MUSIC TAUGHT FREE

Home Instruction Special Offer To Our Readers

In order to advertise and introduce their home study music lessons in every locality the International Institute of Music of New York will give free to our readers a complete course of instruction for either Piano, Organ, Violin, Mandolin, Guitar, Banjo, Cello, Brass Instruments or Sight Singing. In return they simply ask that you recommend their Institute to your friends after you learn to play.

You may not know one note from another, yet, by their wonderfully simple and thorough method, you can soon learn to play. If you are an advanced player you will receive special instruction.

The lessons are sent weekly. They are so simple and easy that they are recommended to any person or little child who can read English. Photographs and drawings make everything plain. Under the Institute's free tuition offer you will be asked to pay only a very small amount (averaging 14 cents a week) to cover postage and the necessary sheet music.

No one should overlook this wonderful offer. Tell your friends about it—show this article to them.

The International Institute has successfully taught others and can successfully teach you, even if you know absolutely nothing whatever about music. The lessons make everything clear.

Write today for the free booklet, which explains everything. It will convince you and cost you nothing. Address your letter or postal card to International Institute of Music, 98 Fifth Ave., Dept. 4063, New York, N. Y.

Daily Hints For the Cook

QUAKER MUFFINS. One cup of scalded milk poured on two-thirds cup of rolled oats. Let stand five minutes, add three tablespoons of sugar, 1/2 teaspoon of salt, two teaspoons of oil, lard or melted butter. Sift in 1 1/2 cups of flour, 4 teaspoons of baking powder. Mix thoroughly, add 1 well-beaten egg. Bake in hot greased gem (iron) pans 20 to 25 minutes.

AMBER RICE PUDDING. Boil 1/2 pound of rice until tender in plenty of salted boiling water. Drain and press into a well-greased border-mold. Let it stand until perfectly cold. Drain a quart jar of preserved peaches from their liquor, remove the stones and press the peaches through a coarse sieve. Add 1 teaspoon of lemon juice and 1 cup of cream whipped to a stiff froth. Turn out the rice on a flat dish and pour over it a syrup made from 1-4 pound of sugar and 1/2 cup water, flavored with lemon juice. Put the peach mixture in the center of the rice border.

CEDAR HILL LOT OWNERS

At a meeting of lot owners of Cedar Hill cemetery last evening in Orange Hall, Parville, it was decided to seek incorporation, and a delegation was chosen to go to Fredericton and present the claims and lot owners before the members of the legislature. Provincial directors were also selected. The meeting was also attended by C. Gregory, president, and W. H. Allingham, secretary.

The committee which was appointed to approach the owners of land immediately in connection with the cemetery and already set aside for cemetery purposes with a view of purchasing it, reported that they were unable to come to terms with the owners of the land.

Pleasant Time at Bond's

A banquet in Bond's restaurant last night was attended by about thirty energetic young men of the city. There was a good program of songs and selected musical numbers. The committee in charge, included Ray Nobles, Fred Irvine, Ralph Nobles, Clarence Dunlop and William R. Scott. Mr. Scott presided.

After the conclusion of the banquet, the following programme was carried out: Over-arms, orchestra; toast, Our King, followed by the chairman, musical solo; J. I. LeMay, piano; Our City, proposed by A. Morrow; Professor Irving; crazy spasm, Arthur; chorus, Professor Irving and some of the "boozers"; The Absent Ladies, proposed by Ralph Nobles and responded to by Jacob Armour; selection by the orchestra; The Caterer, proposed by Ray Nobles and responded to by Professor Irving; God Save The King. The orchestra, included Professor Irving and Ray Nobles, George Taylor, Ralph Nobles, Arthur Burke and George Higgins.

NEWBRO'S HERRPICIDE SOLVES THE PROBLEM OF GOOD HAIR

After Prof. Sabourand confirmed the germ origin of dandruff, science was confronted by a new problem which was not solved until the discovery of Newbro's Herculicide. Herculicide being the first scientific preparation compounded in harmony with this new theory, becomes the original remedy to kill the dandruff germ. Since then, numerous preparations said to be "just as good" as Herculicide have been thrown upon the market; others have adopted Herculicide's claims, and without making any change in their remedies, but none have ever reached the same degree of popularity. Everywhere this remedy is recognized as the one genuine dandruff germ destroyer. As a result Herculicide has more satisfied users than all other hair preparations combined.

Being the original remedy, users expect more astonishing results from Herculicide than they would look for from any other preparation and they usually get them. So wonderful has been the success of this germicide that it is now recognized as the standard hair remedy of the world.

Herculicide kills the dandruff germ, checks falling hair, it stops itching, the scalp almost instantly.

Applications obtainable at the good barber shops. Insist on having real Herculicide. Send 10c. in postage for sample and book to The Herculicide Co., Dept. H, Detroit, Mich.

Newbro's Herculicide is 50c. and \$1.00 sizes are sold by all dealers who guarantee it to do all that is claimed. If you are not satisfied your money will be refunded.

What Sweeping Will Do For The Figure

LISTEN intently while I tell you of a new way to improve the figure. If you are the unfortunate lassie who owns to a waist that is both thick and short, betake you to the kitchen and seize upon the faithful broom, as it has just been discovered that sweeping will reduce a fat waist and give it length.

Let this be not all that sweeping will do for one, I am glad to say. It has been found that sweeping will make one as straight as a pine tree—than which nothing is straighter, as the Pacific Coast girl knows full well—and develop the chest and arms. Surely one could ask nothing more of the homely but useful broom.

One of the reasons why womankind objects to sweeping the floors, is because of the dust that is never satisfied until it is upon the hair and face. Let not this trifling matter disturb you a whit, as it is easily remedied. I would that I could sweep all objections as easily. Instead of making a household martyr of yourself, in the future don a commodesome hat. Such a cap is made—not of flimsy muslin and lace—but of heavy cotton cloth that is impenetrable to dust.

