UNIVERSITY OF TRINITY COLLEGE.

THE UNIVERSITY OF TRINITY COLLEGE was constituted by a Royal Charter, bearing date 16th July, 1852, and empowered to confer Degrees in Divinity, Arts, Law, and Medicine.

THE CONVOCATION of the University consists of the Chancellor, the Provost and Professors of Trinity College, and all persons admitted to the Degree of Master of Arts, or to any Degree in Divinity, Law, or Medicine in the University.

No degree can be granted by the University, unless a Supplicat for that Degree shall have passed the Convocation, having been previously approved by the Caput.

THE CAPUT consists of the Vice-Chancellor, and four members of Convocation to be elected annually by Convocation, at the first meeting in the Michaelmas Term.

The University confers no Degree whatever, unless the Candidate, being a British subject, has previously taken the oaths of allegiance and supremacy.

Subscription to the following declaration is also ordinarily required :—

“I, A. B., do willingly and heartily declare that I am truly and sincerely a member of the United Church of England and Ireland.”

The Chancellor and the Vice-Chancellor are, however, empowered to dispense with this Declaration, in the case of Degrees in Arts, Law, and Medicine, if such dispensation be sought by the Candidate on the ground that he is not a member of the Church of England.

* For any Degree in Divinity, subscription to the Three Articles of the XXXVith Canon is also required.

Proceedings in Arts.

All Candidates for the Degree of B.A. must be Matriculated Students of Trinity College, and have kept nine complete Terms. They will be required by the University to pass two Examinations.

Residence and attendance at Lectures may, however, be dispensed with in individual cases, in which application to that effect, shall have been made to the Corporation, and the grounds assigned by the applicant unanimously approved by the Corporation. In such cases the applicant must not be less than twenty-five years of age, and will be required to pass the Matriculation, the Previous, and the Final Examinations at intervals not less than those which are prescribed in the case of resident students, and to pay for each Examination which he undergoes, in addition to the fees for Matriculation and Degree, the sum of \$5.00 to the University Chest.

I. THE PREVIOUS EXAMINATION.

This Examination will take place, in the case of Students entering in the Michaelmas Term, at the end of the second year. The subjects for this Examination will be:—

DIVINITY.—One of the Historical Books of the New Testament in Greek.

Evidences of Christianity.

Church Catechism.

CLASSICS.—Portions of two Greek and two Latin Authors.

Latin Prose Composition.

MATHEMATICS.—Euclid, Books I., II., III., IV., VI.

Algebra, to Binomial Theorem inclusive.

Trigonometry, to Solution of Triangles inclusive.

Elementary Statics.

Elementary Dynamics, to the end of Rectilinear Motion of a Particle.

The particular authors to be fixed at the beginning of the Lent Term of the preceding year.

The names of Students who pass this Examination will be arranged in three classes, in alphabetical order; the first class consisting of those who shall have obtained at least half the whole amount of marks in each subject: the second of those who shall have passed creditably, though below this standard: the third of those to whom the Examiners shall have only not refused their certificate of approval.

Any Student who shall have obtained a first-class in the previous Examination, and shall also have passed a satisfactory Examination in the Honour Subjects in Classics at the end of the second year, shall be

allowed to declare for Classical Honours, and shall be exempted from attendance at Mathematical Lectures during the third year.

The like exemption will be granted on the like conditions (*mutatis mutandis*) to Mathematical Students.

Those Students who shall have been rejected at the previous Examination of their own year, or who shall have been absent from such Examination, shall be required to attend the previous Examination of the succeeding year.

If any Student shall absent himself from the previous Examination of his year, without the written permission of the Provost, he shall be considered not to have kept the Easter Term of that year.

Students entering in the Lent or Easter Term must offer themselves for Examination at the same time with those who entered in the preceding October.

II. EXAMINATION FOR THE DEGREE OF B.A.

PASS EXAMINATION.

The regular time for passing this Examination will be at the end of the ninth term of residence. By-term men may present themselves at the same time with those who entered in the preceding October. Those who have lost one or two terms may present themselves at the same time with Students of their own year. But in both cases the Degree will not be conferred until the Student shall have kept nine complete terms.

All Students, not candidates for Honours, intending to proceed to the Degree of B.A., must go through this Examination. The list will be published in the College Hall in alphabetical order.

