

SUCCESS OF JAP MISSIONS.

Young Canadian Missionary Sees Things Differently

From W. T. R. Preston, the Former Trade Commissioner.

Rev. C. J. L. Bates Spoke In First Methodist Church.

Readers of the Times doubtless noticed in yesterday's issue the report of Mr. W. T. R. Preston's address in Parkdale Presbyterian Church, in which he characterized the Protestant missionary effort in Japan as a failure.

Yesterday there was in this city, the guest of Rev. E. B. Lancelotti, of First Methodist Church, a young Canadian missionary, who has spent the past seven years in Japan. Rev. C. J. L. Bates, gold medalist of Queen's University and a post graduate of McGill, who is home for a short visit. It so happens that Rev. Mr. Bates and Mr. Preston are friends, having visited each other in Tokyo when the latter was trade commissioner in that country. Mr. Bates was in Toronto on Tuesday evening when Mr. Preston gave his address, but did not know of the event, or would have gone to hear it.

At the regular service in First Church last night Mr. Bates gave a half-hour address upon the subject, "The Success of Protestant Missions in Japan." At the onset he said he had no thought of speaking in a controversial spirit, but simply to state the facts as he had found them.

The first Protestant missionaries went into Japan just 50 years ago. At that time the country was placarded with notices against Christianity. It was a capital offence to be a Christian. The first ten years were devoted to learning the language and preparing for the work. To-day there are 150 self-supporting native Protestant churches which receive no outside assistance, and over 600 organized Protestant churches in all. Two years ago there were 460 native ordained Japanese ministers ordained just as ministers in this country, with the same powers and privileges; 70,000 regular church communicants, 84,000 teachers and students in the Sunday schools and multitudes waiting only for a favorable opportunity to come into the Christian church. There have been sold over three million copies of the gospel of Jesus Christ, and the Bible is more read than any other one book in Japan. Probably a million people in Japan read the Bible and endeavor to regulate their lives by it. All this is the result of the work of Protestant missionaries in one generation.

The speaker quoted John R. Mott, who (Continued on Page 10.)

IS DENIED HER RIGHTS.

Attorney-General Closes Court Against Mrs. Felker.

Toronto, Sept. 16.—Hon. J. J. Foy, the Attorney-General, has given judgment in the application of Mr. W. M. German, M. P., for Mrs. Louisa Jane Felker, of Gainsboro township, desiring to grant the fiat asked for, to enable the applicant to take action against the Hydro-Electric Commission to prevent the construction of a power transmission line over her farm property. The Minister announced his decision last evening, intimating that a written finding would subsequently be forthcoming.

\$10,000 WRIT.

Jos. W. Board After License Inspector Sturdy.

A writ of slander has been issued against License Inspector Sturdy for \$10,000 at the instance of J. W. Board, who complains that the defendant libeled him by saying that he was a spotter and had been occupied in gathering evidence against bootleggers for selling liquor after hours. When seen by Times reporter this morning Mr. Sturdy denied that he had ever made any such allegation.

S. F. Washington, acting for John J. Mills, of this city, has entered an action against R. W. Ballew, of Toronto, to recover \$245 which he said the defendant on account for six automatic weighing and talking machines. Mr. Mills alleges that the machines will not work.

IN TWO WEEKS

Company Will Give the Answer About Re-Construction Work.

The Street Railway Committee, after mapping out the road work for next year, waited on the officials of the company this morning and laid the scheme before them.

The city wants the company to lay new tracks on James street north, York street, King street west and Locke streets. General Manager Hawkins and Manager Coleman said they were anxious to do everything they could to rebuild the system as quickly as possible. It will take them about two weeks to figure out the cost of the track work, and they promised to give the city an answer by then. In the meantime they will see how much money the company can scrape together.

To-night at sunset throughout the whole world the Hebrew race will be celebrating their New Year, or Rosh Hashanah.

Charge of Shooting Dismissed

MRS. MARY CASTLE.

New York, Sept. 15.—The Grand Jury to-day dismissed the charge against Mrs. Mary Castle, who on Aug. 3 shot Wm. B. Craig, a New York lawyer, at the Waldorf Astoria Hotel. The Grand Jury reasons were not given out.

WHITE SLAVE CASE FELL VERY FLAT.

Was Not Even Case of Disorderly House—Previous Good Record Saves Michmoff.

After repeated adjournments, extending over a period of several weeks, the famous Rufus and Bartlett case came to an abrupt ending this morning, by the case being dismissed.

Rose Bartlett appeared in court like a living advertisement for a fashionable millinery parlor. She wore a Gainsboro hat with the fashionable turns up and turns down, with trimmings of osprey and feathers galore. It was a massive creation and caused considerable rubbing from all in court. Rose was conscious of her triumph as a good display of her milliner's handiwork.

Anne Merry was the first and only witness called and Chief Smith undertook the duties of crown prosecutor. "When did you come to this city?" "Thursday, August 12th." "Who with?" "Rose Bartlett and Ralph Rufus." "What did you intend to do here?" "Work in a factory." "When did you reach 198 Princess street?" "Friday, August 13th." "What happened then?" "Rosie made money that night."

"Entertaining strangers?" "Yes."

"What about the next day?" "A man came round about the mat-

resses that had been borrowed from him and Rosie got money from him." The piece of paper which the witness threw from the window was produced and identified by her. It had written on it the following:

My dear friend—Can you find a way to get me away from this house as I don't like these dagoes. I don't like this house. This woman is bad and has been living with a man nine months. Do this and I will do what I can to repay you. Your friend, Anne Merry.

Witness said she dropped the note out of the window for a young gentleman friend opposite. Soon after the detectives came and she was taken away and Rufus and Bartlett were arrested.

In the cross-examination by A. M. Lewis, counsel for the defence, she said she met the defendants in Toronto. She admitted they had used her kindly and had not detained her, neither had they led her astray, but had removed temptation from her. Rufus even offered to get a doctor when she was sick.

"Were you told you could go back to Toronto if you wished to?" asked Mr. Lewis. "Yes." "You were at liberty to go out of the house when you pleased?" "Yes." "Why did you leave Toronto?" asked his worship. (Continued on Page 12.)

F. R. WADDELL, Hamilton's City Solicitor, who has been elected a manager of Central Presbyterian Church.

BRITISH COLUMBIA, THE GREAT PACIFIC PROVINCE.

Premier McBride, of British Columbia, is of the opinion that British Columbia is destined to be one of the most thickly populated and wealthiest Provinces in all Canada. The ever-increasing tide of commerce from the Far East must lead to the building up of half a dozen great maritime cities. In his article on "British Columbia in 1950," published in the Sept. 18 issue of Collier's, he predicts that British Columbia twenty-five years hence will have a population of not less than two and one-half million people. This is one of the most interesting of the seven articles recently published in Collier's on the commercial future of Canada.

TROUBLE IS NOT YET OVER.

Very Bitter Feeling Against the Hydro Scheme.

(Special Despatch to the Times.)

St. Ann's, Sept. 16.—There is certain to be some cases for the County Judge over the recent fracas on the Hydro power line. The general feeling among the property owners whose line is being erected is one of hostility. They feel that a right of way should have been purchased clean through and fenced in the same as the Toronto & Niagara Power Company's line. Then, too, there is an idea that the close proximity of so many high power wires is an element of danger. The Hydro Electric will make three lines, in some places close together. The Commission is liable yet to have trouble on its hands in this district, as four residents at least refuse to sell at the Commission's figures, and will resort to arbitration before doing so.

That the power lines are an attraction for the electrical storms there is very little doubt. Great balls of fire are seen to travel over them in almost any of these summer or autumnal thunder showers, and the big towers being planned so near to the farmers' barns will keep them on the point of uncertainty as long as they are living alongside them. With the large number of wire fences now in use all through that portion of the country where heavily charged clouds are liable to break and fall across them, the danger is greatly increased. The fences carry the current, which is discharging to persons or animals who come in contact with it, as was the case only a few months ago in South Clinton township, where a victim was fairly burnt beyond recognition, the 60,000 volts coursing through his body for fully six hours before being turned off.

BATTLESHIP SALES.

Portsmouth, Eng., Sept. 16.—The battleship Inflexible, flying the flag of the Admiral of the Fleet, Sir Edward H. Seymour, left here to-day for New York, to take part in the Hudson-Fulton celebration.

Arrived In Good Condition

(Special Despatch to the Times.) Beamsville, Ont., Sept. 16.—The first cars of the new western co-operative Fruit Company have reached Winnipeg from this district in good condition, and the returns are satisfactory. This means a new western market for Niagara Fruit. The heights of the growers' ambitions are being reached.

THE MAN IN OVERALLS

Subject for Canadian Club—Why are barns so often struck and burned by lightning?

Does the Citizens' Campaign Committee speak for all the citizens or only for those who belong to it? The title is a little misleading, not that I am finding fault with it.

W. T. R. Preston says that missions as at present conducted in Japan are a failure. That statement won't help the collection plate any.

That school book muddle shows that the Education Department knows how not to do it. Let it buy in all the condemned books.

The Y. W. C. A. wants \$15,000. Where's Andrew Carnegie?

Who will fight the battles of the Board while Dr. Roberts is away?

I hope nobody took the Canadian Manufacturers up the Jolley Cut. That would be a dead give away.

The Peary-Cook comedy has driven the Roosevelt lion hunt stultified off the stage.

Now let the manufacturers pass a vote of confidence in the Laurier Government. It deserves it.

I did not think that the Manufacturers' Association would do it in the dark even in tariff affairs.

Some of the fruit farmers must be making fortunes. Others say they are giving the stuff away.

Why not leave all this proposed huge expenditures for public works next year to the Controllers? Isn't that what they are for?

I heard of a sad case of a dog's death the other day. When the dog catchers were around it was put on a chain. Next morning it was found dead, with the chain twisted about its neck. Whether it was a case of accidental death or a case of suicide has not yet been determined.

How many anti-suffragettes are there in the city? We might as well see where we are at.

The public is getting a kind of weary of the North Pole affair.

Should manufacturers advertise is a subject that might be discussed with profit by the Association.

Three cheers for Lord Strathcona—Canada's Grand Old Man.

We shall now have to call it The Winter School of Oratory.

In a city of the size of Hamilton there should be a tonic school of instruction.

If Toronto would only leave the drink alone it could get steady work at good wages.

No, Maude, the Black Knot and the Black Hand are not related.

The Hamilton police can do a good piece of work when they try. I am always willing to give them credit for what they do. You never catch me crying, "Where are the police?"

If I read their remarks aright the Canadian manufacturers are all free traders in fire insurance.

JOHN BERLINGHOFF, Who has been appointed Inspector of the Society for the Prevention of Cruelty to Animals.

SAFETY DEPOSIT BOXES To rent at \$2 a year and upwards, for the storing of deeds, bonds, stocks, wills, silver and other valuables. TRADERS BANK OF CANADA.

SLAP IN THE FACE FOR TORY BIG WIGS.

Conservative Executive Refuses to Accept the Money Bled From the Hotelkeepers.

There is a lively little row in the local Conservative camp over the action of some of the big wigs of the association in collecting money from the hotel keepers without any authority, it is claimed, from the party. Some prominent members of the party declared that the first intimation they had of the way the hotel men were being "guzzled" was when the story appeared in the Times. Frantic efforts have been made since then to straighten the matter out, but apparently not with much success.

A special meeting of the executive was held on Tuesday night, and although the three men who are said to have taken up the subscriptions stand very high in the ranks, one of them at least being a member of the executive, and another a former Tory candidate for Mayor, they were not invited to be present.

The position is such a delicate one that the executive, although it realizes

that the party had made a bad mistake with the hotel men is not certain of the best thing to do. It was decided to have a conference with the three men interested before taking any action.

"It was the most foolish thing I ever heard of," said a prominent Conservative to-day. "The party is not in debt at present, and I know of no reason why a demand should have been made on the hotel keepers. It certainly was not authorized by the party, and the party will not accept the money."

This makes the position of the gentlemen who collected the cash a little more delicate. It looks as if there was only one thing left for them to do, and that is pay the money back to the hotel men.

T. J. Stewart, M. P. for West Hamilton, refused to-day to discuss the matter, but from other sources it is learned that he was one of those who strongly opposed the "hold up" at a time when the money was not a delicate one.

The Times is informed on good authority that the amount collected was \$600.

LORD STRATHCONA, Who will be a guest of the Canadian Manufacturers' Association at its banquet to-night.

TWO PARKS AT BEACH.

Beach Commissioners and Parks Board Will Establish Them.

People to be Asked to Vote Sum of \$55,000.

Contracts Awarded For Supplies at Dundurn Park.

If the Beach Commissioners and the Parks Board stick to their decision the sandstrip will have two fine parks, one at the canal on the bay side and a big recreation grounds near station 8. The Beach Commission will control the park at the piers, which will be for the benefit of the public generally, while the city will own the property near Holiday House and maintain it for the people of Hamilton as a summer pleasure grounds.

The parks commissioners made up their minds to take up the options on the Beach property last night, when they decided to ask the Council to authorize the issue of debentures to the amount of \$55,000. About \$20,000 of this will be required for the Beach property. The balance will be used to pay for the Holland A. White property, which cost \$9,000, other small properties in connection with the mountain drive and boulevard scheme and \$7,500 for the purchase of some small lots needed for the extension of the North End Park.

Commissioner A. A. Lees brought up the question of the purchase of the Beach property again last night. The Mayor agreed with him and the other members of the board that it was about the last opportunity the city would have of getting a suitable park grounds close to the water for the people of Hamilton.

"The people have no place to go when they visit the Beach now," said his worship, "and the feeling is very strong here in favor of a park, especially down in Ward 7."

A refrigerator will be purchased in which to keep the meat for the bears. Some of the members said it was a shame the sort of meat the bears had to eat, because there was no ice at the park to preserve it.

Bain & Adams got the bread contract for the Dundurn Zoo at 2 1/2 cents a loaf. The same firm was awarded the contract for fruit for the Zoo at \$72.75.

The proposal to take down the fence around Gore Park was laid over until the next meeting, when a deputation of merchants will appear.

Green Root Ginger. We have it, quality first class, also preserved ginger, specially prepared ground and whole mixed spices for catsup and pickles, vinegar that we guarantee to be pure, fruit jars, all sizes, every jar guaranteed perfect, extra thick rubber rings, extra tops and extra metal rings. We sell only Red-path's extra standard granulated sugar. —Bain & Adams

Fresh Eggs all the time. Buy your eggs when they are cheap and put them away in Glassine. They will be as fresh as the day when put away. This is the only satisfactory preparation of its kind. 15c tin, 2 for 25c. Parke & Parke, druggists.

DISCUSSED HOME GOODS.

Made-In-Canada Idea Before the Manufacturers.

Objection Taken to the Interchange Credit Bureau.

Other Subjects Discussed at This Morning's Session.

(Report of yesterday's proceedings will be found on page 7.)

At the morning session of the Canadian Manufacturers' Association to-day the first report considered was that of the Commercial Intelligence Committee. The report covered only a few of the varied subjects that have engaged attention during the year. No suggestion, however trifling, was passed over without due consideration. The matters spoken of in the report were only those which the committee thought attention might be called to.

The report, in part, consisted of the following:

"In the committee's report a year ago some fault was found with the Department of Trade and Commerce for giving so much space in its Weekly Bulletin to the publication of enquiries from British and foreign houses anxious to find purchasers or agents for their goods in Canada. Your committee desires to state once more that in their opinion the publication of enquiries of this kind in the weekly report of the Department of Trade and Commerce should be discouraged."

"For the purpose of safeguarding domestic trade, and enabling members to profit by one another's experience in the matter of credits, a plan was worked out by your committee and submitted to the Council in June for the establishment of an interchange credit bureau as a regular department of association work. For the operation of this bureau it was proposed that members should forward every month a list of their overdue and troublesome accounts, with full particulars in each case, also a list of the customers who during the month had paid either in full or in part accounts previously reported as overdue. The information so acquired was to be classified in answer to a query made by the bureau to enable promptly any inquiry it might receive as to the standing of any particular firm, while at the same time it was thought that facts might be placed before interested parties without waiting for them to inquire. It is suggested that reports be prepared only as they are needed, and supplied only to those requesting same. Under this plan every member should derive some benefit, yet the association would not

(Continued on Page 12.)

MORE ROOM FOR FARMERS.

W. O. Sealey Will Suggest a Scheme to the City.

City Refuses to be Saddled With W. A. H. Duff's Cost.

Street Lighting Arbitration to Proceed at Once.

W. O. Sealey, M. P. for Wentworth, intends calling Mayor McLaren's attention to the crowded condition of Central Market, which he believes is largely due to the space occupied by the hucksters. Mr. Sealey thinks that if the hucksters were given the stalls in the north end of the market, at present used for cold storage, the farmers would have more room. "I am sure that as many as seventy-five farmers who now go to the Galt and Guelph markets or ship their stuff to Toronto would attend the Hamilton market if there was room," said Mr. Sealey. "They would spend their money here then, instead of other places. It is pretty hard for some of the farmers to have to come to Hamilton at 3 o'clock the previous afternoon to get a place on the market." Mr. Sealey thinks it would be much better for the consumers' standpoint to have the room occupied by the hucksters taken up by the farmers. Mr. Sealey does not think the city should erect large buildings as storage plants for big corporations.

When the Barton annexation question is dealt with by the Ontario Railway and Municipal Board, the city will make a strong protest against being saddled with Solicitor Duff's cost over the cement sidewalk by-laws, which it is believed the township is adding to the cost of the walks, so the city will have to pay the bill when the district is annexed. The township council this week adjusted Mr. Duff's bill in the matter of the sidewalks and annexation at \$1,700. This, however, does not include the costs in the big suit of Barton vs. Hamilton. It is said Mr. Duff's account for work done in this suit amounts to \$2,000. The city, however, is not worrying over this, as the township must pay it. In the matter of the cement walks, the city officials say that separate by-laws were drawn up for each walk, greatly increasing the legal expenses, while the city, when it is building walks, bunches them in one by-law.

The long-drawn-out street lighting arbitration will probably be settled before the end of the month. The City Solicitor wrote to the experts employed by the city yesterday and he expects to get the County Judge to fix a date at once for hearing the evidence in the appeal. The city will try and show that it was impossible to ascertain from the company's books the cost of the lights.

IN DEMAND.

Mr. Barton Cannot Find Physical Directors Fast Enough.

There is great demand to-day for men to teach physical training in church, college, school and Y. M. C. A. gymnasiums. Hamilton is the home of many athletic champions, the interest and liberality of the citizens in support of healthful recreation, competitive and non-competitive, making this city a desirable centre for a school of physical training.

Since D. M. Barton started his training class for physical directors about forty men have gone out to supervise gymnasiums in all parts of the country. Last season Mr. Barton had over thirty calls for men to take charge of gymnasiums. This season he is planning a large course with a strong staff of teachers. The lectures and work will be given in the evening, thus making it possible for more men to take it.

Young men who have ability along these lines and would like to spend their evenings studying an excellent profession should consult with Mr. Barton, as he has no difficulty in placing graduates. The demand for men exceeds the supply.

ENTERPRISING.

Trudell & Tobey Sent Invitations to the Manufacturers.

As an indication of the enterprise and up-to-date methods shown by Messrs. Trudell & Tobey, clothing merchants, 52 James street north, they have mailed to one thousand members of the Canadian Manufacturers' Association, pretty post-cards, showing their windows and containing a cordial invitation to the recipient to visit the store during the convention being held in this city. This firm has laid in a particularly large stock for the fall trade and those who have already inspected it were pleased with the excellent garments turned out by Messrs. Coppley, News & Randall. The Clothier and Haberdasher's August number contains a copy of the card which is certainly a very creditable illustration of how Trudell & Tobey do things. Their windows have been decorated and filled with made-in-Hamilton goods.

TO MEET HIM.

Civic Reception Committee Will Welcome Strathcona.

Lord Strathcona, Canadian High Commissioner, who will be present at the Canadian Manufacturers' banquet to-night, will arrive here at 5.35 this afternoon on the International Limited. Mayor McLaren, the Civic Reception Committee and chief officials of the Manufacturers' Association will be at the station to welcome him.

George Wild was a judge at the St. Catharines flower show.

It is the merchant who keeps his name before the public who draws business his way. If you are a live MERCHANT or MANUFACTURER get in line and advertise.

CAME FROM THE CLOUDS.

Dramatic Appearance of War Balloon in Germany. Spied Out the Positions of Army and Used Wireless.

Emperor William and Company Mightily Pleased.

Mergentheim, Wurtemberg, Sept. 16.—Surrounded by a brilliant company, including the King of Wurtemberg, the Grand Dukes of Baden and Heese, Archduke Francis Ferdinand, Winston Churchill and the Earl of Lonsdale, Emperor William yesterday witnessed the dramatic appearance of the military dirigible Gross H., which emerged from the clouds overhanging the valley of the Tauber.

The Emperor was intensely interested and watched with his field glasses every turn of the airship.

The Emperor spent six hours on a hilltop after the development of the first decisive engagement between the red and blue armies. He partook with his guests of the hot lunch served from the curious soldiers' travelling kitchen, as the Emperor's automobile kitchen was unable to climb the steep hill.

A crowd of spectators, who had gathered, were entertained by the sight of brilliantly uniformed lieutenants opening meat cans and stirring soup.

Troops are responding splendidly to the demands made on them. There have been few casualties. In spite of the wet weather, the Emperor was so delighted with the performance of the Gross H. that he sent a message to Count Zeppelin to come to the maneuvers from Frankfurt with the Zeppelin III.

MARRIAGES IN DUNDAS.

Two Happy Events Took Place There Yesterday.

Dundas, Sept. 16.—Among visitors in town during the week, not before mentioned in the Times, were: Bruce Reid, Toronto; the Misses Maitland, (Ginny); Timothy Garry, Detroit; George Mitson, Simcoe; Miss Jessie Baynes, Toronto; John McKay, Elk City; George Higginson, Goderich; Edward Wall, Wilmot; Mrs. Geo. Duckworth, Goderich; Miss Jessie Clifford, Toronto; Mrs. Cecil Cameron, Brantford; George Brannigan, Watertown, N. Y.; Miss Bartholomew, Vanessa; Miss Tassie Bar, Trafalgar; Mrs. Robert Menzies, Campbellton; Mrs. Wm. Blair, Aberfoyle; Davis, Tweed; Rev. Wm. Harvey, Eglington; Mrs. Schader, Buffalo; Garret Mitchell, New York; Miss Rose Wakefield, Toronto; Miss Vera Stamp, Port Dover; W. D. Vischeau, New York; Mrs. Clara Hymard, from California.

One of the season's interesting weddings took place yesterday afternoon at 2 o'clock, when Rev. Wm. Harvey, of the Methodist Church here, united in marriage Miss Sarah Serema Shackleton, elder daughter of Mr. and Mrs. George Shackleton, and Mr. John Frezell, of North Bay. The bride wore a neat and becoming costume of grey striped voile with touches of blue, and a yoke of Irish lace, and carried a shower bouquet of white roses. The bridesmaid, Miss Jeannette McMillan, wore a gown of natural color poplin silk, and carried pink roses. Mr. Thomas Shackleton, brother of the bride, acted as groomsmen. The groom's present to the bride was a white tuxedo suit, and the bridesmaid a pearl necklace and to his best man a pearl stick pin. After the ceremony, which was witnessed by about thirty guests from Ingersoll, Orillia, North Bay, Hamilton and Dundas, the wedding dinner was served. Later the happy couple left on a honeymoon trip to Detroit, after which they will return to Dundas before going to their home at North Bay. The bride travelled in a pretty navy blue broadcloth tailed suit, with hat to match. Among the many beautiful presents received was a brass spirit lamp and kettle from the groom's gift shop, and a silver service from Hamilton.

The High School opened with a registered attendance of 105, the largest in the history of the school. The average attendance last year for the month of September was 86.

A pretty long wedding took place last evening at 8 o'clock at the home of Mr. and Mrs. Charles Watson, King street, when their eldest daughter, Miss Sara J., was united in marriage with Mr. Herbert Pink, recently of Montreal, Rev. W. H. Harvey officiating. The bride looked charming in her pretty gown of cream duchesse satin with lace applique, and long bridal veil and carried a large bouquet of bridal roses. The bride was attended by her sister, Miss Ruby Watson, who wore a dainty dress of pale blue mull, prettily trimmed with Valenciennes lace and insertion, and carried a bouquet of pink carnations. Mr. Harry Mitson was best man. Among the many gifts of silverware, china, fancy wares, etc., was a handsome mantel clock from Grafton & Co., and the young ladies of the department over

case containing a half-dozen silver knives, forks and spoons from the McPherson's fellow-employees of the McPherson shoe factory in Hamilton. Mr. and Mrs. Pink will reside on Hatt street in the house recently remodelled by Mrs. Bradley and leased from her. Their many friends in town extend best wishes to Mr. and Mrs. Pink.

