Strike Trial Judge Permits
U. S. Pamphlet to Be Used
as Evidence.

Canadian Press Despatch.
Winnipeg, Dec. 10.—Pleased with
the progress made at the trial of R.
E. Russell, today, when many witnesses
were examined. Mr. Justice
Metcalfe, practically ruled that there
should be no more night sessions this
week. Tuesday night was declared a
night off chiefly in the interests of
the accused, whose counsel had stated
that he was not feeling very well.
The rest did "Russell good and the
extra time the lawyers had for pre-
paring things for the following day
had the effect of enabling them to ac-
celerate the proceedings in court, so
much so that his lordship expressed
the belief that they could get on just
as fast with two sessions as with
three.

Robert "Ginger" Snooks was one of
the witnesses today. He related how
he had been interfered with by strikers
when his scavenging teams were
working during the strike. Two of
his teams were upset and he had
been knocked down by a strike leader,
McMurray, K.C., counsel for the de-
fense who cross-examined him, that
he had not made certain statements
at the preliminary trial because he
did not think the action would de-
velop into assize court proceedings.
This prompted Mr. McMurray to ask
if they were not making too much
fun about "the affair now." To this
Mr. Snooks retorted:

"No, I don't think they are now."
Compare With U. S. Strike
In the course of a long legal argu-
ment as to the permissibility of
submitting a pamphlet containing an
historical account of the Seattle
strike, counsel for the crown claimed
that there was similarity between the
general strike in Seattle, February,
1919, and the Winnipeg general
strike. Indeed, they contended that
the strike here was largely modelled
upon that in the United States city.

Charles H. McNaughton, manager
of the Arctic Ice Company, was put
through a stiff cross-examination by
Mr. McMurray, who suggested that
the strike commission had taken all
precautions to see that hospitals got
supplied with ice and that if the or-
dinary citizen failed to get it, no
great harm would be suffered as ice
was a luxury.

Mr. McNaughton maintained that it
was a necessity, and the contention
led to some banter, in which the
judge joined.

Ordering of Ice
Mr. McMurray asked the manager
of the Arctic Company if the strike
commission had preserved or
Mr. McNaughton gave a negative re-
ply whereat Mr. McMurray remarked:
"And yet, despite the warm weather
and their very hard work, they
managed to get along very well with-
out ice."

Inspector Douglas Little, of the
city sanitary department testified that
garbage piled up badly during the
strike and asserted that this was not
a very wholesome thing for the city.
W. J. Price deposed to being or-
dered not to go to work for he did,
"he would never get any more work
to do in Canada."

Outline Seattle Strike
The first pamphlet tendered by the
crown in evidence contained an outline
of the Seattle strike. Mr. Pitblado,
asking for its admission, stated that
the Seattle strike was mentioned in
the first issue of the "Winnipeg Free
Press." The exhibit was called the "Seattle
general strike," and purported to out-
line the progress of the Seattle
struggle.

Except appearing in The Union
Record, Seattle, the day before the
strike, read by the crown, said: "We
are undertaking a strike, the first
move ever made by labor in this coun-
try—a move which will lead no one
knows where." Readings from an edi-
torial read: "Labor will preserve or-
der." Another article concerning revo-
lution predicted that a "great change
was coming over the face of the world,
which will transform our method of
carrying on industry, and our general
strike has won very definite steps to-
wards it."

CIVIL SERVANTS
WILL GET BONUS

The civil servants of Ontario are
likely to get their bonus before Christ-
mas. A deputation, consisting of E.
Harley, Osogood Hall, president; E. V.
Donnelly, vice-president, and N. H.
Crow, secretary, waited upon the cab-
inet yesterday afternoon and stated
their case, pointing, of course, to the
increased cost of living and the none
too high salaries received by the civil
servants. The deputation had already
seen Hon. Peter Smith, provincial
treasurer, who expressed his sympathy
with their object.

Premier Durney said last night that
while the cabinet had not reached a
final decision, it was likely that the
civil servants would receive the same
bonus as on the last occasion, which
was \$100 for single employees and \$200
for married. A notable departure, it
is understood, will be that women
and dependents will receive the same
as the married men.

MINERS ACCEPT PRESIDENT'S PROPOSAL; STRIKE IS ENDED

METROPOLITAN PURCHASE NEARING COMPLETION

Tenders Called for Mount Pleasant Line and Daylight Ahead for North Toronto Transportation, is Mayor's Declaration to Residents of Section.

"In view of the fact that the Hydro-Electric Power Commission are at present actively negotiating for acquisition amongst other properties the Metropolitan Railway, I feel it would be inadvisable to make any statement at the present juncture," wrote Sir Adam Beck, in apologising for his inability to attend a meeting of the Central Citizens' Committee, held in Deer Park public school last night. There was a large attendance and addresses were delivered by Mayor Church, Controllers Maguire and McBride, Alderman Ball and others. The mayor announced that negotiations were proceeding satisfactorily for the acquisition of the Metropolitan Railway. Tenders had been called to build the Mount Pleasant line, and expressed the belief that a solution of transportation problems was now in view. He also declared that Yonge street would be cleaned up.

Mayor Church, who presided, said the object of the meeting was to attempt to solve some of the problems of North Toronto. The condition of affairs north of the C.P.R. station was almost unbearable. The people paid heavy rates, had many passengers made to them, but nothing had been done. He said Sir Adam Beck, who had really promised to help them, had given a pledge to address the citizens when he returned from England in about six weeks' time.

Radial Development.
Mayor Church, who had a good reputation, said the negotiations for the acquisition of the Metropolitan were going on satisfactorily and, in his opinion, would very soon be consummated. The line that had been lost would be found not to have been in vain. There had been a change of government and that had helped up matters. The various municipalities would be consulted and bylaws submitted. The mayor pointed to what had been done at Windsor, Kitchener and Niagara in radial development. The Metropolitan had been active in all parts of the province and taking over railways in a businesslike way.

On the question of the mayor said negotiations were in progress for a site and a recommendation made for an appropriation. On local improvement, the mayor said that work would go ahead more in the spring, North Toronto getting a good share. He referred to the various

Wm. Breithaupt Only Dissident to Sir Adam Beck's Projects.

Special to The Toronto World.
Kitchener, Dec. 10.—William Breithaupt, president of the Waterloo and Wellington Railway, was the only member of last night's meeting at Kitchener held in the interests of the Hydro radial project who in any way opposed the ideas set forth by Sir Adam Beck. Mr. Breithaupt at first took exception to Sir Adam's reference to the Port Stanley Railway as too optimistic but Sir Adam soon set him right. Mr. Breithaupt then pointed out that the railway from Kitchener to Hamilton built in 1857 had proved a dismal failure. Sir Adam soon countered with the remark that conditions of 1857 were decidedly not those of 1920, and that the changes effected since the late 50's all tended to favor the Hydro-Electric idea.

At this juncture Breithaupt stated that the Hydro-Electric Commission would decide to take over the G.T.R. line from Elmira to Galt and eliminate any sense of parallelism to the other railroads which might be induced by Sir Adam's scheme. Sir Adam then asked the engineer if he would be willing to accompany him to Ottawa to see the government to permit the Hydro-Electric Commission to take over the Elmira line. Mr. Breithaupt offered no opposition to this proposal.

IMPERIAL GRATUITY APPLICATIONS TO GO TO BRITAIN IN WEEK

Ottawa Announces First Batch Ready for Mailing in a Few Days.

Special to The Toronto World.
Ottawa, Dec. 10.—Many Canadians who served in imperial forces have made the statutory declaration required to participate in the gratuity voted last session and these will be forwarded to England next week for confirmation in the British war records. It is expected to take 40 days for forwarding these to England, confirmation there, and return here.

Some imperial service men suggested that in order to expedite distribution of the appropriation payments should be made on the basis of the individual's discharge certificate and the record of service disclosed thereon. This plan, the responsible officials of the militia department did not feel that they would be justified in accepting. They pointed out that a considerable proportion of discharged soldiers lose or throw away their discharge certificates.

Therefore, the officers feared that if payments were made on the strength of these documents alone money might pass into the possession of persons not entitled to receive it. For the protection of the public treasury and of the veterans themselves, another system has been adopted. The applicant for a share of the gratuity appropriation has to make a sworn statement setting forth in detail the record of his war service and the amounts of post-discharge pay, bonus or gratuity he has received and his intention to reside permanently in Canada. Forms of declaration have been prepared and printed for the use of the veterans. Attached to them is a declaration to be made by a soldier's wife in claiming for them and the amount of the gratuity appropriation. Persons entitled to share in the appropriation will receive first one-half of the amount and then the balance in equal monthly periods.

WILL BUILD A NEW RAILWAY IN QUEBEC

Announcement of a Line into Timiskaming Made at Legislative Opening.

