WAR FEELING IS SPREADING Note By Powers to Turkey Declared Feeble—Reported Failure of Peace Negotiations With Italy.

London, Oct. 12—Only the most optimistic now look for a peaceful outcome of the Balkan crisis. From all the capitals come news of increasing tension and continued preparations for war and this has spread now to Vienna and Budapest.

The text of the note handed by the representatives of the powers to the Turkish government proves to be more feeble even than was anticipated and as it contains no suggestion that the powers will undertake to assist in carrying out reforms in Macedonia, it is not likely to have any effect in allaying public feeling in the Balkans, which is all for war.

The reported failure of the negotiations for peace between Italy and Turkey, and the fact that the Italian government has not without doubt have the object of stemming the panic of selling on the bourse.

BALD JACK ROSE ON THE STAND IN THE BECKER TRIAL

New York, Oct. 12—Gambler Jack Rose was the principal witness this morning in the trial of Police Lieutenant Becker, charged with the murder of Herman Rosenthal. The trial was held at the New York City Court House.

Mr. Rose said he had known Rosenthal for twenty years and Becker for several. The witness did not look at Becker as he gave his testimony but the former police officer watched Rose intently. Rose spoke in English.

LATE SPORT NEWS Chicago, Oct. 12—Jack Johnson expects to sign articles today to fight Sam Langford and Sam McVey in Australia, and Jim Flynn in Paris. Something in the neighborhood of \$100,000 is involved in the three bouts.

Winnipeg, Oct. 12—Packer McFarland of Chicago and Tommy Kilbane of Cleveland started a ten-round bout last night but it was a draw. McFarland due here tomorrow to fight McFarland.

New York, Oct. 12—Jack Britton, Chicago lightweight, cleverly defeated Leach Cross of this city in a ten round bout at the St. Nicholas Athletic Club last night. Britton had the better of every round. The East Sider's right eye was bleeding in the fourth and at the end of the sixth both eyes were out.

The Evening Times and Star

The St. John Evening Times is printed at 27 and 29 Canterbury Street every evening (Sunday excepted) by the St. John Times Printing and Publishing Co., Ltd., a company incorporated under the Joint Stock Companies Act.

THE PLAYGROUNDS ASSOCIATION

The executive of the Playgrounds Association last evening decided to make an effort to have some use made of school buildings as social centres during the coming winter.

It will be seen that Mr. Greening is the very opposite of an alarmist in regard to the question of imperial defence, and goes even farther than the great majority of Canadians would be disposed to go in criticism of proposed measures for the naval defence of the Empire and Canada's contribution thereto.

Everybody will give the new secretary for agriculture a fair field and their best wishes.

The Rothway road is a place of interest this afternoon, with the bicycle and road races, and the auto-road makers.

There is one consolation when the log cut is reduced. The lumber is not decreasing in value by being left to grow another year.

The farmers need a market for potatoes. But for a wave of passion and prejudice in Ontario last fall they would have had the market.

Sir Lomer Gouin believes Sir Wilfrid Laurier will be returned to power. There are hosts of people in Canada who share that belief.

AN ENGLISH OBSERVER

Mr. Edward Owen Greening, editor of the Agricultural Economist and Horticultural Review of London, is an English observer who takes a reasonable view of things Canadian, and one who would be welcomed to the Maritime Provinces.

Tenders for the erection of the bridge at the falls may be asked for in November. If this bridge is under construction next year, and the new post office and the million dollar hotel, along with other big structures now building or contemplated, 1913 will be a busier year than 1912.

The last week has revealed an active interest in real estate at West St. John and in the direction of Coldbrook, as well as at East St. John and in the city proper.

The city of Ottawa has tried both the city council system and that which adds to this system a board of control. Neither has worked out satisfactorily, and at the next meeting of the city council the following motion will be debated: "That in the opinion of this council the question of doing away with the board of control and aldermanic system and substituting therefor an adequately paid commission of four, including the mayor, with the recall, initiative and referendum, vested in the people, the aforesaid commission to devote all their time to the business of the city, with the exception of the mayor, should be submitted to the electors at the next municipal election; and if carried, that legislation should at once be applied for to make the vote effective."

NEXT WEEK'S PLAYS

The Opera House will have a particularly attractive offering for its patrons next week beginning on Monday evening. The Young Adams Stock Company will present Victorine Sardon's well known comedy "Divorcement."

Grenoble, France, has about 23,000 glove-makers in its population, of whom 20,000 work in their homes. The value of the city's yearly output of gloves is about \$8,000,000. Last year the United States imported \$1,200,000 worth of gloves from Grenoble.

You'll like the flavor - or your money back. KING COLE TEA. 35, 40 and 50c. per lb.

LIGHTER VEIN

YES, INDEED. "Didn't I see your daughter with a strange young man last night?" "You certainly did. When he asked daughter to go out with him for some ice cream he asked her mother to go along and he went home with 10 o'clock without any hints, and he wears sane socks and she's seem to think he knows it all. He certainly is a strange young man."

WHY NOT. "I'm feeling well today, my mind is at ease and my business is good." "Why are you going around telling people that?"

HER REASONS. "So you want to interest yourself in politics?" "Well," replied the energetic woman, "I kind of thought maybe that if I could 'lend to the politics for the family, John would find time to stay home and put up some shelves in the pantry."

HIS BUSY DAY. "May I see you a moment?" "Not today, I'm busy." "Busier than usual?" "Yes, indeed. I'm busy trying to get away to the ball game."

SIGNS OF MARRIAGE. "Are those two in front of my husband and wife?" "What makes you think they are not?" "Because when they met he raised his hat to her and then took her hand to carry for her." - Baltimore American.

PART OF THE TRUTH. "Robert, dear, how do you suppose these dozens and dozens of empty bottles ever got into our cellar?" "Why, I don't know, my dear. I never bought an empty bottle in my life."

Unable to Work for 14 Months. Complete Nervous Breakdown Left Mr. Black an Invalid - Cured by Dr. Chase's Nerve Food.

What a helpless mass of flesh and bone the human body is, once the nerves become exhausted. Extreme weakness comes over you, and you lose control of the limbs. The next step is paralysis.

Mr. Henry Black. "What a helpless mass of flesh and bone the human body is, once the nerves become exhausted. Extreme weakness comes over you, and you lose control of the limbs. The next step is paralysis."

You will be fortunate if, like Mr. Black, you get the building-up process in action before it is forever too late. By forming new, rich blood Dr. Chase's Nerve Food carries new vigor and energy to every organ and every member of the human body.

Three years ago a cigar box containing \$3 and several deeds to farm lands was stolen from the home of Miss Buckner at Nuburn, Ark. Nothing was heard of the stolen articles until the other day, when men cutting wood for a sorghum mill near the Buckner home cut into a hollow log and discovered the box with the deeds intact. The money was gone.

Girls' tomato clubs are said to be popular in the south. At last reports there were 2816 members, all of whom were raising tomatoes with expectations of winning first honors. Miss Chatham of Petal, Miss, seems to be in the lead so far. She is reported to have put up more than 2,000 cans of tomatoes from one-tenth acre of land. The largest previous record for one-tenth acre was 1036 cans.

## SIFTING THE EMIGRANTS TO CANADA

How Officials Weed Out The Undesirables In England

SCENES AT OFFICES

Different Reasons That Impel Old Country Folks to Seek Change in the New Land—All Kinds Who Want to Come

(Times Special Correspondence.)  
London, Oct. 11.—A visit to the various Canadian emigration offices in London brings one into contact with the many types of Britons who are contemplating settlement in the Dominion and affords an interesting insight into the methods of selection adopted by the officials.

If one were not aware of the reason which brought them there, it might easily be supposed that they were in the waiting room of a physician. All the emotions that the face can express are to be seen. Indeed the positions are very much alike. The doctor advises as to health; the emigration expert advises on a condition which in many cases is of equal if not greater importance.

