THEODORE PURDY INSTANTLY KILLED BY MONTREAL EXPRESS

Hampton Man Employed at Westfield Was Struck by the Train When Crossing the Tracks This Forenoon — An Inquest Will be Held.

A fatal accident occurred at Westfield this forenoon at 10.30 o'clock, when Theodore Purdy, of Hampton, met his death by being struck by the Atlantic express bound for this city.

Conductor John Wade, who was in charge of the train was seen by a Star reporter, as soon as he arrived in the city. He said that Mr. Purdy had met his death in a purely accidental manner.

The accident set a gloom over the passengers of the train, and one gentleman who arrived from Fredericton said that a number of women and children who were on the train nearly went frantic when told of the occurrence.

The passengers knew that the train had collided with something, as a severe jolt was felt, as the sloven which Mr. Purdy was driving was a very heavily built vehicle.

It is declared to be neither lighter nor heavier than the air, and its last is replaced by a piece of intricate mechanism, the secret of which M. Boudry refused to divulge except to the French Minister of War, before whom it has already been shown.

THE AUSTIN HAD A HARD TIME GETTING OUT

The big Eastern Liner Calvin Austin, Capt. Pike, had some difficulty in getting turned in the harbor this morning. A strong southeast wind was blowing up the harbor and it was found necessary to engage the tug Drigo to swing the Austin's bow round when the lines were let go from the pier.

WEDDED IN THE WEST.

A quiet but pretty wedding took place on Monday, the 17th inst., at the residence of the bride's father, Atherton's Corner, B. C., when Miss Marie Elizabeth, only daughter of James Balfie, formerly of Hamilton, Ont., was united in marriage to George Nelson Cochran, contractor of that town.

SHOT A MOOSE WITH TWO SETS OF ANTILERS

SIX MEN SAVED BY THE ALHOA

NEW HAVEN, Conn., Oct. 9.—Six shipwrecked sailors were landed here today by the Alhoa, an auxiliary yacht owned by A. Curtis James, of New York. The craft from which they were taken was towed in by the yacht and lies on her beam ends behind the breakwater. She is the Oceanic, a two-masted British schooner, hailing from New York City, the Oceanic was coming down the Sound when about 8 o'clock Saturday night a squall struck her. She refused to obey her helm and she shifted, carrying her over. Her crew, except one man who was asleep in the forecabin, had barely time to get to a precarious place on her slanting side. The sleeper managed to scramble out with help from the other crew members, and although scantily clad, joined them on their cold perch. The vessel broke over the men. Toward morning the waves became smaller.

MEN BELIEVED LOST HAVE TURNED UP SAFE

CREWS OF TWO BARGES WRECKED ON THE LAKES MANAGED TO REACH LAND.

DETROIT, Oct. 10.—A Detroit News special from Houghton, Mich., says: The 14 people comprising the crew of the barge Wayne and Foster which were reported missing in Monday night's storm were found alive and safe yesterday all having survived the stranding of the two vessels on the shore of Mystery Bay.

SEVEN INJURED IN A UNION PACIFIC WRECK

TOPEKA, Kas., Oct. 10.—Seven persons were injured seriously and many more slightly in the wreck which occurred last night two miles east of Walkers on the Union Pacific Railway. Four cars on the Overland west-bound were thrown from the track by a broken rail and the wreckage is strewn over a distance of a quarter of a mile. The train was late and was running at high speed. The engine, tender, baggage and mail cars together with the smoker did not leave the track. Most of the injured are residents of this state.

WEATHER RAIN.

A Freak Killed by S. A. Caruthers, of Pennsylvania—Other Curios Sent to the City to be Dressed—A Squash That Looks Like a Bird.

A representative of the Star paid an interesting visit to the store of G. S. Sinsbald, the taxidermist, at 57 King Square, this morning, and saw headings some fine moose, deer and caribou heads a couple of rare curiosities. One is a Sumbury county freak squash that greatly resembles a bird. The stalk looks like a bill, while the rest of the vegetable is very much like the body of a large bird. A local grower had had legs, eyes, wings and topknot placed on the squash and it is attracting a great deal of attention.

