## Banker's Widow Is Charged With Theft From N.Y. Social Queens

### THE IMPERIAL PRESS PARTY TO NUMBER 100

Greater Number to Land at Halifax on July 25—Others Coming via Pacific.

(Canadian Press.)  
Toronto, June 10—The list of British and overseas delegates to the Imperial Press conference, which will be held in Canada this summer, is now complete—100 in all. The majority, about eighty, will come via England and will land at Halifax on July 25.

The Australian and Far Eastern delegates will come across the Pacific, landing at Vancouver from the S. S. Niagara which is due on July 20, just in time to give the delegates opportunity to get to Halifax to meet the main party. If they go the whole trip with the Imperial Press party they will have crossed the Canadian continent four times when they return.

One of the eastern delegates from Singapore will spend six weeks on his trip before he reaches Canada.

## FOR MINIMUM SALARY OF \$1,300

### Also Free House for Congregational Ministers, Is Decision of Union Annual Meeting.

(Ottawa, Ont., June 10)—The Congregational Union of Canada, at its annual meeting here yesterday, decided that the minimum salary of a minister should be \$1,300 with a free house. Officers elected yesterday include: Honorary president, Rev. Hugh Pedley, Montreal; honorary secretary, Rev. Dr. Ritchie, Montreal; educational secretary, Dr. E. Leroy Rice, B. A., Rock Island, Que.

## USE HOUNDS TO TRAIL THIEVES WHO ROBBED CARUSO

East Hampton, N. Y., June 10—Two bloodhounds and a pointer were yesterday joined the police in a hunt for the thieves who on Tuesday night stole \$200,000 worth of jewels from the home of Enrico Caruso, opera singer.

The dogs picked up a scent where footprints were found near the house and followed it for some distance, finally leading it at a point where the searchers said there was evidence that an automobile had stood.

Belief of detectives that the robbery was an "inside job" was strengthened yesterday by Mrs. Caruso, who said she was convinced that her movements and those of her sister-in-law, Mrs. Park Benjamin Jr., had been watched before the robbery.

## OUR MORE SHIPS FOR THE C. G. M. M.

Montreal, June 10—Within the next few weeks the Canadian government will have four more ships at its disposal.

These are the Canadian Observer, 600 tons, due here end of this week; the Canadian Trapper, built at Lewis, 100 tons, to be delivered at Quebec on June 18; the Canadian Rancher, 5,100 tons, built at Three Rivers, due for delivery June 25 and the Canadian Volunteer, undergoing repairs, which will be ready for service at the end of the month.

The Ontario Fishes.

Boston Creek, Ont., June 10—The push fires raging in this district are now under control, but rain is urgently required. The fires approached close to the town, the station being threatened and water is being played on the buildings.

12 Killed in Riots.

Gratz, June 10—Twelve persons were killed by bullets in riots on Monday. The newspapers declare the disturbances were due to anti-Semitic and monarchic tendencies.

## Armed Bandits Steal Whiskey Worth \$35,760

Newark, N. J., June 10—Four armed bandits held up a motor truck load of whiskey—7,122 quarts—valued at \$35,760, on the Lincoln highway near here yesterday, and drove off with it, according to the truckmen.

These truckmen, who declared they had been compelled to walk in from the Elizabeth line, said they were transporting the whiskey from Newark to a New York whiskey liquor house which had a permit to sell it for non-beverage purposes.

## As Hiram Sees It

"Hiram," said the Times reporter to Mr. Hiram Hornbeam, "do you believe that story about the flock of hens in Connecticut that ate wintergreen?"

"I don't say it ain't so," said Hiram. "I've heard it before. It's got a month and laid eggs with a wintergreen flavor."

"I won't say it ain't so," said Hiram. "I've heard it before. It's got a month and laid eggs with a wintergreen flavor."

"But this matter of favoring the eggs," said the reporter, "isn't it rather extraordinary?"

"It ain't any more so than feed a cow turpans an' taste 'em in the milk," said Hiram. "Did you ever eat a spruce partridge? It's got a henery an' sell wintergreen-flavored eggs as a sure cure for all rheumatic ailments."

"Duck eggs 'ud be better," said Hiram.

"Or onions," added the reporter.

"Yes, sir," said Hiram. "I've seen 'em. I got a set of 'em for supper an' it had raw onions fer supper—an' it ain't over it yet. I hope she ain't nuther."

"I have an idea," said the reporter.

"They'd be real quick medicine," said Hiram, as he dodged the paper weight and gently closed the door behind him.

"How so?" queried the reporter.

"They'd be real quick medicine," said Hiram, as he dodged the paper weight and gently closed the door behind him.

## CHARGE MORE TO CARRY PAPERS IN THE MAILS

### Government Proposes to Raise It Cent a Pound

(Canadian Press.)  
Ottawa, June 10—Last night the House of Commons voted on a resolution which provides for several amendments to the post office act. It provides for an increase in the registration fee on letters and other matter passing through the mails, from five to ten cents. The rate of postage on newspapers and periodicals printed and published in Canada and issued at intervals of less than one month is increased from one cent to two cents a pound or fraction thereof.

Newspapers and periodicals which are to be transmitted more than forty miles or the publication of which is of greater frequency than once a week, shall be subject to postage at the rate of one cent a pound or fraction thereof, for the year beginning January 1, 1925, and one and a half cents a pound or fraction thereof, for the following years.

The ten cent rate was the same as that which the post office was carrying at present. Lemieux charged that the government, by this resolution, was promoting sectionalism, dividing the average between east and west and hindering the free exchange of thought.

The government wished to increase the rate of postage on newspapers and periodicals in order to reduce the circulation of Canadian publications and let in a flood of yellow literature from the United States.

Buchanan, of Lethbridge, said that the publishers of daily newspapers in Canada would not be able to meet the increase of one quarter of a cent at first to be followed by other increases at intervals of one month until the maximum rate suggested was reached, would be just. A sudden increase up to a cent a pound would mean that many newspapers because their subscription lists were made out for some time in advance at a certain rate, and the increased cost of postage would have to be met by increased subscription and advertising rates.

Mr. Burrell said that there would still be a large deficit in the handling of newspapers, even when the increases were through. He said that clauses in regard to franking of letters and other mailable matter were aimed to remove abuses.

The resolution was reported and the bill based on it, given first reading.

## SUGAR LOWER AT WESTERN REFINERY

### Cut of \$1.30 per cwt.—A Flour Reduction—Cheap Suits in France?

San Francisco, June 10—A reduction in the wholesale price of sugar from \$26.30 to \$25 a hundredweight, is announced by the Western Sugar Refinery, Minneapolis, Minn., June 10.—The price of flour declined forty cents at one local market yesterday. Family patents were quoted at \$14.35 to \$14.85 a barrel in car lots in 98 pound cotton sacks. A weaker wheat market on Tuesday was said to be the cause.

Paris, June 10—Men's suits at forty-five francs in normal times about \$9, will be possible in Paris, according to newspapers, if a campaign being conducted by them is successful. The government is holding more, than two million yards of cloth suitable for clothing and is being urged to release sufficient for 700,000 suits, under an agreement with manufacturers and unions by which the cloth would be made at a low cost as possible.

## SISTERS DIE IN NEW YORK FIRE

### Mother and Brother Are Injured—Blaze Started in Garbage Can.

New York, June 10—Two little girls were burned to death and their mother and brother were seriously injured early this morning in a fire which started in a garbage can in the lower hallway of an apartment house, Catherine Mary Beach, 11 and 7 years old respectively, are dead, and Mrs. Julia Beach and George Beach, 10, were taken to a hospital.

More than 100 persons escaped down fire-escapes, over adjoining roofs, or were rescued by firemen.

More than 100 persons escaped down fire-escapes, over adjoining roofs, or were rescued by firemen.

## DISCUSS STRIKE AT SHIPYARDS

### Halifax Trades Unionists Are Called to Attend Mass Meeting.

Halifax, N. S., June 10—At a meeting of the Trades and Labor Council last night it was decided to call a mass meeting of Halifax trades unionists for next Wednesday evening to discuss the strike at the shipyards involving some 1,800 men. It is understood that a wing of the Trades and Labor Council has been clamoring for a sympathetic strike for some days, that it has been opposed by the more conservative element and that first round honors go to the former for having secured the mass meeting.

## BRITISH CLOSE GULF OF ISMID

Constantinople, June 10—The Gulf of Ismid, the easterly arm of the Sea of Marmora, was closed by the British yesterday to all shipping because of the activities of the Turkish nationalists along the shores of the gulf.

London, June 10—During the night of June 5 a provisional government was formed in Besh, Persia, sixteen miles southeast of Isfah, headed by a revolutionary leader, Mirza Kutchuk, according to a wireless message from the Russian Soviet government. It says the revolution was warmly greeted by the local population.

## EMBARGO ON CARS FOR BITUMINOUS COAL

Washington, June 10—An embargo on the supply of cars for movement of bituminous coal in carload lots to any Lake Erie ports or trans-shipment by water except on a permit, was ordered today by the Interstate Commerce Commission, effective June 13.

Costly at That.

New York, June 10—A seat on the New York Cotton Exchange was sold yesterday for \$20,000, a decrease of \$2,500 from the last sale.

## Proposed Changes At Ottawa In The New Tax on Luxuries

Ottawa, June 10—Yesterday in the House of Commons, Sir George Foster said that the government still had under consideration renewal of the powers of the Canada Wheat Board for another year. Income tax act was put through committee. Amendments providing for increase of exemption for persons with children and also providing for exemption of charitable institutions were lost. Modifications to the new luxury taxes, were brought down by the government and discussed. Many changes were suggested.

On the income tax J. Archambault of Chamby-Vercheres proposed that the exemption allowance out of taxable income be made \$800 for each child, instead of \$200 as provided.

H. E. Lavigne of Quebec county said that he had twenty three children and supported the amendment warmly, others also supported it, including Rodolphe Lemieux, but it was defeated on division.

An amendment to make dividends taxable when "paid or distributed" instead of "declared or voted," was carried.

The question of taxing the indemnity of M. P.'s was held over until the third reading of the bill.

Major Hume Cronyn of London proposed a new clause providing for the exemption from taxation of contributions to charitable institutions to an amount not in excess of ten per cent of the taxpayer's net income. This was defeated by the 82-90 vote on division.

On the luxury tax, Sir Henry Drayton said, that the government stood on the principle that revenue was required to meet the cost of the chamber while the Allies may abandon this preliminary conference. In this case, it is said, the international financial conference might be held without waiting for the results of the Spa conference.

If this plan is carried out, it is believed, the financial conference would have to consider means of restoring the economic balance of Europe, while assuring execution of the peace treaty by the Allied governments.

Rome, June 10—The resignation of the Nitti ministry yesterday, followed an announcement by the premier that the broad restrictions would be annulled. This announcement brought out protests from several parts of the chamber while the Socialists applauded it.

Signor Nitti announced that the ministry would remain in office temporarily to maintain order and expedite current business.

Further suggestions will be made later with reference to pensions, organs and the like.

It is proposed to increase the tax on automobiles adopted for passenger use from \$24 to \$30 each, from fifteen to 20 per cent.

According to customs decisions the tax on \$2 a gallon on spirits, lime juice or fruit juices, tinctures and medicines means a tax of \$4 on line juices, medicines and perfumes, as the tax is held to be cumulative. It is proposed that there shall be only one advance on the present rates for the alcoholic contents of line juices, patent medicines, etc., of \$2 in place of \$4.

A resolution is also proposed to be made on imported medicinal wine, vermouth and ginger wines, and proprietary medicines containing not 40 per cent of proof spirit, from 80 to 20 per cent.

It is proposed to abandon the present stamp taxes now collected on patent and proprietary medicines, perfumery, etc., from 25 to 10 per cent instead of twenty per cent as originally provided. Clocks and watches in excess of \$10 each will be taxed at 10 per cent on original value reduced from 20 to 15 per cent; 10 per cent on excess of \$5, knitted sweaters in excess of \$15.

Playing cards sold at \$24 a gross pack or less are to be taxed 15 cents a pack; from \$24 to \$36 a gross pack the tax is 25 cents a pack and above \$36 a gross pack 30 cents a pack.

Cigarette and cigar holders, pipes, smoking sets, etc., are brought under the heading of jewelry taxable at 20 per cent, as are gold and silver watches, pens and pencils, pocket knives, hunting and bowie knives, etc., silver and gold deposit vases, etc. A branch of a department store or any firm or corporation whose chief business is dealing in jewelry will be required to take a license and pay a tax of 10 per cent on total sales.