What kind of men and women are these candidates for a new life in a new country? The best and perhaps the worst types. It is the business of the official to see that only the best go. Here is a prematurely old man. He says he is forty; his face speaks of the privations and troubles of three score years. With earnestness that is pathetic he pleads that he is able and willing to take up the arduous work of a Canadian farm. Indeed it is his only escape from starvation, for he cannot obtain work here. This "case" can be decided instantly. To the discerning official his undeveloped physique and enfeebled frame render him unfit for Canadian farming. He is a townswoman.

The next is of the right type. A country-lad, eighteen years old; a six footer with the three and a half inches of one who has guided the plough from early boyhood. He is from Somersetshire where he earned \$3 week and kept himself and his family. Besides, his friend who went out three years ago has now a farm worth \$100. He is going to follow his example. This man is secured right away.

To Change His Style

Along comes a type which you do not like very much in Canada, at least until he has learned not to emphasize his opinions. With all the assertiveness of the Londoner, he, even at the stage, tells the man to whom he has come for information what he knows about Canada. In a mental vision one can see him telling the Canadian farmer "the best way to do it." Such independence is refreshing after listening to a number whose fault is that they are not self-reliant; but he needs to be spoken to plainly and the official loses no time in assuring him that his best interests will be served if he is prepared to do things in the way Canadians want them done.

Collect matters," says the official. "He will be all right after a few months in the Dominion.

Then comes the man who commences by abusing Lloyd George. There are many of this type—the business man with capital who has read over the breakfast table the latest Tory editorial on Liberal finance; the workman who is out of work and is counting on strikes and blames the government; and the farm worker who is disgusted at the deductions of a few pence from his wages for insurance.

"I don't know what this country is coming to," he says. "It is certainly on the down grade, all classes are overtaxed and I have decided to clear out." You learn he is taking \$10,000 with him.

Then there is the country gentleman with property who is disposing of his estate which has been in the family for centuries. Here is an old colonel's son from a score of years in India. He wants his son to go to Canada. "I don't want him pampered, Sir, but if he gets in with the right people he will succeed," says the official whose crowning disappointment is that his son was "ploughed" at Sandhurst.

The Women

A deeper note is struck with the women. Here is one from London's fashionable quarter. Cultured and with the poise of a woman of breeding, she is concerned about her son and wants him to go to Canada for his own good. A mother's tragedy is here. If he can get away from his "set" he will be right and so she prays for the solution and the mother's pain of parting from her boy is lost in the feeling that it remains for the future will hold a greater grief.

Then we see the woman with a family of no less than eight children. The official's eyes glisten when he hears this. They are country born, robust and healthy. One sturdy youngster of sixteen has the sinews of a man, and he is prepared to take the place, as breadwinner, of the father, who is dead. They are all right and next spring Canada will welcome them.

Here is a girl who supposes that she has only to go to Canada and she will find many rich farmers in search of wives. It is not her fault. Three thousand wives wanted for Canadian farmers is a not unfamiliar heading to a newspaper article.

A brave wife whose husband has lost heart in the unsuccessful struggle for a living is the next candidate. She is prepared to mend the family fortunes by taking a place as a servant in Canada. Here, she is a char woman, but the wages are small and the insurance act has made her employment uncertain.

And so on in an endless procession. One is welcomed; another is warned not to go to Canada. In this way the officials prevent many undesirables from reaching the Dominion. It is the most interesting and perhaps the most valuable Canadian work done in this country.

FLAX MILLS IN THE WEST

British Capital to be Put to Work in Saskatchewan

Saskatoon, Sask., Oct. 12.—That western Canada as a flax growing country has greater possibilities than any other country in the world, was the opinion expressed by a party of British manufacturers and capitalists today.

They have investigated conditions and are backing their opinion by securing a site for large mills at North Battleford, where distributing warehouses will be established and also at Saskatoon and Edmonton.

## ONLY ONE WAY TO CURE RHEUMATISM

It Must Be Treated Through the Blood and the Poisonous Acid Driven Out

The twinges and tortures of rheumatism are not due to cold, damp weather as so many persons suppose. Rheumatism comes from poisonous acid in the blood. This is a medical truth which every sufferer should realize. There is only one way to cure rheumatism—it must be treated through the blood. All the liniments and rubbing and so-called electric treatment in the world will not cure rheumatism, and the sufferer who tries them is not only wasting money, but is allowing the trouble to become more deep-rooted in the system and harder to cure when the proper remedy is tried. Dr. Williams' Pink Pills always cure rheumatism because they go right to the root of the trouble in the blood. These Pills make the new, rich blood of health, and in this way drive out the poisonous acid which causes rheumatism. Thousands of instances of cures might be given, among which is the following one. Mrs. G. R. Duhame, Cherry Valley, Ont., says: "I was attacked with rheumatism which gradually grew worse until I was confined to my bed. For about two weeks I had to be shifted and turned in bed as I was utterly unable to help myself. I was under the doctor's care and so far recovered that I was able to get up and move about, but the trouble still remained in my system. If I put my hands in cold water, or if I went out in the evening or in damp weather the trouble would return, and for four years I thus suffered from rheumatism, until I began to think it could not be driven from my system. Finally I gave up all other medicine and began to use Dr. Williams' Pink Pills, and after using them for a couple of months I was completely cured and have not had a twinge of rheumatism since. I can recommend the Pills to anyone suffering from this trouble."

These Pills are sold by all medicine dealers or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

## BABY'S BEST FRIEND

Baby's Own Tablets are baby's best friend and the mother's greatest aid. They cure constipation, simple fevers, break up colds, expel worms and regulate the stomach and bowels. Concerning them Mrs. Napoleon Pelletier, St. Marcel, Que., writes: "I have used Baby's Own Tablets for constipation and simple fever for both my little girl of three years and my boy of four months and have found them entirely satisfactory." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

A DEMON BOWLER

For many years Brown and Baggs had been keen cricketers, and each thought he was a better player than his friend. At last Brown challenged Baggs to meet him in a single wicket match and the wager was accepted.

Brown batted first, and made nineteen runs. Then Baggs took his stand against

Brown's bowling. Brown's bowling was so erratic that it was impossible for anyone appointed as umpire waiting patiently for him.

"You've won," he said.

"What do you mean? I haven't!" said Baggs.

"Yes, you have," repeated the umpire. "Brown bowled thirty wickets. You've won by eleven runs."

the stumps drawn, and the friend they had appointed as umpire waiting patiently for him.

"You've won," he said.

"What do you mean? I haven't!" said Baggs.

"Yes, you have," repeated the umpire. "Brown bowled thirty wickets. You've won by eleven runs."

There is many a good man who has a craving for drink and who fights against his appetite all the time, for he knows that drink is seriously detrimental to his business and social standing.

THE SCHOOL PROBLEM

The Autumn brings a new school problem into thousands of Canadian homes—a problem that must be settled in the interest of mental, moral and physical culture. Education at the sacrifice of health is a costly luxury.

The best food to study on, to play on, to work on, is

SHREDDED WHEAT

It is the favorite cereal food in Canadian schools as well as Canadian homes because it contains all the muscle-making, brain-building material in the whole wheat grain prepared in its most digestible form.

Nothing so deliciously warming and nourishing these chilly mornings as a Shredded Wheat Biscuit with hot milk or cream and a little fruit. Good for grown-ups as well as children. Supplies all the nourishment needed for a half day's work or play. The cleanest, purest, best of all the cereal foods.

MADE IN CANADA

The Canadian Shredded Wheat Company, Limited

Niagara Falls, Ont.

Toronto Office: 49 Wellington Street East

3

MILLION DOLLARS COULD BE SAVED CANADIAN RAILWAYS

(Forestry Branch Bulletin)

The annual replacement of cross-ties in Canadian railway lines is about 10,000,000, according to statistics compiled by the Forestry Branch of the Department of the Interior.

The average life of a tie, i. e., seven years, could be prolonged to sixteen years if proper preservative treatment were adopted, and an annual saving of 300,000,000 feet, board measure, of timber, could be effected.

This is equivalent to three years' cut of one of the very largest mills in the country.

