The Assembly of Queensland has upanimously adopted a resolution in

farm and Household. Do not Gall the Horses.

The rush of mid-summer farm work is very trying on horse-flesh. The side draft of a reaper or mowing machine frequently causes galled necks and shoulders. The usually tough skin of the horse is softened by the flow of perspiration, and a rough, ill-fitting collar, a useless, chafing back-pad, or a projecting field culture. - American Agricultur buckle quickly produces pain. No one can blame a horse for faltering, when ordered to press its raw and bleeding shoulder against the collar, that will sink into its bruised flesh. To avoid galls, all parts of the har-There are many perfumes, which mess should fit closely. A laboring when applied to the handkerchief, have a man is careful in buying boots of man is careful in buying boots of very agreeable odor for a few moments and then die away, leaving only a sickly, distwelve hours of hard labor while clothes of different materials—that agreeable smell. Not so with Murrar & twelve hours of hard labor while wool is the only substance which his feet were cramped within an unpermits that free escape of the pro-

When the animals are brought retained eight times as much as the in from work, the harness should be wool. This interference with the We know of no way that we can benefit removed at once and cleaned, and functions of the skin, consequent on our readers more than by calling attention the necks and shoulders well washed improper dressing, is thought to be

Kill the Late Weeds.

The fight with the weeds in the cornfields should not stop with the the pests until mid-summer, and then through negligence, subject themselves to annoyance through the next mode of growth and that assort well of the continued use of mercury and potash season. Some weeds have a limited in form. If fern is desired to add come up again; others continue mon maiden hair, which has but one growing until severe frosts come. disadvantage, that of withering so I have seen a great many cases cured An old Illinois farmer said a cockle. quickly in a warm room. There are with Shaker Blood Syrup—some who have tried all sorts of treatment. In fact, I have never known it to fail when taken properly. I sell a large quantity of it, and for all diseases that are dependent on blood poison or skin humor. It cures grow until four in the attention, and lover of flowers will firmly set his mature seeds before the frost could lover of flowers will firmly set his face against such abnormities (no other term will do) as dyed grasses.

BARIS GREEN!

WANTED TUNISON'S The velvet leaf, Jimson, and rag- with wild flowers, cultivated grasses weed, will commence growth almost only with garden or hot house flow as fail. It cures cases that have long with-as late. Weeds are very prolific, ers. As to the colors to be used in stood other sorts of treatment, and without any of those recurring troubles that generand an occasional one gone to seed in the cornfield, will insure a good crop the next season. Corn should not be cultivated after it is tasseled, but the weeds can be cut out without disturbing the soil. For this out disturbing the soil. For this at any length here. Suffice it to say cures completely Syphilis, Scrofula. Rheumatism, Cancer. Catarrh Ulcers and Skin scythe used, but we must prefer a smuch foliage as flowers should be hoe with a sharp edge.

A New Farm Pest.

A new pest of a most serious man hauls down hay from a mow. A little girl of Burlington, Iowa saved Si00 from the sale of flowers. Her father deserted his family and carried off the money. That assisted the mother to a divorce.

After attaining maturity it drops to the ground, and after remaining in the pupa stage for seven or eight days emerges as a fly to repeat the owners, Masters and persons in It is much easier to find a score of men wise enough to discover the truth than to find one intrepid enough, in the face of opposition, to stand up for it.

"The same stages again. In our climate there must be two or three broods of maggots every year. How to deal with the pests is difficult to imagine. position, to stand up for it.

A lady stepped into the sanctum and said sweetly:

"Will you be kind enough to let me look at the "Christian at Work?"

The aditor blushed a little, but had the precedence of the leaf, insecticides cannot be checking its ravages. The wholesale trance of the Miramichi River, will from this date have the

lacerated the body of an eleven year old son of Cooper. The mother was out and on returning heard the boy's cries, rushing into the house she found the dog with his teeth fastened in the boy's leg. She drove him away and went out to get the doctor only to bear more cries. Again, returning the structure of the s hear more cries. Again returning she found the dog had jumped through the window and was tearing the boy the window and was tearing the boy at the expense of his manure.

Talmage on Extravagance.

Talmage commenting on the recent failures, said:—Look at the pernicious extravagance. Take the one fact that New York every year pays two million dollars for theatrical amusement. While once in a while a Henry Irving, or an Edwin Booth, or a Joseph Jefferson thrills a great audience with tragedy, you know as well as I do that the vast majority of the theatres of New York are as debased as they can be, as damnable as they can be. Two million dollars—the vast majority of those going up in a wrong direction. Ninety-five millions paid in this country for cigars and tobacco a year. One thousand five hundred million dollars paid for strong drink in one year in this country. With extravagance, pernicious extravagance, can there be any permanent prosperity? The last explanation relates to the book of the Dominion sometimes send their sharpshooters to contend with tragedy, you know as well as they can be. Two million dollars—the vast majority of the theatres of New York are as debased as they can be, as damnable as they can be. Two million dollars—the vast majority of the position. Ninety-five millions paid in this country, with extravagance and there be any permanent prosperity? One thousand five hundred million dollars for rum! companies. That is what halts this nation again and again in its triumphant march of prosperity. In presence of this audience to day and the American people so far as I can get their attention, I want to arraign this monster curse of extravagance, and I want you to pelt it with your scors and hurl at it your anathema. Look at the one fact that it is a matter of at the one fact that it is a matter of and hurl at it your anathema. Look at the one fact that it is a matter of solid statistics that in this country, in the cities of New York and Brooklyn—I will narrow it down—in the cities of New York and Brooklyn, it is estimated that there are now over 2000 women whose apparel costs them over \$2,000 a year, each. Things have got to such a pass that when we cry over our sins in church, we wipe the tears away with \$150 handkerchief!