Canadian Press Despatch.
Quebec, Dec. 10.—The building of a new railroad into the vast Timiskaming region, an extensive agreement to colonization, the expenditure of five million dollars to help develop new rural communities, and other plans are announced today in the speech from the throne which was delivered this afternoon by Sir Charles Fitzpatrick, lieutenant-governor of Quebec, at the opening of the sessions of the provincial legislature. The speech will also be introduced. The speech from the throne also speaks of the standing of Quebec province in the Dominion and says that the province is feeling its way to modified late towards Quebec. "We rejoice over this," says the speech.

TELEGRAPHERS VOTE FOR STRIKE

Officials of the C.P.R. Telegraphers' Association last night confirmed the report that members of the union had voted to strike because of the alleged intention of the company to introduce the bonus system. It was stated that this vote affected Toronto only, and that when Donald McMillan, manager at the head office in Montreal, returned Saturday and came to Indianapolis knowledge of the situation in Toronto. No strike will be called until Mr. Pawson, president of the union, returns from his visit to the head office in Montreal. Mr. Foster left for Toronto yesterday and is expected back on Sunday.

TO PROTECT U. S. OIL WELLS FROM ILLEGAL INTERFERENCE

Memorandum Prepared for Wilson and Lansing Urges to Take Necessary Steps in Mexico.

Washington, Dec. 10.—Curtailment of oil production in the Tampico, Mexico, fields as the result of Mexican government decrees has become so serious that Chairman Payne of the shipping board has prepared a memorandum on the subject for President Wilson, Representative Gould (Republican) of New York, announced today after a conference with the board chairman. Representative Gould also said Mr. Payne had written Secretary Lansing urging pressing the importance of protecting the American supply of Mexican fuel oil from illegal interference by the Mexican government. Chairman Payne was quoted by Mr. Gould as saying that fuel oil reserves on the Atlantic coast now were so short that a cessation of receipts of Mexican oil for very few weeks would embarrass the operation of the government merchant marine.

Mr. Gould declared that the Carranza government thus refused to permit the drilling of new wells and by other means was attempting to force American companies to relinquish their properties in Mexico. His conference with Chairman Payne followed a call at the shipping board by a delegation of representatives of American companies owning oil properties in Mexico, who presented the seriousness of the situation to Mr. Payne.

COAL MINERS' STRIKE IS ENDED AT LAST

ONE CONTRARY VOTE

AGREEMENT LIKELY IN MARITIME MINES

Sydney, N. S., Dec. 10.—At today's meeting of the committee of the United Mine Workers of America, and representatives of the Dominion Coal Company, the question of a leveling up of wages for miners in Nova Scotia was discussed. A schedule was prepared, but it was agreed that a new scale be drawn up, which will be submitted at a meeting to be held on Saturday.

The conciliation board, comprising Dr. McKinnon, J. C. Walters and Col. Thompson, will meet the men and operators on Tuesday next and hear a report of their conclusions. Relations between the men and mine owners are most cordial and an amicable settlement of certain phases of the wage difficulties is highly probable.

CANADA REGULATES BUNKERING OF SHIPS

Preference to Dominion-Owned Boats—British and American Next.

Canadian Press Despatch.
Ottawa, Ont., Dec. 10.—In view of the present scarcity of coal in Canada, the Canadian trade commission has issued certain regulations with regard to the bunkering of boats at Canadian ports. The regulations, which are now in force, provide that the bunkering of boats will be governed by the following order:

1. Canadian owned boats.
2. Boats flying British flags.
3. Boats flying the United States flag.
4. Boats flying allied flags.
5. Boats flying neutral flags.
6. Boats flying other flags.

Vessels sailing from foreign ports to United States ports may receive bunkers at Canadian ports to take them to United States destination and return, or they may be bunkered at Canadian ports to take them to their United States destination and thence back direct to their foreign port. It is pointed out that the United States at present is coaling American boats only and that Canada is trying to look after vessels of other nations applying for coal. Boats sailing from Canadian ports will be bunkered with sufficient coal only to take them to their destination.

WILL FURTHER RESTRICT PARKING OF MOTORS

Regulations are likely to be promulgated at an early date which will limit the time in which a motor car may stand at the curb in the business district to five minutes. Chief of Police Gasset said yesterday that the blocking of traffic downtown by motor cars standing at the curb was getting to be a very serious matter and called for speedy action. New and more drastic regulations, he said, could not be much longer delayed. A district would be defined taking in the area most congested during the business hours and it would be necessary to limit the parking of cars at the curb in that district to a few minutes, possibly five.

WILL DETERMINE EFFECT OF TARIFF ON NECESSARIES

Announce Public Sitings Soon of Commerce Board for This Purpose.

Canadian Press Despatch.
Winnipeg, Dec. 10.—Public sittings will be held by the board of commerce early next year to determine the effect of the tariff on the necessities of life. The following announcement was made by the chief commissioner, Commissioner H. A. Robson, K.C., at today's session:

"The cost of necessities of life is enhanced in many cases by the customs tariff. The tariff may be protective or revenue-producing. If merely protective it is a question whether an increase in cost of necessities thereby is in present circumstances warranted. If a particular duty is revenue-producing, then it is a question whether that revenue cannot otherwise be raised and necessities to that extent relieved. The board of commerce can inquire into all items making up cost. It is specifically authorized to see if the tariff is made use of to unreasonably enhance prices.

Define Necessaries.
In the course of inquiries instituted by the Manitoba and Saskatchewan governments thru J. F. Frame, K.C., it has appeared that there is reason to further investigate into the cost item brought about by the payment of customs duties and into cost enhancement by reason of tariff protection. The board is therefore instituting inquiries in this direction. It is fully expected that early in the new year public sittings will be held at appropriate points to go fully into these questions. This information is given so that any person may make representations who desires to go on any phase of the question. Necessaries of life are defined as any staple and ordinary article of food (whether fresh, preserved, canned or otherwise treated), clothing and fuel, including the products, materials and ingredients from, or of which any thereof are in whole or in part manufactured, composed, derived or made, and such other articles of any kind as the board may from time to time, by regulation, prescribe. This now also includes drugs and medical supplies. The matters to which Mr. Frame particularly devoted attention were boots and shoes and textiles; that is a wide field, but it will be seen that there is even wider ground that may be covered."

PENSION PLAN FOR HYDRO EMPLOYES

Women Will Receive Five Per Cent. Out of Each Year's Pay.

The Hydro-Electric Power Commission is acting under provisions in the power commission act to draw up a plan for pensions, insurance, sick benefit and saving among its employees, according to a statement given by Sir Adam Beck yesterday. The cost of the plan will be borne by the commission.

A pension will be paid to a man at the age of 60, or earlier for permanent disability after at least five years' service. One-eighth of the average last five years' salary will be multiplied by the number of years' service. At death the plan provides for payment to the estate of a deceased employee of at least five per cent. of his salary for each year he has been with the commission.

Women's Saving Plan.
The saving plan provides for a savings account for each woman employee of the commission as they do not come under the pension or insurance scheme. The women will receive when they leave, five per cent. of each year's salary.

The sick benefit scheme provides for the payment of benefits to sick employees together with certain medical supervision and provision for the increase in the amount paid under the workmen's compensation act plan to equal those under the sick benefit in the case of injured employees.

The whole scheme will come into operation as from November 1, but the question is as to whether it will be further retroactive will come up for consideration again. Heads of departments are not included in the benefits of the plan.

The plan finally approved by the commission has been the result of most careful investigation of a number of the plans in force in the United States and in Canada, and also expert investigations of conditions existing among the employees of the commission.

XMAS FURS.

This promise to be a real Canadian winter—the kind you need grand-father used to talk about. So furs are the big item of comfort you require to think over. The Dineen Company is now having a special sale of furs—prices are greatly reduced in order to encourage buying useful fur articles for Xmas gifts. Dineen show rooms contain a superb collection of rare native and foreign furs in all garments, coats, scarfs, capes, stoles and mufflers. The Dineen Company store will be worthy of a visit from now until Christmas and the price inducements will be the first consideration.

LUNDY TO PROBE PACKING INDUSTRY

Attorney-General Instructs K.C. to Investigate All Mergers and Flotations.

Hon. W. E. Roney, attorney-general, is investigating the packing industry, and has issued instructions to J. S. Lundy, K.C., to enquire into the entire Canadian packing situation, and to make a full and complete report on the combinations of the packing houses and plants of Ontario, which are, or have been, affiliated to American houses.

The attorney-general's probe should go much farther than the recent enquiry by the board of commerce, which dealt solely with the selling end of the packing business, and did not investigate as to whether or not there were combinations, or whether a combine existed at present. Neither were the profits of the plants themselves investigated.

The last packing house controlled in Toronto recently changed into American hands when Sir Joseph Flavelle sold out his interests in the Davies Co., to E. C. Fox and the American associates, John and James Agar of Chicago.

