SIR,—I have the honour to inform you that His Excellency the Governor General will proceed to the Senate Chamber, to open the Session of the Dominion Parliament, on Thursday, the 1st February, at Three o'clock, P.M.

I have the honour to be, Sir, Your obedient servant,

HARRY GRAHAM, Captain, A.D.C., for the Governor General's Secretary.

The Honourable

The Speaker of the Senate.

The House was adjourned during pleasure.

After some time the House was resumed.

His Excellency the Right Honourable Sir Gilbert John Elliott, Earl of Minto and Viscount Melgund of Melgund, County of Forfar, in the Peerage of the United Kingdom, Baron Minto of Minto, County of Roxburgh, in the Peerage of Great Britain, Baronet of Nova Scotia, Knight Grand Cross of the Most Distinguished Order of Saint Michael and Saint George, &c., &c., Governor General of Canada, being seated on the Throne,

The Honourable the Speaker commanded the Gentleman Usher of the Black Rod to proceed to the House of Commons and acquaint that House,—"It is His Excellency's pleasure they attend him immediately in this House."

Who being come with their Speaker,

His Excellency the Governor General was then pleased to open the Session by a gracious Speech to both Houses.

Honourable Gentlemen of the Senate:

Gentlemen of the House of Commons:

It is again my pleasing duty to congratulate you on the continued prosperity of the Dominion and on the remarkable increase in the general volume of the revenue and of

the exports and imports of the country.

Hostilities having unfortunately broken out during the recess between Great Britain and the South African Republic, it appeared to my Ministers expedient to anticipate the action of Parliament by equipping and forwarding two contingents of volunteers to the seat of war as a practical evidence of the profound devotion and loyalty of the entire people of Canada to the Sovereign and institutions of the British Empire.

In this connection it is a matter of pride and gratification to the people of this Dominion that, in addition to the contingents sent by the Government, another Canadian force is being organized and despatched at the personal expense of the High Commissioner of Canada. This generous and patriotic action upon the part of Lord Strathcona reflects high honour on him and on the Dominion he represents.

I have been instructed to convey to you Her Majesty's high appreciation of the loyalty and patriotism thus displayed which, following the preference granted under the present tariff to articles of British manufacture, has had the happiest effect in cementing and intensifying the cordial relations subsisting between Canada and the

Mother Country.

A Bill will be submitted for your approval making provision for the cost of equip-

ping and paying the Canadian contingents.

The measures which have been taken from time to time to facilitate the safe transportation of food stuffs to European markets, have resulted in a large increase in the exportation of several important articles of produce, and it may become necessary, in the interest of this very important branch of industry to require a more careful inspection than has been customary for the purpose of maintaining that high standard of excellence heretofore secured and which is absolately indispensable if the people of Canada are to increase their large and profitable trade with other countries in these commodities.

I am glad to observe that the returns from the Post Office Department afford good ground for believing that the temporary loss of revenue caused by the great reduction recently made in letter postage, will speedily be made good by the increased correspon-

dence consequent thereon.

Negotiations are now in progress with several of our sister colonies in the West Indies, which it is hoped may result in increasing and developing our trade with those islands and possibly with certain portions of the adjacent continent of South America.

It gives me great pleasure to observe that, in pursuance of the policy which was defined at the last session of Parliament, a carefully devised body of regulations has been adopted applicable to all railways and public works within the federal jurisdiction making adequate provision for the sanitary protection and medical care of workingmen.

The attention of the Government has been called to the conflicts which occasion-

The attention of the Government has been called to the conflicts which occasionally arise between workmen and their employers. While it may not be possible to wholly prevent such difficulties by legislation, my Government think that many of the disputes might be averted if better provisions could be made for the friendly intervention of boards of conciliation, the conclusions of which, while not legally binding, would have much weight with both sides and be useful in bringing an intelligent public opinion to bear on these complicated subjects. You will be invited to consider whether the Provincial legislation in this matter may not be usefully supplemented by an enactment providing for the establishment of a Dominion tribunal for assisting in the settlement of such questions.

I am happy to observe that the number of settlers who have taken up lands in Manitoba and in the North-west Territories is larger than in any previous year, and affords conclusive evidence of the success which has attended the efforts of my Government to promote immigration, and I have no doubt that the greatly increased production of the West will henceforth add materially to the growth of the trade of the whole Dominion. While the efforts made to secure increased population for the West have thus been successful, much attention has also been devoted to the repatriation of Canadians who in less prosperous times have left Canada. You will be pleased to learn

that this work has been attended with satisfactory results.

My Government, during the recess, has been giving its attention to the subject of a railway commission. Valuable information has been and is still being collected, which when completed will be submitted to you and will, no doubt, receive at your hands the earnest consideration which the importance of the subject requires.

I am pleased to say that our canal system, connecting the great lakes with the Atlantic seaboard, has been completed so as to allow vessels having a draft of 14 feet to pass from the head of Lake Superior to the sea. The vigorous and successful prosecution

of these works by my Government has already attracted the attention of those interested in Western transportation, and there are good grounds for the hope that, when the necessary facilities for the quick and inexpensive handling of ocean traffic are provided and which are now in progress, Canadian ports will control a much larger share of the traffic of the West.

Measures will be introduced to renew and amend the existing banking laws, to regulate the rate of interest payable upon judgments recovered in courts of law, to provide for the taking of the next decennial census, for the better arrangement of the electoral districts, to amend the Criminal Code and the laws relating to other important subjects.

Gentlemen of the House of Commons:

The public accounts will be laid before you, and also the estimates for the coming year, which have been prepared with due regard to economy and the rapid growth of the Dominion.

Honourable Gentlemen of the Senate:

Gentlemen of the House of Commons:

I commend to your consideration the subjects I have mentioned, confiding in your patriotism and judgment.

His Excellency the Governor General was pleased to retire, and the House of Commons withdrew.

The Honourable Mr. Mills, Minister of Justice, presented to the Senate a Bill intituled: "An Act relating to Railways."

The said Bill was read a first time.

The Honourable the Speaker reported His Excellency's Speech from the Throne, and the same was then read by the Clerk.

On motion of the Honourable Mr. Mills, seconded by the Honourable Mr. Scott, it was

Ordered, That the Senate do take into consideration the Speech of His Excellency the Governor General, on Monday next.

On motion of the Honourable Mr. Mills, seconded by the Honourable Mr. Scott, it was

Ordered, That all the Senators present during this Session be appointed a Committee to consider the Orders and Customs of the Senate and Privileges of Parliament, and that the said Committee have leave to meet in this House, when and as often as they please.

The Honourable Mr. Mills moved, seconded by the Honourable Mr. Scott,

That when the Senate adjourns this day, it do stand adjourned until Monday, at three o'clock in the afternoon.

The question of concurrence being put thereon, the same was resolved in the affirmative, and

Ordered, accordingly.

Then, on motion of the Honourable Mr. Mills, seconded by the Honourable Mr. Scott,

The Senate adjourned until Monday next, at three o'clock in the afternoon.

The Honourable the Speaker presented to the Senate,—The Report of the Joint Librarians of Parliament on the state of the Library of Parliamant, for the year 1899. The same was then read by the Clerk, and it is as follows:-

TO THE HONOURABLE THE SPEAKER OF THE SENATE.

The Joint Librarians of the Library of Parliament have the honour to report as follows, for the year 1899.

The short time that has elapsed since the close of the last Session has necessarily prevented any changes from being made, in the internal management, or any large

addition to the stock of books.

The occurrence of the war in South Africa, has induced the Librarians to duplicate many of the most authoritative volumes, to provide several copies of more popular works and to have on hand surplus copies of the blue-books containing the official correspondence down to the declaration of the war by the Transvaal Republic, in October.

A special collection has been made, in nine volumes, of all the official history of the relations between Great Britain and the Dutch Republics, in South Africa, since 1859. This will hereafter prove valuable for reference.

The usual additions to those sections of the Library devoted to Railways, Treaties, Statistics, and Trade have been made.

The number of persons, from the City of Ottawa, entitled to the privileges of the

Library is on the increase.

It is also noticeable that many more correspondents from abroad look to the Librarians and their assistants for information upon the resources of Canada, on its mines and mining laws, or, in an altogether different field, on our early history. This demonstrates an ever increasing interest in things Canadian, developing chiefly in Great Britain, in Australia, and the United States, as evinced in the Republic south of the Dominion by the reprint or translation of Canadian works.

For a number of years, the only work connected with the history of Canada, published in the United States, was the correspondence of the Governors of Canada with the Home Government, which contained matters pertaining to the annals of the border States. In 1880, W. Otis gave a translation of Champlain's Travels. In 1897, a New York firm published Henry's Travels to the North-west, in 1799–1814; and now the large work of the Jesuit Narratives, being letters written from Canada, in the seventeenth and eighteenth centuries by the Jesuit missionaries to their superior in Rome, is going through the press in Cleveland. These important documents, consti-

Thwaites, and have reached their 60th volume.

The re-wiring of the Library for the purpose of rendering safer the supply of electric light requested by the Committee at a previous Session, has been duly carried out by the Public Works Department.

tuting one of the sources of Canadian history, are being published in the original text, French or Latin with an English translation, under the management of M. Reuben

The list of donations to the Library and the list of books deposited under the

Copyright Act have been prepared and are hereto annexed.

The Catalogue of accessions has been sent to the printers, but owing to pressure of work at the Bureau and to the comparatively late date at which the manuscript must be sent, there will be some delay in its distribution to Members.

All of which is respectfully submitted.

A. D. DECELLES, MARTIN J. GRIFFIN.

(For List of Donations to the Library of Parliament, vide Sessional Papers No. 17.)

1 February 5—That he will call the attention of the Government to the question of
Asiatic immigration to the Dominion of Canada, and more particularly to that portion of it from Japan; and will inquire whether the Government will, during the present Session of Parliament take into consideration the necessity for placing the same restriction on Japanese immigration by an imposition of a poll tax of fifty dollars on each person, as is now placed on Chinese immigration?

"AN INNOCENT MAN.

"For three years he was imprisoned in St. Vincent de Paul."The Minister of Justice has ordered the liberation from St. Vincent de Paul Penitentiary of a Greek named Vandel, who was sentenced three years ago on a charge of rape. It has been found that Vandel is innocent, and was the victim of a judicial error."

General; praying that His Excellency will cause to be laid before the Senate, copies of all correspondence not already brought down, that has taken place between the Imperial Government and Canada, or between the High Commissioner for Canada in London and the Government of Canada, relating to the proceedings of Commissioners appointed to consider and proceed with the construction of the Pacific Cable between Canada and the Australasian Colonies; together with any correspondence that may have taken place relating to concessions asked for by the Eastern Extension Telegraph Company from the Australian Governments in re telegraphic extension

By the Honourable Sir Mackenzie Bowell, K.C.M.G.:

7 February 9—That he will move:—

1. That the establishment of a telegraph cable across the Pacific to connect Canada with the Australasian Colonies has long been regarded as of high importance to the Empire; it having been recognized to be of Imperial importance at the Colonial Conferences of 1887 and 1894, affirmed by an agreement between the Home Government and the Governments of Canada, New South Wales, Victoria, Queensland, and New Zealand, and ratified by the Canadian Parliament last session; this House therefore regrets, that serious delays have occurred in the prosecution of the undertaking, manifestly through the hostility of the Eastern Extension Telegraph Company, which Company is now demanding concessions from the Australasian Colonies which, if granted, will imperil the success of the Pacific Cable.

2. That this House is of opinion that any further delay in proceeding with the actual construction of the undertaking would be inimical to the interests of the Empire, and strongly deprecates granting any further concessions to the Eastern Exten-

sion, or any other company.

3. That it is expedient in granting permission hereafter to private companies to lay cables between British possessions, it be on the express condition that the State may assume ownership whenever in the general public interest it is advisable to do so.

NOTICES OF MOTIONS.

By the Honourable Mr. Macdonald (B.C.):-

March 1—That he will call the attention of the Government to the question of Asiatic immigration to the Dominion of Canada, and more particularly to that portion of it from Japan; and will inquire if the Government, when considering the subject of imposing an additional tax on Chinese, will at the same time give consideration to the question of taxing Japanese coming to Canada in a similar manner?

For Wednesday, 7th March, 1900.

By the Honourable Sir Mackenzie Bowell, K.C.M.G.:

1 February 9—That he will move:—

1. That the establishment of a telegraph cable across the Pacific to connect Canada with the Australasian Colonies has long been regarded as of high importance at the Empire; it having been recognized to be of Imperial importance at the Colonial Conferences of 1887 and 1894, affirmed by an agreement between the Home Government and the Governments of Canada, New South Wales, Victoria, Queensland, and New Zealand, and ratified by the Canadian Parliament last session; this House therefore regrets, that serious delays have occurred in the prosecution of the undertaking,

manifestly through the hostility of the Eastern Extension Telegraph Company, which Company is now demanding concessions from the Australasian Colonies which, if granted, will imperil the success of the Pacific Cable.

2. That this House is of opinion that any further delay in proceeding with the actual construction of the undertaking would be inimical to the interests of the Empire, and strongly deprecates granting any further concessions to the Eastern Exten-

sion, or any other company.

3. That it is expedient in granting permission hereafter to private companies to lay cables between British possessions, it be on the express condition that the State may assume ownership whenever in the general public interest it is advisable to do so.

For Tuesday, 13th March, 1900.

By the Honourable Mr. Ferguson:-

1 February 9—That he will inquire of the Government :-

2. If so, to whom, what is the mileage of the said section, and

the contract price per mile?

3. When is the work to be commenced, and when completed?

By the Honourable Mr. Ferguson: -

2 February 9—That an humble Address be presented to His Excellency the Governor General; praying that His Excellency will cause to be laid before the Senate, copies of all notices issued by the I. C. NOTICES OF MOTIONS.

For Thursday, 15th March, 1900.

By the Honourable Sir Mackenzie Bowell, K.C.M.G.:

1 February 9—That he will move:—

1. That the establishment of a telegraph cable across the Pacific to connect Canada with the Australasian Colonies has long been regarded as of high importance at the Empire; it having been recognized to be of Imperial importance at the Colonial Conferences of 1887 and 1894, affirmed by an agreement between the Home Government and the Governments of Canada, New South Wales, Victoria, Queensland, and New Zealand, and ratified by the Canadian Parliament last session; this House therefore regrets, that serious delays have occurred in the prosecution of the undertaking, manifestly through the hostility of the Eastern Extension Telegraph Company, which Company is now demanding concessions from the Australasian Colonies which, if granted, will imperil the success of the Pacific Cable.

2. That this House is of opinion that any further delay in proceeding with the actual construction of the undertaking would be inimical to the interests of the Empire, and strongly deprecates granting any further concessions to the Eastern Extension, or any other company.

3. That it is expedient in granting permission hereafter to private companies to lay cables between British possessions, it be on the express condition that the State may assume ownership whenever in the general public interest it is advisable to do so.

By the Honourable Mr. Landry:-

Do the following words, taken from the number of the newspaper La Patrie for September 28th, 1899, report in a sufficiently exact manner a part of the speech made by the Honourable the

First Minister at Dunnville, on September 26th last:

"You know that in 1896 an irritating question was causing trouble in the country. It was a question where religion and politics were confounded. The solution of this question demanded the strongest qualities of a statesman. The old Administration pretended to have settled this question by the presentation of a Bill called remedial, but which did not remedy anything at all. This Bill, from another side, was of a nature to irritate the population of a sister Province. The measure was wrecked, and we came into power. We have promised to settle the question in six months. You are witnesses that this promise has been fulfilled to the letter.

"The School question does not exist any longer, although our

friends the Blues seek to bring it up again,"

"You know that in 1896 an irritating question was causing trouble in the country. It was a question where religion and politics

were confounded. The solution of this question demanded the strongest qualities of a statesman. This Bill, from another side, was of a nature to irritate the population of a sister Province. The measure was wrecked, and we came into power. We have promised to settle the question in six months. 4. Under the circumstances of the case, Your Committee recommend that service of a copy of the Bill and of a copy of the Notice of the Second Reading thereof may be made as follows:—

By serving the said copies personally upon James Muir, Esquire, of the City of Calgary, in the District of Alberta, Advocate, who, according to the evidence produced before Your Committee, has for several years last past acted as Solicitor for the said George Patterson, and is his personal friend and is aware of his present address, which he has refused to communicate to the Petitioner or her Solicitor.

Which being objected to,

The question of concurrence being put thereon, the same was, on a division, resolved in the affirmative, and

Ordered, accordingly.

NOTICES OF MOTIONS.

For Wednesday, 21st March, 1900.

By the Honourable Mr. Ferguson :-

1 February 9—That an humble Address be presented to His Excellency the Governor General; praying that His Excellency will cause to be laid before the Senate, copies of all notices issued by the I. C. Ry. since May, 1896, calling for tenders for the supply of oil for the said railway, and also, copies of all tenders received in reply to said advertisement and contracts entered into as a result of such call for tenders.

2. A Return showing the car mileage on the I. C. Ry. for the

year ended the 31st day of October, 1899.

3. Also, a Return showing the total amount paid for oils for the I. C. Ry. for the year ended the 31st day of October, 1899, giving the names of the parties to whom such payments were made.

By the Honourable Mr. Perley:—

2 March 15—That he will ask the Government, if the present School law of Manitoba is a satisfactory settlement of the School question of that province, as has been stated by the Honourable the Secretary of State it was?

Also, in what particular does the present School Act of Manitoba differ from the last Act?

By the Honourable Mr. Ferguson:-

3 March 19—That he will inquire of the Government, why R. K. Brace, of Charlottetown, has been dismissed from the office of Inspector of Gas Meters, Charlottetown, P.E.I.? By the Honourable Mr. Ferguson:

4 March 19—That he will inquire of the Government, if it is their intention to introduce a Bill during the present Session of Parliament, in amendment of the Act of last year, relating to the form and size of apple barrels?

By the Honourable Mr. Ferguson :-

5 March 19—That he will inquire of the Government, whether the bridge proposed to be constructed over the Hillsborough River at Charlottetown, at the joint expense of the Department of Railways and the Provincial Government of Prince Edward Island, will possess separate tracks or roadways for railway, vehicular and pedestrian traffic?

By the Honourable Mr. Ferguson:—

6 March 16—That he will inquire of the Government, why the service of carrying the mails on the Alberton and Kildare route, P.E.I., was not put up to tender on the expiration of the contract on the 31st December last?

By the Honourable Mr. Perley: -

7 March 16—That he will ask the Government, how many manufacturers of binder twine and barb wire were there in Canada prior to the change in the dnty on those articles? Also, how many manufacturers are there of each of those articles in Canada now?

By the Honourable Mr. Landry !

8 March 13—What is the name of the present preventive officer for the district of Montmagny? What is his salary? How many seizures has he effected, since he has been doing duty, for infractions of the customs and excise laws? How much has the Government realized from these seizures, either by the sale of the articles confiscated or by fines imposed?

By the Honourable Mr. Macdonald (B.C.):-

9 March 20—That he will call the attention of the Government to the report published in the *Colonist* newspaper of Victoria, B.C., that the United States Government does not intend to declare Cape Nome, in Alaska, a Port of Entry for the reasons hereinafter set forth; and will inquire if the Government will ascertain the opinion of the United States

Government with respect to this subject :-

"In reply to the telegram sent Secretary Gage by United States Counsel Smith, inquiring as to whether or not British steamers will be allowed to enter at the nearest port of entry, take on an American Customs officer and proceed to Nome to discharge their British consignments, a negative reply has been received, it being explained that through the revival of an almost obsolete section of the American shipping law, contained in the Revised Statutes of the United States, Vol. 71, such foreign vessels will be compelled to complete their discharging at the port for which they have cleared. St. Michael, 150 miles away, is understood to be the nearest port to which the "Alpha" or any other British ship may go for the new gold fields, and it is therefore not improbable that this one vessel at all events will be disposed of to American citizens.

ANOTHER UNFRIENDLY ACT.

TREASURY ORDERS DUTY COLLECTED ON ALL AMERICAN GOODS TAKEN NORTH BY CANADIAN CARRIERS.

Port Townsend, March 10.—Advices from Washington say that the Treasury Department has taken a decided stand relative to shipping American goods via Canadian points into Alaska on British vessels, and has instructed the collector of customs to collect duty on all goods arriving in Alaska on British vessels, even if they are accompanied with export certificates. Many shippers to Alaska obtain export certificates and send their goods to Vancouver and other points and thence to Alaska in British vessels, thereby working an injury to American vessels. This order will practically debar British vessels from entering the Nome trade in the freight carrying business. It is said that American firms have already contracted with British vessels for the delivery of large consignments of merchandise at Nome, but owing to the ruling of the Treasury Department these contracts will have to be cancelled."

For Thursday, 22nd March, 1900.

By the Hon. Mr. Ferguson:-

1 March 20—That he will inquire of the Government—

1. If the Hon. J. Israel Tarte, Minister of Public Works, has been entrusted by the Government with any duties on behalf of at the Paris Exposition? If so, what are these duties?

2. Is the selection of persons to act as assistants to Mr. Tarte also made directly by him or by the Governor in Council, or by the

Provincial Governments?

3. Will all the Provinces be represented on the staff of assist-

ants at the said Exposition?

4. Has Henry J. Pineau, member-elect of the legislature of Prince Edward Island, been assigned any duty at Paris in connec-

tion with the said Exposition?

5. If so, was he nominated for such service by the Provincial Premier or any of his colleagues, or any member or Senator representing the Province of Prince Edward Island in Parliament? If so, by whom?

6. What remuneration is he to receive, either under the heads of per diem allowance for services, or as living or travelling

expenses? And how long will his employment continue?

7. What are the names of all other persons employed in connection with the said Exposition?

By the Honourable Mr. Ferguson:-

1 February 9—That an humble Address be presented to His Excellency the Governor General; praying that His Excellency will cause to be laid before the Senate, copies of all notices issued by the I. C. Ry. since May, 1896, calling for tenders for the supply of oil for the said railway, and also, copies of all tenders received in reply to said advertisement and contracts entered into as a result of such call for tenders.

2. A Return showing the car mileage on the I. C. Ry. for the

year ended the 31st day of October, 1899.

3. Also, a Return showing the total amount paid for oils for the I. C. Ry. for the year ended the 31st day of October, 1899, giving the names of the parties to whom such payments were made.

By the Honourable Sir Mackenzie Bowell, K.C.M.G.: -

March 27—That an humble Address be presented to His Excellency the Governor General; praying that His Excellency will cause to be laid before the Senate, all correspondence between the Minister of Militia and Defence, Major-General Hutton, Lieut. Col. Foster, Chief Staff Officer, Lieut. Col. Holmes, D. O. C. Military District No. 1, the Deputy Minister of Militia or any other official of the Department of Militia and Defence, and Lieut. Col. W. W. White, of Gnelph, Ontario, relating to or in any way connected with the selection of, and subsequent removal of, the said Lieut. Col. White's name from the list of officers of the Canadian Militia to undergo a course of instruction in the duties of General Staff Officers at the Military College, Kingston.

By the Honourable Mr. Landry:-

3 March 29—That he will draw the attention of the House to the following facts:-

1. That on the 12th March inst. notice of an inquiry from the Government was regularly given by the Senator from Stadacona and handed to the Clerk of this House, the said notice reading as follows:—
"What is the name of the present preventive officer for the district of Montmagny? What is his salary? How many seizures has he effected, since he has been doing duty, for infractions of the customs and excise laws? How much has the Government realized from these seizures, either by the sale of the articles confiscated or by fines imposed?"

2. That on the 13th March this notice regularly appeared in the Minutes of Proceedings of the Senate, and was thus brought to the knowledge of the Members of this House and of the present Admin-

istration.

3. That on the 15th March the Senator from Stadacona put this question to the representatives in this Chamber of the present Administration, but could not obtain from them the answer asked.

4. That on the 16th March the Honourable Minister of Justice

asked for delay for the answer to be given.

5. That on the 19th March the Honourable Minister of Justice

asked for a new delay.

6. That on the 20th March the Honourable Minister of Justice gave a partial answer to the question as put, promising to complete immediately the information desired.

7. That on the 21st March the promised answer was not yet

given.

8. That on the 22nd March the Honourable Minister of Justice, instead of giving the promised answer, announced to the House that he had just received the information that the answer was to be sent to him that day at the House, and that he was waiting for it from one moment to another.

9. That on the 23rd March the Honourable Minister of Justice gave anew to the House the partial answer already given on the 20th March, and promised to inquire from the Minister of Customs as to the balance already promised, and which the day before the Minister

was still expecting from one instant to another.

10. That on the 26th March the Minister of Justice was still incapable of giving the promised answer.

11. That on the 27th March the Minister of Justice declared

that he could not yet answer.

12. That on the 28th March the Minister of Justice had not yet been able to obtain the information asked for by the Senator from Stadacona.

13. That on the 29th March, the seventeenth day after the publication of the notice given by the Senator from Stadacona, the present Administration had not yet been able to find either the time or the courtesy to answer a question regularly put by a Member of this House.

And that he will move :-

That the inexplicable and unexplained delays in giving the answer daily asked for, for seven days, by a Member of this House constitute, in the present case, either an unpardonable forgetfulness or an unjustifiable negligence, and in any case a want of courtesy towards this House which it cannot but condemn.

By the Honourable Sir Mackenzie Bowell, K.C.M.G.: -

4 March 30—That an humble Address be presented to His Excellency the Governor General; praying that His Excellency will cause to be laid before the Senate, copies of all papers, correspondence, Orders in Council and communications of every kind to date, relating in any way to the claim of E. J. Walsh, C.E., against the Dominion Government, the Department of the Secretary of State for the Colonies, and the Government of the Leeward Islands for professional services rendered the Government of the said Leeward Islands; also, copies of any papers or correspondence in the Department of Railways and Canals, or in the hands of the Deputy Minister of Railways and Canals, relating to the engagement or otherwise of the said E. J. Walsh, C.E.

By the Honourable Mr. Allan:-

5 April 2—That when the House is again in Committee of the Whole on (Bill K) "An Act further to amend the Criminal Code, 1892," he will move the

following amendment:-

"Where a child or young person, being a male, is convicted, either on indictment or summarily, of any offence other than homicide, the court may, in lieu of sentencing him to penal servitude or imprisonment, or instead of committing him to prison for non-payment of any fine, costs or damages, adjudge that he be privately whipped with a birch rod, and thereupon he shall be whipped accordingly by a constable in the presence of an inspector or other officer of police of higher rank than a constable, and also, if the parent or guardian desires to be present, of that parent or guardian.