Be very sure, after slipping your head into this cap, that it is pulled so far down on the forehead that not a strand of hair shows.

Now, if you will open the windows before beginning your sweeping operations, you will see most of the dust float out into the open air, and what remains can do your hair no harm.

Let me tell you how to hold the broom. Sweep with your back held erect, chest thrown out and abdomen drawn in. The top of the broom should be grasped by the other hand.

Sweeping will do a great deal for you, but not unless you stand up while plying the broom. The woman who sweeps with

the back curved out and the chest bowed in, will, of course, reap no benefit from this homely task.

When your work is ended, rub your face off with cold cream. The dust will come away with it.

Now, if you will open the windows before beginning your sweeping operations, you will see most of the dust float out into the open air, and what remains can do your hair no harm.

Let me tell you how to hold the broom. Sweep with your back held erect, chest thrown out and abdomen drawn in. The top of the broom should be grasped by the other hand.

It Makes Boys that will be Boys

"Boys will be boys" only if their energy and brawn are kept up to top-notch. Every time a boy uses up 5/4 parts of energy he uses up 1 part of brawn tissue.

Therefore, the food he eats should replace that lost energy and brawn in the ratio of 5/4 to 1.

Oats will do it almost exactly. So when you give your children porridge made of Tillson's Rolled Oats, you are giving them the right food to make sturdy, ruddy-cheeked youngsters.

When your work is ended, rub your face off with cold cream. The dust will come away with it.

A REPLY TO HIS LORDSHIP BISHOP RICHARDSON'S SERMON ON CHRISTIAN SCIENCE.

To the Editor of the Times:—

Sir: According to history for nearly two centuries after Jesus' ascension the early Christians followed the whole command of the Saviour—even raised the dead.

It might be argued that the command, "And as ye go preach, saying, the Kingdom of God is at hand," was to the twelve apostles only, but when Jesus said, "These signs shall follow them that believe in My name," they cast out devils, they shall speak with new tongues, they shall take up serpents and they shall drink any deadly thing, it shall not hurt them," etc., Jesus plainly stated how to know a believer.

Mr. Eddy's teachings are wholly constructive. On page 444 of Science and Health read: "Students are advised by the author to be charitable and kind, not only to differing forms of religion and medicine but to those who hold these differing opinions. Let us be faithful in joining the way through Christ, as we understand it, but let us also be careful always to judge right judgment and never to condemn rashly."

A merchant fixes the price on his goods. The Editor fixes the price of her books. The cheapest binding of Science and Health being \$3.25 in New Brunswick, it is quoted as \$2.50 as quoted so feelingly by the bishop as being too high a price for the poor. The poor can get Science and Health free at the public libraries.

Also at the Christian Science Reading Rooms, 12 Germain street, are free loaned. The Christian Science periodicals, including the Christian Science Monitor, a daily newspaper eliminating crime, and the Christian Science Herald, had been loaned to the Y. M. C. A. and public libraries, so it is erroneous to call Christian Science merchandises.

The title Officer d'Academie was conferred upon Mr. Eddy by the French government for his contributions to the Paris Exposition, a grand prize for his work, and a diploma of honor, as founder of Christian Science.

As a matter of fact it must be obvious to anybody who thinks at all that if the Christian Science healing had been confined to a limited number of cases of headache and imaginary troubles, the movement would have collapsed long ago.

The bishop ridiculed the proposition "God is good." His lordship's simile "black and white as representative of darkness and light. A positive and a negative cannot logically be reversed and bring a synonymous meaning. John writes, "God is love, and he that dwelleth in love, dwelleth in God, and God is in him." John also said: "Love not the world, neither the things that are in the world. For all that is in the world is not of the Father. And the world passeth away, but he that doth the will of God abideth forever."

John's words indicate that what seems so real passeth away. What is real is eternal and can never be destroyed. In Isaiah we read: "I am God there is none else." If God is Spirit therefore Spirit is all. How can we give matter a place and not lose the high significance of omnipotence?

Mr. Ballou declared that natural scientists are not only explained matter but have explained it away. Professor Andrew, the acumen of such men as Sir William Crookes, Lord Kelvin and Professor Ostwald; then why criticize Mrs. Eddy?

Christians strive to put off the old man and put on the new man. Christian Scientists are likewise striving to do this. The old is spoken of as a dream in the Bible and the awakening in His likeness is the putting on the new man. In doing this no Christian believes he has no body, neither do Christian Scientists. When the one begins to put on the new man, begins to do to others as he would like to be done by; then he is governed by God. "He is a man of principle." Jesus was willing to be crucified for our sakes—to prove to the world that Spirit is God. It was His Divinity Christ Jesus came to prove. Surely He was the Christ!

The Christian Science communion is the morning meal Jesus ate with His apostles after His triumphant victory over those cruel laws of matter. It is the apprehension of God's almighty that binds the sick in Christian Science and paralyzes the psychology. He ridicules Mrs. Eddy for when she closes it with Spinozism. Dedicating to the disciples, who had been such close companions of the Saviour did not it to do all that is claimed. If you are not satisfied your money will be refunded.

A LITTLE BOY'S COMPOSITION

Said the teacher of composition--"Now, children, don't attempt any flights of fancy. Don't try to imitate the things you have heard, but just be yourselves and write what is really in you."

As a result of this advice one little boy turned in the following composition--"I ain't goin' to attempt no fliz of fancy. I'm just goin' to write what's in me; and I got a heart, liver, two lungs and some other things like that; then I got a stomach, and it's got in it a pickle, a piece of pie, two sticks of peppermint candy and my dinner."

HE WAS THE FATHER

Postman--"What's all this fuss about in that house--scolding?" Resident--"A new baby arrived last night, and, all the women in the neighborhood are going into contact over it."

"Who is that tall man who attracts so much attention?" "He is a minister, come to fix a date for the christening."

