A CHALLENGE

The Courier has still to name one single proposal for public ownership in which it took the initiative, or to name one public service franchise now existing in the city under private control to which it took any exception when the deal was put through. In brief, its claim to be a public ownership champion is founded wholly on pretence—Expositor.

Well, here is a portion of the Courier list:

- 1. Fought for and helped to secure municipal ownership of the Brantford waterworks.
2. Fought for and helped to secure telephone competition.
3. Fought for and helped to secure Hydro-Electric, to the breaking up of a private monopoly.

4. Is fighting for, and hopes to help secure, municipal ownership of the Brantford Street Railway. We are perfectly frank about our list.

Now, then, where's yours? You will either give it, or else by silence admit that the Expositor's course has been on behalf of private corporations as against the people.

AS TO PROUDFOOT

Mr. W. Proudfoot, M. P. P., member for Centre Huron, who preferred the exploded charges against Sir James Whitney and Hon. Mr. Hanna, announces that he intends to keep his seat.

It might be thought by some that he should at least go back to his constituents for endorsement, if any, but he evidently does not regard matters in that light, and will continue to remain in the obliquity which will naturally be more or less of his lot during the remainder of the Whitney Government term.

That he acted off his own bat in this matter is not, at all likely. Without much doubt, Rowell and other leading Liberals were back of this scheme to besmirch the name and the fame of two so honorable statesmen as ever lived, and the next thing, of course, was to find the man who would hurl the poisoned and the venomous darts.

Proudfoot either offered to do so or else was coaxed into it; in either event he has put himself in a very pitiable position.

To attempt to blacken the honor of two provedly upright men on the basis of the spleen of an office-holder dismissed for stealing letters, and the epistle of the silly idea into his head that he had hold of something which would ruin the Government on his say-so, was a task which the average man possessing any sense of proportion and fair-play would have absolutely refused.

There was not one tittle of sworn evidence to show that Hanna, with Whitney's knowledge and connivance, had done anything wrong. Even Proudfoot himself refused to take the oath, although repeatedly urged to do so.

Perhaps the main emphasis

which will be placed on the whole thing is that after years of office the first and only charge to be placed against any member of the Whitney Cabinet has been the acceptance of \$500 for a party fund, not one cent of which was secured under duress, or spent improperly.

When the last awful years of Rossism are recalled, with proved scandal following proved scandal in sickening regularity, the vast change in this Province in the interests of honesty and clean methods is assuredly something to be proud of and thankful for.

DIDN'T SCORE MUCH

Sir Wilfrid Laurier's Toronto meeting was supposed to be the forerunner of a series of such gatherings throughout the Dominion in order to emphasize an alleged great national uprising against Borden's Naval Bill.

It is doubtful now whether such will be the program; if so, the party managers will show just about as bad judgment as when they sought to cram reciprocity down the throats of this free and enlightened people.

There is no general protest against the Borden Bill, and none can be manufactured.

Fair-minded Canadians of all shades of politics feel that Johnny Canuck should do something on behalf of the enormous navy burden for the benefit of the whole Empire, borne for generations by John Bull alone.

The only question is How? Borden says \$35,000,000 right off for three dreadnoughts to be built in the well-equipped British yards—the finest in the world.

Laurier says "Me, too," for the \$35,000,000, but let us build in Canada, where we haven't any yards and it will cost right off \$75,000,000 to establish the same, and years to train mechanics able to cope with the output of such leviathans, with their arsenal equipment.

What man with a grain of impartiality can question which is the better plan, and which plan he would follow if it was a case of his own personal business?

WHY THERE WAS NO BANKING REFORM UNDER LAURIER

H. C. McLeod, formerly manager of the Bank of Nova Scotia, who has advocated bank reforms for years, paid Hon. W. T. White, Minister of Finance, a high compliment when on the stand before the Banking and Commerce Committee, for the progressive measure which he had drafted. He frankly stated that he had given up agitating any reforms owing to the indifference and even hostility of the Laurier government.

He was told that there would be no changes made, and the act which was drafted by the Hon. W. S. Fielding and which Mr. White found when he came into office showed that the former minister had made practically no changes in the Act as it stood.

When one follows the Banking and Commerce Committee he is not so surprised at the stand of the old government. It is a striking thing that practically all of the stand-patters and reactionaries on the committee are Liberals and they have steadfastly opposed any progressive changes.

As a result of the taking of evidence from all over Canada and from all classes, Hon. Mr. White is preparing to still further strengthen the Bank Act, and particularly

the clauses referring to bank audit. As for bank inspection the evidence all went to show that an inspection to be thorough at all would have to include an inspection of every branch in the Dominion, a costly, cumbersome and unsatisfactory system. What is known as the shareholders' audit, the Scottish system, will be followed.

The plan which will likely be adopted will be for the general managers of the various banks to name a list of possible auditors, reputable firms. This list will be passed on by the Finance Minister and from this list the shareholders will pick the bank's auditor for the year. In addition when a further inquiry is desired into a bank's affairs, the ming, outsider.

NOTES AND COMMENTS

Why doesn't the Expositor, if it can, name one instance in which it took the initiative on behalf of the people? That organ is not usually so coy. P.S.—There's a reason.

Young man, which would you rather marry—a raving, window-smashing, bomb-planting, militant suffragette, or a nice, vivacious, cuddlesome, coyly-rooting fanette?

Whitney and Hanna have come out of that attempted besmirching still more firmly entrenched in the confidence of the people than before, if such a thing could be possible.

Hon. Mr. White has promised to give full consideration to a request by the shareholders and depositors of the Farmers Bank for aid from the Government. It was by the gross carelessness of Fielding and the Laurier Government that the institution was started, in the first place, and hence the request.

Sir Charles Tupper, who is on the last lap of the century mark, has just arrived in the Old Country, and on landing gave a vigorous interview, in which he said that "the verily believed that Canada's wonderful growth in the past would prove as nothing to the glory of the future." And by the same token, much of what we have is due to that grand old man, "He" it was, and "he" also who made Confederation possible by the bringing in of Nova Scotia, and it was he more than any other one man who never let up regarding the construction of the C.P.R. even in the darkest hours, and there were some pretty black ones.

This is a shriek from the Toronto Globe: Toryism has lifted its sharpened axe. To-night the chief executioner, the Prime Minister of Canada, gave notice that its blow would fall automatically at the conclusion of the next sitting of the House at 2 o'clock on Saturday morning. The naval bill will then be "jammed through" the committee stage en bloc.

There follows a lot more rant about "brute force" methods for the first time in Canada, loss of Canadian nationality, stifling of "free debate," and all the rest of the kind of guff for which the leading Liberal organ is so noted. And this same Globe, be it noted, heartily applauded Gladstone when he put through closure to stop wanton obstruction in the British House, and even yet views with complacency the use of the same safeguard by the Asquith Government.

What the Other Fellow Thinks

If The Senate Rejects Straitsford Herald: If the Senate rejects the Navy Bill it will not drive the Government to the country. Nothing could be gained by appealing to the people on that account. Even if the Borden government were returned by double its present majority, and passed the bill again, the Senate could throw it out. The only advantage would be that when the government did go to the country (at a time of its own choosing) it would have in its platform a popular plank for the regeneration of the Upper Chamber.

A Senate which flouts the will of the people cannot expect to retain the people's good will.

Significant! Toronto News: Three events of the past week may be grouped together. (1) The Peking Government asked all the churches throughout Christendom to pray for the speedy emergence of China from its present difficulties. (2) Mr. John R. Mott, the talented young American, whose life is devoted to mission work, has been offered the post of United States Ambassador to China. (3) Count Okuma, of Japan has said that only the influence of Christendom can prevent war between his country and the United States over California's anti-Japanese land legislation. It would seem that the religion of the Western world is gaining the respect of the Eastern world whence it originally came.

A Safe Man Galt Reporter: Somehow or other the people of Canada have settled down to the opinion that the Hon. Frank Cochrane can be trusted to handle any piece of public property to the advantage of the country.

GRAND TRUNK NEWS ITEM. An investigation into conditions along the Grand Trunk Pacific construction camps into the Rook Mountains has recently been held by Kate Waller Garrett President of the National Council of Women of the United States, who says in her report: "I have made two trips along the line of construction of the Grand Trunk Railroad west of Edmonton and spent my nights and took my meals in the contractors' or engineers' camps. It was my first experience of 'roughing it' and, naturally, everything was very strange to me and very interesting. I am something of a world-wide traveller but I never dreamed of what it meant to construct a railroad under such difficulties as the Grand Trunk Pacific is being constructed."