"The number of strokes shall not exceed (a) in the case of a child, six; (b) in the case of a boy who appears to the court the age

of fourteen, twelve; and (c) in any other case, eighteen.

"This section shall not derogate from any other statutory power to inflict whipping as a punishment."

By the Honourable Mr. Landry:--

4 May 3—That he will call the attention of this House to the following facts:—

1. On the 2nd day of May the following question was put by

the Honourable Mr. Landry to the Government-

"Whether, since the commencement of the present Parliament, the Government, or any one of the members of the present Administration in the name or for the Government, has received from the Government of Manitoba, or from the Catholic minority of that Province, or from the Episcopate of any of the Provinces or any member thereof, any communication whatsoever, in the form of a demand, of a claim, of a protest, or otherwise, on the subject of the Manitoba School question?"

2. On the same day the following answer was given by the Honourable Mr. Scott, as reported by the Debates of the Senate,

2nd May, 1900—

"Hon. Mr. Scott—I think not, as far as I have been able to find out.

"Hon. Mr. Landry-How far?

"Hon. Mr. Scott—All the inquiry I could make from those who would have the information—from members of the Government."

And that he will move-

- 1. That such an answer does not settle the question, as it gives only what the Honourable Secretary of State thinks, and that not further than what he could make out himself from those who would have the proper information, leaving open to further inquiry what may be the limit of the searching powers of the Honourable Secretary of State.
- 2. That it is an easy matter to ascertain if the documents asked for do or do not exist, are or are not in the possession of the Government, and that the only proper way to give a proper answer is to say so.
- 3. That unless the Government declare that they are not in possession of any documents of the kind, an humble Address be presented to His Excellency the Governor General; praying that His Excellency will cause to be laid before the Senate, a copy of all communications whatsoever received by the Government since the commencement of the present Parliament on the subject of the Manitoba School question, from the Government of Manitoba, or from the Catholic minority of that Province, or from the Episcopate of any of the Provinces or any member thereof.

By the Honourable Mr. Landry:—

5 May 3—1. What amount has the Government collected from the rental of Montmagny post office buildings, year by year, up to date, since the acquisition of said buildings?

2. From that amount how much was paid to the caretaker of

said building?

3. How much for the minor expenses pointed out in the answer given by the Honourable the Secretary of State on the 2nd of May, and what are those minor expenses?

4. How much for the et cætera, given in the same answer, and

what are those et eætera?

By the Honourable Mr. Macdonald (B.C.):

6 May 3—Will inquire whether the travelling allowances of the Judges of the Supreme
Court of British Columbia, withheld for several months on the
caprice of the Auditor General, have been paid? If not, is it the
intention of the Government to bring in an Act of Parliament to
place this matter beyond the unnecessary interference of any subordinate official?

NOTICES OF MOTIONS.

For Monday, 7th May, 1900.

By the Honourable Sir Mackenzie Bowell, K.C.M.G.: -

1 March 27—That an humble Address be presented to His Excellency the Governor General; praying that His Excellency will cause to be laid before the Senate, all correspondence between the Minister of Militia and Defence, Major-General Hutton, Lieut.-Col. Foster, Chief Staff Officer, Lieut.-Col. Holmes, D. O. C. Military District No. 1, the Deputy Minister of Militia or any other official of the Department of Militia and Defence, and Lieut.-Col. W. W. White, of Guelph, Ontario, relating to or in any way connected with the selection of, and subsequent removal of, the said Lieut.-Col. White's name from the list of officers of the Canadian Militia to undergo a course of instruction in the duties of General Staff Officers at the Mi itary College, Kingston.

By the Honourable Mr. Kirchhoffer:-

April 26—That he will inquire of the Minister of Justice, what quantity of hemp sisal or other material has been purchased by the Government since the 1st day of July, 1899, for the purpose of manufacturing binder twine in the penitentiaries of the Dominion, the price paid therefor, and the names of the parties from whom said materials were purchased?

By the Honourable Mr. O'Donohoe:-

3 April 26—That an humble Address be presented to His Excellency the Governor General; praying that His Excellency will cause to be laid before the Senate, a copy of the communication of J. L. P. O'Hanly, C.E., to the Governor in Council on the dangerous state of the railroad bridge over the Lachine Canal at Wellington Street, Montreal.

By the Honourable Mr. Landry:-

4 May 3—That he will call the attention of this House to the following facts:—

1. On the 2nd day of May the following question was put by

the Honourable Mr. Landry to the Government-

"Whether, since the commencement of the present Parliament, the Government, or any one of the members of the present Administration in the name or for the Government, has received from the Government of Manitoba, or from the Catholic minority of that Province, or from the Episcopate of any of the Provinces or any member thereof, any communication whatsoever, in the form of a demand, of a claim, of a protest, or otherwise, on the subject of the Manitoba School question?"

2. On the same day the following answer was given by the Honourable Mr. Scott, as reported by the Debates of the Senate,

2nd May, 1900—

"Hon. Mr. Scott—I think not, as far as I have been able to find out.

"Hon. Mr. Landry-How far?

"Hon. Mr. Scott—All the inquiry I could make from those who would have the information—from members of the Government."

And that he will move-

- 1. That such an answer does not settle the question, as it gives only what the Honourable Secretary of State thinks, and that not further than what he could make out himself from those who would have the proper information, leaving open to further inquiry what may be the limit of the searching powers of the Honourable Secretary of State.
- 2. That it is an easy matter to ascertain if the documents asked for do or do not exist, are or are not in the possession of the Government, and that the only proper way to give a proper answer is to-say so.
- 3. That unless the Government declare that they are not in possession of any documents of the kind, an humble Address be presented to His Excellency the Governor General; praying that His Excellency will cause to be laid before the Senate, a copy of all communications whatsoever received by the Government since the commencement of the present Parliament on the subject of the Manitoba School question, from the Government of Manitoba, or from the Catholic minority of that Province, or from the Episcopate of any of the Provinces or any member thereof.

By the Honourable Mr. Landry:—

5 May 3—1. What amount has the Government collected from the rental of Montmagny post office buildings, year by year, up to date, since the acquisition of said buildings?

2. From that amount how much was paid to the caretaker of

said building?

3. How much for the minor expenses pointed out in the answer given by the Honourable the Secretary of State on the 2nd of May, and what are those minor expenses?

4. How much for the et cætera, given in the same answer, and

what are those et eætera?

By the Honourable Mr. Macdonald (B.C.):

May 3—Will inquire whether the travelling allowances of the Judges of the Supreme Court of British Columbia, withheld for several months on the caprice of the Auditor General, have been paid? If not, is it the intention of the Government to bring in an Act of Parliament to place this matter beyond the unnecessary interference of any subordinate official?

By the Honourable Mr. Wood:-

- 7 May 4—That an humble Address be presented to His Excellency the Governor General; praying that His Excellency will cause to be laid before the Senate:—
 - 1. A Return showing the number of cars that had arrived at Halifax and St. John respectively, previous to the 10th April last, and which had not been unloaded at that date.

 - 3. The names of the consignees of such cars.

PRAYERS.

The Honourable Mr. Landry moved, seconded by the Honourable Mr. Poirier,

That an entry be made in the Minutes of Proceedings of the Senate of Canada, of Monday, 7th May, 1900, of the following motion which was regularly moved in this House on the said date and carried, and that such entry be in the following words:—

The Honourable Mr. Landry called the attention of the Senate to the following

facts :-

1. On the 2nd day of May the following question was put by the Honourable Mr.

Landry to the Government-

"Whether, since the commencement of the present Parliament, the Government, or any one of the members of the present Administration in the name or for the Government, has received from the Government of Manitoba, or from the Catholic minority of that Province, or from the Episcopate of any of the Provinces or any member thereof, any communication whatsoever, in the form of a demand, of a claim, of a protest, or otherwise, on the subject of the Manitoba School question?"

2. On the same day the following answer was given by the Honourable Mr. Scott,

as reported by the Debates of the Senate, 2nd May, 1900-

"Hon. Mr. Scott—I think not, as far as I have been able to find out.

"Hon. Mr. Landry-How far?

"Hon. Mr. Scott—All the inquiry I could make from those who would have the information—from members of the Government."

The Honourable Mr. Landry moved, seconded by the Honourable Mr. Poirier,

1. That such an answer does not settle the question, as it gives only what the Honourable Secretary of State thinks, and that not further than what he could make out himself from those who would have the proper information, leaving open to further inquiry what may be the limit of the searching powers of the Honourable Secretary of State.

2. That it is an easy matter to ascertain if the documents asked for do or do not exist, are or are not in the possession of the Government, and that the only proper way

to give a proper answer is to say so.

3. That unless the Government declare that they are not in possession of any documents of the kind, an humble Address be presented to His Excellency the Governor General; praying that His Excellency will cause to be laid before the Senate, a copy of all communications whatsoever received by the Government since the commencement of the present Parliament on the subject of the Manitoba School question, from the Government of Manitoba, or from the Catholic minority of that Province, or from the Episcopate of any of the Provinces or any member thereof

NOTICES OF MOTIONS.

For Wednesday, 16th May, 1900.

By the Honourable Mr. Landry: -

1 May 14—That he will inquire of the Government—

1. What part of the Montmagny post office is rented, and on what flat are the rooms that are leased?

2. What is the amount of the rental?

3. What are the names of the parties who have leased those rooms, and how much each of them do pay?

4. Are there any other parts of the Montmagny post office which are occupied by parties who pay nothing for such occupation?

5. Who are such parties, and what rooms do they occupy?

By the Honourable Mr. Casgrain (Windsor):-

2 May 15—That when the Senate adjourns to-morrow, it do stand adjourned until Monday, the 4th June, at three o'clock in the afternoon.

For Thursday, 17th May, 1900.

By the Honourable Mr. Landry:-

1 May 15—That he will inquire of the Government—

1. Does the Government know that the Catholic minority of Manitoba has demanded, as a remedy for its grievances, three things:

(a.) Separate schools.

(b.) A grant to sustain them.

(c.) Exemption from taxes for the maintenance of Protestant schools?

2. By the judgment rendered on the 29th January, 1895, by the Lords of the Judicial Committee of the Privy Council and by the Order in Council of Her Majesty the Queen in Council, dated 2nd February, 1895, is it decreed that the Catholic minority of Manitoba has just grievances, the redress of which, as a question of appeal to be decided, falls within the jurisdiction of the Governor General in Council?

3. Did the Governor General in Council, by an Order dated 21st March, 1895, order the Legislature of Manitoba to modify its school legislation in such a way as to give the Catholic minority in Mani-

toba:

(a.) The right to construct, maintain, furnish, manage, conduct and sustain Roman Catholic schools in the manner provided for by the Acts which the Statutes of 1890 have repealed;

(b.) The right to share in any subsidy made out of the public

funds for the needs of public instruction;

- (c.) The right for the Roman Catholics who shall contribute to sustain the Roman Catholic schools to be exempt from all payments or contributions destined for the maintenance of other schools?
- 4. Has the Legislature of Manitoba conformed with these prescriptions of the remedial order?
- 5. Has not the legislature, on the contrary, answered in the negative:

(a.) By a first refusal given on the 25th June, 1895;

- (b.) By a second refusal given on 21st December, 1895, rejecting an attempt at reconciliation;
 - (c.) By a third refusal of the propositions made by the delegates

sent to Winnipeg on 28th March, 1896?

6. In the face of this triple refusal, did not the Conservative Government propose for adoption by the Canadian Parliament certain legislation, called remedial legislation, substituting the Canadian Parliament for the Manitoban legislature in the measures of justice to be granted the Catholic minority of Manitoba for the redress of their grievances?

7. Was not the principle of this Federal legislation accepted by the House of Commons, on the 20th March, 1896, by the carrying of the second reading of the Remedial Bill by a vote of 112 against 94?

- 8. Was not the final passing of the Remedial Bill prevented by a tolerably long discussion which was prolonged until the natural dissolution of Parliament?
- 9. In the general elections of 1896, did not the Liberal party make to the electorate the solemn promise to render full and entire justice to the Catholic minority, as appears amongst other things, by the following declarations published by the press and brought to the knowledge of the voters:

(a.) Extract from a speech made by the Hon. Mr. Laurier at Jacques Cartier Hall, in Quebec, the 7th May, 1896, as published by L'Electeur of 8th May, 1896—

Electeur of 8th May, 1896—
(Translation from the French.)

"Do not misunderstand me as to my intentions. I repeat here "that I wish the minority in Manitoba to obtain entire justice. It "is a principle written in letters of gold in the programme of my "party that the rights of the minority must be respected. . . .

"If the people of Canada bring me into power, as I have a con"viction they will, I will settle this question to the satisfaction of
"all parties interested. I shall have with me in my Government
"Sir Oliver Mowat, who has always been in Ontario, at the peril of

"his own popularity, the champion of the Catholic minority and of "separate schools. I will put him at the head of a commission where "all the interests at stake shall be represented, and I affirm to you "that I will succeed in satisfying those who are suffering at this "moment. Is not Sir Oliver Mowat's name alone a guarantee of "the success of this plan?"

"And then, finally, if conciliation does not succeed, I shall have "to exercise that constitutional recourse which the law furnishes, a

"recourse which I shall exercise completely and entirely."

(b.) Declaration, signed by the Honourable Charles Fitzpatrick,

reported in the Hansard of 1897, page 163:

"Being sincerely disposed to put aside all party spirit and all "questions of men, in order to secure the triumph of the Catholic "cause in Manitoba, I, the undersigned, promise, if elected, to conform myself to the bishop's mandement in all points and to vote for a measure according the Catholics of Manitoba that justice to which they have a right by virtue of the judgment of the Privy Council, provided that the measure be approved of by my bishop. If Mr. "Laurier reaches power, and does not settle the question at the first "Session, in accordance with the terms of the mandement, I promise either to withdraw my support or resign."

10. After the general elections, since the First Session of the Eighth Parliament, did not the Honourable Sir Charles Tupper, the leader of the Opposition, on the 24th August, 1896, from his place in the House of Commons, make the following declaration, to be found in the Official Report of the Debates of the House of Com-

mons of Canada, Vol. XLIII., column 57:

"In the future, as in the past, the cardinal principle with the "great party to which I have the honour to belong will be: Equal "justice to all, without respect to race or creed. I am glad to know "that the responsibility of this question—an important question, "although not so gravely important as I had supposed—I am glad "to know that the responsibility rests no longer upon my shoulders, "but upon those of the hon. gentleman who is now the First Minister "of the Crown. I can only say that I trust and sincerely hope that "he will be most successful in obtaining such a settlement of this "question as will do justice and give satisfaction to all parties. I "can assure the hon. gentleman not only that he has my most cordial "wishes for a happy, and early, and fair settlement of this important "question, but that anything that I can contribute to that end will be at all times most cheerfully done."

11. Has the present Government availed itself of this offer of the leader of the Opposition, and has it profited by it to settle the Manitoba Schools Question in such a manner as to render justice to

the minority?

12. If not, why?

13. Without the concurrence, either of the leader of the Opposition or of the Catholic minority interested, did not the present Government enter into negotiations with the Government of Manitoba; did it not have a conference with the representatives of that Government, and did it not come to an arrangement which was ratified by the Legislature of Manitoba?

14. Did this arrangement put an end to the Manitoba Schools Question, or is it to be considered as a commencement of justice?

15. Has this arrangement been accepted by the Catholic minority itself, and when did this acceptance take place, and by whom in the name of that minority?

16. Does this arrangement give the Catholic minority any one of the three things which it asked:

(a.) Its separate schools?

(b.) The necessary grant for their support?

(c.) The exemption from taxes raised for the support of Protestant schools?

17. If the arrangement in question accords nothing of what the

Catholic minority demands, what does it definitely accord?

18. If the Manitoba Schools Question is not yet definitely settled, and if what has been done up to the present is only to be regarded as a commencement of justice, when will the Catholic minority of Manitoba receive the remaining portion of the justice to which it has a right?

For Monday, 4th June, 1900.

By the Honourable Sir Mackenzie Bowell, K.C.M.G.: -

1 May 10-That he will inquire of the Government-

1. Has any claim or claims been made by Messrs. Mackenzie & Mann for compensation, by the Government, for alleged expenditure incurred by them on account of the non-ratification by Parliament of a contract entered into by them and the Government for the construction of a railway from the waters of the Stikine River, in British Columbia, to the waters of Teslin Lake?

2. Does the Government admit or recognize that any legal or equitable claim exists on the part of the said Mackenzie & Mann,

arising out of the non-ratification of said contract?

3. What sum has been claimed in payment of such expenditures, disbursements and losses, and what evidence has been laid before the Government sustaining such claims?

4. Has the Government taken any action in connection with

such claims? If not, do they propose doing so

NOTICES OF MOTIONS.

For Thursday, 17th May, 1900.

By the Honourable Mr. Casgrain (Windsor):—

1 May 15—That when the Senate adjourns to-morrow, it do stand adjourned until Monday, the 4th June, at three o'clock in the afternoon.

By the Honourable Mr. Landry:

2 May 15—That he will inquire of the Government—

- 1. Does the Government know that the Catholic minority of Manitoba has demanded, as a remedy for its grievances, three things:
 - (a.) Separate schools.

(b.) A grant to sustain them.

- (c.) Exemption from taxes for the maintenance of Protestant schools?
- 2. By the judgment rendered on the 29th January, 1895, by the Lords of the Judicial Committee of the Privy Council and by the Order in Council of Her Majesty the Queen in Council, dated 2nd February, 1895, is it decreed that the Catholic minority of Manitoba has just grievances, the redress of which, as a question of appeal to be decided, falls within the jurisdiction of the Governor General in Council?
- 3. Did the Governor General in Council, by an Order dated 21st March, 1895, order the Legislature of Manitoba to modify its school legislation in such a way as to give the Catholic minority in Manitoba:
- (a.) The right to construct, maintain, furnish, manage, conduct and sustain Roman Catholic schools in the manner provided for by the Acts which the Statutes of 1890 have repealed;

(b.) The right to share in any subsidy made out of the public

funds for the needs of public instruction;

(c.) The right for the Roman Catholics who shall contribute to sustain the Roman Catholic schools to be exempt from all payments or contributions destined for the maintenance of other schools?

4. Has the Legislature of Manitoba conformed with these pre-

scriptions of the remedial order?

5. Has not the legislature, on the contrary, answered in the negative:

(a.) By a first refusal given on the 25th June, 1895;

(b.) By a second refusal given on 21st December, 1895, rejecting an attempt at reconciliation;

(c.) By a third refusal of the propositions made by the delegates

sent to Winnipeg on 28th March, 1896?

6. In the face of this triple refusal, did not the Conservative Government propose for adoption by the Canadian Parliament certain legislation, called remedial legislation, substituting the Canadian Parliament for the Manitoban legislature in the measures of justice to be granted the Catholic minority of Manitoba for the redress of their grievances?

7. Was not the principle of this Federal legislation accepted by the House of Commons, on the 20th March, 1896, by the carrying of the second reading of the Remedial Bill by a vote of 112 against 94?

- 8. Was not the final passing of the Remedial Bill prevented by a tolerably long discussion which was prolonged until the natural dissolution of Parliament?
- 9. In the general elections of 1896, did not the Liberal party make to the electorate the solemn promise to render full and entire justice to the Catholic minority, as appears amongst other things, by the following declarations published by the press and brought to the knowledge of the voters:

(a.) Extract from a speech made by the Hon. Mr. Laurier at Jacques Cartier Hall, in Quebec, the 7th May, 1896, as published by L'Electeur of 8th May, 1896—

(Translation from the French.)

"Do not misunderstand me as to my intentions. I repeat here that I wish the minority in Manitoba to obtain entire justice. It is a principle written in letters of gold in the programme of my

"party that the rights of the minority must be respected. . . .

"If the people of Canada bring me into power, as I have a con"viction they will, I will settle this question to the satisfaction of
"all parties interested. I shall have with me in my Government
"Sir Oliver Mowat, who has always been in Ontario, at the peril of
"his own popularity, the champion of the Catholic minority and of
"separate schools. I will put him at the head of a commission where
"all the interests at stake shall be represented, and I affirm to you
"that I will succeed in satisfying those who are suffering at this
"moment. Is not Sir Oliver Mowat's name alone a guarantee of
"the success of this plan?

"And then, finally, if conciliation does not succeed, I shall have "to exercise that constitutional recourse which the law furnishes, a

"recourse which I shall exercise completely and entirely."

(b.) Declaration, signed by the Honourable Charles Fitzpatrick, reported in the *Hansard* of 1897, page 163:

"Being sincerely disposed to put aside all party spirit and all "questions of men, in order to secure the triumph of the Catholic "cause in Manitoba, I, the undersigned, promise, if elected, to con-

"form myself to the bishop's mandement in all points and to vote for "a measure according the Catholics of Manitoba that justice to which "they have a right by virtue of the judgment of the Privy Council, "provided that the measure be approved of by my bishop. If Mr. "Laurier reaches power and does not get to the form."

"Laurier reaches power, and does not settle the question at the first "Session, in accordance with the terms of the mandement, I promise

"either to withdraw my support or resign."

10. After the general elections, since the First Session of the Eighth Parliament, did not the Honourable Sir Charles Tupper, the leader of the Opposition, on the 24th August, 1896, from his place in the House of Commons, make the following declaration, to be found in the Official Report of the Debates of the House of Com-

mons of Canada, Vol. XLIII., column 57:

"In the future, as in the past, the cardinal principle with the great party to which I have the honour to belong will be: Equal "justice to all, without respect to race or creed. I am glad to know that the responsibility of this question—an important question, although not so gravely important as I had supposed—I am glad to know that the responsibility rests no longer upon my shoulders, but upon those of the hon. gentleman who is now the First Minister of the Crown. I can only say that I trust and sincerely hope that he will be most successful in obtaining such a settlement of this question as will do justice and give satisfaction to all parties. I can assure the hon. gentleman not only that he has my most cordial wishes for a happy, and early, and fair settlement of this important question, but that anything that I can contribute to that end will be at all times most cheerfully done."

11. Has the present Government availed itself of this offer of the leader of the Opposition, and has it profited by it to settle the Manitoba Schools Question in such a manner as to render justice to

the minority?

12. If not, why?

13. Without the concurrence, either of the leader of the Opposition or of the Catholic minority interested, did not the present Government enter into negotiations with the Government of Manitoba; did it not have a conference with the representatives of that Government, and did it not come to an arrangement which was ratified by the Legislature of Manitoba?

14. Did this arrangement put an end to the Manitoba Schools Question, or is it to be considered as a commencement of justice?

15. Has this arrangement been accepted by the Catholic minority itself, and when did this acceptance take place, and by whom in the name of that minority?

16. Does this arrangement give the Catholic minority any one

of the three things which it asked:

(a.) Its separate schools?

(b.) The necessary grant for their support?

(c.) The exemption from taxes raised for the support of Protestant schools?

17. If the arrangement in question accords nothing of what the

Catholic minority demands, what does it definitely accord?

18. If the Manitoba Schools Question is not yet definitely settled, and if what has been done up to the present is only to be regarded as a commencement of justice, when will the Catholic minority of Manitoba receive the remaining portion of the justice to which it has a right?

For Friday, 18th May, 1900.

By the Honourable Mr. Macdonald (B.C.):-

1 May 16—That he will inquire of the Government, if Mr. Brown, who has accepted a provincial office, has resigned the Postmastership of New Westminster, British Columbia? If so, has it been accepted unreservedly?

For Monday, 4th June, 1900.

By the Honourable Sir Mackenzie Bowell, K.C.M.G.:

1 May 10—That he will inquire of the Government—

1. Has any claim or claims been made by Messrs. Mackenzie & Mann for compensation, by the Government, for alleged expenditure incurred by them on account of the non-ratification by Parliament of a contract entered into by them and the Government for the construction of a railway from the waters of the Stikine River, in British Columbia, to the waters of Teslin Lake?

2. Does the Government admit or recognize that any legal or equitable claim exists on the part of the said Mackenzie & Mann,

arising out of the non-ratification of said contract?

3. What sum has been claimed in payment of such expenditures, disbursements and losses, and what evidence has been laid before the Government sustaining such claims?

4. Has the Government taken any action in connection with

such claims? If not, do they propose doing so?

NOTICES OF MOTIONS.

For Wednesday, 6th June, 1900.

By the Honourable Mr. Landry:-

1 May 15—That he will inquire of the Government—

- 1. Does the Government know that the Catholic minority of Manitoba has demanded, as a remedy for its grievances, three things:
 - (a.) Separate schools.
 - (b.) A grant to sustain them.
- (c.) Exemption from taxes for the maintenance of Protestant schools?
- 2. By the judgment rendered on the 29th January, 1895, by the Lords of the Judicial Committee of the Privy Council and by the Order in Council of Her Majesty the Queen in Council, dated 2nd February, 1895, is it decreed that the Catholic minority of Manitoba has just grievances, the redress of which, as a question of appeal to be decided, falls within the jurisdiction of the Governor General in Council?
- 3. Did the Governor General in Council, by an Order dated 21st March, 1895, order the Legislature of Manitoba to modify its school legislation in such a way as to give the Catholic minority in Manitoba:
- (a.) The right to construct, maintain, furnish, manage, conduct and sustain Roman Catholic schools in the manner provided for by the Acts which the Statutes of 1890 have repealed;

(b.) The right to share in any subsidy made out of the public

funds for the needs of public instruction;

(c.) The right for the Roman Catholics who shall contribute to sustain the Roman Catholic schools to be exempt from all payments or contributions destined for the maintenance of other schools?

4. Has the Legislature of Manitoba conformed with these pre-

scriptions of the remedial order?

5. Has not the legislature, on the contrary, answered in the negative:

(a.) By a first refusal given on the 25th June, 1895;

(b.) By a second refusal given on 21st December, 1895, rejecting an attempt at reconciliation;

(c.) By a third refusal of the propositions made by the delegates

sent to Winnipeg on 28th March, 1896?

6. In the face of this triple refusal, did not the Conservative Government propose for adoption by the Canadian Parliament certain legislation, called remedial legislation, substituting the Canadian Parliament for the Manitoban legislature in the measures of justice to be granted the Catholic minority of Manitoba for the redress of their grievances?

7. Was not the principle of this Federal legislation accepted by the House of Commons, on the 20th March, 1896, by the carrying of the second reading of the Remedial Bill by a vote of 112 against 94?

