MOIR'S Chocolates

THOUSANDS of men commenced to eat Moir's Chocolates while in service overseas. They craved the nourishing candy with the distinctive taste and wrote home for more Moir's.

Just as tea is now an afternoon beverage with service men, so have they become attached to the habit of eating Moir's Chocolates whenever that old trench craving for sweets comes upon them. They know Moir's Chocolates have a hundred or more varieties of fillings—and have found those that suit their taste.

TELEGRAPHERS MAY NOT ACCEPT AWARD

Toronto, Aug. 1.—The award of the Board of Conciliation on the demands of Canadian Pacific Railway Telegraph employees was announced officially Saturday. It gives increases as follows: Morse operators, \$20 to \$17 a month; clerk, \$12.00 to \$5 a month; printing telegraphers \$10 a month.

The opinion was expressed by W. C. Storey, local chairman for the provincial organization committee, that, judging from the ballot now being taken, the telegraphers are against acceptance.

Rev. J. V. Young, priest in charge of the Mission Church St. John the Baptist, Paradise Row, left on his holidays last week, and the masses yesterday were celebrated by Rev. Father H. E. Bennett, assistant priest.

Reports From the Girls' Poster Appeal Are Becoming Interesting

From one store the girls say: "There is no trouble to collect for the Y. W. C. A.—All the men want us to have it, and all are willing to give."

One girl has already collected \$50 and has put her name down twice on the Poster. She is now showing other girls how to do it.

That's good business, and our Y. W. C. A. is a business proposition, girls!

Everybody knows what it means and everybody will give, for everybody wants it, sure.

Go to it, Girls! Next week we will post the returns.

Look out for the competition running all next month.

Home Dyeing is now as simple as washing

There is no divining the complex moods of the modern blouse. One week it is a dainty flesh color—the next, a deeper pink—again you see it, and behold, 'tis blue. Madame has discovered at last the simple route to color variety. It is simplicity itself—this Aladdin way of coloring fabrics. A plunge in the water, a washing just like you would give the garment with any other soap—and presto! Aladdin has imparted just the lovely shade you asked for.

You may now give full vent to your color caprice. The frock that was a faded pink becomes, under the magic touch of Aladdin, a rich "old rose". The Crepe de Chine nightgown that one has tired of, looks just like "new" when Aladdin has made it a lovely lavender or peach.

Chiffons, ninnons, satin, tricolette—any material that water will not harm, may be entrusted to Aladdin for a color-change.

Ask for Aladdin at any drug store, grocery store, hardware shop or departmental store. Follow the simple directions—put Aladdin to the test, on any filmy garment you choose to color. Out of the washing it will come—with all the flashing charm of a new fabric.

After your first experience with Aladdin, you will use this wonderful Dye Soap for almost everything you wear. Soap for the drapes, curtains and as well as for the other household fabrics that are waiting to be renewed with the magic of this Soap that colors as it cleans.

MORNING NEWS OVER THE WIRES

An advance of forty per cent in freight rates in the east, twenty-eight in the south and thirty-five in the west, has been granted in the mountain Pacific territory of the United States by the interstate commerce commission. An advance of twenty per cent has also been granted in the passenger fares.

A sad accident occurred at Pomeroy, Gloucester county, recently when Miss Margaret St. Coeur was overcome in the water and drowned before help could reach her. It is supposed that she was seized with a cramp. It was decided that an inquest was unnecessary. Miss St. Coeur is survived by a brother.

A branch of the Great War Veterans Association was organized at Alma recently, and the following officers elected: S. S. Kennedy, president; J. H. Wilbur, first vice-president; B. G. Cooper, second vice-president; Dr. F. Rommel, secretary-treasurer; D. Connor, Chambers and W. Bannister, executive.

It was decided to hold an entertainment for the purpose of raising funds for the association and a committee was appointed with J. H. Wilbur, foreman, M. B. Jones, insurance agent and broker, was struck by an automobile at Moncton, Saturday evening, and thrown into his home when a car, driven by George Hohey, hit him. Francis Walker, 3 cakes Palm Olive Soap, 28c.

Henry Drayton, minister of finance, has appropriately acknowledged Sir Edward's generosity.

The Duke of Devonshire arrived at Sydney on the armed yacht Hochelaga on Friday and was greeted by enthusiastic crowds. Saturday morning he left for Lunenburg by special train. He returned to Gloucester Bay at 2 o'clock and was welcomed by Mayor Forbes. The party had luncheon there and then returned to Sydney, where a guard of honor awaited them. In the evening a ball was held in the club house of the Royal Cape Breton Yacht Squadron. The party attended divine service Sunday morning and the yacht weighed anchor at 1 o'clock.

Miss Marion Kirkpatrick, of East Orange (N. J.), was graduated recently from the high school of that city with honors, leading her class and winning three medals. Miss Kirkpatrick is a daughter of William G. H. Kirkpatrick, formerly of this city.

WATCH YOUR GUMS— BLEEDING A SIGN OF TROUBLE

Medical science knows how serious is the sign of bleeding gums. For it knows that tender and bleeding gums are the forerunners of Pyorrhoea, that dread disease which afflicts four out of five people over forty.

If the disease is unchecked, the gum-line recedes, the teeth decay, loosen and fall out, or must be extracted to rid the system of the Pyorrhoea poison generated at their base—poisons which seep into the system and wreck the health. They cause rheumatism, nervous disorders, anemia, and many other ills.

To avoid Pyorrhoea, visit your dentist often for tooth and gum inspection, and use Forhan's For the Gums. Forhan's For the Gums will prevent Pyorrhoea or check its progress, if used in time and used consistently. Ordinary dentifrices cannot do this. Forhan's keeps the gums firm and healthy—the teeth white and clean. Start using it today. If gum-shrinkage has already set in, use Forhan's according to directions and consult your dentist immediately for special treatment.

35c and 60c tubes in Canada and U.S. If your druggist cannot supply you, send price to us direct and we will mail tube postpaid.

The Evening Times and Star

ST. JOHN, N. B., AUGUST 2, 1920.

The St. John Evening Times is printed at 27 and 29 Canterbury Street, every evening (Sunday excepted) by The St. John Times Printing and Publishing Co., Ltd., a company incorporated under the Joint Stock Companies Act.

AMERICAN SENTIMENT.

The real sentiments of the American people do not find expression in the yellow journals. We turn rather to such utterances as that of Mr. Elihu Root at the unveiling of the Lincoln statue in Canning Square, London, a few days ago, when Mr. Lloyd George gave an important official business to be present and deliver the speech of acceptance.

The presentation was made in the central hall of Westminster, in presence of a distinguished assembly which included Lord Bryce. Mr. Root declared that the identical fundamental conceptions of liberty and justice in both countries make it impossible that in any great world emergency Great Britain and America could be on opposing sides.

It is better to keep in mind the utterances of a Root than a Hearst. There is keen disappointment that the United States has not joined the League of Nations, but that event is only a detail in the larger and more important considerations.