I have made official investigation into a number of cases both for the United States Government and for my own State, as well as for organizations of women to which I belong. I have no interest whatsoever in anything pertaining to the construction of the G. T. P., except as a purely social character, but I do not hesitate to say that from a most careful and thorough investigation extending over a period of seven or eight months, that I do not know any more considerate, better wages, more wholesome surroundings or has

a better opportunity for laying a foundation for future economic independence than along the line of the Grand Trunk Pacific Railway. There is no temptation for a man to spend his wages. At the end of a year's service with ease he can save sufficient to household, opportunities of which can be found nowhere in the world equal to those at the present time in northwest Canada. I would earnestly advise any man of stamina who is to-day eking out a miserable existence in the cities of the east, every day seeing him grow older and becoming less independent from an economic standpoint to cast his lot in this new country.

I ate in a number of camps, reaching there usually a few minutes before the usual meal-time, and without anyone knowing I was coming, I was amazed at the cleanliness and comfort of the camps, particularly with the variety of food served and its wholesome character. In spite of the fact that most of the men employed as workmen were foreigners, and unaccustomed to even the meagre social requirements of camp life, because of the excellent and thorough supervision that was given them, they were required to take care of themselves even when they did not have the sense to do so. Accustomed as I am to conditions surrounding men working under similar circumstances in the south and east, conditions in Canada were so far superior along this line to any that I had seen elsewhere that I was greatly surprised to say the least.

The hospital was clean and well conducted with a corps of physicians equal to that of any city hospital. I not only saw the patients when they were in the hospital but I frequently met them in my afternoon walks when they were convalescing, and I had an excellent opportunity to learn from them without their knowledge that they were being regarded not only how they felt in regard to their treatment in the hospital but also in the general conditions surrounding the men employed in building the railroads. Of course, naturally there were some complaints but I never heard one complaint that I thought was justified or reflected on the management or on the conditions under which the men were employed by the company.

WELLINGTON CHOIR CONCERT

Very Enjoyable Event Was Held Last Evening—Excellent Work.

"The best concert ever given by Wellington Street Choir" was the opinion of those who attended the event at Wellington Street Church last night. A large audience was present. The pastor, Rev. R. D. Hamilton, in a few well chosen remarks, introduced the programme, the first number of which was the first movement of Schumann's A Minor Concerto, played on the piano by Mr. Thomas Darwen with organ accompaniment

by Mr. W. H. Hewlett, the celebrated organist of Centenary Church, Hamilton. Mr. Darwen displayed great ability as a pianist, playing with great brilliancy of technique as well as warmth of expression. Mr. Hewlett's accompaniment was perfect. Later on in the program Messrs. Darwen and Hewlett played "Pastorale" for piano and organ with delightful effect. Mr. Owen A. Smily that inimitable Toronto entertainer, was the elocutionist of the evening. His numbers were varied and either in serious or humorous selections he captivated the audience. His musical sketch and "How Bill Atkins won the Battle of Waterloo" were particularly pleasing. Mr. Hewlett gave one organ piece but in that number which was "Funeral March and Crant Seraphine" (Güllmant) he upheld his reputation as being in the very forefront of Canadian organists. One of the finest numbers on this excellent program was "Ave Maria" (Bach-Gounod) sung by Miss Whit-

taker, soprano soloist of First Methodist Church, Hamilton, with accompaniment as follows: piano, Mr. T. Darwen; organ, Mr. Hewlett; 1st violin, Mr. W. G. Darwen, 2nd, violin, Miss S. Darwen, and contra basso Mr. James Darwen. This number pleased the audience so well that part of it had to be repeated. Miss Whit-taker has a beautiful voice. Her enunciation is faultless and she sings with an evenness of tone in all her registers. Her work in the "mottet" "Gallia" (Gounod) which was sung by the choir at the end of the program was particularly brilliant. With her able assistance Wellington Street Choir excelled all former efforts. Mr. Darwen directed from the organ and Mr. Hewlett added piano accompaniment in good style. After the concert Rev. R. D. and Mrs. Hamilton entertained the choir and friends to a buffet luncheon in the church parlors. Short speeches of appreciation were made by Messrs. Darwen, Standing, Detwiler and T. Darwen. Mr. Hamilton acknowledged these evidences of appreciation by a brief, graceful speech, and the happy gathering dispersed.

KEIR HARDIE'S LOVE LETTERS TO THE SUFFRAGETTE GENERAL

London Police Said to Have Discovered Outpourings of M. P.'s Heart Among Seized Papers.

LONDON, May 9.—The Daily Express this morning says: "An astonishing discovery was made by the police during their recent investigation of the Suffragette activities. In the search for documents in the offices and domiciles of some of the militant movement. Naturally, the police will not divulge the contents of these precious letters, but it can be stated they are of an astounding character. There seems to be little likelihood that the letters will ever reach the public; but the police have had at least an amusing experience."

The Daily Express does not mention the names of the parties to the correspondence, but it is reported in newspaper circles that the Socialist M.P. is Kier Hardie, and the lady "General" Flora Drummond.

CLEVER ACT WAS PUT ON

Miss Squire's Pupils at the Grand Opera House Last Evening.

Before a very large and enthusiastic audience, the Amateur Players' Club, under the direction of Miss Squire, presented "The Ulster" at the Grand Opera House last night. The "Ulster" is a very amusing and entertaining farce comedy, centering about the fact that an Ulster was left in the home of one Mr. Valentine Flipper, a retired merchant, arousing his suspicions and jealousy, and causing finally a great deal of trouble in the home. The Ulster, however, had been left by Geoffrey Barton who had been making secret visits to Sadie, Mr Flipper's niece. Mr. Flipper, who has been away, returns and finds it coming to the conclusion some person has been visiting his wife. The first act takes place at the home of Mr. Flipper, showing the outcome of the finding of the Ulster by Flipper and the resultant discord it produced. Scene II is laid at the home of Prof. Barton, the author of "Barton's system of development," and a firm believer in exercise as a diet. The connecting link between the Barton and Flipper families is developed by the attentions being paid by Flipper's son to Barton's daughter, and Prof. Barton's son to Mr. Flipper's daughter. It was during one of the latter's secret visits to Mr. Flipper's niece that the Ulster was left which ultimately caused all the trouble. The excellent manner in which the love scenes between Flipper and Barton young folks were carried out by the amateurs called for repeated applause. In fact the vein of comedy which ran through the whole performance kept the audience in constant roars of laughter.

The final act is staged at the Flipper house, in which Flipper, after an uneventful search for the owner or cause of the Ulster being left in his home, decides upon divorce proceedings; the act concluding by the owner of the Ulster turning up to claim the same, with the ready explanation of the manner in which it happened to be left there. The parts throughout were admirably taken; those parts especially worthy of mention were Mr. Flipper, ably taken by Terence K. Martin. Wilmington Flipper by Percy A. McLeod; Agnes, Mrs. Barton's daughter, Miss B. Burr; Geoffrey Barton by Mr. Fred Pelling and Mrs. Flipper by Miss Nora Gaffney.

The play was a decided success. Miss Squire and the cast are to be congratulated upon the excellent manner in which the production was staged. The cast included: Mr. Valentine Flipper.....Terence K. Martin
.....Percy A. McLeod
Prof. Barton.....Neil R. McLeod

Winnipeg, Man., May 9.—Winnipeg segregated area is now a thing of the past. There were no scenes of disorder as the Thorality department kept a close watch on the exodus.

A BANQUET FOR DRAGOONS

Major Leonard Was Host at Successful Function Last Night.

Major H. F. Leonard, commander of D Squadron, 25th Brant Dragoons, was the host of a complimentary banquet given to the officers, sergeants and men of the squadron at the Tra Pst Inn last night, after parade. There were a number of the officers of the regiment present, also Mayor Hartman and the affair was voted by one and all as one of the finest of the kind held in military circles for a long time. Among the military men who sat at the head of the table were: The host, Major Leonard, Lt.-Col. M. F. Muir, commander of the regiment; Lt.-Col. Howard, commander of the Dufferin Rifles. Lt.-Col. Spence, Lieut. VanSomerem, Lt. Hall, Lt. Saunders, Lt. Watson and His Worship, Mayor Hartman.

After the inner man had been satisfied, Major Leonard gave the command, "Attention." The toast of the King was proposed and responded to by singing the National Anthem. "Canada" was the next toast and was responded to by Lt. VanSomerem who spoke in glowing terms of our fair Dominion and her militia. Lieut. VanSomerem got a good one off on Mayor Hartman when he said, "I hope the mayor got closer to the plate to-night than he did when he pitched the first ball at the opening of the baseball season."

Pte. Rose favored the gathering with a song. "The Canadian Militia" was responded to by Lieut.-Col. Spence who spoke on the days of the veterans. Lt.-Col. M. F. Muir on rising was greeted with three rousing cheers and the commanding officer paid some very flattering remarks to D Squadron and the regiment. Lieut. Hall gave a capital recitation entitled "The Last Shot or a Tale of the Indian Meeting."

Lt.-Col. F. Howard, commander of the Dufferin Rifles was received with rounds of applause. Lt.-Col. Howard made a short address, referring principally to military matters. He said he hoped the proposed new armories in Brantford would be erected in the near future and that the organization of the new field battery would be completed at an early date. He spoke also of the good will that existed between the city regiments.

