Mawson Near Death; Two Comrades Lost In Wilds

Explorer Thirty Days Alone; Nearly Starved

Fearful Tramp of 300 Miles in a Blizzard

Piece of Food Dropped by Search Party Saves Life—Two of Expedition to Antarctic Meet Fearful Death—Winds Blowing 200 to 300 Miles an Hour—A Record of Valuable Discoveries

(Canadian Press) New York, Feb. 27.—A cable to the "Tribune" from London, says: A despatch from Sydney to the "Daily Telegraph" says that the Aurora, with Dr. Douglas Mawson and party, arrived at Adelaide yesterday afternoon, thus terminating work begun in December, 1911, when Doctor Mawson started on his first Australian-Antarctic expedition. Two Lives Lost Dr. Mawson's arrival is undoubtedly being received with intense pride and gratification throughout Australia. His perilous journey in the frozen south, including a heart-breaking interval of thirty days spent in absolute solitude, have not been undertaken without a death toll, and while Australia mourns the loss of two such worthy members of the expedition and brave men as Lieutenant Ninnis and Doctor Mertz, the fact of their tragic end merely adds to the sincerity and warmth of the welcome home given to the other members of the expedition. Fuller particulars of the events culminating in the death of Ninnis and Mertz, indicate that the former's end and his disappearance in a crevasse must have been terrible in the extreme. Doctor Mawson's dogged march of 300 miles, though nearly starving and blinded by a blizzard, was one of the finest acts of personal courage ever recorded in polar exploration. Following the thrilling narrative was told by Dr. Mawson himself in an interview in Adelaide. After picking up her party from its base, the Aurora made an extended cruise to the west, pushing into the pack wherever possible, in attempts to discover new land, and at the same time taking soundings and doing deep sea dredging. "This work was most successful, and most pleasing. Indeed, I am sure that this collection of biological material is the best that has been obtained from the Antarctic. Defted Two Miles Deep "Our operations extended as far down into the sea as two miles, and some very valuable information, as well as animals of all kinds, were discovered. Very little had been done in the matter of deep-sea work hitherto, as this difficult work did not prove much luck in the first year, but Captain Davis, who was in charge of the expedition and complicated gear, became a thorough master of it, and the latter results were exceptionally fine. "The world is being worked out as regards new spots for exploration, but there is five times as much ocean as land, and this affords a wonderful opportunity for research and investigation. His Discoveries Asked as to the character of the discoveries he had made, Dr. Mawson stated: "Nearly everything we got is new to science, and on the whole, it is really a splendid collection. I have no hesitation in saying that the scientific results of the expedition will not lose anything by comparison with any other that has ever gone into the Antarctic. When the British association meetings take place in August, I shall give the preliminary outlines of what we achieved. "The work of properly marshalling the voluminous results will be enormous. In addition to a large number of animals, we secured hundreds of bird skins, many of which have never been known before. These specimens will be distributed throughout the Australian museums, and the Sydney museum has undertaken this task." (Continued on page 7, second column)

Phelix and Pherdinand WEATHER BULLETIN Issued by authority of the Department of Marine and Fisheries, H. F. Stupart, director of meteorological service. Synopsis—Pressure is decidedly low over the northwestern portion of the continent. Elsewhere it is generally high. Fair comparatively mild weather prevails throughout the Dominion. Milders "Fairly—West to south winds, fair and comparatively mild to day and on Saturday. New England forecast—Fair tonight and probably Saturday. Moderate westerly winds.

SACKVILLE BLACK ABAZE Bridge Street Property Afire and There Was Some Danger of Lieutenant-Governor Wood's Fine Home Catching

A disastrous fire broke out in Sackville, N. B., this morning at 11.30 o'clock and it is still being fought by the fire department. It is feared that the Music Hall block will be almost destroyed. The flames were first seen in the basement of the property of the Sackville Music Hall Co., a large wooden building in Bridge street, and they seemed to have made considerable headway. Immediately the alarm was given, but the department up to the time of going to the scene, though the firemen had worked with all possible energy and capability. The building composing the block has for years been one of the most prominent in Sackville. Its upper portion has been in use as an entertainment hall, while the floor below was occupied by a chain of offices, including those of the C. P. R., Dominion Express Co., Western Union Telegraph Co., the town officials' suite, F. J. Wilson, brokers, Misses F. and E. Duncan, milliners, and John E. Fillmore & Sons, hardware dealers. Both Mrs. Wilson and the Music

Charles Sweet scalded by boiling pitch. While working on the tug Admiral, owned by D. D. Glasier & Sons, Charles Sweet, foreman caulker, was badly scalded by boiling pitch this morning and will be confined to his house for several days. Mr. Sweet was boiling pitch in the cabin when it caught fire and boiled over his head, falling on his face and hands and neck. Others working on the tug, the fire came to the rescue and put out the fire and after removing some of the pitch with oil, the injured man was able to proceed to his home, 507 Main street, in a car. It is thought that he will not be laid up very long.

Ross fined \$50 and ten days in jail. The case of the King vs. Robert Ross was tried this morning in the county court before Judge Forbes and the following jury, Thos. Goggin, Wm. V. Hatfield, W. L. Day, Wm. B. McDonough, Jas. H. Stephenson, Jas. A. Brown, Chas. Dumont, Wm. A. Thomas, Frank T. Lewis, and R. E. Bates. Evidence was given by several witnesses for the prosecution. Those testifying were Sergeant Kilpatrick, Policeman Bridges, Lieut. and Mrs. Ross, wife of the defendant. The jury after about forty-five minutes of deliberation returned a standing nine for conviction and three for acquittal. After receiving further instructions they retired, and returned a verdict of "guilty."

Frost has gone deep. The extreme and long continued cold which has marked January and February has added to the problems of the city water and sewerage department. Water has been frozen each day and sometimes eight feet. This has necessitated constant watchfulness to prevent the freezing of the mains especially in the stretches at the ends of streets where there is no continued flow. Such places have been watched each day and sometimes twice a day. The fire hydrants also have received constant attention and in addition to the daily inspection extra men were employed at night during the coldest weather to make the rounds and set the flow.

Celebrate the centenary of birth of Sir John A. Macdonald. Ottawa, Feb. 27.—Conservative provincial to organize national and provincial committees to celebrate the 100th anniversary of the birth of Sir John Macdonald, on January 11, 1815; also to erect, in Ottawa, a national memorial to this event and of the semi-centennial of confederation, to be dedicated in 1917.

The steamers. The Tyrolia, of the C. P. R. steamship line, will sail tomorrow afternoon about three o'clock for Avonmouth with general cargo. The Tyrolia has completed her schedule in the Trieste and Naples service, and after unloading at Avonmouth will go to Liverpool to make a trip from that port. R. M. S. P. Limer Chignecto will sail tomorrow for the West Indies with passengers, mail and general cargo. C. P. R. steamer Mount Temple, Captain McNeil, is due to sail from here for London and Antwerp tomorrow afternoon at three o'clock. The Montrose of the C. P. R. steamship line was aboard Sabie Island this morning at seven o'clock and is due to dock at West St. John on Sunday morning. She has eighty-eight third class passengers and a good cargo of general freight. R. M. S. Royal Edward, bound from here for Bristol, was 100 miles east of Sabie Island this morning at one o'clock. Manchester Liner Manchester Shipper, bound for this port, left Halifax last night at 11.30 o'clock and is due here tonight. Furness Liner Rappahannock arrived at Halifax last night at 8.35 o'clock. C. P. R. royal mail steamship Empress of Ireland is due at Halifax tomorrow at noon. Cunard Line steamer Ascania sailed from Southampton for Portland yesterday afternoon at four o'clock.

Death in Carleton. Mrs. Emma Victoria Whitnall, widow of Robert Whitnall, died suddenly yesterday afternoon—a breaking down due to old age—at the home of her son-in-law, W. Spencer, 225 Guilford street, West End. Mrs. Whitnall was an English lady and had been in this country for about six years. She was in her 82nd year and is survived by her son-in-law and two grand children. The funeral will be at two o'clock on Saturday afternoon.

