

U. S. ARMY USELESS TO PROTECT THE AMERICANS

ly through its connection with Huron College, another purely Church of England institution. In short the Western University is a Church of England institution in precisely the same manner as to the same extent as the other College. It does seem strange in the face of these facts to find that the Western University is

Walked into River.
Lakefield, Ont., Feb. 22. — Mrs. Mary Crowe, aged about 65, widow of the late Thomas Crowe, committed suicide here this evening by deliberately walking into the river. Two boys on the bridge saw her. The body was soon recovered, but life was extinct. No cause is known for her act.

WEATHER NOTES.
This morning there are indications of an important cold wave setting in from the Northwest. The weather is extremely mild over Ontario, and moderately cold over Quebec and the Maritime Provinces.

LOCAL TEMPERATURES.
The highest and lowest readings of thermometer at the local observatory during the 24 hours ended at 8 p.m. Thursday were: Highest, 33.5°; lowest, 27.5°.

Lieut. Lawson Retires.
Ottawa, Feb. 23.—The retirement of Lieut. W. B. Lawson from the Twentieth Light Infantry is gazetted.

[Special to the Advertiser.]

Owen Sound, Feb. 23. -- The police have arrested Albert Stewart, on the charge of shooting Merrison, the victim of the sensational hold-up on the Bay Shore road. Stewart has been working at odd jobs around town for some time, and came from England three years ago. Latterly he has been doing farm laborer's work in Keppel Township. The police say they had strong circumstantial evidence. His preliminary hearing takes place this afternoon.

[Special to The Advertiser.]

Owen Sound, Feb. 23. — The police have arrested Albert Stewart, on the charge of shooting Morrison, the victim of the sensational hold-up on the Bay Shore road. Stewart has been working at odd jobs around town for some time, and came from England three years ago. Latterly he has been doing farm laborer's work in Keppel Township. The police say they have strong circumstantial evidence. Preliminary hearing takes place this afternoon.

The American Invasion of Canadian Northwest

Means Loss of \$80,000,000 to
the United States
in 1906.

[Chicago Record-Herald.]

Winnipeg, Feb. 22.—These are now more than 200,000 Americans in the Canadian Northwest. They number one-third of the population, and some sections of the wheat belt are settled almost entirely by them. A few American syndicates have taken up large tracts and some individuals have bought thousands of acres and are holding them, but the majority of our people have settled on the homesteads allotted by the Government and, having bought lands adjoining, are waiting to grow up with the country.

Americans are doing a large share of the business of the new towns. A few are merchants, others are investing in elevators and mills, and there are a number at Winnipeg who have much to say in the grain exchange and other financial centers.

The American Invasion.

Indeed, Canada may be said to have a real invasion of Americans. In 1896 less than 50 homesteads were allotted to them. In 1897 the number jumped to 1,000, and in 1899 it was 25,000. In 1900 it rose to 35,000; and last year more than 50,000 Americans, an army ten times as large as that which Xenophon led on his march to the sea, came over into Canada and are now here besieging the God of Prosperity.

The Government officials tell me they expect to have 80,000 more Americans this year, and I warn you that both they and the American real estate syndicates, who are making money out of buying lands and selling them again, will do what they can to increase that number in the future. This is a matter of vital interest to the United States. It means the loss of some of the best of our farming population, and in addition the actual carrying away into Canada of millions of dollars of good American gold.

The most of the American who go to Canada are skilled farmers. They are men of means, and nearly all of them carry some money along. I am told that the average, so far, has been at least a thousand dollars per head, which for the 200,000 immigrants who have so far gone there would mean an actual loss of something like \$200,000,000. If the average is kept up it means that Uncle Sam will lose \$80,000,000 from such emigration this year, and that to say nothing of the energy, brains and muscle of 80,000 good American citizens. It is generally estimated that a first-class man without a cent in his pocket is worth at least \$1,000 to the country in which he settles, and our emigrants are certainly worth that to Canada. They are worth more in the building up of this country, for they know just how to handle it. They are valued at something like a million dollars a year by the railroads as traffic producers. James J. Hill estimates that every new family which settles along the Great Northern is worth at least \$100 a year in additional freight. Now 50,000 Americans at even five to the family means 10,000 families; and, at Mr. Hill's estimate this equals an annual increase of at least \$1,000,000 to the receipts of the Canadian railroads.

Do you wonder that the Canadians are anxious to get us?

FOOD AND STUDY

A College Man's Experience.

"All through my high school course and first year in college," writes an ambitious young man, "I struggled with my studies on a diet of greasy, pasty foods, being especially fond of cakes and fried things. My system got into a state of general disorder and it was difficult for me to apply myself to school work with trying to do brain work on greasy foods, cakes and all that. I joined the Grape-Nuts army. I showed him what it was and could do and from a broken-down condition he has developed into a hearty and efficient man.

"Besides these I could give account of numbers of my fellow-students who have made visible improvement mentally and physically by the use of this food." Name given by Postum Co., Battle Creek, Mich.

There's a reason. Read the little book, "The Road to Wellville," in packages.

and again made more by moving from there on to North Dakota, found himself at the end of such speculation. Lands everywhere had risen, and in the far west they were worth from \$15 and upwards per acre.

At the same time the big land operators, who had been buying large tracts in Minnesota and the Dakotas from the Northern Pacific and other railroads and selling them out to the farmers, found that there was no more land to buy; and that they would have to give up their territory or quit the business. The farmers began to wonder what kind of lands there were in Canada, and our real estate men to search far and wide for new worlds to conquer.

A Million Acres Sold.

Among these real estate agents were two who had made quick fortunes by buying our railroad lands and selling them. Their names were Robertson and Lynch. Robertson had started life as a country school teacher at \$30 a month, and Lynch had begun as a land surveyor at a few dollars per tract. The two discussed the situation and Robertson was sent to Canada to spy out the land. He came here in the winter and took trips from Winnipeg over the different railroads, visiting the small towns of the wheat belt and of the new country beyond. He would stop at a village hotel, and engage in conversation with the farmers, asking as to the crops and the prospects. One man would tell him that he got 27 bushels of wheat per acre that year, and, on being asked as to the year previous, would reply that he had made 20 bushels then, but that the year before he had gotten only 15 bushels, as his crop had been a failure.

As Robertson heard this kind of talk his eyes bulged out so that they almost dropped upon his cheeks. He saw the possibilities of land speculation, for he knew the average yield in Minnesota at that time was not more than 15 bushels per acre. When he learned that the men held their farms at about \$10 per acre, he was still more excited. He heard the same stories at other villages, and when he returned to Winnipeg he called upon Mr. Griffin, the Canadian Pacific railroad land commissioner, and told him that he wanted to buy 50,000 acres along the Soo Pacific, which comes into Canada from the United States and joins the Canadian Pacific trunk line a short distance above the head of Lake Superior.

As the story goes, Mr. Griffin was not at all anxious to sell. I am told he looked upon Robertson as crazy, and advised him to purchase the lands through the local real estate agents. This was done, and it created such a sensation in Winnipeg that the agents employed by Robertson were accused of unmercifully skinning a poor American. At all events, the land was purchased, and within four months it was all sold for \$10 per acre. A short time after that Robertson and Lynch came to Canada, and bought a million acres of the Canadian Pacific Railroad grant, in the western part of Manitoba, and in what is now Lower Saskatchewan. They paid, I am told, less than \$3 per acre. That was four years ago, and their land has all been sold. They have let the land go at all kinds of prices, but it is said that the average has been at least \$8 per acre, and that they have made in all probably \$2,000,000 out of the deal.

A Woman Agent.

Indeed, one of the chief business of the new Canada is selling lands. The real estate agent is found at every station. He meets you as you step from the cars. You see his sign in the samples of wheat, oats, potatoes and other products in his office windows, and you may find farm exhibits even at the depots.

Take, for instance, Moosejaw, at the junction of the Soo Pacific and the Canadian Pacific Railroads. It is a lively city of 4,000 souls, and the liveliest part of it is the railroad depot. Just outside the station building a pyramid has been erected of sheaves of oats, wheat and barley, with a Canadian flag floating over it. The pyramid is made up of samples of the grain grown in the vicinity, and they are so displayed that they can be seen from the cars. We had a wait of twenty minutes at Moosejaw, and I stepped off the train to look at it. As I stood before this fine-looking American woman of 40, with a husky, rosy-cheeked girl of 16, drove up in a buggy. Both ladies were clad in furs, and the cheeks of the girl shone like Jacquemont roses. The lady accosted me, asking if I were about to settle in Canada, and if so did I not want some choice lands. I replied that I had not fully decided, whereupon she continued:

"Well, I can tell you, sir, that there is a better spot than right about Moosejaw, and that I have the best of all left in the neighborhood. I have a few choice pieces that I want to sell, and if you care to look I will drive you out into the country. That is my business, sir, to sell land. I have a billboard tacked up outside the straw stack saying that Mary Jane has bought and sold lands.

