

INTEREST AGAIN CENTRES IN THE EAST WHERE RUSSIAN FORCES HAVE BEGUN A NEW OFFENSIVE

Western Forces Rest After Heavy Fighting of Earlier Days of Week—Russians Hope to Retrieve Losses Suffered in Mazurian Lake District—Reported Austro-German Army in Carpathians Forced to Retreat, Leaving Vast Quantities of Ammunition and Supplies

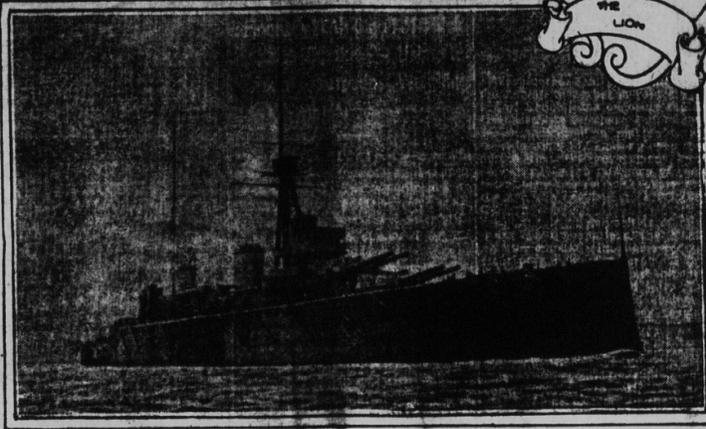

London, Jan. 29.—With the armies in France and Flanders recuperating after the strenuous fighting of the earlier days of the week, and only local actions being recorded, interest in the war situation has been transferred to the Russian offensive in East Prussia. The attempt of a strong Austro-German army to dislodge the troops of Emperor Nicholas from their positions in the Carpathians.

In East Prussia a Russian offensive has developed in the extreme north, where the renewed fighting seems to confirm the belief that a definite effort to advance north of the Mazurian Lakes district, where previously the Russians were defeated, has been decided upon by the Russian general staff.

More vital to both sides, however, apparently, is the campaign in the Carpathians where, to the southwest of the Dukla Pass, the Russians have delivered an energetic attack, and, according to their account of the combat, compelled the Austro-Germans to retreat, leaving behind ammunition and stores. This attack, according to military observers, indicates an attempt by the Russians to turn the flank of the Teuton Allies; and if it should prove successful, the observers say, it would have serious consequences for the large Austro-German army in and about the Carpathians.

The Russian military experts anticipate that the Austrians will deliver their main attack with their extreme right in Western Bukovina. In the hope of achieving a signal victory, and thus give Romania cause to pause. The only thing holding Romania in check at present is the uncertainty as to the action Bulgaria would be likely to take. Bulgaria, it is asserted, is still demanding that part of Macedonia now under

BRITISH CRUISER DAMAGED IN SUNDAY'S FIGHT.

The British official report now admits that the cruiser Lion, Vice Admiral David Beatty's flagship, was damaged in the recent naval engagement in the North Sea, in which the German battle ship Bluecher was destroyed. The official statement adds that the Lion can be speedily repaired.

ITALY SENDS OUT A CALL TO COLORS

Soldiers Born in 1880 Belonging to Field Artillery and Alpine Troops Have Been Called.

Bulletin—Rome, Jan. 29 (11:20 p.m.)—A royal decree has been issued calling to the colors the Italian soldiers of the first category, born in 1888, and belonging to the field artillery, and also the Alpine troops, and the soldiers of the third category, born in 1891, 1892, 1893 and 1894, belonging to the Alpine troops.

WILSON GIVES SOME RULES FOR PLAYING THE BUSINESS GAME

Confident New Era of Prosperity at Hand and has Faith in Success of Democratic Trust Legislation.

Washington, Jan. 29.—Another confident prediction that the country soon will enter upon a new era of enterprise and prosperity was voiced today by President Wilson in a speech before the convention of the American Electric Railway Association.

Speaking to business men and through them to the world of business generally, the President outlined what the Democratic congress has tried to accomplish through its trust legislation, and declared that while a test period would be required to determine whether the correct remedy had been applied, he believed the "maze of interlocking points" which had checked enterprise for twenty years had been cleared away.

With a common understanding regarding business reached, he said, henceforth nobody is going to be suspicious of any business just because it is big. He gave some of the "rules of the game" which he thought ought to be followed, heading the list with publicity—"not doing anything under cover."

SIXTY CANADIANS IN BERLIN ARE MADE PRISONERS OF WAR

Berlin, Jan. 29, via London, 5:10 p.m.—A despatch reaching here from Hamburg says that all British colonials in that city, with the exception for the time being of the Australians, have been arrested and transported to Ruhleben, where they are to be interned in the concentration camp along with other British civilians. Something like sixty Canadians are in the new draft of prisoners. The arrest of British colonials in Germany probably will be continued. Colonials were originally left at liberty when Englishmen were interned, but now they are to be gathered up and sent to concentration camps.

FIGHTING IN EGYPT SO FAR CONFINED TO SMALL OUTPOST AFFAIRS

Bulletin—Cairo, Jan. 29, via London, Jan. 30.—The Turkish outposts have reached the vicinity of Tor and Kubri, on the Sinai peninsula. Up to the present the fighting has consisted only of small outpost affairs.

Tor is on the Gulf of Suez, about 140 miles south of Suez.

PART OF FIRST CONTINGENT ON WAY TO FRANCE; THE OTHERS LEAVING MONDAY

London, Jan. 29.—(Gazette Cable)—A start has been made in despatching the men of the First Canadian contingent to France. A number have already gone, but the greater bulk will be moved across the Channel next Monday.

Every man of the contingent is prepared for the move, and all are highly pleased at getting to the continent.

Health conditions at Salisbury Plain have greatly improved since the frost hardened the mud tracks.

Capt. Victor Williams, who was seriously ill, is now out of danger and is en route to London.

CZAR'S ARMY AIMS TO STORM FORTRESS OF KONIGSBERG

New Russian Invasion is Prepared Better than Previous One Which Ended in Defeat in Mazurian Lake District—If Successful Will Drive Enemy From Bzura River Line—Germans Rushing all Available Men to Check Russian Advance on Konigsberg.

Petrograd, Jan. 29, via London.—The advance of the Russian Tenth Army into East Prussia follows virtually the lines of the first march of General Rennenkampf, except that the point selected for the invasion is further to the northward. This was done to avoid a repetition of the Russian defeat in the Mazurian Lake district. The present Russian invasion is understood to be more fully prepared and in greater force than was the first one and the aim of the army is the German fortress of Konigsberg. From information available it appears that the Germans, who for many weeks past had maintained only a small force in this region, have rushed virtually the entire garrison of Konigsberg to the front, as well as drawing upon the German forces on the Warsaw front in the endeavor to prevent the Russians from flanking the Mazurian positions.

Russian military experts argued that this Russian offensive movement will force the Germans to abandon the Bzura river-line or compel them to draw forces from the western frontier as was done at the time of the first invasion of East Prussia and which materially affected the German advance in the direction of Paris.

At present there is no noticeable diminution of the almost daily attacks from the fortified line along the Bzura and Rawka rivers.

The Russian occupation of Plikalen, a town between Stalluponen and Ragnit, on the East Prussian railroad, which skirts the Russian border, was accomplished after an artillery bombardment and battle lasting all day of January 24. Many buildings in Plikalen were destroyed by shell fire.

BERLIN DENIES CRUISER KOLBERG WAS SUNK

Confirms Report from Belgrade that Airship Which Bombed Libau on the Baltic, Was Brought on by Russians.

Berlin, via London, Jan. 29, 7:15 p.m.—The Parseval airship which flew over Libau, the Russian port on the Baltic, on January 25, did not return. The report that the German cruiser Kolberg was sunk in the battle in the North Sea last Sunday is untrue. All the German ships, with the exception of the Bleucher, have returned.

The above despatch apparently confirms a statement by the naval general staff at Petrograd, that a German airship which dropped bombs on Libau last Monday was brought down by gunfire, falling into the sea. The airship was destroyed and the crew captured, it was stated.

The statement, however, referred to the balloon as a Zeppelin.

Regarding the Kolberg, Vice-Admiral Beatty, commander of the British fleet in the North Sea, stated that German prisoners reported that the Kolberg was sunk. The British Admiralty, in its statement regarding the fight, also referred to the Kolberg as "reported" sunk.

ALL NIGHT SESSION OF U. S. SENATE

Debate on Ship Purchase Bill May be Prolonged For Couple of Days Yet.

Washington, Jan. 29.—Determined to crush Republican opposition and end the long fight over the Government Ship Purchase Bill, the Democrats held the Senate in session past midnight tonight, with the avowed purpose of how long the minority would be able to hold off the vote no one would predict, but even the most optimistic Democrats admitted that the continuous session might last until tomorrow night. Others thought it more likely to continue two or three days.

Senator Smoot was speaking at midnight, and had intimated that he would hold the floor as long as his strength would permit.

M'KENZIE KING IS ASSAILED BY U. M. W. OFFICIAL

Witness at Inquiry Into Rockefeller Foundation Gives His Opinion of Laurier's Protege in New Role.

New York, Jan. 29.—The policies and purposes of the \$100,000,000 Rockefeller Foundation and recent utterances on the witness stand of John D. Rockefeller, Jr., were vigorously assailed by John R. Lawson, a member of the Board of the Mine Workers' of America for the district which includes Colorado, when he appeared at the hearing being conducted by the Federal Commission on Industrial Relations, as a representative of the coal miners. The keynote of Mr. Lawson's testimony was this:

"A skillful attempt is being made to substitute philanthropy for justice." To the philanthropy of the Rockefeller, Mr. Lawson referred as follows:

"Health for China, a refuge for birds, food for the Belgians, pensions for New York widows, university training for the elect—and never a thought or a dollar for the many thousands of men, women and children who starved in Colorado, for the widows robbed of husbands, children of their fathers. There are thousands of Mr. Rockefeller's employees in Colorado today who wish to God they were in Belgium to be fed, or a bird to be tenderly cared for."

One for Grit Ex-Minister of Labor.

Mr. Lawson criticized John D. Rockefeller, Jr., for his lack of knowledge of conditions, and said that he was "equally as ignorant and indifferent as his trusted executives."

Speaking of the Rockefeller million dollar investigation into industrial unrest, Mr. Lawson said:

"Who is the man chosen to conduct this million dollar investigation into industrial unrest? One Mackenzie King, an alien, whose contribution to the industrial problem is a law that prescribes a jail sentence for a worker who dares to lay down his tools. If labor had any doubt as to his real intent, that doubt was removed by the letter read at this hearing."

"Here Mr. Lawson quoted what purported to be a copy of a letter written by Mr. King August 16, 1914, to John D. Rockefeller, Jr., in which Mr. King said:

"It will not be long before the inevitable effects of the European war are certain to make themselves felt, and once this becomes apparent, unions will have to revise considerably some of their present policies. Looking at the ultimate, rather than the immediate effect, there is, generally speaking, going to be a large amount of unemployment as a consequence of the war—in certain industries, it is going to be easy for employers to find all the men they need with a new problem. Here, it seems to me, lies a possible avenue of approach toward restoring normal conditions in Colorado."