V. S. Loggie (Northumberland, N. B.), objected to the principle of assessing taxes at the factory or point of import. He warmly supported the proposals of the minister of finance.

Hon. W. S. Fielding suggested that simple and inexpensive jewelry should not be taxed. Sir Henry informed Mr. Fielding that at present the sale of a ship was exempted from tax.

## GLACE BAY TOWN COUNCIL GIVES IN

### Threatened Tie-up of Water and Power Supply Is Averted.

Glace Bay, N. S., June 10—At a special meeting of the town council last night the demands of the men operating the pumping station were conceded and a tie-up threatened for today averted. The men had previously notified the mayor that unless an ultimatum was met, the pumping station would be closed. On the ultimatum, the men were employed and an eight hour shift accorded the firemen they would tie up the water and electrical power supply of the town.

The council basing its opposition to the demands of the men on the ground that while the three men involved worked a twelve hour shift their labors were exceedingly light, instanced the fact that at Reserve Colliery a fireman shovels seven and one half tons of coal in an eight hour shift as compared with four tons shovelled by three men at the pumping station in twenty-four hours and suggested a board of arbitration. The men replied with an ultimatum expiring at nine o'clock this morning and last night the council capitulated.

## A FREDERICTON PLEBISCITE ON BOND QUESTION

Fredericton, N. B., June 10—The city council declared last evening to have a plebiscite on the question of issuing \$400,000 of bonds for an extension of the Victoria hospital.

This vote came after there had been \$400,000 of bonds to provide for a power plant and laundry building at the hospital, an amendment in favor of making an issue of \$1,000,000 bonds and an amendment to the amendment which provided a plebiscite on the question, which carried on the casting vote of Alderman Wilkinson, who presided.

## THE CONFERENCE AT BRUSSELS MAY BE ABANDONED

### Kalians and Germans Not Ready in Time

Paris, June 10—The resignation of Premier Nitti of Italy and the prospect of a protracted cabinet crisis in Germany, with a consequent improbability that the Italian and German cabinets will be established in office before the beginning of July, the time fixed for the Allied interviews at Brussels preliminary to the Spa conference, leads to the belief in French official circles that the Allies may abandon this preliminary conference. In this case, it is said, the international financial conference might be held without waiting for the results of the Spa conference.

If this plan is carried out, it is believed, the financial conference would have to consider means of restoring the economic balance of Europe, while assuring execution of the peace treaty by the Allied governments.

Rome, June 10—The resignation of the Nitti ministry yesterday, followed an announcement by the premier that the broad restrictions would be annulled. This announcement brought out protests from several parts of the chamber while the Socialists applauded it.

## NEWSPRINT COST

### Reference at Annual Meeting of Toronto Globe Company.

Toronto, June 10—At the annual meeting of the Globe Printing Company yesterday, reference was made to the extraordinary increase in the cost of newsprint as a "disturbing factor in the publishing business, affecting the existence of many useful daily and weekly newspapers throughout the country."

The directors were re-elected as follows:—W. C. Jeffrey, president; A. F. Rutter, Robert Jeffrey, G. L. Ferguson, E. T. Malone, K. C. and Maria Love, Dr. J. A. Macdonald, formerly managing editor of the Globe, was present.

## NEW ENGLAND CROP REPORT

### NOT CHEERFUL

Worcester, Mass., June 10—Small receipts of fertilizer and farm machinery have tended to limit acreage of nearly all crops, according to a New England crop report today by V. A. Saunders, field agent of the Bureau of Crop Estimates of the United States department of agriculture.

The potato acreage will be materially reduced, the report says. Apple blossom was fair to good. Peaches are reported a failure in New Hampshire, and indications are for an eight per cent crop in Massachusetts and 25 per cent in Rhode Island and Connecticut.

## JAMAICA WANTS SELF-GOVERNMENT

Kingston, Ja., June 10—Establishment of a self-governing constitution in Jamaica, which will include a modified form of self-government, is to be asked of Great Britain. The legislature council today appointed a committee to draft an address to the king on the matter.

## BASEBALL

**BEWARE OF TENDER GUMS**

Unhealthy soil kills the best of wheat. To keep the teeth sound keep the gums well. Watch for tender and bleeding gums. This is a symptom of Pyorrhea, which afflicts four out of five people over forty.

Pyorrhea menaces the body as well as the teeth. Not only do the gums recede and cause the teeth to decay, loosen and fall out, but the infecting Pyorrhea germs lower the body's vitality and cause many serious ills.

To avoid Pyorrhea, visit your dentist frequently for tooth and gum inspection. And use Forhan's For the Gums.

Forhan's For the Gums will prevent Pyorrhea—or check its progress, if used in time and used consistently. Ordinary dentifrices cannot do this. Forhan's will keep the gums firm and healthy, the teeth white and clean. Start using it today. If gum-sickness has set in, use Forhan's according to directions, and consult a dentist immediately for special treatment.

**DELICATESSEN—A MUCH MISTAKEN APPELLATION**

How few people in this country, supposedly going to the dogs with extravagance, really know the meaning, or even the idea of delicatessen? How few dare pronounce it in public?

Pronouncing is easy—all you need is confidence enough to "spit it out in a nonchalant manner"—that's all. Anyone can get away with "delicate" and you don't necessarily have to be a German to pronounce "essen." That's the whole thing. Try it.

And, by the way—"essen" is not essentially a German word, since it translated from the vocabulary generally used by the Swiss. Delicate, as best translated for this use, means "prepared extravagantly" and "essen" attempts to convey the idea of food.

Delicatessen, however, is hardly true, in all form, to its name; the economy of having your food prepared in large quantities, by an expert, from whom you may purchase any desired amount, at any time, without ever any fear of having too much, or trouble, fuss, mess, or unsatisfactory results, is surely apparent.

Surely such a service would almost make our so-called linguists blush at the suggestiveness of their own translations. There could possibly be no better system of handling the light-lunch problem, the fishing, autoing or excursion parties, than with the aid of the delicatessen expert.

The College Inn, which opens on Saturday, located just opposite the Dufferin Hotel, on Charlotte street, is the first retail store and bakery that has attempted this proposition in the city. They go a step further by offering a line of French pastry that cannot be matched in the Dominion.

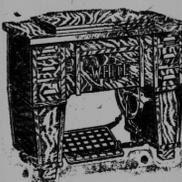

The comprehensive ideas of service and quality that the proprietors are operating upon will surely command the attention of the particular public of St. John.

Leonard, Clarence; Hugh A. Dickson, Onslow, and D. R. Nicholson, Coxheath. The chief feature of the meeting was the drawing up of a provincial political policy of nine planks, the matters touched on being agriculture, education, roads, taxation, conservation, co-operation, legislative council, provincial elections and prohibition. It is unlikely, however, that any general attempt will be made to place candidates in the field at the approaching provincial elections provided they are held this summer and a resolution in respect of this was passed.

**TREASURE HUNT FOR RUM.**

Montreal, Jan. 9.—Treasure seekers of The Pass, Manitoba, have organized an expedition to go in search of ten cases of rum which, tradition says, were buried a century and a half ago by a party of prospectors. The mop has a full, soft yarn center giving an unusually great cleaning and polishing surface, and fully protecting the floors. Nearly a mile of cotton strands in one mop.

The long 54 inch handle swings to any position and stays there without adjusting nuts or bolts. It enables mop to go into awkward corners and under the lowest furniture.

The mop is treated with Liquid Veneer, famous the world over for overcoming the damage caused by oils. This treatment cleans your floors thoroughly and makes them take on a beautiful, piano-like lustre, just like new. The results will be a revelation to you.

Separate swabs may be obtained from time to time. Slip swab on your mop frame and you have a new mop for the price of the swab alone.

Ask your dealer to show you this remarkable mop. You will surely want to try one. Sold on approval, \$1.75 complete.

ROTHESAY BOYS WIN IN COMPETITION WITH ALL CANADA

The Trail Rangers of Rothersey have carried off the athletic shield in competition with all the camps in the Dominion. Word of their success was received yesterday and special pride is felt in the fact that both the Taxis and Trail Rangers shields of the Dominion competitions will come to New Brunswick, the Taxis shield having been awarded to the Hampton square. The Trail Rangers are boys of between twelve and fourteen years of age and the athletic competition in which they have been successful took place simultaneously in many centres of the Dominion, about the second week in April. Each boy to enter the contest had to have a certain standing in all of the work of the Trail Rangers. The Rothersey camp came to St. John and underwent the athletic test at the Y. M. C. A. at the same time as the St. John groups. The eight boys made a total mark of 8,102 and an average of 844.6. Herbert Morton was the camp mentor. The following is the list of the names of the boys and their marks: Arthur Roberts, 481; David Schofield, 489; Irving Kirkpatrick, 426; Jack Starr, 879; Pat Starr, 864; Maurice Blanchet, 884; Bernard Harrington, 882 and George Schofield, 890.

### THE PLEBISCITE

In these days of complaints on the one hand of the lack of a living wage, and on the other a lack of honest work for the wage that is paid, it is refreshing to read the following paragraph from the Review:—

### AN EXCELLENT EXAMPLE

"There is real pleasure in the discovery of at least one set of workmen who are willing to combine shorter hours with unimpaired production. The congress of the American Multi-graph Company, at Cleveland, pledged the workers to maintain the rate of production at the ten-hour standard if the company would grant the nine-hour day. The concession was made in October of last year, and the pledge was faithfully carried out. The workmen have again come forward with a request (not a demand) for an eight-hour day, pledging themselves to a possible return to the nine-hour system in case of failure to maintain an unimpaired rate of production. Preparatory to the request a committee appointed by the congress had gone carefully over the data of production and discovered possible changes of method by which the rate of production might be increased. Here appears to be a case in which workmen are co-operating with their employers on the plane of mutual confidence and common sense, rather than passion and distrust."

It is well to consider carefully what the effect of the vote will be. Should there be a good majority for prohibition and against the sale of light wines and beers, the government would be expected to put into operation machinery already available for a more rigorous enforcement of the existing law. This would mean distribution under government control for medical purposes. A decisive vote for prohibition and against light wines and beers would also doubtless be followed by a more energetic question of importation of liquors into the province, which makes it so difficult to enforce prohibition at present. The legislature could hardly refuse to ask for this referendum, if the voice of the people clearly indicated that it was desired. And so long as importations from Quebec or elsewhere are permitted the law cannot be enforced with complete success.

So far as the sale of light wines and beers is concerned, the out and out prohibitionists will undoubtedly oppose it with all their power, believing that it would open a door to temptation which for the sake of the rising generation and the general cause of morality in the community should be closed. The real test of strength will be found in the vote for or against light wines and beers. No popular vote was taken when the present prohibition law was enacted, and it is desirable to get a decisive pronouncement by the people themselves. It is therefore desirable to get out the full vote on July 10, and remove all doubts as to public sentiment regarding the whole matter. The women's vote will be a new factor in the contest, and will undoubtedly greatly enlarge the aggregate vote. The women are vitally concerned in the outcome of the plebiscite, and will be expected to take a lively interest in the campaign. A month gives ample time for discussion and decision. The future of the whole temperance movement is involved, and it will be the duty of every public-spirited citizen to register his or her convictions, that the government may know beyond the shadow of doubt what is the popular will in regard to this great social and moral issue.

### GETTING NEW SETTLERS

The New York Evening Post writes an article on immigration into western Canada, which says that the unusually large influx of settlers has resulted in the location of twenty-one new towns since the first of the year in Saskatchewan alone. The same article says that an association has been formed in Saskatchewan which has as its slogan: "A farmer for every vacant farm within five years." There is another organization in Canada, called the Western Canada Colonization Association, composed of business men and boards of trade of the four western provinces supported by the provincial and Dominion governments. We are told that these two associations hope to obtain for the west 125,000 settlers this year, each taking a farm of 160 acres. If this aim is accomplished it will add enormously to the productive capacity of the west, and development of the west should mean more business for the ports of the east. We would like to be able to record as vigorous an effort to get more farmers for the maritime provinces. Here, of course, harder work is required to make a new farm productive, but there are many good farms vacant, and the number tends to increase. It should be possible for the governments of the three lower provinces to develop a policy which would bring a much larger number of desirable settlers here. A few are coming in all the time, but a few are going out all the time, either to the western provinces or the states. We must adopt an aggressive policy and fight for our own hand.

