N. S. Tennis Tournament

Wolfville Players Make Good Showing

Splendid tennis is being played at the Nova Scotia Tennis Tournament at New Glasgow this week. The Wolfville players are showing up well although R. W. Tufts is the only one left in the singles. Dr. C. E. A. deWitt lost his first match to A. C. Wiswell, of the South End Club, Halifax, who is the champion of Halifax county and a former provincial champion. One of the hardest fought battles of the tournament was played yesterday between R. W. Tufts and A. Chute, the former winning the match after three sets. All the Wolfville teams are still in the doubles. Following are the results of the matches in which the local players took part:

Tuesday's Play

A. C. Wiswell, South End (Halifax), defeated Dr. C. E. A. deWitt, 6-2, 7-5.
A. Chute defeated E. Foster, Bedford, 5-7, 6-3, 6-2.
P. C. Kent, St. Georges (Dartmouth), scratched to R. W. Tufts.
Miss J. Geldert, Windsor, defeated Miss M. Chute, 1-6, 6-4, 8-6.
Miss M. Wilkins, North Sydney, defeated Miss F. Keirstead, 6-4, 6-2.
Miss E. Smallman defeated Mrs. H. B. Wilcox, Windsor, 7-5, 8-6.

Wednesday's Play

A. Chute defeated E. McMinn, Sydney, 6-0, 6-2.
R. W. Tufts defeated J. D. Jennison, New Glasgow, 6-2, 6-4.
Dr. deWitt and R. W. Tufts defeated H. McKay and M. Dand, New Glasgow, 6-2, 6-0.
Miss G. McMinn, Truro, defeated Miss Smallman, 6-0, 6-3.
Miss Chute and Miss Keirstead defeated Miss G. Power and Miss J. Ross, Stellarton, 6-1, 5-7, 6-3.
R. W. Tufts and Mrs. Fay defeated F. Butler and Miss Geldert, Windsor, 6-4, 6-4.

Thursday's Play

R. W. Tufts defeated A. Chute (score not known).
Dr. deWitt and Miss Keirstead defeated Dr. Parker and Miss G. Power, Stellarton, 6-3, 6-1.
A. Chute and Miss Chute defeated J. Dand and Miss G. Power, New Glasgow, 6-2, 6-2.

CANNING ITEMS

At two P. M. Sunday, the seventh instant, the members of Scotia Lodge, A. F. and A. M., with visiting brothers marched from their Hall to the residence of their departed brother, G. W. Parker, and conveyed his body to the Baptist church for the last sad service, where a very comforting address was delivered by the Rev. G. A. Logan, the Rev. Harry Barber and Rev. T. W. Hodgson assisting in the service. Besides the immediate family and relatives of the deceased, the casket was followed by representatives of the Grand Division, Sons of Temperance and local Division and a host of friends, to its final resting place in cemetery at Hillaton. Canning mourns the loss of a worthy son.

C. N. Robertson, of Boston, with wife and family, are visiting friends here and at Wolfville.

Joseph Eaton and family motored from Pictou visiting relatives here and at Kentville and Berwick, returning Thursday.

Mr. and Mrs. Herbert Stairs, announce the engagement of their daughter, Alice, to Mr. Wesley Malcolm Bristol, of Halifax. The wedding will take place September 6th.

Closing Exercises

Summer School of Methods

The closing exercises of the school of Methods for Sunday School Workers were held on Thursday evening, Aug. 4th, in the Chapel of Acadia Seminary.

Rev. Waldo C. Machum occupied the chair and at his right were Mr. A. M. Gregg and Miss Grace Wood, the remaining members of the faculty having left for a similar school at Mt. Allison, which opened the following day.

After the singing of familiar hymns and a few remarks by the chairman, Mrs. Fred Eaton, of Canard, was called on to speak for the graduating class the others members of which were Miss Lillie Mitchell, of Halifax, and Miss Kathleen Pincombe, of Maryville, N. B. The solo, "Not Understood" beautifully rendered by Miss Duncanson, of Wolfville, was greatly appreciated.

Miss Sadie Robinson then spoke in behalf of the student body of 1921.

The graduating class wearing their colors of blue and gold were called to the platform to receive their diplomas as the result of the three years work at the School of Methods. The presentation was made by Miss Wood, of the teaching staff. Then followed the presenting of certificates to the classes of '22 and '23, the total number being 44.

Miss Hoben, Secty. of the 1921 student body gave a report as follows:

Number of students enrolled 57; Faculty 8.
Denominationally: Baptists, 44; Presbyterians, 9; Methodists, 3 and Disciple, 1.
The class of 1921 numbered 3; 1922, 7 and that of 1923, 38 and 9 transients.
Mr. Gregg of the faculty then gave an address appropriate to the occasion, followed by Mr. Machum later in the evening. The school of this year was spoken of as the most successful of the three sessions held at Wolfville.

The session was closed in the usual impressive manner.

The following day the students left for their respective homes carrying with them pleasant memories of the week spent together and the intense desire for better service and that the atmosphere of this school might be carried to their work at home.

AVONPORT NEWS

Miss Caroline Fuller, of Yarmouth, was the guest of her grandmother, Mrs. David Fuller, for a few days this week.

Dr. and Mrs. B. C. Borden left on Friday of last week for a three weeks visit to Mrs. Borden's home in Hamilton, Bermuda.

Mr. and Mrs. George E. Wallace and little daughter, of Boston, Mass., are enjoying a brief vacation with Mr. Wallace's father, Mr. E. L. Wallace.

Miss Pearl Lynch, of Mt. Denson, was the guest of her cousin, Miss Dolpha Holmes, for a few days last week.

Miss Snyder of Shubenacadie, spent Tuesday and Wednesday guest of her friend Mrs. C. A. Holmes.

Miss Olive Parker, of Halifax, is spending two weeks vacation with her parents Mr. and Mrs. W. O. Parker.

Miss Emma Atkins, of Kempt, Queens Co., has been engaged as teacher in our school for the coming term.

An interesting feature of the closing exercises of the session of the Grand Lodge, I.O.G.F., at Halifax, yesterday, was the presentation to Mr. D. Graham Whidden, of this town, of the beautiful and valuable jewel prepared for Past Grand Masters and following this the presentation of another to Junior Past Grand Master Clarke, of Kentville.

Fatal Auto Accident

One Man Killed and Four Injured

A shocking auto accident occurred early Sunday morning in the eastern part of the town. Travelling a mile a minute or more, a big McLaughlin touring car, with Allison Wylie Smith, of Kentville, at the wheel, left the road after crossing Mud Bridge, going east, snapped off a fifteen-inch tree like so much match wood and crashed headlong into another and larger tree.