THIS MAY END THE WATCHFUL WAITING

El Paso, Texas, Jan. 29.—William B. Warwick, private in Company G, Sixteenth Infantry, while in his tent today was instantly killed by a bullet said to have come from the Mexican side of the Rio Grande.

A board of army officers investigating the shooting announced that the shot had been fired from the Mexican side.

TWO MORE DEATHS AT SALISBURY PLAIN

Ottawa, Jan. 29.—The following casualties among members of the Canadian Expeditionary Force are announced by the Militia Department tonight:

Deaths.

Jan. 27.—Private Reginald Arthur Hughes, No. 3 Canadian Field Ambulance, at Buckley, from anaemia gastrica ulcer. Next of kin, Edward Henry Hughes, 188 Lipton street, Winnipeg.

Jan. 22.—Private Douglas Leach, Princess Patricia's Canadian Light Infantry, at No. 14 Stationary Hospital, Boulogne, France, from meningitis. Next of kin, Mrs. Darley, Spring Court, Calgary.

Seriously ill.

Private William Robert Symons, Third Battalion, at No. 1 Canadian General Hospital, Netheravon, with pneumonia. Next of kin, Mrs. A. Symons, 1152 Bloor street, West Toronto.

Walter Lockett, Eleventh Battalion, with meningitis. Next of kin, Wilfrid Lockett, brother, 36 St. Jude road, west, Wolverhampton, Staffordshire, England.

HON. MR. HAZEN SHOWS INTEREST IN SOLDIERS

Has Order-in-Council Passed Providing For Including of Fish in Rations at the Different Armories.

Special to The Standard.

Ottawa, Jan. 29.—An important step has been taken by Hon. J. D. Hazen which should prove of immense benefit to the fish industry of Canada both directly and indirectly. At present the Minister of Marine and Fisheries is acting Minister of Militia and Defense, and when he found that fish was not included in the rations of the Canadian soldiers, he at once took steps to have this mistake remedied.

No one recognizes more than Mr. Hazen the value of fish as a food, especially as a chance in rations, and with characteristic energy he sought interviews with leading fishermen to satisfy himself regarding the details of the supply and demand and perfect arrangements.

Mr. Hazen had an order-in-council passed yesterday to include fish in the rations of the soldiers and today the first orders went out.

The soldiers will not be required to eat fish but those who want it will be able to get it.

REVENUE CUTTER AND LIFE SAVING SERVICES IN STATES ARE MERGED

U. S. Revenue Cutter Officers Will be Under Control of Military Department in Peace Times.

New York, Jan. 29.—The United States Revenue Cutter Service, organized when Alexander Hamilton was secretary of the treasury, passed out of existence today, and was replaced with the United States Coast Guard.

All along the Atlantic coast the former revenue cutter officers received information by wireless today that they were now coast guard officers, although their rank remained unchanged, and that their vessels henceforth would be termed coast guard cutters.

These instructions carry into effect the provisions of the law recently passed by Congress, and signed yesterday by President Wilson, whereby the revenue cutter service and the life saving service are merged into one organization. By this law the new service becomes a part of the regular military establishment of the United States, and in time of war it passes under the direct control of the navy department.

LONDON TIMES ON IMPERIAL CONFERENCE

Cautions British Government Not to Let Present Pre-occupation Militate Against Dominions' Hopes on Subject of Future Imperial Organization.

London, Jan. 29.—The Times, in an editorial on "The Dominion Partnership," again discusses the question of an Imperial Conference, and quotes a despatch from its Toronto correspondent to the effect that Canada is not convinced that great advantages would be likely to result from a conference so long as the energies of the mother country and Canada are devoted to the war.

"If that is so," says the Times, "well and good, but let our Ministers be careful that their own pre-occupation with their current duties does not combine with the self-suppression of the Dominions to balk their hopes and disappoint their legitimate expectations on the subject of a future Imperial organization."

MONTREAL CONSTABLE DISMISSED FROM FORCE ON BURGLAR CHARGE

Montreal, Jan. 29.—Police Constable Desroches, of the Beaudry street police station, was dismissed from the force today and charged with burglary. He was remanded by Judge Lanctot until next week. The downfall of Desroches was the outcome of the arrest of six men and a woman in connection with an alleged burglary early yesterday morning, at the clothing establishment of Henry Cohen & Son, 569 East St. Catherine street. The constable's explanation was that he sought to gain promotion by waiting for the burglary to take place, intending then to make arrests in connection with it.

W. YORKSHIRE COAL MINERS MAY STRIKE

Hitch Over New Standard For Fixing Minimum and Maximum Wage—40,000 Men Give Two Weeks' Notice.

London, Jan. 29.—Notwithstanding the general cessation of internal political and social troubles since the war started, there is a prospect that the West Yorkshire coal dispute may yet require government intervention. The men purpose giving a fortnight's notice next week, and if this goes into effect, it will result in 250 pits and 40,000 men being idle. The point of difference between the owners and the men is the percentage on the proposed new standard at which the minimum and maximum wage shall be fixed.

TAX OF \$25 ON LABORERS IN MONTREAL NOT LIVING IN THE CITY

Montreal, Jan. 29.—The City Council of Montreal, through a bill now before the provincial legislature, seeks to raise revenue by imposing a tax of twenty-five dollars on any workman, operative, longshoreman or laborer who works in this city but does not reside here. About one hundred thousand men would be affected, if such a bill became law, as that number of men who live in separate municipalities in this district are employed in Montreal.

Disease in Every Symptom

Mrs. Mark Found Relief in Dodd's Kidney Pills.

Widow Lady who Suffered from Rheumatism Tells How She Found Cure.

Amherst, Gloucester Co., N.B. (Special)—For some five or six years I have suffered from rheumatism, and many tonics, but kept getting worse, until I decided to try Dodd's Kidney Pills. They gave me immediate relief.

The statement of Mrs. A. known and highly respected. Asked to give more particulars regard to her case, Mrs. Dodd said:

I started with a cold, which grew worse. I had my joints and cramps in my back and legs, and my heart fluttering and my sleep was broken and I was always tired.

I had tried many other remedies, but they were of no use. I was very irritable and often had a bitter taste in my mouth.

I took three boxes of Dodd's Kidney Pills, and I feel like a new man.

I consider the Amherst Piano I purchased the finest I have ever heard. It has been greatly admired and praised by my musical friends, who, as soon as they hear it exclaim, "What a beautiful tone your piano possesses!"

Yours truly, E. W. SMITH, Amherst.

Amherst Pianos, Limited, Amherst. Dear Sirs:—

The "Amherst" Piano I purchased from your house arrived in good condition, and we are more than delighted with it. The tone is very pleasing, and the action and touch all that can be desired.

I am perfectly satisfied with the instrument. MRS. BELLE MUSTARD, Cardigan Head, P. E. I.

Amherst Pianos, Limited, Amherst. Dear Sirs:—

I am delighted with the "Amherst Piano" I purchased from you last summer. On all sides I hear nothing but good words for it. It is really a very superior instrument.

Yours truly, W. T. BACON, Park View Summer Hotel, Digby.

Amherst Pianos, Limited, Amherst. Dear Sirs:—

I am pleased to say that the Amherst Piano purchased from the J. A. McDonald Piano and Music Co. is a first class instrument in every respect. I have had it thoroughly tested and it has proven its great superiority for ease and responsiveness of touch, the mellow singing quality of tone and its beautiful construction, it is beyond question. Yours truly, MRS. G. C. McCLELLAN, Halifax.

Amherst Pianos, Limited, Amherst. Dear Sirs:—

I purchased an "Amherst Piano" from you some time ago, and I wish to say I am much pleased with it. The case is beautiful and the tone perfect. MRS. ED. J. BREEN, Charlottetown.

Amherst Pianos, Limited, Amherst, N. S. Dear Sirs:—

We have been using one of your Amherst Pianos in our theater here, and are perfectly satisfied with its work. As you know, a piano in a moving picture theater has to stand severe tests. Nothing but the most perfect construction will stand the continuous strain that is put upon it. We find the tone of your piano full and harmonious and many of our patrons have remarked its musical qualities. The action is easy and helps to lighten the work for the pianist; the finish and construction are ideal. In fact we do not believe we could get a better piano anywhere. Yours truly, METZLER & LUGRIN, Empress Theater, Halifax.

Amherst Pianos, Limited, Amherst, N. S. Dear Sirs:—

I might interest you to know that the Amherst Piano purchased from you some time ago, surpassed my expectations. I bought it in preference to other pianos of world renown and manufacture. With its responsive action and full round tone it is to a lover of music a complete home orchestra, as I have studied under some of the best instructors of piano and organ in the United States and this city, I feel in a position to emphasize the above facts. Wishing you every success. I am, yours truly, J. H. JOST, Halifax.

Amherst Pianos, Limited, Amherst, N. S. Dear Sirs:—

I am pleased to state that the Amherst Piano purchased from you, is giving us every satisfaction, and suits us in every way. WILLIAM H. HOWELL, Halifax.

Amherst Pianos, Limited, Amherst. Dear Sirs:—

Having purchased an Amherst Piano for my Digby Theatre I wish to say that I am very well pleased with same.

To my way of thinking a Piano that will stand up for the hard playing it receives in a Moving Picture Theatre, and holds its tone as the "Amherst" does, must have the goods inside. The case is beautifully finished and the tone is pleasing in every way.

I was in the market for some time, for a new Piano, and it was only after the Amherst Piano had been tried by my regular pianist, and several other musical people, that the order was given. I have heard nothing but praise for it since getting the instrument. You may use this letter or any part of it as a reference. Yours very truly, JAMES F. CRIPPS, Digby.

"We are fighting for a worthy purpose, and we shall not lay down our arms until that purpose has been fully achieved."—H. M. The King. TO THE PEOPLE OF THE EMPIRE—Every fighting unit we can send to the front means one step nearer peace.

CANADIANS TO THE FRONT.

According to reports from London a portion of the first Canadian expeditionary force has already left for the fighting lines in France and Flanders and the moving of the whole body will be speedily proceeded with next week. The order to forward will be very welcome to the men who, for the past three months, have been wallowing in the mud of Salisbury, and it is not believed they will suffer from the experience they have gained. Already they have learned that the venture upon which they are faring is not a pleasure excursion but grim serious business where hard blows must be given and received, and in which personal ambitions and desires must be subordinated to the iron disciplinary system which has contributed so much to make the British army the greatest fighting force of its size in the world.

