

LONDON NURSE WAS KILLED WHEN HAMILTON AUTOMOBILE RAN OVER AN EMBANKMENT

Tragic Death of Miss Susie L. Perkins—Her Cousin, Miss Dorothy Hobson, Whom She Was Nursing, Was Badly Injured—Chauffeur Was Talking to the Girls When the Accident Happened.

[G. N. W. Dispatch.]

Hamilton, Ont., June 30.—Miss Susan L. Perkins, a trained nurse, of London, Ontario, was instantly killed, and Miss Dorothy Hobson, the 17-year-old daughter of Robert Hobson, general manager of the Hamilton Steel and Iron Company, was seriously injured as the result of the worst auto accident in the history of the city, occurring shortly before 6 o'clock this evening.

Keith McCrae, the chauffeur, was also badly injured. Miss Hobson was convalescing after an attack of typhoid fever, and Miss Perkins, who was her second cousin, had been nursing her through her illness. They were out for a breath of fresh air on the mountain. They occupied the rear seat, and McCrae was driving.

While descending the Strongman Mountain road, which is a deep grade, McCrae evidently lost control of the car and ran to the edge of the road. He struck and tore up a portion of the fence and the car went over the embankment, falling a twisted mass of steel and wood on the road below, a distance of thirty feet.

McCrae extricated himself from the wreckage, and although dazed, tried to help out the two young women. Miss Hobson was taken out first. Miss Perkins was lifeless when found. Her neck was broken, and death for her was instantaneous and painless.

Miss Hobson was taken to St. Joseph's Hospital, where it is said an operation was performed for a broken hip.

It is stated that her condition is critical, in view of her recent illness. McCrae was taken to the city hospital.

It is said that while dazed he made the statement that he was leaning back conversing with the two young women and did not know he had run to the side of the road until too late.

An inquest has been opened by Coroner Griffin.

The late Miss Perkins was a daughter of Mrs. J. L. Perkins, 263 Piccadilly street. She had not lived in London at any time, but had visited relatives in the city at times.

Her mother and family have lived here only about three months. They received news of the sad tragedy at 8:30 last night by a telephone message from Hamilton.

Miss Perkins was a graduate of the City Hospital, Hamilton, and had resided in that city for the past ten years. Most of her life, however, was spent in Lindsay, where her family lived before moving to London. She was born in Ingersoll, but lived there only a short time.

A SAD FEATURE.

A sad feature of the tragedy is the fact that she was to have come up to her mother's home next Saturday and spend a month's holiday.

The family was looking forward to her visit next Saturday, and felt the shock of her death greatly when they received the message last night. She is survived by her mother, Mrs. J. L. Perkins, two sisters, Ethel and Rachael, and one brother, Will, all residing at 263 Piccadilly street. There also is a brother, Charles, in St. Catharines, a sister, Josephine, of Waterloo, and her grandmother, Mrs. R. Wilson, of Piccadilly street.

Interment will take place in the family burying ground at Lindsay. The date has not yet been definitely arranged. The family will go down to Lindsay for the funeral.

ST. THOMAS AND ELGIN AGREE TO THE SANATORIUM TERMS

Meeting Was Held in the Board of Trade Rooms Yesterday and There Were Expressions of Good Will—A Change On the Alexandra Board.

At a meeting of the London Health Association held yesterday afternoon in the board of trade rooms, representatives from St. Thomas city council, Elgin County council, and the Alexandra board, were present, and the terms as originally proposed for the admission of patients from these places to the sanatorium were agreed to, and an agreement will be prepared at once.

The mayor and aldermen of St. Thomas stated that they were unanimously in favor of making the grant of \$3,334 required of them, on condition that the county of Elgin would make up the remainder of \$5,000.

It is asked of the combined municipalities.

Are Well Pleased.

Speakers said that they were very fortunate in such excellent facilities for their patients at such a moderate cost. They said that they could not begin to build and equip and maintain such an institution of their own, and would be very glad to contribute what was asked if they could send their patients to London.

The St. Thomas and Elgin men were given to understand that it is not the intention to allow municipalities which do not contribute to send in any patients.

A Change.

At the meeting Mr. B. Smallman resigned from the office of vice-president, and Mr. W. M. Spencer was elected to take his place. Mr. Smallman will remain on the board.

Dr. P. P. Drake and Hon. Adam Beck, delegates to the annual convention at Montreal of the Society for the Prevention of Tuberculosis, gave their report, and spoke of the great enthusiasm the work that is being done here is causing throughout the country.

ROSS BELTON,
Who Won ex-Mayor Stevely's Medal for Proficiency in the First Year With a Percentage of 93.

COLLEGIATE EXAM. RESULTS ARE OUT

Names of the Medal Winners Are Announced by Principal McCutcheon.

CONTESTS VERY CLOSE

Earl Grosse Won the Philip Pocock Prize—Result of the Year's Work.

The list of successful students at the Collegiate Institute shows some remarkably high percentages this year.

The competition for the medals was particularly keen, only a fraction in some cases, only six or seven marks out of 2,000, separated some of the competitors.

The C. M. R. Graham medals for proficiency in the second year were won by Floyd Maine, 71 Aslin street, and Gladys Steele, Nightingale avenue.

There was a keen fight among the girls of the form for this medal. Gladys Steele's standing was 91 per cent, and was only a fraction of a per cent above Eva Southcott and Dorothy Turville.