- 8. Was not the final passing of the Remedial Bill prevented by a tolerably long discussion which was prolonged until the natural dissolution of Parliament?
- 9. In the general elections of 1896, did not the Liberal party make to the electorate the solemn promise to render full and entire justice to the Catholic minority, as appears amongst other things, by the following declarations published by the press and brought to the knowledge of the voters:
- (a.) Extract from a speech made by the Hon. Mr. Laurier at Jacques Cartier Hall, in Quebec, the 7th May, 1896, as published by L'Electeur of 8th May, 1896—

(Translation from the French.)

"Do not misunderstand me as to my intentions. I repeat here that I wish the minority in Manitoba to obtain entire justice. It is a principle written in letters of gold in the programme of my party that the rights of the minority must be respected.

"If the people of Canada bring me into power, as I have a con"viction they will, I will settle this question to the satisfaction of
"all parties interested. I shall have with me in my Government
"Sir Oliver Mowat, who has always been in Ontario, at the peril of
"his own popularity, the champion of the Catholic minority and of
"separate schools. I will put him at the head of a commission where
"all the interests at stake shall be represented, and I affirm to you
"that I will succeed in satisfying those who are suffering at this
"moment. Is not Sir Oliver Mowat's name alone a guarantee of
"the success of this plan?

"And then, finally, if conciliation does not succeed, I shall have to exercise that constitutional recourse which the law furnishes, a

"recourse which I shall exercise completely and entirely."

(b.) Declaration, signed by the Honourable Charles Fitzpatrick,

reported in the Hansard of 1897, page 163:

"Being sincerely disposed to put aside all party spirit and all questions of men, in order to secure the triumph of the Catholic cause in Manitoba, I, the undersigned, promise, if elected, to con-

"form myself to the bishop's mandement in all points and to vote for "a measure according the Catholics of Manitoba that justice to which "they have a right by virtue of the judgment of the Privy Council, "provided that the measure be approved of by my bishop. If Mr. "Laurier reaches power, and does not settle the question at the first "Session, in accordance with the terms of the mandement, I promise "either to withdraw my support or resign."

10. After the general elections, since the First Session of the Eighth Parliament, did not the Honourable Sir Charles Tupper, the leader of the Opposition, on the 24th August, 1896, from his place in the House of Commons, make the following declaration, to be found in the Official Report of the Debates of the House of Com-

mons of Canada, Vol. XLIII., column 57:

"In the future, as in the past, the cardinal principle with the "great party to which I have the honour to belong will be: Equal "justice to all, without respect to race or creed. I am glad to know "that the responsibility of this question—an important question, "although not so gravely important as I had supposed—I am glad "to know that the responsibility rests no longer upon my shoulders, but upon those of the hon. gentleman who is now the First Minister of the Crown. I can only say that I trust and sincerely hope that "he will be most successful in obtaining such a settlement of this question as will do justice and give satisfaction to all parties. I can assure the hon. gentleman not only that he has my most cordial "wishes for a happy, and early, and fair settlement of this important question, but that anything that I can contribute to that end will be at all times most cheerfully done."

11. Has the present Government availed itself of this offer of the leader of the Opposition, and has it profited by it to settle the Manitoba Schools Question in such a manner as to render justice to

the minority?

12. If not, why?

13. Without the concurrence, either of the leader of the Opposition or of the Catholic minority interested, did not the present Government enter into negotiations with the Government of Manitoba; did it not have a conference with the representatives of that Government, and did it not come to an arrangement which was ratified by the Legislature of Manitoba?

14. Did this arrangement put an end to the Manitoba Schools Question, or is it to be considered as a commencement of justice?

15. Has this arrangement been accepted by the Catholic minority itself, and when did this acceptance take place, and by whom in the name of that minority?

16. Does this arrangement give the Catholic minority any one

of the three things which it asked:

(a.) Its separate schools?

(b.) The necessary grant for their support?

(c.) The exemption from taxes raised for the support of Protestant schools?

17. If the arrangement in question accords nothing of what the

Catholic minority demands, what does it definitely accord?

18. If the Manitoba Schools Question is not yet definitely settled, and if what has been done up to the present is only to be regarded as a commencement of justice, when will the Catholic minority of Manitoba receive the remaining portion of the justice to which it has a right?

By the Honourable Mr. Macdonald (B.C.):-

2 May 16—That he will inquire of the Government, if Mr. Brown, who has accepted a provincial office, has resigned the Postmastership of New Westminster, British Columbia? If so, has it been accepted unreservedly?

By the Honourable Sir Mackenzie Bowell, K.C.M.G.: __

3 May 10—That he will inquire of the Government—

1. Has any claim or claims been made by Messrs. Mackenzie & Mann for compensation, by the Government, for alleged expenditure incurred by them on account of the non-ratification by Parliament of a contract entered into by them and the Government for the construction of a railway from the waters of the Stikine River, in British Columbia, to the waters of Teslin Lake?

2. Does the Government admit or recognize that any legal or equitable claim exists on the part of the said Mackenzie & Mann,

arising out of the non-ratification of said contract?

3. What sum has been claimed in payment of such expenditures, disbursements and losses, and what evidence has been laid before the Government sustaining such claims?

4. Has the Government taken any action in connection with

such claims? If not, do they propose doing so?

NOTICES OF MOTIONS.

For Thursday, 7th June, 1900.

By the Honourable Mr. Macdonald (B.C.):-

1 May 16—That he will inquire of the Government, if Mr. Brown, who has accepted a provincial office, has resigned the Postmastership of New Westminster, British Columbia? If so, has it been accepted unreservedly?

By the Honourable Sir Mackenzie Bowell, K.C.M.G.:

2 May 10—That he will inquire of the Government—

1. Has any claim or claims been made by Messrs. Mackenzie & Mann for compensation, by the Government, for alleged expenditure incurred by them on account of the non-ratification by Parliament of a contract entered into by them and the Government for the construction of a railway from the waters of the Stikine River, in British Columbia, to the waters of Teslin Lake?

2. Does the Government admit or recognize that any legal or equitable claim exists on the part of the said Mackenzie & Mann,

arising out of the non-ratification of said contract?

3. What sum has been claimed in payment of such expenditures, disbursements and losses, and what evidence has been laid before the Government sustaining such claims?

4. Has the Government taken any action in connection with

such claims? If not, do they propose doing so?

For Friday, 8th June, 1900.

By the Honourable Mr. Landry :-

1 June 6-That he will inquire of the Government-

1. Did the Governor General in Council, on the 21st March, 1885, render judgment upon the appeal brought before his tribunal by the Catholic minority of Manitoba, and is that judgment known under the name of "The Remedia! Order?"

2. Did not that judgment order the Legislature of Manitoba to do justice to the recognized grievances of the Catholic minority of

that Province?

3. Has the Legislature of Manitoba complied with that judgment,

and has it remedied the grievances of the Citholics?

4. If justice has not yet been rendered to the minority injured in its rights, does the Government intend to exact that the jndgment rendered shall be executed, and is it going to take the steps to have it executed ?

5. The case which this School Question caused to rise having been appealed to the Federal tribunal, and a judgment having been rendered by that tribunal, is it not precisely upon that tribunal and upon no other that the obligation falls of causing its judgment to be

respected?

6. When is the Government going to cause the constitution and the judicial decrees to be respected, and when will the Federal Government, which, by law, is constituted the protector of the rights of minorities, treat this School Question from the point of view of right and duty and not at all as a question serving as a stepping stone for certain politicians?

For Monday, 11th June, 1900.

By the Honourable Mr. Landry :-

1 June 6 - That he will inquire of the Government-

1. Does the Government know that the Catholic minority of Manitoba contends that it has been injured in the exercise of its rights with respect to the maintenance of its schools, and that it has demanded, as a remedy for its grievances, three things:

(a.) Separate schools.

(b.) A grant to sustain them.

(c.) Exemption from taxes for the maintenance of Protestant schools?

- 2. By the judgment rendered on the 29th January, 1895, by the Lords of the Judicial Committee of the Privy Council and by the Order in Council of Her Majesty the Queen in Council, dated 2nd February, 1895, is it decreed that the Catholic minority of Manitoba has just grievances, the redress of which, as a question of appeal to be decided, falls within the jurisdiction of the Governor General in Council?
- 3. Did the Governor General in Council, by an Order dated 21st March, 1895, order the Legislature of Manitoba to modify its school legislation in such a way as to give the Catholic minority in Manitoba:
- (a.) The right to construct, maintain, furnish, manage, conduct and sustain Roman Catholic schools in the manner provided for by the Acts which the Statutes of 1890 have repealed;

(b.) The right to share in any subsidy made out of the public

funds for the needs of public instruction;

(c.) The right for the Roman Catholics who shall contribute to sustain the Roman Catholic schools to be exempt from all payments or contributions destined for the maintenance of other schools?

4. Has the Legislature of Manitoba conformed with these pre-

scriptions of the remedial order?

5. Has not the legislature, on the contrary, answered in the negative:

(a.) By a first refusal given on the 25th July, 1895;

(b.) By a second refusal given on 21st December, 1895, rejecting an attempt at reconciliation;

(c.) By a third refusal of the propositions made by the delegates

sent to Winnipeg on 28th March, 1896?

6. In the face of this triple refusal, did not the Conservative Government propose for adoption by the Canadian Parliament certain legislation, called remedial legislation, substituting the Canadian Parliament for the Manitoban Legislature in the measures of justice to be granted the Catholic minority of Manitoba for the redress of their grievances?

7. On the 22nd March, 1896, did not the House of Commons accept the principle of Federal intervention in the settlement of the Manitoba schools difficulty by adopting, by a vote of 112 to 94,

the second reading of the Remedial Bill?

8. On the 14th April of the same year, did not Sir Charles Tupper read to the House of Commons the following telegram from Monseigneur the Archbishop of St. Boniface, making known the adherence of the Catholic minority to the remedial measure:—

"MONTREAL, 13th April, 1896.

"In the name of the Catholic minority of Manitoba that I "represent officially, I ask the House of Commons to pass the "whole Remedial Act as it is now amended. It will be satisfactory "to the said Catholic minority, that will consider it as a substantial, "workable and final settlement of the school question according to "the constitution.

"(Signed) ADELARD LANGEVIN."

9. Was not the final adoption of the Remedial Bill prevented only by an interminable discussion which was prolonged until the last days of Parliament?

10. In the general elections of 1896, did not the Liberal party make to the electorate the solemn promise to render full and entire justice to the Catholic minority, as appears amongst other things, by the following declarations published by the press and brought to the knowledge of the voters:

(a.) Extract from a speech made by the Hon. Mr. Laurier at Jacques Cartier Hall, in Quebec, the 7th May, 1896, as published by

L'Electeur of 8th May, 1896-

(Translation from the French.)

"Do not misunderstand me as to my intentions. I repeat here "that I wish the minority in Manitoba to obtain entire justice. It "is a principle written in letters of gold in the programme of my "party that the rights of the minority must be respected. . . .

"If the people of Canada bring me into power, as I have a con"viction they will, I will settle this question to the satisfaction of
"all parties interested. I shall have with me in my Government
"Sir Oliver Mowat, who has always been in Ontario, at the peril of
"his own popularity, the champion of the Catholic minority and of

"separate schools. I will put him at the head of a commission where "all the interests at stake shall be represented, and I affirm to you "that I will succeed in satisfying those who are suffering at this "moment. Is not Sir Oliver Mowat's name alone a guarantee of "the success of this plan?

"And then, finally, if conciliation does not succeed, I shall have "to exercise that constitutional recourse which the law furnishes, a

"recourse which I shall exercise completely and entirely."

(b.) Declaration, signed by the Hon. Charles Fitzpatrick :-"Being sincerely disposed to put aside all party spirit and all "questions of men, in order to secure the triumph of the Catholic "cause in Manitoba, I, the undersigned, promise, if elected, to con-"form myself to the bishop's mandement in all points and to vote for "a measure according the Catholics of Manitoba that justice to which "they have a right by virtue of the judgment of the Privy Council, "provided that the measure be approved of by my bishop. "Laurier reaches power, and does not settle the question at the first "Session, in accordance with the terms of the mandement, I promise "either to withdraw my support or resign."

"Ste. Marie, 6th June, 1896.

"(Signed), C. FITZPATRICK.

"Copy compared with original.

"B. PH. GARNEAU, Priest. "Secretary of the Archbishop of Quebec."

(See also House of Commons Debates, 1897, page 163.) (c.) Declaration of the Hon. Mr. Geoffrion, published in Le Soir newspaper of Thursday, 11th June, 1896, reproduced in the House of Commons Hansard of 1896 (2nd Session), page 230:-

"I am here to make the declaration imposed upon me by my "bishop in the mandament which has been read in all the churches "of the province. That mandament presses upon the voters the "duty of registering their vote only in favour of those candidates "who shall take the solemn and formal pledge of supporting an "adequate remedial law, restoring to the Catholic minority the "rights which have been taken away from them. Now, gentlemen, "I am here to publicly make in your presence the declaration "imposed upon me by my bishop, and I now take before you a "solemn pledge to that effect. I shall vote in favour of a remedial "law such as required by the bishops, an operative law restoring to "Catholics of Manitoba all the rights adjudicated upon by the Privy "Council judgment, but at the same time I declare that I shall see "to it that their rights and not crumbs be given back to them, for "the Catholics do not ask charity, they are not mendicants, they "claim their own rights."

11. After the general elections, since the First Session of the Eighth Parliament, did not the Honourable Sir Charles Tupper, the leader of the Opposition, on the 24th August, 1896, from his place in the House of Commons, make the following declaration, to be found in the Official Report of the Debates of the House of Com-

mons of Canada, Vol. XLIII., column 57:

"In the future, as in the past, the cardinal principle with the "great party to which I have the honour to belong will be: Equal "justice to all, without respect to race or creed. I am glad to know "that the responsibility of this question- an important question, "although not so gravely important as I had supposed—I am glad "to know that the responsibility rests no longer upon my shoulders, "but upon those of the hon, gentleman who is now the First Minister

"of the Crown. I can only say that I trust and sincerely hope that "he will be most successful in obtaining such a settlement of this "question as will do justice and give satisfaction to all parties. I "can assure the hon. gentleman not only that he has my most cordial wishes for a happy, and early, and fair settlement of this important question, but that anything that I can contribute to that end will be at all times most cheerfully done."

12. Has the present Government availed itself of this offer of the leader of the Opposition, and has it profited by it to settle the Manitoba schools question in such a manner as to render justice to

the minority?

13. If not, why?

14. Did the Honourable the Secretary of State, on the 2nd

May, 1898, make the following declaration to the Senate:-

"Hon. Mr. Scott.—The present Government have settled the "school question with Manitoba. They adopted the same channels "to settle that question as the late Government did. The late Gov-"ernment sent delegates to Manitoba and had a conference and "failed to come to any agreement. The present Government had a "conference with representatives of the Government of Manitoba "and they came to an agreement, which was confirmed by the Mani-"toba Legislature, and that is the end of it, so far as the public are "concerned."

(Senate Debates, 1898, page 663.)

15. Was not the Honourable Sir Wilfrid Laurier reported by La Patrie of the 28th September, 1899, to have uttered, at Drummondville, on the 26th September last, the following words:—

(Translation.)

"You know that in 1896, an irritating question was causing "trouble in the country. It was a question where religion and "politics were confounded. We came into power. We have pro"mised to settle the question in six months. You are witnesses that
"this promise has been fulfilled to the letter. The school question
"does not exist any longer, although our friends the Blues seek to
"bring it up again."

(House of Commons Debates, 1900, March 28, rev. ed., col. 2749.)

16. What is the position taken by the Federal Executive towards the parties in the case, the Government of Manitoba of the one part and the Catholic minority of Manitoba of the other part, in that understanding which was officially announced by the Honourable the Secretary of State on the 2nd May, 1898? Is it the position of a judge before whose tribunal the question in litigation had already been brought and who had rendered a decision known as the Remedial Order?

17. Did the present Government, when holding a conference with the Government of Manitoba, simultaneously treat with the

other party in the case, the Catholic minority?

18. Was that minority a party at the said conference, and has the arrangement which was made, been accepted by the Catholic minority?

19. On the contrary, has not the arrangement in question been

repudiated and denounced -

(a.) By the Head of the Catholic Church;
(b.) By the Catholic minority of Manitoba;

(c.) By the Episcopate?

20. Has the Government ever taken knowledge of the following words of Leo XIII, in his Encyclical letter (Affari Vos) of the

8th December, 1897, concerning "the understanding ratified by the "Legislature of Manitoba," of which the Honourable the Secretary of State speaks:

"The law which they have passed to repair the injury is defec-"tive, unsuitable, insufficient. The Catholics ask, and no one can "deny that they justly ask, for much more. . . . In a word, "the rights of Catholics and the education of their children have "not been sufficiently provided for in Manitoba."

(See House of Commons Debates, 1898, column 5338.)

21. Is the Government ignorant that the Canadian Episcopate has pronounced in an unequivocal manner upon the value of the Laurier-Greenway arrangement, and has it read the following declarations:—

(Translation.)

"(α .) A new Government replaced the old one, and one day we "learned that between it and the Government of Manitoba an "understanding had come about, a compromise had been drawn up.

"This compromise was not the restitution of the violated rights, "it was not even an amelioration which might be reconciled with "the formal prescriptions of the Church. How could the Episcopate "approve of it? It therefore declared it unacceptable and the "Catholics of Manitoba continued to maintain their own schools at

"the price of the greatest sacrifices."

"The agreement effected between the Federal authorities of "Ottawa and the Provincial Government of Winnipeg, an agree"ment to which they would like to give the name of settlement of
"the school question, is declared" (by the Holy Father) "defective,
"imperfect, insufficient, and therefore cannot be accepted as an
"equitable solution of the question. It is, therefore, with reason
"that that agreement has been repudiated by the Episcopate, and
"that the Manitoban minority would not submit thereto." (Pastoral
"letter of Mgr. Begin, dated 6th January, 1898.)

(See also House of Commons Debates, 1898, column 5342.)

"(b.) The negotiations which have taken place between the "local authorities of Winnipeg and the Federal authorities of "Ottawa, have ended in an understanding which is given as the "settlement of the grave school question. First of all, I protest "against this word settlement. In a question in litigation, nothing "is settled if the two interested parties do not agree at all between "themselves.

"What is the contract that it is wished to impose upon us?

(Sermon of Mgr. the Archbishop of St. Boniface, dated 22nd

November, 1896.)

"(c.) As you know, quite as well as I, in spite of so many em"phatic promises, the Manitoba school question has not been settled
"at all according to the rights of honour and justice. The under"standing come to between the representatives of the central
"government of Ottawa and of the local government of Manitoba is
"only a sacrifice of the rights and interests of our co-religionists of
"this province without an acceptable compensation. Also, have not
"the terms and conditions of this understanding, which is only a

"cowardly and shameful capitulation, accomplished in the shadows "and in secret, revealed to the public that when its authors had "acquired the certainty that the enemies of our religion and of our "race would aid them to impose them upon a minority which had been persecuted and despoiled for six years past. . . Let it "suffice me to draw your attention to the fact that the pretended settlement of the Manitoba schools question does not mean anything definite, but the criminal sanction of the establishment, for the "Catholics of this province, 'of neutral schools,' which the Holy "Church has always repudiated and condemned."

(Circular of Mgr. Blais, Bishop of Rimouski.)

"(d.) Like my venerable colleagues, I do not hesitate an instant "to disapprove of it absolutely myself (the Laurier-Greenway settle-"ment), and I add, with Mgr. Begin, that no bishop will or can "approve of the so-called settlement of the Manitoba schools question, which is not definitely based upon anything but an unjustifiable abandonment of the best established and the most sacred rights of "the Catholic minority."

(Circular of Mgr. La Flèche, Bishop of Three Rivers, 11th February, 1897.)

"(e.) All the bishops of Canada, after receiving the Encyclical

"Affari Vos, unanimously repudiated and denounced the Laurier-

"Greenway arrangement in the terms employed by Mgr. Begin."
22. Does the Government not know that in a memorandum prepared for the Holy See by the Honourable Sir Wilfred Laurier, and signed by him, and bearing date 23rd November, 1896, it is

"The population of Manitoba at the last census was 152,506, of whom 20,571 were Catholics, disseminated over ninety different municipalities."

(See House of Commons Debates, 1898, column 5378.)

And is the Government ignorant that out of these 20,571 Catholics of ninety different municipalities, only forty-one Catholics have made known their approval of the present Laurier-Greenway settlement in a document produced before Parliament, whilst the Catholics of Winnipeg, Ste. Pierre Joly, Ste. Anne des Chènes, St. Charles, Lorette, Ste. Agathe, &c., have made indignant protests and passed recolutions condemning the pretended arrangement, copies of which protests and resolutions have been laid upon the Table of this House.

(See Document No. 35, 2nd Sess. 8th Parlt., 60-61 Vict. 1897.)

23. In the face of multiplied condemnations does the Government really think that an arrangement to which the Catholic minority has not even been a party, but which was concluded without its necessary participation, without its knowledge, and contrary to its interests, can be considered as an arrangement putting an end to the Manitoba schools difficulty, as the Government by the mouth of the Honourable Secretary of State has declared it to be?

24. Cannot the present Government, which has regarded neither pecuinary sacrifices nor the more severe sacrifice of human lives when it was a question of causing a coercive policy to be adopted, and imposing by force of numbers on a South African people the obligation to grant British subjects advantages which they did not have, now find the moral sense, the energy and the means, and can it not submit itself to the imperative duty of imposing upon those who violate the treaties and misuse the constitution the obligation of respecting both, by granting the British subjects established in Manitoba the exercise of their religious rights and especially of

granting to fathers of families the sacred right of bringing up their children and having them instructed in conformity with the dictates of their conscience?

25. Does the Government wish to continue to ignore the decrees of the Privy Council in England and the obligations of the Remedial Order, which exist in all their force and fulness, or does it intend to put them in force in accordance with the promise so to do so solemnly made to the electorate by him who is to-day the Prime Minister of this country, and upon whom is incumbent the duty of safeguarding the rights of the minority and of not prostituting the honour and the dignity of the Crown?

For Tuesday, 12th June, 1900.

By the Honourable Mr. Landry :-

1 June 6-That he will draw the attention of the Government and of this House to the following part of a speech made, on the 27th January, 1897, by the Honourable R. R. Dobell, one of the Ministers in the present Cabinet, at a meeting of the Chamber of Commerce of Quebec, published in Le Soleil of the 1st March, 1897, and reading as follows:-

(Translation from the French.)

"It is the time for you to act," said he. "You have a Govern-"ment which is decidedly favourable to you. I do not say that out-"of political feeling. If you wish to take the initiative in the way "of progress, not only in order to build a bridge, but also for the "accomplishment of other great enterprises, let me assure you that "the Government will do more than its part to aid you. "the case of the bridge, I must tell you that the Government will "object to a company in name only; it must have a company in "good faith, a company which will give a guarantee to do its duty. "I recently learned at Ottawa that great efforts were being made "to continue the building of the Intercolonial to Montreal. Halifax "is in favour of this project. Now Quebec does not hasten to build "its bridge, the construction of the Intercolonial to Montreal will "be accomplished, and then the utility of a bridge in front of the "city will disappear, perhaps for ever. For the commerce between "the West and the Provinces will take this new way.

"Let me tell you that I will not amuse you with false hopes. "When I left Ottawa to come down to Quebec, the Hon. Mr. "Laurier told me that I could announce to you that the Federal . "Government will give \$1,000,000 for the construction of the "Quebec Bridge. The city of Quebec will subscribe \$500,000; the "local Government has promised \$1,000,000. There, then, are "\$2,500,000. The railway companies of Canada will subscribe the "balance by taking capital stock. . . . As you see, we can "build this bridge as soon as you like, for we have the funds ready."

And that he will ask :-

1. Was it in the name of the Government and as authorized by it that the Hon. R. R. Dobell put forth the propositions hereinabove enumerated?

2. Was he, at least, speaking in the name of the Prime Minister, and had the latter really charged the Hon. R. R. Dobell to announce what the Federal Government would do for the construction of a bridge in the neighbourhood of Quebec?

3. Is the extension of the Intercolonial from Lévis to Montreal now an accomplished fact, since the acquisition of the Drummond County Railway and the making of the contract with the Grand Trunk Company for the use of its line from Ste. Rosalie to Montreal?

4. If the extension of the Intercolonial to Montreal is an accomplished fact, what does the Government think of the utility of a bridge at Quebec in face of this general declaration of Mr.

Dobell:

"If Quebec does not hasten to build its bridge, the construction of the Intercolonial to Montreal will be accomplished, and then the utility of a bridge in front of the city will disappear, perhaps for ever. For the commerce between the West and the Provinces will take this new way."

5. Do not the authorities of the Intercolonial at present make, and will they not always make, every effort to secure at Montreal the trade of the West and direct it towards the Maritime Provinces

by way of the Drummond County Railway?

6. Has not the policy of the Government, in acquiring the Drummond County Railway and thus extending the Intercolonial to Montreal, given a fatal blow to the interests of Quebec, and gravely compromised, in the words of at least one of the members of the Government, the question of the construction of a bridge in front

of, or in the neighbourhood of Quebec?

- 7. If the Government has decided to seriously aid in the construction of the Quebec Bridge and to promote the commercial interests of that city, is it at least going to give the necessary instructions in order that the Intercolonial shall not persist in turning away from Quebec all the traffic which would pass over the proposed bridge if the terminus of that railway were at Lévis in place of being in the very heart of the city of Montreal, that mighty abductor of all the traffic from the West?
- 8. Has the Government assured itself as to the amounts of money which are to be furnished respectively by—

(a.) The Government of the Province of Quebec;

(b.) The City of Quebec:

(c.) The Canadian railway companies which must use this bridge

for the passage of their traffic?

9. Does it know that the expectations of the Honourable Mr. Dobell have not been realized, and that the Government of the Province of Quebec has not been able to give \$1,000,000; that the City of Quebec, by its Council, has not contributed \$500,000; and that not a single railway company has yet subscribed a single penny to aid in the building of the bridge in question?

10. Could not the Government, in order to ensure the building of the bridge, ask from Parliament an additional grant equal at least to the amount of the differences between the amount of the subscriptions announced by Mr. Dobell and the real amount subscribed or voted by the City of Quebec, the Government of the Province of Quebec, and the railway companies interested?

NOTICES OF MOTIONS.

For Friday, 8th June, 1900.