The driver was killed almost instantly. With him in the car were four companions. One, Harry Huntley, of Kingsport, lies at Westwood Hospital very badly injured, having suffered, among other injuries, a fractured leg. It was thought at first his injuries would be fatal but now the doctors hope to be able to save not only his life but his leg, as well. The other three men, Norman Campbell, Bruce Carroll and Horace Card, of Kentville, were all injured but not as badly as Huntley. Campbell had his arm broken, Card, who suffered the slightest injuries was thrown a distance of thirty feet. The fine new car was completely destroyed. The impact when the car hit the tree must have been terrific. The accident occurred at about 3 o'clock, and all the people living in the vicinity were awakened by the crash.

The tracks in the ditch show that the car left the road opposite the residence of R. E. Harris. Two wheels were in the ditch, the wheels on the right hand side holding to the shoulder of the road. The car tore along in this position for about 100 yards, the tracks indicating that the driver was managing to swerve the machine toward the road again. The wheels that were off the road, however, struck the end of an offset ditch, which must have thrown the car into a still more menacing position. Next it struck a plank culvert, leading into Jonathan Hayes' yard, demolishing this.

The whole thing happened in a flash at the rate the car was travelling. Smashed through the culvert, the big machine tore into one of the trees by the roadside. This tree, a dead elm, at least 15 inches through, was broken off some seven feet from the ground and splintered as though struck by lightning. The car was evidently hurled to one side by this tree and then crashed headlong into the huge tree directly in its track and a few feet along. The end of the car was completely driven into the tree six or eight inches. How any man could experience such a terrific smash and still live, passes human comprehension.

Wylie Smith was well-known and a popular young man in Kings county. He was a member of Hiawatha Lodge, I. O. O. F. and Kentville lodge, A. F. and A. M. The funeral was held under Masonic auspices on Tuesday. He was the eldest son a Mrs. W. A. Smith, a widow, his father having died several years ago. On the death of his father the young man came into a substantial inheritance. He lived on the homestead in Kentville and is survived by his mother, two sisters, Maybelle, at home and Mrs. J. L. Hisey, Kentville, also one brother, Harold, at home.

GRAND PRE ITEMS

Miss Edith Woodman, of Boston Mass. is visiting here, guest of her mother Mrs. W. A. Woodman. She is being welcomed home by a host of friends.

Miss Marion Ryan, of Sackville, N. B., is the guest of Mrs. F. H. Crane. Miss Ryan has many friends here and all are glad to see her again.

Miss Laurie Barron is spending a few weeks at Evangeline Beach.

Mr. George Rose, accompanied by his two daughters, Misses Vera and Louise, are taking a two weeks trip through the province.

Mrs. Louise Bishop is spending a few days in Berwick attending Camp Meeting.

Mr. and Mrs. R. E. Thurber and family are visiting here, guests of Mrs. Thurber's mother, Mrs. W. C. Trenholm.

Misses Marion Crane and Marion Ryan arrived home on Monday from Camp Meeting on account of the death of the former's aunt, Mrs. Alice A. Crane.

The weekly Prayer Meeting of the Methodist Church was in charge of the W. M. S., Mr. Whitman being absent.

The Mission Circle had their annual Picnic last week at Evangeline Beach.

Messrs. Lloyd Vaughan, Gerald Fuller, Ralph and John Coffill left for the west last week.

We understand the telephones at Grand Pre, Sheffield Mills and Coldbrook stations are to be removed as the D. A. R. do not feel that under existing conditions they can afford to pay for same.

We hear that the telephone company is likely to remove the telephones presently installed at the stations at Grand Pre, Sheffield Mills and Coldbrook. This step is to be taken, we understand, as a consequence of the D. A. R. declining to pay the necessary rates for the continuance of the service.

Aged Citizen Passed Away

Full of Years and Honors

The end of a long and beautiful life came at 11.30 o'clock on Tuesday night, when Rev. Maynard Parker Freeman passed to his eternal reward. Born at Harmony, Queens county, on June 11th, 1832, he deceased was in his 89th year. His life has been one of devotion to duty and of him it might truly be said that "he has fought a good fight, he has finished his course, he has kept the faith". Never mindful of his own material interests or in the accumulation of the things that perish with the using, he gave the best energies of life to the work of the Master and the welfare of those with whom he came in contact.

Rev. Mr. Freeman was graduated at Acadia College in the class of '62 and taught for some time previous in Horton Academy. He was ordained in the summer of 1863 at Bedeque, P.E.I., and had successful pastorates at that place, at Truro, Cavendish and Summerside, and at Nictaux, Great Village, Gasperau, and Hilltown in this province. He was one of the most faithful ministers of the Baptist church. For years he was a member of the Senate of Acadia University and was a warm friend of that institution.

When a boy of fourteen he became connected with the order of the Sons of Temperance, joining the local society at his old home. All his life he has been a warm advocate of the cause and while in P.E.I. became a member of the Grand Division of that province and filled a number of offices including that of Grand Worthy Associate. Since taking up his residence here he has been of great assistance to Wolfville Division, attending the meetings as long as his strength would permit. For many years and at the time of his death he worthily filled the office of Chaplain.

He was twice married. His first wife was Miss Sarah Randall, daughter of the late C. D. Randall, of this town. By this marriage there were two daughters, one of whom Mrs. Hancock, of Toronto was her father. His next wife was Miss May Selden, daughter of the late James Selden, of Halifax, for many years publisher of the Christian Messenger, and who has and who has the profound respect and affection of many friends all over the province.

Rev. Mr. Freeman has been a resident of Wolfville, where he has ever been ready to give a helping hand to any good work. He was an active worker in the Tabernacle and a warm friend and a worthy citizen. During the past year his splendid constitution has noticeably weakened and although during the spring and early summer his familiar figure was some times seen on the street he gradually weakened until the end came. A good man has gone from among us and he will be greatly missed.

The funeral took place on Thursday afternoon. A short service was held at Evangeline Cottage, where Mr. and Mrs. Freeman have made their home since last autumn and where the occupants have done everything possible to make their life pleasant. Rev. Dr. Chute conducted the exercises and read the scripture and Rev. Dr. Manning led in appropriate prayer.

The service was continued at the Baptist church, where Rev. Dr. Chute again presided. Rev. D. W. Crandall read the scripture, Rev. Dr. Gates offered a feeling prayer and appreciative addresses were given by Rev. G. H. Martell, Rev. Dr. Cohoon and Rev. Dr. Cullen, and such familiar hymns as "Abide with Me," "Saved by Grace" and "Rock of Ages" were rendered by the choir and congregation.

