### HARD FOUGHT RACES AT KALAMAZOO MEET

Track Was Slow for Opening of Grand Circuit

Two Favorites Out of Three Races Were Beaten by Dark Horses—Events Were Exciting.

KALAMAZOO, Mich., Aug. 2—Three hard fought races featured the opening of the Grand Circuit races on a track that was slow from the start, early this morning. Two favorites were beaten, the winners of those events hardly being suspected of having enough ability to win from such fields.

The 208 paces stakes, which looked like a foregone conclusion, but which was won by Baron Whips in straight heats. Hal Raven led to the three quarters in the first heat and then refused to respond to a drive, being unable to pace fast on such a track. After that Hal Raven did better but could not endgame the lead of Baron Whips. Five heats were required in the 211 trot in which Inner was the choice. Peter Baltz won the first in the stretch, Belle Bird won the second by inches from Nancy Boyce and Nancy took the third and fourth. In the fifth Nancy tried and Peter Baltz again landed in a drive with Inner guard. This gave Peter Baltz first money as he stands best in the summary.

Lady Jones had all she wanted to beat Carolkin in the 20 Strot. Carolkin broke in the stretch in three of the heats and Lady Jones beat him through his mistakes, although she broke in the second heat.

Mary K. had no trouble in the 230 pace, even making a bad break in the last heat and then coming on and winning.

"None of us realized much of anything and what was more we didn't care a rap," Sullivan must have felt the same way about it, for he gruffly told his groom to cut it out and to drive the horse home. "You promised me faithfully, John, on your honor as a gentleman and a champion that you would study your part and give me a rehearsal a week ago, and now, great heavens, we are here and you are all tangled up. If he was the hero in a blood and thunder play, this outfit just now had some effect upon us, we all looked at Sullivan and said, 'What a rehearsal!'"

Leone's Filly Was the Favorite in the Betting Ring—Large Crowd Attends Opening.

SARATOGA, N. Y., Aug. 2—James R. Keene's Affliction played from 15 to 1 to 1 at the close, won the Saratoga Handicap, one mile and a quarter, at the opening of the racing season today. The victory was anticipated by the betting on the Keene filly and under a hustling ride by E. Martin she managed to stagger home a winner. The meeting opened under favorable conditions. The crowd numbered 8,000 persons, far above expectations for a Monday.

### FUNNY SIDE OF PUGILISM.

John L. Sullivan's First Theatrical Rehearsal

"Pugilism has often provided humorous incidents," said the old New York sporting man last week. "One of the funniest things I ever saw was John L. Sullivan's first theatrical rehearsal for his debut in a play called 'Honest Hearts' and 'Willing Hands' under the direction of Duncan B. Harrison.

"Two were seated at the big round table in Jack Cusack's old chop house—a sporting landmark years ago on lower Broadway. Big Sullivan was in rare good humor and was telling some funny yarns about his punching career when Harrison blew in filled with excitement and making redemptive gestures. We were all pretty mellow with the grape and welcomed the theatrical manager with open arms, also asking him to help whoop things up.

"'No! No! Gentlemen! Stand back! This is a most serious situation! We open in three weeks, gentlemen!' he cried. Mr. Sullivan should know his part! The whole company is waiting and watching for his debut as a star of the dramatic profession! Yes, the whole world, and there's no rehearsal as yet! Horrible! Terrible! Frightful! Gentlemen, do you realize the alarming nature of this situation?"

"None of us realized much of anything and what was more we didn't care a rap," Sullivan must have felt the same way about it, for he gruffly told his groom to cut it out and to drive the horse home. "You promised me faithfully, John, on your honor as a gentleman and a champion that you would study your part and give me a rehearsal a week ago, and now, great heavens, we are here and you are all tangled up. ### THE SPANISH BULLFIGHT DESTINED TO DISAPPEAR

The bull-fight is the national game of Spain, as baseball is of the U. S., cricket, of England, and lacrosse of Canada. Yet this national game is degenerating and Spanish statesmen are beginning timidly to impose restrictions upon it. To abolish the bull-fighting would cause a revolution, but a revolution would cause a revolution, but a revolution would cause a revolution.

### WOMEN BET WILDLY AT FORT ERIE TRACK

Fair Patrons of the Turf Rallied of \$21,000 by the Bookies.

BUFFALO, N. Y., July 31—Women patrons at Fort Erie race track in Canada contributed a goodly portion of the proceeds of the race of the past few days. The bookmakers there reported the fair devotees of the turf of \$21,000. These knights of odds were so jubilant over their financial conquest that they and their clerks paid up every dollar of their board bills, an unheard-of proceeding in their part in former years and departed rejoicing for scenes and pastures new.

All the women who visited the tracks were afforded every opportunity to speculate on horses. The managers paid particular care that messengers were on hand ready to place bets and to cash. No woman with the money was overlooked. To stir up business when the fever of speculation was a low ebb, the messengers called odds and advised their clients as openly as those who were offering programmes or lemonade for sale. To such a degree did the women respond to the wiles of the messengers that even the force of commission agents was nearly doubled.

The women were not satisfied with old time race wagers. It was an unusual thing to see a woman bet \$50 to a horse, and to see her place it on the horse selected. Three bookies operated on a dollar basis and these reaped the largest harvest.

### SCHOONER'S INTERESTING AND IMPORTANT MISSION

Will Carry Supplies for Peary, Search for Dr. Cook, Bring Back Big Game Hunter and Convey Eskimo Boy Back to Northern Home.

ST. JOHN'S, Nfld., Aug. 2—The expedition which will carry relief supplies to Commander Robert E. Peary in the far north will leave St. John's tomorrow. The 38-ton schooner Jeanie will take fifty-one tons of coal and the same amount of stores, when she will land at Etah, Greenland, then supplement the supplies on Peary's steamer, Loosveldt.

The schooner will not remain long at Etah. If Commander Peary is not at Etah the Jeanie will leave as soon as she has discharged her cargo, bringing any despatches Peary may have left. Captain Samuel Bartlett, who commands the Jeanie, is an experienced Arctic navigator, and will inquire among the natives if they have heard of Dr. Frederick A. Cook, of Brooklyn, N. Y., who went north two years ago. If Dr. Cook is at Etah he will be brought down on the schooner, as will Harry Whitney, of New Haven, who went up on Peary's steamer to spend the winter in Greenland hunting musk oxen.

The Jeanie is fitted with a gasoline engine and spreads 1,500 yards of canvas on her two masts and jib-boom. She will carry a crew of eight, all Newfoundlanders, and two passengers, S. K. Fuller, a New York newspaper man, and Mene Wallace, an educated Eskimo, who has been in the United States 15 years.

The regular monthly meeting of the ladies' committee of the Protestant Orphan Asylum will be held on Thursday at 3 p. m.

