francis Sullivan, formerly physician of Bellevue Hospital (Out-Door Dept.), New York, and the Westchester County Hospital, in commenting on the relation of strong nerves and physical endurance to the attainment of success and power. "A weak body means a weakened brain; weak nerve force means weakened will power, and like the race horse beaten by a nose, many a capable man or woman falls just short of winning because they don't back up their mentality with the physical strength and energy which come from having plenty of iron in the blood. That irritable twitch, that fit of despondency, that dizzy, fearful feeling—these are the sort of signals nature gives to tired, restless folks when the blood is clamoring for strength-giving iron—more iron to restore the health by enriching the blood and creating thousands of new red blood cells.

of which I have received, I shall feel greatly gratified that I made an exception to my life-long rule in recommending it." Dr. Schuyler C. Jaques, formerly Visiting Surgeon of St. Elizabeth's Hospital, New York City, said: "I have never before given out any medical information or advice for publication, as I ordinarily do not believe in it. But in the case of Nuxated Iron—I feel I would remit in my duty not to mention it. I have taken it myself and given it to patients with most surprising results. And those who wish quickly to increase their strength, power and endurance will find it a most remarkable and wonderful remedy. No matter what other tonics or iron remedies you have used without success—if you are not strong or well you owe it to yourself to make the following test. See how long you can work or how far you can walk without becoming tired next take two five-grain tablets of Nuxated Iron three times per day after meals for two weeks. Then test your strength again and see how much your has gained. Nuxated Iron will increase strength, power and endurance of delicate, nervous, run-down people in two weeks' time in many instances.

Manufacturers' Note: Nuxated Iron which has been used by so many successful people with such surprising results and which is prescribed and recommended above by physicians, is not a secret remedy, but one which is well known to druggists everywhere. Unlike the older inorganic iron products it is easily assimilated and does not injure the teeth, make them black nor upset the stomach. The manufacturers guarantee a successful and entirely satisfactory result, by every purchaser or they will refund your money. It is dispensed in this city by all druggists.

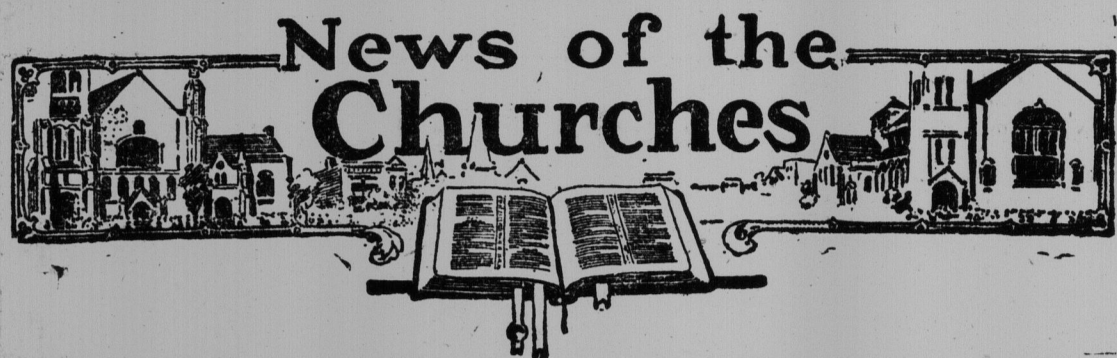

DODD'S KIDNEY PILLS. RHEUMATISM, BRUISES, DIABETES, BACKACHE, GRAVEL, NEURALGIA, MIGRAINE, ETC. 23 THE PROMISE.

FRECKLES. Now is the Time to Get Rid of These Ugly Spots. There's no longer the slightest need of feeling ashamed of your freckles, as Othine—double strength—is guaranteed to remove these homely spots. Simply get an ounce of Othine—double strength—from any druggist and apply a little of it night and morning and you should soon see that even the worst freckles have begun to disappear, while the lighter ones have vanished entirely. It is seldom that more than an ounce is needed to completely clear the skin and gain a beautiful clear complexion. Be sure to ask for the double strength Othine as this is sold under guarantee of money back if it fails to remove freckles.

