INFLUENTIAL LIBERALS ENTER PROTEST AGAINST RECIPROCITY

A Spontaneous, Impressive and Patriotic Expression—Men Who Signed Among the Most Prominent in Financial and Business Circles in the City—A Globe Director Among Them—Benefits of Great Railway Expansion Would Be Lost, They Say—Disturbance to Trade if Enacted and Later Repealed.

MOST SERIOUS BLOW WHICH EVER THREATENED CANADIAN NATIONALITY.

There was handed to the press last night the following document, signed by nineteen names well known in Toronto, and everyone a Liberal—the subject of which document is a strong, outspoken and reasoned protest against the proposed reciprocity treaty with the United States.

The Protest.

- We oppose ratification of the proposed reciprocity agreement with the United States of America: 1. Because in the year 1897 the parliament of Canada repealed the legislation then existing relating to reciprocity...

ways been one of the pillars of that party in this city.

W. B. MATTHEWS: Mr. Matthews is well known in Toronto. He is a director of the Canadian Pacific, vice-president of the Dominion Bank and president of the Standard Silver Mortgage Company...

W. K. GEORGE: Mr. George is a young Toronto business man of the later type. He is a graduate of the University of Toronto...

Z. A. LASH: Mr. Lash in many ways is Toronto's ablest lawyer today. He was for a long time member of the Ontario bar...

W. FRANCIS: Mr. Francis is a director of the Standard Bank, a barrister, we think, by occupation, a director of the Consumers' Gas Company and of other companies in Toronto...

W. T. WHITE: Mr. White is the head of the National Trust Company, and like Mr. Lash an active member of the University of Toronto...

G. T. SOMERS: Mr. Somers is in the grain business; he has an office in the board of trade, where he is connected with the handling and milling of grain...

W. M. CLARK: Mr. Mortimer Clark, late lieutenant-governor of Ontario, was one of the most successful in that office of any one who ever filled it.

R. J. CHRISTIE: Mr. Christie is the head of the big Christie, Biscuit Co. of Toronto, whose products are now sold all over Canada.

JOHN H. BLAISE: Mr. Blaikie is one of the oldest of Toronto's citizens, and has been identified with various companies and corporations here for many years.

H. BLAIN: Mr. Blain is a director of the Toronto Globe. He is the head of a large wholesale grocery firm in Toronto...

WHY WAS TRAVERS REMOVED? WARDEN OF PENITENTIARY GAVE HIM UP SAYS HE WAS THREATENED

Exciting Tale of a Prisoner Rushed Off by Sheriff's Men, While City Detective Tried in Vain to Recover Him—Guard Told Travers 20 Years' Sentence Would Follow Dis-closures.

POLICE WERE ALSO TOLD TO LET UP

In the very midst of the deepest probe to date into the affairs of the wrecked and looted Farmers Bank, by the collapse of which more than a million dollars was lost to the farmers of Ontario, W. R. Travers, who had been left to guide the crown in its pursuit of others responsible for the wreck, was Saturday morning taken from that service, and rushed off to the stencils of the grey walls of Kingston penitentiary.

Sheriff Takes Responsibility.

Sheriff Mowat says that he is responsible for the sudden removal of Travers, who had been left in the city jail much longer than usual. He says that he acted solely upon his own motion, and that no one but himself had to do with the removal of Travers.

A Sinister Power.

Those who are cognizant of the facts as nearly as may be in their entangled state, do not hesitate to declare that they believe that some sinister force is at work to stop the mouth of Travers at any cost. It is pointed out that once inside the walls of Kingston Penitentiary "arguments" could have been brought to bear upon Travers' mind which may make it very difficult to induce a return of his apparently frank willingness to tell of the affairs of the bank.

Travers Back Sunday.

Travers will be back in the city this (Sunday) morning. Inspector of Detectives Walter Duncan left the city at 1:30 Saturday afternoon to bring him back, upon an order of Judge Winchester, chairman of the general sessions of the peace, demanding his return as a material witness in the case against Col. James Munro, president of the defunct bank, who is to appear before him Thursday, to answer to a charge of signing false returns regarding the bank's affairs to the government at Ottawa, and the warden of the penitentiary has said to the Toronto police that he would turn the prisoner over to Inspector Duncan Saturday night, so that he might be returned on the midnight train.

John C. Eaton.

When Detective McKinnon went to the jail shortly after 8 o'clock Saturday morning to take Travers to the penitentiary, he found the prisoner in the cell of the late Timothy Eaton, and when his father died he assumed the headship not only in name but in fact of the active management of the business, which has nearly doubled since the death of the late Mr. Eaton.

A NEW PHASE

Governor Dix suggests survey of Long Sault Channel. OTTAWA, Feb. 19.—(Special.)—The Long Sault dam, proposition has assumed a new phase, which will be referred to in the commons to-morrow by Mr. Borden, Lt.-Gov. John A. Dix of New York State, has written Hon. W. P. Frye, chairman of the United States committee on commerce, that in his opinion the pending bill fails to cover properly the interests of navigation, and suggesting that before final action is taken by congress there should be a survey of the channel and approval obtained from the secretary of war and the Dominion.

Inspector Duncan Returns With His Prisoner—Altho Told That Travers Was Still Wanted as a Witness, Sheriff's Officers Refused to Notify Inspector Duncan or the Sheriff of the Fact.

AUTHORITIES DID NOT CLIP HIS HAIR

Inspector of Detectives Duncan returned to the city Sunday morning with the much-moved Mr. Travers safely in tow. Leaving Toronto on the 1:50 train Saturday afternoon he had driven directly from the Kingston station to the penitentiary, where his man was turned over to him at 8:30 Saturday night. Travers is now again in the jail, where he was taken by Detective Armstrong, who met the train and relieved Inspector Duncan of his prisoner. Travers was given his breakfast before being taken to the Don Castle.

"Then I Fell at His Feet as One Dead"

Strange Coincidence in the Text of His Sermon, With Tragic Fate of Montreal Pastor.

MONTREAL, Feb. 19.—The sudden death of Rev. A. J. Mowatt, for twenty years and more pastor of the Park Street Presbyterian Church, which took place in a terribly sudden manner this morning, caused general mourning amongst the members of his congregation and general sorrow throughout the city. For two months past Dr. Mowatt was not considered gravely indisposed, but was forbidden by his doctor to follow his ministerial duties at Park Street. Yet no one supposed that the divine was so near his end.

Against his medical attendants' wishes the doctor expressed his intention of preaching at the morning service, and Rev. Dr. Scott, a member of the Gore, Hants Co., N.S., was asked to assist the regular pastor. He was reading the first hymn when Dr. Mowatt was seen to lean forward, cover his face with his hands, and the deacons rushed into the pulpit, thinking their beloved pastor had been seized with a fainting fit. They carried him into the vestry, but he never regained consciousness and death came very soon.

Everything was in an uproar in an instant. A few moments later Rev. Dr. Scott returned to the platform, and in a loud, choked voice called the pastor to the congregation that he who had been their pastor for twenty years past, was no more. In dead silence the awaited further announcement. Rev. Dr. Scott stated that since God had so suddenly called his old servant to himself the service must be discontinued. He then pronounced the benediction, and the congregation left the building.

Pistol in Hand and Blood in His Eye

Hunted by a man with an automatic pistol in his hand and blood in his eye, Sylvester Carter, the caretaker of the Berkeley Apartments, Berkeley and Queen-streets, had a harrowing experience Saturday night, or early Sunday morning. He was called out of bed by Ernest Hicks, one of the tenants, who wanted the key to his room, and after he had let Hicks in the two sets down to enjoy a "split" of beer, Hicks got abusive and an altercation ensued over the fact that the caretaker was slow about producing the key.

Harrowing Experience of Caretaker of Apartments—Tenant Got Excited.

Hicks whipped out a pistol and Carter, grabbing a detached leg of a chair, clubbed him over the head and "beat it" down the elevator and into his own flat. Hicks staggered to his feet and pursued by the stairs. He knocked Carter's door open and Carter jumped out of the window. F. C. Drayton on the corner and Carter told him his troubles. Hicks was locked up in Wilton-avenue station, charged with being drunk and Carter laid the additional information of the threatening to kill. The pistol contained seven loaded cartridges.

Engineer Rust Fears Break in Intake Pipe

Water would be cut off last night. It is believed that the rumor originated in a certain church at the morning service, and the report spread like wild fire, however, the rumor was absolutely without foundation, but if Mr. Rust's assumption is correct, the citizens of Toronto must prepare to stand by for the sandy water for a short time longer, as the frost king may seriously hinder the work of examination and repair. However, we need have no fear as to the safety of the water for drinking purposes, as Dr. Nasmith of the city health department states that the bacteriological tests made in the city health department laboratory on Friday, of samples of water taken from the pumping station, as to the usual chlorine treatment, shows the following results: 10 a.m. number bacteria per c. c. 23 11 a.m. " " " " 24 12 noon " " " " 9

B. E. WALKER: Sir Edmund Walker, in fact, president of the Canadian Bank of Commerce, Toronto, and the most successful banker in Canada to-day, has built up the Bank of Commerce till its standing is equal to that of any institution we have in Canada, and its reputation is spreading in every direction. From a statement published the other day, it was seen that the shareholders in this bank are increasing in England, and in the other provinces, and that from a commercial point of view the Bank of Commerce is in touch with more concerns than any other bank or financial corporation in Canada. Sir Edmund Walker is a Canadian who was trained in the Bank of Commerce, who became its New York agent about 25 years ago was brought back to take the general management. He is a public-spirited man, and has undertaken to give his time and his best consideration to things of national import outside of his business. For instance, he has been a very hard worker in connection with the reorganization and strengthening of the University of Toronto. He has done a lot to encourage art in Toronto and Canada generally. He was a member of the Quebec Battlefields Commission, and is yet, and gives every moment of his spare time outside of his business to public service or advancement of one kind or another.

End is Clear, But Quantity of Sand in Pipe Still Large—Some Jokers Stir Rumor That Water Was to Be Off Last Night—No Fear of Contamination.

"I am very much afraid that there is a break somewhere in the intake pipe," stated City Engineer Rust, speaking to The World last night in regard to an alleged rumor that the water supply would be cut off last night. I expect that the amount of sand in the water does not seem to decrease, although we have examined the mouth of the intake pipe and find that it is clear. It appears to me that there must be a break in the pipe, probably at some joint, and as soon as the ice shifts enough to enable us to work at it, we will examine the pipe. I expect that the reasonable explanation of the continuance of such a large percentage of sand in the water is such a break," he concluded. HAMILTON HAPPENINGS

FATHER BRADY DEAN OF HAMILTON DIOCESE

Will Also Be Examiner at Theological Conferences—48th Defeated.

