SENATE'S MESSAGE TO PRINCE OF WALES

Ottawa, June 27—On motion of Senator David the Senate yesterday unanimously adopted the following congratulatory message to the Prince of Wales.

"Resolved that the Senate of Canada desires to extend its congratulations to His Royal Highness, the Prince of Wales, upon the occasion of the twenty-eighth anniversary of his birth and seizes this opportunity also to congratulate His Royal Highness upon his safe return from his visit to India, where he displayed the noble qualities of heart and mind which characterize him and for which he is beloved throughout the Empire."

Senator Dandurand, on behalf of the opposition, eloquently supported the resolution.

THE TRAGEDY OF THE SMALL STORE

In walking along our business thoroughfares one is struck with the number of small stores. Butcher shops, groceries stores that sell women's hats. In six blocks on one street recently I counted twenty-two millinery establishments, and these to the exclusion of the large department stores. Then there are shoe stores by the dozens, and photographic establishments, one for every block or so. A walk along one of the shopping streets of the second grade during the evening hours when the presumption is that business would be brisk, gives the following results in one long block: Stores open but empty so far as customers are concerned, ten; stores with customers, three; stores dark seven.

One might well ask why so many shops and do their owners make a living? For the most part the capital cost of maintaining these establishments for the time they survive under any one proprietor comes from people who have saved a little in former occupations. They have a trifle of capital and some credit, and stock up under the impression, false though it is, that anybody can operate a retail business successfully. It happens, however that in the long run, taxes, rent, clerk hire and general overhead, to say nothing of poor management, eats them up. The trifling profits are dissipated, and soon they are at the end of their tether. Then they disappear from the scene, each one a little financial tragedy, and others take their place. And the pity is these people will not learn from the experience of others. But who does?

NEW FERRY SERVICE

A vehicle and passenger ferry has been placed on the route between Newcastle and Nelson, making two trips each hour. The gasoline launch Dunmire of the Miramichi Lumber Co. is being used to tow a large scow, which has been fitted up to carry passengers, teams and automobiles. Mr. Arthur Petrie of Newcastle is in charge. This will fill a long felt want and will be of much advantage to both sides of the river.

flowers. Both, rightly understood, might be of some use to the Finance Minister. Possibly forget-me-nots.

BASE BALL NOTES

Tuesday at Newcastle.

Douglastown was entertained for the second time in Newcastle last Tuesday evening. A large attendance of fans gathered to see the local boys take the measure of their north side brothers. The game was called by Umpire Greene at 7.10 o'clock with the visitors at the bat. Douglastown started out in first class style in their first half, getting two runs but from then on were on a successful tallying one more score. They batted well but the locals were on their metal and kept them in check. The visitors played a very clean game and the lack of bickering on the part of the players, was a noticeable feature of the game.

Craig twirled the pill for the locals but was not in his usual form. He only had two strike outs to his credit and the game apparently was a slugging match between the two teams. The game went 6 innings with a score of 9 to 3 in favor of Newcastle.

The line up and summary was as follows:

Newcastle	A. B. R. H. P. O. A. E.
McMichael, lf.	3 2 2 0 0 3
W. Murray, 3b.	4 0 1 0 1 2

DIED IN FREDERICTON

Word was received this morning of the death of Mr. A. J. Wheeler of Fredericton. Deceased had been ill for some time and was a native of Newcastle. Misses Clare and Josie Wheeler, sisters of deceased were in Fredericton at the time of the brothers' death. Mrs. D. P. Doyle, also a sister of deceased leaves this afternoon for Fredericton.

DIED

At Newcastle June 29th 1922, infant son of Mr. and Mrs. Wm. Stables.

EARTHQUAKE SHOCK SEVERELY FELT HERE

A severe earthquake shock was felt here on Sunday afternoon about 5.25 o'clock. It lasted about ten seconds and was the most violent ever experienced in this section. Houses were shaken to such a degree that articles of furniture were moved about, and many inmates were of the impression that the buildings were falling in.

MIRAMICHI HOSPITAL

Standardisation of Hospitals
Miss Keyes has received the following letter from the American College of Surgeons, subsequent to a visit from their representative:
American College of Surgeons,
40 East Erie Street,
Chicago,
June 14th, 1922.

My dear Miss Keyes:
Dr. MacEachern has written me concerning his recent visit to the Miramichi Hospital, and I wish to thank you for the courtesies extended to him.

It is gratifying to note the progress you have made. Our visitor commented very favorably upon your case records, staff meetings, and laboratory facilities.

Assuring you of our hearty cooperation at all times, I am with every good wish

Faithfully yours,
(Sgd.) FREDERICK W. SLOBE, M. D.

HARKINS ACADEMY CLOSING EXERCISES

The graduation exercises at Harkins Academy took place in the High School auditorium at seven-thirty Friday evening. The Valedictorian was Miss Margaret Crocker and the Class Prophecy was read by Miss Jessie Harris. The members of the graduating class were—Margaret Betts Crocker, Rita Olivia Blackmore, Annie May Dickison Ashford, Margaret Julia Dolan, Adelaide Elizabeth Blackmore, Yorston Robert Benn, James Gordon Petrie, William Frederick McCormack and Jessie Armina Harris.

The program was as follows:—
Address—Dr. R. Nicholson, Chairman.

Chorus—"Over the River"
Address to Graduates—Rev. P. W. Dixon.
Violin Solo—Miss Brett.
Class Prophecy—Jessie Harris.
Vocal Solo—Elizabeth Nicholson.

Address—Mayor Fish.
Quartette --- Misses Somers, Nicholson, Messrs. Gulliver, Bishop.
Chorus—"In the Woods".
Valedictory—Margaret Crocker.
God Save the King

A large number of the relatives and friends of the graduates attended the closing exercises and enjoyed the splendid program rendered.

ZAM-BUK

is the best remedy known for sunburn, heat rashes, eczema, sore feet, stings and blisters. A skin food!
All Druggists and Stores—50c.

POLITICAL LETTER

June 28th. The first session of Canada's fourteenth Parliament has ended amid sounds of revelry and noisy hilarity. The weary legislators can now take their holidays, and joy rides, with the four thousand dollar indemnity the country has to pay each one of them, whether they are worth it, or not.

For any particular value the session has been to Canada; the country might as well "go on strike". The work of the Government, has mainly developed broken pledges and

political deception. They appealed to the people, to give them place and power, only a few months ago, on a certain platform and certain pledges. True, during the electoral campaign "the platform" was renamed "a chart," and having obtained the place and power, their very first session has converted both platform and chart into "a scrap of paper," torn repudiated and scattered to the winds. Such a vast difference is there between the promises of pre-election platforms, and the actual performance of the session after the same promises were trusted to Govern; that a deceived

electorate may well stand aghast, and ask is there any honor, any candor, any truth in the Government's power? By their deception and two faced policy, they have issued a straight challenge to the common sense of the Electors of the Dominion, the people whom they have gulled, and who would not have supported them, could they have foreseen, just what contemptible political tricksters would do when they had the chance. There is still some hope for our Country in the fact that the people cannot be fooled all the time.

Instead of affording relief to the average working man, their tariff, the biggest blunder of the session, has ground him down still more. As to that, one would expect hardly anything different from "the astute gentleman, and veteran "tariff tinker," whose shuffling tactics, are plastered all over his budget. True he did not hesitate to declare in the House his disagreement with the so-called Liberal Party platform, although he was in at the framing, and found in fault with the erection; and was looking upon by his fellow Liberals, as a supporter. It suits his purpose now, to strike a new note. He is finance minister once more, and rides a horse of another color. Pity his admirers and worshippers could not seat him on a brass horse, and preserve him as a permanent monument, to the memory of "artful dodgers and political tricksters" The Premier is not the only one, who should be honored with a clock and silver vase," although discrimination might be necessary sometimes, in the choice of

Sixth Annual Report of the Miramichi Hospital.

