Mr. McPhillips, Reporter, Who Suggested Merger, Was Given \$4500 Commission

Some Light Cast on the Stratton-Pattison Deal—No Suggestion as to Division With Stratton, Swears Mr. Pattison—I. O. F. Continued.

Hon. J. R. Stratton and A. J. Pattison were put under a severe cross-examination as to the transaction regarding the \$30,000 payment to Pattison at the time of the incorporation of Home Life and the People's Life, at the insurance commission yesterday afternoon.

Mr. Stratton made a verbal agreement with witness that the price should be \$30,000, and the sum was fixed six weeks or two months prior to the date of the agreement, Oct. 12. No suggestion had been made to witness that he should pay any part of the \$30,000 to the People's Life, from the start of the negotiations.

"Who was the first person to mention the amount to you on Oct. 12?" asked Mr. Stratton.

"Mr. Stratton."

"What did he say?"

"That he was to reduce the amount from \$30,000 to \$20,000, and I did not agree at first. It was on the way to the bank that the amount was accepted. There was no discussion after the start of the negotiations."

"Did Stratton want the \$10,000 for himself?"

"Yes. He said he was coming off and on."

"Paid for services."

"Have you given her money?"

"Yes. But I should like to say here that she never made any charge."

"How much did you give her?"

"Not more than \$5 at a time."

"You say you sent her on Thursday. Did she come?"

"Yes. She came."

"Did you leave any director?"

"No, sir. I told a director that I had to pay some brokerage."

"What brokerage?"

"Commissions, I mean."

"To whom?"

"Mr. McPhillips."

"How much?"

"\$1000."

"Is a reporter on an insurance journal?"

"Yes, sir."

"Who originated the deal?"

"I was never asked."

"Who commenced the deal?"

"Certainly you were asked," retorted Mr. Stratton. "Who commenced the deal?"

"Mr. McPhillips."

"How much did he want?"

"\$1000."

"You gave him \$1500?"

"Yes."

"Did he know you got private money?"

"The transaction between Mr. Stratton and myself was not private."

"Did you tell McPhillips you were getting \$30,000?"

"No."

"Now, is it possible that you said something to the director to leave this inference already mentioned?"

"It might be, although those are all the payments I made out of the \$30,000."

"Mr. Stratton went into the transaction at the bank. Witness received at the Traders' Bank \$30,000, and \$23,220, in \$1000 and \$500 bills, from Mr. Stratton. He did not know where Mr. Stratton got the money. The money was handed to witness in a roll of bills, which Mr. Stratton had apparently already counted."

"Mr. Stratton deposited the money in three different banks."

"Why was the money divided in that way? Did you want it known you had that amount of money?"

"I had no objection."

"Did you know that Stratton had the other \$10,000?"

"I did not."

"Witness told Mr. Stratton that he was disbursing some of the \$30,000 for the stock, but did not tell him the amount."

Was Ailing for 4 Years And Never Had a Doctor

Coroner's Jury Believe That Proper Attention Would at Least Have Prolonged Mrs. Pepper's Life—Husband Paid Christian Science Demonstrators Sometimes as High as \$5—Treatment by Prayer Only.

"The opinion of the jury is that Ethel Rose Pepper came to her death from a natural cause as shown by the post-mortem examination. The jury is also of the opinion that had proper medical attention been provided the said Ethel Rose Pepper might have been cured or her life prolonged, and the jury wish to convey to the proper authorities their opinion that some law should be enacted whereby the sect known as Christian Scientists, could be brought under subjection."

In these words the jury empaneled to enquire into the cause of death of Mrs. Pepper of Lambton Mills rendered their verdict last night. The inquest was held at the Senate House, the presiding coroner being Dr. Bull. T. L. Monahan conducted the enquiry for the crown. Dr. A. H. Perfect, who made the post-mortem examination, stated that the woman was of a delicate constitution, and had been poorly nourished. The heart valves were enlarged, and the lower lobes of the liver were infested with tubercles.

George W. Pepper, husband of deceased, stated he had been married to her for 13 years, and she had been ailing for four years. Weakness and shortness of breath were the most severe symptoms. Lately she had been better. She went to the city on Wednesday, returned home on Thursday and died on Saturday. She did not complain of any pain until Thursday. He was not at home that day. She looked as bright that morning as on any other day. On returning in the evening she was sitting on the bed and complained of a pain in the side. He sent for Mrs. Snyder, a Christian Scientist, who had been treating her for 15 months.

"For 13 months?" asked the crown.

"Yes. She had been coming off and on."

"Paid for services."

"Have you given her money?"

"Yes. But I should like to say here that she never made any charge."

"How much did you give her?"

"Not more than \$5 at a time."

"You say you sent her on Thursday. Did she come?"

"Yes. She came."

NEW TARIFF TO PROVIDE 10 TO 75 P.C. PREFERENCE

Revision Said to Have Resulted in Practically a New Schedule, Giving High, Low and Preferential Ratings—Canada to Reap All Benefits.

Ottawa, Sept. 14.—(Special.)—The government intends to have the tariff schedule ready to be presented to parliament when the house meets either on Nov. 8 or Nov. 15, and orders have been given to the statistical branch of the customs department to begin at the beginning of November. If at all possible the earlier date will be selected, but the summoning of the house will not be later than the 15th, unless something unforeseen occurs.

Very good progress is being made in the tariff revision by the commission. There will be practically a new tariff, as provision is made for a maximum, a minimum and a preferential list, instead of one as at present.

That while the changes will be numerous, the effect will not be to either increase or materially reduce the existing tariff, which on the whole has been fairly satisfactory.

The preference, which is now extended to Britain, and certain other countries where tariffs are as favorable to Canada, as Canada is to them, will be given to the most favored nation, which may have a higher preferential rate and some lower. There will be as high as 75 per cent. preference, and as low as 10.

The object of the preference in this way can be still further perfected by maintaining and directing Canadian trade between Britain and such countries as extend tariff favors to us, and keeping a stiff tariff against those countries that place tariff barriers against the Dominion.

"The new tariff," said one who has some knowledge of the subject, "will be framed in the interests of Canada, and such a tariff must necessarily continue to give as substantial a preference as given at present to the motherland, who throws her doors wide open to Canadian trade. The increase of Canada's trade dates from the preference, and the future of the tariff will not be impaired, but strengthened. The new tariff will be specially arranged to meet Canadian and British conditions, and the concessions to Britain will range all the way from 10 to 75 per cent."

GRAND TRUNK MAY LOSE LEHIGH VALLEY ROUTE

Morgan Said to Be Scheming to Have Pere Marquette Supplant It.

Detroit, Sept. 14.—Plans for the rehabilitation of the Pere Marquette system, and making it a powerful factor in the railroad world, and effectually changing the railroad map of the east, are said to be well under way in New York, and likely to be consummated within a short time.

The plan provides for the establishing of thru freight and passenger lines over the Lehigh Valley and the Pere Marquette, thus making the Michigan line an important factor in Chicago.

At the same time it cuts off the Grand Trunk's New York connection, now made over the Lehigh Valley's tracks, and puts the Canadian line out of the New York business, unless it can arrange for other connections at New York Bridge.

J. P. Morgan, a large holder of Pere Marquette and Lehigh Valley stock, is understood to have promoted the scheme. The Pere Marquette has a contract to operate over the Michigan Central from St. Thomas, Ont., to Buffalo.

With a thru service to New York and Boston, the right over the Michigan Central would prove a valuable asset.

UNITED STATES INTERVENS TACT TO SAIL FOR CUBA TO ASSIST PEACE MEASURES

Roosevelt Writes That Situation is Such Now That Advantage Must Be Taken of the Right to Protect Interests of American Residents on the Island.

Washington, Sept. 14.—It is officially announced that Secretary of War W. H. Taft will leave Washington for Cuba on Sunday, Sept. 16. He will be accompanied by Robert Bacon, assistant secretary of state. They will go direct to Key West and leave at once for Havana on board a naval vessel.

President Roosevelt has written as follows to President Palma:

"Under the treaty with your government I, as president of the United States, have a duty in this matter which I cannot shrink. The third article of that treaty explicitly confers upon the United States the right to intervene for the maintenance in Cuba, of government adequate for the protection of life, property and individual liberty. The treaty conferring this right is the supreme law of the land and fulfills in part the obligations that I am under to protect American interests. The information at hand shows that the social bonds through the island have been so relaxed that life and property and individual liberty are no longer protected. I have received authentic information of injury to, and destruction of, American property. It is in my judgment imperative for the sake of Cuba that there shall be an immediate cessation of hostilities and some arrangement which will secure the permanent pacification of the island."

"I am sending to Havana the secretary of war, Mr. Taft, and the assistant secretary of state, Mr. Bacon, and special representatives of this government, who will render such aid as is possible towards those ends."

The cruiser Des Moines left Key West today for Havana.

FIGHTING HAS CEASED.

Havana, Sept. 14.—The emissaries sent into Havana today by Alfred Zayas, the Cuban leader, informed the Associated Press that Zayas has telegraphed to the insurgent commander of every province to cease fighting because negotiations were pending for surrender to the American naval commander.

The session of congress called by President Palma completed one sitting this afternoon, the business for the day being, namely, the granting to President Palma of the full powers not already constitutionally possessed by the executive for carrying on the war.

WAMPOLE A SUICIDE

Defalcations of H. W. Brick Responsible for His Death.

Philadelphia, Sept. 14.—The body of Henry K. Wampole, the wealthy Philadelphia chemical manufacturer, who had been missing for several days, was found in the East River, New York, last night. He had undoubtedly committed suicide.

A trusted employe of the firm of Wampole & Company in Canada, was charged with the murder of Wampole. Wampole brooded over the matter until he became insane.

Ottawa Hotel Burns Many Guests Injured

Amour House Gutted Last Night Fire Broke Out at 11 p.m.—Went Up Elevator Shaft and Cut Off Escape by Stairs—One Man May Die—Many Burned and Injured.

Ottawa, Sept. 15.—(Special.)—Fire last night, which started in the Gilmour House, has gutted the building, at a loss of \$150,000, and caused injuries to a dozen or more guests who were called upon to fly for their lives at a moment's notice. Among the injured are:

Mrs. Robt. Partridge, 405 Huron-st., Toronto, slightly burned.

Mrs. Montgomery, Toronto.

Mrs. D. Garry, Galt, slightly burned and cut.

Mrs. Arch. Blue, wife of the Dominion Census Commissioner, broken shoulder blade.

Others injured are:

Harry Walker of New Jersey, who jumped from the third story window, and had both legs broken. He is also very badly burned, and his recovery is doubtful.

The flames spread so quickly that it is feared that some of the guests who were called upon to fly for their lives did not have escaped. Some of the rescued say they saw others whom they are certain did not get out alive.

The fire started at the foot of the elevator shaft. It was discovered shortly after 11 o'clock. An alarm was turned in, but when the firemen arrived the fire had gotten up the shaft and had spread thru the corridors, shutting off all escape by the stairs.

There were about 30 guests in the house, the majority of the women. They all took the fire escapes, and the firemen, aided by hotel employes and citizens, managed to get them to the ground without serious injuries. With the exception of Walker and Mrs. Blue, who has a broken shoulder blade, the others injured are suffering from burns and cuts from glass.

Among them are Mr. and Mrs. Butworth of Montreal, Mr. and Mrs. James Smith of Montreal, Percy Delaney, a 15-year-old boy, and several others.

The proprietor of the house, Thomas Babin, is present on his way to Atlantic City. His son, Len, was rescued from his sleep by Fire Palmer, an electrician, and made his escape, scantily clad.

The Gilmour House was at the corner of Bank and Gilmour-streets and had been built 11 years. It was 6 stories high and had 101 rooms. At 2 o'clock this morning it was still blazing fiercely.

For Unity of Churches As of Centuries Ago Is Archbishop's Prayer

Detective Doubts Story Submitted by Fire Chief.

Montreal, Sept. 14.—(Special.)—A notice of motion before committee on missions of the Methodist General Conference, stands in the name of C. W. Cate, K.C., "That the French work be discontinued."

In connection with the general question of the conference, as well as the proposed union of Methodist, Presbyterian, Congregationalist and other churches, The World to-day sought an interview with his grace, the Roman Catholic archbishop, Rev. Father Gautier, his grace's secretary, was first seen and referred the matter to his superior, who very graciously and promptly accorded the request, and led alone to the waiting-room. His grace should be said at once, stated that he would prefer to say nothing at all, but any word of his might lead to a false impression, but he consented to leave to the discretion of the reporter what he might desire to record.

It is a man's personality that makes his opinions important and Archbishop Bruchesi is unquestionably a remarkable man. His prominence in society for years has already given him distinction, and at the conference this afternoon John R. Douglas, president of the Council of the Dominion Alliance, complimented him upon his campaign for temperance, with which all the bishops were falling in line.

The archbishop makes a very favorable impression by his appearance. He reminds one somehow of Provost Street Macklem by his expression and features, tho he is scarcely so tall, being indeed one of the little great men of the world. His simple but stately costume, with its broad purple band, well befits him. His eyes hold one fast and his smile is sweet and radiant and sparkling with the light of his intellect. Leo XIII. His voice, too, is pleasant, with the attractive favor of a strange tongue, spoken fluently.

Only One Church.

The reporter explained his mission. It was desired above all to avoid any contentious suggestion, but Toronto people would be interested to know the feeling of the church in Quebec with regard to the Methodist Conference and the proposed union.

"It is not a matter in which I desire to interfere, or to say anything," he began.