C. B. Todd sang three humorous songs. "The Municipality of Brantford" was responded to by Mayor Hartman in his genial way. He said he was sure the citizens of Brantford were proud of the two military corps. The mayor was given a great ovation. "The Ladies,"—Mr. Samuel Seago handed this important toast in capital style. Pte. Holmes at this stage sang a couple of humorous songs. Short speeches were made by Capt. Cutcliffe, Lieut. Hall, Lieut. Saunders, Lt. Watson and Sergeants Mounce, Cara, Ellis, Vair, J.M.S. Dawson and Plummer. "The Press" was responded to by representatives of the local papers. Lieut. VanSomerem then proposed a toast to "Our Host—Major Leonard." The Mayor replied briefly. The National Anthem brought an enjoyable affair to a close.

Obituary

The death took place this morning after a lingering illness of Mary Hermeton, beloved wife of John M. Smith, at the family residence, 34 Chatham Street.

The late Mrs. Smith was in her 64th year and a member of Wellington Street Methodist Church. She leaves to mourn her loss a sorrowing husband and two sons, Lloyd of the Brantford Post Office staff and Wray of the United States and many friends.

The funeral will take place on Sunday to Greenwood cemetery.

Dish Washing

By HOWARD L. RANN

DISH washing is a genteel form of penal servitude which punishes the female sex with relentless step from the cradle to the grave. It is the only kind of housework which a woman can't go away and forget for a week without causing the pantry to look like a rummage sale.

Dish washing always comes at a time when a woman would rather curl up in a hammock and a house gown and immerse herself in a love story to the depth of several feet. If a woman passes up the supper dishes in order to dissipate at the annual meeting of the cemetery association, she will run out of breakfast implements and have to serve the soft-boiled eggs in soup plates which hadn't been disturbed since the wedding.

It is usually customary to wipe dishes after they have been washed and some clever domineering woman

lead their husbands into the kitchen by the ear, label them with a ging-ham apron and turn them loose on the crockery. There ought to be a law against this cruel custom, which is so humiliating to the proud spirit of man and causes him to go round with parboiled fingers. If there is anything which will remove the glamour from the state of annihilable felicity it is the sight of a ham-fisted husband trying to crowd his right and a wiping towel into a Mason jar at one and the same time.

Dish washing has a tendency to encourage economy in the use of superfluous tableware, and some men become so well trained that they never think of asking for an extra knife with which to eat their pie. It also does away with the individual butter plate and the reckless disbursement of teaspoons. There is never any trouble in the home when a man is willing to use one plate as a haven of rest for everything from lamb stew to rhubarb pie.

If the men of this country had to wash the dishes for a straight week there would be more coupon meal tickets sold.

Before It Is Too Late.
If you have a gray-haired mother, In the old home far away, Sit down and write the letter, You've put off day by day, Don't wait till her tired steps Reach heaven's pearly gate, But show her that you think of her, Before it is too late.

If you're a tender message, Or a loving word to say, Don't wait 'till you forget it, But whisper it to-day, Who knows what bitter memories May haunt you if you wait, So make your loved ones happy, Before it is too late.

We live but in the present, The future is unknown, To-morrow is a mystery, To-day is all your own, The chance that fortune lends to us, May vanish while we wait, So spend your life's rich treasure, Before it is too late.

The tender word unspoken, The letters never sent, The long-forgotten messages, The wealth of love unspent— For these some hearts are breaking, For these some loved ones wait, So show them that you care for them, Before it is too late.

—George Bancroft Griffith.
The citizens of Brantford should all in line with this movement that has so much to commend it.

EDISON'S MASTERPIECE

The Edison Disc Phonograph marks the attainment of an ideal by a man whose ideals are many years in advance of the age in which he lives. A certain musician of note when listening to the Edison Disc Phonograph, said: "You do not know what you have. You call this the greatest photograph in the world. But it is more than that. It is the greatest musical instrument in the world." (No needles are used). H. J. Smith and Co., 112 Colborne street, have secured the agency for these wonderful instruments and have received the first that have come into Brantford. Come and hear them and decide for yourselves.

PILES CURED IN 6 TO 14 DAYS

Your druggist will refund money if PAZO OINTMENT fails to cure any case of Itching, Blind, Bleeding or Protruding Piles in 6 to 14 days. 50c.

WERE TRIED AND STOOD THE TEST

DODD'S KIDNEY PILLS MAKING A REPUTATION IN THE WEST.

Saskatchewan Man Tells How They Cured Him, After Four Months' Suffering from Backache and Other Forms of Kidney Disease.

ST. PHILLIPS, Sask., May 5 — (Special)—In a new country, where changes of climate and impure water are among the difficulties to be surmounted, kidney trouble is prevalent. It is the kidneys, the organs that strain the impurities out of the blood, that first felt and undue strain on the body. Consequently Dodd's Kidney Pills have been well tried and tested in their neighborhood.

They have stood the test. Many settlers tell of backache, rheumatism and urinary troubles cured by Dodd's Kidney Pills. Mr. Otto Olschki is one of these. In speaking of his cure he says: "I suffered from kidney disease for four months. My back ached, I had heart flutterings, and was always tired and nervous. My skin had a harsh, dry feeling; my limbs were heavy; and I had a dragging sensation across the loins."

"I consulted a doctor, but, as I did not appear to improve, I decided to try Dodd's Kidney Pills. I used six boxes, and now I am all right." Dodd's Kidney Pills always stand the test. Ask your neighbors.

Japan Protests.

WASHINGTON, May 9.—Japan's formal protest against the California alien land bill was submitted to Secretary of State Bryan at the state department early to-day by Viscount Chinda in person. The protest will be placed before President Wilson and the cabinet by Secretary Bryan this afternoon, that an answer may be promptly returned to the Japanese embassy.

MOTHER'S DAY TO BE OBSERVED

Sunday Everyone Will Wear the White Flower in Honor of Mother.

The observance of Mother's Day is becoming deservedly more popular every year. The great good that comes from the fitting observance of the day never can be measured. When we stop to think of the hundreds of young people in every city who are away from home and susceptible to all the influences that play upon them, we can easily see that the memory of a good Christian mother must prove one of their mightiest strongholds in the resisting of the wrong. Some one has said that "no man is better than the woman he carries with him in his heart," and happy is the man who carries about with him the memory of a sainted mother.

"O Mother, when I think of thee, 'Tis but a step to Calvary, Thy loving hand upon my brow, Is calling me to Jesus now."

Next Sunday, May 11th, is the day fixed for the observance of Mother's Day, and it is hoped that all who can will in some way remember their mothers. If the mother has passed on to the better life unseen, wear a white flower in her memory, do a kind deed to somebody else's mother, and if your mother is still with you, do not let her in some way brighten her life by sending her a remembrance of flowers, by writing her a real love letter telling her how much you appreciate her and in other ways show her that you have not forgotten her who has done so much for you. Do not let her pass without some kindly recognition of her loving service for you through all the years of childhood that has placed you under a perpetual debt of gratitude to her.

Fine Time

Spent By The Dragons Is
at Tea Pot Inn Last
Night.

Major Gordon J. Smith and Capt. Towers entertained the staff sergeants and members of A Squadron, 25th Brant Dragons to a complimentary luncheon at the Temple Cafe last evening after the parade. The affair was one of the jolliest little military parties that has taken place for some time and the mounted soldiers had a very pleasant evening. After justice had been done to the dainty lunch which had been prepared by Maj. Smith, who acted as chairman, called the gathering to order and after singing the National Anthem, the cigars were passed around and the boys smoked to their hearts content. Speeches were made by the president, Capt. Towers, Regimental Sergt. M. Roberts, Lieut. Wilkes, Q. M. S. White, Signaling Sergt. Punnett, Q. M. S. Danb, Sergt. Major, Lieut. Dr. Pearce sang a couple of songs in capital voice. A Squadron is in first class shape and are looking forward to a very successful time at Niagara. Camp where they are bound to give a good account of themselves. They will make the other squadrons of the regiment "back up" if they want to make as fine a showing as A Squadron. The soldiers gave three cheers for their hosts and voted the affair the best ever in the history of the squadron and after singing "God Save the King" the merry gathering dispersed.

