Greek Government Defeated?

Zainis in Power Less Than a Month—London Embassy Has No Word But Minister Says it Means Another Crisis if True

Paris, Nov. 4.—The Zainis government was defeated in a discussion of foreign politics in parliament today, and it is expected to resign, says a Havas despatch from Athens.

Paris, Nov. 4.—A discussion of proposed military laws, the correspondent says, raised a question between the minister of war, General Yanakakis, and the majority party of former Premier Venizelos. On this issue Premier Zainis decided to ask a vote of confidence.

The discussion then turned to the foreign policy of the government. M. Venizelos declared it was impossible for his party longer to sustain the government, whose policy he considered harmful to the interests of the country.

All the party leaders engaged in the discussion. The final vote was 147 against the government to 114. Premier Zainis has been in office less than a month, having been asked by King Constantine to form a cabinet in the resignation of Premier Venizelos on October 6.

The retirement of the Venizelos ministry grew out of its policy in favor of entering the war with Serbia against Bulgaria, to do which, M. Venizelos maintained, Greece was bound by her treaty obligations. The king thought that in the circumstances Greece was not obligated to take up arms.

Another body is washed ashore on Nova Scotia coast. Digby, N. S., Nov. 4.—The body of an unknown man was picked up yesterday afternoon on the south shore of St. Mary's Bay about a half mile west of the Meteghan breakwater.

Lucerne, Switzerland, Nov. 4.—Prince Von Bulow informed the Associated Press today that he had not come to Switzerland on a peace mission. He declared that Germany was resolved to continue the war to its conclusion.

Rome, Nov. 4.—Floods caused by the overflowing of the Tiber have interrupted railroad traffic, uprooted trees and drowned cattle. Many peasant families have been rescued from areas surrounded by water.

WINS SOFA CUSHION. A drawing for a black satin hand-painted sofa cushion cover took place this morning in the mayor's office.

BAND WILL PARADE. The City Cornet Band will meet at the head of King street this evening and parade to Victoria Park where they will take part in a recruiting meeting.

BRITAIN'S NEW CHIEF ARRIVES AT DARDANELLES; ALLIES MAKE GAINS. Rotterdam, Nov. 4.—Lieut. General Sir Charles C. Monro, Great Britain's new commander-in-chief on the Gallipoli Peninsula, has arrived at his post, according to the Vossische Zeitung's Sofia correspondent and made great preparations for the landing of troops.

Athens, Nov. 4.—Press despatches from Mytilene Island say that a small action was fought at Kritika, Gallipoli Peninsula, on Tuesday which resulted in the Entente allies occupying a section of the Turkish advanced trenches.

Amsterdam, Nov. 4.—The Constantinople correspondent of the Lokal Anzeiger, of Berlin, says it is reported that the British forces intending to spend the winter on Gallipoli and have an intention of voluntarily abandoning their operations there.

Heavy Fighting Again in The West

Paris, Nov. 4.—Spirited fighting with hand grenades took place last night in the vicinity of Lille, according to announcements made this afternoon by the French War Office.

Italy Will Make No Separate Peace. Rome, Nov. 4.—Italy adhered to the agreement signed by the allies at London on September 8, 1914, not to make a separate peace, says the Messaggero.

London, Nov. 4.—The Athens correspondent of the Exchange Telegraph Company asserts that, following his departure from the chamber of deputies, Premier Zainis will resign.

London, Nov. 4.—The Greek minister to London, Jeanes Gennadius, said this afternoon that he had received no official information.

London, Nov. 4.—The British steamer Pharaos, which has been reported to have been sunk, has been found to have been in the Channel.

GERMANS PREPARING FOR RUSSIAN WINTER RIGORS

Advance Apparently Given Up and Enemy Digging in Position on Present Line

Petrograd, Nov. 4.—Shumsky, military critic of the Bourse Gazette, says a strategic calm has set in along the entire Russian front and that the Teutons compelled to suspend their aggressive operations, are everywhere preparing for a positional campaign on their present line.

London, Nov. 4.—Richard Lloyd George, elder son of David Lloyd George, minister of munitions, has been promoted from captain to the rank of lieutenant colonel.

Queenstown, Nov. 4.—The crew of the American schooner Frederick A. Duggan has had a hard time on Atlantic.

Yarmouth, N. S., Nov. 4.—Mrs. Mary Killam, widow of Captain John Killam, died here last night, aged 80 years.

Police Court. In the police court this morning one man arrested on a drunkenness charge was remanded.

James Murphy was arrested last night on a charge of lying and lurching around a box car in the I. C. R. He told the court a story about domestic troubles, which was not investigated.

Carl Fredericksen, arrested on charge of drunkenness and creating a disturbance on board the bark Ancenis was remanded.

Seventy Mile Opening All That is Left For Retreating Forces—French Continue to Land Troops at Saloniki—The British Forces

London, Nov. 4.—The gradual enveloping movement, whereby the Austro-Germans and Bulgarians hope to surround the retreating Serbian army and cut off its line of retreat into Montenegro is brought into clearer view by despatches printed in the morning papers.

At the other end of their long, crescent-shaped front, the Bulgarians are within sight of Nish, from the top of the watersheds between the Stryg and Nishava Rivers, twelve miles from Nish.

On Plish mountain, they are within gunshot of the main electric works at Svetapetka in the valley below. Heavy fighting is reported near Bela Palanka, a little farther east.

In the centre of the crescent, the threatened Bulgarian advance from Vales towards Monastir, has been arrested by the timely arrival of allied reinforcements, but news of a Bulgarian column creeping around by way of Kalkandelen and Krushovo to take Monastir in the rear has thrown the inhabitants of that city into a fresh panic.

The most important feature of the Austro-German advance is considered to be the strengthening of their hold on Western Moravia by the capture of Ustoe, on the railroad which is the chief trans-Serbian line. Ustoe and Pristina may be regarded as the northern and southern pivots of the pincers which the enemy is endeavoring to close on the Serbian army.

Paris, Nov. 4.—The continuing of French troops at Saloniki's boundaries without incident, according to announcements made this afternoon by the French war office on the operations in the East.

Amsterdam, Nov. 4.—An official Bulgarian statement says that King Peter of Serbia has gone to the front to encourage his soldiers and take them the news that French and British forces are hastening to their assistance.

London, Nov. 4.—King George had a somewhat disturbed night, but was better this morning, and could move with less discomfort.

Paris, Nov. 4.—The first British contingent arrived on Friday at Guerguill in the Serbian theatre, according to a Havas despatch, filed on Saturday at Saloniki but delayed. The British forces will act as a separate unit, but in collaboration with the French troops.

London, Nov. 4.—The first British contingent arrived on Friday at Guerguill in the Serbian theatre, according to a Havas despatch, filed on Saturday at Saloniki but delayed.

