MAIL ORDERS

We solicit out of Town orders, which receive
our personal attention. The length of time tak-
ing to fill orders is governed very largely by how
busy we are in the department of our factory in
which the particular goods are made. While
we have exceptional facilities for promptly
turning out goods, it is important to place or-

THE TOWN COUNCIL WEEKLY MEETING

Lists Are Ordered to be Pre-
pared For Vote on Local
Option in April

O'LEARY STREET

The Town Council met on Tuesday
evening in regular session. His Wor-
ship Mayor Andrew in the chair.
There were present Councillors San-
som, Miller, Lunan, White, Alexan-
der and Pinault.

Minutes of previous meeting read
and confirmed.

Communication received from S. W.
Dimock stating that he was willing to
pay a license fee of \$50 per year.
Letter was ordered to lay on the table
and the Town Clerk instructed to pro-
cure the amount of license fees charged
in various other towns.

Communication from J. Anningson,
secretary of the township of Mann en-
closing resolution of condolence on
the death of the late Mayor, F. M.
Murray. Letter acknowledged and
placed on file.

Petitions were received from rate-
payers in wards II and III, praying
that voters lists be prepared for the
voter on the liquor question in
April.

The prayer of the petition was
granted and the lists were ordered to
be prepared.

A petition from Jellott Brothers ask-
ing for a butchers shop license was
referred to Police and License Com-
mittee.

Councillor White presented the
annual report of the Fire Protection
Committee which was received and
ordered to be printed in the town
book.

The following reports recommend-
ed payment of accounts were received
and adopted: Councillor Sansom,
Public Charities, \$24; Councillor
Miller, Finance, \$15; Councillor Alex-
ander, Electric Light, \$200.03.

In a further report from Electric
Light Committee, Councillor Alexan-
der stated that the department had pur-
chased another street lighting equip-
ment of 13 arc lamps and 13 incan-
descents at a cost of \$2100.

The matter of the cost of feeding
the horse employed by the electric
lighting department was discussed and
referred to the committee to report.

Mr. Farrar stated that he had been
interviewed by A. C. Belle Isle with
regard to the extension of the Electric
Light system to his place outside the
town limits for light and power.

This was referred to Electric Light
Committee.

The matter of O'Leary street widen-
ing was then taken up. There was
some diversity of opinion regarding
the exact amount of land required
whether 22 feet or 13 1/2 feet; the
plan showing 13 1/2.

After discussion it was moved by
Councillor Lunan, seconded by
Councillor Pinault, and carried, that
the Public Property and Streets Committee
be authorized to purchase strip of land
on western side of O'Leary Street
sufficient to straighten street line of
west side from Thomas Ellsworth, for
the sum of \$1500, payable \$500 per
year for three years with interest not
exceeding 5 per cent providing a sat-
isfactory freehold title can be given.
Council then adjourned.

THE LADIES HOCKEY MATCH AT THE RINK

Big Crowd Greeted the U.N.B.
Girls Who Put up an enjoy-
able Game

Friday morning's west-bound
Maritime an bore invading host of
girls from Fredericton. To meet
this host armed with hockey sticks
and valises was only a small ad-
vance guard of Campbelltonians,
who, however, by hard work suc-
ceeded in scattering the enemy to
the waiting homes. There they
stayed until in the afternoon from
3 to 5 an attempt at mobilization
was made at Miss Hazel Lingley's
"At Home". During all this time
however the Campbellton Marathons
had not been idle and as a result of
their efforts about seven hundred
people were at the rink to greet the
girls.

THE GAME

The puck was dropped between
the centers at 8.30 to remain in dis-
pute for the whole of the twenty
minute half, neither side scoring
and no one starting. The inability
to "lift" lost the Marathons several
goals, while the visitors were un-
able to get within striking distance of
the home net.

After the interval each side came
on the ice resolved to do or die;
well they did. For ten minutes the
playing was a repetition of the first
with just a little more individual
playing and with Constance Murray
and Gladys Kean for the locals and
Freda Russel and Myrtle Lotimer
for the visitors doing the stellar act.

After some really high class com-
bination Constance Murray suc-
ceeded in slipping one over, the
only time that the puck saw the
nets. The play was much faster
than expected and several of the
girls got some dirty falls. The U.N.B.
girls were used to playing without
penalties so it was agreed that there
were to be no penalties the last half.

However they failed to tell Ollie,
the judge of play and when he saw
what he considered an unfair play
"jugged" the player. The girls how-
ever soon howed that the boys had
nothing on them when it came to
browbeating the umpire and pur-
sued Ollie that he was wrong
much to the amusement of the
spectators.

After the game the visitors sued
for peace and the treaty was signed
at an informal dance in the Mason's
hall with about ninety present. Re-
freshments were served by the
locals. Quite a crowd escorted
the girls to the station and the train
pulled out to the tune of "For they
are jolly good fellows."

AT THE EASTER MILLINERY SHOW

Easter comes so early this year
that we are scarcely prepared for the
spring millinery openings yet.

Miss McIntyre who is having her
openings this week and next is
showing some beautiful models and
smart shapes, one especially taking
the eye, a Greek war helmet shape
in Nell rose red top with black brim
and trimmed with tiny rosebuds.

A special pattern hat is being
shown in the popular Rembrandt
top made in tan with Bulgarian silk,
trimmed with clusters of genuine
Numida Aigrettes at the side. A
dainty hat is shown in a rose crown-
ed turban with brim of velvet and
a rofane trimming.

The colors are all to the warm
side at this showing, trimmings
being displayed in the new shade
Coque du Rouche, Citron, Nell
Rose Red, Tabac Brown and
various shades of Lavender.

NEN HIGHWAY ACT IS INTRODUCED

Minister of Public Works Ad-
mits Failure of Present Act
and Condemns Boards

THE PROVISIONS

Hon. John Morrissey minister of
public works introduced a bill re-
lating to highways last Friday after-
noon which will be cited in the
future as the Highway Act 1913.

In introducing the measure, Hon.
Mr. Morrissey was certainly frank in
acknowledging that the highway act
introduced some years ago, by the
premier, then Mr. Hazen, had not
been a success, and was more expen-
sive in its operation than it should
be. He said that there was no
doubt the province was not getting
as good roads as it should be, under
the act that had been in force.

There were some who blamed it on
the highway boards, there were
others who found fault with the
chief commissioner, and still others
who placed the onus on the govern-
ment. That was unfair. The roads
were in the hands of two councillors
in every parish, together with the
secretary-treasurer, the three con-
stituting the highway board, who
had charge of the highways in that
district.

Sketching briefly the provisions
of the new act, the minister of public
works said that a road engineer
would be appointed, as well as in-
spectors for each county; that each
county should be divided into dis-
tricts by the members and the
candidates favorable to the ad-
ministration, that each district
would be under the charge of a
supervisor, recommended for ap-
pointment by the gentlemen who
divided the districts and who would,
in his turn, be under the county in-
spectors.

The road engineer would issue his
instructions for the inspectors,
who, in their turn, would pass them
on to the supervisors, who would be
expected to carry them out.

These inspectors would be employ-
ed and paid by the year, and would
in the most of cases take the positions
formerly held by structural super-
intendents who in the past had had
charge of bridge work and certain
kinds of road construction.

In his concluding remarks the
minister certainly did not spare the
highway boards. He said the
government had been blamed for
money not being paid to the men
promptly, but this was due to the
fact that the secretary-treasurers of
the highway boards had neglected to
send in their accounts promptly.
Had these officials done their duty
the government would not have met
with such severe criticism.

In addition to the appointments
of the officials noted above, the new
highway act does not make any
change in the road tax nor in the
amount of the poll tax.

All road taxes on the properties
of nonresident corporations shall be
collected in money and paid to the
county treasurer by the parish
collector, and the county
treasurer shall credit these taxes to
the district from which they were
received, and shall pay out the
same on the order of the minister of
public works.

The parish supervisor, on or be-
fore April 15, may name any district
in the parish on which the resident
ratepayers may perform labor in-
stead of money payment of road tax
and all labor in lieu of taxes shall
be performed before July 15, and if it
is not done by that date the county
secretary shall be informed of the
names of the delinquents and shall
return the same to the collector who
will proceed to collect the taxes in
money.

WILLIAM MURRAY PROBATE JUDGE DEAD

Prominent Campbellton Law-
yer Passed Away on Thurs-
day Evening

All classes of the people were
shocked on Thursday evening to
learn that Mr. William Murray
had passed away in his 56th year.

