Says They Threaten To Sink Ship At Halifax

Trouble Over Men Of The British Army Getting Home

BELONG IN UNITED STATES

Toloa Ordered to Halifax Because of New York Strike—Men Want to be Forwarded by Rail But Ottawa Will Not Act and American Immigration Regulations Interpose

Halifax, March 12—Conditions aboard the steamship Toloa are in a critical state today owing to the refusal of the military authorities at Ottawa to furnish rail transportation to their homes for 800 British reservists who were proceeding to New York on the steamer when she was ordered back to Halifax to coal owing to a strike in New York. Captain J. C. Jackson came ashore this morning to receive the decision of the Canadian authorities, after he had been informed by a delegation of the men that they would sink the ship unless they were allowed to come ashore and proceed to their destinations by rail. Captain Jackson says that he has no guns aboard and that the ship is at the mercy of the men. He says that his ship is an admiralty transport, that his written instructions from Ottawa do not mention New York and that his voyage is from Berry to Halifax and return. In the light of the decision reached at Ottawa he declines all responsibility for anything that may happen when the steamer comes to Canada during the early months of the war and enlists in the British army. The American immigration officials are expected to on behalf of these men, but they take the ground that they possess no papers proving them to be American citizens and that in the absence of these they must pay the customary head tax of \$5, in addition to the stipulated amount of money in addition to their transportation before they will be passed for entry into the United States.

The Canadian authorities, it is said, take the ground that they do not wish the British admiralty to be placed to the additional expense of forwarding the men to their homes in the United States by rail. Captain Jackson contends that his orders from the British admiralty were to take the men to Halifax and disembark them there. The men themselves complain bitterly of being held up in their journey to their homes. They say that after serving in the British army for various terms of from two to four years it would almost seem that they are citizens of no country. The only spot that Captain Jackson is taking back to the ship is that those who have the money to pay the head tax in addition to their transportation and possess sufficient additional money to meet the United States immigration requirements will be allowed to land. But this, it is understood, will affect only a small proportion of the men. The remainder, if the dominion authorities and the United States immigration authorities persist in their present attitude must proceed to New York by the steamer, sailing on Friday.

FREE USE OF KIEL CANAL BY ALL

Recommendation Also That Navigation of Rhine Be Opened to World

Paris, March 12—Recommendation that the navigation of the Rhine be opened to all nations without discrimination was made in a report to the peace conference by the commission on the international regime of waterways, railways and ports. It is suggested that the Rhine be controlled by a commission similar to the Danube commission. The status of the Kiel Canal has been settled by the commission on the basis of the freedom of use for all nations for merchant vessels or warships in time of peace. The canal would continue under German ownership and operation. The question of the fortification is left by the commission to the decision of military and naval experts.

DELATED A BIT

The incoming Halifax train was delayed last evening and the Maritime express and suburban trains were delayed going out on account of some freight cars being across the tracks at Gilbert's lane crossing. A train was coming from the ballast wharf and an engine with some cars was shunting in that vicinity, when the two collided, causing the cars to be derailed. In less than an hour the track was clear again.

DISCOVERED CAUSE OF INFLUENZA EPIDEMIC

London, March 12—A statement made yesterday by one of the prominent London bacteriologists, says the medical correspondent of the Daily Mail, indicates that the cause of the present influenza epidemic has been discovered. Investigations have had exceptional opportunities of studying the disease in a large general hospital of London, which has set aside a whole ward for influenza cases. "I have no doubt whatever," said the bacteriologist, "that influenza is due to the Pfeiffer bacillus. With improvement of technique, I found this organism in two per cent. of the cases. My experience is confirmed by others."

BURIED TODAY

The funeral of Mrs. Louise McCarthy took place this afternoon at 3.30 from her residence, 374 Germain street, to St. John the Baptist church. High mass of requiem was celebrated by Rev. F. J. McMurray and interment was made in the New Catholic cemetery. Relatives were pallbearers.

The funeral of Mrs. Margaret Ann Hastings took place this afternoon from her late residence, 98 Hasen street. Service was conducted by Rev. George Dawson and interment was made in the Methodist burying ground.

The funeral of Mrs. Christina Irvine took place this afternoon from her residence, 65 Douglas avenue. Service was conducted by Rev. Mr. Elenor and interment was made in the New Catholic cemetery. Relatives were pallbearers.

The funeral of Miss Louise Appel took place this afternoon from the residence of her father, Rev. J. C. B. Appel, 91 Victoria street. Service was conducted by Rev. F. J. M. Appleman. The body will be taken to Lexington, Kentucky, on the evening train for interment.

The funeral of W. H. Bissard took place this afternoon from his residence, 123 Hasen street. Rev. J. A. MacKeigan conducted service and interment was made in Fernhill.

QUEBEC PREPARES TO WELCOME SOLDIERS

Quebec, March 12—At a luncheon held yesterday afternoon all the local societies, Catholic and Protestant, got together to organize receptions and welcome for the thousands of Canadian soldiers to land at Quebec during the summer. The Knights of Columbus, the Y. M. C. A., the Salvation Army, the St. Vincent de Paul Society, the Oeuvre Du Chevaux Blanc and the Oeuvre Du Chevaux Blanc all agreed on a programme that looks to making the boys as comfortable and happy as possible on their landing at this port.

HABEAS CORPUS

In the Supreme Court chambers this morning an interesting application was made before His Honor Chief Justice McKeown under the Habeas Corpus Act, on behalf of Mrs. Edgar J. Dean of Musquash to regain the custody of her infant child. It was alleged that the mother is to have the custody of her child. S. B. Bustin appeared for the mother of the child and B. L. Gerov for the father.

About Ready

Paris, March 11—The peace conference commission on Czecho-Slovak affairs has almost completed its work.

TOO MUCH BALLAST

OPPOSITION IS CONSISTENT

The Debate and The McQueen Report

MAY NOT BE AT SESSION

Reported Now That Mr. Currie Will Not be Able to Get to Fredericton—News of The Capital

(Special to Times.)

Fredericton, March 12—There is considerable amusement in the capital over the illogical attitude of opposition members who demand the immediate presentation of the McQueen report, while the debate on the reply to the government to bring in the report or make any substantial progress on other business.

It was learned today that Hon. William Currie's condition is such that he does not expect to be able to reach Fredericton while the house is in session. It was thought recently that another operation would be required but while this has been avoided for the present at least it will be several weeks before he can leave the hospital in Montreal. He had requested that the trial report be held back until he could be present in the house but it is now practically certain that he will not be here this year.

The government was in session from twelve until one-thirty today, dealing with the evening business.

The first meeting of the contingents committee was held this morning. Mr. King was selected to succeed Hon. Mr. Hetherington as clerk of the committee. Votes for supplies for the house and members were voted.

James McQueen, K. C., of Shediac arrived at Fredericton this morning. Dr. G. A. Melvin of St. John is here today.

J. A. B. Coville of New York and Mr. Tufts, manager of the Pelejeport Lumber Company's operations in St. John county, are at the Queen Hotel. J. C. Berrie of St. John, who is here in the interests of the thrift stamp campaign, arranged this morning for the organization of four war savings societies in the Bank of Montreal, Royal Bank and two mercantile establishments. He also has arranged with a large number of merchants to sell thrift stamps.

Boys Sought

Two boys belonging to North Devon left their homes yesterday morning to seek their fortunes abroad. They are about fourteen or fifteen years old. It is believed they went to St. John. They are Erville Crouse, son of Walter Crouse, and Leverett Fletcher, son of Robert Fletcher. Young Fletcher left a note saying that he was going away. Young Crouse was attending Fredericton high school. The authorities have been asked to locate the two missing lads.

Jewish Wedding of Interest

A Jewish wedding of interest was celebrated here last night when Harry Vallinsky of this city, formerly of Amherst, was married to Miss Sadie Zablanski, also of Fredericton. Rabbi A. M. Hains performed the ceremony. Among the out of town guests were Mason Vallinsky, M. Zablanski, Max Lambert, Miss Fannie Levine and Miss Minnie Hoffman of St. John and Mrs. H. Acker of St. Stephen.

The New Brunswick Farmers' and Dairymen's Association continued its (Continued on page 2, sixth column.)

"TRILLION" IS TALKED OF IN THE MATTER OF REPARATIONS

Outline of Peace Treaty Beginning to Take Form

FIVE OR SIX MAIN POINTS

Document Likely a Very Long One—Preliminary Draft Well Along This Week—Peace Conference Probably Will Sit Before Document Completed

Paris, March 12—(By the Associated Press)—The first rough outlines of the peace treaty are beginning to take form as a result of the rapid disposal of the main questions before the council of the great powers. The preliminary draft will be well along within the present week.

The peace treaty promises to be a very long document, chiefly owing to detailed provisions concerning the German military system and methods for its control by the Allies. It will embody, however, only five or six main divisions, namely:

First, military, naval and aerial terms; second, reparations for the war against the third, German boundaries; fourth, economic and financial provisions, and probably, fifth, responsibilities for the war.

MILITARY MATTERS

The office of Lieut.-Col. G. D. Spittall is being moved from 108 Prince William street to the Bank of Montreal building, which is the headquarters of the St. John depot clearing service command. Lieut.-Colonel Spittall is the popular military landing officer employed under the clearing service command. He is at present in Ottawa on duty in connection with the disembarkation of soldiers.

CAPT. CHARLES WILCOX

The death of Capt. Charles Wilcox occurred yesterday afternoon at his home, 123 Prince street, West St. John. He was seventy-eight years of age and was well known and highly respected. Besides his wife, he is survived by four sons, J. T., G. P., Marvin and C. V. Wilcox; also one daughter, Mrs. C. W. Goodwin. The funeral will take place on Thursday morning to the Church of the Assumption, where requiem high mass will be celebrated.

NO ROOM FOR CHILDREN

A gentleman and lady who lately came to the city and were unwise enough to bring their two children with them have been securing the place for a flat. Many places they have seen are not desirable, and in some where they were pleased with the flat they were told they could not bring children into the house. They are at their wits' end and are wondering why wretchedness should be penalized in this Christian city.

Loop Trip in Atrance

Toulouse, March 12—(French wireless service)—Lieut. Lemaitre, a prominent French aviator, has completed a flight from Toulouse to Casablanca, on the western coast of Morocco, a distance of 1,000 kilometers (approximately 1,100 miles), in eleven hours' actual flying time.

Little Rock, Ark., March 12—Eddie Coulon of New Orleans defeated Jack Douglas of Milwaukee in the seventh round of a scheduled ten-round bout at Camp Pike last night. The men are bantamweights.

BANK LOSES IN SUPERIOR COURT

Matter of Alleged Fraud in Connection With Munitions Board Contract

Montreal, March 12—Judgment of the superior court, rendered by Mr. Justice MacLennan yesterday afternoon, reveals an extraordinary fraud practiced on the Bank of Hochelaga, which, as a result, suffers a loss of \$46,647.

This money was advanced by the bank to the Dominion Laidlaw Company, Limited, on the strength of certificates, accompanying promissory notes, purporting to show that the company had executed certain work and was entitled to certain payments for the same under a contract with the Imperial Munitions Board. But, the judgment states, these certificates were fraudulently filled up by a representative of the Laidlaw Company. He had been able to do this because the inspector had "carelessly" delivered the certificates, signed by the inspector in blank, to the Laidlaw Company.

THREE THOUSAND FROM KIMMEL ARE COMING ON BALTIC

London, March 12—(Canadian Associated Press)—The Kimmel Camp "squad" of infantry consists of Brigadier-General MacBrien, president Lieut. Col. W. S. Buel, first Central Ontario, and one officer from the camp itself. The inquiry is being conducted at Kimmel Camp.

OUTNUMBERED ALLIES FIGHT BRAVELY IN SNOW

Achangel, March 12—(By the Associated Press)—Operating ten guns, the Bolshevik forces on Monday attacked the village of Vistavka, on the Viga, almost completely destroying it. Repeated heavy infantry attacks followed but these were repulsed with heavy losses by the British, Americans and Russians. The Allies were greatly outnumbered, but fought bravely in the snow. The Allied troops yesterday still occupied the ruins of Vistavka and were ready for new attacks.