Chairman's Report

In submitting their report for the year ending April 30th, 1922, the Trustee Board have much pleasure in stating that Miramichi Hospital has completed another very successful year.

A review of the activities of the Hospital during the past twelve months reveals steady and consistent progress in all departments. The number of Patients treated, as stated in the Superintendent's report, is 500, showing an increase of 62 over the preceding year and an increase of 321 over the number recorded in 1917, the first year of the Hospital's existence.

The Treasurer has submitted a statement which shows the Hospital to be in a splendid financial position. Notwithstanding the fact that the number of patients shows an increase over the preceding year, the receipts from patients show a decrease of \$1469.67. This has been offset to some extent by decreased expenditure, but the Hospital has been enriched during the year by a magnificent endowment which has been left to us as one more gift from the late honored Founder, Mr. Ernest Hutchison, the interest on which is to be applied towards the cost of maintenance of the institution. We have also received notification of a very generous Bequest to the Hospital by the late Mrs. E.B. Eddy, the interests on which, she has directed, is also to be used towards maintenance expenses. It is with a very deep sense of gratitude that the Board in this manner acknowledges these gifts, which shall remain as a memorial through the years to come.

It was the expressed aim and wish of the late Mr. Hutchison that the doors of the Hospital should be open to all persons desiring treatment regardless of their ability to meet the cost, and while the Board have always endeavored to carry out the ideas of the Founder, these generous endowments will make it possible to maintain this policy to a greater extent than ever.

We desire once more to voice our appreciation of the work which has been accomplished by the Hospital Aid and the wonderful assistance which they have rendered in the maintenance of the Hospital. Some idea of what they have done will be realized when we state that the Newcastle Aid have spent \$1580.43, and the Auxiliaries \$733.26 in Hospital equipment and supplies during their past fiscal year. They have also donated a prize of \$50.00 to be given to the Nurse graduating from Miramichi Hospital who takes the Provincial Examinations, or in the event of more than one Nurse competing, the prize is to be divided: \$30.00 to the Nurse making the highest mark, and \$20.00 to the next highest. For this splendid co-operation and assistance we tender our very hearty appreciation.

Acting in conjunction with the Hospital Aid, who have made a goodly contribution towards its cost, the Board have had placed upon the side wall of the vestibule of the Hospital a bronze tablet in memory of the late Mr. Hutchison. The Tablet bears the following inscription:

IN GRATEFUL MEMORY
OF
ERNEST HUTCHISON
OF DOUGLASTOWN
WHO GAVE AND EQUIPPED THIS HOSPITAL
AND PERSONALLY SUPERVISED
ITS BUILDING.
1916

The Superintendent's report will show that the training school has been actively carried on during the year and that three Nurses have graduated: Miss Groat, Miss Cliff, and Miss Rogers. Arrangements are now pending whereby it is hoped to afford greater facilities to the Student Nurses and improve the school. To all those who have assisted in the past by giving instruction or otherwise we express our thanks.

We regret that financial and industrial conditions in the County have prevented us from making any substantial progress with the Nurses' Home project. The need for such a building is generally admitted and grows more urgent every day. The Board consulted an Architect who has submitted tentative plans but we have hesitated about committing ourselves to any definite action until there is some prospect of the necessary funds. We have on hand, as stated in the Treasurer's Report, \$4087.27, and we are hoping during the summer to begin a County-wide drive should conditions justify it. In the successful furtherance of this project, we earnestly ask the sympathetic support and co-operation of all.

The Board desires to express its appreciation to all who have contributed to the good results attained during the year's work. To Miss Keyes, to whose unsparing efforts much of the success is due, we take this opportunity of recording our appreciation. To the Nursing Staff for loyal service rendered during the year, and to the Medical Staff for their co-operation, the Board expresses thanks.

We regret that our Treasurer, Mr. E.A. McCurdy, has been indisposed for the past few weeks and we hope that he will be restored to good health ere long. The duties of Treasurer involve a vast amount of work and the thanks of the Board are due both him and Mr. Clark, the Secretary, for the efficient manner in which they serve the Hospital.

In concluding this Report, the Board asks the same support and assistance which has been so generously given in the past for the year which is ahead of us.

ON BEHALF OF THE BOARD
(Sgd) G.P. BURCHILL,
Chairman.

Treasurer's Report

Newcastle, N. B., May 10th, 1922
To The Chairman and Trustees of the Miramichi Hospital,
Newcastle, N. B.

Ladies and Gentlemen:—
I beg to submit my sixth annual report as Treasurer of the Miramichi Hospital for the fiscal year beginning May 1st, 1921, and ending April 30th, 1922. I have received during the year, from your Secretary, the amounts specified below under the heading of "Receipts", and I have also made duly authorized payments as specified under the heading of "Expenditures".

Children Cry for Fletcher's **CASTORIA**

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

What is CASTORIA?

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Comfort—The Mother's Friend.

GENUINE CASTORIA ALWAYS

PREST-O-PLATES Mean Plenty of "Pep"

THEY are the backbone of Prest-O-Lite Batteries. Better than ordinary plates, they make Prest-O-Lite Batteries better than ordinary batteries.

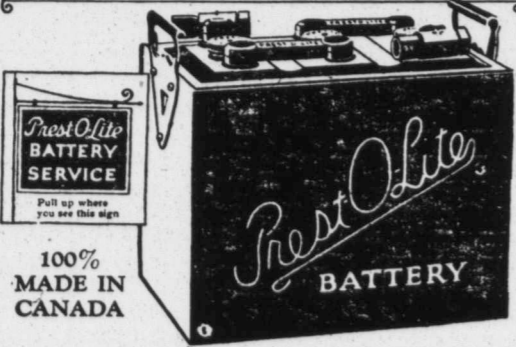

Prest-O-Plates combine a peculiar porosity with an unusual hardness, which explains their quick delivery of power in cold weather, and great heat-resisting, non-buckling strength in summer.

Prest-O-Lite Batteries are specified by the majority of leading Canadian manufacturers, and this list is growing.

How is your battery working? Is its pulse low? Come around and consult our specialists. We prolong the life of all batteries, and we never tell you that you need a new battery until you do. Drive around and get our friendly expert advice.

EASTERN STEAMSHIP LINES, Inc. INTERNATIONAL LINE

Resumption of Freight and Passenger Service between St. John and Boston, effective May 24th.

S. S. GOVERNOR DINGLEY will leave St. John every Wednesday at 8 a. m. and every Saturday at 6 p. m. (Atlantic Time) for Boston.

Wednesday trips are via Eastport and Lubec, due Boston about 11 a. m. Thursday trips are to Boston direct, due Sundays about 2 p. m.

RETURN—Leave Boston Mondays and Fridays at 10 a. m. (Daylight Saving Time) for Eastport, Lubec and St. John.

FARE \$10.00 STATEROOMS \$5.00

At Boston connection is made via the Metropolitan Line express freight and passenger steamers for New York and points South and West.

For rates, routes and additional information, apply to A. C. CURRIE, Agent, ST. JOHN, N. B.

DISCOVERIES MADE BY ENGINEER IN THIS PROVINCE

It has often been claimed that New Brunswick was not a province which had any great mineral wealth, and must depend on its lumber and its agriculture for its prosperity and wealth. Engineers and mining men have disagreed with that view, and a syndicate of men has been formed to finance a survey of the province by engineers and mining authorities, in order to find out just what the province does possess in that line. This syndicate has engaged the services of Miles Walker, M. E. I. C. who has been making surveys since April of 1921, and has made some very valuable discoveries already.