Deceased had been confined to
the house with an attack of erysip-
elas, but internal complications
set in after he had in a measure
recovered from the original attack,
which proved too great for his vital-
ity and he passed away shortly
after six last evening.

The funeral which will be public
will be held on Sunday afternoon,
the services being held in St. An-
drew's Presbyterian Church at 1.45
p. m.

Mr. William Murray was a re-
presentative of one of the oldest
families in the town being born
and brought up in Campbellton.

He studied law in the office of
Messrs Seely and McMillan, St.
John, and after becoming a barrister,
settled in his native town,
where he built up a large practice.

He represented the county of
Restigouche in the Local Legisla-
ture, being first elected to the pro-
vincial parliament about 1884 and
the appointment of Mr. J. C. Bar-
barie to the legislative council.
In the general election of 1896 he
was elected as colleague with Hon.
C. H. Labllois.

He was Mayor of the town for
two years and served as councillor
at large for two years previous to
becoming mayor.

Mr. Murray was appointed judge
of Probates and Stipendiary Mag-
istrate a few years ago, a high ap-
pointment he held at the time of
his death.

He leaves a widow, two daugh-
ters, Maud and Constance and one
son Arnold, as well as two brothers,
James D. of this town and Charles
W. late secretary to the School
Trustees, Vancouver.

The Graphic with all the people
extends its sympathy to the family.

HOME OF HERO OF LADYSMITH BURNED

Suffragettes Destroy Beautiful
Building on the
Thames.

London, March 20th.—"Arson squads"
of militant suffragettes were out during
last night when they burned down the
fine country residence of Lady White,
widow of Field Marshal Sir George
White, the hero of Ladysmith during
the Transvaal war, and also the buildings
on the golf links at Weston-Super-Mare,
the fashionable summer watering place
of Somersetshire.

Lady White's house was a big man-
sion, standing in spacious grounds at
Englefield Green, in the county of
Surrey, near the River Thames. An
outbreak of fire was discovered at one
o'clock this morning, and the flames had
by that time got such a good hold of
the building that it was entirely gutted in
spite of all efforts of the local fire brig-
ade. Traces of oil and inflammable
materials were found scattered about the
house, while stuck on prominent spots
outside of the grounds were papers in-
scribed with the words: "Stop torturing
our comrades in prison." Votes for
women.

Two women on bicycles were seen in
the neighborhood half an hour before the
fire was discovered. They are suspected
of being the incendiaries, but all traces
of them has been lost. The house was
unoccupied.

For the purpose of keeping the
roads open in the winter, each super-
visor divides his district into as
many subdistricts as are necessary
and appoints a ratepayer in each
district to act as winter road master
and for any work done by order of
the winter road master no payment
is to be expected.

The last section provides that the
act shall come into force and take
effect when it pleases the lieutenant-
governor-in-council.

INFLAMMATORY RHEUMATISM

Completely Cured by GIN PILLS

Mr. W. G. Reid, of Hamilton, Ont., one of the best known and most highly respected commercial travellers in Canada, was a cripple from Rheumatism and suffered terribly. GIN PILLS cured him. Mr. Reid writes as follows:

"I have been for the last two years a cripple with Muscular and Inflammatory Rheumatism. I tried almost everything known to medical science to relieve me of the intense pain and inflammation. I sought change of climate in Kentucky and other Southern points without relief. Your manager in this city recommended GIN PILLS and I have since taken eight boxes and am now cured. I consider GIN PILLS the conqueror of Rheumatism and Kidney Diseases."

W.C.T.U. COLUMN

This department is conducted by the local Union, and is under the charge of an Editor appointed by them. This Editor assumes the responsibility for the statements and articles which appear in this column.

The regular meeting of the W. C. T. U. was held in the hall of St. Andrew's Church on the afternoon of the 11th inst. The subject for the meeting was "Anti-Cigarette", and it was fully discussed, several interesting readings being given. The next meeting will be on the afternoon of March 25th, in the same place. Mr. Jenner will lead, the subject being "Opium and Liquor Traffic in Heathen Lands."

In the course of his address given on the evening of Friday March 14th, Dr. J. G. Shearer gave a telling illustration of the effects of local option on the business of a town. There is a small town in Ontario called Ripley which enjoyed local option. A neighboring town called Lucknow, was considering its introduction. During this consideration, the temperance party held a public meeting and sent for a citizen of Ripley to address them on the economic side of the question. His speech in effect was this: Having been asked to speak on the economic side of the question, he thought it wise to post himself as to the opinion of the various merchants of the town. In order to do so, he prepared two sheets of paper. One bore the heading—Local Option HAS injured my business, the other, Local Option HAS NOT injured my business. The two sheets he presented to each of the prominent business men of the town asking their signature to the one which represented their honest conviction. Some three or four refused to sign either. Nineteen signed the second, Local Option has not injured my business. One signed the first, local option has injured my business. But the sheets were divided into two columns, one, for the name, the other for the business of the person signing. The single individual who testified to his belief that local option had injured his business, wrote in his second column "Undertaker"

A decided forward step has made in Canada in the direction of decency and sobriety, by the action of Colonel Hughes in declaring that the canteen has gone from our militia camps, not to reappear while he is minister of militia. The arguments and pleas of the advocates of the canteen have been replied to with cutting sarcasm on the part of the minister. While many may not agree with his politics, this part of his policy deserves the approval and support of all right thinking men and women.

Canada's drink bill is about \$77,000,000 per year. Add to this her loss in efficient labor \$75,000,000. Add also 80% of all that crime costs us. Add too the costs of pauperism caused by drink. Subtract \$2,000,000, the revenue from drink. Does it pay in dollars and cents?

TWO WOMEN TESTIFY

What Lydia E. Pinkham's Vegetable Compound Did For Their Health—Their own Statements Follow.

Halliburton, P.E.I.:—"I had a doctor examine me and he said I had failure of the womb, so I have been taking Lydia E. Pinkham's Vegetable Compound and it has done me a lot of good. All the bearing-down pains have vanished. I have gained ten pounds in weight, the discharge is all gone, and I feel better than I have for a long time. I think any woman is foolish to suffer as I did for the sake of a few dollars."

"You can use my letter as a testimonial. It may encourage other poor women who suffer as I did to use your Vegetable Compound."—Mrs. GEO. COLLICOTT, Halliburton, Lot 7, P.E.I.

Read What This Woman Says: New Moorefield, Ohio.—"I take great pleasure in thanking you for what your Vegetable Compound has done for me. I had bearing down pains, was dizzy and weak, had pains in lower back and could not be upon my feet long enough to get a meal. As long as I laid on my back I would feel better, but when I would get up those bearing down pains would come back, and the doctor said I had female trouble. Lydia E. Pinkham's Vegetable Compound was the only medicine that helped me and I have been growing stronger ever since I commenced to take it. I hope it will help other suffering women as it has me. FOR SHIPBUILDING IN ST. JOHN CITY

Important Resolution Before Local Legislature

Fredericton, March 17.—Premier Fleming and members of the government, as well as a good many private members who were at their homes for over Sunday, returned to Fredericton this morning. This afternoon the House will start on the last lap of the session, and prorogation is likely to be reached by Wednesday.

This afternoon the resolution regarding Provincial aid for the establishment of a shipbuilding yard at St. John in connection with the development at Courtenay Bay will be moved by Premier Fleming, and the House will take up several bills which are to be considered by the committee of the whole House.

The resolution is as follows:

"Whereas, it is understood that a proposition is under consideration for the establishment of a shipbuilding plant and yards at the harbor of St. John, in this province, on a large scale, which will involve the expenditure of large sums of money in the work of construction thereof:

"And whereas, the operation of such proposed works when constructed will add very materially to the trade of the said port of St. John and its importance as an industrial centre, and will also prove of unbounded advantage and benefit to the province at large, in that it will afford a large amount of employment to out laborers and artisans, and a greatly enlarged market for the products of our mines, forests and farms"

"Be it therefore resolved, that, in the opinion of this House, the construction and establishment of the said shipyards and shipbuilding plant as above referred to, and as proposed, is most desirable in the public interest, and this House recommends and will heartily support such reasonable encouragement of the said proposition as to His Honor the Lieutenant-Governor-in-Council may seem proper and calculated to insure the construction and operation of the said works."

TELLS WHY EGG IS EMBLEM OF DEASTER

The Rev. Dr. Washington Gladden Also Gives Theory to Account for Use of Colors

"Probably the fact that the egg holds, shut up in itself, the element of future life—a life which may long be dormant and then come forth into vigor and beauty, into consciousness and activity—made it a proper symbol for the resurrection," says the Rev. Dr. Washington Gladden in the Women's Home Companion. "But of all the millions who have decorated eggs at the Easter season or have played with them as a pretty toy, or fed upon them as a delicacy, very few have ever stopped to reflect upon the profound meaning of the emblem."