The flotation advertisement which appeared in yesterday's papers showed that the Davies people had gross sales for the year ending March 31, 1919, of some \$68,000,000. The profits for the same period made by the combine, while entirely a Canadian concern, are shown to be \$1,215,932, after all interest, taxes and depreciation for the year had been allowed.

This merger with a Chicago plant followed closely on the increasing of the capital of the Swift Canadian Company from \$1,500,000 to \$5,000,000, the absorption of the Mathews-Backwell plant with three branches in Canada by the Allied Packers Inc., and the working arrangements recently made with Chicago interests by the Harris Abattoir and Gunns Limited.

For the past two weeks Mr. Lundy has been quietly gathering first-hand financial reports and arranging questionnaires, and will shortly discuss these matters and allegations.

Controlled by Chicago, it is said that every Canadian packing plant is controlled by Chicago, with the Union Stock Yards as the key of the situation, which, it is claimed, is the property of Chicago.

If the investigation shows that this state of affairs exists, the attorney-general and members of Premier Drury's cabinet will, it is understood, favorably consider the suggestion that the province should take over the stock yards at once and operate them for the benefit of the farmers and the Canadian packing industry.

It is expected that Mr. Lundy will have his report ready for the attorney-general early in the new year.

INQUEST ADJOURNED.

The inquest on the death of Robert Winlow, who died in the General Hospital from injuries received when struck by a Church car on Wellington street two weeks ago, was adjourned last night until Dec. 22. The conductor of the car and the only witness who saw the accident were not present to give evidence, and Coroner Dr. W. J. McCollum ordered the adjournment.

MRS. LIDDELL LAID TO REST.

The funeral of the late Mrs. David Liddell, who died in Wellesley Hospital on Sunday last, took place yesterday from her late residence, 2153 East Gerrard street, to St. John's Cemetery, Norway.

Rev. Eli Middleton conducted the family service at the home, and the public service, which was held at Hope Methodist Church, before a capacity gathering of relatives and friends, was conducted by Rev. A. I. Terryberry, pastor. Rev. Dr. J. W. Graham, former pastor, Rev. Wm. McMullen, Rev. Charles Langford, assistant, and Rev. M. Rogers, Emmanuel Presbyterian Church.

Glowing tributes were paid to the memory of the late Mrs. Liddell by Rev. A. J. Terryberry and Rev. J. W. Graham, who pointed out that the deceased was one of the very prominent members of Hope Church, and always took a prominent part in all activities, and particularly in helping the needy. The husband and one son survive.

COMMISSIONER TO COME.

Commissioner W. J. Richards (Canada East, Bermuda and Newfoundland) will pay a visit to Earlscourt branch of the Salvation Army next Sunday, when special services will be held in Belmont Hall (G.W.V.A.). Premier Drury has promised Alex. Gordon, leader of the Salvation Army, to speak at a meeting here early in the new year.

CHARGED WITH SHOPBREAKING.

Harry Farthing, George Moore and James Brown, Red Triangle Club, were arrested last night by Detectives Waterhouse and Thompson charged with theft and shopbreaking. Monday night the accused are alleged to have stolen a horse and cart, and a Nelson Sanitary Company, 531 East King street. They, according to the police, drove to the Lauder Candy Company, 91 Ontario street, and breaking in stole a pair of candies. They drove to a store on East Queen street and disposed of the candies. They were captured last night downtown.

DANFORTH RATEPAYERS PLAN MEETINGS.

A meeting of the East Danforth Ratepayers' Association, was held recently in Gledhill School, Gledhill ave. B. C. Stone, president, in the chair, when the following resolutions were adopted: "That the secretary write the different ratepayers' associations in ward eight to urge co-operation in the choice of municipal representatives who reside in the section; also that special meetings be held in Gledhill School on Monday evening, Dec. 22, when aldermanic and board of education candidates will be invited and a meeting on Dec. 29, when mayoral and board of control candidates will be present."

TODMORREN MAN HURT.

Struck down by an automobile while crossing Danforth, was held recently in Gledhill School, Gledhill ave. James Meagher, who runs a farm on the Don road, was painfully injured. He was attended by Dr. Jordan, 97 Danforth avenue, and later removed to the General Hospital. Mr. Meagher and his family reside at Todmorden. His brother, Tom Meagher, is a well-known horseman, having raced horses at Woodbine and other local tracks.

E. C. Holmes, 111 Greenwood avenue, driver of the automobile, was not held by the police of Pape avenue, who investigated the accident.

WORK COUNTY AND SUBURBS

PLENTY OF POLES BUT NO LIGHT

Ratepayers Give Warm Session to Manager of Toronto Hydro.

F. W. Peasall, manager of the Toronto Hydro-Electric system, was subjected to considerable criticism at an animated meeting of the Joint Woodbine Heights, Danforth Park and Eastdale Ratepayers' Associations held in Gledhill Mission, Gledhill ave. last night to discuss the delay in installing Hydro lights. W. Curtis occupied the chair.

"Class legislation," "stalling" and "camouflaging" the ratepayers and similar remarks were hurled at the Hydro representative by members, many of whom were on their feet at the same time. An excuse made by Mr. Peasall that there is a shortage of skilled linemen was contradicted by Wm. Miller, Woodbine Heights, who claimed on the authority of J. T. Gunn of the Electricians' Union, that there are at present 25 skilled linemen waiting the streets out of employment and that the Hydro will not pay sufficient wages.

Mr. Peasall said "the sole reason the installation is held up is the construction work. The York township council put thru the request for the installation but there are a lot of details to be seen to and the poles have already been delivered." (Laughter) Continuing, Mr. Peasall said: "Our linemen are paid as high as any other similar workmen in Ontario and I cannot make any definite promise when our men, who are working at full pressure, can proceed with the work. We have not sufficient power at present owing to the heavy demand and no satisfaction could be given with an extension to the outside districts where the light would be of necessity very dim. However some of the people in the district may be supplied by Christmas." He stated that 274 houses to be supplied in the Woodbine Heights district and the street lighting will have to remain until the dwellings are served.

T. Corlett pointed out that the Danforth Park district has been waiting for light for six years and that Mr. Cartwright, Talbot street, whose house has only been erected five months, has been supplied with the lights. Mr. Peasall explained that the person in question must have put up money to cover the entire cost. "We are a public service institution and as such must protect your interests," said Mr. Peasall.

"Mr. Cartwright did not put up a nickel," declared Mr. Corlett. J. Thompson read a communication from Sir Adam Beck in which Sir Adam stated that he understood from the engineer's department that the work in Woodbine Heights was in full swing.

Mr. Peasall explained by stating that the York township council had ordered the installation of poles and that the poles had been delivered and would be proceeded with as soon as possible.

Fred H. Miller, reeve of York township, who was well received, outlined the work accomplished by council during the past year. He pointed out that 14,000 houses had been erected and that a sum of \$385,000 was still to be received from the provincial government in connection with the housing scheme.

Frank Barber, township engineer, gave an interesting talk on the water scheme for the eastern section of the township and Wynne Roberts outlined the proposed sewage disposal schemes under consideration.

W. T. Wrigglesworth, president of the Toronto district and York county command G. W. V. A., candidate for municipal honor, said he was endorsed by the G. W. V. A. and claimed that the veterans deserved representation on the York township council.

Nelson A. Boylen, president Central Council of Ratepayers, outlined the aims and objects of the central body and their needs in the various sections.

W. M. Graham, deputy reeve, pointed out that the delay in installation of Hydro light in the eastern districts did not lie at the door of the York township council. "We have the money to give the Hydro when they do their work," he said.

Around the walls were hung charts with the wording: "Another happy Christmas with the Hydro." "Poles and Promises are no good, give us Light." "Lost a bylaw, reward at 40 Jarvis street." "We want Hydro light."

G.W.V.A. Distress Fund Benefited by Concert

The distress fund of the Earlscourt branch, G.W.V.A., is to be benefited by a concert given last night at the Oakwood Collegiate School, West St. Clair avenue. Alex. MacGregor, K.C., who presided, spoke of the splendid work of the returned men and the desirability of helping them in every possible way to proper positions in civil life. "The distress funds of the various branches," said the speaker, "had his sincere support and he hoped the result of the concert would be satisfactory."

Among the artists who contributed to an excellent program were: Marie Nickoloff, contralto; Helen Hunt, violinist; Ruthven McDonald, basso; J. H. Cameron, entertainer; Rita Brodie McCaig, soprano. Miss Marjorie Cork, accompanist.

CAR STOLEN AND DAMAGED

A 5-passenger Ford car, the property of J. J. Noad, St. Clair ave. W. was stolen from outside his store last night. It was found some distance off considerably damaged. No trace of the thief or thieves could be found. This locality is becoming a favorite hunting ground for motor car thieves.

CONCERT FOR WIDOW.