HAMILTON, Feb. 19.—(Special.)—In St. Lawrence's Church this morning, Bishop Dowling announced that he had appointed Rev. E. M. Brady to take charge of St. Basil's Church in Brantford, and that he had created him dean of the Diocese of Hamilton, and a diocesan councillor, by virtue of which offices he will also be an examiner at theological conferences.

The announcement of the changes came as a surprise to the congregation, but Dean Brady, in accepting his transfer, said he always desired to work in harmony with the bishop, and he thanked him for the honors he had conferred on him. The bishop said that in making the change he consulted with but one person, and that was Archbishop McEvoy of Toronto, who helped to build St. Lawrence's Church. Dean Brady has been pastor of that church almost since its inception about 21 years ago, and in that time he has built a presbytery and cleared the church property of debt. He was popular with members of all denominations, and had always manifested a deep interest in the affairs of the north end of the city. He was also a member of the Hamilton Astronomical Society. He will represent Bishop Dowling at the installation of the Archbishop of Ottawa on Wednesday.

Israel Markie, a resident of Millgrove for many years, died at the home of his son-in-law, W. J. Organ, 162 South West-street, to-day. He was in his 86th year, and is survived by four sons and three daughters. The interment will take place in Millgrove. Mrs. Elizabeth B. Nicol, wife of Robert Nicol, 720 East King-street, died to-day in her 93rd year.

Hon. George E. Foster will speak on reciprocity in Association Hall on Tuesday night. Sir Edmund Walker has also been invited to speak, but as it is not known whether or not he will accept.

Defeated the 48th. At the exercises on Saturday night the 48th Highlanders indoor baseball team was defeated by the 91st Highlanders by a score of 23 to 27. The teams:

48th Highlanders—Sanford, c.; Chisholm, 3 b.; Hawkins, 2 b.; Grand, r.a.; Sinclair, 1 b.; Anderson, 1 b.; Armstrong, 1 b.; McEwen, 1 b.; 91st Highlanders—Brown, 2 b.; Cumming, 1 b.; Gilmour, p.; Harrower, r.f.; Brecker, c.; Burton, 3 b.; Buchanan, r.a.; 19th Regiment, c.; 18th, this city, also played a game, in which the local men won by the score of 12 to 6.

Guelph Agricultural College. Seniors and Hamilton boys played a game of basketball at the Y.M.C.A. Saturday night. The lads won, 48 to 18. Teams:

May Be Suicide. An overcoat and a scarf were found beside Maegie Wilson's ice channel in the bay this afternoon, and a note in the pocket revealed that it belonged to Christopher Andrews, who boarded at 370 Wilson street. It is believed that his body is in the bay, and that he may have committed suicide. He has been missing from his boarding-house for several days, and the cause of his strange disappearance is not known. The police are grappling for his body this afternoon, but failed to find it. They will resume operations in the morning.

Deputy Chief Whalley, Sergeant Lowrey and a squad of plainclothes policemen visited the Stockyards Hotel about noon to-day. It is understood that the doors were locked, and that a charge will be preferred against the proprietor, William Condon, for failing to live up to the requirements in that respect. No evidence of liquor sold was secured.

Miss Wolfe and Jan Hambourg. A musical event looked forward to with large interest is the song recital to be given in Massey Hall on Monday evening, the 27th inst., by Miss Teresa Frances Wolfe, under the distinguished patronage of the Lieutenant-Governor and Mrs. Gibson. Miss Wolfe is a young dramatic lyric soprano who has won large success both in Europe and America. She will be assisted by Mr. Jan Hambourg, the well-known violinist. As with so many famous artists, a Heintzman & Co. piano will be used on this occasion.

TORONTO REAL ESTATE MAN OPENS LONDON OFFICES

English Confidence in Canadian Investments Continues Unabated.

Glowing with enthusiasm for the future of Toronto and Ontario real estate, and happy in his success at having convinced many British capitalists of the stability of Canadian investments, E. B. Robins, president of Robins, Limited, returned from a four weeks' trip to England, yesterday morning.

The trip of Mr. Robins was primarily for the purpose of closing certain large deals in Toronto business blocks and some extensive tracts of land adjacent to the city, which the purchasers will hold for future developments. He also was on hand for the opening of the new offices of the firm. There is one office on the Strand for the dissemination of information regarding Ontario real estate investments, and another, a financial office on Lombard street, thru which the company's financial business will be transacted.

In addition to the information office in London, the company have James Fraser traveling thru the country, lecturing on the possibilities that Ontario offers the prospective settler. He is emphasizing opportunities for the small farmer and the market gardener and also outlining the chances which the province offers to those with money to invest.

"The proposed reciprocity treaty has caused a little unrest," said Mr. Robins, in reply to a question as to how it was viewed in the mother country. "They do not quite understand it over there. It has not perturbed them to a sufficient extent to impair general Canadian investments, however."

"The English financiers take it more seriously than the Scotch," continued Mr. Robins. "By this I mean the London and Edinburgh financial interests. The latter are much better posted on Canadian affairs than the former. This is due to a large extent to the cannyness of the Scot. He takes nothing for granted, but makes his own inquiries. He is keen and far-seeing in investment matters."

Things Have Changed. "Hitherto bonds and stocks have been the investments to attract both the English and Scotch capitalists. Things have changed. Now they are inclined to go into land speculation. The firm has disposed of large blocks of Ontario lands to both English and Scotch capitalists who have never before put money into such an enterprise. The financial men both in London and Edinburgh have great faith in the Canadian real estate investments being offered to-day."

Mr. Robins has faith in the future of Ontario. He is convinced that it is to be the densely populated province of the Dominion. He predicts that the place to send a man who comes to Ontario is to the place where the land is to be developed. He is not discouraged if he has not the funds to carry him along for a time. The result is that the large tract of land in a sparsely settled country is sold for what it brings to the first land speculator that comes along, and he returns to England to denounce Canada.

"In Ontario it is different. The man who finds it impossible to make his way for himself is in a place where he can work for others and in time become independent. Free lands and settlement in the country for this reason."

The west is the country for the man who is used to conditions. A man from Ontario can go out there and make a large tract of land because he is familiar with the country's methods. Ontario is the place for the Britisher to settle with the best of the conditions which obtain. After he has done so he should be able to go west and succeed.

"We have big plans for market gardens and small fruit farms in Ontario," said Mr. Robins. "We are going to settle them with the best of the conditions which obtain. After he has done so he should be able to go west and succeed."

"We are going to establish a labor bureau in connection with the London office," he continued. "We will take care of all the artisans sent thru this channel, and see that they are properly treated. We will be in a position to offer the inducements of the way of securing homes and they will be a class of skilled workmen who are needed and will be welcomed."

"When are you going to commence work on your new offices?" he was asked. "In about three months," was the reply. "We are very much crowded for room in our present quarters. We cannot secure any more space where we now are, and the rapid growth of our business makes it imperative that we get additional accommodation at once."

While in London Mr. Robins was one of the Canadians to address the Imperial Mission in the house of commons on Imperialism. He spoke of the success of his trip. It exceeded his fondest hopes.

Mr. Robins is in the Montreal, arriving in New York on Friday. He reports real estate interests in both New York and Buffalo to be in a most unsatisfactory condition.

SOCIETY NOTES

Mrs. A. H. Clemmer, 164 Evelyn-avenue, West Toronto, will not receive on Tuesday, the 21st instant.

University Saturday Lecture

Prof. Hutton on Greece and Crete. Principal Hutton's address in the university course on Saturday was distinguished with all the graces of style and humor and lightly-worn learning for which he is noted. His tour in Greece and Crete on the occasion of his jubilee has been most interesting and he succeeded in giving a vivid impression of the country, the people, the climate, and the conditions.

Greece is a land cursed with heat and drought. By the side of green Italy and greener England, Greece is a land of desolation. It is a land of "Deion, O Deion, in wind and rain." The scenery reminded him of Scotland and Devonshire, and would be beautiful anywhere, even in those two places.

Principal Hutton confessed himself a philistine, or something worse. Had he lingered in early Italy, he would have liked Botticelli or Perugino. "I would have disliked them heartily," he remarked, "and he never would have searched for his shield as Pythagoras did."

"My stay in Greece convinced me if I needed convincing in all my earlier incarnations I belonged to barbarians and not to Greece."

Patriotism has a much larger place in the schools of Greece than in England. England has a distrust for eloquence and flag-raising, he observed, and Englishmen do not carry their Greek city honors, and kindness and civility everywhere.

"Take Scotland and fill it with Frenchmen, and you have modern Greece," was his formula. In Crete he saw the Temple of Apollo, the Palaces of Phaestos, the wonderful remains at Knossos, and other relics of the ancient days; the swallows nest where Minos was enthroned, and he heard the nightingales sing in the palace ruins.

The attendance was the largest of the season, the lecture hall being filled. Next Saturday his Excellency Count Apponyi, Hungarian minister of education, will speak in Convocation Hall.

AT THE THEATRES

Albert Chevalier in "Daddy Dufard." "I Give You De Cue," is a catch line running thru the play of "Daddy Dufard" which Albert Chevalier makes his first Toronto appearance, starting next Monday, Feb. 27, at the Royal Alexandra Theatre, with popular success. He will be in the city on Thursday and Saturday matinees on his return from the Pacific coast, where he went last fall from New York on a trans-continental tour that has been a real triumph, has come back in splendid form. Since Mr. Savage withdrew "The Prince of Pilsen" from the stage, Mr. Chevalier has been deluged with offers from his managerial rivals who wanted to sponsor the would-be musical comedy's revival. He decided, however, to reserve that pleasure to himself, and to guarantee himself that it would be a pleasure, Mr. Savage endowed the piece with the best possible production and assembled a cast that would assure excellent interpretation. Included in the company are Jess Danby, Frances Cameron, The Vera Stanley, Jethro Warner, Alice Hoban, Edward Mora, Lillian Lawson, Robert O'Connor, Dorothy Delmore, Walter Calvert, Wallace Beery, and a number of other equally proficient artists. Accompanying the big organization is a special orchestra under the skilled conduct of Gustav Hinrichs, formerly director of the Metropolitan Opera House in New York. In this way of the "Princess of Pilsen" as well as physical charms were borne in mind.

"The Prince of Pilsen." In the Princess Theatre of the sporting editor, "The Prince of Pilsen" can and has "come back." The Luders-Pixley composition, which under the managerial guidance of Albert Chevalier, will be displayed at the Royal Alexandra Theatre for one week, beginning to-night, with its usual popular success. Thursday and Saturday matinees on its return from the Pacific coast, where it went last fall from New York on a trans-continental tour that has been a real triumph, has come back in splendid form. Since Mr. Savage withdrew "The Prince of Pilsen" from the stage, Mr. Chevalier has been deluged with offers from his managerial rivals who wanted to sponsor the would-be musical comedy's revival. The Red Cross Princess. At the Princess Theatre this evening, the Red Cross Princess, the military comic opera, will be presented for the first time on any stage. The piece comes from the authorship of Ambrose T. Pike and J. Ernest Lawrence, and is a masterpiece of its kind.

