Kerensky, Deserted By Most Of His Officers, Has Fled In Disguise

Garbed as a Sailor, He Disappears When About to Be Taken Under Guard To Petrograd; Denied That Former Grand Duke Was With Him

Petrograd, Nov. 17.—Deserted by most of his officers and virtually ordered to surrender to the Bolsheviks, Premier Kerensky evaded the guards sent for him, and has disappeared. General Durbon has resumed temporarily the post of commander-in-chief of the Kerensky forces, recently defeated at Tsarskoe-Selo. General Krasnov, former commander under Kerensky, and who was arrested with other officers of the grand staff, has been released on the ground that he was only trying out the orders of his superior. General Krasnov's report concerning the disappearance of Kerensky confirms that he fled under disguise. Kerensky, when told that his officers were against him and that his men were on the point of deserting, agreed to come to Petrograd, but while a guard was being arranged he dropped out of a sight.

Spoke of Suicide. "At three o'clock on the afternoon of November 1 (old style) November 14 (new style), I called at the quarters of the commander-in-chief," said Krasnov. "He appeared nervous and excited. 'General' said he, 'you have betrayed me. Your Cosacks say they will arrest me and give me up to the sailors. 'Do the officers feel the same way?' he asked. 'Yes.' 'What shall I do? Will I have to commit suicide?' 'If you are an honest man, you will go to Petrograd under a white flag, and appear before the revolutionary committee, where you will negotiate as head of the government.' 'Kerensky agreed to this, and he was promised a guard. He objected to a guard of sailors on the ground that some enemies were among them. He wanted to wait until night, but finally agreed to make the trip by daylight. I called Colonel Kishko of the 10th Don Cosacks and ordered him to appoint a guard of eight men. A half hour later the Cosacks told me that Kerensky could not be found. I raised the alarm, thinking that he could not have left Gatchina.' Disguised as Sailor. M. Bibenko, member of the committee on war and marine, has reported to the Petrograd and soldiers' congress that Kerensky fled garbed in a sailor's uniform. Before Kerensky's flight, Bibenko said he talked to the Cosacks and found they were willing to come to an agreement with the Maximilians, only the officers being opposed. He said that he had promised the Cosacks that they would be released and possibly be allowed to retain their mounts, and to return to the Don region. Bibenko denied that Michael Romanoff, the former Grand Duke, Michael Alexandrovich, Kerensky's nephew, had denied also that General Korniloff had escaped from prison.

Why Kerensky Failed. Haparanda, Sweden, Nov. 16.—Information from Petrograd indicates that the downfall of Premier Kerensky came in consequence of the intervention of Lettish forces amounting to 30,000 men on the side of the Maximilians. The power of the Maximilians at Petrograd is said to have been strengthened. London, Nov. 17.—Wherever throughout a journey from the Caucasus to Petrograd did a correspondent of the Daily Telegraph hear a word of sympathy for Premier Kerensky. The educated passengers he met, he said, in a despatch sent from Petrograd Monday, were infuriated at Kerensky's laxity in permitting the Bolshevik agitation, and the soldiers were indignant that the premier was unable to maintain authority and order. Railwaymen, the correspondent said, said that Kerensky and Lenin and Trotsky, the Bolshevik leaders, all ought to be thrown into the Neva. For the provisional government nowhere was there a spark of enthusiasm as it was felt to have deserted its fate. Everywhere, however, the correspondent found a longing for real order and authority and for somebody who would save Russia from trouble.

The Kerenski Damaged. Petrograd, Nov. 16.—The damage done to the Kremlin in Moscow is minimized in messages received here from the Maximilian delegates in the old Russian capital, who say that only the Alexander Palace has suffered. They confirm the burning of several houses in Moscow. From other sources it is reported the Bolsheviks have planted heavy artillery and are shelling the Kremlin. Other reports indicate that a truce has been arranged between the Bolsheviks and the government troops. A third armed force is said to have been developed in Moscow, the identity of which is not known. It is said to be fighting against both the Bolsheviks and the government troops, and is supposed to be composed of the criminal elements released from jail.

FIVE LITTLE ONES DIE IN FIRE; THREE MISSING. Ashville, N. C., Nov. 17.—Five children are dead, three are missing and eight are severely injured as the result of a fire which destroyed the Catholic High school for colored children here yesterday.

A Little Revolution. Gayabult, Nov. 17.—A revolution which broke out several days ago is a small one, and is confined to several unimportant villages. The government announces it will take prompt steps.

BORDEN TO OPEN HIS CAMPAIGN IN ONTARIO ON WEDNESDAY

Toronto, Nov. 17.—Sir Robert Borden will be in Toronto on next Wednesday and is expected to open his Ontario campaign here. Cape Breton Candidate. Sydney, N. S., Nov. 17.—John McCormack, of Sydney Mines, was yesterday nominated by the Conservatives for North Cape Breton and Victoria against D. D. McKenna, Liberal nominee. W. F. McLean to Run. Toronto, Nov. 17.—W. F. McLean, former M. P. for South York, says he has filed his nomination papers and will run as a Unionist win-the-war candidate.

Consent There. Sydney, N. S., Nov. 17.—George W. Kyles and William F. Carroll, Liberal M. P.'s in the last Commons, have been nominated as Liberal win-the-war candidates for Cape Breton South and Richmond. The Conservatives have selected John C. Douglas and R. H. Butts, members of the provincial parliament. Efforts to secure a Unionist ticket composed of one Liberal and one Conservative failed. Borden Nomination. Kentville, N. S., Nov. 17.—Sir Robert Borden will be nominated by the Kings County Conservative party's organization this afternoon. After the convention Sir Robert will leave for Ottawa and should reach there Sunday night.

Other nominations reported are—West Lumbton, Ont.—A. Johnston, Conservative, resigning, leaving field to F. Pardee, Liberal Unionist, and Dr. Morrison, Liberal Unionist. West Hastings, Ont.—R. G. Porter, win-the-war candidate. Welland, Ont.—Major Fraser, win-the-war candidate; Major J. W. Bowley, Laurier Liberal. Toronto South—Dr. C. Sheard, win-the-war candidate; Major J. W. Bowley, Parkdale, Ont.—H. M. Mowatt, Unionist. Westminister, B. C.—Rev. F. C. Steacy, Unionist. Brandon, Man.—Dr. W. Hildren, Unionist.

MR. MULLIN HAS RETIRED FROM THE ELECTION CONTEST. To the Editor of The Evening Times: Sir,—I beg to announce that after consultation with the executive of the Independent Labor party last evening I have decided with their consent to withdraw my candidature. I do this in view of political complications of which I became aware after I had wired my acceptance of the nomination from Frederick I. I did not know when I wired that a section of the Liberal party had placed in the field a straight Liberal ticket. This being the situation I have decided after consideration and discussion with many of my supporters and with the entire concurrence of the executive to withdraw my name. Thinking my friends and supporters for the cause of support and assurance the Independent Labor party of my continued warm interest in the labor cause, I am, Yours truly, DANIEL MULLIN.

Weather Report. HAS NOT RETIRED BUT IS THINKING THE MATTER OVER. With the announcement of the retirement of Daniel Mullin from the political arena, there are also rumors this morning that Commissioner McLellan also would retire. When asked about the report, the commissioner smilingly replied that he had until noon on Monday to consider the question. He admitted that he was giving the matter some consideration and his action would depend on his decision with regard to where he would be of most service. It was confident that he would be elected but he would not like to make the inevitable sacrifice of personal friendships that might be involved in a bitter political fight. He also foresaw serious problems which must be faced during the coming year and he might decide that he could be of more public service in St. John than in Ottawa. He said the fact that he would have four newspapers to contend with would not deter him but other considerations might.

Forecast. Gulf and North Shore—Fresh to strong westerly winds, fair today and on Sunday, not much change in temperature. Ottawa Valley and Upper St. Lawrence—Moderate to fresh west to south winds, fair and comparatively mild today and on Sunday. Fair. Maritime—Fresh northwest to west winds, fair today and on Sunday, not much change in temperature. New England—Fair tonight and Sunday, little change in temperature, moderate winds, mostly west.

Weather Report. Issued by Authority of the Department of Marine and Fisheries, I. F. Stupart, director of meteorological service. Synopsis.—The disturbance which was situated to the southwest of Nova Scotia yesterday morning has now reached Newfoundland after causing stormy conditions over the greater portion of the maritime provinces. Elsewhere in Canada the weather has been fair.

Sea Fight Off The German Stronghold; Enemy Cruisers On Run; British Chase

London, Nov. 17.—British light forces today engaged German light cruisers off Heligoland. The British admiralty so announced today. The German warships retired and the British forces are now chasing them. The announcement follows:— "British light forces operating in Heligoland light have engaged with German light forces this morning. The only information we have received thus far is that our vessels have engaged light cruisers of the enemy, that the latter have retired at high speed, and that our vessels are in pursuit."

Allies Rushing Troops In Increasing Numbers To The Aid of Italy

Troops Holding on Well, Awaiting The Reinforcements—Flooding of Territory Has So Far Proved Effective Check. London, Nov. 17.—The British correspondent accredited to Italian headquarters in a despatch dated Thursday, says:— "Allied reinforcements are reaching Italy daily in increasing numbers. To save waiting for trains on the congested railways some French troops have been brought across the Alps through snow-covered passes. The allied troops are marching steadily forward to their appointed places in the Italian scheme of defence. "Both the British and French troops are in high spirits. They are delighted at the change in scene and over the prospects of a new adventure."

FOR MEDICAL INSPECTION. The Cost in Halifax is Small, But the Benefit is Great. In reply to an inquiry by the Times-Star, Dr. A. H. Macdonald, superintendent of schools in Nova Scotia, sends the following information prepared for him by Miss S. J. Wilson, secretary to the board of school commissioners in Halifax:— "The medical and dental staff at present in the employ of the school board of the city of Halifax is as follows:— "One medical inspector; salary \$750. "One dental inspector; salary \$800. "Two nurses, \$600 each, \$1,200. "The medical inspector makes one general examination of all the schools by one morning each week, attended by a school nurse, and performs free extractions, cleaning and fillings. "Throat, eye and ear cases are sent to the various specialists and paid for by the board. "The nurses visit the schools with the medical inspector, later making weekly visits to schools and homes to see that instructions are understood and followed. "The expense of this department is included in the board's estimate and met by the city. "Last year the medical inspector discovered more than 1,600 children in the city who were suffering from some physical defect which was a great handicap to them in their school work. "The board has appointed a dental inspector, dental clinic or nurse. Halifax supplies glasses free for poor children shown to be in need of them, also clothing and books for the same.

MORE CASES UNDER PROHIBITION ACT. Activity On North Shore—A Bathurst Seizure of 14 Containers. Rev. W. D. Wilson, chief liquor inspector for the province, arrived in the city this morning and expects to leave this evening for Bathurst where there has been much activity along the North Shore in preparation for the prohibition law taking effect in Northumberland, Carleton and York. Inspectors have been selected in Chatham, Newcastle, Nelson, Millerton, Douglastown and Loggieville and all arrangements for effective enforcement have been completed. A big seizure of liquor was made last week by Mr. Wilson in Bathurst when fourteen containers were taken over immediately upon arrival in town. In company with the Campbellton inspector, Rev. Mr. Wilson made a trip to Anderson and Five Fingers in Restigouche county. On entering a house a man was found selling home-made beer. That night an intoxicated person was seen coming from the house and next morning the maker of home-made beers was taken to Campbellton by the inspectors. He was tried and convicted, being sent to Dalhousie for three months in jail. At Five Fingers the inspectors entered a hotel at which there was a wedding and some so-called "white whiskey" was seized. As a result of this raid several cases will be brought up, not only in Restigouche county, but in other places.

RODIN IS DEAD. Paris, Nov. 17.—Auguste Rodin, famous sculptor, is dead. He was born in Paris in 1840. WALL STREET TODAY. New York, Nov. 17.—Rails, shipping, and equipments were firm and strong at the opening of today's stock market. Delaware and Hudson providing the most notable exceptions on its fractional decline to the new minimum of 92 3/4.

BRITISH SCORE AGAIN AT THE PASSCHENDAELE RIDGE; GROUND GAINED

Highlanders and English Battalions Win More of Enemy's Defences—More American Casualties. London, Nov. 17.—Further progress was made yesterday by the British troops on the main ridge in the vicinity of Passchendaele, on the Belgian battlefield. The war office announced this today. The communication follows:— "A successful operation was carried out late evening by detachments from the Highland, Berkshire and Lancashire battalions in the vicinity of Passchendaele. Further portions of the enemy's defences on the main ridge north of the village, including a strong fortification, were captured by us. We also took prisoners. "West of this locality also we have advanced our lines slightly at certain points. The enemy's artillery has again been active throughout the night on the battle front. The German shelling has been particularly severe in the Passchendaele sector."

More American Casualties. With the American Army in France, Nov. 16.—(By the Associated Press)—The artillery fighting in the sector held by American troops has become even more lively, and there have been further casualties, shrapnel wounding some men in the trenches. An enemy shell hit an American gun today and caused casualties. Some of the men wounded in the last two days have died. French Front. Paris, Nov. 17.—"There were active artillery engagements last night north of Courtray," says today's official communication. "We repulsed an enemy detachment which attempted to approach our lines in this region, and inflicted serious losses on it. Raids on German trenches southeast of St. Quentin, in the Champagne, east of Teton and in the Vosges enabled us to bring back prisoners, including one officer and war materials. In Upper Alsace the artillery fighting was rather heavy at Schonholz."

SUBSCRIPTION OF \$100,000 TO LOAN. Baird & Peters Take Bonds To That Amount—A Call To Others. It was announced at Victory Loan headquarters today that the \$100,000 subscription to Canada's Victory Loan, which was received yesterday, is from Messrs. Baird & Peters of this city. The action of this firm should be an example to numerous firms and individuals in St. John to make this loan a success. St. John's objective is \$400,000. The committee estimates that there are at least forty firms and individuals in the city of St. John who could reasonably be expected to make a similar effort, if not to the same extent, at least to a far greater extent than they have up to the present made. If these firms and individuals will look upon this Victory Loan in the same patriotic spirit, there is no reason why St. John's contribution should not be seven or eight million instead of four million. It is up to every business man today, the committee urges, to consider how large a subscription he can take, and it is the intention of the Victory Loan committee to discuss this idea with our larger business concerns in hope that the example set by Baird & Peters may be generally followed.