The county of Northumberland is the latest portion of the province in which Mr. Walker has been working and he has made several lucky strikes there which should mean a great industry for that part of the country, and much revenue for the province from the mining rights.

First among the samples he brought back with him was some gold quartz. Mr. Walker, who spent twenty years in the mining game in Africa and India, says that this is as good as he has ever seen and should assay at least one ounce to the ton. As half an ounce to the ton is regarded as a commercial proposition, if this is as good as Mr. Walker claims there would seem to be an opening for a gold mine in New Brunswick. This quartz is not over two hundred yards from the railway in fact, Mr. Walker said, the reef ran under the rails. Next, perhaps in importance, was a find of sheet mica, and this was indeed a valuable discovery. The samples brought out were taken from the foot of a dam, where the logs had ground it up into small pieces, but back from the dam they took out sheets from one foot square to three feet square of true sheet mica.

A very fine deposit of graphite was also discovered and this, Mr. Walker said, was very nearly pure. This should also prove valuable.

Clay or Paint
A very fine clay or paint was also uncovered. This was found to run in a deposit over a mile and a half long, in layers one above the other, in the following colors: the top layer is blue, lying about six inches below the surface, next comes a layer of two shades of yellow, light and dark; next comes a bright scarlet, then an Indian red and a pink, underneath the pink is a pure white and the lowest layer of all is a jet black.

Samples of gold quartz, mica, graphite and blue and yellow clay were sent to the Department of Mines, Ottawa for assay and if their reports are as encouraging as Mr. Walker thinks they will be, it is understood steps will be taken at once to develop the finds.

The clay deposit is situated about seven miles from the railway. The graphite is not more than half a mile away from the rails, but the mica is miles away from any railroad, right in the heart of the county.

After sweet young things had showered mother with flowers on Mothers' Day, father found himself showered with bills to pay for the same.

From the State of Indiana comes word of the marriage of William Nutt to Blanche Bolt. As to that there is always more or less hard wear about all marriage propositions.

PILES

Do not suffer another day with itching, burning, bleeding, or protruding Piles. No surgical operation required. Dr. Chase's Ointment will relieve you at once and afford lasting benefit. See a local dealer or Edmanston, Bates & Co. Limited, Toronto. Sample box free if you mention this paper and enclose 2c. stamp to pay postage.

"FRUIT-A-TIVES" SAVED HER LIFE

This Fruit Medicine Always Gives Relief

917 DORION ST., MONTREAL.
I suffered terribly with *Dyspepsia*. I had it for years and all the medicines I took did not do me any good. I read something about "Fruit-a-tives" being good for all Stomach Trouble and Disorders of Digestion, so I tried them.
After finishing a few boxes, I was entirely relieved of the *Dyspepsia* and my general health was restored; and I am writing to tell you that I owe my life to "Fruit-a-tives".
Mlle. ANTOINETTE BOUCHER.
50c a box, 6 for \$2.50, trial size 25c. At dealers or sent postpaid by Fruit-a-tives Limited, Ottawa.

TIP BURN OF POTATOES

This disease is first seen on potato plants about the latter part of July, with the most severe effects from the middle of August to the first week in September. The leaves exhibit a burning at their tips and margins, later the whole top withers and the plant dies prematurely. This condition is most noticeable in hot, dry, windy weather and particularly during periods of dry and sunny weather following rain.

With regard to the cause of this disease, there is much difference of opinion, and several agencies have been suggested as responsible for the burning of the leaves. The effect of excessive evaporation of water from the surface of leaves in extreme heat and sunshine with the consequent death of certain cells in the leaf, has been suggested as the cause of tip burn. Other authorities claim to have definitely demonstrated that the potato leaf hopper is the cause of tip burn; thus the name "hopper burn" which is also applied to this disease. More recent investigators associate the leaf hopper with the disease, but claim that there is some "specific" either normal or extraneous, which is transmitted by the leaf hopper and is the direct cause of the burning on the potato leaves. This was shown by the fact that tip burn could be produced by inoculating macerated leaf hoppers into potato leaves.

The regular Bordeaux mixture spray has been found to be beneficial in the control of this disease. Those believing in extreme heat and sunshine as the principle causal agency, associate this control with the layer of Bordeaux mixture on the leaf acting as a protection from severe evaporation. Others claim that it destroys the hoppers and again, the spray is also supposed to act as a deterrent for the hoppers.

In any case the Bordeaux mixture has been demonstrated as capable of arresting the development of the burning and this is but further proof of the importance of careful and systematic spraying of potato plants.

CAMP WAS ROBBED

Uncle Henry Braithwaite the veteran guide returned Thursday from a two month's sojourn at his camps on the Miramichi woods. Mr. Braithwaite says that bears are plentiful this season on the Miramichi but he did no trapping while absent. The old gentleman paid a visit to his camp on the Crooked Deadwater and arriving there late at night was much annoyed to find that the camp had been rifled of its contents. All that thieves left was an old stove and the pelt of a deer. He found a clue, however, which gives him a pretty good idea of the identity of the thieves and if they do not restore the missing articles they will be likely to hear from him.

SIXTH ANNUAL REPORT OF THE MIRAMICHI HOSPITAL.

(Continued from page 2)

During the year six applications have been received into the School for Probation; of these one has been accepted, one is still in probation, four, including two who entered last year, were not retained.

Graduation Exercises were held in the Hospital on July 28th. The address to the class was given by the Vice-President, Mr. F. M. Tweedie, who presented pins and diplomas to the following nurses: Miss Florence Cliff, Miss Ruth Groat, Miss Ruby Rogers. At the close of the exercises a social hour was spent.

Good progress has been made in Lecture and Class Work. As we realize the Training School is one of the most vital factors in the success of the Hospital, we must emphasize the need of greater effort being made to maintain the highest possible standard.

With grateful appreciation for all who have given pleasure to our nurses and assisted in the work and purpose of the School.

Respectfully submitted,

ELIZA KEYES,

Superintendent.

Newcastle, N. B.

July 3rd, 1922

To the Editor of the Advocate,
Newcastle, N. B.

Sir:—

I notice an effusion in your local contemporary of June 30th signed by two of the Firemen, but am convinced that it was not written by either of them.

I may say here, that I feel sure the Advocate can afford to pass with contempt any opinion from that quarter, as to its usefulness, or otherwise in this community.

I happen to be a reader of both Newcastle papers and no doubt each has its admirers. For my part the old established Advocate stands first. In various districts of this county, of which I have some knowledge, the Advocate is the prime favorite, among people of a prosperous class. Some families have welcomed that journal ever since its first issue; for over a half a century it has been to them their local and family paper, and it is welcomed from week to week as an old and cherished friend, all the more readily because it is

FITS

Wm. Stinson Remedy Co.,
of Canada
2611 Yonge Street, Toronto, Ontario

known as a true friend to the best interests of the community and our Province. Not infrequently have I heard the remark "We read it, advertisements and all, and we buy from those advertised in its columns." Such opinions are worth having; they give a true indication of public interest and sentiment, showing the esteem in which your paper is held, the two scribes of the fire station notwithstanding. It can at least be said they furnish some amusement.

Talking of amusement,—I wonder if it is true that the Fire Company is responsible for bringing to our town, the cheap variety outfit that showed here last week. I have heard it said repeatedly by some of the most respectable citizens of our town that such exhibitions are not needed here, they are not worth paying for, they have no tendency to moral uplift, and cause the spending of money, much needed for better purposes by many families.

As to the work of putting out fires, it is customary for firemen to finish their job, by putting out the fire before leaving so that it will not be necessary to leave hose behind. The business should have been finished, and had it been, it would have been unnecessary to have any of the hose at any time on Monday, laid out without water going through it. Here let me add, as a silent witness of the fire, that had some of the firemen heard remarks freely made in the crowd, it might be a blessing, could they see themselves as others see them. It is not the first time that the public had occasion to criticize their work.