"I do not want to say on my word that might be misunderstood. I have great respect for all those gentlemen who are gathered together in other assemblies of churches, for, of course, a church means an assembly, but to me it is not a question of churches. I know only one church; I have my own conviction, of course, and to me there is only one church."

Whatever these words may convey in print, it would be impossible for anyone to hear the kindly but earnest tones of the speaker with any thought other than the respect due to profound conviction.

It was not a question of churches or unity, he continued, for there was but one church established by the Lord. "Other sheep I have which are not of this fold," he quoted from St. John's 10: "They shall be said, but only sheep that hear my voice, and there shall be one fold and one shepherd."

"My desire and prayer every day," he remarked in further conversation, "is that there shall be one church again as there was four or five centuries ago."

Many other things were said, but only these germane to the occasion, except, indeed, the remark that these were matters on which he held strong convictions. As they were questions of life and death and eternity. One felt that in every word and in the courtly gentle handclasp of the scholarly and saintly archbishop.

Committees at Work.

The conference to-day was still in progress, if not unprepared, for work committees are in full swing, and it was agreed this afternoon to give

Continued on Page 9.

IRISH CATHOLICS ANGERED HAVE SENT MEMORIAL BY MESSENGER TO THE POPE

Difficulties With French Co-Religionists Are Set Forth at Length—Rev. Father Fallon Will Also Bring Them Before the Oblate Order.

Ottawa, Sept. 14.—(Special.)—The differences between the Irish and the French Catholics of Ottawa have been strained for a long time, and during the past year or more have been accentuated by the high school question. In order to bring about an equitable arrangement between the two races the papal interference has been sought and a memorial has been sent to Rome by the English-speaking Catholic supporters, setting out the grievances in connection with French domination in the local Catholic educational circles.

In order that the precious document would reach its destination safely, the Ottawa gentlemen did not trust to the mails but requisitioned special agents to place it in the hands of the Pope.

The memorial reviews the difficulties with the French Catholics, and the Irish Catholics have had in Ottawa, with their co-religionists of the French race in the administration of the separate schools. The alleged neglect of English Catholic schools and inability of the Irish to get a fair portion of the expenditure of money on contracts of Ottawa University, said in Ottawa, and also stated that Rev. M. P. Fallon, O.M.I., who did much while in Ottawa to promote the interests of the English-speaking Catholic element, was also on his way to Rome to present the case to the Vatican. Rev. Father W. J. Murphy, O.M.I., rector of Ottawa University, said in reply to the pamphlet relative to Ottawa University, that public funds were never misapplied or misused at Ottawa University, and every cent can be accounted for.

"We have not given up the idea of having a science course; in the near future, one opened again in the near future," said Father Murphy.

At a late hour to-night it was learned from a member of the oblate order in Ottawa that Rev. Dr. M. P. Fallon, superior of the O.M.I. in the United States, would present the case of the Irish Catholics in Canada, before the chapter of the oblate order at its annual meeting in Rome on Sept. 19.

TENDERS CUTTING CLOSE WILL SAVE BOARD MONEY

Cost of School Additions and Repairs Will Fall Below Estimates.

Chairman Harry Simpson presided yesterday over one of the most important meetings of the property committee of the board of education held this year. The other members present were: Trustees Ogden, Smallpiece, Brown, Shaw and Rawlinson. The opening of tenders and the awarding of contracts for the enlargement of a number of schools occupied the whole of the time of the committee until 7 o'clock, and the members generally were disposed to view the result of their labors with satisfaction. Information for the district, and in this respect the board was inclined to be optimistic. Superintendent Bishop stated that with the closing of Brant-street and John-street schools, together with the merging of Phoebe-street, thirty-two tenders would be required. The tenders were required to submit figures for both a twenty-seven and a twenty-nine-roomed school, and the result showed a difference of only some \$3000 as between the two. The result will probably be that Phoebe-street will be a twenty-nine-roomed school. A communication was received offering the use of Simpson-avenue Methodist Sunday School room to relieve the overcrowding in Withrow-avenue school. The result of the opening of the tenders was as follows: For the enlargement of Keen-beach School—Mason work, John McLeod, \$550; carpenter work, J. Westlake & Son, \$240; plastering work, E. Warren, \$540; painting work, J. Finneman, \$275; roofing and tinsmith work, A. B. Ormsby & Co., \$227; structural work, Reed & Brown, \$250; heating and ventilating, W. F. Rutley & Co., \$46. Enlargement of Devon-street School—Mason work, John McLeod, \$554; carpenter work, J. Hoop, \$785; plastering, E. Warren, \$1160; painting, T. Barrett, \$225; plumbing, Lewis Legrow, \$208; roofing, R. Rennie & Son, \$352; tinsmithing, W. Dillon & Co., \$235; structural and iron work, W. F. Shipway, \$586; heating and ventilating, F. Armstrong, \$2300; thermometers, W. E. Nash, \$8.90. New school, Phoebe-street—Carpenter and mason work, John T. Well, \$67,544; plastering, E. Warren, \$7019; painting, James Taylor, \$2725; plumbing, Fred Armstrong, \$2595; roofing and tinsmithing, A. B. Ormsby, \$1783; heating and ventilating, F. Armstrong, \$14,696; thermostats, Johnston Heat Regulating Company, \$136.45. Essex-street School, addition, classroom—Steel construction, Reed & Brown, \$360; heating and ventilating, W. F. Rutley & Co., \$395. Withrow-avenue School—Steel construction, McGreggor & McIntyre, \$233; heating and ventilating, W. F. Rutley & Co., \$395. Palmerston-avenue School—Plumbing, Lewis Syron, \$226.

A JOKE ON JIM O'NEILL.

A number of the downtown men who tell the bright-eyes district were telling a good story on Jim O'Neill, the handsome proprietor of the St. Charles. Mrs. O'Neill has decorated handsomely for the coming of the L.O.P., but these 'downtowners' say that Jim was under the impression that it was the Ancient Order of Hibernians and the Knights of St. John that were coming.

HAMILTON HAPPENINGS FARMER'S PROMPT ACTION IS EXPENSIVE TO CITY

Will Cost \$10,000 to Repair Damage Done - Accusation Against Dundas Farmer

Hamilton, Sept. 14.—(Special)—R. J. Passmore, a farmer, who lives on the Mountain, has put it all over the city in a fight over a drain. The drain runs past Mr. Passmore's farm, and the city fixed up a bank on his property that had the effect of turning a back of water during flood back over the farm, instead of letting it down into the city sewer. Passmore sued for damages, and after some delay, the city fixed up the drain. The city is now debating whether it would be wise to appeal. Passmore improved the shilling, and the city is now debating whether it would be wise to appeal. Passmore improved the shilling, and the city is now debating whether it would be wise to appeal.

A sensational case in which Donald C. Stewart, a wealthy retired farmer of Dundas, was charged with criminal non-support and this afternoon in the acquittal by Judge Snider of the prisoner. A baby was born to Stewart's wife on May 13, and it died in two weeks. Women who attended Mrs. Stewart were called, and they testified to-day that they never saw a doctor or a midwife. Mrs. Stewart said that, although Mrs. Stewart's temperature rose to 101, the husband did not get a doctor. There was nothing the matter with her, you can kill her." She said that Mrs. Stewart did not get proper food. Doctors testified that the child died from convulsions, induced by malnutrition. Dr. Smith said that he had been called to attend Mrs. Stewart, but did not get to her until she was in a serious condition. A nurse in attendance, he called later and found her in a serious condition.

Stewart said in his defence that he was a good provider, and that he had trouble with Mrs. Loftus over the payment of her bill. Mrs. Stewart declared that her husband had been good to her during her illness. The judge said that the evidence was contradictory, and acquitted Stewart, remarking that he thought the defendant might have given better attention to his wife and child.

Jardine the Arbitrator. Joseph Jardine, clerk of the County of Wentworth, was agreed upon at noon to-day as the mutual arbitrator in the proceedings between the Ontario Power Co. and the street railway employees, to settle the dispute over hours and wages. It is expected that the differences will be speedily and satisfactorily adjusted now as the board will meet daily until a decision is reached.

Lam Kin, the Chinese who was arrested here some time ago on a charge of coming into Canada without the head tax, was brought before Judge Monk for sentence this morning. A fine of \$100 or three months in jail was imposed. Some Chinese from Toronto paid the fine. Kin has been in jail about a month.

For seeing his bar open after hours on Aug. 23, Harry McQueen of the Commercial Hotel was fined \$40 by Magistrate Feltz this morning. Before the case was proceeded with, information laid against McQueen was amended so that the charge would be against the Commercial Hotel, and not the licensee, as his mother, Anna A. McQueen, is the licensee.

About 1 o'clock this afternoon a small boy, Fred Ullman, living with his parents at 185 North West-avenue was running along King-street with a hoop when he ran against an iron frame in the hands of a workman. The frame had a protruding piece of iron which caught the lad in the forehead just below the hair, inflicting a deep wound.

The Hollinger-Andrews Construction Company has undertaken the contract of building a \$26,000 seven-story building at 300 days for the Hamilton district.

Yesterday Tax Collector Kerr notified the city hospital board that he would shut off the water supply of the institution Saturday morning if the board did not pay its water rates by that time. Dr. Lanerill, the medical superintendent, declared that he would shoot any man who dared to turn the water off. Hostilities were postponed by a conference of the government with the mayor at noon, and no steps will be taken by the tax collector to collect the bill until the shrovers have a chance next Wednesday evening of talking with the fire and water committee.

Dr. Bell, the government inspector, intimated this morning that his report to the provincial board of health on the canning factories of the Niagara peninsula would bear some resemblance to "The Jungle." He found some of them in bad shape, and he said that there was not one which could not be improved. He has not yet completed his inspection of the Hamilton factories.

THE TORONTO WORLD

STRONG OBJECTION TAKEN TO BOARD'S APPOINTEE

Street Railway Union Don't Approve of the New Examiner of Motormen.

Where a joker falls to appear in any particular section of the Ontario Railway Act, one is usually found before the railway board is thru with it. Just now it is organized labor that finds fault.

Section 21 of the Railway Act reads as follows: "No applicant for position as motorman on any railway, or street railway, operated by electricity, shall be appointed to such position until he has been subjected to a thorough examination by an examiner or examiners to be approved by the board, as to his habits, physical ability and intelligence. He shall then be placed on a car with an instructor, and when the said examiner or examiners are satisfied as to his capability for the position of motorman, he shall so certify to the board, and, if appointed, the applicant shall so far as reasonably possible first serve on the lines of least traffic."

This section was inserted at the demand of organized labor. At first printed, this section of the law provided that "no applicant shall be appointed to such position until he has been subjected to a thorough examination by the officers of the company." This was strenuously objected to, and the section as finally passed, was intended to ensure that the examination should be made in the public interest and that it should not be under the exclusive control of the railway company.

Naturally enough in ordinary times the railway company, in its own interest, would endeavor to select and employ, as motormen, only those men who proved themselves to be competent. Other circumstances, however, also apply to the employment of pilots and masters of boats, to the employment of engineers and the like. One might say the same respecting the hiring of bartenders and other employees required to be licensed by the province.

The necessity for government interference becomes manifest, however, when the need of some special occasion prompts the company to move its cars at all hazards, and to take any risk in order to carry its point. During a strike, for example, a street railway company is tempted to hire any professional tough who will take his place on the platform. Other circumstances can be easily thought of which would make it important that some check be kept on the indiscriminate hiring of men to whose judgments the lives of the traveling public are to be entrusted.

But suppose now your income was reduced one hundred dollars a year. You would still manage to get along, would you not? Then, with this one hundred dollars a year, which you do not absolutely need, would it not be wise to procure a policy of life insurance with a strong company such as the

STOLE A 205-LB. GIRL

Charge on Which Ridgetown Man Was Acquitted in Detroit.

Windsor, Sept. 14.—George Burling of Ridgetown, arrested in Detroit three weeks ago, at the request of the Windsor police on the charge of abducting Stella Brady, a 205-pound girl living at Maidstone, this county, was acquitted by Judge Horne to-day.

Burling was also acquitted of the charge of bigamy preferred by a woman living at Ridgetown.

After Judge Horne had heard the evidence given by the Brady girl he at once acquitted Burling of the abduction charge, telling the witness that her testimony was absolutely worthless, and that she was entitled to no sympathy.

The crown attorney was unable to prove that Burling was a British citizen, and also the prisoner admitted that he had married two Canadian girls in the United States without going thru the formality of a divorce, the Canadian statute relating to bigamy on foreign soil cannot be prosecuted in the Dominion.

George Rowland's Death. While passing along Church-street about ten o'clock Thursday night Geo. Rowland of 31 Macpherson-avenue fell down in a fit.

He was taken home in the police ambulance and was attended to by Dr. Stewart. Despite all possible medical aid he died yesterday morning at four o'clock. He was the second son of Mr. John Rowland of Macpherson-avenue and was well known in the city.

The funeral will take place Saturday afternoon.

Fourth race, 2-year-olds, 5-1/2 furlongs—Leo Paul, 105 (Swain), 1 to 2; 1/2; George Perry, 104 (Minder), 2 to 1; George Perry, 104 (Minder), 2 to 1; George Perry, 104 (Minder), 2 to 1.

Some Dandy Suits For \$8.95

This morning sharp at 8 o'clock we place on sale 150 Suits in sizes ranging from 33 to 50, all to sell at \$8.95 for the complete suit. These are a special line of sample suits, made expressly for the Plastic Form trade, and are worth in the regular way \$12, \$15 and \$18.

