GERMAN CHANCELLOR EXPECTED TO ACT TODAY ON WILSON'S NOTE

WILSON'S REPLY TO GERMANY IS STRONGLY INDORSED BY LEADING ALLIED NEWSPAPERS

London Chronicle Says There Is No Chance For Misconstruction—Telegraph Hints As Hardest-Hitting Communication Ever Sent Out in Form of Diplomacy.

London, Oct. 16.—Declaring that every Allied country will indorse President Wilson's note to Germany, the Chronicle says: "There is no closing of the door on negotiation, and yet there is no opening for a side-tracking correspondence nor a retirement in the silence. There is in the note no pretext for ambiguity or misconstruction."

"President Wilson points out that the acceptance of his terms means the end of Hohenzollernism, and there he undoubtedly speaks the mind of the Allied democracies. We have to insist upon its removal as a process of eradication on which there can be no going back."

The Telegraph describes President Wilson's note as one of the hardest-hitting communications ever given out under the form of diplomacy.

Day of Nemesis.
"We are much mistaken if it does not prove the decisive political blow at the system which made war and which must be utterly rooted out and destroyed before the war is over," the newspaper continues. "This is the day of Nemesis at the hands of the president who prove that the American people, no more than ourselves, will shrink from the task of retribution."

The Daily News says: "President Wilson's reply goes with shattering force and directness to the heart of the business. Kaiserism has made the earth a shambles again. That is the core of the reply."

"It is the most momentous declaration of world policy ever uttered, and has behind it the embattled strength of civilization and the sanction of democracy in every land. No more kings in

shining armor must be tolerated on this planet."

PANIC IN BERLIN.
London, Oct. 16.—President Wilson's reply to the German peace note produced "a most unfavorable impression" in Berlin, says a Central News dispatch from Amsterdam today. The publication of the reply, it adds, was followed by a panic in Berlin banking circles and on the stock exchange. The German supreme command, the dispatch says, will come to Berlin at the end of the present week "to deliberate on mobilization, concentration of the national strength and the raising of military aid."

PRINTED ORIGINAL TEXT.
Paris, Oct. 16.—The original English text of President Wilson's reply to the German note was printed by the Temps yesterday. This is the first instance in which such a thing has been done by a French newspaper.

FRENCH PRESS ENTHUSIASTIC.
Paris, Oct. 16.—Enthusiastic approval is given President Wilson's reply to Germany by the morning newspapers today. The Figaro says President Wilson's "length of thought and staunch loyalty no longer permit the Germans to compromise with defeat. It adds that it puts the question of German morality with singular force, and that is the question which divides the world."

The president, the Petit Journal says, seeks to prepare the separation of the German nation from its present rulers and if he succeeds Prussian militarism will be dead. The Petit Journal says it is the sentence of a supreme, impartial and honorable judge that President Wilson has just pronounced and his sentence renders justice to Germany.

ABBREVIATION
When German hordes were first let loose by orders from Berlin, the allied nations with blanching cheeks, said "Can the Kaiser win?" But four years of tough fighting have made allied nations wiser.

And instead of "Can the Kaiser win?" they now say "CAN the Kaiser?"
—Fred Young, 18th Battalion.

CAILLAUX AND TWO OTHERS TO BE TRIED OF SERIOUS CHARGES
French High Court Will Hear Evidence Commencing on October 29.

Paris, Oct. 16.—Edouard Ignace, undersecretary of state for justice, reported to the cabinet today on his investigation of the charges against Premier Caillaux, Deputy Louis Lods, and Paul Comby. The cabinet immediately issued a decree convoking the high court to meet on October 29 to try the charges against the three men.

M. Ignace said that his inquiry showed that the men should be tried under article 221 of the constitutional law of 1875 concerning criminal attempts against the security of the state. All three of the accused have been under arrest for several months.

FORMER TURKISH WAR MINISTER SUCCEEDED TO THE PREMIERSHIP
Izzet Pasha Instead of Tewfik Pasha Heads Ottoman Government.

Copenhagen, Oct. 16.—Upon the resignation of the Turkish ministry of Talaat Pasha, the premiership was assumed by Izzet Pasha, a former minister of war, instead of by Tewfik Pasha, former Turkish ambassador to Great Britain, as has previously been reported, according to a Constantinople dispatch received here under date of Monday, October 14.

Izzet Pasha, also took the portfolio of minister of war. No foreign minister as yet has been appointed, the message adds, but Nazim Bey, former Turkish ambassador at Rome, is in charge of the foreign ministry ad interim.

HUNGARIAN PREMIER ANNOUNCES INTENTION TO RESIGN POSITION
Dr. Weklye Intimates That His Country's Attitude Toward Austria Has Changed.

Amsterdam, Oct. 16.—Dr. Weklye, the Hungarian premier, in a recent speech, intimated that it was possible he would resign in the near future. It was in the course of this address that he stated that Hungary's attitude toward Austria has materially changed and that Hungary must be represented at the peace conference. He made it plain, however, that he did not mean that Hungary would conclude a separate peace.

MAXIMILIAN EXPECTED TO DECIDE TODAY

Report States He Will Act At Once on Wilson's Note.

London, Oct. 16.—It is expected that the German imperial chancellor will make a decision today in the matters contained in President Wilson's latest note, says a dispatch from Copenhagen to the Exchange Telegraph Company.

SULTAN INVOKES ALLAH'S AID TO SAVE COUNTRY

Head of Ottoman Government Grieved at Bulgaria's Defection.

Basel, Switzerland, Oct. 16.—At the opening of the Turkish Parliament the sultan in his speech from the throne recalled the difficult situation in which Turkey has been placed by the defection of Bulgaria, according to a Constantinople dispatch received here. The Government, he said, in common with his allies, had sought to give the people an honorable peace, but he had taken necessary steps for the defence of the country.

The sultan hoped the war would have a happy ending, and invoked the aid of Allah to preserve Turkey from ruin and internecine strife.

The chamber elected Halil Bey, former foreign minister, president. Riza Pasha was chosen president of the senate.

COMMON DRINKING CUP IS SPREADING DEADLY INFLUENZA

Toronto M. O. H. Says Victims of Disease Will Number Thousands.

WAYS OF TRANSMISSION
Dr. Hastings Says Pneumonia Is a Highly Contagious Disease.

[Special to The Advertiser.]
Toronto, Oct. 16.—"There is a great deal that is not known about the influenza and its transmission," said Dr. Hastings, medical officer today. "And when this epidemic is over it will afford a great field for scientific research. The invisible foes of the human race (influenza and pneumonia) which are now attacking this continent will have had more victims by the time the epidemic is over than the total number of Canadians and Americans killed in the great war, that is if the war is over in a few months."

