AFTER RUGBY UNION OFFICES

The Candidates Hustling After O.R.F.U. Delegates' Votes.

President Ford Expects To-Day's Meeting Will Make Few Recommendations for Changes in the Rules and Regulations - The London Amendment Will Not Be Presented-The List of Candidates.

The revision of the rules will evidently receive a secondary consideration at the annual meeting of the Ontario Rugby Football Union this afternoon at the Rossin House. Followers of the game in the city yesterday occupied their time in discussing the chances of the different candidates for the prospective office holders themselves put in a splendid day's campaign.

Possessors of proxies were eagerly sought after for their bunch of votes and to-day will tell how successful they have been. It looks now as if Ford would be returned to the presidency, and Council would get the secretaryship. As given out at headquarters last night the candidates looked as follows:

For President—A. B. Ford, D'Arcy, Martin. For First Vice-President—T. L. Curran, H. Eason. For Second Vice-President—J. M. Mowat, A. H. Collins. For Secretary—J. L. Counsel, J. D. McArthur.

President Ford stated last night that he thought the rules would be little changes recommended. It should be pointed out, however, that the O.R.F.U. cannot pass finally on the rules and regulations, but must only recommend to the Canadian Union, which amendment today, but will trust to the Dominion body to make a final decision.

R. K. Barker says he will stand for no office. He had no intention of running for the secretaryship and is out of the football arena for a good while.

ABOUT LUMBER LICENSES.

Deputation of Prominent Lumbermen Wait Upon the Government. They Request That Such Restrictions be Placed Upon the Holders of Lumber Licenses as Will Prohibit the Export of Logs for Manufacture in the United States—Mr. Waldie Goes Even Farther Than That.

The delegation consisted of Ald. Scott, John Bertram, E. W. Rathbun of Deseronto, John Waldie, J. Laidlaw of Sarnia, J. A. Burton of Havelock, J. S. Playfair, W. J. Sheppard of Wausau and others.

FURS FOR HOLIDAY PRESENTS.

Everybody is wrestling with the problem of holiday presents. "What shall it be?" Christmas giving has changed in later years. People have become practical in this direction, as in others.

Changes have taken place in the making of furs, as in that of other goods. There was a time when the degree of suaveness existed in the style of a fur garment from year to year, and in a similar manner, the style of a coat varied.

Mr. Waldie, who is secretary of the Ontario Lumbermen's Association, stated that the deputation differed as to the means by which the desired end could be brought about. Some favored a statutory regulation and others an Order-in-Council having the same effect.

THE T. EATON CO. LIMITED. 190 YONGE STREET, December 11, 1897. Someone Has Blundered.

They say: See Tuesday's Globe report of special session of Committee of Legislation at City Hall—that the value of our stock was \$609,666. We say it was \$426,766. They say we paid \$1,725 taxes. Our receipts from City Hall show that we paid \$7,930.42. Surely The Globe hasn't blundered. Evidently elections are coming and aldermen and would-be aldermen must talk—they want votes.

MATERNITY BOARDING HOUSES.

At the last session of the Legislature there was passed "An act to regulate maternity boarding houses, and for the protection of infant children." The act was made optional on the part of the municipalities. It was not adopted in Toronto, because some of the clauses were evidently unworkable. It is the intention of the National Council of Women to have the defects in the bill remedied, and in its new shape it will be presented to the Legislature for consideration this session. Although the city of Toronto did not take advantage of the provisions of the act, an inspection of the maternity boarding houses in the city was made by Dr. Sheard, and this inspection established the fact that official regulation of these institutions is badly needed. The abuses that were brought to light by the medical health officer are such as demand the immediate attention of the authorities. The ladies and gentlemen who are officially made aware of the fact that scores and hundreds of infants are allowed to die, perhaps it would be truer to say are deliberately killed—in this city. If these abuses exist, and if we make no effort to remedy them, our morality must be set down as a decidedly low type. The ladies and gentlemen who are making an effort to ameliorate the evil will receive the sympathy and encouragement of all good citizens. The Mayor and Council ought to do all in their power to help the bill in its course through the Legislature. It is proposed by the bill to place maternity houses on the footing of hospitals, with compulsory medical attendance and inspection. The tenor of the bill is to protect the infants, and at the same time prevent the further moral degeneration of the mothers by allowing them to fall into the hands of those who make a business of getting rid of newborn infants. The bill makes the new bill more satisfactory than the one passed last session in that it proposes to add a clause making it a penalty for the proprietor of any maternity house to divulge the name of the mothers to anyone except the registrar and health officer. By another clause it is provided that in case of children born of parents who have not lived in the municipality a year, coming upon the public for support, the expense shall be borne by the Province. About 80 per cent. of the girls who come to the maternity houses in Toronto come from the country. As far as Toronto, therefore, is concerned, the provision of this kind is only a matter of justice.