The interment was in the Willow Bank Cemetery, Dr. Chute reading the burial service and Rev. Avery A. Shaw, D. D. of New York, a nephew of the deceased, offered prayer.

AMERICAN TOURISTS VISIT GRAND PRE.

Under ideal weather conditions a party of 40 American tourists paid a visit on Tuesday to Grand Pre, where they were served with an ideal luncheon supplied by the Royal Hotel, under the supervision of Mrs. T. S. Sanford.

After spending a most happy and enjoyable time the party returned to Halifax, expressing their delight with the "Land of Evangeline" and commenting highly upon the excellency of the lunch.

The Royal Hotel has undoubtedly proven exceptionally popular among the American tourists this season as well as being most popular among the commercial trade.

Forest fires which have destroyed hundreds of thousands of dollars worth of property in New Brunswick and Nova Scotia, particularly in Cape Breton and in Cumberland county, were quenched by heavy rains on Monday.

Special Council Meeting

Decides to Stop Auto Speeding and Booze Selling—Inspector Appointed to Enforce Temperance Law

A special meeting of the Council was held at 8 o'clock on Tuesday evening at which Mayor Fitch and all the Councilors were present except Coun. Moore, who is out of town.

His worship stated the object of the meeting to be to take such steps as will regulate automobile traffic in Wolfville and prevent the illicit sale of intoxicating liquors. He recommended that the proper signs be placed at the entrances of the town cautioning drivers not to exceed the speed limit, and asked why this important work, ordered some time ago, had not been performed.

The explanation brought out the fact that there had been a misunderstanding between the Streets and Police Committees as to which was responsible for the erection of the signs, and hence nothing had been done. It was decided that the necessary signs be put up at once.

Policeman Crowell, who was present, was called upon to explain his attitude concerning the enforcement of the Motor Vehicle Act in town and stated that because of the lack of support or being furnished with necessary appliances it had not been possible unaided to enforce the law. He also stated that, given the necessary assistance, he would undertake to control the motor traffic on our streets, without fear or favor.

It was finally resolved to procure a stopwatch for the use of the police department and have a quarter mile of street marked off at intervals so that the speed of passing cars might be definitely determined.

Mr. Edson Graham, who did efficient work the last two years as Chairman of the Police Committee, was present and called to the attention of the Council the difficulty that would be experienced in controlling the traffic on our streets with the policeman engaged at the school buildings during the afternoon. He recommended that a regular janitor be engaged for this work so that Policeman Crowell might give his whole time to police duties.

The matter of the sale of intoxicants in Wolfville and vicinity was then discussed. Policeman Crowell, when called upon gave considerable information concerning this matter. It seems that there has been no inspector appointed for several years. THE ACADIAN has called the attention of the Council to the omission on more than one occasion, but no action was taken. Recently the provincial inspector, who has the power to make the appointment in case the Council fails to do so, has been making enquiries. It was learned that considerable beer is being concocted and sold and is responsible in large measure for the disorder that is becoming too apparent.

The Council decided finally to appoint Policeman Crowell as Inspector under the Nova Scotia Temperance Act and to support him to the fullest extent in carrying out the enforcement of the provisions of the law.

MOTHERS CONFERENCE AT GRAND PRE

The Grand Pre Women's Institute will hold a Mothers Conference on Sat., Aug. 13th at 2.30 p.m. at the home of Mrs. S. A. Bowser. All mothers with their babies under 5 years of age and all in the vicinity who are interested in Child Welfare are invited to attend for a discussion of the better care and nourishment of the little folk.

This conference will be under the direction of Miss Hayden, Public Health Nurse for Kings County, who will be prepared to weigh and measure the babies and advise the mothers.

BENEFICIAL EFFECTS OF SCHOOL FAIRS

School fairs are to the boys and girls of the land what the larger fairs are to adults. By this time they should be thoroughly organized; prize lists published and circulated and programmes of proceedings prepared, the two indeed given in one publication. These fairs increase in number every year and are proving of inestimable value in the agricultural education of the young and even in beneficially influencing the more mature. Of course boys' and girls' clubs are the principal feeders of the fairs, but entries are usually accepted from children who are not members of any such organization. Agricultural Representatives all testify to the splendid effect the fairs are having upon farm life and agricultural pursuits generally. One, for instance, writes "I do not know of any one thing which is a greater factor in improving the farm production and the farm industry of the country than the school fairs. In addition to bringing direct, practical results, school fairs have had a very effective influence in encouraging teachers to take up the teaching of agriculture in the public schools." Another says: "The importance of the school fair cannot be over-emphasized. It teaches our future farmers how they can take the most out of the soil. It makes our rural people better and happier." In recognition of the truth of the old adage "All work and no play makes Jack a dull boy" a programme of sports is usually included in the days list of proceedings.

An officer on board a warship was drilling his men.
"I want every man to be on his back, put his legs in the air, and move them as if he were riding a bicycle," he explained.
"Now commence." After a short effort, one of the men stopped.
"Why have you stopped, Murphy?" asked the officer.
"If ye please, sur," was the answer. "O'm coastin'."

THE KEEPING OF POULTRY

If resident in either town or country and you wish to know how best to keep poultry and secure the most satisfactory results, consult a pamphlet treating of the subject prepared by the Dominion Poultry Husbandman, F. C. Elford, and recently issued by the Department of Agriculture at Ottawa. The pamphlet can be had free on application to the Publications Branch. It tells of how poultry can be made to pay, how the birds should be housed and fed, how they should be treated in winter and summer, how to commence keeping in a small way, the equipment that is desirable, how to choose a breed, how to hatch and rear, and how to gather, keep, or market the eggs. In short all the essentials to success in poultry keeping for home consumption or selling are clearly and explicitly explained. In the term poultry are included turkeys, geese, ducks, guinea fowls and pigeons, the raising and care of which are fully discussed. Numerous illustrations of types of birds, and of methods of housing and feeding contribute to make the pamphlet an invaluable compendium on poultry-keeping and marketing.

NEWSPAPER COSTS

(From the Brantford Expositor.)

