SEEKING WRECKERS
Resources of Oakville Institution a Total Loss, With \$150,000 Unaccounted For—Committee to Sue the Bank of Hamilton—Deep Resentment Against Bert Anderson—May Be Proceeded Against.

Wreck of Oakville bank complete.—The nominal surplus of \$4000 in excess of the assets held by the Bank of Hamilton will not furnish funds sufficient to wind-up the wreck. The official statement fails to account for nearly \$150,000. The books do not reveal the secret surrounding the disappearance of this vast sum. Many believe that the funds have been placed in safe keeping by the Andersons, the bank manager and the criminal carelessness with which the resources were squandered, accounts for the wreck. The money has been lost over a period of fifteen years and the channels through which it has been dissipated are difficult to trace. Since 1894 the Andersons have been practically insolvent—bankrupt, and there are indications in the bank books that the managers did not know where they stood. A profit and loss account was not kept, and they merely marked up a profit of \$4000 or \$5000 annually, without a trial balance ever having been struck.

Attack Bank of Hamilton Transfer.—The examination will begin before the commissioner at once. Bad faith and knowledge that the bank was insolvent is the charge. If the transfer is nullified the depositors may secure 20 per cent. on accounts. The committee says it has legal advice that the transfer is void, that Cyrus Anderson and his son, constituting the bank of Anderson & Son, have been insolvent since the time of the formation of the bank. Bruce in Toronto at which Manager Bert Anderson said the Bank of Hamilton will be forced to explain every detail of their connection with the wrecked bank and the looting of the vault. If crookedness can be traced to any individual he will be arrested. If Bert Anderson has deliberately robbed the five hundred depositors he will be prosecuted. Some of the records of the bank have been destroyed, but sufficient remain to show that Cyrus Anderson and his son, constituting the bank of Anderson & Son, have been insolvent since the time of the formation of the bank.

300 WANT MONEY.—Oakville, Jan. 6.—(Special.)—Some three hundred depositors crowded the Town Hall this afternoon and heard Assignee Clarkson tell the story of the utter ruin of the private bank of Anderson & Son. The report was brief, but it was replete with evidence of deceit, incapacity, duplicity and apparent dishonesty. It was the climax of a series of startling events. Instantly it was made clear that the depositors could not hope to secure a penny unless the assets in possession of the Bank of Hamilton could be obtained for the benefit of all the creditors. The depositors appointed a committee and arranged for an immediate attack on the concern, which has involved up all the securities. They also resolved to conduct an investigation before Examiner Bruce in Toronto at which Manager Bert Anderson said the Bank of Hamilton will be forced to explain every detail of their connection with the wrecked bank and the looting of the vault. If crookedness can be traced to any individual he will be arrested. If Bert Anderson has deliberately robbed the five hundred depositors he will be prosecuted. Some of the records of the bank have been destroyed, but sufficient remain to show that Cyrus Anderson and his son, constituting the bank of Anderson & Son, have been insolvent since the time of the formation of the bank.

Many Look to Andrew.—In their desperation many of the depositors, in spite of the hopeless state of the Anderson bank, looked to the honest example of George Andrew as a reason to expect the Andersons to deal fairly with them. The confidence in Andrew by forcing him to act on the committee of inspectors. John MacDonald, another member of the Inspection Committee representing the depositors, stated that he had seen the Andersons in the street, and that they were in a state of great anxiety. He said that they were in a state of great anxiety, and that they were in a state of great anxiety.

Clawd Looked Ugly.—It was a strangely calm crowd that invaded the hall shortly after noon. Many of the depositors were early on the scene. Many were accompanied by their women folk. The business nature of the crowd was evident. Many carried their bank deposit books in their hands. As a whole the crowd looked ugly, and as a whole they were in a state of great anxiety. They were in a state of great anxiety, and they were in a state of great anxiety.

Roosevelt on Trusts—Suggests That a Commission Be Created—May Take Action if Necessary.

Washington, Jan. 6.—The following abstract of the Attorney-General's report on trusts and combinations was given out at the White House to-night. It represents the general attitude of the administration on this subject, and was authorized by the President. The people do not desire the business of the country to be interfered with beyond the regulation necessary to control combinations where they act improperly and to correct any tendency toward monopoly. In this country where money is cheap and abundant, and within the reach of almost every man, monopoly will be impossible if competition is kept free. Small enterprises have certain advantages over large combinations, and will live and thrive if assured of an open and fair field. Rebates and discriminatory rates constitute one of the most serious restrictions on competition. They unjustly swell the earnings of favored concerns and supporting a vast volume of capital stock which represents nothing but unfair advantage over rivals, contribute largely to the upbuilding of monopoly.