EXEMPTIONS.

The total property exempted from taxation in Toronto amounts to \$26,625,000, which includes: Churches, \$5,055,709; schools, \$3,689,908; Ontario Government, \$3,786,700; Dominion Government, \$1,251,317; city property, \$4,537,949; charitable institutions, \$1,272,050; cemeteries, \$379,988; machinery and plants, \$109,000; income under \$700, \$2,335,500. Certain of these exemptions are exemptions in name only. The tax bills of no one would be either increased or reduced by making the schools subject to taxation. The bills would remain exactly as they are. The time is not ripe for taking a vote on the principle of abolishing exemptions of Dominion and Provincial property, although there are strong arguments in favor of the abolition. As long as the city makes an annual appropriation to the various charitable institutions little or nothing could be gained by taxing them. There is no reason why cemeteries should not be taxed. They are conducted on a business basis, and should be dealt with as such. The class of exemptions that most loudly calls for abolition is church property. There is no valid reason why churches should not pay taxes as well other property. In Toronto, however, a church in Toronto was taxed the city would derive an additional income of about \$100,000 a year. The exemption of churches from taxes is equivalent to an annual grant of \$100,000 to the various denominations. The principle involved cannot be defended on grounds of justice or common morality. The exemptions do not favor the system, and an opportunity should be given them to voice their opinions by means of the ballot. As to submitting the question of exemptions to a vote at the coming elections, it would be well to limit to churches and cemeteries to begin with.

THE FARMERS' LOAN.

The suspension of the Farmers' Loan and Savings Company has been the cause of some discussion in regard to Canadian loan companies. From all the information we can gather there is little reason for any excitement, as the little Farmers' Loan and Savings Company is looked into the more it is evident that its troubles are due to two causes: First, that the company, instead of confining itself to lending money on property, drifted into the real estate business, and practically was engaged in buying and selling land with all the risks thereupon attendant, instead of strictly limiting itself to lending money on first-class property carrying reasonable improvements. In the second place, the company was grossly mismanaged. There is nothing wrong with our system of land companies or the general law under which they are conducted; but it is necessary in the public interest and for the maintenance of our credit abroad that some of these companies should be carried away by real estate speculation on its own account, or should allow its management to become demoralized. As soon as these facts are fairly understood, any little excitement that characterized the past couple of weeks will disappear.

KEEPING THE POLICE BUSY.

What With Thieves, Drunks, Vagrants and Other Unlucky the Cops are Kept on the Move.

Julius A. MacIntyre paid a fine of \$5 and costs yesterday afternoon for a "bling cough" and "medicated candies" to children on Sunday at his drug store, Hiecker and Carlton-streets, which is near three Sunday schools.

Grand Trunk Constables Wood and Jordan brought two little black boys to Police Headquarters yesterday, and wanted them locked up on a charge of trespass and stealing chips of wood of trifling value on the 47th street. Police-Constable Seymour intimated that the station was not an infants' home, and he returned to lock them up, as they were very young and should be summoned. The youngsters said their name was Wright, and that they lived on Peter-street.

Joseph Cunningham, charged with stealing \$10 from Expressman John Lewis, his employer, was honorably acquitted by the Police Magistrate yesterday.

Charles J. Brown, who is charged with being implicated in the recent robbery of farmers in Scarborough, was yesterday handed over to the county police.

The Trio Settled. James Dillon, James Pontier and James Lawson have settled for the damage they caused in the human house, and the case was taken out of the Police Court. The charge against the Trio was assault and battery. Middleton was also dropped, with the complainant's consent.

Chief Constable Seymour was in the toils again yesterday, and got the usual \$1 and costs or 30 days. A dishonest female, who said her name was Mary Smith, stole three cans of eye-water from Seymour's drug store, yesterday. She was chased and the bivalves were recovered. The woman was not taken to the police.

Mr. Vic Barber, 25 McCarroll-street, is mourning the loss of a number of valuable exhibition chickens, which thieves have taken from his hen-coop. The police are looking for her.

McMillan Released. Alexander McMillan, the young man who cut his throat in a York-street hotel a couple of weeks ago, was yesterday released from custody.