Another curio is a magnificent moose head, and the first of its kind ever seen by the taxidermist. The head carries three distinct antlers, with 13 points on them, and on the left side of the head is a fourth antler broken off. The two largest antlers have grown down over the eyes and Mr. Sinsbald says that had the animal lived another year the horns would have undoubtedly caused blindness. This moose was captured a few days ago by S. A. Caruthers of Taylortown, Pa., in the Canadian woods back of Chipman.

MR. CARUTHERS ALSO SHOT A HANDSOME CARIBOU WITH A BEAUTIFUL HEAD.

Another pretty head is that of a deer captured a few days ago in the New Brunswick woods. It has a fine moose head, which he recently got about 12 miles back of Tracy's Station. The spread is 48 inches. A large moose head arrived this morning for Mr. Sinsbald to mount. It is the property of E. L. Bragg of Boston. It has a spread of 52 inches, with 23 points.

RUMORS ABOUT CONTROL OF LA PRESSE

A special despatch from Montreal to the Toronto Globe says: La Nationaliste, the Sunday newspaper that first announced the sale of La Presse to the Mackenzie-Mann-Russell-Graham-Blair syndicate, says today that the same paper has come back again to the control of its former owner, Hon. T. Berthiaume. It may be recalled that just prior to the last general election Mr. Berthiaume sold La Presse to the syndicate, to be used to secure the defeat of the government, and that the paper afterwards came under the more restricted control of Mackenzie-Mann. There has been for some months a feeling in Montreal that a struggle was on between Liberal interests and Conservative interests to get control of La Presse, and now La Nationaliste says that the Liberals have won out, and that the formal transfer of the property to Mr. Berthiaume took place on Saturday. It also says that the general manager, Mr. G. D. G. is looking for another position.

This journal sees enough in G. W. Fowler's now famous letter to Mr. Lefebvre, M. P., to show that Mackenzie and Mann were actually in league with Conservative politicians in the hope of overthrowing the Laurier government. It quotes this passage:—"D. M. took us to his office and gave us the route so far as located, of course under cover of the strictest secrecy, so keep it mum, except to Borden, Bennett and yourself."

But La Nationaliste goes further. It charges that, having been disappointed in the result of the general election, Mackenzie & Mann offered the support of La Presse to the government in return for railway subsidies, and that the government responded to the extent of twenty-four million dollars. Now, having no further use for La Presse, these railway magnates made a present of it to Sir Wilfrid Laurier, with Mr. Berthiaume the trustee. The article suggests that the bargain between Mackenzie & Mann and Sir Wilfrid Laurier is sufficient to cause a demand for an investigation at the next session of parliament.

A. L. McDonald, the Standard Oil magnate, and party returned to New York last night in a private car attached to the Boston express. Mr. McDonald and party have been spending the summer in Prince Edward Island.

H. P. McLean offers a reward of \$50 for the recovery of the body of Barry Richards, the young lad who was drowned at Pictouville Island on Monday.

NEW VALLEY OF NATURAL AND OTHER WONDERS IN CAN. ROCKIES EXPLORED

(Montreal Correspondent) Professor J. G. Adami, of McGill College, has recently returned from British Columbia. He came back greatly impressed by the beauty and natural advantages of a valley, which is as yet little known, nevertheless, he considers not only the noblest valley in Canada, but one destined to be, in the near future, a fruit-growing region having a greater amount of sunshine than the Okanagan.

GOING UP EIGHT THOUSAND FEET.

Continuing up Paradise Valley is a road partly belonging to the government and in part controlled by private enterprise, ascending gradually to a height of eight thousand feet, the road is a marvel of engineering skill, and has no equal in Canada. The panorama from its upper end over the Rocky Mountains is a marvellous sight.

BASE BALL

AMERICANS WIN A GAME. CHICAGO, Oct. 9.—The Chicago championship team of the American League won from the National League pennant winners today, two to one, in the first game of the world's championship series.

ONE DAY'S IMPRISONMENT FOR KILLING MR. KINGADE

At Gagetown yesterday Judge Laundry sentenced Stephen Panjov to spend one day in prison for manslaughter.

On November 15 last, Panjov and his brother-in-law were shooting in the woods near Johnston, Queens Co. They had wounded a moose and were following it, when Panjov, seeing something moving in the woods fired and killed William Kingade.

At the coroner's inquest a verdict of accidental death was returned, but the crown officers later decided to prosecute, as Panjov had no license to shoot moose, and it was thought that a little more caution should have been exercised.