The reason the newspaper morgue is so full is shown by an editor who has been investigating the cause of so many newspaper demises. He figures out that in 1907 wages were at 100. In 1914 they had advanced to 178, and in 1921 the figure was 393. Newsprint from 100 jumped to 177 in 1914, and to 623 in 1921. Newspaper postage, which cost the normal of 100 in 1907, was 147 in 1914, and 337 in 1921. Editorial expense jumped from 100 in 1907 to 120 in 1914, and 241 in 1921. Miscellaneous expenses went from 100 in 1907 to 124 in 1914, and to 244 in 1921. Taking the average of all newspaper costs, it was found that while the average in 1907 was 100, in 1914 it was 159, and in 1921 it reached the high mark of 411. It is not surprising with such figures that over 4,000 newspaper publications have gone out of existence in the United States and a corresponding number in Canada.

There are two little words, simple enough in themselves, that introduce untold trouble in the world and responsible for more gossip, scandal and harm than any two words in the English language. These two words are nothing more than "They say." They have done more to ruin the reputations than all other things. If you never quote what "they say" you may be quite certain you are not a gossip.

Read The Advertisements

THE PUBLISHERS of this paper draw your attention to the advertising columns, and particularly to the advertisements of our merchants.

These merchants have invested their money in goods to satisfy the needs and desires of us all.

Their enterprise is a distinct service to our whole community. For this reason we should buy from them to the best of our ability and in so far as our needs and judgment of value dictate.

Then, too, the general commodities advertised in our columns are worthy of consideration. It is desirable that readers should ask merchants to supply advertised goods wherever possible. By doing so the cycle of trade is kept alive and inter-community commerce stimulated.

WE REPEAT—READ THE ADVERTISEMENTS.

KEEP YOUR MOTOR CAR UP TO "SNUFF"

"Pep" Disappears and "Wobble" Accumulates very Easily if Automobile Is Not Looked After

The motorist who drives his own car and is anxious to keep it at its highest efficiency and in the best possible condition in all respects, will find much help towards these ends in occasionally trying out or riding in other cars of the same make and model—for instance, the agents demonstrating car—and by talking with other owners of the identical cars. Nothing assists more in keeping an individual car "up to the mark".

In driving one's car to the exclusion of others, one becomes accustomed to and soon takes for granted many peculiarities, often amounting to defects, and may finally lose sight of them as such, thus preventing the best results from being obtained. A ride in a car free from the particular idiosyncrasies brings them into prominent notice.

A car becomes "ratty" so gradually that one hardly realizes until a like car in quiet adjustment is tried. Engines become noisy and lose their "pep" by such easy stages that the change is hardly recognized until one has a smoother-running and a snappy one to serve as a standard. The "wobble" accumulates in a steering gear by such imperceptible increments that one may almost forget how a properly adjusted steering gear acts.

In general, it is common experience that, when a motorist tries out someone else's car of the same model, especially if it happens to be a pretty good one, he is forcibly reminded of things about his own car that are not "up to snuff" and can profitably be attended to.

Just try it and ask fellow owners about their gasoline mileage, and other things. Perhaps useful "pointers" may thus be elicited.

CODE FOR TIRE USERS

If the following rules are respected, very little tire trouble will be experienced:

1. Keep tires properly inflated.
2. Be sure to repair little thread cuts regularly.
3. Prevent blowouts by avoiding severe jolts and by maintaining full air pressure.
4. Have mud boils cleaned out and repaired at once.
5. Be careful in applying tubes.
6. Avoid sudden stops, quick starts and skidding.
7. Keep front wheels in alignment.
8. Use French Talc in the casing, but not too much.
9. Avoid rust and save the side walls.
10. Don't drive in car tracks.
11. Apply chains properly, if they must be used; chains always injure tires.
12. Avoid sharp obstructions.

QUEBEC'S BIG SURPLUS

SCENES IN HADES ARE REPRODUCED ON SCREEN IN NORMA'S NEW FILM

Star Plunges in Slimy Pool in Beautiful Gown

Scenes in Hades, said to rival even the most fanciful of Dore's famous drawings, have been reproduced on the screen in Norma Talmadge's latest First National starring vehicle, "The Branded Woman," which will be shown at the Opera House Monday and Tuesday August 15-16.

Because of the elaborate nature of the sets called for in this motion picture, which was adapted by Anita Loos and Albert Parker from Oliver D. Bailey's well known stage play, "Branded", Hugo Ballin was engaged to design them. The result has been an artistic triumph.

In addition to beautiful interiors for a private house in Paris and the Ritz Hotel, a fashionable boarding school for girls up the Hudson, the library and other rooms of a wealthy New Yorker's home are some remarkable scenes in India.

The scenes of the Far East reveal an open market place and a slave-block where Norma, as the heroine, is sold at public auction, with donkeys, camels and natives in picturesque costume lending a touch of "atmosphere."

But most remarkable of all are the allegorical scenes in Hades. One of these sets, which represents a dream of Norma's, wherein she imagines herself dragged down by society into a hideous whirlpool of slime and filth, from which she is rescued by the man she loves, was filmed in a huge pool discolored and apparently filled with horrible creeping creatures like the "slimy things that crawl with wings" in "The Rime of the Ancient Mariner."

So hideously realistic is this pool into which Norma plunges in a costly and beautiful costume, that the other members of the cast and the "extras" playing the roles of unfortunates caught in the river of lost souls, hesitated to enter the water until Norma herself plunged in.

VALVE GRINDING

In cases where a badly pitted valve requires grinding here is a short cut. Cut a piece of emery cloth in dimensions a little bit wider than the valve seating and twice as long and then double it over so that both surfaces are cutting surfaces. Next cut a hole in the cloth so that the valve stem may be passed through and the emery cloth brought close up against the valve head. The valve is then placed in position for grinding under comparatively high pressure. Both sides of the emery cloth will conform to the valve head and the seating and if the valve turns and the emery cloth remains stationary the valve will be ground on the upper emery, whereas if the cloth revolves the valve seating will be ground on the lower emery.

CHEAPER IN BOSTON

Mr. Johnson, of Andover, Mass., who came down by auto and has been spending ten days in the County, tells us that 60,000 American will spend part of their vacation in Nova Scotia this summer. American tourists are more and more coming to Canada on their vacation, and now that they have discovered Nova Scotia, more and more will come, as its wonderful weather, bright, sunshiny days and cool nights, makes it ideal for July and August vacations. Another thing Mr. Johnson says struck him also, and this time not so favorable, and that is that everything in Nova Scotia is dearer than it is in Boston. Meats especially, he remarked, used to be cheaper in Nova Scotia than in Boston, but now they are far dearer here. Choice lamb, he said, was selling in Andover for 25 cents a pound; vegetables are cheaper there, while clothing and boots are far dearer here.—New Glasgow Enterprise.