While the initial expense of croosetting would bring the cost per tie from fifty-eight to ninety-three cents it would save \$1,400,000 annually.

Since 1890 two timber-treating plants have been established, treating in 1911, 200,209 ties, or 1.5 per cent of the total.

The number of ties purchased in the Dominion in 1911 was 13,637,700 an increase of 4,469,808, or 48.2 per cent over 1910.

The rapid development of railways in the western provinces is largely responsible for this increase.

Eighteen kinds of wood were used, Jack pine, with 40 per cent; tamarack, with 10 per cent; Douglas fir (used to a very great extent in new electric lines in British Columbia) with 14 per cent, and hemlock, with 12 per cent, were the leaders.

A remarkable change is that of cedar, in decreasing from 40 per cent to 3.4 per cent of the total.

AVIATOR HAS BAD FALL BUT IS LITTLE HURT

New York, Oct. 12.—George W. Beatty, an aviator, had a narrow escape from death, when his airplane fell several hundred feet into Rie's farm, in the Kensington Park section of Brooklyn, near 47th street and 17th avenue.

Beatty was shaken and received several cuts about the face from snapping wires. The machine was smashed to bits under him.

How Drugs Wreck the Nerves

Every dose of drugs that you put into your stomach weakens your nerves.

Every time you kill a pain or an ache by unnatural means—by stupifying the nerves with poisonous drugs, you are hurting them, and anyone can see that in time, by steady dosing, your nervous system will be broken down completely.

Drugs not only weaken the nerves, but they upset the stomach, rendering it unable to supply the nourishment for the nerves and organs of the body.

Drugs destroy the digestive juices of the stomach; therefore you do not get the proper nourishment from your food. You may eat heartily, but if your digestive apparatus is out of order you won't get much good out of your food.

So many people are dipping their stomachs with drugs trying to overcome some chronic disease or weakness and wonder what makes them so nervous, restless and unable to think clearly. They naturally blame the disease for it, but the trouble is really caused by drugging.

The life of the nerves is electricity. If they are weak it is because they lack electricity. Electricity is the nourishment which the stomach generates for the support of the nerves and organs, and when it is unable to generate this force it must have artificial aid. This is electricity—artificial electricity as applied by Dr. McLaughlin's Electric Belt.

My method of curing disease is to go down to the very foundation of the trouble and remove the cause. When I have removed the cause Nature will do the rest. If your nerves are weak I restore to the stomach the power it has lost, which in turn gives the necessary strength to the nerves.

Electricity is a relief from the old system of drugging. It does by natural means what you expect drugs to do by unnatural means. It is Nature's way of curing disease, for it gives back to the nerves and organs the power they have lost, which is their life.

My Belt is easily and comfortably worn next to the body during the night, and gives out a continuous stream of that strength-building, nerve-feeding force which is the basis of all health.

Dear Sir,—This is to certify that I was cured of a sore, weak back, which bothered me a great deal at times, especially after heavy lifting. Your Belt cured me completely, and my back is perfectly strong now, and I can do heavy lifting without and had after-effects.

W. G. ARMELLI, Poplar, Ont.

Dear Sir,—I am pleased to tell you that my back is all right now. The distressed feeling that I had before, when I tried to get up to walk, has all gone. I must say I gave your Belt a good test, for I labored every day in the week at heavy lifting work. Your Belt is all you claim for it, if a person only gives it a fair trial. I am a great believer in electricity.

A. W. SPINNEY, Yarmouth, N. S.

I GIVE IT FREE

Get my 84-page book describing my treatment, and with illustrations of fully developed men and women, showing how it is applied.

This book tells in plain language many things you want to know. I'll send this book in plain wrapper, prepaid, free if you will indicate this coupon.

I want to convince every sufferer that he can get benefit from my treatment. Nobody should be without it, for it is cheap enough, far cheaper than a course of doctoring, and I want everybody to try it. Let every sufferer who can do so, call at my office, and make a full test of my Belt free of charge.

If you can't call send this coupon for my book.

I. C. R. PASS INQUIRY ENDED

Moncton, Oct. 11.—The inquiry into the matter of I. C. R. passes was brought to a close this afternoon by Commissioner Adair.

J. J. Walker, recalled, testified as to the loss of a book of passes on Feb. 20, 1908, as described by Charles Wright. Witness said he had not made a report of the matter, as he thought by keeping it quiet he might find out what became of the Vye ever given him.

Charles Hannigan, an employe of Mr. Walker's office, said he had nothing to do with passes. He knew of the passes being missing at the time but he had not the slightest idea of what became of them.

Dr. Bourque, recalled, stated he had not said to Joseph Bourque that he "wanted to know too much." He did not say he used a station to make a good job in obliterating dates. He never had any refunds from the I. C. R. He knew nothing about irregular passes except hearsay. He heard Joseph Bourque say in the presence of others that he had a book of passes.

Archibald Gogan, an employe of the Mechanical Department, said he was the next witness. He did not know what became of the missing pass book.

Vye Recalled.

Ray Vye said Dr. Murray told him he had stolen passes in 1904 and 1908, and that he had a number left over and would keep them for himself and friends. Vye then repeated some of the previous testimony as to an incomplete pass he had given Murray.

Vye said Joe Bourque never got any passes from him for hockey trips. Brown, Way, Gregory, Cushing and McGrath worked with the I. C. R. and if they got passes they were entitled to them. Bourque was treasurer of the hockey team and Vye was secretary. Vye said he knew nothing about unpunched tickets. Vye said Murray told him he got two books of duplex tickets from a conductor who owned him a bill.

James Cushing, the well known hockey player and employe of the I. C. R., said he had not got any passes. Transportation was always handled to the hockey team by the manager, Mr. Baird, and they always got reduced rates on account of a certain number going.

"Did Vye ever give you passes?" "Not to my knowledge."

He did not remember of having received two passes at one time to go to New Glasgow. He remembered having been given a bunch of money and sent to New Glasgow to buy music and Gregory and being told not to come back without them. He didn't remember about passes Joe Bourque was backing the team then and he was a good backer.

## RED SOX WON SENSATIONAL MATCH, 2 TO 1

New York, Oct. 11.—The Boston Red Sox, pennant winners of the American League, were victors today over the New York National League champions by a score of 3 to 1 in the fourth game of the world's series.

"Smoky Joe" Wood shone today. The Red Sox players fairly hugged their star hero as he walked from the playing field with his second victory. Gray's sudden clouds screened the sun and in the murky atmosphere Wood's speed ball wrenched havoc with the Giant batting. Only once was a Giant batter able to gauge the Boston man's curve for a hit, when he hit Harry Turner.

Wood struck out eight. The infield was wet from a night's rain and Wood stood on the hurling mound for nine innings with a pile of sweat beside him to dry. Cady's first, each delivery to the plate. His service was without blemish or flaw, not one man being passed while Cady's batting. Boston plate and then walked back again, after vainly trying to reach the ridge of the Boston box man's mystic run. He and fast innohuts.

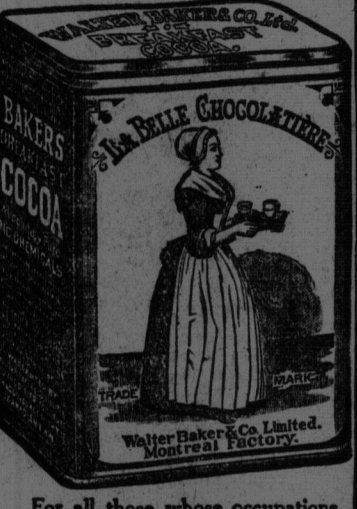

Wood was only in trouble in two innings, in the sixth and again in the seventh, when the home club's only run came over the plate. The sixth showed Wood at his best. Turner lashed a hit to left and Devore bounced a drive off Wood's ankle for a base before anyone was out. The stands were wild with excitement and tried to rattle the Boston pitcher, but Wood was cool as a Labrador iceber in March. He caused Larry Doyle to pop out and then fed Snodgrass and Murray on quick-breaking down shoots, making those Giant hitters end weak rollers to the Red Sox infield.