Paris News

(From our own Correspondent.)
PARIS, May 9.—Two records were broken when the board of education met last night. They started sharp on time and there was a full attendance of members as follows: Chairman Inkster, Secretary Dr. Logie, and Messrs Whitty, Haire, O'Neal, Barker, Dunton, Teller, Hilborn, Miller, Mann and Martin.
The following communications were read: Mr. Cassidy wrote that the Separate School Board appointed Mr. Bell as their representative on the board of examiners at the entrance examinations.
Mr. H. D. Broughton stated that if the Board would grant him an order for \$20 for expenses he would see that the overflow pipe on Dundas street adjoining the school and his property would be properly repaired. On motion of Messrs Whitty and Haire it was referred to the buildings and grounds committee.
The caretaker of the Central school requested a new lawn mower and grass shears and the grounds committee was authorized to purchase the same.
Principal Dickson submitted his monthly report showing a total of 517 pupils on the public school roll with an average attendance during April of 445, or 84 per cent. During the month deposits in the penny bank amounted to \$91.61.
A large batch of small accounts, amounting in all to \$332.50 were ordered to be paid. They included among other things, 1-2 bu. of corn for seed purposes at \$5 per bushel.
The town's bill for water for the quarter was \$147.60 compared with an average of \$8 to \$9, and it was thought there must surely be some mistake and the bill was referred back.
Principal Dickson requested the board to buy six volumes of new practical reference library for \$22.55, but as this amount would starve the school library the motion to purchase was lost.
The board then adjourned.
The A. Y. P. A. of St. James' church held their 'copper social' last night when about \$41 was realized toward the building fund of the parish hall. A splendid programme was given as follows: Song, Miss Makey, song, Mrs. Chittenden; piano duet; Mrs. Bemrose, Mr. Tate; song Miss Lamb; quartette Misses England and Reynolds, Messrs Oldham and Musson; song, Mr. Lester; song Mr. McMillan.
The frame work and boarding of the clock tower on the post office is completed. The whole will be copper sheathed and will add greatly to the appearance of the building. A four dial clock will be installed.
The Paris Amateur Athletic Association held their annual meeting on Monday when the following officers were elected: President, Mr. R. Thomson; Vice-President, Mr. F. Smokey; Sec.-Treas., Mr. James Smiley, Committee: T. S. Davidson, R. E. Haire, Thos. Quinn, John Carnie, John Kay and M. Ryan.
A yoke of oxen ranged beside a high power motor car to have their photo taken, presented a rare picture of extremes in slow and fast locomotion on Grand River street yesterday.

A Boost

Given Grand River District By Boston Paper.

The following is from the Daily Christian Science Monitor published in Boston, U. S. A.
Judging from the returns already made by the industries of the Grand River district of Ontario, those who are disposed to compare the region with New England will not be so very far from the mark if they shall continue to do so for a few years more. Within its borders are embraced the busy manufacturing towns of Brantford, Berlin, Galt, Paris, Preston, Waterloo and Dunville. In these places the value of manufactures in 1909 was shown by the census to be \$14,546,312 and by the census of 1910 to be \$39,349,312, surely a remarkable gain in a decade. The district of course, is not nearly so populous nor so productive as any of the leading industrial centres of New England, but in the character and variety of their manufactures the Grand River towns might be compared with those of the Merrimac river towns in Massachusetts without calling for too great a stretch of the imagination. For instance, they have knitting and underwear factories, they run out rubber goods, agricultural implements, furniture, railroad cars, all kinds of machinery and small wares. Some of the plants are only in their infancy; some are well developed; every year seems to swell the volume of their output.
Reference to the district at this time is especially opportune, because if Canada is to be affected favorably by contemplated changes in the American tariff, the Grand River towns will be among the earliest to feel the change. Whether, as predicted, two generations more will see the banks of the Grand River inhabited by hundreds of thousands of artisans, it is impossible at this stage to say, but it is a reasonable prediction that under normal conditions the industries now being established will keep pace with the growth of the Dominion. The most enthusiastic of Canadians, everything considered, could hardly ask for more than this.

A ratine suit, with shirt waists of cotton crepe voile, or washing silk, makes a serviceable and smart summer outfit, one durable, comfortable, and in style. It has the advantage over linen because linen crushes, while ratine shows creases and wrinkles very little. The dark shades are suitable for street wear, and when soiled can be laundered without starch. It's price by the yard is rather dear, but the material is sixty-six inches wide, needing only three and a half or four yards for a coat and skirt.

A certain advanced set of women in Japan have as their organ a woman's paper entitled the "Blue Stocking," the Japanese equivalent for that name. This set of women claims social equality with men, and works for the purification of Japanese society. The journal has been suppressed several times for the expression of what

the Japanese called "dangerous thoughts." Included in these are scientific criticism of Japanese history and of the old Japanese records about the Imperial family, doubts as to the patriotism of General Nogi's suicide, and criticism of police methods. A meeting was held lately under the auspices of the "Blue Stocking" that may result in the birth of a definite woman suffrage movement in Japan.

One of the largest weddings celebrated in Toronto in years was solemnized at the McCall St. synagogue Toronto, this week, when Miss Ida B. Kaplan, and Miss Tessie (Kaplan), daughters of the Rev. Mr. and Mrs. L. Kaplan became the brides of Mr. L. Berk and Mr. P. Kauffman respectively. The synagogue was most beautifully decorated with quantities of palms, roses and other spring blossoms. An orchestra which was stationed in the balcony played the wedding music and the ceremony was performed by the father of the brides assisted by Rabbi Jacobs and Rai Gordon in the presence of over five hundred guests.

One of the most desirable articles in the laundry or wash room and valuable in many purposes connected with the household economy, as well as in scientific uses, is the simple salt known to everyone under the name of borax but probably not much known as to its constituent elements or its nature, but most of those who use it more or less frequently. Bicarbo-nate of sodium to use its chemical name, first came as a natural product from Tibet, by way of India, under the name of tinal, the salt being covered with a green crust of a soapy nature, which requires removal before borax is available for use. It is also found in other portions of Central Asia, in Peru, in Transylvania, and in Canada; but the finest and purest natural salts thus far discovered come from California, being found in what is now known as Borax lake. This body of water, about 4000 by 1800 feet, though only three feet in depth, is so heavily charged with the salt that the bed is covered with crystals, in a state of such purity that they are ready for use in assaying and for like purposes.

The general supply, however, is principally manufactured from the elements, boracic acid and soda, though it would hardly interest the readers to go through the chemical processes by which it is prepared. Boracic acid itself is an element of volcanic gases, and is found in combination with various salts in the vicinity of active or extinct volcanoes in different portions of the world. In addition to the uses above specified, borax is largely used in glass making, in pottery glazing and enamelling, and medicinally for treatment of external sores and ulcerations. It is valuable as an antiseptic, and in Sweden is largely used in the preservation of meat and milk, producing, it is claimed, no unpleasant or unwholesome effects.

RICHARD BRINSLEY SHERIDAN, author of "The Rivals," Sheridan was only twenty-three years old when Goldsmith died and while their work belongs to the same general period, the two playwrights never had personal contact with each other. Sheridan also wrote "The School for Scandal" and "The Critic," and then inexplicably abandoned the theater to enter political life.
OLIVER GOLDSMITH, author of "The Stoops to Conquer," was of the most curious and likable characters in all literature. "Poor Nell" was always hard up and in debt. His poem, "The Deserted Village," and his novel "The Vicar of Wakefield," together with "The Citizen," are proof of the versatility of his genius.

OTTAWA EVENS UP BY SCORE OF ELEVEN-FOUR

Donovan Pitched Great Ball for Seven Innings, When he Weakened a Little, With His Support Getting Wobbly—Red Sox Fielded in Ragged Style.

The sure thing went wrong at the ball grounds yesterday afternoon. In the seventh inning after two men were out the Red Sox who had a lead of three runs were beaten out of what had all the resemblance of a shut-out victory. One error in the sixth of time upset the Brants application and away they went sky high. It was an awful explosion, just at a time when a victory for the Brants looked as good as the flowers in May. But, alas! Donovan weakened, and combined with bad errors allowed the Senators to pile up six runs. This half dozen they did get, but in their half of the ninth they made it worse by sending five other runners across the plate just to rub it in, so to speak. Lill who pitched for the visitors got away with his game nicely, but up to the seventh Donovan was pitching rings around him. Lill was there at the finish and won his game. Diem at centre field started the procession by dropping a high fly hit by Lage to the centre field fence. The Red Sox scored in their half of the first. Lindeburn drew a pass and went to second on a passed ball. Tesch fanned and Wagner flew out. A wild pitch by Lill allowed Lindeburn to score. Brundage, the first man up in the second put the ball over the right field fence for a trip around the loop. The Brants scored their third run in their half of the fifth. Lindeburn beat out an infield hit. (Continued on Page 10)

SPORTING COMMENT

By FREE LANCE

Well, baseball is a percentage game. You win one day and you lose the next, and it's the grand average which counts. It was a little disturbing to lose a game as the Red Sox did yesterday, with two out in the seventh inning, and have six runs come bristling across all in a twinkling. The avalanche was occasioned by Diem's miff of a hard chance in centre field, which allowed the first run to score, and which should have retired the Senators. Had Diem made the catch—and he apparently had plenty of time to get under the ball—the Red Sox might have been returned the winners. As it was, it took another error, this time by Tesch, to put Ottawa in the lead. The game had been apparently braced up for Brantford, and the Senators came along and cut the string.