Campaign for 10,000,000 settlers for west. Calgary, Alta., Feb. 27.—Ten million settlers for western Canada, will be the slogan of the Western Canada Colonization and Development League, an organization that will be formed soon and with which all railways and every town and city of the west will be asked to become affiliated.

Suburban Traffic Has Built Up Substantially

Hon. Mr. Emmerson Manages To Get Figures

THE SERVICE TODAY

Combination Freight Only Two Minutes Late But Cars of Goods Left Behind—Much Interest in Public Meeting of Indignant Suburbanites Tonight

Hon. H. R. Emmerson, who is fighting the battle of the suburbanites and the real owners of the Intercolonial Railway, has got some information in reply to his questions in regard to suburban traffic at St. John. E. S. Carter of Fair Vale received from Mr. Emmerson today some information which is very interesting, although not as full as might be desired.

The new Guelph suburban combination is making better time since the freight attachment was reduced to half its former length at a time according to the figures presented in parliament of 224.25 for the cars left behind each day. This morning the train pulled into the depot just two minutes behind time, though it had not made the same number of stops as formerly because suburbanites during the first few days of the new combination had not yet learned the service that they remain in the city over night or came in on No. 9 at 6.10 from Moncton and St. John so that with the reduced freight connection, but those in close touch with the suburban, it is figured that the road and will not promote economy. According to estimates tabled in the House of Commons, the cost of operation on the I. C. R. is about half a cent a ton a mile. There are ninety miles between Moncton and St. John so that with the loss is much greater than Manager Guelph complains of when in St. John talking with suburbanites. Besides popularity counts for something and the I. C. R. is not likely to displace the Guelph suburban service, which is fast losing even this.

Public meeting in ROTHESAY TONIGHT

Great interest is felt in tonight's meeting at Rotherhay to protest against the withdrawal of the suburban service. A large attendance is assured and the views of the patrons of the people's railway will be plainly and vigorously expressed.

Late Cardinal's Valet Arrested. Rome, Feb. 25.—Peppino, valet to the late Cardinal Rampolla, was arrested yesterday in consequence of apparently incalculable statements which he made during a search for the will of the cardinal in Santa Marta Palace.

Insurance Adjustment. The adjustment of the loss in the recent Moncton fire has not yet been completed. C. E. L. Jarvis is working on it here and will probably be busy all day tomorrow. W. L. Patterson returned home yesterday after finishing the adjusting of the claim of E. Patrel whose stock, insured in the Yorkshire, was declared a total loss. He carried \$1,000. The city market building was also a total loss.

Trade Follows Value. Value does not necessarily mean low prices. It may mean superior or unusual service, or high quality of merchandise. It is on this law that the growing demand for advertised articles is based. By experience many people have come to know that an article put out under a definite name and backed up by advertising is, in certain sense, a standard of value. It stands for something definite and tangible. It is to be preferred to an article of "unknown ancestry." This very same law is what is prompting so many national advertisers to use the newspapers in preference to any other medium. They give a better standard of value or, in other words, superior quicker and more definite sales for a given cost than would be possible through other channels. Trade follows value as surely as night follows day. For evidence—watch the ever-growing volume of advertising in this newspaper.

"OBEY" UNWARRANTED IN THE ENGLISH MARRIAGE SERVICE, SAYS BISHP

MARRIED IN SOMMERVILLE. The wedding of Frank P. Sullivan of this city, a member of the staff of the government steamer Lansdowne, took place last Monday in Somerville, Mass. The bride was Miss Grace Carroll of that city. Rev. Father Murphy officiated. After a wedding trip to Montreal Mr. and Mrs. Sullivan will make their home in St. John.

Huerta Puts The Blame On The United States

Responsibility For Death of British Subject

ARMING OF THE REBELS

Mexican Government Says Lifting of Embargo Led to Execution of Benton—Examination of Body Arranged For—United States Will Insist That It Be Given to Widow

(Canadian Press) Mexico City, Feb. 27.—Blame for the killing of William S. Benton, a British subject, was indirectly placed upon the United States late last night, in a memorandum sent by the Mexican government to Washington. Copies also were delivered to the foreign legations here. Hope was expressed in the memorandum, that the United States would recognize the evil following the act of permitting the importation of arms by the rebels and take steps to remedy it. The memorandum continued: "The repeal by the government of the United States, of that decree that prohibited exportation of arms from the United States to the rebels, places the blame in a favorable situation for committing outrages and prevents the constituted government representing as energetically as it would desire, such excesses. "This government, without discussing the right that the United States may have to observe the policy which most interests its relations with Mexico, believes the time has come to remind the government of our neighboring country that the rebels in all the regions which they control, far from attempting the establishment of any institutions that would characterize any governmental functions, are giving palpable signs of anarchistic tendencies and of absolute lack of respect of all interests that moral and international justice impose upon civilized people. "On the other hand, the constituted government is taking measures efficaciously so far as possible, to bring about submission of the rebels and to re-establish social and constitutional order in all towns where it is in power, it is giving full guarantees to the interests both of national and foreigners. From this point of view, it is believed that the government of the United States will not place in doubt, the right that belongs to Mexico to expect its collaboration in a work which it is doing in the interests of civilization and likewise that it will fix its attention on the grave consequences that come from revoking the decree that prohibited, until recently, the exportation of arms. "This government expects to comply with its high duty to humanity and with the functions of a representative state that forms part of international law by soliciting by means of this note recognition by our neighboring country, regarding the consequences of the arming of rebels who do not respect life, honor, or property, has brought and will continue to bring. "Insist that Widow Be Given Body. Washington, D. C., Feb. 27.—The Benton case was again a subject for cabinet council today. President Wilson and Secretary Bryan were able to lay before the cabinet meeting the promise of General Villa that a complete examination of the body of Benton would be permitted by a commission to consist of two American and two British government representatives and a medical examiner. To the two requests that Villa surrender the body of Benton, the Washington government had received no satisfactory reply. That the United States will insist on the delivery of the body to the widow has been clearly emphasized by both the president and Mr. Bryan, though for the present it is believed the opportunity for medical examination will be the most important phase of the investigation. El Paso, Texas, Feb. 27.—Much interest was manifested here today in the mission of Charles Ferever, British consul at Galveston, Texas, who arrived here last night to assist in the investigation of the execution of Benton. George C. Carothers, special agent of the state department at Washington, expected to leave here today for Chihuahua to make arrangements for the examination of Benton's body.

Strong address on Sunday school work. Relation to Community Discussed by Rev. Mr. McCutcheon—Institute Executive on Boys' Conference

