Four Boys Cremated Wychwood Home Is Consumed by Fire

Only One of Family of Five
Children Rescued From House
of Edward Oldfield—Mother
and One Son Slightly Injured
and Burned in Escaping Thru
Window.

Four young children of Edward Oldfield, harness maker in the employ of Samuel Cross & Co., were burned to death in a fire which destroyed the home of the Oldfields at the corner of Wychwood-avenue and Vaughan-road, Wychwood, about 10 o'clock last night.

The wife of Mr. Oldfield and her eldest son Ernest were also slightly burned and cut with glass, but will recover. They were taken to the house of a neighbor, Mr. Hudson, where they were given medical treatment.

The mother was putting her five children to bed when a lamp exploded in her hand. She threw it downstairs, and in the excitement of the moment put her eldest son and a half window and jumped out after him. The blazing lamp started a conflagration, which spread rapidly and got back into the house after her little ones.

Four boys, Eddie, aged 2; Fred, aged 3; Willie, aged 5, and Charles, aged 7, were in bed, and before any of the neighbors arrived the house had been almost completely destroyed.

Two hours afterwards the charred bodies were taken from the ruins by the firemen and held for the arrival of Coroner Gilmour of West Toronto.

A bucket brigade of 200 residents of the district was quickly organized, and the Oldfield home was past saving, and their attention was directed to the house of Henry Gill to the extent of about \$200.

John Hilton, Wesley Moore and Mr. Rigby had several children who were in bed, and before any of the neighbors arrived the house had been almost completely destroyed.

The bodies of the four children were removed to A. W. Miles' College-street undertaking establishment, by order of Coroner Charles Gilmour, who will hold an inquest there on Monday.

The funeral will be held from Christ Church Mission, St. Clair and Kenwood-avenue, Monday.

BOY DROWNED IN DON

Harold White, Aged Five, Falls From
Piling While at Play.

Harold White, aged five, son of William White of 13 Napier-street, was drowned in the Don, about 300 yards north of Queen-street, at 7 o'clock last night.

The body was recovered in five minutes, but Dr. Fish, who arrived on the scene early, was unable to restore to life by the usual methods of resuscitation.

Harold was playing with a lad named Frances Baker, on a gilling along the edge of the water, and in attempting to reach an object in the water tumbled in. His companion summoned Franks, 71 Hamont-street, who jumped into the water and after a short period of diving brought the body to shore.

TRADESMEN TO DISARM WORLD?

Could Create Peace Sentiment
That Governments Would
Obey—An Appeal
to Taft.

MOHONK LAKE, May 20.—Business men, representing 88 chambers of commerce, from 19 states and Canada, who are attending the conference, to-day adopted a resolution urging President Taft to "take the initiative in leading the nations to a concurrent limitation or reduction in the armies and navies of the world."

The most emphatic address of the day was given by J. Allen Baker, a Canadian-born member of the British Parliament, who emphasized the continuous neighborliness and good-fellowship of the United States and Canada as an example for the nations of what the absence of armaments and fortifications on an international boundary will do to promote peace.

"I largely endorse," said Mr. Baker, "what President Butler has said as to the emotional insanity of the present mad race for battleships in Great Britain and Germany. Our house of commons is the first to have recognized the absence of armaments and fortifications on an international boundary will do to promote peace."

Rev. Frederick Lynch, pastor of the Pilgrim Church, New York, declared that "it is the shame of the age that every Church in Germany, England and America is not protesting against these great pagan, over-heating armaments."

Up to Business Men.
To-night Charles Richardson of Philadelphia presented a report of a special committee, showing that nearly 200 leading chambers of commerce and boards of trade, in all the leading cities of the country, are co-operating with the conference in promoting international arbitration.

Mr. Richardson said: "It is within the power of the people of Philadelphia to present a report of a special committee, showing that nearly 200 leading chambers of commerce and boards of trade, in all the leading cities of the country, are co-operating with the conference in promoting international arbitration."

The proposed annexation of Dovercourt and Earls Court was approved by the board of control yesterday afternoon. A recommendation that nearly 200 leading chambers of commerce and boards of trade, in all the leading cities of the country, are co-operating with the conference in promoting international arbitration.

