the waters of the North Sea with mines of the contact type was captured by a British gunboat off \_\_\_\_\_ today. She had 200 mines on board. (The British censor here eliminated the name of the port).

### TO COLLECT MONEY DUE

The chancellor of the exchequer has announced that the government is considering taking steps to enable exporters to collect money due from the continent. The government already has done much to provide capital to assist the continuance of export trade.

### GERMAN CRUISERS IN PACIFIC

A despatch to a news agency here from Wellington, New Zealand, says there are now five German cruisers in the Pacific still not accounted for—the Scharnhorst, Stettin, Gneisenau, Burnberg and Emden.

A special from a news agency in Bucharest says that Turkish soldiers in Adrianople have revolted because of lack of food. The city is said to be facing a famine.

### TO CARE FOR HOMELESS

The British Government has issued an official statement offering to care for the homeless residents of Louvain and other Belgian towns which have been razed, and calling upon the people of England to extend hospitality to those who cross the channel from Belgium. Indications are that the Belgians will avail themselves of the invitation, and preparations are being made to care for them in London and its vicinity.

### FRANCE NEEDS MORE MEN

**BORDEAUX, Sept. 9.**—(10.50 p.m.)—President Poincare has signed a decree calling all Frenchmen, previously exempted for military service on the ground of defective health, to undergo a further medical examination. Those found fit will at once be drafted into the army.

### BERLIN EXPERT'S VIEWS

**BERLIN, Sept. 9.**—(Via Copenhagen and London, 7 p.m.)—Major Morath, the military critic of the Tageblatt, writes: "News that the Silesian Landwehr have taken 1000 prisoners from Russian and Caucasian corps, and the news from Vienna that German troops occupied Radom (Russian Poland) on Aug. 29, together with earlier reports of a German occupation of Lodz and Petrikau, throw a welcome light on a hitherto ignored section of the battle front, and indicate that the Germans marched in a broad front over the Silesian and Posen frontiers to Russian Poland, and are in touch with the Austrian column advancing thru Kielce (a province in Russian Poland bordering on Galicia)."

"The Germans must now be, or immediately will be, before Ivangorod, and if the columns at Lodz and Petrikau advanced they also must have reached the Vistula with their left wing touching the fortress in the district of Warsaw. If indications do not deceive, we are in the presence of a German offensive across the Vistula River which will co-operate timely and strongly with the Austrian offensive at Lublin."

### RUSSIAN IMPERIAL GUARD ROUTED?

**NEW YORK, Sept. 9.**—The German embassy today received this from Berlin: "Breslau, Silesian Landwehr, captured seventeen officers and one thousand men—all Russian Imperial Guard." The place of the encounter was not given. At first the embassy believed the guard had been captured at Breslau, but a study of the despatch convinced officials that it referred to a capture by the Landwehr from Breslau and Silesia.

### INDIA CONTRIBUTES \$5,000,000

**SIMLA, Sept. 9.**—India is contributing \$5,000,000 toward the support of her troops that have been sent to join the armies of the allies in France.

### KAISER'S VANCOUVER HOLDINGS

**VANCOUVER, Sept. 9.**—A writer in the London Financial Times, who alludes to the kaiser's realty holding in Vancouver, refers to those controlled under and in the name of Baron Von Alvensleben. A careful estimate of his investments places the amount at about nine million dollars. Of that sum the emperor is said to have furnished one-third.

### GERMAN WITHDRAWALS CONFIRMED

**WASHINGTON, Sept. 9.**—Confirmation of the reported withdrawal of the Germans before the attacking French and English armies, and the throwing back of two German army corps on the left side of the River Ourcq was received at the French embassy today. The despatch, which was incomplete on account of error in transmission, further said: "The fourth German army attacked us in the Vitry-le-Francois line, and the falling back movement of the enemy has been clearly observed."

That the success of the Russians continued was confirmed, the despatch added, by the capture of the 45th Austrian Regiment of Infantry, which surrendered all its forces at Stryj-Karlovo.

### BRITONS FLOCK TO ENLIST

**WASHINGTON, Sept. 9.**—Britons are flocking in ever increasing numbers to the support of the British flag, according to a despatch received at the British embassy tonight from the London foreign office. The despatch reads: "Increasing enthusiasm for recruits in Great Britain. Three hundred thousand men joined regular army since war began. Eagerness to enlist has grown markedly since British troops have been actually engaged with the enemy."

### MONTENEGRINS OCCUPY FOCIN

**ROME, Sept. 9.**—The Cetinje correspondent of La Corriere d'Italia says: "After desperate fighting, General Vukotich has occupied Focin, driving out 10,000 Austrians." The Austrian casualties are given as 2000. Focin is regarded as the chief strategic point of Bosnia.

### MOURNING HEAVY LOSSES

Residents of Trieste, an Austrian port on the Adriatic, are now mourning over heavy losses suffered by the 97th and 27th Austrian Infantry Regiments in Galicia. Both commands were recruited largely from Italians living near Trieste.

### GERMAN GENERALS AMONG DEAD

**BERLIN, Sept. 9.**—(Via London.)—The names of Generals Von Gotha and Nieland have been added to the list of dead. The 1913 official register of the German army contains mention of neither of these generals. There is a Colonel Nieland, who was in command of Baden Infantry, No. 113, in 1913.

### NURSE WAS WOUNDED

**PARIS, Sept. 9.**—Among the wounded brought from the battle line in Marne yesterday was a Red Cross nurse, who had been struck by a German bullet while caring for German wounded.

### FIERCE ALGERIAN TROOPS

The fierceness with which the Algerian troops with the allies charge the enemy is becoming a by-word among the French and British. At a critical moment last Monday a force of Algerians with fixed

## BATTLE NEWS CHEERING DETAILS KEPT SECRET

French Censorship Makes More Rigorous as Combat Progresses—French Army Has Only Called for Small Number of Men to Replace Losses—Pierre Loti Wants to Serve.

Special Direct Copyrighted Cable to The Toronto World. PARIS, Sept. 9.—(10.50 p.m.)—The French navy is the favorite from the whole line, it is especially so from the French line, where the elements of the advanced defence of Paris have been in action, but beyond the official bulletins it is impossible to learn more than "it is not going badly at all."

The censor waxes even more vigorous as the events are not within easy reach of Paris. Blank spaces are becoming frequent in the columns of the newspapers. The Echo de Paris, quoting a Copenhagen despatch estimating the Germans have lost more than 100,000 killed any way, says: "French losses not so heavy."

Special garrisons have been formed in 288 troops and volunteers, where they are drilled, in readiness to be sent to the front to fill gaps caused by the casualties. These depots so far have only been drawn for two per cent of their effective combatants; that is, if France has 1,000,000 men in the fighting line, 20,000 have been sent out of action, of which it may be estimated that 20 per cent are dead.

Big Exodus from Paris. The first census of the census bureau taken in Paris to provide the military authorities with necessary information in case of siege, show the number of householders to be 537,267, representing 2,067,786 people, as compared with 534,000 householders and 2,000,000 people in 1911, showing the exodus represents 20 per cent of the population. It is expected fuller figures later will show the diminution to be greater than this.

Loti Wants to Serve. Captain Julien Vliard (Pierre Loti, the writer) has sent a letter to the minister of the navy asking for active employment. The writer begins: "Recognizing that the French navy is not likely to have a great role in the war, allow me to invoke the other main war, and which everyone understands, although it is not in the maritime regulations. Will it not be a bad example in our dear country, where each is doing his duty so magnificently, if Pierre Loti does nothing? I am an officer somewhat exceptional by my double situation."

Perotin Not to Blame. Gustave Hervé prints the history of General Perotin, which has given rise to many absurd rumors. General Perotin was appointed on the first day of the mobilization as a major for the first military district, with headquarters at Lille. He was not governor of Lille, nor in the control of the infantry division which met mishap at Tournai. He was not connected with the evacuation of Lille, and General Perotin's occupation was under the general commanding the district and the governor.

As the district was then invaded, and General Perotin's occupation was gone, he was appointed inspector of new artillery formations. Learning he was being slandered as a coward and traitor, Gen. Perotin demanded that an official denial be published. His letter was somewhat angrily worded, so he was relieved of his last appointment.

