Mrs. Emily B. Killam of Cambridge Mass., is spending her summer vacation at her former home with her mother Mrs. Roy B. Clute, Somerset.

Mrs. (Dr.) Purvis Smith of Wolfville is to give a missionary address in Berwick on Sunday next.

Mrs. J. D. Spidell and daughter accompanied by Miss Thomas have left for Aylesford Lakes. They will be out of town for two weeks.

The Annual Strawberry Festival of the Congregational Church, Kingsport, will be held on Wednesday 18th inst. All the usual features. Don't miss it.

FOR SALE—Horse-Pick of two. Also Airdale puppies. Apply Brine at Col. Campbell's, Canning. sw 41

Mr. and Mrs. George Parsons and family, Medford, wish to thank their many friends for the sympathy shown in their great sorrow, especially the members and friends of the Percaux Church.

Farm Boot For Summer Wear

Here at last is the perfect combination of boot and moccasin, and of Cromme-tanned and Oil-tanned leathers.

The general shape is that of a moccasin — but the boot is built on a last, with a long, solid counter to hold up the heel. It has all the easy, foot-fitting comfort of a moccasin, and at the same time it will stand up and keep its shape with any boot. They outwear any other boots of their kind on the market, and give solid comfort and satisfaction every day.

Suitable for farmers, dairymen, mechanics and carpenters, in fact for anyone requiring foot comfort

Cornwallis St. Kentville

JOHN F. MASTERS NOW GENERAL INSURANCE BROKER

It will be of interest to the many friends of Mr. John F. Masters, for many years superintendent of the steamship lines plying between Boston and the Maritime Provinces, to know that he has established himself in the general insurance business with office at 108 Water St., Boston.

Mr. Masters is without doubt the best and most widely known Canadian residing in New England, and his long and successful business career in steamship circles, coupled with his public prominence gained as President of the Canadian Club, British Charitable Society, Railway and Steamship Agents Association and Vice President of the International Club (which he now holds) have contributed greatly to his wide and valuable personal acquaintance.

Mr. Masters has always been foremost in the entertainment of distinguished Canadians visiting Boston, and it was largely due to his efforts, and arrangements of details, that the greatest public British demonstration ever held in Boston, was given recently to the Kiltie Band when over 6000 people of British birth, largely Canadians, packed Mechanics Building, and later presented the proceeds over \$2000.00 to Col. Guthrie for the Kiltie Band.

No man during the past twenty years has done so much to build up tourist trade to the Provinces or to create International good feeling between Canada and the United States.

We wish to extend to Mr. Masters our best wishes for his future business success.

Mrs. Clarke and children of Brandon are visiting Rev. A. J. Prosser and wife Upper Canard. Mr. Clarke is a brother of Mrs. Prosser and he is doing his full share of work abroad for the Empire.

Get ready for the Big "Red Cross Bazaar" July 19th and 20th. Special attractions. Band in attendance.

Rev. C. B. Sinden, who for the past two years has been pastor of the Wesley church at Yarmouth preached his farewell sermon last Sunday evening. He left this week for Bermuda where he will spend the next year.

Rev. J. W. Manning, D.D., returned to Wolfville on Wednesday having been at Yarmouth attending the funeral of his sister Mrs. George G. Spiderson.

Don't let the opportunity pass to help our soldiers in the trenches. Boost the "Red Cross."

Miss Evelyn Bentley of Middleton has been visiting her relatives at Kentville.

Mr. Bartlett Goodwin of Berwick went to Belleisle on Sunday to visit his home and relatives.

Newcombe's are still showing some bargains in Summer Suits.

Miss Hattie Barkhouse, teacher at New Minas has returned to her home at Burlington, Hants Co.

See the Bargains offered in Summer Muslins at Newcombe's

Mrs. E. A. Phinney and daughter of Lawrencetown are visiting at Kentville guests of Mrs. F. M. Whitman, sister of Mrs. Phinney.

Mrs. Hedley Bishop of Hantsport came to Melancon on Monday to be with her husband who was taken suddenly ill.

Rev. Avery A. Shaw and Mrs. Shaw are in the province and were visiting in Windsor and Truro this week.

Assist the Red Cross by sending your donations of fancy work in early to enable those in charge to mark them.

Hants Journal—L. A. K. and Mrs. Kempton spent a short time with Mrs. Kempton's aunt, Mrs. W. S. Burgoyne, on his way to Montreal for medical treatment. Mrs. K. is now visiting her mother, Mrs. Smith of Upper Dyke Village.

Rev. A. C. Borden, B. D. and Mrs. Borden came from Canning to Kentville on Monday last and they are now settled at the Parsonage. Dr. Borden will preach in St. Stephens Methodist Church on Sunday morning and evening and also at Coldbrook Sunday afternoon.

FOR SALE—One good all purpose mare, 6 years old sound and kind excellent worker and good driver weight 1200 pounds. Also one good all purpose horse 12 years old, good worker and fine driver suitable for lady to drive. Apply to John Clark, Lower Canard. sw 31

Mrs. William Young received an official telegram last week stating that her son George had been injured by a gunshot wound in ear and shoulder. No further particulars have yet been obtained. It is hoped his injuries may not prove serious. Mr. Young was home last summer recovering from illness after a term in the hospital. He left Kentville in October to join his Battalion. Another son of Mrs. Young is nobly doing his share in defence of the Empire. He has just obtained his commission in the Navy.

Notwithstanding the somewhat uncertain state of the weather and frequent showers the home of Mr. and Mrs. John Burgess, Sheffield Mills, presented a gay appearance Wednesday afternoon, July 4th, when Mrs. Burgess received for the first time since her marriage. The guests were received at the door by little Kathryn Hazelton, niece of the bride, and Rosamond Burgess. The bride, who was prettily gowned in pink Japanese crepe, daintily embroidered, was assisted by her mother, Mrs. T. B. Messenger and Mrs. Fred Burgess. Decorations of pink carnations and wrygelia with asparagus fern beautified the rooms. Tea table was in charge of Mrs. A. S. Burgess of Canning and Mrs. J. T. Hazelton of Winnipeg, who were assisted by the Misses Rita Kinsman and Leontine Chase of Sheffield Mills.

Rev. A. J. Prosser, Upper Canard, picked a cauliflower in his garden on July 3 that measured 24 inches around. He has also placed on our table another almost as large. We doubt if anything earlier and better can be recorded by any of our readers.

See the Bargains in Sample Summer Dresses in Silk, Crepe-de-chine, muslin, wool and serge at Newcombe's.

LOST—A raincoat, light tweed, last Saturday night. Finder please leave at Advertiser Office.

Mr. Harold F. Hiltz, the 18 year old son of Mr. W. F. Hiltz of Kentville is another one of that name who is making his way upward in military circles. He went over with the 219th Battalion and is now with the 17th Reserve Battalion of Highlanders. Though very young he has won promotion and now is Lance Corporal Hiltz and about a month ago he received an instructor's certificate in the Brigade school at Bramshott and is instructing in the signal corps.