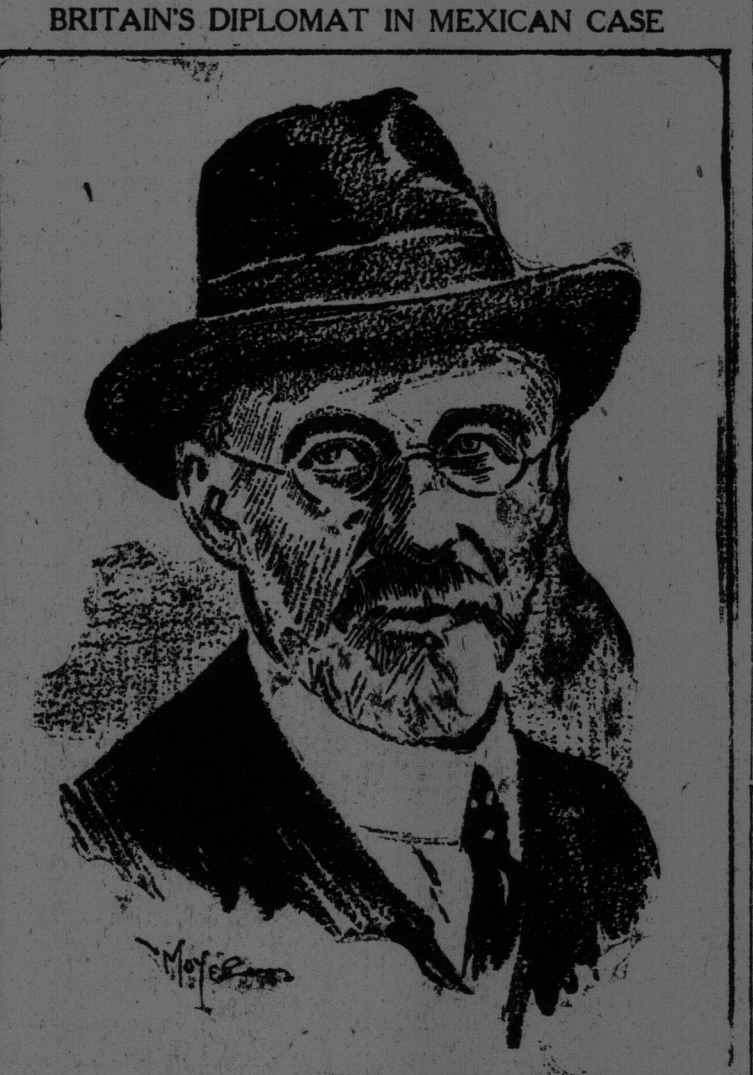

In an address on The Sunday School and the Community before the City Training Institute last evening in St. David's church hall, Rev. M. F. McCutcheon emphasized the point of view that the Sunday school should regard itself as a force to build up the community rather than to build up itself from the community. The fulfillment of this function, the Sunday school should give the conditions of the community to which it ministered, the home life of the children, the child labor conditions of the community, the existing laws against the use and sale of cigarettes, and the measure of their enforcement, the amusements, the public playgrounds and the prevailing moral of the community generally. All this could be done only by a co-operative effort, but such a co-operative effort, by the practical and effective application of the truth which was being taught, and for the intelligent application of the methods of the school to the needs of the community.

Deputy speaker barred from campaign work. Sir Wilfrid Laurier Gives Notice of Motion in Parliament

Ottawa, Feb. 27.—Sir Wilfrid Laurier has given notice of the following resolutions: "That, in the opinion of this house in the discharge of the duties and responsibilities of the deputy speaker towards this house, he is bound by and subject to the same rules as applies to Mr. Speaker and that therefore he is debarred from taking part in electoral contests."

World Tour in Interest of Morals. London, Feb. 27.—Rev. James Marchant, secretary of the National Council for Public Morals, will leave soon on a world tour, going via New York and Canada to the Antipodes. His object is to promote united efforts for raising the moral and physical efficiency of the race.

Alfred Noyes to join Princeton faculty. New York, Feb. 27.—Alfred Noyes, English poet, has been asked to join the faculty of Princeton University and it is understood he will accept. The position it is said is a visiting professorship, with lectures on modern English literature. The series will begin about the middle of next February and will continue from February to June each year for several years.

Sir Cecil Arthur Spring-Rice, British Ambassador to the United States, has had many years' experience at the embassies. He was born on February 27, 1859. He served as secretary in Brussels, Tokio, Berlin and Constantinople, and was first secretary in St. Petersburg. He was minister to Paris, and minister to Sweden, and went to the United States last year. This sketch is a striking likeness of the ambassador.

Leather Label Over-Hauls Can't Rip!

Are big and generous, SITTING ROOM IN EVERY PAIR, have SEVEN POCKETS, deep and wide, buttons that WON'T COME OFF, etc., and are UNION MADE.

EXAMINE LEATHER LABEL COATS note MILITARY COLLAR and GAUNTLET CUFFS

GUARANTEED WHY CERTAINLY!

We will give you a new pair FREE if they rip in the seams within one month (30 days) of purchase, or do not give full value and satisfaction.

A GENUINE LEATHER LABEL is sewed on every garment and stands for all you can ask in HIGH-GRADE, HONESTLY MADE OVER-HAULS.

CORBET'S 194 Union Street

On Irish Stew

Irish Stew.

Put in a stewpan twelve peeled potatoes, sliced the thickness of a penny, four ounces of mutton, sliced the thickness of a penny, and a little salt and pepper to taste. Boil for one hour. Then take four chops of mutton, cut in slices, lay them on the potatoes and mutton, and add a little additional water, onion, etc., as before. In 15 minutes of mutton, add a little more water, and simmer all together gently for two hours.

Mrs. Edwards comes from Ireland—what she doesn't know about Irish stew is worth knowing at all. You can make Irish Stew as well as Mrs. Edwards does, if you follow the simple recipe above. But be sure to use Edwards' Soup—be certain to boil it for half-an-hour. No bother. Come—give them an Irish Stew for dinner today.

EDWARDS' SOUPS

But you MUST boil them for half-an-hour—worth it.

Edwards' Soup is good as a soup by itself, it is good as a strengthening of other soups, good as a thickener of gravies, good for babies, good for invalids, and good as a nutritive tonic. Of all varieties and small tins, etc. See list on page 27.

Three varieties—Brown, Tomato and White.

THE COLORED WIG SAGE TEA DARKENS HAIR TO ANY SHADE

New York Snap at The Latest Fad Don't Stay Gray! Here's an Old-time Recipe That Anybody Can Apply

THE DEMAND SPREADING They Cost All the Way From \$15 to \$100—London Society Women Wearing Them at Country House Parties

(New York Herald) Soon after the news of its appearance in London had been flashed by cable under the sea, the colored wig was accepted by New York Men and women of society and the stage have taken advantage of the bizarre opportunities which it offers, and wig makers and designers of coiffures are busy preparing to meet the demand for brilliant head coverings which promise to be a feature of entertainments during the remainder of the season.

An order for a colored wig for a fancy dress ball Washington, has been given to William Hepper, wigmaker, of this city, and he has between twenty-five and thirty similar orders from men and women of society in New York.

Mrs. Herbert C. Harriman and Alfred C. Bossam appeared at the Society of Beaux Arts Architects in the Hotel on Friday night wearing wigs of a vivid carmine, and everybody admitted that the effect was highly decorative.

Mr. Bossam believes the majority of men will embrace the new departure, and at last to get away from the somber tones that society has hitherto decreed they must wear.

London, Feb. 22.—The "colored wig" of Mrs. George Keppel is still being talked of. Some of the details of the affair have already been cabled. It may be added that only a few of the men wore wigs. These were all white except in the case of Lord Alington, who boldly wore pink. The dinner was a fancy dress affair, which gave an excuse for experimenting with wigs, but the majority of the women were not in fancy dress, but simply in the very latest fashions.

Mrs. George Keppel's wig was of the new hue "Vasco Ross," which is pink tinged with lilac. She wore a dress with white lace paniers and a head-dress of lilac rose and black feather. Lady Penrhyn wore a green-blue wig, a color favored by the possessors of blue eyes. Reports from Paris say that some women have ventured out in the daytime with the new wig, but it is felt here that artificial lights are essential.

London, Feb. 27.—The "colored wig" of Mrs. George Keppel is still being talked of. Some of the details of the affair have already been cabled. It may be added that only a few of the men wore wigs. These were all white except in the case of Lord Alington, who boldly wore pink. The dinner was a fancy dress affair, which gave an excuse for experimenting with wigs, but the majority of the women were not in fancy dress, but simply in the very latest fashions.

London, Feb. 27.—The Daily Chronicle announces that the price of the London Times will be reduced to two cents in a few months' time. Its present price is four cents.

Daily Hints For the Cook

Cranberry Turnovers

Make a rich pie crust, roll out thin, cut in squares or rounds, put about 10 cranberries, 2 teaspoons sugar and a small piece of butter on each, then turn over and press edges together, and gather all at top, and press together. These are deliciously juicy.