The board was of the opinion since the inclusion of West Toronto within the city's boundaries that it would be advisable to square off the northern limit by annexing the recently annexed Wychwood and Bracondale, and the new seventh ward.

The controllers recently looked over the ground and were strongly impressed with the desirability of the move. It will mean drawing a line 500 or 600 feet north of St. Clair-avenue between Dufferin-street.

Among the 30 and more bodies represented by delegates were the National Association of Manufacturers, the National Board of Trade, the National Association of Clothiers, the National Business League of America, the National League of Commission Merchants, the Chambers of Commerce of the City of Toronto, the Board of Trade of Montreal, Toronto and Winnipeg; the Business Men's Association of Commercial Clubs of New Haven, Battle Creek and Seattle; the Manufacturers' Association and the Merchants' Association of New York, and the Trades' League of Philadelphia.

WAGON ROAD AT ONCE INTO GOWGANDA CAMP

Will Be Built From the End of C.
N. R. at Sellwood by On-
tario Government

Sudbury will have direct connection with Gowganda by means of a wagon road, which is to be built immediately from the end of the C. N. R. steel at Sellwood into the new camp.

The Gowganda Transportation Co. will build the road and work will be commenced at once. As all the road material and equipment were taken in last winter, work will be concentrated on the road itself. It should be ready for traffic in six or seven weeks and the cost will be about \$50,000.

Meanwhile the C.P.R. is driving its road thru from Bisco and the Ontario Government a third road from Charlton to the Railway.

Party of Fifteen Returning From
Church Thrown Into Water in
Remote Part of Quebec

QUEBEC, May 20.—A report received here this afternoon from Ste. Anne des Monts, some 200 miles east of this city, states that a party of about 15 people, who were returning from church, were upset while crossing the river, and out of the number six adults and two children only were saved.

During March of this year the G. T. shippers took 900 car loads of goods from shippers of this city and brought in 625 car loads. During 1905 8634 car loads were shipped out and 4570 car loads were brought to Toronto consignees. These figures mean a 23 per cent. increase of traffic handled in and out of Toronto in four years. Since 1906 the Grand Trunk has constructed a double track along the Esplanade and a number of new spurs, but is still greatly crowded in the down town portion of the city, but is gradually finding relief in westward extensions.

The grand jury of the sessions yesterday returned true bills against Arthur Cusack, charged with indecent assault, and George Wilson and Mrs. Bella Perry, charged with perjury.

CHAMPIONS WIN FROM REGINA 6 TO 4

Challengers Ahead First Quar-
ter Two Goals to One—
Looks as if New West-
minster Will Retain
the Minto Cup.

NEW WESTMINSTER, May 20.—(Special.)—Lack of boring in the Westminster defence on the part of the home, and the Regina was the outstanding criticism of the visitor's game to-day when they went down to defeat before the champions with a score of 6 to 4.

Individually and in combination the prairie men played good lacrosse, but they did not make enough impression on the defence of the Royal Cityites. They paused when they should have gone against the salmon net in their fair, and on to-day's showing Westminster has no possible right to lose the Minto Cup to the present visitors.

Regina did not arrive in Westminster until noon, having put in their resting time on the coast near Harrison Hot Springs. So it was practically their first appearance here when they trotted on the field at 2 o'clock, nearly twenty minutes ahead of the Westminster boys.

Five thousand people packed the grand stand and lined the oval of Queen's Park. The visitors were given a cheer when they reached the field, but what they received was a cold shower of criticism from the cheering western folks up when their players reached the field.

Just after noon to-day Westminster Club wired the protest to P. D. Ross, one of the cup trustees against competition against Regina on the ground that many members of the team were not qualified to play. Written protest was also mailed to Mr. Ross.

Westminster went the field and elected to play down the field for the steep grade at Queen's Park. Fessey drew the ball and Len Turner made a brilliant run on the Regina net failed, and then the easterners carried the play to the Westminster end. A poor kick lost the ball to the home team and immediately play went to the other end.

