GOOD THINGS COMING TO THE THEATRES OF ST. JOHN

"PASSION" AT THE POPULAR PRICES

Tremendous Production at Imperial Next Week—Some Doubt at First About Its Passing Censors.

The coming engagement of the famous Du Barry incidents which led up to the French Revolution is naturally exciting widespread interest on more than one account. The fame of this extraordinary photoplay crossed the ocean many months ago, but at that time a hue and cry was raised against pictures made in enemy countries. "Passion" was included in this catalogue of banned films. However, when it was proven to the British Board of Censors that it contained no propaganda ideas, but was merely a reproduction of French history, and at once the British public hailed it as a masterpiece. The same result was shown in Paris, and the fact that its scenes are laid on the actual sites in France gave it a special interest to the people of that country. Besides being a marvellously beautiful picture, "Passion" is a thrilling narrative from the very beginning, and in point of acting, types of characters and general naturalness it has not been equaled in any film play shown in Canada. The Imperial is exhibiting the Franco-German-Russian picture for the first four days of next week at a night price of prices as follows: Downstairs, 50c.; upstairs, 35c.; boxes, 75c. Matinee 25c., 35c., and children 15c. There will be two exhibitions in the afternoon and two in the evening.

A HARTLAND MAN.

Ottawa lost one of its most popular athletes and supporters of amateur sport, and the dominion civil service one of its valued professional men in the sudden death on Tuesday of Harry Edward Hayward, more familiarly known to thousands as "Harry" Hayward. He became ill a few days ago and pneumonia developed. He was in his thirty-eighth year, and the funeral will take place at the parlour of Hayward, Hartland, N. B., where his parents reside. He is survived by his wife and three children.

N. B. PHONE CO. ANNUAL MEETING

Financial Report and a Statement by H. P. Robinson.

Fredericton, N. B., Feb. 16.—The annual meeting of the New Brunswick Telephone Company is being held here today. The directors met at 2:30 o'clock and their meeting was followed by the meeting of the shareholders.

The report of the president and directors, which was read by Col. Frank Black, the president, showed three outstanding features, viz—

- (1) That the business depression has affected the telephone business and there has not been the growth in the last year that had previously marked the company.
- (2) That even with the increased rates which have now been in effect for a complete fiscal year the revenue with the growth that was anticipated not taking place, has been insufficient to set aside the required amount for depreciation.
- (3) That the \$200,000 budget for improvements that had been provided for last year was not expended because of the depression in business, and that it is proposed to pursue a policy of careful buying and tight economy.

The usual dividend of eight per cent. has been declared throughout the year. H. P. Robinson, managing director of the company, referring to the matter of rates said this afternoon—"The New Brunswick Telephone Co. is virtually a co-operative company in which the shareholders are approximately 2,000 of the leading business people and the biggest telephone users in this province. Our reports show that we cannot decrease rates now and pay the legal dividend. But just as soon as a decrease in rates is possible, neither the public, the utilities board nor anybody else will be able to beat us to it—the very nature of our company insures that we will be the first one to call for a decrease in our rates and the last year Hon. A. R. Slipp of this city resigned as a director, and H. P. Robinson, managing director, resigned, died, creating two vacancies that are to be filled today. In addition, President Black, directors here today are Hon. P. J. Veniot of Bathurst, J. M. Robinson of St. John, H. P. Robinson and J. L. McAvilly of St. John, F. R. Summer of Moncton, R. Cleary of Richibucto, E. W. Mair of Woodstock, W. B. Snowball of Chatham, and Hon. R. J. Todd of Milltown. For the first time, Hon. F. P. Thompson of this city was absent from an annual meeting. He is on a visit to Vancouver.

The financial reports showed assets of \$3,396,590.65 and liabilities of \$1,919,168.96. Gross revenue during the year was \$1,066,239.46 and operating expenses \$894,966.11, leaving a net revenue of \$189,273.35, while dividends paid reached \$190,411.

NELSON FIRE

John Dunn's Large Dwelling, Barn and Warehouse Destroyed.

(Special to The Times.)

Newcastle, N. B., Feb. 16.—A large dwelling house of John Dunn's, and a barn and warehouse were completely destroyed by fire at 4:30 this morning. The fire was well under way when first seen and the family escaped in their night clothes. The live stock was saved from the barn. Very little furniture was saved. The adjoining house of Alex. Carrigan was saved with great difficulty, but a shed was burned. The house of Mr. Doyle, in the next street, was badly damaged. Hoses from Sullivan's mill prevented a more serious fire, as deals piles were very near.

STATEMENT BY YORK ARCHBISHOPS

London, Feb. 16.—(Canadian Press.)—The Archbishop of York announces that a small committee of bishops and representatives of free churches is investigating the archbishop's report on the duties and belief whereon true unity alone can be given. The archbishop says that he hopes and prays that the distinguished scholar who has been called to the high office and immense responsibilities of the papacy will be so guided as to set forward the kindred cause of peace for a distracted world with a divided church.