Boston broke into the run column in the second when Gardner tripped and scored on Tressau's wild heave of a moist ball. The second run came in the fourth when Stahl reached first on a forced hit, stole second went to third on an infield out and some Cady's before, Boston made its third run in the ninth. Gardner singled, was sacrificed to second by Stahl, took third on an infield out and tallied on Joe Wood's single.

The Giants' only run was scored in the seventh by Herros on one single to center and Fletcher's two bagger to right-field. A New York boy broke the hearts of the Giant partisans. He is Heinie Wagner, the Red Sox shortstop, whose plays today robbed the Giants of three hits. Two of his steps of smashes over second were made with one hand on the dead run, the Giant rightfielder stepped into the throws to first base ahead of the runners by a step.

Wagner's Sensational Catch. With one run needed to tie in the eighth, Devore lashed a ground ball to Wood. Thousands cheered as the ball sped by second base, for a hit meant a good start for the final rally. The fleet Devore was cut by inches. Yerkes and Fletcher also started in fielding. The play was a grandstand affair of a three-base hit at the beginning of the fifth. Running out to concrete with the Giant rightfielder's cap into the air and clutched the ball.

## BAKER'S Breakfast COCOA

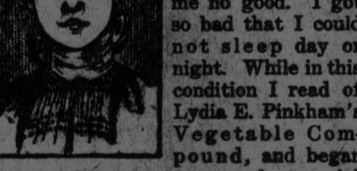

For all those whose occupations require clear heads and steady nerves, as well as those in poor health or whose digestive powers, it is the ideal beverage.

## MRS. STEVENS RECOVERS

After Years of Suffering. Tells How Her Health Was Regained.

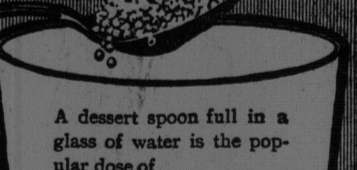

Waurika, Okla.—"I had female troubles for seven years, was all run down, and so nervous I could not do anything. The doctors treated me for different things but did me no good. I got so bad that I could not sleep day or night. While in this condition I read of Lydia E. Pinkham's Vegetable Compound, and began to use it, and my health was restored."

Another Woman Recovers. Newton, N.H.—"For five years I suffered from female weakness and dragging down pains. Lydia E. Pinkham's Vegetable Compound has restored my health and the pains are gone."

Beaumont, N.H.—"I had female troubles for seven years, was all run down, and so nervous I could not do anything. The doctors treated me for different things but did me no good. I got so bad that I could not sleep day or night. While in this condition I read of Lydia E. Pinkham's Vegetable Compound, and began to use it, and my health was restored."

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

A dessert spoon full in a glass of water is the popular dose of

Abbey's Effervescent Salt  
It improves the appetite, steadies the nerves and healthy condition.

Curran was one day engaged in a case in which he had for a junior a remarkably tall and slender gentleman who had been originally intended to take orders.

The judge observing that the case under discussion involved a question of ecclesiastical law, Curran interposed with: "I refer your lordship to a high authority behind me, who was once intended for the church, though in my opinion he is fitter for the steeple."

Makes Face Young—Tightens Loose Ties ("Aurilla" in Woman's Sphere).

A freckled complexion, a wrinkled face and faded complexion, do more to drive the male members from home than is commonly supposed. It was one of my greatest difficulties to appear smiling, fresh and elegant when my dear ones were with me. But I have overcome all that. I have changed my mental attitude and I now find it second nature to look cheerful. Due partly to this, partly to a remarkable treatment recommended by a friend, my appearance has so improved I look fifteen years younger than before.

A simple face lotion made by dissolving an ounce of powdered exaltite in a half pint with basil, proved a wonderful wrinkle-chaser. I still use this occasionally. To renovate my complexion I purchased an ounce of ordinary mercuric wax at my druggist's, and before using it a marvelous transformation had taken place. It was like removing an ugly mask, revealing a new face, a youthful complexion of distinctive delicacy, clear, white and velvety. I merely applied the wax like cold cream before retiring, washing it off mornings. Ten days' treatment sufficed.

## AUSTRALIAN MUTTON FOR THE GERMANS

(Continued from page 9). Frankfurt-on-the-Main, five; Hamburg three; Dusseldorf, Breslau, Karlsruhe, Heilberg, and Red Elster, each two; while other places have one each. Most of the women doctors in Germany practice as specialists, especially in diseases of women and children. During the last few years, the chances of medical women have steadily become more favorable in Germany. They often secure posts in hospitals, institutes, and asylums.

Despite the statements that have appeared regarding the health of the German Emperor, it is said on good authority that His Majesty is very far from well, and a further breakdown is feared unless he is very careful. The emperor's recent attack has left him with a cough which, if not immediately cured, will be serious. When mounting his horse the sprightliness and ease with which he formerly got into the saddle is missing. The emperor's face is somewhat drawn as if he was subject to occasional twinges of pain.

A House of 600 Rooms. Berlin has a new toy, a truly colossal canvasary modeled on the lines of the "great department hotels" of New York. It is a building "sky-scrapers" in Germany, so instead of shooting up forty or fifty stories into the air, the builders of the "Boarding Palace" in Kurfurstendamm have spread it over an enormous area. Nothing in town is nearly so "kolossal" except the police presidency in Alexanderplatz, which is a district by itself. The "Boarding Palace" hopes to end the misery of homeless families and bachelors who have hitherto had to content themselves with precarious existence in a German "pension." It has six hundred rooms with baths, enormous restaurants, coffee-rooms, grills and American bars, and includes a full-fledged sanitarium and Turkish bath "parlor" among its other attractions. In tune with the tastes of the New Berlin, the interior of the last word in overdone ornateness and gaudiness. For the moment the "Boarding Palace" outshines the royal castle and the Hohenzollern Museum as a "sight," and all Berlin is flocking to see it.

Per cases of suicide could be more abundant than that of a subordinate government employe and humped husband, who cut his throat in a wood on the outskirts of Berlin on Tuesday. "At the wish of my wife," he wrote on a paper that was found near him, "I am going to get out of her way. Then she may thank Providence on benedict knee that I have done so. A farewell to my children, but my wife—petition take her!"

A parallel to this case, in which acquiescence and revolt are so strongly mixed, is found in the recent suicide of a Potsdam bricklayer, who wrote, just before shooting himself: "My godfather gave me a silly name, so I have shot myself." His comrades had been teasing him on account of his strange Christian name.

## PROMISE OF A GAY SEASON IN LONDON

(Continued from page 9) and considering the thousands of young men and young women working in the city who might come into all sorts of temptations, I think it is very satisfactory to have two days in a month with no police work."

The Suffragettes. A propaganda of violence is promised by the militant Suffragettes during the winter, and Mrs. Pankhurst and her army of political amazons seem to be more determined than ever. A big demonstration is to be held at the Albert Hall this week, and 10,000 seats have already been sold, and a large sum of money is expected to be realized. Mrs. Pankhurst is confident in the fact that her party, aided by the powerful support promised, will become a force more than ever in British political life.

A traveling piper who has just met with an untimely fate in the Galician Carls recalls memories of a famous prototype—the Wandering Piper who, in the early thirties, waged Court Bender the sum of \$25,000 to determine the extent of the hospitality displayed by different nations. Each set out in disguise, the count, as an itinerant fiddler, proceeding through France and Belgium and the other countries of the journey, was to be adjudged the winner. In the United States alone the Wandering Piper collected no less than \$27,000, the whole of which was devoted to charity. The vicissitudes of the rival were many and great, but he never lost record of the wager having been actually awarded to either of them.

Some Radium Stories. From Birmingham it is stated that a doctor has lost \$500 worth of radium by throwing it into a fire among bandages. It is further said that a chemist had promised to recover it from the ashes.

