

OPTIMISM THE THEME OF AMBASSADOR JAS. BRYCE

Great Britain's Representative At Washington In Illuminating Address Before The Canadian Club Last Night Deals With The Larger Questions Of Empire—Predicts A Bright Future For St. John—His Opinion Of The River Scenery.

WHAT HE SAID IN POINTED BRIEFS. "Yours is the port for an ever increasing number of inter-oceanic lines. To continue, I may say, gentlemen, that every occasion on which I have come back to Canada I have been increasingly struck by the rapidity of her growth. In all matters which the colonies have to suggest for the strengthening of the Empire as a whole, the Mother Country is ready to stand back of them. The colonies know what is best for themselves and by that very fact they are kept in sympathy with one another and in a common bond with the Mother Country. You have a great future. Here in the Maritime Provinces I cannot say that you have all the advantages of the fertile west, still you should feel that prosperity to any part of the Dominion means the same to you. You hold the keystone to the situation. With the development of your splendid resources, capital must eventually come your way."

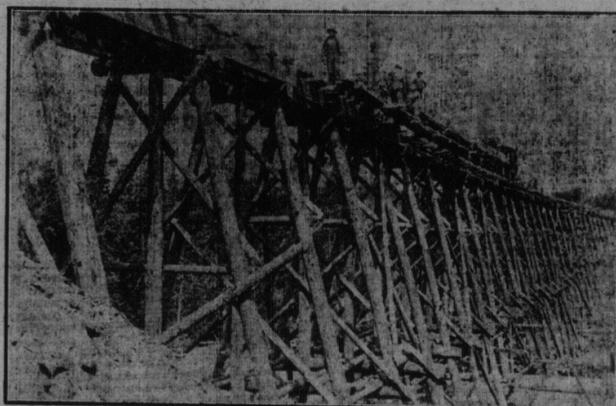

"Canada and her future" was the subject of a stirring and eloquent address delivered before the Canadian Club last evening in the Assembly Rooms at Keith's Theatre, by the Rt. Hon. James Bryce, British Ambassador to the United States. Mr. Bryce, who is already famous in the worlds of literature and diplomacy, has made a close study of Canada and the Canadian people, and the theme of his address last evening was for the proper conservation of certain resources of the Dominion and the development of others. He referred to the forests of the country in particular, to the proper preservation of which, he said, he was

glad that steps were being taken by the governments of the different provinces. He was glad to know that although Canada was a vast country, her splendid railway systems were bringing about the unification of her hitherto scattered population. Optimism for the future was the keynote of his speech, while the devotion of Canadians to Canada was also emphasized. His Excellency's address was cheered again and again. Luncheon was served by the King's Daughters Guild and covers were laid for about three hundred people. Seats to the right of the president were occupied by the guest of the evening, Hon. Mr. Bryce, Premier Hazen, and Rev. R. A. Armstrong, while to the left were Lt. Governor Tweedie, Mayor Bullock, Dr. T. Dyson Walker and Mr. W. H. Thorne. The Nickel Orchestra, assisted by the Bush Quartette, furnished an excellent programme of music during the progress of the luncheon. Letters of regret for their inability to be present at the luncheon, were received from the president of the Woodstock Canadian Club, from Hon. W. C. H. Grimmer, Hon. Justice Landry, and Hon. George E. Foster. The Chairman's Introduction. When luncheon was concluded at 7.15 Mr. C. B. Allan, the president, in a brief speech introduced the guest of the evening. Mr. Allan said that he felt specially honored at the privilege of presiding over a meeting to meet such a distinguished visitor. The Canadian Club in its day had had the honor of entertaining many eminent and prominent men, but none more so than the guest of the evening. The well known reputation of Mr. Bryce in the field of literature and diplomacy was convincing evidence of the fact that he was one of the leading men of the world today. He felt that the honor was not alone to the club in having so distinguished a visitor, but belonged to the city and to the Province. The presence of His Honor the Lieut. Governor and the Premier of the Province he considered as further evidence of this fact. He hoped the visit of Mr. Bryce and Mrs. Bryce had not been entirely devoid of interest.

Repairs To Wrecked Bridge Will Be Completed Tomorrow

Toronto Construction Company Rushing Reconstruction of Trestle Recently Demolished -- Cause of Disaster Likely Due to Recent Rains, Says Engineer -- Injured Men Rapidly Recovering -- Body of Victim Sent to Home for Interment.

The Bridge Over Mullin's Brook Before And After The Disaster Of Saturday. In The Upper Illustration May Be Seen The Construction Train At Work, And In The Lower The Wreck Of The Locomotive Beneath Which The Body Of The Victim Was Taken.

Special to The Standard. Fredericton, Aug. 17.—By Thursday repairs will have been made to the mammoth trestle over Mullin's Brook on the G. T. P. railway construction four miles west of McGivney Junction to allow working trains to use the bridge and to proceed with the work. Since the accident occurred the work of making repairs has proceeded rapidly as it is of vital importance that the immense fill should be finished before the winter sets in. The fill which is being made by means of the temporary trestle is being done by the Toronto Construction Co. themselves, although they subcontract the cuts on either side of the place, this work having been done by the firm of Rigby and Hylands who have their headquarters in this city.

Engineer Returns. This evening H. H. Charles, the resident engineer at McGivney Junction returned here after spending his vacation at his home in Ontario. He made a careful and complete examination of the trestle today and stated that the accident was one of those unaccountable things which happen on large construction contracts. Great care had been exercised in the erection of the trestle, the work having been done under the supervision of one of the best experts in Canada, and it was thoroughly examined and tested before allowed for use. The accident was not due to any defect in the trestle work Mr. Charles said, but was probably caused by the snow and ice in the old dump sliding out owing to the heavy rains recently and the gradual melting process.