"In my own bodyhood a breakfast of eggs was one of the unwritten regulations of Easter Sunday: the main question with the boys was the number per capita that could be consumed. Among us there was none of that dainty decoration with dyes and pigments, which has given so much pleasure in old times and new. This fashion in the opinion of an old writer, arose among the Christians from the joy occasioned by their returning to their favorite food, after so long an abstinence from them during Lent."

"This is not impossible, for the egg was formerly counted as flesh and denied to good Christians during the Lenten season."

HE WAS THE MAN.

"Where is the manager, please? I want to hire a cab." Doorman—"I can hire the cabs out." "Are the charges reasonable?" "Very reasonable, mum." "And, of course, you will send a good driver?" "Yes, mum; we will send you the most reliable driver in the Midlands. A more polite, honest, or more Christian man has never yet lived. He's a second Washington." "That will do. Where is he now?" "I'm him, ma'am."

HOTELS THE GREAT NEED ALONG I. C. R.

Would Induce Thousands to Travel in Maritime Provinces

That the announcement of the Minister of Railways with regard to the business done on the Intercolonial would come as a surprise to the people of Canada when it was made known by him that the gross receipts of the company for the past year were over \$14,000,000, was the announcement made by F. P. Brady, commissioner and general superintendent of the I. C. R., at Montreal. He says this year's statement will be the most favorable of any the road has heretofore issued. Mr. Brady says the great want of the Intercolonial is hotels, and points out that if a hotel was erected at Halifax and another on the Bras d'Or Lake in Cape Breton, tourists by the thousands would flock to Nova Scotia and a great many of them would pass over the Intercolonial.

SHORTER HOURS AND INCREASED PAY

I. C. R. Employees Are Well Pleased With Minister's Announcement

Employees of the Mechanical Department of the I. C. R. have been granted a nine hour day, and an increase of pay besides. This will be good news to the I. C. R. employees who it has been felt, are deserving of recognition in the fight for shorter hours they have been making for the last sixteen years. One of the pledges of the late Liberal government was shorter hours for I. C. R. men, but the ten hour day still remained.

The present government, however, without making such promises as the late government, not only granted a nine hour day, but gave an increase of pay besides. It is little wonder, therefore, that members of the labor unions committee, who returned from Ottawa last week where they interviewed the Minister of Railways and Board of Management, express themselves well pleased with their reception and treatment.

IMPRISONED IN MINE YET HAVE SHAMROCK FOR ST. PATRICK'S DAY

London, March 18.—Although imprisoned 227 feet below the surface, at the Cumberland Mines, two Irish miners received a remainder of St. Patrick's Day to cheer them. A sprig of Shamrock was lowered to them through a narrow bore hole, through which the two men have been fed daily since a rush of water five days ago cut off their escape from the mine. The men will probably be rescued as soon as the water is pumped out.

Some Canadians Don't Know How Well Off They Are!

THEIR view of the clothing question is like the view one gets of a distant mountain.

AT 5 miles away, the whole surface of the mountain seems a soft, smooth, even green.

AT 5 feet, you see the fissures, and undergrowth, while the green has changed to bare, gray rocks.

WE said above that some Canadians don't know when they are well off. They sigh for London fabrics and New York styles, when they should realize that THEY GET THE BEST of English fabrics and American tailoring in Fit-Reform Suits and Overcoats.

IN FIT-REFORM, you get the choicest fabrics imported expressly by FIT-REFORM from the leading English mills. You get styles created by the foremost American designers. And you get workmanship of the greatest tailoring organization in Canada.

FIT-REFORM is the ideal combination of high-grade imported cloth, best American tailoring, and reasonable prices. Why don't you see the new spring styles in FIT-REFORM Suits and Overcoats?

Noted railway engineers and prominent officials from all parts of Canada and the United States will attend the annual convention of the American Railway Engineering Association to be held in Chicago this week at the Congress hotel.

In addition to the election of officers and other routine business, reports will be read and discussed on such topics as railway rules and organization, signals and interlocking, iron and steel structures, rails, the economics of railway location, wooden bridges and trestles, wood preservation, ties, masonry, the conservation of natural resources, ballast, water service, yard and terminals, electricity, records and accounts. On Tuesday evening next a reception will be given to members of the Association and their guests in the gold room of the Congress hotel when past President Mr. Wm. McNab, Principal Assistant Engineer of the Grand Trunk Railway system will deliver an illustrated lecture on the Panama Canal. Among the Grand Trunk representatives who will be in attendance at the convention are: Messrs. H. R. Safford, Chief Engineer; Wm. McNab, Principal Assistant Engineer; A. S. Going, Construction Engineer; Mr. Blacklock, Engineer of Maintenance of Way; R. Armour, Masonry Engineer; R. F. Morkill, Signal Engineer; P. B. Roberts, Chief of the Drafting Room; J. R. W. Ambrose, Engineer of Grade Separation; N. B. Stuart, Structural Engineer; J. B. Gant, Structural Engineer; and a large number of the Divisional and Resident Engineers, Bridges and Building Superintendents, and General Roadmasters.

During the past week 14 special trains have passed through the Grand Trunk Bonaventure station at Montreal with about 2,750 passengers for Ontario and western Canada from Europe via Portland, Halifax, and St. John.

"He has written a new play."
"Original?"
"Yes. The heroine is a married woman."

"Oh, I know. And falls in love with another man."
"No. That's the original part of it. The play shows marriages to be a sacred relation that some people take seriously and get a good deal of happiness out of."

OUR BEAUTIFUL SNOW

Give us a good old-Canadian Winter. Not that timid changeable incomplete, unhealthy winter which our Southern Brethren boasts so much of. Think of the numerous sports furnished by our Canadian winters. Skating, Hockey, Snowshoeing, Tobogganing, etc., which are the most agreeable and healthy of all sports.

The snow is in many ways a source of revenue to our people, furnishing lots of work to the labourer, worth a great deal to our lumbermen enabling them to haul as well as drive their lumber.

How foolish these folks appear to us when they say that the North Shore of New Brunswick is snow bound and therefore a poor place to live in, some try to make us believe that and at the same time leave their beautiful homes in the southern part of the province to come to the North Shore during winter to earn or at least draw big fat salaries. Poor fellows: they remind us of the famous and ridiculous assertion of M. de Voltaire, who could not understand why we fought so hard for a few acres of snow. They seem to belong to that famous group who thought the C. P. R. would not pay for its steel grease if it ran through this country. They appear to have met again and called the Quebec Government crazy when they started to build a railway from that city almost directly north, and what has been the results. At the present time along that line there are farms worth as high as \$30,000 and it was these farmers that started what is today one of the greatest pulp and paper mills in the world.

Did it ever occur to them that snow is one of our greatest assets because our soil is covered with two or three feet of it for a few months of the year. Plants and even the soil itself seem to find rest and nourishment which it cannot get, where the fields are bare during the winter months. The fact of it melting so quickly in the Spring gives the soil moisture which awakens vegetation, grass and plants spring up at first sight of the Sun, and in a short time pass those that have been uncovered all winter.

Our winters have never stopped Canada from growing anything cultivated in Central Europe. Cold weather has never retarded the raising of cattle, but on the contrary it is a well known fact that our Canadian winter is a great preservative against epidemics, and gives our cattle greater vigor and endurance.

It is the snow which makes our Canadian furs so valuable, helps to open the mines before the railroads are built, and makes possible the transportation of provisions, supplies, etc. It also covers up the fallen leaves in our forests, quickens decay and furnishes substance to our fast growing trees, again it covers our swamps making excellent winter roads, and at the same time helping us to develop our great country.

So we might go on enumerating

the great value of our few feet of snow and our real Canadian winters, but we had better tell our friends who are not so fortunate as we, when they don't feel very well or are in any way out of sorts, to come to the good old "Baie de Chaleur or Northern New Brunswick" where their rejuvenation will take place by the breathing of the good old bracing winter air and as their health improves so also will the vision broaden. They will realize that if the time they now occupy in knocking was used in developing, not only would this part of the province be benefited but the southern portion as well, the portion we in the North Shore are all so proud of. They would then and not till then become better citizens of the province as a whole and when they accomplish that they shall be "Greater Canadians."

