COLONIAL STOCK COMPANY COMING

Unusually Fine Attraction
At The Opera House.

WEEK OF NOV. 15TH

With a carload of special scenery and the best acting organization traveling the Province, the Colonial Stock Company opens their first Campbellton engagement at the Opera House, Monday, November 15th. The Colonial Stock Company is not a cheap repertoire show, but an aggregation of the best available stock actresses and actors whose sole purpose is to give the best possible performance at popular prices. The repertoire of plays includes the great labor play, *The Lost Paradise*, *Lady Huntworth's Experience*, *As a Man Sweats*, *A Wife's Peril*, *The Buxton Burglary*, *The Sorrows of Satan*, *The Two Orphans* and *Little Lord Fauntleroy*, each presented with elaborate scenic equipment. Between acts a series of splendid vaudeville acts will be introduced, including *Blanch and Mollie*, comedians; *Frank Oliver*, The English Comedian; and *May Clarke*, a charming little singer and dancer. A glance at the list of plays reveals the best of newer comedies and dramas. It will prove interesting to learn that the Colonial Stock Company has been selected as the permanent stage attraction at the St. John Opera House. Application for seats for the opening night when *Dea Belasco's The Lost Paradise* will be the offering, may now be made to Mr. S. W. Dimock. The reservations will be in the order received. The regular seat sale will open at the usual place, Thursday, Nov 11th.

KILLED IN FOOTBALL GAME

WEST POINT, New York, Oct. 31.—Cadet Eugene A. Byrne of Buffalo, N. Y., a fourth year man at the United States Military Academy, died in the cadet hospital at 6:30 o'clock this morning, a sacrifice to football. X-ray photographs taken after his death revealed a dislocation between the first vertebrae to be thrown forward pressing against and probably resulting in a lesion in those nerve centers of the medulla oblongata, which governs the respiratory muscles. This caused the natural process of breathing to cease altogether and the artificial means of respiration required in war all that kept the injured cadet alive until this morning. No autopsy was held, aside from the x-ray examination.

Very Swagger

Here is a very swagger style for young men—made in eight weight tweeds with patch pocket and smart cuff. Note the long graceful lapels and handsome lines of this garment. We can please the most particular man from our large range of overcoats.

BRUCE,

UNKNOWN VESSEL LOST AT SEA

Wreckage Washed Ashore
On Cape Breton Coast.

NO BODIES RECOVERED.

Wreckage washed ashore on the rocky coast of southeast Cape Breton indicates that still another tragedy of the sea was enacted in the gale that swept the North Atlantic Coast the first of the week. Portions of the bulwarks and deck evidently of a fairly large vessel were tossed on shore by the surf at Louisbourg yesterday. More wreckage was also seen by the Keeper of the Louisbourg Light. From what is known of this floatman comes there is no means of knowing as yet, but it seems certain that at least one more craft must be added to the already known to have been washed on shore. No bodies have as yet been found, and there is a possibility that the men who manned the vessel have been taken off by another ship. The Keeper of the Louisbourg Light on Thursday spied some wreckage, which he took to be a portion of a vessel's beam with parts of plank attached and also some other wreckage which looked like the ends of two masts. He was unable to ascertain anything more of this wreck, but yesterday morning more wreckage drifted on to the beach. Part of a heavy beam with pieces of decking attached, several pieces of ceiling about three inches thick, two or three pieces of bulwark painted white, and a piece of bulwark painted blue, were in the water for any length of time. No wrecks have been reported anywhere near Louisbourg and there was no vessels missing so far as known.

Not since the memorable *Saxby* gale of 1873 which grew into a full-scale line of Nova Scotia with wreckage have there been more disasters reported than from the storm of the first of the week. The wreck makes a beach scene which is gruesome to the eye. The steamer *Hestia* struck on Grand Manan, in the midst of the storm and thirty-five lives were wiped out thereby. The big three-masted schooner *Levanika* drove on to the ledge of Betty's Island the same day, and the seven men who manned her had a narrow escape from death, and the crew of the *Levanika* were rescued from the coast of St. Paul's Island and was a total loss.

NEWS IN BRIEF

JAMSTOWN, Pa. Oct. 31.—Twelve men were killed in the Cambria Steel Company's Coal mine two miles from here tonight, as the result of what is supposed to have been a dynamite explosion. All the dead are foreigners. Three men escaped with their lives by a perilous climb on life ladders, and through poisonous mine gas and had half the way up the shaft when the crowd back from this whirling propeller, was instantly killed, part of his head being torn away. The propeller was damaged and the departure of the driftable postponed until Monday morning.