"And who is that short man who is being pushed out of the way or run over, is the butcher, I presume?" "No; he is the father."

THE MILLER WAS RIGHT

"Patience and perseverance will accomplish all things" was a favorite saying of an old Herfordshire miller. He had just given utterance to this remark one day, when a self-important man, who was waiting for a horse, turned on him crossly--"No, sir! I can tell you a great many things that patience and perseverance cannot accomplish." "Perhaps you can," said the miller quietly, "but I have never yet come across the thing. Will you name one?" "Well, patience and perseverance over all work at a farm will bring you a life. I can tell you, 'but I have never yet come across the thing. Will you name one?'" "Certainly they will." "I would like to have you tell me how it is accomplished," said the miller, "simply by waiting patiently for the water to freeze!"

SHED BE SILENT

A Scottish person still on the under side of forty, was driving home from an outlying hamlet, when he overtook a young woman. He recognized her as a maid of all work at a farm which he would pass, so he pulled up and offered her a lift. She gladly accepted his offer, and they chatted pleasantly all the way to the farm gate. "Thank you, sir," she said as she got down. "Don't mention it, Mary. Don't mention it," he said. "No, I won't," she said. "I'll be happy to do it for you," she said.

GETTING HOME

A great French divine, preaching a sermon on the duty of wives, said--"I see in this congregation a woman who has been repeatedly guilty of leaving her matrimonial pledge of obedience to her husband, and to point her out I will cast my brimstone at her head." He lifted his book, and immediately every married woman's head in the congregation ducked.

The Best Quality at a Reasonable Price

To Remedy Eye Strain

You can't remedy eye-strain by going into a store and buying a pair of glasses as you would a pair of shoes.

It is first necessary to have a thorough examination to determine the nature of the trouble in your eyes. Then a pair of lenses can be ground to correct it.

Come in early in the morning while your eyes are rested from the night's sleep and we will examine them for you and tell you just what they need.

The Evening Times and Star

ST. JOHN, N. B., FEBRUARY 5, 1913. The St. John Evening Times is printed at 27 and 29 Canterbury Street every evening (Sunday excepted) by the St. John Times Printing and Publishing Co., Ltd., a company incorporated under the Joint Stock Companies Act.

THE RISE IN RENTS The increase in rents is the most talked of subject in the public mind in St. John at the present time, and the board of trade comes in for a great deal of unfair criticism in that connection. It must be clear, even to the man whose rent has been increased, that there would be no general increase if the landlords were not quite sure that there were enough people looking for houses to enable them to get the increased rate.

CANADA'S FIELD CROPS The Dominion of Canada last year had 332,449,000 acres of land under field crops, which yielded a harvest estimated to be worth \$311,951,000. Some of the figures are as follows:—

Table with 2 columns: Crop, Bushels. Wheat 199,200,000, Oats 361,733,000, Barley 44,014,000, Flax 71,681,000.

Lighter vein useless to try. Needing some ribbon one day, while in a very small town, we went to the store there.

Very convenient. "Do you think we ought to have women on the police force?" "Yes, I believe it would be a good thing. There is a woman manager in town whom I know where to borrow a pin."

Wanted one. "Captain," said a wealthy passenger who was about to take his first trip across the ocean, "I understand this ship has got several water-tight compartments."

Wants to see them. "Going to the auto show?" "Yes, my wife insists on my thinking of buying a car."

The execution. "Could you learn to love me?" "I don't know," replied the girl. "What is your particular system of instruction?"

It does. His Dad—"My boy, I made my million with only a common school education." The Son—"But it takes a little education to know how to do it."

Morning locals. At the residence of the officiating clergyman, Rev. Miles McCulloch, yesterday, John W. Scriber was united in marriage to Mrs. Mary Gormley.

Sweet tender story of the Scottish highland. "The Little Minister" at the Gem today and tomorrow.

Valentine Sandwiches. Take thinly spread slices of Butternut Bread and fashion with a heart-shaped cookie cutter; use any filling you like, such as cheese, peanut butter, sardines, radish or maple butter.

Consider these facts. To use a stout expression, St. John is going some. Commission government has proved a success. The board of trade has been re-created.

BIRTHDAYS OF NOTABLES

FEBRUARY FIFTH. Today marks the seventy-second birthday of the Hon. Charles Wilson, a leading member of the bar in Vancouver, and a man who took an active part in the political life of British Columbia.

His Honor Charles Oakes Zachewitz, Esq., judge of the County of Elgin since 1890, is sixty-two years old today. He is a native of St. Thomas, and a son of the late Edward Ermalinger, M. P., who wrote "The Life of Colonel Talbot."

M. S. McCarthy, the brilliant nephew of the Dalziel McCarthy, who is one of the leading lawyers in Calgary, claims this as his natal day, having been born in St. John on February 5, 1872.

THE LIQUOR SITUATION IN ST. STEPHEN UNDER NEW COUNCIL BOARD

The Council correspondent of the Bangor Commercial writes: Just about this time the wine merchants of St. Stephen are beginning to feel a trifle uneasy, for the new town council elected Wednesday, Jan. 29, will organize for business and just what the new governing body will do in the way of temperance legislation is uncertain.

ELY'S CREAM BALM OPENS CLOGGED NOSTRILS AND HEAD--CATARRH GOES

Instantly Clears Air Passages. You Breathe Freely, Nasty Discharge Stops, Head Colds and Dull Headache Vanish.

Get a small bottle anyway, just to try it—Apply a little in the nostrils and instantly your clogged nose and stoppage of air passages of the head will open; you will breathe freely; dullness and head ache disappear. By morning the catarrh cold-head or catarrhal sore throat will be gone.

End such misery now! Get the small bottle of "Ely's Cream Balm" at any drug store. This sweet, fragrant balm dissolves by the heat of the nostrils; penetrates and heals the inflamed, swollen membrane which lines the nose, head and throat; clears the air passages; stops nasty discharges and a feeling of cleansing, soothing relief comes immediately.