Each Party to Pay Half.—Costs of Avenue-Road Crossing Fixed by Railway Committee.

Ottawa, Jan. 6.—Before the Railway Committee of the Privy Council to-day the Toronto Street Railway Company sought an order as to the party to pay for a diamond crossing at the C.P.R. tracks at Avenue-road. It was explained that the C.P.R. had put down a second track since the double track had been made. It was decided that the new crossing be paid for in equal parts by both roads. The application of the Niagara, St. Catharines and Toronto Railway has in connection with the crossing of the permission to intersect and unite with the Wabash Company's line, which the latter has leased from the Grand Trunk, was under consideration when the committee adjourned.

State Ball of Durbar—5000 Guests Present
European Dance Among Columns of Palace of Great Mogul a Strange Sight.

Delhi, India, Jan. 6.—The State ball, following the Durbar, which was held to-night in the palace of the Grand Mogul, proved to be one of the most attractive features of the Durbar. The European dance among the columns and pillars of the palace was a strange and wonderful sight. When a fanfare of silver trumpets announced the arrival of the Durbar, the two halls were filled with a profusion of flowers and jewels. Lady Curzon was clad in a dress of gold brocade, and wore a magnificent tiara and necklace of diamonds, with four big rubies that once had belonged to the Queen of Sheba. The Duke of Connaught wore a handsome white dress festooned with flowers.

H. E. J. DAVIS GIVES UP THE FIGHT
RESIGNS TO ESCAPE PROTEST TRIAL
Confidential Agreement to Keep Resignation Secret Till After Jan. 7 Broken by The Globe's Sending False Statement Broadcast Tending to Discredit Cause of the Conservatives in By-Elections.

The Globe published the following News of the Day item in its first edition yesterday: The protest in North York against the return of Hon. E. J. Davis has been settled. In a later edition the item was lacking. In the Globe bulletins issued to newsmen in the city and throughout the country the following item appeared yesterday morning: Protest in North York to be abandoned. In order to evade the North York protest, Hon. E. J. Davis agreed to resign, but many a condition that nothing regarding the matter should be made public till after Jan. 7. His resignation is in the hands of T. Herbert Lennox, his opponent, and if Mr. Davis does not send in his resignation by Jan. 21, Mr. Lennox is empowered to do so by him.

AGREED TO RESIGN.—"In view of my election trial being fixed for Jan. 20 at Newmarket, I cannot resign until then, as the statute does not permit a member who is petitioned against to put in his resignation until the protest is disposed of, but if you agree not to deliver particulars and give me an opportunity to resign, I will pay all the costs and resign as soon as the petition can be disposed of. I will actually resign and sign my resignation in duplicate, one of the copies to be kept by myself and the other to be handed over to you so that if I do not hand in my resignation on Jan. 21 you will deliver the particulars to the clerk of the House."

EQUIVALENT TO RESIGNATION.—In the foregoing words of Davis to the same effect as those which he consented to resign his seat for North York. While technically speaking Mr. Davis has not sent in his resignation, he has renounced his claims to the seat. That renunciation is in black and white, a fact that renders inapplicable the statements of Hon. G. W. Ross that he had not vacated. This technical evasion of the actual state of affairs was rendered possible by a mutual agreement on the part of the negotiators to keep the agreement secret till after the date of the by-elections. A statement made to The World last night by Mr. James Baird, solicitor for