Practically speaking, the percentages were the same, only a few marks separating.

A Clever Girl.

Miss Steele achieved particularly creditable performance in this is the third successive year in which she has won a medal. Last year she captured the Stevely medal for the highest standing in the first year, and two years ago she won the Boyle medal for the highest marks on the entrance examination at the Rectory Street School.

The ex-Mayor Stevely medalists for proficiency in the first year were Ross Belton, 377 Wellington street, and Gladys Wright, 346 Maitland street. Ross Belton obtained 93 per cent, which was only a fraction of a per cent above that of Wallace Shoenberg. Gladys Wright obtained 92.6 per cent. She was one of the entrance medalists last year.

The medalist in the second year of the commercial school was Annie Reid, 101 Hamilton road. She repeated her performance of last year when she won the medal in the first year.

The W. T. Strong medalist in the first year commercial course was Edith Vann, 192 Richmond street.

Prize of \$20.

The winner of the Philip Pocock prize of \$20 for the student making the greatest progress, was won by Earl Grosse, who entered the Collegiate Institute at Christmas in his first year, and completed the year's work at the same time obtaining a percentage of 78.

The prizes donated by City Auditor Jewell for the student making the greatest progress in writing in the commercial school were won as follows: First year—First, Mabel Petch, 281 Simcoe street; second, John Hay, Lambeth, general course—First, Helen Patterson, 856 Hellmuth avenue; second, Richard Crouch, 230 Talbot street.

The McEvoy medalist for proficiency in public speaking is Bert Hannah, 367 Princess avenue.

The winners of the commercial school diplomas are Rose Burns, Marie Continued on Page Four.

HAMILTON FACES A WATER FAMINE

Mayor Issues an Order Stopping the Sprinkling of Lawns.

[G. N. W. Dispatch.]

Hamilton, Ont., June 29.—The threatened water famine in Hamilton, as a result of one of the 2,500,000-gallon water pumps being out of commission, is so serious that the board of control today instructed the police to prosecute all people who disobey the mayor's order stopping lawn sprinkling.

REFERRED TO GOVERNMENT.

Ottawa, Ont., June 30.—The report of the board of conciliation in the dispute between the C. N. R. and its carmen and steamfitters, has reverted to the department of labor. The board recommends the adoption of a wage schedule and a separate schedule for steamfitters.

7TH REGT. OFF FOR SARNIA MARCHED AWAY 400 STRONG

Crack City Corps Will Spend the Holiday Under Canvas in the Border Town—Boys Will Troop the Colors Today.

At 7:45 last night the Seventh Regiment, well over 400 strong, left for Sarnia, where they will remain under canvas beside Lake Huron until Sunday evening. The men in their blues and tunics, headed by the bands, presented a very fine appearance, and thousands of citizens turned out to witness their departure. There is no doubt that the men will maintain the splendid reputation they made last year at Sarnia, and on the other occasions when they have gone away.

Transportation Excellent.

The transportation arrangements for taking them to Sarnia were splendid, each company having a large car for its own use. There was no crowding whatever similar to that which took place in all the through expresses and which made travelling almost unbearable owing to the heat. As soon as the men reached the station they were trained, and changed their tunics for their cool serges. The train pulled out on time, and made a speedy run for Sarnia. The men upon their arrival there were taken at once in cars to the lakeside, where their tents were already in place and everything ready for them as the advance guard in command of Capt. Graham went down on Wednesday and spent yesterday getting things in shape.

Troop the Colors.

Today the men will troop the colors and do some battalion work, and in the afternoon will be free to enjoy the holiday. On Saturday a tactical day will be held and a big sham battle fought. On Sunday the regiment will attend divine service in the morning. Camp will be struck at 2:30 in the afternoon, and the men will be free to do as they wish until 6 p.m., when they will entrain and return to the city.

CHILD'S CONDITION IS VERY CRITICAL

Little Nita Foster, of Grey Street, May Not Recover From Burns.

The condition of little Nita Foster, the 6-year-old daughter of Mr. and Mrs. Nelson Foster, of 425 Grey street, was very critical in Victoria Hospital throughout last night, and grave fears are entertained that she may not recover from the terrible burns which she sustained on Wednesday afternoon, when her dress caught fire from a bonfire while she was on a visit to her grandmother.

From the waist up the child is terribly burned. She is suffering greatly, notwithstanding that the physicians are doing everything to relieve her.

A SETTLEMENT IS REACHED WITH C. P. R. TRAINMEN

Latter Said to Have Modified Their Demands and It Is Now Believed That a Strike Has Been Avoided.

Montreal, June 30.—Another conference between the trainmen and the C. P. R. officials took place today, and although no official announcement has yet been made, it is understood that a settlement was arrived at between the company and the men which will prevent any strike taking place.

The men are said to have considerably modified their demands, with the result that a basis of rules and pay practically along the lines of the award of the arbitration board has been agreed upon.

This leaves the question between the Grand Trunk and its men the only one now to be settled. The delegates have had several long conferences as to their line of action in regard to this company, and have settled their irreducible minimum, it is believed.

Mr. Fitzhugh, the vice-president, who is now away in Boston, was expected back tonight, but word was received today that he will not be back till Monday, so that it will probably be early in next week before there are any new developments in the situation as regards the Grand Trunk.