Thomas A. Ross. With Red Cross Princess. is under the direction of National Theatrical Attractions. Both book and music are said to be unusually bright and clever in conception, and no pains have been spared to give them an adequate setting of picturesque scenery and brilliant costumes. It is likely that the opera will be taken to New York at some time in the future. The advance sale has been very heavy. The engagement is for the half week, with a matinee on Wednesday.

Adeline Genee at Shea's. Manager Shea is giving his patrons this week one of the greatest treats ever enjoyed in a vaudeville theatre in the appearance of Miss Adeline Genee, the dancer, as his headline attraction. Miss Genee, former star of the "Bachelor Belle," the "Silver Star" and the "Soul Kiss," in which she was seen in Buffalo, is making a short tour in vaudeville, and Manager Shea is one of the few managers in the country who have secured this artist for a vaudeville engagement. Miss Genee, as styled by her company of ten dancers, including M. Alexis Kiosloff, will appear at every performance this week in the dances she has made famous.

"The Lottery Man." The New York press was unanimous in pronouncing "The Lottery Man" as being the best of the Greek entertainments of the season. The term comedy, it is more in the nature of a farce, containing a number of comic situations and amusing incidents characteristic of farces, which prove their worth by their popularity. And the marks, and the Lottery Man, unquestioned, and Lizzie, who contributes so much to the humor of the play, has been one of the most talked-of characters existing among Broadway attractions. Lizzie, by the way, is the thin and elderly spinster who plays the part of a companion, and to whom credit is to be in their places by 8 o'clock as the program will commence at 8:15 and the doors will be closed during numbers. Madame Nordica will sing the big aria from Madame Butterfly, two groups of English songs in the concert works. Mr. Fletcher received the following telegram from Buffalo, Saturday morning: "Despite the perpetual downpour of rain Madame Nordica was greeted by an audience which filled the big Convention Hall, and which became wildly enthusiastic as she sang the great singer's voice enthralled them." (Verdi), Tetrazzini, piano solo, Polonaise E Major (Liszt), Mr. Benoit; (Schubert), (c) Der Sieger (Kau), Mr. Hastings; aria "Caro Nome" (Ricciotti) (Verdi), Tetrazzini; piano solo, Polonaise E Major (Liszt), Mr. Benoit; aria "Una voce poco fa" (Barber of Seville) (Rossini), Tetrazzini; song, (c) The Last Rose of Summer" (Moore), Tetrazzini; (a) Romance, (Stiehl), (b) Arabesque, (Debussy), Messrs Oesterreicher and Benoit; aria, A Fors e Lui, (Benoist), (c) The Ballad of the Bony Fiddler (Hammond), Mr. Hastings; grand aria including the "Mad Scene" from "Lucia" (Donizetti), Tetrazzini.

"Crazy Finance." The sale of seats for the Tetrazzini concert to be given in Massey Hall, Friday evening, March 3, will open this morning. The celebrated artist will be assisted by Frederick Hastings, baritone, Andre Benoit, pianist; and Walter Oesterreicher, flutist, in the following program: Fantasia for flute and piano, "Good Night My Dear Child" (Popp) Messrs. VICARIOUS ATONEMENT

Must Work Out Own Salvation, Says Christian Science Lecturer.

The growing Christian Science population of Toronto crowded the lower floor and galleries of the Royal Alexandra Theatre yesterday afternoon to hear Frank B. Leonard, B.C.S., of the Christian Science lecture bureau, speak out the doctrines of Mrs. Eddy, and attempt to prove that heaven is not an abnormal state of sublimity, but an ever present reality, whenever humanity chooses to adopt it.

"The Goddess of Liberty." "The Goddess of Liberty," the famous musical comedy from Chicago, will be the offering at the Grand week of the season. It is the biggest company and production that has ever been given in Toronto at less than dollar-fifty prices.

Schubert Choir. Ticket holders for the Nordica, Schubert Choir and Toronto Symphony Orchestra concert to-night, are requested to be in their places by 8 o'clock as the program will commence at 8:15 and the doors will be closed during numbers. Madame Nordica will sing the big aria from Madame Butterfly, two groups of English songs in the concert works. Mr. Fletcher received the following telegram from Buffalo, Saturday morning: "Despite the perpetual downpour of rain Madame Nordica was greeted by an audience which filled the big Convention Hall, and which became wildly enthusiastic as she sang the great singer's voice enthralled them." (Verdi), Tetrazzini, piano solo, Polonaise E Major (Liszt), Mr. Benoit; (Schubert), (c) Der Sieger (Kau), Mr. Hastings; aria "Caro Nome" (Ricciotti) (Verdi), Tetrazzini; piano solo, Polonaise E Major (Liszt), Mr. Benoit; aria "Una voce poco fa" (Barber of Seville) (Rossini), Tetrazzini; song, (c) The Last Rose of Summer" (Moore), Tetrazzini; (a) Romance, (Stiehl), (b) Arabesque, (Debussy), Messrs Oesterreicher and Benoit; aria, A Fors e Lui, (Benoist), (c) The Ballad of the Bony Fiddler (Hammond), Mr. Hastings; grand aria including the "Mad Scene" from "Lucia" (Donizetti), Tetrazzini.

POMPEIAN EXCAVATIONS. Prof. Frank Adams' address on Pompeian excavations before Canadian Institute Saturday night was listened to by nearly 300 people. The speaker dealt chiefly with excavations that have been made by himself and others and illustrated his remarks with a series of limelight views. The slides showed utensils and household articles, and the ruined houses and streets in which they were found.

The Supreme Tonic

The best evidence of the unique properties of WILSON'S INVALIDS PORT

is to be found in the fact that the reputation which it enjoys is mainly due to the spontaneous personal testimony of many prominent members of the Medical Profession, who have experienced its remarkable energising powers have recommended it to their patients.

Dr. L. ARTHUR DEACON, M.B., B.A., etc. Flamboro Centre, Ont., says: "With regard to Wilson's Invalids' Port Wine let me say that it is in my belief, the best of all. Its generous action is debility and general convalescence is unnecessary. I thank you very much for having brought it to my notice."

Member Pharmaceutical Society of N. B. Kilburn, N. B., says: "I have used Wilson's Invalids' Port. It is certainly THE BEST of tonic wines, and I have much pleasure in prescribing it."

Dr. ROBERT HANLEY, 128 Wellington Street, says: "I recommend 'Wilson's Invalids' Port' to all my patients."

TORONTO BOWLERS WIN TWO OUT OF 3 AT BUFFALO

Tommy Ryan's Team Scores Notable Victory—League Results on Saturday Night.

Tommy Ryan's picked team from the Toronto Bowling Club headed for the Buffalo Bowling Club on Saturday night for a three-game series. The Toronto team, led by Ryan, won two of the three games, with a total score of 1,100 to Buffalo's 900. Ryan's team consisted of Ryan, Philbin, Edwards, and Stronach. Buffalo's team consisted of Philbin, Edwards, Stronach, and a fourth player. The Toronto team's victory was a significant one, as they had previously lost to Buffalo in a similar match.

Hamilton Rollers Beaten.

There was a match game played on Brunswick alleys Saturday afternoon between the Royal Grenadier Serjeants and the Royal 13th Regiment of Hamilton. The Grenadier Serjeants won the match, with a total score of 1,100 to the 13th Regiment's 900. The Grenadier Serjeants' team consisted of Wilson, Clark, and a third player. The 13th Regiment's team consisted of Wilson, Clark, and a third player.

Record Entries at Buffalo.

At the Toronto Bowling Club Saturday night, Tom Vance and his Greens 804 swept revenge for the pin-up they received last week by handling out the same medicine to Billy Stronach's Baldwins. Tom's warriors winning three in a row, which will help some, as Tom put it, in the standing at the end of the season. There were no freaks, unless that handed out by Frank Everist and Jim Bamford in the middle game, when they counted 96 apiece. George Stronach for Greens was high, with 630, while Billy Stronach for Baldwins was the only other over 500, with 533. The scores: T. Vance 148, 159, 143, 418; F. Everist 177, 89, 136, 342; J. Bamford 304, 96, 134, 277; W. Gray 169, 147, 151, 479; W. Stronach 170, 150, 183, 398. Totals 706, 534, 729, 2,069.

Balmey Beach Gun Club.

The regular weekly shoot of the Balmey Beach Gun Club was held as usual on their grounds, Eastmount, on Sunday. Present and some good shooting took place. G. Mason was high gun in the Duret Medal with 24 out of 25, also winning the silver spoon. Scores: Shot at 15-30c. P. J. Smith 25, 39; G. H. Smith 25, 39; W. McFar 100, 70; T. F. Hooper 50, 32; J. Hooper 50, 32; J. W. Waller 49, 34; L. McGroarty 50, 32; H. L. Ross 20, 12; T. R. Johnson 25, 35; C. Davis 70, 38; M. Y. Phillips 25, 32; F. W. Lyonde 45, 28; C. Spencer 40, 23; G. Mason 70, 24; A. Tomlin 25, 16.

SIDE LIGHTS.

There is nothing to it, remarked Dave Spence to Tom Vance after the second game when Dave counted 38. A handle goes on my ball or I'll quit the team. Jack McBride, who collected 300 in the same contest, quite agreed with Dave. Jack Phillips of the Greens when he goes to deliver his ball would put you in mind of someone trying to empty a beer-cool. Jack has the spread eagle down to perfection. If you notice the St. Lawrence Market full of smoke to-day don't be alarmed. It will only be Donald Leback smoking 25 cent worth of Bob McKinney's bad cigars at the expense of Herb Walker, who squandered that amount that Donald would not roll 80. Bobby Bain says they have a poor lot of Scotch in Buffalo. The Bobby's Kilt, who went over on the T.B.C. excursion, were supposed to roll a like number of their fellow countrymen, but instead were steered up against a couple of Germans, two Greeks and one Scotchman, and as Bobby wound up with his well-known snipe, "a fine aggregation."

Business League.

