R. G. McLEAN, PRINTER, TORONTO.

PREFACE.

In presenting to the public our fourth edition of the COUNTY OF SIMCOE GAZETTEER AND DIRECTORY, we desire to state that the object, which we trust has been attained, is to provide a work which will prove not only useful but interesting, and that every exertion in our power has been made to render it full, complete, and reliable; the postal addresses of the farmers and other residents of the townships will, it is believed, prove particularly valuable, and we return our thanks to the postmasters, editors of the county papers, township clerks and others, who so kindly aided us in this very difficult part of our labors. We have spared neither pains nor expense in the compilation of this work, and hope that whatever errors may be found (and when the variety of sources from which the information was obtained is considered, it will be seen that occasional inaccuracies are unavoidable) they will meet with kind and lenient criticism.

W. H. IRWIN & CO.,

Compilers and Publishers.

THE

Muskoka & Nipissing Navigation Co'y

Have at present a fleet of seven Steamers plying daily during the season of navigation upon Lakes

MUSKOKA, ROSSEAU,
JOSEPH AND TRIBUTARIES,
NIPISSING AND TRIBUTARIES.

A projected Line of Steamers to ply upon

LAKES AHMIC,
SESEBE, AND
MAGANETAWAN RIVER,
Between Burk's Falls, Maganetawan Ridge, Ahmic Harbor and intermediate places, will also in the near future be embraced in the navigation system of this Company.

The regions traversed by the Boats of this Company are not surpassed in any country for natural beauty and variety of lake, island and river scenery; while at the same time they combine genuine attractions for the most fastidious tourists, the angler and the sportsman, both in point of excellent hotel accommodation on the route, facilities for camping out, variety of fish and game, and safety for outings in small boats.

Among the varieties of game are the moose and common deer, wild geese, ducks, partridges, hare, etc. Of fish there are salmon trout, speckled trout, maskinonge, pike, bass, pickerel, sturgeon, white fish, etc.

Freight and Live Stock carried at Low Rates: ordinary Passenger Rates, and Excursion Rates extremely Low.

J. A. LINK,	A. P. COCKBURN,	J. S. PLAYFAIR,
<i>Sec.-Treas,</i>	<i>Gen'l Manager,</i>	<i>President,</i>
<i>Gravenhurst.</i>	<i>Gravenhurst.</i>	<i>Toronto.</i>

COUNTY OF SIMCOE.

HISTORY.

To a county so recently settled as this, none of those shining recollections belong which give an undying interest to some spots in the Province, and there is but little to mention beyond such facts as for statistical purposes may be worth recording.

The discovery and exploration of this part of Canada took place in the year 1615. Samuel de Champlain, Governor of Canada, was probably the first white man who ever sailed over the deep waters of the Georgian Bay. Having, between 1603 and 1607, explored the St. Lawrence as far as Three Rivers, and discovered and explored Lake Champlain in 1609, and having already founded Quebec (3rd July, 1608), he bethought him of a great western exploring tour in the above mentioned year, 1615. He ascended the Ottawa, and reached Lake Nipissing by the portage, and descended the French River to its mouth. His expedition was not altogether a peaceful one. He was in league with the Algonquins, Hurons, Ojibways and Eries, and virtually at war with the Iroquois, and all their English and Indian allies. He had several encounters with the Iroquois. He found the Hurons in possession of the northern and eastern coasts and the Islands of the Lake, having been driven thither with great slaughter by the victorious Iroquois half a century before. We have no trace of the inhabitants on the shores of the Georgian Bay anterior to the Hurons and the Petuns. The latter occupied the Saugeen Peninsula, but were driven out by the "Six Nation" in 1650 and fled to Missouri. The Huron tradition is that they came down from the North and spread themselves on the shores of the Upper Lakes before the discovery of America, about 1450.

