INTERESTING CASES AT SUPREME COURT

Daniel McAllister and Others
Defendants in Four Cases.

The Restigouche Supreme Court met at Dalhousie Wednesday, His Honor Judge Crockett presiding. The first case tried was that of Wm. Rinalder vs Daniel McAllister and Archibald Murchie. This was for the illegal taking of a mare by the defendants. Mr. A. T. LeBlanc appeared for the Plaintiff and Messrs J. B. Baxter, H. A. Carr and E. B. Richard for defendants.

After the plaintiff's case was closed the defendants asked for a settlement and also for the withdrawal of two other cases against McAllister in one of which, Cook was a joint defendant.

The defendants offered Mr. Rinalder a substantial sum to settle which was accepted.

The other case was that of William Botham vs Daniel McAllister and Mary Foley for the illegal taking of a mare from Mrs. Christie. The case was tried, before Judge and jury and the plaintiff was awarded \$100.00 damages. As the mare had been retaken by Mrs. Christie the Judge sent the jury back to their room with instructions to find damages for a second amount and the jury returned with a verdict of \$100.00. Under the circumstances the Judge allowed Supreme Court costs. Mr. A. T. LeBlanc for plaintiff and Messrs Baxter, Carr and Richard for defendants.

LABOR DAY RACES DREW FAIR CROWD

Two Horse Races Had Three Entries in Each—Motor and Auto Races.

Monday, Labor Day was beautiful and clear and a large number of townspeople attended the races at the Trotting Park. The attendance from outside the town was very small, the affair not being well advertised and many knew nothing of the event until after it was over.

The following were the entries:

2:30 CLASS.
J. W. (Fowles) 1-1-1
King Brasilia (Gardner) 2-2-2
Lucky Jack (Lapierre) 3-3-3
Time: 2:32 1/2, 2:31 1/2, 2:32 1/2.

3 MINUTE CLASS.
Patsy B. (Scott) 1-1-1
Ellen Kitchen (LeGoff) 2-2-2
B. P. O'Ryan (Gardner) 3-3-3

There were three entries in the five mile Motor Cycle Race:
Edward Hobart, Fong Sing, Edward Hobart in ten minutes and twenty-three seconds.

The Auto Race was hard to fill. Some who entered were not present and to fill, Gordon Wallace against Frank Ward. Ward won in 5 minutes, three seconds, seven three miles.

The officials were:
Starter, D. A. Stewart,
Judges, C. Bennett, Robt. St. Onge, Allan Wharton.
Time Keepers, Geo. St. Onge, P. M. Anderson, Fred Melton.

MEETING OF TOWN COUNCIL

Held Tuesday Evening—Tenders Called for the Two Old Boilers.

A meeting of the town council was held last evening in the town council chamber, His Worship Mayor Andrew in the chair, with Councillors Champoux, Quinn, Patterson, Miller, Harquail and Alexander present.

The minutes of the previous meeting were read and confirmed.

A communication was read from Henry LeBlanc claiming \$30 damages on account of his breaking through the plank sidewalk on Water street, opposite the Lounsbury building by reason of which he was slightly injured and had the clothes he was wearing damaged. This communication was referred to the Public Property and Streets Committee.

A communication was read from the McLennan Foundry and Machine Works offering the town \$200 for the two old boilers and fittings which were in the old electric lighting plant, providing the tubes in the boilers were in fair condition. Considerable discussion took place over this communication.

Councillor Champoux held that if the tubes were in good shape the boilers were worth far more money. He thought an inspector should be put on the boilers to have them examined.

Councillor Miller was of the opinion that tenders should be called for before any sale of the boilers took place, and then it would be up to the tenderers to have the boilers inspected.

Councillor Harquail said he had spoken to the Manager of the Electric Lighting System in reference to these boilers. His opinion was that the small boiler was practically useless. Regarding the larger one the value of it would depend upon the condition of the tubes. Councillor Harquail suggested that a committee be appointed to look into the matter, or put the boilers up to tender.

On motion of Councillor Miller tenders were ordered to be called for the boilers, tenders to close on Tuesday next.

Councillor Champoux from the Assessment and Appeals Committee reported recommending a reduction of \$2000 in the assessment of Robt. J. Hamilton for the year 1916 as he was assessed for property on Gerard street belonging to J. R. Hamilton and that J. R. Hamilton be assessed for the \$2000 on that property. Carried.

Councillor Miller from the Water and Sewerage Committee reported recommending that W. J. S. Welsh's pay be increased from 30 cents to 35 cents per hour, dating from Sept. 1st Carried.

The following accounts were then ordered paid:—

Councillor Alexander brought to the attention of the Council the importance of having the new Street Traffic By-Laws printed. On motion the By-Laws and Legislation Committee were authorized to have 100 copies of same printed.

Considerable discussion took place over having large signs posted at all entrances to our town, notifying automobile drivers of the speed limit and other important sections of the Traffic By-Laws. This matter was left in the hands of the By-Laws and Legislation Committee to look into and report at next meeting of the Council.

The Council then received and read the minutes of the last meeting of the Council. Alexander in the chair to con-

GREAT WAR VETERANS ASSOCIATION HERE

Organization Completed at Meeting Held Here Sunday Evening.

Mr. Tippet, Provincial Organizer, Member of the National Executive of the G. W. V. A. of Canada with headquarters in the Citizen Building, Ottawa, arrived in Campbellton last week to organize the G. W. V. A. of Restigouche with headquarters at Campbellton.

A largely attended meeting was held here Sunday evening at which Mr. Tippet presided and completed the work of organization.

The following officers were elected: President, Lieut. O. J. Larsen, Vice President, Lieut. G. A. Mowat, Secretary, Corp. H. R. Murray, Secretary Treasurer, Corp. A. Campbell.

Trustees, Lieut. O. J. Larsen, Serg. Major Pincombe, Corp. H. McNeil, Executive, Lieut. G. A. Mowat, Serg. Major Pincombe, R. Senette. Thirty of the returned veterans have signed the roll and others are expected to enroll at the next meeting.

The following are the aims and objects of the organization:
To perpetuate the close and kindly ties of mutual service in the Great War, the recollections and associations of that experience, and to maintain proper standards of dignity and honour between all returned soldiers.
To preserve the memory and records of those who suffered and died for the Nation. To see to the erection of monuments to their valor, the provision of suitable burial places, and the establishment of an annual Memorial Day.
To insure proper provision is made for the due care of the sick, wounded and needy among those who have served, including reasonable pensions, employment for such as are capable, soldiers' homes, medical care and equitable provision for dependent families of enlisted men.
To constantly inculcate loyalty to Canada and the Empire in their interests.