Put your faith—just once—in "Ely's Cream Balm" and your cold or catarrh will surely disappear. Agent—Wasson's 3-Recall Stores, King Street, Main street and Haymarket Sq.

MORNING NEWS OVER THE WIRES

A meeting of the executive of the Women's Foreign and Home Missionary Society of the Presbyterian church, yesterday afternoon, was held in the evening at a public meeting in the evening at a dress given by Mrs. A. F. Thomas, wife of Governor Rogers of P. Island; Mrs. John H. Thomson, Mr. Crislishank and Mrs. Jamieson of St. John.

The matter of the strike on the B. & A. railroad in Maine now lies in 11 hands of the committee representing the Order of Railway Conductors and Brotherhood of Railway Trainmen. The railway company was notified this week that the vote for a strike amongst the conductors and trainmen was unanimous and that they would go out on Monday, if up to the present no move has been made. The company has refused to listen to requests for arbitration.

### HOW A GIRL MADE WEST HAMMOOD A CLEAN TOWN

#### Virginia Brooks Successful Fight With Crafters

#### NOW A MODEL PLACE

Politicians Pulled Mother's Strings but Daughter Puled Other Strings to their Downfall—Her Little Newspaper Helped

When Virginia Brooks, aged 24, laughing and girlish, heard from her mother that the city of West Hammoood, Illinois, had assessed their property \$25,000, she wanted to know the reason why. On investigating the matter, she found that the city government was putting in new streets and therefore her mother, as a property owner, had been assessed \$25,000 for every foot of street paved.

She discovered that the street paving was very bad piece of work, and the political crafters were simply pulling money out of her mother's and other citizens' pockets, under the hoax of civic improvement. She immediately called into things generally, making several points which ended in the closing of dens and dives, and the stopping of indiscriminate drinking and the robbery of the people. She converted the worst town in the state, a veritable den of iniquity, into a conservative place where one could live without fear of being alighted to as an inmate of an earthly Hades. The remarkable story of this wonderful girl reformer is told in the pictorial review for February, the following being an episode after her active participation in the political fight.

"Virginia collected evidence and got out judgments against eleven saloon keepers. She sent a detective to stop a cocaine fight and notified the papers of a prize fight, effectually stopping that also. She decided to hold a meeting of her own and got out weekly a little four page sheet which she called 'The Searchlight.' The Searchlight was the voice of making periodicals. It named names. It stated in plain English an account as collected was '1909 sheet.' It asked the village clerk to 'explain why nameless persons had been able to pay special assessment taxes to him and no record could be found of any assessment being levied on the property on the county court records.' 'The Searchlight' two days after the first issue, she received a threatening letter. She had sent an invitation to a church, and the pastor, she began a special column, known as the question box, in which she propounded very personal questions. 'Who is it,' she demanded, 'who builds his house out of condemned sewer bricks?' 'On a certain day she had a red-acted notice sent her. 'I know very well who told you I built my house out of condemned sewer bricks,' he said angrily. 'I'll tell you something, it was I. Well he never said his last Can Converter assessment.' 'Didn't he?' queried Virginia sweetly, 'twinkle in her eye.' Well we'll ask about Dominion Steel. 'And next week the paper queried, 'Who is the man who still owns the city his last special assessment?' 'After every issue came a line of angry spluttering men, anxious to clear themselves by denouncing the newspaper. They were a mine of information to Virginia. But the Searchlight was not only a newspaper, it was also a booster. It thanked Lawrence Pladewitz for planting a row of trees in his corner. It advanced a mass meeting, and offered a prize of \$100 for the best front yard planting. It promised a prize in the shape of a hand-painted lamp for the best front yard. The applicants for seeds came to Virginia, and she distributed seeds from the department of agriculture and advice in a general clearing at the same time. Many of Virginia's followers stopped through their rubbish into the streets. Several look courage and painted their houses. West Hammoood looked more prosperous than it had for years.

#### NEVER confuse the idea that on account of claiming to cure a patient of the drink habit in three days, that it means that a person is compelled to leave our Institute at the end of the third day. THE fact is, that about 300 out of our 400 cured patients during the past 19 months, remained with us an extra day. This is optional with them; if the patient wishes to stay a few days longer to build up, it is a pleasure to have them stay.

#### LECTURE ON LABOR MATTERS

The first in the series of five illustrated lectures which are to be a feature of the winter programme in St. John. The first lecture on Sunday evening was delivered last evening, being read by Rev. J. H. A. Anderson. The subject was "Hours and Wages, or How the Other Half Lives." It proved very interesting. The lecture dealt with the conditions of home and social life, which are often demoralizing in large manufacturing centres. There was reference to the fact that many large corporations were exerting themselves in the interest of their employes for their betterment both in the factory and in the home. The speaker set forth the annual heavy death list in the United States from railway and constructive operations, the effects of the sweat-shop on employment, and other factors of interest in the industrial world. Fifty illustrations added to the interest of his present.

#### HIS FIRST BET

Sir Thomas Lipton tells a good story about a Scotsman who went to a horse race for the first time in his life. The old fellow was a fobbed-minded man, and his companions who took him to the race meeting, presently persuaded him to stake a shilling on the third horse on a 4-1 shot. By some miracle this outsider won. When the bookmaker gave old Sandy a shilling, the golden sovereign and his shilling, the winner could not believe his eyes. "Do you mean to tell me," he said, "that I got this for my shilling?" "You do," said the bookmaker. "Ma conscience!" muttered Sandy. "Tell me, moon, how long has this thing been going on?"

The difference between the American and the European business man, says an old Bonanza, is that the "American is anxious to leave his work, while the European is anxious to get to it."