By the Honourable Mr. Landry:-

1 June 6—That he will inquire of the Government—

1. Did the Governor General in Council, on the 21st March, 1885, render judgment upon the appeal brought before his tribunal by the Catholic minority of Manitoba, and is that judgment known under the name of "The Remedial Order?"

2. Did not that judgment order the Legislature of Manitoba to do justice to the recognized grievances of the Catholic minority of

that Province?

3. Has the Legislature of Manitoba complied with that judgment,

and has it remedied the grievances of the Catholics?

4. If justice has not yet been rendered to the minority injured in its rights, does the Government intend to exact that the jndgment rendered shall be executed, and is it going to take the steps to have it executed?

5. The case which this school question caused to rise having been appealed to the Federal tribunal, and a judgment having been rendered by that tribunal, is it not precisely upon that tribunal and upon no other that the obligation falls of causing its judgment to be

respected?

6. When is the Government going to cause the constitution and the judicial decrees to be respected, and when will the Federal Government, which, by law, is constituted the protector of the rights of minorities, treat this school question from the point of view of right and duty and not at all as a question serving as a stepping stone for certain politicians?

For Monday, 11th June, 1900.

By the Honourable Mr. Landry:-

1 June 6—That he will inquire of the Government—

- 1. Does the Government know that the Catholic minority of Manitoba contends that it has been injured in the exercise of its rights with respect to the maintenance of its schools, and that it has demanded, as a remedy for its grievances, three things:
 - (a.) Separate schools.

(b.) A grant to sustain them.

- (c.) Exemption from taxes for the maintenance of Protestant
- 2. By the judgment rendered on the 29th January, 1895, by the Lords of the Judicial Committee of the Privy Council and by the Order in Council of Her Majesty the Queen in Council, dated 2nd February, 1895, is it decreed that the Catholic minority of Manitoba has just grievances, the redress of which, as a question of appeal to be decided, falls within the jurisdiction of the Governor General in Council?
- 3. Did the Governor General in Council, by an Order dated 21st March, 1895, order the Legislature of Manitoba to modify its school legislation in such a way as to give the Catholic minority in Mani-
- (a.) The right to construct, maintain, furnish, manage, conduct and sustain Roman Catholic schools in the manner provided for by the Acts which the Statutes of 1890 have repealed;

(b.) The right to share in any subsidy made out of the public

funds for the needs of public instruction;

(c.) The right for the Roman Catholics who shall contribute to sustain the Roman Catholic schools to be exempt from all payments or contributions destined for the maintenance of other schools?

4. Has the Legislature of Manitoba conformed with these prescriptions of the remedial order?

5. Has not the legislature, on the contrary, answered in the negative:

(a.) By a first refusal given on the 25th July, 1895;

(b.) By a second refusal given on 21st December, 1895, rejecting an attempt at reconciliation;

(c.) By a third refusal of the propositions made by the delegates

sent to Winnipeg on 28th March, 1896?

6. In the face of this triple refusal, did not the Conservative Government propose for adoption by the Canadian Parliament certain legislation, called remedial legislation, substituting the Canadian Parliament for the Manitoban Legislature in the measures of justice to be granted the Catholic minority of Manitoba for the redress of their grievances?

7. On the 22nd March, 1896, did not the House of Commons accept the principle of Federal intervention in the settlement of the Manitoba schools difficulty by adopting, by a vote of 112 to 94,

the second reading of the Remedial Bill?

8. On the 14th April of the same year, did not Sir Charles Tupper read to the House of Commons the following telegram from Monseigneur the Archbishop of St. Boniface, making known the adherence of the Catholic minority to the remedial measure:

"MONTREAL, 13th April, 1896. "In the name of the Catholic minority of Manitoba that I "represent officially, I ask the House of Commons to pass the "whole Remedial Act as it is now amended. It will be satisfactory to the said Catholic minority, that will consider it as a substantial, workable and final settlement of the school question according to the constitution.

"(Signed) ADELARD LANGEVIN."

9. Was not the final adoption of the Remedial Bill prevented only by an interminable discussion which was prolonged until the last days of Parliament?

10. In the general elections of 1896, did not the Liberal party make to the electorate the solemn promise to render full and entire justice to the Catholic minority, as appears amongst other things, by the following declarations published by the press and brought to the knowledge of the voters:

(a.) Extract from a speech made by the Hon. Mr. Laurier at Jacques Cartier Hall, in Quebec, the 7th May, 1896, as published by L'Electeur of 8th May, 1896—

(Translation from the French.)

"Do not misunderstand me as to my intentions. I repeat here "that I wish the minority in Manitoba to obtain entire justice. It "is a principle written in letters of gold in the programme of my "party that the rights of the minority must be respected.

"If the people of Canada bring me into power, as I have a con"viction they will, I will settle this question to the satisfaction of
"all parties interested. I shall have with me in my Government
"Sir Oliver Mowat, who has always been in Ontario, at the peril of
"his own popularity, the champion of the Catholic minority and of
"separate schools. I will put him at the head of a commission where
"all the interests at stake shall be represented, and I affirm to you
"that I will succeed in satisfying those who are suffering at this
"moment. Is not Sir Oliver Mowat's name alone a guarantee of
"the success of this plan?

"And then, finally, if conciliation does not succeed, I shall have to exercise that constitutional recourse which the law furnishes, a

"recourse which I shall exercise completely and entirely."

(b.) Declaration, signed by the Hon. Charles Fitzpatrick:—
"Being sincerely disposed to put aside all party spirit and all
"questions of men, in order to secure the triumph of the Catholic
"cause in Manitoba, I, the undersigned, promise, if elected, to con"form myself to the bishop's mandement in all points and to vote for
"a measure according the Catholics of Manitoba that justice to which
"they have a right by virtue of the judgment of the Privy Council,
"provided that the measure be approved of by my bishop. If Mr.
"Laurier reaches power, and does not settle the question at the first
"Session, in accordance with the terms of the mandement, I promise
"either to withdraw my support or resign."

"Ste. Marie, 6th June, 1896.

"(Signed), C. FITZPATRICK.

"Copy compared with original.

"B. PH. GARNEAU, Priest.

"Secretary of the Archbishop of Quebec."

(See also House of Commons Debates, 1897, page 163.)
(c.) Declaration of the Hon. Mr. Geoffrion, published in Le Soir newspaper of Thursday, 11th June, 1896, reproduced in the House

of Commons *Hansard* of 1896 (2nd Session), page 230:—
"I am here to make the declaration imposed upon me by my
bishop in the mandement which has been read in all the churches
of the province. That mandement presses upon the voters the

"duty of registering their vote only in favour of those candidates who shall take the solemn and formal pledge of supporting an adequate remedial law, restoring to the Catholic minority the rights which have been taken away from them. Now, gentlemen, I am here to publicly make in your presence the declaration imposed upon me by my bishop, and I now take before you a solemn pledge to that effect. I shall vote in favour of a remedial law such as required by the bishops, an operative law restoring to Catholics of Manitoba all the rights adjudicated upon by the Privy Council judgment, but at the same time I declare that I shall see to it that their rights and not crumbs be given back to them, for the Catholics do not ask charity, they are not mendicants, they claim their own rights."

11. After the general elections, since the First Session of the Eighth Parliament, did not the Honourable Sir Charles Tupper, the leader of the Opposition, on the 24th August, 1896, from his place in the House of Commons, make the following declaration, to be found in the Official Report of the Debates of the House of Com-

mons of Canada, Vol. XLIII., column 57:

"In the future, as in the past, the cardinal principle with the "great party to which I have the honour to belong will be: Equal "justice to all, without respect to race or creed. I am glad to know "that the responsibility of this question—an important question, "although not so gravely important as I had supposed—I am glad "to know that the responsibility rests no longer upon my shoulders, "but upon those of the hon. gentleman who is now the First Minister of the Crown. I can only say that I trust and sincerely hope that he will be most successful in obtaining such a settlement of this question as will do justice and give satisfaction to all parties. I can assure the hon. gentleman not only that he has my most cordial wishes for a happy, and early, and fair settlement of this important question, but that anything that I can contribute to that end will be at all times most cheerfully done."

12. Has the present Government availed itself of this offer of the leader of the Opposition, and has it profited by it to settle the Manitoba schools question in such a manner as to render justice to

the minority?

13. If not, why?

14. Did the Honourable the Secretary of State, on the 2nd

May, 1898, make the following declaration to the Senate:-

"Hon. Mr. Scott.—The present Government have settled the "school question with Manitoba. They adopted the same channels "to settle that question as the late Government did. The late Gov-"ernment sent delegates to Manitoba and had a conference and "failed to come to any agreement. The present Government had a "conference with representatives of the Government of Manitoba "and they came to an agreement, which was confirmed by the Mani-"toba Legislature, and that is the end of it, so far as the public are "concerned."

(Senate Debates, 1898, page 663.)

15. Was not the Honourable Sir Wilfrid Laurier reported by La Patrie of the 28th September, 1899, to have uttered, at Drummondville, on the 26th September last, the following words:—
(Translation.)

"You know that in 1896, an irritating question was causing "trouble in the country. It was a question where religion and "politics were confounded. We came into power. We have pro-

"mised to settle the question in six months. You are witnesses that "this promise has been fulfilled to the letter. The school question "does not exist any longer, although our friends the Blues seek to "bring it up again."

(House of Commons Debates, 1900, March 28, rev. ed., col. 2749.)

16. What is the position taken by the Federal Executive towards the parties in the case, the Government of Manitoba of the one part and the Catholic minority of Manitoba of the other part, in that understanding which was officially announced by the Honourable the Secretary of State on the 2nd May, 1898? Is it the position of a judge before whose tribunal the question in litigation had already been brought and who had rendered a decision known as the Remedial Order?

17. Did the present Government, when holding a conference with the Government of Manitoba, simultaneously treat with the other party in the case, the Catholic minority?

18. Was that minority a party at the said conference, and has the arrangement which was made, been accepted by the Catholic

minority?

- 19. On the contrary, has not the arrangement in question been repudiated and denounced -
 - (a.) By the Head of the Catholic Church: (b.) By the Catholic minority of Manitoba;

(c.) By the Episcopate?

20. Has the Government ever taken knowledge of the following words of Leo XIII, in his Encyclical letter (Affari Vos) of the 8th December, 1897, concerning "the understanding ratified by the "Legislature of Manitoba," of which the Honourable the Secretary of State speaks:

"The law which they have passed to repair the injury is defec-"tive, unsuitable, insufficient. The Catholics ask, and no one can "deny that they justly ask, for much more. . . . In a word, "the rights of Catholics and the education of their children have

"not been sufficiently provided for in Manitoba."

(See House of Commons Debates, 1898, column 5338.)

21. Is the Government ignorant that the Canadian Episcopate has pronounced in an unequivocal manner upon the value of the Laurier-Greenway arrangement, and has it read the following declarations :-

(Translation.)

"(a.) A new Government replaced the old one, and one day we "learned that between it and the Government of Manitoba an "understanding had come about, a compromise had been drawn up.

"This compromise was not the restitution of the violated rights, "it was not even an amelioration which might be reconciled with "the formal prescriptions of the Church. How could the Episcopate "approve of it? It therefore declared it unacceptable and the "Catholics of Manitoba continued to maintain their own schools at

"the price of the greatest sacrifices."

"The agreement effected between the Federal authorities of "Ottawa and the Provincial Government of Winnipeg, an agree-"ment to which they would like to give the name of settlement of "the school question, is declared" (by the Holy Father) "defective, "imperfect, insufficient, and therefore cannot be accepted as an "equitable solution of the question. It is, therefore, with reason

"that that agreement has been repudiated by the Episcopate, and

"that the Manitoban minority would not submit thereto." (Pastor all "letter of Mar. Begin, dated 6th January, 1898.)

(See also House of Commons Debates, 1898, column 5342.)

"(b.) The negotiations which have taken place between the "local authorities of Winnipeg and the Federal authorities of "Ottawa, have ended in an understanding which is given as the "settlement of the grave school question. First of all, I protest "against this word settlement. In a question in litigation, nothing "is settled if the two interested parties do not agree at all between "themselves.

"What is the contract that it is wished to impose upon us?

"The sum of the eight articles concerning religious instruction "is the official proclamation of the principle of common and neutral "schools. . . . Let me tell you immediately that common and "neutral schools have been condemned by the Church "No Catholic, therefore, can approve of these schools unless he

"wishes to separate himself from the centre of unity."

(Sermon of Mgr. the Archbishop of St. Boniface, dated 22nd November, 1896.)

"(c.) As you know, quite as well as I, in spite of so many em-"phatic promises, the Manitoba school question has not been settled "at all according to the rights of honour and justice. The under-"standing come to between the representatives of the central "government of Ottawa and of the local government of Manitoba is "only a sacrifice of the rights and interests of our co-religionists of "this province without an acceptable compensation. Also, have not "the terms and conditions of this understanding, which is only a "cowardly and shameful capitulation, accomplished in the shadows "and in secret, revealed to the public that when its authors had "acquired the certainty that the enemies of our religion and of our "race would aid them to impose them upon a minority which had "been persecuted and despoiled for six years past. . . . "suffice me to draw your attention to the fact that the pretended "settlement of the Manitoba schools question does not mean anything "definite, but the criminal sanction of the establishment, for the "Catholics of this province, 'of neutral schools,' which the Holy "Church has always repudiated and condemned."

(Circular of Mgr. Blais, Bishop of Rimouski.)

"(d.) Like my venerable colleagues, I do not hesitate an instant "to disapprove of it absolutely myself (the Laurier-Greenway settle-"ment), and I add, with Mgr. Begin, that no bishop will or can "approve of the so-called settlement of the Manitoba schools ques-"tion, which is not definitely based upon anything but an unjustifiable "abandonment of the best established and the most sacred rights of "the Catholic minority."

(Circular of Mgr. La Flèche, Bishop of Three Rivers, 11th February, 1897.) "(e.) All the bishops of Canada, after receiving the Encyclical "Affari Vos, unanimously repudiated and denounced the Laurier-"Greenway arrangement in the terms employed by Mgr. Begin."

22. Does the Government not know that in a memorandum prepared for the Holy See by the Honourable Sir Wilfred Laurier, and signed by him, and bearing date 23rd November, 1896, it is

"The population of Manitoba at the last census was 152,506, "of whom 20,571 were Catholics, disseminated over ninety different "municipalities."

(See House of Commons Debates, 1898, column 5378.)

And is the Government ignorant that out of these 20,571 Catholics of ninety different municipalities, only forty-one Catholics have made known their approval of the present Laurier-Greenway settlement in a document produced before Parliament, whilst the Catholics of Winnipeg, Ste. Pierre Joly, Ste. Anne des Chènes, St. Charles, Lorette, Ste. Agathe, &c., have made indignant protests and passed recolutions condemning the pretended arrangement, copies of which protests and resolutions have been laid upon the Table of this House.

(See Document No. 35, 2nd Sess. 8th Parlt., 60-61 Vict. 1897.)

23. In the face of multiplied condemnations does the Government really think that an arrangement to which the Catholic minority has not even been a party, but which was concluded without its necessary participation, without its knowledge, and contrary to its interests, can be considered as an arrangement putting an end to the Manitoba schools difficulty, as the Government by the mouth of the Honourable Secretary of State has declared it to be?

24. Cannot the present Government, which has regarded neither pecuinary sacrifices nor the more severe sacrifice of human lives when it was a question of causing a coercive policy to be adopted, and imposing by force of numbers on a South African people the obligation to grant British subjects advantages which they did not have, now find the moral sense, the energy and the means, and can it not submit itself to the imperative duty of imposing upon those who violate the treaties and misuse the constitution the obligation of respecting both, by granting the British subjects established in Manitoba the exercise of their religious rights and especially of granting to fathers of families the sacred right of bringing up their children and having them instructed in conformity with the dictates of their conscience?

25. Does the Government wish to continue to ignore the decrees of the Privy Council in England and the obligations of the Remedial Order, which exist in all their force and fulness, or does it intend to put them in force in accordance with the promise so to do so solemnly made to the electorate by him who is to-day the Prime Minister of this country, and upon whom is incumbent the duty of safeguarding the rights of the minority and of not prostituting the honour and the dignity of the Crown?

For Tuesday, 12th June, 1900.

By the Honourable Mr. Landry:-

1 June 6—That he will draw the attention of the Government and of this House to the following part of a speech made, on the 27th January, 1897, by the Honourable R. R. Dobell, one of the Ministers in the present Cabinet, at a meeting of the Chamber of Commerce of Quebec, published in Le Soleil of the 1st March, 1897, and reading as follows:—

"It is the time for you to act," said he. "You have a Govern"ment which is decidedly favourable to you. I do not say that out
"of political feeling. If you wish to take the initiative in the way
"of progress, not only in order to build a bridge, but also for the
"accomplishment of other great enterprises, let me assure you that
"the Government will do more than its part to aid you. But, in

"the case of the bridge, I must tell you that the Government will object to a company in name only; it must have a company in good faith, a company which will give a guarantee to do its duty. I recently learned at Ottawa that great efforts were being made to continue the building of the Intercolonial to Montreal. Halifax is in favour of this project. Now Quebec does not hasten to build its bridge, the construction of the Intercolonial to Montreal will be accomplished, and then the utility of a bridge in front of the city will disappear, perhaps for ever. For the commerce between the West and the Provinces will take this new way.

"Let me tell you that I will not amuse you with false hopes. "When I left Ottawa to come down to Quebec, the Hon. Mr. "Laurier told me that I could announce to you that the Federal "Government will give \$1,000,000 for the construction of the "Quebec Bridge. The City of Quebec will subscribe \$500,000; the "local Government has promised \$1,000,000. There, then, are "\$2,500,000. The railway companies of Canada will subscribe the "balance by taking capital stock. . . . As you see, we can "build this bridge as soon as you like, for we have the funds ready."

And that he will ask :-

1. Was it in the name of the Government and as authorized by it that the Hon. R. R. Dobell put forth the propositions hereinabove enumerated?

2. Was he, at least, speaking in the name of the Prime Minister, and had the latter really charged the Hon. R. R. Dobell to announce what the Federal Government would do for the construc-

tion of a bridge in the neighbourhood of Quebec?

3. Is the extension of the Intercolonial from Lévis to Montreal now an accomplished fact, since the acquisition of the Drummond County Railway and the making of the contract with the Grand Trunk Company for the use of its line from Ste. Rosalie to Montreal?

4. If the extension of the Intercolonial to Montreal is an accomplished fact, what does the Government think of the utility of a bridge at Quebec in face of this general declaration of Mr.

Dohell .

63 VICTORIA.

"If Quebec does not hasten to build its bridge, the construction of the Intercolonial to Montreal will be accomplished, and then the utility of a bridge in front of the city will disappear, perhaps for ever. For the commerce between the West and the Provinces will take this new way."

5. Do not the authorities of the Intercolonial at present make, and will they not always make, every effort to secure at Montreal the trade of the West and direct it towards the Maritime Provinces

by way of the Drummond County Railway?

6. Has not the policy of the Government, in acquiring the Drummond County Railway and thus extending the Intercolonial to Montreal, given a fatal blow to the interests of Quebec, and gravely compromised, in the words of at least one of the members of the Government, the question of the construction of a bridge in front

of, or in the neighbourhood of Quebec?

7. If the Government has decided to seriously aid in the construction of the Quebec Bridge and to promote the commercial interests of that city, is it at least going to give the necessary instructions in order that the Intercolonial shall not persist in turning away from Quebec all the traffic which would pass over the proposed bridge if the terminus of that railway were at Lévis in place of being in the very heart of the city of Montreal, that mighty abductor of all the traffic from the West?

- 8. Has the Government assured itself as to the amounts of money which are to be furnished respectively by—
 - (a.) The Government of the Province of Quebec;
 - (b.) The City of Quebec;
 - (c.) The Canadian railway companies which must use this bridge
- for the passage of their traffic?
- 9. Does it know that the expectations of the Honourable Mr. Dobell have not been realized, and that the Government of the Province of Quebec has not been able to give \$1,000,000; that the City of Quebec, by its Council, has not contributed \$500,000; and that not a single railway company has yet subscribed a single penny to aid in the building of the bridge in question?
- 10. Could not the Government, in order to ensure the building of the bridge, ask from Parliament an additional grant equal at least to the amount of the differences between the amount of the subscriptions announced by Mr. Dobell and the real amount subscribed or voted by the City of Quebec, the Government of the Province of Quebec, and the railway companies interested?

By the Honourable Mr. Landry:-

June 6—That he will inquire of the Government—

1. Does the Government know that the Catholic minority of Manitoba contends that it has been injured in the exercise of its rights with respect to the maintenance of its schools, and that it has demanded, as a remedy for its grievances, three things:

(a.) Separate schools.

(b.) A grant to sustain them.

(c.) Exemption from taxes for the maintenance of Protestant

schools?

2. By the judgment rendered on the 29th January, 1895, by the Lords of the Judicial Committee of the Privy Council and by the Order in Council of Her Majesty the Queen in Council, dated 2nd February, 1895, is it decreed that the Catholic minority of Manitoba has just grievances, the redress of which, as a question of appeal to be decided, falls within the jurisdiction of the Governor General in Council?

3. Did the Governor General in Council, by an Order dated 21st March, 1895, order the Legislature of Manitoba to modify its school legislation in such a way as to give the Catholic minority in Mani-

toba:

(a.) The right to construct, maintain, furnish, manage, conduct and sustain Roman Catholic schools in the manner provided for by the Acts which the Statutes of 1890 have repealed;

(b.) The right to share in any subsidy made out of the public

funds for the needs of public instruction;

(c.) The right for the Roman Catholics who shall contribute to sustain the Roman Catholic schools to be exempt from all payments or contributions destined for the maintenance of other schools?

4. Has the Legislature of Manitoba conformed with these pre-

scriptions of the remedial order?

5. Has not the legislature, on the contrary, answered in the negative:

(a.) By a first refusal given on the 25th July, 1895;

(b.) By a second refusal given on 21st December, 1895, rejecting an attempt at reconciliation;

(c.) By a third refusal of the propositions made by the delegates

sent to Winnipeg on 28th March, 1896?

6. In the face of this triple refusal, did not the Conservative Government propose for adoption by the Canadian Parliament certain legislation, called remedial legislation, substituting the Canadian Parliament for the Manitoban Legislature in the measures of justice to be granted the Catholic minority of Manitoba for the redress of their grievances?

7. On the 22nd March, 1896, did not the House of Commons accept the principle of Federal intervention in the settlement of the Manitoba schools difficulty by adopting, by a vote of 112 to 94,

the second reading of the Remedial Bill?

- 8. On the 14th April of the same year, did not Sir Charles Tupper read to the House of Commons the following telegram from Monseigneur the Archbishop of St. Boniface, making known the adherence of the Catholic minority to the remedial measure:—
- "In the name of the Catholic minority of Manitoba that I represent officially, I ask the House of Commons to pass the whole Remedial Act as it is now amended. It will be satisfactory to the said Catholic minority, that will consider it as a substantial, workable and final settlement of the school question according to the constitution.

"(Signed) ADELARD LANGEVIN."

9. Was not the final adoption of the Remedial Bill prevented only by an interminable discussion which was prolonged until the last days of Parliament?

10. In the general elections of 1896, did not the Liberal party make to the electorate the solemn promise to render full and entire justice to the Catholic minority, as appears amongst other things, by the following declarations published by the press and brought to the knowledge of the voters:

(a.) Extract from a speech made by the Hon. Mr. Laurier at Jacques Cartier Hall, in Quebec, the 7th May, 1896, as published by

L'Electeur of 8th May, 1896-

(Translation from the French.)

"Do not misunderstand me as to my intentions. I repeat here "that I wish the minority in Manitoba to obtain entire justice. It "is a principle written in letters of gold in the programme of my "party that the rights of the minority must be respected. . . .

"If the people of Canada bring me into power, as I have a con"viction they will, I will settle this question to the satisfaction of
"all parties interested. I shall have with me in my Government.
"Sir Oliver Mowat, who has always been in Ontario, at the peril of
"his own popularity, the champion of the Catholic minority and of
"separate schools. I will put him at the head of a commission where

"all the interests at stake shall be represented, and I affirm to you "that I will succeed in satisfying those who are suffering at this "moment. Is not Sir Oliver Mowat's name alone a guarantee of "the success of this plan?

"And then finally, if conciliation does not succeed, I shall have "to exercise that constitutional recourse which the law-furnishes, a

"recourse which I shall exercise completely and entirely."

(b.) Declaration, signed by the Hon. Charles Fitzpatrick:—
"Being sincerely disposed to put aside all party spirit and all
"questions of men, in order to secure the triumph of the Catholic
"cause in Manitoba, I, the undersigned, promise, if elected, to con"form myself to the bishop's mandement in all points and to vote for
"a measure according the Catholics of Manitoba that justice to which
"they have a right by virtue of the judgment of the Privy Council,
"provided that the measure be approved of by my bishop. If Mr.
"Laurier reaches power, and does not settle the question at the first
"Session, in accordance with the terms of the mandement, I promise

"Ste. Marie, 6th June, 1896.

"either to withdraw my support or resign."

"(Signed), C. FITZPATRICK.

"Copy compared with original.

"B. PH. GARNEAU, Priest.

"Secretary of the Archbishop of Quebec." (See also House of Commons Debates, 1897, page 163.)

(c.) Declaration of the Hon. Mr. Geoffrion, published in *Le Soir* newspaper of Thursday, 11th June, 1896, reproduced in the House of Commons *Hansard* of 1896 (2nd Session), page 230:—

"I am here to make the declaration imposed upon me by my "bishop in the mandement which has been read in all the churches "of the province. That mandement presses upon the voters the "duty of registering their vote only in favour of those candidates "who shall take the solemn and formal pledge of supporting an "adequate remedial law, restoring to the Catholic minority the "rights which have been taken away from them. Now, gentlemen, "I am here to publicly make in your presence the declaration "imposed upon me by my bishop, and I now take before you a "solemn pledge to that effect. I shall vote in favour of a remedial "law such as required by the bishops, an operative law restoring to "Catholics of Manitoba all the rights adjudicated upon by the Privy "Council judgment, but at the same time I declare that I shall see "to it that their rights and not crumbs be given back to them, for "the Catholics do not ask charity, they are not mendicants, they "claim their own rights."