THE TROUBLES IN GERMANY

Basle, March 12—The Frankfort General Anzeiger reports a general strike in the mining district of Heilbrunn, Silesia, being said that 20,000 workmen are idle there. A report from Bethen, as to that Spartacian band attacked a military post and seized rifles and that another similar attack was repulsed with hand grenades.

NAVY MAN WINS SEAT IN BRITISH COMMONS

London, March 12—(Canadian Press despatch from Reuter's, Limited)—In a parliamentary by-election for Weatherby, Rear-Admiral Sir William Reginald Hall, coalition Unionist, won the seat with 6,023 votes, against his opponent, Nelson, laborite, with 4,670 votes.

GIVE POLAND ARMY OF 600,000 MEN

Paris, March 12—(French Wireless Service)—The Polish national assembly, according to a dispatch from Warsaw, has approved by a unanimous vote a law calling to military service the classes from 1891 to 1896 inclusive. It is expected that the measure will provide Poland with an army of 600,000 men.

MEXICAN LEADER AND BAND WIPED OUT

Nogales, Ariz., March 12—Joquim Ochoa, who led the Yaqui band which attacked a Mexican railroad train in January, 1913, killing forty-three persons, was captured and executed and his band wiped out at Sierra Bacatelite in the Rio Yaqui district, last Sunday, according to official Mexican advices received here.

TORN DRESSING FROM HIS SCALDED ARM

Four men were in the police court this morning, charged with drunkenness. They were fined \$8 each and for the time being were remanded. One of the number while intoxicated tore a dressing from his arm which had been scalded a month or so ago, and it was necessary to summon Dr. P. T. Dunlop to attend to the arm.

Crisis in World Affairs Reached

Must Make Peace Soon, Says Lansing and Then Must Feed Germany—Anarchy is Threatening

Paris, March 12—"We have reached a crisis in the affairs of the world," said United States Secretary of State, Robert Lansing, at a banquet given last night by the Inter-Allied Press Club in honor of the American peace commissioners. Mr. Lansing was emphatic in his statement that the Allies must feed Germany and give the Germans opportunity to sell their products in the foreign markets, if the danger of Bolshevism was to be averted. He painted a vivid picture of conditions in the war zone of France and said that it was not through pity for Germany, but to the Allies' own advantage to see that anarchy was prevented in the former German empire.

"I say to you, men of the Allied powers, that there is no time to be lost if we are to save the world from the despotism of anarchy," said Mr. Lansing, "even as we have saved it from the despotism of autocracy." We ought to make, we must make, peace without delay, and ships laden with food must enter the harbors of Germany. We have reached a crisis in the affairs of the world. We must meet it without passion and without permitting any judgment to be warped by a natural and unavoidable desire for vengeance on a nation which has committed such atrocities as those the Germans have committed."

SAYS OLYMPIC, WITH 5,000, WILL SAIL FOR CANADA ON SATURDAY

London, March 12—(Canadian Press despatch from Reuter's, Limited)—The White Star steamer Olympic has been again placed at the disposal of the Canadian government, and with 5,000 Canadians will sail for Canada on next Saturday. An additional 20,000 Canadians should sail before the end of March.

THE ISSUE VITAL, SAYS THE EXPRESS

London, March 12—(Canadian Associated Press)—The Daily Express in its main editorial today says that a most unfortunate state of feeling has arisen among the Canadians owing to the view they take of their recent treatment by the British government and the British press. They say that while British military troubles here and in France were minimized, the Canadian camp distance was given full publicity.

SAYS OUR MEN RESENT THAT THEY ARE CENSURED INSTEAD OF SHIPPING CONTROLLER—CALL ON GOVERNMENT TO RECTIFY SITUATION

London, March 12—(Canadian Associated Press)—The Daily Express in its main editorial today says that a most unfortunate state of feeling has arisen among the Canadians owing to the view they take of their recent treatment by the British government and the British press. They say that while British military troubles here and in France were minimized, the Canadian camp distance was given full publicity.

ADVISE TO GOVERNMENT

"We would point out," says the Express, "that this is only one of what happened in France. There the censor simply stopped the news crossing the channel, but what happened at Folkestone or Victoria station and at Bow street on Sunday was fully reported. None the less, it is true that the blame attaching perhaps to 400 Canadians was placed on 10,000 completely innocent men, and that one or two comments were foolish and unsympathetic. The Canadians are human. What they resent is that censure attached to them ought really to fall on our own shipping controller. He upset the arrangements and promises of the Canadian military authorities. The feeling is that the British government is giving to American facilities which it is withholding from dominion troops.

"We need hardly point out," the Express concludes, "that this is a most serious state of affairs. It is up to the government to put it right instantly. There are other criticisms to be made on the shipping controller, who seems to be particularly obnoxious to Canadian sentiment. The shipping controller has been informed by men of responsibility and knowledge that it is being universally asserted in Canadian business circles here that he is using dominion ships for purposes of purely British commerce. This accusation must be dealt with. All this is part and parcel of the purely stupid and unimaginative attitude taken up by our own government during the last four years towards the dominion and its official representatives here. While the war was on, the Canadians were more or less ready to grin and bear it. Today they are inclined to say 'Oh, you used us in the desperate issue of battle, now you don't care what becomes of us.' It is not true, and surely the government can avoid the consequences of its own folly. It gave way on the question of free imperial imports, why not on other matters? The issue is vital and brooks no delay."

CLOSE CALL FOR BOY

A small boy narrowly escaped being killed or at least seriously injured at noon today while crossing Main street. He was on the way from school, and after turning the corner of Elm street, ran across Main street towards Murray, right in the path of an automobile coming down the hill. The driver swerved his car and avoided running over the little fellow, but the mud guard struck him in the side and threw him quite forcibly to the pavement. The little fellow was able to walk home, but complained that his side was hurting him. People, who witnessed the accident, said that the teachers should give strict instructions to their pupils daily about running across the street without looking to see if any vehicles are approaching. Several accidents have happened at the crossing since Elm street, opposite Simonds street and at the upper end of Elm street near Harrison street.

FOR INDEPENDENCE OF DALMATIA

Trieste, March 11—(Havas Agency)—The independence of Dalmatia, especially the city of Spalato, was demanded at a demonstration held here yesterday. Resolutions declaring that the people of Trieste will not consider the demarcation of Italia Irredenta complete if the sister cities do not regain their liberty were passed.

WEATHER REPORT

Issued by Authority of the Department of Marine and Fisheries, R. F. Stuart, director of meteorological service.

Synopsis—The weather has been fair and comparatively mild from Ontario eastward while in the west it has turned colder.

Same as Today

Maritime—Moderate west to north-west, fair today and Thursday, not much change in temperature.

Lower St. Lawrence and Gulf and North Shores—West to southwest winds, fair today and on Thursday, not much change in temperature.

New England—Cloudy tonight and Thursday; probably rain Thursday; warmer tonight, moderate to fresh southwest winds.

GOOD THINGS COMING TO THEATRES OF ST. JOHN

HALIFAX PLAYERS FAREWELL TONIGHT

The last opportunity to see the delightful wartime heart-story, "In Lillie Time," as played by the metropolitan players constituting the Majestic Stock Company of the Halifax Academy will be afforded the people of St. John at the Imperial tonight. The show packed the theatre again last evening and a bumper matinee is on this afternoon. Press and people are most sincerely generous in their praise of the company and their charming vehicle. The visiting people will return to the sister city by the 11:30 train tonight. The curtain will ring down at 10:40 as usual.

SPLENDID METRO FEATURE AT IMPERIAL THEATRE

The Imperial in resuming its picture policy tomorrow will re-introduce that winsome star, May Allison, in another of her dainty, brilliant comedies entitled "The Testing of Mildred Vane." Miss Allison will have wonderful male support, a veritable galaxy of handsome matinee idols. The Burton Holmes Canadian Travels will be "From Georgian Bay to Winnipeg" and there will be a Lyons-Moran comedy. Friday the bill changes serial to "All Joy in Vitagraph," "The Captain's Captain," the Houdini serial and another two-reel Vitagraph farce.

COURT SAYS COLOR LINE IS ILLEGAL; ALL EQUAL IN LAW

Montreal Theatre Condemned for Refusing a Seat to a Colored Man After Issuing Ticket

(Montreal Gazette.)

"In this country the colored people and the white people are governed by the same laws, and enjoy the same rights without any distinction whatever, and the fact that Sol Reynolds was a colored man offers no justification for Loew's Montreal Theatre Limited, in refusing his admission to the orchestra chairs in its theatre after issuing to him a ticket for such seat and after acceptance of the same by its collector."

In giving this ruling in a judgment in the superior court yesterday afternoon, Mr. Justice Fortin established jurisdiction governing the question of the rights of discrimination against colored people in this province. The issue has been fought on previous occasions in the courts, but hitherto the judges have decided disputes arising over a theatre's refusal to admit a colored person on the merits merely of a breach of contract and have made no pronouncement for or against the drawing of the color line.

On the theatre's plea in the case herein reported that the printed condition upon the face of the ticket authorized the revocation of the contract between the parties, as seller and purchaser of the ticket and all that it implied, Justice Fortin said: "The printed condition, although authorizing the revocation of the contract, can only justify such revocation before the contract is executed or in course of execution. It cannot justify the revocation after the acceptance by the theatre's ticket collector."

Loew's Theatre was condemned in the present instance to pay to the plaintiff, Sol Reynolds, damages of \$10, with costs of an action of that class in the circuit court, Justice Fortin stating that as plaintiff knew at the time he purchased his ticket he would not be allowed to occupy a seat in the orchestra, and that, as he had gone to the theatre and purchased the ticket for the sole purpose of taking the present action, he was only entitled to purely nominal damages.

SAYS THAT LABOR AND CAPITAL MUST CO-OPERATE

(Mail and Empire.)

"The present aims of labor" was the subject of an interesting address by Prof. R. M. MacIvor before the Club for the Study of Social Science. Prof. MacIvor spoke of the possibility of the English Whitley scheme—which would create joint councils, with equal representation of workers and employers, to discuss all matters affecting the conduct of industry—being worked out in Canada. The speaker said that already this scheme was being tried by one of the largest industries in Canada.

Speaking of the meaning of the labor unrest, Prof. MacIvor said that the two roots of unrest were a sense of poverty and a sense of exploitation. He showed that before individual harmony could be established it would be necessary to consider how far a change of system would be needed. He said that there was need of reconsideration of the situation in view of the waste and loss due on one side to the competitive method, and on the other to the failure of the worker to co-operate and give of his best. Co-operation is absolutely necessary for productivity, prosperity and the welfare of the workers.

CONDENSED NEWS

General Pan, previous to departure for France from Canada, has sent to the governor-general from Montreal a telegram of thanks from the French mission for the reception tendered them in Canada.

Two armed robbers, Brooklyn yesterday killed Samuel Wolchok who he refused to let them loot his store. Seventy thousand dollars is the estimate of a fire which occurred in a twenty-five miles from Saskatoon last night.

Germany a Prisoner. (New York Tribune.) She is a prisoner among nations—a criminal prisoner. Her life was spared because she put up her hands. The act of physical surrender was one of self-preservation. She acquired thereby neither merit nor virtue. Her fate remains to be decided. In the meantime she will not starve. She is in the hands of people who do not starve or torture prisoners. A little humanity would be her as much as anything could. To set up her wishes and preferences, to propose means of accelerating negotiations, to prepare beforehand the ground of ally by serving notice that the German people at heart reject an armistice on which the ink is not yet dry—is this truly German.

Notice of Births, Marriages and Deaths, 50c.

BIRTHS

TOWER—On March 11, 1919, to Mr. and Mrs. George W. Tower, Hilliard street, a daughter.

DEATHS

WILCOX—On March 11, Capt. Chas. Wilcox at his residence, 128 Prince St., Charlottetown.