Canadians to a degree learned this lesson in South Africa but it will be impressed upon them now with even greater earnestness. The South African struggle was little more than a punitive expedition but in the present case the men from Canada, with their brothers from every portion of the red mapped lands, have the privilege of striking a blow for the very existence of the Empire and the freedom of the world. They are fighting for their own homes just as surely as if the scene of battle had been laid in Canada for it requires no gift of prophecy to predict that if Britain should not succeed in the struggle she is waging, if the British troops should be shattered and torn and the British navy defeated it would not be long before the Home Guards and similar organizations in our own land might be called on to fulfill the mission indicated by their title and meet the foe at their own doors. That this has not been necessary is entirely to the success of the British army and navy; in fact the men fighting today under Sir John French in France and Admiral Jellicoe in the North Sea constitute Canada's first line of defence and to strengthen that line is the purpose, not only of the Canadians which have already left Canada, but of every contingent still to go.

The men from Salisbury enter the battle line against the foe with a reputation already made for them. Canadians in South Africa showed the world that they possessed the fighting qualities of the true British subject and in the present war the splendid regiment equipped through the generosity of a public-spirited Montrealer has done signal service. The Canadian contingents will maintain and enhance that reputation and when the last vestige of Prussian power has been forever crushed it is not too much to expect that the name of Canada will be written large on the roll of the sister nations of the Empire which has contributed so nobly to that much desired result. Our own boys are at the front; the earnest prayers of our people will follow them. Those who return will be heartily welcomed to the vocations and walks of life they so willingly forsook at the call of the Imperial Mother. For those who fall there will be earnest and reverent remembrance. They will have made not the supreme sacrifice and Canada will not prove ungrateful.

GUN POWER AGAIN.

Fuller reports of the fighting in the North Sea on Sunday last bring additional evidence that the British victory was very largely due to the same causes that enabled Admiral Sturdee to score over the German squadron in the south seas. Aside altogether from the quality of the men behind the guns, for which the British navy stands absolutely alone, Britain had the great advantage of being able at the moment of entering battle, to bring to bear the greater number of guns of superior power, backed up by the necessary armor plate. In other words the British vessels were more heavily armed and armored. Their powers of resistance were greater than those of the enemy and their striking power so much superior that, as survivors' stories indicate, the fire from the Lion's 13.5 guns proved murderous at a range where the German ships were unable to do effective fighting.

That the big, powerful, speedy ship, of a class such as Sir Robert Borden proposed to add to the British navy as Canada's contribution, is the potent factor in modern naval warfare is also plainly illustrated by Sunday's fighting. A squadron of five British ships, probably as effective as any five which could have been selected from the fine armada in the North Sea, is pitted against four German vessels, three of

which are practically in a class with the British, and the fourth, the ill-fated Bluecher, relatively weak in guns and armor. In the ensuing battle the weak ship is the first to succumb. But the present war is not lacking in other object lessons of similar character which go to illustrate the value of gun power. The Emden carrying 4.1 inch guns was sunk by the Sydney with 6 inch guns; the Monmouth and Good Hope succumbed to the superior gun power of Admiral Von Spee's fleet, and the Scharnhorst, the Gneisenau, the Leipzig and the Nürnberg went down before the heavier artillery of Admiral Sturdee's squadron.

Of all the nine ships engaged in Sunday's fighting the Bluecher was the smallest and the weakest. She never had the shadow of a chance against any of the British ships even in single action. With the other German ships, however, the case was different. They had the guns, the armor and the speed and were consequently able to escape destruction. Had any of these three qualities been lacking the British victory would have been even more complete. It is not at all likely that the war will end before other naval engagements are fought where a different set of circumstances may contribute to the triumph of vessels other than heavily armed and armored battle cruisers of high speed, but for the general purposes of warfare the battle cruiser still holds her position as the most valuable of all types of vessels. And in this connection it is well to remember that had the Borden naval proposal not been strangled by the Grid-riden Canadian Senate ships of this class would have represented the Dominion in the forefront of the Empire's battle line.

WAR ON A NEW FIELD.

The invasion of Egypt by the Turkish army will add little to the great war beyond increasing by a few thousand miles the land area in which hostilities are being actively carried on. That the Turks with their German allies contemplated such a step when they arranged to make common cause with Germany was believed at that time, and now they have actually engaged in the venture, it is not impossible that there may be fighting of more than minor importance in the land of the pyramids.

The Turks in invading Egypt are practically sacrificing themselves for the interests of Germany. That they could manage to do much damage before being defeated and driven back was never seriously regarded and it is doubtful if this thought was uppermost in the Turkish mind when the campaign was decided upon. The main purpose, of course, was to draw force from the British armies in France and Flanders and thus reduce the odds against the Germans. That purpose has been achieved. Not only has a considerable British army been gathered in Egypt but the New Zealand contingent has landed there and a large force of Indian troops is also posted in the principal centres and along the Suez Canal.

In the Egyptian campaign the advantage, however, should be all with the British. The invading Turks will have to travel across desert wastes far from their bases of supply and lacking railway communication. The British army will fight with an open canal at its back from the ships traversing which it can easily receive supplies as required. The Turks are believed to have the numerical advantage, but it is not thought this condition will long continue. When Turkey first engaged in the war, which was about the time that Japan had offered half a million soldiers for service in Europe if desired, it was suggested that it might be possible to set the Japs against the Turks and leave the British forces free to engage the Germans. Such a course was not then deemed wise but, if the developments in Egypt should require it, could still be adopted. Half a million fighting Japs should soon place the Turkish army in a position similar to that of the Austrians fighting the Russians.

The Halifax newspapers have a dear and abiding love for the port of St. John. With much approval the Chronicle copies from Shipping Illustrated the following item: "The loss of the steamer Navarra at Tusket Islands, Bay of Fundy, is the second which occurred last year in that vicinity. In January, 1914, the R.M.S.P. liner Coburg was totally lost on Trinity Ledge, and unfortunately there was serious loss of life. To go further back, in May, 1913, the Gerald Turnbull was wrecked on Bannet Ledge, and in March, 1912, the Bonavista came to grief at Brier Island. So that in less

than three years four fine steamers have been wrecked in this bay.—Shipping Illustrated." If the editor of Shipping Illustrated could be induced to take a trip to St. John and the Bay of Fundy he would realize at once the inaccuracies in the item quoted. But the Halifax newspapers already know of these inaccuracies; they are well aware that Tusket Islands are not in the Bay of Fundy. Hence in publishing the misleading paragraph they are guilty of deliberate falsification. The misstatement was probably unintentional on the part of Shipping Illustrated but the Halifax Chronicle can claim no such excuse.

Commissioner Potts' plan to exempt from taxation incomes up to a certain point may have the effect of reducing the tax the wage or salary earner will have to pay, but if the amount so lost to the city is to be made up by increasing the tax on real estate the wage earner will pay it in the long run in the way of higher rents.

Strasberg has been placed in a state of siege, says the latest war bulletin coming from the western area. How long will it be before the name Strasberg can be replaced by Berlin?

It is reported that the British soldiers are to be served with fish as a part of their regular ration in the field. The Germans will then have an opportunity to learn of the muscle building power of a meal of herrings or cod.

PLENTY OF MONEY FOUND IN ST. JOHN

J. A. MacDonald Co. carried on campaign that was a business producer—Many Pianos sold.

An event unique in retail business in St. John has taken place during the past few days in the sale of pianos originated and carried through by J. A. MacDonald Co. A couple of months ago a campaign similar to the one which has been put on here was arranged in Halifax and met with great success. The idea of such a campaign is to pick up business which might not otherwise be secured and to clear up lots of instruments which might have remained in the store rooms longer than is considered necessary, as well as to sell show-rooms or partly used pianos at reduced prices. In this sale a large proportion of new instruments fresh from the factory were included. The campaign was in charge of Thos. J. Jones, of Grand Rapids, Mich., and was extensively advertised in the St. John papers. Mr. Jones states that in the short period covered by the sale about one hundred and fifty pianos have been sold, representing a business in the vicinity of \$40,000, of which approximately 75 per cent came from the City of St. John, the remainder from provincial points. Mr. J. A. MacDonald, the head of the company, who is also the General Manager of Anheuser Pianos, Ltd., has been in the city for the past week and expresses the opinion that there is plenty of money in St. John for anything of which the people want to spend it. He looks upon their sale as a great success and indeed they have had to stop it earlier than was anticipated because of the fact that their available stock is sold out.

FREE KINDERGARTEN ASSOCIATION WORK

Monthly meeting yesterday—The loss of City Grant discussed.

The Free Kindergarten Association held its monthly meeting yesterday afternoon, the president, Mrs. Matthews, in the chair. Reports from the four schools showed that notwithstanding the fact that many of the mothers go out to work in the mornings and cold yet every school is filled to overflowing, mothers often pleading that room be made for just one and offering to buy one of the small chairs, so that the little one be allowed to attend.

Suffered Intense Pain in Her Back. Could Hardly Do Her Housework.

If a pain attacks you in the back "stop and think" what it is and what causes it. If the kidneys are at fault—and in a large majority of cases of pain in the back they are—doctor them at once, and doctor them persistently, as it is impossible to have a well strong back unless the kidneys perform their functions properly.

Doan's Kidney Pills cure all forms of kidney trouble, and cure them to stay cured. Mrs. H. F. Jacob, Lavant Station, Ont., writes: "I take pleasure in telling you how much good your medicine has done me. I had suffered from intense pains in my back, and was so bad I could hardly do my housework. My kidneys were also bothering me a great deal. I tried several kinds of patent medicines, and was almost discouraged, and was looking for some other kind of medicine to try when I noticed your advertisement of Doan's Kidney Pills, so I thought it could not hurt to try them. I noticed a great difference when I had used one box, and to my great relief when I had used three boxes I was entirely cured, and I have not been bothered since. I will not hesitate to recommend them to all I know."

Doan's Kidney Pills are 50c a box, or 3 boxes for \$1.25, at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont. When ordering direct specify "Doan's"

orphan and was left alone all day while the woman with whom he lived went out to the factory where he was working. Clothing is being provided for the little tot by one of the committee and a place will be made for him in the nearest kindergarten.

Donations were received from the following: Miss McGinley, Opportunity and Lend a Hand Circles, King's Daughters, A Friend and Mr. Flewelling.

The committee expressed deep appreciation for the generous assistance given by the Brotherhood of German Street Baptist Church. This will make it possible to continue the work for a few months.

There were many expressions of deep regret over the withdrawal of the city grant, without which these grave questions present themselves: How shall this work so necessary and so beneficial be carried on? Should the Free Kindergarten again appeal for support through a tag day? Should the citizens be solicited personally? Or is there a possibility that the local government may come to the rescue by making kindergartens a part of the public school system as is the case in other provinces?

The association would be very grateful for any suggestions which would help them in solving these problems. They feel that the friendless, the needy and the children, especially, should be of first care of the citizens and should not be allowed to suffer.

CONFEDERATION LIFE ASSOCIATION

43rd ANNUAL REPORT

The forty-third Annual Meeting of the Confederation Life Association was held at the Head Office on Tuesday, January 26th, when the Report of the Directors for the year ending December 31st, 1914, was presented. The statement submitted evidenced the Company's progress and the continued careful management of its affairs.

New Business.
Accepted new insurance written during the year totalled \$11,669,084, and the amount in force at December 31st was \$71,400,715.