A Young Man. John McMullin, the Cape Bretoner, who was killed in the accident, was a young man, only 27 years old. His remains have been sent to his home at Boston, C. B., for interment. The injured who went through the trestle with the work train, are all making excellent progress and Howard Patterson, of Mountain, Ont., the engineer in charge of the "dinky" engine on the construction train, will soon be released from the Victoria hospital where he has been undergoing treatment for the painful burns he received about his head and body. It is a difficult proposition to get anything in the way of a definite estimate of the amount of damage the Toronto Construction Co. must bear on account of the accident.

PYTHIANS IN SESSION NOW AT HALIFAX

23rd. Annual Convention Opened At Citadel City Yesterday Morning Spent In Receiving Reports.

GRAND CHANCELLOR'S GLOWING REPORT.

Special to The Standard. Halifax, Aug. 17.—The 23rd annual convention of the Grand Lodge K. of P. of the Maritime Provinces, commenced in the Legislative Assembly Chambers this morning, with Grand Chancellor A. McDonald in the chair. The Grand Lodge adjourned at one o'clock and this afternoon enjoyed a reception on the harbor and North West Arm. The Grand Lodge convened again at eight o'clock and after a short session the subordinate lodge convened and the Union Lodge team, of St. John, conferred the rank of knight on four candidates before a large assembly of knights. The Grand Lodge convenes again tomorrow morning at 10 o'clock. Before the opening of the Grand Lodge this morning, Mayor Chisholm welcomed the knights to Halifax on behalf of the city and extended the freedom of the same. The Grand Lodge opened in due form when the report of the Grand Chancellor McDonald was adopted. Continued on Page 3.

PROHIBITIONISTS WIN IN THE SOUTH

15 Of The 21 Counties Of South Carolina In Which A Plebiscite Was Held Yesterday—Vote For No License.

Charleston, Aug. 17.—The unofficial returns from the elections held in 21 of the so-called "wet" counties of South Carolina for the purpose of allowing the voters of each county to choose between prohibition and the county dispensary system, state that the prohibitionists have been victorious in fifteen of these counties. Only a small vote was polled.

Finland Act Of Ontario Farmer Who Kills His Daughter And Then Takes His Own Life—Thought Insane.

THE ONLY WITNESS TO TRAGEDY A BOY.

Special to The Standard. Norwood, Ont., Aug. 17.—Thomas Willoughby, a farmer living about two miles from here, shot his daughter, a girl about twelve years of age, through the breast with buckshot about 3 o'clock today. The shooting occurred in the woodshed in the rear of the house. After killing her he washed and dressed the body, carried it in the house and placed it on the couch. Then he took a dose of poison, ending his own life. The only witness of the tragedy is a boy about 12 years of age who can not give a very lucid account of it. Mrs. Willoughby was in Norwood at the time and knew nothing of the dreadful affair until reaching home. Mr. Willoughby has been sick for some time and despondent. It is thought he was insane. He was about forty years of age, and is survived by a wife and two small children.

CROWN OF GALICIA OFF ON LONG VOYAGE

Steamer Leaves Sydney With 5,000 Tons Of Steel Rails For Prince Rupert—A 15,000 Miles Trip.

Special to The Standard. Sydney, Aug. 17.—With a cargo of 5,000 tons of steel rails for Prince Rupert, the steamship Crown of Galicia has left here on her long voyage of 15,000 miles around the Horn. It is probable that she will take the Straits of Magellan en route, but will have to stop at several points both on the journey down and the long haul up for coal. This is a long voyage of 15,000 miles, but it is expected that the Crown of Galicia will reach her destination at the end of September. She is a vessel of 3,140 tons.

W. B. Northrup M. P., For East Hastings Makes Splendid Impression In Citadel City—Vigorous Arrangement.

Halifax, N. S., Aug. 17.—W. B. Northrup, M. P., of East Hastings, Ont., addressed a political meeting tonight and made a splendid impression. He reviewed the record of the Laurier government and asked the people to decide if they had not done much to blacken the fair name of Canada. Reaching this conclusion it was the duty of the electorate to turn them out so that better men might administer our affairs. Mr. Northrup leaves for Sydney by the morning express on Thursday. He will spend two or three days in Cape Breton. Mr. Northrup's wife accompanied him. Today he visited the Northwest Arm, the guest of Senator MacKeen and this afternoon he was a spectator at the maritime lawn tennis championships.

Special to The Standard. Brockville, Ont., Aug. 17.—Owing to the fact that an epidemic of typhoid fever had broken out in this town, samples of water were submitted to Dr. Connell of Kingston. They show a high percentage of intestinal bacteria. The board of health will take immediate steps to have the water purified by filtering.

CANADA AND AUSTRALIA ARE HOT IN COMBINATION

Report Recently Sent Out Through American Agencies Impugning The Existence Of A Pact Between The Two Dominions With Reference To The Japanese Peril Is Characterized As Bosh—Australia's Naval Policy.

Special to The Standard. London, Aug. 17.—The despatch sent through American agencies and published broadcast throughout Canada, and referred to in today's Times in a special despatch from Ottawa, as representing Canada and Australia as combining for the use of local fleets in the Pacific in order to "Meet the Japanese Peril" causes the Canadian delegates to the Imperial Defence Conference to wonder who is authority for such "Bosh." The Canadian Associated Press has the highest authority for stating that the story is "absolutely a fake." Japan has not been mentioned or discussed in any way by the Imperial Defence Conference. The scheme of naval defence agreed to by the Australian representatives and the Admiralty is described as completely satisfactory to Australian national sentiment. The Australian fleet does not pass automatically under the control of the Admiralty during the war but will be placed at its disposal if, when the necessity arises, it is recognized in war time that the navy must be under a central control. Ample provision will be made for the interchange of officers, though for some time the Imperial navy must supply officers and men. No "Dreadnoughts" will be given, the money being spent on cruisers.