Hants Journal—Rev. W. M. Ryan formerly pastor of the Methodist church here, and who has been for several years in the West, in Alberta, (his last appointment being at Red Deer) has returned to the Nova Scotia Conference, having accepted an invitation to the Horton Circuit with headquarters at Grand Pre. Mr. Ryan and son Fred were in town Monday and Tuesday and left for Grand Pre Tuesday evening.

When Mr. Ryan left for the West three or four years ago he stored some of his household effects in Windsor part of his business here being to have them removed to his new charge. The friends here were delighted to see him. While in Windsor Mr. Ryan and son were the guests of J. J. Anslow. Mrs. Ryan and daughter Marian have been spending a few days with friends in Poplar Grove. Mrs. Ryan went to Grand Pre Tuesday evening. Miss Marian will remain in Windsor until Saturday with her friend, Miss Marjorie Rickard's

Editor and Publisher.
KENTVILLE, FRIDAY, JULY 6, 1917.

"FORGET-ME-NOT"

It is the good thought of the organizers of the BELGIAN DAY, which will be held July 21st, which has surnamed it THE FORGET ME NOT DAY. It is the dainty little blue flower which will be distributed by the young ladies who have graciously offered their services for the National Celebration of Belgium, to the generous people who will encourage the Work by giving, as much as they will be able, when solicited. The sympathies for Belgium are getting more profound as the sufferings of her inhabitants are increasing under German domination, with the thought and patience which give the certitude of the victory.

So, everyone, no doubt, will be seen wearing a FORGET-ME-NOT on that day.

If the population holds good, as we say, up to the present they have admirably kept; but there is a limit to human endurance. For this indispensable endurance to continue, Belgium must be helped. Here we have suffered from the rear no doubt, what are our sufferings to compare to those who have suffered through cold and hunger, who have seen their country invaded by modern barbarians worse than those of the past, who have seen their homes burnt, their fields ruined, their relations, and friends massacred! And today, the deportations are enslaving Belgians who are asking the civilized world, their hands tied with chains, the help for their women and children to whom they took the living means. No one can be unalarmed at the sight of those little innocents who are slowly perishing by all privations and that under the eyes of their mothers who have made the sacrifice necessary to save them!

The sufferings of the Belgian people are well known! Everyone knows that they are merited, it is for the respect of their signature! This is sufficient to obtain the sympathies of the whole world! The Canadians will once more show their generosity on the BELGIAN DAY. The Belgian Works will largely benefit from gifts on this occasion.

From now subscription lists are open in the first page of "Pro Belgica" to the profit of the BELGIAN DAY (see p. 8). Subscribers can choose the works to which they wish to give. The 16 page illustrated souvenir paper which will be published on July 21st will be sent to subscribers. The contents and text of illustrations will be published in this issue of the paper.

Send your donations, as small as they may be, to the ADMINISTRATION OF "PRO BELGICA," 32 SUSSEX AVENUE, MONTREAL.

The opening of these subscription lists enables all the persons who desire to contribute to diminish the innumerable sufferings of Belgium. Think of it and do your share.

Copy of Pro Belgica is sent free on request.

MARITIME UNION

The legislature of New Brunswick has recently expressed its willingness to discuss with Nova Scotia and Prince Edward Island the suggestion that the three provinces be united for legislative purposes. This is a matter which has called for considerable debate and discussion throughout the maritime provinces for years. Outsiders who probably may not consistently consider the sentimental consideration which is strong in all three provinces, cannot see two sides to the argument. The present time is scarcely one for giving the matter of this kind the consideration which it should receive by all the legislative bodies before it could be arranged, as men of the calibre to handle such a situation are bending their energies along with the war lines.

Nevertheless it is perhaps well that this matter be kept before us. There is little doubt that a union of the three maritime provinces for legislative purposes would be an economy in administration alone which would be very desirable. Besides this a unity of these three provinces would give them a strength in the Dominion legislature in pressing their claim, which at the present time is lost, owing in part to the competition between New Brunswick, Nova Scotia and Prince Edward Island. For the present this matter can well remain in abeyance, but when the war cloud lifts this would seem to offer one of the chances for re-trenchment and curtailing of national expenditures.

KULTUR'S NEWEST CRIME

Restoration of Slavery in the 20th Century. Is this the Climax

Under this title Mr. A. J. de Bray, Doctor of Political and Diplomatic Sciences of the University of Louvain, at present Prof. of McGill University has just published an interesting book in seven chapters: Deportations, Belgian appeals and protests. Protests of Allied Nations. Protests of Neutral Countries. The German replies. German Countries. The German replies. The German lies. Conclusion.

The deportation of the civil population of Belgium has aroused the indignation of the whole civilized world. All countries allied and neutral, seventeen in number, not including the Vatican, have protested against these acts of barbarism contrary to the laws and conventions between nations. Prof. A. J. de Bray has initiated an extensive petition in Canada, text of which appears in his book, protesting against these Belgian deportations. This petition contains more than 100,000 signatures from all parts, including the heads of civil and religious institutions.

His book contains the official text of almost all the protests namely: Those of the Belgian Government, the British Government, the City of Brussels, the Dutch Government, also many touching letters from Cardinal Mercier and the replies from Governor von Bissing, the appeal of Belgian workers all over the world, the protests of the United States to the German Government, and the manifestations which took place in the principal American cities and universities are described.

There appears also particulars of the measures taken by the Americans in 1863 concerning deportations; one chapter is devoted to the German replies and another exposes all the senselessness and lies which they contain. The conclusion is brief. The author begs that the prayer of the Belgian workers to neutrals for acts, not sympathy only be heard and concludes with the lines of R. W. Johnson in the New Slavery: Speak, and if the need shall be Men of freedom, Strike.

The book which contains a colored engraving of "Life," "SLAVERY FOR BELGIANS," a sold for 50c in aid of the Belgian Relief Fund.

All communications to be addressed to the office of "Pro Belgica," 32 Sussex Ave., Montreal.

OBITUARY

The funeral took place at Lower Granville, Annapolis Co., on Monday last of John H. Roblee, aged 73 years and was very largely attended, which shows the very great esteem in which he was held. Mr. Roblee has been a life long citizen of Lower Granville and was highly esteemed by every person who knew him, both for his sterling worth and his exemplary character as a true christian man. Early in life he allied himself with the Baptist Church of that place and from this same church he was laid to rest, as deacon and one of the foremost guiding hands of the church he loved so well. Mr. Roblee was twice married, his first wife being a Miss Goyert who predeceased him eleven years.

His second wife was a daughter of J. Henry Beckwith of Sheffield Mills who survives him. He also leaves to mourn the loss of a loving father, three sons John, Charles and Leroy and four daughters, Clara wife of Mr. Timmins, Miss Helen all of Massachusetts, Annie, wife of Archie Troop of Granville Centre and Miss Olivia at home, the service was attended in the absence of his pastor by the Rev. A. Brinkley and Rev. Lew Wallace, a life long friend of the deceased and no one who heard his address but were deeply moved by the great tribute of love and respect he had for the deceased as a staunch friend and true christian gentleman, one of the most sorrowing incidents was the reference made to the memorial service held here on May 20th for his son Harry who made the Supreme Sacrifice on the battlefield of France. It was plain to Mr. Roblee intimate friends that from this sad blow he never fully recovered.