Dr. Hastings is receiving many inquiries as to prayer meetings and church services. He is not taking any action with regard to the weekly prayer meetings due to be held tonight, nor with regard to regular church services next Sunday. He requests, however, that Sunday Schools be not held and that churches also forego communion services where the common communion cup is used.

It is akin to the common drinking cup, he said today. "And on the latter all sorts of germs have been discovered, including the pneumo coccus and streptococcus, which convey pneumonia. People have the idea that influenza is not a contagious disease, but it is, and that is one of the ways it may be transmitted."

WESTERN ONTARIO DRAFTS ARE LANDED SAFELY IN ENGLAND
OTTAWA, Oct. 15.—It is officially stated through the chief press censor's office that the following troops from Western Ontario have arrived in England: Infantry draft, 153, 1st Depot Battalion, Western Ontario Regiment, London, Ont.; medical draft from London.

HUNS BEING DRIVEN FROM BELGIUM OPEN CAMPAIGN OF WANTON DESTRUCTION

Allies Have Advanced From Two to Five Miles on a Thirty-Mile Front in Flanders—Belgian Forces Are Within Twenty Miles of the Dutch Frontier.

Paris, Oct. 16.—The German extreme right wing is being threatened more and more as the allied wedge in Flanders is driven deeper. The enemy resistance seems to be slackening in Flanders, and it is believed here that important results may be seen within a few days. Already the advance of the allies is from two and one-half to five miles on a 30-mile front from the right the British hold Menin and Werwick, and have poured almost within their grasp the great industrial centres of Lille, Roubaix and Tourcoing seems inevitable as the result of this gain. On the left the Belgians are approaching Thourout, only twelve miles from Bruges, and within twenty miles of the Dutch frontier.

There are signs that the Germans realize the days of their occupation of Belgium are numbered. They already disperse from different parts of the country. From Quebec and the Maritime Provinces came reports to the effect that conditions are improving. Announcements from Winnipeg and points west as far as Vancouver show increases in the number of cases and deaths, and officials in Toronto believe that they will suffer proportionately to the cities and rural communities in the east.

The total number of patients reported in local hospitals at noon today is 907, and fifteen civilians have succumbed since last night. Over 100 nurses have been stricken with the disease while nursing hospital patients.

HAMILTON'S LATEST ACTION.
Hamilton, Oct. 15.—With the toll of deaths from Spanish influenza steadily mounting and a constant increase in the number of new cases, the board of health decided on drastic action today to combat the disease. Churches, schools and theatres will be closed for two weeks and no gatherings, numbering more than twenty people, will be allowed without a permit.

The proclamation will likely go into effect on Monday. This action follows a joint recommendation from the board of trade and the Hamilton Medical Council.

REACHES BERLIN
President Wilson's Reply Arrives at German Capital.

Basel, Tuesday, Oct. 15.—President Wilson's reply to the German peace proposals reached Berlin at noon today. It had not been given to the German public, however, up to 3 o'clock.

St. Louis, Oct. 15.—Congressman Jacob E. Meeker died here this morning of Spanish influenza after his marriage last night to his private secretary.

BRITISH ENTER THE SUBURBS OF LILLE; BELGIANS WITHIN A MILE OF THIELT

INSURRECTION IS SPREADING IN UKRAINE

Report Says German Forces Are Joining Rebels.

PEASANT FORCE OF 5,000

Several Thousand Troops Near Ekaterinoslav Have Hoisted Red Flag.

Stockholm, Oct. 16.—Insurrection is spreading in the Ukraine and recently extended throughout the entire Government of Podolia, according to dispatches received by the Politikon. At several places, it is reported, the German troops are siding with the rebels. Several thousand troops are declared to have hoisted the red flag near Ekaterinoslav, and to have killed their officers. They are now marching on to Khar'kov to join the revolutionary soldiers who hold the town.

A peasant force of five thousand men, well armed with machine guns and cannon, is moving on Potava.

MINERS MAY FACE FAMINE AS RESULT OF VESSEL'S RETURN

Alaska Residents Left in Bad Position Due to Storms.

Seattle, Oct. 15.—Because storms damaged the power schooner Ruby and forced it to return without reaching the Kushnuk River section of Alaska with cargo of supplies, several thousand miners and prospectors of that section are threatened with famine before winter fairly sets in, according to the Ruby's master, Capt. McAlpine, who has arrived here. The Ruby was the only ship sent to the Kushnuk section last summer, and it is believed to be too late for another vessel to make the trip this year.

SPAIN AUTHORIZES THE
FLOATING OF NEW LOAN

Modification Is Made in the Rules of Censorship.

Madrid, Oct. 15.—Constitutional guarantees have been re-established by the cabinet. There has been a modification of the rules of censorship by the Government. The cabinet has authorized the floating of a loan of 200,000,000 pesetas.

Fair weather prevails generally except in Manitoba, where rain is falling locally this morning.

Haig's Troops Gain Ground in the Douai-Lille Sector—The American Forces Make Gains on Both Sides of the Meuse Despite Stubborn Resistance of the Enemy.

Paris, Oct. 16.—British patrols entered the southwestern suburbs of Lille this morning.

BELGIANS NEAR THIELT.
British Headquarters, Oct. 16.—Belgian cavalry were this morning reported to be within a mile of the important railroad centre of Thielt.

FRENCH CAPTURE ACY-ROMANCE IN THE CHAMPAGNE DISTRICT

Paris, Oct. 16.—French forces last night captured the village of Acy-Romance, within a mile of the important railway junction of Rethel, in the Champagne, the war office announced today. The text of the statement reads: "In the course of the night we made a little progress to the north of Sissons, and north of Asfeld-la-Ville. We stopped a violent counter-attack, strongly supported by artillery, in the region of St. Germain Mont."

"To the southwest of Rethel we captured the village of Acy-Romance."

BRITISH GAIN GROUND.
London, Oct. 16.—Gains of ground by British patrols during last night in the Douai-Lille sector are reported by Field Marshal Haig in his official statement today.

The text of the statement reads: "Our patrols gained ground slightly during the night in the Douai-Lille sector."

PERSHING'S TROOPS GAIN GROUND ON BOTH SIDES OF THE MEUSE

Washington, Oct. 16.—Substantial gains on both sides of the Meuse against stubborn resistance by a reinforced enemy was reported today by Gen. Pershing in his communique for Tuesday. The dispatch follows: "Our troops today continued their attack on both sides of the Meuse, encountering stubborn resistance from a reinforced enemy. East of the Meuse, French and American troops have gained ground. West of the river the fighting has increased in violence, and our troops have made substantial gains, including Hill 299, which changed hands three times. We have broken the Kriemhild-Stellung at new points, where our men closed with the enemy in a series of hand-to-hand encounters, in which they took prisoners."