4 DAYS IN JAIL FOR SMART FOREMAN

Exactd \$1.00 Per Head From Foreigners Employed In Handling Freight At Montreal.

Special to The Standard. Montreal, Aug. 17.—Taking advantage of the ignorance of conditions on this side of the Atlantic, four Bulgarians paid Joseph Charron \$100 for jobs unloading vessels, Charron being employed as a stevedore foreman. The payment came to the ears of the shipping companies and they instituted a prosecution, and today Judge Choquette sentenced Charron to four days in jail. Two other men accused of a like offence elected to stand a jury trial. The practice of taking advantage of the ignorance of foreigners has become somewhat common on the Montreal wharves and the shipping companies are determined to wipe it out. Charron's sentence was made light as he had agreed to refund the money he so obtained.

SAILORS RESCUED FROM JEALOUS SEA

Long Island Life Savers In Spectacular Deed—Took Off Captain And Crew From Wrecked Schooner.

New York, Aug. 17.—Long Island life saving station savers after a six hours battle added another victory against the sea to their long list of remarkable rescues, today when they brought safely to land the captain and crew—seven souls in all—from the three masted schooner Arlington, of Boston, which went ashore early this morning in the driving rain and fog off Long Beach on the south shore of Long Island. The eight members of the crew, Madden Pierson, a Swede, put off from the schooner on a raft, with the hope of reaching shore with a line, was swept out to sea by the tide and was lost sight of. It is believed that he perished. It was at first reported that Pierson had been picked up five miles to the south of Rockaway Beach, but this was not borne out. The rescue of the schooner was witnessed by cheering guests of the Nassau Hotel at Long Beach, and by hundreds of cottagers. And strangely the boat was indirectly responsible for the vessel's plight, for Captain Ira Small, after having lost his bearings, mistook the glimmering lights in the structure for those of a liner in mid ocean and thus misled, ran aground.

On receipt of this warning, the Cretan authorities issued an appeal to the people not to obstruct in any way the action of the powers.

LUMBERMAN IN STRANGE MISHAP

Nova Scotia Man Caught On Raft Of Logs And Whirled To Mill—Quick Action Of Another Saved His Life.

Special to The Standard. Millidgeville, N. S., Aug. 17.—Alexander Jackson, had a strange ride last week which he will probably remember as the ride of his life, for, wedged between two logs he was whirled down a millway until he was on the verge of the rapidly revolving mill wheel itself. A small drive of logs had been brought down the river and Jackson, who was inexperienced as a log driver attempted to go across the logs and fix the boom. He happened to cross at the front of the drive and when he was in the middle of the stream, and right at the mouth of the sluice, he lost his balance and was thrown forward. At the same time the sluice way was opened and he was sucked into it. Caught between two logs he was whirled for nearly three hundred yards in the rapidly moving water to what seemed certain death or at least frightful injury. By some lucky chance a mill hand saw him in time to drop the door of the mill wheel and thus saved his life. The logs brought up with terrific force against the door and Jackson was knocked insensible by the force of the impact. He was taken out and beyond a severe fright and a few bruises, he was none the worse for the experience that he calls the "ride of my life."

ANNUAL MEETING
NOW BEING HELD.

Continued From Page 1.
The report of Grand Chancellor S. A. McDonald was:

On this, the twenty-third annual convention of the Grand Lodge of the Knights of Pythias of the Maritime Provinces, it is my very pleasant duty to extend fraternal greetings to you, the officers and members of this lodge.

We have to-day reached the twenty-third milestone along the great highway to that perfection which is the aim and ambition of all true and loyal Pythian knights, and I think it quite in order that we should pause for a brief space and review the ground over which we have travelled that we may take heart and courage to press forward with renewed vigor and determination.

As we meet from year to year at this balancing time when to use a commercial expression, we find to which side of the account we must credit or debit the year's work, we comprehend more fully the meaning of the great word, Brotherhood, embodying the three beautiful principles of our order, namely, Friendship, Charity and Benevolence.

The Pythian order, based on such principles, is to-day one of the greatest factors for good in the world. I feel that I am guilty of no exaggeration when I make this statement which is fully warranted by the records of our achievements.

I am sure it is gratifying to you as it is to me, to note the great success attained by our order in this Dominion. Slowly but surely we are climbing to a high and honorable position among the orders of a similar nature, notwithstanding that as a matter of years, we are but infants compared with many of the older organizations.

I believe by every individual member endeavoring to appreciate the principles of the order and exemplifying the same in his daily life, the Pythian order will become a synonym of all that is good and noble.

The ideals and lessons taught the candidates through the gradations from rank to rank must surely have a lasting influence on their lives.

We are proud to know that our beloved order is enlarging its membership, extending its influence, and commanding to-day a leading position as one of the greatest fraternal organizations in the land.

When you elected me to the high office of Grand Chancellor, I accepted it with a feeling of responsibility, and I desire there was to me the pleasure of visiting every lodge in the domain, and to carefully study conditions as they existed. But I regret to say that private business matters over which I had almost fully no control deprived me of that cherished duty. I trust some day to be able to avail myself of this privilege, although not as your executive head.

There are still in our domain some weak lodges that require careful attention. The matter of getting the members of such lodges to take an interest in their work is to me one of the greatest problems that any Grand Body has to deal with. Collingwood, Border and Sea side are in need of assistance. Spending money on weak lodges has not always been conducive of good results.

Delinquent lodges like delinquent members are hard to master. During the term, I endeavored as far as possible to keep in touch with the deputies of the various lodges. I regret that some of them have failed to submit a report of their official duties.

Crescent Lodge, Summerside, after repeated efforts by this Grand Lodge to make it one of the active lodges in the domain, has had its charter withdrawn during this term, owing to lack of interest on the part of its members. I made several visits to this lodge, and after fully considering the matter decided to have the charter withdrawn.