### ARRESTED FOR SELLING IMMORAL LITERATURE

Two Greeks Taken into Custody for Circulating a Monoton Weekly in This City.

The little store on Union street known as the Union Cigar and New Depot, and conducted by two Greeks, was closed to close its doors to the public last evening, while the hitherto felicitous proprietors were grief-stricken on being taken into custody by the police.

It was rumored around the city yesterday morning that something was going to transpire which would seriously affect the local dispensers of a monoton weekly called "Free Speech," and such a thing came to pass ere the sun had gone to rest, the matter having entered the establishment of the two Greeks, George Muriel, aged 21, and Nicholas Aloctis, aged 25, who are referred to in a preceding paragraph. The warrants were handed to Acting Sgt. Joseph Scott last evening.

It was not until about the middle of the two, and accompanied by Officers Charles Marshall and Charles Hughes who entered the establishment of the Greeks and placed the pair under arrest. They also seized the copies of the "Free Speech" which were in bundles containing nearly a thousand copies in all and carried them to central police station. The two were locked up and the papers and warrants were handed to the chief clerk.

The following charge was then placed on the arrested men along with the names of the arrested matter: "Arrested for circulating a monoton weekly, which tends to corrupt morals."

It could not be learned last evening how the information, as the police either were ignorant as to the name of the informant or refused to divulge it. About the same time as the arrests were made a by-law was introduced by Ald. Kelley and passed by the Common Council prohibiting the sale of indecent literature or obscene pictures in the city. Whether or not the arrests were made under this new by-law could not be learned. It appears, however, that the law was passed after the arrests were made and there was also a similar one which has hitherto existed. It was mentioned that some of the officers were instrumental in having the Greeks apprehended.

The "Free Speech" was first brought here about three months ago and first sold by the Evangeline cigar store. Before that time it had circulated through smaller towns in the Maritime Provinces. A correspondent, however, was a great demand in St. John. Dastardly attacks have been made in the columns of the sheet and frequently it was said legal authorities were consulted.

The reporters or supposed reporters of the sheet also have had much to contend with, and it has been stated that on several occasions physical force was used by way of retaliation. Many of those accused of holding the office have made public denials while others seem positive of their guiltiness.

### BOSTON THREATENED WITH MILK FAMINE

Caused by Drouth in Pasture Lands—Price Will be Advanced.

BOSTON, Mass., Aug. 2—The Metropolitan District is threatened with a decided shortage in the milk supply and an advance in prices. The trouble is due to the drouth which has killed the grass on many pasture lands, and to the high cost of grain and other feed.

The Boston milk contractors were waited on today by representatives of the Boston Co-operative Milk Producers Company, which embraces New England milk producers supplying Boston and vicinity and urged to advance prices. It is possible that winter prices will go into effect September 1.

### BASEBALL CHANGES.

When last week the Phillies signed Catcher McDonough, a new tribute was paid to the management skill of James McGehean, owner of the Allentown Atlantic League Club. The club is now defunct as a league organization. It played its last championship game last Monday. Yet hardly had the announcement been made that the club was out of the Atlantic League before there was a rush to get the men with whom McGehean had won the pennant of the organization.

Following, the big pitcher, went to Wilkes-Barre; Savage to the New York Americans; Jacobs to the Trenton Tri-state Club, and McDonough to the Phillies. Three clubs would be glad to get Strauss, the Phillies, Pittsburgh and New York Americans, and the Cleveland Americans are keen for Dan McGeehan.

This is a pretty good crop of climbers for a manager to grow in one season, yet there are more men in the line up that will also merit promotion once they get a little more experience. G. K. H. 14

NEW BRUNSWICK CAN BENEFIT NOW FROM NEW RATE

NEW YORK, N. Y., Aug. 2.—Mr. John Norris, chairman of the committee on paper of the American Newspaper Publishers Association,

has issued a bulletin relating to the tariff on pulp and paper in which he says:

"In the proposed tariff bill publishers have secured the abolition of the duty of \$1.51 per ton on ground wood.

The senate raised the rate to \$4 per ton and the conference had substantially agreed on a compromise rate of \$3 per ton when President Taft announced to congressional leaders on or about Saturday, July 24th that a \$4 rate was necessary for the application of the protection principle of print paper.

Under the new schedule each province of Canada is regarded as a unit, so that Nova Scotia and New Brunswick, which have no restrictions of any kind upon exportation of pulp or paper, can immediately avail themselves of the new tariff rate.

Quebec has a stampage tax of 25 cents per cord of wood cut from crown lands for exportation, from which the province obtains a revenue of \$25,000 per annum.

There is no stampage in Quebec on wood cut from crown lands. Ontario prohibits absolutely the exportation of wood cut from crown lands.

Newfoundland prohibits the exportation of pulp wood.

The Common Council at a very lengthy session yesterday turned down the by-law to regulate boxing matches which had been fathered by Ald. Leiper, laid the permanent paving proposal over until additional information should be secured.

ACTION BROUGHT IN WOODSTOCK DECIDES TO GUARANTEE BONDS

ST. STEPHEN, N. B., Aug. 2.—Some few months ago one of our principal industries, the tannery of J. D. Dickinson & Sons, was destroyed by fire.

It employed about 40 hands, and as the firm lost quite heavily, the members made a proposition that the town guarantee the bonds of the firm to an amount equal to 50 per cent of the cost of a tannery plant not to exceed \$10,000.

The bonds to bear interest at 4 1/2 per cent, and to be retired by the firm in five years.

The vote of the rate payer was taken this afternoon and the proposition was carried by a vote of 188 to 1.

WOODLAND WOODING' BIG HIT AT NICKEL

The Nickel Theatre inaugurated its new picture service yesterday with a magnificent bill containing films made in New York, London, Paris and Italy.

Indicating at the outset the wide range of international photography possible under the new arrangement, most favored in the programme was the delicious American comedy, "Jealousy and The Man," and "Sweet and Twenty," by the Biograph Co.

The historical drama, "The Neapolitan Uprising," by the Italia Co., was intensely interesting and the comedy, "Mrs. Simpson's Attraction," by the Ufa Co., excited much laughter.

These animated photographs were faultlessly projected by the Nickel's new machines. Indeed, it was quite a change for regular Nickel-goers to sit and watch pictures of the very latest date of theatricals—not soon in this hour for many months.

Holmes and Gubian in re-producing their sketch, "A Woodland Wooding," made an uproarious hit and were enored time and again for the pretty pictures the piece contained.

Miss Holmes' Gypsy song and Mr. Buchanan's solo, "The Island of Love," were the particular gems of the evening.

This unusually fine attraction will be heard again at 8 o'clock this afternoon and tonight at 8 o'clock and 10 1/2 o'clock.