Athens, Nov. 4.—Categorical denial is given by the official Greek news agency, to a statement made in the Frankfurter Zeitung that former Premier Venizelos, whose supporters constitute a majority in parliament, is using his influence to bring about the demobilization of the Greek army, fearing that it may be used in co-operation with the Central Powers.

Rome, Nov. 4.—Albanians living in the Subagora and Krusovo districts of Serbia, have revolted, according to a Durso despatch to the National Agency. A desperate battle between Serbian troops and rebels has been fought north of Tirana.

The anti-Serbian movement has spread into northern Albania.

Residents of North End are asking as to when the cars will again be running through over the main line to Inghamtown. The concrete laid some days ago appears to be as solid as it will ever be, and many are asking why there should be a further delay.

SUNDAY SCHOOLS "HAPPY" EVANS MEETS BROTHER

Proceedings of Convention This Morning

Reports Include One on Membership, Showing a Gain—The War and the Work

The convention of the New Brunswick branch of the N. B. and P. E. I. Sunday School Association was continued in Centenary Church this morning. Reports were presented by R. T. Hayes, on behalf of the executive, and W. A. Ross, general secretary.

The report of the executive was in part as follows: "During the year 1914-15, a committee was appointed to meet with the Executive of the Association to discuss the question of introducing a systematic Bible readings in the public schools. Mr. Ross, our general secretary, appeared on behalf of the association before the joint committee and was given a sympathetic hearing. The matter is now in the hands of the various churches."

Mr. Hayes also told of the plan to have a convention of the various churches in the province, to be held in Digby, N. S., Nov. 4.—The body of an unknown man was picked up yesterday afternoon on the south shore of St. Mary's Bay about a half mile west of the Meteghan breakwater.

Lucerne, Switzerland, Nov. 4.—Prince Von Bulow informed the Associated Press today that he had not come to Switzerland on a peace mission. He declared that Germany was resolved to continue the war to its conclusion.

What are Peeps

Peeps are the new treatment for coughs, colds and lung troubles. They are little tablets made up from Pine extracts and medicinal essences. When put into the mouth these medicinal ingredients turn into healing vapors, which are breathed down directly to the lungs, and bronchial tubes. The Peeps treatment is direct. Swallow, live vapors for Newport News, to cure ailments and disorders in throat and lungs, is indicated. Peeps are revolutionizing the treatment of colds, as their price is within the reach of all. See box at druggists, or Peeps Co., Toronto.

SERGEANT KNIGHT IN MOTION PICTURES AT GEM

Other Scenes of Interest in British-Canadian News Gazette—Good Feature Bill—"Neal of the Navy" Tomorrow

A touch of popular local interest was given to the pictures at the Gem yesterday and today in the showing of Sergt. Knight and Major Day in action on the recruiting platform. The views were included in the British-Canadian News Gazette, along with scenes from England and France. Some of the other scenes were "Wounded Heroes in England", "Soldiers' Sports", "Police's Visit to French Wounded", "Recruits in London", "Military Observers Studying Battlefront", and other attractive pictures. The Gem orchestra had a fine programme while the other pictorial features were of enjoyable interest.

"Spontaneous Combustion" was another two-part episode in "The New Exploits of Elaine", which won hearty favor; "A Quiet Little Game" was a fine comedy well presented by the Essanay Players, while "The Ace of Diamonds", a story showing the danger of accompanying gambling, was given by the Biograph Company, with little Zoe Beech in the leading role, a matured actress aged only five years. The pictures were all feature successes. They will be repeated today, while tomorrow "Neal of the Navy" will be seen in another episode.

The Proper Food For "Torpid" Livers—Do you suffer from a sluggish or "torpid" (really a tired) liver. Many people do, especially those who work in offices or take little exercise. Such people should eat largely of active foods, such as Dr. Jackson's Roman Meal. This food consists of whole wheat and rye berries, deodorized flax seed and 10 per cent. wheat bran. It stimulates and lubricates the digestive tract. It prevents decomposition and fermentation within the bowel thus relieving the liver and exercising the bowels muscles. The most active, nourishing and healthful cereal food.

Positively do not stir Roman Meal porridge. Read directions on the package. At all live grocers, 10 and 25 cents.

GREAT WESTERN STORY

"Chip of the Flying U" Scaped at the Coy West End House

B. M. Bowers' story about "Chip of the Flying U" was screened at the Empress last night and made a big hit with the patrons. Chip must have been a famous cowboy, if he could measure up to the outdoor attainments of Tom Mix, the undisputed king of the plains. We see Chip, as Tom represents him, several neck-breaking stunts, one of which is a dare-devil feat that has never before been attempted. It is known as being "saddle-borne". The rider has lassoed a wild broncho and is constricting him to the corral by means of the lasso fastened to the horn of his saddle. Without warning, the animal makes a terrific dash at right angles to the course taken by the rider's mount away from his captor. The saddle girth breaks and the dismounted rider, whose feet are entangled in the stirrups, is dragged along the ground at a fearful rate—over rough places, up hill and down. It is amazing how Tom Mix comes out of his dangerous feat with whole or unharmed limbs. The magnificent views showing thousands of cattle grazing on the hillside will soon be an impossibility for the camera to catch, for the great herd have nearly all disappeared.

The programme is concluded with two rip-roaring Lubin comedies, Oh, That Band, and Pins Are Lucky. This well balanced programme will be screened again tonight for the last time.

DEEP WATER DIVING JOBS OPEN TO BLIND SOLDIERS

London, Oct. 6.—(Correspondence)—Deepwater diving is one of the trades for which blinded soldiers may fit themselves, writes C. Arthur Pearson, chairman of the Blinded Soldiers and Sailors' Committee. He says: "Diving is, I think a quite new occupation for blind people. The diver who is building breakwaters and piers works in the dark for even if the water is clear his work disturbs it and renders it impossible for him to see anything through it. The diver is one of the best paid of workmen. He has an attendant to look after him while he is below and when he returns to the surface, and the occupation is one which I think will prove to be extremely suitable for intelligent blinded soldiers and sailors who have had some mechanical training."

BORDEN WANTS LONGER LEASE OF LIFE FOR PARLIAMENT

Tentative proposals have been made by Premier Borden to Sir Wilfrid Laurier for an amendment to the British North America Act to provide for an extension of the life of the present parliament until six months after the close of the war.

OLD FOLKS NEED "CASCARETS" FOR LIVER, BOWELS

Salts, Calomel, Pills Act on Bowels Like Pepper Act In Nostrils

Enjoy Life! Don't Stay Bihous. Sick, Headachy and Constipated

Get a 10-cent box now. Most old people must give to the bowels some regular help, else they suffer from constipation. The condition is perfectly natural. It is just as natural as it is for old people to walk slowly. For age is never so active as youth. The muscles are less elastic. And the bowels are muscles.