The Town Council has placed one of the stores in the Town building at the disposal of the society, which will meet each Wednesday evening. The boys are hard at work setting their quarters to rights and for this purpose they need a considerable quantity of furniture. The Graphic would suggest that citizens supply the interior fittings. A number of chairs, tables, electric lights, pictures, curtains, floor rugs, etc., are needed. After the citizens supply what is required perhaps a committee of ladies would take charge and make the rooms homelike.

Any person wishing to contribute any of the above may communicate with the President, Vice-President or Secretary of the Association and arrangements will be made to have the goods called for.

BOY IN LOCKUP.
The town lock-up is not a fit place in which to place a human being for safe keeping and the action of Police-man Lawson in placing a little boy of 12 years of age and very small for his years, in a cell Wednesday afternoon and keeping him there until Thursday morning without any serious charge against him, is being severely criticized. The little boy was guilty of paying 10 cents to another for a pocket knife and must needs be used like a desperate criminal, while the boys who really stole the goods remained at liberty.

OBITUARY.
Mr. Henry Harris.
Broadlands has lost a highly respected resident in the death of Mr. Henry Harris which occurred on Thursday last, August 30th, at the age of sixty years.

Besides his wife he is survived by four daughters, Mrs. Angus Dobson and Mrs. Vincent Duthie of Campbellton, Miss Etta and Miss Frances at home and three sons, John and Harvey at home and James now serving his country in France. Also his sisters, Miss Katherine Harris and Miss Janie Harris of Campbellton and four brothers, David of Flat Lands, William of Sellarville and James and John of Upsalquitch and Robert in British Columbia.

The funeral which was held on Saturday was largely attended. The Rev. J. R. McKay of Tide Head officiating. The pall bearers were Messrs. Joe Harvey, Frank Harris, Wm. Harvey, Chas. Dobson, Mitchell Harvey and Wm. Harris of Campbellton.

OBITUARY.
Mr. and Mrs. Thomas Maheson have the sympathy of all in the death of their six year old daughter Dolly which occurred at the Hotel Dieu Hospital, Sunday morning following an operation for appendicitis. The little girl was unusually bright and beloved by all.

The funeral was held Monday afternoon and was largely attended. Rev. Hugh Miller conducted the service at the house and grave.

FORESTRY COMPANY FOR GASPE COAST

Captain Mills of New Carlisle Now Recruiting for Such Utlie.

The counties of Bonaventure and Gaspé are to have an Overseas unite of their own.

Capt. Mills of New Carlisle is hard at work recruiting for a Forestry company. The officers of the company will all be from this district and the Battalion will be commanded by Major Belford, ex-chaplain of the 171st Battalion, and so well known along the Gaspé coast.

This is a very attractive unite and our Forestry boys have been doing a good work in England and France.

HOLD YOUR EWE LAMBS THIS FALL.

Keep Them Growing and Finish Them Out Just Before the Breeding Season.

A number of farmers complain that a spring lamb will not give a lamb crop the first year. They will if properly attended to. Just as the lambs are weaned turn them into a field of grass. Keep them growing and thrifty and just before the breeding season flush them out with a little bit of grain. This will insure a lamb crop the next spring.

WHAT AN AMATEUR HAS DONE

Mr. W. C. Allison, of the firm of Manchester Robertson & Allison, has a farm at Rothney. Last fall he purchased six grade ewes and a pure bred Shropshire ram lamb. This spring he sheared an average of eight pounds of wool from his ewes and he had a lamb crop that averaged 1.5-6 lambs per ewe.

Wool sold for 60 cents, that is each ewe gave a wool crop valued at \$4.80. Lambs are easily worth \$10 a piece this fall, that is equivalent to \$18.30 from each ewe for lambs, thus he received a total of \$23.10 from each ewe for wool and lambs. This is an exceptional case and the high net income could not have been secured if he had not given his stock careful attention. He flushed his ewes in the breeding season, hence the big lamb crop.

THE OUTLOOK FOR 1918.

This year wool sold at 60 cents and 70 cents per pound. Next spring it will be just as high and very probably higher. Meat prices will hold strong for years to come. If you are dubious about wool prices next year just stop and think where the wool for two million American uniforms is coming from. If you still fear low prices, think of all the blankets, and socks required for American and Canadian soldiers. If you fear low meat prices consider the huge standing armies that are, and will be training in the United States. It behooves us people who stay at home to provide these armies with food and clothing. Let us shoulder the responsibility and take advantage of the opportunity. We owe it to our Empire and we owe it to New Brunswick.

MORE ABOUT SHEEP

Big Money, Little Labor. Speak up. The Department Can Supply You With Any Number Required.

The Livestock Division of the Department of Agriculture is prepared to assist any farmer in the Province to secure first class grade ewe lambs, pure bred rams, and pure bred ewes. We want to do so and have the stock available. Why not swing in line with other farmers and grow more sheep? Just step and consider what you are going to do with the surplus hay you will have to carry over this winter. There has been a big hay crop and prices will range low. Why not winter 15 or 20 grade ewes and a pure bred ram, rather than a mow of hay. The sheep will prove more profitable.

HOW TO SECURE SHEEP.

The Department of Agriculture can secure any number of first class high grade ewe lambs. Part of these will be selected in New Brunswick and part will be secured from P. E. I. sources. There is no limit to the supply. Then we can fill all orders for pure bred flock headers and pure bred ewes. Some of these will come from local breeders and after this source is exhausted an importation will be made from the Province of Quebec.

The price for grade ewes will range from \$10-\$15; for pure bred ram lambs and ewes \$20-\$25. As a guarantee of good faith the Department of Agriculture requires that with each order the purchaser deposit a sum of money sufficient to cover

50% of the purchase price; the balance to be paid when the sheep land in Fredericton. If you are interested in this proposition write the Livestock Division of the Department of Agriculture, Fredericton, N. B.

HOW NEW BRUNSWICK FARMERS CAN HELP.

Old sheep growers will find it to their advantage to sell what ewe lambs they have, and breed them. Plan to double your wool and lamb crop next year. The best farmers who never carried any sheep, or who have gone out of the business, you will find it profitable to stock up with a bunch of ewes and a pure bred ram. To those people who have acres of uncultivated land, why not make it yield something. You can make it do by stocking it with sheep.

