

MIND Your Own Business

THIS business of keeping St. John prosperous is not the work of any association. It is not particularly the duty of preachers, lawyers, doctors, politicians or others, excepting in so far as they are good citizens. It has nothing whatever to do with our civic rulers unless they are in close accord with the ordinary everyday householder in a great undertaking. It is above all parties, creeds and factions. It is as simple as rolling off a log.

There are a great many people who talk patriotism on the street corners, and buy their dry goods by mail.

Others wave the flag, glory in the Maple Leaf, and send to the United States for their machinery.

We want none of this in St. John.

To keep prosperity in Canada and the spectre of hard times out, just means that from now on every man and woman must consider their own business of first importance, and spend their money in St. John for goods made at home. It is the necessity of maintaining payrolls---yours as well as ours---that puts us all on the same level.

LATE SPORT NEWS AT HOME AND ABROAD

WHICH IS BEST, SECOND SACKER JOHN EVERS OR EDDIE COLLINS?

Damon Bunyon, a sporting writer, says:

Quite a number of more or less great baseball managers have compiled "All-American" teams, and it is interesting to note that several of them have picked Johnny Evers as second baseman. We have no criticism to offer of this selection, but it would be even more interesting to note the choice of these managers if they had the privilege of selecting either Evers or Eddie Collins for their own clubs. Some might take the Trojan, thirty-two years old, and twelve years in the game; but then, again, there are a few misguided team leaders who might incline to the more youthful Collins, with a lot of his future before him. Some of these "All-American" selections—not that of Evers, perhaps, but some of them—are based on the world's series. Johnny needed no world's series to strengthen his place in the baseball hall of fame as one of the greatest baseball players of all time. His niche was long since secure, and we may never see his like again. But supposing the Braves had not figured in the championship battles of 1914, how many managers or critics would have given John the call over Collins? A world's series often makes, and just as often breaks, a youngster, and long after they have lived their little day in the "All-American" line up and passed the old birds who may not have shown up much in the championship mill are still hanging around winning ball games in the ball leagues. We could not, for the life of us, select an "All-American" outfit. We might make a brave start, and set down the name of Jake Daubert, for instance, as a man standing out there in his respective position all alone, and then would come a confusing medley of ball games that had been busted wide open by the modest, retiring, gosh-awful-efficient Vis Sailer, or "Stuffy" McInnis. We might get our pitchers all assembled with Rudolph, Mathewson, James, Alexander, Plank, Bender, Tenreau and Johnson scattered along the firing line only to feel that we were

LIVE NEWS ON REAL FIGHTERS

Freddie Welch, the lightweight champion, will meet Fred Yelle at the Atlas A. A. Nov. 24.

Johnny Griffiths, the Akron light weight, is doing well in Australia. At Sydney yesterday he knocked out Hughie Mehegan, the ex-champion of Australia in eight rounds.

The Langford-Wills bout on Thanksgiving Day will be fought at Vernon, Calif., instead of San Francisco. Promoter McCarey of Vernon offered the boxers more money than Jim Coffroth of San Francisco would give them, and McCarey got the match.

Joe Rivers and Johnny Dundee are billed for a bout at Vernon, Calif., Dec. 8.

Willie Beecher and Tim O'Neill will meet in Chicago Thanksgiving Day.

Bob Lafavour and George Robinson will meet in Biddford, Me., next Friday night.

Patsy DeLuca and Carl Hutz have been matched to box in Biddford, Me., Thanksgiving Day.

THEY WANT RECOGNITION AS A THIRD MAJOR LEAGUE

Buffalo, Nov. 17.—Out of the confusion and secrecy which has marked the negotiations for peace between organized baseball and the Federal league there came yesterday at least one plain, outspoken statement of fact, the first which need not be taken without a grain of salt.

The author of this statement is our own William E. Robertson, president of the Buffalo club. He is the first of the warring magnates to give out what the public has long demanded, a statement of what each side is asking in return for peace. Statements regarding organized baseball's demands have been conflicting. According to Robertson the Federals want:

Recognition as a major league and representation on the national commission.

Protection of players and umpires now under contract with the Federal league.

Participation in the world's series.

Granted these demands, the Federals are said to be ready to make almost any other concession. President Robertson is one of the three men delegated by the Federal league at its recent meeting in New York to conduct the peace negotiations. The other two are Charles Weeghman of Chicago and R. B. Ward of Brooklyn.

Major League or Nothing.