THE DELORME CASE

Montreal, Feb. 15.—Investigators of the Delorme case are concentrating their search on St. John, where the shooting rounds the time and place of the murder. So far they have failed to establish whether the crime was committed indoors, or in the open. One theory is that the fatal shooting occurred in a automobile. The other is that the young man was murdered down town, presumably in a house, and that the murderer then conveyed the corpse in a car to Snowdon Junction.

Despite the most extensive inquiries, detectives have been unable so far to find anyone who saw the victim on the evening preceding the finding of his dead body.

DEATH IN FREDERICTON.

Fredericton, Feb. 16.—Francis McCaffery of Fredericton died this morning at his home in Brunswick street, after a long illness. He was aged seventy-nine years. His wife and one daughter, Frances K. McCaffery, of Boston, survive. He was a mason by occupation and had resided in both this city and Boston.

MONTREAL STOCK EXCHANGE.

Montreal, Feb. 16.—(10:30.)—The market was very active during the first hour this morning, although no startling changes were recorded in price quotations. Bell Telephone and Brompton were both quoted a half weaker at 100 1/2 and 15 1/2 respectively.

LIQUEUR CASE.

Wilfred Kelly forfeited a deposit of \$200 at two o'clock this afternoon when he did not appear in the police court to answer a charge of unlawfully selling liquor.

KICKED BY HORSE.

Word was received here this morning that Thomas McLaughlin of Prince of Wales was kicked by a horse on last Sunday morning and quite seriously injured.

LABOR TROUBLE IN DENMARK SERIOUS

Copenhagen, Feb. 16.—The general lockout declared yesterday throughout Denmark, affecting nearly all industries and about 150,000 employees, had not up to this morning been met by the reticent move of a general strike which some of the organized labor element threatened when notice of the lockout was given recently. However it is already practically impossible to obtain fuel here, and as a consequence the bread supply is endangered.

The trouble between the employers and the men arose because of an attempted twenty per cent. cut in wages with longer hours. Compromise proposals have been rejected by nearly all the trade unions.

CANADIAN END TO CASE OF BLUEBEARD?

London, Feb. 16.—(Canadian Press.)—Routier's Paris correspondent cables that the Petit Journal has learned from a reliable source that a resident of that city named Forget has learned of certain Madame Heon, who is said to have been one of the many wives of the late French murderer, was buried in Montreal a few months ago.

Maitre Morogiatier, who defended Landru on the occasion of his trial recently, is very skeptical with regard to the value of the information but has submitted a demand to the authorities for an enquiry into the matter.

PROTEST AGAINST THE DISMISSALS

New York, Feb. 16.—Resolutions condemning the "disorderly and unwarranted" dismissal without a moment's notice of government employees and private contractors who were carrying out the able disbarment program of the day were sent to President Harding and Secretary Denby by the French Council of New York. The council claims to represent 100,000 metal trades workers of Greater New York and New Jersey.

"No private employer of labor, no matter how small, should be permitted to dismiss without a moment's notice," would attempt a similar cruelty without at least giving workmen so much advance notice of what was to be done. "If this is the method by which we are going to get back to normal then 'God save us from normalcy.'"

QUEBEC PRINTERS ON STRIKE

Quebec, Feb. 16.—(Canadian Press.)—A strike of the international typographical union men employed in the newspapers here is threatened pending a settlement between the printers and the employers. The newspaper printers are also demanding a 44-hour week and a higher wage scale. L'Action Catholique, a local clerical daily, is the only paper that is not affected. The printers employed there are members of the National Catholic Union.

IN WALL STREET.

New York, Feb. 16 (10:30).—Contrary to general expectations, lowering of the Bank of England discount rate was without visible influence upon prices at the opening of today's stock market. Gains and losses were evenly divided. With the exception of American Locomotive, which broke 1 1/2 points on the first transaction, changes were limited to fractions. The list developed a firmer tone within the first half hour on buying of leading oils and shippings, especially Mexican petroleum and Pierce Arrow were under pressure as the result of reports of further cuts in the automobile trade. Barring of seasons' rails, especially Southern Pacific, Atchafon and Reading stabilized prices again at noon.

AMHERST HIT BY NEW POWER RATES

Manufacturers Loud in Protest Against New Charges—Range Owners Order Disconnections and Arrange for Protest Meeting.

(Amherst News.)

Consumers of electric power have during the past day or so become familiar with the new charges as being made by the Canada Electric Company, Limited. The bills have been sent out and from them the consumers find their charges are increased over previous charges to an extent varying from thirty to three hundred per cent.

Power users in Amherst are up in arms and have decided to fight these charges, leaving no stone unturned. The new rates would be ruinous to manufacturing. The householders who have installed electric cooking ranges are now face to face with charges such as could be met only by those residing in millstone row.

The news this morning interviewed several of the power users to ascertain their views. Mr. Harry Biden, of Biden, Limited, when asked what he thought of the new schedule, said: "This is one of the greatest cracks ever given to Amherst. I believe there should at once be a meeting of protest in the town. We must take action."