WHY NEW BRUNSWICK FARMERS SHOULD GROW SHEEP

1. It is our duty to do so. We must help feed and clothe our Allies.
2. Progressive Agriculture depends on Livestock. We want our province to come to the front as agricultural centre.
3. We have opportunities for sheep production, the rich valleys, the upland pastures, plenty of water, abundance of hay, and a great range country. Thus conditions are just right.
4. In these days of high priced lamb why not work along the line of least resistance? Sheep require less labor than any other livestock.
5. Money invested in sheep yields a fine dividend, the investment is small and the turnover quick.

INFORMATION RE SHEEP PRODUCTION.

The Livestock Division of the Department of Agriculture stands ready to aid the farmer in any way. If he wants advice on any point, such as the best breed, where to locate foundation stock, probable cost, feeding, housing, flushing out, or any point that he is in doubt about, we will be glad to supply him with the information. Then we have some literature available for distribution which we will gladly forward upon request.

The new Dog Law offers protection from what has formerly been a serious drawback to the Sheep Industry. An interested in this phase of it should study the New Dog Law and see that it is put into force in their parish.

For further information write the Livestock Division of the Department of Agriculture, Fredericton, N. B.

MUST WORK TOGETHER.

If you saw a man throwing sand at your plate glass window, you would not worry very much, would you? But if you saw him massing the particles of sand into an adhesive ball with the aid of a little lime and water, you would know that the sand and water thus cemented together would go through the window when it hit.

And you would immediately begin to figure on your insurance.

If all the men in this country were to start out, each on his own responsibility, to conquer another nation, that nation would not have much to fear, would it?

But if these same men went out together under efficient leadership, they would be practically irresistible.

So it is with the community. A single individual, however earnest and ambitious in his desires to advance the welfare of his community can do little more than agitate.

An entire community of individuals prompted by the same desire but acting each on his own initiative, and without regards to what the others were doing, will accomplish little more.

But actuated by the same desire, and working collectively for the same purpose—ah, that is another story. Our town is entitled to the confidence loyalty and hearty support of everybody in the community.

NEW BRUNSWICK CROP FOR 1918.

More Consideration for the non-perishable Crops.

The last month has been one of anxiety for every farmer. The weather has not been particularly good for haymaking and labor has been very scarce. Many have just finished the hay or expect to do so shortly and the general report is that the quality of the hay made is very poor. Poor hay is of but doubtful value for any class of livestock, except for bedding in the stables, and it is a well-known fact that there is not sufficient stock in New Brunswick to eat the good hay, and the market for any class of hay is not very active. To the casual observer, then, it would appear that New Brunswick has too many acres under hay and the time now being spent upon making poor hay gives practically no return to the farmer for his outlay and would be, perhaps, much better spent looking after a crop of wheat, barley or oats. The conservation and the intelligent direction of available labor was never more important than at the present moment and that spent upon gathering in over ripe hay can, no doubt, be used in other channels to the mutual advantage of the farmer and of the country.

THE TONIC THAT BRINGS HEALTH

"Fruit-a-lives" Builds Up The Whole System

Those who take "Fruit-a-lives" for the first time, are often astonished at the way it builds up the system. They feel better and stronger. They are taking "Fruit-a-lives" for some special disease, as Constipation, Indigestion, Chronic Headaches, or Neuralgia, Kidney or Bladder Trouble, Rheumatism, or Gout. And they find that "Fruit-a-lives" has cured the disease, that they feel better and stronger in every way. This is due to the wonderful tonic properties of these famous tablets, made from fruit juices. For a box, 6 for \$2.50, trial size, 30c. At all dealers or sent postpaid by Fruit-a-lives Limited, Ottawa.

THE TONIC THAT BRINGS HEALTH

question will not cease even when war ends. The prospects for ready sales and good prices for live-stock are all that could be desired for years in the future. Attention paid to pigs and the keeping of more brood sows in the spring of 1918 will assist in the food situation. Many are considering the killing of their poultry because of the high price of feed. It is questionable if the profits from keeping poultry were any greater or as great in New Brunswick during war conditions than to-day; the price of eggs is high and is soaring; the price of fowl is also high. Stronous efforts are being put forth by the Livestock Division at Ottawa to cope with the feed situation and a car-load of chicken feed is to be forwarded shortly to this province. Before depleting any class of live-stock very serious consideration should be given, because it takes no more grain to produce a pound of pork or of chicken or to produce an egg to-day than previously, and the extra price offered for the product will offset the extra price for grain. Every farmer who raises poultry should consider the greater part of their food.

We as a people are apt to be stampeded to a degree, occasionally, and this is a time when careful thought and judgment should be applied to every problem. General Massey stated that the battle in Flanders is at the same stage as Waterloo was at ten o'clock, which means that the man at home has a serious problem also.

Undoubtedly during 1918 the gardens will again be filled and the usual canning will be repeated. The extra acreage of beans will again be planted and if a good crop is had this year perhaps the acreage will be increased.

However, as the plans are now being matured, we would ask that consideration be given to the breaking up of some of the hay land this fall, if time will permit, in order that more cereals may be grown next season, and, in addition, in order that there will be less overripe hay to harvest, thus using labor upon crops that will give greater returns and be of greater value to the country.

The Provincial Department of Agriculture will give every assistance possible. Particular attention is being given just now to the purchasing of live-stock, emphasizing sheep.

GREAT FOREST FIRES.

(Victoria Colonist.)

The recent great forest fires in Northern Ontario have drawn attention to other similar occurrences. The fire-swept area in Northern Ontario has an area of 800,000 acres and the loss of life numbered 262. There was a forest fire in Minnesota in 1894, which devastated 140,000 acres and destroyed 418 lives; but the greatest of such disasters were the Peshtigo fire in Wisconsin in 1871, which swept over 1,500,000 acres with a death toll of 1,500, and greatest of all in point of area, the Miramichi (N. B.) fire of 1825, which was attended by the loss of 100 lives, but consumed six towns and devastated about 3,000,000 acres. The Peshtigo and Miramichi fires were of such an unusual character that there has been more or less speculation as to their origin.

The Miramichi fire followed a long, dry summer. It took place in October, but more dryness of the forest would hardly explain the phenomenon. A spectator who saw it advancing in one locality has left an account of the spectacle as it appeared to him. He said it was like an ordinary forest fire. The forest, as far as he could see, seemed to burn like a common fire with a terrific heat. A great mass resembling black smoke accompanied it and it was a terrible sight of burning trees and a great mass of black smoke.