The programme of the evening, twenty minutes. Little Dorothy Dainty, the nine year old singer and dancer, made her debut successfully, though a bit frightened under orchestral conditions in the evening, finally got her bearings and was loudly applauded.

The child danced prettily as well.

THE WESTERN PLAYLET A BIG HIT.

It is seldom that two people will jump into favor as quick as Usher and Whitecliff did last night at the Princess.

They received an ovation. They have one of those nice, clean acts, one that appeals to all, "The Ranch Girl," a pretty western love story just bubbling over with genuine fun.

One of the big features in this act is the recitation "Kimberley," by Mr. Usher. This recitation received tremendous applause last night.

There are a number of very catchy songs, and taking the act from a professional standpoint is one of the best ever offered at the Princess.

An excellent programme of pictures was also given, and good crowd went far to make the show offered at the Princess by far the best in town.

THE NEW SHOW AT H. H. H. A HIT.

The H.H.H. still continues to present the show they all seek to copy.

Yesterday, at all-new show, with all new people, was presented, and they all made good, at least patrons said so and the applause proved it.

Blamkin and Heber a new pair of singers, in 15 minutes of popular songs, captured lovers of that class of music. Their opening number was "Shipwrecked," a sea song, followed by a solo, "Lazy Moon," a very catchy number from "The Red Moon."

Blamkin singing one verse, Mr. Blamkin singing the other, and both singing the chorus. Their third selection was a miniature musical comedy entitled "The Lovers' Quarrel," a duet, and judging by the applause and comment these singers are going to make a hit.

Carmen and Espher, lady banjoists, certainly proved that they know their place those instruments, several of our local banjoists pronouncing them "great."

The Greek Auto Race as promised, is the best and most exciting auto race picture ever seen here.

A number of local owners of autos saw it, but none wanted to go at the speed the racers went. Those who want excitement in pictures certainly have it in this one and shouldn't miss it.

The Hands of The Enemy is a very strong drama, and "The Lost Necktie" a comedy. Same show today. New pictures tomorrow.

"ORAN AMOK!"

The Bloodthirsty Malay When He Is Maddened by Frenzy.

"Amok" is a religious fanaticism, a madness under which a man makes up his mind to kill any one he can until he himself is killed.

Brought on by drink or religion or from whatever cause, the process is the same. The madman seizes his cross and rushes headlong down the street, cutting at every one he meets.

As a man seen a cross or a parang further detail is unnecessary.

A man running amok is as a dog with hydrophobia, but the panic caused by the former is by far the worst.

Like the mad dog, the madman is followed by a roly rabble, who sooner or later run into their man and exterminate him.

When this vengeful rabble is made up of bloodthirsty Malays and Chinamen its wild rage and fury are beyond control, beyond description.

The paratit crowd and the ever near-sounding shout of "Oran amok, oran amok" are incidents which can never be forgotten by any one who has seen or heard them.

The latest quills when suddenly turning the corner of a street his ears are greeted with the cry of "Oran amok!" and a few yards off he sees a Malay running straight at him brandishing in his hand the bloody cross with which he has already slaughtered all in his way—London Chronicle.

ST. JOHN, N. B., AUGUST 3, 1924.

**CANADIAN CLUB.**  
The St. John Canadian Club has received from Hon. James Bryce his promise to address a meeting of the club to be held at an early date. It is not too much to say that in securing Mr. Bryce this club has achieved its greatest success. The ambassador's visit to this province will be an event not merely of local or provincial, but of national interest. It will be fitting that the provincial government co-operate with the Canadian Club in whatever arrangements may be necessary, and extend to the distinguished diplomat a formal, but hearty welcome.

For Mr. Bryce is indeed a distinguished statesman, one of the greatest of the British race today, an imperialist in the truest sense, and a gentleman whom none is more deeply esteemed, and for his personal attributes as well as for his exceptional abilities as a statesman.

The executive of the Canadian Club evidently feel that no one is beyond their reach that notable speakers can advance notices any—and surely such a body of men as the St. John Canadian Club deserves the best.

Speaking of this organization, the Star is pleased to note that at this larger membership today than at this time in any of the past years of its existence; that it paid up membership rapidly growing, and that its roll contains the largest number of names in its history. Some six hundred of the members of the club are attending themselves to it, and with an aggressive executive this association may be made a potent factor in the advancement of national and imperial interests.

**THE COUNCIL MEETING.**  
For a meeting of which so many forecasts or predictions were made yesterday's double-header on the part of the Common Council was remarkably devoid of interest. Several matters which, while not important were still subjects of comment, were under consideration, but nothing was done by the afternoon which might not have been done by any group of reasonably intelligent men. This in itself may be regarded as noteworthy, if for no other reason than its rarity.

Chief Kerr, it is noted, is not to be investigated. There never was any good reason why the head of the department should be subjected to such insulting treatment. A bunch of sore-heads, led by an eccentric alderman, sought by the pretense of a formal investigation to destroy that discipline so necessary in the department. And several other members of the Safety Board, in their eagerness to get a reputation suggesting an enquiry. Chief Kerr is not perfect; he is an ordinary man with the task of controlling a large number of employes not paid by him, and living under circumstances which inevitably breed discontent. It is to be hoped the Shannon business is ended.

The paving proposition was given the nod. This was because none of the aldermen have sufficient information about pavements. How can they have there are at least a dozen on the board who have never enjoyed free trips through New England, and these must have a chance. And, anyway, pavements have been a subject of enquiry for not more than fifteen years. There has not been enough time to learn all that is necessary. So, in view of the lack of information, it is well to let the matter stand. Maybe next year's council will revive it.

Engineer Peters, who was retired several years ago, who has had his resignation accepted a number of times, but who is still found useful, will not receive an increase in salary. The principle is thus laid down that a man is of less value in his old age than when in his prime, this rule being wholly contrary to the general policy of the St. John council. But isn't the Mr. Peters business becoming something of a farce? If Mr. Peters is of service to the city for good reasons put him on the active roll, and give him decent pay; if he is not required any longer, then let him be honorably retired on a generous allowance as such an old servant as he deserves. Under existing conditions Mr. Peters scarcely knows where he belongs. Nobody seems to know, except Ald. McCordick, and he won't tell.

### ST. ANDREW'S SOCIETY A GOLD CROWN FOR WANTS BUILDING FUND AN AMERICAN GIRL

Is Looking Forward to a Home of Its Own

Amendments to the Constitution Proposed Whereby Money May be Set Apart—Change in Memberships Clause

The regular quarterly meeting of St. Andrew's Society will be held on Thursday evening. At this meeting the members will be asked to consider two proposed amendments to the constitution, both of no little importance.