THE STEEL SITUATION.

The steel situation in the United States is extremely interesting because it has so great an effect on industry and trade in general. It is noted that when the net earnings of the Steel Corporation for the second quarter of the year have been the largest of any three months since the armistice, it has occurred in the face of rising prices for steel products.

Early action on the harbor question is promised. The early action needed is provision by the government of facilities for its own steamship and railway lines and the carrying out of the agreement of 1911.

The date of the federal by-elections has been fixed for Sept. 20. If the general elections were fixed for that date there would be a good deal more interest in the campaign.

Railway freight rates in the United States are to be sharply advanced. The example will be followed in Canada. Labor will profit and the consumer pay.

We should soon learn whether the Soviet government of Russia is ready to deal fairly with Poland, or whether the Allies are to have a further serious task imposed on them.

Raw sugar in New York is down eight cents from the high point of two months ago, and refined granulated has been offered for shipment in bulk at twenty-one cents.

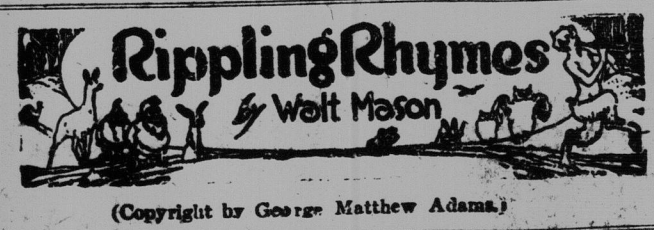

A Canadian challenge for the America's cup, if accepted, would arouse great enthusiasm in the Dominion.

Wheat cutting began in the Stonewall district, Manitoba, on Saturday with the promise of a splendid yield.

SCHEME FOR TIDAL ENERGY. Tests carried out in the River Mersey, England, with the Clarkon tidal turbine have shown that electrical power can be obtained from tidal currents at an estimated cost of less than two cents per unit.

SHORTHAND ON TYPEWRITER. Paris, France, Aug. 2.—By a new system called "brief-hand" which is a shorthand system, the speed of the typewriter is increased.

WOMEN VOTERS EXERCISE MEN. Brussels, Belgium, Aug. 2.—Owing to the deportation and executions of the citizens during the German occupation, the Belgian province of Limburg has a self-governing council of women.

Rippling Rhymes by Walt Mason. Copyright by George Matthew Adams.

HOT ENOUGH? Replying to a million jays, my dulcet voice I hereby raise, and I admit—though not with glee—that it is hot enough for me. These jays at every turn they watch me, and they hold a willow wand reduced to streams of melted lead, and they inquire, the whole blamed crew, "Well, is it hot enough for you? And I assure them as I see that it is not enough for me. I've always been a bear for heat; I don't suppose you'll ever meet a gent so madly fond of sweat, and on that account my burning face I used to play, when but a child, with rattle-snakes and all things wild. And there I learned to love the heat, and look upon it as a treat. And in the stoke-hold of a ship I shoveled coal smoking feet. But I ain't, and allow, I've had enough of warmth just now. I do it hoping that the jays who weave around me all my days will can that query, anouddy-blue: "Well, is it hot enough for you?"

CANADA—EAST AND WEST

Domestic Happenings of Other Days

CHAMPLAIN IN ONTARIO.

On the first day of August, 1915, Samuel de Champlain, the great French explorer of the pioneer days, arrived for the first time at Georgian Bay, landing at what was called then Outouaren, near the present town of Penatanguishene.

Champlain had left Montreal the previous month with two other Frenchmen and a party of Hurons to make his visit to their country; they had been eager for a long time to have the intruder discover the land.

Resting a day or two the French chief then made a tour of the villages in that district, being hailed with delight by the savages everywhere for they had heard of his greatness and were delighted at the honor paid their tribe by the coming of the French.

INVICIBLE. Beauty can die a thousand deaths, can pass from antique marbles fallen into dust; Clogged with corruption, ravaged deep with rust.

GREAT INCREASE IN THE CUSTOMS. Ottawa, Aug. 1.—An increase of \$20,244,809 in the customs receipts for the month of July over the corresponding month of last year is shown by the statement just issued from the Customs Department.

ORDERED BACK TO WORK. Springfield, Ill., Aug. 1.—"Making his return to his home," said the Illinois miners' union, "the miners of this district are ordered back to work Monday."

BACK TO EDMONTON. Edmonton, Alta., Aug. 1.—All of the American aviators flying from New York to Alaska, returned to Edmonton on Saturday afternoon.

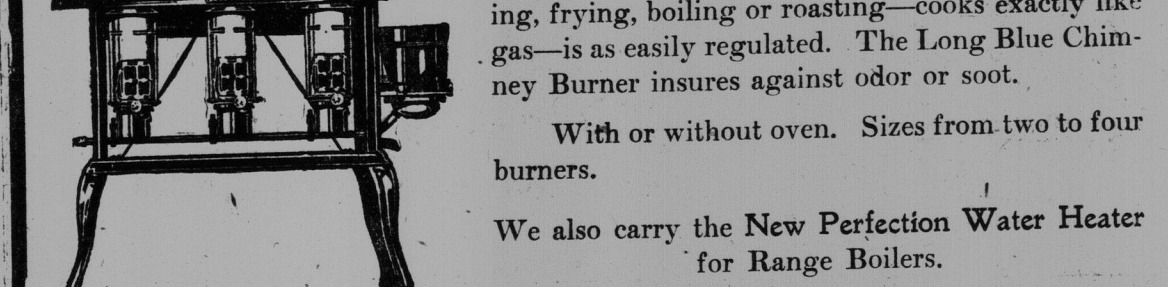

MANY ICEBERGS. Montreal, Aug. 1.—Reports to the government service from the steamer Donaldson Line, Cassandra, arriving here this evening, state that she had fine clear weather through Belle Isle Strait, passing more than sixty icebergs and several growlers en route.

FORTRESS TAKEN. London, Aug. 1.—The fortress of Brest-Litovsk, the stronghold 110 miles east of Warsaw on the boundary of Poland proper, is reported to have been captured by the Russians, according to a wireless dispatch from Berlin today.

COMMUNIST PARTY. London, Aug. 2.—An agreement was unanimously reached to form a communist party in Great Britain for the purpose of establishing communist rule, conferring power on the working classes and controlling all forces of production.

RECENT WEDDINGS

Miss Mary E. Nolan, daughter of Mr. and Mrs. William Nolan of Sunny Corner and William Hosford, son of Mr. and Mrs. Joseph Hosford of Trout Brook, were united in marriage on July 21 at the Presbyterian manse, Redbank, by Rev. Mr. Girwood.

Miss Mildred Clinch and Homer Lindsay Currie were united in marriage at Moncton yesterday by Rev. W. H. Barclough. The groom is a civil engineer on the C. N. R. and the bride a native of Musquash, was a nursing sister overseas.