In the lot will be found men's nobby double and single-breasted Scotch and English tweed and fancy worsted suits that at the price are the most pronounced values ever offered in Toronto.

Let us impress upon you, however, the desirability of buying early while there is still a good assortment of sizes. There is certain to be some brisk selling, for in many instances there will be straight saving of \$9.00.

Store open until 10.30 to night. Plastic Form Parlors 93 Yonge Street. One Door North of Shea's. A. JOHNSTON, Manager.

ENTERPRISE COMMENDED. The Toronto Globe shows commendable newspaper enterprise in sending Mr. Acland to Winnipeg as its western editorial representative.

This newspaper, in many respects, possesses that which in time should make it a national daily. The spirit that prompts it to send Mr. Acland westward, will, if carefully nurtured and intelligently guided, place it in a class by itself—a class few publications can break into without equally strong financial means.

The Toronto Globe, with the federal government behind it, with a political party liberal in its proposed principles and liberal with its money to its organ, and with a progressive directorate having at its call the resources of many corporations, should go far as a business organization. We may continue to differ with it on matters of public policy, and with its directors, but no one will say that it is not a great newspaper.

The Globe has made a wise choice in Mr. Acland. He is a cultured gentleman, whose views will ever be those of a man of refinement and discernment. He goes west fully equipped for his important task, and with the confident knowledge of his friends that he will do no dishonor to the paper with which he is connected, but much credit to the profession of letters.

The Toronto World salutes The Toronto Globe and Mr. Acland and wishes both adequate success.

IN THE PUBLIC INTEREST. The delay in promptly getting accurate information of the wreck at Axilda, Sidbury, before an anxious public emphasizes the immediate need of appointing a government inspecting officer, whose first duty it should be to be on the spot as soon as possible after the railway accident.

Wherever a railway accident occurs on a Canadian railway, the first body notified should be the railway commission, and its first duty, in turn, should be to hasten an inspecting officer to the scene. The railway companies, and especially those with telegraphic attachments, should be brought up with a sharp turn to appreciate the fact that the death of nearly a score of passengers is a matter requiring the widest and speediest publication in the interest of the public.

This information should be gathered with speed and with speed despatched to the railway commission, and at the same time to the newspapers of Canada. This is a fair size-up of public opinion in this matter.

ed, but bearing the marks of native talent untrained. The pun on the last word is atrocious, as all puns should be, but it fetches the public.

Then, what a picture of domestic satiety is brought to mind by "True to the core," The maiden said, And swung the peeling Around her head;

It fit and formed the letter Q. He called next day, But 'twas skidoo.

Disfigured by a taint of slang in the concluding foot, but otherwise a rural gem. The word "skidoo" is an Americanism, and is accounted for by the fact that Dad once wrote copy for The Brooklyn Eagle.

But Watford's Wordsworth rises to his true dignity when he treats of the Country Fair. Here he is at home; in fact is secretary-treasurer of his own show. You fairly see the variegated scene as you read:

Yards of tidles and miles of lace, Hooves that can trot and some that can gallop, Mangles as long as a giraffe's neck, Beets by the bushel and onions by the peck;

Apples rosy and peaches rare, For beauty and flavor beyond compare; And peaches and pines to suit all tastes, Pretty girls in white shirt waives.

Farmers' boys with beribboned whip, And saucy fakirs that give you lip.

It is all there, and just to read it makes you homesick.

But for the once, enough of Foot Dad, as fine a man as ever walked, in spite of his lack of verse-making.

FOREIGN COLONIAL EXPERIMENTS. Before the United States and Germany developed an overseas earth hunger no more severe critics of British colonial methods could be found than the armchair experts of these countries. It is easy to theorize where there is no personal experience and the practice is common enough in everyday life.

Germany and the United States represented broadly the opposite poles of colonial criticism, and their first experiments in the administration of subject possessions are more than likely to fall because of differing reasons the policy which dictated them, however self-evident to its originators, ignored local conditions.

The autocratic German, trained in a rigid official school, believed that the black tribes over whom he was placed, needed nothing but repressive rule—the liberty-loving republican felt equally assured that the gift of a free constitution would in some magical manner endow the Cubans and the Filipinos with the inherited qualities of generations of self-government.

Both are finding out their mistake, and are learning to appreciate better the troubles and trials which afflict nations who assume part of the white man's burden. The United States especially is now confronted with the dilemma so many times presented to Britain, either to accept a heavier and more immediate responsibility or to leave the land it undertook to relieve a prey to haphazard and graver ills.

There have recently appeared several severe indictments of British rule in India, mostly penned by American critics and conspicuous rather by assurance than amplitude of knowledge. In the administration of a dependency so vast it would be more than surprising were no occasion for animadversion to be found. No doubt in the history of Britain in India there is much to be regretted, and much to be deplored, but no impartial student can doubt that the benefits attending British rule since the passing of John Company have overwhelmingly outweighed its evils.

This, too, has to be said that on the part of Britain there has been a continuously quickened sense of the nature of the responsibility which has been assumed, and a growing determination to make the best interests of the native races the paramount consideration. While this sentiment prevails there will be no disposition to believe that the welfare of India would be served by the striking of the Union Jack.

PUBLIC AND PRIVATE OWNERSHIP. Public ownership and operation of franchise monopolies is not an end in itself, but means to an end. The arguments which justify its adoption are sound and reasonable in themselves, and are fortified by the experience as well of municipalities where it prevails as of municipalities whose public services have been allowed to pass into private hands. On this continent it is hardly necessary to set forth in detail the unsatisfactory nature of the conditions attending the operation of such services by private corporations. There is not a city or a town in the United States or Canada in that situation which is not engaged in an unending conflict with the holders of its franchises, or which has not suffered incalculable financial loss from stock manipulation and extortionate rates and charges. Public franchises, too, from their actual and potential value, have been largely sought, and the huge profits they afford have led to the direct and indirect bribing of legislatures, city

and town councils and other public bodies, and to corruption of all kinds. These things are too well known to need formal proof, and they are not denied by the bitterest opponents of public ownership. Many erroneous ideas are held regarding public ownership and operation of service monopolies, and these are astiduously fostered by private franchise-holders and their friends and allies. It is assumed on all hands that under a public board the management of a public utility must necessarily differ from its conduct by a board of directors. Of course, it might differ, just as the management by one body of directors may vary from that of another, but the essential difference is always the same. The conduct of any public service is simply a matter of business, governed by ordinary business principles and methods. The main and very vital difference is that a public board is there to serve the public while a private board of directors is there, first, to make a profit, and only secondarily to meet the public convenience. Those cities of Britain which have made a conspicuous success in the management of their public services have done so by strict adherence to business rules. One of the favorite arguments triumphantly assumed by public ownership opponents turns upon the supposed superiority of a board of directors to an elected public body. Of course, an elected council is just what the electors make it, but it is not going too far to say that this alleged superiority is a myth. The ordinary company director owes his place to anything but his special knowledge of its affairs, and is at the disposal of trustees that neglect or on a board float a Union Jack in school hours will forfeit their right to the public grant."

AUTO STARTS A RUNAWAY AND OWNER IS ARRESTED. Aged Farmer Seriously Injured at Preston—Dragged Along the Roadway. Preston, Sept. 14.—(Special.)—Isaac Reist, a farmer residing near Kosuth, was the victim of a frightful experience here about noon today. Reist, who is aged about 80, and has but one arm, was driving his horse down King-street, with the lines held by the hook in his artificial arm. The animal became frightened by a passing automobile driven by Leo Andrus of the Packard Electric Co., St. Catharines, and bolted down the street. The rig struck a tree, and the horse was thrown and ran, dragging the unfortunate farmer to the ground, until the lines finally became detached from the hook of his artificial arm.

CHICAGO BANKS SWINDLED. Five Expert Forgers Rounded Up—Operations Were Extensive. Chicago, Sept. 14.—The Chronicle today says: Five members of a gang of forgers were arrested last night by city detectives. The utmost secrecy was maintained by the police regarding the arrests, but it is reported that thousands of dollars were secured by the swindlers, and many prominent banks are losers.

VISITORS FROM CALGARY. Fire Chief Smart of Calgary and J. McDonald, commercial merchant of the same place, were visitors at the headquarters yesterday, and also called at the Berkeley-street station. They were accompanied by the chief of their city's fire department. Both are delegates to the I.O.O.F.

Big Price Inducements in Men's Wear

Good Tweed Suit For 5.95 A bit of extra good buying for men who want strong, well-made, good-looking, stylish suits, and will be glad to save a pile of money on the purchase.

All-wool Trousers 95c a Pair As good a piece of trouser buying as 95c ever did, perhaps better. Big saving Monday on every pair.

"Seldom" Offer in Night Robes Here's a price on men's night robes that should give us all we can do to hand the garments out as fast enough. Going to clear out seven hundred of them Monday morning at a figure that wouldn't even buy the material.

Made from pink and blue striped flannel-ette, collar attached, yoke, pocket, pearl buttons, double stitched seams, sizes 14 to 19 inches. Not more than two garments to each customer, and, of course, we cannot promise to fill mail or phone orders. Price, each 29c

Good One in Sweaters The best one for many a day, easily the best of the summer. Imported, medium weight fancy wool, navy, white and black combination, deep roll collar, closely ribbed cuffs and skirt, also some plain navy blue JERSEYS with striped collars, price each 65c

Our Friend From Cannington Interviews Men of Business

Really, there are some fine fellows in Toronto—so fine that you take them straight to heart, despite the fact of a nature born to satire. Yesterday it was my luck to meet another real Irishman and another real Scotchman, who are both real Canadians. The real Irishman was J. N. McKendry of the McKendry Younge-street store; the real Scotchman, John Macdonald of the John Macdonald Company, Wellington-street, and they go to prove conclusively the fact that nothing can beat the Irish and the Scotch.

Mr. McKendry didn't know whether or not to turn on the lights to give me a better view of his face. But I had felt his hand, and had more reason to be timid on my own account. When he did take the risk, the revelation was worth while. I was fronted by a tall, stout man, of square, blunt-featured countenance, with blue-green eyes, beaming such a welcome that they condensed—contracted in length for a massive breadth and a rugged sort of strength. The nose is stuck in between the two humor-it eyes, like a diminutive pyramid, broken off short. A slim moustache of dark hue is crowded on an upper lip, and beneath, the mouth opens and closes like a trap. The hand also swoops out in gestures with the same rapid motion.

THOUGHT SHE COULD MARRY

After Seven Years' Separation From Husband—Charged With Bigamy. Twenty-one years ago Susan B. Gib- bard was married, but, according to her story, told in court yesterday, she faced bigamy charge. Gibbard thought her wealthy husband refused to do any work, preferring to live on her income. She says he drank and abused her; that five of their eight children died from want and neglect.

FIND BODY OF BURNED MAN

Mystery in Fatal Fire at Albany— Families Narrowly Escape. Albany, Sept. 14.—In the ruins of a fire, which destroyed a two-story brick building early to-day, Chief Higgins of the fire department found the charred body of a man, which was subsequently identified as that of John J. Hayden.

The fire, which, it is believed, was caused by an explosion, started in a saloon on the ground floor, and it was with the greatest difficulty that two families in the upper part of the build- ing were rescued.

Hayden's body was found in a closet in the rear of the saloon, and coroner Vanguyaling and the police are endeavor- ing to find out how he came to be in the place at the time.

The saloon had been closed several hours when the fire was discovered. Hayden was thirty years of age and lived with his parents in the north end of the city.

WOMAN'S WORLD.

ROBERT. In childhood days ere yet she knew The worth of gifts she'd freely take The presents—sweets, toys and such— He offered her, for friendship's sake.

In later years, when older grown, Quite different things she took, like this: His arm at parties, hat and stick Whenever he called, perhaps a kiss.

In turn, she took his purse, his time, His love, this thievish dame, The presents—sweets, toys and such— For, last of all, she took—his name. —Ed. L. Underwood in The Bohemian.

Buddha-like Expression Cultivated If you would be included among the elect this winter, you must cultivate the Buddha-like expression of serenity, which has been adopted by the modish women of London. Even such vivacious persons as Mrs. Reginald de Koven no longer smile and jerk and gesture. Browns are very light. Greens range from olive to forest. Blues are bright running into peacock blue.

Ladies' Tucked or Gathered Shirts—1028—A design of recent completion is shown in this pretty waist, which is not difficult to make-up at home. It would make up nicely in any of the light materials trimmed with lace insertion, and has a bishop or sailor collar sleeve, flare cuffs being optional. It requires 3-4 yards of material 27 inches wide, or 2-7/8 yards 36 inches wide, with 4 yards of insertion.

Cerise, the Color for Fall Hats. At the eighth semi-annual conven- tion of the National Milliners' As- sociation in Chicago this week cerise, the most conspicuous fashion. This is the color that fashion has decreed shall lead all others in the composi- tion of hats this fall and winter. It appears to be a compromise between red, pink and purple, and it can be seen a long way.

World Pattern Department. Please send the above-mentioned pattern, as per directions given below, to Name Town State Province Measurement—Waist Bust Age (if child's or miss' pattern) CROWN—Be careful to enclose above illustration and send size of pattern wanted. When the pattern is sent, measure you need only mark 32, 34, or whatever it may be. When in doubt measure 22, 24, 26, or whatever it may be. If a skirt, give waist and length as desired. Patterns cannot reach you in less than three or four days from the date of order. The price of each pattern is 10 cents, in cash or postal order. Do not send stamps. Address The World Pattern Department, 83 Yonge St., Toronto.

quieting the patient by their very calmness. While a nurse's personal- ity does count for something with the doctor, still many of those little qualities which appear to be essential- ly strong are as mechanical as a rule in mathematics.