For some time St. Andrew's Society has been looking into the possibility of building a suitable home for itself, but under the constitution as it stands at present it is difficult to raise apart any portion of the funds for this purpose. It is not believed that the intention of the founders was to have the society from ever having a home of its own, but as one of the principal purposes of the organization was for charitable work among Scotchmen and their descendants, this feature received full attention while some other projects were more or less neglected. Now that the society desires a building of its own, the proposed amendments to the constitution, yet at the same time of making the building fund a possibility, Mr. Beverley R. Macaulay has given due notice that the next quarterly meeting he will move that the first paragraph of Section V of the Constitution be amended by leaving out all the words after the word "interest," and substituting and adding in the place thereof, the following: "On such security as the Trustees shall deem sufficient, provided always that nothing hereinbefore contained shall prevent the Society from any general or quarterly meeting, after the capital and unapplied interest of the General Fund, for the relief of the poor amount to the sum of ten thousand dollars, and for the relief of the poor amount to the sum of ten thousand dollars, and for the relief of the poor amount to the sum of ten thousand dollars."

### U. M. W. LEADERS ARE INDIGNANT

Over Wreck of Their Parade Company Mined 10,000 Tons on Saturday

**SYDNEY, N. S., Aug. 2—**The situation at Glace Bay is unchanged and peaceful after the excitement occasioned by Saturday's U. M. W. demonstration. The demonstration itself was a peaceful affair, not one arrest having occurred as a result. The U. M. W. leaders are naturally loud in their denunciation of the Dominion authorities in their action in stopping the parade at the town limits, deploring it as the first time a body of men carrying the Union Jack had ever been stopped by soldiers wearing a British uniform. The output at the collieries on Saturday was rather over 10,000 tons, most of which was mined. The company claim a larger number of men at all the collieries today except Number one, where the usual after-effects of pay-day are visible.

The hearing in the case of Ross and McKenzie, charged with complicity in the explosion outrage at Reserve, was begun today before Stipendiary Magistrate of Glace Bay.

### PRETTY GIRL, DAPPER DETECTIVE, A SMILE, ATLANTIC CITY JAIL

Washington Young Woman is First Victim of Anti-Flirtation Crusade.

**ATLANTIC CITY, N. J., Aug. 2—**Arrested while "making eyes" at a saucy detective, dressed in the highest of style, in a beach-front cafe, Helen Sharkey, young and pretty, and claiming Washington as her home, was carried shrieking to the county prison this afternoon to serve a ten-day sentence as the season's first victim of the anti-flirtation rule.

Although the girl begged piteously for release and promised to leave the city at once, Recorder Keifer refused that she be made an example of the anti-flirtation crusade.

According to the police, a lot of young women are especially fond of the anti-flirtation rule, and three Pittsburghers. Series of complaints of loss of money and jewels taken from the victims, while they were under the spell of the pretty girls, led to the crusade.

Dapper young plain-clothes men, well dressed and furnished with rolls of money for the purpose, have been started out to round up the girls, and the hard-hearted officials assert that the arrest of the young Washington woman is to be followed by others.

Visitors Pour In.

An avalanche of visitors and baggage poured into the resort this morning, bringing tales of sultry weather in the cities that they had just left behind. The rush through tonight and the morning hours of tomorrow, Buenos Aires hotel-ward on arrival of every train, while those who elected to walk made a baggage-laden parade straggling from the stations to the boardwalk and hotel district.

The boardwalk was jammed during the afternoon. Every sort of amusement enterprise is running full blast to the crowded hours, while cafes and drink places have put their tables at a premium tonight.

Another move in the war between amusement men and the authorities was made today, when W. H. Barrett, manager of the Criterion Theatre, owned by prominent Philadelphia, was fined \$300 by Judge Keifer for giving a vaudeville show last Sunday.

### SWINDLES WOMAN OUT OF INSURANCE ON FIRST HUSBAND

Indiana Matrimonial Advertiser Romance Ends Disastrously—Widow Loses \$2,000.

**LA PORTE, Ind., Aug. 2—**The police are looking for a well-dressed young man, 25 years old, who gave his name as Fred Miller and said he was a wealthy engineer living in Philadelphia. He is wanted for having duped Mrs. Minnie Daniel, a widow, 26 years old, whom he is alleged to have swindled out of \$2,000.

The woman is prostrated over the loss of the last ten days, and so it is impossible to learn definitely how she became acquainted with Miller, but from her incoherent story to the police, she is believed to have answered a matrimonial advertisement.

Two weeks ago Miller came to town, and so swift was his wedding that on July 23 the couple appeared before the county clerk and secured a marriage license. Miller said he was born in Germany, and that his father, Martin Miller, deceased, was an engraver. He said he had not been married before.

The woman has no recollection of their having gone to a minister or justice of the peace, and as there has been no return on the license, it is believed the couple were not married, though Miller made the woman believe they were. During the last week, she disposed of the woman's household goods, because Miller said he was going to take his bride to Philadelphia and on Thursday he induced her to draw from the bank \$1,800, which she had saved on the life of her first husband, when he died last winter. This she placed in an envelope and laid under her pillow.

### SWINDLES WOMAN OUT OF INSURANCE ON FIRST HUSBAND

Indiana Matrimonial Advertiser Romance Ends Disastrously—Widow Loses \$2,000.

**LA PORTE, Ind., Aug. 2—**The police are looking for a well-dressed young man, 25 years old, who gave his name as Fred Miller and said he was a wealthy engineer living in Philadelphia. He is wanted for having duped Mrs. Minnie Daniel, a widow, 26 years old, whom he is alleged to have swindled out of \$2,000.

The woman is prostrated over the loss of the last ten days, and so it is impossible to learn definitely how she became acquainted with Miller, but from her incoherent story to the police, she is believed to have answered a matrimonial advertisement.

Two weeks ago Miller came to town, and so swift was his wedding that on July 23 the couple appeared before the county clerk and secured a marriage license. Miller said he was born in Germany, and that his father, Martin Miller, deceased, was an engraver. He said he had not been married before.

The woman has no recollection of their having gone to a minister or justice of the peace, and as there has been no return on the license, it is believed the couple were not married, though Miller made the woman believe they were. During the last week, she disposed of the woman's household goods, because Miller said he was going to take his bride to Philadelphia and on Thursday he induced her to draw from the bank \$1,800, which she had saved on the life of her first husband, when he died last winter. This she placed in an envelope and laid under her pillow.

They went to Chicago and from there were going to Philadelphia. At the Illinois Central station in Chicago, Miller accused himself. He never recollects the woman walking with him, though she informed the police, when she opened the envelope she found no money, but a copy of a newspaper supplement. She was penniless and had to pawn her watch to get back home.

It would be a particularly good thing if the tax bore heaviest on absentees.