Advertisements Cast Peculiar Illumination on Present Situation. Special Correspondence to Toronto World. LONDON, Sept. 8.—Britons burn with shame when they read such advertisements as the following in their morning newspapers, for they shed an illuminating light on the situation: "Taunts in newspapers, England's disgrace wanted, a press gang as Folkstone; capture of 1000 able-bodied 'knuts,' idlers and lady killers guaranteed."

We have flung ourselves into work for the wounded, but there would be far fewer wounded if we were to devote the same energy to instruct, help and persuade the able-bodied to go to the assistance of their brothers and to protect their own homes. Is it a fact that the directors of some football clubs refuse to allow any of their players to serve their country? Gentlemen, past recruiting age, will take the place of a man desiring to join the ranks until his return and pay salary, equal to the man's family, any kind of for country's sake, box 519 The Times.

Special Correspondence to Toronto World. LONDON, Sept. 8.—Britons burn with shame when they read such advertisements as the following in their morning newspapers, for they shed an illuminating light on the situation: "Taunts in newspapers, England's disgrace wanted, a press gang as Folkstone; capture of 1000 able-bodied 'knuts,' idlers and lady killers guaranteed."

The splendid men of the navy have sneaked away the majority of the stay-at-homes; "we will be quite safe, the Roberts did not think so; every Frenchman takes care of himself; he does not leave it to others."

England's undertakes to form and equip a regiment of women for the firing line, if lawn tennis and cricketing young men will agree to act as Red Cross nurses to such a regiment. In preparation, "a coward's petticoats have failed to arouse to their feet, so that posterity may justly appraise the blame of any mistreatment which our empire may endure in the present war."

War Office Blamed. Could anyone have believed the day would ever dawn when Englishmen would be branded as cowards and taunted with their cowardice in the public press? Yet that is just what is happening today. And who is to blame? The answer is easy. The war office and the admiralty furnishing the policy of secrecy went too far working out the Hamilton Bridge Works in November, 1913.

## BRITAIN STIRRED BY DEVOTION OF INDIA

Cost of Transporting 70,000 Native Troops to War Zone Borne by Indian Dominions—Official Denial Given of Report That Dominion Troops Had Arrived.

Canadian Press Despatch. LONDON, Sept. 9.—In England where the saying is "Britain is only just starting," the greatest enthusiasm has been created by the King's message to his Indian dominions and colonies, in which he thanks his overseas subjects for the promptitude with which they responded to the call from the mother country.

India alone is sending 70,000 troops, "Kitchener's Pets," as they have been called since Field Marshal Kitchener reorganized the Indian army. They include the army of occupation and the native forces. The latter are to be commanded by their princes and chiefs.

Besides this, India is to pay the cost of transporting her troops to Europe, and the Indian princes are sending really fabulous gifts to the war funds being raised in their own country and England. The dominions and colonies have placed their ships, men and money at the disposal of the government, so that the whole forces of the empire have been recruited against her enemy.

Troops Not Arrived. The official bureau has issued a denial of the report that Dominion troops have arrived, and while no statement has been issued regarding the movements of the Indian contingent, except that some of them left India several weeks ago, the opinion is general here that they either have joined General French's force or are about to do so.

Caring for Refugees. The problem with which England is faced is that of caring for the thousands of refugees driven out of Belgium. A splendid organization, however, has the matter in hand and as the refugees come in they are sent quickly to different parts of the country, where hospitality awaits them. One boat brought over 1,000 from Ostend today.

Many of these refugees landed with all their worldly possessions in a couple of bags or in brown paper parcels. A striking feature of the arrivals was the number of widows and little children.

War Summary. Latest official reports from the French Government indicate that the offensive tactics undertaken in the last day or two by the allied armies have had the effect of forcing the Germans back at various points in the battle line, which extends from a few miles east of Paris to Verdun, a distance of about 200 miles.

Bordeaux reports officially that the British army has crossed the River Marne and that the Germans have been driven back 45 miles. The efforts of the Germans to break the French lines on the Ourcq River are likewise officially reported to have failed. It is generally believed that the Germans are short of ammunition at the front and are experiencing difficulties in provisioning, and the French war department officially announces "that on the whole the Germans appear to be beginning a movement of retreat."

The Russian and Austrian arms continue to oppose each other in a long drawn-out engagement in the Lublin district, Russian Poland. An official statement issued at Petrograd declares that both Austrian and German troops have been dislodged from their fortified positions in that section and have retired towards the south.

Majority of Delegates to Meetings of Protest Censured Head Camp. MEMBERSHIP DWINDLES. Malcontents Ask Special Meeting in January to Settle Vexed Question.

Discontent at the increased rates which has been brewing since July in the ranks of the Workmen of the World came to a head yesterday at the two meetings held in the rooms of Parkdale Camp at 123 Queen street west. There was considerable indulgence in personalities, but the real object of the meetings was to discuss the proposed increase in rates.

Peace is Best. Sovereign W. H. Price at the afternoon meeting, advised the Workmen not to take legal action, but to endeavor to gain their ends peaceably. The final action taken at last night's meeting was to rescind all action taken at all previous meetings, and to appoint a committee of five to see whether the government really did compel the Workmen to adopt the new rates, and to notify the members that present conditions are fair to the rank and file of the order.

## BRITAIN FURTHER RESTRICTS COMMERCE WITH THE ENEMY

Canadian Press Despatch. LONDON, Sept. 9.—Attorney-General Sir J. A. Simon introduced a bill in the house of commons today which would considerably enlarge the scope of the existing provisions for the suppression of trade with the enemy. It would even prohibit the making of any payment to an alien enemy of the obligation arose out of a contract made prior to the outbreak of the war.

## PATENTS ARE NOT VOID BUT MAY BE SUSPENDED

Board of Trade Has Power to Take Action on German Rights. Ridout and Maybee, patent experts, have written to The World giving the following information as to the status of German patents taken out in Great Britain:

"Patents and trade marks granted to a subject of any state with which Great Britain is at war are not declared to be void, but may be void or suspended in whole or in part on application to the board of trade. The applicant must put up a fee of two pounds with the application and deposit of half a crown for depositing foreign documents or other papers for the purpose of record. The board of trade may then suspend or void the patent in whole or in part if it appears that the person applying intends to manufacture the invention and if it appears to be in the general interest of the country or a section of the community or of a trade that such articles should be manufactured or any process carried on. The board of trade may at any time in their discretion order the voidance or suspension of the patent in whole or in part if they may see fit without special application being made to them."

## TWO VESSELS SEEK CREW OF KARLUK

Ottawa Informed of Last Efforts to Secure Trace of Sailors. By a Staff Reporter. Two expeditions have gone in search of the missing 30 men of the Karluk, Stefansson's vessel, which was wrecked in the Arctic Ocean. On September 4 the United States revenue cutter Bear started from Nome on her second attempt to reach Wrangell Island, where the sailors are believed to be marooned. Although there is the possibility that they may be on the Herald Islands, if they survive, Captain Bartlett has gone with the Bear. The second boat, the Corwin, has been chartered for the trip by Jafet Lindenberg, the founder of Nome, and a personal friend of Stefansson. Lindenberg has wired to the naval service department that he has provided the Corwin, which is a trading vessel, with a first-class crew, a party of hunters, an outfit of dogs and a number of skin boats. The boat is provisioned for a year. This is the last rush before the winter ice closes in that northern sea to reach, if possible those Karluk men who have been missing now for nearly a year.

ROYALTY VISSEFA TODAY

GOOD-SIZED CROWD EXCELLENT WEATHER MOTORBOAT RACES

WOMEN HAVE BUSY TIME

FARMERS TAKE ENTIRE DAY TO INSPECT THE EXHIBITION LEAVE AT NIGHT SATISFIED

Young Business Men Take Place of Old Time "Hayseed" - Eager to Learn Latest Improvements in Connection With Agricultural Industry.

Old-time "hayseeds" are no more. Had it not been stated on the program that yesterday was Farmers' Day, it is doubtful if the average observer would have known that such was actually the case.

There has not been a crowd at the Exhibition on any day since it opened that was more keen, more interested, or more appreciative of the splendid displays on exhibition than were the up-to-date farmers who visited the grounds yesterday.