What about that other fire, not so very long ago, when the hydrant wrench was left on the hydrant, and was a plaything for youngsters to turn it on and off, until the hydrant was broken and had to be repaired? As to the suggestion that the Editor of the Advocate, wanted or had any desire to become Fire Chief, I am confident that you have no particular desire to be associated with the present bunch,—Pray, if I am wrong, say so. The silly remark about the using of water is hardly worth heeding. Everybody should know that the Town Council fixes the amount, which has to be paid and in the case of the Advocate, I take it for granted—it is paid. Even if water is allowed to run to a necessary extent in winter, it is done everywhere, in many private houses as well as other places, to keep pipes from bursting. In this case, as in many others, "Prevention is better than Cure" and the Town benefits by such necessary precaution.
When the members of the Fire

Overworked Nerves

The Most Successful Treatment is Through the Blood

The early stages of nervous debility are noted by restlessness and irritability in which the victims seem to be oppressed by their nerves. As the trouble advances, common symptoms are a tired feeling; weakness in the knees and ankles; headaches backaches and sleeplessness. The matter requires immediate attention, for nothing but suitable treatment will prevent a complete breakdown.

The nervous system governs the whole body, controlling heart, lungs, digestion and brain, so that it is not surprising that nervous disturbances cause acute distress. For troubles of this kind Dr. Williams' Pink Pills succeed when other treatment fails, for these pills make new blood, enriched with the elements on which the nerves thrive, and in this way reach the root of the trouble. In proof of this is the statement of Mrs. Dockerill, Stratford, Ont., who says:—"My daughter, Matilda, was suffering from nervous debility, and the usual remedies did not seem to help her. I was advised by a friend to give Dr. Williams' Pink Pills a trial, and soon we found they were doing her a great deal of good. She complained of pains in the stomach, and a severe fluttering of the heart, with a general weakness. Under the use of these pills she continued to gain and I believe they have saved her from going into a decline."

You can get these Pills from any medicine dealer or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co Brockville, Ont.

Company, Chief, Secretary or any other member step beyond the bounds of their own business and criticize when the Council alone is concerned, in the matter of water or any other Council business, it is time they learned they do not boss the town, nor its citizens,—they are simply Town servants, not masters and there are not a few in Newcastle who think the whole combination require a shaking up.

As to what these members of the Fire Company think about the Advocate, I feel sure it is a matter of indifference to the Advocate as it is to the writer.

Yours truly,
CITIZEN

The above Citizens' letter is self explanatory. In addition we might say, that those members of the Fire Company who are so willing in offering suggestions to the Town, in order that money may be secured from the Water Rates, should look at home and examine the 1921 default tax list as published in the Town Report and ascertain how much some of the members of the Fire Company owe the Town in default taxes. After getting this information they might then peruse the Blue Book and see if they can find where either the Advocate or its Editor are in default of payment of taxes or water rates. We guarantee that they will be unable to find either names in the list of defaulters. Then they might offer a suggestion to the Town to collect at once the arrearages of defaulters in their own ranks.

"People who live in glass houses should not throw stones". The amount due the Town by some of the firemen, is in the vicinity of \$300.00 according to the 1921 Town Report and would be some little help to the finances of the Town. The Advocate and its Editor have their 1922 taxes also paid; it might be interesting to know how many of our heroic firemen critics have paid their taxes for this year. Wonderful fellows to be talking about who are and who are not of use to the community.

Men's Straw Hats

It's high time you donned a new sailor or panama and at Creaghans you can get excellent values in the most up to date shapes.

PERSONALS.

Miss Jessie Fleming spent Monday in Fredericton.
 Mrs. H.P. Legere of Legere, North'd Co., visited friends in town on Tuesday.
 Miss Reta Maltby spent the week-end with friends in Moncton.
 Mr. Edward Williamson of Moncton spent the holiday in town.
 Miss Dorothy Nicholson of Farnham, P. Q. is home for the vacation.
 Mr. William Stables was confined to his home last week through illness.
 Mrs. John F. Doyle of Moncton is the guest of her sister, Miss Fannie Purze.
 Mrs. I.P. Jonah of Amherst, N.S. is visiting her father Mr. James Falconer.
 Mrs. John MacKinnon of Quarryville spent Sunday with her sister Mrs. I. S. Chapman.
 M.G. Teed, K.C. of St. John, was in town last Thursday on professional business.
 Mr. R. Wright of the Canada Permanent Trust Co. St. John was in town last Thursday.
 Hon. John Morrissy M.P. and Mrs. Morrissy arrived home from Ottawa on Thursday.
 Mr. and Mrs. Archie Alcorn and Mr. E.S. Vye of Blackville were in Moncton on Thursday.
 Mrs. W.A. Russell of Shediac was the guest last week of Miss Agnes Russell, King's Highway.
 Miss Mary A. Coughlan of Roxbury Mass, Boston is visiting relatives on the Miramichi.
 Rev. Mr. Gardner of Rexton, occupied St. James' Church pulpit at the evening service on Sunday.
 Mr. Fred Carrigan, clerk in the Walker House, Toronto, is spending his vacation at his home in Nelson.
 Mrs. H.T. Ball and children, of Rock Island, Que. are visiting Mrs. Ball's father Mr. T.W. Crocker.
 J.S. Cobett passed in general subjects of the Pharmaceutical Society held in St. John on June 14th and 15th.
 Mr. Harry McLean of Campbellton spent Dominion Day in town the guest of his sister Mrs. G.E. McGrath.
 Mr. C.E. Jubien and family left on Thursday to join Mr. Jubien in Halifax, where they will reside in future.
 Chas. Dickson Jr. was in Moncton last week attending the convention of Pharmacists which was held in that city.
 Mr. A.J. Gremley who spent the past four months in town returned home on Wednesday last, much improved in health.
 Miss Elva McCurdy entertained her Sunday School class to a pleasant lawn party last Friday afternoon from two to six o'clock.
 Mrs. Wm. Aitken, Miss Annie Aitken, and the Misses Jean and Catherine Aitken returned last week to their home here to spend the summer months.
 Hudson Sproul spent Wednesday in Moncton, guest of Mr. L.B. McMurdo, while en-route to Sussex where he goes under canvas with his regiment.
 Misses Jossie and Clare Wheeler were visitors to Fredericton last week, having been called there owing to the illness of their brother Mr. A.J. Wheeler.
 Mr. Victor Moody has returned from Cambridge Mass, where he spent the past month. Friends of Victor are pleased to see him much improved in health.
 The Ven. Archdeacon Forsyth arrived home last Tuesday afternoon from Montreal and is receiving a warm welcome from his parishioners and many friends.
 Roy McWilliam, student at St. F. X. College, Antigonish arrived home Tuesday to spend the vacation with his parents Mr. and Mrs. Geo. McWilliam.
 Mr. and Mrs. G.R. Lutes and little son Ralph of Moncton spent the holiday, the guest of Mr. and Mrs. I.S. Chapman, returning to their home Monday morning.
 Mr. Thos. Cantwell and Mrs. Robert Hamilton and little daughter of Campbellton spent the week-end in town, the guest of Mrs. G.E. McGrath.
 Mr. and Mrs. Jas. O'Donnell and family accompanied by Mrs. W.E. Russell left Sunday for a motor trip through Southern New Brunswick.
 Capt. and Mrs. J.A. Goodwin of the local Salvation Army Corps leave on Friday for a well earned two week's vacation. Capt. Williams the new officer in charge at Chatham will conduct the meetings here during Capt. and Mrs. Goodwin's absence.
 Rev. Hammond Johnson and family leave Moncton today for P.E.I. where they will spend a month's vacation. They will then sail for Charlottetown to St. Johns, Newfoundland, where Mr. Johnson will take up his new pastorate. Rev. Mr. Johnson was a former pastor here.

