tem. Public opinion was running strong-ly in the direction of abolition of rail-way passes. He quoted from The Toronto World and Ottawa Journal in support of his views.

Mr. Casey said it would be illegal, under the bill, for a man to draw his indemnity let alone his mileage. He could not agree with the provisions of the measure until it had been more fully explained.

Mr. Foster said that he did not think the House ought to pass any measure prescribing how a man should travel or should not travel. The bill would compel a man to come to Ottawa in a certain way, although he might have his preference to come on a bicycle, to walk preference to come on a bicycle, to walk the lines as submitted by Mr. Howland (Hear, hear.) He thought the measure ought to be very carefully considered before it was passed.

Sterling Signs of Prosperity.

Sir William Harcourt, continuing, said that the imports and exports for the past year had shown that though low prices ruled, much benefit had been derived by workingmen. Agricultural distress had been keen and labor troubles numerous, yet the general condition was better than during the previous year. The most gratifying sign of prosperity, he said, was the deposits in savings banks, which in 1890 amounted to a little over £30,000,000. In 1891 they were £31,000,000, in 1893 £35,000, 000, on 1891 they were £31,000,000, in 1892 £63,000,000, in 1893 £35,000, on 000 and in 1894 £45,500,000. Mr. Osler Will Brop Out To-Day.

Owing to the sudden death of Mrs. Osler last evening, Mr. B. B. Osler will be unable to proceed as Crown Prosecutor to-day. County Crown Attorney, Dewart did not learn of this fact until midnight, owing to his being preoccupied with the death of a relative, Mrs. Eaton. To a World reporter he said he would consult with Mr. Osler and decide on the best course to be pursued. As Mr. Dewart is familiar with the case in all its details, it is very probable that he will continue the prosecution on behalf on the Crown, and he will go into court prepared to do so. An endeavor will be made to arrange matters so that Mr. Osler can deliver the address to the jury.

An Enthusiastic Reception of Toronto's Finest Vocal organization.

Large and enthusiastic was the audience that gathered at the Massey Music Hall last even ing to greet the Mendelssohn Choir on their second appearance this season. Mr. A. S. Vogt, the able conductor, has brought his band of choristers up to a degree bordering on perfection, and their singing of the various numbers in a well-selected program last evening but added to the laurels aiready garnered by the choir. The numbers especially worthy of menion were Mendelssohn's motette "Judge Me. O God," Molloy's "Just a Song at Twilight," "Song of the Vikings," the harmonious part song "Where Are Yeu Going, My Pretty Maid?" Sir Arthur Sullivan's "Say, Watchman, What of the Night?" and the spinning chorus from the "Flying Dutchman." Of the solo artists Herr Ludwig Bleuer, violin soloist, delighted the audience by his playing of Sarasate's "Zigeunerweisen" and the delightful fairy music of Popper's "Elfen Tazz," his style being characterized by a firm bow, great purity of tone and remarkable execution. Miss Mary Louise Clary possesses a contraito voice of wide range and great sweetness, with just a trifle too much vibrato. Sheis, moreover, a remarkably ghannsome woman, with a splendid stage presence. Miss Clary's numbers were an aria from "Robert le Diable," "Oh, That We Two Were Maying," by that clever young American composer, Ethelbert Nevin, and "Trabison," by Chaminade. The bright particular star of the evening was Mr. Arthur Beresford of Boston, who was a happy substitute for Signor Campanari, who backed out of his engagement at short notice. Mr. Beresford has a magdificent bass voice, in some respects outrivalling Watkin Mills, and his rendering of Handel's "Revenge ! Timotheus Cries," Schumann's "Two Grenadiers," and, as an encore, "The Vicar of Bray," called forth enthusiastic applause. Miss Clary sang her second selection early in the evening, as she had to catch the train for New York, where she takes part in the production of "Triby" this evening.

Been studying these matters for these long years. Make the subject a hobby. As a result, we know just where to go for the most desirable goods and what they are worth--in possession of wrinkles that other people know nothing about.

Even more. Not only do we seek new things constantly, but newness seeks us. Manufacturers choose us as the medium to place their specialties and novelties. You would expect

them to do so. The finest stocks are always here, goods you cannot find elsewhere. We're just as particular to carry stocks that meet the popular demand, but only goods we can recommend

ourselves are ever offered. With abundance of capital, we buy for cash always. Making a turn-over each year in carpets and draperies far in excess of others, we sell at a price that is always lower than the lowest that may be going.

The story is reasonable-isn't it? More, it appeals to your pocket.

CUNNINGHAM WINS HIS SUIT.

A Jury Decide That Either the City Or the litan Railway Company Must Pay Him Damages.

The action of Cunningham against the Metropolitan Street Railway Company and the City of Toronto, which has been on trial at the Court House for the last four days, was concluded late yesterday afternoon. It is a writ to recover damages for personal injuries in October last on the | Street Railway Death of W. tracks in Yonge-street, near Woodlawn-avenue. The questions put to the jury and the answers are as follows: 1. Did the city keep Yonge-street east of the tracks in a fit state ?—A. No.