Mrs. Roblee is a sister of Mrs. F. G. Newcombe and Mrs. George Brecken of Sheffield Mills, Ed.

INFANTILE PARALYSIS

OTTAWA, July 9—Two cases of infantile paralysis have developed in separate families in Ottawa East. In each case the patient is a child a year and a half old. This is the first occurrence of the disease in Ottawa.

EVAPORATOR PLANT SOLD

MIDDLETON, July 9th—The apple evaporator owned by Middleton Fruit Company, has been sold to the R. J. Graham company. O. E. Wood of the latter company was here today completing arrangements for the transfer of property. The plant is to be enlarged and made ready to handle all apples offering in the autumn.

TWO ANARCHISTS FOUND GUILTY

NEW YORK, July 9—Emma Goldman and Alexander Berkman, anarchists, were found guilty of conspiracy to obstruct operations of the selective draft law, by a jury in the Federal Court here tonight. Judge Mayer imposed the maximum penalty of two years in the Federal Penitentiary and a fine of \$10,000 upon each of the prisoners.

ALLIES TO CONSIDER

BALKAN SITUATION
LONDON, July 9—The Entente Allies have decided to hold a conference in Paris for the consideration of questions of military and political interests in connection with the Balkans.

Prof. P. B. Perkins, Ph. D., has been appointed Professor of Physics at Mount Allison University to succeed Prof. Wheelock. Prof. Perkins is a native of New Brunswick, a graduate of the University of New Brunswick, a B.A. of Harvard University, and Ph. D. of Yale University.

The value of all the property in Russia owned by the ex-Czar and members of the Royal family is estimated at \$958,000,000, a big proportion of which will be made to revert to the state.

SOME MEN ARE LUCKY

(From London Opinion)
Wife (at breakfast): "Oh, John, I'll bet I know who you gave your seat to coming home last night."

Hub (who had been out having a little game): "Nonsense, my dear; how could you ever guess? How do you know I gave up my seat to anyone?"

Wife: "Yes, you do. You dear, kind old boy, you let a poor old Irishman have it, for I distinctly hear you say in your sleep, 'Oh, that's all right, I'll stand pat.'"

AMHERST GIRL LOSES BOTH LEGS

Halifax, July 5—Elsie White, the twelve-year-old daughter of Albert White had both feet seared at the instep by a shunting engine at Amherst yesterday. She was waiting for the maritime express to come along and did not notice the approach of the shunter. She is in a precarious condition at the Highland View Hospital.

EDSON GRAHAM

MAKE a PAL of the "MASTER 17"

Have you ever ridden a motorcycle? Did you ever get but in the morning when the dew was still glistening in the fields and meadows along the road? Have you ever heard the song of the Harley-Davidson motor and felt the tingle of the morning air as you sat in the saddle and watched the ever-changing panorama of green and brown flit by? If not, then you have not sounded the keynote of outdoor sports. Let the

HARLEY-DAVIDSON

be your pal. Then you can get out under the open sky where the air is filled with the scent of forest, field and stream; with only the sounds of snapping twigs, whispering leaves and rushing streams to break the silence—that is motorcycling. That is what it will mean to you to own a Harley-Davidson, for more than 15 years the "Master Motorcycle" and this year better than ever. Greater power, more speed, beautiful military olive drab finish—and perfect in design.

I OWE MY HEALTH

To Lydia E. Pinkham's Vegetable Compound.

Washington Park, Ill. — "I am the mother of four children and have suffered with female trouble, backache, nervous spells and the blues. My children's loud talking and romping would make me so nervous I could just tear everything to pieces and I would ache all over and feel so sick that I would not talk to me at times. Lydia E. Pinkham's Vegetable Compound and Liver Pills restored me to health and I want to thank you for the good they have done me. I have had quite a bit of trouble and worry but it does not affect my youthful looks. My friends say 'Why do you look so young and well?' I owe it all to the Lydia E. Pinkham remedies."

—Mrs. ROBT. STROBEL, Moore Avenue, Washington Park, Illinois.

We wish every woman who suffers from female troubles, nervousness, backache or the blues could see the letters written by women made well by Lydia E. Pinkham's Vegetable Compound.

If you have any symptom about which you would like to know write to the Lydia E. Pinkham Medicine Co., Lynn, Mass., for helpful advice given free of charge.

GERMANS MUST FIGHT TO A FINISH Cannot Declare Terms of Peace.

BERNE, Switzerland, July 10.—According to Berlin newspapers, the German Chancellor, Dr. Von Bethmann-Hollweg, said to the members of the Reichstag, "I repeat that the formula of peace without annexations is unacceptable to us. We cannot declare our terms of peace. We must fight and conquer."

The Chancellor made a strong attack on Mathias Erzberger, leader of the Catholic Centre Party, who assailed the Pan-Germans in his address before the Main Committee last week and advocated peace without annexations or indemnities. Dr. Von Bethmann-Hollweg said Herr Erzberger's attitude was unpatriotic.

Will Continue Fight.

According to the summary of the Chancellor's speech before the Main Committee published in the Lokal Anzeiger of Berlin, he said:

"We must continue the war with our whole energies. I do not deny that we have great difficulties to overcome but so have our enemies. We shall see whether their difficulties or ours are the greater."

"I am sure we can win if we hold out."

"Nothing was further from my intention than to cling to my post, but now it is a question of protecting the Fatherland from injury, and for this reason I consider it necessary to remain my post."

AMERICAN STEAMER SUNK BY SUBMARINE

Sandy and Pat were discussing the war economies of their respective landladies. "Indadee," says Pat, "the other day, Oi saw that wimmen O'Grady countin' the pacs to put in the broth."

"Och," replied Sandy, "that's naethin'." Where I am the landlady melts the margarine an' paints it on her bread wit a brush."

AMSTERDAM, July 9 (via Reuter's Ottawa Agency)—The military correspondent of the Frankfurt Zeitung, writing on the submarine campaign, recalls how he, has always warned the German people not to expect too decisive results from it.

"It must be admitted," he says, "that both in offensive and defensive means for combating submarines our enemies have made progress."

He then proceeds to describe the methods used by the Allies to cope with the German under-sea boats such as nets, mines and smoke clouds, and continues:

"Only continued new constructions and the technical perfecting of the submarine will permit us to maintain the offensive advantage."

The correspondent condemns such statements as that England is completely blockaded, and such prophecies as that the submarine will bring a decision by August. He considers that submarines cannot produce a decision.

LONDON, July 9.—The American steamer Massapequa was sunk on Saturday by a German submarine. The crew was landed at the small island of Sein, off the French coast, 28 miles southwest of Brest.

Sadie was eleven, and Alice was seven. At lunch Sadie said: "I wonder what part of an animal a chop is. Is it a leg?" "Of course not," replied Alice; "it's the jawbone. Haven't you ever heard of animals licking their chops?"