FALL OF THOUROUT CERTAIN.
London, Oct. 16.—The Belgian army under King Albert is advancing rapidly along the Cotte Marek-Thourout road. The fall of the Belgian town of Thourout, whose capture was prematurely announced unofficially yesterday, is expected almost immediately.

AMERICANS REPULSE ATTACK.
With the American Forces Northwest of Verdun, Oct. 16.—The Germans today continued their resistance against the advance of the American forces on this front, the strength of the opposition fully equalling that of yesterday.

With machine guns, some artillery fire, and minor counter-attacks, the Germans this morning interposed desperate resistance to Pershing's men all along the line.

All the counter-attacks were easily repulsed. They had the appearance, because of the small numbers of men employed, of being efforts to throw confusion into the American ranks in order to gain time.

ON OUTSKIRTS OF COURTRAI.
London, Oct. 15.—The British second army, fighting in Flanders, has reached Le Chat, on the Courtrai-Ingelmunster road, and has captured the villages of Gulleghem and Heule. The British have advanced to the outskirts of Courtrai.

ITALIANS ANNOUNCE SUCCESSES.
Rome, Tuesday, Oct. 15.—The text of the official statement issued at the war office today reads: "There has been considerable local fighting from Lake Garda to the Brenta Valley. Our artillery has carried out effective bombardments in the Lagarina Valley and the Arsa Valley. Patrol encounters favorable to us have been fought at Conealaghi and in the Arsa Valley."

"On the Asiago Plateau reconnoitering parties entered an enemy advance post and returned without loss."

RADICAL CHANGES RECOMMENDED BY SUB-COMMITTEE OF METHODISTS

Sweeping Changes Proposed in Resolution.
HOT DEBATE EXPECTED

Church Is Asked To Commit Itself To Setting Up New Ideals.

[Special to The Advertiser.]
Hamilton, Oct. 16.—Radical are the recommendations that are due to reach the floor of the Methodist General Conference from one of its committees, that on the church, the war, and patriotism. If the resolution that has been framed by a sub-committee of preachers and laymen is sent on by the main committee, as it has been drafted, there is no doubt that it will provoke one of the keenest debates in the history of Canadian Methodism.

That resolution seeks to commit the Methodist Church of Canada to what is virtually an industrial revolution, an up-setting of the stabilized order of things and a setting up of new ideals and conditions in the social, political and industrial life of the Dominion.

Charges of Resolution.
Here are the main points of the resolution as outlined by one of the framers: 1. Industrial as well as political democracy.

2. Substitution of the co-operative for the competitive system.
3. Recognition of the social equality produced by the war, the passing of aristocracy.
4. Emphasis on the need of moral and spiritual regeneration.