What Doctors Use for Eczema. A soothing combination of oil of Wintergreen, Thymol, and other healing ingredients called D. D. D. Prescription is now a favorite remedy of skin specialists for all skin diseases. It penetrates the pores, gives instant relief from the most distressing itching and burning. E. Clinton Brown, Druggist, St. John, N. B. D. D. D. The Liquid Wash.

QUIT SNUFFING, STOP SNEEZING, CURE YOUR COLD NOW! Thousands of Cases Prove the Quickest Case is Catarrh. When germs attack the lining of the nose, make you sneeze and run—when later on they infect the bronchial tubes—how can you follow them with a cough "cure"? You can't do it—that's all, Cough syrups go to the stomach—that's why they fail. But Catarrhose goes everywhere—gets right after the germs—kills them—kills the mucus—cures the inflammation—makes Catarrh disappear. "Nothing I have ever used gives the warm, soothing sensation of Catarrhose," writes Isabel Fry, of Seguin Falls, Ont. "I was in a frightful way with catarrh of the nose and throat—had droppings, hard breathing, bad breath and indignation. Catarrhose relieved the child trouble." Not difficult for Catarrhose to cure, because it contains the essence of pine balsam and other antiseptics that simply mean death to catarrh. Large size costs \$1.00, and contains two months' treatment; smaller size, 25c. and 50c., all druggists and stockholders, or The Catarrhose Co., Buffalo, N. Y., and Kingston, Canada.

All are welcome.

First Church of Christ Scientist

Services at 11 a.m., at 98 Germain street. Subject: "God the Only Cause and Creator." Wednesday evening meeting at 8. Reading room open daily from 9 to 5. Saturday and legal holidays excepted.

WOMEN BISHOPS

The Archbishop of Lewisham moved in the Lower House of Convocation of Canterbury that laywomen should have open to them the same offices as are open to laymen. Everything should be done to secure for the church the ordered services of the best, whether they were men or women. There was no doubt that the deaconesses of the early church preached. Why should the recognition of women in the lay ministry of the church make them less womanly or gentle?
Canon Speck said the introduction of women preachers might solve the problem how to bring men to church, but he did not believe that any real good would accrue to the church.
Dr. Sparrow Simpson said that if laywomen were to have identical rights

Not His Kind

A colored man inquired for a razor at a local hardware store.
"What do you want—a safety razor?" inquired the clerk.
"No, sah," exclaimed the would-be customer with emphasis, "that's jus' what I don't want!"—Portland Press.

ALASKA.

Woman's Outlook on Canada's Future
THE splendid spirit and patriotic endeavour of Canadian women has been one of the outstanding features in Canada's war effort. They have unsparringly given of their time and energy in the interest of the Red Cross and innumerable other activities which have come as a result of the war.
Thousands of Canadian women have been anxious to devote part, if not all of their time, in directions where their work would prove of advantage.
Registration will be the means of bringing to these women the opportunity they have desired.
The purpose of registration is to learn the exact capabilities of Canadian men and women, and the information gained through registration will make it possible for Canada to direct effort from less essential to more essential occupations and to widen the scope of woman's usefulness.
Every Woman
On June 22nd, every woman of sixteen years and over must attend at one of the places provided for registration between the hours of 7 a.m. and 10 p.m. and there truthfully answer all questions set forth upon the registration card. Failure to register means heavy penalties—as Registration is law.
Volunteer Workers Needed
The registering of 5,000,000 people in one day is a stupendous task, and voluntary helpers are urgently needed. Individuals, women's societies, clubs, fraternal societies, church organizations and municipal organizations are asked to help. The Board appeals with confidence to the patriotism of every Canadian woman and to the pride which every locality must take in doing its own work well, to furnish the necessary number of volunteer deputies and assistants.
Those willing to offer their services should apply to the Registrar in their district.
Issued by authority of Canada Registration Board

Girl Guide Army

Eleven Thousand Strong Is Pledged to do Its Utmost For Food Production and Conservation, Says Lady Pellatt

LADY PELLATT
Chief Commissioner of the Girl Guides of Canada.