At the Toronto Bowling Club Saturday night, Leback & Co. won two out of three games from North American Life, in the Business Men's League series. Outside of Simmonds, who was pins high, for the night, the rest of the Leback team never performed so badly before this season. In the last game, however, Simmonds, who had been coming stronger, slipped in a hole, putting the game on ice for the Insurance men. For Leback, Donald himself, who was the whole of the team, and second high for the night, with 504. The scores: Leback & Co. 104, 128, 122, 354; North Am. Life 114, 122, 188, 418; Harvey 115, 175, 128, 442; Arthur 122, 122, 121, 276; Kingmill, J. E. 122, 145, 137, 404; Hoopall 122, 122, 122, 366; Simmonds 172, 189, 217, 578. Totals 706, 534, 729, 2,069.

In the Artistic Home.

The reason so many Gerhard Heintzman pianos are seen in musical parlors and in the homes of the rich and artistic homes is, it is claimed, because of their great reputation as a highest grade piano made in Canada; the durability of its action under all climatic conditions has long been recognized. A visit to the new sales-rooms of this firm at 14-13 Queen street west, opposite City Hall, would certainly repay anyone having in mind the purchase of a high-grade instrument, whether grand, self-player, or upright styles.

BEAT HER OVER HEAD

Victim of Wife Beater Dies in the Hospital. MONTREAL, Feb. 19.—Mrs. Thomas Waterhouse, whose husband beat her over the head with a baseball bat on Wednesday night because she said she was always belittling the children by his first wife, died in the general hospital on Saturday at noon, without regaining consciousness. After beating his wife, Waterhouse notified the police of what he had done, and expressed the opinion that he had made a good job of it. The police are of the opinion that he is mentally deranged. The couple came out from England about ten years ago.

AN ALLEGED "TOUCH."

Charged with assault and robbery to the extent of \$70, William Curtis, 36 Allan-avenue, was arrested Saturday night by Detective Newton, on complaint of Charles Nicholson, 140 St. Nicholas street, who alleges that Curtis lured him to a shack at the foot of Cherry-street, a week ago, with promises of "booze," and touched him.

Grens Win by a Run From the Cavalry Kilties 20 Ahead

In a game that was full of excitement from beginning to end, Grenadiers defeated the Cavalry team by the close score of 20 to 10. The Grenadiers' team consisted of Wilson, Clark, and a third player. The Cavalry team consisted of Wilson, Clark, and a third player. The Grenadiers' victory was a significant one, as they had previously lost to the Cavalry in a similar match.

PROHIBITION LEADER FLAYS LOCAL OPTION Calls it a Pro-Brewers' Scheme and a Mere Waste of Time.

Three Opposing Views. From Detroit Journal. George W. Pierce, prohibition leader, "if any organization is the liquor interests, it is the Anti-Saloon League. It is the strongest factor in behalf of the wholesale liquor dealers. Between the prohibitionists and the so-called Anti-Saloon League there is the same parallel that existed between the abolitionists and the slave owners' strongest allies—the squatter rights faction. As prohibitionists we do not want secession, but we do want national prohibition—no pro-brewers' scheme like local option." Pliny W. Marsh, attorney for the Michigan Anti-Saloon League, "if the liquor interests have thrown their mantle over the prohibition party they have spring a net political coup of the first magnitude."

Like Abolition Fight.

Mr. Pierce likens the Anti-Saloon League to the Anti-Abolition of Slavery organizations of pre-civil war days. "Frightened at the rapid growth of the abolition party, the slave holders formed an association, engaged the best legal talent obtainable and fought the abolitionists to the bitter end. The more effective work was done under the old 'Squatter Sovereignty' Enactment."

Michigan Campaign.

The local optionists have secured a great many Detroit pastors to their side. Mr. Pierce, however, declares that he is rapidly winning the pastors away. He says more than 400 local optionists is now directed into his hands, with the expressed purpose of making it work for prohibition, and against local option.

The Anti-Saloon League is planning a whirlwind campaign in Detroit.

The Anti-Saloon League is planning a whirlwind campaign in Detroit this spring to raise funds to carry on its work. Sixty churches will be entered by its speakers, and special collections taken on two separate Sundays. The local optionists say that as sure as the prohibition party opposes them the prohibition party will rapidly go into decadence. Mr. Pierce says, "I just want to turn this around. The local optionists will fall just as soon as the people get next to their purpose. Their purpose is not to abolish the liquor traffic. By their very actions they are furthering it. And this is the fact that 40 counties are 'dry'."

Melba Would Have No Other.

It is a very marked, but at the same time deserved, compliment that the great prima donna, Melba, in her recent tour, has insisted in using at every concert a piano of the old firm of Heintzman & Co., Ltd., and would have no other. A fine exhibit of these pianos in different styles is made to-day at the new warehouses of the old firm of Heintzman & Co., Ltd., 155-157 Yonge street, Toronto.

CARGO ON FIRE

Holland-American Liner Reaches Port Safely. NEWPORT NEWS, Va., Feb. 19.—The steamship Stordick of the Holland-American line reached this port today and Rotterdam with cargo in her forward hold on fire. Tug and fire engines were called and after streams had been played upon the burning cargo for hours, the flames were extinguished at 4.30 o'clock this afternoon. The fire was discovered at 1 o'clock this morning, but it might have been burning a long while before its discovery, as the hatches were tightly closed. The damage to the cargo has not been ascertained.

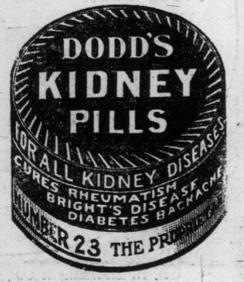

CATARH OF THE STOMACH

A Pleasant, Simple, But Safe and Effective Cure for It. Catarrh of the stomach has long been considered the next thing to incurable. The usual symptoms are a full or bloating sensation before and after meals, sometimes with sour or watery risings, a formation of gases, causing pressure on the heart and lungs, and difficult breathing, headachy, nervousness and languid feeling. The cure for this common and obstinate trouble is found in a treatment which causes the food to be readily, thoroughly digested before it has time to ferment and irritate the delicate mucous surfaces of the stomach. To secure a prompt and healthy digestion is the one necessary thing to do, when normal digestion is secured the catarrhal condition will have disappeared.

According to Dr. Harlanston, the safest and best treatment is to use after each meal a tablet composed of Dyppepsin, Asseptin, and Preparation No. 1, Golden Seal and fruit acids. These tablets can now be found at all drug stores under the name of Stuart's Dyppepsin Tablets and not being a patent medicine can be used with perfect safety and assurance that healthy appetite and thorough digestion will follow their regular use after meals. The plan of dieting is simply another name for starvation, and the use of prepared foods and new-fangled breakfast foods simply makes matters worse, as any dyspeptic who has tried them knows.

As Dr. Bennett says, the only reason I can imagine why Stuart's Dyppepsin Tablets are not universally used by everybody who is troubled in any way with poor digestion is because many people seem to think that because a medicine is advertised or is sold in drug stores or in pharmacies, it is a mark it must be a humbug, whereas as a matter of truth any druglet who is observant knows that Stuart's Dyppepsin Tablets have cured more people of catarrh of the stomach, indigestion, heartburn, heart trouble, nervous prostration and run down condition generally than all the patent medicines and doctors' prescriptions for stomach trouble combined.

Stuart's Dyppepsin Tablets is the simplest preparation as well as the most potent and most convenient remedy for any form of indigestion, catarrh of the stomach, biliousness, bloating, heartburn and bloating after meals. Send your name and address to-day for a free trial package and a copy of our booklet, "Cured more people of catarrh of the stomach, indigestion, heartburn, heart trouble, nervous prostration and run down condition generally than all the patent medicines and doctors' prescriptions for stomach trouble combined." JOCKEY CLUB GETS BUSY

Preparations for Housing Pari-Mutuels Began Saturday.

Work on the new pari-mutuel auditorium at the Woodbine, to take the place of the old shelter which for many years was occupied by the bookmakers and their crews, commenced on Saturday.

The bookmakers made their last appearance at the O. J. C. courses last September, and the new order of turf speculation is to be inaugurated at the spring meeting on May 20.

The innovation, with three machines each, for straight, place and show bets, with raised single file entrance to the spring meeting, thus giving Varsity many chances for some excellent passing and shooting.

Dobbin played a fine game, especially in the first half, and seldom failed to score when he got over half a chance. Boddy also did good work and made some nice shots. On Queens' side, Wardell and Erdine scored the most points. The halftime score was 20-6 in favor of Varsity.

In the second half Queens got the first basket, but Varsity immediately followed suit, and Mel Brock got busy, doing some of the best work he has done this season. Before the game closed he had secured 18 points and 3 fouls in the second half and hardly ever missed a try. Cartney, the swift little centre player on the Queens' side, made some good plays and secured several long-distance throws that were almost phenomenal. He scored 12 points in the second half.

The final score was: Varsity 49, Queens 25. During the intermission between the first and second halves two tugs-of-war were pulled off, in which S. P. S. came out victors over the Veterinary College, while Art showed their supremacy over Forestry.

The balconies of the gym were crowded with upwards of 200 students and their lady friends. There was also a strong contingent of Queens supporters.

The line-up was as follows: Queens (25)—Wardell, Erdine, Macartney, Van Sickle, Stearns. Varsity (49)—Dobbin, Boddy, Brock, Parks, Tall of the West End Y.M.C.A. was referee.

Varsity Defeat Queens 49 to 25 Basketball Final

Queen's University basketball team got its second knockout this season from Varsity when the two teams clashed at the university gym on Saturday afternoon in the final game of the intercollegiate series. The result was never in doubt from the very start. Hardly had the game commenced when the blue and white began peppering the Queens' basket, and in less than five minutes had secured nine points, before the visitors from Queen's realized what was happening. Queens were poor at combination work and failed to answer their opponents, thus giving Varsity many chances for some excellent passing and shooting.

Dobbin played a fine game, especially in the first half, and seldom failed to score when he got over half a chance. Boddy also did good work and made some nice shots. On Queens' side, Wardell and Erdine scored the most points. The halftime score was 20-6 in favor of Varsity.

In the second half Queens got the first basket, but Varsity immediately followed suit, and Mel Brock got busy, doing some of the best work he has done this season. Before the game closed he had secured 18 points and 3 fouls in the second half and hardly ever missed a try. Cartney, the swift little centre player on the Queens' side, made some good plays and secured several long-distance throws that were almost phenomenal. He scored 12 points in the second half.

The final score was: Varsity 49, Queens 25. During the intermission between the first and second halves two tugs-of-war were pulled off, in which S. P. S. came out victors over the Veterinary College, while Art showed their supremacy over Forestry.