WELL NAMED
 The S. S. Canadian "Squatter" apparently is well named. On her arrival here she played havoc with the Morrissy Bridge and squatted for a long time in the stream, from where she was obliged to take her cargo from scows. On Thursday evening she attempted to sail for the United Kingdom, but went aground below the Canadian Marsh and squatted again for awhile. She eventually floated and sailed on Friday morning about 9.30 a. m., and it is earnestly hoped that she will reach her destination without any further mishaps.

REPAIRS
 The Public Works Dept. are having new sills placed under the Fire Hall.

TOO MUCH RAIN
 The North Shore is suffering from too much rain. Crops and especially potatoes are being considerably damaged.

SUNDAY SCHOOL PICNIC
 It is expected that the St. James' Church Sunday School Picnic will be held at Wilson's Point on Wednesday, 12th inst.

THE HOLIDAY
 Yesterday was generally observed as a holiday in Newcasw. The weather was fine and many enjoyed the day in fishing and the holding of outings in the woods, while a great number attended the K. of C. Picnic, which was held in Chatham. In the evening a heavy down pour of rain put an abrupt ending to all outdoor functions.

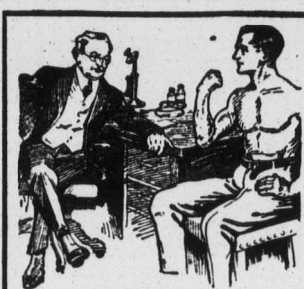

AUTO ACCIDENT
 In Moncton on Thursday evening a Newcastle car came into collision with a Moncton car at the corner of St. George and Pearl Streets. Both cars were badly damaged. In the Newcastle car was the wife of the owner and her little daughter, the latter receiving several cuts on the face. The injuries were not serious.—Times.

FLAGS FLYING
 On Dominion Day a number of flags were flying in honor of the birth of the Dominion of Canada. The Town Flag, however, was conspicuous by its absence. The flag pole in the Public Square was taken down early in the spring and it was decided at a meeting of the Town Council to use the pole on the Town Hall instead of erecting a new pole in the square. Up to the present the halyards have not been placed and in consequence the flag was not flown. Would it not be a good idea to have the halyards placed for future occasions?

Strength
 Strength of muscle does not indicate strength of nerves. On this account many people who look healthy enough suffer from nervous troubles and cannot understand what is ailing them. Sleeplessness and irritability are among the early symptoms. Indigestion and tired feelings soon follow.
 Read this letter from an Ontario man:
 Mr. W. L. Gregory, Charles St. E., Ingersoll, Ont., writes:
 "I had been troubled for quite a while with indigestion. At times there would be a twitching of the nerves of my stomach; and I also found it difficult to get a good night's sleep. I am a moulder, and owing to the nature of my work my system became run-down. I took a treatment of Dr. Chase's Nerve Food, and found great benefit from this medicine. They did me a great deal of good. I have not been bothered at all with indigestion since, and can sleep much better. I have recommended Dr. Chase's Nerve Food to many of my friends, as I think it splendid for anyone run-down and needing a tonic."

SHIVES LUMBER CO. CEASES TO EXIST

FREDERICTON, June 28—In the Royal Gazette today, notice is published of the granting of the letters patent providing for the passing of the Shives Lumber Company, Ltd., operating large lumber mills at Campbellton, and its amalgamation under Stetson, Cutler, Co. Ltd., which interests have controlled the business for some years and have headquarters in Boston, New York and St. John.

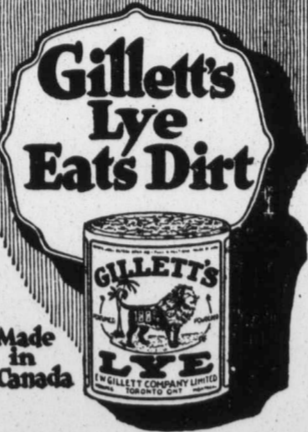

The authorized capital stock of the Stetson Co. was 7,500 common shares of par value of \$100 each and these are to be converted into 150,000 common shares without nominal or par value and an additional 100,000 similar shares are to be issued, the latter being allotted to the firm of Stetson, Cutler and Co. It is provided that the amount of capital with which the company shall carry on business shall be \$1,250,000 represented by the 250,000 shares without nominal or par value. The changes are in connection with an agreement recently made and the company's powers are amended and extended as required thereby.

A woman in the States has received a divorce on the score of her husband devoting too much time to golf. She got so mad about it as to develop a drive which landed him off the matrimonial course.

In Europe highly fashionable women are having their little toes amputated so as to wear narrower shoes. No amputation process is necessary with regard to giving them narrower minds.

Household Necessity

Make Gillett's Lye your household assistant. Use it for making soap for washing dishes for cleaning sinks for washing greasy pots and pans. It cleans and disinfects.

MEADOW SCHOOL REPORT FOR JUNE

Grade V.—Frances Murphy, Gladys Tozer, Frances Sheagreen, Nellie Sheagreen, Ruby Matchett, Carmel Hogan, Bernard Hogan.

Grade IV.—Theresa Sherrard, Annie Matchett, Lizzie Nowlan, Katie Rolf, Ada Leach, Katie Hogan, Edna Stewart, Margaret McDonald, Celia Murphy, Sadie Tozer.

Grade IV. (b)—James Sheagreen, Mary McAllister, Lelia Astles.

Grade III.—Roberta Matchett, Annie Porter, Helena Sherrard, Veronica Hogan, Howard McLean, Laura Murphy, Florence Murphy, Leona McDonald, Jean Matchett, Mina McAllister, Norman Tozer, Eugene Matchett, Willie Leach, Mary Tozer.

Grade II.—Margaret Nowlan, Katie McAllister, Jack Stewart, Willie Matchett, Ella Tozer, Hershell Rolf, Percy Park.

Grade I.—Willie Sherrard, Gordon Matchett, John Nowlan, Robert Matchett, Willie Tozer, Tyler Astles, Wallace Matchett, Sammie Leach.

Grade I. (b)—Ruth Murphy, Annie McAllister, Louis Sheagreen, Mary Stewart, Helen McLean, Willie Young, Elizabeth Rolf.

The cost of a seat on the New York exchange is now \$95,000. For us, we propose just now to stick to the good old verandah rocker.

At Barrie, Ont., the other day an O. T. A. agent was given three months for perjury. After a little the right men will get into jail.

JUST HOW LONG IS A DAY?

Every One Knows What It is Scientifically, but Really It Depends on Circumstances.

Scientifically, of course, a day is 24 hours long, but it is the popular custom to separate this period into the two parts of "day" and "night," and when one says "all day," only the daylight hours are meant, and this meaning may be further qualified and limited to a specific number of hours; if a person is hired to work "a day" he expects to give service for the usual or legal number of hours, a very necessary arrangement in order that endless contentions and misunderstandings be avoided, since the length of a daylight "day" varies widely. Actually, modern understanding is that one shall work so many hours, not so many days.

At London, England, the longest daylight day has 16 1/2 hours, while at Stockholm, Sweden, it is 18 1/2 hours in length. At Petrograd, Russia, the longest day is 19 hours, and the shortest five, while at Wardburg, Norway, the longest day lasted from May 21 to July 22 without interruption. In Spitzbergen the longest day is 3 1/2 months.

In the United States the duration of the longest day depends upon the locality, but that of Kansas City, a little less than 15 hours, is about an average longest day for the whole country.