So all old people need Cascarets. One might as well refuse to aid weak eyes with glasses as to neglect this gentle aid to weak bowels. The bowels must be kept active. This is important at all ages, but never so much as at fifty. Age is not a time for harsh physics. Youth may occasionally whip the bowels into activity. But a lash can't be used every day. What the bowels of the old need is a gentle and natural tonic. One that can be constantly used without harm. The only such tonic is Cascarets, and they cost only ten cents per box at any drug store. They work while you sleep.

BRITAIN'S NEXT WAR VOTE A BILLION AND A QUARTER

Another vote of credit will be introduced in the British Commons next week. It is believed the amount asked for will be \$1,250,000,000. If this is so it will bring the total war vote to \$3,500,000,000. The present rate of expenditure for war purposes is \$25,000,000 a day.

ENEMIES AT HOME. Mr. Henri Bourassa is diligently engaged in an effort to create prejudice in the French-Canadian mind against England.

IS IT IMPERTINENT? The Standard, referring to the question of whether St. John should be content with one battalion or urge that facilities be provided to winter two or three battalions at St. John, which it is claimed can easily be done, says:—

Impertinence appears to be a rather strong word. Why is it used? Why is there any protest against the board of trade or Retail Merchants' Association or any other body of citizens interesting themselves in their own affairs?

AN UNHAPPY CONDITION. St. John appears to contain a few individuals who accept the doctrine in a political sense that "whatever is, is right". They deprecate any suggestion that a change for the better could be brought about in any direction.

NEW APPOINTMENT FOR COL. McLEAN

Special Recruiting Officer For Maritime Provinces - Major McLean Wins D. S. O. - Solicitor General Going to Front

Col. H. H. McLean, M. P., has been appointed special recruiting officer for the maritime provinces. His son, Major C. Weidon McLean, O. C. "A" Battery, R. H. Artillery in France, has been decorated with the D. S. O. by the king for special skill in carrying out orders in a recent artillery drive.

George A. Peters, Vancouver, B. C., 29th Battalion, is reported wounded while Wm. A. Davis, Lakeview, Queens Co., and Fidele Gullant, P. E. I., are reported returned to duty after having been wounded.

Hon. Arthur Meighen, solicitor general of Canada, has volunteered and will go to the front as quartermaster with the Grenadier Guards of Montreal.

West End Reception. A pleasant time was enjoyed last night by the members of the Siege Battery when they came from their quarters at Fortitude Island to West St. John, and in the drill hall there, a reception was tendered them by citizens of Carleton Place.

Solier were given Misses Baskin, Pen-ton and Ring, besides other numbers by the soldiers. Refreshments were served with a committee composed of Mrs. Martinson, Mrs. A. J. Mulcahey and Mrs. F. A. Lilley directing. It was a most successful gathering.

Wm. McMann, a city teamster, was honored yesterday by associates in the department of public works in the presentation of a wrist watch, presented by Commissioner Potts in their behalf, with best wishes.

Brig. General Rutherford is to retire at O. C. 8th M. D. with headquarters at Halifax, and is to be succeeded by Brig. General Benson, chief ordnance officer.

Pte. George Roseborough, 29th Battalion, wounded and now in hospital in Edinburgh, Scotland, has written to his home in Prince William, N. B., saying he was recovering after his injuries and expected to be back in France by Christmas.

Captain J. W. Worden, a former New Brunswick officer whose home was in Baywater, is to be given command of a new battalion of infantry to be raised soon in British Columbia. Capt. Worden was in St. John a few weeks ago, on his way back from the front, where he had been severely wounded. He has resided in Vancouver for many years.

Members of the staff of Macaulay Bros. & Co., yesterday presented wrist watches to three employes, Murray Latham, George Cochran and Norman Macaulay, who have enlisted for overseas service with the siege battery.

At a recruiting committee meeting in the hall of trade unionists yesterday afternoon it was announced that the shells which had been loaned by the shell commission to the trophies exhibition would be on exhibition at the recruiting office, Mill street.

Lieut. Colonel Sturdee and Walter Allison were appointed a committee to co-operate with the city in arranging a welcome to the 52nd Battalion.

ALL PARCELS SENT TO SOLDIERS SHOULD CONTAIN ZAM-BUK

A man from the front made this remark the other day, and extracts from many letters we have received from the front, long and from Canadian camps bear this out.

Supper G. T. Webster, 2nd Field Co., Canadian Engineers, writes: "We find Zam-Buk of great benefit here in camp for sores, cuts, bruises, sprains, etc. I would not be without it."

Corp. J. C. Freeman 10th Field Ambulance, writes: "I have found Zam-Buk a great remedy for foot-sores and also for rheumatism. A box I received the other day was shared amongst us and used up in a few minutes."

Lance-Corp. Delaney, 2nd Royal Irish Regt., who has been awarded the Distinguished Conduct Medal, writes: "Zam-Buk out here is like a loaf of bread to a starving man. We had a forced march of thirty-seven miles, and not a man who used Zam-Buk on his feet fell ill."

Sergt. F. Bremner, 8th Canadian Mounted Rifles, writes from Barrieh: "Zam-Buk has proved most valuable for cuts, sores, blisters, etc. It has been a true friend, and we never fail to include it in our kit."

Private Johnson writes: "Mrs. _____ offered to send me a rug. I have written to tell her to send out Zam-Buk instead. It will be of far more use."

For sore feet, chafed places, sculp sores, chapped hands, etc., Zam-Buk is a veritable marvel. It stops the pain and heals so rapidly. Here it costs but 50c. per box. Out at the front, to your friends in the trenches and engaged on communications, it is priceless. Send a few boxes in your next parcel. Remember also that for similar injuries sustained at home it is just as good.

"teen age" period. Dr. G. E. Barker delivered an address on Health and Hygiene.

The elementary conference heard a paper by Mrs. H. Coy and Miss Helen Camp and Miss Lyle V. Kennedy gave a demonstration of a model primary class.

In the secondary conference Fred N. Myles, Miss Alva Bisset and Samuel McCarver read papers and P. J. Legge illustrated the organization and training of a class of boys.

Supper was served in German street church at 8:30 and was followed by conference on parish and elementary work.

Rev. W. Camp presided at the evening session and delivered his annual message. Rev. G. J. Bondy, D. D. of Saccville gave an address on Devotion and Bible Message. Replies to messages of loyalty sent from the last convention to the governor general and the king were acknowledged. R. T. Hayes gave an address of welcome to the visiting delegates to which Rev. F. L. Orchard replied and J. C. Jardine presented the resolutions of the island division. A press committee consisting of Rev. J. H. A. Anderson, R. B. Wallace and R. J. Colville was appointed. The closing address was one by Rev. G. A. Lawson on Same Sunday School Values.