More and more, they as a class are demonstrating the seriousness of the occupation they follow. As year after year adds to the means by which the agriculturist can increase his products, so does he advance in point of production and skill.

Yesterday was set apart for the special benefit and entertainment of those inhabiting the rural sections. The number of visitors was smaller than last year, those on hand were none the less enthusiastic.

Enthusiasm greeted the minister of agriculture of Alberta, when he rose to speak. He was introduced by President Oliver. "I am pleased with the live stock exhibits this year," said Hon. Duncan Marshall, director on the exhibition.

"This is Farmers' Day. I was in Belgium a week before and during the week war was in its height. I saw their mobilization. The men were mostly farmers. During the last two days of my stay, I noticed that all the able-bodied men and the women were led to gather in the harvests."

"These men went to the front from ill-health. They were in the pink of physical condition. They have given a good account of themselves, of which we are justly proud. Their were the brown faces of the men who toll. I have spent three months trying to find the best cultivated land. I found it in Belgium. I traveled for miles, and did not see a weedy field."

"They have very few fences. It is a land of splendid fields of grain. No wonder Germany was able to make such headway across such fields. When I saw the way their land was tilled, I remarked to some friends that if they could till the land as they could, it would till the other business well, too."

"You will find that the men who can meet the demands of the men, they are efficient in some one thing. They proved themselves good farmers, and we wish they had demonstrated to the world that they are good soldiers, too."

"When I returned to Britain I talked to several representative men. Public men as well as military officers told me that nothing which we could give was appreciated as much as food-stuffs. When they heard that Canada was going to send 1,000,000 bags of flour, and that the province which I have the honor to represent was going to send oats, they said these are the things we want. We are glad to have your men to help us in the fight, but remember, the greatest duty Canada can perform is to see that there is plenty of food."

"I am glad of the privilege of speaking to Ontario farmers. It is the duty of every farmer to make every possible effort to sustain life by producing food for the entire at this time. In 1912 Alberta produced 75,000 hogs. Last year she raised 510,000. This year the number will be increased to well over 1,000,000. A careful census taken twelve years ago showed that there were 320,000 cattle in Alberta. Last year there were 1,800,000. We have to thank the breeders of Ontario for a great deal of the foundation stock."

"Let us hope that this war is the last war. Let us hope that the end will mean the disarmament of the nations. It is the result of a condition. You cannot go on training men for war and then sending them back to office walks in life."

"There can be but one result. When it has been accomplished the sword will truly be turned into a plow share, the spear into a pruning hook. Go on Producing. Those of us who are not at the front

AMERICANS' DAY

One of the most interesting features of Walter Dean's exhibit under the grand stand is a 18-foot mahogany motor launch, built for general lake and river purposes. The new model has several new features that will undoubtedly bring it into the favor of canoe, boat and motor boat enthusiasts. A large wading boat in Monday's sports, is also shown. Of the five canoes in the race the first four to finish were made by Walter Dean. The reputation of the Dean boats is continental and each year a large part of the factory's output goes outside Canada. In the display is shown a full line of rowboats, canoes, motor boats and dinghies.

WOMEN'S PATRIOTIC LEAGUE WILL FIND NO LACK OF WORK TO DO

Necessity for immediate action on the part of all who have either the distribution of labor or financial assistance in their charge was demonstrated at a meeting of the executive of the Women's Patriotic League, held at the headquarters yesterday. Numerous cases of destitution were brought to notice. The statement was made that fifty dressmakers are already without employment, and that many young girls will be absolutely without shelter if provision is not made for them. Thirty-five cases where assistance was necessary had received temporary relief. A letter was read from Colonel White, secretary to the minister of militia, stating that \$20 would be given monthly to the wives or dependents of the soldiers who are absent on active service. Lady Gibson and Mrs. Hocken have written, consenting to act as patronesses to the Women's Patriotic League.

DEATH OF P. P. RAINER

BROCKVILLE, Sept. 9.—P. P. Rainer, of Chicago, Ill., who was taken seriously ill with heart trouble two weeks ago, while spending the summer at his cottage on Wolfe Lake, near Brockville, died today in the St. Vincent de Paul Hospital. Mr. Rainer was the head of the International Freight Traffic Association of Chicago and was prominently identified with the Masonic order.

WINNIPEG, Sept. 9.—Major John Reynolds Wynne, formerly of the firm of Martin, Beale & Wynne, died here today, aged 72 years. He had been in failing health since March last, when he was stricken with paralysis. Major Wynne had been a resident of Winnipeg since 1892. He was a member of the Canadian Blesley team on several occasions and had been identified with the 9th Regiment since coming here from Montreal.

PRINCE OPERATED ON

ABERDEEN, Scotland, Sept. 9.—(Via London, 1.15 p.m.)—Prince Albert, second son of King George, has been operated on for appendicitis. His condition is reported today as satisfactory. Prince Albert was taken from the British cruiser Collingwood in the early part of this month and brought here for the operation. He is an officer in the British navy.

BRITISH NURSE WOUNDED

PARIS, Sept. 9.—The Journal says that the wounded arriving in Paris yesterday was a young British nurse, who had been struck by a German bullet as she was attending a wounded German soldier.

PREPARE FOR THE FALL

Already Toronto feels the chill of the rapidly approaching fall. The rapid alternations of temperature, characteristic of this season, are particularly trying, and every man who is careful of his health does well to suit himself to the changeable circumstances. Always in the forefront with attractive offerings Hickey & Pascoe, 97 Yonge street, provide a special line in overcoats that cannot be beaten, carried over from last season but in advanced styles that anticipated those of this season. This thoroughly up-to-date firm are therefore enabled to offer \$25 overcoats at \$15, and they will be placed on sale this (Thursday) morning. Take this opportunity also to look at their latest designs in Tartan plaid suits for young men in the smartest English models.

STAR THEATRE

Sim Williams, who presents the "Moorish Maids" at the Star Theatre near Church, commencing Monday afternoon, with daily matinees, is a firm believer in giving the theatrical clientele his money's worth and little bit more. One of the scenes in the elaborate production he will present here is that of the sacred gardens of the Sultan of Morocco, and there are shown the veiled beauties of the harem.

HACKETT IN "THE TYPHOON"

That popular player, Norman Hackett, will be seen at the Grand next week in his clever impersonation of the young Laurence Irving made a deep impression when in this city last year with "The Typhoon." Hackett's return to the stage in the famous Irving role should arouse considerable interest.

AT THE GAYETY

Dave Gordon, who has gained an enviable reputation in the burlesque field as a producer and actor, has been successful in presenting his newest and most sensational success, "The Girls of the Gay White Way" at the Gayety Theatre next week. The features of the show are Frank Burr, Maude Rockwell, Bennie Small, Ed Jerome, Johnnie Walker, Jimmy Gallagher and Flo Davis. As a special addition to the company, Fred De Helen Eley, who has just returned from the Hippodrome, London, where they attained great success.

URGENT POSTPONEMENT OF COMPENSATION

Manufacturers Press for Delay in Operating Workmen's Compensation Act.

CABINET CONSIDERING FINANCIAL DEPRESSION CLAIMED TOO SEVERE TO ALLOW ASSESSMENTS

Strong representations are being made to the Ontario Government, urging the postponement of operation of the Workmen's Compensation Act beyond the opening of the year. According to general expectation, the commission would be in readiness by Jan. 1 to hold court sessions for the hearing of those who had come to injury in provincial industrial life. It is learned, however, that since the outbreak of the European war some of the requests from manufacturers who are feeling the pinch, go so far as to propose postponing the beginning of operations for an indefinite period. This would be contrary to the spirit of a measure adopted in the last legislative assembly, setting the date not later than the new year.

THEATRES

"TOO MANY COOKS"

That the fame of Wm. A. Brady's latest and greatest comedy success, "Too Many Cooks," has reached Toronto, before it has been seen here, is evinced by the steady advance sale of seats that has been going on since the sale opened yesterday morning at the Alexandra. Theater. A score of local carpenters will be called in to assemble the two-story frame house used in this production. The act of the house is completed, painted and all. All of the action of Mr. Brady's comedy centres around the house which Albert Bennett is building for himself and future bride on the lot. Interfering relatives threaten to spoil all the happy plans, for at least three of them have arranged to make their home with the newlyweds. At the most important moment the men building the house go on a strike. Mattie's performance of this side-splitting comedy will be given next week on Thursday and Saturday at popular prices.