I asked her where her lands were, and she told me, saying that they were worth from \$18 to \$20, and that they would produce 40 bushels of wheat, 90 bushels of barley, or 120 bushels of oats to the acre.

"But," said I, "I am afraid it will be too cold. I understand you people freeze to death in the winter."

"As to that," said the madam, "I am an American woman who came here for my health from Colorado a good many years ago. Suppose you take a look at my daughter, who sits here beside me. She is 16 years old and I have never paid a cent for doctor bills on her account. Do either of us look like freezing to death? No, sir, we have a few cold days in the winter, but as a rule our climate is better than that of the northern parts of the United States."

I then told the madam that I was a newspaper correspondent and not a land purchaser, whereupon she handed me her card, saying, "Well, I should like to interest you in our lands, and if you see anyone who wants to buy, send him to me—I mean any man with good, hard cash. Send your card along with him, and if he buys you will give your commission." With that she drove quickly away, to accost another stranger who had come out of the station.

During my travels here I have visited many of the localities where Americans have settled. They have come to Canada in all sorts of ways. Some were brought by the railroad, by the real estate agents and the Government, almost depopulating the little farm communities of our country from whence they came. Iowa, for instance, has fallen off 10,000 or more through this and other emigration. Some of the settlers had crossed the boundary in canvas-covered wagons, and others had driven into Canada in all sorts of vehicles. I have photographs of men who came in using oxen and horses to pull their effects, and of some who plodded along for days with ox teams on the way.

The first Americans to arrive squatted down close to our boundary, getting homesteads and buying farms along the Soo Pacific Railroad. Soon afterward they began to take up the lands farther west, and now fully 70 per cent of all the settlers between Moose Jaw and the international boundary are Americans. They own a line of wheat farms extending on each side from the railroad back far into the country. Their homes remind me of the settled portions of North Dakota, and they have many good little towns, such as Weyburn, which has 1,200, Milestone, 600, and others. In such towns the businessmen are chiefly Americans.

Another line of American settlements has grown up along the Prince Albert branch of the Canadian Pacific Railroad, and others along the Canadian Northern. It is on the Canadian Pacific branch that Davidson got his cheap lands and resold them. As it is now there is a continuous line of unbroken wheat fields running from 50 miles above Regina to Rosthern, a distance of 170 miles. Ninety per cent of the lands along that road are owned by Americans, their farms extending back from the track for about twelve miles on either side. Some of the farmers are homesteaders, many of whom bought the lands adjoining them, so that they each have all the way from 320 acres up to 5,000 acres. They are building comfortable houses and good barns.

Some of the Americans will not take up homesteads, although they can get the land for living on it. They prefer to buy rather than relinquish their allegiance to the United States. Every homesteader has to become a naturalized Canadian before he can have a clear title to this free land. If he buys, however, he can get a title upon paying the money, and as the outsiders have about as many rights as the Canadian, with the single exception of being able to vote or run for office, a large number of our citizens are Americans still.

Within the past year the Canadian Northern has been pushed through the wheat belt to beyond Edmonton. There are Americans settled along that line, and it is probable that some of those who come this year will take up settlements between Edmonton and the Rockies, toward which the Canadian Northern is building. The latest colonies are along the line of the Grand Trunk Pacific, and, indeed, there are Americans in every part of the New Canada.

Pythians in Convention.

Detroit, Mich., Feb. 22.—About 4,000 Knights of Pythias gathered here today to celebrate the 42nd anniversary of the founding of the order, among them a number from Hamilton, Sarnia and other Canadian points.

Oarsman Fulton Dead.

St. John, N. B., Feb. 22.—Robert Fulton, who was struck with the famous Paris crew of scullers, died today, aged 61.

He was the strong man of his crew in their race with the brothers at Springfield at the world's championship on the Seine at Lachine, and on the Kennebecasis, where Renforth, of the Tyne crew, died of over-exertion. One of his sons is pastor of the Methodist Church at Hampton.

Opera House for Berlin.

Berlin, Feb. 22.—The promoters of the new opera house scheme are meeting with gratifying success in securing the necessary amount of stock to proceed with the building. Only \$3,000 was required and it is expected that when the stockholders meet tomorrow the full amount will be subscribed and instructions will be given to proceed with the erection of the building, which will be erected on the corner of King and College streets.

Royal Templars' Elect.

Toronto, Feb. 22.—The grand council of Royal Templars of Temperance this afternoon elected the following officers: Grand councilor, W. J. Armstrong, Toronto Junction; grand vice-councilor, Miss Nellie Ward, Collingwood; grand chaplain, Rev. J. W. Stewart, North Bay; grand secretary, W. M. McMillan, Hamilton; grand herald, F. O. Slipp, Hamilton; trustee for three years, K. McKenzie, Picton; grand medical referee, Dr. W. Crawford, Hamilton; additional members of the executive, A. B. Spencer, Collingwood; J. A. Copland, Harrison; and H. L. Matthews, Toronto.

MRS. HUNTER'S STORY

Says She and Her Husband Agree Perfectly. Both Quite Well Again.

Mrs. I. Hunter, of 111 Raglan road, Kingston, Ont., has written for publication a statement of her case as follows: "I have suffered with kidney and liver trouble and chronic constipation for some time. I was subject to dizziness, biliousness, nervousness, drowsiness, pains in the back and side, and a tired, weary feeling nearly all the time.

"I tried almost every remedy, was treated by doctors and druggists with little or no benefit.

"Finally, a friend advised me to try Dr. Leonard's Anti-Pill, and the results have been truly wonderful.

"My husband has used Anti-Pill for rheumatism and was benefited greatly. We agree that Anti-Pill is a most wonderful medicine and heartily recommend it."

This is very strong recommendation. Anti-Pill is undoubtedly the greatest of family remedies. All druggists, or the Wilson-Frye Company, Limited, Niagara Falls, Ont.

New Dress Goods

Representative of the World's Best Makers

World's best makers contribute their beautiful spring goods to our dress goods display.

It is doubtful if there have ever been fabrics as beautiful and stylish as are shown this season.

And this is as it should be—in keeping with the spirit of progress.

All enterprising makers are always on the qui vive to excel their past successes. To add fresh weaving and dyeing triumphs to their storehouse of fame. To turn the tide of trade their way.

And how well they have succeeded will be shown in the new arrivals exhibited in our Dress Goods Section. You are invited to see them. Come.

We mention a few.

Our Light Tweeds at 85c

Are, we venture to say, the daintiest and most stylish we have ever shown at the price. Grounds of cream, light grays, light fawns and light greens are cross barred with various shades to form very handsome check effects, which have a tendency to be small and neat. And the fashionable Panama weave is reproduced in these new creations. See them sure 85c

Dainty Light Checks at 90c

Light colored checks will be prominent this spring season. These are woven in a variety of very pretty and stylish ways. Don't fail to see them 90c

Light Checks at \$1.00

These have come in for a good share of admiration during the past few days. Handsome, fashionable—well, to get a true idea of their stylish beauty you'll have to see them \$1.00

GENEROUS

Cement Curb and Gutter

1. East side of Adelaide street, Central avenue to Princess avenue.

Each work or improvement as numbered above is to be assessed and levied upon the real property to be benefited thereby, and the number of such annual special assessments will be ten.

And take notice, that unless the majority of the owners of such real property to be benefited thereby (to be ascertained under the provision of "The Consolidated Municipal Act, 1903," and Bylaw No. 257 of the City of London, passed on the 3rd day of April, 1905, representing at least one-half in value thereof, petition the said council against the same within one month after the publication of this notice in the London Advertiser and Free Press newspapers, published in the City of London, the council will undertake the said works or improvements, and proceed to assess and levy the cost thereof under the provisions of Section 569 and the other sections of "The Consolidated Municipal Act, 1903" relating to local improvements applicable thereto.

S. BAKER, City Clerk.
City Clerk's Office, Feb. 15, 1906.
52u v

Township Councils.

LONDON.

The London Township Council met in Arva on Feb. 5. Present, Hamilton Needham, reeve; S. Frank Glass, Jas. H. Hodgins, George E. Hudson, and W. A. Langford, councillors. W. A. Langford reported that he had notified the London Street Railway Company to repair the road at the corner of Eglar and Trafalgar streets torn up by them while laying tracks, and that some improvement has been made, but the work is not completed as yet.