LADIES PLAY BASKETBALL **St. Hilda's Defeat University College by One Point in Extra Time.**

In a close and exciting game of basketball Saturday afternoon the St. Hilda's young ladies defeated the septets from University College on Varsity gym floor, 11 to 10. The hard effective checking of both teams was very noticeable. In the first half the winners were aggressive all the way. The U.C. girls could not seem to find the basket. When the whistle blew at half time the score stood at 4 to 2 in St. Hilda's favor. Coming into the second half with a vim and snap altogether lacking in the first, the art students made the issue look dubious for a while. Miss Barry seeming to place the ball where she wished every time. At full time the score was 10 all and the game ran five minutes over time before St. Hilda's won the point that gave them the victory. The effective shooting of Miss Jean Ewart was largely responsible for the victory. The teams lined up as follows:

St. Hilda's (11): Centres, Misses Boteford, King, Bonford; forwards, Jean Ewart, Harstone, guards, Harton, Scott, University College (10): Centres, Misses Keyes, Lang, Kerr; forwards, McPherson, Barry; guards, Garvin, Gardiner. Referee, Jack Hately; timer, H. Orr; scorer, A. R. Macdonald.

SENATOR JONES OFFERS AMENDMENT TO THE BILL

Substitute Provides For Levying of Tariffs Necessary For Revenue.

WASHINGTON, Feb. 18.—Senator Jones of Washington today presented an amendment to the Canadian reciprocity bill in the form of a substitute. The substitute would provide for the levying of such tariffs as are demanded by the necessary expenditures of the government. "While introduced," by request," Mr. Jones indicated that he was in favor of the proposition for the reason that the amendment would take the tariff out of politics.

Under the plan suggested, the secretary of the treasury at the close of the present fiscal year would make an estimate of the amount of revenue that should be raised from customs duties for the following fiscal year in order to meet the expenditures for that year and any deficiency of the previous year.

The secretary also is directed to estimate the probable value of imports of articles on the dutiable list and determine what percentage the estimated revenue will collect for such year. There shall be collected for such year an amount equal to all dutiable imports equal to such percentage of the value of same.

STICK BY THE OLD FLAG

Methodist Preacher Refers to the Present "Crisis."

LONDON, Feb. 18.—Speaking today at the Ashin Street Methodist Church, Rev. A. W. Torrey of Azmir said: "In the crisis through which we are now passing, every true Christian should be the least loosening of the bonds that bind us to the motherland, and least there should be a drift away in the slightest degree from the flag that has sheltered us. We want no other flag than that which flies about us at the present time. Look out and see if your heart does not rejoice that you are a British subject, that you are a British-Canadian, and that your lot is placed in this favored land."

A MARVELOUS ESCAPE

Engine and Five Cars Went Over Ten Foot Embankment.

HALIFAX, Feb. 19.—The midnight fast intercolonial freight train, in charge of Conductor Wood, smashed into the rear end of Conductor McGillivray's special near Campbell's Sliding, seventeen miles from Truro, last night. The train was stopped by the engine, but the driver and men were not injured. Driver McKay and his fireman had a marvelous escape. They struck the rear of the engine with five cars went over a ten-foot embankment. A wrecking crew from Stellarton, a world-wide fame for tone, touch and power. What this firm has accomplished in the construction of a piano case is nicely illustrated in the series of art piano that they are now showing in their new showrooms.

MAY CLEAN UP MYSTERY OF THE STOLEN BRASS

Police Made Two Double Arrests in Different Divisions Saturday.

Perhaps two double arrests made Saturday night in different police divisions will clear up the mystery of over \$100 worth of stolen brass. The brass, which was stolen from a Brisbane locked up George Hebblethwaite, 113 West Richmond street, and Charles Morton, 132 York street. He had been serving them selling to a junk dealer brass fixtures that had been ripped from somebody's gasoline launch, and followed them to Wright's Hotel, corner of King and Parliament streets, where he took them into custody. The police of No. 4 do not know whose launch the stuff belonged to; but were arrested by P. C. Brandon in L. House's boat-house, at the foot of Bathurst street, and charged with stealing brass taps and fixtures from launches. This boat-house has been ransacked for brass several times of late. The tapper was Robert Torrence, 46 Sherbourne street, and J. Rumball, to Huron street.

FOUR YOUNG HEROES PREVENT A TRAGEDY

Two Lads Carried Out into the Lake on Ice Rescued by a Canoe.

The heroism of a quick-witted young man named Cleveland prevented a double tragedy about 1 o'clock yesterday afternoon at Balmy Beach. Two young lads who had come up from Kew Beach were playing out on the ice off the Beach Club house, when a section broke off and floated out into the lake, carrying the two boys steadily away from shore.

Before Sherwood, the steward of the club house, could bring out a boat four young men started out over the ice hummocks, bearing a canoe. Leaving the hummocks behind they got down on the dangerous pack ice and made their perilous way to the open water. At every step the ice was cracking beneath their feet, and at any moment they might have been precipitated into the icy water, but they heroically pushed on. By the time the open water was reached the floating boy with its human freight, had drifted almost a half mile from the shore.

Leaving his three companions, Bert Cleveland, a young lad living at the corner of Birch and Lake Front, set out in the canoe to thread the maze of floating ice floes, to their rescue. It was perilous work. Nowhere was there an open channel, and the heavy chunks of ice were battering the frail canoe from every side, but he heroically pushed on to his task and brought them back in safety.

The names of the foolhardy boys were ascertained by the first of the factory workers who will take great demands for the products of the factories which have taken advantage of the situation. AN AMALGAMATION

Toronto Jewish Young Men's Association Takes In Boys' Club.

The first club eulchre of the Toronto Jewish Young Men's Association, on Saturday evening, was a significant success. Ten tables were played the prize winners being: Ladies (high), Miss Steinberg; (low) Miss H. Cohen. Men (high), Mr. J. J. Cohen; (low) Mr. R. Starr. After the prizes were awarded light refreshments were served and an interesting concert held, which lasted until nearly 3 a.m. Sunday.

The Toronto Jewish Young Men's Association have taken under their wing a recently formed Feinboim club, having a membership of 20, and financially self-supporting. By this amalgamation a junior branch of the Y. M. C. A. has been established. "Watch us grow" is their motto.

A TRAGIC QUEL

Lost Her Mind When Husband Was Sent to Siberia.

ST. PETERSBURG, Feb. 19.—There is a tragic sequel to the conviction of the Count O'Brien de Lassy for the murder of Count Vassill Bouturlin, for which crime he was sentenced to servitude for life. His wife, who was the sister of Count Vassill, and the daughter of Gen. Bouturlin, has become insane. Immediately after the verdict Count de Lassy announced her intention of going to Siberia with her husband. Then she disappeared. She was recognized today in a tram car by a lawyer engaged in the case. He detained her and with the help of the police took her to Gen. Bouturlin. Later an examination by physicians disclosed that she had lost her mind.

COMMONS EXPECT TO PASS VETO BILL EARLY IN MAY

Most Serious Obstacle is Lloyd-George's Health, Which Causes Anxiety.

LONDON, Feb. 18.—(New York Tribune Cable)—The main feature of the political situation in the House of Commons is the health of Mr. Lloyd-George, which is the most serious obstacle to the passage of the measure through the Commons early in May. The retention of the preamble may be regarded as a certainty and the introduction of the bill before the coronation is also a foregone conclusion. The lords cannot depend upon the King to extricate them from their critical position. They must fight their own battle, and they do not know how to meet the argument that the parliament bill has received popular sanction and cannot be rejected.

The commonest quotation heard among the peers is the defiant exclamation of a high lord: "I will give five hundred puppets a year." That may be magnificent, but it is not war. The first of the winter months the progress of the ministerial plans is the condition of the chancellor of the exchequer's health. It has improved, but physicians are warning Mr. Lloyd-George that his voice must not be strained by persistent use, or he may be forced to retire from public life. The financial business is heavily in arrears, and the chancellor alone can extricate the treasury from the various complications and clear the way for another instalment of the democratic politics outlined in the budget speech for the introduction of disability insurance and a system of insurance against unemployment.

NEW BLOOD IN LAW SOCIETY

Election of Thirty Benchers Will Provide Real Contest This Year.

Ballooting for the 30 benchers of the Ontario Law Society will take place early in April and for the first time in the history of the society candidates will have to be nominated. The new scheme will introduce new blood into the benchers and render the re-election of the present benchers uncertain. The new method of election each nominee must be a barrister in good standing and his nomination must be backed by ten barristers also in good standing. It is thought that the new scheme will introduce new blood into the benchers and render the re-election of the present benchers uncertain.

NEW COMPANIES.

Companies whose incorporation are announced in The Ontario Gazette Saturday, are as follows: The Hopkins Manufacturing Co., capital \$250,000. The Dominion Axminster Co., Limited; capital \$250,000. George Thompson Lumber Co., Limited; capital \$100,000. George Rathbone, Limited; capital \$200,000. Better Fruit Distributors, Limited; capital \$50,000. HIbernating ANIMALS

Ways of the Beasts That Sleep All Winter and Are Very Much Alive in the Spring.

That certain animals retire to a concealed place and remain dormant or in a state of greater or less lethargy during the winter months is a well-known fact. That during the winter they take neither food nor drink is likewise known, but just how life is sustained under those conditions no one knows.

A number of hibernating animals acquire a great amount of fat, usually just under the skin, and during the winter months they are able to live on this fat. The fat is stored in the form of small droplets in the cells of the body. The fat is stored in the form of small droplets in the cells of the body.

Harvesting the hibernating raccoon in midwinter is a sport indulged in by natives of the Pennsylvania hemlock belt, where the coon is plentiful. In the fall at the coming of the cold weather the coon will dig a hole into the ground and in this hole he will hibernate. BIG WAREHOUSE FIRE

MONTREAL, Feb. 19.—Fire this morning did \$75,000 damage to the wholesale grocery warehouse of D. C. Brosseau & Co., Notre-Dame street. Included in this amount is the loss sustained by the Regina Shoe Co. of \$25,000 worth of stock stored in the Brosseau building.

You Are MISSING A GOOD THING IF YOU DON'T READ THE TORONTO SUNDAY WORLD

There are two classes of hibernators, those perfectly behavior thru the winter and those that wake at certain intervals. The best example of perfect winter sleep is seen in bats. At the beginning of cold weather these creatures huddle together in bundles, become comatose and do not stir until warm weather comes again. An old hollow tree, or best of all a cave, affords the bats their winter protection.

Bats have a little hook at one of the joints of each wing by which they hang suspended in the air when sleeping, and the late Professor Brown of Lafayette College, whose investigations in hibernation are accepted as authority, says that during hibernation numbers of the crowd together clinging to each other, the weight of all being born by the central one, as many as sixty bats having been discovered in one bunch. The amount of cold which bats can withstand while in their winter sleep is almost beyond belief. It is recorded by Professor Brown that in the bunch referred to the wings of the outside bats were so frozen that they broke like icicles the so badly frozen were soon brought to life by the application of warmth.