### Domestic Steel's New Mill.

Montreal, Feb. 5.—The Gazette says:—The new hot and cold mill of the Dominion Steel Corporation will be rolling bars and small sections in March. The mill is one of the largest and most modern ever erected in Canada. The building is over 700 feet long and the capacity of the mill will be over 60,000 tons a year. Hitherto, the Dominion Steel Corporation has had no mill in which to carry out steel bar and sheet, and this new mill will be made up of the new mill, which will use similar material. The wire rod mill will be kept increasingly busy to supply raw material for the company's growing consumption in its wire and nail mills.

### Wall Street Notes.

New York, Feb. 5.—Americans in London very dull, few changes; cocoa 74 7/8, unchanged; Unib. firm.

American Can directors took no action yesterday on back pfd. dividends.

Lackawanna Steel will show about 3 p. c. on common stock.

Governing committee stock exchange special meeting today. The injunction against the subway contractors will be argued tomorrow.

The income tax law which will be put through during the special session of congress if passed admits of further cuts in the tariff.

The stock market continues entirely professional—the bears have increased their short lines and the technical position of the market is much stronger. How the Can. stocks will act on the postponement of the dividend question will be shown today.

Rock Island issues are more active. Traders think they might follow the Can. stocks, but most of the traders are so bearish that they sell the stock instead. Look for a continued trading market, a purchase on the advance for turns. Reading and the good rails are the best. S. P. does not act well, but is a good trader. N. Y. C. is good for the pull.

### POWER CLUB SMOKEE.

There was a large attendance at the smoking concert given by the St. John Power Boat Club last evening. The programme was furnished by the club members. Robert Carson, John Tonge, J. Naaker, Thomas Roberts, T. Kirby, Fred Ramsey, F. T. McKinnon, Messrs Bailey, Bond and Carson. Refreshments were served at the close of the programme.

### THE BAPTIST MINISTERS

(Maritime Baptist)

Rev. M. E. Fletcher was in Salisbury last Sunday.

F. P. Dennison has been given license to preach by the First church, Moncton.

Rev. S. Johnson of Musquash spent Sunday, 25th ult. at Norton.

Rev. S. Greenlaw reports the work moving on encouragingly in the Oak Bay pastorate.

Rev. R. Beatty is holding special services at Mary Hill, Me., and there is a growing interest.

Rev. W. J. Rutledge has supplied the pulpit of Zion church, Yarmouth, for the last two Sundays.

W. A. Stackhouse is in New York. He will spend about six weeks with the churches in that city and vicinity.

Rev. A. J. Vining has been called to the pastorate of College street church, Toronto, in succession to Dr. Sowerby, recently retired.

Rev. A. F. Newcomb, who is one of the busiest men in the country, and one of the most devoted to his people, preached in the Brunswick street church, Fredericton, last Sunday.

Rev. H. A. Porter, D. D., Louisville, Ky., recently received a promising call to the pastorate of the First Baptist church, Dallas, Tex., in succession to the late Rev. G. M. Gault, who has been called to the pastorate of the First Baptist church, Dallas, Tex.

Rev. Benjamin H. Noble has been asked to consider an invitation to a church in Texas. His interest and sympathy are strongly with the home work that will not be easy for him to think favorably of.

Rev. F. S. Hartley, Oakland City, Indiana, is planning for special work here and hopes for a successful campaign.

Rev. A. H. McLeod, Wolfville, N. S., has been supplying St. Mary's Bay and Hill Grove churches in Digby county a number of weeks.

Rev. R. H. Eynon has just published "Revised Supplementary Grading Lessons" in the United Baptist Sunday School.

We are sorry to hear that Rev. J. H. McDonald, D. D., Fredericton, is suffering from an attack of grippe.

Rev. J. C. Wilson, who has become pastor of the New Glasgow, N. S., church, was tendered a farewell by the Chalmers street church, New Glasgow, which he has successfully served for four years. He was presented with \$20 and there were many other gifts, including a gold watch, books, etc.

Rev. W. H. Jenkins entered upon his work as pastor at Havelock, N. B., last Sunday. On the eve of his departure from Havelock, he was presented with a cash donation, expressive of the esteem of the people. He arrived at Havelock on Sunday, and was warmly greeted and entertained over Sunday by kind friends.

### RECENT DEATHS

Summerside Pioneer.—The many P. E. Island friends of D. A. Sharp will regret to learn of his death, which took place at Summerside under sad circumstances. He resided in Summerside for many years and was engaged in selling fruit trees and shrubs. He removed to Summerside, Alta., about ten years ago. He was seventy years of age and a native of Summerside, N. B.

Word received in Sackville on Monday of the death of Payson Barnes, aged 66. He was a native of Sackville, and a son of the late Mary Ann and Bedford Barnes. He left home when 18 years of age and was engaged in mining in Mexico with his brother, Halburton Barnes, whose death occurred on the 6th of June last. He was married, but his wife is dead. One daughter, Carlotta, survives and is attending school in New Mexico. Mrs. William Ogden of Sackville is a sister and the only surviving member of the family. Another sister, Mrs. Eliza Submit Barnes, died at Summerside, Gloucester county, N. B., on January 16. Mrs. Barnes died in Mexico.

King George has revived the Barony of Layton for Francis Barrett Coutts, the poet and banker, nephew of the late baron. He will be known as Lord Layton. He is sixty years old, and has just completed a volume entitled "Egypt and Other Poems."

### ROMANCES OF THE PEERAGE

#### Children Who Have Secured Titles in British Nobility—Youngest an Infant

(London Tit-Bits.)

The fact that the Committee of Privileges in the House of Lords have recommended that the Barony of Furnival, which has been in abeyance since 1771, should be revived in favor of the Hon. Mary Francis Katharine Petre, a little girl twelve years of age, the daughter of Lady Petre, widow of the fourth Baron Petre, who died four years ago, recalls several other instances of titles, which were generally thought to be extinct, being revived and conferred upon the young daughters of distinguished houses, who thus became peeresses in their own right.