The trial was begun yesterday at Gagetown before Judge Laundry, Hon. W. P. Jones, solicitor general, prosecuted, and John R. Dunn acted as counsel for the prisoner, Daniel Panjov, father of the prisoner, and Thos. Belyea, were witnesses for the prosecution, while for the defence the accused and Charles Northrup, T. Thomas and E. M. Todd gave evidence.

Panjov on the stand admitted that he had no license to shoot moose, and on account of this statement no real defence was presented. The jury after a short conference returned a verdict of "guilty" with a strong plea recommending mercy. Panjov was then sentenced to serve from the closing of the court till 2 o'clock this afternoon.

PROVINCIAL REPRESENTATIVES AGREE TO RESOLUTIONS WHICH HAVE BEEN PASSED

Provincial Representatives Adopt Two Resolutions Which They Will Lay Before the Federal Government To-day—Premiers, With Sir Wilfrid and Others, Guests of the Canadian Club Last Night.

OTTAWA, Oct. 9.—The provincial representatives reached a unanimous agreement this afternoon. They have been in conference for two days endeavoring to reconcile the differences which existed between the various provinces in their claims for an increased allowance from the Dominion treasury. They were successful today. Two resolutions were adopted. They will be presented to Sir Wilfrid Laurier and the other federal ministers tomorrow morning. The first of these resolutions declares the need for increased allowances as outlined in the Quebec resolutions of 1902, viz., eighty cents a head of the population of the provinces as shown by the last census figures, an increase in the allowance for legislation and an allowance of twenty cents a head for the administration of criminal justice. This is unanimously agreed to without prejudice to the claim of any province to special consideration owing to the peculiar claims for better treatment. The second resolution declares that pending the amendment to the British North America Act necessary to give effect to the first resolution the Canadian parliament should at the next session enact a measure for the temporary relief of the provinces. The saving clause at the end of the first resolution is for the benefit of Ontario, Prince Edward Island and British Columbia. Premier Whitney does not want to subscribe without some reservation to the Quebec resolution because he criticized it when Premier Ross laid it on the table of the Ontario house in 1903. However, Hon. Sir Wilfrid Laurier, who is the minister for the smaller provinces. It is for the benefit of Ontario, Prince Edward Island, which has lost population and would lose money if paid on its present population. It is for the benefit of British Columbia, which claims that the cost of administration of affairs in that province, owing to difficult terrain, is greater than in any other part of Canada, and that owing to the fact that the greater portion of the population is engaged in mining, lumbering and fishing industries, they contribute, through the customs, more to the Dominion treasury in proportion to their population than does any other province. Hence they should have a larger indemnity allowance than any other province. The chairman of the provincial conference, Premier Gouin, has agreed to a unanimous agreement that the conference would like to lay its resolutions before the federal government tomorrow morning. This will be done at eleven o'clock, behind closed doors, as all of the proceedings have been conducted.

OTTAWA, Oct. 9.—The provincial premiers, Sir Wilfrid Laurier and members of the federal administration, were the guests of the Canadian Club at dinner at the Russell House tonight. Other guests were R. L. Borden, leader of the opposition; Harmer Greenwood, of the British house, and many citizens of Ottawa. Sir Wilfrid Laurier, who was the first speaker, referred to the message of increased unity between Canada and the whole British empire with the United States, which Hon. Joseph Choate and Andrew Carnegie, the two guests of the Canadian Club had brought. The fact that the founders of confederation had done well was evidenced by the gathering of provincial representatives about the board. Confederation had brought harmony and prosperity to all the members of the Dominion family. The constitution of Canada had stood the test of time. It had produced few demands for an amendment. However, the presence of the provincial representatives was an evidence that the constitution was not so perfect as not to require amendment, though the premiers had not yet

MAYOR OF BUCKINGHAM, EMPLOYERS AND POLICE ARRESTED FOR MURDER

Strikers Whose Friends Were Killed Take Dramatic Action. Town Quiet and in the Possession of Armed Soldiers, But More Trouble Feared—Three Strikers Also Arrested—The Men Will Die in Defence of Their Rights.