A chief of one of our large industries remarked: "It is just as much as unless there is a reduction in the new rates the manufacturers will have to install their own power plants. Manufacturers can't think of paying the rates that are now being asked by the Canada Electric. We must have cheaper power in some way."

Others were interviewed, and in every case it was the same story. The new charges, less than put in private plants. One and all agree that the new charges are very injurious to the industrial and commercial life of the town. "Advertising all over the country, 'Power from the plinth', and then asking the people to pay the rates, is an insult to the power of the manufacturers using power is a foregone conclusion.

In this respect it is interesting to note the attitude of the manufacturers who are being charged rates as previously existed. An official of the electric company, when queried on this point was particularly wary.

The news called up Mr. A. G. McKenzie, K. C., the legal representative of the town, in the fight against the company's demands for using an electric company, when queried on this point was particularly wary.

The range owners have had their bills increased from one hundred to three hundred per cent. The new rates make the using of an electric cooking range practically prohibitive. The range charges are increased to thirty dollars a month for the privilege of using an electric range is too much for the average citizen, hence the orders for disconnections.

The company seems no more pleased than the consumers over the new charges. According to an official, the rates must stand until the first of June. The fact remains, however, that the company sought an increase in rates and that what some have been following their solicitations. Unquestionably there would have been no increase if the company had sought such. And they must not attempt for higher rates.

Walter Block, who recently represented the range owners before a meeting held by the board of public utilities at Throug, when asked today what he thought of the new charges, remarked that we must have the worst arranged plant in Canada if the board remained true to its promise, i.e., to use the new charges on cost of production. Something is radically wrong somewhere."

Now is the time for many people to get out to see up in protest and see that the rates are immediately discontinued and that new charges be made and that such date back to the first of the year. Now is the time to get together and fight.

SAD STORY FOR BRIDE TO BEAR

Husband's Alleged Record of Arrests and Convictions Read to Her in Court.

New York, Feb. 16.—(Canadian Press.)—Mrs. Margaret Tattenau, a Canadian bride of twenty-three, stood in court last night beside the man she married in Canada three weeks ago and listened between convulsive sobs while Police Lieutenant Glassman read to Magistrate Overweyer the alleged record of her husband—ten arrests and numerous convictions, beginning with his confinement for larceny in the Catholic Protector when he was fourteen years old and ending with his sentence in 1928 to twenty years in state prison for a hold-up in the Bronx.

Edward Tattenau, now thirty-five years of age, and his wife were arrested on a complaint of a department store detective yesterday afternoon. They had in their possession, according to complaints of police larceny filed against each of them, table linen and three pairs of women's stockings, with an aggregate value of \$25, taken from a department store. Bonds of \$500 for each were furnished by a surety company.

FINANCIAL URGES BUSINESS CAUTION

Sir Chas. Gordon Says Must be Curtailment of Distribution Costs and Overhead.

Toronto, Feb. 16.—"Curtailment in the cost of distributing goods and in overhead expenses generally is imperative before business can be placed on a sound foundation in Canada, or for that matter in any other part of the world. On the strength of artificial prosperity, on the lavish expenditure of borrowed money, we got into an extravagant mode of living."

These remarks were made by Sir Charles Gordon, vice-president of the Bank of Montreal and past president of the Canadian Manufacturers' Association, in an address on the "Financial Situation in Canada," at a banquet last night, in connection with the Textile Exhibition. He impressed upon manufacturers and retailers that the greatest caution was necessary in conducting business at the present time. During the next year or two the country would enjoy very satisfactory day to day business, but nothing more.

HILTON BELVEA PLANS CHANGES FOR NEXT WINTER

Hilton Belvea is contemplating making some marked improvements in its amusement park for next winter. He is at present corresponding with some authorities in the United States regarding an adequate and effective lighting system, which could be so arranged that it would illuminate the ice surface from one end of the rink to the other. He is also planning to have the centre ice utilized for a hockey rink and a large section on the outside for pleasure skating. He will enlarge the ice surface and have additional accommodations for spectators at skating events, hockey matches, etc.

The influenza epidemic in France is reported practically at an end.

A. N. CARTER SWORN IN ENROLLED BARRISTER

Fredericton, N. B., Feb. 16.—The appeal court met this morning with Chief Justice Haas, Judge Grimmer and Judge Crockett. Arthur N. Carter of St. John, an attorney of this court, was, on the motion of P. J. Hughes, called, sworn and enrolled a barrister of the court.

In Joseph P. Morin vs. Hammond Lumber Co., P. J. Hughes for the plaintiff, moved to set aside the verdict for the defendant and to enter verdict for the plaintiff or new trial. J. M. Stevens, K. C., contra.