P. M. SHANNON.

Every Wednesday from now until the end of October round trips tickets at a special rate will be issued by the Intercolonial Railway for the benefit of those who desire a trip to Western Canada. These tickets are good for return two months from the date of issue. Apply to the Ticket Agent for full particulars. March 15-5.

Causes Much Dis-ease

Advice about stomach troubles and how to relieve them.

Don't neglect indigestion, for it may lead to all sorts of ailments and complications. An eminent physician once said that ninety-five per cent of all ailments have their origin in a disordered stomach.

Our experience with Rexall's Dyspepsia Tablets leads us to believe them to be one of the most dependable remedies known for indigestion and chronic dyspepsia. Their ingredients are soothing to the inflamed membranes of the stomach. Rich in Pepsin and Bismuth, two of the greatest digestive aids known to medicine, the relief they afford is very prompt. Used persistently and regularly for a short time, they tend to relieve pains caused by stomach disorders.

Rexall's Dyspepsia Tablets help insure healthy appetite, aid digestion, and promote nutrition. A evidence of our faith in them, we ask you to try them at our risk. If they do not give entire satisfaction, we will return the money you paid us without question or formality. Three sizes, 25 cents, 50 cents, and \$1.00. You can buy Rexall's Dyspepsia Tablets in this community only at our store:

BUSINESS METHODS

Some time ago a large delegation of Representatives, Senators and business men of Maine made a visit here in the interests of their own people to have a railway bridge over the St. John river at St. Leonard's. No one can forget the enthusiasm shown at that great banquet in St. Louis Hotel, and no one can forget the ringing words from these American gentlemen. What did they say? Listen! "Gentlemen, we will have the charter for that bridge passed by Congress by the beginning of March."

What was the result? The very last thing Ex-President Taft did before departing office was to sign this very charter that these men said they would have.

They did not go to Congress and ask them to build the bridge. They did not hold meetings and send delegations that in hand pleading for subsidies. What did they do then? They said the bridge is required, we are the persons who will benefit by it, we will build the bridge.

There has been talk of having a bridge over the Restigouche for a long number of years back, and if some of the American methods had been an accomplished fact by this time

Some time day we will wake up to the fact that an American company has been promoted to build the bridge. They will be quite able to get all the capital required, and then sell it to the government for twice what it cost to build, and we will then suddenly think that we could have done the same our selves. Business is business and if these resolutions which have been passed by all the councils are genuine expressions, then there stands no difficulty in the way of private promoters taking a hold of this project and making a fortune out of it.

THE KING OF GREECE

Greece was a province of the Turkish Empire since the commencement of the sixteenth century. It gained its independence in an insurrection which practically lasted from 1821 until 1829. On February 3, 1830, it was declared a kingdom under the protection of Great Britain, France and Russia. Prince Leopold of Saxe-Coburg was chosen King, but would not accept it, largely because the island of Crete was not included. Then Prince Otto of Bavaria was offered the post and he accepted, ascending the throne in January, 1833. Otto was then under the age of eighteen years. He was on the throne twenty-nine years, but was very indifferent to the hard work which he had to do, and in 1862 was expelled. It took some time to get a prince willing to accept, but the late King of Denmark, who had nine sovereigns in his family, kings, queens, or sovereign princes, persuaded his second son to accept, and he was acceptable to the Greeks and to the guaranteeing powers. He was chosen King of the Hellenes by the National Assembly at Athens in March, 1863, with the title Georgios I., and had just about concluded fifty years of his reign. The Greek Assembly allowed him a reasonably good civil list, and the governments of Great Britain, France and Russia added £4,000 sterling each, so that he had in all an income of £62,000 sterling. King Georgios was married in 1867 to Queen Olga, eldest daughter of the Grand Duke Constantine, brother of the late Emperor Alexander the second. There were also children the eldest

of whom, Prince Constantinos, will apparently succeed his father. Greece is one of the few nations in the world which has but a single legislative chamber.—Globe

LIBERAL CAUCUS ON SITUATION

May Present Motion to Censure the Speaker

Ottawa, March 19.—The Liberals were in caucus for two hours this morning and from prolonged cheers which came from their quarters they were in a happy frame of mind over the position in which matters relating to the Navy Bill stand on the eve of the Easter adjournment. Subsequent to the caucus it was stated that it had been called to consider the situation which arose in the House subsequent to the Friday midnight session when a strike application of the rules of discussion was curtailed.

The caucus agreed that another motion would be introduced under which the action of the Speaker can be fully discussed by the House. The only way in which this can be done, it is believed, is by the introduction of a motion of censure unless the Speaker allows the discussion to take place. There is a disinclination on the part of the opposition to make a motion of censure, but after the caucus today the announcement was made that it would be done if opportunity was not given to discuss the matter in some other way. Members were instructed to be vigilant and watchful when the naval bill discussion is resumed.

No decision was reached as to what course will be pursued in regard to naval and supply bills when the House meets. The future action of the opposition, it was announced, will depend entirely upon the next move made by the Government.

VICTORIAS ARE AT LAST DEFEATED

Lose to Moncton St. Bernards in Fast Game by Score of 3 to 1

Our local champions have at last to acknowledge defeat. On Wednesday evening the winning streak of the Victorias was broken, the Moncton St. Bernards beating them in a fast game by three goals to one.

The game was the snappiest seen here for some time, the Moncton boys putting a strengthened team on the ice and making a good showing.

There was some good hard checking but the game was by no means rough.

The St. Bernards scored their three goals in the first half, McLatchey scoring the Vics only goal in the second half the locals having one goal knocked off for offside.

Jack Carroll was in the wars, being twice rendered hors de combat. The second time he was struck on the nose by a rising puck, and on resuming the team was rearranged Carroll going into the defence.

McLatchey atoned for all in the way he scored the only goal for his side. Getting the puck far down the ice he worked his way in characteristic fashion and did not stop till it rested in the net.

The crowd was not so large as usual but the spectators got full value for their money.

DALHOUSIE

Dalhousie, Mar. 20th.—Mr. R. J. Blackhall arrived here on Monday evening and spent Tuesday in Dalhousie, a guest at the Queen. He had been formerly a prominent merchant in the shire town. Since five years he is residing in Vancouver, B. C., and is a very successful real estate dealer. He came here to renew old acquaintances having been a clerk with Mr. George Haddow before he opened business for himself. Mr. Blackhall's trip east at this time was to accompany the remains of his mother who died on the 2nd inst. at the home of her daughter, Mrs. St. Croix of Vancouver where she had been visiting her for about a year. Mr. R. J. Blackhall was accompanied by his brother N. P. Blackhall of New Brunswick. P. C. and by several grandchildren and a large circle of friends.

The late Mrs. Richard Blackhall who was 70 years of age was Miss Blanche L. Kerr of Bathurst. The service at Vancouver held at the home of Mrs. St. Croix was held by Rev. E. A. Henry of Vancouver's Presbyterian church. At Carleton Place the funeral was held from the home of Mrs. James Blackhall and was largely attended. The services at the home and grave were conducted by Rev. Mr. Matthews of Bathurst.

Mrs. Blackhall is survived by one sister, Mrs. John Magee of Ontario, one brother, Alex. Kerr of Vancouver, five sons, R. N. and A. of Vancouver, I. and Howard of Chicago and N. P. of New Brunswick, B. C., and by several grandchildren and a large circle of friends.

Mr. R. J. Blackhall who will spend some time with his brother in Chicago on his way to the Pacific is well pleased with his success in the west, still, he advises those who are fairly successful in the east to remain here. He gave an account of several Bay Chaleur and New Brunswick boys who have been successful in Vancouver among others John Robert Reid, son of James Reid, M. P., Reginald Chaytor and his sons, formerly of Point la Poudre, the McNairs, W. C. Aisenault and the great success of Philipp LeBlanc of Carleton, P. Q., who is at least worth a quarter of a million dollars. Mr. LeBlanc it will be remembered came here a few years ago and married Miss Allan, the charming daughter of Captain Lazar Allan of Carleton.

Mrs. Wm. McNeish of Point la Poudre, is spending a few days with her mother at Nasc's Creek.

Misses Fred and Duncan McDonald, Shantouville spent a few days with friends at Dalhousie Junction recently.

Mr. and Mrs. Frank Cullen of Carleton, P. Q., were visitors to town last week.

Miss Sutherland who had been spending a few months at her home in New Glasgow, has returned here, and is superintending the millinery establishment of Miss Annie McNeill.

Fred Dickie of Campbellton spent Sunday at his home in Point la Poudre.

Miss Lucienne Samson is visiting Miss B. Butler at Bonaventure, P. Q.