EXPRESS DASHES INTO OPEN SWITCH

A Wabash Flyer Derailed Near Glencoe, But Little Damage Done.

[Special to The Advertiser.]

Chatham, June 30.—A smash-up occurred on the Wabash lines near Glencoe about noon today, when the big Wabash express, due here at 12:55, ran into an open switch and went off the rails. There were no injuries sustained by the passengers, although they were considerably shaken up. The train was put on the rails and went on to Detroit.

ASK POLICE TO LOOK FOR BODY

Mrs. Gouldthrite Convinced That Her Husband Is Dead.

NOT IN COLLUSION

Says That She Expected He Would Make an Attempt on His Life.

[G. N. W. Dispatch.]

Detroit, Mich., June 30.—Convinced that her husband has ended his life and that his body will be found in the river, Mrs. Frank S. Gouldthrite, of Ottawa, called at police headquarters today and requested the authorities to do what they could towards recovering the body. She said: "I feared that my husband would attempt to end his life. He was in a very bad state of mind before leaving home, and when he disappeared I had no idea where he had gone, but feared that he would kill himself. I packed a grip and took a train to Minneapolis where he has a brother, thinking that perhaps he would go there. He had not been near his relatives though, and while there I received word from detectives of the finding of his hat and the suicide message. I then hurried here. A good deal of the things which have been printed regarding my husband are untrue. I knew that he was in trouble and short in his accounts, but not to such extent as has been printed. This has been greatly exaggerated.

"If he had stayed at home, I believe the whole thing could have been fixed up. He was greatly worried though, and driven nearly crazy by the predicament he found himself in. There is no truth in the report that I knew my husband to be still alive, and that I had effected a meeting with him. My best belief is that he is in the river, and that the suicide note that he left will be borne out by the finding of his body."

HALF A HOLIDAY FOR CITY LABORERS

Board of Works Grew Generous at the Meeting Last Night.

There was a sharp discussion for a few minutes at the meeting of the board of works last night on the capabilities of one of the engineers of the steam rollers, and Mayor Beattie sharply reprimanded those who were interfering with the man in the discharge of his duty. However, City Engineer Graydon will look into the complaints and report.

On motion of Ald. Saunders, the regularly employed city laborers were given half a holiday on all statutory holidays.

It was decided also to grade Bridges street from Egerton street to the city limits.

Darch & Hunter were awarded the contract for bulbs for the city parks for the sum of \$138.40.

Engineer Graydon was requested to furnish estimates of the cost of a reinforced concrete walk over the gully on Mount Pleasant avenue.

Those present were: Ald. Turock, chairman; Ald. Saunders, Ald. Pocock, Ald. Morgan, Mayor Beattie, City Engineer Graydon and Secretary Baker.

HAMILTON SHORT OF BEER

Eighty Brewery Workers Went Out on Strike This Morning.

Hamilton, June 30.—The leg found in Dundas Park was according to the police, placed there by some medical student. The hospital people say that it showed signs of being in the picketing vat, and the police do not attach any mystery to its finding.

The brewery workers went on strike this morning. There are 80 men out, and the hotel-keepers are very much alarmed. The men want an increase of 5 per cent and Saturday afternoon off in the summer.

The bosses are willing to give the Saturday afternoon, but will not consent to a raise, and it looks as though Hamilton will run short of beer on the glorious first.

The T. H. and B. Railway Company has granted its men increases in salary ranging from 10 to 25 per cent.

WILL JIM BLOW UP

Coffroth Says Johnson's Defence Will Mean Jeffries' Downfall.

New York, June 30.—The unqualified declaration of James Coffroth that Jim Jeffries will "blow up" when he finds he cannot lay a glove on Johnson has suddenly stimulated betting here on the outcome of the fight championship. Johnson's followers, waiting to place their money on the short end of 2 to 1, were satisfied today to bet 7 to 10 on the negro. Coffroth as a fight promoter has handed out bets in which both Jeffries and Johnson have been principals and in consequence his prediction that Jeffries will lose has stiffened the hopes of Johnson's friends. Sporting men at the race tracks think even money should prevail.

IF YOU WANT HELP, SITUATIONS, want to buy or sell real estate, etc., insert an advertisement in the Hamilton Herald, the recognized want medium of the city. We will hold that position until the amalgamation of the Great Western with the Grand Trunk in August of 1912. In December of that year the best-liked ticket agent in the old Masonic Temple, in April, 1903, he removed to the "Clock Corner," where he has been in charge ever since.

On July 11 Mr. De La Hooke would have completed 46 years of continuous service.

Well-Known Mason.
In his younger days Mr. De La Hooke took a great interest in Masonry and fraternal work. He was a charter member of Tuscan Lodge, and was its first secretary. He was master of the lodge in 1874-75. Mr. De La Hooke was instrumental in organizing St. George's Society, and was its first secretary, and president from 1883 to 1885. Early in 1885 he joined the choir of St. Paul's Cathedral, and was a member continuously until 1901. He has a record of being in college and church choirs for more than 30 years.

When the Canadian Ticket Agents' Association was formed in 1887, Mr. De La Hooke was elected to the office of secretary, and has been secretary for the organization ever since.