Perhaps the most notable case is that of the Countess of Cromartie. The Countess of Cromartie, who was born in August 1771, was the daughter of the late Earl of Cromartie, who died in 1771. She was the only child of the late Earl, and she was the only child of the late Earl who survived him. She was the only child of the late Earl who survived him, and she was the only child of the late Earl who survived him.

Another instance of a peerage being revived in favor of a young girl is that of the Barony of Dunfermline. The Barony of Dunfermline, which has been in abeyance since 1801, was revived in favor of the Hon. Mary Anne Dundas, a young girl of twelve years of age, the daughter of the late Lord Dundas, who died in 1801.

Another instance of a peerage being revived in favor of a young girl is that of the Barony of Sutherland. The Barony of Sutherland, which has been in abeyance since 1801, was revived in favor of the Hon. Mary Anne Sutherland, a young girl of twelve years of age, the daughter of the late Lord Sutherland, who died in 1801.

### REVEALED A FACT.

"I wish you hadn't had your hair cut so short, John," exclaimed the sweet young maid, turning away from him involuntarily.

"What difference does it make, dearest?" asked James with tender anxiety. "You've had destroyed an illusion, she sighed, 'that is all.' 'You didn't think I was a poet, did you, Mary, because I wore my hair long?' 'No, I never suspected you of being a poet.' 'Nor an artist?' 'Then what illusion have I destroyed?' 'Perhaps I should say, James,' she answered with tears in her voice, 'that you have unconsciously revealed a fact I never suspected, dear; your ears don't match.'"

**BOWLING**  
Wahls Defeats Two.  
Arlie Walsh, the Boston bowler, defeated two Fredericton bowlers on the Queen Hotel alleys in Fredericton last night. In the first game of five strings he defeated Sullivan 446 to 421 and in the second he defeated Robertson 411 to 403.

**SKATING**  
More for McLean.  
Bobby McLean won the one mile and half mile events and also outdistanced the field in the one mile handicap race in the National Indoor Skating Championship races at Boston last night.

**CURLING**  
In the City Bowling League game on Black's alleys last night, the Ithaca team took three points from the Miramichi. The total pinfall was 1209 to 1233. Johnston led for the winners with an average of 93 1/2, and Journey for the losers with 82 1/2. In the Commercial League game the P. McAvity & Sons Ltd team took all four points from the Waterbury & Blaine team. The total pinfall was 1286 to 1242. Footley led for the winners with 93, and Labbe for the losers with 93 1/2. The Sweeps will play the Market Men in the City League contest tonight, and the Warwick & Co. team will play the Simms & Co. Ltd, team in the Commercial.

Kilbane vs. Wagon.  
Johnny Kilbane of Cleveland won a decision over Young Driscoll of Boston in a bout in New York last night. The bout lasted ten rounds.

**Ketchel No. 2.**  
One of the hardest fights that Stanley Ketchel had in the time he was champion was to keep his young brother Leon out of pugilism. The youngster was continually assuming a punching bag and otherwise trying to fit himself to take up the championship when Stanley got tired of the idea, and on one occasion the champion threatened to give his brother a thrashing unless Leon got the pugilistic bee out of his system, says the New York Press. For a time the youngster apparently complied with the big brother's commands.

**THE TULE**  
Races in Fredericton.  
Several horse races were held by the Colonial City Driving Club in Fredericton yesterday afternoon. The Class A racing race was won by Ora Delamarch with Major Wilkes second. The Class B trotting race went to Charles Thompson with Mary Partridge second. Class C trotting race went to James W. McKinney with Arion King second.

Bob Moha vs. Cyclone Thompson, Milwaukee.  
Kilbane vs. Wagon.  
Johnny Kilbane of Cleveland won a decision over Young Driscoll of Boston in a bout in New York last night. The bout lasted ten rounds.

**Ketchel No. 2.**  
One of the hardest fights that Stanley Ketchel had in the time he was champion was to keep his young brother Leon out of pugilism. The youngster was continually assuming a punching bag and otherwise trying to fit himself to take up the championship when Stanley got tired of the idea, and on one occasion the champion threatened to give his brother a thrashing unless Leon got the pugilistic bee out of his system, says the New York Press. For a time the youngster apparently complied with the big brother's commands.

although Leon never had any idea of abandoning his Queensbury ambition. Leon has now thrown his hat into the ring, and while he makes no boasts as to capturing any title, he thinks the fighting spirit of the Ketchel family will carry him upward in the battle.

Leon Ketchel is only seventeen years old and is a welterweight. He has several things in his favor, chief of which, is that Col. R. P. Dickerson, a wealthy ranchman, on whose place Stanley received the wound that resulted in his death, has taken Leon under his care and will back the joy in his pugilistic aspirations.

Dickerson was a strong admirer of Stanley Ketchel and the ranchman never hesitated to back the middleweight champion to the limit.

Leon Ketchel's attitude is becoming modest, as is evident from the unjoined letter to a friend in this city. "I am getting big and strong and am larger than Stanley was when he was a lightweight. I feel confident I can be a good welter in six months, as I now weigh 140 pounds in condition."

"When I get to New York I want to show the public there is still a Ketchel in the land. Of course I won't be so bold as to say I am going to be as great a boxer as my brother was."

Stanley never wanted me to enter the ring, and perhaps if he were alive he wouldn't let me do it now. He boxed with me a great deal, but that was as far as he ever wanted me to go. I have had several tough fights and I know I can fight."

Dickerson has been very good to me. He has just had erected a \$500 monument over Stanley's grave in the Polish Cemetery at Grand Rapids. It was long time before the colonel would consent to my following in Stanley's footsteps, but he is now convinced that I will be a credit to Stanley's memory so I'm going to New York to try my best."

There is a promising Chicago lightweight who calls himself Steve Ketchel, but he is not related to the former champion of the middleweight class.