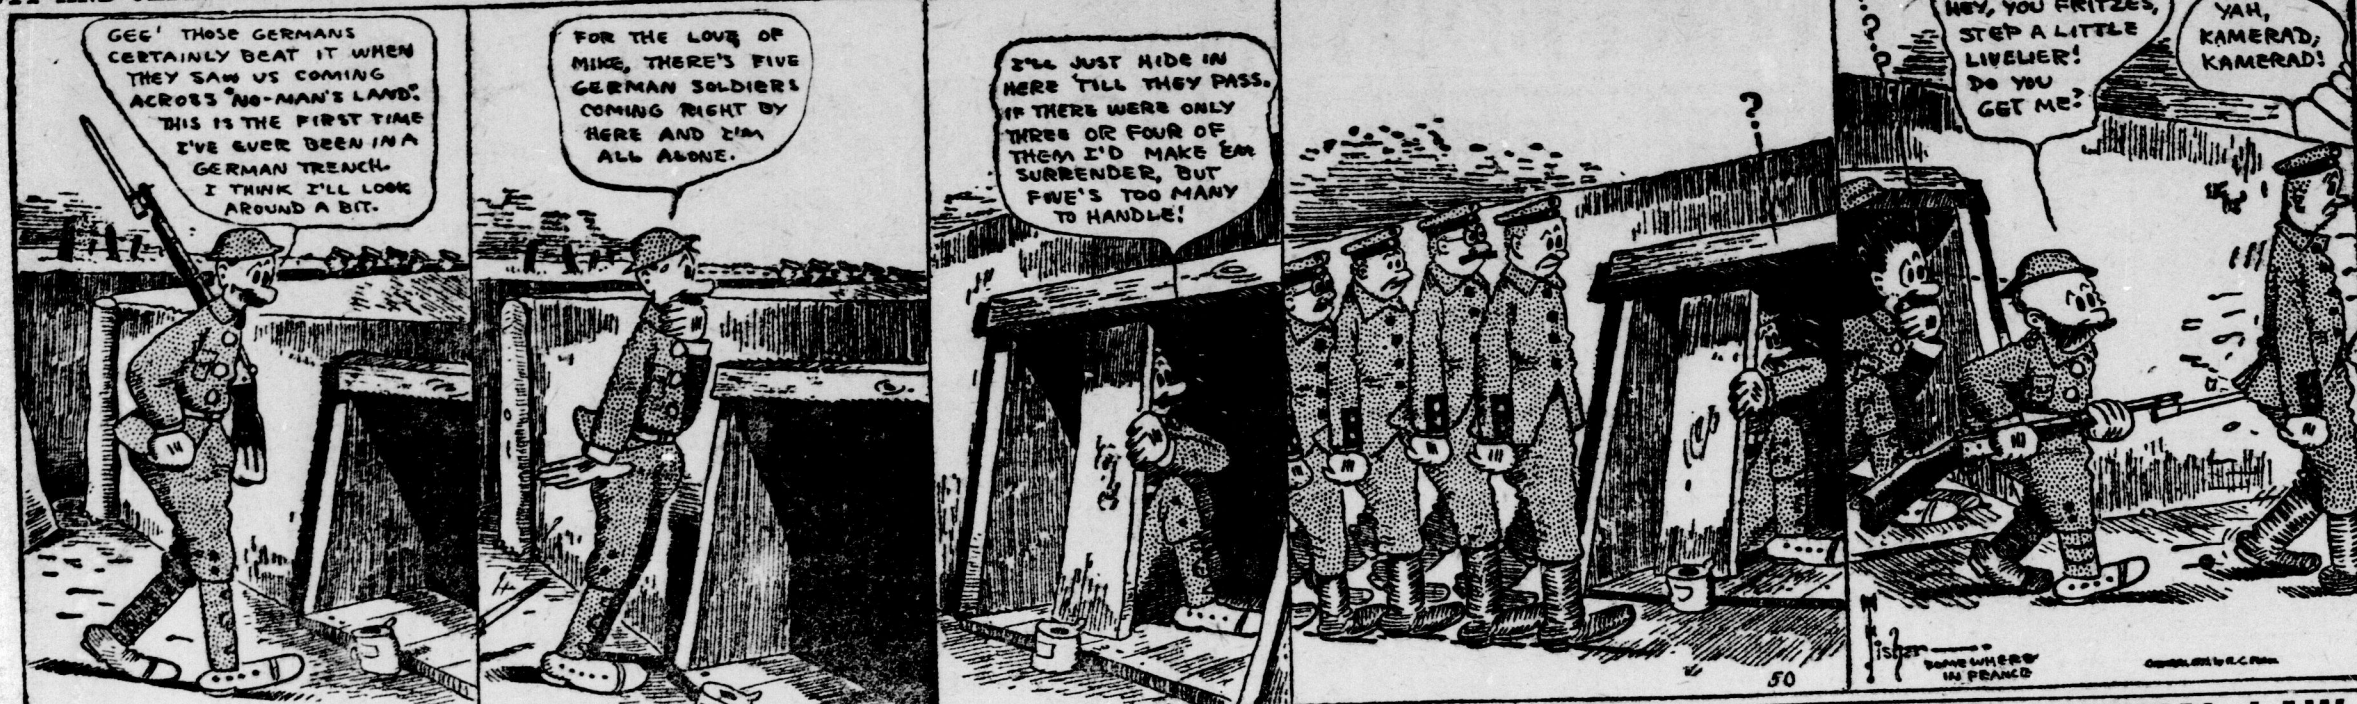

5. Succession to the Government call on kings of finance and industry to give their services to the state.
6. Better housing conditions, better employment conditions, and provision against unemployment.

"That is a fairly large program, but the resolution has a few more points of perhaps minor importance to the committee which it suggests in the economic life of Canada."

CLEMENTEAU MAKES VISIT TO BATTLEFRONT
Paris, Oct. 15.—Premier Clemenceau spent Saturday and Sunday at the battle front in the Champagne. Along the Somme regions. On Sunday he visited St. Quentin and Amiens. He was accompanied there by Sir Douglas Haig, commander of the British armies in France.

FIRES UNDER CONTROL.
Duluth, Minn., Oct. 16.—The new forest fires at McGrath and White Pine and vicinity have been brought under control, according to reports received here early today.

RUGBY GAME CALLED OFF AT ST. THOMAS

Spanish Influenza Puts Ban on the Collegiate Sports.

ST. THOMAS, Oct. 15.—The order issued by the board of health over the week-end, while it may to a certain extent please the kiddies in closing the schools, and at the same time give the students at the collegiate institute a longer Thanksgiving holiday than they would otherwise have had, will, according to the latest announcement, also affect the field day and sports which were to have been held Friday, and which mark the annual celebration of the local students. At a late hour this morning, Dr. Varden, principal of the college, who is still at his summer home in Port Stanley, could not be reached, but George L. Gray of the collegiate teaching staff, stated to The Advertiser that he had not the slightest doubt about the interpretation of the board of health order, and that there would be no field day on Friday next. This announcement will cause much disappointment among the local enthusiasts, especially the experts of the past preparations for the event, and the local claim to possess a team which, although defeated at London last week, would certainly make a name for itself on local ground.

Whether the sports will be held at a later date will have to be decided later, but for the time being the Spanish "flu" has put a ban on everything.

REX IS GOING TO FLY

Olaf Reuchitzer, better known to readers of The Advertiser sport page as "Percy the Prince," the famous critic of "sport" as it is, and perpetrator of sundry gems of thought, everything horns on the sport page as "Percy the Prince," has passed on up for the time being for a larger field of "sporting," having left for Toronto to join the R. A. F.

Olaf (pronounced Oh, Laugh) has grown a moustache, blank and otherwise, out of the office mill in his four months at the sport helm than his predecessor did in years. Go to it, Rex, if you run out of bombs, drop a couple on the roof of the Germans. Here's luck.

later date will have to be decided later, but for the time being the Spanish "flu" has put a ban on everything.

CHATHAM BALL TEAM TAKES DOUBLE BILL FROM WINDSOR NINE

McCoig Wins His Own Game on Thanksgiving Day.

CHATHAM, Oct. 15.—Chatham ball team won the championship of Western Ontario, when they defeated the fast K. C. team of Windsor in two games here on the holiday. In the morning the score was 9 to 5 in the afternoon 5 to 3. In the morning game McCoig starred, as he won his own game when he went across the plate with the winning tally. He held the visitors down to a few hits, and his work in the box was just as excellent as usual. In the afternoon the Chatham batteries were Eren and Lefevre, and the Windsor batteries were Lefevre and Hammerstein officiated in the morning, and Lefevre and Hammerstein in the afternoon. The games were good, despite the chilly weather.

ORDERLY ROOM TEAM TAKES FAST GAME FROM PAY OFFICE

Sergeants and No. 2 Team of W. O. R. Play Tonight.

The Battalion Orderly Room nine of the W. O. R. defeated the Pay Office team by the score of 6 to 1 in a fast game of indoor baseball held at Carling Heights Tuesday evening.

The game was fast, and the way through, and both teams played a fine exhibition of baseball. The next game scheduled for tonight, when the Sergeants and No. 2 teams will clash together.

The following is the line-up:

Battalion O. Room. Pay Office.
Norman.....Shortstop.....Deloge
Lehou.....Second base.....Cuthbert
Malloux.....Third base.....Panahaker
Bond.....First base.....McLeod
Singer.....Left field.....Russell
Monforton.....Right field.....Johnson
Smith.....Centre field.....Snel
Thibbe.....Pitcher.....Williamson
Holland.....Catcher.....Chambers

GUELPH BOWLERS HOLD THE BOWMAN TROPHY

Orangeville Rink Defeated For the Second Time.

GUELPH, Oct. 15.—Orangeville made an attempt this afternoon to lift the Bowman trophy which they lost to Guelph in the first round of the rink having no difficulty in winning by a score of 23 to 15. R. H. Brydon skip led the Guelph rink and secured a big lead in the first seven ends that it was impossible for Orangeville to catch. The match with a seven end, it is not expected that many more games will be played for the cup this season. The rinks and scores were as follows:

Orangeville.....Guelph.
C. R. McKewen.....Geo. E. Day
C. Morrison.....Johnston
H. Hopkins.....H. Westoby
R. Robinson, sk. 15.....R. Brydon, sk. 20
The score ends:
Guelph.....633 113 300 001 031 001 207—49
Orangeville 100 000 022 310 100 110 030—15

HYLER MAY BE LEADER OF THE NATIONAL LEAGUE

NEW YORK, Oct. 15.—In the event that baseball conditions in Boston make it necessary for James E. Gahey to return to the National League as owner of the Boston Braves, Gahey will support John A. Heyder, secretary-treasurer of the National League, for president of the league.