Nurses Usually Marry. The latest report of the royal national pension fund for nurses of England practically states that there is no other way for women which so surely leads to matrimony. This fact is not hard to understand. Nurses are often literally angels of mercy, who enter into the sickroom, gently but firmly dispelling awkward helpers and

low appears—spring's messenger—when he shakes off his beard, wears gay clothes and flirts with his women clients. As the play opens, his wife, remembering past springs, sends for her American parents, Mr. and Mrs. Ambrose Girde, to console her. Girde has still another object in visiting Furtis. He is anxious to restore his failing health by consulting a famous specialist, who gives him an injection of lamb's blood, which makes him as frolicsome as his rejuvenated son-in-law. The wife and daughter supposed- ly go to the country and the father and son-in-law, with separate fortunes, go to the Crimson Buttery restaurant. There Girde meets a Spanish dancer, who "rings in six or eight friends to dinner. The bill is so large that he cannot pay it, and he is forced to work out his debt by becoming a waiter. He adopts a disguise and with his wife trails him to the restaurant he has her arrested for the woman sus- pected of being there to meet the son-in-law. The last act is an artist's studio at Malmeson, where the compli- cations are smoothed out.

Mr. Carle has the part of Girde, and is said to have particularly funny op- portunities as the waiter. Victor Mor- sey will be the "Chicken, a light comedy part of great possibilities. Miss Emma Janvier, Miss Bessie McCoy, one of the McCoy sisters, famous for their dancing, Adele Rowland, Lois Ewell, Amy Dale, Arthur Conrad, Richard Ridgely, Sylvain Langlois and Tony Sullivan are in the company.

Next Week at the Theatres.

Joseph Gaites, one of the most popu- lar of the big theatrical men in New York, is in the city visiting his two daughters, "Raffles," at the Grand, and "The Red Feather," at the Prince- cess. Speaking of the show business, reliable men are at the head of the leading booking offices, and the pro- ductions are in nearly every case up to the class number of the higher-priced houses.

Mr. Gaites has a good opinion of Canada, and is confident that his two plays, "Raffles," and "The Red Feather," will be winners this season.

Richard Carle will come to the Prince- cess Monday night for a week's stay in "The Spring Chicken," which had remarkable success in London, running there for two years. The plot was

The funny little comedian, George Sidney, with his big company of comedians, dancers and singers, will be seen in his new edition of the successful musical comedy, "Busy Izzy's Vacat- ion," at the Grand Opera House next week, with matinees on Wednesday and Saturday. For the past four seasons no musical attraction has met with greater

introducing many new songs and good comedy work, and Clark and Fleurette, a dainty singing and dancing act. The cinematograph will close the bill with a full line of new pictures.

Those in search of novelties, rare humor, wit, catchy music, feminine beauty and cleverness should go and attend the engagement of the "Tiger Lilies" at the Star next week. This is one of the best aggregations of bur- lesquers on the circuit to-day. The olio is contributed by May Belmont, a cap- tivating southerner; La Velle and Grant, exponents of physical culture, who also give an original exhibition of classical and muscular posing; Murphy, Har- low and Barrett, in a rollicking sketch, called "All on Account of Pinky," Cor- liss and Burke, who offer something rad- ically new in a refined Irish singing and dancing specialty, and the "Tigers-ova" an up-to-date moving picture device.

Must Leave the House. Wm. Chapman, who took Mrs. Geo. Dickson, 8 Clarence-square, to the Grand Thursday night and had his car punched by her husband, was ordered to leave the house, and re- frain from playing the leading man, by Magistrate Donohoe. Both Chap- man and Dickson, charged with be- having disorderly, were discharged.

Milkmen in Court. George Chadwick York Mills, and William Huskiner, charged with bringing impure milk into the city, were yesterday remanded for a week in police court.

Charles E. Evans, formerly of Evans & Hoey, headlines next week's bill at Shea's. Mr. Evans will be seen in a funny sketch by George Arliss, entitled "It's Up to You William." The comed- ian has made a hit the few weeks he has been in vaudeville, and he is as- sisted in his act by Charles Hopper, Elizabeth Barry, Helena Phillips and Louise Skillman. George Arliss, author of the piece, has been seen here as bell and with Mrs. Patrick Camp- bell, and Mrs. Hopper play the parts of the married couple in the same apartment-house. They have told their wives that they are going to New York on a business trip, while they really go up into Scotland, fishing. During their absence, unknown to them, the ship on which they are supposed to have sailed is lost, and they return to find their wives in widows' weeds. Explanations are tangled and funny situations abound. Others on the bill are Dave Lewis, who will be heard in his inimitable German monologue; J. K. Murray and Clara Lane, mid-time comic opera fav- orites, in a singing sketch, "A Knight at Home"; Sam Watson's Farmyard, with the trained donkey, the pigs and the roosters, funnier than ever; Mar- senna, Nevairo and Marsenna, great comedians, equalling the Sharp Bros., known as the Dixie boys, a clever pair of dancers; the Olivette Troubadores,

A Dozen Groups of Beautiful White Shirt Waists Gathered in One Lot to Clear at \$2.50 EACH

On Monday morning we shall place on sale about 500 of the season's newest and best designs in fine white lingerie waists, at an all-around price of \$2.50 for the choice; these waists range in price from \$8.50 to \$6 each, and embrace some of the cleverest designs that New York's leading manu- facturers have created this season. A description of the several styles would call for a mass of detail that possibly would have little interest for you, especially as the range of sizes is not complete in any single style. We nevertheless are in a position to promise that the first buyers will find a full assortment in sizes 34 to 42—that is, when the various styles are group- ed together. The offering includes hand-embroidered waists, lovely lace- trimmed waists and embroidery-trimmed waists, lovely new goods, and mostly fresh; values \$8.50, \$4, \$4.50, \$5, \$5.50 and \$6, all in one lot, to clear Monday, each

FALL BOOTS \$3.25 Women's Latest Style Low Top Man- uish Cut Button Boots in patent colt, dogskin and velvet kid, with heavy Goodyear welt, extension soles and adjustable laces. All widths and sizes, regular \$4.00 and \$4.50. Our special pair, Monday, a pair 3.25

SWISS MUSLINS 40c 200 pieces of New Swiss Embroidered Muslins, in neat floral and figured designs, spots from the small pin size to stylish large ones. All lovely, even weave, extra fine embroidery. Splendid quality, 30 inches wide. Our special price, a yard 40c

HIGH-GRADE TABLE CLOTHS AND SCOTCH BLANKETS AT GREATLY REDUCED PRICES.

A special clearance sale of high-grade table cloths, in various sizes, 2-1/2 by 2-1/2, 2-1/2 by 3, 2-1/2 by 3-1/2, and 2-1/2 by 4 yards, all lovely qual- ities, but slightly imperfect; rich double-satin damask, pure linen, very handsome and reliable, regular as high as \$30 each, Monday, very special, each 10.00

We are also giving for Monday a very tempting offer of real Scotch blankets, double-bed sizes, and in splendid qualities, soft lamb's wool, thor- oughly shrunken and beautifully white and clear, with dainty pink and blue borders, each blanket finished separately, special, a pair, \$5.75 and 6.50

Are obtained by taking a course in our oldest and most reliable school. Every advantage is afforded for the thorough and rapid advancement of our pupils. Our courses of study are modern and most effective in producing good results. Our location (Central Y.M.C.A. Bldg.) equipment and facilities for placing students in positions are of the best. Handsome catalogue sent on request.

BRITISH-AMERICAN BUSINESS COLLEGE

Y.M.C.A. Building Yonge and McGill Streets, Toronto T. M. WATSON, Principal

CHARGED 140 P. C. INTEREST

Missed Couple of Payments and Had Bailiffs in on Him. Judge Morgan, in the county court, without a jury, heard the action of George R. Morton, for unstated dam- ages, against Robert Evans, and Fleming and McTamney. His honor reserved judgment.

Morton is a core maker, living at 273 Hamburg-avenue. Evans was formerly a lender of money in Tor- onto, but is now an hotel keeper in the well-known-to-some—balliffs. On April 28, 1905, plaintiff borrowed \$75 from Evans, giving a chattel mortgage on his furniture. This was to be paid back in 12 monthly pay- ments of \$3.45 each, which would make the interest on the loan 140 per cent. for a year. Up to April 2 Morton had paid \$86.35. He fell down on his payments for a couple of months. Evans put the balliffs in the house, for which Morton is now asking dam- ages.

A SPLENDID SCHOOL! ELLIOTT Business College

KAY'S Famous for Fine Furnishings KAY'S

Our Autumn Carpet Display will be one of extraordinary interest. Shipments have been some- what delayed owing to the fact that many of the carpets are being woven expressly to our order. Announcement of their arrival will appear in due course. Wait for it. Our Fall importations of Rugs have nearly all arrived. They quite surpass the record of former years - larger and better assortments and greater quantities. This section of our business is rapidly growing, and we have had to build new shelving and fixtures to hold the enormous stocks required for this season's trade.

In the lists below we give particulars concerning a few leading varieties:-

Victorian Axminster Squares

One can hardly say too much in praise of this magnificent weave. Its rich appearance, deep pile and the unlimited possibilities it allows in the way of color effect make it a prime favorite. So firmly established is it in the good opinion of our customers that we carry a full assortment of sizes in five different qualities, the range in size extending from a small hearth rug to a carpet measuring 12 ft. x 15 ft. In color and design there is equally wide choice, the requirements of a dainty boudoir being as easily met as are those of a reception room or heaviest colored den or library.

Table with 3 columns: Guerevan, Mirzapore, Ouchak (Heavy Turkey). Lists various rug sizes and prices.

Oriental Rugs

In these marvelous products of Eastern taste and handicraft we show a splendid assortment of both modern and antique varieties. The partial lists below will serve to give some idea of the extent of our showing in this important line.

Table with 3 columns: Kierman, Antique Bokhara, Antiqu Persian Strips. Lists various rug sizes and prices.

Table with 3 columns: Semiz, Soumacs, Bolan. Lists various rug sizes and prices.

Table with 3 columns: Antiqu Bokhara Mats, Antiqu Kelims, Mousils and Kaysacs, etc. Lists various rug sizes and prices.

Donegal Rugs. No list of rugs would be complete without mention of these famous hand-tufted Irish rugs. They rival the best Oriental weaves in durability, and, unlike them, can be woven to order in any shape, design and color combination. We have the following sizes in stock.

Scotch Wool Squares. A new weave, in which, after years of experimenting, the makers have obtained most gratifying results both as regards quality and color. The price, too, is most attractive, viz.: \$1.25 per square yard. Stock sizes are as follows:

John Kay, Son & Co., Limited. 36 and 38 King Street West, Toronto.

**NEW ONTARIO'S NEEDS
SOUGHT BY MINISTERS**

**What the Government Tourists
Are Telling and Are
Being Told.**

Charlott, Temiskaming District, Sept. 14.—(Special).—To get in touch with the settlers and hear their grievances and their suggestions is the object of the northern tour of Hon. Frank Cochrane, minister of lands and mines, and Hon. Nelson Monteith, minister of agriculture. The ministers are accompanied by A. W. Campbell, good roads commissioner; Thos. Southworth, director of colonization; Dr. F. J. Clark, director of forests; Commissioner Coombs, and Col. Lambe, the latter being in charge of the immigration work of the Salvation Army. Such a tour should be of the greatest importance to the new districts and to the government, because wherever the ministers have spoken the freedom of settlement has been invited and by this means the needs of the pioneer are made known.

Wherever it has been shown that a substantial grievance exists there has been the promise of a responsible minister that it would be remedied. Meetings have already been held at Millerton on Tuesday night, at Earlton Wednesday afternoon, and at Charlott Wednesday night, and at Henshaw and Ennaburt last night.

To get here the government party forsook the railway at Liskeard and drove over the pioneer roads, some of which are admitted to be better than the majority of roads in Old Ontario. The worst strip was the eleven miles from Henshaw to Ennaburt, which is at the foot of Long Lake. Here we are in the moose country. It is said to be a hunter's paradise. The burden of complaint is the bonafide settlers are prevented from coming in and cutting out a home along the colonization roads by an unwise policy which allows speculators to take up land and hold it for speculative purposes.

"Cancel the permits," is the cry of the settler. "Make 'em get on the land or give someone else the chance." This has been promised.

Here and there along the highway is seen a patch of cleared land. Some of them show splendid thrift and enterprise. There were a few plots in the "back woods" which were best to be seen in the Niagara district.

In the church, where the meeting was held Wednesday night, an exhibit of farm produce opened the eyes of the visitors. They all said it was "marvelous" that these men in two or three years should bring their farms to that state of forwardness to be able to produce practically all the new country eats.

Their was a "counter" attraction of a wedding the little church was crowded. John Hough, chairman of the Colonization Association, presided, but it was no political meeting. He first asked A. W. Campbell, the good roads commissioner, to speak. Mr. Campbell, of course gave a discourse on road making.