VESSEL STRUCK IN LAUNCHING. Mishap To J. Willard Smith's New Schooner "Kathleen Crowe" Causes Anxiety. General regret was expressed by shipping men when it was learned that a bad accident had happened in the launching of J. Willard Smith's new schooner "Kathleen Crowe," which was started on Thursday at a port in Nova Scotia. According to information received by Mr. Smith from his son, Roy W., and his brother, R. Duncan Smith, the vessel struck, while leaving the ways, and was left on the beach in a precarious position. Twenty-five jacks were secured and an endeavor was made to float her, but weather conditions yesterday were unfavorable and the attempt was postponed until today. Up to 1.30 o'clock this afternoon no further work had been received, but as there was an extra high tide, hopes were expressed that it would greatly assist in the floating of the schooner. Up to last night the vessel was resting in a good position, although exposed to the wind. The last message received by Mr. Smith was that she was practically undamaged, although the situation was considered serious. The tug Wasson was standing by ready to render assistance.

GIFT FOR PARK. Check For \$100 Comes From W. H. Platt of New York. During the last summer Willard H. Platt of Green, Twest & Co., New York, was the guest of Senator Thorne on the St. John river. On Mr. Platt's return he was taken on a motor launch, where he expressed himself much pleased with its natural beauties, and with what had been done to make it attractive, and especially with the collection of native animals. Mr. Platt has now forwarded to Judge Armstrong, the treasurer of the park, a check for \$100 to be used for special purposes, as may be thought best. This amount will be set aside for the present until a favorable opportunity arises for carrying out the donor's wishes. Mr. Platt is widely known in the United States for his philanthropic work as trustee and honorary treasurer of the Tuskegee College, the educational institution of which the late Booker T. Washington was founder and president.

"THE SOLDIERS' QUARTERS." Brigadier-General Macdonell, Lieutenant-Colonel Powell and members of the citizens' reception committee will this afternoon inspect the quarters in the agricultural hall to be used for the occupation of troops. There have been extensive repairs made and it is understood that the quarters are in excellent shape.

TWELVE DIE IN FIGHTING FOREST FIRE. Allendale, Pa., Nov. 17.—Twelve mountaineers were burned to death yesterday while fighting a forest fire which has been raging for four days. They were members of a band of 200 special fire wardens. CONDITION WORSE. William Fairbrother, hurt on Thursday morning when he fell sixty feet with a section of the grain carriers at Ballast wharf, is reported to be in very critical condition in the General Public Hospital today. He has taken a decided turn for the worse and it is thought he must have been hurt internally.

PREDICT U-BOATS SOON OFF AMERICAN COAST; MET WITH "CONTRA-SUBMARINES". New York, Nov. 17.—Predictions that enemy submarines will soon make their appearance off American ports, that the contra-submarine will be found to be the best antidote for the submarine, and that the great world in the near future will have flotillas of "contra-submarines" especially built for operating against undersea craft, were made by speakers who addressed the annual convention of the Society of Naval Architects and Marine Engineers here yesterday.

The rural school children of Ontario, out of money they raised at their fall fairs, presented to the Military Orthopedic Hospital in Toronto a big motor bus in which to carry their soldiers-student-patients to and from the schools in the Military Hospital Commission has arranged for their vocational training.

Wanted the Man Himself.

A border ballad, whose seal for law and order has somewhat outrun his scholarly attainments, was recently considering a case, in which a witness referred to a person who had died some time previously, as the defunct. Annoyed at the frequent repetition of this word, the ballad pertinently exclaimed, "What's the use of speaking so much about the defunct? Can you not bring the man here and let him speak for himself?"

### WAR AT ONCE AGAINST ALLIES OF GERMANY

Colonel Roosevelt Recalls U. S. Pledge To Make World Safe For Democracy

Princeton, N. J., Nov. 17.—Theodore Roosevelt, in an address here last night declared that to "make the world safe for democracy" demanded an immediate declaration of war by the United States upon Austria and Turkey. He agreed that the United States take action toward establishing a permanent policy of preparedness and compared pacifists and pro-Germans to disintegrating forces in Russia.

"We announced that our purpose was to make the world safe for democracy," said Colonel Roosevelt. "This pledged us to immense sacrifices in a hard and dangerous crusade, immensely righteous, but for an object in which our own country was slight. Our grievance was against Germany and we could, with honor, have joined with our allies against her until she was overthrown and then make peace in such a fashion as to guarantee justice to them and to us, and to make the world a little safer for all of us in consequence. But a pledge to make the world safe for democracy is a solemn engagement to smash the two nations which most conspicuously make democracy unsafe within their own borders, Austria and Turkey.

"This war has shown that Austria has become a subject ally of Germany and an enemy of freedom and civilization. Unless we resolutely intend to break up both Austria and Turkey, and insist on liberty for the subject races in the two countries, our talk about 'making the world safe for democracy' is a sham."

### VIGILANCE CORPS TO COMBAT ENEMY

Local Bodies Would Classify Citizens as Loyal, Disloyal or Doubtful

New York, Nov. 17.—Vigilance corps of the American Defence Society will be extended throughout the United States for the purpose of aiding the government to end German propaganda and enemy activity which has been responsible for fires, munition plant explosions, sabotage, food scares and other attempts to damage the morale of the American people," according to a statement made public tonight by the trustees of the society.

Under the plan of organization proposed, one of the duties of the vigilance corps in every city and town would be the classification of all residents under the following classes: "Loyal, disloyal, doubtful, unknown."

After the completion of this classification a further designation is urged as follows: "Enemy-ally, pro-German, anti-Government."

This list, the organizers declare, should be placed in the hands of police departments, representatives of the department of justice, and the intelligence bureau of any army or naval force in the community. If the government should decide to take a census of enemy aliens, the work of the officials would be greatly facilitated by the list obtained by the local vigilance committee, it was explained.

Warnings Are Given.

Cleveland, Ohio, Nov. 17.—Several attempts have been made within the past week, it became known tonight, to destroy large Cleveland concerns which manufacture or store clothing and foodstuffs.

More than 100 such concerns, in the city and vicinity, have been warned by the department of justice that such attempts may be expected in connection with carefully planned plots of German and I. W. W. origin. They have been asked to have their plants carefully guarded and to exercise great care to hire local employees.

Federal operatives here already have arrested four men suspected of having connection with the activities of enemy agents. Other arrests are expected.

The enemy activities in Cleveland are linked up by federal officials with the recent fires in the Kansas City stockyards and at the Baltimore docks.

### "Better Than Gold"

A man who never lied said: "A Victory Bond is better than gold." A man who didn't believe, said: "Show me!"

This was the reply: "Suppose you had \$100 in gold. You can't put it in the bank for then it ceases to be gold. So you have to hide it somewhere in a safe place. If you hide it, it earns no interest."

"Now take a \$100 Victory Bond. You pay the government \$100 in bills or in gold, and you get an engraved certificate. That certificate bears the promise of the government of the Dominion of Canada to give you your money back at a certain time. It bears also the promise of the government to pay you 5 1/2 per cent a year on your money in the meantime. The interest comes to you at your address every six months."

"Is the written promise of the whole Dominion of Canada as good as gold?" "Of course," replied the other.

"Then it is better—because you can't have \$100 in gold and get interest on it. And with a Victory Bond you can!"

### KING AND QUEEN ENTERTAIN THE U. S. MISSION

London, Nov. 17.—The king and queen yesterday afternoon entertained the members of the American mission to the inter-allied conference at luncheon at Buckingham Palace. Walter Hines Page, the American ambassador, introduced the commissioners to their royal hosts.

The king chatted with each of the members concerning the United States and displayed deep interest in their work in England.

Among those present at the reception to the American mission were Premier Lloyd-George, Arthur J. Balfour, secretary of state for foreign affairs, and the principal members of the royal household. All the arrangements were simple and informal, in accordance with the strict method of rationing constantly practised by the king and queen, there was no music or no special floral decorations.

### WILSON WILL NOT PERMIT STRIKE TO TIE UP RAILWAYS

Government Operation, if Necessary, to Avert Paralysis of Transportation — Appeals to Employees

Washington, Nov. 17.—Aroused by the plans of the railway men's brotherhoods to demand wage increases, President Wilson has set the machinery of the federal government in motion. If possible, the threat of a paralysis of the country's transportation systems so vital to the war.

At a conference with the heads of the "Big Four" brotherhoods at the White House on Thursday, Nov. 22, President Wilson will appeal to the labor leaders to defer any struggle until after the country has passed through the period of its transportation systems as vital to the conduct of the war.

With the announcement of this conference, it is disclosed that President Wilson, while entertaining every hope for a complete agreement, does not intend to permit the country's transportation systems to be tied up by a strike at this critical time in the nation's history, even if it becomes necessary for the government to operate the roads.

It was disclosed today that Judge William L. Chambers, head of the federal board of mediation and conciliation, already has been holding conferences with the heads of the "Big Four" brotherhoods. The status of the proceedings so far shows disinclination on the part of the brotherhood heads to commit themselves to a plan of arbitrating the difficulties, and the hope of the government negotiators is for an agreement which will postpone any controversy that may have arisen will be submitted to arbitration in accordance with the provisions of the Railway Labor Law. Commissioner Chambers has held conferences with leading railroad officials and chief executives of the brotherhoods.

At a conference in Cleveland, Ohio, on Thursday last, between Judge Chambers and Warren S. Stone, grand chief of the Brotherhood of Locomotive Engineers; W. S. Carter, president of the Brotherhood of Locomotive Firemen and Enginemen; L. E. Shepherd, vice-president of the Order of Railway Firemen, it is understood certain substantial agreements were reached. The railroad executives declined to state what these results were, but the rumor is that the executives of the labor organizations agreed to the mediation features of the proposal and it is inferred that the committee proposed, which is planned for 2:30 p. m. Thursday, will have reference to the arbitration features of the proposed agreement. It is understood that the labor organizations are unwilling to commit their organizations unconditionally to arbitration, but that at the White House conference on the 22nd, the executive will be ready to discuss with the president some plan by which it is hoped an adjustment will be reached which will at least for the duration of the war prevent any interruption of railway transportation.

Judge Chambers did not feel authorized to say what subjects would be discussed at the conference, and declined to intimate what results were expected. He regards the conference as the transportation problem is perhaps the most important one connected with the war. He pointed out that the war means-union of North America, it is understood, has agreed to the mediation and arbitration proposals as a condition of the agreement to exercise arbitration.

It is believed that that is the attitude also of the order of railroad telegraphers, the work of the officials would be greatly facilitated by the list obtained by the local vigilance committee, it was explained.

### GERMANS MAKING BELGIUM TREELESS

Paris, Oct. 20.—(Correspondence)—It is the fate of that unfortunate country which returns, if its invaders are not driven out before they have completed their work of devastation. Factories have been demolished, its machinery, every form of property has been requisitioned, and now woods, forests and even individual trees are being cut down wholesale. The wooded heights of the Belgian Ardennes, which used to protect the centre of the country from east winds, are rapidly being denuded, the tall elms that lined the high-roads and canals have been felled, and without trees that adorned the gardens of the well-to-do in Brussels have not been spared.

In the early days of the occupation, the Belgian State Forest Department was allowed to supervise the work of felling and sawing, and it was scientifically conducted, but after a few months, the Germans took over the direction of the work, and observed only one rule—to obtain the greatest amount of wood for military purposes in the shortest possible time.

The Belgian government has been able to learn details of the work done, and that 1,000 acres have been cleared in the Herfogen (Lige) and surrounding areas, and the fine plantation "Faye de Lucy" of the forest in the country, has been completely razed, and the magnificent forest of Salignes, south of Brussels, is rapidly disappearing. There are only examples of dozens of similar cases which are known and to this devastation must be added the consumption of wood by the native population, which for three years has been unable to import any and has had to use quantities of coal.

Serious consequences from every point

### TURKEY HIS SUBJECT

Turkey and the Turk was the subject of a lecture which was delivered in the Y. M. C. A. last evening by Dr. Hamilton Wigle, principal of Mount Allison Ladies' College. This was the first lecture of a series which is being given, one each month, by prominent men in the city who are taking the Canadian standard efficiency programme.

Dr. Wigle said that of the four cities which have formed the principal intellectual and religious watersheds of the world, two are in Turkey. They are Constantinople and Jerusalem. The other two are Athens and Rome.

From Constantinople the world has inherited the art and culture of the ancient world. From Jerusalem, Christianity. The great philosophies of the world have come from Athens, and the Roman law is our law today with practically no change at all.

Dr. Wigle told how the Turk, in capturing Constantinople, really did civilization a good turn, for the rise of the Turkish empire was the downfall of the Mongolian empire which was threatening to overthrow the Christian civilization in the west of Europe. The Turks make better neighbors than the Mongols would have. Dr. Wigle gave an excellent description of the conditions in Turkey today, its architecture, customs and daily life. He told of some of his experiences on a visit which he once made to Turkey in which he visited Constantinople, Smyrna and Ephesus.

Dr. Wigle said that the Turk is not as bad as he is painted. He said that although the Turk is bloodthirsty, it is only in relation to religion. "Relieved from the pressure of his religion, the Turk would be as humane as any man in the world."

Dr. Wigle said the record that the Germans are making in this war, is far worse than the Turks have ever made and that after this war is over, the Turk will be considered a gentleman beside the German.

### ST. JOHN AHEAD OF BOSTON THIS TIME

Of particular interest to Canadians is "Out There," the new play by J. Hartley Manners, author of "Big Heart," which will be presented in this city shortly by Elsa Ryan and the New York company, who are on the first leg of an intercontinental tour. The action takes place in a slum section of London and in a hospital "Someday, Somewhere" in France and the scenes and pictures presented are picturesque and thrilling. The play is in the author's best vein, and while a patriotic one, about it is comedy. New York has been applauding it for two seasons. It comes here the 28th and 29th, before being presented in Boston and the other large American cities. Seat sale opens Thursday, 22nd.