FAMOUS "SILVER DART" AEROPLANE WRECKED IN TRIAL AT PETEWAWA

PETEWAWA CAMP, Aug. 2.—The famous Silver Dart aeroplane is no more. It lies a huge mass of wood, wires and rubbered silk in its erstwhile home on the field at the military camp here. "An error of judgment on our part in making a landing," says Casey Baldwin, giving his reasons for this state of affairs. Four successful flights each exceeding half a mile in length were made in the early hours of this morning, a fine easy landing being made every time. The fifth trial was essayed, and while the aeroplane with its two passengers McCurdy and Baldwin, was going at a speed of about forty miles an hour a landing was attempted with disastrous results. A front wheel struck one of the small hillocks with which the country abounds and creased the machine on its side, broke the left supporting surface clean off and buried the aviators in the ruins. That they were not killed outright is indeed miraculous.

Silver Dart Served Purpose Although now smashed and useless Silver Dart served the purpose for which it was brought to camp. This was to test the new Kirkham 40 horse power automobile engine weighing 400 pounds before it would be installed on Baddeck No. 1 machine, which arrived here Saturday morning. The new engine worked more than satisfactorily, gave great speed to the aeroplane and altogether proved that the judgment of the aviators in using a heavier engine was correct. Luckily the engine was unharmed in the accident and will be ready to fit into Baddeck No. 1 as soon as it is assembled.

McCurdy and Baldwin Not Discouraged Although naturally chagrined and disappointed at the unlooked for conclusion of today's trials, McCurdy and Baldwin are by no means disheartened. They are particularly gratified with the showing made by the engine and are more determined than ever to go ahead with the trials.

Queen Alexandra would never consent Brodeur emphatic in statement concerning Pacific Squadron LONDON, Aug. 2.—Speaking to the Canadian Associated Press with reference to the Times' suggestion that the Pacific Squadron for the Pacific, as called last Friday, Mr. Brodeur was emphatic in asserting that it is almost impossible for the government of Canada to ever consent to such a course.

Investigation will be proceeded with HOPEWELL HILL, N. B., Aug. 2.—No further developments have occurred in connection with the enquiry concerning the death of Sidney Muller whose body was found in a pond at Hillsboro last week. Although the circumstances appear to have been very unusual the general impression seems to be that it was a case of accidental drowning. The investigation will be continued, however, and the coroner's jury will report on Thursday as to their findings.

STOLEN JEWELLERY

Much of it Deposited in the New York Assay Office.

On Being Watched Some Pawnbrokers Stopped Sending Jewellery, While Others Mailed It Down.

NEW YORK, Aug. 2.—Through the withdrawal from the New York Assay Office on Wednesday of a Central Office man, who had been put there to detect deposits of stolen gold it became known today that for the last six months systematic efforts have been made by the police department, under Commission Hingham, with the co-operation of the United States government, to put an end to the turning in to the Assay Office here of stolen watches and other jewelry which had been taken in this city by thieves and pickpockets.

An investigation, undertaken last January, definitely established that a number of the deposits made at the Assay Office represented stolen jewelry. The police department was reached by the police department that good work comes of placing permanently a Central office man in the Assay Office to watch all deposits of gold, with the purpose of helping the police in running down and capturing the thieves from whom this gold was brought, and in turn, deposited by the purchasers in the Assay Office.

No explanation of the withdrawal of the Central Office man by the new police administration has been made to the United States government officials, including Supv. Kingsbury Foster, who co-operated with the New York police in this matter, so far as could be learned today, and the reason for abandoning this method of following up the thefts of gold jewellery has never been stated.

At first the Central Office man detailed to the Assay Office watched the depositors as they came to the office and got the names given by the depositors, who for a reason he supposed were hiding stolen goods. Later this method, which probably was responsible for the suspicion aroused among some of the suspected depositors, was given up, and for a time the information regarding numbers on watches, cases, markings on rings, etc. supplied the police department with information without the help of a Central Office man.

GLACE BAY, N. S., Aug. 2.—Declaring that he overheard Albert Ross, one of the men arrested for attempting to dynamite the residence of Manager Simpson, say to Dan MacKenzie, the other man charged with this crime, "that he lay in the grass until he heard an explosion and then he knew the job was done," Kenneth Ferguson, barber, living at Reserve Mines, delivered most sensational evidence so far given in this case, which began today. According to Ferguson's evidence, the two prisoners stood in the road in front of his house about an hour after the explosion took place, talking to another man, Alphonse Berte, that they were there was corroborated by the testimony of Berte, who says he remembers Ross asking more of the stuff that made noise.

THE STARR, T. JOHN. N. P., TUESDAY, AUGUST 3, 1909

**TRAIN HELD UP BY IDAHO BEES**  
Insects Swarm in the Spout of a Water Tank and Fight the Trainmen.  
Water Flows Then But Not Until They Have Taken Dire Revenge on a Lot of Angry Men.

**SPOKANE, Wash., Aug. 2.**—Swarming bees are credited with doing all sorts of unusual things, but probably this is the first time that a queen and her retinue and subjects completely tied up a steam train. It happened on the Hartman system at Twin Falls, Idaho, a few days ago when a lusty swarm accomplished what the National Congress, James J. Hill and other well organized agencies have failed to do.

**H. R. Swab, an expert on bee lore,** bore down upon the scene to capture the queen. He was armed with a nail keg and two long sticks. He sent his helper to coax the bees into the keg, but to his surprise the bees refused to enter. He then made a dash toward the railway station. Swab also remembered he had an important engagement elsewhere.

**The firemen and members of the section crew were next routed,** and the engineer appealed to agents Sullivan and worthy declared it was a matter for the maintenance of way department. The conductor of the stalled train suggested sending for the Sheriff, while the stoker insisted on man on the front end offered no solution, as he was hurriedly dozing or more knobby of the matter.

**Several thousand Mexicans are kept constantly employed upon Mrs. King's** ranch, and it is among this population and their respective families that she performs a vast amount of good. She has a large number of practically all of her life upon the frontier, and perhaps, no other person in the western states has done more for the character of the lowly Mexican of this border section than this remarkable woman.

**In the early times, when the frontier territory was infested with bands of robbers and smugglers; when the lives of herself and husband were in constant danger at the King ranch, she spent her days and nights alone in her little room, many times she was surrounded by a mob of men.**

**After the excitement with the bees** was over, the water tank was captured, the queen placed in the bottom of the keg, into which the bees quickly swarmed. Swab brought the queen, paying the youngsters to smell the candy and lemonade fund, and the incident closed.

