Let us quote you a price on overhauling that car of yours, so that you may know exactly what it is going to cost. It is only a fair business proposition, to your advantage as well as ours. This eliminates all guess work. We guarantee to do a satisfactory job.

THE DR. WILLIAMS MEDICINE CO. OFFER TWENTY-EIGHT PRIZES FOR BEST LETTERS IN A LETTER WRITING COMPETITION

Some years ago the Dr. Williams Medicine Co., of Brockville, Ont., offered a series of prizes to residents of the Maritime Provinces for the best letters describing benefits obtained through the use of Dr. Williams Pink Pills for Pale People. Hundreds of letters were submitted in this competition, and yet there must of been thousands of other users of the pills who did not avail themselves of the opportunity to win a prize. To all these another letter-writing competition is offered. Thousands have benefited through the use of Dr. Williams Pink Pills whose cases have not been reported. These will furnish the material for letters to be written in this contest. There is no demand upon the imagination; every letter must deal with facts and facts only.

THE PRIZES

The Dr. Williams Medicine Co., of Brockville, Ont., will award a prize of \$25.00 for the best letter received on or before the 10th of February, 1925, from the residents of these provinces on the subject: "Why I Recommend Dr. Williams Pink Pills." A prize of \$15.00 will be awarded for the second best letter; a prize of \$10.00 for the third best letter, and twenty-five prizes of \$2.00 each for the next best twenty-five letters.

THE CONDITIONS

The benefit derived from the use of Dr. Williams Pink Pills described in the letter may be in the writer's own case, or that of some one in the writer's home.

More than one case may be described in the letter, but every statement must be literally and absolutely true.

Every letter must be signed by the full name and correct address of the person sending it. If it describes the case of some person other than the writer of the letter, it must also be signed by the person whose case is described, as a guarantee of the truth of the statements made.

The writer of each letter must give the name and date of the paper in which he or she saw this announcement.

Fine writing will not win the prize unless you have a good case to describe. The strength of the recommendation and not the style of the letter will be the basis of the award.

The Dr. Williams Medicine Co. shall have the right to publish any letter entered in this contest, if they desire to do so, whether it wins a prize or not.

The contest will close on February 10th, 1925, and the prizes will be awarded as soon as possible thereafter. Do not delay. If you know of a good case write your letter NOW. Observe the above conditions carefully, or your letter may be thrown out.

Address all letters as follows:—

MIDDLETON BOY SCOUTS

THE CHIEF COMMISSIONER'S NEW YEAR'S MESSAGE

Dear Brother Scout,—

Youth has those fine qualities that belong to unutilized life and those handicaps that accompany inexperience. It is your privilege and mine to do what we can through Scouting to nature the former and to remove the handicaps by advantages.

For us the supreme test of progress in Scouting is in the improved quality of the Scouts and the appropriateness of the opportunities we provide for their wholesome development—health, honour, good will, intelligence, ability, service—all yielding abundant harvests of happiness. No one of us is wholly sufficient for these things; but in individual life Troop life and in national life—they are greatly to be desired and prized.

Please set apart five minutes a day to think about what you can do and be to help Canada to become great, beautiful and glorious and yourself worthy of our cause and our country. Work, play and pray for that.

I wish you a Happy New Year.

Faithfully yours,
JAS. W. ROBERTSON,
Chief Commissioner,
Ottawa, Christmas Day, 1924.

The Welcome Guest

My advertising of Moirs Chocolates has brought a great many Nova Scotian folks into my stores. They all demand your goods, remarking that there is no other make of Chocolates like Moirs'. From E. W. Pentz, formerly of Shubenacadie, now proprietor of Standard Drug Stores, Border Cities, Sandwich, and Windsor.

BUT YOU OUGHT TO HEAR HIM

My father says the paper he reads is not put up right. He finds a lot of fault, too, he does persist in it all right; He says he ought to take a single thing in it worth to read. And that it doesn't print the kind of stuff; He tosses it aside and says it's strictly bum.

But you ought to hear him holler when the paper doesn't come.

He reads about the wedding and he snorts like all get out; He reads the social doings with a most derisive snort; He says they make the papers for the women folks alone; He'll read about the parties and he'll fume and fret and grum; He says of information it doesn't have a crumb— But you ought to hear him holler when the paper doesn't come!

He is always first to grab it and he reads it plumb clear through. He doesn't miss an item, or a want ad—That is true; He says they don't know what we want, the darn newspaper guys; 'Tisn't no use to take us some time and go and put 'em wise; Sometimes it seems as though they mass at the deaf and dumb; But you ought to hear him holler when the paper doesn't come!

The Nova Scotia Fruit Growers Association will hold their annual meeting on January 29-30. Formal opening at 2.30 p.m. on Tuesday, Jan. 30th. The formal opening will be followed by a banquet on the same evening at which Hon. R. E. Finn, M. P., will give an address on freight rates, this will be followed by an informal round table talk by the members of the Association, on various important problems relative to Horticulture.

Anyone wishing to open any subject along Horticultural lines is privileged to do so. The remaining sessions will be addressed by prominent speakers from the various departments of agriculture, viz. Ottawa, Truro, Nappan, Kentville and some local speakers.

With preferential trade in view, a golden opportunity is offered, and it is said Fortune knocks once at our door, so it is well to get together and discuss our problems for we have got a lot to learn about raising, handling and marketing our apples.

Keep Little Ones Warm in Winter

Winter is a dangerous season for the little ones. The days are so changeable — one bright, the next cold and stormy, that the mother is afraid to take the children out for the fresh air and exercise they need so much. In consequence they are often cooped up in overheated, badly ventilated rooms and are soon seized with colds or grippe. What is needed to keep the little ones well is Baby's own Tablets. They will regulate the stomach and bowels and drive out colds, and by their use baby will be able to get over the winter season in perfect safety. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

A good reputation can be made by playing the game fairly, by giving the worth of a dollar for a dollar; by a cheerful co-operation under very trying conditions; by "carrying on" the face of difficulties; by doing one's best and sitting tight; and by being resolute enough to own up to your mistakes.

The only difference between the difficult and the impossible is that the impossible takes more time.

New Lamp Burns 94% Air
BEATS ELECTRIC OR GAS

A new oil lamp that gives an amazingly brilliant, soft, white light, even better than gas or electricity, has been tested by the U. S. Government and 35 leading universities and found to be superior to 10 ordinary oil lamps. It burns without odor, smoke or noise—no pumping up, is simple clean, safe. Burns 94 per cent air and 6 per cent common kerosene (coal oil).

The inventor, J. M. Johnson, 241 Craig St., W., Montreal is offering to send a lamp on 10 days FREE trial, or even to give one FREE to the first user in each locality who will help him introduce it. Write him today for full particulars. Also ask him to explain how you can get the agency, and without experience or money make \$250 to \$500 per month.

Strong character is seldom achieved or created at will. It is a structure built and maintained by performance. Where properly maintained it makes past achievement an enduring part of today and a guarantor of tomorrow.

Not more than one man in a thousand can tell you why he smiles when he is pleased, or why he frowns when he is displeased. The other nine hundred and ninety-nine say it is the material thing to do — and let it go at that.

THE NEW YEAR

A Flower unbloomed; a Book unread;
A Tree with Fruit unharvested;
A Path untrod; a House whose rooms
Lack yet the heart's divine perfume;
A land whose wide border lies
In silent shade "neath silent skies;
A wondrous Fountain yet unopened;
A casket with its gifts concealed;
This is the Year that for you waits
Beyond tomorrow's mystic gates.