An uncovering of cotton, flannel or felt to fit the table is desirable. The cloth may be laid smoother.

### LIVER TROUBLE and HEARTBURN CURED BY MILBURN'S LAXA-LIVER PILLS

When the liver is torpid and inflamed it cannot furnish bile to the bowels, causing them to become bound and constipated.

The symptoms are a feeling of fullness or weight in the right side, and shooting pains in the same region, pain between the shoulders, yellowness of the skin and eyes, floating specks before the eyes, coated tongue, bad taste in the morning, heartburn, water brash, etc.

Milburn's Laxa-Liver Pills gently unlock the secretions, clear away all effete waste matter from the system, build up tone and vitality to the whole intestinal tract, and are by far the safest and quickest remedy for all diseases or disorders of the liver.

Mrs. A. Cummings, Manchester, Ont., writes: "I have used Milburn's Laxa-Liver Pills some time, and can faithfully recommend them to anyone suffering from heartburn and liver trouble. I tried a great many other remedies, but they only relieved me for a time. I believe Laxa-Liver Pills to be a valuable remedy for all sufferers from liver troubles."

Milburn's Laxa-Liver Pills are 25c a vial at all dealers, or mailed direct, receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

LAST NIGHT'S MEETING.

The real voice of Liberalism in St. John was heard last night. The hundreds of leading Liberals who met in the Seaman's Mission unanimously declared themselves in support of a policy that will not abandon the lads in the trenches or drag Canada out of the war.

There was no mistaking the spirit of the great meeting. These Liberals regretted the cleavage in the party, caused by the determination of one section to support a leader whose policy would paralyze the arm of Canada at the most critical juncture in the history of the war.

It will undoubtedly be found as the campaign progresses that many people who feared union meant party betrayal, or an abandonment of principle, will come to see that it really means the solidarity of the nation in the face of great and dreadful danger, and is really essential for the period of the war.

The brief speech of Mr. Elkin was admirably conceived. He said he had advocated union government at a time when there seemed no prospect of its being accomplished. He was none the less a Liberal because for a time he was willing to join forces with political opponents to help win the war.

The meeting did the right thing in seeking the co-operation of the women voters. The latter have a right to full recognition, and they will have representatives on the executive of the union party. It will be a new experience for them, but they will bring an enthusiasm and an intelligence to bear upon matters relating to the campaign which will be of the highest value.

With Kerensky a fugitive the situation in Russia is more gloomy. The Canadian government is not the cause of conscription. The Kaiser is the cause. And he may put us on food rations next year if his power is not broken. Keep that in mind.

HOW ONE FARMER KEPT HIS BOY ON THE FARM.

A drainage inspector in a Canadian province once visited a certain farmer and found him not only in possession of a good house, with modern sanitary equipment, but he and his family were enjoying the occupation of the best rooms in the house.

A Sense of Humor. A story that is going round the French papers is rather pleasant. A pretty young actress is attached to one of the Paris hospitals, and the other day, in order to make recalcitrant patients take their medicine, she promised each obedient one a kiss.

The union party should succeed in this constituency. It begins the campaign under favorable conditions, with popular candidates, and it represents the men in the trenches. Those men, and the cause they represent, are worthy of all that Liberal and Conservative may be able

Good Start on Monday. Go to bed late Saturday night, or rather very early Sunday morning; sleep until almost noon; eat two or three meals during the day; sit in the house and read trashy get excited over things that do not concern you, and then go to bed, and get up Monday morning and help perpetuate the worst talk of "Blue Monday."

Monday is the day when you should read the word "GO!" Monday is the day when all of the best records in life have been started by those who come down the home stretch Saturday night with big pay.

A Man Who Snores. Most of the trouble in apartment houses is caused by phonographs, pinos and sopranos. But in one Kansas City flat building an ordinary phonograph becomes almost an opiate, in comparison with a fat man who snores.

The fact that Sir Douglas Haig attained his fifty-sixth birthday on June 19 brings back to mind a story told of a short white back. The women then improve the rest of the small hours telling their husbands what they would do if they were men, and a man swore like that in the hearing of their wives.

Very good work. He remarked to the troop sergeant-major. "Who did it?" "Two of my troopers, sir," was the reply.

You're fortunate to have two such expert saddlers in your troop," said Haig. "As a matter of fact, sir," was the reply, "they're not saddlers, in civil life being lawyers."

"Well," ejaculated Sir Douglas, "how men who can do work like that could have wasted their lives over law I can't imagine!"—Minneapolis Tribune.

PLOT TO DECEIVE THE ROYAL BANK

Conspiracy Revealed in Judgment in Montreal Case

Matter of \$1,500 Note—Judge Teller Says Manager Conspired With Note Maker to Deceive One to Whom it Was Payable and Also Jockeyed Accounts

Montreal, Nov. 17.—An extraordinary conspiracy to deceive the Royal Bank of Canada was revealed yesterday in the superior court in a judgment rendered by Mr. Justice Teller in a suit brought by the Royal Bank against C. E. Sekyer and E. D. Forcherson to recover \$1,500 on a promissory note, dated Montreal, July 19, 1916, signed by the defendant, Sekyer and payable to E. D. Forcherson, who endorsed it and transferred to the plaintiff. The note was protested through default of payment on October 23, 1916.

Mr. Justice Teller, in his judgment, says the trial revealed the fact that Sekyer, who had carried on business at the Longueuil branch of the Royal Bank, "often gave checks when his balance was exhausted, and more than exhausted. Notwithstanding this fact, his checks were always honored and paid."

The judge states that after the inspector's visit the overdraft reappeared in the books. But Meldrum utilized for his own personal affairs, the judgment states, part of the blank checks given to him by Sekyer to fraud the bank.

Exempted to Keep AT WORK ON DEVICE TO WATCH SUBMARINE

Montreal Man Says His Invention Will Spot U. Boats Within Radius of Several Miles

Montreal, Nov. 17.—On the ground that it is in the public interest that L. S. Fenwick of the Regent Apartments here continue in his present employment on an anti-submarine invention, the exemption tribunal before whom Mr. Fenwick appeared yesterday granted him exemption.

Mr. Fenwick has invented a device which he believes will solve the submarine problem. It has been submitted to a Canadian expert to the British committee on invention and research, and is under consideration. He says the presence of an enemy submarine within a radius of several miles can be detected, also the direction and distance of the submarine.

MONTREAL PEOPLE SEE GERMAN SUBMARINE

Montreal, Nov. 17.—A notorious German submarine, once an enemy mine layer, now known as H. M. S. Britannia, arrived in port here last evening to be taken in tow by the Victory loan campaign. The submarine came in three days after it was reported to have been moved to the streets of the city, as was intended at first, and it was to remain at the river front, where it will be utilized to the best advantage as an attraction for Victory loan subscribers.

ONTARIO NEARS THE \$50,000,000 MARK. Toronto, Nov. 17.—Ontario's subscription to the Victory loan up to last night amounted to \$48,280,650, according to an announcement made at provincial headquarters. Of this sum, Toronto has contributed \$19,780,700.

MELVILLE STONE BEGS CANADIANS TO AWAKE THE U.S.

Says People Do Not Realize That War Will Be at Door if Germans Win—"A Bolshevik Editor"

New York, Nov. 12.—An evening of candid, serious discussion on the war kept the largest group ever gathered at a dinner of the Canadian Club clustered about the tables at the Hotel Biltmore until late tonight, cheering the term "cohesion," oft applied by the speakers.

Mr. Rathbone, who has been the hero of the hour, is a Canadian-born American who has been in this country for two years and a half. He has been in the front lines of the war, and he has seen the Germans in action. He has seen the Germans in action, and he has seen the Germans in action.

Other speakers who stressed the patriotic note to the intense approval of the hearers were Major Ivan May Beth, soldier and author, and Sir George Reid, ex-premier of Australia.

Mr. Rathbone's recital began with a tribute to the unflinching honesty and the persistent keenness of the American reporters, who had fought the long battle against tremendous odds in the form of an organized and elaborately financed German secret service in this country.

War Menus

How to Save Wheat, Beef and Bacon for the men at the front. Issues from the Office of the Food Controller for Canada.

MENU FOR SUNDAY. Breakfast: Oranges, Milk, Cereals, Sugar, Tea or Coffee. Dinner: Beef, Creamed Onions, Mashed Potatoes, Cornstarch Mold with Fruit, Tea. Potato Salad, Bread and Butter, Jelly, Tea. The recipe for Cornstarch Mold, mentioned above, is as follows: Cornstarch Pudding with Fruit. 1 pint of milk, 4 tablespoons cornstarch mixed with a little cold water, 1/4 cup sugar, 1 teaspoon vanilla, 1 well-beaten egg, 1/2 teaspoon salt, 1/4 cup chopped cooked peaches or apricots or pear. Scald milk; then stir in cornstarch mixed with a little cold water, and cook five minutes in double boiler. Place upper part of double boiler on fire, let cornstarch boil, return boiler to place, add sugar, egg and salt beaten together, and cook two minutes, stirring continually. Flavor with vanilla, add fruit, and pour into mold. Chill and serve with sugar and cream. An excellent way of using up small amounts of canned fruits.

MENU FOR MONDAY. Breakfast: Oatmeal Porridge, Milk, Sugar, Fried Potatoes, Brown Bread, Tea or Coffee. Luncheon: Fish Kedgees, Baked Potatoes, Baking Powder Biscuits, Apple Sauce, Tea. Dinner: Hamburg Steak, Turnips, Potatoes, Rice Pudding with Raisins. The recipe for Fish Kedgees mentioned above is as follows: Fish Kedgees—1 1/2 cups flaked cooked fish, 1 egg, 4 tablespoons rice, 1 teaspoon chopped onion, Salt and pepper to taste, 2 tablespoons dripping. Put the rice into fast-boiling water, with a teaspoon of salt, and boil fast until tender (about twenty minutes). Drain well, and dry in a colander. Boil the egg hard, cool in cold water, and chop it coarsely. Melt the fat in a saucepan, stir in the cooked rice, add the fish and seasoning. Make it very hot, then add the chopped egg, and serve at once. If onion is liked, fry it lightly in the fat before putting in the rice.

Special Dishes For The One-Armed Boys

Dishes designed to keep the food of the one-armed veteran within bounds until he masters the finesse of single handed feeding are now being manufactured in England. Dr. Edward A. Bott, director of functional education at Hart House, has brought samples from England for the consideration of the authorities of the Otago Hospital in North Toronto, where the crippled Canadian soldiers returned from overseas are being treated under the direction of the Military Hospitals Commission. Orthopaedic dishes as they are technically designated have become a necessity widely demanded in England and France where many men early in the war were disabled by their own hands. These dishes were designed by men themselves who were ingenious, others by professional potterers. Dr. Bott brought back a soup plate and a plate designed for general service. The soup plate differs from the ordinary soup dish in having a second declivity into which the last two or three spoonfuls run and may be secured without tipping the plate. The second declivity is a shallow groove which good manners common enough among busy, hungry men to warrant serious consideration. The plate for general service in turn resembles a very shallow soup plate, the centre being sunk slightly so as to prevent the food from slipping over the edge as the fork pierces it. A combination knife and fork which has also been devised, works with great success, and one armed men are able to prepare their own food for eating without difficulty.

JACK CANUK WINS ON HOME BATTLEFIELDS

Will Power Big Factor in the Success of Disabled Man at Trade School "Where there's a will, there's a way" The vocational training officers of the Military Hospitals Commission have run up the frayed old banner of achievement, and the Canadian boys, remnants of the stalwart youths which the Dominion sent over seas, are testing the calibre of Canada anew on the home battlefields. Jack Canuck is proving that he can fight adversity with one arm tied behind him, legless, even blind, if need be. Given the will, he makes good under any handicap, declares the men who are engaged in teaching the boys who come back disabled for their aid work in life, now trades by which to save a livelihood. Private Glendon, a Toronto lad, who fought with one of the first battalions, was a factor for the assistance which he returned from the front. He had lost one leg, the sight of one eye, and his remaining leg was badly injured, but there was no break in his nerve. Invaluable spirit set him to learn sanitary engineering while he was still recuperating, but he found that study made him dizzy and had to give up book work. This was a bad blow, but Glendon did not go to the mat. He took up glass grinding and polishing in a factory where the employer had offered to train soldiers to his trade, and today he is supplying the sparkle for banquet tables barred by Fuggery by war time prohibition, and toasting up the work room with his excess good cheer.

