The Hon.
the S. G. I. A.
&c. &c. &c.

Sir,

With reference to your letter dated the 30th last No. 88704 and 9th inst. relative to the locatees of the building formerly the property of the Grand Trunk at Caughnawaga and to my Monthly Rent return for August last,

I have the honor to transmit to you herewith the statement asked for giving the names of the locatees who have occupied the building in question since 1885 and of those who are at present occupying it; also the amounts paid by each locatee and the arrears due by them.

I have made some remarks in each case so that you may have all necessary information.

When taking possession of the tenements the Locatees invariably paid in

Indian Affairs. (RG 10, Volume 7661, File 22005-1 G.T.)
PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

in advance and notwithstanding all the care I took to prevent it they succeeded in getting behind in their rent in most cases. When this happened however as soon as new locates presented themselves I would turn out the old ones.

There is a discrepancy of one dollar between my statements and the amount paid in. This error must have taken place when the first payments were made.

The return of the rents collected during the month of August last was transmitted to the Dept. with my October returns as I wished to await myself of that time to inspect the payments of the arrears.

I have &c

N.W.T.

Jan 11th/1889

Sir:-

With reference to your letter of the 28th Ultimo wherein you state that the rents of the Grand Trunk Houses up to 1st Dec 1888 are contained in your statement which was enclosed with your letter of the 30th of November last, I have to inform you that the following discrepancies appear in said Statement and request that you will be good enough to give the Dept explanations regarding the same.

In the cases of Michael Carotte, Catherine Kaiaricon and Thomas Anatsonti reckoning from the date on which they first occupied the houses, the amount which your statement shows to their credit together with the arrears named therein, will only cover their respective rents up to the 1st of November 1888 and no rents have been paid by the above named parties for the month of November.

You state that Joseph Delisle occupied a Shed on a wharf from the 7th May 1888

Indian Affairs. (RG 10, Volume 7661, File 22005-1 G.T.)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

to the 1st of Oct. 1887 and that he paid in all $27.00. You do not state the rate per month in this case nor say whether there are any arrears due by Deliah, and I would infer from your statement that he still occupies the said shed.

On your Rent Return for November last appears a payment of $1.00 made by Pierre Canoe for the period from the 1st January 1888 to the 1st Aug 1888, which is the last Return received by the Dept up to this date on which any payment of rent has been made by Canoe, and in your statement above referred to you say that Pierre Canoe occupied a Tenement from the 1st of May 1887 up to and that he still occupies it and has paid the Sum of $16.00 which amount would pay his rent in full up to the 1st Sept. 1888.

I have to refer you to letter to you of the 23rd Oct 1888, No. 88704 in which you are requested to forward your Rent Returns in triplicate and separate Returns of the Cris et rentes.

James

Caughnawaga 31 Janvier 1889

DEPARTMENT OF INDIAN AFFAIRS
FEB 2 1889

Monsieur

Accusant réception de votre lettre en date du 11 janvier courant N° 88704, en rapport avec la différence qui paraît exister sur le rapport des Locataires de la maison ci-devant du Grand — Trone à Caughnawaga.

J'ai l'honneur de vous informer que dans les cas de Michel Cuatta, Catherine Karamison, et Thomas Atsontie, je crois avoir mentionné dans mon rapport qu'ils avaient payés seulement jusqu'au 1er Novembre dernier mais je n'ai pas mentionné qu'ils étaient redevable de ce mois. dans le cas de Joseph Delisle Kanenoin je n'ai pas fait mention du montant qu'il payait par mois, parceque le pré n'a pas été fixé, il occupe cette remise seulement pour y mettre le Foin de Caughnawaga qui n'est pas considerable, il m'a dit qu'il payait ($4) quatre piastres par année

à

Hon:
Surintendant Général

Ottawa

Indian Affairs. (RG 10, Volume 7661, File 22005-1 G.T.)
PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

à l'Ex-Agent Mr Chevrier pour cette
remise, alors il m'a payé en 1885
($7) sept piastres, en 1886 il m'a payé
($10) dix piastres et en 1887 il m'a aussi
payé ($10) dix piastres, le prix par
mais n'était pas déterminé, je ne
lui ai rien demandé pour 1888, vu
les grands sacrifices qu'il a fait pour
procurer une traverse à la population
de Caughnawaga, les dépenses pour
la réparation du quai, et le peu
d'usage qu'il en a fait durant l'année
et je suis persuadé qu'il me donnera
ce que je croirai légale de lui demander
si le Département l'exige. et dans
le cas de Peine Canoe il était entendu
qu'il devait donner une piastre en sus
du loyer en prenant possession du loge-
ment, parcequ'il est considéré comme
mauvais payeur. et qu'il était prudent
de me prémunir contre les arriérages
qui pourraient survenir malgré moi.
et en réalité j'ai beaucoup de difficultés
à le faire payer. enfin le dernier para
graphe à l'égard des Retours de Rentes
de chaque mois en Triplicata: j'ai eu
devoir terminer l'année 1888 tel que
commencé vu qu'il y avait quinze mois
(décembre) pour terminer l'année

J'ai l'honneur d'être

pay Las not been paid yet-
The chief he occupies is for
the Freight coming to Caugh-
-nawaga only and there is
very little of it - He told
me that he used to pay $4.00
a year - and he paid me
in 1885 seven dollars and in
1886 ten dollars, but the price
per month has never paid -
Owing to the great sacrifices
which he incurred to obtain
a footing for the people of Caugh-
-nawaga; the repairs he made
to the house and the little
crops he made of it during
the year, I did not ask him
to pay any thing for 1888,
but I am positive that he
would not object to paying a reasonable
amount were the Department
to exact it. - And with regard
to Pierre Canoe it was under-
-stood that in taking possession
of the tenement, he was to
pay $1.00 only and above
the price of the rent, as he
was considered bad pay,
as a matter of precaution
against the arrears which

I

Dear 11 Sy.

Sir,

I have to request that you will at once collect all arrears of rent due on account of the old Grand Trunk Railway Freight Shed rented by Joseph Delisle and forward the same to the Department together with a report in the case of any other tenants who may fail to pay.

You should in no case allow tenants to fall in arrears without reporting the matter to the Dept.

Sir,

I beg to acknowledge the receipt of your letter dated the 14th inst, No 88904, relative to the immediate collection of the rents in arrear by the locatees of the house formerly the property of the Grand Trunk and for the shed occupied by Joseph Delisle. In answer I have the honor to inform you that in compliance with the instructions received, notices have been served on all the Locatees present but no one has come as yet to my office to pay. They all ask until the end of the month. I will at the end of this month report on each case in arrear and give full particulars. I will also report on the case of Joseph Delisle

MEMORANDUM

To the Deputy Minister Department of Indian Affairs.

Ottawa, 30th Oct 1891

The Book of Reference forwarded by Mr Walbank P.L.S. to this Dept appears to contain the information requested by Supt. Brosseau.

The book itself contains 68 double pages of foolscap, and other documents that would be useful in connection therewith 22 pages making 90 - pages in all.

The book requires an index, as without it there is great difficulty in making any references to it - It appears to be a valuable document and prepared with care. Only one copy is in this Dept. and probably that is the only copy in existence. It would therefore appear advisable in any case that one or more copies should be prepared.

I respectfully recommend that an index be prepared, and that as many copies of the index and said Book of Reference and documents be prepared as can be made at one time in a type-writer - and when prepared one of the copies may be forwarded to Agent Brosseau.

Saml Stevenson

Note from the Secretary Nov 5, 93

The T.L.O. would say that no such book was written in connection with the above matter. See letter dated 16th June 1893 File 20131. This Book of Reference & Plan appears to be the one referred to in Mr. Walbank's letter of the 30th Oct. 1891 Book of Reference and Documents re Pelletier Mill 6.2.93

ORDER.

133665

The Canadian Pacific Railway Company hereinafter called "the C.P.R." having applied to the Railway Committee of the Privy Council of Canada, for approval of plan and profile of a crossing by a portion of its railway of a road used between the Village of Caughnawaga and Laprairie in the Province of Quebec, and for an Order directing that the said road shall be diverted, as shown on plan and profile accompanying their application. (File No.6744).

The Committee, having heard Counsel for the parties interested, and the C.P.R. having represented that the Indians at Caughnawaga objected to the diversion of the road, but agree to accept a crossing by means of an Arch under the railway and to substitute a culvert for the bridge as a means of carrying off the water, and the C.P.R. and the Department of Indian Affairs having agreed to such substitution for the crossing and diversion of the road as applied for by the C.P.R., the Committee after due consideration hereby directs that the said C.P.R. shall at its own cost, construct and thereafter maintain, a masonry arch culvert twenty feet wide and twelve feet high, over the roadway, and a masonry arch culvert for a waterway with an opening of at least six feet by six feet, both under the Atlantic and North West Railway at the Caughnawaga Indian Reserve, both the said arch masonry culverts to be constructed to the satisfaction of the Government Chief Engineer of Railways and Canals.

Caughnawaga, Nov. I, 1903.

Sir,-

Chief councillor, J.B. Daillebout, requests me to inform you that the large house formerly belonging to the Grand Trunk Railway Co. and now to the band was burned on or about Oct. 22, last, and all the material, masonry, brick and stone, is still on the spot; and to inquire of you whether this house was insured, and to what amount, by the Dept.

Will you please, therefore, give me a reply as soon as possible, in order that the council, in the event of no insurance, may take steps to safeguard the remains of this building as soon as possible.

Your obedient Servant,

J. Blain,

Agent.

Sir,

I believe I did reply to the letter asking me to give the information required in regard to the building formerly belonging to the G. Trunk Ry Co., which the Caughnawaga council visited. To fall in accordance with its resolution of Dec. 1, 1905; but as I have not yet received the Dept's approval in the matter I repeat the information in order to obtain the necessary authority.

This building is situated at the end of the village of Caughnawaga and was used as a station by the said company. It is about 150×25 & 30 ft. The roof and sides are falling into ruins. It is worth between $300 and $400. It can not bring in any profit without expensive repairs.

Votre &c

Je crois avoir répondu à cette lettre me demandant les renseignements requis relativement à la batisse appartenant autrefois à la Cie du Grand Trunk R.W. que le conseil de Caughnawaga veut vendre conformément à sa résolution en date du 1er Dec: 1905. mais comme je n'ai pas reçu encore l'approbation du département à cet effet je retire ces informations afin d'obtenir l'autorisation nécessaires.

Cette batisse est située à l'extremité du village de Caughnawaga et devait de jadis à la dite Cie. elle a environ 150 pieds de long sur 25 à 30 pieds de largeur, la couverture et le lambrissage d'en sont en ruine, la valeur en a peu près de $300 à $400.00.

elle ne peut rapporter aucun profit sans de très coûteuses réparations.

votre obéissant serviteur

M E M O R A N D U M .

OTTAWA, 24th March, 1906.

To the Deputy Minister:-

The Caughnawaga Council in December last, passed a resolution providing for the disposition of the building formerly belonging to Grand Trunk Railway Company, which was falling into ruins; sale to be made in April to the highest bidder among the Members of the Caughnawaga Band, after regular notice, the occupants to remain in the building until May the first.

The Agent now reports that this building which belongs to the Caughnawaga Band, and which is about 150 feet by 25 or 30, is fast falling into ruins, and is worth between three hundred and four hundred dollars.

In view of above, I would beg to recommend disposition thereof as proposed, the upset price to be $400.00, and the money derived from sale to be transmitted to the Department.

April 17, 1906.

Sale of the building formerly belonging to the G. T. Ry Co., at present the property of the Caughnawaga band, occupied by the estate of the late Michel Curotte as lessee, offered at public meeting.

Conditions of Sale.

This building, not including the land upon which it stands, but the enjoyment and usufruct thereof to the successful bidder and his assigns, shall be awarded to the highest and last bidder who shall pay the amount in cash and also the costs incurred in conducting this sale as set forth in the memorandum of charges in the hands of J. B. Clair Agent, immediately after the award. Deed of sale shall not be given to the successful bidder until the sale shall have been approved by the Superintendent General of Indian Affairs: if the Hon. the Deputy General should refuse to approve

Sir,

J'ai l'honneur de vous transmettre le rapport de la dernière séance du Conseil de Caughnawaga, qui a eu lieu le vingt du mois d'avril courant, ainsi que toutes les procédures adoptées pour parvenir à la vente de la grande bâtisse, autrefois la gare du G. T. R. W.: ce dernier rapport in réponse à la lettre reçue du département en date du 24 avril courant No 88 704-

3 De vous informer que vous trouverez ci-inclus, la somme de Cent Cinquante Cinq piastres la prix d'adjudication de la grande bâtisse que j'ai reçue de M. Joseph de Lamothe l'adjudicataire.-

Le tout respectueusement soumis à l'approbation du département

4 J'ai à ajouter que la crise de la vente de la maison s'est faite pendant mon séjour une heure et que pendant ce temps il n'est venu que $155.

Et que je suis persuadé que parmi ceux qui ont signé la communication plusieurs se trouvaient à l'assemblée.

5e Au grand j'ai donné au département une estimation de $300 à $400.

Sir,

Je ne mettais pas apprençu que les poteaux et autres bois de construction qui au premier point de vue étaient d'une grande valeur avaient de la moisissure qui en diminuait notablement le prix.

2. Que je suis bien persuadé que si la vente a atteint le prix de l'adjudication, ce fait est dû a la rivalité qui existe entre le Dr. A. J. Patton et Mr. Joseph de Lavorde. Pour toutes ces raisons, je crois que le Département serait aisé de donner administration en approuvant l'adjudication et en obligeant a acheter le contrat.

Montreal, April 29, 1906.

Sir,— 297495

I have the honour to transmit the report of the last meeting of the Caughnawaga Council, which took place on the 30th inst., also of all the proceedings in connection with the sale of the large building formerly the G. T. R. station. This latter report is in reply to a letter from the Dept. dated April 24, 06-88704.

You will receive herewith the sum of $155.00, the price at auction of the large building, which I received from Mr. LaRonde.

I have the honour respectfully submitted for the approval of the Dept.

I may add that the crier at the sale of the building called out for about an hour, but no one would give a cent more than $155.00, and I am satisfied that of those who signed the communication several were present at the auction

297495

When I gave the Dept an estimate of ~~$300 and $400~~ I did not notice that the posts and other building timber which at first sight appeared to be of great value were mouldy, which diminishes the value very much.

I am convinced that the reason the price reached the figure that it did was owing to the rivalry ~~that exists~~ between Dr. A.O. Patton and Mr Joseph La Faronde.

For all these reasons I believe that the Dept would be acting wisely in approving the granting of a lease.

Your &c.,
J. B. Klein,

M E M O R A N D U M .

OTTAWA, 8th May. 1906.

To the Deputy Minister.-

I beg to refer to my Memo of the 24th of March last as to the disposition of the buliding formerly belonged to the G.T.Ry Co. on the Caughnawaga Reserve, and to say that Mr. Agent Blain who reported the building as worth between $300. 00 and $400.00 was authorized to make disposition thereof to the highest bidder, among the Members of the Caughnawaga Band, at a price not less than $400.00 cash, with right to occupancy until the first of May.

Mr. Agent Blain now makes return of sale returning the sum ~~thxxxxxxxx~~of $155.00 , the price received at auction for the building and states that the crier at the sale of the building called out for about an hour but no one would give a cent more than $155.00, and the Agent states that in the estimate of 300 or $400.00 given the Department he did not notice that the posts and other building timber which at first sight appeared to be of good value, were mouldy, dimishing the value very much. The Agent is convinced that the reason the price reached the figure that it did was owing to rivalry between Dr. Patton and Joseph deLaronde, and recommends approval of sale.

A petition has been received from a number of Members of Caughnawaga Band protesting against this sale, considering the price realized of $155.00 too

low

Indian Affairs. (RG 10, Volume 7661, File 22005-1 G.T.)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

low, a copy of which was sent to the Agent, who states that he is satisfied that many of those who signed the communication were present at the auction.

The price realized is certainly very much less than the original estimate of value given by the Agent, but in view of his subsequent report, I think possibly the sale might be approved.

Extract from translation of Minutes of a Meeting of the Caughnawaga Council held April 20th 1906

x x x x x x

On motion of M. Daillebout seconded by O. Daillebout, it was resolved to approve of proceedings for the sale at auction of the large building formerly used as a freight shed by G. T. R. situated in the village of Caughnawaga, near the St. Lawrence River, at present the property of the band; with the enjoyment and usufruct of the land in which the building stands and the award of this property which was made on April 17th, inst. on the conditions mentioned in the agreement of sale, of which the said Council has taken communication to Mr. Joseph deLaronde for his bid being the highest namely-$155.00, Councillors Dr. A. D. Patton and John Patton refused to pronounce in regard to this proposition for the sole reason that the sale did not come up to the valuation suggested to the Department, without saying that the award is not the true value of the real estate in question; but all the other Councillors declared themselves in favour of the said proposition without hesitation.

Translation.

Before Mr. Georges Normandin, Notary Public, in and for the province of Quebec, residing and practising in the city of Montreal, undersigned,

Appeared;

Jean Blain, Notary, of the city of Montreal,

Who, acting, 1st: as Indian Agent of the Caughnawaga Reserve, 2nd: by virtue of a resolution of the Council of the said Caughnawaga Reserve, dated the 1st of December, 1805, approved by the Department of Indian Affairs, as will be seen by letter received from the Department, hereto annexed;

Who declared that after having followed all the formalities required by the said resolution, approved as above-mentioned, he had offered at public auction by Martin Two Axe, constable and public crier of the said Caughnawaga Reserve, the 17th day of the month of April last, at 11 o'clock A. M., on the site of the property hereafter designated, a right transmitted by substitution to the Council Hall as indicated in the notice, at the suggestion and with the unanimous approval of all present, at 11 A.M. of the said day, 17th April last, the immovable property hereafter described and designated in the notice of sale, which was published at the door of the Caughnawaga Church the 15th April last immediately after High Mass by J. W. Jocks, as it appears on his certificate at the bottom of the said notice annexed hereto dated the 20th April last, namely, a building formerly belonging to the Grand Trunk Railway Company, now the property of the Iroquois Tribe of Caughnawaga, situated near the St. Lawrence River.

That the conditions of sale were read by the said Jean Blain and translated into the Iroquois language by J. W. Jocks, official interpreter of Caughnawaga, immediately before putting up the said property for sale.

That

Indian Affairs. (RG 10, Volume 7661, File 22005-1 G.T.)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

That the conditions among others were to the effect of making known the following item, namely :-

" This building does not include the land on which it is situated, as to the ownership of the land and everything pertaining thereto, but the enjoyment and usufruct for the purchaser and his assigns";

That the said property or site was there and then awarded by the said crier to Mr. Joseph de Laronde, farmer of Caughnawaga, for the sum of $155.00, as the highest and last bidder, as may be seen in the minutes of the said crier, dated the said 17th April last, signed by the said crier Martin Two Axe, J. Blain, the purchaser and J. W. Jocks, witness to the consent of the purchaser, who declared not to be able to sign.

That in consequence of this sale the said Jean Blain, in his position, has by the present under the above-mentioned authority, sold, ceded and handed over with guaranty of right to the said Joseph de Laronde, present and accepting for himself, his heirs and assigns, the said property described as follows,- a building, formerly belonging to the Grand Trunk Railway Company, which they used as a station, situated in the village of the Caughnawaga Reserve, known as forming part of number one of the cadastre of the said Reserve, near the River St. Lawrence, this sale of the building does not include the land on which it is situated, but the enjoyment and usufruct thereof to the successful bidder and his assigns, as well as all that belongs and appertains thereto and with which the purchaser said he was satisfied.

In virtue of these presents the purchaser will be the owner of and may enjoy and dispose of, commencing from this day, the said building and the usufruct and enjoyment of the land on which it is situated, for himself, his heirs and assigns.

The present sale is made on the condition that the

Indian Affairs. (RG 10, Volume 7661, File 22005-1 G.T.)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

the purchaser conforms to the clauses and conditions contained in the agreement of the said sale annexed to the minutes of these presents.

This sale is, moreover, made in consideration of the sum of $155.00, the amount for which the said property was sold to the said purchaser, as above stated, which the said Jean Blain, in his position, acknowledged having received from the said purchaser, of which he gave final quittance from this day forever.

The proceedings of the present sale are approved by the Department of Indian Affairs, as will be seen by a letter addressed to the vendor, in his quality, dated the 12th May instant, bearing No. 88-704 annexed hereto.

WHICH DEED :

DONE AND PASSED at Montreal, above-mentioned the 29th day of May, 1906, in the office of the undersigned Notary, under the number 1863 of his records.

And after reading made to the parties by the Notary in the French language and also to the said Mr. de Laronde in the Iroquois language by J. W. Jocks, Interpreter of Caughnawaga, the said Mr. de Laronde declared not to be able to sign as required, in presence of the said Mr. Jocks who signed with the said vendor and the undersigned Notary.

(Signed) J. Blain.
" J. Waniente Jocks.

Sir-

In regard to Deed of sale made by you on the 29th Ultimo to Mr. Joseph de Laronde, of the old Grand Trunk building and the land on which it is situated, I beg to say that no lease of the land can be given by the Department unless a surrender is first granted by the Indians under and in accordance with the previsions of the Indian Act.

I return the document left by you at the Department a few days ago, and would say that upon your advising whether the Indians would be willing to grant a surrender for lease and upon your giving a proper description of the land for insertion in the surrender, the same will be prepared and transmitted to you for submission to the Band.

Authority was only given you to make disposition of the Old Grand Trunk building and not of any rights to the land on which it is situated.

The original of this Document has been removed for retention in the Records of the Indian Land Registry.

INDIA JUL 26 1906

Sir,-

In reply to your telegram of the 17th inst., I beg to say that the Caughnawaga Council, which by resolution No. 2 of its meeting on April 20, last, approved the sale of the building referred to with the enjoyment and usufruct of the land on which it stands, desires to have a copy of the protest that has been filed with the Department against this sale and the proceedings in order to have knowledge of the allegations and of the facts of the petitioners before replying to the protest. I myself should also like to know the tenor of the protest.

There is not on all the reserve an Indian who can give a good reason for opposing the carrying out of this sale.

Mr. De laRonde is preparing to build a large house which will be a place for strangers and tourists visiting the reserve to go to, to the great advantage of the band, most of whose members engage in bead-work, which they will be able to offer to the visitors and so make a revenue (especially for the poor families, and they are numerous). No one has been taken by surprise by this sale, the notice was given and the conditions explained fully and regularly, and repeated in both French and Iroquois immediately before the sale and award.

I should be very much astonished if out of the number of those who protest there are not at least one or two who made offers and bid right up until the award.

I quite desire that justice be done, and I do not understand that the ill feeling and jealousy of one party should interfere with the general right and interest.

Ottawa, February 19, 1917

Sir,-

I beg to inform you that representations were made to the Department by the Caughnawaga Council on Friday last that Joseph Delaronde, who purchased the Grand Trunk house on the Caughnawaga reserve is still occupying the building, and using the land upon which the building is situate.

In this connection I would refer to resolution of the Caughnawaga Council of the 1st of December, 1905, in which it was resolved that the building formerly belonging to the Grand Trunk Railway Company, situate near the St. Lawrence River, which was rapidly falling into ruins, should be sold in the month of April to the highest bidder among the members of the Caughnawaga Band, with the right to the occupants to remain in the said building until May 1st. By letter of the 26th of March, 1906, Mr. Agent Blain was instructed to make disposition of this building, reserving the right of the occupants to remain until the 1st of May. The building was duly disposed of to Mr. Joseph Delaronde, and the disposition thereof was endorsed by the Caughnawaga Council on the 20th of April, 1906.

I would refer to a letter addressed your predecessor on the 12th of June, 1906, in connection with the disposition of this building, in which the late Agent was advised

J. M. Brosseau, Esq.,
Indian Agent,
St. Constant, Que.

Resolution 269

Whereas the late Joseph LaRonde purchased at auction, about 20 years ago, an old freight shed from the Grand Trunk Ry, situate between the Hospital and the wharf, with the understanding that the building would be demolished during the course of the year, whereas there are living witnesses that the sale by auction of this freight shed was duly announced at the Church door on condition that the building would be demolished by the purchaser, and whereas this condition has not been fulfilled, owing to the neglect on the part of the authorities to enforce the condition of sale, it is resolved on motion of Mr DeLisle, seconded by Mr. Montour that Mr James McComber, whose wife inherited part of the Estate Joseph LaRonde, be notified to have said building demolished. One of the objectionable features connected with this old freight shed is that one part of it is being used as a Stable, and because of its nearness to the Hospital, there is a tendency to have a prejudicial effect on the patients. Apart from this, the removal of this old building, which has a dilapidated appearance, will have the effect of relieving congestion of traffic at this point, more especially during the week ends and on Sundays, when the motor traffic is exceedingly heavy, to and from the new ferry steamers plying between this reserve and Lachine.

Resolution No. 269.

Please refer to Dept. File No. 88,704, the correspondence on file in my office, on this subject, is dated from the 26th December, 1905, to September 1st, 1906, and shows that the purchaser of the Old Grand Trunk Building had the privilege, during his pleasure, to let it on its site, which is still the same. I beg to ask whether a final decision had been rendered by the Department in the matter.

Memo.

TO THE DEPARTMENTAL SOLICITOR:

Please see resolution of Caughnawaga Council dated December 1st, 1905, turned out below, and with reference to the suggested sale of the building on the reserve formerly belonging to the Grand Trunk Railway Company.

This sale was subsequently carried out and the question has arisen whether the land upon which the building is erected formed a part of the portion disposed of. There appears to have been considerable conflict of opinion in this regard during the intervening period and the department should be in a position to give some definite decision. Personally I am of the opinion that only the building was sold and that instructions should issue to have it demolished and removed forthwith. Your opinion, however, is desired before taking any further action.

DEPARTMENT OF INDIAN AFFAIRS
CANADA

Ottawa, 10th September, 1924.

Memo.

Mr. Caldwell,

I think it is quite clear that the purchaser of the building referred to in your memo hereunder acquired no title to the land on which this building is situated. The Agent was instructed to sell the building. He appears however, to have gone a little beyond his instructions as he sets forth in the conditions of sale that the purchaser would have "the enjoyment and usufruct" of the land upon which the building stood. In order to make the grant of the usufruct valid it would be necessary to have a resolution of the band to that effect and the concurrence of the Superintendent General, but there is no record of such a resolution or consent. One would suppose that when it was the building only that was sold that the purchaser would be supposed to remove it within a reasonable time. It does not appear that the band has offered any objection to the building remaining on the premises until recently and the purchaser may have been under the impression that he acquired the right to allow it to remain there. I think, however, that the most that the purchaser could acquire under all the circumstances would be the right to have the use of the land while the building stood without any renewal of the building, but I do not think, however, he would have any right to go on repairing the building and holding the premises indefinitely, because that would be equivalent to perpetual use of the land. This building apparently was not in a very good state of repair when it was purchased, and had it not been repaired would have become dilapidated long ago. I would suggest that the Departmental Engineer might be asked to examine this building on his next visit to the Reserve to

Indian Affairs. (RG 10, Volume 7661, File 22005-1 G.T.)

PUBLIC ARCHIVES

ascertain whether there is any good reason why this building should not now be removed, and if not I should think it would be quite regular to order its removal within a reasonable time.

Memo.

DEPARTMENTAL ENGINEER

To Mr. Chene, Departmental Engineer:

Would you be good enough to read the opinion of the Departmental solicitor immediately below with respect to the question of removal of the old Grand Trunk Railway Company's building on the Caughnawaga Reserve. This matter has been the subject of considerable correspondence as you will note by further reference to the file and it would appear that unless there is some good reason to the contrary the building should have been removed long since. This matter was not brought to my attention in time for me to consult with you before your recent visit to Caughnawaga, but when next you visit this Reserve you might give some attention to the matter and upon your return submit a recommendation to the Deputy Superintendent General.

To the Department of Indian Affairs
Ottawa, Ontario.

I, the undersigned, Michel Dubbelbeust, do hereby solemnly declare that:-I was the Chief Councillor of the Caughnawaga Band for the years 1905 and 1906; and I was present at the council meeting held about the first part of December, 1905, at which it was decided to sell the the old Grand Trunk Building, now the property of the Band, to the highest bidder, by public sale, after the usual notice, terms cash, to members of the band, the purchaser to remove the building by demolition, but the occupiers, the Curotto family to remain therein to the first of May 1906. I declare that the same was sold after a public announcement, explicitly incumbent upon the purchaser to demolish same and remove all within the month of May, 1906; the same was sold, the purchaser, being Joseph de Lorande, and on the 20th of April, 1906, a meeting of the Council was held whereby we ratified the sale on my proposition, and I swear that the explicit condition was that the building was to be demolished and removed from the common property of the band; it was never granted that the building was to remain on the common land of the Band, as the Commons could not be sold, without the consent of the Band; the Council did approve of the sale under certain conditions, but the land was never sold. I make the aforegoing declaration knowing and believing same to be true, and I have caused my name to be affixed hereto, before the attesting witness, with my mark by a cross, this sixth day of September, 1924, at Caughnawaga.

DEPARTMENT OF INDIAN AFFAIRS

CANADA

Ottawa, Oct. 29, 1924.

MEMORANDUM: MR. SCOTT

As per request from the Lands Branch I have investigated the question of the removal of the Old Grand Trunk Railway Company's building on the Caughnawaga Indian Reserve, as referred to in the various memorandums hereunder.

This building is located at the entrance to the government wharf in front of the Caughnawaga Indian Hospital. It is a wooden structure one story high, 100 feet long and 34 feet wide, approximately. One-half of it is used during the summer as a restaurant and the other half as a stable. It has no foundation and appears to be in need of extensive repairs. It cannot possible be used in its present condition, as living quarters.

From information furnished me while on the reserve the building could not be sold for an amount exceeding $150.00. on account of the fact that the purchaser cannot acquire the land right at the same time. A number of Indians also informed me that it was understood at the time of the sale that the building would be removed upon a request from the Department. I would, therefore, recommend that the proprietors be instructed to remove it before the first of next May, for the reason that no appreciable benefit can be derived from the use of the building unless extensive repairs were made, and also as it obstructs the view of the drivers between the Caughnawaga-Malone highway and the ferry across the St. Lawrence river.

DEPARTMENTAL ENGINEER.

RECORDS

I thought I like to tell you, that I do "not" want to be bothered here in Caughnawaga, by the Conciles, do you take what they want to do, for me to take the building away from the warfh. You sent Mr. Sheneny here, he did not look for me the owner of the properity, he was with James Curratte and John Jocks, do they own the place for them to be there, I've heard they have measured the size of the land the building holds. I am the one that should have been informed not any one else.

Do "you" want to "undo" the last Testement of late Joseph De Lorande, you know how he made his will.

He has bought that place himself so if you take the building away from there, you break the will of Jos. De Lorande.

You know what I wanted to do

INDIAN OFFICE

At St-Constant,

February 11th 19 25

Depart. File No.
22005.

Sir:-

With reference to your letter of the 31st of October last, I beg to inform you that in accordance with your instructions I have duly notified the present owners or proprietors of the old Grand Trunk Railway Company building on the wharf of Caughnawaga, to remove this building before the first of May next. The notification have been served by Constable Jocks on the 5th day of November last. I am now requested by the proprietor of the building to ask whether you would be willing to reconsider your decision. The contention is that he owns the land as well as the building and that the building having been well repaired, it would be an entire lost if it is to be demolished. The building being also used as an ice-house, the proprietor is urging the Department for a prompt re-consideration of your decision.

WITH ENCLOSURES

The enclosed documents from the proprietor are supposed to throw more light on the matter. I beg to ask whether your decision of the 31st October last is to be maintained.

LANDS BRANCH FEB 12 1925

Caughnawaga. P. Que.
Sat. Feb. 7, 1925

Translated from the Indian Writing of Martin Tsoax former Constable.

I Martin Tsoax, have announced in the month of April 1906, that the Old Grand Trunk Building, was to be sold by auction, the highest bidder will own it. If an Indian that has rights will buy it, the building will remain on the same ground. And, if the buyer has no rights in Caughnawaga, he will remove it as soon as its bought.
Also I have given notice, that the Building will be repaired on conditions, since it will remain on the same place.
There were only two bidders, for the building late Mr. Angus A. Patton, and late Joe Laronde, later the owner, and immediately Mr. Patton was vexed over it, he said he had no rights, cause he was (te wa-ka-na) meaning of another Tribe, that he should remove it. Joe Laronde altered the building soon after he bought; and two of the Councillers at that time worked on the alteration of the house.

Des Affaires Indiennes,
Ottawa,

R

Cher Monsieur:-

Madame James McCumber de Caughnawaga, m'a transmis une lettre de votre département, en date du 11 novembre 1924, et une copie d'une autre lettre en date du 14 février 1925, a propos d'un ordre lui enjoignant de démanager la bâtisse qu'elle possede sur le quai de Caughnawaga.

Madame McCumber m'a demandé de l'aviser et je voudrais savoir les détails de cette affaire, avant de lui donner mon avis.

On me dit qu'un Indien est propriétaire de sa bâtisse et qu'il n'est pas obligé de déménager sa bâtisse, pourvu qu'elle appartienne à la tribue qui habite la réserve où il se trouve.

Dans le cas où Monsieur de Laronde, le père de Madame McCumber a acheté, il lui était permis de demeurer là, parcequ'il appartenait à la tribue de la réserve de Caughnawaga.

Espérant avoir plus de détails par retour du courrier, je me souscris, Monsieur,

Votre bien dévoué.

Montreal, March 2nd, 1925.

Mr. J. D. McLean,
Secretary,
Department of Indian Affairs,
Ottawa, Ontario.

DEPT. OF INDIAN AFFAIRS
MAR 11 1925
RECORDS

Dear Sir:-

Mrs James McCumber, of Caughnawaga, has brought me a letter from your Department, dated the 11th of November 1924 and a copy of another letter dated the 14th of February 1925, about an order warning her to move the building she possesses on the wharf at Caughnawaga.

Mrs.McCumber has requested me to advise her in this matter and I would like to know the details of this case before giving her any such advice.

I am told that an Indian is the proprietor of his house and that he is not obliged to move his building, as long as he belongs to the tribe living on the reserve where he is.

In the case of Mr. de Laronde, the father of Mrs. McCumber has purchased, it was permitted to him to live there, because he was belonging to the tribe of the reserve of Caughnawaga.

Hoping to receive more detailed information by return mail, I remain

Yours, etc.,

Alderic Blaim, L.L.L.

Ottawa, March 23rd, 1925

Sir:-

I beg to acknowledge the receipt of your letter of the 2nd instant with respect to instructions recently given Mrs. James McCumber by the Department to remove a building from the wharf at Caughnawaga.

The building in question is located at the entrance to the Government wharf, Caughnawaga Reserve, and is in front of the Indian hospital at that place. The present owner appears to be under the impression that when the building was originally sold purchase was also made of the land on which it is located. Such, however, is not the case and as it is now considered advisable for various reasons to have the building removed it will be necessary for Mrs. McCumber to carry out the instructions of the Department. She has no claim whatever to the land on which the building rests and removal should be undertaken as soon as possible. If the building is not removed by the first of May next the Department will be forced to take further action in the matter.

Your obedient servant,

J. D. McLean.

Sir.-

Your letter of the 23rd ultimo, addressed to the Hon. Mr. Lapointe, Minister of Justice, has been referred here for reply.

As you are aware, almost a year ago the Caughnawaga Council petitioned the Department to have the old Grand Trunk building removed, and the Department has issued instructions accordingly. The present owner of the building appears to be under the impression that when the property was originally sold, purchase was also made of the land on which it is located. Such, however, is not the case, and it is now considered advisable for various reasons to have the building removed, and Mrs. McCumber must carry out the instructions of the Department in this regard. She has no claim whatever to the land on which the building rests, and if it is not removed within the time specified, the Department will be forced to take further action in the matter.

Ottawa, Ontario,
17th April, 1925.

Memorandum:

Dr. D. C. Scott.

I am enclosing herewith some papers which have been handed to me by Mr. Roch Lanctot, M.P., regarding the action which has been taken to remove some buildings from the Caughnawaga Reserve.

Mr. Lanctot is very anxious before any definite action is taken that the decision which has been arrived at by the Department of Indian Affairs should be submitted to the Department of Justice so that he would be aware if the Department of Indian Affairs is correct in taking the action which has been decided upon.

Will you kindly have the matter looked into and let me know what reply can be made to Mr. Lanctot.

L. D. Pratt

Memorandum

Mr. Pratt.

I am returning herewith the papers which accompanied your memorandum of the 17th instant relative to the proposed removal, on instructions from this Department, of what is known as the old Grand Trunk Railway building on the Caughnawaga Reserve.

We have no doubt whatever as to the correctness of our position in the matter, but if it is the wish of the Superintendent General to accede to Mr. Lanctot's request to have the question submitted to the Department of Justice we are quite agreeable. If it is the Minister's wish that this be done, if you will advise accordingly the necessary submission will be made.

LANDS BRANCH
APR 20 1925

Dear Sir: YOUR FILE NO. 22005 G. T.

We have been consulted by the heirs of the late Joseph de Laronde, with reference to the decision of your Department to have the wooden structure or house, forming part of deceased's estate, removed from the land on which it is situated. The said land is designated as follows:

A building formerly belonging to the Grand Trunk Railway, which served as a station, situated in the Village of the Reserve of Caughnawaga, known as forming Number One of the Cadastral of said Reserve, near the River St. Lawrence;

With reference to the title of the said deceased, in the said building and land, we have in our possession the following documents:

(A) Notarial Copy of Deed of Sale, (bearing No. 1863 of the records of Georges Normandin, Notary), between Jean Blain, Notary of Montreal, (acting in his quality and capacity of Indian Agent, and acting in virtue of a resolution of the Council of the Caughnawaga Reserve

Indian Affairs. (RG 10, Volume 7661, File 22005-1 G.T.)
PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

Reserve, dated December 1st, 1905, approved by your Department), and the said Joseph de Laronde, By virtue of the said Deed of Sale, de Laronde became proprietor of the said building and was given the enjoyment and usufruct, for himself and for his heirs and assigns, of the said land upon which the building is situated, with the right to himself and his heirs and assigns to dispose of the said building and to dispose of the usufruct and enjoyment of the said land.

(B) Certified copy of letter of Department of Indian Affairs, dated May 12th, 1906, approving of the said sale.

(C) Letter of March 26th, 1906, to Mr. Blain, Indian Agent, from Department of Indian Affairs, authorizing sale for not less than $400 cash.

(D) Certified Copy of Notice of Sale dated April 10th, 1906; and certified Copy of Certificate of Announcement by J. W. Jacks, dated April 20th, 1906.

(E) Letter, dated May 12th, 1906, to Mr. Blain, Indian Agent, from the Department of Indian Affairs, stating that, in view of the report of Mr. Blain, the said sale has been approved.

(F) Certified copy of Conditions of Sale, dated April 17th, 1906, signed by J. Blain, Indian Agent, stating that the building to be sold does not comprise the land on which it is erected,"in so far as to the nué propriété, fonds and très fonds, but only the usufruct of said land in favor of the purchaser and his heirs." Proces Verbal of Adjudication follows, forming part of this document.

De Laronde, by will, passed before H. P. Pepin and Georges Normandin, Notaries Public, left the usufruct of part of his Estate, including the building and land in question, to his two children Paul and Marie.

In view of the above, we do not understand how your Department has arrived at the decision to have the

building

Ottawa, April 24, 1925.

Gentlemen,-

re Joseph Delaronde, Caughnawaga.

I beg to acknowledge the receipt of your letter of the 22nd instant, with reference to recent decision of this Department to the effect that Mr. Delaronde must remove the old Grand Trunk Railway building which he at present occupies or owns.

The Department has no doubt whatever as to the correctness of the position taken,-- that when the sale of the building took place, it was understood that the land it was located on was not involved in the purchase. However, as there is some dispute in the matter, it is probable that we will refer the question to the Department of Justice for final decision, in which event you will be further advised.

Your obedient Servant,

J. D. McLean.

19th May, 1925.

Dear Sir,

Many years ago the Grand Trunk Railway Company acquired a right of way for a line through the Caughnawaga Indian Reserve connecting with the ferry between Caughnawaga and Lachine. The Company subsequently ceased to use the right of way, the title to which had always in the Crown. On this right of way near the Wharf was an old building which was also abandoned. On December 1st, 1905, the Council of the band passed a resolution recommending that the said building be sold by auction and it was sold accordingly. For some reason or other the removal of this building has never been insisted on until now. The purchaser claims, however, that he purchased the land on which the building is situated and refuses to move the building.

I am forwarding herewith file No. 22005-G.T. containing a copy of the resolution above referred to, together with all correspondence in connection with this matter, and should be glad to have your views as to whether the owner of the building in question is entitled to the land.

enc. I am also forwarding a copy of the Indian Act.

Yours truly,

Acting Deputy Superintendent General.

RECEIVED

DEPARTMENT OF JUSTICE CANADA

PLEASE ADDRESS
THE DEPUTY MINISTER OF JUSTICE
OTTAWA

OTTAWA, 18th July 1925

R

987-25

Dear Sir,-

I beg to acknowledge the receipt of your letter of the 19th May last upon the subject of a building on a property at Caughnawaga sold at public auction to the late Mr. Joseph de Laronde. You ask to be advised as to whether the owner of the building in question was entitled to the land upon which the building rests.

Before expressing any opinion, I should like to know whether or not the Grand Trunk Railway Company acquired title to the lands or not, and if the Company did, how was the title again vested in His Majesty. In any case, if the title was in His Majesty at the time of the sale, I presume to make a good title, free from the Indian title, it will be necessary to have a surrender to His Majesty from the Indians and to vest the title in the purchaser by Letters Patent. I di not observe that there are instructions from your department about the sale, and I notice that the Notice on the file which was read at the church door made no reference to the title to the lands.

demolish be paid for to the owners thereof at the value put thereon by an appraiser and in the event of the said railway being abandoned the Company not to have the right to sell it to anyone and the land to revert to us as our own property". On the 1st August 1851 William F.Coffin,President of the Lake St.Louis and Province Line railway Company states,- " I have the honour to inform you that the Company having completed all their necessary preliminaries,accedes to the terms proposed by the Indians and accepts the agreement referred to".

The question of abandonment was taken up by the Department in 1881 and 1882 and on the 25th August 1884 the Chief Engineer of the Grand Trunk Railway Company in a letter to Mr.McLeah Walbank says,- "In reference to our conversation today in regard to the making use of the old right of way between St.Isadore Road and the Indian reserve,we have no objection to your using the abandoned right of way as a roadway,you settling with the farmers in regard to fences and securing lands from trespass to their satisfaction. It being understood that inasmuch as we are in treaty with the Indian Department for a full settlement in regard to the abandoned right of way through the Indian reserve,that this right now given shall in no way be construed into anything permanent".

f.23737

It may be that the Chiefs refer to an Agreement made at St.Constant in July 1882 as follows,-

"We the undersigned proprietors of the lands formerly occupied by the Champlain and Caughnawaga Railway Co.,hereby contract and promise for ourselves,our heirs and assigns to give and abandon all the rights and interest we have in the said lands, in favor of the Dept. of Ind.Affs.for the purpose of opening thereon and forever a highway,on the condition however that the Dept, will undertake and shall build the fences and such gates on each side of the road necessary to give ingress and egress to and from our respective lands and we further agree and bind ourselves to make hereafter all the necessary repairs to the said fences and gates and to keep them in good order,without any further charges or damages against the same Dept."

22005

Ottawa, 15th April 1928

Sir,-

With reference to Resolution No.581 passed by the Council of the Caughnawaga band requesting copy of resolution passed in the year 1882 regarding surrender of Grand Trunk Railway right of way, I beg to say that I am unable to find any copy of a resolution on the subject in that year.

There is a letter from Indian Agent G.E.Cherrier, dated 8th August 1882, as follows,-

"The Chiefs and all the members of this Tribe are desirous of knowing what should be done with Grand Trunk.
The Chiefs claim that according to their contract the buildings should belong to the Tribe from the time the Company abandoned the road. Many of these buildings have been taken away to the great dissatisfaction of the Chiefs.
I wrote to you on the 4th Oct.1880 asking for a copy of the said Agreement or Contract but I received no reply. It is again on the request of the Chiefs that I ask you to give me instructions on the subject.
The wharves occupied or le sed by the said Company are dangerous and I do not know very well whom to address to have the repairs made. It appears just that the Company should make the repairs as they reap the benefit."

The first purchase of land from the railway appears to have been made by the Lake St.Louis and Province Line Railway Company, afterwards changed to the Montreal and New York Railway Company and finally to the Grand Trunk Railway Company.

No official abandonment by the railway company appears to have been received by the Department but the conditions of sale to the Lake St.Louis and Province Line railway as set forth by the principal Chiefs and others of the Iroquois Village of Sault St.Louis, dated 16th May 1850, state "and on the further consideration that all the houses, sheds, stables etc., which the contractors or their employees may have to

(108235/1

Ottawa, 26th January, 1903-

Sir,

I beg to acknowledge your letter of the 9th inst. in which you informed me that the St.Lawrence and Adirondack Railway Co. has already built the spur track, referred to in my letter of the 22nd ult. to Chief Councillor John Daillebout.

The Railway Co. had no right whatever to construct the track without the consent of his Excellency in Council having been first obtained. However as the work appears to be of considerable advantage to the Caughnawaga Reserve and as it has been the intention of this Department to ask for the said consent as soon as the question of compensation was adjusted, no present action is necessary.

The question of compensation was submitted to Chief Councillor Daillebout and his Council in the letter above mentioned. I shall feel obliged if they will consider the matter without delay, and inform me if the sums offered by the Railway Co. may be considered to be fair compensation for the land and damages, and if not, what sums should the Co, be asked to pay.

Your obedient Servant,

sgd J.D. McLean.

DEPARTMENT OF
FEB
1903

Dear Sir

25284

I am requested by John. Diabo Chief Councillor for this reserve, to acknowledge the receipt of your letter of the 22nd of December last asking the opinion of the Council in reference to the spur track now built on the holding of Peter Parquis by the St Lawrence. Adirondack Railway Co

Also in answer to my letter of the 9th of January dated 26th January No 168225/1 which you desire to be informed by the Chief and his council if the sums offered by the Railway Co's may be considered to be fair compensation for the land and damages. and if not, what sums the Co's is to be asked to pay

Chief Councillor Diabo requests me to inform you that it is impossible for him and the Council, to give an opinion about the compensation, because they do not know how much land the Railway Co's will require. and in what shape they desire to acquire the land along the spur track

The chief suggest, the Railway Co's to send some one on the spot, to locate, to point out to him, what they require and says the Council then will have no difficulty in giving attention on the question of compensation

Should the Railway Co agree to send one of its officers on the premises, he would like to be notified a couple of days beforehand

Encd.

Ottawa, 7th Feb., 1903.

Sir,-

Referring to your letter of the 26th December last relating to the land required by the Adirondack and St. Lawrence Railway Company for a spur track in the Caughnawaga Indian reserve, I have to say that as there is at present no Indian Agent appointed for the Caughnawaga reserve the question as to whether the compensation offered for the Right of Way you require is a reasonable sum was referred to the Chief Councillor and Council of the Caughnawaga band.

I have a reply from Mr. L.F. Jackson, Caughnawaga, P.Q., who is acting as Secretary for that council, to the effect that Chief Councillor Daillebout suggests that some officer of your Company should point out to him the land required, and that the council would then have no difficulty in giving their attention to the question of compensation. In the event of your sending one of your officers he would like to be notified a couple of days beforehand.

I think the matter could be settled in this way, and shall feel obliged if you can see your way to sending some one there to attend to this part of the business. The Indian council will then notify the Department

M.E. McClary, Esq.,

Martin E. McClary, Attorney,

Office 51 East Main Street,

Malone, N. Y., Feb. 10, 1903.

Hon. J. D. McLean,

Sec. Indian Affairs,

Ottawa, Ont.

Dear Sir:

Your favor of the 7th. inst. (file No.168225) is received. You will understand that this spur if extended at all, is for the benefit of the Caughnawaga Village. The fraction of an acre required is not only unimproved but from most of it the soil has been removed. The offer I made has little relation to the actual value of the property as that would be too small.

As I understand that Chief Counsillor Daillebout is the owner of part of the land crossed, you will see that we probably cannot reach an agreement. I will however do all that I am able and to that end will, on next Saturday the 14th. inst. meet the gentlemen interested at Adirondack Junction at about nine A. M. This is the first date I possibly can make.

The delay as to the map is due to the obligation you have laid upon me to have a provincial Land Surveyor re-survey our railroad work.

Exd.

Ottawa, 12th Feb., 1903.

Sir,-

Referring to your letter of the 2nd inst., I have to say that I have received a letter from Mr. M.E. Moclary, Attorney of the Adirondack and St. Lawrence Railway Company, in which he says he would like to meet Chief Councillor Daillebout and the council at the Adirondack junction at about nine A.M. on Saturday, the 14th inst. for the purpose of coming to an understanding about the compensation for the land taken for the spur to be built by his road.

Mr. McClary points out that only a fraction of an acre is required, and this is not only unimproved but from the greater portion of it the soil has been removed, and as the spur will be for the benefit of the Caughnawaga village the compensation should be very little.

Please notify Chief Councillor Daillebout and the council and ask them not to fail to meet Mr. Moclary in accordance with his notice on next Saturday.

Your obedient servant,

L.F. Jackson, Esq.,
Caughnawaga, P.Q.

Sir. 256841

Department of Indian Affairs

Sir:

You have requested me and my Councillors to give our opinion relative for the compensation for the land taken by the St. Lawrence and Adirondack Railway Co.e for a spur track on the holding of Peter Pequis on this Reservation

We have met Mr. McClary last Saturday the 14th and showed us what he desires to aquire, on the said holding it is sixty feet wide and three hundred and forty feet long

After due consideration and examination we find that it takes the best part of his improvment and cuts his meadow in two, the land being very level and good soil, and high enough that no drainage is ever required

We recommend that Peter Pequis be paid by the Railway Co. for his improvements and damages the sum of $ 150.00

Mr. McClary told you that this land is the refuse of a gravel pit it is not true. the gravel pit is quite a distance away

Respt.

168225.

Ottawa, 2nd Mar., 1903.

Sir,-

Referring to your letter of the 10th inst. relating to the spur track in the Caughnawaga Indian reserve, P.Q., I have to say that the track crosses two properties, that of Micheal Daillebout and Peter Perquis. I have been informed that Micheal Daillebout has already been paid for his improvements by your Company. I may here say that this payment should have been made through the Department.

The land itself in Micheal Daillebout's holding, and the land and improvements in Peter Perquis' holding require to be paid for.

The Caughnawaga council value the improvements and damages of Peter Perquis in the sum of $150. They state that they have considered and examined the matter thoroughly, and find that the best part of his improvements are taken and his meadow is cut in two, and the land also is very level and the soil good.

The Department is disposed to accept the sum of $25. as payment for the two parcels of land taken, apart from the payment to be made to Peter Perquis. I shall be glad to hear from you in this matter at an early date.

M.E. McClary, Esq.,
Attorney,
Adirondack and St. Lawrence Railway Co.,

No. 168225.

Memo.

Ottawa, 5th Mar., 1903.

To the Deputy Supt. General,-

The Adirondack and St. Lawrence Railway Company offered in payment for the Right of Way and damages of a spur track from their line in the Caughnawaga Indian reserve, P.Q., the sum of $25. for the land, and two sums amounting to $60. in payment for improvements and damages.

As there was no Agent at Caughnawaga the Indian council was asked to give their views as to what should be a reasonable sum to cover the said improvements and damages. They put in a valuation of $150., which the Secretary of the Company has accepted, and has accordingly offered to pay the said sum of $150. together with $25. for the land itself. The plan referred to hereunder in the letter from the Secretary, Mr. McClary, is satisfactory.

I beg to recommend that an Order in Council be applied for authorizing the expropriation of the said land and its transfer to the Adirondack and St. Lawrence Railway Company. (Sec. 35 of the Indian Act as amended by Sec. 5, Chap. 33, 1887.

Ottawa, 10th Mar., 1903.

Sir,-

The plan herewith inclosed shows a small tract of land required by the Adirondack and St. Lawrence Railway Company for a short spur track in the Caughnawaga Indian reserve, P.Q.

In accordance with the Minister's ruling which was communicated to you by letter of the 11th November, 1898, I shall feel obliged if you will kindly certify to the effect that the land is actually required for railway purposes, and is such as the Company should be allowed to acquire. Kindly return the plan to this Department.

Your obedient servant,

Ottawa March 14 1903. 190

Sir,

I have the honour to acknowledge the receipt of your communication of the 10th instant, with which you transmit a plan shewing the tract of land required by The St. Lawrence & Adirondack Railway Company for a short spur track in the Caughnawaga Indian Reserve, P.Q., and ask that it be certified by the Chief Engineer of the Department.

In reply, I return the plan in question, which has been certified in the following words:-

"I hereby certify that, in my opinion, the area of land shewn on this plan as proposed to be taken from Peter Parquis and Michel Daillebout is actuallyrequired for the efficient operation of the Railway, and is such as they should be allowed to acquire. Collingwood Schreiber, Chief Engr, R'ys & Canals, 11th March, 1903".

I have the honour to be,
Sir,

Draft Au.

Ottawa, 17th March, 1903.

His Excellency

The Governor General in Council.

The undersigned begs to state that authority is asked by the St. Lawrence & Adirondack Railway Company for the construction by them of a spur track occupying an area of 0.74 of an acre of land on the Caughnawaga Indian Reserve, at Adirondack Junction, as shown on a plan filed with the Department by the said railway company.

As a certificate has been furnished from the Chief Engineer of the Department of Railways & Canals that the strip of land applied for is actually required for the efficient operation of the railway, and as the undersigned knows of no objection thereto, he would respectfully recommend that, under Section 35 of the Indian Act (as amended by Sec.5 of Chap. 33, Vic.50-51) authority be given for the acquirement by the St. Lawrence & Adirondack Railway Company, for the purpose above indicated, of the piece of land referred to, on such terms as seem to the Department proper in the interest of the Indians concerned.

Extract:

266835

At a council meeting on the Caughnawaga Reserve held this day, the thirteenth of October, 1903, at ten o'clock A . M. in the Council-house (the house of Michel Daillebout) for the business of the tribe.

x x x

It was resolved by the said Council to notify the New York Central Railway Company to make or have made its fence on the land which it acquired from Pierre Parquis; that neglect to have these works done is detrimental to the reserve.

The said council thinks it should rest with the said New York Central Railway Company to set right the complaint.

168225 / 1A.

Ex'd.

Ottawa, 28th January, 1905.

Sir,-

Referring to your letter of the 22nd June last relating to the complaint of Mr. F.W. Mc D. Jacobs, an Indian of the Caughnawaga Reserve, I beg to state that this gentleman has called at the Department to put his claim before us in a more forcible manner.

He states that the St. Lawrence and Adirondack Railway Company should make their ditch continuous on the south side of their track from their car-house to the Canadian Pacific Railway track. The C.P.R. should take the water away and let it through their track by putting in a culvert at a point near where their old water tank stands. That Company will be written to on the subject. Mr. Jacobs claims damages to the extent of $250, which he has suffered through the loss of a greater portion of an orchard containing 400 trees, and from soakage from the water pooling in the borrow pits on the south side of your embankment.

He did not specify which railway, or whether both of the railways, he considered were liable for the damage he has suffered. It would appear, however, that his request that your Company should make the ditches on the south side of your embankment continuous is a very reasonable one, and would not entail much expense.

M. E. McClary, Esq.,

Sir,-

I beg to refer you to my letter of the 28th January last on the subject of certain ditching required at ~~the~~ a point along the St. Lawrence & Adirondack Railway track, in the Caughnawaga Indian Reserve. A reply has not yet been received to this letter; I shall feel obliged if you will be good enough to give it your immediate attention.

In this connection I beg to quote, from a report of the Division Engineer of the Canadian Pacific Railway Company, as follows:-

" Immediately on receipt of your first com-
"munication I wrote to the Resident Engineer to make an ap-
" pointment with Mr. Jacobs on the ground, and he wrote for
" the appointment, but as yet has been unable to get an
" answer from Mr. Jacobs, or to find him. I cannot myself
" see what useful object would be served by an appointment
" on the ground in the winter time as the whole place is
" covered with several feet of snow, but as soon as the Re-
" sident Engineer gets this appointment with him, I will
" let you know the result."

" In the meantime, Roadmaster's report at-
" tached shows that $84.45 was spent on the ditch last De-
" cember, and the work was done as well as it could be, at

Dear Sir:-

I have been advised that the portable snow fence placed by our employees upon your farm about one mile south of Adirondack Junction has been several times removed by you.

I beg to advise you that this fence is erected in accordance with section 243 of the Railway Act and any further attempt on your part to interfere with the Company's legal rights in the premises will not be permitted.

I beg therefore to formally notify you that if this snow fence is again removed legal proceedings will be immediately instituted by the Company in order to enforce its statutory rights.

Yours truly,

Indian Affairs. (RG 10, Volume 7661, File 22005-1A)

Dear Sir,-

It is necessary that snow fence be placed on the property of L. Norton and Alex D'ailleboust located about one mile south of Adirondack Junction. This fence was put up as usual a short time ago, but removed by these men. The fence was put up twice and removed, and they claim if it is put up again, they will destroy it. Attached is copy of letter which I have today sent to these men. Will you be good enough to put them right in the matter.

Yours truly,

James Osborne

Sir,-

I beg to acknowledge the receipt of your letter of the 15th instant, and to say that an Indian reserve should not be entered upon for any purpose without the consent of the Superintendent General of Indian Affairs.

The consent to place the necessary snow fences in the Caughnawaga reserve is hereby given with the understanding that if any actual damage is done to the lands the said damage shall be paid. (See Section 143 of the Railway Act.) The Indian Agent, Mr. J. Blain, 161 Montana Street, Montreal, will be requested to instruct Messrs. L. Norton and Alex. Daillebout to allow the snow fences to be placed on their lands. Of course they are to be removed on or before the 1st April next.

MIXED.

Ottawa, ~~18th~~ 19th December, 1905.

Sir,-

A communication has been received from Mr. James Oborne, General Superintendent, Canadian Pacific Railway Company, Montreal, to the effect that Messrs. L. Norton and Alex. Daillebout will not allow the Company to place snow fences on their lands.

The Railway Act provides that snow fences may be erected after the 1st November in each year, and that they shall be removed before the 1st April next following. The Company, however is to pay the damages, if any, that may result from occupying the land.

I have to request you to instruct Messrs. L. Norton and Alex. Daillebout to allow the Company to place snow fences on their lands within the Caughnawaga Indian reserve. You will please examine as to whether any actual damage results from the placing of these snow fences or from occupying the land, and inform me as soon as you reasonably can.

L.B.

(2)

Ottawa, 23rd December, 1905.

Sir, -

The Indians of Caughnawaga have requested the Department to ask your Company to enlarge the station building at the Adirondack Junction. They complain that it is not large enough in the fall and winter for the reasonable comfort of the travelling public.

I shall feel obliged if you will kindly consider this matter, with the view of acceding to the Indians' wishes, if you find the request to be a reasonable one.

Ottawa, 23rd December, 1905.

Sir,-

Referring to the resolution of the Caughnawaga Indian Council of the 1st instant, I have to say that it appears unreasonable to ask the Canadian Pacific Railway Company to stop its 4.30 train from Montreal at the old station, near the arch, when their regular station is a very short distance farther on.

The Company has been asked to consider the request relating to the enlargement of the station building.

Your obedient servant,

Sir,

When at Caughnawaga lately I looked into the complaint of Nebenis, an Indian whose land is contiguous to the water tank of the C.P.R. at Adirondack Jct., that the overflow from the tank was flooding his land.

Dr. Patton and myself looked into the matter and think that there is nothing in the complaint.

SURVEYS.

Dear Sir:-

After the St. Lawrence & Adirondack Railway was taken over By the New York Central interests some two years ago, we found on investigation that the original builders did not file the plans of their several highway crossings for approval by the Railway Committee, as the law then provided. In order to have the records correct, we are doing this at this late day: fifteen years after some of the crossings in question were constructed. Instead of sending to Ottawa to serve you personally with the copies of the plans of the crossings of our road through the Caughnawaga Reservation, we are mailing them to you by registered mail, and we ask that you kindly accept that in place of personal service.

Please acknowledge receipt of the plans; and, if for any reason you cannot accept this informal service, kindly let us know at once.

Very truly yours,

McClary & Allen
Attys for Applicant.

Ottawa Dec II,1908.

Sir,-

The St.Lawrence and Adirondack Railway Company has filed an application with the Board of Railway Commissioners for the examination and approval of the various highway crossings along their line. The said Company has sent to this Department a copy of the said application. The hearing will be had before the said Board on the 5th day of next month.

The application and plan connected therewith show that there are three highway crossings in the Caughnawaga Indian Reserve, namely; the Primeau Road the Grand Trunk Highway and the Viau Road. I have to request you to immediately look into this matter and report whether the said three highway crossings are in a satisfactory condition, that is to say, whether the approaches to them have easy gradients and are well constructed, and whether they are properly provided with cattle guards and fences. You should also report whether the said three highway crossings are the only highways which cross the said line of Railway on which highway crossings should be constructed.

Your obedient servant

J. D. McLEAN

Ottawa Dec II,1903.

Gentlemen,-

I beg to acknowledge the receipt of your letter of the 5th instant and enclosures relating to the application of the St.Lawrence and Adirondack Railway Company to have the several highway crossings along their line of Railway approved by the Railway Committee. This service on this Department as far as the Caughnawaga Indian Reserve is concerned is sufficient. We note that your application is for the approval of three crossings in the said Reserve viz:- the Primeau Road, The Grand Trunk Highway and the Viau Road. The question as to the sufficiency of these highways and their construction will be enquired into and if necessary you will be further advised in the matter.

L.B. Fonblanc

Your obedient servant

J. D. McLEAN.

Rec'd Mar. 18.

At a meeting of the Caughnawaga council held in the usual place of meeting on Jan.19, 1909, at noon, J. Blain, Agent, presiding, assisted by J.W.Jocks, official interpreter, there were present Chief Councillor Michel Daillebout, and Councillors J.B.Daillebout, Peter Norton, and J.B.Treffle, members of the said council and forming a quorum thereof.

It was unanimously resolved to apply again to the Department to take steps with the Railway Commission for the enlargement of the C.P.R.Station at Caughnawaga so as to give more accommodation to the travelling public, and that the culvert between the solid ground and the island on the C.P.R.line to Caughnawage be removed higher up and made wider in order to prevent damage and accidents.

Sir,-

Referring to the meeting of the Caughnawaga Council held on the 19th January last I beg to inform you that the attention of the Canadian Pacific Railway Company has been again brought to the question of providing better accomodation at Adirondack Station, in the Caughnawaga Indian Reserve.

With reference to the request that a culvert presumably under the Railway track, be removed to another point I have to say that this would appear to be a matter of considerable importance and great expense. I have to request you to report in full on the necessity of such removal, what damage and what accidents are feared if the culvert is left in its present position, the value of the damage a description of the present culverts, its cost and a rough estimate of the cost of removing it.

Supply

At a meeting of the Caughnawaga council held on April 16, 1909, at 11 a.m., in the council hall, J.Blain, agent, presiding, assisted by J.W.Jocks, official interpreter, there were present Chief Councillor Michel Daillebout and Councillors J.B.Daillebout, Peter Norton, Thos. Lazar and J.B.Treffle, members of the said council.

After taking communication of the letter from the Department of March 23, 1909.No.168225-1A, the council gave the following explanations,-namely:-

1. That the culvert in question, being too narrow and too low, causes inundation at the time of the high water.

2. That in the summer season, at low water, the draining away not being fast enough, the water stagnates and becomes unsuitable for use, and the miasma that comes from it is liable to produce serious illness: already several animals have died of disease brought on by drinking ~~from~~ this poisonous water.

3. In spring, when the inundation takes place, the inhabitants of the houses in the neighbourhood are obliged to leave their homes with all their effects, suffering in this way loss and damage.

4. That, according to the allegation of the chiefs of that time, the C.P.R. at the time of the establishment of its line promised to make and build an arch bridge to be used between the island and the mainland in place of the culvert referred to; it is this arch of 30X30 that is to be built to overcome all these difficulties.

5. That the damage that has already been caused by the culvert may amount to between $800 and $900.

6. As for the cost of the work to be done to improve the present condition, the council declares itself incompetent to give an estimate. (Sgd) J. Blain agent

Ex'd.

Ottawa April 30th,1909

Sir,-

I beg to inform you that the Indian Council of Caughnawaga has forwarded to the Department through the Indian Agent, Mr.J.Blain, a request that the culvert under the C.P.R.track between the solid ground and the Island,in the Caughnawaga Indian Reserve, be removed to a more suitable position and made wider. They allege the following reasons,-

1.That the culvert in question is too narrow and too low,and therefore,the water backs up and floods the land at the time of high water.

2. That on account of the water not being able to escape fast enough during the summer season it stagnates.

3. In the spring during the flooding above referred to,the owners of houses in the neighborhood are obliged to leave their homes with all their effects much to their loss and damage.

4. That they were promised at the time of the construction of the C.P.R. that an arch bridge 20 ft would be built which would overcome all these difficulties.

5. That the damage already caused by the culvert being too small, may be estimated at about $ 800.00 or $900.00.

I shall be obliged if you will be good enough to bring this matter to the attention of the proper officer of your Company.

The Secretary,

346068

Dear Sir,-

I beg to acknowledge receipt of your letter of April 30th, received here during my illness, and in reply to say that our records show the opening referred to is in accordance with an understanding made with the Department in 1893, and dealing further with the complaint now made, would say that the culvert is a 6' masonry arch under a 57' embankment, at both ends it is connected all the year round by open water with the St. Lawrence River, and except for a small stream that a 36" pipe would carry, the only water passing through this arch is the water of the St. Lawrence River, and it is quite apparent that any flooding above and below is not attributable to the smallness of the arch, but to the high water in the St. Lawrence River. This arch runs about half full during the driest part of Summer, so it is impossible for water on the upper side to stagnate. The flooding in Spring is caused entirely ~~the~~ by a rise in the River, the waters of which cover the land almost entirely between the River and culvert.

Yours truly,

133318.

Ottawa July 5th. 1909

Sir ;

Referring to your resolution of the Caughnawaga Indian Council of the 16th. of April last relating to a culvert under the C.P.R. track between the solid ground and an island, I beg to inform you that in a reply to a communication from the office of the General Manager of the said Railway, it is stated that the opening referred to is in accordance with an understanding arrived at in 1893 and that the culvert is a six foot masonery arch under a 57 foot embankment,, at both ends it is connected all the year around by open water with the St.Lawrence River, and except for a small stream that a 36 inches pipe would carry, the only water passing through this arch is the water of the St.Lawrence River, and it is quite apparent that any flooding above and below is not attributable to the smallness of the arch, but to the high water in the St.Lawrence River. This arch runs about half full during the driest parts of summer, so it is impossible for the water on the upper side to stagnate.

The flooding in Springs is caused entirely by a rise in the River, the waters of which cover the land almost entirely between the River and the culvert. Kindly inform the Indian Council accordingly.

Sir,-

I beg to acknowledge the receipt of your letter of the 12th instant, together with your account for registration of Letters Patented number 13347, and in reply I beg to say that if you will read carefully the ~~Department's~~ official letter of the 11th October, you will understand the reason why your account which was previously presented was not paid by the Department. Unless you can show satisfactory reasons why the said account should be settled by the Department, payment will not be made. I may add that the Department keep on file copies of all official letter sent out. As it was therefore unnecessary for you to send the documents which accompanied your letter, they are returned herewith.

Your obedient servant,

Asst. Secretary.

Ex'd

Ottawa Nov 5th,1909

Sirs-

Complaint has been made to this Department that about two feet of mud and drift has been allowed to accumulate in the Culvert under your Railway on the Caughnawaga Indian Reserve.

At the present time there is said to be no water running through this culvert and that the water above has become stagnant.

Owing to there being no fence to protect this culvert the cattle belonging to the Indians try to pass through and become mired, several having been lost in this way.

I shall feel obliged if you will have this matter examined into and the culvert put into proper shape and the fences erected to properly protect the culvert.

Your obedient servant

J. D. McLEAN

Secretary.

J. D. McLean, Esq.,
Secy. Dept. of Indian Affairs,
Ottawa, Ont.

Dear Sir,

In further reply to yours of November 5th, An examination has been made of the culvert adjoining the Caughnawaga Indian Reserve and it is at present in practically the same condition as when built about fifteen years ago.

It was constructed as a water way and there is usually a depth of over twelve inches of water flowing through it with a considerably heavier volume during the Spring. A permanent fence or bars placed across the mouth of the culvert is liable to catch drift and to block the opening thereby endangering the bank.

A barrier however will be placed to prevent cattle going through as soon as the water recedes in the Spring.

Yours truly,

W. Leonard

Ottawa 21st February, 1910.

Sir,

I beg to say that the Department is in receipt of your letter of the 17th instant, addressed to Dr. Bryce in regard to the number of Indian patients treated by you during the past year; and in reply I may say that the Department has observed your remarks with regard to prevailing conditions on the reserve, and their bearing on the health of the Indians.

You state that wall built out into the river by the late Hon. Jocks, causes stagnant water toxins in front of the reserve. It is observed that you say it would cost from $100.00 to $150.00 "to remove this dangerous water". The Department has consulted with Mr Chene C.E., in the matter, and he suggestes that an arch be constructed under the centre of the wall, which would permit of a free passage of water, thereby over-coming the difficulty with less expense than would be attendant upon the removal of the wall. The Department desires a full and aplicit report from you in this connection. You should state whether you had a plan such as suggested by Mr Chene in mind when you wrote the Department. The Department is prepared to consider any suggestion which you may think well to make.

With regard to your remarks respecting the very unsanitary condition of the Adirondack Junction (C.P.R.) waiting -room, I beg to say that the Department has written to the Board of

A.O. Patton, Esqr., M.D.,

Caughnawaga, P.Q.

254,017 - 5

Ottawa, 19th February, 1910.

Sir,

I beg to inform you that the Department is in receipt of a letter from Dr. A.O.Patton, of Caughnawaga, in which he draws attention to the fact that the waiting-room in the Station at Adirondack Junction, Canadian Pacific Railway, is altogether too small to accomodate the number of persons who are obliged to remain there each day until their respective trains arrive. Dr. Patton states that the dimensions of the room are 11 x 12 x 8 ft. and that the average daily number of persons waiting for trains is 90. He says that he obtained his figures from the Railway Company's Agent. The passengers have to wait from 15 minutes to one hour and the result is that the air in the room becomes poisonous, and to this unsanitary condition the Doctor attributes one hundred cases of influenza.

In view of the foregoing the Department requests on behalf of the Indians and other travelling public that ~~steps be taken to furnish~~ the Company be requested to provide a proper waiting-room at this point in place of the one which is at present in use.

Your obedient servant.

S I R ;- File 168225 - 1A

I have the honor to refer to your letter of the 23rd. March last addressed to the Senior Assistant to the President of this Company relative to providing of additional facilities at Adirondack Junction Station.

In order to comply with the request of your Department and provide additional accomodation in this Station, it is considered necessary to build a dwelling house for the Station Agent, who at present dwells in part of the station buildings. That portion now occupied as a dwelling will thereafter be converted into a waiting room.

There is no land within the Company's Right of Way at this point suitable for the construction of a dwelling house, and it will therefore be necessary to secure a piece of land in the vicinity.

I enclose herewith a blue print showing edged in red the land which would be most suitable for this purpose. I unde

stand it is located within the Indian Reserve and I have been directed to request the Department to Deed this land to the Company.

The Company is very anxious to secure this land at as early a date as possible so that the proposed dwelling house may be constructed, and the additional accomodation thereby provided at the station before the summer business begins.

I have the honor to request an early reply to this letter.

Your obedient servant,

E W Beatty

Ottawa March 3rd,1910

Memorandum for

Deputy Minister:-

With reference to letter under fx of the 2nd inst from the Assistant Solicitor of the C.P.R. Company asking that a small area of land be deeded to the Company off the Caughnawaga Indian Reserve for the purpose of building a dwelling house for their Agent at Adirondack Junction so that they can use the whole of the present building for station purposes,I may say that the plan they forward gives no idea of how much additional accomodation will be provided in case they do get the use of the whole of the present building.