This is by no means the first time that the precious metal has been lost and recovered. The metal itself has never been seen, excepting in Mme. Curie's crystal tubes. What is known as "radium" is a glass bulb, either radium bromide or radium chloride, or even radium sulphate. Tiny grains of these salts are extremely precious, and are usually sealed in little glass bulbs. Nowadays some of these glass bulbs are used for treating skin diseases, but as a rule their contents are spread over cloth or other surfaces and fitted on to "applicators."

When one of the first little glass bulbs was received in London it had a curious history. A physician in Portland-place was applying it to a patient when he inadvertently let it fall, and a moment later crashed about under his foot. The carpet was valuable; so was the sole of his foot; but the radium salt far more valuable than both together. In fact, the value of radium is not easily reckoned in dollars and cents. A small portion is in the hands of those who can sell or buy, but by the greater quantity is beyond the reach of the merely wealthy. Gold may control it some day—not yet. The value to the physician was, therefore, very great. He took off his boot, and cut out a square of his carpet. He had both burned, and out of the ashes refined the original grain. This has been done, and a new "applicator" and is in use today.

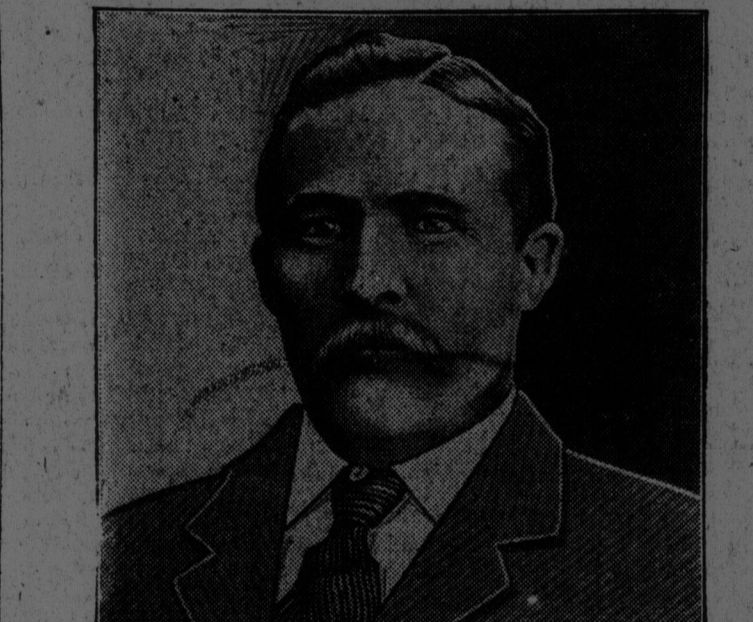

Greek Torpedo Boats at Algiers. Algiers, Oct. 11.—One of the Greek torpedo boat destroyers recently purchased in England and which was supposed to have sailed for Philadelphia, arrived here today and three others will arrive tonight.

## ANOTHER MIRACULOUS CURE OF RHEUMATISM BY "FRUIT-A-TIVES"

Pain Was Almost Unendurable Until He Began To Take the Famous Medicine Made From Fruit, Which is Making so Many Cures

Suffered For Five Years And Would Be Still Suffering—Probably—Had it Not Been For "Fruit-a-tives"

There is no doubt about "Fruit-a-tives" being the long sought for cure for Rheumatism, Sciatica and Neuralgia. Every day sees some sufferer relieved by "Fruit-a-tives." Every day sees some "hopeless, incurable" case of Rheumatism yield to the magic powers of these truly marvelous tablets, which are made by a wonderful secret process from the juices of fruits.

"Fruit-a-tives" is the greatest remedy for Rheumatism that the world has ever known. Here is the proof.

Bromie, Ont., March 1st, 1912. "Fruit-a-tives" has made a complete cure in my case of Rheumatism, that had at least five years standing before I commenced the treatment. The trouble was principally in my right hip and shoulder, the pain from it was almost unendurable. Not being able to sleep on that side, if I chanced to turn on my right side while asleep, the pain would immediately awaken me. This kept up until I started taking "Fruit-a-tives." I started by taking one or two tablets in the morning with a large glass of water, before breakfast and experienced pronounced benefit very shortly. After a continued treatment for about six months, I was cured and am now in first-class health. This, I attribute to my persistent use of "Fruit-a-tives," and I heartily recommend your remedy to any Rheumatic Sufferer, feeling confident that if taken faithfully, a cure will result.

I keep a general store at the above address and often recommend "Fruit-a-tives" to my customers.

JAMES DOBSON, "Fruit-a-tives" will cure you just as they cured Mr. Dobson. Etc. a box, 6 for \$2.50, or trial size, 25c. At all dealers or sent on receipt of price by Fruit-a-tives Limited, Ottawa, Ont.

## Vaseline Hair Tonic

When you water a plant you know how it freshens and picks up. Vaseline Hair Tonic has just the same effect on the hair. It gets right down to the roots—revives them—gives them new life.

When the scalp gets dry, the roots of the hair are left without their natural oil. They dry up in turn and the hair falls out.

Vaseline Hair Tonic provides the scalp with just the moisture the roots need. It does not dry off at once. It keeps the roots of the hair in a thoroughly healthy condition, and so stimulates it to its full, beautiful growth.

Get a bottle of Vaseline Hair Tonic from your druggist and try it. You will soon find your hair looking better than it ever did before.

There are several different preparations of Vaseline, for curly as well as tight waves, that should be in every house. Our free booklet tells all about them and also contains many other interesting recipes, that will be of service to any woman. A postal will bring it to you. Write today.

1848 Chichester Ave. Montreal, Canada. Chesebrough Mfg. Co. New York-London (Consolidated)

## DENY PROFITING IN THE MARCONI WIRELESS CONTRACT

London, Oct. 11.—A heated debate on the British government's contract with the Marconi Wireless Company for the establishment of an imperial wireless service took place today in the house of commons.

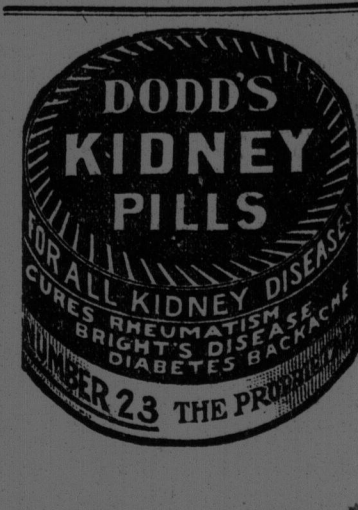

Attorney General Sir Rufus Isaacs, Post Master General Herbert Samuel and Chancellor of the Exchequer David Lloyd George denied emphatically that they had profited by the government's contract with Marconi. Several newspapers had demanded an investigation and had strongly hinted that corruption underlay the establishment of an imperial wireless service. Several members of parliament attacked the government for making a contract without giving other wireless systems a chance to tender for it. A committee has been appointed to investigate the matter.

## Chief Justice Moss Dead.

Toronto, Oct. 11.—Sir Charles Moss, chief justice of the court of appeal for Ontario, died tonight, aged 72 years.

## TO SOUTH AMERICA.

Toronto, Oct. 11.—Colonel H. W. Massey, who for the last four years has been chief secretary of the Salvation Army in Canada, has been appointed territorial commander of the Salvation Army in South America, with headquarters at Buenos Ayres. Colonel Massey will be leaving Toronto in two weeks.

SPORT NEWS OF A DAY, HOME AND ABROAD

Baseball The Philadelphia Athletics defeated the Philadelphia Nationals 5 to 2 in the last game of their series yesterday.

Twelve Inning Tie The Chicago Americans and the Chicago Nationals played a game at Chicago yesterday the score being 3 to 3.

Rooters Halt Trial New York, Oct. 11.—The \$200,000 suit of the Pennsylvania Steel Company against the city of New York was temporarily postponed because baseball rooters, watching a bulletin board, made so much noise it was impossible to continue the trial.

Christy Mathewson, who is always prominent and usually foremost in plans to benefit ball players, and who is considered the brains of the professional players and their spokesman whenever real or imagined civic crop out derogatory to their interests, thinks the National Commission is altogether too arbitrary in its methods of deciding what the players' share of the receipts of the world's series games should be.