I visited Black Diamond in Glace Bay, C.B., accompanied by Grand Inner Guard McKenzie, and am pleased to report that Black Diamond is making good progress. I was delighted with the reception accorded me and the enthusiasm manifested by Grand Inner Guard McKenzie, with a view to revive their lodge, but at the request of the members, it was thought advisable to have the lodge stand over until the summer season.

REQUESTS MADRID TO WITHDRAW HER TROOPS

Madrid on the Other Hand Anticipates More Bloodshed and Demands Aggressive Campaign.

Germany Will not Interfer Unless Algeciras Pact is Broken.

Fez, Morocco, Aug. 16.—General Bagdad, commander of the Sultan's troops, left today for the Rif region bearing the Sultan's orders that the tribesmen cease attacking the Spaniards. At the same time the Sultan instructed the Moroccan special embassy at Madrid to advise the Spanish government of General Bagdad's mission and to request that General Marina, the Spanish commander in Morocco, be ordered to refrain from making an offensive movement against the tribesmen.

Colonel Dodge, who is commanding the first regiment of the Maritime Provinces, in bringing this branch of the order to a high state of efficiency, lodges that have a military branch claim it has been a strong factor in adding to their membership. I extend a most hearty welcome to the Sir Knights and trust that they may have a profitable and inspiring session at this, the sixteenth annual session of their assembly.

The following Grand Lodge cards have been issued: Brother E. B. D. Armond, Winnipeg; Brother H. R. Picketts, Campbellton, N. B.; Brother W. Baird, Moncton and Brother J. A. McDonald, Moncton.

St. John lodge amended its by-laws; Maple Leaf lodge approved by-laws; New Brunswick lodge approved by-laws; Frontier lodge changed night of meeting; Chignecto lodge changed night of meeting and Frederick lodge renewing ballot. I am one of those who believe it is wise to go slow in matters of this kind. Changes made in our by-laws and the government of our order may not be conducive to good results. It is not safe to wander far from the established and well-trodden landmarks.

(1) I would suggest that an effort be made to give the military branch a more prominent place at our annual conventions, with this view I would suggest that the Grand Lodge donate a suitable trophy to be competed for on conditions that may be agreed upon.

(2) That we take into consideration the advisability of an effort being made with a view to have more temples of the Pythian sisters organized in our domain.

Brother Moulson, our efficient and obliging Grand Keeper of the Records and Seal, has been untiring in his efforts to extend the influence of the order. I wish to convey to him my sincere gratitude for the courtesies extended to me during the past season. I trust he will be spared many years of active service to the order.

May we not pause and reflect for a moment, as we are reminded that many of the members who have been active at the conventions in former years, familiar figures to all of us, have now forever passed away. We see the vacant chair of our late brother, George H. Parsons, a member of Halifax lodge of this city, and a member of the Grand Lodge, whom it was my privilege to appoint as Chairman of Committee of Returns and Credentials. We extend our sympathy to the bereaved family and friends. My acquaintance with Brother Parsons leads me to believe that he was a man of superior judgment and a sincere friend of the order.

In conclusion, I feel that in laying down the mantle of office it is to be worn by more worthy shoulders than mine, but it will in no sense lessen my interest in the order. If in any way you think I have erred, I would ask of you that charity, that friendship, which is the golden cord that binds us together, and that my mistakes, if any, may now be blotted from your memory.

Records and Seals.
Mr. James Moulson, Grand Keeper of Records and Seals said: It has been my practice to include in my report submitted at conventions of Grand Lodge, tabulated statements showing the receipts and disbursements of each lodge, also statement showing membership of each lodge on June 30 of the previous year, and on June 30 preceding the convention of Grand Lodge. Statements for the term ended December 31st, last are complete and in type. Statements for June 30th are in type and the reports have been received. Owing to the non-receipt of several reports (or lodges which are usually prompt, I am unable to present the usual tabulated reports, but they will appear in the Journal. The reports which have not reached me will, no doubt, be in my hands before convention, but by waiting longer sufficient time would not be left to have reports submitted to you as formerly.

On June 30, 1908, the membership was 2,256; on December 31, last, it was 2,178. This shows a loss of 78 members. 54 of this loss is due to Crescent Lodge, Summerside, having a membership of 23, surrendering their charter, and Strathcona Lodge, Truro, suspending an unusually large number, 31. The total additions to membership of the other lodges was 98, and the total number of members lost was 92, making a net loss by active lodges, 24.

Receipts for Term Ended Dec. 31, 1908.
The following were the receipts for the term ended December 31st, last:
For ranks, \$550.50; dues, \$4,291.80; reinstatements, \$18.00; assessments, \$879.50; admission by card, \$11.00; widow and orphan fund, \$230.49; other sources, \$1,075.91. Total \$7,066.29.
Expenditures for Term Ended Dec. 31, 1908.
Sick benefits, \$997.80; relief, \$215.50; funeral benefits, \$500.00; paragonals, \$82.85; current expenses, \$3,902.90; real estate, \$606.85. Total \$6,155.30.
Membership for Term Ended Dec. 31, 1908.
Initiated, 44; admitted by card, 8; reinstated, 6. Total additions 58. Suspended, 37; withdrawn, 17; died, 7. Total loss 134. Membership 2,146.
The reports received for term ended June 30, last, show receipts, expenditures and membership as follows:
Receipts for Term Ended June 30, 1909.
For ranks, \$1,367.00; dues, \$3,831.91; reinstatements, \$400.00; assessments, \$746.48; admission by card, \$13.50; widow and orphan fund, \$206.82; other sources, \$591.22. Total \$7,288.75.
Expenditures for Term Ended June 30, 1909.
Sick benefits, \$1,235.12; relief, \$200.00; funeral benefits, \$500.00; paragonals, \$82.74; current expenses, \$3,680.65; real estate, \$1,050.50. Total \$7,635.45.
Membership for Term Ended June 30, 1909.
Initiated, 126; admitted by card, 12; reinstated, 10. Total additions, 144. Suspended, 37; withdrawn, 9; died, 10. Total loss, 56.
The membership report herewith submitted shows the membership June 30, 1909, the number admitted and lost by each lodge for the year, and the membership June 30, last.
Assuming that the membership of the lodges from which reports have not been received are the same as on December 31, the membership on June 30, 1909, was 2,276, compared with the membership on June 30, 1908, shows a gain of 19.