**MODEL TOWN IN TEXAS WORK OF WEALTHIEST CALIFORNIAN**

**Kingsville, Built Upon Part of Mrs. H. M. King's Great Ranch, the Special Object of Pride of One of the State's Best Known Citizens.**

**KINGSVILLE, Texas, Aug. 2.**—Mrs. H. M. King, believed to be the wealthiest cattowoman in the world, is deeply interested in making the town of Kingsville a model community. It was only recently that she donated \$20,000 toward the establishment of an educational institution here. Before the railroad was built through her ranch of 1,200,000 acres, a few years ago, it was thirty miles across the front yard of Mrs. King's ranch home to the nearest railroad point. She gave the land to the railroad company for a town site, and her new town has been established within three miles of her magnificent country home.

**King keeps out of the public eye** as much as possible. She is a woman of high moral convictions, and it is stipulated in every deed in the town of Kingsville that no liquor shall be sold upon the premises. When the town was first started, she began to settle her local opinion was a novelty in this part of Texas. It has proved a valuable restriction, however, and has caused the citizenship and moral standard of the town to be of the very best type, it is asserted.

**The town is the special pride of Mrs. King** and she has contributed to the growth and advancement in many respects. It is completely surrounded by her broad acres, except where homesteaders have come in and purchased her small tracts of land for family purposes.

**Before this town was established** Mrs. King bestowed valuable favors upon Corpus Christi, which was at the time the nearest town. She donated a fine church edifice and donated to the Presbyterian church in Corpus Christi. It has been her custom to make her home in that place for a part of each year.

**Several thousand Mexicans are kept constantly employed upon Mrs. King's** ranch, and it is among this population and their respective families that she performs a vast amount of good. She has a large number of practically all of her life upon the frontier, and perhaps, no other person in the western states has done more for the character of the lowly Mexican of this border section than this remarkable woman.

**FOUND PIRATES' GOLD, BUT GOES TO PRISON**

**Louisiana Man Accused of Misleading Many to Put Up Money for Search**

**Declares He Tells the Truth and Will Prove It When He Gets Out of Jail.**

**ABBEVILLE, La., Aug. 2.**—"I am going to the penitentiary because they say I lied when I found a pirate's cave containing \$300,000 in treasure, but I was not lying, and when I am a free man again I will penetrate the marshes of this parish and find that money," said Joseph Choate, known as the "Pirate Treasure King," before he left here for the State penitentiary in the custody of two officers.

**Choate advertised his project** extensively, selling shares in his company and obtaining more than \$10,000 from men and women who were impressed by his statements.

**"I had almost decided I would** live and die, but the sight of the treasure stimulated me. I planned to bring the treasure by means of a small boat, and a good crew of men to help me. I had a small boat and a crew of men, and I was ready to start.

**There are many who believe that** Choate is a fraud, and that he has no treasure. They say that he has no treasure, and that he has no treasure.

**Choate was arrested** by the police of Abbeville, Louisiana, and taken to the State penitentiary. He is now in the custody of the warden.

**MUSEUM'S FINDS IN EGYPT.**

**Good Progress by Metropolitan's Expedition—Excavations Reveal Much of Earlier Christian Civilization and of the Manners of the People.**

**Dr. Hirdlicka of the Smithsonian Institution, who has been working in co-operation with the Metropolitan Museum excavations during the last six months and who made a skeletal examination of the uncovered remains of the past at the oasis diggings, drew the following deductions concerning the kind of people who lived there:**

**"The Kharga graves showed people** of a rather small stature, mainly of a type indistinguishable from the Egyptian, but with rather considerable admixture of broad heads (nearly 20 per cent). The graves of the Christian Necropolis give less of the foreign elements than those of Ain el Turabi.

**Observations made on the modern** inhabitants of Kharga show that several important changes have taken place in the population of the oasis since the period represented by the early Christian Necropolis (fourth to sixth century, A. D.). There has been a great influx of negro blood and of Semite people (Arabs, etc.).

**The current number of the Bulletin** sets for the value of recent acquisitions made through excavations at the site of the ancient Roman town of Arretium, the modern Arezzo, in Tuscany, which was the seat of the late republican and early imperial Roman Empire.

**At the Kharga oasis the expedition** there has continued the work of uncovering the Christian necropolis and a part of the ancient city of Hibis. The Kharga oasis has been found to be an ancient cemetery, the remains resting over brick vaulted subterranean tombs. In a cranny in one of the house walls the explorers found a board of coins of the joint reign of Diocletian and Maximian, and a collection of other coins discovered here, a later date and permitted the speculation that folk were living over these vaulted tombs as late as the end of the fourth century.

**The examination of Mrs. Curry's** will was completed yesterday afternoon during which many spirited arguments by counsel for both sides ensued.

**BOOMING MATRIMONY IN HAWKEYE STATE**

**Young Married Couples in Des Moines Form Unique Waka Footi Kawaii Society.**

**DES MOINES, Iowa, Aug. 2.**—To encourage marriages and to discourage divorces several young married couples of this city have recently formed an organization known as the Waka Footi Kawaii, Japanese words which in English mean "Young Married People's Society."

**The organization followed a sermon** by the Rev. A. C. Hagerman, of the first Methodist church, of this city, who spoke on the divorce evil. It was then some of the more practical of the members of the audience determined to take this step. G. I. Huffman, a prominent young man, was chosen as the first president.

**The society has proved a winner** in catching old maids and bachelors. The object of the young married folk is to be happy; if they are not really happy, they are to appear happy. In this way they expect to show the bachelors who boasts he would rather be home reading his sporting paper than the center of a bunch of howling "kiddies" that he is entirely mistaken and that after all married life is the only happy one.

**Members of the society make it a** special point to tell all of their old bachelors and maid friends what a splendid time they enjoyed when they assembled to spend the evening at the home of one of their members. The parties arranged are very informal. The men are expected to take their wives and girlfriends to the "kiddies." If they be so fortunate, and to make their way to the scene of the evening reception. If the husbands neglect to bring the children, a fine is imposed, which is sent to the treasurer, who deposits the same in the general treasury.

**At the beginning it was decided to** admit only married couples to live in this city, but the success of the new organization attracted the attention of outsiders, and it was decided to admit all married persons, providing they had not been married more than ten years. At present similar organizations have been planned and are in force all over the State. All reports indicate progress and it is probable that the society organized in this city will soon be a national affair.

**"You may not believe it, but we have** succeeded in roping in quite a few old maids and bachelors of the most pronounced type," exclaimed Mr. Huffman, founder of the unique organization.

**ITCH AND LICE GONE FROM COLUMBIA JAIL**  
Both are Released Through Action Drought Under Insolvency Law.

**BLOOMSBURG, Pa., Aug. 2.**—Notwithstanding some of the unkind remarks made concerning the Columbia county jail, the authorities are of the opinion that the institution should now be a fairly comfortable stopping place.