A very enjoyable driving party was held on Monday evening from here to Miramichi. About fifteen of our young people enjoyed the hospitality of Mr. and Mrs. Geo. McEwen. James Thompson of Dalhousie Junction spent Sunday with friends at Eel River Crossing.

Mr. John G. MacColl, Editor of the Graphic spent Tuesday in the shire town.

Mr. and Mrs. W. Harquail of Campbellton spent Tuesday here and were guest at the Queen. Mr. Harquail who has served with

ONE MAN, ONE VOTE BILL

Has Increased Number of Electors in Ancient Capital One-Third.

Quebec, March 18.—The one-man-one vote bill, which came into force at the beginning of this month, far from diminishing the number of electors, as some contended it would, has increased it by more than a third. Prior to the revision of the electoral lists there were 13,266 names on the lists. This figure has now been augmented to 18,076, an increase of 4,812 names. On the other hand, there are hardly a score of votes left in St. Peter street, the business section, since local voting was abolished.

WHAT A GLORIOUS TONE!

When famous pianists and great singers come to Canada, their first consideration is the choice of a piano. When they hear the New Scale Williams, their natural exclamation is "What a glorious tone!" As a consequence, the leading artists of the old and new world use the New Scale Williams on their Canadian tours. The favorite of musicians is likewise the favorite in the homes. In every part of the Dominion, the New Scale Williams Piano is held in highest esteem. It brings a new music to the home and the theatre, and the new music to the home and the theatre.

N. S.

CORRECT

Speaking of advertising: There is no business that cannot be increased and benefited by advertising. No class of advertising pays as well written newspaper ad. There is no work you could do that would bring you as great returns as to use thirty minutes time each day in the study of advertising, if you are in business. The great trouble with most advertisers in a country town is that they write an ad. involving their stock in trade and expect by letting it stand week after week in the country newspaper to get direct returns from it.

DEATH OF WELL-KNOWN OPERATOR

Mr. Thomas Farrar passed away early this morning from cancer of the stomach. He was about fifty years of age and had been in ill health for about a year.

Deceased was well-known in lumbering circles acting as surveyor and jobber for Richards Manufacturing Co. and Shives Lumber Co., for the past twenty years.

He was unmarried and was one of a well-known family; his brothers Hiram, John, Isaac, Leslie and Guy, and his sisters, Mrs. W. Duncan and Mrs. H. B. Purdy of Vancouver surviving him.

The funeral will be held on Monday afternoon at 2.30 p.m.

The Graphic extends the sympathy of the community.

Fake Advertising

It costs money to sell goods. There are automatic coal stoves and pianos, but no article has been made automatic enough to sell itself. Advertising either by circular or through the newspapers must be judiciously carried out. Since starting in the Furniture Business we have been astonished at the fake prices quoted in city furniture advertisements. We have a clipping before us as we write from the Montreal Daily Star. This advertisement is by one of the leading stores dealing in Furniture there. Two chairs are illustrated and advertised as follows:

Reed Chair, regular \$2.50 special \$1.49.
Reed Rocker, reg. 4.50 special 2.47.

Now the regular and reasonable price of these chairs is \$1.50 and \$2.50. The cannot be sold for less than that and provide a living profit for the merchant. Those are our prices always for the same chairs. Other lines are advertised in like manner. Bureaus, Dining Tables, Buffets, Rugs, Carpets, etc. Fake advertising suits some folks but does it a in the end. Our business is managed economically. We pay spot cash for our goods. We try to sell at reasonable and consistent prices. Let us prove to you that we can save you money by trading here.

Why Not Give Your Body a Spring House Cleaning?

It is reasonable.

You stay indoors too much all winter—you breathe the foul air—you sleep in close rooms and you eat too much. In fact your winter life is pretty much artificial and unnatural.

Then why not renovate your whole system this spring.

Take a short cut to youth and energy

Nyal's Spring Tonic is the thing.

Sulphur and molasses was grandmother's way. She also scrubbed her fingernails off every spring.

But Nyal's Spring Tonic is a regular up-to-date vacuum cleaner by comparison. Gives new snap and vim—puts life and spring into your muscles—makes you feel fit and ready.

If it isn't worth a dollar a bottle you can have your money back cheerfully.

COUNCIL MEETING BONAVENTURE COUNTY

Large Number of Petitions Received Regarding Railway and Other Matters

AGRICULTURAL SCHOOL

The general meeting of the county council of the county of Bonaventure held in the town hall at New Carlisle on Wednesday the 12th of March, 1913 at 10 a.m.

There were present the following Mayors:

W. A. McPherson, Port Daniel West; T. R. Busted, Mann; S. M. Adams, St. Lawrence; J. A. Dugas, Port Daniel East; Narcisse Cyr, New Richmond; Thomas Levesque, St. Alexis; Matapia; Daniel Brown, Escuminac; James W. Hall, New Carlisle; A. Dugas, Musseyville; Dr. H. J. Martin, Carleton; John Dagueau, St. Omer; J. A. Cyr, Maria; Eugene Angelleart, Hope; F. X. Chapados, Gascon; John Clement, Paspébiac; Stanislas Poirier, Hamilton; Peter Firlotte, Caplin.

The whole forming a quorum under the provisions of the Municipal Code of the province of Quebec.

The meeting being declared open by the warden the minutes of the last general meeting were then read and approved of on the motion of Mayor Busted, seconded by Mayor Clement, passed.

The notice of the election of the mayors of the different municipalities of the county were then read by the secretary treasurer and duly filed.

Proposed by Mayor Busted, seconded by Mayor Chapados that W. A. McPherson, mayor of Port Daniel West be again elected warden for the county of Bonaventure for the current year, passed.

The warden then administered the oath of office, and thanked the council for the honor conferred upon him.

Proposed by Mayor Martin, seconded by Mayor Adams that John Clement, mayor of Paspébiac be again elected pro-warden for the current year.

A letter was read by the warden, signed by a number of petitioners from the municipality of Escuminac protesting Mayor Brown of the same place from holding his seat as mayor. The letter was filed by the secretary treasurer.

The report of the delegates, J. A. Mosseau, T. R. Busted and G. M. Kempfer appointed by the council at their last meeting to interview the honorable ministers at Ottawa and Quebec re bridge across the Restigouche river from Cross Point to Campbellton and re the agricultural school to be established in the district was read and laid before the council, and upon the motion of Mayor Martin, seconded by Mayor Dagueau the same was duly approved of and filed, passed.

Resolution from the different municipalities of the county were read, protesting against the existing railway conditions in the country, whereupon it was moved by Mayor Busted, seconded by Mayor Clement that the following resolutions be passed:

Be it resolved by this council of the county of Bonaventure as follows to wit:

Whereas there is a railroad (the Quebec Oriental railway) running along the littoral and through the county of Bonaventure. Whereas said railroad is controlled and operated by the bondholders:

Whereas this council considers it is expedient and of the most vital importance to the welfare and best interest of the county, that the said railroad be taken over and become a part of the Government Railway system of Canada, to be operated and controlled by the same;

Therefore the county council of the county of Bonaventure respectfully beg to memorialize the Honorable Minister of Railways and Canals to take such steps as he

might deem necessary to acquire and place the said railroad in the county of Bonaventure under government control, and that a copy of this resolution be forthwith sent to the said Honorable Minister of Railways and Canals, passed.

* Proposed by Mayor Busted, seconded by Mayor Hall that the following resolution be passed:

Be it resolved by this council of the county of Bonaventure as follows to wit:

That the Honorable Minister of Agriculture at Ottawa be memorialized, so as to have a sufficient amount of public monies granted for the purpose of acquiring the lands necessary for establishment and maintenance of an Agricultural and Demonstration school at New Carlisle, in the county of Bonaventure. Said school being necessary and of great importance to the whole Gaspé district, and that copies of this resolution be forthwith sent to the said Honorable Minister of Agriculture at Quebec, passed.

A petition from the ratepayers of the municipality of Hope praying the county council to divide the said municipality in two distinct municipalities for the reasons as stated in said petition was laid before the council and duly filed.

Whereupon after discussion, it was moved by Mayor Angelleart, seconded by Mayor Dagueau that the said petition and the conclusions thereof be approved of and granted by the Council, passed.

It being now 12 a.m. it was moved by Mayor Dagueau, seconded by Mayor Hall that this meeting be now adjourned until 1.30 p.m.

The hour of 1.30 p.m. having arrived the council then proceeded to business.