OPENING SESSIONS OF S. S. CONVENTION

Interesting Reports and Addresses Mark First Day of Provincial Gathering - Conference for Girls Recommended

The first business session of the N. B. & P. E. I. Sunday school convention was held yesterday afternoon in Centenary church. After a general session the convention divided for group conferences. In the evening a public session was held at which several interesting addresses were given.

At the afternoon session Mrs. Havelock Coy submitted her report as superintendent of the elementary department, urging the appointment of a superintendent who could give all her time to the work of supervision. Rev. G. A. Lawson superintendent of the secondary division, reported considerable progress during the year. He recommended that another training class for elder boys be held at the Y. M. C. A. camp next year and that a conference be held for girls of the

THIRTY RECRUITS SIGNED YESTERDAY

104th Filing Rapidly - Rustom Rustomjee, of Bombay, Heard at Recruiting Meeting in North End

About thirty men applied at the Mill street recruiting office yesterday to join the ranks of the 104th, and nearly all were accepted. Besides eight mentioned in yesterday's Times, others who passed were Walter Lamoureux, A. W. Robson, F. Kearns, Roy E. Clayton, George W. McDonald, Guy W. Gregory, all of St. John; Stanford McKinnon, Campbellton; Victor Wiggins, Young's Cove;

Ralph Alcorn, Bear River; George Ward, Bloomfield, and G. Smith, Joggins, N. S. Two successful recruiting rallies were last night held in the city and a feature of unique interest was the speech of an Indian scholar, Rustom Rustomjee, editor of the Oriental Review, Bombay, India, who was heard at a meeting in St. Michael's Hall, North End, in an address telling of the great work India is doing with the colors. Other speakers at this meeting were Sergt. Knight, Hon. R. J. Ritchie, and Corp. Joseph Dryden, who was heard for the first time since his return from action overseas. A. M. Rowan presided.

EQUIPPING FRENCH HOSPITAL TRAINS

Americans Rebuilding Freight Cars—Have Remodeled Them With Operating Tables

Paris, Oct. 1.—(Correspondence)—Equipping railway trains for hospital service is a new development of charity in France, in which Americans are taking an active part. In the recent reorganization of the entire hospital service the need for properly arranged trains to transport the wounded from the front to the hospitals located throughout France became evident.

To date several Americans have helped, one car having been fitted up by money sent from Hawaii, through Dr. J. J. J. and friends. Another American, Walter B. Hardy of Chicago, and Mrs. J. J. J. of Philadelphia, as a result of the rebuilding of these first freight cars for this purpose, to date, not fewer than before very long remodeled with money contributed by individuals of cities of France. So great has been the interest on the part of the military surgeons that the war department has authorized the placing of one of these 200 hospital trains now in service in France.

THIN PEOPLE CAN INCREASE WEIGHT

Thin men and women who would like to increase their weight with 10 or 15 pounds of healthy "stay there" fat should try eating a little Sargol with their meals for a while and note results. Here is a good test worth trying. First weigh yourself and measure yourself. Then take Sargol—one tablet with every meal—for two weeks. Then weigh and measure again. It isn't a question of how you look or feel or what your friends say. The scales and the tape measure will tell their own story, and many thin men and women believe can easily add from five to eight pounds in the first fourteen days by following this simple direction. And best of all, the Sargol does not itself make fat, but mixing with your food, it aims to turn the fat, sugar and starches of what you have eaten, into rich, ripe fat producing nourishment for the tissues and blood—prepare it in an easily assimilated form which the blood can readily accept. Much of this nourishment now passes from your body as waste. But Sargol works to stop the waste and do it quickly and to make the fat producing contents of the very same meals you are eating now develop pounds and pounds of healthy flesh between your skin and bones. Sargol is safe, pleasant, efficient and inexpensive. WOMAN WOULD NOT GIVE UP

Though Sick and Suffering; At Last Found Help in Lydia E. Finkham's Vegetable Compound.

Richmond, Pa.—"When I started taking Lydia E. Finkham's Vegetable Compound I was in a dreadfully rundown state of health, had internal troubles, and was so extremely nervous and prostrated that if I had given in to my feelings I would have been in bed. As it was I had hardly strength at times to be on my feet and what I did do was by a great effort. I could not sleep at night and of course felt very bad in the morning, and had a steady headache. "After taking the second bottle I noticed that the headache was not so bad, I treated better, and my nerves were stronger. I continued its use until it made a new woman of me, and now I can hardly realize that I am able to do so much as I do. Whenever I know any woman in need of a good medicine I highly praise Lydia E. Finkham's Vegetable Compound."—Mrs. FRANK CLARK, 3146 N. Tulip St., Richmond, Pa.

APPROVE OF BUTTON PLAN

Montreal Officers Support Proposal to Furnish Base For Men Registered For Active Service

Commanding officers of the different battalions in Montreal, especially those engaged in recruiting for overseas battalions, favor the plan adopted by the British War Office to denote men who have volunteered for active service and have been rejected on medical grounds.

"It is only fair that those who try to go to the front and are rejected, should be distinguished from those who have not the courage to try, as the expression of one of the officers going overseas. "Everything possible that can be done to make the slackers come in in answer to the king's appeal should be done in the old country. The soldiers who return wounded from active service in France are being given no medals, they are treated as much as any medical but at large that has done his little bit, and a silent invitation to others to go over and take his place. But some of the medical disabilities which prevent them from being able to go to the front, and other things which render them unable to stand the hard work in front of a spirit is willing.

GinDills FOR THE KIDNEYS

What They Have Done. "I suffered a great many years with kidney trouble; tried several remedies, and also doctors' medicine, with no result. Two years ago I read in the newspaper of 'GIN PILLS FOR THE KIDNEYS' and sent for two boxes. They did me more good than all the medicine I had ever taken. After I used the first two I sent for two more boxes, and I am satisfied, and also know that Gin Pills are the best kidney remedy made."