Students who shall have been allowed to declare for Classical Honours at the end of the second year, and shall have passed a satisfactory Examination in the Honour Subjects in Classics at the end of the third year, shall be exempted from Examination in the Mathematical subjects of the ordinary Examination for B.A.

The like exemption will be granted on the like conditions (*mutatis mutandis*) to Students who have been allowed to declare for Mathematical Honours.

Hydrostatics.

The particular authors to be fixed before the end of the Easter Term of the second year.

HONOUR EXAMINATION AT B.A.

Those who shall have been approved at the Pass Examination for B.A. may present themselves for further Examination for Honours in Classics or Mathematics. The result of such Examination will be published in the College Hall, and in the public prints, in three classes: the order of merit in each subject being determined by the number of marks obtained in this Examination, together with those obtained in that subject in the Pass Examination.

The Examiners in Classics or Mathematics may, at their discretion, add a fourth Honorary class to their Honour list, consisting of those who, not being candidates for Honours, have highly distinguished themselves in the Classical or Mathematical parts of the Pass Examination respectively.

Candidates for Honours who shall have claimed exemption from Examination either in the Classical or in the Mathematical subjects appointed for the ordinary Degree Examination, if they shall have failed to obtain a Class in Honours, will not be eligible for the Degree of B.A. until they shall have passed the ordinary Examination.

Trinity College.

TRINITY COLLEGE was, by an Act of the Legislature of the Province of Canada, passed in the year of our Lord, 1851, constituted a body corporate, consisting of the Lord Bishop of Toronto, (or in case of the division of the Diocese of Toronto, of the Bishops of the several Dioceses into which the Diocese of Toronto shall be divided), the Trustees of the College and the College Council.

On the first of January, 1850, an Act of the Provincial Legislature came into operation, constituting the University of Toronto; and, under the provisions of this Act, the Faculty of Divinity was suppressed, and the use of the ritual of the English Church forbidden, in King's College, now known as University College.

This important change in the Constitution of a foundation which owed its origin mainly to the long-continued and persevering efforts of the Bishop of Toronto, appeared to his Lordship, and to the great body of the Churchmen of the Province to render indispensable the erection of a College for the instruction of members of the Church of England.

The Bishop, consequently, on the 7th of February, 1850, issued a Pastoral Letter to the Clergy and Laity of the Diocese inviting their co-operation in the good work. This appeal was nobly responded to, and about £25,000 currency was subscribed in money, lands, and stock in building societies.

In the same year his Lordship proceeded to England, where he received very liberal assistance in carrying out his great design. The Society for the Propagation of the Gospel in Foreign Parts, made a vote of two thousand pounds, payable by instalments of four hundred pounds per annum; and also gave seven acres and a half of land within the precincts of the city of Toronto. The Society for Promoting Christian Knowledge granted three thousand pounds; and the University of Oxford five hundred pounds. The subscriptions of individuals exceeded four thousand pounds.

On Wednesday, April 30th, 1851, the foundation stone of the College was laid, and on Thursday, the 15th of January, 1852, the Inauguration took place, and from that day the regular course of instruction commenced.

In the year 1852, the Ven. A. N. Bethune, D.D., Archdeacon of York, raised further subscriptions in England; and in 1852-3, the Rev. William McMurray, D.D., by the appointment of the Bishop, made a tour in the United States, for the purpose of soliciting subscriptions on behalf of the College. He met everywhere with a most cordial reception from the members of the sister Church; and obtained, in books and money, little short of \$10,000.

Within the Diocese, successful efforts were at the same time made by the Rev. T. B. Fuller, D.D., and by the Rev. Saltern Givins—the former by the Bishop's appointment, undertaking the canvas of the Western—the latter, that of the Eastern section of the Diocese.

In April, 1853, Dr. Burnside placed at the dis-

posal of the College the munificent sum of £6,000, in lands and money—a portion of which has been devoted to the foundation of two Burnside Scholarships for Students in Arts, in order permanently to associate with the College the name of this noble benefactor.

In the year 1864, the Rev. William McMurray, D.D., D.C.L., Rector of Niagara, was deputed by the Corporation of Trinity College, to visit England for the purpose of seeking aid towards the endowment of the College. The result of his laborious and successful endeavours was the realizing of an amount in money or in books of about \$20,000. The books are mentioned in detail in the account given of the Library of the College. Dr. McMurray's mission having been interrupted by the necessity of returning to Canada, the Rev. W. S. Darling was appointed in the following year to take up the unfinished work, and he succeeded in collecting \$2,526.