Mr. Franklin K. Lane was national chairman of the ten days' campaign to raise funds in the United States for the Salvation Army, toward which the Rockefeller Foundation gave \$50,000. Mr. Lane, speaking in New York, said he was giving his time as an obligation of citizenship, and paid this tribute to the Salvation Army: "We go to our theatres and to our dinners and dances, and we leave to these humble spirits, these fine souls of the Salvation Army, the work we have no right to neglect if we are a democratic people. If we deserve the name of a democratic people we must in all righteousness strengthen their hand and support their cause."

**DR. GREENFELL, C. M. G.**  
Few characters in the British world on this side of the Atlantic are better known than Dr. Wilfrid Thomason Greenfell, C. M. G. He is a missionary to the Labrador people for there is a picturesque phase to his character and work that has won the attention of the world. He was born in England on Feb. 28, 1866, and educated at the famous school of that old land. He had no thought that he would consecrate his life to mission activities and he did not until the first three months of his life. The idea that his work in life was that of assisting by his knowledge and the experience which he had gained in the glances of the real task of life came when he heard a preacher talking in a tent meeting in England.

When he realized that Labrador was calling him he spent a number of years at sea so that he would understand better the problem of the deep sea missionary. He reached Labrador in 1892, and until 1897 he was in the field. How needed he was there is indicated by the fact that in the first three months of his sojourn in that barren land he had over 900 patients who were in need of treatment and to whom there was no one else to go.

The work prospered from the beginning. He built hospitals, erected schools and homes provided for the aged and the orphaned, and he has done much for the commercial life of the poor people and one of the big things he did for them was to introduce the use of the plow. Again and again he has visited the old land and every time he has returned to his task with new vigor and enthusiasm. His work was brought to the attention of his majesty and as a result he was honored by the C. M. G. a few years ago—a nation's testimonial to the heroic character of the man who is doing a wonderful work in noble toils.

**Want Salary Also to Ascend.**  
Hub—They say that in the next world people will be paid according to their work. Wife—Well, I hope you get more pay.

**Couldn't Tell a Lie.**  
New Maid—Mr. Dubbleigh, ma'am. Young Mistress—That dreadful bore! Tell him I am not at home. New Maid (hesitating)—I can't tell a lie, ma'am. He'll just say you're out—Boston Transcript.

**His Advice.**  
A certain floorwalker in a big department store is likely to lose his place if he does not improve in his manners. "Gracious!" exclaimed a fat woman rushing up to him just after losing sight of her husband. "I am looking for a nice man with one eye."

**Five-Saving.**  
Drowning Man—Quick, throw me a lifebelt. Rescuer (a tailor)—Yes, sir! What size around the waist?—Boys' Life.

**Eastern Motors, Ltd., of Fredericton, N. B. become Haynes Distributors for Province of New Brunswick.**  
Eastern Motors, Ltd., have acquired the exclusive selling rights for Haynes character cars throughout the Province of New Brunswick, Canada, according to an announcement by Mr. S. M. How, General Sales Manager of the Haynes Automobile Company, Kokomo, Indiana, U. S. A.

The firm members, including J. Stewart Neil, as General Manager, are well known to the motoring public of Fredericton and St. John, and in fact, of the entire province. When it became known that the New Brunswick territory for the popular Haynes character cars was open, the factory at Kokomo was beset with requests and applications from automobile men in New Brunswick for an opportunity to acquire the Haynes selling rights.

The list of requests was carefully analyzed in an endeavor to obtain the best possible representation for the Haynes in the New Brunswick territory. After a great deal of consideration Eastern Motors, Ltd., of Fredericton, was selected because of the excellent reputation it holds from one end of the province to the other as automobile merchandisers. The Eastern Motors, Ltd., have a carload of these new series Haynes automobiles which will arrive in Fredericton in a few days.

#### MACHINIST GETS FORTUNE

New York, June 10.—George Colbert, a shipyard worker at Mare Island, Calif., is one of the heirs of the \$7,500,000 estate left by his father, the late Captain Charles Colbert, who was an official of the Luckenbach Steamship Company.

#### TO GET WHITE HOUSE WOOD

New York, June 10.—The Salvation Army will receive this year's crop wool from the White House sheep. News of the gift was received at the local headquarters from Joseph Tunnally, secretary to the president.

### A GLAD WORLD.

This world's so fine and so dandy that life should be a grin; there's always sunshine handy for those who'd wait therein. As cheerful as a colt is, I do my daily toil, there always is a pollice for every human soul. I brood not over my life should ruin make; there is a mustard plaster for every human ache. If life, at any juncture, seems desolate and grim, and hope receives a puncture, then run her on the rim; and on the other a lack of honest work for the wage that is paid, it is refreshing to read the following paragraph from the Review:—

### REV. DR. PRINGLE CRITICIZES THE APPOINTMENTS

Method of Choosing College Professors  
Challenged in Presbyterian Assembly on Question But Holds Firm—Committees on Transfers and Vacancies.

Ottawa, June 10.—Describing the method of appointment of Presbyterian ministers as "disgraceful and un- Presbyterian," Rev. Dr. Pringle of Sydney, at yesterday afternoon's session of the Presbyterian assembly, criticized the case of the appointment of Rev. Dr. Smith, principal of Westminster Hall, Westminster, who he said was disgraced by G. P. Gibson, chairman of the Presbyterian council, but Dr. Pringle refused to do so. "If the Presbytery of Westminster is able to stand up to the investigation on the matter, I am able to do so," he said. "If my statement is proved wrong, I will then be willing to apologize."

Dr. Pringle also referred to the appointment to a professorship of Mr. H. H. B. A. as both graduates of that institution. The appointments were not made, however, and at the next meeting of the assembly he will most probably be instituted some other scheme for such appointments. The question arose over the proposed appointment to Knox College of Rev. H. M. Paulin of Windsor, and Rev. J. M. H. H. B. A. as both graduates of that institution. The appointments were not made, however, and at the next meeting of the assembly he will most probably be instituted some other scheme for such appointments.

### SAD NEWS COMES TO EDITOR IN TOURING PARTY

Gets Word of Death of Mother and Destruction of Her Home in Cyclone.

Halifax, June 10.—(Canadian Press)—Nova Scotia will remain in our memories forever; was the enthusiastic declaration of the American editors yesterday as they toured the Cornwallis and Gasperaw valleys. They proceeded to Sydney last night. Just as the town of Kentville was welcoming the guests, Will Wilke, president of the National Editors Association, received word of the death of his mother and the destruction of her home by a cyclone in Minnesota. The company stood with bared heads and tear-dimmed eyes in sympathy for the tragically bereaved member.

### The Police Swoop Down on Cock Fight

More than 100 men, fans at a cockfight, staged in the woods near Phillips road, Hillsville, Dartmouth, Mass., scattered in all directions when it was raided on Sunday noon by Agent William H. Ling of the S. E. C. A.

Neighbors in the vicinity within a radius of several miles reported to police headquarters on Monday that human calls and rooster crows were heard all night from many sections of a swamp nearby. Ling returned to the swamp to investigate these reports. There were 150 men from New Bedford, Fall River, Taunton, Brockton and Boston grouped about the cockfight when Ling and his aides arrived. After watching the fight for a few moments Ling mounted a wall, said he was a state deputy and called on all to surrender. About eighteen did. The rest scattered, followed by revolver bullets from the guns of the officers. Crates containing nearly fifty of the game cocks were thrown in an automobile by four of the men. The speeding machine was noticed after it had gone 500 yards and a chase of battles fought near it.

### BAN NEW DANCES

Berne, Switzerland, June 10.—The Swiss authorities in the Catholic canton of Fribourg, have prohibited as immoral the latest dances, including the tango, permitting only the old dances, in public halls. Visitors at hotels, however, are not affected by the new ruling.

### Fell 800-Year-Old Tree

Yonkers, N. Y., June 10.—A chestnut tree in Yonkers, thirty feet in circumference, said to be 800 years old, has become history. It was felled the other day. Many traditions cling to the old tree—stories of the Indian, of the days of the Revolution when George Washington hid in it from English troops and of battles fought near it.

### CAR DRIVEN BY GIRL CRUSHES TWO MEN

(N. Y. Times)

A big touring car with a twenty-year-old girl at the wheel left the roadway in Broadway at 161st street yesterday, snatched off a fire hydrant and a post and crashed two elderly men against an apartment house wall, killing them instantly.

Just before noon Miss Miriam Eppmann told her father, Mark Eppmann, a salesman of 45 west 162nd street, that she was going to a riding academy in the Sixties near Central Park for a jump through the park. She took her father's big car and started.

While going down Broadway Miss Eppmann saw a car draw out of 161st street and head east. She signalled to the other car but the driver did not stop. The girl fearing a collision, swerved sharply to the right.

On the corner, partly concealed behind the fire alarm post were Homer Gibson, sixty-five, a retired dealer in electrical supplies, living at 222 West 162nd street, and Jacob Zineman, sixty-three, of 24 Hamilton Terrace, a wealthy jeweler, who two years ago retired from the firm of Lyman, Kramer & Co., Maiden Lane and Nassau street. The jeweler and Mr. Gibson, previously unacquainted, had met at 161st street, when Mr. Gibson stopped to admire Mr. Zineman's collar. Just as Mr. Gibson bent to pat the dog's head, the Eppmann car fairly jumped out of the roadway and crashed into the post and hydrant. Then it crashed the men against the wall.

Miss Eppmann, pale and trembling, backed the car out and into the road-

### THE SUGAR SUPPLY FOR PRESERVING

(Ottawa Official Bulletin.)

During the tender fruit shipping season last year there was a shortage of refined sugar and consumers could not obtain the quantity necessary for preserving. The shortage was more acute in the prairie provinces than in any other part of Canada, and the wholesale jobbers were obliged to limit their purchases to the extent to which sugar was available. This resulted in indiscriminate consigning of fruit, and lower prices to the growers.

The question of Canada's sugar requirements for 1920 was given earnest consideration by the dominion government, and it was arranged that the Canadian Trade Commission, which have charge of imports and exports, would issue no permits for the export of sugar until such time as there was a surplus which Canada would not require. If at any time there was a surplus, the trade and consumers would be advised and given an opportunity to purchase it, falling to purchase this surplus, permits would be issued to export. No permits have been issued for the export of granulated sugar since January 1. The Canadian Trade Commission last March issued a statement through the press referring to the sugar situation, and recommended that house-keepers should plan to provide for their requirements for the preserving season. Up to date, the refiners have made deliveries twenty per cent in excess of the amount distributed at the same date last year, and reports from the wholesale and retail grocers indicate that many house-keepers acted upon the suggestion of the Canadian Trade Commission. The situation, however, is still uncertain, and should the crop of tender fruits be large, there may be some difficulty in obtaining sufficient supplies of sugar to meet the requirements but, from the information obtained from official sources, the outlook at the present time is not such as should have any unbalancing effect on fruit values. Every effort is being made to obtain a supply of sugar to meet the requirements of the preserving season, but house-keepers who have not yet made provision for their needs, would be well advised to do so as early as possible.

### PREHISTORIC MONSTER.

Bones Weighing 4,000 Pounds Found Near Lyons.

Paris, June 10.—The bones of a prehistoric monster, of which one tooth weighed more than sixteen pounds, have been dug up by workmen at Chagny, near Lyons. The discovery is considered of first-rate importance by Professor Mayet of Lyons and other scientists who have examined the bones. They declare that they are those of a warm climate elephant of much earlier period than the mammoth, which perished several thousand years ago.

The bones weigh in all over 4,000 pounds and show that the monster stood over fourteen feet high. It was furnished with ivory tusks nearly eight feet long and twenty inches in diameter. One of these, found in a sand-pit, with other remaining fifteen feet below the surface, weighs 400 pounds.

The fossilized remains are being taken to the science museum at Lyons for preservation.

### TREND OF PRICES WILL CONTINUE DOWNWARD, ECONOMIST THINKS

Many Factors in Present Decline — Readjustment of Production Will Be Eventual Result, With Genuine Prosperity, Believes Expert.

(By Melvin T. Copeland, Professor of Marketing, Graduate School of Business Administration, Harvard University.)

The peak of high prices, if not the peak of high rents, has been passed. This fact is evident. The questions now arise: How far are prices likely to recede? What does the process of readjustment involve?