HORNE, THE GERMAN SPY WILL BE DEPORTED

MONTREAL, Aug. 8.—Captain Werner Horne, the German spy, who is at present confined in the immigration building, will be deported on Wednesday on the steamship Poland, which is bound for Hamburg. Horne has now been pronounced insane after serving six of the ten years imprisonment to which he was sentenced after attempting to wreck the Vancouver Bridge during the early part of the war.

Today he was visited by a passport agent with a view to obtaining passport particulars. The agent stated that Horne kept continually talking about dukes and princes, the millions he has in the bank, and last but not least, of being the son of ex-Kaiser Wilhelm, and of other prominent personages. In the end the agent was unable to get any sane information from Horne, and he came away.

Horne also asked if he might cable the Governor-General for permission to roam around Montreal on parole.

An ideal woman is one we frequently hear about but seldom see about.

PREMIER MEIGHEN HOME FROM ENGLAND

After an absence from Canada of two months, during which time he attended the Conference of Premiers in London, the Right Hon. Arthur Meighen, Prime Minister of the Dominion, accompanied by Mrs. Meighen and his Private Secretary returned on Saturday evening via the Canard liner Carmania and landed at Halifax. The party left Sunday morning in his private car, attached to the Ocean Limited, for Metis, Que., where the Premier stayed until Wednesday, when he proceeded to Quebec to assist in the welcome of Lord Byng, Canada's new Governor General.

If you want pansies in abundance next Spring, sow the seeds now. Sow in a cold frame if one is available, or if not, in a corner of the garden where the ground can be made rich and fine. It will be important to keep the ground moist until the plants come up. When the young pansies are well started you can transfer them to a bed where they can be left through the winter. If you cover them lightly with straw or some other litter, most of them will survive the cold weather and begin flowering soon after the snow is off the ground. By this method you can have all the pansies you want at a very small cost.

Editorial Notes

The introduction of increased instruction in physical culture in our public schools would, we believe, be of great value to the well being of the pupils and of profit to the community. With the many returned boys who have had abundant training along this line it ought not to be difficult to secure suitable instructors. The opportunity is one which the school authorities should be prompt in taking advantage of and citizens should be interested enough in the welfare of their children to see that the matter is properly looked into.

The shocking automobile accidents which have occurred recently in this vicinity—while not strictly due to lack of supervision—ought to impress our town authorities with the importance of enacting and enforcing such ordinances as will effectively regulate the conduct of motor vehicles on our streets. We have referred to the matter on several occasions and feel that it is our duty to again make a strong, protest against the flagrant violations of the Motor Vehicles Act and the ordinary rules of the road as are apparent every day, and urge every loyal citizen to use his best endeavor to promote a better condition of affairs in this regard.

Those who patronize the various places of amusement these days find that in addition to being called upon to pay the usual admission fee they are required to hand out a fee for what purports to be a "war tax". The term is a misnomer. True the people of Nova Scotia are doing their share to pay the cost of the Great War and are doing it in various ways. In every instance, however, the tax is paid to the Dominion Government, which bears Canada's share in the expense of the war. The "Amusement Tax", so called, is imposed by the Provincial Legislature at Halifax, and has nothing whatever to do with the war.

In spite of the loud complaints over the absence of rain during the present season the indications point to an abundant harvest of practically everything produced by the farmers of this section. We live in a peculiarly favored region and ought to be a contented and grateful people. While we read of destructive storms and crop failures in other places, the farmers of the Annapolis Valley have little real cause for com-

plaint. Visitors to any of the Kings county towns on a busy evening and those who drive through the country sections are reminded of the universal indications of prosperity which prevail here while other sections complain of "hard times".

PORT WILLIAMS ITEMS

The Baptist church members and friends making a large number, held their Annual picnic at Starr's Point on Friday last and a most enjoyable day it proved to be. The village was almost deserted.

We hear Mr. and Mrs. Ralph Newcombe have sold their residence to Mr. George Dodge, who recently brought a bride to this place. On Monday evening, August 1st, many friends met at the home of Mr. and Mrs. A. B. Rand, where they "showered", Mr. and Mrs. Dodge, a pleasant evening being spent.

There are many visitors in town this season. Among the number is Mrs. Eaton widow of the late Edgar P. Eaton, of Brockton, Mass., who is visiting her relatives here as well as many old time friends. She has also been a visitor at the home of Mr. Fraser in Greenwich. Mrs. Eaton last visited this place about eight years ago in company with her husband. He was then in failing health. Their former home for years was in this place, it being Mr. Eaton's birthplace, his father the late Enoch Eaton owning a nice place here. Mrs. Eaton is gladly welcomed and will visit in the County until October, then returning to her home in Brockton.

Misses Irene and Thelma Gates returned home on Thursday of last week from a visit of a few weeks at the home of their aunt, Mrs. French, in Collinsville, Maine, having enjoyed the trip very much.

Little Miss Madeline Elliott, niece of Mrs. Silas Gates, who has been spending some time with Mrs. Gates, is now visiting in Toronto for a time.

Mr. and Mrs. Hoag, of Toronto, and two children, little Marion and Charles, who have been the guests of the parents of Mrs. Hoag, Mr. and Mrs. C. A. Campbell, for some time, left for their home on Thursday of last week.

Mrs. A. G. Cogswell and family, accompanied by Mrs. and Miss Holding, are enjoying a pleasant stay of a few weeks, at Evangeline Beach, where they have taken a cottage.

Miss Alice Lockwood, who has a position in Halifax, was a recent visitor at her home here, being on a vacation.

The large barn of Mr. George Gates, has been greatly improved by a new coat of paint, also his house and carpenter shop, met the same good improvement.

Any farmers requiring help of any kind such as apple pickers, etc. should communicate with W. B. MacCoy, Secretary of the Department of Industries and Immigration, Halifax, See adv. on another page.

HYMENEAL

Hutchinson—Gilmore

An interesting event took place on Aug. 1st at four o'clock in the Baptist Church, Pleasant River, Queens County, Rev. C. Riseborough officiating, when Miss Christine A. Gilmore, eldest daughter of Mr. Paul Gilmore, a graduate of Elliott City Hospital, and for three years medical supervisor of public schools, Springfield, Vermont, was united in marriage to Harry U. Hutchinson, eldest son of Mr. and Mrs. Geo. Hutchinson, Lockhartville, a graduate of the class 1921 in theology, Acadia University, and pastor of the Baptist Churches at New Harbour and Seal Harbour.

The bride who was given in marriage by her father looked the picture of girlish beauty in a gown of ivory satin with overdress of silk crepe de chene with bridal veil, and carried a beautiful bouquet of sweet peas and fern. She was attended by her sister Miss Jane Gilmore, also a graduate nurse, who wore orchid orandie over silk with hat to match, carrying a bouquet of sweet peas and fern.