RATES NOW PAID BY CONSUMERS

In connection with the report of R. A. Ross on the hydro situation, the following appendix of the number of users of power, light and the rates paid, has been added with Mr. Ross's consent. These rates are taken from customers' total consumption over a period of twelve months, and allow for 10 per cent discount (where die), which the company takes off if bills are paid within ten days of date rendered.

LOCAL NEEDS TO BE PRESENTED TO THE RAILWAY MINISTER

Efforts are being made to arrange for a conference between Hon. W. C. Kennedy, minister of railways, and representatives of the St. John Board of Trade and the city council when Mr. Kennedy is in St. John on next Saturday. Among the matters to be discussed is the erection of a new Union station here and the providing of more adequate C. N. R. terminals at St. John. Mr. Kennedy also will be asked to use his influence in having the Negro point break-water extended to Partridge Island.

HOPING THAT BRITISH WILL REMOVE EMBARGO

Hon. Manning Doherty, Ontario minister of agriculture, still has hopes that the Canadian cattle embargo will be lifted, despite the recent announcement of the British government's decision. To

bar Canadian cattle, and still permit the Irish cattle to enter, he said, would amount to a discrimination between one dominion and another.

RECENT WEDDINGS

VanWart-Ramsay
At the Methodist parsonage, Long Reach, on Tuesday, Miss Annie Belle, daughter of Rev. and Mrs. Edmund Ramsay, was united in marriage to Frederick Cecil VanWart, of Elmfield, by Rev. Mr. Ramsay.

RECENT DEATHS

Mrs. William Avery.
The death of Mrs. William Avery, aged sixty-seven years, occurred Monday at her home in Chatham. She is survived by her husband, four daughters, one of whom is Mrs. Alexander Gouche, of St. John, three sons and one sister. The funeral was held yesterday morning and interment made in St. Michael's cemetery.

Captain George F. Corning.
The death is announced in Lynn, Mass., of Captain George F. Corning, well-known in St. John and Yarmouth as commander of square riggers, including the ship Novatia and ship Vendome. He was born at Beaver River, Yarmouth county. On two occasions Captain Corning had thrilling experiences when ships which he commanded were burned at sea. The first was the Novatia, from Shields for San Francisco. The ship was abandoned and Captain Corning and his men were three days adrift in open boats before they were picked up by a German vessel. The second disaster befell the ship Vendome, from New York for Amsterdam. On this occasion Captain Corning and his crew were rescued by the St. John bark Stillwater.

The death occurred at Geary Monday night of Charles Carr, aged fifty-three years. He is survived by his widow, six sons, Clarence, David, Frederick, Louis, Elbridge and Archie; five daughters, Mrs. Annie Miller of Geary; Thelma, Isabelle, Loretta and Margaret, at home; two sisters, Mrs. Jane Till and Mrs. Rebecca Ogilvie, and one brother, Reuben Carr, all of Geary.

George M. James.
Friends of George M. James, of Halifax, will regret to learn of his death, which occurred in Halifax last Monday night following an illness of two weeks with pneumonia.

WORTHY YOUNG MAN

Community Suffers Loss in Death of Otty R. Black.

In the death of Otty R. Black, which occurred on Tuesday evening at his home in East Saint John, the city loses a young man of deep conviction as to the future of St. John and whose efforts in the last few years in helping develop East St. John as a happy community centre will be a tribute to his citizenship. When he with a few other residents of the ex-Crookville section determined to organize for community purposes he had visions of a well-populated residential section out there and felt it within his power to help bring this about by throwing his personality and talents into the upbuilding. He was one of the three trustees of the handsome new school, the other members being J. W. Flewelling and J. H. Tonge; was a prominent figure in the more recently established Community Club, occupying the late Mission Hall of the Presbyterian church, and as secretary of the East St. John Community body was a living factor in all its progress and achievements, which have been most commensurate.

Alkali in Shampoo Bad For the Hair

If you want to keep your hair looking its best, be careful what you wash it with. Don't use prepared shampoo or anything else that contains too much alkali. This dries the scalp, makes the hair brittle, and ruins it. The best thing for steady use is just plain Mulstified coconut oil shampoo (which is pure and greaseless) and is better than anything else you can use. One or two teaspoonfuls of Mulstified will cleanse the hair and scalp thoroughly. Simply moisten the hair with water and rub it in. It makes an abundance of rich, creamy lather, which rinses out easily, removing every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves the scalp soft, and the hair fine and silky, bright, lustrous, fluffy and easy to manage. You can get Mulstified coconut oil shampoo at any pharmacy; it's very cheap, and a few ounces will supply every member of the family for months. Be sure you get Mulstified. Beware of imitations. Look for the name Watkins on the package.

A NEW HAT JUST NOW
Will do more toward brightening up your winter-worn clothes than you might imagine. Our millinery salon has dozens of smart, new styles for your choosing. Many of them are those clever satin shapes in perfect taste for all season wear. If your preference runs toward a black hat you will find very distinctive models here. Bright and dark colored straws and fabrics are also skillfully combined and fashioned into delightful, new, up-turned and drooping shapes. In many cases these boast novel trimmings of beads, shells, and feather ornaments. Prices for these new hats are decidedly moderate. Prominent among the new colors are: Chinese blue, beige, canna, rust, mahogany and cerise.
(Second Floor.)