Mr. Ruse succeeds.
Mr. Ruse, who has been appointed to succeed Mr. De La Hooke, needs no introduction to Londoners. "Ernie" has a host of friends everywhere, and by his never-failing kindness and courtesy has won for himself the reputation of being the best-liked ticket agent in the country. Among the travelling public he is widely known, and travellers all over the Dominion will be pleased to learn that he has been placed in charge of the head office.

Mr. Ruse has been with the Grand Trunk for more than twenty years. He is a London boy, and when the up-town office was first opened in the Masonic Temple he worked there. Altogether he has been ten years at the G. T. R. depot office. He will be succeeded there by Mr. Bert Hays.

LONDON, FRIDAY, JULY 1.

THE DOMINION.

The Dominion is 43 years old today. This is a short time in the life of many nations, but a long time measured by the growth of this young Giant of the North. Confederation was built upon four provinces; now there are nine. It stretched only a little west of Lake Superior; now it reaches from the Atlantic to the Pacific. It had less than three and a half millions of people; today it has nearly eight millions. This is not a record that has been duplicated in the last 40 years. Taking only the twentieth century into account, the achievement of this country is still more remarkable by comparison.

Fortunately, Confederation has never been a party question. Goldwin Smith said its parent was Deadlock. But there were statesmen who caught a vision of it long before the pressure of political necessity gave it shape and form. Leaders of both parties dreamed of it, and the leaders of both parties joined hands in converting the dream into reality.

If this is Canada's growing time, it is also a time of growing national responsibility. No other country in modern times has had such a strain thrown upon it by the incursion of home-seekers from other lands. The United States had three times the population of Canada when the great tide of emigration from Europe to its shores began to roll in. The majority of Canadians in the long-settled eastern provinces cannot realize the magnitude of the problem created within the past ten years. It is fortunate that the political structure of the country rested on so firm a foundation before these new forces were projected into it. Today the difficulties are less political than social and moral. The apparatus of government is as complete in the west as in the east, and the majority of the newcomers have been reared under institutions similar to our own. The church and the school are the agencies that are most needed. What the conservation commission will do for the future material resources of the country, missionary and educational effort will do for it in a higher and more important sphere.

EMPLOYERS' LIABILITY IN ONTARIO.

Chief Justice Meredith has been appointed by the Ontario Government a commissioner to inquire into the laws relating to the liability of employers to make compensation to their employees for injuries received in the course of their employment, which are in force in other countries and to prepare a law suitable to this province. Liability for damages for accidents to employees is one of the industrial problems which have given employers of labor a great deal of concern. The custom for some years has been to seek the protection of liability insurance, which covers any loss through accidents up to a certain amount. Frequently the liability company will resist the claims of an injured workman, and the case is carried into court. While it is not the employer who resists payment of the claim, which may appear to the public a just one, it is to him the odium attaches. Yet in the absence of adequate legislation, the liability companies have performed a very useful service to employers. The Ontario laws, however, are not as favorable to employees as the protection afforded them in some other countries.

CHINESE UNREST AND PROGRESS

According to Dr. Richard, who has charge of the British Christian Literature Society's work in China, the unrest in that country arises from three causes. In the first place international relationship with China is very unsatisfactory. The only remedy for this is universal peace. The Chinese fear the armaments of Europe coming down upon them and dividing the land. The next cause is that the men at present at the head of affairs are inexperienced, and make many mistakes. The third cause is that the Chinese are unable to understand the increase in the number of foreign missionaries. The Chinaman, ignorant of the history of the world, wants to know what these foreigners are doing in his country. Up to the present, the missionaries have had to work independently of the Chinese, but the time has come when the leading officials can be approached and told that the missionaries have come to do what they can to help them in the development and reform of their country.

Meanwhile, one of the most amazing revolutions in the world's history is taking place in China. Within the past five years there has been a sensational educational advance. The output of periodical literature has enormously increased, there being now in Shanghai alone six important dailies. Throughout the rest of the empire there are probably fifty influential newspapers. There has likewise been a remarkable moral uplift within the past half-decade, but not the least important sign of all is the extraordinary constitutional reform.

THE PASSION PLAY.

Mr. Elbert Hubbard is reported as saying that the Passion Play will be presented in the United States next year by the company now producing it in Oberammergau.

It is to be hoped Mr. Hubbard is misinformed. To take the Passion Play from Oberammergau would be an act of desecration. The world has regarded it a pure, a holy and a lovely thing. Even if this were only an illusion, it would be worth preserving in a not too reverent age. The Play originated 250 years ago, in a spirit of gratitude and devotion, and there has been no evidence that the simple, kindly peasant folk of the little Bavarian village have ever ceased to be steeped in its religious significance. In late years they have profited by the rush of tourists, who pay high prices for lodgings and spend money in the shops, but the performers get little remuneration, and have apparently wished no other reward than the privilege of appearing in the cast. The players of the leading roles have hitherto refused tempting offers to join the professional stage. To transplant the Passion Play would be to vulgarize and commercialize it. It would be like the profanation of a sacred rite. But nothing is too sacred to be exploited for gain or for a fresh sensation, in the estimation of some persons.

ODD ADVERTISEMENTS.