AT SHEA'S

After a successful continental tour, Mabel Berra, the musical comedy prima-donna, and late star of The Eternal Waltz, will appear at Shea's at the head line of next week's bill. Miss Berra possesses a voice of remarkable range and of surprising sweetness and clarity. She will render a number of the most musical compositions, Franklyn Ardell and company will offer as a special feature Mr. Ardell's sketch, "The Musical Comedy," which will be presented by B. A. Rolfe and company as a most elaborate musical offering, with scenic investiture and gorgeous costumes. The act will present a most impressive appearance. Willie Weston is a sive appearance. He will offer a new series of songs and stories, while Law and Molly Huntling have a satirical comedy sketch, "The Musical Comedy," which they call "A Rough Night at Sea," while Beaumont and Arnold have a sensational equilibrium act, and the cinematograph complete the bill.

This is Americans' Day. It is expected that as such it will be one of the big days of the Exhibition. There is to be another distinction, however. Royalty will be guests. T. R. H. the Duke of Connaught, the Duchess of Connaught and Princess Patricia will be the welcome visitors. A special car will convey the Duke to the grounds and it is expected that he will arrive shortly before one o'clock. He will be the principal speaker at the directors' luncheon. Following that he will review the Boy Scouts and the veterans. There will be a parade of live stock which will be patronized by the Duke. He will later be conducted thru the buildings. A further special item of interest will be the singing which is to take place by 1000 school children. Sir Wilfrid Laurier also will attend the luncheon.

# RUSSIA AND BRITISH REFORCING PLAN DEADLY ATTACK ON GERMAN REAR

## GERMAN CANADIANS ARE NOT INSULTED

Best of Good Feeling Exists in Ontario, Says W. G. Weichel, M.P.

### ANSWER TO ARTICLE

Writer in Buffalo Express Said Alien-Residents Were in Bad Plight.

Special to The Toronto World. WATERLOO, Sept. 9.—An article which appeared recently in The Buffalo Express, in which an anonymous writer attempted to show that German-Canadians were being subjected to insults, has been refuted by W. G. Weichel, M.P. The Buffalo article credited Dr. Augustus C. Reddeth, secretary to the German consular office in Toronto, with the statement that the 100,000 Ontario Germans are in a bad plight, that they could not leave Canada unless they went empty-handed, and must quietly swallow the insults of the Canadians. Various members were quoted as saying that Germans had been in many cases thrown into distress because Canadians refused to pay their wages due. He cited the proclamation of September 2nd as a complete refusal of the claim that Germans have been expelled or that their property is being seized. The proclamation grants every protection and consideration to resident aliens so long as they remain peaceful and law-abiding, restrictive measures being sanctioned only in cases where a reservist or soldier of a hostile nation attempts to leave Canada, or where citizens of Germany or Austria attempt acts of a hostile nature.

Aiding British Cause. Mr. Weichel's letter concludes with the following significant paragraph: "Nothing but the best of goodwill exists between German-Canadians and those of British origin, and to further prove that the remarks made were unwarranted, let me say in conclusion that we are at the present time, in this commercial centre of Berlin and Waterloo, very busy manufacturing equipment for the militia department. German-Canadians are not insulted, nor are they barred from their money from savings banks, nor are they thrown out of employment because of their German extraction. The statements made by the speaker, I repeat, are absolutely without foundation, and I am sure they will be resented by the German-Canadians of Canada and those of Austro-Hungarian descent who are enjoying the benefits of British citizenship."

## Movement of Russians Was Well-Kept Secret

Special Correspondence to Toronto World. LONDON, Aug. 31.—For several days there have been stories around England that a large force of Russian troops had been moved to different parts in this country and Scotland and transhipped to the continent.

Credible witnesses who have seen the men in Leith, Liverpool, Avonmouth, Southampton, describe their appearance and uniforms. When the report had been two or three days current the press bureau published a statement denying that Russian troops had passed or were passing thru this country. But, nevertheless, the rumor persisted.

Today I was informed by a professional man that he had just come from the admiralty, where he has a near relative, who admitted that 150,000 Russian troops had been landed at Ostend. The admiralty official added that the fact probably would be officially announced soon. It might seem incredible that the great movement of troops could be carried out without becoming known generally. But the power of concealment possessed and exercised by the European governments during this war has been found to be so astonishing that such a feat of mystification is by no means impossible.

To Cut Communications. If these Russians have been landed in Belgium their work will be to cut the communications of the Germans. By all accounts these communications are not well guarded all the German force being pushed forward to carry out the dash to Paris, which they proposed to effect by Sept. 2.

The Russian force probably would be able to exercise a decisive influence on that forward movement, and with its long drawn-out line of communication, the German retreat would be a dangerous, perhaps fatal, business. The Russians could have been brought near from Anzhan, and it is noteworthy in this connection that in some of the earlier despatches to The World from St. Petersburg, large bodies of troops were sent off without getting any idea of their destination. They marched under sealed orders, to be opened by their officers three days after they left St. Petersburg. Perhaps before this letter is well on its way the mystery will be cleared, but even so, the success with which the secret has been preserved is worthy of record.

British Base Shifted. At the present moment, all the north coast of France, from Dunkirk to Boulogne, is said to be within the ambition of the German advance. Two days ago, with the assertion of the National Patriotic Fund, Commissioner Ellis stated that while the commissioners would like to do something of this nature, they had found that it was beyond their jurisdiction, and that it would be impossible to make a contribution.

Americans to Aid. It is probable that a society of Americans will be formed for the purpose of raising funds for the dependents of soldiers. Mayor Allan received a letter from C. H. Neely, secretary of the American Aid Society of Canada, asking him for the name of a prominent American who would act as organizer of a local branch.

While the local police officers have decided to give a day's pay for relief work, they will put it into a fund of their own, to be spent as they see fit. It was at first thought that they would support the National Patriotic Fund or the United Relief Fund.

Patriotic Day on Street Cars. Tomorrow will be Patriotic Day on the street cars. All the cash receipts taken by the Street Railway Co. are given to the National Patriotic Fund. It has been decided to accept only cash fares. The passengers are requested to give liberally. The receipts will be checked off by a sub-committee of the patriotic fund.

Week of Benefit Concerts. To make arrangements for a week of benefit concerts for relief purposes, the members of the 1000 voice choir will meet this evening in Association Hall.

Mr. Simpson Missing. Robert Simpson, 16 Beulah avenue, wholesale grocer, who left his home on Tuesday evening, has not since been seen or heard from. Mr. Simpson has been in ill-health for some time and has suffered from several lapses of memory.

Missionary Reception. Salvation Army people gave a reception to Col. and Mrs. Hogard and eight Korean servants, army members in Association Hall last night.

Pray for Victory. An intercession service for all the Anglican churches of the city was held in Christ Church Cathedral last evening. The service was conducted by Dean Abbott, who was assisted by several clergymen. Bishop Clark delivered an address, and prayers for the safety and victory of the British troops in the present war were said. A service was also conducted in Central Presbyterian church by Rev. W. H. Sedgewick.

Many Anxious to Hear Notable Speaker. In addition to a musical program of exceptional merit, those attending the American Aid Society concert at the Arena tonight will have the opportunity of hearing some of the foremost public men and ablest speakers, among whom are H. R. H. the Duke of Connaught, Sir Robert L. Borden and Sir Wilfrid Laurier. Other guests of honor are H. R. H. the Duke of Connaught, Sir John Gibson, Sir James Whitney and Mayor Hock. This concert has been the result of the safety and victory of the British troops in the present war.

To Be Prepared. Stirring appeals were made by a dozen speakers and each called upon prospective members to prepare themselves, not only for service in guarding the city, but for a call to issue forth for service where the empire thought best. It was pointed out again and again that the present situation was critical, and that it was the part of Toronto citizens to respond loyally to the call. The declaration of veteran soldiers that "there was life yet" and that they could still put rifle to shoulder for home and empire, brought great outbursts of applause.