"I have heard some of the National League men in the past," said Gahey, "and I think they are a good bunch of men, and who can bring a lot of prestige to the league. I think they are a good bunch of men, and who can bring a lot of prestige to the league. I think they are a good bunch of men, and who can bring a lot of prestige to the league."

SPANISH INFLUENZA RAPIDLY SPREADING OVER THE CONTINENT

Persons Weak and Run-Down Easy Victims—Fortify Yourself Against It by Taking Tanlac.

According to late reports issued by state and federal health authorities of the United States, the Spanish influenza epidemic is rapidly spreading over all parts of North America, and it now seems that practically all of Canada will be seriously affected before it runs its course.

It has not only become a great and terrifying menace to the public health, but unless checked it is sure to result in a great loss of life. The progress of war work in all its various departments. Already the American shipping board has announced that 10 per cent of its workers had been affected.

The disease has made its greatest progress in the east of the body has claimed its victims by the thousands. Reports from other sections, however, are equally alarming, and both civil and military authorities have warned the public to take every precaution to prevent its further spread. In many cities, schools, churches and theatres have been closed and public gatherings of all kinds forbidden.

Medical authorities agree that people who are weak and run-down are the earliest victims of the influenza epidemic. If you find yourself tired, weak, and losing flesh, or if you are in a generally run-down condition, or if you catch cold easily, this warning should be heeded promptly. The germ of this disease is very catching, and you are in constant danger of catching it from someone who is suffering from it. People who are weak and run-down are not likely to contract the disease, because they are unable to throw it off. Therefore, it is to fortify the system against attack by building up the constitution.

In other words, to use the old adage, "An ounce of prevention is worth a pound of cure." And if you are in a generally run-down condition, the proper thing to do is to begin immediately to build up your powers of resistance. To accomplish this, nothing on earth will strengthen you and build you up like Tanlac, the powerful reconstructive tonic, which contains the very elements of the system to give you fighting strength and ward off the influenza germ.

First of all, Tanlac begins its action by creating a good, healthy appetite for wholesome, nourishing food, and assists you in the process of digesting it. It also helps the body to perform its natural functions, thus helping to build up health and strength in the natural way.

Tanlac is also the ideal strengthening tonic for persons who are suffering from the after-effects of influenza, from resisting and banishing troubles, and from grippe or bronchial troubles, and from the various ailments which are the result of a weakened system.

Tanlac is sold in London by Standard Drug, Limited, and by an established agency in every town. O. 15, 18.

MARTIAL LAW IS PROCLAIMED IN BOHEMIA

This Action Follows Protest Against Exportation of Foodstuffs.

Paris, Oct. 16.—Meetings called by the Czechoslovak Council at Prague to protest against the export of foodstuffs from Bohemia resulted in a general strike, which is developing into a revolt, according to dispatches from Prague to today's Paris newspapers. Martial law has been proclaimed throughout the country, and German and Hungarian troops are occupying Prague, Pilsen, Plzeň and Tabor.

CHURCHES REQUESTED TO CALL CONFERENCE TO DISCUSS PEACE

Movement Originating in Germany Receives No Support From Allies.

WASHINGTON, Oct. 15.—Persistent efforts have originated in Berlin have been made to get the churches of both neutral and belligerent countries to call a conference, which, under another name, practically would be a peace conference. While the movement, conceived much support in Sweden, Switzerland, and Denmark, it has not met with favor in the Entente countries and America.

Dr. Charles S. MacFarland, general secretary of the Federal Council of Churches of Christ in America, in a statement issued here today by the general council, said that he had been asked to call a conference, which, under another name, practically would be a peace conference. While the movement, conceived much support in Sweden, Switzerland, and Denmark, it has not met with favor in the Entente countries and America.

GERMAN OCCUPATION IN BELGIUM TO END WITHIN FIFTEEN DAYS

High Teuton Official Credited With Making Statement to That Effect.

Paris, Oct. 15.—A high German functionary in Belgium declared on October 9 that German occupation of Brussels would end, at the latest, within fifteen days, according to reliable information received in London, says the correspondent of the Echo de Paris.

ZEPP SHED BLOWN UP BY ALLIED AIR SQUAD

LONDON, Oct. 15.—The independent air force today bombed the Frezaty airbase and blew up a zeppelin shed, according to official announcement made here tonight.

AMERICANS MAY LAUNCH NEW OFFENSIVE WITHIN TEN DAYS TO INVADE GERMANY HERSELF

Casualties To British 700,000 So Far in 1918

NEW YORK, Oct. 15.—British casualties during the first 39 weeks of 1918 aggregated 700,000, according to a cablegram received by the British bureau of information here today. This does not include losses in the heavy fighting of the last two weeks.

The message stated that during the period between January 1 and October 1 the lowest casualty list for any single week was 4,125, and the highest over 40,000.

Turning Movement Foch Has Launched North of Lille Frees France and Begins Liberation of Belgium—Carrying of War To Germany Is at Hand.

BY FRANK H. SIMONDS. Copyright, 1918, New York Tribune Incorporated.

NEW YORK, Oct. 15.—The turning movement which Foch has begun north of Lille is the last stage of the liberation of French territory. It is also the first step in the freeing of Belgium. At the present moment the troops of Foch and Byng, south of Lille, have advanced eastward beyond Douai, and even east of Bouchain, they are slowly, but surely pushing upon Valenciennes. Meanwhile the troops of King Albert, Plumer and DeWette at the other end of the loop, are swinging in behind Lille, a narrow and indefensible salient is thus rapidly developing.

We may then expect at any moment to see the Germans quit the largest French city they have begun to evacuate all the region between the Meuse and the Scheldt. East of the Meuse they will hold the considerable fraction of the Ardennes, which includes the Briey and Longwy districts. All else of their conquests in France have gone or must go within the week.

Lille itself, a city of more than 200,000 inhabitants—there are 400,000 people in Lille, Roubaix and Tourcoing, which are practically a single aeriform mass—will be a demand for unconditional surrender.

The Turks will be required to negotiate an armistice with Gen. Allenby, commander of the British forces in Palestine and Syria.

France Will Exact Full Compensation For Damage Done

Foreign Minister Pichon Calls President Wilson's Reply Admirable.