11. After the general elections, since the First Session of the Eighth Parliament, did not the Honourable Sir Charles Tupper, the leader of the Opposition, on the 24th August, 1896, from his place in the House of Commons, make the following declaration, to be found in the Official Report of the Debates of the House of Com-

mons of Canada, Vol. XLIII., column 57:

"In the future, as in the past, the cardinal principle with the "great party to which I have the honour to belong will be: Equal "justice to all, without respect to race or creed. I am glad to know "that the responsibility of this question—an important question, "although not so gravely important as I had supposed—I am glad "to know that the responsibility rests no longer upon my shoulders, "but upon those of the hon. gentleman who is now the First Minister "of the Crown. I can only say that I trust and sincerely hope that

"he will be most successful in obtaining such a settlement of this "question as will do justice and give satisfaction to all parties. I "can assure the hon. gentleman not only that he has my most cordial wishes for a happy, and early, and fair settlement of this important question, but that anything that I can contribute to that end will

"be at all times most cheerfully done."

12. Has the present Government availed itself of this offer of the leader of the Opposition, and has it profited by it to settle the Manitoba schools question in such a manner as to render justice to the minority?

13. If not, why?

14. Did the Honourable the Secretary of State, on the 2nd

May, 1898, make the following declaration to the Senate:-

"Hon. Mr. Scott.—The present Government have settled the "school question with Manitoba. They adopted the same channels "to settle that question as the late Government did. The late Gov-"ernment sent delegates to Manitoba and had a conference and failed to come to any agreement. The present Government had a "conference with representatives of the Government of Manitoba and they came to an agreement, which was confirmed by the Manitoba Legislature, and that is the end of it, so far as the public are "concerned."

(Senate Debates, 1898, page 663.)

15. Was not the Honourable Sir Wilfrid Laurier reported by La Patrie of the 28th September, 1899, to have uttered, at Drummondville, on the 26th September last, the following words:—

(Translation.)

"You know that in 1896, an irritating question was causing "trouble in the country. It was a question where religion and "politics were confounded. We came into power. We have pro"mised to settle the question in six months. You are witnesses that
"this promise has been fulfilled to the letter. The school question
"does not exist any longer, although our friends the Blues seek to
"bring it up again."

(House of Commons Debates, 1900, March 28, rev. ed., col. 2749.)

16. What is the position taken by the Federal Executive towards the parties in the case, the Government of Manitoba of the one part and the Catholic minority of Manitoba of the other part, in that understanding which was officially announced by the Honourable the Secretary of State on the 2nd May, 1898? Is it the position of a judge before whose tribunal the question in litigation had already been brought and who had rendered a decision known as the Remedial Order?

17. Did the present Government, when holding a conference with the Government of Manitoba, simultaneously treat with the

other party in the case, the Catholic minority?

18. Was that minority a party at the said conference, and has the arrangement which was made, been accepted by the Catholic minority?

19. On the contrary, has not the arrangement in question been

repudiated and denounced -

(a.) By the Head of the Catholic Church;(b.) By the Catholic minority of Manitoba;

(c.) By the Episcopate?

20. Has the Government ever taken knowledge of the following words of Leo XIII, in his Encyclical letter (Affari Vos) of the 8th December, 1897, concerning "the understanding ratified by the

"Legislature of Manitoba," of which the Honourable the Secretary

of State speaks:

"The law which they have passed to repair the injury is defective, unsuitable, insufficient. The Catholics ask, and no one can "deny that they justly ask, for much more. . . . In a word, "the rights of Catholics and the education of their children have "not been sufficiently provided for in Manitoba."

(See House of Commons Debates, 1898, column 5338.)

21. Is the Government ignorant that the Canadian Episcopate has pronounced in an unequivocal manner upon the value of the Laurier-Greenway arrangement, and has it read the following declarations:—

(Translation.)

"(a.) A new Government replaced the old one, and one day we "learned that between it and the Government of Manitoba an "understanding had come about, a compromise had been drawn up.

"This compromise was not the restitution of the violated rights, it was not even an amelioration which might be reconciled with the formal prescriptions of the Church. How could the Episcopate approve of it? It therefore declared it unacceptable and the Catholics of Manitoba continued to maintain their own schools at

"the price of the greatest sacrifices."

"The agreement effected between the Federal authorities of "Ottawa and the Provincial Government of Winnipeg, an agree"ment to which they would like to give the name of settlement of
"the school question, is declared" (by the Holy Father) "defective,
"imperfect, insufficient, and therefore cannot be accepted as an
"equitable solution of the question. It is, therefore, with reason
"that that agreement has been repudiated by the Episcopate, and
"that the Manitoban minority would not submit thereto." (Pastoral
"letter of Mgr. Begin, dated 6th January, 1898.)

(See also House of Commons Debates, 1898, column 5342.)

"(b.) The negotiations which have taken place between the "local authorities of Winnipeg and the Federal authorities of "Ottawa, have ended in an understanding which is given as the "settlement of the grave school question. First of all, I protest "against this word settlement. In a question in litigation, nothing "is settled if the two interested parties do not agree at all between "themselves.

"What is the contract that it is wished to impose upon us?

"The sum of the eight articles concerning religious instruction "is the official proclamation of the principle of common and neutral "schools. . . Let me tell you immediately that common and "neutral schools have been condemned by the Church . . . "No Catholic, therefore, can approve of these schools unless he "wishes to separate himself from the centre of unity."

(Sermon of Mgr. the Archbishop of St. Boniface, dated 22nd

November, 1896.)

"(c.) As you know, quite as well as I, in spite of so many em"phatic promises, the Manitoba school question has not been settled
"at all according to the rights of honour and justice. The under"standing come to between the representatives of the central
"government of Ottawa and of the local government of Manitoba is
"only a sacrifice of the rights and interests of our co-religionists of
"this province without an acceptable compensation. Also, have not
"the terms and conditions of this understanding, which is only a

"cowardly and shameful capitulation, accomplished in the shadows and in secret, revealed to the public that when its authors had acquired the certainty that the enemies of our religion and of our race would aid them to impose them upon a minority which had been persecuted and despoiled for six years past. . . Let it suffice me to draw your attention to the fact that the pretended settlement of the Manitoba schools question does not mean anything definite, but the criminal sanction of the establishment, for the Catholics of this province, 'of neutral schools,' which the Holy "Church has always repudiated and condemned."

(Circular of Mgr. Blais, Bishop of Rimouski.)

"(d.) Like my venerable colleagues, I do not hesitate an instant to disapprove of it absolutely myself (the Laurier-Greenway settle-"ment), and I add, with Mgr. Begin, that no bishop will or can "approve of the so-called settlement of the Manitoba schools ques-"tion, which is not definitely based upon anything but an unjustifiable abandonment of the best established and the most sacred rights of "the Catholic minority."

(Circular of Mgr. La Flèche, Bishop of Three Rivers, 11th February, 1897.)
"(e.) All the bishops of Canada, after receiving the Encyclical

"Affari Vos, unanimously repudiated and denounced the Laurier-"Greenway arrangement in the terms employed by Mgr. Begin."

22. Does the Government not know that in a memorandum prepared for the Holy See by the Honourable Sir Wilfred Laurier, and signed by him, and bearing date 23rd November, 1896, it is written:—

"The population of Manitoba at the last census was 152,506, of whom 20,571 were Catholics, disseminated over ninety different municipalities."

(See House of Commons Debates, 1898, column 5378.)

And is the Government ignorant that out of these 20,571 Catholics of ninety different municipalities, only forty-one Catholics have made known their approval of the present Laurier-Greenway settlement in a document produced before Parliament, whilst the Catholics of Winnipeg, Ste. Pierre Joly, Ste. Anne des Chènes, St. Charles, Lorette, Ste. Agathe, &c., have made indignant protests and passed resolutions condemning the pretended arrangement, copies of which protests and resolutions have been laid upon the Table of this House.

(See Document No. 35, 2nd Sess. 8th Parlt., 60-61 Vict. 1897.)

23. In the face of multiplied condemnations does the Government really think that an arrangement to which the Catholic minority has not even been a party, but which was concluded without its necessary participation, without its knowledge, and contrary to its interests, can be considered as an arrangement putting an end to the Manitoba schools difficulty, as the Government by the mouth of the Honourable Secretary of State has declared it to be?

24. Cannot the present Government, which has regarded neither pecuinary sacrifices nor the more severe sacrifice of human lives when it was a question of causing a coercive policy to be adopted, and imposing by force of numbers on a South African people the obligation to grant British subjects advantages which they did not have, now find the moral sense, the energy and the means, and can it not submit itself to the imperative duty of imposing upon those who violate the treaties and misuse the constitution the obligation of respecting both, by granting the British subjects established in Manitoba the exercise of their religious rights and especially of

63 VICTORIA.

granting to fathers of families the sacred right of bringing up their children and having them instructed in conformity with the dictates

of their conscience?

25. Does the Government wish to continue to ignore the decrees of the Privy Council in England and the obligations of the Remedial Order, which exist in all their force and fulness, or does it intend to put them in force in accordance with the promise so to do so solemnly made to the electorate by him who is to-day the Prime Minister of this country, and upon whom is incumbent the duty of safeguarding the rights of the minority and of not prostituting the honour and the dignity of the Crown?

For Tuesday, 12th June, 1900.

By the Honourable Mr. Landry:-

1 June 6—That he will inquire of the Government—

1. Did the Governor General in Council, on the 21st March, 1895, render judgment upon the appeal brought before his tribunal by the Catholic minority of Manitoba, and is that judgment known under the name of "The Remedial Order?"

2. Did not that judgment order the Legislature of Manitoba to do justice to the recognized grievances of the Catholic minority of

that Province?

3. Has the Legislature of Manitoba complied with that judgment,

and has it remedied the grievances of the Catholics?

4. If justice has not yet been rendered to the minority injured in its rights, does the Government intend to exact that the judgment rendered shall be executed, and is it going to take the steps to have it executed ?

5. The case which this school question caused to rise having been appealed to the Federal tribunal, and a judgment having been rendered by that tribunal, is it not precisely upon that tribunal and upon no other that the obligation falls of causing its judgment to be

respected?

6. When is the Government going to cause the constitution and the judicial decrees to be respected, and when will the Federal Government, which, by law, is constituted the protector of the rights of minorities, treat this school question from the point of view of right and duty and not at all as a question serving as a stepping stone for certain politicians?

By the Honourable Mr. Landry:-

2 June 6—That he will draw the attention of the Government and of this House to the following part of a speech made, on the 27th January, 1897, by the Honourable R. R. Dobell, one of the Ministers in the present Cabinet, at a meeting of the Chamber of Commerce of Quebec, published in Le Soleil of the 1st March, 1897, and reading as follows:-

(Translation from the French.) "It is the time for you to act," said he. "You have a Govern-"ment which is decidedly favourable to you. I do not say that out "of political feeling. If you wish to take the initiative in the way "of progress, not only in order to build a bridge, but also for the "accomplishment of other great enterprises, let me assure you that "the Government will do more than its part to aid you. But, in "the case of the bridge, I must tell you that the Government will "object to a company in name only; it must have a company in "good faith, a company which will give a guarantee to do its duty. "I recently learned at Ottawa that great efforts were being made "to continue the building of the Intercolonial to Montreal. Halifax "is in favour of this project. Now Quebec does not hasten to build "its bridge, the construction of the Intercolonial to Montreal will be accomplished, and then the utility of a bridge in front of the "city will disappear, perhaps for ever. For the commerce between "the West and the Provinces will take this new way.

"Let me tell you that I will not amuse you with false hopes. "When I left Ottawa to come down to Quebec, the Hon. Mr. "Laurier told me that I could announce to you that the Federal "Government will give \$1,000,000 for the construction of the "Quebec Bridge. The City of Quebec will subscribe \$500,000; the "local Government has promised \$1,000,000. There, then, are "\$2,500,000. The railway companies of Canada will subscribe the "balance by taking capital stock. . . . As you see, we can "build this bridge as soon as you like, for we have the funds ready."

And that he will ask :-

1. Was it in the name of the Government and as authorized by it that the Hon. R. R. Dobell put forth the propositions hereinabove enumerated?

2. Was he, at least, speaking in the name of the Prime Minister, and had the latter really charged the Hon. R. R. Dobell to announce what the Federal Government would do for the construction of a bridge in the neighbourhood of Quebec?

3. Is the extension of the Intercolonial from Lévis to Montreal now an accomplished fact, since the acquisition of the Drummond County Railway and the making of the contract with the Grand Trunk Company for the use of its line from Ste. Rosalie to Montreal?

4. If the extension of the Intercolonial to Montreal is an accomplished fact, what does the Government think of the utility of a bridge at Quebec in face of this general declaration of Mr. Dobell:

"If Quebec does not hasten to build its bridge, the construction of the Intercolonial to Montreal will be accomplished, and then the utility of a bridge in front of the city will disappear, perhaps for ever. For the commerce between the West and the Provinces will take this new way."

5. Do not the authorities of the Intercolonial at present make, and will they not always make, every effort to secure at Montreal the trade of the West and direct it towards the Maritime Provinces by way of the Drummond County Railway?

6. Has not the policy of the Government, in acquiring the Drummond County Railway and thus extending the Intercolonial to Montreal, given a fatal blow to the interests of Quebec, and gravely compromised, in the words of at least one of the members of the Government, the question of the construction of a bridge in front of, or in the neighbourhood of Quebec?

7. If the Government has decided to seriously aid in the construction of the Quebec Bridge and to promote the commercial interests of that city, is it at least going to give the necessary instructions in order that the Intercolonial shall not persist in turning away from Quebec all the traffic which would pass over the proposed bridge if the terminus of that railway were at Lévis in place of being in the very heart of the city of Montreal, that mighty abductor of all the traffic from the West?

8. Has the Government assured itself as to the amounts of money which are to be furnished respectively by—

(a.) The Government of the Province of Quebec;

(b.) The City of Quebec;

(c.) The Canadian railway companies which must use this bridge

for the passage of their traffic?

9. Does it know that the expectations of the Honourable Mr. Dobell have not been realized, and that the Government of the Province of Quebec has not been able to give \$1,000,000; that the City of Quebec, by its Council, has not contributed \$500,000; and that not a single railway company has yet subscribed a single penny to aid in the building of the bridge in question?

10. Could not the Government, in order to ensure the building of the bridge, ask from Parliament an additional grant equal at least to the amount of the differences between the amount of the subscriptions announced by Mr. Dobell and the real amount subscribed or voted by the City of Quebec, the Government of the

Province of Quebec, and the railway companies interested?

For Monday, 25th June, 1900.

By the Honourable Mr. Macdonald (B.C.):-

1 June 8—That he will call attention to the following statement of commerce and the revenue contributed to the Dominion Treasury for the year

ending 30th June, 1899:-

The shipping of the two largest ports in the Dominion are taken, Quebec and Montreal, to show how British Columbia stands by comparison. The tonnage to these two ports, with cargo and in ballast, in British, Canadian and foreign ships being 1,767,190 tons, and that of five ports in British Columbia 1,867,604 tons, which shows a difference in favour of British Columbia of 100,414 tons. The comparison of revenue is made between Nova Scotia and British Columbia as being the two provinces most similar in the natural products of the mine, forest and sea, but the former has three times the population of the latter:

Exports for the year ending 30th June, 1899.

Nova Scotia. British Columbia.

Exports \$11,480,120 Exports \$14,749,032 Difference in favour of British Columbia, \$3,268,912.

\$3,103,221

Difference of Revenue in favour of British Columbia as against Nova Scotia, \$1,203,003.

Another evidence of progress is the value of Money Orders issued in British Columbia for the year ending 30th June, 1899, \$1,633,143. Value of Money Orders paid in the same time, \$754,329.

Attention is also called to the short-sighted policy of the Government, and to its unfair and unjust treatment of British Columbia, a province which contributes more than three times per capita revenue than any province in the Dominion, and yet no return is made, or aid given for public improvements and the development of the country, such as opening up avenues of commerce, deepening and improving deep sea harbours and other such like works. The component colonies of the Australian proposed Commonwealth stipulate that the larger part of the Commonwealth revenue collected in the different colonies shall be returned proportionately to the respective colonies—a scheme to which the North American Colonies were not alive at the time of their federation-it would have been a wise precaution if some of them had been alive to it. The Government should, as an act of wise policy and as a matter of justice, deal in a fair spirit with so large a revenue-producing province as British Columbia.

NOTICES OF MOTIONS.

For Tuesday, 12th June, 1900.

By the Honourable Mr. Landry:—

1 June 6—That he will inquire of the Government—

1. Does the Government know that the Catholic minority of Manitoba contends that it has been injured in the exercise of its rights with respect to the maintenance of its schools, and that it has demanded, as a remedy for its grievances, three things:

(a.) Separate schools.

(b.) A grant to sustain them.

(c.) Exemption from taxes for the maintenance of Protestant

schools?

2. By the judgment rendered on the 29th January, 1895, by the Lords of the Judicial Committee of the Privy Council and by the Order in Council of Her Majesty the Queen in Council, dated 2nd February, 1895, is it decreed that the Catholic minority of Manitoba has just grievances, the redress of which, as a question of appeal to be decided, falls within the jurisdiction of the Governor General in Council?

3. Did the Governor General in Council, by an Order dated 21st March, 1895, order the Legislature of Manitoba to modify its school legislation in such a way as to give the Catholic minority in Mani-

toba:

(a.) The right to construct, maintain, furnish, manage, conduct and sustain Roman Catholic schools in the manner provided for by the Acts which the Statutes of 1890 have repealed;

(b.) The right to share in any subsidy made out of the public

funds for the needs of public instruction;

(c.) The right for the Roman Catholics who shall contribute to sustain the Roman Catholic schools to be exempt from all payments or contributions destined for the maintenance of other schools?

4. Has the Legislature of Manitoba conformed with these pre-

scriptions of the remedial order?

5. Has not the legislature, on the contrary, answered in the negative:

(a.) By a first refusal given on the 25th July, 1895;

(b.) By a second refusal given on 21st December, 1895, rejecting an attempt at reconciliation;

(c.) By a third refusal of the propositions made by the delegates

sent to Winnipeg on 28th March, 1896?

6. In the face of this triple refusal, did not the Conservative Government propose for adoption by the Canadian Parliament certain legislation, called remedial legislation, substituting the Canadian Parliament for the Manitoban Legislature in the measures of justice to be granted the Catholic minority of Manitoba for the redress of their grievances?

7. On the 22nd March 1896, did not the House of Commons accept the principle of Federal intervention in the settlement of the Manitoba schools difficulty by adopting, by a vote of 112 to 94,

the second reading of the Remedial Bill?

- 8. On the 14th April of the same year, did not Sir Charles Tupper read to the House of Commons the following telegram from Monseigneur the Archbishop of St. Boniface, making known the adherence of the Catholic minority to the remedial measure:-
- "MONTREAL, 13th April, 1896. "In the name of the Catholic minority of Manitoba that I "represent officially, I ask the House of Commons to pass the "whole Remedial Act as it is now amended. It will be satisfactory "to the said Catholic minority, that will consider it as a substantial, "workable and final settlement of the school question according to "the constitution.

"(Signed) ADELARD LANGEVIN."

9. Was not the final adoption of the Remedial Bill prevented only by an interminable discussion which was prolonged until the last days of Parliament?

10. In the general elections of 1896, did not the Liberal party make to the electorate the solemn promise to render full and entire justice to the Catholic minority, as appears amongst other things, by the following declarations published by the press and brought to the knowledge of the voters:

(a.) Extract from a speech made by the Hon. Mr. Laurier at Jacques Cartier Hall, in Quebec, the 7th May, 1896, as published by

L'Electeur of 8th May, 1896-

(Translation from the French.)

"Do not misunderstand me as to my intentions. I repeat here "that I wish the minority in Manitoba to obtain entire justice. It "is a principle written in letters of gold in the programme of my "party that the rights of the minority must be respected. .

"If the people of Canada bring me into power, as I have a con-"viction they will, I will settle this question to the satisfaction of "all parties interested. I shall have with me in my Government "Sir Oliver Mowat, who has always been in Ontario, at the peril of "his own popularity, the champion of the Catholic minority and of "separate schools. I will put him at the head of a commission where

"all the interests at stake shall be represented, and I affirm to you "that I will succeed in satisfying those who are suffering at this "moment. Is not Sir Oliver Mowat's name alone a guarantee of "the success of this plan?

"And then, finally, if conciliation does not succeed, I shall have "to exercise that constitutional recourse which the law furnishes, a

"recourse which I shall exercise completely and entirely."

(b.) Declaration, signed by the Hon. Charles Fitzpatrick:— "Being sincerely disposed to put aside all party spirit and all "questions of men, in order to secure the triumph of the Catholic "cause in Manitoba, I, the undersigned, promise, if elected, to con-"form myself to the bishop's mandement in all points and to vote for "a measure according the Catholics of Manitoba that justice to which "they have a right by virtue of the judgment of the Privy Council, "provided that the measure be approved of by my bishop. If Mr. "Laurier reaches power, and does not settle the question at the first "Session, in accordance with the terms of the mandement, I promise "either to withdraw my support or resign."

"Ste. Marie, 6th June, 1896.

"(Signed), C. FITZPATRICK.

"Copy compared with original.

"B. PH. GARNEAU, Priest. "Secretary of the Archbishop of Quebec."

(See also House of Commons Debates, 1897, page 163.) (c.) Declaration of the Hon. Mr. Geoffrion, published in Le Soir newspaper of Thursday, 11th June, 1896, reproduced in the House

of Commons Hansard of 1896 (2nd Session), page 230:-

"I am here to make the declaration imposed upon me by my "bishop in the mandement which has been read in all the churches "of the province. That mandement presses upon the voters the "duty of registering their vote only in favour of those candidates "who shall take the solemn and formal pledge of supporting an "adequate remedial law, restoring to the Catholic minority the "rights which have been taken away from them. Now, gentlemen, "I am here to publicly make in your presence the declaration imposed upon me by my bishop, and I now take before you a "solemn pledge to that effect. I shall vote in favour of a remedial "law such as required by the bishops, an operative law restoring to "Catholics of Manitoba all the rights adjudicated upon by the Privy "Council judgment, but at the same time I declare that I shall see "to it that their rights and not crumbs be given back to them, for "the Catholics do not ask charity, they are not mendicants, they "claim their own rights."

11. After the general elections, since the First Session of the Eighth Parliament, did not the Honourable Sir Charles Tupper, the leader of the Opposition, on the 24th August, 1896, from his place in the House of Commons, make the following declaration, to be found in the Official Report of the Debates of the House of Com-

mons of Canada, Vol. XLIII., column 57: "In the future, as in the past, the cardinal principle with the "great party to which I have the honour to belong will be: Equal "justice to all, without respect to race or creed. I am glad to know "that the responsibility of this question- an important question, "although not so gravely important as I had supposed-I am glad "to know that the responsibility rests no longer upon my shoulders, "but upon those of the hon, gentleman who is now the First Minister "of the Crown. I can only say that I trust and sincerely hope that

"he will be most successful in obtaining such a settlement of this "question as will do justice and give satisfaction to all parties. I "can assure the hon. gentleman not only that he has my most cordial "wishes for a happy, and early, and fair settlement of this important

"question, but that anything that I can contribute to that end will "be at all times most cheerfully done."

12. Has the present Government availed itself of this offer of the leader of the Opposition, and has it profited by it to settle the Manitoba schools question in such a manner as to render justice to the minority?

13. If not, why?

14. Did the Honourable the Secretary of State, on the 2nd

May, 1898, make the following declaration to the Senate:-

"Hon. Mr. Scott.—The present Government have settled the "school question with Manitoba. They adopted the same channels "to settle that question as the late Government did. The late Gov-"ernment sent delegates to Manitoba and had a conference and "failed to come to any agreement. The present Government had a "conference with representatives of the Government of Manitoba "and they came to an agreement, which was confirmed by the Mani-"toba Legislature, and that is the end of it, so far as the public are "concerned."

(Senate Debates, 1898, page 663.)

15. Was not the Honourable Sir Wilfrid Laurier reported by La Patrie of the 28th September, 1899, to have uttered, at Drummondville, on the 26th September last, the following words:-

(Translation.)

"You know that in 1896, an irritating question was causing "trouble in the country. It was a question where religion and "politics were confounded. We came into power. We have pro-"mised to settle the question in six months. You are witnesses that "this promise has been fulfilled to the letter. The school question "does not exist any longer, although our friends the Blues seek to "bring it up again."

(House of Commons Debates, 1900, March 28, rev. ed., col. 2749.)

16. What is the position taken by the Federal Executive towards the parties in the case, the Government of Manitoba of the one part and the Catholic minority of Manitoba of the other part, in that understanding which was officially announced by the Honourable the Secretary of State on the 2nd May, 1898? Is it the position of a judge before whose tribunal the question in litigation had already been brought and who had rendered a decision known as the Remedial Order?

17. Did the present Government, when holding a conference with the Government of Manitoba, simultaneously treat with the other party in the case, the Catholic minority?

18. Was that minority a party at the said conference, and has the arrangement which was made, been accepted by the Catholic

minority?

19. On the contrary, has not the arrangement in question been repudiated and denounced -

(a.) By the Head of the Catholic Church; (b.) By the Catholic minority of Manitoba;

(c.) By the Episcopate?

20. Has the Government ever taken knowledge of the following words of Leo XIII, in his Encyclical letter (Affari Vos) of the 8th December, 1897, concerning "the understanding ratified by the

to vilsiseusa has

"Legislature of Manitoba," of which the Honourable the Secretary

of State speaks:

"The law which they have passed to repair the injury is defec-"tive, unsuitable, insufficient. The Catholics ask, and no one can "deny that they justly ask, for much more. . . . In a word, "the rights of Catholics and the education of their children have "not been sufficiently provided for in Manitoba."

(See House of Commons Debates, 1898, column 5338.)

21. Is the Government ignorant that the Canadian Episcopate has pronounced in an unequivocal manner upon the value of the Laurier-Greenway arrangement, and has it read the following declarations:—

(Translation.)

"(a.) A new Government replaced the old one, and one day we "learned that between it and the Government of Manitoba an "understanding had come about, a compromise had been drawn up.

"This compromise was not the restitution of the violated rights, "it was not even an amelioration which might be reconciled with "the formal prescriptions of the Church. How could the Episcopate "approve of it? It therefore declared it unacceptable and the "Catholics of Manitoba continued to maintain their own schools at

"the price of the greatest sacrifices."