How true is this sentiment which finds expression in The Elmira N. Y. Gazette: "If a grocer presents a society with ten pounds of sugar, it is considered a liberal gift; but if a worth of advertizing it never gets a word of thanks for it. It costs money to run newspapers, and advertizing is one of the commodities they have to sell; but somehow a different impression of the payment of their value of goods seized is estimated at \$60,000. The penalty for the offence is the confiscation of the goods, or the payment of their value, as estimated by the official appraisers here, and the two official appraisers here, and our sins in church, we wipe the tears away with \$150 handkerchief!

before the Academy of Science A Free Trade Fallacu

One of the free trade fallacies is that, if protection increases the prices of all commedities and wages in the same proportion, there is no advan-tage in it either to the workingman or PERTHWAITE, Principal of School, Dor-chester, Westmorland, to WINNIFRED, eldest daughter of Mr. James McDougall, But protection, besides increasing

But protection, besides increasing

watch-maker and jeweller, of Richibucto, the wages of the workmen, thereby enabling them to pay higher prices for all the articles they buy, also benefits the tarmer, and indeed the whole community by increasing the number On Wednesday, the 5th inst., at Bath-urst, Sarah Camilla, aged 17 years, second daughter of James M. McGinley, of Workingmen and giving employ-ment to more of them. If the people of America should buy manufactures Esq., Registrar of Deeds for the County abroad at a lower price than they could be made for here, not only would the price of labour here be short illness, ALEXANDER ALLEN, son of lowered, but thousands now at work George and Amby McMaster, aged 4 mos. would be reduced to idleness. When a man can get no work and is out of money it matters nothing to him whether prices are high or low.

In England a minor earns about \$1 per day. In Alabama a man in the same line earns \$2 50 per day. Iron workers in Great Britain receive about \$1.20 per day, while in this country they are paid \$4 per day. If the tariff were taken off, wages here would be reduced and that would be followed by a further reduction abroad. The result would be that our workingmen would be pitted against foreign labour in a strife as to which could work the cheapest. Does anyone doubt that such a state of affairs would not only

lives in the upper part of Chatham, has suffered loss occasionally by the visits of petty thieves, one of whom partially entered his bedroom window last Sunday morning, and was commencing his thieving operations, when Mr. Doran sprang from his bed, just in time to miss the receding young burglar, who escaped. Mr. D. has, we understand, pred. about 8 p. m. with a fine basket of list, including salmon, grilse and trout. We extend them our thanks for a fine sample of their "catch."

SEALED TENDERS, addressed to the undersigned and endorsed "Tender for Indiantown Branch," will be received until Saturday, 30th Angust, 1884, for grading the Indiantown Branch.

The Branch extends from Derby Station to Indiantown, a distance of about fourteen (14) miles.

Plan, Profile and Specification may be seen on and after the 31st July at the Station Master's Office, Newcastle, and also at the office of the Chief Engineer, Moncton, where forms of tender may be obtained. tained.

Each tender must be accompanied by a deposit equal to five per cent. of the amount of the tender. This deposit may consist of cash or of an accepted Bank cheque, and it will be forfeited if the party tendering neglects or refuses to enter into a contract when called upon to do so or if after entering into the contract he fails to complete the work satisfactorily, according to the plans and specifications. If the tender is not accepted the deposit will be

I beg leave to announce that I intend to still carry on my business in the town of Newcastle at my old stand, where I intend to keep everything in connection with the HARNESS AND COLLAR business, feeling sure that my past record will bear my out n asking you to still continue your liberal patronage, and by paying strict and prompt personal attention to all orders left, I hope to keep in future as in the past the confidence you have placed in me.
As the great demand for my

CELEBRATED COLLARS makes it impossible for me to keep any great quantity on hand, I shall always be ready and willing to take the measure of your horses, and make collars to suit them, when a GOOD FIT will always be guaranteed or no pay. It is impossible for horses to be gafled in these Collars, as the greatest pains is taken to make them work with ease and comfort to the animal, the proof of which is in the fact of having made and sold two thousand of them in Miramichi and surrounding districts, and never having any of them returned for burting the shoulders of any horse that wore them. Everyone is made by myself, and are warranted no imported trash, but genuine hand made, wool faced, long straw Collars. ALWAYS IN STOCK:

WHIPS, WHIP THONGS, CURRY COMBS, BRUSHES, Mane Combs, Horse Cards, Interfering Boots, Harness Oil, Neat's Foot Oil, Harness Soap, Axle Oil and Grease, Sweat Pads, Saddle Pads, Silver Polish, Whip Sockets, Harness Snaps, Cart Harness and Back Chains, Horse Blankets and Sircingles.

Will get anything not in stock for any person when required.

RIDING SADDLES, MARTINGALES and BRIDLES imported to order. All orders

Harness and Collars repaired with neatness and despatch, and at moderate prices. M. O. THOMPSON.