THE TONIC THAT BRINGS HEALTH

"Fruit-a-lives" Builds Up The Whole System

Those who take "Fruit-a-lives" for the first time, are often astonished at the way it builds up the system. They feel better and stronger. They are taking "Fruit-a-lives" for some special disease, as Constipation, Indigestion, Chronic Headaches, or Neuralgia, Kidney or Bladder Trouble, Rheumatism, or Gout. And they find that "Fruit-a-lives" has cured the disease, that they feel better and stronger in every way. This is due to the wonderful tonic properties of these famous tablets, made from fruit juices. For a box, 6 for \$2.50, trial size, 30c. At all dealers or sent postpaid by Fruit-a-lives Limited, Ottawa.

question will not cease even when war ends. The prospects for ready sales and good prices for live-stock are all that could be desired for years in the future. Attention paid to pigs and the keeping of more brood sows in the spring of 1918 will assist in the food situation. Many are considering the killing of their poultry because of the high price of feed. It is questionable if the profits from keeping poultry were any greater or as great in New Brunswick during war conditions than to-day; the price of eggs is high and is soaring; the price of fowl is also high. Stronous efforts are being put forth by the Livestock Division at Ottawa to cope with the feed situation and a car-load of chicken feed is to be forwarded shortly to this province. Before depleting any class of live-stock very serious consideration should be given, because it takes no more grain to produce a pound of pork or of chicken or to produce an egg to-day than previously, and the extra price offered for the product will offset the extra price for grain. Every farmer who raises poultry should consider the greater part of their food.

We as a people are apt to be stampeded to a degree, occasionally, and this is a time when careful thought and judgment should be applied to every problem. General Massey stated that the battle in Flanders is at the same stage as Waterloo was at ten o'clock, which means that the man at home has a serious problem also.

Undoubtedly during 1918 the gardens will again be filled and the usual canning will be repeated. The extra acreage of beans will again be planted and if a good crop is had this year perhaps the acreage will be increased.

However, as the plans are now being matured, we would ask that consideration be given to the breaking up of some of the hay land this fall, if time will permit, in order that more cereals may be grown next season, and, in addition, in order that there will be less overripe hay to harvest, thus using labor upon crops that will give greater returns and be of greater value to the country.

The Provincial Department of Agriculture will give every assistance possible. Particular attention is being given just now to the purchasing of live-stock, emphasizing sheep.

GREAT FOREST FIRES.

(Victoria Colonist.)

The recent great forest fires in Northern Ontario have drawn attention to other similar occurrences. The fire-swept area in Northern Ontario has an area of 800,000 acres and the loss of life numbered 262. There was a forest fire in Minnesota in 1894, which devastated 140,000 acres and destroyed 418 lives; but the greatest of such disasters were the Peshtigo fire in Wisconsin in 1871, which swept over 1,500,000 acres with a death toll of 1,500, and greatest of all in point of area, the Miramichi (N. B.) fire of 1825, which was attended by the loss of 100 lives, but consumed six towns and devastated about 3,000,000 acres. The Peshtigo and Miramichi fires were of such an unusual character that there has been more or less speculation as to their origin.

This department is conducted by the Local Union, and is under the charge of an Editor appointed by them. This Editor assumes the responsibility for the statements and articles which appear in this column.

The regular meeting of the Campbellton Women's Christian Temperance Union will be held in St. Andrew's Church Hall Tuesday September 11th at 8:30 o'clock. As this is the opening meeting after the holidays it is especially desired that a large number of the members should be present.

The following is a list of the officers and Superintendents for the year 1917-18.

President, Mrs. E. B. Gernard.
1st Vice Pres. Mrs. A. Fairley.
2nd Vice Pres. Mrs. A. D. Richards.
3rd Vice Pres. Mrs. A. A. Andrew.
4th Vice Pres. A. E. Whyte.

Recording Secretary, Mrs. Stewart McLaughlin.
Corresponding Secretary, Mrs. A. G. Adams.

Treasurer, Mrs. James Morton.
Auditor, Mrs. W. H. Miller.

SUPERINTENDENTS.
Evangelistic, Mrs. D. J. Bruce.
Methy's Meetings, Mrs. Wm. Currie.

Scientific Temperance, Mrs. M. P. Moore.

Systematic Giving, Mrs. James Haines.

Seiler's Work, Mrs. Peter McLean.
Lumbermen's Work, Mrs. A. H. Ingram.

Flowers and Fruit and Delicacy, Mrs. Linsley assisted by Mrs. English Willard Hall Work, Miss M. E. Gernard.

Poor Work, Miss Lydia Duncan.
Mittie Work, Mrs. John Farmer.
Social Comp. Mrs. Howard Keith.
Mrs. Duncan Gallon, Mrs. Chas. Nelson, Mrs. George Sears.

Delegates to Convention which will meet in St. Stephen, Sept. 10 to 20th and 21st are: Mrs. A. H. Ingram, Mrs. Morton, Mrs. Bruce and Miss Duncan.

Miss Muriel Blason of Robin J. & W. who has been home on two weeks vacation resumed her duties on Tuesday.

Mr. H. N. Smith of the B. N. S. left here on Monday to take charge of the Port Daniel branch. His many friends are sorry to see him go and wish him every success.

Mrs. J. A. Seale and Masters Arthur and Willie Seale spent the week end in New Richmond.

Miss J. Gibout of Quebec on her way from Port Daniel to her home in New Richmond.

Mr. and Mrs. Harris spent Labor Day in Campbellton.

Mr. and Mrs. T. G. Galichan daughter Ellen and F. LaBac spent Sunday in Port Daniel West.

Mr. J. E. Levesque and a party of friends spent Labor Day in Campbellton.

Miss Alice LeGallais was the guest of Miss Julia Blount of Port Daniel for the week end.

Mr. and Mrs. E. B. Romeril accompanied by Mrs. Elliott returned from Port Daniel on Monday.

A concert entertainment in aid of the Red Cross was given by the girls and boys of Fairview at the Church Hall on the 10th of last month. It was really a good entertainment and reflected great credit on the young folk.

Songs, recitations and even a German Spy Play written by one of the boys, went with a snap that furnished an object lesson to the adults of the audience. The girls and boys all deserved great praise for their work and it would be ungracious to single out any one of them for special commendation. Forty seven dollars were collected which is pretty good.