The Hon. James Gordon, M.L.C., bequeathed to the College, in 1865, the sum of £500 currency.

In the year 1866, Enoch Turner, Esq., of Toronto, bequeathed to the College £2,000 currency, payable on the death of his wife, out of his Gas Stock, "to be applied towards carrying on the charitable and holy purposes for which the College was incorporated."

Thomas Clarke Street, Esq., bequeathed to the College, in the year 1872, the sum of £1,000 currency.

Other benefactors to the College will be found mentioned in connection with the Library, or under the head of Scholarships.

Trinity College School, Port Hope.

Extract from the Port Hope Times.

“The building, now finished in Elizabethan style, has four storeys, is built of brick—strong and massive, and will form, when the projected buildings are all erected, the east wing of the School. The main entrance, on the south side, reached by a broad flight of steps, leads through double doors into a wide lofty hall, lit by a fine gothic window, from which two staircases, one for masters and pupils, the other for servants, communicate with the upper storeys, where similar halls traverse the building from south to north, while each flat is again crossed from east to west by a passage eight feet wide.

“The ground floor contains, besides the reception, head-master’s, and matron’s rooms—all models of neatness and comfort—the studies of the pupils, one for the higher and lower classes, and one for the prefects, (elder scholars who, by diligence and good behaviour, have won the confidence of the head master,) and also the temporary dining-rooms. All these rooms have a charming view either of the fertile country and the lake beyond, or to the north, of the green hills and well cultivated fields and orchards, dotted with country houses and farm buildings. The walls of the studies wainscoted from floor to ceiling, look warm and com-

comfortable, more like libraries of private residences while their whole aspect is cheerful and cosy, and almost invites to quiet study. Each boy has his box on the wall for his books and writing materials. Each room is properly ventilated and heated with hot air. We have the choice to reach the second floor either by a lift, which at present is only used to convey the meals to the dining-hall, and trunks to the loft and sleeping apartments ; or, by the elegant broad stair-case, which we chose, and landed on the floor containing the dwelling and bed-rooms of the First Assistant Master, with its magnificent view far over the great lake. Close to it, the boy's library ; further on, abutting on the broad passage, we find the sleeping apartments of the boys, of different sizes, holding some three, some four to six neat iron bedsteads, with snowy white linen, washstands, &c. and in the walls, closets for their clothing in daily use. There can be nothing more comfortable, more inviting, neater, and cleaner than these bedrooms, with their broad windows offering enchanting views of the surrounding country, heated by hot air, and provided with the most complete system of ventilation known.

"The next floor is devoted to a similar purpose as the second. It is a notable feature that each floor contains a sitting and bedroom for a master, so that in case of an accident, of illness or disturbance, an experienced gentleman is close at hand.

"The lowest floor contains a large, neat kitchen, the larder, china closets, linen closets, and all the sleeping apartments of the male and female servants of the house. It is reached by an entrance on the north side

of the building, exclusively used by the servants of the institution, and boys have no access to this floor, except to the bathroom and lavatory close to the east or boys' entrance; so that, returning from play, they may perform their ablutions without going upstairs to their bedrooms, before entering the dining-hall or their studies.

"Want of space forbids us to give our readers a more detailed description of the new College building, of the minute contrivances and devices to save labor, give comfort, to equalize heat, and provide a constant stream of fresh air through all parts of the large house, to furnish fire, to all the floors, hot and cold water to the bath-rooms, hard and soft water to the kitchen, to prevent the accumulation of dust, &c., &c; suffice it to say, that we consider this school-house the best arranged and best regulated we ever saw, both in this country and the old world, and we can assure our readers that we have visited a great number in all parts of Europe and America.

"The class rooms are at present in the old house, but will be removed to the centre building to be erected, which is to contain large lofty halls and school-rooms, a library and museum. Although at present the school-rooms are comparatively small, great care has been taken nevertheless to make them healthy and comfortable. They are four in number; and, in each, one of the resident masters presides. The small wooden chapel will shortly be replaced by a large brick edifice adjoining the east side of the new school-house.