The attendance at the public school has reached high water mark. The roll shows an attendance of 492, of which 80 are in the kindergarten room. Of the total number 325 are of the age of ten years and under.

Among people who have returned from their summer resorts, or from visits during the past two or three days were: Mrs. T. K. Anderson, Miss Jean Builder and Ethel Woodlans, from Toronto; Mrs. W. H. C. Fisher and family, from Muskoka; Mrs. J. M. Knowles, from Toronto.

John Brewer left Saturday for London, England, on the Cicilian, of the Allan Line.

Willie Brumley, who has been employed at Mr. James Newitt's farm, left last week on a trip to New Zealand.

Miss Bigelow, who for the past six months has been visiting at Tampa, Fla., has returned to town to reside with her grandparents, Mr. and Mrs. Charles M. Jarvis.

Mrs. (Rev.) J. T. Smith was removed to the City Hospital this week, where she underwent a serious operation yesterday. She passed through the operation all right, but there are grave hopes of her recovery.

Mrs. George R. Davidson had the misfortune to fall and break her arm at the wrist. This is the second time she has had the same one broken.

Charles M. Jarvis left to-day for a trip to the western provinces, with Edmuntson as his objective point, where his daughter, Mrs. Fitzgibbon, resides.

Mr. and Mrs. Robert Wilson leave next Saturday for their former home at Glasgow, Scotland.

The engagement of Miss Lillian M. Ellis, youngest daughter of the late J. M. Ellis, Toronto, to Dr. W. T. Wilson, medical superintendent of the Hospital for the Insane, Cambridge, brother of G. C. Wilson, M. L. A., is announced.

At the Division Court at Waterdown on Monday, before Judge Monk, Fred Barrett, of Dundas, sued Slater & Copp, of Waterdown, for a balance of account, regarding the construction of the Methodist Church at Copetown. Barrett was a sub-contractor under Slater & Copp, and he was ordered to pay on seven extra courses of brick, which they refused to pay for, amounting to \$49.20. Barrett sued for this amount, and was allowed \$42 and also an undisputed account, bringing the total amount up to \$80, for which he was given judgment. W. E. S. Knowles appeared for Barrett.

CAME FROM THE CLOUDS.

Dramatic Appearance of War Balloon in Germany. Spied Out the Positions of Army and Used Wireless.

Emperor William and Company Mightily Pleased.

Mergentheim, Wurtemberg, Sept. 16.—Surrounded by a brilliant company, including the King of Wurtemberg, the Grand Dukes of Baden and Heese, Archduke Francis Ferdinand, Winston Churchill and the Earl of Lonsdale, Emperor William yesterday witnessed the dramatic appearance of the military dirigible Gross H., which emerged from the clouds overhanging the valley of the Tauber.

The Emperor was intensely interested and watched with his field glasses every turn of the airship.

The Emperor spent six hours on a hilltop after the development of the first decisive engagement between the red and blue armies. He partook with his guests of the hot lunch served from the curious soldiers' travelling kitchen, as the Emperor's automobile kitchen was unable to climb the steep hill.

A crowd of spectators, who had gathered, were entertained by the sight of brilliantly uniformed lieutenants opening meat cans and stirring soup.

Troops are responding splendidly to the demands made on them. There have been few casualties. In spite of the wet weather, the Emperor was so delighted with the performance of the Gross H. that he sent a message to Count Zeppelin to come to the maneuvers from Frankfurt with the Zeppelin III.

MARRIAGES IN DUNDAS.

Two Happy Events Took Place There Yesterday.

Dundas, Sept. 16.—Among visitors in town during the week, not before mentioned in the Times, were: Bruce Reid, Toronto; the Misses Maitland, (Ginny); Timothy Garry, Detroit; George Mitson, Simcoe; Miss Jessie Baynes, Toronto; John McKay, Elk City; George Higginson, Goderich; Edward Wall, Wilmot; Mrs. Geo. Duckworth, Goderich; Miss Jessie Clifford, Toronto; Mrs. Cecil Cameron, Brantford; George Brannigan, Watertown, N. Y.; Miss Bartholomew, Vanessa; Miss Tassie Bar, Trafalgar; Mrs. Robert Menzies, Campbellton; Mrs. Wm. Blair, Aberfoyle; Davis, Tweed; Rev. Wm. Harvey, Eglington; Mrs. Schader, Buffalo; Garret Mitchell, New York; Miss Rose Wakefield, Toronto; Miss Vera Stamp, Port Dover; W. D. Vischeau, New York; Mrs. Clara Hymard, from California.

One of the season's interesting weddings took place yesterday afternoon at 2 o'clock, when Rev. Wm. Harvey, of the Methodist Church here, united in marriage Miss Sarah Serema Shackleton, elder daughter of Mr. and Mrs. George Shackleton, and Mr. John Frezell, of North Bay. The bride wore a neat and becoming costume of grey striped voile with touches of blue, and a yoke of Irish lace, and carried a shower bouquet of white roses. The bridesmaid, Miss Jeannette McMillan, wore a gown of natural color poplin silk, and carried pink roses. Mr. Thomas Shackleton, brother of the bride, acted as groomsmen. The groom's present to the bride was a white tuxedo suit, and the bridesmaid a pearl necklace and to his best man a pearl stick pin. After the ceremony, which was witnessed by about thirty guests from Ingersoll, Orillia, North Bay, Hamilton and Dundas, the wedding dinner was served. Later the happy couple left on a honeymoon trip to Detroit, after which they will return to Dundas before going to their home at North Bay. The bride travelled in a pretty navy blue broadcloth tailed suit, with hat to match. Among the many beautiful presents received was a brass spirit lamp and kettle from the groom's gift shop, and a silver service from Hamilton.

The High School opened with a registered attendance of 105, the largest in the history of the school. The average attendance last year for the month of September was 86.

WOMEN DIE IN A FIGHT.

Duel to the Death in a Fashionable Chicago Apartment-House.

Knife and Pistol Were Used in the Struggle.

Rooms Were Wrecked by Terrific Struggle of the Pair.

Chicago, Ill., Sept. 16.—Mrs. Julia Tripp was killed and her sister-in-law, Mrs. Jacob Silvers, of New York, fatally wounded in a pistol and knife duel between the two women in Mrs. Tripp's apartments at 56th street and Prairie avenue, a fashionable residence district of this city.

It is said Mrs. Silvers' husband left her about three months ago because of her peculiar actions. Mrs. Tripp was the wife of a superintendent of a manufacturing firm of this city.

There were ten bullet wounds and one cut on the body of Mrs. Tripp, and Mrs. Silvers was shot in the chest and slashed with a knife. Only one revolver was found in the apartments, but eight empty shells and two cartridges were found, indicating that the revolver was emptied and reloaded during the struggle.

The furnishings of the apartment were in disorder, and in every room there were evidences of a desperate struggle.

Mrs. Tripp was fully dressed, but Mrs. Silvers was in her underclothing. Mrs. Silvers had been staying at the Tripp home for about a month, and the two women are said to have had frequent quarrels, principally over the division of household duties.

The simultaneous appearance of the women at different entrances to the apartment, each screaming for help, and the fact that knife wounds were suffered by both, led the police to advance the theory that there may have been a third person in the tragedy. The theory that one woman attempted to commit suicide and that the other tried to prevent it has also been advanced.

Soon after 3 o'clock in the afternoon Mrs. Tripp appeared in the hallway in the front of her apartment screaming for help. "I am being murdered in here," she shouted to a neighbor, who had opened

her door on hearing the screams. Mrs. Tripp immediately closed the door. At about 3:30 the same time a woman in a blood-streaked night gown was seen at the rear entrance of the apartment by the janitor. "Come quick and save me," she cried, "I am being killed."

THE HAMILTON TIMES

THURSDAY, SEPT. 16, 1909.

IMPORTANT ISSUES.

The Manufacturers' Association yesterday dealt with several questions of importance to itself and to the general public of Canada. Prominent among these, and one of the most important that are likely to come before the Association, was the proposal to establish a permanent tariff commission. This proposal has for some time occupied the attention of the Association. It will be remembered that in September of last year, President Hobson, in his inaugural address discussed the matter, and while disclaiming a desire to force upon the country an arbitrary policy or to lessen Governmental responsibility, advocated such a commission for investigation of any tariff questions which might be referred to it. Viewed in the light of his statements then it is to be presumed that the Association in recommending the establishment of such a commission has in view the creation of nothing more than an inquiring and advisory body. We say "presumed," because the Association has not taken the public into its confidence in the matter. When it came up yesterday, the members voted to exclude the press and to consider the matter in private, and at the close of a two-hour's discussion the announcement was made that "the Association approved of the proposal to establish a permanent tariff commission." While this is all the official information supplied, it was learned from individual members that, far from being unanimous, much difference of opinion was disclosed, and the decision was reached by a very narrow majority. Some favored a tariff commission in the belief that it might be used to further the objects of the Association, while others strongly opposed it, holding that it was just as likely to result to the Association's disadvantage.

Without further information, it is impossible to deal intelligently with the proposal. Mr. G. M. Murray, the secretary of the Association, recently contributed to "Industrial Canada" an article in advocacy of a tariff commission that would "take the tariff out of politics," "scientifically fix duties upon definite information regarding the cost of production at home and abroad," and stop log-rolling. That is a large contract, and we may be permitted to doubt the efficiency of Mr. Murray's proposal to effect any such purpose. Mr. Murray contends for Government responsibility, and while Government responsibility exists, Government authority must remain commensurate. The device proposed by Mr. Murray, and of which he made much, was that the commission should report, not to the Government, but to Parliament itself. He recognizes the difficulty which might be created by a commission reporting counter to a government's policy; but he seems to think that this could be evaded by the expedient of reporting to Parliament instead of to the Executive Committee of Parliament. He apparently does not stop to consider that no government could retain power in the face of the adoption of a tariff policy contrary to its own. He fails to realize that what is asked is that this Tariff Committee should be made superior in authority to the government of the day, but that the government of the day should be held to responsibility.

Perhaps it is unnecessary to dwell upon the dangers to which dependence upon a tariff committee clothed with such powers as this one proposed would subject the industries of the country. A little careful thought will not fail to suggest them to the student of social and political economy. If information is all that Parliament or the Government requires to enable it to deal with the matter, and any further facilities for obtaining information are required, the resources of Parliament and the Government are equal to obtaining them without establishing a committee without any responsibility yet with powers superior to its own. Even the suggestion for which comes from one section of the country's industries as the result of a conference from which the press was rigorously excluded. In its course in this matter we cannot but think that the Association has been ill advised.

Another important matter discussed by the Association yesterday was the Provision of the Insurance Bill calculated to operate against unlicensed fire insurance companies, which were required to pay a tax of 15 per cent. upon premiums. This provision discriminates to that extent in favor of companies registered in Canada, a sort of "Made-in-Canada" policy with regard to fire insurance. But this does not meet with the Association's approval, and it is to be remarked that even the members most strongly advocating a wall of tariff exclusion against foreign goods strongly objected to such a provision as calculated to exclude competition in insurance. It was pointed out that the Government might as well tax loans as tax such insurance. Taxing loans, taxing insurance, and taxing goods are not much dissimilar in effect. Such measures make loans, insurance and goods dearer; and when the thing it buys (insurance) is likely to be affected, the Association is not slow to see it.

The unscientific character of the Ontario Assessment Act figured in the discussions. Mr. Robbins, of Walkerville, pointed out the folly of making the buildings the basis of assessment. This measure is a penalty upon the erection of fine structures and a discrimination in favor of the man who maintains tum-

blown shacks. While no substitute system was offered, it is satisfactory to find the Association expressing its dissatisfaction with present conditions.

The Association made very clear that it does not favor the abolition of the election deposit required of parliamentary candidates. On that position the Times congratulates it. Indeed, the Association is of the opinion that the amount of the deposit should be increased from \$200 to \$500. While we are not prepared to favor such a large increase in the amount, we are of opinion that the public interest is to be served by making the deposit larger than at present, instead of smaller.

Discussions upon transportation express rates, the new Bill of Lading, class legislation, defence, etc., developed many points of interest, but space forbids further comment at present.

AN "OWNERSHIP" EXPOSURE.

When the Municipal Association members a year or so ago returned from the meeting held at Fort William and expressed their astonishment and disgust at the wretched municipal service there of which they had heard so much boasting, some of the ownership organs sought to take comfort from the reflection that it was, at least, owned by the people, and any surplus earnings obtained by its operation would come to them. But it appears that not only has the service been wretched, but there are no surplus earnings; there is, instead, a large deficit. Those who do not use telephones are being taxed to pay for the services of those who do use them. The Fort William Herald, in reporting a recent council meeting, gives a statement from the City Auditor of the financial result of the operation of the municipal telephone system for the first half of the current year, as follows:

Net loss 3 months ending June 30th ... \$1,518.54  
Net loss 3 months ending Mar. 31st ... 1,914.7  
Net loss on telephone operation 6 months ... \$3,432.71  
This amount—nearly \$7,000 a year—taken from the pockets of the taxpayers by the "ownerships" in the attempt to make it appear that the service, wretched as it has been, has a show of cheapness. Add to this, depreciation and the other expenses which must certainly be reckoned upon and the actual deficit will probably reach \$14,000. The Fort William Times-Journal is equally strong in its statements as to the telephone situation. It remarks:

The continued deficit in telephone operations is something that business men cannot understand. It has been known for a long time that the rate-charged cannot support the system; or at least they have not supported it. If any of the present council expect to save themselves from the fact that has just overtaken the Board of Commissioners, they will at once take drastic measures to stop that eating away of the profits in the telephone system. The very thing that the Bell Telephone Company representative said would happen has happened—the non-users of the telephone are being taxed to pay for some one else's service. This is a condition that should certainly not exist, and it is now up to the City Council to show that the operation has not been along practical lines. If it is operated to get votes for next year, it will be in the same condition it is now; if it is operated to benefit the user and from the standpoint of a practical utility it will soon be seen.

Fort William has been the exhibition piece of Ontario municipal ownership advocates. The disastrous results of street railway ownership are already familiar to the public. It appears to have done no better in telephone matters. The progress of the twin towns has been great and their future is beyond question. It is assured by the natural situation of the towns and by the vast expenditure of privately owned railways and other enterprises. It is not unreasonable to look for the people of these towns waking up to the fact that municipal ownership has had as little to do with their prosperity as the loading of the pack mule with luggage does to increase the speed of his travel.

EDITORIAL NOTES.

Another highly paid official added to the Hydro-Electric machine—to be paid for by the municipalities.

A surprise meeting between Judge Snider and Dr. Roberts, weapons unabridged dictionaries, distance ten paces, might prove very entertaining.

Mr. Duff has got his money from Barton for his services as solicitor, less a substantial abatement, the Council has had its law experience, and all is happy. The ratepayer, he pays.

Whether you use "air guns" or spring guns, or rifles, boys, spare the wild birds. They give you much more pleasure alive than dead; and they are the friends of mankind.

Harriman's will, which is expected to dispose of \$90,000,000 and \$200,000,000 of outside interests, is being kept secret. It is generally believed that for a time, at least, the fortune has been left in trust.

The Provincial mine on the Gillies line it has been sold for \$113,111. The total proceeds of the sale thus far are \$225,654. The outlay for prospecting, etc., has been well on to \$100,000. This property would seem to have been ac-

quired, or it has been of trivial value compared with the claims made by the Government. Perhaps, however, while there has been little in it for Ontario, there may be more for "the boys."

Those papers which profess to have confidence in both Cook and Peary would probably be quite ready to answer the question: "What would happen if an irresistible force met an immovable body?"

Those confiding people who think that these great mergers are formed to give them cheaper goods have another "think" coming. The stimulus for it will be furnished when the merger plans are completed.

Now it is said that the man who backed Cook is the proprietor of a fashionable gambling resort at Palm Beach, Florida. Was it his occupation that stimulated in him the great scientific interest in discovering the North Pole?

Already Germany is taking measures to meet the new New York tariff on potash salts. The new German measure will place an export duty on this article and the result will be that the sharp practice attempted in the Aldrich tariff will fail of its purpose and the Yankee combine will be unable to profit thereby.

Some people are wasting a lot of sympathy on the poor wretches who live on the planet Mars, and are forced to breathe an atmosphere almost destitute of moisture. We have need for all the sympathy available for subjects nearer home. Imagine the case of poor Jim Livingston, compelled to subsist in droughty Grimshy, where even a breaker of "old stone fence" would be a godsend!

Hydro-Electric devotees aver that Murray, of Toronto, has no case whatever against the Whitney Government, hence the Attorney-General will undoubtedly refuse him a fiat to ask the court to pass upon it. How very simple. The man to be sued may usually be depended upon to object, and, if possible, to prevent the suit being brought. If Murray has a poor case, the argument is the stronger for trusting to the fairness and shrewdness of the court.

The local Hydro organ speaks in ridicule of the application of Murray, of Toronto, for a fiat to permit him the right to sue the Commission, as "an action at law." It is hardly that. The Russian legislation of Whitney takes away the civil rights of the citizens and denies them the right of appeal to the courts without getting the Whitney Government's permission to do so. Murray's move is to get the "privilege" of having his case heard in the courts of justice.

The Manufacturers' Association is warm in its praise of the work of the Dominion Railway Commission. And properly so. The Board has a very important duty to perform to the public, and it does it without delay and in a very business-like manner, while treating the railways with justice and consideration. The Railway Commission legislation will always stand as a work highly creditable to the Laurier Government and in the first degree beneficial to the public.

The Parks Board proposes to submit a by-law to raise \$55,000 for the purchase of park lands, no less than \$20,000 of which it proposes to spend on a Beach park. The Times thinks that such an apportionment of the money will have a great tendency to bring about the defeat of the by-law. Why should the Hamilton ratepayer be asked to spend \$20,000 (and that is only a beginning on the scheme) for a park property miles out of the city and under the control of other government, while the needs of the people at home in park matters are so very far from being satisfied?

Rev. Dr. Chown volunteers an opinion on the question of the issue of charters by the Secretary of States' Department contrary to that recently given to the Minister by the Department of Justice and the legal officers of the Government. The reverend gentleman having thus burst upon the public as an eminent legal light, decided this matter off-hand and made a bitter attack upon the Secretary of State in the columns of the Mail and Empire, it is to be presumed that he thinks that the cause of Temperance and Moral Reform, of which Association he is the Secretary, has been vastly benefited. Alas, the Revs. Chowns frequently do great harm to good causes by permitting their zeal to outrun their knowledge and discretion!

The Globe refers to the compliments paid by visitors to the work of sea-wall construction there and kindles with enthusiasm over the great improvement which might be wrought by turning the few yards now built into three miles along the water front. Hamilton has an excellent illustration of the great benefit to be derived by a permanent and sanitary deep water frontage. The retirement wall along our bay front is one of the finest pieces of engineering construction on this continent. By a considerable area of made land will accrue to the city, and a most uninviting locality will be made a place of use and beauty. In years to come, the people of Hamilton, and especially those of the North End, will feel grateful to those who devoted so much time and effort to bringing about this great improvement.

One of the things you can't get for nothing is experience. The football play now begins to feel that he has a kick coming.

You Must Have the Goods

In spite of scarcity in many lines we have the goods you want and at prices that will save you money, to say nothing of your satisfaction in the quality of the goods. You must have them. They are here for you in quantities, qualities and prices to please.

Dairy Butter Special

Just 500 lbs., no more, choice, fresh Dairy Butter, to arrive Friday morning. Some of the best Butter we have ever had come from the same section, and this is promised to be equal to anything, and it goes while it lasts at just 26c per pound. Choice Fresh Creamery Butter, per lb., 28c. Fresh gathered Eggs, per dozen, 27c. June Cheese, lb., 10c. Best Pure Lard, per lb., 17c.

Sugar

Even at our present price Sugar is a bargain, because of the quality in it. Absolute purity, perfect granulation, and clarity of color. 100-lb. bags \$4.95. 20-lb. bags \$1.05. 19 lbs. for \$1.00. 9 1/2 lbs. 50c. 20 lbs. Bright Yellow Sugar \$1.00. 10 lbs. 50c. 5 lbs. 25c. Cut Loaf Sugar or Ice Sugar 3 1/2 lbs. for 25c.

Fruit Jars

They are going out fast and there promises to be the usual scarcity. See that your wants are supplied. Crown Plats, per dozen 75c. Crown Quarts, per dozen 85c. Half Gallons, per dozen, \$1.00. Best White Jar Rubbers, per dozen, 8c; Best Gray Jar Rubbers, per dozen 5c.

Brooms Special

They have been very dear, and it is said that they will be still dearer. We have a lot of ten dozen, supposed to be 35c Brooms, but they do not suit us at that price, and they go while they last at 25c each. They are a good four-string Broom, and the price quoted is just a little below wholesale price.

CARROLL'S Five Stores (115 John Street South, Cor. Emerald and Wilson, Cor. James and Macaulay, Cor. Queen and Hunter, Cor. York and Caroline.)

Our Exchanges

A LADY PRESIDENT. (London Free Press). New York suffragettes predict a woman President for the United States within 20 years. England found a woman head of the Empire a good proposition.

PLENTY OF MATERIAL. (Louisville Courier-Journal). "Seen the fall styles as yet?" "Not in detail," answered the big importer, "but I understand the press-hunters won't have any cause for complaint."

MRS. PEARY. (Toronto Star). Wives who complain because their husbands occasionally come home an hour or two later than usual, should ponder the question: "How would you like to be Mrs. Peary?"

SHOTGUN ARGUMENT. (Toronto Star). Farmers are fighting the Hydro-Electric line men with shotguns and injunctions. The latter method is perhaps more modern, but at the same time the yawning muzzle of an able-bodied shot gun is extremely convincing.

DOESN'T LIKE OUR COUNCIL. (Burlington Gazette). We cannot understand the Hamilton Council. They profess to be business men, but we fail to see it. The sooner the ratepayers of Hamilton elect a Council that will get down to business, instead of fighting the Cataract Power Company, which has done more to make Hamilton a great city than anything else, the better it will be for all concerned.

THE STARS AND STRIPES. (Toronto Telegram). The Stars and Stripes is a beautiful flag. It is the emblem of freedom and the ensign of a great and kindred nation. Canadians gaze upon it with cordial respect and good-will when they visit the United States. The flunkies who run up the Stars and Stripes in Canada need not imagine that they are wise. The fools who tear down the Stars and Stripes in Canada need not fancy that they are brave.

WHO SIR THOMAS IS. (Grimsbay Independent). A man in Hamilton said to me the other day, "Who the deuce is Sir Thomas Taylor?" "Sir Thomas Taylor," I replied. "Don't you know who Sir Thomas Taylor is?"

The Carling Company beg to announce that their FALL MILLINERY DISPLAY is now complete and will be on exhibition on and after Thursday, Sept. 16th, and Following Days. IMPORTED HATS, BONNETS AND NOVELTIES. 195 KING STREET EAST

Friday Sept. 17, '09 SHEA'S MAY MANTON Patterns All 10c Millinery Opening To-Day, To-morrow and Saturday

If you haven't had time to get down town to-day come to-morrow or Saturday, for we assure you it's worth your while to see the Shea Hats this season. We have never seen such enthusiasm in a millinery showroom as was shown by one and all from early morning till the time of this writing. After being thoroughly impressed with the beautifully becoming styles and shadings, their greatest surprise was the most reasonable prices compared with what was seen elsewhere. We'll expect you to-morrow. You'll find nothing old fashioned, excepting the welcome. To get down to the business part of it, the prices are \$3.95, \$5.00, \$5.95, \$6.50, \$7.50, \$8.50 up to \$15.00.