PARIS, Oct. 15.—During a discussion in the Senate today of the damages suffered by Northern France without military justifications, Stephen Pichon, the French foreign minister, reiterated the Government's resolution to exact full compensation and reparation.

Furthermore, the minister continued, this warning has just been given in decisive form by President Wilson in his admirable reply to the proposal for an armistice from Berlin. The president of the United States, in his statement, always has been a man of peace, but he has now shown his confidence, has signified that he refuses, like ourselves, to negotiate an armistice with a state whose armies continue to dishonor themselves by acts of desecration, devastation and savagery.

In sum, France is freed, the liberation of Belgium comes next, but it may be accomplished as a detail of what is of much more value—the liberation of Germany—and this is at hand. It would not be surprising if the American expedition started on its way this morning in view within ten days.

ALLIED ADVANCE KEPT HUNS FROM BLOWING UP GREAT CATHEDRAL

St. Quentin Edifice Had Been Marked for Destruction.

PARIS, Oct. 15.—When allied troops entered St. Quentin they found that the cathedral there had been marked for destruction, preparatory to placing explosives in the building, according to the German press. The rapidity of the allied advance prevented the Germans from carrying out their plan to destroy the edifice.

RECEIVING WAR CROSS

The patriotic spirit and devotion with which Canadian women have so far performed war-service work and made sacrifices has never been equalled in the history of any country. But those who are already miserable from the complaints and weaknesses which are so common to women, should take the right temperance tonic for the womanly system.

If a woman is borne down by pain and sufferings, by nervousness or dizziness, by headache or backache, "Pierce's Prescription" should be taken. It can now be had in tablet form as well as liquid at most drug stores. Send to Dr. Pierce's Branch at Bridgeport, Ont., for a trial package of tablets. U. S. A.

For fifty years Dr. Pierce's Pleasant Pellets have been most satisfactory in liver and bowel troubles.

Windsor, Ont.—"Dr. Pierce's Prescription made a new woman of me. For about six years I suffered with nervousness, dizziness, headache and backache. I was unable to do any work. I was so miserable that I was almost a wreck. I was so weak that I could not walk across the floor when I had taken two bottles I was much improved and four bottles completely cured me, and I have enjoyed better health than I ever did before taking this medicine. It truly is a wonderful medicine for women."—Mrs. Martha Mulcahey, 4 Albert street.

YOUR SICK CHILD IS CONSTIPATED! LOOK AT TONGUE

Hurry, Mother! Remove poisons from little stomach, liver, bowels.

Give "California Syrup of Figs" if cross, bilious or feverish.

No matter what ails your child, a gentle, thorough laxative should always be the first treatment. If the child is constipated, it is a sure sign that the system is clogged with waste. When cross, irritable, little stomach, liver and bowels are clogged with waste, the child will be cross, irritable, feverish, stomach sour, breath bad, or has stomach-ache, diarrhoea, or throat, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated poison, undigested food and sour bile gently moves out of the little bowels without gripping, and you have a well, playful child again.

Mother can rest easy after giving this harmless "fruit laxative," because it never fails to cleanse the little bowels, liver and bowels and sweeten the stomach and they dearly love its pleasant taste. Full directions for babies, children of all ages and for grown-ups printed on each bottle.

Beware of counterfeit fig syrups. Ask your druggist for a bottle of "California Syrup of Figs," then see that it is made by the "California Fig Syrup Company."

Famous Old Recipe for Cough Syrup

Really and cheaply made at home, but it is as good as any quick relief.

Thousands of housewives have found that they can save four-fifths of the money usually spent for cough preparations, by using this famous old recipe for making cough syrup at home. It is simple and cheap but it really is no common cough syrup. It takes right hold of a cough and gives immediate relief, usually stopping an ordinary cough in 24 hours or less.

Get 2½ ounces of Pinex (old cent worth) from any druggist, pour it into a 16-oz bottle, and add plain granulated sugar syrup to make 16 ounces. If you prefer, use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, it tastes good, keeps perfectly, and lasts a family a long time.

It's truly astonishing how quickly it acts, penetrating through every air passage of the throat and lungs—loosens and raises the phlegm, soothes and heals the membranes, and gradually but surely the annoying throat tickle and dreaded cough disappear entirely. Nothing better for bronchitis, spasmodic cough, whooping cough or bronchial asthma.

Pinex is a special and highly concentrated compound of genuine Norway pine extract, known the world over for its healing effect on the membrane.

Avoid disappointment by asking for Pinex, druggist for 2½ ounces of Pinex with full directions for use. Accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Finer Co., Toronto, Ont.

Secrets of Health and Happiness

What Mothers May Do to Cure Children of Stammering

By DR. LEONARD KEENE HIRSHBERG, A. B., M. A., M. D., (Johns Hopkins University.)

After recovery from illness children are usually very much petted, and as a result sometimes show signs of affection by stammering in an unusual way. It is true, on the contrary, that stammering is the direct result of illness or one of the signs of growth. It is among children of five or more, and is so slight at first that it is hardly noticed by parent or child.

It is absolutely essential to take every possible step to prevent the development of this habit. The child is seldom ill, and the child outgrows such an ailment. Not only does the child not outgrow the stammering, but the child develops a habit of stammering which will develop as the child advances in years, and what at first is a trifling matter may become a permanent defect.

The cure for stammering is gentleness, calmness and careful attention on the part of the parent. Excitement should be removed from a boy or girl inclined to stammer, or there is nothing more harmful to this state of affairs than a constant jolting of the emotions.

When a mother sees that her child has the habit of stammering, she should immediately begin to correct the wrong. She should not let the child utter a word unless it is clear that the child is not stammering. She should not let the child utter a word unless it is clear that the child is not stammering.

Patience and Persistence.

In her effort to correct the parent should speak quietly and distinctly, and without startling the child by too sudden interruptions. If the child, however, has failed to make himself clear, a statement or a wish, it is part of the training by the mother not to try to understand what was said, until each word has been clearly and distinctly uttered by the child. No wish of the child should, therefore, be granted until he speaks clearly, though with effort. The manner of correction, however, should always be kindly and patient, and no sudden or violent commands should not be practiced for these startle the emotions and, therefore, much damage is likely to be done.

Encourage the child who stutters to take a deep breath before he attempts to utter a word. This habit, simple, short stories told to stammering children is a splendid exercise to correct the trouble. In the midst of the story, pause every now and then, and the absorbed listener breathes quietly and the story slowly and distinctly. If the story is very short, the child should be asked to repeat the gist of it in his own words.

DELE GARRISON'S NEW REVELATIONS OF A WIFE

How Madge Met Her Hour and Dicky Came Back to Her From the Shadow of Death.