The decline in retail prices that has been under way during the last month has been precipitated, in part at least, by adverse weather conditions. Fundamentally, however, it is the result of economic forces that have been at work for months. The continual rise in prices has carried the cost of many commodities beyond the buying power of a large group of consumers. This group included persons receiving salaries and other fixed incomes. It also included many small tradesmen, farmers and others. These consumers have experienced real hardship and have been forced to economize stringently. Strikes have cut into the gross earnings of other

large groups of workers. This has taken the edge off their purchasing power. Now occasional unemployment, because of transportation difficulties or lack of orders in some manufacturing plants, is adding its influence to the slackening of demand from consumers.

It is becoming apparent, on a falling market, that substantial stocks of most kinds of merchandise are available. These stocks were accumulated eagerly by manufacturers and merchants in anticipation of higher prices and large profits. The check on exports has augmented these stocks for domestic trade.

At the basis of the whole price structure is credit. It was evident several months ago that we had reached the limit to our credit expansion, provided we were to maintain sound currency in this country rather than to follow the example of the Bolsheviks and other proponents of paper money regimes.

The expansion of credit reached a point six months ago that necessitated high money rates as a safeguard to our whole business structure. These rates

could not be paid indefinitely on commercial loans, in the face of a decline in purchases by consumers. Hence merchants and manufacturers have been forced to convert merchandise into cash in order to be able to meet obligations that were maturing. Whether or not those who have led in price cutting have been actuated by philanthropic motives or the losses that they have accepted are probably less, in numerous instances, than the losses that would have resulted if the merchandise had been carried for a longer period into the future.

**Burden Is Being Shifted.**

The process of shifting the burden of reductions in retail prices is under way, through cancellations of orders and returns of merchandise. In many cases these cancellations and returns are unjustified. In other instances, the manufacturer or wholesaler is reapportioning the harvest that comes from boosting prices to the limit, from preceding higher prices and shortages, from receipts in excess of a "staple's" normal requirements, and from a surplus in delivery.

These readjustments in prices temporarily have caused a disturbance in business. A new price level, sooner or later to be effective for all commodities, is in the course of formation.

Before the new level is established definitely, it probably will be necessary for us to go through a period of uncertainty and "spotty" business, with occasional losses and hardship. A few merchants and manufacturers may lose more than they have gained during the

years of abnormal prosperity. Some business failures may result. For most businesses the excess profits tax for the current year very likely will be less of a burden than was imagined a few short weeks ago.

How far will prices recede? One fact is fairly evident. The decline in prices will not be governed in the immediate future by costs of production. The merchant who has a large stock of merchandise on hand will be forced to sell it for what it will bring, irrespective of what he paid for it. For the moment the ability and the willingness of the public to buy will exert more influence than costs. A manufacturer temporarily may produce new goods to be sold at less than cost, provided the loss that he incurs in this way is less than the loss that would accrue from shutting down his plant and permitting his organization to disintegrate.

**Production to Be Adjusted.**

Looking at the question broadly, it is safe to assume, I believe, that this country is commencing a readjustment of its producing facilities that in the long run is necessary for sound business prosperity and essential for the welfare and happiness of the public. During the last year there has been continually a demand for more production.

The demands, however, has not been sufficiently discriminating. We have been producing large quantities of goods for immediate consumption and starting more essential industries.

The productive resources of the country at any one time are limited. We have not the labor and the capital that would be required to increase heavily our production of luxuries and at the same time to provide for the large scale construction of railroads, factories and homes, which are so urgently needed. Yet business cannot be truly prosperous until our railroads are rehabilitated and until an adequate supply of dwellings is built. Our current transportation difficulties can be remedied only by the use of large quantities of labor and materials in repairs, construction and new equipment. With housing, similarly, despite whatever legislation is enacted, the rent problem can be solved only by building homes, and for this labor and materials must be diverted from less essential uses.

**Prices to Continue Downward.**

It seems likely, therefore, that the present decline in prices will continue, except for temporary reactions, until a point is reached where investors are willing to provide adequate funds for railroad improvements and for the construction of houses on a large scale. This process of readjustment involves a slowing down of some industries in order to provide for labor and materials for essential uses for vital purposes. Despite temporary hardship, this readjustment is probably the best interest of business men and the public.

The resumption of building activities, therefore, probably will mark not only the peak in the rise of rents but also the turning point in the recession of prices of merchandise.

Another index to be watched is money rates. As long as the money market remains stringent, price declines are likely to continue. Eventually, after the stocks of merchandise on hand are reduced and the present time are partially liquidated, the accumulation of banking reserves and the tendency to curtail production in some industries may be counted upon to reduce the strain upon our credit resources. Sooner or later this will tend to bring about lower discount rates on commercial loans.

When the volume of loans and of credit currency has contracted to a point where the rates on commercial paper are again normal, we may assume that the prices for most commodities have reached the end of their decline.

## DOUGHNUTS and CRULLERS

From the NEW ROYAL COOK BOOK

**DOUGHNUTS** made the doughboy happy during the war and no wonder. There is nothing more wholesome and delightful than doughnuts or crullers rightly made. Their rich, golden color and appetizing aroma will create an appetite quicker than anything else in the world.

Here are the famous doughnut and cruller recipes from the New Royal Cook Book.

**Doughnuts**  
2 tablespoons shortening  
1 cup sugar  
1 egg  
1 teaspoon nutmeg  
1 teaspoon salt  
3 cups flour  
4 teaspoons Royal Baking Powder

**Cream shortening:** add sugar and well-beaten eggs; stir in milk; add nutmeg, salt, flour and baking powder which have been sifted together and enough additional flour to make dough stiff enough to roll. Roll out on floured board to about 1/4 inch thick; cut out. Fry in deep fat hot enough to brown a piece of bread in 30 seconds. Drain on unsifted paper and sprinkle with powdered sugar.

**Afternoon Tea Doughnuts**  
2 eggs  
1/2 cup sugar  
1/2 cup milk  
1/2 teaspoon nutmeg  
1/2 teaspoon salt  
1/2 cup flour

**Crullers**  
4 1/2 cups shortening  
1 cup sugar  
2 eggs  
3 cups flour  
1/2 teaspoon cinnamon  
1/2 teaspoon salt  
1/2 cup milk  
4 teaspoons Royal Baking Powder

**Cream shortening:** add sugar gradually and beaten eggs; sift together flour, cinnamon, salt and baking powder; add one-half and mix well; add milk and remainder of dry ingredients to make soft dough. Roll out on floured board to about 1/4 inch thick and cut into strips about 1/4 inch long and 1/4 inch wide; roll in hands and twist each strip and bring ends together. Fry in deep hot fat. Drain and roll in powdered sugar.

The following members of the university senate were elected by acclamation: Dr. H. A. Stewart, Saskatoon; W. Pennington, Moosemin; C. E. Walker, Regina; and Prof. A. R. Greig, Saskatoon.

**Salvation Army Changes.**  
Winnipeg June 10.—Commissioner William Eddie of the Salvation Army announces some important changes in the army staff in Winnipeg. Major Walter Peacock, well known throughout the west, who has been acting editor of the Western War Cry since its inception, has been notified to enter upon an appointment in one of the neighboring territories early in August. He will be succeeded as editor of the Western War Cry by Adjutant H. G. Carter, secretary for trade and publishing affairs who in turn will be succeeded by Staff Captain Joseph Gosling.

**Easy Way to Get Fish.**  
New York, June 10.—Walter Johnson, the golf professional of the Concord Country Club, has been having fried fish for three meals a day during the past week. He went out on the links during the height of a rainstorm and caught them. He landed no less than nine large trout from the brooks that run through the course.

**\$10 Poll Tax for Lethbridge.**  
Lethbridge, Alta., June 10.—A poll tax of \$10 to be levied covers every individual, male and female, whose name does not appear on the assessment roll. School teachers, stenographers, miners, clerks and all engaged in business, trade and labor not paying taxes will come under the imposition, and all householders who rent and do not own property.

MUTT: THE POINT IS THIS: I BROUGHT HOME A DOZEN EGGS WITH ME IN ALL THAT CRUSH! NOT AN EGG GOT BROKEN BECAUSE I USED A LITTLE HEAD-WORK.

JEFF: BUT I DON'T SEE ANY EGGS! ARE THEY IN YOUR POCKETS?

MUTT: NOPE! GUESS AGAIN! IF I'D HAD THE EGGS IN MY POCKETS EVERY ONE OF THEM WOULD HAVE GOT SMASHED WHEN I WAS ON THE STREET CAR! GUESS AGAIN!

JEFF: I CAN'T IMAGINE WHERE THE EGGS ARE—

MUTT: UNLESS THEY'RE IN YOUR HAT! TEE HEE!

## LOCAL NEWS

### AT THE HOSPITAL

J. Frost of 98 St. James street, who fell into a vat of boiling sugar a few days ago at the Atlantic Sugar Refinery, was reported this afternoon from the hospital to be getting along well.

### DIED IN FAIRVILLE

The death of Miss Jennie May Duplessis, daughter of Mrs. Justice Duplessis and the late Ambrose Duplessis, occurred in Fairville today in the twenty-first year of her age. She is survived by her mother, one sister, Annie, and three brothers, William A. and James at home and Andrew of Enfield.

### BURIED TODAY

The funeral of John Hughes was held this afternoon from his late residence, 270 Britain street. Service was conducted by Ven. Archdeacon Crowfoot and interment was in Cedar Hill cemetery.

The funeral of John Cruikshank was held this afternoon from his late residence, Lancaster Heights. Service was conducted by Rev. J. A. Morrison and interment was in Fernhill.

### RUNAWAY

There was considerable excitement in Main street today when a horse, said to be owned by a man named Izard and attached to a light wagon, took fright and ran away. The horse dashed along Main street running from one side of the street to the other and was last seen turning up Dunbar street. Several children coming from school had a narrow escape. So far as could be learned neither the horse nor wagon was damaged.

### EXCHEQUER COURT

The Court of Exchequer met this morning in the court rooms in Germain street. His Lordship Mr. Justice Audette presiding. Hearing was given in the matter of a claim of the widow of Captain Thomas Henson against the Canadian Government Railways. Her husband was killed at Sackville on October 31, 1918, by a shunting engine. Evidence was given today by T. C. Harris of the latter place and Thomas Kedgewick of Moncton. James Friel, K. C. appeared for the plaintiff and Raleigh Trites for the defendant.

### DEATH OF H. C. FOUNTAIN

Henry Clinton Fountain of Eastport, Maine, who was known to many in St. John, passed away in Portland, Maine, after several months' illness. Born at Deer Island, N. B., he located in Eastport when a young man and had always had his home there. He was only child of Mrs. Joseph M. Roche, who moved from this city to Portland about three years ago, after having lived in St. John for fifteen years. During this entire time Mr. and Mrs. Fountain spent their winters at the home of their son-in-law, Joseph M. Roche, president of J. M. Roche & Co., Ltd.

## CAR THAT CAUSED CHILD'S DEATH IS STOLEN AGAIN

During the second show at the Imperial Theatre last evening, an automobile owned by W. E. Exton was stolen and has not been returned. The matter was reported to the police and they are working on the case but no trace of the car has yet been found. This is the second occasion on which Mr. Gunter's car has been taken from King square. In the last escapade the joy ride brought death to a little child at Renforth.

### POLICE COURT

Guilty Plea in St. Patrick Street Theft Case.

In the police court this morning, George Williams and William Taylor, arrested last night by Sergeant Detective Power, Detectives Buddecombe and Donahue, were charged on suspicion of acting together in breaking and entering the store of J. J. Davis, 95 St. Patrick street and stealing cigarettes and candy to the value of \$15. They both pleaded guilty, consented to the jurisdiction of the court and were remanded for sentence. It was reported that two more charges were to be laid.

A case against Dell Willis, charged on suspicion of breaking and entering and stealing cloth from the store of E. R. Taylor, West St. John, was resumed this morning. Charles E. Driscoll, lumber merchant gave evidence and the case was postponed until Thursday at noon. On application of K. A. Wilson counsel for the accused he is held on \$2,000 bail. Rev. W. R. Robinson, \$800; Mr. Wilson, \$500 and the accused \$1,000.

A large group of fourteen, was arrested last evening on charge of obstructing the traffic at the Mill street crossing, while selling newspapers. He was allowed out last night on a deposit of \$10 and appeared in court this morning and pleaded guilty, but nothing was done as to the disposition of the case.

Two men charged with drunkenness pleaded guilty and were remanded to jail.

### NEARLY MILLION AND HALF GAIN

Bank clearings here for the week ending today show a very large gain over the corresponding week of last year, a gain of \$1,468,201. The figures for this week are \$4,757,570; last year, \$2,289,669; in 1915, \$2,242,200.