MYSTERY CLEARED UP.

The schooner MacIntosh arrived at Atlantic City recently and settled the mystery of the burning tanker supposed to have gone down with all hands off Avalon last Wednesday. A great quantity of oil had been discharged from the tanker Casville, which had gone aground, and the fishermen complained of oil covering the sea for miles, which hampered their trade. The crew of the MacIntosh threw a bundle of waste saturated with oil into the water and ignited it. The flames swept from pool to pool of oil till it was all consumed.

Get Increase Also.

Washington, Aug. 2.—Coastwise and inland steamship lines and electric railway companies were granted to increase their freight rates in proportion to the increases granted the railroads serving the same territory by the order of the interstate commerce commission granted yesterday.

HOT WEATHER is trying to BABIES

When little legs are raw and red with rash, the baby cannot be happy or quiet.

MENNEN KORA-KONIA

VICTIMS OF TRAIN WRECK BURIED

The double funeral of William M. Megarity and Thatcher L. Irvine, both of whom were killed in a railway wreck Friday morning, was held from Knox church yesterday afternoon at three o'clock. A large gathering of friends assembled at the funeral to pay their last respects to the unfortunate victims. The members of the Portland Lodge, F. & A. M., Knights of Pythias and the Brotherhood of Railway Trainmen and Engineers, attended to a body. The service was conducted by Rev. R. M. LeGage, pastor of Knox church, assisted by Rev. F. S. Dowling, pastor of St. Andrew's church. The masonic service was conducted by H. A. Porter and the Pythian service by James Moulton. The interment was made in Fernhill and the graves, which were side by side, were prettily decorated with ferns, palms and flowers.

The pall bearers for Mr. Megarity were from the Brotherhood of Locomotive Engineers and were George W. Spear, W. J. Coffey, G. S. Crawford, S. Ritchey, W. H. Anderson and A. H. Friars. The pall bearers for Mr. Irvine were members of the Knights of Pythias and the Brotherhood of Railway Trainmen and were William Latimer, H. Reynolds, William Needham, T. Dolerty, Charles Jones and A. N. Nixon.

Among those who attended the funeral were his worship Mayor Schofield, Commissioners Thornton and Fink, George A. Stone of Moncton, general chairman of the Brotherhood of Locomotive Engineers, and Frank Gibson of Moncton, representing the 1st Division F. E. 102.

The funeral of Mrs. Emma Morris took place yesterday afternoon at 2:30 from the residence of her brother-in-law, Henry Graham, to Holy Trinity church. The burial service was read by Rev. Monar Walsh and interment was made in the New Catholic cemetery. Relatives were pall bearers. The funeral was largely attended and many floral and spiritual tributes were received.

Through the efforts of Miss Maria Hackett little Murray Belyea, five-year-old son of Mr. and Mrs. William C. Belyea, Gosportown, was saved from drowning in Casperton Creek last Monday afternoon. The lad was fishing in front of the residence of R. R. Reid and he fell off the float into the water. He was noticed struggling in the water and Miss Hackett called Mr. Reid, who fished the lad off the bottom and in a short time revived him.

RECENT DEATHS

Ernest G. White.
Ernest G. White died Wednesday morning, July 28, at his home at 9 Willow street, Bangor, at the age of thirty-five years. Mr. White was born April 6, 1885, at Richibucto, N. B., and came to this city about sixteen years ago, where he has been employed as a roofer. He leaves his wife, Marion W., an infant son, Herbert W., his parents, Mr. and Mrs. John White, two sisters and two brothers, Mrs. Emma J. Long and Mrs. Mary C. Thompson, both of Richibucto, N. B., Charles E. of Bryan's Pond, and John F. of Bangor.

Jonathan N. Titus.
One of the most respected residents of Kings county, Jonathan N. Titus, passed away at his home in Lakeside yesterday at the age of eighty-two years. He is survived by his wife, one brother, James G. Titus of Sussex, and one sister, Mrs. James W. Titus of Knowlton (N. H.).

The funeral will be held on Wednesday afternoon from his late residence, interment being made in the Titusville cemetery.

The death of Mrs. Sarah McIntosh, wife of Dr. D. McIntosh of Pugwash and mother of Dr. A. E. McIntosh of Amherst, occurred in Pugwash recently at the age of sixty-two years. The funeral was held from her late home in Pugwash on July 29.

Inspector Thomas Caples, of the St. John Police Force, returned from his vacation on Saturday and was back on duty at police headquarters on Saturday night.

Summer Blouses of Many Kinds Await Your Approval

Many are suggestive of sports wear, but there are some very dressy ones, too, made of finest Voiles and Georgettes.

VOILE BLOUSES are in many smart style variations. Some of the loveliest have touches of hand-work and are made of plain sheer materials or cross-barred patterns. The Over-Blouse is having well deserved popularity and is very becoming to the youthful figure.

GEORGETTE BLOUSES are in all the new light and dark shades. Trimmed with groups of fine tucks, touches of embroidery, etc. Many have short kimono sleeves and becoming round necks.

MIDDY BLOUSES are in regulation style, or button on the hip kind. Some have detachable collars of navy blue serge.

You are sure to find the very Blouse you want among these assortments.

Here Are Five of The Many Lovely Styles

August Clearing Sale
A Vast Variety of Voile Blouses
Tomorrow, \$3.50, Regular to \$4.98

The variety is almost endless. They are just as pictured. Profusions of lovely Blouses — one vast smile of lace, tucks and embroidering. The new pleated jabot is featured; also the tucked jabot, lace trimmed, which is the height of becomingness. There are vest fronts, over-b blouse effects and side-buttoned styles, and yards of hemstitching.

These Blouses are most versatile. Put them on right now, for they are typical of summer. Then again, in cooler weather with a suit, their fascinating jabots and vest fronts are extremely dressy. See them as early as possible tomorrow, so as to get full benefit of the choice.

BY-ELECTIONS IN SEPTEMBER

(Canadian Press Despatch.)
Ottawa, Aug. 1.—By-elections will be held in St. John city and county and Albert (New Brunswick) and in Colchester county (Nova Scotia) on Monday, September 20. Nominations will be on Monday, September 6. The by-elections are necessitated by the appointment to the new government of Hon. Rupert W. Wignome, minister of customs and inland revenue and member for St. John, and of Hon. F. B. McCurdy, minister of public works, who represents Colchester in the house of commons.
Both of the ministers will seek re-election. W. B. Armstrong, of Bible Hill (N. S.), will be the returning officer in Colchester.
The returning officer for St. John has not yet been announced.
The contest in Colchester county, in view of the recent provincial elections in Nova Scotia, promises to be particularly interesting. In Colchester, former candidates gained both of the seats for the provincial house.
Three other seats in the house of commons remain vacant. There are two—East Elgin and West Peterboro, both in Ontario, and Yale (B. C.). Writ for these have not yet been issued.