2. If out of repair had the city notice?

-A. Yes.
3. Could the plaintiff have seen the ar coming?—A. No.

4. Were the rails of the Railway Co. laid so as to cause the least possible public inconvenience?—A. Yes.

41-2. Was the plaintiff's inability to get his wagon off the tracks due to the state of the track between the rails?—

5. If rails improperly laid, how?—A. Not properly ballasted.
6. Was there negligence in running the cars ?-A. Yes.
7. What was it ?-A. In not stopping

the car.
8. At what rate of speed an hour was ar going?—A. Seven miles.

9. Was this rate reasonable or unreasonable?—A. Unreasonable.

10. Could the plaintiff have avoided the

11. What damages?—A. \$1000.
This is a verdict for the plaintiff. Argument will be heard at a future date as to whether both the defendants are liable or which of them.

BREAKFAST-SUPPER. BREAKFAST—SUPPER.

"By a thorough knowledge of the natural laws which govern the operations of digesticn and nutrition, and by a careful application of the fine properties of well-selected Cocca, Mr. Epps has provided for our breakfast and supper a delicately flavored beverage which may save us many heavy doctors' bills. It is by the judicious use of such articles of diet that a constitution may be gradually built up until strong enough to resist every tendency to disease. Hundreds of subtle maladies are floating around us ready to attack wherever there is a weak point. We may escap emany a fatal shaft by keeping ourselves well fortified with pure blood and a properly nourished frame.—Civil Service Gazette.

TRADE IN CANADA.

R. G. Dun & Co. Report Trade in Satisfactory Condition.

They say: The advent of the first vessels from sea and the opening of the canals have somewhat brightened the trade situation at Montreal, and some fair shipments of goods are being made to Ottawa and St. Lawrence River points by first upward steamers. Dry goods to Ottawa and St. Lawrence River points by first upward steamers. Dry goods men report an improved sorting business and rather better remittances from some good sections, though there is still great room for improvement in this respect. An advance in cotton sheeting of from 5 to 7 1-2 per cent. Is noted this week. Cables just to hand announce that the tea market in Japan has opened very high. The excitement in hides continues; dealers are paying 7 1-2c for No. 1 light and heavy, and 1-2c for No. 1 light and heavy, and sales to tanners are claimed at 9c.

Markets Higher.

Market

is noted this week. Cables just to hand announce that the tea market in Japan has opened very high. The excitement in hides continues; dealers are paying 7 1-2c for No. 1 light and heavy, and sales to tanners are claimed at 9c. Leather advances in sympathy.

Wholesele trade at Toronto continues in a very satisfactory state. The demand for seasonable goods is increasing, and the feeling generally is of a hopeful character. There is less disposition to cut prices. Retail stocks in the country are not excessive, and the hardening tendency of prices of leading products is encouraging to those who have goods for sale. There is some improvement in hardware and metals, while sugars are firmer. The demand for hides continue, and they rule very firm. Leather is affected favorably in consequence. There is an advance of 5 cents per bushel in the price of Ontario white wheat. Holders are asking 85 cents, and this price will be obtained if foreign markets continue as at present on the upward track. The price a year ago was only 60 cents, while flour was \$1 per barrel lower than now. The price is sant likely to go above 85 cents, as at \$7 cents to 90 cents dealers could bring in wheat from the United States, paying the 15 cents duty and freight.

Consols are higher, closing at 105 1-2 for money and at 105 1-2 for account. Canadium Pacific is higher, closing in London to-day at 48 3-4. St. Paul closed at 64 3-8, Erie at 12 1-8, Reading at 85-8 and N.Y.C. at 101 1-2.

R. G. Dun & Co. reports 34 failures in the Dominion this week, as against 37 last week and 31 the corresponding week of last year.

The Cincinnati Price Current is bullish on wheat, It estimates that winter wheat crop will not exceed 300,000,000 bushels.

HOUVE HES

It estimates that winter wheat is worked into the beds or applied lightly at the rotos every few weeks. It is also a splend cents duty and freight.

No Reduction in Library Estimates.

A special meeting of the Public Library Board was held yesterday afternoon to consider the City Council's request for a reduction of the estimates. It was decided that the board could not reduce the estimates for the central library and its branches. Two years ago the board, with a view to reducing the expenditure, proposed the discontinuance of the branches at St. Andrew's Hall and St. Paul's Hall, which would effect an antage of the control of the control of the branches at St. Andrew's Hall and St. Paul's Hall, which would effect an antage of the control of the Paul's Hall, which would effect an annual saving of \$4000 or \$4500. The City Council objected and threatened a large reduction of the grant if these branches were discontinued. In view of these facts the amount estimated for 1895 is the very least amount the board factory. Following are the figures, with feels at which the library and existing comparisons: feels at which the library and existing branches can be maintained. These facts will be embodied in a resolution to be forwarded to the council, together with a comparative statement of expenditures in other cities.