Westminster mistakes were in direct contrast to those of Regina. They bored right in on the net and Howard had to intervene to save the net. The Royal City boys were busy defending their own net. Then Spring hit Howard with a wicked shot and soon after a shot

NEW POWER SECT
Nikola Tesla Says He Has Discovered
Valuable Mechanical Principle.

NEW YORK, May 20.—Following the incorporation of the Tesla Propulsion Company, with \$1,000,000 capital stock, at Albany, to exploit one of Nikola Tesla's inventions, Mr. Tesla announces the adoption of the device by the Alabama Consolidated Coal and Iron Company.

"I have discovered a mechanical principle, entirely new and of the greatest economic value," Mr. Tesla said. "It is a principle which minimizes the size of the power producing plant and increases to a maximum the power produced."

In connection with this first plant I will install a turbine of my own invention, and the air blast will be supplied under a turbine principle. This new mechanical principle I have discovered is applicable to air, steam, gas or water power, and may be used for locomotives, automobiles, any form of power production. With it a locomotive as powerful as any now used would need to be less than half the size."

Shrub By a Lap Defeats H. St. Yves Time is 1:54.25

MONTREAL, May 20.—(Special.)—The Marathon hero got a jolt in the twenty mile race with Alf Shrub, losing by a lap and a hundred and eighty yards. The result came as a surprise to close followers of the game for the reason that Shrub has been bothered with a weak leg since the Longboat race...

At the end of the first mile Shrub was in the lead by sixty yards, his time being 4:50, and he increased this lead to the end of the second mile to a hundred and thirty yards. The third mile the Englishman still continued to gain, picking up twenty-five yards a lap...

The eighth mile went in 5:43, or 42 for the trip so far and immediately Shrub started a sprint. In the next lap Shrub was pulled up sixteen yards, but Shrub still looked good.

It was Shrub all the way in the ninth lap, he showed no indications of going out, but instead gained still more on St. Yves. Time 4:22.

At the end of the tenth mile Shrub's supporters, who looked dubiously on his ability to go the route, brightened up. He was travelling faster all the time, and picked up a hundred yards in addition to the lap already in hand. The mile was covered in 5:43 or 5:11, 42 seconds inside the time of the Longboat race for the halfway mark.

MASKETTE AT ODDS-ON WINS LADIES' STAKES

Attendance Improves at Belmont Park and Extra Day on Monday is Announced

BELMONT PARK, N.Y., May 20.—In the presence of 2500 persons J. R. Keene's Maskette, the champion 2-year-old filly of last year, easily won the Ladies' stakes, with \$5000 added, a mile, at Belmont Park to-day. The Keene girl, Maskette, and Affliction were coupled in the betting at 1 to 4. Maskette so far outclassed her field that practically no betting was done on the winner. Lady Bedford was well thought of for the place. Maskette took the lead in the first sixteenth. But well immediately took a good hold of her head, allowing her to romp along in front. By the close of length she swung into the stretch with four lengths to spare and won by that margin. Lady Bedford, who was badly shut out in the early part, closed with a rush and finished second with Fieldhouse third. Chapultepec and the first three-year-olds, selling stakes, in the best time of 1:10 2-5 for six furlongs.

CUT IN RATES NOT ENOUGH Manufacturers Complain That Insurance Men Haven't Kept Promise. H. D. Scully, secretary of the Toronto branch of the Canadian Manufacturers' Association, has written the mayor voicing the dissatisfaction of the members with the extent of the reduction in rates made by the Canadian Fire Underwriters' Association as a result of the installation of the high pressure system. Commenting on the statement of J. A. Robertson, secretary of the latter association, that the insurance men have more than redeemed their promises of lower rates, Mr. Scully declares that the underwriters have "viewed their duty to the citizens in the narrowest and most restricted way possible." The council is asked to take action.

CANADA'S ATTITUDE. LONDON, May 20.—"If the senate insists on the Smith rider of the waterways treaty," says The Standard, "the treaty may be regarded as dead. The Canadian nation is determined to prevent the international compact arranged in the interest of the two nations concerned in the interests of one individual and one small local industry."