A petition from the interested ratepayers of Port Daniel West, relating to a road running between the municipality of Hope and the municipality of Port Daniel West, on the 7th and 8th ranges, was laid before, read, and deliberated upon by this council.

Whereupon it was moved by Mayor Clement, seconded by Mayor Dugas: That the conclusions of the said petitions be approved of by this council, and that the said road be declared a county road under the provisions of the Municipal Code of the Province of Quebec.

That Messrs Joseph Young, (son Andrew) and John Journeau be authorized to locate and verbalize the said road, and report on the whole to this council at its next general meeting in September, passed.

The auditors report was then read by the secretary treasurer, and adopted by the council upon the motion of the Mayor Busted, seconded by Mayor Adam, passed.

Proposed by Mayor Busted, seconded by Mayor Adams that W. M. Sheppard, and Simon Poirier be re-appointed county auditors for the ensuing term, passed.

Proposed by Mayor Brown, seconded by Mayor Dagueau that G. M. Kempfer be re-appointed secretary treasurer for the current term, passed.

There being no further business before the meeting the adjournment was moved by Mayor Clement, seconded by Mayor Martin, passed.

The meeting then adjourned.

THE RETORT CUTTING

Jones was recently sent by his employer to collect an account from Smith, notorious for his slowness in making payments. After several vain attempts to obtain a settlement Jones remarked, "Well, at least let me know on what date I may expect payment."

Smith replied—"Do you take me for a prophet?"

"No," responded Jones. "Up to the present I have always regarded you as a loss!"

SHEEP RAISING

Would be Encouraged by an Expanding Woollen Industry

Some Canadians think that the very large decrease in the manufacture of wool explains the decline in sheep production. This is without doubt a partial explanation and it seems fairly well established that with a strong and rapidly expanding woollen industry there would be better prices paid for Canadian wool to the sheep raiser who would thus be encouraged to go into sheep raising more extensively. This whole subject is likely to be one of the first inquiries of the Tariff Commission which it is understood, the Government will announce during the present session. In connection with the question of sheep raising the following article from the Globe, Toronto, will be of interest:

"Canada's insignificant contribution to the total world's production of sheep is shown in the following comparative statement of the production of different continents and countries last year as compared with 1895. During those seventeen years the number of sheep has increased 93,620,289, being 616,229,372, Australia at present leads by a wide margin, with 117,011,654 sheep; Argentina stands second, with 77,203,517; United States third, with 57,216,000; Russia fourth, with 45,846,000; and Turkey next, with 39,000,000, and Canada twenty-sixth, with 2,631,000."

CANADIAN BONDS

The Industrial Variety Has Become a First Class Investment

The general public purchased extensively the bonds of industrial establishments in the last two or three years. Industrial Canada discussing this new development in Canadian finance says:

"Certain Canadian industrial bonds have become first class investments, and are competing with the reliable first mortgage in the absorption of ready money. Not many years ago it was almost impossible to float industrial bonds. The reason is not hard to discover. Since the baleful shadow of Free Trade has been removed, great industries have developed into prosperous maturity. They are well managed, and well financed. Their promises to pay are as good as bank notes. During the last ten years the manufactured products of Canada have increased in value by 142 per cent. Such a rate of increase enhances the assets of the manufacturer. His bonds are good and are in demand."

"Treasure Island" Sold
Christmas Island, the original "Treasure Island" of Robert Louis Stevenson's great story and around which many treasure hunters have made piracy, treasure and blackbirding has been written, on whose coral shores lie the skeletons of many a wreck, was sold to a German syndicate for a mid-Pacific depot for steamships. The price is said to be \$100,000. The island is owned by a family named Greig.

Make Us Prove It

We dare not exaggerate to you. We are dependent upon your patronage. To get it we must have your trust and confidence. We make the following statements with a full understanding of what they mean to us. You are safe when you believe in these statements.

For the Bowels

If you only knew as much as we and those who have used them know about Rexall Orderlies, you would be as enthusiastic about recommending them as we are. They taste just like candy. They act so easily and so pleasantly that the taking of them is a pleasure.

Even children like Rexall Orderlies; and you know that if a medicine appeals to a child, it will appeal to grown-ups.

Rexall Orderlies

help clean blood, digest food and make you feel happy by their splendid tonic, cleansing and strengthening effect upon the bowels. — They act to free the system — and keep it free — from the distress and ill feeling that naturally result from irregular and inactive bowels.

Rexall Orderlies do this quietly, without stirring or causing nausea, purging or excessive looseness. They act to overcome and remove the cause.

CAUTION: Please bear in mind that Rexall Orderlies are not sold by all drug stores. You can buy Rexall Orderlies only at the Rexall Stores.

**NEW SCALE WILLIAMS
PLAYER PIANO**

New Scale Williams 68 Note Player Piano plays all music, exactly as written. With this masterpiece of piano-playing construction in your home, you are not confined to certain classes of harmony, but have the world's literature of music at your pleasure.

The New Scale Williams Player Piano is really two instruments in one. By a simple adjustment, it can be changed to be played as any ordinary piano, and by the same attachment reversed, can be changed back to the player.

Everything is so simple that even a child may play the most difficult pieces without understanding the technique of music.

There is one feature about the New Scale Williams Player Piano which no other instrument in the world does, or can, possess.

This is the full, rich, mellow, ringing, singing tone of the New Scale Williams Piano.

But, above all, with the New Scale Williams Player Piano, you get the New Scale Williams Pianos. This is an ideal combination — a musical, architectural and mechanical triumph.

Perhaps you have not had the opportunity to become an expert judge of pianos. Our illustrated Booklets will tell you a lot of things you should know about the piano you buy. Write for free copies and our easy plan of partial payments.

WOMAN'S FACE FOUND IN SNOW

Coroner Finds no Crime Has Been Committed

"I have something here that will be of interest to you," exclaimed Constable R. Lalonde, of the Rosemont police station, exhibiting a small bundle which he held under his arm, to Mr. Tanguay, one of the attendants at the morgue, late yesterday afternoon. "I found it lying in a snow pile on Iberville street, between Marie Anne and Rachel streets."

"Well, open up the bundle and let us see what you have," finally exclaimed one of the gathering, and there was revealed the face and the front portion of the head of an elderly woman. The eyes were not there, and the interior had been cleaned in a thorough manner, but the ears and small locks of grey hair still remained.

To-day Constable Lalonde explained to Coroner McMahon that some person had telephoned his station that a head had been found on Iberville street and he found little ten year old James Lemieux, whose parents reside at 195 Fifth avenue, Rosemont, standing guard. The coroner decided that no crime had been committed, and laid the blame on a medical student. No inquest will be held.

Prominent People Proud To Testify For "Fruit-a-tives"

MR. TIMOTHY MCGRATH

130 ATLANTIC AVE., MONTREAL, MARCH 1st, 1912.
"For years, I suffered from Rheumatism, being unable to work for weeks at a time and spent hundreds of dollars on doctor's medicines, besides receiving treatment at Notre Dame Hospital where I was informed that I was incurable. I was discouraged when a friend advised me to try 'Fruit-a-tives'. After using three packages, I felt relieved and continued until I had used five packages when a complete cure was the result after years of doctoring failed. I consider 'Fruit-a-tives' a wonderful remedy. You are at liberty to use this testimonial to prove to others the good that 'Fruit-a-tives' has done me."

SUFFRAGETTES IN GRAVE TROUBLE

The condition of Mrs. Emmeline Pankhurst, the suffragette leader, is causing concern. She was announced as one of the speakers at a meeting in Kensington on Wednesday night, but the chairman explained that she was unable to come. The continuance of militant tactics was announced. Two suffragette meetings Wednesday night, one at Edenbridge, Kent, and the other at Radlett, Herefordshire, were broken up by opponents of the cause. The government has served a writ on Frederick Petrick Lawrence, joint editor with his wife of Votes for Women, for the recovery of £608 (\$8,040), the unpaid balance in the conspiracy trial at Old Bailey last March. A number of trading firms are bringing joint actions in the civil courts to test the liability of Mrs. Pankhurst and her daughter and Mr. and Mrs. Lawrence for militancy by breaking windows, etc.

PRINCESS MARY IS CONFIRMED

London, March 17. — Princess Mary, the only daughter of King George and Queen Mary, was confirmed by the Archbishop of Canterbury in the Chapel Royal at Buckingham Palace yesterday afternoon.

All the members of the Royal family and many members of the household and servants of the palace were present.
Large crowds assembled outside the palace to witness the arrival of the Queen Mother Alexandra.

You can say goodbye to constipation with a clear conscience if you use Chamberlain's Tablets. Many have been permanently cured by their use. For sale by all dealers.