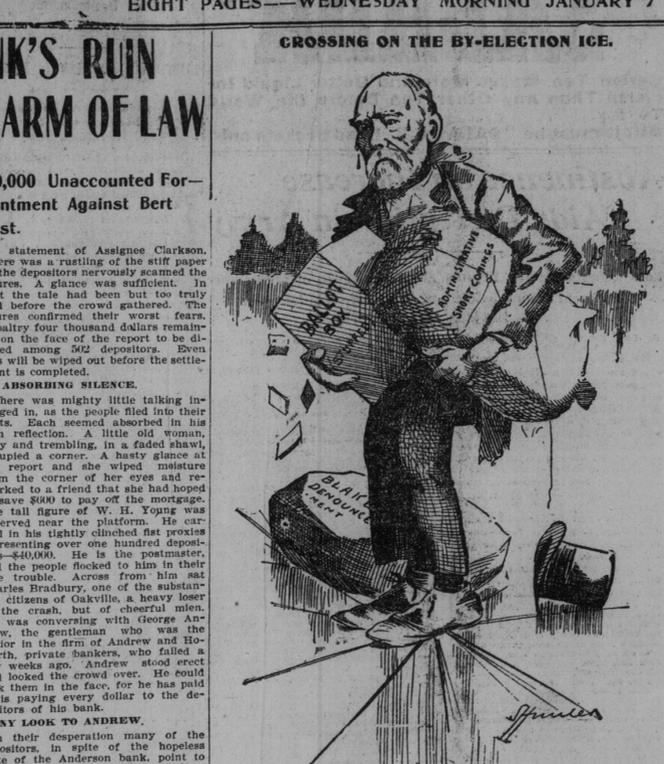

who will be senator?
IRISH CATHOLICS CLAIM
Believe That They Should Receive Four of the Twenty-Four Ontario Seats.

Irish Catholics claim that they are entitled to at least four of the twenty-four seats that Ontario has to give in the coming by-elections. The four seats that Ontario has to give in the coming by-elections are the seats of the Catholic people as priest-ridden, etc. How the hierarchy of Ontario will take Dr. Cassidy's appointment is not known. I cannot think that they will feel gratified at being dragged into the political balling.

WANTS THE \$10,000.—Vancouver, B. C., Jan. 6.—Capt. Bernier has written the Board of Trade that he will start for the Pole from here, and will build his ship here if he is given \$10,000.

DR. CASSIDY'S CANDIDACY FOR THE VACANT SENATORSHIP.—Editor World: The circular letter of Dr. Cassidy to the Catholics of the district, which you printed in to-day's issue, is one which cannot be permitted to pass unnoticed; for its chief feature, wherein the applicant sets forth as "a pearl of great price," that of the hierarchy of Ontario has cordially endorsed his candidature, is so unusual and so constructively offensive to Catholic manhood and sense of independence, that I marvel at anyone aspiring to occupy a political position of power and influence publishing such a statement.

FOUR OF THE SEAT.—Vancouver, B. C., Jan. 6.—Senator Templeman, in a speech to-day, declared that he is opposed to the government's policy on the immigration question.

Mr. Ross: It was thin enough ice without Sam Blais's sliding that infernal rock out after me.

Three By-Elections To-Day Both Sides Looking to Win

Reports From North Norfolk, North Perth and North Grey Declare That Confidence Prevails Both Conservatives and Liberals—How the Land Lies.

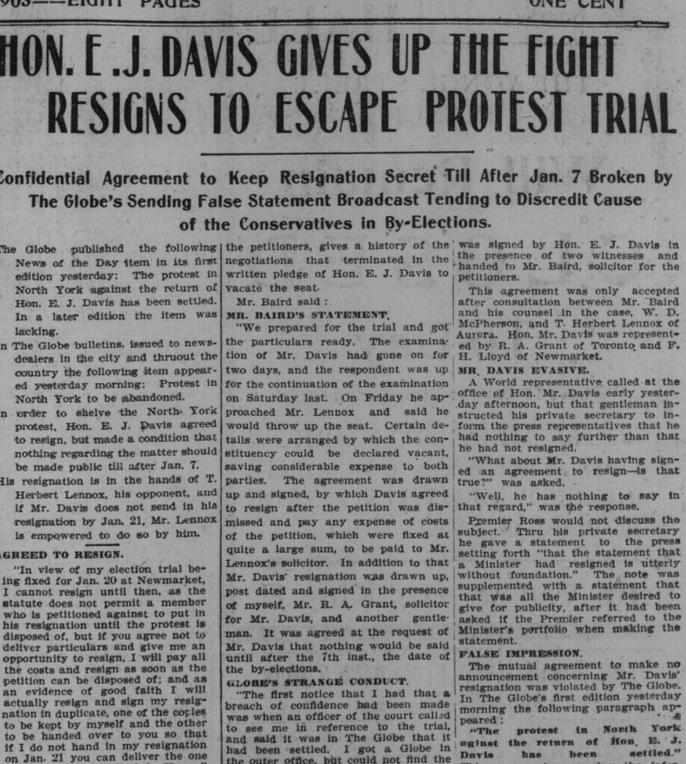

North Norfolk—Candidates, Dr. S. F. Snider, Conservative, A. M. Little, Liberal. In the general election Dr. Snider had a majority of 27 over former member E. C. Carpenter, who, when he was elected, had a majority of 250.