Cheese Croquettes

Three tablespoons butter, 1-4 cup flour, 2-8 cup milk, yolks of 2 eggs, 1 cup mild cheese cut in very small cubes, 1-2 cup grated cheese, salt and pepper, few grains cayenne. Make a thick white sauce, using butter, flour and milk; add yolks of eggs without first heating, and stir well mixed; then add grated cheese. As soon as cheese melts remove from fire, fold in cheese cubes and season with salt, pepper and cayenne. Spread in a shallow pan and turn on a board, cut in small squares or strips, dip in crumbs, egg and crumbs again. Fry in deep fat and drain on brown paper. Serve for a cheese course.

DISCARDED NECKLACE FOUND WORTH \$300

Holyoke, Feb. 27.—A necklace which Mrs. Wasiy Burko recently found in the rag room of a paper mill here has been found to contain diamonds worth \$300. Mrs. Burko, who was offered fifteen cents for the necklace by a forewoman, wore it a few days, but then discarded it in favor of a chain and locket costing \$2.00. She gave the necklace to her husband, who made a tour of the stores here to see what he could get for it, when the police heard of the incident and verified the story of its discovery. There is no clew to the identity of the former owner.

THE SECRET OF GOOD DIGESTION In perfect health, with regular and healthful action of the liver and kidneys, you need not know there is such a thing as digestion or indigestion. Unfortunately, however, modern life is artificial, and not many people avoid suffering more or less from troubles of this nature.

The great secret lies in keeping the liver and kidneys in health and vigor, for then the food is passed quickly along the alimentary canal, the nutritive portion being assimilated in the blood stream and the poisoned waste materials are passed out of the body.

When the liver and kidneys get wrong you will obtain relief most promptly and effectively by using Dr. Chase's Kidney-Liver Pills. If chronic indigestion is to be cured it must be by eliminating the action of these filtering and excretory organs. To persons who have thought only of the stomach as being the offending organ, it will be a strange, but any competent physician will tell you this is correct.

PROHIBIT TANGO AND SLIT SKIRTS OBJECT OF MARYLAND BILL

Baltimore, Feb. 27.—A bill prohibiting slit skirts, high-heeled shoes for women and dancing of the Tango, bunny hug, loop the loop or turkey trot, has been introduced in the Maryland legislature by Delegate Francis Snowden.

Violation of any of the provisions of the proposed bill will carry with it a fine of \$5 for the first offence and \$25 or imprisonment, or both for the second.

Some of the provisions are: "Whereas, it is very dangerous and bad for the health of women and children to wear shoes with high heels and, "Whereas, hobble and slit skirts are unbecoming to the modesty of the public and,

"Whereas such dances as the bunny hug, turkey trot, tango and loop the loop are undignified and make against the morals of both men and women and against the peace, dignity and laws of this state,

"Now, therefore be it enacted by the general assembly of Maryland that it shall be unlawful for any woman, girl or child to violate the foregoing provisions."

"HIGH COST" INVESTIGATORS ARE IN WINNEPEG TODAY

Winnipeg, Feb. 27.—The members of the federal commission on the high cost of living in Canada arrived in Winnipeg last night and are sitting today. The intention is to return to Ottawa after the sitting here.

THE SKIN TROUBLES OF CHILDHOOD

School Records Show Much Time Lost From Exercise.

Chafing and skin irritation, whether from changing temperature, rough winds, strong soap or the action of the clothing, naturally develop into eczema, spread over the body and defy ordinary treatments.

Most doctors do not give much attention to skin diseases, and, consequently, it is necessary for parents to select some treatment which has proven a cure for such ailments. If records of cure count for anything, then you can turn to Dr. Chase's Ointment with fullest assurance that in this you will have the means of controlling itching skin diseases.

By affording prompt relief from the terrible itching, Dr. Chase's Ointment puts an end to suffering and removes the cause of scratching. As the fresh eczema die away the ointment sets up the process of healing, and brings about thorough and lasting cure. As a treatment for the skin troubles of children nothing has ever proven so satisfactory as Dr. Chase's Ointment.

THE 2 BARKERS LIMITED. Orders over \$1.00, Delivered in Carleton, Monday, Wednesday & Friday

The Evening Times and Star

ST. JOHN, N. B., FEBRUARY 27, 1914

The St. John Evening Times is printed at 27 and 29 Canterbury Street every evening (Sunday excepted) by the St. John Times Printing and Publishing Co. Ltd., a company incorporated under the Joint Stock Companies Act.

COL. HUGHES IS AFRAID

Prompt vindication came to Hon. Sydney Fisher in the House of Commons yesterday. When Mr. Devlin endeavored to bring before the house the matter of the charge made by the minister of militia against Hon. Mr. Fisher on Monday, the speaker ruled him out of order. Sir Wilfrid Laurier promptly took the floor and challenged the ruling of the chair, and after a period of great excitement the ruling was withdrawn.

ST. JOHN IS INTERESTED

The citizens of St. John should not overlook the fact that the Empire steamships were taken away from St. John this season, and that there is another season coming. In Halifax the board of trade is not only keeping up a vigorous agitation in behalf of that city, but is asking other boards of trade to pass resolutions asking that Halifax be made the only mail port.

CO-OPERATION

The co-operative movement is steadily gaining ground among the orchardists of Nova Scotia. There are over thirty co-operative companies combined in what are called the United Fruit Companies of Nova Scotia, Limited, and the number is increasing. There is also a central board representing all these companies, to look after the marketing of their products and the purchase of such supplies as are got on the co-operative plan.

The world's largest dairy farm is nearing completion at Head Lake, near Winnipeg. When completely stocked the farm will contain 2500 head of cattle and with 1000 of these giving milk will yield annually 3,000,000 gallons of milk and cream.

When through old age the bodily functions become sluggish, Na-Dru-Co Laxatives give gentle, timely and effective aid, without discomfort or distress. 25c. a box at your Druggist's. 173 National Drug and Chemical Co. of Canada, Limited.

addressing the Fruit Growers' Association at its annual meeting said: "Given loyal membership and honest management, there is no limit to the good that can be accomplished by co-operation."

The United Fruit Companies apply the principle of co-operation in purchasing some of their supplies. For example, they have already placed orders for fertilizer for this year to the amount of six thousand tons.

Mr. F. B. Carvell in parliament yesterday brought out some interesting information about the purchase of a site for the experimental farm at Fredericton. The more the methods of the Tories are examined the more clear it is made that Mr. Borden and his friends are more anxious to distribute the spoils than to give the country an honest and economic administration.

The Standard this morning jubilantly says: "Hon. Mr. Hazen slays the member from Carleton county." Now if Mr. Hazen will take the instrument with which he removes the epidemics of his enemies and penetrate with it the hide of one F. P. Guelin, his grateful constituents will rank him with Cambyzes, who slew Sisamnes, slayed him from head to foot, and made his skin a covering for the judgment seat.

The Unionists gained another victory in a by-election in Great Britain yesterday because a labor candidate was also in the field. The Unionist candidate had a majority of only sixteen. Had there been no labor candidate in the field the Liberals would have won by a large majority.

Two boys and two young men, the former charged with stealing and the latter with robbing cottages, were gathered in by the police yesterday. It must strike the average citizen that the number of arrests of comparatively young persons for criminal offenses is growing much too rapidly in St. John.

If the tragedy connected with the fire in the Grand Union Hotel will have the effect of arousing public sentiment in St. John to a point that will ensure the adoption of such building regulations as should be adopted in this city, the inquiry which is to be made will serve a very useful purpose.

The annual report of the public works department of the city shows a year of activity and progress. The department has greatly strengthened its equipment, which was certainly needed, and has done a great deal of necessary work upon the streets.

Antagonistic public officials to the contrary notwithstanding, Believing this we have put in the finest stock of DIAMONDS ever shown in the city.

Our window display shows part of our gem stock. Our last buy gave us better value than we have secured before in years. Kindly Allow Us To Talk Diamonds To You When You Can Spare a Few Minutes.

WHAT'S INDIGESTION? WHO CARES? LISTEN!

"Pape's Diapepin" Makes Sour, Gassy Stomachs Feel Fine at Once

"Time it! In five minutes all stomach distress will go. No indigestion, heartburn, sourness or belching of gas, acid, or eruptions of undigested food, no diarrhoea, bloating, foul breath or headache.