The church was beautifully decorated with maple leaves, fern and pond lilies, potted plants and cut flowers. The arch of maple leaves and pond lilies, under which the bride and groom stood, was really a work of art.

Miss Muriel Frank presided at the organ. After the wedding a reception and supper was held at the home of the bride's father where about fifty guests assembled.

The presents were beautiful and costly and included silver, cut glass, china and linen, also a purse of gold from the staff of the hospital with which the bride was connected.

Followed by the hearty congratulations of their friends, Mr. and Mrs. Hutchinson left for a trip to Evangeline Beach, Lockhartville, Halifax and Grand Lake after which the happy couple will proceed to their home at New Harbour.

BRIDGETOWN DEFEATS WOLFVILLE

The game of baseball on Wednesday between the Wolfville and Bridgetown Tuxis Boys resulted in a win for the latter, the score being 4 to 2. The game was very closely contested. Neither team scored until the fourth innings when Bridgetown got 3 runs and Wolfville scored one. The home team scored again in the eighth innings and the visitors added to their score in the ninth. The teams were:

Bridgetown—Hoyt c, Todd 2b, Troop cf, Longmire ss, Roberts p, Fay 1b, Gatti lf, Williams rf, Little 3b.

Wolfville—Barteaux c, Kennedy cf, Taylor ss, Kinney 2b, Russell rf, V. Rand 3b, G. Rand 1b, Smiley lf, Blair Elderkin p.

MIDDLETON WINS VALLEY CHAMPIONSHIP

The first of the series of games to decide the baseball championship of the Valley was played at Middleton when the Middleton team defeated the Windsor boys by the score of 3 to 1. The game, which was more or less a pitchers battle, was fairly well contested, but errors played a large part in Windsor's defeat.

The second and deciding game was played at Windsor on Wednesday when Middleton again won, the score being 5 to 3. The game was closely contested, Middleton winning through better team work and superior base running. Middleton now holds the Valley championship and is eligible to play in the Provincial championship series.

GOVERNORS MEET.

There was a meeting of the Board of Governors of Acadia University yesterday at which the matter of the re-building of College Hall was discussed.

The following were present:

Mr. E. D. King, Halifax; Rev. C. W. Rose, Amherst; Mr. F. A. Shand, Windsor; Mr. E. C. Whitman, Canso; Mr. W. W. Clark, Bear River; Mr. O. P. Goucher, Middleton; Rev. F. H. Beals, Bedford; Dr. Cutten, Dr. Cohoon, Dr. Manning, Dr. Oakes, and Mr. C. R. H. Starr, Wolfville.

The whole question was thoroughly gone into, but no definite decision was arrived at. It is understood, however, that owing to prevailing conditions, it was urged by some that the work should be deferred for the present.

At a meeting of the School Board on Monday evening it was decided to extend the summer vacation one week longer than the prescribed time. School will begin on August 29th.

The marriage took place at the Manse on Thursday afternoon of last week. Rev. G. W. Miller officiating, of Miss Muriel Kennedy, daughter of Mr. Thomas Kennedy, of Grand Pre, to Fred Cochrane, of Scotch Village. The happy couple left on a wedding tour to Halifax and points on the South Shore.

Coming Events

Notices under this heading are inserted at 10 cents a line. Each repeat, 5 cent a line; minimum charge, 30 cents. Contract rates on application.

Mrs. Douglas Hemmeon will be "At Home" on the afternoon of Tuesday, August 16th, at the Parsonage, GasperEAU avenue.

Rev. H. F. Laflamme, of the New York City Federation of Churches, and known to an ardent following as "Hot Fire" Laflamme, will speak Sunday morning and evening at the Baptist church. Mr. Laflamme's morning address will be particularly directed to the young people for whom the ushers will reserve seats.

On Sunday next the congregation of St. Andrew's church will have the privilege of having with them a former popular minister, Rev. P. M. MacDonald, of Toronto, who will preach at both services. Rev. Mr. MacDonald will also conduct the service in the afternoon at the old Presbyterian church at Grand Pre.

GREENWICH ITEMS

This community certainly makes good use of electricity, with the majority of our homes and outbuildings wired and the electric toasters, washers, irons, as well as using the milk separator and grindstone, etc. with its power. We heard a rumor that one of our progressive farmers was running his milking machine by electricity, if so, that surely is a modern improvement, milking a head of cows by electric power, a good idea, truly.

Mrs. Ada Forsythe now owns and is enjoying the use of a dandy new Ford automobile, the very latest make. We hear that Mr. Stewart Hennigar also purchased an auto recently. Automobiles of various makes are now very plentiful in our community and enjoyed.

Mr. Ormond Forsythe, who has been visiting for sometime his brothers Messrs. A. K. and Charles Forsythe, left on Monday on his return to his home in Port Hawkesbury.

The many friends in this place were glad to see a former Pastor, Rev. W. H. Rackham, of Riverport, Lunenburg Co., in the place a few days last week. While here he was a guest at the home of Mr. and Mrs. George Bishop, making calls at many homes in the place, leaving on Thursday morning for Berwick where he planned to enjoy the Camp-meetings being held there, for a time. A number of our residents have enjoyed a days outing at the Camp-meetings.

Mr. and Mrs. Chesley Forsythe and two children, little Mildred and Frederick, of Bridgetown, Annapolis Co. are visiting at the home of the formers mother, Fred Forsythe.

Mrs. Emma Harvey has been enjoying a visit from the wife and family of her son John, whose home is in Massachusetts, also Miss Madeline Harvey, a daughter of her son Fred, of Mass.

Miss Evangeline Elliott, of Clarence, Annapolis Co, who was visiting at the home of her brother in Wolfville for a few days, visited friends in this place one day last week. Miss Elliott was a former teacher here for two years and has many friends in the place. She has been teaching in Alberta the past three years.

Question?—Are we going to have a community picnic this season?

Manager Mason, of the Opera House, states that he has secured Dempsey-Carpentier fight picture for Sept. 9th.

Baron Byng of Vimy, Canada's new Governor-General, arrived at Quebec on Wednesday and was formally sworn into office yesterday.

There's many a man can do your job
As good—or better—than you;
There's many a man to take your place
And be glad of the offer too!

If you want your job, get on with your job,
If not, it's up to you
To quit it now and so make room
For a man more keen than you.

Get on with your job or get out of your job,
Which are you going to do?
We can't waste time on slackers now,
So choose—it's up to you,

It's up to you to make of your job
The best success you can;
If you can't do that it's up to you
To give it to those who can!

