GOLD 7-30 LOAN.

A profitable and secure Investment. THE Northern Pacific Railroad Companyoffers to the public an invostment security which combines the ready negotiability, the conveni ence, and the high credit of a first-class Railroad Bond, with the solidity and safety of a Real Estate Mortgage on Land worth at least twice the amount loaned. Traffic. As officially reported, the gross earn ings of the present Pacific Railroad (Union and

Central) for 1871, the second year of through business, (December earnings estimated) reach Seventeen Millions and a Quarter. Of this, 65 per cent. is from Local business, and, it is stated number of these buildings, and will be received: fully 55 per cent., or nearly Nine and a Half Millions, are net over operating expenses. marked "Tenders for Buildings," at the Com-An equal traffic on the Northern Pacific Road will pay a dividend of more than 91/2 per cent. on its total cost. With its great and unquestioned advantages in distance, grades, climate and tri-butary fertile country, the Northern Pacific is ssured of a vast and profitable business from the outset, with a large increase for the future. The Value of Land Grants. The average price at which the twenty-six leading Land-grant at which the twenty-six leading Land-grant Railroads have thus far sold their lands, is \$7.04 per acre—the highest average of any grant being \$13.98, and the lowest \$3.07. With few exceptions, the average selling price has steadily increased from year to year. The lands of the Northern Pacific Road are admitted, by all who Blanks fr do.; Northern Pacific Road are admitted, by all who have seen them, to be better and more salable have seen them, to be better and more than those of most other grants, but, sold at the Payson, Dunton & Scribner's Copy Books; than those of most other grants, but, sold at the Payson, Dunton & Scribner's Copy Books; general average of \$7.04 per acre, they will yield Staples' McMILLAN'S MAP OF NEW BRUNSWICK. more than \$161,000 per mile of road—more than three times the possible cost of construction and three times the possible cost of construction and equipment; or, at the lowest average of any grant (\$3.07), they will produce more than \$70, 000 per mile. These facts regarding Pacific Railroad earnings, and the market value of Railroad Lands, as shown by actual sales to gettlers show the three fact sensitives for Newth.

honds of this company, which, after full investigation, we strongly recommend as a reliable and unusually profitable investment, and which now stand among the solid and favorite securities of the country, have the following leading features;

1. They are exempt from United States tax: the Principal and Interest are payable in gold—the principal in 30 years, and the interest semiannually at the rate of 73-10 per cent. per annum, Denominations, from \$100 to \$ 0.000. The proceeds of all sales of Land are required to be devoted by the Trustees of the bondhold rs, (Messrs. Jay Cooke and J. Edgar Thompson), as a Sinking Fund to the purchase

and cancellation of the first mortgage bonds, or temporarily to the payments of interest thereon if necessary.

Exchanging 5 20s. In view of the ability and fixed policy of the Government to call in its 5-20s and substitute a low-interest bond,— \$140,000,000 having been called in for cancel lation since September 1st—many holders of 5-20s are exchanging them for Northern Pacifics, thus adding to their principal the presen premium on Government Bonds, and increasing their yearly interest income nearly one third,

When purchasing Plate Powder, be sure to ask for

W. H. ATKINSON'S Champion Plate Polish, WHICH will save considerable time and trouble, and will be found invaluable, as it will clean the article from dirt or grease, as well as produce a most brilliant polish.

The Proprietor can, with the greatest confidence, recommend his "Champion Plate Polish" as an article superior to anything of the kind ever offered to the public. One trial of it will ensure constant use: and as it saves so much time and labour, besides producing a very lasting polish, Housekeepers will find it worth their while to use "Atkinson's Champion Plate Poish" for cleaning and polishing all kinds of silver and plated goods.

This article is done up in fancy boxes, of different colcurs, at seventeen cents each.

If the Weekly be desired in addition one-half must be added to those prices. If Weekly only, price the same as Tri-Weekly, To Merchants and others destring to obtain reliable reports of the Halifax Markets, we can confidently recommend the CITIZEN, it being in fact the only paper issued in Halifax which publishes a regular Commercial Review. Several other journals have attemp ed it, but have allowed it to drop. In its shipping reports the CITIZEN has always been acknowledged to be in advance of any journal published in the Maritime Provinces, and this has given it a circulation specially large among the persons advertisers most desire to reach, Merchants, Shipowners and men of means generally. It contains more reading matter than any other Halifax Tri-Weekly and Weekly an more reading matter than any other Halifax Tri-Weekly or Weekly, and is the largest paper published in the Province. NOTICES OF THE WISDOM OF THE KING

Rev. James Bennet,

EVIDENCES of deep and serious thought throughout the volume."-Belfast News Letter, Jan. 24, 1871. "Succeeds well in seizing on the salient points of the words of the Royal Preacher, and in bringing them home to present duty."—Glasgow Daily Review, Feb 6, 1871.