Would the members who have been knitting kindly report the number of socks knit by them, to the Sup. of Militia so that she may be able to make her report at the coming Convention.

SOME CANADIAN PRISONERS REACHING LONDON.
London, Sept. 4—Canadian prisoners who have been held in Switzerland, are now filtering through in small groups to make room in the camps for further exchanges. All the men testify to the uniform kindness received from the Swiss people and say that the conditions made for the prisoners in Switzerland are as satisfactory as could be expected.

FROM FRUIT TO FARMINE.
For the next few weeks we shall have an abundance of perishable green vegetables, and in some quarters a superabundance. There is also a definite prediction that, food prices will be extremely high before the winter is over. The problem is to avoid buttering our bread too thick now and too thin later. No small part of it can be met in two ways suggested by the food administrator. The first is to use as much of the perishable vegetables as possible now to the saving of the non-perishable food-stuffs, such as wheat. The second way is to preserve quantities of these green foods while they are cheap and plentiful.

Canning is much more economical when several families club together to buy their vegetables in bulk. The business of getting these perishable foods quickly and cheaply to the consumer is quite as vital as the preservation and economy of them when they arrive, and club buying lends itself to this end, because half a dozen persons will know more sources of support than one.

The green vegetable season is a sample of the whole problem of rationing, which is to save the surplus of the fat years to spread over the lean years. And though kitchens are hot and canning is not easy work, there may come a time between now and next summer when rows of preserved vegetables on pantry shelves will spell the difference between pinch and plenty.

SICK WIFE'S STORY SURPRISES CAMPBELLTON.
The following has surprised Campbellton: A business man's wife suffered from dyspepsia and constipation for years. Although she dieted she was so bloated her clothes would not fit. ONE SPOONFUL of buckwheat bark, glycerine, etc., as mixed in Adler's-Kid relieved her INSTANTLY. Because Adler's-Kid empties BOTH large and small intestines it relieves ANY CASE constipation, sour stomach or gas and prevents appendicitis. It has the QUICKEST action of anything ever sold. A. McC. McDonald, Druggist, Campbellton, N. B.

NOTICE TO SPORTSMEN

The New Brunswick Game Act was amended during the last session of the Legislature in the following respects:

Close Season for Water Fowl.
(a) Any wild goose, brant, teal, duck, or any other wild duck, between the first day of December in any year and the first day of September next following, at 12 o'clock noon, excepting that black-duck may only be killed or taken between the 15th day of September in any year at twelve o'clock noon, and the first day of December next following.

(See Sec. 3 (1)).
BRAVER AND SABLE.
Close season extended to July 1st, 1919.

DEAD GAME.
It is unlawful to have in ones possession or to keep in cold storage except under a permit issued by the Minister of Lands and Mines, the carcass or any portion thereof of any moose, caribou, deer or of any game animal or game bird; This includes green hides or pelts of game animals.

See Sec. 3 (5).
EXPORTATION OR SALE OF PARTRIDGES.
Every Warden is authorized to seize on sight and confiscate:

(b) Any partridge attempted to be exported in violation of section 6, or which there is reasonable cause to suspect are intended to be exported.

Any partridges sold or offered or exposed for sale between the date of the passing of this Act and the 15th day of September, A. D. 1919. Any partridges so seized, or forfeited, shall be sold by the game warden or other person making the seizure, either by private sale or at public auction, at such time and place as he shall think fit and the proceeds of the sale after paying the expenses thereof, shall be applied in the same manner as the moneys received from the penalties are applied under this Act.

See Sec. 38 (b).
LICENSE FEES.
The fee for license to hunt and kill one bull moose, and one bull caribou and two deer will be to a non resident of the Province \$50. To a bona fide resident \$25, but no such license shall be issued to any one under 18 years of age.

COLD STORAGE.
Notwithstanding anything contained in subsection (5) of section 3 of The Game Act, 1909, the Minister of Lands and Mines may issue a permit to any person to keep in cold storage during the close season the carcasses or any portion thereof, of any moose, caribou, deer or of any game animal or game bird, for his personal use only.

TRAPPING OF GAME.
It is unlawful to trap any game except such fur-bearing animals as are exempt by the Game Act.

See Sec. 4 (2) b.
WILD BIRDS EGGS.
The eggs of partridges, wild duck, wild goose, sea gulls or any other fowl the hunting of which is regulated by the Game Act may not be disturbed or taken.

See Sec. 4 (6).
GUN PERMITS.
Permits to carry a gun in the forest during close season can only be issued by the Minister of Lands and Mines.

See Sec. 4 (7).
BIRD LICENSES.
A \$50 non resident hunters license carries with it the right to shoot game birds.

WILD GOOSE AND BRANT TAKEN BY RESIDENTS OF THE PROVINCE FOR DOMESTIC PURPOSES.
The section relating to the taking of goose and brant as above described has been repealed.

See Sec. 8 (1).
Further information relating to the operation of the Game Act may be obtained upon application to the Crown Land Office, Fredericton, N. B.

HUSBAND OBJECTS TO OPERATION

Wife Cured by Lydia E. Pinkham's Vegetable Compound

Des Moines, Iowa.—"Four years ago I was very sick and my life was nearly spent. The doctors stated that I would never get well without an operation and that without it I would not live one year. My husband objected to any operation and got me some of Lydia E. Pinkham's Vegetable Compound. I took it and commented to get better and am now well, am stout and able to do my own housework. I can recommend the Vegetable Compound to any woman who is sick and run down as a wonderful strength and health restorer. My husband says I would have been in my grave ere this if it had not been for your Vegetable Compound."—Mrs. BLANCHIE JEFFERSON, 708 Lyon St., Des Moines, Iowa.

Before submitting to a surgical operation it is wise to try to build up the female system and cure its derangements with Lydia E. Pinkham's Vegetable Compound; it has saved many women from surgical operations.

Write to the Lydia E. Pinkham Medicine Co., Lynn, Mass., for advice—it will be confidential.

President Wilson, in rejecting the Pope's peace proposition, refers to Germany as a power that has swept a continent with the blood of innocent women and children, and the helplessness of the poor, as well as of soldiers' and adds that "we cannot take the word of the present ruler of Germany as a guarantee of anything that is to endure." This condemnation of Germany's bad faith will go into history and be accepted by posterity.—Ex.