Leon Ketchel's performances in the ring will be watched with interest.

**HOCKEY**  
Ought to Break the Tie.  
Montreal, Feb. 5.—The three covered rinks in the National Hockey Association should be broken tonight, when two of those on equal terms, the Quebecs and the Wanderers, will play off in the ancient capital and the Canadians will play the Tecumseh here. Nicholson's band of overtime specialists will play the same seven men who represented the club against Quebec in the game on Saturday, which required overtime to determine the winner. The Canadians will be strengthened. "Newey" Lalonde is now right again and will figure at his old place at centre with either Berlinguette or Pagan as rover. Fast ice is promised.

32.2 balk line championship, have battled against each other many a time on the green cloth. They are old rivals, and Hoppe has much the better of the title he won them. In 1908 they met twice, the first time in an 18.2 tourney in New York, in which Sutton beat Hoppe and made his record average of 100. Hoppe cured the tables soon afterward in Chicago. Hoppe then beat Sutton once in 1908, once in 1911 and twice last year. Also in 1910 Hoppe vanquished Sutton in an 18.1 contest.

Ora Morningstar of Pittsburgh, 1911 champion, has announced that he will accept the challenge of Hoppe for the title which he holds and probably will name Pittsburgh, March 18, as the place and time for the match.

Maurice Daly believes that the decision of the National Association of Amateur Billiard Players to hold annual tournaments at cushion corners will result in a general improvement of the skill of amateur billiardists. He and George O. Slosson have contended that candidates for amateur billiard championships should practice cushion corners preliminary to engaging in tournaments. They supported that contention by pointing to the fact that the introduction of cushion corners marked the beginning of the wonderful advancement incident to professional billiards in the last thirty-five years.

**BASEBALL**  
Want to Join Fredericton.  
The Fredericton Gleaser says—Application for positions with the Fredericton club have come in from different sections and around Boston particularly there appear to be young players who believe that in the N. B. & Maine League and particularly if under the tutelage of the veteran Bob Ganley, the game was good a place to "break into" professional baseball as offered.

The latest to apply for jobs are a young pitcher who met with much success in semi-pro company in and around Boston last year. The pitcher is named Lawson, and the catcher is McCusker. They participated in twenty-five games as a battery last season and sixteen of the games were victories.

Lawson is twenty years old, stands six feet high and weighs 170 pounds. McCusker is nineteen years old, stands five feet eleven inches and weighs 170 pounds. Lawson's batting average last year was .335 and McCusker's .300. In writing to J. J. McCaffrey, pitcher Lawson on behalf of himself and his battery mate says: "We feel that if given a chance we will show that we are made of the right stuff."

This letter, as well as all others relating to the playing end of the game, has been forwarded to Capt. Bob Ganley at his home in New York, who will have complete charge of the playing end of Fredericton's 1913 team and before whom all persons must pass muster before being tendered a contract.

**Violet for Giants.**  
John McGraw, a leader in modish attire on the diamond as well as in up-to-date ways of wiser ball players, was combing his mind yesterday for something new in the way of uniforms, when he was seized with an idea which he purposed putting in force without delay.

"That are the colors of New York University," he suddenly asked Secretary Foster. "I don't know, but I can find out," was the reply.

"Do so," commanded McGraw. "That is the response of Secretary Foster, after consulting a book on college colors."

"Violet, that's what it will be for the uniforms of this city on February 11 there will be many subjects to talk over, including the schedule. One of the most important topics which will come before the National League will be the question of distributing 25 per cent of the Giants' last world's series profits among the other seven clubs of the league. This rule was passed by both leagues last year, but it brought a strong protest from John T. Brush, who died several weeks ago, and the National League has not reached a decision on the question.

At the meeting of the league last fall, Attorney Cornelius J. Sullivan, a director of the New York Club, was appointed to represent the Giants and Attorney Bernard York, of Brooklyn, was engaged to represent the league on a committee to settle the question if possible. This committee will make its report at the next meeting.

The money represented in the proposed 25 per cent. division amounts to a considerable sum. The share of the New York and Boston clubs at the last World's Series amounted to \$147,883 each. The 25 per cent. split which the other clubs want amounts to \$36,721, or \$3,253.17 for each of the seven clubs. It is known that the New York club will continue its strong opposition to the plan, and it is very likely that the American League will take the same course. The 25 per cent of each club's share is now tied up with the National Commission.

The annual agitation about changes in the baseball rules will again be heard, but it is probable that the wisest heads will prevail, as in the past, and that the rules will remain as they now stand.

Each season there is more or less agitation about changing the rules, but the

game has been so successful for several seasons that baseball men are very reluctant about approving the slightest change in the present code. Manager Griffith of Washington, will be at the American League meeting here, and will enter a protest if any attempt is made to change the rules about bases on balls. "Pitchers have a hard enough task now without giving them more work. The game as it is played is as near perfection as it is possible to make it, and this is proved by its popularity with the public."

"If there is a new rule needed," says Griffith, "it should be to keep the umpire off the field of play. Under the present system he is in the way of plays and is handicapped when he turns to make a decision, because he has to watch the ball so as not to be hit, whereas if he was outside of the diamond there would be no such danger."

**STREET SIGNS.**  
New York, Feb. 4.—Charles Sterrett has signed a contract to play with the New York Americans again this year. This dispels the rumor that he has decided to forsake baseball and remain an instructor at Princeton University. Sterrett, who captained the Princeton nine last year, joined the New York Americans after college closed, and at once showed that he was a real major leaguer. As a batsman he displayed unusual ability, while he gave an excellent account of himself as a catcher.

**BOYS RECAPTURED.**  
Frederick Becker, George Fawcett and Lawrence McCarthy, the three boys who escaped from the Boy's Industrial Home on Saturday, were captured at Loch Lo-mond yesterday afternoon by Policemen McNamara and Crawford. They were working in the woods for a man named Quinlan. They offered no resistance.