From the time of Champlain, Georgian Bay was little visited except by traders and Indians. Jesuit missionaries early established themselves on its shores. As early as the year of Champlain's first visit, a

Recollet Father preached to the Indians at Matchedash Bay. In fact, Champlain brought Jesuit missionaries with him, who could either preach or fight, as occasion seemed to require. More than a century ago, a flourishing mission existed on the largest of the group now known as the Christian Islands. Some small stone ruins of their buildings are still visible. The mission was ruined by the victorious and implacable Iroquois, then in the height of their power, and it is said some of the converts were tortured to death; whence the Hurons, and their friends the Ojibways, have ever since called the group "THE CHRISTIAN ISLANDS." Shortly before the breaking out of the American Revolution, when Sir William Johnston was virtual Dictator among the Indians of North America, a Grand Council was called; and as all the tribes were then at peace, delegates came from all quarters. Among others, a deputation came down Georgian Bay from the North Shores, traversed the intermediate territory, and ascended the Oswego River to the place of meeting among the lakes of New York. During the war of 1812, a small naval depot was established at Penetanguishene. In 1817, Lieut. (afterwards Admiral) Bayfield, was appointed to the survey of Erie and Huron, including Georgian Bay. He spent six years in this work, and the accuracy of his charts is a theme of wonder and congratulation to the present day to all navigators.

As is generally the case, emigrants from the different parts of the three kingdoms settled together in bodies on their first arrival, according to their several nationalities; and as, on their friends and acquaintances coming out, they naturally joined those who had formerly been their neighbors, the various country people are still found living together as they had done in their native land. Thus, in the Townships of West Gwillimbury, Tecumseth, Mono, Essa and Innisfil, the population is principally composed of Protestants from the North of Ireland. The Township of Adjala was originally inhabited by Roman Catholic Irish, large settlements of whom are also to be found in the Townships of Vespra, Flos and Mendonte. Natives of the island of Islay form a majority in a large portion of the Township of Oro, in which there is also a large settlement of English, and large numbers of French Canadians settled in the vicinity of Penetanguishene at a very early date. The Township of Nottawasaga is almost entirely settled by Highlanders. The Irish

form the largest portion of the population; the Scotch rank next in number, and English last.

In the year 1848 the County of Simcoe was set apart for judicial and municipal purposes, being then styled the District of Simcoe. The usual officers were appointed, and a Gaol and Court-house erected.

Lake Simcoe, which, for its extent, may in some respects be, without partiality, considered the finest sheet of water in Canada, forms, with its beautiful little outlet, Lake Couchiching and the River Severn, a source of attraction of great benefit to the county. The shores in many places rise to a considerable height, and are entirely free from swamp and beautifully wooded with birch, poplar and evergreens of various kinds; the silvery bark of the former forming at all seasons a matchless contrast with the deep coloring of the latter. The water is very deep, clear and transparent, and, flowing over a hard bottom of sand and stones, never loses its sparkling brilliancy.

Several islands of various extent render the scenery of the eastern shore extremely picturesque, especially about the Narrows, by which the waters of Lake Simcoe empty into Lake Couchiching, and from thence by the Severn into Lake Huron. Lake Couchiching extends due north from the Narrows for about ten miles. It varies in width from one to four miles, and is studded with numerous well wooded islands of all shapes and sizes, which, with its high sloping shores, render it extremely rich in that quiet though picturesque beauty so peculiar to Canadian waters.

The principal rivers in this county are the Nottawasaga and the Severn, the former rising to the south of the county, and flowing through the Townships of Tecumseth, Essa, Vespra, Flos, and Sunnidale into Nottawasaga Bay. The Severn connects Lake Simcoe with Lake Huron, emptying into the eastern extremity of the great Georgian Bay. It is interrupted by several falls and rapids, all exceedingly beautiful, as well as capable of being easily turned to account for manufacturing purposes. The land through which it passes is very rugged and broken, composed principally of ridges of granite, and is entirely uninhabited, being on the eastern shore only partially surveyed. The Nottawasaga, with the exception of two or three rapids, is navigable for a long distance. The Holland River, emptying into Cook's Bay, at the southern extremity of

Lake Simcoe, is one of its principal feeders. There are several other streams of considerable size, all affording more or less water power, but of no importance in other respects.