CANADA HAS A FOOD CONTROLLER WHO IS DOING A REAL WORK AND WHO WILL GO DIRECT TO THE BUSINESS IN HAND

Mr. Hanna is going to be a real food controller. He means business. In his address to the Women's Press club he showed his contempt for red tape and round-about methods. His program includes no deliberately moving commission to bring in long winded reports which no one reads. As his organization takes shape it embraces agricultural and transportation experts and men like George Wright of the Walker House who understand the handling of food-stuffs on a large scale for general consumption. In co-operation with the American food controller, he hopes to eliminate waste and profligating in food throughout Canada and the United States.

If the 100,000,000 people on this extravagant continent can be prevailed upon to practice reasonable kitchen and table economies the surplus food thus accumulated will go far to supply the prospective shortage in the ally countries of Europe. The high incentive thus offered to Canadians and Americans should be powerful in its aggregate effect. Taking one item, it is said that the Allies in western Europe look to North America this year for 460,000,000 bushels of wheat. The prospect is that we shall have only 300,000,000 bushels for export. If by using brown bread we can get together a great quantity for export there is no excuse recognizable in the moral world why we should not do so.

So it is with meats and other commodities. The less we eat the more we shall release for the winning of the war. In place of meats we can use more fish. Mr. Hanna says that he means to see that fish caught in Canadian waters is carried from the nets to our tables without doubling or trebling in prices. If he can materially reduce the cost of the man fish foods taken in the Great Lakes and on the two sea-boards the food controller will accomplish an important reform. The public will watch his efforts with eager sympathy. He appears to be the right man in the right place.—Toronto News.

DEATH OF JONATHAN NEWCOMBE.

BERWICK, July 9.—After a short illness there passed away at his home in Grafton, Kings County, on Saturday, Jonathan Newcombe who had been one of the highly respected residents of that place. He lived on the farm that his grandfather, another Jonathan Newcombe had settled on he being the first settler in that locality, and there was not another house within a radius of five miles. Mr. Newcombe was a staunch member of the "Covenantant Church, on Wellsford Street, and he was buried in the cemetery adjoining the church this afternoon in the family lot. He leaves a widow, who was Miss Annie Foote, and a sister, Mrs. Maynard Porter of Woodville.

RUSSIAN ARMY IS GOING TO FIGHT

PETROGRAD, July 8.—(Delayed)—"The Russian army is going to fight. The spirit among the troops every where is excellent. The advance so brilliantly begun has every chance for successful continuation."

This was the reassuring comment on the Russian military situation made by Major General Hugh L. Scott, chief of the General staff of the United States army, on his return tonight from a ten days tour along the South Western front into Rumania.

Quarter of the Krupp Plant at Essen Was Destroyed

Amsterdam, July 10th. Les Nouvelles de Maastricht, Holland, reports that Dutch workmen who were laid off at the Krupp works on account of the destruction of buildings in the recent French air raid, assert that a quarter of the Essen plant was destroyed. The material damage is placed at millions of francs, and it is said that 100 employees were killed and hundreds of others, including 45 French prisoners, wounded.

One, and possibly two French airplanes, dropped bombs on Essen last Friday. The official German report of the raid said only two bomb holes were found.

A French Liner Sunk

Paris, July 10th. — The French liner Caledonien was sunk by a mine or torpedo in the Mediterranean, June 30th, according to an announcement issued last night by the ministry of marine. Fifty-one persons were lost and 380 were saved. The Caledonien was a vessel of 4,140 gross tons, built in 1882 and owned by the Messageries Maritimes of Paris.

Two Norwegian Steamers Sunk

London, July 10th.—The sinking of the Norwegian steamships Henrik, 3,829 tons gross, and Lovvaken by German submarines is reported in a dispatch from Copenhagen. The crews were saved. The Norwegian steamship Victoria II, 2,798 was sunk by a German submarine while on the way to the United States. One life boat in which were a number of the crew was lost.

Two Enemy Airplanes Were Lost

London, July 10th.—The commander at Lowestoft, says an official statement, reports that yesterday the British armed trawler Iceland destroyed two enemy seaplanes and brought four prisoners into port.

WARNS HUNS ABOUT THE SUBMARINE CAMPAIGN

AMSTERDAM, July 9 (via Reuter's Ottawa Agency)—The military correspondent of the Frankfurt Zeitung, writing on the submarine campaign, recalls how he, has always warned the German people not to expect too decisive results from it.

"It must be admitted," he says, "that both in offensive and defensive means for combating submarines our enemies have made progress."

He then proceeds to describe the methods used by the Allies to cope with the German under-sea boats such as nets, mines and smoke clouds, and continues:

"Only continued new constructions and the technical perfecting of the submarine will permit us to maintain the offensive advantage."

The correspondent condemns such statements as that England is completely blockaded, and such prophecies as that the submarine will bring a decision by August. He considers that submarines cannot produce a decision.

LONDON, July 9.—The American steamer Massapequa was sunk on Saturday by a German submarine. The crew was landed at the small island of Sein, off the French coast, 28 miles southwest of Brest.

Sadie was eleven, and Alice was seven. At lunch Sadie said: "I wonder what part of an animal a chop is. Is it a leg?" "Of course not," replied Alice; "it's the jawbone. Haven't you ever heard of animals licking their chops?"

Red Cross Mission Speeding for Russia.

Washington, July 7.—That the Red Cross Mission to Russia was organized, equipped with several carloads of serums, hospital supplies, and first aid materials and started on its way within five days after designation of the members was revealed today by Red Cross officials who had been withholding details until after the mission's departure from a Pacific port.

The mission's accomplishment on short notice was described by the officials as "a stupendous feat." Scores of telegraphic orders for materials which Russian Ambassador Bakhmeteff said were urgently needed in Russia were placed even while the mission was speeding across the country and were rushed to the port of embarkation.

Special military commissions have been given to all members of the mission, Dr. Frank Billings of Chicago, Chairman of the mission, and William B. Thompson of New York Business Manager, Receiving the rank of Lieutenant Colonel. Each member wears the military service uniform of his rank. Even the two motion-picture operators who accompany the mission to make films of Russia war scenes for later display in America are commissioned as Second Lieutenants. Most of the others Commissioners have the rank of Major, and attaches have been made Lieutenants.

Several Villages are Taken by the Russian Forces.

Petrograd, July 9th.—Several villages and more than 7,000 men have been captured by the Russians west of St. Stanislaw, in Galicia, the war office announces.

Forty-eight guns, including twelve of large size, and many machine guns also were captured by the Russians.

London, July 9.—"In a successful raid by us last night, southeast of Hargicourt, we captured 35 prisoners including one officer," says today's official announcement. "A hostile raiding party was repulsed early this morning southeast of Loos."

Paris, July 9.—Another attack in strong force, was made by the Germans last night on the Aisne front, in the region of Chemin Des Dames, between Dovetts and Chevregny Ridge. The war office announces that the attack was without success. In a brilliant counter-offensive the French recaptured a major part of the trenches occupied by the Germans yesterday between Pantheon and Froidmont farm.