IRISH FISHERMAN GETS AUTOMOBILE FROM TORPEDOED SHIP

profitable business in the coast towns nowadays. The story of the man who came home from the sea with a brand new automobile is a household favorite in the Irish ports. Accompanied by his son he was mackerel fishing when he was aroused by the report of an explosion. On the horizon a cargo steamer from America was settling by the stern. It had been torpedoed. The fishermen headed for it and soon met the captain and crew in two open boats. "She's loaded with American automobiles, you might get one before she goes under," said the skipper jokingly as he and his shipmates passed on toward shore. The torpedoed ship was still well above water when the fisherman came alongside. He sent his son on board to look around. The latter found the hold full of automobiles. "Run one out through this gangway," directed the father. With the aid of some tackle the machine was dropped into the fishing vessel. A few moments later as the trawler steamed away the ship disappeared. The fisherman with an automobile is now the envy of his village. Many torpedoed vessels manage to reach shore, where they are usually pounded to pieces on the rocks. But before the cargo is lost, forever people come from miles around to salvage it. Anything that will float is used and

everyone helps himself. Men, women and children attack cargo and ship, removing brass fittings and anything else of value. Flour and canned meats, fruits and vegetables form the larger portion of the salvaged articles. One village has had the good fortune to have two foodships bring up on its very doorstep. Most of the ships of course go down at sea. But this does not dishearten the alert fishermen who have been known to transfer several hundred sacks of the best American flour from a vessel while it is sinking many miles from land. If the explosion tears a big enough hole in the victim much of the cargo will become loosened and wash ashore where it is quickly picked by the watchful eyes of the people. Salvage companies also are very active and are making huge profits. Some have transferred their whole staffs to this coast. Their agents can bid on a wheat cargo without seeing it and can tell just how far into a sack of flour the water will have penetrated in a given period. HOUSEHOLDERS who are annoyed at having unsightly holes in walls caused by nails, etc., should get some stucco from a plasterer. Put as much as you think you will require in a cup and add a good pinch of sugar (this keeps the stucco from getting hard too quick.) It will bear any weight after it is dry. ORGANIZED LABOR TO HAVE NO CANDIDATE. The announcement that organized labor is placing no candidates in the field at the coming election was made at the meeting of the Trades and Labor Council last evening. The council decided to take no action with regard to the organization of the independent labor party. The council voted a donation to the Great War Veterans' Association Christmas work of relieving the distress of the widows, wives and children of soldiers. The secretary was told to ask the common clerk what was being done in regard to the civic assessment law. J. E. Tighe and George Melvin were elected to the organization committee. The council voted with pleasure the favorable action taken by the school board in regard to the medical inspection in the schools of the city. The secretary was instructed to request that a traffic officer be placed at the corner of Union and Coburg streets. A committee was appointed, consisting of Charles Carlin, J. E. Tighe, A. P. Saunders and J. L. Sigrue, to wait on the provincial government in regard to the non-payment of the fair wage schedule to the workmen for the painting of the bridge over the falls.

STRONG DEMAND FOR ALL MATERIALS AFTER THE WAR

(By Mark Workman, president Dominion Steel Corporation in Financial Post.) In considering the future of Canadian economic conditions, there is one underlying feature which must not be overlooked. I refer to the overwhelming balance of trade in favor of this country. Month by month this balance is accumulating, with the result that Canada's commercial position among the nations of the world is improving with rapidity. An immense sum of money is being disbursed in Canada for munitions and other war supplies, the major portion of which finds its way into the pockets of our own people, and is available for financing of additional orders.

MERCHANTS CO-OPERATION

Willingness to Effect Economies in Business Methods Shown (Continued)

The commercial interests of Canada are beginning to realize the necessity of effecting economies in their methods of conducting business, especially of distribution, and are showing a willingness to co-operate with the food controller to that end.

The retail merchants of Saskatchewan have been considering the adoption of a co-operative delivery system, the curtailment of special deliveries, and a reduction in the number of deliveries per day to a minimum.

The bakers in a number of cities are co-operating with the food controller in order to save wheat, flour, and at the same time to provide wholesome bread at as low a price to the consumer as is possible.

Our custom in the past (in order to maintain a satisfactory service) has been three deliveries daily to all parts of the city. To keep our pledge and release the mind we are now obliged to reduce this to one delivery daily, and ask your kind co-operation in this matter by letting us have your order not later than 10 o'clock a. m., as delivery for your part of the city leaves the store at 10 o'clock, and we require some time to get orders ready.

TAKE THE LOAN

Edward Everett Hale's Poem for Civil War Days is Applicable To The Victory Loan

Professor Edward E. Hale, of Union College, Schenectady, N. Y., has found in the war diary of his distinguished father, the late Edward Everett Hale, a stirring poem from the past that has an appeal in the present hour as timely as though it had been composed this morning.

For the hope the prophets saw, For the sword your brothers draw, For liberty and law, Take the loan!

Ye ladies of the land, As ye love the gallant band, Who have drawn a soldier's brand, Take the loan!

Who would bring them what she could, Who would staunch her brother's blood, Take the loan!

All who saw our hosts pass by, Take the loan!

Need for Thrift (Buffalo Commercial)

One of the important results of the Liberty Loan will be to prove to many doubtful persons that it is possible for them to save money when they are determined to do so.

Where Germany Would Win

The argument that Germany will, in the event of a drawn war, or in any event but that of absolute defeat, control Austria, Bulgaria and Turkey, does not need to be elaborated.

Serbia the Key

The writer says that the key to the mastery of Europe is Serbia. As long as Serbia remains free and independent, she forms a geographical bulwark which keeps Germany from the physical control of Europe.

Think it over, Mr. Average Citizen! A few less luxuries and you have the price of a Bond. The surest way to a happy close of the war is to fire your shot at the Kaiser from St. John in the shape of a VICTORY BOND.

WHY THE ALLIES MUST CONQUER

Inconclusive Peace Would Be a Defeat

World's Future at Stake

Peace "Without Annexations and Indemnities" Would Still Leave Germany Stronger Than Before the War

Why it is absolutely necessary to ensure future peace that German military might should be destroyed is explained in the Atlantic Monthly by Andre Cheradame, who is one of the best authorities on the policy conveyed in the word Pan-Germanism.

Belgium Not Vital to Germany

Although Germany has refused to express her willingness to evacuate Belgium, she might well renounce all claims of any sort to Belgium, according to the view presented by M. Cheradame, and give back to France and Russia and Roumania and Serbia every foot of occupied territory, and still make a tremendous profit out of the war.

Her Allies Ruined

Germany, therefore, has had tremendous direct and indirect profits already from this war: her actual plunder and the damage she has done, which will tend to put nations like France and Belgium at a tremendous disadvantage during the period of reconstruction.

GOVERNMENTS PLAN CORNER ON SILVER

American and British Authorities Propose Fixing Prices to Prevent Competition from Foreign Governments

Washington, Nov. 17—A government "corner" on all silver produced in the United States within the next year is planned jointly by American and British officials to prevent the competition of purchases by other foreign governments from raising prices to a point where silver becomes unprofitable.

Representatives of the two governments are conferring with prominent silver producers on proposed contracts under which the government would virtually control the silver market for a year at a price somewhat lower than the prevailing rate of 86 cents an ounce.

This plan does not contemplate the cutting off of supply to jewelers and other users of silver, since the government would use only part of the metal under contract for coinage and to release the balance for normal industrial purposes. One of the chief results would be to place restrictions on the acquisition of silver by Oriental countries, where a greatly enlarged demand for silver coins has been caused by commercial activities of the war.

More than 74,000,000 ounces of silver were produced in the United States in 1916, and this year's output promises to be greater. Director of the Mint Baker's report shows that the government used 18,244,000 ounces for coinage during the year ending June 30 and probably will use 20,000,000 ounces this year. Great Britain needs quantities of silver for coins, particularly in India, where comparatively little paper currency is circulated.

Reports reached the mint today that an acute shortage of small silver coin exists in the Philippines and that a Christmas shopping season will make the condition worse. All mints now are working twenty-four hours a day seven days a week to increase the output of "change" including one cent pieces, for which war activities and war taxes have caused a strong demand.

PRIZE WINNERS

The drawing for the lotteries in connection with St. Peter's high tea, took place last evening. The prize winners are: Ton of coal, ticket No. 1847, Herman Oram, Prospect Point; barrel of flour, No. 475, name of winner not known; valuable pipe, No. 1050, Mrs. Stone, 227 Charlotte street; electric toaster, No. 944, Mrs. Kervin, 126 Main street; china tea set, No. 1418, Miss Teresa Donahue, 25 St. Paul street; parlor rocker, No. 118, Miss A. **PATRIOTISM AND PARTISANISM**

(Halifax Chronicle.)  
While there is no reason to doubt the sincerity or impugn the integrity of most of those who are opposing the present union government of Canada, there is grave cause for fear that many of them are misconceiving the seriousness of the crisis, and their duty with reference to it. The war has become stale as news, but its terrors and its possibilities have never been more serious. This can scarcely be denied by any one who has followed the record of recent events. It must be acknowledged by all that things have been going disquietingly against us of late. Russia is admittedly disabled, and may make a separate peace. Italy has been dealt a smashing blow from which she may, or may not, recover. France is at the maximum of her strength. The United States are not yet ready to render effective help and as to the personnel of our government? No more important issue is really at stake. If the late government misruled, as it undoubtedly and admittedly did, what is that to us, now? It has been replaced by better men. We cannot even punish adequately their perpetrators. This is no time for vain crying over spilt milk. It is a time for looking ahead, and for action. If certain Canadians neither admire nor trust Sir Robert Borden an equal number are sim-

**TOOL MAKING POPULAR COURSE WITH VETERANS**

Vocational Officers of M.H.C. find Great Demand for the Trade Throughout Canada

Tool making is making a great claim on the interest of the returning Canadian soldiers who must learn a new trade as motor mechanics, and courses are being instituted in all the vocational centres of the Military Hospitals Commission across the country. The most advanced preparations for

this work today is at Halifax, where in the Nova Scotia Technical College, a returned soldier named Wilson, who was a master mechanic at tool-making in Winnipeg before he joined the Belgian army in advance of even Britain's participation in the war, is in charge of the work. The classes have opened and it is figured that before long great numbers of disabled men will have been drawn from different portions of eastern Canada who desire to take that trade up as a means of livelihood. In a year it is figured a man can become as competent under this intensive system as the man who spent a much longer period in apprenticeship under the old one.

**GRAND TRUNK WORKERS WILL SUPPORT MEN FIGHTING AT FRONT**

President Howard G. Kelley of the Grand Trunk is asking the railroad's employees to subscribe generously for Canada's Victory Bonds. "More than 8,000 Grand Trunk men are fighting with the Canadian forces overseas. In view of the nature of their employment the majority of railway men cannot, however, serve their country in the battle line—the efficient operation of the railroads being indispensable to national defense. Those at home have a patriotic duty to perform that is important and urgent. They must provide the money to feed, clothe, equip and protect the fighting forces." The Grand Trunk is assisting its workers to purchase the Victory Bonds, giving the employees the opportunity of spreading the payments over a period of ten months.

larly affected towards Sir Wilfrid Laurier. Parties in a state are not an end, but a means—a means of securing good government suited to existing conditions. When they become an end, instead of a means, they directly threaten that which they are supposed to safeguard. Is there not considerable evidence of the present existence of such a menace to the public weal? We leave it to the thoughtful members of both parties. When partisanship has secured such a hold on many minds that it cannot be shaken off, even in days of dreadful peril, it becomes a pernicious instead of a beneficent motive of action. Let those who are openly, or covertly, promoting party opposition to the existing union government, try to be frank with themselves. Do they honestly believe that an exclusively Liberal or Conservative government under either Sir Wilfrid Laurier or Sir Robert Borden would be better for Canada or the empire at present than the new union administration? If they do not so believe, what is their manifest duty? If they are in any honest doubt, where do they think the benefit of the doubt should go? Is there really any other question at issue in Canada today than that of the best possible administration of our public affairs while the war lasts? Is any good to be gained by dividing the people and stirring up strife and ill-feeling at present, through a partisan election campaign? Such a campaign must, in the very nature of things, destroy the unity among us, so urgently required, if we are to maintain our proper position in the war, which is pre-eminently our very own, greatest national concern? Even were a party triumph possible, it would be a barren one, in such circumstances. Had Sir Robert Borden appealed to the people before re-constructing his government, he would have been returned in disgrace, no matter what his majority in the election. Were Sir Wilfrid Laurier to come in now, by a victory at the polls, would it add to the lustre of his name, as a great and patriotic statesman? In either case, the government of the country would still be in the hands of partisans, representing only a moiety of the people. It would be hostile to opposition from without and to the machinations of the "dark forces" which always operate from within a government party. However good the intentions of those comprising and supporting it, any partisan government would be dangerously handicapped in the all-important matter of dealing effectively with Canada's urgent business in connection with the war. If it better that partisanship should flourish and Canada fall in her duty, or that the true patriot should supplant it until more peaceful days? We know of none but partisan reasons for opposition to the union government. Every patriotic reason, it seems to us, demands its support for the duration of the war.

**To Stop a Persistent Hacking Cough**  
The best remedy is one you can easily make at home. Cheap, but very effective.  
Thousands of people normally healthy in every other respect, are annoyed with a persistent hacking-on bronchial cough year after year, disturbing their sleep and making life disagreeable. It's so annoying—there's an old home-made remedy that will end such a cough easily and quickly.  
Get from any druggist "2 1/2 ounces of Pinex" (50 cents worth), pour it into a 16-oz. bottle and fill the bottle with plain granulated sugar syrup. Begin taking it at once. Gradually but surely you will notice the phlegm thin and then disappear altogether, thus ending a cough that you never thought would end. It also promptly loosens a dry or tight cough, stops the troublesome throat tickle, soothes the irritated membranes that line the throat and bronchial tubes, and relief comes almost immediately. A gay's use will usually break up an ordinary throat or chest cold, and for bronchitis, croup, whooping cough and bronchial asthma there is nothing better. It tastes pleasant and keeps perfectly.  
Pinex is a most valuable concentrated compound of genuine Norway pine extract and is used by millions of people every year for throat and chest colds with splendid results.  
To avoid disappointment, ask your druggist for "2 1/2 ounces of Pinex" with full directions and don't accept anything else. A guarantee of absolute satisfaction or money promptly refunded goes with this preparation. The Pinex Co., Toronto, Ont.

**Victory Loan The C.P.R.'s Example**

THE following extract from a circular issued by Lord Shaughnessy to the Officers and Employees of the Canadian Pacific Railway Company explains clearly the reasons why the wage earner and the salaried Employee should buy Victory Bonds. The C.P.R. is underwriting bonds for its Employees because it knows the people must subscribe to make this Loan a success:—

**TO OFFICERS AND EMPLOYEES:**  
Public announcements have, no doubt, made officers and employees familiar with the issue of the so-called "Victory" bonds in denominations of \$50, \$100, \$500 and \$1,000, by the sale of which the Canadian Government desires to raise the sum of \$150,000,000, or more, necessary to finance purchases to be made in Canada for the Allies.