Of course the moguls of organized baseball are not over-ready to submit to these demands. If they were peace would have been declared already. The toughest proposition to settle is a third major league. Organized base-

ATTEMPT TO FORM RIVAL UNIONS BLOCKED BY FEDERATION

Philadelphia, Nov. 17.—The American Federation of Labor, in convention, today adopted a resolution, "inviting and urging," unaffiliated national and international unions, such as the Railroad Brotherhoods, to join the Federation. The convention yesterday blocked an attempt to form rival unions, unless the independent organizations affiliated with the Federation. The Federation also went on record for a more general application of the eight-hour day in all trades beginning agitation for a six-hour work day.

Philadelphia, Nov. 17.—"Negotiations for peace between organized baseball and the Federal league have progressed satisfactorily, but are by no means completed," said Chairman August Hermann of the National baseball commission on his arrival here today from Omaha and Chicago. "Charles Weeghman will come to Cincinnati next week to consult with Charles P. Taft over the prospective purchase of the Chicago National league club. I believe the question of the sale of the Chicago Nationals to Mr. Weeghman will be settled one way or the other at this meeting, and I have high hopes that following this peace in baseball will come."

The minor leagues showed loyalty and gameness in their meeting at Omaha. They will have to look out keenly for their interests and for the cash ledger next season, even with all the help we can give them, for they are, many of them, in sad condition. I didn't really know how badly off some of the little fellows were till I had the chance to talk and figure out the losses with them. They are good plucky sports; they should be assisted and encouraged in every possible way, and with peace in baseball they will have a good chance to win out next season.

THE FIRST PORTUGUESE PUGILIST

Joe Azevedo, the California lightweight, who has recently been defeated by Frankie Burns and Johnny Dundee, is the first Portuguese pugilist of any note in ring history. Joseph is a native of the little republic to the west of Spain, and he will pass his twentieth milestone tomorrow. He has been fighting only a couple of years, and has made a fairly good showing for a lad of his age and experience. In his first bout of any importance he went twenty rounds to a draw with Volty Salvators, in Sacramento. After a few victories over second-rate fighters, he was matched with Frankie Burns, the clever little Californian. Frankie beat the best of it in the ten-round engagement, which was pulled off in Oakland. The Portuguese boxer then took on Tommy McFarland, and defeated him.

LIL ARTHUR AND WILLARD ARE MATCHED

London, Nov. 17.—Articles were signed today for a boxing contest of from twenty to forty-five rounds between Jack Johnson, the heavyweight champion, and Jess Willard, an American "White Hope."

The fight will take place during the last two weeks in March at some place to be chosen February 15. It is said the battle ground probably will be Mexico.

Johnson is to receive \$30,000 for fighting.

NOTES ON THE BIG LEAGUERS

When things were going badly with the Athletics and the Red Sox were handing them walkings, regularly Boston baseball writers made much of the fact that Connie Mack, instead of sitting unconcernedly upon the bench during a Joubert in Boston, and from one end of the bench to the other and even arose several times, declaring he did so because he was worried.

Connie, however, had an alibi. When he was asked to explain the reports that he was becoming uneasy his answer was:

"Say, the fans get up and stretch during the seventh-inning, don't they? Well, try sitting on the bench in the dugout for a double-header and see if you think the wood there is any softer than the seats in the grand stand!"

"When are you going to quit umpiring, Jack?" asked Billy Evans of Jack Sheridan, two years ago.

"When this pair of gloves I bought three years ago gives out," replied the dean of umpires.

"Well, Jack, I see you are still wearing those same shoes," said Evans last spring.

"Yes, I don't know if they will last the season, but when they give out I quit, too."

"I guess this is about the last day for these shoes. Bill and that means I am through, too," said Sheridan, and he made good his threat. The shoes were hanging together and that was about all. He was never seen upon the diamond again.

Noah Henline, who played the outfield for George Stallings at Buffalo says the Miracle Man was just as much intent on winning an exhibition game as a championship contest. During a training trip of the Buffalo team a college team was to be played, and Stallings, who is given to using lan-

London, Nov. 17.—The Princess Patricia has left Buxford Camp, Salisbury Plain, and have gone to Winchester, in order to be nearer Southampton. It seems likely that they will be merged with the Home Division, and are therefore likely to see active service before any of the other Canadian regiments.

John McGoldrick Very Ill. Last night it was reported that Alderman John McGoldrick is in a very critical state and there was little or no hope for his recovery.
General Hughes Will Come. Word was received yesterday by the secretary of the Canadian Club from Major General Hon. Sam Hughes, saying that he would come to St. John and speak before the Canadian Club. The date of his visit will be arranged later.

Breaking Windows and Assault. Walter Ryan was taken into custody yesterday afternoon by Patrolman McNamee on a warrant charging him with breaking windows and assault. The prisoner is 18 years old.