MADE A NEW RECORD

Lincoln, Neb., July 6.—Axtien a chestnut stallion owned by Sam Harris, of Aurora, Illinois, with Harris up, set a new track record in the 2.11 trot for a stallion in a race on a mile dirt track here yesterday afternoon, covering the distance in the third heat in 2.09 1-4. Axtien will go to the Grand Circuit this summer, first appearing at Cleveland Ohio.

THE CORRECT WAY TO TREAT A COLD

A cough is not a distinct disease, it is the result of inflammation caused by a cold. Therefore, the only way to cure a cough is to allay the inflammation which invades the delicate bronchial tubes. All of the narcotics in the world will not correct the conditions which cause a cough—they simply deaden the senses and afford temporary relief.

Penslar White Pine and Spruce Balsam with Menthol will promptly soothe and heal the inflamed membranes, and overcome the nervous irritation. Price, 25c and 50c the bottle.

KENTVILLE, FRIDAY, JULY 13, 1917.

LATEST NEWS FROM WAR FRONTS

In and about the city of Lens the wily Canadians are nibbling away at the German lines and it is probable that within a few days that place will fall into the hands of our brave Canadian lads.

Russia is again well in the limelight and on the Eastern front they have captured Halicz and about 2000 prisoners and 30 big guns. Altogether in the three days fighting July 8-10 they cap-

tured 150 officers, 10,000 men and 80 guns.

It seems likely that this onward rush will soon win back Lemburg to the Russian arms.

The Greeks are increasing their army from three to ten divisions. They expect these to be raised and completely equipped within four months and ready for full action.

In German East Africa the British troops have again made advances and taken some prisoners.

On the British front aerial activity has been prevented of late by bad weather. In one section the Germans by a concentrated attack were able to press back the British very slightly on a front of eight hundred yards.

PROGRESS IN MESOPOTAMIA

Weather Hot

LONDON, July 11.—The War Office tonight issued the following statement on the progress of operations in Mesopotamia:

"A British column and airplanes have chastised effectively Turkish irregulars who had attacked a convoy. Two German aviators, whose machines were destroyed by fire in the desert, surrendered. British armored cars are seeking two other Germans who were left behind. The temperature has risen to 119 degrees in the shade."

Major G. B. Cutten and Capt. Campbell were in Amherst this week arranging for recruiting the new Forestry Battalion at Aldershot.

Geo. C. McDougall
"The Rexall Druggist"

WE ARE HERE TO SERVE YOU

Councillor W. M. Caldwell of Yarmouth who has been attending the annual convocation of Knight Templars in Miles City, Montana, and also was at Minneapolis has returned home. Mr. G. C. McDougall of Kentville accompanied him and will also return this week. They visited Winnipeg, Buffalo, Niagara, and Toronto on the way home. Mr. Caldwell came from Yarmouth to Kentville on Wednesday to consult with Mr. Bain of Yexias.

A STRAWBERRY AND ICE CREAM FESTIVAL will be held in the Hall at Coldbrook on Monday evening July 16. Proceeds to raise funds for France, our noble ally who has sacrificed so much. Have an evening of enjoyment and help a needy and most worthy cause. Everybody come.

ORANGEMEN'S DAY

July 12th, the anniversary of the Battle of the Boyne was well observed at Kentville yesterday. About 800 members of the Loyal Orange Lodge came to town in a special train and picnicked at the Experimental Farm where a most enjoyable time was spent. All through the day members of the Order in regalia were to be seen on the streets in autos, etc., receiving whatever sights they could and enjoying the invigorating air to the full. Further particulars of the day will be given later.

HONOR ROLL

LEANDER PARSONS, MEDFORD
Mr. and Mrs. George Parsons have been called upon to mourn the death of their noble son Leander Parsons. He was one of the older members of a large family and answered readily to the call for recruits. He was killed in action June 9th, 1917. He was a young man held in high esteem by all his friends and many will mourn his early death.

PRIVATE KENNEDY'S FUNERAL

The body of the late Private Wilfrid Kennedy of the 63rd Battalion, son of Mr. Thomas Kennedy of Walbrook, who was accidentally drowned in Halifax Harbor came to Grand Pre on the evening train on Tuesday, July 10th, and funeral service held in the old Presbyterian church by Rev. G. W. Miller.

The church was filled with the relatives and friends of the deceased and after singing the 23rd Psalm, prayer, hymn "Safe in the Arms of Jesus" and a short address all were given an opportunity to see the remains of their young friend who so recently had spent some weeks assisting his father with the spring's work.

As the shades of evening were falling the casket was borne to its last resting place. The whole service was most impressive and the sympathy of every one went out to the bereaved family.

Many hearts were made sad a few days ago when Mr. Charles A. Jordan of Newtonville received official notice that his son Clifford H. Jordan had fallen in battle "somewhere in France" on Saturday the 16th of June. He heard his country's call and enlisted in the Wolfville detachment of the 219th Battalion of the Highland Brigade on March 11th, 1916 and went overseas last October. He was sent in a draft across to France in March to reinforce the 85th when he was nobly doing "his bit" till he fell a hero for "home and native land" at the age of twenty years.

Clifford was a quite boy, a good son and a loving brother. He leaves to mourn his early death besides his parents two brothers, Spurgeon and Percy overseas, two brothers settled on farms of their own, two small brothers at home and five sisters.

Many friends and neighbors join in heartfelt sympathy in this time of great sorrow.

Middleton Outlook—On Saturday Mr. and Mrs. R. L. Jeffery left for Yarmouth County, and in September expect to go to Wolfville where Mr. Jeffery has accepted the position of housemaster at Acadia Collegiate and Business Academy.

BRITISH ENTER THE ENEMY TRENCHES

LONDON, July 10.—The official statement from British headquarters in France issued tonight reads:

"Last night we entered enemy trenches in the neighborhood of Neuport and inflicted casualties on the garrison."

"The enemy artillery was very active all day against our positions on the coast. Towards evening the fire of his artillery reached a pitch of great intensity."

"Bad weather again prevented aerial operations by either side yesterday."

HUNS WILL HAVE NO SHOES IN WINTER

The state department, Washington, has received a cablegram announcing that the city council of Zittau, Germany, is urging the entire population to go barefooted in order to harden their feet to be prepared for the winter ordeal when there will be no shoes.

THE COAL QUESTION

Ottawa—We are going to get all the coal we need this winter, said Hon. T. W. Crothers when asked if he had anything to say regarding the control and licensing order passed by the United States on the export of coal to all countries, even to the countries of the Allies, including Great Britain and her colonies and protectorates.

SAW MILL AT MORDEN DESTROYED

The saw mill near Morden, Kings Co., owned and operated by Boyd Dorey, was destroyed by fire in the early hours of Friday morning, June 29th.

"The building was so far gone as to make it impossible to save any part of the machinery. It is a great loss to Mr. Dorey there being no insurance, and much sympathy is felt for him."