West End, leaving besides his wife, four sons and one daughter to mourn.

GODSOL—At 102 Protection St., West End, March 10th, Jannet Godsoe, aged three weeks, only child of Mr. and Mrs. Walter Godsoe.

Funeral took place Tuesday.

God needed one more angel child To join his shining band And so He bent with loving smile And clasped our darling's hand.

For Supply of Dyes

New York, March 12—Organization of the Chemical Foundation Incorporated, a non-profit-making company of the principal dye industries of the country, to which the 4,800 German chemical patents were sold by Alton Property Custodian Mitchell Palmer, should insure American dyes and chemicals for the American market without fear of German competition, according to a report on the chemical situation in this country, compiled by Mr. Palmer and made public today by his successor, Francis P. Garvin.

Ottawa, March 12—Kenech Archibald of the pensions board gave evidence before the parliamentary pension committee this morning. In reply to Hon. N. W. Rowell, who presided, he said that since the last meeting of the committee there had been no large changes in the pension scheme of the Allied countries except France. In France, the scope had been enlarged but the pensions themselves were not increased very much.

LOCAL NEWS

AN ADDRESS THAT CAUSED "NO QUORUM IN PARLIAMENT"

Ottawa, March 12—While the debate on the address was in progress in the house last night, W. J. Black, chairman of the soldier settlement board, was giving an address in one of the committee rooms on the activities of the board. Nearly all the western members, with number from the eastern provinces, forgot their seats and this counter-attraction had the effect of emptying the common chamber.

A feature of the address was the statement that plans were being perfected to give the settlers the advantage of collective buying of equipment, whereby a considerable saving will be effected. In the purchase of livestock the board was being assisted by the livestock branches of Great Britain and provincial governments and only the best stock was being secured at the lowest prices. The board was asking the men to put the minimum of requirements the first year in order that they may not be too heavily burdened with the purchase of livestock. Mr. Black also outlined the intentions of the board with regard to standardizing the buildings. "The buildings on the farms from 25 to 35 per cent. lower than civilians can buy down similar holdings. In the erection of these houses special attention was being given to the needs of the women and their advice was being sought."

He showed that there was a great rush of applicants in many of the provinces and that men of fine type having farming experience and abundance of enthusiasm were rushing forward to the advantage of the opportunities offered.

SEAMEN'S CONGRESS

Paris, March 12—After a general discussion at yesterday's meeting of the International Seamen's Congress, the delegates decided in favor of an international standard wage, based on the minimum of the highest in British London, £15 a month for seamen and firemen.

After a discussion of an international conference of ship owners and seamen, the congress voted almost unanimously to issue a mandate to all such a meeting and submit to it the motions dealing with employment, rules of work, and other matters which were adopted by the seamen's conventions at Paris and London.

A deputation headed by the president of the Seamen's International Union of America called on Samuel Gompers, chairman of the commission on the United States labor legislation, and advised him that all resolutions passed by the congress would be forwarded for submission to the highest in British Columbia, the same figure as in 1917. The higher value per acre in that province is due to orcharding and fruit growing.

Quebec and Ontario have the same figure as in 1917. The higher value per acre in that province is due to orcharding and fruit growing.

The average wages paid for farm help in 1918 show a substantial increase as compared with the previous year, and are again the highest on record. For the whole of Canada, the average wages per month of farm help during the summer, inclusive of board, are for males \$70 as compared with \$68 in 1917 and for females \$68 as compared with \$64.

The average wages paid respectively were \$68 and \$64 in New Brunswick \$69 and \$61 in Nova Scotia \$50 and \$50; Prince Edward Island \$48 and \$25.

CAUSING CONCERN

Anxiety Over Food Situation in North Russia

Arhangel, March 12—(By the Associated Press)—Russia's food situation in Northern Russia is causing concern. In the district between Archangel and Onega, where a heavy frost late last summer killed even the artichoke berries the people have already eaten the rations for the entire population in the North Russia district and found that it contains only 1,136 calories daily. A man doing no work needs 1,770 and soldiers receive at least 3,600 calories daily. The civilian ration, according to surveys, may be sufficient to sustain life, but is drawing on their reserve strength, exposing themselves to danger from disease.

Eaton's Montreal Contract

Montreal, N. B., March 12—The contract for building the first portion of the Eaton warehouses here was awarded on Monday to the George A. Fuller Company of Montreal. The contract for this portion is said to be about three-quarters of a million.

BUILLS YOU UP

The Right Way—Spring Medicine That Begins and Ends Right.

So generally successful is Hood's Sarsaparilla as a Spring medicine, and in all ailments of the blood, stomach, liver and kidneys, that it may truly be said to give universal satisfaction. It has been before the public for nearly 60 years, and today has the largest sale of any sarsaparilla. Nothing under the sun could keep up this great demand but phenomenal efficiency and loyal support by the people of a good medicine.

It thoroughly renovates the blood, adds red corpuscles, creates an appetite, tones the stomach, aids digestion, perfects assimilation, secures 100 per cent. benefit of the food you eat.

Hood's Sarsaparilla represents the wisdom of one of the best physicians Boston ever had, combined with the practical experience of a pharmacist who has been putting up prescriptions for more than 60 years.

PERSONALS

Sub-Lieut. F. W. Barrowman of the naval service, Halifax, is visiting his sister, Mrs. Gilbert E. Ring, West St. John.

George E. Pringle of St. George, president of the Weirmen's Association, is at the Victoria.

Rev. Father Joseph of Rexton, N. B., who is critically ill in the St. John Infirmary, is said to be very low this afternoon.

George Warwick arrived from Upper Canada on the mid-day express today.

IN THE HOSPITAL

The condition of Daniel Logan is reported from the hospital this afternoon as most favorable.

It is reported that Clarence Campbell, who was injured recently on the ferry boats, is resting comfortably.

MURDER HEARING

The case of Sultan Rasool, Ahmed Akbarman and John Sterling, charged with the murder of Shaikh Hassan was resumed this afternoon in the police court. This session of the trial will probably complete the preliminary examination.

KRYPTOKS The Universal Glasses

We make a specialty of fitting Kryptok lenses whenever indicated. These excellent invisible bi-focals will do the work of two pairs of ordinary glasses for both reading and distance and are needed.

Our success in fitting these kind of lenses is entirely due to our knowledge in designing, making and adjusting them.

No seam, no hump, invisible, they are the ideal double-sighted glasses. Come in and see them.

D. BOYANER 111 Charlotte Street

THE BEST QUALITY AT A REASONABLE PRICE

Quick Service in Replacing Lenses

Our lens-grinding plant on the premises enables us to give prompt, efficient and economical service in replacing broken glasses. Usually the new lens is ready the same day, often in an hour or two.

The prescription can be secured from the broken lens, or if you bought the glasses here it is already in our files. Phone us and we can place the order in work, saving you a trip to the store.

We guarantee a four work to be satisfactory.

Youth's Handmaiden

Youth's Handmaiden is Endowment Assurance. Like all other things worth having it is worth some sacrifice to obtain. It is fickle because, if you do not cultivate it assiduously you may lose it, but it is very constant to those who pay faithful tribute. And when youth has lived its day the hand that makes happy and contented the evening of life is this wonderful benefit known as Endowment Assurance.

There is nothing so beautiful, in its way, as contentment and financial independence in old age. There is nothing so distressing as the contrary condition.

The only way to insure a happy, and financially independent old age is to pay court to Youth's Handmaiden while hope runs high and the blood courses like fire.

Our booklet on Endowment Assurance will certainly interest you. Write today for a free copy.

FIRE DESTROYS 700 HOUSES

Tokio, March 12—(By the Associated Press)—Seven hundred houses in Souda, a town of the main island of Japan, have been destroyed by fire. The destroyed buildings included the noted North Japan College of the Reformed Church of the United States.

OPPOSITION IS CONSISTENT

(Continued from page 1.) session this morning. The principal address was by W. B. Favcett, on "How Can We Best Increase Crop Production in New Brunswick." J. E. Porter of Andover, J. Doucet of Moncton, Scott A. Shaw of Hartland, Wm. Anderson of Chapman Settlement, J. McAuley of Lower Millstream, and Reynolds Weidon of Sackville took part in a discussion.

The exhibits of the New Brunswick seed growers fair were placed in position in the gymnasium of the provincial Normal School and the opening of the fair took place.

IN WALL STREET

New York, March 12—The bull market demonstration which featured yesterday's final operations on the stock market was resumed with greater vigor at the opening of today's session. Ralls led the extensive buying movement on definite assurances of banking support. Increased strength was shown by speculative shares, however, gains among such issues as Baldwin Locomotive, Bethlehem Steel, Republic Iron, New York Air Brake, General Motors, Texas Company, Industrial Alcohol, United Cigar and American Tobacco ranging from one to five points. United States Steel also rose fractionally to the highest quotation of the year.

Noon Report The high rate of activity was sustained throughout the morning, trading slackening occasionally on profit-taking. Olds were the dominant feature, Texas Company changing hands in very large amounts at a ten point advance, Mexican Petroleum gaining four points. American Tobacco additional gain of five points accompanied the publication of the company's very favorable annual report. Accessions to the strong rally again included Chicago and Northwestern, Baldwin Locomotive and Industrial Alcohol, substantially extended their slight advantage, strengthening again at noon with shipping.

SNAP means a Spotless Bathroom.

No hard rubbing—no scrubbing—just a little of this wonderful cleanser on a wet cloth—and a few light rubs—will make the tub, bowl and tiling snowy white, and the plumbing shine. Get the genuine.

Oats were governed by the action of corn. After opening 1-1/2 to 1-3/4 cent higher with May \$1.37 to \$1.38 and July \$1.22 to \$1.23, were followed by moderate additional gains and then by a reaction due to fresh purchases of Argentine corn to be brought to the United States.

Oats were governed by the action of corn. After opening 1-1/2 to 1-3/4 cent higher with May \$1.37 to \$1.38 and July \$1.22 to \$1.23, were followed by moderate additional gains and then by a reaction due to fresh purchases of Argentine corn to be brought to the United States.

Maximum jumps took place in provisions as soon as the market opened. Demand was based on the soaring value of hog.

AGREED THAT HOLY SEE SHOULD HAVE VOICE IN COUNCILS

Berne, March 12—The international conference of league of nations societies, yesterday, drew up two new resolutions to be addressed to the peace conference in Paris. One favored the participation of all self-governing nations in the league and the other was in favor of free trade.

The question of participation by the Vatican aroused much discussion. Professor Forel, a Swiss delegate, opposed it on the ground that if the Holy See became a member, Buddhism and other religious systems would have to be admitted. The conference finally decided by a vote of thirteen to eight, to grant the Holy See some voice, at least, in the councils of the league.

During the discussion relative to free trade the existing blockade was sharply criticized as an "unusual to international rights."

THE TARIFF QUESTION

Manitoba M. P. Says They're Desperately in Earnest About It.

Ottawa, March 12—R. L. Richardson of Springfield, Man., speaking in the House of Commons yesterday, stated the position of the west with regard to the tariff as a live issue. The west is in desperate earnest with regard to the tariff. There is no politics in the west. The west is not playing politics. The west is heart sick of partisanship, but they are unanimous that the tariff must come down. If the government does not deal with the representatives of the west who are responsible men, then the government must deal with the people of the west, and they are as one man. They propose to have justice." He said that the western members did not want to put the pistol to the head of the acting prime minister. Rather than do that he and his colleagues would rather efface themselves from parliament, but "in the name of union

INSTANT COOKING DEMONSTRATION DRAWS LARGE NUMBERS TO THORNE'S SHOWROOMS

CONTINUES ALL DAY TODAY

Convenience and Economy of Serno Canned Heat and Handy Cooking and Heating Devices Prove Big Revelation to Delighted Visitors.