[London Daily News.]
How pure is our democracy, how entirely the workman has things as he likes in modern England, is illustrated by a typical advertisement which we find in the South of England Advertiser of June 9:

FOREMAN (WORKING) REQUIRED.
"I want some one who is a stickler for the law, no social children; no radicals or Socialists need apply. H. M. Simons, Amberstone Grange, Hailsham.
Speaking of advertisements, the following comes from a London newspaper: FULHAM OFF FULHAM ROAD.
—Eight-roomed residence, 5 Waldemar road, containing 10 rooms; garden; let at 50 per annum, but possession could be obtained if required.
Why not turn it into a show-place, and charge a shilling for entrance?"

FAULT OF THE PEOPLE.

Ex-Gov. Folk of Missouri, at the Missouri Society's dinner in the Waldorf, Astoria, said of corruption:
"The existence of corruption is the fault of the people. The populace is the making of a real effort and ridding itself of corruption once for all, wriggles easily and does nothing.
"In fact, the populace adopts the dangerous laissez-faire policy of the boy with the stomach ache.
"You mustn't go swimming today," this boy's father said. "You've got stomach ache, you know."
"Oh, that's all right, father," said the boy. "I'll swim on my back."

GIVE HIM A LIFT.

[Joe Cone, in Boston Herald.]
I was trudging one day down a dusty road.
While my back was curved under a bit of a load,
And the way was long and my feet were sore,
And my bones ached under the load I bore,
But I struggled on in the summer's heat,
Till I came to a pool where I bathed my feet.
Then, resting a bit, I shouldered my load,
And wended my way down the dusty road.
The morning stretched into the afternoon,
My journey's end seemed as far as the moon;
Till at length a horse and a wagon drew near,
And my heart revived with a spark of cheer.
But the man saw only his own small soul,
And he whipped his horse to a giddy trot.
Though the sand was deep and the day was hot,
And he passed me by on the dusty road,
And I sank still lower beneath my load.
Yet out of the dust came another man,
With a grizzled beard and a cheek of tan,
And he pulled up short and he gaily cried:
"I say, there, comrade, get in and ride!"
And he placed my bundle behind the seat,
And he said: "Climb in here and rest."

WHY LEAVE CANADA?

[Catholic Record.]
We hear of the Canadians who achieve success in the dominion of Uncle Sam; of those who do not, never a word. But the restless, the many who are wearied of the monotony of their surroundings and of small pay for much work, hear in every paragraph chronicling the success of a compatriot, a voice that summons them across the border. Ignorant of what they have to face, they sail forth as eagerly as boys on a vacation. Forsaking friends and country, they plunge into the whirl of cities, hoping that fortune may keep watch and ward over them. And what happens as a rule? Disappointment sits at the hearth. The gold that tempted them is elusive. If they secure employment they find out

that working under a foreman who looks upon them as cogs in the business wheel is not an easy path to affluence. They become part of a ravening, tumultuous, straining crowd who are fed on the scraps that are flung to them from the temple of Prosperity. They will be broken on the wheel of labor. The experience of Canadians who are struggling in the great centres ought to prove a deterrent to the wandering propensities of their compatriots.

MUTUAL COMPLIMENTS.

[Tit-Bits.]
At a certain church it is the pleasing custom at a marriage for the clergyman to kiss the bride after the ceremony. A young lady who was about to be married in the church did not relish the prospect, and instructed her prospective husband when making arrangements to tell the clergyman that she did not wish him to kiss her. The bridegroom did as directed.

"Well, George," said the young lady, when he appeared, "did you tell the clergyman that I did not wish him to kiss me?"
"Oh, yes."
"And what did he say?"
"He said that in that case he would charge only half the usual fee."

ODD FORM OF SCOTCH THIRIFT.

[London Daily Mail.]
The Glasgow sanitary authorities have discovered a strange form of thrift on the part of a working woman. The one room occupied by her was stored from the floor to within three feet of the ceiling with cotton waste, on the top of which she slept. The waste weighed 2½ tons, and when sold realized £7 15s. The woman said she stored it against the time when she could no longer work. Her employer, a fringe and tassel maker, allowed her, apart from her weekly wage, to take away waste lying on the floors of the warehouse after she cleared up on Saturdays.

PROSPEROUS CANADA.

[New York Sun.]
There is every reason to believe that the population of Canada has increased at least 40 per cent in the last ten years. In that time her commerce has more than doubled. The commerce of the United States did not reach Canada's present figures until this country had about four times Canada's present population.

A CANADIAN REFUSAL.

[Chicago News.]
A man in the Province of Ontario, proposed, but the girl said "I won't." Then he turned on his heel, and with eyes flashing steel, he hurled back a vengeful "Then don't!"

ONE OR THE OTHER.

[Chicago Record-Herald.]
"What state are you from?"
"Michigan."
"What's your line, automobiles or health food?"

KIPLING'S LATEST.

[Walt Mason.]
They talk of Kipling's latest rhyme; my friends come 'round and quote it, and all agree that it is a crime. I don't believe he wrote the man who used to beat the drum with a stick of brass, and gristle—do you suppose he's ever come to blowing on a whistle? I've heard a desert lion's roar, that sent the beasts reeling; you cannot fool me on that score. I know when sheep are bleating, I've read my Kipling pretty well; I like his blooming phrases; his verses have a noble swell, and reek of smoke and blazes. And he who wrote them was a man, a man whose voice was tender; his harp was fashioned on a plan that made the people wonder. And now there comes a pipe absurd, my frontiersmen are piping, and you remark: "The voice you hear is all that's left of Kipling's Comedies, my friends! Avant and away, true fire, that warms the heart. He wouldn't write such dope as that, unless you chloroformed him."