Silk Petticoats WONDERFUL VALUES

The most elegant values in Silk Underskirts you have ever seen. Never has any Hamilton store attempted to equal them in regular goods. Blacks, of course, and all the new shades, and any shade we haven't got we'll get for you. Short navies greens and cardinals, plain taupe, wistaria, cat-awba, browns, etc. The prices are \$3.98, \$4.98 and \$7.48

Women's New Fall Suits WE'RE PROUD OF THEM

And so will you be when you buy them. Absolutely the best fitting garments that can be produced. All the good new shades and materials; elegant long silk-lined coats and beautifully finished skirts. \$12.50, \$15, \$17.50, \$19, \$23 and \$25

New Waists and Blouses A SPECIAL

Be sure and see our special Net and Lace Waists that are full \$5 value and come in white and ecru, all the new sleeves and front trimming and only \$3.75. Black Silk Waists, made of splendid quality of taffeta that will stand hard-usage; very special at each \$3.75

Our Corset Sale is Still Going On Half Price and Less Than Half Price

Fall Styles in Shoes

Note the fine points: The style, the character of the Shoe. Look for the maker's name on the shoe, and if you see such names as Hurley, Steenson, Kneeland, Barry, Hagar or Sorosis on a shoe it is a guarantee that the shoes are exactly what they should be—honest all through. These names stand at the very top of shoemaking in Canada and the States.

We Accomplished What We Mapped Out to Do

Over a month ago we started a clean up sale in order to get into shape for a large fall business. We cleaned up all right, and our hundreds of customers got genuine bargains—and now we are in shape for a big business in NEW, STYLISH AND GOOD SHOES.

STYLES—We have made it a point this season that our Shoes will be the embodiment of STYLE and COMFORT. The styles are neutral, the comfort is extreme. As usual in this store, our prices will be marked in plain figures at a fair living profit. We do not figure on how cheap we can sell shoes, but on HOW GOOD A SHOE we can sell for the money asked.

ALL DOCTORS who have worn our "Cornodger" Shoe will tell you that foot troubles vanish before its influence. They will also tell you that many ills are due to foot troubles. See the Cornodger Shoe for women and men.

\$4.00 SHOES—Men who wish a strong, well made, stylish Shoe should see our \$4.00 lines in Patent and Calf. Every pair are GOODYEAR WELT and HONEST ALL THROUGH.

J. D. CLIMIE

30 and 32 King West

COURT HAMILTON. The regular meeting of the above court was held on the evening of Tuesday, when the report of the delegates to the I. O. F. High Court was received. A deputation from the District Committee attended, and presented the cup won in a baseball competition at the I. O. F. picnic, held at Oakville, on the 18th of August. Bro. Geo. Rousseaux, chairman, made the presentation, and a few pleasing remarks, short addresses were also made by Bros. Salisbury and War, of Court Orient, and Bro. Mittenhall, of Court King Solomon. The following were elected delegates to the District Committee: Bros. Miller, Peebles, Coffee, Dougherty, Donaghy, Thompson and McPhail. "Thanks," replied the man. "I am much obliged for the information, and now that I have found out, I will sleep better to-night. Good-day." "Good-day," I replied, and passed on.

Why, Sir Thomas Taylor is Sir Thomas Taylor; who else would he be? "Well, sir," he replied, "I have lived in Hamilton over thirty years and I never heard of Sir Thomas Taylor before." "Well, sir," I replied, "Sir Thomas Taylor is the man who discovered that a prize drawing is not a prize drawing, but a lottery, and the man who is guilty of aiding and abetting, or in any way whatever giving countenance to a lottery in the form of a prize drawing or bazaar is guilty of aiding and abetting and giving countenance to a lottery in the form of a prize drawing—for further particulars apply to the Lottery Committee of the Labor Day Demonstration, Hamilton, Ont." "Sir Thomas Taylor," I replied. "I am much obliged for the information, and now that I have found out, I will sleep better to-night. Good-day." "Good-day," I replied, and passed on.

### R. M'KAY & CO'S BRILLIANT FALL OPENING TO-DAY

#### Hamilton's Great Fashion Centre Makes Its Bow to the Fall and Winter Seasons.

Hamilton's progressive store, as it is termed, made its bow to the fall and winter season with a profuse display of the new fall goods direct from the markets of the whole world, and to-day thousands of women and many men crowded the wide aisles of the big store, eager to get a glimpse of what is what in women's headgear and outer garments for the fall and winter. The labors of the two European buyers and fourteen home buyers for the last few months have been well done has never been better manifested, nor shown to better advantage than to-day. One will find gathered together in the McKay store one of the finest and largest assortments of everything that is wanted and new, brought together from every quarter of the globe, ever displayed in Hamilton. The store presents a beautiful scene, being elaborately decorated in autumn tints, forming one of the brightest store decorations ever attempted in Canada.

**BEAUTIFUL MILLINERY.**  
With such a bewildering array of beautiful imported hats as well as American designed model hats and bonnets it will not be difficult for any lady to select her hat this season. There is a great variety in shapes. The most noticeable among the Parisian models are the wide-rimmed with high crown effect, also the Tricorn, a three-cornered shape, and the large turban. Brims are straighter from the crown and turned up, either at the back or side. The use of velvet has seldom been so general as noted this season, also beaver, chamois, moire and plush. Ribbon is again used in large quantities and many handsome hats have ribbon for the sole decoration. Wings continue very long and every color of the rainbow is shown, with many beautiful, fluffy mounts for the plain street hats. For dressy hats there are quantities of willow plumes, paradise osprey and honn aigrette.

**FABRICS.**  
This store has become famous in Hamilton for its dress goods. They carry a very large stock of reliable dress fabrics. Exclusive styles, goods, moderately priced, will place these sections of the store in a class by themselves. The ladies like to shop in this store, where choosing a suit or dress length is easy. R. McKay & Co. can show ten different lines of suitings in a full range of colors at 75 cents a yard—a popular price. Then they are showing a grand range of shadon waisted, rough mannish suitings, chevrons, serges, broadcloths, Venetians, Amazons, in plain and fancy weaves of every description; also suitings, crepe de chenes, voiles, cord de chenes, and a beautiful range of exclusive French dress lengths imported by this firm direct from Paris.

**IN THE SILK SECTION.**  
The silk department, with all past records of showing advance ideas, has surpassed any former attempt, introducing not only the finest silks and silk materials, but advance effects in novelty weaves and color tone, imported direct from French manufacturers, in a most distinguished variety—silks that are bound to rouse the most intense enthusiasm, comprising the neat and smart effects for street wear to the most beautiful hand painted and embroidered crepe de routes for evening and the ball room. In connection herewith is the French department of exclusive robes—an unusual exhibit of strictly Paris ideas for evening and afternoon functions. These robes are mostly semi-made and surpass anything heretofore imported. In each and every one of these dresses is visible the exclusive worth of artists, hand embroidery in effective designs, satin chamouraux and crepe de soie having their distinction.

**WAIST DEPARTMENT.**  
One of the chief features is the blouse department on the third floor, filled with a beautiful assortment of French silk, crepe de chenes, lace, voiles and embroidered linen blouses which are now in great demand.  
The baby department is far ahead of anything before shown. It comprises French hats, bonnets, fur coats, robes and dresses in exclusive styles.  
**NECKWEAR, BELTS AND VEILING.**  
Dainty white embroidered stock collars are to be greatly worn, also the stiff linen turnover and Dutch collar, worn with a large flat silk or tulle bow, pretty fabrics of Irish crochet and fine linen, edged with lace; lace collar and cuff sets for coats are in great demand. A fine display of fancy vestings also elastic belts studded with jet and steel; new veilings for fall in the latest

meshes and double fold chiffon anti-veiling in all the wanted shades.  
**LACES AND TRIMMINGS.**  
In the trimming department are all the leading shades in silk nets, straight band trimmings, and fancy edgings; also new nets in all gold and silver and gunmetal and combination of old gold and old silver. The colored bandings combined with metal effects are very new. Jet and sequin are being shown in all-overs, trimmings and drop ornaments.

**HOSIERY AND UNDERWEAR.**  
In ladies' hosiery one will find a complete range in cashmeres for the coming seasons. The fancy cashmeres and silk goods are particularly fascinating, as every stylish shade and design is shown. In ladies' underwear the showing is excellent in two-piece union suits. This is the first year the combination suits have had such a showing. They are found in all qualities from the low priced to pure silk goods.  
**GLOVE DEPARTMENT.**  
Immediately on entering the door this department commands attention. The beautiful display of French and New York leather goods is seen in all the latest novelties; also shopping bags in alligator, genuine goat seal and velvet crocodile. There is a splendid display of French kid gloves in this season's latest shades. This store has become famous as a ladies' kid glove store, where will be found an assortment second to none in Canada. Representatives of such noted makers as Towne's, Perrin's and Trehouse, known the world over for perfect fitting gloves and reliable wearing qualities. At all times one will hear the exclamation, "McKay's for glove values."

**EMBROIDERIES.**  
R. McKay & Co. have the choicest of embroideries and insertions. They have some beautiful fine Swiss flourishes, suitable for infants' and ladies' robes, etc.; also very fine edging and insertions, and a fine selection of corset cover and all-over embroidery.  
In the linen department there is a magnificent display of Irish and Japanese hand work, and beautiful table damasks from the best looms of Scotland and Ireland.

**MEN'S FURNISHINGS.**  
Just inside the door to the right a large display of men's mufflers, the latest New York styles, is shown. Passing on can be seen the finest assortment of men's neckwear. Just a step further is a beautifully decorated case of men's kid gloves, suede and fur lined. Another attractive showing is the men's shirts and underwear in 44 different lines.

**THE HOUSE BEAUTIFUL.**  
In this department are to be seen the many beautiful fabrics suitable for the decoration and adornment of the home. A remarkable display of dainty silk and velour fabrics for hangings for arches and doors is in evidence; also many beautiful lightweight silk draperies for overhangings for windows. The display of English and French cretonnes, black prints and chintz is a revelation of the wonderful results achieved in this line of art. The range of beautiful lace curtains, art nouveau and lattice Swiss nets, and of the very popular mission and plain fish net, also of English casement materials is most pleasing. On view also is an elegant showing of beautiful black print and stenciled muslins and silkolines, art Madras in the finest designs and colorings. Without doubt this department is one of the most complete in its line in Canada.  
**A GREAT CARPET STORE.**  
In the carpet department they are showing a magnificent stock. In Axminster they have an elegant range of patterns of newest effects, particularly some plain greens and browns that are very handsome. In Brussels, Wiltons and velvets there are some new and up-to-date patterns. Rugs and squares are shown in great variety in Axminster, Wilton, velvet, Brussels, tapestry, Kermschaw and Moravian makes. Hearth rugs and door mats are also very much in evidence in all the best makes. A special feature of this department is the inland linoleums. They have an immense range suitable for any purpose. They also carry a full line of Bissell carpet sweepers.

**GOOD START.**  
Sixteen Good Recruits joined the Highlanders Last Night.  
The 91st Highlanders began recruiting last night, and sixteen manly young fellows, ambitious of joining the regiment, turned up with applications. All passed the military examination, and Sergeant-Major Gilmour spent an hour or so teaching them the rudiments of squad drill. As several of them had previous military training, this was not a difficult matter, and, judging by the progress made last night, these young men will be able to take their place in the ranks when the drill season opens a couple of weeks hence. The recruit class will meet regularly from now on.

Master of the house—Why, Mary, what are you looking so glum about? Maid of the house—Please, sir, the mistress has just told me I am to leave at the end of the week. Master of the house—Mary, I can congratulate you.—Cassell's Saturday Journal.  
People will pretend to like you for pretending to like them.—New York Press.

York and Paris Styles

### TIMES PATTERNS.

**GIRLS' RUSSIAN DRESS.**  
No. 8349.—A comfortable dress that is easily made. A suitable frock for school wear is always one that is built on simple lines; the design here shown is a one-piece model belted at the waist; the fullness over the shoulders is disposed of in deep pleats. The pattern provides two yards of sleeve, and is cut in 4 sizes: 4, 6, 8 and 10 years. It requires 3 1/2 yards of 27-inch material for the 6-year size. Blue serge, striped or plaid woolen, or Scotch flannel will be pretty for the dress, with collar, belt and cuffs of white with or without braid trimming.  
A pattern of this illustration will be mailed to any address on receipt of 10 cents in silver or stamps.  
Pattern here illustrated will be mailed to any address upon receipt of 10 cents in stamps or silver.  
Address "Pattern Department," Times Office, Hamilton.  
It will take several days before you can get pattern.

## SHREDDED WHEAT

goes on forever. It contains more real nutriment than meat or eggs and is more easily digested. Try it for breakfast.

## Stanley Mills & Co., Limited

Thursday, Sept. 16th, 1909  
"THE STORE THAT MAKES GOOD"

### Friday is the Second Day of The Style Show of Fall and Winter Millinery and Outergarments

Of course, you have seen our display of Millinery and Tailored Garments for the Autumn and Winter season. It is one of the most magnificent fashion displays we have ever held. Further, it has shown conclusively that in Millinery this store leads by a wide margin. Our buyers were given a free hand in the selection of model hats; the result, many of the brightest ideas of New York and foreign artists are to be found here. Our trimmers have been busy night and day and have given us exclusive and distinctive styles, both practical and fetching in design. Really, it's the greatest display of Trimmed Hats ever attempted in this progressive and up-to-the-minute store.

#### Tailored Garments

There is no doubt but that the Garment Section of this store is the most up-to-date in the city. A visit will convince you. The best tailored models for women, right up to New York's latest. Our buyer for this department is a careful and experienced buyer and it is his careful selections that are placed before you, for approval.

#### Modish Furs

Our popular priced Furs have caught the fancy of everyone who has inspected them. They have proven thoroughly serviceable and given excellent wear. We are pleased to have you look over our stock. We think it will be worth your while. There would be considerable saving by purchasing from our stock.

### GOOD SHORT STORIES

WHAT HIS LINE WAS.  
A number of drummers were sitting in a hotel lobby, when one of them began to boast that his firm had the most people pushing its line of goods. There was a little argument, and then a drummer who had not had much to say before suddenly rose and said, "I'll bet any man in the house that my firm has the most people pushing its line of goods."  
"Done!" exclaimed the boastful one. The money was accordingly put up with a stakeholder, and then the boasting drummer asked: "Now, what is your firm's line of goods?"  
"Baby carriages," murmured the quiet man, as he took the money and made for the side door.—Judge's Library.

A FOOL QUESTION.  
Mr. Edwin Lewis, of the Philadelphia Bar, while commenting on some of the sharp answers that were passed during the trial of the Hains brothers, recalled an experience he had very recently in Philadelphia, says the Washington Star. It was a murder case, and the witness, he admitted, was about the brightest proposition he ever faced in cross-examination. Mr. Lewis represented the defence, and he had called this man as one of his witnesses. The man had been an eye-witness to the shooting, and his evidence was important.  
After direct examination the witness was turned over to the prosecution for cross-examination.  
"Will you tell the court," the prosecutor began, "just how far you were from the spot where the defendant stood when he fired the shot that killed the deceased?"  
"Yes, sir, I was just nineteen feet seven and one-half inches away at the time the gun was discharged," came the reply.  
"And now will you be good enough to tell me," queried the prosecutor in a tone of sarcasm, "how it came about that you are so cocksure about the specific distance?"  
"Because, sir, I carefully measured it," answered the witness. "I felt pretty sure that some fool lawyer would ask that question sooner or later."  
The uproar that followed this response drowned the pounding of the court's gavel, and the prosecution lost a long point by this unexpected answer that went a long way in helping to lose the case.

WHY TRUTH GOES NAKED.  
Secretary Meyer, at a Newport luncheon, answered an interesting question.  
"Why, a naval cadet asked, 'do we always speak of the 'naked' truth?'"  
Secretary Meyer smiled and answered, "There is an ancient fable, and one very appropriate to this hot weather, which tells us that on a summer afternoon Truth and Falsehood set out to bathe together. They found a crystal spring, they bathed in the cool, fresh water, and Falsehood, emerging first, clothed herself in the garments of Truth and went her way. But Truth, unwilling to put on the garb of Falsehood, departed naked. And to this day Falsehood wears Truth's fair white robes, so that many persons mistake her for Truth's very self, but poor Truth still goes naked."

A BARE CHUCKLE-HEAD.  
"The late Congressman Cushman," said a Taoman, "was justly called the 'wit of the House.' He never lacked an anecdote wherewith to point and season his remarks.  
Once in a Tacoma speech, he told us

## OUR OPENING CONTINUES

### A Fall and Winter Style Show. See Display To-morrow

The season of Fall fashions, 1909, opened formally in this store to-day. It is needless to say what a success it has been, another distinct triumph—a conclusive demonstration of this store's supremacy in the millinery world.

Our displays of Black and Colored Dress Fabrics, Silks, Evening Materials, Cotton Waistings, Gloves, Hosiery, Corsets, Linens, Neckwear, Belts and Parisian novelties are without doubt the most comprehensive as yet shown by this store. On the second floor the attractions are the new Tailored Suits, Silk and Cloth Coats, Opera Cloaks, Skirts and Net and Silk Blouses and last, but not least, the American and French Millinery. To those who haven't seen the display, come in justice to yourself to see the new Fall creations.

#### An Opening Attraction—Sale of Exhibition Sample Tailored Suits

On Monday our buyer visited Toronto and fortunately secured from one of the large cloak manufacturers their set of tailored suit samples made specially for the trade of the Exhibition visitors. They were bought at a price and here's how we pass them on to you:

\$22.50, regular value \$30.00	\$16.50, regular value \$22.50
\$18.50, regular value \$25.00	\$10.00, regular value \$18.50

Among such, descriptions are impossible, and, to say sample suits are correctly tailored; perfect fit and trimmings, the latest and of immense chic, but after all it's the prices that interest you most. See this opening attraction Friday.

FALL OPENING DISPLAY DAY **FINCH BROS.** 29 and 31 King Street West

RESTAURANT BLOWN UP.

Soldier and Civilian Are Charged With the Crime.

Front of Shop Knocked Out and Interior Partially Wrecked.

Two Men Arrested in Connection With the Affair.

Toronto, Sept. 15.—With a roar that was heard within a radius of several blocks, what is supposed to have been a small bomb, placed by two men under a table in the New York Chinese restaurant on York street, exploded last night, blowing out the front of the shop and wrecking it inside in a remarkable manner. Queenie Oliver, the cashier of the restaurant and its only occupant at the time of the explosion, was knocked down, although by some strange chance escaping with no more serious injury than a few bruises. The noise attracted a great crowd, and for hours curious citizens hung about in front of the wrecked restaurant.

The blowing up of the place occurred just a few minutes before 10 o'clock, and was, according to the police, the work of Private George Woodward, of the Royal Canadian Dragoons at Stanley Barracks, and Herbert Wilkinson, a young Englishman who has been in the city for only two days. The men were arrested in the crowd outside the restaurant and taken to Court Street Police Station, where they are held on charges of causing a dangerous explosion.

The two went into the restaurant at about 9:45 o'clock, and sitting down at a table near the door, ordered star beer. They appeared to be in a joking mood, and the soldier, speaking to a woman in the place, is alleged to have remarked: "There's going to be something doing here to-night," then, tapping his coat pocket, which appeared to contain a bulky object of some sort, added significantly: "Shooters." They finished their drinks and paid the cashier, but did not go out immediately, sauntering over to a table on the other side of the room hidden from the view of the young woman by a curtain. A minute later they hurried past and out into the street. The door had hardly closed behind them when there was a roar, mingled a moment later with the noise of crashing glass and rending wood. The force of the explosion knocked the cashier down against her desk. The proprietor of the place, Sam Lee, and his assistants came running in from the kitchen, bewildered and greatly terrified, and the sight that met their astonished eyes was sufficient reason. The glass front in the store was lying on the sidewalk and road in a thousand pieces, the ceiling had been knocked off in great patches, the boarding on one side of the shop near the spot of the explosion was ripped off, and a hole had been torn through the floor down into a brick cellar wall underneath. The table under which the explosive had been placed was smashed into half a dozen pieces, and furnishings of all kinds were littered around. A dish of baked beans and some butter that had been on the table were blown directly upward and stuck to the ceiling.

Several policemen, headed by Inspector Davis, who heard the explosion while at the corner of Bay and Richmond streets, were on the spot a minute later. The young woman told the story of the two men who had been in the place, and P. C. Sackett went into the crowd and arrested Woodward, who was easily located by his uniform. A description of the other man was secured, and Inspector Davis after a time caught Wilkinson. Both men denied knowledge of the explosion.

The theory is that the explosive was one of the small bombs used in the fireworks display in front of the grand stand at the Exhibition. Quite a number of these were picked up by soldiers and civilians, it is said. Some of these fireworks were explosives of high power, and could have caused such an explosion as last night's. It is supposed that Woodward became possessed of one of them and took it into the restaurant with the object of "having some fun" with the Chinese, being unaware of the damage it would cause.

LOSES CHARTER.

St. Louis Central Trades and Labor Union Trouble.

St. Louis, Sept. 15.—According to a telegram received last night from Frank Morrison, Secretary of the American Federation of Labor at Washington, the charter of the Central Trades & Labor Union with which practically all the local labor bodies are affiliated has been revoked. The trouble grows out of the refusal of the Central Trades and Labor Association to obey an order from the National organization to expel delegates of the Brotherhood of Electrical Workers which has been outlawed by the American federation.

The charter, according to the telegram, has been "irrevocably revoked" and affiliation with the National body can only be had by reorganization of the present central body.

RETURN TO WORK.

Fall River, Mass., Sept. 15.—The striking weavers at the iron works cotton mills have accepted a five per cent. increase in wages and will return to work tomorrow morning. The weavers to the number of about 1,000 struck on Monday demanding a ten per cent. advance.

WINDSOR BOOM.

Windsor, Ont., Sept. 15.—Figures prepared by City Engineer Brian show that Windsor is experiencing the biggest building boom in its history this year. Up to September permits were issued for new buildings valued at \$318,000. The total for last year was \$208,000.

\$6,000,000 DEPOT.

Detroit, Mich., Sept. 15.—The common council last night adopted an ordinance embodying the terms of agreement between the city and the Michigan Central railroad in regard to the erection by the latter of a new depot and terminals to cost \$2,000,000. The railroad is given sixty days in which to accept.

The electric fan plucks slaughtered chickens.

OPENING DISPLAY AT STANLEY MILLS & CO.

A Magnificent Showing of Millinery at a Popular Store That Has Always Made Good.

The formal opening of the Stanley Mills & Co., which occurred this afternoon, was truly a wonderful sight. Crowds, and then more crowds, filled the store to overflowing and until the doors closed at 6 o'clock patronesses of this big firm were spending the time to excellent advantage inspecting the full and complete showing of fall millinery, coats, suits and other things of interest to women generally. There is no reason why any lady in the city and surrounding country should not pay a visit to this store and see for herself the brilliant and bewildering display of the latest of fashion's delects.

In most cases it proved almost an impossibility for the ladies to see all there was to be seen, and a visit on Friday and Saturday will doubtless give them time to make a closer inspection of that which will interest them.

Naturally, the first place a lady will go to is to the millinery department, and it is right here that the pen, and even the typewriter, fails to do justice to the bewildering display of this season's fetching and dainty models. As is well known, the styles have changed so radically for the coming fall and winter that one is at a loss to properly describe the new beauties.

However, among the many styles to claim attention is the turban, and here is a profusion of more or less extreme models. They are large and small, with a somewhat straight brim shape, with the high roll on the right side. This model is spoken of as being the correct idea for the coming season.

Coming to the dress hats, one finds that velvet, moire and plush have been used in great quantities, and they are certainly very dressy, yet neat in appearance. In connection with these dress hats and also the plainer ones, ostrich feathers, in the long and shorter plumes are being freely used. Natty bows of gold or silver make a dainty finish to the majority of the hats. Large quantities of fancy feathers and wings in the soft effects that tend to create the sweep, have found their way to the millinery department, and are being used extensively.

The color schemes display a wide variety of taste, and one would have little difficulty in choosing something that would strike the fancy. Some of the principal shades are raisin, mulberry, taupe, amethyst and mustard.

The New York models which greet the eye are what might easily be termed "dreams of perfection," and there were gasps of surprise and delight as the ladies looked them over. While it would use too much space to describe all the various models, mention of a few may be of interest.

A beautiful picture hat—A new design with a high side roll, dome crown, covered in taupe grey velvet, bandeau of grey leugle beads, and a large sweep of side of taupe grey velvet.

Another attractive picture hat—This handsome hat is done in mulberry moire and velvet, large shape with the new rolled back, straight front, trimmed with a large willow plume to match, with touches of gold.

A dainty model—Something neat in

black and white, in the cavalier style, with a large willow plume and finished with silver plume. A Russian Turban—Something new made in velvet with a high draped crown in shades of wine and bronze velvet; taffeta roses, made of ribbon to match velvet; bronze beads on edge of rim. A Smart Hat—A good business style in green velvet with back facing of moire, two large black ostrich plumes and finished with felt cabashions.

black and white, in the cavalier style, with a large willow plume and finished with silver plume. A Russian Turban—Something new made in velvet with a high draped crown in shades of wine and bronze velvet; taffeta roses, made of ribbon to match velvet; bronze beads on edge of rim. A Smart Hat—A good business style in green velvet with back facing of moire, two large black ostrich plumes and finished with felt cabashions.