The officers and employees of the Canadian Pacific Railway Company have already proved their patriotism in many ways, and it is natural to expect that in line with such patriotic effort many of them will desire to invest what they can afford in this vitally important loan.  
No better service can at present be rendered to Canada and to the interests of officers and employees themselves than by taking up these bonds. The agriculture, the industry and the commerce of Canada are at present largely devoted to the production, supply and transportation of foodstuffs, munitions and equipment for the Allies, and the loan is required to finance the continued activities in such directions. Without the money required, the prosperity of the whole country is imperilled, and we might have to foresee unemployment on an unprecedented scale.

The "Victory" bonds have the strongest guarantee that Canada can offer, namely, that of the Canadian Government itself, and the generous rate of interest, 5 1/2 per cent., means that the return on the money invested is good.

The bonds as issued by the Government will be payable ten per cent. on December 1st, 1917, one instalment of ten per cent. January 2nd, 1918, and four monthly instalments of twenty per cent., but in order to make it easier for officers and employees to purchase bonds, the Canadian Pacific Railway Company will arrange to carry these bonds, undertaking the payment on the required dates of such bonds as officers and employees pledge themselves to subscribe for, and extending to such officers and employees the dates of payment on the basis of ten per cent. per month, being \$5 per month on each \$50 subscribed, thus spreading the payments evenly over ten months, instead of six. Such payments will be deducted from the salary or wages as specified on the pledge form attached (to the circular).

Third Time Wounded. Abohaqui, Nov. 16—(Special)—Mr. and Mrs. L. V. Wright received an official telegram on Thursday, 15th, stating that their eldest son, Harley Lebert Wright had been admitted to the Sixth Field Ambulance Depot, on Nov. 6, suffering from gunshot wounds in the left leg.

RHEUMATISM CURED In the days of our fathers and grandfathers rheumatism was thought to be an unavoidable penalty of middle life old age. Almost every elderly person had rheumatism, as well as many young people. Medical science did not understand the trouble—did not know at it was rooted in the blood. It was thought that rheumatism was the mere result of exposure to cold and damp, and was treated with liniments and hot applications, which sometimes gave temporary relief, but did not cure the trouble. In those days there were thousands of rheumatic cripples. Now, medical science understands that rheumatism is a disease of the blood, and that with good, rich, red blood any man or woman of any age can defy rheumatism can be freed by killing the poison in the blood which causes it. There are many elderly people who have never felt a twinge of rheumatism, and many who have conquered it by simply keeping their blood rich and pure. The blood making, blood riching qualities of Dr. Williams' Pink Pills is becoming every year more widely known, and it is the more general use of these pills that has robbed rheumatism of its terrors. At the first sign of sore blood, which is shown by loss of appetite, palpitations, dull skin and dizziness, protect yourself against the further ravages of disease by taking Dr. Williams' Pink Pills. They have cured thousands of people—if you give them a fair trial they will not disappoint you. You can get these pills through any dealer in medicine or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

nature, one in the arm which was so trivial that he remained on duty, and once again he suffered a slight wound in the hand. Young Wright is one of the few who survive of the fighting 26th and has seen much hard fighting and had many thrilling escapes, yet has come through comparatively unscathed until now, with an apparently charmed life. Many friends anxiously wait for further news of this condition, trusting that his wounds may not prove serious.

Another Former Mount Allison Student Killed. Sackville, Nov. 15—Saturday word came that another one of Mount Allison's sons had given his life for his country, Lieut. John Hensley of Summerside (P. E. I.). Lieut. Hensley was well known in Sackville, having attended the university where he was a favorite of all. He joined the 85th Highland Battalion as a private, but later took out his commission and soon reached the front being appointed to a well known Canadian battalion. He had been through several engagements without receiving injury previous to his death. The sad news was received by his sister Miss Nita Hensley who is a student this year at the Ladies' College. Miss Hensley left for her home Saturday to spend a few days. The friends of John Hensley will be grieved to hear of his death. He was a young man of sterling qualities, well liked by those at Mount Allison and loved and respected by those who served under him, in the expeditionary forces. Lieut. Hensley was a son of Mr. Charles Hensley of the Canadian Bank of Commerce, Summerside (P. E. I.)

Hero Third Time Wounded. Newcastle, Nov. 15—Mr. and Mrs. Hiram Drilley of Derby Jct. were notified yesterday that their son, Private Edwin W. F. Drilley had been admitted to No. 6 Casualty Clearing Station with gunshot wounds in the left arm. This is the third time Private Drilley has been wounded. He had just returned to the front from the hospital. Pte. E. H. Landry, of Shediac, Wounded. Shediac, Nov. 16—Shediac citizens sincerely regretted to hear on Tuesday of this week that Private E. H. Landry, residing in this town at the date of his enlistment had recently been dangerously wounded, word having come to Station Master Breen, brother-in-law of the wounded soldier. Mr. Breen leaves today, Thursday, for New York where his wife, Mrs. Breen and daughter Miss Jean, are at present spending some little time, and from which city he will accompany them upon their return home to Shediac.

Campbellton Men Wounded. Mrs. Arthur McKenzie, of Campbellton, received word last week from Ottawa that her brother, Pte. David McBeath had been admitted to the 3rd Australian Casualty Station on October 23, with wound in chest, penetrating concussion. Private McBeath enlisted with the 100th Western Universities contingent at Nelson (B. C.), 1916.

RECENT WEDDINGS. Wedded in England. A cable message this week brought the interesting news to Mr. and Mrs. C. R. Murray, 29 Clarence street, that their son, Sergeant H. E. Murray, had been married to Miss Alice Croucher, of Browne Walk, Hastings, in the Cathedral of St. Mary's. The ceremony was attended by several of the sergeant's soldier friends and intimate acquaintances of the bride. His many St. John friends will be pleased to learn of his marriage and will extend every good wish for future happiness and prosperity. Sergeant Murray was a member of B Squadron, 8th Mounted Rifles, mobilized at Amherst by Major H. McLean. He has seen much service in the war, having already served eighteen months in the front line trenches during which period he received his stripes. He fought several engagements including the battles of Ypres and Somme, after which he was sent on furlough to England. There he was recommended to take papers for instructor, which he passed successfully, and at present holds the position of first class instructor. His success in the army is the cause of much satisfaction to his friends.

Winn-Moody. The wedding of George Winn, of New River, Charlotte county (N. B.), to Sadie Bernhart Moody, of Lepreau, was solemnized in St. John's church on Wednesday afternoon at 4 o'clock by Rev. G. A. Kubring. Mr. and Mrs. Winn will make their home at Lepreau for the winter. Touche-Forsythe. Newcastle, Nov. 15—A very pretty wedding was solemnized at the Baptist parsonage, Newcastle, yesterday afternoon, when Miss Lillias Forsythe,

daughter of Mr. and Mrs. John Forsythe of Whiteville, became the wife of Edward Touche, of the same place. Rev. S. Gray performed the ceremony. The bride, who was unattended, looked charming in a gown of fawn silk poplin, faulle trimmed with aryls rope and overlace. Her hat was of brown velvet with trimmings of old gold and peacock spray. Mr. and Mrs. Touche will reside in Whiteville. Hopper-Brown. Salisbury, N. B., Nov. 15—A pretty wedding was solemnized at the United

OFFICIAL PROSPECTUS The Proceeds of this Loan will be used for War purposes only, and will be spent wholly in Canada The MINISTER OF FINANCE offers for Public Subscription Canada's Victory Loan Issue of \$150,000,000. 5 1/2% Gold Bonds Bearing interest from December 1st, 1917, and offered in three maturities, the choice of which is optional with the subscriber, as follows: 5 year Bonds due December 1st, 1922 10 year Bonds due December 1st, 1927 20 year Bonds due December 1st, 1937 This Loan is authorized under Act of the Parliament of Canada, and both principal and interest are a charge upon the Consolidated Revenue Fund. The amount of this issue is \$150,000,000, exclusive of the amount (if any) paid for by the surrender of bonds of previous issues. The Minister of Finance, however, reserves the right to allot the whole or any part of the amount subscribed in excess of \$150,000,000. Principal and Interest payable in Gold Denominations; \$50, \$100, \$500 and \$1,000 Subscriptions must be in sums of \$50 or multiples thereof. Principal payable without charge at the Office of the Minister of Finance and Receiver General at Ottawa, or at the Office of the Assistant Receiver General at Halifax, St. John, Charlottetown, Montreal, Toronto, Winnipeg, Regina, Calgary and Victoria. Interest payable, without charge, half-yearly, June 1st and December 1st, at any branch in Canada of any Chartered Bank. Bearer or Registered Bonds Bonds may be registered as to principal or as to principal and interest. Scrip certificates, non-negotiable, or payable to bearer, in accordance with the choice of the applicant for registered or bearer bonds, will be issued after allotment in exchange for provisional receipts. When these scrip certificates have been paid in full, and payment endorsed thereon by the bank receiving the money, they may be exchanged for bonds, when prepared, with coupons attached, payable to bearer, or registered as to principal, or for fully registered bonds when prepared, without coupons, in accordance with the application. Delivery of interim certificates and of definitive bonds will be made through the Chartered Banks. Bearer bonds with coupons will be issued in denominations of \$50, \$100, \$500, and \$1,000, and may be registered as to principal only. Fully registered bonds, the interest on which is paid direct to the owner by Government cheque, will be issued in denominations of \$1,000, \$5,000 or any authorized multiple of \$5,000. Subject to the payment of 25 cents for each new bond issued, holders of fully registered bonds without coupons, will have the right to convert into bonds of the denomination of \$1,000 with coupons, and holders of bonds with coupons will have the right to convert into fully registered bonds of authorized denominations without coupons, at any time, on application to the Minister of Finance. Surrender of Bonds Holders of Dominion of Canada Debenture Stock due October 1st, 1919, and of bonds of the three preceding Dominion of Canada War Loan issues, have the privilege of surrendering their bonds in part payment for subscriptions to this issue, under the following conditions: Debenture Stock, due October 1st, 1919, at Par and Accrued Interest. War Loan Bonds, due December 1st, 1925, at 97 1/2% and Accrued Interest. (The above will be accepted in part payment for bonds of any of the three maturities of this Issue.) War Loan Bonds, due October 1st, 1931, at 97 1/2% and Accrued Interest. War Loan Bonds, due March 1st, 1937, at 96 and Accrued Interest. (These will be accepted in part payment for bonds of the 1937 maturity ONLY of this Issue.) Bonds of the various maturities of this issue will, in the event of future issues of like maturity, or longer, made by the Government, other than issues made abroad, be accepted at par and accrued interest, as the equivalent of cash for the purpose of subscription to such issues. Issue Price Par Free from taxes—including any income tax—imposed in pursuance of legislation enacted by the Parliament of Canada. Payment to be made as follows: 10% on December 1st, 1917 20% on March 1st, 1918 10% on January 2nd, 1918 20% on April 1st, 1918 20% on February 1st, 1918 20% on May 1st, 1918 A full half year's interest will be paid on 1st June, 1918 The Bonds therefore give a net yield to the investor of about: 5.61% on the 20 year Bonds 5.68% on the 10 year Bonds 5.81% on the 5 year Bonds All payments are to be made to a Chartered Bank for the credit of the Minister of Finance. Failure to pay any instalment when due will render previous payments liable to forfeiture, and the allotment to cancellation. Subscriptions accompanied by a deposit of 10% of the amount subscribed, must be forwarded through the medium of a Chartered Bank. Any branch in Canada of any Chartered Bank will forward subscriptions and issue provisional receipts. In case of partial allotments the surplus deposit will be applied toward payment of the amount due on the January instalment. Subscriptions may be paid in full on January 2nd, 1918, or on any instalment due date thereafter under discount at the rate of 5 1/2% per annum. Under this provision payments of the balance of subscriptions may be made as follows: If paid on January 2nd, 1918, at the rate of 89.10795 per \$100. If paid on February 1st, 1918, at the rate of 79.46959 per \$100. If paid on March 1st, 1918, at the rate of 59.72274 per \$100. If paid on April 1st, 1918, at the rate of 39.90959 per \$100. Forms of application may be obtained from any branch in Canada of any Chartered Bank, or from any Victory Loan Committee, or member thereof. The books of the Loan will be kept at the Department of Finance, Ottawa. Application will be made in due course for the listing of this issue on the Montreal and Toronto Stock Exchanges. Subscription Lists will close on or before December 1st, 1917. DEPARTMENT OF FINANCE, OTTAWA, November 12th, 1917. Lend to your Country - All Canada is your Security "The man, be he rich or poor, is little to be envied, who at this supreme moment fails to bring forward his savings for the security of his country."

Baptist parsonage at this village on Wednesday, November 14, when Rev. Norman A. MacNeill, B. A., B. D., united in marriage Miss Nellie Brown, daughter of Philip Brown of Nixon, Albert county, and Eric Hopper, son of Mr. and Mrs. George Hopper of Lynton, Albert county. Roach-Whalen. Rexton, N. B., Nov. 16—An interesting wedding took place in St. Aloysius' church at Richibucto, Wednesday morning, when Rev. J. J. McLaughlin united in marriage Miss Bessie Whalen, daughter of the late Michael and Mrs. Whalen, of Molus River, and John Roach, son of Mr. and Mrs. William Roach, of Main River. The pair were attended by Miss Tillie Roach, sister of the groom, and Joseph Whalen, the bride's brother. After the ceremony the party drove to the home of the bride's mother, where a number of friends joined them at luncheon and a reception was held. Mr. and Mrs. Roach will reside at Main River. CADET CORPS. Two cadet corps have recently been organized in schools in this vicinity. One

of these was at the Consolidated school at Rothesay and another at Fairville. The last named will include the schools at Fairville, Milford and West St. John. Captain Robinson Black, organizer and inspector of cadet corps, this week, reviewed the cadets at the High school, King Edward, Centennial, Alberton, St. Peter's, St. Malachi's, and the Winter street school and finds the enrollment increased and great interest among the boys with an evident desire to carry on their work with great zeal. Captain Black leaves tomorrow on an official visit to points in New Brunswick and Nova Scotia.