New Underwear In Spring and Summer Weight
A very nice assortment has just arrived and is showing in a variety of weights, styles and textures. You'll find it a wise idea to make your selections now. Later in the season it is often very hard to get just the weight and style to suit you best. Late arrivals include:
Cotton Knit Vests with plain or fancy tops. Made with low necks; short sleeves or sleeveless. Some large sizes among them.
Evening Vests in white and flesh color.
Silk Topped Vests in opera and sleeveless styles; white and flesh.
Silk Topped Union Suits, knee length and sleeveless; flesh and white.
Cotton Knit Union Suits in tight and loose knee styles; short sleeves or sleeveless.
Knitted Knickers, in white and flesh.
Drawers, tight and loose knee styles; white only.

ZEAL OF FAITHFUL WATCHDOG SENDS MASTER TO HIS DEATH
New York, Feb. 16—How a dog, in his zeal to save his master, succeeded only in sending him to his death early this morning, is the story told on the waterfront here today by bargemen. The barge Rose was anchored in the Morris Canal Basin, Jersey City. Sailors sleeping on other barges moored nearby were awakened by the frantic barking of the Great Dane owned by Gus Johnson, the captain. The police were called, and searchlights from a patrolboat were thrown on the scene, revealing Johnson struggling in the water. Patrolman Frank Monahan started down the gangplank of the Rose, but was driven back by the Great Dane, which had temporarily forgotten the plight of its master in the performance of its duties of a watchdog. After making several attempts, the police succeeded in beating the dog into submission. Then the boarded the barge, but too late. Johnson had drowned.

Hairs Will Vanish After this Treatment
(Toilet Helps.)
You can keep your arms, neck or face free from hair or fuzz by the occasional use of plain delatone, and in using it you need have no fear of scarring or injuring the skin. A thick paste is made by mixing some of the powdered delatone with water. Then spread on the hairs and after two or three minutes rub off, wash the skin, and all traces of hair have vanished. Be careful, however, to get real delatone.
TRIPLE TRAGEDY IN LOS ANGELES
Los Angeles, Feb. 15—George A. Boden, attorney, shot and killed his wife, Mary Boden, 37 years of age, and her mother, Mrs. Julie Taylor, 66, and then ended his own life today in his wife's room here. Failure to effect a reconciliation with his wife, who had sued for divorce, was indicated as the cause of the triple tragedy, the police say.

**DEFENDS THEATRE
AGAINST PREACHER**

Brady and Minister in New York Baptist Church.

Congregation Noisy — Wm. A. Brady Said Dr. Roach Straton's Condemnation of Stage Conditions Not Just.

New York, Feb. 12.—Pounding their fists on the pulpit and stamping their feet on the covering over the baptismal pool, the Rev. John Roach Straton and William A. Brady took turns in telling each other what they thought, respectively, about stage people and preachers.

At times hecklers among the congregation became so obstreperous that blue-coated policemen guarding the entrances to the edifice poked their heads inside the doors. Quite as if they were in Cooper Union or Madison Square Garden instead of a church, the people in the pews jeered and hissed and applauded the speakers. The jeers and hisses were all for Mr. Brady.

The meeting had been advertised by the church as a debate on the proposition that present conditions and tendencies on the American stage are a menace to a sound public and private morality. Brady, once a newsboy and later a poker expert, prize light promoter, theatrical producer, father of Alice Brady and husband of Grace George, declined at first to go ahead with the issue confined to such limits.

He insisted on speaking, however, after he had heard Dr. Straton declare that the theatre is in bondage to Jews, and that the price of promotion for most actresses is that they surrender their virtue.

These were the remarks that brought Mr. Brady belligerently down the aisle to declare:

Murders by Churchmen.
"More murders are done by churchmen than by stage people. Why doesn't Dr. Straton tell about the horrible degeneracies and crimes perpetrated by ministers?"

It was Brady speaking. Both arms were akimbo. His chin was up and forward. He suggested Ajax, defying the lightning, or Jack Dempsey teasing an inferior opponent. Still speaking in the third person, he continued:

"Mr. Brady will not come forward for the moment. I am not going to make this argument, because, ladies and gentlemen—

"Louder, louder," the congregation chanted.

"They could hear you better from the

regation, then "Oh, how can he say that?" was the indignant interrogation of one woman addressed to those about her. Segregated male and female chorists in purple vestments leaped from their respective lofts and hissed their scorn at Brady.

"Why does not Dr. Straton tell you about the things that happen in society?" "That's right," shouted an old woman in a side pew.

"Shame," shouted the chorists. "Why not the department stores, with their underpaid girls? Why doesn't he tell you about the things that happen wherever boys and girls are thrown together?"