Assets of Subordinate Lodges.
Cash on hand and in banks, general fund, \$9,407.13; widow and orphan fund, \$9,406.77; paragonals and furniture, \$13,872.36; real estate, \$8,530. Making a total of \$40,489.16, which is an increase of \$2,738.40 as compared with June 30, 1908.

This shows a net gain of 114 and a net loss of 93. Present has surrendered his charter. A majority of the lodges have made a gain in membership. I regret that since last convention, Crescent Lodge, Summerside, surrendered their charter; Rockaway Lodge, Sydney, is not working. The property of this lodge is in charge of Brother John A. McDonald, the Deputy, and Brother Peter McKenzie, Grand Inner Guard. The arrangement having been made by the Grand Chancellor on representations made by these brothers that an effort would be made to re-organize Rockaway, Border Lodge, of Milltown, is yet in a dormant state; so far as I can learn are always ready to practice the teachings of Pythianism toward the sick and the needy, but do not take any interest in the Pythian. Owing to this apathy probably no meetings are held. Sea side Lodge, St. Andrews, has been in a dormant condition for a long time, a

AN EDUCATIONAL EXPERT HAS THIS TO SAY OF
Acadia Ladies' Seminary
WOLFVILLE, N. S.
What impressed the writer was the admirable system that prevailed in the management and in every department of work; that kindly personality and tact, the influence of which is so graceful to young people; the general sympathy in the relations between teacher and pupil, and the interest which each one seemed to feel in the work of the day. An education under such conditions is indeed a great asset—Educational Review for February, 1909.

Reports of Grand Offices Knights of Pythias Shows Record Progress—Finances — In Healthy Gondion.

ANNUAL MEETING NOW BEING HELD.

Continued From Page 1.
The report of Grand Chancellor S. A. McDonald was:

On this, the twenty-third annual convention of the Grand Lodge of the Knights of Pythias of the Maritime Provinces, it is my very pleasant duty to extend fraternal greetings to you, the officers and members of this lodge.

We have to-day reached the twenty-third milestone along the great highway to that perfection which is the aim and ambition of all true and loyal Pythian knights, and I think it quite in order that we should pause for a brief space and review the ground over which we have travelled that we may take heart and courage to press forward with renewed vigor and determination.

As we meet from year to year at this balancing time when to use a commercial expression, we find to which side of the account we must credit or debit the year's work, we comprehend more fully the meaning of the great word, Brotherhood, embodying the three beautiful principles of our order, namely, Friendship, Charity and Benevolence.

The Pythian order, based on such principles, is to-day one of the greatest factors for good in the world. I feel that I am guilty of no exaggeration when I make this statement which is fully warranted by the records of our achievements.

I am sure it is gratifying to you as it is to me, to note the great success attained by our order in this Dominion. Slowly but surely we are climbing to a high and honorable position among the orders of a similar nature, notwithstanding that as a matter of years, we are but infants compared with many of the older organizations.

I believe by every individual member endeavoring to appreciate the principles of the order and exemplifying the same in his daily life, the Pythian order will become a synonym of all that is good and noble.

The ideals and lessons taught the candidates through the gradations from rank to rank must surely have a lasting influence on their lives.

We are proud to know that our beloved order is enlarging its membership, extending its influence, and commanding to-day a leading position as one of the greatest fraternal organizations in the land.

When you elected me to the high office of Grand Chancellor, I accepted it with a feeling of responsibility, and I desire there was to me the pleasure of visiting every lodge in the domain, and to carefully study conditions as they existed. But I regret to say that private business matters over which I had almost fully no control deprived me of that cherished duty. I trust some day to be able to avail myself of this privilege, although not as your executive head.

There are still in our domain some weak lodges that require careful attention. The matter of getting the members of such lodges to take an interest in their work is to me one of the greatest problems that any Grand Body has to deal with. Collingwood, Border and Sea side are in need of assistance. Spending money on weak lodges has not always been conducive of good results.

Delinquent lodges like delinquent members are hard to master. During the term, I endeavored as far as possible to keep in touch with the deputies of the various lodges. I regret that some of them have failed to submit a report of their official duties.

Crescent Lodge, Summerside, after repeated efforts by this Grand Lodge to make it one of the active lodges in the domain, has had its charter withdrawn during this term, owing to lack of interest on the part of its members. I made several visits to this lodge, and after fully considering the matter decided to have the charter withdrawn.

I visited Black Diamond in Glace Bay, C.B., accompanied by Grand Inner Guard McKenzie, and am pleased to report that Black Diamond is making good progress. I was delighted with the reception accorded me and the enthusiasm manifested by Grand Inner Guard McKenzie, with a view to revive their lodge, but at the request of the members, it was thought advisable to have the lodge stand over until the summer season.

REQUESTS MADRID TO WITHDRAW HER TROOPS

Madrid on the Other Hand Anticipates More Bloodshed and Demands Aggressive Campaign.

Germany Will not Interfer Unless Algeciras Pact is Broken.

Fez, Morocco, Aug. 16.—General Bagdad, commander of the Sultan's troops, left today for the Rif region bearing the Sultan's orders that the tribesmen cease attacking the Spaniards. At the same time the Sultan instructed the Moroccan special embassy at Madrid to advise the Spanish government of General Bagdad's mission and to request that General Marina, the Spanish commander in Morocco, be ordered to refrain from making an offensive movement against the tribesmen.