BELIEVE ARRESTS HAVE BEEN MADE

Public Feeling at High Pitch in Garneau Girl Case — Police Deny Arrests.

Quebec, Aug. 2.—(Canadian Press)—Public feeling has been aroused to a high pitch in Quebec as a result of the outstanding facts brought out at the coroner's inquest on Friday into the murder of Blanche Garneau, whose body was found near Victoria Park last Wednesday night.
While both the city and provincial police are at work on the case, both departments emphatically denied last night that any arrests had been made.
It was persistently reported, however, that three men had been taken into custody in connection with the case and that their arrest was being kept secret by the police who feared to make it public, lest there resulted an outbreak of indignation and that mob violence might ensue.

LABOR TROUBLES CAUSE CLOSING

Dominion Shipbuilding Plant Shut Down — Expect Re-opening in Few Weeks.

Toronto, Aug. 2.—The Dominion Shipbuilding Company's plant has been closed. It is said labor troubles are largely the cause of the shut down, the long extended strike of machinists and other shipbuilding workers having had serious results.
Those behind the company expect it to resume operations in a few weeks.

Detective Kenneth Donahue is receiving congratulations from his friends on the arrival of a son at his home, on Saturday night.

FAM-LY-ADE

NO need to pull the shades or muffle the clink of glasses when you drink FAM-LY-ADE. It's a drink you will enjoy in the open as well as on the inside. No one ever turns down the glass when FAM-LY-ADE is served.

Try it and know why.

Five Fine Fruit Flavors — Orange, Lemon, Lime, Cherry, Raspberry.

Quickly and Economically Made

Simple directions on every package. True fruit flavors. Your own sugar and pure table water the only other ingredients. Always ready to quench the greatest thirst. Fine for flavoring cakes, puddings, ices, ice cream, etc.

Sold by grocers, druggists, confectioners and department stores.

Made in Canada by POWER-KEACHE, LIMITED, TORONTO

32 Glasses—35 Cents

Graceful Silk Frocks Made at a Saving

Lovely new Silks, Satins, Messalines, Crepe de Chine, Charmeuse and many other handsome weaves — here in fine variety.

You may have a pretty new Frock for a song when only the cost of materials is to be considered.

Either of the two charming styles above is easily made at home — McCall Patterns assure a correct fit.

The lines are new and chic — the gracefully draped bodice, and the bouffant effect at the hips, are especially pretty in Silk.

McCall Patterns are out to save cloth — for Pattern No. 9562, size 16, you will need only 4 1-4 yards 40-inch material. Pattern No. 9471 requires even less — 4 1-4 yards 36-inch material.

LOCAL NEWS

The advance party of Boy Scouts, under command of H. O. Eaman, left the city on Saturday to prepare for the scout camp which is to be held at Jenkins Cove, on the Belleisle. It is expected by the officials that the camp will be very largely attended this year, and the scouts from the city will leave for camp on Thursday, August 5.

His Worship Mayor Schofield arrived in the city yesterday and said that there will be speedy settlement of the questions of the one-man car and the government control of the harbor. While in Lévis, Que., he observed the operation of the one-man cars and in Montreal called upon Mr. Beatty, president of the Canadian Pacific Railway, and investigated government control of that port.

Though the weather man was rather unympathetic, the picnic at Fort Valois, held jointly by the St. Mary's band of St. John and the Fairville Outing Club, was a most enjoyable affair and drew a large attendance from the city and from the neighboring summer resorts. On account of the weather, no athletic events were on the programme, but the dancing pavilion was well patronized and was the scene of much merriment during the evening.

Before Magistrate Dalton at Renfrew on Saturday two American tourists, Ernest A. Parlee of Connecticut and Ira A. Ruch of New York, were each fined \$10 for exceeding the speed limit. The arrests were made by Constable Robert Crawford. He said that they were driving through the village of Rothesay at about forty miles an hour. Signs indicating the speed limit, he said, have been placed at intervals along the road and there is no excuse for such flagrant violations.

A SUPERINTENDENT FROM E. ST. JOHN

Highland View Hospital, Amherst, has secured as successor to Miss Ryan, who resigned from the superintendency some weeks ago, Mrs. E. Vandorsen, a graduate of Long Island College Hospital, New York. The new superior is well qualified to fill her position as besides her extensive instructive training, she has gained a great deal of valuable experience while holding positions in many well known medical institutions in Canada and the United States. For the past five months, she has been assisting at the St. John county hospital.

FORMER GOVERNOR OF INDIANA IS KILLED IN WRECK

(Canadian Press Despatch.)
Dennison, O., Aug. 1.—J. Frank Hanley, former governor of Indiana, and prohibition candidate for prohibition in 1916 was killed today when the automobile in which he was riding was struck by a train at a crossing near here. Dr. and Mrs. C. Barker, Kilgore (O.), who were also in the car were killed.

BUILDING PERMITS

Building permits for the month which ended Saturday totaled \$100,100 as compared with \$45,500 for July, 1919, and with \$213,000 for June, 1920. The total for the year to date is \$634,000; for 1919 to date the aggregate was \$128,900.

The permits for the month in detail: Corporation St. George's church, W. E., one story wooden school house, \$9,000; School Board, 187 Duke, one story brick school, addition, \$15,000; C. E. Thomas, Cranston avenue, two story wooden building, \$2,000; A. E. Kierstead, Long Wharf, three story wooden warehouse, \$6,000; Colonial Hide, Marsh road, two story wooden warehouse, \$6,000; Provincial Memorial Home, Wright street addition, \$4,000; Haldie Dunn, Millidgeville avenue, barn, \$800; Trustees Baptist church, corner Victoria and Durham, one story brick church, \$50,000.

THREE SISTERS WED.
London, Eng., Aug. 2.—Three sisters, aged twenty-six, twenty-five and twenty-one respectively, daughters of Thomas Edwards, a retired school-master, were married on the same day. The brides are members of a family of fourteen, all of whom were present at the wedding.

Knight & Co., with sugar for the Atlantic Sugar Refineries, Ltd.

Bunions often indicate a weakness in the arch of the foot. Your toes are shoved forward too far.

Some a thick callous forms on the tender joint. And your shoes show it.

Then your great toe is pressed out of position, its large joint is strained.

Don't Have Bunions

You do not need to continue suffering tortures from either bunions or enlarged great joints.

DR. SCHOLL'S BUNION REDUCER

will give you undreamed-of relief at once, and at such trifling cost that it is really unfair to yourself to put up with another day of agony.

Dr. Scholl's Bunion Reducer is a soft rubber shield that is scientifically designed and shaped to fit closely over the bunion or enlarged joint and protect it against the friction or pressure of the shoe. At the same time, it excludes the outer air and retains the body heat and moisture, thus causing softening and gradual absorption of the hard growth, with consequent reduction of the size of the bunion.

They are worn in your ordinary shoes, and not only do not take up additional room, but actually prevent the bulging of the shoe that betokens the bunion and that destroys the appearance of the foot.