GIANT LOCOMOTIVES FOR THE GRAND TRUNK Montreal, Nov. 17—The Grand Trunk has just received delivery of six Mikado type locomotives from the Canadian Locomotive Company at Kingston, Ont. These giant engines have been placed in service on the Canadian lines of the railway. Nine additional locomotives are on order, five of these being for western lines. Including tender these Mikados weigh 441,800 pounds, and can haul a train of 8,000 tons. They cost approximately \$50,000 each, an advance of fifty per cent over pre-war prices.

**TO PREACH IN QUEBEC.**  
Rev. Dr. J. A. Morton of the First Presbyterian church, West St. John, has been invited to preach the annual sermon to the St. Andrew's Society in the City of Quebec on Sunday, December 2. This annual invitation is an honor which is extended to the most eminent divines in the dominion and, so far as is known here, this is the first time that a maritime province minister has been so honored.

**NEARLY CUT OFF THUMB.**  
Geo. Tippet, fourteen year old son of George T. Tippet of Main street, Fairville, met with an accident yesterday noon, when he almost severed the thumb from his left hand while chopping wood in the yard with a double bit axe. The young chap was attended by Dr. Comau, who drove him to the infirmary in his car. There every effort is being made to save the thumb, but it will be several days before the result will be known. The lad displayed great pluck all through the ordeal.

Tokyo, Nov. 16.—Japan's delegates to the Paris conference, Viscount Chinda, the ambassador to Great Britain, and Kichiro Matsui, ambassador to France, left Tokyo today for Paris by way of Petrograd. They are accompanied by military and naval attaches.

**AGREEMENT AS TO WAGES AND HOURS OF WORK**

**Freight Handlers' Union and C. P. R. Make Terms — Increase of Five Cents an Hour**

An agreement with regard to wages and working conditions has been reached by amicable arrangement between the Railway Freight Handlers' Union of St. John and the C. P. R. for a year commencing November 20. The matter of wages has been the question at issue and this has been settled by the agreement on thirty-five cents an hour as the day and night rates, with certain overtime extras. This is an increase of five cents an hour over the present scale. A similar increase of five cents was granted last year.

H. C. Groat, for the C. P. R., and W. H. McDonald, president, and J. A. Brittain, business agent, for the union, signed the agreement this morning. Other members of the union's committee who assisted in the negotiations were Edward McInnes and Andrew Shephard. There were 1,200 men in the organization last winter and it is expected that the number will be at least as large this season.

The chief terms of the agreement are as follows—  
"Thirty-five cents per hour day and night, during the term of one year. Double time is to be paid for Sundays and for time worked through regular meal hours, until relieved for meals, except car sealers, coopers and heater men, who will be given time for meals, either one hour before or one hour after the regular meal hours. Regular meal hours on Sunday morning will be from seven until eight o'clock. The men will not be required to work on holidays when it can be avoided. When absent—sickness or other cause—will be paid double time for Christmas, New Year's and Good Friday. Day men ordered back to work at nights or night men ordered back to work days, will be paid a minimum of four hours."

**The Man In The Street**

Let's hope the election campaign will not interfere with Santa Claus' preparations this year.

Lot of citizens have not found out yet whether they are Liberal Unionists, Conservative Unionists, straight Liberals, Independent Liberals, Laurierites, anti-Union Conservatives or just plain muggumps.

The only persons quite sure of their ground are those who have decided that winning the war is more important than political considerations.

Ambassador Gerard says every traitor should be hanged to a lamp post; if we take the word of some political opponents regarding each other's qualifications, the lamp posts are liable to be pretty well filled up.

That tank from the British front, to be shown in a Liberty Loan parade, is in Montreal. Happy tank, say some of the local ones, to be at the very source of supply.

A visit to the "dancing classes" might give the exemption tribunals interesting evidence regarding the physical fitness of some of the applicants for exemption. If they can march as well as they can dance.

This talk of polygamy to care for the surplus women is getting serious. Isn't it time for the men to organize in self-defence?

But we are willing to make a small bet that polygamy has no chance while the present liver remains where it is for another convention.

If any shades of local political opinion are not represented there is still time for another convention.

Why worry about traffic congestion in Union and Mill streets. The aircraft may solve the problem some day.

And in that day the traffic policeman will be honestly entitled to the name of "fly cop."

How about that Victory Loan bond? Don't be afraid of digging up the old sock. The canvassers won't tell the tax assessors.

One old chap asks "Why do they call them Victoria bonds. She was a good queen but she's been dead a long time."

He Got.  
It is not all smooth sailing for the Victory Loan canvassers. One gentleman tells of a warm reception he met. It was near the end of the evening but he was anxious to finish his district and he kept at it. Entering a house in a district that has no pretensions to wealth, he decided to start at the top and climbed to the third floor. The hall was in darkness and he stumbled over the top step. A door opened in the darkness and a lady's voice inquired "Who's there?" With as much dignity as he could command the visitor explained, "I am a canvasser for Victory bonds." "Like I— you are," came the answer. "Get out of here before I call a cop."

He did not even wait to try his luck with the other tenants.

Some of "The Brains."  
In reliving the activities of one of the leaders of the Laurier party at the convention on Wednesday evening, a morning paper referred to him as "the ubiquitous" Mr. So-and-so.

With indignation plainly displayed in his open countenance—openly displayed in his—(have it your own way), the gentleman so described hailed the first friend he met on his way downtown.

"That's the dickens of a thing they say about me," he exploded, adding the naive inquiry, "What does it mean, anyway?"

Jocularly, his friend replied, "I'm not quite sure, but I think it means that you're a liar."

"It does, does it? Well, I'll show them whether they can say things like that about me."

His friends are waiting for the libel action to be entered.

Dear Mary—  
I don't see why so many women pay so much attention to the pictures on their walls and so little to the rugs on their floors.

The beauty of a home begins with its rugs—and ends there if they are not pretty. I'm as proud of my rugs as I am of my pictures. Why, my rugs have become my friends; they give me such a warm welcome whenever I come into the house.

A BIBLICAL WAR PROPHECY.

A correspondent finds in the following Bible quotations reason for believing that the war will end on the 18th of February, 1918:— Daniel, chapter 12, verse 11:—"And from the time that the daily sacrifice shall be taken away and the abomination that maketh desolate set up there shall be a thousand two hundred and ninety days."

### British Political Crisis Not Taken So Seriously

London, Nov. 16.—The Pall Mall Gazette this evening says: "The crisis advertised by the news of those who disliked the premier's speech in Paris, turns out to be more of a touch of lobby fever." No possible doubt remains that the reception of the allied council idea in Paris, Rome and Washington has squelched opposition, untainted by parochial politics. A few papers here are still acridly parading the bogey of civilian-military antagonism, but the great organs of public opinion, such as the Times and Daily Telegraph, are directing the public mind advantageously.

#### STRONG ARGUMENT.

Nowhere is there more plain language than in northern England where a passage of an editorial in the Manchester Guardian is worth repeating. "The unity which exposes that Serbia, then the Roumanian destruction, obviously leaves a great deal to be desired. We are working to prevent the same fate from overwhelming Italy, or rather to convert the enemy's advantage to our advantage. Why not recognize the plain fact—whatever success may be gained in the west is not sufficient to protect our allies now any more than it was in 1915 or 1916? The success in the west has been great. There are no charges in our military history to compare with these battles for a story of heroism. If the war were decided on points the decision would have gone in favor of our army in the west. But war is decided on results. Of the 1915 results the Neuve Chapelle losses were not worth the failure to capture Constantinople, which was an item on the debit side, or the over-running of Serbia which was another item. Not great as was the victory at the Somme did it compensate the over-running of Roumania in 1916, and the reprieve of Austria from the fate which then threatened her. Shall we persist in our candor? Victories in Flanders in 1917 do not compensate us for defeats in Italy. They may next year—but as yet they have not."

Cowdray Resigns. resigned as a consequence of Lord Northcliffe's letter to Premier Lloyd George.

### Eligibles Must Report By Next Monday or Take Consequences

Monday next will see a drastic change in the working out of the Military Service Act. It marks the closing of the days of grace given to those tardy ones who failed to register. For those who had not registered up to November 10, the authorities allowed until next Monday to do so under certain conditions. If they have registered before Monday they will not be proceeded against criminally, but if they have not and are discovered they will face a term of imprisonment and leave themselves open to other serious penalties.

The story is told of a young man who talked in a local shoe-shine parlor. Day after day he was heard to boast in no choice language that he would not register; he had not and he did not intend to. However some one got his number and he received an authoritative communication informing him to report on Monday or else he would be given a bayonet term in prison. Registration looked easier and more alluring to him so he will comply with the letter. Those who have registered within the week-of-grace allowed to the delinquents, will have to report on Monday again at Colonel McAvity's office in the agricultural hall. Their leave from the time they have registered expires again on Monday and they will again report to the D. C. of the battalion depot and await further instructions.

### British Airmen Hit Targets In Constantinople Raid

London, Nov. 16.—During a recent air raid over the Gallipoli peninsula and Constantinople by British naval aviators the former German cruiser Goeben, now the Turkish warship Sultan Selim, was hit and a large explosion caused, it was officially announced today. A vessel named the General, and reported to be the German headquarters at Constantinople, was twice hit by bombs the raiders dropped. Two hits were also obtained upon the Turkish war office.

TURKS STILL ON GO.

London, Nov. 16.—The British army, which is pursuing the Turks along the coast in Palestine, has made further substantial gains. The war office announces it has reached a line from Ramleh Ludd to a point three miles south of Jaffa. The official announcement follows: "General Allenby reports that during yesterday our troops after a slight resistance, reached the line from Ramleh Ludd and to some three miles south of Jaffa. In one part of the zone of operations an attack by a Turkish regiment on New Zealand mounted troops was beaten back by a bayonet charge, with heavy losses to the enemy. The total number of prisoners verified since October 31 now exceeds 9,000. Ramleh Ludd is on the railway between Jaffa, on the Mediterranean coast, and Jerusalem, the junction of which line with the railroad between Berecheba and Demascus, was captured a few days ago by the British. Jaffa is fifty-four miles northwest of Jerusalem. Bombed Handzaem.

London, Nov. 16.—Yesterday a bombing raid was attempted by naval aircraft on the Uytkerke (Belgium) air-drome, but on account of very high winds our formation did not proceed to its original objective, but dropped a large number of bombs on the airfield situated near Handzaem, says an admiralty report. "In the course of offensive patrols two enemy aircraft have been destroyed and two driven down completely out of control. All our machines returned safely. Sign of Battle?

London, Nov. 16.—Intense artillery activity on the British front in France and Belgium occurred today according to the war office announcement tonight. The communication follows: "There has been intense artillery activity during today on both sides of the battlefield, particularly in the neighborhood of Paschendale. Our patrols brought in a few prisoners. On the remainder of the front there is nothing of special interest to report."

### Butter and Egg Prices Too High

Ottawa, Nov. 16.—A steady accumulation of butter is commented upon by W. F. O'Connor, acting commissioner on the cost of living, in his monthly report on food commodities, covering the amount of food held in cold storage on November 1. October figures as to butter in storage showed a 24 per cent. increase and November figures showed a 34 per cent. increase as compared with a year ago. The commissioner says: "It is difficult to appreciate either the reason or necessity for this." He points out that butter is not a seasonal commodity and the realizable export demand is not abnormal. In his opinion the ruling price of butter is unreasonably high and is held up, to some extent, at least, by means of unjustified accumulation. "The price of butter," says the commissioner, "should decline. The con-

ditions do not justify the present price, and, under the terms of the order-in-council of November, 1916, offers of reasonable prices therefore to those holding quantities cannot be refused without risk of offence against the terms of that order-in-council." The commissioner also expresses dissatisfaction with regard to the egg situation. He points out that the increase of holdings is only four per cent., but the circumstances are peculiar. Exports, as shown by the department of customs for October, decreased from 1,574,034 dozen in 1916 to 951,194 dozen in 1917. "There is," says the commissioner, "notoriously an absence of opinion to ship, which has resulted in a falling off of demand. Perishable stocks are being held notwithstanding. It would seem that plain business prudence would dictate the placing of these egg stocks in the Canadian market at once, otherwise there is likely to be a serious loss of valuable food."

George Shelburn, a stone mason, who recently died at Twickenham, Eng., was proud of having cut the letters on the stone that covers the remains of Charles Dickens in Westminster Abbey.

#### A GRAND MEDICINE FOR LITTLE ONES

Baby's Own Tablets are a grand medicine for little ones. They are a mild but thorough laxative; are absolutely safe; easy to give and never fail to cure any of the minor ills of little ones. Concerning them Mrs. Jas. S. Haste, Gleason Road (N. B.), writes:—"I have used Baby's Own Tablets and have found them perfectly satisfactory for my little one." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams Medicine Co., Brockville, Ont.

This country will have a new vision after the war. We will be a united empire, and we will be living in a world of new alliances and new ambitions. Let us, therefore, be prepared commercially for the new order of things.—Jas. W. Murray, president British Chamber of Commerce.

# BONDS OR BONDAGE WHICH?

3,000 miles of ocean—the Germans can't get over here—so think the heedless many.

But it is not the sea that keeps the crew that enslaved and outraged Belgium from our shores, but a wall of living men and ships that never sleep. Three thousand miles of ocean—because the entente armies are unbeaten we are safe.

But present security is no assurance of permanent safety—millions of men and ingenious inventions count for nothing unless real dollars make and keep them effective. Bonds or Bondage? Face the issue squarely: What are you willing to lend for your safety? Strengthen the bulwark with your dollars.

## Victory Bonds

Are the most attractive ever offered by the Canadian Government. Previous issues were at 5%, and sold at a discount to bring the net yield to a shade over 5.40%.

Victory Bonds bear interest at 5 1-2%. They will be sold to the public at par.

They are free from all Dominion taxes, present or future.

They will be available in amounts as low as \$50.00, and payments will be required in installments which are outlined in prospectus.

The denominations are \$50, \$100, \$500, \$1,000, and are issued in three maturities, five, ten and twenty years, each bearing 5 1-2% interest, per annum, payable every six months at any branch of any chartered Bank in Canada.