Charitably disposed friends and neighbors of the Hamilton family of Robina avenue, Oakwood, are making plans to hold a benefit concert in the Oakwood Collegiate School. James Hamilton, a drain digger, was drowned in the Pickering River a few weeks ago when out hunting and leaving a widow and eight little children. Much sympathy is expressed in the neighborhood for this bereaved family. Messrs. H. J. Okos, H. McDonald and J. S. Willis are the committee.

GETS MONS MEDAL.

Lieut. A. V. Conroy, who is connected with Earlscourt, has received word from the military authorities that the Mons Medal is to be conferred on him. Conroy went through most of the campaigns at the front and has just finished a tour in the United States. Lieut. V. Conroy, his father, is district secretary of Toronto G. W. V. A.

SUBURBAN FARMS SELLING.

There is quite a demand for farms within an hour's motor ride of Toronto, especially to the east and north of the city. Several sales have taken place in Markham township; also other farms near Pickering village. Three recent sales in Markham township were the Homer Wilson farm of 122 acres, two miles north of Unionville, to Capt. Hendrie Hay of Toronto (lot 22, con. 6); the T. C. Lowry, 75 acres, on the Kennedy road, to A. B. Savage of 150 acres, to the Mrs. Ida A. Cann farm of 90 acres, described as parts of lots 8 and 9, con. 6, to Archie Hutchison of Toronto. These sales were put thru by Andrew Elder.

Other recent sales near the city were the Gross farm in York township (east half of lot 18, in the third) to Mr. Lowry of 200 acres, for \$20,000; the Geo. McCowan farm of 115 acres, in lot 33, con. 6, Scarborough, to a Toronto business man; the Chas. Fitzpatrick farm of 100 acres, on York to Andover Grant, and the J. T. Chapman 100 acres, in lot 14 of the first concession of Scarborough, to Reeve Jas. Frank of Scarborough.

AN ABERDEMANIC CANDIDATE.

A deputation of the business men on Danforth avenue and East Gerrard street waited upon ex-Ald. E. A. H. Wagstaff and requested that he be nominated for alderman for ward one in the forthcoming municipal elections. Mr. Wagstaff accepted it and will be a candidate.

ST. JOHN'S CHURCH.

A number of the parishioners of St. John's Church, York Mills, have petitioned the Bishop of Toronto for the removal of Rev. Mr. Ashcroft, for 20 years a rector of the church, to the next to St. James', Toronto, as the oldest charge in the diocese. The petitioners say that the attendance has and Mr. Symons are now investigating the petition and will report to the bishop.

BUILDING BOOM ON.

Many substantial residences are at present being erected on the Glen Street estate in the Beaches district. Eighteen houses are now nearing completion to sell at between \$7800 and \$12,900 each.

BRIDGE CROSSING THE RAVINE ON GLEN MANOR DRIVE ARE WELL UNDER WAY BY THE WORKS DEPARTMENT.

The cement abutments for the new bridge crossing the ravine on Glen Manor drive are well under way by the works department. The bridge when completed will be a handsome improvement to the district.

JOSEPH PRICE FOR ALDERMAN.

Joseph Price, Glen Manor drive, a prominent member of the Beaches Business Men's Association, and pioneer builder in the district, is a prospective candidate for aldermanic honors in ward eight.

A large deputation of residents waited upon Mr. Price recently to urge him to stand in the interests of the business men and ratepayers of the ward. Mr. Price, who intended to stand in California, over the winter, promised to give the matter his earnest consideration.

CARRIED OPIUM.

Geo Lang, 190 York street, was arrested last night, charged with having carried opium in his possession. A small quantity of opium and a pipe were seized by Plainclothesmen Greenlee and McArthur.

To Relieve Catarrh, Catarrhal Deafness And Head Noises

Persons suffering from catarrhal deafness, or who are growing hard of hearing and have head noises will be glad to know that this distressing affliction can usually be successfully treated at home by an internal medicine that in many instances has effected complete relief after other treatments have failed. Sufferers who could scarcely hear have had their hearing restored to such an extent that the tick of a watch was plainly audible seven or eight inches away from either ear. Therefore, if you know of someone who is troubled with head noises or catarrhal deafness, cut out this formula and hand it to them and you may have been the means of saving some poor sufferer perhaps from total deafness. The prescription can be prepared at home and is made as follows: Secure from your druggist 1 oz. Parmit (Double Strength). Take this home and add to it 1 pint of hot water and a little granulated sugar; stir until dissolved. Take one tablespoonful four times a day.

Parmit is used in this way not only to reduce by tonic action the inflammation and swelling in the Eustachian tube, and thus to equalize the air pressure on the drum, but to correct any excess secretions in the middle ear, and the results it gives are nearly always quick and effective. Every person who has catarrh in any form, or distressing humming, hissing sounds in their ears, should give this recipe a trial.

LIBERTY LEAGUE ENTERS POLITICS

Decides to Contest Municipal, Provincial and Federal Seats.

By unanimous vote the Citizens' Liberty League at their first convention in the Foresters' Hall decided to become an organized body for political purposes and it is their intention to contest seats for the municipal provincial and federal houses. This will not affect the coming municipal elections in Toronto as the resolution is to be submitted to the various branches of the league for a referendum vote by the members.

Another resolution passed during the evening session deplored the widespread outspoken hostility directed against those churches which allowed their pulpits to be used for the promotion of propaganda which plans to curtail the liberty of the individual citizens. They invite the leading church officials to confer with them to remedy the situation.

NEW LIGHT SHED ON LIQUOR LOST

Receipt Produced in Scarborough Case May Mean Further Probe.

With reference to the recent seizure of liquor at Scarborough Junction and the charge arising out of it at the instance of the provincial board of license commissioners that all the stuff seized was not accounted for and some was actually left with the woman at whose place the seizure took place, new evidence has come out. Thirty-nine barrels of liquor were seized and two broken barrels. The charge of the license board that a shortage in the quantity taken over by the provincial agents should be accounted for by an investigation came to nothing very definite; but the county police held themselves entirely exonerated on the evidence from any blame whatever. The production since of a receipt, said to have been given by the provincial agent to the county police, throws a new light upon the actual quantity to be accounted for.

The World asked High Constable Phillips where the receipt is now. Mr. Phillips said the receipt came into his hands and he handed it to Judge Costworth.

CLIMB FIRE ESCAPE

Burglars Enter Fisher Electric Company Office and Steal \$20 in Cash.

Climbing up the fire escape of the Fisher Electric Company, 43 Britain street, last night, burglars forced a door leading to the office and stole \$20 in money. The thieves did not attempt to steal electrical fixtures and only office desks were disturbed. Breaking a rear window of Harwood's Dye Works, 576 Bathurst street, thieves entered the building and stole about \$10 in money from the cash register. No clothing was taken by the culprits, who are believed to be juveniles.

VACCINATION NOT MUNICIPAL AFFAIR

Mayor Church Passes Buck to Provincial Board of Health.

The famous Dr. McCullough letter on the vaccination situation did not even see the light of day at the board of control meeting yesterday. It will be presented in due form to the city council at their regular meeting on Monday next. The mayor, in the meantime, has "passed the buck" to the provincial board of health and put the entire responsibility on the government department, taking the ground that Dr. McCullough's letter entirely removes the matter of adult compulsory vaccination from the hands of the city officials and places the matter in the government jurisdiction. The mayor yesterday issued the following statement:

"The letter with regard to vaccination was addressed to the mayor personally, and he is laying it before the city council at its next meeting on Monday, the 15th inst., as the act says the municipal council must pass the resolution.

"This is a matter entirely now for the provincial board of health, as the city council declined on two occasions to pass a resolution, and are on record in this connection.

"The city solicitor advises me that I have no power to issue a proclamation. The resolution must be passed first by the city council under section 1 of the act.

"The question of vaccination is not a municipal one, but is a provincial one. The law is a provincial statute and not a municipal statute in this connection.

"No Likings for Compulsion.

"I am in favor of vaccination myself, but I do not like compulsory methods. The law is there as it is, and if the anti-vaccinationists desire a change they should go to Queen's Park and the legislature. There, and there only, is the proper place to get any change made, as it is a government bill and not a private bill.

"I am sending Dr. McCullough a reply, enclosing the action of the city council. The city council has power to reconsider their former resolution if some member of the council who voted in the affirmative asks for reconsideration in the usual way.

"I am not in the habit of attending the local board of health, nor do I attend any of the committees of council meetings.

"It is very unlikely the council will on Monday order the proclamation issued, but I intend to pass a resolution asking the government immediately, by an order-in-council if necessary, to so alter the act as to abolish compulsory clauses. Dr. McCullough, realizing all this, and also that the council are adverse to his views on vaccination, has placed the whole matter in the hands of the solicitor to his department, H. M. Mowat. It is not likely Mr. Mowat will take any action before or after the meeting of council on Monday and the whole matter is very doubtful. He is up against a big proposition—to compel a city council to do something they do not want to do. The aldermen fully realize this, but the majority of them simply dare not vote for compulsory vaccination, in view of the near approach of the elections. A mandamus would further complicate the situation and would not help matters. It would put up the backs of the aldermen and would undoubtedly be taken to the privy council on the ground that the act was ultra vires. Although compromise is out of the question, there are elements at work trying to prevent a serious break between the city and the provincial authorities. Dr. Hastings says he has washed his hands of the adult compulsion order. It's a purely provincial business, he said, and the provincial authorities can settle it as best they may.