Dr. Scholl's Bunion Reducer protects the tender joint, reduces the unsightly bulge and preserves the shape of the shoe.

Reduce we suggest that you have the graduate Practitioner examine your foot, see if this is not the cause of your discomfort. You will find one in practically every shoe store, and his services are always free. He has studied the science of foot comfort under Dr. Scholl, the world's greatest authority, and can tell you what your case requires. Be fair to you feet and do this.

At The Store Everywhere.

Write for Dr. Scholl's FREE BOOK on "Treatment and Care of the Feet" to THE SCHOLL MFG. CO., LTD., Dept. L 7, 112 Adelaide St. E., Toronto, Chicago, New York, London.

Largest Makers of Foot Comfort Appliances in the World.

DR. SCHOLL'S "3" Necessities

This is a combination treatment that is designed to keep the feet in the best condition at all times. It consists of a special foot soap to cleanse the pores more thoroughly than is possible with common soap, a massage and neutralizing cream, and a scientifically prepared and antiseptic foot powder, the whole making an ideal combination for the proper care of the feet. Thousands of arthritic users vouch for its value. Try it and see for yourself.

THE EVENING TIMES AND STAR, ST. JOHN, N. B., MONDAY, AUGUST 2, 1920

Facts Regarding the Proposed One-Man Street Car in St. John

Webster's Dictionary Says:
 A Demonstration means to "Prove beyond doubt"

The New Brunswick Power Company increased the wages of motormen and conductors 10c per hour with time and a half for overtime and holidays, and also 10c per hour extra for Sunday and "snow-work". The company also grants them free transportation and uniforms, representing a total wage of \$8c per hour for nine hours per day.

With the agreement covering these wages, there was also an agreement made and signed by the committee composed of F. A. Campbell and Percy Moore, providing for a demonstration of one or two ONE-MAN CARS, so that the city officials and citizens might judge as to the safety, service and convenience, as well as economy of their use on the street railway.

After three trial runs on one line, the committee demanded that if the car went out again the gas, lights, power and railway would be tied up, as the demonstration had been made. Later they agreed with the mayor that two trips be made during busy hours, and there were 165 passengers carried on the two trips.

On these trial trips, the one-man car was operated by H. McLean, superintendent of the street railway department, who had no former experience or training on these cars, and although hampered by making change under the present 6c cash fare and in other ways, good time was made and the trial was pronounced a success by the passengers.

Then the committee issued an ultimatum, that if the car went out again, all the utilities would be tied up. According to Webster, a demonstration means "proof beyond doubt". To demonstrate this the car should be put in regular service for sufficient time to permit the citizens to travel on it on all suitable lines, so that the city officials and patrons

operated with and without rails to guide them in St. John and surrounding territory by one man.

It is useless to say that the same number of passengers will pay 8c or 10c fares for two men on a car against 6c, or possibly less with one man. Eight or ten cents from the average bread-winner to and from his employment is \$25 to \$30 per year and this in addition to family outlay would make a burden that many cannot afford.

This company is permitted to only make a legal profit for its investors, many of whom are dependent on this investment, and it desires to serve the citizens of St. John with a first-class service as a public utility at as low a fare as possible to provide it operating costs.

Many cities are charging 8 to 10c fares, and asking more. Co-operation will keep your fares within the scope of all workmen's means. All we ask is a fair trial of the safety car, to permit this and give seats to workmen to and from their employment.

LETTERS OF ENDORSEMENT.

The following are a few extracts from many copies of letters we have received and comments on the proposed type of car that will give service to the citizens of St. John:

From the editor of the Calgary Herald:
 Calgary, Canada, April 8, '20.

An important element is safety and in this matter I do not regret that there ever has been an accident in this city that was due to one-man operation. It may be wrong in this, but I say I do not remember.

As a citizen and ratepayer of Calgary I endorse the use of one-man cars.
 (Sgd.) J. H. WOODS.

Board of Railway Commissioners of Canada.
 From J. G. Rutherford, Commissioner

I have no hesitation in heartily endorsing the one-man car, not only from the standpoint of economy but from that of safe, convenient and efficient service. It was an unquestioned success in Calgary from every point of view, and although the public of St. John being probably as elsewhere averse to change of any kind, may not take kindly to the innovation for the first week or two, the new system will, I am sure, rapidly grow in favor.

(Sgd.) J. G. RUTHERFORD.
 Calgary, July 16, 1920.

Re one-man cars, I beg to state that after making careful inquiries, and also being a frequent patron of the cars, I find that they are no more liable to accidents than the two-men cars; also that there has been no increase in the number of accidents by street cars since their inauguration here.

The public have now become used to the one-man car service and would say that the service is satisfactory. It relies entirely on the motorman as to the comfort of the car in the winter. If he pays attention to his work, the cars can be kept warm.

With the present improved facilities for handling fares there is no detriment to the cars keeping schedule time.

Yours truly,
 (Sgd.) T. B. RILEY,
 President Calgary Trades and Labor Council.

On behalf of the Street Railway Men's Union, Local Division No. 583, Calgary, operating all one-man cars, W. B. Robinson, president, says in an address to T. H. McCauley:

"We are very grateful to you for having provided us with the best wages and conditions of any street railway in America."

W. M. Davidson, editor Morning Albertan, Calgary, says:

"As you know, I was skeptical about the street railway companies in this city. I feared that the risk to the passengers might be greater and the strain on the operator too great, but I have now no hesitation in saying that the one-man cars in every respect have been a success."

Board of Railway Commissioners of Canada.

W. M. Davidson, editor Morning Albertan, Calgary, says:

"As you know, I was skeptical about the street railway companies in this city. I feared that the risk to the passengers might be greater and the strain on the operator too great, but I have now no hesitation in saying that the one-man cars in every respect have been a success."

This is the type of one man car The New Brunswick Power Company wishes to demonstrate to the citizens of St. John as a safe, convenient and economical means of transportation. Note the passengers entering and leaving by the front end and in and out doors at the same time. The rear vestibule is closed with a swing door, between the body of the car and vestibule. This seats eight passengers and is provided as a smoking and observation room.

of the system may learn of its merit, and judge for themselves its efficiency.

The company does not propose to speak for the public, neither does it believe that its employees should attempt to voice public opinion, neither should the public be stampeded into condemning a utility that will save them money and give them good service.

The New Brunswick Power Company desire to introduce the safety or one-man operated car, which means more service, better service, cheaper service and safer service, if satisfactory to the city and the citizens.

The type of car is similar to those operated on the largest exclusive one-man car system and other smaller street railway systems for over three years, where they are giving excellent service to the public at low fares.

Street railways cannot provide new cars for changes in fashion any more than the motor owner his auto, or the householder his furniture, etc.

To purchase new rolling stock the car-rider would have to pay the extra cost in higher fares instead of a reasonable fare on the present cars reconstructed as a more convenient car than the new so-called Birney car with only one door to enter and leave by.