"The instruction comprises Classics, Mathematics, English, German, French, Natural Science, Drawing, Vocal and Instrumental Music, and Book-keeping. Thoroughness being aimed at, the masters wisely abstain from overtaxing the mind, and devote an equal share of their attention to the body of the boys.

"The food provided is simple but excellent; the masters partake of the same food as the pupils; frequent ablutions and bathing is insisted upon; rural sports, foot-ball, and cricket playing encouraged, and no means neglected to make the children happy as well as healthy."

Trinity College School.

—
“*Beati mundo corde.*”
—

The School was first established in the village of Weston, near Toronto, and was opened May 1st, 1865. In consequence of the liberal offers of assistance made by the inhabitants of Port Hope, during the summer of 1868, the School was removed to that town, where it was established in buildings provided by the townspeople, free of rent for three years. Early in 1871, the property, consisting of ten acres of land, together with the buildings upon it, and situated on one of the most picturesque sites in Canada, was purchased by the School. The erection of large permanent buildings, designed by H. Macdougall, Esq., Architect, Toronto, was then proceeded with. They furnish accommodation for about eighty boarders, with apartments for Masters, Matron, and Servants, and were occupied for the first time in January, 1872.

Trinity College School was, by an Act of the Legislature of the Province of Ontario, passed during the Session of 1871-2, constituted a corporate body, consisting of the Lord Bishop of Toronto, the Chancellor of the University of Trinity College, the Provost and the Professors in Arts of Trinity College, the Head

Master of the School, and such other persons as may from time to time be appointed by the Governing Body.

During the present year, (1873) a large and handsome Chapel, capable of containing upwards of two hundred worshippers, and a spacious Dining Hall, are in course of erection at the east end of the new school building. They are expected to be completed before the commencement of Michaelmas Term.

\$60 per annum ; or \$20 per Term, for tuition only.

The Piano-forte is taught as an extra. Fee, for tuition and use of instrument, \$10 per term.

Each new Boy, on admission to the School, is required to pay an entrance fee of \$4, which is devoted to the maintenance and support of the Boys' Library, and a fee of \$12, in lieu of Bedding, &c., which are now supplied by the School, instead of, as formerly, by the pupils.

The above fees are inclusive of all School expenses, except books, stationery, drawing materials, &c, and medical attendance.

(A reduction will be made for Sons of Clergymen, in certain cases, on application to the Head Master.)

The payments for Board and Tuition, which are apportioned between the School Terms, must be paid *strictly in advance*. All other School Accounts will be sent in the usual way.

A half term's notice must be given in writing before the removal of a pupil. If such notice is not given, a half-term's fees will be collected.

The following Rule respecting the payment of Fees was adopted at a meeting of the Governing Body of the School, held on August 18th, 1870 :—

“The Fees for Board and Tuition in each Term, and any balance which may remain for Books or otherwise, from the previous Term, must be paid within a week after a Boy presents himself at the School. If this be not done, the Bursar is required to draw on the Parent or Guardian for the amount (with Bank charges,) at ten days, and should this draft be returned dishonoured, the Boy must be sent home by the Head Master.”

Books and Stationery are supplied in the School at the ordinary prices.

Boys over fourteen years of age will be admitted to the School only on the production of such testimonials of previous good conduct and diligence as shall perfectly satisfy the Head Master and the Governing Body.

BOARDING.

Boarders are received into the new School House, a building warmed and ventilated on the most approved modern system, and furnished with bath-rooms and all other appliances which can promote the comfort and health of the Boys. It is under the personal supervision of the Head Master, assisted by three Resident Masters, who direct the Boys' evening work. The household arrangements are attended to by an experienced Lady Matron.

It is particularly requested that parents should send their boys to School with their clothing, linen, and other requisites, carefully and clearly marked with the name in full.

It is desired that no eatables should be sent to the boys during Term, with the exception of fruit.

Pupils from a distance are allowed, upon application, to remain in residence during the Christmas and Easter Vacations at a charge of \$4 per week for board. No pupils are permitted to remain during the summer holidays.

It is recommended that pocket-money should be supplied to the younger boys only through the Head Master, instead of directly from home. A small sum furnished weekly is more beneficial than an occasional larger amount.

Matron :—MRS. MARMION.

Medical Superintendent :—J. F. DEWAR, Esq., M.D.

The School Year is divided into three Terms, of about thirteen weeks each :