"The agreement effected between the Federal authorities of "Ottawa and the Provincial Government of Winnipeg, an agree"ment to which they would like to give the name of settlement of
"the school question, is declared" (by the Holy Father) "defective,
"imperfect, insufficient, and therefore cannot be accepted as an
"equitable solution of the question. It is, therefore, with reason
"that that agreement has been repudiated by the Episcopate, and
"that the Manitoban minority would not submit thereto." (Pastoral
"letter of Mgr. Begin, dated 6th January, 1898.)

(See also House of Commons Debates, 1898, column 5342.)

"(b.) The negotiations which have taken place between the "local authorities of Winnipeg and the Federal authorities of "Ottawa, have ended in an understanding which is given as the "settlement of the grave school question. First of all, I protest "against this word settlement. In a question in litigation, nothing "is settled if the two interested parties do not agree at all between "themselves.

"What is the contract that it is wished to impose upon us?

"The sum of the eight articles concerning religious instruction is the official proclamation of the principle of common and neutral schools. . . Let me tell you immediately that common and neutral schools have been condemned by the Church

"No Catholic, therefore, can approve of these schools unless he wishes to separate himself from the centre of unity."

(Sermon of Mgr. the Archbishop of St. Boniface, dated 22nd November, 1896.)

"(c.) As you know, quite as well as I, in spite of so many em"phatic promises, the Manitoba school question has not been settled
"at all according to the rights of honour and justice. The under"standing come to between the representatives of the central
"government of Ottawa and of the local government of Manitoba is
"only a sacrifice of the rights and interests of our co-religionists of
"this province without an acceptable compensation. Also, have not
"the terms and conditions of this understanding, which is only a

"cowardly and shameful capitulation, accomplished in the shadows "and in secret, revealed to the public that when its authors had "acquired the certainty that the enemies of our religion and of our "race would aid them to impose them upon a minority which had been persecuted and despoiled for six years past. . . Let it suffice me to draw your attention to the fact that the pretended settlement of the Manitoba schools question does not mean anything definite, but the criminal sanction of the establishment, for the Catholics of this province, 'of neutral schools,' which the Holy "Church has always repudiated and condemned."

(Circular of Mgr. Blais, Bishop of Rimouski.)

"(d.) Like my venerable colleagues, I do not hesitate an instant to disapprove of it absolutely myself (the Laurier-Greenway settle"ment), and I add, with Mgr. Begin, that no bishop will or can approve of the so-called settlement of the Manitoba schools question, which is not definitely based upon anything but an unjustifiable abandonment of the best established and the most sacred rights of the Catholic minority."

(Circular of Mgr. La Flèche, Bishop of Three Rivers, 11th February, 1897.)

"(e.) All the bishops of Canada, after receiving the Encyclical
"Affari Vos, unanimously repudiated and denounced the Laurier"Greenway arrangement in the terms employed by Mgr. Begin."

22. Does the Government not know that in a memorandum prepared for the Holy See by the Honourable Sir Wilfred Laurier, and signed by him, and bearing date 23rd November, 1896, it is written:—

"The population of Manitoba at the last census was 152,506, of whom 20,571 were Catholics, disseminated over ninety different municipalities."

(See House of Commons Debates, 1898, column 5378.)

And is the Government ignorant that out of these 20,571 Catholics of ninety different municipalities, only forty-one Catholics have made known their approval of the present Laurier-Greenway settlement in a document produced before Parliament, whilst the Catholics of Winnipeg, Ste. Pierre Joly, Ste. Anne des Chènes, St. Charles, Lorette, Ste. Agathe, &c., have made indignant protests and passed recolutions condemning the pretended arrangement, copies of which protests and resolutions have been laid upon the Table of this House.

(See Document No. 35, 2nd Sess. 8th Parlt., 60-61 Vict. 1897.)

23. In the face of multiplied condemnations does the Government really think that an arrangement to which the Catholic minority has not even been a party, but which was concluded without its necessary participation, without its knowledge, and contrary to its interests, can be considered as an arrangement putting an end to the Manitoba schools difficulty, as the Government by the mouth of the Honourable Secretary of State has declared it to be?

24. Cannot the present Government, which has regarded neither pecuinary sacrifices nor the more severe sacrifice of human lives when it was a question of causing a coercive policy to be adopted, and imposing by force of numbers on a South African people the obligation to grant British subjects advantages which they did not have, now find the moral sense, the energy and the means, and can it not submit itself to the imperative duty of imposing upon those who violate the treaties and misuse the constitution the obligation of respecting both, by granting the British subjects established in Manitoba the exercise of their religious rights and especially of

granting to fathers of families the sacred right of bringing up their children and having them instructed in conformity with the dictates

of their conscience?

25. Does the Government wish to continue to ignore the decrees of the Privy Council in England and the obligations of the Remedial Order, which exist in all their force and fulness, or does it intend to put them in force in accordance with the promise so to do so solemnly made to the electorate by him who is to-day the Prime Minister of this country, and upon whom is incumbent the duty of safeguarding the rights of the minority and of not prostituting the honour and the dignity of the Crown?

By the Honourable Mr. Landry:-

2 June 6—That he will inquire of the Government—

1. Did the Governor General in Council, on the 21st March, 1895, render judgment upon the appeal brought before his tribunal by the Catholic minority of Manitoba, and is that judgment known under the name of "The Remedial Order?"

2. Did not that judgment order the Legislature of Manitoba to do justice to the recognized grievances of the Catholic minority of

that Province?

3. Has the Legislature of Manitoba complied with that judgment,

and has it remedied the grievances of the Catholics?

4. If justice has not yet been rendered to the minority injured in its rights, does the Government intend to exact that the judgment rendered shall be executed, and is it going to take the steps to have it executed?

5. The case which this school question caused to rise having been appealed to the Federal tribunal, and a judgment having been rendered by that tribunal, is it not precisely upon that tribunal and upon no other that the obligation falls of causing its judgment to be

respected?

6. When is the Government going to cause the constitution and the judicial decrees to be respected, and when will the Federal Government, which, by law, is constituted the protector of the rights of minorities, treat this school question from the point of view of right and duty and not at all as a question serving as a stepping stone for certain politicians?

By the Honourable Mr. Landry:-

3 June 6—That he will draw the attention of the Government and of this House to the following part of a speech made, on the 27th January, 1897, by the Honourable R. R. Dobell, one of the Ministers in the present Cabinet, at a meeting of the Chamber of Commerce of Quebec, published in Le Soleil of the 1st March, 1897, and reading as follows:—

"It is the time for you to act," said he. "You have a Govern"ment which is decidedly favourable to you. I do not say that out
"of political feeling. If you wish to take the initiative in the way
"of progress, not only in order to build a bridge, but also for the
"accomplishment of other great enterprises, let me assure you that

"the Government will do more than its part to aid you. But, in

"the case of the bridge, I must tell you that the Government will object to a company in name only; it must have a company in good faith, a company which will give a guarantee to do its duty. I recently learned at Ottawa that great efforts were being made to continue the building of the Intercolonial to Montreal. Halifax is in favour of this project. Now Quebec does not hasten to build its bridge, the construction of the Intercolonial to Montreal will be accomplished, and then the utility of a bridge in front of the

"city will disappear, perhaps for ever. For the commerce between "the West and the Provinces will take this new way.

"Let me tell you that I will not among your that I will not among your that I will not among your than I will not among

"Let me tell you that I will not amuse you with false hopes. "When I left Ottawa to come down to Quebec, the Hon. Mr. "Laurier told me that I could announce to you that the Federal "Government will give \$1,000,000 for the construction of the "Quebec Bridge. The City of Quebec will subscribe \$500,000; the "local Government has promised \$1,000,000. There, then, are "\$2,500,000. The railway companies of Canada will subscribe the "balance by taking capital stock. . . . As you see, we can "build this bridge as soon as you like, for we have the funds ready."

And that he will ask :-

1. Was it in the name of the Government and as authorized by it that the Hon. R. R. Dobell put forth the propositions hereinabove enumerated?

2. Was he, at least, speaking in the name of the Prime Minister, and had the latter really charged the Hon. R. R. Dobell to announce what the Federal Government would do for the construction of a bridge in the neighbourhood of Quebec?

3. Is the extension of the Intercolonial from Lévis to Montreal now an accomplished fact, since the acquisition of the Drummond County Railway and the making of the contract with the Grand Trunk Company for the use of its line from Ste. Rosalie to Montreal?

4. If the extension of the Intercolonial to Montreal is an accomplished fact, what does the Government think of the utility of a bridge at Quebec in face of this general declaration of Mr. Dobell:

"If Quebec does not hasten to build its bridge, the construction of the Intercolonial to Montreal will be accomplished, and then the utility of a bridge in front of the city will disappear, perhaps for ever. For the commerce between the West and the Provinces will take this new way."

5. Do not the authorities of the Intercolonial at present make, and will they not always make, every effort to secure at Montreal the trade of the West and direct it towards the Maritime Provinces by way of the Drummond County Railway?

6. Has not the policy of the Government, in acquiring the Drummond County Railway and thus extending the Intercolonial to Montreal, given a fatal blow to the interests of Quebec, and gravely compromised, in the words of at least one of the members of the Government, the question of the construction of a bridge in front of, or in the neighbourhood of Quebec?

7. If the Government has decided to seriously aid in the construction of the Quebec Bridge and to promote the commercial interests of that city, is it at least going to give the necessary instructions in order that the Intercolonial shall not persist in turning away from Quebec all the traffic which would pass over the proposed bridge if the terminus of that railway were at Lévis in place of being in the very heart of the city of Montreal, that mighty abductor of all the traffic from the West?

8. Has the Government assured itself as to the amounts of money which are to be furnished respectively by—

(a.) The Government of the Province of Quebec;

(b.) The City of Quebec;

(c.) The Canadian railway companies which must use this bridge

for the passage of their traffic?

9. Does it know that the expectations of the Honourable Mr. Dobell have not been realized, and that the Government of the Province of Quebec has not been able to give \$1,000,000; that the City of Quebec, by its Council, has not contributed \$500,000; and that not a single railway company has yet subscribed a single penny to aid in the building of the bridge in question?

10. Could not the Government, in order to ensure the building of the bridge, ask from Parliament an additional grant equal at least to the amount of the differences between the amount of the subscriptions announced by Mr. Dobell and the real amount subscribed or voted by the City of Quebec, the Government of the

Province of Quebec, and the railway companies interested?

By the Honourable Mr. Macdonald (B.C.):—

1 June 8—That he will call attention to the following statement of commerce and the revenue contributed to the Dominion Treasury for the year

ending 30th June, 1899:-

The shipping of the two largest ports in the Dominion are taken, Quebec and Montreal, to show how British Columbia stands by comparison. The tonnage to these two ports, with cargo and in ballast, in British, Canadian and foreign ships being 1,767,190 tons, and that of five ports in British Columbia 1,867,604 tons, which shows a difference in favour of British Columbia of 100,414 tons. The comparison of revenue is made between Nova Scotia and British Columbia as being the two provinces most similar in the natural products of the mine, forest and sea, but the former has three times the population of the latter:

Another evidence of progress is the value of Money Orders issued in British Columbia for the year ending 30th June, 1899, \$1,633,143. Value of Money Orders paid in the same time, \$754,329.

Attention is also called to the short-sighted policy of the Government, and to its unfair and unjust treatment of British Columbia, a province which contributes more than three times per capita revenue than any province in the Dominion, and yet no return is made, or aid given for public improvements and the development of the country, such as opening up avenues of commerce. deepening and improving deep sea harbours and other such like works. The component colonies of the Australian proposed Commonwealth stipulate that the larger part of the Commonwealth revenue collected in the different colonies shall be returned proportionately to the respective colonies—a scheme to which the North American Colonies were not alive at the time of their federation-it would have been a wise precaution if some of them had been alive to it. The Government should, as an act of wise policy and as a matter of justice, deal in a fair spirit with so large a revenue-producing province as British Columbia

NOTICES OF MOTIONS.

For Wednesday, 13th June, 1900.

By the Honourable Mr. Landry:-

1 June 6—That he will draw the attention of the Government and of this House to the following part of a speech made, on the 27th January, 1897, by the Honourable R. R. Dobell, one of the Ministers in the present Cabinet, at a meeting of the Chamber of Commerce of Quebec, published in Le Soleil of the 1st March, 1897, and reading as follows:—

(Translation from the French.)

"It is the time for you to act," said he. "You have a Govern-"ment which is decidedly favourable to you. I do not say that out "of political feeling. If you wish to take the initiative in the way

"of progress, not only in order to build a bridge, but also for the accomplishment of other great enterprises, let me assure you that the Government will do more than its part to aid you. But, in

"the case of the bridge, I must tell you that the Government will object to a company in name only; it must have a company in

"good faith, a company which will give a guarantee to do its duty.
"I recently learned at Ottawa that great efforts were being made
"to continue the building of the Intercolonial to Montreal. Halifax

"is in favour of this project. Now Quebec does not hasten to build "its bridge, the construction of the Intercolonial to Montreal will

"be accomplished, and then the utility of a bridge in front of the "city will disappear, perhaps for ever. For the commerce between

"the West and the Provinces will take this new way.

"Let me tell you that I will not amuse you with false hopes.
"When I left Ottawa to come down to Quebec, the Hon. Mr.

"Laurier told me that I could announce to you that the Federal "Government will give \$1,000,000 for the construction of the "Quebec Bridge. The City of Quebec will subscribe \$500,000; the

"local Government has promised \$1,000,000. There, then, are \$2,500,000. The railway companies of Canada will subscribe the balance by taking capital stock. . . . As you see, we can build this bridge as soon as you like, for we have the funds ready."

And that he will ask :-

1. Was it in the name of the Government and as authorized by it that the Hon. R. R. Dobell put forth the propositions hereinabove enumerated?

2. Was he, at least, speaking in the name of the Prime Minister, and had the latter really charged the Hon. R. R. Dobell to announce what the Federal Government would do for the construc-

tion of a bridge in the neighbourhood of Quebec?

3. Is the extension of the Intercolonial from Lévis to Montreal now an accomplished fact, since the acquisition of the Drummond County Railway and the making of the contract with the Grand Trunk Company for the use of its line from Ste. Rosalie to Montreal?

4. If the extension of the Intercolonial to Montreal is an accomplished fact, what does the Government think of the utility of a bridge at Quebec in face of this general declaration of Mr.

Dobell:

"If Quebec does not hasten to build its bridge, the construction of the Intercolonial to Montreal will be accomplished, and then the utility of a bridge in front of the city will disappear, perhaps for ever. For the commerce between the West and the Provinces will take this new way."

5. Do not the authorities of the Intercolonial at present make, and will they not always make, every effort to secure at Montreal the trade of the West and direct it towards the Maritime Provinces

by way of the Drummond County Railway?

6. Has not the policy of the Government, in acquiring the Drummond County Railway and thus extending the Intercolonial to Montreal, given a fatal blow to the interests of Quebec, and gravely compromised, in the words of at least one of the members of the Government, the question of the construction of a bridge in front

of, or in the neighbourhood of Quebec?

7. If the Government has decided to seriously aid in the construction of the Quebec Bridge and to promote the commercial interests of that city, is it at least going to give the necessary instructions in order that the Intercolonial shall not persist in turning away from Quebec all the traffic which would pass over the proposed bridge if the terminus of that railway were at Lévis in place of being in the very heart of the city of Montreal, that mighty abductor of all the traffic from the West?

8. Has the Government assured itself as to the amounts of money which are to be furnished respectively by—

(a.) The Government of the Province of Quebec;

(b.) The City of Quebec;

(c.) The Canadian railway companies which must use this bridge

for the passage of their traffic?

9. Does it know that the expectations of the Honourable Mr. Dobell have not been realized, and that the Government of the Province of Quebec has not been able to give \$1,000,000; that the City of Quebec, by its Council, has not contributed \$500,000; and that not a single railway company has yet subscribed a single penny to aid in the building of the bridge in question?

10. Could not the Government, in order to ensure the building of the bridge, ask from Parliament an additional grant equal at least to the amount of the differences between the amount of the subscriptions announced by Mr. Dobell and the real amount subscribed or voted by the City of Quebec, the Government of the Province of Quebec, and the railway companies interested?

For Thursday, 14th June, 1900.

By the Honourable Mr. Landry:-

1 June 6—That he will inquire of the Government—

1. Did the Governor General in Council, on the 21st March, 1895, render judgment upon the appeal brought before his tribunal by the Catholic minority of Manitoba, and is that judgment known under the name of "The Remedial Order?"

2. Did not that judgment order the Legislature of Manitoba to do justice to the recognized grievances of the Catholic minority of

that Province?

3. Has the Legislature of Manitoba complied with that judgment,

and has it remedied the grievances of the Catholics?

4. If justice has not yet been rendered to the minority injured in its rights, does the Government intend to exact that the judgment rendered shall be executed, and is it going to take the steps to have it executed?

5. The case which this school question caused to rise having been appealed to the Federal tribunal, and a judgment having been rendered by that tribunal, is it not precisely upon that tribunal and upon no other that the obligation falls of causing its judgment to be

respected?

6. When is the Government going to cause the constitution and the judicial decrees to be respected, and when will the Federal Government, which, by law, is constituted the protector of the rights of minorities, treat this school question from the point of view of right and duty and not at all as a question serving as a stepping stone for certain politicians?

For Monday, 25th June, 1900.

By the Honourable Mr. Macdonald (B.C.):-

June 8—That he will call attention to the following statement of commerce and the revenue contributed to the Dominion Treasury for the year

ending 30th June, 1899:

The shipping of the two largest ports in the Dominion are taken, Quebec and Montreal, to show how British Columbia stands by comparison. The tonnage to these two ports, with cargo and in ballast, in British, Canadian and foreign ships being 1,767,190 tons, and that of five ports in British Columbia 1,867,604 tons, which shows a difference in favour of British Columbia of 100,414 tons. The comparison of revenue is made between Nova Scotia and British Columbia as being the two provinces most similar in the

natural products of the mine, forest and sea, but the former has three times the population of the latter:

Exports for the year ending 30th June, 1899. Nova Scotia. British Columbia.

Exports \$11,480,120 Exports \$14,749,032 Difference in favour of British Columbia, \$3,268,912.

Imports for the year ending 30th June, 1899. Nova Scotia. British Columbia.

Imports \$7,425,140 Imports \$8,687,432 Difference in favour of British Columbia, \$1,262,292

Revenue from all sources for the year ending 30th June, 1899.

Nova Scotia. British Columbia. Customs duties \$1,350,284 Customs duties \$2,111,322 Inland Revenue.... 228.830 Inland Revenue..... 520,787 Post Office..... Post Office.... 242,355 Commission, Money Commission, Money

Orders 11,454 Orders 13,648 Chinese tax..... 215,109

> \$1,900,218 \$3,103,221

Difference of Revenue in favour of British Columbia as against Nova Scotia, \$1,203,003.

Another evidence of progress is the value of Money Orders issued in British Columbia for the year ending 30th June, 1899, \$1,633,143. Value of Money Orders paid in the same time, \$754,329.

Attention is also called to the short-sighted policy of the Government, and to its unfair and unjust treatment of British Columbia, a province which contributes more than three times per capita revenue than any province in the Dominion, and yet no return is made, or aid given for public improvements and the development of the country, such as opening up avenues of commerce, deepening and improving deep sea harbours and other such like works. The component colonies of the Australian proposed Commonwealth stipulate that the larger part of the Commonwealth revenue collected in the different colonies shall be returned proportionately to the respective colonies—a scheme to which the North American Colonies were not alive at the time of their federation—it would have been a wise precaution if some of them had been alive to it. The Government should, as an act of wise policy and as a matter of justice, deal in a fair spirit with so large a revenue-producing province as British Columbia

NOTICES OF MOTIONS.

For Thursday, 14th June, 1900.

By the Honourable Mr. Landry: -

1 June 6—That he will inquire of the Government—

1. Did the Governor General in Council, on the 21st March, 1895, render judgment upon the appeal brought before his tribunal by the Catholic minority of Manitoba, and is that judgment known under the name of "The Remedial Order?"

2. Did not that judgment order the Legislature of Manitoba to do justice to the recognized grievances of the Catholic minority of

that Province?

3. Has the Legislature of Manitoba complied with that judgment,

and has it remedied the grievances of the Catholics?

4. If justice has not yet been rendered to the minority injured in its rights, does the Government intend to exact that the jndgment rendered shall be executed, and is it going to take the steps to have it executed?

5. The case which this school question caused to rise having been appealed to the Federal tribunal, and a judgment having been rendered by that tribunal, is it not precisely upon that tribunal and upon no other that the obligation falls of causing its judgment to be

respected !

6. When is the Government going to cause the constitution and the judicial decrees to be respected, and when will the Federal Government, which, by law, is constituted the protector of the rights of minorities, treat this school question from the point of view of right and duty and not at all as a question serving as a stepping stone for certain politicians?

By the Honourable Mr. Ferguson :-

June 13—That an humble Address be presented to His Excellency the Governor General; praying that His Excellency will cause to be laid before the Senate, copies of all plans, specifications, profiles, estimates of cost and all other papers relating to the construction of the proposed bridge over the Hillsborough River, at Charlottetown, P.E.I.,; said papers to include the contract entered into between the Government of Canada and that of Prince Edward Island regarding the said bridge; also, all correspondence on the said subject between the two Governments; and also, any Order in Council or of the Department of Railways settling the site of the said bridge.

For Monday, 25th June, 1900.

By the Honourable Mr. Macdonald (B.C.):-

1 June 8—That he will call attention to the following statement of commerce and the revenue contributed to the Dominion Treasury for the year

ending 30th June, 1899:-

The shipping of the two largest ports in the Dominion are taken, Quebec and Montreal, to show how British Columbia stands by comparison. The tonnage to these two ports, with cargo and in ballast, in British, Canadian and foreign ships being 1,767,190 tons, and that of five ports in British Columbia 1,867,604 tons, which shows a difference in favour of British Columbia of 100,414 tons. The comparison of revenue is made between Nova Scotia and British Columbia as being the two provinces most similar in the natural products of the mine, forest and sea, but the former has three times the population of the latter:

Exports for the year ending 30th June, 1899.

Nova Scotia. British Columbia.

Exports \$11,480,120 Exports \$14,749,032

Difference in favour of British Columbia, \$3,268,912.

Imports for the year ending 30th June, 1899.

Nova Scotia. British Columbia. Imports \$7,425,140 Imports \$8,687,432

Difference in favour of British Columbia, \$1,262,292. Revenue from all sources for the year ending 30th June, 1899.

Nova Scotia. British Columbia.

Stoms duties \$1,350,284 Customs duties \$2,111,3

Customs duties \$1,350,284	Customs duties\$2,111.322
Inland Revenue 228,830	Inland Revenue 520.787
Post Office 309,650	Post Office 242,355
Commission, Money	Commission, Money
Orders 11,454	Orders 13,648
	Chinese tax 215,109

\$1,900,218 \$3,103,221

Difference of Revenue in favour of British Columbia as against Nova Scotia, \$1,203,003.

Another evidence of progress is the value of Money Orders issued in British Columbia for the year ending 30th June, 1899, \$1,633,143. Value of Money Orders paid in the same time, \$754,329.

Attention is also called to the short-sighted policy of the Government, and to its unfair and unjust treatment of British Columbia, a province which contributes more than three times per capita revenue than any province in the Dominion, and yet no return is made, or aid given for public improvements and the development of the country, such as opening up avenues of commerce. deepening and improving deep sea harbours and other such like works. The component colonies of the Australian proposed Commonwealth stipulate that the larger part of the Commonwealth revenue collected in the different colonies shall be returned proportionately to the respective colonies—a scheme to which the North American Colonies were not alive at the time of their federation-it would have been a wise precaution if some of them had been alive to it. The Government should, as an act of wise policy and as a matter of justice, deal in a fair spirit with so large a revenue-producing province as British Columbia.

NOTICES OF MOTIONS.

For Friday, 15th June, 1900.

By the Honourable Sir Mackenzie Bowell, K.C.M.G.:-

1 June 14—That he will call the attention of the Government to the following:—
"(Special by cable from the Special Correspondent of the Montreal
Star in London.)

"London, June 13.—Hon. Clifford Sifton, speaking at the Mayral banquet at Cardiff, said that the Fast Atlantic Service and the Pacific Cable were destined to be accomplished in a very short time."

And inquire whether the Government has any information other than that already laid before Parliament, by correspondence or otherwise, relating to an early commencement of the laying of the Canadian-Australian Pacific Cable as indicated in the cable despatch quoted above. If so, will it be laid upon the Table of the Senate at an early day?

By the Honourable Sir Mackenzie Bowell, K.C.M.G.:

June 14—That he will call the attention of the Government to the following statement reported in the Victoria Times of the 2nd of June inst., to have been made by Mr. William Wallace Burns McInnes, son of the Governor of British Columbia, at a public meeting:—

"With reference to his father's position, he would let the audience into a little family secret. For the past two years his father had been in communication with the authorities at Ottawa in

relation to resigning, being sick and tired of the worry.

"Mr. TURNER.—That is untrue.

"Mr. McInnes.—That is not an untruth, and the records at

Ottawa will bear me out."

And inquire whether the Honourable Thomas R. McInnes, Lieutenant-Governor of British Columbia, has sent in his resignation to the Government, or intimated to the Premier or any of his colleagues a desire to be relieved from the responsibilities of the office he now holds. If so, has the Government taken any action in the matter? If not, do they intend doing so?

For Monday, 18th June, 1900.

By the Honourable Mr. Landry: -

1 June 14-That he will call the attention of the Government to the following facts:

1. That on the 13th day of June, 1900, an inquiry was made by the Honourable Mr. Landry concerning the Quebec Bridge and certain declarations attributed to the Honourable Mr. Dobell by the Soleil, the French recognized organ of the Liberal party in Quebec.

2. That in answer to such an inquiry the following statement

was made, and reads as follows :-

"Hon. Mr. Scott.—I have shown the question to Mr. Dobell, and he says it is absolutely incorrect and he declines to be catechised on a speech which was not accurately reported. He calls attention to the fact that he never made the statement that the Government had promised a million dollars. The speech was alleged to have been made two years and four months ago. However, Mr. Dobell's recollection is that the speech as quoted is not accurate.

"Hon. Mr. Landry.—Is that all the answer I am to get? "Hon. Mr. Scott.—That is all I can give my hon. friend.

"Hon. Mr. LANDRY.—It is very short. I want to know what the policy of the Government is.

"Hon. Mr. Scott—The hon. gentleman put the question and I

decline to answer it."