Legally "a day" may be 24 hours or almost any shorter period, depending upon specific statutes, custom and common understanding. If one engages a hotel room for "a day" he is entitled to its use, unless there is a specific understanding to the contrary, for 24 hours continuously, but a horse hired for "a day" could not be retained for more than 12 hours and, unless otherwise agreed, that 12 hours would run between sunrise and sunset, and it would be necessary to surrender the animal at sunset, no matter when it was taken out.

For general purposes, the law divides the 24-hour period into equal parts as "day" and "night," and assumes that the daylight hours are meant in general agreements. A man who contracts to deliver ice "once a day," for example, would be required to deliver it during the daylight hours and at some reasonable and convenient time, but if a gas company reserved the right to shut off the gas for an hour "once each day" in order to make repairs, for instance, it could do so at any hour of the 24.

It is thus clear that it is no more possible to answer specifically the question, "How long is a day?" than the classical query, "How large is a piece of chalk?"—Kansas City Star.

Seagull and Golf.

Every golfer knows the story of the Sussex man who was put off his play by the ships passing up and down the English channel, but there are other dangers than ships to a game on the seashore. Seagulls, to wit, just as a ball was being clipped on the green at Port Erin, Isle of Man, a seagull swooped down, seized the stationary ball and carried it off. After flying for about a hundred yards the bird dropped the ball, but at once recovered it, flew another hundred yards and dropped it again. Then the player came into his own. There was a problem that might have served as a summertime subject for newspaper correspondence, for while one player argued that the ball should be played where it was dropped, another contended that as it had been displaced by an agency outside the game, it should be replaced where it originally lay. This was done, but there should be a definite ruling on the point. Seagull golf which may do for Manxland may not do for all the golfing world.

Safety First.

The marines are notoriously able to live off the country, writes Mary Roberts Klinehart. In time of need they have methods of acquiring what is necessary, and most of us know the story of the little pickinny in the road: "Mammy, come and look at the soldiers coming!" "Mammy goes out and surveys the approaching ranks. Then she shouts to her offspring in shrill apprehension: "Them ain't soldiers, honey. Them's marines. You come right on in and bring that dog in with you!"—The Leatherneck.

Height of Women Increasing.

The increase in the height of women has gone on steadily for more than fifty years, but measurements have altered most notably in the last two decades. Our grandmothers stood barely five feet in their shoes, but their daughters measure five feet four inches, and their athletic granddaughters of today measure from five feet to five feet ten in their stockings.

America Has Premier Huntress.

America's premier huntress is Mrs. Frederick Dalziel, who has recently returned from a big game shooting expedition in East Africa with a cargo of trophies of her prowess—the tusks of elephants and rhinoceroses, the skins of seven lions, the horns of buffaloes, a leopard and a cheetah.

Invents New Wrench.

A lever pivoted to a handle and controlled by a thumb nut forms a new wrench, which its inventor claims will hold a nut of any size or shape.

Not for the Natives.

The New York hotel which has installed a "thinking room" is evidently catering to guests from out of town.—Life.

"Overweight" Bread

In England it is customary for the vendor, when a loaf of bread is asked for, to weigh out the bread and then make up the deficiency in the loaf by giving the customer a slice off a second loaf.

No need of this in the case of Butter-Nut, every loaf of which is made overweight to offset the result of evaporation. Thus you are assured of a full pound and a half loaf when you ask for

Eases Kitchen Work

To Women Who Do Their Own Work: Suppose you could save six minutes every day in washing pots and pans—two minutes after every meal. In a month, this would amount to a saving of three hours of this disagreeable but necessary work. This saving can be made by using **SMP** enameled kitchen utensils, as their smooth sanitary surface will not absorb dirt or grease. No scraping, scouring or polishing is needed when you use Diamond or Pearl Ware. Soap, water and a dish towel is all you need. Ask for

SMP Diamond or Pearl WARE

Diamond Ware is a three-coated enameled steel, sky blue and white outside with a snowy white lining. Pearl Ware is enameled steel with two coats of pearl grey enamel, inside and out.

FRIENDS TELL HER HOW WELL SHE NOW LOOKS

"What Tanlac Did For My Wife is Nothing Less Than Astonishing", Declares Halifax Citizen.

"My wife suffered for ten years from stomach trouble but Tanlac has completely restored her health," said John Bonzang, 33 John St., Halifax N. S. Mr. and Mrs. Bonzang have lived in Halifax thirty-five years and are widely known and highly respected.

"Mrs. Bonzang's main trouble was indigestion," he continued. "Her appetite was very poor and she could retain but very little she ate. What she did retain caused gas on her stomach so bad she could hardly breathe. Nearly every day she had dull headaches, was very nervous and would roll and toss for hours at night, getting hardly any sleep. In spite of constantly taking medicine she lost weight and kept setting worse."

"What Tanlac has done for her is astonishing. Her appetite is splendid, she has gained in weight and does her housework easily. Her friends are always speaking of how well she looks. We are both deeply grateful to Tanlac."

Tanlac is sold by all good druggists.

APPEAL TO ATTORNEY GENERAL

The Great War Veterans are appealing to the Attorney General for a reopening of the case of William Michael Fitzpatrick, shot dead at Port Egton, a few days ago, by Frank A. Dobson, a Dorchester guard, in mistake for an escaped convict. Fitzpatrick was a former member of the 26th Battalion and the veterans are not satisfied with the verdict of the coroner's jury that the guard was justified in the shooting. The evidence it is said showed that Fitzpatrick instead of running away from the guard was walking quietly toward him when he was shot. If that is the case they think the shooting can hard be put down as one either of mistake or of justification.

THE PROPERTY LOSS WILL BE ENORMOUS

Winnipeg, June 24—It is impossible to calculate the property damage caused in the Province but if the Portage La Prairie estimate is anywhere near accurate the aggregate loss will probably run to nearly \$3,000,000 as the destruction of property in Winnipeg is said to run into the hundreds of thousands.

Farmers in the Portage district, where crops are reported to have been literally cut down by hail, were registering claims late yesterday with insurance companies with which they had been insured and it is believed the majority affected had protected themselves against the elements. But city property owners will in most cases have to bear the loss themselves as it is not a general practice to take advantage of "tornado" risks, according to local companies. The ordinary fire insurance policy mentions that it does not protect the property owner in case of damage caused through acts of God.

Horse racing is popular, remarks one of the dailies. Sure it is, that is the reason the uplitters want to close it up.

A farmer M. P. P. says that Raney is the biggest man in Ontario. Sure he is. If you do not believe it ask the Attorney General.

Beaverbrook's Part In Asquith's Fall

Considerable speculation has arisen over the authorship of the book "Pomp and Power" just published, the writer dealing with matters of high policy and persons having the handling of them in a style showing his intimate acquaintance with both. The author of the book is a warm friend of France, and while unhesitatingly criticizing Premier Lloyd George, fully recognizes his achievements and abilities.

Revelations in the book concerning the fall of the Asquith ministry are particularly interesting. The writer says: "It was difficult to see how matters could be brought to a crisis except by Lloyd George himself taking a personal risk which he was always disposed to do. He wanted rebellion from within which would oust H. T. Asquith and carry him to Downing St. In many respects the details of the intrigues are still unknown or obscure. The person who had the greatest part in carrying them to a conclusion was Lord Beaverbrook (then Max Aitken) but it is doubtful whether he conceived the original idea. The probability seems to be that it originated with others and it was while casting around for some one to influence Bonar Law that they disclosed the project to Aitken."