Payments to Policyholders.
There was paid to Policyholders and their beneficiaries the sum of \$1,359,077.18. Of this amount there was paid to beneficiaries under policies terminated by death the sum of \$623,247.11, while holders of maturing endowment policies received \$491,534.60, and there was allotted by way of dividends to participating policies \$235,295.40. The latter figures again show a gratifying increase over those for any previous year in the company's history.

Income.
The net income from premiums amounted to \$2,667,234.65; from interest, \$900,062.28, and from rents, \$98,342.50, the grand total from these sources being \$3,665,639.83.

Assets.
The assets, which now aggregate \$15,814,168.52, show an increase over the previous year of \$1,090,248.10. All moneys are invested in securities of the highest standard, and in strict conformity with the requirements of the Canadian Government. The rate of interest earned upon the Company's funds exceeded 6 per cent., which assures to policyholders a continuance of the favorable dividend returns which have governed in the past.

Surplus.
In regard to surplus the figures show an increase of \$164,400.68 over those of 1913, and the total fund held at December 31st for the protection of policyholders, over and above all existing liabilities, amounted to \$2,246,181.75.

Change in the Directorate.
During the past year the Board suffered loss by the death of Sir William Whyte and Colonel D. B. Wilkie. The vacancies have been filled by the appointments of Lieut-Col. Frederic Nicholls and Mr. Peleg Howland. These gentlemen occupy influential positions in the financial community, and their election to the Board must be looked upon as a matter of congratulation to the Company.

Election of Directors.
The following were re-elected Directors for the ensuing year:
Mr. W. D. Matthews, Sir Edmund B. Osler, Mr. J. K. Macdonald, Mr. Joseph Henderson, Mr. Cawthra Blacklock, Mr. John Macdonald, Lieut-Col. Albert E. Gooderich, Mr. Thomas J. Clark, Lieut-Col. J. F. Michie, Mr. W. C. Macdonald, Lieut-Col. Frederic Nicholls and Mr. Peleg Howland.
Mr. J. K. Macdonald was re-elected President, Mr. W. D. Matthews Vice-President and Chairman of the Board, and Sir Edmund B. Osler Vice-President.

The complete Annual Report is now in press and will be issued shortly. A copy of same will be forwarded to all policyholders and to any others upon request.

NEW SYSTEM OF TAXATION

Commissioner Potts Introduced Income Exemption Scheme — Water and Sewerage Extension held up till next week — Fenwick W. Tapley to Public Safety Department.

The offer of \$1,000 from William Smallin for the house and lot now in his occupation in the Parish of Lancaster was accepted, and a deed for the lot will be given under the common seal.

The offer of \$800 from James Carleton for the fee simple in lots 880 and 881, Guys ward, which he is the lessee was also accepted and the deed ordered.

Smeaton Wilson offered \$600 for the simple lot 489 Brooks ward, and this was also accepted.

The order in council of October 3, last, authorizing the issue of a lease to Alice F. Arthurs of lot No. 2, Block D, Queens ward, was rescinded.

Investment Concerns
Mayor Frink asked if there was any supervision over the different investment companies. He had received several complaints and he thought that some protective measures should be taken.

The matter of making the lease of Rodney Wharf to the C. P. R. extend over twenty years instead of seven as first authorized was discussed. The commissioners McLellan and Potts opposed a long lease of water property, but the Mayor and other commissioners thought that the extra \$3000 a year in rental would compensate for the long lease.

The part of the wharf used by the C. P. R. for truckage had been under lease to them. It was proposed to renew the lease and the city asked that \$1,200 a year be paid, instead of \$900. This was agreed to, but the lease was for so long a time that the railway company objected.

Commissioner McLellan thought it was in the interest of the city that the lease should only be for seven years. When the ferry terminal was moved, a good berth could be built at the Rodney Wharf site, but with a twenty-year lease the city would likely have to pay the C. P. R. a large sum to vacate. He thought the city could better afford to do without the extra \$300 than tie the property up for so long a time.

Commissioner Potts thought the terms of the lease should be gone over by the Recorder and the legal aspects considered.

Mayor Frink—"The C. P. R. has put in there several hundred thousand cubic yards of filling."

Commissioner Potts—"It would be millions if the city had to buy it."

Commissioner McLellan moved that the matter be laid over till next meeting and that the terms of the lease be reconsidered. Commissioner Potts seconded the motion.

Commissioner Russell said he and the engineer had gone over the terms of the lease very carefully and found it all right.

Com. Potts—"What engineer?"
Com. Russell—"The city engineer."
Com. Potts—"He is a city lawyer."

The motion to consider the matter again next week was defeated with only Commissioners Potts and McLellan favoring it. The lease was granted.

Two carloads for Troops stationed at capital purchased in Carleton Co.

Special to The Standard.
Fredericton, Jan. 28.—Two carloads of horses have arrived here from Carleton county for the overseas field batteries and divisional ammunition column stationed here. They were bought by R. S. Starr, of Port Williams N. B., purchasing agent for Remount Commission for the Maritime Provinces, who returned from Carleton county today with his staff and company, branding the horses preparatory to formally handing them over to the military authorities. ALMOST EVERY ONE NEEDS A TONIC

Almost everyone—man, woman and child—needs a tonic at sometime. It is often said that a man is lazy because he takes little or no interest in his work; but the truth is he is not well. He needs a tonic. The same is true of a woman who does not hustle over her home work, but only feels fit to be in bed. She is not merely tired, but ill. A dull pain in the head or back, poor appetite, loss of strength with low spirits and loss of interest in life show that you need a tonic to brace up the nerves and give you a new lease of life. The proof is that when the right tonic is taken all the trouble quickly disappears. The one tonic—the only tonic—worth weak and ailing men, women and children is Dr. Williams' Pink Pills, which speedily bring back abundant health, strength and energy. They have done this in thousands and thousands of cases as is proved by the following. Mr. Ed. A. Owen, Burdett, Alta., says:—"About two years ago my health was in a wretched condition. My whole system seemed to be run down and the doctor seemed puzzled at my condition. I had no appetite, exertion would leave me breathless, and I was troubled much with dizziness. All the medicine I took did me no good and I was steadily growing weaker. My mother urged me to try Dr. Williams' Pink Pills, and before I had taken them very long I began to feel like a new man and continuing their use I was restored to complete health. I now recommend them to all run down in health as they are the best medicine I know of."

Sold by all medicine dealers, or by mail at 50 cents a box or six boxes for \$2.50, from The Dr. Williams' Medicine Co., Brockville, Ont.

DEPOSITS IN THE SAVINGS BANKS OF BERLIN INCREASED LAST YEAR

Berlin, Jan. 29 (by wireless to Bayville).—A report on the conditions of the savings banks of the empire during 1914, issued in Berlin today, shows that the deposits in the twelve months of the year increased by \$250,000,000 over the total of the previous year.

agrees prepared and the exemption of \$1,000 on every income would mean an increase in valuation of lands about \$2,000,000.

His worship said more time should be given for the production of further information. He had had many people come to him and say they were going to leave the town on account of the heavy tax. He has pointed out, however, that it cost \$17 a year to educate a child here and many people were getting this for a much smaller amount.

Commissioner Russell moved that a special meeting be called to consider the question.

Commissioner Potts: "It came up before anyone knew of it and had His Worship been interested he could have had sufficient information by this time."

Mayor Frink: "Perhaps council meetings are not necessary."

Com. Potts: "They are not any use if they were like that of last Wednesday."

Commissioner McLellan thought the council should be unanimous on the matter and it was decided to consider it at a meeting on Monday.

Another Clerk.

On motion of Commissioner McLellan, Fenwick W. Tapley was appointed assistant clerk in the public safety department at a salary of \$1,000 per year.

The following motion was moved by Com. McLellan and seconded by Com. Potts and carried: That the Board of Assessors of this city be directed to furnish Commissioner McLellan with all information he may deem necessary, placing at his disposal all books, records and material of the office, to investigate the operations of the said Board of Assessors, in order that the said commissioner may so inform himself as to the advisability of appointing a commission, under the provisions of Section 23 of the Commission Government Act.

The commissioner explained that he wished to secure the fullest information in regard to the assessment system and this was the best way of doing it. Mayor Frink thought any commissioner should ask the commissioner of finance and public affairs for the information and he would have it prepared and placed on the table.

There was a complaint about a dump in Rock street. This was referred to the commissioner of public works.

W. W. Clark, formerly chief of police, asked that he be given pay for four days during which he acted as chief; that was between the time his resignation was accepted by the government and received by the city. It was referred to the Commissioner of Public Safety.

It was reported that the meeting of the Canadian Union of Municipalities would be held in Ottawa on February 1st. This letter was referred to the Mayor.

The Fenton Land and Building Co. asked the city to take over Jack Avenue. The commissioner of public works will report.

The other business was laid over until the special meeting of the council on Monday.

Commissioner Potts Introduced Income Exemption Scheme

The offer of \$1,000 from William Smallin for the house and lot now in his occupation in the Parish of Lancaster was accepted, and a deed for the lot will be given under the common seal.

The offer of \$800 from James Carleton for the fee simple in lots 880 and 881, Guys ward, which he is the lessee was also accepted and the deed ordered.

Smeaton Wilson offered \$600 for the simple lot 489 Brooks ward, and this was also accepted.

The order in council of October 3, last, authorizing the issue of a lease to Alice F. Arthurs of lot No. 2, Block D, Queens ward, was rescinded.

Investment Concerns
Mayor Frink asked if there was any supervision over the different investment companies. He had received several complaints and he thought that some protective measures should be taken.

The matter of making the lease of Rodney Wharf to the C. P. R. extend over twenty years instead of seven as first authorized was discussed. The commissioners McLellan and Potts opposed a long lease of water property, but the Mayor and other commissioners thought that the extra \$3000 a year in rental would compensate for the long lease.

The part of the wharf used by the C. P. R. for truckage had been under lease to them. It was proposed to renew the lease and the city asked that \$1,200 a year be paid, instead of \$900. This was agreed to, but the lease was for so long a time that the railway company objected.

Commissioner McLellan thought it was in the interest of the city that the lease should only be for seven years. When the ferry terminal was moved, a good berth could be built at the Rodney Wharf site, but with a twenty-year lease the city would likely have to pay the C. P. R. a large sum to vacate. He thought the city could better afford to do without the extra \$300 than tie the property up for so long a time.

Commissioner Potts thought the terms of the lease should be gone over by the Recorder and the legal aspects considered.

Mayor Frink—"The C. P. R. has put in there several hundred thousand cubic yards of filling."

Commissioner Potts—"It would be millions if the city had to buy it."

Commissioner McLellan moved that the matter be laid over till next meeting and that the terms of the lease be reconsidered. Commissioner Potts seconded the motion.

Commissioner Russell said he and the engineer had gone over the terms of the lease very carefully and found it all right.

Com. Potts—"What engineer?"
Com. Russell—"The city engineer."
Com. Potts—"He is a city lawyer."

The motion to consider the matter again next week was defeated with only Commissioners Potts and McLellan favoring it. The lease was granted.

COULD NOT STAND ON FEET

Mrs. Baker So Weak—Could Not Do Her Work—Found Relief In Norel Work.