Dr.Patton of the Reserve wrote sometime ago complaining of the station and on the 19th Feby.last the Secretary of the Board of Railway Commissioners was written to in regard to the matter. I think it would be well if an official of the Department could go there and see personally what the station would be like when all in use as a station building,what size it would be, and also see the Indians as to whether they would give up or surrender or lease the area required for dwelling house.

There is also another question concerning a road to the station which might be gone into.

I would recommend that if he can spare the time, Inspector Conroy be sent down to go into this whole matter

Ottawa March 4th,1910

Sir,-

Complaints having been made to this Department regarding the Railway Station at Adirondack Junction on the Caughnawaga Reserve the Canadian Pacific Railway Company have written this Department agreeing to remodel the present building so as to use the whole of it for the accomodation of the public,but state they will require additional ground on which to build a dwelling house for the station Agent who now lives in the present station building. For the latter purpose they have asked additional ground on the reserve one hundred feet square.

I have to request you to proceed to Caughnawaga and examine the present station and see what space by these improvements will be added also see whether it will be agreeable to the Indians and upon what condition they will surrender or lease the additional ground required for thepurpose of a dwelling house. If they are satisfied with the proposed improvement it will be well to have the written consent of the Band to the proposed surrender or lease. A plan is enclosed showing the station and the land required.

While there you will also look into a proposal to widen the street leading from the Caughnawaga and La Pariric road to the C.P.R. station. The proposal so far has been to take 15 feet off the land belonging to Cross-the-River and also to take a block 100 feet by 85 feet adjoining the Railway

MAR 17 1910

DEPARTMENT OF INDIAN AFFAIRS CANADA

360704

Ottawa March 9, 1910.

Sir,-

In compliance with instructions received I left on Monday evening for Caughnawaga to investigate complaints regarding the Railway Station at Adirondack Junction on the Caughnawaga Reserve.

The C.P.R.station is altogether too small for the accomodation of the public and as the property belonging to the Company is very limited they will have to purchase ground on one side or the other of the track to build a residence for the station agent. If this could be done then the station building could be enlarged. I do not think that the Railway Company would have any difficulty in securing enough land for this purpose.

The Indians desired to know what the Railway Company would be willing to give for 100 feet square for such a residence but as I had no data to work upon I could not go into the matter with them. I am satisfied that if the C.P.R.Company will deal leniently with the owners of the property that they will give their consent

In reference to the widening of the roadway from the C.P.R. station to the Caughnawaga and La Raririe road it seems to me of little consequence which side of the road is taken to widen the present roadway. I would suggest that it be 33feet wide and that would be only one half of the proper allowance. If desired to be made straight it can be very easily done.

As for the block of land required by the Railway

Secretary,

Department of Indian Affairs.

Indian Affairs. (RG 10, Volume 7661, File 22005-1A)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

360704

for the accomodation of teams it should be about 100 feet long and 50 feet wide adjoining the Railway proper, this I think would be sufficient with plenty of room for turning It would make very little difference whether it was taken from Mattias Leburn or Across-the-River. The value of the property would depend upon the Railway Company.

In regard to the obstruction of the river as it was in flood at the time I found it quite impossible to ascertain at the time what was really required to be done.

Your obedient servant

M. V. Conroy

Inspector.

Indian Affairs. (RG 10, Volume 7661, File 22005-1A)

Minister

1 to 2

Ottawa March 19th, 1910.

Sir,- Re. Adirondack Station.

With reference to your letter of the 16th inst. I beg to inform you that the Department has had a report on the lands generally required by your Company for a Station Agent's residence and for more facilities for teams etc. It appears there will be very little difficulty in obtaining the land for the purpose required provided your Company is prepared to pay a reasonable sum for the said tracts of land.

Referring to the blue print plan which accompanied your letter of the 2nd instant I have to draw your attention to the fact that only the block of land required for the Agent's residence on the ~~Eastern~~ Western side of the Railway track is indicated thereon. In addition to this it would appear that a small piece of land is required for the extension of the road way to the said block required for the Agent's residence. The small block on the North Eastern side of the tract required for accomodation for teams delivering, freight etc. is not shown on the said blue print I shall be obliged if you will be good enough to have a plan on tracing cloth prepared and forwarded to this Department showing precisely the lands and their locations required at the points in question by your Railway Company.

E.W. Beatty, Esq.,
Assistant Solicitor,
Can. Pacific Railway Co.
Montreal, Que.

Indian Affairs. (RG 10, Volume 7661, File 22005-1A)

I shall be obliged if you will also have shown on the said plan the road on the North eastern side of the track leading from the station to the Caughnawaga and La Prairie road.

On receipt of the said plan the valuation will be made of the land required and you will be immediately advised of the amount of the said valuation.

With reference to the above matter it is thought that your Company should comply with the provisions (a) (b) subsection 3 of Section 178 of the Railway Act.

Your obedient servant

W. D. McLEAN.

Secretary.

Indian Affairs. (RG 10, Volume 7661, File 22005-1A)

A. J. Nixon, Esq.,
Chief Operating Officer, B.R.C.,
Ottawa, Ont.

Dear Sir,- File 13831, Waiting-room accommodation at Adirondack Junction.

In reference to Mr. J. D. McLean's complaint of Feb. 19th 1910, relative to insufficient waiting-room accommodation at Adirondack Junction, I respectfully beg to submit the following report.

I have visited the place and find the above complaint to be true in regard to the size of the waiting-room accommodation. The waiting-room is too small to accommodate the passenger traffic.

Adirondack Junction is a joint station for the New York Central and Hudson R.R. and the Canadian Pacific Railway. The N.Y.C.&H. owns the station but it is operated by the Canadian Pacific Railway.

I understand that both companies have now come to an understanding recognizing the necessity of enlarging the waiting-room referred to.

With that matter in view the Canadian Pacific Railway will as soon as they can secure the necessary land and obtain a deed from the Indian Department at Ottawa erect a separate building for the Agents residence and will then use that part of the station now occupied by him and his family to enlarge the waiting-room, which will give an additional space of 15' 4" X 13' 3" thereby doubling the present area viz 36' 7".

General Superintendent Murphy of the Canadian Pacific Ry. has informed me that he has everything in readiness to go on with the construction. The appropriation is passed etc, etc, and the only obstruction now is with the Indian Department at Ottawa. Under the present circumstances the quicker the Indian Dept. will act the quicker the people of that district will get a larger waiting-room and will then give adequate accommodation.

Yours respectfully,

(Sgd) E. C. LALONDE.

A.D.Cartwright,Esq.,

Secy.Board of Railway Commissioners,

Ottawa,Ont.

Dear Sir,-File 13831, Complaint of Dr.Patton,
Caughnawaga

I have your letter of yesterday's date enclosing copy of Mr. McLean's letter to you of the 19th ultimo, and copy of Inspector Lalonde's report.

It isthe desire of this Company to provide additional accommodation at Adirondack Junction Station, and in this connection I wrote Mr. McLean on the 2nd instant to the effect that, as there was no land within the Company's right of way suitable for the construction of a dwelling house for the station agent it would be necessary to secure a piece of land in the vicinity. The land which would be most suitable is located in the Indian Reserve, and I made application to the Department for a grant of the same.

It is the intention to build a dwelling house for the Agent, who at present lives in part of the station buildings, so that that portion now occupied by him can be converted into a waiting room.

I am hopeful that a satisfactory arrangement will be made with the Department of Indian Affairs, and that additional accommodation will be provided in the near future.

Yours truly,

E.W.Beatty

S i r :- Re Adirondack Station - File 168235-1A

I beg to reply to your letter to me of the 19th. ult. and as requested therein I enclose herewith a tracing on linen shewing the roadway leading Northeast from the Station, and also shewing, bounded in red, the land we require at this point.

You will observe this plan is slightly different from that which I sent you previously as our Engineer has ascertained that the road extends farther than he had first thought.

Owing to the meagreness of the information obtainable at the Registry Office I am unable to give you a correct description of the land.

With regard to the last paragraph of your letter, do you not think that we can come to an amicable arrangement in regard to this matter. If we can recourse to the procedure prescribed by Section 178 of the Railway Act would seem to be unnecessary.

I shall be glad to hear from you further in the matter as soon as possible.

Your obedient servant,

Ottawa April 14th, 1910.

Sir,-

I beg to acknowledge the receipt of your letter of the 6th instant and of the plan enclosed therewith showing the land required by the Canadian Pacific Railway Company at the Adirondack station in the Caughnawaga Indian Reserve.

It is noted that the road allowance is drawn up to the lot(100 feet square)desired by the Railway Company but the area occupied by the production of the said road allowance is not noted on the plan.

With reference to the procedure in Section 178 of the Railway Act it is thought that if you file with this Department a plan certified in the usual manner by the Chief Engineer of Railways and Canals it will answer the purpose desired. I may explain that when lands are required for Railway purposes in an Indian Reserve they may be obtained with the consent of His Excellency in Council without the usual surrender from the Indians. A plan so certified is desired in order to obviate the necessity of taking a surrender.

Your obedient servant

E.W.Beatty,Esq.,
General Solicitor,
Canadian Pacific Railway,
Montreal,Que.

Memorandum for

Mr. Conroy,-

Referring to your report of the 9th ultimo on the extra land required by the C.P.R. at the Adirondack Station in the Caughnawaga Reserve I have to request you to be good enough to refer to the plan on file accompanying letter from Mr. E.W.Beatty of the 6th instant and state what is the value of the lot of land shown thereon I00 feet square and of the approach thereto. Also who is the Indian that owns the holding on which the land is situated and what proportion of your said valuation should be paid to the Indian and what proportion should go into the funds of the Indian Band.

J.D.

Secretary.

Indian Affairs. (RG 10, Volume 7661, File 22005-1A)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

Ottawa, April 15th. 1910.

Memo. for the Secretary.

With reference to your memo. of April 14th. 1910, on extra land required by the C.P.Ry. for a residence for their Agent at the Adirondack Station on the Caughnaga Reserve, I might say that in my opinion the Indians should get $100.00 for their interest, and that the balance if any should go to the Department.

From the correspondence of the Railway Company, I have not seen that they have offered anything. It is my opinion that they should make an offer for the land needed for the residence they require. One hundred feet square is worth more to them than to anyone else, but as to the real value, it is, I think, for them to say.

According to the map on file, the part they have marked in red shows on the South East side, and I think belongs to Mattias Leburn. I could not be certain, however, of the ownership.

Your obedient servant,

M. A. Conroy
Inspector.

Mr Conroy says that he is not sufficiently informed of land values in Caughnawaga - that Agent Blaine should be able to give a reliable valuation.

Ex'd

Ottawa April I9th,I9I0

Sir,-

Enclosed herewith is a blue print copy of a plan showing a lot I00 feet square in the Caughnawaga Indian Reserve, together with a road allowance thereto, desired by the Canadian Pacific Railway Company, on which to erect a station Agents residence, in order to increase the accomodation at the station itself.

Kindly value the said land and state if the name of the Indian owner is correctly mentioned on the plan. I may say for your guidance that Mr. Inspector Conroy has stated that the Indian owner should receive $I00.00 in payment for his interest in the land, so your valuation will necessarily be greater that $I00.00. It might be well to consult the Indoan owner in this matter with the view of getting his approval of your valuation.

For J.D.

A demand will be made on the Railway Company for the sum which you may mention. You will understand that after paying the Indian for his interest in the land the balance will go into the general fund of the band.

Your obedient servant

J.D. McLean

DEPARTMENT OF INDIAN AFFAIRS MAY 7 1910

Montreal, April 30, 1910.

Sir,-

Referring to your letter of the 19th inst., No.168225-1A, I visited the land described in your letter and on the plan belonging to Michel Daillebout. This land, measuring 100 feet square, for the erection of the building that the C.P.R.Company wishes to put up, may be worth $150.00, $100 for the owner and $50 for the funds of the band.

Michel Daillebout, whom I consulted , agrees with this estimate and will give up the property on those conditions.

Your, &c.,

J. Blain,

DEPARTMENT OF INDIAN AFFAIRS MAY 25 1910

Sir:- re Adirondack Station Extension - Department File 168225-1A.

Referring to your letter to the General Solicitor, of the Canadian Pacific Railway Company dated 13th May, 1910, fixing the sum of $150.00 as the purchase price of the lands applied for by the company we are instructed to say that the Company are satisfied with the price asked and that a cheque will be sent you in a day or two. In the meantime we have the honour to ask that the necessary steps may be taken to grant the lands to the company without awaiting the cheque as the company are very anxious to take possession and commence operations at the earliest moment possible. If the receipt of a cheque should be essential before any further step can be taken and if you will notify this firm by telephone we will at once send our own cheque for the amount and in any event, as we say, the Company's cheque will be in your hands in the course of a few days.

We have the honour to be,
Sir,

Grant to R'Bay

Ottawa, 4th June, 1910.

His Excellency

The Governor General in Council.

The undersigned begs to report that the Canadian Pacific Railway Company has applied to the Department of Indian Affairs for a piece of land comprising an area of .33 of an acre on the Caughnawaga Indian reserve, in the county of Laprairie, in the province of Quebec, the same being required in connection with an extension of their Adirondack Junction station. The Company has furnished a certificate of the Chief Engineer of the Department of Railways & Canals, endorsed on a plan showing the location of the land applied for, that the said piece of land is actually required for railway purposes and is such as the Company should be allowed to acquire under Section 46 of the Indian Act.

The undersigned would recommend that, under the provisions of the said Section 46 of the Indian Act, the Canadian Pacific Railway Company be allowed to acquire the piece of land referred to, upon such terms as may be agreed upon.

Sir:- re Station Ground - Adirondack Junction - File 168225 1A -

In answer to your letter of 30th May enclosing suggested description for patent of land, which the Company is purchasing from the Department at Adirondack Junction, we have the honour to enclose revised description prepared by W. A. Cowan, the Company's Resident Engineer, which in the Company's opinion is preferable to the one prepared by Mr Gray. In the latter the point of commencement is a chainage on the Company's main line. As this is liable to change the Company does not think it a good reference for a starting point. Furthermore 40 feet of right of way is included in the description leading from the public highway to the property it is desired to acquire. This should not be included as it has already been bought and paid for. Finally the land should not, it is submitted, be described as "rectangular".

We have the honour to be,

Sir,

Your obedient servants,

the Application of the St. Lawrence and Adirondack Railway Company, (New York Central & Hudson River Railroad Company, lessee,) for leave to extend a side track near Adirondack Junction in the County of LaPrairie, Canada, across the highways known as Viau Road and Grand Trunk Highway, the same being now crossed by the main line of said company's railroad, and said side track being on the right of way of said company.

- -

To the Honorable

Board of Railway Commissioners for Canada:

The St. Lawrence and Adirondack Railway Company, (New York Central & Hudson River Railroad Company, lessee,) a company duly incorporated and existing under and pursuant to the laws of the Dominion of Canada and the state of New York, U. S. A., respectfully makes application to your Honorable Board for an order allowing this applicant to extend the present side track now existing at Adirondack Junction on the south side of its main line, southerly and westerly along its present right of way and across two highways in the County of LaPrairie, known as the Viau Road and the Grand Trunk Highway, said highways being now crossed by said applicant's railroad and said crossings having been approved by your Board January 5th, 1909. The same to be as shown by the plans and specifications herewith filed and made a part of this application. Said extended side track to unite with the main line some 100 feet westerly of said last named highway crossing.

This application is made under Sections 235-237 of the Railway Act.

This application is made for the reason that the demands of traffic necessitate longer sidings at this junction point.

Ottawa, July 14, 1910.

Gentlemen,-

In reply to yours of the 14th inst., requesting the consent of this Department to allow the St. Lawrence & Adirondack Railway to cross with a siding the Viau Road and the abandoned Right of Way of the Grand Trunk Railway and used as a highway according to the plan you have filed I have to say that in view of your statement that your Company will take due care not to allow cars to stand on the said crossings and that if you will also not obstruct the said highways more than is absolutely necessary this Department will not object to the crossings desired.

It is of course understood that they will be duly provided with cattle guards and properly fenced and that all farm crossings will be duly provided for.

Your obedient servant,

Asst. Deputy Minister.

Sir,-

Application has been made by the St. Lawrence & Adirondack Railway Company for permission to cross with a siding the Viau Road and the Grand Trunk highway. The siding will be built on the Company's Right of Way; the permission requested is merely to cross the said highways.

The consent of this Department has been given on condition that all due care shall be taken not to allow cars to stand longer than absolutely necessary on the said crossings, that the highways will be obstructed as little as possible, that necessary cattle guards and fencing will be built and that farm crossings will be duly provided for. Kindly inform the Indian Council and see that the Railway Company is not obstructed in its reasonable operations.

Your obedient servant,

Asst. Deputy Minister.

Order No. 11252

THE BOARD OF RAILWAY COMMISSIONERS FOR CANADA

367878

FRIDAY, THE 15TH DAY OF JULY, A. D. 1910.

HON. M. E. BERNIER,
Deputy Chief Commissioner.
S. J. McLEAN,
Commissioner.

IN THE MATTER OF the application of the St. Lawrence & Adirondack Railway Company (New York Central & Hudson River Railroad Company, Lessee), hereinafter called the "Applicant Company", under Section 237 of the Railway Act, for authority to construct its railway across the highways known as Viau Road and Grand Trunk Highway, near Adirondack Junction, in the County of Laprairie, Province of Quebec, as shown on the plan and profile on file with the Board under file No. 15138:

UPON the report of an Engineer of the Board approving of the said plan and profile, and the consent of the Department of Indian Affairs of the Dominion Government, filed--

IT IS ORDERED that, subject to the con... said consent, the Applicant Company be, and ... construct its side track near Adirondack J... Laprairie, across the highways known as Vi... the same being now crossed by the Applican... side track being on its right of way, as ... file with the Board under the said file No. ...

(S G'D.) M. ...
Deputy ...
Board of ...

BOARD OF RAILWAY COMMISSIONERS FOR CANADA.
Examined and certified as a true copy under Section 23 of "The Railway Act.

Sec'y of Board of Railway Commissioners for Canada.

ACCOUNTANT
AUG 5 1910

[D.I.A.]

In reply to the enquiry of the Caughnawaga Council of the 22nd.instant you may inform them that the site for the residence of the Agent of the C.P.R. Company will be sold to the said Company under the Provisions of Sect.46,of the Indian Act and under the authority of an Order in Council dated 7th ultimo.

The lot was valued by Mr.Inspector Conroy and by Mr.J.Blain,Indian Agent, who also consulted Mr.Michel Diallebout the Indian owner of the land. The sum arrived at and which the Company has agreed to pay is $150.00,$100.00 will be paid to Mr.Michel Diallebout and the remaining $50.00 will be placed to the credit of the Caughnawaga Band.

The transaction is not yet quite concluded, although the Company has paid the sum into the Department, as there is a little difficulty which is being arranged,in connection with the description to be placed in the patent.

Your obedient servant

S Stewart

Lorenzo Letourneau,Esq.,
Asst.Indian Agent,
St.Constant,Que.

Acting Asst. Deputy Superintendent General.

Asst. Secty 4 Aug 1910
I think the above mentioned sum of $100 should now be paid to Michel Dailleboust as the Ry. Company have entered on the Land for construction purposes and in accordance with Agent Ham's valuation of 30 April last. L. Bray

3rd The Department is requested to remind the Canadian Pacific Railway Company of Canada to fulfill its promise to the tribe that as the first opportunity whenthe water is low,the Company would clean out the culvert or viaduct between the main land and an island at Caughnawaga,under its right-of-way. The Company was is is sated to put an iron grating at the opening on the west ~~ern~~ side,to prevent animals or persons being carried through said culvert at high water. This matter is mentioned because conditions are now favourable towards putting on the grating.

168225-1a

Ottawa, August 30, 1910.

Sir,-

I have the honour to inform you that the Indian Council of Caughnawaga has requested that your Company be requested to fulfil its promise to the tribe that at the first opportunity when the water is low the Company would clean out the culvert between the mainland and an island at Caughnawaga, under its right of way. Also to put an iron grating at the entrance to the culvert on the western side, to prevent animals or persons being carried through the said culvert at high water.

There does not appear to be any record in the Department of the said promise; it was probably a suggestion of an officer or employee of the Company on the ground. The request appears to be a very reasonable one, and as the water is very low at present, I shall be obliged if you will bring the matter to the attention of the proper officer of the Company.

Sir,-

I beg to acknowledge the receipt of your letter of the 23rd instant in which you state that the New York Central Railway Company has commenced to build a house on Lot 2I0 of the Caughnawaga Indian Reserve. I have to say that no notice of any kind has been sent to the Department in connection with building a house except the Agents house of which you were informed on the 2nd instant.

Kindly give further details,especially the distance the house is from the centre of the main track and its location as nearly as possible.

Ottawa Sept 13th,1910.

Sir,-

With reference to letter to you of the 29th ult. I beg to inform you that Mr.F.M.Jacobs of Caughnawaga has called at the Department and has explained that the house the New York Central Railway Company is building on lot 210 in the reserve is situated in the extra width which you will note on the plan which has been sent you by Registered mail. The said extra width is just as much the property of the Railway Company as the ordinary right of way itself. It was purchased at the same time that they purchased the right of way.

The blue print which has been forwarded to you is for your use and record in your office and for reference in any case that may arise.

Your obedient servant

Lorenzo Letourneau, Esq.,
Asst.Indian Agent,
St.Constant,Que.

Dear Sir,

Referring to your letter of August 20th to our Secretary in connection with the culvert at Caughnawaga.

We have had this culvert thoroughly cleaned from end to end, except for some gravel and stones at outlet and inlet, and when we are doing some work in this direction next Spring the extension will be considered.

Yours truly

J. W. Leonard

DEPARTMENT OF INDIAN AFFAIRS
NOV 2
1910

OCT 30 1910

ASST-AGENT'S OFFICE,
for Caughnawaga,

Dept'letter
168225-IA, Aug2nd.

St. Constant, October 29th. 1910

To the Secretary,
Department of Indian Affairs,
Ottawa,

Sir:-

I beg to inform you that yesterday when I was at the Agent's office in Caughnawaga, I have met Mr. William Meloche of the same place and he inquired about the site that was sold to the C. P. R. Company for the residence of their Agent, this building is now in construction on lot No 208 of the Reserve, and MrMeloche claim this lot 208 to be his, and he does not understand how Michel Daillebout was paid for this portion of the said lot when as per Meloche, Daillebout is not entitled to it.

On the 11th of last August I have handed to Michel Daillebout a Department cheque bearing No2229, dated August 5th. and referring to your letter dated Aug.2nd No 168225-IA, I notice that " Mr Blain Consulted Mr Michel Daillebout the Indian owner of the land" , in this case, that either one, Meloche or Daillebout cannot show by deeds etc., that one of them is the owner, I beg to ask you if the Department could give any information as to the question.

Your obediant servant,

Lorenzo L'Heureux

Asst-Agent

Sir,

C. P. R. Station Grounds Adirondack Junction
File F 389360.

We are in receipt of your letter of July 8th, and also of your letters of June 7th and June 3d. We enclose herewith description which the Company would prefer for use in the patent, and which we think is not open to the objections urged against the one previously sent.

We also enclose duplicate plan for the purpose of being attached to the patent.

We find that the roadway referred to in our letter of 13th June, was purchased directly from the Indians and no application to the Department with respect to it appears ever to have been made.

We have the honour to be, Sir,

Your obedient servants,

Encl.

Ottawa Nov 7th,1910.

Gentlemen,-

I beg to acknowledge the receipt of your letter of the Ist instant and of the description and blue prints of the lot in the Caughnawaga Indian Reserve near the Adirondack Station to be sold,presumably to the Canadian Pacific Railway.

The description which you have forwarded will be inserted in the patent with the exception that the plan will be quoted as " a plan of record in the Department of Indian Affairs,dated at Farnham,29th Sept. 1910 and numbered 322145 ". I may explain that our system of registering patents does not admit of attaching plans.

I have to request you to be good enough to forward for permanent record, a plan on tracing cloth and also to state in whose favour the patent is to be issued.

Your obedient servant

J. D. McLEAN

Ottawa Nov.7th,1910.

Sir,-

With reference to your letter of the 9th ultimo I have to say that Lot No.208 in the index furnished by the surveyor,Mr. Walbank, when he made the survey of the Caughnawaga Indian Reserve about twenty-five years ago is in the name of widow C Meloche-Tsotewe. Owing to the lapse of a great length of time the lot has probably changed hands,but as no location ticket has been issued for the lot and there is no record in this Department of the possible transfers,it is impossible to state who is the present owner.

You should bring the matter up before the Indian Council and the Council together with your assistance should decide who is the rightful owner.

In the event of Michel Diallebout not being able to establish his claim as the rightful owner he will,of course have to pay back the sum of $100.00, which has been paid him. In the enquiry you should be careful to see that all persons interested have an opportunity of giving evidence.

Your obedient servant

D. McLEAN

Gentlemen,-

In reply to your letter of the 16th inst I beg to state that the road way in question leading to the Adirondack Station in the Caughnawaga Indian Reserve has been in use a considerable length of time and is now considered to be a public highway. If the Canadian Pacific Railway Company desires to acquire possession of the land it would be necessary to take an extra width for the purpose of a highway, which would have to be paid for by the Company.

I shall be obliged if you will inform me for what especial purpose the Company desires to acquire the said road. In this connection I have to say that the Indians have enquired verbally on several occasions whether it was the duty of your Company or of the Indians to keep the road in question in repair. As the road is in a very bad condition at present I shall be obliged if you will inform me on this point.

DEPARTMENT OF INDIAN AFFAIRS
NOV 28 1910

The Secretary,
Department of Indian Affairs,
Ottawa, Ont.

Sir:- CAUGHNAWAGA INDIAN RESERVE.

We are instructed by the Canadian Pacific Railway Company to apply for a lease of the lands shown edged in yellow on the plan transmitted herewith. These lands are required in connection with improvements in the railway at that point. The lands shown in red on the plan, the Company desired eventually to purchase as that is necessary to make room for proposed double tracking. The Company, however, has in consideration the raising of the grade as well as double tracking, and in that event will require to purchase more land than that shown in red. It is not therefore desired that a patent for the land shown in red should issue at present, and it is desired that the land shown in red included in the land edged in yellow should be included in the proposed lease.

As regards the land to be leased, either the whole or the greater part of it is, we understand, a portion of the Common, but you will observe that there is a small garden plot held by John Canadian, Sr., about one half of which is required. Our understanding is that the lease of the whole of the land applied for will be from

KODAK SAFE

I88225-1A

Ottawa Dec.5th,1910.

Sir,-

Enclosed herewith is a plan showing lands in the Caughnawaga Indian Reserve required by the Canadian Pacific Railway Company in connection with the re-construction of their bridge over the St.Lawrence River and for the purpose of double tracking their Railway. The two blocks of land out lined in yellow,one containing 1.44 ac. and the other containing 3.77 acres,are desired to be held on a lease only as they are required for piling purposes in connection with the work on the bridge. The strip colored red containing 2.73 acres is to be sold to the Company as they require it in connection with double tracking their Railway.

I have to request you to make a careful valuati of the land and damages and damages to Indian holdings in connection with the said lands. In making these valuations you will please consult the Indian Council and the individual Indians interested and endeavour to obtain their concurrence in such reasonable valuations as you may arrive at. Please note that a certain rate per acre which you must determine,will be paid into the general fund of the band,but individual Indian owners are to be paid for their improvements. These improvements consis of clearings,buildings,fences etc. Please endeavour to arrive at valuations that will be fair to both the Compa

L.Letourneau,Esq.,
Asst. Indian Agent,
St.Constant,Que.

and the Indian

Indian Affairs. (RG 10, Volume 7661, File 22005-1A)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

In this connection the Department has been asked to note that about one half of the land to be acquired is below high water mark and of very little value.

The Company desires to enter upon the land at once for construction purposes. It has been informed that on depositing $500.00 on account, permission will be granted. You will be informed of the receipt of the said sum and that you can permit entry on the Reserve for construction purposes.

For your information and for the imformation of the Indian Council, I have to say that these lands will be taken by the Railway Company under the provisions of the Indian Act, Sec.46; that is to say a surrender is not required from the Indian Band, but the lands may be taken with the consent of His Excellency in Council. Kindly attend to this matter with as little delay as possible.

Your obedient servant,

D. McLEAN.

Assistant Deputy and Secretary.

Indian Affairs. (RG 10, Volume 7661, File 22005-1A)

PUBLIC ARCHIVES

CANADA

I68225-1A

Ottawa Dec 5th,1910.

Gentlemen,-

I beg to acknowledge the receipt of your letters of the 26th and the 29th ultime in which you make application on behalf of the Canadian Pacific Railway for two tracts of land containing together 5.21 acres in the Caughnawaga Indian Reserve to be leased for an indefinite period and for a strip of land containing 2.73 acres being an extra width on the Easterly side of the right of way of the said Railway in the said Reserve, and that the Company desired immediate possession of these lands.

I have to say that on the receipt of a deposit on account of $500.00 your Company may enter on the said lands for the purposes required, with the understanding that compensation both for the lease and for the extra width will be determined and paid for with reasonable despatch. Mr.Letourneau, Assistant Indian Agent,St. Constant,Quebec,will then be instructed to permit entry on the reserve for construction purposes.

In reply to your enquiry I have to say that it is desirable that the plans should be certified by a Quebec Land Surveyor and referredg to your letter of the 26th

Scott McLaren & Kelly,
Barristers etc.
Ottawa,
Ont.

Indian Affairs. (RG 10, Volume 7661, File 22005-1A)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

26th above mentioned, I have to say that no monies should be paid direct to an Indian. There is no objection to arriving at a mutually satisfactory understanding as to compensation with him but this also should be done through the Indian Agent. The said (Assistant) Indian Agent will have instructions to make the necessary valuations etc. and you will be informed when his report is received. It would probably save time if your Agent would interview Mr. Letourneau and they together with the Indian Council and individual Indians interested, might be able to arrive at valuations that may be satisfactory to all concerned.

Kindly have the plan and copies referred to forwarded to the Department with as little delay as possible as the blue print which you forwarded is now being sent to the Indian Agent for his use in making the said valuations.

Your obedient servant

J. D. McLEAN

EX.

The Superintendent General of Indian Affairs, under date 18th January, 1911, reports that the Canadian Pacific Railway Company has applied to the Department of Indian Affairs for an extra strip of land comprising an area of 2.73 acres for the purpose of double-tracking their right-of-way through the Caughnawaga Indian reserve, the said strip of land being shown on a plan filed with the Department of Indian Affairs by the railway company, which plan also bears a certificate of the Assistant Chief Engineer of the Board of Railway Commissioners that the strip shown on the plan is required for railway purposes.

The original plan has been removed for safe keeping to the Records of the Indian Lands Branch
Signature
March 22

The Minister recommends that, under the 46th Section of the Indian Act, the Canadian Pacific Railway Company be allowed to acquire the said strip of land, upon such terms as may be agreed upon.

The Committee submit the same for approval.

Reserve de Caughnawaga

Comté de Laprairie, (COPIE)

Province de Québec.

A une assemblée du Conseil de la Reserve des Indiens de Caughnawaga tenue au lieu ordinaire des assemblées à sept heures du soir le 12 Decembre 1910, étaient présents: J. B. Baillebout Charles Montour, Michel Montour, J.B.Treffle, John C.Canadian, et Thomas Lazarre, tous Conseillers:

(1) Lecture est faite des lettres No 87041/3, du Département des Affaires Indiennes et datées 14 Novembre et 1er Decembre, en rapport avec l'entretien des chemins publics de la Reserve, Le conseiller Thomas Lazarre appuyé par les autres conseillers proteste contre le système d'entretien des chemins à la corvée, et le conseiller Charles Montour est d'avis que les argents perçus tels que Rentes Seigneuriales et la Royauté sur la pierre enlevée dans la Reserve devraient être employés exclusivement à l'entretien de nos chemins, et qu'aussi longtemps dit-il, il y aura un sou disponible au fond de notre Reserve aussi longtemps aussi nous serons opposés à l'entretien de nos chemins à la corvé d'autant plus insiste le Conseiller Charles Montour qu'il est à notre connaissance que les Municipalités de Chateauguay et de St Isidore nous offrent de contribuer en argent afin de nous venir en aide à l'amélioration de nos chemins ; les conseillers Lazarre et Montour sont appuyés par les autres conseillers présents.

(2) La demande de la Compagnie du chemin de fer Pacifique Canadien dans une communication en date du 5 Decembre par lettre du Département No168 225-1A, relativement à l'achat et aussi du loyer de terrain en rapport avec les travaux à faire par la Compagnie pour l'élargissement de son chemin et du Pont de Lachine, est ensuite prise en considération; sur motion de Conseiller Michel Montour avec l'unanimité des autres conseillers présents il est résolu de demander $150.00 par année jusqu'a ce que l'éxécution des travaux du pont, pour les deux parties de terrain décrites sur le plan par des lignes jaunes, une contenant 1.44 acre et l'autre contenant 3.77 acres, moins cependant pour une certaine partie appartenant à John Canadian (Big John), étant propriété privée; plus une indemnité de $300.00 de l'acre pour la lisière marquée en rouge sur le plan et faisant aussi partie de la Commune comprenant 2.75 acres en superficie, ou, cette dernière partie de terrain (2.75) sera donnée gratis à la Compagnie Pacifique Canadien si cette dernière s'engage à construire une Station pour passagers immédiatement audessus du viaduc du chemin de Laprairie.

Adopté unanimement.

(3) Le Conseiller Charles Montour appuyé par les autres conseillers présents, désire attirer l'attention du Département des Affaires Indiennes sur le fait que la Reserve de Caughnawaga possède des communications faciles pour transport par chemin de fer, et que d'ici quelques mois les fils de la Canadian Light & Power Coy., traverseront notre Réserve, ce conseil avec l'approbation de cette tribu consentirait volontiers à livrer sans compensation a une Compagnie Manufacturière de fer ou d'acier le terrain nécessaire à proximité du Pouvoir et des Chemins de fer, et ce conseil favoriserait tout spécialement la British Empire Bridge Company.

RESERVE DE CAUGHNAWAGA 375181

St Constant , 19 Decembre, 1910

AU Secretaire,
Département des Affaires Indiennes,
Ottawa,

Monsieur:-

J'ai l'honneur d'accuser réception dûne lettre de votre Département en date du 5 courant, No 168 225-IA, avec un plan montrant les terrainsdans la Réserve de Caughnawaga demandés par le Canadian Pacific Railway Company en rapport avec la recontruction de leur pont sur le fleuve St. Laurent et la pose d'une voie double, et en réponse je dois vous informer que le Conseil des Indiens de Caughnawaga s'est assemblé le 12 Décembre courant et a décidé par une résolution No 2 dont vous trouverez ci-inclus une copie, de demander $300.00 de l'acre pour les 2.73 acres en rouge,et un loyer de $150.00 parannée pour les blocs de terrain en lignes jaunes, et comprenant (les deux ensemble) 5.21 acres.

John Canadian (Big John) demande $100.00 pour tout le temps de la construction du pont pour la partie de son terrain (Lot No 720 Plan of the Village & the Common of Caughnawaga par J.A.U. Beaudry), et le propriétaire de la seule autre propriété privée qui est en partie englobée dans la partie en rouge,est actuellement à Philadelphie E.U., et cette propriété appartenant à Joe. Cross the River vaut au moins $1200.00, cependant je vais essayer à savoir où demeure Cross the River afin de m'entendre avec lui.

Ces prix exigés par le Conseil de Caughnawaga pouraient paraître élevés, d'un autre coté je les crois raisonnables parcequ'il faut remarquer que les Indiens de Caughnawaga apprécient la valeur de leur terrain par rapport au voisinage de la Ville de Montreal, d'autant plus que ces rares transactions sont le seul moyen de ressources pour la tribu.

H.C.R. Dec. 22

Caughnawaga Reserve 375181

County of Laprairie

Province of Quebec

At a meeting of the council of the Indian reserve of Caughnawaga held in the usual meeting place at 7 p.m. on Dec.12, 1910, there were present J.B.Daillebout, Charles Montour, Michel Montour, J.B.Treffle, John S. Canadian and Thomas Lazarre, all councillors.

1. Letters, No.87041-3, from the Department of I.A. dated Nov.14 and Dec.1, relative to the maintenance of the public road of the reserve, were read. Cr.Thomas Lazarre, supported by the other councillors, protested against the system of maintaining the roads by statute labour, and Cr. Charles Montour was of opinion that moneys collected such as seigniorial rents and the royalty on the stone taken out of the reserve ought to be used exclusively in the maintenance of the roads of the reserve, and he said that as long as there should be one cent available of the funds of our reserve they will be opposed to the maintenance of the roads by statute labour; the more so, insisted Cr.Charles Montour, as we know that the municipalities of Chateauguay and St.Isidore offer to make us a contribution in money in order to assist us in the improvement of our roads. Councillors Lazarre and Montour were supported by the other councillors present.

2. The request of the Canadian Pacific Railway Company in a communication of Dec.5 received in a letter from the Department No.168325-1A, relative to the purchase and also the rent of the land in connection with the work to be done by the Company for the enlargement of its road and of the Lachine bridge, was then taken into consideration. On motion of Cr.Michel Montour, it was unanimously resolved to ask [redacted] $150.00 a year until the execution of the work of the bridge for the two pieces of land described on the plan by lines in yellow, one containing 1.44 acres, and the other 3.77 acres, less, however, for a

certain portion belonging to John Canadian(Big John)this being private property, plus an indemnity of $300.00 an acre for the strip marked in red on the plan,being also part of the common,containing an area of 2.73 acres; or this last strip of land(2.73) shall be given free to the C.P.R.Company if that company agrees to build a station for passengers immediately above the viaduct of the Laprairie road. Carried unanimously.

3. Cr.Charles Montour, supported by the other councillors present, desired to call the attention of the Department of Indian Affairs to the fact that the Caughnawaga reserve possesses easy communication for transport by railway and that within a few months from the present time the wires of the Canadian Light and Power Company will cross our reserve. The council with the approval of the band would agree willingly to hand over without compensation to an iron or steel manufacturing company the necessary land near the power and the railway, and the council would favour especially the British Empire Bridge Company.

DEPARTMENT OF INDIAN AFFAIRS DEC 29 1910

DEPT. OF INDIAN AFFAIRS, Caughnawaga Reserve
DEC 23 1910
SURVEYS. St.Constant, Dec.19,1910.

The Secretary,
Dept. of I.A.,
Ottawa.

Sir,-

I have the honour to acknowledge the receipt of a letter from the Department dated the 5th inst. No.168225-1A, with a plan showing the lands on the Caughnawaga reserve asked for by the C.P.R.Company in connection with the re-building of their bridge over the St.Lawrence river, and the laying of a double track(?) way, and in reply I beg to inform you that the council of the Caughnawaga Indians met on the 12th inst. and decided by a resolution, No.2, a copy of which you will find inclosed herewith, to ask $300 an acre, for the 2.73 acres in red, and a rental of $150.00 a year for the block of land in yellow lines, comprising--both together--5.21 acres.

John Canadian(Big John) asks $100.00 for all the time of the building of the bridge for the part of his land(lot No.720,plan of the village and the common of Caughnawaga by J.A.U.Beaudry); and the owner of the only other private property, which is partly included in the portion in red, is at present in Philadelphia,U.S.A; and this property belonging to Joe-Cross-the-River is worth at least $1200; however, I am going to try to find out where Cross-The-River is living, in order to come to an understanding with him.

These prices demanded by the Caughnawaga Council may appear high; on the other hand I believe them to be reasonable, because it must be remarked that the Indians of Caughnawaga estimate the value of their land as enhanced

Amended Description, dated 20th. December 1910.

.....

A tract or parcel of land of irregular figure, forming part of the Caughnawaga Indian Reserve known as Cadastral Number One (1) of the "Seigniory of Sault St. Louis", County of Laprairie, Province of Quebec, said tract of land being also a portion of the Common in said Indian Reserve, containing an area of two (2) acres and seventy-three hundredths (73/100) of an acre, English Measure, being shown colored red on the plan hereto attached, and being bounded on the eastern side by the eastern portion of said Common, on the western side by the lands of the Atlantic and North-West Railway Company, at the southern end by the property of Leon T. Giasson, known as lot Number one hundred and ninety-nine (199) of said Reserve, and at the northern end by the average low water mark of the River St. Lawrence, the limits of said tract of land being described as follows, namely:- Commencing at a point on the eastern boundary of said railway lands, at a normal distance of sixty (60) feet measured easterly from a point known as chainage 2160+64.6 from Brigham Junction of the centre line of track of said railway as now constructed through said Indian Reserve, the last mentioned point being also at original chainage 1113+60 of location survey of Right of Way through said Indian Reserve, said original chainage being retraced by measurements from the face of the ballast wall

Ottawa Jan 8th 1911.

Sir,-

With reference to your letter of the 19th ultimo regarding the land taken by the Canadian Pacific Railway on the Caughnawaga Indian Reserve, I shall feel obliged if you will make further explanations about your [illegible]tion.

The [illegible]solution of Council fixes $300.00 [illegible]ore as the value of the 2.73 acres taken, or to be given free if the Company will build a passenger station immediately above the viaduct of the Lapairie Road, but your letter states that the private property within the above area or part colored red on the plan belongs to Joe Cross-the River [illegible]d is worth at least $1200.00.

As the area belonging to Joe-Cross the River is very small I shall feel obliged if you will fully inform this Department what causes this valuation, whether there are any buildings taken and if so the number, size and value.

Your obedient servant

Assistant Deputy and Secretary.

JAN 11 1911

Sir:-

Referring to your letter of Nov. 7th,1910, No 168225-IA I beg to inform you that William Meloche is the rightfull owner of lot No 208 of the Caughnawaga Indian Reserve, and the owner of lot No 213 is Michel Daillebout.

I am enclosing herewith a sketch showing that Michel Daillebout was not the only owner of the lot that has been sold to the Canadian Pacific Railway Company, by which (Daillebout) he was paid $100.00, (Dept. chqque No 3229 dated 5 August).

This enclosed ~~the~~ sketch is copied from a " ATLANTIC & NORTH-WEST RAILWAY" blue-print, and corresponds exactly with the boundary on the ground, between Meloche and Daillebout.

I beg to state that Wm. Meloche was entitled to 3/8 of this site , and that Michel Daillebout is to pay back a sum of $37.50, (thirty-seven and a half dollars).

Your obedient servant,

Lorenzo E. Bourneau

Asst-Agent

Ottawa, 18th January, 1911.

To His Excellency

The Governor General in Council.

The undersigned begs to report that the Canadian Pacific Railway Company has applied to the Department of Indian Affairs for an extra strip of land comprising an area of 2.73 acres for the purpose of double-tracking their right of way through the Caughnawaga Indian reserve, the said strip of land being shown on a plan filed with the Department of Indian Affairs by the railway company, which plan also bears a certificate of the Assistant Chief Engineer of the Board of Railway Commissioners that the strip shown on the plan is required for railway purposes.

The undersigned would recommend that, under the 46th section of the Indian Act, the Canadian Pacific Railway Company be allowed to acquire the said strip of land, upon such terms as may be agreed upon.

I88,225/1A

Strip of land through Caughnawaga Indian reserve for C. P. R. for double tracking purposes.

The application is made through the Company's solicitors in Ottawa, Messrs. Ewart, Scott, Maclaren & Kelly.

Arrangements are being made for payment of the value of the land to be taken by the Company. The Indians value it at $300 an acre, and an Indian (the only one having improvements affected by the taking of the strip) has placed a figure on his improvements which seems high and which has not as yet been decided upon.

The line of railway concerned is the Atlantic & North Western branch of the C. P. R., and the strip now applied for runs parallel to their line through the reserve, and is required for double tracking and re-grading.

The Company has made a deposit of $500 on account.

Dept. Indian Affairs,
Ottawa, 18 Jan., '11.

Sir:- RE CAUGHNAWAGA INDIAN RESERVE.

Mr. Letourneau, the Assistant Indian Agent at St. Constant, has pointed out to the Company that there is a lot belonging to Joe Cross The River on the eastern side of the right of way, and as the lands the Company have applied to the Department for cover a portion of this lot, the plan and description which we furnished you will have to be amended. We will send amended plan and description as soon as we receive them, but in the meantime will be obliged if no steps are taken towards drafting the patent. In order to avoid confusion, we would suggest that the plans and descriptions now in the Department's hands should all be marked "Cancelled" or else returned to us.

We have the honour to be Sir,

Your obedient servants,

Ewart Scott Maclaren & Kelley

At a meeting of the council of the Caughnawaga ~~band~~ Reserve, in the county of Laprairie, held in the ordinary hall of the council on Feb.10,1911, at 1 p.m., there were present: J.Bte.Daillebout, chief councillor, Michel Montour, J.Bte.Treffle, and Thomas Lazarre, all councillors. It was resolved:-

DEPT. OF INDIAN AFFAIRS
MAR 2 1911
SURVEYS.

1. On motion of Cr.M.Montour, seconded by Cr.J.Bte. Treffle, that a request be made of the C.P.R.Company, through the Department of Indian Affairs, to keep the entrance of the ~~subterranean~~ conduit under the railway embankment between the viaduct(Laprairie road) and the St.Lawrence river perfectly free from all obstructions in order to facilitate the free flow of the water from the river in spring and at the same time to prevent the stagnation of the water, which would be of a nature to be harmful to the public health, also to increase the height of the same subterranean conduit. Carried unanimously.

2. Cr.Thomas S.Lazarre submits that a request be made of the Department of Indian Affairs to notify the C.P.R.Company, when their work of the double track shall be finished, to remove the stones and every other obstacle outside of their boundary of land leased by the band to the said company and which is part of the Caughnawaga common.

Department of Indian Affairs

Ottawa, Sept 1st 1911

Minute by Mr Stinson for submission this morning to recommend that Mr Sampson be instructed to proceed to 3 Bs in question. Sept 1st 1911

I beg to advise you that I have received instructions contained in your letter of the 18th ult. file 168220-1A to proceed to the Peace River district and report as follows.

Immediately on receipt of the instructions from Mr Letourneau the writer left for the district and also got the file from the department relative to the Baillet and Meloche dispute. When I took both claimants to the ground in question and endeavored to settle by following the plan as prepared by Surveyor Wallbank in 1885-1889. I had proven to my satisfaction that Wallbank's plan was not correct in this particular. So I took what evidence I could collect. Both Meloche and Dailleboust claim a stone pile which is on the ground was the line up to a certain point and Meloche claimed his line followed the stone pile to the railway right of way but Dailleboust

Department of Indian Affairs

Ottawa, ... 19 .....

said the line followed the stone pile to within about twenty feet of the lot sold to the C. P. R. for a dwelling for the station agent, then turned abruptly north.

Mr Meloche showed a paper made out in 1863 by his father stating his claim went to the road on the north. so that the facts of the case point to the fact that Mr Meloche owns a portion of the lot in question. I have therefore to confirm the report sent in by agent Latourneau on the 5th January 1911. By which Meloche owns 3/8 of the property and should receive 37.50 from Dialetout.

389142

Toronto, Sept. 5th, 1911.

J. D. McLean, Esq.,
Asst. Deputy & Secretary,
Dept. Indian Affairs,
Ottawa, Ont.

Dear Sir:-

I was asked to report on a culvert running through the C.P.R. enbankment on the Caughnawaga Reserve. I am under the impression that a file was either sent to me or the agent but I cannot place it. I had eight files with me at the time, and Mr. White of the Survey branch also had some and was using some of mine--possibly he returned the Culvert file.

I found that the C.P.R. had recently made a feeble attempt at cleaning this culvert. The trouble is that the masonry or stonework at the two ends of the culvert, is not built high enough to prevent the gravel and sand washing down into the mouth of the culvert and blocking it. The East side will, I think, be remedied, as the C.P.R. is double-tracking and will have to extend the S.E. end. The C.P.R. should be written to, or better, Mr. Letourneau should see the District Officer and ask him to have the culvert well cleared out at the mouth, and the masonry built higher on the top wall, and extended further out on each side of the mouth, making a bigger and clearer entrance. The agent was with me when I inspected this matter and should fully understand what is needed.

The culvert really should have been 2 feet higher. Possibly the original right of way given the C.P.R. would show whether they lived up to the agreement, or not.

Your obedient servant,

J. G. Ramsden

Chief Inspector
of

Ex'l

Ottawa, September 11, 1911.

Sir,-

Mr. Inspector Ramsden has reported that he examined the culvert under the embankment of the C. P. R., in Caughnawaga Reserve of which complaint has been made by the Indian Council. He says to the effect that the culvert was too low in the first place and that it could be partially remedied by being properly cleaned out and the masonry at the mouth of the culvert extended and built higher. He states that you were with him at the time of the inspection and that you understand what is required. I have to request you to be good enough to see the District Engineer of the Railway company and ask him to be good enough to have the necessary works executed.

Your obedient servant,

Asst. Deputy and Secretary.

Sir:-

CAUGHNAWAGA INDIAN RESERVE, LAND TO BE ACQUIRED FOR DOUBLE TRACKING, ETC. - FILE 168225 - 1A.

We are instructed to ask that the Department may insist on "Joe Cross the River" agreeing to allow the Railway to move his house far enough back to clear the public road. It is clear from the field notes of a survey made by the Company in 1892 that "Joe Cross the River" has built his house on the site of the public road leading from the stone arch as then located. We therefore submit that the Railway Company should not have to compensate him for taking part of the land occupied by him in order to restore the public road to its former location, which provided a safe and proper entrance to and exit from the stone arch. We enclose blue print of plan showing location of "Joe Cross the River's" house. As you will see, the house should certainly be removed so as to provide proper access to the stone arch through the embankment. The house, in its

DEPT. OF INDIAN AFFAIRS
OCT 18 1911
SURVEYS.

Ottawa, September 20, 1911.

Gentlemen;-

I beg to acknowledge the receipt of your letter of the 14th instant relating to the removal of the house belonging to Joe Cross the River, in order to afford a better approach to the archway under the Canadian Pacific Railway track at Caughnawaga.

I may say that the plan accompanying your said letter does not appear to accord with the plans previously filed, and which you will remember were cancelled at your request. You also stated that an amended plan would be filed. We are apparently unable to take any action in this matter until we know what lands are required for the railway and in what manner the holding of Joe Cross the River will be affected. We are also anxious to receive the said amended plan in order that the final valuations may be made by our agent.

Kindly have the said plan forwarded with the least possible delay.

Your obedient servant,

Assistant Deputy & Secretary

Messrs. Ewart, Scott, Maclaren & Kelly,
Barrister, &c.
Metcalfe St.

DEPARTMENT OF INDIAN AFFAIRS
DEC 6 1911

A special meeting of the Caughnawaga Indian Council held this 24th of November 1911 at the Council house

Presided by L. Letourneau Esq Indian Agent

Whereas — The land for the Construction of the Canadian Pacific and Adirondack Junction Railways was conceded to the Railways Companies at a very low cost. and in view of the advantages to be derived from the trains service over the railways.

Whereas — For a long period all of the trains of either railways proceeding in either direction formerly stopped at the Station known as Adirondack Junction near the Village of Caughnawaga but this practice has been discontinued

Whereas — upon the winter service now prevailing there are only two trains either way which stop at said Station,

Whereas — The City of Montreal is distant only nine miles and a large number of persons living upon the reserve, go in an out from the City of Montreal upon business and the number of passengers exceeds three thousand a year either way

Whereas — Some Five Hundred Acres of land near the Station has recently been leased for a Golf Club and a large amount of money spent thereon to improve the same and the said Club is likely to be a great attraction to the reserve and to afford constant employment in its upkeep and services

Whereas — Unless a sufficient number of Trains are stopping at the Station the said Club might have to be abandoned

Whereas The present state of affairs is of great detriment and inconvenience to all persons interested in the reserve

That Doctor A. Q Patton the Mayor be authorized to make application to the Railway Board of Canada for an order requiring that all trains passing over the said railways shall stop at the Station aforesaid or such other measure of relief as in his judgment may be right and proper Adopted unanimously

Councillors Present Chief Doctor Patton
Ignace Montour

Ottawa, December 12, 1911.

Sir,-

Complaint has been made to this Department by the Indians of the Caughnawaga Indian reserve, that only two trains each day now stop at Adirondack Junction. The Indians claim that whereas the City of Montreal is only nine miles distant and many persons living on the reserve go to the City daily on business, and whereas the number of passengers from Adirondack Junction is in the neighbourhood of three thousand per year, and whereas this will be increased by the recent locations of the Montreal Golf Links upon said reserve, they therefore request a better train service.

I beg to bring these facts to the attention of your Company. Kindly place this matter with the proper authorities of your Company. It is hoped you will be able to grant this request.

Your obedient servant,

Asst. Deputy and Secretary.

The Secretary,

Canadian Pacific Rwy. Co.,

DEPARTMENT OF INDIAN AFFAIRS
DEC 26 1911

D. MONTREAL, 21st December 1911.

121035.

J. D. McLean, Esq.
Asst. Deputy & Secy. Dept. of Indian Affairs,
O t t a w a. Ontario.

394955

Dear Sir:-

I beg to acknowledge receipt of your favor of the 12th instant. I have had the question of service at Adirondack Junction looked into and I find that there is a service in the Winter months of four trains from Adirondack Jct. to Montreal and three trains from Montreal to Adirondack Jct every week day, i.e. 7.57 a.m.; 11.34 a.m.; 6.16p.m. ; and 9.31 p.m. leaving Adirondack Jct. and 8.25 a.m.; 4.30 p.,. ; 6.20 p.m. ; from Montreal.

To give an additional service would mean special trains to Adirondack Jct. and I am afraid business at the present time would not warrant this, especially during the many interruptions that we are being put to at the present time owing to the re-construction of the St. Lawrence River Bridge. Next year when the Montreal Golf Links are there, the service will no doubt be improved over that of this summer.

Yours truly,

DEPT. OF INDIAN AFFAIRS

The Secretary,

Department of Indian Affairs,

Ottawa, Ont.

Sir:- re CAUGHNAWAGA INDIAN RESERVE, YOUR FILE 168225.

Referring to your letter of September 30th, we beg to say that the Company cannot file a plan showing exactly what lands will be required until the Company is aware of what action is to be taken regarding Joe-Cross-the-River's house. We desire to point out that Joe-Cross-the-River has located his house on the former roadway and in such a manner that parties approaching the bridge under the tracks cannot see vehicles coming in the opposite direction and in consequence the present location of the road is dangerous, especially in the case of motor cars which might meet at the bridge under the tracks. If the Government will permit the Company to move this house sufficiently far back to permit of a proper approach to the bridge, then the matter might be settled without a lawsuit and

without trouble with Joe-Cross-the-River who certainly will not allow the Railway Company to move his house without heavy damages unless the Department intervenes, as we submit it should. The plans which have already been furnished show the whole situation very clearly, more particularly the plan dated 14th July, 1911.

Referring to interview which the writer had with the Deputy Minister in October last and to his request for information as to negotiations between the Company and Joe-Cross-the-River, we beg to say that at first this man offered to allow the Company to divert the public road as required and to move his house to the north east end of his lot, provided the Company would give him the house at present occupied by the Company's pump man and car repairer and would move this building to the north east end of his lot. The Company, however, was not prepared to do this as the house was too valuable and is, moreover, required

for the Company's men. In addition, Joe-Cross-the-River asked $150.00 for the land to be taken for the roadway, which the Company's real estate agent considered to be an exorbitant amount. In view of the fact that Joe-Cross-the-River can readily obtain an equal amount of land at the rear of his lot, the Company does not consider that any compensation should be paid him for land taken. Moreover, as already suggested, the Company considers that he ought really to be compelled by the Department to move his buildings and fence off the location of the public road in view of the fact of the road having been there previous to the erection of his buildings, and of the further fact that it is necessary that the road should be so located in order to afford a proper view of the arch before entering it. However, the Company is willing to give Joe-Cross-the-River $150.00 towards the cost of moving his house and kitchen to the rear of his lot and of moving his fence off the road. The estimate for doing this work is $182.00

and if this would settle the matter, the Company would be willing to pay the full $162.00 instead of merely $150.00. We submit that this would be a fair settlement and that the Department should see that Joe-Cross-the-River is allowed to take sufficient land at the rear of his lot equal in area to the land to be given up for the roadway. He would then be in the same position in which he is now and the present obstructions would be removed from the roadway and a proper approach be obtained to the archway.

-1.

1 Sy. Minister
2 Secty

Ottawa, December 28, 1911.

Gentlemen,-

In reply to your letter of the 26th instant I have to say it appears that the present location of Joe Cross the River's house does not encroach on the present travelled Laprairie Road, and that when the extra width is taken and the archway extended in the interest of the Canadian Pacific Railway, the present location of the said road should be changed to a location which will necessitate the removal of the house and the taking of some of Joe Cross the River's lot. It appears to be obvious that the Railway Company should compensate this man fairly for the removal of his house and for the loss of his land.

With reference to your suggestion that Cross the River should take more land at the rear of his lot, I have to say that this is a question that will require to be taken up by the Department with the Indian Council. It is not probable that the said Council will consent to allow Cross-the-River to occupy the land desired under the circumstances unless it is paid for.

I have also to draw your attention to the fact that this Department will not, unless under very exceptional circumstances, arbitrarily allow the diversion of a travelled road in an Indian Reserve. It is therefore necessary that the Railway Co. should file a plan showing definitely the proposed deviation of the said highway and the land required for the deviation, in order that the matter may be taken upwith the Indian Council, and the action taken will be precisely similar to that in the case of any other lands ta for Railway purposes.

Your obedient servant,

Messrs. Ewart, Scott, Maclaren & Kelley,
Barristers, &c.,

Sir.

I beg to acknowledge the receipt of your letter dated the 4th inst. asking further information respecting Resolution 803 in connection with the opening of certain passages made by the Canada Atlantic & P.S.R. Railway Co through the Reserve. And in reply I must say that it is not an easy matter to decide the by-roads or lanes which are used by the farmers on the Reserve. Some time ago there was a road close to the Common, that led to certain farms on the South East side of the Railway but this road owing to the Railway embankment has been blocked up and those farmers have no other road to reach their farms - The Company, if it were willing could very well

To Dr. McNeill

Department of Indian Affairs,

CORRESPONDENCE BRANCH NOV 26 1892

Ottawa, 26 - 11 1892

Please write P. Alf. Peterson Esqr. Asst Engr C.P.Ry. Co Vancouver in reply to his letter of the 14 Nov. 92.

The Dept. is desirous to have the complaints of the Cauphnawaga Indians settled as soon as possible and therefore a plan shewing the approximate positions of the roadways &c is forwarded with this communication to facilitate that object.

"1" marked on diagram, shows the road around the Northern toe of the embankment at the river where it is desirous that this Roadway be increased from 6 feet in width to 8 feet in width.

"2" shows the passage (6 feet by 10 feet) under the Embankment desired by the Indians for their boats, (Mr. Peterson) suggested that this passage being very costly might be done away with and that an Iron pipe be placed under the Embankment to draw off any surplus water. This pipe the Dept considers (should be changed for pipes to a pipe) an arrangement that should be made with the Band that it should be (2') two feet in Diameter to avoid any overflow of water above the Embankment. The Department considering the great cost of such a water way under the Embankment, would be glad if the Company would bear a portion of the cost. The Dept. is willing to contribute one half of the cost of the Iron pipe, provided the Company will bear the other half and also construct the Roadway around the toe of the Embankment.

2

MEMORANDUM.

To .....

Department of Indian Affairs.

.....

Ottawa, ... 189...

By to frame a monetary equivalent which would fully compensate the Indians for the loss such an advantageous passage to them, which if approved of will be at once submitted to the Ind. Council for their consideration.

"3" Marked on diagram shows appx position where the arched Road way (10') ten feet wide and (12') twelve feet high is to be placed being a passage in continuation with the main street of the Village leading to La Prairie

"4" A Crossing at the old road at La Bonne Eau which has been closed by the construction of the Railway.

"5" on diagram appx position of where a culvert is needed to permit the surplus water from the west of the Rly. to escape eastwardly.

"6" Shews where a constructed drain requires deepening and cleaning out

With reference to the embankment The above roadways & culvertures appear to be all that the Indians are desirous to have arranged, there are certain other claims for loss of timber by fire &c which will be forwarded to the proper officer in due time.

MEMORANDUM.

To The Deputy Minister — Department of Indian Affairs.

Ottawa, 25 Nov — 1892

Re Caughnawaga Indians
Rights of Way &c. —

I have the honour to report that
Mr. Peterson's letter of the 8 Sept 1892 was forwarded Immediately on receipt & rec'd
28th Sept. a map accompanying the letter, the map as shown & the features of the
ground sufficiently for me to be able to sketch upon it the desires of the Indians
I on the 29 Sept. wrote the Dept stating that it was impossible for me under
the circumstances to respond to the request of Mr. Peterson, I have by letter dat-
ted 2 Oct. I was directed by the Dept. to put myself in communication
with Mr. Peterson & Mr. Brosseau with the view of meeting them to jointly
look again into the Complaints referred to, after various letters
& telegrams it was not till wednesday 19th Oct. that I met Mr. Peter-
son at Caughnawaga & there Mr. Peterson was so busy that
he had to make another appointment with me for the next day, he
having to take the 2½ train that day which reach Montreal. Mr. Peter-
son leaving an Engineer with me to go over the work, which we
examined. Meeting of Mr. Peterson on the 20th Oct at his office
in Montreal I submitted to him the following.

1st Marked I on attached diagram being an additional of 2 feet to
the width of a road around the extreme Northern toe of the Railway
Embankment making its width 8 feet & fully allow a cart
passage around the Embankment. To which Mr. Peterson assented.

2

MEMORANDUM.

To ..... Department of Indian Affairs,

..... Ottawa, ... 189

2nd Marked 2 on Diagram, being a culvert or water pas-
sage under the Embankment 6 feet wide and 10 feet high
over ordinary High water, this structure will be very
costly involving an outlay of about $7000., at this
W. Peterson has demurred, and considers for the purpose
that this culvert is required ie. to pass boats up & down from
the black line at 2 on diagram to the point to A.B.C. from 200 feet
to 400 feet above the Embankment. ~~He~~ he asserts that
the the Company have to go to the expense of building a large
arched Roadway under the Embankment at the cost of
about $8000. that the Indians might leave their boats below
the Embankment and make use of aforesaid large arched
Roadway & come & go to their boats, he also said re
this matter that he would have an (18") eighteen inch
Iron pipe put under the Embankment to draw off any
surplus water which would cost about $600.

3rd Marked 3 on diagram is to be an arched passage
in continuation with the main Road of the Village to be
10 feet wide and 12 feet high, this structure will be
heavy Cemented Masonry and will cost about $
This W. Peterson is satisfied to have built.

MEMORANDUM.

To .....

Department of Indian Affairs.

Ottawa, ... 189...

4th Marked 4 on diagram. a right of way passage either under or over the embankment at the old road at Le Bornes line which has been closed by the construction of the Railway. This the Chief Engineer Mr. Peterson is satisfied should be built.

5th Marked 5 on Diagram shows the approximate position where a Culvert might advantageously be constructed & carry off the surplus water at the [illegible] of the embankment and is apparently the best place for such drainage.

6th Marked 6 on diagram. shows where a drain has been constructed and now wants cleaning out and deepening at its extreme end level with the bottom of the stream crossed by the Railway.

The drainage of the above 5th & 6th Mr. Peterson will have attended to.

Bonsecours Caughnawaga 14 Dec. 1892

Monsieur

Accusant réception de votre lettre, en date du 28 novembre dernier, No 128.605-2, en rapport avec les dommages causés par le feu des engins de la Cie Atlantic & Pacific-Ouest, aux habitants de la Reserve de Caughnawaga, et demandant les noms des habitants, le nombre de chaque lot, la date du feu, ainsi que la décision de la cour, dans les cas semblables chez les blancs.

En réponse j'ai l'honneur de vous informer, que le numero de Regis Laurent alias Katsenaron. est 433 de la Reserve, que la qualité et la quantité du bois est difficile a donné exactement, on me dit que c'était du bois de seconde pousse, et une majeure grosseur et de qualité ordinaire, que la date du feu est difficile a préciser, que c'est vers la fin de juin ou les premiers jours de juillet 1889, que la décision de la cour en faveur des

des blancs qui avoisinent le dit terrain, (Bétournay ennuis la Compagnie) a été de $6.00 l'acre, mais que le bois était supérieure à celui de Regis, que les numéros, de Frédéric Jacob est 223, de Jacob est 222, de Rice est 221, de Joseph Dailleboust alias Tomaskoka est 220, que aux ces différents lots, le bois était très ordinaire, ce qui fut= été constaté par les prix qu'ils demandent pour ces dommages, que la date du feu ne fut été précisé, on me dit que c'était à la fin d'août 1884, et qu'il n'y a pas eu de décision judiciaires pour des blancs en rapport avec ces dommages.

Je crois devoir vous inclure avec la présente, copie du rapport que j'ai fait à la Compagnie au mois d'octobre dernier, à la demande de cette dernière afin que le tout fut réglé le plutôt possible. J'ai préparé ce rapport après avoir fait la visite des lieux avec les intéressés et depuis tout les renseignements que j'ai reçu dans à ce sujet.

Caughnawaga
14th Decr. 1892.

Dy Supt. Genl.
of Indian Affairs, Ottawa.

Sir:-

I beg to acknowledge receipt of your letter of the 28th Nov. last No 128605:2 relative to damage caused by fires from the locomotives of the Atlantic & North West Ry Co. to the inhabitants of the Caughnawaga Reserve and asking the names of the inhabitants, the number of each lot, the date of the fire, as well as the decision of the court in similar cases with white men.

In reply I have the honour to inform you that the number of Regis Laurent alias Watiaraiw is 477 on the Reserve; that it is difficult to state exactly the quality and quantity of the ~~wood~~ timber, — I am told that it was timber of second growth of a medium size and ordinary quality;

Indian Affairs. (RG 10, Volume 7661, File 22005-1B)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

that it is difficult to give the exact date of the fire, — that it was ~~in the last~~ towards the end of June or in the beginning of July 1887; that the decision of the court in favour of white men who are in the neighbourhood of the said land (Bétournay vs. the Company) was $50 an acre, but that the timber was better than that of Regis; that Frederic Jacobs number is 223, Pte. Jacobs number 222, Pte. Rices number 221, and Joseph Dailleboit alias Tanousakata's number is 220; that the timber on these different lots was very common as proved by the amounts which the claimants ask for damages; that the date of the fire cannot be stated exactly, — I am told that it was in the end of August 1887, and that there has not been any judicial decision in favour of white men in respect to these damages.

Indian Affairs. (RG 10, Volume 7661, File 22005-1B)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

I beg to forward herewith a copy of a report which I made to the Company in October last, at their request, in order that the whole matter might be put right as soon as possible. I prepared this report after visiting the places with the persons interested and after receiving from them all particulars on the subject.

I have, &c.

Re. The Claims for Damages for loss of Timber & Hunt & the Caughnawaga Lands by fire from the Atlantic & N.W. Ry Co. Lepine-cent alias Watiararew

In reply to this Dept's letter of the 28th December last W. Bernard makes answer that the number of Regis Land is 477 on the Reserve: that it is difficult to state the quantity and quality of the timber, he having been told that it was timber of second growth of a medium size and ordinary quality, that it was difficult to give the exact date of the fire, that it was towards the end of June or in the beginning of July 1887 that the decision of the Court in favor of White men who reside in the neighbourhood of the said lands (Bétournay vs The Company) was $50.00/100 an acre, but that the timber was better than that of Regis Lands.

That Frederick Jacobs' No 223, Bte Jacobs No 222 Bte, Ricos No. 221, & Joseph Dallebout alias Janonsahata's Number is 220: That the timber on these different lots was very common as proved by the Amounts which the Claimants ask as damages, that the date of the fire cannot be

stated exactly, he has been informed that it happened in the end of August 1887. and that there has not been any Judgment in favor of White men in respect to these damages.

Mr. Brosseau submitted a copy of a report which he made to the Company (C.P.R.Co.) in October last at their Request that this matter might be righted as soon as possible. This report was prepared after his meeting the Indians with the persons interested after receiving from them all particulars on the subject. Report turned down I would respectfully recommend that a copy of the report or as much as will inform the Ry Co. of the extent of damage done - be forwarded to Thomas Dait Esquire, General Supt. C.P.Ry Co. who looks into and has Charge of seperate claims and fire losses.

MEMORANDUM.

To The Deputy Minister

Department of Indian Affairs,

Ottawa, 18 April — 1893

Mr Peterson's letter of 16 Dec 92 with enclosure returned herewith

Re Item No 2 re, attached from Sec'y. They state for your information that this is a water way desired by the Indians to take their fishing Boats &c up to near their Village, and that they may have them in perfect security and in right of some of the houses near the Village. I am satisfied that they would be very loth to give up such a favourable haven for their Craft. For on the construction of the Embankment without this arched water-way in it the Indians would be obliged to leave their boats to the East of the Embankment entirely out of their sight, as they could not at all be seen from the Houses on the outskirts of the Village.

With the above remarks I would submit that I do not consider that $2000- is out of the way for such a continued renunciation of the use an advantage — Mr. Petersons letter 16 Dec 92 returned down shows that all the rest of the Items have been agreed to

Dear Sir:—

Referring to our conversation of yesterday regarding the Caughnawaga matter, I would say that we are prepared to carry out the proposition made in your letter of the 28th November 1892, and as shewn on the plan dated Nov. 26/92, viz:

1 To increase the width of the roadway, around the Northern toe of the embankment, from 6'-0", to 8'-0" in width.

2 In lieu of building a Culvert 6'-0" wide by 10'-0" high, for the passage of boats, to lay a 24" pipe at this point, and to pay a sum of $2000 00/100 (Two Thousand Dollars) as compensation to the Indians for being deprived

deprived of the boat passage.

3 To construct an arch, 10'-0" wide by 12'-0" high, for the passage of the main road leading from the village to La prairie.

4 To make a surface crossing on the old road at Le Borne's Line.

5 To either construct a Culvert, or to make a ditch to carry away surface water.

6 drain will be deepened and cleaned out.

B

It is, of course, understood that on this Company carrying out the above mentioned works and paying the $2000.00/100 that the Department will hold the Company free from all future claims in connection with the construction of the railway through the Indian Reserve.

Your truly

146586

Ottawa. Dec 5 1894

DEPARTMENT OF INDIAN AFFAIRS RECEIVED DEC 5 1894 22 SO

Memo. re land required for Borrow Pit Caughnawaga Indian Reserve.

Hayter Reed Esq. Gen.l
Dep.ty Sup.t Genl. of Indian affairs.

The land required for this borrow pit contains about 11 acres and 91 perches; this includes the approach to the pit, the approach itself roughly speaking contains about 3/4 of an acre. and the approach and pit as shewn by the red lines on the plan I annex, which is as near as possible correct from the official plan of the Reserve made by McLea Walbank. P.L.S of Montreal.

The Company is not anxious to buy this property if an arrangement can be made by which the approach & the pit can be leased for a short period of time sufficient to enable us properly to get all the material they want from the Pit.

As for the Pit itself I am anxious to secure the option to take the material required from it and return the land when levelled to the Indians and remove tracks and plant &c and to pay a sum which will represent the rental for the time the land is occupied; there cannot I understand be any permanent damage caused, as the ground will be left in a better condition for cultivation than it is at present.

If such an arang.t as above proposed cannot be concluded the Company will

MEMORANDUM.

To Dlle.

Department of Indian Affairs.

Ottawa, 6th Dec 1893

With reference to the grand fish- on the Caughnawaga Indian Reserve required by the C.P.R. the Dept will see by the papers turned down on File 55274 herewith that the Dept obtained a surrender in the case of grand fish on the Sarnia Reserve; and of course in this case a surrender will also be required under the 39th Section of the Indian Act.

It would seem advisable before submitting the question to the Indians that Agent Brennan should be asked for a report as to whether there are any improvements on the Canal, or whether he considers the initial offered sufficient.

THE GREAT NORTH WESTERN TELEGRAPH COMPANY
OF CANADA.

ALL MESSAGES TAKEN BY THIS COMPANY ARE SUBJECT TO THE FOLLOWING TERMS:—

It is agreed between the sender of the following message and this Company that the said Company shall not be liable for damages arising from failure to transmit or deliver, or from any error in the transmission or delivery of an unrepeated telegram, whether happening from negligence of its servants or otherwise, or for delays from interruption in the working of its lines, for errors in cipher or obscure messages, or for errors from illegible writing, beyond the amount received for sending the same. To guard against errors, the Company will repeat back any telegram for an extra payment of one-half the regular rate, and in that case it shall not be liable for damages beyond fifty times the amount received for sending and repeating.