STRENGTH OF THE BOLSHEVIKI

Long Agitating For a Separate Peace Solution of Bread Crisis! Troops at the Front Misled Into Belief That Lenin Had Control of Government and War Was Over

In explanation of the events in Petrograd it is necessary to recall the circumstances which led to the predominance of the Bolshevik or Maximilianist influence in the Soviet, otherwise the Council of Workmen's and Soldiers' Delegates, says the Petrograd correspondent of the Times, who is now in London.

In July, when the Russian armies assumed the offensive and desperate attacks west of Tarnopol had almost exhausted the enemy reserves, the Bolshevik organized an armed rising in Petrograd. At that time they did not have a majority of the Soviet, but Bolshevik agents in the wireless service misrepresented the facts and the troops at the front were misled into the belief that the Bolshevik had obtained control of the government and that the war was over.

THAT CHANGEABLE RUSSIAN BEAR. JOHN BULL: "I do sincerely hope it is not going to prove to be a rabbit after all."

ing a conference at Moscow he endeavored to reconcile all these discordant elements. Disregarded Oath. Early in September another armed rising was expected and Premier Kerensky appealed to General Korniloff for help; at the same time he negotiated with the Bolsheviks. Steps were taken with Premier Kerensky's approval to enroll armed bands of workmen in Petrograd. More than 40,000 of these were provided with rifles and ammunition.

Get in the habit of drinking a glass of hot water before breakfast.

We're not here long, so let's make our stay agreeable. Let us live well, eat well, digest well, work well, sleep well, and look well. What a glorious condition to attain, and yet, how very easy it is if one will only adopt the morning inside bath.

The millions of people who are bothered with constipation, bilious spells, stomach troubles, others who have swollen skins, blood disorders and sickly complexions are urged to get a quarter pound of limestone phosphate from the drug store. This will cost very little, but is sufficient to make anyone a pronounced crank on the subject of inside-bathing before breakfast.

WORLD FOOD SITUATION

Trenchant Review is Made in Statement by Mr. Hoover

In a statement dealing with the world food situation, Herbert Hoover, United States Food Administrator, said in part: "If we can produce such economies in consumption and such stimulation of production in the United States and Canada as will enable us to feed the Allies absolutely from this continent, we can enable them in the final analysis to live without sending a ship farther afield than our Atlantic seaboard, we can resist the submarine warfare, leaving the way open for the advent of Lenin's representative, Trotsky, and other pro-Germans."

Concessions Did Not Satisfy. Early in the revolution the provisional government had been compelled by the need to formulate war aims in accordance with the theory of no annexation and no indemnity. The failure of the proposal to hold an inter-belligerent Socialist conference with a view of bringing about a "democratic peace" which followed after the too obvious explanation of its German origin, did not discourage the Bolsheviks from pressing for an early termination of the war.

The departure of the war minister at this juncture facilitated the maturing of the Bolshevik plan to seize control of the government. Lenin had made another trip to Germany after the failure of the July rising and now reappeared on the scene to direct operations. In person. There is no direct information as to the effect of the Bolshevik coup on the troops at the front. The Soviet itself has been divided and seriously weakened by the withdrawal of the moderate wing. It is doubtful if the revolutionary organizations and committees of the country and at the front will submit to the dictation of the Bolsheviks of Petrograd and Kronstadt. Furthermore, it may be doubted if the Bolshevik will command sufficient authority to attempt to negotiate a separate peace. Certainly the great mass of the people, if allowed to express themselves freely, would not countenance such a proceeding. The Russians understand well that any overtures from the enemy accepted without the concurrence of her Allies would only involve Russia's surrender to Germany. Buy a Victory Bond.

New War Orders Should Sustain Canada's Trade

(Financial Post.)

Current events are having an important and direct bearing upon the business situation of the present and the outlook for the future. Outstanding in its bearings is the further announcement made by The Financial Post this week regarding shell orders from the United States. This announcement not only bears out the forecast of last week, but gives details of the business being placed. From information gathered from different sources it would appear that Canadian manufacturers are to have all the orders for certain shells which they can handle, for the time being at least, and the possibilities are that the total volume of business will eventually run many times the \$50,000,000 which is estimated for the orders now in sight.

The effect of this business upon conditions in Canada will be very beneficial. Not only does it mean a new lease of life for many of the munitions plants which were closed down, but the fact that inquiries are being made regarding the purchase of large quantities of footwear for the men being called out under the Conscription Act.

The Dominion War Loan is also an important factor in the business situation. Its success is generally assured, but the extent to which the amount is subscribed will undoubtedly have its effect upon the credit position of Canada and her ability to handle business from Great Britain and the other Allies which must be accepted on deferred payment basis. Canadians owe it to themselves as a matter of loyalty and as a matter of business to subscribe largely to the loan. The money will all be spent in Canada. Not only will it mean another lease of life in many lines of industry but it will permit those supplies going to the Allies of which they stand so much in need.

Altogether with the prospects of a successful flotation of the war loan, and renewed war orders from various sources, together with high prices for agricultural products, the outlook is for a continued period of reasonable prosperity, although there is an increasing realization of the fact that the war is a very serious issue and that if we are to play our part in it there must be a conservation of financial resources on a scale much different from that which has been generally observed. There is no need for hoarding, but extravagance should be reduced to the minimum.

The idea of soldiers from New Zealand, Australia and other dominions is not to leave this job unfinished until Germany has received the knock-out blow, and till a repetition of the horrors of the last two years has been made impossible not only for generations, but for centuries to come.—Hon. W. F. Massey.

IF KIDNEYS AND BLADDER BOTHER

Take Salts to Flush Kidneys and Neutralize Irritating Acids.

Kidney and Bladder weakness result from uric acid, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread, the water passes sometimes with a scalding sensation and is very profuse again, there is difficulty in voiding it. Bladder weakness, most folks call it, because they can't control urination. While it is extremely annoying and sometimes very painful, this is really one of the most simple ailments to overcome. Get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast, continue this for two or three days. This will neutralize the acids in the urine so it no longer is a source of irritation to the bladder and urinary organs which then act normally again. Jad Salts is inexpensive, harmless, and is made from the acid grapes and lemon juice, combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by uric acid irritation. Jad Salts is splendid for kidneys and causes no bad effects whatever.

Here you have a pleasant, effervescent lithia-water drink, which quickly relieves bladder trouble.

It is very important to see that your urinals is perfectly dry before rolling it up, otherwise the ribs soon commence to rust and the cover will rot.

Life is Scarcely Worth While When the Liver Goes Wrong

It may be putting it too strongly to say that "everything depends on the liver." And yet this is not far astray when you consider what a host of human ills have their beginning in a sluggish, torpid condition of this filtering organ.

You arise in the morning with the tongue coated, a bitter taste in the mouth, and the head aching. You find that you have dizzy spells and are bilious, with looseness and constipation of the bowels alternating.

Your appetite becomes fickle and what you do eat does not digest properly, and you suffer accordingly. Gases from the fermenting food crowd about the heart, and cause smothering feelings and blinding spells.

As the biliousness hangs on the complexion becomes sallow and

Clergyman Had Bilious Attacks for Four Years Now Entirely Cured

Rev. George Alton, Gananoque, Ont., writes: "I had been suffering from bilious attacks for four years. I was very weak, had headaches, and my stomach was so bad that I could hardly eat anything without being troubled by it. I had tried many cures, herbs, pills and salts, and was under the doctor's care for some time, but instead of getting better I seemed to get weaker. I was unable to follow my appointments on Sabbath, and had to secure help. I used to take dizzy spells and could not walk across the floor straight. I had almost given up all hope, and my wife said that if I did not get better we would have to quit the work of the ministry. However, in looking over The British Whig, the well-known Kingston paper, I saw Dr. Chase's advertisement in it, and read how Dr. Chase's Kidney-Liver Pills had helped others who were troubled as I was. I resolved to give these Pills a trial, and I must say that in a short time I obtained relief. I continued taking them for some time, and now I am able to resume my work again. From the benefit I have obtained from these pills, I would recommend them to all who suffer as I did." Rev. C. Cunningham, 124 First Avenue, Toronto: "This is to certify that I am personally acquainted with Rev. George Alton of Gananoque, and believe his statement to be true and correct."

muddy, and dark rings form around the eyes. The whole system is poisoned, the kidneys are overworked in an effort to cleanse the blood, and when they fail such ailments as rheumatism, dropsical swellings and Bright's disease have their beginning.

To prevent this chain of troubles it is necessary to keep the liver active by the use of such treatment as Dr. Chase's Kidney-Liver Pills.

The phenomenal success of this medicine is due to the unique combined action which it exerts on the liver, kidneys and bowels.

The liver is aroused, the kidneys are invigorated, the bowels are regulated, and the whole filtering and excretory system is thoroughly cleansed. Pains and aches disappear with the poisons. Digestion improves, and you soon find yourself feeling fine. This letter from Rev. George Alton will interest you.

On account of the peculiar nature of woman, and the great drain placed upon her system at certain periods she requires iron much more than man to help make up for the loss.

NOTE—Nuxated Iron, which is prescribed and recommended above by physicians in such a great variety of cases, is not a patent medicine or secret remedy, but one which is well known to druggists and whose iron constituents are widely prescribed by eminent physicians both in Europe and America.

Therefore, if you wish to preserve your youthful vim and vigor to a ripe old age, you must supply the iron deficiency in your food by using some form of organic iron, just as you would use salt when your food has not enough salt.

As I have said a hundred times over, organic iron is the greatest of all strength builders. If people would only take Nuxated Iron when they feel weak or run-down, instead of dosing themselves with habit-forming stimulants and alcoholic beverages I am convinced that in this way they could ward off disease, preventing it becoming organic in thousands of cases and thereby the lives of thousands might be saved who now die every year from pneumonia, grippe, kidney, liver, heart trouble and other dangerous maladies. A Tribute From Their Camps In France

Contrasting Pictures

What Diversion the Men Find When There is No Room in The Crowded Y. M. C. A. Huts

Somewhere in France, Sept. 28—(Correspondence)—"More to do and more huts to do it in," that is the soldier's cry all along the line. More Young Men's Christian Association huts are a vital need and more workers for the huts are needed.

His hut is up a straight, white road, shining silver under twin rows of Lombardy poplars. To the rear sleeps, or seems to sleep, tiny villages, tiled or thatched, and quiet. Nothing could be more foreign, more un-American, more French. Ahead, in a field, a few steps off the road, a black bulk rises; a big building with a peaked roof. It is amazingly plain and simple, writing letters, reading magazines, playing checkers—Rembrandt men, whose faces are lighted by the yellow flicker of candles planted on rails along the walls—men in some sort of uniform—and at the far end a group about an older man who sings with them.

Y.M.C.A. in France

A quiet room at the back, a Y. M. C. A. worker is teaching French to a class of American soldiers. In a corner behind a counter, another worker is serving ginger ale, crackers and chocolate. A conspicuous sign announces a track-meet and a baseball game for tomorrow. There is another, even more prominent, and more interesting, following its admonitions. It reads: "YOU PROMISED MOTHER A LETTER. WRITE IT NOW!"

Other entertainers come to enliven the evening and other soldiers come. The hut was full. Now it overflows. Some soldiers can neither force an entrance nor find room to see between the heads that fill the window. They have to go away—and there's the pity, for there's another night picture in the vicinity of the American camps. It is a Rembrandt picture.

Efforts Are Admirable

That is the inn-tavern as it is in half-a-dozen villages about the American camp, and no exercise of military authority has yet prevented it from so being. The officers are doing their best, but they say the Y. M. C. A. must help. The French authorities second their declaration. Trained observers of social conditions say that the efforts of the American officers are admirable, but the one chance of social salvation for the weaker and more lonely American soldier in France lies in the hands of the Y. M. C. A.

Two enlisted men were sitting in a Y. M. C. A. hut. "Pinch me, will you?" cried one. "I want to know whether I'm dreamin' or not. If I ain't, jest go away an' let me sit here, so's I can look over those guys' heads to the canteen."

SAYS SIR JOSEPH FLAVELLE HAMPERS THE UNION CAUSE

Toronto Saturday Night Thinks He Should Be Invited to Resign the Chairmanship of the Imperial Munitions Board

(Toronto Saturday Night.) One of the difficulties which beset the path of union government is the suspicion that it is not what it seems. The Conservative arm has been greatly concerned in the past in "big business."

There is a surmise in the mind of the "man in the street" that banks, railways and packing houses have loomed about together too large in governmental undertakings and management. If union government is to succeed it must shake itself loose from these suspicions.

The returned soldier is going to take a deal of telling before he will believe that the Flavelle interests have nothing to do with making his small pension look still smaller by reason of the high cost of foods. In other words, a political platform will not remain long upright and in place with sixty cent bacon as one of its props.

Who is going to undertake to justify the electorate "to hell with profits," and "no questions of conscience?" Particularly when the author of these now celebrated savings has accumulated millions out of activities which either directly or indirectly had to do with the war. ### Conscription Only Way To Secure Reinforcements

#### Premier Borden Deals With Military Service Policy in Sydney Speech — Will Canada Fail in Test of Nerve?

Sydney, N. S., Nov. 16.—Combating the contention of Sir Wilfrid Laurier in opposing the Military Service Act that the government's effort in regard to voluntary recruiting had been inadequate, Sir Robert Borden, in an address to a mass meeting in the Corners Rink, last night, alluded to two specified instances where he as head of the government, had either inaugurated or warmly encouraged movements to procure reinforcements by the voluntary method, though in each case he announced Sir Wilfrid Laurier himself had failed to cooperate.

The first occasion was in August, 1916, when he urged Sir Wilfrid to aid in a recruiting effort, and the second in February, 1917, when the Hamilton Canadian Club had asked the opposition leader for a written endorsement of a recruiting campaign. Sir Wilfrid had written the club that he was not able at that time to give an affirmative answer. No further answer was sent by Sir Wilfrid, the premier claimed, though both Mr. Rowell and himself had lent the campaign warm approval.