It is said that fares were raised in Halifax with one-man cars. Halifax paid \$250,000 for new cars and therefore had to charge the car-rider approximately \$24,000 per year more to pay interest on the new fashion.

This may appeal to some, but the car rider generally would prefer a comfortable safe car at a low fare rather than pay for unnecessary style, that is not even as convenient.

The car is the workmen's means of transportation and their families' means of taking an outing; it is a public convenience until the fare increases to a point where it necessarily becomes a commercial proposition for those who have to ride long distances.

There is only one way of keeping it a public utility for the short distance rider, and that is by a frequent service at low cost, and that can only be done through its operation by one man or two men each operating a car instead of two men on one car. St. John cars are too small to require two men, but the correct size

The N.B. Telephone Company, Ltd.

Long Distance Telephone Rates

The new schedule of Long Distance Rates as ordered by the Board of Commissioners of Public Utilities of New Brunswick, will go into effect on August 1st, and in order that the public may understand and take advantage of the different classes of service available, the following information is given:

Station-to-Station Calls—Make your call for the number wanted; or if you do not know the number, give the name and address of the subscriber to the toll Operator and tell her you will talk with ANYONE there.

This is the simplest form of toll call and carries the lowest rate. There will be no charge for it unless connection is established with the TELEPHONE of the subscriber wanted. In most cases, this form of toll call will be found satisfactory and will save about 25 per cent. as compared with the person-to-person rate.

The station-to-station rate is computed on the basis of 5 cents for each six miles, up to 24 miles, and 5 cents for each eight miles beyond that distance, with a minimum charge of 10 cents from 0 to 12 miles.

Person-to-Person Calls—Where it is absolutely necessary that you speak to some particular person, tell the Toll Operator so.

The operator will endeavor to establish direct communication with the person wanted. If the call is completed, it will be charged at the person-to-person rate. If the particular person called for cannot be reached, the Operator will so report to the person calling; and if no further particulars can be supplied which will enable the Operator to locate the called person, and the order is then cancelled, there will be a report charge for the service rendered, approximately, one-fourth the station-to-station rate. If the caller desires, the Operator will continue her efforts to locate the particular person at any one toll center during the same day with but one report charge. If communication is finally established the same day on which the call was filed, the charge will be the regular person-to-person rate and there will be no report charge.

Person-to-Person calls require greater effort and, therefore, are charged for at a rate about 25 per cent. higher than the station-to-station rate. The minimum charge for such a call is 15 cents.

Collect Calls, that is calls on which the charges are to be reversed or paid for by the called party, are charged for at the person-to-person rate. The charges on a station-to-station toll call cannot be reversed.

There are also two special classes of person-to-person calls, Appointment Calls and Messenger Calls.

(1) Appointment Calls are person-to-person calls which provide that communication is to be arranged for establishment at a specified future time. The rates for appointment calls are approximately 50 per cent. higher than the rate for station-to-station messages between the same points or approximately 25 per cent. higher than the corresponding person-to-person rate to provide for the greater operating effort required to complete them. The report charge is applicable on this class of call.

(2) Messenger Calls are person-to-person calls on which the called person is not available at a telephone and on which the telephone company undertakes to notify him, by messenger or other means, that communication is desired with him by long distance telephone. Messenger service is furnished at cost on guarantee of payment by the calling person and the charges for such service are, in every case, in addition to the regular rates for messenger long distance calls which are the same as those for appointment calls, as explained in paragraph (1) above. The report charge applies to this class of call.

Reduced Rates for Night Long Distance Calls—Reduced rates for night service apply when the calls are on a station-to-station, person-to-person, appointment or messenger basis and are effective between 8.30 p.m. and 7 a.m. (Atlantic Standard Time). The night rates are approximately one-half of the day rates. The minimum night rate is 25 cents. Day rates apply on calls made at night when the charge is less than the minimum night rate.

EXAMPLES:

Station to Station Rate	Person to Person Rate	Appointment and Messenger Call Rate	Report Charge
St. John to Fredericton—Day Rate40	.60	.10
Night Rate25	.30	.10
St. John to Moncton—Day Rate60	.90	.15
Night Rate40	.45	.15
St. John to Newcastle—Day Rate85	1.25	.25
Night Rate45	.65	.25
St. John to St. Stephen—Day Rate45	.55	.15
Night Rate25	.85	.15
St. John to Sussex—Day Rate85	.45	.10
Night Rate25	.25	.10
St. John to Hampton—Day Rate20	.25	.10
Night Rate20	.25	.10
St. John to Rothesay—Day Rate10	.15	.05
Night Rate10	.20	.05
St. John to Westfield—Day Rate10	.15	.05
Night Rate10	.20	.05

These rates are for an initial period of three minutes; overtime per minute is approximately one-third of the initial rate.

The rate for Two-Number No-Delay service from St. John to Rothesay and Westfield is 10 cents for three minutes and 5 cents for each additional two minutes.

If any further information is required as to long distance rates call Exchange Manager.

The Miracle Man Makes Your Dollars Do Double Duty

The Miracle Man in his travels through Canada found regular prices at the Semi-ready stores very low--and found, too, a quick response to a minus-profit idea for ten days to try and influence a downward trend in prices.

The Miracle Man also says that no other clothes in Canada are sold as low in profit margin as Semi-ready clothes.

This sale has attracted attention in Great Britain as cable advises from England report a slight fall or easing off in wool prices. That's Something accomplished--something done.

The Miracle Man Says: You lose money, of course, but you lose in a good cause, the fight for lower prices.

If I could get a dozen merchants like you to join me in this economy crusade, we consumers would win out!

The Miracle Man leaves Saturday for other parts to carry his crusade for lower prices.

Sale Ends Saturday

RELEASE ORDERED.

London, Aug. 1--Twelve industrial workers of the world convicted in Sydney, N.S.W., of sedition and conspiracy are recommended for release.

FIRES CONTROLLED.

Amherst, N.S., Aug. 1--The forest fires which burned over two hundred acres of timber land at River Hebert and Maccan, have been practically extinguished by a heavy fall of rain tonight.

Prohibition for Spain.

New York, Aug. 2--They are getting ready for prohibition in Spain. Three hundred and fifty wine growers from the land of the Dons have sold their vineyards in the belief that the whole world will soon be dry and have come to America to buy, if possible, something more "precious than the stuff they sold."

Striking Paris Fashion.

Paris, Aug. 2--Strangely-shaped toques and small hats are the newest fashions for feminine headwear in Paris. One woman wore a toque without a top. It was formed of a circular band of black silk adorned with black and white cockfeathers, arranged alternately. Where the crown of the hat would have been normally was seen the base of the wearer held in place with an elaborate tortoiseshell comb. Another new toque was entirely composed of pheasant's plumage.