Correctness in the transmission of messages can be insured by contract in writing, stating agreed amount of risk, and payment of premium thereon at the following rates, in addition to the usual charge for repeated messages, viz.: One per cent. for any distance not exceeding 1000 miles, and two per cent. for any greater distance.

This Company shall not be liable for the act or omission of any other Company, but will endeavor to forward the Telegram by any other Telegraph Company, necessary to reaching its destination, but only as the agent of the sender and without liability therefor. This Company shall not be responsible for messages until the same are presented and accepted at one of its transmitting offices; if a message is sent to such office by one of the Company's messengers he acts for that purpose as the sender's agent; if by telephone, the person receiving the message acts therein as agent of the sender, being authorized to assent to these conditions for the sender. This Company shall not be liable in any case for damages, unless the same be claimed, in writing, within sixty days after receipt of the telegram for transmission.

No employee of the Company shall vary the foregoing.

H. P. DWIGHT, GENERAL MANAGER. ERASTUS WIMAN, PRESIDENT.

A and M.L.O. Ry

Resumé of correspondence between the Dept. of Indians Affairs, and the railway Co. re permanent openings to be left through filling across the Indian Reserve at Caughnawaga and other works in connection with said filling.

Nov 28/92 Dept. to Mr. Peterson — Wants arch built over creek, size 6 ft. wide by 10 ft. high, as well as arch over roadway, size 10 ft. wide by 12 ft. high; and wants C.P.Ry. to name amount of compensation for depriving Indians from using boat-way under trestle.

Dec 10/92 Mr. Peterson to Dept. — Named $1,000 00 Compensation and to put in 24" pipe, instead of 6'-0" × 10'-0" arch culvert.

Dec 15/92 Dept. to Mr. Peterson — Refuses $1,000 00 and suggests $2,000 00

Dec 16/92 Mr. Peterson to Dept. — $1000 00 ample.

Dec 29/92 Dept. to Mr. Peterson — Would not recommend Indians to accept less than $2,000 00, and it is possible they may consider this sum insufficient.

Apl 19/93. Mr. Peterson to Dept. — Offers $2,000 00 and to put in 24" pipe in lieu of 6' × 10' culvert. If accepted, the Dept. to hold the C.P.Ry. free from all future claims in connection with the construction of the railway through the Indian Reserve. To build arch over roadway, size 10'-0" × 12'-0"

Draft

Ottawa, 4th January, 189[illegible].

Sir,-

The member of your Engineering staff who accompanied me to Caughnawaga on the 22nd ultimo has, no doubt, reported to you that the Indian Council refused to recede from their position respecting the permanent openings to be left through the fillings across the Reserve. They are not at all anxious to receive any money compensation, but desire that no further permanent damages be done the Reserve. They did not insist that the roadways should pass in a straight line through the filling and seemed willing that they should run as proposed. Their principal objection is to your proposal to put in a twenty-four inch pipe instead of an arch culvert, as they believe that the pipe would not be sufficient to carry off the water, and that consequently some of their low lying land would be overflowed. I must say that after carefully considering the matter, I myself am of the opinion that the proposed pipe would not be at all sufficient to carry off the water.

It seems to me that the most effectual way of coming to an agreement in this matter would be for one of your officers to talk the matter over with some of the Indian Councillors. You may be able to so modify your proposal as to remove the ground of the Councillors' objection, and they may see their way to making modifications in their demands. When the Council come to a conclusion the Depart-

ment

Ottawa, 4th January, 1894.

Sir,-

You will remember that at the meeting of the Indian Council which I attended at Caughnawaga on the 22nd ultimo, the Councillors expressed their willingness to allow the Canadian Pacific Railway Company to work the borrow pit and take from it such material as they required, on the understanding that no permanent damage was done, and that the ground would be levelled and left fit for cultivation; and that, as to the compensation, they were of the opinion that, as the damages would be only temporary, the compensation should be made to the individual holders, and not to the Band. The Department has approved of the decision of the Council; and the Railway Company have been advised accordingly. They have been told that this Department desires one of their officers to meet you and draw up an agreement as to the amount to be paid for the gravel and the right of way thereto. You will be good enough to act in the matter with such officer of the Company as may call upon you, and forward the agreement come to to the Department for approval.

Your obedient servant,

A. Brosseau Esq.,
Indian Agent,

Ottawa, 4th January, 1898.

Sir,-

When at Caughnawaga I submitted to the Indian Council the proposition made by you respecting the borrow pit. The Council expressed their willingness to allow your Company to remove such material as was required from the pit, on the understanding that no permanent damage was done, and that the ground would be levelled and left fit for cultivation. On the question of compensation, the Council decided that, as the damage to the land would be only temporary, the compensation should be made to individual holders and not to the Band.

The Department approves of the decision of the Council; and your Company may, therefore, proceed to work the borrow pit, on satisfactory terms being made with the Indians whose lands will be affected thereby.

We desire to have our Agent first meet one of your officers to draw up an agreement as to the amount to be paid for the gravel and the right of way thereto, the agreement to be forwarded by the Agent to the Department for approval.

DEPARTMENT OF INDIAN AFFAIRS
FEB 2 1894

Dear Sir:-

CAUGHNAWAGA BORROW PIT MATTER.

Respecting your letter to me of the 4th January for which I am obliged, I am now prepared to meet the Indian Agent at Caughnawaga with the view of arranging the terms upon which the Company is prepared to carry out the purchase and lease of the borrow pit and right of way to it, but, before calling a meeting, I think it as well to decide upon the form of agreement to be drawn in connection with this purchase and lease as you mention in your letter that it had better be forwarded to the Department for approval before it is executed.

My instructions are to arrange to ~~either~~ lease the ground for eight years at so much a year to cover the Company's occupation and all the material taken away by the Company from it and the damage which may be caused to it, and, at the expiration of the lease, the ground to be returned in the same state as it will be at that time.

Indian Affairs. (RG 10, Volume 7661, File 22005-1B)

You may have in your office such a form as has been used in such matters in time past; if not, either draw up a form which you think will meet the case and send it to me and if it is approved we can use it, or I shall draw a form and send it to you for approval.

It would seem to me better to have the form approved of before we meet the Indian Agent and the Indians for there can then be no hitch in our negotiations and we can get the matter through and the money paid.

Yours truly,

A. J. Mackay

O t t a w a.

Dear Sir:-

I send you a form such as suggested in my last which I think can be used both for the land leased for the borrow or gravel pit as well as for the land leased for the right of way to it by striking out in using it for the latter land the clause I have enclosed in brackets with blue pencil'

I have made it as short as possible as I have frequently found the difficulty of getting uneducated people to sign a long document.

If you think it will cover the case kindly return it to me approved and send me at the same time a letter addressed to the Indian Agent which I can hand to him signifying that you have approved of the form and that he is authorized to allow the arrangement to go through upon whatever terms can be agreed upon between the parties.

If you desire any amendments to be inserted kindly let me have your views on the subject; in any event, please say what is to be done with the money, whether to be paid to the Indians, Indian Agent or your Department.

Yours truly,

A. J. Mercier

THIS AGREEMENT made in duplicate this day of A.D.1894 Between of the Village of Caughnawaga, Province of Quebec, farmer, First Party and THE CANADIAN PACIFIC RAILWAY COMPANY, Second Party.

~~The First Party hereby leases to the Second Party hereby accepting for the term of eight years from the day of 1894 all~~ that portion of his property situate on the Caughnawaga Reserve known as the lot Number on the official plan and Book of Reference of the said Reserve and which is more particularly described as follows:

~~(Here description follows)~~

~~The said land to be used by the Second Party for the purpose of a borrow pit and for no other purpose.~~

And in consideration of the ~~said lease~~ the Second Party has hereby paid to the First Party the sum of dollars which the First Party hereby acknowledges to have received and which said sum represents

First. The use and occupation of the said portion of the First Party's property by the Second Party during the said term;

Second. All material such as earth, gravel, stone or sand which the Second Party may during the said term have excavated and removed from off the said leased premises as well as all damage to the said land caused by said excavations thereon;

Third. All damage which the first Party or his said property may sustain by reason of the construction and operation by the Second Party of a railway on the said leased land, and in respect of such railway by the exercise on the said land of such powers as may be conferred on the Second Party by law.

At or before the termination of the present lease the Second Party shall have the right to remove from off the property of the First Party any buildings, erections or materials which may have been placed thereon during the aforesaid term ~~and the First Party agrees to accept the property at the expiration of this lease in the condition in all respects as it shall be at the termination of this lease~~, and if the Second Party shall neglect or refuse to remove said building or materials at or before the termination of this lease the First Party shall have the right to remove the same at the Second Party's expense.

The Second Party shall pay all taxes and assessments for Municipal or school purposes which may be levied or imposed on the said property leased or any part thereof during the aforesaid term.

IN WITNESS WHEREOF the parties hereto have executed these presents at on the day and year first above written.

Ottawa, 13th February, 1894.

Sir,-

Referring to yours of the 5th instant, covering a form of agreement to be used in connection with the gravel pit at Caughnawaga, I think it would be better to have a form for land required for the gravel pit and one for land required for the railway thereto. I have, therefore, had two forms drawn up, and I enclose you three copies of each herewith.

It would be well, I think, that, in addition to the insertion in the agreement of a clear description of the land, a plan should be attached, so that the locatee would know exactly what part of his property the temporary railway would pass through, and also the exact location of the gravel pit. If this be not done, trouble might arise, for a locatee might claim that more valuable improvements than he expected were being interfered with by your work. This agreement can no renewed at the expiration of the term, provided the same is desired by both parties.

I am sending a copy of this letter and of the forms of agreement to the Indian Agent for his information and guidance.

As the Indian Council decided that (in view of the fact that the damages to the land by the borrow or gravel

pit

Indian Affairs. (RG 10, Volume 7661, File 22005-1B)

Encd.

Draft

Ottawa, 18th February, 1894.

Sir,-

Referring to my letter to you of the 4th ultimo, I enclose herein for your information and guidance a copy of a letter of this date to Mr. R. T. Henoker, Solicitor of the Canadian Pacific Railway Company, respecting the gravel pit: together with copies of forms of agreements which I have approved of. One form, you will observe, is for the removal of the gravel, &c., and the other for allowing a temporary railway to be run through the Indians' holdings to the pit.

prepare

You should be careful to see that the agreements presented to the Indians for execution agree in every particular with these forms.

A very exact description should be inserted of the location of the pit and the railway, so that the Indians may know exactly what part of their land will be occupied and what will be a fair compensation therefor. If the descrip tions be not clear, trouble may arise through the Indians interested contending that more valuable land had been occupied than they expected to be occupied when making the agreements.

The date when the first payment is to be made should be inserted, and you should arrange for the payment of the second instalment of the compensation money at such time

as

Sir,-

Referring to my letter to you of the 13th February last, I have to inform you that the forms of agreement therein enclosed have been cancelled; and I now enclose drafts of approved forms of agreement - one in connection with the land required to be used by the C.P.R. for right of way, and the other in connection with land required for the ballast pit.

You should be careful to see that the agreements presented to the Indians for execution agree in every particular with these forms, and that an exact description is inserted of the land to be covered by them, and that the payments are made.

Your obedient servant,

Deputy Supt. General
of Indian Affairs.

Sir,

I am informed by Our Agent Mr A. Brosseau, that the property of Mr Charles X, ~~Gibson~~ Grasow of Caughnawaga is damaged on account of the Canadian Pacific Railway Company taking away the earth from it to fill in the Tressels of its track over the Reserve and also by stones, branches &c which have been put down on his pasture, and the roads which the Company has made in order to reach said earth. Mr ~~Gibson~~ Grasow claims the sum of $25,00 for the damages done to his property thereby and I have to request that you will be good enough to cause this amount to be paid to Mr Gibson.

THIS LETTER HAS ACKNOWLEDGMENT

Ottawa 6th November 1894

Sir,

With reference to your letter of the 24th Ultimo, respecting the claim of Charles X. Gibson for ~~land~~ damages alleged to have been done to his land on the Caughnawaga Reserve by the Canadain Pacific Railway Company, I have to inform you that I am advised by the Solicitor of the Company that this man's name does not appear on any of the Company's Plans and that he cannot find the name on the Plan of the Indian Reserve.

You will therefore be good enough to inform me of the number of the lot Gibson claims to have rights in with a sketch showing its location, as without such particulars it is impossible for the Company to look into the matter.

C

Sir:- I beg to acknowledge the receipt of your letter of the 6th inst. No. 128605 relative to the name of Charles X. Gibson for damages caused by the C.P.R. Company on the reserve and Monsieur, stating that this name does not appear on any plan of the Company.

I reply I have the honour to inform you that the name mentioned is not Charles X. Gibson, but Charles X. Giasson whose land bears the number 202 on the Reserve on Mr. Walbank's plan, and that Mr. P.G. Charlebois, the employee of that company for settling these damages has been informed of it in writing by Mr. Charles X. Giasson.

I have, &c

Accusant réception de votre lettre en date du 6 courant No. 128605 relative à Charles X. Gibson, pour dommages par la Compagnie du C. P. R. sur la Réserve et que ce nom ni n'apparait sur aucun plan de la Compagnie etc.

En réponse, j'ai l'honneur de vous informer, que le nom mentionné n'est pas Charles X. Gibson; mais Charles X. Giasson dont le terrain porte le No 202 de la Réserve, sur le plan de Mr Walbank, et que Mr P.G. Charlebois, employé de cette compagnie pour régler ces dommages en a été informé par écrit de la part de Mr Charles X. Giasson.

THIS LETTER IS PERTINENT

Ottawa 12th July 1895

Sir,

I have to inform you that complaint has been made to the Department, on behalf of Charles Xavier Giasson, an Indian of Caughnawaga, that your company is causing a good deal of damage to his property through earth being taken from the Reserve by the Company's employees for ballast in the same way as was done last year.

Will you kindly look into this matter and see that Giasson receives fair compensation for such damage as may have been done to his land.

Our Agent at Caughnawaga was instructed by letter of the 21st February last to see you, in accordance with your request, regarding the various matters between the Indians and the Company, and it was thought that Giassons claim for damages last year would then have been disposed of; but such does not appear to be the case.

Defendants.

Plaintiff declares: That he is common as to property with his wife; That said wife is proprietor in the Caughnawaga Indian Reserve of part of lot 213 having acquired this part of the lot by will from her late husband Peter Skye and being confirmed in the proprietorship by the Government as appears by copy of the will and copy of Mr Hayter Reid's letter, exhibits 1 and 2.

That about 6th May 1894 Company illegally took possession of part of lot 213 without paying any sum to said wife as compensation and has used the said land to establish on it a railway line as an outlet to theborrow pit used by Defendants;

That Defts. have no more use for said passage and do not use it, but having taken possession of said land lot 213 and having worked upon it considerable damages have been caused to the land; the ground has been turned over and considerable holes have been left in it making it impossible to cultivate it and in order to give it back its original value it should be cleaned which would cost considerable money;

That the use and occupation of the land for the time during which Defts. have used it since 10th May 1894 to date is worth $25;

That the damages caused to the land by the enjoyment above mentioned by the construction of the railway and by the obstructions put upon it amount to at least $50 forming $75.

That Plaintiff is chief in the commamity existing between him and his wife has the right to take the present action and to avoid costs reduces claim to $50 which he has the right to receive

Wherefore Plaintiff prays for $50 with interest and costs and that Defts. be condemned to take away the railway from his land within whatever delay the Court may fix.

Montreal 10th September 1896.

(sgd) V. Martineau.

Mr Leonard.

Joseph Daillebout suit

Please note translation of Plaintiff's declaration in this case returnable at Montreal on 22nd September. This Plaintiff was one of the parties with whom we settled at the time we purchased the ballast pit and paid him $67 for the right of way into the pit. The land taken from him is described in the back of his deed as part of lot 220 of the Indian Reserve.

A party of the name of Michel Daillebout, one of the other Indians, was paid $50 for the part of the borrow pit taken from him and that part is described in Michel Daillebout's deed as being part of lot 213, in other words, the land for which Michel Daillebout was paid is the land for which the present Plaintiff claims the amount sued for.

When we purchased the right of way and land into the ballast pit the names of the Indians who owned the land were ascertained as correctly as it was possible to get them and this was confirmed by an agreement or promise of sale we entered into with the different Indians in the presence of their chief and of the Indian agent F.A.Brosseau who signed the document in question at the time as the Indians fixed their mark to it, which document I hold, on the strength of which document these deeds were subsequently passed. There were six or seven cases where there was a dispute as to who owned the land and in these cases the money was paid to the Indian Agent on behalf of the Indians who disputed the ownership, he undertaking to pay over the money to the Indians who were the real owners of the property.

As to the lot now in question there was no dispute and consequently it was impossible to foresee any future trouble.

The ownership of land in the Reserve is a matter entirely subject to the approval of the Government at Ottawa, who only give location tickets and who really control the ownership of the property.

In order to look into this subject it will be necessary to ascertain what Joseph Daillebout's pretensions are to the land and what right Michel Daillebout had to it when he was paidas the reputed owner.

You will understand that there being no registration of ownership the only means we had of ascertaining the correct owner was through the Indian Agent and I contend that his certification to the promise of sale was a sufficient guarantee to the Company that we were paying the man who really was entitled to the land and money paid as compensation for its use. When noted, please return papers and I shall look into it thoroughly.

16th September, 96

Hayter Reed Esqre.,
Supt. General Indian Affairs,
Ottawa.

Dear Sir:-

Jos. Daillebout Suit.

I send you a translation of a statement of claim made by this man against the Company. The facts of the matter are explained in my letter to Mr Leonard of 16th September. The Plaintiff claims that he was legally established in the occupation of this land by a letter which you sent to him and which is produced as an exhibit in the cause.

You will understand the difficulty the Company experienced when the occupation of this borrow pit was obtained from the Indians owing to there being no registry office and no record of the Indians' rights to any particular piece of land.

As explained to Mr Leonard, we had to go almost entirely upon the information given us by Mr Brosseau the Indian Agent and by the Indian Chief and the man who was paid for this land, namely Michel Daillebout, was the man the Agent and the Chief gave us to understand was the owner.

If there was subsequently a dispute as to ownership between him and the present plaintiff which you finally decided in favour of the Plaintiff, I do not see how this can affect the Company's obligation to pay the present owner.

I should be obliged if you would give me such information on the subject as you possess and enable me to advise the Company what their position is in connection with this action. If it is necessary I can run up to Ottawa and see you on the subject, but the claim is so small that it does not seem worth while to take the special trip for this purpose: at the same time the Company is unwilling to pay this man for the land another man was paid for with the consent of your Agent and the Chief of the Reserve.

Yours truly,

A. J. Nesbitt

A. Bosseau Esq
Indian Agent
Caughnawaga P.Q.
Oct 3rd 1896

OCT 3 1896

THIS LETTER HAS BEEN SENT

Sir

Joseph Dailleboust has entered an action against the Can. Pac. Ruy. for payment for the use of a Right of Way (now abandoned) across the land of his wife, the widow of the late Peter Skye. This Right of way, it appears was used by the C.P.R. to reach a borrow-pit. The number of the land in question is stated to be 913.

The Canada Pacific Ruy. Co claim that they paid Michel Dailleboust $50 in full for this same piece of land which is now claimed by the widow of Peter Skye. The Compy. also state that they paid the said Michel Dailleboust because your Chief represented that Michel Dailleboust was the proper owner. The Compy. therefore claim that they are no longer liable again for the same piece of land.

There appears to be no record of this transaction in this Department. It is also impossible to locate the land taken by the Ruy. Compy.

× see deputy letter 7th inst

Indian Affairs. (RG 10, Volume 7661, File 22005-1B)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

No. 213, as you are aware, is shown in Mr. Walbank's returns as belonging to Michel Daillebout and Peter Skye each having an undivided half.

(7.168225 2)

You inform the Department in Let. of 26th June that Mrs Joseph Daillebout should be paid for the land affected by the crossing of the South-west Railway. It therefore appears that No. 213 is now divided between the two owners and that the portion belonging to each is known.

It is evident that if Michel Daillebout has been paid by the C.P.R $50 in error ~~overdrawn Grant~~ this sum should be refunded by him.

I have to request you to report in full regarding this matter and to state your opinion as to what should be done. You will also please mark on the tracing ~~the~~ endorsed Land strip of Land in question.

du paiement de cette reclamation à Mr. F. Ahye
fait de suite faire remarquer a ses Beaux-Frères
dans le temps que le terrain en question était
en dispute entre feu Jos. Ahye et la veuve de son
défunt fils Pierre Ahye. que je ne puis com-
prendre comment la Compagnie peut dire que
je l'ai autorisé a faire ce paiement dans la
circonstance.

Le petit plan ci inclus. vient pour cacher
parceque le nom de Joseph Ahye N°210 est la
partie de terrain en dispute et devrait porter
le N° 213 car le N° 210 appartient à Mr.
Frank Jacob et non à Joseph Ahye qui
n'a plus de terrain à cet endroit. vous
pouvez constater la traverse du terrain de
Madame Daillebout qui est le terrain mongré
à Jos Ahye. et je ne vois pas qu'il soit
necessaire pour moi d'emettre une opinion
sur le rapport envoyé de la Compagnie à
mon égard

Translation -

Caughnawaga, 14th Oct. 1896.

Deputy Supt. General of I. A.,
Ottawa.

Sir :-

I beg to acknowledge the receipt of your letter of the 3d inst. No 128605, relative to the suit of Mr. Joseph Daillebout against the Can. Pac. Ry Company.

In reply I have the honour to inform you that the statements of the Company are not true, because Mr. Michel Daillebout has been paid for his land the sum of $55, I believe, not in my presence but in the Company's office in Montreal; the two claims were different; the sum paid in error by the Company was not paid to Mr. M. Daillebout but to Mr. François Okye who must have claimed it in the name of his father Joseph Okye, because he claimed to be the owner of the land that he gave to his son Pierre Okye on account of the death of the latter. This payment

Indian Affairs. (RG 10, Volume 7661, File 22005-1B)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

was made without my knowledge by Messrs. Hebert & Charlebois, employees of the Company in their office at Caughnawaga. On learning of this payment of the claim of Mrs J. Skye, I at once remarked to these gentlemen that the land in question was in dispute between Jos. Skye and the widow of his late son Pierre Skye. I cannot understand how the Company can say that I authorized the payment under the circumstances.

The small plan enclosed is not ~~exact~~ accurate, because the land bearing the name of Jos. Skye No 210 is the portion in dispute and ought to bear the number 213, for No 210 belongs to Mr. Frank Jacob and not to Joseph Skye who no longer has any land at this place. You can see the crossing over the Mrs. Daillebouts land which is the land marked with Jos. Skye's name, and I do not think it is necessary for me to express an opinion in view of the report of the Company respecting me.

Yours, &c.
N. Brosseau,
Agent.

Memorandum

Ottawa 17th Oct. 1896

Memo for the Secretary

Comm. Dr. Reed

Indian Dept.

In answer to your letter of the 15th inst. it would appear that copies of the letter from this Dept. to Lt. Col. Prosseau of the 3rd inst. and of his answer of the 14th inst. might be sent to Mr. Heneker, and that the Dept. will look further into the matter but on account of the little time available very little may be done.

Should not all such payments have been made through this Department and not direct to the Indians, and if the Ry. Company chooses to deal with the Indians direct it not do does, so at its own risk, even if the Indian Agent be present.

I think the the Ry. Company should now pay such sum as may be deemed just to the rightful owner of the land and then take steps if possible to recover what has paid in error to another party.

DEPARTMENT OF INDIAN AFFAIRS TECHNICAL ... 24 Aug 1896 OTTAWA, CANADA

Dear Sir:-

Daillebout Suit.

Answering your letter of the 20th October with the accompanying enclosures, namely, your letter to Mr Brosseau and his reply, I find that Mr Brosseau is right in stating that the lot purchased from Michael Daillebout is not the lot about which there is a dispute and I shall therefore admit that I was in error in so stating in my first letter to you. I was led into this error by the fact that the lot purchased from Michael Daillebout is part of the same lot which has given rise to this discussion.

Mr Brosseau is also right in stating that the part of the lot 213 about which this action is taken was purchased from Joseph Sky but that he is not correct in the other statements in his letter. The payment made to Joseph Sky was not made without his knowledge inasmuch as he was present on the 10th May 1894 in the office when Joseph Sky settled for that part of lot 213 for which he was paid and for which he passed his deed. This is clear from the fact that on the list of owners which had been prepared for the meeting which we had with the Indians on the 10th May and at which meeting Mr Brosseau and the Chief Jacques attended, this strut piece of the right of way was put down to Peter Sky and when we came to settle for it we were informed that Peter Sky was dead and Joseph Sky was the owner and I changed the name to Joseph Sky and in Mr Brosseau's presence Joseph Sky made his cross accepting the settlement agreed upon and Mr Brosseau and the chief both signed the document corroborating this settlement, which document I hold as proof of the fact.

As to whether Mr Brosseau was present when the money was paid I cannot remember but I beg to differ with him where he says that he remarked to Mr Charlebois and myself that this land was in dispute for Mr Charlebois, Mr Henry Irwin P.L.S. and myself all agree that there was never a question of disputed ownership on the subject of this lot and this statement is corroborated by the fact that I agreed with Mr Brosseau to pay him the money for all the lands about which there was a dispute and this deed was passed and $838 paid to Mr Brosseau during that Summer and he undertook to distribute the money to the Indians entitled to it.

Indian Affairs. (RG 10, Volume 7661, File 22005-1B)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

Had there been any dispute about this lot the money representing the part the Company took would have been included in the payment made to the Indian Agent but as there was no dispute and as we had his signature and that of the chief to the document which contains the signature or cross of Joseph Sky who passed the deed to the Company it is needless to say that we paid the man who was acknowledged by Brosseau and the Indian Agent to be, on the 10th May, the owner of that part of lot 213 about which this action is taken.

I write you this explanation and send a blue print of the Caughnawaga Indian Reserve Ballast Pit plan showing the lot in question in order that you may communicate with Mr Brosseau and point out to him what we are prepared to prove if this case comes to trial.

Yours truly,

R. J. Hencker

Dept. of Indian Affairs Commercial Branch 24 Oct 1896 Ottawa, Canada.

Dear Sir,

Will you have the kindness to send me copies, certified by yourself in your official capacity of the declarations before W. Necka Walbank acting as a justice of the Peace and made in the year 1885 of Joseph Skye alias Sose Thaieronniste (his claim no 347), when he deposed that he owned holdings nos 118; 218; 308; 458; 513., and of Mrs Peter Skye alias Louisa Konwatewentston (her claim no 49) when she deposed that she owned holdings 1/2 of 213 and the whole of 347?

These declarations under oath are in haste forwarded and deposited in the Survey Branch office, the whole form[illegible]

Indian Affairs. (RG 10, Volume 7661, File 22005-1B)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

part of the survey documents of the Long Lawrence Indian Reserve by McKay Walbank.

These documents are required in the case of Mrs Joseph Dilleboat (Annette formerly widow of the late Peter Skye) vs C.P.R. for a right of way on the N. of holding No 213. Menaker and Charlebois of the C.P.R. blundered when they paid a stranger instead of Mrs Joseph Dilleboat for said right of way and to-day I understand that they are imputing the blame through to me who was Chief Councillor at the time. In answer, I can say that I was not and am not to-day a walking registry office of Indian holdings; I did not know at the time who owned holding 213 and consequently could not advise the C.P.R. on the subject at the time.

In my presence, Agent Brasseau notified Charlebois and Menaker, of the C.P.R. that they had blundered but they said that the matter was of no consequence to them. Please try to forward me these copies at an early date. Yours Sincerely,

J. Wanieste Jocko.

H.C.R.

Monsieur,

Accusant reception de votre lettre en date du 31 octobre dernier, No. 128,605, en rapport avec le paiement par erreur a Mr François Skye du passage de chemin de fer conduisant aux Ptt. appartenant à Mde Joseph Daillebout veuve de feu Pierre Skye! ainsi que de la lettre de Mr. Meneker Asst Solicitor C.P.R. etc.

En réponse, j'ai l'honneur de vous informer que je crois qu'il aurait été préferable pour Mr Meneker de reconnaître de suite la fausseté de ces allégués, parce qu'il sait très bien que le passage du chemin de fer ne faisait pas partie du terrain du Ptt, que j'ai reçu l'argent pour la partie de terrain en dispute pour le Ptt seulement, que le plan de passage sur le terrain de particuliers était séparé, que Mr Joseph Skye sait signer son nom, qu'il est etrange qu'il ait fait une croix.

croix, qu'il est bien possible que je lui ai dit que Mrs. Jos. Skye réclamait le terrain de son fils, Paul Skye, vu la mort de ce dernier, mais cela n'empêchait pas sa veuve de le réclamer également, que lors du paiement à François Skye de ce terrain en mon absence, qu'il prétend qu'il ne sait pas si réellement je lui ai fait des remarques, j'ai fait les remarques à Mrs Charlebois (en français). Mrs Hencher, comprend le français, je ne puis dire s'il a porté attention à ces remarques sur moi, mais Mrs Charlebois m'a dit, il est payé maintenant etc. tant qu'à la manière que le Département pourrait faire pour retirer ce montant de François Skye, il est difficile pour moi de faire des suggestions pour la raison que François Skye n'a pas de meubles, il n'a que des propriétés données par son père Joseph qui ne peuvent être vendues, le seul moyen, je crois si la loi le permet serait de le mettre en état d'arrestation pour obtension d'argent sous de faux prétexte, et de lui donner avis de telle décision du Département à ce sujet, autrement je ne crois pas qu'il s'occupe d'aucune autre chose.

J'ai l'honneur d'être

Caughnawaga, 9th Nov. 1896.

Sir:-

I beg to acknowledge the receipt of your letter of the 31st Oct. last No. 128605 respecting the payment in error to Mr. François Skye for the land occupied by the railway to the pit belonging to Mrs. Joseph Daillebout, widow of the late Pierre Skye, also the letter from Mr. Heneker, Asst. Solicitor of the C.P.R.

In reply I have the honour to inform you that I think it would be much better if Mr. Heneker would acknowledge at once the falseness of these statements, because he knows very well that the railway track does not include any of the land at the pit, that I received money for the piece of land in dispute for the pit only, that the plan of the track on the land of each individual was separate; that as Mr. Joseph Skye is able to sign his name,

that it is strange that he made a cross; that it is quite possible that I told him that Mr. Joseph Shye claimed the land of his son Pierre Shye on account of the death of the latter, but that does not prevent his wife widow from claiming it equally; that at the time of the payment to François Shye for this land in my absence he pretended that he did not know whether Pierre had made some remarks to him. I made the remarks to Mr. Charlebois in French. Mr. Hatcher understands French. I cannot say whether he was paying any attention to the remarks or not; but Mr. Charlebois said to me "He is paid now, &c."

As to the manner in which the Department could act to get this amount out of François Shye, it is difficult for me to make any suggestion because François Shye has no effects, he has only property given him by his father Joseph which cannot be sold. The only way, I believe, if the law will permit, will be to arrest him for obtaining money

Mem. 20th Nov. 1896

Deputy Minister

In answer to your enquiry. It appears from the correspondence that the dispute is regarding the Right of Way across the Easterly part of Indian Holding No. 213 - Caughnawaga. That this Easterly part was the property of Joseph Skye who gave it to his son Peter Skye. On the death of the son Peter, the father Joseph Skye appears to have claimed the land notwithstanding the fact that his son left a widow. This widow subsequently married Joseph Saillebout.

The C.P.R. Company paid Francois Skye, another son of Joseph Skye, for the said Right of way, who apparently had assumed his father's claim, and subsequently Joseph Saillebout entered a suit for payment in favour of his wife the widow of Peter Skye.

The claim of the said widow of Peter Skye now Wife Joseph Saillebout, to the said Easterly part of Holding No 213 was confirmed by the Department on the 2nd July last.

Sir

THIS LETTER HAS BEEN SENT

With further reference to my letter to you of the 30th ult. regarding a payment made in error by your Company for a right of way to a borrow pit in the Caughnawaga Indian Reserve, I beg to hand you the enclosed copy of a translation of a letter received from the Indian Agent at Caughnawaga.

I would say that the recommendation of the Agent to the effect that Francois Skye should be arrested for obtaining money under false pretences is a matter for the consideration of your Company. The Dept is nevertheless writing the Agt. to use his utmost endeavors to recover the amount

Sir

I have to acknowledge the receipt of your letter of the 9th inst. regarding the payment in error made by the C.P. Ruy. Co. for a right of way to a borrow pit in the Caughnawaga Reserve and I have to request you to use all your influence to induce Francois Skye to return the money paid to him in error. The question of having him arrested is a matter for the consideration of the Railway Company, but it is to be hoped that Francois Skye will yield to your representations and return the money before such an extreme measure is adopted.

Sir,

It has been reported in the press that three Cpuncillors of Caughnawaga have been bribed by an official of the C .P. Railway to bring influence to bear upon members of the Band to cause them to give their consent to the Company carrying out its wis es with regard to the crossing required to be provided over or under the Railway track on the Reserve.

You will be good enough to furnish the Department with full particulars in this matter.

THIS L[illegible]TTER SENT

Sir,-

The Canadian Pacific Railway Company have given notice that they will apply to the Railway Committee of the Privy Council at its next sitting - which is appointed for the 5th Proximo - for an Order directing that the road between the Village of Caughnawaga and Laprairie be diverted, as shown upon the plan which is attached hereto.

I shall be obliged if you will report what objections there are, if any, to the road being diverted in the manner proposed, and furnish, at the same time, a statement showing the quantity of land which will be affected by the diversion, the owners thereof and the amount of compensation which you consider they would be entitled to.

Please return the plan with your reply, which I shall be glad to receive at the earliest possible date.

Your obedient servant,

Hayter Reed

Monsieur,

Je crois de mon devoir de vous transmettre avec la présente, la lettre inégistrée avec plan proposé, pour le changement du passage du chemin La Prairie, à travers le chemin Atlantic et Nord-Ouest, près du village de Caughnawaga, que j'ai reçu hier, donnant avis que le susdit plan et profil sera soumis au Comité du Conseil privé, des chemins de fer à Ottawa, le cinq Janvier prochain pour être approuvé.

Je crois devoir vous informer, que c'est le même plan qui a été soumis aux Conseillers de la Réserve, qui a été refusé, et pour lequel l'on prétend qu'il y a eu des offres de fait, aux Conseillers, pour leur faire approuver.

Sir:-

I beg to transmit herewith registered letter with proposed plan for the change of the crossing of the Lapraire road over the Atlantic & North-west Railway track near the village of Caughnawaga, which letter I received yesterday, giving notice that the said plan and profile will be submitted to the Select Committee of the Privy Council for railways, at Ottawa, on the 5th Jan. next for approval.

I beg to inform you that this is the same plan that was submitted to the councillors of the reserve and was not agreed to and with regard to which it is claimed that offers have been made to the councillors to induce them to approve-

Monsieur,

Accusant réception de votre lettre en date du 11 courant, à l'égard du rapport de la presse sur un employé de la compagnie du C. P. R. qui aurait tenté d'influencer certains Conseillers de la Réserve pour les engager à accepter l'opinion de la compagnie, pour la construction du passage du chemin public de La Prairie à travers leur chemin etc.

En réponse, j'ai l'honneur de vous informer que l'article de la presse a été écrit par l'ex Chef J. W. Jocks de Caughnawaga, qu'il y a présomption ici que les Conseillers Michel Lacombe, Ignace Dionne, & Thomas Deer alias Skonanton, ont du avoir des promesses ou des dons de la compagnie pour les engager à changer leur opinion à l'égard du dit passage. Malgré que je sois de cette opinion, il n'y a encore rien de positif; ce que j'entends dire par le conseiller en Chef Patton et Jocks c'est que le conseiller Michel

Michel Daillebout aurait dit, que quelqu'un lui aurait glissé un bill de cinq dollars dans sa poche, pour l'engager d'aller à Montréal, au bureau d'un avocat de Montréal, et que là, on lui aurait offert la somme de cinquante piastres, pour voter en faveur du plan de la compagnie, et que ce que porte le chef Patton & Jodrs, à croire que les trois conseillers plus haut nommés, ont eu des promesses, c'est qu'ils se croient en position de prouver que les trois mêmes conseillers, ont eu des promesses et de l'argent pour signer la requête d'un nommé Damour de la paroisse de Ste Philomène du comté de Châteauguay demandant la place d'Agent de la Réserve, au mois de septembre dernier, ce que je connais que par ouï dire.

Je crois qu'il est préferable vu la gravité que peut être le cas, de prendre toutes les informations possibles sur ce sujet, avant de faire un rapport plus détaillé, ce que je ferai le plus tôt possible, après avoir consulté les parties intéressées (accusateurs & accusés).

No. 128605/1A Translation

Caughnawaga, 16th Dec., 1896.

Deputy Supt. Genl. of I. A.,

Ottawa.

Sir,-

I beg to acknowledge the receipt of your letter of the 11th inst. respecting the report in the papers that an employee of the C. P. R. ~~railway~~ company had tried to influence certain councillors of the Reserve to agree to the opinion of the Company in regard to the con-struction of the public road to LaPrairie to cross their track.

In reply I have the honor to inform you that the item in the newspapers was written by ~~Inspector~~ Chief J. W. Jocks of Caughnawaga. It is supposed here that councillors Michel Lacombe, Ignace Diome and Thomas Deer, alias Skononton, must have had promises or gifts from the Company to induce them to change their minds in regard to the said crossing. Notwithstanding that I am of this opinion there is still nothing positive. What I have heard said by Chief Councillor Patton and Jocks is that councillor Michel Dailleboût had said that some one had slipped a $5 bill into his pocket to induce him to go to Montreal to a lawyer's office, and that there he was offered the sum of $50 to vote in favor of the Company's plan, and that what makes Chief Patton and Jocks believe that the three councillors above-named have received promises is that they believe they are in a position to prove that the same three councillors received promises and money to sign the petition of one Damour of the parish of St. Phil-omene in the county of Chateauguay asking for the position of Agent of the Reserve in the month of September

Ottawa, 22nd Dec., 1896.

THIS LETTER WAS DELIVERED

Sir,-

On file 128,605 - herewith - is marked a notice filed by the C.P.R.Co. that they purpose applying to the Railway Committee of the Privy Council at its next sitting, which is appointed for the 5th Proximo, for an order directing the diversion of the road between the village of Caughnawaga and Kahnawake, as shown on the plan attached to the notice.

As the proposed diversion is to be made upon the Indian Reserve, it seems to me that there is a question as to whether it is within the power of the Railway Committee to issue such an Order as will empower the Railway Company to divert the road and take the land necessary therefor, without the consent of the band; and I shall be obliged if you will favor me with your opinion in that respect at your early convenience.

Your obedient servant,

Deputy Supt. General
of Indian Affairs.

E.L. Newcombe Esq., Q.C.,
Deputy Minister
of Justice.

Indian Affairs. (RG 10, Volume 7661, File 22005-1B)

1119/96.

Enclosure.

Ottawa, 28th December 1896

S i r;

I have the honour to acknowledge the receipt of your letter of the 22nd instant - No.128605 - and of the accompanying papers.

It appears that you have been served with a notice by the Canadian Pacific Railway Company that that Company will apply to the Railway Committee at it's next sitting on the 5th January proximo for it's approval of a plan and profile of a crossing by a portion of the Company's railway of a road between the Villages of Caughnawaga and Laprairie in the Province of Quebec, and that the Company will also apply for an order that the said road shall be diverted as shown on plan and profile attached to the notice.

As the proposed diversion is to be made upon an Indian Reserve, you ask for an opinion as to whether it is within the power of the Railway Committee to issue such an Order as will empower the Railway Company to divert the road and take the land necessary therefor without the consent of the band.

In reply I beg to state that I am of opinion that

The Deputy Superintendent General the

of Indian Affairs,

O T T A W A.

Indian Affairs. (RG 10, Volume 7661, File 22005-1B)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES

the Railway Committee has power under the Railway Act, section 11, paragraph (h) to make the order applied for. When it becomes necessary for the Company to take possession of any land required for the purpose of the diversion, it must obtain the consent of the Governor in Council before it can lawfully do so, and compensation must be paid for any land taken by it or injuriously affected (Railway Act, section 101; Indian Act, section 35 as amended by 50-51 V., c.33, s.5). I do not think that the consent of the Band is necessary to the expropriation of the required lands. As bearing upon the question raised by you I beg to refer you to a letter of my predecessor, Mr Sedgewick, dated May 29th, 1890 (D. of I. 662/90), dealing with the proposed expropriation of part of an Indian Reserve for the site of a lighthouse on Hope Island.

Papers returned herewith.

I am,

S i r,

Your obedient servant,

Deputy Minister of Justice.

Indian Affairs. (RG 10, Volume 7661, File 22005-1B)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

128,605

Ottawa, 31st Dec., 1896.

THIS LETTER HAS BEEN SENT

Sir,-

I beg to refer you to my letter of the 19th instant, asking you to furnish me with a report upon the application of the C.P.R. for the right to divert the road between the village of Caughnawaga and Laprairie. I shall be obliged if you will let me have the report without further delay. It will not be necessary in it to touch upon the alleged bribery of certain councillors to secure their support of the application of the Company. What is required is a report stating the objections, if any, to the diversion of the road and showing the quantity of land which will be affected by the diversion, the owners thereof, and the amount of compensation which you consider they would be entitled to.

I may add that the Department of Justice has advised that the consent of the Indians is not necessary to the diversion of the road or the securing by the Company of the requisite land, and that if an Order is granted by the Railway Committee of the Privy Council authorizing the proposed diversion, all that will then be necessary will be an Order in Council, under Sec. 35, as amended by Sec. 5, Chap. 33, Vic. 50-51, to admit of the land required being conveyed to the Railway Company.

A. Brosseau Esq.,
Indian Agent,
Caughnawaga, P.Q.

Caughnawaga, P.Q. Dec. 25th. 1896.

Proclamation

In reference to the disagreement between the Council and the C.P.R. regarding the location of the road, the Council of the Band was convened with a view of ascertaining the concensus of opinion. The undersigned place on record their desire, that the entrance shall be made where the road now is; and to apprise the Supt General of Indian Affairs, as well as the three honest Councillors, of their desire.

Caughnawaga 30 Dec. 1896.

Monsieur,

Accusant réception de votre lettre, en date du 19 courant No. 126,205 à l'égard de l'application de la compagnie du C.P.R. au Comité du Conseil Privé des Chemins de fer. etc. pour la déviation du chemin entre La Prairie et Caughnawaga, à travers leur chemin etc. tel que designé par le plan ci-annexé.

En réponse, J'ai l'honneur de vous informer que je crois devoir vous transmettre avec la présente, en réponse aux objections de la Bande, les signatures d'un grand nombre d'Indiens, fait à la suite d'une assemblée à cette effet, déclarant qu'ils ne veulent pas que le chemin soit changé, sans donner plus de raisons.

La déviation proposée, du susdit chemin, est sur du terrain de la commune de Caughnawaga, pour la plus grande partie.

Député Surintendant Général
des affaires des Sauvages
Ottawa.

partie, il n'y aura que les dommages de terrain, pris sur un emplacement pris de la ligne du C. P. R. de peu de valeur dont il n'est pas possible de donner le montant des dommages, avant que le tracé soit fait par la compagnie. Les dommages occasionés de plus de valeur, seront pour le public voyageur, et les Sauvages, residant à l'est du chemin de la compagnie sur la Réserve, qui auront à faire le trajet de cette déviation, d'environ cinq cents pieds de longueur, à chaque fois qu'ils devront venir au Village de Caughnawaga.

Permettez moi, de faire la suggestion suivante, qu'un employé du Département soit chargé de faire la visite des lieux en compagnie du Conseiller en Chef. Dr Patton, ou que ce dernier soit mandé à Ottawa, pour représenter l'opinion des Sauvages, et la nature de la déviation proposée, au Comité du Conseil Privé, parce qu'il est difficile de faire un exposé exact des faits, auprès du Conseil Privé, sans avoir visité les lieux

Translation.

Caughnawaga, 30th Dec. 1896.

Deputy Supt. General
of Indian Affairs,
Ottawa.

Sir:-

I beg to acknowledge the receipt of your letter of the 19th inst; No. 126205, relative to the application of the C.P.R. to the Select Committee of the Privy Council for railways &c. &c. for a change in the road between Lapraire and Caughnawaga crossing the Company's track as indicated in the annexed plan.

In reply I have the honour to send you herewith, in reply to the objections of the band the signatures of a great number of Indians given at the close of a meeting called for that purpose, declaring that they do not want any change in the road without receiving further reasons.

The proposed change in the road is for the most part on the

Indian Affairs. (RG 10, Volume 7661, File 22005-1B)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

Caughnawaga common. The only damage would be the loss of some land of small value near the line of the C. P. R., the value of which damage it is impossible to estimate before the Company lays down its track. The more serious damage will be to the travelling public and to the Indians residing on the reserve east of the track who will have to go around the deviation in the a distance of about 500 feet each time they want to come to the village of Caughnawaga.

Permit me to make the suggestion that an officer of the Department be detailed to visit the places in company with the chief councillor, Dr Patton, so that the latter can be called to Ottawa to represent the opinion of the Indians and the nature of the proposed change to the Committee of the Privy Council, as it would be difficult for any one to make an accurate statement of the facts to the Privy Council without visiting the spot.

No. 131615

OFFICE OF THE INSPECTOR OF INDIAN AGENCIES AND RESERVES.

Department of Indian Affairs

DEPT OF INDIAN AFFAIRS JAN 5 1897 OTTAWA

Ottawa, [illegible] January 189 7

Supt Macleod
For report as to
proceedings before
N. W. Coun
1st M.

128605

Sir,

Yesterday visited [illegible] Caughnawaga
Reserve on Caughnawaga Road crossing
the line of the proposed diversion
of the highway between Chateauguay
and La Prairie at the point where
a branch of the Canadian Pacific
R. R. crosses the same.

Upon my return that the Caughnawaga
Councillors might properly be consulted
before any action [illegible] should
be taken in the manner suggested by
the Company for the following
reasons.

1. That there is no public travelled road
over the road by the viaduct of
Caughnawaga and others, it forming
the only communicating link between
the western part of the Reserve - which
is divided into two portions by
the railways, and the eastern
portion on which it is said there
are about thirty Protestant families

I am
Your obedt
Supt. General
of Indian Affairs.

Indian Affairs. (RG 10, Volume 7661, File 22005-1B)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

as well as between the village and eastern portion of the reserve and to Prairie and all points East of the Railway, all of which travel would be affected by the additional length of the diverted road, viz. some 600 feet.

2 That the diversion would destroy the approach to the village which has long been enjoyed and is now in direct line with the main street of the village.

3. That the diverted road would probably require much more repair than the straight road passing through the embankment by means of a subway, would be subject to be flooded with water and the expense of keeping it cleared and repaired would undoubtedly be greater and would fall upon the Indian public the Band as compensating advantage, such as the subway will suffice by the Department.

4 That the only benefit Army

Indian Affairs. (RG 10, Volume 7661, File 22005-1B)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

arising from the diversion of the water of a stream of tributary to the Company & is at the expense of the public; and is unnecessary to the undertaking and does not affect the diversion nor damage the public,

5. Where the diversion is simply by open ditch across road this is done upon which the extra expense of maintaining the bridge and will fall & from which operation and the accidents which will be kept about by being frozen to [illegible] of the Company - as [illegible] always feel, unjustly - a spirit of discontent, and hostility to the Railway Company will be engendered

No. 131648 / 28603

OFFICE OF THE INSPECTOR OF INDIAN AGENCIES AND RESERVES.

Department of Indian Affairs,

DEPARTMENT OF INDIAN AFFAIRS JAN 5 1897

Ottawa, 6th January 1897.

Re Diversion road at C. P. R. Crossing Caughnawaga Reserve.

Sir,

As desired by you I appeared for the Department before the Railway Committee of the Privy Council this morning

The application of the C.P.R.R. Company was by arrangement with us not withdrawn and the Company consent to the subway. The proposition that it should cross the track at right angles, being concurred in by myself on behalf of the Department by C.P.R.R. counsel

An endeavour was made to bring up the question of crossing the waterway by means of an embankment with a five foot culvert which Mr. Schreiber remarked was not sufficient in size. Instead that the means of crossing was, the Sheriff, under the Act, provided 1st that the Company carried the fresh flood waters, and were responsible for damage caused by their failing to do so, 2nd that the Company arranged for easy access by road to the ice in case they interfered with the access now existing.

Deputy Supt. General
of Indian Affairs
Ottawa.

Yrs

Indian Affairs. (RG 10, Volume 7661, File 22005-1B)

To Dep. Macdonald Department of Indian Affairs,

Ottawa, 5th - 1 - 1897

QUERY.

As I understand it Dr Patton as representing the Indians stated to you that what the Railway Com. has consented to is so far as it goes would meet with the approval of the Indians

A. M.

ANSWER.

Dr. Patton and Ind. Agent Bourcan both stated that the road as consented to by the Railway Committee would be satisfactory to the Indians.

How far Dr Patton or ~~visitor~~ the Indian Agent was authorized to represent the Indians opinions as they assumed to do I have no means of knowing, but had they (the Indians) opposed the order which passed it is my opinion that the Dept. would not have been justified in supporting them

OFFICE OF THE INSPECTOR OF INDIAN AGENCIES AND RESERVES.

Department of Indian Affairs,

Ottawa, 7th January 1897

Sir information of

the Deputy Supt. General

CAUGHNAWAGA HIGHWAY.

The Indian Chiefs See the Premier About It.

(Special to the Star.)

Caughnawaga, January 6.—On the occasion of Hon. Wilfrid Laurier's last visit to Montreal to attend the banquet at the Windsor Hotel the Premier met two members of the Iroquois tribe, Louis F. Jackson and J. Wanienie Jocks, to hear the grievances of the Caughnawaga Indians. The question of closing the highway leading from the village to Laprairie and crossed by the main line of the C. P. R., was brought up. It will be remembered that the braves of the reserve held an indignation meeting, as reported in the Star on December 8, on account of the alleged bribery of some of the Indian councillors in connection therewith.

Since the interview two officials from Ottawa have been sent to examine the locality where the C. P. R. want the road closed: Messrs. Johnson, of the Department of Railways and Canals, and McRae, of the Indian Department.

The Indians feel confident that their interests will be well protected by the Railway Committee of the Privy Council at Ottawa.

Ottawa, 15th Jan., 1897.

THIS LETTER HAS BEEN SENT

Sir,-

The Canadian Pacific Railway Company applied to the Railway Committee of the Privy Council at its last meeting for an Order for the diversion of a road between Laprairie and Caughnawaga. Inspector Macrae of this Department, who appeared before the Committee, reported that the application as made by the Railway Company was withdrawn and an agreement come to as to the construction of a sub-way through which the said road would pass; and an Order was accordingly issued.

I shall be obliged if you will cause me to be furnished with a copy of the Order.

Your obedient servant,

Hayter Reed

Hon.Wilfrid Laurier,

Ottawa.

Honorable Sir:-

A notice has been served upon the Indian agent at Caughnawaga by the Canadian Pacific Railway Co. that they will apply to the Railway Committee of the Privy Council at its next sitting at Ottawa on the 5th. day of January next, for an order directing that the village road shall be diverted as shown in their plan thereto annexed.

12865

We are of opinion that it will be necessary to have someone present at said meeting who is acquainted with the facts of the case that the rights of the people of Caughnawa may be protected.

Yours respectfully,

Capt. L. F. Jackson

Minister's File

Ottawa, 15th Jan., 1897.

The Honourable Clifford Sifton,

Superintendent General of Indian Affairs.

I beg to return the Prime Minister's note to you of the 2nd instant; and with respect to the letters attached thereto - one signed by Capt. Jackson and J.W. Jocks, of the Caughnawaga Reserve, and the other by Capt. Jackson, alone, I beg to report, as to the matter touched upon in the first, that an Officer of the Department, Mr. J.A. Macrae, appeared before the Railway Committee of the Privy Council at its sitting on the 5th instant in the interest of the Caughnawaga Indians. Mr. Macrae had visited the Reserve and made a report upon the application of the Canadian Pacific Railway Company for an Order to divert the road between Caughnawaga and Laprairie. He reported that at the meeting of the Railway Committee the C.P.R. withdrew the application as made by them, and consented to provide for the Passage of the road through their embankment by means of a subway, Mr. Macrae agreeing on behalf of the Department that the subway should be placed at right angles. Mr. Macrae reported that the Indian Agent and Dr. Patton, Chief Councillor of the Band, both stated to him that a road such as that which the Order of the Railway Committee provided for would be satisfactory to the Indians. He added that he was not aware how far the Agent and Dr. Patton represented the Indians in this,

Indian Affairs. (RG 10, Volume 7661, File 22005-1B)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

this,but he considered that if the Indians objected to the road as ordered,the Department would not be justified in supporting them in their objection.

I may add that before any land in the reserve can be taken for the road,it will be necessary to have,over and above the Order of the Railway Committee of the Privy Council,the consent of the Governor General in Council to the acquiring of the land by the Railway Company. The consent of the Indians, however,is not requisite. The Department has not yet received a copy of the Order made by the Railway Committee; but I am applying to the Railway Department for one,and shall have a copy forwarded to the Agent so that the Indians may have an opportunity of stating their objections,if any,in time to have the same considered before authority is given to the Railway Department to acquire any land which they may require in connection with the road.

As to the second letter,I beg to state that there was no arbitration,in the proper sense of the word,respecting the land taken in the Caughnawaga Reserve by the South Western Railway Company. A valuator was appointed by the Department,whose valuation is subject to its approval. His report has not yet been received. Until it is before the Department there will be nothing gained by Mr.Jackson's coming here,and,indeed,I think the matter can be disposed of without the personal interview which he contemplates. When the valuation is received,it will be sent to the Agent for his report,and the Indians interested will then have an opportunity of stating their objections to the valuations,and the whole matter can then be considered by the Department.

Hon.Clifford Sifton,

Ottawa.

Dear Sir:-

Yours of the 9th. inst. duly received. Herewit I enclose a copy of notice and plan served on our agent by the Canadian Pacific Railway Company, asking that our village road shall be diverted as shown in said plan.

I also enclose the petition of a number of residents whose lands have been expropriated by the Western Railway Company, and who consider that an injustice has been done them in the small amount of the award made.

Extract on 168225

Ottawa, January 25th 1897.

Sir

I am directed to acknowledge the receipt of your letter of the 15th instant, asking for a copy of the Order in the matter of the application of the Canadian Pacific Railway Company for permission to divert a road between Lesprairie and Caughnawaga, and to say, that the Order has not yet been issued owing to the fact that the Committee has not been furnished with a plan and details of the arch which the Railway Company proposes to substitute.

The Canadian Pacific Railway Company have been called upon to furnish a plan and details of the proposed arch, and as soon as they do so, and Order will be issued, a copy of which will be sent to you. —

DRAFT-

The Canadian Pacific Railway Company hereinafter called "the C. P. R." having applied to the Railway Committee of the Privy Council of Canada, for approval of plan and profile of a crossing by a portion of its railway of a road used between the Village of Caughnawaga and Laprairie in the Province of Quebec, and for an Order directing that the said road shall be diverted, as shown on plan and profile accompanying their application. (File No. 6744).

The Committee, on the 5th. day of January last, having heard Counsel for the parties interested, and the C. P. R. having represented that the Indians at Caughnawaga objected to the diversion of the road, but agree to accept a crossing by means of an arch under the railway and to substitute a culvert for the bridge as a means for carrying off the water, and the C. P. R. and the Department of Indian Affairs having agreed to such substitution for the crossing and diversion of the road as applied for by the said C.P.R., the Committee, after due consideration, hereby directs that the said C.P.R. shall, at its own cost, construct and thereafter maintain, a masonry arch culvert twenty feet wide and twelve feet high, over the roadway, and a masonry arch culvert for a waterway with an opening at least four feet by six feet, both under the Atlantic & North West Railway at the Caughnawaga Indian Reserve, as shown on plans & profiles hereunto attached: both the said masonry arch culverts to be constructed to the satisfaction of the Government Chief Engineer of Railways & Canals.

DEPT OF INDIAN AFFAIRS FEB 5 1897 33

Sir,

I enclose, (written separate cover) two photographs for your information taken at Caughnawaga during my recent visit to that place.

No. 1. is taken from the village side of the subway, under the C. P. R. R. track. It illustrates the fact that the La Prairie road approaching the village through the subway is in line with the mainstreet of the village; the commencement of which is in the view. The proposed diversion was from the further side of the house upon the right, behind which the diverted road was there paved, to a point some 200 Ft to the right of the spot from which this photograph was taken. The plans on file supplemented by this illustration make the position clear, I think.

No. 2. is a picture of a culvert and roadway. It is said that for a month or six weeks this culvert, which is 8'x8',

is

The Deputy Supt. General
of Indian Affairs.

is filled by the discharge of water from lands lying away from the St. Lawrence. It was this water, added to other water from the St. Lawrence which was proposed to be carried off by a 2'×2' culvert piercing the embankment intended to be constructed across the channel. The matter of crossing the channel has yet to be dealt with and it occurs to me that this view may be of use as illustrating a reasonable point of water discharge.

I have the honour to be, Sir,

(Translation) HCR

Caughnawaga, 12th February, 1897.

Deputy Supt.Gen. of I. A.,

Ottawa.

Sir:-

I beg to acknowledge the receipt of your letter of 8th instant, No. 128605, also a draft of the Railway committee of the Privy Council in regard to the request of the C.P.R.Company to be allowed to divert the road ~~from~~ between Caughnawaga and La Prairie.

In reply I have the honour to inform you that I am of opinion that the culvert for the passage of the road is sufficient, but that the arch or culvert for the passage of the water is not sufficient, because a great deal of water comes down this river at this place in Spring and as a result there would certainly be an inundation of the houses situated near the river, for which the Company would be held responsible.

I have &c.,

A. Brosseau,

Agent.

Department of Indian Affairs,

Ottawa 17th February 1897

Sir,

I have the pleasure of an interview with Mr. Schreiber and it would appear that the extension of the draft order by means of carrying the waterway has been misunderstood.

It is evident from the minutes of the Railway Committee that the order was intended to be confined to the carrying of the road, as stated in my reports of 5th/97 on this file (last para:) and that other reports should

I think the Dept. of Railways & Canals should receive advice that inasmuch as the draft order refers to the crossing of the roadway, your Dept. is in agreement, but that inasmuch as it concerns the crossing of the waterway it is not in agreement.

It appears true that your Dept. should have an expert report on the crossing of the waterway in its possession and that before the next meeting of the Railway Committee there would be time for the technical branch to prepare such a report.

Your obed. servt.

Deputy Supt. General Indian Affairs.

Ottawa, 18th Feb., 1897.

Sir,-

In respect to the crossing of the water-way upon the Caughnawaga Reserve by the C.P.R. Co's line, I have the honor to state that it is represented by our Agent at Caughnawaga that the proposed embankment and culvert would not be satisfactory to the Indians and would lead to damage to their houses and lands upon the reserve. The Department understands from Mr. Inspector Macrae, who had an interview with you yesterday, that it was not intended that the order already granted by the Railway Committee of the Privy Council should effect more than the right of the Company to cross the road by means of a sub-way. To the arrangements made in this respect, the Department fully agrees.

As to the crossing of the water-way, I should be very glad if you would permit an officer of this Department to have communication with your Engineer who visited the reserve in connection with this matter shortly before the last Meeting of the Railway Committee; and as I understand that the Railway Committee again meets to-morrow, I would ask that you should be kind enough to telephone permission to this effect, in order that the interview may at once take place.

Your obedient servant,

Inspr. Macrae

DEPARTMENT OF INDIAN AFFAIRS CANADA

MEMORANDUM FOR THE DEPUTY MINISTER.

In answer to the Memorandum of the 18th instant, referring to a water way under the C. P. R. track, on the Caughnawaga Indian Reserve, I beg to state that I have never been in the locality. It is therefore difficult to form a reliable opinion regarding the matter. However I may say, from the plans submitted, and from information from Mr. Macrae, that it is to be observed the water way in question is not only the outlet of a considerable stream coming in from the west, but it is an overflow channel of the St. Lawrence River, which may apparently be about 150 feet and upwards wide, with a fall from the river to the C.P.R. embankment of about 4 feet. If the water way is too contracted the water would necessarily dam up ~~and fill~~ until not only on a level with the mouth of the inlet, but higher, according to the rate of the current, that is, unless it can find an outlet by overflowing its banks in a lower place or places, no doubt as the land is very low considerable damage would be done. Allow me to state that the responsibility of providing proper passage for water under the track is with the Railway Company, and the Company is liable for damages done by contracting the waterway. I think the Department may properly protest against the construction of a culvert that may appear to be too small, but it should not assent

Indian Affairs. (RG 10, Volume 7661, File 22005-1B)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES

assent to the construction of any culvert of any size as the responsibility of ~~knowing~~ providing proper passage for the water should rest entirely with the Railway Company.

Enclosures.

Sir;

I have the honour to acknowledge the receipt of your letter of 30th ultimo - No.128605 - in which you ask for an opinion as to whether concurrence in an Order of the Railway Committee making a provision for the crossing by the Canadian Pacific Railway of a certain road on the Caughnawaga Indian Reserve, which Order directs that the Railway Company "shall, at its own cost, construct and thereafter maintain a masonry arch culvert twenty feet wide and twelve feet high over the roadway, and a masonry arch culvert for a waterway, with an opening of at least six feet by six feet", the latter culvert as a means of carrying off the water, would relieve the Railway Company from responsibility in case of flooding being caused by this culvert being too small. You ask also that if concurrence would, in my opinion, diminish or remove responsibility, I will advise you as to what exception should be taken to the Order and how it should be amended.

The Order in question of the 22nd ultimo, recites that the Committee had heard Counsel for the parties interested; and that the Railway Company had represented that the Indians

The Deputy Superintendent General objected

objected to the diversion of the road, but agreed to accept a crossing by means of an arch under the railway, and to substitute a culvert for the bridge as a means of carrying off the water; and that the C. P. R. and the Department of Indian Affairs had agreed to such substitution for the crossing and diversion of the road as applied for by the C.P.R.

In reply, I beg to state that, in my opinion, the passing of an Order in this form would not relieve the Company from any liability for flooding to which it would otherwise be subject. I think, however, that it might be well, if the Committee is willing, to amend the Order by inserting after the words "opening of" the following words:-"sufficient size to carry off the water and to be".

Papers returned herewith.

THIS LETTER HAS BEEN SENT

Ottawa, March 6th, 1897.

Sir,

I have the honour to acknowledge the receipt of your letter of the 23rd ultimo, enclosing a certified copy of the Order of the Railway Committee of the Privy Council concerning the line of the Atlantic and North West Railway crossing the Caughnawaga Indian Reserve.

Examination of the Order shewed it to be different to the draft agreed to by Mr. Macrae---representing this Department, at the last meeting of the Railway Committee, since which no communication on the subject has passed between us.

The difference, it is understood, was introduced upon representations made to you by Mr. Tait, of the Canadian Pacific Railway, of an agreement between Mr. Macrae and himself. As to what these representations may have been this Department is, as you are doubtlessly aware, in ignorance.

The only point at issue, however, seems to be as to whether the wording of the Order contains the sense of the agreement arrived at by Mr. Tait and Mr. Macrae, which was that the Railway Company should in no way be relieved of responsibility for any

ARCHIVES PUBLIQUES
CANADA

any flooding, caused by its works, by reason of the Department consenting to the adoption of the proposed dimensions (6 ft by 6 ft) as a minimum size of the culvert to be constructed for the escape of water through the Company's embankment.

The opinion of the Department of Justice, sought upon this point, has to-day been received. It is,

"In my opinion the passing of an Order in this "form would not relieve the Company from any lia- "bility for flooding to which it would otherwise "be subject. I think, however, that it might "be well, if the Committee is willing, to amend the "Order by inserting after the words 'opening of' "the following words :--'sufficient size to carry "off the water and to be'."

Montreal, February 20th. 1907.

Collingwood Schreiber,Esq.,
Deputy Minister,
Department of Railways & Canals,
Ottawa. Ont.

Dear Sir,

Mr. McRae of the Indian Department and Mayor Patton of Caughnawaga have just called on me to inform me that a masonry arch culvert of not less than 6 x 6 will be satisfactory to the Indians and to the Indian Department as an opening for the waterway under our proposed embankment at the South End of our St. Lawrence River bridge, and we will agree to provide such a culvert instead of a 6 x 4, as originally intended. I shall be obliged if you will therefore, in accordance with our conversation of yesterday, include this culvert in the proposed Order of the Railway Committee.

Yours truly,

(Sgd) Thos Tait,

Ass't. Gen'l. Manager.

THIS LETTER HAS BEEN SENT

Ottawa, 12th March, 1897.

Sir:-

I have the honour to acknowledge the receipt of your letter of the 9th instant (refer 6922) re the Atlantic North-west Railway crossing the Caughnawaga Indian Reserve and enclosing a copy of a letter received by you from Mr. Tait.

As far as that letter goes it correctly describes the understanding between Mr. Macrae and Mr. Tait but it does not reach the most important part of the agreement arrived at during the meeting it describes.

It omits to state that determination of the dimensions of the culvert referred to(which were to be not less than 6' x 6') was left entirely with the Railway Company which accepted all responsibility by flooding or other drainage caused by a determination to build a culvert of too narrow dimensions.

I therefore trust that the Railway Committee will, particularly as the order was amended without this Department being heard on the amendment, grant the further amendment asked for in this Department's letter of the 6th instant at the instance of the Department of Justice.

Your obedient servant,

ORDER.

The Canadian Pacific Railway Company hereinafter called "the C.P.R." having applied to the Railway Committee of the Privy Council of Canada, for approval of plan and profile of a crossing by a portion of its Railway of a road used between the Village of Caughnawaga and Lapriarie in the Province of Quebec, and for an Order directing that the said road shall be diverted, as shown on plan and profile accompanying their application. (File No.6744.)

The Committee, having heard Counsel for the parties interested, and the C.P.R. having represented that the Indians at Caughnawaga objected to the diversion of the road, as applied for, but agree to accept a crossing by means of an arch under the Railway and to substitute a culvert for the bridge as a means of carrying off the water, and the C.P.R. and the Department of Indian Affairs having agreed to such substitution for the crossing and the diversion of the road as applied for by the C.P.R., the Committee after due consideration hereby directs that the said C.P.R. shall at its own cost construct and thereafter maintain under the Atlantic & North West Railway in Caughnawaga Indian Reserve a masonry arch culvert, 20 ft. wide and 12 ft. high, constructed at right angles to the line of the C.P.R. for the roadway, and for a waterway, a masonry arch culvert of sufficient size to carry off the water which now passes under the trestle bridge of the C.P.R., such masonry arch culvert to be not less than 6 feet wide and 6 feet high. Both of said masonry arch culverts to be constructed to the satisfaction of the Government Chief Engineer of Railways and Canals in accordance with the plans hereto attached.

The said Committee in pursuance of authority given by the [illegible] clause 18 of the Railway Act, hereby rescinds its Order of the 22nd [illegible] February 1897, (File No.6902.)

DEPARTMENT OF INDIAN AFFAIRS APR 23 1897

Caughnawaga, 21 Avril 1897.

Monsieur,

Permettez moi de vous informer, que les Indiens en grand nombre, protestent contre la grandeur de l'arche faite par la Compagnie du C. P. R. à travers les travaux du chemin de la Compagnie sur le Chemin de Caughnawaga à Laprairie, qu'il est trop bas et insuffisant pour le passage des charges de foin double etc; cet arche aura 12 pieds de hauteur au centre, seulement, ce qui le rend excessivement bas de chaque côté avec 20 pieds de largeur; les employés de la Compagnie prétendent qu'il sera suffisant pour passer n'importe quelle charge double lorsqu'il sera terminé, et que l'aspect ne sera plus le même, et de plus que la construction de cet arche est faite suivant la loi de la Législature des chemins de fer & canaux à cette fin.

Je vous inclus la liste des noms d'un certain nombre qui protestent contre cette construction.

J'ai l'honneur d'être
Monsieur

APR 26 1897
OTTAWA, CANADA.

Caughnawaga, 21st April 1897.

Deputy Supt. General of I. A.,
Ottawa.

Sir:-

I beg to inform you that a large number of the Indians protest against the ~~Largeness~~ Smallness of the arch built by the C.P.R. Co. over the trestles of the track Company's track on the road from Caughnawaga to Laprairie, which is too low and small to allow a double load of hay to pass under. This arch is only 12 feet high in the centre which makes it very low at each side, and it is 20 feet wide. The Company's employees assert that it will be quite large enough even for double loads when finished, and that it will not look the same, also that the arch ~~is~~ has built in accordance with the law respecting railways and canals.

I enclose a list of the names of some of those who protest against this arch.

Yours &c.
A. Brosseau Agent

...ARTMENT.

...ARK, Q. C., CHIEF SOLICITOR.

...KER, ASSISTANT SOLICITOR.

DEPT. OF INDIAN AFF. JUN 1 1898

30th M a y 1898.

Dear Sir:- 198700

INDIAM RESERVE FILE NO.3185.

The Railway Company has,with the approval of the Indian Agent,Mr F.X.Brosseau, arranged with several of the Caughnawaga Indians to take temporarily from them certain lands to be used as a borrow pit for the railway and the agreement which has been drawn between the Indians and the Company provides that the Company is to have the use and occupation of this land for a period of years;to take from it such material as the railway may require during that period; to fence it and leave the fences for the Indians at the expiration of the term,and to return the land to the Indians at the expiration of the term after having cleared from it railway material,and the prices which have been agreed upon have been paid to the Indians in cash. The agreements the Indians have signed are a reproduction of the form of agreement which was approved of by your Department when other lands were taken from them for borrow pit purposes in the year 1894.

SECRETARY'S BRANCH JUN 4 1898

The following are the names of the Indians,the areas taken and the amounts paid to them for the land:

Michael Delorimier,part of lot 97,0.831 acres
$20 a year for five years.

Jacques Parthius,part of lot 202, 0.10 acres
$10 a year for five years.

Frank Hemlock,part of lot 205,0.804 acres
$30 a year for five years.

P.Ticaire,part of lot 195, 4 acres
$400 for eight years.

Would you let me know whether you require copies of these agreements and plan made by the Provincial Land Surveyor to be filed in your Department and also whether the Indians whose names are above given are entitled to the moneys as being the occuparts of the lots from which these lands are taken.

The above mentioned lots are sub-division lots of the Cadastral Lot No.1 seigneury of St.Louis,County of Laprairie and the periods all run from the 15th May instant.

Yours truly,

A.N.McNeill Esqre.,
Dept.Indian Affairs,

Dear Sir,

re Borrow Pits - Caughnawaga
Canadian Pacific Railway Coy

We send you herewith copy of letter written by Mr Henry Irwin of the Construction, Right of Way and Lands Department of the Canadian Pacific Railway Company to Mr Hamilton Solicitor of the Co. in which you will find descriptions of the four parcels of land taken for the borrow pits amounting to 12.42 acres, in accordance with our letter of 24th December 1912 and in compliance with your request in your letter of December 12th.

We regret that the plan on tracing cloth is not yet ready but we will forward it the moment we receive it from the company

As there has been no change in regard to the extra lands required for tracking we take it that the plans already in your possession sent to you some time ago will serve for the purpose of insertion in the patents.

Yours truly,

S#1

A. & N. W. Railway, Caughnawaga.
Borrow Pit Lands.

Referring to my letter to you of the 26th. ultimo, your file No. 5720, sending you two blue line prints of plan of extra land actually taken for bowwow pit.

I now send you herewith description of these lands as shown on plan No. 50910-1, dated 15th November 1912. I sent you descriptions of the lands shown on first plan on 24th Sept. last, and would suggest that you should have these descriptions cancelled.

DESCRIPTION.

Four parcels or tracts of land forming parts of the lot known as Cadastral number one (1) of the Seighiory of Sault St. Louis, County of Laprarie, Province of Quebec, being part of the Caughnawaga Indian Reserve, marked respectively, parcel one (1), parcel two (2), parcel three (3) and parcel 4 four (4) and being shown edged in red on a plan

Ottawa, Jan. 10, 1913.