The following communications were read: From James Beggs, re accident to horse on road opposite lot 23, concession 16, on Dec. 22; referred to Jas. H. Hodgins to investigate and report at the next meeting. From James Cession 16, on Dec. 22; referred to Jas. Frank Glass with power. From Samuel M. Jepson, re sidewalk lot 11, concession 16, referred to W. A. Langford.

From F. W. Farncomb, re Alderton drain; township solicitor instructed to notify Mr. Slack to remove all obstructions in the water course on the property occupied by him in Alderton; Andrew T. Thompson, solicitor for applicants, gave notice that the West Ontario Pacific Railway Company will apply to the Dominion Parliament for authority to build a branch from London to Lake Huron; filed a communication from R. P. McMillan, clerk of Tarentown Township, re tariff protection, was laid over for consideration. W. P. Hubbard, president of the Ontario Municipal Association, asked the council to sign a petition and forward it to the member for East Middlesex. It was voted that the petition be sent to Mr. Neely, asking him to present the same to the House and support the bill when it comes up for consideration.

The following persons addressed the council: Very Rev. Arch Deacon Richardson, re petition formerly presented by residents near Broughs bridge, asking for a new schoolhouse.

On motion of George E. Hudson, seconded by W. A. Langford, it was voted that the clerk be instructed to notify all ratepayers interested in the matter, also Commissioners Glass, Langford, and Hudson, to attend a meeting in the schoolhouse of section No. 18, on Feb. 20, at 7:30 p.m., to discuss the same.

The auditors presented their report. Mr. Glass objected to the statement of assets and liabilities on the ground that accounts are constantly coming in for payment for work done in 1905, and have been received for the years 1903, 1904 and 1905, and that the amount of these accounts is not included in the statement of liabilities; therefore the balance of money showed by the statement is not available to be expended in 1906 is not correct. The auditors stated that all liabilities known to them on Dec. 31, 1905, were included in the report. On motion of James H. Hodgins, seconded by W. A. Langford, the auditors' report was adopted, and their salaries ordered to be paid.

A grant of \$25 was voted to London Township Agricultural Society. George Foster's communication re ditch, lot 25, con. 2, was referred to S. F. Glass.

Frank Karn, manager of the Sovereign Bank, London, asked the council to transfer their account to the Sovereign Bank in consideration of the greater convenience offered by the branches of the bank in East London. Thorndale and Hiderston. Laid over for consideration.

Mr. Perrin, solicitor for ratepayers interested, presented a petition signed by R. M. Hobbs and some 150 other ratepayers, asking the council to refer the councils of Middlesex county and London city re the Proof Line road question. R. M. Hobbs and William Stephens addressed the council on the subject. It was decided that a committee of the whole council meet deputations from the county council and the city council re Proof Line road at the town hall, Arva, Monday, April 2, 1906, at 2 o'clock p.m.

Moved by W. A. Langford, seconded by G. E. Hudson, that the original motion to assess the township in two parts be rescinded. It was also decided to appoint one assessor to assess the township of London at a salary of \$300.

Applications for the position of assessor were received from James Barker, R. A. Powell, George Kimball and E. M. Roberts. A. R. Powell was appointed, and the necessary bylaw passed.

It was voted that no councillor or reeve be allowed to overdraw his ward appropriation, and the clerk and treasurer be hereby notified not to cash any checks issued by them after the appropriation is expended. In case a councillor or reeve requires through accident or similar cause, more money to be expended in his ward, he may bring the matter before the board to obtain the necessary amount, which will be charged against the ward in which it is expended.

A communication from Samuel Glass re error in assessment of property of 1905, was laid over until next meeting.

An account from Meredith, Judd & Meredith for \$533.30, for the years 1903, 1904 and 1905, was referred to the reeve, to examine and report at next meeting.

The following accounts are to be paid: Edward Guest, costs of fence viewers' award, Davis vs. Depper, to be paid, \$7; Victoria Press, order books, \$7.50; Waide, the \$7.75; Peter Bowey, collector, salary, \$100; George Kimball, dog tax he could not collect—Mrs. J. and W. Sheehy, Robert McRoberts and Melville Hudson—\$5; George Garlick, digging ditch, \$10; T. C. Hudson, cost of engine tongue broken, \$5 cents; W. Heaman & Son, half cost of pipe for drain, county of York, \$10; J. H. Hudson, cost of drain, to be refunded, \$20.90; F. W. Farncomb, fees, enforcing Kirk award, \$53.50; Mary Grant, clerk.

JOHN D. HAS GOOD LAUGH

The Much-Hunted Millionaire in New York All the Time.

New York, Feb. 22.—John D. Rockefeller has been found.

He was discovered right here in New York city, transacting business in his office at No. 26 Broadway.

His appearance yesterday at the Broadway office of the Standard Oil Company, of which he is head, puts an end to the game of hide-and-seek which for more than eight weeks has kept the public guessing; cable, telegraph and telephone wires sizzling; his family and office assistants busy sidetracking inquisitive questioners, and subpoena servers jumping from place to place wherever rumor had him.

It became positively known yesterday that the richest man in the world has been attending to his business, either in person at his office or dictating matters over the telephone to the office assistants, during much of the time that he has been reported in remote sections of the globe.

Persons who have daily come in contact with Mr. Rockefeller say he has actually gained flesh by laughing at the reports of his presence thousands of miles away from here, and that he has gathered more enjoyment from the affair than from any golf game he ever played.

While it is known that Mr. Rockefeller treats his "disappearing act" flippantly, even frivolously, it is also known that Missouri's attorney-general does not so regard it.

Mr. Hadley has spent much time and money trying to find him to question him with reference to the alleged monopoly method of the standard Oil Company, and it is a well-established fact that ever since the oil king first became mysterious in his going and coming there has been an army of subpoena servers hunting for him, thereby producing the most notorious and far-reaching "man-hunt" that this country ever witnessed.

RICH YOUNG MEN ARE ASSAILED

Social Settlement for Millionaires Suggested.

RABBI HIRSCH FLAYS WEALTH

Declares Charity is Used as a Cloak for Selfishness by Workers With the Poor.

Chicago, Feb. 22.—"Along with the other social settlements in Chicago let us open a settlement on the south side for the benefit of the millionaires' sons. Most of these rich young men are failures. The successful one, as we count success, is the exception. It seems to me that the rich are to be pitied."

Thus spoke Dr. Emil G. Hirsch, of the Sinai temple in an address last evening at the dedicatory exercises for the new Maxwell street Jewish settlement, Twelfth and Clinton streets. Dr. Hirsch assailed the charitable acts of rich men as efforts in many cases to compel the grateful of their friends. He emphasized the necessity of true philanthropy in settlement work, and not mere charity on the part of the rich, who seek to secure praise for their own selfish enjoyment.

"It is a privilege for the rich to have the chance to contribute to an institution of this kind," said Dr. Hirsch, "and when the founders of an allowed men to turn over to it their money to become a power for good they were doing those rich men a favor. Charity, as the word is known today, is only a bribe of moneyed men to make a community forget the wrongs heaped upon it. Charitable people give money so that they may appear to the public as benefactors. Charity, as it is known nowadays, is only a cloak to make people think the giver is deserving of praise."

"Away with the word charity. We don't want to hear the word in settlement work. The people of this neighborhood will not come to this settlement, the boys and girls will remain away from it. If charity lurks within these walls."

"In place of the word charity let us substitute the word 'philanthropy.' This is the better word. It means the love of mankind—not simply charity for mankind. It is this spirit that has moved the founders of all settlements."

The settlement workers in giving themselves to others have much more than they give. Their lives have become richer and their souls have become glorified. Those who give their lives to a community receive much more than they bring to it.

"As a matter of fact, the children you hear playing in the street in this community are superior any way to many of those on the boulevards. The people of the ghetto here offered superior to the residents of the avenues and boulevards. The rich are to be pitied. Let us establish settlements for the rich men's sons on the south side."

"Many of the rich men at the clubs are far less educated than the workingmen of this district out here. The men who live here read and they progress along educational lines. Ask the rich man at the club if he has read this or that book which goes to make him nobler and better and stronger in mind. He will shake his head in ignorance. Ask many of these people of the ghetto the same questions, and they will brighten up with the knowledge they have gained from those books through long hours of study."

"You hear some rich women go back to the boulevards and tell their friends that they have been over in the settlement. They act as if they had done something brave. They tell how unclean the people are and what sights they found there. They want self-admiration, and so they pretend that they have done a wonderful act. I tell you, friends, that is not the spirit of settlement work. It is not condescension to go into this work, but it is a stepping higher."

"In establishing a Jewish settlement we are justified in segregation from the non-Jew, because we have a special mission to perform. That is, however, I am accused to segregation."

Judge Julian W. Mack emphasized the importance of living in a settlement to accomplish the greatest work. Miss J. Adams and others agreed.

The Necessary Cure for Colds.