ST. JOHN, N. B.

"Characterized by directness of aim, sound sense, and right appreciation of the sacred writer's meaning."—The Preachers' Lantern, (London), Feb. 1871," "It is a good book of sterling value."-The British and Foreign Ecclesiastical Review, April

"The production of a highly cultivated mind.
... We have read several works on Ecclesiastes, and well remember the pleasure with which years ago we perused the 'Royal Preacher,' but for fine criticism, comprehensiveness of thought, striking illustration and unostentatious, yet eloquent and forcible style, The Wisbom of The King, we think, surpasses them all."
—St. Croix Courier, March 6, 1871. "The volume is not an unworthy companion of Dr. Buchanan on the same book."—The Homidist (London), April 1971.

"This is a bright, breezy book, both interesting and instructive. We can most conscientiously commend this book generally, as one of the most sprightly, attractive and instructive works of its kind that has fullen under our observation."—Boston Evening Traveller, May 6th, 1871. "Every portion of the work indicates extensive scholarship and mature thought."—
Belfast Northern Whig. April 8th, 1871.

"The force, raciness and robust manliness of Mr. Bennett's style and mode of treatment will arrest attention and excite interest in quarters where preaching or writing of the average quality would fall flat and dead."—Home and Foreign Record. March, 1871. "So plain yet so suggestive, so practical yet so profound are these Lectures that while vou read them you feel their deep ruth and reality; that you are in contact with realities both visible and invisible; that you are in close contact with the beating heart of nature and humanity, and that all their life and hope flow full and free from God alone."—Fredericton Head Quarters, March 1st, 1871.

Head Quarters, March 1st, 1871.

"The writer is evidently well acquainted with the literature of his subject, and that acquaintunce reveals itself almost unconsciously in every page. There is no ostentation of reading or learning, but there is everywhere the gleaming forth of light which cannot be hid.

The style is simple, intelligible, graceful. It shows at once that Mr. Bennet is a man of literary culture, who can express his thoughts with scholarly chasteness and good taste. We could not open a page without meeting some thought vigorously expressed. The work is eminently fresh and readable,"—Pres. Witness, Halifax.

"He reveals in the treatment of his themes strong common sense, a firm grasp of thought, a logical acumen and a clear insight into human character. Even when dealing with trite ideas he imparts to them a novelty and interest by which they are lifted into an importance they scarcely deserve. The style throughout is lucid, pure, compact, forcible,—and it is his own-the garb of his own thinking. We have met in our perusal of the book with numerous parngraphs of finished and brilliant rhetoric—fine specimens of pulpit oratory. He is never tame nor tiresome. We have not found one slip shod sentence in the volume."—Christean Visitor, (Baptist) March 6th, 1871.

"We were not prepared to find him writing in such a finished style and issuing such a volume as 'the result of certain preparations made for an evening lecture to his congregation.' If all his pulpit perfermances are equal to these, his people have reason to rejoice in the Providence which guided his steps to them."— Evangelical Witness, May 1st. 1871. "This is a remarkably thoughtful, solid book'd.

Mr. Beonet is evidently at home in Metaphysics and Ethics, and he is a shrewd observer of human nature in its ordinary manifestations; consequently he ranges over the lessons of the Preacher with a power of illustration which shews his mastery of the subject. The style is close and direct, and yet so lucid, that any reader may understand every sentence in the volume. It will, we doubt not, take its place, as it ought to do, among our household expositions of this treatise of observation and Jewish wisdom." The Presbyterian (Philadelphia), May 20, 1871.

phia), May 20, 1871.

"The lessons to be learned are drawn with a master's hand, and are expressed with a combined force and beauty that we have rarely seen surpassed in the production of any author. The ordinary reader will find nothing that is above his comprehension, and yet it would be difficult to find a common place thought or form of expression. A combination of these requisites we deem the highest meit a writer can possess.

"We will be much disappointed if the book do not command a wide circulation. Wherever a sound literature is felt to be a deside atum, the sum of t

"The Wisdom of the King is well worth careful reading. Indeed you cannot read much of it at once. There is a constant play of fancy shout the thoughts, and often the very words, hat is admirably suited to the Scripture book, for which this is an exposition, but which demands such constant attention on the reader's mands such constant attention on the reader's part that he gets tired, for he does not know where it is to end. The style is compact, lucid, often sparkling and epigrammatic, the sentence cut sharply, but with a poetic fullness of original illustration that redeems them from all hardness."—Halifax Monthly Record, (Church of Scotland)

"Each chapter is so well done, so lucid, yet concise in its exposition, that it is sometimes difficult to determine which is the best and most interesting.—Stewart's Quarterly, St. John. had at Messrs. McMillan's, Chubb's, Barnes's, and Colonial Bookstore. jan 5