Colonel Dodge, who is commanding the first regiment of the Maritime Provinces, in bringing this branch of the order to a high state of efficiency, lodges that have a military branch claim it has been a strong factor in adding to their membership. I extend a most hearty welcome to the Sir Knights and trust that they may have a profitable and inspiring session at this, the sixteenth annual session of their assembly.

The following Grand Lodge cards have been issued: Brother E. B. D. Armond, Winnipeg; Brother H. R. Picketts, Campbellton, N. B.; Brother W. Baird, Moncton and Brother J. A. McDonald, Moncton.

St. John lodge amended its by-laws; Maple Leaf lodge approved by-laws; New Brunswick lodge approved by-laws; Frontier lodge changed night of meeting; Chignecto lodge changed night of meeting and Frederick lodge renewing ballot. I am one of those who believe it is wise to go slow in matters of this kind. Changes made in our by-laws and the government of our order may not be conducive to good results. It is not safe to wander far from the established and well-trodden landmarks.

(1) I would suggest that an effort be made to give the military branch a more prominent place at our annual conventions, with this view I would suggest that the Grand Lodge donate a suitable trophy to be competed for on conditions that may be agreed upon.

(2) That we take into consideration the advisability of an effort being made with a view to have more temples of the Pythian sisters organized in our domain.

Brother Moulson, our efficient and obliging Grand Keeper of the Records and Seal, has been untiring in his efforts to extend the influence of the order. I wish to convey to him my sincere gratitude for the courtesies extended to me during the past season. I trust he will be spared many years of active service to the order.

May we not pause and reflect for a moment, as we are reminded that many of the members who have been active at the conventions in former years, familiar figures to all of us, have now forever passed away. We see the vacant chair of our late brother, George H. Parsons, a member of Halifax lodge of this city, and a member of the Grand Lodge, whom it was my privilege to appoint as Chairman of Committee of Returns and Credentials. We extend our sympathy to the bereaved family and friends. My acquaintance with Brother Parsons leads me to believe that he was a man of superior judgment and a sincere friend of the order.

In conclusion, I feel that in laying down the mantle of office it is to be worn by more worthy shoulders than mine, but it will in no sense lessen my interest in the order. If in any way you think I have erred, I would ask of you that charity, that friendship, which is the golden cord that binds us together, and that my mistakes, if any, may now be blotted from your memory.

Records and Seals.
Mr. James Moulson, Grand Keeper of Records and Seals said: It has been my practice to include in my report submitted at conventions of Grand Lodge, tabulated statements showing the receipts and disbursements of each lodge, also statement showing membership of each lodge on June 30 of the previous year, and on June 30 preceding the convention of Grand Lodge. Statements for the term ended December 31st, last are complete and in type. Statements for June 30th are in type and the reports have been received. Owing to the non-receipt of several reports (or lodges which are usually prompt, I am unable to present the usual tabulated reports, but they will appear in the Journal. The reports which have not reached me will, no doubt, be in my hands before convention, but by waiting longer sufficient time would not be left to have reports submitted to you as formerly.

On June 30, 1908, the membership was 2,256; on December 31, last, it was 2,178. This shows a loss of 78 members. 54 of this loss is due to Crescent Lodge, Summerside, having a membership of 23, surrendering their charter, and Strathcona Lodge, Truro, suspending an unusually large number, 31. The total additions to membership of the other lodges was 98, and the total number of members lost was 92, making a net loss by active lodges, 24.

NO ROOM FOR JOHNSON IN SALT LAKE CHATHAM PLANNING FOR BIG MEET

Salt Lake City, Utah, Aug. 17.—Jack Johnson, the heavyweight champion of the world, who arrived in this city yesterday, applied at an early hour this morning for assistance in obtaining a place to sleep. After a night of fetes in which the colored population of Salt Lake City acted as host, Johnson repaired to a local hotel where it is said rooms had been arranged for the hostelry did not cater to colored trade, and after vainly seeking accommodations elsewhere, he made an appeal at police headquarters, but was told that the department could not interest itself in the matter.

3 YACHTS ARE ELIMINATED IN TRIALS

Marblehead, Mass., Aug. 17.—At a German-American sander klasse racing committee of the Eastern Yacht Club tonight, following the second series of trial races for the selection of three American boats to meet the German challengers, today, the first cut in the number of American applicants was made.

HARVESTER TAKES QUEEN CITY STAKES

Buffalo, N. Y., Aug. 17.—Ed Geers' unbeaten stallion, The Harvester, won this afternoon at Fort Erie, won the Queen City stakes of \$2,000 for 2.09 trotters. It was an easy victory in four straight heats. The stallion covered the first mile in 2:08.14 but a slight rain which followed made the track about two seconds slower. The Harvester was out in the pool selling and Carolina, the California stallion, sold favorite.

MAY FORM NEW RACING ASSOCIATION

Toronto, Aug. 16.—A Globe special from Windsor says:—Horsemen here were not greatly interested in the announcement of the formation of the Metropolitan Racing Association, whose plans have been known on the street for some time. It is looked on as another development of the effort to revive at Dufferin Park the style of racing meets recently suppressed there.

SARATOGA TO HAVE AERIAL RACES NEXT

Saratoga, N. Y., Aug. 17.—Speed contests between aeroplanes and long distance flights for dirigibles, for large purses, are to be a feature of Saratoga next season, according to plans announced today. The racing park with its level field and spacious grandstand will be the starting and finishing point for these contests, and speed trials within the limits of the race track itself form part of the plans.