Pure Ice Demanded. The importance of absolute purity in ice has come to be as much appreciated in Toronto as the purity of water. "THE WESTERNERS" SCORES

Splendid Production by Amateur Company at Princess. Toronto distinctly scored in the production of "The Westerners" at the Princess Theatre last night. It is an original musical comedy with libretto and lyrics contributed by Ralph Smith and Paul Sheard, and the music composed by J. Ernest Lawrence, all of Toronto. The production is given under the auspices of the Parkdale Canoe Club and Aura Ice Club. The music is full of melody, and the orchestral setting is splendidly adapted to bringing out its qualities. The plot is well designed for orchestral illustration. It is laid in Arizona, where Harvey Yale, a young college man, and the son of a rich New Yorker, has taken up his abode. Thither his father pursues him, and falls a victim to the "stalking" manner of one Washington D. Chubb. Incidentally Harvey falls in love with Molly Connor, an heiress, and the story is ably embodied in libretto and song. Of the exceptionally large casts, honors were evenly divided by Wm. H. Oke, as Jack, and Chas. McHenry, as Washington D. Chubb, a confidence man. Both gave a genuine interpretation to their parts, without undue exaggeration. Frank Jackson, as Harvey Yale, and Miss Beesie Hunter as Molly Connor, made a feature of the "twisting," which was cordially received by the audience, and whose melody permeates the whole production. The hit of the evening was made by Mr. Oke and Miss Gretta Doherty in the lyric "Sally and Hiram," illustrated by a special dance from a well-known party to the enthusiasm of the audience. Chas. McHenry provided much of the comedy, and proved himself a versatile artist. Particularly noticeable in the large production was the graceful dancing of Miss Marcella Cameron in the waltz song at the beginning of the second act, also John Greig as Algeron Fitzpatrick Hartley, and M. S. Bennett as Bulletin Scooper, the ubiquitous reporter of The Denver Despatch. In the role of Violet Yale, Miss Nellie Stewart received well deserved applause. If any deprecatory criticism can be allowed it might be said that too much prominence is given to what Col. Denison says is the "scotland and grid-iron." Canada provides material enough without encroaching upon the preserves of United States production too much credit cannot be given to those taking part. The audience was large, sympathetic and generous in its applause, and seen for the balance of the week. Miss Violet McKnight will introduce a Spanish dance at the remaining performances.

ASCENSION DAY SERVICE Geoffrey de St. Aldemar Preceptory March to St. James' Cathedral. An interesting event took place last night at St. James' Cathedral, under the auspices of the Knights Templars, under the auspices of Geoffrey de St. Aldemar, No. 2, held their annual Ascension Day service. The Knights, in full armor, marched from the Temple. Within the church they donned white gowns and proceeded by the choir and clergy. The procession was headed by Mr. Miller, carrying the Cathedral staff, Right Rev. Bishop Reeve, in full vestments, J. R. Warren, the services were conducted by Bishop Reeve and Canon Welch preached an appropriate sermon. Among the knights present were: Grand Master, Most Eminent Sir Knight Col. A. J. Campbell of London; Grand Chamberlain, Most Eminent Sir Knight Will H. Whyte of Montreal; Past Grand Master, Most Eminent Sir Knight Dr. L. Carley of Toronto; Right Eminent Sir Knights, Dr. Cameron of Owen Sound and D. Hillman of Hamilton; Eminent Sir Knight Dr. Mark of Whitby. NEW FRENCH SENSATION DEER PARK. Artillery Captain Has Been Trafficking in Pearls and Decorations. PARIS, May 20.—What is becoming known as l'affaire Marix threatens to involve statesmen, judicial authorities and lawyers in a grave scandal. Marix is a captain of artillery and rapporteur of the council of war at Cherche-midi Prison, the highest military tribunal of the nation. He was arrested on Saturday last on charges of selling pardons. A broker was arrested as his accomplice. It develops that Marix's office in the council chamber at Cherche-midi Prison was transformed into a kind of office for all manner of illegal transactions, such as traffic in decorations, the purchase of pardons by military delinquents and other operations of a similar nature.