It was decided that a fee of \$1 be collected from each man to defray organization expenses, and the attention of the government will be called to the need of uniforms. It is likely that two classes will be formed, one being of experienced shots and the other submitting to extra drill until efficiency is gained.

All are Welcomes. Among those foremost in the conducting of the meeting were: Col. Geo. A. Shaw, H. C. Fortier, Capt. W. S. Stewart, Col. F. W. Macquenn, Capt. Harmon, Col. R. Y. Ellis, Capt. Venning, W. H. Fairbairn, Edward Gillis.

Arrangements will be made today for rifle practice, and the placing of the arms in their proper classes. An offer is extended to all civilians to seize the opportunity of training themselves for service.

### POLICE TO START FUND

Americans Will Probably Organize Society for War Relief Work.

By a Staff Reporter. HAMILTON, Sept. 9.—The members of the fire department will give one day's pay to the National Patriotic Fund. It is also expected that nearly \$100 will be raised by the city hall employees, who have decided to do the same thing.

Cannot Contribute. Discussing the suggestion that the hydro department contribute \$2000 to the United Relief Fund and \$1000 to the National Patriotic Fund, Commissioner Ellis stated that while the commissioners would like to do something of this nature, they had found that it was beyond their jurisdiction, and that it would be impossible to make a contribution.

## TOTAL INCINERATION IS COUNCIL'S CHOICE

Will Cost Almost Half Million—Garbage Disposal Question Finally Settled.

After months of delay the city council yesterday afternoon adopted a garbage disposal project. They had three to consider and chose that of total incineration. This was approved by the works committee, the street commissioner favored a scheme involving both reduction and incineration of garbage. The system to be instituted will cost \$480,000 and the annual cost in 1918 will be \$222,362.

Street Commissioner Wilson has urged immediate commencement of the work. A motion was made by Ald. Singer that the works commissioner, assessment commissioner and property commissioner be a committee to select sites for the incinerators, and that their choice be final, unless two-thirds of council disapproved. It was ruled out of order and must stand as a notice of motion.

## DUKE MAY REVIEW TORONTO CAVALRY

Body Guards and Mississauga Horse to Be Inspected This Evening.

### LIKELY AT ARMORIES

Aemilius Jarvis to Extend Invitation When Connaught Arrives in Toronto.

If arrangements can be made, the governor-general will review the Ninth Mississauga Horse and the Governor-General's Body Guard, as they stand at parade strength in the armories tonight. His royal highness is coming as royal patron of the American Aid concert, in the Arena tonight, and it is felt that a fitting ceremony in connection with his visit would be the inspection of the troops. If he cannot visit the armories it is proposed to have them lined up along the route of the parade in the concert hall.

Aemilius Jarvis will extend the invitation on the arrival of the Ottawa train this morning.

The recruiting of the Queen's Own Rifles is proceeding rapidly. The standard strength of 1000 will be reached by the end of the week if the present rate of enrollment continues. Last evening the strength was quoted as 850, with approximately 200 of these being new recruits.

More Clubs Forming. New clubs are springing into existence daily. North Toronto Ratepayers, Centre and South Toronto Conservative Club, and Toronto Improvement Conference representatives are planning to form distinct organizations for drilling and instruction in the use of the rifle. McMaster University has a similar movement on foot, but will postpone activities until the student year begins.

## SHARPSHOOTERS AND GUARDS UNITE

Organization of Marksmen With Experience Formed by Amalgamation.

### TORONTO HOME GUARD

Six Hundred Men Were Present at Organization Meeting Last Night.

An amalgamation of two civilian rifle associations took place at the Armories last evening when the Toronto Guards and the Toronto Sharpshooters' Association decided to unite under the name of the Toronto Home Guards. The occasion of the union of forces was marked by a great demonstration of enthusiasm, and no dissenting voices were raised. The ambition of both organizations in the first place was to gather together men who had been used to the handling of weapons in the past, and who were now somewhat older than the general recruit. Thus the majority of those present last evening were over forty years of age.

The organization of the larger force took place in the general messroom of the Armories, and an immense amount of patriotic sentiment was generated among the 600 or so who congregated. Circulars setting forth a pledge to serve as members for home defence and to gather at times and places set by officers for drill and rifle practice, were signed by all present, and the movement received an encouraging impetus.

To Be Prepared. Stirring appeals were made by a dozen speakers and each called upon prospective members to prepare themselves, not only for service in guarding the city, but for a call to issue forth for service where the empire thought best. It was pointed out again and again that the present situation was critical, and that it was the part of Toronto citizens to respond loyally to the call. Arrangements will be made today for rifle practice, and the placing of the arms in their proper classes. An offer is extended to all civilians to seize the opportunity of training themselves for service.

## RESERVISTS MUST SURRENDER ARMS

Austrians and Germans Also Must Give Parole to Remain Peaceful.

By a Staff Reporter. OTTAWA, Sept. 9.—The police, having notified the Austrians and Germans living in Ottawa, that under the orders just issued by the government all reservists must give themselves up and make a declaration that they will remain peaceful and not send information out of the country, and that all arms, ammunition and explosives must be temporarily given up, several hundred of these foreigners were gathered at the police station this morning. An interpreter was present explaining the situation, and a considerable number made the declaration, while a large number of firearms was also received.

## Kaiser Makes Excuses For Louvain Burning

"My Heart Bleeds," He Says, "That Such Measures Should Have Been Unavoidable Because of the Acts of Belgian Civilians."

Special Direct Copyrighted Cable to The Toronto World. COPENHAGEN, Sept. 9.—The Kaiser has made public the text of the telegrams which he addressed to President Wilson of the United States, protesting against the use of dum-dum bullets by the British and French troops.

Emperor William thus seeks to explain and excuse the action of his troops in Belgium, especially the burning of the City of Louvain:

"My heart bleeds that such measures should have been unavoidable, and at the thought of the innumerable innocent persons who have lost their homes and property, the result of the criminal and barbarous actions of the Belgian civilians, in firing on our troops."

To a correspondent of certain newspapers published in neutral states, who had been invited to attend a meeting at the foreign office in Berlin yesterday, Gen. Deutschnoser exhibited dum-dum or "soft-nosed" bullets, alleged to have been picked up in the battlefields where the British and the French fought the Germans.

General Deutschnoser asserted that the allies had initiated this accusation of a violation of the Geneva Convention, and that they might compel Germany to answer to the charge of employing barbarous methods of warfare against the enemy, although they themselves had adopted these measures.

The British and French ambassadors here protested strongly against the German accusations, declaring that, in so far as the British and French armies were concerned, dum-dum bullets never had been used.

Washington despatches says that in a radiogram from Berlin to the German embassy, information was given that dum-dum bullets in original packages with English stamps on them, were shown by the foreign office to some 30 journalists invited to attend the meeting. Nicked copper projectiles were also shown in similar packages.

## A FEW BOX SEATS LEFT FOR TONIGHT

The committee in charge of the grand concert to be given tonight by the American Aid Society at the Arena state that there are still a few boxes available, these being practically the only seats left.

These boxes are on sale at the King Edward Hotel and Moodey's.

Miss Eva Mylott and George Dostal, two of the artists on the program, arrived in the city yesterday at the latter a visit to the Arena, took an auto trip around town. Miss Mabel Garrison, Jerome Uhl and Emil Polak arrived this morning. All three artists are in splendid voice and are enthusiastic over the entire arrangement.

Week-End Service Discontinued. The public are hereby notified that after Sunday, Sept. 13th, the Canadian Northern Railway's week-end service between Toronto and Parry Sound and also between Toronto and Kirkcubine will be discontinued.

THURSDAY MORNING, SEPT. 10

The Home Guard

However excellent the intention behind the movement brought before the meeting in the armories last night with the object of organizing a home guard from the more mature citizens, it was apparent from the material present that the will to help does not always furnish the means.

Nothing could be more desirable than to have every man up to sixty years of age able to handle a rifle and hit the target at six hundred yards, if no more than that.

But before these are organized there must be thousands of much more valuable material, the reserves who have passed thru the militia in the last ten or twenty years, and who only need to be organized to form a fairly formidable body.

Another objection that might be made to the home guard in its present form is its anomalous nature.

It has been suggested by Col. Sergt. Joseph Thompson that the militia reserves could be organized in each school district in the city by granting permission to use the school grounds in the evening for drill purposes.