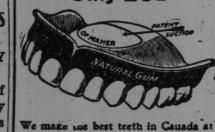

That an entire meal could be cooked so quickly, with so little effort, and at such trifling cost for fuel, is but one of the genuine revelations that delighted the many who attended the Instant Cooking Demonstration with Serno Canned Heat which started yesterday at the stores of W. H. Thorne & Co., Limited, where they are being continued all day today when the attendance will probably be even greater than yesterday.

This new aid to culinary science and household economy is among the most interesting devices demonstrated here in many years and today's demonstrations should draw hundreds of housewives, housekeepers and nurses to the show-rooms of W. H. Thorne & Co., Limited.

THE PREMIER'S SPEECH

Premier Foster's speech in the legislature yesterday was in marked contrast to that of the leader of the opposition. He could speak with the consciousness of public duty well performed; of valuable legislation already secured by his government; and of other measures of great importance to be dealt with at this session.

As was fitting, the premier at the outset made reference to great work done by the province during the war period, not only by her sons at the front, but by the men and women who remained at home. His reference to the work of the farmers, the Red Cross and all patriotic organizations, the farmers, who made new records in production, and the people at large who subscribed so wonderfully to Victory Loans and all patriotic causes was a fitting tribute.

The premier made a clear statement regarding the Valley Railway, the action of the government in regard to having it taken over by the federal government and the reasons therefor; and he did not forget to point out that assurances given by the Borden government in 1914 had not been made good. However, although the Valley Railway ends at Westfield instead of as originally planned, Premier Foster pointed out that through the efforts of Hon. Mr. Carvell it will be linked up with the Transcontinental at McGivey Junction and so bring through traffic to St. John.

With regard to the claims of New Brunswick in connection with the proposed transfer of natural resources to the western provinces, Premier Foster explained the situation and assured the house that these claims would be pressed until a fair adjustment is made. If necessary, he said, the government would go to the foot of the throne to present its case.

In connection with visits to Ottawa the premier very properly pointed out the handicap the government of this province had to suffer because of the unsavory record of its predecessor. He added that action is being taken by his government to recover large sums of money and to have the government actions being now pending in the courts of the province.

The premier touched but lightly upon coming legislation, but mentioned measures such as those dealing with soldiers' settlements, women's suffrage, and the development of the coal and oil areas, showing that the government has prepared much progressive legislation for the consideration of the house. Hon. Mr. Foster is fortunate not only that he can look forward to useful work for the session, but that he can look backward upon great work already accomplished since he became premier, and upon a clearly political record. Following his speech the criticisms of Mr. Peck and Mr. Tilley were so mild and ineffective as to be a source of satisfaction rather than worry to the members on the government side of the house.

All who are concerned by the development of the work of the Y. W. C. A. in St. John will be interested in the following paragraph from the Bangor Commercial: "Much enthusiasm is being shown by the public in regard to Association Week of the Young Women's Christian Association. The annual budget for the institution is \$35,000 and the institution itself earns all but \$3,000 and that is now being asked of the public. This splendid home for women and girls is a great convenience to the public and as all but self-supporting. The solicitors are meeting with splendid success."

Owing to the prevalence of influenza the Woodstock board of health has decided to close schools and movies and other assemblies except Sunday services for a time. The St. John Standard's Woodstock correspondent makes this comment: "The decision has fallen flat. The scare does not work like it did a few months ago. Local government officials must do something for their salary." Thus does a great journal uphold the law of the land.

In Birmingham, Alabama, the Americanization of the immigrant is being approached through the public school system. In two night schools for aliens, attached to high schools, there is a registration of more than one hundred. Imagine a hundred foreigners in a sacred school house. In St. John we would let these people stew in their own juice of ignorance and Bolshevism. But our sacred school houses would be unprofaned.

The London Express states the case of the Canadian soldier in England with clearness and force, and does not spare the British shipping controller for upsetting the plans of the Canadian military authorities in regard to transportation. One result of recent disturbance will probably be the provision of more ships for this service.

WHY ST. JOHN LAGS BEHIND

If a titled gentleman from Timbuctoo came to St. John with a reputation and what is termed "a good line of talk" on a subject as remote as possible from the life interests of the people, there would not be seats enough at Bond's to hold the eager members of the Canadian Club who would flock there to drink in his discourse.

Last week, when Mr. Fletcher Peacock addressed the Club on vocational training, a matter vital to the future of our ninety per cent of the youth of this city, he spoke to nineteen people. The Canadian Club has over five hundred members. Nearly five hundred of them said in their hearts: "Vocational training may go hang." And they stayed away. The Times extends its sympathy to the president and secretary of the Club. They do their best to get interesting speakers and make the Canadian Club worth while. They cannot always get a gentleman from Timbuctoo.

Mr. Peacock is a clear, fluent and convincing speaker. He made some converts among the nineteen. He knows his subject, and knows how vital it is to the progress of St. John, of New Brunswick, of Canada. The figures he is able to quote speak for themselves. The Canadian parliament will this year act on the long neglected Robertson report and grant aid to vocational training. The New Brunswick legislature last year adopted a more advanced measure for advancing this training than exists in any other province. Under that act St. John should this winter have had evening vocational classes. It is pitiable to hear anybody describe the little group of students in mechanical drawing in one evening school as an evidence that St. John is doing something.

Note this extract from the Fredericton Clearer of what Quebec towns are doing—Quebec, the alleged slow province: "Technical education is making strides in the province of Quebec, where the government, the legislature and the people are this year giving a great deal of attention to development and to practical business requirements. A bill has already been passed in the province to see other provinces and other cities forging rapidly ahead of us, establishing institutions and creating facilities that will ultimately, because of the lack of our own province, take our boys and girls who can afford it from home and they may be fitted and equipped for the requirements of practical business life elsewhere. We cannot successfully develop under such conditions as these."

The St. John school board has been asked to appoint a vocational board for this city. Why is it not done? The new chairman will no doubt ask that question. The city council has been asked to support the project. The council and school board have the matter before them and it is for them to act. Why the delay? Is it because the example of nearly five hundred members of the Canadian Club convinces them that nobody wants action? If so the board of trade, the trades and labor council and citizens generally who want vocational training introduced should say so in plain and unmistakable language. There circles which has a tendency to stop the wheels of progress. Everybody knows what it is.

The chief superintendent of education has the right idea. He would have in the schools of this province provision for three courses—classical, commercial and industrial. The sooner that plan is adopted the better for our boys and girls, and for the welfare of the province. We have been marking time—or worse. The age for entrance into the teaching profession has been reduced a year in order to get enough graduate teachers—young and inexperienced girls—and yet we expect results. There must be a complete change or this province will go backward instead of forward in the matter of education.

Hon. Robert Rogers wants "a progressive national policy" controlled by the Conservatives. He will probably have to remain for some time on the waiting list.

SUFFERINGS OF THE SYRIANS

Horrors of War, Starvation And Turkish Savagery

Saint John Association Receives News From Mt. Lebanon—Committee to Take up Matter of Aid

The horrors of war, the agonies of starvation, a once peaceful town converted into a desolate region where the inhabitants went about mad douring babies, are some of the appalling bits of news that are being received in the eager members of the Syrian Protective Association. The place referred to is Mt. Lebanon, Syria, which prior to the outbreak of the war had upwards of a thousand population, but today has only 128 alive to describe the forwarding of some details from the letters to the press in order to make the people at large realize the awful suffering this country endured as a result of the war.

Letters describing the conditions were read Monday night at a meeting of the St. John branch of the association, at which Vice-President Thomas Hatty presided. Following his business members read letters they had received from their former home in Mt. Lebanon, telling how the country had suffered as a result of the recently ended conflict. Suggestions were offered regarding the forwarding of some details from the letters to the press in order to make the people at large realize the awful suffering this country endured as a result of the war.

One of the letters read at the meeting was from a Syrian who had been captured by the Turks and just prior to the signing of the armistice with England he escaped from a prison camp and worked his way back home. In the letter he told of the devastated state of his home town, swept barren by the pestilence of the Turkish army, and the terrible havoc wrought by hunger. People were running about almost naked crying piteously for food, while others who had endeavored to walk to distant habitations were lying dead along the road sides. He told of the disease which was sweeping through the country due to lack of food and the weakened condition of the people and in a most pitting way begged for help.

The letter further told of the first year of the war. The men picked up arms and went to battle while the women and the young and infirm remained at home. That year the people were able to live in comparatively good circumstances, but the following year the pestilence of the insects brought forth millions of flying locusts, which ruined the vegetation of every kind. The inhabitants fought the insects, but the seeds of the insects brought forth millions more and the result was that there was nothing left to feed cattle and they had to be killed off. At this time most was plentiful and could be purchased very cheap, but after that it was an impossibility to procure it for any price. As the months went by hunger began to be apparent and then came the Turks. The wealthy were forced to turn over everything of value and the majority of them were then butchered and others hanged on trumped up excuses that they were spies of the Allies. Christians were especially badly dealt with and it was not an uncommon thing to find numbers of heads in the wells about the town and outskirts. After the Turks had wrought their vengeance on the suffering and terror-stricken people, the awful ravages of starvation began to become a menace and during that year about a third of the entire population were wiped out. The rest lived on supplies occasionally sent to them, but day after day saw women and children running wildly about the streets clamoring for food until their strength ebbed away and they fell on the roadside and expired. These were some of the horrors the writer pointed out the people had gone through and they were still in dire straits.

At a combined mothers' and daughters' meeting held by the Executive Club in the Sunday school room of St. Andrew's church last evening there were choruses by the girls and numbers by Miss Frances Murdoch, Miss Sylvia Ferguson, Miss Bessie Forbes and Miss Alice Murdoch. Miss Nina Yelman of Toronto, Y. W. C. A. secretary for girls' work in the eastern provinces, gave an address.

Australia Has Deluge. Melbourne, March 12—Large sections of the city have been flooded by the heaviest rains in fifty years. Hundreds of houses were damaged and streets were torn up by the fury of the down-pour. Heavy rains have been reported in Tasmania, Victoria, New South Wales and other parts of the commonwealth, breaking the recent drought.

REFUSED JOB; SHOOT FOREMAN. Italian Fires Five Shots at A. J. Roberts of Grand Trunk Round House

Montreal, March 12—"Go away Spanghetti, you couldn't hold the last job I gave you," said Alfred J. Roberts, engine foreman of the Grand Trunk round house at Turcot yesterday afternoon to a discharged Italian laborer, who had been pestering him all day for a job. As Roberts swung on his heel, a large automatic revolver spit five bullets and

the foreman pitched to the ground, killed by a bullet which drilled the splinter lodged in his heart. The Italian made his escape. The detectives are searching the city and environs for A. Peores, thirty-one years of age, who witnesses alleged, did the shooting.

MEN'S RETREAT BROUGHT TO CLOSE. Reception of Several Hundred Into Holy Name Society Feature of Last Evening

The exercises of the retreat for the men of the Cathedral parish were brought to a impressive finish last evening by Rev. John Cox, S. J., and the earnest words of the preacher and the encouraging remarks of Bishop LeBlanc, who spoke to the men, were such as would be calculated to have a lasting effect. A feature of the closing exercises was the solemn reception of some hundreds of men into the Holy Name Society. The sight was inspiring as the men formed in the two center aisles of the main church, and in front of the altar, the older men in the sanctuary, all with lighted candles. At the moment the solemn pledge was taken the lights throughout the church were extinguished, leaving the lighted candles to stand out brilliantly as a great glowing cross.

Father Cox was in excellent form and his final farewell to the men, urging them to be faithful to the lessons of the retreat, was an eloquent appeal touched in beautiful diction and given with compelling force. His Lordship Bishop LeBlanc referred to the mass of the Holy Communion at that mass. His Lordship referred to the mass of the Holy Communion in fact the really proper way to assist at mass was to receive Communion at that mass. His Lordship referred to the mass of the Holy Communion in fact the really proper way to assist at mass was to receive Communion at that mass.