WEARING OF 'RATS' IS FORBIDDEN.

Lady Clerks and Operators Must Discontinue Them.

KANSAS CITY, Oct. 30.—Of and after November first, all lady clerks and employees must discontinue the wearing of 'rats' in their hair dress. Please govern yourselves accordingly. A. B. Richards, District Superintendent.

This order, issued from the office of the Superintendent of the Postal Telegraph Company here has become a master of grave concern to the women clerks and operators in the employ of that company in this city.

The general opinion among the women affected is that Mr. Richards will find it difficult to enforce the ruling.

Mr. C. M. Hays, the new president of the Grand Trunk railway, may be an American born, but wherein does that detract from his usefulness? Were not both Van Horn and Shughnessy American? Can we find any better Canadians now?

PAY \$650,000 THIS WEEK

Shareholders of York Co. Loan to Receive Cheques This Week.

22 PER CENT.

TOBACCO, Nov. 1.—The national Trust Company will mail on Monday next 98,000 cheques, aggregating the value of \$650,000, to shareholders of the York Loan and Savings Company. This extra load will doubtless give the post office people something to do. The National Trust Company is paying a twenty-two per cent. dividend to shareholders in all parts of Canada, the United States, England, Ireland, Scotland, France, South Africa, Australia, Sweden, China and Japan.

BOUGHT BUSINESS

Mr. B. Goodman, formerly of the firm of Goodman & Nader, New Richmond, has purchased the stock, good will and book debts of S. Rosenhek, and will conduct the business on the old stand.

All persons having claims against the said S. Rosenhek are requested to render same at once, and all owing S. Rosenhek are asked to call and settle their accounts with Mr. Goodman.

Mr. Goodman will endeavor to give satisfaction to the numerous patrons of the store, and ask a continuance of their past favors.

I hereby thank my many customers for the very pleasant relations existing during my business career in Campbellton and ask for my successor the continuance of the patronage extended to me. In the past I have always endeavored to give exceptional values and Mr. Goodman will continue this policy.

Yours very truly,
S. ROSENHEK

HALLOWEEN

We have once more passed the eve of an anniversary, which holds a prominent place in the folk-lore of the people of the British Isles and which is observed in all the old customs and superstitions associated with the occasion yet wholly forgotten in England or in Canada. Even in our own midst there are not a few homes in which the young people will remember that Halloween will be the eve of All Saints and in which nut cracking, 'tucking for apples and other harmless frolics will be indulged in. But it is to our Scottish friends more particularly that the recurrence of the anniversary will bring back memories of home and fatherland. Some idea of the feelings which it evokes in many may be gathered from the following lines supposed to have been written by one of our most recent immigrants from the Land of the Heather actually in the North West:

My heart, my love, is thine, dear land,
Though wide seas intervene,
Between thine exiled son and thee,
Thine lonely Halloween.

For hark! ye gins the firelight,
At mornie an' in the night,
In dear Auld Scotland, far awa',
Aye the restless tide.

And wae is my heart, the noo,
An' wae is my heart, the noo,
For weel I ken her prayer gangs up,
For Ronald, over the sea.

'Twas no' a mansion bigget, grand,
Wi' good and gear inside,
But a cooey canty 'bide,
The cotter's happy pride.

SCOTT ACT ENFORCEMENT

MONROVIA, Nov. 1.—Rev. Dr. Sowerby of Toronto, occupied the pulpit of the First Baptist Church yesterday morning and evening. Dr. Sowerby is a forcible and impressive speaker. He had large audiences at each service and received the best of attention. At 3:45 p. m. he gave an admirable address full of wholesome truths from start to finish to the Christian Brotherhood in their hall, and at 3:45 another impressive address to the Y. M. C. A. boys in their hall. It is rumored that the First Baptist Church will give Dr. Sowerby a call. If they engage him they will have a pastor who will preach the gospel without gloves on. He will evidently hew to the line, let the chips fall when they may.