Mathewson in fact insinuates, or rather threatens, that if the players' share is curtailed in future games, the National Commission will find itself left flat by one club or the other that is entitled to play for the position of the universe, and that refuses to take part in the games.

Mathewson's present complaint is the commission's refusal to allow the players to share in any play-off game, in case there is a tie in any game of the first four played.

Mathewson also thinks the players are entitled to be represented in the financial settlement of the world's series receipts to know how all tickets are disposed of and why the national commission is entitled to its big percentage of the receipts.

Good Son; Good Fan The Boston American says:—There's a Red Sox fan up in Groton, Vt., who is not only a loyal rooter, but also a loyal son. He was out in the fifty cent bleachers—had been there, in fact since a little before ten.

For an hour or so, he gazed about the big Fenway Park, taking in all the sights that were so different from those to be observed when the town team plays its rivals from the county seat on a Saturday afternoon. Then he consulted his watch for the twentieth time. Only half past eleven.

His thoughts wandered from world's series games to a little town up in the Green Mountain state. He must have been some town officer up there in Groton, for the sheet of paper he drew from his pocket was printed with the town's official heading. Curiosity made one peer over the Groton name shoulders—and curiosity can't be so unparaphable at a world's series game, when there isn't going to be any real action for a matter of two hours or more.

"Dear Mother," he began, and then the curious one behind him looked away until he had finished. At last the Groton man took an address envelope from his pocket, sealed the letter and stamped it with two one-cent boxes more or less scarce around Fenway Park, but there's no doubt he found the nearest one after he lied out in the gathering dusk.

It was a fine, unassuming, healthy young fellow of about thirty-three. His mother, Groton, Vt., and the Red Sox should be proud of him. Groton will doubtless for give him the sheet of town note paper and he will doubtless forgive this story.

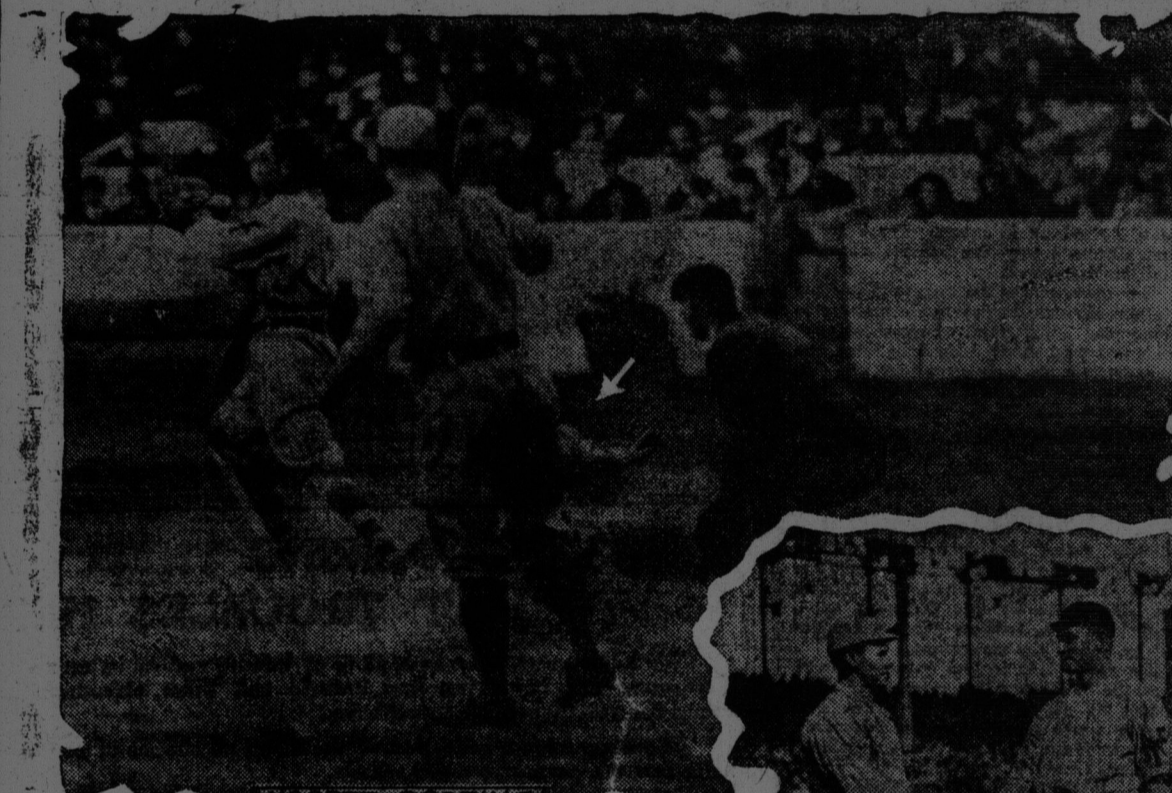

Many New Stars The new crop of ball players in the major leagues, including those who broke in this year or the latter part of last year, has made a pretty respectable showing in fast company.

Jeann Dubuc, the Detroit pitcher, although he has been in the big leagues before, may be numbered among the late arrivals. Another come-back who drifted back to the minors between seasons is set company as George McConnell, like Alvin Otto Hess.

Among the newest crop of pitchers this year are Bakelite, Stoen, Benz, Hamilton, Wilson, two or three Browns, O'Brien, Benedict, Houck, Peters and Baumgardner of the American League, and Lavender, Versau, Cheney, Rilly, Seaton, Benton, Hlen, Robinson, Willey and Yingling in the National.

Prominent fans in other positions are Foster and Gandil of the Washingtons.

SENSATIONAL SCENE IN FIRST GAME OF WORLD'S SERIES, AND THE OPPOSING PITCHERS

New York, Oct. 11.—Basten to the final jump, trailing by the score of 4 to 2, the Giants' attack in the first game of the world's series fell upon Joe Wood in the ninth round and came within one blow of tearing off the victory. With the count 4 to 3 Herzog on third and Becker on second, Wood rose to the supreme test by striking out Fletcher and Crandall in a row, while 35,000 New York fans groaned a chorus of despair. The Red Sox won, and the "jump" game went to Boston.

Mathewson also thinks the players are entitled to be represented in the financial settlement of the world's series receipts to know how all tickets are disposed of and why the national commission is entitled to its big percentage of the receipts.

Other recent additions to the big league family are Cady of the Red Sox, Magart of the Athletics, Stretter of the Highlanders, Shanks of Washington, Peckinpaugh of Cleveland, Weaver of the White Sox, Rath of the White Sox, Kuhn of the White Sox, Egan of the Athletics, Menor of the Pirates, Grog of the Giants, Cichaw of the Brooklyn, Smith of the Brooklyn, Phelps of the Reds, Northern of the Brooklyn, Moran of the Brooklyn and Magee of the Cardinals.

Girl Fan Unconscious on Grounds Margaret Rooney, a young woman of New York, a frenzied baseball fan and a powerful rooter for the Giants, was overcome by the disappointment caused by the failure of her heroes to win from the Red Sox on Wednesday that she collapsed and was found lying unconscious in Fenway Park, and turned over to the police for care and protection.

It was not until next day that the young woman regained consciousness. She said her name was Margaret Rooney. She is about twenty-five years of age.

When the grounds keeper found her it was dark. She was lying in an out-of-the-way place behind the seats, where she could not be seen by the casual observer. The keeper tried to arouse her, but she would not be seen by the casual observer. The keeper tried to arouse her, but she would not be seen by the casual observer.

Match Here The U. N. B. squad will play a match with the Company A fifteen on the Marathon grounds this afternoon, beginning at three o'clock.