Sir,

You will remember that your attention was brought to the fact that your areas were a little in excess of those ascertained by the Chief Surveyor. You then stated that you were aware of this but that your figures had been admitted . I have now to say that the Canadian Pacific Railway Company has refused to pay the difference of $25.03 between your calculation of the area and yours. I shall be obliged if you will call at the office of Messrs. Meredith, McPherson, Hague, Holden & Shaughnessey, Transportation Building, St. James St., Montreal, at the first convenient opportunity you may have and endeavour to have this matter straightened out.

Your obedient servant,

Sgd J. D. McLean.

Assistant Deputy and Secretary.

168,225/2.

Ottawa, Jan. 10, 1913.

Sir,

I beg to acknowledge the receipt of your letter of the 24th ultimo and note your explanation regarding the area of the land taken by the Canadian Pacific Railway Company for Borrow pit and Extra Width in the Caughnawaga Indian Reserve. Kindly refer to letter to you of the 21st ultimo in which you were informed that there was no exception taken by the Department to Mr. Irwin's calculations as these coincide with the calculation made by our Chief Surveyor.

You ask an explanation as to why the difference which has been asked for is $25.03 instead of according to your calculation which should be only $16.25; the total area according to your own figures is 19.187 acres at $325.00 per acre ..... $6235.77. Mr. Delisle's reduction makes the area 19.264 at $325.00 per acre.. ... $6260.80. The difference is therefore as requested $25.03. In both cases the special payment for improvements has been omitted.

I may say that the difference in area as ascertained by Mr. Delisle was pointed out to him at the time he submitted his award. He explained that he had

pointed out the difference and that his figures had been admitted by your company.. We, are, however, not able to state which officer of your company he communicated with.

I may again repeat that Mr. Delisle's award is drawn up in the form of a statement in which the amounts payable to thirteen individuals and to the Caughnawgga Band are separately indicated and this statement is signed by each of these individuals and by the Chief and Councillors of the Indian Band. It was therefore not considered to be justifiable to refuse the award on account of the small difference. It is very much to be regretted that your company will not pay the difference.

Mr. Delisle will be asked to call at your office to explain his figures and his authority for the reductions he made.

Your obedient servant,

Sgd. J. D. McLean

COPY:

Montreal, 17th January, 1913.

E. P. Flintoft Esq.,
Assistant Solicitor,
Montreal.

Dear Sir:-

A. & N. W. Railway, Caughnawaga, extra land for Borrow Pit.

Your turn down on the 14th instant on Messrs. Meredith & Co.'s letter to you of the same date.

An English acre contains exactly 43,560 feet, English measure. A French arpent contains about a square foot more than 36,800 square feet, but Surveyors in this Province always use the even figure, 36,800 English feet per arpent. Using the latter figure the French arpent would be 0.84481 of an English acre, and not 0.8449, as mentioned in the Department's letter of the 21st December last to Messrs. Meredith & Co., but the difference between these two figures, 0.8448 and 0.8449 is very small.

In any case our original areas in arpents were calculated on the basis of 36,800 feet per arpent, and the same figure was used in turning the arpents into acres. Our figures therefore must be considered correct.

I return the correspondence sent with your turn down.

Yours truly,

(Signed) H. IRWIN,

Consulting Right of Way & Lease Agt.

Borrow Pilot de Caughnawaga

Dear Sir:-

We d uly received your last letter of January 10th and forwarded the documents to the Company. We now enclose a copy of a letter of Mr. Irwin, the Engineer and Land Surveyor who made the original calculations. The statements that he make are well known throughout this Province and are indisputable. At the same time the Company have come to the conclusion that there is nothing to be gained by prolonging the controversy about such a small matter, although they feel that they have already paid on a very liberal scale for the lands they have acquired, besides a very considerable item for legal expenses and that they should not be called upon for any reason to pay any more. While they do not admit any liability for this sum, they have nevertheless instructed us to forward the amount so that the discussion may terminate.

Would you be good enough to intimate when disposing of this money to Mr. Delisle and those he represents, the conditions under which the money has been paid, that is, without

Re Grand Piers Remnants 1230 F

Dear Sir:-

re Borrow Pits and Lands for Double Tracking, Caughnawaga.

In our letter to you of the 2nd of January last we forwarded descriptions prepared by Mr. Henry Irwin, the Company's Engineer, of the four parcels of land composing the portion of the Borrow Pit lands taken by the Company. We did not then send you any description of the extra lands required for tracking as there never has been any variation from the descriptions originally prepared and which we forwarded to the Department long ago.

It may be, however, that in the description of the tracking lands that you now have, the areas are mentioned in arpents instead of acres. This, however, should offer no serious difficulty as whoever drafts the deed will easily make the change from arpents to acres.

We might mention, (although it has just come to our knowledge,) that a second track has recently been constructed through Caughnawaga which does not appear on the

Indian Affairs. (RG 10, Volume 7661, File 22005-1B)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

419200

plans, but as the plans were made before this was carried out and as half widths can always be figured from the centre of the original line, the second track has not been shown on the new plan in order to avoid confusion, but the track is plainly marked as being the original one.

The making of the new plan for the Borrow Pits land necessitates change of description in parcel one. We therefore enclose a copy of the revised description as prepared by Mr. Irwin and would ask you to substitute it for the description of parcel one as sent to you in our letter of the 2nd January last.

Our attention has been drawn to two clerical errors in the descriptions of the property for double tracking, which was sent to you some time ago. The first of these occurs towards the end of the description of parcel two, about four or five lines from the end, where a square distance is given as "66' 6" north easterly from etc" instead of "56' 6"", and the second occurs at about the fifth line of the description of parcel three, in which chainage is given as "2146.80 from Brigham Junction" whereas chainage is 2146.30 from Brigham Junction. Will you kindly see that the description is modified in the grant in accordance with the above.

We have now received from the Company the tracings on cloth as requested by you in your letter of December 12th to annex to the Grant or Patent. There is a separate tracing for each of the properties, that is one for the land taken for Borrow Pits and one for the lands for double tracking. We are sending these under separate cover by to-night's mail.

Yours very truly,

Meredith Macpherson Hague Holden & Shaughnessy.

DESCRIPTION.

Four parcels or tracts of land forming parts of the lot known as Cadastral Number one (1) of the Seigniory of Sault St. Louis, County of Laprairie, Province of Quebec, being part of the Caughnawaga Indian Reserve, marked respectively, parcel one (1) and parcel two (2) and parcel three (3) and parcel four (4) and being shown edged in red on a plan of land to be acquired by the Atlantic and North West Railway Company, dated 3rd January, 1913, and prepared in the Assistant Chief Engineer's Department. and of record in the surveys branch of the Department of Indian affairs under number 1230 F

Parcel No. 1 containing an area of seven acres and three hundredths of an acre. (7.03 acres)

Parcel No. 2 containing an area of two acres and thirty seven hundredths of an acre. (2.37 acres)

Parcel No. 3 containing an area of sixty eight hundredths of an acre (0.68 acres), and

Parcel No. 4 containing an area of two acres and thirty four hundredths of an acre (2.34 acres) said parcels containing altogether an area of twelve acres and forty two hundredths of an acre (12.42 acres), the limits of said parcels being described as follows, namely:- Plan and profile shown on sheet numbered 1230 F

PARCEL NO. 1.

Commencing at the point of intersection of the north easterly boundary of the lands of the Atlantic and North West Railway with a line drawn North Easterly from and at right angles to, the centre line of the original main line of said Railway, from a point at chainage 2066.50 from Brigham Junction, thence in a North Westerly direction, through Lot number three hundred

J. D. McLean, Esq.,
Assistant Deputy and Secretary
Department of Indian Affairs,
Ottawa, Ont.

Dear Sir:-

re Borrow Pits and extra Land
Caughnawaga Reserve.

We beg to acknowledge receipt of your letter of the 24th February, 1913, and in reply would say, we presume that the grant or patent will cover both the lands for the borrow pits and the extra land for double tracking.

Ref. 16, 647

If we remember rightly there were two plans and it may be that on the one for the double tracking, the Atlantic and North West Railway would appear, and possibly on the other, along with the Canadian pacific Railway, but whether this be so or not we have conferred with the Company and they desire that the patent will issue solely and simply in the name of the Canadian Pacific Railway Company.

Yours very truly,

S: 3.

Deputy Superintendent General
of Indian Affairs,
Ottawa.

Dear Sir:-

We have to acknowledge receipt this day of patent covering grant of 12.42 acres to the Canadian Pacific Railway of the lands in the Caughnawaga Indian Reserve, and draw your attention to the fact that this only covers the four parcels of land taken for borrow pits, and there is no mention in the grant of the land 8.010 arpents taken for double tracking.

We beg to remind you that you said that one patent only would issue for all the lands, and we would ask you to let us hear from you as soon as possible so that we can advise our clients that everything will be made right.

Yours very truly,

Meredith Macpherson

Re Caughnawage India Reserve.

Sir,

We enclose herewith Patent dated 14th March 1913 for 12.42 acres recently sent us. Mr. Irwin, the Company's right-of-way and Lease Agent, has marked in the margin certain places where the word "tract is written instead of "track". In two places, however, the word "track" is correctly written as indicated by him. We are instructed to ask that you will have these errors corrected in the patent and returned to us.

We have the honour to be, Sir,

Your obedient servants,

Montreal, January 17th 1914

Lorenzo Letourneau, Esq.,
Assistant Indian Agent,
St. Constant, Que.,

Dear Sir,

Referring to my letter December 16th, regarding access to station grounds at Adirondack Junction.

I find, on looking into the matter, that the roadway leading to the station does not run up to our right-of-way limit, but to the edge of a piece of our property adjoining the right-of-way. It has been proposed that the Caughnawaga Indian Council should extend the roadway through to the limit of our right-of-way, acquiring from us the property for the purpose and giving in exchange an equal area on the other side of the lot. I presume the Council will be glad to arrange this, and I have requested our Real Estate Agent to communicate with you on the subject.

Yours truly,
Signed - Geo. Hodge,

Book 38 Pages 159-160)

Dear Sir,

Our General Superintendant, Mr George Hodge, has sent me a copy of his letter to you of the 17th January regarding the proposed extension of the roadway opposite our station at Adirondack Junction, in order to give better access to the station for the inhabitants of that district. As it will be necessary for a portion of the lot, on which our section house is built, to be taken for this purpose, our Company desire to be granted a strip of equal area on the East side of our lot and with the object of showing you clearly what is required, a blue print has been prepared which I send you herewith. The strip of land shown, colored red, is that which will be required to extend the roadway and the strip of land shown, colored yellow, of the same area, is that which we desire to have deeded to our Company in lieu thereof. I presume there will be no hesitation on the part of the Caughnawaga Indian Council in consenting to this exchange and if you will advise me promptly of their consent, we will have an agreement drawn up and will also arrange for the roadway to be revised with as little delay as possible.

Yours truly,
Signed - A. S. Piers,

Caughnawaga Reserve,

COPY

St. Constant, 24th January, 1914

A. S. Piers, Esq.,
Assistant Real Estate Agent,
Canadian Pacific Railway Company,
Montreal,

Sir,

I duly received your letter of the 22nd instant, together with a blue print showing the proposed access to station grounds at Adirondack Junction, which, letter and blue print, I will submit to the Indian Council at their meeting of the 30th instant, but, in case that the Councillors would object to the extending of the east side of the lot on which your section is built, and this in exchange of a strip of equal area on the opposite side, in order to give better access to the station, I would ask your Company whether an arrangement has been made, with the approval of the Department of Indian Affairs, Ottawa, for you to appropriate said strip of land colored red, if so I beg to ask you to send me a copy of this document in order to convince the Indians that the exchange is to be made.

Permit me to remind you that the said strip of land colored red, is part of the land belonging to the tribe, and used as one of the public roads of the reserve, said strip of land situated between lots 214 and 215 of the reserve could not be appropriated by your Company without the usual surrender by the majority of the male members of the tribe.

Your obedient servant,
Signed - Lorenzo Letourneau,
Assistant Indian Agent,

Indian Affairs. (RG 10, Volume 7661, File 22005-1B)

442504

Dear Sir,

I am obliged to you for your favour of the 24th January in reply to mine of the 22nd January regarding the proposed extension of the roadway opposite our station at Adirondack Junction.

Your reply has somewhat confused me as in the first paragraph you ask if our Company has made any arrangements to secure the approval of the Department of Indian Affairs at Ottawa to appropriate the strip of land colored red. Do you not mean the strip of land colored yellow, as we are already the owners of the strip colored red and it is that strip which it is intended to use for the continuation of the highway. Then in the last paragraph you say the strip of land, colored red, is part of the land belonging to the tribe and used as one of the public roads of the reserve. Once more I would call your attention to the fact that the strip of land, colored red, is part of our property and has never been allotted by us for a public highway. I wish you would, once more, examine the plan which I sent you and let me know if I am not right in correcting your letter. I have also, today, discussed the matter with our Mr. Irwin and he was of the opinion that we should first obtain the consent of the Indian Council to the proposition before making an official application to the Department of Indian Affairs at Ottawa, to sanction it. If, however, you consider that the proper way is to apply to the Department of Indian Affairs and after securing their approval then take up with the Indian Council, we will do so on hearing from you further.

Yours truly,
Signed -, A. S. Piers,
Assistant Real Estate Agent,

Ottawa, Feb. 21, 1914.

Sir,

With reference to your favour of the 17th instant regarding the Westerly twenty-two feet of a parcel of land measuring one hundred feet on each side and inclusing the production of the roadway, immediately North of the present right of way of the Canadian Pacific Railway and opposite Adirondack Station, I beg to say the parcel coloured red was included in the purchase by that railway. This Department had the impression that this land was to be used as a turning ground instead of the Section House. As this land was paid for at the rate of $325.00 per acre, it is thought the Caughnawaga Council might offer the owner of the property at this rate per acre for the twenty-two feet to the East of the above mentioned parcel, being a part of Lot 215, secured by the railway and coloured yellow on the blue print submitted by you.

Land W. Red.

The area in question is twenty-two hundred square feet, being about one twentieth of an acre and at the above rate would amount to $16.39. Please submit this matter to the Indian Council and to the owner. You might explain to them that if this matter is not carried through the Canadian Pacific Railway Company may block their present roadway to the turning grounds purchased by them from Lot 214.

L. Letourneau, Esq.,
Ass't. Indian Agent,
St. Constant, Que.

Indian Affairs. (RG 10, Volume 7661, File 22005-1B)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES

Sir,

With reference to your favour of the 28th ultimo, addressed to Mr. Lorenzo Letourneau, Assistant Indian Agent of the Caughnawaga Indian Reserve, and which has been forwarded by him to this Department, I beg to say the matter of exchanging the Westerly twenty-two feet of the lands secured by you on which you have placed a double section house for a parcel of land of the same area to the East of the said block is being referred to the Council of the Caughnawaga Band, with the view of having this exchange made. You will be further advised as soon as possible.

Your obedient servant,

Asst Deputy and Secretary.

Dear Sir:-

I beg to refer you to your letter to me, dated 21st February, regarding the proposed exchange of a small parcel of property at Caughnawaga for the purpose of improving the highway approach opposite this Company's station at Adirondack Junction. In your letter, above referred to, you stated you were arranging to refer the matter to the Council of the Caughnawaga Band, with a view to having this exchange arranged, and that you would advise me further as to the result. May I ask if a decision has yet been reached, as we would like to have the work taken in hand as soon as the weather will permit.

Yours truly,

Ottawa, April 4th 1914.

Sir,-

I beg to refer you to letter of the 21st February last regarding a proposed exchange of a portion of the road south of Adirondack station, for a portion of the same width east of the parcel acquired by the C.P.R. for a section house, and in this connection to refer you to Minute of Council No.1 of the 27th February 1914. In reply to the said matter I beg to say this road was surveyed by Mr. Descarries in 1912. When the C.P.R. made application for extra width, they applied for a parcel of land at the intersection of this road with the C.P.R. Right of Way, and including a part of the road.

The Department at the time thought this parcel which measured 100 feet on each side was being purchased by the C.P.R. for the purpose of a turning ground, but it now appears it was acquired for the purpose of a section house, and consequently the 100 feet of the road nearest the Right of Way belongs to the C.P.R. That Company however states that they are willing to exchange the area within the road, which they paid for at the rate of $325.00 per acre, for a similar area east of the section house grounds. The Council is now requested to obtain from the owner of Lot 215, the necessary land to permit of this exchange being made

Lorenzo Letourneau, Esq.,
Ass't Indian Agent,

The area coloured red, and the area coloured yellow on the accompanying Blue Print show the lands bought by the C.P.R. for a section house, and the area in black shows the portion which it is decided to give to the C.P.R. in exchange for the parcel in red. This Blue Print should make the matter quite clear to the Indian Council. A survey of these lands will therefore be quite unnecessary.

Your obedient servant,

Sgd D McLean

Assistant Deputy and Secretary.

Ottawa, May 5, 1914.

Sir,-

I beg to acknowledge the receipt of your favour of the 29th ultimo, and also of your letters of the 25th February and 30th March, regarding the exchange of lands at Adirondack Junction between the Canadian Pacific Railway Company and the Caughnawaga Band, and in reply to say that it is expected that an officer of this Department will visit Caughnawaga in the near future and endeavour to adjust this matter.

As the Indian occupant of lot No. 215 collected the money for the portion of the lands granted to your Company, which lie on the road allowance, these being lands which did not really belong to that occupant it is thought that when the matter is properly pointed out to him he will be willing to permit your Company to enter into occupation of the strip of land proposed to be taken in exchange without further trouble. If this be the case the Department should then issue a patent for the strip of land to the east in return for a deed from the Company for the strip of land of equal area on the road allowance.

Your obedient servant,

Asst. Deputy and Secretary.

Sir,-

In reply to verbal instructions to arrange an exchange a portion of the road allowance containing 2200 square feet near Adirondack Junction Station, which was conveyed to the Canadian Pacific Railway for a portion of land of equal area situate immediately east of the section-house site, I beg to say I interviewed the occupant of lot No. 215, Mr. Leborgne, and pointed out to him the fact that he had already been paid for these lands, although the Canadian Pacific Railway Company had not shown them on the plan; he apparently understood the situation and stated that he was willing that the Company fence in the additional 2200 square feet from his lot, and that he did not request any further compensation.

I beg to recommend that the Canadian Pacific Railway be requested to convey the 2200 square feet of the road allowance between lots 214 and 215 occupied by them to the Department in exchange for a Patent from the Department of a parcel of equal area situate immediately to the east and adjoining the parcel of land they are now occupying for a double section-house.

I am told that our Real Estate Department has arranged with the Department of Indian Affairs for the exchange of two pieces of land on the Northern side of this company's right of way, opposite Adirondacks Junction Station. It appears from your letter of the 16th of May last to Mr Piers, our Assistant Real Estate Agent, that the Department is prepared to issue a patent to the C. P. R for the parcel of land required on the East side of the side of Section House, in return for a deed from the C. P. R Co of a strip of land of similar area to be used for public road. I have had a deed of sale drafted by our Notary from the C. P. R Company to the Government, of the land which we are to deed with the Government. As soon as this deed is signed I will forward to you the description and plans of the land for which we are to

SURVEYS

Surveys

Ottawa, Septe ber 12th., 1914.

Sir,-

It has been represented to the Department that since the cancellation of the train service at Adirondack Jct. the Caughnawaga Indian reserve is without adequate railway facilities. The stations Highlands and the Kanawaki Golf Club, where comparitively few people reside, are at some distance from the reserve, where there is a population ofover 2200 souls. More than fifty residents on the reserve who are students, stenographers, business men and artisans must go to and from their work in Montreal every day. At the present time these people are at considerable inconvenience owing to the lack of adequate train service. This difficulty would be overcome if the following trains were ordered to stop at Adirondack Jct.-

Train Leaving Montreal 5.12 P.M.
arriving Valleyfield 6.45 P.M.

Train leaving Montreal 6.20 P.M.
arriving Valleyfield 7.50 P.M.

Train leaving Valleyfield 6.40 A.M.
arriving Montreal 8.10 A.M.

Saturday Only.
Train leaving Montreal 1.35 P.M.
arriving Valleyfield 3.05 P.M.

I have to request you to be kind enough to give this matter your early attention and inform the Department if it would be possible to comply with the above request. The population and importance of Caughnawaga village fully justifies a considerable improvement in the train service, which at present is clearly inadequate.

Your obedient servant.

REGISTER.

Sir,

With reference to your letters of the 22nd ultimo and 2nd instant, I beg to state that the description of the parcel of land in the Caughnawaga Indian Reserve to be patented to the Canadian Pacific Railway is correct. Our system of registration of deeds does not permit of attaching a plan to the patent; we will, therefore, have to make a slight change in the said description. Instead of the words, "On the plan hereto attached", it will read, "On a plan of record in the Department of Indian Affairs under No. 1163 C".

Enclosed herewith is the power of attorney duly executed and the draft of deed of the parcel of land in the Caughnawaga Indian Reserve to be deeded to the Crown.

Mr. Jean Blain, Indian Agent, 996 A St. Denis St., Montreal, will be instructed to call upon you in connection with this matter.

Ottawa, 29th December, 1902-

Gentlemen,

I beg to acknowledge the receipt of your application of the IIth Instant, for a Right of Way for the Canadian Northern Railway, across the Fort William Indian Reserve.

The Department will be in a position to consider the matter, on the receipt of the Plans to which you refer, shewing the lands desired.

The Plans should be made on tracing cloth, and should contain all the usual information given on Right of Way Plans. They should be signed by an Ontario Land Surveyor, and the Certificate of the Chief Engineer of Railways and Canals should be placed on them certifying to the effect that the land is necessary for the purposes of the Railway.

When forwarding the Plans, please state the sums you are prepared to pay for the land and the damages thereto.

If the line crosses any Indian improvements, these should be valued separately, as the individual Indian is entitled to receive payment for his clearings and other improvements, but the sum paid for the

Fort William Reserve, January 22nd 1908

256046

We the indians of Fort William Reserve, held a council meeting, inquiring: Who gave Mr Jack Hodder our indian agent authority to send a surveyor on our reserve to survey a part of the reserve namely from Squaw bay or Whitefish bay.

One of our second chief stop the surveyor, and ask how how much of a line he intended to cut, who the surveyor told the chief he had orders to run a line from the White fish point 3 miles north, 5 miles west and 2 miles south. Before the surveyor went to far we stoped him, he said that five men had sold a part of the reserve. We want to find out who are these men who sold our reserve We band never knew anything about it. When the second chief Ambroise Cyrette ask the surveyor Mr Russell who gave him authority to survey the reserve, he said Mr Jack Hodder the indian agent gave me auth[illegible] heard Mr Russell sy:

Fort William Indian Reserve

Jan 22nd 1903:

To Commissioner of Indian Affairs

Ottawa

Sir

We the Indians Band of the Fort William Reservation in Consul duly Assembled desire to make enquiry from your department on the following matters

A short time since A L Russell P L S undertook to survey a Line on the Indian Reserve as follows:-

Commencing at White Fish Point and running three miles North

Thence five miles due West

Thence two miles South to the shore

Upon being questioned by the undersigned Chief Frank Williams and the second and third chiefs J.B.Penassi and Ambrose Cyrette who form the Police of the Band he replied that he was doing the work under the instruction of Our Indian Agent and that he understood part of the Reserve covered by these lines had been sold. If this has been done it has been done without the knowledge of the Band and what we would like to know is by what authority the [illegible] is being carried on? Who are the parties interested? Whether [illegible] any truth in the matter whatever?

OTTAWA, 2nd February 1903-

Sir-

It has been represented to the Department that Mr. Russell, who is locating a Railway Line across the Fort William Reserve, is being interfered with by the Indians, and I have to ask that you will advise the Indians that Mr. Surveyor Russell must not be stopped in prosecuting the survey, as it is necessary to have a Plan of the proposed line before the Department is in a position to deal with the Company.

You may point out to the Indians that under the Law, a Railway Company can expropriate, with the consent of His Excellency in Council, what land may be actually required for Railway purposes, upon payment of the value thereof for the benefit of the Indians.

Your obedient servant

256509

Port Arthur
2nd Feby. 1905.

John Hodder Esq.
Indian Agent. Port Arthur

Dear Sir,

In reference to a personal interview ~~with~~ I had today re. a letter from Chief Frank Williams of the Fort William Indian Reserve dated 22nd ult. In which he states that they have done good to preserve the eastern shore line of the Reserve from point and Renuaf to the point planted to mark the corner also to run a line back of a mile in length from said point along the north line of said Reserve, all being in accordance with the right of way survey across the Reserve ~~as~~ ~~as~~ ~~as~~

256509

The survey, as I understood it, and carefully explained to the Indians, was merely for the purpose of making a plan, so that, should the date prove favorable, a place could be given them of Scarcely if any might be claimed reserving for a Rendezvous and that the Government would fully proved them interests and consulted them. I never informed them that I had instructions from Ottawa contrary to the Treaty - I said that I had not been so told and that most likely you knew nothing about it. I never said that I understood any portion of the Reserve had been sold as I had no reason to believe anything of the kind and have always believed that no transfer would take place without the Consent of the band and advised them accordingly.

The lengths and dereactions [illegible] as given in the Chiefs letter are purely imaginary - to Surveyor

Indian Affairs. (RG 10, Volume 7662, File 22009-1 G.T.P. Pt.1)

PUBLIC ARCHIVES

CANADA

256509

deeply indented shore line and an adjacent strip of land and right of way to Fort William would involve many miles of Survey but need not necessarily include much area and, Except the actual road Bed, the Area required would not be greater than as indicated by the line A-B, inscribed on the accompanying sketch taken from Bayfield's Chart of Lake Superior. I informed the Indians who were employed on the Survey and others that if the cutting of trees in any line were considered damage that I would pay for the same.

Fortunately my assistant Mr Fred. W. White, late architect of the Militia Dept. was present on all occasions and can corroborate my statements. The Indians on my party were well treated and well paid and I regret to find that at least one of them has been endeavouring to cause trouble by untrue reports.

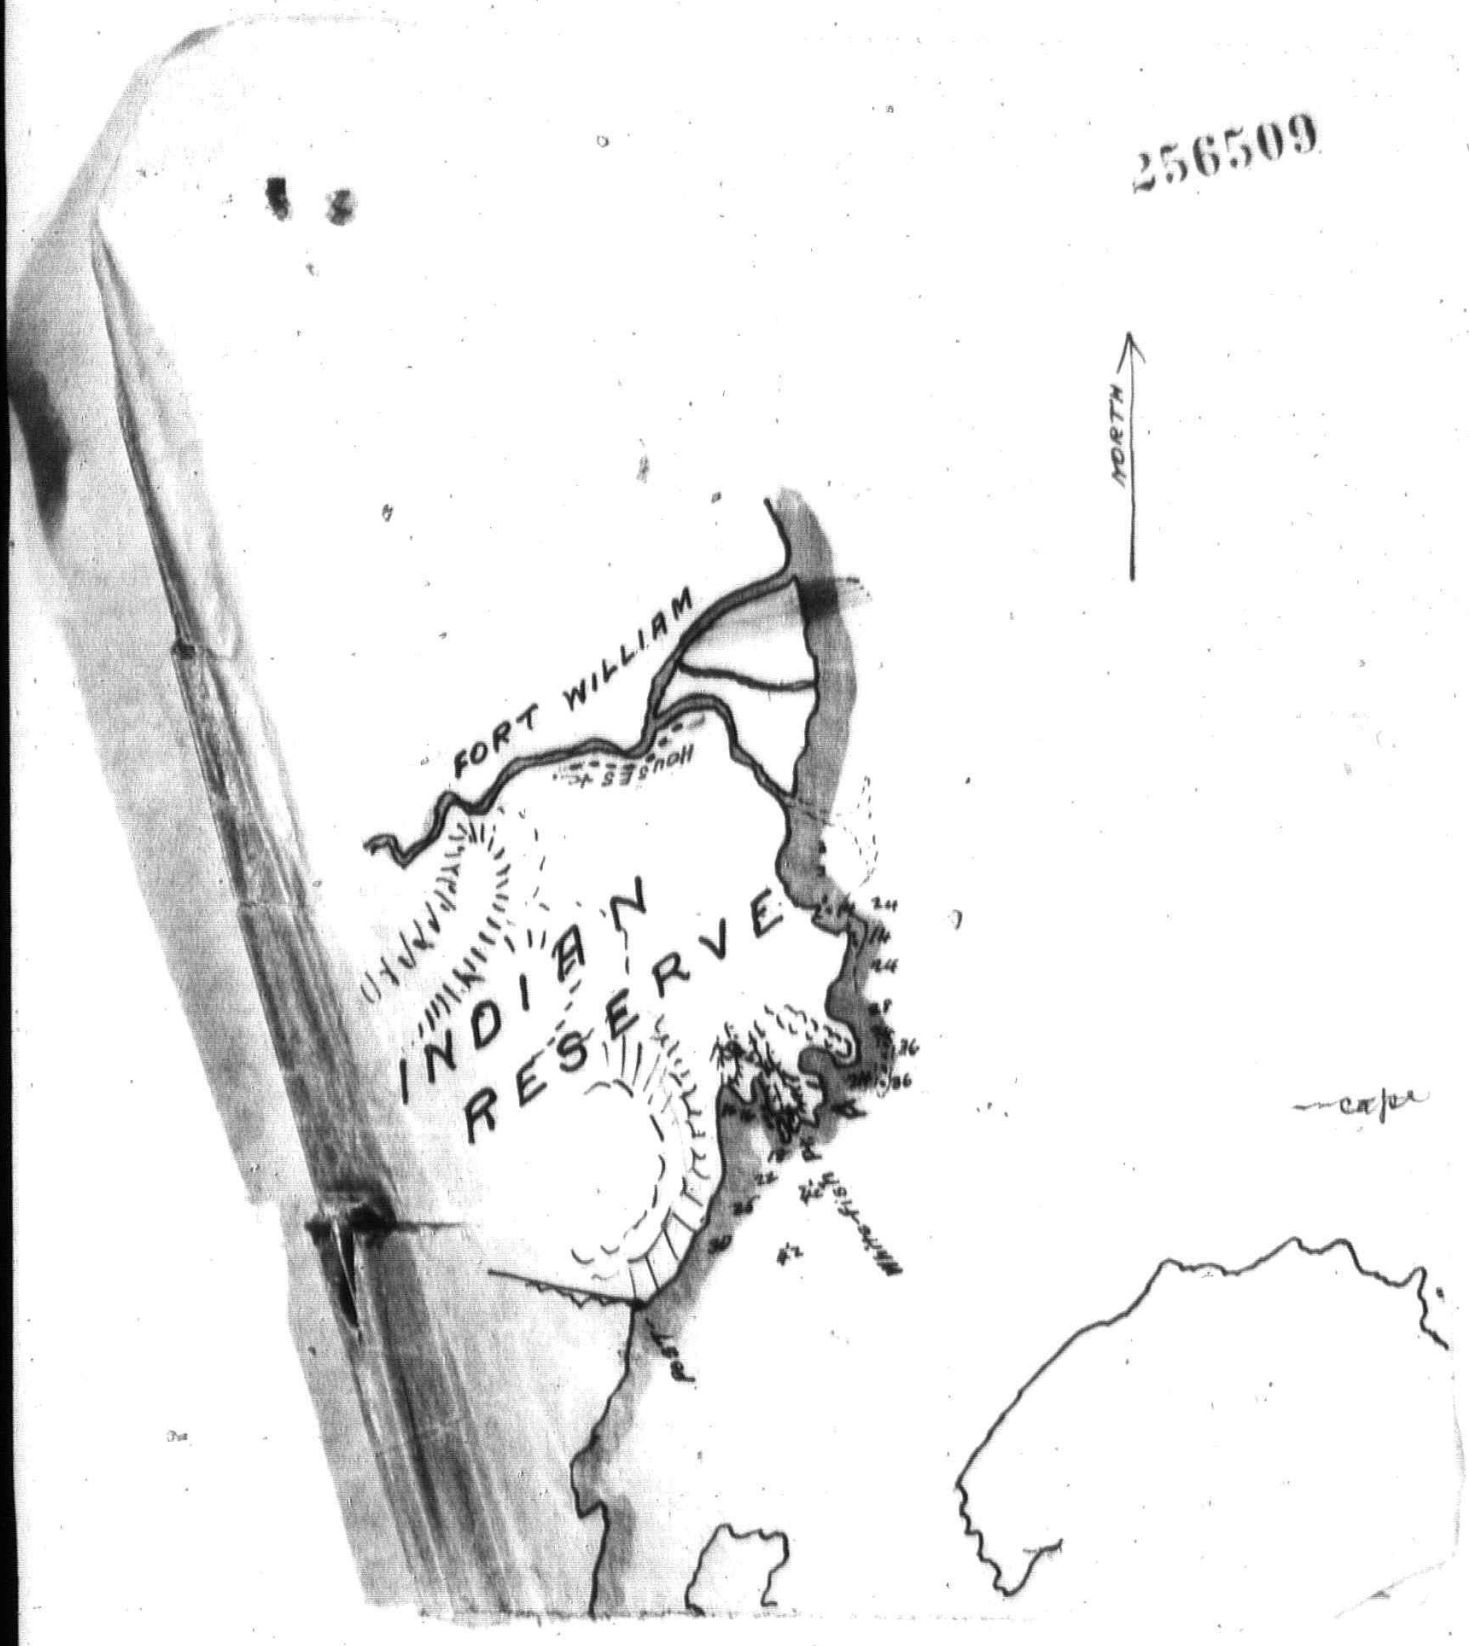

Yours truly

A. L. Russell Dominion Land Surveyor.

Frank Pedley, Esq.,
Deputy Superintendent General,
Indian Affairs,
Ottawa, Ont.

Dear sir:-

Referring to our conference on the subject of the lands covered by the Indian Reservation near Fort William, and confirming what I said to you on that occasion. Among the various sites on Lake Superior that have been brought to our attention for consideration in connection with the Lake Terminals, for our Grand Trunk Pacific, has been a tract embracing about sixteen hundred acres of the Reservation of the Ojibbewas, and shown on the tracing herewith, certified to by our Assistant Chief Engineer.

To enable us to determine as to the practicability of our obtaining the land in question, should it be decided to fix upon the location for our terminals, I should be glad if you would take up with the Chief of the Band, the question of what is wanted and advise us as to the price per acre for which the Indians would be willing to part with the land in question. Of course the price will be one of the factors in influencing us for or against this location.

Yours truly,

C. M. Hays

File 254 410-

M E M O R A N D U M

To the Deputy Minister-

OTTAWA, 26th April, 1904-

In regard to application by the Grand Trunk Railway for 1600 acres of land South of the Mission and Kiministiquia Rivers, on the Fort William Indian Reserve, I beg to report the following applications covering portions of the said land.

File 227 950

On the 10th February 1902, Messrs Watson, Smoke & Smith, Barristers, of Toronto, filed an application, on behalf of James Murphy, of Fort William, Contractor; Catherine Matheson of the same place, married woman; Louis Walsh, of Port Arthur, Coal Merchant; David Mills, of Port Arthur, Barrister; and S.C. Smoke, of Toronto, Barrister, for three blocks of land and the water lots in front thereof, comprising the full water front of the Fort William Reserve, on Thunder Bay, and a small frontage on Mission River. As the Indians unanimously declined to surrender, the application was not entertained.

File 12 697-

On the 16th Ultimo, Mr. David Mills, Barrister, of Fort William, wired a number of applications for land on Fort William Reserve, near Mission River, and on the 19th Ultimo Mr. W.A. Matheson, applied, on behalf of his clients, David Mills, of Port Arthur, Barrister at La William Hutcheson, of Fort William, Engineer, John J. Flanagan, of Fort William, C.P.R. Foreman, T.P. Kelly of Fort William, Liquor Merchant, E.J. Rochon, of Fort William, Hotel Keeper, Alexander Cameron, of Fort William, Contractor, William Dodds, of Fort William

Chief

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

Chief of Police, Frank V.O'Hagan,of Fort William, Landing Waiter, Joseph Leveney,of Fort William,Liquor Merchant, and William A.Matheson,of Fort William, Barrister at Law, for 2,000 acres of land,one block of 1,000 acres at the mouth of Mission River,fronting on Thunder Bay and the other block of 1,000 acres fronting on the Kaministiquia River,opposite the Town-plot. This land is a portion of that applied for by the Grand Trunk Railway. Mr.Matheson was advised that the land was not in the market as it had not been surrendered,and that a part of it was covered by a prior application.

(On this File) On the 11th December 1902,Messrs McGiverin & Haydon applied,on behalf of the Canadian Northern Railway,for a right of way from a point on the line of the Canadian Northern Railway West of West Fort William crossing of the Canadian Pacific Railway, skirting North and East of McKay's Mountain to Squaw Bay and they were informed on the 29th December 1902 that the Department would be in a position to consider the matter on receipt of Plan showing the lands desired. Plans have not been filed by the Canadian Northern Railway Company and there is,therefore,not sufficient data in the Department to determine whether any portion of the land applied for by the Canadian Northern is covered by application of the Grand Trunk,but from the General description given,I would be inclined to think that the Canadian Northern application covers land South of that applied for by the Grand Trunk.

File 136 138) In February 1903 an application was filed, on behalf of the Town of Fort William,for permission to lay a pipe line across the Fort William Indian Reserve to take water for the use of the Town from Loch Lomond,and on the 4th March 1903 a surrender of such rights was forwarded to the local Agent for submission

submission to the Indians, who, on the 6th April, passed a Resolution agreeing to surrender, provided the Town would lay a pipe line along the front of the Reserve on the River Road to supply them with water, said pipe line to be at least 1½ miles long and to have hydrants placed every 600 feet for use in case of fire, and to supply them with water. The Clerk of the Municipality was written on the 23rd June 1903 and asked whether it was satisfactory to the Town, but he has not replied

DEPARTMENT OF INDIAN AFFAIRS CANADA

DEPARTMENT OF INDIAN AFFAIRS OCT 5 1904

Mr Pedley

When any further communications occur about this land refer to me

Ottawa, June 3rd, 1904.

Memorandum,

Mr. Sifton.

Re Port William Reserve.

The application of the Grand Trunk, dated 11th April, 1904, is attached to this file. It states that among the various sites on Lake Superior under consideration in connection with terminals part of the reserve at Port Arthur, containing about 1600 acres, is one. In his letter Mr. Hays desires the Department to take the matter up with the band to ascertain the price for which the Indians would be willing to part with the land in case the Company were desirous of acquiring it. This letter has been acknowledged but nothing further done.

The expropriation clause of the Indian Act is as follows,-

Sec. 35- "No portion of any reserve shall be taken for "the purposes of any railway, road or public work without "the consent of the Governor in Council and if any railway, "road or public work passes through or causes injury to "any reserve belonging to or in possession of any band "of Indians, or if any act occasioning damage to any reserve "is done under the authority of an Act of Parliament, or "of the Legislature of any Province, compensation shall be "made to them therefor in the same manner as is provided "with respect to the lands or rights of other persons;

Indian Affairs. (RG 10, Volume 7662, File 22009-1 G.T.P. Pt.1)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

" and the Superintendent General shall, in any case in
" which an arbitration is had, name the arbitrator on behalf
" of the Indians and shall act for them in any matter relating
" to the settlement of such compensation ; and the amount
" awarded in any case shall be paid to the Minister of
" Finance and Receiver General for the use of the band of
" Indians for whose benefit the reserve is held and for
" the benefit of any Indian who has improvements thereon."

The expropriation clause of the Railway Act is as follows,-

Sec. 136- "No Company shall take possession of or
" occupy any portion of any Indian Reserve or lands, without
" the consent of the Governor in Council; and when, with
" such consent, any portion of any such reserve or lands,
" is taken possession of, used or occupied by any Company,
" or when the same is injuriously affected by the construction
" of any railway, compensation shall be made therefor, as
" in the case of lands taken without the consent of the owner."

On the 10th November, 1898, a memorandum was received at the Department from Mr. McKenna, in which he stated, that you directed "that Railway Companies when "applying for land on a reserve, be informed that they must "file with their applications a certificate from the Chief "Engineer of the Department of Railways and Canals, certify- "ing that the land for which they apply is actually required "for railway purposes and is such as they should be allowed "to acquire under Section 35 as amended."

OTTAWA, 18th August, 1904.

The Deputy Superintendent General
of Indian Affairs.

DEPT. OF INDIAN AFFAIRS,
SEP 10 1904
SURVEYS.

SEP 9 1904

The plan forwarded with Mr. Wainrights letter of the 4th Instant, shows that the tract of land, containing an area of 1600 acres, in the Fort William Ontario Indian Reserve, desired by the Grand Trunk Pacific Railway, includes the whole Indian Settlement- consisting of from 50 to 60 dwelling houses besides numerous barns and out houses as well as the R.C.Church, Convent and Priests house. The Band numbers 280 members.

The proposal appears to involve the deportation of the entire community either to another part of the same Reserve or to some other tract of land.

Under the provisions of the Indian Act the Governor in Council may refuse to allow the Railway to expropriate the said tract. If, however, the Ry Company is willing to pay a sufficient sum to cover all values, costs and damages and as the Chief Engineer of Railways and Canals has certified to the effect that the land is required for Railway purposes and is such as the Company should be allowed to acquire under the Act. I think the matter should be taken into consideration. I beg to recommend,

1st. That the Railway Company send a valuation in detail of the sum it offers to pay for the land and damages thereto. To assist in this work a copy of the

Ottawa, October 3rd, 1904.

Memorandum,

Mr. Sifton.

The Grand Trunk Pacific Railway Company have filed a plan approved by the Chief Engineer of the Department of Railways and Canals with a view of expropriating certain lands of the Fort William, Ontario, Indian Reserve.

I submit herewith a memorandum from the Chief Surveyor on the subject.

You had the matter before you some time ago and it is now submitted whether a memorandum to council should be prepared, such being necessary if the expropriation is to be favourably considered.

Frank Pedley

Ottawa, 29th December, 1904.

Mr. Pedley,

As you are aware an application has been filed for certain lands on the Mission Reserve at Fort William, by the Grand Trunk Pacific Railway Company. I understand that other lands are likely to be applied for by other companies. It is desirable that we should be in a position at a very early date to deal with such applications. The question of title had therefore better be considered at once and steps taken to secure any consent from the Indians that may be required.

Ottawa, 7th January, 1905.

Sir,-

I have to request you to proceed to the Fort William Indian Reserve, Ont., for the purpose of informing the Indians of the proposed expropriation of a part of their Reserve by the Grand Trunk Pacific Railway Company, and to make a valuation of the land to be expropriated, and the improvements thereon.

You should be very careful to explain the matter thoroughly to them, and especially the fact that they will be required to remove from their present homes in the immediate future. It is, therefore, necessary that they should consider carefully, and arrive at a decision as soon as possible as to where they will make a new settlement.

For the purpose of making the said valuation, you may employ two or more persons to assist you at reasonable rates of pay. It is thought that these should preferably be the Chief and members of the Council. The valuation should show the name of the locatee or occupant, No. of Lot, improvements and their value, and the value of the land. It will also be necessary to consider carefully the damages arising from the expense of removal and the loss of time.

S. Bray, Esq.,
Chief Surveyor,
Dept. of Indian Affairs,
Ottawa, Ont.

You

Indian Affairs. (RG 10, Volume 7662, File 22009-1 G.T.P. Pt.1)

Ottawa, 9th January, 1905.

Sir,-

With reference to your proposed visit to the Fort William Reserve, I have to request you to discuss with the Indians of that Band the advisability of surrendering their entire reserve, and of accepting another to be purchased for them in another locality.

You are aware that applications are being made for other portions of the reserve, as well as the large tract proposed to be expropriated by the Grand Trunk Pacific Railway Company. In view of this fact, it would appear advisable to have the whole reserve surrendered and sold for the benefit of the Indians.

You will please take blank surrender forms with you, and, in the event of the Indians consenting to make the surrender, you are hereby authorized to take the same, in accordance with the provisions of the Indian Act.

Your obedient servant,

Signed F. Pedley

Deputy Superintendent General of Indian Affairs.

Memo.

Department of Indian Affairs,
Ottawa, 13th March, 1905.

The Deputy Supt. General:-

I have considered carefully my memorandum and valuation of the land and damages proposed to be taken by the Grand Trunk Pacific Railway Company, in the Fort William Indian Reserve, Ont., dated the 23rd January last, and beg leave to amend the same for the following reasons:-

The town of Fort William has offered a large bonus , in the neighbourhood of $300,000., as an inducement to have the terminus of the railway on the Indian reserve, opposite the town, that is to say on the land applied for by the G.T.P. The placing of the ter minus on the Indian reserve will be a great benefit to the remainder of the reserve in the future, in the way of selling building lots, and a benefit to the Indians them selves in providing them with labour at their doors. These facts should have been given more weight in making the valuations.

Although my valuation may be considered to be correct in detail,where a sale is of a wholesale nature as the present being 1600 acres, the valuation should be more in the nature of a wholesale price.

The Church authorities have signified the ir willingness to have my valuation of their improvements reduced by $10,000., and they also waive any claim for the loss of time and for moving.

It was supposed that we might have had to remove the Indians to Nipigon, or to some other place at a considerable distance from Fort William. As it is now decided that they will not remove from their reserve, and in view of the fact that they will be fairly paid for their improvements, this item should be omitted.

Indian Affairs. (RG 10, Volume 7662, File 22009-1 G.T.P. Pt.1)

No. 254410.

Memo. Department of Indian Affairs,

Ottawa, 23rd January, 1905.

The Deputy Supt. General,-

In accordance with your instructions of the 7th and 9th instant I proceeded to the Fort William Indian Reserve, and laid the matter of the proposed expropriation, by the Grand Trunk Pacific Railway Company, of a part of their reserve and the advisability of surrendering their entire reserve before the Indians.

On arriving at Fort William I had an interview with Father Dugas of the Mission, Chief J.B. Penassie and his councillors. The Indians it appears objected very strongly indeed to giving up any portion of their reserve and to moving from their present home. I explained the matter to the Chief, dwelling especially on the fact that it was useless to expect the Government to allow a small band of Indians to stand in the way of a large enterprise like the Grand Trunk Pacific Railway which was being constructed for the benefit of a great mass of the Canadian people, including themselves. I requested him to talk the matter over with his people and to meet me in council on the Tuesday following.

I engaged the Chief and his councillors and with the assistance of Mr. Bonin, the Indian Agent, we proceeded from day to day valuing the Indian improvements and finally the church the priest's house, the convent, etc., belonging to the mission.

At the meeting on Tuesday evening, the Indians were all apparently satisfied to allow the Grand Trunk Pacific to take possession of the proposed 1600 acres on condition that they were paid for their improvements, and placed with a fair degree of comfort in new houses, but they

Indian Affairs. (RG 10, Volume 7662, File 22009-1 G.T.P. Pt.1)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

but they were quite undecided as to where they could move The feeling however was then decidedly against the giving up of any more of the reserve than what the Grand Trunk Pacific required.

I asked them to consider the question of giving up the entire reserve and moving to another locality such as Lake Nigigon and to meet me on Friday afternoon to give me a definite answer.

On Friday, the Chief, as spokesman for his band stated that they could not remove to any other place because they could only see poverty for them in going elsewhere, and that they would not give up any portion of their reserve, other than that required by the Grand Trunk Pacific Railway Company. The following are some of the principal reasons given by the Chief for arriving at this conclusion:-

In the event of removing to another place the money they would receive for their improvements would help them a little, but it would not last long.

Their old people and widows who now find ready employment in Fort William would be thrown on their hands and would thus be in great want and misery.

In all probability a doctor could not attend to them as conveniently as now.

They are no longer hunters and few of them now know how to hunt successfully.

The Chief laid especial stress on the value of the McKay Mountain Quarries which are situated on their reserve and are the nearest quarries to Fort William. The Indians find practically continual occupation in getting out stone for buildings at Fort William and for which they receive very fair prices.

The Chief went on to say that his people were not farmers and could not possibly make their living as such. They now find a ready market at Fort William for

Indian Affairs. (RG 10, Volume 7662, File 22009-1 G.T.P. Pt.1)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

everything they grow, and they might not have a convenient market in any other locality.

The Chief stated that they would let the Grand Trunk Pacific have the land it required only because they feel that they are compelled to do so, and that they will move away peaceably on condition that they are not paid in driblets for their improvements and into houses provided for them. That they were not quite certain but had practically decided to move straight back from where their settlement now is to the other side of the proposed boundary of the Railway, and that they must have necessary roads across the land proposed to be taken by the Railway to the river and a place on the river on which to land their boats.

In addition I may say that the band as a whole bears a very good name with the people of Fort William and especially as to sobriety. The Indian women work well, especially as char-women and their services are very much valued.

There is abundance of room on the reserve in the direction the Indians ask to move, especially as large clearings are not required for them. With the aid of their quarries, fishing, and employment which they can readily obtain they will be comfortably located and will continue to be practically self sustaining as hitherto.

In view of the foregoing I practically had no agrument to press, in order to induce the Indians to move to another locality. I, therefore, beg to recommend that their decision to move south of the proposed boundary of the Grand Trunk Pacific Railway be approved.

I was induced by the feelings of the Indians to inform them that I would recommend and very urgently the following procedure, in the evnt of the Grand Trunk Pacific acquiring the lands in question.

Indian Affairs. (RG 10, Volume 7662, File 22009-1 G.T.P. Pt.1)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

1. That a sufficient number of new houses be build to accommodate the whole band and to have about two acres of clearing around each house.

2. That each Indian, on receiving notice to remove will be paid one half the value of his improvements. The other half to be paid when he is comfortably settled in his new home.

3, That the remains in the cemetery shall be carefully and reverently exhumed and reinterred in a new cemetery to be hereafter located by themselves.

4. That a new council house and school house shall be built for them.

5. That a good road way with necessary ditches shall be constructed to afford proper access to their new homes.

6. That a sufficient number of road ways shall be kept open across the land to be expropriated by the Grand Trunk Pacific, together with sufficient room along the river on which they may haul up their boats.

It would appear to be rather a large sum to hand to the Indians for their improvements in addition to providing them with new houses . I was assured, however, by the Agent, and others who know them well , that by far the greater portion of the band would use this money advisedly and well. With reference to the new houses I would urge their construction, as it appears to me reasonable and just that these people should not be put to the trouble of providing themselves with new homes and as they are to receive a large sum for the land expropriated, the half of the said sum, or thereabouts, might be very well spent in securing to them good homes and in making the necessary clearing, roads, etc., above referred. In their own words " even their old people will thus get

Indian Affairs. (RG 10, Volume 7662, File 22009-1 G.T.P. Pt.1)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

" some benefit from the sale of the land before they die". It is understood that all of the above proposed expenditures are to be defrayed from the money to be received for the land sold to the Grand Trunk Pacific.

I beg to submit the following summary of the land and improvements on the said 1600 acres of land. I have to emphasize that if the river front for a boat landing and the six roadways hereafter mentioned are not provided for in the sale to the Grand Trunk Pacific, I beg leave to withdraw this valuation, and add to it very largely. It is obvious that this Department cannot administer advantageously the large tract of land to the south of the tract required by the Grand Trunk Pacific without having sufficient access to it from the north. I may here say that the said roadways, although intended for the use of the public as well as the Indians should remain under the control of this Department, and the Indian boat landing should be retained as an Indian reserve, necessarily under the control of this Department.

The estimate of the Indian improvements and of the Roman Catholic Church property in detail is submitted herewith in a separate documents.

Valuation.

150	acres at	$400.	$60,000.00
250	"	$200.	50,000.00
300	"	$100.	30,000.00
700	"	$ 50.	35,000.00
200	"	" 25.	5,000.00
1600			$ 180,000.00

Less six road crossings,
approximately 15.50 acres
at the average rate of $112.50 = $1743.75

Frontage on river reserved
for an Indian boat landing
600' long X 200' deep 2.75
acres at $400. . . . . $1100.00 1743.75

Value of land (1581.75 ac @) $177156.25

Re amended valuation.

Indian Affairs. (RG 10, Volume 7662, File 22009-1 G.T.P. Pt.1)

GRAND TRUNK PACIFIC RAILWAY
MONTREAL, CANADA

FRANK W. MORSE,
VICE PRESIDENT.

FEB 6 1905

At Ottawa, February 3rd. 1905

Mr. Frank Pedley,
Superintendent General, Indian Department,
Ottawa, Ont.

Sir;-

On behalf of the Grand Trunk Pacific Railway Company I desire to apply to the Indian Department for the right to purchase on the reservation at Fort William, sixteen hundred (1600) acres of land, for the purposes of the Railway. For this sixteen hundred (1600) acres we would be willing to pay, for the benefit of the Indians, at the rate of fifty dollars ($50.00) per acre, this amount to cover improvements on the land, including Church property, and also provide for any expenses incurred by the Department in moving the band of Indians off the land to be acquired, on to other portion of the reservation, and also removal of the cemetery, together with any other expenses connected with the transfer of the property.

If this offer is acceptable to the Department we would be willing to at once take over the property, having titles examined, and obtain the necessary Deed, passed by the Governor in Council.

If this offer is not acceptable to the Department, I desire to proceed, under Clause 35 of the Indian Act, to expropriate the property covering the area named, as shown on plan already

Indian Affairs. (RG 10, Volume 7662, File 22009-1 G.T.P. Pt.1)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

25-1-09

lodged in the Department, and certified to by the Deputy Minister and Chief Engineer of the Railway Department.

I should be pleased, if it is possible to obtain such information, providing the cash offer made in this letter is not considered satisfactory, to have the assurance from the Department that the land in question will be held for expropriation by this Company, if such should be decided upon, and at the same time to learn from you what would be the maximum value placed upon the property, with a view to enabling us to discuss further with the Department the question of price, having regard to what we consider its fair value, and with a view of looking to some compromise that might be arrived at between us before proceeding to expropriation.

Yours truly,

Vice Prest. & General Manager.

AK SAFETY ▲ FILM

254410.

Ottawa, ~~7th~~ 10th February, 1905.

Sir,-

I beg to acknowledge the receipt of your letter of the 3rd instant, in which you make an offer of $50. per acre for 1,600 acres of land on the Fort William Indian Reserve, Ont., for which application has been made on behalf of the Grand Trunk Pacific Railway Company.

The land desired includes the whole Indian settlement, consisting of two hundred and ninety-one persons, besides the church and mission property. An officer from this Department was sent there with instructions to lay the matter before the Indians, in order that they would see that it was necessary for them to give up their homes peaceably, in the event of its being decided to allow your Company to take the land. He was instructed at the same time to make a careful valuation of the land, and of all the improvements thereon.

The Indians have decided, as it appears to be a case of necessity, to give up the land peaceably, and their demands in connection therewith appear to be reasonable.

These demands are to the effect that new houses shall be built for them with a small clearing around each house, with necessary wells, roads and ditching. That they shall be paid for their loss of time and cost of

Frank W. Morse, Esq.,

removal; that the remains in their cemetery shall be carefully and reverently exhumed and re-interred in a new cemetery; and that a sufficient number of road-ways shall be kept open across the land to be expropriated by the Grand Trunk Pacific, together with sufficient room along the river on which they may haul up their boats.

It is noted that the plan submitted by you provides only one road-way. This of course may have been an oversight. It is obvious that this Department cannot administer advantageously the large tract of land to the south without sufficient access to it from the north. It is considered that at least six road-ways are required. These road-ways, although intended for the use of the public as well as the Indians, will remain under the control of this Department, but the Indian boat landing will be an Indian reserve for the use of the Indians exclusively.

The said officer's valuation is as follows:-

150	acres at	$400.	per acre	$ 60000.00
250	" "	200.	" "	$ 50000.00
300	" "	100.	" "	$ 30000.00
700	" "	50.	" "	$ 35000.00
200	" "	25.	" "	$ 5000.00
1600				$180000.00

Less six road crossings approximately 15.50 acres at the average rate of $112.50 - $1743.75

Frontage on river reserved for an Indian boat landing 600 feet long by 300 feet deep-2.75 acres at $400. . . $1100.00 — $ 2843.75

Value of land (1581.75 acres) — $177156.25

Forward

Indian Affairs. (RG 10, Volume 7662, File 22009-1 G.T.P. Pt.1)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

	Forward	$177156.25
Indian improvements		$ 44896.00
R.C. Church Property		$ 63953.00
Cemetery		$ 4000.00
Loss of time and cost of moving Indians; 150 at $100., and 141 at $30.		$ 19230.00
Loss of time and cost of moving; priests (five), nuns (seven) at $100.. . . . . .$1200.) Fifty-five children at $30. . . . $1650.)		$ 2850.00
	Total	$312085.25

The valuation of the land has been based on its utility for commercial and residential purposes, and without any reference to the present inflated values or boom in real estate in Fort William. It is to be remembered that this tract of land is also especially valuable, in view of the fact that it is practically the last available river frontage in that neighbourhood.

Your obedient servant,

J. B. McLEAN

Secretary.

Memo. Department of Indian Affairs,

Ottawa, 15th March, 1905.

The Deputy Supt. General,-

Referring to your memorandum of the 9th instant, hereunder, I beg to state that the Municipality of Fort William applied for the right of laying a pipe-line across the Indian reserve to take water from Loch Lomond some years ago.

The laying of the pipe-line should not in any way interfere with the works of the Railway. I think a clause reserving the right of laying this pipe-line may with propriety be placed in the grant of the land to the Grand Trunk Pacific Railway, in the event of the said land being sold to the Company. The Railway Company may, however, have some unforeseen objection. In the meantime, however, I think Mr. Pelletier might be informed that note will be taken of his representation regarding the said pipe-line, and the question will be brought up in the event of the land being sold to the Grand Trunk Pacific Ry. Company.

Ottawa, 26th April, 1905.

His Excellency

The Governor General in Council.

The undersigned has the honour to report that the Grand Trunk Pacific Railway Company has applied to the Departmentof Indian Affairs for land for right of way and terminal purposes, to comprise an area of 1600 acres, in the Fort William Indian Reserve, in the District of Thunder Bay and Province of Ontario; and has furnished a certificate of the Chief Engineer of the Department of Railways & Canals that the land applied for, as shown on a plan on file in the Department of Indian Affairs, is actually required for railway purposes and is such as the Company should be allowed to acquire under Section 35 of the Indian Act as amended.

A prior application from the corporation of the town of Fort William for a pipe line crossing the said tract of 1600 acres, for the purpose of bringing water from Loch Lomond to the town, is of record in the Depatment of Indian Affairs. The granting of this application would, however, have no practical effect upon the utility of the 1600 acres for the purpose desired.

The undersigned would recommend that, under the provisions of the said Section 35 as amended by Sec. 5 of Chap. 33, Vic. 60-61, authority be given for the sale of the land for the sum of $244,574.00

in

DESCRIPTION OF LAND NOW INCLUDED IN THE MISSION RIVER INDIAN RESERVE IN THE PROVINCE OF ONTARIO TO BE TRANSFERRED TO THE GRAND TRUNK PACIFIC RAILWAY COMPANY.

Beginning at a point on the boundary line between Neebing Township and the Indian Reservation which is 6930 feet from the intersection of the centre line of the Canadian Pacific Railway with the said Township line:-

Thence - N 47°-31' E, a distance of 5284 feet.

Thence - N 67-46 E, a distance of 2756 feet.

Thence - N 87-01 E, a distance of 2240 feet.

Thence - S 73-12 E, a distance of 12035 feet.

Thence - S 28-03 E, a distance of 3860 feet.

Thence - S 51-20 E, a distance of 3300 feet.

Thence - due east 1300 feet to the Shore Line of Thunder Bay.

Thence - Along the shore line of Thunder Bay and the South Bank of the Mission River and the South Bank of the Kaministiquia River to its intersection with the boundary line between Neebing Township and the Indian Reservation.

Thence - Due South, a distance of 150 feet, more or less, to the point of beginning.

Including in all 1600 acres, more or less.

No. 254410

Memo.

Department of Indian Affairs,
Ottawa, 26th April, 1905.

The Deputy Supt. General,-

With reference to the plan and description submitted by Mr. Jas. H. Bacon of the land required by the Grand Trunk Pacific Railway Company, in the Fort William Indian Reserve, Ont., I have to say that the description is not satisfactory. It can, however, be amended here.

DEPT. OF INDIAN AFFAIRS,
APR 27 1905

The plan diverges considerably from the plan filed in this Department sometime ago, and according to Mr. Bacon's survey 1672 acres are enclosed, instead of 1600 acres Another material point of difference is that Mr. Bacon has extended his survey to a point considerably farther south than that contemplated in the original plan.

Plan with Mr. Bray

I think that it is not necessary to insist on the lines being followed which are shown on the original plan. They should, however, be generally adhered to, and the proposed area of 1600 acres only should be enclosed.

In accordance with the Ontario Act, a plan of this nature is illegal, unless it is certified as being correct by an authorized surveyor for the Province. I think the Railway Company should be asked to file a plan of survey of the entire block, duly certified, as stated, by an Ontario Land Surveyor.

I may say that the plan does not show the necessary highway crossings, or the reserve for a boat landing for the Indians. These may be provided for in the description as well as the proposed pipe line for the Town of Fort William.

Letter accordingly

S. Bray

Chief Surveyor.

Indian Affairs. (RG 10, Volume 7662, File 22009-1 G.T.P. Pt.1)

2544no.

Ottawa, 27th April, 1905.

Sir,-

With reference to the plan and description, filed by yourself, of the land which is required by the Grand Trunk Pacific Railway Company, in the Fort William Indian Reserve, Ont., I have to say that the description is not considered to be satisfactory. It can, however, be amended here.

Your plan diverges considerably from the one filed previously in this Department. Your plan also shows that an area of about 167[illegible] acres is enclosed, instead of 1600 acres. Another material point of difference is that you have extended your survey considerably farther south on the lake shore.

It is not considered necessary that the lines shown on the original plan should be followed. They should, however, be generally adhered to, and the proposed area of 1600 acres only should be enclosed.

In accordance with the Ontario Act, a plan of this nature is illegal, unless it is certified as being correct by an authorized surveyor for the Province. Your Company should file a plan of survey of the entire block, duly certified, as stated, by an Ontario Land Surveyor, and all the angles and other points, where necessary, should be permanently marked with iron or stout wooden posts, well mounded, in order that hereafter there may be no dispute or

question

Indian Affairs. (RG 10, Volume 7662, File 22009-1 G.T.P. Pt.1)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

question in regard to the boundaries,

Your plan also does not show the necessary highway crossings, or the reserve for a boat landing for the Indians. These may, however, be provided for in the description. There is also of record in the Department an application, made sometime ago by the Town of Fort William, for the privilege of laying a pipe line from Loch Lomond to the Town of Fort William. This will necessarily cross the tract in question. As it will be sunk to a considerable depth, it will not materially affect the land, as no provision is practically required after its construction than the right to make necessary repairs when required. Provision regarding this application can also be made in the description.

Your obedient servant,

J.D. McLEAN

Secretary.

GRAND TRUNK ~~RAILWAY~~ SYSTEM

ENGINEERING DEPARTMENT

284779 Port Arthur, Ont., May 8th, /05

Secretary Dept. Indian Affairs,

Ottawa, Ontario.

Dear Sir:-

I have just returned to Port Arthur from Montreal and find your letter of April 27th, #254410 concerning the plan and description which I filed in your department on April 26th of the land which is required by the Grand Trunk Pacific Railway in the Fort William Reserve, Ontario. In reply I have to say that this plan had been reduced from a plan on the scale of 400 feet to the inch and this probably accounts for the discrepancy in acreage you mentioned. The calculation for acreage was made on the original plan and when measured on this plan will be found not to exceed 1600 acres. The other material point of difference you mentioned, that of extending my survey considerably farther south on the lake shore, arises from the fact that the original plan, which was filed in March, 1903, with your department, was very far from being correct, but it being the only plan available at the time I was obliged to use it.

The survey that I have just finished shows that it will be desirable for our Company to acquire the land practically as shown on the plan which I last filed on April 26th, 1905.

Referring to the necessity of submitting a plan certified to as correct by an authorized surveyor of the Province I have to say that I have taken steps to have such a plan made and I will send it to you at the earliest possible date. This plan will be on the scale of 400 feet to the inch and will show all details.

Indian Affairs. (RG 10, Volume 7662, File 22009-1 G.T.P. Pt.1)

GRAND TRUNK RAILWAY SYSTEM
ENGINEERING DEPARTMENT

284779

May 8th,

S. D. I. A. - 2 -

Referring to the necessary highway crossings and the reserve for a boat-landing for the Indians and the right of way for a pipe line from Loch Lomond to the town of Fort William I would suggest that these matters can all be arranged for after a consultation between our officials and your department, and that all necessary details can be shown both on the map, as finally prepared, and in the description accompanying the deed.

My object in filing the plan in your department on April 26th was so that the Order in Council, which was expected to be made on that date, could refer to a description, which would define the exact property desired by the Grand Trunk Pacific Railway Company. I considered this especially important as I knew that the description, as given on the plan originally filed in your department, did not so describe the property, owing, as stated above, to the incorrectness of the map from which this description was taken.

I will be obliged if you will inform me if the above explanation is satisfactory. If it is not will you kindly set me right so that I may comply in the fullest manner with the wishes of your department.

Yours very truly,

James H. Bacon

Ottawa, Ontario.

DEPT. OF INDIAN AFFAIRS
MAY 20 1905
SURVEYS.

Sir:-

Please refer to your letter #254410.

I have sent you by express to-day package containing plan of a portion of the Fort William Indian Reserve, Ontario, shewing the lands required by the Grand Trunk Pacific Railway Company for railway purposes. This map has been certified to as correct by Mr. D. J. Gillen, Ontario Land Surveyor. You will notice that it differs in some respects from the plan which I filed in your department on April 26th. The area enclosed has been very carefully measured and checked and will not be found to exceed 1600 acres. Will you kindly inform me by wire as soon as possible if thisplan is acceptable to your department. If it is not please return it to me together with a list of such changes as you may dewire. In preparing this plan I have endeavored to carry out all the suggestions made in your letter of April 27th.

I request that you hold in abeyance, for the time being, the matter of showing the necessary highway crossing, the reserve for a boat-landing for the Indians and the right of way for a pipe line from Loch Lomond to Fort William until I can prepare a plan showing the proposed terminal and harbor improvements. I ask

The plan herein referred to was filed in this office on the 26th day of July 1905 - F.B.

Ottawa, 22rd June, 1905.

Memorandum :- **Ex'd.**

The view was at one time held by the Justice Department and an opinion given January 21st, 1889, File 89,000, by the Deputy Minister of that Department that land required for railway purposes could not be expropriated without a surrender having first been obtained. One of the reasons given for this decision was that "quo ad their reserves the Indians are to be regarded as a quasi independent power whose rights are secured by treaty, and that the right of parliament to derogate from such rights without the consent of the Indians may well be disputed. "

A further opinion was however received of date May 29th, 1890, file 69,676, in which after quoting the above opinion regarding the rights of Indians as an independent power the Deputy Minister of Justice said "It cannot now be said, however, to be a rule of law, in view of the recent decision of the Judicial Committee of the Privy Council in the St. Catherines Milling and Lumber Company's case.

x x x x x

" I am now of the opinion that Section 38 of the Indian Act does not apply to a case of expropriation. I am therefore of the opinion that the Minister of Marine and Fisheries, upon obtaining the consent of the Governor in Council, may expropriate the land in question"(land on Hope Island).

In another opinion given October 13th, 1890, file 99,258, the Deputy Minister of Justice said :-

xxx " in the matterof the application of the Quebec

and

Indian Affairs. (RG 10, Volume 7662, File 22009-1 G.T.P. Pt.1)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

"and Lake St. John Railway Co. for permission to construct its line through the Indian Reserve at Jeune Lorette, and to state as was stated in my letter of the 29th May, 1890, that, for the reasons given in that letter, I am now of opinion that Section 38 of "The Indian Act" does not apply to cases of expropriation. So far as the law is concerned the Governor in Council may consent to the taking by this Company (Quebec and Lake St. John Railway) of such portion of the reserve as is required for its purposes. Whether in this or any other particular case permission to expropriate should be granted is a matter for the consideration of the Superintendent General, and for the decision of the Governor in Council. "

Acting on this opinion the land required by the Quebec and Lake St. John Railway through the Lorette Reserve was sold to that Company under authority of an Order of His Excellency in Council of date the 4th November, 1890, the consent of the Indians to the sale not having been asked or obtained.

In 1896 the Parry Sound Railway acquired 314.20 acres right of way on the Parry Island Reserve, a surrender having been obtained from the Indians of the land required.

In July, 1899, the Company applied for two additional portions of land to be used for erecting Houses thereon for the employees of the Company, and for additional trackage.

A petition was received from the Parry Island Band expressing the determination of the Band not to sell any more land to Mr. Booth for railway purposes on their reserve. Both Mr. Rimmer, Law Clerk, and Mr. Chitty, Timber Inspector, were present when the Band expressed this determination in the matter.

The Band was informed in reply that under Section 35 of the Indian Act, as amended by 50-51 Vic., Chap. 33, Sec.

Indian Affairs. (RG 10, Volume 7662, File 22009-1 G.T.P. Pt.1)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

Sec. 5, land may be taken from an Indian reserve for railway purposes, roads or public works, with the consent of the Governor General in Council, but that proper compensation must be made to the Band.

An Order in Council was in accordance with this decision passed 19th August, 1899, authorizing the acquirement of the land by the Company.

Two blocks of land on the Sarnia Indian Reserve required by the Grand Trunk Ry. Co. in addition to land secured for right of way were also acquired by the Company under authority of an Order in Council of 13th May, 1899, no surrender having been obtained from the Indians.

When the Canadian Pacific Railway was built neither the consent of the Indians nor of His Excellency in Council was required and was not therefore asked for nor obtained. Section 20 of the Indian Act of 1876 which was then in force read :-

" If any railway, road or public work passes through or causes injury to any reserve belonging to or in possession of any band of Indians, or if any act occasioning damage to any reserve be done under the authority of any Act of Parliament, or of the Legislature of any Province, compensation shall be made to them therefor in the same manner as is provided with respect to the lands or rights of other persons; the Superintendent-General shall in any case in which an arbitration may be had, name the arbitrator on behalf of the Indians, and shall act for them in any matter relating to the settlement of such compensation; and the amount awarded in any case shall be paid to the Receiver General for the use of the band of Indians for whose benefit the reserve is held, and for the benefit of any Indian having improvements thereon. "

This provision remained in force until Act of 1887, Sec. 5, Ch. 33, Vic. 50-51, which amended the above provision by striking out the words""If any" in the first line thereof and by substituting therefor the words following, that is to say :-- "No portion of any reserve shall be taken for the purposes of any railway, road or public work without the consent of the Governor in Council, and if any. "

Indian Affairs. (RG 10, Volume 7662, File 22009-1 G.T.P. Pt.1)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

Rights of Way have been granted in the following instances by authority of His Excellency in Council, surrenders not having been asked for from the Indians :-

To the West Selkirk Branch of the C P. Ry. through St. Peter's Reserve, by Order in Council of the 11th November, 1901.

To South Shore Railway Co. through Abenakis Reserve County of Yamaska, by Order in Council of the 19th June, 1902.

To Ottawa, Northern and Western Railway Branch of the C. P. Ry., through Maniwaki Reserve, by Order in Council, 18th March, 1904.

To Manitoba and Northwestern Railway Co., through Yellow Quill Reserve, by Order in Council of the 22nd December, 1904

Frank Pedley

P.S.-

With reference to the Grand Trunk Pacific application for land of the Fort William Reserve I quote from the report of the Chief Surveyor of this Department who was sent up to interview the Indians in connection therewith,

"On arriving at Fort William I had an interview with Father Dugas of the Mission , Chief J. B. Penassie and his Councillors. The Indians it appears objected very strongly

Indian Affairs. (RG 10, Volume 7662, File 22009-1 G.T.P. Pt.1)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

strongly indeed to giving up any portion of their Reserve and to moving from their present home. I explained the matter to the Chief dwelling especially on the fact that it was useless to expect the Government to allow a small band of Indians to stand in the way of a large enterprise like the Grand Trunk Pacific Railway, which was being constructed for the benefit of a great mass of the Canadian people including themselves. I requested him to talk the matter over with his people and to meet me in Council on the Tuesday following. I engaged the Chief and his Councillors and with the assistance of Mr. Bonin, the Indian Agent, we proceeded from day to day valuing the Indian improvements and finally the Church, the priest's house, the convent, etc., belonging to the Mission. At the meeting on Tuesday evening the Indians were all apparently satisfied to allow the Grand Trunk Pacific to take possession of the proposed 1600 acres, on condition that they were paid for their improvements and placed with a fair degree of comfort in new houses, but they were quite undecided as to where they could move. The feeling, however, was then decidedly against the giving up of any more of the Reserve than what the Grand Trunk Pacific required."