Found by the Police. The police report finding a man's coat on the north side of King Street and a lady's rubber on Mill street. The owners of these articles should procure them at central police station.

West India Liner Arrives. The Royal Mail Steam Packet steamer ship Chaleur arrived in port last evening from the West Indies with mail, passengers and cargo. The ship only brought a few passengers and a fair cargo. The voyage up from Bermuda was an ordinary one with the exception of heavy head winds and seas.

Relief Still Comes. A meeting of the Provincial Relief Committee was held in the local government rooms yesterday afternoon, at which arrangements for transporting goods to Halifax were discussed. Large quantities of clothing and provisions are still pouring into the relief depot here from all parts of the province. Clothing, etc., is being repacked here for shipment to Belgium. Among the contributions recently sent to Halifax there were seven carloads of potatoes and vegetables.

Speakers Wanted. The secretary of the Patriotic Committee received a letter from A. D. Holyoke of Woodstock saying that arrangements were being made to hold a public meeting in the interests of recruiting in Woodstock and fifteen other places in the county of Carleton. J. W. Hoyt of McAdam wrote that a public meeting would be arranged for there. The Patriotic Committee is being asked to supply speakers to address such meeting and could make use of a number of volunteer speakers.

Exchange Manager. M. J. McCarroll, who has been employed as lineman with the New Brunswick Telephone Company for the past few years, has been appointed exchange manager at St. Andrews, N.B. Mr. and Mrs. McCarroll and son, Harold, are to leave this week for St. Andrews, where they will reside. Mr. McCarroll has made many friends in Fredericton who will regret his departure and at the same time be glad to hear of his promotion. -Fredericton Gleaner.

Mercy Letters. Another English mail yesterday brought news to relatives here from St. John's representatives in the first contingent now at Salisbury Plains. All spoke of the routine of camp life and the weather conditions, which were rather wet. One letter told of the preparations being made for wintering. Mud huts were being erected and other shelter provided. The nights were reported as being cold but all the St. John boys appeared to be in excellent health, and were anxiously waiting for some indication of a forward movement towards the firing lines in France or Belgium.

Were Entertained. The members of the men's Bible class of Main street Baptist church were the guests of the members of the ladies' class last evening in the church vestry. An interesting programme was carried out. The Temple Band was present and gave several selections. The programme included a reading by Stanley Irvine, a solo by Otty McIntyre and selections on the bells by Bond and Bagwell. Coffee and refreshments were served. The committee in charge of the entertainment was made up as follows: Mrs. E. C. Cowan, Miss Ida Waters, Mrs. Harry Colwell, Mrs. F. E. Flowering, Mrs. John Cowan, Mrs. R. J. Burke, Mrs. B. Berry, Mrs. E. B. Dykeman, Mrs. Miles Morrell and Mrs. A. H. Case. Rev. Dr. Hutchison presided.

Tonight is opening night at the Hippodrome Dancing Academy, Queen's Rink.

PATRIOTIC COMMITTEE DOES NOT RECEIVE SALARY FOR WORK

Funds administered without large expense—Only one paid official, who devotes whole time to work—Questions of Standard Correspondent gladly answered.

The following letter, which is self-explanatory, was received by The Standard last evening from Rev. W. H. Sampson, of West St. John: To Editor of The Standard: A rumor is going round this part of the city that large salaries are being paid to people for the administration of the Patriotic Fund in our city. I shall be glad if you will inform me through the columns of The Standard if salaries are being paid for this purpose to anyone, the amounts paid, also the names of those who are receiving such money. The report, which is passing round, is such as will deter any further attempt to augment that fund, and if not true, the actual facts should be known. Yours, W. H. SAMPSON, The Rectory, Duke St., West St. John.

ANNIVERSARY OF THE CITY CORNET BAND

Enjoyable function held last evening marked 40 years of successful life of Musical Organization.

The 40th anniversary of the City Cornet Band was celebrated last night in their rooms King street east, and proved a most enjoyable function. The affair took the shape of a reunion at a smoker with a very large number of guests present. Like all social events given by the band the committee in charge left nothing undone for the pleasure of all present. The hall was tastefully decorated and for four hours there was not a minute when the present were not being entertained with music, readings, sketches or well delivered addresses.

The band was organized in 1874, and seated beside P. M. Higgins, the present president of the band, last night, were two members of the band who were first organized forty years ago, these members being W.M. Wallace, at time the president, and James Connelly, who has proven one of the mainstays of the band since. These two gentlemen in their addresses told at length of the history of the band and showed that it is and has been a popular organization in every respect. It is now stronger financially, musically and in membership than ever before.