North Perth—Candidates, J. C. Monteith, Conservative; John Brown, Liberal. In the general election Mr. Monteith had a majority of 2 over John Brown, who previously had been elected with a majority of 160.

North Grey—Candidates, G. M. Boyd, Conservative; A. G. Mackay, Liberal. In the general election Mr. Boyd had a majority of 10 over Mr. Mackay, who had previously been elected by a majority of 127.

NO EVIDENCE TAKEN.—Inquiry Into Death of Fireman Warning Adjourned Till Jan. 31.

ST. CATHARINES, Jan. 6.—(Special.)—The inquest to ascertain the exact manner of the death of Fireman Charles Waring of Delhi, Ont., who was instantly killed at Merritton tunnel Saturday morning last, in collision between the Chicago Express and a freight engine running light to Hamilton from Niagara Falls, was resumed before Coroner Goodman of this city this evening at 8 o'clock.

Winter Sale

These special lines in Ladies' Ready-to-Wear Garments are on sale to-day and Thursday:

Cloth Suits
75 only—
Black and Colors—
Were 18.00 to 35.00—
now 12.00 to 25.00.

Cloth Coats
47 only—
Black and Colors—
Were 12.00 to 20.00—
now 8.00 to 15.00.

Walking Skirts
39 only—
Black and Colored Tweeds and Cloths—
Were 5.75 to 6.50—
now 4.00 choice.

Children's Coats
Usters and Reefers—
Were 4.00 to 16.00—
now 3.75 to 11.75.

French Flannel Shirt Waists
A grand special—
2.00 each.

Silk Shirt Waists
Black and Colors—assorted into two grand clearing lots—
40 that were 3.75 to 6.00—
now 3.00 each—
42 that were 6.00 to 8.00—
now 5.00 each.

BEFORE RAILWAY COMMITTEE.

Canadian Northern Must Put in a Derailing Apparatus.

Ottawa, Jan. 6.—There was a largely attended meeting of the Railway Committee of the Privy Council to-day.

The Grand Trunk, the Canadian Pacific and the Canadian Northern officials were present.

The greater part of the forenoon sitting was taken up with a discussion raised by Mr. Lash, for the Canadian Northern, against the use of derailing apparatus.

Mr. Lash's Opinions. The discussion rose on an order for the adoption of this apparatus at Fort William and Port Arthur.

Mr. Lash also objected to his company being saddled with all the costs merely because his road was the junior road, seeing that the increase of traffic was entirely the cause for the increased production.

Mr. Lash's Opinions. The discussion rose on an order for the adoption of this apparatus at Fort William and Port Arthur.

FATAL VAPOR BATH.

Mrs. David Patterson, Aged 83, of Chesley, Passes Away.

Chesley, Jan. 6.—A highly respected lady, 82 years of age, named Mrs. David Patterson of this place, died yesterday from the effects of a severe burn, she received while taking a vapor bath eight days ago.

SHAH WAS AFRAID.

Hence He Transferred One of His Provincial Governors.

Berlin, Jan. 6.—A despatch to the Cologne Gazette from St. Petersburg, says Prince Edouard, Governor of Teberan, capital of Persia, has been transferred to the Governorship of Ardebil, as the Shah feared a revolution under the Prince's leadership.

JOHN R. COSTIGAN DEAD.

Son of Hon. John Costigan Dropped Dead Monday.

Winnipeg, Man., Jan. 6.—John R. Costigan, one of the best known lawyers in the west, dropped dead at his home last night. Death came without warning. Costigan was a son of Hon. John Costigan. He came to Alberta about 15 years ago, and since that time has been practicing his profession at Calgary and Macleod.

Discrimination of Railways.

Washington, Jan. 6.—Representatives of the Pittsburg Glass Company testified before the Inter-State Commerce Commission to-day in substantiation of charges that the railroads are discriminating against American manufacturers in their import and domestic freight tariffs.