Father Cox in a very pleasing manner thanked the bishop, the priests of the Cathedral, the Sisters who had looked after the altar, the altar boys and the entire male congregation for the assistance rendered him during the retreat. The exercises were closed with the celebration of Benediction by Bishop LeBlanc, with Father Cox as deacon and Rev. William Duke, sub-deacon. Both the Papal and Pontifical blessings were given the congregation.

Father Cox now goes to Nelson to conduct a retreat there. He will likely be in St. John again in October.

LA TRIBUNE OF ST. HYACINTHE publishes a study on Freemasonry in Quebec province, claiming that lodges were formed following the arrival of Wolfe's army, and adding that St. John's Day was celebrated in Quebec on the 27th of December, 1765, some French-Canadians taking part. The article claims that Claude Deneuchaud was one of the first of the race to become a Freemason, and, in fact, he became grand master of the province, his brother being the well known parish priest of Deschambault. A very novel thing happened, however, in January, 1771, when Pierre Gamelin, a rich merchant of Montreal, and a leading Freemason, was elected a warden of the Church of Notre Dame. The article in question says, however, that as soon as the then cure of Notre Dame learned that his new warden was a Freemason the reverend gentleman secured the promise from Gamelin that he would no longer take part in Masonic gatherings. Gamelin, however, was somewhat weak in his promise, as he was seen soon after in a procession of Masons with apron and other symbols of office, bringing scandal to the faithful, as Gamelin was father of a well known Subtletan priest at the Montreal College. Abbe Gosselin, in his work, refers to this episode, adding that Mgr. Briand, Bishop of Quebec, wrote a paternal letter to Gamelin as follows:

We Carry a Complete Line of Mill and Engineers' Supplies. Agents for XXX Balata Belting, which for quality and durability is unsurpassed.

WALTHAM THE WORLD'S WATCH OVER TIME. Accuracy with Appearance. ACCURACY is the dominant idea behind the Waltham Watch. In the factory at Waltham, and in the Montreal branch, the working staff from general manager down to the newest apprentice, is imbued with the spirit of "accuracy first." This is the motive that led to the invention of many wonderful automatic machines which perform intricate operations in the shaping, drilling, polishing and finishing of watch mechanism, with an accuracy and speed that no human hand could equal. At the same time, appearance is important, and the Waltham is as pleasing in form as it is perfect in workmanship. For the man who desires to carry a watch of a quality which adequately meets modern business demands, both as to accuracy and appearance, the Colonial "A" and the Riverside models are great favorites. Ask your jeweler to show you these Waltham models. Waltham Watch Company, Limited, Montreal. Makers and Distributors of Waltham Products in Canada. Factories: Montreal, Canada; Waltham, U.S.A.

EARLY FREEMASONRY. You were wrong in taking part in Masonic ceremonies after promising Cure Joliette to the contrary. It was a fault which you could have easily dispensed with. I will forget it, however, added his lordship, "but I ask you no longer to take part at the lodge meetings while you hold the office of warden. Remember that you are a Catholic before being a Freemason, and that the oath you have taken to the church are more sacred than those of the lodges."

A meeting of the Women's Christian Temperance Union was held yesterday. Mrs. David Hipwell presiding. Reports from committees were received favorably.

RECENT DEATHS

Mrs. Ellen R. Richardson.
 The death is announced in Concord (N. H.), of Mrs. Ellen R. Richardson for nearly twenty years president of the New Hampshire Women's Temperance Union, and a trustee of Mercy Home at Manchester since its foundation. Mrs. Richardson became suddenly ill while attending a church service last Sunday evening and passed away on Monday. She was born in St. John, December 28, 1840. She is survived by her husband, George W. Richardson, and one son, Guy Richardson, of Boston, editor of Our Dumb Animals.

Ralph H. London.
 The death of Ralph H. London occurred yesterday afternoon at 154 Wright street of Bright's disease after a long illness. He leaves, besides his wife, ten sons and three daughters to mourn.

The death of Francis F. McNair took place at his home in Apohaqui on March 9. He was an invalid for some years. He leaves four daughters, and four sons. One, Private Arthur McNair, made the supreme sacrifice in the war.

The death of Colonel Guilford D. Perkins took place at his home in Cornell, N. B., on March 9. Besides his wife he leaves four sons and one daughter, also one brother.

Mrs. Nikola Greely Smith Ford died in New York hospital March 9, following an operation for appendicitis. She was thirty-eight years old. She was a noted newspaper woman.

Death Reported
 An old offender that hung on for years. Nothing touched his stony heart but Putnam's Corn Extractor, and out he came, root, stem and branch. All corns cured just as quickly when Putnam's is used; try it, 25c. at all dealers.

THE LATE TYLER B. THOMPSON

The Daily Missoulian of February 27, published at Missoula, Montana, contains the following account of the death and funeral of Tyler B. Thompson, a former resident of St. John, whose death was announced a few days ago:

We can hardly think of a fellow citizen who would be more missed in this community than Tyler B. Thompson, who died suddenly yesterday morning.

For thirty-three years Mr. Thompson has lived among us. He joined the mercantile company when Missoula was emerging from its day as a frontier trading post. From an humble start, he became a most important executive in a concern that has grown by leaps and bounds and is known everywhere in the west. He married a charming girl who has since become one of the most useful and best loved women in Montana, because of her constant work for the public welfare. He was part of the warp and wool of our business and social life, a fine type, indeed, of the New Englander transplanted to the far west and becoming a thorough success in all relations with his fellow citizens.

We will miss Mr. Thompson in the big store and on the streets and whenever we were accustomed to his kindly smile and his warm, magnetic presence, for he was a very human being with a wealth of strong and lasting friendships.

Death came suddenly and without great pain to Mr. Thompson shortly after 6 o'clock in the morning, although his health had been falling for three years and heart disease had developed more seriously during the last two weeks.

A man notably warm-hearted and generous, and of unusual business ability, Tyler Thompson leaves a host of friends, whom he has at one time or another helped out of difficulties. He was born fifty-five years and eight months ago at Woodstock, New Brunswick, Canada. After graduating from the high school of that city, he began his business life with the firm of Cobb, Bates & Yerxa, Boston grocers. To Missoula in 1886.

In 1886 Mr. Thompson came to Missoula to undertake the management of the grocery department of the Missoula Mercantile store, which has grown many times under his keen direction. Since the year 1901, Mr. Thompson has been assistant general manager of the Missoula Mercantile Company, carrying heavy business responsibility.

On March 18, 1899, Mr. Thompson was married to Miss Jessie Sloane, a daughter of Judge and Mrs. Sloane of this city. One child born to them died in infancy. Miss Jean Sloane Thompson is an adopted daughter. His sister, Mrs. Robert McVey, will arrive in Missoula today, coming from Seattle with Mrs. Thompson's brother and sister, Mr. and Mrs. Hugh Sloane. A sister, Mrs. W. F. Hippen, resides at Superior, Wis., and a brother, H. W. Thompson, is in Missoula.

Mr. Thompson was at the time of his death president of the Montana Wholesale Grocers' Association, an organization in which he took an intense interest and was very active.

He was also a past chancellor commander of the Knights of Pythias Lodge in Missoula, a member of Missoula Lodge No. 13, Western Sun Chapter, St. Omer Commandery, and was a past commander. He also belonged to Algeria Temple of the Mystic Shrine and was a past potentate. He was a member of Heligate Lodge No. 883, Order of Elks.

During the war, Mr. Thompson co-operated actively with the food administration as division chairman for the grocers of this section, as well as being prominent in other war work.

HOW TO ECONOMIZE IN COAL

It Appears There is More to Consider Than Price in Buying.

Like Gaul, all coal is divided into three parts: Two of which—carbon and volatile matter—will burn and produce heat. The third "ash" including stone, clinkers, etc., is pure waste. Ash will not burn but prevents quantities of the carbon and volatile gasses from burning and is an expense to cart away.

You buy coal solely to make heat. The more carbon and volatile matter and less ash the more value in a ton of coal. Most everybody knows this in a general way. But suppose you were offered hard coal at \$18 and \$16, which would you buy? If ten per cent or one-tenth of the \$18 coal was ash you would have 1,500 pounds of burnable matter to the ton—at a cost of \$18 or \$1 per one hundred pounds of burnable matter. Now, say your \$16 coal had twenty per cent or one-fifth ash—and remember there are many hard coals with much over twenty per cent ash—you would have 1,600 pounds of burnable matter for \$16. The cost is exactly the same except that in one case you would have 400 pounds of ash to remove, in the other only 200 pounds. Showing conclusively that the low price does not make a cheap coal. But how is the householder to know which is the cheapest coal? One way is to buy RADIO coal. It is a clean, free-burning hard coal and has the organization and name of the Consumers Coal Co. behind it. It is inspected, tried and tested on arrival and every load is re-screened to remove the slack and dust before delivery. RADIO coal at \$17.75 less fifty cents discount or \$17.25 for cash, is, we believe, the most economical coal in St. John today. It certainly is high in heat value and low in ash and chock full of satisfaction.

To those who used RADIO before the war the Consumers Coal Co. wish to say that they can now obtain it in all sizes.

To those who have yet to know the goodness of RADIO we would suggest try it now. There is no risk for we would gladly remove and refund on any purchase of RADIO coal not being up to the standard we have set for this American anthracite. 3-13.

INVITE REV. MR. MARSHALL TO REMAIN THEIR PASTOR

The third quarterly official board meeting of Fairville Methodist Church was held last evening in the church vestry. Tea was served at seven o'clock by the ladies. There were about thirty present. Reports were presented from the W. M. S. and Ladies' Aid Society by Mrs. O. D. Hanson; Epworth League Society by Miss Gladys E. Shaw; financial report by Robt. Catherwood, and Sunday school O. D. Hanson. By a unanimous standing vote Rev. Thomas Marshall was invited to remain as pastor of the church for the coming year. He gracefully replied in accepting, subject, of course, to wish of the conference.

The financial report was most gratifying, showing the church to be in a good position. Regrettably the resignation of Robert Catherwood as treasurer was accepted and J. Stout was elected in his place, with Miss Shaw assistant treasurer. The thanks of the board was extended to Mr. Catherwood for his faithful services.

The tables looked charming, decorations being in red and white, and a hearty vote of thanks was given the ladies at the close of the meeting.

MRS. S. G. OLIVE PRESIDENT.

The election of officers of the branch of the W. A. of St. George's church, West End, resulted as follows:—President, Mrs. S. G. Olive, 1st vice-president, Mrs. Willis Waring; 2nd vice-president, Mrs. James Martin; recording secretary, Mrs. Arthur Rawlings; corresponding secretary, Miss Colwell; Dorcas secretary, Mrs. J. Carrier; treasurer, Miss McGee; extra cent a day treasurer, Mrs. Corey Green; audit secretary, Mrs. C. Burrell; babies' branch superintendent, Mrs. Frank Belyea; delegates to annual meeting—President's representative, Mrs. R. Perry; delegate, Mrs. A. Rawlings; substitute, Mrs. C. Green. After the election a very helpful Bible reading was given by the rector.

The Dawn of Spring Styles

Expressing the Period of Renewed Luxury in Dress

Introducing an extensive collection of Street and Afternoon Suits, Tailored Day Coats and Dresses, Evening Gowns—Wrap Coats, Dolmans, Blouses, Fashioned expressly to meet the demands of the best dressed women of St. John.

Women's Apparel Shop

NOTE—All the success of the new fashions depends upon the right corset rightly fitted.

USE The Want Ad Way

If you want to Succeed-Save!

More than 90% of the world's successful men began poor, but they learned early to save. Saving made them thrifty, and thrift builds character-self-denial-the will to succeed.

LOCAL NEWS

S. S. Minnedoc, with 418 Canadian soldiers, is expected to reach St. John on March 17.

At a meeting of the Kings Daughters last evening it was decided to co-operate with the movement for a Protestant Orphanage.

Inspector McAlmish, who was ill for some time with pleurisy and bronchitis, is able to be about again.

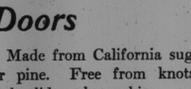

Mayor Hayes has given permission to the G. W. V. A. to hold a tag day on April 12.