"Just as soon as war broke out the Girl Guides pledged themselves to national service. They gave up all thought of working for themselves, and no matter what form of war work presents itself they are ready! This will go on until the war is over, and as the food shortage is one of the most serious problems now, they are concentrating their energies in this direction and are working heart and soul in the interests of conservation and increased production."

Good little sportswomen are the and enthusiasm at the command of the eleven thousand odd Girl Guides of the 'teen-age girl. They got results! This

dominion who are tackling the food production question as if full responsibility for its solution rested on their shoulders. Last year they rolled up their sleeves and went to work with all the energy year they are going to do even bigger things. This is vouched for by the leader of the Girl Guide movement in Canada, Lady Pellatt.

Interviewed at "Casa Loma," Toronto, the Commissioner of the Guides spoke in no uncertain tones of what she expected would be accomplished by the girls this year. Already organization is under way to pick fruit, to help the farmers' wives, or to do anything—as befores a Girl Guide—that means useful service.

They have responded splendidly to the message sent out by the Chairman of the Canada Food Board, urging them to do what they could to add to the country's food supply. Arrangements have been made for two Toronto companies to go out to Lindsay early this month, and all over the Dominion they have been lined up for "active service" on the land. Their war gardens are growing apace, for numbers of them took vacant lots early in the season and are working hard with hoe and rake.

"Just as soon as war broke out the Girl Guides pledged themselves to national service," declared Lady Pellatt, in speaking of their purposes and achievements. "They have given up all thought of working for themselves, and no matter what form of war work presents itself, they are ready to take it up if at all feasible."

"This will go on until the war is over, and as the food shortage is one of the most serious problems now, they are concentrating their energies in this direction and are working heart and soul in the interests of conservation and production. It is marvelous that young girls can accomplish so much, and when you consider that these girls are the

women of to-morrow, it seems doubly significant. We are trying to build character on the basis of practical service linked with high ideals.

"I can vouch for the fact that the help given by these 11,000 Girl Guides is going to be of very material assistance this year in adding to the country's food supply. Not only are they going to pick fruit, but they intend to can as well. They are equally interested in the conservation end, and one of the favorite courses is domestic science. So that they should be good home-makers as well as farmettes by the time we are through with them! I hope to see them taking up dairying on an extensive scale yet."

Lady Pellatt thinks that the proposal to have each province work out its own schedule for voluntary rations is excellent. In her estimation the time that something of the kind was done, and because of the abundance of certain food in some provinces and the absence of these same foods in others, she believes that the scheme suggested by Mr. Thomson is the only practical one.

"I'm glad the line has been drawn where cakes and candies are concerned," she declared. "We've been having too many luxuries altogether, and it won't hurt a scrap to go without them. We would be much healthier with less meat and more fish, and we certainly can do with fewer sweets."

"In fact, I think that, taking it all in all, the legislation of the Food Board has been very sane and wise. It has gone forward calmly and systematically, taking up each problem as it arose, without hurrying into drastic or ill-considered action."

WAR HAS DRAINED SUPPLY OF NURSES

N. Y. Women's League Says There May Not Be Enough to Care for Wounded From Abroad

So many American nurses are going to France that there may not be a sufficient number to take care of the wounded soldiers who will be brought home, according to Mrs. R. B. Aldcroft, chairman of the Women's Municipal League, New York.

It is the patriotic duty of all women who plan to do any sort of work to become nurses, Mrs. Aldcroft said, in the City Hospital, on Blackwell's Island, have been pledged to the government for the care of wounded soldiers, and there are not sufficient nurses to take care of them. Out of the twenty-three nurses who graduated this year from the Metropolitan Hospital, twenty-one have gone to France," said Mrs. Aldcroft.