It is not a question of whether you will need a treatment for coughs, colds and croup in your home, but the question is, will you select the most effective medicine, or simply be satisfied to take whatever your druggist happens to hand out to you?

Time and experience have proven that you can depend on Dr. Chase's Syrup of Linseed and Turpentine at such times.

It is only necessary to remember this when the critical time comes, and to insist on getting what you ask for.

Should you have children who are subject to croup, you had better keep a bottle of Dr. Chase's Syrup of Linseed and Turpentine in the house, for when the choking spasm comes on there is little time to send for doctor or medicine.

Being pleasant to the taste, it is readily taken by children. Because it brings quick relief to the sufferer from asthma, bronchitis, whooping cough and all the most serious diseases of the throat and lungs, it is invaluable as a household medicine. 25 cents a bottle, at all dealers.

KIDNEY DISEASE AND ITS DANGERS CAN BE QUICKLY CURED BY DOAN'S KIDNEY PILLS

Kidney disease comes on quietly, it may have been in the system for a long time before you suspected the real cause of your trouble. There may have been backaches, swelling of the feet and ankles, disturbances of the urinary organs, such as, brick dust deposit in urine, highly colored, scanty or cloudy urine, bladder pains, frequent urination, stone in bladder, etc.

Perhaps you did not know that these were symptoms of kidney disease, so the trouble kept growing worse, until Neuritis, Gout, Rheumatism, Diabetes, Dropsy, and worst of all, Bright's Disease have taken hold of your system.

Doan's Kidney Pills should be taken as the first sign of anything wrong. There is no other safe way, (plasters and liniments are useless), as the trouble must be eradicated from the system.

Doan's Kidney Pills go to the seat of the trouble, strengthen the kidneys, and help them to filter the blood properly and flush off all the impurities which cause kidney trouble. Mr. Thomas Mayhew, Smith's Falls, Ont., writes: "For over four months I was troubled with my kidneys, and my back got so lame I felt miserable all over. After taking five boxes of Doan's Kidney Pills was as well as ever."

Price 50 cents per box or three boxes for \$1.25, all dealers. The Doan Kidney Pill Co., Toronto, Ont.

Quakers are very healthy. Their average longevity being 61 years. An elephant will carry a load of 5,000 pounds with ease.

JOHN D. HAS GOOD LAUGH

The Much-Hunted Millionaire in New York All the Time.

New York, Feb. 22.—John D. Rockefeller has been found.

He was discovered right here in New York city, transacting business in his office at No. 26 Broadway.

His appearance yesterday at the Broadway office of the Standard Oil Company, of which he is head, puts an end to the game of hide-and-seek which for more than eight weeks has kept the public guessing; cable, telegraph and telephone wires sizzling; his family and office assistants busy sidetracking inquisitive questioners, and subpoena servers jumping from place to place wherever rumor had him.

It became positively known yesterday that the richest man in the world has been attending to his business, either in person at his office or dictating matters over the telephone to the office assistants, during much of the time that he has been reported in remote sections of the globe.

Persons who have daily come in contact with Mr. Rockefeller say he has actually gained flesh by laughing at the reports of his presence thousands of miles away from here, and that he has gathered more enjoyment from the affair than from any golf game he ever played.

While it is known that Mr. Rockefeller treats his "disappearing act" flippantly, even frivolously, it is also known that Missouri's attorney-general does not so regard it.

Mr. Hadley has spent much time and money trying to find him to question him with reference to the alleged monopoly method of the standard Oil Company, and it is a well-established fact that ever since the oil king first became mysterious in his going and coming there has been an army of subpoena servers hunting for him, thereby producing the most notorious and far-reaching "man-hunt" that this country ever witnessed.

AFFECTS COMMON CARRIERS

Senator Knox's Inter-State Commerce Bill a Radical One.

Washington, Feb. 22.—Senator Knox has introduced his interstate commerce bill.

It provides that all acts of Congress and the provisions of this bill relating to interstate commerce shall extend to all common carriers engaged in commerce to which the regulatory power of Congress extends, under the constitution of the United States.

All charges of whatever nature shall be just and reasonable. When a rate is unreasonable, the committee shall order it reduced, and, when reduced, "such reduced rate shall be the maximum to be observed by the carrier, and when the committee shall order a practice to be changed its order shall be observed by the carrier."

Provision is made in the bill empowering the commission to establish through routes to and from points between which through rates are not maintained by the railroads complained of.

The Necessary Cure for Colds.

It is not a question of whether you will need a treatment for coughs, colds and croup in your home, but the question is, will you select the most effective medicine, or simply be satisfied to take whatever your druggist happens to hand out to you?

Time and experience have proven that you can depend on Dr. Chase's Syrup of Linseed and Turpentine at such times.

It is only necessary to remember this when the critical time comes, and to insist on getting what you ask for.

Should you have children who are subject to croup, you had better keep a bottle of Dr. Chase's Syrup of Linseed and Turpentine in the house, for when the choking spasm comes on there is little time to send for doctor or medicine.

Being pleasant to the taste, it is readily taken by children. Because it brings quick relief to the sufferer from asthma, bronchitis, whooping cough and all the most serious diseases of the throat and lungs, it is invaluable as a household medicine. 25 cents a bottle, at all dealers.

QURE SICK HEADACHE.

Low Rates West.

If you intend going west, now is the opportunity. Low one-way rates are in effect to Billings, Mont., Denver, Colorado Springs, Nelson, Roseland, Vancouver and San Francisco, via Grand Trunk Railway from Toronto. Call at Grand Trunk city office, for full particulars.

Settlers' Low Rates West.

The Chicago and Northwestern Railway will sell low one-way second-class settlers' tickets, daily, from Feb. 15, to April 7, 1906, to points in Colorado, Utah, Montana, Nevada, Idaho, Oregon, Washington, California and British Columbia. Rate from Toronto to Vancouver, Victoria, New Westminster, B.C., Seattle, Wash., or Portland, Ore., \$42.25; to San Francisco or Los Angeles, Cal., \$44.00. Correspondingly low rates from all points in Canada. Choice of routes. Best of service. For full particulars and folders call on or write E. H. Bennett, General Agent, 2 East King street, Toronto, Ont.

Now It Is Cuba—Fast Service by the Grand Trunk.

In this age of rapid progress and rapid transit people want to "get there in a hurry." You can certainly do this now as far as Cuba is concerned, on the new fast service arranged by the Grand Trunk, as you can leave London every Thursday by the International Limited at 8 p.m., connecting at Chicago with Havana Limited, which runs over the rails of the Chicago and Alton, and Mobile and Ohio Railways, embodies everything that one requires to make a journey in comfort. Club car, dining car, observation cars, etc. The train runs through without change to Munson steamship dock in Mobile, reaching there at 3 p.m. Saturday. Transfer is made on the dock to the new steamer Prince George, which leaves Mobile Saturday at 4:30 p.m., and anchors in Havana Bay by daylight Monday. For full particulars call on E. De la Hooke, city ticket agent, corner Richmond and Dundas streets.

Delightful Trip—Low Rates to New Orleans.

This is the time of the year when a trip to New Orleans is one of interest and pleasure. The Mardi Gras festivities will be held there shortly, and the very low rate of \$32.75 for the round trip will be in effect from London by Grand Trunk Railway, good going Feb. 21 to 26, valid returning until March 17, if desired, on payment of 50 cents. Call on E. De la Hooke, city ticket agent, for full particulars.

Cheap Rates to Pacific Coast, Via Canada Pacific.

Second-class tickets on sale daily until APRIL 7TH to Pacific Coast points, via Canadian Pacific, for \$42.25. Through TOURIST sleeping cars from Toronto FOUR DAYS each week. Greatly reduced rates to other western points. CALL AT C. P. R. CITY OFFICE, 181 DUNDAS STREET, CORNER RICHMOND.

It takes two to make a bargain and one to get the best of it. It is terrible hard to save money when you haven't any left over to save.

OCEAN STEAMSHIP TICKETS

—BY THE—
AMERICAN LINE (New York Service), AMERICAN LINE (Philadelphia Service), ATLANTIC TRANSPORT LINE, DOMINION LINE, LEYLAND LINE, RED STAR LINE, WHITE STAR LINE (New York, Boston and Mediterranean Services).

A GUIDE FOR TRAVELERS

GRAND TRUNK RAILWAY.
(Corrected to date.)
MAIN LINE—SARNIA TUNNEL.
SUSPENSION BRIDGE AND TORONTO.