FREE HELP FOR MEN

The only remedy known to cure loss of manhood is "RESTORINE." It is commended in this country by the Dr. Kohr Medicine Company, a concern which has the highest standing in the medical world. This treatment has cured thousands of men young and old, when the best known remedies have failed. If you are suffering from nervous debility, the result of over-exhaustion, or from any of the diseases of the urinary system, this remedy can and will cure you for a few days. The headache, dizziness, watery eyes, pain in the back and falling memory, disappear completely in the worst cases. A day's treatment is strictly confidential. Thousands of testimonials of cure or return your money. Write for a free book of rules for health, diet and advice. Our greatest successes have been those who have failed with other treatments. This remedy is regularly made in the French and German armies, and the soldiers in those countries are made of strength and vitality. Write for sample and secure sealed in plain wrapper.

Address DR. KOHR MEDICINE CO., P. O. Drawer W 2341, Montreal.

SOLD OTHER MAN'S CATTLE.
Swindler in Eastern Ontario Lands Some Victims.
Kingston, Sept. 14. (Special).—The police of Perth have failed to find the fraudulent doctor who beat the Sheriff of Perth and other parties on a fake deal. About two weeks ago a man named Doctor Owens, who gave his place of residence as Tottenham, Simcoe County, came to Perth and, after examining Sheriff McGarry's stock of pure-bred Durham cattle, offered to buy a number of them at a handsome price. The animals were not paid for at the time, the agreement being that when the cash was sent the cattle would be shipped. Later developments have shown that the would-be purchaser was a fraud, as he went to Maberly and represented himself to be the agent of McGarry, and actually sold some of the cattle, receiving the cash for them. The understanding was that the real owner of the cattle would ship them.

CRIMINALLY LIABLE.
Directors of Broken Philadelphia Trust Co. Face Prosecution.
Philadelphia, Sept. 14.—District Attorney Bell, who has been investigating the failure of the City Trust Safe Deposit and Security Company of this city, which closed its doors in June, 1905, with liabilities amounting to more than \$600,000, says he has discovered evidence of criminal liability, and intends to institute prosecutions of those responsible.

Mr. Bell said today: "It is plain to me that the transactions with the Appleyard Syndicate, which obtained control of the bank, were equally as unstable as those that caused the downfall of the Real Estate Trust Company."

NO MINISTER OF GAME.
Premier Doesn't Favor It—What of Health and Mines?
There are several suggestions afoot to create new ministerial portfolios for the Ontario government. The board of health has almost passed out of existence, and it has been recommended that this important department be placed under a minister of the crown. It is whispered that Dr. Willoughby would not be averse to being minister of public health.

GOVERNMENT APPOINTMENTS
W. T. Bertram to be Purchasing Agent for T. & N. O. Railway.
W. T. Bertram of Montreal has been appointed purchasing agent of the T. & N. O. Railway, to become effective Oct. 1. The following appointments are announced by the Ontario government: John Bryan of Eganville, to be bailiff of the sixth division court of the County of Renfrew, vice Hugh McMullin, resigned.
Frank Leatherland of Cataract, to be clerk of the second division court of the County of Frontenac, vice W. H. Compton.
Bell Cherry of Warren, to be bailiff of the sixth division court of the district of Nipissing, vice Felix Gervais, resigned.
Charles Hamilton of Bruce Mines, to be bailiff of the second division court of Algoma, vice Thomas Knight, deceased.
Miss L. M. Sager of Cornwall has been appointed stenographer to the drainage commission at a salary of \$600 a year. Miss Sager has been doing legal work for a number of years, and her appointment was asked for by the legal fraternity.

FIRE BOAT AND SOLDIERS COMBINED, SAVED A TOWN
Thibron, California, Sept. 14.—Fire yesterday destroyed the business quarter of this place. Only the utmost efforts of members of the 22nd U. S. Infantry and the state fire fighting company, sent from San Francisco in response to an appeal for assistance, saved the residence portion. Two hundred persons were rendered homeless. The loss is \$100,000.

Guessing Contest.
The results of the "Automobile" and "Cycle" Skates guessing contest that attracted so much attention at the exhibition will be published next Saturday in these columns.
The guess was on the weight of a piece of aluminum such as is used in the "Automobile" Skates.
This skate has come into great prominence and can well be called Canada's famous skate—it being the lightest and strongest made, is distinctive and will be a great favorite this coming winter.
The prizes to be awarded to the first ten ladies and ten gentlemen guessing correctly are twenty pairs of "Automobile" and "Cycle" Skates.

Discontinuance of Penetang Summer Service.
After Saturday, Sept. 15, the 11.30 a.m. express from Toronto will not have connection for Penetang and Georgian Bay ports.
Express arriving Toronto 4.05 p.m. will not connect from Penetang.
Train from Orillia to Gravenhurst Saturdays only, connecting with 5.20 p.m. train from Toronto, has been discontinued.

Pale? Thin?
How is it with the children these days? Have they plenty of grit, courage, strength? Or are they thin, pale, delicate? This reminds you of Ayer's Sarsaparilla. It does great things for children. It gives them a good appetite, improves their digestion, builds up their general health. Ask your doctor if he endorses this. We have no secrets! We publish J. C. Ayer Co., Lowell, Mass.

Vanderbilt Cup Automobile Races.
Special New York excursion via Lake Ontario and Valley Railroad, Thursday, Oct. 4. Tickets only \$9.00 round trip from Suspension Bridge. Tickets good 10 days. For information and Pullman call at L.V.R. office, 10 East King-street.

Wholesale of Messrs. EVANS & SOXS Ltd., Montreal and Toronto, Canada.

3,000 people sent out by the Army had returned to England.
What the colonel liked about Canada was that he had seen more banks than public-houses here; in England it was the other way round.
He had seen more "come forward" than "no one else" here. He had seen a large sawmill industry here, made an eloquent speech, seconding the objects of the government and the Salvation Army in finding settlers for Temiskaming.

New Perfection in JAMIESON CLOTHING!

We're ready this fall with the hand- somest showing of really fine cloth- ing ever sold under the Jamieson guarantee. The success of one season with us is never a high enough mark for the next, and with our own tailor- ing facilities we can crowd in style and value to the last cent. All we ask is that, wanting clothing, you give us a chance to show what we have ready. You can believe the evidence of your own eyes for fit and workmanship, and we warrant the materials to be strictly first-class, and mostly imported woollens.

You always pay less here for suits and overcoats, based on the fact that we manufacture for ourselves and sell strictly for cash. That means getting as near as possible to the actual cost of production.

SATURDAY SPECIALS IN MEN'S CLOTHING

Only Men's Single and Double-breasted Fine Suits, just the balance of all our choicest patterns from the summer goods, with a few dark shades, in Irish homespun and Scotch tweeds. All sizes, 24 to 44. Usual price \$15.00 and \$18.00. Must clear at... **6.75**

48 Men's Topper Overcoats, fly fronts, padded shoulders, with and without the center vents. Just the length for fall and spring wear, in the convenient cloths. Colors nut brown, beige, and dark gray. Usual up to \$15.50 to clear at... **7.95**

300 pairs Men's Nearest Worsted Pants. We hold a large stock, and are determined to reduce it. These are goods which seemed to be in the custom tailoring at \$3.50, in plain and neat pattern stripes, mostly dark shades. To clear at... **2.75**

SATURDAY SPECIALS IN BOYS' CLOTHING

We have 25 Suits only, in blue and black, 2 and 3-piece Suits, in sizes 22 to 36, black and blue, which must be cleared on Saturday, regardless of cost. They were in the regular way from \$3.50 to \$4.75. Special for Saturday... **1.97**

PHILIP JAMIESON, THE ROUNDED CORNER OF Queen and Yonge Sts.

MAY ASK FOR \$100,000 FOR OLD FORT CAR LINE

Board of Works Sends Recommendation to Council—Day of Delegations.

The city council will, at its next meeting, consider the proposition of submitting a bylaw to the ratepayers, asking that \$100,000 be voted for the extension of a car-line from the foot of Bathurst-street thru the old fort property to the eastern entrance of the exhibition grounds. The civic board of works yesterday approved the recommendation of the special committee that went over the ground on Thursday. Controller Hubbard was the only dissentient, and his opposition arose from a fear that, whereas the railways had built the present bridge at the foot of Bathurst-street and paid for its maintenance, the city might be compelled to contribute towards the outlay on the proposed new one. The other members of the committee had no such apprehensions.

The city engineer presented an estimate of cost of the three alternative routes, figuring it would cost \$100,000 for the Bathurst-street route, \$90,000 for the straight route via Tecumseh-street, and \$126,000 if the route were made to angle westerly from the foot of Tecumseh-street.

Engineer's Expenses. The city engineer presented an estimate of cost of the three alternative routes, figuring it would cost \$100,000 for the Bathurst-street route, \$90,000 for the straight route via Tecumseh-street, and \$126,000 if the route were made to angle westerly from the foot of Tecumseh-street.

A large deputation of Euclid-avenue property-owners asked that the original recommendation of the city engineer as to a lane from Herick-street to Leith-ros-street, between Euclid-avenue and Palmerston-avenue, be followed, providing that the width of 12 feet be all taken from the rear of the Euclid-avenue lots. Another much smaller deputation of Palmerston-avenue ratepayers urged that half the width be taken from the rear of the Euclid-avenue lots, against which it was argued that the depth of the lots fronting on Palmerston-avenue was 123 feet, whereas for the Euclid-avenue lots it was only 124 feet. The other parties to the dispute claimed that under the bylaw they were compelled to build back 15 feet from the curb, which left only a depth of 124 feet. The board sustained the original recommendation of the city engineer.

Roadway Difficulty. The activity of the paving companies in getting up petitions in favor of the particular material was shown over again, when a deputation of residents of Berkeley-street, between Queen and Duke-streets, appeared at the board against bitulithic paving being laid down. It was pointed out that this material would cost \$2 a foot, while heavy asphalt could be laid down for \$1.50.

Mr. Rust interjected that a fully signed petition for bitulithic had been presented, and it was explained that the getting up of this petition had been the work of the Warren Bitulithic Company, and that some of the signatories now wanted asphalt. On motion of Ald. Oliver it was voted to have Mr. Rust withdraw his recommendation for bitulithic.

Street Extension. The extension of Bellevue-place to connect with Rosser-avenue was recommended jointly by Mr. Rust and Mr. Foreman, the cost being estimated at \$300. This was suggested by the City Engineer, and that some of the signatories now wanted asphalt. On motion of Ald. Oliver it was voted to have Mr. Rust withdraw his recommendation for bitulithic.

The city engineer will report on Ald. Noble's motion to ask the Street Railways to erect shelters at certain intersections of the routes. The expropriation of a block of property in St. John's Ward for park purposes is suggested by Controller Shaw, who says he will bring the proposition before the board of control.

FELONY TO ACCEPT PASS.

Wyoming Democrats Would Harass the Poor Legislator.

Cheyenne, Wyo., Sept. 14.—The Democratic convention today adopted resolutions endorsing W. J. Grant, the triumphant candidate in 1908. The platform demands national and state eight-hour laws, and their enforcement; favors a law making it a felony for a state officer to accept a pass or other free transportation from a railroad; demands a primary election law and a return to the Australian ballot system; and favors free trade in various commodities, particularly wheat.

IS NOT A CASE OF MURDER.

Buffalo, N. Y., Sept. 14.—There have been no further developments in the case of Dr. W. W. Turner, who is held by the police, altho no charge has been made against him. Assistant District Attorney Murphy states that, "so far as this investigation has gone, it has developed the information that there was no murder at 101 Niagara-street (the residence of Dr. Turner). The supposed victim left Buffalo on Wednesday morning to visit friends on her way home. Our information is that she was perfectly well when she left."

Miss Geddes, a Toronto nurse, named in the case, is not the daughter of J. W. Geddes.

WORK ON TRENT CANAL TO BE HURRIED ALONG

Ottawa, Sept. 14.—It is said that the Trent Valley Canal will be pushed to a speedy completion. The work has been going on since last fall for many years. It is estimated that two years will enable the work to be put thru Georgian Bay to Peterboro as a cost of half a million, and another year will complete the canal from Georgian Bay thru to Trenton, on Lake Ontario.

Shoe Workers' President. Montreal, Que., Sept. 14.—Voting for the election of the officers for the International Brotherhood of Boot and Shoe Workers in Canada, gives a majority of about 10 to John F. Tobin for the presidency, out of three candidates who are in the field.

Why Fused Joints keep the house free of dust, smoke and gas.

Ever see a blacksmith make a horseshoe? When he is ready to put toe and heel clips on the shoe, he heats the iron shoe and the steel clips white hot—hammers them—and when they cool, they are practically one metal. THEY ARE FUSED—The same results are obtained in constructing "Hecla" Furnace.

The cast iron top and bottom of the radiating chamber, and the steel sides are FUSED, where they meet—making a joint that is absolutely and permanently tight.

There is not an opening—and no possibility of there being an opening—to permit gas, dust or smoke to escape into the house.

Fused joints are a "Hecla" feature—originated, perfected, patented and controlled—by Clare Bros. & Co., Limited. The "Hecla" is the only furnace that has fused joints. That means the only furnace that will NOT let gas, smoke or dust come into the house.

If you want a furnace that keeps the whole house warm and comfortable all winter—that burns LESS coal—and that is smoke-tight, dust-tight and gas-tight—you will certainly decide on a "Hecla."

Write for the new catalogue fully illustrated. If you send a rough sketch of your house, I will tell you—free—just what the right "Hecla" Furnace will cost to install. Write to-day to "Clare's Furnace Builder."

CLARE BROS. & CO., LIMITED PRESTON, ONT. TORONTO AGENTS: ALBERT WELCH & SON, 302 QUEEN STREET WEST.

THE IMPERIAL CONFERENCE ON EDUCATIONAL SUBJECTS

Ontario Invited to London Gathering—Federation of Interests Aimed At.