While it ordinarily takes three years to become a nurse, Mrs. Aldcroft said, the City Hospital was offering a two and a half year course. The city not only pays all the expenses of the nurses while they are in training, even buying their uniforms, but pays them \$10 a month.

"Some persons are prejudiced against training in the City Hospital merely because it is on Blackwell's Island," continued Mrs. Aldcroft. "In reality nurses live there under unusually pleasant conditions. The north end of the island is like a summer resort. The nurses can spend their leisure time in tents along the river's edge, which seems to me much more pleasant than living shut up in the city. Many young women who have recently visited the hospital with a view to training there are enthusiastic about it."

President Wilson has ordered a judicial inquiry into airplanes graft charges.

CARTER'S LITTLE LIVER PILLS

Two Splendid Things

One is plenty of open-air exercise.

If you can't get all of that you should, it's all the more important that you should have the other tried-and-true remedy for a torpid liver and bowels that don't act freely and naturally.

Take one pill every night, more only when you're sure it's necessary.

CARTER'S LITTLE LIVER PILLS

Colorless faces often show the absence of iron in the blood. **Carter's Iron Pills** will help this condition.

PLAYGROUND AT A SMALL COST

Rockwood Offers Excellent Opportunity - Association's Plans For Summer Work

A very interesting meeting of the executive of the Playgrounds Association held last evening, with the president, M. Belding, in the chair.

Captain Mulcahy reported that the committee consisting of himself, M. Agar, H. H. McLellan and A. W. Day had visited the six playgrounds and had nearly completed arrangements for the season's opening. He and A. W. Day are looking after the Carleton road, and the apparatus is being repaired and the pavilion repaired.

Mr. E. Day is looking after both the Alexandra and Bentley street grounds. McLellan and Mr. Agar are receiving assistance from Frank L. Peters in connection with the Aberdeen ground. The Centennial it will probably be the 11 Brunel street church. The All-England ground's apparatus is to be painted. The president reported that Engineer Atfield had taken levels at the Rockwood road and was satisfied that with a ditching, filling the bed of the old creek, and then ploughing, cross-ploughing, harrowing and rolling, a fine baseball diamond and half-mile running track could be provided at comparatively all cost, with excellent facilities for side "bleachers" if these should be required. He will probably submit a report next week.

It was decided to hold a special meeting of the executive two weeks hence, invite the supervisors and assistants to meet in conference.

Mrs. T. N. Vincent, who recently visited kindergartens in New England, gave a valuable suggestion regarding the matter of good attendance at the playgrounds.

There was a general discussion of playground work and prospects, and the members look forward to very satisfactory holiday season's activities for the children.

Senior League Formed.

St. John is, after all, to have a baseball league this summer. Arrangements have already been made for a six-team league, to be known as the St. John Patriotic Baseball League. The following are the teams: Canadian Garrison Regiment, of West St. John; military headquarters, M. D. No. 7; 9th Siege Battery; Depot Battalion; Y. M. C. A., and the Y. M. C. I.

At a recent meeting preliminary arrangements were made and the schedule was drawn up, which will be announced later. The games will be played on the Exhibition grounds and at Sussex. Scheduled games with the depot battalion will be played alternately at St. John and Sussex. Lt.-Col. A. H. H. Powell and Major S. S. Wetmore have been elected honorary presidents of the league, with Mayor Hayes, T. H. Estabrook and Commissioner T. H. Bullock as honorary vice-presidents. Lt.-Col. James L. McAvity is president, and Majors C. J. Morgan, P. W. Wetmore and G. R. Bamps, vice-presidents; Q. M. S. G. W. Stegmann is secretary, with Staff-Serjt. O. B. Stevens, assistant secretary; treasurer, Lt. H. S. Murray; business managers, Lt. E. S. Cosman and S. S. Marshall, and a committee consisting of S. S. Marshall, Y. M. C. A.; Herbert Nixon, Y. M. C. I.; Sergeant Brophy, military headquarters; Major Burns, Depot Battalion, and Captain H. D. Warren, C. G. R.

Fall Killed Lichtenstein.