BUCKINGHAM, Que., Oct. 9.—The situation has vastly changed. Today three strikers were arrested—Hilaire Charette, who was examined before Magistrate Pearson in the afternoon, and Alders Renaud and Leclair. Hamilton, two wounded men who are still in the hospital. But no sooner was this sensation that the men were arrested, the police, seven men were arrested for murder and attempted murder and taken to Hull by Sheriff Wright and Chief Provincial Detective McCaskill. They were Albert and Alex. MacLaren, two of the partners of the lumber company of that name; James Kiernan, brother of the chief of police, J. E. Vallieres, mayor of Buckingham; Philomen Fournier of Buckingham, Bert Cameron, a special constable, and J. C. Cummings, the bailiff of Buckingham. The day was wet and miserable and quiet was the order throughout. In the afternoon the newspapers of the town held a public meeting, at which it was decided to ask the Minister of Militia and to request the bringing of the militia to Buckingham and who was to get the bill. Shortly after this in the presence of the militia the arrests began and in the court house the evidence of Chief of Police Renaud was given. He swore that the strikers had fired first, and declared that if they had not returned fire they would all have been killed. The examination was postponed. Afterwards the prisoner Charette was allowed his liberty on his own recognizance, and the same procedure was followed in the case of all the other prisoners. Despite the fact that order is being restored, fifty Royal Canadian Dragoons from St. John's, Quebec, arrived here this evening. This is believed to be to prevent further rioting when the company begin to move their logs down the Lièvre river, which, it is said, will be done some time tomorrow. Twenty special constables came from Montreal during the day in case of necessity. Talking with the militia they said they were as determined as ever. Though they will endeavor to maintain

order and are adverse to violence, some of the younger ones declare they are willing to die in defence of their rights. It is independent circles is believed that the union men have a strong case against the MacLaren Company, the mayor and the police, who are stated generally to have fired the first shot. In any case, big developments are anticipated. (Special to the Sun.)

OTTAWA, Oct. 9.—The Quebec government has taken steps to have the deaths at Buckingham, the results of the rioting, looked into, and if possible to put an end to the disturbance. Chief Detective McCaskill has been ordered to the scene of the trouble by Premier Gouin, and has been instructed to make a thorough inquiry into the cause of the disturbance. The man heard him approaching and bolted out the window, which he had unfastened when he entered the house. The girl was then taken upstairs, where everything was done to soothe her, as she appeared very hysterical. On account of her agitation she could not give a good description of her assailant. When the police arrived on the scene there was no trace of the man who was supposed to be the same person that endeavored to enter Mrs. W. J. Hennings residence at 77 Grand street earlier in the evening. While trying to get the door open, the man he made such a noise that the occupants of the house were aroused and secured the intruder away. Crawford was telephoned for, but the man had disappeared. Mrs. Hennings gave a fair description of him and suspicions are pretty well centred on a man who has been seen looting in that locality lately.

COLONIAL MINISTRY WILL FIGHT TO THE BITTER END

ST. JOHN'S, N. F., Oct. 9.—The statements contained in a Washington dispatch received here today to the effect that Newfoundland merchant fishermen controlled the government, tried to prevent the signing of a curbing treaty rights and had hampered the British government in assuring such crevas by advertisement in our crevas unless they are inhabitants of the United States. Our rights to secure such crevas by advertisement in Newfoundland papers would undoubtedly be contested by Great Britain. Mr. Gardiner was then warning American skippers to refrain from shipping men in British waters, Newfoundland having previously passed an act forbidding men to go outside the three-mile limit to join American vessels. The news is now being disseminated that law, it is argued, and grants Americans the right to ship men outside the three-mile limit. The British government has surrendered. The colonial ministry has decided not to resist office and it intends to fight the matter to the bitter end. It will suspend the regulations prohibiting the load use of sardine seines, thereby putting the colonies upon an equality with the American fishermen. It will despatch the cruiser Flom and Neptune to patrol the herring areas. All existing colonial laws will be rigidly enforced against the Americans and for the least offense American vessels will be confiscated instead of fined, as formerly. Every concession hitherto made by the British government in respect to the waters and drift other than the American vessels, will be thereby preventing the latter from enjoying the expected benefits of this arrangement.

