Mr. B. L. Johnston returned yesterday from Niagara-on-the-Lake.

Mrs. E. Rowlin and family are at Centre Island for the summer.

CANADIAN PACIFIC.

Great Lakes Express Steamship Service.

Few people realize with what ease and speed a trip from the east to Fort William and Winnipeg can be made via the Canadian Pacific Great Lakes Express Steamships. Stop for a moment and consider that you can leave Toronto at 12.45 noon on Tuesday or Saturday and arrive in Winnipeg at 9.40 p.m. Thursday or Monday. Fifty-seven hours from Toronto to Winnipeg—twelve hours faster than any other service. For those who wish to leave on different days in the week and have a little more time on the water, the trip can be made leaving Toronto at 12.45 noon on Mondays, Wednesdays and Thursdays, arriving in Winnipeg at 11.40 a.m. on Thursdays, Saturdays and Sundays.

Think of a steamship service five days each week across the great lakes. The steamships are built and furnished to give the very best comfort that marine architecture can devise, and the cuisine is the result of years of studied effort and experience, and is, needless to say, the best.

The Tuesday and Saturday boats contain inside and outside staterooms and cabins de luxe. Large, well-ventilated dining, saloon and rest rooms together with spacious decks for promenade. All state rooms on the Monday, Wednesday and Thursday boats are outside, and in addition there are parlor rooms.

If you are contemplating a trip don't let this slip your memory. Canadian Pacific steamships make the fastest time, have the best accommodation and the table is unexcelled. Full particulars and reservations on trains and ships at every Canadian Pacific ticket office. Toronto city office temporarily located at 16 East King street, in a few days will be in the new big building southeast corner of King and Yonge streets.

Tells General Assembly Imported Ministers Are No Good Because They're Too Dogmatic.

"They were absolutely no good," was Rev. Dr. Duval's appraisal of some of the imported Presbyterian ministers who were tried out and failed in the west. He argued strongly against a proposal from the Maritime Provinces to be allowed to pay a portion of the traveling expenses of Presbyterian ministers from the North of Ireland.

WOMAN SUFFRAGE LESSENS CRIME.

WASHINGTON, June 12.—(Can. Press.)—Woman suffrage as a means of lessening crime was advocated here today by C. E. Sebastian, chief of police of Los Angeles, in an address before the closing session of the annual convention of the International Association of Police Chiefs. Chief Sebastian declared that thru suffrage recognition of police women in Los Angeles had been obtained, and crime had been materially reduced. Suffrage, he added, had helped to break down the false modesty which had prevented public discussion of sex problems.

YORK COUNTY AND SUBURBS OSHAWA BIGAMY CASE HAS FAILED

Police Magistrate Watson Completely Vindicated and Will Resume Duties.

GRAND JURY DISMISSED Charge of Conspiracy May Be Laid Against Oshawa Men.

OSHAWA, June 12.—The Watson bigamy case is at an end. Judge McGillivray this morning dismissed the grand jury and they left for their homes, and Police Magistrate Watson of Oshawa walks the streets of his own town a victor in his long drawn-out battle.

"This means that it is all over," said W. E. N. Sinclair, Mr. Watson's counsel. "The judge ordered that the case be proceeded with at once. The crown failed to do this. The grand jury is dismissed and we are victorious."

W. J. Watson, the defendant, was naturally highly pleased at the turn events have taken. He did not wish to speak on the matter at all, but his office was thronged with friends and well-wishers congratulating him and the telephone was continually ringing.

"Tomorrow I am at liberty to resume the public duties that I voluntarily gave up until my character was vindicated in the courts. The effect of the failure of the crown to bring in a bill completely vindicates me in a legal way, as I have long been so far as the public is concerned."

Just here, we might warn the ordinary gardener that it is by no means safe to try experiments with medicated sprays, especially if one is the happy possessor of a choice vine or bush.

SOCIETY HOUSEKEEPING

EFFICIENT HOUSEKEEPING BY HENRIETTA D. GRAUEL DOMESTIC SCIENCE LECTURER

FORCEMEAT (Continued From Yesterday.)

A FORCEMEAT most in use is known as false pate de foie gras. Chicken livers are used in the place of Strasburg goose liver or calf's liver. It may be baked in a loaf and made very ornamental.

Prepare the liver by chopping, seasoning and putting thru a sieve and then mixing with the panada or thick base. The seasoning to be added is butter, salt, pepper and a little nutmeg.

Pass mixture agn thru sieve and put in a mold; place in a pan of hot water and bake forty-five minutes. The mold must have a cover to prevent the top from crusting over.

This dish may be served hot, with brown sauce, but is best very cold, with decorations of aspic jelly en masque, or cut in forms as with real pate de foie gras, and used with salad.