Another suggestion made by Mr. J. A. Garvin is to raise companies in connection with the various professions.

It is given the best possible chance for success. The old trained bands of England were most useful aids in war time, and they would be equally useful here if their organization were carried out on practical lines.

Valcartier

Valcartier is the immediate centre of interest in the war as far as Canada is concerned. It is the part of a disinterested patriotism to be patient with the authorities, who, like the western planter, may hope to escape with their lives on the plea that they are doing their best.

We must recognize the plain fact that the job on the hands of the militia department is one of immense magnitude. Nothing like it has ever been seen in Canada before.

Not even all the best available men have been taken. Many who had volunteered in this first class were left behind on account of the objections of their female friends or relatives.

Nevertheless, the time of awakening must come, and when it does the dawn of a new era will break over central Europe. The German people have been led on illusions, and not the least of the advantage resulting from Britain's

uniforms, the preparations on this side will be complete.

The expedition may be expected to sail some fine morning while we are waiting to hear about the final arrangements at Valcartier.

But such secrecy as is possible will be maintained. A meeting of those who control or represent transport facilities was held yesterday, and no doubt everything will be placed in readiness for the rapid conveyance of the troops to the seat of war.

All this is less interesting to Canadians than to know just how nearly we are to the despatch of the first contingent, its state of preparedness and the ability of the militia department to follow it up with a second and third expeditionary force as soon as they can be got together.

More ships are demanded by The Daily Telegraph, which regrets that Canada had not sent the ships, or money in lieu of them, previously contemplated.

Canadians are being reasoned with by some of our contemporaries at present on the necessity of helping with troops, or in any way at all.

Valcartier seems to represent the mingled state of public feeling on the subject. If we were all more heartily enthusiastic about helping Britain and the empire in this gigantic struggle, Valcartier would no doubt exhibit more satisfactory results.

Our most formidable competitor, of course, will be the British exporter. He has the organization, the marine and a firm foothold in the markets to be invaded.

The United States is embarrassed in her effort to capture the German trade in South America by the lack of ships and by the necessity of financing to some extent the South American republics.

To enable Canada to reap advantage from the destruction of German commerce, we will probably require some action by the government and by parliament in several directions.

It may be necessary to readjust the tariff along the lines of the national policy, in order to establish certain new industries, and to build up others which have suffered from the competition of cheap goods made in Germany.

Then it may be necessary by subsidy or otherwise to establish steamship lines between Canadian and South American ports. Finally, and most important of all, we must have more money and more credit. How can the manufacturer conquer a new market unless he has money to spend and is able to extend credit? He must wait some time for a return upon his investment, and if his bank will not assist him, what is he to do?

What May Come While the news from the front is highly encouraging, it would be a mistake to suppose that all is over but the shouting. Those who were too pessimistic when the huge waves of the German invading army rolled over Belgium and northern France may easily become too optimistic when the tide appears to be on the ebb.

It has to be remembered that the German people believe, even if they have been misled, that they are the victims of a huge conspiracy directed against their very existence as a nation. Time will show them their mistake, but in the meantime they will fight as brave men for a cause they deem their own.

GIDEON'S BAND

Say, Kaiser, does your Bible-Gott pay Satan's butcher bill? Are conscript armies, lashed by you, the weapons of His will? The Book of Judges, William Rex, perhaps you may have read, Commands a system to recruit—but now the style is dead— Unsung for the dachshund breed, the Hohenzollern host, But Gideon's Band was chosen by the God of whom you boast; That freeman, volunteering plan, the British still remain, And surgeons choose our Gideon's Band when Britons go to train.

To draw your teeth and cut your claws they march from Albion's rock; Those beef-fed men are choice and fit, and at your door they knock With Gideon's sword—no made by Krupp—and ask you why you claim

The God of Battles as your friend in this man-hunting game? You are the war-lord, preacher, cook, an artist, poet, fool, Thou Mighty Ego! Great Big I! thou art the Devil's tool; And made by Bismarck, not by God—and thus, thy feet are clay— The brass of ages will not save your face and One-Man sway.

Yes, Bismarck's was the giant mind who built your House on sand, To prop its walls with bayonets required that Master's hand; But you could bear no rival near the glory of your throne, And soon disgraced the Iron Man, and dared to stand alone; You wear the sword he banded you, besmeared with bloody stains; The Chancellor could give you power, but could not give you brains. As you have sown, so shall you reap, your waking shall be rude, That meanest crime to Germany was base ingratitude.

When Gideon's Band go forth to war, they leave all care behind; They are such athletes as can play in Armageddon's grind, And pound the conscript millions hard, to make them hunger for The pure white bread of Liberty—the precious prize of war. God never meant that young and old, the women and the lame, Should toil and starve, while ALL the best should play the Kaiser's game.

Germanic nations once were free, and yet will spurn the wrong— The conscript cancer's fatal fangs—which make no people strong.

These are Old England's Gideon Bands—the volunteers whose cry: "The Sword of Gideon and the Lord," chills tyrants ere they die. An Alfred, Wallace, Washington, and Tell, once bore that sword— If they are somewhat mythical, their names are still adored; A Lafayette and Nelson once were chieftains fit to wield The sword which led the volunteers who broke Napoleon's shield. And now the Band are sworn to chain the Maddest Dog of War, And then disarm the conscript hordes who drag the Kaiser's car.

TO STRENGTHEN HANDS OF BRITISH SOLDIERS

"Little Irish Women" Knits Wristlets in Lunch Hours—Good Wishes in Every Stitch.

What multitude of motives are prompting women in many stations of life and in many places to respond to the call for aid to Canadian volunteers is shown in contributions received this week by the United Empire Loyalists' Association of Canada.

These represent the lunch-hour of "little Irish women" who knit peace rather than war, would strengthen the hand of the British soldier until he gains the victory—may it be soon.

More contributions of wristlets are asked for by the Woman's Art Association, 594 Jarvis street.

TWO GERMAN FLAGS HAVE BEEN CAPTURED

PARIS, Sept. 9, 4.30 p.m.—On the banks of the Elbe, Curcio, two German flags have been captured in the course of a great battle. One was taken from the enemy by force by a soldier of the 36th Regiment of German Infantry, which was decorated in 1870 with the order of the Iron Cross.

WORRY FOR OFFICERS

Difficult to Find Miscreants at Valcartier Camp—Private Drops Dead.

Canadian Press Despatch. VALCARTIER CAMP, Sept. 9.—More than those volunteers who have been found medically unfit for active service are being sent home. In the camp orders tonight there appeared the names of fifty-one men who will not be able to go with the Canadian expeditionary force because of protests made by parents or wives.

His father instituted action in a Montreal court to restrain his son from engaging in overseas service. Col. Williams was ordered by a bailiff to produce the boy.

After having been in close touch with the officers and men for several days, Col. Sam Hughes left Valcartier tonight for Ottawa, and will return again on Saturday.

The marksmanship has been a great deal higher than I expected. Canada's marksmanship is up to a high standard, indeed. The minister was very pleased.

The artillery will be firing on targets in a different section of the grounds tomorrow. Every battery will work over a wide stretch of land, and across the river the men will bivouac for the first time.

Extra Trains From Toronto, Via Canadian Pacific Railway for Accommodation of Exhibition Visitors.

Extra train for Belleville and intermediate stations will leave Toronto Union Depot 9.00 p.m. daily, except Sunday, Aug. 31 to Sept. 12, inclusive, will leave Toronto 8.00 p.m. instead of 9.00 p.m.

 Cut stone was adopted for the Central High School of Commerce and Finance instead of terra cotta at the meeting of the advisory committee yesterday afternoon. This will give work amounting to \$22,000 to Toronto wage-earners as compared with \$300 had terra cotta been used. There was no change of contractors. R. Robertson & Son gave the lowest figures for both materials. The cut stone will cost \$107,000. The committee has the money provided for the erection of the building except the \$27,000 for plastering and concrete floors, which will be placed in next year's estimates. The cut stone building will cost \$278,000.

### COMELY BEAT THE ODDS-ON FAVORITE

Upset in Feature Race at Belmont Park—Small Fields, But Good Racing.