"Sol" Lichtenstein, a New York book-maker, either fell or jumped from the eighth floor of the apartment house where he lived, at 500 West End Avenue, early on last Thursday morning. A passing chauffeur saw the body drop on the Eighty-fourth side of the building and blew a police whistle. An ambulance was summoned from Knickerbocker Hospital and the doctor pronounced Mr. Lichtenstein dead, both legs broken and the skull fractured.

When the patrolman arrived he found Mr. Lichtenstein clad in a bathrobe. With the aid of the chauffeur he carried the body into the apartment house. There he was recognized and the patrolman went to the Lichtenstein apartment. He questioned the maid and Mr. Lichtenstein's valet, and the former awakened Mrs. Lichtenstein, who on going to her husband's room found that the bed had not been slept in.

Mrs. Lichtenstein said she knew no reason why her husband should commit suicide, and was of the opinion that before he had intended retiring he had gone to the window in the sitting room overlooking Eighty-fourth street and in leaning out had lost his balance. The sill in the room is very low.

Dr. John Morris, county medical examiner, after an investigation said that Mr. Lichtenstein's death was accidental, although the police reported it a suicide.

Three years ago Mr. Lichtenstein retired from the track and a year later lost the sight of one eye, the other also being affected. Since that time his wife, who is younger, has been his constant companion.

Last Saturday Mr. Lichtenstein and his wife, went to the Belmont race track,

The Best All'Round Drink for the Family Circle

Red Ball

is delightfully refreshing and appetizing; that's why it is rapidly finding favor in hundreds of homes.

For all, from youth to old age, Red Ball is food and drink, being made from the finest garden-grown hops, Canadian and Dublin malt of the highest-grade, and pure artesian well water.

You'll enjoy the delicious piquant flavor of Red Ball, and once you've tried it, you'll always prefer it.

With the dinner meal, for luncheons of cold meat, chicken, salads, sandwiches, etc., Red Ball is an ideal beverage. Fine at picnics, auto outings, and at camp.

ALWAYS HAVE RED BALL AT HOME ON THE ICE. LET US SEND YOU A CASE—NOW

Successor to Simeon Jones, Ltd.

and as soon as the "bookies" learned of his presence he became the centre of a crowd, but Mr. Lichtenstein told his wife he didn't like the boys around him and left early.

Mr. Lichtenstein, who was sixty-three years old, was one of the best-known book-makers on the turf. For more than forty years he made a book, and no bet was ever known to be big for him to handle. Numerous wagers of large wagers handled by him have been noted, and it was said he was always "square" with his clients, whether he knew them or not. His income was estimated at \$50,000 a year. He had a library of 10,000 books and considerable racing data.

Burns Defeats Leonard.

Red Bank, N. J., June 7.—Frankie Burns of Jersey City defeated Joe Leonard, of New York, in an eight round bout here tonight. Both are bantamweights.

Mary Elizabeth Thomas, daughter of Mr. and Mrs. Archie Thomas of Tay Mills was united in marriage to James E. Wilkins on Wednesday evening. The ceremony was performed by Rev. B. W. Turner of Smith's Corner.

Francis M. O'Neill, son of Mr. and Mrs. Hugh O'Neill of Fredericton, was recently married in London. He is a graduate of Dalhousie and is at present attached to the staff of the records office in London.

A DOCTOR ON WAR.

(Dr. Frederick Peterson, in the Century.)

"Though the physician in war remains neutral as far as his work is concerned, his thoughts are free, and his knowledge of the effects of body upon mind is such as to throw sidelights at times upon the origins of even such a world disaster as the present war. In certain persons a curious reaction from physical infirmities has been observed. Napoleon's (inordinate ambition and enormous egoism were probably exaggerated by the fact that he was physically small and insignificant. Tamerlane, who made himself master of nearly the whole of Asia, was lame, and, according to one of his biographers, 'deformed and impious of feature.' Pope, with his deformed body, became 'The Wicked Wasp of Twickenham.' Byron, doubtless spurred by his clubfoot, swam the Hellespont. The Kaiser, with his arm withered from birth; Treitschke, stone-deaf from childhood, and Nietzsche, with years of brain disorder leading to paroxysms were the unhappy trinity of the new Teuton religion which has driven a whole nation into irresponsible fanaticism and almost wrecked the planet. King Richard III. exclaimed: 'Then, since the heavens have shap'd my body so, Let hell make crooked my mind to answer it.'"