Adrian, Mich.—"I suffered terribly with female weakness and backache and got so weak that I could hardly do my work. When I washed my dishes I had to sit down and when I would sweep the floor I would get so weak that I would have to get a drink every few minutes, and before I did my dusting I would have to lie down. I got so poorly that my folks thought I was going into consumption. One day I found a piece of paper blowing around the yard and I picked it up and read it. It said 'Saved from the Grave,' and told what Lydia E. Pinkham's Vegetable Compound has done for women. I showed it to my husband and he said, 'Why don't you try it?' So I did, and after I had taken two bottles I felt better and I said to my husband, 'I don't need any more,' and he said 'You had better take it a little longer anyway.' So I took it for three months and got well and strong."—Mrs. ALONZO E. BAKER, 9 Tecumseh St., Adrian, Mich.

Not Well Enough to Work.
In these words is hidden the tragedy of many a woman, housekeeper or wage earner who supports herself and is often helping to support a family, on meagre wages. Whether in house, office, factory, shop, store or kitchen, woman should remember that there is one tried and true remedy for the ills to which all women are prone, and that is Lydia E. Pinkham's Vegetable Compound. It promotes that vigor which makes work easy. The Lydia E. Pinkham Medicine Co., Lynn, Mass.

LIVE NEWS OF SPORTING WORLD

ST. JOHN DEFEATED SUSSEX WON FROM CARLETON

Won in the ninth! That's the story in a nutshell of what will go down in history as the fastest and most exciting game of hockey played in St. John for some time.

The first period was all Sussex, and through two mix-ups in front of the St. John goal, the puck went in bounding off St. John players' sticks and skates.

The second period was equally as fast as the first but St. John lacked sufficient combination to get past Hay, the Sussex star point. No goals were scored in this period although both goal keepers had their hands full.

In the third period St. John came on the ice with several changes in their line-up. Brad Gilbert and Jim Gilbert taking the place of the St. John still at centre, Philips and T. Gilbert on the defence. Shatford's playing in this period was equal to that of some of the top notch professionals.

He shot the first St. John goal one minute after play started, and another which evened the score four minutes later.

The Sussex team rallied and made a desperate assault on the St. John goal but this was relieved by a brilliant run down the ice by Tom Gilbert who passed Hay and scored.

The fourth and last goal was scored by Shatford who manoeuvred around from the rear of the Sussex goal. In the last two minutes of play Sussex tried desperately to score but the defensive game put up by St. John was too much for them.

The refereeing of Mr. White and Ken Hiley was most satisfactory to both teams. Hay, the captain of the team, expressed his entire satisfaction with the way in which the officials handled the game.

Penalties were few, for terms of two minutes each being meted out to J. Le Clair, Withers, T. Gilbert and Shatford. The teams lined up as follows:

St. John. Goal. McCully
Smith. Point. McCully
Philips. Coverpoint. Hay
G. Gilbert. Centre. J. Le Clair
Shatford. Right Wing. Mages
T. Gilbert. Left Wing. Withers

Mooney. Reserves. LeClair
Riggs. Dawson
J. Gilbert. Priors
Merkel. Courtenay

Pucklets.
St. John is a hard ice team and showed it last night.

The skateless wonder, McCully, must have been a ball player. He fielded one shot in a manner that would have Ty Cobb green with envy.

Brad Gilbert was the utility man on the St. John team. He played coverpoint, point and wing equally well.

It was real nice of the St. John team to score two goals for Sussex and save them from a shut out.

Jimmy Philips objected to starting the game from the wrong end—he was afraid of the flux.

With the brand of hockey now being played the rink should be packed to the doors.

RED SOX PICKED BY RUDOLPH

Dick Rudolph, the Brave's pitcher, writing to the Boston Globe picks the Red Sox to win the American race.

In discussing the pennant possibilities in the American League the coming season, one must consider the effect the absence of Eddie Collins, Plank and Bender will have upon the Athletics, and just how much the loss of these players is going to be offset by the acquisition of Lajoie.

Figure the Red Sox, the Athletics, the Detroit Tigers and the Senators to make the running, with the Boston team on top when the season closes.

Manager Carrigan has not only a great defensive team, but one that can hit. Speaker will no doubt shine as brilliantly as he did last season, after getting started. Once Tris got going the whole team began to hit up a fast gallop, and the Red Sox were soon in the running.

Another thing in the Red Sox' favor is that Manager Carrigan will have the services of Joe Wood from the start. Wood was of little use last year until the latter part of the season, because of an operation.

Still another pitcher that will no doubt shine brilliantly for the Red Sox is Shoro. While I never saw him pitch, I was recently told that his fast ball is almost as speedy as Johnson's.

Carrigan's team has all the earmarks of a pennant winner and I hope to have the pleasure of pitching against the Red Sox next October.

Of the other teams, the Tigers and Senators should, in my opinion, give the Red Sox the most trouble. With Ty Cobb and Sam Crawford in the game every day, the Tigers will certainly be right up in front most of the season.

Like the Red Sox, the Tigers are strong in hitting power, but Carrigan has it on Jennings in the pitching department. With Wood, Shore, Leonard, Foster and Collins in shape, the Red Sox unquestionably have one of the best pitching staffs in the world.

The return of Walter Johnson to the Senators will keep them in the running. Johnson last season had most of the breaks of the game go against him, and I believe he will perform better this season. Johnson is still a great pitcher and not through by any means.

KEATING DID NOT TRY.
New York Sun: In a letter to Manager Donovan of the Yankees Ray Keating, the big spitball pitcher, promises to do his level best this year. Keating declares that former managers of the Yankees did not understand him and that as a result he lost interest in his work. He says that Frank Chance frequently fined him last year and that the loss of this money made him peevish. Keating adds that all he asks is fair treatment and that he will begin in at once to reduce his weight. The trouble with Ray Keating in past seasons has been chronic laziness. The big fellow has pitched in and out, ball, it possesses a remarkable physique and is strong enough to work three times a week. Donovan will take him at his word and will call upon him for a regular turn in the box. If Keating fails to make good it will not be the fault of the Yankees' new manager.

DEVORE RELEASED
Boston, Jan. 29.—"Josh" Devore, termed the "luckiest man in baseball," because of his connection with New York Giants, and later with the Boston Braves, when each team won world's championships, was given an unconditional release by the Boston Nationals today. A desire to allow him to sell his services in the best market was given as the reason for the release of the little outfielder.

Besides Johnson, Griffith has several good youngsters, and his chances of capturing the pennant will be greatly increased if Boehling is able to "come back."

Manager Donovan of the Highlanders should make a good showing with the "Wild Bill" may not finish in the first division this year, but look out for the former Detroit star later. He is a fighter from the first tap of the song until the game is over.

MIKE GIBBONS EASILY OUTRANKS CLAIMANTS

Mike Gibbons should be—and probably will be—accepted as middleweight champion now that he has disposed of Jimmy Clabby. There may be a few dissenting votes on this proposition but none can deny that the St. Paul boxer is well qualified to fill the position that has been vacant ever since the death of Stanley Ketchel.

The general run of ring followers believe that Gibbons is the best middleweight in the ring today, and that should be enough. There are still a few persons who place credence in the claims of Al McCoy, who asserts that he won the title from George Chip on the ground that the title passed from Papke to Klaus to Chip and therefore to McCoy when he knocked out the coal miner. As a matter of fact Klaus never won the title from Papke because the latter did not hold the honors at the time he lost to Klaus in Paris. Previous to that event Papke was defeated by Cyclone Johny Thompson in Australia, by Bob Mohr in Boston and by Frank Mastell in Sacramento. This put an end to Papke as a factor. He was merely a broken down second rate when he lost to Klaus and to some extent duplicate the record made by Bob Fitzsimmons, who held both the middle and heavyweight titles. Gibbons would not be picked to beat Jack Johnson, of course, but he would have an excellent chance of defeating any of the white hopes.

Barring Willard there is no reason for Gibbons to fear any white man. There is a straight line of hope that makes Gibbons rate above any of the white hopes. He knocked out Bob McAllister, who made a joke out of

FEDERALS IGNORED IN RECORD

The new Spalding baseball record chooses to ignore the Feders, as far as possible. The averages of the league are printed near the back, next to the averages of the Union association, a league that collapsed last year.

In the chronology, mention is made of the fact that Walter Johnson and Rube Marquard jumped "to an outlaw league." At that, organized baseball shows great restraint. No where in the chronology is recorded the date that Ban Johnson's statement officially pronounced the Feders dead.

BOSTON VS. CANADIANS.

with his freak build really had all the advantages of a heavyweight, although he weighed but a few pounds more than Gibbons does at present. Gibbons is a normally built athlete, and if he succeeds in mastering the heavyweights of his time it will have to be done by sheer skill.

No doubt Clabby will demand a return match, but it is to be hoped that Gibbons will not make the mistake of meeting the same man too often. Frequent return matches invariably cause unfavorable comment.

If Gibbons should be tempted to go after the white heavyweight title and succeed it would be an even more remarkable feat than that accomplished by the wonderful Fitzsimmons. Fitz

C.P.R. DOWN FIVE POINTS YESTERDAY

Heaviest of all high-priced issues - Decline largely due to European sources - U. S. Steel shares active

New York, Jan. 29.—United States Steel was again the pivot around which the stock market revolved today. The common stock was very extensively traded in, mostly at 40, its new minimum, a few thousand shares being sold at a fraction above that price. Liquidation in that issue was on so large a scale as to represent forty per cent. of the first hour's entire business. The preferred stock also yielded part of its recent recovery.

New Haven was another weak issue, selling off four and a half points to 49, its minimum, incidentally the lowest price in the history of the company. The decline coincided with rumors that the company's application to issue preferred stock had been denied by the Massachusetts authorities.

Canadian Pacific was heaviest of all the high priced issues, losing over five points on persistent selling, much of which was ascribed to European sources. The company's statement of earnings for December, indicating a net loss of over \$2,800,000, was in itself regarded as sufficient cause for discouragement on the part of holders of the stock. Declines in other issues all around occurred in the final hour, renewed liquidation in Reading, Union Pacific and other speculative favorites producing a weak close.

In addition to the foreign offerings of Canadian Pacific, sales for across the water were probably the largest of any recent day. Abrogation of the rule prohibiting sales, except for cash on the movement from the interior, but supplies of cash at all reserve centres are now so abundant as to make quoted rates virtually negligible. Bank clearings show a decrease from the previous week, the loss being greater in the interior than at New York and New England points.

KEEP ENEMY FROM GETTING WOOL IN AUSTRALIA

Influential delegation of sellers and buyers ask acting premier to prevent operations on part of Germany - America used as the conduit pipe.

London, Jan. 29.—"An influential delegation of Australian wool sellers and wool buyers has appealed to Acting Premier Hughes to prevent operations on behalf of Germany," says the Sydney correspondent of the Evening News. "It is claimed that as a consequence of such operations wool is going to Germany, with America as the conduit pipe. The Acting Premier promised to take drastic steps. The government had information that Great Britain would be able to take the whole of the Australian clip."