The Brantford infield grounds are in fearful shape, according to the reports of both Ottawa and Brantford players. Apparently the mixture of sand and clay which was put on the infield to make it fast has not worked out very well. Kane roared last night because, as he expressed it, both infielders Tesch and Wagner had been made to look like tramps. The ground in their territory is full of lumps, and it is ankle deep in sand. We are not horticulturists, but we imagine that sand and clay requires some rolling and some water to get it assembled properly. The Ottawa players think the infield sod should be cut out deeper. However, next week, when the club is away, everything will be done to improve the grounds. Certainly it looked yesterday as if Tesch, who was given three errors, had a good alibi.

Chapdelaine's initial appearance behind the bat was not impressive. We don't believe the Frenchman can hit. In some spots he looks like a good mechanical catcher, but he is beyond that age where he will develop. McCarthy's drawback is his inability to throw. English, on the other hand, is 19 years old and a great thrower. He has not played 25 real ball games in his life, and what he is now is the result of a natural disposition rather than any training. He might develop into a wonder, and it might pay the ball club to keep him with Lamond. It is not expected that he will develop in a day, but as a prospect he might prove a great investment for the Red Sox.

There will be no betting allowed at the ball park. If officials find bets being made those guilty will be removed. This dictum is from the President. To many fans the spectacle of somebody getting up with a dollar and waving it heroically is not only cheap-looking but disgusting. The ladies' stand will certainly be kept free from this sort of rowdism. On the other hand, there are some clever things said in a baseball way which do not give offence. An old gentleman occupied a seat yesterday, and his polite but well-timed quips made everyone smile. This is the sort of interest which people like.

SUMMARY: Home runs—Brundage, Dolan. Two-base hits—Dolan. Sacrifice hits—Tesch, 2; Shaughnessy. Bases on balls—Of Lill, 8; Donovan, 3; Coose, 1. Hit by pitcher—Lindeborn, 2; Dolan; Donovan, 1. Passed balls—Chapdelaine, 1; Lage, 3. Double plays—Tesch to Wagner to Ivers. Struck out—By Donovan, 5; Lill.

Gabby Iver's stole second in the 5th with Lindeburn on third. Pitcher Lill won his own game with a double. He certainly is a grand pitcher.

Talk about Kane scolding his players down! Shaughnessy called one of his men down for failing to run to first on a missed third strike and it was no soft pedal affair either. Dolan started the trouble in Ottawa's seventh with a hard drive to right. He again appeared and secured a dead ball. Then Coose relieved Donovan.

Indian Pitcher Has Won All Reds' Games

NEW YORK, May 8 — George Johnson, Cincinnati's crack Indian pitcher, shut out the New York Giants here yesterday, the score being 4 to 0. He held the locals to six scattered hits and permitted only two men to get past first base. Johnson has won all the five victories scored by Cincinnati to date. The visitors supported their Indian marvel superbly and made four double plays: Bates, tripled in the first and scored on Tinker's single; In the eighth his second three bagger drove in Grant and Clark. Ottawa Evens Up By Score of Eleven-Four

(Continued from Page 9)

Tesch sacrificed. Wagner was a first base out. Ivers and Orcutt walked. Brundage beat out a short hit down the third base line and Lindeburn scored. Donovan was sailing along nicely in the sixth and the early part of the seventh and if looked as if he was going to blank his opponents, but all at once when it was least expected the Ottawa aggregation started a debate on the Navy Bill and away went the Red Sox higher than Gilroy's kite, and ere they came down the Senators had bagged the game and finally came off the field with a well-earned victory. Dolan opened the seventh with a slashing double. The next two batters were outs. Then Diem let Lage's fly get away from him and the runner scored. Rogers batted for Tully and was hit by a pitched ball.

Lill doubled. Large scored. Harris singled and the score was tied.

Tesch, who previous to this stage of the game was playing like a horse-a-fire let Rows' ground get past him and the Parliamentarians were one to the good.

Shaughnessy, who had been cranky all the afternoon took revenge on the ball and drove out a beautiful single scoring a couple of his employes and the Easterners were three to the good. Dolan was hit by a pitched ball and Kane signalled for Coose to relieve Donovan. It was too late then to shut the stable door.

Robertson was an easy out. The Red Sox tried hard to come back but the Ottawas were now on top and played fast ball. The Red Sox got a runner around as far as third base but he died at the plate, making the third out.

The eighth inning produced nothing sensational.

The Government forces refused to stand for a blockade and just as a parting salute, cooked Coose's goose and started hitting again, which combined with some nice juicy errors on the part of the Red Sox put the "S" sign on the score board. Lill and Harris both got a life on two lovely

errors by Tesch and the former scored.

Rowe beat out one which Wagner did not handle in any big league fashion. Shaughnessy hit a high fly to Lindeburn and Harris came romping home.

Dolan hit the ball over the fence and he and his team mate promenaded around the bases.

Coose gave Robertson free transportation. Callahan was safe on a piece of bad judgment of a short infield hit. Large hit one to Ivers and Robertson scored the last and eleven run for Ottawa.

The locals tried hard to break up the game in the last innings but they were not equal to the occasion and the best they could do in the dying stages of the game was to score one run, making the count 11-4, in Ottawa's favor. Lindeburn drew a walk. Tesch and Wagner were easy out and Ivers singled and Lindeburn came in with the fourth and last run. Orcutt ended the game by hitting a high fly to centre.

Ball Notes

Base Hits.

Shaughnessy is certainly a great manager and a great fighter.

Brundage's home run looked good for a while but still Ottawa have some hard home run hitters.

Liem's muff started the ball rolling.

It is not necessary to say that the attendance was not as large as on the opening day.

The Ottawa team are great up-hill fighters.

Lill was the Lilly of the Valley. Large should have an "R" at the end of his name.

The Shaughnessy outfit were very crabby before they got ahead and then they were all smiles.

The crowd which crossed Lorne Bridge yesterday was not as happy as on the previous day.

Up in Berlin there will be joy around the town pump.

The Red Sox open in Peterboro on Monday next and in Ottawa on Thursday.

His Royal Umpa will stand for no back talk and came very near sending a couple of Ottawa players out of the game.

If St. Thomas took two from London and Berlin did likewise to Peterboro, how long will it take Mayor Hartman to get a new City Hall or how old is Ann?

St. Thomas and Berlin lead the league, but for how long?

Judging from the score of the London, St. Thomas game, London must have got some of those "West Elgin Ballots."

"Shag" kept telling his players to keep on scoring in the ninth. The Ottawa manager apparently didn't want a repetition of Wednesday.

Tesch's errors were on bad bounding balls. One he never touched it going right over his shoulder, and most scorers mark these up as hits.

Lindy beat out an infield hit in the fifth.

Donovan's error was when he made an overthrow to first. Ivers and "Shag" doing a wrestling stunt around the bag.

Del Orcutt got into the hit column on a scratch to short. Wagner was thrown out attempting to get from second to home.

Lindeburn got on bases every time he came up.

Diem made a nice running catch in the third preventing an Ottawa score.

Imagine what they are saying up in London. How they do like to be trimmed by St. Thomas. And how St. Thomas does like such satisfaction out of beating the team from Sleeping City.

Up in Berlin there will be joy around the town pump.

Tully, the new Ottawa short stop was with Peterboro last year. He will not set the league on fire.

Brundage can apparently hit speed of any kind. Although just out of the bush, no pitcher has made him look foolish yet.

Brantford's double play was Donovan to Tesch to Ivers and it was a fast one.

Ottawa fought all the way and crabbied at Umpire Daly on balls and strikes continually. Daly missed some corners at that.

Lindeburn walked, went to second on a passed ball, to third on an infield out and home on a wild pitch.

Donovan allowed only one hit in six innings. It was a single to right which got away from Brundage.

Shaughnessy hit two balls to the pitcher but finally looked one to left when it was needed.

(Ottawa Free Press).

Those Senators are going to raise Kane at Brantford.

To straighten out the fans on the name of our new catcher—pronounced Lage (as in cage), not Lage (as in hose).

Umpire Jocko Halligan has red hair. Watch who gets the close ones when Shaughnessy, Rowe, Robertson figure in a play.

When the Ottawa team broke camp at Fort Wayne, Leavitt the southpaw wonder from Lowell was smashing baggins in the Pennsylvania station. He has but his right calling. He got the wrong address when he walked in the ball park.

STUFF—Something the pitcher puts on the ball. High grade is very valuable.

A red hot fan is anxious to book a seat in the pitcher's box next to-morrow week.

Rule 43—The players of the side at bat must speedily abandon their bench and hasten to another part of the field when by remaining upon or near it they or any of them would interfere with a fielder in an attempt to catch or handle a thrown or batted ball.

How rule 43 is observed—(Chorus of players seated on bench): "Can't get it! Look out for the bicycle! Whoop! whoop! Let it go! I got it! It's mine, Jimmy!"

This has the Kohnoor skinned.

Louie Cook says if he can't land Eddie Collins, he'll play second base himself.