FIGHTING THE FOOD SHORTAGE

New Industries From Vegetable Fats

C. P. R. Working Out A Solution

THE seriousness of the food situation throughout the world has been frequently emphasized by the press and no one disputes the fact that the world seems steadily moving towards a period of starvation.

There have been food crises in nearly every great country and these have frequently given rise to new processes of production to be continued in peace times.

Oleomargarine has been under discussion in Canada for some time and needs no further comment, except perhaps to point out that under the present regulations prohibiting the manufacture of this material there are undoubtedly many in the Dominion who are not getting the fats requisite for the proper maintenance of the body.

Arthur D. Little, Limited, the organization of analytical chemists which on the instigation of Lord Shugglesome has been making an exhaustive study of Canadian natural resources have been investigating the utilization of vegetable fat in materials which have proven satisfactory substitutes for cream for all purposes excepting butter making and where whipped cream is required.

Dry milk, while a very important article of commerce, is known chiefly to bakers, hotels and ice cream manufacturers. A good product is now being manufactured in Ontario, but recognizing the advisability of establishing drying plants in smaller units and of a size that could be supported by the local community, work is being carried on with this requirement in mind.

The same is true of vegetables, and mixed farm crops would be encouraged in the west if the farmer had a home market for his produce. Milk is 85% water, and many vegetables run as high or even higher in their moisture content.

The utilization of that portion of fruits which is considered below standard and, therefore, unprofitable to ship, in another problem which is receiving the consideration of Arthur D. Little, Limited.

(1) Drying machine and constant level feed tank showing milk in sheet. (2) Packing Department—Filling cans in foreground and heap of powdered dried milk.

The desirability of increasing the food content of farm produce is obvious. It may be pointed out that the starch content of potatoes grown in Germany is much higher than that of potatoes on this continent.

Where Will You Spend Your Vacation? WHY NOT ON A FARM

The farmers are short of "hands" now and will be in greater need of them at haying and harvest. In these war times no crop must go to waste because of labor shortage.

Canada must not only feed herself, but must help largely in feeding the mother country. Nova Scotia must do her part.

If this vacation-on-the-farm idea strikes you favorably, send your name, age, address and the time of your vacation to the Secretary of Industries and Immigration, Box 668, Halifax, N.S.

WAR WASP LAUNCHED

New Glasgow, Monday—To the tooting of whistles and the ringing cheers of an immense crowd the launching of the steamer War Wasp, was successfully accomplished at one p.m. today.

RUSSIANS CAPTURE HALICZ

LONDON, July 11—Halicz, the strategic key to Lemberg, capital of Galicia, has been captured by the Russians, says a despatch from Reuters Petrograd correspondent.

Halicz, 63 miles southeast of Lemberg on the Dniester River, is an important railroad junction and the most important key to the Galician capital. It is 18 miles north of Stanislaw and about eight miles north of Jesopol.

Russian Success Russia's armies have broken through the Austro-German line in the Halicz-Stanislaw sector one of the most important on the Eastern front, and the Russian advance continues.

Annapolis Spectator—Next Sunday evening at St. George's Methodist Church will be a farwell to Rev. Mr. Langille who has endeared himself to the congregation and to the town during the term of his pastorate.

TWO LONG YEARS HE SUFFERED

"Fruit-a-tives" Made Him Feel As If Walking On Air

OSWELLA, Ont., Nov. 28th, 1914.

"For over two years, I was troubled with Constipation, Drowsiness, Lack of Appetite and Headaches. One day I saw your sign which read 'Fruit-a-tives make you feel like walking on air.' This appealed to me, so I decided to try a box. In a very short time, I began to feel better, and now I feel fine. I have a good appetite, relish everything I eat, and the Headaches are gone entirely. I recommend this pleasant fruit medicine to all my friends."

DAN McLEAN.

LIEUT ASA F. MINARD DIES OF WOUNDS

Captain Asa R. Minard who organized and financed the 97th overseas battalion, C. E. F. (American Legion), has received word that his eldest son, Lieutenant Asa Raymond Minard, junior, died in France, on June 30th, at the age of 21 years and six months, as the result of wounds received in battle.

The cable came from his second son, Basil, who had, together with Raymond been sent over to France attached to the 11th battalion, Ottawa, it read:

"Dear Father, he brave. He was brave to the end, Love."

Raymond was a genial, whole-souled, efficient young man and was a most obedient and popular officer. He spent much time both in Aldershot and England, training both officers and men.

Captain Minard's family are at "Hillcrest," their Nova Scotian home, Port Medway, Queens County. Captain Minard was very active in Canadian circles in Massachusetts for many years and was president of the American Club in Toronto, when the war started. He has spoken several times in Halifax before our clubs and has given much time to the work of recruiting both in Ontario and Quebec.

Capt. A. R. Minard, father of Lieut. Minard has been at Aldershot for some time and Mrs. Minard and two sons have been stopping with Mrs. R. Masters in Kentville, Capt. Minard took the services in the Baptist Church last Sunday evening.

Minard's Lieutenant used by Physicians.

PICKED UP GERMAN SUBMARINE

GALVESTON, Texas, July 10—A German submarine of the most modern type, floating a short distance off the Irish coast every member of the crew having been suffocated, was recently picked up by a British patrol boat and towed to port, according to the captain of a British steamer which arrived at a gulf port today. According to the captain's statement, the crew is supposed to have been killed by the sudden formation of a deadly gas while the U Boat was submerged.

WHY CONSCRIPTION IS NECESSARY

In the House of Commons last month the following questions were answered in reference to recruiting the questions being asked by Mr. Lanctot, May 14th. Return to an Order of the House of Commons dated the 14th May, 1917, showing:

1—Whether the Minister of Militia or any of the authorities of the Militia Departments has official statistics as to the recruiting of soldiers in Canada for overseas service.

2—If so, what the correct figures are of enlistments in the different overseas regiments raised since August, 1914, to date: (a) Canadians speaking the French language; (b) Canadians speaking the English language and born in Canada; (c) British subjects by birth born outside of Canada; (d) British subjects by naturalization; (e) French Canadian soldiers in regiments commanded by officers speaking the French language raised in the Province of Quebec; and (f) French Canadian soldiers in battalions raised in the other Provinces of Canada.

(Sgd) ALBERT SEVIGNY, Acting Secretary of State ANSWERED

Department of Militia and Defence.

The following figures relate to troops which have been sent overseas since the war broke out in August, 1914, up to and including 30th April, 1917.

(1) Yes.

(2) In answer to a, e and f, the numbers of officers and men are approximately as follows:

French-Canadian soldiers commanded by officers speaking the French language commanded by officers speaking the English language, belonging to units organized in the province of Quebec 1,536

Soldiers speaking the French language commanded by officers speaking the English language, belonging to units organized in other provinces of Canada 5,904

The above figures do not include soldiers speaking the French language serving in units which composed the 1st Contingent having owing to all the members of 1st Contingent having been re-attested at Valcartier, it is impossible to state their original place of enlistment. The total number in the 1st contingent is 1,217.