A despatch from Sydney on January 26, said that at the wool sales that day a German buyer's bid for a certain lot of the material was refused. Other supposed German bids made later also were rejected.

WILLING TO ACCEPT THE CONCILIATION BOARD'S DECISION

G. T. R. ready to submit question of Wage Reduction to Board, if men protest against cut in pay.

Ottawa, Jan. 29.—It is still the intention of the Grand Trunk to ask about 14,000 of their employees on the G. T. R. lines, both in Canada and United States, to accept a decrease in wages on April 1st next, should traffic receipts continue to show a decrease, said E. J. Chamberlain, president of the road, who is in Ottawa today.

Mr. Chamberlain explained, however, that if the men registered a protest, the company will be agreeable to submitting the matter to a board of conciliation appointed by the Minister of Labor and abide by the decision of the board. If it is definitely decided between now and April 1st to ask the men to accept a reduction in their wages, the amount will be determined on the basis of the decrease in the receipts and the added cost of operating expenses, stated the president.

He said that though the railways have not yet made up their minds about seeking the permission of the Railway Commission to increase their freight rates by five per cent., there is no doubt that the Canadian roads would be justified in making the request.

"Canadian Goods for Canadian People" is the Slogan of Our Manufacturers.

How Canada Has Found Herself

National self-confidence was never fully asserted in this country until the outbreak of war. Till the tramp of the jackboot began to vibrate in Europe we never really knew what it was to be flung entirely back upon our own resources.

And the Made-in-Canada campaign is the best single expression of the change. It's one thing to have factories and markets and railways booming in a time of fat prosperity when everything heads that way. It's a different thing to have to put your house in order and begin to look after your own affairs. We have talked a good deal in this country, and not without reason, about self-government. We have said very much less about self-help. We have been inspired by the liberty that has made it possible for us to stand up in the world as a real democracy and yet remain loyal to the Crown over the sea.

Every dollar's worth of goods made and sold in this country in a time of war is a direct help to England in this cause; just as much, if not as directly, as every bushel of wheat that we grow. The Made-in-Canada campaign is one of the inspirations of British self-help the world over, and in it Canada can be truly said to have found herself.

\$1,400,000,000

That is the value of Canada's manufactures for one year---in money. But what of their value measured in the comfort, the happiness and the well-being of the whole country?

To produce them gives employment to over six hundred thousand workpeople, whose total wages amount to \$288,000,000 each year.

These workers, with their families and those who benefit by their purchasing power, number nearly one-third the population of Canada--supported by Canadian manufactures.

How readily it is apparent that the prosperity and happiness of every Canadian--of yourself--depend on the continuous employment of these people--on the consumption of goods "Made in Canada".

Canadian factories support one-third of our population. Are you helping to support Canadian factories?

I.C.R. TRAIN JUMPS RAILS, TEN INJURED

Maritime Express north-bound, wrecked five miles from Campbellton--None of passengers killed.

Moncton, Jan. 29.—Ten passengers were slightly injured, although by a miracle none were killed, when at 2.55 this morning No. 33, northbound Maritime Express, in charge of Conductor James Sweetman and Engineer Owen McGinley, both of Moncton, while running at a high rate of speed, was wrecked near McLeod's, a small flag station about 5 miles east of Campbellton. Everything excepting the engine and postal car left the track, the two sleeping cars at the rear of the train plunging over a thirty foot embankment. Fortunately no one was killed, but bruises and slight injuries were numerous among the passengers with whom the sleepers were well filled. The exact cause of the run-off has not yet been determined, although it is thought it was due to spreading of the rails.

The official list of slightly injured passengers is as follows:
C. H. Millville, Montreal.
Mrs. F. N. G. Starr, Toronto.
Miss Ethel Gibson, Saskatoon.
Major A. A. Bartlett, Charlottetown.
Mrs. A. A. Bartlett, Charlottetown.
Mrs. E. J. Elliott, Pictou.
O. W. Gohwalle, Ste Lambert.
G. E. Messes, Hamilton.
Conway, Ottawa.
John Murphy, Ottawa.

The sleeping cars were badly damaged, but were not broken up beyond repair.

The line was cleared at 14.10 this afternoon.

N. W. Rowell, leader of Ontario opposition, who was a passenger on the train, was held up by the wreck and

THE BANK OF ENGLAND GOLD RESERVE

At present \$345,000,000
German Reichbank's Reserve greater, but many withdrawals being made.

London, Jan. 29.—Sir Edward H. Holden, managing director of the London City and Midland Bank, addressed a meeting of the bank's directors today and discuss the gold situation in England and Germany. Sir Edward took a prominent part in the solving of the problem which arose the latter part of 1910, in the matter of cotton bills of lading between American and English bankers, for which purpose he went to New York. In his address this afternoon, Sir Edward said:

"The Bank of England at present holds about £69,000,000 (\$345,000,000) of which about £20,000,000 (\$100,000,000) has been supplied by America in order to use their exchanges. If gold has to be exported, it is to be hoped that English bankers will be of some assistance to their own country as American bankers have been to theirs, and place their gold at the disposal of the Bank of England."

Turning to the question of Germany's financial mobilization, Sir Edward said:

"Germany's exports undoubtedly will fall off to a much greater extent than her imports, and the adverse balance will have to be paid in gold. Superhuman efforts are being made to increase the gold reserve in the Reichsbank, which now amounts to \$53,000,000, but already withdrawals are taking place to pay for imports."

"Plans for the financial mobilization of Germany were carefully worked out long before the war. When hostilities began war banks were created in all the important German towns, and war bank notes were issued for the purpose of driving gold from circulation into the Reichsbank."

BRITAIN MAY USE INTERNED SHIPS TO RELIEVE CONGESTION

Manchester, Jan. 28.—The Board of Trade has made an important announcement in regard to the enemy steamships which are interned in the ports of the United Kingdom.

Ordinarily these ships would have remained where they are until the end of the war, and then, if they had not been condemned by the Prize Court, they would have been returned to their owners.

At the present time, however, there is a great scarcity of shipping, accentuated by the fact that the whole of Germany's mercantile fleet, which amounted to over 5,000,000 tons, is either laid up or captured.

We have over 10,000 steamers of our own, but these are insufficient for the demand, as a great many are required for transport purposes.

The government has been urged to ease the situation by utilizing interned German steamers, and it is now announced that the Admiralty will requisition a number of them in order that they may be set free for employment in the coasting trade, more especially to meet the need of greater coal supplies in London.

If the Admiralty intend to work the steamers themselves and pay the owners eventually for the use of them, there can be no possible objection to this in international law.

"Where the ships are condemned in any case no difficulty can arise.

If, on the return of ships to their original owners adequate allowance is made for such depreciation as is due to navigation (as distinct from internment) the equities of the case will be fully met."

ROW AT WEDDING IN P.E.I. MAY END FATALLY

Allan MacDonald stabbed during drunken brawl and may die from knife wounds.

Charlottetown, P. E. I., Jan. 29.—During a fight at a wedding at New Harmony, near Souris, Allan J. MacDonald was badly stabbed and is now in a critical condition. He was one of a party of chivalvers who called on Frank McIntosh and bride, McIntosh admitted the crowd of about twenty into the house and all went well until a supply of liquor which had been sent for from Souris arrived. Then a drunken melee started in which heads and furniture were broken and

REFUGEES FROM ASIA MINOR DESTITUTE AT ALEXANDRIA

Alexandria, Egypt, Jan. 29, via London.—The American cruiser Tennessee, which for some weeks past has been engaged in bringing refugees from Asia Minor to Egypt, has up to the present time landed no fewer than 8,000 Syrian refugees at Alexandria. Twelve hundred more are expected when the cruiser comes in tomorrow, 4,000 of the refugees now here are destitute.

At least two-thirds of them are of Russian nationality. The local government is dealing temporarily with the problem of housing, clothing and feeding these people. Nevertheless many of the children are scantily clad and further relief measures are urgently needed.

knives used. After the affair MacDonald was found lying outside stabbed in several places, while other combatants also were injured.

MacDonald is weak from loss of blood and is still under doctors' care. It is feared that he may not recover.

ST. ANDREW'S

St. Andrew's, Jan. 29.—Miss Eliza McCullough, of Boston, has been a guest at Kennedy's Hotel, this week. Mrs. D. O'Keefe and little grandson, of O'Keefe, are the guests of Mr. and Mrs. Harry Maloney. Mr. and Mrs. Edward Parker and little son, of Vancouver, B. C., are spending a few weeks with Mrs. Parker's parents, Mr. and Mrs. J. B. Maloney. Miss Rhoda Stickney is taking a month's rest from her school duties at Deer Island, on account of illness, her place in being supplied by Miss Nina Fields. A party composed of Mrs. Frank Kennedy, Miss Amelia Kennedy, Mr. Archie McDougall and Mrs. Archie Keogh, enjoyed a pleasant drive to St. John, on Sunday last. Mr. W. F. Malloy of the Royal Bank in Havana arrived in town on Saturday to spend a month with his parents, Mr. and Mrs. E. Malloy. Judge Cockburn left on Monday on a trip to Ottawa. Miss Amelia Kennedy entertained very pleasantly on Tuesday evening at "auction bridge," when Mrs. George Smith was the lucky prize winner. Among those present were Mrs. G. D. Grimmer, Mrs. Waterbury, Mrs. George Smith, Mrs. F. P. McColl, Mrs. E. A. Cockburn and Miss Broad. "The Lake View Club Girls" gave a very delightful winter party in Hall, on Wednesday evening, which was extremely well patronized. The prizes were won by Mrs. F. P. McColl, Miss Gwendolyn Jack, Miss Alice Holt, and Mr. Arthur McFarlane. The proceeds which amounted to \$27.00 to be given to the Belgian Fund. The Misses Hibbard entertained a number of the friends very pleasantly in honor of their sister, Mrs. Vernon Lamb, of Camrose. Those present

ST. GEORGE

St. George, Jan. 28.—The carnival and dance held Wednesday evening under the auspices of the Episcopal committee proved to be most delightful affair. A large number were in costumes, many of which were very pretty and attractive. The ladies' prize was won by Miss Grace Dowling, sending the "Flags of All Nations," gentlemen's prize by Mr. Octave Plude, "Military Officer," and the child's prize won by James Mesereau, representing "Indian Chief." The carnival was followed by a social dance in Dragoorian hall with music by Watts' orchestra. Mr. and Mrs. G. C. MacCallum returned on Monday from their honeymoon trip to Nova Scotia. On Tuesday night Mr. and Mrs. MacCallum were serenaded by the citizens' band of which Mr. MacCallum has been professor for a number of years. The band marched to his residence, and played a number of selections outside after which they were invited in. Dainty refreshments were served and music, games and singing were enjoyed by all. Mr. and Mrs. MacCallum were presented with a beautiful hat tree by the members of the band. Mr. and Mrs. George Brown are receiving hearty congratulations on the arrival of a young daughter, Jan. 27th. Mr. and Mrs. J. Sutton Clark went to St. John on Friday. We are glad to report that Miss Edna Johnston is convalescent. Mr. Chas. Coutts has been confined to his bed with an attack of pneumonia. John Mooney and daughter, Miss Ethel spent a few days in St. John this week. The little daughter of Mr. and Mrs. Edward O'Neill is very ill. Miss Biden of Stanley, N. B., who

WORLD'S GREATEST KIDNEY REMEDY

"Fruit-a-tives" Have Proved Their Value in Thousands of Cases

WONDERFUL RECORD OF A WONDERFUL CURE

Only Remedy That Acts on All Three Of The Organs Responsible For The Formation of Uric Acid in the Blood.