Batteries for to-day: Rain and wet grounds.

The real bug's dream of the opening game:

Ottawa . . . 0000000000000001—1
Brantford . . . 0000000000000000—0

From his chest measurement, Zbyszko would make a good shortstop for Shaughnessy.

Zowie! Here comes the wrecking crew—Rowe, Shaughnessy, Dolan and Robertson. If Cal and Lage come back, it will be a dynamite gang.

RESULTS IN CANADIAN LEAGUE

St. Thomas Beat London—Berlin on Top Too—Hamilton Won.

ST. THOMAS, May 9.—Baseball in the Canadian League was opened here yesterday afternoon in great style, and when another victory over the London team is considered it was doubly so.

The game yesterday was a gift to the locals, when everything was summed up. Nicholls allowed too many to walk, and the four hits he allowed were just sufficient to allow them to win. The score was: St. Thomas 4; London 2.

The local season was opened with the usual parade of a band and autos which stretched along Talbot street for some length and wound up at Pinarof Park in time to get the game started at 3:45.

A neat address by Ald. C. E. Saunders, who acted in the absence of Mayor Price, assured the fans and the club that although to-day there was not a grandstand in sight, within the next few weeks the St. Thomas baseball fans would see a grand stand where to-day only ashes lay.

The first ball pitched came from the strong arm of President E. A. Horwath of the St. Thomas Board of Trade, and the season was declared open.

About 2,000 Present
When the umpire Mr. Halligan announced the batteries for the afternoon about 2,000 fans had gathered, and the game started with everybody in high spirits, seated on the grass awaiting developments.

Greene went into the box for the locals and Powers did the catching. The locals did not get many hits but what few singles they did get counted. "Midge" Craven, according to the box score, was not at bat, but his knowledge of the old game made it possible for the Saints to register their second victory. He secured two bases on balls, was hit twice by Pitcher Nicholls and scored the two runs which was the margin St. Thomas had at the finish. To have pitched nine innings allowing only four hits and lose was Herman Nicholls' lot. But he can be blamed for the loss of the game by allowing six bases on balls and hitting three batsmen.

The big outfield of the visiting team could have broken up the game several times, as there were nine

London men left on bases, for the lack of a timely swat.
The home team scored one run in the first after Kopp was given a base on balls, but was nipped off at second base by a perfect peg by Foye, who worked a great game behind the bat after Matteson was ordered out of the game for disputing a Halligan decision. Craven was hit by Nicholls, and scored by Wright's two base hit to Stewart. One by one these runs were made at different intervals and before the visitors knew the ninth session had crept upon them.

Craven Again
In the third, Craven the first man up, was given a base on balls, and going to third on Bierbauer's error, scored on Wright's long sacrifice fly to Chickenger.

In the sixth Kustas singled to the right, went to second on a bunt by Wright and scored when Gurney hit for two bases. The next inning Foye drew a base on balls and scored when Kopp doubled to Denon's territory in centre field. In this inning Craven was also given a base on balls.

London's two runs came in the second inning. Marshall singled through short and stole second. Kuhn was out to Wright while Foye was safe on Wright's error. He too stole second. Marshall stole home while the Saints were trying to catch Foye. Foye scored on Myers' single.

London's infield looked better yesterday than it did on Wednesday and had Nichols been less extravagant it would have been a London victory instead of a St. Thomas win. The score:—

London 02000000—2 8 2
St. Thomas 10100110X—4 4 4
Hits by innings—
London 120012101—8
St. Thomas 10000210X—4

Errors—St. Thomas: 4: Wright Powers; Sweeney; Foye; London: 2: Myers Bierbauer.
Summary—First on errors—London 2; St. Thomas 2. Two base hits—Myers, Wright, Bierbauer; Gurney and Kopp. Sacrifice hit—Wright, Green. Sacrifice fly—Wright. Stolen bases—Myers, Marshall and Foye. Bases on balls—Off Greene 2, off Nicholls 6. Struck out—By Greene 2, Nicholls 4. Hit by pitcher—Nicholls, Craven 2; Foye. Passed ball—Foye.
Umpire—Halligan. Time—2:22.

GUELPH, May 9.—The Hamilton Tigers turned the tables on the Maple Leafs before another big crowd at Exhibition Park yesterday afternoon, winning out in the ninth by a score of 4 to 2.

It was a different brand of baseball altogether from that served up on opening day, although the game was rather listless until the visitors began to make matters interesting in the last innings, when they came from behind and scored three runs, thus winning the game. For the greater part of the game, it was a pitcher's

battle between Schmidt, of Hamilton, and Schuyler of the Leafs. The latter went to pieces in ninth, and the Leafs went after Schmidt in their half, getting three men on bases with only one out, but he tightened up and no score resulted.

The Leafs Score
The Leafs scored their only two runs in the third on a single by Wiltse, Wright's double down the first base line, and Fryer's slashing single to left. After that Schmidt did excellent work and held the Leafs scoreless.

The Tigers could do absolutely nothing with "Rube" Schuyler until the last three innings, although sensational fielding behind him saved him on several occasions. In the 4th he retired the side on three pitched balls. He threw out both Tyson and Thomas, and Murphy fled to Wiltse. Schuyler also fielded his position in grand style.

Jack Fryer, although his ankle is still lame, played a good game, and he hit the ball hard. The Tigers got their three runs in the ninth on some good clear hitting. Corns was first up, and he doubled to centre, stole third and came home on Brady's error of Killilea's easy grounder. Hits by Barton, Murphy and Thomas followed, and the game was won.

The Leafs came back strong. Cook singled to centre and Wright also hit safely, sending Cook to third. The next two went out, but Brady was passed. Behan was thrown out by Murphy and the game was over. The score:—

Hamilton 00000103—4 11 1
Guelph 00200000—3 7 3
Errors—Hamilton, 1. (Lee); Guelph 3 (Wiltse, Wright, Brady).

Summary—Two base hits—Wright. Sacrifice hits—Corns, Tyson 2, Schuyler. Stolen bases—Corns, Killilea, Lee, Wright, Behan 2. Bases on balls—Off Schmidt 5, Schuyler 4. Struck out—By Schmidt 9, Schuyler 2. Passed balls—Barton. Left on bases—Hamilton 12; Guelph 9. Hit by pitcher—Lee. Time of game—2:30. Umpire—Black.

BERLIN, May 9.—Berlin took two straight from Peterboro by winning yesterday's game by the score of 4 to 3. Davy Rowan's men appear to be weak at bat. Ward, a Utica lad holding the visitors down to two hits. Ward was with London in the spring of 1912 but was released by Bowerman without a trial.

Passes issued in the early stages by Ward and an aerial ascension by the locals in the eighth allowed the Petes to score. Brodie who refused to sign a contract offered by Manager Keenan, was given a trial by Manager Rowan but was found when hits meant runs.

A batting rally in the sixth resulted in two runs for the locals, giving them the lead. In the ninth the Petes evened up with White as a pinch hitter, scoring McNeal. Berlin's effort to win was unique but successful. Miller, singled, Morrissey beat out

bunt and Stroh hit an infield ground er. With three on bases Dinsmore hit a slashing single toward right field, but it hit Stroh and the runners were ordered back to the bases. Reidy wanted to bat for Ward and fanned but "Biddy" Burns is the needful by hitting a liner to third and Miller scored. It required five hits off Sterling, who was sent in to get the winning run. The fielding of Burns was the feature of the game. Umpire McLaughlin had some close decisions and the Petes seemed to be displeased with some of them.

The score:—
Berlin 100002001—4 9 6
Peterboro 00100101—3 2 1
Errors—Betzie, 3; Keenan, Miller, Morrissey, Byrne.

Summary—Base hit—Miller. First on balls—Off Ward 3; Brodie 2. Struck out—By Brodie 1; Sterling 1. Left on bases—Berlin 5; Peterboro 5. Wild pitch—Ward. Passed ball—McNeal. Stolen bases—Rowan, Totten, Getzie, Bullock. Sacrifice fly—Morrissey. Time—1:50. Umpire—McLaughlin.

JUST PLAIN "MAMA" AFTER JULY FIRST

After Same Date "e" Comes Out of Whiskey and Plough is Plow.

CHICAGO, May 9.—All is "wo," Mamma has lost an "m," and it will do her no good to look for it, because the university council of Northwestern University has decreed that after July 1 she will be just plain mama.

The council made public its latest list of words of simplified spelling. Continuing its wave of reform, the council has forever removed the "in" from whiskey. It may make the Illinois farmers' boys feel a little easier to know that the "plough" will be known this summer and henceforth as plain "plow."

The good old "ae" has been simplified to plain "e" as noticed in such words as anæsthesia; "oe" has met a similar fate, and the famous old bird is now known as the phenix. Another new one is soppin. The reformers have removed the "ough" from hicough, and made it just plain hicup. The "ues" have been lost from catalog (prolog, and pedagog).