Much more might be said of the millinery department, and of what it has to offer, but a personal visit to the store proves of greater value.

THE NEW FALL SUITS.

But to hurry on! There are many things that can be said of this department, in speaking of the high quality of the stock that is carried and handled at a moderate price, within the reach of every pocketbook, but, as in the case of the millinery department an inspection of what is carried is the main thing.

When it is stated that there are hundreds of styles from which selection can be made, it can be easily understood that Stanley Mills & Co. must have something to back up that statement with, or it wouldn't be worth while making it. The buyer of this department told the writer that the stock for this season was heavier and more complete than at any other time or season in the history of the store. This very same buyer has spent the greater part of the summer at the principal fashion centres, and his work may be summed up in the following phrase: "Here a trace of the latest Parisian effect, there New York's noblest creation, and everywhere the pick of our own Canadian manufacturers, combining the Paris and New York ideas to suit Canadian women."

And here is where variety in it's true sense may be observed. Suits made in all the staple and newer shades such as black, navy, brown, green, wisteria, Burgundy, old rose, taupe, London smoke, amethyst, in fact every wantable shade is to be obtained in this same department.

Venetians, broadcloths, worsteds, chevots and many fancy weaves furnish more variety. In speaking of the coats, fashion has decreed that all shall be plain tailored and the lengths run from 40 to 48 inches. The majority are in the half-fitted, but there are a few of the tight-fitting.

There can also be seen the latest ideas in skirts, both plain and pleated effects, and are finished to match coats. Separate coats are full length in both semi and tight-fitting, in all the leading shades. One will find that the prices are such as to be within reach of all.

WAR OFFICE

Reaped Handsome Profit From Tinned Meat.

London, Sept. 15. Taking advantage of the prevailing shortage and the enhanced price for canned meats, the British War Office is reported to have reaped a handsome profit by selling back to certain Chicago houses large stocks of canned meats ordered before the prices advanced. It appears these supplies are not wanted immediately, and under its contract the War Office may replenish its reserves, when it desires, at the old and lower prices. Officials of the War Office to-day declined to either confirm or deny this story.

DRINK HABIT.

Cardinal Gibbons Thinks Prohibitionists Will Fail.

Baltimore, Md., Sept. 15.—"Prohibitionists all over the country are making an effort to suppress the use of intoxicating liquors, and while I hope they will succeed, I don't think they will. Reform must come from within, not from without. You cannot legislate for virtue," said Cardinal Gibbons to-day. His remarks were made during an address following the pledge given to the main portion of a class he had confirmed in St. Mary's Church, adjoining Doughoregan manor, on the historic old Carroll estate.

"There is but one thing to do," continued the cardinal, "and that is to inculcate abstinence in young persons so they may not become slaves to liquor. Its effects are found everywhere, sometimes even among churchmen. No church should tolerate a clergyman who drinks. If a tendency to drink is found among seminarians, they should be asked to leave off studying for the sacred ministry. Should the superior of St. Charles college, who is present, find among his students one or another with an inclination toward strong drink, he would at once have that student removed."

"Understand me, I do not mean to say that it is a sin to take a little refreshment, but it should be taken at the proper time, and once you are of age you are not to make up for lost time. The Catholic Church does not advocate extremes, but wisely, safely, steers in the middle course."

Uniforms were first adopted by the English military organizations in the seventeenth century.

At the bottom, it says '23 THE PRINCE OF WELLES STREET, LONDON, E.C.4'.

YELLOW LABOR

Needed to Complete the Work on Grand Trunk Pacific.

Canada the Country of the Twentieth Century.

(Special Despatch to the Times.) Ottawa, Ont., Sept. 15.—Sir Charles Rivers Wilson, Charles M. Hayes and E. J. Chamberlain, general manager of the Grand Trunk Pacific, had a conference with Sir Wilfrid Laurier this morning. The situation on the Grand Trunk Pacific was thoroughly discussed, and it is understood that the difficulties in obtaining sufficient white labor for the mountain section was strongly dwelt upon.

To your correspondent Mr. Hayes said he thoroughly agreed with the view of Mr. Collingwood Schrieber that the mountain section could not be completed without the aid of Oriental labor. Mr. Hayes said it would be a great hardship on the Grand Trunk Pacific if they were deprived of this labor when every other transcontinental railroad on the continent had been put across the mountains by means of it.

After the conference with Sir Wilfrid, Sir Charles Rivers Wilson said his call on Sir Wilfrid was a purely social one. He desired to express to Sir Wilfrid his pleasure with what he had seen in the west and his amazement with the prosperity there and with the way in which railway work on the Grand Trunk Pacific was being pushed. He would go back to England with the message that Canada was indeed the country of the twentieth century.

BRITISH COLUMBIA, THE GREAT PACIFIC PROVINCE.

Premier McBride, of British Columbia, is of the opinion that British Columbia is destined to be one of the most thickly populated and wealthiest Provinces in all Canada. The ever-increasing tide of commerce from the Far East must lead to the building up of half a dozen great maritime cities. In his article on "British Columbia in 1950," published in the Sept. 18 issue of Collier's, he predicts that British Columbia twenty-five years hence will have a population of not less than two and one-half million people. This is one of the most interesting of the seven articles recently published in Collier's on the commercial future of Canada.

STUDENT BURNED.

S. A. Frayette Came in Contact With Electric Cable.

Pittsfield, Mass., Sept. 15.—A narrow escape from instant death took place in the Stanley automobile plant yesterday, when S. A. Frayette, a young student in the University of Toronto, came in contact with an electric cable carrying 15,000 volts. Frayette was badly burned about the back and arms, and is being cared for at the Hill Crest Hospital. The fact that he did not get the full strength of current is deemed a miracle. Frayette has been employed here during the summer months, and was to leave the last of the week to resume his studies in Toronto. His injuries will require treatment for several weeks.

EDITOR POLICEMAN.

Assists Toward the Arrest of Man Charged With Assault.

Toronto, Sept. 16.—Rev. J. A. Macdonald, editor of the Globe, and F. B. Carey, acted as policemen in the arrest of Andrew Marecun, 24 years, 58 Homewood avenue, whom they turned over to Police Constable McDonald (No. 193) shortly after midnight last night.

The man is charged with aggravated assault on Robert Campbell, 20 years, Wellington street west, in King, just west of Bay street.

Campbell was taken to Grace Hospital. His face is severely cut and his left arm broken.

TWEEDMOUTH DEAD

Head of Admiralty in Campbell-Bannerman Ministry.

London, Sept. 15.—Edward Marjoribanks, second Baron Tweedmouth, who was First Lord of the Admiralty in the Campbell-Bannerman Administration and later Lord President of the Council, died last night. He was born in 1849. Lord Tweedmouth was a brother of Lady Aberdeen. Shortly before his retirement from the Admiralty a sharp controversy was brought about by the disclosure of the fact that matters pertaining to the British navy had formed the subject of friendly correspondence between the Kaiser and Lord Tweedmouth.

MAY RETALIATE.

Tax on Canadian Vessels at United States Ports.

Toronto, Sept. 16.—A change which will not be welcomed in the marine circles of Ontario takes place on Sept. 30, when the United States tariff bill, as applied to foreign vessels calling at American ports, comes into force. Under this revised tariff, passed on July 31 last, the so-called reciprocal tonnage tax exemption law of 1886 is repealed. Vessels from Ontario and other Canadian ports will thereafter pay two cents a ton on their gross tonnage. This tax is payable five times a year, and the aggregate amount is therefore ten cents a ton for the calendar year.

Heretofore vessels from Ontario ports have been exempt, for the reason that Sick Mariners' charges were not levied by the charges on American vessels. In Quebec and the Maritime Provinces, however, where this hospital levy was imposed, the corresponding tonnage tax was met with from the United States. A uniform two-cent rate will now be applied to all Canadian vessels.

The demand for a retaliatory measure from the Dominion Parliament will probably be general among Canadian ship-owners as soon as the new tariff law comes into force.

FOREIGNERS' STRIKE.

Pittsburg, Sept. 15.—A new strike was inaugurated at the Press Steel Car Works at McKee's Rocks this morning by 3,000 foreigners, who refused to go to work unless the bosses and sub-bosses were discharged.

WEDDING IN HIGHLANDS.

Prince Miguel Weds New York Girl in Scotland.

Ceremony Performed by Aberdeen's Roman Catholic Bishop.

Seaforth Highlanders' Band and Pipers Supplied the Music.

Dingwall, Scotland, Sept. 15.—Under a bower of evergreens and smilax Miss Anita Stewart, daughter of Mrs. James Henry Smith, of New York, became the bride of Prince Miguel of Braganza at noon to-day in the little Roman Catholic Chapel at St. Lawrence. The congregation of this church is made up of descendants of the clans who belonged to the faith in the days of Mary Queen of Scots. The scene of the wedding of Prince Miguel, a member of one of the proudest royal families of Europe, to Miss Stewart, the latest of the American heiresses to cross the Atlantic to find a husband, was beautifully decorated. Rustic arches that led up to the chapel was covered with flowers, and inscribed in Portuguese were the words "God Bless the Prince and His Beautiful Bride."

The arch at the end of the avenue bore the words in English: "Long Life and Happiness to the Prince and Princess."

The wedding party arrived at the chapel in motor cars. The bride was accompanied by her mother and her brother, W. R. Stewart, jun., who gave her away. She was unattended by either bridesmaids or pages. The prince arrived in the company of his younger brother, Prince Francis Joseph, who supported him through the ceremony. Bishop Chisholm, of Aberdeen, officiated. The music was rendered by the choristers of the chapel, accompanied by the band of the Seaforth Highlanders.

The bride wore a graceful dress, carrying a large feather of snow white chiffon over soft satin. The chiffon was embellished by long lines of fine embroidery in white silk, silver and tiny pearls, made up of sprays of heather, fleur de lis, and Portuguese devices. A veil of old lace was worn over a wreath of orange blossoms, and heather fastened with a large feather of diamonds and sapphires, which has been in the Braganza family for centuries. This was a present of the groom. The only other jewels worn by the bride were a set of combs with diamond heads, a gift of the Archduchess Maria Theresa.

The Prince was clad in Maltese uniform, a brilliant scarlet court dress, heavily decorated with gold.

On account of the lack of accommodation in the diminutive chapel, the ceremony was witnessed only by relatives of the bride and groom and their intimate friends.

On the return of the party to Tulloch Castle the wedding luncheon was served during which pipers played marches, strathspeys, reels and other appropriate music.

A member of the Braganza family declared to-day that the statement that Prince Miguel had renounced his claim to the throne of Portugal was erroneous. He explained that under the Portuguese law there was no such thing asmorganatic marriages.

Consent of the head of the house of Braganza having been secured and the bride having become a Roman Catholic, the necessary conditions fulfilled and no renunciation to the throne was required.

HORSE TROUGHS

Said to Disseminate Glanders—Different Views.

Chicago, Sept. 15.—Public watering troughs were denounced by the State veterinarian of Missouri, Dr. F. D. Luckey, and by Dr. Schoenletzen, of Kansas, at yesterday's session of the Interstate Association of Live Stock Veterinarian Boards. Dr. Schoenletzen read a paper on glanders, in which he attacked the public watering troughs as the great disseminator of the disease. He also asserted that glanders is communicable from horses to men, and is a fatal disease to human beings.

Dr. Wm. F. Wright, State veterinarian of Missouri, defended the public trough, declaring that they were a necessity, and where properly looked after and containing running water were of no menace to health.

Dr. Luckey delivered the last word on the subject. In Massachusetts he said the public watering trough was responsible for the infliction of glanders upon horses to the extent of a thousand and annually. Dr. Luckey supported his argument with statistics of different States and with other evidence in opposition to the assertions of Dr. Wright that running water disintegrated a trough.

BOY INJURED.

Found Unconscious in Barn—May Have Been Assaulted.

Galt, Sept. 15.—Found terribly injured and unconscious in the barn on the farm of Robert Cowan, on the back road from Hespeler to Galt, John Dickson, 15 years old, is unable to tell how he came by his wounds.

He went to the barn to let out the cows, and, according to his story, he loosed one, and remembers nothing more. Hours later he was found in the entry to the stable, with his face gashed. The injury extended from over the right temple, across the face and underneath the nose. His hat was in the horse stable, some distance away.

High Grade Razor Straps.

We make a specialty of these goods and carry the most complete line in the city. Prices range from 25c to \$2.50, and include straps made from many leathers. We also carry a very large stock of fine shaving brushes, the bristles of which are guaranteed not to come out. Gerrie's drug store, 32 James street north.

Dr. James Fulton, one of the most prominent physicians in St. Thomas, died early this morning in Victoria Hospital, following an operation.

## FREE TRADE IN INSURANCE

Is What Canadian Manufacturers' Association Favors.

Small Majority In Favor of Tariff Commission.

Provisions of Election Act Discussed Yesterday Afternoon.

The session of the Canadian Manufacturers' Association yesterday afternoon was well attended, and the Tariff Commission's report was discussed. The committee favored the appointment of a Tariff Commission, but the resolution to that effect received but a small majority.

The report of the Parliamentary Committee was submitted. The Parliamentary Committee watch all legislation affecting Canadian manufacturers. As will be seen there has been no lack of material for them to work upon. At times it frequently seemed impossible, without professional assistance, to do justice to the many subjects demanding consideration. The committee's activity has not been confined to federal measures, for besides House of Commons bills, the bills of every Legislature have been carefully scanned, and representations made wherever it was thought necessary for the safeguarding of industrial interests. The work has been exceedingly varied and of great interest to the members of the committee.

### ELECTION ACT.

Considerable discussion was occasioned by the following clause in the report on the Dominion elections act:

"Your committee will be pleased to receive the instructions of the association regarding a proposal to make election day a public holiday all over the Dominion, and to abolish the deposit of \$200 at present required from all candidates for Parliamentary honors. A bill embodying these points was brought into the House last session by Mr. Claude Macdonell, and although it was not reached, owing to the early adjournment, there is reason to believe it will be pressed to a vote this coming winter. If any action is to be taken, it will be necessary for the committee to lay their plans at once."

Mr. Phillips thought it was a good thing that election day should be a public holiday all over the Dominion, but did not think it advisable to have the deposit of \$200 abolished. He moved that such be recommended.

Mr. McNaught seconded the motion, and also added that he thought the amount of the deposit should be increased. Exception was taken to the motion by some of the members in that they thought there were already enough public holidays. Every workman is entitled to an hour to go and vote and no employer objected to them doing so. If Dominion election day were made a holiday it would not be long before every election day would be a public holiday.

An amendment to the motion that the clause be struck out secured the largest number of supporters and carried. BUSINESS TAX. A motion was made by Mr. Robinson that the meeting go on record as strongly opposed to the present form of business taxation. A question was asked him as to how best the goods could be assessed and he replied "Oh, I know we are all liars, when it comes to telling what we have. But if we put up a valuation building, I do not see why we should have on this assessment reckoned or that basis."

E. K. Kemp thought the act was unjust to some people, but it greatly benefited others, and put the taxation on a more even basis. He thought a reduction should be asked for.

Mr. McNaught thought the act was very favorable to the most of the manufacturers. The report was adopted.

### INSURANCE MATTERS.

The next report discussed was that of the Insurance Committee. In the report at the last annual meeting mention was made of the re-organization of the department under plans which brought the Mutual Fire Insurance Companies, organized under the auspices of the Association, into closer working connection with it. The re-organization has completely justified the expectations of the committee, and the results have greatly surpassed those of former years. The committee was strongly in favor of continuing in the same way.

A discussion was raised over the clause of tax of 15 per cent. upon the net premiums paid to outside companies with a maximum tax of 15 cents per hundred dollars insurance.

Whereas, the Dominion Insurance Act, as passed by the Canadian House of Commons at the last session of Parliament, contained a clause providing for the furnishing of a return and the payment of a tax on all insurance placed with companies not registered in Canada; and whereas this is being followed by a movement on the part of the insurance companies forming the Canadian Fire Underwriters' Association of have

legislation enacted which will make it impossible for the insured in Canada to place insurance in unregistered companies; and whereas such legislation would prohibit the use by Canadian insurers of insurance by mutual and reciprocal underwriters—a class of insurance which for nearly half a century has rendered a unique service to the insured and to the country, both by thorough inspection and consequent low cost; and inasmuch as such mutual and reciprocal insurance cannot be obtained in Canada, nor is it practicable under the present Dominion Insurance Act to organize companies which might supply it; and whereas such legislation would also prohibit the right of contract with other insurance companies and associations outside of Canada, which, except insurance that cannot be obtained from companies registered in Canada—a class of insurance also largely used in Canada, and which, moreover, offers the only safeguard against exorbitant rates.

Therefore, be it resolved, that the Canadian Manufacturers' Association, while recognizing always the principle of protection for Canadian industries and institutions, places itself on record as strongly opposed under present circumstances and conditions, to any legislation which would impair or prohibit the continued use by Canadians of the valuable service rendered by such registered companies."

Some of the members expressed themselves strongly in favor of allowing outside companies to compete on the same basis as the Dominion companies, as by drawing such a line the association would be doing an injustice to the mother country, in that some of the largest companies are situated there. Also some of the risks which a manufacturer must carry are not carried by a Dominion company, and why should a manufacturer be compelled to pay interest on the premium? was asked.

After considerable discussion the motion carried.

### AT BENNETT THEATRE.

Delegates to the C. M. A. convention and their ladies attended a large theatre party at Bennett's Theatre last night. The spacious playhouse was filled, all the boxes being occupied. President Hobson and party, Mr. Cyrus A. Birge, a former president, and Mrs. Birge, and other officers of the association were among those in boxes. An excellent comedy programme that pleased all proved quite wholesome after a hard day in the convention hall.

### SOCIAL FUNCTIONS.

Yesterday afternoon Mrs. Hobson, wife of the President, entertained the ladies at the Royal Hamilton Yacht Club. The 3:40 o'clock train, and the ladies, who were in the car, had an opportunity of seeing Hamilton's summer outing place.

Last evening the members were entertained at a smoker at the Royal Hamilton Yacht Club by the local committee, and a good time was spent by all. The cars left the Terminal Station at 8:30, and the ride to the beach was much enjoyed. At the club house Mr. Hobson in a short address proposed the health of Commodore Lennox, and extended a welcome and the freedom of the club to the visitors. Those who contributed to the programme were Harold Hamilton, G. M. Murray, C. Precourt Garratt, John Hendrie and Orville Quigley. The numbers were greatly enjoyed. During the evening Lomas' orchestra rendered selections which helped make the time pass pleasantly.

The members enjoyed a social chat and smoked to their hearts' content. The cars left the Terminal Station at 11 o'clock, and after a speedy ride to the city the members parted at the Terminal Station, with a very favorable impression of Hamilton and its summer resort.

### THE DELEGATES.

Those who have been in attendance at the convention are: Robert Hobson, Hamilton Steel & Iron Co. President; G. W. Scott, White Swan Spices; C. W. Scott, T. L. Moffat, Moffat Stove Co., Weston; A. M. Huestis, Canada Coating Mills, Toronto; W. K. McNaught, American Watch Case Co., Toronto; Jas. Lister, Lister Pure Food Co., Ltd., Toronto; W. R. Champ, Hamilton Bridge Works Co., Hamilton; R. F. Shury, Shaw & Bennett, Ltd., Toronto; John Cameron, C. M. A., Montreal; John A. Gunn, Dominion Furniture Co., Montreal; G. R. Perry, G. R. Perry Knitting Co., Hamilton; R. S. Rider, Canadian Steel & Wire Co., Hamilton; A.

Gunn, Gunn, Limited, Toronto; H. O. Kerr, Kerr Engine Co., Walkerville; D. J. Brennan, St. Hyacinthe Distillery Co., St. Hyacinthe; J. Hewton, Kingston Hosiery Co., Kingston; D. H. McKay, Universal Knitting Co., Ltd., Toronto; Geo. Booth, The Booth Copper Co., Ltd., Toronto; J. D. McArthur, J. D. McArthur & Co., Brockville; Geo. Espin, G. & J. Espin, Montreal; J. E. Walsh, C. M. A., Toronto; W. A. Holton, Chipman-Holton Knitting Co., Hamilton; Louis Armstrong, The Laurentide Paper Co., Grand Mev, Henry Stanton, Ancho Brass and Iron Bedstead Co., Toronto; Geo. F. Haworth, Sadler & Haworth, Toronto; Chas. S. Jr-Phillips, Morton, Phillips & Co., Montreal; Rhys, D. Fairbairn, R. D. Fairbairn Co., Ltd., Toronto; Thos. Roden, Roden Bros., Toronto; James Moodie, Eagle Spinner, C. Mills, Ltd., Hamilton; H. L. Hatt, Quality B&L, Ltd., Welland; W. D. Long, Long & Bisby, Hamilton; P. H. Burton, Canadian Dyers' Association, Toronto; Geo. D. Forbes, R. Forbes Co., Hespeler; L. H. Packard, L. H. Packard & Co., Montreal; Vm. Cauldwell, Cauldwell, Toronto; The real, H. W. Fall Opening Days

# The Right House

"HAMILTON'S FAVORITE SHOPPING PLACE"

Fall Opening Days

### Exquisite New Millinery

A visit to our Millinery Department just now is a treat long to be remembered. It would be very difficult to give anything like a description of the many exquisite creations, hundreds of stylish Plumes, Wings and Mounts shown. Showcase after showcase laden with the prettiest and best new Autumn Millinery and trimmings held the attention enchained by their magic. This much we will say about price—you can get exquisite and exclusive Dress Hats from \$5.00 upward to almost any price.

### Separate Dress Skirts

Never in the annals of THE RIGHT HOUSE has a more complete stock of Separate Skirts been shown. All the elegant Fall Suiting Cloths appear in great abundance, and in the stylish shades. Very smart pleated designs will be this Fall's best sellers. You are invited to call and inspect our showing. Prices are from \$4.50, \$5.50, \$6.50, \$7.50, all the way up to \$18.00.

### Ladies' Fall Suits

Among our immense showing of Ladies' Suits are many novelty costumes, in reseda, old rose, wistaria, prunella, taupe, navy and green. Coats are 42 to 50 inches long; semi and tight-fitting, satin and silk lined; embroidered; self-trimmed; some with shawl collar, some with Dutch collar; also some of the coats have pleated skirts. All skirts in this line are somewhat pleated. The majority of these are simple costumes. Prices, \$25, \$30, \$35, \$37.50.

### The Best Corsets

A complete line of the celebrated "Nemo" and "R & G" Corsets carried in stock always. These are the best Corsets in the world to-day and cannot be beaten for form-improving and wearing qualities.

Thomas C. Watkins

## Our Opening Days Bring Great Crowds of Pleased Customers

It's an immense success. Our annual Fall and Winter Opening has drawn crowds as never before of highly delighted women, not only from every part of our city, but from all parts of the surrounding country. Besides a large staff of home buyers it has taken two buyers independently travelling Europe over to secure the exquisitely beautiful showing of materials and garments, exclusive in styles and so extraordinary in values as is on view this season at THE RIGHT HOUSE. Moreover, a third European buyer was despatched lately to still further search Paris, London, Brussels and Europe generally for the very latest novelties that may have come out after other Canadian buyers had returned home.

Never before have we imported such beautiful and sensibly useful styles and colorings of everything to appeal to the hearts and needs of women and men. Patterns and styles run from simple and moderate to extreme—every taste can be satisfied here.

An immense business must follow. We are ready for you. Come to-morrow.

THOMAS C. WATKINS

## Right House Glove Values

Complete assortment of Autumn Gloves in the most fashionable shades and lengths

VERY SPECIAL — One-dome style Ladies' Kid Gloves; pique sewn; neat spear-point ornamented stitching on back; in tans and browns. A very special bargain at 75c per yard.

PERRINS' celebrated make, Kid Gloves, in two-dome length; neat overseam stitching; shades are ox-blood, myrtle, navy, grey, brown, tan, white and black. A grand RIGHT HOUSE value at \$1.00.

THOMAS C. WATKINS

## Opening Display of Ground Floor Departments

Do not forget to visit the wonderful showings of all new Fall goods at the ground floor departments of THE RIGHT HOUSE. Especially the Linen Department, Staples and Dress Goods. We are showing the largest and finest stock of New Linen Pieces, Tablings, etc., that ever entered a Hamilton store—and this applies to other departments as well.