Many people do not realize that the skin is one of the three great eliminators of waste matter from the body. As a matter of fact, the skin is the system of more Urea (or waste matter) than the kidneys. When there is Kidney Trouble, Pain in the Back and Acidic Urine, it may not be the fault of the kidneys at all, but due to faulty Skin Action, or Constipation of the bowels. "Fruit-a-tives" cures weak, sore, aching kidneys, not only because it strengthens these organs but also, "Fruit-a-tives" opens the bowels, sweetens the stomach and stimulates the action of the skin.

"Fruit-a-tives" is sold by all dealers at 50c. a box, 6 for \$2.50, trial size, 25c. or will be sent postpaid on receipt of price by Fruit-a-tives Limited, Ottawa.

ALBERT MAN LOSES PAIR OF VALUABLE HORSES

Heavy load carried animals over 25 foot embankment into river.

Albert, Jan. 28.—Reuben Steeves of Beech Hill, Parish of Hillsborough, lost a valuable team of horses with sleds and harness yesterday. The outfit valued at \$400.00. Mr. Steeves was hauling wood and had about three-quarters of a cord of green hard wood on his heavy double bob sled rig. Mr. Steeves was walking behind the team near the Steves Steeves Mill Pond bridge at Steevesville, and going towards the Salem Railway siding of the Albert Railway and meeting a friend he halted a moment to speak to him thinking his team would stop at the crown of the hill as usual for the sleds to be adjusted on the sled runners. But the team did not make the stop, and the heavy load forced them down the icy hill at great speed, and the horses failed to steer the load around the sharp curve at the bridge striking the railway and carrying it and the loaded sleds over

OUR FIRST LINE OF DEFENCE

MISS MARGIE ADAMS

Few theatrical people who have visited the province year after year are better known or more generally regarded as particularly identified with the "territory" than are Mr. and Mrs. H. Wilmot Young (Miss Margie Adams) whose stock company is now playing a successful engagement in the Opera House. "We have been coming here now for the past seven years and have learned to look upon the province almost as home," said Miss Adams, to a Standard representative who had a pleasant chat with her the other afternoon. "When we first came here we were strangers but the people were very kind to us and we were so fortunate as to make many warm friends; consequently it is a distinct pleasure to us to return year after year and meet those friends."

Miss Adams, who is enthusiastic regarding stock company life, is a native of Canada, being born in London, Ontario, of Scottish parents. She is a direct descendant of a distinguished Scottish and Irish family, tracing connection to Lord Aberdeen, once Governor General of Canada. Her great grandfather was General Dundas, whose wife by the way, was the only sister of "Chinese" Gordon, whose career and many adventures are still talked of wherever British soldiers are gathered together. When a child Miss Adams decided that her life work should be that of the stage, but she first studied music with the intention of becoming an opera singer. Lady Holman, of the old and famous Holman Opera Company, was her mentor and friend and it was through the talented lady that Miss Adams received her first introduction to the world behind the footlights. Later she engaged in dramatic work and during her career has played more than 200 parts, running the gamut from soubrettes and ingenues to emotional, heaves and leads. Asked regarding her favorite role, Miss Adams confessed to a weakness for Nell Gwynne in Nell of Old Drury and Cigarette in "Under Two Flags," both of which she had played with success. During her stay in this city she and Mrs. Young have become very popular and their many friends will always be glad to welcome them.

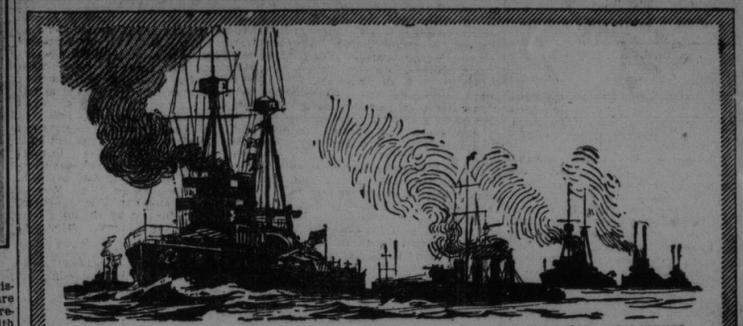

IN SUPREME COURT.

Hearing in the case of Donald M. Silases vs. Shubert S. Harrison was had before Chief Justice McLeod yesterday on motion to confirm the master's report. M. G. Teed, K. C., and A. T. LeBlanc appeared in support of the report, and Attorney-General Baxter and A. E. G. McKinnon appeared for the defendant. The report had been filed by the defendant's solicitors, and argument was heard this morning on the objections. Judgment was reserved. This is a North Shore case, and the point in dispute is as to the interpretation of an agreement with reference to lumber contracts. Argument of counsel occupied the whole day and adjournment was made until this morning at eleven o'clock for further argument.

"CASCARETS" RELIEVE SICK, SOUR STOMACH

Move acids, gases and clogged waste from liver and bowels.

Get a 10-cent box now. That awful sourness, belching of acid and foul gases; that pain in the pit of the stomach, the heartburn, nervousness, nausea, bloating after eating, dizziness and sick headaches, means a disordered stomach, which can not be regulated until you remove the cause. It isn't your stomach's fault. Your stomach is as good as any. Try Cascarets; they immediately cleanse the stomach, remove the sour, undigested and fermenting food and foul gases, take the excess bile from the liver and carry off the constipated waste matter and poison from the bowels. Then your stomach trouble is ended. A Cascaret tonight will straighten you out by morning—a 10-cent box from any drug store will keep your stomach sweet; liver and bowels regular for months. Don't forget the children—their little insides need a good, gentle cleansing, too.

OXO CUBES

In the Navy. A Naval man on one of our warships wrote when ordering further supplies of OXO CUBES:—"The finest recommendation, I think, lies in the fact that this is a repeat order for a larger amount of OXO CUBES" "in order to guard against the rigours of the climate."

The coming of Winter always emphasises the value of OXO CUBES. They provide warmth, sustenance and energy to withstand the exhausting strain of the cold winter months, and enable one to recover quickly from fatigue and exposure. In the home they are handy for preparing soups, savouries, and gravies; or for a hot nourishing food-beverage at any time. One of the most striking features of OXO CUBES is they meet the needs of all classes—and all ages.

"OXO Cubes come in so handy." "Before I close could I ask you to send me some OXO CUBES. THEY COME IN SO HANDY in the middle of the night, and it is so freezing cold at sea now." (From a Sailor on the British Fleet.)

"OXO Cubes are more precious than gold." "OXO CUBES are more precious than gold here as they make A QUICK HOT FEED." (From a Soldier at the Front.)

Around the City

Not Up to Date. Nine automobile owners have been reported by the police for not having the 1915 number on their cars.

He Promoted Hoistfully. Louis Kennedy, aged 19 years, was arrested by Patrolman O'Neill yesterday afternoon on the charge of inciting dogs to fight on Brunswick street.

Drunk and Disorderly. Fred Leeger, aged 24 years, was detained at police headquarters last night on request of Sergeant Edwards for being drunk and disorderly in the armory.

Dies in Alberta. F. H. Gaetz received a telegram on Monday from his sister, Mrs. Keast, Innisfail, Alberta, announcing the death there of her husband, Mr. Keast, who was a New Brunswick man, married Miss Carrie E. Gaetz. Halifax Chronicle.

Going to the Front. G. B. Hegon, St. John, is at the Halifax, accompanied by his daughter, Miss E. Hegon, who is going to the front as a nurse. Miss Hegon was in Germany when the war broke out, and as soon as she returned to Canada, offered her services as a nurse. Halifax Chronicle.

A Driving Accident. Yesterday afternoon a saddle horse driven by Miss Cushing bolted and ran away near Rockwood Park. Miss Cushing was not injured and the animal was afterwards captured on the Sandy Point Road and placed in Mr. Peacock's barn.

On Night March. The members of the 26th Battalion took part in night manoeuvres last evening in the Battle Line steamer. The battalion left the armory shortly after supper and marched to the vicinity of Rockwood Park, where they were given some practical work. They returned to the armory about ten o'clock after a most successful outing.

Appoint Assignees. A meeting of the creditors of John LeLachur, hardware merchant of Germain street, was held in the office of R. G. Murray yesterday afternoon. H. N. Coats was appointed assignee. Two inspectors were also appointed. The assignee and inspectors will report at a meeting of the creditors to be held on February 12th.

Sent Back to His Ship. Michael Quinn, aged 57, was given in charge of the police yesterday by Captain Avarad L. Starratt for absconding himself from the Battle Line steamer Eretria without leave, he being an article seaman. Quinn was escorted on board the steamship by Deputy Chief Jenkins and the ship went to sea in the afternoon.

Newfoundland Society. The annual meeting of the Newfoundland Mutual Society was held last evening in the James' street hall when officers for the year were selected as follows: President, Isaac Mercer; vice-president, E. Vay; recording secretary, Percy Gibbons; financial secretary, John Currier; treasurer, A. J. Green; director, Hugh Milley; guard, Allen Rideout; committee men, Thomas Sparks (chairman), Joseph Clark, James Clark, Henry Butt.

Farm Settlement Board. A meeting of the Farm Settlement Board was held yesterday, those present being A. W. Hay, of Woodstock; T. W. Butler, of St. Stephen; and James Gilchrist, the secretary. Arrangements were made for the sale of two farms in Carleton county, one in Charlotte and one in Kings county, which the Board purchased some time ago. An English lady named Mrs. Smith, whose husband at one time owned a large sheep ranch in South America, has purchased a farm at Tower Hill, Charlotte county, controlled by the Board.

Children's Protection. Application was made yesterday to Mr. Justice McKeown by J. King Kelley, K. C., for an order to take eleven year old John Boyce away from his father and place him in charge of the Children's Aid Society of this city. This society was recently organized and this is the first case of the kind taken up by the society. The boy only attended school a very short time and has been sleeping in barns at times. The matter was called to the attention of S. M. Wetmore, A. M. Bell, president of the society, and of the lad himself was heard, after which adjournment was made until next Friday.

URGES WHEEL GRAMPIAN GET INDUSTRIES OF HATCHERY WATER BIG LIST OF BRITAIN ARE READY FOR LOBSTERS

Lewis Connors, of Black's Harbor, thinks a lobster hatchery is needed to improve fishing in St. John and Charlotte Counties—Maine hatcheries have increased lobster supply.