As a tip to poets, rhyme hereafter is to be simply rhyme.

Strength comes from well digested and thoroughly assimilated food. Hood's Sarsaparilla tones the digestive food. Hood's Sarsaparilla tones the digestive organs, and thus builds up the strength. If you are getting "run down," begin taking Hood's at once. It gives nerve, mental and digestive strength.

These Shoes Are Made From Specially Tanned Calfskin

Shoe leather has advanced twenty-five per cent. in price during the past three years. That is why so many makers of shoes are now using SPLIT COWHIDE instead of full calf, and why most shoes do not wear so well. FOOT-RITE SHOES are made from FULL CALF, specially tanned and curried by a new process, which preserves the soft flexible life of the calfskin and gives extra wear and comfort.

The Foot-rite process of shaving, scraping, drying, oiling and curling, makes the leather extra tough and durable and gives that soft, supple, comfortable feeling that is found only in the finest bench-made shoes.

This is ONE of the reasons why is known as "THE CUSTOM MADE SHOE AT A READY-MADE PRICE."

FOOTBALLERS READY FOR BIG SATURDAY

First Matches for Charity Cup—Other Interesting Notes in Connection With Sport Which is Booming.

Dufferin Rifles vs. Y. M. C. A. at Agricultural Park. Tigers vs. St. Andrews, O. I. B. grounds.

All Scots vs. Tutela, Mohawk Park CHARITY CUP GAMES. Sons of England vs. Cockshutt United Tutela Park.

EXHIBITION GAME Brant Dragons vs. Oakville F.B.C. at Recreation Park.

There is a good line of sport on the football program to-morrow and the followers of the game will be treated to some real good football for the teams have been practicing hard and faithfully all week.

There is a game in most every part of the city and the lovers of the sport will not have to go far to witness a game.

Over at the Agricultural Park the Dufferin Rifles and Y. M. C. A. teams will meet after the baseball match and those who attend the baseball game will be able to see two games for one price of admission.

The Soldiers will make a desperate effort to capture the Y.M.C.A. team. Up on the O.I.B. grounds the Tigers will endeavor to gobble up the Young St. Andrews team. The Jungle team will find that the young blood which comprises the Saints will be hard nuts to crack and will keep them stepping until time is called.

The St. Andrews team is composed mostly of young players and have speed to burn but have a light tendency to take stage fright. The North Ward and Holmedale people will no doubt be out strong to see the game.

Down at Mohawk Park the All Scots and Tutela eleven will play their scheduled game and as there has always been a great friendly rivalry feeling between these two teams, there promises to be a battle royal.

Charity Cup Game. One of the most important football games to be played to-morrow is the one between the Sons of England and the Cockshutt's United in the first in John Hill Charity Cup series. The proceeds, i.e. what is accumulated by taking up a collection among the crowd will be donated to the Tuberculosis Hospital Fund. This promise to be a crackerjack and one worth going a long way to see and one that should be very largely attended.

The game will be played on the Tutela Park grounds in Eagle Place and will start at six o'clock.

The opposing teams will have the very best players they have at their disposal on the line-up and the contest should be a hammer.

Both teams held extra practices this week in preparation for the game and left no stone unturned to get into the best possible shape.

Remember the game—The John Hill Charity Cup series. Remember the place—Tutela Park. Remember the teams—S.O.E. vs. Cockshutt's United. Remember the cause—Tuberculosis Hospital.

row; Atkinson; Sharp; Garroty, McDonald, McCann; Weir; Woodcock, Brown, Bonner; Daniels; Pratt and Darch. Game 6 p.m. sharp.

Notes on the Games. All roads lead to Tutela on Saturday. The Cockshutt's captain is sure of a win.

But just wait and hear what the Sons Capt. has to say. Plant and Richardson are determined to get a two-bagger.

Park says if they get past him he will give his boots away. Y. M. C. A. vs. Duffs. The sharpshooters will have had enough Holmedale after Saturday.

Mercer has got his boys with fixed sights and intends hitting the bull every time.

But Tigwell says he is there to handle the target and every shot will not be a bull, no, not even an inner.

The soldiers are in fine form and they should hold the dash forward of the "Y."

If they don't the man with the flag will have the blues. Holmedale Tigers vs. St. Andrews. The Tigers should win here, but one never knows.

The church has a dashing team; more force to their shooting boots. The Tigers must have some hot stuff with a man like Archer on the reserve.

Trainer Fred Orr has got the boys in fine trim. By the way, did you know that the knowing Fred has three international caps won in the Old Country. You shall all see them one day.

Jack Scanlon is playing fine ball. Maycock is a new try out with a good record.

Hutchings is a dashing little fellow. All Scots vs. Tutela. All Scots are out for the first win of the season.

But they will have to go some, but they're in fine form. With Forgie and Maich there should be some improvement.

The league has slost a fine referee but their loss is Scottie's gain.

Dufferin Team. The following is the Duffs team selected to play against the Y. M. C. A. on Saturday next; kick off at six o'clock sharp; Duffin, Cook, Richardson, Harris, Bingham, Myring, Coale, Humphries, Turner, Mercer (capt), Hutchinson; reserves, Houlston, Rogers. Players are requested to report on the grounds at 5.30 sharp.

Wyatt Lee Again. TORONTO, May 9.—Every little once in a while, as Fra Elbertus says, the mortgage yawns and gives forth Wyatt Lee. The old sexton is becoming impatient. He thinks that he should have had Wyatt long ago.

And so he should, but the ancient and persistent left-hander spends his winters at the springs of Ponce de Leon and emerges in the merry springtime to beat Toronto's ball team. The decrepit old Newark heaver hobbled onto the field at the Island stadium yesterday with creaking joints and pained limb and horseshoes—and beat the leaf 1 to 0.

28th Dragoons. A match will be played on Saturday next at Recreation Park between the Dragoons and Oakville F.B.C.

The Dragoons' line up will be selected from the following: Whelan, Harbour, Lord, S. Garrow, B. Garrow.

Notes on the Games. All roads lead to Tutela on Saturday. The Cockshutt's captain is sure of a win.

But just wait and hear what the Sons Capt. has to say. Plant and Richardson are determined to get a two-bagger.

Vanished Things

By WALT MASON

There are no birds in last year's nests, they're gone, with all their young; there are no laughs in last year's jests, however well they're sprung. There is no news in last year's sheet; the things that happened then and made us prance on anxious feet, are chestnuts now to men. There is no wheat in last year's sheaf, it's ground and no dough; there are no tears in last year's grief, no wails in last year's woe. Some folks are always looking back to things that are no more; they wring their hands and cry alack for pleasures gone before. They don't admire the birds that sing with ardor in the wood; they say the birds that sung last spring were fifty times as good. They don't enjoy the gentle breeze that rustles to and fro; "we had no jim crow winds like these," they mutter, "long ago." They don't appreciate the flowers that scent our modern Junes; "alas!" they sigh, "for bygone hours, when everyone raised prunes!" And if these people dwell in bliss, when gone to Kingdom Come, they'll sigh: "Confound a harp like this—I wish I had a drum!" The world is brighter now, to-day, than e'er it was before, and foolish is that fretful jay who sighs for things of yore.

In Big League

Evers Tossed It Off Himself.

BROOKLYN, N. Y., May 9.—Brooklyn defeated Chicago, two to one yesterday, largely through Manager Evers' errors, two of his misplays paving the way for Brooklyn's runs. Both pitchers were effective, three hits each being all that Laverder and Rucker allowed. Score: R. H. E. Chicago 00000000—1 3 3 Brooklyn A 0010000—2 3 4 Lavender and Bresnahan; Rucker and Miller.

Vean Gregg Was Vean Gregg. CLEVELAND, May 9.—Cleveland again won from Boston yesterday 3 to 2, in a pitchers' battle between Gregg and Bedient. Only three hits were made off Gregg, who fanned 9 batters. Only 20 men faced him altogether and Boston had no men left on bases. Score: R. H. E. Cleveland 00000000—3 7 0

Boston 00200000—2 3 1 Gregg and Carissh; Bedient and Cady.

Better Head off the Athletics. ST. LOUIS, May 9.—Philadelphia beat St. Louis 6 to 3. Although Hamilton pitched a good game, errors by the locals at critical stages of the game allowed Philadelphia to pile up six runs. Agnew made two costly errors at the plate on two perfect throws from the outfield by Johnson, who had the runners beaten by a good margin. Score: R. H. E. Philadelphia 20001030—6 9 1 St. Louis 10200000—3 8 5 Bender and Thomas; Hamilton and Agnew.

Highlanders Still Sliding. DETROIT, May 9.—Pitcher Jean Dubuc rushed into the game in the first innings as a pinch hitter, bounced a long single off the left field wall and scoring two runners, which were enough to defeat the visitors yesterday. Cobb was reported ill yesterday, and Manager Jennings used three players in right field during the game. Score: R. H. E. New York 00000001—1 7 1 Detroit 20000100—3 7 1 Schulz, McConnell and Sweeney; Hall and Stange.