Texas boys of the united churches of the city, in the Y. M. C. A. last evening, heard a debate by the boys of St. David's and St. Mary's churches.

Wilson and Murray Lawson of St. David's upheld the affirmative side of the question, "Resolved that it is in the interests of the Allies to send food to Germany," against Harry Coleman, Albert Peer, Raymond Ellison and Harold Alexander, of St. Mary's.

Rev. J. H. Barnes of Campbellton gave an address. The judges were Captains Campbell, Pearce and Dickson of the Y. M. C. A. military staff.

PREDICT HIGHER PRICES FOR SHOES

The following statement of conditions as applied to the fall 1919 season has been approved for distribution by the New England Shoe Wholesale Association:

From those who are well qualified to speak relative to the prices of shoes for the coming season:

Was Troubled With BOILS For Six Months

From the days of Job to the present time, boils have been one of the greatest afflictions of the human race.

Very few people escape from having them at some time. All the poisoning and lancing you may do won't cure them and stop more coming.

Boils are caused by bad blood bursting out, and the bad blood must be made pure before the boils will disappear. Burdock Blood Bitters is the greatest blood purifier known.

SOLDIERS

ANY branch of this Bank will cash your pay cheques, and if you desire will transfer the money without charge to any one of its 400 branches in Canada.

RESTRICTIONS FROM ALL RAW MATERIALS

London, March 12.—The board of trade announces that henceforth all raw materials may be imported without license. The list of articles included under this order comprises hides, timber, sugar cane and tallow.

Our System of Testing Insures Uniformity and Dependability in Dominion Rubber System Belting

Probably the elements that create the most satisfaction in the use of any article are an accurate knowledge of what it will do before it is made and to prove that it will efficiently accomplish its purpose after it is made.

It is on this basis that we build our belting and the knowledge of what it will do is the result of over fifty years experience and research.

We prove by careful tests that every ounce of material is up to our high standard—each individual operation is checked as the belt proceeds from one machine to the next and a sample of the finished belt is tested, both chemically and physically, to prove that it will efficiently serve the purpose for which it was made and that it has a reserve of strength for emergencies.

We want you to test not only our claims of superiority for Dominion Rubber System belting, but our free belting service, in charge of belting experts, who can help to cut your manufacturing costs, by making your equipment more efficient.

A phone, wire or letter to our nearest service branch will enable you to test this service without obligation.

BRITISH ARMY FIGURES

London, March 12.—(Reuter's)—The government announced in the house of commons yesterday that the total strength of effective and non-effective British troops in the armies of occupation in all theatres of the war amounts to 902,000 men, including officers.

More Canadians Reach Vladivostok. Vladivostok, March 12.—(By W. E. playfair, Canadian Press Correspondent)—The steamship Empress of Japan has arrived here with details of signallers and army service corps for Canadian contingents. Mr. Braithwaite, financial expert of the economic mission in Siberia, also was a passenger.

Spring Attire

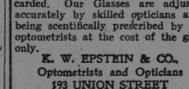

Sure, your size is here. Yes, we have every new style as soon as shown.

Of course, we have skirted models—new patterns opened only yesterday.

Certainly, good all worsted suits in clean-cut, attractive patterns, some neat stripes in chevrons.

Large advertisement for Ivory Soap, featuring an illustration of the soap box and text: 'Linens and Laces. Linens and laces you would not think of sending to the laundry can be safely entrusted to Ivory Soap. They come out of the Ivory suds white and fresh without a weakened thread and retaining all their original charm.'

name! Yet the bearer of it was more of a hero than any of the wonder-working scouts who appear in many adventures books for boys by Kingston and Pallastyrne and brave And Cooper of the wood and wave.

He was one of two very unusual men who became attached as interpreters and scouts to the Northwest Mounted Police in the days when law and order were being established in the vast little-known territory between Fort Garry (now Winnipeg) and the Rockies.

As an interpreter his services were invaluable. Without him the series of Indian treaties, which were the basis of friendly relations between red men and white men throughout the Canadian west, could never have been arranged and carried out with so little friction.

"You can't complain of the price of wheat now." "No," replied Farmer Cornstossle. "But they might go a little further and guarantee us the money without puttin' us to so much trouble raisin' the wheat."

PREMIER FOSTER'S SPEECH
ADDRESS OF STATESMAN

Leader of Government Reviews Events of Year—Tribute to Soldiers—Matters That Will be Pressed

Fredericton, March 11—In a statesmanlike address in which he reviewed the outstanding events of the year which has passed, outlined the legislation which will be brought before the house this year and effectively answered what few criticisms have been offered from the opposition benches, Premier Foster spoke for two hours this afternoon in the debate on the reply to the speech from the throne.

The broad grasp of public affairs and the able manner in which they were treated, the appreciation of the larger problems which the province faces and the statement of policies prepared to meet them, shown in the premier's address, placed it in sharp contrast to that of the leader of the opposition who spoke on the previous evening.

Hon. Mr. Foster was heard with close attention, not only by the members, but also by an unusually large number of spectators in the galleries and at the close his hearty applause showed the appreciation of his statements.

A glowing tribute to those who had fought in the great war and sympathetic eulogies for those who had fallen marked the opening of his address. He also paid hearty tribute to the work of those at home, the workers who had made the victory possible, the farmers who had helped to feed the empire and its Allies, and the women who had sacrificed so much and labored so earnestly in the cause.

His announcement that legislation would be brought in for the extension of the franchise to women was greeted with applause. Referring to the visit of Prince Arthur and the governor-general and the expected visit of the Prince of Wales, the premier suggested the need for more adequate facilities for the entertainment of notable guests.

Hon. Mr. Foster made it clear that the government intends to press the claims of the province for the absorption of the Valley railway and the National railways system and to continue to urge adequate recompense for this province if the public lands are transferred to the western provinces.

He also re-affirmed the government's intention of pressing to the utmost limit the claims against Fleming and Tennant for \$100,000 and \$133,000, respectively.

In conclusion the premier pledged the full efforts of the government to the solution of the problems of national reconstruction, with the suggestion that matters of party reconstruction would be left to the opposition.

At the evening session Mr. Peck, of Albert, resumed the debate on the reply to the speech from the throne, suggesting united efforts to retain the I. C. R. offices in Moncton and an independent commission to administer the federal road grant.

Mr. Tilley, who followed, reserved his remarks on the potato inquiry until after the report was presented.

J. E. Michaud, of Madawaska, was the next speaker. Dealing with the criticisms that the government had not already brought down the reports of the royal commissions, he reminded the opposition that when their party was in power, reports had been delayed for even longer periods and that it had been necessary for Mr. Dugal to address a humble petition to the governor in an effort to secure one such report.

Regarding reconstruction plans, he said that if the government had been taken by surprise by the sudden ending of the war every other government in the world was in the same position. He agreed with Mr. Peck regarding the I. C. R. offices and with Mr. Tilley regarding the development of water power, which was in favor of water power development by the government. After an eloquent tribute to the late St. Wilfrid Laurier, he commended the high ideals of the late statesman to the younger generation.

(Official Report.)
Fredericton, N. B., March 11—The house met at 8 o'clock. The following notices of inquiry were given for Friday next:

By Mr. Sutton, as to when the vacant seat in the county of Carleton is to be filled; by the completion of the St. John Valley railway from Centreville to Andover, and as to the purchase of a new plough for road work for Charles Gough, of Woodstock.

By Mr. Smith (Carleton), as to the amount expended on ordinary roads by counties during the last fiscal year; as to the total amount charged for permanent road account during last year; and since the close of the fiscal year, and the number of miles of highway constructed; also as to the amount paid to Daniel Desmond, bridge superintendent of Northumberland county, and as to whether any complaints had been lodged against him.

By Mr. Smith (Albert) as to the number of returned officers and as to lands taken possession of by the government since the last session of the house.

By Mr. Campbell as to lands taken possession of in the building of the Valley railway; also as to the names of persons on boards of directors of the districts of St. John and Kings, and as to municipalities which have declined to vote money for work on the work of the board of health.

By Mr. Leese (Westmorland) as to the integration of the government reconstruct the Rockland bridges in the parish of Dorchester.

THE NATIONALIZATION OF ST. JOHN HARBOR

That "the city is in a fair way to accomplish the nationalization of the port of St. John on a reasonable financial basis" was the statement Mayor Hayes made to the city council yesterday afternoon. He said that when Hon. C. C. Bellantyne, minister of marine and fisheries, returns from his southern trip about the middle of April, he expected some definite agreement. A plebiscite will immediately be taken, and should the people express themselves favorable, the necessary legislation will be put through the house of commons this session.

His worship said that the government was not tumbling over itself at all to take over the harbor, and that negotiations had reached the present stage was due to a large extent to Hon. Mr. Carvell, and the weight he carried with his colleagues. His worship then spoke of his visit to the president of the C. P. R. and the two vice-presidents.

"Mr. Beatty said that the C. P. R. had really never withdrawn the Allan line boats on the Glasgow-Portland route until the admiralty took over the boats. He decided whether the C. P. R. was using Canadian ports. In the summer only Montreal will be used. In winter, he thought, St. John is handicapped, chiefly on account of the grades etc. He approved of the plan of nationalization and said that if the government came out with a definite proposal or St. John it would be in line with "our own ideas."

It might be well to point out the distinction between "placing the harbor in commission" and "nationalizing" it. To place the harbor in commission without nationalizing it would mean to make the charges on shipping and the use of the port sufficient to cover all expenses and interest on capital invested, in other

LIFT OFF CORNS!

Doesn't hurt at all and costs only a few cents

"A nasty patch appeared on the right side of my face, caused by shaving with a dull razor. I drew blood with my fingers, the itching was so intense. The patch was red and irritated causing me to keep awake at night."

"Using Cuticura Soap and Ointment advertised I sent for a free sample. After using I noticed quite a change so I bought a box of Cuticura Soap and Ointment when I was healed permanently." (Signed) Eben MacDonald, Marlon Bridge, N. S., September 30, 1917.

Cuticura Soap and Ointment are not only most valuable for the treatment of pimples, dandruff, and irritations of the skin, but their great mission is to prevent such conditions. Cuticura Soap used with the Cuticura Ointment, as needed, keeps the skin and scalp clean, clear and healthy.

For Free Cuticura Soap and Ointment post-card: "Cuticura, Dept. A, Boston, U.S.A." Sold everywhere.

Magical! Just drop a little Frezzone on that itchy corn, instantly it stops itching, then you lift the corn off with the fingers. Truly! No humbug!

Try Frezzone! Your druggist sells a tiny bottle for a few cents, sufficient to rid your feet of every hard corn, soft corn, or corn between the toes, and calluses, without any particle of pain, soreness or irritation. Frezzone is the discovery of a noted Cincinnati genius.

The officers elected are as follows: Honorary President, Mrs. R. A. Armstrong; President, Mrs. L. R. Harrison; 1st vice-president, Mrs. E. Pickett; 2nd vice-president, Mrs. F. J. G. Knowlton; 3rd vice-president, Mrs. D. H. Loweth; corresponding secretary, Mrs. A. S. Ham; recording secretary, Mrs. McBride; treasurer, Mrs. W. S. Fisher; treasurer extra, Mrs. C. M. collector, Mrs. W. B. Howard; Dorcas secretary, Mrs. A. W. Young; literary secretary, Mrs. Y. Brown; leaflet secretary, James H. McAvity; superintendent of Juniors, Miss M. Harrison; babies' branch secretary, Mrs. Baird; delegate to the diocesan annual, Mrs. Pickett; substitute, Mrs. Heber Vroom.

morning session was preceded by a special celebration of the Holy Communion in Trinity church by Rev. Canon Armstrong, assisted by Rev. D. H. Loweth. Mrs. L. R. Harrison presided over the business meeting. Mrs. Thomas Walker, the diocesan president, delivered a short address, thanking the W. A. of Trinity for their kindness to her and in appreciation of its activities. Reports were received from the officers.