Squirrels as a rule are imperfect hibernators, remaining in their lethargic state until a pleasant day or until the pangs of hunger induce them to arouse and eat. There is a ground squirrel the habits of which is in the far west, that simulates death so closely in its winter sleep that no respiration or heartbeat can be detected. Of our familiar animals that hibernate perfectly, the woodchuck is a most striking example of the phenomenon. Its coma is so complete that a woodchuck dug from its burrow in midwinter may be tossed about like a ball without exhibiting any show of life until the exercise which is in the blood into circulation and restored a normal temperature. Left to itself again, it will gradually fall into the winter sleep.

A bear routed out of his winter sleep will not travel any further than he has to, but will top down the first shelter he comes to that offers rest and at once resume his nap. Before the last protected bears by a snowdrift, the winter months are not many bears that were thus disturbed in their hibernation were permitted by their disturbers to get the chance to resume their nap.

Fatten During Long Sleep. Naturalists insist that hibernating animals, notably the bear, come out of their winter sleep very thin, the great accumulation of flesh with which they retired to their rest having been consumed during the long process, but as far as the bear is concerned, this is entirely opposed to the accepted backward declaration, which is that the bear begins to spruce in better flesh than he was when he sought winter quarters, although he loses it rapidly as he begins to search for food after his long fast.

The alligator is a remarkable hibernator and has an odd habit, according to good local authority, of taking out its stomach for the winter. "Altogether anything of suitable size will answer the purpose," says the authority, "but the most palatable tidbit in our alligator neighborhood seems to have money rather than gold, and that ambitious men of real ability are left to contest hopeless boroughs and are kept out of parliament."

"Near the spot where the female alligator makes her nest and laid her eggs in the summer the winter holes up place will be made, although the alligator may have wandered away miles from there in the fall. With its powerful feet and claws the alligator digs almost straight down from eight to twelve feet, then making a horizontal passage in which they live in the summer and deeper for greater warmth and protection during the winter sleep.

Those who attempt to explain the phenomenon of hibernation attribute it to the effect of the cold, absence of the food on which such animals depend for their sustenance, or to the effect of the cold on the powers of respiration. In those animals that are perfect hibernators the instinct for storing food for the winter is entirely lacking. They betake themselves to the retreat selected and begin by falling asleep. Natural sleep is a very similar phenomenon offering from this winter coma of animals only in degree. Human beings who are frozen to death first sleep, then

Pastor Russell's Sermon

Old-Fashioned Revival Wanted in Wall Street—The Wall Street Journal's Appeal Considered by Pastor Russell.

PITTSBURG, Pa., Feb. 19.—Pastor Russell of Brooklyn Tabernacle gave two interesting discourses here to-day to large and appreciative audiences. We report one of these from the text, "Righteousness Exalteth a Nation; But Sin is a Reproach to Any People" (1 Peter 4: 8).

"What America needs more than railway extension and western irrigation, and a bigger wheat crop, and a merchant marine, and a new navy, is a revival of piety, the kind father and mother used to have in their homes."

"This reached the eye of Bishop Chandler, whose comment is so appropriate that I cannot do better than quote it here:—

"This editor is right in calling us back to more earnest forms of life than all those things involved. He wants religion under the spur of duty, in a revival of piety, the kind father and mother used to have in their homes."

"We cannot get a revival of religion by seeking a revival of religion. We must get a revival of religion by seeking a revival of piety, the kind father and mother used to have in their homes."

"Herein is our trouble—we have lost God. Men called preachers have explained away the word of God, making it no longer a sure word of prophecy, but an antique for the critics to analyze and discuss. The moral law has been lowered. The ten commandments have been reckoned as a piece of Mesopotamian plagiarism applicable to the moral needs of ancient nomads in the wilderness, but have no more to do with the moral needs of the people of to-day."

"The Lordship of Jesus Christ has been denied, while treacherous compliments have been poured out upon His name as that of a great teacher and a noble man. His teachings have been denied or set aside wherever they have stood in the way of a rampant worldliness and an ungodly rationalism."

"The people must be called to seek God. He is real, living person, and He will be found of those who sincerely seek Him. But He must be sought as the supreme need of lives of men. He must be sought for His own sake. He will not be found of those who seek Him simply to cure a bad commercial situation, or to cure social and political ills. He will not be found of those who seek Him as a sort of expedient and convenient chief-of-police to help suppress grafting and stealing and larceny."

"It is quite true that if all the people turned to God they would be turned away from every evil thing. But they will never turn to God until they feel that the worst disaster in their life is that they do not know God. They must be made to feel the sorrowfulness of the one who sleeps in the dust of the earth, and the joy of the one who awakes in the morning to the praise of God."

"The words of the Wall Street Journal respecting the need of the old-time religion are strong proper lines. The Bishop sees clearly what we also see, and he frequently pointed out—namely, that the so-called New Theology, higher criticism and two other things, have undermined with that it would be folly to look for a return of the pious earnestness of the past, which was built upon the faith of a 'once delivered unto the saints' (Jude 3).

"We do not admit that none to-day are pious; that none, are what St. Paul styled 'sanctified in Christ Jesus' (1 Corinthians 1: 2). There are as honest, as upright, as loyal children of God to-day as ever lived in the world. But they are not Christians. They are not Christians because they do not believe in the teaching mentioned by the Bishop. They have lost the faith once delivered unto the saints. They are drifting along as they have up the creeds of the 'dark ages,' and believing that the Bible must be abandoned as too absurd for present-day intelligence. Higher criticism (another name for infidelity and opposition to the Bible), Evolution, Christian Science, Theosophy and Atheism have swallowed up the majority of the intellectual of the church, and the mediocre masses are rapidly following them into the outer darkness of unbelief and godlessness."

"Modern revival methods (slangy talk, clownish actions and a pretense that rising to one's feet in a public assembly means Christian reformation and spirit-begotten) is too foolish for thinking people of the class represented by the editor of the Wall Street Journal. It is for us to say that absolutely nothing is accomplished. We do, however, behold a few persons who are bewildered, if not worse, and year after year, are as bad or worse than the year before."

"The revival really needed should not be looked for nor expected amongst worldly people. They have nothing of Christ in them. It should begin with Christians who have not yet lost all their faith in God and in the Bible. These should be awakened to the fact that spirit and faith are not low ebb. Their prayers should ascend to God, and their Bibles should be studied as never before. They should make use of present-day Bibles in their Bible study, and become fervent and revived of spirit thru a better understanding of the Scriptures. They must see that the Bible was not properly represented in the creeds of the past; that it is in direct opposition

to many of the doctrines of the past which have justly become repulsive to intelligent minds. When once they get the proper focus on God's Word, one passage illumines another, their faith in God and in the Bible will become a living one, a moving one, and with this spirit, faith and works will come. The fervency of spirit in the service of the Lord. With these in turn will come activities in helping one and other, activities in family worship, in Bible classes, in prayer and testimony meetings, etc. Then, as the Master said, they will let their light shine, and the world will see and be influenced by these living epistles, known and read of all (11 Corinthians 10: 2).

"It is useless for us to attempt to believe, or to attempt to teach others, that God is great and just, and loving, while at the same time teaching that He prepared, before the foundation of the world, an immense torture chamber in which thousands of millions of people are forced to spend eternity. A God unjust and unloving, unkind and powerless, can no longer be worshipped in spirit and in truth."

"What the world needs, is to get doctrinally straight in respect to the Almighty's character, and in respect to His purposes for His creatures. As soon as that condition of mind shall have been reached there will be no need to pray or ask for revivals of religion—they will follow irresistibly."

"But what do we see opposing any such desirable denouement? We see two hundred thousand Protestants, Methodists and Sunday school superintendents working against such desirable results. We see about twenty million of them advocating higher criticism-infidelity and one-third of them striving to hold the people in ignorance respecting the teachings of the Bible concerning man's future-seeking, by interference at least, to uphold the atrocious doctrines of devils foisted upon God's people by the great deceiver, the 'dark ages.' It is a sad picture. Has it no sinner living?"

"There is still a saintly few in the world who are not bowing their knee to Baal, nor worshipping the golden calf of manhood, nor wandering, nor seeking that they may be deceived, nor easily antagonize those who could have kept them in the power to influence his religion, but that if he did not keep silent, he would be in danger of losing his full time, but he would be taken from the jail and further prosecuted and would get as much as twenty years in the penitentiary."

"He was told, he said, that if this could not be done in the police court, given the protection of the court, he would be done by indictment before the grand jury."

"Added to this, there was the rumor made public in the world at the time of Travers' arrest, that it was planned to have Travers' body put in a barrel and thrown into the sea. At this same time a rumor was current in several places that it was proposed to have Travers' body put in a barrel and thrown into the sea. At this same time a rumor was current in several places that it was proposed to have Travers' body put in a barrel and thrown into the sea."

"In connection with the alleged efforts to balk the full and complete prosecution of any and all who may be involved in the disclosure in connection with the affairs of the bank, it is said that Inspector of Detectives Duncan had been approached by those who had told him that he was being kept in the jail, and if he knew what his good for him he would not make it his business to be more energetic than others might be."

"Inspector Duncan, asked as to this, declared that it was substantially correct, but would not give any further statement in this regard."

"In speaking of the Travers' statement to Inspector Duncan that he had been advised and even threatened to be silent, H. H. Dewar, who said Saturday that he had heard nothing of any threats being made to or against Travers."

"Examined by Alienists. Despite the fact that Dr. Bruce Smith, provincial inspector of prisons, and Superintendent Clarke of the Ontario Asylum, have denied it, Travers says, and is and was borne out by H. H. Dewar, K.C., his counsel, and others, that he was examined by a visit him in the jail and did examine him in a way much similar to that of the examination by alienists at the frequently conducted."

"Yes, we can get him back in two days by that way," agreed Mr. Corley.

"No trouble about that at all," said the colonel. "Of course it would have been more convenient to have left him here for one more day."

"Sheriff Wanted Authority. 'What was the cause of his being hurried away?' asked the colonel of Sheriff Mowat.

"He had been here much longer than usual and I thought I ought to have some authority for holding him here any longer," replied the sheriff.

"I didn't know that the court was to be held to-day and I wasn't notified that he would be wanted."

"Well, we would have been finished with him to-day most likely," said the colonel.

"It's very unfortunate and prejudicial to my client as I have not been able to cross-examine Travers," said Matthew Wilson, K.C., for J. J. Warren.

"I hope you don't think this department is a very unimportant one. It's no fault of our and there has never been any clash between the departments that I know of. Everything has gone smoothly to the best of my knowledge in these cases."

WHY WAS TRAVERS TAKEN TO KINGSTON?