The County of Simcoe consists of Townships of Adjala, Cardwell, Essa, Flos, Humphrey, Innisfil, Matchedash, Medonte, Medora, Monck, Morrison, Muskoka, Nottawasaga, Oro, Orillia, Sunnidale, Tay, Tecumseth, Tiny, Tossorontio, Vespra, Watt, West Gwillimbury and Wood, the Towns of Barrie, Collingwood, Oillia and Penetanguishene, the incorporated villages of Alliston, Beeton, Bradford, Gravenhurst, Midland, Stayner and Tottenham. Population about 75,000.

In 1850, Mr. Capreol set a scheme on foot for the construction of a railroad from Toronto to Lake Huron, *via* Lake Simcoe, which, after much opposition and considerable modification, was successfully carried into effect, and work finally completed in the year 1854. To forward the undertaking, the County of Simcoe took stock to the amount of £50,000.

COUNTY OFFICIALS, COUNTY OF SIMCOE.

Address, "*Barrie.*"

BARRIE.

BARRIE—The County Town of Simcoe is beautifully situated near the south east corner of the Township of Vespra, at the head of Kempenfeldt Bay, with a southern front facing the water, the ground gradually rising to the north part of the town, where it attains a considerable elevation above the level of the lake. It has a fine appearance from the opposite side of the bay, the rising ground bringing every part of the town distinctly into view.

The bay is about ten miles long, and from one to two miles wide, thickly wooded on the opposite shore, and affording a most picturesque view.

In the year 1854 the Northern Railway was completed from Toronto to Collingwood—the nearest station to Barrie being Allandale, one mile

distant. In 1865 a branch track was laid to Barrie, and in 1871 a further extension was completed to Orillia, and thence to the Muskoka territory.

The town has, within the last few years, made unusual progress; the surrounding country is of an excellent quality, and the mercantile, mechanical, agricultural and general prosperity of Barrie will compare favorably with that of any other town of the Province.

Barrie is comparatively a new town. In the year 1831 a settler named David Edgar took up his quarters in an old Government storehouse. In the following year John Bingham built the first log house, having been induced to settle here by William Mann, then living in a log house at Kempenfeldt. Among the early settlers were Capt. A. E. Walker, John McWatt, Andrew and Alexander Graham, James Palmer, J. Sanford, Thrift Meldrum, W. B. McVittie, Edmund Lally, W. Boys, Solomon Baillie, Thomas Smith, Richard Corney, and T. D. McConkey. Robert Ross laid out the village, which was named in honor of Commodore Barrie. In 1837 the town comprised twenty-eight families. In 1843 the County of Simcoe, until then part of the Home District, was formed, with Barrie as its county town.

It was the original intention of Governor Simcoe to fix upon a point two miles east of the present town as a site for settlement, and the village of Kempenfeldt was surveyed, but the superior advantages of the present location changed the intention. Distant from Toronto 64 miles; Collingwood 31; Orillia 27 and Penetanguishene 32. Population 6000.

CHURCHES.—Church of England, Roman Catholic, Presbyterian and Canada Methodist.

COLLINGWOOD.

The Town of Collingwood, situated on the Georgian Bay, in the Township of Nottawasaga, is one of the most important places in the county. The harbor is capacious—unsurpassed by any other on the lakes—and beautifully diversified with islands. A large trade is carried on with the Western States, and large quantities of lumber are annually transported by rail.

The Collingwood and Lake Superior Line of Steamers afford the nearest and most direct route for Manitoba; and the Georgian Bay

Transportation Company connects with Manitoulin Islands, Sault Ste. Marie, Bruce Mines, etc.