## FIRE APPARATUS IS ONCE MORE RECOMMENDED

Commissioner Thornton's Motion Passed at City Hall

Repairs to West Side Wharf and Purchase of Cloth for Fire and Police Uniforms Also Recommended.

Commissioner Thornton again presented his resolution for the purchase of fire equipment to the committee of the common council this morning and the resolution passed and will come up once more before the next meeting of the commissioners in council.

The mayor presided and all the commissioners except Mr. Frink were present. This was the fifth committee meeting held by the council since Monday morning.

Commissioner Bullock reported that the engineer had estimated the cost of repairs to the face of No. 1 wharf would amount to \$4,500, including the placing of sixty new fenders, and \$1,200 for divers' work while the repairs are being made. He moved that he be given authority to proceed with the repairs at day's work, at an estimated cost of \$5,000.

Mr. Thomson said he had received complaints that there was a diver named Howard, who had expressed the opinion that he should have had a chance to do some of this work.

The mayor suggested that Mr. Howard be given the opportunity to do work in future cases; the recommendation carried.

Commissioner Bullock was given authority to call for tenders for timber for west side wharf repairs.

"Perhaps we might save some off our own land" the mayor suggested.

Commissioner Thornton was given authority to purchase from M. R. A. Little 400 yards of blue serge for next year's uniforms at \$3.95 a yard, for fire police and ferry departments.

Commissioner Thornton again recommended that he be given authority to purchase a 75 foot Copley-Gear Astrolite at \$19,720 plus exchange, and a La France 750-gallon combination chemical, hose and pumping engine at \$15,000 against the Canadian currency. He said the offer of Estey & Co., for a combination Stuts engine was for \$12,000 plus exchange which would bring the cost up to the vicinity of \$18,000.

The commissioner's recommendation carried.

## REPORTS OF CONDITIONS ON N. B. FARMS

Fredericton, June 9.—The weekly report on agricultural conditions in New Brunswick, as reported by district representatives of the department of agriculture, follows:

J. H. King, P. S. A., agricultural representative for the counties of Westmorland, Albert and Kent, reporting on agricultural conditions in his district for the week ended June 5, reports ideal seeding conditions and excellent progress; comparative acreage in crop to date nearly ninety per cent. Great is appearing nicely above ground, but rain is badly needed to give it a good start. Little growth is taking place because of drought.

In Restigouche, Northumberland and Gloucester counties the report is that wheat is doing fine; late grain growing slowly on account of dry weather; clover doing exceptionally well; pastures not improving; milk production increasing gradually.

J. H. Hoyt, agricultural representative for Carleton, Victoria and Madawaska reports: Seeding and planting well advanced. Grain crops nicely started, but have been at a standstill owing to recent weather, until the arrival of recent showers. Newly seeded clover seems to have wintered well and promises to be a good crop.

Many potato growers planned for a considerable increase of acreage, but a few have been held up, more or less, owing to difficulty in securing fertilizer. Pastures will be greatly improved by rain.

Live stock does not occupy a very prominent place in the farm work in any of the districts where potato growing is carried on extensively. In many districts somewhat remote from the railways there seems to be a desire to improve the live stock conditions.

Experienced farm help is scarce, with wages ranging from \$45 to \$75 a month, depending on the ability of the man.

Since these reports were written heavy rain storms have very materially helped the outlook for big crops. Cattle are going to pasture in good condition.

## PROGRESS AT SOUTH END PLAYGROUND

Swings and benches have been added to the equipment of the south end playground, and a crowd of small boys and girls were enjoying them last evening while hundreds of older folk were cheering and applauding a lively ball game on the diamond just over the green hill-lock that separates the two portions of the field.

At the same time Chairman Lingley of the South End Improvement League, with G. N. Hatfield, Frank White and Rev. H. A. Gody, chairman of the grounds, athletic and children's playground committees, with other members of the executive, were looking over the grounds and planning for the cinder path, the running track and jumping pit to be provided for training young athletes.

Work on grading the cinder path will be begun on Monday evening and the men of the south end are urged to be there and help, so that the sport may soon begin. The basket ball area will soon be ready for the girls, and it is expected quilts will be provided for. If the south end people show an interest they can make an all-round recreation field.

## A Couch Hammock Needs No Appeal in Its Favor!

In the summer the thoughts of all, naturally, turn to things out-of-doors, and first in this direction as a natural course is a Couch Hammock, whether one lives in town or out; so comfy to peruse a favorite book on the generous and soft pads of the hammock, and even if "old Sol" is working overtime, the protection afforded by the canopy is ample.

Just now we are displaying three attractive Couch Hammocks in our window, and more inside. You may purchase the Hammock alone without the stand and canopy, or either one of these without the other; but we know the price will more than suggest the purchase of the outfit complete—Hammock, Stand and Canopy. Hammock equipped with resilient and rust-proof springs.

(Canadian Press.) Fredericton, N. B., June 10.—The provincial government concluded their meeting here early this afternoon without having appointed the Hydro-Electric Commission to handle the development of the water power of New Brunswick.

LOCAL NEWS

GAME TONIGHT.—The Alerts and the G. W. A. team will play on the East End diamond this evening in the City League fixture.

RESIGNS AS POLICEMAN.—It was announced at police headquarters this morning that Policeman Richard Hogg has resigned.

IS NOW \$20.—A check from Manchester Robertson Allison, Ltd., for \$100, received by Mayor Schofield this morning brings the St. Quentin relief fund up to \$20.

HELD HERE.—Margaret Rideout was arrested last night on a warrant on a charge of obtaining money under false pretenses, and is being held for the police of St. John's. It was necessary to call a doctor this morning and she is reported to be quite ill.

WENT TO HAMPSHIRE.—Commissioner Frink, accompanied by Engineer Hatfield and Friz Wade, went to Hampshire this morning to arrange for the delivery of granite cutting and block for which a contract has been made. It is said that there is considerable stock available there that has not yet been shipped.

ST. QUENTIN.—Tomorrow will be the last day upon which the Red Cross depot on Chipman Hill will be kept open to receive contributions for the five sufferers of St. Quentin. A shipment was made yesterday and included in it were eight boxes from the depot.

RETURNS HOME.—Joe Irvine, wrestler and boxer, left this afternoon for Fredericton en route to his home in Oromocto. He came here yesterday to meet Arthur Larabee in a wrestling match.

INSPECTION TRIP.—I. J. Tait, superintendent of engineers of the Canadian Merchant Marine, arrived in the city on the Montreal train today on an inspection trip. He was met by J. P. Dolan, port agent of the Canadian Government Merchant Marine.

TEMPLAR CHIEF HERE.—Hon. David I. Robinson, supreme templar of the Temple of Honor and Temperance in the world, arrived in the city today. He was accompanied from Fredericton Junction by Hon. Dr. W. F. Roberts, and was met by A. B. Cowan, general recorder for this province; I. E. Logan and Harry Whitney. Hon. Mr. Robinson is here on an official visit to the Templars in this city.

GOES TO TORONTO.—Lieut.-Colonel H. C. Sparling, D. S. O., general staff officer for Military District No. 7, who is attached to the staff of the permanent force in the Royal Canadian Regiment, has been transferred to the Royal Canadian Dragoons in Toronto. He was accompanied by the R. C. R. to this district and he will be stationed here at the R. C. D. retaining his position here.

COMPLAINTS OF SPEEDING.—Commissioner Thornton announced this morning that he had recently received complaints that cars were being driven along Douglas avenue at a rate exceeding the limit, which is fifteen miles an hour, and that he had given instructions to have all offenders reported to the court on the sidewalk, has also been brought to his attention and steps are being taken to have it stopped.

MUST KEEP OUT OF YARDS.—George Sharkey appeared before Stipendiary Magistrate Allingham in the Fairville court this morning to answer to a charge of trespassing in the Fairville yard and also for stealing a ride on a train. He was sentenced to two months in jail. On June 4 J. G. Turner and Joseph Tarronte were arrested on charge of trespassing in the same yard and were sentenced to two months in jail, but this was allowed to stand against them. The C. P. R. constables have been instructed to enforce the law prohibiting people trespassing in any of the yards.

THE HOSPITAL BOARD.—Mrs. A. C. Skelton called on Mayor Schofield this morning regarding the appointment of a woman to the board of commissioners of the General Public Hospital. She indicated that the retirement of Dr. Thomas Walker was with the idea of making way for the appointment of a woman to the board. Mrs. Skelton said that she was not sent to city hall by any organization. The mayor said that no appointment would be made until the council heard further from Mrs. Skelton. The names of Mrs. H. Duncan Smith and Mrs. J. Verrier McElzhan were heard today in connection with the appointment.

GOOD THINGS COMING TO THEATRES OF ST. JOHN

CROWDS ENJOY BANNER BILL AT OPERA HOUSE

Champion Jack McAuliffe Makes Favorable Impression — Comedy Black Face Skit Scores a Hit, While Aerial Feats Prove Thrilling.

The Opera House was again crowded to capacity last evening at both performances and it is evident that the mid-week vaudeville programme is making a big hit. It will be repeated tonight for the last time and patrons should make a point of seeing it. The Four Morak Sisters appear in a thrilling serial and teeth offering, Jack McAuliffe, Welch, Mealey and the others, in a great comedy blackface skit, "The Surprise Boys," in a comedy variety and gymnastic offering. In addition to this there is another interesting episode of "Daredevil Jack," featuring Jack Dempsey, heavyweight champion of the world.

GRUMPY SALE STARTS TODAY WITH MERRY HUSTLE

The sale of reserved seats for the midsummer dramatic attraction, "The Grumpy," by an all-star cast of English players in Imperial Theatre Monday and Tuesday next, opened at the box office yesterday morning with a rush, the queue of purchasers extending along the sidewalk for three hours. This practically assures the brilliancy of the occasion from the audience standpoint. The fact that hundreds of the National Council of Women delegates are expected to be present before the opening of the convention suggests that the noted British players who have been secured for the production of the play will eventually visit the city on their Canadian tour. The big tour opens in St. John.

"THE GREAT OVE" ALL THE WEEK

So popular has Griffith's "Great Ove" become this week that the three days showing, as advertised, has been extended to six days, so that those who have not yet seen this masterpiece of the world's greatest producer may have an opportunity any one up till Saturday.

"The Valley of the Giants," one of the most popular novels of the day, is being made into a feature film by the United Artists at the Unique starting Monday next.

OTTAWA HEARS THAT BORDEN IS TO RETIRE SOON

Also That Premier Gouin Will Soon Give Up the Quebec Premiership.

(Special to Times.) Ottawa, June 10.—Clouds are again forming in the Unionist sky, if one is to believe the report that Sir Robert Borden has confided to close friends his intention to retire. The impression has been gaining ground for some time that he would retire in about three months, but the new report has it that the retirement will occur sooner and that he may even make the announcement at the Unionist caucus.

Despite former denials it is believed here as well that Sir Lomer Gouin will resign the premiership of Quebec. The two events taken together are regarded as preparing the way for the next contest between "big interests" politicians and progressives with policies designed for the benefit of the whole people.

EDWARDS AND PROHIBITION ACT

Democratic Candidate for Presidency Says People's Power is Paramount.

Seagirt, N. J., June 10.—Governor Edward L. Edwards, a candidate for the Democratic presidential nomination, issued a statement here today demanding liberation of the people of the United States, lawfully and by the constitutional method prescribed by state judgment upon the case.

"The supreme court has declared the amendment to be a part of the constitution and the Volstead act to be its statutory interpretation," reads the statement. "That act is open to such amendment as the duly elected representatives of the people may enact."

"No power exists which is paramount to the power of the people expressed at the polls. There is no sovereignty. Every candidate for congress, every state and executive official, and the candidates for the presidency itself, will be called upon this coming November to declare their positions unmistakably on the same and reasonable interpretation of the constitutional amendment, in favor of the permissive use of light wines and beers, each to determine its regulations under the liberal limitations of a general federal statute."

"I appeal to the great and final referendum of the American people."

IN CITY TODAY ON BIG HOTEL PROJECT

Messrs. G. Dudley and J. O'Neill of the United Hotels Association and Ross of the firm of Ross & Macdonald, architects, arrived in the city on the Montreal train at noon today. They were met by Stanley E. Elkin, M. P., president of the Commercial Club; Chas. Lellan, vice-president; and H. B. McLean, secretary. This afternoon they will inspect sites for the proposed hotel and the evening will be the guests of the Commercial Club at a luncheon in the Union Club.