FAMILY FREEZE TO DEATH IN STORM

Another Son Found Delirious and is Now in Hospital

Rapid City, S.D., March 17.—A. N. Perry, his wife, three daughters and a son, were found frozen to death on Box Elder divide, 16 miles east of here on Saturday.

Leslie Perry, 19 years old, another son, was found delirious by W. E. Gearen, of St. Paul. He talked incoherently of searching for his parents since early Friday morning. When told they were dead he fainted, and is in the hospital. His face, hands and feet are frozen.

Perry who was postmaster at Big Bend, left here on Thursday afternoon with his family and household goods loaded in four teams, attempting in the severe storm to reach the ranch he had leased.

The first intimation of their fate came when a pair of horses, with gunny sacks over their heads and traces dragging, wandered into the corral of Milton Freese's ranch. The trail of horses led the searchers to a waggon half-buried in the snow. In the waggon Perry's four children and Mrs. Perry were found.

Children are much more likely to contract the contagious diseases when they have colds. Whooping cough, diphtheria, scarlet fever and consumption are diseases that are often contracted when the child has a cold. That is why all medical authorities say beware of colds. For the quick cure of colds, you will find nothing better than Chamberlain's Cough Remedy. It can always be depended upon and is pleasant and safe to take. For sale by all dealers.

The Campaign Committee of Mount Allison College have engaged the services of R. A. Cassidy of New York to assist in the organization of the forward movement planned for next month. Mr. Cassidy is a native of Toronto and is now residing in the United States. He has made a specialty of conducting enterprises of this kind and has a record of pronounced success in more than two score campaigns. He was leader of the Mc Gill movement a couple of years ago, and also conducted the Dalhousie campaign which was productive of such gratifying results.

Yet the Mount Allison Committee are not relying on Mr. Cassidy's unaided efforts to bring about the results desired from the undertaking now being arranged. The members realize quite well that this can succeed only when former graduates and other friends of the institutions are around to a lively interest in the project. They are counting, too, on the valuable assistance of the clergymen of the Methodist church throughout the provinces and elsewhere, who will be in close touch with the central committee and will be able to keep up the interest among the members of their congregations.

Mr. Cassidy reached St. John this week and will go from there to Sackville to consult with Dr. Borden. It is the intention to make St. John the headquarters of the committee and an office will be opened from which the work will be directed. All the newspapers in the provinces will be kept informed as to the progress of the campaign, by means of which it is planned to raise a quarter of a million dollars. With this additional endowment it is hoped that Mount Allison will be able to maintain its position in the front rank of Canadian institutions of learning.

Chamberlain's Cough Remedy has won its great reputation and extensive sale its remarkable cures of coughs, colds and croup. It can be depended upon. Try it. Sold by all dealers.

LETTERS TO THE EDITOR

New Carlisle, P. Q.

March 17th, 1913.

To the Editor of the GRAPHIC.

Dear Sir,

Some weeks ago I wrote a letter to your paper in answer to one written by a person who signed as Subscriber. Since then I have answers from first Mr. Gilker, next the Rev. Mr. MacCallum, and lastly Mr. Marcotte who claims to be known as one of the workers and organizers of the temperance movement.

I feel Mr. Editor that you and many of your readers must be getting weary of all this correspondence. I would however wish to take one more opportunity to make my position, and that I think of the rest of the council of New Carlisle on this matter, so clear that there will be no need of any further discussion.

Before doing this, I want to clear up a point under discussion between Mr. Gilker and myself relating to the granting of a retail shop license to J. C. Lavoie in 1911. Mr. Gilker states most emphatically that the advice of Messrs Kelly and Maguire was not against the granting of this license. Let me show the reader exactly how truthful Mr. Gilker has been in this matter and they will then be able to judge of his other statements.

This advice of Messrs Kelly & Maguire dated April 28th, 1911 and filed with the council on the same day states:

"After having examined the petition placed before us by your delegates" and after giving various reasons. They close their advice with these words:

"And we are therefore of the opinion that your council is bound by the said petition and you cannot grant Mr. Lavoie's application. We are informed by your Secretary Treasurer that the petition is signed by the absolute majority of the resident rate-payers of the East polling sub-division. If this is correct you are obliged to refuse this application."

This is the advice that J. C. Gilker coolly states was not against the granting of the above license. In the face of this majority of rate-payers, and within one hour after hearing this advice of Messrs Kelly & Maguire, Councillor J. C. Gilker voted to grant the license.

The only two voting against were Councillor J. W. Hall and myself, who as mayor of the council seconded the amendment that the license be refused. I could not necessary prove every other statement I have made but I think I can safely leave the reader to judge. As nearly every other statement of Mr. Gilker's is personal I refuse to discuss them.

As to Mr. Marcotte's question "For what reason licenses should be maintained in New Carlisle?" I have already answered this in a previous letter but he will find the answer in the three last statements in this letter. But before make those statements I would like to impress one fact on the readers of this letter. Up to date there has been no temperance movement in New Carlisle worthy of the name. Can the recent election be called a temper-

PRIZES AWARDED AT MOUNT SINAI

Campbellton Young Lady is Among Those Honored with Special Prizes

Following graduation exercises last Wednesday in the Mount Sinai Training School for nurses, scholarships and prizes were awarded to fifteen clever young women. Forty-six nurses received diplomas. The auditorium was prettily decorated and the stage testily draped with three American flags, banked with ferns. The reception room was a mass of roses, gifts of admirers of the graduates.

About 1,000 persons were present at the graduation class, headed by two under classes, filed into the hall. The faculty and post-graduates followed. Dr. Nathan E. Brill, chairman of the medical board of the training school, awarded the Murray Guggenheim scholarships and the Betty Loeb prizes. \$100 in gold and a medal were given to twelve girls, and two young women received medical outfits in leather cases. The Misses Helen T. Cannon, Josephine Bauer and Blanche Jones, of the graduating class, Misses Lidney Harvey, Edna Marsh and Ada Stuart, of the class of 1914, Misses Annie Fleck, Majorie Fluening, Ida Lathrop, Ella La Mothe, Charlotte McMann and Lena Tuch, of the class of 1915, were the students awarded the Murray Guggenheim scholarships.

OTHER AWARDS
Miss Ina Downes, late of Campbellton and Miss Blanche Jones received the Betty Loeb prizes, the medical bags. The highest honor, the A. W. Scholle-Columbia Scholarship, was awarded to Miss Fanny Lissauer, which entitles her to complete a course of study at Teachers' College, Columbia University. A generous amount of applause greeted this announcement. Dr. John Huston-Finley, president of the City College of New York, addressed the graduates. He used medical terms in his talk and arranged clever puns that amused the young women.

ance movement when members of the Temperance Lodge who are running for municipal councillors pledge themselves not to vote against licenses?

Does such temperance campaign give one man the right to cry eternal ruin against others? It is true there was a prohibitive bye-law passed by the council 1911 but any by-law passed by the municipal council could not do away with either wholesale liquor licenses, or beer bottling licenses. At the time this bye-law was passed I offered the councillor who made the motion for the bye-law that "if he would withdraw his motion, that councillor J. W. Hall and I would support a resolution to call a plebiscite of the people". This offer was promptly refused.

To-day after three unsuccessful attempts to select municipal councillors, the temperance people are I understand, circulating a petition to ask the municipal council for a plebiscite.

My position on this question and I think it is the position of nearly every other councillor of New Carlisle is this:

1. The liquor question must be settled by a majority of electors and not by the municipal council.

2. Until the necessary legislation is passed so that the liquor could be stopped when being imported into a place having a prohibitive bye-law in force, it will be impossible to stop the selling of liquor.

3. If it will be sold it is better to sell it legally than illegally.

Thanking you Mr. Editor for all your past favors
I am sincerely yours,
F. BLOIS

SPHINX MYSTERY IS SOLVED AT LAST

Tomb of Egyptian King in Gigantic body of the World's Wonder

London, March 18.—The exploration of the inside of the Sphinx has had interesting results, according to advices from Egypt. Professor Reisner succeeded in removing the accumulated sand of sixty centuries from the interior of the head and gained entrance through the neck to a temple that runs the whole length of the gigantic body, measuring 120 feet.

In the temple is a pyramid forming the tomb of Menes I., King of Egypt. It is supposed to contain his mummified body. Sloping passages from the temple lead to other chambers yet unexplored, and also, it is believed to a subterranean city.

BETTER START.