THE ST. JOHN LITERARY AND SOCIAL CLUB

met on Friday evening in the basement of the Presbyterian church. It being social evening all matters of business were dispensed with. The opening number on the program was a solo by Mr. Trueman, entitled *The Three Fishers*. Following this Mrs. H. Hylton delighted her audience with a solo entitled *Surely*. Next came a solo by Mrs. J. Potts, entitled *Katy Carol*, which was much appreciated. The last number on the program was a quartette, *Alone, Where Art Thou?* by Mrs. Potts, Mrs. Hylton, Mr. Trueman and Mr. J. B. Sower.

The musical part of the program being over, *Progressive Peanut* were engaged in, five tables were played, the prize being won by Miss A. Mitchell and Miss E. Wallace. After this lunch was served and about ten o'clock the St. John's Literary Society, its first social of the season to a close, hoping during the coming winter months to enjoy several such evenings.

The Canadian Magazine for November is very general in its interest. The first article is entitled *The Drama of the Ward*, by Augustus Bridle, being a sociological study of the development and revolution that has been taking place in the slum areas of Toronto. There are five per cent. and ink illustrations by T. G. Greene. *Where Nature's Gas is King*, by W. Lacey Amy, is a most entertaining account of the growth of Medicine Hat, and the place that nature's gas had in its development. It is splendidly illustrated. Miss Jean Graham contributes a most readable and well-entitled *Deeds Land*, being an appreciation of Mr. E. F. Johnston's collection of deities. The account of the capture and transportation to Canada of the Montana herd of buffaloes is concluded by Newton MacTavish. The illustrations for this article are even better than the first issue's illustrations by Mackay.

Among the appointments to the new University of Toronto are Dr. Douglas Hyde, President of the Gaelic League, as professor of modern Irish, and Dr. Hensley, formerly of Washington, to the professorship of English literature in the University College, Cork.

DR. WOOD'S NORWAY PINE SYRUP.

Is Specially Calculated to Cure All Diseases of the Throat and Lungs.

Coughs, Colds, Bronchitis, Sore Throat, Hoarseness, Croup, Pain or Tightness in the Chest, and all Bronchial Troubles yield quickly to the curative powers of this price of pectoral remedies. It contains all the virtues of the world famous Norway pine tree, combined with Wild Cherry Bark, and the soothing, healing and expectorant properties of other excellent herbs and barks.

Mrs. John Peltz, Windsor, Ontario, writes:—I was troubled with a nasty hacking cough for the past six months and used a lot of different remedies but they did me no good. At last I was advised by a friend to try Dr. Wood's Norway Pine Syrup and with the first dose I found great relief and to-day my hacking cough has entirely disappeared and I am never without Dr. Wood's Norway Pine Syrup in the house.

The price of Dr. Wood's Norway Pine Syrup is 25 cents per bottle. It is put up in a yellow wrapper, three pine trees on the label, so be sure and accept some of the many substitutes of the original "Norway Pine Syrup."

NEWS IN BRIEF

TRURO, Oct. 31.—Truro was startled last evening to hear that S. M. Bentley of the firm of S. M. Bentley and Company, and son of the best known business men of the province had been accidentally shot and killed while on his way home, he was watching a bird when he was stumbled over some obstacle and fell, the gun exploding and the charge entering his side and stomach. He lay for nearly two hours before being discovered by a couple of boys. He was confined and medical assistance, but it was apparent that nothing could be done beyond easing his sufferings, and later he passed away.

SHOT BY CHUM

ELIJAH TAYLOR, a lad of sixteen, is lying in the General Hospital in a critical condition, the result of an unfortunate occurrence which took place on Saturday, in which Taylor was shot in the forehead with a bullet from a revolver handled by Robert Lauchner, a boy of seventeen.

The prisoner alleges that he was showing the revolver to Taylor and for some reason the hammer wouldn't stay up and in fooling with it trying to keep it up, it was accidentally discharged, the bullet lodging in Taylor's head.—St. John Sun

Bodies Coming Ashore From The Wrecked Hestia.

TWO NOT IDENTIFIED.

HALIFAX, Oct. 31.—Bodies of 17 of the crew of the *Hestia* are now at Yarmouth, brought in from Port Maitland. Captain Newman's body was found at Port Maitland yesterday. Sixteen of the bodies have been identified. YARMOUTH, Oct. 30.—Bodies of the steamer *Hestia* are coming all the time from Port Maitland. Yarmouth Bay. Under-keeper St. George's is now in his rooms and one on duty from Port Maitland. One body and that of a boy have not been identified. A cablegram received on Friday from Donaldson Bros., Glasgow, confirms the statement that there were 41 persons on board. Only six of these were saved.