THE EMPIRE MEMORIAL HOSTEL To the Editor of The Times: Sir,—We want to endow this hostel, the need for which is very urgent and very pressing, and the site for which is already secured. It is a terrible affliction for us, who owe our very lives to the sacrifices of our merchant seamen, that when they come into the port of London hundreds of them are unable to find a decent bed, a decent meal and decent recreation, which is all they ask for. All the existing hostels are crowded out and are turning hundreds of men away every night, and the result is they are driven to the haunts of vice which abound in the district—which exist indeed to prey on these men, or else they can only walk the streets. And these are the men who saved the empire.

We cannot all give large sums but most people can afford 2s. 6d., and we want to get a million half crowns in order that the memorial hostel may be opened as soon as possible. There can be no delay in paying the debt that every person in this empire owes to these men.

Yours truly, SOMERSET.

## COUNCIL DEALS WITH BOND ISSUES

Several matters dealing with bond issues were disposed of at yesterday's meeting of the common council. Issues for paving Prince William street and for laying concrete sidewalk in Millidgeville road were approved, while those covering the purchase of new equipment for the public works and public safety departments were turned down.

The resignation of Dr. Thomas Walker from the board of commissioners of the General Public Hospital was read and accepted. The common clerk being requested to notify the trustees of the vacancy and to tender to Dr. Walker the appreciation of the council for his long and faithful service.

A protest from the board of school trustees against the inauguration of a street car service along Union street before the high school, was held over until the matter of the change in the street car tracks and service is considered by the council.

A letter from E. J. & Company regarding fire equipment for which the firm is local selling agent was referred to the commissioner of safety. A letter from the Union of Canadian Municipalities, announcing a convention in Quebec city from July 27 to July 29 next, was referred to the mayor with power to appoint a representative from the city.

An amendment to the by-law affecting circus and travelling shows was considered and a third time adopted.

Mayor Schofield reminded the commissioners that the American Press party would be in the city on Monday and would be the guests of the city at dinner in the Knights of Columbus hall Monday evening. Covers had been ordered for 200 but only 129 are in the party and it has been decided to sell enough tickets to make up the shortage.

The purchase of a horse for number 5 fire station at \$215, was approved.

J. B. Jones moved that water service be extended to the lot in Earle avenue, Lancaster Heights, owned by the Sterling Realty Company, the company to pay ten per cent. of the cost annually until the service is self sustaining. The motion carried.

The agreement made at a previous date between the city and the fire department and F. B. Hazen for water extension to his property in Mount Pleasant Court was confirmed by the council and confirmed by the council.

For Relief Work.

Mayor Schofield brought up the matter of a fund amounting to \$700 or so, for the relief of the unemployed. The mayor's office for aid but upon being informed by Mr. Thornton that grants were made to various organizations by the city for that purpose, particularly to the Associated Charities, the proposal was dropped.

Payments of city accounts amounting to \$146,763.04 for last month were approved and the following departmental accounts were ordered paid: Treasury, \$442.52; public safety, \$5,184.73; public works, \$3,139.19; water, \$7,100.00; \$2,800.56; harbors, ferries and public works, \$3,961.51.

Committee reports were approved which covered the following matters:

A report to be prepared by the city engineer covering the cost and sewerage of the 24-inch water main from Manchester's corner on the Manawagonish road to Spruce Lake, a distance of 1.5 miles. Permission to the commissioner of public safety to sell two horses from the fire department and the horse wagon and harness used by him, at public auction.

Acceptance of the tenders of J. P. Wilson, Limited, and James Sproul for repairs to the Free Public Library.

An amount of \$698.11 for mechanics' deals was ordered paid, also the item of \$400 for examining and reporting on the condition of number one berth.

Fee simple in lot number 422, Guys ward, was sold to Mrs. Ella M. Burley for \$450.

The Grand Mann Steamship Company was given the use of a portion of the warehouse on River Point wharf on the basis of a yearly rental of \$50, payable in monthly instalments.

Advertising.

Privilege of advertising on the ferry steamers was given the Ferry Advertising Company, for a term of three years, at \$500 a year.

The excavating contract with Moses Tobias and Farris, originally made for King street only, was extended to include the north side of Market square.

## ST. JOHN WOMAN IS MADE HAPPY

Mrs. James Landry Entirely Relieved of Four Years of Suffering by Taking Tanlac.

"Tanlac has certainly proved to be a 'friend in need' to me for it has restored my health after I had almost given up hope of ever getting well," was the statement made recently by Mrs. James Landry of 68 Moore street, St. John, N. B. During the past four years I have had my share of suffering for five years troubled with indigestion and nervousness so much I was at my wits end to know what to do for relief. It seemed that everything I ate lay heavy on my stomach, soured and caused me no end of misery. Gas would build up and press into my chest cutting my breath off until I just had to gasp and struggle for air and my head ached so that I had it frightened me. I often felt bilious and wasn't able to retain a thing I ate. I was subject to terrible nervous spells and whenever they came on I was completely upset, couldn't stand for the children to be anywhere around me and couldn't eat a bite of anything. Every few days I had a headache that almost drove me frantic and at one time last year I had one continual headache that lasted for nearly three months. I was simply in miserable health and just couldn't find anything that would do me any good.

Finally, I began taking Tanlac and I just can't tell how happy I am that I tried it. I started improving right from the first and each day I got better and grew stronger until now I am perfectly well in every respect. My stomach never gives me any trouble at all, my appetite is splendid and everything I eat tastes good and agrees with me. My nerves have quieted down until they are as free from those awful headaches. I sleep soundly and feel better in every way than I have for many years. Tanlac has been a blessing to me, indeed, and I can't say enough in praise of it.

Tanlac is sold in St. John by the Ross Drug Company and F. W. Munro; by G. W. McKay, Beaver Harbor; William J. Colwell Evans, C. V. Parsons, Highland, and by the leading druggists in every town.—(Adv't.)

## OPERATION WAS NOT NECESSARY

"Fruit-a-tives" Restored Her To Perfect Health

183 Papineau Ave., Montreal.

"For three years, I suffered great pain in the lower part of my body, with swelling or bloating. I saw a specialist who said I must undergo an operation. I refused.

I heard about "Fruit-a-tives" so decided to try it.

The first box gave great relief and I continued the treatment. Now my health is excellent—I am free of pain—and I give "Fruit-a-tives" my warmest thanks."

Mrs. F. GAREAU.

50c a box, 6 for \$2.50, trial size 25c. All dealers or sent postpaid by Fruit-a-tives Limited, Ottawa.

price asked for the area a reasonable one and said many north end people would be willing to pay that amount for it.

Commissioner Jones said if the citizens of the north end would call a general meeting to discuss the matter and that it was shown by the meeting that the preference was for the Armstrong & Bruce property, he would vote for that property. He thought there should be another meeting called, and in this opinion Mr. Frink concurred.

Dr. Hutchinson agreed to call a general meeting on Monday night next and invited the commissioners to be present. The recommendation of the committee, that the common council accept the offer made by Armstrong & Bruce of the land at Portland Place, measuring 600 feet by 300 feet, for \$10,000 and the amount be paid by bond issue, was therefore held over until the meeting of the north end citizens is held.

Mr. Thornton voting against the delay.

## MAXIMUM PENALTY FOR POLICEMAN

Police Constable Richard Hogg was adjudged guilty in the police court yesterday afternoon, of selling liquor without a license to do so. The case was taken up about 4 o'clock and the defendant and his wife gave evidence. Mrs. Hogg, although she said she had no knowledge of the occasion on which the charge was laid, contradicted the evidence given of liquor being sold on previous occasions, and the defendant denied the charge. The magistrate decided to impose the maximum penalty. A. A. Barry appeared for the defence and W. M. Ryan prosecuted. The maximum penalty is \$200.

## MANUFACTURERS ELECT OFFICERS

(Canadian Press Despatch.)

Vancouver, B. C., June 9.—F. McKinnon, of Toronto, was today elected president of the Canadian Manufacturers' Association at the annual convention here, succeeding T. P. Howard, of Montreal. Other officers elected include: First vice-president, W. W. Fay, St. John (N. B.); Executive officials include, Thomas Cantley, New Glasgow (N.S.); and J. G. Macdonald, Vancouver. The first business considered at this morning's session was the amendment to the constitution of the association. The Pacific Coast Division was amended in the by-laws, to the British Columbia Division.

### Never a corn on millions of feet nowadays

Do you know that millions of people who use Blue-jay keep entirely free from corns?

If a corn appears it is ended by a touch. A Blue-jay plaster or a drop of liquid Blue-jay is applied.

The corn pain stops. Soon the whole corn loosens and comes out.

The method is scientific. It is gentle, easy, sure. Old-time harsh treatments are supplanted by it with everyone who knows it.

### CITY TAX RATE FOR THIS YEAR WILL BE \$2.98

Gain of Thirty-six Cents Over Last Year—Increase in Levy and Assessment Valuation—Some Comparisons.

The general tax rate this year will be \$2.98 per \$100, according to the statement made yesterday by E. Murray Olive, chairman of the board of assessors. The total levy amounts to \$1,632,069.99, an increase of \$335,233.01 over last year, but the total assessment value this year is \$53,419,300, a gain of \$5,302,750 over 1919.

Special taxes, amounting to \$102,209.96 are derived from the following sources: Banks, \$20,516.22; companies and corporations, \$52,912.31; and \$29,781.43.

It was pointed out by Mr. Olive that although the rate for this year is thirty-six cents higher than last year, it compares favorably with other cities. The rate in St. John (Ont.) is \$4; Hamilton, \$3.50; Toronto, \$3.01 and Montreal, \$2.46. Halifax has a land tax rate of \$5.46 and improvement tax of \$1.75, together with special business and house taxes.

The lowest tax for many years was in 1903, when the rate was \$1.62. For the last six years the rates have been:

1913	2.27
1914	2.27
1915	2.18
1916	2.18
1917	2.18
1918	2.18
1919	2.62
1920	2.98

### CADET INSPECTION

The St. John High school made an excellent showing at the inspection of the cadet corps at the barracks square yesterday afternoon, making 46 points out of a possible 60, which puts them in the second place in the provincial competition. The other three corps, from St. Edward's, St. Malachi's and Winter street schools, all tied making 28 points each. Colonel Snow said that the showing made was satisfactory all through and he was much better pleased with it than with the inspection on Tuesday afternoon.

Brigadier-General A. M. Macdonnell, C.M.G., D.S.O., officer-in-charge of the district No. 7, and Lieutenant-Colonel H. C. Sparling, D.S.O., were present. The general inspected the corps and took this salute as they marched past. After the final inspection, the general addressed the boys, congratulating them on their turnout, and expressed his pleasure at witnessing their drill, which he thought very good for the time they had been training.

The instructors of the different corps are as follows: Major W. C. Magee, of High school, King George, King Edward, St. Peter's and West St. John schools; Lieutenant Harrington, of St. Malachi's school; Sergeant James Strachan, of Alexander and Winter street schools; Sergeant A. W. Oliver, R.C.I.C., is physical drill instructor of all the corps except the two last mentioned.

The work of deparading the Newman brook may be done by the employees of the water and sewerage department, Commissioner Jones said yesterday. No action will be taken in the matter, however, until the report of G. G. Haro, city engineer, is received.

### A SICKLY WIFE NO FIT MATE FOR ANY MAN

Girls and women should look well to their health and strength.

Never before was physical health and vigor so highly esteemed and so eagerly sought for as today.

No man finds happiness in a sickly wife, and the woman who wishes to enjoy the pleasures of life should spare no effort to maintain perfect health.

Is your daughter growing up strong and healthy? Has she strength to drink greedily all the pleasures that youth so sedulously seeks—or is she compelled to use the street car instead of enjoying the delightful exercise of walking—does she after the ball arise refreshed and vigorous, or is she exhausted, indifferent, and perhaps irritable?

When strength and vigor can be so easily maintained by Ferrerozine, when the glow of health is so quickly brought to the cheeks and vitality to the step, it is plainly a mother's duty to see that Ferrerozine is on hand to assist her daughter back to health.

Upon the wake of Ferrerozine quickly follows a stream of rich, nourishing blood which imparts that power and surplus energy so earnestly desired by those in ill-health.

Stop and think what this means for your daughter—certainly a great deal, and it can be accomplished by Ferrerozine.

Every growing girl and young woman derives enormous benefit in many ways from this nutritive, vitalizing tonic.

It is especially suited for young women and is a guarantee of health and regularity as long as it is used.

Ferrerozine is free from alcohol and perfectly safe to use. Prepared in the form of a chocolate-coated tablet and sold in 50c. boxes or six for \$2.50, at all dealers, or direct from The Catarrhone Co.