BRAINY MATTY HAS NEW ONE HE WORKS ON THE BATTERS

Christy Mathewson and Fred Tenney, of the Giants, have a neat little thing they work to prevent the hit and run or to head off an aspiring base stealer. The success of the scheme depends entirely upon the accuracy of Tenney's return throw. As soon as Mathewson throws the ball he returns to his position on the hill, rets the ball on his right side, and his swing, as he gives with the ball, is so natural that he is able to deliver it to the plate like lightning.

This 15-year-old son of John Madden, the noted horseman, in company with his younger brother, owns Hamburg record for the mile. Young Madden went from Saratoga, where he was attending the summer meeting to North Randall, O., to witness his mare's attempt against the record. His disappointment, when the beautiful trotter was beaten by wind and weather, may be imagined. This photograph of the young owner was made while he was hurrying to the stable to visit Billy Andrews, who handles Hamburg Belle.

THE WEATHER.

Maritime—Strong winds and moderate gales from eastward; cool and rainy. Toronto, Ont., Aug. 17.—Local showers have occurred today in the lake region and rain is falling in over the Maritime Provinces. Elsewhere in Canada the weather has been fine and in the prairie provinces warm. Disturbances of some energy, which are centred off the middle Atlantic states promises to give stormy conditions in the Maritime Provinces. Min. and Max. temps:—

Table with 2 columns: Location and Temperature. Locations include Winnipeg, Port Arthur, Parry Sound, London, Toronto, Ottawa, Montreal, Quebec, and Halifax.

Washington, Aug. 17.—Forecast:—The winds along the northeast will be brisk northeast and north; middle Atlantic coast moderate north over north portion and brisk and possibly high north and northeast over southern portion. Storm warnings have been ordered for the Atlantic coast between Norfolk and Key West.

Forecast For New England. Rain Wednesday; Thursday, unsettled; brisk and possibly high northeast and north winds.

Heavily Gale Coming. No. 1 storm signal was hoisted at midnight indicating a heavy gale from the east.

Stoné Church Choir to Attend. The choir of St. John's (Stone) Church are requested to assemble at 2.30 o'clock this afternoon for the funeral of the late Mr. T. J. Flood.

To Quiet a Disturbance. At an early hour this morning Officer Henry was called into James M. Foobey's house on Partridge Row to quiet a disturbance between him and his wife.

Bandmaster Jones. Bandmaster Jones attended a practice of the Sixty-second Regiment band last evening, and was warmly welcomed on his recovery from his recent illness.

To Attend Funeral of Miss Maxwell. Members of the Fairville Junior Section Temple of Honor will meet at Mr. T. H. Wilson's corner, Union St., Carleton, at 2 o'clock today to attend the funeral of the late Miss Maxwell.

The Coronation Cup. At a meeting of the R. K. Y. C. last evening it was decided not to send any special yacht to compete for the coronation cup at Sydney, C. B. Any member will be allowed to enter for the race. In the event of his success the cup will go to the club.

A Happy Event. Mr. and Mrs. Beabury of Boston announce the engagement of their daughter, Florence Esphy, to Mr. Gordon A. Campbell of this city, and formerly of Winnipeg, Manitoba. The marriage will take place at the home of the bride late in September.

Meeting in Wolfville. Rev. M. E. Fletcher, pastor of Charlotte Street Baptist Church, will leave today for Wolfville to attend a meeting of the committee composed of the chairmen of the boards of the Baptist churches to discuss the question of a better method of collecting and disbursing church funds. The committee will sit tomorrow and will report to the general conference to be held in Halifax on Aug. 20.

Leak Caused Slight Inconvenience. Owing to the wooden staves which bind the joints together, blowing out a small leak developed early yesterday morning in the South Bay water-main where it passes through Dr. Walker's property. Mr. Alfred Ring, foreman of the West Side, was notified and five men were sent out to repair the damage. As the ground where the break occurred is almost at sea level the pressure was very great and the water had to be turned off for about two hours. Contradicting an afternoon paper's report, Mr. William Murdoch, the city engineer, told a Standard reporter last evening that the shutting off of the water affected only a few residents on the upper levels around the Martello tower, which was altogether outside the city limits. The residents of Carleton, he said, did not suffer at all by the accident.

A Sobering Influence. Last evening about 10 o'clock pedestrians who were passing through Kings Square beheld the unusual spectacle of a young man wallowing in the fountain. The lad, who could not have been more than seventeen years of age, was decidedly under the influence of liquor. He was seen staggering through the square and when near to the fountain he paused and walked toward it as if he contemplated taking a bath. He was spared the trouble of getting ready, however, for as he leaned against one of the supports of the new band stand he suddenly lost his balance and fell into the water. A Standard reporter, who happened to be passing, helped the coughing, spluttering youth out. He seemed considerably sobered up by his untimely ducking and proceeded on his way with a much straighter and more dignified gait.

The Fire Department Vacancies. The vacancies in the Fire Department, made recently by the resignations of six of the members, are being rapidly filled. In conversation with a Standard reporter last evening Chief Kerr stated that the resignations of Messrs Clifford and Lobb had not been received and Mr. Magee's badge has as yet not been handed in. Mr. H. I. Callahan of No. 3 has been transferred to No. 7 and Mr. Thos. Lowry, substitute of No. 3 has been promoted to the regular force with Mr. Robert Atchison and Mr. Wilton Dalton. The other vacancies the chief said would be filled immediately.

Commercial League. In the Commercial baseball league last evening, teams representing M. R. A. Ltd. and Vassie Co. played a tie game 3 to 3 on the E. D. C. grounds.

PROSPECTS OF CUBAN TRADE ARE ADVANCED AT SHIPPERS MEETING

Valuable Suggestions Made At Conference In Government Rooms Yesterday — Mr. F. E. Williams Quotes Places At Which Cargo Can Be Shipped — Hon. Flemming Favors Direct Sailings And Schedule Of Dates—Rival Companies Ready For Business.