\$100 REWARD.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease requires a constitutional cure. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its cures that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY & CO., Toledo, Ohio.

BRONCHITIS

Colds, Coughs, Catarrh, and Throat Trouble.

Every sufferer from coughs, colds, croup, whooping cough, and all ailments needs a soothing, healing, moistening, which goes directly to the throat and lungs, and takes the trouble at its source, dissolves the germs of disease, and gives the patient thorough relief. This medicine is "Catarrhazone."

The Catarrhazone is a balsamic, vegetable mixture with the breath, dissolves through the throat, down the windpipe, and finally reaches the deepest air cells in the lungs. All parts are soothed, all inflamed parts are cooled, and all the affected parts are healed, and the patient is able to breathe through the throat, and the cough is cured.

"CATARRHOZONE" A Breathable "Direct" Medicine.

For certain cure for relief in an hour, use Catarrhazone. This only difficult, breathable medicine. Two months' treatment guaranteed price \$1.00. Write for it at all druggists, or send to Paragon Co., Kingston, Ont.

THOUGHT HE WAS A SURVIVOR FROM THE WRECKED STEAMER

Man Who Claimed to be From the *Hestia* Had Taken Too Much—Rescued from Harbor and Sent to Hospital.

A small sensation was caused on Saturday by the report that a survivor of the steamer *Hestia* had been picked up in the harbor and taken to the hospital in a half-drowned condition.

The report lacked but two important essentials to be absolutely true. The man was not a survivor of the *Hestia*, and the only excuse for the statement that he was half-drowned was that he had been imbibing too freely of Juniper Juice.

A matter of fact the man was a resident of Chatham, and probably had never seen the *Hestia*. When he first entered the hospital he pronounced that he was a survivor of the *Hestia*, that later when relieved of his liquor he was found to be just an ordinary citizen of St. John.

CAMPBELLTON, NEW BRUNSWICK TUESDAY, NOVEMBER 2nd, 1909

THE HYDRAULIC EXPERT?

The Tribune is out again with another batch of falsehoods in regard to the water pressure. At the opening of the article (which would do justice to a man getting a rake-off from the fire underwriters), it states that "the ratepayers will exceedingly regret Mayor Murray's expectations have not been realized regarding the increased water pressure from the sixteen inch main." Do the ratepayers take the Tribune seriously? We think not. His Worship's expectations have not only been realized, but to the gratification of all (with a few exceptions) have been exceeded.

The test made by the fire department on Thanksgiving Day is proof enough that there is a fine increase in the water pressure. Water was thrown over the R. C. Church—a solid 1 1/2 inch stream, where, before the main was connected there was not enough pressure to be of any use for fire fighting. Three streams were turned on during the test—two at Mowat's Corner and one in the hollow at the Baptist church—any one of which was a source of pride to the firemen at the nozzle, and the ratepayers who saw the test being made.

And again, Bro. Crockett, a test was made at the hydrant at the west end of the town, and while the hydrant was running full blast the chief of the fire department and a representative of the Graphic called upon one of your neighbors, who is one of your chief advisers and sympathizers, in matters pertaining to the town. In conversation with the chief, this gentleman stated that there was a great increase in the water pressure since the new main was connected. The gentleman also confirmed the statement of the chief of the fire de-

partment that there was more pressure now with the hydrant wide open than there was before the sixteen inch main was connected with the hydrant closed. Strange, isn't it? But true, nevertheless.

The pressure at Shives mill, which was taken during a boiler test there, showed that the pressure was ninety-two and a half pounds.

Further along in the article above referred to Bro. Crockett says: "The increase in the pressure is only from 12 to 14 pounds, and even this increase cannot be attributed entirely to the 16 inch main, as the dates of taking the pressure do not give a proper test. For instance the pressure was taken in July, one of the driest months, when there was no overflow from the reservoir, and the connection was held back by the town council until the fall rains when there was a big overflow from the reservoir, which increased the head, thus giving a greater pressure."

This is not only pure unadulterated maliciousness, but is one of the best of the many exhibitions of ignorance that have emanated from the massive (?) brain of the man who occupies the editorial chair of the Tribune.