James McGuire, better known as "Slab," yesterday was released from custody. Park steamer and swim to land to avoid a couple of summer ago, was yesterday a disreputable time in Mansfield-street, and Police-man Sanderson tried to arrest him. He was held for a few days, during which a number of young men and women attacked the policeman and stole his watch. McGuire was released later a 17-year-old girl, named Mary Mark, returned from the hospital, where she had been locked up for her honesty. She was discharged yesterday. McGuire was remanded till Monday.

Another Shop-Lifter. Mrs. Jane Day, a fashionable, a fashionably-dressed shop-lifter, who was in trouble a year ago, but whose daughter had come into possession of the tickets. The purse may not have been stolen. Did the lady who lost the purse see the party who took it out of her pocket? Can she swear it was stolen? If the purse was not stolen, why was it taken to the police? How did the girl come to be found in the purse? Or the finder might have given them to a third party, who certainly would be innocent of any wrong-doing. Even if we admit that the purse was stolen it does not follow that the parties who presented the tickets stole the purse or the tickets were stolen.

CAN'T TOUCH GRATITUDE Board of Trade Has No Power to Make Any Distribution

And so the Proposition to Give \$250,000 to the Board of Trade Has No Power to Make Any Distribution. No definite scheme was adopted at the meeting of the Board of Trade yesterday afternoon to settle the gratuity fund either one way or the other. The committee, led by Mr. Morrison and Paul Campbell, had made it plain that they wanted to distribute the funds of the gratuity fund. The proposition came as a surprise, as had got about that all was settled. The committee, led by Mr. Morrison and Paul Campbell, had made it plain that they wanted to distribute the funds of the gratuity fund. The proposition came as a surprise, as had got about that all was settled.

Not Fair to Old Members. The rumor caused much discussion among the members of the Board of Trade. It was felt that the old members who had been members for a long time, and who had contributed to the fund, were being treated unfairly. The proposition was to give the funds to the new members, which was considered unfair to the old members.

President Gurney's Statement. President Gurney, who had been elected to the office of President of the Board of Trade, made a statement regarding the gratuity fund. He stated that the fund was a trust for the benefit of the members of the Board of Trade, and that it was not fair to give the funds to the new members.

Wanted to Wind It Up. Mr. Paul Campbell, who had been elected to the office of Secretary of the Board of Trade, stated that he wanted to wind up the gratuity fund. He stated that the fund was a trust for the benefit of the members of the Board of Trade, and that it was not fair to give the funds to the new members.

A Committee Appointed. A committee was appointed to consider the gratuity fund. The committee was composed of Mr. Morrison, Paul Campbell, and other members of the Board of Trade. The committee was to report to the Board of Trade at its next meeting.

In Aid of the Veteran Nurses. Their Economic the General and Countess of Aberdeen pleased to accept, on behalf of the Board of Trade, the services of Mr. Anthony, a famous novelist, that the Association Hall should be the scene of the lecture. The occasion will be under the patronage of the Board of Trade, and the program will be of an attractive character, being timely to a certain extent. The lecture will be given on Monday evening, December 14th, at 8 o'clock, at the Association Hall, 188 Yonge-street.

THE TRADES PARLIAMENT

By a Majority of One the Sunday Flower Show was Condemned—Alleged Unsanitary Conditions

The Trades and Labor Council Thursday night condemned the opening of the Chrysanthemum Show on Sunday. They agreed that the opening of shows was the thin end of the wedge of Sunday labor, and also reacted against the movement for a Saturday half-holiday.

The report called attention to the fact that Engineer Keating did not permit the contractors to observe the 15 cents per hour bylaw. Whereupon the Engineer was admonished by several members as an enemy of organized labor.

The report was adopted, after which an unusual incident happened. Delegate O'Donoghue rose to a question of privilege and brought to the attention of the Council a circular which was signed by him by an elderly man. The circular was entitled, "Recommendation of the Municipal Committee of the Toronto Trades and Labor Council re the Awarding of Elevator Contract for New City Buildings."

The circular was addressed to the Mayor and members of the City Council, recommending the hydraulic system, was a very fine piece of typographical work and was signed by Delegate Timms, secretary of the Municipal Committee.

Delegate O'Donoghue wanted to know who authorized the document and who paid for it. It was not sent out by the Trades and Labor Council and was clearly got up in the interests of a Canadian firm.

Delegate O'Donoghue moved that the Council repudiate the pamphlet, and that Secretary Timms be asked to document up on his own responsibility. It was in the interest of a Canadian firm that the firm had paid for it.