Arrive from the east—4 a.m., 10:40 a.m., 11 a.m., 11:20 a.m., 6:35 p.m., 7:43 p.m., 10 p.m.
Arrive from the west—12:15 a.m., 1:10 a.m., 1:25 p.m., 4:10 p.m., 6:25 p.m.
Depart for the east—12:20 a.m., 9:25 a.m., 11:20 a.m., 2:05 p.m., 4:25 p.m., 6:55 p.m. (Eastern Flyer).
The trains leaving at 8:10 a.m. and 2:05 p.m. stop at all stations. The 8:10 a.m. local, and the 11:20 a.m. and 4:25 p.m. expresses have through coaches for Toronto. The Eastern Flyer at 6:25 p.m. stops only at Ingersoll, Woodstock, Brantford and Hamilton, and goes to Toronto.
Depart for the west—4:15 a.m., 7:40 a.m., 11:10 a.m., 11:32 a.m., 1:35 p.m., 3:35 p.m.
The 7:40 a.m. and the 1:35 p.m. trains stop at all stations. The 4:15 a.m., 11:32 a.m. and 8 p.m. expresses run through to Chicago without change. The 11:32 a.m. express amalgamates with the 11:32 express at Port Huron.

SNAP-SHOTS AT VARIOUS SPORTS

The officers of the Seventh Regiment play the officers of the Twenty-first Regiment, Windsor, a game of indoor baseball at the armories Saturday evening. The game ought to be good.

"Rube" Deneau, the Windsor pitcher, goes into professional ball this spring, having signed with Jackson, Mich. "Rube" will make good, sure enough.

The board of works met last night and laid over the proposition to give Queen's Park exclusively to the East London League. The board will meet next Thursday evening, when they desire to hear all teams in the city who might wish to use Queen's Park. The park should be given to the ball players, but no one's rights should be prejudiced.

The Toronto papers cannot see a thing but the Argos for the championship. It certainly is a hard thing for them to let that silverware get away from their hands. But the Dutchmen will certainly get it sure enough.

The O. H. A. executive is sitting up at nights wondering what Justice Falconbridge's decision in the Rowe case can mean. It looks as if he has all the rights of a player, and that he should be granted a certificate for next year. Maybe the letter writer will get busy in the meantime, however.

Professional hockey will undoubtedly be all the rage in Canada next winter. Why shouldn't it? asks the St. Catharines Star-Journal. Why should the national winter game be played under false pretenses any longer any more than the national summer game? Hockey has been played for ten years or more in Canada by men paid good salaries to play the game. Yet they are called amateurs, and that pious organization, the O. H. A., which knows just as much of the truth as the C. L. A. did regarding how many lacrosse men were playing for their health, whenever it had what was considered a good chance, has been in the habit of making a lot of fuss about it when some unlucky chap was caught with the goods on him. Better to come out boldly as professionals, because that is what most of the big hockey teams in Canada today are, than to continue the hypocritical farce.

"G" Company and the bugle band play tonight for second place in the Seventh Regiment Indoor Baseball League. It ought to be a good game.

The effect of the decision of the injunction case against the Ontario Hockey Association in favor of R. P. Rowe is practically nil, so far as the player is concerned. The hockey season is over for the Barrie club, and, as the facts are admitted, there is nothing to prevent the association from dealing with the case according to those formalities, the omission of which, in the opinion of Chief Justice Falconbridge, vitiated the previous action of the executive. This is the course which it was said last night would probably be taken. Nobody appeared to think that Rowe would receive a player's certificate in any future season.—The Globe.

The main thing was that they got Rowe out of the game. No person, for one minute, thought that the move was made for any other reason.

We don't know whether or not the peerless Lou Dillon had mercury in her peerless boots or cobblestones in her peerless car the day she trotted with Major Delmar for the peerless gold cup. We do not know that any enemy of Mr. Billings or any too zealous friend of Mr. Smathers "got at" the peerless Lou. But we do know that Mr. Smathers understood he was racing Major Delmar against a sick mare. Nothing Murray Howe can produce can do further violence to one's ideals of sportsmanship.

The Toronto Telegram advises the C. L. A. to cut Hamilton and London out of the lacrosse schedule, as they are "dead ones." There will be no tremendous row from this quarter, if the Telegram's suggestion is acted on. We have no need of missionaries along those lines.

The Queen's University goalkeeper says that if ever the Stanley cup gets into Kingston, it is liable to stay there. How are they going to keep it, make the visiting teams be hazed by the R. M. C. before playing a game? Nobody is alarmed at the prospect of the cup leaving Ottawa. Not enough jimmies and bibles in sight to do it.

Since the startling disclosures in all branches of sport, the Chicago Tribune sporting man is now prepared to believe:

- That Lord Dunraven was right.
- That Judge Parker was dragged when he raced against Mr. Roosevelt.
- That the New York Yacht Club keeps in its employ an expert diver to drill holes in the bottoms of Sir Thomas Lipton's boats.
- That the last highball that John L. Sullivan absorbed before he entered the ring against Corbett was popped.
- That some designing intriguer slipped cigarette ashes into M. Vignaux's absinthe just before he took on Willie Hoppe.
- That Charles Comiskey laid against his own team in the series against the Spuds.
- That Eckersall forfeited his amateur standing on his fifth birthday by playing marbles for keeps.
- That there is a giant conspiracy on foot to fix croquet players in the interest of the poolrooms.
- That basketball is corrupt.
- That Condon and Corrigan really are in collusion.
- That Chandler Egan had noodles in his nibble.
- That Jim Jeffries got \$100,000 for not refereeing the Britt-Nelson fight.
- That the horse which won at New Orleans under the name of Friendless was Synonyb, and that the knocking down of his hip was merely a part of the fake.
- That Baron Rudolph's only motive in going out with that \$10,000 was to teach that Mississippi banker to be more careful in the future, and that he intends to endow a hospital with it.
- That "Senator" Morgan put sand in the watch which timed the automobile races at Ormonde Beach.
- That Michigan laid down to Chicago.
- That the Washington Park Club intends to pull off the American Derby at Independence, Ia., and Frank Shaw has offered \$500,000 for the betting privileges.
- That Jim O'Leary lost \$200,000 out of his own pocket.
- That Leary's attack on frenzied finance was inspired by Patsy King.
- That a syndicate has been formed to start an American Monte Carlo in Evanston.

We are also almost compelled to believe that squash in this country is fearfully crooked.

That Rowe, of Barrie, was paid \$10,000 a week by Houghton.

That the Canadian National League will begin its schedule April 1.

That the reason the Toronto ball team did not win the pennant last year was because they were doped.

That the Ottawa hockey team have slumped badly in their religion.

That the Ottawa horse-doping case was true, and also that it was not true.

That Mike Daly's horses run true to form always.

That the Hamilton Rugby team is full of ringers.

That Tom Sullivan was given a sleeping potion when "Eddie" Durnan beat him.

That all Mike Ward's fights at Port Huron were on the level.

That Joe Gans can lick Jeffries.

That the Marlboros are the best hockey team in the O. H. A., but were short of training.

That Stratford would have the senior O. H. A. honors, had not Providence been "agin" them.

That the reason the Canadian yacht did not win last year was that the wind was foul.

That the Berlin Rangers were actually rough with the Pilgrims.

Joe Gans now wants to lick Nelson, Britt, Herrera and Herman, all in one evening. Great Joseph is now talking like one T. McGovern used to talk just before he went to the bat foundry.

Joe Gans has not made a confession for about 10 minutes. He is busy writing a book now on another subject—"Confessions of a Married Man."

COVERPOINT.

CAMERON NAMED FOR C. L. A. PRESIDENCY

Beaverton, Feb. 22.—At a meeting of the Beaverton Lacrosse Club, the candidature of Harry S. Cameron, a member of the club, for the C. L. A. presidency was enthusiastically endorsed, and a committee, consisting of A. C. Kay, P. McMillan, A. W. Talbot and H. Roach, was appointed to assist Mr. Cameron in the coming struggle. Mr. Cameron is at present first vice-president of the C. L. A. Delegates to the C. L. A. convention on Good Friday were appointed as follows: A. W. Talbot, D. McMillan, Capt. Birchard, John A. Gilbertson. These delegates were instructed to make it their chief business to secure the election of the Beaverton man for the presidency.

GOOD ONES NAMED FOR ATHENS GAMES

United States Will Be Represented by Some of Its Best Athletes.

New York, Feb. 22.—The men who will represent this country at the Olympic games in Athens, April 22 to May 2, will be announced officially by the American Olympic games committee next Monday. While the men have been practically selected for the events, several others may be added should the funds warrant an increase to the already big list. It was originally intended to send 90 athletes from the United States, providing the sum of \$25,000 could be raised. Up to the present but \$9,000 has been secured, and but one week before the subscription list closes, Secretary James E. Sullivan has been in correspondence with Andrew Carnegie, who is taking a deal of interest in the big athletic event, and it is probable that the philanthropist will make up the difference between the total sum collected and the \$25,000 needed to give the United States a proper representation.