The Food Controller's office has sent out an appeal to the people to economize by using cornmeal in place of wheat flour to some extent. That office didn't take the trouble to ascertain that corn is relatively much dearer than wheat, so much dearer that it is extravagance, not economy, to use it. It is like advising people to eat more potatoes at \$8 a barrel to save flour at \$13. The poor can't afford to eat corn cake.—Chatham World.

ESKIMO'S STRANGE CODE OF ETHICS

Lying and Stealing are More Serious Crimes than Murder.

Evidence in the trial of the two Eskimos, accused of the murder of two priests in the Arctic region was slow in coming out, due to the complications of interpretation from Eskimo to the English tongue. Umukuk, one of the accused was on the stand. He told of the killing of the priests and of the eating of the liver of the dead. This, he said, is a custom of the Eskimo tribe to which he belongs.

Ivank, another Eskimo, who was a guide with the Steffensen expedition, was on the stand a greater part of the afternoon. He detailed the customs of the tribes of the Far North. The law of the tribes, he said, encouraged the killing of certain persons, among these being the insane and incurable. He said that lying and stealing were a far more serious offence than the taking of human life.

AMERICAN SOLDIERS THROUGH PICCADILLY

With Pockets Full of Money, They Dine at the Best Hotels

London was over-run yesterday with American soldiers and sailors. All the downtown streets in the city, specially in the Piccadilly district, were thronged with soldiers, some walking, some in taxis. Everywhere the Americans mixed with the Tommies, Australians, Canadians, and Scotchmen in kills, and all agreed that London was fine and Britain's soldier's were better.

In some places the Britons were initiated into the game of craps, and, as usual, the beginners won. Craps seems to have captivated London. The Americans, who had not been at liberty since their departure from the United States, were lionized. At some corners women were standing, handing roses to soldiers, who pinned them on their hats.

Many took advantage of the new Eagle Hut of the Young Men's Christian Association which was thronged to the doors. One thing that was noted was the especially warm personal welcome extended to the men. Furloughed Belgians, Frenchmen or other soldiers of the Allies travel through the city in groups, by themselves, but every American group was piloted by at least one and sometimes half a dozen Britons. All the landmarks were pointed out, and in many instances mixed groups walked through the streets with arms locked.

The American soldier is a mystery to the Englishmen. Those in London to-day, having just been paid, and pockets full of money, which they were anxious to spend. They dined at the best hotels, some of them occupying tables adjoining those at which British officers were seated. The only difficulty which they experienced with English money had to do with the value of the coin, to which they are as yet unaccustomed. They passed over pound notes in payment for small purchases, and took back a handful of change without counting it. "What's the use of counting it?" said one. "We could count the number of coins, but that's all. So we just trust to luck."

From the tops of crowded buses men and women waved at the Americans. It is agreed unanimously that London likes them as much as they like London.

The American bluejackets had similar experiences, but many of them have been in London before and knew their way about.

GADSBY'S LETTER

OTTAWA, Sept. 1.—Newly alleged blockading of union government has been re-revealed before the H. C. B. B. (H. C. B. B.), it transpires that the government is just as far away as ever it was. The real obstacle is the disincarnation of those approached by Premier Borden to wrap themselves in a shroud of night to their feet and jump overboard. If you don't like that metaphor, the drowning man's clutch which drags the rescues under too. In short, no one is willing to take chances.

Of course Premier Borden doesn't get too far away from practical considerations when he is pursued by such a high ideal as union government with a slight sediment of ex-Liberalism—if any such can be caught. Bob Rogers goes out of the Cabinet, but he remains Minister of Elections. Bob is a good sport. He will play the game and stand by the machine. Daddy's on the engine, don't you be afraid. Bob's reward is coming. While Bob is rising up and getting all black in the process, Premier Borden stands out the pure white patriot, all shining like a star in his quest of the Holy Grail. Somebody in the outfit has to look well, and what's the use of being present if you don't take the first crack at it?

Similarly Premier Borden did not really lose the Nationalists the other day when he read that letter saying they were "unpatriotic in the present war." It was simply left there in the parcel room to be called for later. The Nationalists are not lost for keeps; they are simply gone before Premier Borden will meet them on the other shore after the next general election. Meanwhile Earl Borden's newspaper has increased its size and decreased its subscription rate for the next three months, and the creation naturally arises from what slash fund is the dearest Earl deriving his nourishment? Just now in 1917, Earl Borden has a great nose for the fresh pots at election time.

Another obstacle to union government is the people Premier Borden has working for it, notably Sir Clifford Sifton. Sir Clifford is all against calling in a man like Sir Clifford Sifton to help form a new government. Not to go too far back, what happened in the past when they invited the Angles and Saxons in to drive out the Picts and Scots? Well, that's the story of union government—the helping hand helps itself to everything. The Conservative government probably be more afraid of Sir Clifford Sifton than it is of the Whigs. Sir Clifford is a man who was pretty dead, Sir Clifford is, in fact, as dead as Lazarus, but he has a pretty little notion of union government—split the West, split Quebec, and then split afterwards. Something like a lobster shedding a claw and growing another.

The strange thing about Sir Clifford is that he came back from England he was strongly pro-Laurier and said so. According to him nobody else had a clue. But he took a trip to New York, saw Lord Northcliffe there and changed his views to suit. Lord Northcliffe is a masterful man. They say he rules England through his newspapers. He would now try it on in Canada through Sir Clifford Sifton. Time was when Canada resented Downing Street rule and struggled for, but Fleet Street rule would a little more. Meanwhile the way to administer a rebuke to Lord Northcliffe for butting into our domestic politics is to give Sir Clifford Sifton a swift kick in some definitely localised spot.

Rumor has it that the Government will drop its little plan to pay the Toronto group of looters par for C. N. R. bonds which they bought in England at four on the dollar. The pledges of the common stock—six hundred thousand shares, all watered in—probably have to take out in water. The little scheme by which Sir Joseph Flavelle's pet bank and a couple of his trust companies were to get \$60,000,000 for their worthless goods, didn't go very far before the Opposition saw through it. For a skilled player like Sir Thomas White, the C. N. R. bill is really new work.