The officers elected are as follows: Honorary President, Mrs. R. A. Armstrong; President, Mrs. L. R. Harrison; 1st vice-president, Mrs. E. Pickett; 2nd vice-president, Mrs. F. J. G. Knowlton; 3rd vice-president, Mrs. D. H. Loweth; corresponding secretary, Mrs. A. S. Ham; recording secretary, Mrs. McBride; treasurer, Mrs. W. S. Fisher; treasurer extra, Mrs. C. Harrison; babies' branch secretary, Mrs. Baird; delegate to the diocesan annual, Mrs. Pickett; substitute, Mrs. Heber Vroom.

NO QUORUM IN OTTAWA HOUSE; DEBATE CHECKED BUT MAY BE RESUMED

Ottawa, March 11—(Canadian Press)—An unusual circumstance brought the adjournment of the commons at 10:15 o'clock. There were only fifteen members in the house and Mr. Fisher drew the attention of the deputy speaker, who was in the chair, to the fact that there was not a quorum. The latter then advised the speaker to suspend the debate on the order paper.

Ottawa, March 11—At the Liberal caucus this morning opinion was so divided as to whether or not an amendment should be moved to the address in reply to the speech from the throne that it was decided to have the matter left to the committee of management for that committee later, and it has been reported that the matter is left in the hands of the opposition leader, D. D. McKenzie, with full powers to do whatever the situation calls for. Mr. Fisher's position with regard to the caucus that only routine work was accomplished. The caucus lasted from 10 a.m. to 11:30 a.m. and was again resumed at 11:30 a.m. The debates were animated and prolonged.

The action of the government in taking up the issue of "Prize Bonds" was ever since in for strong criticism and there were many statements some of which will later be made on the floor of the house, that the whole thing was part of a gigantic conspiracy to help the Jews out of their hands. The claim that there has been considerable buying of stocks in view of this action of the government, which should not be so far from being unexpected that it had been arranged for some time.

Was Pulled Through THE TRYING TIME IN WOMAN'S LIFE

Mrs. M. M. M. of St. John, N. B., writes: "I have used Milburn's Heart and Nerve Pills and found them to be of great benefit to me. In fact, I consider they saved my life, and I have told many of my neighbors about them."

Two years ago last November I was in poor health. The doctor said it was change of life, as I was over forty years old. He advised me to have a very careful myself. Shortly after that I received an awful shock that nearly killed me. The doctor my husband sent for said I would soon be all right, and sent up some medicine, but it only seemed to make me worse. I was taken to the hospital. The doctors examined me, but could not understand my case. Then they sent for a specialist, as they began to think it was my mind. When the specialist came he was baffled. For I answered his questions all right. Every day I was getting weaker, and when my husband came he could see that I was going, as I could read his thoughts, but said nothing.

Next day a friend came with a cab and took me to their home. They got a box of Milburn's Heart and Nerve Pills. I started taking them and began to get better, and at the end of two weeks I could walk around the room. I am now well and able to do my own work. Price 50c a box at all dealers or mailed direct on receipt of price by The M. Milburn Co., Limited, Toronto, Ont.

PURIM
The festival of Purim will be celebrated in the Jewish Community on Sunday, March 16, in Shushan, Persia also on the 17th, in accordance with the statement of the Book of Esther that the Jews ordered, and took upon them and upon their seed, and upon all such as joined themselves unto them, so as to blot out their names from the book of life. These two days every year, and that these days should be remembered and kept throughout every generation. Every family, every province and every city.

Reminder of a deliverance of the Jews from destruction in the Persian Empire, the day is naturally kept as a festival of mirth and gladness. Presents are exchanged and the poor are not to be forgotten. The Book of Esther, detailing the plots of Haman, the wicked and ungodly, and the heroism of Esther, forms the special reading of the day at the religious services in the Jewish houses of worship.

Kept Awake at Night Itching So Intense Healed by Cuticura

AGAINST REPORT ON POWER COMPANY

Meeting of Common Council—G. W. V. A. Matters—Financial Affairs

The common council in the first regular session in two weeks, yesterday afternoon received from Premier Foster a signed report of the Currier commission on the N. B. Power Company matter. On motion of Mr. Bullock, seconded by Mr. Thornton, it was referred to the mayor for careful consideration, with the understanding that he should call a meeting of the committee at any time and place, and that the committee should report vigorously on the subject.

The matter of proximity of public buildings to places of worship came up and the advisability of repealing the by-law will be considered.

Mr. Fisher moved, and Mr. Bullock seconded, that it should be referred to committee. Mr. Thornton believed that the G. W. V. A. was going too far in telling the council what it should do with the committee. It will be taken up in committee.

The G. W. V. A. also forwarded a resolution adopted by that body asking that all federal, provincial and civic appointments filled since the war by other than returned soldiers, be declared vacant and that within six months after the war they be filled by returned men.

Mr. Fisher moved that the letter be received and the G. W. V. A. be informed that the council is willing to hear a deputation from that body at any time and on any question. The motion was carried after Mr. Jones had already been promised consideration individually in positions applied for. He has the council should not be dictated to in this matter.

Tenders for the supply of 400 tons of asphalt were opened and were as follows: Elder Eban Asphalt Co. Ltd., Montreal, \$38.06 per 2,000 tons in drums. The firm also tendered for 10,000 tons of asphalt at \$38.06 per ton. Mr. Fisher said it could not be considered. J. T. Knight & Co., Ltd., \$37.75 per 2,000 tons in drums.

Barrett Co., Ltd., (Mexico), \$38.75. Barbour Asphalt & Paving Co., \$37.47 for Trinidad Lake, and \$36.36 for Bermuda Lake. Imperial Oil, \$38.75.

The tenders were referred to the commissioner of public works and the city engineer.

The report of the commissioner of finance and public affairs showed payments for the month of February amounting to \$101,523.08 and the treasury receipts amounting to \$101,523.08. The departmental accounts as follows: Treasury, \$289.43; public works, \$1,234.14; public safety, \$2,409.50; water and sewerage, \$2,861.43; health and public lands, \$3,609.08. The report was approved.

Regarding the recommendation of the chairman of the assessors that Kenneth Clawson be appointed to the board of assessors, the mayor said that two returned men had been recently employed by the board for \$1,000 each. For this reason other than this he would not have disputed the recommendation. Mr. Jones moved the same salary, \$1,000, for Mr. Clawson, but it was decided to refer the matter to committee and have Mr. Olive present.

The report of the committee of the whole was adopted with some amendments. One was in the section dealing with authority to Mr. Fisher to call tenders for the supply of a Ford car and accessories. It was made to read that he be authorized to purchase from F. I. Elkin a Ford car and accessories for \$937. As there was but one Ford car it was considered useless to call for tenders.

The section of the report recommending that the council accept the report of the conclusion board on the public debt and make adjustments accordingly was amended on motion of Mr. Fisher so that it should again be referred back to committee and that Mr. Wetmore, the city's representative on the board, be asked to appear and furnish the council with the explanation of the decision. Mr. Thornton approved and the amendment was adopted.

An offer by J. S. Gregory of \$1,500 for the city's holding saw and equipment was accepted.

A letter was received from the council of the city of Calgary containing a resolution passed by that body asking that returned soldiers be discharged when requested and others be provided for until they are able to take their place again in civil life. The letter was referred to committee.

W. E. Lane again complained to the council of water flowing into his cellar from Wright and Spruce streets and wanted the council to settle damages without taking the matter further. The public works department will look into the complaint.

The resignation of H. W. Smith as a member of salvage corps No. 1, and the appointment of R. E. Geldart in his stead were approved; in No. 2 company the resignations of W. A. Carvell and D. Pirie were accepted and the appointment of R. W. Humm approved.

The Salvation Army asked the council for a grant of \$500 for the maternity hospital in Princess street, but it was decided to inform the army that no grant can be made.

John Ching, 64 Mill street, was permitted to erect an electric sign over his store.

On the recommendation of Mr. Jones, Paul Dagerow was given the lease of twenty-three acres of land at Mispec, now owned by the city, at an annual fee of \$10, to quit on thirty days' notice.

BELIEVES IN HOME STUDY.
To the Editor of The Times:
Sir—Passing through the North End last night at 8 o'clock I came upon a group of small boys. There were ten or twelve of them, apparently about eight or ten years old. They were fighting, knocking each other down, banging heads on the pavement and incidentally blocking the sidewalk and filling the air with foul language. It would seem to me that a few home lessons would be a preferable occupation. A teacher who was with me remarked that these were the children whose parents object to any form of punishment.

I have never been a public school teacher, but I have done a good deal of private teaching. I would not keep a pupil who did not do home work, as it would take up teaching time for him to do drill work at his lessons. If this is so when I have my pupil alone I should think it would be true in large classes.

I have just returned after a visit in the United States. I found there that the dull or slow pupil was allowed the privilege of taking state-owned books home to get outside help. Please mark the word privilege. I found, too, that the average pupil to do home work in this individual help. Does "Parent" realize that a five-hour day means 300 minutes of individual help, six minutes for each child. This doesn't give the teacher much chance if that child is not to be allowed to do the memory drill at home.

"American Mother" speaks of the crowded curriculum. This is not the fault of the teacher but in talking to many of them I have heard the opinion that the work is not too heavy for the average pupil to do in eleven years. Those who do it do not usually show signs of overwork. Most of the teachers did not seem to me (an outsider, but outsiders see most of the game) that a child who plays from four to six and then goes to school for eleven years, to spend an hour, or in higher grades an hour and a half, on his lessons. It has the value of a few minutes of rest for him at night than the great

Thought of it! The joys of youth marred by agonizing pains, and all hopes of a bright future blotted out by thoughts of a life burdened with hardships and other sufferings.

Such was the case of Mr. A. Call until a good friend advised him that there was a remedy for his trouble and he would find it if he used Gila Pills. Read what Mr. Call says:

"I was troubled with my Kidneys since childhood and spent a large amount of money on doctors trying to get better. Instead of getting better I kept getting worse until a friend of mine advised me to try Gila Pills. I did so, and after taking one box I was able to get out of bed and walk around. Two more boxes relieved me completely and since then I have had no return of the trouble."

This remarkable testimonial was written by a man whose statement cannot be doubted. Mr. Call's reason for writing this history of his case was—gratitude for the relief that Gila Pills brought him. Wouldn't you do the same if your case was similar? If you suffer now don't suffer any longer. Use Gila Pills and obtain relief from Kidney or Bladder Trouble, and the pain, suffering and inconvenience that they cause.

Better Than Pills For Liver Ills
The reason
Get a Box Tomorrow Alright

Run-Down People Vinol is What You Need

Weak, run-down nervous men and women need Vinol because it contains the most famous reconstructive tonics in an agreeable and easily digested form:—Beef and Cod Liver Peptones, Iron and Manganese Peptonates and Glycerophosphates.

We guarantee there is no tonic equal to Vinol. HERE IS PROOF

Detroit, Mich.
"I got into a weak, run-down condition, no appetite, tired all the time and headaches—but had to keep on and do my housework. I read about Vinol and tried it—within two weeks I commenced to improve, and I now have a splendid appetite and feel stronger and better every day."
Mrs. John F. Watson.
For all run-down nervous, anemic conditions, feeble old people and delicate children, there is no remedy like Vinol.

Texas, Texas.
"I keep house and I was weak, run-down and nervous, back ached a good deal of the time, so it was hard to take care of my chickens and do my work—Vinol has restored my strength, and my nervousness has gone, so I can do my work as well as ever. Every run-down woman should take Vinol."
—Mrs. Emma Britt.

Wasson's Drug Store, The Ross Drug Co., St. John. Vinol is sold in Fairville by T. H. Wilson, and at the best drug store in every town and city in the country.

FARMERS' PARLIAMENT

Hon. J. F. Tweeddale Gives Summary of Plans for Returned Soldiers

Fredericton, N. B., March 11.—The first concrete announcement of the provincial government's plans for the returned soldiers who wish to settle on the land was made this evening by Hon. J. F. Tweeddale, minister of agriculture, at the opening session of the forty-third annual convention of the New Brunswick Farmers' & Dairy-men's Association, which convened in the city hall.