Continued From Page 1.

city hall to give evidence in the conspiracy charge against the provisional directors, J. R. Stratton, J. J. Warren and others, as was told that Travers had been taken away by Deputy Sheriff John Brown of Todmorden, and Deputy Sheriff James Severs, who came with the coroner's coroner Mowat to remove him to Kingston penitentiary to begin his term of six years in that institution. Detective Mowat immediately telephoned to Inspector Duncan, his principal. He was told to meet the train at the Don station and get the man, and Detective Mowat immediately telephoned to that point.

"Fought Over Prisoner. Meanwhile, Detective Armstrong and Newton were hurried from headquarters to the Union Station to intercept Travers and his escort at the train, which left at 4 o'clock. They arrived there just as the train was pulling out. They boarded the train and tried to recover the witness, but the deputy sheriff and other officers would not let them. They were forced to jump from the train at Cherry-street, and they did not stop at any place this side of Oshawa, and the two men got no chance to interfere."

"Travers Was Threatened. Inspector of Detectives Duncan was angry. He immediately notified County Attorney Corley and Magistrate Denison, and Assistant County Crown Attorney Monahan was also giving in at the city hall, and several counsils of war were held on the spot."

"Inspector of Detectives Duncan issued a statement. He said that he had been informed of numerous efforts to close Travers' mouth. These efforts originated in the police court, and the inspector either did not know or did not care to divulge. He declared that he had told him that he had been approached by a jail guard, who had told him that the best thing he could do for himself was to keep his mouth shut."

"Mistake, Says Mowat. 'Why did you make up your mind at 4 o'clock in the morning?' Mowat said that it was a mistake. The order was given Friday afternoon."

"Mr. Mowat was told that a newspaper correspondent had got on the train at 4 o'clock on Friday afternoon, and was told by the officers accompanying Travers that Sheriff Mowat gave the order at 4:30 Saturday morning."

"They have made a mistake between a.m. and p.m. The arrangement was made before 4 o'clock Friday afternoon. I hope I was not mistaken, but I couldn't get over to the police court to tell them, because he was detained at Osgoode Hall until after 4 o'clock. I was not there until 4 o'clock, and it was just a matter of courtesy that this one was held."

"Governor Chambers Murn. Governor Chambers of the jail said that the first absolute notification of the removal of W. R. Travers, came when the officers came with the proper order, and that he was to be removed."

"I will not say that I did or I didn't. I will say that I was told to say, 'I will not say that it was nobody's business,' he said."

"It was said that Dr. Bruce Smith knew of the removal of Travers as to be removed Saturday."

"Immediately upon being informed of the disappearance of Travers, Magistrate Denison issued a writ of Habeas Corpus, and Deputy Sheriff Mowat and Deputy Severs appear before him in police court at 10:45 o'clock. They did so appear shortly after the removal of Travers, and they were told that the provisional directors, J. R. Stratton, J. J. Warren and the rest was called, and Mr. Corley rose to speak of the matter."

"I am not finished with Travers' evidence yet," said Mr. Corley, "but I will tell you what was taken from the jail this morning by two sheriff's officers and is now, despite an effort on the part of the police to prevent it, on his way to Kingston penitentiary. Immediately after he was sentenced I was spoken to by the sheriff and asked if I wanted to use him as a witness. He said that he would further be said about removing him till a few days ago I got a letter from Mr. Mowat, who said it was his duty to get him out of the jail."

"I had no authority to hold him nor had my department. I spoke to the coroner, and he said that he would see the sheriff about the case."

"I was surprised to hear this morning that I was to be held in the jail. I had been spirited away when I was in the middle of his examination. Of course we can apply to the county judge and get an order to have him brought back here."

"It's very embarrassing and unusual," said Col. Denison. "Still he was brought back by an order from the county judge."

"Yes, we can get him back in two days by that way," agreed Mr. Corley.

"No trouble about that at all," said the colonel. "Of course it would have been more convenient to have left him here for one more day."

"Sheriff Wanted Authority. 'What was the cause of his being hurried away?' asked the colonel of Sheriff Mowat.

"He had been here much longer than usual and I thought I ought to have some authority for holding him here any longer," replied the sheriff.

"Why did you make up your mind at 4 o'clock in the morning?" Mowat said that it was a mistake. The order was given Friday afternoon."

"Mr. Mowat was told that a newspaper correspondent had got on the train at 4 o'clock on Friday afternoon, and was told by the officers accompanying Travers that Sheriff Mowat gave the order at 4:30 Saturday morning."

"They have made a mistake between a.m. and p.m. The arrangement was made before 4 o'clock Friday afternoon. I hope I was not mistaken, but I couldn't get over to the police court to tell them, because he was detained at Osgoode Hall until after 4 o'clock. I was not there until 4 o'clock, and it was just a matter of courtesy that this one was held."

EARLS COURT WILL NOT STAND FOR RECIPROcity

Rousing Meeting Cheers Every Mention of British Connection

A Great Night.

EARLS COURT, Feb. 19.—(Special.)—Moved by Mr. Hawkes, seconded by Mr. Macdonald, and resolved, "that the meeting of British Empire Association of Toronto rejoices that the board of trade had declared against the reciprocity question now before parliament, and emphatically endorses the Canadian British Association, whose object is to promote the sense of Canadian nationality as an increasing power within the British Empire, by preserving and extending the Canadian British channels of commerce on which the present prosperity of the country has been founded. This meeting joins in this movement, which will assist in strengthening the confidence of British people as a field for emigration and investment, in which the traditions of liberty and justice progress under the Union Jack. This was the resolution adopted at a mass meeting of British and Canadian-born, held in Little's Hall, in Earl's Court, on Saturday, and a meeting which in point of enthusiasm has never been exceeded in and around the city. Without a dissenting voice they adopted the resolution and a meeting which was punctuated every reference to British connection and British traditions with thunderous applause.

Arthur Hawkes, editor British News of Canada, and John R. Robinson of The Telegram, were the chief speakers, the C. T. Hepburn added his quota to the general applause.

Magistrate Kingsford was in the chair, and preceding and following the star speakers interjected some caustic comments on the Liberal party and the reciprocity treaty in particular.

"We will have none of it in this country," said Mr. Kingsford. "We will stand for it, it is not alone stagnation in trade, but a weakening of British connections."

Then he read a letter from an Englishman travelling in Canada, in which the latter stated that in the event of reciprocity arrangements were already under way, by which millions of British capital would be withdrawn from Canada, and invested in Australia.

Continuing Mr. Kingsford said: "And we want you to do something more than shout. Will you come down to Massey Hall if we have a meeting there? Every man in the room, and there were about 500 of them, shouted 'Yes.'"

Arthur Hawkes talked for rather more than an hour, dealing with the British-born in Canada, dealing in a conversational style with the social, commercial and moral improvements obtainable under Canadian legislation. If you move from Lancashire to Nottingham it will take you two years to get a vote; you can do better than that in Canada.

Then Mr. Hawkes touched on the reciprocity measure and scolded it as a measure to weaken the ties between the motherland and Canada, and injuriously affect the balance of trade between the two countries. He quoted J. J. Hill as an apostle of annexation. "Talk as they like," said Mr. Hawkes, "there is tremendous significance in the flag and let us not even for some fancied commercial gain, enter into the arguments of the reciprocity treaty."

"I think it would be a good proposition to send W. R. Traverser over to Washington to negotiate a treaty in place of Hon. Mr. Fleidline," said John R. Robinson. "The man who was clever enough to fool Mr. Fleidline ought to do better than the minister of finance in negotiating a treaty deal."

The speaker struck a high imperial note and charged Canada with mean-spiritedness in not contributing to the support of the British navy.

"I would to God," said Mr. Robinson, "that Canada was full of Joseph Chamberlains—men who would be willing to change their political allegiance for the good of their country."

He made a strong appeal for unity in opposition to the reciprocity treaty. "I am glad to have the pleasure of telling you what Milburn's Heart and Nerve Pills did for me. I would have weak spells, seemed to lose my breath, and would have to get up in the night as could not sleep. I tried many medicines but found nothing good until I used Milburn's Heart and Nerve Pills. I took three boxes and it is three years ago since I did so, and I haven't been troubled since."

Milburn's Heart and Nerve Pills are soc. per box, or 3 boxes for \$1.25, at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

QUAINT OLD CUSTOM

Ye Old-Time English Fayre to Be Revived at Massey Hall.

To those interested in the manners and customs of our forefathers, the Old Time English Fayre, which will open in the Massey Hall next Tuesday, Feb. 23, continuing until Saturday, will offer many attractions. No plans have been spared by the ladies' board of the Western Hospital to make the affair a huge success, and an immense amount of work and research has been devoted by those in charge to preserve the unities and give an accurate representation of the English village fair as it used to be conducted. There will be a large number of booths, tastefully decorated, lining both sides of a long arcade, and in the center of the display of attractive merchandise will be in charge of a bevy of pretty girls, habited in costumes appropriate to the period.

One of the main attractions will be his or her fortune told by those indulgent adjuncts of the English village fair, the fortune tellers. Then, in another booth, will be a tempting display of flowers, of all kinds, with attendant goddesses, and in another booth, will be a tempting display of goods, and in another booth, will be a tempting display of goods, and in another booth, will be a tempting display of goods.

The inner man has not been neglected, and a coffee house, a pastry cook's shop will display wondrous wares which will tempt the most fastidious palate. Music will add its charms, an excellent orchestra having been engaged, and the entire scene will be one of light and life and color.

The children have not been neglected, and special arrangements have been made for their delectation. On Saturday an entertainment, particularly adapted to enchant the youthful mind, of drama, Punch and Judy, always dear to the young, will be put on the boards.

OBITUARY

George Whaley. A well-known octogenarian, in the person of George Whaley, father of E. Whaley of Whaley & Royce, passed away at the residence of his wife, Mrs. East, on Saturday evening.

The deceased was a native of Toronto Township, having been born on a farm near Whaley's Creek at the time of his marriage to Elizabeth Atchison, whose death occurred 18 years ago. He removed to a farm near Acton and engaged in the carpentering trade. Sixteen years ago he removed with his family to Toronto, where he was engaged in the business of a painter and decorator. Two sons, Mr. Frank and Dr. J. J. of Chicago, and one daughter, Mrs. E. H. Bennett, 9 Rusholme-road, survive him. His religion he was of the Anglican persuasion.

Overcome by Gas.

CHATHAM, Feb. 19.—Mrs. D. A. Hutchinson, who, with her husband, daughter, Kate, who is applying for a patent for a new method of curing the kitchen range, is not likely to recover. Mr. Hutchinson died on Friday at his home on West Park-avenue. The daughter, has partially recovered.

NATURE WILL CURE YOU

Of Kidney Disease, Aided by Father Morrissy's No. 7.