LOCAL NEWS

GIRLS IN MAJORITY. Seven marriages and sixteen births—six boys and ten girls—were reported to the registrar during the week.

MARSH ROAD WORK. The work of removing the old surface and preparing for the permanent paving in the Marsh road has been carried from the Three Mile House towards the city almost to Fernhill.

DEATHS FROM PNEUMONIA. Seventeen deaths were reported to the board of health authorities during the week, as follows: Pneumonia, tuberculous, heart disease, cerebro spinal meningitis and broncho pneumonia, each one.

PASTOR'S FAREWELL. On Sunday evening, May 26, the Arturville, N. B. church was filled to its capacity with friends from all over the community who came to hear the pastor, Rev. Neil MacLean, preach his farewell sermon. Mr. MacLean will settle on his new field at Newcastle Bridge, Queens County, this week.

PRESENTATION AT TORRYBURN. Members of the Methodist church at Brookville gathered last evening at the home of James Anderson in Torryburn and on behalf of the Sunday school presented a silver ring to his son, Warren Anderson, a member of the elite battery, a mother of Mr. Anderson's son is in France.

FOR BRIDE OF NEXT WEEK. Two more showers were given this week in honor of Miss Mary J. Power, who is to be one of June's popular brides in St. John, the wedding to take place on next Wednesday. On Thursday some fifty or twenty girl friends met in her honor at the home of Miss Muriel Corkery, Douglas avenue, and pleasantly entertained her while last evening there was a happy gathering of her associates at the home of Miss Josephine Jenkins, Elliott row. On both occasions Miss Power received handsome gifts with expressions of best wishes for a happy married life.

JONES-BARKER. A quiet wedding solemnized last evening at the bride's home, 88 City road, when Miss Muriel Helen, second daughter of Mrs. Nellie J. and the late W. Ernest Barker, was united in marriage by the Rev. J. A. MacKeigan to Gunner Charles Roy Jones of the 8th Siege Battery, son of Mr. and Mrs. Chas. A. Jones of this city. The bride, who carried a bouquet of white roses, was given away by her cousin, William F. Barker, and was attended by her sister, Miss Elsie L. Barker. The groom was supported by his brother, Earle Jones.

BULLET THROUGH WINDOW. Some One Careless With Gun in Vicinity of Dufferin Row

The residents of Dufferin Row are somewhat excited over the fact that during the last few weeks several shots have been fired there by some one unknown. On Wednesday at noon a bullet entered the window of the house of Peter McCarthy, Dufferin Row, passed through a door and fell on the floor near where Mrs. McCarthy was sitting. The bullet was evidently fired from a .22 calibre weapon and had traveled quite a distance before striking the house, as it was on its downward course. A few months ago another resident of Dufferin Row was on his way to mail a letter in the letter box at the head of Tower Hill, when a bullet passed over his head, grazing his hat.

Just recently an extra policeman has been put on that district.

DEATH OF JOHN DOLAN

The death of John Dolan occurred this morning at his residence, 344 Haymarket square. He had been confined to bed since last winter as a result of illness, but his condition became serious only during the last week. Mr. Dolan was a native and life-long resident of St. John, and for thirty years had been engaged in business in partnership with his brother, Martin B., under the name of Dolan Brothers. He was well known throughout the city and will be missed by many friends. He was an active member of the C. M. B. A.

Mr. Dolan was a son of the late Martin and Mary Dolan, and is survived by his wife, two brothers, Henry and Martin B., and four sisters, Mrs. Florence O'Leary, Mrs. M. J. Higgins, Mrs. William Wallace and Miss Mary, all of this city. The funeral will be held on Monday morning at nine o'clock from his late residence to the Cathedral of the Immaculate Conception for requiem high mass.