LADIES! LOOK YOUNG, DARKEN GRAY HAIR

Use the Old-time Sage Tea and Sulphur and Nobody Will Know. Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. You don't want to look old, do you? When it fades, turns gray and looks dry, wispy and scraggly, just use the Old-time Sage Tea and Sulphur. It makes your hair grow again, and Sulphur enhances its appearance a hundred fold. Don't stay gray! Look young! Either prepare the tonic at home or get from any drug store. "Wedge's Sage and Sulphur Hair Remedy." Thousands of folks recommend this ready-to-use preparation. It makes the hair beautiful and removes dandruff, stops scalp itching and keeps the hair healthy. It makes the hair grow again, and Sulphur enhances its appearance a hundred fold. You moisten a sponge or soft brush with the dressing and brush the hair, taking one small strand at a time. By morning the gray hair disappears, and the hair grows again, and Sulphur enhances its appearance a hundred fold. KAISER'S "SPECIAL" TRAVELING HOTEL

His "Boswell" Denies He Made His Generals Nervous. The extraordinarily equipped train in which Kaiser Wilhelm makes his frequent dashes from one war front to the other, enjoying every comfort that a summer might desire, is described in a new volume by Paul Schneider, who says he has observed the life led by the Kaiser at the front as a sort of Boswellian war correspondent with the Emperor for his Johnson.

How To Get Rid of a Bad Cough

A Home-Made Remedy that Will Do It Quickly, Cheap and Easily Made. If you have a bad cough or chest cold which refuses to yield to ordinary remedies, get from any druggist 2 1/2 ounces of Pinex, 50 cents a bottle, pour into a 16-ounce bottle and fill the bottle with plain granulated sugar syrup. Start taking a teaspoonful every hour or two. In 24 hours your cough will be conquered, or very nearly so. Even whooping cough is greatly relieved in this way. This Pinex and Sugar Syrup preparation takes right hold of a cough and gives almost immediate relief. It loosens the dry, hoarse or tight cough in a way that is really remarkable. It also quickly breaks the inflamed membranes which accompany a painful cough, and stops the formation of phlegm in the throat and bronchial tubes. Excellent for bronchitis, spasmodic croup and winter coughs. Keeps perfectly and tastes good—child-like like it.

RECENT DEATHS

Bedford H. Smith. News of the death of Bedford H. Smith, collector of customs at the port of Nanaimo, B. C., was heard with regret by many friends in this city. He was a native of Blenheim, Sunbury county. He was in his sixty-seventh year and was in the west for the last thirty years. He passed away on Oct. 2, 1915, and was buried in the St. John's cemetery.

DR. WU TING-FANG HAPPY IN OLD AGE

Will Spend Rest of Life in Writing Books. Shanghai, Sept. 20.—(Correspondence)—Dr. W. M. Ting-fang, former Chinese minister to the United States, although he plans to live to be 160 years old, for the next 75 years will be just an on-looker, regarding the world as it is. The doctor is turned back into an on-looker, for he is now 85 years old. He says he will devote the rest of his life to literary work. I have just finished some books in Chinese on education, and I am now writing a book in English on the system of schools for my country. "You still cling to your vegetarian principles?" "O, yes. I have found the secret of health. No liquor or tobacco for me, and

GLASS OF SALTS IF YOUR KIDNEYS HURT

Eat Less Meat if You Feel Back-ache or Have Bladder Trouble. Meat forms uric acid which excites and overworks the kidneys in their efforts to filter it from the system. Regular eaters of meat must flush the kidneys occasionally. You must relieve them like you relieve your bowels; removing all the acids, waste and poison, else you feel a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The uric acid is cloudy, full of sediment; the channels often get irritated, obliging you to get up two or three times during the night. To neutralize these irritating acids and flush off the body's urinous waste get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine and bladder disorders disappear. This famous salt is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to clean and stimulate sluggish kidneys and stop bladder irritation. Jad Salts is inexpensive, harmless and makes a delightful, refreshing thirst-quencher. It is the only salt that makes you feel like a child again. It is the only salt that makes you feel like a child again. It is the only salt that makes you feel like a child again.

THE EVENING TIMES AND STAR, ST. JOHN, N. B., THURSDAY, NOVEMBER 4, 1915

LAST NIGHT'S WAR NEWS GOOD

British Navy Scores Again—Landing of Allies at Kavala Fine Piece of Strategy

Liverpool, Nov. 3.—The Daily Post publishes a report of the capture of one of Germany's latest super-submarines, 250 feet long and carrying in addition to torpedo tubes, four guns of fairly large calibre. The submarine was launched at Stettin a fortnight ago. The Post states that within a few hours after leaving her base she was caught "in one of those traps we have so skillfully laid for these craft somewhere in the German ocean."

New York, Nov. 3.—A news agency despatch from Copenhagen says: "The German ship Gedania was sunk by a British submarine in the Baltic Sea today."

London, Nov. 3.—A despatch to the Exchange Telegraph Company from Copenhagen says: "The German steamer Stuz was sunk by a British submarine yesterday off Karlskrona, in Sweden, on the Baltic. Her crew was landed in Sweden today. One of the men was wounded by a shell splinter."

London, Nov. 3.—Four allied torpedo boat destroyers yesterday bombarded the seaport of Tchesme, in Asia Minor, 40 miles south-west of Smyrna, a message from Athens to the Exchange Telegraph Company states. The Turkish forts, the customs building, the government residence, the old barracks and a large part of the Turkish quarter were destroyed. The war vessels ceased firing after a bombardment of two hours.

Paris, Nov. 3.—The ministerial declaration made by Aristide Briand, the new premier, today, was most favorably received in both the chamber of deputies and the senate, and a vote of confidence of 515 to 5, was given the government amid great applause.

The premier's announcement that it was the government's decision to obtain guarantees of a durable peace before laying down arms also was greeted with enthusiasm.

London, Nov. 3, 4:10 p.m.—Reports of the landing of entente filled troops at Kavala, in New Greece, are hailed here joyfully, as the operation is considered to be an excellent piece of offensive strategy.

Kavala not only is a great tobacco port for Turkey, but has the terminal of three important highways, by one of which the Greeks, in July of 1913, outflanked the Bulgarians and forced them to retire out of Macedonia, and virtually won the war.

The occupation of Kavala by Entente Allied troops will necessitate, it is believed here, several new and distinct defensive concentrations by the Bulgarians.

As time passes, however, Serbia's position grows more critical. The Austro-German drive from the north is proceeding slowly, but surely, while two Bulgarian armies are approaching Wisla, from which place the Serbian government has moved to Mistrovitsa, over near the Montenegrin frontier. The Serbians, nevertheless, are fighting stern defensive battles, and from the German accounts it is apparent that their main armies are making good their retreat and leaving, as the Russians did in Galicia and Poland, very little except what cannot be moved—such as copper mines—for the invaders.

TRIBUTE TO ST. JOHN LADIES

A Sackville lady says in the Post—Mrs. George F. Matthew has just resigned from the presidency of the Ladies' Association of the Natural History Society, St. John, after holding office continuously for twenty-seven years. Mrs. Matthew was not self-appointed, and to be the choice of such a body for such a period is indeed an enviable record.

This body of women has for years been doing a splendid work for the intellectual and spiritual up-lift of the community. In losing from its midst a woman of Mrs. Matthew's mental endowments any community suffers a loss.