THE STATE DEPARTMENT BELIEVES THAT THE NEWS DIVULGED NOW IN RESPECT TO THE MATTER OF THE COLONIALS IS THE RESULT OF THE INTERFERENCE OF THE AMERICANS. THE COLONIALS WILL BE RIGIDLY ENFORCED AGAINST THE AMERICANS AND FOR THE LEAST OFFENSE AMERICAN VESSELS WILL BE CONFISCATED INSTEAD OF FINED, AS FORMERLY. EVERY CONCESSION HITHERTO MADE BY THE BRITISH GOVERNMENT IN RESPECT TO THE WATERS AND DRIFT OTHER THAN THE AMERICAN VESSELS, WILL BE THEREBY PREVENTING THE LATTER FROM ENJOYING THE EXPECTED BENEFITS OF THIS ARRANGEMENT.

THE GOVERNMENT HAS RECEIVED ASSURANCES FROM LEADING EXTRACTORS OF VARIOUS CITIES OF THE SURRENDER OF ARCHBISHOP HOWLEY IN A PUBLIC PLACE OF PROTEST AGAINST THE MODUS VIVENDI.

CONSERVATIVES WIN IN NORTH-RENFREW

In Three Contested Fights, Gerald White Elected by Large Majority—Others May Lose Deposits

PEMBROKE, Ont., Oct. 9.—North Renfrew elected Gerald White, Conservative, today by 516 majority. It is not yet known whether the two Liberal candidates secured enough votes to save their deposits. Dr. McKay has probably not more than 400 votes. He had a majority in 1903, and in several had only two or three votes. He did not at Osgoosh, where he split the vote with Murray. Murray led in his polls and White in the others. Every township but Bromley went Conservative.

PEMBROKE Conservatives celebrated the victory with a street parade, high blowing and cheering. In the town hall Robert Birmingham conducted a meeting, where Conservative enthusiasts heard of the results. The victorious candidate spoke and was followed by E. A. Dunlop, M. P. F., who affirmed North Renfrew would be a death blow to the Ottawa administration, as it had been to the Ross government. Edward Clark and Walter Beatty were the other speakers. Thomas Murray, one of the defeated Liberals, expressed satisfaction at the support Pembroke gave him, but was sadly disappointed with the West township. He said the presence of Dr. McKay, the other Liberal in the field, made the Liberals despair of success and many of them stayed at home. Besides the Conservatives had capital organization. Dr. McKay was also of the opinion that the Liberals lost interest in the contest as shown by the small vote polled.

TRUSTEE MAXWELL MAKES STATEMENT

Was Sick in Bed When Higgs Was Given Contract—Tendered His Resignation From Committee

An evening paper referred at length to the insolvency of Mr. Maxwell, one of the school trustees, in having a contract for a portion of the work of remodeling the building on Waterloo street, which will be used for manual training purposes.

It seems that Mr. Maxwell was appointed chairman of the committee to have charge of the work, and with him were Trustees James Russell, John Keefe and Albi Bullock. The committee inspected a number of buildings around the city and found that to purchase and alter a building would cost \$12,000 or \$15,000. However, their attention was called to an old building on Waterloo street, already their property, which could be furnished for something less than \$5,000. The chairman of the board and Mr. Klotter inspected the building and found it suitable.

The committee then interviewed James Higgs, a contractor, and he submitted an offer to make the repairs for \$3,800. Mr. Maxwell was at home sick in bed, but Albi Bullock, who was appointed in his place, submitted the matter to the committee and received their approval.

In the contract were some hundreds of dollars of masonry work to be done and Mr. Higgs asked Mr. Maxwell to resign from the committee but Mr. Maxwell refused to do so.

Mr. Maxwell speaking last night said that because he was serving the city as a school trustee there was nothing to hinder him from doing any work at regular rates. Mr. Maxwell said that he had urged on the board his resignation from the committee but they had objected on the ground that they had only practically named an auditor and thought that there being three others on the committee the present any question of unfair remuneration.

THE BOARD OF CONTROL CONCERNED BY THE RECOMMENDATION OF THE ASSESSMENT COMMISSIONER THAT THE VINE AND WATER STREETS BETWEEN FRONT STREET AND EASTERN AVENUE BE CLOSED AND TRANSFERRED TO THE CANADIAN NORTHERN RAILWAY FOR THE SUM OF \$4,000. This makes \$22,000 the city will receive from the C. N. R., this company having agreed to pay \$18,000 for St. Lawrence park, which contains about two-thirds of an acre.