Collingwood was founded in 1853, previous to which time the land upon which the town is now situated was a dreary, desolate swamp, covered with a dense growth of tamarac, cedar, hemlock and other timber indigenous to low, wet land. So thick was the growth of timber that it was with the utmost difficulty a person could penetrate the uninviting wilderness that surrounded what is now the harbor, and which at that time presented anything but a desirous site for a prospering town. The following year the Northern Railway was completed to this point. It was incorporated as a town in 1858.

In 1866 the population was 1,500 and now may be estimated at about 5,500.

The Hamilton & North-Western Railway, now the Northern & North-Western Railway, reached this place—its present terminis—in December, 1878. This line extends from Port Dover to Collingwood, passing through the counties of Norfolk, Haldimand, Wentworth, Halton, Peel and Simcoe, a distance of 150 miles, exclusive of 27 miles of a branch extending from Beeton to Barrie.

The Northern Railroad from Toronto to Meaford, a distance of 115 miles, and the Muskoka branch, from Barrie to Gravenhurst, extends 53 miles.

With these great advantages for transportation and the future development of the immense resources of the great North-West, Collingwood must, at no very distant date, become one of the most important commercial centres of the Dominion.

CHURCHES.—Church of England, Roman Catholic, Presbyterian, Methodist and Baptist.

DISTANCES.—Toronto, 94 miles; Barrie, 80; Hamilton, 108; Meaford 21; Bruce Mines, 244; Killarney, 130; Sault Ste. Marie, 289; Owen Sound, 48; Parry Sound, 80; Penetanguishene, 45; Midland, 50; Victoria, 47; Waubashene, 51; French River, 100; Mackinac, 255; Cove Island, 100; Little Current, 159.

GLEN ORCHARD P. O.—See Township of Medora.
Nathaniel Orchard, postmaster.

GRAVENHURST—A village and station of the Northern Railway, beautifully situated on the rising ground between the Lakes Gull and Muskoka, in the township of Muskoka. This is the headquarters of the Lakes of Muskoka Steamboat Line, which has daily connection with all points on the upper lakes. The surrounding country is thickly wooded and as a proof of its importance as a lumber manufacturing district, there are 18 saw mills in operation within a radius of six miles. Six years ago the population of the village was 400. It is now estimated at 2,000. The scenery in the vicinity is remarkable for its variety and beauty, and the facilities for fishing and hunting attract large numbers of sportsmen from all quarters. Steamers connect here with Bracebridge and the Free Grant Districts. For table of distances see page 81 The Callender Division of the Northern & North-Western Railway commences here.

McLean, John, telegrapher	
McLeod, Wm., blacksmith	
McQuinn, Gilbert, blacksmith	

ORILLIA.—A large and important town and station of the Northern and Midland Railways, situate on Lake Couchiching, in the Township of Orillia, in a section of country celebrated for its varied and lovely scenery.

There is a fragment of early history connected with the site of Orillia which may prove interesting. In the year 1615, the celebrated Champlain, "the first pioneer," explored the upper Ottawa, passing up the Mattawan river to Lake Nipissing, and thence by the French river to Lake Manitou, or the Georgian Bay and Lake Huron, where the exploration of the adjacent country was continued. At length he reached Cahiguane, the present Orillia, one of the chief lodges of the powerful and warlike Hurons. Champlain joined this tribe in an expedition against the Iroquois in which the Hurons were signally defeated, and Champlain himself wounded. This inaugurated the dreadful war between those tribes which, after several years of almost uninterrupted hostility, resulted in the annihilation of the Hurons, as a separate tribe; a few of their descendants now occupy the village of Lorette in the Province of Quebec.

In the year 1831, the British Government made a treaty with the Ojibways for a village site, and at once built a Council Room, an Episcopal church, a schoolhouse, sixteen log houses, and a much larger and more substantial one of the same material for the chief's private residence. The chief, William Yellowhead died about 20 years ago, and is buried

in the English churchyard. The old house is now, after great improvements, used as the Episcopal parsonage.