FOR EIGHT LONG YEARS

Postman Johnson Had Catarrh—Used Catarrh Remedies, Snuffs, Washes and Sarsaparillas, But Got Only Temporary Relief.

Then One Happy Day He Tried the Life-Giving Powley's Liquefied Ozone—Seven Bottles Made Him a Well Man.

Now He Eats Well and Sleeps Well and Pronounces Ozone the Most Perfect Blood Purifier Sold.

That the only way to cure Catarrh is to get right at the seat of the trouble and reach it through the blood is proven by the experience of Postman M. F. Johnson, 385 Rivard Street, Montreal.

For eight or nine years he suffered from Catarrh of the head and stomach, but half a bottle of Powley's Liquefied Ozone improved his condition and seven bottles effected a permanent cure.

When One Happy Day He Tried the Life-Giving Powley's Liquefied Ozone—Seven Bottles Made Him a Well Man.

ST. JACOB'S OIL

CONQUERED PAIN

FOR 75 YEARS.

F. C. CALVERT'S CARBOLIC TOILET SOAP AND POWDER.

Contains 10% pure Carbolic, and has a healthy action on the skin, removing all impurities, and thus assisting to improve the complexion. Most refreshing in hot climates, or for persons who suffer from profuse perspiration.

This unique antiseptic preparation (which has the largest sale of any sanitary soap) is pleasantly perfumed and free from grit. It is most effective for preserving the teeth and strengthening the gums, and is highly recommended by dentists.

F. C. CALVERT & Co., Manchester, England.

LEAD MINERS OF THE WEST WANT AMPLER PROTECTION

Representatives of Fifty-Three Properties in the Kootenay District Go on Record for a Reciprocity of Tariffs With the United States.

Sandwich, B.C., Jan. 6.—At a meeting of the silver lead mine owners of East and West Kootenay, held at Sandown, B.C., at which fifty-three mining properties were represented, the following resolution was presented by J. L. Parker of the North Star Mine, and seconded by A. C. Gard of the Payne Mining Company, and carried unanimously:

1. Whereas the silver lead industry of British Columbia, notwithstanding the unusual abundance of the ore, the proved continuity of the veins and the favorable natural conditions of mining in the province, is and for some time has been, in a declining condition, which if not ameliorated will end in total stagnation.

2. Whereas the lead mining camps of the United States, and particularly those in the adjoining State of Idaho, are, and for years have been, enjoying great prosperity, due to a protective tariff, conserving the home market.

3. Whereas the silver lead mining industry has been for some years of national importance, and unless allowed to decline, will speedily attain to a much greater degree of importance, benefiting by its increased expenditures the trade and advancement of both Eastern and Western Canada.

4. Whereas our domestic market for the manufactured products of lead is chiefly supplied from products of ores mined in Mexico and Europe, where the labor cost of production is much lower than in this country, a condition of affairs permitted by the wholly inadequate protection afforded by the existing tariff, while the prices of white lead, lead pipe, sheet lead and shot in the Dominion of Canada are approximately equal to the prices charged for the same commodity in the United States, all to the detriment of producers, consumers and transporters of lead in this country.

5. Whereas under the existing tariff, little or no protection is afforded to the lead produced in this country, adequate protection is afforded to all other industries of equal importance known to us.

6. Whereas these conditions result in the exportation of a proportion of our crude ore and bullion, the former to American smelters, and the latter to the markets of the world, there to enter in competition with the products of cheap European and Mexican labor and the surplus product of the protected lead industry of the United States.

Therefore the silver lead miners of the East and West Kootenay in convention assembled do hereby recommend and respectfully urge the enactment of a tariff act which will afford ample protection to the producers, manufacturers and transporters of lead, thereby creating and fostering a new and extensive home industry calculated to benefit all classes and the stimulation of national trade and commerce.

Equal to U.S. Duty. Having in view the interests of the producers, manufacturers and consumers of lead we would recommend a duty equal to that imposed by the United States, viz., on lead in ores 1-1/2 cents per pound, on all other products and old lead, 2 1/2 cents per pound; on lead in sheets, pipe, shot, etc., 1-1/2 cents per pound; on all other products as provided in the Dingley Tariff Act of July 23, 1897, (provided always that if at any time it shall be proved that a combination has been formed for the purpose of underselling lead ore produced in Canada, such duty as may be necessary for the charge for smelting and refining in Canada is proved, then the Government may at its discretion permit the admission into Canada of lead bullion smelted and refined in this country, and in foreign countries from Canadian lead ore, on payment of an ad valorem duty of five per cent, and the cost of such smelting and refining.