The outbreak in the city increased its numbers again yesterday—62 cases being reported in the 24 hours, against 42 of the previous day. The indications are, therefore, that the disease is not abating, although there have been no deaths recorded from smallpox. The following table shows the records of the disease since it started:

The Anti-vaccination League have a petition signed by about 9,000 people asking the legislature for a change in the compulsory vaccination law. The league are also talking about taking some legal action should the proclamation be issued. Exactly what this action may be they refuse to disclose at the present juncture.

SIMPSON FORETELLS CHANGE IN LAW

Thinks New Government Will Do Away With Compulsory Vaccination.

Among the many strong opinions expressed by members of the Independent Labor party at last night's organization meeting held at Dian Hall was one expressed by James Simpson, the alderman who was elected to the council at the recent municipal election. Simpson foretold a change in the law relative to vaccination only because he was forced to do so through the exigencies of the vaccination act and that when the new session of the provincial house convened in February the new government would consider amendments to the act, giving more personal liberty to the citizen.

An Enthusiastic Meeting

The meeting while not large was decidedly enthusiastic. Among those who spoke were James Simpson, who gave a resume of the movement generally, forecasting a psychological progress in favor of the worker in the municipal campaign; Walter Brown, alderman candidate for Ward 8, who advocated assessment reform; W. J. Storey, alderman candidate for Ward 1, who advocated a new hospital for the east end, and believed labor should be represented on the commission for the civic street railway if appointed, and favored also both the Hydro radicals and the pro-unionists. The speaker also addressed the board of education, who takes defeat as he takes his breakfast and believes a more consistent policy should be adopted by the board respecting returned men. Beattie, who decided to run as an anti-vaccinationist, and who believed strongly in increasing the salaries of teachers in the public schools, was elected to the board of education, who also favored large increases for the teaching staff, and H. Hines, for Ward 2, who believed that labor could make his way for Toronto within the next three weeks. James T. Gunn spoke also and Roy Hughes presided.

LABOR NEWS

LABOR WOMAN FOR TRUSTEE.

Mrs. W. F. Singer, one of the most energetic workers in the Labor party, is announced as a candidate for the board of education. She has been associated with the Independent Labor party since its inception, and was one of the provincial organizers of the party during the past ten months. She is also a well known figure in the ranks of trades unionism.

TEAMSTERS CHOSE EXECUTIVE.

John S. Jones has been re-elected business manager for the International Union of Teamsters in Toronto. Other officers elected for the ensuing year are: President, Sam Brown; vice-president, Sid Dawson; financial secretary, Charles Denton; recording secretary, Joseph Topping; trustees, Collins, Brown and Dick.

SOCIAL DEMOCRATS JOIN I.L.P.

It has been definitely learned that the entire membership of Local 87 of the Social Democratic party, East Toronto, has decided to join the Independent Labor party as a unit. This local was recently read out of the S.D.P. because of its moderate tone of its labor sympathies.

STAGE EMPLOYEES ELECT OFFICERS.

C. A. Dentebeck has been re-elected president of the International Alliance of Theatrical Stage Employees and Moving Picture Operators in Toronto, and William P. Covert has been re-elected business manager for the Toronto union. Other officers elected for the ensuing year are: Vice-President, S. I. Walker; secretary, George H. Jones; treasurer, C. A. McCracken; executive, W. Ayres, E. Smithes, W. D. Shank and C. A. McMann; trustees, Earl Wells, B. Lawrence, a specially called Trace, Tyler, W. B. Hunter; sergeant-at-arms, B. Byford. The union, said Mr. Covert yesterday, stood for, first, the retention of the board of appeal against decisions of the board of film censors; secondly, for the retention of the board within the jurisdiction of the department of the treasury at Queen's Park; and thirdly, for the appointment of a labor representative to the board of censors.

WANT 70 CENTS AN HOUR.

Charles H. Kimball, general organizer for the American Federation of Labor, will address a specially called meeting of Local 1320 of the Brotherhood of Carpenters (inside millmen and cabinet workers) on Tuesday night next, and the meeting will plan a wage schedule for presentation to employers in the near future. This schedule calls for a minimum wage of 70 cents an hour for all grades of skilled labor.

ELECTRICAL WORKERS PROGRESSING.

Electrical workers are to meet on Thursday in regular session and discuss the proposed schedule of inside wiremen on contractors' work for wages above those now received. The union has made steady progress during the past three or four years and special progress has been maintained during the past six months. Altogether it is estimated there are a 1400 electricians of all grades in Toronto.

WINNIPEG GETS SUGAR

Winnipeg, Dec. 10.—Winnipeg has received 75 per cent. more sugar in 1919 than in 1918, and shipments to Manitoba, points outside of Winnipeg showed even a greater increase over last year, declared W. F. O'Connor at a session of the board of commerce here yesterday, presided over by H. A. Robinson.

AMERICANS CANNOT CONSTRAIN A. S. E.

Engineers Will Not Sever Their British Connections, Says G. F. Doolan.

G. F. Doolan, of the Amalgamated Society of Engineers, in reply to a statement alleged to have been made by Herbert Lewis in an evening paper in Toronto, states that Mr. Lewis has misunderstood the real intention of the forthcoming convention of the A. S. E. in England, and that it will not sever its connection with America to force the members of the A. S. E. in Canada and the United States to join the International Association of Machinists. The A. S. E., says Mr. Doolan, cannot force its membership in America to get out, because the Canadian members could still send contributions to England and receive benefits to which they are entitled.

"Evidently Mr. Lewis is not aware that A. S. E. delegates from Toronto were present at conference of the A. M. in Washington, and that a verbatim report was recorded of all statements made there," he said.

"I was with the British delegation when it was in this city, and I can assure Mr. Lewis that those men were diplomats, and would not express an opinion on the subject at stake until they gave their report to the special convention in January.

"It is time that the I. A. M. officials understood the attitude of the A. S. E. members on the question of assimilation by the American union. A special A. S. E. convention is to take place in January at London, Eng., to deal with the report of the delegation which has recently visited this continent.

"Should that convention decide that the A. S. E. cease to operate as an industrial organization on the continent it cannot compel us to relinquish our membership in the organization, for our membership is a contract which cannot be broken by any convention. Although the branches here could be closed, we could still send our contributions to England and receive our benefits from there when entitled to them. They could not force us to join the I. A. M. and we shall not throw away the substance for the shadow. There is no comparison between the British unions and the American Federation of Labor and its affiliates. The I. A. M. has exposed its weakness during the past year.

"We will take the case of the metal trades strike in Toronto. The I. A. M. were the most active in calling for the strike in May, and before the strike was over they proved to be the weakest trade in the metal trades. During the early part of the strike the union did not meet its obligations, for the members did not get strike pay when it was due. The result was that a large number went back to work before the strike was over. The A. S. E. went out on strike in sympathy with the I. A. M. and kept a clean record. In return the I. A. M. showed their ingratitude by refusing to hold a joint conference with the

employers along with the A. S. E. at the end of the strike.

"In reading a verbatim report of the A. S. E. convention held in Manchester, Eng., F. Howitt, I. A. M. delegate, made the following statement: 'There has never been a dollar that has been owing to one of our members for strike benefit.' I will leave that answer to the rank and file of the I. A. M.

"During the summer there was a threat of a strike of all railway shops in the country. When I read the financial statement of the I. A. M. I can see that the threat was only bluff."

"I would inform Mr. Lewis that there are hundreds of I. A. M. mem-

OVERSEAS JUDGE SPEAKS AT GUELPH
Tells Why Britain Bars Canadian Cattle—Drury Away, Due to Illness.

Special to The Toronto World.
Guelph, Ont., Dec. 10.—There was great disappointment among the live stock breeders at the Winter Fair directors' luncheon today because of the absence of Premier Drury, who was to have been the speaker, but who was unable to come on account of illness. It is possible he may come tomorrow.

The emphatic prediction that the Canadian draught horses would soon come into their own and would speedily replace the tractor machinery on the farms was the prophecy made by Hon. Duncan Marshall of Alberta, who addressed the luncheon today, the other speakers being Mr. J. G. Criddle, the noted English cattle judge, who plied his fat animals at the Chicago International Show last week, and also officiated this morning at the Guelph Show in awarding the grand championship for fat steers.

Mr. Criddle brought greetings from the mother country to the live stock men, in doing so stated he had greatly enjoyed his visit to Guelph this week. "At the Chicago show," he said, "I was greatly pleased with the splendid Hereford and Shorthorn animals shown, and here in Guelph the meritable cattle on exhibition are certainly worthy of a finer building."