Pape's Diapepin is noted for its speed in regulating upset stomachs. It is the surest, quickest and most certain indigestion remedy in the whole world, and besides it is harmless.

Please, for your sake, get a large fifty-cent case of Pape's Diapepin from any drug store and put your stomach right. Don't keep on being miserable—life is too short—you are not here long, so make your stay agreeable. Eat what you like and digest it; enjoy it, without dread of rebellion in the stomach.

BIRTHDAYS OF NOTABILITIES FRIDAY, FEBRUARY 27 H. V. Meredith, president of the Bank of Montreal, who is sixty-four years of age today, was in his younger days quite a formidable boxer.

LIGHTER VEIN Old Lady—My little boy, have you no better way to spend this beautiful afternoon than by standing about idling away your time?

Little Wanted. Man wanted who can do the following: A walk abroad will quickly show that woman still less.

Penalty of Distinction. "I represent the dignity of labor," said the man in his shirt-sleeves and you can work in your shirt-sleeves and speak your mind and quit work when your regular hours are through.

Good Times Coming. Antagonistic public officials to the contrary notwithstanding, Believing this we have put in the finest stock of DIAMONDS ever shown in the city.

Our window display shows part of our gem stock. Our last buy gave us better value than we have secured before in years. Kindly Allow Us To Talk Diamonds To You When You Can Spare a Few Minutes.

MAWSON NEAR DEATH; TWO COMRADES LOST IN WILDS (Continued from page 1) "Although our stay was prolonged," said Doctor Mawson, "we had a very trying time at Adelaidland. There is no place in the world with a climate as bad, yet not even the terrific storms which occurred, stopped our scientific study.

Asked for particulars of his achievements when after the death of Ninnis and Mertz, he traveled for many lonely and hungry weeks, Mawson replied: "I would rather not say too much about that. I was for thirty days absolutely alone and had a most marvelous escape. In the end I was reduced to the last stages of starvation and was tramping along through deep snow, when I noticed something black in the front of me. It was a bit of food that had been dropped by the search party to ascertain my whereabouts.

F. B. CARVELL TELLS OF TORY DEALS IN N. B.

Says Three Times Value Paid For Experimental Farm and A. D. Thomas Got \$10,000—Reports Demand of \$10,000 Grant

Ottawa, Feb. 26.—The remarkable methods followed by the government in connection with the establishment of the New Brunswick experimental farm were reviewed in the house today by F. B. Carvell, of Carleton, who showed that an unsuitable property had been purchased at Fredericton for some \$18,000, and that A. D. Thomas, a partisan supporter of the government, had been paid a commission of no less than \$1,000 for engineering the transfer of the land.

In discussing the matter, Mr. Carvell declared that the farm purchased was not very much better than a sand heap, for which it was supposed to be purchased. While the minister of agriculture had stated that an official of his department had reported favorably upon the property, Mr. Carvell declared that it was understood that the same official had reported more favorably in regard to other pieces of New Brunswick property.

As for the Fredericton ground, Mr. Carvell said, the government had paid at least three or four times what it was really worth.

As for the payment made to Mr. Thomas, Mr. Carvell described it as an outrage, that "the country has to pay a party hater \$10,000 in connection with this matter."

Mr. Thomas, he said, was a faithful and energetic Tory worker but that the interests of party friends and party exigencies were not things to be considered in dealing with the country's business.

Serious Charges.

Dealing with the matter of New Brunswick property suitable for the experimental farm, Mr. Carvell declared that the Charles Smith farm near Woodstock would have been admirably adapted for this purpose and had been inspected by officers of the department. For this property Mr. Smith had wanted \$20,000 but the offer made to the department was \$80,000.

"The difficulty was," said Mr. Carvell, "in touching upon this point, 'that another gentleman, this time the postmaster at Woodstock, Mr. J. N. W. Winstow, was in this case and, as he stated, Mr. B. F. Smith, my opponent in the last election, had offered \$10,000 as a take-off. Therefore if the farmer wanted to sell his farm he would have to put the farm at \$80,000 so that the politician could get \$10,000 as a take-off, he himself would get \$20,000 for his farm."

Mr. Carvell also drew attention to the fact that as matters are now the government has an experimental farm at Fredericton while part of its grant to New Brunswick for agricultural education goes toward the maintenance of an agricultural branch of the provincial government's vocational school at Woodstock. At the school there is no agricultural farm of any kind, so that while agriculture is supposed to be taught there it is done at a distance of sixty miles from the farm.

Hon. Mr. Burrell, for the government, defended the Fredericton purchase on the ground that the property was suitable and the price reasonable. As for Mr. Thomas, Mr. Burrell said that his work had been attended by considerable difficulty.

Hon. Mr. Hazen denied that he had influenced the agricultural department in Fredericton purchase and devoted much of his speech to a defence of Mr. Thomas and to replying to an imaginary attack by Mr. Carvell upon the Orange order.

THE LABOR PLATFORM

James I. Sugrue, of this city, has been chosen by the Trades and Labor Congress of Canada as their representative at Fredericton to watch legislation in the interest of the workers.

The Trades and Labor Council met last evening and drew up a platform for their candidate in the coming elections, as follows:

\$2 poll tax on all incomes up to \$1,000; thorough revision of present taxation system; eight hour day for all municipal employees; establishment of incinerator and municipal collection of garbage.

Dwelling houses to be erected by municipality; election of all public bodies; all municipal franchises to be owned and operated in the interests of the people.

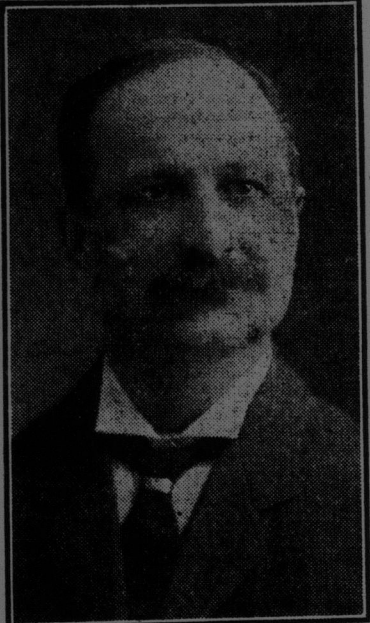

A WONDERFUL OURE OF BURDOCK BLOOD BITTERS.

Mr. A. W. Dryden, Amherst, N.S., writes—"I am going to tell you what Burdock Blood Bitters has done for me. My son 'Vance,' when only nine months old, got an abscess on his cheek bone. I took him to a doctor in St. John, N.B. He lanced it, and told me it would get well in a few days, and wanted me to keep it squeezed out. It did not seem to get any better, so my wife took him back. The doctor told her to take him home and it would soon get better. It would gather and break, and it went on that way until he was over four years old.

"He lost four pieces of bone out of where it was lanced, and two pieces came from his mouth; he has lost all of his cheek bone, and his eye was drawn down. I took him to a doctor in St. John, N.B. and Amherst, and all wanted me to let him go under an operation. He was so small I told them that if he was going to die he might as well die as he was to go there and be all cut to pieces, so I declined to have the operation done. I told them I was going to try Burdock Blood Bitters, as I had heard my mother talk so much about it. I got a bottle, and when it was about half gone noticed that it was doing good, and before many days the sore stopped running, and healed up, and the abscess has never broken out again. This happened nearly six years ago, and you can see I have great faith in Burdock Blood Bitters, and I can say with all my heart that it is the best blood medicine in the world."

WATERBURY & RISING GIVE ANNUAL DINNER TO THEIR EMPLOYEES

The annual dinner given by Waterbury & Rising, Limited, to the members of their staff was held last evening in Bond's restaurant.

E. L. RISING

The chair was occupied by Mr. Rising while the vice chair was occupied by C. H. Sims, manager of the Union street store. In 1913, when the business of Waterbury & Rising was brought into existence, an errand boy was necessary and the position was given to Mr. Sims. Thirty-six years he has labored in the same store, gradually forging his way upward until now he is a member of the company.