A meeting in connection with the Cuban trade, which the provincial government is now endeavoring to develop, was held yesterday afternoon in the government rooms, Church street. It was announced that the rival steamship companies intended to send their first boat from this port to Cuba towards the end of September. Various matters of importance in connection with the trade were discussed. Hon. J. K. Flemming, provincial secretary, and Mr. W. W. Hubbard, secretary of agriculture were present in behalf of the government and the exporters were represented by Mr. F. E. Williams, B. DeWitt and Mr. H. R. Ross, manager of the N. B. Cold Storage Co. A communication was read from William Thomson and Co., stating that the Munson Steamship line, for which they were agents, had made arrangements to run a line between St. John and Havana, the first boat to start between Sept. 15 and 20. It was stated that the company had their willingness to co-operate with Havana, and were prepared to give a good service. They announced their willingness to cooperate with all shippers here. Their rate on potatoes would be 65 cents per barrel. No other rates were stated. If sufficient cargo was offered they were willing to extend the service to other ports in Cuba, the West Indies and Mexico.

Dates of Sailings Necessary. Mr. Flemming stated that the proposition to be of any service to the shippers must state the dates of future sailings in order that the shippers could make contracts ahead. The service, he thought, should be a fortnightly one, commencing about the middle of September. It must be direct and there should be no stops between the ports as intimated. Mr. Flemming's suggestions will be communicated to Wm. Thomson & Co.

WOMAN JUMPED FROM RUNAWAY STREET CAR

Mrs. Wm. Marshall of Adelaide St. Rendered Unconscious Last Evening In Main Street — Head Badly Cut.

Jumping wildly from a street car which was tearing down Main street last evening beyond control, Mrs. William Marshall of Adelaide street alighted on her head and was rendered unconscious with a deep cut on the back of her head. She was carried into Durick's drug store and after a time recovered sufficiently to be taken to her home. The runaway occurred about 10 o'clock, a car getting beyond control at the corner of Boulogne avenue and tearing down Main street at a high rate of speed. There were quite a number of passengers on board who became considerably alarmed. When about opposite Durick's drug store Mrs. Marshall started to get off and in doing so fell striking on her head. She was rendered unconscious, and was carried into Durick's drug store, where under careful treatment she recovered. Dr. C. M. Pratt was hastily summoned and found that Mrs. Marshall had suffered a severe shock and had a deep cut on the back of her head. She recovered sufficiently after a time to be conveyed to her home in Adelaide street in a coach. The incident created quite a lot of excitement at the time and a large crowd collected in a few minutes.

MANY CHANGES ON THE TEACHING STAFF

Promotions Have Caused Several Principals To Be Moved To Other Positions.

Quite a few changes will be made in the teaching staff of the public schools before the term opens again. Mr. Wm. McLean, former principal of Aberdeen school, will enter upon his duties as inspector vice Mr. W. S. Carter who has succeeded Dr. J. R. Inch as chief superintendent of education for New Brunswick. Mr. McLean's place will be taken by Mr. Reverdy Steeves who has been on the High School staff for the past three years. Mr. Grover Martin, brother of the Rhodes Scholar, has been selected to fill the position left vacant by Mr. Steeves. Mr. Thomas Stoddart, principal of Winter street school, has been granted leave of absence for the term on account of ill health, and his place will be filled by Mr. W. A. Nelson, principal of Douglas Avenue school. Mr. Nelson's place has been allotted to Mr. James McInnon, of Newman street school. His successor, has not yet been appointed. In the manual training school Mr. J. S. Morrison is retiring, and his place will be filled by a lady teacher.

ROADS AS GOOD AS ANY IN THE STATES

Automobile Party Well Satisfied With Condition Of Provincial Highways — Ahead Of Nova Scotia.

An automobile touring party consisting of Mr. and Mrs. D. W. Field of Brockton, Mass., and friends, arrived at the Royal hotel last evening, after a tour of the Maritime Provinces. Starting from Yarmouth on July 15, the party visited Digby, Wolfville, Halifax, Truro, Sydney, C. B., and Moncton. Speaking to a Standard reporter, Mr. Field said he found the road between Moncton and St. John the best he had travelled on since he arrived in the provinces. The roads all through Nova Scotia were very rough, and it was quite a relief to get upon the fine stretch between here and Moncton. The New Brunswick roads Mr. Field added were quite as good as any he had travelled over in the States. Another automobile party which also arrived last evening included Miss M. L. Foley and Miss E. W. Wood of Boston, and Mrs. E. B. Chandler and her son, of Moncton.

PLANS APPROVED FOR MACDONALD SCHOOL

New Building At Kingston To Be Equipped With Every Modern Convenience. Ready Early Next Year.

Mr. W. S. Carter, Chief Superintendent of Education, who arrived in the city last evening, has approved of the plans for the new Macdonald Consolidated School building at Kingston, which is to replace the building burned down last March. The new plans call for a building of two stories upon the old foundations, the damaged brick walls of the basement being replaced by concrete ones. Modern sanitary equipment is to be provided, an excellent water supply having been arranged for by the Building Committee. The building is to be heated by hot water and ventilated by a simple extraction system. Play rooms are to be provided in the basement and a library on the upper flat. The class rooms are all on the lower floor, the assembly hall and manual training and household science laboratories being on the upper flat. Cupless drinking fountains will be provided for boys and girls and a fruitful source of contamination thus avoided. The front elevation is plain but effective and ample means of egress are provided in front and rear. It is hoped that the contract for the erection of the school will be awarded within the next week or two and that the building will be ready for occupation early in 1910.

A Beautiful Complexion

CUTILAVE is used extensively in refined homes to improve the complexion. It requires no continuous rubbing. In fact, massaging tends to coarsen the pores and make the flesh flabby, but if instructions are followed steadily improvement will result. CUTILAVE is positively guaranteed not to produce a growth of hair.