Sir Robert further warned his audience that as Sir Wilfrid, if returned to power, would be largely dependent upon that school of thought which claimed that Canada should have taken no part in the war and that her armies should be withdrawn, it was not difficult to imagine the outcome as far as reinforcements were concerned if the government were defeated. Sir Robert remarked to the audience that the coming election would determine that test for Canada and that the proposed referendum on the Military Service Act would mean the paralysis of effort for reinforcements until it would be useless.

In the course of his speech the prime minister announced he would speak in Ontario towns next week.

**Premier's Speech.**  
Sir Robert Borden said:  
For more than three years Canada has been at war with the greatest military power that the world has ever known. When war broke out, Canada was absorbed in problems of peaceful development. Today we have an army corps at the front and it is Canada's duty to maintain that force at full strength. Such is the intention of the government. For that purpose the Military Service Act has been passed. As to the efficiency of that force, let me give you the opinion of an eminent American writer who has just returned from the front:

"Though certain crack British regiments are unsurpassed by any troops in the world, the fact remains that the Canadian army as a whole constitutes the most formidable weapon of its size on any front. This statement does not represent my valueless personal prejudices, but the opinion of military experts."  
This appreciation expresses the position which our army occupies today in the eyes of the world.  
The Germans say that this war will be decided by the test of nerves. They believe they can stand that test better than any of the allied nations and therefore they will win. This election will determine that test for Canada. If the people decide that the Canadian army corps shall not be supported and maintained at full strength, it means the beginning of the end. The heroic spirit and the unselfish sacrifice of those who

are defending us beyond the seas surely demand the like spirit in their fellow countrymen at home.  
**Sir Wilfrid Means Delay.**  
In his manifesto to the people Sir Wilfrid Laurier pledges himself to suspend the operation of the Military Service Act until the holding of a referendum. That means the paralysis of efforts until further effort will be useless. He asserts that sufficient reinforcements could have been raised by voluntary enlistment, and he censures the government for alleged inactivity in recruiting. In August, 1916, I entreated him to give his aid and co-operation in an appeal to the Canadian people, which would have brought about increased enlistment. He declined to give that co-operation. A letter was written to him by the recruiting committee of the Canadian Club of Hamilton, asking him to give a written endorsement to their efforts to arouse new interest and activity in recruiting. A similar appeal was made to Mr. Rowell and to myself. I was in England at the time and I sent in reply the following message:  
"London, Feb. 26, 1917.—The war's climax is rapidly approaching and it may be reached at any moment. I strongly commend and support the efforts of the Canadian Club of Hamilton in its recruiting campaign. The most vigorous effort is most vitally necessary, and I hope for a splendid result from your efforts."  
Mr. Rowell warmly endorsed the club's efforts.  
I will give the exact terms of Sir Wilfrid Laurier's reply. Here is his reply given on Feb. 26 last:  
"Ottawa, Feb. 26, 1917.—Dear Sir: I have the honor to acknowledge the receipt of your favor of the 20th inst. I am sorry that I cannot send you at once an affirmative answer. I will look into the matter, but will keep it under advisement. Believe me,  
"Yours sincerely,  
"WILFRID LAURIER."  
The matter is still under advisement, as I am informed that he gave no further reply. This took place in the third year of the greatest war that humanity has ever experienced, a war which involves the future of civilization and human liberty. The urgent need for reinforcements at the front was known to all Canada. He declined, on that occasion, to say one word which would aid in the recruiting campaign. He withdrew, and that he should make no further effort. This is precisely the view which the Germans entertain as to Canada's duty. The school to which I have alluded vehemently oppose the present government, and strongly support the opposition. If Sir Wilfrid Laurier is returned to power he must largely depend upon the support of men of

### France Short of Food; Canada Must Send Aid

The minister of agriculture of New Brunswick has received the following signed telegram from W. J. Hanna, food controller, at Ottawa:  
"Figures from minister in charge of general revictualing of France show that the wheat crop for 1917 is 39,000,000 hundred weight; in 1918 the wheat output was 57,833,000 hundred weight; in 1916, 53,410,000 hundred weight.  
"All foodstuffs including grain, potatoes and beet root for 1917 are 22,000,000 hundred weight, against 35,000,000 in 1913. With the utmost economy France will require to import 40,000,000 hundred weight of grain within the next year.  
"These figures emphasize the gravity of the situation and the necessity for immediate action. In the course of the consumption of food as well as the utmost production on behalf of her own people for the subsistence of fighting forces."

It is not difficult to imagine the outcome. The government is daily confronted with the very difficult and complex questions arising out of the war. The world-wide conditions created by war permeate and affect this country, and questions of purely domestic concern arising out of the war are constantly before us. We are continually called upon to deal with matters affecting international relations which ought to have most careful and most attentive consideration before they are decided. In the midst of all this a general election has been precipitated. Sir Wilfrid Laurier has not stated accurately or fairly the responsibility for an election at this juncture. It is proposed to him in this instance that a coalition government should be formed with equal representation from both political parties, the government of the day and the opposition. This proposal involved the acceptance of the principle of compulsory military service. He raised the point that in the province of Quebec such a law would not be respected or obeyed unless there was either a referendum or a general election. Being most anxious for a union government I endeavored to meet his objections. I therefore proposed that condition should be formed that the military service bill should be passed.

**STOP DANDRUFF! HAIR GETS THICK WAVY, BEAUTIFUL**

Girls! Draw a Cloth Through Your Hair and Double Its Beauty  
Spend a Few Cents! Dandruff Vanishes and Hair Stuffs Coming Out

To be possessed of a head of heavy, beautiful hair; soft, lustrous, duffy, wavy and free from dandruff, is merely a matter of using a little Danderine. It is easy and inexpensive to get a nice, soft hair and lots of it. Just get a small bottle of Danderine. It is a little more than a dime, and within ten minutes there will be an appearance of abundance, freshness, softness and incomparable gloss and lustre, and try as you will, you can not find a trace of dandruff or falling hair; but your real surprise will be after about two weeks use, when you will see new hair—fine and downy at first—yes—but really new hair—sprouting out all over your scalp. Danderine is, we believe, the only sure cure for itchy scalp, and it never fails to stop falling hair at once. If you want to prove how pretty and soft your hair really is, moisten a cloth with a little Danderine and carefully draw it through your hair—taking one small strand at a time. Your hair will be soft, glossy and beautiful in just a few moments—a delightful surprise—swaunts everyone who tries this.

tension of parliament could not be pressed. This is a fair and accurate summary of the facts which made this decision necessary.

**The C. N. R. Deal.**  
Sir Wilfrid Laurier has attacked the proposal respecting the Canadian Northern Railway, and shall deal very briefly with his objection. In the first place he is primarily responsible for the policy and for the conditions which made action on the matter inevitable. The Grand Trunk Pacific is to be maintained as an important system of transportation and not allowed to lapse into disorganization which would be created by their bankruptcy. He announced with a flourish that he would place the Canadian Northern on the same basis as a national undertaking. The government formed in 1911 inherited the conditions created by that policy. We had to deal with the situation as best we could. When we proposed the loan to the Canadian Northern in 1918 Sir Wilfrid Laurier moved a resolution declaring that the government should acquire the stock of the Canadian Northern Railway by arbitration, and that maximum value of thirty million dollars should be fixed. In 1914 the government as then constituted acquired forty millions of C. N. R. stock without any payment whatever, and we now propose to acquire the balance by arbitration. That is precisely the method Sir Wilfrid Laurier himself suggested. It does not lie in his mouth to say that the course which he solemnly proposed only three years ago by resolution in parliament is an unwise course. There, however, one marked distinction which the people should thoroughly realize between his proposal and ours. He fixed the maximum price to be paid for the stock at \$30,000,000, or just one-third the amount which he thought reasonable. In attacking or condemning the government he still more strongly attacks and condemns himself.  
**On the Hustings.**  
Moncton, N. B., Nov. 16.—(Special)—It is understood the two candidates for Westmorland county will address the electors at Dorchester after the official nomination Monday next. The candidates are: A. B. Copp, Conservative Unionist.  
**Plus Michaud for Referendum.**  
Edmonton, N. B., Nov. 16.—(Special)—Plus Michaud, ex-M. P. F., is the candidate for Referendum. He is supported by Sir Wilfrid Laurier's platform and favors a referendum of conscription. So far no opposition to him has developed.

### HOW TO RELIEVE HEAD NOISES

**GOOD ADVICE FOR THOSE WHO FEAR DEAFNESS.**  
People who are growing hard of hearing and who experience a stuffy feeling in the nose, or who are troubled with ringing in the ears, or who are accompanied by buzzing, rumbling sounds in their head like water falling or steam escaping should take prompt and effective measures to stop this trouble. Head noises are almost invariably the forerunners of complete or partial deafness, and most people suffer from them constantly. Sometimes these head noises become so distracting and nerve-racking, with their never ceasing "hum," they drive the sufferer almost frantic and complete nervous breakdown may result. Thanks to a remarkable prescription, it is now possible to lessen the severity of these head noises and often completely to cure them, and with the disappearance of the head noises the hearing also greatly improves, and very frequently can be easily prepared at home and we believe is a most effective treatment for this trouble. From your druggist secure 1 oz. Parmitin (Double Strength), take this home and add to it 1-4 pint of hot water and 4 ounces of granulated sugar. Stir until dissolved. Take one tablespoonful four times a day. Parmitin is used in this way not only to reduce the severity of the head noises, but to equalize the air pressure on the drum, to equalize the air pressure on the eardrum, to equalize the air pressure on the middle ear, and the results it gives are usually quick and effective.  
Every person who has catarrh in any form should give this recipe a trial.

### Win Decorations

Ottawa, Ont., Nov. 16.—The department of the naval service has issued a list of Canadians in the Royal Naval Air Service, who have been awarded decorations. The list was compiled from a file of names for decorations, which officers actually serving in the R. N. A. S. up to the date on which that publication was corrected.  
The names of the men, their rank in the service and the decorations won are as follows: Flight Lieutenants A. H. Shook, Flago (Ont.), D. S. C. and Croix De Guerre and L. S. C. Bredner, Ottawa, D. S. C.; Flight Lieutenants G. H. Darby, Montreal, D. S. C.; E. R. Grange, Toronto, D. S. C.; Croix De Guerre; D. M. B. Gallbraith, Carleton Place, D. S. C.; Bar Croix De Guerre; G. D. Smith, Victoria, D. Hobbs, Marier (Ont.), D. S. C. and D. S. O.; J. S. T. Fall, Vancouver, D. S. C.; J. Sherman, Toronto, D. S. C. and Bar Croix De Guerre; C. McNicholl, Westmount (Ont.), D. S. C.; W. M. Alexander, D. S. C.; A. W. Carter, Mt. Royal, Calgary, D. S. C.; Flight Lieutenants W. E. Flett, Toronto, D. S. C. and Croix De Guerre; H. G. Boswell, Toronto, D. S. C.; L. F. W. Smith, Toronto, D. S. C.; Lieut. R. N. V. R. A. S. Ince, Toronto, D. S. C.  
The names of Squadron Commander R. H. Mulock, who won the D. S. O. and Cross of the Legion of Honor, and Flight Commander J. D. Hallam, winner of the D. S. O. and Bar, are given with the information that they did not enlist through the office of the naval department here.

### Profits on Bacon

Ottawa, Nov. 16.—The report of the commission which conducted an inquiry into the matter of the profits on bacon has not yet been made public by the government. The report was placed in the hands of Hon. F. W. Crofters, minister of labor, last week by G. F. Henderson, K.C., the chairman of the commission. It is understood that it was referred to a sub-committee of the cabinet, of which Hon. W. Rowell is the chairman. This sub-committee, so far as can be learned, has not yet finished its work with the matter.

## Canada's Victory Bonds

**WHY** should you subscribe for Canada's Victory Bonds?  
**BECAUSE** our National safety is at stake, and Canada must have money to support our soldiers fighting in France.  
This Bank will accept Victory Bonds to the amount of \$1,000 from any one person for safe-keeping for one year without charge.  
Loans will be made to wage earners on favourable terms for the purchase of Victory Bonds.  
How much will this enable you to subscribe for?

## THE CANADIAN BANK OF COMMERCE

### A Miracle In Money

The man who buys a hundred dollar Victory Bond maturing in twenty years, gets his hundred dollars back at the end of that period, and in the meantime he has received one hundred and ten dollars in interest. Think of it! He invests \$100; he gets back \$210, including interest. These are the gross figures. But if the bondholder, as each half-year's interest is paid him, puts it in a savings bank and allows it to accumulate, his interest at the end of twenty years will have amounted to \$150, and there will be available, with the principal, \$360.  
Perhaps there are many people, however, who do not wish to make an investment for twenty years. Very well, they may purchase Victory Bonds payable in ten years, or even five years. But suppose they want this money in the meantime? Then all they have to do is to take their bond to a broker and he will sell it for them. There will always be a strong market for Victory Bonds. Here is an idea for the man who has a child or a grandchild or some other kiddie dear to his heart. Present the youngster with a Victory Bond. Arrange with his parents that each half-year's interest is to be paid by the government, shall be deposited to the youngster's account and allowed to accumulate. Then, when he is twenty-five, (if he is five at present), he will have \$250 for every hundred dollars you invest for him now.  
How handy it will come in for the young man starting upon his career, and how green and fresh it will keep the memory of dad or grandad, or whoever the donor may be. Or if the little loved one is a girlie, how acceptable it will be for the touseau in days to come.  
There is no investment like a Victory Loan. There is no present like a Victory Bond. "It blisseth him that gives and him that takes."

Before we attempt to rebuild the temple of peace we must see now that the foundations are solid. They must be more solid than they were before, built

## GRANDMA USED SAGE TEA TO DARKEN HAIR

Common garden sage brewed into a heavy tea with sulphur added, will turn gray, streaked and faded hair beautifully dark and lustrous. Just a few applications will prove a revelation if your hair is fading, streaked or gray. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get a bottle of Wyley's Sage and Sulphur Compound at any drug store all ready for use. This is the old-time recipe improved by the addition of other ingredients. It is not intended for the cure, mitigation or prevention of disease.