### "DANDERINE"

Stops Hair Coming Out; Doubles Its Beauty.

A few cents buys "Danderine." After an application of "Danderine" you can not find a fallen hair or any dandruff, besides every hair shows new life, vigor, brightness, more color and thickness.

Every growing girl and young woman derives enormous benefit in many ways from this nutritive, vitalizing tonic.

It is especially suited for young women and is a guarantee of health and regularity as long as it is used.

Ferrerozine is free from alcohol and perfectly safe to use. Prepared in the form of a chocolate-coated tablet and sold in 50c. boxes or six for \$2.50, at all dealers, or direct from The Catarrhone Co.

### What Supports the Heart?

By N. COOK, M. D.

The heart is the hardest worked organ of the human body. It beats on an average of seventy times a minute—from the minute of birth to the minute of death. Every half minute or every thirty-second beat, the whole of the blood in the body is pumped through the heart, so that the dual heart moves about six tons of blood in each twenty-four hours. One's purity of that health depends on the strength of the heart depends the strength of the body. The question then is, how can we keep the blood pure and the heart strong? What is blood? Blood is only digested food. No man is stronger than his stomach, because physical strength is derived from food digested and assimilated. Deaths ascribed to weak heart and "heart failure," should be called weak stomach and "stomach failure."

It is this dependence of the heart upon the stomach which explains the relief from "heart trouble" effected by the use of Dr. Pierce's Golden Medical Discovery. This remedy is for diseases of the stomach and other organs of digestion and nutrition. It purifies the blood, eliminating from it the substances which corrupt and poison it. Even this alone would take the strain from the overtaxed heart. But Dr. Pierce's Golden Medical Discovery also acts directly upon the heart itself. It strengthens the heart's action.

This is the time of year when we need a reliable tonic. Tonics (poisons) pile up within the body after a "hard winter," and we feel tired out, blue and discouraged. If you want vim, vigor, vitality, try this Spring Tonic of Doctor Pierce.

### GIRLS! USE LEMONS FOR SUNBURN, TAN

Try It! Make this lemon lotion to whiten your tanned or freckled skin.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of Orchard White for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands and see how quickly the freckles, sunburn, windburn and tan disappear and how clear, soft and white the skin becomes. Yes! It is harmless.

### Embarrassing Hairs Can Be Quickly Removed

(Beauty Culture.)

Hairs can be easily banished from the skin by this quick, painless method: Mix into a stiff paste some powdered delatone and water, spread on hairy surface and in 2 or 3 minutes rub off, wash the skin and it will be free from hair or bluish. Excepting in very stubborn growths, one application is sufficient. To avoid disappointment, buy the delatone in an original package.

### GROCERY PRICES

**IN THREE CITIES**  
**OF THE DOMINION**

The following comment on the market situation as regards food stuffs appeared in Canadian Grover last week. All general grocery markets have an upward trend and the wave of price climbing that has apparently struck other lines cannot possibly touch food stuffs. The wheat market, which is the barometer of the foodstuffs market, is very strong with every indication that higher prices will be reached. Oats have also reached the highest price on record. Sugar was never known to be selling at such high figures as at the present. Taking as an indicator the situation of these three articles, which rule the price of hundreds of other lines of commodities, there is no chance whatever of prices slipping, this year at any rate.

Most Serious Shortage Of Labor For Farms

Alarming Drift of Rural Population to Cities May Result in Lowered Production and Higher Prices

There is no disguising the fact that Northern Ohio is participating in the "rural unrest" that seems so general everywhere. Auction sales are just common events now. Sales bills are displayed from every vantage point, and about every bill announces the sale in entirety of all farm stock, implements and chattels without reserve.

Shortage of Food Predicted. The farm journals are probably closer to the farmers than even the various state and federal agencies.

"There can be no question about the shortage of food that is due for next winter," says the Rural New Yorker.

"What is to be done about it? How are the farmers going to keep their present help or get back their old hands who have gone off to the cities?"

"We can't afford to pay men factory wages out here on the farm and feed them, too," said a neighbor of mine, a dairyman in Central Connecticut.

"I see no immediate remedy, and there will not likely be any until the people are started into recognition of the fact that the production of food is a more important industry than the manufacture of expensive ornaments."

"Another thing: Impress upon the city people that farming is a man's-sized job. Women and boys and clerks on vacations are not of much consequence. I hate to shatter a pretty delusion. They have been of some help, of course. We want men, experienced men, and we will pay them to the limit of our financial ability."

France is making preparation to bring her system of common school education up to date. The contention is made that inadequate attention has been paid to instruction in real life.

There is to be no let-down in theoretical work. But the time devoted to instruction in practical affairs is to be greatly increased, or, according to one French paper, the setting aside of a certain amount of time for the study of real live questions is to have its debut in French schools.

Most city people have a notion that the farmers are making more money than they know what to do with. There is no question that they did exceptionally well in 1918, because war prices of farm products advanced faster than the elements of cost.

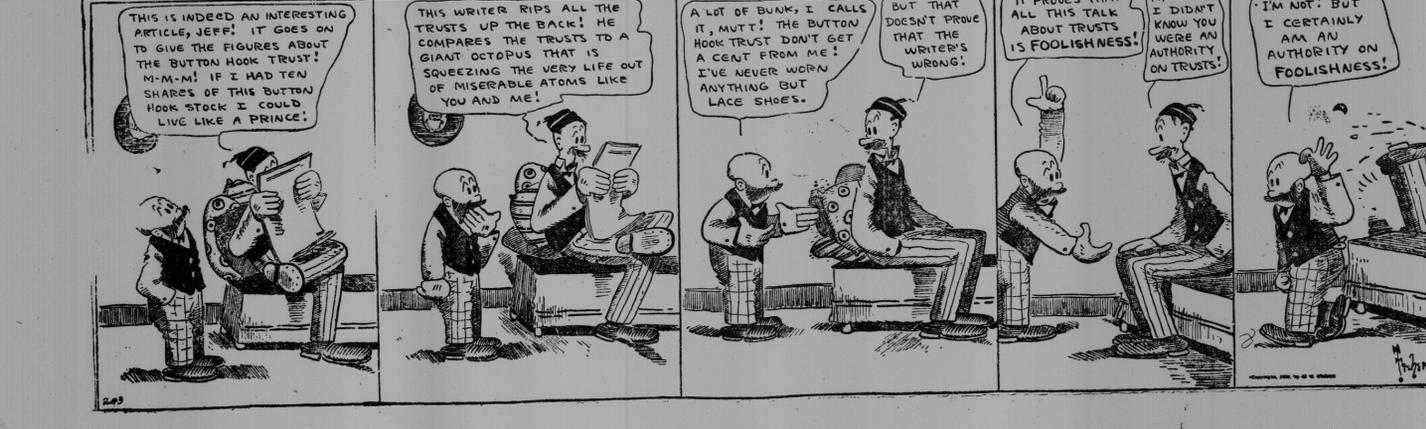

A letter from an Ulster County farmer to the Rural New Yorker is typical of the complaints pouring in. "Many farmers in this section are planning cut down expenses, even at the cost of lowering production."

Another correspondent draws a rather gloomy picture of the conditions in Ohio.

**The Big Leagues.**  
In the American League yesterday, Perry's ineffectiveness during the first few innings gave Cleveland the victory over Philadelphia. New York continued its hard hitting and won second game over Detroit. Washington made it two straight from St. Louis. Hooper's triple and a single by Schang scored all of Boston's runs and beat Chicago.

**National League.**  
In the National League, New York made it two straight from the champions. Brooklyn evened the series with St. Louis. Philadelphia won second straight game from Chicago. It was the latter's eighth consecutive defeat. Boston came from behind twice and won in the tenth against Pittsburgh. Results:—

**South End League.**  
In the South End League fixture last night the Pirates succeeded in winning from the All-Stars by superior hitting and fielding. Bridges and Kerr were both wild, but the latter head his opponents down to four hits. King relieved Bridges in the third inning and allowed only two runs. Kerr made a fine catch of King's liner in the fifth, doubling Garrett on first. Atchison and Lacey umpired satisfactorily.

In the Intermediate League last evening on the Queen Square diamond, West Side, an exciting game of baseball was played.

**On the East End diamond last night** the S. P. A. boys defeated a picked team from Clarence Street Stars and the Rangers by a score of eleven to fifteen.

**The East End Clippers wish to challenge** the South End Royals to a game of baseball to be played on the East End diamond on Friday evening at 7.30. Answer is requested through these columns.

**Fredericton, N. B., June 9**—The Mayville Stars, a four-man county baseball team maintained its unbroken record of victories by beating Fredericton city 9 to 3 at the trotting park this evening.

**The two biggest factors in the Yankees' professional rise have been the hitting of George Ruth and the pitching of the veteran Quinn.** The latter beat the Macks yesterday, allowing only five hits and completing a string of nine consecutive victories—not eight, as has been reported in some quarters. Quinn beat the Macks in his first game and then lost to the Yankees since then he has taken three games from the Red Sox, two from the Washingtons and one each from the Rockwells, Browns, Tigers and Mackens. He has done his best pitching having turned in a three-hit game against Griffith, a four-hit game against Cleveland and five-hit game against Washington and the Macks.

**Another win was scored by the Young Violets yesterday afternoon** when they defeated the Short Street Lions by a score of 5 to 3. Wamanager and McTigue was the battery for the winners, and McKennie and Johnson represented the Lions.

**The Maritime members of the team** are: Lieut. John Chandler, 6th regiment, Woodstock (N. B.); Captain W. J. Sangster, 14th K. C. R. H., Falmouth, Hants county (N. S.); Sergeant A. McCabe, Prince Edward Island Heavy Artillery, Charlottetown.

**On the Crown street diamond last night** the Minks, for the third time, defeated the Imperial nine by a score of 6 to 2, mainly through the good work of the battery which was made up of J. McVane, W. Bettle and W. Comeau.

**Among the local sprinters who will likely feature in the sports are:** Bridges of U. N. B., George Margrets, a former star of Michigan University; Oxy Macdonald of St. Joseph's, Trumble of U. N. B., and Coster of Dalhousie. Coster and Trumble starred for their respective alma maters in the recent inter-collegiate track meet held in Moncton.

**The Young Glenwoods had everything** their way last night in a game on the Frederick street diamond, with the Young All-Stars, chalking up a score of 9-2. Kirkpatrick and Jones were the battery for the winners and the All-Stars were represented by Ward and Smith.

**Lenares to Meet Brossseau.**  
Montreal Herald's Jules Lenares, sparing partner of Georges Capenelle, gave out a statement in Boston that he intends engaging in several bouts on the Lenares-Levinisky is over. The Belgian champion also intimated that he was as good as matched with Eugene Brossseau, the Canadian, for a ten-rounder in Montreal in the fall and the bout may come off if Brossseau boxes again.

**TRAP SHOOTING.**  
To Shoot at Ottawa.  
Oscar J. Killam, St. John's representative on the Olympic trapshooting team,

**Tendler's Victory.**  
Milwaukee, June 10—Tendler of Philadelphia, was given the newspaper decision over Richie Mitchell of Milwaukee, in a ten-round no-decision bout

**left on the Montreal train last evening** for Ottawa, where he will compete in the Canadian Trapshooting Championships which are to take place on Tuesday, Wednesday and Thursday next week. It is expected that there will be between 250 and 300 of Canada's best shots at the meet, but St. John trapshooters fans feel that their representative will come back with more laurels.

**last night.** Tendler showed to advantage in a majority of the rounds. Each boxer scored a knock down from still blows to the chin (Mitchell being upset in the first round and Tendler in the fifth). Mitchell lost considerable blood from a badly cut lip in the fourth. Georges Carpentier, French champion, boxed an exhibition bout with his Belgian sparring partner.

**YACHTING.**  
Resolute Again.  
Newport, R.I., June 9—Resolute defeated Vanite again today in the official trophy for America's Cup event. The winning sloop chased Vanite all over the entire thirty-mile triangular course, but soon through her time allowance, the margin being 59 seconds.

**Britisher Defeated.**  
London, June 9—Ted "Kid" Lewis defeated Johnny Basham, British welterweight champion in a fight for the welterweight championship of Europe to night. Basham was badly punished. His seconds threw up the sponge at the end of the ninth round.