Thomas C. Watkins

### Dry Goods Opening

All the magnificent Autumn weaves are showing in opening display in Dry Goods Section at prices that simply defy competition, and in many lines we have exclusive selling for Hamilton.

Beautiful Velvet Suitings at 75c per yard.  
Corduroy Velvets at 85c per yard.  
Worsted Suitings in 44-inch width, 75c.  
Armure self-stripe Suiting at 75c.

Satin Cord-de-Chine at \$1.00.  
Cheviot Suitings, 50-inch width, at \$1.15.  
And many other lines, all at special RIGHT HOUSE prices.

### RIGHT HOUSE SILKS

We carry a very complete stock of Bonnets' celebrated Silks and at very special prices.

Then there is our well-known "Cascade" Silk, in over 20 stylish shades; comes in 45-inch width, at \$1.50 per yard.  
"Sapho" Silks in 17 shades; firm, rich, heavy weave, satin faced. This line is rare good value at \$1.00 per yard.  
Many other lines all at very special prices.

### Net and Silk Blouses

Literally hundreds of dainty Lace Net and Silk Blouses have been carefully selected from among the offerings of the great blouse makers. Prices start at \$3.50 and run all the way up to \$15. A very special line of Net Blouses at \$4.19.

### Ladies' Sweater Coats

Sweater Coats are all the rage this Autumn and we have an excellent line of Norfolk Sweater Coats, in red, blue, white, grey and green, some finished with belt, others with patch pockets on sides; large pearl buttons and flat stote collars. All sizes; at \$1.88, \$2.76 and \$3.50.

## Amusements

"King Dodo," that merry mingling of mirth and melody from the pens of Frank Pixley and Gustav Laders, will be the attraction at the Grand to-night. John Cort, under whose direction this excellent comedy opera is being presented this season, has gone to unlimited pains and expense in making this the grandest Dodo of all. The scenery, properties and effects are entirely new. While many show-shoppers have seen "King Dodo," there still remain many thousands who have never enjoyed this clever opera. Mr. Laders has furnished more than twenty useful musical numbers for "King Dodo," among which will be found such vocal gems as "The Tale of a Bumble Bee," "Look in the Book and See," "A Jolly Old Potentate," "The Eminent Doctor Fizz," "Diana," "Two Hearts Made One," "The Cat's Quartette," "I'll Do or Die," "Old Father Time," "The Kid Who Leads," and "In the Spring." In support of a notable cast of principals, Mr. Cort is said to have supplied one of the best singing and most attractive choruses to be found in comedy opera.

### MORRISON'S "FAUST"

The production of "Faust" which will be presented at the Grand next Saturday matinee and night, is said to be one that would probably have startled Goethe himself had he lived to see the weird effects which the management, with the aid of electricity and magic effects, has introduced into his famous old gasterpiece. The garden with the black-wings that turn to fairy lamps; the revel of the demons on the Broken when the lightning plays about the rocks, and the most weird scenes are enacted as the skies rain fire on the moving mass of sinners, and demons below; the famous cathedral, which is now lit up inside and shows the choir, priest and congregation at prayer, with music and singing by the choir, and the apotheosis, where Marguerite ascends to heaven from her bed of straw, are introduced in a most realistic and spectacular manner. The cast of players includes Miss Edna Porter as Marguerite, Mr. George S. Trimble as Mephisto, Mr. Carlyle Shelley as Faust, and Miss Myra Brooks as Martha.

### MOUNTAIN THEATRE

The Summers Stock Company will close one of its most successful seasons on Saturday night. During the remainder of the week the bill will be changed nightly. To-night "A Bachelor's Honeymoon" will be the offering; Friday, "Nobles" and Saturday night, "Caught in the Rain."

### STAR COURSE

The Y. M. C. A. Entertainment Committee has arranged for an excellent series of six entertainments to be put on monthly in Association Hall during the winter. The talent will be supplied by the American Lyceum Union, and includes: Hinshaw Grand Opera Company, the Commonwealth Orchestra, and numbers of that class, that should stamp the course with success from the outset. Rev. Clarence Miller, of Marion, Ohio, is spending his vacation in this novel way of securing subscribers to the above

Star course, and has already secured a large number of the best people, and expects to reach the 700 mark within the next two weeks. Mr. Miller should be well received by the citizens and encouraged in this laudable effort of supplying an elevating course of entertainment to the people of Hamilton. Subscription lists are open at Nordheimer's, also at the Y. M. C. A. office, both of which have telephones.

### ALMOST REAL TRAGEDY.

Toronto, Sept. 6.—The mimic world came terribly close to the lines of actual tragedy at Shea's Theatre last night, when, in the closing scene of *Mlle. Dazie's* pretty pantomime, when she, as the little star, a flower girl, thrusts herself before the dagger of her jealous rival for the affections of the young artist, a real dagger was accidentally substituted for one with a flexible leather blade, which was intended to be used.

To the quickness of Raffael Fazio, who plays the part of the artist, Mlle. Dazie owns her preservation. He himself sustained serious injury to his left hand, which was afterwards dressed at St. Michael's Hospital. Neither Mr. Tucker nor any member of the company nor any of the stage hands at the theatre, can explain how the weapon, which is used as a part of the decoration of the studio scene, came to be lying where the harmless one should have been. All agree that the affair was purely accidental.

## FINE EXHIBIT.

### Work of Miss Savage's Kindergarten Training Class.

The exhibit of the work of Miss Savage's Kindergarten training class in Central school was a pleasing success. A large number of friends interested turned out to see the display, and were highly delighted with the excellent showing. A year ago Miss Savage made application to the Board of Education for permission to open a training class, which request was granted, and the Board has ample reason to be thankful for the efforts put forth by her, and the degree of success attained by her pupils in this work. Every member of her class passed the examination prescribed by the Department of Education, and three of them are going to Toronto to take the Directors' course. They are Misses Marjorie Rankins, Helen Lemon and Alma Harvey.

The exhibit is what is called in Kindergarten terms the "occupational work," which emphasizes the industrial side of the training. It consists of sewing, beginning with the simplest work and going through combinations leading to designs for linens, etc. The art work which consisted of still life studies and drawing from life, and the application of nature studies to design, is especially good. The weaving is also excellent, beginning with the simplest formula and proceeding through combinations to designs for linens, etc. The art work there are modelings of fruit, aprons of leaves, and birds. This work held the attention of the visitors for some time. The room was beautifully decorated with red, white and blue bunting, the work of Miss Grace Havill, one of the graduates of Miss Savage's class.

No passenger was killed on the English railroads in the year 1908. The number injured was 283.

NEWS RIGHT UP TO DATE

WORLD OF SPORT

WHAT IS GOING ON NOW

TORONTO WON FROM BUFFALO BY 5 TO 4.

Rochester Won at Montreal—Providence and Newark Split a Double Header—Philadelphia at New York.

THE LEAPS IN A ten innings battle with the visitors at Toronto yesterday grabbed the rubber from them by a score of 5 to 4, the rain which had been sprinkling during all the first half, breaking up into a heavy shower before the pitchers had even time to warm up for the second. Thus the Bisons had to be content with one defeat. It was a see-saw contest with lots of hitting, but the Leafs should have had it tucked away in the bag before the ninth, had baserunning and poor work on the defensive allowing the Bisons to tie it up. Score: R. H. E. Toronto 5 13 1 Buffalo 4 13 2 Batteries—Rudolph and Mitchell; Burchell and McAllister.

AT NEWARK. Newark Sept. 16.—The Indians and Grays split even in the double-header yesterday. The visitors took the first—6 to 2, and the Indians the second—7 to 2. Score: R. H. E. Newark 2 10 3 Providence 6 10 1 Batteries—Flater, Lloyd, Brady and Blair; Lafitte and Fitzgerald. Second game. R. H. E. Newark 7 7 2 Providence 2 10 2 Batteries—McGinnity and Crisp; Barry and Peterson.

AT MONTREAL. Montreal, Sept. 16.—Rochester shut out the Royals again yesterday. Ragon's hit, Anderson's force and Holly's triple scored the only run of the game. Ragon held Montreal hitless after the second inning. Rochester had men on the bases every inning after the third, but Montreal played a star defensive game. Score: R. H. E. Rochester 1 7 2 Montreal 0 3 3 Batteries—Ragon and Erwin; Keefe and Starnagle.

SOCCER

A general meeting of the District Soccer League Committee will be held on Friday night at J. W. Nelson's to arrange for referees for the coming games. The referees for Saturday's games will be Donaldson for the Westinghouse vs. Scots game and Hutcheson for the Lancashire battle.

YACHTING

The Invader and Petrel are tie for the average in this season's races in class A, and the deciding race will be held on Saturday, September 18th, over the usual bay course at the usual time, namely: Time gun, 2 p. m.; preparatory gun, 2:35 p. m.; starting gun, 2:50 p. m.

COMMENT AND GOSSIP

Lukeman, the fast Montreal sprinter, has notified the committee in charge of the Bobby Kerr meet that he will be here to compete in the sprints on Sept. 26. His entry has been received with pleasure, and his presence in the sprinting events, together with Sebert and Kerr, should make them hot contests. So far no word has been received from Melvin Sheppard, the New Yorker, but as he is a particular friend of Kerr it is likely that he will consent to run here.

Husky Craig indignantly denies that he ever said he would retire from football this season. Oh, very well, he simply makes another story. As the flood tide of football interest has not set in yet we must make the most of the little things that are slipped to us. Be it understood once and for the next twenty-four hours, Mr. Craig does NOT intend to retire from football this season.

The Burlington Bowling Club has purchased a lot on Elgin street, next to St. Luke's Church, Burlington, and will commence putting it into shape this fall.

AT BALTIMORE. Baltimore, Sept. 16.—After playing ten innings to a tie yesterday afternoon, the game had to be called to allow the Orioles to catch a train. It was a pitchers' battle between Bills and Milligan, with honors even. Bills saved his own game in the ninth inning, when he sent in the tying run with a triple to left centre field. The fielding of both teams was good. Score: R. H. E. Baltimore 3 7 2 Jersey City 3 8 1 Batteries—Adkins and Cheek; Milligan and Ryan.

IN THE AMERICAN. At Boston—Washington won the get-away game from the Red Sox, 7 to 4, yesterday. Errors lost for the locals. Score: Washington 7 14 2 Boston 4 13 4 Batteries—Gray and Street; Karger Pape and Donahue. At New York—The Highlanders shut out the Athletics until two were out in the ninth inning yesterday. Then Keeler's miff was responsible for two runs and a tied score. Brockett singled in the last half of the ninth, and Keeler drove him home with the winning run with a long smash to right. Score: R. H. E. Philadelphia 2 7 2 New York 3 10 1 Batteries—Morgan, Dygert and Livingston; Brockett and Sweeney.

IN THE NATIONAL. At Cincinnati—Spade gave three bases on balls in the first inning, with three singles, which gave the visitors enough to win the game. Score: R. H. E. Pittsburgh 7 10 1 Cincinnati 2 7 2 Batteries—Maddox and Gibson; Spade, Rowan and Roth.

AT PHILADELPHIA. The Philadelphia whitewashed the Brooklyn yesterday. Brooklyn was allowed two hits by McQuillen. Score: R. H. E. Brooklyn 0 2 0 Philadelphia 2 4 2 Batteries—Scanlan and Bergen; McQuillen and Dooin.

On Saturday afternoon at 2:30 o'clock a 16-foot dingy race will start from the Victoria Yacht Club. At 3 o'clock the Hamilton Swimming Club will hold a mile championship race. At 4 o'clock motor boats Philomel, Red Feather and Annie will race.

W. E. P. C. Defaulted.

Brantford, Sept. 16.—(Special.)—The West End Pleasure Club defaulted its game here yesterday, ordered to be played by President Erie, with the Gooch, Shapley & Muir team, which appeared on the field in uniform, and after the usual formalities, were declared the winners by 9-0. It was an erroneous article of ball. Despite threatening weather, there was a good crowd present, and there was disappointment at the non-arrival of the West Enders.

On account of the notable success of the wireless system as installed on vessels, an effort is being made to secure a lower insurance rate on vessels thus equipped.

Ly Cobb, in spite of the effort of other players in the American League to "get him" when he is sliding to bases, leads the circuit in base-stealing and hitting as well. Collins, of Philadelphia, is second with the stick. Wagner leads the National League, as usual. Lajoie is hitting hard again since being relieved of the worries of management at Cleveland. Bill Carrigan, the former Toronto catcher, is hitting an even .300 for the Boston Americans.

Sam Berger announces that Jeffries will arrive in New York from Europe on Oct. 1 and will then clinch a match with Johnson. Jeff is said to have been much benefited by the waters of Carlsbad and is coming home in excellent health. The boiler-maker will be at the ringside when Johnson and Ketchel meet at Colma on Oct. 12, and it is needless to say that he will be with Ketchel heart and soul. It is also possible that he will be near Ketchel's corner so that he can offer some valuable suggestions.

Enemies of P. T. Powers are planning to omit him from the presidency of the Eastern League in spite of the fact that he organized the present circuit and has spent both time and money to keep it intact. Because of outside business ventures Powers is charged with having neglected the affairs of the Eastern League, but this is believed to be an excuse to ring in a new government of its affairs. Howard Griffiths, a Jersey City lawyer, is working tooth and nail to land the job, and behind him is Edward Hanlon, president and owner of the Baltimore club. Griffiths is the man who was read out of organized baseball several years ago by the National Commission for the part he played in conjunction with George Tebeau and others in trying to form an outlaw league. But Hanlon and several other Eastern League owners have stuck to Griffiths ever since. Powers refuses to discuss the situation, but his friends say his trouble are due to an unwillingness to play favorites.

WE NOW HAVE THE ROUGH BOY WITH US

SELLING RACE WAR ACUTE AT BLUE BONNETS.

The Civic Holiday Steeplechase Handicap Was Won by Beryoo—Trainer Robinson Was Fined \$250.

BLUE BONNETS, Montreal, Sept. 16.—The Montreal Jockey Club provided its patrons a splendid programme yesterday afternoon, and interesting contests were in order. The card was made up of seven events and had as features the Welcome Home Handicap, which brought together some of the best sprinters on the ground, and the Civic Holiday Steeplechase Handicap.

The fields were evenly balanced affairs, with the result that the public found the task of picking winners no easy one. Two favorites managed to win, Patsalaga and Grande Dame being the successful choiques. George Holle's good little racer Collopy proved best in the Welcome Home Handicap, in which she showed great speed, and led her field from start to finish, beating Charlie Eastman out a scant length. The Bedwell Stable started Prince Ahmed and Pajarota as an entry in the race, but neither of the pair finished among the placed horses. Prince Ahmed lacked speed and was a distant trailer most of the trip.

A bit of excitement was furnished race-goers at the conclusion of the second race which was a selling affair. When Lexington Lady, the winner, was offered for sale, P. M. C. stepped out on the track prepared to bid. Before he had any opportunity of raising the mare he was assaulted by one Sidney Windler, who struck C. on the side of the face, knocking him down. C. recovered quickly, and scrambling to his feet, proceeded to bid the mare up to \$1,000, at which figure she was protected by her owner and bought in. When Windler struck C. he was seized by a Pinkerton man and hustled to the lockup. The stewards took immediate action in the matter, and A. J. Robinson, trainer of the mare, was sent for, and after a session with him the following ruling was issued: "Trainer A. J. Robinson is fined \$250 for intimidating P. M. C. a bidder on the mare Lexington Lady, trained by Robinson, and for harboring in his stable one Sidney Windler, who committed an assault upon P. M. C. on the grounds at the time of the bidding. Sidney Windler is warned off the Montreal Jockey Club's course, and a recommendation is made to the Canadian Racing Associations that this man be denied admission to all its tracks."

Civill took matters very coolly, and was not the least bit frustrated by the assault. He was taken wholly unawares and was standing beside Windler when the latter struck him. It was the only unpleasant incident of the meeting, which has been particularly free from scandal. In the Civic Holiday Handicap, J. W. Cobb's Reginald again bolted the course at the same place that he ran out in his previous race. The finishes in all seven of the races were close enough to arouse considerable enthusiasm. Merman won his race by a nose, while Boerian beat Sally Preston out a neck in the closing event. A length separated the first and second horses in the other races. Summary: First race, selling, 2-year-olds colts and geldings, 6 furlongs—Merman, 102 (Rice), 6 to 1, 2 to 1, 9 to 10, 1; Fear-

naught II, 110 (Mentry), 6 to 1, 2 to 1, 4 to 5, 2; Banives, 110 (G. Burns), 11 to 5, even, 2 to 5, 3. Time, 1:14.5. Detroit, Lumen, Pulka, Judge Lessing also ran. Second race, selling, 3-year-olds and up, 13 1/2 miles—Lexington Lady, 103 (Cummings), 8 to 1, 3 to 1, 8 to 5, 1; Woolston, 104 (Ganz), 6 to 1, 2 to 1, even, 2; The Shaughraun, 109 (Howard), 6 to 1, 5 to 2, 6 to 5, 3. Time, 2:03.5. Oberon, Hurlock, Chicosa, The Earl, Cepentue, Peligrus, Keep Moving, Vanen, Hacks, Kings Guinet, Golondo, Eldorado also ran. Third race, Welcome Home Handicap, 3-year-olds and up, 6 furlongs—Collopy, 110 (Herbert), 7 to 1, 2 to 1, 4 to 5, 1; Charlie Eastman, 105 (G. Burns), 7 to 2, even, 1 to 3, 2; Hasty Agnes, 97 (Ganz), 7 to 1, 2 to 1, 7 to 10, 3. Time, 1:12.5. Pinte, Pajarota, Prince Ahmed also ran. Fourth race, selling, 4-year-olds and up, 7 furlongs—Grande Dame, 109 (Ganz), 11 to 10, 1 to 3, out, 1; King Avondale, 116 (Reid), 3 to 2, 2 to 5, out, 2; Ontario, 116 (Hinchcliffe), 5 to 1, even, out, 3. Time, 1:27.5. Kiamesha II, also ran. Fifth race, Civic Holiday Steeplechase Handicap, 4-year-olds and up, about 2 miles—Bergoo, 149 (C. McClain), 3 to 1, even, 1 to 2, 1; Dacia, 140 (Hughes), 4 to 1, 7 to 5, 3 to 5, 2; Pretty Michael, 105 (C. Palmer), 2 to 1, even, 2 to 5, 3. Time, 4:11. Lizzie Flat, Manzano also ran. Harrington threw rider at first jump. Reginald bolted at fifth jump. Pretty Michael and Reginald coupled. Sixth race, 2-year-old fillies, 5 1/2 furlongs—Patsalaga, 105 (Rice), 9 to 5, 2 to 1, 1 to 3, 1; Amanda Lee, 105 (Howard), 5 to 1, 8 to 5, 7 to 10, 2; Autumn Girl, 110 (G. Burns), 6 to 1, 2 to 1, 9 to 10, 3. Time, 1:09. Luverna, Baick Garth, Belle Kingston, Magdalen also ran. Seventh race, selling, 4-year-olds and

FISH FROM THE CLOUDS.

Picked Up on an English Hillside—Instances From India. On Friday last a number of townspeople taking a walk on the slopes of Knocksalter Hill were surprised to see on the grass near Summerhill a large number of very small fish, varying in length from 1 1/2 to 2 inches. The fish appeared to be the young of the herring, and their presence on the hill in considerable numbers created much speculation.

In August, 1904, a shower of herring fry was experienced at the head of Longrow, but there was no doubt as to whence the miniature fish had come, for they fell from above on the hats and clothing of several men, and at the time a small black cloud of remarkable density was directly overhead.

The phenomenon of fish falling from the clouds is, says our contemporary, of more common occurrence than is generally supposed. It is undoubtedly due to some small fry of fishes having been lifted from the water and carried over dry land by what is popularly known as a waterspout.

Many cases are reported from abroad, and they are common in India. Last year Gaitness reported a shower of small fishes, which were identified as herring fry, and there was also a similar occurrence in Ross shire.

Frogs, insects and other living creatures have also been known to be thus transported through the air.—Campbelltown Courier.

INTERESTING CHANGES IN BASKETBALL RULES.

The rules governing the game of basketball in the United States have been revised by the national committee of six. The changes are numerous, and will interest Canadian followers of the game. Under the new rules the umpire's duties undergo a slight change. He is no longer supposed to watch the man with the ball and his opponent, but the other eight men in the game. The holding and rough play which have developed as a result of the fact that both the umpires have in the past watched the struggle over the ball will, it is expected, be eliminated by the new ruling. This will also make the referee work harder than ever to catch fouls. In the future the scorekeepers will be obliged to compare the score after each goal, and in case they do not tally call the referee immediately. The referee must otherwise accept the larger score. The committee made a change in the rules for dribbling which is of great importance. Now if the player who is dribbling the ball down the field stops and holds the ball at rest, in one or both hands, he will be obliged to throw

it for the goal or to another player. If he wishes to continue the dribbling after stopping, he must keep the ball bouncing up and down as he stands.

MUST NOT TOUCH.

Formerly, if three players put their hands on the ball at once, the side having two men touch the ball fouled. Now if two players are struggling for possession of the ball a third man who comes into bodily contact with either of them is penalized, but he may reach under them and secure the ball without a foul if he does not touch them. If the referee calls "Play ball!" and the members of a team for some reason fail to take their places at the end of the minute, the referee will throw the ball into the air and the play is started anyway. An important change was made in the boundary line. In the past the line has been inside. Now any player or the ball touching the line at all is outside. The ball is outside if a player standing on the side seizes the ball or if it is thrown to him. Glass backgrounds for the baskets are legalized under the new rules. These have until now been illegal.

HOW TEAMS IN THE BIG LEAGUES STAND

Table with columns for Eastern, American, and National leagues, listing teams, wins, losses, and percentages.

The new Fall and Winter Fashions for men are shown to advantage in the Semi-ready Tailoring styles now on view.

You expect "something better" from "Semi-ready," and you shall not be disappointed.

Suits begin at \$15 in value—and go as high as quality goes in the tailoring world—from \$30 to \$35—the values that retail tailors consider too expensive.

Joseph McClung, 46 James St. North

MANY RECORDS BROKEN AT GAMES IN MONTREAL.

Lunghi, of Italy, in the Quarter Mile and Sheridan of America and Ireland in the Weights.

The smashing of the world's records for the half mile and the discus events were the features of the Canadian amateur track and field championship meeting held at the Montreal Amateur Athletic Association grounds yesterday. Lunghi, the Italian runner of the Irish American A. C., captured the half mile in 1:52 4-5, three-fifths of a second better than the time made by Kilpatrick in New York in 1895. In the discus Martin Sheridan, of the Irish-Americans, in three exhibition throws held by the consent of the referees after a competition, in which Sheridan had thrown 134 6/8, cleared 139 feet 10 1/2 in. Canadian records were broken in the three miles, the quarter mile and the hammer events. The Irish-American A. C. cleaned up everything, their aggregate points amounting to 67, and their nearest competitor, the New York A. C., with 12. Summary: 100 yards run, first heat—1, J. J. Archer, Irish-American A. C.; 2, F. Lukeman, Time 1:0 1-5. Second heat—1, N. A. Sherman, Boston A. C.; 2, J. Eller, Irish-American A. C.; Time 1:0 1-5. Third heat—1, J. W. Rosenberger, Irish-American A. C.; 2, J. W. Hartman, N.Y.A.C. Time 1:0 1-5. Final, 100 yards run—1, J. M. Rosenberger, I.A.A.C.; 2, N. A. Sherman, Boston; 3, J. J. Archer, Irish-American A. C.; Time 1:0 1-5. One mile run—1, A. R. Viviat, Irish-American A. C.; 2, J. Bromfield, Irish-American A. C.; 3, Joe E. Ballard, Boston A.A. Time 4:33 1-5. Pole vault (for height)—1, W. Hap-

penny, M.A.A.A.; 2, C. Allen, Irish-American A. C.; 3, S. C. Lawrence, Boston, A.A. Height 11 feet 9 inches. Putting the 16-pound shot—1, Russell Lawrence, N.Y.A.C., 47 ft. 1 1/2 in.; 2, P. McDonald, Irish-American A. C., 45 feet 0 1/4 inches. 220 yards run, first heat—1, J. J. Archer, Irish-American A. C.; 2, Stanley Llewellyn, Boston A.A. Time 22 4-5 secs. 220 yards run, second heat—Leroy B. Dorland, Pastime A.C., New York, and N. A. Sherman, equal. Third heat, 220 yards run—1, J. J. Eller, Irish-American A. C.; 2, F. P. O'Hara, Boston A.A. Time 22 2/5 secs. Throwing the discus—1, M. J. Sheridan, Irish-American A. C.; 2, J. H. Duncan, Mohawk A.C.; 3, D. J. Cable, M.A. Distance 134 feet 6 1/2 inches. Final heat, 220 yards run—1, Leroy B. Dorland, Pastime A.C., N.Y.; 2, J. J. Archer, Irish A.A.C.; 3, N. A. Sherman, Boston A.A. Time 22 1-5 secs. 880 yards run—1, E. Lunghi, Irish A.A.C.; 2, F. A. Riley, Irish A.A.C.; 3, H. Herbert, National A.A. Time 1:52 4-5 (world's record).