Extract from a Report of the Committee of the Honourable the Privy Council, approved by the Governor General on the 26th June, 1905.

On a report dated 24th April, 1905, from the Superintendent General of Indian Affairs, stating that the Grand Trunk Pacific Railway Company has applied to the Department of Indian Affairs for land for right of way and terminal purposes to comprise an area of 1600 acres in the Fort William Indian Reserve in the District of Thunder Bay and Province of Ontario, and has furnished a certificate of the Chief Engineer of the Department of Railways and Canals that the land applied for as shown on plan is actually required for railway purposes and is such as the Company should be allowed to acquire under section 35 of the Indian Act as amended.

The Minister further states that a prior application from the Corporation of the Town of Fort William for a pipe line crossing the said tract of 1600 acres, for the purpose of bringing water from Loch Lomond to the town is of record in the Department of Indian Affairs. The granting of this application would, however, have no practical effect upon the utility of the 1600 acres for the purpose desired.

The Minister recommends that under the provisions of the said section 35 as amended by sec. 5 of chap. 33, 50-51 Vic., authority be given for the sale of the

Ottawa, 30th June, 1905.

Sir,-

With reference to my letter of the 10th February last, and with further reference to your letter of the 30th of the same month, I beg to inform you that an Order in Council, dated the 26th instant, has been passed authorizing this Department to sell to the Grand Trunk Pacific Railway Company the land required at Fort William for right of way and terminal purposes, for the sum of $244,574., in accordance with the following valuation, subject, however, to a prior application made by the Town Council of Fort William for the right of way for a pipe line to bring water from Loch Lomond, in the Indian reserve, to Fort William, which will be dealt with by the Department of Indian Affairs as may hereafter appear advisable, and I have also to draw your attention to the fact that your Company should make some provision towards the moving of the Indians:-

J.B.

150	acres at	$320.00	$ 48,000.00

The Department will require to have a considerable area of land cleared and houses built for the accommodation of the Indians, road-ways and ditches constructed, wells dug, etc. The church authorities will also require to take immediate steps towards finding new homes for the priests and nuns engaged in the school.

It is, therefore evident that payment for this land should be made at as early a date as possible, in order to afford time towards making the necessary arrangements before the winter sets in.

The Department has found it necessary, ~~on account of the dilatoriness of Railway Companies in making payments for rights of way,~~ to make a rule that no work of construction shall be undertaken on an Indian reserve until the right of way has been duly arranged for.

Your obedient servant,

Signed J. D. McLean

Mr. J. D. McLean,
Secretary, Department of Indian Affairs,
Ottawa, Ont.

Dear Sir,-

I beg to acknowledge your favor of June 30th, No.254410, in which you advise that by Order-in-Council, dated the 26th June, the Department of Indian Affairs has been authorized to sell to the Grand Trunk Pacific Railway Company 1600 acres of land required at Fort William for terminal purposes, and that the Department is now prepared to deal with the matter.

I will see that the subject has immediate attention, and would like to have a personal interview with the representatives of your Department, in Ottawa, at an early date.

The proposition to allow prior application of the Town of Fort William for right-of-way for pipe line is something that was not considered when we decided that this land would meet our requirements. We, of course, realize the necessity of Fort William having pure water, and will in no way retard the laying of the pipe line from the source of their water supply to the river. It would, however, be very detrimental to our property to have a right-of-way, such as they desire, 100 feet wide, cut our property in two; also, the six road crossings, which, at the time negotiations were being carried on, we said we could not accept, and inasmuch as the Indians are to be removed, as I understand, to Squaw Bay, they will

Ottawa, 7th July, 1905.

Sir :-

In reply to your letter of the 1st inst. I have to say that no decision has been arrived at with regard to ~~the~~ the right to lay the pipe line across the lands in the Fort William Reserve to be sold to the Grand Trunk Pacific Railway. It is intended that it shall be laid in a manner that shall least interfere with the working of the Railway. It is therefore suggested that you should endeavour to arrive at an understanding on this point with the Town Council of Fort William and then submit the decision to the Department.

With regard to the six road crossings, I have to draw your attention to the fact that about five miles in a straight line or about seven miles of water front is about to be sold to your Company and that it is not possible for this Department to administer properly the large tract of land to the South without retaining reasonable access to the said water front at convenient intervals. One of the said crossings may be located at or near the extreme West boundary of the Reserve, the other five at convenient intervals and where they will least interfere with the working of the Railway. This will leave stretches of nearly one mile between the crossings. It is considered that this will require to be insisted upon by the Department and it is also the understanding arrived at with the Indians. The reserve for an Indian boat landing is obviously a necessity.

Frank W. Morse, Esq.,

Vice President and General Manager,
Grand Trunk Pacific Railway,
Montreal, Que.

I have no doubt all the details will be amicably arranged. I may add that upon payment for the land your Company may take possession and upon filing and approval of a plan showing the pipe line, road crossings and reserve for a boat landing the patent will be issued.

I shall be pleased to arrange an interview with you at any time that may be convenient.

Your obedient servant,

[illegible]

Secretary.

DEPARTMENT OF INDIAN AFFAIRS CANADA

INDIAN AFFAIRS JUL 13 1905

Ottawa, July 12th, 1905.

Dear Sir,

The representative of the Grand Trunk Pacific Railway Co. proposes within a few days to decide on the actual provisions of the highway crossings to be laid out across the tract of land to be sold to the said Company; He also will arrange definitely the location of the Indian boat landing I have to request you to assist him in every way in your power and to meet his views as far as may be, without injuring the interests of the Indians and the administration of the lands to the south of the Indian tract.

You will please consult Reverend Father Lamarche and the Indian Council in every step in connection with this matter. A report will be required from yourself with regard to the proceedings showing that you acquiesce in the arrangements that may be arrived at . Let your report be in full showing the reasons for which each location has been decided on.

Yours very truly,

Frank Pedley

Canadian Pacific Railway Company's Telegraph.

All Messages taken by this Company are subject to the following terms:

It is agreed between the sender of the following message and this Company that the said Company shall not be liable for damages arising from failure to transmit or deliver, or for any error in the transmission or delivery of an unrepeated telegram, whether happening from negligence of its servants or otherwise, or for delays from interruption in the working of its lines, for errors in cypher or obscure messages, or for errors from illegible writing, beyond the amount received for sending same. To guard against errors, the Company will repeat back any telegram for an extra payment of one-half the regular rate, and in that case it shall not be liable for damages beyond fifty times the amount received for sending and repeating.

Correctness in the transmission of messages can be insured by contract in writing, stating agreed amount of risk, and payment of premium thereon, at the following rates, in addition to the usual charges for repeating messages, viz.:—One per cent. for any distance not exceeding 1,000 miles, and two per cent. for any greater distance.

This Company shall not be liable for the act or omission of any other Company, but will endeavor to forward the telegram by any other Telegraph Company necessary to reaching its destination, but only as the agent of the sender, and without liability therefor. This Company shall not be responsible for messages until the same are presented and accepted at one of its transmitting offices; if a message is sent to such office by one of the Company's messengers, he acts for that purpose as the sender's agent; if by telephone, the person receiving the message acts therein as agent of the sender, being authorized to assent to these conditions for the sender. This Company shall not be liable in any case for damages unless the same be claimed in writing, within sixty days after receipt of the telegram for transmission. No employee of the Company shall vary the foregoing.

M E M O R A N D U M .

OTTAWA, 26th July, 1905.

To the Deputy Minister:-

Mr. James H. Bacon, Harbour Engineer, [redacted] G.T.P.Ry. Co. filed two plans this morning. The first is dated the 18th instant and signed by Messrs J.J. Wells, W. Newcombe and E. S. Rutledge, with Mr. James H. Bacon as witness. This plan contains a certificate to the effect that the town of Fort William desires that the Patent for lands to be granted to the G.T.P.Ry Co. by this Department shall preserve to that company all surface rights and reserving to the Town of Fort Willaim all rights of ingress and egress and also free the Town from damages that may be caused by necessary works of construction and maintenance of the pipe line in question.

The second plan shows the portion of land to be taken by the G.T.P.Ry. Co. in the Fort William Indian Reserve and the road now existing from the Kaministikwia River to the mountain is indicated thereon. A certificate is thereon to the effect that the Indians desire this road and that the boat landing shall be located on each side of it, and that all other roads to be kept open shall be located by the Department. The plan is dated the 21st of July 1905, and signed by Chief J.B. Penessis, Henry Scott and Simon Webobihesike Indian Councillors of the Fort William Band, and on part of the Railway Company it is signed by Mr. James. H.Bacon. The two plans are in a folder herewith.

I

KODAK SAFETY FILM

Mr. Parkinson this was arranged by phoning to Ottawa together.

I have arranged with Mr. Bacon, the positions of the said high-way crossings; with the exception that one highway crossing is eliminated and an Indian boat landing is substituted therefor. This boat landing is of the same extent as the one already agreed upon, and is to be located on each side of the proposed railway bridge crossing the river. Mr. Bacon will submit a finished plan showing these crossings for approval and acceptance by the Department.

Mr. Bacon suggested as being probably satisfactory to his Company that payments be made as follows:-

$55,000 at once

$50.000 in eight months

$42,811 in twelve months

$42,810 in twenty-four months

$53,953 for the Church (to be arranged to the satisfaction of the Department)

$244,574--Total--

Do as at mill Return me

Mr. Bacon desires the Patent should contain ~~them~~ (and necessarily the sale) the conditions numbered one, two and three set forth in the paper hereto attached. I think the conditions should perhaps be submitted for examination by the Department of Justice.

Mr. Bacon explained that no Indians would be required to remove from their homes within eight months; that is the date of the second payment of $50,000. The first payment of $55,000 I think should be sufficient to clear the land and prepare new homes for the Indians. The said payment in eight months will cover the amount due for their improvements. The third payment will then fall due in four months after.

I

Enclosures.

Ottawa, 31st July 1905.

S i r;

I have the honour to acknowledge receipt of your letter of the 28th instant -254410- and in reply beg to state that the first and second of the conditions cannot properly in my opinion be inserted in the grant to the Grand Trunk Pacific Railway Company. The first condition is contrary to the provisions of the Railway Act, 1903, section 137, and the rights of the company as to highway crossings should also, it seems to me, be governed by the provisions of the Railway Act.

The third condition, seems to be one the propriety of which is a matter for the consideration of your department.

Papers returned herewith.

I have the honour to be,

S i r,

Your obedient servant,

Acting Deputy Minister of Justice.

254410-

Ottawa, August 3rd., 1905.

Sir:—

I beg to inform you that the conditions numbered 1, 2 and 3, which you desired should be inserted in the patent for the lands on the Fort William Indian Reserve to be purchased by the G. T. P. R. have been submitted for examination to the Justice Department. I am advised by that Department that the first and second conditions should not be inserted in the patent. The first condition is contrary to the Railway Act 1903, section 137, and the rights of the company as to highway crossings should also be governed by the provisions of the Railway Act.

The third condition is a matter for the consideration of this Department. I have to say that, in the event of this Department's desiring to dispose of a road or boat landing, the Grand Trunk Pacific Railway shall have the first option to purchase the same; and referring to the extended memorandum handed by you to Mr. Bray on the first inst., I have to say that the Company may construct and operate two tracks, but not more than two, across the boat landing.

The remainder of the extended memorandum deals with the conditions referred to as Nos. 1 and 2., it is, therefore, not considered to be necessary to submit them to the Justice Department.

Your obedient servant,

Secretary.

Jas. H. Bacon, Esq.,
Harbor Engineer,
Grand Trunk Pacific Railway,

OF CANADA

FORM 2.

It is agreed between the sender of the following message and this Company, that said Company shall not be liable for damages arising from failure to transmit or deliver, or for any error in the transmission or delivery of an unrepeated telegram, whether happening from negligence of its servants or otherwise, or for delays from interruptions in the working of its lines, for errors in cypher or obscure messages, or for errors from illegible writing, beyond the amount received for sending the same.

To guard against errors, the Company will repeat back any telegram for an extra payment of one-half the regular rate, and in that case it shall not be liable for damages beyond fifty times the amount received for sending and repeating.

Correctness in the transmission of messages can be insured by contract in writing, stating agreed amount of risk, and payment of premium thereon at the following rates, in addition to the usual charge for repeated messages, viz.: one per cent. for any distance not exceeding 1000 miles, and two per cent. for any greater distance.

This Company shall not be liable for the act or omission of any other Company, but will endeavor to forward the telegram by any other Telegraph Company necessary to reaching its destination, but only as the agent of the sender and without liability therefor. The Company shall not be responsible for messages until the same are presented and accepted at one of its transmitting offices; if a message is sent to such office by one of the Company's messengers, he acts for that purpose as the sender's agent; if by telephone, the person receiving the message acts therein as agent of the sender, being authorized to assent to these conditions for the sender. This Company shall not be liable in any case for damages, unless the same be claimed, in writing, within sixty days after receipt of the telegram for transmission.

No employee of the Company shall vary the foregoing.

The Mission, Fort William, 27 July 1905

287921

DEPARTMENT OF INDIAN AFFAIRS
AUG 1905

The Deputy Superintendant of Indian Affairs.
Ottawa.

Dear Sir,

On my return from my Missions, on July the 24th, the son of our Indian Agent, W. L. M. Bonne who is really dying now, showed me a letter they had received lately from the Dept. of Indian Affairs, No 630, if I am not mistaken, directing the Agent to hold a Council with the Indians of Fort William Band to meet the Representative of the G. T. P. Ry. to come to an agreement about the Railway Crossings and a Boat-Landing, and to consult myself on the matter. I am very thankful to the Dept. for this mention that seems to recognize the necessity of securing a proper accommodation not only for the Indians' boats but also for the Ferry scow; the only means existing just now to go across the river with waggons, or to bring loads and supplies to the Mission from town. But when I came home I found out that the G. T. P. representative contrary to his promise, as you may see by our Agent's letter of July the

Indian Affairs. (RG 10, Volume 7662, File 22009-1 G.T.P. Pt.1)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES

II

287921

The 25th Ult. No. 620, had a meeting in the interval, with few of the Indians, and came to an agreement signed by only three Indians by which they agree to preserve the actual road running from the foot of the mountain to the river, and to place the Boat-landing 300 feet on each side of that road.

But as by the same agreement (which may not be considered by the Dept. as binding for ever a whole Indian Band, if the Indian Act of 1886, Chapt: the 43d Sect. 39 (a)(b) is still in force) it is provided that the other Crossing Roads, that were promised by the Dept: Engineer, Mr. Bray, when he was here last winter, are left to be determined by the Dept. of Indian Affairs, You will allow me to make the following representations: From Mr. James Murphy's coal dock near the Ogilvie Mill, opposite Isl. D. to West Fort-William, there is but one single street running to the river. That means that it is the only spot on the north shore of the river where we can land with the Ferry scow after the removal. But the Boat-Landing chosen by the aforesaid

Indian Affairs. (RG 10, Volume 7662, File 22009-1 G.T.P. Pt.1)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

III

287921

agreement does not correspond to that street across the river; it should be 500 or 600 feet upper the river, and there is no road provided for, by the agreement to reach that part of the south shore.

As I said at the beginning of this letter, the Ferry scow that belongs to the Mission Fathers, is the only means we have to cross with wagons to bring supplies for the School and for ourselves, and for so many reasons that it would take too much space to enumarate, I hope the Dept. will provide for another Boat landing as the one mentioned is neither convenient for the Indians who have only 300 feet where they can land their boats in winter, repair or build them in spring time, the 300 other feet being one of the steepest parts of the south shore. And it would make the living on the Reserve nearly impossible for the Sisters and for us. I would suggest to send an agent from the Dept. with powel to settle the very important questions: where are the Indians to be located and then determine the roads which are needed.

If the G. T. P. Ry. representative had waited few more days he would have agreed, I presume, for these reasons, to provide for another Boat landing.

Your very humble servant in X^t

Rev. P. E. Lamarche S.J. Sup. of the Missions.

Ottawa, 8th. August, 1905.

Sir:--

Mr. Bray states that, in reconsidering the matter of the boat-landing in the Fort William Reserve, it has forcibly occured to him that in using part of it as a highway and also allowing you to lay two tracks along it, the landing will be so narrow as to defeat the purpose for which it is specially reserved. He therefore thinks that either the landing should be made 100 feet wider, or it will not be possible to allow you to lay two tracks along it.

Your obedient servant,

Secretary.

Draft

Ottawa, 8th. August, 1908.

Dear Sir:--

I have received your letters of the 5th. and 6th. inst. and one roll of blue prints. The roll of tracings will probably come to hand today.

We have written to you officially regarding the width of the boat-landing. I am very sorry to have to open this matter again, but in extenuation of the slowness of my grasp of all requirements, I may say that I had never contemplated allowing two tracks to be built on the boat-landing. I feel satisfied that you will meet us in this matter as, under the circumstances, it is practically necessary to widen the boat-landing.

Yours faithfully,

S. Bray

Ottawa, 11th August, 1905.

Rev. Sir,-

I beg to acknowledge the receipt of your letter of the 27th. ultimo, and note your comments on the arrangement as to road crossings and boat-landing in the tract of land, in the Port William Indian Reserve, about to be sold to the Grand Trunk Pacific Railway Company.

I beg to refer you to the blue print ~~sent herewith~~ forwarded to you by express in which you will note that the boat-landing has been extended up the river to a point opposite to the road or street allowance in Port William to which you refer. It is intended that a part of the boat-landing will be used for highway purposes. I think this will meet your objections, and will be glad to hear from you in the matter as soon as possible, as it is desirable to prepare and issue the patent to the Railway Company at as early a date as possible.

Your obedient servant,

J. D. McLEAN

Secretary.

288284

254410

MONTREAL, QUE., August 10, 1905.

Mr. J. D. McLean,

Department of Indian Affairs,

Ottawa, Ontario.

Dear Sir,-

Replying to your letter of August 8th #254410, and to Mr. Bray's letter of the same date, I have to say that I think Mr. Bray misunderstands the situation concerning the two tracks across the boat landing. These tracks will occupy a width of only 25 ft. and are to be used only for the passage of trains and engines. The river bank at this point is so high and steep that we cannot get around the boat landing with our tracks except at a prohibitive cost. And even if this cost would not be prohibitive the alignment of our tracks, if we cannot cross the boat landing, would be very unsatisfactory. In short, the proper development of the property for railroad purposes requires that we shall lay two tracks across the boat landing as it is now laid out.

So far as the size of the landing is concerned I can say with perfect truthfulness that there is space thereon to haul up, without crowding, more than 800 boats and that, at the most, the Indians do not possess more than 40. So far as the width of the landing is concerned the longest boat in their possession does not exceed 35 or 40 ft. in length.

Our Company considers that it is paying an exorbitant

Indian Affairs. (RG 10, Volume 7662, File 22009-1 G.T.P. Pt.1)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

price for the property: that it has met more than half way every previous wish or demand of your department and that in meeting these wishes and demands it has, to a certain extent, jeopardized and rendered costly the application of the property as a whole to railway uses.

I therefore ask that no further changes or modifications be made in the condition to be attached to the transfer of the property.

Yours sincerely,

James A Bacon

Harbor Engineer.

Indian Affairs. (RG 10, Volume 7662, File 22009-1 G.T.P. Pt.1)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

254410.

Ottawa, 13th August, 1905.

Sir,-

I beg to acknowledge the receipt of your letter of the 10th instant, and to say that Mr. Bray explains that the intention to reserve a boat-landing on the shore of the Kaministiquia and Mission rivers was not at all to confine its use for the purpose of Indians hauling up their boats thereon. It is being reserved to enable this Department to administer, it is hoped in a reasonable manner, the large tract of land to the South of the tract of land to be sold to the Grand Trunk Pacific Railway company. There should be no question that the Department should reserve a river frontage for the use of this tract.

When the boat-landing was decided upon, there was no mention made of laying two tracks thereon, nor yet of using a portion of it as a highway. As these two items have now to be considered , Mr. Bray thinks [redacted] that the boat-landing should be widened, or that the two tracks referred to should not be allowed along the boat-landing. This appears to be very reasonable, and it is hoped that you will see your way to discuss this matter again with Mr. Bray.

With regard to your statement that your Company considers that it is paying an exorbitant price for the property, I have to say that after deducting the amount

SURVEYS.

Mr. J. D. McLean,
Secretary, Department Indian Affairs,
Ottawa, Ont.

Dear Sir:-

I beg to acknowledge receipt of your letter of the 12th inst. (No.254410), referring to the boat landing on the Kaministikwia River. My absence from Montreal has prevented an earlier reply.

I regret very much that Mr. Bray and yourself have considered it necessary to re-open the matter and sincerely hope that each of you will see your way clear to adhere to the original agreement. The question of the two tracks across the landing was thoroughly discussed between myself and Mr. Bray, and was, as I thought, settled to his satisfaction. In this connection I call your attention to your letter August 3rd (No.254410) in which you say: "the Company may construct and operate two tracks, but not more than two, across the boat landing."

As far as I am concerned I must decline to make any recommendation involving an increase in the size of the boat landing, which is now twice as large as that originally demanded. Of course, I realise that one of the crossings was eliminated in exchange for this increase in size, but I consider that the exchange was more than fair to your Department.

After all, will not the existence of these tracks across the boat landing be a help rather than a detriment in

Indian Affairs. (RG 10, Volume 7662, File 22009-1 G.T.P. Pt.1)

SURVEYS

Dear Sir,

I received yesterday, Aug. the 14th, Your letter and sketch of Aug. the 14th. No 254410, re crossing the G.T.P. Ry and boat-landing at the Mission of Fort William. I come from a Council Meeting, but there were only few of the Indians present, most of them being away. But as it is too late to night (it is nearly 10 P.M) to give an account of the meeting, and as I have to leave very early to-morrow for a sick call at Grand-Marais, Minn; I will try to write from there on Aug the 17th. or next day and I shall refer to the same No. 254410 of Your letter.

Your humble servant in Xt

SURVEYS

Fort William Ont.,
August 16th. 1905.

To the
Superintendant of Indian Affairs,
Ottawa Ont.

My Dear Sir:-

This letter is a complaint against the interference of Father La Marche with our affairs. I wish to cite two, cases in point. One is about the raod from the quarry to the river. This road was made and paid for by the Indians. Arrangements have been made by which we are to retain it. We desire to keep it as it is on account of its preset convenience and its near approach to Fort William. Father La Marche has a plan for another road which the Indians do not want and they fail to see what advantage it offers.

Another complaint is with reference to the proposed removal of the Indians? We have selected a desirable place which has met the approval of everybody, the Grand Trunk officials declared that we could not have selected a better place. It is near town where many of our people have daily work to perform, the land is good and offers a good place to live in. Father La Marche plans for us to move to Squaw Bay where there is nothing but barren rock, where it is far from town for those who work, and far from the aid of a physician. It is extremely desirable that Father La Marche confine his activity to the work of the church. His interference with our affairs creates strife among us which is something we do not desire. I have written several letters to the Indian Department at Ottawa but have not received a reply.

Yours respectfully,
J B Penassie

Ottawa, 21st August, 1905.

Dear Chief,-

In reply to your letter of the 16th instant, I have to say that it is intended to reserve the road across the tract of land to be sold to the Grand Trunk Pacific Railway Company in the place where you arranged for it with Mr. Bacon.

With reference to the selection of a site for your new village, I have to say that no decision will be arrived at on this subject without consulting yourself and your councillors, and you will be duly informed when action will be taken in this matter.

Your obedient servant,

D. McLEAN

Secretary.

No. 254410.

Department of Indian Affairs,

Ottawa, 17th August, 1905.

Description for Patent of the Land required by the Grand Trunk Pacific Railway Company, in the Fort William Indian Reserve.

All and singular that certain tract of land and premises situate, lying and being in the Fort William Indian Reserve, District of Thunder Bay, Province of Ontario and Dominion of Canada, shown on a plan of survey certified by D.J. Gillon, O.L.S., dated the 17th May, 1905, of record in the Department of Indian Affairs, and which may be described as follows, that is to say:-

Commencing at a point on the West limit of the said Reserve where an iron post has been planted at an approximate distance of one hundred and fifty feet from high water mark on the South side of Kaministiquia River, the said post being designated " Post No. I A on the said plan; thence North forty-seven degrees- thirty-one minutes east five thousand one hundred and sixty-one feet to Post No. 2; thence North sixty-seven degrees - forty-six minutes east two thousand seven hundred and fifty-six feet to Post No. 3; thence North eighty-seven degrees - one minute east three thousand nine hundred and nine feet to Post No. 4; thence South seventy degrees - seven minutes east ten thousand four hundred and eighty feet to Post No. 5; thence South fifteen degrees- fifty-seven minutes east two thousand eight hundred feet to Post No. 6; thence South forty-one degrees - twenty-seven minutes east four thousand one hundred and fifty feet to Post No. 7; thence East one thousand two hundred more or less feet to high water mark on Thunder Bay; thence Northerly and Westerly following the shores of Thunder Bay, the Mission River and the Kaministiquia River to the West limit of the said Reserve; thence South along the

Re amended description dated 17 Nov. 1905

CANADA

the said limit one hundred and fifty feet, more or less to the point of commencement, containing by admeasurement sixteen hundred acres of land, be the same more or less, excepting thereout and therefrom five road allowances across the said tract, and a strip of land on the Kaministiquia River, as shown on the aforesaid plan and which may be severally described as follows,- Firstly,- a road allowance one hundred and thirty-two feet wide, that is to say sixty-six feet on each side of the line produced south between Lots Numbers Eight and Nine, in the Township of Neebing. Secondly,- a road allowance sixty-six feet wide being the production of Yonge Street, in the Town of Fort William. Thirdly,- a road allowance sixty-six feet wide being the production of Brown Street, together with two extra widths each thirty-three feet wide, one being on each side of the said road allowance for the distance of five chains, measured from the river Southerly Fourthly,- A road allowance sixty-six feet wide lying on the East side of a line commencing at a point on the boundary of the said tract six and one-half feet, south seventy degrees-seven minutes east from the aforesaid Post No. 4, and drawn from thence North thirty-one degrees east, one thousand eight hundred and ninety-three feet to the Southerly limit of the strip of land on the Kaministiquia River, to be hereafter described. Fifthly,- a road allowance sixty-six feet wide, that is to say, thirty-three feet wide on each side of a line drawn parallel to the aforesaid course between Post No. 4 and Post No. 5 to the waters' edge of Thunder Bay, and distant sixty-six feet Southerly therefrom, together with two extra widths each thirty-three feet wide, one being on each side of the said road allowance, for the distnace of five chains measured Westerly from the said waters edge of Thunder Bay. Sixthly,- a strip of land two hundred and thirty-three feet wide on the Kaministiquia River described as follows, that is to say, commencing where the Westerly limit of the property occupied by the Power-house of the Fort William Water-works,

Produced

DEPARTMENT OF INDIAN AFFAIRS
AUG 22 1905
RECEIVED

Dear Sir in further reference to your letter of Aug. the 11th. No. 254410 re Crossing the Grand Trunck Pacific Railway and boat-landing for the Indians of Fort William Reserve. I wish to say that I have not sincerely formed mine to express my mind about the proposed boat-landing and especially the highway mentioned in your letter. It would require many pages of foolscap? But I expect to meet Mr. McRae early next week at Fort William and try to explain to him on the spot what I think would be the best course to follow in the interests of the Indians, of the town of Fort-William and of the Grand Trunk Pacific Ry. Co itself. If I could not meet him and if we cannot expect to meet some Agent of the Indian Dept. on the matter, I will make my representations at an early date by letter. I beg to be heard before any decision be taken.

Your humble servant in X^t.

Canadian Pacific Railway Company's Telegraph.

354410. **All Messages taken by this Company are subject to the following terms:**

It is agreed between the sender of the following message and this Company that the said Company shall not be liable for damages arising from failure to transmit or deliver, or for any error in the transmission or delivery of an unrepeated telegram, whether happening from negligence of its servants or otherwise, or for delays from interruption in the working of its lines, for errors in cypher or obscure messages, or for errors from illegible writing, beyond the amount received for sending same. To guard against errors, the Company will repeat back any telegram for an extra payment of one-half the regular rate, and in that case it shall not be liable for damages beyond fifty times the amount received for sending and repeating.

Correctness in the transmission of messages can be insured by contract in writing, stating agreed amount of risk, and payment of premium thereon, at the following rates, in addition to the usual charges for repeating messages, viz.:—One per cent. for any distance not exceeding 1,000 miles, and two per cent. for any greater distance.

This Company shall not be liable for the act or omission of any other Company, but will endeavor to forward the telegram by any other Telegraph Company necessary to reaching its destination, but only as the agent of the sender, and without liability therefor. This Company shall not be responsible for messages until the same are presented and accepted at one of its transmitting offices; if a message is sent to such office by one of the Company's messengers, he acts for that purpose as the sender's agent; if by telephone, the person receiving the message acts therein as agent of the sender, being authorized to assent to these conditions for the sender. This Company shall not be liable in any case for damages unless the same be claimed in writing, within sixty days after receipt of the telegram for transmission. No employee of the Company shall vary the foregoing.

No. 254410. Copy.

Department of Marine and Fisheries,
Ottawa, 22nd August, 1905.

Sir,-

In reply to your letter of the 17th August last asking this Department to reserve for your Department the foreshores in front of the road allowances and boat landing in the Fort William Indian reserve, I would beg to advise you that an application has been received from the Grand Trunk Pacific Railway Co., for water lots fronting on the portion which you propose to grant to them. In considering this application the Minister has had his attention drawn to the fact that the main channel of the Kaministiquia river is already too narrow for navigation purposes and the same fact applies with additional force to Mission channel. He is therefore not disposed to grant any water lots projecting out into any of the channels of the river but on the other hand would willingly join with you in reserving for Government use a sufficient strip of the shore to insure a channel at least 500 ft. wide in Mission and McKellar channels as well as in the main river. Would it possible for you to make the north boundary of your grant to the Grand Trunk Pacific Railway Company a line distant 250 feet from the medium line of the channel so that in any improvements hereafter to be made in the several channels the Government would not be compelled to pay exorbitamt prices for re gaining possession of valuable water frontages.

In any event your request that the foreshores in front of the several road allowances and boat landing should be reserved for your Department will be complied with.

I am, Sir,

Your obedient servant,

(Signed) F. Gourdeau,

DeputY Minister of Marine and Fisheries.

Indian Affairs. (RG 10, Volume 7662, File 22009-1 G.T.P. Pt.1)

254410.

Ottawa, 24th August, 1905.

Sir,-

With reference to the tract of land applied for by the Grand Trunk Pacific Railway Company, in the Fort William Indian Reserve, I have to inform you that a communication has been received from the Deputy Minister of the Department of Marine and Fisheries, which is to the effect that the Minister has had his attention drawn to the fact that the main channel of the Kaministikwia river is already too narrow for navigation purposes, and the same fact applies with additional force to Mission channel. He is, therefore, not disposed to grant any water lots projecting out into any of the channels of the river. He has suggested that this Department should make the north boundary of the grant to the Grand Trunk Pacific Railway Company a line distant 350 feet from the medium line of the channel, so that in any improvements hereafter to be made in the several channels, the Government would not have to take any steps to regain possession of the water frontage.

This question is an important one, and as it has a direct bearing on the utility of the frontage on the river of the land proposed to be granted to the Grand Trunk Pacific Railway Company, I have to ask you to consider the matter and inform me whether you have any objection to

SURVEYS

Dear Sir:-

With further reference to our conversation yesterday as to the form of the proviso in the Grant to the Grand Trunk Pacific Railway Company of the lands at Fort William, I now enclose form which I trust will be acceptable to the Department.

I have provided that reasonable notice shall be given us by the Town before they proceed to construct or repair, and have also made the rights subject to the provisions of the Railway Act, 1903. It seems to me that this should be done, otherwise it might be held that the Board of Railway Commissioners had no jurisdiction, and I am sure this is not the intention. Under sections 196 and 197 of the Act, the right is reserved to the Board to pass upon the character of the works contemplated, and while even though there was nothing in the Grant preserving the powers of the Board, it probably would be held that their jurisdiction was not ousted, it seems to me better that it be made clear.

Yours truly,

Enclo.

DEPT. OF INDIAN AFFAIRS
AUG 26
SURVEYS

DEPARTMENT OF INDIAN AFFAIRS
AUG 26 1905

Dear Sir,

In instance to Your letter of Aug the 11th No 254410, I wish to say, that having failed to meet Mr Mac Rae of the Indian Dept, the answer I received yesterday to a telegram I had sent to the Dept of Indian Affairs rather urges me to make few more observations re Crossing the Grand Trunk Pacific Ry and boat-Landing for the Indians of Fort-William Reserve. The space indicated for the boat-Landing on the blue print forwarded by the Dept. seems to be sufficient to accommodate the Indians' boats and convenient for the Mission scow. I am glad you mentioned in your letter that a part of this Boat-Landing is to be used for a highway. It is exactly the point I had in view when in my first letter I asked that a Dept Official be sent here. I think that such a highway, and a good large one too, is most desirable at that place, in the interests of the Indians, of the Town and of the G. T. P. Ry Co. itself.

Indian Affairs. (RG 10, Volume 7662, File 22009-1 G.T.P. Pt.1)

PUBLIC ARCHIVES

H

288688

I wish indeed I could explain my mind on the spot. But as this might be of some utility for the preliminary arrangements spoken of in the telegram received yesterday, I will try to make my remarks as clear as I can with my imperfect knoledge of the language I am using.

It is natural to suppose that this highway will correspond to the Fort William Power House road which is the only one aviable on that part of the north shore. Then I would say the boat-landing is not estended sufficiently Get up the river. You are aware of the advantage the Indians have to extract stone from the mountain. At present they can work at the quarries only for few monthes during winter when there is enough snow to allow the teams to reach the quarries. But if an electric railway runs to the mountain they could have work all year round. There is also at the foot of the Mountain or in the quarries any amount of shell rock that is in great demand for concrete or other purposes. The Town itself is in great need of stone and shell rock for sidewalks and macadam. The municipality regulations require stone foundations for buildings on some streets so that we may say that the

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

Towns of Fort-William and Port-Arthur are in great need of the stone and there is no place near by where they can get it so easy and so cheap, And for this reason I am convinced there will be no difficulty to obtain that the street cars be run to the quarries crossing on a ferry until there be a bridge. On a map given to the Indian chief by a representative of the G.T.P. Ry, I see the Station marked nearly opposite the Fort-William Power-House. For these reasons and many others that could be given verbally would it not be advisable to reserve space enough to build later on a dock of sufficient dimension to accommodate boats of all sizes. But if the dock be built on the indian-boat-landing as it is marked on the blue print we shall be deprived of our crossing for the scow that cannot be put any other place than close to the Power-House road. It would be very prejudicial to the health of the Indians to build their houses at the foot of the mountain where some water to remain, because the land is too marshy, but if they go to Squaw Bay the

Only practicable road would be the one proposed by the Town of Fort William to lay their main water pipe coming from Lac Lohmond. I have nearly a promise that the street cars would be run to Squaw-Bay and it seems to me that it is the only means to make life reasonable for the Indians and for us, the Sisters and the Fathers, when removed from our present position. But I must put an end to this long letter if I want to mail it for to morrow.

Hoping these few remarks will not be out of the way to make the Officials of the Dept. of Indian Affairs understand how it would be necessary that this matter be considered on the spot and not only on maps.

Your very humble servant in X^st

Dear Sir:-

I have yours of the 17th Inst. 254410, stating that your Department is about to sell to the Grand Trunk Pacific Railway Company a tract of land in the Fort William Indian Reserve. I may say that Mr. James Bacon of Montreal, for the Grand Trunk Pacific Railway Company, has filed plan of a water lot covering the frontage, which he stated had been arranged for with the Indian Department. Mr. Bacon was in the office yesterday and I pointed him out your letter, and he is quite satisfied that when the matter comes to be finally settled as regards the issue of the water lot through his Company, that your representation shall have due effect.

Yours truly,

Deputy Minister of Lands and Mines

254410.

Copy sent Mr. D'Arcy Tate May 13/07

Ottawa, 30th August, 1905.

Sir,-

I beg to acknowledge the receipt of your letter of the 26th instant in which you state that Mr. Bacon has filed a plan showing the water frontage at the Fort William Indian reserve, which has been arranged for with this Department, and that he is quite satisfied when the matter comes to be finally settled as regards the issue of water lots through his Company, our representation shall have due effect.

The plan filed by Mr. Bacon should show the road allowances, and boat landing reserved by this Department. As stated in my former letter, I shall feel obliged. in any sale made by your Government of the whole or any portion of the said water frontage, if you will be good enough to exclude therefrom all water lots in front of any of the said roads and boat landings. I may explain that this would appear to be the simpler procedure, and this Department could then deal direct with your Department for the acquisition of the said frontages it is desired to reserve.

Your obedient servant,

Ottawa, 4th September, 1905.

Sir,-

I beg to acknowledge the receipt of your letter of the 24th ultimo, together with your amended clause for insertion in the patent to be granted to the Grand Trunk Pacific Railway Company. There appears to be nothing objectionable in this clause.

The Company should now take the necessary steps towards paying for the land at Fort William, and it is desirable that this matter should be closed without unreasonable delay.

Your obedient servant,

I.B.

Signed F. Pedley.

Memo. Department of Indian Affairs,

Ottawa, 4th September, 1905.

The Deputy Supt. General,-

With reference to the letter, hereunder, of the 22nd ultimo, from the Deputy Minister of Marine and Fisheries, I beg to refer you to Mr. Bacon's reply, to a letter from this Department, hereunder of the 30th ultimo, and to say that it would appear to be advisable to close the sale of land, at Fort William, direct with the Grand Trunk Pacific Railway Company. The Department of Marine and Fisheries can then deal with that Company.

All the preliminaries, as far as regards the position of road allowances and boat-landing, and the description and conditions to be inserted in the patent, are now ready. No further action can apparently be taken until the Grand Trunk Pacific Company makes the necessary payment, or arrangements for payment, as may be decided upon. In connection with this matter, I beg to submit the draft of a letter hereunder addressed to Mr. W.H. Bigger.

S. Bray

Chief Surveyor.

Ottawa, 7th September, 1905.

Sir,-

With reference to your letter of the 22nd ultimo, I beg to inform you that in reply to a communication on the subject, the engineer specially in charge of the terminal works of the Grand Trunk Pacific Railway Company at Fort William has reported to the effect that the work of opening up the Mission and Kaministiquia rivers to the width suggested in your letter would probably require several years, and until it was completed the entire property bordering on the two rivers would be practically valueless. His Company is willing to devote a large piece of land for the purpose of a turning basin, and in his opinion if an adequate turning basin is provided for, the width of the two rivers might be left in statu quo. His Company is now conferring with the Department of Public Works with regard to harbour lines, and he suggests that the decision of that Department may govern in this matter which would be satisfactory to his Company, and he hopes to both your Department and the Department of Indian Affairs. You will be advised of any further step in this matter.

I note and have to thank you for your decision as to retaining for this Department the water lots in front of the high-ways and the boat-landing which will be reserved.

F. Gourdeau, Esq.,
Deputy Minister,
Dept. of Marine and Fisheries,
Ottawa.

IN YOUR REPLY REFER TO
No. 279
THE DATE OF THIS LETTER

Sir,

With reference to previous correspondence with regard to the disposal of the Land of the Fort William Reserve I beg to inform you that the Indians of the Band are very much dissatisfied at their not getting any satisfaction, as to the price they are to receive, and the conditions etc, for the sale of the land.

They have noticed that the G. T. R Co.have called for Tenders for the Moving of the Houses etc. and they feel that they are entitled to know the terms and be satisfied with them and for this reason they say they will not under any other consideration let any of the work be carried on at the Reserve.

I have let them see your letter of Aug 18, and they say that they are glad to see that the Department is looking after their interests, yet at the same time they wish me to inform the Department that they have not as yet surrendered the Land, and that before so doing they will insist upon having considerable notice to study the terms.

Under the circumstances I would strongly recommend that something be done in the way of a representative of the Department's consulting them before the G. T. Ry. Co. gives any contract for the clearing of the Land, Otherwise it seems to me that much trouble will arise.

Rev. Sir,-

I beg to acknowledge the receipt of your letter of the 23rd August last and note your remarks relating to allowing sufficient space in the reserve for an Indian boat landing on which stone from the McKay Mountain Quarries may be piled. It is considered that ample space is provided for, especially when it is remembered that the public dock is not to be built on the Indian boat-landing, notwithstanding the fact that it is so projected on the plan to which you refer. It is, however, to be noted that if it should appear to be in the interest of the Indians that a public wharf should occupy a portion of the boat-landing, the matter will of course receive due consideration.

Your obedient servant,

L.B. ff 1st

Department of Indian Affairs, 201682

Ottawa, ~~17th~~ 21st November, 1905.

Description for Patent of the land required by the Grand Trunk Pacific Railway Company, in the Fort William Indian Reserve.

All and singular that certain tract of land and premises situate lying and being in the Fort William Indian Reserve, District of Thunder Bay, Province of Ontario and Dominion of Canada, shown on a plan of survey certified by D.J. Gillon, O.L.S., dated the 17th May, 1905, of record in the Department of Indian Affairs, and which may be described as follows,- that is to say;-

Commencing at a point on the west limit of the said reserve where an iron post has been planted at an approximate distance of one hundred and fifty feet from high water mark on the south side of the Kaministiquia river, the said post being designated " post No. I A" on the said plan; thence north forty-seven degrees thirty- one minutes east five thousand one hundred and sixty-one feet to post No. 2; thence north sixty-seven degrees - forty-six minutes east two thousand seven hundred and and fifty-six feet to Post No. 3; thence north eighty-sven degrees - one minute east three thousand nine hundred and nine feet to Post No. 4; thence south seventy degrees, seven minutes east ten thousand four hundred and eighty feet to post No 5; thence south fifteeen degrees - fifty-seven minutes east two thousand eight hundred feet to post No. 6; thence south forty-one degrees twenty-seven minutes east four thousand one hundred and fifty feet to post No. 7; thence east one thousand two hundred feet more or less to high water mark on Thunder Bay; thence northerly and westerly following the shores of Thunder Bay, the Mission River

and the Kaministiquia river to the west limit of the said reserve; thence south along the said limit one hundred and fifty feet, more or less to the point of commencement, containing by admeasurement sixteen hundred acres of land, be the same more or less, excepting thereout and therefrom five road allowances across the tract, and a strip of land on the Kaministiquia river, as shown on the aforesaid plan and which may be severally described as follows, Firstly,- a road allowance one hundred and thirty two feet wide, that is to say sixty-six feet on each side of the line produced south between lots numbers Eight and Nine, in the Township of Neebing, Secondly,- a road allowance sixty-six feet wide being the production of Yonge street, in the Town of Fort William, Thirdly,- a road allowance sixty-six feet wide being the production of Brown Street, together with two extra widths each thirty-three feet wide, one being on each side of the said road allowance for the distance of five chains, measured from the river southerly. Fourthly,- a road allowance sixty-six feet wide lying on the east side of a line commencing at a point on the boundary of the said tract six and one half feet, south seventy degrees seven minutes east from the aforesaid post No. 4, and drawn from thence north thirty-one degrees east, one thousand eight hundred and ninety-three feet to the southerly limit of the strip of land on the Kaministiquia river, to be hereafter described. Fifthly a road allowance sixty-six feet wide, that is to say, thirty-three feet wide on each side of a line drawn parallel to the aforesaid course between post No. 4 and post No. 5 to the waters edge of Thunder Bay, and distant sixty-six feet southerly therefrom, together with two extra widths each thirty-three feet wide, one being on each side of the said road allowance, for the distance of five chains measured westerly from the said waters edge of Thunder Bay

Indian Affairs. (RG 10, Volume 7662, File 22009-1 G.T.P. Pt.1)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

sixthly,- a strip of land two hundred and thirty-three feet wide on the Kaministiquia river described as follows, that is to say, commencing where the westerly limit of the property occupied by the power house of the Fort William Water Works, produced southerly across the Kaministiquia river, strikes the waters edge; thence on the said line produced two hundred and seventy feet to a point distant perpendicularly two hundred and thirty-three feet from the waters' edge; thence approximately parallel to the said waters edge south sixty-nine degrees thirty minutes east two hundred and sixty feet; south sixty-one degrees fifty-two minutes east two hundred and eighty-five feet; south fifty-eight degrees twenty minutes east two hundred and thirty-seven feet; and south seventy-five degrees fifty-two minutes east three hundred feet, more or less, to the east limit of the road allowance fourthly above described; thence again approximately parallel with the shore of the Kaministiquia river south eighty-nine degrees twenty minutes east three hundred and eighty feet; thence north two hundred and thirty three feet to the waters edge of the Kaministiquia River; thence westerly along the said waters edge to the point of commencement, as shown on the aforesaid plan and containing eight acres of land, be the same more or less; also and reserving to His Majesty

To have and to hold the said lands with all their appurtenances and every part thereof to the Grand Trunk Pacific Railway Company, its successors and assigns, forever, to and for its and their own use and benefit in the exercise of any of the powers now or hereafter conferred upon the said Company, and for any and all of the purposes of the said Company.

Here bring in the two final clauses of the draft as amended in manuscript

Together with the right to the said Company, its successors and assigns, to lay such tracks across the lands excepted from this grant as may be necessary and proper, and to operate their trains, engines and cars over

Indian Affairs. (RG 10, Volume 7662, File 22009-1 G.T.P. Pt.1)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

over the same at all times. Provided that not more than two (2) tracks shall be laid across the strip of land sixthly above described, and that the location of the said two tracks shall be approved by the Governor in Council.

Provided also that the Grand Trunk Pacific Railway Company shall have the first right of purchasing or leasing at a price, or upon terms and conditions, as may be determined by agreement or arbitration, any of the said lands herein excepted from this grant which it may hereafter be determined shall be granted, sold, leased or otherwise disposed of, or any right or use into or over the same, other than that for which they were reserved, but such price, or terms and conditions shall be determined without reference to the increased value arising from the construction and operation of the Railway of the above mentioned Company.

~~Provided also that the Town of Fort William~~ of the Town of Fort William ~~shall~~, in connection with their Water Works System, have the right, subject to such provisions of the Railway Act, 1903, as may be applicable thereto, to construct and maintain a pipe-line on the line indicated on the aforesaid plan, together with such means of access thereto (upon reasonable notice to the grantee) as may be required for the purpose of construction and repairs, without ~~and shall not be held~~ liability for such damages as may result from the proper exercise of the said rights, ~~reserving, however, to~~ nevertheless to the grantee all surface and other rights to the ground, over, under and surrounding the said pipe-line, subject as above said.

Ottawa Nov. 20,1905 190

Sir,

I have the honour to acknowledge the receipt of your letter of the 20th instant - No. 254410 - enclosing a draft of the description proposed to be inserted in the patent to the Grand Trunk Pacific Railway Company for the land required by the Company in the Fort William Indian Reserve.

In reply I beg to state that I have examined the description as requested and find it proper and sufficient subject to the following observations.

1. I understand that the rights proposed to be granted to the Company and described in the paragraph immediately following the habendum clause, and the next following paragraph, are not covered by the present Order in Council. If that is the case, and probably in any event, it will be better to procure another Order in Council approving the grant as a whole.

2. The subject dealt with in the last paragraph should rather be in the form of an exception or reservation from the grant, and I have indicated in manuscript how this may be done. The draft is returned herewith.

I have the honour to be,

Sir,

Your obedient servant,

per Deputy Minister of Justice.

REFER TO No. 29188.

Ottawa, Nov 21st, 1905.

Sir:-

In reply to your letter of the 7th September last on the subject of the application of the Grand Trunk Pacific Railway Company for the grant of the Indian Reserve on Mission and Naministikwia rivers I am directed by the Right Honourable, the Acting Minister to withdraw my letter of the 22nd August last. Will you therefore be good enough to return the same to me and consider that the action indicated therein has been withdrawn.

I am, Sir,

Your obedient servant,

Deputy Minister of Marine & Fisheries.

Sup't General,

Indian Affairs,

OTTAWA.

Dear Sir:-

Re Indian Reserve at Fort William.

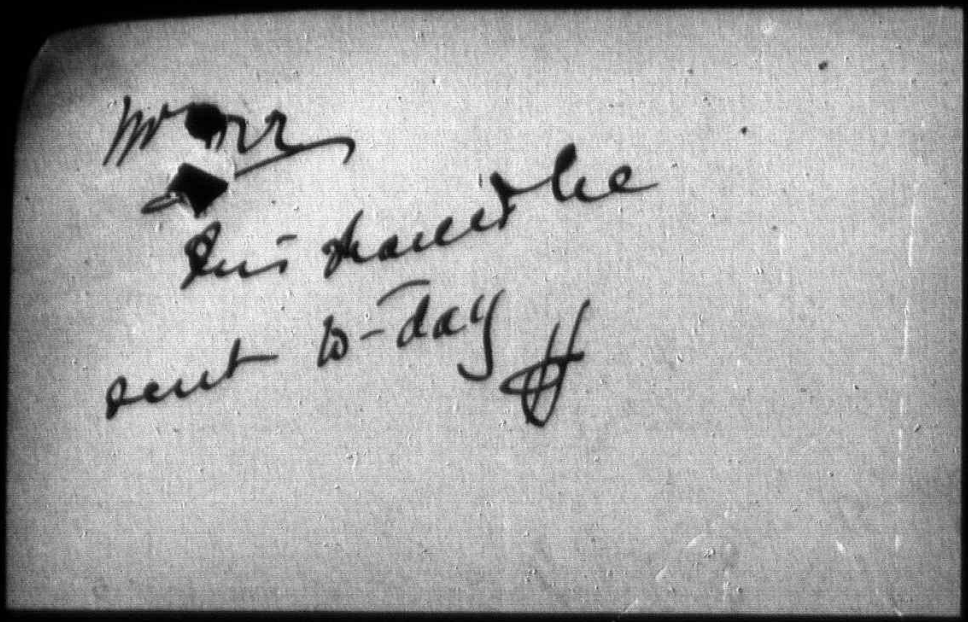

I am this morning in receipt, from your Department, of a copy of the description for patent of lands purchased by this Company, as finally revised by the Department of Justice. You do not however send form of undertaking, which you desire to get from the Company in regard to the time to be allowed for the removal of the Indian Buildings and Cemetery. Could you let me have this by return? I expect to send you the description "approved" as soon as I have it verified by our Engineering Department. We will pay cash and are prepared to close forthwith. There won't be any difficulty about the terms of undertaking.

Yours truly,
D'Arcy Tate
Assistant Solicitor.

H. O.

Ottawa, 23nd, December, 1905.

Sir:-

Referring to letter addressed you yesterday in connection with the issue of Letters Patent to the Grand Trunk Pacific Railway Company for land at Fort William, I omitted to state that there has been included in the proposed description Lot No. 56 in the Fort William Mission, containing 3.2 acres owned by Mr. Joseph Singleton, an enfranchised Indian.

In view of the above, therefore, which I discussed with your Mr. Wainwright by phone to-day, it will be necessary to except this Lot from the Patent, and make a rebate of the price charged therefor, viz. $704.00 for the land and $934.00 for improvements, in all $1638.00 leaving the correct amount to be paid by the Company $348,936.00.

I enclose a draft of Patent which it is proposed to issue on payment for the land and to ask you to kindly say if same meets your wishes and return draft to the Department for engrossing.

Dear Sir:-

In reference to your letter of the 22nd inst., and to my conversation with you by'phone this mroning, I took the matter up with Mr. Morse and we have instructed our Resident Engineer, Mr. Bacon to see Mr. Singleton and endeavour to arrange for the purchase of the lot in question, telling him that when he had arranged the matter you would give your consent to the transaction. When Mr. Singleton calls on you in reference to the matter, we would ask you to co-operate in effecting a sale to the Company.

Mr. Morse was inquiring the date of Singletons Deed and as to its being unknown to the Department, but I was unable to give him any information on these points. Can you enlighten me ?

Wishing you the compliments of the season,

Yours truly,

Dear Sir:-

Re Fort William Indian Reserve.

We are this morning in receipt of a letter from our Harbor Engineer at Fort William from which I quote, -"The patent for the lot is not recorded in the land office here, but in is the Indian Department. Please send me a copy of this patent as I cannot locate the lot without it, except by taking Singleton's word for the description." Would you mind letting me have such a description as would enable our Resident Engineer to indentify the lot and such as may be inserted in the conveyance from Singleton to the Company. If you do not receive this letter until Tuesday morning , and it is not too much trouble, I will be very much obliged if you will call me up by phone and let me have the necessary information.

Wishing you a happy new year,

Yours truly,

Dear Sir,-

Referring to our conversation (by 'phone) today; as stated therein, I herewith enclose blue print showing the position of Lot 56 owned by Joseph Singleton; also lots 50 and 57. I have, today, received a letter from our Harbor Engineer at Fort William, from which I quote:-

> x x" I have had considerable difficulty in locating these "lots, but I have at last been able to get a blue print of the "survey made by A.H.McDougall in 1899, which shows the location "of all the lots on the Reservation. I enclose in this a small "tracing showing the locations of lots 50, 56 and 57. On this map "lot 50 is recorded in the name of H. Mesho, and lots 56 and 57 in the name of Joseph Singleton."x x

We would like to clearly understand if there is a possibility of any other ownerships in the Reservation than those of Joseph Singleton. As I mentioned in talking with you this a... Mr. Singleton arrived in Fort William this morning. He has proached for the sale of his property (not by the Railway but by party representing us, and has demanded $4,000., ... he would again leave Fort William tomorrow morning. Mr... for instructions relative to the purchase of the prop... answered that we could not purchase the property wi... sent of your Department if we were obliged to pay ... the amount mentioned in your letter to Asst.Soli... value of the land and the buildings thereon. Ther...

on Lot 56.

Kindly advise your recommendations in this matter.

Naturally, we shall expect the same deduction that we are obliged to pay Mr.Singleton; but if in your judgment the matter can go to expropriation, it may be well to do so.

Yours truly,

Assistant

Asst.Chief Engineer

1 Dy. Minister
2 Secty

Ottawa, 18th January, 1906.

Sir,-

In reply to your letter of the 5th instant, I have to say that there is no other portion of land other than lot No. 56 in the tract of land at Fort William to be sold to the Grand Trunk Pacific Railway Company to which any claim can be made. The said lot No. 56 was located to Jos. Singleton under the provisions of the Indian Act relating to enfranchisement. The term having expired, the patent for the said lot could not be with-held. Mr. Singleton is now exactly in the same position as a White except that the said lot No. 56 cannot be sold by him without the consent of the Department.

The Department will consent to the sale of the lot to the Grand Trunk Pacific Railway Company at the time the lot and premises were valued at $1,638. a very fair and reasonable valuation. It is doubtful whether Mr. Singleton can claim any higher value but if he persists in doing so, it is presumed that your offer should be the same as that taken for the expropriation of any other property.

As above stated Mr. Singleton was located on lot No. 56 only. He has no claim to lot No. 57. It is a matter for the consideration of the Department whether he will be paid hereafter for the improvements on the said lot No. 57.

Your obedient servant,

Deputy Minister.

H.A. Woods, Esq.,
Asst. Chief Engineer,
Grand Trunk Pacific Ry. Co.,

Form 2.

It is agreed between the sender of the following message and the Company, that said Company shall not be liable for damages arising from failure to transmit or deliver, or for any error in the transmission or delivery of or in the non-delivery of any unrepeated telegram, whether happening from the negligence of its servants or otherwise, or for delays from interruptions in the working of its line, or for errors in cypher or otherwise, or for errors from illegible writing, beyond the amount received for sending the same.

To guard against errors, the company will repeat any telegram for an extra payment of one-half the regular rate, and in that case it shall not be liable for damages beyond fifty times the amount received for sending and repeating.

Corrections in the transmission of messages may be insured by contract in writing, stating agreed amount of risk, and payment of premium thereon at the following rates, in addition to the usual charge for repeated messages, viz.: one per cent. for any distance not exceeding 1000 miles, and two per cent. for any greater distance.

This Company shall not be liable for the acts or omissions of any other Company, but will endeavor to forward the telegram by any other Telegraph Company necessary to reaching its destination, but only as the agent of the sender and without liability therefor. The Company shall not be responsible for messages until the same are presented and accepted at one of its transmitting offices; if a message is sent to such office by one of the Company's messengers, he acts for that purpose as the sender's agent; if by telephone, the person receiving the message acts therein as agent of the sender, being authorized to assent to these conditions for the sender. This Company shall not be liable in any case for damages, unless the same be claimed, in writing, within sixty days after receipt of the telegram for transmission.

No employee of the Company shall vary the foregoing.

H. P. DWIGHT, President.

OTTAWA,26th January,1906-

Sir-

I beg to enclose Letters Patent to the Grand Trunk Pacific Railway Company,being number 14,294,covering land on the Fort William Indian Reserve.

As regards Lot No 56,in the Fort William Mission,being the seventh reservation in Patent above referred to,which was patented to Joseph Singleton,as an enfranchised Indian and who,under the provisions of the Indian Act,is unable to alienate the same,without the consent of His Excellency in Council,I beg to say that in case application for such consent is made by any one,other than the Grand Trunk Pacific Railway Company,recommendation for the granting thereof will be withheld pending the necessary action by the Company for acquisition of the Lot.

Your obedient servant

Dear Sir:

Re Joseph Singleton.

W. A. Matheson, Esq., of Fort William, asked us to notify you that Joseph Singleton is indebted to him to about the extent of $135.00, for services rendered him during the past three or four years. He has learned that the G. T. P., are arranging to appropriate Mr. Singleton's property, and wishes to have this claim paid out of the purchase money. Mr. Singleton also gave Mr. Matheson an option upon Lot 56, a copy of which we beg to enclose.

You might kindly place this letter and copy of the option upon the fyle relating to this matter.

Yours truly,

Encl.

Memo.

Department of Indian Affairs,
Ottawa, 7th February, 1906.

The Deputy Supt. General,-

With reference to my memorandum hereunder , and the prosecution of the work at Fort William, I beg to state that it usually better to let clearing by contract. In the present case, however, time is of great importance. It would be necessary to have the tract or tracts marked out in some manner on the ground, tenders would have to be called for, the tenders examined and awarded, etc., which would consume considerable time.

In any case, I think it will be necessary to appoint a good man to take immediate charge of the whole business, as it would be practically impossible for the Indian Agent to give it the necessary attention. This person could be authorized to let the work of clearing, if he thought desirable, in job lots.. There would also be the advantage of his having his men at hand, and immediately under his control, so that he could put them to work at road-making, ditching, etc, at any time it may be advantageous to prosecute this work.

The Indians would more readily arrive at a decision as to their respective new dwellings, if the plans were prepared for them to examine, and as soon as we know the number of each class of houses, and we are assured that the clearing would be done in time, the tenders could be called for and the contract for the construction of the houses let. If the foreman were immediately appointed he could proceed at once with the clearing.

I beg to recommend that a thorough, competen man be immendiately appointed, and that the plans, specifications, and bills of quantities for the said houses be

at

Indian Affairs. (RG 10, Volume 7662, File 22009-1 G.T.P. Pt.2)

at once got under way.

With your permission I will then visit Fort William and assist the Agent and the Indians in determining the site of the new village, the location of the roads thereto, and to arrive at a decision with regard to their houses and monetary matters as recently discussed by yourslef and the Accountant: that is to say in the direction of paying ten per cent of the money received for the land to the immediate use of the band, and apportioning to each Indian the amount due him. It is then intended that the cost of his house shall be taken from the money due him for his improvements, and from the said ten per cent. I I may here say that this question may meet with very decided opposition from the Indians, however, as it appears to be a very reasonable one, it is quite possible that they may be induced to fall in with it.

E. Brady

Chief Surveyor.

Indian Affairs. (RG 10, Volume 7662, File 22009-1 G.T.P. Pt.2)

No. 254410.

Department of Indian Affairs,

Ottawa, 24th January, 1906.

The Deputy Supt. General,-

In connection with the sale of land in the Fort William Indian reserve, Ont., to the Grand Trunk Pacific Railway Company and the removal of the Indian band to another part of the reserve, I beg to submit the following for your consideration:-

With regard to the funds, I beg to say that the Accountant has stated that probably the money due to the band will require to be placed to their capital account, and as the Indians have already signified their consent to the construction of houses and other works, an Order in Council may be applied for without again obtaining their consent for the required expenditure.

The amounts awarded to the church authorities for their several buildings and improvements on the reserve may be paid to them at any time on their furnishing the usual proofs as to the proper persons to whom the same should be paid, and on giving an undertaking as to vacating the premises when required to do so.

The understanding I had with the Indians was to the effect -- but always with the distinct understanding that this and any arrangement was subject to the approval of the Deputy Minister -- that they were to be paid one half of the value placed on their improvements when called upon to vacate their present homes -- and when they were comfortably settled in their new homes the remainder would be paid them. Under this arrangement the Department, if an Indian has squandered his money instead of making himself comfortable in his new home, can with-hold the second payment until he is properly settled. The Indians are entitled to be paid for their improvements, with which they could rebuild

Indian Affairs. (RG 10, Volume 7662, File 22009-1 G.T.P. Pt.2)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

10

if they so desired
rebuild in a new locality — but they reasonably requested in addition that a large part of the money received from the sale of the land should be paid them as a bonus instead of the whole being placed to their credit from which they would only receive the interest. As this would, in my opinion, be giving them too much money -- I suggested that new houses should be built for them. The houses in this case would be the property of the band and would probably not be as well cared for as if they were owned individually. I would suggest for your consideration that each Indian should pay one half the cost of his house from the money due him for his improvements. That is to say the bonus he would receive would be half the cost of his house with a small lot cleared and fenced.

Standard plans should be prepared without delay of simple plain houses, varying in value from about $300. to $1,000. from which each Indian may select the house he desires. It is understood that he will not be required to pay for clearing, fencing, road-making, wells, etc., as these works are to be charged against the band.

A good practical and thoroughly reliable foreman should be immediately appointed competent of taking charge of the clearing, road-making, wells, etc., and to oversee the construction of the houses, at a salary of about $100. per month. The foreman should keep in accord, and act immediately under instructions from the Agent.

The site or sites for the new village should be immediately selected, the ground cleared and then surveyed into 3/8 acre lots. This work should be ready for the erection of the houses in the early spring. It is to be understood that if an Indian wishes farming land, he shall prepare it for himself and at his own expense in some other part of the reserve. (that is not immediately in the village)

Lots should be about 1.50 X 2.50

The site of the new cemetery is to be selected and the ground cleared and prepared, fenced, etc

Indian Affairs. (RG 10, Volume 7662, File 22009-1 G.T.P. Pt.2)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

in order that the bodies may be removed to it in the summer.

Each Indian should also be allowed or paid the actual cost of moving his effects from his present home to his new one. The clearing should be commenced at once, this work will probably be better done by days' labour, under the supervision of the foreman. The construction of houses, fences, etc., may be hereafter considered as to whether it is preferable to have the several works done by contract or otherwise. In all cases the Indians are to be given the preference of employment.

The following may be taken as a roughly approximate estimate of the cost of the foregoing works:-

Clearing 50 acres at $75. per acre . . .	$.3750.00
Road-making and ditching	$.1500.00
Fencing	$ 800.00
Twenty well-houses, wells and pumps . .	$ 4000.00
Houses - seventy - at $700.	$49000.00
Cemetery	$ 4000.00
Foreman's salary, moving, incidentals and unforeseen	$ 8950.00
	$72000.00

I beg to recommend that an Order in Council be applied for authorizing the expenditure of the said sum of $72,000.00 from the funds of the Fort William Band in the works above mentioned.

Sir,

Under I beg to hand you copy of resolution passed by The Fo rt William Band today.

We the members of the Fort William Band in Council assembled this 24th day of Meby I9o6

We see by the Port Arthur "Chronicle" of 22nd. that the Grand Trunk Pacific have registered the title of I6oo acres part of our "Reserve". We were promised by Mr Bray that as soon as this transfer was made we would get half the valuation of our improvements , the old people $Ioo and young people $2I down, for moving expenses, and as soon as located the balance. We want to know if these promises will be forthcoming and further want to know if we will be allowed to remain in our present homes for this season, if not when we are to move, There are improvements made since a year ago that have not been valued/ three new houses being built/

GRAND TRUNK PACIFIC HOLDS MISSION LANDS

Grant of 1600 Acres Registered on the 19th Inst---Price Paid Government was $242,936.

Indians Protest Against Consummation of Deal Without Their Consent---Mass Meeting Tonight.

For several months past the Indians at the Mission have been waiting patiently for the arbitration proceedings to begin to determine the value of the 1,600 acres required by the Grand Trunk Pacific railway for terminal facilities. Although the Indian Act provides that Indian lands cannot be expropriated without their consent, the matter seems to have been settled between the company and the Dominion government out of hand without the Indians being consulted in the matter at all. A patent for the 1600 acres was granted to the Grand Trunk Pacific Railway company on January 22nd last and it was registered in the registry office here on February 19th. The consideration is given as $242,936. The Indians came to an agreement with J. C. Pope, the G.T.P. land agent, last summer, as to the amount to be paid them for the buildings on the reserve, but they claim that they did not sign anything relating to the land valuation. It was then understood that the arbitration would proceed and Messrs. R. A. Ruttan and R. E. Mitchell were named as two of the arbitrators.

A meeting to discuss the matter will be held by the Indians at the Mission to-night.

The following is the description of the lands set out in the G.T.P. deed just registered:

Portion of Indian Reserve as shown on plan certified by D. J. Gillon, O. L. S., May 17, 1905, and described as follows: Commencing at a point on the west limit of Indian reserve where an iron post has been planted at an approximate distance of 150 feet from high water mark on the south side of the Kaministiquia river, the said post being designated post No. 1 A on said plan, thence north 47 degrees 31 minutes east 5,161 feet to post No. 2, thence north 67 degrees 46 minutes east 2,756 feet to post No. 3, thence north 87 degrees one minute east 3909 feet to post No. 4, thence south 70 degrees 7 minutes east 10,480 feet to post No. 5, thence south 15 degrees 57 minutes east 2,800 feet to post No. 6, thence south 41 degrees 27 minutes east 4,150 feet to post No. 7, thence east 1,200 feet more or less to high water mark on Thunder Bay, thence northerly and westerly following the shores of Thunder Bay, the Mission river and the Kaministiquia river to the west limit of said reserve, thence south along the said limit 150 feet more or less to the point of commencement, containing by admeasurement 1,600 acres of land more or less.

Five road allowances are excepted out of above as follows:

1.—Road allowance 132 feet wide along a line produced south between lots 8 and 9 in township of Neebing.

2.—Road allowance 66 feet wide, being production of Yonge street in Fort William.

3.—Road allowance 66 feet wide being production of Brown street, together with two extra widths each 33 feet wide, one on each side of road allowance for five chains measured from river southerly.

4.—Road allowance 66 feet wide as described.

5.—Road allowance 66 feet wide as described.

There is also reserved a strip of land opposite the power house, and the land granted to one Jos. Singleton. Also a right to the town of Ft. William to lay a pipe line across the said land.

The railway has the right to purchase any lands reserved as above except the land granted to Singleton.

The Mission, Fort William, 27 Feb. 190

295144

DEPARTMENT OF INDIAN AFFAIRS
MAR 3 1906

The Superintendant Genaral of Indian Affairs,
Ottawa.

DEPT. OF INDIAN AFFAIRS,
MAR 3 1906
SURVEYS.

Honorable and Dear Sir,

I am indeed very sorry to see that, by the terms of the Deed by which the Indian Department ceads To The Grand Trunk Pacific Ry Co. this part of The Fort William Reserve, now occupied by The Mission, no justice has been made to the reiterated requests I made to The Dept. in my letters of last July the 27th and Aug. the 23d in regard to a large convenient road opposit the Power House on the north shore of the river, with the right for street cars to cross the Grand Trunk Pacific Ry tracks at that point, insisting upon the necessity of sending some Agent of The Dept. to examine, on the spot, the right of our demands. I always was, with all the Indians of this Band, under the impression that the Dept. would send some official to make an agreement with the Indians in regard to the surrending of this part of their Reserve, after all preliminary arrangements would be completed, as I was informed by a Telegram

Indian Affairs. (RG 10, Volume 7662, File 22009-1 G.T.P. Pt.2)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

signed by the Secretary of the Dept. on Aug. the 22d
(& the words: " if necessary " were used in the
Telegram, I wrote immediately on Aug. the 23d to
represent the necessity of an agent of the Dept on the spot to
understand our position.

I was mistaken, I suppose, when, in the
Dept's reply to my letter of July the 27th, I
understood that a road would be provided for
the Indian Boat-Landing according to the request
I had made in my letter. Please to read over
the considerations presented in my letters of July
the 27th and Aug. the 23d. and the Dept.'s replies
Nos 254410, Aug. the 11th. and No 254410, Nov. the 4th. and
you will see if I had reason to make a mistake.
But this would not have happened if the
matter had been treated on the spot.

You must be aware, Hon. Sir, that we
could have raised objections to the removal of
The Mission that would would have been approved
of, I am sure, by any Court of Appeal. There are
other railways in Canada and U.S.A. as important
and perhaps more important than shall be this
branch of the G. T. P. Ry. that do not claim
1600 acres of land, with about 5 miles of frontage

Indian Affairs. (RG 10, Volume 7662, File 22009-1 G.T.P. Pt.2)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

III

295144

on navigable waters. But you will agree with us, I am sure, that it was not safe for the good of our Indians, to remain close to the Railway, among crowds of working men.

But the least we could expect was a fair and ample compensation for our Indians, as it is always granted by tribunals in such cases, and for convenient means of living and performing our ministery. But by the said Deed we obtain neither the one nor the other.

I think that the Dept. is aware that from The Mission we attend to all the Indian Settlements, that belong to our Church, from Bonheur on the C.P.R. Ry. west, to Lake Nepigon and Long Lake East. Squaw-Bay is the only place on the Reserve where The Mission can be established, if You wish our Indians to be removed from the vicinity of the Town, which has always been the cause of the moral and physical ruin of our Indians. There are about 4 miles from Squaw-Bay to the Kaministiquia River. And there is only one place where a direct and convenient road can be built. The Town of Fort-William had an agreement with the Indians by which the Town was bound

Indian Affairs. (RG 10, Volume 7662, File 22009-1 G.T.P. Pt.2)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

IV

295144

to build and keep in repair two miles of that road where they intended to lay their main water pipe to Loch Lohmond, and that part is by far the most expensive having to cross the swamp.

An Electric Ry Co. could be induced to run cars to Squaw Bay if they were offered to haul the stone from the Mountain, and so we would have means of communicating with the Town and of bringing necessary supplies for living. But no provision has been made for that road and for the right of crossing the G. T. P. Ry. tracks on that road.

The Deptk must not forget also that there is only one aviable street on the north shore and so our road should correspond to it.

The present allowance to reach the Boat Landing is the most unconvinient that could be found. I know that the Indian Chief has insisted to keep the present road, but his reasons should be examined on their merit. Another allowance of 132 ft wide, as specified on the Deed, would give us a detour of 5 or 6 miles to come opposit the Indian Boat Landing. That allowance of 132 ft wide and another one, close by, shall be only for the show on the map if the G. T. P. Ry. owns all the aviable land, in

some places, between the mountain and the water's edge on the river.

I have not lost all hope of recovering our rights, if the Dept. helps us to obtain them.

I must put an end to this long epistle, but how many more subjects about the future arrangements could be treated more thoroughly in a conversation than by letters.

Your very humble servant in X^st.

Rev. P.C. Lamasche, S.J.
Sup. of the Mission.

254410/ 2 A Ty.

Ottawa, 6th March, 1906.

Rev. Sir,-

In reply to your letter of the 27th ultimo, I have to say that, with reference also to your letters of the 27th July and the 23rd August last, the road allowances and boat-landing, opposite the power house in Fort William, was extended up the river and widened. It was supposed that this met fully your views in the matter, and for the peaceful purposes of the Indians.

You state to the effect that the Indians should expect a " fair and ample compensation", presumably for their land and houses taken by the Grand Trunk Pacific Railway Company. I have to say that the sum received is considered by all persons, who have knowledge of the facts, to be the highest sum that this Department could fairly expect from the said Railway Company. sale of their property.