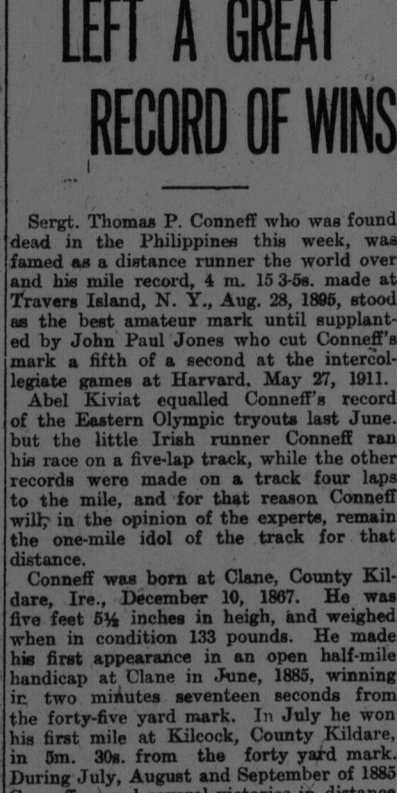

A Fatality Montreal, Oct. 11.—Calvin McCallum, son of Angus McCallum, of 324 Grosvenor avenue, Westmount, died this morning from injuries received in a football match yesterday afternoon.

In a collision with another player, the lad was knocked out, and re-awakened unconscious for twenty minutes, but afterwards played the game through. On reaching home, however, he again relapsed into unconsciousness and died this morning from hemorrhage of the brain.

The Ring Baldwin Beats Browns. "Knockout" Brown, the wonderful New York lightweight, has at last been humbled in a decision bout. Matty Baldwin of Charlestown lowered the colors of the sturdy Dutchman in a stirring twelve round contest at the Pilgrim A. A. Boston, on Wednesday.

Though defeated, Brown is not disgraced. He put up a grand battle, but he was out-generaled and out-fought by a very

TOM CONNEFF LEFT A GREAT RECORD OF WINS

Sergt. Thomas P. Conneff who was found dead in the Philippines this week, was famous as a distance runner the world over and his mile record, 4 m. 15.3-6, made at Travers Island, N. Y., Aug. 29, 1888, stood as the best amateur mark until supplanted by John Paul Jones who cut Conneff's mark a fifth of a second at the intercollegiate games at Harvard, May 27, 1911.

Abel Kiviat equalled Conneff's record of the Eastern Olympic tryouts last June, but the little Irish runner, Conneff ran his race on a five-lap track, while the other records were made in an open half-mile handicap at Clane, in June, 1888, winning in two minutes seventeen seconds from the forty-five yard mark. To-day he won his first mile at Killeck, County Kildare, in 5m. 30s. from the forty yard mark.

During July, August and September of 1883 Conneff scored several victories in distance handicaps.

Conneff was born at Clane, County Kildare, Ire., December 18, 1867. He was five feet 5 1/2 inches in height, and weighed when in condition 133 pounds. He made his first appearance in an open half-mile handicap at Clane in June, 1888, winning in two minutes seventeen seconds from the forty-five yard mark.

Returning to New York Conneff captured the national one-mile and five-mile championships and also won the one and two mile championships of Canada. He continued to win about his race and in one mile race he was forced to pick his condition and made a poor showing.

The following year he located in Worcester, Mass., where he was engaged in a manner that enabled him to make the remarkable performance of 4:17.4 for the one mile, a big handicap meet held at Holmes Field, Cambridge, which, considering the great field he was forced to pick his way through, was considered a remarkable performance.

August 1885 Conneff was groomed to try for the record for the mile, which he clipped to 4m. 15.3-6.

Conneff ran a and won so many races that columns would be necessary to detail them all. He held four world's amateur records, as follows: Three-quarters mile, Travers Island, Aug. 21, 1885, 4m. 24.5-6; Mile, Travers Island, Aug. 30, 1885, 4m. 15.3-6; Mile and quarter, Bergen Point, Sept. 2, 1885, 5m. 29.4-6; Mile and one-half, Bergen Point, Sept. 2, 1885, 6m. 43.2-6.

On October 11 of this Conneff held the following championships: Irish-Half-mile, 2m. 2.5-6, and mile in 4m. 32.2-6; in 1887, four-mile championship, at Dublin, in 20m 53.4-6; in 1887, and four-mile championship, Belfast, in 22m. 48-6; Canadian—Mile run, 4m. 32.4-6, in 1888, and two miles the same year in 10m. 33.3-6; the two miles in 1890 in 6m 33.3-6; (the record) and again in 1891 in 6m 51.1-6; English—Mile run, 4m. 33.3-6, in 1888, defeating J. Kibbleshite, who afterward won the championships in 1889, 1890 and 1891.

At the county fair at Independence, Mo., there was on exhibition a set of furniture consisting of two chairs, two tables, two picture frames and a hall rack, made of 700 horses from Kentucky steers. The furniture was made by B. F. Whitmer of Independence. Polished horses were used for frames and ornaments, and all smooth surfaces were inlaid with bits of black and white horn in checker-board pattern. A pocket knife was the only tool used and Whitmer often spent months in trimming the stubborn material to fit a particular angle. The hall rack contains 1491 pieces of horn. Whitmer spent fifteen years in all on the work.

There Are Three Different Reasons Why You Should See Jacobson & Co. Before Buying Your Furniture Elsewhere. First—That we have a large and complete stock and its of the newest and latest designs. Second—Our prices are from 25 to 30 per cent less than any other furniture house in the city. Third—Our terms are the easiest and made to suit yourselves.

A Japanese periodical has completed a list of all the subjects of the Mikado who may be reckoned among the wealthy, and it showed that only 1018 Japanese possess a capital of \$250,000 or more. Nevertheless, if the Japanese are generally speaking, poor, it would seem that they are rapidly becoming rich, for less than ten years ago there seems to have been only 41 who possessed a capital of \$250,000.

The odd architecture of St. John's church, South square, Westminster, Eng., is thus accounted for: The architect was reputed to have worried Queen Anne about the design. Her Majesty at length losing patience kicked her footstool over and remarked in anger: "Build it like that. The architect followed the royal wishes and the church was built as it stands today—with the corners protruding upward like the four legs of a stool.

Townshend Piano Co. 53 Germain Street Royal Hotel Block - ST. JOHN, N.B.

LOCAL NEWS

POLICE COURT. Five prisoners, each charged with drunk canoeing, were fined \$5 or two months in jail in the police court this morning.

ALMORA SAILS. The Donaldson Line S. S. Almora sailed from Glasgow for St. John direct today with general cargo.

WILL WED IN BANGOR. The marriage intention of Blair F. McLean of Fredericton and Lottie B. Garland of Bangor have been filed at the office of the city clerk in Bangor.

SIX DEATHS. Six deaths were recorded at the board of health office this week. The causes were scurvy, influenza, meningitis, pneumonia, cardiac disease and drowning, one each.

BURIED TODAY. The funeral of Miss Mary L. Coleman took place this afternoon at 2:30 o'clock from her late home in Germain street. Funeral services were conducted by Rev. J. H. McVicker and interment was in Fernhill.

ON COMMITMENT. Andrew White was arrested this morning by Sergeant Collins on a commitment which was issued a few days ago on the charge of assaulting his father. He was allowed out on suspended sentence, because of his behavior since then a commitment was sent out yesterday for his arrest.

COLUMBUS DAY. This is Columbus Day and is observed as a holiday in the United States. Boston is having a large parade. In St. John the local council of Knights of Columbus deferred observance of the day until Monday evening when they will hold a smoker with songs, literary numbers, and speeches in their home in Coburg street.

PRESENTATION. Mr. and Mrs. William McLaughlin of Quispamsis were surprised by a visit from about eighty of their friends from the neighborhood and from the city who invaded their home last evening. During the evening F. B. Fuller presented to Mrs. McLaughlin who will leave soon for a visit to New York, a handsome traveling bag. The evening was passed in a pleasant manner and refreshments were served by the committee in charge.

LOCH LOMOND COMPLAINT. An old man and woman, residents of Loch Lomond, called at the police court this morning to lay a complaint against a man named Brotherton, who also lives at Loch Lomond. They said that he was roaming around, armed with a revolver and a razor and several times had threatened to take their lives. They were advised to see some of the county officials and have the man arrested.