Improve Your Looks

by purifying the blood. Sallow skin, liver spots, pimples and blotches are usually due to impure or impoverished blood.

Dr. Wilson's HERBINE BITTERS

It's a wonderful tonic for women, especially. Prepared of Nature's herbs and gives the happiest results when used regularly and according to directions.

Hopes Women Will Adopt This Habit As Well As Men

Glass of hot water each morning helps us look and feel clean, sweet, fresh.

Happy, bright, alert—vigorous and vivacious—a good clear skin; a natural, rosy complexion and freedom from illness are assured only by clean, healthy blood.

Instead of the thousands of sickly, anaemic-looking men, women and girls with pasty or muddily complexions; instead of the multitudes of "nervous wrecks," "rundowns," "brain fags" and pessimists we should see a virile, optimistic throng of rosy-cheeked people everywhere.

An inside bath is had by drinking, each morning before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and ten parts of bowels the previous day's indigestible waste, sour fermentations and poisons, thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

Those subject to sick headaches, biliousness, nasty breath, rheumatism, colds; and particularly those who have a pallid, sallow complexion and who are constipated very often, are urged to obtain a quarter pound of limestone phosphate at the drug store which will cost but a trifle but is sufficient to demonstrate the quick and remarkable change in both health and appearance awaiting those who practice internal sanitation.

HER DAUGHTER WAS SAVED FROM OPERATION

Mrs. Wells of Petersburg Tells How.

Petersburg, Va.—"For two years my daughter suffered from a weakness and pains in her right side; at times she was so bad she could not do any work. For two years she was attended by the best physicians here, and both agreed that she would have to be operated on. I suggested Lydia E. Pinkham's Vegetable Compound, and at first she refused to take it, but finally consented. From the very beginning it helped her, and now she is entirely well, and telling everybody how much good it has done her."—Mrs. W. D. WELLS, 228 North Adams Street, Petersburg, Va.

For special advice women are asked to write the Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of forty years' experience is at your service.

CATARRHAL DEAFNESS MAY BE OVERCOME

If you have Catarrhal Deafness or head and ear noises or are growing hard of hearing go to your druggist and get 1 ounce of Farrin's Double Strength and add to it 1/4 pint of hot water and a little granulated sugar. Take 1 tablespoonful four times a day.

Try This If You Have Dandruff

There is one sure way that never fails to remove dandruff completely and that is to dissolve it. This destroys it entirely. To do this, just get about four ounces of plain, ordinary liquid arsenic and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

Improve Your Looks

REPORTS OF COMMISSIONERS

G. F. FISHER AND J. B. JONES

The annual reports of G. Fred Fisher, commissioner of public works, and John B. Jones, commissioner of water and sewerage, were submitted to the common council yesterday afternoon. The former's statement was a brief one, referring to the reports of the city engineer and street superintendent for detailed information.

Mr. Fisher stated that in collecting local taxes from property owners for paving, etc., under the local assessments provision, he became convinced that the people of the city are opposed to such taxes, excepting for special improvements on residential streets.

By morning most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

Mr. Jones' report was a long one, pointing out that for the first time in the history of the water department an excess of expenditures over income is reported, this being due to the decision of the council to replace cast iron pipe with cement pipe.

There were 109 leaks in the distribution system, which were promptly repaired. The very severe winter of 1914-15 caused the cost of thawing and renewing the County Hospital supply pipe alone amounting to \$2,454.27. Other repairs amounting to \$4,842.71.

Gray's Syrup of Red Spruce Gum. Tells How to Stop a Bad Cough. Surprising results from this famous old home-made cough syrup.

If you have a severe cough or chest cold accompanied with soreness, throat tickle, hoarseness, or difficult breathing, try this reliable old home-made cough remedy.

Pinex is a special and highly concentrated compound of genuine Norway pine extract, and is probably the most known means of overcoming severe coughs, throat and chest colds.

There are many worthless imitations of this mixture. To avoid disappointment, ask for "2 1/2 ounces of Pinex" with full directions and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Finck Co., Toronto, Ont.

LOCAL NEWS

PORTERS ARRIVE
Twenty-five colored railway porters, who are to be employed in troop transportation work out of St. John and Halifax, arrived from Montreal today. Some belong to this city.

CASUALTY LIST
Today's list from Ottawa includes the names of W. H. Ellis, St. John; A. T. Dickson, Moncton, both dead; and J. F. Hickman, Dorchester, accidentally killed. The latter lost his life in the riot in England.

PURSES FOUND.
A black leather purse containing a small sum of money was found by Samuel McKenzie of 8 Middle street yesterday afternoon. A purse containing a small sum of money was found by John Terry, a returned soldier, 78 Sewell street, in Union street yesterday.

THIS MUST STOP
A man was arrested yesterday morning by the Bay Shore policeman and locked up in the Fairville station on charge of trying to break into the restaurant at Seaside Park. This is the third break this winter. Two have been arrested and the arrest of a third is expected.

ARRESTED HERE.
James Boutlier, a native of Stellarton, N. S., was arrested by Sgt.-Detective Power and Detective Donahue on a warrant charging non-support. From word received this morning, an officer from Stellarton will arrive in the city this evening to convey the man back to Nova Scotia to be dealt with.

FORMERLY OF ST. JOHN
That Captain Charles Miller Armstrong, son of E. J. Armstrong, formerly of St. John, was awarded a military cross for conspicuous gallantry and devotion to duty, was the gratifying news which appeared in the London Gazette on February 15. He was also mentioned in despatches last May by Sir Douglas Haig.

SURPRISE PARTY
A surprise party was given in honor of Miss Beatrice Cook at the home of Mrs. Duncan, 172 Metcalfe street, last evening and was attended by some seventy friends. H. C. Green, on behalf of those present, presented to Miss Cook a ring and she responded, thanking all for the honor done her. The evening was pleasantly spent in games and music and refreshments were served.

MINNESOTA'S COMPANY
The C. P. O. S. liner Minnedosa is due here on Sunday, March 16, with 1,281 passengers. Of this number 400 are second class and 1,281 third class. The former are composed of 228 civilian adults, twenty-one children, four infants, seventeen officers on duty, thirteen belonging to a military party, ten on the conducting staff and thirty-seven special. The latter include 614 civilian adults, 128 children, fifty-two infants and 272 belonging to the military party.

PAVING QUESTION.
Commissioner Fisher said this morning that he was about ready to call for tenders for the part paving of Prince William, Union and Duke streets. It will be remembered that some objection was raised by the abutments to the plan of having them bear a share of the cost of proposed paving in these sections. The matter was then placed before the council and Commissioner Fisher asked that the paving be done by general assessment; this was opposed by the mayor and the commissioner of harbor and ferries. Commissioner Fisher announces now that the tenders are about to be called and the matter will be brought to a head again.

THE TIME FOR THEIR NEW HATS; TRADE REPORTED BUOYANT

The millinery trade is enjoying the biggest business it has known since some time before the war. The wholesale millinery opening this week in St. John have shown not only new styles, materials and trimmings gathered from the United States, Europe and the East, but the business is on a greatly increased scale. Milliners from all over the province have been or are in town, and the staffs of the wholesale houses are almost exhausted with the rush of work. The new styles are varied and very attractive.

GOOD RESULTS OF MISSION TO OTTAWA IN INTEREST OF RETURNED SOLDIERS

Charles Robinson, secretary of the Returned Soldiers' Aid Commission, returned today from Ottawa, where he had been, in company with Major Gordon Johnston, taking up matters of importance to returned soldiers with federal headquarters. As a result of several conferences with the minister of labor, the head of the repatriation bureau and others it was agreed to open employment bureaus at Campbellton and Newcastle, N. B. In the matter of some delayed pensions the authorities promised to have the money forthcoming right away. On the whole Mr. Robinson says the visit of Major Johnston and himself was highly satisfactory in results and he feels certain the returned men will be pleased.

QUEEN SQUARE WANTS REV. MR. MORRIS SECOND TERM

At a meeting of the official board of Queen Square Methodist church last evening invitation was extended unanimously to the pastor, Rev. George Morris to remain for a second term. The members also expressed sincere regret at the removal from St. John of Colonel A. H. Anderson, who has been transferred to Ottawa, and extended their best wishes to him and his wife.

LAURENTINE TO BE ADDED TO THE FLEET HERE

Control of N. B. Agency of Marine and Fisheries Department Enlarged

On April 1 the New Brunswick agency of the marine and fisheries department, under John C. Chesley, will take over the lights, etc., along the Nova Scotia coast as far as Barrington. This addition will add materially to the scope of this agency and in order to facilitate the extra duties the government steamer Laurentine will be added to the ships already in the service of this division. The steamer is present at Halifax and is undergoing repairs. It is expected that she will be completed in a few days and will then come to this port. The various stations in this district are to undergo extensive repairs and improvements will be made in some sections. This work will be commenced in the near future and will in all probability take some time before it is completed.

THE FUTURE OF THE INDIANTOWN FERRY

Matters Discussed at Conference of Commissioners of Service and City

The Lancaster ferry commissioners, met Mayor Hayes and the city commissioners this morning in the former's office to discuss ways and means of bettering the present Indiantown ferry service. It was announced at the meeting that the present lease will expire on May 1. Suggestions and plans were put forward this morning for the best way to continue the service between Indiantown and Millford. It was also made known that a subsidy of \$1,000 from the provincial government is sought and, if come the present difficulties of running the service on a paying basis. In addition to this proposed subsidy a grant from the city and the parish of Lancaster on an equal basis would be made to defray any deficit. Under the present arrangement the E. Ross makes a trip every half hour at a cost of five cents a head. While it is admitted that the present service does not pay still with the proposed improvements and with the subsidy a faster service will be the outcome. The meeting was adjourned to await developments.

FIND IT CONVENIENT PLACE FOR DRINKING OF LEMON EXTRACT

Commissioner Thornton Means to Put an End to This Practice—The Police Pay

That the lavatories of South Market street in the city market building are being used principally as a refuge place for some men to drink lemon extract and then throw empty bottles about and do damage was the opinion expressed by Commissioner John Thornton this morning. He said that so far as he could see these lavatories should never have been placed there, as it was almost an impossibility to keep them in a state of cleanliness without keeping a man on the job all the time. He added that some means would be immediately adopted whereby those guilty of such profligacy and the commissioner stipulated his intention of having this carried out. Some means will be taken to detect these responsible.

SENT UP FOR TRIAL.
The case of a youth, who is charged with an aggravated assault against Miss Jane Beatty, was resumed in the police court this morning. J. A. Barry appeared for the prosecution, John Willett appeared for St. David's church, interested in the woman, and K. J. MacRae appeared for the defendant.

Mrs. Dorothy Bailey, who resides at 39 Carleton street, and Mrs. Dolan, who also lives there, gave evidence. Dr. F. T. Dunlop told of the woman's injuries. Policeman Spiny said that on last Monday morning about 2 o'clock he saw a young fellow come out of Mr. Dolan's house. He was talking to him. The policeman identified the accused as being the man. By the appearance of the accused that morning the policeman said he thought he had been drinking. Detective Biddiscombe and Sgt.-Detective Power told of the arrest. The accused was committed for trial.

OAK HALL SCOVIL BROS., LIMITED KING STREET

Here Is Another Of Our Big Specials

A Child's Rocker, exactly as illustrated, with upholstered seat, for \$2.00! This is strongly made, of solid oak, extra roomy and extra heavy, and will be of service until the child is practically grown-up. Then we have, of course, many other rockers and chairs suitable for children, including High Chairs of every description, Nursery Chairs, etc.

In fact, whenever you want anything for the children's comfort, we are always ready to supply you, and our stock of Cribs, Bassinets, Cradles, Baby Walkers, Coaster Cars, Carriages, Go-Carts, etc., is most complete.
Price \$2.00