THOSE HORSES AGAIN

The Kentucky horses are again in the limelight—all but one, which is dead. In a Frederickton despatch to The Times yesterday the following occurred:

The local year will close tomorrow and "Provincial Secretary Fleming is endeavoring to arrange things so as to be able to make the best possible showing. It is understood that all the notes given in exchange for the Kentucky thoroughbreds have not yet been collected and will have to be carried over."

This is an extraordinary state of

affairs. The government should surely state who the delinquents are. Some buyers of these horses paid their notes as they fell due. It was the duty of the government to convince itself of the financial ability of purchasers. Who are the men who have not paid? One of the horses is dead and it is currently reported that it died from abuse. It was the duty of the government to see that every animal went into the hands not only of a man who could pay, but of one who could be depended upon to give it proper care. Was this done? The whole matter is one which calls for explanation. It has been suggested to the Times that they should again be offered at auction. In any case, the matter should be cleared up.—Evening Times.

Your Head Aches Tongue is Coated Mouth Tastes Bad Stomach is Sick

The Gastric Juices Are Not Doing Their Duty and You're in the Grip of Nervous Dyspepsia.

A hot bitter fluid and sour undigested food rise in your mouth. Your vision is crossed with specks that float before the eyes. Very shortly you'll have nausea, rank breath, and sleepless nights. What you need is Perrozene. It regulates the gastric juices, puts new life into the stomach, braces digestive powers, gives the aid that's so badly required. If you want proof, read the experience of Mr. E. P. Davison, a well-known resident of Portland, who writes: "Perrozene is beyond doubt a most powerful cure for indigestion and weak stomach. Food so badly disagreed with me that I was almost afraid to eat. Pastry and starchy foods fermented, caused sour risings, and gave me headaches, brown taste, offensive breath. I grew weak, my weight ran down fifteen pounds and I looked fully indicated all that was wrong. Perrozene put me on my feet again. It braced me up, removed my digestion—and made me a well-man." Doctor and patients alike speak of the merit of Perrozene; it is different from other remedies, different because it cures so you stay cured. Try it, sold everywhere in 5c boxes, 4 for \$2.00, by mail from the Caltabronne Co., Kingston, Ont.

**CANADA'S FIRST CONTINGENT
TO SOUTH AFRICAN WAR**

Sailed on S. S. Sardinian From Quebec
Ten Years Ago Saturday

Just ten years have elapsed since the first contingent left Quebec to take part in the South African war. It was on the 30th of October, 1899, that a thousand young Canadians boarded the Allan Line steamship *Sardinian* at the Allan wharf to fight for the honor of the Empire on the veldt of South Africa.

They fought, and fought gallantly, and history records their valor. Many of them fell and found soldier's graves on the battle field, while others have returned home and are among the best of our citizens.

LIVERPOOL, Oct. 30.—The Cunard line steamer *Lucania* which has been in the trans-Atlantic service for seventeen years, sailed on her last voyage today. Her port in Swansea, where she will be broken up. The steamer was badly damaged by a fire that broke out at Liverpool on August 14 last. Recently she was sold to a firm of ship brokers for \$150,000.

SUCCESSOR TO GEN. BUCHAN

MONTREAL, Oct. 28.—The vacancy in the Quebec command caused by the death of Gen. Buchan has been filled by the appointment of Col. Gordon, who was in command of Eastern Ontario and was recently transferred to the staff at Ottawa.

Col. Gordon went to Africa second in command to Col. Jarvis of Halifax in the sixth contingent.

PRICE OF RUBBERS

PARIS, Oct. 30.—The cabinet today authorized M. Millerand, minister of public works, posts and telegraphs to work out the project for a maritime postal service between France and Canada as provided in the French-Canadian commercial treaty.

COLLEGE PARK, Md., Oct. 30.—After being in the air ten minutes the Wright aeroplane was brought to earth very suddenly today. A cog in the gear wheel of the magneto broke and stopped the engine. Lieut. Humphrey and Foulous were in the airship at the time but both landed safely.

Yinol

"My 9 year old daughter was weak, pale, and had no appetite. I gave her Vinol, and she began to thrive at once. She gained rapidly in weight, color and strength." Mrs. W. H. GILMORE, Durand, Mich.

"My two children, who were puny and ailing, rapidly gained flesh and strength when I began to give them Vinol. I proved that Vinol is a splendid tonic for delicate children." Mrs. C. ALLEN, New Bedford, Mass.