A suit has been entered by the government of the University of Toronto against Thos. W. Holley, Leonard Potts, to have certain agreements set aside in regard to the sale of the old Upper Canada College lands.

INCREASED VALUE OF MONTREAL REAL ESTATE

MONTREAL, Oct. 9.—An astonishing report has been completed at city hall and handed to the city treasurer showing an enormous increase in real estate values for the current year. Figures in the report are made for work of city assessors for the current year, property valuations in the city have increased by over twenty million dollars. So surprising are the figures that city treasurer Robb has given instructions to the clerks at city hall to carefully go over them again in order to see that no error has been made in addition, etc. The total valuation is \$22,000,000, in addition to which there is about fifty millions of property exempt from taxation.

ANOTHER VICTIM OF COLLISION DEAD

GLACE BAY, Oct. 9.—Don McLennan, who was injured in the Sydney and Lunenburg railway collision yesterday afternoon, died today without recovering consciousness.

Don McLennan was operated on last night and is in a very serious condition. The impact into the death of Don McLennan is a very serious condition. Three witnesses were examined. The bodies of the McLennans will be taken to inverness tomorrow for burial.

UNVEILING OF BURNS STATUE AT CAPITAL Large Number of St. Andrew's Society and Clan MacKenzie Members From Here are Expected to Attend

A special meeting of the St. Andrew's Society of this city was held in John White, 305, Charlotte street, last evening, to consider the program extended by the unveiling of the Burns monument. The unveiling of the Burns monument is arranged for the 15th of October. The St. John members of St. Andrew's Society and Clan MacKenzie would attend, and other Scottish societies throughout the province will send delegates.

A committee consisting of Chas. K. Cameron, Dr. J. R. McIntosh, Chas. W. Bell, Jas. Hunter, John Rogerson, Arthur M. Irvine, Thomas White, Andrew Malcolm and Struan Robertson, was appointed to interview members of the society, and if a sufficiently large number can go, the committee is empowered to arrange for a special train which will leave the station at 2:30 a. m. It has been so arranged that sub-urbans along the line can travel on this train, which will stop at the way stations. The meeting was adjourned till Friday night, to meet at the same place when final arrangements will be made.

SUIT ENTERED BY TORONTO UNIVERSITY

TOWN OF ST. CHARLES DESTROYED BY FIRE

Beautiful Historical Spot Which Figured so Much in Canada's Revolutionary Wars

MONTREAL, Oct. 9.—The beautiful, historical little town of St. Charles on the Richelieu River, which figured so much in Canada's revolutionary wars, was almost completely destroyed by fire early this morning. The flames were fanned by the high winds which prevailed at the time. The fire started about 7 a. m. Five thousand dollars will not cover the losses to the property, of which very little was covered by insurance.

COMMISSIONER'S STILL WATER FOR G. W. FOSTER

Mr. Foster on the Stand Again Yesterday Contradicts Col. Davidson and Hon. G. W. Ross and Gives Further Details of Union Trust Company's Transactions in Western Lands.

TORONTO, Oct. 9.—The echo of the court room was the only response when the name of Geo. W. Foster, M. P., was called by Shepley at the insurance commission this morning. The time was spent in questioning the missing links in the chain of testimony. Hon. Geo. W. Ross, who will be a witness, had no recollection of any discussion by the board of the Union Trust Co. from the banks of large sums for investment in stocks. These advances were obtained in anticipation of resources available for investment. He also explained that calling up of unpaid stock and issue of additional capital stock were necessary to enable the company to carry on operations. Foster also gave evidence in regard to the borrowing by the Union Trust Co. from the banks of large sums for investment in stocks. These advances were obtained in anticipation of resources available for investment. He also explained that calling up of unpaid stock and issue of additional capital stock were necessary to enable the company to carry on operations. Foster also gave evidence in regard to the borrowing by the Union Trust Co. from the banks of large sums for investment in stocks. These advances were obtained in anticipation of resources available for investment. He also explained that calling up of unpaid stock and issue of additional capital stock were necessary to enable the company to carry on operations.