False terrapin made with meat from calf's head well cooked. Make the panada with browned butter and flour so it will be very dark. Serve the panada with more sauce than forcemeat. Another way to serve this very rich forcemeat is to press it into outlet or small ring molds while hot.

One form of forcemeat is called salpicon; for this the meat is cooked before it is chopped. Calf's brains, sweetbreads and lobsters are all used and mushrooms are usually added.

Recipe for beef forcemeat: Half pound beef tenderloin, fourth of pound of calf's brains, fourth cup of cooked ham, fourth cup chopped spinach, three egg yolks, seasoning; mix with enough panada to moisten. When cold and firm cut in squares and poach for garnishes.

For veal forcemeat: Fry three tablespoons of onion in three tablespoons of butter without browning either, put in the reduced veal and seasonings. Add a cup of broth and four egg yolks. Reduce carefully, seasoning. Add a cup of broth and when cold cut in triangles, bread when heavy enough to shape, mold and when cold cut in triangles, bread and fry.

Chicken forcemeat: Half a pound of light or dark chicken meat, chopped and pressed as directed. Half a pound of veal udder—udder is the fat that lies about the kernel of veal. It should be tied in a cloth and cooked in hot broth, or water, well salted. When cooked, chop and put thru a sieve with the chicken or meat, four egg yolks and a cup of heavy, velvet white sauce. Mix and put thru the sieve once more.

Chicken forcemeat is a dainty suitable for lining cases, bottoms of dishes that are to be inverted, and for borders.

Whipped cream forcemeat is used only on white meats and for especially dainty occasions—ladies' luncheons, for instance. Make a fine forcemeat and add heavy whipped cream as it is passed thru the sieve for the last time. Use for a garnish.

FRIDAY MORNING, JUNE 13

TOWNSHIP GOVERNMENT FOR A GREAT METROPOLIS.

There is a big movement in favor of immediately annexing more territory to the city, and there is some opposition to it, notably on the part of one newspaper. Let us set out the substantial facts.

The outstanding feature (and never yet pointed out) in connection with the growth of Toronto is that the growing portion of the city, from the very commencement thereof, has been under township government, or at best, village or town government. These latter have now all been wiped out with the exception of the township; and yet today Toronto is growing most rapidly in the Township of York, adjoining the whole of the city limits; and, as we said before, all this growing portion has no other government than township government. This consists of five members, three farmers, the other two prominent in gardening and in the florist business. All may be competent men, but dealing with township affairs and looking at things thru township spectacles, and regarding their constituents as farmers and gardeners; whereas, as a matter of fact, the bulk of the taxes which they spend come from people who are practically citizens of Toronto. It is absurd for five men in the township, meeting once a fortnight or once a month, trying to deal with the growing front of a great metropolitan city—a front of at least ten miles across, and pushing ahead at a surprising rate day after day.

To this condition The World makes the suggestion that the growing portion of the city be put under city government and kept under city government; and this it never has been up to the present. This is the reason, to our mind, why the situation has become intolerable, why the layout has been poor, why there has been such a manifest lack of municipal conveniences for residents, for factories.

The next great obstacle in the way of Toronto's growth and good government has been the physical conditions caused by the Don ravines, and next by the hill that runs from Yonge street west to the Humber, and between Bloor street and St. Clair avenue. These ravines can only be overcome by high-level bridges, and the only way to get up the hill is by good pavements and modern grades. All these things are now being more or less solved; and practically the whole of the hill and most of the Don ravine. The city will now apply the cure.

The third great obstacle to the expansion of the city has been the fact that the street railway franchise was limited to the old bounds of the city of twenty years ago, and as a consequence we have a system of two fares. The only cure for this is to purchase the street railway, and this will come before the citizens some time this summer; and if carried will allow the city to extend the railways to the north as fast as the growth of the town requires. The single fare will march with the growth.

These are the three things that have clogged the progress of the city and have congested things from year to year, and made taxes high, and the situation almost intolerable. There is nothing now to do but to clean all these things out of the way and let the city go ahead as a city, and the first thing to do is to relieve the congestion by taking whatever portions that wish to come in and to let them pay city taxes. Cut out the township aspect.

The next thing is to buy the street railway and to be in a position to guarantee single fares and a good service to all the extreme points and advancing points of the expanding city.

And the third thing is to get powers from the legislature so as to keep the bounds of the city ahead of its growth and to have the growing ends constantly under city government and not under the government, or lack of government, of that old-fashioned organization of a township. If any one has a plan to propose for compelling the owners of the township lands that come within the city's growth to share with the public, let him be ready to lay it before the city and the legislature. But nothing is quite so absurd as that we should allow the growing front of the most metropolitan city in Canada, and the city in North America, that is growing most rapidly, to be under that ancient system of township government adopted seventy years ago! We commend all these facts to the very best consideration of Sir James

Whitney, the city members, the mayor and council, to our distinguished contemporary in the cause of civic progress, The Evening Telegram.