For there's many a man to fit your job,
And be proud to have it too;
If you want your job get on with your job,
It's the sporting thing to do.

DEVELOPING PULLETS FOR WINTER EGG PRODUCTION

(Experimental Farms Note.)
For the greatest ultimate success in egg production, pullets, from the time they are hatched, should be so handled that they will not receive any check. From "shell to laying pen" should be one period of continuous growth.
A pullet that is stunted at some stage in its development is a pullet that is ruined so far as heavy continuous production is concerned.

HEN HATCHED CHICKS. The big danger to hen-hatched chicks is vermin. See that "biddy" is treated for lice before the eggs hatch and then, at regular intervals, treat the chicks with a good disinfecting powder. Most of the commercial powders will be satisfactory. Ordinary road dust with a little flowers of sulphur added will serve the purpose.

INCUBATOR HATCHED CHICKS. The period when artificial heat is removed is one when the chickens require close attention, otherwise they are liable to crowd and very little of this will give the chicks a serious set back.

Put wire netting across the corners of the house so that the chicks cannot crowd into them, and trample each other to death. Visit the house several times in the evening and if there is any crowding drive the chicks to the centre of the house and stay with them until they settle down. The sooner the chicks can be induced to roost the better.

During the hot summer weather, be ever on the watch for vermin. Spray the houses occasionally with a good disinfectant and if there are any traces of red mites, keep right after them, as it is good-bye to healthy growth in the chickens if these pests ever get headway.

As soon after "weaning" as possible, get the pullets on to good fresh range. Hopper feeding will be found most convenient. Keep mixed grain and a good dry mash before them where they can have free access to it. See that they have an abundance of succulent green feed and always a supply of fresh water. If buttermilk can be obtained nothing is better to produce healthy, vigorous growth or to bring the pullets into production.

Get the pullets into winter quarters before they start to lay, so that they will not receive any set back.

On housing them, bear in mind the change in conditions. Induce them to consume large quantities of green feed and to exercise for all the scratch feed.

MYSELF

I have to live with myself, and so I want to be fit for myself to know. I want to be able, as days go by, Always to look myself straight in the eye; I didn't want to stand, with the setting sun And hate myself for the things I've done.

I don't want to keep on a closet shelf A lot of secrets about myself, And fool myself, as I come and go, Into thinking that nobody else will know The kind of a man I really am; I don't want to dress up myself in sham.

I want to go out with my head erect, I want to deserve all men's respect; But here in the struggle for fame and pelf I want to be able to like myself. I don't want to look at myself and know That I'm bluster and bluff and empty show.

I never can hide myself from me; I see what others may never see; I know what others may never know; I never can fool myself, and so, Whatever happens, I want to be Self-respecting and conscience-free.

FIVE TRAGEDIES

A man struck a match to see if the gasoline tank of his auto was empty. It wasn't.

A man patted a strange bull dog on the head to see if the critter was affectionate. It wasn't.

A man speeded up to see if he could beat the train to the crossing. He couldn't.

A man touched a trolley wire to see if it was charged. It was.

A man cut out his advertisement to see if he could save money. He didn't.

URGES MORE PUBLICITY

Outside people apparently do not know the advantages Nova Scotia offers as a place to spend the summer in comparative coolness, according to a letter received from New York by J. D. Beauty without modesty is a sorrow forever.

You will find honesty among thieves, truth among fools, but you will find few sparks of manhood, womanhood or principle in a knocker. A thief might have a kind heart; a fool might be a faithful friend; but a man who knocks his home town isn't worth the hole in a doughnut in any sort of human relationship.

MORE Nutrition at LESS Cost

STEW DAYS come oftener in these times of strict economy. But stew days become gratefully welcome when FIVE ROSES dumplings add their rare deliciousness to the savory mess.

Light and porous as the crumb of well-risen bread, airy fairy bits of toothsome nutrition.

Did you know that, weight for weight dumplings are over five times as nutritious as beef? The gluten in the flour is "the lean of the meat of the wheat." In easily digested form your stew dumplings made from

FIVE ROSES FLOUR FOR BREADS, CAKES, PUDDINGS, PASTRIES

contain the muscle-building, blood-forming elements so plentifully stored up in the best Manitoba wheat. A little left-over beef or meat scraps will go a long way when you pop FIVE ROSES dumplings into the stew, besides jumping up its sustenance value enormously.

Thus are you able to secure more nutrition at less cost.

All about Dumplings for Stews

Send to-day for the famous FIVE ROSES Cook Book and learn to bake without waste. In its 144 pages you will find over 200 tested cake recipes, hundreds of directions for pies, biscuits, pastries and 50 infallible rules for bread-making, already in use by over 500,000 ambitious housewives. WOLFVILLE LOSES TO BRIDGETOWN

As stated in last issue the cricket match at Bridgetown on Thursday of last week resulted in a win for Bridgetown. Some of Wolfville's best players were unable to make the trip and the team was composed in part of baseball players. They however made a splendid showing and it was unfortunate that time did not permit of the finishing of the second innings. Bridgetown went to bat first and scored 87 and Wolfville followed with 59. In the second innings Bridgetown was dismissed for 44 and Wolfville had secured 57 for the loss of 8 wickets when time was up. The game was therefore decided on the first innings. The scoring was as follows:

The doctor was giving a lecture to a class of girls. "It has been found," he remarked, "that the human body contains sulphur!"

"Sulphur," exclaimed the pretty young girl. "How much sulphur is there in a girl's body?"

"Oh, the amount varies," said the doctor, smiling, "according to the girl."

"Ah!" remarked the girl. "That's why some of us make better matches than others."

The publisher of the best Farmer's paper in the Maritime Provinces in writing to us states:

"I would say that I do not know of a medicine that has stood the test of time like MINARD'S LINIMENT. It has been an unfailing remedy in our household ever since I can remember, and has out-lived dozens of would-be competitors and imitators."

"JOG ON, JEHOSEPHAT"

Road gets rougher ever mile; (Cluck!) Jog on, Jehosophat, an' show some style.

Mule's gone lame, an' the hens won't lay; Corn's 'way down, an' wheat don't pay; Hogs no better, steers too cheap; Cow's quit milkin', meat won't keep; Oats all heated, spuds all froze; Fruit crop's busted, wind still blows; Sheep seem puny, an' I'll be durned, Rye field's flooded an' the hay stack's burned!

Looks some gloomy, I'll admit— (Cluck!) Jog on, Jehosophat, we ain't down yit.