DEATH ENDS LONG JOURNEY Haute to Greet Father Costs C. E. Kilmer His Life. WALKERTON, May 20.—C. E. Kilmer, electrical engineer, of Toronto, and Southampton, aged forty, and brother of George Kilmer, K.C., in alighting from a tram last night fell under the wheels. One leg was mangled and he died from shock. He was returning from Sweden, where he had been on a business trip for his firm, on his way to Southampton to his wife. He intended to stop over night here with his father. He leaves a wife and three small children, one a month old baby. According to one account, Kilmer, in his eagerness to meet his father, went to step off the train before it stopped.

LUGSDIN & CO.'S REMOVAL Old Yonge Street Firm Goes To Temperance Street. With the removal of Lugsdin & Co. from their former store at 115 Yonge-street to their new premises in Temperance-street one of the Yonge-street landmarks disappears. For 49 years Lugsdin & Co. were doing a retail harness business at 115 Yonge-street. The firm started in April, 1860, under the name of Lugsdin & Barnett, and during the 49 years the building that they occupied had never been altered. In 1880, Mr. Barnett died and since that time the name of the firm has been Lugsdin & Co. This progressive firm specializes in all forms of harness and saddle supplies and their high standard of show necessitates its well known as the continent. Their trade is not confined to Canada, for they make many shipments of goods to all parts of the United States. Their new premises at 16 Temperance-street were built especially to meet the requirements of the harness trade. The building, which is one of Roman stone and brick, is fireproof and is fitted with all modern conveniences. The factory rooms are large and airy, as well as the store, and great credit is due the company for considering the convenience of their employees when constructing their new building.

The band of the Royal Grenadiers, under J. Waldron, will play on Saturday afternoon, the opening day, of the Ontario Jockey Club races at the Woodbine.

BIG BUDGET OF NEWS FROM NORTH TORONTO

Real Estate in Northern Suburb Valuable Asset—Odds and Ends From County. NORTH TORONTO, May 20.—(Special)—Townpeople generally complain at the delay on the part of the authorities in getting the watering cart in commission. In striking contrast with other years is the condition of Yonge-street from the city limits south, where the dust has been thoroughly abated. The general public would welcome a generous use of the town watering cart this summer. It is understood now that several properties on the west side of Yonge-street will shortly be placed on the market. These include the Ellis, Hewitt, Skinner and Bescoy properties, thru all of which it is proposed to open up an avenue. This road will be a continuation of Avenue-road and will run to Eglinton-avenue. The activity in North Toronto real estate is one of the outstanding features in connection with the present revival in land values on the outskirts of the city. The north end is surely coming into her own. Contractor Nelson has already begun operations for the removal of the old Christ Church edifice to the north end of the church property. The Sunday school, which has been sold, will be at once removed off the grounds. Dr. Armstrong is being sought another residence immediately south of his own at the corner of Parnham and Yonge-street. The attention of pedestrians passing along Yonge-street, opposite Mount Pleasant Cemetery, these days is invariably attracted by the splendidly shown in the magnificent sward and beauty of the grounds generally. The view from the street is that of a delectable park, and to Supt. Ford and his staff of workmen the greatest credit is due. John Stibbard has been offered and refused \$2,000 for his residence and grounds, which extend to the east and overlook the Don Valley. The property is well situated and commands a fine view. Thru a misunderstanding the meeting arranged between the York Township Council and the members of the North Toronto Town Council for to-night failed to materialize. When the meeting was arranged the fact that the North Toronto hockey team had already secured the use of the hall was momentarily forgotten. This morning Chairman Parke got in touch with Vardon Henry and the others interested, with the result stated. The opening of the splendid new hall under the auspices of York Lodge, A. F. & M., takes place to-morrow (Friday) night. The new structure is located on Yonge-street, just below Eglinton-avenue, cost \$40,000, and \$30,000 was built under the direction of Architect Siddall and will add greatly to the architecture of the town. The formal opening proceedings in connection with the new hall will take place at a later date. Owing to the meeting of the South York Teachers' Association in the Normal School to-day and to-morrow there was a holiday among the juveniles of the town and happiness reigned supreme. The concert held in the town hall here to-night, under the auspices of the North Toronto Hockey Club, was a wonderful success, but not more so than the enterprise of the club well merits. The prizes and medals won during the season were presented, and the whole affair was marked by the greatest enthusiasm. Manager Tomlinson, who has been unremitting in his efforts to promote good clean sport in

WEST TORONTO.