THE EVIL EYE.

No more contemptible form of persecution can be found than the practice of hounding a man personally because he happens to represent a different point of view in politics or a different policy in public affairs. Locally we have had the quite malignant example of The Telegram before us for years. Its pursuit of Mayor Hocken has cost it more influence and repute than it will recover in years.

A notorious example has occurred in Oshawa, where Dr. Kaiser, having a political difference of opinion with Mr. W. J. Watson of The Oshawa Vindicator, and recently appointed police magistrate of that thriving town, made an attempt to slander him in his private life. Dr. Kaiser allied himself with the local Liberal party and with various individuals apparently in the effort to patch up an absurd and impossible charge of bigamy. The farcical proceedings in the police court have had their sequel before Judge McGillivray, who dismissed the grand jury on the failure of the prosecution to make out a case. Mr. Watson scarcely needed vindication and his stalling character will bear all the publicity it has received.

But the spirit that pursues with vengeful hatred and the determination, if possible, to destroy, is entirely alien to modern life and civilized standards. The few survivals encountered now-a-days only serve to mark the progress of human nature.

MOTOR BUSES.

There is no reason why the board of control should yield to the blandishments of Mr. Macpherson over the application for a motor bus franchise. If his clients are not satisfied with a license to do business, the public can only conclude that there must be something more than a desire to run motor buses in Toronto in the mind of the promoters. A franchise might promote the sale of stock, but any such franchise would have to get the endorsement of the people in a vote next January, and the people would vote No. The only transportation proposal securing the attention of the people at present are the negotiations going on for the purchase of the street railway. When the city owns the car lines, Toronto will not be a healthy place for a motor bus franchise.

GREAT DRAMATIC DISCOVERY.

The Telegram has discovered a new principle in literature, to the effect that "the stage is protected against impurity by the workings of a great law of moral gravitation. That law owes its supremacy to the playwrights who attempt to be devilish and only succeed in being dull."

It sounds well, like many Telegram apothegms. But it has not as solid a basis as gravitation. It is a sad fact that it is the highly moral plays as a rule that are deadly dull, and the other kind that are lively and sparkling. It is quite probable, however, that The Telegram rejoices over the light and airy touch, the graceful wit, and the jovial humor of Martin Farquhar Tupper.

The fact is that the successful moral writers of the day like Shaw, Jones, Maugham and such new men as Howland, succeed by their brilliant humor. Dickens and Mark Twain sanctified humor and the modern stage has enlisted it on the side of morality, and demonstrated that it is no longer ungodly to laugh.

THE LOBBY.

Apparent frankness has distinguished the testimony given so far by witnesses called before the senate committee at Washington, appointed to enquire into the president's charges that a powerful and persistent lobby is at work to defeat the clauses of the Underwood bill placing sugar and wool upon the free list. Ex-Governor Carter of Hawaii told the committee that the sugar planters of his territory had already expended \$100,000 and were prepared to expend ten times as much to maintain the duty upon sugar. He showed that the money up to date had been expended solely for the purpose of creating a public opinion against free sugar, and justified the same by saying that the only industry of Hawaii would be destroyed if West Indian sugar were admitted free of duty to the United States. Incidentally, he explained that the refiners who want free sugar were maintaining

Young Man! Aim at That First Thousand

"The thing that counts," said a man of independently large means, accumulated by hard work, saving and wise investments, "is the first thousand dollars. When you've got that amount together you are beginning to get somewhere, and with that start you can do anything." In saying to acquire the "first thousand" you are creating the capital necessary to enable you to avail yourself of some of the opportunities constantly presenting themselves for increasing and multiplying that capital. We credit interest at three and one-half per cent on every dollar deposited with us, thus materially assisting in its accumulation. One dollar opens an account. Begin today.

ORDER A CASE FROM YOUR DEALER.

The Philosopher of Folly

By Sherwood Hart. RED PAINT. Let others go prancing when paid off on Friday to their share earnings on paint which is pink who find every day a warm and dry day, and fill up their systems with kegs of red ink; let the tailor's and order a suit; let the butcher's and buy lamb's hindquarter (I rather prefer it to scrapple and hash); and let the stealer from the same store as Porter—all this I can buy with what's left of my cash. Go to the grocery's and cart home some crackers, some bacon and cheese and a bushel of beans—while other chaps fill up on varnish and lacquers. I still have something to spare for the corner to trottle the fellows who whack up their hard-won doubloons for red ink, the 'dealer' made by the bottle, which should have been spent on bread, butter and prunes. The bonehead whose aim is to stain their hands with the red ink, the stuff which the barkeepers sell; he takes the first prize, as a champion booby who piles on red paint at the corner hotel.