Hon. Dr. Pyne, the minister of education, has received from England a request to have the government of Ontario co-operate in the holding in London next summer of a conference on education. It is proposed to call together the heads of the education departments in the different countries of the empire. The conference is to be non-official and is under the control of a committee of which Lord Tennyson is the president, with a number of well-known persons as members, including the Earl of Meath, Sir Frederick Pollock, Sir Philip H. Hutchins, Sir Charles Lyall, Sir Horace Tozer, the Hon. J. H. Turner and other representatives of colonies in London. The proposal has received the approval of a number of the education departments of the British colonies and has the sympathy of the English authorities.

TARTE WILL BE CHAIRMAN.

Ottawa, Sept. 14.—Hon. J. I. Tarte, it is understood, will undoubtedly be named as chairman of the Montreal Harbor Commission. The two colleagues to be associated with him have not yet been decided.

STEAMER SINKS BARGE.

Dundurn Has Its Second Accident in the Cornwall Canal.

Montreal, Sept. 14.—In the Cornwall Canal this morning the steamer Dundurn, owned by the Mackay Company of Hamilton, ran down and sank the Montreal Transportation Company's barge, Cornwall. The latter was grain laden and bound for Montreal. This is the second accident that the Dundurn has had this year, the steamer carrying away the lock gates of the Lachine Canal some three weeks ago, thereby delaying canal traffic for 24 hours.

ACTION TO SET ASIDE SALE.

Montreal, Sept. 14.—(Special)—An action has been instituted in the superior court by Hiram A. Hodge, the president of the Quebec Southern and South Shore Railway Company, to set aside the sale of these railways, made in November last to Senator Beique of Montreal, for \$1,051,000.

Epworth League Rally.

A great rally of Epworth Leaguers will be held in Elm-street Church on Oct. 8. The Rev. George Jackson of Sherbourne-street Methodist Church will give an address, and eight representatives of the Epworth League, who have later in the season for mission work in China, will be present and take part in the proceedings.

"Your Belt is far superior to any remedy that has ever been developed by medical science for the treatment of nervous debility and lost vitality."—Mr. Andrew W. Langford, Stratford, Ont. "Since using your Belt I feel like a new man."—Mr. Leonard A. Spooner, Box 25, Palmerston, Ont.

WAKE UP WEAK PEOPLE!

Come, Drink of the Spring of Youth, the Source of Happiness! It is Electricity as Given by Dr. McLaughlin's Electric Belt!

What is the use of dragging yourself around among others feeling that you are not like them, that you are not what you ought to be, when you might as well hold up your head and feel like a two-year-old? Don't you want to feel the vim of life in your nerves as you used to? Do you see the sparks in the eyes; to have the spring in your step and the lightness in your heart that go with vigorous health? Life is too short to miss any of the pleasures that belong to it, so why don't you enjoy them as long as Nature intended? I can take people who have a spark of vitality left in their veins and fan it into a flame, and make them feel like a Hercules. I can help rheumatics to drop their canes and crutches and hop around like boys. I had patients come into my office recently and jump over a chair to show me that they were young again. How do I do it? By filling the blood, the nerves, the organs and muscles with electric energy—that is what Nature gave them at first; that is what they have lost when they break down. That is how I cure, and that is why I am so sure that I can cure. You have the body that needs the power, and I have the power and know how to use it. If you have been paying money to doctors and taking nasty drugs for years, and after getting no benefit from them you find a new lease of life after using my Belt for a month, you will be enthusiastic. You will want to go out cured again. Why say more? Isn't this enough? Aren't you convinced that I can cure you? If you want more proof tell me where you are, and I can give you the names of people near you. You can ask them what I have done for them. The work of an honest person cured is worth more than all the arguments, and I have thousands of them. Now don't delay. Enjoy all the happiness you may in this world. You can have none without health and strength. I HAVE AN ELECTRIC BELT THAT DOES CURE, and I am offering it to you in such a way that you take no chances whatever. Give me your name and address, with a statement of your case, and I will at once arrange a Belt suitable for your case, and...

WHEN YOU ARE CURED, PAY ME. READ WITH CARE. DR. McLAUGHLIN'S ELECTRIC BELT is positively the only Electric Belt offered to the public where you have a regular physician in attendance. You have his advice and consultation FREE BOOK. Call and test my Belt free, or if you can't do that, send for my book about it, also free. Don't delay, as I can help you. My Belt is not sold in drug stores. Now, if you suffer, do not lay this aside and say you will try it later. Act to-day—NOW.

DR. M. O. McLAUGHLIN, 112 Yonge Street, Toronto, Canada. Please send me your BOOK FREE. Name: Address: Office Hours—9 a.m. to 8 p.m. Wednesday and Saturday until 8.30 p.m. 8-25-06

ENGINEER TELLS HIS STORY
AT CORONER'S INQUEST

Gave Signal to Colonist Train to
"Back Up" Before the
Crash Came.

The bodies of six of the victims of
the Asilda railway wreck arrived in
the city yesterday morning. The re-
mains of P. C. Blackwell were also
expected, but were delayed on the
way. Word was received last night
that they were on a train due to
arrive early this morning. The funeral
has been arranged for this after-
noon. The police will attend in a
body.

The other caskets contained the bodies
of Samuel Kingston of Frankford;
the two little shade girls of Monk-
ton, and Louis Pfaff, Thomas Puddi-
combe and Henry Herman of New
Hamburg.

Mrs. Snade, said to a reporter, tell-
ing of the experience:
"There was a shock and I was
knocked senseless. When I came to
I was surrounded with wreckage. The
dead body of a man was lying across
me. Olive was lying beside me—dead.
I had my right arm tight around her."

"I do not know how long I lay there
—the time passed so slowly; it seem-
ed a week. I cried out: 'What?
Where are the children?' Then I
heard Viola call to me, 'Oh mother,
mother! I'm hurt!' I turned and
then she called no more."
In a moment or two she resumed:
"I am glad I escaped—I think I am
I would be glad, however, if I could
have gone with the children. I will
not be."

Mrs. Snade could say no more. She
is here in a weak condition from
shock and injuries.
Nelson Schatz of Mitchell, who was
among the dead in the first report, was
in the city yesterday. He is return-
ing home with his wife, who is suffer-
ing from shock.

Crash Opens.
An inquest was opened on Thursday
night before Coroner Struthers. The
principal evidence was given by W.
Thurlow, engineer in charge of the
regular way as to meeting the third
section of No. 1 at Asilda. It was down
grad practically all the way from Car-
leton to Asilda, and the air brake
brakes several times on the hill to
steady his train. The brake had acted
all right until applied for the purpose
of stopping the train right at Asilda.
Thurlow said he turned off the steam
when three-quarters of a mile from the
gauge showed seventy pounds pressure
in the eastbound train. He turned
reservoir. Immediately after the engi-
neer had applied the brake the con-
ductor signalled for brakes and he
himself applied the emergency brakes.
The train was running about forty
feet an hour, and on a bad rail. The
wheels of the engine and the engine
slightly, but the speed slackened only
a very little. The air brake has the same
effect if applied for a long time, but
brakes are working right; and if this
brake had been working right the train
could have been stopped by the con-
ductor's application of the air brake.

Warned Other Train.
When Engineer Thurlow saw his train
would not obey the brakes and his
right until applied for the purpose
of stopping the train right at Asilda.
Thurlow said he turned off the steam
when three-quarters of a mile from the
gauge showed seventy pounds pressure
in the eastbound train. He turned
reservoir. Immediately after the engi-
neer had applied the brake the con-
ductor signalled for brakes and he
himself applied the emergency brakes.
The train was running about forty
feet an hour, and on a bad rail. The
wheels of the engine and the engine
slightly, but the speed slackened only
a very little. The air brake has the same
effect if applied for a long time, but
brakes are working right; and if this
brake had been working right the train
could have been stopped by the con-
ductor's application of the air brake.

Was He in Time?
Engineer Thurlow had applied his
brakes in time. The rules provide "a
safe distance," and the engineer is
judge. It was plain that two theories
were held. One was that Thurlow had
applied the brakes in plenty of time,
but the brakes would not work. The
other theory is that he had waited too
long. The weight of testimony favors
the first theory.

Engineer Retains Counsel.
Lawyer Senkler of North Bay has
been retained by Engineer Thurlow of
the eastbound Pacific train, which ran
into the excursionists. Thurlow has
been in the C.P.R. employ for 20 years,
and this is his first serious mis-
take.

Two experts are at Subury to en-
quire into the condition of the air
brake, representing the C.P.R. people
and the Westinghouse air brake man-
ufacturers of air brakes.
It is curious that of the dead nearly
all were of exceptionally large
physique, finely-built, big men, and
that the fatal injuries made compara-
tively few marks. One victim had
the back of his head torn off. An-
other had his neck broken, and the
vertebrae exposed.
Samuel Kingston of Frankford, who
died from injuries, had nerve. He sat
on the bank while waiting for the
doctor to examine his broken leg, and
wrote a postal card. Then, on the
way to Subury, he penciled another
on the window ledge. Even then the
dead grip was on him.
Had Been to Mother's Funeral.
Dr. William C. Millen, who was

Bell Pianos

The Autonoia

The introduction of the Autonoia into a home
seldom heard to one in which music—all the com-
positions of the centuries—is at the command of every
member of the family, for every one becomes a per-
former. The Bell Playerpiano actually means that
every person can play, and play easily and well, music
of every description.

Not only is this a magnificent piano for playing
with the aid of music-rolls and treadles, but it is an
exquisitely beautiful instrument of the regular char-
acter as well. It can be played by hand in the usual
way, and the change from one form to another is
merely a matter of sliding treadles into the case, and
pulling the spool box panel. The Bell Playerpiano is
thus in reality TWO PIANOS IN ONE.

The difficulty in the way of having satisfactory
music that is so common in most homes—"there is no
one who plays often enough to play well"—is com-
pletely overcome where this Playerpiano of ours is in-
troduced. Every one, old or young, and whether fa-
miliar with the keyboard or not can play—and play
with expression and feeling.

We take your old piano in exchange as part
payment at a valuation that our representative will be
pleased to make you. On receipt of a postal card or
telephone message he will be pleased to call day or
evening. Or we would be glad to have you visit our
warehouse—and play this marvellous instrument for
yourself. You can select your music from a collection
of two thousand rolls, which we have on hand in our
music library.

WEDDING WHICH DIDN'T.
Minister's Absence From Home
Saves Groom From Disaster.
Port Hope, Sept. 14.—(Special.)—Geo.
W. Lawrence and Lillian Brown, re-
spective 23 and 23 years of age, resi-
dents of Oakfield, Genesee County, N.
Y., came to Port Hope yesterday. A
marriage license being secured the couple
sought the Methodist parsonage.
The reverend gentleman not being
home they were compelled to wait till
this morning, when they again repaired
to the clergyman's house. Missing him
they returned to have another clergy-
man's name inserted. The issuer of
marriage licenses in the meantime
however, received word that the pro-
spective bride has a husband and two
children living in the States. Post
haste a messenger was despatched to
the parsonage annulling the certificate.
When the groom-to-be applied for
insertion of another minister's name he
was tumbled out of the news awaiting him.

PUGSLEY JOINS RUSSELL?
Latest Rumor Which Affects Mont-
real's Magnate's Affairs.
Ottawa, Sept. 14.—(Special.)—It is re-
ported here that David Russell has
dropped his contest with J. M. Green-
shields and that he has taken At-
torney-General Pugsley of New Brus-
wick in his business confidence.
It is also said that Mr. Pugsley will
write from the political field in order
to devote his whole time to the worldly
advancement of the amalgamation.
A nuptial feast in Dorchester-street,
Montreal, will be part of the Pugsley
equipment, this at Mr. Russell's ex-
pense.

BOSTON FIREMEN HERE.
Veterans, on Holiday Jaunt, Passed
Thru City Yesterday.
Toronto had an interesting group of
visitors yesterday in the members of
the Veteran Firemen's Association of
Boston, who arrived at 5.30 p.m. from
Buffalo, and left at 10 o'clock last night
for Kingston, where they will take
steamer for Montreal.
The visitors, who numbered about
forty, are on their annual pleasure out-
ing. They left Boston on Wednesday
last, have visited Buffalo and Niagara
Falls, and intend leaving Montreal for
home on Monday.

VARICOCELE CURED
NO NAMES USED WITHOUT WRITTEN CONSENT.

Varicocele of 12 Years' Standing Cured

W. C. Mason of Jackson, Mich., writes as follows:
"I cannot say too much in favor of the New Method
Treatment. Improper habits at an early age laid the foundation
of my trouble. At 20 years of age Varicocele developed.
I gradually became nervous and dependent, lost all interest in
business, and, in fact, in life. When I rose in the morning I
felt tired and sore. My memory failed me and I felt dull and
stupid. Imaginative dreams night weakened me. The Varico-
cele caused a dragging sensation in the loins, weakness over
the kidneys and a debilitated condition of the pelvic organs.
I had nervous debility and was hovering on paralysis. For 12
years I treated with a score of different doctors, tried all kinds of patent
medicines, plasters, lotions, pills, electric belts, etc. While some helped me,
none cured me. Finally I read the "Golden Monitor," edited by Drs. Kennedy and
Kerzan and at last heard of them as physicians ever since I was a boy. I
decided to consult them. The interview satisfied me they understood my
business, so I commenced the New Method Treatment. For the first month
the improvement was slow and I thought I was against it again. I decided,
however, to continue a second month. I married and am as happy as
a bug in a rug. I recommend the New Method Treatment with all my heart
and soul."