Running high jump—1, H. F. Porter, Irish-American A. C.; 2, Egan R. Erickson, Mott Haven A. C.; 3, S. C. Lawrence, Boston A.C. Height 6 feet 2 inches. Throwing 16-lb. hammer—1, J. J. Flanagan, Irish-American A. C.; 2, B. F. Sherman, Boston (unattached); 3, Z. Desmarreau, M.A.A.A. Distance 172 ft. 6 in. Three mile run—1, J. P. Sullivan, Irish-American A. C.; 2, T. J. Collins, Irish-American A. C.; 3, W. J. Kramer, Acorn A. C., Brooklyn. Time 15:53 3-5 (new American record).

DON'T WANT TO FOOL WITH THIS NIGGER.

Stanley Ketchel, the handsome and talented Western gent, is rapidly removing the ongle from longwang in order that he may present to Mr. S. Langford a front which contains nothing but bone and sinew. Some people hint that Sam Langford cannot hit. It is very true that he has fought several fights in which his right hand was anchored to an agreement, but any time that Mr. Langford has been out to win he has been able to hit, and hit a plenty. Evidently there was no string attached to Sam's mitt when he met that tough trial horse, Jim Flynn, whose other name sounds like an entree at an Italian restaurant.

Jim Flynn was, and still is, a hard citizen. Pueblo people recall the day that Jim secured work at a smelter in that smoky Western city. The job was supposed to be a man-killer, and Flynn showed great speed for about three days. At the end of that time he ambled through the Italian portion of the city, clad in his loudest raiment.

"Whass a mat, Jim, you no work to-day?" asked his friends. "Aw, I'm laying off," answered Jimmy. "I got me three mules workin' in me place!"

When Flynn took to fighting for a living he was slow, and his method of delivering a wallop left no question of his intentions. Other men telegraph their blows in advance. Jim wrapped them up and sent them by slow freight. When it came to blocking punches with his jaw, Jim was in a class by himself. When he fought Tommy Burns, the Canadian hit him not less than 1,000 times on the point, and every punch was a haymaker, yet Flynn stayed on his feet until he toppled over from sheer weariness. They do say that Jim quit that evening but if this was the case nobody, ever blamed him. There were 2,193 people in the house that evening who were

aware that Jim had enough. Jim was the last man to appreciate the situation. Flynn never had more than a few ounces of fighting class, but he had a jaw like a block of hickory, and it took a forty-ton power to send him fluttering to the canvas. He fought Johnson when the present champion was hitting the pork and bean circuit and taking off his hat to cheap managers. It took Johnson eleven rounds to settle Flynn, but when the end came there was no question about it. One punch did the work.

Later Flynn fought Langford, which is the point we have been bringing out in this argument. Flynn came dancing out of his corner and into the centre of the ring. Langford let fly at him with one punch and down went Flynn, cold as a last season's mackerel. His seconds carried him away and spent some time in renovating him. The work had been done in a clean, scientific manner, and any man who can drop Andrew Chiraglian—yep, that's his real name—in one punch is a man to be respected, if not greatly loved and admired.

Ketchel will do well to get himself into shape for some battle when he meets this 5'4" gent from Boston. As a fighter, there may be some few insects on Mr. Langford, but there is nothing whatever the matter with his right hand when the same is not tied up by an agreement to be public favorite. There is something about the personality of this big kid which makes friends for him. He has none of the affectations and symptoms of swelled head, which make other fighters such pestilences. He is a simple, natural boy, with a boy's liking for fun and a good time. This has worked against him in the past. At least twice he has suffered from overconfidence and the lack of a careful preparation for what turned out to be an important contest. He cannot afford to be careless with Samuel, for in Langford he faces a man no whit less dangerous than Jack Johnson himself.

This and That. There are 250,000 words in the English language. Boys' hair grows at half the rate of that of girls. In the Russian secret service there are 600 women. The making of chinaware is the oldest of all industries. Transvaal gold averages half an ounce to the ton of quartz. Large elephants weigh six tons; large whales 150 tons. According to Dr. J. E. Squire, the ideal meal consists of bread, butter and cheese.

More than one-fourth of the world's coal production comes from the United Kingdom. In Germany, if a doctor is wanted suddenly in the night, one goes to the nearest emergency station and fetches one of the several doctors who are always doing their turn of night duty. Young Saphedde had taken Miss Cautious to the Zoo. "Oh, I just love monkeys," she exclaimed. "If I should offer you a monkey would you accept it?" he asked. "Oh, Mr. Saphedde, this is so sudden," she replied.

GRIDIRON GOSSIP

Lorne Graham has declined to take over the management of the intermediate Tigers and the executive is now on a still hunt for a capable man.

The Tigers will hold another practice this afternoon, and as the weather is much cooler, the seniors will have no excuse for not turning out.

A Dundas despatch states that the Dundas Rugby Club met last night and organized for the coming season, but as to which series the team will play in was left over till the executive committee could ascertain whether the senior O. R. F. U. series would be a fixture or not.

Manager Wright, of the Argos, introduced another stranger to the gang last night in Jack Corkery, of Peterboro, who played such a star game for Ottawa College at left half last fall.

The Varsity Rugby Club will hold their initial practice next Monday night, when all candidates are requested to turn out to practice.

The Rugby situation at present is in rather a muddled condition, as far as the junior and intermediate teams go.

claim all the junior teams, but the matter will hardly be settled until the end of the week, when the I. R. F. U. western district meeting will be held.

The first practice for Queen's is billed for September 20. Crawford Williams, Leckie, Moran, Thompson and McCann of last year's senior team are expected.

Parkdale Canoe Club are insisting that the senior teams of the O. R. F. U. deposit a guarantee with the Union that they will finish out the schedule.

The Argos are said to be in need of a good centre half to make the team strong in all departments.

Emmerson, of Cincinnati, is turning out with Ottawa, and gives promise as a wing man.

Kingston has the material for a senior O. R. F. U. team, but it needs somebody to get things going.

Kingston, Ont., Sept. 16.—Kingston has a team in the senior O. R. F. U. series if the sports will get together and work. There is abundant material, men ready to play if a good management can be secured.

From present outlook Queen's are going to have a fast senior team even with severe losses sustained in the number of players who graduated.

All those interested in football are urged to attend a meeting in the boys' parlor of Central Y. M. C. A. to-night at 7.45 o'clock.

CHANGE IN CHURCH YEAR.

Victoria Avenue Baptists Held Annual Meeting Last Night.

Victoria Avenue Baptist Church recently decided to change the church year to end, Sept. 30th, instead of Dec. 31st, and last night the election of officers was held, and resulted as follows:

Clerk—C. A. Challen. Treasurer—H. B. Marshall. Financial Secretary—John A. Jones. Deacons—Geo. Greig (honorary), Messrs. Houlding, Colvin, Peebles, Smith, Challen, Wilson and Blandford.

Board of Management—Trustees, Treasurer, Financial Secretary, and Messrs. VanKlee, Hawkins, Faulkner, Peterson, Ackett, Bowler, Cole, Cousins, Clement, Gleadow, Hartley, Jagger, Long, Maewes, Patterson, Sawdon, Shuttleworth, Waite, Fair, Wells and Wilkes.

Prayer Meeting Pianists—Misses N. E. Bradt and S. Peast. Sunday School Superintendent—Mr. John Peebles.

Financial Representative of the Canadian Baptist—S. A. Brown. Report of the Canadian Baptist—H. E. Stenhouse.

Representatives of the Church Extension Board—Messrs. Koepke, Blandford, Challen and Jones.

Music Committee—Messrs. Peebles, Jones and Koepke.

Committee of Attention to Strangers—Messrs. Fair, Patterson, Sawdon, Peebles, Long, Blandford, Stenhouse, Hawkin, Skelton, J. W. Birdall, Hartley, Davis, Gillard, Mesdames Jackson, H. E. Sherk, Fair, Stenhouse, Sawdon, Blandford, Houlding, Colvin, Birdall, Wilson, Davis, Connell, McLellan, Gillard, Misses M. Macphee and B. Patterson.

A chairman of Committee—H. F. Stenhouse. Secretary of Committee—John A. Jones.

The annual roll call and banquet will be held on Wednesday, Oct. 13th, when every member will be expected to be present or heard from by letter.

MARKETS AND FINANCE

Thursday, Sept. 15.—Large quantities of produce were offered on Central Market this morning and although the demand was poor and sales slow the prices remained unchanged.

Receipts of live stock at the Union Stock Yards on Wednesday were 26 cattle, 1,237 sheep and lambs. The following are some sales that took place on Tuesday:

Alva Levek bought one load butchers at \$4.50 to \$5.25. H. Hunsicker bought one load butchers at \$4.50; several loads at \$5.30 to \$5.35.

Wheat, white, new, \$1.00 to \$1.00. Do., red, new, \$1.00 to \$1.00. Do., goose, \$0.95 to \$0.95.

Barley, bushel, \$0.54 to \$0.55. Rye, bushel, \$0.68 to \$0.70. Hay, timothy, ton, \$18.00 to \$20.00.

Straw, per ton, \$15.00 to \$15.00. Butter, dozen, \$2.25 to \$2.25. Do., inferior, \$0.18 to \$0.21.

Chickens, lb., \$0.25 to \$0.30. Ducks, pair, \$1.25 to \$1.40. Poultry, \$0.75 to \$1.25.

Apples, basket, \$0.15 to \$0.25. Peaches, basket, \$0.20 to \$0.30. Potatoes, basket, \$0.25 to \$0.30.

Onions, basket, \$0.15 to \$0.20. Carrots, basket, \$0.10 to \$0.12. Egg plant, basket, \$0.15 to \$0.15.

Smoked Meats. Fair supply, demand small, prices steady. Bacon sides, \$0.15 to \$0.18.

Flowers. Palm, \$1.00 to \$1.25. Begonias, \$0.15 to \$0.25. Ferns, \$0.15 to \$0.25.

Meats. Good supply and demand. Beef higher. Pork, \$0.15 to \$0.20.

Grain Market. Barley, \$0.60 to \$0.65. Oats, \$0.40 to \$0.45. Rye, \$0.50 to \$0.55.

Hay and Wood. Straw, per ton, \$8.00 to \$9.00. Hay, per ton, \$14.00 to \$16.00.

The Navel Orange. The first we know of the navel orange, which is very valuable not only on account of its fine quality and taste, but also because of its being seedless.

Oriental Greetings. Some of the Oriental modes of salutation are very peculiar. For instance, in central Tibet, the custom is for the saluter to stick out his tongue, hold his right ear, rub his left hip, and bow deeply.

Butchers—George Rowntree bought for the Harris Abattoir Company on Tuesday and Wednesday, 770 cattle—Butchers' steers and heifers, \$4.80 to \$5.60; cows, \$1.50 to \$4.85; bulls, \$2.25 to \$5 per cwt.

Milkers and Springers—Trade steady for milkers and springers, at about \$35 to \$65 each, but few reach the latter price.

Sheep and Lambs—Ewes sold at \$3.50 to \$4; culls and rams, \$2.50 to \$3 per cwt; lambs were easier, selling to-day at \$3.25 to \$5.75 per cwt.

Hogs—H. P. Kennedy reports selects at \$8.65, fed and watered at the market, and \$8.25 for cars. In some places \$8.25 per cwt, is being paid the farmers.

UNION STOCK YARDS. Receipts of live stock at the Union Stock Yards on Wednesday were 26 cattle, 1,237 sheep and lambs.

THE FARMERS' MARKET. The grain receipts continue small. Wheat steady, with sales of 300 bushels of fall at \$1.00 per bushel.

THE FRUIT MARKET. Receipts were less plentiful and prices generally unchanged. Lawsons, quart, \$0.60 to \$0.60.

NEW YORK STOCK MARKET. Sugar—Raw, steady; fair refining, 3.65 to 3.70; centrifugal, 96 test, 4.17 to 4.20; molasses sugar, 3.42 to 3.45; refined steady.

MONTREAL LIFE STOCK. Montreal—At the Canadian Pacific live stock market this morning the offerings were 1,200 cattle, 500 sheep, 650 lambs, 1,200 hogs and 300 calves.

OTHER MARKETS. WHEAT—October 9-12, December 93-18, May 98-18, October 31-8, December 33c.

NEW YORK STOCK MARKET. Sugar—Raw, steady; fair refining, 3.65 to 3.70; centrifugal, 96 test, 4.17 to 4.20; molasses sugar, 3.42 to 3.45; refined steady.

MONTREAL LIFE STOCK. Montreal—At the Canadian Pacific live stock market this morning the offerings were 1,200 cattle, 500 sheep, 650 lambs, 1,200 hogs and 300 calves.

average. The corn crop is officially placed at 132,000,000 bushels. Last year the crop was officially given at 138,000,000 bushels.

Roumania—General rain is needed. Harvesting indications for both wheat and corn continue disappointing.

Russia—Our own agents report as follows: In the southeast and southwest the wheat and barley crops are in good condition, with large yields and free movement, with the quality good.

Denmark—The harvesting of the crop is very late. The official estimate regarding the corn surplus has been reduced to 2,400,000 bushels.

South Africa—The official estimate regarding the corn surplus has been reduced to 2,400,000 bushels.

COBALT STOCKS. A surprising dulness has come over the Mining Market in Toronto, and brokers are at a loss to find a reason for it.

There was little feature to the market yesterday. La Rose was again in good demand, and Crown Reserve sold at 4.05.

LIKE THE CZAR.

President Taft Will be Protected From Anarchists.

Great Turn Out of Policemen in Chicago Reception.

Chicago, Sept. 16.—Chicago started early to-day in its preparations to receive President Taft. The police, school children and reception committees were abroad almost with the sun.

The street cars were fairly swamped with them. When the children were all at their posts along the line of march there were fifteen solid miles of them.

Each child wore a badge bearing the city's emblematic "Y," embracing a large "T," and carried an American flag.

More than 2,000 policemen were used in the effort to protect the president. Aside from certain strike details this is the largest assignment of police ever seen in Chicago.

WERE BAD. Cemetery Monuments That Derided Christian Religion.

Feared the Wrath of God Would Descend Upon Them.

Kenosha, Wis., Sept. 16. Lewis Knapp, a late pioneer resident of Kenosha, who erected a series of inscribed monuments in the Kenosha city cemetery, to show his derision of the Christian church, will fail of his purpose, as it is announced to-day that eight monuments, which have stood in the cemetery for more than thirty years, will be taken down and destroyed.

For years Knapp worked on the composing of the agnostic inscriptions on the monuments and when they were completed they made up one of the most remarkable arrangements of the Christian religion known to history.

Men have come thousands of miles to read and copy the strange inscriptions, and it is declared that when they were sent to a foundry to be cast upon monuments of a metal, which would withstand fire as well as the effects of the elements, the men working in the factory went on a strike, because they feared that the handling of such matter would call down the wrath of God upon them.

The monuments of Knapp are not in sympathy with many of his beliefs, and they yesterday signed an agreement that the monuments be taken out, broken into small pieces, and the debris either buried or thrown into the lake.

Tracking Deer. Considering the individual track, the hoof of the Virginia deer evidently spreads easier than that of any other member of the family, except moose and caribou.

The remains of Helen Grace Dennis were taken to Simons on the 9 a. m. train to-day and interment took place there this afternoon.

The funeral of Madeline Agnes Vollett, which took place yesterday afternoon from her parents' residence, 221 Locke street, was largely attended.

The funeral of Alma Tautly took place this afternoon from her late residence, 406 Catharine street north, to St. Luke's Church, thence to Hamilton Cemetery.

NEWS IN BRIEF

Rev. Robert Hamilton, D. D., died at Stratford.

The Queen's Own Rifles held their first parade of the season.

The Lavalor building and its site, Toronto, have been sold for \$500,000.

An attempt was made to blow up a railway bridge at Westbrook, N. S.

Lightning caused much damage in western Ontario. A number of barns were burned.

The C. N. R. and C. P. R. are anxious to secure leases of timber berths from which to cut ties.

David Blumenthal died of injuries received while attempting to board a moving street car at Toronto.

A report from St. John's, Nfld., says that Commander Peary has settled upon a trip to the south pole.

Winnipeg is applying to the Militia Department for permission to organize a regiment of Highlanders in that city.

Pte. George Woodward, R. C. D., and Herbert Wilkinson were arrested on a charge of blowing up a Toronto restaurant.

Toronto's share of percentage and mileage rentals from the Toronto Railway for the year ending August 31 was \$576,825.

Canadian shipping men are agitating for retaliatory legislation against the United States tax on foreign vessels calling at its ports.

Attorney-General Foy refused the request of Mrs. Felker, of Gainsboro Township, for a fiat to enter action against the Power Commission.

The Buffalo Republicans have nominated Councilman Jacob J. Siegrist, a merchant, for Mayor, and the Democrats Alderman Louis P. Fuhrman, a wholesale meat packer.

A tender of \$113,111 was accepted for the Provincial mine. Other Gillies limit lots brought \$108,943. A royalty of 10 per cent. on the gross proceeds of one sale will be exacted.

Arrangements for the entertainment of the 500 delegates to the forthcoming convention of the American Federation of Labor, which opens in Toronto on November 8th, are now complete.

Thos. A. Lindsay, iron from whom the A. E. Rea Co., Toronto, lately purchased the large local departmental store, corner of Sussex and Bloor streets, Ottawa, died yesterday of Bright's disease. He had been ill four months.

Mayor Douglas yesterday received a letter from J. F. Langan, of Calgary, stating that on account of lack of terminal facilities in Vancouver the operation of the new grain route this way has been abandoned. Shipments will continue via Fort William.

True bills were brought by the Toronto grand jury against Geo. T. Stead, bigamy; Hiram Baker, false pretences, and John Hancock, indecent assault on a three-year-old girl. The jury found no bill against T. S. T. Hensworth, charged with theft.

Beatrice Martin, a married woman 41 years of age and mother of two children, was allowed out on suspended sentence after pleading guilty at Toronto to stealing a necktie, two brooches and a set of shirt studs from the T. Eaton Co., Limited.

The population of London is 49,507, according to the returns completed today by Assessment Commissioner Grant. The gain during the year was 76, the smallest of which is attributed to the movement of population to suburbs just outside the city.

The Provincial Treasury will collect about \$12,500 in succession duties on the estate of the late Henry M. Pellatt, of Toronto, who died some months ago. The papers, which have been received by the succession duties branch of the Treasury, fix the taxable value of the estate at \$250,000.

Mr. A. S. Henshaw, manager of the Bank of Montreal, at Montreal, who was injured by an electric light pole at the fire on Monday night, died last evening. A fractured rib pierced the lung, pneumonia developed and nothing could be done to save his life. The remains were conveyed to Montreal for interment.

Signor Carlo Cattapan appeared in the Court of General Sessions, Toronto, yesterday morning, and through his counsel, T. G. Robinette, K. C., put in a plea of not guilty of the serious crimes charged on the grounds of insanity. He elected to be tried before Judge Winchester without a jury on Monday.

E. M. Smith, of Peterboro, had his leg badly crushed in a street car accident at Ottawa yesterday afternoon. Two cars collided on the curve at Nicholas and Rideau streets, and Mr. Smith, who was a passenger and seated upon the front seat of one of the cars, was injured. Amputation will not be necessary.

Some of the handlock men arrested in the last raid made by the Toronto detective department may serve a term unless the Court of Appeal upsets the convictions made by Colonel Denison. "I shall feel disposed to impose terms of imprisonment without the option of a fine," said the magistrate yesterday. "For we must try to stop this evil in some way or other, and when we prove that a better business is being carried on, the sentence should be severe."

ELOPED FROM ENGLAND. English Couple Arrested at Windsor Station, Montreal.

Montreal, Sept. 15.—Local detectives have arrested Frank Farrar and Miss Flossie Gull, a young lady with whom he was eloping. They eloped from London, England, three months ago and have been followed ever since by the girl's mother. The pair were caught and detained by the police shortly after 8 o'clock last night in the waiting room of the Windsor street station. A telegram was immediately despatched to the mother, who was searching Buffalo, and she is now on her way to Montreal to reclaim her daughter and take her back to England.

Miss Gull and Farrar were discovered in a nervous state talking together in a corner of the large waiting-room. It was easily seen that they were strangers in the city, and they were undressed where to go. Farrar, who is about 34 years of age, and the girl did not resist when the special constable revealed his identity, and walked along to the police headquarters. When the pair were taken before Chief Detective Carpenter it was stated that they announced their intention of getting married and that the girl still stood by Farrar. Mrs. Gull was communicated with, and it was stated that she would leave Buffalo immediately to join her daughter here.

NO ASIATIC LABOR.

Government Will Refuse Request, But Will Extend Time.

Ottawa, Sept. 15.—The Free Press, the Government organ, says it can be definitely promised that no action will be taken by the Government as to the use of Asiatic labor on the mountain section of the G. T. P. until there is a full meeting of the Cabinet, and that it is highly improbable that any such permission will be granted.

In view of the delay which the collapse of the Quebec bridge entails in the completion of the Transcontinental, there is not the same need for the speedy completion of the mountain section as might otherwise have been the case, and it is quite probable that a compromise will be reached by giving the company an extension of time for the completion of that section.

PIERCED LUNG.

Muskoka Farmer Accidentally Shot by Companion.

Huntsville, Ont., Sept. 15.—Last Thursday afternoon Gilbert Moore, a successful farmer and lumberman, in company with a young man named Dan Spencer, went into the bush to examine some bark and logs he was having skidded for drawing. As is the custom with Muskoka farmers when travelling through the bush, each man carried a gun. Moore was a little in advance of his companion, and after crossing a brush fence, he turned round to see him get over. The latter was carrying his gun muzzle foremost. In crossing the fence the hammer caught on the fence and discharged the gun, the contents entering the right lung of Moore. Spencer hastened for help and for a doctor. Moore was carried into his house. He died on Saturday morning.

FATAL FIGHT.

VERDICT ON TORONTO LAD WHO DIED AT CHEMONG PARK.

His Adversary on Stand—Says After Struggle, Bolland Wrestled Him for Five Dollars—Tells Story of Fight.

Peterborough, Sept. 15.—That Arthur Bolland came to his death on Aug. 27 indirectly from the result of a fight he had at Chemong Park on Monday, Aug. 23, was the verdict to-night of the jury empanelled to enquire into the death of the unfortunate Toronto young man. There were fourteen on the jury, and there was one dissenting voice to the conclusion arrived at.

Fred Jopling, who was the first witness, refused to testify when first called on the grounds that the might incriminate himself. On Crown Attorney Woods' assurance that nothing he said would be used against him in any trial that might take place, he told his story of the fight.

He said that, accompanied by his brother Harry, he had followed Bolland, Marks and Miss Minns through the park the night the fight occurred to find out why Bolland was going to give the younger Jopling a thrashing. When they caught up with the Bolland party Bolland turned around and rushed at Harry Jopling and put him down. Fred then interfered and Bolland said he could "lick anything at Bridgenorth."

Jopling said, "Let her go," and the fight then took place. Jopling turned Bolland over and hit him once on the head. The hold he used, witness said, was an ordinary one used in wrestling. Bolland appeared to give in, and witness let him up. Bolland then challenged Jopling to wrestle for \$5, and it was accepted. Jopling threw Bolland once and Bolland threw Jopling the second time. Jopling said he threw Bolland hard. Witness said he did not bite Bolland or use any unfair holds.

Coroner (great objecting to protests against the coroner cross-examining Fred Jopling from D. O'Connell, counsel for Jopling, and told the lawyer "to keep his mouth shut or leave the court room." Mr. O'Connell said he would report the coroner to the Attorney-General's Department.

CRUISER CANADA.

May Go on Service on the Great Lakes.

Halifax, Sept. 15.—Some changes in the Marine Department shipping in this district are expected for the next season. One story is to the effect that the cruiser Canada, the flagship of the Canadian navy, and protector of fisheries along the Nova Scotia coast, will plow the sea waters no longer. The cruiser went to Quebec a short time ago and conveyed Admiral Kingsmill to Montreal, and rumor now has it that she will go on service in the great lakes hereafter.