Oil on troubled political waters. But Latest Developments Only Add to Turmoil in Britain.

LONDON, June 12.—(Can. Press.)—Scandals concerning members of the British Government with speculations in oil, somewhat resembling those disclosed during the parliamentary investigation of the 'dealers' made by cabinet ministers in Marconi shares, may, it is reported, bring about a fresh parliamentary sensation in England. The Times recently warned the government that rumors were rife as to cabinet ministers speculating in the shares of oil companies which contract for the supply of oil to the Royal Canadian Mounted Police. The Globe today hints that the books of Charles E. Fenner, stock broker, who recently went into bankruptcy, show a considerable amount of the funds of the Liberal party in oil shares, particularly those of a Mexican company which had obtained large government contracts.

Western Ontario booming. The doleful prophets of blue ruin will find few places in Western Ontario where their dirges will be received with approval. The writer has just completed a tour which included the important manufacturing cities and towns of that section of the province. In every one of the skeleton timbers of factories and additions to factories were rising rapidly. Factories, long shelved and prosperous, were installing new machinery. The signs "Help Wanted" were numerous. Processions of loaded freight cars were coming out of switches. Many manufacturers stated that they could not keep up to their orders. There seemed to be no idle men anywhere. No strikes were encountered. Manufacturing and wholesaling of workmen's homes, were appearing in places where the hay fields rustled a few years ago. Good homes were, too, and walking among them, one was forced to wonder if there were any poor. Money may be tight in Western Ontario, but the factories are humming and the cities and towns are getting over-time cheques in their paper envelopes. Industrial Canada.

Canadian Northern Summer Service. Announcement is made by the Canadian Northern Railway that its full summer service will go into effect on June 14 and in this connection it will come as welcome news to many of its patrons that the Express will leave Toronto Union Station at 10 a.m. daily except Sundays for Richmond Hill, Beaverton, Washago, Lake Joseph, Gordon Bay, Long Lake and Parry Sound as in former years, enabling Torontonians to reach their summer homes in Muskoka several hours earlier than they could otherwise. Particular attention is directed to the week-end service to Parry Sound and intermediate points starting on June 14, two weeks earlier than last year. Trains will leave Toronto at 1:30 p.m. and 5:15 p.m. every Saturday, returning from Parry Sound at 6:15 p.m. Sunday only and arriving in Toronto 11:15 p.m. The week-end service to Napanee, making connections at Trenton for Picton and all points on the Central Ontario Railway and at Napanee for day of Queen's points, is equally convenient. Trains leave the Toronto Union Station for Oshawa, Deseronto, Napanee and Tweed every Saturday at 2 p.m. and return Sunday only from Napanee at 6:10 p.m., and from Picton at 6:30 p.m., arriving in Toronto at 11:30 p.m.

THE ROYAL GUARDIANS

The biennial meeting of the supreme lodge of the Royal Guardians will be held in the Foresters' Temple, Toronto, on Tuesday, June 17. A full attendance of supreme officers and delegates is looked for. This already popular fraternal order is doing business on the legal reserve basis and government inspection and has a large deposit with the Dominion Government.

Single Court.

Before Meredith, C.J. Re Ederley and Rotrum—S. Denison, K.C., for vendor; D. L. McCarthy, K.C., for purchaser. Motion by vendor for order declaring that purchaser's objections to the valid amount vendor has shown good title. Judgment: The word "or" alone, of course, creates the difficulty, such as it is. If the testator meant that which she said "surviving" meant, then the word "and" must be substituted for the word "or." A devise surviving must take; her issue could only take thru her. If the testator did not mean surviving, but really means other, and had said so, a very different question would have arisen, and there might be no doubt that effect should be given to the purchaser's contention that he ought not to have the title forced upon him before it was quieted, or the possible intention of unborn issue in some way, bound by an adjudication in favor of the title. But the word surviving cannot be rejected at the instance of the shorter, and more frequently misused word "or." I have no reasonable doubt that unless one of the devisees, having issue, survives the other devisee, who has died without issue, each holds an undivided moiety under an injunction clause in the will, so that the one having conveyed to the other, and the other being the vendor, can, notwithstanding any clause contained in the will, convey to the purchaser a good title to the land in question.

Before Riddell, J.

Lawless v. Tibbitts—Motion for order continuing an injunction the court being informed that case settled, motion struck from list.

Bank of Montreal v. Bell—J. A. Worrell, K.C., for plaintiff; R. McKay, K.C., for defendant Bell; W. J. McWhinney, K.C., for defendant Brown. Motion for order continuing injunction. At request of defendant Bell enlarged one week. Injunction continued meantime.