Kidney trouble is one of the most distressing ailments of mankind, and leads to backache and rheumatism. This is because of the importance of the work done by the kidneys, and when they proceed normally to insure good health. A very large proportion of civilized people have some form of kidney trouble, sometimes without knowing that their malady is of that nature. Many obscure pains can often be traced to diseased kidneys.

These organs are the filters of the body. Their function is to strain out of the blood and eliminate through the bladder the worn out tissue and other impurities gathered by the blood in its course. When the kidneys become congested and sluggish, these impurities, including the irritating and poisonous uric acid, are not entirely removed from the blood. The result is that the uric acid is deposited in the joints and tissues, causing the agonies of rheumatism and frequently affecting the liver and other organs.

Father Morrissy, the famous physician of Barrabooque, N.B., after a research compound of the remedy which worked hand in hand with Nature. His doctrine, justified by thousands of cures, was that the need is not a patchwork relief, but a treatment which will enable the forces of Nature, working through the kidneys, to accomplish their intended work.

His famous prescription, No. 7, assists the kidneys to work vigorously and eliminate the harmful uric acid from the whole system. In the form of tablets, No. 7 is easy to take, and will effect cures where other remedies have failed. Do not trifle with kidney disease, but take No. 7 Tablets, the treatment that has proved so successful with other sufferers. 50c. a box, at your druggist's or from Father Morrissy Medicine Co., Ltd., Chatham, N.B.

JOHN VERRAL DEAD

Was Veteran of Fenian Raid and Prominent Orangeman.

John Verral, a well-known resident of this city, and a life-long Orangeman, died early on Saturday morning at his late residence, 186 Shaw street.

Mr. Verral, who was 70 years of age, was born in Toronto, and had lived here all his life. For fourteen years he was in the butcher business on Dundas street, and for sixteen years he was a member of the Salvation Army. For the past seven years he has been caretaker of the Crawford street Methodist Church.

Mr. Verral fought in the Fenian Raid in 1868. He was one of the organizers of the O. L. A. and was also a member of the No. 3 lodge of the Canadian Order of Home Circles.

He is survived by a widow and six children—namely, John and William of the waterworks department, Toronto; Mrs. George Christie, Mrs. Thurgood, and Mrs. J. H. of Cleveland, and Mrs. Stanley of Cleveland.

NEW C.N.R. LINE

Said That It Will Pass Thru Toronto North of C. P. R. Road.

It is now rumored that the Canadian Northern Ontario Railway's line from Niagara to Ottawa will pass thru Toronto north of the C. P. R. line.

The survey, it is said, leaves the right of way of the Niagara power line west of the power house on Avenue-cade, extends eastward between the C. P. R. line and McPherson-avenue, and swings northwesterly across the street towards the city hall, where it is a fine station, which it is said will be built to the south of that thoroughfare and a short distance west of the street. It is stated that the C. N. R. have bought all the land between Avenue-cade and south of Cottingham-street, east of Avenue-road.

WORK OF SCHOOL NURSES.

During the month of January 15,600 inspections of school children were made. 247 were treated and 684 given instructions for treatment, according to the report of Miss Lina L. Rogers, superintendent of school nurses.

During the month Drs. Graham and MacMurphy examined 24 cases of suspected contagious disease and two cases of tuberculosis. In all 18 children were examined by the doctors, 140 visits were made to the schools and 16 visits to homes. The nurses made 220 visits to schools and 72 visits to the scholars in their homes.

The Coming of Spring

New Dress Goods and Silks

New Bordered Delaines

"A comprehensive assortment of New All-wool Bordered Delaines" quite inadequately describes our stock. We believe it to be the most comprehensive in Canada. The designs this season are more varied than ever; the new stripes, spots and floral designs have beautiful borders that contrast, yet harmonize in the most fascinating way.

These Delaines are 31 in. wide, and sell at 50c per yard.

Two-toned Diagonal Suiting

This is an all-wool fabric, deservedly popular for tailored suits, coats or skirts; just the weight for spring wear, in black and white, blue and white, grey and white, and other combinations. Width 52 inches, \$1.25 per yard.

SILKS

Special Silk Foulards, in spot, stripe or floral designs, 20 inches wide, 75c.

Cheaney's Showerproof Foulards, in all the latest designs and colorings, 23 in. wide, \$1.00.

36-in. and 40-in. wide Foulards; to appreciate these silks see them. 36-in. and 40-in. wide, \$1.25, \$1.50.

Fashionable Wash Goods

(Second Floor).

Fashion is pointing to the sheer goods. Everything of a light nature, such as Persian lawns, marquisettes, voiles, printed muslins, etc., will be in great demand. We have made great preparations and are ready. The pick of the European and American markets have arrived.

Swiss Marquisette, 31 inches wide, in the following shades: Ivory, pink, sky, turquoise, mauve, black, bisque, tan and maize, 30c.

Persian Lawn and India Linen, complete ranges of these two favorites; 31 in. wide. Prices 12½c to 60c.

Mercerized Swiss Voiles, hand embroidered, 48 inches wide, in various effects, pink, sky, mauve, black, etc., \$1.98.

New Bordered Batiste, 40 inches wide, absolutely new designs, large at bottom of hem, graduating smaller, pink, sky, mauve and black, 29c.

Crepe Kimono Gowns

Women's New Kimono Gowns, of plain serpentine crepe, in sky, navy, cardinal or black; yoke is shirred front and back; cut generously full, and made with wide kimono sleeves; tastefully trimmed with a fancy figured border, in harmonizing shades. Sizes 34 to 44. Special \$1.49.

Rapid Movement of Hosiery

The February Hosiery Sale has so far been a Sale of Quick Movement.

The quantity of our purchases made it possible for us to place them on our counters at a figure low enough to ensure a rapid exit, and the quality has ensured the enthusiastic appreciation of our customers.

Be sure that you are on the right side of the fence, there is a little danger that you may be too late for what you want. Do not get impaled on the picket of procrastination.

- Women's Pure Silk Hose, imported, plain colors and opera shades. Regular \$1.00, \$1.25. Hosiery sale price, Tuesday 75c. 3 pairs \$2.25.
- Women's Finest Lisle Thread Hose, consisting of silk embroidered lace, fancy patterns and plain black gause lisle; also black lisle with black cashmere sole. Regular 30c and 50c. Tuesday, 25c, 3 pairs \$1.00.

At the Simpson Store

New Spring Suits for Women

These are arriving daily. New customers are arriving daily, too, anxious to see them, to try them on. Seeing is believing that all we claim for them is true. They are being taken away by dozens, and the new ideas embodied are being assimilated and carried out at home, by hosts of customers, who recognize the fact that the latest and the very best models for the coming season are on view in our showrooms. Don't be left out. Here are particulars of two exceptionals for to-morrow's selling:

A New Spring Suit of very fine quality French Serge, in navy and black. Coat is 26 inches long, lined throughout with silk, a smart effect is given by the new rounded wide collar, inlaid with rich satin and edged with silk braid; lower part of coat is trimmed with braid to match collar, skirt has full length panel down front, and side gores are slightly pleated, fastens to left side at back panel. Special, \$21.00.

Another Suit of fine weave serge, in navy, metal and grey shades. Coat is semi-fitting both front and back, and is silk lined throughout; shapely notched collar, neatly stitched seams, fastens with novelty black buttons, the fashionable skirt with narrow side pleats, \$17.50.

Waist Dept.

We are showing Tuesday the most delightful lot of overslips or jumpers that have come from Paris, and to make it the more inviting they have all been marked at the uniform price of \$10.00.

21 pairs Model Over Blouses, of linen and marquisette, in black, navy, tan, cream, Biarrot blue and various other colors, all elaborately trimmed with white porcelain and Persian beadings. These little garments bear the hall mark of the "Rue de la Paix," and our customers are indeed fortunate who secure one at \$10.00.

Sale of Fashionable French Tunics

These are just secured by our buyer in Paris at terms which enable us to sell them at one-half and one-third the regular prices. In fact, we are selling them in Toronto to-day at less than Paris prices. There are just 53 of these garments. We can only describe a few of them, but the window on Yonge Street will give some idea of this special offer:

- One Black Net Tunic, literally covered with heavy old silver rattail and embroidery, regular price \$45. Tuesday \$19.50.
- One Black Net Tunic, with heavy gold embroidery and Persian motifs, regular \$29.50. Tuesday \$19.50.
- One Black Net, with heavy padded Persian embroidery, outlined with small beads to tone, regular \$49.50. Tuesday \$19.50.
- One Black Tunic, with superb design of dark Persian bugle beads, regular \$49.50. Tuesday \$19.50.
- One White Net, with massive design of Persian beads, a truly magnificent garment, regular \$49.50. Tuesday \$19.50.
- Three White Silk Embroidered Tunics, with delightful designs of running sprays and flowers, regular \$35.00, \$32.00 and \$45.00. Tuesday \$19.50.

Flood Time for Furniture

Shakespeare did not say:

"There is a sale in the furniture department at Simpson's, which, taken at its flood, leads on to greater economies," but we do emphatically say so.

Now is Flood Time; there will be no famine; our intake was properly located when we bought furniture:

- Parlor Suites of 3 pieces, Louis XVI. design, frames made of solid mahogany, with the upholstering of sign of good quality, with upholstered green denim. February sale price \$100.00. February sale price \$75.00.
- Parlor Suits, in solid mahogany, finished dull design, Louis XV. details of which are carefully carried out. February sale price \$100.00. February sale price \$75.00.
- Three-piece Parlor Suites, Hep-pley design, frames made of solid mahogany, upholstered seat, only in green denim. February sale price \$75.00.

- Arm Rocking Chairs, in mahogany with high flat spindle back and solid wood seat. February sale price \$65.00.

Doomsday Coming

For Part of the Men's Store

Managers of our men's departments are very apprehensive of something going to happen to a big slice of their selling space by reason of contemplated improvements in the building, as soon as spring weather comes. You'll say that is quite panicky when you read this column with news of prices of good-as-gold clothing cut in two for Tuesday's customers.

\$50.00 CANADIAN COONSKIN FUR COATS FOR \$25.00.

9 Only Men's Fine-Grade Raccoon Skin Fur Coats, closely furled, medium dark skins, deep storm collars, shawl style, specially well lined and finished, full 50 inches long; sizes 40, 42, 44, 46, 48 breast measure. Tuesday your choice of any coat in this lot at less than the actual cost of the raw skins. Only 19 coats. Regular price \$50.00. Half-price Tuesday 25.00

Note these seasonable young men's suits, worth sixty per cent. more than Tuesday's price. Think of TWO swell fancy waistcoats for the price of one. Trousers good enough for anybody, correct cut and suitable for Sundays or week days, for less than two dollars a pair.