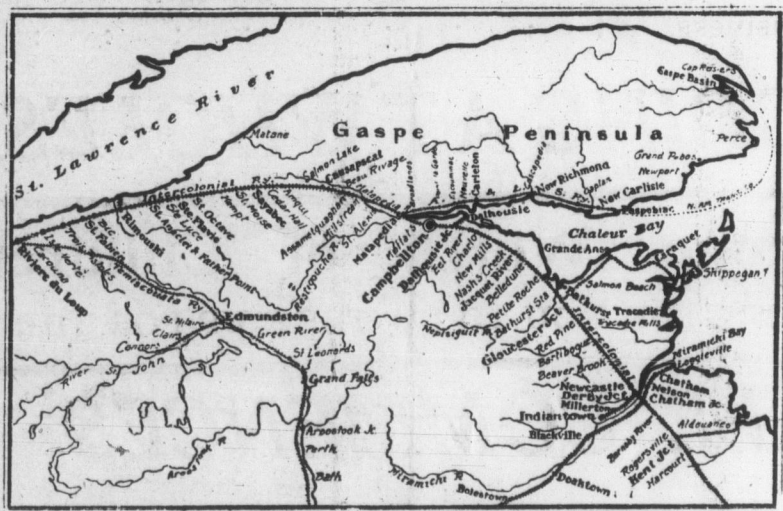

Vinol builds up healthy flesh and makes thin little limbs round and plump. Children love to take it.

We return people's money without question if Vinol does not accomplish all we claim for it. Try it, please.

Recitation, Missions and Mindings, Elvira Bryant.

Address by Rev. A. H. Barker.

Offering and Music.

Recitation, Where do You Live? Miss Flora Harper.

Chorus, Let us Be Lights.

Rev. A. H. Barker, on behalf of the auxiliary gave a short report of the work done by the Society here, since its organization four years ago, with a membership of nine. \$110.96 in money had been collected and about \$105 worth of goods, sent at different times to Labrador, Demerara and other mission stations. This year \$10 to be paid annually, was subscribed to the Korean Nurse Fund. Mr. Barker then went on to speak of the auxiliary as a missionary agency in the community; its educative value in the matter of systematic study of missions, and in systematic giving and that it should also be a prayer power in a community as quoting A. F. Pierzon, who said, 'Every step in the progress of missions is directly traceable to prayer; it has been the preparation of every new triumph, and the secret of every success.' Despite the in-

clemency of the weather and the unfavorable condition of the roads, quite a large number were present, and a very pleasant and profitable evening was spent by all. The offering amounted to \$22.

CANADA'S FIRST CONTINGENT TO SOUTH AFRICAN WAR

They fought, and fought gallantly, and history records their valor. Many of them fell and found soldier's graves on the battle field, while others have returned home and are among the best of our citizens.

Just ten years. How quickly the time has sped by and that country which was reeking with blood, and in whose bosom two nations were locked in a deadly war, is now in peaceful serenity and one of the props of the Empire.

Just ten years. Yet what changes have taken place. How many familiar faces have disappeared.

Since then Japan and Russia have fought and the world for the most part is again at peace.

Africa is a British possession, and General Botha, one of the most active generals in fighting Great Britain, is now one of her most loyal subjects, as Premier of South Africa.

Great Britain is resting on her oars and the only shadow of strife is the periodical uprising of suffragettes and then somebody gets a tongue thrashing.

Returning from digression land, however, it may be said that Canada has not forgotten her dead heroes and their memory has been honored and perpetuated by monuments, which have been erected throughout the land—Quebec Telegraph, 29th Oct.

PRICE OF RUBBERS TAKES A JUMP

Wholesale boot and shoe dealers here have received advices from the manufacturers that owing to the cost of crude rubber there is no prospect of lower quotations for rubbers in some time and that an advance will be in effect after November 1. The advance will mean first quality of men's fine rubbers will retail at \$1.25 and ladies' at 85 cents.

There is to be a move in the city council of Montreal to provide that liquor bars be closed at seven o'clock the other nights of the week. Montreal would not be any the worse if the bars were closed all the time.

They are hurriedly searching the Magna Charta in London to see if there is anything that authorizes a jail official to feed a starving suffragette with a pump.

