The copy filmed here has been reproduced thanks to the generosity of:

D. B. Weldon Library  
University of Western Ontario  
(Regional History Room)

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shell contains the symbol  $\rightarrow$  (meaning "CONTINUED"), or the symbol  $\nabla$  (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

D. B. Weldon Library  
University of Western Ontario  
(Regional History Room)

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole  $\rightarrow$  signifie "A SUIVRE", le symbole  $\nabla$  signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

**THE EDISON STANDARD  
P H O N O G R A P H**  
COSTS \$20.00, is larger than  
the "Gem" and runs more  
records with one winding. It is

a very handsome looking machine. The cabinet work is very attractive and is an ornament in any home. It possesses what the "Gem" does not have, namely, a shaving attachment, by which you can prepare the surface of a cylinder for a new record. That is to say, you can use the same cylinder over and over again to make your own records, if you are careful in shaving. Special Records cost 50 cents each, or \$5.00 the dozen. THE Rhymes in this Jingle-book are part of a series—one for each letter of the alphabet—printed in the PHONOGRAM, a little monthly Phonograph magazine. Each of the twentysix Jingles shows a different use for the Phonograph. Some of these are in actual daily practice: some are suggestions. They will give you an idea of the wide field that the Phonograph covers. How about YOU? Don't you want to have some of this fun in your own home?

**THE EDISON HOME  
PHONOGRAPH**  
**Price complete \$30.00**

**T**HE Edison Home Phonograph costs \$30.00 complete, and differs only from the more expensive Phonographs in that it does not run quite so many records. It is a fine instrument and has stood the test of time. Like all other Phonographs it has been improved very much since it was first offered for sale some five years ago. It is still the most popular machine for the home, among people who recognize that a good article is worth the money.