"May I ask Mr. Brady about his wife and daughter. Do they—"

Mr. Brady ignored her. Perhaps he did not hear. "More murders are committed by churchmen than are done by stage people," he said.

"Make him stop," cried one, above the general hissing.

A few Brady adherents were doing

their best to encourage him with yells of "Good!" and "Great stuff!"

"When Dr. Straton slanders poor little Mary Pickford."

Yells, hisses and jarring laughter mounted to the greatest pitch of intensity there, but Mr. Brady with one fist held prominently back of him faced it out.

"When I said poor," he said, "I referred to her first marriage. Why don't he find out about that before he denounces her from this place. I claim he is wrong. Now mark you, I'm not going to defend what is indisputable."

There was a great flash, an explosion just then. A newspaper photographer knelt up his camera in the aisle a few yards from the pulpit. Relieved to discover he hadn't been shot, Mr. Brady said: "Thank you," and continued.

"There was another flash. "Dr. Straton attacks the critics. The critics, I tell you, deliberately refrain from saying a show is lascivious, because if they do say so the public flocks to see that show. It's the public that wants that stuff. He says nothing about the good shows in New York. Do you know any bad ones?"

"That was a tactical error. Probably Mr. Brady himself will admit it now. Immediately after he had asked the question he was bombarded with the names of shows."

"Up in the Clouds," shouted someone. "The Deal-Virgin," Mr. Brady folded his arms and waited.

"Getting Gertrude's Garter." "If there are stage people here," said Mr. Brady, "I wish to call attention to the fact that they never for one instant interrupted Dr. Straton. What I was saying was there are ten good plays for one bad one, and those bad ones would not prosper if the public did not want them."

Mr. Brady paused for wind and arguments. He admitted it. Then he resumed:

"I would be proud to compare the record of the screen and theatre people with the war record of the Young Men's Christian Association. The disreputable Charlie Chaplin sold millions and millions of Liberty bonds."

159 Avenue Plus IX, Montreal. "For three years I was a terrible sufferer from Dyspepsia and my general health was very bad. I consulted a physician and took his medicine but I did not improve; and finally he told me that I could not be cured. At this time, a friend advised me to try 'Fruit-a-lives.' After taking two boxes, I was greatly relieved, and this fruit medicine made me completely well. My digestion and general health are now splendid." GASPARD DUBARD. Insects are among the worst enemies of the human race. They destroy millions of dollars worth of farm crops annually in Canada and their destruction of lumber in the forests is also very heavy. The officers of the Dominion Department of Agriculture and of the Forestry Branch of the Department of the Interior are constantly working to reduce the damage from this cause. So far as the general public is concerned, and this applies particularly to boys and girls, the best help they can give is to protect the birds. In some cases in England owners have saved their planted forests by putting up bird-houses and insect-drooping certain kinds of birds to come to their plantations. In Canada in the past insects have been kept in control by birds. If the birds destroyed or driven

ECZEMA ON FACE AND HEAD FOR FIVE YEARS

BURDOCK BLOOD BITTERS. Take it internally and it gets at the seat of the disease in the blood and drives it out of the system. Apply it externally and it takes out itching, stinging and burning, and promotes healthy healing. Mr. J. Sage, 215 Princess Ave., Vancouver, B. C., writes: "Having suffered with eczema on the face and head, for the last five years, I consulted several doctors, and tried various kinds of salves and lotions, but I derived no benefit from any of them. I did not know what to do until a friend advised me to try Burdock Blood Bitters, and after I had used two bottles I began to get better and now after taking eight bottles I have not even a blotch on me. I feel that I cannot praise B. B. B. too highly. I hope you will make full use of this recommendation for the benefit of those who are suffering from this terrible complaint, eczema."

SPORT NEWS OF A DAY; HOME AND ABROAD

SKATING. South End Finals.

The final races of a series to determine the championship of the south end will be run off this evening. The events are the senior half mile and junior mile.

Special Train for Rooters.
Arrangements have been made to run a special train to Moncton on February 3 by the Y. M. C. I. to convey fans to the provincial skating championships. The Y. M. C. I. will be represented by a skater and a large crowd of supporters are expected to accompany them. A German is said to have entered a Sussex and provincial meet.

Star Plus Coming.

One of the leading professional skaters in America have been signed to come to participate in the Canadian provincial speed skating championships on February 24 and 25. McClean, International indoor champion; Lamy and Moran have given assurance that they will be here, and a fourth is expected. It is announced that Mayor Hennessey of Placid would come here to attend meet.

Answer to a query sent to J. A. Lor, president of the Amateur Skating Association of Canada, asking for permission to hold amateur races in connection with the professional, he said it was against the rules, but if the sanction President Covey of the Maritime Union of the A. A. U. of C. could be gained there would be no objection to his part.

Lowers World Mark.