The Toronto Grand Jury thinks that murderers should not be tried by jury. Most murderers will, we fancy, go even farther than that and include the judge as well.

as the train approached, and declined
to move despite repeated blasts of the
whistle. The train was slowed down
considerably, but the moose held the
right of way until the locomotive had
struck it. Then the animal jumped
the fence by the side of the tracks, and
took to the woods.—Transcript, Nov. 1

FIRST COMMUNION
A very pretty ceremony was wit-

Snows, when about forty boys and
girls made their First Communion.
The girls dressed in white, with veils
and crowns, and the boys each wear-
ing a white bow on the left arm, was
an imposing sight. Rev. Father Bour-
que addressed the children in English
and French, and was listened to with
much interest by the large congrega-
tion.

UNKNOWN MAN DROPPED DEAD
Walking along the I. C. R. tracks
towards Humphreys Mills, an un-
known man this afternoon staggered
and rolled down the embankment
beside the railway line. When those
who had seen the occurrence reached
the man's side, he was dead. Heart
affliction is pronounced the cause of his
death.

There was nothing about the man
by which he could be identified. He
is a man of middle age, roughly dressed,
of dark complexion, with a light
beard. His pockets were searched,
but contained only a small piece of
paper, covered by unintelligible lead-
pencil marks.

Coroner Purdy and the police were
notified. Coroner Purdy on examina-
tion decided that heart failure had
caused the man's death. He was not
known by any who had gathered in
the vicinity, but the police will in-
vestigate in an effort to learn the man's
identity.—Transcript, Nov. 1st.

WRONG AGAIN
With his usual inaccuracy, Rev. Cro-

The Customs collections for October show another gain of over a million dollars as compared with the corresponding month of last year. The total customs receipts for the month just ended were \$5,226,747, an increase of \$500,245. For the seven months of the fiscal year the total customs revenue has been \$34,917,098, an increase of \$6,438,814, or nearly a million a month as compared with the corresponding period of last year. The rising tide of imports consequent upon the recovery from the trade depression of last year shows no sign of abating and indicates a gain to an increase of about \$12,000,000 in customs revenue alone for the present fiscal year.

Carpeting-Motion Roofing can be used with very satisfactory results on either a flat roof, slanting roof or peaked roof. It is a non-conductor of heat and cold. The upper rooms of a dwelling are colder in summer and warmer in winter than when other roofing materials are used. Messrs. Mann & Baxter carries a full stock. Brokers and sample furnished free.

HEADACHE

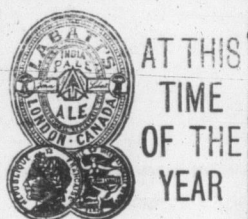

Burdock Blood Bitters.

The presence of headache nearly always tells us that there is another disease which, although we may not be aware of it, is still exerting its baneful influence, and perhaps awaiting an opportunity to assert itself plainly.

Burdock Blood Bitters has, for years, been curing all kinds of headache, and if you will only give it a trial we are sure it will do for you what it has done for thousands of others.

Mrs. John Connors, Burlington, N.S., writes: "I have been troubled with headache and constipation for a long time. After trying different doctors' medicine a friend asked me to try Burdock Blood Bitters. I find I am completely cured after having taken three bottles. I can safely recommend it to all."

For sale by all dealers. Manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

Everyone needs something to create and maintain strength for the daily round of duties.

There is nothing better than an Ale or Porter, the purity and merit of which has been attested by chemists, physicians and experts at the great exhibitions.

In the Probate Court of Restigouche County

To the Sheriff of the County of Restigouche of any Courtable within the said County, greeting:

Whereas Alexander Cook of the Parish of Dalhousie in the said County of Restigouche, Farmer, hath by his petition bearing date the seventh day of September, A. D. 1909, prayed that letters of administration of the estate and effects of John Cook late of the said Parish and County, deceased, may be granted to him in due form of law.

You are therefore required to cite the heirs, next-of-kin, creditors, and all others interested in the estate of the said deceased to appear before me at a Court of Probate to be held at my office in the Town of Campbellton in said County, within and for the said County of Restigouche, on Friday the thirty first day of December next at two o'clock in the afternoon, to show cause, if any they have, why letters of administration of the estate and effects of the said John Cook, deceased, should not be granted to the said Alexander Cook agreeably to the prayer of his said petition.

Given under my hand and the seal of the said Probate Court this twentieth day of September, A. D. 1909.

WILLIAM MURRAY
(Sgd) Judge of Probate for the County of Restigouche.