LLOYD GEORGE, CHURCHILL DERBY

The author declares that the only two people of whose opposition Lloyd George had any fear are Right Hon. Winston Churchill, Secretary of State for the Colonies, and Lord Derby. For Winston Churchill's power to be unpleasantly pugnacious the Premier has a wholesome respect he says; Churchill has all the moral courage which Lloyd George lacks, but none of the latter's tact in negotiation or caution in acting. He will never be in opposition to Lloyd George if the latter can prevent it.

Lord Derby, according to this writer, has exactly what Winston Churchill lacks, namely a following in the country.

The author of "Pomp and Power" regretfully declares that one of Premier Lloyd George's chief weaknesses is his sensibility to newspaper criticism.

A WOMAN'S WORK IS NEVER DONE

It Seems So in Many Cases and Good Health is Always Necessary

Viscount, Saskatchewan.—"I took Lydia E. Pinkham's Vegetable Compound for weakness of the female organs. I had pains in the back and bearing-down pains in the abdomen and was in a general run-down condition. I could not sleep, rest or work and was quite unfit to do even slight household tasks. A friend told me about your Vegetable Compound and I in my turn truly recommend it, as my severe symptoms vanished and I am better in every way. I do my own work, look after my children and see to chickens, cow and my garden. I also recommend it for young girls who are weak and run down, as my 16-year-old daughter has taken it and is quite her own gay self again."—Mrs. FRED. WILBY, Viscount, Saskatchewan.

I Live On A Farm

Upper New Horton, N. B.—"I have taken Lydia E. Pinkham's medicines and they have done me a world of good. Since then I have been able to do my housework and I have a lot of work to do as I live on a farm. Seeing your advertisement in the papers was what made me think of writing to you. I hope this will help someone else."—Mrs. Wm. B. KERR, Upper New Horton, New Brunswick.

Coal mining is seamy work and the strike is also being conducted in a seamy way.

A doctor says: "If golf and business clash, quit business." That doctor must be a regular feller.

Orville Wright was being reproached for not taking up the challenge of the Smithsonian Institution that it was Langley, not the Wrights, who was the first to fly. A banker friend of Wright's said, "The trouble with you, Orville, is that you are too tactful. You should go in for more publicity. Assert yourself more." "My dear friend," Orville Wright replied, "the best talker and the worst flier among the birds is the parrot."

Churches

SAINT JAMES' PRESBYTERIAN CHURCH
NEWCASTLE

Rev. L. H. MacLean, M. A. Minister.
Sabbath Services 11 A. M. and 7 P. M.

Midweek service, Wednesday in St. James' Hall, at 7.30 p. m.
Services in Bule School House every Second Thursday at 7.30 p. m.
Strangers are cordially invited to these services.

At the above services all seats are free—Ushers in attendance.

SUNNY CORNER

Sunny Corner, June 28—Miss Lottie Stewart who has been in Newcastle for the past eight months is visiting her parents at the Corner.

Mr. Tom Nolan has returned home from Campbellton.

Miss Bernetta Johnston is home from the P. N. S for her vacation.

Mrs. Miles McAllister and family are visiting relatives here.

Miss Villa Nolan was the guest of her sister in Trout Brook last week.

Mr. and Mrs. Irvine Matchett have moved to Red Bank for the summer.
Mr. and Mrs. Walter O'Neill motored down river on Saturday and they spent the week end at the former's home.

The Sunny Corner Baseball team motored to Lyttleton on Friday evening, playing against the Lyttleton team and badly defeating them. The Sannies only need practice.

BEAVER FLOUR
MAKES BETTER BAKINGS
THE reason why BEAVER FLOUR makes such light, flaky pastry, and such excellent bread, is—it is a blended flour.
BEAVER FLOUR is a combination of the world-famed Ontario Winter Wheat scientifically blended with enough Western Hard Wheat to give it strength—the resulting product is flour unsurpassed for high quality and richness of flavor.
Try BEAVER FLOUR and note the marked improvement in your bakings.
Sold at your grocer's.
The T. H. TAYLOR CO. Limited,
CHATHAM, ONT.

BAYER Aspirin
Nothing Else is Aspirin—say "Bayer"
Warning! Unless you see name "Bayer" on tablets, you are not getting Aspirin at all. Why take chances?
Accept only an unbroken "Bayer" package which contains directions worked out by physicians during 21 years and proved safe by millions for Colds, Headaches, Earache, Toothache, Neuralgia, Rheumatism, Neuritis, Lumbago, and Pain. Made in Canada.
All druggists sell Bayer Tablets of Aspirin in handy tin boxes of 12 tablets, and in bottles of 24 and 100. Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monoaceticacidester of Salicylicacid. While it is well known that Aspirin means Bayer Manufacture, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

Local and General News.

BORN

At Upper Derby, N. B. June 30th 1922 to Mr. and Mrs. Miles McKinon, a daughter.

PRESBYTERY OF MIRAMICHI

The quarterly meeting of the Miramichi Presbytery was held last Tuesday in St. Luke's Church, Bathurst.

PRESBYTERIAL MEETING

The Miramichi Presbyterial of the Woman's Missionary Society will hold its annual meeting in St. James' Church, July 5th and 6th. On Thursday afternoon High Tea will be served to all visitors.

DEPARTED

The World's Standard Shows which played here all last week have taken their departure. Each evening, except Thursday which was wet, saw large crowds on the grounds.

MUST TAKE PRECAUTIONS

Mr. H. H. McLellan of St. John, Provincial Fire Marshall was in Chatham last week and said that Chatham must tear down several dangerous buildings and put new roofs on others if it wants to prevent an increase in insurance rates. The same will probably apply to Newcastle, when he visits here.

CONGRATULATIONS

Some of our good citizens deserve thanks for taking our hint, in reference to cleaning up their premises. The very noticeable improvement, is worthy of the town, and must be more satisfactory to residents, both in looks, and home conditions. It sets a good example, worthy of imitation, and there are others yet, who might well "go and do likewise."

PARLIAMENT PROROGUED

Parliament was formally prorogued by Sir Louis Davies at 1.13 o'clock last Wednesday morning. The closing was delayed by differences between the Senate and Government over amendments to bills, but in the end the Government accepted the amendments. The Senate by 24 to 29 insisted upon its amendment refusing the British Columbia Government the monopoly of Liquor Importations into that province.

TROPHY ARRIVED

The handsome Silver Cup, donated as a trophy to this year's winner of the Miramichi Baseball League, by Mr. Clay Adams of New York City, arrived last week and was on display in the show window of Messrs. J. D. Creaghan & Co. Ltd. The trophy which is a beautiful one will create keen competition between the rival teams and the kindness of Mr. Adams in donating the cup is much appreciated by the league.

UNITED SERVICES

United Services of the Baptist, Methodist and Presbyterian Churches began last Sabbath and will continue throughout the months of July and August. The morning services will be held in the Baptist and Methodist Churches alternately while all evening services will be held in St. James'. Rev. L. H. MacLean will conduct the services for the first three Sundays, Rev. Mr. Bishop the second three and Rev. J. B. Champion the last three.

CHILDREN

require vitamin-bearing food in abundance to keep them growing and in strength. **Scott's Emulsion** builds up the body and strengthens the bones. It contains elements that are rich in health-building vitamins. Scott & Bowne, Toronto, Ont.

BOARD OF TRADE

A meeting of the Board of Trade is to be held this evening in the Town Hall.

SUMMER HOLIDAYS

The public schools closed on Friday for the summer holidays. Teachers and pupils alike will welcome the rest from their arduous duties and studies.

SAFE RETURN

A few of our local mariners returned home safely by gasoline launch last Tuesday evening from Shediac. They report a good trip, notwithstanding a few minor engine troubles and enjoyed a short visit in Ricahibucto en-route.

AT THE BEACH

Yesterday observed as a holiday was a big day at Vye's Beach. Large crowds of bathers and amusement seekers enjoyed the many pastimes which the management provided. A salmon supper was served and the Band was in attendance.