At Saranac Lake yesterday Gladys Johnson of Toronto skated 220 yards 28 1-5 seconds, three-fifths faster than world's record for women previously held by her. In the provincial meet, she won the 440 yard race in 2:15.32, and one mile and finished third in one-hour race, 38 seconds; mile, 2:25.18; and 48 1-5 seconds; three mile, 15:45.00. She was won by Leslie Body Lake Placid, time 1:15.83 and 33 seconds. The 440 yard race for boys of six to ten, won by Ollie Green of Saranac Lake, time 49 2-5 seconds. The 220 yards boys of fourteen, won by Earl Finch Lake Placid, time 22 1-5 seconds. The 100 yards for boys of twelve years, won Ned Mulford, time 24 seconds.

The New Aces.

(New York Times)

The amateur skating crown for the great outdoor season fits well on William Steinmetz, Chicago speeder on the blades. For a time it appeared that Steinmetz might deprive Stenmetz of the distinction, or at least provide a detour for the escape of premier honors. Judges who ruled against any re-acting acted wisely and there can be no doubt that the Chicagoan's record. Even admitting the possibility of a Jewtraw in the Diamond Trophy race at Lake Placid last week, as some of Jewtraw's followers advocated, Steinmetz was entitled to his honors. He set an international championship at Placid, with a total of 100 points for Jewtraw, and this victory, which he accomplished in the Diamond Trophy race, would be sufficient to determine the issue. Jewtraw's sportmanlike action in declaring his favor of the Chicagoan won for the Placid skater many friends.

John District Lodge, Thorne Lodge, No. 2, and Dominion Lodge, Thorne Lodge, No. 2.

The first game will be played on next Wednesday. The Victoria Allers have been secured, and a schedule is being formed. The result of last night's game is as follows:

League Schedule Revised.

The City League Basketball schedule in the senior section was revised at a meeting of the league executive last evening in the Y. M. C. A., with Royillet in the chair. Two more games will be played—Trojans vs. Y. M. C. A. Seniors on March 1, and Trojans vs. Y. M. C. A. Seniors on March 8. The fight for second place in the league between the Alerts and the Trojans will be settled by these two games. In the intermediate section, four games remain to be played. On February 18 St. Jude's will play the steezy boys and the Y. M. C. I. will play the Y. M. C. A. On February 22 George's and Outlaws will crash, and on March 1, the final game, between St. Jude's and St. George's, will be staged. The play-off for the Intermediate championship between High school and Outlaws was arranged at last night's meeting. The schedule calls for a game on February 21 between the Y. M. C. I. floor on March 1. A third game, if necessary, will be staged on the Institute floor.

The highest honors Uruguay could pay were given the memory of Sir Ernest Shackleton by the government and people as they surrendered temporary custody of the body yesterday. Several regiments of soldiers lined the streets and thousands of people joined in the procession. On the explorer's coffin was placed a wreath from King George. Wreaths also came from the British government, the United States government, his companions now in the Antarctic, and from Lady Shackleton.

Rev. Adolard Delorme, of Montreal, who is charged with the murder of his half-brother, Raoul Delorme, yesterday asked for a speedy trial because he said he would be found innocent at the end of the quoque. The arraignment was held strictly in private. Father Delorme has chosen four of Montreal's best known lawyers to defend him. They are N.K. Lafamme, K. C., M. P., A. Filion, Gustave Monet and C. A. Wilson.

Twenty-six Unionist prisoners were released by the Sinn Feiners and the British government favor the release of the football players held by the northern government. This is looked upon as a favorable sign for improvement in the Irish situation. Winston Spence Churchill and Lord Birkenhead suggested a joint commission to go into the question of the boundary dispute.

Lieut. L. M. LeLachur of the 6th Signal Company, has been permitted to retire.

IRISH HUNTERS ON THE PRETORIAN

Twelve for Ontario Landed Here—Conditions Improve in British Isles.

The Canadian Pacific Steamships Ltd. liner Pretorian arrived in port late last night from Glasgow with twenty-one cabin and fifty-four third class passengers. The liner took the southerly course across the Atlantic and had a good clear passage with the exception of a few days when strong winds and heavy seas were encountered. No ice-bergs were sighted and nothing eventful happened during the voyage. At 10 A.M. Scotland morning she docked at No. 3 berth, Sand Point, and the passengers were landed soon afterwards. They will be sent to their destinations on the regular trains this afternoon. In addition to the passengers the liner brought 400 tons of general cargo and one car load of royal mail.

Twelve thoroughbred Irish hunting horses were on the steamer. They were shipped from County Tipperary and are being shipped to a point in Ontario. The horses were excellent looking stock and apparently stood the voyage well. One of the men who came across with the horses said that the accommodations on the steamer were good everything possible was done to protect the valuable consignment.

Captain Freer speaking of the voyage said it was a remarkably good one for this time of the year. He said they had encountered a little rough or heavy weather, but on the whole the passage was a pleasant one. Asked about conditions in the British Isles, he said, they were showing a marked improvement, especially in England and Scotland although in some parts of Ireland they are still upset. This he predicts will right itself and it will not be long before conditions will be normal. Trade conditions he said, were daily improving and a general optimism prevailed throughout the Old Country.