since found that these notices had not been copied in the letter book and no record had been kept of notices sent out. It was a matter of surprise to him that the notices had not been copied in the letter book, but he frankly admitted he had no recollection of having given instructions that they should be copied. Foster said when Stevenson made the proposition to change the form of security from stock in the Great West Land Co. to a mortgage, he wrote to Matthew Wilson asking him to come up to the office and before the meeting of the directors on Nov. 7 to discuss the matter. They then agreed to accede to Stevenson's request. The meeting of the directors was adjourned from Nov. 7 till Nov. 13 because Foster said that the draft was prepared by Foster. The remainder of the morning session was occupied by further examination of Foster, who said that, notwithstanding the testimony of Lt. Col. Davidson and Geo. W. Ross, he still held that the minutes were correct and in accordance with his recollection of the facts. Foster also gave evidence in regard to the borrowing by the Union Trust Co. from the banks of large sums for investment in stocks. These advances were obtained in anticipation of resources available for investment. He also explained that calling up of unpaid stock and issue of additional capital stock were necessary to enable the company to carry on operations. These advances were obtained in anticipation of resources available for investment. He also explained that calling up of unpaid stock and issue of additional capital stock were necessary to enable the company to carry on operations.

in reply to Shepley, Foster said the evidence of Lieut. Col. Davidson, with reference to the matter of the surrender of bonus stock having been discussed, in no way shook either his recollection or the full disclosure that was had on the whole matter of changing the security or his view of what was a proper place. He was quite clear on both of those points. The bonus stock was specifically discussed. Foster argued that Lieut. Col. Davidson, having recollection in reference to the matter generally of taking the mortgage, it must have taken place at either the meeting of Nov. 13 of Nov. 23. Shepley pointed out that the matter was taken up Nov. 7, but Foster contended that out little discussion took place at that meeting. The absence of signatures in the attendance book would by no means be conclusive evidence that no meeting of the directors was held. In corroboration of the claim that the meeting was held Nov. 23 Foster pointed out that call for the shareholders of the Union Trust Co. was issued on Nov. 23, in accordance with the minutes of the meeting of Nov. 23.

HEAVY SENTENCES IN BAWDY HOUSE CASE

A Distressing State of Affairs Revealed in Court.

Disreputable Men Sent to Jail—One of Them Leaves His Family Without the Necessities of Life.

Yesterday afternoon Sergt. Kilpatrick and Policeman Marshall were informed by Mrs. James Lavigne and Mrs. Hachey that their husbands had not been home all night and at that time were in Mrs. Phoebe McKenna's house at 608 Main street.

The woman is a aunt of Lavigne, and when the raid was made both were in a room drunk. Hachey is a brother of Mrs. McKenna, and he was found drunk in another room.

In the police court this morning all three pleaded guilty to the charges against them. The wives of the two men then faced the magistrate and pleaded for their husbands.

James Lavigne was fined \$50 or three months jail with hard labor, and when that expired an additional month without a fine.

Henry Hachey was fined \$50 or three months jail with hard labor. It is said that the McKenna woman's husband is working in Boston.

There is considerable sympathy for the wives of the two prisoners, and Mrs. Hachey is soon to become a mother, and one of her children is dying in their Pond street home.

For Lavigne there is not much sympathy, for it is said that he does not treat his wife very well. They have a three week old baby at home, and she is credited with having abused his wife only a few days before their child was born.

In delivering sentence on the prisoners the magistrate looked towards the policemen in court and said: "I still have the names of a number of fellows who are frequenters of Sheffield street houses and I wish the police would bring before me some of these whites who frequent the houses kept by black people."

STORM SHOWS NO SIGNS OF ABATING

Though the Wind is Not Quite as Strong as on Sunday—Warnings are Still Displayed.

One of the worst wind storms which for years has been raging since Sunday last, and as a result many vessels had to leave harbor and other damage done.

The storm commenced at one o'clock Sunday morning, the storm signals having been hoisted on Saturday night.

From four o'clock Sunday morning until six o'clock Sunday evening, the wind ranged from 25 to 40 miles an hour. It was at first from the southeast but shifted to northwest on Sunday night.

The signals for the first storm were lowered at 11:40 p. m. on October 9th, and were again hoisted at 5 p. m. on Monday.

The gale was then moving down over the great lakes. Since Monday, the signals have not been lowered, and the storm is not yet over.

The executive committee of the New Brunswick Temperance Federation met yesterday and started arrangements for the great temperance campaign to be held in the provinces during November.