NOTICE—Don't compare your New Method Treatment with the cheap
remedies now advertised everywhere. WE GUARANTEE TO CURE OR
NO PAY. WE OFFER BANK SECURITY.

ESTABLISHED TWENTY-FIVE YEARS. PAY WHEN CURED.
We are HERETOFORE CURED. VARICOCELE, BLOOD DISEASES,
STRICTURE, KIDNEY and BLADDER DISEASES. It unable to call, send for

EDUCATION DEPARTMENT, TORONTO
ELECTION OF MEMBERS FOR THE ADVISORY
COUNCIL OF EDUCATION, 1906.

In accordance with the terms of the act
of the said Department of Education, I do hereby
invite the High School Teachers, Public
School Teachers, Separate School Teachers
and Public School Inspectors shall be
solicited for the ensuing three years.

There is no regular form for nominations,
but all nominations must be made as pro-
vided by the following sections of the act:

"(1) No teacher or inspector shall be
eligible to be elected as a member of
the Advisory Council of Education, unless
he has not been nominated in writing, signed
by at least six of the persons who are en-
titled to vote under this act as a member
of the electing body to which such teacher
or inspector belongs.

"(2) Every nomination paper shall con-
tain the name and postoffice address of
such candidate nominated therein, and the
postoffice address of each person signing
such nomination paper, and shall be de-
livered at the office of the Registrar of
the said Advisory Council not later than
10 o'clock in the afternoon on the first Wed-
nesday of October next, in the year
in which the election is to be held and
not earlier than two weeks prior to such
election by the Registrar by post within the
time aforesaid shall be deemed to be duly
delivered to him.

"(3) Any nomination paper which does
not comply with the provisions of this sec-
tion shall be null and void."

The attention of the registrars of the
following universities, viz., Toronto,
Queen's, McMaster, Ottawa and Western,
is called to the fact that under Section 5
of the act, the names of these univer-
sities are entitled to elect representatives to
the Advisory Council of Education.

H. A. FYFE,
Minister of Education,
Toronto, September, 1906.

JUDICIAL NOTICE TO CREDITORS
of the Estate of William
Murray, late of the City of Toronto, in
County of York, Esq. Hotel Forster,
Deceased.

Notice is hereby given, pursuant to Sec.
28 of Chap. 129 R.S.O. 1897, that all per-
sons having claims or demands against
the estate of the said William Murray,
deceased, who died on or about the thirtieth day
of May, 1906, are required to send by post,
prepaid, or to deliver to the undersigned Soli-
citors for the Trusts and Guarantee Com-
pany, Limited, or to the undersigned exe-
cutors on or before the first day of Octo-
ber, 1906, their Christian and surnames and
addresses with full particulars in writing
of their claims, and statement of their ac-
counts and the nature of their securities
(if any) held by them, duly verified by
statutory declaration.

And the notice that after the said first
day of October, 1906, said Executors will pro-
ceed to distribute the assets of the said
deceased among the parties entitled thereto,
having regard only to the claims of such
parties as have notified and whose claims
said executors will not be liable for said
assets, or any part thereof, to any person
or persons of whose claim notice shall not
have been received by them or their said
Solicitors at the time of such distribution.
Dated 18th September, 1906.

**THE TRUSTS AND GUARANTEE COM-
PANY, LIMITED,**
James J. Warren, Manager,
20 King-street east, Toronto, Solicitors for the
said Executors.

ADMINISTRATOR'S NOTICE TO CREDITORS
of the Estate of Henry
Murray, late of the City of Toronto, in
County of York, Esq. Hotel Forster,
Deceased.

Notice is hereby given pursuant to Chap-
ter 129 of the Revised Statutes of Ontario,
1897, and amendments thereto, that all per-
sons having claims or demands against
the estate of the said Henry Murray, de-
ceased, who died on or about the thirtieth
day of May, A.D. 1906, at the
City of Toronto, in the County of York,
are required on or before the first day of
October, A.D. 1906, to send by post, pre-
paid, or to deliver to the undersigned Soli-
citors for the Trusts and Guarantee Com-
pany, Limited, the administrators,
of the said Henry Murray, Esq. Hotel Forster,
deceased, their Christian and surnames and
addresses, with full particulars of their
claims, and statement of their accounts,
and the nature of their securities (if any)
held by them, duly verified by statutory
declaration.

And notice that after the said first
day of October, 1906, said executor will
proceed to distribute the assets of the said
deceased among the parties entitled thereto,
having regard only to the claims of such
parties as have notified and whose claims
said executors will not be liable for said
assets, or any part thereof to any person
or persons of whose claim notice shall not
have been received at the time of such
distribution.

MORTGAGE SALE.

Under and by virtue of the Power of
Sale contained in a certain mortgage which
will be produced at the time of sale, there
will be offered for sale by Public Auction,
subject to reserve, 166-168, 169-171, 172-174,
Townsend & Co., at their Auction Rooms
in which the street is known as the
day of September, 1906, at 12 o'clock noon,
the following valuable freehold property,
being comprised of Lot No. 166, 167, 168,
said lot being more particularly described
in Mortgage No. 31880, registered in the
Office of Land Titles at Toronto. On said
lot is to be erected a two-story, semi-
detached brick dwelling, to contain a
kitchen, parlor, living room, and bathroom,
improvements, and is known as No. 166,
Toronto.

Terms: One-third of the purchase
money at time of sale, balance in cash in
two instalments, with interest thereon as
stated in the mortgage. For further particu-
lars apply to
D. O. MACTAVISH,
Vendor's Solicitor, 15 Toronto-street, Tor-
onto.

EXECUTORS AND TRUSTEES

are afforded an investment which not only yields a good rate of interest, but in which they are relieved of all personal responsibility.

READING THE FEATURE OF WALL ST. TRADING

A Sharp Run of Six Points is Given the Issue on Friday.

The Toronto stock market reopened in dulness again today, and was as inconspicuous for buoyancy as for transactions. There were few new points of interest. B. U. Packers was bid up about three points without transactions, on the declaration of another dividend. There is no speculative demand for the shares, owing to the narrow market, and this has largely prevented any freedom of operations in the stock. Further selling of 100 common bonds was again ascribed to operations of the insurance companies. The incubus of tight money continues the dominant factor in the market. Brokers are not counting new business, except for New York stocks, but desiring to get their own business and their obligations to their bankers. Exceptional freedom in the marketing of western wheat is reported, and upon this is based the opinion that the exchange thus affected will shortly work to the relief of the local money market. With the decline in speculative activity there has also occurred a falling off in the demand for investment shares.

Edwards & Stoppard's McKinnon Building report the close of Granby, 1 1/2% and 1 1/2%; Lake Superior, 1 1/4% and 1 1/4%; Lake Superior bonds, 2 1/2% and 2 1/2%.

Wages of motormen and conductors on surface lines of Manitoba raised around. B. R. T. made an increase in earnings in first eight days of current month.

Judge Gary has returned from Europe. Some demand amalgamated Copper and Atchison in loan crowd.

Gold engaged against special deposit and otherwise now about \$25,000,000.

Republic Iron & Steel Company has advanced steel bars \$2 a ton.

Sub-treasury loan of \$1,000,000 to the banks yesterday and this Friday it has lost \$15,000,000 to the banks.

The known movements of money show that the local banks gained for the week ending with the close of business on Thursday \$14,440,000 in cash.

Banks have gained \$15,000,000 from sub-treasury since Friday.

National City Bank announces that it has engaged \$2,000,000 gold for import.

Boston.—We understand that the American Tel. & Tel. Company has borrowed \$2,000,000 locally, \$1,000,000 on a five-month note, and the balance of notes running down to four months, and has also borrowed an additional amount in London, with the participation of further payments on the hundred million dollars convertible bond issue.—News Bureau.

How Jones states it is not likely the dividend action on Pennsylvania will be taken before Nov. 6. Rate will be determined at full board meeting fourth Tuesday in October, or by executive committee, on instructions from the board. Informal discussion reveals the fact that the directors practice the policy of not allowing the stock to be put in the hands of the operating men on the directors' list, but well under way. We believe that action will be taken. It is well known that the operating men on the directors' list are not allowed to trade in the stock of the company. An extra higher dividend.

Joseph says: Do not sell stocks on weak spots. Undoubtedly we shall see some reversals and monetary action in the next few days, but later in the forenoon, when forecasts of tomorrow's bank statements are made, there will come sharp rallies, with the Farman Pacific leaders. Do not be afraid of Missouri Pacific; it will positively work out its own action. Coppers are being well bought. If long of Distillers, average up further, but in Ontario & Western, it is getting time to buy American Woolen common for 60 or higher.

WE OFFER HIGH-GRADE CORPORATION BONDS TO YIELD 4 1/2% TO 5 1/2%

DOMINION SECURITIES CORP. LIMITED, 25 KING ST. TORONTO.

of Nipissing at New York 10%, 7% to 12%, and closing quotations, 12% to 12 1/2%.

On Wall Street.—Marshall, Spader & Co. wired J. G. Bondy, King Edward Hotel, at the close of the market. Even without the shipment of gold made last week, the bank statement to-morrow should be a favorable one, and while exchange exchange advances slightly to-day, yesterday, it is still low enough to indicate that our bankers hold the gold import question well in hand, and that the movement may continue moderately into the near future.

As a market influence, the monetary situation is not yet entirely free from consideration, but according to the reports we are near enough to a heavier movement of cotton to Europe to expect relief from this direction, to say nothing of exports of cereals.

It is quite possible that Europe, particularly London, has been selling our stocks recently, but we imagine this development has not gone further than speculative fears, and perhaps mostly for American accounts. The market looks strong enough to-night to face a fair realizing movement on or before a good bank statement to-morrow.

Bank & Amalgamated Copper and Atchison in loan crowd. Gold engaged against special deposit and otherwise now about \$25,000,000.

Republic Iron & Steel Company has advanced steel bars \$2 a ton. Sub-treasury loan of \$1,000,000 to the banks yesterday and this Friday it has lost \$15,000,000 to the banks.

New York Cotton.
Marshall, Spader & Co., King Edward Hotel, reported the following fluctuations on the New York market today:

Month	Open	High	Low	Close
January	9.28	9.28	9.29	9.29
March	9.53	9.53	9.44	9.45
September	9.69	9.69	9.68	9.68
October	9.69	9.69	9.65	9.65
December	9.30	9.30	9.21	9.21

Spot cotton closed quiet. Middling Uplands 9.80; do., Gulf, 10.05. Sales, 570 bales.

Cotton Gossip.
Marshall, Spader & Co., King Edward Hotel, at the close of the market:

The cotton market has recently shown some steadiness as a result of moderate receipts and some anxiety on the part of exporters in covering, i.e., part contracts. Crop news has been mainly good, and weather almost perfect for picking and marketing the crop. Southern spot markets have been stronger, and foreign markets have shown strength. Trading in the option list has been almost entirely professional, with no evidence of outside speculative interest.

There is lots of vim and "expression" in this season's styles, and you get it all if we make your suit. You get exclusiveness, too.

We can show you any number of different things in cloths that are bound to appeal to you and the suit we make will be made as you want it—not as someone else wants it.

Suits from \$25.00.

Bradstreet's Trade Review.
Montreal trade reports to Bradstreet's say: Wholesale trade has continued quiet in tone during the past week. This, to a certain extent, is reasonable, but some local authorities say it is quieter than it should be at this time of the year. These authorities are also of the opinion that the outlook is not so bright as indications have caused to be expected. To substantiate this there is talk of poor crops in some parts of Eastern Canada. While there is, no doubt, reason for caution, the bulk of opinion finds the high average of crops throughout the country, and continued activity in all lines of manufacture, sufficient reasons for optimism. Collections are fair, but paper due dates in the month showed an increasing number of renewals. The fall millinery trade has opened well, buying having been fairly heavy. Groceries are showing more activity. Values hold steady. Metals and hardware keep quite active. All lines of construction iron and builders' supplies are in brisk demand, and there is a good trade in paints and oils. Farmers are still obtaining high prices for their products. Shipments of butter and cheese are lighter, owing to heavy demand and higher prices on this side. Hides and tallow hold firm, and the export demand for leather is good. Local manufacturers are not buying to any extent.

Toronto reports to Bradstreet's say: The general movement of all lines of trade here continues very satisfactory. While general orders are not unusually heavy, they are good for this time of the year, and the outlook for future trade is as bright as ever it was. Agricultural and manufacturing industries are passing through a good season and the expectation is that thru the coming season money will be free. The millinery trade has been heavy, and in coming with the lines of drygoods, the demand has very largely been for goods of superior quality. Values of lines, cottons and woools, are high, but the demand is scarce. There is considerable complaint regarding the slowness of manufacturers' deliveries. Hardware is very active. Metals are active, and there is a heavy demand for sporting goods. The brisk enquiry for building materials shows no sign of let-up. Sugars are very firm. It is reported that the pack of corn will be heavier than expected.

Winnipeg trade reports say: There has been a better movement to wholesale trade here during the past week. Grain is going to market much more rapidly than it has in previous years, and it is generally showing an unexpectedly high grade. As a result money promises to be very tight, and general and retailers are more confident regarding coming business. Wholesalers report a good movement for all lines of hardware, and in heavy drygoods, and the demand for building activity. Values are firm. Farmers are doing so well with grain that supplies of dairy products are light and prices are tending upwards. The cattle trade has been active. The season has been good for pastures and large shipments of the kind have been made. Collections are fair to good for this time of the year.