The list of athletes selected for the different events, with the reserve men, follows:

- One hundred meter dash—Parsons, University of Wisconsin; Waller, Milwaukee; Queyrouse, New Orleans; Eaton, Cambridgeport, Mass.
- Four hundred meter dash—Hillman, New York; Reserve—Mouton, Kansas City.
- Eight hundred meter run—Lightbody, Chicago; Reserve—Valentine, New York.
- Fifteen hundred meter run—Shepard, Irish-American; Sullivan, Irish-American.
- Five miles run—Verner, Chicago; Reserve—Hough, Chicago.
- High hurdles—Friends, University of Chicago.
- Running high jump—Kerigan, Portland, Ore; Reserve—Mahoney, New York; Running broad jump—Ewry, New York.
- Putting the shot—Coe, Michigan University; Reserve—Sheldon, New York.
- Throwing stone, with follow—Mittell, New York; Reserve—Garrels, Irish-American; Sheldon, New York.
- Throwing the discus—Garrels, Irish-American; Hop, step and jump—Prinstein, Irish-American.
- Pole vault—Gardner, New York; Reserve—Glover, University of Purdue; Dray, Yale.
- Cycling—Sherwood, New York.
- Swimming—Daniels, New York; Reserve—Scott, Leary, San Francisco; Handy, Chicago.
- Swimming—Dr. George Sheldon, St. Louis; Marathon race—Forshaw, St. Louis; Mower, Chicago; Football—Irish-American; Tennis—Beals, Wright and Holcombe Ward.
- All-round competition—Gunn, New York; Clark, Boston.

NEW RECORDS MADE IN SWIMMING EVENTS

New York, Feb. 22.—In the National Amateur Athletic Union swimming championship, journey, held in the tank of the New York Athletic Club, today, C. M. Daniels, N. Y. A. C., made new figures in two events.

C. A. Rubel made a new American record in the 150-yard back stroke championship, and A. H. Goersling, of the Missouri A. C. St. Louis, won the 200-yard stroke breast stroke championship. C. A. McCarey, of the University of Pennsylvania (with 17 seconds), won the 100 yards handicap by a couple of inches, with L. S. Crane, N. Y. A. C. (9 seconds), second, and John J. Scott, Leary, of San Francisco, the practical scratch man, who was third.

Daniels won the 100 yards event in full swimming costume, and his time, 58 seconds, is a new world's record. He reduced the figures for 55 yards from 42 to 41 3-5 seconds, and for 40 yards from 49 to 44 seconds. Daniels won the 200-yard championship by 10 yards from Marqu and Schwartz, of St. Louis, in 2:33 1-5. He reduced the American records at 150 and 200 yards, from 1:46 3-5 to 1:43 and 2:26 1-5 to 2:22 respectively.

THE TURF.

YESTERDAY'S WINNERS
At New Orleans, Fair Grounds—J. C. Clem 10 to 1, Lostella 3 to 10, Captain Bob 6 to 1, Bemay 1 to 2, Third Alarm even, Atwood 5 to 1.

TO ANNEX LATONIA TRACK.

Cincinnati, Feb. 22.—The city council of Latonia, Ky., has passed an ordinance for the annexation of the Latonia race track to the city. In addition to the increase of the city's tax duplicate by an annexation, a large income for the city is expected in the shape of licenses for bookmakers and bars operating on the track, while comparatively small extra expenditures will be the result. It is said, however, that the race track owners will not consent to be annexed, and a vigorous fight in the courts is expected.

CARPETBALL.

CHATHAM LEAGUE STANDING.
Chatham, Feb. 22.—The standing in the City Fraternal Orders Carpetball League is as follows:

	Won.	Lost.	T.P.	P.C.
S. O. E.	7	2	11	.778
A. O. U. W.	8	3	9	.728
A. O. F.	8	4	8	.667
I. O. F.	2	4	14	.286
S. O. Scotland	2	6	12	.250
C. O. F.	1	9	10	.100

The silver trophy is now in possession of the A. O. U. W., and should they win it again this year it becomes their property.

WINDSOR NINE EASILY DEFEATS SEVENTH REGIMENT CHAMPIONS

The Locals Could Do Nothing Whatever with Kid Paine, the Visiting Twirler.

The indoor baseball team of the Twenty-first Regiment defeated the Company, champions of the Seventh Regiment, last night at the armories, in a fair game by a score of 16 to 3. A splendid crowd witnessed the play.

The London "Sojers" had a fearful attack of stage fright, especially during the first part of the game. They played listlessly and did not seem to get going right. Their pitcher, Wray, was as wild as a March hare, and in one inning passed enough to lose the game. He settled down during the last half of the game, and showed that he is a good pitcher when he's right. His support during the last half of the game was good. Jackson had a busy time behind the bat, and certainly worked some. Myers made a couple of nice stops, and Jackson and Ironsides pulled off a neat double play. Rider was the only man to get a hit off Paine, the Windsor twirler.

The Windsor team is a hustling bunch of players. They are in the game from wire to wire, and are always going right. They are well balanced and play a heady article of ball. The honors of the evening went to Paine, pitcher. He tossed a beautiful game and always had the London boys going. Nothing that looked like a hit was made off him for eight innings. In the ninth London got one hit, but it was a rank scratch, and it looked like a shame to score it against the kid. He had speed, a good raise ball, and a nice change of pace. He was ably supported behind the bat by the only "Rube" Deneau. Rube caught a great game. He was a trifle off on his throwing to bases. He heaved them down very fast and his team-mates did not handle them any too cleanly. Neal, their crack pitcher, played third, and pulled off a couple of swell stops. The outfielders are fast, too, and handled their chances well.

The Windsor team cannot be brought

to this city too often. They are all to the merry. London started to bat, but Paine had the kibosh on them, and there was nothing doing. Wray was wild, but whenever he did locate the plate, the Windsorites biffed it hard. They scored six runs in the first inning. They hit some in the second, and scored three. They got around some in the fourth, when a bunch of bases on balls and a couple of timely hits netted another half dozen. London got one in the fourth, on a base on balls and a couple of wild tosses. They got another in the eighth and ninth innings.

The Seventh boys played better the last four innings, and did some creditable hitting. As Paine had them all the time, Brian did all the heavy hitting, with a double and a triple for his right.

GANS WILL MEET FOUR IN ONE RING

Colored Man's Anxiety for a Fight Leads Him to Make a Rash Challenge.

San Francisco, Feb. 22.—Joe Gans is talking again. His offer to box Nelson and Britt on the same night having been ignored, he is out with a new offer. "To prove that I am the best lightweight in the world," he said to-day, "and also to back up my statement that my fight with Jimmy Britt was fixed, I issue the following challenge:

"I will fight Britt and Battling Nelson in one ring, signing to box 20 rounds with each. After these bouts are over I will take on Herman and Herrera, claimants for my title, meeting both the same night in the same ring. I can knock him out in a lot less than 20 rounds. The same is true of Nelson. The other two would be pla.

"This offer of mine is no dream. All I insist on is that the weight be 133 pounds at 3 o'clock and that I be allowed to pick the man that is to face me first."

The date of Gans' fight with Mike (Twin) Sullivan, before Morris Lewis, will be March 16. Gans reserves the right to call it off should he be able within the next two weeks to get a match with Jimmy Britt.

INDOOR BASEBALL.

WINDSOR DEFEATS WYANDOTTE.

Windsor, Feb. 22.—The Windsor indoor baseball team defeated the Wyandotte, Mich., nine here last night by a score of 18 to 14. The game was rather slow, though it was a slugging match as far as the hitting was concerned.

BERLIN SENIORS BOUND ARGOS WILL NOT BREAK PROUD RECORD

The Dutchmen Have Not Lost Home Game in Six Years—Playing at Markham.

Berlin, Feb. 22.—The supporters of the Berlin hockey team are exceedingly delighted with the result of the first game with the Argonauts for the O. H. A. senior championship, played in Toronto last evening.

The reports of the Toronto papers would make it appear that the "barsmen" were the better team, but the "Dutchmen" claim that they were forced to play a stronger game against Galt and Stratford during the season than they did against the Argos.

The reason Berlin did not score in the second half was owing to the very deep slush in front of the Argonaut nets, and fast shooting and combination were impossible.

The Dutchmen are hopeful that the weather will become colder and provide a keen sheet of ice for Monday evening, when the final game will be played. Berlin has not been defeated on home ice in six years, and they are bound that the Argonauts will not break this proud record.

THE MARKHAM TOURNAMENT.

Markham, Feb. 22.—The fourth night of the Markham tournament opened before the largest crowd of the series.

The ice was in prime condition and the immense crowd saw rattling good hockey.