The total of Canadian soldiers speaking the French language from all parts of Canada who have proceeded overseas is 14,100.

(d) There are no figures available as Canadian Expeditionary Forces speaking the English language, who were born in Canada is 125,245.

(e) The number of British subjects born outside of Canada is 155,095.

(f) There are no figures available as to the number of naturalized British subjects.

This return gives us an idea why voluntary recruiting has after a fair trial fallen down in Canada and conscription is made necessary.

According to the last census returns over one quarter of the people in Canada are French. They share the full protection of our laws and should bear their full responsibilities. According to the above returns 300,000 soldiers have been sent abroad before April 30, 17. Quebec's share of that 300,000 men should have been over 75,000 men.

stead of that number in the above return we find one 14,100 speaking the French language. Our French fellow citizens are therefore 61,000 men short of their fair proportion of men in Europe and of the 100,000 more left in Canada under arms, or who have sailed for overseas since April they are lacking fully 12 or 15,000 less than their equal share. Therefore had Quebec not listened to its political demagogues and preachers of discord but done its duty in recruiting it should have raised 75,000 more men sufficient to have raised Canada's enlistments to 500,000 men and thus saved any necessity for Conscription. There is no doubt that many in other parts of Canada are delaying joining khaki, because they know so many others are shirking their duty. Why should a whole family of sons of English descent enlist and pour out their blood in France and allow Canada to be governed by young men of French blood who shirked their plainest duty to their country?

Canada is no place for English, French and German or other nationalities who will not do their duty by their adopted country.

BRITISH FORCES GAIN GROUND AND TAKE PRISONERS

LONDON, July 10—"Last night we advanced our lines slightly east of Oosttaverne, one mile northeast of Wytschaete," says today's official announcement. "South of the Ypres Comines canal we carried out a successful raid. We captured some prisoners."

Enemy Efforts were in Vain.

PARIS, July 10—"The Germans returned to the attack on the Aisne front last night and again met with defeat, the war office reports. A strong assault on the French positions at Hurtheuse monument and the Dragon was repelled. The attacking waves suffered severely and were unable to reach the French lines. Local attacks at Laffaux Mill, Ailles, Corbeny, Courcy and Auberville were unsuccessful. The French took prisoners. The statement follows:

"Yesterday evening the enemy's bombardment reached a degree of violence in different sectors of the Aisne front. Local attacks on trenches north of the Laffaux and southeast of Allies were repulsed by our fire. Further east, at about 9.30 p.m., the enemy made a strong attack on our positions at the Hurtheuse monument and the Dragon. His effort was in vain. Unable to approach our line, the enemy troops were dispersed suffering severely."

"Surprise attacks on advanced posts, southwest of Corbeny in the vicinity of Courcy in the sector of Auberville and near Couriers wood cost the enemy losses and gave him no result. A certain number of prisoners remained in our hands. The night was calm everywhere else."

THE RUSSIANS CONTINUE TO CAPTURE VILLAGES AND PRISONERS

PETROGRAD, July 10—General Korniloff's offensive in eastern Galicia continues, says today's official Russian war department statement, despite the energetic resistance and stubborn counter attacks of the Teutons. Additional villages have been captured. More than 1,000 prisoners were taken yesterday. The Russians also captured three field guns, many trench mortars and machine guns, and a quantity of war material.

PRESS COMMENTS ON RECENT AIR RAID ON LONDON

LONDON, July 10—Premier Lloyd George's speech at the secret session of the house of commons was issued too late for press comment, but other comments on the air raid, which continues the uppermost topic, indicate that the official version of the premier's speech is likely to be a deep disappointment. Some newspapers forestall the premier saying that if the explanation is to be that there is no airplane defense of London, because it is needed at the front, the obvious retort is that there ought to be enough for both.

The Daily News claims authoritative information that there are plenty of airplanes, pilots and fighters, but that they are not kept ready. If they had been prepared to rise immediately, as they are at the front, the invaders, the paper says, would have been smothered in the proportion of three and four to one. It is declared that on the occasion of the recent raid at Harwich, warning was given ninety minutes before the British machines rose. The Daily News claims that the organization is defective and ought to be remedied.

DARING FRENCH AIRMAN BOMBED THE KRUPP WORKS

(By the Associated Press)

GRAND HEADQUARTERS OF THE FRENCH ARMIES IN FRANCE, July 8—The most daring air raid yet carried out against the great Krupp munition works at Essen was recounted to staff correspondent of the Associated Press today by Sergeant Maxime Gallois, who defied all the German anti-aircraft defences and bombed the heart of the German armament producing factories with high explosives, crossed the German front line twice, flew over many Rhenish cities and reached home scathless.

The whole flight lasted seven hours, during which the daring French aviator was guided only by the moon and stars and the compass, as the voyage was made in the darkest hours of the night, the destination being reached exactly according to plan. Sergeant Gallois narrated his story in the simplest manner. He said:

"Four of us, Lieutenant Ardisson de Perdiguer, Sergeant Durand, another comrade and myself, left our base at nightfall Friday with the intention of reaching Essen. Soon afterwards we ran into foggy weather and lost sight of each other I flew at an altitude of 1,200 metres and passed over Metz and Thionville, following the course of the River Moselle, which, however, rapidly disappeared in the mist.

"The batteries fired at me crossing the Rhine and as I passed over Metz searchlights played about the sky. Afterwards I was compelled to travel by the aid of the compass, the stars and the moon.

"At Treves I saw a heavy bombardment, which I calculated was directed at my comrade. Therefore I knew I was travelling in the right direction although I did not see Coblenz. I saw the reflection of the moon on the Rhine and found Bonn. From there to Dusseldorf there was a regular sea of electricity, which increased as I got further north.

"Cologne was a blaze of luminosity, and at Dusseldorf there were all kinds of lights, red and white. All the time the anti-aircraft guns fired as I passed and around Cologne the gunners were very accurate in the range.

"Leaving there, I saw, like cliffs on the horizon, a brilliant illumination which seemed kilometres in length stretching to the left of Essen, while southward was another long line of lights coming from the factories. Arriving over Essen I rose to about 2,000 metres. I circled around, searching for a place where the lights from the workshops appeared densest. Then I threw the first bomb. After counting ten I dropped the second, and then the remainder of the ten I carried at similar intervals. I could not tell whether the bombs exploded, but they probably did. It was impossible to distinguish the effect, owing to the flaming furnace chimneys.

"My duty done, I turned homeward, not having seen my comrades again. The motor worked with wonderful regularity all the time. I came back exactly the same way as I went and was fired at many times.

"I was thoroughly exhausted and was suffering from my eyes which were affected by the strain and wind, as I had lost both pairs of goggles at the start, and was often obliged to put my head outside in order to see the direction. When nearing the base, owing to the darkness, I could not tell exactly where I was. I thought possibly I was still over the German lines and decided to continue westward as long as the petrol lasted. I had few litres left and was driving onward, when suddenly I recognized a pre-arranged signal and managed to land just at dawn at the same place from which I had departed. The distance covered was 466 1/2 miles.