Sent to M.P.'s. And the above resolutions were forwarded to the Senators and Members of the Dominion Parliament representing British Columbia, with a request that they present the same to the House of Commons, with a memorial with their endorsement.

Secretary Louis Pratt, Mine Owners' meeting.

FOOD PANIC AT RUDA PESTH.

Mob Fights for a Hot Lunch and Police 'd-Out.

Buda-Pesth, Jan. 6.—A hot lunch to the homeless, given by the Countess Karolyi to-day, ended in a small panic. Three thousand persons sought admission to the place where the food was given away, and when they did not get in quickly enough a number of them began to fight their way through the crowd to the door.

The police were called to settle the disorder, but before they could do so their attention was attracted by their sabres. One old woman was killed and several others seriously injured.

Aged Veteran Dead. There died at the Home for Incapacitated on Tuesday, in his 84th year, the late Mr. James M. Ryan, a former member of the Navy Veterans, who had performed good and loyal service for the empire.

Christmas Gifts Appreciated. The management of the Home for Incapacitated is very grateful to the many kind friends who have sent generous gifts of money and good things to eat, during the Christmas season. There are 131 patients in the home at present, 68 men and 63 women. Of these, 32 of the women and 30 of the men are perfectly helpless. Fifteen men and fourteen women can dress and feed themselves without any aid. The rest of the number require much assistance.

Surrendered Lease for \$15,000. It is understood that the Standard Manufacturing Company of Hamilton, proprietors of Oak Hall, received about \$15,000 for the surrender of the lease of their store at the corner of Centre and Adelaide-streets. Another \$5000 was paid to induce other tenants of the building to vacate and make way for Mr. Flavelle's new paper.

On to the Capital. Hon. Mr. Dryden, Minister of Agriculture, accompanied by Mr. Creelman, superintendent of Farmers' Institutes, left last evening for Ottawa to attend the annual meeting of the Eastern Dairy-men's Association, which will be held there during the next three days.

Father Labret Dead. Winnipeg, Jan. 6.—Father Labret, for ten years parish priest at Macleod, died at Holy Cross Hospital yesterday after a long illness.

OPPOSED TO SUNDAY CARS

Deputation Asks Attorney General to Stop Their Operation on Kingston Road.

CARS GREAT PUBLIC CONVENIENCE

Residents Oppose Views of Deputation—Sale of Sunday Papers and Refreshments.

The Attorney-General, Hon. J. M. Gibson, was waited upon yesterday by a deputation from the Ontario Lord's Day Alliance, requesting that the operation of the cars on Kingston-road on Sunday be stopped, and pointing out an alleged breach of privilege by the Berlin and Bridgeport Electric Railway Company, which involves a nice point of law. The deputation included Rev. J. G. Shearer, J. A. Paterson, K.C., A. E. O'Meara of the Lord's Day Alliance, Rev. John Turnbull, representing the Toronto Presbytery; Rev. T. B. Rogers, Rev. Young, John Nelson, J. L. McCulloch, Adam Russell, Rev. H. G. Crozier and Rev. A. E. Brown, Secretary, Rev. A. V. Holst, pastor of Zion Evangelical Church, Berlin; Rev. P. A. McEwan, English Baptist Church, Berlin.

In the matter of the Kingston-road request, the Attorney-General said that a petition had been signed by 150 residents of the locality, that which the cars pass, asking that the law be enforced, as it is a most interesting public convenience and used largely for church-going and other proper purposes on Sunday. The deputation argued that the petitioners did not express public sentiment, and were acting for the railway company, and contended that the law should be enforced.

In connection with the other question, it was claimed that while the Berlin and Bridgeport Railway had the right, under its charter, to operate on Sunday, yet this charter did not give them the right to do so over two miles of track recently constructed to connect with the Village of Bridgeport, for which a later charter had been secured. Both matters will be given consideration.

Another deputation from the alliance, consisting of J. G. Shearer, John A. Paterson, K.C., A. E. O'Meara, and Principal Sheraton, asked the Attorney-General to inquire into existing laws, and if necessary, have amendments thereto introduced at the coming session of the legislature, so as to put "stop" to the publication and sale of Sunday newspapers, and the sale of refreshments on the Sabbath.