Fred Wagborne was referee and the players attended strictly to business.

The first game, T. Kinear & Co. vs. Old Orchard, proved to be one of the best yet played. The Old Orchard were the aggressors for the first eight minutes, and only the splendid defense and goalkeeping of Nasmith saved the Kinears time and again.

Play was then transferred to the Orchard's territory, but without a score, until after 21 minutes of close and exciting play. The Kinears scored the first and only goal in the first half.

The second period opened with a rush, both teams working like Trojans from start to finish.

Kinears scored the first in two minutes, the second in nine minutes. Orchard scored their third in four minutes, fourth in two minutes, and Kinears their fifth in three minutes, winning out by 4 to 2.

The Kinear team are speed skaters, and will put up a great fight tomorrow night.

The second game, between the Rangers, of Toronto, and Markham, proved one of the most exciting ever played on Markham rink, the result being in doubt up to the last second of play.

The score at half-time was 3 to 2

A BRIGHT SPOT

in many a home is

SEAL BRAND Coffee

for in addition to being a delicious beverage, it builds body and brain with nutritious elements and directly benefits the health.

CHASE & SANBORN MONTREAL

In favor of the Rangers. The game ended 5 to 4, in favor of the Rangers.

PARRY SOUND WON OUT.

Parry Sound, Feb. 22.—The final intermediate O. H. A. game between Sturgeon Falls and Parry Sound was played here last night and resulted in a victory for the locals, 6 to 2. The first game, which was played at Sturgeon Falls on Friday last, was a draw, the score being 1 to 1. The ice was heavy, but did not hinder the teams from playing lightning hockey.

Parry Sound on Friday night goes against Alliston at Gravenhurst in a sudden-death game.

PALMERSTON DEFEATS LISTON.

WELL.

Palmerston, Feb. 22.—In an exhibition game played last night Palmerston defeated Liston by a score of 5 to 4. The score at half-time was 2 to 2 in favor of Palmerston. The ice was very poor and the game was slow in consequence. The Palmerston club played its league team, with the exception of Burns, Hinton and Bulger, whose places were taken by Morshead, Herbert and Johnson. Jack Shea refereed satisfactorily.

DICKERING ABOUT OFFICIALS.

Ottawa, Feb. 22.—The question of dates for the Stanley cup games having been settled, the interested clubs are now dickering about the officials. It is understood that Queen's wants an O. H. A. referee, but the cup holders think that an eastern man should be chosen, so it is likely a Montrealeur will referee.

MUCH DEPENDS ON THIS GAME.

Chatham, Feb. 22.—A big crowd will accompany the D. C. hockey team to Chatham for tomorrow night's game in the Border League series. The match is an important one, for should Detroit win the championship is theirs. Should Chatham win the race will be tied and home and home games will be necessary to decide it. There is much interest locally in the outcome.

AN INTERCOLLEGIATE TEST.

Kington, Feb. 22.—The personnel of the Queen's hockey club to play for the Stanley cup will be the same as that which won the intercollegiate championship. The desire is to test intercollegiate hockey with the best in the country.

GAME POSTPONED.

Lucknow, Feb. 22.—The Northern Hockey League match, Mount Forest vs. Lucknow, scheduled for tonight, was postponed. No ice.

GAME TONIGHT.

The London Collegiate Institute hockey team will play the return game to the Woodstock Collegiate at the Princess tonight. There will be a large crowd in attendance, as this looks to be about the last game of the season. The Woodstock kids are fast, and will make the locals hustle to win. There will be skating after the game. The band will be in attendance.

The L. C. I. will line up as follows: Goal, H. Wood; point, J. O'Connell; cover, E. Brown; center, E. Collins; left wing, H. Shepherd; right wing, K. MacArthur; rover, J. Orr.

BASEBALL.

St. Paul, Minn., Feb. 21.—Mike J. Kelly, the new owner of the Minneapolis team of the American Association, and former manager of the St. Paul club today brought suit against the latter club for back salary and a percentage of the sales of players. The amount claimed is \$2,363. Kelly says forth that he entered into an agreement with the St. Paul club to be manager in 1904 and 1905. He was to receive 20 per cent of the amount received from the sales of players in the season of 1905. The club obtained \$7,000 from this source last season. Kelly likewise says the club is indebted to him \$1,100 for the season of 1904, and \$200 for salary from Sept. 18 to Dec. 31, 1905. There are only a few of the many matters in dispute between Kelly and Lennon, the owner of the St. Paul club.

BLUES START SOUTH.

Cleveland, Feb. 22.—The advance guard of LaJole's Napoleons last night left for Hot Springs, Ark., for training purposes. Those in the party were: Bemis and Buelow, catchers; Joss, Bernhard, Townsend and Hess, pitchers; and Turner, short stop. Pitcher Buelow will join them at St. Louis. Bernhard will have charge until the squad joins the regular team at Atlanta next month. All who left today have signed contracts except Townsend. Joss signed only an hour before departing. He, as well as Bernhard and Moore, received cuts in their salary, having been working under war time contracts.

TENNIS.

THE NEW YORK TOURNAMENT.

New York, Feb. 22.—In the semi-finals of the championship doubles of the national indoor lawn tennis tournament, Hackett and Alexander defeated Bell and Allen, 6-4, 6-2. Tallant was defeated in the singles by Westfall, 6-4, 7-5.

CEPTEP.

London, Feb. 22.—Americans' challenge for the Dwight F. Davis international tennis cup will be accepted by the British Lawn Tennis Association by cable today.

The only other entry this far is Australia, but continental competitors are expected before the entries close at the beginning of March.

H. T. Doherty will again be available for the singles, and will defend the title in behalf of Great Britain, but there is a possibility that the health of R. F. Doherty will not permit his playing, in which the defense in the doubles may be entrusted to a new pair.

VALLEYFIELD MOB MOBS VISITING HOCKEY TEAM

A hockey match took place at Valleyfield, Quebec, recently, between Empire and Huntingdon, and the following is a description in the Montreal Star:

Before the game was half over the crowd started to throw eggs at the Huntingdon goalkeeper and point, and two of the Huntingdon supporters were mobbed.

During the second half one of the Huntingdon supporters, who had two sois playing on the team, was cheering on the boys when he was mobbed.

During the course of the game whenever any of the Huntingdon players came near the side of the rink they were kicked or struck with sticks.

When Huntingdon attempted to leave the rink they were mobbed at the outside, and some of the players and also the supporters, were handled roughly. The mob followed them to the Larocque House, where they attempted to get in, but were driven out. The mayor was appealed to and being in bed, he stated he would telephone the chief of police. After a time the chief arrived, but did not disperse the mob on the outside of the hotel. When the Huntingdon people were ready to leave the hotel the mob were in waiting, and as the police did not keep them back, they had to appeal to some of the citizens, who protected the ladies until they got into the "bus."

Three commercial men who were at the rink were mobbed while going to the hotel, and two of them badly injured.

When they arrived at the station the mob had followed the crowd and endeavored to get some of the people separated from the crowd, but were not successful. When the train was starting, one of the mob threw a bottle, breaking one of the car windows, but hurting no one.

The referee had to be escorted from the rink.

ATHLETICS.

PLAYING FOR CHAMPIONSHIP.

Boston, Feb. 22.—Nineteen of the strongest racket players in the country were on the entry list for the national amateur championship, which began on the court of the Boston Athletic Association today. The list includes the present champion, Lawrence Waters, of the New York Racquet and Tennis Club, as well as Clarence H. McKay, who defeated Walter Bury at the recent tournament at Tuxedo.

Three matches in the first round were played during the forenoon and resulted as follows: Austin Potter, Boston, won from P. D. Hamlin, of Chicago, in straight sets. C. J. Winslow, of Boston, also won in straight sets from J. P. Gregg, of Philadelphia. Percy Haughton, of Boston, defeated George Clarke, of New York, three sets to one.

THE TARIFF REVISION
With Mr. Fielding Laid Up the Work May Be Postponed.

Ottawa, Feb. 22.—The serious accident from which Hon. Mr. Fielding will be laid up for several weeks naturally raises the point as to what bearing the Finance Minister's enforced absence from duty may have upon the Government's plans for tariff revision at the approaching session of Parliament. The attending physician's announcement today is that his patient is improving nicely, but is equally positive in stating that he will not be on his feet again for some weeks to come. If the cabinet adheres to the idea of the comprehensive revision that had been intended, Mr. Fielding's absence at this juncture cannot but further postpone its introduction.

It is suggested, however, that in view of the evident success of the present duty schedules, and in view of Mr. Fielding's accident, his colleagues would be quite justified in making any minor amendments that the commission of inquiry may have shown to be desirable, and attempting nothing more at the 1906 session.