**GOLF.**  
Champion Outed.  
Muirfield, Scotland, June 10—The pre-eminent feature of the third day's play in the British amateur golf championship yesterday was the elimination of J. L. C. Jenkins, holder of the championship title since 1914, by Bernard Wragg of Wootton in the fourth round. The match, which was stubbornly and keenly contested, went to an extra hole before the title-holder was defeated. They were all square after playing the home hole, but Jenkins was out of luck in the nineteenth, giving Wragg an advantage of which he availed himself to win with his right to the title.

**THE TURF.**  
Montreal Trainer Coming.  
C. R. Polvin, the well-known Montreal trainer, will campaign on the morning and Maine circuit this season. His stable will consist of nine horses, one of which is said to be Budlight, 2084, formerly in Murphy's stable and not obtained a final decree of divorce from George Grashoff, Salt Lake City, when she was mated to Dempsey.

**A New Running Track.**  
A W. Covey, president of the maritime branch of the A. A. U. of C. made arrangements with civic authorities yesterday to put tracks and men at work filling in for a running track on the East End playgrounds. George N. Hatfield will set the grade stakes for the track and it is hoped to have it ready by next week. Jumping pits will also be made, standards erected and other facilities arranged for those who will enter the Olympic trials on June 26.

**Shamrock IV, Tuning Up.**  
Sir Thomas Lipton's Shamrock IV, challenger for the cup in the international yacht races, was given a tuning up spin yesterday under heavy weather conditions. Weather conditions were not ideal for such a test as there was only a light breeze. However, she sailed along in a surprising manner.

**Yale-Harvard Regatta.**  
Gales Ferry, Conn., June 10—Agreement on the programme for the Yale-Harvard regatta on June 25 was reached last night by the Yale and Harvard rowing officials. The variety race over the four mile course is scheduled to be rowed up stream at 5 p. m. standard time. In case it is delayed past 5.30 p. m., the race will be rowed down stream after seven p. m. standard time.

**Legless Wins in Swimming.**  
Washington, June 10—Robert S. Fletcher, a soldier who went to war from Plain View, Tex., is at Walter Reed Hospital, with both legs amputated at the trunk. In a swimming and diving contest at the hospital pool Fletcher won the high honors. He will return to Texas and run a ranch after he leaves the hospital.

**SHOOTING.**  
To Shoot at Ottawa.  
Oscar J. Killam, St. John's representative on the Olympic trapshooting team,

**Tendler's Victory.**  
Milwaukee, June 10—Tendler of Philadelphia, was given the newspaper decision over Richie Mitchell of Milwaukee, in a ten-round no-decision bout

### SIDLIGHTS ON SPORT

Considerable interest is being manifested in a baseball game to be played here on Saturday afternoon between Marysville and St. Peter's. The former team is leading the York County League with four straight wins to its credit, and the St. Peter's nine are leading in the city league with three wins and no losses. Both teams will have their strongest line-up and a good game is anticipated.

Moncton papers are announcing an exhibition match between Mike McTigue, champion middleweight of Canada, and Arnold of Halifax. Arrangements were made to have Frankie Burns of this city meet McTigue, and he was training hard for the encounter. The bout is to be one of the feature attractions of the Chief Constables' convention, which is to be held in the railway town on June 29, 30 and July 1. Why the change is a mystery to local followers of the game. Burns is a clever and aggressive boxer and would have made McTigue step some other to defeat or outpoint him. Burns has had a hint of experience in the ring and has an enviable record in the west.

Abnormal hitting in the American League is puzzling the fans and it is attributed to the ball, which is said to be truer than that used in the National League. Manufacturers of the American League ball insist that it is the same in quality that has been produced for the last twenty years. To date American League teams have made 100 home runs, and only fifty-eight have been made in the older organization. Unless there is a stop put to the terrific hitting this is a safe bet that pitchers will again be allowed to come across with their freak deliveries. To rob a pitcher of some part of his killing his effectiveness will not tend to make the game as interesting.

It is evident that McGraw is out to strengthen his club when he trades Art Fletcher, his field captain, for Bancroft. The Giants may yet be in the pennant fight.

The weather man was certainly good to the lovers of the shotgun last night at Glen Falls and a good number took advantage of it. Some very good scores were made. The following are the scores for the fifty bird events:

H. W. Berry, 45; J. W. Andrews, 44; R. McAvity, 43; George Blizard, 40; Allen Gundy, 38; R. P. Seely, 38; C. J. Watson, 30; Mr. Whitly shot at 10, broke 8; Mr. Gosman shot at 10, broke 8; Mr. Gamel shot at 25, broke 18.

A special suppersite event was run off with an average handicap made up on the shooter's records, making all on an even basis. Mr. Gundy was the winner of a very nice pool.

Mr. White and Mr. Gosman tried the club birds for the first time and said it would not be their last. Mr. Killam, the club's best shot, has left for Montreal, Toronto and Ottawa to take part in some regular tournaments, getting in some good practice on various grounds under varying conditions before the Olympic shoot.

**CASHMERE STYLE RETURNS.** Paris, June 10—Parisian women are searching their wardrobes for cashmere shawls, which a generation ago were thrown from the pedestal of fashion they occupied. The cashmere fashion has returned. The beautiful material, now used for the decoration of hats, handbags and numerous feminine articles, fetches an enormous price.

**Poor For Catch.** Dawson, Y. T., June 10—Royal Canadian Mounted Police constables who recently returned from the Arctic, report a poor fur catch this year.

### ACUTE ECZEMA ON BABY'S HEAD

Face, Neck, Arms, Terrible Slight, Itched And Burned. Cuticura Heals.

"Baby was two months old when I noticed little pimples on her head. They kept getting worse and spread till her head, face, neck and arms were one mass of eruptions, burning, itching, and bleeding. I was told it was eczema. I had to sew up her arms and legs in linen. She was a terrible sight. For one year I had no rest night or day.

"We got Cuticura Soap and Ointment. In less than two weeks she began to mend and in a few months she was healed." (Signed) Mrs. E. J. Egan, 243 McDonald St., Peabody, Ont., April 19, 1919.

Stop the use of all doubtful soaps. Use Cuticura for all toilet purposes. Soap 25c, Ointment 25c and 50c. Sold throughout the Dominion. Canadian Depot: Toronto, Limited, 25, Front St. West. Cuticura Soap shaves without soap.

### WOMEN CAN VOTE JULY TENTH

Thousands of women who did not register in previous elections will be delighted to learn that they still have an opportunity of getting on the list and voting for prohibition. To be eligible one must be twenty-one years of age and a resident of the province for six months, and make an affidavit to this effect before any justice of the peace, which includes the mayor and commissioners. A copy of this affidavit must be forwarded to the Board of Revision in the parish in which they live two weeks prior to the date of the election.

### GAMBLING AT SARATOGA MUST STOP, SAYS SMITH

Governor Warns Authorities—Threatens to Use State Troops.

Albany, June 10—The gambling scandals which were a feature of last year's racing season at Saratoga Springs will not be repeated this year, if Governor Smith has his way.

The governor informed the district attorney and sheriff of Saratoga County that unless gambling dens are closed and kept closed he will supersede the authority of the two officials and police the city with state troops.

The governor's action is taken as the result of a complaint by the Saratoga Chamber of Commerce declaring that gambling houses were permitted to run on a large scale at Saratoga last year. It was declared that the city during this period was crowded with gambling resorts operating with the brazenness featuring the palmist days of the Canfield era.

Nothing definite has been presented to the governor which would lead him to believe that the local authorities were not doing their best to close the gambling houses, but lack of ability to enforce the law will not be excused as an excuse by the governor.

In his letter the governor said: "I desire to give you sufficient notice that gambling houses must not be tolerated at Saratoga, New York's great health resort. If there is any indication, based upon evidence, of a renewal of the activities of gambling houses complained of, I shall feel compelled to relieve you from duty in the premises and police the city with the state troops."

### MEMORIAL HALL

Carman, Man, June 10—Premier T. C. Norris, of Manitoba, recently participated in a historical day for the municipality of Dufferin and the town of Carman, when he opened the new memorial hall here. The building is of red brick with stone facings. Aside from the memorial tribute the building is a magnificent effort to promote a community spirit. The cost was \$60,000, divided between the town and the municipality.

### Lucky He Wanted Match.

Smith Centre, Kan., June 9—Not having a match to light a cigar saved the life of a fireman on one of the locomotives attached to a train that had been stalled near here. Leaving the cab of the engine, he started back to get a light. He had hardly reached the second car from the tender when the engine boiler blew up, destroying the locomotive.

### WILL RUN AGAIN FOR MAYORALTY.

Winnipeg, June 10—S. J. Farmer, who opposed Mayor Gray at the last civic elections, again will be advanced as a Labor candidate for mayor at the elections for 1921, Labor aldermen predict. "I believe Labor will again control the council next year," Alderman John Blumberg declared. He said if Labor candidates were elected every dollar would be spent advantageously to the city as a whole and no section would be given preference. "I believe Winnipeg would appreciate a Labor council," Alderman Blumberg continued. "It would endeavor to keep the tax rate down to a minimum and, I believe, some civic grants favored in the past would be discontinued."

### SALE OF ESSENCES IS CONTROLLED IN B. C.

Victoria, B. C., June 10—On the first of May the remaining four sections of the amendments to the British Columbia prohibition act, passed at the recent session of the legislature, went into effect. It is not possible to obtain a prescription for more than eight ounces of liquor now save and excepting under the special conditions set out in the amended statute. Sale of tinctures and essences are similarly regulated. It is also impossible to obtain delivery of liquor from a local warehouse within the province, must label their bottles and barrels with the name of the brewery from whence the product comes.

### THE COCKROACH KING.

London, Eng., June 9—The St. Pancras council meeting was asked to take steps to check the increase of cockroaches at public baths. One of the councilmen said that there was formerly a professional cockroach killer in the borough but he did so well that he retired from business.

### FRENCH AIRPLANE GOLIATH MAKES NON-STOP RECORD

Remains in Air 24 Hours 59 Minutes and Covers 1,915 Kilometres.

Paris, June 10—The airplane Goliath, built by Lioré, Berthoin and Bernard, has broken the world's record for continuous flight. It remained in the air twenty-four hours, nineteen minutes, seven seconds, covering a distance of 1,915.5 kilometres.

The Goliath also established what are said to be records for 1,000 and 1,500 hours, twenty-nine minutes and fifty-six seconds and the latter in sixteen hours forty-two minutes eight seconds.

The flight was made at Stamps, near Paris. The former record for continuous flight was held by a German, W. Landmann, who remained in the air twenty-one hours, forty-eight minutes, forty seconds in June, 1914.

### HELD UP BY BANDITS

Husband and Wife Tied Together by Auto Robbers.

Pittsfield, Mass., June 10—Three masked automobile bandits at the point of revolvers held up Mr. and Mrs. Leon J. Hazelton in their home at Jacob's Well on the state highway in Belchertown. After ransacking the house and taking between \$75 and \$100, the bandits, according to the story told to State Detective Thomas G. Blight, of this city, bound and gagged Mr. and Mrs. Hazelton in chairs, back to back, and then left the premises, going towards Springfield, Mass. Mrs. Hazelton succeeded in unloosening the ropes and Mr. Hazelton telephoned word to the Westfield police, but no trace of the bandits could be found.

### THEIR AUTOS IMPOUNDED.

Speeders in Winnipeg Being Fittingly Punished.

Winnipeg, June 10—The campaign against speeders in this city has resulted in four men being deprived of their automobiles for one week. Automobile license fees varying from \$23 to \$53, Magistrate Sir Hugh John Macdonald ordered that their cars be impounded in accordance with an order issued May 31, that all speeders going more than twenty-five miles an hour after June 1 would have their cars impounded.

### DISCREET JOURNALIST.

German Declines to Visit French Devastated Regions.

Paris, June 10—Dr. Alexander Riddle, chief political writer of the Berlin Vossische Zeitung, and the first German newspaperman to come to Paris since the war, has been offered facilities for observing the situation in France. He came here on special permission of the French government, but has declined to accept an invitation of the government to visit the devastated regions.

### KILLED BY BLOW OF BEAR.

Prince Rupert, B. C., June 10—Clarence Thompson, a logger on Chicago Island, died recently from wounds inflicted by a large brown bear. Terribly lacerated, Thompson was found by a searching party, to whom he gave a connected account of his experience before he died.

### NO PLACE FOR A SHY MAN.

London, Eng., June 10—On the ground that he was too bashful, and that a woman was better fitted for the job, Councillor Everett resigned from the Maternity and Child Welfare Committee in favor of Mrs. Cooke. He said he often blushed at the meetings.