NEW YORK, Sept. 9.—Comely, carrying 110 pounds, with McCahey up, won the Autumn Handicap, for two-year-olds and upwards, the feature of the afternoon's sport at Belmont Park today. The winner went to the post at 18 to 5 and even money for the place. Forum, 11 to 10 and 2 to 5 a place, was second, and Surprising, an added starter, and a 6 to 1 shot, finished third. The race gave the favorite a chance to compete against the older opponents and over a route that was favorable to all. Although the program was rather light in quantity, the field were such well-matched ones that an unusually large mid-week crowd was present. The summary: **FIRST RACE**—Three-year-olds, selling, 6 1/2 furlongs, main course: 1. Striker, 107 (Sumter), 10 to 1, 4 to 1 and 2 to 1. 2. Andes, 100 (McCahey), 3 to 1, even and 1 to 2. 3. Water Weller, 112 (Schuttlinger), 4 to 1, 7 to 5 and 7 to 10. **Time 1:19.** Fascinating, Working Lad and Honey Sea also ran. **SECOND RACE**—All ages, handicap, 1 1/2 miles: 1. Syosset II, 108 (Schuttlinger), 5 to 1, 12 to 10 and out. 2. Amalfi, 111 (McCahey), 3 to 5 and out. 3. Addie M., 99 (Sumter), 5 to 1, 7 to 5 and out. **Time 1:45.** Holiday also ran. **THIRD RACE**—Three-year-olds and up, mares and geldings, selling, one mile: 1. Bac, 106 (Butwell), 6 to 5, 2 to 5 and out. 2. Blue Thistle, 109 (Buxton), 5 to 2, 4 to 5 and out. 3. Surprising, 104 (Turner), 15 to 5, even and out. **Time 1:29.** Netaid also ran. **FOURTH RACE**—Highway Handicap, \$1000 added, six furlongs: 1. Comely, 110 (McCahey), 18 to 5, even and 1 to 1. 2. Forum, 120 (Nott), 11 to 10, 2 to 5 and out. 3. Surprising, 124 (Buxton), 6 to 1, 2 to 1 and even. **Time 1:12.** Garbage, Crossbun and Unus Jimmie also ran. **Added starter.** **FIFTH RACE**—Steeplechase, three-year-olds and up, about two miles: 1. Bell, 142 (Tucker), 7 to 10. 2. Zallwood, 149 (Waughs), 15 to 1. 3. Wool Tex, 144 (Woods), 5 to 1. **Time 4:18.** Nosey and Meadow Lark lost riders. **SIXTH RACE**—Two-year-olds, selling, 5 1/2 furlongs: 1. Montross, 103 (McCahey), 7 to 10. 2. Luxury, 103 (Turner), 9 to 5. 3. Embury, 108 (Nathan), 10 to 1. **Time 1:07.** Rosemary and Pullax also ran.

### USEFUL HORSES JUDGED AT EX.

Good Display Before Grand Stand in Commercial Classes—The Roadsters.

Judging in front of the grand stand at the exhibition was in full swing at two o'clock yesterday, when several good harness classes were up for their awards. Class 170 was a commercial class, for butchers' single horses, geldings or mares. Five good horses were entered, and all were shown. A. W. Holman received the red ribbon for a good brown gelding, Doctor Bob, bred by Black Doctor. Mr. Holman has been an exhibitor for years at the different shows, and in most cases has been successful. His outfit this year is particularly good, his horse in conformation, manners and gait being all good. Clayton was second, with Golden Queen, a beautiful ch. mare, a little underzoned and with hardly weight enough, but extra good quality. Groves Bros. Fifth, ch. m., received third, and Geo. Clayton fourth with Havelock Belle. Class 171 was another commercial class for grocers' single gelding or mare. R. Davies & Son's b. m., Colleen, was awarded first after considerable showing, while R. Mathews was a close second with a nice black gelding, Fred, 15 1/2 hands. T. A. Gill was third, with Quality Girl, and fourth went to R. Mathews' Golden King. Class 172 called for miscellaneous trade commercial class. The Robt. Simpson Company had two entries. The red ribbon was awarded to a beautiful gray gelding, Earl Grey, owned by the above firm. This fellow showed a lot of class and had the best of manners in showing. The Dominion Express Company were second, with Marybeth, a gray gelding with a great deal of class, but his manners were not of the best. Firstbrook Bros. received third, also with a gray gelding, and the Montreal Book Room fourth, with b.g. Doctor. The class attracting the most attention was the pair of roadsters (trofers), geldings or mares, under 15 1/2. W. J. Crossen of Cobourg showed about the best-mated, best-gaited and best all-round pair of gentlemen's roadsters that has been shown for many moons. Molly Chimes and Lady C. They were perfect in manner and could step very fast in fact, and outstep the balance of the field. They were easily first. Crow & Murray were as easily second, with Dress Parade and Paddy. This is an extra good pair of roadsters, but they were not nearly as well matched, and Dress Parade, while a splendid show horse single, did not seem at home to a pole. He seemed as if he wanted to pace. Paddy is an extra good-gaited trotter. Geo. A. Matheson was third with Gay Boy and Lightfoot, and Miss K. L. Wilks fourth with Mary Adbell and Mary Regina, a very nice pair, but a little underzoned.

### For War Relief Fund To Play British Rugby

The executive of the British Rugby Football Union of Ontario met at the Caris-Rite on Tuesday evening and selected the team for the exhibition game to be played at the Saucer at 8 o'clock on Saturday, for the benefit of the Toronto and York War Relief Fund. At the present moment quite fifty per cent. of the players who participated in the spring games are either on active service or are waiting a call to arms at Valcartier. It will be noted that only two of the Scottish team are selected, the reason for this being that no less than twelve of the regular team are serving the empire at this moment with the Canadian contingent. Rugby football is the national amateur winter "game" in British Isles and it is interesting to note that all club, county and international games for the British Isles have been cancelled and the majority of the players are with the colors. The public may be assured that the game on Saturday will be representative and will prove to be most interesting, and it is especially desired that the general public will rally round the ropes on Saturday next in large numbers. Teams: Whites—Back, A. Garratt; three-quarters, Hobbs (Overseas), Racy (North), Melvor, capt. (Irish), McCully (Irish); halves, R. Templeton (Irish), H. Hodgson (North); forwards, G. Stubbs (North), D. Rowland (Scott), G. H. Catton (North), B. Saville (Overseas), R. M. Bond (Irish), B. Cox (North), B. S. Anderson (Irish). Stripes—Back, P. David; three-quarters, Harris, capt. (West), G. Williams (West), P. Davis (Welsh), J. Back (West); halves, W. Morgan (Welsh), W. Mikstra (Overseas); forwards, A. Tucker (Welsh), A. E. Reynolds (Welsh), H. Baker (West), R. Thomas (Welsh), J. Francis (Welsh), P. H. Griffin (West), J. North (Welsh); halves, J. Thompson (West); forwards, J. Turner (West), A. Poynts (Irish), P. Shepherd (Overseas), C. Smith (North), G. Thompson (Scott). The players are requested to turn out to a full practice on Thursday at 6:30 at the Motordrome. Admission to the game will be 25c and 50c.

KING'S MESSAGE TO DOMINIONS

His Majesty Deeply Grateful for Whole-Souled Support Extended.

Canadian Press Despatch.

LONDON, Sept. 9.—The official information bureau today gave out a message from King George to the British dominions. It is as follows: "During the past few weeks the peoples of my whole empire, at home and overseas, have moved with one mind and purpose to confront and overthrow an unparalleled assault upon the continuity of civilization and the peace of mankind."

The calamitous conflict is not of my seeking. My voice has been cast throughout the side of peace. My ministers earnestly strove to avert the outbreak of the strife and to appease differences with which my empire was not concerned. Had I stood aside when, in defiance of peace, the soil of Belgium was violated and her cities made desolate, when the very life of the French nation was threatened with extinction, I should have sacrificed my honor and given to destruction the liberties of my empire and of mankind."

For his services to the empire he had the freedom of the City of London conferred upon him in a silver casket in 1891. He was elected M.P. in the Conservative cause for Canterbury.