THE EVENING TIMES AND STAR, ST. JOHN, N. B., MONDAY, AUGUST 2, 1920

BOND WINS MEDAL OF GOV.-GENERAL

The results of the examination for the Governor General's silver medal for Grade X, held recently in the High School, were announced last evening by Dr. H. S. Bridges and show that John Bond, son of John H. Bond, won the medal with a mark of 905 out of a possible 900. Miss Roberts Smith, daughter of R. Duncan Smith, came second with a mark of 898. There was a very slight difference between the marks made by the two pupils, the winner's average being 74.88 and Miss Smith's 74.15. Three others also entered the contest, Roland Smith, Stanley Ross and Frederick Morris. The results for the first two in the different subjects were as follows: Latin, Bond, 88; Smith, 81; arithmetic, Bond, 70; Smith, 65; algebra, Bond, 84; Smith, 80; geometry, Bond, 79; Smith, 78; history and English geography, Bond, 72; Smith, 75; English, Bond, 65; Smith, 63; science, Bond, 87; Smith, 89; French, Bond, 74; Smith, 85. The papers were examined by Dr. Bridges on Latin, Mr. Myles on algebra, geometry and arithmetic; Miss Ward on history and geography; Miss Wilson on French and English; Mr. Grover Martin on science. The governor general's medal is given to the best all-round student in the course of study for Grade X. Dr. Bridges said that while the marks were not high the papers were quite severe. The gold medal, awarded by the Alumni Society of the High School, was won by Miss Elizabeth Morton with a total of 750 out of a possible 900. She was closely followed by Miss Harriet Roberts, whose mark was 747. Miss Morton's average was 83.33 and Miss Roberts' 83. S. Goldman and Charles Hare both made the same marks for third place. Leonard Ellis, J. McInerney and Sol Cohen followed in order of merit as named. Miss Morton is the daughter of Rev. Mr. Morton of Trinidad and is staying, while in St. John, with her grandfather, Hon. J. G. Perkins. She is a pupil in Miss Florence Estabrook's room.

MC AVITY EMPLOYEES ON ANNUAL OUTING

The annual outing of the employees of the Water street plant of T. McAvity & Sons was held at Loch Lomond on Saturday afternoon and evening and in spite of the inclement and cloudy weather almost 100 employees gathered for the picnic. They were conveyed to Loch Lomond in four trucks. The first event was a five-inning ball game between the McAvity Sports and the Loch Lomond Creams, which resulted in a victory for the Creams by a score of twelve to ten. The battery for the losing team was DeVine and Henderson, while Bruce Winchester and Sudbury were in the points for the winners. A baked bean supper was then enjoyed and was followed by a series of sports and games in which both visitors and the Loch Lomondites took part. The winners of the first and second prizes in these events were grateful to the generosity of G. C. McAvity, R. A. McAvity and T. McAvity Stewart for the prizes given. The party returned home at dusk having thoroughly enjoyed the occasion. Harry Treat was in charge of the arrangements for the outing. In the preparing of the refreshments the committee was ably assisted by the families of E. A. Wood, J. A. Winchester and Mr. Profit of Loch Lomond.

EMPIRE PRESS DELEGATES ARE IN QUEBEC

(Canadian Press Despatch.)
Quebec, Aug. 1.—The Imperial Press Conference spent the day in Quebec. Today in rest and recreation, preparatory to the official programme of civic entertainment which begins Monday morning.

At a dinner given by the overseas delegates to the Imperial Press Conference here tonight in honor of Captain Waite, commander of the S. S. Victoria, which brought the party to Canada, and Colonel R. F. Parkinson, liaison officer of the Canadian committee of newspapermen in charge of the conference, paid tribute to the work of both to the overwhelming hospitality of the Canadian newspapermen and of Canadians generally. Speakers of the evening were Lord Burnham, Robert Donald of the Yorkshire Observer, Captain Waite, Colonel Parkinson, C. F. Crandall and J. W. Dease.

KINGSTON CONCERT

A very delightful concert, arranged by Mrs. W. S. Carter, was given in the Consolidated School, Kingston, Thursday evening. The stage was beautifully decorated with flags, greenery and flowers and the audience quite filled the hall, notwithstanding the busy hymn-making season. Miss Ida Nordrup very gracefully presided. Every number on the programme was loudly applauded and several encores responded to. Mr. Rand of New York gave great pleasure with his fine baritone voice. Two little choir boys, Eddie and Jack Lyons, the Misses Cosman and little Connie Wetmore of Hampton all sang charmingly. Mrs. George Hare of St. John; Mrs. Waterton, Miss Hare, pianist; Mrs. King, Miss S. S. King and Mrs. Carter, all gave solos. Miss Crawford and Mr. Tuasterton gave readings. A hearty vote of thanks was given by E. A. Flewelling to Mrs. Carter and all assisting. A goodly sum was realized for the benefit of the church.

ARRESTED FOR MURDER.

After an energetic man-hunt during which all the roads and trains to Canada were watched and patrol parties worked between Brownville Junction and Barnard, Maine, Edward Lapoint was captured near Schoe. He is charged with the murder of his wife and mother-in-law. His wife had left him and gone to live with her parents. Lapoint tried to persuade her to return to him and when she refused he is said to have procured a rifle and shot her and her mother. He made no resistance when arrested.

CHAUTAUQUA WEEK OPENS FAVORABLY WITH ADDRESSES

Chautauqua opened its week of entertainment in this city on Saturday afternoon and evening with the largest attendance that has ever greeted it in St. John on its first day. The huge tent arrived from Trenton on Saturday morning and was erected on the High School grounds with marvellous speed. At the afternoon session the superintendent, Prof. I. A. Downey, was introduced by F. W. Daniel, the chairman of the guarantors, who explained the educational aims of Chautauqua and told of Prof. Downey's connection with it since its inception nine years ago. The superintendent gave the afternoon lecture, taking as his subject, "Thinking, its relation to Happiness and Destiny." Excellent performances were given by the McGrath brothers and the Misses Batting and Mohler as a concert troupe both afternoon and evening. Chancellor G. H. Bradford of Chicago gave a forceful and inspiring address in the evening. He spoke with sincere conviction on present day problems calling on the youth of today to fit himself for the great task that lay before him and to make ready to accept the great opportunities that were his if he would but embrace them.

co-operation with God there could be no peace. First, man must have dominion over his own soul, to live according to the principles of the Prince of Peace; next he must have dominion over his own home. The home must be the foundation of civilization and while the home was deserted and the inmates of the home preferred to foregather with rank strangers on the street corners rather than gather around the fireside, there could be no peace. In the schools also man must have dominion, and in coming to this part of his address Chancellor Bradford declared that there should be one teacher for every ten children, since it was no more unreasonable to expect a doctor to treat people in the mass than it was to expect teachers to instruct children in the mass. Every month in the United States \$200,000,000 was paid to milliners and the nation's annual tobacco bill was \$870,000,000. He hoped that the civilization that could be more than they were getting and would see that the teachers were entitled to larger salaries. Until it did, the fathers and mothers must not be surprised to find their children turn out ineffectual.