CORRECTION

Inadvertently the report was issued last week that Mr. and Mrs. A. C. Allen and family had left for Moncton where they would in future reside. Mr. Allen intends going to Moncton in the fall but is still doing business in Newcastle at his old stand and intends doing so throughout the summer months.

GARDEN PARTY

Don't forget the I. O. D. E. Garden Party being held on the grounds of Mr. J. W. Brankley, Chatham, on tomorrow 5th inst. High Tea served from 5 to 7.

Patrons coming from Newcastle by train may return on Steamer Alexandra, which will go to Newcastle after the down river trip. 27-0

FOOD SALE SUCCESSFUL

The Food Sale held last Tuesday afternoon by the Junior Missionary Club of St. James' Church in Mr. James Stables' store was a pronounced success in every respect. All articles on sale were quickly purchased by the large number of patrons who attended and a handsome sum was realized for Mission purposes.

CREDITORS MEETING

A meeting of the Creditors of the Miramichi Manufacturing Co. Ltd., which recently assigned, was held last Thursday afternoon in the Company's office at 2.30 o'clock. Messrs. J. P. MacRae, Wm. Ferguson and R. Lingley were appointed inspectors. Mr. A. A. Davidson, K. C. was appointed Solicitor for the Company. It was decided to ask for tenders for the Real Estate, buildings and machinery.

CONCURRENCE

The "North Shore Leader" last week urged the necessity of the citizens in awakening up the Provincial Board of Works Department and have them push the work of repairing the Morrissy Bridge along at a faster rate. The Leader also says "We want no more political promises but action, and unless the citizens exert themselves the Government will do very little hustling." We entirely agree with the "Leader" and are pleased to hear it make the above remarks.

Our local representatives should bestir themselves in this matter, and possibly our contemporary who supported at least three of them in their election, could bring some pressure to bear upon them, whereby they would get busy and insist that the work be completed promptly. Evidently the "Leader" wants no more political promises, but action. Everyone is of the same opinion and we appreciate the fact that the "Leader" is with us.

Catarrhal Conditions

Catarrh is a local disease greatly influenced by constitutional conditions. It therefore requires constitutional treatment. HALL'S CATARRH MEDICINE is taken internally and acts through the Blood upon Mucous Surfaces of the System. HALL'S CATARRH MEDICINE gives the patient strength by improving the general health and assisting Nature in doing its work. All Druggists. Circulars free. F. J. Cheney & Co., Toledo, Ohio.

BORN

At Miramichi Hospital, July 4th to Capt. and Mrs. F. K. Williams, a son.

TEA ROOM

Mrs. W. J. Dunn has opened a Tea Room at the corner of Pleasant and Castle Streets. The opening was held on Saturday last.

PARTY AND SOCIAL

The L. O. L. No. 47 intend holding a Garden Party and Ice Cream Social on the grounds of Mr. John R. Allison on Wednesday July 12th.

STORE BROKEN INTO

The store of J. G. Waterbury & Co. was broken into last night, entrance being made from the basement, up the stairway to the interior of the store. Considerable noise must have been made as a large pane of glass and the panel of a door was broken. It is thought a large amount of clothing, etc. was stolen.

Red Hot July Days Hard on The Baby

July—the month of oppressive heat; red hot days and sweltering nights; is extremely hard on little ones. Diarrhoea, dysentery, colic and cholera infantum carry off thousands of precious little lives every summer. The mother must be constantly on her guard to prevent these troubles or if they come on suddenly to fight them. No other medicine is of such aid to mothers during the hot summer as is Baby's Own Tablets. They regulate the bowels and stomach, and an occasional dose given to the well child will prevent summer complaint, or if the trouble does come on suddenly will banish it. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams Medicine Co., Brockville, Ont.

Thousands of pulpits are vacant in the United States because of lack of enough support to pay ministers. The other kind of pewillists continue to draw big crowds.

Over Gold
The gold mines of India must lie under the soil where Blue Bird Orange Pekoe is grown. Where else could this tea get its golden color?
Blue Bird TEA
"Birds Happiness"

Send a **DOMINION EXPRESS MONEY ORDER** IN PAYMENT OF OUR DEBTS ACCOUNTS. Last in Station, first in mail. Money promptly returned. FOR SALE AT C.F.B. STATIONS AND DOMINION EXPRESS OFFICES.

NOTICE

St. Andrew's Sunday School will meet at 10 o'clock in the morning in place of the afternoon until further notice.

REGAL FLOUR
Contented Cooks use Regal Flour because it returns them the greatest degree of satisfaction.
IT'S WONDERFUL FOR BREAD

POLITICAL LETTER

(Continued from page 1)

decorated with stinkweed would be an apt decoration for the latter, for the people of Canada, are not likely soon to forget the burden of extra taxation cast upon them, by the ingenious tactics of Fielding's last and worst tariff bill. The rich may be able to bear any burden cast upon them, but poorer folk, the working man, the merchant, the average citizen instead of finding reduction of taxation in this new tariff, or any part of it, have cast upon them heavier burdens, even in some cases, doubled and it is by this grinding down of those least able to stand it, that the Liberal Government with King as Premier, and Fielding as Finance Minister, hope to raise a large revenue, in spite of, and in defiance of their pre-election promises. Liberal politicians and Liberal papers, condemned Meighen or his taxation. They were loud in their cry "place us in power, and we will reduce your taxes, or wipe some of them out." They have got there, and so far from any relief being afforded, the taxes are largely increased, some as high as fifty per cent. We admit, taxation is a necessary part of the Government, but why increase them, when a sacred promise was given not to do so? Meighen's taxes were more easily met, and his Finance Minister an abler man, than the much vaunted and overrated now-a-days occupant. Taxed we have to be under the circumstances of our day, but better that Meighen should scourge us with rods, than have a Government in power, who scourges us with scorpions. After all, let the people judge for themselves. If they are fond of heavier taxation, no doubt their hearts will be content. If they value truth, candor, and honor in public life; if they are men and women, who abhor the deceiver and pledge breaker, they must see how they have been fooled by pre-election promises. This is not altogether a matter of Liberal, or Conservative or Progressive—it is a matter of conscience, of stern duty to our Country. Any Party, acting as does the present party in power, is unworthy of electoral support, and for the honor and well being of our Common Country, the day should not be far distant, when they will be hurled out of office. Another matter before closing. Now that there is so much talk about economy, reduction in wages, and strikes, and so on, would it not be well for M. P.'s to tap their own pockets. If Working men's wages are to be cut, if Railway employees are to suffer reduction, we do not know of any sound reason why M. P.'s should not have a cut down in their pay too. Four thousand dollars a session, is enormous pay for the peoples servants. It would be even too big, if they sat the whole year round. Any one acquainted with the house, on the spot, would consider half the amount good pay, for a lot of them. We have a grim recollection of "the angel of the House" Miss McPhaff, telling us, that \$2500 was good enough pay for any of them, and she would object to a \$4000 indemnity. At any rate, we say, independent of politics, applicable to all, whatever their political faith, that it is high time, for our Parliamentary Representatives, to cut their pay, back to the Two thousand and five hundred of a few years ago. It is enough, in all consciences and the electors should insist upon it, the working men, the merchants, the average citizens, who pay the piper, while they themselves have to submit to lower wages, lower prices receipt stamps, increased sales taxes and other beautiful enactments of the bud get tariff, just imposed on them.

WE HAVE THIS WEEK

Good Heavy Western & Country Beef

Heavy, Rose Brand Plate Beef 16c
Good Corn Beef at 12c and 14c
Extra good Tea (in bulk & boxes which we can guarantee) 50c per lb.