"One thing I would like to see the Dominion Fisheries Department do is to establish a lobster hatchery on the New Brunswick shore of the Bay of Fundy to stock the waters of St. John and Charlotte counties," said Lewis Connors of Connors Bros., Black's Harbor, who was in St. John yesterday. "Quite a number of lobster hatcheries have been established on the Maine coast and the lobster fishing there is much better than it was some years ago. Lobsters are not so plentiful in St. John and Charlotte counties as they used to be, and a hatchery is needed to restock the waters. At one time our firm handled large quantities of lobsters, but today we do not handle a single lobster. Canning lobsters is now out of the question in these two counties. This winter the fishermen of Charlotte County and Grand Manan have been receiving 25 cents a piece for live lobsters. That is a good price. On the whole I think the lobster fishermen have been making a fair season of it, but if the lobsters were plentiful as they used to be, and the fishermen were getting 25 cents a piece, it would be a great thing for our people.

"If a lobster hatchery would give results anywhere it would be along the shores of St. John and Charlotte counties. Fully deep water is, I believe, essential to successful artificial culture of lobsters, and that we have along the shores of the Bay of Fundy. When lobster fry is distributed in shallow water it is very often destroyed in the surf, or devoured by inshore fish. We have not yet realized what a valuable asset our lobster fishing might become or we would have given more attention to the matter of artificial culture."

Connors Bros. is the only firm in New Brunswick which was engaged in canning sardines last year, and it only finished operations a few weeks ago. In spite of the high prices for sardine herring the company put up a large pack, and it plans on resuming canning operations in March. This winter small herrings have remained on the coast, and this, it is said, promises good sardine fishing this year. It is believed by some fishermen that it may become more profitable for the sardine packers to carry on operations in the winter time instead of in the summer. Last summer the sardine packers had a hard time, while during the present winter there were times when sardines were abundant at \$5 a hoghead. Although large herring were scarce about Grand Manan last summer, they have recently struck in around the island in big schools and the fishermen have been making good catches.

ST. GEORGE'S SOCIETY HONOR REV. E. B. HOOPER

Pleasant gathering in Mayor's office when purse of gold was given the chaplain.

Rev. E. B. Hooper, rector of St. Paul's (Valley) church, who was recently appointed chaplain of the 26th Battalion, was waited upon by members of St. George's Society in Mayor Frink's office yesterday afternoon and presented with a purse of gold by F. E. Hanington, president of the society on behalf of the members. Rev. Mr. Hooper has been chaplain of the St. George's Society for the last eight years, and he has taken an active interest in the work of that organization. Besides his interest in St. George's Society Rev. Mr. Hooper has taken an interest in all matters concerning the welfare of St. John and its people. Speeches were made yesterday by Dr. Thomas Walker, G. S. Mayes, William Hawker, Col. E. T. Sturdee, Rev. Mr. Collins and Mayor Frink. All spoke in glowing terms of the good work of Rev. Mr. Hooper and all joined in wishing him success in his new work among the members of the 26th Battalion.

Odd Fellows' Night. Next Wednesday night will be Odd Fellows' Night at the Opera House and all the members of the I. O. O. F. of St. John and vicinity are going to attend the performance in a body. An energetic committee has had the affair in charge and all the indications point to a big turnout. It is probable that after the performance there will be something going on at one of the local halls. The members of the Young Adams Company are preparing some special features out of compliment to the weavers of the three links.

George McArthur Wins. Judgment has been given by Judge Jonah in the case of George McArthur, contractor, vs. A. M. Phillips, also of St. John, which was tried as a summary case at a recent session of the Kings County Court. The suit arose out of some financial transactions which, it was alleged, occurred in the St. Louis Hotel, Quebec, six years ago and was for \$70 an interest. Judgment was given in favor of the plaintiff for full amount claimed with interest and costs. Messrs Fowler and Preszke were the plaintiff's counsel, and the defendant was represented by Messrs. Sinclair and MacIver and J. B. M. Baxter, K.C.

Royal Mail Steamer sailed last evening for Liverpool with 600 passengers

The Royal Mail steamship Gramplan Captain J. Williams, sailed last night for Liverpool with mails, passengers and a large general cargo. The passenger list shows 30 saloon, 118 second and 450 steerage. The passengers include quite a number of provincialists as well as Canadian military officials. The printed passenger lists for both first and second cabin are the most attractive seen on any ship leaving this port and the cover designs are indeed works of art. Among the passengers on the Gramplan are the following:

- Lieut. R. A. Adair, Ottawa, Ont.; Capt. R. A. Adair, Ottawa, Ont.; Miss Margaret Caldwell, Truro, N.S.; Lieut. E. D. Carruthers, Kingston, Ont.; Mr. and Mrs. C. G. Carter, Fredericton, N.B.; E. A. Roberts, Master Goodridge Roberts, Miss Dorothy Roberts of Pictou, N.S.; Mrs. J. Russell, Master James Russell and Mrs. Carpenter of Ottawa; Q.M. Sgt. A. Wood, Quebec.

BANQUET OF Y.M.C.A. VERY SUCCESSFUL

"Father and Son" meet at Headquarters in unique entertainment—A large gathering.

The "Father and Son" banquet at the headquarters of the Y. M. C. A. last evening was largely attended, about 200 people, young and old being present. The banquet was under the immediate charge of the Young Ladies' League with Miss Marion Harding superintending.

W. J. Cross was in the chair. In his opening remarks he said that this was the first gathering of the kind east of Montreal, an event unique in the history of the Y. M. C. A. In the absence of Colonel Massie, who is out of the city, Rev. G. A. Kuhring, chaplain in the 26th Battalion, replied to the toast of "Our King and Empire." The toast to "Our Guests" was proposed by Bernard Haley, and in a few well chosen words J. Hunter White, president of the association, responded. Mr. White said he had been many times reminded of the Y. M. C. A. many of them of much importance, but that the present occasion seemed to him to be the greatest of all. He was proud of the fact, he remarked, that many fathers had come, with their sons, to take part in such an unique affair, and proud to say that he was just "one of the boys" as he had brought his father with him as well.

George Shiner and T. H. Hutchinson, general secretary, spoke to the toast of "Our Association." The toast to the "Boys' Division" was proposed by Murray Nixon, after which Arthur Greig, a leader in the department for the past five years, gave an interesting account of what the boys' division had done, during that period, in turning out young men for the mission field and other useful work. Rev. J. H. MacDonald, D. D., spoke on the subject of "The Prodigal Father." The speaker's remarks were full of pertinent points regarding the relations of father and son, and the father's duties and son's. He spoke of the dangers, delights and the results of real fatherhood, of sympathetic companionship, and with the boy, real fatherly attention, he said, more than anything else, and attention to the education of the boy or giving him financial aid. The toast to "Our Dads" towards the completion of the enjoyable proceedings was an occasion for much enthusiasm. Mention must be made of the High School orchestra, which played during the evening with much acceptance. Other numbers in the programme were as follows: Solo, H. O. Bonk; instrumental duet, Messrs. Scott and Andrews; reading, D. Gordon Lindsay; selection by orchestra; flute solo, Ronald Edwards; solo, "My Dad," Elmer Belding; piano, Miss Edna Leonard and Miss Eva Smith. The National Anthem concluded a particularly enjoyable function.

Fire Near Gilbert's Lane. The garb cottage near the Gilbert's Lane entrance to Rockwood Park, was totally destroyed by fire last evening. The house, which was a story and a half structure, was occupied by Alfred Taylor and family, who were in the city when the fire broke out. The chemical engine from the North End and that from the city were at the fire as well as Chief Black County Policeman Saunders and several International Railway men, who assisted in the work of rescuing the furniture and household effects. The building was totally destroyed. The chemical engine did good work in saving the trees from destruction.

Manufacturers adapt themselves to new conditions and capture new markets—Unemployment only one per cent.

"Everybody is determined to make the best of the situation; that is about all that can be said of conditions in Great Britain," said John Flint of Harbour, England, who is at the Royal.

"Were it not for the fact that at certain places you see large numbers of soldiers drilling, you would think everything was normal. Some parts of the east coast you would be turned out of the market since the German cruiser raid they are lost in particular; but there is no apprehension among the people of a German invasion."

Speaking of business conditions in Great Britain Mr. Flint said that some industries had been hit by the war, while others had not been materially affected. In some lines manufacturers had been hit by the war, but in conditions generally were still somewhat unsettled. The war had caused a considerable advance in the cost of raw material for many of Britain's industries. This and other causes had made it difficult to figure out costs of production, but with the destruction of the German cruisers on the high seas trade was expected to resume normal levels. "One thing is worthy of note," said Mr. Flint, "British manufacturers have shown a great capacity to adapt themselves to the new conditions. Those hit by the war and other causes had made it difficult to figure out costs of production, but with the destruction of the German cruisers on the high seas trade was expected to resume normal levels. "One thing is worthy of note," said Mr. Flint, "British manufacturers have shown a great capacity to adapt themselves to the new conditions. Those hit by the war and other causes had made it difficult to figure out costs of production, but with the destruction of the German cruisers on the high seas trade was expected to resume normal levels."

"Yes, the British manufacturer today is making special efforts to capture new foreign markets. Arrangements are now in progress to hold a great International Fair in London, to take the place of the famous Leipzig fair, which has been an annual European function of great benefit to Germany. British manufacturers are making every effort to carry on business, keep their men employed and enlarge their markets. "What is the opinion in England in regard to the duration of the war?" "That is a question," said Mr. Flint. "Nobody is really competent to answer it. My own opinion is that there is a chance of the war being settled by next Christmas, but really I don't know any more about it than you do."

CLOTHING FOR THE CITY CHILDREN

This the plea of Woman's Suffrage Association as fitting memorial of late Mrs. Fiske.

A meeting of the Women's Suffrage Association of St. John, was held last evening in the Art Club rooms, Peel street. The gathering was, in part, in memory of the late president of the association, Mrs. E. S. Fiske. It was decided that the best form that any memorial could take would be to supply clothing to poor children of this city, through the agency of the Associated Charities or other organizations. Mrs. Richard Hooper is in charge of this part of the work. The chair was taken by Miss McIver, President of the Association, who in a few appropriate remarks, explained that it was felt that a fitting memorial of the late president might well take the shape of an effort to clothe and comfort poor children. Mrs. John A. McAvity, on behalf of the French class, spoke feelingly of the objects in view. Mrs. George H. Smith, on behalf of the Associated Charities, and Mrs. G. P. Matthew, on behalf of the Natural History Society, Rev. H. A. Cody and Rev. J. J. McAvity, all expressed sympathy with the proposal to help the children. Subscriptions were taken during the evening of gratifying proportions, and it was thought that those who had gathered together to further the view of the association that the preservation of her home and the betterment and care of her children is of the greatest importance to woman was fully exemplified. The proceedings began with the National Anthem, and after the president's remarks, and Mrs. John A. McAvity's address, Mrs. Curran sang, "In the Garden." Miss Amelia Green gave a reading; Mrs. Barnes a piano-forte solo, and Miss Louise Knight sang "My Task." After a few closing remarks by the president refreshments were served. There was a very large attendance, and the greatest interest in the proceedings was taken throughout.