With her husband, Dr. Matthew, she will soon leave to reside in the United States.

Mrs. J. V. Ellis is a worthy successor to Mrs. Matthew. She also with her late husband has been for many years an outstanding figure in the educational life of Saint John, giving first place always to the things that are worth while.

WANT BIBLE INSTRUCTION IN PUBLIC SCHOOLS.

Fredericton, Nov. 3.—The board of education met this afternoon. Two matters were on the schedule. A grant of \$100 was voted the Camp Reading Association, as usual.

A delegation composed of the Bishop of Fredericton, Very Rev. Dean Neales and Rev. F. S. Porter, pastor of German street Baptist church, St. John, was received. The delegation presented a memorial asking for Bible instruction in the public schools. Consideration was postponed.

The session of the provincial government ended this evening.

CANADA'S WAR FINANCES

Based on the estimate that each man on active service will cost Canada on the average \$1,000 per year, the finance minister says that Canada's total war expenditure for the next fiscal year, when an army of 250,000 will have been raised, will be approximately \$250,000,000. Premier Asquith in the British commons yesterday estimated the average cost of the war per man under arms at from \$1,250 to \$1,500 each per year. Mr. White's estimate therefore of \$1,000 per man seems likely to be exceeded, especially in view of the fact that the cost of ammunition, ordnance, explosives, etc., is likely to be higher than ever as the demand increases.

The interest charges on the war expenditure for the current year and for the coming year will alone amount to something like \$15,000,000, which will represent more than a doubling of the interest charges which Canada had to pay the national debt before the war.

The total interest charges at the end of next year will be nearly a quarter of the total normal revenue of the dominion. To this must be added an annual expenditure for pensions of approximately \$10,000,000.

There is some encouragement, however, in knowing that for the first seven months of the present fiscal year there is a decided betterment, as compared with the corresponding period of the last fiscal year in regard to the balance between revenues and domestic expenditure. For the last seven months the total receipts show an increase of \$8,700,000, while expenditures on consolidated fund account have been reduced by approximately \$9,000,000, and an equal amount approximately \$3,000,000.

The strength of the army totals at the present time about 161,000 men, of whom 100,000 are on the active list. The "total" leaves about 61,000 in Canada and about 80,000 men still to raise before the authorized total of 250,000 for expeditionary service is reached.

The maritime provinces, where recruiting is now considerably brisker than it was previously, have raised the 15,000 mark for the three provinces, which are all included in the sixth military division.

BRITISH PARLIAMENT

London, Nov. 3.—George Cave, Unionist member of parliament, has been appointed solicitor-general in succession to Sir Frederick Edward Smith, who has taken the portfolio of attorney-general, made vacant by the resignation of Sir Edward Carson.

The house of commons today agreed to the proposals made by Reginald McKenna, chancellor of the exchequer, for an important modification in the income tax, so as to bring within the scope of the act foreign firms doing business in this country through agents.

Cabinet responsibility, the conduct of the war, and the censorship, were discussed, criticised and defended at a short sitting of the house of lords this evening. The session proved a somewhat tame affair, after the great debate in the house of commons yesterday.

TAMMANY HALL IN POWER AGAIN IN NEW YORK

New York, Nov. 3.—Tammany Hall triumphed in New York city in the election of a district attorney, for the first time in fifteen years: the sheriff of New York county and a majority of the board of aldermen. Edward Swann defeated District Attorney Perkins by a majority of 88,000, and Alfred E. Smith was elected sheriff by about 47,000 majority.

SAYS WAR WILL BE SETTLED ON THE FRONT IN THE WEST

World Would Be Thrilled If It Knew What France Has Done, Says A. J. Kellogg of Boston After War Year in Paris--Tribute To English

(Boston Globe) The Germans may go to Constantinople and to Suez, and to India, or to Timbuctoo if they want to, but so matter where they go they've got to come back and lick the French army before before this war will be decided; and it doesn't look like the French will let them and then what will be their victories in Poland and Serbia and the Near East amount to?

ed, although they have suffered great losses. The reason for this is that everybody in France is too busy to give way to a feeling of depression. I don't mean to say they are gay and frivolous, mind you. Far from it. They are sad and serious, but they are not gloomy. They have the greatest of confidence in their soldiers.

France Progressing Constantly "In the Argonne there has not been a moment night or day for fourteen months that there has not been fighting and some of it has been terrible fighting. But the French have been progressing all the time. Joffre does not seek to waste big armies. He fights cautiously, but he keeps at it all the time, all up and down the long line, and I can tell you the Germans have been piling up a terrible casualty list along that line. They are being eaten away."

Had Weak Heart Had to Stay in Bed Many women are kept in a state of fear of death, become weak, worn and miserable, and are unable to attend to their household, social or business duties, on account of the unnatural action of the heart.

To all such sufferers Milburn's Heart and Nerve Pills will give prompt and permanent relief. They do this by their calming, strengthening and invigorating action on the heart, causing it to beat regularly and naturally, and in addition to this they tone up the whole nervous system.

What do the French think of the English? "The French are level-headed. They realize what England has done with her fleet--cleared the seas of the German flag and taken all her colonies away from her and they know that that is a great piece of work. The English on the land have fought well, but until a very short time ago they were outnumbered by the Germans."

Lawyer Brings Suit For Fourteen Cents Newton, Mass., Nov. 4--An unusual suit entailing damages of fourteen cents, was heard before Judge Frank M. Copeland in the civil session of the Newton police court. The plaintiff, Charles R. Darling, a Boston lawyer, sought to recover twelve cents in car fares and two cents for postage from the Norumbega Park Company and Middlesex Boston Street Railway.

BRONCHITIS COMES FROM A NEGLECTED COLD.

Bronchitis starts with a short, painful dry cough, accompanied by a feeling of oppression or tightness through the chest. At first the expectoration is a light color but as the trouble progresses the phlegm coming from the bronchial tubes becomes a yellowish or greenish color, and is very often of a stringy nature.

KILLED CREW OF E-13 LIKE RATS

Editor of Motor Boat Tells Of Dastardly Act HADN'T GHOST OF CHANGE

Sailors Took to Water When Stranded Craft Became German Target—Fifteen Shot While Swimming

New York, Nov. 4.—William Westburn Nutting, editor of Motor Boat, who has just returned after a four months' trip through the Scandinavian countries and Germany, brought back a description of the shooting of fourteen British sailors, members of the crew of the English submarine E-13, when they were fired upon by a German gunboat, in neutral waters off the Danish coast, on the morning of last August 19.