It was news to some present to know that Ireland was responsible for the embargo on Canadian cattle. Mr. Criddle, referring to Hon. Dr. Toimle's address yesterday, stated that the question was a bigger one, "The British government put the embargo on in order to induce Irish breeders to compete for the English market and premiums were offered," said the speaker.

At the same time I think our government will, in the course of time, if better animals are produced here, remove the embargo. Personally such a move would benefit me, and I think it would be better for business for our great empire."

The speaker said he had often heard of Guelph and the big show here and had also received literature from the O. A. C., which he found very interesting, and was pleased to learn that thru this seat of agriculture learning such progress was being made to produce good farmers.

Hon. Duncan Marshall paid tribute to the men who make the Guelph show and any other show, the men who breed and raise the animals that are shown here. "They are the men on the job," he said, "who deserve our thanks. I believe that the next ten years will see more progress made in the breeding of live stock than in any other previous ten years. Every live stock association in the world is making efforts to breed better animals than it was ever thought possible a few years ago. I also believe that the next ten years will see a greater advance made in all departments of agriculture and that more boys will be fitted for farming than ever before in like period. The men and women of our country are waking up to the value of knowing the business of the land."

Continuing, he stated that he was not very much alarmed for the future of live stock. "There is a world demand for food and live stock, and Canada is well placed to supply the home and the place to build that home is out on the farm."

Judge Beef Cattle
The most interesting part of the entire winter fair program from a fat stock raiser's viewpoint was in fact this morning in the judging of grades and crosses of all breeds of beef cattle, the deciding of the intemperate baby beef contest, the judging of the superior yearling section with Clear the Way 3rd, late made reserve champion of the grades and crosses. The strongest section was the yearling calves in which W. Roan Jasper, exhibited by M. Gardhouse of Weston was placed first. This animal was champion calf of his breed at the C. N. E. and from the time of the entry of the show here had been spoken of as the most likely contender for the grand championship. This morning he also won first in the inter-county beef contest, which had 12 entries and was judged by Capt. Robson of London, Ont.

Judging in Sections
In the judging today the sections in grades and classes were won as follows: Section 1: J. A. Russell, Downsview; 2: Geo. Amos and Sons, Moffat; 3: A. A. Armstrong, Ferguson. Section 2: J. W. and G. Whitelaw, Elora; 2: Geo. A. Guthrie and Son, New Dundee; 3: Geo. Amos and Sons, Judged by Capt. Robson of London, Ont.

In the evening the Hackneys performed before the largest crowd which has gathered around the arena this week. Warrick Model, owned by Crow and Murray, carried off the championship for stallions, and Dunhill Hill Rose, owned by the same firm, proved to be the champion mare.

Presentation to R. W. Wade
At the close of the evening program a pleasant event took place when Mr. R. W. Wade, the popular secretary of the Winter Fair, was escorted to the centre of the ring and there presented with a substantial purse of money. The presentation speech was made by William Smith, M.P., of Columbus, ex-president of the fair, who spoke in high terms of the work of Mr. Wade in building up the fair to its present large proportions. Mr. Wade in reply gave due credit to the officers and directors and also the members of his staff who had been of great assistance to him. He referred to the fact that the standard of the

journal of the conference announced the decision reached and stated that it was based on the definite and concrete provisions in the president's plan. It brought out that the commission to be appointed to fix upon a just wage scale and prices for coal will have power to settle industrial questions peculiar to each district, and declared this feature "of very great importance to the mine workers." It was explained that differences in wages of some districts have been a subject of controversy for many years. The statement also brings out that "neither the operators nor the miners will be allowed to change the basis and no discrimination of the coal operators will be permitted."

Will Not Push Charges.
Attorney-General Palmer, who came to Indianapolis primarily to advise attorneys for the government in their handling of contempt proceedings against eighty-four officials of the mine workers who form the general committee, will leave Indianapolis tomorrow morning.

It was indicated tonight that the charges of contempt, hearing of which was postponed until Dec. 15 when it came up in federal court Tuesday morning, will not be pushed. The government already has indicated that acceptance of the president's plan by the general committee would be considered compliance with the court's injunction against furtherance of the strike.

Witnesses subpoenaed to appear before the federal grand jury, called for last Monday to investigate the charges of violation of the Lever act and anti-trust laws by both miners and operators, were discharged today. It was stated that this did not mean that the investigation would be dropped, but that the grand jury session, which was postponed until Dec. 15, would be held as scheduled and witnesses recalled.

bylaws to be submitted and urged three of the best and biggest were for the local railway commission. "With regard to vaccination," Mayor Church said, "the council has gone on record against it. (Applause) I believe in vaccination, but not in compulsion. We must get the law changed in a law-abiding way. There is no need for a panic, and many of the cases have been mild chickenpox. I hope when the schools open in January the epidemic, if it is one, will have passed away."

Transportation Solution.
Alderman Hall, proposed as a candidate for the board of control, said he had been waiting thirty-two years for a solution of the transportation problem in North Toronto, and now for the first time he saw daylight ahead. It was 25 years since he first took action for an opening thru Mount Pleasant Cemetery, and after a long fight success was achieved. He alluded to his opposition to diverting money to the floor street line, also being in favor of the latter. There was a most intolerable condition on Yonge street with its old macadam road, and a proper cleaning up was necessary.

not say the same of his rival efforts. He also feared Mr. Bradshaw was being driven out of the service because he would not give some men all they asked for. Was Toronto, he asked, in a position to spend a million dollars on a temporary line? This was not the time for it. Where was all the money to come from to pay for all the radial railways? He would not be elected at the expense of squandering the people's money. "The people wanted statesmen, not politicians. "If I can arrange my business," said Controller McBride, "I expect to be a candidate for the mayor's chair. I will make my announcement on Monday. The position should not be held for years for the sake of the salary to be pulled, altho I do not criticize the present mayor."

AURA LEE NOSE OUT VARSITY GUINORS

Kid Teams Provide Plenty of Excitement in Opening Clash.

Only a handful of fans turned out for the junior S. P. A. game at the Arena last night, and they were treated to a real contest. Aura Lee defeated Varsity two to one, in a game that was full of thrills. Both the crews of youngsters put plenty of action into the fray, and it was a desperate battle to the last goal.

There was very little to choose between the teams. Aura Lee showed the best power, and the youngsters of Varsity were not to be wondered at in the first period by being too anxious to score and falling to team up when they got inside. They remedied this later and showed some high-class play, passing in the last period.

BAN JOHNSON STILL SWAYS HIS LEAGUE

His New Board of Directors Elected and His Fat Salary Stands.

New York, Dec. 10.—American League baseball club owners, flanked by a squad of attorneys, baffled for some hours here today in their annual meeting, and when the session ended, President B. B. Johnson was re-elected by a new board of directors favorable to his policies. The insurgent clubs were outvoted on every proposition that came before the meeting, but went down fighting and serving summonses which promise to carry the case to the courts.

A resolution to elect a new president in place of Johnson was defeated by votes 2 to 3, and the new board of directors, consisting of Frank Navin, Detroit; Ben Minor, Washington; C. E. Hill and E. J. Jones, Philadelphia; and P. D. Ball, St. Louis, were elected by the same vote. Navin was elected a vice-president in the same manner, the Cleveland, St. Louis, Philadelphia, Washington, and Detroit clubs voting in the affirmative. The Chicago, Chicago and New York clubs against. A resolution to play a schedule of 134 games in 1920 was defeated by the baseball business transacted from the standpoint of the average follower of the game. The session was presided over by the old board of directors, consisting of Rupert, New York; Dunn, Cleveland; Conroy, Boston; and Frisco, Boston, with Johnson, American League executive. Trouble developed almost immediately after the meeting, when chairman, and Johnson and Dunn left the conference. Conroy was then named president, although word was sent to Johnson that if he would return to the meeting he could take the chair, but he refused. Those members present then proceeded to adopt a number of resolutions which charged Johnson with exceeding his duties as an employee of the league.

The meeting of the league as a whole immediately followed, and during the first half hour the conference was in such uproar that the committee was plainly visible in the hotel corridors adjoining the meeting room.

During the meeting, Connie Mack of the Philadelphia Club moved that a resolution be adopted providing for the election of a new board of directors for any club which tampered with the league. This proposition was also moved by a new chairman, Mack, and the room while the trouble in the clubhouse was being discussed. Mack was elected by the club-owners as a body. This vote was lost by the usual 3-to-5 margin, and shortly after the meeting was adjourned, subject to the call of the league. The cause of the trouble was the selection of a new chairman, Mack, and the room while the trouble in the clubhouse was being discussed. Mack was elected by the club-owners as a body. This vote was lost by the usual 3-to-5 margin, and shortly after the meeting was adjourned, subject to the call of the league.

MEMORIAL CHURCH LAWN BOWLING CLUB

Officers Elected at the Annual Meeting, and Prizes Presented.