In 1838, the whites petitioned for a landing, which was granted, and the Indians were removed to Rama in Ontario county, where a church, schoolhouse and dwellings were provided for them, and the entire possession of Orillia was secured to the whites.

In 1832, the first white settlers arrived. Gerald Alley, Esq., being the first. In 1835 only 6 white families resided in the village, viz:— Those of Robert Bailey, Michael Bowers, Jacob Gill, Andrew Moffat, Neil Morrison and John Rowe. In the year 1835 the Post Office was established, Gerald Alley, first Postmaster. Previous to this time, Thomas McCausland carried the mails to Barrie, a distance of 28 miles. Within the past few years Orillia has rapidly increased in extent, wealth and population, and its prospects for the future are even more favorable. Manufacturing establishments are springing up, and few, if any, towns in Ontario possess better facilities for this branch of industry.

Orillia is distant from Barrie, 27 miles; Coldwater, 14; Midland, 19; Toronto, 90; and Hamilton, 122. Population about 8,500.

CHURCHES.—Church of England, Presbyterian, Methodist, and Roman Catholic.

VICTORIA FOUNDRY,

PETER STREET, ORILLIA.

(NEAR NORTHERN RY. STATION.)

The undersigned has opened the above Foundry and Machine Shop for Manufacturing, Repairing and Re-fitting

Steam Engines and Machinery,

For Saw Mills, Shingle Mills, Grist Mills, and all kinds of Wood Working Machinery, Sawing Machines, Steam Pumps, Horse Powers, Shaftings, Pulleys, Gearing, Agricultural Implements, Also Brass and Iron Castings, Plough Points and Land Sides.

Special attention is directed to new Shingle Machine No. 2. This machine which is manufactured only by the subscriber, will cut tips or butts from one end, or will cut them from either end; also run long or short stroke, and quick gig back, with patent friction feed. Average capacity 36,000 per day—true shingles. The shop being new, has the advantage of new tools and all the latest improvements. He, by prompt attention to business, hopes to merit a share of public patronage.

CASH FOR OLD IRON.

PENETANGUISHENE.—A town and terminus of the Penetang. Branch of the N. & N.W., Railway, in the Townships of Tay and Tiny, 89 miles from Barrie. Population 2,100.

In the year 1859, the Reformatory was established about three miles from the village. The present building is of four storeys, having a front of 404 feet, and a height of 88 feet. Every necessary accommodation is provided, and health, cleanliness and industry are the rule; the moral, physical, religious and educational training of the boys is most carefully attended to; and the kind and firm discipline maintained by the superintendent, Thomas McCrosson, places this institution in the enviable rank of a model for similar establishments.

RAILWAYS.**NORTHERN RAILWAY COMPANY OF CANADA. HAMILTON AND NORTH-WESTERN RAILWAY COMPANY.**

THE NORTHERN RAILWAY main line, Toronto to Collingwood (94.96 miles), was opened in 1854; the North Grey extension (20.50 miles) from Collingwood to Meaford, and the Muskoka Branch (49.71 miles) from Barrie to Gravenhurst, were amalgamated with the Northern Railway in 1875. The North Simcoe Branch, Allandale to Penetanguishene (33.34 miles), was opened in 1879. The HON. FRANK SMITH, President Northern Railway.

THE HAMILTON AND NORTH-WESTERN RAILWAY, from Port Dover to junction with Northern Railway at Allandale (134.07 miles), from Beeton to Collingwood (39.83 miles), was completed in 1878. JOHN STUART, President; MAITLAND YOUNG, Secretary. Address, Hamilton.

In 1879 an agreement was entered into by the two Companies whereby both lines are operated by a joint Executive Committee of Directors of the two Companies. The total distance thus operated is 372.41 miles.