**HUSBAND DIED YEARS AGO.**  
Captain King died many years ago, he did not live long enough to see his just acreage properly double, triple and even quadruple in value in the course of a few years. He located his ranch here in the days when the range was open and free. It was not necessary then for a cattowoman to own more than a few sections of land. His herd could graze over the broad expanse of territory in every direction, so long as they did not come into conflict with the brands of some other ranchman.

**5,000 VICTIMS OF REBELLION AT BARCELONA**

**PARIS, Aug. 2.**—The international situation in Spain tonight seems to be improved. Barcelona has emerged from her isolation, and the threatened general strike in Madrid appeared to have been averted, at least temporarily.

**In striking contrast with the esti-** mate of the victims of the disorders given by the Barcelona newspapers which arrived tonight at Carber's is one of 5,000 emanating from private letter received from Madrid. This latter estimate, however, is labeled "perhaps exaggerated."

**CHATHAM, N. B., Aug. 2.**—The championship of Chatham was settled this evening in a game in the exhibition field, when the Stars defeated the Vipers 15 to 1. The game was very close, and the Stars were very fortunate in their victory. The game was played in front of a large crowd of spectators.

**FAIR CLAIMANT GETS THE WEALTH LADEN HAND BAG**

**NEW YORK, Aug. 2.**—The wealthy lady hand bag bearing the initials "G. L." which was found on the excursion steamer City of Worcester on July 3, was claimed today by a woman who gave her name as Grace Whelan, of Philadelphia.

**Witness denied that she broke the** lock of the door at Woodman's Point in order to gain admittance. Witness said that she was often angry with her because she treated Vicky with respect. He said that she was treating her as an equal.

HOTEL MEN SAY THAT  
BUSINESS IS BOOMING

Tourist Traffic is as Large as Other Years  
With Good Prospects of Breaking Record

Local hotel managers report that the tourist business has been right up to the high water mark so far this season. Last year the number of visitors to the city was unusually large, but as near as can be judged this year has seen at least as many. The rush did not start until about the middle of July, as is usual, but since then there have been large numbers arriving on every boat and train. The hot weather has done its part in sending the crowds, but the steady growth in the business is chiefly due to the fact that the attractions of this part of the country becoming better known and more attention is being paid to caring for the tourists both by the transportation companies, the hotels and the managers of summer resorts.

COMMUNICATIONS TO  
THE COMMON COUNCIL

The communications submitted to the Common Council at the regular monthly meeting yesterday were dealt with as follows:—  
A communication from Murray McL. Holly asking that Cedar street sewer be extended, was referred to the water and sewerage board.  
Macrae, Sinclair & Macrae stated they had been retained by Peter Smith of Simonds, to enforce a claim for alleged damage to his property by the building of the dam at Mispic stream.  
A communication from Francis Kerr & Co., Limited, informing the council that Mr. Justice Barker by injunction order, has decided that the city had no right to lease lots 3 and 4, Charlotte street extension, and that the company is thereby prevented from enjoying the premises leased by the city, and stating that prompt attention is necessary, was referred to the harbor committee.  
A communication from the president of the League of American Municipalities inviting the city to send delegates to attend the annual convention of the league at Montreal on the 25th, 26th and 27th of August, was received and the common clerk was instructed to reply acknowledging the honor but declining the invitation.  
A communication from James Earle asking for damages for injuries received by a fall, was referred to the claims committee.  
A communication from Mrs. Charlotte Thompson again calling attention to the old unoccupied house on Ludlow street, adjoining her house, and asking the city to take action, was received and on motion of Ald. Baxter, it was decided to take the necessary steps to have the house removed.

MONTREAL WANTS

Substantial Offer for Exhibition and Lecture—Miners Representative Using Dark Lantern Methods

MONTREAL, Aug. 3.—The number of men going from Montreal to the Sydney coal mines has aroused the strikers. Yesterday a man arrived here to stay in Hill the end of the strike, and his duty is to prevent men from going from here and also to see the newspapers and try to get them published in French in the evening in the Monument National.

ANOTHER SECTION WILL BE  
READY IN THREE YEARS

A. B. Blanchard Tells of Construction Work on Division B of Transcontinental—Has Charge of Section G

A. B. Blanchard, of the staff of the Transcontinental railway is in the city today on his way to Nova Scotia on a visit to his former home. Mr. Blanchard is in charge of section No. 6 of Division B, which stretches from the New Brunswick boundary across the St. Lawrence river and westward, a distance of about 325 miles in all.  
The work on this section is progressing favorably and about 50 miles of steel will be laid this summer. The division will probably be completed here for one day, giving an exhibition at Blue Bonnets Track and a lecture in French in the evening in the Monument National.  
The bridge will take several years to construct but it is the intention of the government to make connections across the river by means of a car ferry in the meantime. A plan which Mr. Blanchard says is eminently practicable. No serious labor troubles have been experienced on this division and the road is making a rapid progress so could be expected.

FOUR TRANSPORTS WITH  
TURKISH TROOPS LEFT  
ISLAND OF CRETE

Fleet Ordered to Protect Them—Greatest Sorely Being Observed

ST. PETERSBURG, Aug. 3.—The Novos Vremya today published a despatch from Constantinople saying that four transports loaded with Turkish troops have left the capital for the island of Crete and that a fleet of five or seven battleships has been ordered to escort them. The greatest anxiety regarding these naval movements is being observed, and it is supposed that Turkey intends to effect a landing on the island.

MONCTON WANTS  
TO PLAY LOCAL  
LEAGUE WINNERS

MONCTON, N. B., Aug. 3.—There is a movement on foot here to organize an all city ball team to play the St. John Marathons or St. Peter's in a series of five or seven games for the championship of the province. The only difficulty in the way of the series is the fact that St. John ball players have been professionalized by the M. P. A. A. and the Moncton players do not wish to jeopardize their amateur standing. It is believed, however, that a strong team can be secured of players who will risk the displeasure of the Maritime Association.  
Monctonians are somewhat indignant at the claim that the paper Free Speech is printed in Moncton. It is not and never has been printed in this city.  
Captain J. E. Masters this morning received a telegram from Chicago announcing the death in that city on Monday night of his brother, Captain Arthur W. Masters.  
Deceased was the son of the late Mr. A. W. Masters, of St. John, and was born in Amherst on April 11, 1880. He was 29 years of age. He married Miss Estelle Devine, daughter of the late Prof. Devine, of St. John, and is survived by his mother and two children. Also his widow, Mrs. Hannah Masters, residing with Capt. J. E. Masters, Moncton.