The Government shows considerable hesitation in enforcing the Military Service Act. By the time this bill is passed, the Governor-General will have signed the Act, and his own fair hand, and selective conscription will be the law. But it doubt if anything will be done about it right away, unless perhaps in Quebec. The Government doesn't want much to do with conscription until after a general election. All that is expected of the Military Service Act during this season of suspense is a few riots in Quebec, and a few Liberal meetings broken up by returned soldiers in various parts of the country. The idea is to help the voting. This idea is further carried out in the Military Voters' Act, which gives the franchise to the soldiers' wives, mothers, widows, and other female relations. For this part of the Act there is no objection; but the clauses which enables a soldier to choose his voting constituency, and incidentally the Government to apply the soldier vote to the weak spots, are distinctly vicious. Evidently what the Government runs on is to stall the election somewhere in England. The bill provides that both parties shall have something to say, but the Conservative party shall have more. The counting will be done by majority. If the Franchise Act is at work as

Hundreds of Dollars

of Restigouche money are sent out of the country each year for all classes of Commercial Printing which could be procured from the local printing offices. If this money was spent here, it would mean that the local offices would have to employ more help, and that would mean more money spent at home.

Better Goods, Less Money

As a rule the local offices charge no more than the larger city offices, and the quality of work is as high. In fact that turned out by the Graphic is above the average.

BORN.
At St. Anne de Bonaventure, Que., on August 28th to Mr. and Mrs. John Campbell, a daughter.

WANTED AT ONCE.
A room to be used as a studio for teaching Piano and Vocal culture. Central location necessary. Phone 185 or 81.

RETURNS HOME.
Pte. Robt. Harris, son of Mr. and Mrs. David Harris of Pitt Lake, returned from the front last week. Pte. Harris was a member of the Fighting 50th and is suffering from shrapnel wounds in his arm. He was laid up in hospital in England for a long time.

AGRICULTURAL APPOINTMENT.
The Provincial Department of Agriculture has appointed James King of Sussex, district representative for the three Northern Counties of Northumberland, Westmorland and Gloucestershire. Mr. King is a resident of Gloucestershire and is named as its assistant.

RECEIVED APPOINTMENT.
Mr. O. J. Loran has been appointed to the position of District Representative for the three Northern Counties of Northumberland, Westmorland and Gloucestershire. The appointment is a most popular one as Mr. Loran has returned from the front where he did "his bit" and was wounded.

MARRIAGE.
At the Baptist Parsonage on August 31st a pretty marriage was solemnized between Mr. John Kierstead of Campbellton and Miss May Till of the City of West. The ceremony was performed by Rev. W. Camp, B. A., in the presence of a few friends.

REPORTED WOUNDED.

DIED.
At Shivers Ahol, on Sept. 1st, Wm. Margaret, dearly loved daughter of J. W. G. and Mrs. Salmon, aged nine months. Of such are the Kingdom of Heaven.

CARD OF THANKS.
Mr. and Mrs. J. W. G. Salmon of Shivers Ahol wish to thank their many friends in Campbellton and Ahol for the many kindnesses shown them during their recent and bereavement.

CLOSING FUND.
Mr. R. R. Rensbrough, local treasurer of the Military Y. M. C. A. fund is winding up the local fund. There are a few who have not yet paid the amount. These are requested to do so at once. A statement of the fund will be published later.

ATHOL.
The home of Mr. and Mrs. J. W. Salmon was saddened Saturday by the death of their infant daughter Wm. Margaret, aged nine months. The funeral of this little one which was held on Monday morning, Rev. Hugh Miller and Capt. Squarbriggs officiating, was largely attended.

WILL WEAR BADGES.
Genui warrents this season will wear metal badges supplied them by the Department of Lands and Mines. The department is providing sportsmen and woodmen generally with a neat little pocket whistle. One has a celluloid covering containing the words "Prevent Forest Fires when in the Woods. Put Your Camp Fires Out. Do Not Drop Lighted Matches or Tobacco." The whistle will be found very useful and will make a nice souvenir. The idea was worked out by Col. Leggie, the deputy head of the department.

METHODIST FINANCIAL DISTRICT MEETING.
The quarterly meeting of the Methodist Chatham Financial District was held at Newcastle Wednesday afternoon and evening, Aug. 29th, an unusually large number of laymen attending. Those present were Rev. J. L. Dawson, president of the Conference; Rev. Geo. Steele, Supt. of Missions.

DEATH OF MR. GEO. B. FRASER.

Last Thursday evening the whole community of Chatham heard with feelings of deep and universal sorrow that Mr. George B. Fraser, Barrister, had passed away at 7.30 o'clock, after two days' illness. He was 71 years of age. Born at Cross Point, P. Q., Mr. Fraser was educated at the Campbellton High School and the University of New Brunswick, and qualified for the Bar early in the seventies. He settled in Chatham and here continued to practice his profession, enjoying the esteem and confidence of the public, in a market degree, till the day of his death.

For years Mr. Fraser served the Chatham Board of Health as Secretary. He was a loyal member of St. Andrew's church, and for a long time a member of the Board of Trustees of that church. He was also elected twice to the eldership, the highest honor a congregation can bestow on a fellow member, but Mr. Fraser, each time, with characteristic modesty declined to accept the office. In politics he was a Conservative, and in regard to conscription, pinned his faith to the policy of Sir Robert Borden. Three of his sons sprang to the colors, at the call of King and Country—and two of them, Archie and Mac, have made the supreme sacrifice. They, too, will continue to live in the hearts of all who knew them as conspicuous examples of true Christian manhood.

Mr. Fraser is survived by his wife, two sons, Roderick of Renfrew, Ont., and Lieut. Brydson now in Winnipeg, and four daughters, Mrs. Gordon H. Logie, Peterborough, and Misses Marion, Edna and Dorothy at home.—Chatham World.

WE ARE HERE TO SERVE YOU

Are YOU Missing Something that Millions Enjoy?

Why do you suppose the majority of men on this continent who can afford the money for shaving satisfaction, are using the Gillette Safety Razor?

Why is the Gillette a treasured item of equipment in the kit of practically every officer and of tens of thousands of men in the Canadian Overseas Forces?

Only one reason could possibly hold good with so many level-headed men. It's this—the Gillette gives a shave, day in and day out, that no other razor in the world has ever equalled—and does it handily in five minutes or less. That is why over a million more men everywhere are adopting the Gillette every year.

YOU would appreciate this as much as any other man! The saving of time—the independence of barber shops—the resulting economy—and above all the matchless comfort of the clean, quick Gillette shave—these are real, personal advantages which you must not longer miss.

The Gillette Safety Razor is a leading specialty with Hardware, Drug and Jewelry Dealers everywhere. "Bulldogs", "Aristocrats" and Standard Sets cost \$5—Pocket Editions \$5 to \$6.—Combination Sets \$6.50 up.