A NURSE TO VISIT THE SCHOOLS OF LONDON

London Health Association Will Confer With Board of Education.

The London Health Association will confer with the board of education, and ask that body to assist in the support of a nurse to visit the schools and report on tubercular children.

At a meeting of the London Health Association it was decided to name a committee, composed of Hon. Adam Beck, Dr. Drake, and Sheriff Cameron, to meet the board and submit the proposition.

"In Hamilton the board of education and the Health Association have a nurse who visits the schools and reports on these cases," said Mr. Beck. "They find it very helpful, and much of the distress and sorrow attendant on this disease could be prevented by such a course."

Proposition Approved.
The Health Association unanimously approved of the proposition. They are willing to bear part of the expense provided the board bears the remainder.

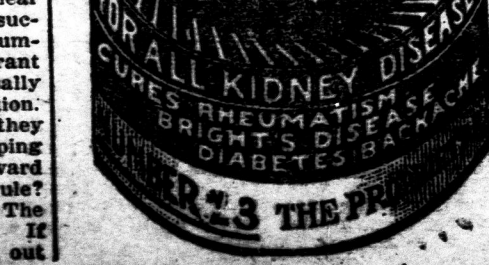

It was also decided to employ a visiting nurse. The hospital at the present time has such a nurse, but it was thought better to suggest that a nurse with qualifications for this work be named in preference to the present method. The association will take the matter up with the hospital trust.

Dr. Beck and Dr. Drake and Dr. Stevenson reported on their visit to the convention of the Canadian Association for the Prevention of Tuberculosis, and stated that the next convention would be held in London.

Hon. Adam Beck and Sheriff Cameron were named a committee to meet the Elgin County council, to draw up an agreement with them regarding the care of patients.

Those present were Hon. Adam Beck, Sheriff Cameron, Mr. Phil Pocock, J. C. Judd, K.C., Mayor Beattie, W. Wright, H. E. Gates, J. H. Chapman and Dr. E. A. McCullough.

Out in North Dakota a man was accepted on a jury who did not know the name of the President of the United States.

The Williams Club Piano Has a Tried and Tested Value

There is nothing of the "mushroom" character to the 200 pianos we are distributing through the big Williams piano club. There are over 10 thousand of these pianos in Canadian homes. As we have mentioned before they have been very largely sold in London and Middlesex county. There are perhaps three hundred of them today in homes in this immediate section. In Montreal alone it is estimated there are nearly one thousand. In Winnipeg and vicinity one of the country's prominent piano dealers has sold an average of 150 a year for over 5 years—and so on and so on. We could go on and mention dozens of dealers and dozens of communities that have figured in the distribution of this great piano—ten thousand of them—and each and all with equal success.

But the important thing to London people is, that through the many economies that the Williams

piano club affords they save nearly one hundred dollars, or, to be exact, ninety-two dollars and a half, all of which has been made possible by making such a gigantic purchase, adopting the most economical selling methods and a willingness to make a smaller profit than we usually make in order to quickly fill up the club and close the deal.

If you have the slightest idea of purchasing a piano this year you are false to your own interests if you don't at once investigate this extraordinary opportunity.

The Williams Piano Club Plan Told in a Few Brief Sentences

1. The value of the Williams Club Piano is \$350.
2. The price to Williams Club Members is \$257.50.
3. The terms are \$5.00 cash when you join, then \$1.25 per week for 202 weeks.
4. The piano will be delivered when you join or later, as you wish.
5. The weekly payments of \$1.25 begin when the piano is delivered.
6. Every instrument is guaranteed without reserve—for five years. There are no "ifs" or "ands" in the guarantee—just a straight-out guarantee as strong as we know how to make it in writing.
7. If, after 30 days' trial, the piano is not satisfactory we will give you your money back.
8. If the piano is satisfactory after 30 days' use, the Club Member has eleven more months in which to satisfy himself as to the character of the piano. If it does not then prove to be everything that he expects, he has the privilege of exchanging it without one penny's loss for any other instrument of equal or greater value that we sell—and we sell over ten different representative makes.
9. If a Club Member dies during the life of his contract we will immediately send a receipt in full to his family for the instrument.
10. A beautiful stool to match the piano is included without extra cost.
11. The piano will be tuned twice without charge.

SUFFERED THREE YEARS

THE Dr. Morse's Indian Root

Pills cured his Kidney Trouble

There are few diseases that cause more acute suffering than Kidney Trouble, and Mr. F. A. Thomas, of Sudbury Ont., is one of those who know it. He writes: "For over three years I suffered from kidney disease. First I thought I had sprained my back, for suddenly the pain would catch the small of my back and it would be impossible for me to straighten myself up for several minutes. A dull ache across the kidneys was always present, my urine was thick and cloudy, and passing it caused a burning, scalding pain. Tried medicines, but they failed. I was advised to try Dr. Morse's Indian Root Pills, as they had cured my wife years before. A few boxes affected a complete cure. I now enjoy the blessings of good health, which is due to this remedy."

Don't neglect kidney trouble—it's too dangerous as well as too painful. That old, reliable family remedy, Dr. Morse's Indian Root Pills, has cured thousands and will cure you. It is equally effective in curing constipation and its attendant evils, biliousness, indigestion and sick headaches, and in purifying the blood. 25c a box at your druggist's.