Coal's in high, an' crop's in low; Rail rates doubled, got no show; Money's tighter, morals loose; Bound to get us—what's the use? Sun's not shinin' as it should; Moon ain't lightin' like it could; Air seems heavy; water punk; Tests yer mettle; shows yer spunk; No use stoppin' to de-bate— (Cluck!) Jog on, Jehosophat, it's gettin' late.

Wheels all wobble; axle's bent; Dashboard's broken; top all rent; One shaft splintered; tother sags; Seat's all busted; end-gate drags; May hang t'gether!—b'lieve it will; Careful drivin' 'll make it still; Road's some better, not so rough— TROT! Gosh ding ye! That's the stuff, Old trap's movin' right good speed— (Cluck!) Jog on, Jehosophat, you're some old steed.

—Griff Crawford, in The Gloom Chaser.

A negro mammy had four boys who were so polite and well-behaved that they excited the interest of the mammy's mistress.

"Mandy," said the mistress one day, "how did you manage to raise your boys so well?"

"Ah'll tell you, missus," replied Mandy. "Ah raised dem boys with a barrel stave, and ah raised 'em frequent."

AGRICULTURAL EDUCATION AT UNIVERSITIES

Agriculture being the basic industry of the country, every advance made in the development of agricultural education is of national value. Recently, several provincial universities have presented extension courses for the benefit of farmers and others. To this end the educational authorities have co-operated with farmers' organizations with highly encouraging results. In the case of Manitoba a course of lectures was given on rural economics and sociology, supplemented by special lectures on a variety of subjects appealing to other sections of the community. In Ontario also, the University of Toronto was induced to give a similar course. A note, worthy feature of the course was the taking of students to the stock-yards, the abattoirs, and other places of a practical illustrative value. It is felt that the alliance thus established between the agricultural industry and those engaged in educational work will tend to a better understanding of economic problems which affects the welfare of town and country alike.

PREMIER MEIGHEN CREATED GOOD IMPRESSION IN LONDON

Sir George H. Perley, Canadian High Commissioner to Britain, lately arrived in Ottawa said that in his opinion Canada's premier has created a very good impression in London. "He stood strongly for all Canadian interests in the negotiations there, and at the same time he impressed the British people with his fairness and his desire to settle all those knotty problems in the best interests of, and to the satisfaction of the various parts of the Empire. His speeches and public utterances in Britain have been on a very high plane, and showed the same ability in that direction that all of us Canadians know he possesses in such full measure."

Some people who whine they don't get what's coming to them are lucky at that.

HE FOUND THE FEET

(From the Toronto Star.)

The following letter is said to have been received some years ago by a Montreal firm, and is given below as it was written:—"I received de stove which I buy from you airite. But for why you don't send me no feet? Wat is de use of de stove when he don't have no feet? I am loose to me my customer sure ting by not having de feet and dats not very pleasure for me. Wat is de matter wit you. Is not my trades money as good like anoder man's. You loose me my trade, and I am veree angre for dat. And now I tell you dat you are ablem fool and no good. I send you back at once your stove tomorroe for sure because you are such a blem foolish peoples.

P. S. —Since I rite dis letter I find de feet on de hoven, excuse to me."

A REMEDY FOR TIMBER DESTRUCTION

Is there a remedy for this needless destruction of timber and other natural resources? Yes, and a very simple one. It may all be summed up in the pertinent phrase "Help Protect The Forests—Be Careful with fire." This done, seventy-five per cent. of our forestry problems will be solved.

WOULD TEACH HIM

(From the Boston Transcript.)

A Boston lady went to her provision dealer to pay her bill. Knowing the man pretty well she said, "Mr. Blank, I had quite a laugh over the way someone in your store spells 'salmon' and she pointed out on the bill the item "3 lbs. psalman".

Mr. Blank looked at it and said in a tone of contempt for such ignorance, "That's the work of a new bookkeeper, but he's got to learn to spell correctly if he wants to stay with me. Let me correct the bill, madam." Taking a pen he drew several lines through the word and wrote above it "sammon." "There, madam," he said complacently, handing back the bill. "I'll teach that bookkeeper how to spell 'sammon' when he comes in or tell him to find a new place."

YOUR "ACADIAN"

We here use the word "your" advisedly, for is not your home-town paper "your" paper, your "ACADIAN"? While the company publishing THE ACADIAN is a private concern, the mission of the paper is essentially a broad public one. This is your paper, and reflects you as seen through the public eye. We aim to keep your paper in the van of paperdom in this great Annapolis Valley. We do give you more reading matter—and reading matter that is of real local interest—but as papers are only after all a reflection of the public support received, and THE ACADIAN being no exception in this respect, we must have the unstinted and loyal support of our business men in our advertising columns.

Nova Scotia friends are glad to learn that it is Mr. Shand's intention now to remain for part of the year in Windsor, spending the winters in Toronto. A graduate of Acadia, Mr. Shand has pleasant recollections of the days spent in Wolfville.

GRAND CONCERT.

Wadsworth Provandie, noted baritone, won marked favor at his Canadian appearances this season with the Createore Grand Opera Co. In his performances with Lazaro, the world famous tenor of the Metropolitan Opera Co., Provandie not only shared the vocal honors but quite surpassed his rival in histrionic powers. After the great finale of the third act the applause was so insistent that the entire scene had to be repeated. In commenting on the performance the Quebec Chronicle characterized Provandie's work as "brilliant" and hoped that he would return for many seasons.

The Montreal Star had this to say after his appearance in Aida: "The star of the evening was the baritone, Provandie, who played the Ethiopian King. His is a voice of magnificent quality, range and power, no break or false register from top to bottom. He is a finished actor as well. With such a singer in his cast Createore is always welcome in Montreal!"

The Toronto Globe said this in summing up Createore's season there: "Wadsworth Provandie has made a great impression in Toronto. His Count di Zima in Createore was superb. He has a magnificent voice and is a convincing actor as well."

Mr. Provandie has sung many times in Wolfville but his friends have urged him to give a concert before leaving for his fall season. This he has consented to do at the Opera House with Marion Lina Tufts, the remarkable pianiste, as co-star, Thursday evening, Aug. 25th.

Mr. Louis Bennett, who is holding a Summer class in Voice work at Acadia Seminary, has been notified of his election as Professor of Voice at Converse College, and Director of the Spartanburg Festival, Spartanburg, South Carolina. This is one of the most important positions of its kind in the United States, and the Spartanburg Festival is noted for the high standing of artists engaged and works given. Mr. and Mrs. Bennett will leave for Spartanburg the last of August. They will return to Wolfville for the Summer School the first of June, 1922.