Glenwood Ranges AT NEW LOW PRICES

FURTHER REDUCTIONS in the price of Glenwood Ranges offers a substantial saving to Prospective Purchasers.

THE GLENWOOD RANGE was never at any time an expensive stove to buy when measured by the actual saving and comfort it brought to the home.

GLENWOOD RANGES, owing to their quality, durability and economy, are the best value of any cooking machine on the market today. Because the Glenwood Range is "made in St. John," it means a saving to the purchaser of the cost of crating which is necessary with all other ranges, the cost of freight, and extra cartages. These facts are well worth considering when buying a new range.

SEE THE GLENWOOD before you buy—it will pay you.

THE DOUGLAS AVE. CROSSING

Copy of Commission's Order Received at City Hall.

Information of Dominion Relief for Unemployment—The New West Side Fish Factory—Some Taxation Legislation.

An official copy of the order of the board of railway commissioners for Canada in connection with the diversion of Douglas avenue and the erection of an overhead crossing at the C. P. R. tracks near the new fish factory, was received at the city hall this morning. The order provided for the erection of the arch by the C. P. R. and the approaches by the city. The cost was apportioned as follows: 25 per cent of a sum not to exceed \$15,000, from the commission's special fund; 25 per cent of the balance from the city; 25 per cent from the N. B. Power Co., and 25 per cent from the C. P. R., exclusive of the cost of paving and street car tracks. The C. P. R. is to maintain the arch and the city the approaches. Construction is to commence within three months of the date of the order, and to be completed within nine months.

The mayor said he would get in touch with the provincial government to ascertain the status of a case now in the courts regarding the height of the C.P.R. bridge.

Commissioner Bullock remarked that the separation of the grade crossing in Moncton was done at the expense of the C. P. R. and without cost to the city.

Unemployment Relief

The common clerk read a letter from Gerald H. Brown, deputy minister of labor, regarding Dominion assistance in certain cases to help unemployed, by which the Dominion will bear one-half of any extraordinary cost of work undertaken now, provided the province will bear one-third of this extra cost.

Mr. Brown said that the city should get in touch with the provincial authorities. He had asked the provincial government had accepted the conditions laid down by the federal government and would co-operate in any way possible. The communication was referred to the mayor.

Taxation Matters

A letter was received from C. J. McIlroy, solicitor for the St. John Fisheries, Limited, in which he stated that in the opinion of the secretary of the company, the value of their proposed plant at West St. John was \$60,000 and of this amount \$20,000 would cover the cost of that portion which would be used for manufacturing purposes and for which exemption from taxation was asked.

The mayor announced that E. M. Olive, chairman of the board of assessors, was preparing drafts of bills proposed for legislation at the coming session. He said that there were companies in the city that were engaged in business by delivering goods direct from the cars to retailers and he thought that some plan of taxation should be made to cover them as well as those who carried stock and made delivery from warehouses.

Again, some of the automobile agencies handling cars, claimed that no profits were shown at their local branches; this matter would also have to be covered.

Mayor Schofield announced that the monthly statement of finance showed that the city had about \$100,000 in credit balance which it had in the bank.

Whipple Street Water.

Commissioner Jones reported that some of the residents of Whipple street had asked what action had been taken in regard to water extension in that district.

Mr. Jones said in the opinion of the engineer a standpipe and pump were necessary to raise the water to that level. He had asked the engineer to make an estimate of the cost and would report further in the matter.

LEGISLATURE ON MARCH 2

Premier Foster Announces Opening Date and Mover and Seconder of Address.

Premier Foster announced this morning that the New Brunswick Legislature would open its 1922 session on Thursday, March 2. One more session of the government will be held likely towards the end of February.

The address in reply to the speech from the throne will be moved by Fred Hatahrook, M. P. P. from Westmorland, who was elected to the legislature at the last provincial poll. It will be seconded by S. B. Leger, M. P. P. from Gloucester.

The opening on March 2 will be one week earlier than last year and two weeks ahead of the opening date in 1920.

It is expected that the questions of economy in all the provincial departments and proposed means of increasing the provincial revenue will be prominent at the session.

GIVEN SIX MONTHS AND THEN ESCAPED.

The provincial hospital authorities found it necessary to have a Fairville man arrested for indecent exposure in front of the windows. Five times he had committed the offence. Three times he was caught but twice he was let go. Yesterday he was brought before Magistrate Allingham, who recognized in him an old offender, and was given six months in jail. Immediately after he escaped from the police. The hospital authorities desire to know how much longer they are to be annoyed by such characters, and they cite the case of another man of similar character who is also at large.

They say the patients behind barred windows are safe, but they ask what about young girls who may be caught alone by such persons. A fine paid by relatives is not a guarantee of protection for the public in such cases, and it is contended that in the case dealt with yesterday no stone should be left unturned to capture the man who escaped.