THE WAR IN HALIFAX.

In response to an appeal by the mayor of Halifax for 200 citizens to enroll as constables for special duty in the event of an hostile raid, either by air or sea, D. MacMillan, manager of the Canadian Bank of Commerce at Halifax and the president of the Board of Trade, have sent in their names. A number of other well known citizens have responded and by the first of next week it is believed that the number asked for will be enrolled. The citizens will be supplied with revolvers and will be strictly instructed as to what they are to do in the event of an attack from the enemy.

Every member of the city council may enroll. A suggestion that this be done was thrown out at the city council meeting by Alderman Kelly who said that the elected representatives should not ask the citizens to do something they had not done themselves. "We should lead," he said.

The appointment of more police was advocated by Alderman H. S. Colwell and the mayor said that the force would be increased if the men could be obtained.

POTATO BUG IS EARLY AT WJRK

Winter Conditions Gave Him a Good Start

SHORTAGE OF INSECTICIDES

Fishermen and Picnickers on King's Birthday Held Responsible For Stating Forest Fires Which Have Been Causing Much Damage

Fredericton, June 8.—Reports from various sections of the province are that potato bugs are very numerous and have shown themselves earlier than usual this year. This is accounted for by the fact that the ground froze only to a slight extent last winter, the snow coming early and being deeper than usual. This enabled the adult potato bugs, or Colorado beetles, which hibernated in the soil, a chance to survive the winter in larger numbers than ordinarily.

G. C. Cunningham, dominion plant pathologist, with headquarters in Fredericton, says that so far there is no cause for alarm. He says the period of dry hot weather, which was broken only by yesterday's rain, caused the beetles to appear earlier than usual and this makes them seem more numerous than they really are. The only serious factor in the situation, he says, is the reported scarcity of insecticides commonly used in combating the potato bug—Paris green and arsenate of lead.

The dominion entomological laboratory has reports already in Fredericton cases of the first leaves of the potato as they appeared above the ground being devoured. What conditions are generally throughout the province is not yet known but the plants have a good start.

Fishermen and picnickers are assigned by the department of lands and mines as the cause of the forest fires. The great damage and the largest number of fires occurred this week and followed directly after June 3, the King's birthday. In several cases fires were traced directly to pleasure parties.

In practically all cases of fires starting in the woods they have been caused by inexperienced persons. In no case have men whose business takes them into the forests started fires which have damaged standing timber.

Reports received this morning by the department of lands and mines indicate that yesterday's rain extinguished the majority of the fires and that crews have got the flames under control in the others.

The Man In The Street

Well, everyone said we needed rain.

But, as some one says, we did not expect to get it all at once.

The wading was fine in front of the Union Station.

Amateur gardeners were out early this morning to find whether their seeds had come up or been washed out.

If a half holiday needs an excuse a day like this is it.

Sudden cold wave is reported sweeping over Germany; about time they were getting cold feet.

Germany do not like Turkish aggression in the Crimea; their pupils have learned lesson too thoroughly.

Will some one please tell us whether Russia is enjoying peace, civil war or a foreign war?

"If the allies fail, it will be a sorry world to live in," says Lloyd George. When the allies win it will be a sorer world for some Germans to live in.

If Bangor imports a ton and a half of liquor per day under prohibition, how much would the citizens consume if drinking were legal?

The Presbyterian General Assembly moves that the Canadian senate be abolished. Will the senate suggest that the General Assembly should be suppressed?

Complaints are being made that automobile drivers are going too fast while contractors are going too slow.

A few more men on that Main street job might help some.

Did not take many air raids on German towns to convince the Germans that air raids are highly immoral proceedings—when they see the victims.

"Food regulations will ban pink teas," says a local report. Who said that war brings no compensation?

U. S. troops are giving the Kaiser something new to think about.

The armies which he said could not even cross the ocean have managed to cross the German lines.