"I left Malmö, Sweden," said Mr. Nutting, "on the ferry to Copenhagen on the 28th. Rumors were prevalent in Malmö that the German fleet of destroyers and gunboats which were patrolling the waters of the Baltic for many months had fired upon a body of English sailors. It was said that the crew of a submarine had been spotted in the distance. It was said that the crew of a submarine had been spotted in the distance.

"As we passed the Island of Saltholm, a long stretch of low lying land on the north shore, ten miles outside the entrance to the harbor of Copenhagen, we could see two or three of the heavy lighters with their aqua hulls, which are familiar sights in the North Sea and the Baltic, grouped about a mere speck in the distance.

"The ferry passed nearer to the shore, and it was possible to make out the frame-work of the conning tower of the submarine. From the distance at which we passed, the Germans seemed to have caused very little damage to the body itself of the boat.

"In Copenhagen, which is a hot-bed of pro-Allied sentiment, I found the people aroused to white heat, not alone against the Germans, but against the neutrals, neutrality (for the frequent loss of Danish ships in the nearby waters had rather dulled the ardor of the people than testing against such accident), but against the Germans for having committed the 'unpardonable' act of firing upon men when they were 'down'.

"The next day the E-13 was brought to the shore, and the crew was taken to the navy yard. Photographs of her were sold in the streets, and all Copenhagen went down to the water to see the craft.

Other Boats Escaped. "According to the reports which I heard that day, the E-13 had been one of a flotilla of English submarines which were sent to attack German shipping in the Baltic. All the others passed through in safety. The waters in the sound of the Baltic are very shallow, and the E-13 ran aground early in the morning on the shoals of Saltholm. Later in the day she was refloated, and her presence was discovered by a Danish patrol boat which captured her.

"The Danish torpedo boat appeared on the scene, but she was unable to sink the E-13. She hung about for a short while until she had sided up the situation, and then she opened fire with all her guns in a terrific salvo. With their boat riddled with shrapnel shot and a fire fore and aft, the Englishmen took to the water, every man jack of them. While they were in the water, swimming toward the Danish boats, the Germans continued their fire, killing fourteen of the English like rats. They had not a ghost of a chance. The other fifteen officers and men, got away, more by luck than anything else, and were fished out of the water by a boat sent out by the Danes, which put out directly between the submarine and the Germans. The Germans, I suppose, had wished to risk

no fragment a breach of neutrality as to commit a deliberate act of war upon the Danes, which firing upon the rescue boat would have constituted, turned tail and steamed away.

"The next day the bodies of the fourteen sailors were brought into Copenhagen. All flags were at half-mast, and it was reported that a warship of the Danish navy would be commissioned to carry the bodies of the sailors to England.

"The funeral was attended by members of the Danish cabinet and a number of high officials, and was made a public affair. The whole incident in Copenhagen was somewhat similar to our own feeling after the sinking of the Lusitania. The Danes, however, knew that to enter the war against Germany would be practically an act of national suicide, so the belligerent note and the American press at the time of the Lusitania tragedy were absent in Copenhagen. The whole affair did not tend to soften the hearts of a people who still resent Germany's seizure of the rich southern provinces of Schleswig-Holstein and Lauenburg in 1904.

"The Danes expect England to give them the E-13 to augment their navy."

INCREASE IN FOOD PRICES IN LONDON

London, Oct. 6.—(Correspondence)—London food prices have to date shown a general increase of 85 per cent since the beginning of the war.

Except for a panic rise at the very beginning of the war, prices have mounted with a disquieting and unrelaxing steadiness at the rate of a little more than 2 per cent a month since the war began. The largest rise took place last May, mainly on account of a sudden jump in the price of meat. It is thought that the new taxes on imported articles will raise this percentage of increase.

Present prices have never been equalled in England with the exception of the period from 1878-1877, which was a time of peace and prosperity. There was at that time no interference with trade, and the high prices which extended to all commodities were due not to short supply but to extraordinary demand.

Most luxuries are comparatively cheap. The price of cattle is the same as it was two years ago. Grouse can be bought at 75 cents a brace, hares at 87 cents, large pheasants at 87 cents and hotchets at 18 cents a pound.

NURSE WRITES OF THE DEATH OF ARTHUR MYERS

St. John Soldier of the 26th Who Lost Life in Charge on German Mined Crater

A letter, with sympathetic tone dominating it, has been received by Mr. and Mrs. Jesse Myers, 15 Spruce Street, from France, written by Sister Ann, a nun of No. 8 Casualty Clearing Station, telling of the death of their son, Pte. J. Arthur Myers, killed with others of that gallant band of thirty in the charge of the 26th Battalion upon a mined German crater.

"I am writing you these few lines," the nursing sister said, "to tell you that your poor boy died in this little hospital yesterday, October 14, at 7.05 a. m. He was brought in from the front by our ambulance, together with a great many other poor men, sorely wounded, and though everything was done for him he gradually sank and died at the above stated time. I hope it will mitigate your sorrow to remember that he was tenderly cared for in his last hours by the sisters and medical officers and laid to rest in a beautiful little British cemetery, buried by our own chaplains—while so many other dear men have found only a soldier's rough grave away in the battle field.

"He is buried with roses placed to his breast, but there by us in memory of so brave a soldier, and so that he may have a loving home-touch (by proxy). He is lying at a place called Bellefleur, in Flanders, and in after days should you wish a photo of the grave, you should write giving all particulars to O. C. Grave Registration Commission, Lillers, France, not forgetting to say where he is buried. The rose leaves enclosed are taken from his breast. He is lying, as I write, before the little altar in our chapel.

"With much regret and sympathy, I am,
Sincerely yours,
ANN B. DENTON.

FAIRVILLE NEWS

The boy problem has been manifesting itself in Fairville late in rather an annoying fashion, particularly noticeable at the recruiting meeting in Temperance Hall a fortnight ago, when a rowdy gathering of boys in their teens acted unruly. The committee have arranged that tonight the policemen will be on hand to preserve order at the meeting and no unseemly actions will be tolerated. This announcement is made in order that those who expect to attend the meeting should be prepared to be on time and to observe the regulations. The Women's Missionary Society of the Fairville Methodist Church held their annual meeting at the residence of Mrs. W. E. Earle, Lancaster Heights, and there was a good attendance. A paper on Contrasts in Child Training here and in Japan was read by Mrs. Gilbert Egan and proved very interesting. Mrs. S. A. Worrell read the report of the delegate to the branch meeting.

Mrs. O. D. Hanson presided at the business session and several new members were welcomed. Dainty refreshments were served.

HENDERSON-MCALARY.