Re Black and Mitchell—H. T. Beck for C. H. Mitchell, moved for order appointing new trustee, for payment of moneys into court and for vesting order. Stands to allow authorities to put showing power to do this.

Barnard v. Grossman—F. Aylesworth for plaintiff; R. U. McPherson for defendant. Motion by plaintiff for order continuing injunction. Leave to set down and motion enlarged until 18th inst. Injunction continued meantime.

R. C. Y. Club—Commissioners v. R. C. Y. Club—A. C. McManis and O. H. King for plaintiffs; J. H. Moss, K.C., for Sand and Supplies, Limited; Motion by plaintiffs for an injunction to restrain defendants, Sand and Supplies, Limited, from taking sand from the water lots in front of the Royal Canadian Yacht Club at Toronto Island. Motion enlarged before the trial judge on 23rd inst., when parties are to go to trial.

Trustees of Toronto v. Samuels—I. S. Fairly for plaintiffs; W. C. Chisholm, K.C., for defendants. Motion by plaintiffs for an injunction. Injunction restraining defendants from utilizing building at corner of St. Patrick and Huron streets, Toronto, as an apartment house during the time that by-law No. 5651 of the city is in force.

Before Britton, J.

Smyth v. McClellan—R. McKay, K.C., for plaintiff; J. W. Mahon (McKay) for defendant. Action for recovery of sawmill, machinery and appurtenances owned by plaintiff and which defendants took possession of and converted to their own use. Judgment: Let judgment be entered for plaintiff for \$1400 and interest from Dec. 18, 1911. Plaintiff is entitled to declaration that existing lien upon the property is valid until payment in full, and that plaintiff is entitled to the property mentioned until this judgment is fully satisfied. The plaintiff is entitled to the money in court to be applied by him in part payment. The defendants must pay costs on high court scale. Thirty days stay.

For plaintiff, J. R. Roaf for defendant. Appeal by plaintiff from the order of Britton, J. of Jan. 23, 1913, dismissing defendant's motion for order committing defendant for alleged breach of injunction. Motion to stand until Oct. 1 next, in order to allow defendant, if standing in need of question, to submit to court a plan whereby the building may be altered so as to form a single house in accordance with terms of covenant in deed in question. Order postponed which directed the demolition of a portion or the whole of the building in order to give defendant opportunity to devise some method whereby some portion of it may be saved. Riddell, J., dissenting and thinking that the order should go for the demolition of the building on Oct. 1 next, with costs thru-out.

Before Clute, J.; Riddell, J.; Sutherland, J.; Leitch, J. Gowen v. Weddell—T. P. Galt, K.C., for defendant; J. A. Hutcheson, K.C., for plaintiff. Appeal by defendant from judgment of Reynolds, J., of Leeds and Grenville, of April 15, 1913. Argument of appeal resumed from yesterday and concluded. Appeal dismissed with costs.

Eadie-Douglas v. Hitch—J. E. Caldwell (Ottawa) for defendant; H. M. Mowat, K.C., for plaintiff. Appeal by defendant from judgment of local master at Ottawa in merchant lien action of April 15, 1913, awarding plaintiffs and lien holders the amounts set opposite respective names in schedule of judgment; also an appeal by Leeds and Grenville, from judgment. Both appeals argued. Judgment reserved.

Dixon v. Dunsmore—J. J. Gray for plaintiff; S. H. Bradford, K.C., for defendant. Appeal by plaintiff from judgment of Winchester, J., of York, of April 11, 1913. Plaintiff, a retired farmer of Weston, sued for breach of contract of defendant, an agent, to sell plaintiff lot 5 in Weston for \$350, for possession of the lands and for damages. At trial action was dismissed with costs. Appeal partially argued, but not concluded.

## Saints Give the Kolts a Beating

ST. THOMAS, June 12.—The Saints came back today and handed the Hamilton Kolts a terrible beating. Both teams did well up to the fifth when Teed weakened and an error, a sacrifice hit, a steal and two clean singles netted four runs. They added four more in the sixth and three in the seventh on mixing a few good hits with several errors. Reilly pitched a superb game for the home team, keeping the Kolts well scattered. The timely hitting of Kustus and Wright featured. Score:

TURN FOR BETTER IN TORONTO MART

New Low Records Were Reached in Early Trades, But Rally Followed. PRICES ROSE SHARPLY

Eight-Point Recovery in C. P. R. the Inspiration For Reversal of Action.

The sharp reversal of form in C.P.R. was the leading feature of the stock market yesterday. Financial interests in Toronto scanned the London prices eagerly before the opening of the exchanges on this side, for it was felt that much would depend on the way in which old country investors viewed the sharp break of Wednesday. When cables reported the shares above a parity with the previous close in New York, a sigh of relief went up, for the everyone professed to believe that the decline would not be carried further, there were many who were more than usually anxious regarding the action of the market.