Deeply Grateful. Paramount regard for a treaty of faith and the pledged word of rulers and peoples is the common heritage of Great Britain and of the empire. My peoples in the self-governing dominions have shown beyond all doubt that they whole-heartedly endorse the grave decision it was necessary to take. My personal knowledge of the loyalty and devotion of my overseas dominions had led me to expect that they would cheerfully make the great efforts and bear the great sacrifices which the present conflicts entails. The full measure in which they have placed their services and resources at my disposal fills me with gratitude and I am proud to be able to show the world that my peoples overseas are as determined as the people of the United Kingdom to prosecute a just cause to a successful end.

Naval Aid Appreciated.

The Dominion of Canada, the Commonwealth of Australia, and the Dominion of New Zealand have placed at my disposal their naval forces, which have already rendered good service for the empire. Strong expeditionary forces are being prepared in Canada, Australia and New Zealand for service at the front, and the Union of South Africa has released all British troops and undertaken the important military responsibilities, the discharge of which will be of the utmost value to the empire.

Newfoundland has doubled the number of its branch of the royal naval reserve, and is sending a body of men to take part in the operations at the front. From the Dominion and provincial governments of Canada large and welcome gifts of supplies are on their way for use both by my naval and military forces and for the relief of the distress in the United Kingdom, which must inevitably follow in the wake of war.

Fundamental Unity. "All parts of my overseas dominions thus demonstrated in the most unmistakable manner the fundamental unity of the empire amidst all the diversity of situation and circumstances."

A message similar to the foregoing was addressed by King George to the prince and peoples of India.

RED CROSS SAILING FURTHER DELAYED

British and French Governments Object to Germans in Crew.

Canadian Press Despatch.

NEW YORK, Sept. 9.—The question raised by the British and French governments regarding the neutrality of the Red Cross ship, the Red Cross, if she carries Germans among her crew when she sails with surgeons, nurses and supplies for the battlefields of Europe, has delayed the apparently indefinite departure of the ship. It was not believed in shipping circles tonight that the Red Cross would leave port tomorrow, as announced yesterday. Her commander, Captain Armistead Rust, U.S.N., retired, went to Washington today, and it was said that the purpose of his journey was to place the problem before Secretary Bryan.

The Red Cross, formerly the Hamburg-American liner Hamburg, was loaned to the American Red Cross by that line, and has among her engine forces, stewards and sailors, a number of native Germans who have taken out their first, but not their final, naturalization papers in the U.S. It was reported today that if the Red Cross organization sought to supplant these Germans with Americans and Spaniards, as announced yesterday, the ship would be withdrawn from the organization's services. An official of the line said tonight that it was likely that the Red Cross Society would displace the Germans without asking that line's permission; and that since no such request had been received, the officials of that line would not make any statement regarding the future movements of the ship.

KINCARDINE WOMEN'S FUND.

KINCARDINE, Sept. 9.—The women of Kincardine and vicinity have made a collection for the hospital ship, and the sum of \$910 has been forwarded to the treasurer.

DRANDENBURG REACHES PORT.

NEW YORK, Sept. 9.—The North German Lloyd steamer Branderburg, from Philadelphia, arrived last night at Drontheim, Norway, according to a telegram received here today by the North German Lloyd Steamship Co.

SEEKS HAVEN IN HONOLULU.

HONOLULU, Sept. 9.—The North German Lloyd steamer Frigate War enar put in here today for refuge and to cable for instructions. The vessel carries no wireless. The stay will be indefinite.

POSTAL REFORMER CALLED BY DEATH

Sir John Henniker Heaton, Self-Made Man, Starting as Clerk.

Canadian Press Despatch.

In the death of Sir John Henniker Heaton, announced in these columns yesterday, the British Empire loses the father of imperial penny postage. He was born at Rochester, Kent, England, in 1848, and so was sixty-six. His father was Lieut.-Colonel Heaton. He was educated at Kent House Grammar School and King's College, University of London. He then emigrated to Australia. His first job was a clerk in a store. Later he became editor of a weekly paper.

He became interested in Australian land, of which he eventually owned many thousands of acres. He also gained an interest in several Australian newspapers. He represented New South Wales at the Amsterdam Exhibition in 1883 and at the Indian Colonial Exhibition three years later. In 1885 he represented the Tasmanian Government at the Berlin Telegraph Conference, and in 1898 his imperial penny postage scheme was adopted. Ten years later the Anglo-American penny postage arrangement of which he was the author, came into effect.

After introducing the telegraph money order in England, he introduced the parcel post in France.

For his services to the empire he had the freedom of the City of London conferred upon him in a silver casket in 1891. He was elected M.P. in the Conservative cause for Canterbury.

bury in 1885, and he retained the seat till his death his last four elections being unopposed. Sir John Henniker Heaton was a self-made man. He was a mere lad when he first went to Australia and started his career. He published several books on Australia and made a study of native customs.

GERMAN SOLDIERS SHOT BY OFFICERS

American Girl Says Assaults of Louvain Women Paid Penalty.

Canadian Press Despatch.

LONDON, Sept. 9, 6:20 p.m.—Marguerite Utebroeck, a 16-year-old American girl from Millerville, Ill., arrived in London today after an adventurous trip from Louvain, the burning of which she witnessed. The girl was visiting Flemish relatives near Louvain when the village where her relatives lived was burned. They went into Louvain. She said that the first sign of trouble was when two German soldiers mistreated and killed several girls. These soldiers were promptly shot by their own officers, but the feeling of the populace against the invaders had grown very intense.

The German soldiers according to Miss Utebroeck, made no secret of their determination to make the Belgians suffer for the indignities which they claimed the German residents had suffered at the hands of the Belgians at the outbreak of the war.

Terrible Firing. The girl described the destruction

of Louvain and the terrible firing in the streets that continued for two days as a sight that had been burned into her memory. Her father and a 15-year-old brother, who were also in Louvain, disappeared, and she believed that they had been made prisoners by the Germans. Seeking to locate them, Miss Utebroeck made her way into Germany on a German prison train that was loaded with British and Belgian captives. She was unable to find her relatives and appealed to the American consuls in various cities. The investigations of the consuls satisfied them that the father and brother were held at some German concentration camp. The girl then made a difficult trip to Cologne, where she met her aged mother and brought her to London. Mother and daughter are now being aided by the American relief committee.

TO AID BELGIAN HOMELESS.

LONDON, Sept. 9, 3:30 p.m.—The hospitality of the British nation has been offered by the government to those who lost their homes and have been rendered destitute by the destruction of Louvain and other Belgian towns. There are indications that the invitation would be accepted on a large scale, and the government has arranged for the reception and entertainment of these sufferers in London.

SHORT STAY IN BORDEAUX.

BORDEAUX, France, Sept. 9 (via London, 5:20 a.m.).—Des Ameees, a newspaper issued by the ministry of war, declares there is every reason to expect that the stay of the French Government in Bordeaux will be short.

EVACUATE UPPER ALSACE.

LONDON, Sept. 9, 12:10 p.m.—A despatch to the Central News from Basel, Switzerland, via Rome, says that the Germans have evacuated Upper Alsace.

ARGENTINE BEEF NOT COMPETITOR

U. S. Packers Now in Control of Output, It is Alleged.

Canadian Press Despatch. NEW YORK, Sept. 9.—Beef packers of the United States are now in absolute control of the Argentine output of beef, thus destroying the value of Argentine beef as a competitive check on the price of native beef.

As an instance of how this control influenced the price, the witness stated that at one time beef hearts could be bought for 25c each. When the American packers obtained control of the Argentine output, he continued, beef hearts were put into cold storage, thus diminishing the supply, so that today the cost of these hearts is about \$1.5 each.

Dealers at Marcy. The packers have arranged the territory outside New York City so that the small dealers are at their mercy. Incapable of supporting more than one good sized establishment, one packing concern is located, and the butchers are forced to buy from that one packing concern. In large places the business is split up.

asked to explain the cause of the present shortage of beef, the witness said a shortage had existed for thirteen years. In that time, he said, the supply of cattle in this country fell short of the demand by 16,000,000, and the shortage was growing more pronounced.

As remedies for the present conditions, he offered the following suggestions for action by congress: An export duty should be placed on beef, the government lands of the west should be thrown open for grazing, killing of any female calf under five years old, or of any calf weighing less than 150 pounds, should be prohibited.