With regard to the location of the Mission, I have to say that the location of the Indian village has not yet been definitely decided upon. The Indians, however, have selected a place, if they are decided in this matter, the Department does not see its way to take any steps to coerce them. It is hoped that the Church authorities will be able to find an advantageous position in reasonable proximity to the village for the new mission.

Mr. Bray says he took great pains to consult with Father Dugas and Father Arpin in matters connected

Rev. P.E. Lamarche, S.J.,
Superior of the Mission,
Fort William, Ont.

with

Indian Affairs. (RG 10, Volume 7662, File 22009-1 G.T.P. Pt.2)

with the valuation of the Indian reserve, and had previously sent word to you. It is very much to be regretted that you are not in accord apparently with the arrangement arrived at with regard to roads and landing, which were fully discussed with the Indians, and which appear to the Department to be as advantageous as can be reasonably expected for them.

With reference to the establishment of street cars from Fort William, there is no doubt that, when the enterprise is ready to be put on foot, there will be no difficulty in arranging for its using one of the roads provided across the tract sold to the Grand Trunk Pacific Railway Company.

Some of the recommendations made by Mr. Bray have not been approved. The whole matter of procedure is now under the consideration of the Department. When a decision has been arrived at, Mr. Bray, or some other officer, will probably be deputed to go to Fort William in connection with the matter, and he will be instructed to call upon you.

Your obedient servant,

J.D. McLEAN

Secretary.

The Hon. The Superintendant-General
of Indian Affairs,
Ottawa, Ont.

Sir,

Re lands at Fort William Indian Mission
patented to the Grand Trunk Pac.

We have been consulted by a number of the Indians of the Indian Mission, at Fort William, with reference to the land recently patented to the Grand Trunk Pacific, and which land forms a part of the Indian Reserve.

Under the Indian Act and the Railway Act, it would appear that before the land can be taken by any Railway Company, the consent of t the Indians must be obtained, and the price at which the lands are transferred fixed,, and if no agreement can be arrived at, resort must be had to arbitration. We are instructed by the Indians that at no time have they agreed to a price for the lands which are required by the Grand Trunk Pacific. They did agree to a price for the improvements, but they contend that up to the present time their consent has not been obtained in any form to a sale of the land, or to the price mentioned in the patent. We may say that the Indians feel very strongly about the matter, and we would therefore be obliged if you would inform us under what authority the Government has granted this portion of the Indian Reserve to the Gran(Trunk Pacific, whether it is contended that the Indians gave a consent, and if so, we would like to be furnished with a copy of same, and a copy of any other document bearing on the matter, and purporting to be assented to or to have been signed or to come from the Indians. We

Indian Affairs. (RG 10, Volume 7662, File 22009-1 G.T.P. Pt.2)

295425

would also like to be informed whether the price mentioned in the patent covers the improvements, that is, the buildings etc. or whether it is for the land alone. If for the land alone, what is the amount allowed for the improvements, and how is it payable.

We may say that we are not endeavoring to stir up any trouble in this matter, but the Indians have been expecting all along that some one would be sent up from Ottawa to go into the question of land valuation with them, and they were very much surprised when they learned that a patent had been issued apparently without consultation with them.

We would be pleased to receive a reply as soon as possible.

Yours truly,

(Sd) Langworthy & McLaulin

Ottawa, 13th March, 1908.

Gentlemen,-

In reply to your letter of the 3rd instant, I beg to inform you that the lands in the Fort William Indian reserve sold to the Grand Trunk Pacific Railway Company were taken by that Company for railway purposes. The action in connection with the sale of the said lands is that authorized under Section 35 of the Indian Act, as amended under which section the Superintendent General acts in behalf of the Indians.

The details of the arrangements in behalf of the Indians, in connection with this sale, are now under the special consideration of the Department; when a decision is arrived at, the Indians will be duly advised.

DEPARTMENT OF INDIAN AFFAIRS CANADA.

M E M O R A N D U M:

For the Superintendent General

of Indian Affairs.

It is necessary to make some definite arrangement to carry out the trust imposed on the Department by the acquisition of a portion of the Fort William Reserve by the Grand Trunk Pacific Railway Company.

The Department has received from the Company the sum of $242,936 in full of the estimated value of land and improvements as agreed upon. Of this sum $141,021 represents the value of the land, and $101,915, value of the improvements. The understanding arrived at contemplates the use of the land and buildings by the Indians until next Fall, and in the interval the Department must provide for the clearance of land and for the erection of of houses, in fact, must supply a new Indian village which should be ready at, or before, the expiry of the term of occupancy.

In the administration of this large amount of money, it appears to me that we should protect the capital funds to as great an extent as is consistent with the interest which the present holders have in land and improvements. The value of the Indian improvements amounts to $43,962: each holding has been valued separately. At the time of expropriation there was some discussion as to the method of payment for the houses, and the Indians were of opinion that the same should be paid for from their capital funds, but I cannot recommend that such an arrangement should be carried out, as thereby the present members of the band would receive a disproportionate share of capital. I would propose, however, that a 10% distribution of capital (such as is allowed by Section 70 of the Indian Act) should, in this case, be carried out and that the individual shares of this 10% distribution should be carried to the credit

Indian Affairs. (RG 10, Volume 7662, File 22009-1 G.T.P. Pt.2)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

credit of an account to be opened with each individual. To this account should also be added the value of his improvements, and from the fund so constituted, the requisite buildings should be erected; the balance remaining after the cost of the buildings has been met should be given in cash to the individuals interested. The cost for clearing fifty acres of land upon which to erect the Indian village, the sinking of wells, and building of well-houses (which outlay is estimated at $10,000) should be also charged to capital. These expenditures from capital, viz: 10% for distribution to individuals, the usual 10% for Management Fund, and $10,000 for clearing, etc., will place the capital fund in the vicinity of $100,000 which will bear the usual rate of interest, viz: 3%, and produce a revenue of about $3,000 for annual interest distribution or for the general use of the band.

The houses and out-buildings to be constructed should meet the needs of each individual case, and the funds at the disposal of the Indians will enable comfortable and adequate habitations to be erected, and, in most cases, will leave a certain residue of cash. As the clearings of the land for the new village and the erection of houses will require close scrutiny, it seems desirable to make an arrangement with some competent person to undertake the work under certain definite conditions. Under an arrangement in the nature of a contract covering the whole field of operations, the expenditure will be less than if the Department attempted to do the work under the oversight of a foreman. Mr. M.G.Kelly, of Port Arthur, Contractor, has been recommended as being thoroughly competent to undertake this class of work, and, subject to the arrangements foreshadowed in this memorandum, I would ask authority to communicate with him in order that some definite plans may be drawn up for carrying the work to a successful termination.

Deputy Sup't. General of
Indian Affairs.

OTTAWA, March 19th--1906.

Sir:

I have the honour to inform you that the Department contemplates clearing fifty (50) acres of land on the Fort William Reserve and removing to this new site the Indian village.

The contemplated work includes the building of new houses, sinking of wells, and the removal of the bodies in the old cemetery. You have been recommended by the Department as a contractor of experience in this class of work. Could you make it convenient to call upon me here at an early date in order to discuss the best method of carrying out the work, financial arrangements, etc.

Your expenses on this trip will, of course, be met by the Department and as the matter is one of urgency, I hope you will be able to come to Ottawa this week or early next.

Your obedient servant,

FRANK PEDLEY

Canadian Pacific Railway Co.

ALL MESSAGES TAKEN BY THIS COMPANY ARE SUBJECT TO THE FOLLOWING CONDITIONS:

It is agreed between the sender of the following message and this Company that the said Company shall not be liable for mistakes or delays in the transmission or delivery, or for any error in the transmission or delivery of an unrepeated telegram, whether happening from negligence or otherwise, or for any interruption in the working of its lines, for errors in cypher or obscure messages, or for errors from illegible writing, beyond the amount received for sending the message. And in order to guard against errors, the Company will repeat back any telegram for an extra payment of one-half the regular rate, and in that case it shall not be liable for damages beyond the amount received for sending and repeating.

Correctness in the transmission of messages can be insured by contract in writing, stating agreed amount of risk, and payment of premium in addition to the usual charges for repeating messages, viz.:—One per cent. for any distance not exceeding 1,000 miles, and two per cent. for any greater distance.

This Company shall not be liable for the act or omission of any other Company, but will endeavor to forward the telegram by any other Telegraph Company to reaching its destination, but only as the agent of the sender, and without liability therefor. This Company shall not be responsible for messages until they are delivered and accepted at one of its transmitting offices; if a message is sent to such office by one of the Company's messengers, he acts for that purpose as the sender's agent; if by telephone, the person receiving the message acts therein as agent of the sender, being authorized to assent to these conditions for the sender. This Company shall not be liable in any case for damages unless the same be claimed in writing, within sixty days after receipt of the telegram for transmission. No employee of the Company is authorized to vary the foregoing.

254,410-2

Ottawa, 19th March, 1906.

Sir,-

I beg to confirm my telegram of to-day's date:-

"Grand Trunk Pacific intend beginning work on Fort William "Reserve. Am writing you fully reference to financial and other "arrangements to be made. Meanwhile take up matter with Bacon, "Grand Trunk Engineer, and after discussing with him advise "Indians".

Now that the Grand Trunk Pacific Railway will be engaged in actual operations on the Reserve, it would be well for you to keep closely in touch with the Band from this out.

Mr. Bray, who dealt with the Indians in this matter, transmitted to the Department in due course the result of the conference in January last. Mr. Bray has strongly recommended that the following plan should be carried out:-

1. That a sufficient number of new houses be built to accomodate the whole Band and to have about two acres of clearing around each house.

2. That each Indian on receiving notice to remove will be paid one-half the value of his improvements. The other half to be paid when he is comfortably settled in his new home.

3. That the remains in the cemetery shall be carefully and reverently exhumed and reinterred in a new cemetery to be hereafter located by the Indians.

4. That a new Council house and School house shall be built for them.

5. That a good roadway with necessary ditches shall be constructed to afford proper access to their new houses.

6.

Neil McDougall, Esq.,
Indian Agent,
Port Arthur, Ont.

Indian Affairs. (RG 10, Volume 7662, File 22009-1 G.T.P. Pt.2)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

6. That a sufficient number of roadways shall be kept open across the land to be expropriated by the Grand Trunk Pacific, together with sufficient room along the river on which they may haul up their boats.

The Department had no difficulty in agreeing to clauses 1, 3, 4, 5, and 6 but it has not been found possible to meet the wishes of the Indians with reference to the value of their improvements. In considering the best way to deal with the question, ~~ex~~ the rights of future generations must be considered and the plan which Mr. Bray urged strongly was found to trench too largely upon the Capital Funds of the Band generally to admit of its being carried out.

The Department has decided, however, to make a distribution of 10% of the amount received for the land, which is the largest proportion which can be legally paid (See Section 70 of the Indian Act).

It is proposed to open an individual account with each Indian and to credit to such an account the value of his improvements and his share of the 10% distribution which will be divided per capita, and will amount approximately to $42.00 for each member of the family. From the amount standing at the credit of each individual his house and whatever buildings that may be found necessary for his comfortable accomodation will be paid for. The cash remaining on hand after this has been done will be paid over to him. The cost of clearing the site of a new village, sinking of wells, building of well-houses, and the removal of the cemetery will be paid from the General Capital of the Band. When these expenditures have taken place about $100,000.00 will remain which will be placed to the credit of the Indians, the interest of which at 3% will be about $3,000.00. The amount will be available annually for distribution at an estimated rate of about $10.00 per capita. Care will be taken that houses and out-buildings to be constructed will meet the needs

Indian Affairs. (RG 10, Volume 7662, File 22009-1 G.T.P. Pt.2)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

needs of each individual owner.

It is proposed to make some arrangement whereby the houses may be constructed by contract. The total cost will, therefore, be much less than if each house formed the subject of a special arrangement.

It will be your duty to give this arrangement your hearty support and the Department expects that you will be able to convince the Indians, after fully and carefully explaining the matter, that it is in furtherance of their best interests. To defray the whole cost of the houses from the General Fund would deplete it and it should be remembered that this fund is as much the property of the Indian's children and children's children as the land would have been had it not been disposed of. Instead of having reduced their capital and obtained houses which will deteriorate in value, and which could hardly be considered the property of the holder if they had been paid for from general fund funds, they will have a perpetual investment at the current rate of interest producing an amount for cash distribution.

The Department is now endeavoring to make arrangements with a competent contractor who may undertake the work which will of necessity be somewhat varied and which will require a man of experience.

Your obedient servant,

Duncan Scott

Sir,

In answer to your letter of above date and telegram of same date, I have had a talk with Mr Bacon G T P terminal engineer and on receipt of letterthis morning met the Chief and Indians of Fort William band,

The clauses as set forth in your letter with ex-ception of clause No 2 appears to be satisfactory to them they have evidently been looking forward to the conditions being carried out and made calculations on receiving the half of their improvement valuation being paid in a lump sum as soon as the G T P paid over the money or bagan any work at the "Mission", It is hard to make them understand any other arrangement than the agreement they claim was made through Mr Bray,

For instance Ambrose Ceyrette saysif I only now get a payment of $48and have to wait a year before I receive the balance I will be worse off than if there was no G T P deal, I will be out the hay I get off and will have no means to make a new farm, I want the money for my improvements, I6 acres cleared and under cultivation that myself and boy have done, I am not looking forward to hand this down to my grandchildren,

Penassie (the chief) says I am an old man and not able to work and hunt and may not be alive in a year from now, I need the money and would like to see the promises carried out.

So that generally speaking they seem satisfied with exception of the improvement money, if this can be placed before them showing what amounts they will get and how soon I think we can assure them that everything is being done to

Sir,

protect their best interests, White men ,who have no business have been advising them not to allow them(the G T P)to start any work till the money is paid them for the valuation of the improvements. With this idea instilled into them it makes it harder for me to talk to them.

The Chief stated today that if any letter has gone to theDepartment saying they were finding fault with the Government or in any way feeling dis-satisfied that any such letter was not authorized by them.

Some of the band say they would prefer to build their own new houses at a contract price or to be valued when completed so that they would have the money instead of a contractor.

Mr Bacon was to wire you this evening and untill I get a reply the Indians do not want work to begin on the reserve (Clause #)

Ottawa, 14th April, 1906.

Memorandum :-

In advance of a further report as to the settlement of the dispute with the Indians of the Fort William Band as to the manner in which they are to receive and dispose of the money paid to them by the G. T. Railway Company in compensation for their individual improvements on the lands acquired by the Company; the undersigned begs to submit herewith a list showing the amounts of the first instalments promised to be paid forthwith. In order to satisfy the Department that the said payments are reasonable and provident and well within the amounts due the Indians and the funds held for them by the Department, the undersigned has added columns showing respectively the aggregate amounts from all sources coming to each Indian, also the amounts to be retained in each case to ensure the replacement of their dwellings.

The undersigned respectfully urges that in view of past misunderstanding there may be no delay in transmitting the amounts specified in the attached statement, as, otherwise, there cannot fail to be a strong reawakening of dissatisfaction and mistrust on the part of the Indians which may seriously endanger the satisfactory arrangement now come to, of which these first payments form an important feature.

Ottawa, 14th April, 1906.

With Cheque.

Sir,-

I beg to transmit herewith a cheque No. 7950 for $2493.75, the aggregate amount of the first payment to individual Indians, of the moneys due them by the Grand Trunk Ry. Co as compensation for individual improvements on the lands acquired by the Company.

The aggregate amount herewith transmitted is to be distributed in accordance with the several agreements come to between the individuals, yourself, and Mr. J. J. Campbell, as detailed on a list in your possession, of which Mr. Campbell has handed a copy to the Department.

The Department considers that the best form in which to take receipts will be the use of a blank pay-list, one of which is being transmitted herewith, which will in due course be returned to the Department.

Your obedient servant,

(Sgd) F. Pedley.

Re Fort William Reserve settlement

No 136 Xavier Bouchi who was away when we were settling with the Fort William Indians, has turned up since , if you will refer to his name you will find that he has 2 in family , $150.00 for improvements, that he was one of the lot who built a new house the dimensions which you have and valued at $450.00

He decides to build his own house $200 to $300 at Squaw Bay and does not ask for any money just now.

yours truly

Neil McDougall

Memo.

Department of Indian Affairs,
Ottawa, 19th April, 1909.

The Deputy Supt. General,-

I beg to report that the majority of votes cast by the Indians of Fort William reserve was in favour of having the new village located at Squaw Bay. There was, however, a large minority in favour of locating on the road that leads from the Kaministiquia river to McKay Mountain. This location is practically adjacent to the southerly limit of the land sold to the Grand Trunk Pacific Railway Company. Consequently the Indians who should locate here will be quite close to Fort William and the G.T.P. yards, and can readily avail themselves of opportunities for obtaining work.

On the other hand Squaw Bay is beautifully situated on the shore of Lake Superior, about three miles south of the Mission river. It is an ideal place for a village. There is a considerable amount of farming land in its vicinity. The houses can be located fronting the Bay leaving a road allowance between the houses and the shore. A road will necessarily require to be constructed to connect with Fort William. I examined the locality fairly well, and found that the best location for the road will be practically along the foot of the Mountain; that is to say, it should commence at the present southerly end of the McKay Mountain road, thence easterly about ~~two~~ one and a quarter miles, thence southerly about one and a half miles to Squaw Bay, thus making the new road to be built about ~~three~~ two and three quarter miles long, or say ~~four~~ three miles. Add to this the length of the mountain road, which will make the total distance to Fort William about four and a half miles.

The said distance is certainly far for the Indians to go every day who wish to work at Fort William.

Indian Affairs. (RG 10, Volume 7662, File 22009-1 G.T.P. Pt.2)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES

297750

This was, however, considered to be an objection to be easily overcome; at present by running a team or stage in the morning and in the evening, and in no very distant future the street cars. It seems that there are persons in Fort William considering seriously the project of constructing a street railway to this point.

The present means of crossing the Kaministiquia river is by a scow run by the Mission. It is presumed that this method of crossing the river will continue at this point for many years. The G.T.P., however, has already entered into an engagement with Fort William to construct a bridge, to be used by wagons also, half a mile farther up the river. The G.T.P. also propose to run a spur line to the quarries at the foot of the McKay Mountain Undoubtedly the principal crossing of the river will eventually be at the said bridge. Referring again to the road to Squaw Bay, I may here say that in the scheme which Fort William is about to submit to the Department for a water pipe-line, a portion of the said road, probably about half a mile, will be built by the Town.

Father Lamarsh, the gentleman in charge of the Mission, stated that he had yet to consider the matter of where the church should be erected, and also to advise with his Superior and Bishop. I think, however, it may be taken for granted that the Roman Catholic authoritites will request permission to erect the church and convent, and re-establish their mission at Squaw Bay. This being the case no doubt a number of those who voted to locate on the Mountain road will change their minds, and go to where the church is located. There, however, will be a number who practically cannot go, as they depend on their subsistence on getting work in Fort William.

There is no rule or regulation to deter Indians from settling on any portion of their reserves that they may see fit. They are, however, quite aware of the

Indian Affairs. (RG 10, Volume 7662, File 22009-1 G.T.P. Pt.2)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

advantage of the policy desired by the Department that they should keep together as much as possible, in order that their children may more easily attend school.

From the foregoing, I beg to recommend that a strip of land, say eighty chains long and five chains wide along the shore of Squaw Bay be cleared. That a fairly good wagon road be constructed from Squaw Bay to join the present mountain road, as above indicated, and that two strips of land,one on each side of the mountain road, about one quarter of a mile long and five chains wide be cleared to accommodate those Indians who decide to settle thereon.

The principal portion of the land along the shore at Squaw Bay is well wooded, I, therefore, propose that a narrow strip only be cleared, that is, as above stated, five chains in width to allow for a road, and ample room for the houses. Each lot, however, may extend back to any desired depth. The locatees can then clear for themselves, and at the same time make good use of the wood standing on their several lots. I may here mention another point in favour of the settlement at Squaw Bay to the effect that fire-wood is plentiful in its immediate neighbourhood, whereas it is scarce at the other proposed site on the mountain road. The site is also near the fishing grounds in Lake Superior.

J. Bray

Chief Surveyor.

Memorandum

For the information of the
Deputy Superintendent General.

Ottawa, 20th. April, 1906.

Immediate

With reference to the particular duties allotted to the undersigned in the recent joint mission of Mr. Bray and himself to the Indians at Fort William, viz, to reconcile the Indians to the provision of houses out of individual improvement funds instead of that paid to the band for lands acquired by the company, and furthermore to ascertain exactly how much is owning to each individual, and induce them to accept some suitable arrangement for the payment of any balances left over after protecting cost of houses, the undersigned begs to submit herewith a detailed statement showing the amounts due to individuals for improvements, also for shares of 10% of the purchase money to be distributed, the amounts set aside to protect the replacement of houses, and the mounts of the remainder agreed to be paid at once, also the locality where each house-holder proposes to remove to.

As to further payments it was agreed that they should be made from time to time on requisition by the Agent, and that after completion of new houses any balances left over from the amounts allotted to defray their cost, should be handed over to those entitled to receive the same.

At the first meeting held with the Indians, they insisted that the first matter to be discussed should be what they claimed to be the breaking of a promise which they alleged had been made by Mr. Bray, viz; that the new houses

houses should be built out of capital.

It was shown to them clearly and decisively that such promise could not have been made unconditionally by Mr.Bray; that such application of capital funds would be illegal, and moreover that the desired course would in any case be most unjust, as it would involve the taking of funds to which every member of the band now living or to be born hereafter has or would have an equal claim, to provide good dwellings for all irrespective of individual merits and requirements and of residence within or outside the limits of the reserve, and would prevent any individual ownership of houses and leave the maintenance of their repair to the option of the occupants, etc. etc.

On the other hand it was pointed out that the Department had gone to the legal limit with regard to meeting their wishes, by distributing 10% of the purchase money, and stress was laid upon the value of the yearly annual income (not likely to be any less than $8.00 per cap.) from accruing interest, to themselves and posterity.

Mr.Bray admitted having promised to recommend as claimed by them, but emphatically declared that he had repeatedly explained that he neither could nor would go further, and he had reiterated that the homologation of the arrangement must rest with the Department.

Of course it is hard to make Indians understand the difference between conditional and unconditional promises, and they not unnaturally tend to interpret and remember in accordance with their own desires, but in justice to Mr.Bray it must be stated that some of the more intelligent admitted that their understanding of what he said was what he now asserted.

When after a good deal of further discussion and reiteration of assertions and arguments on both sides the Indians seemed reconciled to adopt the changed method of expending their money, they were asked to decide as to the

Indian Affairs. (RG 10, Volume 7662, File 22009-1 G.T.P. Pt.2)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

the site of their village,but refused point blank to do so until each individual should have been arranged with in detail as to receipt of money and they declared that in any event they must have a day to think matters over before deciding.

It was pointed out that individual arrangements involved the question of cost of replacing houses, and that such could not be determined until it was known where they were to build.

Finally it was decided to accede to the request for adjournment over a day,and when the Indians again assembled they agreed to adopt the principle for payments upon which individual arrangements have been based.

This agreement was signed by all householders present and then the work of arranging with individuals was proceeded with.

As many of the Indians have several names,and as there were several disputed claims as to ownership of improvements which had been made by Indians now deceased this work was long and tedious,involving much delay while paylist numbers, location tickets,and various so called wills and other papers were being procured,but eventually a mutually satisfactory settlement was reached in every case.

With regard to the nature of these agreements the undersigned begs to direct attention to the following considerations which influenced their adoption.

The decision to replace dwellings out of compensation for improvements,while essentially provident, necessarily weakened the Department's control of the expenditure.

The idea of building by contract was based on that of payment from capital,and moreover the cheapest class of house to be offered for acceptance by the Indians was estimated by the Department to cost approximately $350.00,whereas the contractor uncompromisingly declared his

Indian Affairs. (RG 10, Volume 7662, File 22009-1 G.T.P. Pt.2)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

his inability to build it for less than $700.00.

Since moreover, analysis showed that after adding shares of 10% of purchase money to that paid for improvements, some 22 householders would have less than the lowest tendered contract price, viz; $700.00 (some 14 having less than $500.00) it became evident that Indians deemed capable of so doing, by the Agent, would have to be allowed to build under his supervision, and that a new and much cheaper class of house would have to be provided for those who would have to accept contract work, and Mr. Bray accordingly made out plans and specifications of a house which the contractor declared himself prepared to put up for $375.00

It may be here remarked that some 5 days expired before the undersigned could get the estimates which were an essential preliminary to any direct dealings with the Indians.

As to the houses which individual Indians are to erect for themselves it has to be remembered that the fact of their supplying their own labour will make them considerably better than the sum retained for the purchase of material would at first sight suggest.

A list attached will show how many desire to have houses built by contract, the amounts they are prepared to expend thereon and the points at which they wish to have them erected.

As to expenditure of money over after provision for houses, it should be borne in mind that the suggested method of paying one half down on notice to quit, and the other half after settlement in their new homes was of course utterly incompatible with the change which required building from improvements' money, nor was it apparent why Indians who might desire to make investments should wait so long for the largely reduced amounts due them.

As to the larger amounts there seems to be every

reason

Indian Affairs. (RG 10, Volume 7662, File 22009-1 G.T.P. Pt.2)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

reason to expect that the same energy and providence which enabled them to be acquired will insure a good use of them .

As anticipated by the undersigned the promise of the first payments (made) went far to reconcile the Indians to the disappointment of their confidently cherished expectation of having larger sums placed without restriction in their hands, and the fact of the Indians under the circumstances agreeing to give the Department such general control of balance as is involved in drawing upon Agent's requisition, was almost more than the undersigned expected to accomplish, and with regard to this and the ultimate satisfaction with which the Indians without exception appeared to accept the change relative to the application of their monies he desires to express large indebtedness to Mr. Agent McDougall's exertions in endeavouring to convert individuals to a proper understanding and attitude.

It may be added that the undersigned was (speaking generally) strongly impressed with the Agent's apparent capacity for still more responsible duties than those now intrusted to him by the Department.

It will be observed that in accordance with instructions no distinction has been made, as is done with regard to annuities, between transmissible and other claims to participate, and that so far as they could be ascertained all children whose parents are on the annuity pay list, have been allowed for. Joseph Singleton No.67 is said to have been enfranchised and the Finance Branch will be able to determine whether he is entitled to share in the distribution of the 10% of the capital and know what was or should be done with his improvement money.

Without trenching upon matter which properly devolves upon Mr.Bray to report, undersigned submits herewith a list showing the number of men, women, and young

people

Indian Affairs. (RG 10, Volume 7662, File 22009-1 G.T.P. Pt.2)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

people who desire to settle at Squaw Bay and the Mountain, respectively, also, for what they may be worth, some brief observations on the subject.

It will be observed that about one third of the settlement desire to remove to the Mountain and so remain in comparative proximity to the town of Fort William.

These embrace old people who are largely influenced by the conservatism of age, and dislike of change, and are more or less dependant upon the kindness of some of the townspeople, also widows who find daily employment in the town and desire to remain within reach of the town.

It seems natural to suppose that as these die off and their influence over their immediate connections disappears with them, the trend of population will be increasingly towards Squaw Bay.

It is not apparent how the division upon which each party is obstinately determined can be avoided, or how capital funds if expended in connection with either can be withheld from the other, but the ultimate result just referred to, would seem to have a distinct bearing on the question of making a good and permanent road to Squaw Bay and upon the location of public buildings, poor houses, etc.

It seems difficult to avoid the conclusion that the Mission will under the circumstances be removed to Squaw Bay, and the most regrettable feature of the division seems to be the extent to which the children of school age at the Mountain will be deprived of educational facilities, but if, as seems to be anticipated, a grant be made to the Mission for boarding school purposes, this difficulty will be correspondingly relieved.

In conclusion the urgent necessity for the clearing of the new sites etc, etc, with a view to letting the Indians get to work at the earliest possible date is respectfully pointed out.

Mr. Frank Pedley,

Deputy Superintendent General,

Department of Indian Affairs,

Ottawa, Ont..

Dear Sir:-

I have been informed from good authority that there is a probability of the Indian Department disposing of a portion of the land left in the Indian Reservation at Fort William, and would suggest that you notify this Company if such lands are to be sold, as we desire to have first right to purchase.

Please advise me if you will arrange in accordance with above.

Yours truly,

Memorandum

To the Accountant

Immediate.

Ottawa, 26th. April, 1906.

With regard to Agent's requisitions dated 17th and 20th. instant respectively for Ist. payments on account of Indians who were absent at the time the undersigned made arrangements with individuals, he begs to state that the Indians on whose account the payments are asked are all entitled to the amounts asked for which with the exceptions hereunder mentioned represent their respective shares of the 10% of the capital to be distributed.

No.22. Widow Josephine Deschamps has $507.50 due for improvements, in addition to the amount of $96.00 asked for.

No.93 Mrs. J. Smith has $100.00 due for improvements in addition to the amount of $48.00 asked for.

No.33 Nishwabi has $213.50 due for improvements in addition to the amount of $48.00 asked for.

No. 6 Luke Bouchi has $788.50 due for improvements in addition to $192.00 share of 10%.

No.145 Ambrose Cyrette has $267.50 due including $123.50 compensation for a clearing. Lives in town.

No.136 Xavier Bouchi has $294.00 due including $150.00 compensation for clearing. He claims further compensation for a house built subsequently to Mr. Bray's valuation valued at $450.00, yet to be reported on.

Memo. Department of Indian Affairs,
Ottawa, 11th May, 1906.

The Deputy Supt. General,-

The Rev. Father Lamarche in his letter hereunder has made two mistakes in his statement of payments to be made to the Roman Church authorities.

The first error is that the item for outbuildings should be $2,860. instead of $2,800. The second error is that he has included $4,000. for the cemetery. This item is a separate one, and, by reference to any one of the valuations shown on the previous number of this file, it is shown that it has always been enumerated separately.

The cemetery, I think, can scarcely be said to be the property of the church, however, if the church authorities are willing to undertake the clearing of the land for a new cemetery, fencing it, etc., and transporting the bodies thereto in a manner that shall be satisfactory to the Indians, and to the Department, I think it may be a matter to be subsequently dealt with.

In the meantime the payments due to the church authorities are as follows:-

Mission House	$24,000.
Barn	$ 3,800
Outbuildings	$ 2,860.
Implements	$ 1,295.
Clearings, fencing & ditching . .	$ 5,173.
Church	$ 5,500
	$42,628.
By agreement less	$10,000
	$32,628.

Convent . . .	$20,000.	
Outbuildings .	$ 1,325.	$21,325.
		$53,953.

Indian Affairs. (RG 10, Volume 7662, File 22009-1 G.T.P. Pt.2)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

I may here note, however, that I supposed the deduction of $10,000. was to have been made from the entire property; that is to say, from the mission, church and convent. Father Lamarche however, shows that the deduction is to be made from the amount payable for the mission and church only, and I have so shown it in the statement herewith.

S. Bray

Chief Surveyor.

DEPARTMENT OF INDIAN AFFAIRS CANADA

MEMORANDUM:

For the Deputy Sup't. General.

I beg to refer to Father Lamarche's letter of the 2nd. instant, and the Chief Surveyor's memo of the 11th. instant on the subject of payment to those interested in the Mission property at Fort William of the amounts paid in by the G.T.Rw'y ~~Co~~ compensation for their property. I have accordingly caused the cheques to be drawn and have signed them. What Mr. Bray says about the cemetery is quite correct, that is the $4,000 is the estimated amount which, it is held, should represent the value of the work of exhuming and re-interring the bodies. It is intended under the general scheme to ask tenders for this work and if the Mission desires to tender, we ~~we~~ should certainly have no objection to offer. I may say the supplementary estimates provide a grant of $60 for each of 36 pupils for the Fort William Orphanage. That matter is touched on in Father Lamarche's letter.

D. Scott

Accountant.

OTTAWA, May 18th--1906.

Ottawa, 22nd May, 1916.

Rev. Sir,-

Referring to your letter of the 2nd instant, I beg to inform you that a cheque, No. 4350 for $72,626.00 has been sent, as requested by you to the Rev. Ed. Lecompte,S.J. being payment in full for the Mission property at Fort William taken by the Grand Trunk Pacific Railway Company for railway purposes, and a cheque No. 4351 for $21,325.00 has been sent to Rev. Mother M. Clotilde, at the address which you gave, in payment in full for the convent property at Fort William also taken by the same Company for railway purposes.

These amounts did not bear interest, not being deposited for a sufficient length of time.

With reference to the cemetery, I beg to say that the Department proposes having the bodies ex-humed and re-interred. It is intended to ask for tenders for this work. If the Mission desires to submit a tender the Department will be pleased to consider the same.

Your obedient servant,

J. D. McLEAN

The Deputy Superintendent,
Department of Indian Affairs,
Ottawa.

Dear Sir :-

x x x x x

I wrote on May the 2d to this Department asking to send the checks to the Rev. Mother Superior of the Sisters and to our Provincial Superior. But I see by letters received from Montreal and Peterborough that they have not been received at either place. If the Department wants us to start building as soon as possible the money is needed to buy the material. If there are any formalities to be observed please be kind enough to let me know.

Your humble servant in Xst

The Secretary Dept. of Indian Affairs,
Ottawa.

DEPARTMENT OF IND. MAY 28 1906

Dear Sir,

In reference to your letter No. 254410-2, May the 22d received last night, informing me that Checks No 4350 and No 4351 have been sent to the respective Superiors Rev. Ed. Lecompte, S.J. and Rev. Mother M. Clotilde, and saying that it is the intention of the Dept. to ask for tenders to have the bodies ex-humed from the present cemetery and re-interred, I beg to say that cemeteries in the R.C. Church are the property of the Church, the same as the buildings. Although the land may be purchased and is generally purchased by the Congregation, the same as temples are built by the Congregations, they become the property of the Episcopal Corporation in this Province or of the religious Orders in charge of them. Our cemeteries are blessed and consecrated by the Bishop, so are the bodies buried in them blessed by the priests. The Bishop has to approve of the new location to be selected by us. And the

Indian Affairs. (RG 10, Volume 7662, File 22009-1 G.T.P. Pt.2)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

work of exhuming and re-interring the bodies has to be superintended by the priest himself. So I cannot see why the Dept. has to call for tenders to have the work done.

Any how I will refer the matter to our Bishop Right Rev. D. T. Scollard D.D. and will follow his instructions. And I beg the Dept. to wait for the Bishop's reply before any thing is done. As for the evaluation set for the work, it has been made by Mr. Bray himself, and if you consider the clearing of the new location, the number of coffins or at least decent boxes to be provided, the fencing and the transportation of hundreds of bodies, crosses and monuments and re-interring, I think the amount will not be found too high.

I beg to ~~represent~~ also to represent that the removal of the Church, Rectory and School furnitures will cost at least few Hundred dollars, and do not see in justice why we should suffer that loss because we are forced to leave the place for the benifit of others. The Sisters protest and I have not refered the matter to our Superior yet.

Your humble servant in X^t

Rev. P. E. Lamarche, S.J.,
Sup. of the Mission.

Memorandum:-

Deputy Superintendent General. ✓

The valuations placed on the Convent, church and Jesuit buildings on the Fort William Reserve were as follows:-

Convent	$20,000.00	
Out-buildings	1,325.00	$21,325.00
Mission House	$24,000.00	
Barn	3,800.00	
Outbuildings	2,860.00	
Implements	1,295.00	
Clearings, fencing and ditching	5,175.00	
Church	5,500.00	
	$42.628.00	
By agreement less	10,000.00	$32,628.00

A cheque for $21.325.00 has been sent to Revd Mother M. Clotilde in payment in full for the convent property, and a cheque for $32,628.00 has been sent to Revd E. Lecompte, in payment in full for the Mission property.

The land upon which the buildings were erected belonged to the Indians.

DXTH

Ottawa, 20th June, 1906.

With Cheques.

Sir,-

With reference to your letters of the 2nd, 6th, and 7th instant, I beg to enclose herewith cheques as follows, viz:-

Cheque No. 4699 for $2124.00 being in payment of the amount of requisition No. 6 (less $200.00 asked for for Joseph Singleton) in connection with the Grand Trunk Pacific Company's purchase of land on the Fort William Reserve. Joseph Singleton was enfranchised which is the reason he is not paid. The question of allowing him to share in the purchase money is under consideration.

Cheque No. 4697 for $1584.00 as per requisition No. 7, dated 6th June, being payments made to children added to the list.

Cheque No. 4698 for $252.00 as per requisition No. 8. You applied for a payment of $75.00 to Caterine Bouchi. $52.00 only is being paid her as that is the amount of balance at her credit. The following statement will show how this amount is arrived at, viz:-

Amount allowed for house	$65.00	
" " clearing	305.00	
" four shares	192.00	
	$562.00	$562.00
Less claimed and allowed to Rev. P. Bannon	75.00	
Retained for house	375.00	
First payment	60.00	$510.00
Balance		$ 52.00

Sir,-

In reply to your letter of above date and number following is a copy of a resolution passed by the Fort William Band in Council to-day regarding Frank Ogima, formerly 33 on Red Rock Band, now 179 on Fort William.

Fort William Mission 23rd June, 1906

We the members of the Fort William Band in Council assembled hereby agree and ask the Department that Frank Ogima (No. 179) admitted a member of this Band, considering his long residence with us and his good character) be allowed to participate in the 10% purchase money Grand Trunk Pacific Railway, the same as the rest of the Band.

Memorandum

DEPARTMENT OF INDIAN AFFAIRS CANADA

ACCOUNTANT'S BRANCH JUN 3 1906

To the Accountant.

Ottawa, 30th. June, 1906.

Referring to references to Jos. Singleton in letter of 20th. instant to the Agent, and Agent's reply of 23rd. ultimo, undersigned finds that the matter stands as follows:-

The Department has to pay Singleton for improvement monies received from the Railway Company:-

On account of lot No. 33	$155.50
" " " " " 57	37.00
" " " " " 61	464.50
	$657.00

For lot No. 56, patented to Singleton when he was enfranchised the Railway Company is dealing with him direct.

As to Agent's letter of 23rd. instant and his inquiry re Catherine Bouchi "what is the amount $375.00 retained for house ?" She gave in her location as "Mountain $375.00, house to be built by contract."

Foregoing seems to agree exactly with the Department's statement of her account, and the retention of the sum required to pay for a contract house when provided on her own request does not seem to require explanation.

James F. Campbell.

THE GREAT NORTH WESTERN TELEGRAPH COMPANY OF CANADA.

ALL MESSAGES TAKEN BY THIS COMPANY ARE SUBJECT TO THE FOLLOWING TERMS:

It is agreed between the sender of the following message and this Company that said Company shall not be liable for damages arising from failure to transmit or deliver, or for any error in the transmission or delivery of an unrepeated telegram, whether happening from negligence of its servants or otherwise, or for delays from interruptions in the workings of its lines, for errors in cypher or obscure messages, or for errors from illegible writing, beyond the amount received for sending the same. To guard against errors, the Company will repeat back any telegram for an extra payment of one-half the regular rate, and in that case it shall not be liable for damages beyond fifty times the amount received for sending and repeating.

Correctness in the transmission of messages can be insured by contract in writing, stating agreed amount of risk, and payment of premium thereon at the following rates, in addition to the usual charges for repeated messages, viz.: one per cent. for any distance not exceeding 1000 miles, and two per cent. for any greater distance.

This Company shall not be liable for the act or omission of any other Company, but will endeavor to forward the telegram by any other Telegraph Company necessary to reaching its destination, but only as the agent of the sender and without liability therefor. The Company shall not be responsible for messages until the same are presented and accepted at one of its transmitting offices; if a message is sent to such office by one of the Company's messengers, he acts for that purpose as the sender's agent; if by telephone, the person receiving the message acts therein as agent of the sender, being authorized to assent to these conditions for the sender. This Company shall not be liable in any case for damages, unless the same be claimed, in writing, within sixty days after receipt of the telegram for transmission.

No employee of the Company shall vary the foregoing.

With Cheque.

Sir,-

Referring to your letters of the 7th instant and requisition No. 10 embodied in both letters, I beg to transmit herewith cheque No. 339 in your favor for $1298.50.

If $250.00 ~~(not $277.50)~~ is retained for a house for Mrs. Julius McLaurin there will remain only a balance of $27.50 to be paid to her and this amount is covered by the cheque now sent.

With reference to the case of Peter Bannan, No. 134, I beg to say that if $300.00 is to be retained for the erection of a house for him only $67.00 (not $100 as shewn by you) remains to be paid to him. The $67.00 is also covered by the cheque enclosed herewith.

The $100.00 asked for for Mary Christie has not been paid and will not be until you furnish a full report in regard to the house which will be erected for her and for which $375.00 has been retained.

No 43 Marguerite Monetoy back hut $100.00 only has balance of $49.00 which is included in cheque sent.

Memorandum

To the Accountant

Ottawa, 20th. July, 1906.

In connection with the distribution of moneys derived from sales of lands to the Railway Company by the Fort William Indians, I find that the following error was made and should be corrected.

No. 22. Mrs. Jos. Deschamps was allowed:-

Two shares at $48.- $96. House $275. Clearing $232.50, in all $603.50

No. 112. Catherine Deschamps was allowed:-

One share at $48.- $48. Clearing $75. in all $123

As a matter of fact the sum of $275. for house and $232.50 for clearing should be credited to Catherine Deschamps No. 112, thus making her aggregate credit $630.50, and $96.00 the aggregate credit of Mrs. Jos. Deschamps No. 22.

District of Thunder Bay

Province of Ontario

I , Neil Mc Dougall of the Town of Port Arthur , do solemnly declare that I am Indian Agent for the Western Division of the Ojibbewas of Lake Superior.

That the money set down on annexed pay-list as having been paid on account of Fort William Reserve purchase by the Grand Trunk Pacific Railway was so paid by me to each Indian or to his or her legal representative on said pay-list.

That to the best of my knowledge and belief each Indian named in said list is entitled to the money set opposite to his or her name.

And I make this solemn declaration believing it to be true and knowing that it is of the same force and effect as if made under oath, and by virtue of the "Canada evidence Act 1893"

Declared before me at Port Arthur
in the Province of Ontario this
10th day of August 1906

Neil McDougall
Indian Agent

W. Kenny
A Commissioner etc.

Memorandum

To the Accountant

DEPARTMENT OF INDIAN AFFAIRS CANADA

ACCOUNTANT'S BRANCH AUG 23 1906

Ottawa, 23rd. August, 1906.

With reference to claims presented in Agent's letter attached undersigned can only add the following information:-

No.159. Joe Collins.

Explanation given of having built subsequently to valuation was that the ware-house was actually necessary for storage purposes.

No.136.Mrs.Cadieu, Lot.No.73.

Mr.Bray's note made at the time of his valuation relative to this case was "This person's house was destroyed by "fire last fall. He (sic) has some lumber on the ground and is "about to commence to build a new house. The Agent will re- "value when necessary and forward the valuation."

Evidently the Agent (since deceased) failed to make and send in valuation, and the claims were sent to the Railway Company without it.

No.56 Simon Penassie, Lot No.31.

This man had to build the new house for the accommodation of himself and family because he had been burnt out. He was the police constable, and the fire was attributed to incendiarism in revenge for the performance of official duties, but nothing definite could be discovered.

The Band under that impression voted him $100. which he says he would be satisfied not to claim in the event of receiving compensation for new house viz, $480.00.

The new house was built subsequently to Mr.Bray's valuation and consequently not charged against the Railway Company.

Mr.

Indian Affairs. (RG 10, Volume 7662, File 22009-1 G.T.P. Pt.2)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

Mr.Julius McLaurin:

This like Jos.Collin's ware-house was built subsequently to valuation by Mr.Bray,for convenience or necessity of storage.

No.136. Xavier Bouchi;

This man's explanation of having built subsequently to valuation was that it was absolutely necessary to provide house-room for himself and family. If my memory serve me aright he had not been living on the Reserve before date of building.

The late Agent evidently neglected to advise the Department of this additional claim and consequently it was not presented to the Railway Company.

It seems to undersigned that these claims are deserving of recognition but not so clear as to where,under the circumstances the funds for compensation are to come from.

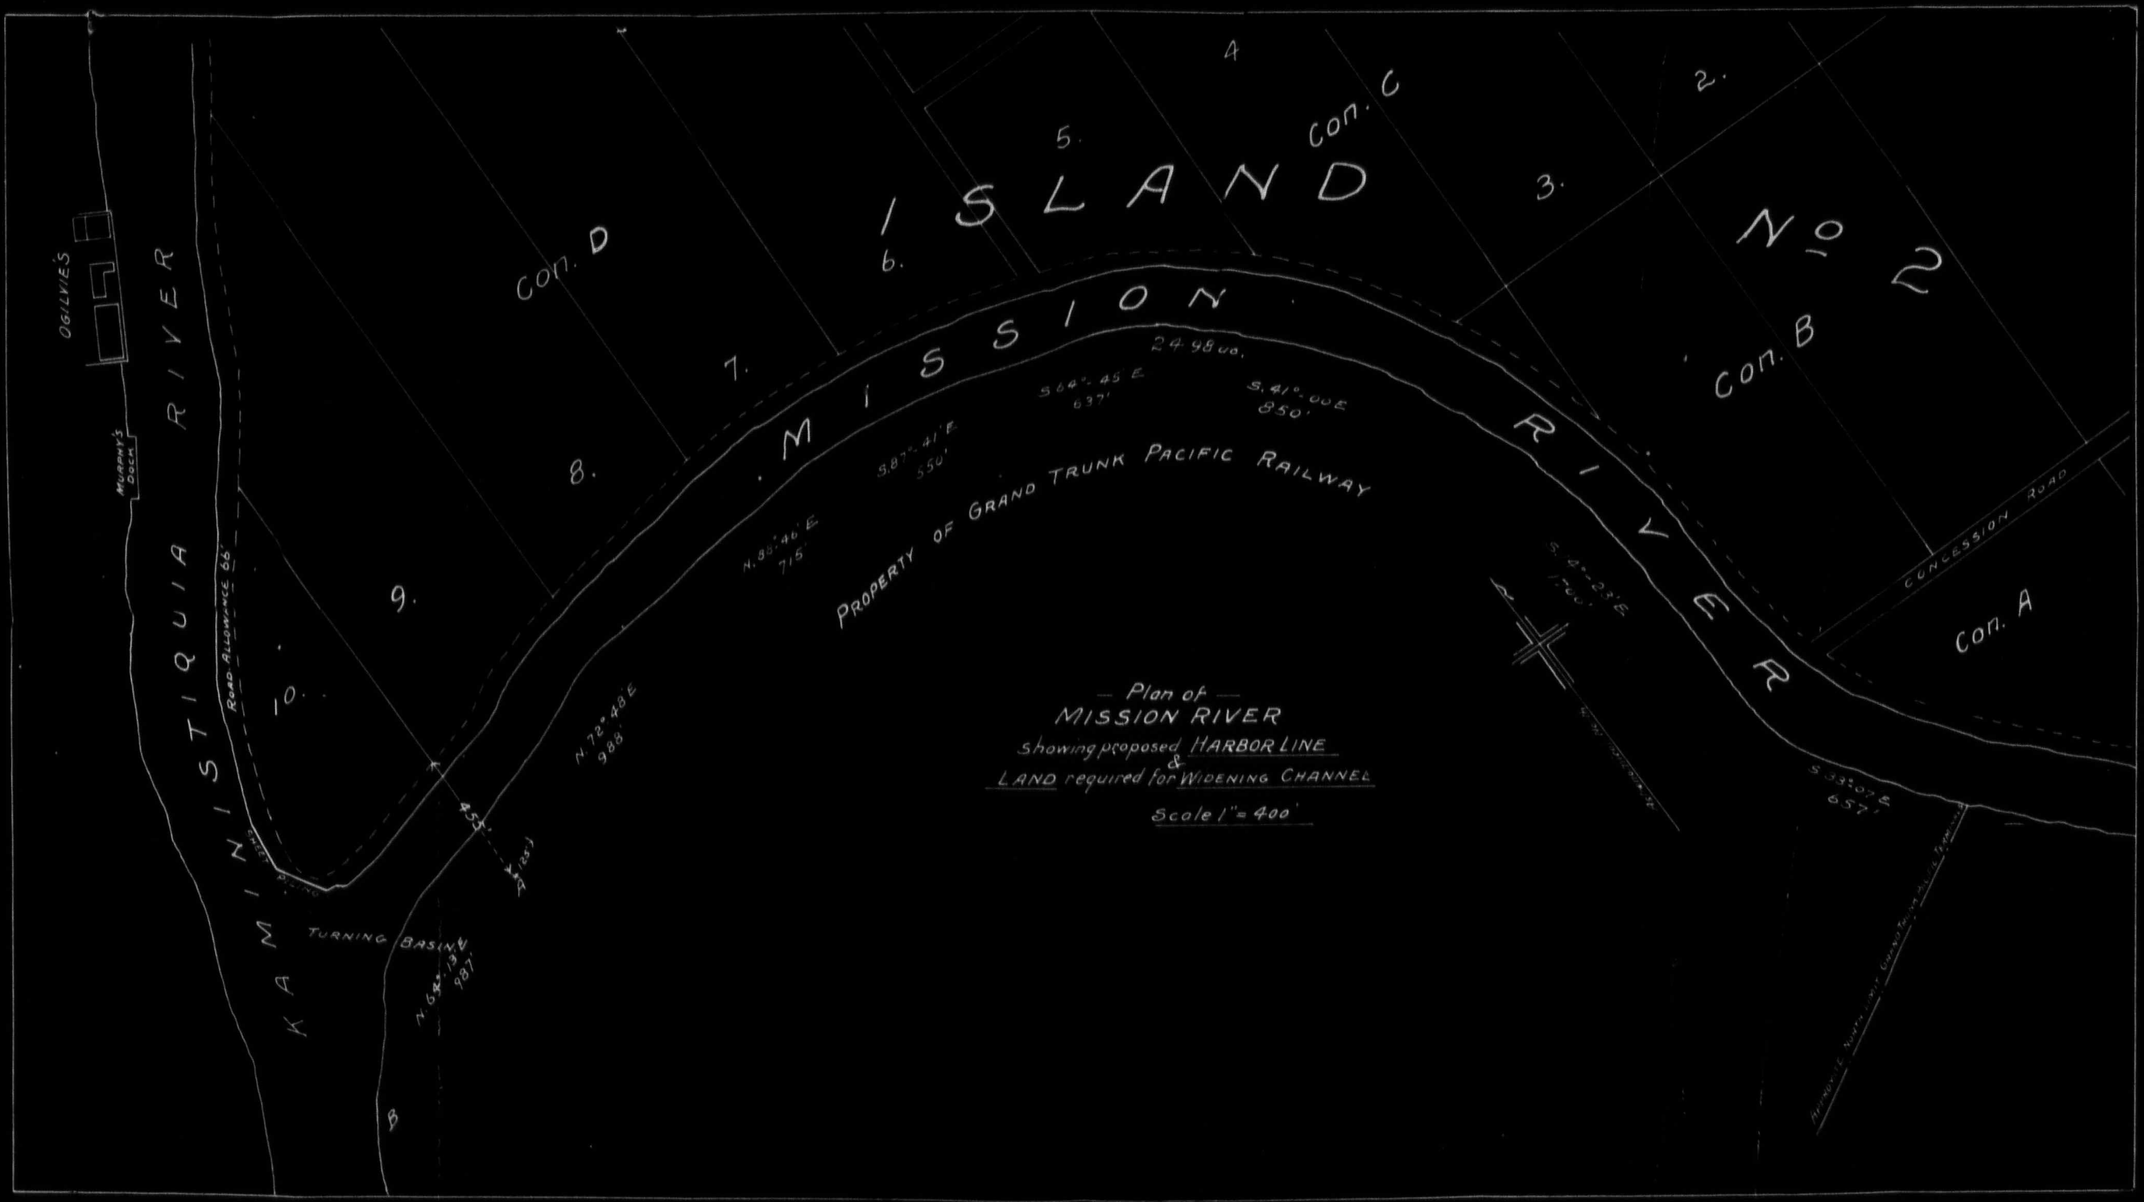

James D. Campbell.

OTTAWA.

August 24th, 1906.

Dear Sir:-

I enclose you herewith blue print showing land along the Mission River, the property of the Grand Trunk Pacific Railway, which this Department desires to acquire for the purpose of improving that river. This property is a portion of that which was purchased by the Grand Trunk Pacific Railway from the Department of Indian Affairs.

I would be obliged if you would have the matter looked up and inform me what amount was paid by the Railway Company for the portion which this Department now proposes to acquire, shown on plan (description enclosed) comprising in all 24.98 acres.

Yours very truly,

C. A. Hyman

Frank Pedley, Esq.,

Ottawa, 27th August, 1906.

Dear Mr. Hyman:-

With reference to your letter of the 24th instant, a blue print copy of a sketch and a copy of the valuation accompanying the same, that was made for the purposes of the sale of the land in the Fort William Indian reserve to the Grand Trunk Pacific Railway Company, are enclosed herewith.

This sketch shows roughly the different portions of land and their value, and probably it contains all the information you require.

I am sending you by messenger a blue print copy of the plan showing the tract of land which has been sold to the Grand Trunk Pacific Railway Company, which may be of some service to you. You will note thereon that the tract taken by the Company extends farther down the river than as whown on the sketch which accompanied your lette r. It extends to the mouth of the Mission river and for a con-

CANADA

considerable distance down the lake shore.

I would also draw your attention to a small tract of land on the Kaministiquia river, bordered red on the blue print I am sending you which was not sold to the Grand Trunk Pacific Railway Company. It was retained for the purposes of an Indian boat-landing, or for other matters in connection with the river frontage. You will note that it is very narrow, and that if your Department takes a considerable width at this point, the use of the said tract of land will be practically destroyed. I would suggest that it might be advisable, in the event of your Department taking the land, that your Department should negotiate with the Grand Trunk Pacific Railway Compand for an equal or sufficient width inland along the length of the said Indian boat-landing.

Yours truly,

Duncan J. Scott

Deputy Superintendent General of
Indian Affairs.

Dear Mr. Pedley:-

I am in receipt of your letter of the 27th inst., with enclosed statement and blue print, for which I am much obliged.

With regard to the other blue print which you sent me, drawing attention to a small tract of land on the Kaministiquia River, bordered red, which you state was retained for the purposes of an Indian boat landing, or other purpose in connection with the river frontage, as might be deemed advisable, I beg to say that the proposed improvements at the present time do not contemplate the widening of the Kaministiquia River as far up as the point mentioned, but will not extend past the Junction of that river with the Mission River.

Yours very truly,

C. C. Ogilvie

Ottawa 6th September, 1906.

With Cheque.

Sir,

With reference to your letter of the 1st instant, I beg to transmit herewith cheque No 396 for $5063.00 in payment of requisition No 12 in connection with the Grand Trunk Pacific Railway purchase of land on the Fort William Reserve. The amount of the cheque is $200.50 less than the amount of the requisition. You requisitioned for $100.00 for Mrs M. Louie No34. There is only a balance of $737.50 standing at her credit, while according to arrangement $700.00 was to be retained for the building of a house for her. ~~This would leave only $37.50 coming to her~~ You do not say Mary, you have a husband A Pending your explanation no money is sent for her. You have asked for $100.00 for Ellis Louie No 37. $300.00 only stands at credit of this individual, and it was arranged that the amount should be retained for a house. Why then have you asked now for $100.00? In the case of C. La Rose No 153 you requisitioned for $86.00 .$85.50 is the amount at his credit, which amount is sent you. Please take receipt in full for three payments.

Your obedient servant.

Sir,

With reference to your letter of the 8th instant, I beg to transmit herewith cheque No 1380 for $8020.75 in payment of Requisition No 13 in connection with the Grand Trunk Pacific Railway Co's purchase of land on the Fort William Reserve .

You asked for $225.00 for Simon & Margaret Louie (Band No 35.) Apparently these persons only ~~have~~ had a credit of $96.00 and payment ~~having been~~ of that amount was made on the 14th May last. In view of ~~xxxx~~ this fact the requisition in question has been reduced by $225.00 .

Your obedient servant.

Sirs

Requisition No 18

Referring to your letter 12th ost and to No 35 Simon and Margaret Louie you will see by Mr Campbell's letter to me adjusting this claim - under date 9th may-

"No 35 Simon Louis claims house 16x17 kitchen 7x8 on lot No 56---this seems to be a house entered on Mr Brays list as for Mrs Margaret Louie value $225.00, We only allowed Simon Louie $96 for one man and one woman, apparently he should have had $225.00 added"

On looking this up you will find this correct Requisition No 2 covered his other credit $96.00 as stated

DEPARTMENT OF INDIAN
OCT 24 1906

Dear Sir:-

Kindly see if there is not on file with your Department an application by us to purchase that portion of the Fort William Indian Reserve lying immediately to the west of the portion heretofore acquired by us. We desire to have the right of pre-emption in the event of the Department at any future time deciding to dispose of this property. The land is particularly necessary to us for the purpose of straightening our line. If no such application is on file you may either treat this as one or I will lodge a formal document if you prefer.

LAND BRANCH
OCT 31 1906

Ottawa, 29th October, 1906.

Sir,-

With reference to your letter of the 22nd instant with enclosure, regarding official cheque for $3020.75 recently sent you, I beg to say that the total of the requisition dated the 1st October, which you forwarded, is the same as the amount of the cheque, less $225.00 asked for for Simon and Margaret Louie, which amount was, as pointed out to you in letter of the 23th instant, deducted. In the statement which accompanied your letter of the 22nd instant you omitted the sum of $34.00 which you previously requisitioned for for Joe Collin, No. 159. If you will again check over the amounts applied for you will find the amount of the cheque to be correct.

With Cheque.

ACCOUNTANT'S BRANCH DEC 15 1906

Sir,

Referring to your letter of the 6th instant,(requisition No 14) in which you asked for payment of $11044.50 to Fort William Indians, in connection with the purchase of land on their reserve by the Grand Trunk Pacific Railway Company,I beg to transmit herewith cheque No 2198 for $10944.50,being one hundred dollars less than the amount asked for. This is due to the fact that No 71,Angelique Shabb had only $44.50 to her credit (which amount is covered by the cheque now sent) instead of $144.50 .

I have also to inform you that ~~xxxxxxxxx~~ No 68,Alex Singleton,No 116 F. Williams,No 136 Xavier Boucher, and No 141 Mary Jane Dick each still have a credit.

With reference to your note regarding the claim of of John Piotte and John Christie for $100.00 each for moving expenses,I beg to say that the same can not,as previously intimated, be allowed. If there was any actual outlay incurred for hire of teams, etc, in connection with the movingthe Department will consider the question of payment therefor,upon receipt of properly certified vouchers for the same.

Your obedient servant.

Neil McDougall, Esqr,
Indian Agent,

Mount McKay Mission
Fort William
March 6th 1907

Department of Indian Affairs,

Gentlemen, I Chief Penassie of the Fort William Band of Indians, wish to tell you ~~if~~ I am not satisfied with the way ~~the way~~ the Indian Money is being spent here, all the improvements are going to Squaw Bay, and us at the Mount McKay Mission have got no ~~Church~~ no ~~School~~. There are 50 families here and 54 children both of whom require a ~~Church~~ & a ~~School~~, please give this your immediate attention before all the money is expended on Squaw Bay Missions. Also the road and ~~side ditches~~ have require attending to so as to make it passable in the Spring.

Another thing I wish to tell you of we need a Constable here to be paid enough so that he can attend to his duties, the present one is so poorly paid he has to go off to work for his family and then we are unprotected and we need one all the time Please answer me as soon as possible.

Respt

Chief Penassie

Fort William Indian Reserve.

21st, April, 1907.

The Secretary/
Department of Indian Affairs.
Ottawa.

Sir-

On behalf of the Indians of my Band I would like to know how far up the river the land surrendered for the Grand Trunk Pacific Railway extends, does it extend to the boundary between Lots IO and II, which is the line dividing our reserve from the old reserve, if their land does not extend this far where does it terminate, we are having applications from white people to sell land xxxxxxxxxxxxxxx xxxxopposite Lots 8, 9, & IO, which they claim is not included in the land disposed of to the G. T. Ry. Co. we have no desire to dispose of this land but would like to know the exact boundaries of our land, if your Department could send us a map showing these lines it would be of great satisfaction to us.

I have the honor to be,

Sir,

Yours respectfully.

Sir,

In accordance with your request of the 21st untimo, I beg to enclose herewith blue print copy of a plan showing the Fort William Indian Reserve.

The portion coloured brown along the Kaministiquia and Mission Rivers is the land which has been sold to the Grand Trunk Pacific Company. You will note that it commences on the West at the road allowance between lots 10 and 11.

The portion bordered green is that pa t of the Reserve surrendered, in 1859, for sale. Nearly the whole of it has been sold and as you are probably aware the proceeds have been applied to the benefit of the ~~Fort William~~ band. The portion bordered red shows the reserve as you now hold it.

Your obedient servant

Secretary Dept of Indian Affairs.

Ottawa.

Sir-

We are asking you about that money, 48 dollars which we were to get every April, we are waiting for it now May is nearly gone and we have no money yet.

We were promised for moving expences, $100,00 for each big person and $30,00 for each child, we do not see it yet.

It is very hard where we are now about our gardens, it was promised to clear two acres for each family, but only one acre has got the brush cut and no roots or stumps taken out, and we cannot plant anything before we do this, the money we got for improvements has been spent for new buildings and expense of moving.

We would like you to give us answer soon as you can when we will get this money, if we dont get it soon wew want our Chief to go to Ottawa to see about it.

Yours respectfully.

No. 25440/2

In reply to your letter of above date and number regarding the application of Mrs Dennis Deschamps (No 62 Red Rock)for participation in the Fort William payments, she is a daughter of Mrs Messebie No 46 Fort William, I understand by her first husband, she was married to Dennis Deschamps 18 years ago and now has herself husband and 5 children on the Red Rock pay-list, I have not the books of that year but I understand that she was duly transferred to the Red Rock band the year she was married. There has been no inclination or desire on her part to come back to the Fort William band till the past year when they found the payments were more substantial at Fort Wm. You will recognize that Dennis is the present Chief of the Red Rock band

your obedient servant

Neil McDougall

Ottawa, 3rd June, 1907.

Sir,-

With reference to your letter of the 5th ultimo in which you make application on behalf of your wife to share in the distributions made to the Port William Indians, I beg to inform you that when an Indian woman marries an Indian belonging to a band other than the one to which she is a member by birth, she becomes a member of her husband's band and ceases to be a member of the band to which she formerly belonged. Your wife, it would appear, was a member of the Fort William Band previous to her marriage, but when she married you she became a member of the Red Rock Band; consequently, she has no right to share in the distribution made to members of the Fort William Band.

Your obedient servant,

TEWART

Secretary.

ACCOUNTANTS JUN 11 1907
DEPARTMENT OF INDIAN AFFAIRS JUN 10 1907

Dear Sir,

* *

Here are some other facts to show how affairs are managed at this Agency. You know that all the Indians belonging to Fort William Bandhave been paid $48.00 per capita in May, 1906, and even some of the Indians who were not paid before, did receive that amount. But why the following orphans were not paid like the others I can not see. Antoinette, Laganash George Singleton, Ignatius Singleton, John Skelletu (Pishke) Magy Skelletu, Mary Ann Skelletu. I have enquired myself several times from the Agent about the money of those children and gave him in the names written at least twice. He answered that he had given $74.00 to Antoinette Iaganash's brother, but this young man is married and had at least one childliving at that time, and $74.00 was not even pay for his wife and himself. For the others he said that he had no money then but that they would be paid later on, when it is over one year now. Since the payment of May 1906 the Indians received two other payments one in Dece 1906 and one in May 1907. $4.50 each time. The Agent gave $4.50 to some of those children on Dec. the 18th, but not to all, and they did not receive any-thing at the last payment on May the 4th 1907.

* * * * * * * * *

Yours truly etc.

Sgd Revd P.E. Lamarache, S.J.
Supt. at the Mission.

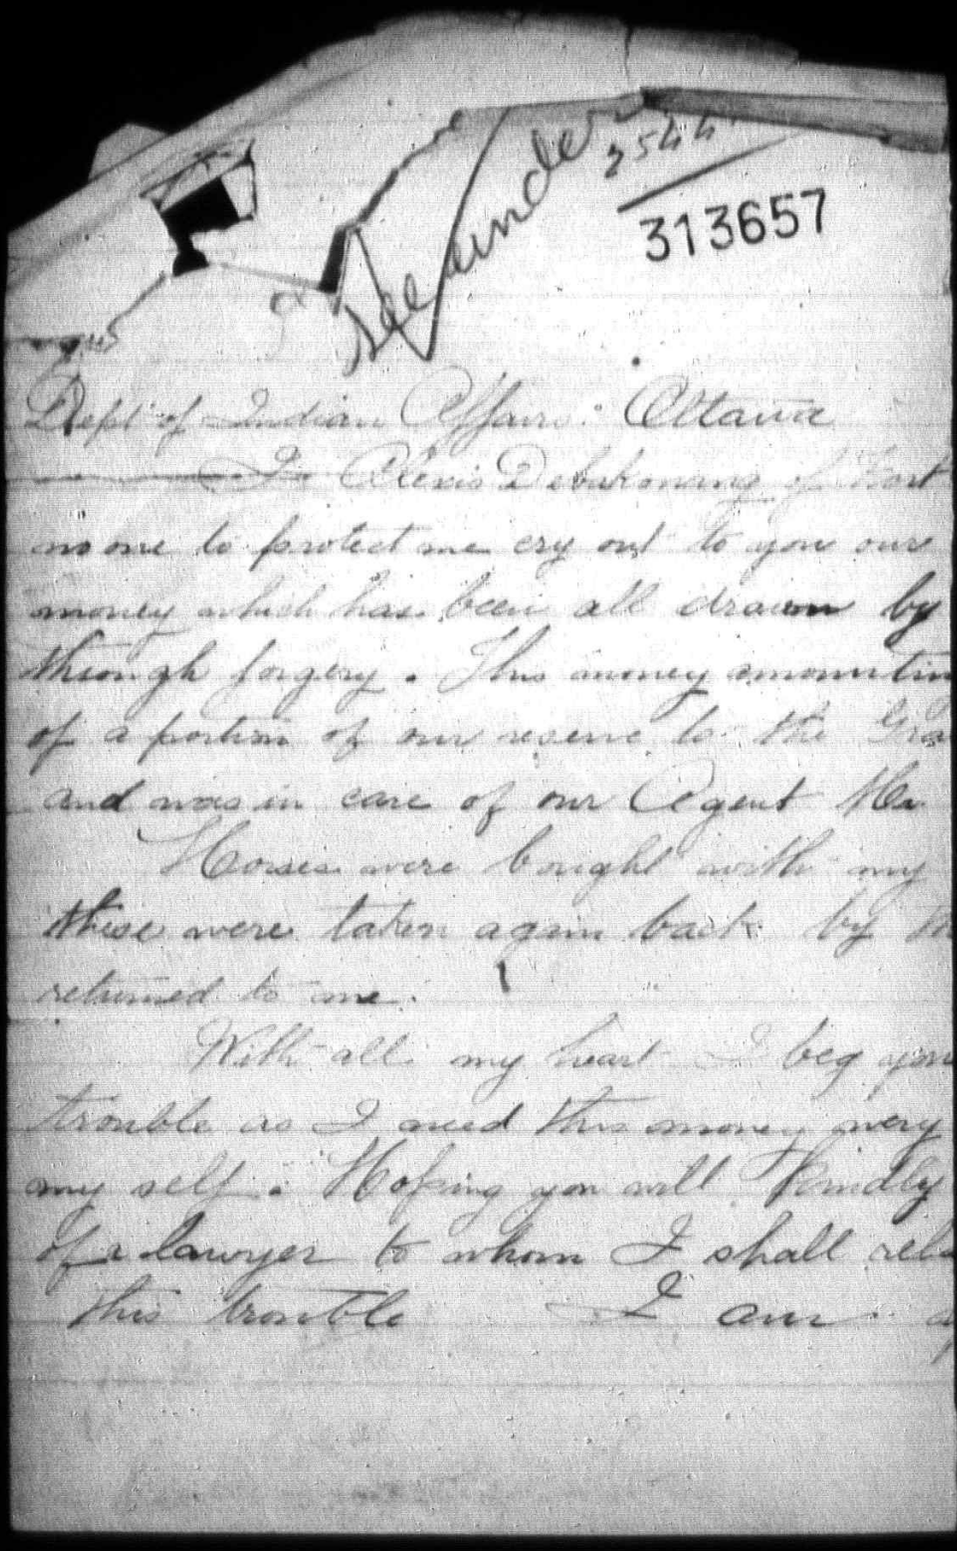

P.S.

I was told by the Chief that many of the Indians who live outside of the reserve have not been paid yet the $48.00 nor the $9.00 paid to others.

354,410-2

Ottawa, August 17, 1907.

Encl.

I beg to inclose herewith an extract from a letter from the Rev. Father Lamarche and to request you to be kind enough to report on the statements therein made. As to the three Skelleter orphans the Rev. Father considers their claim to share in the purchase money and interest accruing is quite as good as that of two children of a Mrs. Plummer, who, he says, have been paid, although illegitimate, since Mrs. Plummer (so-called) has not been married to Mr. Plummer.

As to this case you will kindly explain why the Plummer children if illegitimate were paid and the three Skelleter children not allowed to share.

With regard to Antoinette Saganash, George Singleton and Ignatius Singleton the Department understands that they were not allowed to share in the 10% of the purchase money distributed, but in December, 1906, received a payment of interest money but got nothing in May, 1907, and if so it has to be explained why if they were deemed entitled to one payment they did not receive the others.

Over and above these cases ex-Chief Pennasie asserts that there are the following which require explanation, viz.: Shoshiman, of Dog lake, with one woman and some children received $50.00 last summer and was promised

Neil McDougall, Esq.,
Indian Agent,

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

promised a further amount of $70.00 this summer and has not shared in any of the interest payments.

Mrs. Wagadace, a widow without children, a sister of Pennassie, was paid $48.00, her share of the 10% distribution, but has received no share of any of the distribution of interest.

Pennassiequa, a widow without children, a sister-in-law of Pennassie, does not know whether she got the $48.00 share or not.

Mary Cyrette claims that she should be paid on account of an adopted daughter named Florence, and Mrs. George Dick claims that of two little girls one was put on the pay-list and one left off.

You will kindly report on all the foregoing cases without evitable delay, and in order to save unnecessary correspondence make the explanations perfectly full and intelligible with regard to each.

Your obedient servant,

D. McLean

ACCOUNTANTS SEP 18 1907 FRANCE

DEPARTMENT OF INDIAN AFFAIRS SEP 1907 B

Conf. R 307515

Dear Sir

I would like to get an answer to that part of my last letter of Aug. the 12 th, inquiring about the salary of the Teachers for the new Schools to be built very soon, I hope, at Mission Bay and at the Mountain Road for the Indians of those two places. I wanted to know if the salary of the Teachers would be diminished on account of the delay to build the schools. I received an answer but not to the purpose. Early in June I had retained the services of one Teacher for the Mountain School, and she refused an offer of $300.00 with boarding for the Mickenemikong Girls' School, because she prefered to remain near her sister at Fort William, if the salary was the same, viz: $300.00. I have to look for another Teacher for Mission Bay and I would like to know what salary can be offered for the rest of the year. I think that it would be hard to obtain a Teacher for less than $300.00, even considering that the 1st quarter will soon be over.

In my letter of June the 4th 1907 I made inquiries about monies that had not been paid to some of our Orphans of Our Industrial School

School, and never received any answer to those inquiries, except a short interview with Mr. James S. Campbell, when he came last July at the time of the payment day. I explained again to him verbally the facts regarding the different claims. But nothing has been settled yet on account of the absence of the Deputy Minister I suppose.

I had presented those claims several times to our Ind. Agent; Mr. Neil McDougall, but never got any satisfactory answer. Some of the money due to one girl, by the name of Antoinette Sagaiash, has since been paid, not all; but the others have not been paid.

Writing to Mr. James S. Campbell, on Aug. the 12th, I mentioned that I was waiting for that money due to two of the orphans to send them to Wikwemikong. The Deputy Minister being away at that time, in order not to delay the admission of these children at that School, I provided for their transportation. The amount paid for that purpose, meals included, being $20. 15 for those boys. I suppose that the Dept. will kindly approve of my determination and refund the amount provided.

Your very humble servant in Xst

DEPARTMENT OF INDIAN AFFAIRS SEP. 1907

IN YOUR REPLY REFER TO
No. 254,410-2
ALSO
TO DATE OF THIS LETTER.