SNOW DESTROYERS CROPE. A Fort Fairfield, Maine, letter says: "C. M. Dinmore, agent for fertilizers, returned a day or two ago after a trip up the St. John river as far as Fort Kent. He says there are hundreds of acres of grain lying flat on the ground, utterly ruined by the more storm of last week. Farmers in that region, who had always raised their own grain, are now buying western oats by the carload."

AWAY TO FIX THE ROAD

Although the weather was somewhat threatening at noon, the members of the New Brunswick Automobile Association and their friends left the city at half past one o'clock this afternoon for Hampton. Each car was well supplied with picks, rakes and shovels, and the members expected to do some good road work between here and Hampton. About thirty cars started on the trip and each car was filled. The party expected to reach Hampton between six and seven o'clock tonight, and after arriving were to have supper at the Inn. Then a smoker will be held, and the return to the city will be made about nine o'clock.

DIVORCE OF INTEREST HERE

Granted to Mrs. Gertrude A. Kennedy, Formerly Miss Stafford

A divorce of interest to St. John people was granted a few days ago in New York city, when Mrs. Gertrude A. Kennedy won her suit for absolute divorce from David A. Kennedy.

CROPS IN WESTMORLAND

Sackville Post.—A good illustration of the shortcomings of the present season is to be found in the fact that Chase Fawcett, of Upper Sackville, realized from his planting of 1,000 or 1,200 tomatoes, about \$25, which represents, perhaps, the same number of bushels, while, if he had got about a peck from every vine, he would have harvested from 300 to 400 bushels. Fred Estabrooks, one of the most enterprising of our younger farmers, has a thousand tons of hay ready for shipment, mostly to the West Indies. Last year he exported not far from 4,000 tons. Despite the poor season, he says there is a considerable quantity of pretty good hay to be found. While the English hay, so-called, is all harvested, there are large quantities of mixed hay and broadleaf yet uncut, and a good deal of grain yet unharvested. The wet weather this week has completely prevented any operations in this line or in the digging of potatoes. George A. Fawcett shipped one carload of potatoes for the West Indies, and two to Upper Canada this week. A large number of carloads will be shipped at an early date when cars have been obtained.

COAL AT ROCKPORT, N. B.

Sackville Post.—Word comes from Rockport that coal has been discovered in that neighborhood. The outcroppings were first noticed along the shore in at least two places. A large hole was dug into the bank and a seam two or three feet thick has been opened up. A Sackville man, who was at Rockport a few days ago, brought a piece of the coal home and declared it burned very freely. It is said that outside capital is interested in the project and that if coal in sufficient quantities can be found here to make the mining of it a paying speculation, the work of opening up the mine will be rapidly proceeded with next spring. As Rockport is not very far from the Joggins Mines on the Nova Scotia side, it may be that outcroppings discovered here are simply a continuation of the Joggins seam.

TAGGERS STARTED OUT IN HOPE OF MAKING RECORD

Financial Assistance Being Asked for Today for Sisters' Hospital—The Work and the Workers

This is Tag Day, the day chosen by the Ladies Auxiliary of the A. O. H. to assist in raising funds for the new infirmary to be opened by the Sisters of Charity, although the weather was not favorable, many young ladies, armed with a bunch of tags and a Bank of New Brunswick bank, started out early this morning to make the collection a large one. The whole town, from Courtenay Bay to Milford was to be covered and the ladies expected to raise a larger sum than has yet been secured by this method here.

The operations started this morning at 7:45 o'clock with a band of taggers swooped down on the workers at Courtenay Bay, and nearly everyone at the big works is wearing one of the tags, which bear the inscription "Sisters' Infirmary, Tag Day, 1912." At eight o'clock the collectors were stationed on all the principal streets.

The ladies have established depots in several parts of the city, where the tags were secured their tags, and also something to eat. In the city proper the A. O. H. Hall in Union street is the headquarters, and an efficient committee composed of Mesdames McCarthy, Sheehan and Finnegan, assisted by other ladies, are stationed in the North End St. Michael's Hall is the rendezvous of the workers, and those in charge are Mesdames Martin, Allison and Martin. In Carleton, the Sisters' convent is used and Miss Gallant and Miss McNeil are in charge. The Fairville and Milford taggers use the St. Michael's Hall in Main street. The supervisors of the taggers visited the stations through the day to see that everything was going right. Several automobiles had been kindly loaned to the ladies to assist them in their operations, and also to convey the taggers from place to place. The cars of Dr. W. W. White, Dr. F. J. Hogan, J. P. Lemeny, J. Fraser Gregory, Miss Murray, Percy Thomson and several others were included.

The Bank of New Brunswick has arranged for the head office in Prince William street, and also all the branches in the city to keep open until six o'clock this evening so that the taggers may make deposits at any time. None of the taggers are allowed to go into factories, mills, workshops, etc., without being accompanied by one of the supervisors. The young lady taggers expect to have everyone in the town wearing one of their badges by six o'clock this evening. The taggers whose names were available are: Misses Mona McGrath, Agnes Collins, Kathleen Lundy, Margaret Driscoll, Violet Taylor, Katherine McGrath, Helena Quinn, Catherine Higgins, Annie Collins, Annie Walsh, Annie Jennings, Bessie Gibby, Teresa Sargis, Katherine Kean, Lillian McLaughlin, Kathleen Doherty, Beatrice Mooney, Mary Power, Irene O'Brien, Agnes McLaughlin, Beatrice McLaughlin, Kathleen Shannon, Rita McDade, Mary McCarthy, Helen Cotter, Dorothy Hansen, Gertrude Lawton, Ruth Conway, Margaret Power, Mary Downing, Ethel McBride, Kathleen O'Brien, Anna McLaughlin, Madeline Eugenie Cormier, Edith Carthy, Catherine Gallivan, Nora Gallagher, Florence McHale, Mollie Carleton, Catherine Burns, Mary McLean, Campbell, Marion Power, Mary Chaisson, Grace Holmes, Frances McLennery, Nellie Cameron, Catherine Fitzpatrick, C. NOBLEMAN GETS MOOSE

Lord Clinton and Lieutenant Colonel Trefusis Like the New Brunswick Sport

Lord Clinton and Lieutenant Colonel Trefusis of Portgalloway, Wales, who have been hunting in New Brunswick, have returned home. On Monday last, with the assistance of Guide Norman McLeod of Gaspe, they bagged a big moose, with a fifty-four inch spread. One of the finest heads that has been secured in the province this season. They also secured quite a few birds, including partridge and woodcock, and spent a very successful and happy holiday in the woods. They had been out only two days with the guide when they succeeded in getting their moose. Both were exceedingly well pleased with the hunting in New Brunswick and expect to return here next season.

TODAY'S MARKET

The country market was fairly well supplied with produce this morning. Vegetables are very plentiful, as are eggs and butter. Moose meat is rather scarce, and is selling at nine cents a pound wholesale, and about twenty cents retail. Western beef is selling at ten cents a pound, and butcher's beef at seven and a half cents. Veal is selling at ten cents, and lamb and pork at eleven cents. Chickens are scarce and high, from \$1 to \$1.50 a pair being asked today. Fowl are offering at from ninety cents to \$1.25. Henney eggs retailed at thirty-five and forty cents. Butter is twenty-six cents by the tub, and about thirty cents in prints. The fish market is not plentifully supplied. All kinds of fish are scarce. There is but very little halibut offering, and sixteen cents a pound is being asked for it. Haddock and cod are scarce, five cents a pound being the selling price. Fresh herring are fifteen cents a dozen. There are a few Nova Scotia mackerel offering at ten cents apiece.

IS MOVING TO ST. JOHN.

George W. Merrill, who has carried on a harness making business in Dorchester for the last twelve years, is selling out. He has accepted a position with Horton & Son, Ltd., in St. John. Mr. Merrill is master of the Orange Lodge in Dorchester, and took an active interest in all that pertains to the life of the town. On Saturday evening last he was waited on by a number of his friends who presented a dress suit case and a complimentary address.