JACQUET RIVER.
A very pleasant evening was spent in the C. M. B. A. Hall on Wednesday evening the 29th when a whist party was indulged in. A large crowd were in attendance, and thoroughly enjoyed themselves. The first prize for ladies was won by Mrs. John Collins, being a gold pendant and chain. The first gentlemen's prize a pair of cuff links, was carried off by Mr. James Boudry while the consolation prize, a hand mirror was awarded to Miss Mary Archibald. Baskets were then disposed of, most advantageously and luncheon partaken of, after which the merry party broke up.

An Ice Cream Sale was held in the Red Cross room on Saturday evening. The ladies in charge of the tables were: Misses Laura McAulay, Margaret Casey, Katherine McMillan and Marie Shannon. Tea and sandwiches were also on sale, the tea room being in charge of Miss Marion Winton. Miss Helen McMillan sold candy. A sum in the vicinity of \$23.00 was realized for Red Cross purposes.

A pantry sale was held also in connection with the ice cream sale, under the auspices of the Women's Institute, Mrs. W. J. Davis and Miss Marion Archibald being in charge. The sale, the first of its kind to be held here was a decided success.

WHO IS THE HOME MERCHANT?

THE HOME MERCHANT—who is he?

HE is the man who gives you credit when you are financially embarrassed and carries your account when you are unable to pay.

HE is the man who gives you back your money or makes exchanges when you are not satisfied with what you have bought.

HE is the man who stands back of his guarantee and makes restoration of all losses you may maintain on goods you buy from him.

HE is the man who meets you at the door with a hand-shake and lets you out with a message to "the kids" and a real "come again good-bye."

HE is the man who takes a neighborly interest in you; your friend and your affairs.

HE is the man who pays heavy taxes to help support the school, build and maintain the streets, police and fire department and other public institutions. He helps to support the churches, hospitals and charity organizations.

HE is the HOME merchant—YOUR neighbor—YOUR friend—YOUR helper in time of need.

Don't you or won't you, realize that every dollar you send out of town goes to strangers who never spend a cent here?

BE FAIR TO THE HOME MERCHANT—your friend and neighbor—BUY IN CAMPBELLTON at all times.

OBITUARY.

On Sabbath, 26th August, This Head lost through the death of Mrs. John Moffat one of its oldest and most respected citizens. Mrs. Moffat enjoyed good health up to a few months previous to her departure and was a woman whose whole life had been characterized by activity and earnestness. She took a deep interest in every thing that pertained to the welfare of the community and by a quiet unobtrusive piety, as well as abounding benevolence recommended herself to all who came within the circle of her influence. Her zeal for the welfare of her beloved Zion was proverbial and the Presbyterian congregation, of which she was a member, owes no small part of its prosperity to her liberality and devoted service. When "she has passed away" became the first news of the Sabbath morning it meant to many who had been associated with her in the sanctuary services a loss that seemed irreparable.

The funeral held on Tuesday, the 28th, was attended by a very large circle of friends of the deceased and of her husband who survives her. Campbellton, where she was well and favorably known was represented by a great many of its leading citizens. Previous to the committal of the remains to the grave, service was held in the Presbyterian church by the pastor Rev. James R. McKay, who had the assistance of Rev. Hugh Miller of Campbellton. The address eulogistic of the departed was most appropriate and impressive and in it Mr. McKay well expressed the sentiments of the large congregation assembled.

The late Mrs. Moffat leaves behind her to mourn their loss a beloved husband and son George, the latter being the only survivor of a family of five, two brothers, James Gillis of Moncton and Harvey Gillis of St. John, and two sisters, Mrs. Mary of Chatham and Mrs. Dora of New Carlisle all of whom will be reunited to her when she is in "Heavenly Home".

THE HEAD.

Miss Hilda Alford left on Monday evening for Montreal where she has obtained a position as nurse in the General Hospital. We wish her much success in her chosen profession.

Rev. W. H. Spencer, Convener of the Synod's Committee on Augmentation occupied the pulpit of the Presbyterian Church last Sabbath evening and delivered an excellent discourse. He is to visit all the families in the Restigouche field this week.

Our school was reopened after the holidays last week with Miss Miles of Campbellton as teacher.

Rev. Mr. Boyer, travelling Secretary of the Bible Society, spoke in the church on Sabbath afternoon on the good work done by the Society during the year. Miss L. Mann was at the close of the service appointed to solicit subscriptions in aid of the splendid cause for which the speaker eloquently pleaded.

DALHOUSIE.

Dalhousie, Sept. 5.—Miss Margaret Baldwin, sister of the late soldier Gideon Baldwin, who gave his life for his country last year in France, was the guest at a very enjoyable farewell party held on Tuesday evening at the home of Mr. and Mrs. Albert Gallop.

Miss Baldwin who has been in the employ of "The Dalhousie Lumber Co. Ltd." for sometime as stenographer has decided to join her mother and other members of the family in Boston, and her young friends are appreciating her comradeship in the past presented her with an address during the evening accompanied with a beautiful writing portfolio and costly fountain pen. Previous to this Miss Baldwin was presented with a very fine Club Bag the gift of the office employees of the Dalhousie Lumber Co. The address was read by Miss Emma Barquail to which Miss Baldwin replied gratefully thanking her friends. The evening was enjoyed by about thirty guests. There was card playing and dancing. Excellent music was furnished by Mr. Arch. McEachern of Chatham (Victoria) and by Mrs. Harry Hubert (Piano). Dainty refreshments were served.

Miss Baldwin is the grand daughter of the late John Phillips, who at one time represented Restigouche Co. in the Legislative Assembly of New Brunswick. By her bright and pleasing manner she has won the esteem of all in this community and her widowed mother who gave her youngest son to the empire may well be proud of her youngest daughter. Following is the address that was presented:—

To Miss Margaret Baldwin, Dalhousie, N. B.

Dear Miss Baldwin,—

It is with feeling of deep regret that we realize that we are to lose you from our circle.

Your departure from among us will be felt not only by those who are gathered here to-night; but we are sure by all in the community.

How we shall miss your ready smile, your cheerful greeting, your pleasant and sympathetic comradeship.

We trust, that in the time to come when your thoughts go back to bygone days you will have only pleasant and happy memories of the years spent in Dalhousie.

Our best wishes go with you and we hope that God's favor and blessing may ever rest upon you.

We ask you to accept the accompanying gift as a small token of deep affection and esteem in which you are held by your Dalhousie friends.