YESTERDAYS HEARING  
IN THE CURREY  
SEPARATION CASE

continued from Page One.  
A—Did you consent. Ans.—Yes.  
A—Did you see the bank book? Ans.—Several times in a tin box in Mr. Currey's vault.  
Dr. Currey to Mr. Skinner (loud enough to be heard)—She never saw it in her life.  
Q—What ever you ask for your bank book? Ans.—Yes, in March, 1907. Currey replied with scorn "You never had a bank book."  
Q—What did he say? Ans.—I told him that I had one.  
Q—What did he say? Ans.—"Get it."  
A—What did you do? Ans.—I saw Mr. Robertson of the Savings Bank and he said that Mr. Currey had withdrawn the money on the first of February previous. Witness then asked Currey for the money. He refused.  
Q—What did you do then? I saw my lawyers. Witness said that outside of her jewelry and silver she had no money except \$200 which she lent to her father years ago.  
Mr. Test—"As to the consumption of intoxicating liquor in the house, it was as it is consumed, and in what quantities did it come to the house? Ans.—I do not know.  
Q—Who helped you with your provisions? Sometimes Currey would bring a couple of bottles in his pocket. Witness has no recollection.  
A—When would it be taken? Ans.—Any time. He would consume it during the night. Witness said she would drink a quart of whiskey from the bottle in a night. On one occasion she had \$300 in the Bank of Montreal. About that time Currey was going in the Elaine S. C. Co. and obtained her signature saying he wanted to use the interest only. Subsequent enquiry as the bank showed that Currey had drawn out the whole amount. That was the last time she ever heard of her money.  
Witness denied that she ever stayed out late at night. Mrs. Currey said there was nothing improper about her relations with Mr. Palmer.  
This finished the re-examination.  
Mr. Skinner then cross examined witness on the new matter brought up by Mr. Test. Witness denied that she refused to go back to Currey whenever he ordered her.  
Witness admitted that she never saw any debentures. Mr. Currey, answering to witness, practically promised witness a European trip.  
Mr. Skinner—"The best trips I ever had in my life were the ones I didn't take."  
Witness admitted that she was a member of two little clubs which met alternately.  
This finished the cross-examination of Mrs. Currey.  
William Child Currey, aged 13, son of the parties to the suit, was called by Mr. Test.  
Mr. Skinner—"Before the boy is sworn I desire to object to the lad giving evidence. Mr. Skinner based his objection on the ground he had been in the company of his mother for over a year and away from his father for that period of time, consequently he was apt to be prejudiced.

RED TAPE DELAYS RELIEF  
MEASURE FOR ACAPULCO

MEXICO CITY, Aug. 3.—A despatch from Acapulco night states that earthquake shocks still continued. All buildings which remain standing are untenable, a heavy rain is falling and many are suffering from want of shelter. The tents and temporary shacks in which the people are living are pronounced miserably inadequate. A number of citizens are acting as special policemen. There has been some looting. Food, clothing and medicine is urgently needed but has no relief steps have been taken by the federal government.  
It is stated at the war department that no request for national aid has been received. It is said relief measures are being set up through red tape. The appeal for federal aid must first be made to Governor of Administration Flores, de Guerrero, who in turn will transmit it to President Diaz. The people of Acapulco have heard that the United States has offered to send food and supplies on warship and are overjoyed at the prospect. The Federal authorities here deny any knowledge of outside relief.

A MOTLEY CROWD BEFORE  
THE MAGISTRATE TODAY

There was a mixed quartet of prisoners on the dock here this morning when court opened. Eliza Nickerson, a 58 year old Sheffield street dame, pleaded guilty to the charge of drunkenness and was fined \$8 or 30 days jail. She took the jail.  
Francis who pleaded guilty to being drunk on the street, on inquiry from the magistrate, how she happened to get drunk, Amelia laughingly said that she had been out to a Willow Grove picnic, picking blueberries. She was fined \$5 or two months in jail. The old colored woman did not go to jail, but produced a writ of habeas corpus.  
Edward Sheers is a colored young street urchin on the dock. He went to jail ten days for drunkenness.  
John Curry, a white man, pleaded not guilty to the charge of being a habitual frequenter of houses of ill repute on the street. Police Officer Bebeva gave evidence that O'Brien is a ticket of leave man from Dorchester Penitentiary and that he spends most of his time at Alice O'Brien's house of ill repute on Sheffield street, that O'Brien lived with Alice, who is colored, and has a bad reputation. Bebeva arrested O'Brien early this morning as he was entering the Sheffield street house.  
The prisoner asked that the case be adjourned until he procured a lawyer. This was granted and he was remanded to jail.  
John O'Leary and Peter Richards pleaded not guilty to fighting on Bristol street last Saturday. Policeman McCollum testified that he saw O'Leary strike Richards on the head. Richards said that he had been hit with a bar of iron which caused a large lump on the head. The lawyers explained that they only drove their coal teams across the sidewalk into a yard, and they were not guilty.  
Miss Morris was before the court charged with allowing a ferocious unmuzzled bull dog to run at large and badly injure a small fawn terrier owned by Thos. Dixon. The lady was told by the court to destroy the dog or pay a fine of \$20.  
James Murray, a teamster, was instructed to get out a license.  
Fred Donovan, James Murray, Henry Harvey and John Ryan were reported for driving over and destroying the sidewalk at the East end of Lennox street. The teamsters pleaded that they only drove their coal teams across the sidewalk into a yard, and they were not guilty.  
George Secord, charged with hawking fish on Sheffield street, explained that he was the only accompanying Billy Baxter and was not engaged in selling the fish. He was excused.

INLAND REVENUE.

Inland Revenue receipts for the month of July show a decrease of \$2,628.88 in comparison with the same month last year.  
While there is a decrease in many commodities, bulk tobacco shows the heaviest falling off. This is due largely to customers, who formerly had this article come to St. John in bond, but who now pay duties in Montreal, thus enabling them to distribute the tobacco on route from that port.  
The following table shows the receipts in detail for the month of July:  
Spirits ..... \$13,066.75  
Tobacco ..... 3,457.98  
Cigars ..... 1,427.90  
Raw Leaf ..... 461.44  
Dressed Mfrs. ..... 264.82  
Other Receipts ..... 1,800.00  
Total ..... \$23,077.89

SAD NEWS FOR THIRSTY

CITIZENS OF CHATHAM  
CHATHAM, N. B., Aug. 2.—The present system of enforcing the Scott Act, which has been in vogue for some time and consists of about three likely to receive a job at the hands of the town council. At last night's session a report of the Scott Act inspector was not filed as usual, but was referred to a committee of the whole which will meet on Friday night to look into the Scott Act question and determine the policy they will follow.

The Glouce Bay Salvation Army band, which has been rendering concerts in the city, left today on the Ocean Limited. Before returning home, the band will visit Sussex, Moncton, Amherst, Springhill, Charlottetown, Westville, Stellarton, New Glasgow and Sydney.