3. That further on during the debate, the following statement was made:—

"Hon. Mr. LANDRY—I am inquiring from him if it is an unparliamentary question to ask the Government if they are prepared to give supplementary aid to the Quebec Bridge. I think that is a parliamentary question.

"Hon. Mr. Scott-I answered that question.

"Hon. Mr. Landry—I want to know what is the policy of the Government on that question.

"Hon. Mr. MILLS-My hon. friend answered that part of the question, because that was a proper question to put."

And that he will ask:

What assertion is true? The assertion given by the Hon. Mr. Scott that he declines to answer to that part of the question referred to in the present statement, or that other positive affirmation given by the Hon. Mr. Mills, that the Hon. Secretary of State has answered that part of the question?

If an answer was given, where is the answer?

By the Honourable Mr. Landry: -

2 June 14—That he will inquire of the Government—

Has an appeal of the Manitoba school question been submitted to a Federal tribunal?

What was that Federal tribunal?

Has that tribunal rendered a judgment upon such case?

Has the Government any intention to have that judgment executed?

For Monday, 25th June, 1900.

By the Honourable Mr. Macdonald (B.C.):-

1 June 8—That he will call attention to the following statement of commerce and the revenue contributed to the Dominion Treasury for the year

ending 30th June, 1899:-

The shipping of the two largest ports in the Dominion are taken, Quebec and Montreal, to show how British Columbia stands by comparison. The tonnage to these two ports, with cargo and in ballast, in British, Canadian and foreign ships being 1,767,190 tons, and that of five ports in British Columbia 1,867,604 tons, which shows a difference in favour of British Columbia of 100,414 tons. The comparison of revenue is made between Nova Scotia and British Columbia as being the two provinces most similar in the natural products of the mine, forest and sea, but the former has three times the population of the latter:

Exports for the year ending 30th June, 1899.

Nova Scotia. British Columbia.

Exports \$11,480,120 Exports \$14,749,032 Difference in favour of British Columbia, \$3,268,912.

Imports for the year ending 30th June, 1899. Nova Scotia. British Columbia.

Revenue from all sources for the year ending 30th June, 1899.

Nova Scotia.

British Columbia.

Difference of Revenue in favour of British Columbia as against Nova Scotia, \$1,203,003.

Another evidence of progress is the value of Money Orders issued in British Columbia for the year ending 30th June, 1899, \$1,633,143. Value of Money Orders paid in the same time, \$754,329.

Attention is also called to the short-sighted policy of the Government, and to its unfair and unjust treatment of British Columbia, a province which contributes more than three times per capita revenue than any province in the Dominion, and yet no return is made, or aid given for public improvements and the development of the country, such as opening up avenues of commerce, deepening and improving deep sea harbours and other such like works. The component colonies of the Australian proposed Commonwealth stipulate that the larger part of the Commonwealth revenue collected in the different colonies shall be returned proportionately to the respective colonies—a scheme to which the North American Colonies were not alive at the time of their federation—it would have been a wise precaution if some of them had been alive to it. The Government should, as an act of wise policy and as a matter of justice, deal in a fair spirit with so large a revenue-producing province as British Columbia.

NOTICES OF MOTIONS.

For Monday, 18th June, 1900.

By the Honourable Mr. Landry:-

1 June 14-That he will call the attention of the Government to the following facts:

1. That on the 13th day of June, 1900, an inquiry was made by the Honourable Mr. Landry concerning the Quebec Bridge and certain declarations attributed to the Honourable Mr. Dobell by the Soleil, the French recognized organ of the Liberal party in Quebec.

2. That in answer to such an inquiry the following statement

was made, and reads as follows :-

"Hon. Mr. Scott.—I have shown the question to Mr. Dobell, and he says it is absolutely incorrect and he declines to be catechised on a speech which was not accurately reported. He calls attention to the fact that he never made the statement that the Government had promised a million dollars. The speech was alleged to have been made two years and four months ago. However, Mr. Dobell's recollection is that the speech as quoted is not accurate.

"Hon. Mr. LANDRY.—Is that all the answer I am to get?
"Hon. Mr. Scott.—That is all I can give my hon. friend.

"Hon. Mr. LANDRY.—It is very short. I want to know what the policy of the Government is.

"Hon. Mr. Scorr—The hon. gentleman put the question and I

decline to answer it."

3. That further on during the debate, the following statement

was made :-

"Hon. Mr. LANDRY—I am inquiring from him if it is an unparliamentary question to ask the Government if they are prepared to give supplementary aid to the Quebec Bridge. I think that is a parliamentary question.

"Hon. Mr. Scott-I answered that question.

"Hon. Mr. LANDRY—I want to know what is the policy of the Government on that question.

"Hon. Mr. MILLS--My hon. friend answered that part of the question, because that was a proper question to put."

And that he will ask:

What assertion is true? The assertion given by the Hon. Mr. Scott that he declines to answer to that part of the question referred to in the present statement, or that other positive affirmation given by the Hon. Mr. Mills, that the Hon. Secretary of State has answered that part of the question?

If an answer was given, where is the answer?

By the Honourable Mr. Landry:-

2 June 14—That he will inquire of the Government—

Has an appeal of the Manitoba school question been submitted to a Federal tribunal?

What was that Federal tribunal?

Has that tribunal rendered a judgment upon such case?

Has the Government any intention to have that judgment executed?

By the Honourable Mr. Landry: -

3 June 15—That an entry be made in the Journals of the Senate of the ruling of the Chair on a question of order raised by the Honourable Mr. Mills, and which is to be found in the following extract of the Debates, 14th June, 1900:—

"Hon. Mr. Mills—I might call attention to the fact, Mr. Speaker, that the question appeared on the Paper the other day and was answered, and it is not regular that it should be placed on the

Orders again

"The Speaker—When I saw that notice on the Paper I inquired of the Clerk why it had been placed on the Paper the second time, and was informed that some one had given instructions to one of the clerks to put it on the Orders of the Day without his knowledge. I thought that this inquiry had been answered, so that it is irregular to place it on the Orders of the Day again.

"Hon. Mr. LANDRY-I suppose I can give it as a notice of

motion?

"The Speaker—I do not think that the hon, gentleman can place on the Order Paper again a question which has been answered by the Minister.

"Hon. Mr. Landry—That might be so if the question had been answered; but supposing the question has not been answered?

"The Speaker—I may say to the hon, gentleman, that I think it is for the Minister to say whether he has answered the question. If he says he has no further answer to make, that is an end to the matter."

For Wednesday, 20th June, 1900.

By the Honourable Mr. Wood :-

1 June 15—That he will ask the Government, What are the Regulations now in force upon the Intercolonial Railway in respect to demurrage upon cars?

By the Hon. Mr. Wood :-

2 June 15—That an humble Address be presented to His Excellency the Governor General; praying that His Excellency will cause to be laid before the Senate, a Return showing: - 1. Which of the cars enumerated in the Return to an Address of the Senate, dated 7th May, 1900, as having "arrived at Hallfax and St. John, respectively, previous to the 10th April last and which had not been unloaded at that date," have been since unloaded.

2. Dates upon which such cars were severally unloaded.

3. Amount of demurrage collected on each car.

For Monday, 25th June, 1900.

By the Honourable Mr. Macdonald (B.C.):

June 8—That he will call attention to the following statement of commerce and the revenue contributed to the Dominion Treasury for the year

ending 30th June, 1899:—

The shipping of the two largest ports in the Dominion are taken, Quebec and Montreal, to show how British Columbia stands by comparison. The tonnage to these two ports, with cargo and in ballast, in British, Canadian and foreign ships being 1,767,190 tons, and that of five ports in British Columbia 1,867,604 tons, which shows a difference in favour of British Columbia of 100,414 tons. The comparison of revenue is made between Nova Scotia and British Columbia as being the two provinces most similar in the natural products of the mine, forest and sea, but the former has three times the population of the latter:

Exports for the year ending 30th June, 1899. British Columbia. Nova Scotia.

Exports \$11,480,120 Exports \$14,749,032 Difference in favour of British Columbia, \$3,268,912.

Imports for the year ending 30th June, 1899. British Columbia. Nova Scotia.

Imports \$7,425,140 Imports \$8,687,432 Difference in favour of British Columbia, \$1,262,292.

Revenue from all sources for the year ending 30th June, 1899.

British Columbia. Nova Scotia. Customs duties \$2,111,322 Customs duties \$1,350,284 Inland Revenue.... 520,787 Inland Revenue.... 228,830 242,355 Post Office.... Post Office.... 309,650

Money Commission, Money Commission,

13,648 11,454 Orders 215,109 Chinese tax....

> \$3,103,221 \$1,900,218

Difference of Revenue in favour of British Columbia as against Nova Scotia, \$1,203,003.

Another evidence of progress is the value of Money Orders. issued in British Columbia for the year ending 30th June, 1899, Value of Money Orders paid in the same time, \$1,633,143. \$754,329.

Attention is also called to the short-sighted policy of the Government, and to its unfair and unjust treatment of British

Columbia, a province which contributes more than three times per capita revenue than any province in the Dominion, and yet no return is made, or aid given for public improvements and the development of the country, such as opening up avenues of commerce, deepening and improving deep sea harbours and other such like works. The component colonies of the Australian proposed Commonwealth stipulate that the larger part of the Commonwealth revenue collected in the different colonies shall be returned proportionately to the respective colonies—a scheme to which the North American Colonies were not alive at the time of their federation—it would have been a wise precaution if some of them had been alive to it. The Government should, as an act of wise policy and as a matter of justice, deal in a fair spirit with so large a revenue-producing province as British Columbia.

it was

Ordered, That the said Bill be read a third time to-morrow.

The House, according to Order, was adjourned during pleasure, and put into Committee of the Whole on the Bill (169) intituled: "An Act to incorporate the Dominion of Canada Rifle Association."

In the Committee.

After some time the House was resumed, and

The Honourable Mr. McKay, from the said Committee, reported that they had gone through the said Bill, and had directed him to report the same to the House without any amendment.

On motion of the Honourable Mr. Scott, seconded by the Honourable Mr. Mills,

it was

Ordered, That the said Bill be read a third time to-morrow.

The House, according to Order, proceeded to the further consideration of the amendments made by the House of Commons to the Bill (K) intituled: "An Act further to amend the Criminal Code, 1892."

The Honourable Mr. Mills moved, seconded by the Honourable Mr. Scott,

That the Senate doth not concur in the amendment to section 1, postponing the operation of the Act till "the first day of January, 1901," and amend this amendment, by inserting "the first day of September, 1900;" because it is desirable that the improvements made in the criminal law by this Act shall go into operation at the earliest possible date consistent with the due publication of its provisions.

The question of concurrence being put thereon the same was resolved in the

affirmative.

The Honourable Mr. Mills moved, seconded by the Honourable Mr. Scott,

That the Senate doth not concur in the third amendment for the following reasons:—

(a.) The proposed section 359a would offer great inducements to perjury on the part of the vendors;

(b.) It would give a creditor who claimed or asserted that there had been a false pretence on the part of the purchaser an opportunity to practically coerce such purchaser into giving such creditor an undue preference over his other creditors;

(c.) It would injuriously interfere with the ordinary and long established methods

of conducting business between vendors and purchasers; and

(d.) No act should be declared a statutory crime, where there is any substantial doubt as to the desirability of such declaration.

The question of concurrence being put thereon, the same was resolved in the affirmative.

The Honourable Mr. Mills moved, seconded by the Honourable Mr. Scott,

That the Senate doth not concur in the fifth amendment; because *The Trade Unions Act*, ch. 131 of the Revised Statutes, gives the necessary protection to combinations of workmen, and because there does not appear to be any substantial reason why any class of persons should be exempted from the operation of section 520 of the Criminal Code.

The question of concurrence being put thereon, the same was resolved in the affirmative.

The Honourable Mr. Mills moved, seconded by the Honourable Mr. Scott,

That a Message be sent to the House of Commons by one of the Masters in

Chancery, to acquaint that House:

1. That the Senate hath agreed to their 2nd, 4th, 6th, 7th, 8th, 9th, 10th, 11th, 12th, 13th and 14th amendments to the Bill (K) intituled: "An Act further to amend the Criminal Code, 1892."

2. That the Senate hath amended the first amendment of the House of Commons by striking out "the first day of January, 1901," and inserting in lieu thereof "the first

"day of September, 1900":

Because it is desirable that the improvements made in the criminal law by this Act shall go into operation at the earliest possible date consistent with the due publication of its provisions.

3. That the Senate hath disagreed to the third amendment for the following

reasons :-

(a.) The proposed section 359a would offer great inducements to perjury on the

part of vendors;

(b.) It would give a creditor, who claimed or asserted that there had been a false pretence on the part of the purchaser, an opportunity to practically coerce such purchaser into giving such creditor an undue preference over his other creditors;

(c.) It would injuriously interfere with the ordinary and long established methods

of conducting business between vendors and purchasers;

(d.) No act should be declared a statutory crime where there is a substantial doubt as to the desirability of such declaration.

4. That the Senate hath disagreed to the fifth amendment for the following reason: Because *The Trade Unions Act*, ch. 131 of the Revised Statutes, gives the necessary protection to combinations of workmen, and because there does not appear to be any substantial reason why any class of persons should be exempted from the operation of section 520 of the Criminal Code.

The question of concurrence being put thereon, the same was resolved in the

affirmative, and

Ordered, accordingly.

Then, on motion of the Honourable Mr. Mills, seconded by the Honourable Mr. Scott,

The Senate adjourned.

NOTICES OF MOTIONS.

For Tuesday, 19th June, 1900.

By the Honourable Mr. Landry:-

1 June 14-That he will call the attention of the Government to the following facts:

1. That on the 13th day of June, 1900, an inquiry was made by the Honourable Mr. Landry concerning the Quebec Bridge and certain declarations attributed to the Honourable Mr. Dobell by the Soleil, the French recognized organ of the Liberal party in Quebec.

2. That in answer to such an inquiry the following statement

was made, and reads as follows :-

- "Hon. Mr. Scott.—I have shown the question to Mr. Dobell, and he says it is absolutely incorrect and he declines to be catechised on a speech which was not accurately reported. He calls attention to the fact that he never made the statement that the Government had promised a million dollars. The speech was alleged to have been made two years and four months ago. However, Mr. Dobell's recollection is that the speech as quoted is not accurate.
 - "Hon. Mr. Landry.—Is that all the answer I am to get?
 "Hon. Mr. Scott.—That is all I can give my hon. friend.
- "Hon. Mr. Landry.—It is very short. I want to know what the policy of the Government is.

"Hon. Mr. Scott—The hon. gentleman put the question and I

decline to answer it."

3. That further on during the debate, the following statement was made:—

"Hon. Mr. Landry—I am inquiring from him if it is an unparliamentary question to ask the Government if they are prepared to give supplementary aid to the Quebec Bridge. I think that is a parliamentary question.

"Hon. Mr. Scott-I answered that question.

"Hon. Mr. LANDRY—I want to know what is the policy of the Government on that question.

"Hon. Mr. MILLS--My hon. friend answered that part of the question, because that was a proper question to put."

And that he will ask:

What assertion is true? The assertion given by the Hon. Mr. Scott that he declines to answer to that part of the question referred to in the present statement, or that other positive affirmation given by the Hon. Mr. Mills, that the Hon. Secretary of State has answered that part of the question?

If an answer was given, where is the answer?

For Wednesday, 20th June, 1900.

By the Honourable Mr. Wood:

June 15—That he will ask the Government, What are the Regulations now in force upon the Intercolonial Railway in respect to demurrage upon cars?

By the Hon. Mr. Wood:-

- 2 June 15—That an humble Address be presented to His Excellency the Governor General; praying that His Excellency will cause to be laid before the Senate, a Return showing:—1. Which of the cars enumerated in the Return to an Address of the Senate, dated 7th May, 1900, as having "arrived at Halifax and St. John, respectively, previous to the 10th April last and which had not been unloaded at that date," have been since unloaded.
 - 2. Dates upon which such cars were severally unloaded.
 - 3. Amount of demurrage collected on each car.

By the Honourable Mr. Ferguson:-

3 June 18—That an humble Address be presented to His Excellency the Governor General; praying that His Excellency will cause to be laid before the Senate, a statement showing in detail the work undertaken, expenditure incurred and results obtained in the experimental operation carried on last year in regard to orcharding in Prince Edward Island; giving the names of all persons employed to carry on the work and the amount paid to each, and stating on whose recommendation such persons were employed.

By the Honourable Mr. Ferguson :-

- 4 June 18—That an humble Address be presented to His Excellency the Governor General; praying that His Excellency will cause to be laid before the Senate,—1. Copies of all letters and telegrams between the Government of Canada, or any member or official thereof, and the Premier of Prince Edward Island or any other person relative to the selection, preparation and forwarding of the products of the said island for the Paris Exhibition; and also, relating to the appointment of any person to take charge of the said products at Paris.
 - 2. A detailed statement of the said products.
 - 3. A statement in detail of all moneys expended in the selection, preparation and forwarding of said products, and to whom paid.

For Monday, 25th June, 1900.

By the Honourable Mr. Macdonald (B.C.):-

1 June 8—That he will call attention to the following statement of commerce and the revenue contributed to the Dominion Treasury for the year

ending 30th June, 1899 :-

The shipping of the two largest ports in the Dominion are taken, Quebec and Montreal, to show how British Columbia stands by comparison. The tonnage to these two ports, with cargo and in ballast, in British, Canadian and foreign ships being 1,767,190 tons, and that of five ports in British Columbia 1,867,604 tons, which shows a difference in favour of British Columbia of 100,414 tons. The comparison of revenue is made between Nova Scotia and British Columbia as being the two provinces most similar in the natural products of the mine, forest and sea, but the former has three times the population of the latter:

Exports for the year ending 30th June, 1899.

Nova Scotia. British Columbia.

Exports \$11,480,120 Exports \$14,749,032 Difference in favour of British Columbia, \$3,268,912.

Imports for the year ending 30th June, 1899.

Nova Scotia.

British Columbia.

Revenue from all sources for the year ending 30th June, 1899.

Nova Scotia. British Columbia.

Customs duties \$2,111,322 Customs duties \$1,350,284 Inland Revenue.... 520,787 228,830 Inland Revenue.... 242,355 Post Office.... 309,650 Post Office..... Commission, Money Commission, Money 13,648 11,454 215,109 Chinese tax....

\$1,900,218 \$3,103,221

Difference of Revenue in favour of British Columbia as against

Nova Scotia, \$1,203,003.

Another evidence of progress is the value of Money Orders issued in British Columbia for the year ending 30th June, 1899, \$1,633,143. Value of Money Orders paid in the same time,

\$754.329.

Attention is also called to the short-sighted policy of the Government, and to its unfair and unjust treatment of British Columbia, a province which contributes more than three times per capita revenue than any province in the Dominion, and yet no return is made, or aid given for public improvements and the development of the country, such as opening up avenues of commerce, deepening and improving deep sea harbours and other such like works. The component colonies of the Australian proposed Commonwealth stipulate that the larger part of the Commonwealth revenue collected in the different colonies shall be returned proportionately to the respective colonies—a scheme to which the North American Colonies were not alive at the time of their federation—it would have been a wise precaution if some of them had been alive to it. The Government should, as an act of wise policy and as a matter of justice, deal in a fair spirit with so large a revenue-producing province as British Columbia.

By the Honourable Mr. Landry:-

1 June 19—That he will move that the Minutes of Proceedings of the Senate for 18th
June, 1900, be corrected by inserting therein, in the proper place,
the following entry:—

"The Honourable Mr. Landry moved that an entry be made in the Minutes of Proceedings of the Senate of the decision of the Speaker upon the point of order raised by the Honourable Mr. Mills, which is to be found in the following extract of the Senate Debates of the 14th June, 1900:—

"Hon. Mr. Mills—I might call attention to the fact, Mr. "Speaker, that the question appeared on the Paper the other day and "was answered, and it is not regular that it should be placed on the "Orders again.

"The Speaker—When I saw that notice on the Paper I "inquired of the Clerk why it had been placed on the Paper the "second time, and was informed that some one had given instructions "to one of the clerks to put it on the Orders of the Day without his

"knowledge. I thought that this inquiry had been answered, so that "it is irregular to place it on the Orders of the Day again.

"Hon. Mr. LANDRY—I suppose I can give it as a notice of "motion?

"The SPEAKER—I do not think that the hon. gentleman can "place on the Order Paper again a question which has been answered "by the Minister.

"Hon. Mr. LANDRY—That might be so if the question had been answered; but supposing the question has not been answered?

"The Speaker—I may say to the hon. gentleman, that I "think it is for the Minister to say whether he has answered the "question. If he says he has no further answer to make, that is "an end to the matter."

The question of concurrence having been put upon the said motion, it was, upon division, resolved in the negative.

For Monday, 25th June, 1900.

By the Honourable Mr. Macdonald (B.C.):

1 June 8-That he will call attention to the following statement of commerce and the revenue contributed to the Dominion Treasury for the year

ending 30th June, 1899:-

The shipping of the two largest ports in the Dominion are taken, Quebec and Montreal, to show how British Columbia stands by comparison. The tonnage to these two ports, with cargo and in ballast, in British, Canadian and foreign ships being 1,767,190 tons, and that of five ports in British Columbia 1,867,604 tons, which shows a difference in favour of British Columbia of 100,414 tons. The comparison of revenue is made between Nova Scotia and British Columbia as being the two provinces most similar in the natural products of the mine, forest and sea, but the former has three times the population of the latter:

Exports for the year ending 30th June, 1899. British Columbia. Nova Scotia.

Exports \$11,480,120 Exports \$14,749,032 Difference in favour of British Columbia, \$3,268,912.

Imports for the year ending 30th June, 1899. British Columbia. Nova Scotia.

Difference in favour of British Columbia, \$1,262,292.

Revenue from all sources for the year ending 30th June, 1899. British Columbia. Nova Scotia.

11014 200014.	0 1 1
Customs duties \$1,350,284	Customs duties \$2,111,322
Inland Revenue 228,830	Inland Revenue 520,787
Post Office 309,650	Post Office 242,355
	Commission, Money
	Orders 13,648
Ordors	Chinese tax 215,109

\$3,103,221 \$1,900,218

Difference of Revenue in favour of British Columbia as against Nova Scotia, \$1,203,003.

Another evidence of progress is the value of Money Orders issued in British Columbia for the year ending 30th June, 1899, Value of Money Orders paid in the same time, \$1,633,143.

\$754,329.

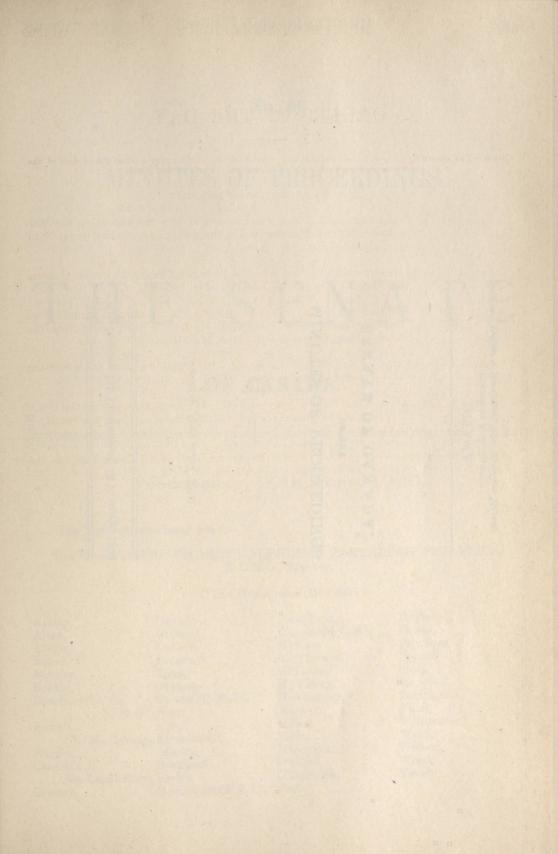

Attention is also called to the short-sighted policy of the Government, and to its unfair and unjust treatment of British Columbia, a province which contributes more than three times per capita revenue than any province in the Dominion, and yet no return is made, or aid given for public improvements and the development of the country, such as opening up avenues of commerce, deepening and improving deep sea harbours and other such like works. The component colonies of the Australian proposed Commonwealth stipulate that the larger part of the Commonwealth revenue collected in the different colonies shall be returned proportionately to the respective colonies—a scheme to which the North American Colonies were not alive at the time of their federation-it would have been a wise precaution if some of them had been alive to it. The Government should, as an act of wise policy and as a matter of justice, deal in a fair spirit with so large a revenue-producing province as British Columbia.

the following entry:-

"The Honourable Mr. Landry moved that an entry be made in the Minutes of Proceedings of the Senate of the decision of the Speaker upon the point of order raised by the Honourable Mr. Mills, which is to be found in the following extract of the Senate Debates of the 14th June, 1900:—

"Hon. Mr. MILLS—I might call attention to the fact, Mr. "Speaker, that the question appeared on the Paper the other day and "was answered, and it is not regular that it should be placed on the

"Orders again.

"The SPEAKER-When I saw that notice on the Paper I "inquired of the Clerk why it had been placed on the Paper the "second time, and was informed that some one had given instructions "to one of the clerks to put it on the Orders of the Day without his "knowledge. "Hon. Mr. LANDRY-That might be so if the question had "been answered; but supposing the question has not been answered?

"The Speaker-I may say to the hon. gentleman, that I "think it is for the Minister to say whether he has answered the "question. If he says he has no further answer to make, that is "an end to the matter."

The question of concurrence having been put upon the said

motion, it was, upon division, resolved in the negative.

By the Honourable Mr. Macdonald (B.C.):-

1 June 8-That he will call attention to the following statement of commerce and the revenue contributed to the Dominion Treasury for the year

ending 30th June, 1899:-

The shipping of the two largest ports in the Dominion are taken, Quebec and Montreal, to show how British Columbia stands by The tonnage to these two ports, with cargo and in comparison. ballast, in British, Canadian and foreign ships being 1,767,190 tons, and that of five ports in British Columbia 1,867,604 tons, which shows a difference in favour of British Columbia of 100,414 tons. Another evidence of progress is the value of Money Orders issued in British Columbia for the year ending 30th June, 1899, \$1,633,143. Value of Money Orders paid in the same time, \$754.329.