In the early dealings in the Toronto exchange the general list showed a weak tone, and prices dipped to new low records for the movement. The selling was due to the throwing away of stock by parties who had turned arrant bears on account of the C.P.R. affair, and who sacrificed the margined holdings rather than take further chances. When this liquidation was cleared up, a better tone developed and stocks began to rise. Then came the sharp advance in C.P.R., in New York—the shares moved up over 5 points above the previous close—and cheerfulness soon dominated the situation here. Consequently at the first going the Canadian list was above its opening level and considerably higher than the low for the day. Much of the buying was understood to be representative of short covering.

In the first hour Brazilian, Duluth-Superior, Dominion Bread, Steel Co. and Macdonald all made new low records in their history; Spanish and Maple Leaf went to new lows for the year, and Toronto Railway and Consumers' Gas to new lows for the month. The upturn in Brazilian rose from 34 1/2 to 37 1/2, closing with a net gain of the day of 2 1/2 points; Toronto Railway from 13 1/2 to 13 3/4, a net gain from 75 to 77 1/2; Twin City from 10 1/2 to 10 3/4; and Spanish River from 40 to 41 1/2. Duluth-Superior, Dominion Iron and Steel, and Maple Leaf at 48, the latter a full point. Troops was down 5 points to 45 at the close without bids.

In the investment stocks, Standard Bank sold at a new low since 1911 at 27 1/2, Imperial was in new low ground at 49 1/2, and 5 1/2, and 2 1/2, was lower than it had been since 1910.

HIGH YIELD FROM STANDARD STOCKS

Dividend Return at Present Prices is Best Available in Years.

The investment yield on standard dividend paying common stocks at current quotations in the New York market is on the average higher than it has been since the depression in securities following the panic of 1907. Twenty of the most active and important dividend paying industrial and railroad issues at yesterday's closing quotations, which were considerably above the low prices reached during the day, show an average yield of no less than 6.37 per cent. This is higher than the same stocks showed at their record low prices in 1912 or 1911, the average yield at record low prices in the former year being only 6.66 per cent, and in the latter year 6.66 per cent. At the high points touched by these stocks in 1912 the yield averaged but 4.87 per cent; in 1911, 5.11 per cent.

INVESTMENT STOCKS AT BARGAIN PRICES

During the present period of stock market depression an excellent opportunity is afforded for the investor to pick up good stocks at low prices. Compared with the experience of fifteen years ago, The London Standard thinks, the investor who invests his money in what used to be considered high-class securities so as to give him a return which few persons now living expected to see again. Such a man can invest in very good securities to yield him 5 1/2 to 6 1/2 per cent.

NEW LOW RECORD ON MEX. NORTHERN

Mexican Northern Power sold at a new low record on the curb yesterday, the shares dropping to 7 on a transfer of 25 lots. This represents a loss of over 17 points since the first of the year. The range follows:

Table with columns: Date, High, Low. 1912: 24 1/2, 22 1/2. 1913-January: 24 1/2, 22 1/2. February: 24 1/2, 22 1/2. March: 20 1/2, 18 1/2. April: 19 1/2, 17. June: 18 1/2, 7.

BRAZILIAN EARNINGS.

Brazilian Trading gross earnings for the week ending June 7, 1913, were \$452,176, as compared with \$400,205 for the corresponding period of 1912. Increase, \$51,971.

GOSSIP OF THE STOCK MARKETS

Some idea of the inherent pessimism rampant in Wall street may be gleaned from the fact voiced by the Wall Street Journal, that an agitation was under way yesterday to have the New York stock exchange adjourn Thursday night over the week end. By so doing the moralists figured that they would not have to reckon with Friday, the 13, or, as it has come to be known, Black Friday.

HILL ON THE RATE CASE

A St. Paul dispatch quotes James J. Hill on Minnesota rate case decision as follows: "I did not read the news, and furthermore have not anything to say about it. You may just as well go to some lamp post and talk. I will never say anything."

THE RAND PRODUCTION

The production of the mines of the Rand during May, given elsewhere in this issue, established a new record for the present year, and reached a figure not surpassed once in history, namely, in March, 1912. The output for the first five months of the year was 1,373,000 tons, or 12 1/2 per cent more than the same period of 1912. Every month save one showing a large increase. It would seem from this that the predictions of a dwindling gold production were founded on false arguments.

BANK STOCKS ON MARGIN

To the writer's mind it has never before been possible to buy the high grade Canadian bank stocks on a dividend yield high enough to take care of the carrying charges. The Simon-pure speculator of today can purchase these elite securities and get in the neighborhood of 4 1/2 per cent on his money, or even more, and the banks have been making record profits, here would seem to be a profitable opportunity.