Sergeant Gallois, who is 38 years of age, applied four times for the Aviation Corps unsuccessfully because he was declared to be too old, but was accepted on the fifth application, although he had no knowledge of flying.

ALL ATTACKS OF GERMANS FAILED

PARIS, July 9—The official communication issued by the War Office tonight reads:

"The activity of the two artilleries was quite spirited south of Filippe as well as in the region of Hill 304. In Alsace an enemy surprise attack against our trenches in the Carpsach wood failed.

"Belgian communication: Last evening an enemy attempt against our advanced posts south of Dixmude was arrested by the barrage fire of our artillery and machine guns. The enemy artillery was somewhat active today, especially in the region of Steenstraete.

"Eastern theatre, July 8—Last evening the enemy attempted an attack against the French forces at the Cerna bend, but was repulsed. Today there was moderate artillery activity in the neighborhood of Cerna and north of Monastir."

ANSCO CAMERAS & SPEEDEX FILM

WATCH-LIKE in its accuracy and conspicuously attractive appearance, the AnSCO Vest-Pocket Camera makes a distinctive gift.

It is so small and light you can carry it with you always, as you do your watch. It gets into action quickly and takes pictures that make fine enlargements.

Come in and let us tell you about the exclusive features of AnSCO Cameras which make picture taking so easy and so certain. Prices range from \$2 to \$55.

ACADIA GRADUATES PROMINENT IN UNITED STATES

On the farm at Church St., now owned by Mr. Vernon Griffin two boys grew up, the only children of the late James Marsters and Mrs. Marsters the latter now being Mrs. Dr. Burras of Shelburne, N. S. These two boys were Vernon F. and John L. Marsters, Vernon F. Marsters graduated from Acadia in 1886 and soon afterwards took a prominent position in the work of education as a professor in the U. S. Later he specialized in mining and geological work and labored in Peru and other countries John F. Marsters graduated from Acadia in 1891 and after some further study specialized in chemistry and has been in charge of several important chemical laboratories in different parts of America.

Mr. Vernon Marsters is now one of America's foremost geological engineers. He has recently completed the Geological survey for the New York and Honduras Mining Co., near San Juanito, Honduras after four years work with them and has returned to the United States glad indeed to be back to civilization again in time to enjoy a good Thanksgiving dinner in 1916. He purposed going to Latin America for further work but the war conditions made that course advisable.

In February last he began work with Charles N. Gould in the oil fields of Kansas and Missouri, and about a month ago he and Mr. Gould opened an office in Kansas City as Geological Engineers.

Last year he was privileged to spend Christmas with his brother John F., the first time they had spent Xmas together for about fifteen years. The younger brother is now Superintendent of the Michigan Limestone and Chemical Co., of Rogers City, Michigan. This concern is the largest stone crushing establishment of its kind in the United States. Its output the present year will probably reach six and a half millions of tons. They handle more than a thousand men and charter use, as their own, seventy-two different ships. Their quarry front is 1 1/3 miles in length with a maximum height of fifty feet. Both the construction and the operation of the quarry is under the direct management of John F. Marsters.

While we may regret that these two boys early left the noble work of tilling the soil and also have used their energies beyond the confines of their native province, it is a great pleasure for us to convey to their friends here some idea of their sphere of usefulness abroad. Though most useful and busy at their important work they are not so selfish as to be unwilling to serve their adopted country should Uncle Sam need them and invite them to the colors.

FURTHER REFERENCE TO LIEUT. RAYMOND

On page three of this issue will be found a notice of the death of Lieut. Asa R. Minard, Jr. A few further items about this noble young officer is given herewith. He was born in Boston and was 21 years, 6 months old when killed. He first enlisted as a private, then became Corporal and sergeant. When the 97th Battalion, American Legion which was at Aldershot last summer was organized by his father, Captain Asa R. Minard, the father and his two sons, Asa R. Jr., and Basil were offered their commissions. Both boys were at Aldershot last summer leaving in September for England and for France in April and they have been in the first line ever since, Lieut. Raymond, so the cable reads was "brave to the end." So may they all be if die they must, God rest our heroes who give up their lives so willingly for King and Country and for humanity.

Mrs. Minard is a daughter of David Minard formerly of Brooklyn St., and Wolfville and her brother the late C. R. Minard was a classmate of the editor of Advertiser, Acadia class of 1890. Capt. Minard is a native of Port Medway, Queens Co. He organized and recruited both 97th and 237th American Legion Battalions. Lieut. Raymond was a member of the Parkdale Baptist Church, Toronto and a graduate of Parkdale collegiate school. The sorrowing parents will have great sympathy in the early death of a son of so much promise.

Basil the second son is now at the front a lieutenant in the 38th Battalion and the third son is on the farm with Mr. C. R. Bill at Billtown.

NEW FORESTRY BATTALION

Authorization has been given to recruit 600 men to assemble at Aldershot. Special inducements will be offered to expert lumbermen and mill men.

MADE A SUCCESS IN BOSTON

Mr. David H. Walton is one of our Kings County men who certainly made a success in life. He is the only son of Mr. Wesley Walton his mother being Abbie Witter, a near relative of the late H. B. Witter and Mrs. William Wallace of Canaan, Mr. Walton left home early and went to Boston and there lived a very abstemious life for a while while he was earning sufficient money to take music lessons at the Conservatory, afterwards with his violin and the energies of a most active brain and willing hand he was able to start a restaurant and from that time his success was assured, one after another he has added to his chain of restaurants until now he owns and conducts fourteen in Boston and two in Montreal, and report says he is worth fully a half million dollars. He is looked upon as a most successful business man and a credit to his native province. His father still resides at Canaan and he has one sister Bessie, who is a milliner in Boston and another Annie is attending school at Acadia.

POTATOES DOWN TO \$1.50

IN FREDERICTON

Fredericton, July 9—Potatoes sold here Saturday morning for \$1.50 a barrel. It is expected the price will go to \$1 or lower, large quantities of potatoes had been held in this section for \$10 a barrel, the owners refusing to sell when they could get \$7.

DECREASE IN BRITISH SHIPS SUNK

Lightest Losses for Many Weeks

LONDON, July 11—The sinking of fourteen British merchantmen of more than 1,600 tons is reported in the weekly summary of shipping losses, issued here today. Three merchantmen of less than 1,600 tons and seven fishing vessels, were also sunk.

The increasing effectiveness of the measures against submarines which are being carried out by British and American warships is shown in the record of the last week. With one exception, the number of merchantmen sunk is the lowest of any week since the British inaugurated in March the system of giving out weekly reports. The reports of March 11 showed 17 merchantmen sunk, the same total as is shown in the last week's summary.

The preceding report gave the sinking of fifteen vessels over 1,600 tons and five under that size. In the two earlier periods, the totals were respectively 28 and 32. This compares with the sinking of 40 large merchantmen in one week and 38 in another at the height of the campaign in April. In the week ended April 21, 55 vessels in all were sunk.