Queries Answered.

MELBOURNE.—What is the proper way to call a meeting of the property owners of a school section to vote on the question of raising debentures to build an addition to the public school for a high school?

Answer.—There is no proper way for such a purpose.

Have the trustees of a public school the power to build an addition to the public school to be used exclusively for high school purposes? Answer.—No.

The trustees set up notices that a meeting of the property owners would be held on a certain evening at 8:30. At which time there were present the three trustees and three others. It was moved by one trustee, and seconded by another trustee, that debentures for \$2,000 be raised on the school section for to build a high school (the public school to be raised one story higher for high school purposes). Could the trustees legally move and second the motion?

Answer.—No. Such a motion could only be legally made at a meeting of the high school board. The school board of the section have the right or power to provide a high school.

THAMESFORD.—A. was a widow. B. made her will, giving the property to his wife and the money to his son and daughters. Was that a legal will? Answer.—If B. was not one of the witnesses to the will, and the widow knew what she was doing, the will is legal, but you had better consult a lawyer upon all the facts.

BOY SCOUTS BAND FOR MAPLE CITY

Expected That It Will Be Completed Before End of Summer.

[Special to The Advertiser.]
Chatham, June 30.—A troupe of boy scouts is being organized in this city under the direction of Hugh Lamont. The organization will probably be completed before the end of the summer, and will include companies from St. Andrew's Presbyterian Church, Christ Church, Holy Trinity Church, and Park Street Methodist Church. Lamont is being assisted in the movement by Rev. Mr. Spence, Will Foreman, P. K. Morley and J. W. Plewes, principal of the Central School, who is also organizing a number of companies from among the pupils.
A branch of the Humane Society will very probably be established in Chatham, and a representative of the Toronto society will be in the city on Monday to confer with local people interested in the movement. A. H. Skirving is active in the matter of securing the society, and it is largely through his efforts that the Toronto representative has been induced to come here.

Chatham people at the present time are using water filtered direct from the river. The water, it is said, is causing sickness, and is not strictly pure.

Over a week ago the waterworks department emptied the sedimentation basin for the purpose of cleaning it out. Nothing has yet been done towards cleaning it out, and people are complaining about the present supply of water.

A PIANO RECITAL

The pupils of Mrs. Bertha Flint gave a very creditable and entertaining piano recital Wednesday evening at her studio, corner Lorne avenue and Elizabeth street. A couple of vocal solos, rendered by Mrs. Allgrove, of London South, in her almost inimitable style, added greatly to the enjoyment of the evening.

After the singing of the National Anthem all expressed the opinion that

EXHIBITION PROBE

Judge Winchester Hands in Report of His Investigation.

Toronto, June 30.—Judge Winchester's report on the investigation of the affairs of the Industrial Exhibition Association was sent to the mayor this afternoon. His honor enclosed a check for \$1,255.60 from Col. J. Knox Leslie, the former treasurer of the exhibition association being the balance due by the former treasurer out of a sum of \$2,243.10, of which \$957.50 had been paid to the association by Col. Leslie. This was in addition to the former shortage of about \$10,000. The judge recommends that all checks be countersigned by the president of the association or in his absence by the vice-president, and that greater care be taken by the executive committee in the expenditure of money. He recommends a better system of keeping the accounts, and he severely criticizes the special auditors, appointed by the city, to audit the accounts of the association for their work thereon.

THE MARRIAGE BELL

BAREFOOT—WESTWOOD.

A pretty but very quiet wedding took place in Hyde Park on Wednesday, June 29, at the residence of Mrs. Alice Westwood, when her daughter, Miss Clara, was united in marriage to Mr. William R. Barefoot, of Toronto. At 2:30 p.m., the bride entered the parlor on the arm of her mother, and under an arch of marguerites and myrtle, answered the holy vows. The couple were united by Rev. Thomas Nixon, D. D., of London, and were unattended, and only the immediate friends were present. The bride was attired in her travelling suit of navy blue serge, and carried bridal roses. The bride was a Hyde Park girl, but resided for the past eight years in Toronto. The groom is a photographer of Toronto, and a popular young man. Many beautiful gifts testified to the high esteem in which the young couple were held by their many friends. They left on the 4:55 p.m. G. T. R. train for points east, and will reside in Toronto.

THE MISSING GRAFTER SAID TO BE ALIVE

Friend of Frank Gouldthrite Says Missing Man Will Return to Ottawa.

Ottawa, June 30.—A friend of Frank Gouldthrite, the missing superintendent of the stationery branch of the Printing Bureau, stated this morning that he had it on good authority that Gouldthrite is still alive, and that he will shortly return to Ottawa to face the charges against him. This man claims that the suicide episode was arranged by Gouldthrite and a friend simply as an expedient to gain time.

Locally there have been no new developments. Hon. Charles Murphy is continuing the investigation at the bureau, and the Dominion police are still hopeful of tracing Gouldthrite alive.

A rumor was in circulation that Gouldthrite's young son had been spirited away, but this is denied by the woman in whose house he has been. Mrs. Gouldthrite was expected home today, but did not arrive. A Detroit dispatch states she was in Detroit last night, and that she identified the article of clothing found on the boat and the writing in the hat as those of her husband. In his "Life of Gladstone," Lord Morley somewhere notes that Mr. Gladstone affirmed that he did not remember ever to have been at a loss for a word.