As a fitting conclusion to the most successful season of the Memorial Church Lawn Bowling Club from the standpoint of membership and enthusiasm, the annual meeting and presentation of prizes took place in the clubrooms, with a large number of members in attendance. The prizes were presented by Mr. R. O. Vaughan, a veteran member of the club, in his usual happy style, the successful contestants being:

Rink competition—First prize, Robert W. Skipp, W. A. Cameron, A. W. Goodes, H. Sherries; second prize, Dr. Armstrong, Dr. H. A. Atkinson, Dr. C. E. Hill and E. J. Jones.

Open doubles—First prize, A. A. Atkinson, Dr. H. A. Atkinson, Dr. C. E. Hill and E. J. Jones; second prize, Dr. Armstrong, Dr. H. A. Atkinson, Dr. C. E. Hill and E. J. Jones.

Open singles—First prize, C. N. Siskin; second prize, Dr. Armstrong, Dr. H. A. Atkinson, Dr. C. E. Hill and E. J. Jones.

Junior singles—First prize, George M. Morgan; second prize, F. A. Moore.

Dr. J. T. Phair, vice-president; J. E. Tretford, J. W. Tucker, M. Sinclair; secretary, George M. Rose; treasurer, J. E. Tretford; committee, Thos. Maguire, A. A. Atkinson, A. J. Savage, W. E. Ireland, Dr. H. A. Atkinson, Dr. C. E. Hill and E. J. Jones.

The evening concluded with an interesting entertainment, a musical number being contributed by two of Toronto's favorite vocalists, Mr. Jas. R. Adams and Miss M. E. Adams, who were staged, under the direction of Mr. Vaughan, by Messrs. F. A. Moore, Orville Vaughan, J. Campanile, and Japanese and Swedish songs by Messrs. Kobe and Shimo.

Committee From Major Leagues to Meet Minors

New York, Dec. 10.—Before the National League Club owners concluded their annual meeting here today, Chairman Herrmann of the National Commission stated that he was willing to resign from that position which he has held for after Messrs. Baker and Ebbets, who were appointed last year to recommend to the chairman of the commission had stated the American League they were unable to co-operate with a similar committee appointed by President Johnson. They asked that this be allowed to stand at the present.

Carpenter Fears No One; Neither Jack Nor the Girl

Paris, Dec. 9.—The enthusiastic welcome accorded Georges Carpentier on his return Monday night from London, where he defeated Joe Beckett, the English heavyweight, in a boxing bout, continued unabated through today. The champion was required every time to appear in a boulevard restaurant, which he did not enter, and he was obliged to take a taxi to the restaurant, which he did not enter, and he was obliged to take a taxi to the restaurant, which he did not enter.

Returned Soldier is Killed in Accident at Belleville

Belleville, Ont., Dec. 10.—(Special)—Alexander Reid, a returned soldier, was killed this afternoon at the Belleville plant at Cobville, and Percy Slack seriously injured. The men were engaged upon the plant for the Canadian Industrial Alcohol Company, and from some cause fell down an elevator shaft a distance of 50 feet. Reid was terribly injured, and lived but a few minutes. Slack was spared by a falling upon Reid. The latter was a man whose home is in Sidway Township. During the war he was wounded and gassed.

BASKETBALL

VETERANS DEFEATED IN CENTRAL LEAGUE

The first game in the Central Y. Basketball House League last night brought together the Veterans and the Track teams, and resulted in a victory for the Veterans after a good game, the score being 21 to 24. Veterans had as much of the play as the Seniors, but did not play as clean a game, and the margin of difference was mostly made up of successful foul shots.

East Riverdale—Parks and Woods, guards; Jewitt, centre; Welsh and Scott, forwards.

Oshawa B. defeated O'Neill in the senior fixture, 27 to 21, in a game that was full of pep from start to finish. Both teams checked closely, and as a result, the scores were very small. Teams: Oshawa B.—McCann and Buchanan, guards; Ramsay, centre; Kelly and Phillips, forwards; spars; Mackie and Burns.

East—F. Chandler and Jones, guards; R. Chandler, centre; A. Chandler and P. Chandler, forwards.

Referee—Mr. E. R. Buscombe.

HOCKEY GOSSIP

The Inter-Church basketball game last night resulted: Simpson Avenue 39, Riverdale 25. The game was a close one, and the Inter-Church team was victorious.

Toronto Canoe Club had a squad of fifteen out yesterday to practice, and the team was in good shape. The team was in good shape, and the team was in good shape.

The annual meeting of the Ontario Rugby Football Union takes place on Saturday afternoon, Dec. 13, at Central Y.M.C.A., for the election of officers, discussion on proposed amendments, and the reading of the annual reports. One of the amendments to be considered is the annual meeting be changed to the first week in September, while there is a notice of motion placed on the books at the semi-annual meeting that the annual meeting be held the second Thursday in September, at night. The nominations and amendments received are: Hon. president—De Patank, Peterborough. President—John DeGruchy, Toronto. First vice-president—W. Howel, Hamilton. Second vice-president—J. Newton, Sarnia. Third vice-president—F. W. Howison, Toronto. Inter-mediate representative—W. Duffin, London. R. Reynolds, Dundas. Senior—J. C. Atwater, Hove and Garlick. Junior—J. W. Russell, Woodstock. Wm. McGarvin, Hamilton; C. L. Brown, Sarnia.

Secretary Hewitson will not, however, stand for office again.

The following were out with De La Salle, George Westley, Friday, Weller, and Cassin; defence, Burke, Griffin, Cawell and O'Connor—looks like Burke and Cassin here; forwards, Shaw, Turner, Donohue, Malone and Harrington.

At a meeting of the Toronto Amateur Hockey Association on held last evening, the following officers were added: President—J. P. Hagerman and G. R. Hunt.

Cups were assured for all series.

The Boy Scout League asked for information regarding the association.

Final arrangements have been made for the affiliation of the East Toronto Hockey League with the Toronto Hockey League. The former has a number of

SOCIETY
Conducted by Mrs. Edmund Phillips.

Col. and Mrs. Vincent Massey have invited the executive council of the Victorian Order of Nurses to tea at their house in the Queen's Park after the annual meeting this afternoon, at which Her Excellency, the Duchess of Devonshire will be present.

Lady Rachel Levenshall, accompanied by her cousin, Miss Alice Cavendish, and Lady Helen Balfour, Hamilton, called from England by the Empress of France for Canada, Lady Rachel has been in England for three months visiting her sisters, Miss Maud Mackintosh and Lady Blanche Cobbold, Lady Helen Balfour, Hamilton, who accompanies Lady Rachel, is a sister of the Earl of Harrington, one of the A.D.C. to his excellency.

Col. and Mrs. Vincent Massey gave a dinner last night, when those invited had the honor of meeting their guest, Her Excellency the Duchess of Devonshire. The party, which included His Honor the Lieutenant-Governor and Mrs. Lionel Clark, went on to Massey Hall afterwards to hear Madame Clemenceau Jacquemaire, and occupied the lounge on the left-hand side of the house, which had an audience of 150. Those in charge with her excellency included Col. and Mrs. Massey, His Honor and Mrs. Clark, Miss Clara Toronto, and Mrs. MacMillan, in attendance on her excellency; Col. Fraser, in attendance on his excellency; Dorothy Langmuir, Mrs. Harvey Lightbourne.

Mrs. J. Baird Laidlaw gave an excellent dinner in the royal suite at the King Edward yesterday for Madame Clemenceau-Jacquemaire, when the handsome hostess wore a gown of black and white, with a white fox skin, and a white panne Napoleon hat with pearl pins, and a taupe flowered veil; her husband wore a white frock coat and a white panne Napoleon hat with pearl pins, and a taupe flowered veil; they received in the drawing room, the beautiful rooms of the royal suite were filled with all the most representative members of the Toronto community. The table, arranged on two sides of the third room of the suite, bore a most unusual and attractive decoration, namely, a large stand of pine branches and grasses, ferns and scarlet berries on either side with bouquets of crisp chrysanthemums.

Mrs. McKelvey received at her house in West Bloor street yesterday afternoon. Her guests looked very pretty in her wedding gown of pale pink tulle veiled in gold embroidered tulle, and a corsage bouquet of pink roses and white violets, and a white fox skin, and a white panne Napoleon hat with pearl pins, and a taupe flowered veil; they received in the drawing room, the beautiful rooms of the royal suite were filled with all the most representative members of the Toronto community. WOMEN'S MUSICAL CLUB OF TORONTO. A meeting will be held at the Masonic Hall, Yonge street, on Thursday, December 11, at 8 p.m. Program by the artist students of the Canadian Academy of Music, under the direction of Mr. Alfred Bruce.

This trapezoid and other geometrical forms, namely: The square, Greek Cross, parallelogram, oblong and triangle, in that those five sections, or which it is composed, may be rearranged to produce, in turn, each of the other figures.