The ministers will be all back to the capital in a few days, when the situation can be fully considered in all its bearings.

Chatham Man Missing.
Chatham, Ont., Feb. 22.—J. B. O'Flynn, a well-known local lawyer, has been missing for some days. It is said that his landlady found a note on his desk telling him to take the furniture for rent.

His whereabouts are not known. It is said that a party alleges to have paid him money to be applied to notes and mortgages and that this was not done. No action so far has been taken.

He has a greatly-esteemed wife and young family.

Beltz's Practical Furrier

THIRTY-FIVE YEARS AGO TODAY

[From The London Advertiser of Feb. 23, 1871.]

The Toronto and London curlers, three rinks a side, commenced a match game on the river this forenoon, but after an hour or more of play the ice got into such wretched condition that the game had to be abandoned.

The London Literary Society will hold a public meeting at the society's rooms, Victoria block, Richmond street, tomorrow (Friday) evening, 24th inst.: "Resolved, that Trades Unions are Detrimental to Canada," supported on the affirmative by Messrs. Kingsmill, Meek and Gibbons, on the negative by Messrs. Fairbairn, Colquhoun and Knowlton. James Keefe, Esq., chairman.

The Reform convention for North Middlesex met today here. About 40 delegates were present, representing the best interests of the north. J. S. Smith, M.P., G. W. Ross, Hugh McMahon and Hugh F. McDonald were nominated as candidates. The two latter will probably retire, and the vote will be between the two former. Mr. Smith seems to have the best chance, and as against "Mack" will pull several hundred majority.

At Mount Brydges yesterday, on motion of Mr. William Rapley, of Stathroy, seconded by Mr. Archibald Munroe, of Metcalfe, Mr. Alex. Mackenzie, M.P., was unanimously nominated, amid loud and hearty applause, as the candidate for the riding. Speeches were made by Mr. Currie, Mr. M. Campbell and Mr. G. W. Ross.

All indications point to the probability of the local elections coming off almost immediately. The duty of the hour, in any case, is immediate and thorough organization in every part of every riding in Ontario.

LONDON AND DISTRICT

—There will be a promenade concert at the Normal School this evening.

—Dr. J. S. Niven has been very successful so far at the Toronto cat show, and has received the following awards: Blue male, J. S. Niven, London, Albert Edward; blue female, first and second, J. S. Niven, London, Augusta A. and Queen Alexandra.

PRESENTATION TO MR. PERCY.
The very successful entertainment given recently by the young men's chorus club of Christ Church was repeated last evening, and resulted in

another equally as fine performance. Several variations were added, and the several numbers were greatly appreciated and heartily received. Mr. Chas. E. Percy, leader and director of the club, was made the recipient of an address and a brush set as a mark of the club's appreciation and good-will. Mr. Percy replied briefly in terms of thanks. This organization has so far been very successful and is becoming quite well known as having attained a high standard in musical affairs. During the evening Mr. Alexander rendered several readings in his clever manner and was deservedly applauded.

BLUE LABELS' ENJOYABLE DANCE.
The Blue Label committee of the Cigarmakers' Union, held a most enjoyable dance at the city hall last evening. The guests numbered over 300. The dancing programme was well selected and the floor was in excellent condition. Dayton & McCormick's orchestra furnished the music, which was greatly appreciated by the dancers. Last night's affair proved one of the most successful entertainments ever held under the auspices of the label committee. They intend giving another one in about three weeks, which promises to be a record breaker. "Billy" Hale, the genial president of the Blue Labels, did himself proud in looking after the guests and seeing that everybody had a good time. He was ably assisted by Joe Kelly.

LEAVING FOR THE WEST

Mr. and Mrs. Ed. Cook Farewelled by Congregationalists.

A very pleasant time was spent at the residence of Rev. W. H. A. Claris, pastor of the Southern Congregational Church, last evening by a goodly number of the officers and members of the church who gathered to bid farewell to Mr. and Mrs. Ed. Cook and family, who are leaving for the west, where Mr. Cook will engage in business. Mr. Cook is one of the deacons of the Southern Church, and both he and his wife have ever since its formation taken an active part in its work and always had its best interests at heart.

During the evening Mr. and Mrs. Cook were presented with a dozen valuable silver knives and forks and an address, expressive of the regret of the church in their leaving London. Mr. Cook replied, thanking the donors on behalf of himself and Mrs. Cook, and referring to the pleasure with which they had always labored for the Southern Church.

Their many friends wish them prosperity and happiness in their new home.

Extra large Navel Oranges, 40c per dozen. P. E. Smythe's, corner Richmond and Hyman, Phone 1281.

AN HONOR CONFERRED UPON DR. M'CALLUM, A FORMER LONDONER

Elected Fellow of Royal Society of London, Reward for Research in Physiology.

A distinguished honor has just been conferred on Professor A. B. McCallum, M.A., M.D., Ph.D., professor of physiology at the University of Toronto, a former Londoner, and a brother of Dr. H. A. McCallum, of Queen's avenue.

Yesterday Professor McCallum received a cable from England, announcing that he had been elected a fellow of the Royal Society of London, which is one of the highest scientific decorations it is possible to receive.

This honor has been conferred on Professor McCallum for his research work in physiology, which he has carried on for the past twenty years.

The election was made by the council of the Royal Society, and Professor McCallum was appointed with fourteen other scientists, chosen from 120 scientists throughout the British Empire, who were considered worthy of the honor.

FOOTBRIDGE NOT NEEDED JUST NOW

Thousand Dollars Will Thus Be Saved by Works Board—Signs Must Be Illuminated.

The board of works decided last night that at present a footbridge is not needed at the foot of Richmond street, and that it is inadvisable to spend nearly \$1,000 on the project.

The engineer was instructed, however, to interview the management of the Southwestern Traction Company with a view to having the company's bridge so constructed that a footpath may be built at a small cost if found necessary at a future date.

The committee recommended the council to allow the C. P. R. to construct a new cement and steel arch over Peter's Lane, in the north end of West London, and that the railway committee be notified to this effect, so that the C. P. R. application to that body for permission to build the new arch may not be delayed. The arch will be 14 feet high.

The East End Baseball League's application for the use of Queen's Park diamond was laid over until next meeting, when representatives of all other baseball teams will be invited to be present.

The committee rewarded the tender for the building of the county jail to R. B. Abram, who made a mistake of over \$100 in his tender a week ago, but who is still the lowest tenderer after the mistake is rectified.

The application of Jenkins & Powell to erect an illuminated sign on Dundas street, in front of the Bayley store, was granted, and a motion was put through empowering the city engineer to have all signs removed which are not kept illuminated in accordance with the rules laid down by the council.

The Warren Paving Company wrote

Why We Have the Largest Coffee Trade in London

We buy the highest-priced Coffee Beans that are brought to Canada.

Roasting

This very important part is done by experts who know exactly how long the beans should be roasted to give them that delightful flavor and aroma.

Blending

We know the kinds that blend together best to bring out the rich delicious flavor for which our Coffee is celebrated.

Grinding

The crisp beans are ground in the very latest improved electric mill, the steel knives cutting the beans in finely, even-cut particles.

Our Price
We don't charge more because it is the best, 40c pound.

Let us add you to our long list of Coffee customers.

Our 40c Teas

If you use package Teas of any kind, try this blend. This is not the cheapest or the highest-priced tea we sell, but its excellent quality has made it the most popular Tea we sell. Try a small quantity, black or mixed.

Navel Oranges

The California Navel Orange is at its best now, sweet, juicy and thin-skinned. We sell the extra fancy grade, the best fruit grown in California, 4 sizes, dozen, 25c, 30c, 40c and 50c

for a year or more, but his worship claimed that last year not an addressee on the board of works had the least idea of the works which were being laid under the local improvement plan.

The engineer will bring in the statements regularly.

GOT CHAIR ON LEAVING

Mr. L. McKinnon's Glendale Friends Surprise Him.

On the occasion of his leaving the neighborhood to reside in London Junction, Mr. L. McKinnon, of Glendale, was Tuesday evening surprised by about 40 of his neighbors, who dropped in by prearrangement and spent a most enjoyable hour at his home.

During the evening Mr. McKinnon was presented with a splendid leather upholstered chair as an expression of the friendship and respect in which he

is held by the community. Mr. Samuel Brown read the address, and Mrs. Geo. Dale made the presentation.

During his residence at Glendale Mr. McKinnon has won the respect of all of his neighbors. At all times he has taken an active interest in the Sunday school work there and has for some time been the teacher of the Bible class. Through his efforts much good has resulted.

The recipient of the gift spoke briefly, thanking his guests sincerely for remembering him so happily.

Smythe sells those large thin-skinned California prunes, two pounds for 25c. Phone 1291.