Commander Knowlton and his crew will return here later on and go into winter quarters at the dockyard. The report further goes that hereafter the fisheries in this vicinity will be protected by two small cruisers or gunboats, one of which will be officered and manned by Captain Knowlton and his crew, the latter being drilled at the dockyard during the winter.

THE SCOTT TRAGEDY.

Mrs. Scott May Plead Self Defence as an Excuse.

London, Sept. 16.—There is still a good deal of interest centring around the probable defence in the case of Mrs. Wesley Scott, accused of the murder of her father-in-law, Harvey Scott.

In her quarters it is thought that owing to the treatment the woman had received from the murdered man the plea will probably be that of self-defence. If this should be the case, the revolver with which the deed was committed will be a material part of the evidence.

Mrs. Scott, the husband, says that the revolver had been in the house for a long time. When asked as to why he kept a revolver he replied that all the farmers did so. "You never know when you might need it," he concluded.

The question of where the revolver was just before the shooting will also be of great importance, and what means Mr. Scott had to take to get it. If it is proved that the revolver was immediately at hand the self-defence plea would naturally be stronger than if the weapon had to be sought for in some distant part of the house.

The position in which the body was found also leads to a good deal of interest, should this plea be presented.

The deceased came around to the left of the house, and so as he approached the doorway was facing it, and the wound inflicted could not have been made, it is alleged, unless he had gone past the door or had turned his back when he saw the revolver in Mrs. Scott's hand.

ACID THROWER.

Sentence Suspended on Young Woman Who Avenged Insults.

Kingston, Sept. 16.—"He ruined my life, and I intended to ruin his." Thus spoke Mrs. Flossie Taylor, aged 18 and pretty, as she stood in police court charged with assaulting Percy Willis by throwing carbolic acid at him. Willis escaped serious burns. Mrs. Taylor kept company with Willis before marrying Mr. Taylor, and alleges that Willis laughed and jeered at her on the street. Judge Price allowed her to go on suspended sentence.

IMPERIAL PREFERENCE.

Discussed by Chambers of Commerce of the Empire.

Sydney, N. S. W., Sept. 15.—The Congress of the Chambers of Commerce of the Empire today discussed the London Chamber's resolution in favor of Imperial preference. This is the first time that London has given official sanction to such a proposal. Mr. Harry Cockshutt, of Bradford, urged preferential arrangements for the common good of the family. Sir A. Spicer, as London's representative, would vote for the resolution, though personally a free trader. The opinion was expressed that public feeling in England is rising by leaps and bounds in favor of preference. Others urged the danger to the unity of the Empire.

READS AND SEWS AT 98

Winsted, Conn.—Her mind still bright and eyesight unimpaired, Mrs. Emeline Kellogg recently celebrated her ninety-eighth birthday. Aside from being a little deaf, Mrs. Kellogg is as well as she was half a century ago. Most of her time is spent in reading and sewing. Old age should be a happy, healthy age. We all could grow old gracefully and probably live to be a hundred, did we jealously guard our most valuable possession—our health—in youth and middle age.

At the first sign of Constipation, Biliousness, Indigestion, Headache, Stomach or Skin Trouble, "Fruit-atives" should be taken. "Fruit-atives," or fruit juice tablets, not only cure the specific trouble, but also so strengthen and invigorate the entire system that there is a marked improvement in the general health.

A little care and "Fruit-atives," taken regularly, are all that is needed to bring most of us to a ripe old age. 50c a box—6 for \$2.50—trial box, 25c. At dealers or from Fruit-atives Limited, Ottawa.

FATAL FIGHT.

VERDICT ON TORONTO LAD WHO DIED AT CHEMONG PARK.

His Adversary on Stand—Says After Struggle, Bolland Wrestled Him for Five Dollars—Tells Story of Fight.

Peterborough, Sept. 15.—That Arthur Bolland came to his death on Aug. 27 indirectly from the result of a fight he had at Chemong Park on Monday, Aug. 23, was the verdict to-night of the jury empanelled to enquire into the death of the unfortunate Toronto young man. There were fourteen on the jury, and there was one dissenting voice to the conclusion arrived at.

Fred Jopling, who was the first witness, refused to testify when first called on the grounds that the might incriminate himself. On Crown Attorney Woods' assurance that nothing he said would be used against him in any trial that might take place, he told his story of the fight.

He said that, accompanied by his brother Harry, he had followed Bolland, Marks and Miss Minns through the park the night the fight occurred to find out why Bolland was going to give the younger Jopling a thrashing. When they caught up with the Bolland party Bolland turned around and rushed at Harry Jopling and put him down. Fred then interfered and Bolland said he could "lick anything at Bridgenorth."

Jopling said, "Let her go," and the fight then took place. Jopling turned Bolland over and hit him once on the head. The hold he used, witness said, was an ordinary one used in wrestling. Bolland appeared to give in, and witness let him up. Bolland then challenged Jopling to wrestle for \$5, and it was accepted. Jopling threw Bolland once and Bolland threw Jopling the second time. Jopling said he threw Bolland hard. Witness said he did not bite Bolland or use any unfair holds.

Fisherville

Miss Clara Nablo, of Buffalo, is visiting at the parental home.

Postmaster James Paterson has engaged the services of Miss Bradley, of Nanticoke, as clerk and assistant in the postoffice here.

Mr. Ed. Hunsinger is engaged as clerk with Mr. Carl Hartwick.

Threshing of grain and clover seeds is in active progress now. The seed-cleaning establishment is running almost day and night.

Mrs. Geo. A. Nablo has left for a few days sojourning in the old home at Niagara Falls.

A large quantity of gas piping for a gas main from the Selkirk fields to Dunville is being conveyed from the railroad station daily.

Mr. Kelky has erected an up-to-date lime kiln on his farm near Selkirk. The fuel used is natural gas.

Full wheat sowing is completed. The acreage sown is somewhat larger than last year.

Winslow

Weddings are coming very thick. Anniversary services at Merritt's next Sunday.

The attendance was very large at the funeral of Mrs. John Shrum on Saturday last.

The many friends of Miss Annie Teft are glad to see her able to be out again after a severe illness of about two weeks.

Miss Etta Griffin returned home after a stay of two weeks in Toronto. No church services here next Sunday.

Mr. and Mrs. George Lounsbury, of Warner, visited friends at this place on Sunday last.

Mr. E. Nevels is getting along fine with his seedling.

Mr. Peter Furler has completed his having.

Mr. M. B. Cosby and family, of Smithville, visited at this place on Sunday.

Miss Mary Winslow, of Toronto, is visiting her parents at this place.

On account of the long drought the pasture is gone and many farmers are quarantering to feed their stock.

Quarterly services at Attercliffe Station next Sunday; three services.

Valens

A number from here attended the ball game given by the Morristown on Monday last.

Miss Gertrude Moore, of Dundas, was the guest of her sister, Miss S. Moore, here for a few days last week.

Miss Elsie Valens attended the Toronto Exhibition last week, and while there took part in the churning contest.

Cheapside

Mrs. (Dr.) Sherk left on Thursday last to spend a fortnight with her daughter, Mrs. (Rev.) S. Laidman, of St. David's.

Mr. Ernest Buckley and Mrs. Wm. Wardell and daughter attended the Toronto Fair last week.

Miss Paulina Weidner came home on Friday last after attending Toronto Fair and visiting friends in Hagersville.

Mrs. Frank Tyrrell spent Saturday at Mrs. S. Day's.

On Friday last the infant daughter of Mr. Wesley Buckley was buried in the M. E. graveyard. Funeral services were conducted at the house by Rev. Mr. Monsinger.

Mr. James Johnson and wife, Nanticoke, and Mr. and Mrs. Chauncey Evans spent Sunday at Mrs. Geo. Metcalfe's.

Mr. and Mrs. Craig and children, of Bradford, returned home after spending a week at Mr. Armstrong's, at this place.

Quite a number from here attended the lawn social under the auspices of the Anglican Church, held on Mr. John Evans' lawn on Tuesday last.

The stork keeps busy these days. On Tuesday last a baby girl was left at the home of Mr. Lewis Buckley.

Mr. and Mrs. Stephenson left for their home in London after a month's vacation with her sister, Mrs. (Dr.) Sherk. Mrs. Hawthorne and Mrs. William Tyrrell spent Thursday at Mrs. F. Awe's.

Miss Martha Stillwell returned on Wednesday last after visiting Springfield, Aylmer, and other points west.

Mrs. James Hewitt, Sandusky, spent last week with her sister, Mrs. Lewis Buckley.

Mr. and Mrs. Abe High, South Cayuga, spent Sunday at Mr. James Armstrong's.

Mrs. Ed. Day and daughter, Mary, spent Sunday at Mrs. Sam Day's.

Misses Kate and Lucinda Snyder spent Sunday at Mr. Frank Awe's.

Winslow

Weddings are coming very thick. Anniversary services at Merritt's next Sunday.

The attendance was very large at the funeral of Mrs. John Shrum on Saturday last.

The many friends of Miss Annie Teft are glad to see her able to be out again after a severe illness of about two weeks.

Miss Etta Griffin returned home after a stay of two weeks in Toronto. No church services here next Sunday.

Mr. and Mrs. George Lounsbury, of Warner, visited friends at this place on Sunday last.

Mr. E. Nevels is getting along fine with his seedling.

Mr. Peter Furler has completed his having.

Mr. M. B. Cosby and family, of Smithville, visited at this place on Sunday.

Miss Mary Winslow, of Toronto, is visiting her parents at this place.

On account of the long drought the pasture is gone and many farmers are quarantering to feed their stock.

Quarterly services at Attercliffe Station next Sunday; three services.

Valens

A number from here attended the ball game given by the Morristown on Monday last.

Miss Gertrude Moore, of Dundas, was the guest of her sister, Miss S. Moore, here for a few days last week.

Miss Elsie Valens attended the Toronto Exhibition last week, and while there took part in the churning contest.

Miss Black, of Guelph, is visiting at Mr. O'Neil's.

On Friday, Sept. 17, the Valens baseball team purpose playing at Galt with the Main street clerks of that town.

Mrs. David Cudney, of Hamilton, is at present visiting with relatives here. Miss Martha Thomas, of Galt, was the guest last week of Mrs. Wm. Robson of this place.

Expired at Golf.

Death of Mr. W. L. Knowles at Port Credit.

Toronto, Sept. 16.—While taking part in a game at the Mississauga golf links, Port Credit, yesterday afternoon, Mr. W. L. (Dick) Knowles was taken suddenly ill and died before medical aid could be summoned.

For some days Mr. Knowles had not been feeling well, and yesterday began a week's holidays in the hope of improving his health. With some friends he went out to the links, intending to leave today for Muskoka. About 5.30, while enjoying a game, he was suddenly overcome and expired, death being due to heart failure. Deceased, who was in his 52nd year, was a son of the late Richard Knowles, a flour and feed merchant of Yonge street. For thirty-seven years deceased was with R. G. Dun & Company. In his younger days he was a lacrosse player, and was actively identified with the old Toronto Athletic Club. He was also a member of the Mississauga Golf Club, and attended Knox Presbyterian Church.

Stratton's Case. Mr. J. H. Burnham must state whether he objected to answer certain questions on his examination in connection with his petition against Mr. J. R. Stratton's election for West Peterboro. Mr. Justice Magee at Osogode Hall so directed yesterday afternoon, on motion before him, but did not do so in other respects than his previous order. Mr. Burnham therefore need not give the names nor the amounts paid to the detectives employed by him or the conversations had with them, but simply has to state that the payments were for work done as detectives.

"Did you know her when she was young?" "No; I knew her when I was young."—New York Evening Telegram.

Fell from Silo.

Pushinch Farmer Receives Injuries Which May Prove Fatal.

Guelph, Ont., Sept. 15.—An accident occurred near Aberfoyle this morning, by which Christopher Macheth, one of Pushinch Township's best known farmers, received probably fatal injuries by falling from a silo in his barn. Mr. Macheth ascended to the top for the purpose of removing the cover, when it is supposed he either missed his footing or became dizzy and fell to the barn floor beneath, a distance of over 30 feet.

Mrs. John Valens left on Saturday, and will visit Detroit friends.

Miss Carrie Hood is taking a month's holidays with relatives in Michigan.

The Woman's Institute will not hold its regular meeting next week, but will visit the Westover branch on Tuesday, Sept. 28. The meeting will be held at the home of Mrs. James McDonough.

Fell from Silo.

Pushinch Farmer Receives Injuries Which May Prove Fatal.

Guelph, Ont., Sept. 15.—An accident occurred near Aberfoyle this morning, by which Christopher Macheth, one of Pushinch Township's best known farmers, received probably fatal injuries by falling from a silo in his barn. Mr. Macheth ascended to the top for the purpose of removing the cover, when it is supposed he either missed his footing or became dizzy and fell to the barn floor beneath, a distance of over 30 feet.

Mrs. John Valens left on Saturday, and will visit Detroit friends.

Miss Carrie Hood is taking a month's holidays with relatives in Michigan.

The Woman's Institute will not hold its regular meeting next week, but will visit the Westover branch on Tuesday, Sept. 28. The meeting will be held at the home of Mrs. James McDonough.

SUCCESS OF JAP MISSIONS. (Continued from Page 1.) said that if the foreign missionaries were withdrawn from Japan, together with the foreign money, the religion of Jesus Christ has such a hold upon the people that it would go right on until the whole country was under its sway. Rev. Mr. Bates fully endorsed that statement. But the native church still needed outside help, and was urgently appealing not only that the churches of Christian lands, which means the Methodists

FINCH BROTHERS' OPENING DISPLAY.

Magnificent Showing of Autumn Fashions De-lighted the Ladies of Hamilton To-day.

After weeks of careful preparation and months of planning by buyers abroad, this great style function, the opening display, ushers in a great showing of Dame Fashion's latest fancies for the fall and winter season in dress fabrics, dress accessories, wearing apparel and French millinery. The store is in gay holiday attire, every department making special displays, and the new goods sparkle with the brightness of the autumn season. The style supremacy of these new goods cannot be denied. The opening continues to-morrow. The question of our success is in the balance: the people decide—see and judge. Everyone is welcome. Styles shown here are just a little bit different from elsewhere. "Exclusiveness" that's what makes the new designs we show unique and out of the ordinary.

CONCERNING THE MILLINERY.

Individuality is the keynote for style and shape of hats for this autumn season, and whether a hat shall be large or comparatively small, high or low, so long as it follows certain lines, depends much upon the taste of the wearer. Big toque effects, tri-corner shapes, ancient cavalier shapes, and, to the surprise of some, large picture hats in the decided rolling brim, all of which will be fashionable this season, are shown in great profusion. Beaver, silk, moire and velvet hats are in abundance, gold, chamois and French kid being a new style of feet; feathers and plumes, wings, silk velvets, ornaments, especially those of the jet nature, are all brought into use. The color range varies and many new shades are shown, including the new "Regis blue," mustard, Adirondic, Tilleul, mustard and the rose tints. It is the ingenuity and creative ability of such designers as (Camille Rogge, Poissonne, Suzanne, Blum, George, Moisson Virel, Madame Tore, Ester Meyel, Caroline Reboux, Germaine and Maison Lewis, as well as our skilled artists, which makes the styles we show unique and out of the ordinary.

The large cavalier shape is a revival in millinery, a style which increased in favor during the summer; is without doubt the leading design for the autumn. The color range varies and many new shades are shown, including the new "Regis blue," mustard, Adirondic, Tilleul, mustard and the rose tints. It is the ingenuity and creative ability of such designers as (Camille Rogge, Poissonne, Suzanne, Blum, George, Moisson Virel, Madame Tore, Ester Meyel, Caroline Reboux, Germaine and Maison Lewis, as well as our skilled artists, which makes the styles we show unique and out of the ordinary.

It had a rool at the back trimmed with three large plumes, finished with a large ruche of velvet, and caught with two handsome ornaments. Another chic model is that by Caroline Debono, a distinct cavalier shade of black velvet with a high rool at the left side. Beautiful black plumes surmounted the right side, which gave it the appearance of the Napoleon style. Suzanne Blum gives us a unique and stylish toque of crush velvet in the amethyst shade, trimmed at the side with handsome wings. Still another stunning model is one by Esther Meyer, in a rather large shape with a decided rool at the side. It had a rich wistaria butterfly, plain cream with black velvet facing, surmounted with large ostrich plumes, over pooling the sides, a handsome bandeau of jet and silk surrounds the crown, giving it an elegance of style, making it one of the regal modes of the day. Many other Parisian models will invoke much admiration, but they have been brought in to attract the eye of the fastidious.

Withal the display has a distinctive quality of styles, many of which are revived from periods of quaint headgear and others of decidedly modern origin, which makes it out as one of unusual feature and peculiar interest.

THE OUTER GARMENTS.

Those who love the new and beautiful in dress will find much of interest in the new season's display of women's coats, suits and skirts. The garments on exhibition represent the authentic fashions of fall and winter season. In making this collection Finch Bros. have secured a wide variety of styles to suit the masses. The demand for apparel that has individuality has been met in a way that is sure to obtain unqualified approval. The suits are varied, each model to express a style trend of the season, but all naturally follow the long coat and side pleated skirts. Separate coats are also shown to attract much attention, the 30 and 32-inch length gaining in popularity and the new military and mannish effects are very stylish. The separate dress skirt section of this store can by no means be left out of mention, for by their smart, perfect fitting models and moderate price for such styles, it has gained the favor of the women of Hamilton for what is less. Another important display was that of the killed outing coats, which have come in demand for the Canadian outing girl. They were shown in the hip and long knee-lengths, in white or grey.

NEW DRESS GOODS.

To measure the standard value and quality of this store, we ask you to examine our dress goods. It is in this department that we excel all others, and the women of Hamilton have come to learn to look to Finch Bros. for what is new for the coming season. In the gathering you will find fashion's foremost fancies in all the favorite fabrics, correct in color and all gathered to this express the style trend of this autumn season: stately broadcloths, with their varied range of colors and draping qualities, win the favor of every woman for high-class tailored costumes and evening wear. Novelty vied in exclusive tailored designs, separate coats are also shown to attract much attention, the 30 and 32-inch length gaining in popularity and the new military and mannish effects are very stylish. The separate dress skirt section of this store can by no means be left out of mention, for by their smart, perfect fitting models and moderate price for such styles, it has gained the favor of the women of Hamilton for what is less. Another important display was that of the killed outing coats, which have come in demand for the Canadian outing girl. They were shown in the hip and long knee-lengths, in white or grey.

HINTS OF SILK FASHION.

Fashion this season has again called for the soft satin and Paillette weaves, although the Tullest are gaining in favor. Her fancies are best exemplified in the stock this firm are showing. Superb gowns of the most supple oriental and Empire Paillette, wonderfully lovely new colorings, novelty fancy silks were draped and arranged so that the sheen and weave was seen to perfect

WEDDINGS OF THE AUTUMN.

Pretty Event In St. Mary's Cathedral—Other Marriages.

A very charming wedding took place this morning at 9 o'clock in St. Mary's Cathedral, when, in the presence of a goodly gathering of relatives and friends, Rev. Father Bonomi united in the holy bonds Miss Rose L. Walsh, eldest daughter of the late Mr. Thomas Walsh, and Mr. James J. Dillon, eldest son of Mr. John Dillon, both of this city. The bride was attended by Miss Louise G. Dillon, sister of the groom, while Mr. Lawrence M. Walsh, brother of the bride, was groomsmen. The bride's gown was white Brussels net over silk and she wore a large picture hat to match, carried an ivory prayer book and also a gold pendant, the gift of the groom. The bridesmaid's gown was white Louisiana silk, with hat to match. The groom's gift to the bridesmaid was a pearl and sapphire ring and to the groomsmen a topaz ring. After the ceremony a reception was held at the home of the bride, James left on the 2 o'clock train this afternoon for Buffalo and the lakes. On their return, about October 1st, they will reside at 247 Park street north. The bride's going away gown was an amethyst tailored suit, with hat to match.

WOODS-TODD.

A very pretty wedding took place yesterday afternoon at 4 o'clock at the home of Mr. and Mrs. Thomas Todd, 292 Mackay street north, when Rev. E. R. Lancelotti united two popular young people, John Henry Woods and Miss Lillian Todd. Mr. Woods is a teacher in First Sunday School and an earnest worker in the church. He is a mechanical draughtsman with the Westinghouse Company and has just received a good promotion and been transferred to the Pittsburgh Westinghouse works. Owing to a recent bereavement in the bride's family the wedding was very quiet. The bride wore a white embroidered dress and carried white roses. She was attended by her sister, Miss Vera Todd, who was dressed in white muslin and carried a bouquet of pink roses, and Henry Woods, a brother of the groom, was groomsmen. The bride received many presents, both beautiful and costly. Mr. and Mrs. Woods left in the evening for Pittsburg.

McDONALD-SHIMMELS.

A pretty wedding was celebrated on Prospect avenue last evening in the presence of a number of guests, when Rev. Dr. Williamson united in marriage Mr. John Alexander McDonald, of Hamilton, and Miss Shimmoles, both of Hamilton. Mr. Amos Vipond was best man, and Miss J. Geddes, bridesmaid. The bride was neatly attired in pure white, and carried a bouquet of beautiful flowers. The party sat down to an elaborate tea, after which an enjoyable evening was spent. Many beautiful presents were given to the bride.

MARRIED IN BRANTFORD.

A quiet but pretty event took place yesterday afternoon at the residence of Mr. John Alexander McDonald, of Brantford, when their niece, Miss Margaret Paterson, of Paris, was united in marriage to Mr. Stanley Williams, of Hamilton. Rev. R. G. McBeth, of Paris, officiating. The room in which the ceremony took place was beautifully decorated with flowers and foliage. The bride, who was given away by her brother, Mr. S. Paterson, of Detroit, was attired in a pretty costume of crushed violet cloth, with her sister, Miss Isabelle Paterson, as bridesmaid, and wore a dress of pink silk mull. Mr. Edward Williams, brother of the groom, acted as best man. Miss Alberta Strachan, of Paris, played the Lohengrin wedding march. After the ceremony the guests sat down to partake of a dainty lunch. The young couple left on the 6:45 train for New York, Mr. McDonald, Mr. Williams and his wife, from their friends. The bride was the recipient of many handsome gifts. Mr. and Mrs. Williams will reside in Hamilton.

LOVEJOY-DUNFORD.

In the Church of St. John the Evangelist yesterday morning Rev. S. Daw united in marriage Mr. Thomas Henry Lovejoy, of the L. H. & B., and Miss Emily Dunford, 355 Charlton avenue west, daughter of the late Thomas Dunford. There was a large attendance of the relatives and friends of the contracting parties at the ceremony. The bridesmaid was Miss Ada Dunford, and the groomsmen was Thomas Dunford, sister and brother of the bride. Immediately following the ceremony Mr. and Mrs. Lovejoy left for Muskoka on their wedding tour.

WEDDING AT BELLEVILLE.

Belleville, Sept. 15.—A fashionable wedding occurred at the home of Rev. W. D. P. Wilson (former Grand Chaplain of the Canadian Order of Oddfellows), near this city, this morning, when his daughter, Miss Georgia, was married to George Harold Holton, of this city, grandson of Sir Mackenzie Bowell. The ceremony was performed by the bride's father, assisted by her uncle, Rev. J. Wilson, of Lindsay.

G. T. R. CHANGES.

C. G. Bowker, of the Grand Truck service at St. Thomas, has been appointed assistant superintendent at London, in place of A. J. Nixon. Mr. Nixon has been appointed to a position with the Railway Commission. J. A. McLardy, formerly chief despatcher at Stratford, will succeed Mr. Bowker as trainmaster at St. Thomas.

MEXICO'S INDEPENDENCE.

Mexico City, Sept. 16.—The 90th anniversary of Mexico's independence was initiated throughout the republic at 11 o'clock last night by the ringing of liberty bells and the pronouncement of the "grito" (shout) which was first given by the martyred soldier-President Hidalgo on the night of Sept. 15, 1810. No disorder of any kind has thus far been reported.

ELEVEN DROWNED.

Cape Town, Sept. 16.—The British steamer Umbali, from London for Port Natal, has run ashore off Cape Point in a thick fog. The crew and the passengers left the Umbali in the small boats. One of these boats was capsized and five women and six men drowned. Twenty-five cent dinners are served in the House of Commons for such members as desire them.