AT THE THEATRES.

Princess—Henry Miller in "The Taming of the Shrew," "The Volunteer Organizer," pastoral drama.

Toronto—"Human Hearts," with a moral. Shea's—George Fuller Golden and others. Star—"Gay Morning Glory," burlesque.

One act in "The Billionaire" in which Henry Miller will be seen at much expense, shows first the lobby of a theatre, and then the auditorium itself, including a view of the stage. In the lobby are seen all the well-known types of "barkers," and the auditorium is a study in itself. It is shown a typical first-night audience. The scene is a splendid one, and the acting is of a high order. The play is a woman from the street who declines to take off her hat, and the scene is a study in itself. It is shown a typical first-night audience. The scene is a splendid one, and the acting is of a high order. The play is a woman from the street who declines to take off her hat, and the scene is a study in itself.

It is said that there is not a dull moment in "The Two Schools," the new comedy, to be seen at the Princess next week.

URQUHART'S PLURALITY 767

Mayor, Aldermen and School Trustees Declared Elected by City Clerk Littlejohn.

WHAT RESULTING FROM ELECTION
Official Figures Given Out—Guesswork as to Complexion of Board of Control.

The inaugural meeting of the City Council of 1903 will probably be held in the assembly room at the City Hall next Monday. There is much speculation as to the complexion of the new Board of Control, and there are numerous aspirants among the older heads of Council for seats on the board.

One objection raised to this combination is that Mayor Urquhart as a Liberal, and that from a party standpoint it would be more desirable that there should be a Conservative majority on the board.

London Will Try Again.
Ald. London will seek re-election, and says he has reasonable hopes of securing it.

How It is Done.
A sensible question asked is: "Are there no new men in Council who would make good controllers?"

Why They Were Left.
In the slump the victims were Ald. McMurich, Stewart and Hall. The former was doubtless left at home because the Board of Control exhibited weakness.

Stewart Set Up Oysters.
According to the official returns, W. T. Stewart heads the poll in Ward One, and consequently he is a jubilant person.

AIMING AT THE TRUSTS.
Senator Hoar Addresses the U.S. Senate on His Bill.

Washington, Jan. 6.—Senator Hoar addressed the Senate to-day upon his Anti-Trust Bill. His speech was devoted entirely to the question of trusts and partly to an explanation of his recently introduced Anti-Trust Bill.

Many as are the evils in the great combinations of capital some are counterbalanced by corresponding advantages to be had. But he added, great wealth should be controlled by the servant of man and of government, and should not be given the reins of control.

There was breathless silence in the chamber as he spoke, and every Senator on the floor turned in his direction as he caught his words.

Mr. Aldrich took exception to some of Mr. Vest's statements, and by his request the resolution was referred to-morrow, when Mr. Aldrich will make reply.

WORK COUNTY AND SUBURBS
Annual Installation of Officers of Stanley Lodge, A. F. & A. M., Toronto Junction.

THE COUNTY COUNCIL ELECTIONS
New Members Are Alex. Baird, W. J. Hill, J. Kirby, A. Field, W. J. Rogers, A. McCallum.

Toronto, Jan. 6.—The annual installation of officers in Stanley Lodge, A.F. & A.M., was conducted to-night by W. Bro. Aubrey White, P.D.D.G.M., and W. Bro. Wm. Ross, P.D.D.G.M. There were about 100 members present, and at the close a supper was held, at which speeches were given and songs sung.

The immediate past-master, John Patterson, was presented with a pass-master's badge by the ward. Officers for the year will be elected.

York County Council.
The newly elected Council of York County will hold their inaugural meeting and elect a warden on Tuesday, Jan. 27.

Weston Elections.
Jacob Bell was elected Mayor by one of the largest majorities ever given to a candidate in the history of the town.

Thornhill.
Mrs. Powell and son of Toronto are visiting with Mrs. A. Gallanagh.

WIFE ALSO ARRESTED.
Went to Visit Her Husband, Austin M. Powell, in Detroit.

Bandits Get Fortune.
London, Jan. 6.—It is apparent that a series of lawless outrages have occurred in the Caucasus, says the St. Petersburg correspondent of the Times.

Died Aged 52.
West Lorne, Jan. 6.—John D. McDonald, aged 52 years, died suddenly this morning at his home on the town line between Dunwich and Aldboro.