Sir,–

Referring to your letter of 17th Aug

No. 254,410-2

Regarding your enquiry about several of the children and others who Rev Father LeMarche of Port William Mission says have not received the $48 and interest money from G T Pacific purchase. When Mr Campbell was here in the spring of 1906 we went careful into the matter/ from his letters after returning he authorised me to add to the list as per his letters 24 apl, 18 & 30 May List of the children attached, Mrs plummer had 2 children added as far as I can ascertain as legitimate and more so than for few others he makes claim for, as far back as I can find the records here there was no Skelleter on ,
Anteinette shaganash money was paid to her brother in cheque No 23 july 6/06 $96.00, there was no amount of $74 as mentioned by the Rev Father nor did I ever tell him so.
Alex singletons 2 boys in the Convent who were added to the list George and Ignatius -have not been paid the $48- I attach a memo of the account which shows I have recd. from the Dept $396, of this $392.70 has been applied to cloth and keep ,rank and Zone I suppose the 2 boys in the convent should get the $48 each and would suggest that a cheque for that amount be sent the Rev father. Requisition attached

Requisition "6."

Lizzie Weiden an elder girl in the Convent at each interest pay day brings the children and draws the pay, Dec /06 may/07 and an -nuity, for instance the last payment, Annette LeBlanc, Agatha Quinguish, Joe and Ignatius singleton, Edith & Lillian Mc Vicar Anteinette shaganash, they say if they do not get it themselves they would not see a cent of it .
Joshiman drew what money he required , and what he asked for his last payment was $100 , he leaves $84 on deposit ,his daugh -ter drew the last interest payments as well as his annuity I do not think he has asked Penassie to attend to his business for him, several of the band have left balances on deposit with me till they need it .
The Wakates family are mixed up some, I had the Chief bring the whole of them to the office last may and they get interest for 10 of them which makes the lot , the widow in question was at his own house at the last payments and drew her money through him penassiequa drew her $48, D Ducharme witnessed same.
Mary Geyrettes adopted child was put on the list for the first time for last May interest and admitted to the band.
Mrs George Dick had one girl added to the list as per Mr Campbells list, the other was born since the $48 payment
No 8 Cath Beuchi , when she gets a little "Fire-water" imagines she has some more money coming, I attach her statement which shows her in debt to me $43.74, last summer she decided she was not going to build on the reserve and drew all her money, this spring she changed her mind and made arrangements to build if I would help her to get her material she still owes me the amt.
Re Kath Deschamps, I have been over twice lately to meet Rev Father LeMarche but did not find him, I wish to have him go over her account with me before I report/perhaps we will agree ---

your obedient servant,
Neil McDougall

Memo.

To the Accountant

Referring to letter (Reminder on the file) from Rev Father Lamarche, dated 9th Sept. 07. and prior correspondence relative to children in the Orphanage or Industrial School at Fort Williams, and payment of their shares of the distribution of 10% of purchase money, and subsequent distribution of interest, undersigned finds as follows:-

The father of the orphans George and Ignatius (Alex. Singleton 1868) was only allowed for 2 boys, the 2nd the Council having been overlooked, but the money, i.e. 2 shares at $48.00 = $96.00 was subsequently placed to credit of his account.

Undersigned understands that Alex. Singleton died in May 1906, and under all the circumstances would recommend that the amount be sent to the Agent, a per requisition attached to his letter of 31st August last, to be remitted to the Rev. Father Lamarche for the benefit of the 2 boys concerned.

As to the payment of interest in May 1907, which Father Lamarche says the boys did not receive, the Agent reports that they were brought

by

Indian Affairs. (RG 10, Volume 7662, File 22009-1 G.T.P. Pt.2)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

by Lizzie Cheidas, one of the oldest pupils in the convent; and paid, reference to his list of payments bears out this assertion & the payments among others are witnessed by Alex McCoy, and further remarks should be addressed in accordance with the foregoing.

As to the memo. of Alex. Singleton's account, showing balance in the Dept. of $502.25 still owing, the Agent has omitted to debit himself with one amount of $100.00 the first payment made to A. Singleton, which reduces the balance to $402.25.

It will be observed that the agent charges $392.70 as expended on clothing and keep of 2 boys (not in the convent.) and now requisitions for another amount of $100.00 for the same purpose. making the expenditure about $12.00 a month for each. After payment of the requisition now made there would be $205.25 left to the credit of the Father's case -

At the same rate of keep, etc. there will be nothing left for these boys' maintenance in some 9 mos. and apparently the agent should be asked to report as to the future of the boys.

As a matter of strict business as the

estate

Indian Affairs. (RG 10, Volume 7662, File 22009-1 G.T.P. Pt.2)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

estate of Alexander, the father, should at his death have been divided between the four boys, but since the money has been paid is being expended on the maintenance of the 2 elder, & the 2 younger are being provided for in the convent, the course pursued seems equitable enough.

As to the case of Antoinette Saganash - the Agent claims that he gave the brother a cheque in July/06 for $96.00 which covered the $48.00 payments for himself and sister, & that the brother promised to pay Antoinette's share to the Rev. Sister Superior - but there seems to be some confusion, and it is not apparent why the brother who also received his sister's share should have been included in the $96.00 cheque referred to, as he was apparently entitled to that amount for himself & his wife.

As to this the Agent should be asked for further report.

As to payment of interest in May 1907 - the Agent says the girls, like the Shingleton boys, were presented by Lizzie Bridon & paid, & Father Le Marche advised he so advised.

As

Indian Affairs. (RG 10, Volume 7662, File 22009-1 G.T.P. Pt.2)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

As to the Shelter children the agent was not authorized to put them on the list nor was any share of the $7 allowed them, because they seemed to be the illegitimate children of a white man, George McFarlane, fur trader ~~on the~~ at Seborme & there was nothing to show that they had ever been on the pay list, or had any interest in the Reserve at Fort Hope.

The Rev. Father Lamirande shd be allowed accordingly.

If you so desire, undersigned will prepare the necessary letters.

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

254,410-2

Ottawa, October 1, 1907.

Reverend Sir : -

With reference to your letter of 9th ultimo and prior communications relative to certain payments which you stated should have but had not been made to orphans in the industrial school, I beg to inform you as follows : -

With reference to George and Ignatius Singleton the Department finds that their father's claim on their account was overlooked at first on account of their being in the school, but later on the two shares in the distribution made of the 10% of the purchase money was allowed and placed to the credit of their father with the Department and has remained here since.

The Department is now sending the whole amount, viz., $96.00,to the Agent, to be transmitted to you for the benefit of George and Ignatius respectively.

As to the interest payment in May last, amounting to $4.50 each, the Agent reports that Lizzie Weiden, an older girl in the Convent, brought George and Ignatius,among others,and that they were paid, and reference to the pay-list bears out this assertion and shows that these payments,among others,were witnessed by Alex. McCoy.

With regard to Antoinette Saganash there seems to be some confusion, but, in so far as concerns the payment of interest to her in May last, the Agent asserts

Rev. Father Lamarche,
The Indian Mission,
Fort William, Ont.

D.C.

Indian Affairs. (RG 10, Volume 7662, File 22009-1 G.T.P. Pt.2)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

asserts that she was among those brought by Lizzie Weiden and paid. As to her $48.00 share in the 10% distribution the Agent states that, as he advised the Rev. Sister Superior of the Convent on 16th February last, he paid the amount to her brother Charles, who promised to leave it with the Rev. Sister Superior, and adds that you are mistaken as to his having made mention of the sum of $74.00 as having been paid to the brother.

Relative to this case the Department is making further inquiries and it may help to elucidate matters if you will kindly ascertain by whom the amount of $5.00, which you told Mr. Campbell orally Antoinette had received in July, 1906, was paid to her, and mention the amount of the payment which you say has been made recently on her account.

As to the Skelleters, the Agent has never been authorized by the Department to pay them because it has not so far been able to discover any ground for supposing that they had or have any interest in the reserve at Fort William.

So far as the Department could ascertain their father was a white man, a fur trader at Savanne, by name George McLaren, nor can the Department find any record of their having ever been on the annuity list.

Please state the respective names and ages of the orphans for whose transport to Wikwemikong you apply for a refund and date of their departure for that institution.

Your obedient servant,

Capt. D. McL.

Secretary.

Ottawa, October 1, 1907.

Sir : -

With reference to your letter of 31st August last, relative to certain payments which the Rev. Father Lamarche said had not been made to orphans in the industrial school, I beg to inform you as follows : -

As to the case of Antoinette Saganash, the Department notes your statement to the effect that the $48.00, her share of the distribution of the 10% of the purchase money, was included in cheque No. 22, dated July 6, 1906, and that in your letter of February 16 last to the Rev. Sister Superior, copy of which you transmitted, you advised her that Charles Saganash got $96.00 for himself and Antoinette.

It seems, however, to the Department that there may be some confusion as to this, because in your requisition, No. 6, on account of which you received Department's cheque No. 4699, you included an amount of $96.00 on account of "Saganash" No. 66 and a like amount on account of Charles Saganash, No. 174 , receipts for both of which were included in the list, as to which your affidavit of August 10 was made before Mr. M. J. Kenny. It seems to the Department that if you paid Chas. Saganash $96.00 on July 6 by cheque or otherwise it would have been for himself and his wife and not for himself and sister, and that the payment of $96.00 for Antoinette and the woman on ticket No. 66 must have been a separate transaction, and the Department will be glad if you will look into these accounts

ugall, Esq.,
Indian Agent,

accounts again and advise it as to how the matter stands.

With regard to the Singletons, the Department transmits cheque for $96.00, in accordance with your requisition and recommendation, to be transmitted to the Rev. Father Lamarche for the benefit of George and Ignatius, the amount being their respective shares of the 10% distribution which was put to the credit of their father, Alexander Singleton, No. 68.

With reference to the memorandum of the father's account which you transmit, it is observed that you credit the Department with the following amounts sent to you, viz.: $100.00, $96.00, $200.00, but appear to have overlooked an amount of $100.00 sent to you on December 18, 1906, Requisition No. 14, Department's cheque No. 2198, which would reduce the balance in the hands of the Department to $402.25 instead of $502.25, as shown by you.

With reference to your requisition for $100.00 for keep and clothing of the 2 elder boys, the Department observes that you have expended for such purpose $392.70, apparently in some 16 months, and if this further sum of $100.00 be paid and the amount of cheque now transmitted deducted, the balance on hand here will be reduced to $206.25, which will at the same rate of expenditure be consumed within some 9 months, after which time it is not apparent how these boys are to be provided for.

The Department has, therefore, to request, before transmitting more money on their account, to be advised of full particulars as to where these boys are boarding, the rate paid for such board and to whom; as to whether the amount paid covers the cost of clothing, or whether that is purchased separately, and, if so, by whom; the

DEPARTMENT OF INDIAN AFFAIRS
OCT 14 1907

As my successor at Fort William Mission, Rev. L. N. Dugas is not au courant of the matters refered to in your letter of Oct. the 1st. No 254,410-2, I will try to give you as precise an answer as possible to each of the points contained in it and would beg to refer you also to the annotations to my letter of June the 4th ultimo, taken by Mr. Campbell when he passed here in July.

Please to note that my letter was written in June before the payment day of July took place. A check of $96.00 to the credit of Geo. and Ignatius Singleton has been received on Oct. the 7th and acknowledged to the Ind. Agent, Mr. Neil McDougall.

The interest amount of $4.50 was not paid in May to Geo. and Ignatius Singleton and others as it can be proved by Lizzie Weiden and as many witnesses as are wanted. But Lizzie Weiden and Antoinette Saganash received $5.50 each on July the 4th 1907, Annuity payment day on the Mountain Road, the others Geo. and Ignatius Singleton and three Fisher children received $4.00 that day also. They all asked for their annuity money and not for the May

Indian Affairs. (RG 10, Volume 7662, File 22009-1 G.T.P. Pt.2)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

318571

May interest money. If it was given for their interest money why should it be $4.00 instead of $4.50. These Orphans, having no buildings on the Reserve or elsewhere, could not be charged 50¢ for Insurance, I suppose, as other Indians possessing houses were charged at the Interest payment in May. I do not know if these amounts were inscribed on the Agent Books for the month of May or July, but it can be proved easely, even by Alex McCoy I am sure, that Geo. and Ig. Singleton and Antoinette Laganash and others did not receive any money at the May interest payment. If it was sent in July for their May interest money, it was posterior to my letter of June the 4th. I heard mentioned by some of the School children since I received your last letter of Oct the 1st that the Agent says that Geo. and Ignatius Singleton interest money of May had been paid to their Bros. Francis & Jerome Singleton of 14 and 16 years old. But the Agent was notified by myself that monies belonging to Geo. and Ignatius should not be given to their Bros. Fis & Jerome, and as you put it in your letter of Oct the 1st: The Agent reports that they were paid themselves.

With regard to Antoinette Laganash, there is more than necessary to cause confusion. As I mentioned before, she did not receive her $4.50 interest money in May, but received $8.50 which would cover her May interest $4.50 and annuity $4.00.

Indian Affairs. (RG 10, Volume 7662, File 22009-1 G.T.P. Pt.2)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

318571

With regard to the $48.00 payment of July 1906 I am positive that the Agent told me the amount as he told the Rev. Sister Superior, in presence of Antoinette, the amount he had paid to her brother Charles. He did not quote from the pay-list, but from memory. Antoinette thinks that he told Rev. S. Sup. that the amount paid to her brother was $96.00, but if I quoted $74.00 to Mr. Campbell orally, I am not ready to admit that I made a mistake in quoting his figures. Any way the Agent must be able to say how much he paid in July 1906 to Antoinette's brother, and how much he paid him this year. If he paid Antoinette's money to her brother in 1906, why did he pay the 48.00 to Antoinette herself this summer, not on the payment day, but on July the 6th 1907? Antoinette's brother denies that he received his sister's $48.00 in July 1906. Charles Lagassick is a maried man, his wife is a pure blood indian and they had one child living at that time.

Antoinette does not remember exactly from whom she received $5.00 in July 1906; it is either from the Agent or from her brother, but the amount is entred on the Ledger book of the School for the date July the 6th 1907.

Since July 1907, Antoinette has received $8.50 on the Annuity payment day, July the 4th; $48.00 on July the 6th. (and fifteen ($15.00) on Aug the 15th. if I remember well $15. any [illegible] is another matter entirely + does not affect the dispute So)

Indian Affairs. (RG 10, Volume 7662, File 22009-1 G.T.P. Pt.2)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

the date on which the Indians received a (318571)
payment for land surrendered to the Dept.
The Singletons received the same Amount $15.00 each.

John Skelleter, Mary-Ann Skelleter and Maggie Skelleter, whose mother died in 1904, where indeed born from a white Man, either Skelleter or McLaren, I am not in a position to say that Geo. McLaren or rather McLaurin, is not their father. But my claim in their favor is this: Why were not these children paid as well as others who are in the same position and who received all the interest monies. Their Mother was a pureblood Indian and a member of the Fort William Band.

Mrs Plummer is the sister of the mother of these children Skelleter, she lived for many years with a white Man by the name of Plummer and had two children from him. Both received the $48.00 share in the 10% distribution, interests $4.50 in December 1906 and May 1907, and $15.00 in Aug. last.
I know that these Skelleter children were not on the Annuity pay-list, but the Plummer children could not be on the list neither and great many others who were paid the $48.00, and interest monies, and the $15.00
The Agent cannot ignore at least the claim I made in favor of these poor Orphans, because I gave him at least twice the list of all the children of the school that

Sir ,-

Enclosed herewith is a copy of a letter from J.B. Benessie of the Fort William Band in which he is asking payment for clearing and an advance for ditching. Kindly look into the matter. I may say that the Department is averse to making any further payments, unless the justice of the same is quite apparent, until the matters referred to have been duly considered by the Indian Council and a resolution passed in the usual manner. The question then will be considered in due course by the Department.

Honorable Sir.

I received your letter of 2 April I acknowledge receipt on the 17 of April 1907. 60 dollars also 52 dollars on June 20 th 1907. When the Indians made the agreement towards building the houses for the families on the new reserve. I had left three hundred and fifty dollars for the value of my house. The money was kept back for the house and the Indian Agent told me his own self. He has never built me the house yet I have asked him several times for that three hundred and

fifty I had left for to build my house which I am certain that I have that money comes to me. I wish to Inform the Indian Department that I am in poor circumstances. When the sisters of St Joseph are ready to move I have to take my children home I have no house built to put them in I am a widow and one of the girls are nearly entirely blind. And not only that money that's lost. Also that $8 per head only one of my children received the money himself and three children never got it. I had that it would be a help.

Ottawa, 10th April, 1908.

Sir,

I beg to inform you that Mrs Thomas (Katherine) Bouchi, of Fort William, recently wrote the Department asking to be paid the balance of the amount due her in connection with the amount paid by the Grand Trunk Pacific Railway Company for land on the Fort William Reserve. She was informed in reply to that she had been paid in full in the following manner :-

Payment made by Mr Campbell on 17th April, 1907.		$60.00
" " " Cheque No 4698 on June 20th 1907		52.00
" " " " " 1380 "October 12th 1907		375.00
	Total	$487.00

She has again written to say that $350.00 was retained from her out of the above mentioned amount in order that a house might be built for her, and that it was never erected.

I enclose a copy of the woman's last letter, and I have to request that you will kindly report full thereon, furnishing an explanation in the matter, without delay.

You will observe that Mrs. Bouchi states that only one of her children was paid and that she and three children did not receive any money.

Your obedient servant.

Ottawa ,29th April, 1908.

Sir,

I am in receipt of your letter of the 16th instant, furnishing a detailed statement of amounts paid Mrs Katherine Bouchi;and in reply I may say that previous to the receipt of your letter the Department was under the impression that when you made requisition for ~~xxx~~ money for Fort William Indians (in connection with the Grand Trunk Pacific purchase) and received cheques for the same you paid the full amounts as shewn in the requisitions at once. It would appear,however, from the statement above referred to that you have paid out the money in small instalments . I have therefore to request that you will report whether you have any balances on hand of amounts due other Indians .If you have a statement of the several amounts should be forwarded to the Department,together with the cash in your hands .

I have also to request that you will kindly send in the cheques ,accounts and receipts in connection with the payments made to Mrs Bouchi.

Your obedient servant.

Dear Sir,

Although I had not the honor of an answer to my two last letters: re "money that was not yet paid to Catherine Deschamps and other children of the Indian Boarding-School of Fort William", before taking any other step, I will try once more to get from the Department the reason why these moneies have not yet been paid, by our Indian Agent Mr. Neil McDougall, to the parties concerned.
Otherwise the matter will have to be put, I suppose, into the hands of a solicitor who will try to have the question cleared up.
The last communication of the Dept. on this subject, to which I answered in due time, is marked No 254, 4-10-2, Oct 1st 1907

Yours truly in X^st

Revd Sir,

I beg to acknowledge the receipt of your letters of the 13th ultimo, and 10th instant, regarding certain payments of interest and annuity money which you state have not been made to ~~xxx~~ pupils attending the Fort William Boarding School; and in reply I beg to say that the Department expects to have this matter looked very carefully into within a short time.

J D McLean Esq
Secretary Dept Ind affairs
Sir.

With reference to Father La Marche's letter of Nov 10th 1908 I have reported to you under separate cover in both the Singleton and Deschamps cases. It is for the Department to say whether any of these monies shall go to the Rev Father. The Deschamps girl was looked after at the Mission. The 2 Singleton boys were at the Boarding school and one of them is still there this school I presume gets the $60.00 Goernment grant per pupil.

I endeavored to see Father La Marche at Pipigon but he was not there.

With reference to any other children he should communicate the names to Dept: The agent says there are some requests some times from the school for the annuities of children there but the parents refuse to give it.

I think where such cases arise the Father should report to Dept the circumstances, after obtaining agents report then Dept should decide where the money should go. your obedient Ser.

J. D. McLean Esq
Secretary
Dept Indian affairs
Sir,

With reference to the three open accounts on G.T.P. took re Fort William surrender. I beg to to enclose statements and report as follows. Jos Collin had received from agent the full amount of his claim viz $61.76 cc I discovered a mistake of $50 cc in agents took in his addition of requisitions. He thought the account was balanced. There is therefore due him (yet) on this a/c $50 cc

Re Kate Deschamps I enclose you check of Mrs McDougal for $50 cc balance in this hands. This is the account Father LaMarche is asking about – This would leave a balance of $173 cc in her estate. If Father LaMarche has a claim to this I suppose it would only be proper to show the length of time she was sick for the rate per week and the amount of cash already collected on this account for maintenance. The agent states the Father got $75 cc of the first $123 payment.

Sir,—

Referring to your letter of

No. 32410

In connection with the account of Alex Singleton No 68 There are four Minors in this case and the agent has been dividing the amounts among them as their requirements demanded, buying cloth and giving out small amounts of cash at a time.

As there is a considerable balance to the credit of this account I would think it better to retain same until such time as a proper Guardian be sanctioned by Dept. The amounts charged to them appear quite regular and it is impossible for me to furnish any further detail that would be of any benefit as there are no receipts for the individual amounts. George and Ignatius are two of the children Fr La Marche is complaining about. The other two boys are quite young men. 16 and 20 yrs respectively—

Ex'd.

Ottawa 11th February, 1909.

Sir,

The Department has received your letter of the 12th December bearing on your inspection of the Port Arthur Indian Office, and with which you submitted statements of the accounts of Alex. Singleton, Catherine Deschamps and Joe Collin, showing payments made to them by Agent McDougall, in connection with the purchase money paid by the Grand Trunk Pacific Railway Company for land on the Fort William Reserve; and in reply I have to inform you that the said statements of accounts can not be accepted in their present form. These statements do not give date of year in which the payments in question are claimed to have been made, and they are not certified by you as being correct. The Department has noted your remark that the amounts charged appear to be quite regular, but that "there are no receipts for the individual amounts." Be good enough to state whether you interviewed Alex. Singleton, ~~Catherine Deschamps~~ and Joe Collin with a view to ascertaining whether they acknowledge that the payments charged were made to them. Mr McDougall undertook, in the capacity of Agent, to handle the moneys of these, and other, Indians, and he should be in a position to furnish receipts for all payments made. Any business man who makes a payment of money, particularly when he is handling other people's money, obtains a receipts for payments made. The Department requires positive proof that these payments were made as claimed. ~~You should be aware that this is necessary, and your seeming disregard of the fact is a matter of some surprise.~~

Your obedient servant.

J.D.McLean, Esq.,

Secretary, Dept.of Indian Affairs,

Ottawa, Ont.

Dear Sir:-

I am in receipt of your letter of the IIth inst. and in reply can say that I went over the different accounts of the Indians of payments by G.T.P. Railway in Agent McDougall's office. I may say I did not interview the people you mention. The Singletons are somewhat scattered, Mrs.Deschamps I understood was dead and Collin away. In fact, it would be impossible for any of these people to state whether they received the different small individual amounts, as no one could possibly accurately remember. The only thing that might be ascertained in connection with these accounts would be - Have you received the full amount of your claim? stating claim - If not, what portion? I did not go into that as there had been no complaint on that score so far as I was aware.

I am in perfect accord with your remark that receipts should have been obtained, more especially as it was other peoples money. The only solution I could suggest now to the Department is to write Agent McDougall asking him to give a list ofthe Indians who left monies in his hands to be drawn as they desired it - on a/c of G.T.P. R.R, and to furnish you with a statement of

Indian Affairs. (RG 10, Volume 7662, File 22009-1 G.T.P. Pt.2)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

340541

each and give the individual withdrawals and dates - these amounts range from $I.00 up.

It has always been a mystery to me why agents impose self inflicted duties which must take up a great deal of time. I am always opposed to this, but the excuse is invariably offered that the Indian expects you to do all their business for them.

The Agent sometimes becomes the banker for the Band and makes loans to the members of Band (no profit) and has to wait till distribution to compensate himself. This practice is bad and I always discountenance it, but they certainly should not be banker with the Indians own funds as in this case, I am,

Your obedient Servant,

J. A. Lamarche

Ottawa 9th March, 1909.

Sir,

With reference to the matter of payments made by you in connection with the purchase money paid by the Grand Trunk Pacific Railway Company for land on the Fort William Reserve, and particularly with respect to your claim that you have over-paid Joe Collins, I beg to say that the statement in the matter which you furnished to Inspector Ramsden, and which was forwarded to the Department is not supported by receipts from Collins for the amounts shewn to have been paid him. Such receipts will have to be produced before the statement is accepted.

In the Deschamps and Singleton cases receipts are also required before the statements received are accepted.

The statements in question are returned herewith. I have to point out that dates of payment are not given thereon.

If you have received moneys from other Indians to hold for them you should send in a statement in each case, shewing name of Indian and the amounts received from him, such statement should also show the disposition made of the money. These matters should receive your immediate attention.

Your obedient servant.

Secretary.

The Supt. General of Indian Affairs,
Ottawa, Ont.

Sir,

We have been requested to write you with reference to certain moneys belonging to an Indian woman named Catherine Deschamps, formerly living at the Indian Mission at Fort William and who died some years ago. It appears that at the time of her death she was entitled to a considerable sum of money which the Government held for her. The Sisters in charge of the Orphanage Asylum at Fort William have been taking care of the children for some time with great expense to themselves. We understand that at the time of Mrs. Deschampes' death, there was at least $600. or $700. in the hands of the Government. Since that time $125. has been paid to the Sisters of St. Joseph and $50. to Mrs. Deschamps' mother, and the balance of the money is apparently still in the hands of the Government. It seems to be a proper case for the application of these moneys in payment of the board and education of the children. Will you kindly let us know how the matter stands so far as you are concerned.

We have thehonour to be

INDIAN DEPARTMENT APR 1909

ACCOUNTANTS APR 4 1909 BRANCH

Sir,—

Referring to your letter of 9th march

No. 254410/2

I have attached receipts to the accounts of Jee Collin and the Singletons swern before a Commsr, which I hope will be satisfactory,

It is over 3 months since Inspr Ramsden checked over these accounts and it was his suggestion to send in the requisition of Dec II/08 for the balance of Jee Collins money $50 and $100 to assist the Singleton boys, I have helped them the past 3 months and am out about $30 besides the $50 paid to Collins, receipts were sent for all the requisitions for moneys received on account of Grand Trunk purchase, tho' the money was not paid to the Indians in the large amounts at a single payment, they received it as required- they are like children in many ways and if they had been paid large sums at a timethey would have been dead by this it seems the more trouble I go tofor their good the less thanks I get, The only Credit due any members of the band is the amount s due Cath Deschamps and Alex Singletons boysnow in the Department, I have no money belonging to a single member of the band, the following - to help them the time they were building- are ever paid, Amb Ceyrette, Cath Beuchi, Paul Beuchi, Xavier Beuchi, Mrs L Gerdon, I see no way to get it back a number of them would never have had their houses built if I had not personally looked after it,

During the past 2 months I have assisted 21 famil -ies of Fort William, 10 families Red Rock-3 families

Ottawa 26th April, 1909.

Sir,

With reference to the sworn statement which you forwarded in December 1908, regarding the disposition of the moneys belonging to the late Catherine Deschamps, I beg to say that Messrs Langworthy & McComber, Barristers, of Port Arthur, wrote the Department in March last in regard thereto, and were informed in reply that $630.50 was her share of the moneys received for property sold to the Grad Trunk Railway Company, and that $457.50 of this amount was paid leaving a balance of $173.00 on hand. The firm has now written stating that the parties interested do not appear to know to whom the $457.50 was paid, and they ask to be furnished with a memorandum "showing the names of the parties to whom the money was paid with the dates and amounts." The statement which you furnished while it gives the months in which payments were made does not show the year, or years, nor does it show to whom the respective payments were made. It is desired that you will lose no time in furnishing this information to the Department.

Your obedient servant.

ACCOUNTANT'S JUL 10 1909 BRANCH

JUL 8 1909

The Secretary Department of Ind. Affairs.
Ottawa.

Dear Sir

When I received lately a letter from the Department asking me to be present at Mission Bay, Fort William on June the 28th. I was on my way to my Missions and did not call at Nepigon on my way back to Fort William. I did not know exactly what were the matters to be investigated by Inspector Ramsden, except the proposed sale of Land. The time given to this investigation, two afternoons, was not sufficient to settle many questions. And there were no documents or statements to work upon. But on the advice of Mr. Ramsden who sent report from Nepigon before leaving for James Bay, I enclose the statement presented to A. G. McCombes, Solicitor, about Catherine Deschamps' fund that I have tried to get cleared up for three years. But at the investigation we had not that statement on hand, neither any of the cheques mentioned on that statement to act upon.

Two of the sums mentioned in the statement would be sufficient to prove the value of it.

The $75.00 marked as paid to myself in April 1906, and $50.00 paid to Mrs Dubaime, as part of Catherine Deschamps' fund are a tangible error. No money was

Indian Affairs. (RG 10, Volume 7662, File 22009-1 G.T.P. Pt.2)

II

34825½

I asked for or paid on Catherine Deschamps' fund before her death that occured on Oct. the 27th. You could confer a letter I wrote to the Dept about the 10th a 12th Feb. 1907 advising the dividing of the little fund between the Sisters who are the appointed guardians and the Grand Mother Mrs Ducharme.

Both Mrs Ducharme and her daughter Henriette declared under oath that the sums received from Mr. McDougall Agent on Catherine Deschamps' fund amount to $50.00 or a little over, but they received it by drips of $2.00, 5.00 or 10.00. They never received any cheque or large sums of money as it appears on the statement. And the Sisters received only through me, the $100.00 and $23.00 marked on the statement. And when I received the $23.00 I was told by Agent McDougall the it was the balance of Catherine Deschamps' fund.

The other sums of $62.00, and $50.00 marked on the statement as paid to Henriette and Mrs Ducharme may be their own money that they received also in drips. It may be the same for the $75.00 marked as paid to me by Cash on Ap. 1906. The Agent have always deposited with the Fathers sums of money to be remitted to Indians who live in other localities that we visit. I never kept track of those monies. But I am sure that the 75.00 were not Cath. Deschamps's money, for reason state before I am starting for Long Lake, so excuse the incorrections.

Your humble servant in X^st
Rev. P.E. Lamarche S.J.

The Secret. Dept of Ind. Aff. Please to return the Statement if not wanted.

Sir,

I have to inform you that Inspector Ramsden's report connected with his recent visit to your Agency is before the Department. In it he states that according to sworn evidence presented to him you collected the following amounts in connection with the estate of a deceased Indian named Deschamps, viz:- $75.00,$50.00 and $62.00, for which amounts you have failed to account. Mr Ramsden has also reported that according to sworn evidence you collected at least $40.00 from Mr A. McCoy, an Indian,with a view to the payment of a medical account,which amount you did not pay to the doctor,but which you acknowledged you received.

The Department desires that you will at once forward the amounts stated to Headquarters. Should you fail to send in the money promptly your sureties wi l be called upon to make good the shortages.

Indian affairs Inspector.

Dear Sir:

I come to find out about the money $193.00 due me, being the balance of that which I am entitled to get from the Department, as the proper heir of Catharine Deschamps, I wish you would take ways and means to aid me before the Department. I have written to the Dept. last fall and have not received any satisfactory answer about that yet.

Whether Father Lamarche got it, or, the Indian Agent I don't know.
The Indian Agent told me when I came to draw some money here last fall, that he had no more of my money, and that he had sent the balance of it to the Department.

I am anxious and will ever pray to get the balance as above mentioned, — being a poor widow and have no man to look [illegible]. I have nothing to clothe myself [illegible] my two children.

[illegible] truly
Mrs. Catharine Ducharme (Her X Mark)

Sir,

I am in receipt of your letter of the 15th instant, and the communication enclosed from Frank Singleton regarding his share ,as a Fort William Indian,of the money paid by the Grand Trunk Pacific Railway Company for the purchase of certain land at Fort William;and in reply I enclose herewith copy of a statement in the Department,which was sworn to by Francis and Zeno Singleton regarding the disposition of $585.70 of the amount payable to the Singleton boys,viz:- Frank,Zeno ,George and Ignatius. The statement is dated 28th March, 1909.

There is a balance of $306.25 of the amount payable to the Singletons in the books of the Department,but as apparently Frank and Zeno received $412.70 out of $798.25 due their late father the balance ought to be retained for the two other boys, provided the father,Alexander Singleton,left no will . You should make enquiry as to whether a will was made by the deceased.

Your obedient servant.

J. D. McLEAN
Secretary.

Revd. Sir,-

The Department desires that you will kindly submit at your earliest convenience an account of your claim against the late Catharine Deschamps. In this connection I may say that Mrs. Catharine Ducharme, Mrs. Deschamps' heir, has applied to the Department for settlement of her claim in connection with the Grand Trunk Pacific Railway purchase money held by the Department on behalf of Fort William Indians. Before making settlement of her claim the Department desires to know the amount of your claim against the deceased.

Your obedient servant,

J. D. McLEAN

The enclosed statement speaks for itself. I am unable at this end to tell whether it is correct or not. I get numerous complaints such as not getting paid for clearing of lots when they moved, that is individual Indians who cleared their own, short pay on G.T.P., one charge on insurance rates &c &c all of these transactions are from three to four years old and no record of them here it is difficult to deal with them, as this statement seemed concise I thought it better to forward same to Dept.

Your obedient servant

The Secretary Dept of Indian Affairs
Ottawa

Dear Sir

Your letter of March the 31st, No 254014/2 was received only yesterday; I had no occasion to go to town for few days.

In reply I must say that I was not a little surprised at the demand. For three years I have been writing to the Dept, I dont know how many letters, on account of that Catherine Deschamps' money, because it was visible to me that there was mismanagement in that affairs from the part of our Indian Agent, Mr. Neil McDougall. I had even put the matter into the hands of a Solicitor, when I saw that I could not obtain satisfaction from the Dept, but stopped the proceedings when Inspector Ramsden was sent last summer.

To save you trouble of going over all those letters, I will state the claim as briefly as possible.

Catherine Deschamps, an orphan of Father and mother, died on oct the 27th 1907. I was then the Principal of the Industrial School of Fort William. I proposed to Mr McDougall to have the little sum

Indian Affairs. (RG 10, Volume 7662, File 22009-1 G.T.P. Pt.2)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

sum of money that belonged to her from the purchase, by the G.T.P., of her property, to have that money divided equally between the Sisters in charge of the School and the Grand Mother.
I was not aware at that time that Catherine Deschamps had been left by her Father, when he died, in charge of the Sisters with the consent of the Chiefs of the Band. Which amounts to an adoption, by the Sisters, with all the rights of parents over the child.
I was surprised indeed to receive, few days after, a cheque of $100.00 for the Sisters.
I wondered if Mr. McDougall had already received an answer from the Dept. to that effect.
He gave also soon after that $25.00 to the Grand Mother.
Later on I applied myself to Mr. McDougall to get some more money for the Grand Mother who was much in need of it, he handled me a cheque of $23.00 for the Sisters saying: this is the balance of Catherine's money" $630.00
From that time the Sisters did not receive a cent of that money. And the Grand Mother and her daughter, declared under oath, in presence of Mr. McDougall, as you may see by Mr Ramsden's report,

Indian Affairs. (RG 10, Volume 7662, File 22009-1 G.T.P. Pt.2)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

382083

report, that they received about $52.00 or $55.00.

I have not consulted any lawyer to see if the Grand Mother had any right to claim the money, but I know that the Sisters who have been in charge of Catherine Deschamps, for ten years, without any retribution from the family, could claim more than $630.00. But I do not think that the Sisters will claim more than half of the $630.00 that belonged to Catherine Deschamps.

I have no interest at all in the money, but I wish to see justice made in the matter.

No cheque paid by Mr. McDougall will be recognized if not identified by the parties to whom they are marked.

Your humble servant in X[st]

DEPARTMENT OF INDIAN AFFAIRS
MAY 17 1910

Extract: Original on file No 361,715

Port Arthur, Ont.,
May 9th. 1910.

The Secretary,
Dept. of Indian Affairs,
Ottawa, Ont.

Dear Sir,-

x x x x

This same Indian (Frank Ogima No 179, Fort William Band) claims that his wife and boy never received their money due from the sale of land on the Mission Reserve to the Grand Trunk Pacific Ry. amounting to $48.00 each. He says that he received $48.00 himself but that his family did not. I told him that I would report the matter to the Department.

Yours truly,
Geo. J. Horrigan,
Indian Agent.

Miss Maxwell
Please tell Agent that as Frank Ogima was not transferred from Red Rock Band till 15 Aug 1906, he really was not entitled to any payment but on recommendation of Mr Campbell the Dept. decided to pay him one share.

[Ex'd]

Ottawa, 21st May,1910.

Sir,-

With reference to your communication of the 9th inst. in which you state that Frank Ogima, No. 179 of the Fort William Band, states that his wife and boy did not receive the money due them from the sale of land on the Mission Reserve (which land was sold to the Grand Trunk Pacific Ry. Co), I beg to say that this man was transferred from the Red Rock Band to the Fort William Band on the 15th August,1906. He,therefore, had no legal claim to be paid any portion of the purchase money referred to either for himself or his family. Mr. Campbell of this Department,who visited the Fort William Reserve, about the time the purchase money was being paid, made a recommendation to the effect that Ogima receive for himself a payment of the land money in question. The Department, acting upon this recommendation, paid Ogima $48.00. This payment was simply an act of grace and cannot be quoted as a precedent for further payment in this connection.

Your obedient servant,

Secretary.

21st Nov '92

To Chief Clerk:

A report to Commr cannot be prepared in this matter until there is something on the file to show that the plan has been examined by one of our Surveyors and what is the exact quantity of land taken as shown by the plan. Mr Bray in his memo. of the 20th Sept last does not state that the plan was examined by him He states that 31.95 acres is the quantity of land taken, & these are the figures given by the Engineer of the Railway in his description; but I observe that the Ry Co. has paid for 33 acres of right of way.

Comps. Branch

Please inform Mr Fleck, Secty. Ottawa, Ashpuer & Parry Sound Ry Co. that the Indian Agent at Golden Lake has informed this Depts. that the line of the said Ry. has been located not on the line as shown on the Plan filed by him in this Dept. but at a considerable distance to the South of it, and it appears that this location affects the cleared lands and improvements very differently from the former one.

Will Mr Fleck be good enough to file a Plan of the R. of Way as finally located and valuations of the lands taken in each Lot. The Depts. has to place the value of the land itself to the credit of the band but the costs of clearings and other improvements have to be paid to the individual Indians who may own them, will Mr Fleck therefore have the valuations made distinguishing the values of improvements from the value of the land itself.

DEPARTMENT OF INDIAN AFFAIRS
FEB 26
1894

Dear Sir —

Referring to my letter of 20th Inst last re our right of way etc through Golden Lake Reserve on the Bonnechere river I was asked by Mr Wright to state that our Chief Engineer wishes to ask me if the consideration of the claims could be deferred until the Spring when the snow is off the ground. I might state that the Railway is completed through the Reserve now & that plans are made showing the amount taken for the right of way, barrow pit and station grounds, but we find it may be necessary to reach the lake a very short distance by ditching and to do this the route cannot be determined until the claims are.

I am instructed to say that the Company are prepared to pay for all the land and improvements taken

Ottawa 10th March, 1894.

Sir,

I have to acknowledge the receipt of your letter of the 21st ultimo, stating that the Indians through whose lands the Ottawa Arnprior & Parry Sound Railway passes are desirous of having the amounts due them by the Company paid at once, and asking for the reasons set forth that cheques for the amounts payable to them be sent you without delay for John Baptiste and Lemah Banias.

In repl. I beg to inform you that the Railway Company purposes making payment in this matter so soon as plans of the land can be prepared, which will not be until the snow goes off the ground. In the mean time you may procure the necessary provisions for the Indians above mentioned to the value of $5.00 each, and forward the accounts therefor to the Department duly signed by the recipients of the supplies.

Your obedient servant.

Ex d

The Hon. the Speaker
of the House of Commons
Ottawa

April 4th 1894

Sir

Referring to a communication
I have the honour to
inform you that the Ottawa,
Arnprior and Parry Sound
Railway Company in this Department filed a Plan
of the Right of Way of the Railway
through the Golden Lake Indian
Reserve, and, in accordance with this
plan and with certain approved valuations
then made, paid the Co. Comp'y. 4th Nov. 1892
$220, being $55 for damages to
the improvements of two Indians and
$165 for the land taken.

The Company did not
build the Railway on the line
shown on this plan but deviated
the line considerably to the South.
Application was then made to the
Secty. of the Company for a
plan and valuations of the land
and improvements on the route
finally adopted. The Secretary

CORRESPONDENCE APR 9 1894 BRANCH

Indian Affairs. (RG 10, Volume 7662, File 22011)
PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

answered, 23rd Feby, to the
effect that a decision had
not been arrived at as to
the areas of land that would
be finally required for the
purposes of the Railway, ~~and~~
and asking that the matter may
be deferred until the Spring when
the necessary plans and
valuations would be submitted.

In the meantime the
Indian Agent was asked to
send his own estimate of the
value of the improvements affected
by the line of the Railway as finally
built. He reported, 12th Oct. that
the improvements of five Indians
are affected and values them at
~~$~~ $82.62.

I regret to say that until
the plan referred to is received I
will not be able to inform you of
the areas and values of the lands actually taken.
~~I have~~

Yours &c.

CORRESPONDENCE
JUL 14 1894
ANOH

Sir

I enclose a plan, which has just been received, of the ~~Right of Way~~ Lands finally taken by the Ottawa ~~and~~ Arnprior and Parry Sound Ry. through the Golden Lake Indian Reserve.

The area of land taken is shown to be 34.20 acres, which you valued at $5.00 per acre = $171.00

The valuations of improvements which have been received from you from time to time are;

Muckwas (Chief E. Moqua) on plan)	40.00
John Jenisive (John Jeniscan) on plan)	15.00
Joseph Partridge	10.54
Joe Jeniscoe (name not on plan)	24.05
George Crawford (not on plan)	26.53
L'Amable Oneas	7.81
John Baptiste (not on plan)	13.88
Total	308.81

You will observe that three of these names are not on the plan and

Indian Affairs. (RG 10, Volume 7662, File 22011)
PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

and that you give the
names of only seven Indians
whereas the plan shows that
the lots of eleven Indians are
affected by the Railway, however
as the little corner of land taken
from Joseph Commanda is very
small and no damage is done to
the remainder of his land, his
name may be omitted - thus
making eleven occupants whose
improvements and damages for
severance should be valued.

I have to ask you to
examine the plan and to make
out a new list of the values you
put on land, improvements &c. and
forward it with the plan herewith
enclosed to this Department at as
early a date as you reasonably can.
You will be good enough to exercise
judgment and care in your
valuations as in all probability
the Dept. will be guided
altogether by the valuations you make.
Please give a short description in
your

Indian Affairs. (RG 10, Volume 7662, File 22011)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

your list of the damage done to the property of each Indian occupant, and bear in mind that separate valuations are required for the land itself and for the improvements, as the value of the land will be placed to the credit of the whole band whereas the amounts received for damages & improvements will be paid to each individual Indian who owns them. You must be careful to ascertain give the names of the true owners or occupants of the lands as it is quite possible the names given on the plan are incorrect.

Ottawa, 11th Oct., 1894.

His Excellency

The Governor General in Council.

The undersigned has the honour to refer to the Order of Your Excellency in Council of the 7th December, 1892, which authorized the taking of a right of way by the Ottawa, Arnprior & Parry Sound Railway Company through the Golden Lake Indian Reserve, in the County of Renfrew, Ontario: and to state that further demand has been made by the Company for an additional 1.94 acres for right of way and station grounds on the said Reserve, $5.00 per acre to be paid by the Company therefor, and $28.31 for the improvements thereon injuriously affected.

The undersigned would respectfully recommend that under Sec. 35 of the Indian Act, as amended by Sec. 5. Cap. 33, 50-51 Vic., the consent of Your Excellency in Council be given for the taking of the additional land required - as shown on the plan hereto attached - for the purposes of the said railway.

Ottawa I4th April,I898-

Sir,

Information has just been received from Mr.E. Bennett,Indian Agent,Castile,to the effect that the line of the Pembroke Southern Railway is located through the Golden Lake Indian Reserve,and that the work of grading is about to commence on the Reserve.

Notice has not been received in this Department,regarding the location of the line,nor of the intention of the Company to purchase the Right of Way. The Indian Agent has,therefore,been instructed to notify the Foreman and the Contractor or Superintnedent of Construction,that their operations must cease,and that their men be withdrawn.

I have to request you to forward a copy of that portion of your plan of Right of Way shewing the lands you desire to take within the Reserve,and your offer of some certain sum,in payment for the land and damages . When these are received,a valuation will be made by an Officer of the Department.

Should you desire to proceed at once with the work,I would suggest that you make a proposition to deposit with the Department,pending the final purchase of the Right of Way,a sum sufficient to cover its probable cost,and the proposition will be submitted to the Minister.

Sir,

Your letter of the 7th Instant,regarding the Pembroke Southern Railway,has been just received.

I have to inform you that no notice whatever has been received in this Department,regarding the location of this railway,or of the intention of the Company to take any land in the Golden Lake Indian Reserve. I have therefore to request you to notify in writing,the Foreman and the Contractor or Superintendent of Construction,to cease their operations within the Reserve,and to withdraw their men.

The Secretary of the Company,Mr.J.G.Forgie, of Pembroke,will be immediately communicated with. When his answer is received,you will be again instructed.

THE GREAT NORTH WESTERN TELEGRAPH COMPANY OF CANADA.

READ THIS NOTICE AND AGREEMENT.

CUSTOMERS' TYPE-WRITER BLANK.

ALL MESSAGES TAKEN BY THIS COMPANY ARE SUBJECT TO THE FOLLOWING TERMS:

It is agreed between the sender of the following message and this Company that said Company shall not be liable for damages arising from failure to transmit or deliver, or for any error in the transmission or delivery of an unrepeated telegram, whether happening from negligence of its servants or otherwise, or for delays from interruptions in the workings of its lines, for errors in cypher or obscure messages, or for errors from illegible writing beyond the amount received for sending the same. To guard against errors, the Company will repeat back any telegram for an extra payment of one-half the regular rate, and in that case it shall not be liable for damages beyond fifty times the amount received for sending and repeating.

Correctness in the transmission of messages can be insured by contract in writing, stating agreed amount of risk, and payment of premium thereon at the following rates, in addition to the usual charges for repeated messages, viz.: one per cent. for any distance not exceeding 1000 miles, and two per cent. for any greater distance.

This Company shall not be liable for the act or omission of any other Company, but will endeavor to forward the telegram by any other Telegraph Company necessary to reaching its destination, but only as the agent of the sender and without liability therefor. The Company shall not be responsible for messages until the same are presented and accepted at one of its transmitting offices; if a message is sent to such office by one of the Company's messengers, he acts for that purpose as the sender's agent; if by telephone, the person receiving the message acts therein as agent of the sender, being authorized to assent to these conditions for the sender. This Company shall not be liable in any case for damages, unless the same is claimed, in writing, within sixty days after receipt of the telegram for transmission.

No employes of the Company shall vary the foregoing.

H. P. DWIGHT, President and General Manager.

Ottawa 18th April 1898-

Sir-

Referring to letter to you of the 14th Instant in relation to the right of way of the Pembroke Southern Railway on the Golden Lake Reserve, I beg to inform you that an Officer of ~~the~~ Company called at the Department this morning and stated that the grading is now nearly completed of ~~the~~ right of way; and that some time about the end of March he deposited in your hands a Cheque covering the value of improvements and land.

Your letter of the 7th April, apparently subsequent to the date upon which you received this Cheque, makes no reference thereto and I have to ask that you will explain why you have not forwarded this Cheque to the Department.

The Officer of the Company, who is returning to Golden Lake, has promised to furnish the Department with a Plan showing the right of way taken and on what Indian Locations it is situated. It appears that the Indians have agreed as to the amount of compensation they are to receive for the improvements and you will be good enough, therefore, to obtain these agreements and forward the same to the Department along with Cheque above referred to and your valuation of the land per acre taken for right of way independent of the improvements.

Ottawa 2nd May 1898-

Sir-

In regard to Plan, filed by you a few days ago in the Department, of the right of way of the Pembroke Southern Railway through a portion of the Golden Lake Indian Reserve, I beg to return the same for amendment, as it is necessary that the Plan should be signed by the Surveyor who made it, or else certified by him as a true copy of the original.

As regards the price to be paid for this property, I would inform you that, in accordance with the local Agent's valuation, the charge therefor will be $18.00 per acre for the improvements on the land and $5.00 for the land independent of the improvements, in all $23.00 per acre, so that the total area taken, 4.42 acres at $23.00, per acre will cost $101.66 and deducting therefrom the $75.00 already received by the Department would leave a balance still due by the Company of $26.66 for which I shall be pleased to receive a Cheque with returned Plan.

Ottawa, 18th May, 1896.

His Excellency

The Governor General in Council.

The undersigned has the honour to report that the Pembroke Southern Railway Company has applied for two strips of land containing together 4.42 acres in the Golden Lake Indian Reserve, in the County of Renfrew, Province of Ontario, which land is required for the approach and connection of its railway with the Canada Atlantic Railway as shown in the copy of Plan by J. L. Morris, C.E., O.L.S., of date the 6th of May, 1896, hereunto attached.

The undersigned knows of no objection to the said Pembroke Southern Railway Company being allowed to acquire the land applied for, and he would therefore respectfully recommend that the consent of Your Excellency in Council be given, under Sec. 35 of the Indian Act as amended by Sec. 5, Cap. 35 of the Act 50-51 Vic., to the portion of the Reserve applied for being taken by the said Company, compensation to be made for the land and improvements thereon in the same manner as is provided with respect to the lands or rights of other persons as set forth in said Sec. 35 of the Indian Act.

Sir-

In reply to your letter of the 26th Instant in relation to payment for improvements to Indians entitled thereto,on the land taken by the Pembroke Southern Railway across the Golden Lake Indian Reserve,I beg to say that in regard to the agreement between Joe Michell and Andrew Kinakoos,as the former has not paid for the land,it would appear better to pay the money to Andrew Kinakoos and give Joe Michell credit therefor on account of his purchase.

As the Department is anxious that these Indians should obtain the money to which they are entitled as soon as possible,you will kindly submit Requisition giving name of Indian to whom Cheque is to issue and the amount he is to receive,with as little delay as possible.

To the Honourable

The Minister of Railways and Canals,

Hon. Sir,

In behalf of the Pembroke Southern Railway Company, I beg leave to submit to you plans showing the extra land required for the use of the public at Golden Lake. Such land is necessitated by the removal of Golden Lake Station to the Junction of the Pembroke Southern Railway with the O.A. & P.S. Ry.

I humbly beg that you will cause such step to be taken as will enable us to acquire the said land from the Department of Indian Affairs, as the said property is on the Indian Reserve.

Yours sincerely,

J. R. Booth

Ottawa, October 10. 1899.

Enclosure. Letter out of No. 85785 with plan in triplicate and affidavit.

Sir,

I have the honour, by direction, to transfer to your Department, whom it concerns, an application, dated the 4th instant, from the Pembroke Southern Railway Company, for permission to acquire certain Indian lands at Golden Lake, the area being 1½ acre, shewn, in red colour, on the plan furnished by the Company, which plan, in ~~duplicate~~ triplicate, is also enclosed. Upon this plan the Chief Engineer of the Department has endorsed the opinion that the area in question is required for railway purposes.

The applicants have been informed that the matter has been transferred to your Department. Be pleased, therefore, to communicate with them direct.

I have the honour to be,

Sir,

Your obedient servant,

MEMORANDUM.

Ottawa, I3th October, I899-

To the Secretary-

Application has been made by the Pembroke Southern Railway Co. for I½ Acres on the Golden Lake Indian Reserve, and a Certificate has been furnished from the Chief Engineer of the Railway Department that the area in question is required for Railway purposes.

The Pembroke Southern Railway, in June last year, acquired 4 42/I00, as Right of Way and the land applied for is required in addition thereto.

I beg to recommend that the consent of His Excellency in Council be obtained, under Sec.35 of the Indian Act, as amended, to the portion of the Reserve applied for, being taken by the said Company, compensation for land and improvements, if any, thereon, to be made as provided for by said Section.

Ottawa,16th October,1899.

His Excellency

The Governor General in Council.

With reference to the Order of Your Excellency in Council of the 30th of June, 1898 - No.1283 - authorising the sale by this Department to the Pembroke Southern Railway Company of two strips of land in the Golden Lake Indian Reserve,Ontario,containing together 4.43 acres, the undersigned begs to state that the Company have applied for an additional one and a half acres - shown coloured red on the accompanying plan - on the same reserve,the land already acquired not being sufficient for the purposes of the railway.

The Chief Engineer of the Department of Railways & Canals has certified that the additional land applied for is required for railway purposes; and as the undersigned knows of no objection to the same being done,he would respectfully recommend that authority be given,under Sec. 35 of the Indian Act,as amended by Sec.5 of Chap.29, Vic.50-51,for the acquirement by the said Railway Company of the additional one and one half acres referred to,compensation to be made to the Indians therefor in accordance with the provisions of the 35th Section of the Indian Act as above quoted.

To the Secretary-

Ottawa 4th November 1899-

In regard to the acre and a half on the Golden Lake Reserve, required for Railway purposes by the Pembroke Southern Railway Company, the Agent reports value as follows:-

One acre, Jose Mitchell's Lot	$30.00
One half acre Joe Tenasco Lot	15.00

No value is placed by the Agent on the land itself and I would recommend that the Company be asked to pay, in addition to the value of improvements above specified, $5.00 per acre, being the price paid by the Company for adjoining land.

ALL MESSAGES TAKEN BY THIS COMPANY ARE SUBJECT TO THE FOLLOWING TERMS:

READ THIS NOTICE AND AGREEMENT.

It is agreed between the sender of the following message and this Company that said Company shall not be liable for damages arising from failure to transmit or deliver, or for any error in the transmission or delivery of an unrepeated telegram, whether happening from negligence of its servants or otherwise, or for delays from interruptions in the workings of the lines, for errors in cypher or obscure messages, or for errors from illegible writing, beyond the amount received for sending the same. To guard against errors, the Company will repeat back any telegram for an extra payment of one-half the regular rate, and in that case it shall not be liable for damages beyond fifty times the amount received for sending and repeating.

Correctness in the transmission of messages can be insured by contract in writing, stating agreed amount of risk, and payment of premium thereon at the following rates, in addition to the usual charges for repeated messages, viz.: one per cent. for any distance not exceeding 1000 miles, and two per cent. for any greater distance.

This Company shall not be liable for the act or omission of any other Company, but will endeavor to forward the telegram by any other Telegraph Company necessary to reach its destination, but only as the agent of the sender and without liability therefor. The Company shall not be responsible for messages until the same are presented and accepted at one its transmitting offices: if a message is sent to such office by one of the Company's messengers, he acts for that purpose as the sender's agent: if by telephone, the person receiving message acts therein as agent of the sender, being authorized to assent to these conditions for the sender. This Company shall not be liable in any case for damages, unless the same claimed, in writing, within sixty days after receipt of the telegram for transmission.

No employee of the Company shall vary the foregoing.

Sir,-

On I7 June last you reported that 5I rods of fencing on the Golden Lake Indian Reserve belonging to Mary E.Semo and Madeline Semo had been burned by the section men of the Ottawa and Parry Sound Railway Company. In reply to a letter from this Department Mr.J.H.Taylor Assistant Claim s Agent,Grand Trunk Railway stated that the said claim would receive attention in due course. No further communication has been received regarding this matter.

You now report under date 23rd ultimo that the Grand Trunk Railway burned about fifty rods of fencing on the Golden Lake Reserve in May last belonging to Joseph ~~Meshal~~ Meshell and that they had promised to rebuild it but on their failing to do so Meshell himself had rebuilt the fence and that he now demands pay for his work.

I have to request you to be good enough to make a fair estimate of the damage that Meshell sustained or of his work etc. in building the fence,and report all details in connection with the burning of the fence in order that demand for payment may be made on the Grand Trunk Railway.

Please report also what was done in the first case above mentioned in connection with the fence of Mary and Madeline Semo.

Your obedient servant

Ottawa,, April 27, 1910.

MEMORANDUM.

Among [illegible] matters brought to my attention while on the Golden Lake Reserve last week was the location of a house belonging to John Paul Tenasco which is partially situated on the right of way of the railway on the reserve. This house is about 12 feet on the roadway at one end and about 8 feet at the other. The owner wishes to have it removed towards the back of the lot and I was given to understand that the cost of removal was originally stated as being in the neighborhood of $100.00. Mr. Mullin, the Agent, however, stated that he thought it could be done for $60.00. The present site is most objectionable and I think the Department, unless there is some reason to the contrary, should take the matter up with the railway company.

J. D. Mackenzie.

DEPT. OF INDIAN AFFAIRS,
APR 28 1910
SURVEYS.

Mr Mackenzie
Kindly locate the position of this house on the plans of the R. of Way of the Ottawa and N. W. L. Ry - on file.
T. Bray

Mr Mackenzie
All claims appear to have been settled at the time the Ottawa, Arnprior & Parry Sound R. of Way was taken for. Several appear to have been allowed $15 damages for houses evidently not moved. If he wishes to have it removed I think he will have to do it at his own expense. Let me see how at this late date we can make any allowance over the Railway Co.

The Secretary,
Department of Indian Affairs,
Ottawa.

Dear sir,-

I beg to say that Samson Vincent, Ben Seymour, Francis Benoit, and William Jocko, Indians of Golden Lake bnad, who are located on lot 10, Con. 10, have made a fequest to have a crossing installed across thier lot as the Railway passes through thier lot. The above mentioned Indians are living on the lot that was given to them by the Golden Lake band. They measured the lot and divided the lot into four equal parts. They have fire wood on the South side of the lot, and two of them have cleared up some land on the south side of the track. They would be satisfied if one crossing was installed to serve the four of them. There never was a crossing on the lot. I (had) some correspondence (with the) Rail way Co about these Indians before. I could not get any satisfaction out of them.

Indian Affairs. (RG 10, Volume 7662, File 22011)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

The four Indians mentioned are entitled to a crossing as there is no reason why they should have to travel a mile and a half to the south half of their lot in the Summer time. In the Winter they use a Winter Road, and its about the same distance. I recommend a crossing about eight pole lenghts east of mile post 84 on Section 16, between Golden Lake and Egenville. I mean by pole lenghts the dist-ance between telegraph poles. I ask you to take this matter up with the Railway (C. N. R.).

Your obedient servant

J. M. Farrell

SCHOOLS BRANCH
JUN 28 1935

Ottawa, 22nd June 1935

Sir,-

Four Indian families are located on Lot 10, Con.10, Golden Lake Indian reserve, in the Township of South Algoma, Ontario. They desire to have one farm crossing made over the Canadian National Railway in this lot to accommodate the four occupants. Each occupant owns land on both sides of the railway.

It is represented that the occupants have to travel one and a half miles to reach the portion of the farm on the opposite side of the track. The site of the proposed crossing is near the eighth telegraph pole East of Mile Post 84, on Section 16, between Golden Lake and Eganville.

Enclosed is a blueprint showing coloured in red the lot in question.

Would you kindly have this investigated and advise if your Company can comply with this request, which appears to be a reasonable one?

Sir: Your file No. 22011 C.P.R.
Golden Lake Reservation - Farm
Crossing - Twp. of South Algoma.

I have before me your letter of June 22nd, addressed to Mr. Fraser, who is however the Vice-President in Charge of the Traffic Department.

The investigation by our Operating Officials discloses that the four applicants are Sampson Vincent, Ben Seymour, William Jocko and Francis Benoit, who occupy subdivisions of Lot 10 on both sides of the track.

The Railway Company has no objection to the construction of a farm crossing, upon the ordinary basis of the applicants bearing the cost of construction (which is estimated at $115.00) and entering into a formal agreement to take care of future maintenance. It will be necessary for the applicants to deposit with the Company the estimated cost of construction. The usual farm

Indian Affairs. (RG 10, Volume 7662, File 22011)

Ottawa, 27th August 1935

Memorandum

Mr. Chesley,-

Please see Agent's letter of 12th June under and Canadian National Railway letter of the 5th instant. It seems to me reasonable that these Indians should be provided with a farm crossing, but unfortunately the band funds amount to only $154.98. Could you arrange to provide for this from your Road Appropriation, the estimated expenditure being $115.00? The annual maintenance charge should not be very great. If your Vote will not permit it this year, would you not undertake to arrange for it next year?

H Robertson

Chief Surveyor.

2

Captain Robertson,-

With regard to your suggestion that an amount of $115.00 be provided from the road appropriation to cover the cost of a farm crossing on the Golden Lake Indian Reserve, I wish to advise that funds can be found to the extent of $115.00, and the expenditure authorized with the Deputy's approval.

Departmental Engineer.

Sir:- re RIGHT OF WAY THROUGH THESSALON INDIAN RESERVE.

Referring to previous correspondence and your request to be furnished with a copy of the plan to which the Company has been referring in checking the descriptions of right of way submitted, we have already informed you that this is the plan referred to in the patent from the Dominion Government to the Company dated 5th March, 1906. We are sending you concurrently a blue print of the Company's plan No. 21769 which is one portion of the plan referred to in that patent and which covers the portion of the right of way now in question.

The patent itself covers the right of way from Callendar to Port Arthur and from Sudbury to Sault Ste. Marie excepting such lands as had been disposed of by the Ontario Government at the time of the passing of the Act, 59 Vic. Cap. 11 (1896).

SURVEYS.

Dear Sir:-

Herewith we enclose you a copy of Consent of David Dugare, Chief of the Thessalon Band of Indians, agreeing to allow the Canadian Pacific Railway sufficient lands for their right-of-way through the Thessalon Reserve, price to be settled upon by your Department and the Company.

Would you kindly let us know what price the Department would be willing to place upon this land.

Yours truly,
White & Williams

Gentlemen:-

With reference to your letter of the 12th instant, I beg to inform you that it is not permissable for Railway Companies or others to make bargains with Indians for rights of way through their reserves.

The Canadian Pacific Railway Company should file in this Department a plan showing the lands in the Thessalon Indian Reserve required for the purposes of the railway and should at the same time state the sum the company is willing to pay for the said right of way. The matter will then be dealt with by this Department. I may say that it is necessary that the said plan should be on tracing cloth and two blue prints of the same plan should also be forwarded.

Your obedient servant,

Assistant Deputy and Secretary.

Sir,

With reference to your letter of the 12th instant, I have to say that Railway Companies and other corporations may make necessary surveys in Indian Reserves but you should not permit any work of construction until you have been informed by this Department that the right of way has been duly arranged for.

Enclosed herewith for your information is a copy of a letter on the subject of the right of way of the Canadian Pacific Railway through the Thessalon Indian Reserve.

The Great North Western Telegraph Co.

OF CANADA

FORM 2.

It is agreed between the sender of the following message and this Company, that said Company shall not be liable for damages arising from failure to transmit or delivery, or for any error in the transmission or delivery of an unrepeated telegram, whether happening from negligence of its servants or otherwise, or for delays from interruptions in the working of its lines, for errors in cypher or obscure messages, or for errors from illegible writing, beyond the amount received for sending the same.

To guard against errors, the Company will repeat back any telegram for an extra payment of one-half the regular rate, and in that case it shall not be liable for damages beyond fifty times the amount received for sending and repeating.

Correctness in the transmission of messages can be insured by contract in writing, stating agreed amount of risk, and payment of premium thereon at the following rates, in addition to the usual charge for repeated messages, viz.: one per cent. for any distance not exceeding 1000 miles, and two per cent. for any greater distance.

This Company shall not be liable for the act or omission of any other Company, but will endeavor to forward the telegram by any other Telegraph Company necessary to reaching its destination, but only as the agent of the sender and without liability therefor. The Company shall not be responsible for messages until the same are presented and accepted at one of its transmitting offices; if a message is sent to such office by one of the Company's messengers, he acts for that purpose as the sender's agent; if by telephone, the person receiving the message acts therein as agent of the sender, being authorized to assent to these conditions for the sender. This Company shall not be liable in any case for damages, unless the same be claimed, in writing, within sixty days after receipt of the telegram for transmission.

No employee of the Company shall vary the foregoing.

Ottawa, June 20, 1913.

Sir,

With reference to your letter of the 17th instant, I beg to enclose herewith a blue print plan received today showing the land in the Thessalon Indian Reserve required by the Canadian Pacific Railway for the right of way for a spur line. The area required is noted on the plan as being 19.11 acres. Please examine the ground as soon as possible and make the required valuations of the land and damages thereto and separately the damages to Indian improvements, giving details in each case.

It is desired that you should consult the Indian Council and each Indian interested whose improvements are affected and endeavour to obtain their concurrence with such reasonable valuations as you may arrive at. If you can put yourself in communication with the proper officer of the railway company it would be well if he also accompanied you in making your valuations.

It is to be noted that the spur line has been laid out as a wye; probably this is on account of the nature of the ground has been necessary.

S. Hagan, Esq.,.

Indian Agent,

Thessalon, Ont.

Indian Affairs. (RG 10, Volume 7662, File 22013-9 C.P.)

The damage to the reserve will be considerable from this cause. You should estimate carefully the damage which has been done to the timber referred to in your said letter and as above requested the valuation of the different damages sustained should be stated separately.

The plan is incorrect as the Eastboundary of the Reserve was not shown thereon. It has now been indicated approximately. The area will therefore be about 18.35 acres instead of 19.11 acres.

Minister

Ottawa, July 16, 1913.

Gentlemen:-

I beg to refer you to your letter of the 24th ultimo relating to the land in the Thessalon Indian Reserve Ontario, required by the Canadian Pacific Railway Company for the proposed spur line and to inform you that no further communication has been received from you or from any officer of the company regarding this matter. The Indians have complained that the labourors of the Canadian Pacific Railway Company have made fires on the right of way and have left their fires uncared for andconsequently an immense amount of damage has been done to the timber and also some buildings have been burned with their contents.

I have now to request an immediate payment for the land and damages in connection with the said spur line and as before requested that the proper plans should be filed in the Department immediately.

The following is the valuation and damages:-

The plan states the area required to be 19.11 acres but on account of an error in the plan the area is estimated to be 18.35 acres at $20.00 per acre..... 367.00

Frank Bamakizhit, damages as per statement herewith..... 131.75

Encl.

Mary Bezio, damages as per statement herewith, which includes half an acre of cleared land..... 42.00

David Dyier, three-quarters of an acre of meadow land..... 25.00

Timber killed by fire in a tract of about half a mile wide and one mile in length, estimated at..... 500.00

Total..... $1065.75

I have again to request immediate payment of the said account and I may add that if this matter is not immediately dealt with the Department will on account of the irregular manner in which the Company has proceeded in this case be compelled to have all work on the line stopped until thematter is adjusted.

Dear Sir:-

We are sending you, under separate cover, tracing of the right-of-way required for spur across the Thessalon Reserve.

Regarding the claim for damages, the writer has no doubt but this will be arranged, and the only cause of delay at present is taking it up by the Company with the sub-contractors, who are really the persons liable. The Company have promised to have voucher issued immediately on hearing from the contractors.

We have had a description attached to the tracing, which we hope will be satisfactory.

Yours truly,
White & Williams

Ottawa, Sept. 25, 1913.

Sir,

A complaint has been made to the Department by Mr. Samuel Hagan, Indian Agent, Thessalon, Ontario, to the effect that your Company has not properly arranged the crossing in connection with the spur line of the Railway through the Thessalon Indian Reserve. A gravel train is frequently run down to the end of the spur and left there, sometimes for nearly half a day, thus preventing the people from crossing from either side. The school teacher was kept from her school for a half day on Friday last, and also had to remain on the reserve until after dark. The Indian Agent says that the train could be stopped North of the crossing just as conveniently as running it down to the end of the spur. In any case it is obviously necessary that the crossing should be kept clear and that cars should not be allowed to stand on it a moment longer than absolutely necessary. I shall be obliged if you will be good enough to have this matter placed with the proper officer of your company in order that the trouble may be remedied.

Your obedient servant,

Asst. Deputy and Secretary.

Sir,

I beg to refer you to letter from this Department dated Aug. 26, last, and to say that the plan which accompanied the said letter, on which you were requested to place your usual certificate that the lands shown thereon were required for railway purposes, has not been returned to this Department. I beg to request you to be good enough to look into this matter at your early convenience.

Your obedient servant,

Sgd D. Stewart

Dear Sir:

I have your letter of September 15th., in connection with complaint by Mr. Samuel Hagan, Indian Agent at Thessalon, Ont., and I desire to inform you that necessary action has been taken to remove any cause of complaint.

I shall consider it a favor if at any time there should be the slightest repetition, if you will advise me.

Yours very truly,

Memorandum for the Assistant Deputy:-

An Order in Council is required for authority to sell to the Canadian Pacific Railway Company a right of way for a spur line containing 16.8 acres in the Thessalon Indian Reserve, Ontario. The Company has paid the sum of $1034.75 in full, which is the amount according to the valuation placed thereon by the Department. The plan has been duly certified by the Board of Railway Commissioners.

S. Bray
Chief Surveyor.

NOTE.

The patent for this spur is to issue after the patent for the main line has been issued. See letter from Messrs. Ewart, Scott, McLaren & Kelley of Sept. 16, 1912. The Indians, Mary Bezio and David Dyier, to be paid the amounts due them, viz., $42.00 and $25.00 respectively when the O.C. has been received.

Ottawa, 24th November, 1913.

His Royal Highness

The Governor General in Council.

The undersigned has the honour to report that application has been made to the Department of Indian Affairs by the Canadian Pacific Railway Company for right of way for a spur line to comprise an area of 16.8 acres on the Thessalon Indian Reserve, in the District of Algoma, the area applied for being shown on a plan No. 1314 of record in the Department of Indian Affairs and approved by the Board of Railway Commissioners for Canada.

The land has been paid for in full at the price placed thereon by a competent valuator, namely, 16.8 acres at $20.00 per acre = $336.00, and damages amounting to $698.75 = $1,034.75 in all.

The undersigned would recommend that under Section 46 of the Indian Act as amended by Section 1 of Chapter 14, 1-2, George V, authority be given for the sale of the above mentioned area to the Canadian Pacific Railway Company.

T[illegible] sell 16.8 acres to the C. P. R. for right of way for spur line on the Thessalon Indian Indian Reserve, Algoma.

The spur line across the Reserve is required by the Railway Company in order to reach a ballast pit.

The land is valued by the Indian Agent at $20.00 per acre; damages to property of individual Indians he places at $198.75; timber destroyed $500.00: amounting in all to $1,034.75.

RBR

Under the provisions of Section 46 of the Indian Act as amended by Section 1 of Chapter 14, 1-2, George V, a Company, such as the C. P. R. possessing power of taking or using land without the consent of the owners, may, with the consent of the Governor in Council, exercise such power with respect to Indian Reserves.

The plan showing the land applied for is approved by the Board of Railway Commissioners.

EXD.

Ottawa, 2nd December, 1913-

Sir,

I beg to inform you that a Sale, 359½, has been entered in the name of the Canadian Pacific Railway Company, for a Right of Way for Spur Line, through the North parts of Sections 4 & 8, and the S.E.¼ Section 5, Thessalon Reserve. The area is 16.80 Acres, and the price $20.00 per Acre, which amounts to $336.00 for the land. The amount paid by the Company for damages and improvements in addition, is $698.75, or a total of $1034.75. The Sale is entered under date the 27th November, 1913.

You will be good enough to make an entry of this Sale in your Sales Book, for future reference, and include Sale in your Land Return for November.

Ottawa, Jan. 16, 1914.

Gentlemen:-

I beg to acknowledge the receipt of your letter of the 10th instant regarding the patent for the lands taken by the Canadian Pacific Railway Company through the Thessalon Indian Reserve and in reply beg to say that it is thought best not to issue the patent for the spur in the said reserve until the patent has been issued for the main line and in this regard I may say the Department is in possession of a letter from your solicitors, Messrs. Ewart, Scott, McLaren & Kelley, under date of Sept.16, 1912, stating that the company has decided that it will be better that the patent for the right of way through the Thessalon Indian Reserve should not issue until the line has been resurveyed.

Ltr rec'd 10 Jan.

I. B.

I have further to state that the description of the spur line which accompanied your letter of Aug. 14th, last, is not satisfactory to this Department as ~~this Department~~ does not attach plans to its patents. I therefore beg to request you to be good enough to forward another description of these lands which will identify the lands without having a plan attached thereto.

Your obedient servant,

Asst Deputy and Secretary.