For thirteen years the firm has been presenting gold watches and chains to employees who have served with it for twenty-five years and over and to date five such presentations have taken place.

After the King had been honored, James C. Fotherston presented the health of the president and general manager, and Mr. Rising gracefully responded. A program of musical merit was then rendered, those participating being: Selection—Orchestra.

Solo—E. C. Given. Reading—Miss Jean Walsh. Solo—A. F. Shilwell. Reading—Willie O'Connor. Solo—Miss Gladys Fowler. Solo—Ronald Edwards. Stop dance—Joseph O'Brien. Selection—Orchestra.

Adjournment was then made to the upper room, where for a couple of hours dancing was indulged in. Towards midnight the gathering dispersed with ringing cheers for the firm.

MR. BURDITT'S LECTURE ON HOUSING PROBLEM

W. F. Burditt, president of the Natural History Society, gave an address of lectures on Our Housing Problem in the museum yesterday afternoon. This, the second lecture in the free course in connection with the ladies' association, was a fitting course to a highly instructive as well as interesting lecture.

In conclusion, the lecturer gave the following suggestions as to the phases of the social question. First, a thorough and systematic survey to ascertain the facts; second, the enactment of a housing code and effective building regulations with authority for enforcement; third, adequate appropriation for inspection and enforcement of the law; fourth, the formation of a partnership or other form of building company, to engage in the building of suitable workmen's homes at the lowest possible cost on the basis of a net return to capital not exceeding six per cent.

At the close of the lecture Mrs. G. F. Matthews tendered Mr. Burditt a hearty vote of thanks on behalf of those present.

THE LEGISLATURE OPENING

Fredericton, Feb. 26.—The address in reply to the speech from the throne today was made by P. A. Guthrie, seconded by R. W. Grimmer. Both were congratulated by Premier Fleming upon the able delivery of their maiden speech. The premier spoke of certain changes which have taken place in administration since parliament had progressed, referring to the loss sustained in the elevation of Hon. Mr. Grimmer to the bench, and the election of Hon. Mr. McLeod to Ottawa. He spoke of the appointment of Hon. Dr. Clark as attorney-general, and Hon. Mr. Murray as minister of agriculture.

The address was adopted without division. Mr. Speaker named Mr. Guthrie, Mr. Grimmer and Hon. Mr. Wilson as the committee to present the address to the lieutenant-governor.

Hon. Mr. Fleming submitted a copy of the agreement with J. Douglas Hall, for reporting the debates of the legislative assembly. The agreement was concurred in by the house, and the official reporter was assigned a seat on the floor of the house.

Mr. Fleming moved that the committee to nominate standing committees consist of Hon. Messrs. Fleming, Clarke and Landry and Messrs. Stewart (Gloucester), and Dugal.

Hon. Mr. Morris submitted the 59th annual report of the department of public works. The house adjourned at 5:30 o'clock.

CITIZENS OF EMPIRE

Bill Soon to be Introduced in British Commons

London, Feb. 27.—It is understood that a bill to promote the uniformity of the law throughout the empire has been drafted, and will soon be introduced into the House of Commons. The main principle is that a citizen naturalized in one part of the empire shall enjoy the same status in the other parts. The ministers, it is understood will do their best to pass the bill this session, so as to coincide with the centennial celebration in Canada, and the other dominions.

NEW INDUSTRY PROMISED IF THE CITY WILL HELP

Proposal to Common Council—Mr. Cutelius and Lower Cove Wharves—Grant For Housing Survey—The McAvity Assessment

The weekly meeting of the common council was held yesterday afternoon when a large amount of business was dealt with.

A request from several insurance companies for exemption from taxation on the grounds that they were not doing business in the city was referred to the mayor.

A grant of \$300 towards the cost of the Board of Trade housing survey was authorized.

A request for a contribution towards the Carleton Memorial at Montreal was referred to the mayor.

The tender of Barnes & Company for printing copies of the city directory on condition that the approach to the hill be widened.

A further recommendation of the commissioner of public works it was decided to issue general leases to Richard J. and John H. Magee at a 20 per cent increase of rental of lot No. 982, Mecklenburg street.

On the same commissioner's motion it was decided to renew lease of lot No. 4, Black D., Lanester, to Mrs. Mary Brennan at an annual rental of \$24.

Permission was granted Waterbury & Rising, Ltd., on Commissioner Agor's motion, to erect an electric sign in front of their King street store, the usual legal agreement to be first entered into.

Commissioner Agor further recommended an increase in the salary of the transit man engaged in the Pioneer street survey from \$80 to \$90 monthly; also that of the draftsman employed on the same work from \$50 to \$55 monthly.

A further recommendation of the commissioner of public works it was decided to purchase from the Pioneer street survey from appropriation of a capacity of three and a quarter to four tons per hour at \$1,100 f.o.b., estimated price \$1,000, to be paid for out of appropriation.

The commissioner of public works was authorized to call for proposals for asphalt tar, etc., and for hay, oats, etc., for the use of his department, to be paid for from appropriation.

Concerning Commissioner Agor's motion a letter was received from B. L. Ewing, of the Victoria, B.C., who opposed to the bill. The letter stated that a petition against the bill for the proposed extension of the Intercolonial Railway had been signed by several citizens and asked the council to appoint an early date for hearing the views of the signatories to the petition.

The communication was, on Commissioner Wignome's motion, received. The mayor suggested that Monday would be a suitable day on which to hear the views of the signatories to the petition.

The letter from the provincial government regarding its position in the matter of the extension of the Intercolonial Railway was published some days before but had not been officially brought before the council yesterday. More specific charges against the chief were asked for in the communication.

Commissioner McLellan said he would prepare for Monday's meeting of council a resolution embodying such charges.

A communication from the Social Service Council of Canada was presented, in which delegates from St. John were invited to attend the first Canadian national service congress to be held in Ottawa from March 8 to 9 and 10, the supplies of the Social Service Council.

This was referred to the commissioner of public affairs.

A communication inviting the city of St. John to exhibit plans of the harbor development, etc., at an exhibition to be held in London next fall, was referred to the commissioner of harbors, ferries and public lands.

Regarding the development of harbor facilities near Peel's Point as proposed and advocated by the mayor a letter was received from Hon. J. D. Hazen with enclosure of a communication from P. E. Cutelius, general manager of the government railways. The letter contained the following paragraph which was the substance of his view after investigation of the matter which had been referred to him by the government.

"Even if the city contributes its property for this scheme, the construction work would involve a large amount of money. I am afraid it is too large an amount for me even to suggest to Mr. Cochrane this year. There is no harm, however, in getting the details into shape, which is now being done."

Mayor Frink said that when Mr. Cutelius, general manager of the government railways, in the city he had expressed himself as favoring the project which seemed to him to be a practical one, if the means of carrying it out could be found.

A tender from the Dominion Concrete Company, Ltd., of Kempsville (Ont.), for the supply of piping for the water and sewerage department at \$747.50 was accepted, being the only tender.

On the commissioner's recommendation it was decided to buy 100 yards of 28-ounce serge at \$2.20 for the police, from M. R. A. Ltd., and 140 yards of 28-ounce serge at the same price.

Are you using WINDSOR Table Salt? It's the best the Grocer has . . .

Suffered Intense Agony With His Back. Kidneys Were The Cause.

Weak back is caused by weak kidneys, and on the first approach or evidence of kidney trouble Doan's Kidney Pills should be used, and serious trouble avoided.

Doan's Kidney Pills go right to the seat of the trouble, cure the weak aching back, and prevent any further complications arising.

Mr. John Briggs, Whitewood, Sask., writes—"I am sending you this testimonial out of pure gratitude, as I am not a believer in patent medicines, but I got so run down, that I became quite willing to give anything a trial. I paid a visit to my local druggist, and told him I was suffering intense agony with my back. He told me I had kidney trouble, and advised me to buy Doan's Kidney Pills, saying it was the best thing he could possibly give me. I bought a box, and I would not be without a box any more. I certainly owe my present condition to Doan's Kidney Pills.