Annual Cruise of R. K. Y. C. Is Over
Yesterday saw the close of the annual cruise of the Royal Kennebecasis Yacht Club. The last boat came to its anchorage at the club's headquarters at Millidgeville about 6 o'clock. The cruise was a most successful one and was enjoyed to the full by all who were present. The boats were under the command of F. P. Starr. On the cruise up the river the boats separated, some going up the Washademoak and the remainder going to Fredericton. The latter were given a hearty reception by the Fredericton Yacht Club. Yesterday morning the annual divine service was held at Crystal Beach. The sermon was ably delivered by Rev. Dr. J. A. Morrison. About fifty boats went up from the city to attend the service. The speaker took as his text: "Thou wilt show me the path of life; in Thy presence is fulness of joy; at Thy right hand are pleasures forevermore."

QUEBEC ALDERMAN HONORED BY POPE
Quebec, Aug. 2.—(By Canadian Press)—Alderman Jos. Mercier, representing Belvedere ward in the city council, received last night from His Eminence Cardinal Begin, the title of Knight Commander of St. Gregory the Great. The title was recently conferred by Pope Benedict in recognition of the services rendered by Alderman Mercier to his church and his parish.

LOCAL NEWS

CAR SOLD.

A Red car was sold at auction Saturday for \$360. F. L. Potts was auctioneer.

CHALLENGES.

The Wolves, leaders of the North End Baseball League, wish to challenge the Pirates at any time convenient to both teams. Pleasent answer through this paper if challenge is accepted.

BEAUTIFUL FLOWERS.

Commissioner Bullock brought to the city this morning a number of beautiful Italian Madonna lilies which he is giving at his summer home in Westfield. They are very beautiful and one residing on Mayor Schofield's deck evoked many favorable comments from visitors.

MORE DEPOSITS.

The Dominion Savings Bank for the month ending July 31 shows the deposits in excess of the withdrawals. The report is as follows: Deposits \$81,664.09 and the withdrawals \$75,688.32.

SOLDIERS' DENTAL WORK.

Instructions have been received at local military headquarters from the militia department at Ottawa that all ex-members of the Canadian expeditionary force who require post discharge dental treatment must apply for the treatment during the month of August for after that time their applications will not be considered.

STREET CAR SERVICE

The proposed reduced schedule on the street railway did not go into effect this morning, on account of the delay arising from the lack of the new cars on Charlotte street. If the work on Charlotte street is finished by Wednesday the reduced schedule will be adopted, it was announced today.

INVESTIGATING WRECK.

W. R. Deynash, superintendent of the eastern division of the C. N. R., who is in the city in connection with the wreck which occurred near the One Mile House on Friday morning last, is continuing his investigation into the cause of the wreck. The coroner's inquest into the death of the two victims will be resumed tonight at eight o'clock in the county court rooms.

IS NOT SERIOUS.

The city ambulance was at the station yesterday to meet the Boston train, which had as one of its passengers a man who gave his name as John McDougall and his home as Prince Edward Island. He was suffering from cuts and bruises about the head which he said he received by falling from the train. He was taken to the General Public Hospital where his condition was said to be not serious.

IS NOT SYRIAN CUSTOM.

In a despatch from Detroit recently it was stated that in accordance with the custom of Syrians, Sahib Dageley, Highland Park, paid \$5,000 to Hassan Palet, stepfather of fourteen-year-old Mary Stannard, to take the girl away with the intention of marrying her. In conversation with the Times this morning a member of the local Syrian colony here said that this was not a custom of Syrians and the correspondent must have been misinformed.

THE MARKET.

Commissioner Thornton is arranging to have a large automatic scale installed in the market at the main entrance on North Market street. He is also going to have a run installed with hooks so that all carcasses can be hung up. The building is now in the hands of painters and the interior is being painted and calcimined. He also proposes to have all traffic on North and South Market streets regulated so that vehicles will go down the north and up the south side.

NAVAL PAY.

In a recent issue of the Canadian Gazette it has been announced that revision of the pay allowances for officers and men in the naval services will take place and become effective from July 1, 1920. One feature of the revision is the abolition of the marriage allowance for officers which hitherto has been provided. However, this order provides that all officers may retain the old rates, including marriage allowances, until such time as the new rates, equal to the old rate which they were receiving on June 30, has been revised and approved.

LAMMON-SLATER.

At 189 Metcalf street on Friday, July 30, Rev. G. D. Hudson, pastor of the Victoria street Baptist church, united in marriage Miss Dorothy Slater of Lichfield, Staffs, England, to William Charles Lammon of the city. Slater is a returned soldier, having served in the army and navy in Mesopotamia and the Dardanelles campaigns, and has seen much service in other battlefields. Many beautiful presents of cut glass and silver were received. Miss Nellie Lammon, niece of the groom, was flower girl. Mr. and Mrs. Lammon will reside in the city.

GOING TO WINNIPEG.

Captain J. J. Scarfe of the pay 1 services in this district will leave this week for a two months' furlough, after which he will go to his home in Winnipeg, where he expects to take up a civil occupation, having retired from his military duties. Captain Scarfe has been with the active militia for several years and at the outbreak of the war in 1914 offered his services for overseas duty. He went overseas and saw much service and came back to Canada in 1916 when he was appointed to the pay services which position he has held ever since. He is a native of England and came to this country several years ago. Since that time he has made many friends, of which those in this city will regret to hear of his removal to Winnipeg, but their best wishes go with him for success in his new home.

The Living Room Might Be Defined As The Heart of The Home

Let memory take you back to those homes where you were glad to visit because you always felt at ease.

Then, mentally compare their furnishings and environments with those of your own home.

Place yourself in the place of the visitor or friend, who drops in for a social call, or an evening of cards or music, and imagine to what extent the furnishings of your Living Room convey your ideas of comfort, coziness and hospitality.

If mental comparisons suggest possible improvements, a visit to this establishment will reveal the very things needed to add to the comfort—increase the coziness and lend the desired air of hospitality to your living room—the heart of the home.

HAVE YOU SEEN THOSE WOODEN BEDS YET?

Most Any Woman Would Give \$3 for an \$18 Hat—Yet We Still Have Some

Still a few light straws and Silk Plush Hats here for women at the clearance prices we inaugurated last week; and if your size is included you are indeed fortunate. Please remember that these hats are NOT shop-worn or old stock, but this year's goods bought for this year's selling and the ink from the pen of Dame Fashion still fresh on the design. Only one or two to a size or design and rather than carry over to another season we take this means of effecting quick movement. Original prices ran as high as \$21. Sale Prices run as low as \$3.

Betty Wales Dresses

Neat trim little dresses of Gingham, Figured Voile and Organdy at a third to a half of the original price. Only a few sizes are represented and only a few to those sizes.

Straws for Men at Half

Which will suggest to any far seeing man that even though he has a perfectly good straw for this year, this will afford an opportunity to put a new one away for 1921.