Dry-eyed, silent, shrinking from each other's hands like frightened children, Edith Fairfax and Dicky, the two who had been the room of the camp hospital for the verdict of the surgeons upon Dicky.

Lillian, who had disappeared with the whispered word that she would be back soon, had asked her to phone the news of Dicky's accident to her mother. Lillian had been kept from her mother as long as possible, but, finally, she had been forced to go to her mother. Lillian had been kept from her mother as long as possible, but, finally, she had been forced to go to her mother.

Edith Fairfax's intrusion upon the scene of this tragedy was something which would have been resented had it been anything but a matter of life and death. Lillian had been kept from her mother as long as possible, but, finally, she had been forced to go to her mother.

The minutes slipped away relentlessly, and Dicky, who had been kept from her mother as long as possible, but, finally, she had been forced to go to her mother.

Mrs. Graham, he said inquiringly, but I could not speak. "Your husband will live!" Lillian indicated me by a gesture. "I am glad to tell you that your husband will live," he said kindly. "But it will be impossible for anyone to see him for some time. He is in the hospital. So if you will take him away at once, we have to come out this way."

I followed Lillian obediently, every emotion, every sense fused into one passion of joy.

Dicky lived! Everything else in the world could wait.

It was Lillian who gathered the missing threads of the story together from Edith Fairfax and put them into my hands in the hours that elapsed before I was permitted to see my husband.

"Dicky, with that foolish undine sensitiveness of his, wanted to get his commission before you or I, his friends knew that he was training at the military camp," Lillian said. "I know him well enough to realize that, and I have simply killed his pride to leave him to his commission if he knew about it."

"But Edith Fairfax knew," I said dully.

"She stumbled upon it by accident," Lillian returned. "Her cousin from Virginia—you know cousins are the same as brothers down there—was the same camp unknown to Dicky. She went up to see her cousin, and he saw Dicky, who was sorely needed at the time, and ever since she has been in his confidence. But you needn't worry about it. Dicky is all right. He is in the hospital, and I have learned from the girl herself that he has but one thought, and that is you."

I knew, I said remorsefully, feverishly anxious to hear the rest of the story. Lillian hurried on after one comprehending glance at me.

Dicky, Gussie Madge's Secret.

"How Grace Draper learned that Dicky was in training, I don't know, but I tell you Dicky's life she knows. You know Dicky's fantastic ideas of being a hero, and I tell you he would have stopped her constant hovering about the camp, the meetings she managed with him, the efforts she made to worm herself into his confidence."

DON'T MISS IT! BEGINNING TOMORROW.

The saash is subordinated with black soutache.

Is Your Corset An Aid Or a Hindrance to Your Beauty?

Answers to Health Questions

J. M. Q.—Kindly advise what to do for tuberculosis.

A.—Skin, sputum and other tests are needed to determine whether the disease is present.

MRS. J. K. Q.—Kindly advise what to do for a child who is a charlatan.

A.—This may be due to constipation, over-exercising, muscle strain, occupation for a time, and then add the rest of the word, "one." Let the child repeat this exercise for the tongue, and pronounce at length, and in the end, as many words as possible beginning with the letter "one." When the child learns to keep his tongue inside his mouth, and contracted, with its tip at the teeth, he will soon learn to pronounce all the dental words correctly. No child is too young to be taught systematically if due care is taken not to fatigue or irritate him.

Rates for Telephone Service

As already announced, we find it necessary to ask the Board of Railway Commissioners for authority to readjust our schedule of rates for service.

Why should we ask that telephone rates be raised? We believe our subscribers and the public are entitled to a frank statement from us.

All fair-minded and thoughtful people will agree with the recent statement of President Wilson before the American Electric Railway Association:—

"A just price must, of course, be paid for everything we buy. By a just price I mean a price which will sustain the industries concerned in a high state of efficiency, provide a living for those who conduct them, enable them to pay good wages and make possible the expansion of their enterprises which will from time to time become necessary as the stupendous undertakings of this great war develop. We could not reasonably pay less than such prices. They are necessary for the maintenance and development of industry, and the maintenance and development of industry are necessary for the great task we have on hand."

Public utilities, no less than private enterprises, must receive such treatment if they are to give an adequate service and meet the growing needs of the community.

VOLUNTEER AUXILIARY WILL BE ORGANIZED AT CITY HALL TODAY

Twelve Nurses of Lord Kitchener Division Already at Work.

Many young girls and women of the Lord Kitchener Nursing Division, No. 28, met at the Royal Bank Building last evening in response to the call for more nurses to fight the influenza epidemic. As a result of this meeting twelve of these nurses volunteered for service, and have been placed in homes needing them. These who went on duty last night will be replaced by others today. Mrs. J. B. McKillop, in charge of the Lord Kitchener Division, remarked on the wonderful way in which the girls came forward and offered their services. Some who already had sickness in their homes, and were unable to respond to the call, only feared that they might be called slackers. Mrs. E. B. Smith has offered to help convey the girls to and from the homes in which they are nursing. The local branch of the Ontario Emergency Volunteer Auxiliary, of which Mrs. J. B. McKillop has been appointed president, will meet for organization in the city hall chambers today at 2:30. All women in the city who are willing to offer their services as nurses are asked to be present. Special lectures for the purpose of instructing the people in the care of influenza patients will commence here probably on Thursday or Friday. These lectures, three in number, will be given by Mrs. McKillop as soon as possible. People wishing volunteer nurses, or those who are willing to volunteer their services, may apply to Mrs. J. B. McKillop, Phone 461.

This "Ontario Emergency Volunteer Auxiliary" was formed in Toronto on Thanksgiving Day, with branches in the various Ontario districts, the executive committee being the district presidents of women's institutes and lady division superintendents of the St. John Ambulance Nursing Divisions. Mrs. J. B. McKillop is the executive head for London.

NEW REGULATIONS FOR PARKING CARS IN DOWNTOWN AREA

Will Not Be Permitted to Stand More Than Hour.

HAMILTON ROAD FLOODS

City Has Problem in Matter of Annual Damage Claims.

Automobiles will not be allowed to stand for a period longer than one hour on Richmond street between the Grand Trunk depot and Fullarton street, or on Dundas street between Ridout and Wellington streets, when the new traffic bylaw comes into force. In other portions of the city cars may be allowed to stand for four hours. The police suggested three.

Other important changes that are proposed for the new bylaw forbid standing a car within 20 feet of a fire hydrant, theatre entrance or street crossing. Cars cannot be parked under any consideration in the new lanes.

Speed on Bridges.