Dear Sir:- Re. Patent to Lands purchased by the Canadian Pacific Railway Co.

Would you kindly take up this matter and see if you cannot let us have Patent. We understand the delay was on account of some information you received from the Company's Solicitors in Ottawa, as to the issuing of the Patent. However, the Company are now asking us to have Patent issued, as early as possible.

We will be pleased to receive same.

Yours truly,

White & Williams

Ottawa, Feb. 27, 1914.

Gentlemen:-

I beg to refer you to your letter of Sept. 16, 1912, your No. C 133, stating that the Canadian Pacific Railway Company had decided it would be better that the Patent for the right of way of the Algoma Branch through the Thessalon Indian Reserve should not be issued until the line was resurveyed and in this connection to state that Messrs. White and Williams for your company are pressing for the Patent to the ballast pit spur through this reserve.

If this resurvey has been made, I beg to request you to forward to the Department a draft in triplicate of the description your company prefers to have inserted in the Patent.for right of way of said main line as it is desirable not to issue Patent for this spur previous to the issue of patent for the main line.

Your obedient servant,

Sgd F McLean

Dear Sir:-

Right of Way through Thessalon Indian Reserve
. . . . . .

I called at your office yesterday in company with Mr. Scott, and you kindly offered to supply me with certain information concerning Thessalon, Indian Reserve.

The attached is a memorandum of all the Railway right of way in the Reserve, starting from the east end of the reserve and working westerly. The first three parcels and also the eleventh, twelfth and thirteenth parcel are covered by the Arbitration Award and, of course, a patent is due the Company, but in regard to all the other parcels, I would like to be assured by the Department that it is in a position to grant this right of way also to our Company. It might be, however, that certain of these lots have been granted without any reservation of right of way and if so, I would like to have full particulars.

On receipt of this information I will arrange to have the necessary plans made to cover all the right of Nay

Indian Affairs. (RG 10, Volume 7662, File 22013-9 C.P.)

Ottawa, January 18, 1915.

Sir,-

I beg to acknowledge the receipt of your letter of the 14th instant, No. 1161/2, in connection with right of way of the Canadian Pacific Railway through Thessalon Indian reserve, and inclosing statement showing position of the lots through which the railway runs. In reply I beg to inclose copy of a statement showing the position of these lands in the books of the Department.

As regards the lands referred to in statement as patented by this Department with no reservation made in patent of right of way, it will be necessary for you to file transfers of the right of way in the local registry office, as no transfers are placed of record in the Department subsequent to issue of Crown Grants.

Your obedient Servant,

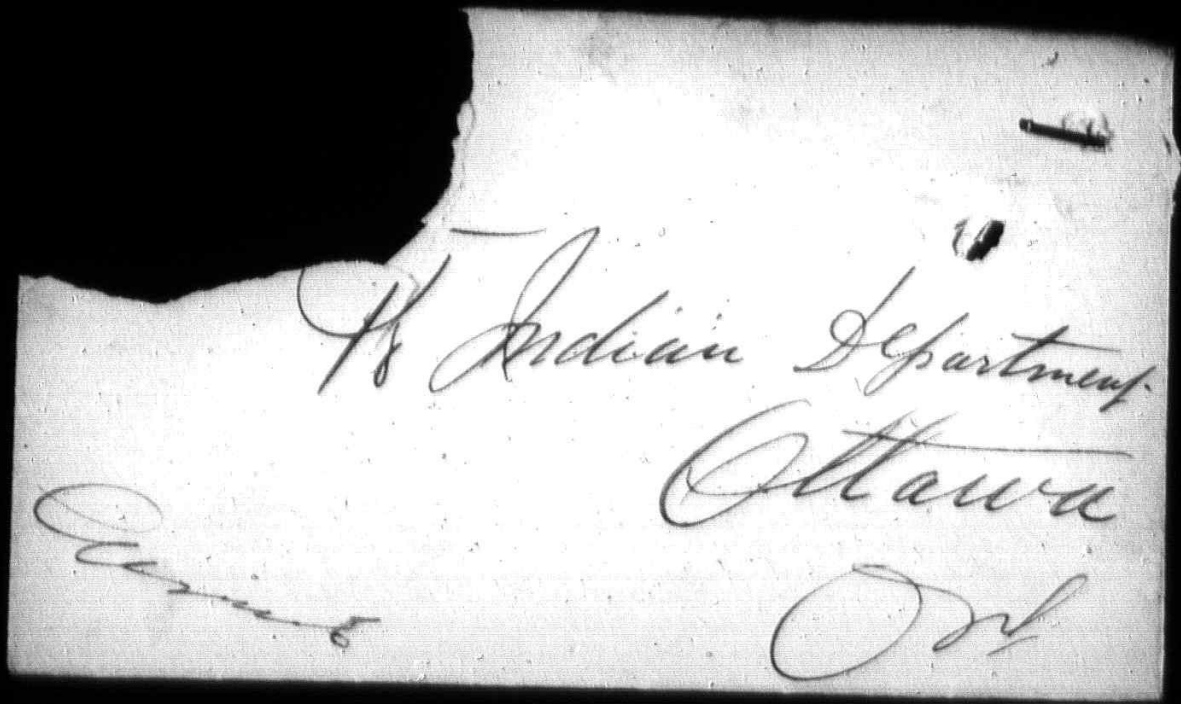

W. A. Orr.

Sir,-

With reference to your letter of the 17th instant and previous correspondence I have to say that you should make careful inquiry into the claim for damages made by David Gigire, and if you find that he is fairly entitled to compensation, ascertain the sum that should be paid to him, and inform the Department of the facts in order that demand may be made on the Company.

You mention a payment of $25.00 having been made to this man in 1913; the facts regarding this payment should be ascertained, as it may refer to the damage now complained of.

Canadian Pacific Railway Right of Way in Thessalon Indian Reserve- Departmental file 383411

Referring to letter of Mr. W. A. Orr to Mr. E. J. Boswell dated 18th January 1915, we are instructed by the Canadian Pacific Railway Company to apply for issue of patent of all of the right of way shown colored red on linen blue-print of plan transmitted herewith. This comprises all the main line right of way in the Thessalon Indian Reserve which the Department is in a position to patent and as set forth in the list attached to Mr. Orr's letter above referred to. The plan also shows the right of way for ballast pit spur, application for which was made a year or two ago by Messrs. White and Williams acting on behalf of the Company.

We are also instructed to request that theDepartment will be good enough to return to us for the Company the following two transfers,-

Ottawa, 29th September 1915.

Gentlemen,-

I beg to acknowledge your letter of the 8th instant and accompanying plan showing coloured in red lands in the Thessalon Indian Reserve which the Canadian Pacific Railway Company desires to have patented to them. Some of the areas shown on your plan are slightly different to the areas reserved by this Department and it will be necessary in each one to insert the words "more or less" for each separate parcel. The one-hundredth of an acre shown to be taken from the north-west quarter of section 33 has not been reserved in the original sale and it will be necessary for you to eliminate this from the present patent and you will require to deal with the owner for title in that quarter.

I beg to request you to be good enough to forward ~~two~~ a descriptions ~~one for~~ of the lands to be patented ~~for~~ the main line ~~and one for the spur~~ right of way. ~~These~~ This description should be such as will describe the lands without having the plan attached thereto as this Department does not attach ~~descriptions~~ plans to its patents but it is desired to refer to the special plan giving the surveyor's name and the date.

Assignments Nos. 713 and 714 are herewith returned to you.

Your obedient servant,

(sgd) J. D. McLean

Sirs--

I beg to acknowledge the receipt of your letter of the 28th ultimo and accompanying description of the right of way of the Canadian Pacific Railway through the Thessalon Indian Reserve. It is regretted that this description is not suited to our form of issuing patents and it will be necessary to prepare another description. For this purpose the plan which accompanied your letter of the 6th September last is being sent you under separate cover by registered mail, in order that you may put ~~on all the ties.~~ know the nature of the points to which ties have been made & specially what posts were found at those points

For instance, you show a tie on the east boundary of the reserve. A line appears to be drawn to mark the lot and probably Concession in the Township of Bright additional. If a post was found at this point please show it on your plan and the number of lot and concession also at all other points to which ties have been made you are requested to show whether or not posts have been found.

With this information it is thought we will be able to compile a description here.

Your obedient servant,

E.J.D. Stuart

REGISTRY OFFICE
ALGOMA

G. F. FARWELL, K.C., REGISTRAR

SAULT STE. MARIE, ONT.,
May 5th. 1916.

W. A. Orr, Esq.,
Indian Department,
Ottawa,

Dear Sir:-

Your letter enclosing a fuller description of the lands contained in a Patent to the Canadian Pacific Railway of their right-of-way through Thessalon Township, was duly received.

I am sorry to have to trouble you again as this description does not state whether these Sections mentioned in the Patent were situate in the Eastern or the Western portion of the Township of Thessalon, or are portions of River lots or lots West of the River in the said Township of Thessalon. It is necessary to know this as lots in all these different portions of the Township of Thessalon have the same numbers, and the only way they are distinguished in the books in this office, is by stating that they are in the Western portion or in the Eastern portion, or are a River lot or are lots West of the River Thessalon.

Enclosed I return you the description, which you were good enough to send me and would ask you to be kind enough to have these further particulars inserted, when I think I will be able to enter the Patent upon the proper lots.

Yours truly,

G. Farwell

Thessalon
May 23rd 16.

Dear Sir:- Some days ago Mr Gigire showed me your letter dated May 18/915 H 383411. I saw Mr Hagan today and he says that in all justice Mr Gigire should get some compensation and his claim adjusted. He claims in all about $60 and do feel he is not asking too much. Trusting you will see fit to look into the matter and favor us with an early reply

I beg to remain Sir, Yours

Reverend Sir,-

I beg to acknowledge the receipt of your letter of the 23rd instant and to inform you that the Indian Agent Mr.S.Hagan was instructed on the 18th May 1915 to endeavour to settle the claim of Mr.David Gigire against the Canadian Pacific Railway. As he did not report in the matter it was supposed that it had been satisfactorily arranged. Another letter has been written to him on the subject.

EXD. 316571

The Secretary,
Department of Indian Affairs,
Ottawa, Ont.

Sir:- RIGHT OF WAY THROUGH INDIAN RESERVES ONTARIO.

We have to acknowledge receipt of your letter of the 3rd inst. with enclosures as stated and we return the draft descriptions as follows:-

1. Through the unceded portion of Thessalon River Indian Reserve;

2. Through the ceded portion of Thessalon River Indian Reserve;

3. Through the unceded portion of Serpent River Indian Reserve.

The Company's officials have noted in pencil the amendments to the descriptions which they would like to have made. In the latter description, the change in the dimension along the centre line from 17650 to 17660 which has been noted in pencil is necessary to make the required area of one hundred and two acres and twenty-four hundredths of an acre. In description No. 2 the Company's plan shows the Southeast quarter of section One, in the Township of Thessalon, to be Crown lands, but the right of way in this quarter section is not included in the description. We are instructed to ask why this is not included.

Return To Mr Engel Ind Dept

I0307-2

Ottawa Jan 20th, I9II.

Gentlemen,-

With reference to your letter of the I6th inst. I beg to enclose a copy of description of Right of way of Canadian Pacific Railway through the South East ¼ of Section I Township of Thessalon for approval.

With reference to descriptions of right of way through Thessalon Reserve, Thessalon Township and Serpent River Indian Reserve, your corrections to descriptions have been noted and will be made accordingly although this Department does not see the necessity of saying the direction of measurement along a limit of a section from a corner to the Centre line as there is only one direction which you can go to the Centre line.

Regarding the correction to the Serpent River Reserve description, I may say that such a thing as the South East Bank of a River is unknown in this Department or the Department of the Interior, the Right or left Bank is fixed by "Dominion Lands Act" and should be adhered to.

Messrs Ewart Scott, McLaren & Kelly,

Barristers etc.

Ottawa.

Your obedient servant

D. McLean

Re letter 9th inst.

Sir:- SAULT STE. MARIE BRANCH, RIGHT OF WAY THROUGH CEDED PORTION OF THESSALON INDIAN RESERVE.

We will be glad to know why patent of this right of way has not been completed. So far as we are aware, the only outstanding question is whether the description in the patent should follow the old plan of 1887 or the plans referred to in patent of 5th March, 1906, which latter have been registered. The Company's view is that the description should agree with the latter plans.

We have the honour to be Sir,

Your obedient servants,

Ewart Scott Maclaren & Kelley

Sir:- SAULT STE. MARIE BRANCH, RIGHT OF WAY THROUGH UNCEDED PORTION OF THESSALON INDIAN RESERVE.

DEPT. OF INDIAN AFFAIRS MAR 20 1912 SURVEYS.

We will be glad to know the cause of delay in the completion of the patent for this right of way. The only question outstanding so far as we know appears to be whether the patent should agree with the old plans showing a total width of 100 feet or with plan referred to in patent of 5th of March, 1906, which shows the width as being 99 feet, the area in the latter case being 23.09 acres. As the latter plan has been registered, we submit that the patent should refer to it.

We have the honour to be Sir,

Sir,—

In answer to your letter of 26th
No 363411 May re David Dejier who says he is entitled
to compensation for damages sustained
he says he lost his crop by reason that the
C P R workmen took down his fence at the
time the were Building the spur line to their
gravel pit and cattle destroyed his crop
Mrs Dejier got $25.00 damages once before now
he says that was for his land that the company took
and says he had his crop destroyed after some of the
other Indians say the land was not his nor he did not
even clear it— I have no objections to the man being
paid but I thought all was settled at the time the
others got their damages

Sir:-

Referring to your letter making claim on behalf of David Gigrie for damage to his crops on account of the construction of a spur to a gravel pit at Thessalon, I have made inquiries, but find that we have no spur or gravel pit near Thessalon. There is, however, a gravel pit near Livingston, which was put in some three years ago.

Will you please let me know if Mr. Gigrie's property is situated at Livingston, and the date the damage is alleged to have occurred, and I will have the matter looked into further.

Yours obediently,

F. R. Haney

Sir,

In answer to your letter of the 23rd remembered 383411 re Dejiers claim I beg leave to say that the gravel pit owned and operated by the Canada Pacific Railway Company is the whole of the South West quarter of Section No 32 Eastern Portion Township of Thessalon Livingstone Station is on the South East quarter of lot No 6 E.P. Dejiers land is nearly half a mile East of the Livingstone Station where the Spur line joins the Main Track. The damage was done the same summer the Spur line was built The money he got, $25.00, was for the right of way through his clearing, The money he asks for now is for his crop which was destroyed by Cattle, when building the road the workmen took down his fence and did not put it up again, Dejier was away working at a sawmill and did not know until his crop was all destroyed, at least this is what he tells me

J. D. McLean Esq.,

Asst. Deputy and Sec'y., Dept. Indian Affairs.

Ottawa, Ont.

Dear Sir;-

A file of papers has been sent me from Mr. Haney, Claims Adjuster, Montreal. in which a claim has been presented to you by an Indian named David Gigire,(or E.P.Degrer as your second letter has has it) for damage to crops by construction of a spur to gravel. pit.

Myself and two other gentlemen visited this property through which the spur line runs, and we find no person living there and the place has no crop and does not look as if it had for years, everything growing wild, and we find this spur line does not go through any land that ever has been cultivated.

From enquiries I find that this Indian is not living on the property, but is working in a mill at Thessalon. It does not look to us to be a legitimate claim, but if you will kindly advise me the date the alleged damage was done, what kind of crops were damaged and how damaged, I may be able to decide what there is to it.

With the present limited information and no crop near this spur line or ever appears to have been, I cannot see what the claim is for.

Yours very truly

N. G. Rankin

Claims Agent.

Dear Sir:

Re: South ½ Section 32, Twp. of Thessalon
Livingston Gravel Pit

This Department has removed gravel from a pit in the south-west ¼ of Section 32, Livingston Gravel Pit, Township of Thessalon, for which the C. P. R. Company is now claiming compensation.

We understand that this was Indian Lands, and shall be obliged if you will advise as to the extent of the land sold to the Railway Company; if there was 5% of the area reserved for roads; and if this Department has permission to remove gravel from an area not exceeding the 5% reserved without making compensation therefor to the Railway Company.

By an agreement with the Railway Company, we understand that the Township of Thessalon has been removing gravel from another area, and the Railway Company's officials contend that the gravel taken by the municipality was taken from the area reserved for roads. It would appear however, that the Railway Company could not make this arrangement with the municipality.

Yours truly,

A. Reid.

A. REID,
Chief Draughtsman.

Sir,-

I acknowledge receipt of your letter of the 3rd instant, with reference to the S. W. ¼ of Section 32, Township of Thessalon, and would point out that in August, 1904, this Department patented to William Jewkes, of the Township of Thessalon, the south 100 acres of this quarter section. In July, 1925, a patent issued to Samuel McCaig, of the Township of Thessalon, for the north 60 acres of the quarter section. The reservation for roadway in both patents was for 3% of the area granted.

The patents having issued as above for the whole quarter section, we have neither a record of the lands sold to the Railway Company nor of the extent of the gravel pit.

Your obedient servant,

Député du Surt. Général
des affaires des sauvages
Ottawa.

Monsieur,

Référant à votre circulaire du 19 Sept. 1887 — 1030 7 N°2, relativement à la coupe du bois faite par les Contracteurs pour la construction du chemin de fer, Je dois vous informer que la Compagnie du Chemin de fer de Québec & du Lac St. Jean, doit changer son tracé et passer son chemin de fer à travers la réserve du Village Huron de Lorette, sur lequel parcours il n'y a aucun bois à couper.

Cependant Je dois vous dire que les Chefs & les Guerriers sont bien mécontents de ce nouveau tracé qui leur enlève presque tout le terrain de la réserve qu'ils possèdent pour bâtir leurs maisons et ne sauront à l'avenir où les construire.

En référant à l'amendement de l'acte des sauvages, sanctionné le 23 Juin 87, J'ai remarqué que l'article 35 est Modifié

Tout en reconnaissant l'utilité publique

Indian Affairs. (RG 10, Volume 7662, File 22014-1)

PUBLIC ARCHIVES

publique des chemins de fer, les sauvages hurons croient que ce serait commettre une injustice envers eux, que de permettre à la Cie du Chemin de fer de L. & du L. St. J., de couper ainsi la réserve de leur Village qui est déjà très petite, & en les dépossédant ainsi de cette partie de la réserve de leur Village où ils peuvent encore établir leur famille.

Il serait très aisé, je crois, pour la Compagnie de mettre son tracé plus en arrière de la reserve tout en obtenant le même résultat.

Comme les travaux paraissent devoir aller promptement, veuillez donc m'informer le plus tôt possible de ce que je dois faire à ce sujet.

J'ai l'honneur d'être,

Translation

Ste Anne Lorette 21 Sept '89

L. VanKoughnet Esq
VC VC VC

Sir,

With reference to your Circular of the 19 Sept. 887 "10307 No 2", on the subject of Contractors cutting timber when Constructing Railways, I have to inform you that the Quebec and Lac St. Jean Railway Co. are about changing their line and run through the Reserve at Lorette. There is no timber to be cut there, but I must say that the Chiefs and Warriors are much displeased at the Iona passing through their Reserve as the Village, for they, the Co. will have to take nearly all the land they have and which they require to build on in future they wont know where to go to erect their houses.

Looking at the Amendment of the Indian Act assented to on the 23 June 1887, I find

Indian Affairs. (RG 10, Volume 7662, File 22014-1)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

I am not that Sec 35 has been modified -

Whilst acknowledging the usefulness of Public Railways, the Huron Indians would commit a gross injustice towards themselves, were they to allow the G. T. Railway Co. to cut up their reserve in that manner as it is to do very small already, and were they to allow themselves being dispossessed of that portion of the Reserve in the village, where they could still establish their families.

It would be quite as well for the company, I think, to pass their line in rear of the reserve -

As the works are to be executed at once, will you be good enough to inform me, as soon as possible, what I am to do in the matter.

I have &c

Immediate

Sir,

This Dept. has recently been advised by its Agent at La Jeune Lorette that the Quebec & Lake St. John Ry Co. propose changing their line of road with a view to running the same through the Indian Reserve at Lorette.

In connection with this matter, I have to refer you to the 5th sec. of the Act 50-51 Vic. Cap. 33, which amends the 35th sec. of the ~~Act~~ 43rd Chap. of the Con. Statutes of Canada, common

Indian Affairs. (RG 10, Volume 7662, File 22014-1)

ARCHIVES PUBLIQUES
CANADA

commonly known
as the "Indian Act",
and provides that no
portion of any Reserve
shall be taken for the
purposes of any railway,
road, or public work
without the consent
of the Govr. in Council.
Gnl
I therefore refer
you to sections 38 and
39 of the aforesaid Indian
Act, which prohibit
the alienation, sale
or lease of any portion
of an Indian Reserve
until the same has
been surrendered to the
Crown for the purposes
of the Act and that
no release or surrender
of a portion of a Reserve
shall be valid & binding
except on the conditions
mentioned under clauses
"a"

Indian Affairs. (RG 10, Volume 7662, File 22014-1)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

"a" and "b" of the said section 39.

As the Indians of Lorette object strongly to your Company running their line through their Reserve, it is not probable that they would agree to surrender the land required for the purposes of the R.R. Company, and without a surrender consequently the same could not be granted. I do not alienated, sold or leased, therefore to warn you against causing any ~~disturbance~~ disturbance of the soil or trespassing in any way whatever on the Reserve at Lorette.

Ottawa

Sir

I have to acknowledge receipt of your favor of the 5 instant, stating that the Indians of Lorette object strongly to our company running its line through the reserve at that place, and that without their consent the land necessary for that purpose cannot be acquired.

In reply I would say that we are now arranging some details with the Indians to meet their requirements, and when this is done we think they will be unanimous in wishing the road to pass as it has been located. I am therefore directed to request that the Department will authorize their agent at Lorette to call a meeting of the Indians so that they may decide the question.

I may say, for the information of the Department, that the proposed change of line is very much in the interest of the Indians. They do quite a large business in manufacturing fancy goods and dressing furs, and the railway will give them easy access to their market, besides bringing to them

a much larger number of tourist and other customers for their work than they now have. They quite appreciate this, and are anxious to have the railway, as will be seen by the enclosed copy of a resolution adopted by the tribe in 1879, when they offered us right-of-way through the reserve and a station ground, free of cost. (3)

Of course we are quite prepared to pay for any ground we may take, and to compensate them for buildings or other damages. (4)

WRITTEN.

Sir,

With reference to your letter of the 15th instant and previous correspondence relative to the proposed change in your line of Ry. causing it to pass through the Indian Village at Lorette, I beg to inform you that I have communicated the contents of your letter, as well as the Resolutions passed by the Indian Chiefs and Warriors in the year 1879, upon the above subject to the Indian Agent at Lorette, and I have instructed him to bring the same before the Indians in Council, and to report ~~their~~ the views expressed by them in the matter.

I am, & c.

Jeunne Lorette, P.Q.

SECY'S BRANCH,
OCT 22 1889
REGD

Sir,

With further reference to your letter of the 21st ultimo, respecting the proposed appropriation of Land by the Quebec and Lake St. John Ry. Co. for their line of road through the Indian Village at Lorette, wherein you state among other things that the Chiefs and Warriors are much displeased at the prospect of the line passing through their Village, as the same will take up nearly all the land they own there, and which they require to build on, I have to inform you that in reply to ~~the~~ a communication addressed by me to the President of the above Ry. Co. I have recently been informed by the Sec. of that Co. that details are now being arranged with the Indians to meet their requirements, and that when this is done the Co. think the Band will be unanimous in desiring the road to pass as it has been located. The Sec. requests that this Dept. will authorize its Agent at Lorette to summon a meeting of the Indians for the purpose of considering the question. ~~The~~ He Sec. adds that the proposed change of line will be very much in

Indian Affairs. (RG 10, Volume 7662, File 22014-1)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

in the interest of the Indians as it will afford them facilities for transporting their manufactures to market, as well as be a ready means for tourists and other customers for their work to reach the Village. He adds that the Indians quite appreciate this view of the question, and are anxious to have the Ry., and in confirmation of this statement the Sec. encloses a copy of ~~the~~ a resolution stated to have been passed by the Tribe in 1879, offering the Co. a right of way and land for a Station. He further states that the Co. will be prepared to pay for ~~the~~ any ground they may take and to compensate the Indians for buildings or other damages. In this connection I enclose herein a copy of the Resolution alleged to have been passed by the Chief and by the Tribe on two different occasions, which resolutions appears to bear out the statement made by the Sec. of the Co. in his letter and which, as stated above, accompanied the same. There would ~~appear~~ seem to be a contradiction between the statem ent made in your letter above referred to ~~xxxxxx~~ that the Indians are very much opposed to the passage of the Ry. line through their Village, and the statements contained in the letter of the Sec. of the said Ry. line, which latter he supports by the Resolu- enclosed

Indian Affairs. (RG 10, Volume 7662, File 22014-1)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

Resolutions of the Indians on the subject in the year 1879. You will be good enough to explain the above discrepancies of statement, and you will ~~ex~~ summon a meeting of the Band, read to them this letter, as well as a copy of the resolutions of their Councils held in 1879 on the subject, and request an exp ression from them of their present views in the matter.

MEMORANDUM

To Deputy Minister. Department of Indian Affairs,

Ottawa 28th Oct. 1889

In answer to your Memo. under date the 26th inst. I beg to report that your tracings accompany the recent judgment regarding some of the boundaries of the Loretto Village lands, neither of these tracings, nor the four together show all the boundaries of the said lands; it would be necessary to compile a Plan from the said four tracings and from the Plans of Messrs. Fletcher and Austin which show the remaining boundaries. The fee for a copy from the said Plan when compiled would be five dollars.

Monsieur,

J'accuse réception de votre lettre du 22 Octobre courant, N°99.258, relative à la proposition par la Compagnie du Chemin de fer de Québec & du Lac St. Jean de passer son chemin de fer à travers le Village sauvage à Lorette, et me transmettant copie des résolutions passées en 1879, par les Chefs et par la tribu en deux différentes occasions; En réponse j'ai l'honneur de vous informer qu'il y a en effet, contradiction au sujet du passage du Chemin de fer sur la réserve, entre les détails fournis par le sécretaire de la Compagnie et ceux que j'ai donnés moi même dans ma lettre du 21 ultimo; mais voici comment: les sauvages étaient opposés dans le temps au passage du Chemin de fer lorsque je vous ai adressée ma lettre; mais conformément à votre demande du 22 courant, j'ai convoqué hier le 27 courant, une assemblée de la Bande, à laquelle j'ai lu votre lettre et la copie des résolutions de leur Conseil en 1879 à ce sujet.

Les sauvages en Général disent qu'ils ont commis une grande erreur dans

le temps en offrant ainsi a la Compagnie du Chemin de fer de Québec et du Lac St. Jean, le droit de passage gratis à travers leur réserve.

Je dois vous informer de plus qu'un grand nombre de sauvages ont maintenant modifié leur opinion et tous ceux qui étaient présents à l'assemblée du 27 courant, consentent unanimement au passage du chemin de fer à travers leur réserve, à la condition que la Compagnie soit tenue et obligée de leur acheter un lopin de terre contigu à leur réserve, correspondant à celui qu'elle prendrait sur la dite réserve pour son tracé, afin de permettre aux sauvages d'avoir du terrain pour bâtir leurs maisons à l'avenir, et à la condition aussi qu'aucun intérêt privé serait dérangé, soit dérangement de bâtiment, soit destruction de récoltes etc, tous ces dommages devront être payés par la Compagnie du chemin de fer.

J'ai l'honneur d'être,
Monsieur,
Votre obéissant serviteur,
Antoine O. Bastien,
Agent des sauvages.

Lt Vankoughnet Esq

Sir

I beg to acknowledge the receipt of your letter of the 22 inst. No 96,258 relative to the proposition made by the Dublin and Southern Railway Co. to run their line through the Indian Village of Seattle and enclosing Copies of the Resolutions passed in 1879 by the Chiefs and the tribe, on two different occasions — In answer I have the honor to inform you, that indeed, there seems to be contradiction, between the details furnished by the Secretary, and those furnished by myself, in my letter of the 21 ultimo, in regard to the location of the line through the Reserve — The reason of this is, that the Indians were opposed to the location of the line (au passage du chemin de fer) when I wrote to you, but in consequence

with

with the instructions contained
in your letter of the 22 inst. I
communicated, Yesterday the 27, at a
Meeting of the Band and imparted
to them the terms of your letter
and also read to them the Resol-
-utions which they had passed at
their Meeting the 8th, on the subject.
The Indians, in general, say,
that they consider a great error,
when they agreed the Co. the right
of way through their Reserve, gratis.
I must also state that, quite a
number of them have changed
their opinion, and all those who were
present at the Meeting of the 27
inst, are unwilling to the time
passing through the Reserve, but it
is on the condition that the Com-
-pany be held to purchase for them,
a piece of land, contiguous to their
Reserve, corresponding in size to that
which the Co. will take from their
Reserve for the line, so that the Indians
may have land, on which to build
in future and on the further condition
that no private interest be disturbed
either by removing buildings or destroying
crops &c. &c. that all damages caused
to them be paid by the Co. I have &c.

Resolved
at a general Meeting of the
Chiefs and Warriors of the
Huron tribe of Lorette, con-
vened on the 1 Nov 1889.
1st That the Huron In-
-dians will consent to
the Quebec and Lake St-
John Railway Co. running
their line of Railway
over their reserve, on the
Condition only that they
adopt the line which
has been located in
front of the houses of the
village of Lorette, as staked
upon and not through
the village
2d- And on the condition
that no deposits be erected
in front of the village and
that no Public road of
any kind be opened out
on the Reserve
3d- And on the further
Condition that the Com-
-pany be held and bind
themselves to purchase for
the Huron Indians a
good piece of land contig-
-uous

Monsieur,

J'ai l'honneur de vous transmettre les résolutions que les sauvages ont adoptés ce 1er Novembre 1889 relativement au passage du chemin de fer de Québec et du Lac St. Jean sur leur Réserve.

Le consentement que les sauvages avaient donné le 27 Oct. dernier n'était que pour la ligne que la Cie leur disait vouloir adopter c'est-à-dire en arrière des maisons du Village; depuis, la Cie ayant tiré une ligne au milieu des maisons du Village et se proposant d'en faire tirer une autre au même endroit, les sauvages sont exaspérés et c'est ce qui a provoqué les résolutions ci-incluses.

Sault Laurette 1 Nov 1889

L. VanDusen Esq
&c. &c. &c.

Sir,

I have the honor to transmit to you the resolutions adopted by the Indians this 1 Nov 1889, in regard to the Sudbury and Lake d'Orbe Railway passing through their reserve.

The consent given by the Indians, on the 27 Oct last, had reference to the line which the Company were to run in rear of the Town of the village only, but as the Company having run another line through the village street and trespassing by some another one again on the same place, the Indians became exasperated at this and have passed the resolutions which I enclose.

NOV 7 1889

A une assemblée générale des Chefs et des guerriers de la tribu Huronne de Lorette convoquée le 1er Novembre 1889. il a été résolu que :

1o Les sauvages Hurons consentent à ce que la compagnie du Chemin de fer de Québec et du Lac St. Jean passe son chemin de fer sur la Réserve huronne de Lorette ; mais seulement sur la ligne actuellement tirée en arrière des maisons du Village, tel que convenu, et non dans la partie où sont batiés les maisons du Village de Lorette.

2o A la condition que le dépôt du chemin de fer de la compagnie ne soit pas situé en arrière du Village et qu'il n'y ait aucune route publique d'aucune manière quelconque sur la Réserve.

3o A la condition que la compagnie soit tenue et obligée d'acheter aux sauvages Hurons un

Pour M. Chevalier
Pour Translation

L'Honorable E. Dewdney Surintendant
des Affaires Indiennes. -
Ottawa.

Vos requérants exposent humblement:

Qu'ils sont Indiens Hurons résidant sur la réserve des Sauvages, au village de la Jeune Lorette.

Que la Compagnie du Chemin de fer du Lac St. Jean, pour les fins de leur embranchement conduisant à Quebec, a fait tirer une ligne traversant leur dit village; tel que paraît par le plan annexé et que la dite Compagnie doit, dún moment à l'autre, commencer les travaux nécessaires pour ouvrir la voie sur le dit tracé ou ligne;

Les plans

Que vos requérant s'opposent à ce que la dite ligne passe à travers leur village pour les raisons suivantes:

1° Que la ligne susdite démembrerait leur présent village et enlèverait par cela même une valeur considérable à leurs propriétés présentes;

2° Que, suivant eux, on peut ouvrir une ligne ferrée sans couper ainsi leur village et le séparer en deux parties;

3° Que vos requérants ne s'opposent nullement à ce que la dite voie ferrée soit construite sur leur réserve, mais à

Indian Affairs. (RG 10, Volume 7662, File 22014-1)

ARCHIVES PUBLIQUES
CANADA

à un autre point, indiqué par les lettres A.A. sur le plan ci-annexé.

C'est pourquoi vos requérants humblement vous prient, en votre capacité de Ministre des affaires Indiennes, d'intervenir afin de les protéger dans leurs justes droits, et d'empêcher que la dite Compagnie du Chemin de fer du Lac St. Jean ne construise l'embranchement proposé à l'endroit particulier où on l'a tracé pour celà, mais au plan indiqué par vos requérants.

RECEIVED
MAY 31 1890
INDIAN BRANCH

Your petitioners respectfully represent.

That they are members of the Huron tribe of la Lorette.

That a line has been run through their village, by the Q and L. St. John Railway Co. locating the embranchment of their Railway to Quebec as per plan hereto annexed and that as any moment they may commence work on the said embranchment.

That your petitioners object to this railway passing through their village for the following reasons.

1st That the noise and confusion will cause our sick people and the value of their property will thereby be decreased.

2nd That a line of railway can be made without cutting

Received at the Department of Indian Affairs May 10 1890

ALL MESSAGES TAKEN BY THIS COMPANY ARE SUBJECT TO THE FOLLOWING TERMS:

It is agreed between the sender of the following message and this Company that said Company shall not be liable for damages arising from failure to transmit or deliver, or from any error in the transmission or delivery of an unrepeated telegram, whether happening from negligence of its servants or otherwise, or for delays from interruption in the working of its lines, for errors in cypher or obscure messages, or for errors from illegible writing, beyond the amount received for sending the same. To guard against errors, the Company will repeat back any telegram for an extra payment of one-half the regular rate, and in that case it shall not be liable for damages beyond fifty times the amount received for sending and repeating.

Correctness in the transmission of messages can be insured by contract in writing, stating agreed amount of risk, and payment of premium thereon at the following rates, in addition to the usual charge for repeated messages, viz:—One per cent. for any distance not exceeding 1000 miles, and two per cent. for any greater distance.

This Company shall not be liable for the act or omission of any other Company, but will endeavor to forward the telegram by any other Telegraph Company, necessary to reaching its destination, but only as the agent of the sender and without liability therefor. This Company shall not be responsible for messages until the same are presented and accepted at one of its transmitting offices; if a message is sent to such office by one of the Company's messengers he acts for that purpose as the sender's agent; if by telephone, the person receiving the message acts therein as agent of the sender, being authorized to assent to these conditions for the sender. This Company shall not be liable in any case for damages, unless the same be claimed, in writing, within sixty days after receipt of the telegram for transmission.

No employee of the Company shall vary the foregoing.

Sir

Referring to my letter to you of 15 October last, I now beg to enclose plan of the land required to be taken from the Indian reserve in Lorette for right of way for this railway, including a small strip for the purpose of making a road to give access to the station, in such a way as desired by the Indians - as not to pass through the village.

There are no houses on the land which we seek to acquire.

The Company is prepared to buy and give to the Indians an equal area of land adjoining the reserve.

The Indians are strongly in favor of granting what the Company ask, as may be seen from the petition addressed by them to Sir Adolphe Caron, in that sense, a copy of which I enclose, which petition has been signed by all the chiefs and nearly all the warriors of the tribe.

The advantages of the proposed railway

Sir

As requested, I beg to enclose a plan in duplicate, compiled from the plan of borrage made by Messrs Mowrey Genest & Gallagher, of the land required by this Company for right of way through the Indian Reserve at Lorette.

I would refer you to my letter of 2 August for the reasons in support of the Company's application.

As the question has now been under consideration for nearly a year, and as our surveys are almost completed for the new line into Quebec with the exception of this small piece, I would request an immediate decision.

READ THE NOTICE AND AGREEMENT AT THE TOP.

ALL MESSAGES TAKEN BY THIS COMPANY ARE SUBJECT TO THE FOLLOWING TERMS:—

It is agreed between the sender of the following message and this Company that the said Company shall not be liable for damages arising from failure to transmit or deliver, or from any error in the transmission or delivery of an unrepeated telegram, whether happening from negligence of its servants or otherwise, or for delays from interruption in the working of its lines, for errors in cipher or obscure messages, or for errors from illegible writing, beyond the amount received for sending the same. To guard against errors, the Company will repeat back any telegram for an extra payment of one-half the regular rate, and in that case it shall not be liable for damages beyond fifty times the amount received for sending and repeating.

Correctness in the transmission of messages can be insured by contract in writing, stating agreed amount of risk, and payment of premium thereon at the following rates, in addition to the usual charge for repeated messages, viz.: One per cent. for any distance not exceeding 1000 miles, and two per cent. for any greater distance.

This Company shall not be liable for the act or omission of any other Company, but will endeavor to forward the Telegram by any other Telegraph Company, necessary to reaching its destination, but only as the agent of the sender and without liability therefor. This Company shall not be responsible for messages until the same are presented and accepted at one of its transmitting offices; if a message is sent to such office by one of the Company's messengers he acts for that purpose as the sender's agent; if by telephone, the person receiving the message acts therein as agent of the sender, being authorized to assent to these conditions for the sender. This Company shall not be liable in any case for damages, unless the same be claimed, in writing, within sixty days after receipt of the telegram for transmission.

No employee of the Company shall vary the foregoing.

S i r:-

Application having been made by the Quebec and Lake St.John R.R.Co., to this Dept. for permission to be given them to construct a portion of their line through the Indian Res. at La Jeunne Lorette in the P.Q., a question arises as to the power of the G.G.in C. under Sec.35 of the Indian Act, being Cap43 of the R.S.C., as amended by Sec.5 of the Act 50-51 Vic.Cap.53, to allow any portion of an Indian Res. to be taken for the purposes of any R.R. without the provisions of Sec. 39 of the said I.Act having been complied. The opinion given by you in a similar case on 2/ 8th Janv 1889 was that it was necessary that the conditions of the 39th Sec. above quoted should be fulfilled; but in a subsequent opinion, dated 29 May 1890 which, however, specially referred to the right of the Dept. of Marine to expropriate land for light-house purposes and having in view the judgment rendered in the case of Rigina vs. The St.Catherine Milling Co, you appeared to consider it doubtful whether the provisions of the above Sec. 39 should necessary be complied with, or whether the right to allow expropriation given by a Railway Co. was not vested in His.Ex.C.

land required by your Company, it is necessary, in order to consider whether they would be sufficiently compensated by such exchange, that a plan and description of the land proposed to be given them should be forwarded by you to me as well as a valuation of the same by a P. L. S. and likewise a valuation of the land proposed to be taken by the Ry Coy within the Reserves as well as a description and valuation in detail of any and of all improvements that will be affected by the construction of the Line of Ry through the Reserve, should the same be permitted. If the land required by the Coy is to be paid for in Cash You should state what amount you are prepared to pay for the land & the amount you will pay for improvements thereon giving full details in respect to both land & improvements. You should also state whether if the permission prayed for is granted your Company will undertake & publish forever the Sale of intoxicants & prohibition will be consented to

Upon the receipt of the above information the matter will be further considered.

MEMORANDUM.

To Deputy Minister

Department of Indian Affairs,

Ottawa, 25 Sept. 1890

In answer to your memo. of 16th inst (10944) I beg to report that the petition of the Indians to the S. E. R. not dated, was not accompanied by a plan showing where the Indians wished the Ry. line in question to be located, as stated in the said petition, therefore I am unable to state if the Ry. line is now located where they then wished it.

But their petition to Hon. W. Caron of 4th Aug. states that the station is to be placed to the North of the Village. This point, according to the Plan submitted by the Secty of the Compy. (10 Sept. 1890), appears to be complied with.

The said Plan appears to be correct and sufficient except that the land occupied by the proposed road to the station should be paid for by the Compy - as the area is not marked on the Plan it would appear not to be the intention of the Compy. to pay for it.

READ THE NOTICE AND AGREEMENT AT THE TOP.

ALL MESSAGES TAKEN BY THIS COMPANY ARE SUBJECT TO THE FOLLOWING TERMS:—

It is agreed between the sender of the following message and this Company that the said Company shall not be liable for damages arising from failure to transmit or deliver, or from any error in the transmission or delivery of an unrepeated telegram, whether happening from negligence of its servants or otherwise, or for delays from interruption in the working of its lines, for errors in cipher or obscure messages, or for errors from illegible writing, beyond the amount received for sending the same. To guard against errors, the Company will repeat back any telegram for an extra payment of one-half the regular rate, and in that case it shall not be liable for damages beyond fifty times the amount received for sending and repeating.

Correctness in the transmission of messages can be insured by contract in writing, stating agreed amount of risk, and payment of premium thereon at the following rates, in addition to the usual charge for repeated messages, viz.: One per cent. for any distance not exceeding 1000 miles, and two per cent. for any greater distance.

This Company shall not be liable for the act or omission of any other Company, but will endeavor to forward the Telegram by any other Telegraph Company, necessary to reaching its destination, but only as the agent of the sender and without liability therefor. This Company shall not be responsible for messages until the same are presented and accepted at one of its transmitting offices; if a message is sent to such office by one of the Company's messengers he acts for that purpose as the sender's agent; if by telephone, the person receiving the message acts therein as agent of the sender, being authorized to assent to these conditions for the sender. This Company shall not be liable in any case for damages, unless the same be claimed, in writing, within sixty days after receipt of the telegram for transmission.

No employee of the Company shall vary the foregoing.

DEPARTMENT OF INDIAN AFFAIRS
NOV 4 1890

L. Vankoughnet Ecr,
Député Surt. Général
des affaires des sauvages
Ottawa.

Monsieur,

A la demande de plusieurs sauvages, j'ai l'honneur de vous informer que des bruits tendent à dire que la Compagnie du Chemin de fer de Québec & Lac St. Jean, se propose de commencer les travaux de son Chemin de fer prochainement sur la réserve du Village huron de Lorette.

Malgré qu'une résolution ait été passée l'an dernier par un certain nombre de sauvages, tendant à tolérer le dit passage du dit Chemin de fer sur la réserve, avec certaines Conditions, il y en a un grand nombre d'autres qui depuis, s'y opposent fortement, pour les raisons suivantes:

1° Parce que la réserve est déja trop petite.

2° A cause des accidents qui pourront survenir dans la suite, aux membres de la tribu.

3° A cause du feu qui pourra d'un jour à l'autre, incendier le Village.

4° A cause aussi de l'intempérance & l'immoralité que pourrait entrai

CANADA

le Chemin de fer sur la réserve ou la Station du dit Chemin de fer près du Village.

De plus, ces sauvages me chargent de vous dire que la Compagnie obtiendrait le même résultat, en passant son Chemin de fer à un ou deux arpents en arrière de la ligne actuellement tirée sur la réserve.

En conséquence, les sauvages veulent s'opposer à tous travaux quelconques, de la part de la Compagnie, sur leur réserve, sans instructions du Département à cet effet.

J'ai l'honneur d'être,
Monsieur,
Votre obéissant serviteur,
Antoine O. Bastien.
Agent des sauvages.

"Translation"

Ste Anne Laprairie 1st Nov. 1890.

To
The Honorable
The Superintendent General
of Indian Affairs
Ottawa

Sir,

I have the honor to inform you, on the request of several Indians, that it is rumored that the Indian and N. Shore R. Co. are soon to commence work on their line of railway through the reserve of the Village of Loretto.

Although a resolution was passed last year by a certain number of Indians tending to tolerate (tendant à tolérer) the passage of the said line of railway through the reserve on certain conditions, nevertheless, since then, quite a large number of others have become strongly opposed to it, for the following reasons —

1st

Indian Affairs. (RG 10, Volume 7662, File 22014-1)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

1st Because the Reserve is already too small -
2d - Because accidents may happen to Members of the tribe if the Road passes through the Reserve -
3d - Because at any time it may set fire to and burn the whole village -
4th - And also because it will be an incentive to intemperance and immorality if the Road passes through the Reserve or near to the village.

I am also requested by them to observe that - it would be just as well for the Company, to own its line one or two acres in front of the present line -

Therefore these Indians will strongly oppose any kind of work being done by the Company on their Reserve, without instructions from the Department to that effect I have &c

DEPARTMENT OF INDIAN AFFAIRS
DEC
1890

The following are the terms of the Agreement arrived at between the Department of Indian Affairs as represented by the Deputy Minister of that Department, and the Quebec and Lake St.John Railway Company, as represented by J.G.Scott, Esq., Manager, and J.P.Mullarky, Esq., P.L.S. and Civil Engineer, in the employment of the said Company.

##########

1. The price to be paid for the Right of Way which consists of 1.85 acres, is to be five hundred dollars, and for the improvements of individual Indians thereon one hundred and seventy five dollars; that is to say, provided, as regards the latter amount, that it is found, upon actual survey, that the buildings belonging to Maurice Bastien are upon the Right of Way, the Department is to receive one hundred dollars from the Company which the Chiefs agree shall be paid the said Maurice Bastien as consideration for the inconvenience he will be put to in consequence of the buildings having to be removed to another site, with which he has been provided by the Band. If, however, it should be found that Bastien's buildings are not upon the Right of Way, as the Company's Officers now allege they are not, the one hundred dollars will, of course, not be paid, and this will reduce the amount to be paid for improvements to seventy five dollars, of which fifty dollars are to be paid to Paul Picard for his interest in a garden plot situated on the Right of Way consisting of .33 of an acre; and twenty five dollars to

Chief Philippe Vincent for hay land, used by him, situated on a triangular location in the Right of Way.

2. Two crossings of the character known as "Farm Railway Crossings", are to be made by the Company over the Right of Way which traverses the Reserve, wherever the Indian Chiefs indicate that it is their desire said crossings shall be placed.

3. A service pipe from the Aqueduct is to be constructed at three places across the Right of Way. The Indians are to supply the pipe, and the same is to be delivered in such time as will not occasion delay to the Company in the construction of the road. The Indians are to have the right to repair or replace the said service pipe; but such repairs or replacement thereof are to be made or done under the direction of the Company's Engineer, who shall be duly notified beforehand of the desire of the Indians for such repairs or replacement, and the same shall be done wholly at the cost of the Indians.

4. The Company are to construct a fence along the Right of Way on each side in such manner as will prevent cattle, or other farm animals, or children from obtaining access to the track.

5. No spirituous liquor is to be sold or kept on the Company's property at the Railway Station or in the vicinity thereof, or on the line of railway which crosses the Reserve, or in the vicinity thereof.

6. The waggon and passenger road used by the

Indians, which is situated on the East of the river and which runs past the Church, besides being used by the Indians may be used by the Company, their servants and others who may require to have access to the Station, on condition that the Company keep the said road at all times in good order; and that they preserve the peace thereon and prevent irregularities of all kinds immediately upon the Station-master in charge of the Station adjoining the Reserve being notified thereof, or as soon as it shall otherwise come to the knowledge of the Manager of the Company that a breach of the peace or some irregularity has taken place upon the said waggon or passenger road. The Station-master in charge of the said Station is to be appointed a Magistrate, and such number of Indians as may be considered necessary are to be appointed Dominion Constables, and they will act in case of necessity arising for the same, under the direction and instructions of the Station-master, in the prevention of any breach of the peace, or irregularities aforesaid, or in the apprehension of any party or parties who may be or may have been guilty of the same. If, after investigation by an Officer from Ottawa, specially deputed by the Department to investigate any charge of failure on the part of the Company to preserve the peace and prevent irregularities of any kind on the said road or to bring to justice any party or parties guilty of a breach of the peace or of any such irregularities, it be proved that there has been failure on the part of the Company or its employee or employees so to do, the

The Honourable J.A. Chapleau,

Secretary of State,

O t t a w a.

Sir,

I am directed to enclose the petition of this Company to the Honourable the Privy Council of Canada, praying that an Order in Council may be passed, authorizing the expropriation by this Company of a small piece of ground for right of way across the Indian Reserve at Lorette as illustrated by plan annexed.

As the matter is very urgent, the Company would respectfully request that immediate action may be taken.

I have the honour to be,

Sir,

Your obedient servant,

Sd. J.G. Scott,

Secretary.

Your Excellency in Council to such expropriation as required by law be given.

The Minister further observes that under the provisions of the 35th,Section of the Indian Act,as amended by Section 5 of the Act 50-51 Victoria Cap:33.the consent of Your Excell--ency in Council is required before any portion of a Reserv may be taken for the purposes of any Railway,road or publi work,and it is further thereby provided that if any Railway road or public work,passes through,or causes injury to any Reserve belonging to, or in possession of,any band of Indian or if any Act occasioning damage to any Reserve,is done, under the authority of an Act of Parliament or of the Legislature of any Province,compensation shall be made to the Indians therefor,in the same manner as is provided in respect to the lands or rights of other persons,and that the Superintendent General shall in any case in which an arbitration is had,name the arbitrator on behalf of the Indians,and shall act for them in any matter relating to the settlement of such compensation,and that the amount awarded in any case shall be paid to the Minister of Finance and Receiver General for the use of the band of Indians for whose benefit the Reserve is held and for the benefit of any Indian who has improvements thereon.

The Minister recommends compliance with the petition of the above Company,and that authority be given to the Superintendent General of Indian Affairs to arrange in regard to the compensation to be made to the Indians in accordance with the provision of the law,asabove quoted.

The Minister further recommends,the above named Company having

Indian Affairs. (RG 10, Volume 7662, File 22014-1)

L Vankoughnet Esq
Dr Sir

Sir: I have the honor to inform you that after a serious consideration of the question of the place of egress from the Welland and Lake St John Railway depot on the Queen Reserve the Chiefs and myself have resolved the permission given to the Co. to make its place of egress from the Depot in the 2d Street (main St) but one line the Co. the privilege to make its place of egress in the 1st Street on the West of the Reserve so as to make one single place of egress with that of the Corporation of Toronto to reach its aqueduct, in rear of the Reserve.

The Missionary agrees with us — You will therefore be pleased to make the required change in the deed to be passed with the Company

and

REGISTRY
WRITTEN

Draft

~~Sir~~ Chief,

I am in receipt of your letter of the 14th inst. in which it is stated that the Chiefs and you have revoked the permission given to the Quebec & Lake St. John Ry Co. to make its place of egress from the depot by the second street and to give them instead thereof the privilege of using the first street on the west of the Reserve so that there may be one way of egress for the Company from the depot, and for the Corporation of Quebec to reach its aqueduct near of the Reserve; and you embody in your letter a resolution said to have been passed by the council in

mat

You propose

Indian Affairs. (RG 10, Volume 7662, File 22014-1)

matter.

In reply I beg to inform you that the resolution allowing the Railway Company to use the roadway for the purpose of reaching the depot, which is situated east of the river and which runs past the church was agreed to by the Council at the meeting held in your house on the 12th inst., at which I was present on behalf of the Dept, and Mr. Mullarky was present on behalf of the Ry Co. It was then fully confirmed, after the conditions had been read and explained to the Chiefs. It is, therefore, now considered too late to retract from the agreement then made, of which, as well as of other conditions then agreed to connected with the Right of Way through the Reserve, the the Company has been fully advised by this Department.

I am &c.

Dear Sir,

I am very sorry to have to inform you that Mr Moore was absent on Tuesday last as regards Mr Bastien's building being without the right of way across the Indian Reserve at Lorette.

On Wednesday the 12th inst I had two of my Surveyors verify the distances between the Centre line of the railway & the buildings in question and the accompanying plan will accurately shew their relative positions.

I am exceedingly sorry that this should have taken place but in effect as much has been done and the Company will consent to the right of way being narrowed at the place

Ottawa, 30th October 1893

Sir;-

I have the honour, by direction, to acknowledge receipt of your letter of the 5th instant, in answer to mine of the 29th July last asking for more accurate information relative to the road on the Indian Reserve at Jeune Lorette which the Indians desire to close by means of gates so as to exclude the white public therefrom. Mr. Agent Bastien's letter, which you enclose, though not giving plain and direct answers to the questions put to him, shows that the street or road has been in existence since 1697. The plan indicates that the street itself, although entirely within the limits of the reserve, connects at either end with a public road, and the Agent's statement as to the origin of the road or street, notwithstanding the expression of his opinion, which he couples with it, would lend colour to the view that it has been open to the public since it was first laid out.

Unless the fact should be shown to be different from what is above stated, I am to say that the Minister of Justice is of opinion that it would not be legal for the Indians to erect gates to exclude the public from the use of the road.

I am,

Sir,

Your obedient servant,

The Deputy Superintendent General
of Indian Affairs,
Ottawa.

L. Vankoughnet Esq
Deputy Supt. Genl Indian Affairs,
Ottawa.

Dear Sir,

In reply to your favor of 15th inst, I enclosed please find cheque for $34.75 in payment of your personal account also voucher for deposit in Bank of Montreal of the sum of $575.00 in payment of land appropriated for right of way across Reserve, use of road to Station and individual damages claimed by Paul Picard and Philippe Vincent, the same being in accordance with agreement entered into between yourself representing the Department of Indian affairs and this Company.

Will you kindly send me separate vouchers for above amounts.

As regards Bastien's buildings, I beg to inform you that Mr. Mullarkey has been absent from Quebec for some days and since his return has not found time to interview Mr. Bastien, but in so far as the Company is concerned I am of opinion that it is not necessary to have any further negotiation with the party in question, since we are disposed to reduce the width of right of way at this particular place in such a manner that the buildings in question need not be disturbed. Since, therefore, the plot of ground owned and occupied by Mr Bastien is not encroached upon, nor interfered with, he is certainly not entitled to any compensation from the Company. The Company is willing however

it necessary that Mr. B.
shd. be informed by me
~~thing~~ through the 2nd. agt.
at Loretta that the Ry
Co. do not propose interfering
with the site of his buildings
but that they intend by
narrowing the right of way
at that point to avoid
the same. When I shall
have heard from him, or
from the Agt for him,
in the matter I shall
then inform you of the
conclusion arrived at in
respect to the money
part of the matter.

Yours

J. L. McDougall Esq
Auditor General

Sir

I enclose herein

Since the foregoing was written I have rec'd a letter from James Craig Maurice Esq Solicitor for the Co. enclosing Mr. Brosseau's agreement to remove the Indians buildings &c. from the right of way, under the arrangement to which I referred in my letter to you of the 4th inst. I do not think the indemnity offered upon behalf of the Co. will make it necessary to communicate with Mr. B. further in the matter. The agreement

Sir,

I beg to acknowledge the receipt of your letter dated the 9th inst. D.L. 90258, informing me that you have been advised by letter from the Secretary and the Manager of the Dulwich and St John Ry. Co. that with regard to the buildings of Mauvais Portage the Company would be disposed to reduce the width of the right of way at that particular point where the buildings are erected, but in that case no compensation would be paid to Portage by the said company. In answer I beg to state that I have informed Mr Portage of the above and his answer was, that he went to the conclusions agreed upon at the council held in the house of the said Chief in our own presence and the presence of Mr Malachy

Mr Clarke to be accounted with
that is to say, he consents on being
paid $100.00 for the damage done
to his property and that his
buildings be removed to the place
agreed upon - He further said
that recently, the Secretary of the
Company offered to pay him
$100.00 without disturbing his
buildings and that Mr Mc Clarke
also made him the same offer
but that as he cannot remain
constantly on his stable when
it gets close to the time to take
care of his horse young horse
a high spirited and valuable
animal, he refused this
new offer and insists on
the stable being removed
as agreed upon -

mon fils et Mr Mullarkey lui
donne / permettez-moi de vous
dire que cette affaire en est
encore arrivée à aucun résultat.

Mon fils se plaint de
ce retard et s'oppose présen-
tement à la construction de
la clôture du chemin de fer
le long de ses bâtisses, au point
où la Compagnie semble vouloir
réduire la largeur de son
chemin dans le but évident
d'éviter les frais communs
de la transportation des dites
bâtisses et de les laisser ainsi
sur le terrain du chemin
de fer.

vincent pour de la terre à
foin dont il jouit usage,
situé et formant un triangle
sur la ligne du Chemin de
fer

2. La Compagnie devra cons-
-truire, sur la partie de sa
ligne qui passe sur la
réserve, deux traverses
de Chemin de fer "Farm
Railway Crossings" aux
endroits où les Chefs désir-
-eront qu'elles soient pla-
-cées.

3. Des tuyaux pour le ser-
-vice de l'eau de l'Aqueduc
devront être posés de manière
à traverser la ligne à tous
différents endroits et les
Sauvages devront prendre les
tuyaux eux mêmes à la dite
Compagnie et faire en sorte
de ne pas lui occasionner
aucun délai dans la construc-
-tion de son Chemin de fer.

Les Sauvages auront le
droit de réparer ou de rem-
-placer les dits tuyaux. Mais
ces réparations ou ces
remplacements ne pourront
être

Jeune Lorette 14 Octobre 1892.

Au
Député Surt. général
des affaires des sauvages
Ottawa.

Monsieur,

Relativement au passage du public étranger sur la réserve de Lorette, je dois vous soumettre que plusieurs sauvages se plaignent depuis longtemps déja, que les blancs passent indistinctement dans deux rues du village, soit pour communiquer à la Station du Chemin de fer située en arrière de la Réserve, soit pour se rendre, le Dimanche comme la semaine, au Chateau d'eau de l'aqueduc, situé a environ 12 arpents en arrière du Village des Hurons. Ces sauvages me disent qu'ils ont nullement l'intention de se plaindre de la Compagnie du chemin de fer Québec & Lac St. Jean, vu qu'une rue du village lui a été consentie et accordée pour sortie de dépôt et vu aussi qu'il n'y a aucun convoi de chars qui circule le Dimanche sur le Chemin de fer ; mais ils se plaignent que le public communique indistinctement dans les rues où bon lui semble.

Ces sauvages se plaignent surtout, depuis longtemps, du passage

Indian Affairs. (RG 10, Volume 7662, File 22014-1)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

des blancs le Dimanche dans la 1ère rue du Village, (qui est voisine de la seconde) c'est-à-dire de celle qui a été consentie à la Compagnie du chemin de fer.

Les blancs venant en grand nombre, de Québec ou d'ailleurs, se promener au Chateau d'eau de l'aqueduc & passant dans cette 1ère rue, comme dans la seconde au grand trot de leurs chevaux, exposent ainsi la vie des jeunes enfants sauvages qui s'amusent à jouer dans cette dite 1ère rue, vu qu'ils sont privés & empêchés, autant que possible, par leurs parents, de jouer dans la seconde rue qui a été consentie à la Compagnie du Chemin de fer pour sortie de dépôt, afin de ne pas nuire aux voyageurs communiquant ainsi dans la dite seconde rue.

De plus, l'on se plaint aussi que certains voyous ennivrés de Quebec, ont déja accroché leurs voitures, en passant par la dite 1ère rue qui est très étroite, sur les perrons des maisons des sauvages et les ont brisés en menaçant de les démolir dans l'avenir, à leur prochain passage au Village.

Relativement à cette affaire, permettez-moi de vous référer à la lettre du Grand Chef des Hurons, en date du 14 Novembre 1890, vous demandant d'annuler la permission qui a été donnée à la Compagnie du Chemin de fer

Indian Affairs. (RG 10, Volume 7662, File 22014-1)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

Que le Lac St. Jean, de faire sa sortie de dépôt dans la 2de rue et de lui accorder le privilège de faire sa dite sortie de dépôt dans la 1ère rue, et de vous référer aussi à la réponse du département au Grand Chef, en date du 18 Novembre 1890 (No 99258) disant qu'il était dans le moment, Considéré trop tard pour rétracter les arrangements faits avec la Compagnie du Chemin de fer, à ce sujet.

Donc, puisque le département a cru devoir ne pas accéder à la demande des Chefs, de changer ainsi la sortie de dépôt en la 1ère rue au lieu de la seconde, le public ne devrait pas avoir le droit ni même la tolérance de communiquer au dépôt du chemin de fer par toutes les rues du Village, et je crois que pour empêcher le passage des Voitures dans la 1ère rue, il faudrait nécessairement placer une barrière à l'entrée ou au deux extrêmités de la dite 1ère rue, afin de forcer le public à communiquer tout par la seconde & même rue qui est la seule sortie réelle du dépôt Consentie à la Compagnie du Chemin de fer, et ne permettre qu'au gardien de l'aqueduc ainsi qu'aux membres de la Corporation de Québec, de passer sur la réserve pour se rendre au Chateau d'eau de l'aqueduc situé en arrière du Village des sauvages.

Indian Affairs. (RG 10, Volume 7662, File 22014-1)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

Ces sauvages espèrent que le département sera lui aussi, d'opinion qu'une barrière devra être placée à l'entrée, où mieux aux deux extrémités de la dite 1ère rue, et a leurs frais, afin de forcer le public à communiquer tout par la seconde et même rue, tel que dit plus haut.

J'ai l'honneur d'être,
Monsieur,
Votre obéissant serviteur,
Antoine O. Bastien,
Agent des sauvages.

Ottawa

Sir,

With Reference to the public highway for outsiders on the Reserve at Lorette, I beg to submit, that several Indians have already complained of the Whites making use indiscriminately of two streets in the village, to have access to the Railway Station in rear of the Reserve, the same is also done by Visitors, Sundays and week days who go to the Chalecau de Eau, Aqueduct - Buildings, situated some 12 acres in rear of the Huron Village

These Indians do not mean to complain of the Quebec & Lake St John Railway Company, as the use of a Street has been granted to the Company for egress purposes, and there being no circulation of teams on the Sunday, but they strongly complain of the public making indiscriminate use

use of all the Streets, and for some time past they have been complaining of the Whites circulating, especially on the Sunday, through the 1st Street which runs parallel with the 2d Street, the use of which, only, was given to the Railway Company.

The Whites occasionally come in great numbers from Quebec and other places for a drive or to visit the Chateau d'Eau making use of all the Streets, thus the Indian Children who may be playing in the 1st Street - for they are prevented as much as possible from playing in the 2d Street, or as not to interfere with the people who have any business at the Chateau with Railway, are exposed to serious accidents through the day in passing the Streets, by the visitors -

Some time ago, some Quebec blackguards from Quebec

Au Député Surt. Général
des affaires des sauvages,
Ottawa.

Monsieur,

En réponse à votre lettre du 16 Nov. dernier, No 99258 m'accompagnant un tracé de plan de la Réserve indienne de Lorette, montrant le droit de passage de la Compagnie du Chemin de fer Québec & Lac St. Jean, j'ai l'honneur de vous dire.

I° Qu'il n'est aucunement question de "ALTERNATIVE ROAD. tel que marqué sur le plan, vû qu'il n'y a aucune rue existante le long de la Rivière St. Charles et qu'il n'a été qu'un projet de l'ouvrière pour sortie de dépot, lors de la Construction du Chemin de fer en 1890.

II° Que les plaintes mentionnées dans ma lettre du 14 Octobre dernier, n'ont rapport qu'à la rue marquée sur le plan "PROPOSED ROAD" et c'est cette dite "PROPOSED ROAD" que le Grand Chef des Hurons avait demandé par sa lettre en date du 14 Novembre 1890, d'adopter au lieu et place de la rue marquée "ROAD" sur le plan, qui est la sortie réelle du Dépot Concentié à la Compagnie du Chemin de fer et qui a été refusée par

Indian Affairs. (RG 10, Volume 7662, File 22014-1)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

le département dans sa réponse au grand Chef, en date du 18 Nov. 1890.

III° J'ai l'honneur de vous dire de plus, que j'ai parlé aux sauvages plaignants qui habitent le long de la "PROPOSED ROAD" et ils m'ont fait remarquer qu'ils n'ont pas l'intention de vouloir faire condamner complètement cette "PROPOSED ROAD" vu qu'ils ont eux mêmes besoin de circuler dans cette "PROPOSED ROAD" et d'en recevoir les denrées; mais d'en faire empêcher uniquement les blancs d'y passer, soit pour aller au Chateau d'eau de l'aqueduc, soit pour se rendre à la Station du Chemin de fer, en plaçant une barrière à chaque extrémité de la dite "PROPOSED ROAD" que l'on ouvrirait aux besoins pour l'utilité des sauvages seulement.

Je vous retourne ci-inclus le plan tel que demandé, et quant à mes vues en rapport à cette affaire, je crois qu'il serait juste & nécessaire de faire mettre une barrière à chaque extrémité de la dite "PROPOSED ROAD" afin de forcer tout le public, à se rendre à la Station du Chemin de fer par la rue marquée "ROAD" sur le plan, qui est la seule entrée réelle du dépot consentie a la Compagnie du Chemin de fer.

Enfin, quant au passage du public étranger sur la Réserve, pour se rendre au Château d'eau de l'aqueduc situé en arrière du Village

Indian Affairs. (RG 10, Volume 7662, File 22014-1)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES

MEMORANDUM

To The Deputy Superintendent General

Department of Indian Affairs,

Ottawa, 24th Dec 1892

Re, Complaint of the Loretto Band of Indians in Connection with the use of certain Roads in their Village

I beg to state that Mr. Ind. agent Bastien's letter of the 14th Oct. last shows that a number of complaints have been made by him about strangers and the public using the road on the annexed plan called "Proposed Road" & to come on sundays & week days & the "Chateau d'eau" and Railway station & that annoyances by drunkards are occurring they therefore desire, & have a gate placed as as to shut out the general public from the road referred to - The Indians say that they do not want to have the road altogether closed as they require it for their own use, but that they would like a gate at each end of it. The agent says that he thinks it is only right and just that the public be excluded from passing through the reserve except by the road already conceded. I would respectfully recommend that the question be submitted to the Dept of Justice as the roads in this Village have been travelled for many years.

140402

Ottawa, 29th July 1893

579/93.

Enclosure.

Sir;-

I have the honour to acknowledge the receipt of your letter of the 19th instant, calling attention to a previous communication, dated 7th February last, relating to a road situate upon the Indian Reserve at Jeune Lorette which the Indians desire to be allowed to reserve to their own use.

The last mentioned communication has remained unanswered up to the present time owing to the file having gone astray, for which I desire to express my regret.

Replying to the questions put by you I beg leave to say that the papers do not disclose the facts with sufficient certainty to enable me to give a definitive opinion. It is stated in Mr. Agent Bastien's letter of the 30th January that the road has always been open since the commencement of the Huron Village; he cannot, however, say for how many years. Mr. Bastien adds that the road was never opened for the use of the stranger public, but solely for the use and benefit of the Indians, said street being within the limits of the Indian Village. This statement of the Agent's, I am strongly inclined to regard rather as an inference than a statement of fact.

From the plan submitted, the street would appear to be

the Deputy Superintendent General a

of Indian Affairs,

O t t a w a .

Indian Affairs. (RG 10, Volume 7662, File 22014-1)
PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

a street open to the public,and this appears to have been the case for a great number of years past.

If,as a matter of fact,the road was laid out as a public road and actually used as such for a number of years back,it would not be legal for the Indians to erect gates having for their object the exclusion of the public from the use of the road. However,as before stated,it is desirable that the most accurate information be obtained as to the facts of the case,and particularly as to the number of years ~~xx~~ for which the road has been in use by the public,and under what,if any,. restrictions.

Papers returned herewith.

I am,

S i r,

Your obedient servant,

for Deputy Minister of Justice.

ANSWER REQUIRED

Sept 17 1893.

Sir,

I have back the rect of your letter of the 4th inst referring the dept to your communication letter of the 30th Jany last on the matter of the road on the Lorette Reserve which the Indians desire to receive for their own use; and in reply I beg to inform you that your letter of the 30th Jany last does not contain sufficiently explicit and accurate information to admit of a proper consideration by the Dept of Justice of the question as to whether the Indians should

Indian Affairs. (RG 10, Volume 7662, File 22014-1)
PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

should be allowed Reserve
for their own use the road
situate on their Reserve
and to exclude the public
therefrom.

You will therefore be
good enough to furnish
as instructed in letter of
the 3rd Aug last full and
accurate particulars of
the facts as to when and
under what circumstances
the road was first made
and especially as to the
number of years during
which the road has been
in use by the public, and
under what, if any restrictions.

~~See your letter of the 30th June~~
It is observed that you state that the
road was never opened for the use
of the "strange public" but solely
for the use & benefit of the Indians,
the said street being within the
limits of the Indian village.

Thus

Indian Affairs. (RG 10, Volume 7662, File 22014-1)
PUBLIC ARCHIVES
ARCHIVES PUBLIQUES

RECEIVED

Translation

Jeune Lorette, 23 Sept. 1893,

1 50 L-
2

Au Député Surt. Général
des affaires des sauvages,
Ottawa.

Monsieur,

J'ai l'honneur d'accuser réception de votre lettre du 12 Septembre courant, N° 99258, relative au passage du public étranger dans une certaine rue du Village Huron de Lorette, et en réponse, je dois vous dire que la rue en question existe depuis que la tribu Huronne est établie à la Jeune Lorette en l'année 1697. Après avoir consulté les plus anciens membres de la tribu sur ce point, il m'est impossible, vû qu'ils ne peuvent me donner d'autres informations, de vous donner plus de détails à ce sujet.

Quant aux circonstances sous lesquelles cette rue a été faite la première fois, je dois vous dire que la coutume des sauvages autrefois, était de se placer près d'une Rivière et c'est ce qu'ils ont fait ici; la rue en question est la première à l'Est et près de la Rivière St. Charles; cette rue a été faite par suite de la Construction des maisons du Village par rangées. Les Hurons étant établis à la Jeune Lorette en 1697, ont

Indian Affairs. (RG 10, Volume 7662, File 22014-1)
PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

ont disposé leurs maisons tel qu'on les voit aujourd'hui et par suite, les rues se sont ainsi trouvées tracées. Cependant je dois ajouter que cette rue, pas plus que les autres, n'a jamais été ouverte pour le public étranger ; mais ceux des blancs qui y passent pour fournir aux sauvages, le bois de chauffage et les denrées, devraient être tolérés, l'abus, sans restriction, de cette première rue à l'Est de la Rivière St. Charles, ne date que depuis 1890, lors du Consentement des sauvages d'accorder aux blancs la seconde rue pour sortie de dépot du Chemin de fer situé en arrière du Village.

Il m'a été impossible de vous envoyer cette réponse par le retour de la Malle, où, qu'il m'a fallu attendre le retour de quelques uns des anciens sauvages qui étaient absents de la Réserve, pour en prendre les informations nécessaires, afin d'en donner tous les renseignements possible au Département.

J'ai l'honneur d'être,
Monsieur,
Votre Obéissant serviteur,
Antoine O. Bastien,
Agent des sauvages.

"Translation"

La Jeune Lorette 23 Sept^br 93

To the Deputy of the
Sup^t G^l of I. A. &c &c &c
Ottawa

Sir

I have the honor to acknowledge the receipt of your letter dated the 12 inst. No 9.9258, relative to the petition making use of a certain Street in the Huron Village of Lorette and in reply, I beg to state that the Street in question has been in existence ever since the Huron Tribe came to reside at Lorette in 1697.

I have consulted the oldest members of the Tribe concerning this matter but could not obtain any other information, I am consequently unable to give any further details.

With regard to the circumstances under which this Street was first opened, I must say that formerly it was customary for the Indians to settle near a river and this is what these Indians did.

The Street in question is the first one East and nearest to the River St Charles. and the Street was traced out among the houses being built

Indian Affairs. (RG 10, Volume 7662, File 22014-1)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

built in line with one another.
The Farmers came to Lorette
in 1697 and the position of
their Farms were as they are
now day and thus were all the
streets laid out. I should
add however that that street
like the others was never opened
to the public except to those who
have to make use of it, to bring
fuel wood and provisions to
the Indians and more should
be tolerated. The great abuse in
the use of this first street, East of the
main St Charles dates only since 1890
when the Consent of the Indians
was given for the Whites to make
use of the Second Street, to have
access to the Depot in the rear
of the Village.

I was not able to reply to
your letter by the Return Mail
for I had to await the Return
home of some of the old Mem
-bers of the Tribe who were absent
and from whom I expected
to obtain more information
for the Department

I have the