Bank Clearings.
New York, Sept. 14.—The following are the weekly bank clearings as compiled by Bradstreet's for the week ending Sept. 13, showing percentage of increase and decrease as compared with the corresponding week last year:

City	Amount	% Change
New York	\$2,062,337,225	Increase 30.7
Chicago	\$268,278,479	Increase 3.2
Boston	\$140,487,091	Increase 4.7
Philadelphia	\$153,765,124	Increase 26.8
St. Louis	\$58,088,132	Increase 3.0
Fittsburg	\$48,109,895	Increase 3.0
San Francisco	\$40,039,073	Increase 3.0
Denison of Canada
Montreal	\$2,861,219	Increase 29.0
Toronto	\$21,460,218	Increase 3.7
Winnipeg	\$10,480,817	Increase 50.0
Citrus	\$2,513,733	decrease 7.1
Hamilton	\$2,384,828	decrease 2.2
Vancouver	\$2,300,975	increase 47.8
Quebec	\$1,702,550	increase 2.2
Halifax	\$1,615,212	increase 2.2
St. John, N.B.	\$1,460,911	increase 31.5
London, Ont.	\$1,148,046	increase 25.7
Victoria	\$612,139	decrease 3.3
Calgary	\$1,111,817
Edmonton	\$761,573

NEW RAILROAD TO BE RUN BY ELECTRICITY.
Windsor, Kingsville, Leamington and Chatham will soon be linked by one of the most complete inter-urban roads on the continent. The Windsor, Essex & Lake Shore Rapid Railway Company decided that the cost and operating expenses would be less—that cars could be run at higher speed—by the Westinghouse single-phase alternating system, than by either steam or direct-current electricity. The Westinghouse Company have just made a specialty of electric traction apparatus, having supplied the equipment in Montreal and other large cities.

This new line will be equipped with the same type of apparatus as that designed by the Westinghouse Company for the Grand Trunk Railway as well as for the New York, New Haven & Hartford Road running out of New York City.

GREAT DAY AT ERIN.
Array of Prominent Speakers—Hon. Dr. Fyfe Among Others.
Erin, Sept. 14.—(Special.)—A monster crowd attended the annual demonstration of the Sons of Scotland of Erin held here to-day. Stanley Park was gay with flags and bunting, and Old Erin excelled itself in its welcome to the sons of the heather.

Owing to unforeseen circumstances Premier Whitney was unable to be present, but the vanguard was ably filled by an array of prominent speakers. Brief addresses were delivered by Senator McMillen, Richard Blain, M.P., Major Craig, M.L.A., John Smith, M.L.A., and William Algie of Aiton. The latter struck a strong patriotic note in his plea for a common school irrespective of religious differences.

Hon. Dr. Fyfe, the minister of education, in following dwell on his experiences in the old land. He had seen the well-ordered parks and gardens of the great motherland fade into insignificance before the broad stretches of Canada's fruitful plains. In the course of a brief address the prominent feature of his remarks stood strikingly forth: "I love my village more than yours. I love my province more than yours, but I love my Canada more than all."

Continuous rounds of applause greeted the minister of education as he concluded.

An interesting program of sports marked the finish of Erin's civic holiday for 1906.

Fought on Street for Baby.
Jacob Markowitz of 125 West Queen-street and Mrs. Holtzer of 73 Agnes-street caused considerable excitement on Agnes-street yesterday morning. Markowitz went up to Agnes-street, where his wife is living, with her mother and baby. Markowitz wanted the baby, and his mother-in-law would not let him have it. The husband managed to grab the baby and ran with it to the corner of Queen and Chestnut-streets. The mother-in-law managed to overtake him. Finally Constable Dent separated the couple and they went to the city hall to patch things up.

We spend our days at the service of the man who likes to be well dressed—

And every rack—case and wardrobe in the men's departments is a practical demonstration of it—

For what with new clothing—new hats—new furnishing and

New furs—

The store is a veritable emporium of fashion—selling

Fairweather's
84-86 Yonge Street—

KILTIES' FIRST MUSTER.
Large Parade Last Night—Route March Down Town.
The opening fall parade of the 48th Highlanders was held last night, and indications are promising for a most successful drill season. The mustered strength of 465, including 36 recruits, was considerably greater than last year, while the recruiting class is also larger.

Under command of Lieut.-Col. Robertson, the regiment paraded by way of University-avenue to Simcoe-street, thence east along King-street, to Yonge-street, returning to the armories by way of Queen-street. The practice of battalion drill occupied the remainder of the evening, the movements being executed with a smartness and precision that showed efficiency to have suffered little in the interval.

The regimental orders show 22 men struck off the regimental strength, and four added.

The annual rifle match will be held on Saturday, Sept. 22.

Bishop Montgomery, secretary of the Society for the Propagation of the Gospel, will be in Toronto on Tuesday afternoon, and on Wednesday morning will address a meeting of clergy in the synod board room, and in the evening he will speak at a public meeting in St. James' school room.

THE TORCHLIGHT PARADE FOR VICTORIOUS SHAMROCKS

Public Meeting in Town Hall and Addresses of Welcome Given.

Toronto Junction, Sept. 14.—The C. P. R. train at 9:10 to-night brought home the victorious Junior Shamrocks from their game at Hespeler, where they defeated the St. Mary's team by 5-4. They were met at the station by 500 enthusiastic supporters. A number of hucks were on hand, and the boys were paraded around town with following of 200 torches. At the town hall J. McEachran, the president of the Senior Shamrocks, was chairman, and welcomed the victorious team. Councillors W. A. Baird and W. Irwin also spoke. F. C. Waghorne, who is captain of the team, and Wm. Glover, the president of the Junior Shamrocks, also addressed the meeting. When the boys were given three rousing cheers, five crowd dispensers, well placed at the result of the game. The team will play the final game for the Junior C. E. A. championship against the team from Wednesday next with a team from Brantford.

The line-up of the Toronto Junction Cricket Club in their match with the St. Albans of Toronto on Saturday afternoon is as follows: J. Miller, capt.; R. Lamb, vice-capt.; F. Saxon, E. Caldwell, B. Howlett, H. D'Eve, S. Norman, D. Saunders, E. McLaughlin, B. Walker, J. Stevens.

Chief of Police Royce and Mrs. Royce leave for the West on Saturday afternoon.

A gang of men are busy grading the roadway for the C. P. R. switch into the big packing house and abattoir near St. Clair-avenue. To put track down it necessary to cross three streets—Ethel-avenue, Franklin-avenue and St. Clair-avenue. It also opens a five-acre plot set aside for park purposes, known as Rummymede Park.

The striking piano workers will receive their first strike pay on Saturday morning. One of them writes The World as follows:

"At a meeting of the striking piano workers held in the rooms of the Waverley Club this morning, the article which appeared in The World of Wednesday morning purporting to be the views of a number of merchants of Toronto Junction, was discussed. It seemed to the men that the merchants of this town know more about the condition of things in the piano trade than the men who are engaged in that industry, and that they (the strikers) do not know what they are out for. One of the men, who has a family of four boys and four girls, and who is engaged in the grocery, butcher and shoe lines amounts to a total of between \$60 and \$75 per month, and who believes in spending his earnings in his own town, felt that if the merchants placed so little value on the patronage of piano men who are out on strike, and whom they characterize as 'fools,' etc., it was pretty near up to those men to transfer their trade to the city stores, who, maybe, might give them the patronage more than the merchants of Toronto Junction."

All the latest novelties in millinery at the Alexandra, 113 West Dundas-street. Openings Wednesday, Sept. 19, and following days.

35c Imported Wall Paper, 20c

Newmarket.
Visitors to Newmarket fair next week will be entertained at the Bell Piano Exhibit by the talented "Buster Brown," who will play the Bell pianos there each day.

Balmey Beach.
The Rev. Cyril Browne will preach in the Church of England pavilion on Spruce-avenue, Balmey Beach, to-morrow morning, and the Rev. Canon Dixon in the evening.

Edward Ryan Buried.
The late Edward Ryan, who died at the advanced age of 90 years at his home, 172 West Queen-street, on Wednesday evening, Sept. 12, took place yesterday morning, and was largely attended by relatives to Thornhill Cemetery, where seven of his children are buried. In the death of Mr. Ryan another old landmark of York County has been removed, he having emigrated from Ireland to Canada over half a century ago. In Markham and Whitby Townships he was well-known and highly respected for his integrity and industry. He leaves a widow and four sons—John, Edward, Morty and Jerry—all residents of Toronto, and one daughter, Mrs. Sheehy of Goodwood, Ont.

SLEUTH'S EAGLE EYE.
Spots Man on Street Who is Loaded With Stolen Goods.
Yesterday afternoon, Detective Tipton, at 5:30, received a message from Mrs. Mary Marshall, 163 Jarvis-street, that two silver spoons had been stolen from her house. Detective Twigg went there to look things over. He met Robert Wilson, who once came from somewhere, but to whom his present or future place of residence is unknown, on the street. Wilson did not look good to Twigg, so he gathered him in. When searched at the station he had on him the missing spoons, a gold watch, a pocket, gold cross and a bunch of other stuff that is easily "gilded."

Wilson admitted having stolen it all. He left the jail four days ago.

Moses Striefel, 83 Chestnut-street, was brought in yesterday afternoon by Detective Tipton. He is charged with stealing or receiving a quantity of cable wire, stolen from the York Radial Railway. He sold the stuff to Plemes & Scott, Duchess-street, for \$90.

PERSONAL.
Rev. Gerald Willoughby of Johannesburg was a passenger on the east-bound express which was in the Sudbury wreck.

Sir John Leng, Kt. Bach., and Lady Leng are guests at the King Edward Hotel.

Rev. Arthur Lea, for many years missionary in Japan for the C. C. M. S., have returned to Japan.

Six students were called to the bar before Justice Clute at Osgoode Hall yesterday. They are: A. J. Fisher (honors), H. S. Pritchard, J. C. Moore, J. S. Davis, A. R. L. Biggs, and R. A. Matheson.

The boot and shoe workers met in the Labor Temple and have elected the following officers: President, Fredrick Crump; vice-president, Geo. Garrett; recording secretary, William Stewart; treasurer, John McFadyen; financial secretary, John Pollock. P. J. Roche will be crown counsel at the Goderich assizes.

Cold Enough For an Overcoat

That's the thought that flashed through many a man's mind as he walked out of the house yesterday morning. Of all such we are impertinent enough to ask, "Where are you going to get your fall overcoat?" If you're in the habit of having a tailor make it from your order you may be prejudiced against the kind that we have ready for you to put on. These long coats—raincoats if you like—were made to remove such prejudice. They've removed many—give them a chance at yours. Our prices range from eight to fifteen dollars.

Men's New Fall Waterproof Coats, a very fine Oxford grey covert cloth, with fancy plaid worsted lining, cut extra long, with rubber bottom gassing, seams sewn and taped, ventilated at armpits, well tailored and finished, with neat velvet collar, Monday..... **8.00**

Men's Fine Worsteds Raincoats, a medium dark grey shade, showing faint stripe effect, made up in the long single-breasted Chesterfield style, with broad shoulders, close fitting collars, good linings and trimmings, on **10.00**

Men's Fine Imported English Covert Cloth Raincoats, in a rich dark olive, also Oxford grey shade, these coats are elegantly tailored in the correct single-breasted Chesterfield style, with deep vent at back, good trimmings, Monday..... **10.50**

Men's High-Grade Imported Fancy Worsteds Raincoats, a closely woven, smooth finished material, in light olive shade, with fancy colored overplaid, handsomely lined and finished, with first-class workmanship, on **15.00**

Behind in Their Studies.

Because your children are behind in their studies does not of necessity imply that they are stupid. In a large percentage of such cases this seeming stupidity is due to eye-strain, and a pair of properly-fitted glasses would give them an equal chance with their more fortunate schoolmates.

F. E. LUKE, Refracting Optician,
ISSUER OF MARRIAGE LICENSES,
11 KING STREET WEST, TORONTO.

DR. SOPER
Specialist in Asthma, Epilepsy, Syphilis, Sticteura, Impotence, Vertigo, Skin and Private Diseases.

CITY HAPPENINGS

City Engineer Rust has filed with the railway commission the specifications for the proposed Lansdowne-avenue subway.

The pupils of Elm-street Methodist Church will be occupied to-morrow by the assistant pastor, C. Jeff McCombe, who will preach at 11 a.m. and 7 p.m. Music under the direction of Mr. W. J. A. Carnahan. Miss Jessie C. Perry, organist.

A new room will be opened in Leslie-street school on Monday.

Thirty-six cars of fruit from the Niagara district, bound for Montreal, passed thru the city yesterday.

Owing to lack of accommodation 11 patients have had to be refused admission to the Home for Incurables.

Hon. Wm. Patterson will open the East Huron Fair at Brussels on Oct. 4.

DUNLOP TIRE & RUBBER GOODS CO., Limited
Winnipeg TORONTO St. John Montreal Vancouver

Dunlop Horseshoe Pads are made of rubber, with a backing of heavy leather or stout canvas on the inside part that comes next the frog and sole of the horse foot. They are attached to the fore feet—put on by the blacksmith when he shoes the horse.

These Pads are good for weak, flat and tender feet. Prevent and cure corns. Prevent and relieve nervous disease (coffin joint or groggy lameness). The best of all treatments for contracted hoof. Save the frog and sole from injury, and make a horse sure footed in slippery places.