WEST TORONTO, May 20.—The parks and gardens committee, accompanied by Park Commissioner Wilson, visited West Toronto this afternoon. They were shown around by Mayor Baird and visited the athletic grounds. The grand stand and fences, which are in a dilapidated state, will be repaired, and the lacrosse team will be permitted to use the grounds this summer. A ladies' branch of the Humber Golf Club was organized here to-night with these officers: Hon. president, Mrs. Dr. Pidgeon; president, Mrs. Massey; secretary, Mrs. Dr. Gilmore; treasurer, Mrs. McCuaig; captain, Mrs. Chas. Heintzman. Commodious grounds have been secured at the corner of Annette and Jane. The ordination of W. R. Taylor will take place in Victoria-avenue Presbyterian Church on May 30 at 3 p.m.

New High Price For May Wheat - Liverpool Cables Are Firm

Local Grain Market Unchanged - Cash Demand for Wheat is Excellent - Hogs Sell at \$8.00 at Toronto.

World Office. Thursday Evening, May 20. Liverpool wheat futures closed 3/4 higher and corn 1/2 higher than yesterday. Chicago May wheat closed 1/2 higher, July 1/4 higher, corn 1/2 lower and oats 1/2 higher. Winnipeg car lots of wheat 37, against 48 this day last year. Chicago car lots of wheat 4, contract none; corn 88, contract 72, and oats 119, contract 28. Northwest cars 196, against 150 last year. Primaries: Wheat, receipts to-day 230,000 bushels; shipments, 250,000 bushels. Last year, receipts, 452,000; shipments, 293,000 bushels. Corn—Receipts, to-day 222,000 bushels; shipments, 238,000 bushels. Last year, receipts, 353,000; shipments, 275,000 bushels. Oats—Receipts, to-day 284,000; shipments, 467,000. Last year, receipts, 288,000; shipments, 623,000 bushels. Broomhall's Argentine estimates: Wheat shipments this week, 1,200,000 bushels; last week, 1,270,000. Last year, 1,350,000. Corn this week, 2,800,000; last week, 3,581,000; last year, 2,720,000. Liverpool cables: A late cable from Argentine states that frost occurred last night and it is colder. This is unfavorable for wheat already seeded and will further increase plowing difficulties. Current news: The weather the past week has been more propitious for the prosecution of farm work. Winter wheat has made decided improvement and is now regarded as promising in much of the area in the central regions. Portions of Kansas, as where rain was needed, have been improved. Reports received this week are most encouraging concerning spring wheat and planting is nearing completion. Good stands are reported in many sections in the west and outlook favorable.

Chicago Cattle.
J. P. Bickell & Co., say at the close: Wheat—Higher. Firm cables and excellent demand for cash not only for old wheat, but new as well, were incentives for higher range. At top profit taking eased market, closing firm with good undertone. In our opinion there is not anything in the horizon that suggests lower prices. We are bulls. Buy September and December on all slight declines.

Beatsy & Glasco received the following at the close of the market: The market opened strong under the stimulus of higher cables and poor crop prospects abroad. The Prussian crop reports make the wheat condition in that country 4, against 80 last year. Argentine and Australian shipments are expected to be light this week. There was a good cash demand, both here and in the northwest. The northwestern markets are particularly strong on account of the increased demand for spring wheat flour. The mills are increasing their output weekly. The wheat markets the world over appear to be in a strong position with the spot markets leading the futures. With three cents over May, bid by millers for No. 2 red winter wheat for \$1.12 1/2.

GRAIN AND PRODUCE.
Grain dealers' quotations are as follows:
Manitoba wheat—No. 1 northern, \$1.29; No. 2 northern, \$1.25; No. 3, \$1.20. These quotations are for the opening of navigation.