**POLICE ASSOCIATION.**  
At the annual meeting of the Police Relief Association yesterday afternoon, W. R. Lee was elected president; Alice Green, vice president; A. Hastings recording secretary; F. W. Jenkins treasurer; W. W. Clark, R. Kilpatrick and T. Caples, trustees; C. H. Rankine, Joseph Scott and James McNamee financial and audit committees.

**BRINGS PRIZE IN SAFETY.**  
The Leyland liner Devonian arrived at Halifax yesterday with the crippled French freight steamer "Mexico" with her million dollar cargo of petroleum. The Mexico was bound from New York to Havre and had been badly tossed about by the seas. She was helpless until the speed of transmission in the rate of 16,000 miles a second; where the wires are through cables under the sea the speed is only 6,000 miles a second.

HOCKEY FINANCES IN MONCTON SAID TO BE FAR SHORT

Moncton, N. B., Feb. 5.—(Special)—It is likely that Moncton will release one or two more of the Victoria hockey players. Just who will be dropped from the salary list is not yet said. The management announce they are away behind in finances now and the outlook is that the deficit for the season will be more than \$1,000.

The Moncton Victorias defeated the Halifax Societe 6 to 0 in Moncton last night. The game, as the score indicates, was one-sided.

Messrs. Turner and Fitzpatrick, of the management of the Port Elgin hockey team were in the city last evening. It is reported they have signed several players in the city league to play for them against Sackville in the university town tonight. Among other it is reported that they have secured McLellan, Sweetnam and Marcel Bellevue.

VITALITY SHOWS IN A MAN'S EYES

This, therefore, applies to you. It means I am here, including a marvellous power or force which you can easily avail yourself of, and which might mean the difference between three or four years of health, strength and bubbling spirit, or future years of ill-health and debility. Please use the free coupon below.

In speaking to you of this great vitality power I care not what your age, middle-aged or elderly; I care not what the past may have caused your loss of strength and loss of reserve energy. I say in all seriousness, if by employing this new method, you can quickly reassert your blood and organism with new nerve force, I should then make you strong again, put new courage and health into the flash of your eyes, make you feel young, capable, ambitious and keep you feeling young to a ripe, vigorous old age.

The secret of new strength is not found in medicines or drug stimulants. I have evolved a simple, drugless method for the self-treatment of lost strength which is meeting with a marvellous demand all over the world. It is a QUICK and PERMANENT natural restorative.

Here is the simple method operandi: Apply the method tonight while you sleep. Awake tomorrow "feeling fine," all pains in back gone. 60 to 90 days, complete restoration of lost strength should result.

OPERATORS ON THE ST. CROIX RIVER IN A BAD PLIGHT

Lumbermen Stand to Lose Heavily if Unseasonable Weather Continues

The Calais correspondent of the Bangor Commercial writes: "If the present weather conditions continue, many lumber operators on the waters of the St. Croix will be ruined, as without snow there will be no work for them to fulfill their contracts with the large operators. Many of the former are men of limited capital and unless snow comes soon to aid them they will stand to lose heavily. In several instances operators have crews and teams at points in the woods that can be reached only when the streams and swamps are frozen, and they can neither use the men nor equipment to good advantage nor get them out where the expense of caring for them will be less.

LOCAL NEWS

BYE-LAW REPORT. James Alexander has been reported by the police for allowing his horse to stand unattended on the north side of King Street for one hour last night.

ON ASSAULT CHARGE. William Jones was arrested by Police-man Crawford this morning on a warrant charging him with assaulting William Laird.

ST. JOHN HORSES TO RACE. At a meeting of the members of the St. John Harness Driving Club in the office of C. M. Kerrison, South Wharf, tonight, at eight o'clock arrangements will be made for sending several local horses to Fredericton to compete in the meet there on February 22.

MORE YOUNG DRUGGISTS. It is also interesting to note since the matter was brought up that Fred W. Munro, of North End, also passed the examination when between seventeen and eighteen years old, while C. J. Hay, clerk in Wason's, King street, was registered when eighteen years of age.

DEATH OF MRS. DANIEL WADE. The many St. John friends of Mrs. Daniel Wade will regret to learn of her death, which occurred at her home in Manchester-by-the-Sea, Mass., on the first inst., after a brief illness. Mrs. Wade formerly resided in St. John, but of late years had made her home in the United States. She was a highly esteemed and Christian-spirited woman, and very popular for her benevolence and kindness of heart. She is survived by her husband and three sons: David, John R., and Liguori, at home, and a sister, Mrs. Catherine Lunny, of this city; also a brother, Edward Rossier, of Alma, Alberta county.

Hamilton, Ont., Feb. 5.—The coroner's jury investigating the death of Mrs. Mabel Riley, brought in a verdict that she was wilfully murdered on January 30 by her husband, Thomas Riley.

RUNAWAY BOYS IN COURT; GLAD TO BE RE-CAPTURED

Evidence Given in Watch Case and on Sand Point Stealing Charge

Frederick Reicker, George Fawcett and Lawrence McCarthy, the lads who escaped from the Boys' Industrial Home last week and who were captured at Loch Lomond yesterday afternoon, were arraigned in the police court this morning on the charge of escaping from the home. They were remanded and will probably be brought before the court on Friday.

WILL GIVE BALL TO INCREASE THE PLAYGROUNDS FUNDS

On the Wednesday immediately after Easter a benefit ball will be given to add to the funds of the Playground Association. A number of ladies, who are leaders in the social life of the city, met yesterday at the residence of Mrs. P. E. Sayer, Queen Square, and selected the date for the ball, for which the most elaborate preparations will be made. It will be quite the event of the season, and will be held in the Keith's Assembly Rooms. The ladies who have the affair in charge have been planning for some time to do something that would add substantially to the funds of the Playground Association, and there can be no doubt that their efforts will be heartily supported by the citizens.