BOARD OF WORKS GRANTED REQUEST

Recommended That the Bell Telephone Co. Be Allowed to Construct Conduits.

THE MAYOR'S POSITION

Says the City is Morally Bound to Concede the Demand of the Telephone People.

The request of the Bell Telephone Company, to place extra conduits along Richmond street and other streets, was again a topic of conversation at the meeting of the board of works last night, and once again it was recommended to the council that the request be granted.

Manager Beard was present, and informed the board that some years ago, about 20 in fact, the company outlined a plan to place their wires underground in London. They met the city, and they were given permission. Agreements to that effect were drawn up, and since that time they had been following out that plan. To place their wires in the same conduits with the city's would mean that their whole scheme would have to be changed, and a great deal of unnecessary expense incurred. The company would not place their wires in the same set of conduits with high tension wires.

The Mayor's Position.
Mayor Beattie thought the city owed a moral obligation to the company. When the agreement was drawn up, it was understood that the city should at least carry out their part, even if a legal technicality intervened.

Ald. Tancock thought that the board should do nothing until the water commissioners took some action.

After some discussion, it was moved by Ald. Saunders, seconded by Ald. Pocock, that the company be given the right to lay underground wires, and it was carried.

The city solicitor, in a written opinion, says that the company cannot put down conduits without the consent of the city, and Water Commissioner Pocock declares that the city should guard its rights and not grant the request.

CHAS. FORRESTER IS PROMOTED

Popular London Official Is Made Trainmaster of 15th and 20th Districts of G. T. R.

IS GOING TO STRATFORD

Other London Men Are Advanced as a Result of the Resignation of Mr. J. A. McLardy.

Chief Dispatcher Charles Forrester, of the Grand Trunk, received word from headquarters yesterday of his appointment as trainmaster of the fifteenth and twentieth districts, comprising the lines from Toronto to Saranac Tunnel and the Buffalo and Goderich line.

Mr. Forrester's headquarters will be at Stratford, and he will take over his new position today.

Night Chief Dispatcher White succeeds Mr. Forrester as chief dispatcher, and Mr. C. Rutherford will succeed Mr. White.

Mr. Wilson, chief dispatcher at Stratford, will be trainmaster of the 22nd and 23rd districts, with headquarters at Palmerston.

George Stokes, dispatcher at Palmerston, will be chief dispatcher at Stratford, and it is the intention to place a staff of operators there.

W. Brown, of this city, will succeed Mr. Wilson at Stratford.

Mr. McLardy Resigns.

All the above changes have been made as a result of the resignation of Mr. J. A. McLardy, trainmaster at Stratford, who goes to Winnipeg to accept a more important position on the Grand Trunk Pacific.

Mr. McLardy went to Stratford from St. Thomas about a year ago. In St. Thomas he was trainmaster for the Wabash.

Mr. Forrester came to London from Hamilton twelve years ago. For seven years he was a dispatcher, and was then made night chief. He held this position for two years, and for the last three years has been chief. He is known as one of the best operators on the Grand Trunk, and is one of the best-liked railroad men in the company's employ. He has a host of friends here who, while regretting to lose him, will rejoice at his splendid promotion.

THE PORCUPINE CAMP

Curtiss Drops Twenty Bombs, Hitting Mark Eighteen Times.

Ottawa, June 30.—That unfortunately a "wild boom" seems certain, that already prices of claims are away above any determined value, and that the buying or selling is on a speculative rather than a business basis, is an excerpt from an official report which has just been issued by Mr. R. W. Brock, director of the geological survey on the Porcupine gold district in Northern Ontario.

Porcupine is yet in the prospect stage, but it has some of the essential qualities of a gold camp, sufficient to have induced experienced men to take up claims at high figures and to undertake large expenditures to determine if it possesses all the essential factors. Access to the district for travellers is now comparatively easy.

AEROPLANE IN WARFARE

District Has Gold, But Present Boom Is Not Justified.

Hammondsport, N. Y., June 30.—To demonstrate the effectiveness of the aeroplane in naval warfare Glenn Curtiss, the aviator, made several flights in a biplane over Lake Kouka today in the presence of Admiral Arthur Kimball, of the navy department at Washington, and dropped twenty bombs at marks. He is credited with having hit the mark eighteen times in the twenty trials. Admiral Kimball is said to have expressed himself as greatly impressed with the possibilities of the aeroplane in warfare.

Cobb Direct Nominations Bill Killed in New York Legislature.

Albany, N. Y., June 30.—The combined influence of President Taft, Theodore Roosevelt, and Governor Hughes failed to save the Cobb Direct Nominations Bill from defeat in the Assembly today. After defeating motion to defer action until tomorrow, the House voted 80 to 62 to endorse the action of the Assembly Judiciary Committee, which reported the measure adversely.

The House then adopted a resolution providing for sine die adjournment at 2 p. m. tomorrow.

150,000 U. S. SETTLERS

Big Army From Uncle Sam's Domain Marching on Western Canada.

Ottawa, June 30.—W. J. White, inspector of immigration agencies in the United States, reports to his department that approximately 150,000 American settlers will enter Western Canada this summer.

An official report to the immigration department from Winnipeg today says western crop conditions generally are fairly satisfactory, though heat is causing some anxiety. South of a line from Medicine Hat to Calgary the absence of rain has caused