Doan's Kidney Pills are 50 cents per box, or 3 boxes for \$1.25, at all dealers, or mailed direct on receipt of price by The M. J. M. Co., Toronto, Ont.

When ordering direct specify "Doan's."

20-ounce serge at the same price for the firemen from Macaulay Bros. & Co.

On Commissioner McLellan's motion it was decided to increase the monthly salary of the city hall janitor from \$55 to \$60.

Discussion of a roughly drafted agreement for the city and T. McAvity & Sons, Ltd., relative to fixing a certain amount of the proposed plant by the Marsh road, was next in order. No action was taken in this, but it was decided to discuss the matter further with the recorder on Saturday in the presence of William A. Ewing, K. C., who is acting in behalf of the company.

Mr. Ewing was present for a short time yesterday afternoon. He explained that the company wished to be taxed at the rate of \$500 a year on its property in Victoria ward until the sum of \$1,000 should be expended on the plant, this amount to be spent before the expiration of two years. After that the agreement of the assessment for all manufacturing plants in the city belonging to the company be taxed at a fixed rate of \$200 for a period of five years. Warehouses, however, it was implied, would be assessed in the ordinary way.

Commissioner Wignome argued that the amount of \$2,000 assessment be made applicable to the Victoria ward, and that the company be assessed as soon as possible. The commissioner pointed out that the agreement as it now stood would leave a loophole for the extension of franchise in that direction. He said he had some time ago written on behalf of the railway works asking that Messrs. McAvity's engineer be given an opportunity for conferring with the railway engineer handling the matter, and saying that so far as the company was concerned any late would be provided if the matter was fixed for a year as possible. Mr. Ewing said that not only was there a total lack of information about the plans of the Intercolonial Railway in the matter, but he could not even get an answer to his letter from Mr. Cutelius.

TO BE MARRIED IN WEST. Miss Pearl Ruth Lang, daughter of Rev. David Lang and Mrs. Lang, of Vancouver, formerly of St. John, is to be married to G. Roy Lang, a Vancouver barrister, on March 4. The groom came from Tyne Valley, P. E. I.

Thinness Easily Overcome. (From "Health and Beauty")

Further evidence is being presented almost daily that a recent compound of new chemical elements combined in a way with hypophosphites is in reality proving a blessing to the abnormally constituted beyond doubt that a regular course of three or four months' treatment brings an increase in weight from 10 to 30 pounds, with a decided improvement of health and color, too.

For self administration the most popular form is to be found in three grain hypo-nucleic tablets, obtainable in sealed packages, from the best apothecary shops, with full directions.

REPORT OF CIVIC DEPARTMENT OF PUBLIC WORKS

Commissioner Agor Tells of Work Accomplished Last Year—Details Paving Plan and New Law—Cost of Paving Plant

Commissioner Agor's report of the year 1913 was presented at the meeting of common council yesterday afternoon and considered as a motion being made on the report of the year of Doan's Kidney Pills, saying it was the best thing he could possibly give me. I bought a box, and I would not be without a box any more. I certainly owe my present condition to Doan's Kidney Pills.

The yearly appropriations for the repairing of streets have been expended, and I believe, with good results to the different localities that we have been able to devote our energies to.

"There are several miles of streets in the city where traffic has grown very materially during the last ten or fifteen years; the number of vehicles has increased and the tonnage carried today is of immense proportions compared with what it was some few years ago. Street cleaning and the repair of streets is very great and the difficulty in keeping them in shape has correspondingly increased. I feel, however, that the system by our citizens, when the announcement was made that those being benefited would be expected to contribute, has been a decided success. The citizens at large should be proud of the improvement, claiming that the system always been kept up.

The System Widely in Force. The council deeming it only a matter of time and education, determined to stand by the system proposed, and to have it practically known on the whole continent of America. After a brief interval and on the second day several of the people owning properties on some of the streets involved petitioned under the act to have the system laid; and I am glad to say that large sections of eight streets were paved either with granite or asphaltic top surface on a concrete base, excepting one street, a side hill, which was paved with the so-called 'Red Ball' concrete, which reflects the highest credit on the officials of the department and the contractors, and I have every reason to believe that the citizens have got full value for their money."

The report then deals with track section work, much of this having been accomplished during the year and some streets having been repaved from rutting to gutter. The work was carefully supervised and carried out in a manner that should make it very satisfactory.

Four large tanks of asphaltic oil were spread on the streets. This act not only as a dust layer but is also an excellent binder and highly beneficial.

The great improvement in the condition of Haymarket square, the report touched upon, after which the report deals with the numerous additions and improvements in the street and alibi city's property adjoining the I. C. R. tracks. The necessity for a shed for the whole plant is pointed out, and the improvements already made and proposed are then dealt with, and the importance of paving and laying out new streets is urged.

Street railway extensions are mentioned and the acquisition of a motor truck by the department mentioned.

Street excavating work, upkeep of squares, playgrounds and quarts occupied survey closes that part of the report not dealing with figures.

The road engineer's summary attached to the report shows 8.3 miles to have been treated with heavy asphaltic oil and sand at a total cost of \$4,224.60, being an average cost of eight cents a square yard. With calcium chloride 1.84 miles were treated at a cost of \$306.83, or an average slightly less than one cent per square yard.

\$18,723.43 was spent on asphaltting streets and sidewalks, 21,876 square yards being laid at an average cost of 81 cents per square yard.

A table showing the value of existing pavements to total \$230,041, as compared with an original cost of \$291,738, has already been published.

Machines. The following table shows the cost of different machines bought during the year for the department:

Table with 2 columns: Machine Name, Cost. Includes Mixer (\$2,000.00), Sweeper and broom (\$207.00), Concrete tools (\$1,400.00), Motor roller (\$147.15), Drill and drill steel (\$168.00), Roller (\$2,000.00), Sand sprayer (\$350.00), Oil sprayer (\$1,000.00), Hand drill (\$225.00), Zaprill (\$220.00), Motor truck (\$4,832.50), Expenditure on Asphalt Plant (\$1,311.41), Building (\$80.00), Carriage-Patterson, asphalt tools (\$350.00), Boiler and engine (\$350.00), Pulley, belting and hangers (\$131.23)

Queen Will Be Grand. London, Feb. 26.—Queen Mary has constituted herself censor of all the books Princess Mary reads. This duty was hitherto performed by one of the royal chaplains, Rev. Percy Edwards, who allowed a certain work on Socialism and marriage to slip past him in the princess' monthly list of books from the library.

When the queen saw the book she returned it to the library.

Dr. Morse's Indian Root Pills

are just the right medicine for the children. When they are constipated—when their kidneys are out of order—when over-indulgence in some favorite food gives them indigestion—Dr. Morse's Indian Root Pills will quickly and surely put them right. Purely vegetable, they neither sicken, weaken or grip, like larva purgatives. Guard your children's health by always keeping a box of Dr. Morse's Indian Root Pills in the house. They'll keep the children well!

LOCAL NEWS

IN NEW PASTORATE

Rev. C. Stirling, recently of McAdam Junction, has become pastor of the First Calais Baptist church of Milltown, Me.

SCHOOL THEFTS

In addition to theft reported from Winter street school yesterday, in connection with which two lads have been arrested, it was said today that there had been more pilfering from another city school. The principal of the school in question said this morning that there had been no robbery reported to him.

CAUSED A SPILL

A sled owned by a junk dealer and heavily loaded with bottles and bags of other junk, slewed too much on Main street this morning and two barrels filled with the dealer's purchases were strewn across the car tracks. He had a busy time collecting them and replacing them on his sled, but delayed the street car traffic for only a few minutes.

DIED IN BANGOR

Bangor Commercial—The friends of Richard A. Butler will regret to learn of his death which occurred on Thursday morning. He was a well-known insurance man. Besides his wife and two children, he leaves three sisters—Mrs. Jeremiah Mahoney, of Bangor; Sarah J. and Nellie C. Butler, of Bangor; three brothers—Timothy, of Bangor; John S. of Ennisville, N. B., and Michael, of Kingsport.