A wedding of popular interest was solemnized by Rev. W. E. Sampson in St. George's church, West St., on Monday morning at six o'clock, when he united in marriage F. Roy Henderson of West End, and Miss Isabelle Gladys, daughter of Mr. and Mrs. A. H. McAlary, formerly of East Boston, but now of Fairville. The bride was given in marriage by her father. She was attired in a navy blue suit and carried a bouquet of white chrysanthemums. Miss Helen Brittain attended her as bridesmaid, dressed in navy blue with white satin hat, while Arthur Adams of the 104th Battalion Band, supported the groom. Many costly remembrances were received. The groom's gift to the bride was a gold pendant and chain, and to the groomsmen a pearl tie pin. The ceremony was witnessed by many friends and relatives. Mr. and Mrs. Henderson left for Sackville, where they will reside.

A REGRETTABLE MATTER

The Times published on Tuesday, in the regular column for such matters, an advertisement announcing that Miss Annie Bradley and William Kingston, both of Fairville, had been married on October 29 by Rev. Father Duke in the Cathedral. It was wholly incorrect; there was no such marriage. The announcement was declared to be a member of one of the families, who as such was accepted. Whoever was guilty of such contemptible action has little cause for rejoicing. Meanwhile The Times deeply regrets having permitted publication.

A PRESENTATION.

Last evening friends of Gunner Clarence W. Travis, who has recently joined the siege battery, met in the form of a surprise party at the home of M. J. Murphy, City Road. Reginald Downer, on behalf of those present, presented to him a military wrist watch as a token of the great esteem in which the young man is held. After a pleasant evening spent in music and games, the gathering dispersed with good wishes for his safe return.

HAS HONORABLE DISCHARGE

Walter J. Preston, who arrived home on Saturday from Valenciennes, was given his discharge as medically unfit, as the result of an injury received while on duty. He therefore resents the charge that he deserted. The Times has seen his discharge papers, which also describe his conduct and character during eight months service as "very good." Mr. Preston hopes to make himself medically fit to go with a later battalion to the front.

SCHOOL BOYS' FOOTBALL.

The school boys' football games, which were not played last Saturday because of rain will be played on the Shamrock grounds tomorrow. The first game will start at four o'clock sharp, Albert vs. Centennial School. Immediately following this game the St. Malachi boys and Winter street lads will enter the arena.

LINEN SHOWER

Friends of Miss Margaret Flaherty assembled in her honor last night at a linen shower tendered her at the home of Mrs. D. A. Hurley, Brussels street. She was the recipient of many handsome remembrances, and best wishes from those present for happiness following a nuptial event soon to transpire.

FOUR HOWARD BOYS IN KHAKI

City Road Family Does Well For Empire and Home

TRANSFER FROM HALIFAX

Sixteen Men Coming For The Siege Battery—Recruiting Reports Good—Indication of New Battalions

With four sons in the khaki uniform, two at the front and two preparing to follow, Mr. and Mrs. Walter Howard of 169 City Road, naturally feel that they and their family are doing well for empire and home, and are proud at the noble response made by their boys to the country's appeal for men.

The four boys who have joined the colors are well known about the city. They are George, Walter, John and Percy. The first two named have been at the front for some time. George enlisted in the west with a cycle corps in Victoria and crossed with the first contingent. Walter left here with the Divisional Ammunition Column. Recent letters from each of them tell of their being in good health and of their having had interesting experiences.

John is in training on Partridge Island with the siege battery, while Percy is a member of the 104th and will go to Sussex today or tomorrow to enter upon his training. There are two other boys at home, but they are too young to enlist—a fact which is causing them keen regret. The example of this family and others mentioned in the Times within the last few days with two and three sons in the khaki should prove an inspiration to others.

Transferred From Halifax.

A detachment of sixteen men from the composite battery of the 3rd Artillery, under Lieut. Col. Armstrong on Partridge Island, will leave here to go on defence duty at Halifax with the composite battery. They will relieve a detachment of sixteen men, former members of the local artillery, who have been on duty at the depot port for some months and are now in excellent trim after months of training. They are returning to St. John to go overseas with the siege battery. A request was made several days ago to headquarters in behalf of these men to be given an opportunity to go with the siege battery, and authorization has been received. Lieut. Bruce, this evening appointed an appointment with the siege battery, will come to St. John later. The sixteen men from the composite battery at Halifax will be taken by Lieut. W. Wallace Alward of this city. With the siege battery will be the composite.

The 104th.

The reports being received in the city regarding recruiting at various centres indicate that the 104th is nearly filled. Three men were accepted here for enlistment this morning with that unit—E. F. DeLaurier of St. John, J. Edwin White of Bathurst, and John M. Perkins of Conception, N. S., while several others are on the waiting list.

Recruits are signing readily for the Canadian Overseas Railway Construction Corps.

Many names have been forwarded for approval and the returns are expected back soon.

MRS. ROBT. HICKEY HEARS FROM SON AND NEPHEW

Another man at the front who wants to see some of his former comrades getting into the game is Arthur L. Hickey, D. A. C. 1st contingent. In a letter to his mother, Mrs. Robert Hickey, 14 Sydney street, he asks: "What is the news north shore have come out to the front? It is funny, but I have never seen any of them. What is the matter with them, have they cold feet or are they waiting for some one to hand them the white feather?" He adds that they had three Zeppelins hovering over them during the previous night, the first they had seen. Mrs. Hickey also has a letter from her nephew, William O'Brien, 26th Battalion. He says: "I have been on the firing line and have been very lucky so far. Poor George Miles met with hard luck, but I think he will recover all right. I am sending you a piece of shrapnel I found in my cap, you can keep it for a souvenir. Tell the others to write, as there is nothing pleases us more than to get letters from dear old St. John."

ADVANCES IN PRICE.

Manitoba flour has advanced ten cents. Oats have advanced two cents and the market very firm. Feed is steady but bran is tending upward.

Standardizing the Kitchen

It used to be—"the bigger the kitchen the better."
Now it is—"how small and compact can we make it—how can we save steps?"
Efficiency is entering the home—entering to stay.
In nowadays, the kitchen is always full of standard labor-saving devices.
These are inexpensive, practical, helpful.
The woman who is not posted about such things is out of date and is doing unnecessary work.
The advertising columns of The Telegraph and Times frequently carry suggestions that assist the up-to-date housewife.

The Boys' Clothing Store is Ready As Never Before

Ready with the largest stock of Boys' Suits and Overcoats in its history—and the best, to our knowledge.

We have never had such a variety to show; we have never had garments of a better quality; and the word quality used in connection with these clothes means something.

Every suit and overcoat in the assortment was tailored according to our own ideas, from our own pick of the woolen market; and we picked the finest goods in extra large quantities months and months ago, so as to be able to offset the very market conditions that now prevail.

Mothers who want to be sure that the new suits or overcoats they put upon their boys are the best to be had for the money, will surely want to see the best stock we have ever had to show them, and that means the best to be seen in St. John.