It makes an interesting puzzle to cut the trapezoid into five parts and see how many of the other five figures one can create.

Don't forget that all five pieces may be utilized in producing each of the figures—square, cross, parallelogram, oblong and triangle.

ANSWER TO No. 60. Mary must have been selling her apples at 2 cents, Martha was selling at 3 cents and Jane 5 cents. It was stated that the girl selling her apples at 3 for 5 cents had a stock of 15 apples, which netted her 25 cents. Thus, Martha had 75 cents, Mary 50 cents and Jane 25 cents. We know that Mary must have been selling her apples at 2 cents, since her 50 cents is not divisible by 3.

SOCIALIST PRESIDENT OF BELGIAN CHAMBER
Brussels, Dec. 12.—M. Brunet, socialist, was today elected president of the chamber by a vote of 84 to 73. His opponent was H. Carton De Wiart, former minister of justice. Three ballots were taken. This is the first time that a Socialist has been elected to that office.

MME. JACQUEMAIRE PETITION BISHOP AT MASSEY HALL TO REMOVE RECTOR

"Tiger's" Daughter Gives Heart-to-Heart Talk on France.

Amity between France and Canada is cemented overseas by the graves of the sons of both as they lie side by side in the poppy fields of the war zone. Last night in Toronto the pact was strengthened when a Toronto audience at Massey Hall listened to a distinguished daughter of France as she told of the intimate things that enter into the life of her country people and summarized ideas which go into what she termed "the soul of France."

Madame Clemenceau Jacquemaire, who was introduced by the Hon. Lionel Clarke, the new lieutenant-governor of Ontario, established a precedent when she gave her address in the nature of a conference, remaining seated and appealing to her audience as she in a heart to heart talk in the home rather than delivering an address in a public hall. The lieutenant-governor said he was glad to welcome the speaker, especially as the object of the meeting was so worthy a one. The Franco-Canadian Society had already raised \$33,000, which had been sent to France, and hoped to raise \$60,000 for work in the same country. He welcomed Madame Jacquemaire on many counts—as a distinguished writer, who had gained a place in the literary world held by few women, as one who had given her own life to the service of the Red Cross in the war when she nursed not only her own countrymen, but also the American and Canadian boys at Verdun, for which she had been decorated with the Cross of Guerre, and as the daughter of "France's Grand Old Man," whose courage had spurred Canada and other nations during the war. When the time came to find a leader for the armies no other man than General Foch had been thought of for leader, and in the same way when a leader of statesmen had to be appointed no other than Clemenceau was named.

Infinite Gratitude.
"Ladies and gentlemen, I must beg you to listen to me and to be blinded to my shortcomings," was the opening of Madame Jacquemaire's address. "On my side I bring you the unbounded love and infinite gratitude that is found in every French heart for Canada," madam continued, as a preface to her description of the people of France, whom she listed under four categories as peasant, bourgeois, workman and the refined class. The Frenchman was described as dignified, self-contained, discreet and with a patience which produces in the family small virtues and obscure heroism. In 1914 we did not know we were capable of such noble self-sacrifice," said the speaker, as she referred to the early days of the war.

Madame Jacquemaire described her early life in the heart of the Vosges, where she was born. Here the home of her grandfather, the walls covered with ivy, bore the dates 1517 and 1573. The nearest town was twenty or twenty-six miles distant and the village had nothing to do with commerce or trade. The flocks of sheep were followed by the peasants, milking their cows. The peasant's wife carried her twenty-five, spun flax and carried her sheep to her man in the field. Here

The ladies' auxiliary, Central G.W. V.A., held an election of officers for the ensuing year last night. Mrs. Butler was re-elected president by its members. Other officers are Mrs. George, first vice-president; Mrs. Levesque, second vice-president; Mrs. E. Greaves, secretary; Mrs. Bell, treasurer.

THOROBREDS GAIN LITTLE FROM TRACKS

Millions of Dollars Diverted to Shareholders — Not Much to Breed.

Hon. W. E. Raney, K.C., has made an interim report in the race-track inquiry to the committee on legislation of the Social Service Council of Canada. On Nov. 12 Mr. E. H. Hainey was sworn in as attorney-general for Ontario, and immediately retired from his firm, and resigned as counsel for the Social Service Council of Canada on the racing inquiry. Fraser Stacey of the legal firm of Mills, Raney & Dewar, will associate with himself senior counsel, and will represent the Social Service Council of Canada at the further sittings of the commission, and until the matter has been dealt with by parliament.

The report says the action that parliament will take on the report to be made by Commissioner Dr. Ruthersford will have far-reaching consequences and will determine whether the exemption of the race-track betting licenses from the penalties of the criminal code of Canada, as it existed from 1910 to August, 1917, is to be revived now or finally ended in 1920.

Millions in Profits.
Mr. Raney's report states that "it is clear from the report of the auditors that many millions of dollars of profits have been made by the jockey clubs of Ontario between 1910 and 1917, and that none of this has been diverted to the thoroughbred horse and the people from the House of Providence and a Home of Incurables. There will be a large Christmas tree and a real Santa Claus to greet the children."

TREAT FOR SOLDIERS.
The Toronto branch of the Red Cross Society is supplementing the dinner at the Dominion Orthopedic, the Base St. Andrew's Hospital and Pearson Hall on December 23 with turkey, plum pudding, candy, tobacco, nuts, raisins and other good things, and is also providing decorations, music and a Christmas stocking for the men and personnel. Many stockings have been received from outside Toronto, and for all these contributions the officers of the Toronto branch wish to express their appreciation. There are still stockings required, and those requiring any further information on the matter may refer to Miss Gertrude Brock, 92 West King street.

WAR VETERANS WILL STAGE TOYLAND CIRCUS

The Great War Veterans' Association, Toronto command, announce that their international toyland circus will be given in the armories for two weeks, commencing Monday, December 15. "The date was first set for December 15, but a later date was decided upon because the railroads in the states refused to haul the circus, dogs and animals to Toronto on account of the coal shortage.

The toyland circus will be the largest and best event of its kind ever given in the city," says J. V. Conroy, secretary of the Veterans' Association. "We will give the people a wonderful variety of performances with acrobats, barabrock riders, trained gypsy dogs and ponies, clowns and everything else that goes to make up a professional circus."

"Each morning during the two weeks we will entertain free of charge the war orphans of Toronto, the inmates of all the city orphanages, the invalid soldiers at the various military hospitals and the people from the House of Providence and a Home of Incurables. There will be a large Christmas tree and a real Santa Claus to greet the children."

Central Branch Wins.
The 12th York Rangers Association last night at hockey, defeating them by 2-1.

CITY HALL NOTES

Sir Adam Beck is leaving for England on Friday and will not return to Toronto before the end of next January.

After meditation in the office of the (Sabbath), Controller McBride will, on Monday next, make the long awaited announcement...

Alderman Ramsden, it is said, is awaiting the council's decision before deciding whether he will run for the mayoralty or a controllership.

Alderman Hiltz, who was generally supposed to be seeking a controllership, has evidently decided to remain in the ranks of the aldermen.

Should Alderman Ramsden run for mayor he would obtain a large soldier vote despite the fact that the returned men may run as candidates of their own.

It was pointed out yesterday that there would be ample time for half a dozen smallpox outbreaks to occur in Toronto before Dr. McCollough could put his mandamus into effect.

The board of works, at a special meeting yesterday afternoon, subject to a report by Commissioners Hargis and Porran, decided to extend Norway ave. thru to Lee ave.

The board of works, at a special meeting yesterday afternoon, subject to a report by Commissioners Hargis and Porran, decided to extend Norway ave. thru to Lee ave.

Davenport road is to be paved and generally made up at a cost of approximately \$28,900.

The Oakleaf Company are offering to buy the city garbage for \$15,000 per year. At the present time it costs the city \$17,000 to dispose of it.

City officials of both sexes employed inside the city hall held in organization meeting last night to found a society for the protection of the city.

The board of control will today consider a report from Fire Chief Russell recommending replacing entirely the present steam outfit with six triple combination hose, chemical and pumps...

The board of control will today consider the appointment of a new city architect. It is probable that the city clerk will be required to advertise the vacancy.

The two corporation counsels, G. R. Geary and I. S. Fairly, are sailing from England, where they have been before the privy council, on Saturday next.

The city architect's department had a bad day's business yesterday—probably owing to the coming of winter. The following permits were, however, issued.

Col. Fraser said: "This is not for the board of the Farmers' Publishing Co. to say, it is the business of the shareholders of the company, of which I am president."

From another source it was learned that some such proposal came before the Canadian Council of Agriculture at Winnipeg in November. It was advanced by G. F. Chipman, editor of The Grain Growers' Guide, who declared his willingness to manage The Farmers' Sun from Winnipeg and control its editorial policy...

The U.F.O. was informed that the U.F.O. will control their own tribune for obvious and important reasons.