Attention is also called to the short-sighted policy of the Government, and to its unfair and unjust treatment of British Columbia, a province which contributes more than three times per capita revenue than any province in the Dominion, and yet no return is made, or aid given for public improvements and the development of the country, such as opening up avenues of commerce, deepening and improving deep sea harbours and other such like works. The component colonies of the Australian proposed Commonwealth stipulate that the larger part of the Commonwealth revenue collected in the different colonies shall be returned proportionately to the respective colonies—a scheme to which the North American Colonies were not alive at the time of their federation-it would have been a wise precaution if some of them had been alive to it. The Government should, as an act of wise policy and as a matter of justice, deal in a fair spirit with so large a revenue-producing province as British Columbia.

NOTICES OF MOTIONS.

For Monday, 25th June, 1900.

By the Honourable Mr. Macdonald (B.C.):—

1 June 8—That he will call attention to the following statement of commerce and the revenue contributed to the Dominion Treasury for the year

ending 30th June, 1899:-

The shipping of the two largest ports in the Dominion are taken, Quebec and Montreal, to show how British Columbia stands by comparison. The tonnage to these two ports, with cargo and in ballast, in British, Canadian and foreign ships being 1,767,190 tons, and that of five ports in British Columbia 1,867,604 tons, which shows a difference in favour of British Columbia of 100,414 tons. The comparison of revenue is made between Nova Scotia and British Columbia as being the two provinces most similar in the natural products of the mine, forest and sea, but the former has three times the population of the latter:

Exports for the year ending 30th June, 1899.

Nova Scotia. British Columbia.

Exports \$11,480,120 Exports \$14,749,032 Difference in favour of British Columbia, \$3,268,912.

Imports for the year ending 30th June, 1899. Nova Scotia. British Columbia.

Imports \$7,425,140 Imports \$8,687,432 Difference in favour of British Columbia, \$1,262,292.

Revenue from all sources for the year ending 30th June, 1899.

Nova Scotia.

British Columbia.

Customs duties\$1,350,284 Customs duties\$2,111,322
Inland Revenue 228,830 Inland Revenue 520,787
Post Office 309,650 Post Office 242,355
Commission, Money Commission, Money

\$1,900,218 \$3,103,221

13,648

215,109

Difference of Revenue in favour of British Columbia as against Nova Scotia, \$1,203,003.

Another evidence of progress is the value of Money Orders issued in British Columbia for the year ending 30th June, 1899, \$1,633,143. Value of Money Orders paid in the same time, \$754,329.

Attention is also called to the short-sighted policy of the Government, and to its unfair and unjust treatment of British Columbia, a province which contributes more than three times per capita revenue than any province in the Dominion, and yet no return is made, or aid given for public improvements and the development of the country, such as opening up avenues of commerce. deepening and improving deep sea harbours and other such like works. The component colonies of the Australian proposed Commonwealth stipulate that the larger part of the Commonwealth revenue collected in the different colonies shall be returned proportionately to the respective colonies—a scheme to which the North American Colonies were not alive at the time of their federation-it would have been a wise precaution if some of them had been alive to it. The Government should, as an act of wise policy and as a matter of justice, deal in a fair spirit with so large a revenue-producing province as British Columbia.

By the Honourable Mr. Ferguson:-

2 June 20—That he will call the attention of the Senate to irregularities and favouritism in the payment of Fishery Bounty cheques in Prince Edward Island, and will inquire what the Government propose to do in the matter?

By the Honourable Mr. Ferguson :-

3 June 22—That he will ask the Government for a statement showing what proportion of the payments for oils for the Intercolonial Railway made to the Galena Oil Company and the Imperial Oil Company respectively, for the year ending the 31st October, 1899, as shown by a Return presented to the Senate on the 10th day of May last, were for lubricating purposes?

By the Honourable Mr. Scott:—

4 June 22—When the House is in Committee of the Whole on Bill (141) An Act respecting the Grain Trade in the Inspection District of Manitoba, he will move that the following be added to clause 37:—

"37 (a.) It shall be the duty of the owner, lessee or manager of "every elevator now equipped with grain cleaners to clean the grain

"before it is weighed, when so requested to do.

"(b.) Persons interested in the weighing of any grain at country elevators shall have free access to the scales while such grain is being weighed. The net weight of the grain so cleaned shall be specified on the face of the certificate given the seller by the purchaser.

"(c.) The proprietor, lessee or manager of any elevator failing "to comply with the provisions of this section shall be guilty of an

"offence under the Act."

For Tuesday, 26th June, 1900.

By the Honourable Mr. Ferguson:—

- June 18—That an humble Address be presented to His Excellency the Governor General; praying that His Excellency will cause to be laid before the Senate,—1. Copies of all letters and telegrams between the Government of Canada, or any member or official thereof, and the Premier of Prince Edward Island or any other person relative to the selection, preparation and forwarding of the products of the said island for the Paris Exhibition; and also, relating to the appointment of any person to take charge of the said products at Paris.
 - 2. A detailed statement of the said products.
 - 3. A statement in detail of all moneys expended in the selection, preparation and forwarding of said products, and to whom paid.

The Reporters (Messieurs Holland Brothers) in making an application for an extra allowance over and above the amount of their contract, represented to your Committee that they had based their contract (made in 1885) upon a Session of fifteen weeks and a volume of 600 pages; and as the present Session has been prolonged beyond the time, and the bulk of the volume increased, they therefore prayed to be indemnified in consequence.

Your Committee, in unanimously recommending that the sum of six hundred (\$600.00) dollars be paid them over and above any balance accruing to them under their present contract, cannot refrain from expressing their satisfaction with the work

performed by the Reporters.

Your Committee recommend that Mr. H. R. Holmden be appointed for the next Session of Parliament upon the reporting staff of the Senate, to be paid at the rate of thirty dollars (\$30) per week, with the understanding, however, that his services may be dispensed with at any time during the Session upon one week's notice given to him.

His services to be: to attend Standing and Special Committees of the Senate, and prepare a synoptical report of the discussion and proceedings in each of them; and have the same placed in the hands of the Press reporters (newspaper correspondents) for early

use.

Also, to prepare a synopsis of the Debates of the Senate, during the progress of the Debate, and have the same ready to be handed to the Press reporters, not later than one hour after the rising of the Senate, in the afternoon. A Message was brought from the House of Commons by their Clerk in the following words:—

House of Commons, Monday, 2nd July, 1900.

Resolved, That a Message be sent to the Senate to acquaint their Honours that this House disagrees to their amendments to the Bill (No. 118), an Act respecting the Timagami Railway Company, for the following reasons:—

1st amendment:—"Because the person named in the amendment is unknown to

the promoters of the said Bill."

2nd amendment:

"1. Because it would render it utterly impossible for the promoters of the Bill to make adequate financial arrangements for carrying out the scheme, owing to the great engineering difficulties that would have to be encountered in the construction of a rail-way between the points named in the measure and Lake Timagami.

2. Because a feasible line has been already surveyed between Sturgeon Falls and said lake—as shown by surveyor's report—thus connecting the settlements in that section of the country lying north of the Canadian Pacific Railway, with the thriving

and rapidly growing town of Sturgeon Falls, where good markets will be found for such produce as the settlers may be able to dispose of, instead of connecting them with the unimportant and still unincorporated village of Verner.

3. Because the promoters have reasonable assurance that capital can be obtained to construct the railway provided the Bill is passed in the original form asked by the

4. Because the said promoters have already had a charter for two years with a starting point 'at or near Verner,' and have found themselves unable to induce capitalists to invest their money in the construction of a railway on that proposed line.

All which is respectfully submitted.

639

Ordered, That the Fifty-fourth Rule of the Senate be dispensed with in so far as the same relates to the Bill (176) intituled: "An Act to incorporate the South Shore Line Railway Company," as recommended in the Twenty-ninth Report of the Standing Committee on Standing Orders.

On motion of the Honourable Mr. Gillmor, seconded by the Honourable Mr.

Ordered, That the Bill (176) intituled: "An Act to incorporate the South Shore Line Railway Company," be placed upon the Orders of the Day for a second reading to-morrow.

The Order of the Day being read for the consideration of the Message from the House of Commons disagreeing to the amendments made by the Senate to the Bill (118) intituled: "An Act respecting the Lake Timagami Railway Company."

The Honourable Mr. Dobson moved, seconded by the Honourable Mr. Perley, That the Senate doth not insist upon their amendments to the said Bill, to which

the House of Commons have disagreed.

The Honourable Mr. Clemow, in amendment moved, seconded by the Honourable

That the Senate do insist upon their amendments to the said Bill for the following reasons :-

To second amendment: Those so-called "great engineering difficulties" are pure inventions. A good road already exists through exactly the same track where the railway line is proposed. The country is level and highly fit for colonization, a large proportion of it being already under settlement.

It is the shortest line to reach Lake Timagami from the Canadian Pacific Railway, being only twenty-six miles in length, whilst the shortest road from Sturgeon Falls could not be built in less than fifty-five miles, through a very rough, hilly and swampy

country, mostly unfit for colonization and full of engineering difficulties.

Financial arrangements are not only possible but a man is found who is ready to supply the necessary funds to build the road from Domremy to Bay Jeanne, whilst he declined to do so from Sturgeon Falls.

The so-called feasible line between Sturgeon Falls and Timagami has never been surveyed. They speak of a surveyor's report but they have never shown any and the original promoters challenge them to produce any genuine plans, estimates or reports confirming their statement that they have a good road. On the contrary, it is that they have made a failure in their attempt simply because the country is impracticable.

The original form asked by the promoters is from Verner and not from Sturgeon

Now Mr. Bremner himself declares in a letter dated London, England, June 6th, 1900, that he does not see his way clear to finance that road from Sturgeon Falls.

This assertion is a false statement, because, as a matter of fact, on the 16th of September last, at the regular annual meeting of the Board at Sturgeon Falls, an agreement was entered upon between the Provisory Directors and a capitalist from Denver, Colorado, to the effect that Mr. Primeau would finance the road and commence to build it in May last.

But Mr. E. Bremner succeeded in turning that man away and put his hand on the original charter so that he could realize a profitable transaction himself. Of course there is more money in selling a long road than a short one, and that is likely the reason why Mr. Bremner does not wish to build from Verner, but from Sturgeon Falls.

V

If the settlers of that section are of so much importance, why did they not manifest at least the fact of their existence, by a petition similar to that one bearing over seven hundred names of the settlers in the region of Verner, who justly and energetically protest against the change of the road?

The question of concurrence being put upon the said motion, in amendment; the House divided: and the names being called for, they were taken down, as follow:—

So it was resolved in the negative.

The question of concurrence being again put upon the main motion;

That the reasons given by the House of Commons for rejecting the amendments made by the Senate to the said Bill be referred to the Committee on Railways, Telegraphs and Harbours for the purpose of considering said reasons, and take evidence as to the correctness of the statements made by both the promoters and those opposing the Bill.

3 July 9-That he will inquire of the Government-

Whether it is the intention of the Government to put into execution the promise contained in the programme set forth by the Liberal convention held at Ottawa in June, 1893, in so far as the reform of the Senate is concerned?

Whether the Government intends to begin this reform of the Senate by giving this House a number of representatives in the Cabinet equal to that which the former Administration had granted?

Whether the Government thinks it can continue this reform by ceasing to recruit from one province only the members of the Senate which it takes into the Cabinet?

Whether it is the intention of the Government not to stop in the way of reforms, but to continue its work by giving, as the preceding Government had done, a French representative among the number of Senators forming part of the Cabinet?

When will the Government begin these reforms?

Resolved, That a Message be sent to the Senate to acquaint their Honours that this House disagrees to their amendment to the Bill (No. 189) an Act to amend the

Act respecting the Judges of Provincial Courts, for the following reasons:

"1. Because by section 92 of the British North America Act, it is provided that in each province, the legislature will have exclusive power to make laws concerning 'the administration of justice in the province, including the constitution, maintenance and organization of provincial courts, both of civil and criminal jurisdiction and including procedure in civil matters in those courts';

"2. Because by section 96 of the same Act, it is provided that the Governor General shall appoint the judges of all courts organized by provincial legislatures

(except those of the courts of Probate in Nova Scotia and New Brunswick);

"3. Because by an Act of the Legislature of the Province of Quebec, passed in 1899, viz, 62 V. ch. 29, it was provided that the constitution of the Superior Court of the Province of Quebec should be amended, and that the said court should be composed of thirty-four judges, the object being to give three additional judges to the district of Montreal;

"4. Because the object of the first section of the present Bill, which was rejected by the Senate, is to comply with the duty imposed upon the Federal Government and Parliament by the aforesaid section 96 of the British North America Act, in so far as

the above action of the Legislature of Quebec is concerned;

"5. Because the act of the Senate in rejecting the said section of this Bill is an infringement of the principle of provincial autonomy secured in the British North America Act."

Ordered, That the Clerk of the House do carry the said Message to the Senate.

Attest,

J. G. BOURINOT, Clerk of the Commons.

On motion of the Honourable Mr. Mills, seconded by the Honourable Mr. Scott, it was

Ordered, That the said Message be taken into consideration by the Senate to-morrow.

The question of concurrence being put thereon, the same was resolved in the

affirmative, and

Ordered, accordingly.

Then, on motion of the Honourable Mr. Mills, seconded by the Honourable Mr. Scott,

The Senate adjourned until to-morrow at eleven o'closk in the forencon.

MINUTES OF PROCEEDINGS

OF

THE SENATE

OF CANADA.

Wednesday, 18th July, 1900.

The Senate met at Ten o'clock in the forenoon.

The Members convened were :-

The Honourable Sir CHARLES ALPHONSE PANTALEON PELLETIER, K.C.M.G., Speaker,

The Honourable Messieurs

Baird, Clemow,
Baker, Ferguson,
Boucherville, de Landry,
(C.M.G.),McKindsey,

(Sir Mackenzie),McMillan,

Mills, Montplaisir, O'Brien, Owens, Power, Primrose, Scott, Sullivan, Villeneuve, Watson, Yeo, Young. PRAYERS.

His Honour the Speaker informed the Senate that he had received the following communication from the Governor General's Secretary:—

OTTAWA, 17th July, 1900.

SIR,—I have the honour to inform you that His Excellency the Governor General will proceed to the Senate Chamber, to prorogue the Session of the Dominion Parliament on Wednesday the 18th instant, at 3 o'clock p.m.

I have the honour to be, Sir,

Your obedient servant,

L. G. DRUMMOND, Major,

Governor General's Secretary.

The Honourable

The Speaker of the Senate.

A Message was brought from the House of Commons by their Clerk, in the following words:—

House of Commons, Tuesday, 17th July, 1900.

Resolved, That a Message be sent to the Senate to acquaint their Honours that this House doth not insist on their third amendment made to the Bill (K), from the Senate, intituled: "An Act further to amend the Criminal Code. 1892," but concurs in the disagreement of the Senate thereto.

Ordered, That the Clerk of the House do carry the said Message to the Senate.

Attest,

J. G. BOURINOT,

Clerk of the Commons.

A Message was brought from the House of Commons by their Clerk, in the following words:—

House of Commons, Tuesday, 17th July, 1900.

Resolved, That a Message be sent to the Senate to acquaint their Honours that this House hath agreed to the 1st, 3rd to 45th inclusive, and 54th to 87th inclusive, of the amendments made by the Senate to the Bill (133), intituled: "An Act to consolidate and amend the law relating to the Election of Members to the House of Commons."

And hath disagreed to the 2nd amendment to the said Bill for the following

reason:

"That it is unnecessary and would render the working of the North-west Territories Representation Act cumbersome."

And hath disagreed to the 46th, 47th, 48th, 49th, 50th, 51st, 52nd and 53rd

amendments to the said Bill for the following reasons:

1. Because the "Controverted Elections Act" already makes ample and proper prevision for the scrutiny before two Judges of the Supreme Court of all objected votes polled in Prince Edward Island under conditions which assure to all interested parties, electors and candidates, the amplest guarantees that the rights of the voters will be examined into and determined on after proper notices given.

2. Because the addition to the powers of the County Court Judge of holding a scrutiny in conjunction with the recount will prolong the proceedings to an undesirable length, and will raise serious questions of conflict of jurisdiction between the County Court Judge under this Act, and the Judges of the Supreme Court under the

"Controverted Elections Act."

3. Because the addition of a scrutiny to a recount is inadvisable and takes away from parties who may consider themselves aggrieved, any right of appeal from the decision of the County Court Judge.

4. Because the provisions in the amendment for a scrutiny are inadequate and do not provide for the giving of proper notices to the parties interested, of the votes to be attacked, and because it is difficult if not impossible, to make provision within the time in which a recount should be held for the giving of such notices and procuring the necessary evidence against or in support of such votes, and the expenses of such an election scrutiny would be largely in excess of the suggested deposit.

5. Because the acceptance of the amendment leaves it open for the same questions to be adjudicated upon first by the County Court Judge and afterwards under the

"Controverted Elections Act."

Ordered, That the Clerk of the House do carry the said Message to the Senate.

Attest.

J. G. BOURINOT,

Clerk of the Commons.

The Honourable Mr. Mills moved, seconded by the Honourable Mr. Scott,

That the Senate do not insist on their second, forty-sixth, forty-seventh, forty-eighth, forty-ninth, fiftieth, fifty-first, fifty-second and fifty-third amendments made to the said Bill to which the House of Commons have disagreed.

The Honourable Mr. Ferguson in amendment, moved, seconded by the Honourable Mr. Landry,

That the Senate doth insist on its 46th, 47th, 48th, 49th, 52nd and 53rd amend-

mentt, for the following reasons:-

1. Because it is desirable that in Prince Edward Island as in all the other Provinces of Canada the candidate declared to be elected should have a majority of votes of qualified electors.

2. Because these amendments provide a simple, effective, timely and speedy mode of determining the qualification of persons whose right to vote is objected to, including all necessary provisions for notice to parties concerned, and giving ample time for taking

the proceedings.

3. Because such a mode of determination is analogous to the mode adopted for all the other Provinces of Canada. In those Provinces the qualification of a voter is determined by the fact of the person's name being found on the list of voters and cannot be questioned in proceedings under The Controverted Elections Act. It is desirable that in Prince Edward Island also, where there are no voters' lists, the qualification or disqualification should be determined before the return is made, leaving to the operation of The Controverted Elections Act, only the decision of those questions which may properly be dealt with thereunder. A scrutiny had under that Act deals only with the validity of the ballot papers polled, not with the qualifications of the voters polling them.

4. Because The Controverted Elections Act was designed and enacted as an integral part of the election laws of Canada before the radical change made in those laws by The Franchise Act, 1898, and therefore had not, and has not now, within its purview the determination of any question as to the qualification of a voter, and, if at all, it is only by a strained construction thereof that it can be made applicable to the case which the said amendments provide for. Moreover, it lacks necessary provisions for the determination of the control of the control of the determination of the control of the control

nation of such questions.

5. Because, even admitting that *The Controverted Elections Act* provides a remedy for the evils which the said amendments are intended to obviate, and this the Senate denies, nevertheless such remedy is objectionable on the following grounds:—

(a.) It involves delay and is much more troublesome and expensive than the pro-

cedure proposed by the amendments.

(b.) The candidate petitioning under *The Controverted Elections Act* for a judicial investigation of votes objected to would necessarily claim the seat, and by doing so and providing the necessary deposit he would open the door for the member returned to raise all other questions without making any deposit, and in this way the object of the petitioner would be defeated.

6. Because, even admitting that the amendments would lead to conflicts of jurisdiction between the County Court Judge and the Supreme Court of Prince Edward

Island sitting to try election petitions, and this is denied by the Senate, it is practicable, by a simple amendment to section 90 of the Bill, to provide that the decision of the County Court Judge as to the qualification of any person whose vote is objected to shall be final and unquestionable in any proceedings under *The Controverted Elections Act*.

7. Because, even admitting that the result of the said amendments would be to create a double course of procedure, and this is denied by the Senate, this result, so far from being disadvantageous, would conduce to the exercise of care and discretion by the County Court Judge in the discharge of the duties devolving upon him, and would greatly discourage any attempt to reverse his decision by proceedings under *The Controverted Elections Act*.

8. Because there can be no conflict of jurisdiction between the County Court Judge acting under these amendments and the Supreme Court of Prince Edward Island acting under *The Controverted Elections Act*, inasmuch as there can be no return made until the former has discharged his duties, and the action of the Supreme Court under that Act cannot be invoked until there has been a return made.

The question of concurrence being put on the said amendment to the main motion; the House divided: and the names being called for, they were taken down as follow:—

So it was resolved in the affirmative.

Resolved, That a Message be sent to the House of Commons by one of the Masters in Chancery to inform that House

That the Senate doth insist on its 46th, 47th, 48th, 49th, 52nd and 53rd amend-

ments, for the following reasons :-

1. Because it is desirable that in Prince Edward Island as in all the other Provinces of Canada the candidate declared to be elected should have a majority of votes of qualified electors.

2. Because these amendments provide a simple, effective, timely and speedy mode of determining the qualification of persons whose right to vote is objected to, including all necessary provisions for notice to parties concerned, and giving ample time for taking

the proceedings.

3. Because such a mode of determination in analogous to the mode adopted for all the other Provinces of Canada. In those Provinces the qualification of a voter is determined by the fact of the person's name being found on the list of voters and cannot be questioned in proceedings under *The Controverted Elections Act*. It is desirable that in Prince Edward Island also, where there are no voters' lists, the qualification or disqualification should be determined before the return is made, leaving to the operation of *The Controverted Elections Act*, only the decision of those questions which may properly be dealt with thereunder. A scrutiny had under that Act deals only with the validity of the ballot papers polled, not with the qualifications of the voters polling them.

- 4. Because The Controverted Elections Act was designed and enacted as an integral part of the election laws of Canada before the radical change made in those laws by The Franchise Act, 1898, and therefore had not, and has not now, within its purview the determination of any question as to the qualification of a voter, and, if at all, it is only by a strained construction thereof that it can be made applicable to the case which the said amendments provide for Moreover, it lacks necessary provisions for the determination of such questions.
- 5. Because, even admitting that *The Controverted Elections Act* provides a remedy for the evils which the said amendments are intended to obviate, and this the Senate denies, nevertheless such remedy is objectionable on the following grounds:—

(a.) It involves delay and is much more troublesome and expensive than the pro-

cedure proposed by the amendments.

- (b.) The candidate petitioning under *The Controverted Elections Act* for a judicial investigation of votes objected to would necessarily claim the seat, and by doing so and providing the necessary deposit he would open the door for the member returned to raise all other questions without making any deposit, and in this way the object of the petitioner would be defeated.
- 6. Because, even admitting that the amendments would lead to conflicts of jurisdiction between the County Court Judge and the Supreme Court of Prince Edward Island sitting to try election petitions, and this is denied by the Senate, it is practicable, by a simple amendment to section 90 of the Bill, to provide that the decision of the County Court Judge as to the qualification of any person whose vote is objected to shall be final and unquestionable in any proceedings under *The Controverted Elections Act.*
- 7. Because, even admitting that the result of the said amendments would be to create a double course of procedure, and this is denied by the Senate, this result, so far from being disadvantageous, would conduce to the exercise of care and discretion by the County Court Judge in the discharge of the duties devolving upon him, and would greatly discourage any attempt to reverse his decision by proceedings under *The Controverted Elections Act*.
- 8. Because there can be no conflict of jurisdiction between the County Court Judge acting under these amendments and the Supreme Court of Prince Edward Islaud acting under *The Controverted Elections Act*, inasmuch as there can be no return made until the former has discharged his duties, and the action of the Supreme Court under that Act cannot be invoked until there has been a return made.

The Honourable Mr. Ferguson moved, seconded by the Honourable Mr. Landry, That the Senate doth insist on its 50th and 51st amendments for the following reasons:—-

(a.) Because the reasons given by the House of Commons for disagreeing thereto are not applicable to these amendments.

(b.) Because the 50th amendment is merely a verbal change to preserve uniformity

of language.

(c.) Because the 51st amendment corrects a manifest error in section 90, caused apparently by copying from the original source of the section words which have no application since the repeal of "The Electoral Franchise Act."

The question of concurrence being put thereon, it was, on the same division, resolved

in the affirmative.

After which His Excellency the Governor General was pleased to close the Fifth Session of the Eighth Parliament of the Dominion with the following Speech:—

Honourable Gentlemen of the Senate:

Gentlemen of the House of Commons:

In relieving you from further attendance in Parliament, I desire to thank you for the diligent attention which you have given to the labours of an exceptionally protracted Session.

When Parliament opened in the month of February last, the thoughts of the whole

Empire was centred on the war which was then raging in South Africa.

The marked successes which have since attended the British arms, and in which our Canadian volunteer soldiers have taken a conspicuous and glorious part, justify the hope that peace will be soon restored in that distant land.

The large number of private Bills with industrial objects, considered and passed is

a good indication of the great expansion of the business of the country.

I desire to congratulate you on the buoyant state of the revenue. The large receipts have enabled my Government to provide liberally for the public service and to maintain Canada's strong financial position.

A marked feature of the Session has been the adoption of many important measures

which must beneficially affect the future of the Dominion.

The improvements in the Act relating to banks will tend to perfect a system of banking of which Canada has reason to feel proud.

The extension of the British preference in our tariff will tend to reduce the burden

of taxation and stimulate the growth of our trade with the Mother country.

The measure you have passed respecting the admission of Canadian inscribed stock to the list of securities in which trustees in Great Britain may invest is being followed by similar legislation in the Imperial Parliament, which will, in due course, consummate this very important improvement in the financial affairs of the Dominion.

There is reason to believe that the legislation of this Session will have important and favourable results. I particularly congratulate you upon the passing of the Con-

ciliation Act which, it is confidently hoped, will not only improve the condition of the industrial classes, but will also better promote the relations which ought to exist between Capital and Labour.

Gentlemen of the House of Commons:

I thank you for the liberal provision which you have made for the public service.

Honourable Gentlemen of the Senate:

Gentlemen of the House of Commons:

It affords me much pleasure to observe that the prosperity of Canada continues unabated, and I pray that Divine Providence may continue to look with favour upon this Dominion.

THE SPEAKER of the Senate then said:

Honourable Gentlemen of the Senate:

Gentlemen of the House of Commons:

It is HIS EXCELLENCY THE GOVERNOR GENERAL'S will and pleasure, that this Parliament be prorogued until Saturday, the first day of September next, to be here held, and this Parliament is accordingly prorogued until the first day of September next.

Sth Session, 8th Parliament, 63 Viotoria,

Wednesday, 18th July, 1900.