The Royal Securities Corporation, Limited, has issued in the City of Montreal, in the Province of Quebec, an advertisement stating that it is prepared to receive subscriptions for \$5,000,000 seven per cent. cumulative preference shares of CANADA CEMENT COMPANY, Limited, at the price of \$93.00 for each share, with a bonus of ordinary shares equal in par value to twenty-five per cent. of the par value of the preference shares allotted, such bonus stock to be delivered on payment of subscription in full. Firm subscriptions have been received for \$3,200,000 par value of these preference shares. The advertisement gives the following information as to the CANADA CEMENT COMPANY, Limited.

Canada Cement Company, Ltd.

(Incorporated in 1909 by Letters Patent under the Companies Act of Canada)

Head Office: Montreal, Canada

Table with columns: AUTHORIZED, CAPITAL STOCK, NOW TO BE ISSUED. Values include \$11,000,000, \$19,000,000, \$30,000,000, 7 Per Cent. Accumulative Preference Shares, Ordinary Shares Divided into Shares of \$100 each, \$10,500,000, \$13,500,000, \$24,000,000, \$ 8,000,000, 6% First Mortgage Twenty-year Gold Bonds, \$ 5,000,000.

The cumulative preference shares will carry fixed cumulative preferential dividends, payable out of the profits of the Company, available for dividends at the rate of seven per cent. per annum on the capital for the time being, paid up thereon respectively, and will rank as regards dividends and return of capital in priority to all ordinary shares in the capital stock of the Company, but shall not confer any further right to participate in profits or assets. Dividends on these cumulative preference shares will commence to accrue from January 1st, 1910, and will be payable quarterly.

Applications will be made for the listing of these securities on the Stock Exchanges of London, England, Montreal and Toronto.

BANKERS:

Bank of Montreal, Montreal.

DIRECTORS THE COMPANY

- List of directors including Sir Sandford Fleming, J. M. Kilbourn, J. R. Booth, George E. Drummond, J. S. Irvin, Honorable W. C. Edwards, W. D. Matthews, R. W. Kelley, Honorable Robert MacKay, W. H. E. Bravender, E. M. Young, Honorable George A. Cox, W. M. Aitken, Charles H. Cahlan.

The Canada Cement Company, Limited, is a new company which has been incorporated for the purpose of taking over the undertakings, properties and businesses of the following Companies, now doing business in Canada, as manufacturers of Portland Cement and like products, viz.:

- List of companies including The Lakefield Portland Cement Company, The Owen Sound Portland Cement Company, The Alberta Portland Cement Company, The Belleville Portland Cement Company, The International Portland Cement Company, The Vulcan Portland Cement Company, The Lehigh Portland Cement Company, The Canadian Portland Cement Company.

The Canada Cement Company, Limited, by means of contracts already made, proposes to acquire control of a majority of the shares of the capital stock of the following companies:

- List of companies including The Western Canada Cement and Coal Company, The Eastern Canada Portland Cement Company.

The plants, which will be owned or controlled by the new company, are believed to be among the best constructed and most efficiently equipped on this continent; and, under a competent central management, not only will a uniform standard of quality be secured in the combined product, but an equable standard of prices may be maintained throughout the whole country. These plants will have a total capacity in excess of 4,500,000 barrels of Portland cement per annum.

ESTIMATED EARNINGS

Table showing estimated annual net earnings of the Company, based on the quantities of cement being sold, during the present year, by the companies comprised in the merger, and on the costs of manufacture under existing conditions. Includes columns for NET EARNINGS, FIXED CHARGES, and Leaving available for dividends on Ordinary Shares of the Company.

The Canadian Market for Portland Cement

The demand for Portland Cement in Canada has increased remarkably during the last five years. In 1904 the total consumption of Portland Cement in the Dominion was 1,694,988 barrels, of which 784,630 barrels were imported. In 1908 the consumption, notwithstanding the general industrial depression, was 3,135,338 barrels, and no less than 3,495,961 barrels were manufactured in Canada. Existing trade conditions indicate that the consumption during 1909 will largely exceed that of 1908.

The increase is not abnormal, nor due to merely local causes. In the year 1888, it is estimated that less than 200,000 barrels of cement were manufactured on the North American continent; and the enormous growth of the business is shown by the fact that in 1908 approximately 55,000,000 barrels were there produced. The manufacture of Portland Cement commenced in Canada in 1888, but until 1904 the importations into Canada of the foreign product exceeded the Canadian production.

The report of John McLeish, B.A., chief of the Division of Mineral Resources and Statistics of the Department of Mines, Canada, on the production of cement in Canada during the calendar year 1908, furnishes the following comparative statement:—

Table comparing Canadian and Foreign cement production and consumption from 1904 to 1908. Columns include Calendar Year, Canadian Manufactured/Consumed, Foreign Imported into Canada/Consumed in Canada.

Great as has been the development of the Portland Cement industry in Canada since 1904, it is only reasonable to assume that this growth will be largely exceeded in the immediate future, and for many years to come. The enormous public works in progress and in contemplation, including Railways, Canals, Bridges, Harbor Improvements, Piers, Wharves, Docks, Piles, Pavements, Building Foundations, and Buildings, etc., will all require proportionately large quantities of the manufactured products of the new Company. The Hydro-Electric developments throughout the country will increase the demand, while the rapid substitution of reinforced concrete for other materials in the building trades will render necessary an increased production on the part of the new Company.

Objects of the Merger

According to the returns made to the Dominion Government by the cement manufacturers, the average price at their works obtained by them in 1908 was \$1.39 per barrel. This was the lowest price ever reported by the Canadian mills. In 1906 the average price was from \$1.65 to \$1.70, and in 1907 about \$1.60. At the beginning of the present year it was realized by a number of the manufacturers that, even without any increase in prices, the business could be rendered much more profitable by a merger of several of the large competing companies on a conservative basis. The Canada Cement Company, Limited, is the outcome. The new Company will own or control cement-producing plants at the central points of distribution from the St. Lawrence River west to the Rocky Mountains; and, by securing a more efficient organization will be able to regulate the distribution of the manufactured product from these central points to the centres of consumption, large economies in the present cost of freight, which represents a large percentage of the ultimate cost to the consumer, will undoubtedly be effected. The establishment of one executive office in the City of Montreal, and the elimination of competitive salesmen, middlemen, and brokers is also expected to effect a considerable saving in the costs of the Sales Department under the new management.

Forms of application can be obtained at any office of the Royal Trust Company or of the Royal Securities Corporation, Limited.

THE ROYAL SECURITIES CORPORATION, LIMITED, MONTREAL

THE OTHER SIDE. (Brookville Times). The Retnew Journal takes Rev. J. A. Macdonald, the editor of the Globe, to task for his woeful pictures of the poverty, the wretchedness, the squalor and the hopelessness of the poor in England. The Journal rightly remarks there is another side; there are prosperous homes, bright family firesides, happy lives, and contented people, too, by the thousands, still in the old land. Britain still is a great nation at home as well as abroad, and her people in the main are prosperous, contented and reasonably righteous. It is as unfair to paint Merry England by the Whitechapel of London, or Bonnie Scotland by the Groggery of Edinburgh, as it would be to picture Canadian life by the "backtown" of the reverend Globe's own Toronto. "Clear out of here, ye saasy little brat!" shouted the cook, thumping the table with a rolling-pin. The little girl gave the cook a haughty look. "I never allow anyone but my mother to speak to me like that!" she said.—Washington Star. Wisdom, like flowers, requires cultivation.

WHITE SLAVE CASE. FELL VERY FLAT.

(Continued from Page 1.)

Because there had been some differences with her gentleman friend.

"How old are you?" "Twenty-three."

"How long have you been in this country?" "Six years."

"Will you go back to Toronto?" "I certainly will not."

"Will you go to the Salvation Army Rescue Home?" "Yes."

And there she will go till she is better. The Magistrate said there was nothing to substantiate the charges, and dismissed the case.

Max Michonoff, after being again arraigned for stealing \$25, two gold watches, and a watch fob, and pleading guilty, was handed a pleasant surprise by being discharged on deferred sentence.

However, strapped round the Magistrate's generosity were words of good advice, to tell him that 'tis right to do right and wrong to do wrong.

Mr. Goldberg, the proprietor of the Commercial Hotel, did not wish to press the charge, and the Crown Attorney, who the young man had a good character prior to the present offence.

Max of the green striped suit once more entered the realms of the free.

Giovanni Matteo, who, it is alleged, struck Ralph Ross with a shovel, was again remanded for a few days.

"'Tis better to have loved and lost than to have never loved at all," so sang the immortal bard over the loss of his friend. Whether or not Mr. and Mrs. Harris, of Bartonville, think so, is not known, but three years ago they accepted the philosophy of the old Vicar of Wakefield, but it evidently was not congenial to them, so, after a year in double harness, they went their diverse ways again.

Mrs. Harris wanted to get William to support her.

They were advised to settle their differences, and see if they could live happily ever after.

Mr. Street, 279 Hess street, obstructed the street; was indignant; it cost him \$2.

William Higgins, Stoney Creek, stole a watch from Frank Trainer. This must be so, because he openly confessed. He will come up again in two days.

He seemed literally to "eat up" the street, said P. C. Cameron, in giving evidence against J. L. Smith, 182 Fairview avenue, who was summoned for immediately speeding his automobile.

"How fast was he going?" "Nineteen miles an hour."

"Pay \$20."

Sarah Finn, 11 Barton street west, was called to the rail for being drunk yesterday. Her face was illustrated in colors of many hues beneath her eyes; also by large traces of missing skin, which gave a ripple setting to the many other diversions of color.

She was picked up yesterday at the steamboat wharf by P. C. Reynolds, with all her self-respect entirely submerged by over-bibbing. The fine was \$2.

FINED \$50. Chinese Offered Woman a Share of His Umbrella.

Chicago, Sept. 16.—Yee King was fined \$50 and costs for offering Mrs. Goldie Carter the shelter of his umbrella during a rain storm. The Chinese pleaded that he had been taught in the New York missions to be courteous to white women.

"I always consider it a diversion tending to a breach of the peace when any Chinese accosts a white woman," said Judge Beitel yesterday, in inflicting the fine. "The Siegel murder would never have occurred if Chinese were not allowed to address white girls."

NEW CARPET BUYER.

Mr. Milligan, formerly head salesman and assistant buyer of the Robert Simpson Co., Limited, carpet and rug department, has associated himself with the Right House, having been appointed by Thomas C. Watkins as buyer of carpets, rugs and linoleums. Mr. Milligan's wide experience well befits him for the important position of charge of the very large department of the Thomas C. Watkins store, and the Watkins having planned large and broad assortments of carpets and rugs from leading English and Scotch houses, and all marked to sell at rock bottom net cash prices, incidentally already point to an expensive and largely increased home-furnishing business this fall. It is the intention to devote even more attention than formerly to choice Oriental and Persian rugs.

SLANDER ALLEGED.

Richard Arnold Chamberlain, of Oakville, has brought an action for slander against James Hill, of Oakville. W. A. Logan for the defendant in said action secured an order from Judge Snider requiring the plaintiff to give further particulars of the names of the people before whom the alleged slander took place.

HAD APPENDICITIS.

Last night, while on duty, P. C. Emerson was taken suddenly ill with appendicitis. He endeavored to walk back to No. 4 Police Station, near by, but the pain was so great that he fell three or four times. He was removed to the City Hospital and an operation was performed on him this morning.

The First of the Season.

In clothes the new suits and fall overcoats are here; the new greys and blues and many patterns in self stripes and plaids. You'd better be one of the first to own. Special suit prices \$9.98, \$13.50, \$17.50. Fralick & Co., 13 and 15 James street north.

A MARKET INCIDENT.

A basket of onions, a young man and a lady were the outfit that created a stir on central market this morning. The lady was carrying the basket of onions, and the young man was walking past her and did not notice the onions and accidentally bumped them, spilling them on the sidewalk. The lady became quite excited and indulged in a line of talk that she had not learned at Sunday school. After she had calmed down, the young man, who, was, of a bashful nature, straightened matters out.

TEA TABLE GOSSIP.

Mrs. Hendrie, of this city is visiting in Montreal.

Dr. G. E. J. Lannin, James street south, returned from New York last evening.

D and H Companies of the 91st Canadian Highlanders will hold a combined picnic at Oakland Park on Saturday.

H. Halford, John street south, received word yesterday of the death of his sister, Mrs. S. Reese, in Chicago, on Tuesday night.

Mr. and Mrs. Hamel, of Barre, Vt., are visiting their niece, Mrs. Harry Taylor, on the beach, also their sister, Mrs. Cahill, this city, for two weeks.

Geo. F. Webb, of this city, figures as one of the purchasers of mining land sold by auction by the Ontario Government yesterday. He paid \$7,709 for the section he secured.

It was Conductor Dick and Motorman Diman who straightened out the trouble on the York street car line on Tuesday, caused by a pole breaking and falling across the trolley wires.

Joseph Karney, aged 14 years, who lives at the corner of Victoria avenue and Barton street, has been missing from his home since last Monday. The police think he is with a telephone gang as water boys.

Mr. F. W. Behm, 417 Barton street east, wishes to express his thanks to the Fire Department for the efficient way it prevented a serious outbreak, and also for doing so little damage with water at the fire at his store on Tuesday night.

Harold Jarvis is coming. He will give a vocal recital at the welcome to be given to the Methodist ministers and deaconesses by the Methodist Social Union in Centenary Church on Thursday evening, Sept. 23.

The following winning numbers in the Trades and Labor Council Labor Day drawing have not yet been presented: 6,682, 7,428, 4,647, 3,962, 2,578, 7,269, 2,465, 2,469, 2,611, 2,162, 9,310. Holders of these tickets can secure their prizes at Labor Hall, after 8 p. m., from Secretary W. R. Rollo.

FATAL SHOCK.

Car Accident at a Balloon Ascension in Ottawa.

(Special Despatch to the Times.) Ottawa, Ont., Sept. 16.—A peculiar accident occurred at the Ottawa Exhibition this morning. Aviator Nassar attempted a flight with a dirigible. The propeller caught an electric wire and checked the ascent. The crowd, seeing the trouble, rushed to catch the falling dirigible. The propeller had stripped the insulation off the electric wire, and as fast as people touched the metal framework of the balloon they formed a circuit with the earth and were knocked down. Twenty people were thus rendered helpless in less than a minute. Four of these were so badly shocked and burned that they had to be removed to the hospital.

Edward Knitting, of Belleville, who was shocked in the accident, died while on the way to the hospital.

AGAINST PEARY.

His Statements Make Unpleasant Impression.

Hamburg, Sept. 16.—Commenting on the last interview with Commander Peary sent out from Battle Harbor, Labrador, the Hamburger Nachrichten says:

"These high sounding words have made an extremely unpleasant impression and they will scarcely draw new friends to Commander Peary."

This signifies the general tone of the North German press which leans in this polar controversy strongly to Dr. Cook, who is supported by the Hamburg Geographical Society.

CANADA'S CLAIM TO POLE.

London, Sept. 15.—In the House of Commons today Col. Seeley, answering Lord Balfour, says the Secretary of State understands that the Canadian Government has not made a formal declaration of the exact limit of their possessions between the American border and the North Pole, but it was believed that they considered themselves entitled to claim all the land referred to.

BACK FROM NEW YORK.

Miss O'Connor, head dressmaker at The Right House, is back from New York, where she spent several days carefully studying styles for the fall and winter seasons. Miss O'Connor obtained her knowledge of fashions direct of leading exhibit centres and The Thomas C. Watkins' dressmaking department looks for a very large season this fall. An early visit is quite advisable.

Friday's Fish List.

Select and standard oysters in bulk; sea salmon, halibut, haddock, cod, whitefish, trout, herrings, flounders, skate, pickerel, ciscoes, kippers, smoked whitefish, smoked trout. We are very careful that our patrons shall be better served in this store than in any other. Needless, therefore, to add, that your esteemed order will be much appreciated.—Peebles, Hobson & Co., Limited.

BOY DROWNED.

Long Beach, Cal., Sept. 16.—Marvin McClure, 10 years old, son of J. C. McClure, of Albany, N. Y., was drowned in the surf yesterday before the eyes of his parents, who were powerless to save him. The family were about to start for Albany, after a year spent in California.

LOOKS LIKE TROUBLE.

Pittsburg, Sept. 16.—On account of prevailing disorder, street cars in the vicinity of the Pressed Steel Car Works were not running to-day. At 9 o'clock over a thousand strikers were congregated at the O'Donovan Bridge, the scene of the fatal riot during the last strike, and employees of the Schoen Wheel Plant were not permitted to enter the works. The strike situation is again critical.

SHIPBUILDER DEAD.

Detroit, Mich., Sept. 16.—Alex. McVittie, of Harbor Beach, Mich., as the result of a pleurisy shipbuilder, of this city, died a stroke of apoplexy. Up to a month ago Mr. McVittie was president of the Toledo Shipbuilding Co., and at one time was president of the Detroit Shipbuilding Co.

DISCUSSED HOME GOODS.

(Continued from Page 1.)

By exposing itself in any to a charge of persecution. Similar methods adopted some years ago by one of the trade associations are said to have worked out fairly satisfactorily, and your committee would be pleased to learn whether in the opinion of this meeting it would be desirable to attempt to apply them to the association as a whole."

In regard to the interchange credit bureau, Mr. Robinson said such a motion should be out, and moved a motion as follows: "That the association should decide from all such detail as mentioned in the report."

His motion was seconded, but the mover was asked to make it more specific. He thought the motion was all right, as a man could not expect to get \$25 worth of information for \$10.

Mr. Burton, of Toronto, thought the matter should be attended to in a business manner.

Mr. Lee moved an amendment to the effect that the detail work be discontinued, but that the larger matters be still continued.

Mr. Stanley, of Toronto, said one of the motions was very broad and would do away with some of the most important work of the committee. As Mr. Lee's motion aimed at doing away with the detail work he thought that would be more feasible.

The amendment carried unanimously.

MADE IN CANADA.

Considerable discussion occurred as to the revival of the made-in-Canada campaign. Some of the members expressed themselves strongly in favor of such a scheme, but other objected.

Mr. Robinson said the proposition was not a good one. First, the expenditure would be heavy, and the association would require at least one or two hundred thousand dollars to forward such a scheme. It would be improper to teach the children in the schools to buy home-made goods, as suggested in the report, as some articles cannot be manufactured and sold in Canada so that the dealer may make a fair profit.

Mr. J. P. Murray said he had been a strong advocate of the "made-in-Canada" idea since 1894. The children were Canadians and should be educated to support Canadian-made goods.

Mr. Sparks condemned the scheme as a sentimental one. He said in his own business he did not think it would be proper if the buyer liked outside goods out had to buy his. The part he condemned was that some of the buyers had contracted the habit of going abroad when the product they bought could be purchased at home just as well.

Mr. Murray thought it would be a good thing to show how certain lines of Canadian goods were superior to the outside article. In some stores 75 per cent of the goods are of United States manufacture. He was glad to see that the percentage is rapidly becoming lower.

If the goods wanted cannot be secured in Canada, they should be bought from some other part of the British Empire.

Mr. C. R. McCullough thought Mr. Murray's suggestion was a good one. He suggested that the association make an exhibit in Toronto and other places of what the Association stands for. He spoke of the start one store had made in exhibiting Hamilton-made goods. By such a scheme the people have been educated up to know the manufacturers of the city.

Mr. W. T. R. Preston gave a short address. He felt sure that the Minister would consider the suggestions of the Association and if it were possible would act upon them. The importance of having a reputation would be realized when he said that the goods of Australia would be purchased if the name (Australia) were mentioned. In a word or two about the reports he said that from his experience in the east he thought that as commercial men of the Dominion they might give too much information. He dealt in a very thorough way with Trade Commissioner's service. He thought there should be some method whereby the goods of the manufacturers could be displayed, as is done in some countries.

In regard to the future, he said he was an optimist of the most pronounced character. He had great hopes for Canada, which, he said, was the best country in the world. The Japanese were a very ambitious people, but they were mostly in favor of home trade. The Japanese people are straight-forward people in most instances. He had read pieces in the papers of Japan which referred in no uncertain manner to the honesty of the Canadian people.

TECHNICAL EDUCATION.

The next report discussed was that of the Technical Education Committee. The committee recommended that the association should revive the custom of giving competition medals in Provincial art schools, and by so doing encourage the native Canadian talent in the line of applied arts and handicrafts.

The report was adopted and a resolution was passed heartily endorsing Sir Wilfrid Laurier's decision to collect and publish the information desired on this important subject.

RESOLUTIONS.

A great bunch of resolutions was rushed through just before business closed. They included thanks to the Hamilton manufacturers, military officers, Mayor and alderman, Hamilton Club, R. H. Y. C., Street Railway, Conservatory of Music, C. P. R. and G. N. W. Telegraph Companies, the railways, steamboats and press.

The Selkirk Centennial of 1912 was endorsed and the federal Government will be asked to assist it financially.

Other motions passed related to boiler regulations; pure food law; woollen and knit goods; endorsing the Quebec pulp wood regulations; regarding duty on lumber and shingles; asking the Government to encourage shipbuilding in Canada.

WHAT WHEN AN EDITOR THREATENS?

(Vancouver Saturday Sunset.)

The man who gets on his car and threatens to lick or boycott an editor hasn't much sense. He ought to thank his lucky stars the editor didn't tell all he knew, and keep quiet. On the other hand, when the rooster gets wrathful and tries to bulldoze the editor nine times out of ten he loses and gets more of the original medicine, and the last dose is liable to taste worse than the first.

"I wish my hair marcelled." "Yes, ma'am. Will you have it done while you wait, or call again?"—Chicago Leader.

ANNOUNCEMENT

TO THE LADIES OF HAMILTON AND VICINITY:—The undersigned, having taken over the business of Mrs. Margaret C. A. Hinman, retired, beg to announce as follows:

While the business generally will be conducted along the lines established by Mrs. Hinman, it is the ambition and purpose of her successors to endeavor to infuse new life, energy and up-to-date methods into the management. Under this new direction

OUR FIRST FALL OPENING Will Begin Thursday, September 16th

We assure the hosts of friends of Mrs. Hinman in and around Hamilton that they will find on our tables and in our show cases an endless variety of all the latest and most stylish creations of the Millinery art, all the newest and choicest importations from Paris, London, Glasgow and New York; exquisitely made Hats and Bonnets, suitable for every face and form—blondes or brunettes, every shade of complexion, and prices will be WITHIN THE REACH OF EVERY POCKET.

Come and delight your eyes upon the indescribably beautiful array of blooms, plumes, aigrettes, ostriches, shapes, and head-gear decorations generally assembled in great profusion in our Millinery Art Gallery. Don't buy if you don't want to, but come and see all the lovely things. Millinery and Millinery only—all that is choice and best and cheapest.

Very respectfully yours, LAURA T. ATKINSON, BESSIE B. ATKINSON.

The Hinman-Atkinson Millinery Emporium 4 John Street North, Upstairs. Open Evngs.

Greater Effort is Required

ON our part to engage the attention of small depositors than the larger.

VERY many accustomed to large financial transactions know of and avail themselves of our service.

BUT those whose banking is limited, or to whom the occasion is rarely presented, can avail themselves just as well with every assurance of careful attention and courtesy extended.

The Traders Bank of Canada 21 and 23 King West. WOMEN'S DEPARTMENT—King Street West.

TENDERS FOR STEEL BRIDGES

SEALED TENDERS addressed to the undersigned, and marked on the envelope "Tenders for Steel Bridges" will be received at the office of the Commissioners of the Trans-Continental Railway, until twelve o'clock noon of the 25th day of September, 1909, for the construction and erection of steel superstructures and floor systems with the aid of wooden guard rails complete required for bridges at the points named below:—

DISTRICT "A."

3116 Cains River, December 1, 1909.

1245 South West Marmora, March 15, 1909.

1234 St. N. B. Brook, March 15, 1909.

1100 Juniper Brook, April 1, 1910.

1090 Odell Brook, April 1, 1910.

DISTRICT "B."

625 Low Bush River, June 1, 1910.

625 Circle River, July 1, 1910.

625 Brule River, August 1, 1910.

625 Fredericton River, August 1, 1910.

1148 Buskewog River, " 15 "

1250 Mattagama, " 15 "

Plans and profiles may be seen, and full information obtained at the office of the Chief Engineer at Ottawa, Ontario.

After contracts are awarded the successful tenderers must submit designs of all superstructures with stress sheets all to be in accordance with the Specifications of Department of Railways and Canals of the Dominion Government, 1908. The class of load to be used is that designated "Heavy" in the said specifications.

Tenders will be received for one or more of the structures required.

Each tender must be signed and sealed by all the parties to the tender, and witnessed, and accompanied by an accepted cheque on a chartered Bank of the Dominion of Canada payable to