THE SLUMP IN INDUSTRIALS

While everyone has remarked on the big slump in the industrial stocks, no one appears to have noticed the fact that the large increase in the price of iron has held firm as a rock. Notice Sherwin-Williams for instance. This is not a dividend stock, but the price of the preferred was quoted bid at par, being probably the only one of the kind. Evidently here is one security which is not being neglected by the insiders.

LAWSON ON SHORT SIDE

The rally in the New York market yesterday was the most substantial recovery witnessed in a year. Lawson saw a rise of 8 points in C. P. R. 4 1/2.

MONTREAL STOCKS RALLIED BRISKLY

Early Losses Were Turned Into Substantial Gains Under C. P. R. Leadership.

MONTREAL, June 12.—Following an uncertain opening with a dozen rounds of stock establishing new low records for the year during the morning trading, the local market developed strength under the influence of the upward movement in Wall street, and chiefly the sharp advance in C. P. R. at that centre. Once Wall street's reversal became pronounced, the local market lost its early feelings of hesitancy and the recovery which set in was continued to the close. Leading issues finished practically at their best prices, with all the previous day's losses eliminated and quotations in a number of cases fractionally higher than the best of Wednesday. A few issues which have been weak spots in the market were more optimistic in improvement, but the market as a whole had a good recovery of a quiet and substantial kind and the feeling at the close was more optimistic than it has been for some time.

C. P. R. Big Feature.

C. P. R.'s steady rise throughout the day was the most interesting feature of the market, making a net gain of 6 1/2 points, was the outstanding feature of the day. Power, after weakening to 205, or 3/4 below the previous day's close, rose steadily to 209 1/2, closing at the best with a gain of 3 1/2. Brazilian touched a new low of 34 1/2 in the morning, but sold up to 36 1/2 in the afternoon, closing at the best with a gain of 1 1/2. Detroit, at 62, Iron at 40, and Soo at 116 1/2, were other stocks to touch new low levels in the morning and to finish the day with gains. Spanish River dropped four points in the morning to a new low of 40, but closed 44 bid.

UPS AND DOWNS IN CANADIAN PACIFIC

Two Decades of History of Premier Railway Security.

That Canadian Pacific is no ordinary stock was plainly evidenced in the market again yesterday. On Wednesday the shares had dropped 7 points from 217 1/2 to 210 1/2, yesterday they rallied an even greater amount, the price rising from 210 1/2 to 218 1/2, closing with a fraction of the top. At their bottom level of 210 1/2, the shares were at their lowest record since 1911, and were a full 73 points under last year's high. The following table gives the high and low prices in the market, the dividend rate for two decades, and the value of the stock according to share holders since 1902. It will be noted that no dividend was paid in 1895.

Table with columns: Year, High, Low, Div. Pct., Pct. 1892: 210, 165, 5, 5. 1893: 210, 165, 5, 5. 1894: 210, 165, 5, 5. 1895: 210, 165, 5, 5. 1896: 210, 165, 5, 5. 1897: 210, 165, 5, 5. 1898: 210, 165, 5, 5. 1899: 210, 165, 5, 5. 1900: 210, 165, 5, 5. 1901: 210, 165, 5, 5. 1902: 210, 165, 5, 5. 1903: 210, 165, 5, 5. 1904: 210, 165, 5, 5. 1905: 210, 165, 5, 5. 1906: 210, 165, 5, 5. 1907: 210, 165, 5, 5. 1908: 210, 165, 5, 5. 1909: 210, 165, 5, 5. 1910: 210, 165, 5, 5. 1911: 210, 165, 5, 5. 1912: 210, 165, 5, 5. 1913: 210, 165, 5, 5.

BANK CLEARINGS SHOW A DECREASE

Toronto Figures Continue to Reflect Easier Feeling in Trade Circles.

Another decrease in the Toronto bank clearings occurred in the week ended yesterday, the total of \$46,772,829 being nearly \$1 million less than the week in which the third consecutive record of the corresponding period of last year was made. The decrease was not unexpected, as the week in which the third consecutive record of the corresponding period of last year was made, was a week in which the trade was unusually active, and the clearing was correspondingly high. The following table shows the weekly clearings for the week ended today, \$46,772,829, compared with \$49,839,637 for the like week last year and \$47,637,592 in 1911.

Table with columns: Year, Clearings. 1911: \$47,637,592. 1912: \$49,839,637. 1913: \$46,772,829.

CHEESE MARKETS

BROCKVILLE, June 12.—At today's cheese board meeting 855 colored and 225 white sold at 1 1/2; balance refused; offerings were 3080 colored and 2226 white.

WALL STREET HAS BULLISH OUTBURST

Fear of Money Squeeze Largely Relieved by McAdoo's Announcement.