"Shall I have to get married when I grow up?" asked little Flossie one day of her mother. "Just as you please dear," answered her mother with a smile. "Most women do, however." "Yes, I suppose so," continued the little girl musingly; "and I think I'd better start and look for a husband now. They say that Aunt Jane has been at it for twenty years, and hasn't caught one yet."

A Paris Chemist Has Discov- ered How to Grow Hair

In Paris the ladies have entirely abandoned wearing hats, which is due entirely to this new discovery.

It has been proven that Henna leaves contain the ingredients that will positively grow hair. That they contain this long-sought-for article is proven every day.

The French are now placing on the market a preparation containing the extract from Henna leaves, which is having a phenomenal sale.

This preparation is called SALVIA and is being sold with a guarantee to cure dandruff and to grow hair in abundance. Being daintily perfumed, SALVIA makes a most pleasant dressing, and is sold by your druggist. A large generous bottle can be purchased for 50 cents. Sold at Whites Drug Store.

touched ground, in 7 days a dove was sent out, Abraham pleaded 7 days for Sodom, Jacob served 7 years for Rachel and seven more for Leah, Jacob mourned 7 days for Joseph, Jacob was pursued 7 days by Laban, a plenty of 7 years was foretold in Pharaoh's dream by 7 fat and 7 lean beasts, 7 full ears and 7 blasted ears, on the 7th day of the 7th month the children of Israel fasted 7 days and remained 7 days in tents. Every 7 years the land rested, every 7 years all bondsmen were set free, every 7 years the law was read to the people, in the destruction of Jericho 7 priests bore trumpets 7 days and went around the wall 7 times, at the end of the 7th round the wall fell. Solomon was 7 years building the temple, and 7 days at its destruction, in the tabernacle were 7 lamps, the golden candlesticks had 7 branches, Naman was washed 7 times in Jordan, Jobs friends sat with him 7 days and 7 nights and offered 7 bullocks and 7 rams as an atonement, our Saviour spoke 7 times on the cross on which he hung 7 hours and after his resurrection appeared 7 times, in the Lord's prayer are 7 petitions containing 7 times 7 words. In the Revelations we read of 7 churches, 7 candlesticks, 7 stars, 7 trumpets, 7 plagues, 7 thunders, 7 seals, 7 angels and a 7 headed monster.

Some of your readers may take the trouble to hunt through the Bible and find where all those 7 are mentioned it would be a good job for Sunday.

MURDER OF THE KING OF GREECE

Was Enjoying a Walk When He Was Shot Dead

Salonika, March 19.—King George of Greece was assassinated while walking in the streets of Salonika yesterday afternoon.

London, March 19.—A Salonika despatch to the Times this morning graphically describes the assassination yesterday of King George. It says:

"The King was shot while returning with his equerry from a walk to the White Tower. He was in a happy and contented mood, and as he strolled along talked of the war, of the success of the Greek arms, of the capture of Janina and Salonika, and of this fitting climax to his fifty years' reign."

"To-morrow," said the King, "I pay my formal visit to the dreadnought Goeben, the German battleship which is to the honor of the Greek King here in Salonika. That fills me with happiness and contentment."

"These proved to be the monarch's last words, for at the moment a shot rang out from behind Colonel Francis. The King's aide sprang round and seized the hand of the assassin, which was already poised for a second shot. Covering his royal master with his body, he seized the assassin by the throat and held him fast until passing soldiers ran to his assistance."

"But the first shot had found its lodgment. King George had already sunk to the earth. He was lifted into a carriage and with his head resting on his arm, continued to breathe for a short time. But before the hospital was reached, life was extinct."

"The bullet which was fired at a distance of two paces, entered the back below the shoulder blade. Its point of exit was below the stomach. There was a severe hemorrhage. The jeweled cross, which the King always wore, was covered with blood."

"The assassin is a Greek of feeble and intellect. He says he was driven to desperation by sickness and want. The crime therefore, appears to be without a motive."

"Since his triumphal entry into Salonika, the King had been accustomed to take an afternoon walk to the famous White Tower, or to the cavalry barracks in Lesser Karaburnum. The King's confidence in the people was so great that he went about freely, accompanied only by a single equerry."

"The danger of this custom was apparent to the members of his entourage, who had repeatedly, but without avail, requested His Majesty to permit the presence of civil guards. A few days ago, four gentlemen were ordered to follow the King, but their presence was considered so objectionable by His Majesty that the number was reduced to two. These followed at some distance."

"The effect of the assassination in Salonika was most impressive. Groups of grief-stricken people gathered in the streets and conversed in muffled tones. The troops were recalled to barracks, the shops and cafes were closed, the street cars suspended service, lights were extinguished, and Salonika last night had a dead and deserted appearance. The church bells tolling echoed along the deserted streets."

BRITAIN AHEAD OF OTHER NATIONS

London, March 19.—The British army possesses the best aeroplane in the world and has perfected a type of flying machine far superior to any in the possession of other nations, according to Col. John Seely, Secretary of State for War, who caused a sensation by making this announcement in the House of Commons when introducing the army estimates to-day.

PEERLESS PLAYERS WILL APPEAR HERE

A Guaranteed Attraction Will be Seen at the Opera House Very Soon

Manager Dimock of the Opera House has secured for a brief engagement of three nights commencing Tuesday April 1st, G. Herbert Perry's Repertoire company which has been playing to crowded houses everywhere and have visited nearly all the principal towns and cities in the United States and Canada and playing a great number of return engagements to capacity business every night. The manager is well known to the theatregoers here as for the number of years he had on the road that screaming farce comedy "Jerry From Kerry" which gave good satisfaction from coast to coast. Mr. Perry has had this company together over two years showing every night and presenting only high class productions for which a large royalty is paid, being given complete in every detail with all special scenery and electrical effects. Every member of the company is an artist which makes it without a doubt the best stock organization to play here this season.

Tuesday evening the company will open their engagement with THE LITTLE CO-ED a beautiful college comedy drama in four acts with a plot that appeals to all and holds you until the final drop of the curtain. For the balance of the engagement they offer a complete change at each performance and will present "Holly of the Circus" and "The Blue Mouse."

Several high class vaudeville acts are introduced between the acts by different members of the company which are alone worth the prize of admission. Dan Malley the comedian is the funniest to be seen here for some time and certainly makes the most of his different parts which are not in the least overdrawn. Hazel Corinne the dainty little leading lady always pleases the patrons and makes friends by the score in every town by her very clever acting Perry's Peerless Players come to Campbellton very highly commended.

Prices 25, 35, 50c.

MEDICINE HAT DISASTER

Medicine Hat, Alberta, March 19.—The big three-story building of Malcolm's Canneries was totally destroyed by fire this afternoon shortly before 6 o'clock, and with the falling of the walls five people were killed and ten injured.

The bodies of Firemen Wm. Stewart and Jonathan Brier, and a boy, Henry Green, have been recovered from the ruins, and ten others have been taken to hospital suffering from painful injuries.

Fully a thousand men are working on the ruins tonight in the expectancy of finding more bodies. Foreman Rimmer is among the missing.

GIFT TO LADY SCOTT

London, March, 17.—Certain novel features are connected with this year's awards of the honors which the Royal Geographical Society has annually at its disposal.

The Founders' Royal Medal is not awarded this year, but, with the King's approval, a casket with a suitable inscription will be presented to Lady Scott. It will contain the Patrons' Medal and the special Antarctic medal awarded to her late husband in 1904.

The Patrons' medal this year was awarded to the late Dr. E. A. Wilson in recognition of his services with Capt. Scott, while Lieut. Campbell receives a gold watch for his conduct as the leader of the northern Antarctic party.

A Christchurch, N. Z., despatch says that the miniature New Zealand flag taken to the South Pole by Dr. Wilson for a lady friend has been placed in the Christchurch Museum.

The sportsmen of New Zealand have subscribed a separate memorial to Capt. Scott. Dr. Bruce has promised that his sister, Lady Scott, will execute a bust of Capt. Scott to be placed in the Christchurch Art Gallery.

Amatite ROOFING

Why Practical Men Demand Amatite

ROOFING that needs paint every two years can't hold the market against Amatite—which needs no paint whatever.

Practical men know the great advantage of a roof that needs no painting. They know what a nuisance the painting is. They know how much it costs. They know how liable they are to be

lect to paint their roofs at the proper time.

Painted roofs are waterproof only where the paint is. Amatite is waterproof all the way through.

Amatite is sold in the usual convenient rolls of 110 square feet with a smooth lap where the inner surface is covered so as to secure a tight joint. The rolls are packed in the center of each roll.