SAYS HE STOPPED RUNAWAY

With reference to the runaway and capture of George Beamish's horse in Erin street on Tuesday Frank Marney, driver of the cart and mail collection team, makes the statement that the horse was caught by him. He says that he was driving down Erin street when he met the runaway and stopped it. After he had quieted the animal another man, who afterwards was said to have stopped it and received \$2 for his trouble, drove up in a sleigh and took possession of the horse.

IMMIGRATION PROJECT

Arrangements may be made by which immigrants to New Brunswick may receive a stimulus through the efforts of a Montreal immigration agency. Jules Home of the firm of Home & Rivet, Montreal, arrived in the city yesterday and has been in conference with James Gilchrist, provincial superintendent of immigration. Mr. Gilchrist said this morning that they had a discussion regarding immigration to this province and Mr. Home submitted a proposition but he could not reveal the nature of the proposal until they had been submitted to the provincial government.

BUSINESS MEN SAY

GUTELIUS DID MAKE STATEMENT NOW DENIED

Told Them in St. John That I. C. R. Was Losing About \$25,000 a Year on This Division

The following is an extract from the parliamentary report in this morning's paper: "The minister of railways told Hon. H. R. Emmerson that Mr. Gutelius had not stated that the I. C. R. division between St. John and Halifax was losing \$25,000 a year; and that the statement was not true."

That Mr. Gutelius did make such a statement is positively asserted by St. John business men who attended a meeting with the general manager of the I. C. R. in the board of trade rooms in this city on Saturday, February 7. The following is an extract from the Evening Times' report of that meeting and its correctness is vouched for by business men who were present.

Mr. Gutelius—"We are apart only on two matters, the noon train and the night train. I do not want to work a hardship and all I want to know is what is the unusual need for these trains which are not customary on other roads. This district, Number 3, is losing on the passenger business about \$25,000 a year, a larger proportionate loss than on any other."

Harry Gilbert—"What is included in District No. 3?"

Mr. Gutelius—"St. John to Halifax. Every night train between St. John and Halifax costs us \$3 for every \$2 we collect. The paying account is between Moncton and Montreal."

SUSPECT BOYS OF

THEFT FROM SCHOOL

Robert Cobham and Theodore Amberg, each about fourteen years old, were arrested yesterday afternoon by Detective Lucas and Policeman Pitt, and were brought before Magistrate Ritchie in the juvenile court this morning, charged with stealing a fountain pen and a pair of spectacles. Both boys pleaded not guilty, and said they were not at the school at the time the theft took place, at noon yesterday. The case was adjourned until this afternoon.

Both boys have been arrested before. The father of the Cobham boy was in court this morning. The magistrate asked if he were working. Mr. Cobham replied that he was employed at the sugar refinery. He also said that his son was working with Thomas Dean. The magistrate told Mr. Cobham that if he were working he ought to be able to support his family and should keep his son at school, as he was too young to be at work. Mr. Cobham said that he had a family of seven children to support.

SALVATION ARMY MEMBERS

FINED IN MILLTOWN FOR SINGING IN THE STREETS

St. Croix Couriers—A branch of the Salvation Army struck Milltown on Sunday evening, and the town marshal, not appreciating their singing, notified them to appear before the police magistrate next morning. This official, not being of a musical turn, fined them \$2 each.

FINED, WITH OPTION OF JAIL, SEES CHANGE; WALKS OUT OF COURT

Ledain Quietly Gets Away While Magistrate and Sergeant Confer Over Other Cases

The police were searching this morning for Thomas Ledain, arrested last night on a charge of drunkenness. He was fined \$8 for two months in jail in the police court.

There were several cases to come before the court and as soon as Ledain was disposed of, the court sergeant drew the attention of the magistrate to some other matters and while the two were in conversation Ledain, who was standing with his coat on and his hat in his hand instead of going back to the prisoner's bench, walked quietly round the table and went out through the main entrance of the court, down stairs and out to the street.

The court room was filled with spectators and when the man was not noticed by any of the officials, the sound made as he was walking out was not paid attention to as several people were coming in or going out during the court proceedings. The police are now looking for the ex-prisoner.

James Lockhart, aged twenty-one, and Arthur Doyle, aged twenty, were arrested yesterday afternoon in Millidgeville on suspicion of breaking and entering four summer cottages, owned by Mrs. A. W. MacDuff, James Purdy, F. E. Williams and the Young Millionaires. The cottages were ransacked and articles valued at about \$100 taken. Some of the things said to have been taken were found. Sergeant Kilpatrick with two men in custody in a barn to which the police were directed by a resident of the locality. Doyle has been out on suspended sentence from Judge Forbes.

The prisoners were brought before Magistrate Ritchie this morning and were remanded until this afternoon.

PROVINCIAL HOSPITAL

PATIENTS NEARLY 600 IN THE LAST YEAR

Steady Increase is Shown by Doctor Anglin's Report—Expenditure Within Appropriation

The annual report of Dr. J. V. Anglin, medical superintendent of the Provincial Hospital, Lunenburg, shows that at the beginning of its last year ended Oct. 31, there were 688 patients in the institution. It was permitted, fifty died, and ninety-seven left the hospital, and the year ended with exactly 600 patients in residence, of whom 184 are at the annex.

The daily average number in the institution during the year was 491, or twenty-nine more than in the previous year, and fifty-five more than five years ago. It is worth noting that the number of patients is steadily increasing. More patients entered last year than any previous year, and the number was 174, and the highest previous figure was 164. Of those received last year, eighty-two were men and ninety-two were women. There has been a net increase of forty-seven patients in the number present in the last two years. The per capita cost calculated on the daily average of patients shows a reduction. The following table is interesting, as it shows a steady decrease since 1910:

1910.....	\$156.90
1911.....	154.83
1912.....	151.80
1913.....	147.20

The expenditure for the year for maintenance and ordinary repairs amounted to \$86,994.77, falling within the appropriation of last session. The following are some of the items:

Salary and Wages.....	\$28,184.02
Food purchased.....	28,564.05
Heat, light, power and water.....	12,418.63
Clothing.....	6,088.91
Furnishings.....	3,763.76
Farm cultivation.....	2,760.96
Drugs, etc.....	1,248.93

With a daily average of thirty more patients, the cost last year was only \$1,762 greater than in the previous year. There was raised on the farm material which, if purchased, would have cost more than \$2,000. The superintendent estimates that, despite every effort to keep down expenses, an additional \$2,000 over last year's grant will be required this year.

C. N. R. TO GET INTO CALGARY ON MARCH 23

Operating Trains to Be Begun on That Date—Fine Station Ready

Advice has been received from the Canadian Northern Railway that, commencing on March 23, that company will operate trains into Calgary, Alta. A first class station has just been completed at that point and although only of temporary construction, the interior is very handsomely finished in hard wood and furnished throughout in first class style. There was raised on the farm material Canadian Northern construction has also been completed. Hot and cold rooms for the storing of perishable freight are a feature of these sheds.

AMANDA MAY, PARTNER OF NEAL DOW, DEAD

Los Angeles, Cal., Feb. 27.—Miss Amanda May, eighty-six, a partner of Neal Dow in the campaign which made Maine a "dry" state, is dead at her home in Whittier.

After leaving Maine, Miss May participated in temperance campaigns in many other states. She, with Col. John Sobieski, organized the first Good Templar lodge in California. She was a minister in the Friends church for many years.

LENT AND BRIDGE WHIST

Frederick Gleason—At the evening service at Church Cathedral last evening His Lordship Bishop Richardson, in speaking on the Lenten season, said that the laics should and ought to refrain from attending bridge parties, dances, etc., during this holy season.

For It's Always Fair Weather When Good Fellows Get Together

And the best dressed men in the bunch are wearing OUR CLOTHES. What we are is known, but to our friends—what we look like is common knowledge to all. So that after all there is a virtue in dressing well—it is an asset in business. Take advantage of these