EUROPE IS LESS GLOOMY

Prospect of Unraveling Harriman Tangle Also Creates Optimism.

NEW YORK, June 12.—After a long and gloomy period of falling prices, Wall street today experienced the distinctly novel sensation of having a genuine bull market. Unfavorable factors which weighed so heavily over the market a few days ago seemed to have been temporarily lost sight of, and the forward movement went on uninterrupted. Canadian Pacific bounded up 7 points; Union Pacific, 6; Southern Pacific, 4 1/2; Lehigh Valley and Reading, 4; and most other active stocks, 3 or more. Trading was active, and many blocks of 5000 shares or more changed hands.

Various developments of the day helped to send up the market. Underlying them all, however, was the belief of many traders that the recent downward movement had been overdone. Technical conditions called for a reaction, the force of which was increased by a concurrent reaction in sentiment.

McAdoo Man of Hour.

Perhaps the most influential of these influences was Secretary McAdoo's announcement that he would sanction the issuance of emergency currency. It was generally believed that the banks would find it necessary to avail themselves immediately of this measure of relief, but the prospect of continued tightness in time money, with the possibilities of a serious squeeze in the fall, had been causing no little anxiety, and this indication that the secretary will do all in his power to avert such conditions was definitely helpful to the market.

Union Pacific's plan to trade its Southern Pacific stock for Pennsylvania's holdings of Baltimore & Ohio apparently opened a way for disposing of a substantial part of Union Pacific's \$125,000,000 of Southern Pacific, and was a large factor in the strength of the Harriman stocks.

NEW LOW RECORDS

A new list of low records was pinned up in the Toronto market yesterday. Half a dozen stocks, Brazilian, Dominion Iron and Steel, Canadian Pacific, Duluth Superior, Canada Bread and Macdonald, made new lows in their history. The decline was 7 1/2 per cent. Burlington and Standard Bank were in new low ground for the year. Comparative prices follow:

Table with columns: Stock, High, Low, 1913, 1912, 1911. Brazilian: 101, 84 1/2, 101, 84 1/2, 101, 84 1/2. Can. Bread: 34 1/2, 19, 34 1/2, 19, 34 1/2, 19. C. P. R.: 209 1/2, 204 1/2, 209 1/2, 204 1/2, 209 1/2, 204 1/2. Duluth Super: 92 1/2, 42 1/2, 92 1/2, 42 1/2, 92 1/2, 42 1/2. Macdonald: 40 1/2, 35 1/2, 40 1/2, 35 1/2, 40 1/2, 35 1/2. Standard Bank: 49 1/2, 44 1/2, 49 1/2, 44 1/2, 49 1/2, 44 1/2. Union Pacific: 34 1/2, 29 1/2, 34 1/2, 29 1/2, 34 1/2, 29 1/2.

BETTER DEMAND IN MINING MARKET

Bear Raid on Dome Lake Not a Success—Some New Low Records.

While some irregularity was shown in the mining market yesterday, the general tone was much stronger, and stocks were higher than they were the day before. In some time, it was plainly apparent that bargain hunters were bidding for securities, and the manner in which prices responded to the demand was quite sufficient to demonstrate that holders were not disposed to sacrifice their shares.

The feature of the session was the way in which the weak spots of the morning board recovered their losses. When trading was resumed after the noon adjournment, the buying movement commenced, and soon traders were raising their bids in the endeavor to attract sellers. The buying was not confined to short shorts, but was a general one, and was considerably above the ruling levels of the earlier session.

Up and Down Furry in Dome Lake was the most interesting event. This issue opened at \$1.38 and then dropped precipitately to a new low record at \$1.24 under heavy despatches from the market of a bear raid. It was evident that a bear raid had been put out, for a heavy covering movement set in immediately after the dip, and the rally which followed was more than wiped out the loss. The closing price was \$1.24. Similar action occurred in Pearl Lake, which sank under a bear raid, but recovered to a new low record of \$1.24, only to recover to 33 1/2, the feature of the day.

Other changes were less interesting. Hollinger was back to \$15 again, and the new low record of \$13 and Apex Petroleum was at \$13. The new low record of the inactive gold stocks, Crown Reserve sold at \$3.50, La Rose at \$2.20 and Columbia at \$7.25.

Sentiment was favorably influenced by the turn for the better, and it was freely stated that the worst had passed for the time being at least.

SWASTIKA CAPITAL INCREASE RATIFIED

At a meeting of the shareholders of the Swastika Mining Co., limited, held yesterday afternoon, the limited increase the capitalization from \$200,000 to \$3,000,000 was unanimously ratified. The president authorized the statement of the new stock issue with a 5 per cent premium, and the shareholders have already been made for underwriting a large block of the new issue provided the price is not taken up by the shareholders.