The music during the evening was furnished by St. Peter's orchestra under the able leadership of E. W. McBride. They were about 18 strong and the selections rendered were highly commented on. Songs were well rendered by Fred Joyce, S. Herbert and David Higgins; a violin solo was given by Mansell O'Neill and readings by J. H. McIlhugh and S. C. Hurley.

A toast to the King was received with musical honors. A toast to the City Cornet band was proposed by A. McCloskey and responded to by James Connelly. The toast to "Our Guests" was proposed by Fred Hazel and responded to by Hon. R. J. Ritchie. R. Clark proposed the health of the honorary members and W. M. Wallace responded. President Higgins proposed the health of the City of St. John and Commissioner J. V. Russell responded. W. M. Wallace proposed the health of the press which was responded to by a member of the Standard staff. David Higgins called for the health of the ladies and this toast was well looked after by W. Bairdley. In all the addresses there were complimentary references to the band and the purchase pledged ignorance to the law. There was quite a discussion on the question of the by-law being antiquated. The magistrate reserved judgment until Thursday afternoon.

Miss Perrill's Condition. A report from the General Public Hospital at 2:30 o'clock this morning, was to the effect that the condition of Miss Violet Perrill was about the same; she remains unconscious. Miss Perrill was struck by an automobile on Mill street last Saturday night about eleven o'clock and is suffering from shock and concussion of the brain. At the time of the accident she was taken to the hospital unconscious and has practically remained in that condition. There is not much hope for her recovery.

Army Service Corps. All members of No. 7 Co. C. A. S. C. will meet at the Armory tonight at 8 o'clock.

RECRUITING HAS SLOWED DOWN

More Men Wanted For New Brunswick's Contingent—Large Force For Island.

Recruiting for the 26th New Brunswick Battalion for the second contingent was not particularly brisk yesterday and only a few men volunteered their services to the Empire. The recruiting officers were at their stations but the day was a quiet one. The men already signed on the roll were put through their drill and outdoor work was continued. The men were marched through the streets and proper training for putting them in good physical condition was the order of the day.

Lieutenant Colonel B. R. Armstrong said last night that the young men of New Brunswick were needed as well as men from other parts of the Empire and he thought it was too bad that recruiting was not brisker. He hoped that the meetings would have a good effect on the young men and that from this on they would come out in larger numbers. Authority has been received by Lieut. Col. Armstrong to take on more men for the home service at Partridge Island.

This opportunity of pointing the composite battery at Partridge Island on the 2nd Contingent. The men will not be taken on at once, but lists will be prepared of the present members of the Corps, former members of the Corps and men of other Corps with previous training in Artillery or other mounted units who in the next few days hand in their names as volunteering for foreign service with the Artillery. These lists will then be carefully considered, and from them the required number of men will be selected. Those wishing to volunteer will do so by writing to the Adjutant, Captain W. A. Harris, Office at the Armory any afternoon or evening this week.

GOVERNMENT TAKES OVER THREE FURNACE LINERS

Vessels coming to St. John in London trade now engaged in the Imperial Service. News was received in the city yesterday by William Thomson and Co., local agents of the Furness Line, that three more steamships of the Imperial Government. The ships mentioned are the Rappahannock, the Kanawha and the Shenandoah. The Rappahannock finished loading general cargo and was due to sail for London this morning. The Shenandoah is the ship that, a couple of months ago, went ashore on Little Musquash and being brought to this port was beached on Navy Island Bar. The ship has been in the dry dock at Halifax and only yesterday came out, fully repaired. It was expected that she would come to St. John to load but this sailing has been cancelled owing to her being taken over by the government. The Kanawha, the third ship to be taken over, is a regular visitor to this port in the London trade.

THE ALLIES AIDS AND THE "GREEN LANTERN"

Good results obtained by operation of tea-room - More than \$500 in hand for funds. On Monday evening the Green Lantern was closed. The committee of the Allies Aids who are in charge of the tea-room at the Montreal Hotel, thought that as Monday night was so stormy there would be no customers. It appears, however, that a considerable number of people turned up and were pointed out. Because of this fact it has been decided that hereafter the weather will make no difference. The Green Lantern will be open in aid of the fund every Monday, Wednesday and Friday from now until Christmas no matter whether there is a blizzard or not. At the present time the funds on hand amount to something over five hundred dollars and there is no abatement of the effort to raise one thousand by Christmas. Tonight the committee will start selling tickets for a mahogany tray which should bring in a few dollars. Oysters, sandwiches, cake, coffee, etc., are served each evening and the Green Lantern on these evenings is becoming a very popular after-theatre resort.