The bylaw regulates the speed on bridges at five miles an hour for all vehicles. Four-ton trucks loaded may not travel at more than 10 miles an hour, and ten-ton trucks, six miles, and with rubber tires, eight miles. The new bylaw may be presented to the city council on Monday.

City Treasurer Bell reported on the amount spent on the different works according to date. All departments, with the exception of the auto maintenance, are under the estimate.

Estimates for the department show an expenditure of \$48,106 and \$34,350.36 has been expended. The department figures are:

Auto maintenance . . . \$ 587.00 \$23.08

Bridges . . . 2,190.00 323.83

Bathing Camps, S. . . 577.00 472.00

Bathing Camps, N. . . 220.00 224.00

City Hall . . . 420.00 3,150.00

Railway Crossings . . . 1,035.00 8.02

Sewers, Curbs, . . . \$3,588.00 4,728.00

Streets, Gen. . . 23,688.00 19,583.00

Storage . . . 740.00 14,512.00

This amount will be apportioned to the different accounts at the end of the year.

City Orders Truck.

Engineer H. A. Brazier was authorized to purchase a 1-ton truck to cost \$1,000. It will replace two horses and carts used on the sewerage department.

The engineer said there would be great saving in time; also the sale of the old truck to the city.

He made it necessary to secure a new stable, and one is not available.

The engineer said it was necessary to purchase two new horses for the sewerage department, the cost would be \$500, and this will leave the net cost of the truck \$500. The engineer said he would save \$230 a year in the cost of operation.

Those Floodings.

The city has a serious problem to solve in the annual flooding of Hamilton road, near Price and Hyde streets, along with sundry cellars in the neighborhood. Already damage actions have been entered against the city for damage and others are threatened.

Engineer Brazier says the water reaches this neighborhood almost as a flood in the spring. He laid the blame on the erection of a house which blocked a 21-inch sewer pipe.

He suggested several remedies, but all had faults. They were either too costly or else the results would lead to other trouble.

The committee decided to pay a visit to the scene of the trouble today.

Ald. Watt wants the city to purchase the plant of the London Foundry Company. He also wants the city to erect retaining walls along the side of the bridge, and fill in under the bridge to the river bank. He said the bridge would soon have to be replaced at a cost of \$5,000, and he thought that with the fill in cement might be used on a portion of it. No action was taken.

Ald. Wilson's proposal to have silent policemen erected was up again.

"The silliest thing I ever heard of," said Ald. P. J. Watt. Ald. Drake opined that the city had enough now.

The matter of replacing the present heating system at the court house and jail that soft coal may be used, was discussed. The cost will be \$5,800, and not only will the heating and ventilating system be improved, but 400 tons of hard coal will be saved. Some of the members of the committee demurred. They thought it would be well to lay the matter over until after the war. However, it is said that the present boilers will not last out the winter, and Controllers Saunders, Moore and Ald. Winnett will look into the matter.

The Bell Telephone Company asked permission to erect 17 poles on Spruce street, and 7 on Hyde street.

The request will be granted if the company will pay a rental. The Bell Company has already applied to the railway board against such a charge.

GOLDEN WEDDING

Mr. and Mrs. Emos Lacey of Calgary, Alta., formerly of this city, celebrated their golden wedding on August 27 last at the home of their son and daughter-in-law, Mr. and Mrs. W. R. Lacey of this city. Those present on the occasion were their daughter, Mrs. T. G. Case and J. G. Case, their grandson and wife, Mr. and Mrs. Ernest Richardson, Mrs. Fred Richardson, Mrs. William Chapman, and the Misses M. M. and Minnie A. Lacey, all of this city. Mr. and Mrs. William Gardner of Calgary were also present. A most enjoyable time was spent.

THANKSGIVING GRAVY

There's something strange that always seems to come to me, while in my dreams.

A notion queer this form does take.

That someone's made a huge mistake.

I turn it over in my mind.

The kernel of the truth to find.

And lo, I get it with a start.

For Germany's forgot her part.

Her prompt reply to Wilson's note.

Does not entitle her to vote.

Upon the finish of the war.

It's up to her to get a jar.

It's very well to raise one hand.

For peace with this far western land.

But, while the other flings the torch.

The flames must still be made to scorch.

By "scorch," I do not mean "to burn."

But to run like—they'll have to learn.

For the Allies will, 'mid war's alarms.

Teach them they'll have to lay down arms.

There's a debt to pay that they've overlooked.

The towns and cities that they've cooked.

The widows and orphans that they've made.

And the districts that to waste they've laid.

So now it's up to the Allies to look.

And see that the Huns are brought to book.

They must see that they're dish'd up nice and tender.

With the gravy of "unconditional surrender."

MACKENZIE'S HOLD UNIQUE REUNION AT DALMAGARRY COTTAGE

Centennial Celebration Held at Hyde Park, Ontario.

A delightful and unique reunion was held at "Dalmagarry Cottage," Hyde Park, Ont., on Monday, October 14, 1918, when the direct descendants of the original owner, Major Duncan MacKenzie, J. P., gathered, with their families, from various points in Canada and the United States.

The occasion was the celebration of the close of 100 years since "Dalmagarry Cottage," otherwise known as 23, con. London Township, became the property of Duncan MacKenzie, a familiarly known as the "Old Squire."

The grant of land, which he, as a British veteran after the French revolution, received from the Government at that time, included 800 acres, 700 of which were afterwards disposed of to incoming settlers. The deed to the remaining 100 acres bore the seal of the then reigning British sovereign, George IV. of England.

Duncan MacKenzie, born at Ruthven, Perth, Scot., in 1750, joined the 5th Battalion, Royal Artillery, remaining and being active service through the battle of Waterloo. In 1817 Mr. MacKenzie, his wife, Margaret Barclay, arrived in Canada, and on October 15, 1817, settled on the above mentioned property. In 1837 he received his captaincy in the militia, during which year he commanded a battery at Chippawa.

Later, in 1841, he organized the London Independent Volunteer Artillery, which he maintained at his own expense for fifteen years, and which in 1856 was reorganized by Col. Shanly, and became the London Field Battery. The field guns were brought from England and were the first used by the Canadian militia.

In 1856 Capt. MacKenzie retired with the rank of major.

In 1857 he was appointed a county magistrate, and for several years was acting associate commissioner of the court of request.

"Dalmagarry Cottage," the third house built on the homestead (the first two being log cabins), was built in 1836, and is now the property of Henry Moxie to whom Mrs. MacKenzie's daughter, Mrs. Johnstone, who lives on the homestead where she was born, with her daughter, Mrs. Johnstone, and Mrs. (Dr.) Hoare of Walkerville, are the daughters, and only remaining survivors of the large family of twelve children, born to Duncan and Margaret MacKenzie.