Walloped Washington Pitchers. CHICAGO, May 9.—Chicago played a batting game yesterday, driving three of the Washington pitchers off the mound and winning ten to five. Russell pitched for the locals and not a runner reached first base until the fifth, when Morgan drew a pass. In the sixth, with none out, three singles, a triple and an infield out gave Washington four runs. Score: R. H. E. Washington 00000001—5 7 3 Chicago 20031000—10 13 1 Groom, Gallia, Cashion and Henry; Russell and Schalk.

You Can Never Tell. PHILADELPHIA, May 9.—Two men were out in St. Louis' half of the ninth innings, with Philadelphia one run ahead yesterday when the visitors developed a batting rally, which eventually gave them the victory 5 to 4. Score: R. H. E. St. Louis 20000000—5 13 2 Philadelphia 20000001—4 8 2 Harmon, Sallee, Perritt and McLean; Wingo; Chalmers and Doan; Killmer.

This Is Hard to Believe. BOSTON, May 9.—Boston made baseball history yesterday when they won their third straight game from Pittsburgh. Dickson, the local pitcher, allowed the visitors only two hits, one of which scored Pittsburgh's lone tally. Score: R. H. E. Boston 01120200—6 10 1 Pittsburgh 00100000—1 2 2 Dickson and Whaling; Rariden; Adams, Robinson and Kelly.

Lady Marjorie's Love

"No, no, I won't have you say that!" Marjorie dis-
sented instantly. There's lots that I don't understand,
and that I want you to tell me pres-
ently, but I know that if you did
run away to Loftus it was only be-
cause you loved him. Well, what's
that? I ran away to him, and I do
not love him at all. That's forty
times worse—it must be."

For all her gay words and merry
manner, her own eyes were sym-
pathetically moist. Norah kissed her.
"You are a dear little creature,
Marjorie. Just what I told Gerard
you were. And I feel that I have
no right to the affectionate reception
that you have given me, dear."

"Why not?" Marjorie opened her
brown eyes again. "Oh," she said,
sinking down upon her cushion again
"because of Loftus, you mean? As
though that mattered! If he was in
love with somebody else so was I
so I was as bad as he was. He never
cared for me the least in the world—
I used to suppose he did, but that
was because I was too blind and
too stupid to understand—and I'm
sure I never cared for him—ask Ger-
ard if he thinks I did—and so what
harm could you possibly have done
me? You couldn't dear, and you
didn't—I won't have you think so."

She laughed suddenly. "Oh, Norah,
I could see the other night what I
never suspected before—that there
were two Loftus Blighs, and that
used to get the one and that you got
the other. Well, with all my heart
you may keep him dear."

Norah, with a brightening face re-
turned the impulsive embrace with
which the girl's arms were thrown
round her neck. In a moment Mar-
jorie sank down on her cushion once
again, crossing her arms on her
knee.

"North?"
"Well, my dear?"
"We are sisters now, aren't we?"
"If you can like me well enough,
Marjorie."

"Like you. I more than like you.
When I only say I like a person you
may know it means that I don't care
twopence about her. You are dear
old Mr. Chaburn's daughter and my
cousin Loftus's wife; you are
Gerard's sister—which of course
makes you my sister too—and I am
going to be awfully fond of you. She
looked up with a glance of laughing
interrogation. "Sisters always tell
each other everything don't they,"
she said, settling her arms comfort-
ably. "and so must we. Well, your
sister has told you all about her
love story—even the abominable way
she used to snub her dear boy—so
tell her if you please all about yours."
North smiled, amused. Certainly
if her beauty had captivated Mar-
jorie, Marjorie's charm had capti-
vated Norah.

"What shall I tell you my dear?"
"Why everything—everything, that
is, that I don't understand. I can't
make it all out and I am sure Gerard
can't or I should have made him tell
me. I know that you were down in
that place in the country for your
health, and that Loftus was there too
and saw you and fell in love with
you, which I don't wonder at the
least in the world." She glanced up
at the beautiful face admiringly.
Loftus was engaged to me and that
made it awkward for him. But
North, dear, I can't in the least see

why you should have run away or
why you should have kept your mar-
riage a secret like that. It isn't as
if you were poor and nobody or as
if he could be anything but proud of
you with all his heart!" she conclu-
ded with a flattery as pretty as sin-
cere.

"Thank you my dear!" Norah kis-
sed her again. "Well, I will try to
explain Marjorie, though I must
make myself seem a very foolish
woman I fear. Looking back I think
myself so, though believe me if it
were to come all over again I should
probably do the same."

"Of course you would!" Marjorie
responded comfortably and comfort-
ingly. "Don't mind telling me North,
I won't say a word about Loftus
Gerard—I won't really! How was it
that you ran away? Had he asked
you to marry him?"

"No dear!" North hesitated, color-
ing. "Will you understand Marjorie
if I say that he had all but done that
and that I had all but answered him?"
"Yes, and then?"

"And then because of his engage-
ment to you—which I know he had
remembered and been ashamed to
forget, he went away without bidding me good-bye."
"Oh," cried Marjorie in incred-
ulous indignation, "he could treat you
like that?"

"He wrote me a letter my dear. I
received it two days after I reached
home, when I was almost distracted
with my doubts and misery. It told
me nothing of his engagement but
it spoke of his poverty and other ob-
stacles and bade me farewell for all
ways. But it left me," said North
with a quiver in her rich voice,
"surer than I had ever been of his
love."

"And so you ran away to him?"
questioned Marjorie softly.
(To be Continued.)

**A GOOD MEDICINE
FOR THE SPRING**

Do Not Use Harsh Purgatives—A
Tonic is All You Need.

Not exactly sick—but not feeling
quite well. That is the way most
people feel in the spring. Easily
tired, appetite fickle, sometimes
headaches, and a feeling of depres-
sion. Pimples or eruptions may ap-
pear on the skin, or there may be
twinges of rheumatism or neuralgia.
Any of these indicate that the blood
is out of order—that the indoor life
of winter has left its mark upon you
and may easily develop into more
serious trouble.

Do not dose yourself with pur-
gatives, so many people do, in the
hope that you can put your blood
right. Purgatives gallop through the
system and weaken instead of giving
strength. Any doctor will tell you
this is true. What you need in
spring is a tonic that will make new
blood, and build up the nerves. Dr.
Williams' Pink Pills is the only med-
icine that can do this speedily, safe-
ly and surely. Every dose of this
medicine makes new blood which
clears the skin, strengthens the ap-
petite and makes tired, depressed
men, women and children bright, ac-
tive and strong. Mrs. Maude Bagg,
Lemberg, Sask., says: "I can un-

derstand my fussy collars."

"Then you were pretty busy most of the day?" I asked.
"Busy! I should say so," she retorted, "I didn't stop a minute."
"And yet she wondered why she was tired."
"I didn't stop a minute"—how often that could be said of the average
woman's day.

How many women fill every hour of their waking time crammed jammed
full of such activities, rushing breathlessly from one to another; often nervous
and hurried because they are afraid of not being able to get everything in, or
of having some unexpected call made upon them, or of not being on time for
some appointment! How many women fill their days with sixteen or seven-
teen such hours, and their weeks with seven such days, and then wonder why
they are tired and nervous, why they are easily fretted, why they don't enjoy
life as much as they did when they were younger!

No day should be planned so full of activities that there will be no pas-
sive time left. Every day should have some moments unplanned, some time
kept for the unexpected call or for just relaxing.

Only so can one be fit to really enjoy the great privilege of being busy.
Labor is the salt of life. Do not spoil your capacity to enjoy it. For "If the
salt have lost its savour, wherewith shall it be salted?"

Ruth Cameron

hesitatingly recommend Dr. Will-
iams' Pink Pills as a blood builder and
tonic. I was very much run down
when I began using the Pills, and a
few boxes fully restored my health."
Sold by all medicine dealers or by
mail at 50 cents a box or six boxes

Medicine Co., Brockville, Ont.

opening play "The Man on the Box."
This play was made famous by

at popular prices, it will no doubt
test the capacity of the theatre. Mgr.

Come in Saturday and See The Great Shoe Exhibit

HUNDREDS of men and women have visited our opening, and expressed themselves astonished at the wonderful extent and variety of our great shoe exhibit. Nothing like it ever before seen in this vicinity.

Literally thousands of pairs of brand new shoes in the handsomest styles ever seen here. We are proud of this fine shoe exhibit, carefully selected to suit the requirements of all. You will find our prices right as well as our styles. And we have plenty sizes and widths and shapes of toe and shapes of heel—a clean, modern, up-to-date stock in every respect.

In inviting you to inspect this fine stock, we want to convince you that this is the **ONE** shoe store in town where you can **ALWAYS** depend on getting the most and best for your money.

We want your **PERMANENT** trade and good-will, and we want it not only this year but **EVERY YEAR**. To get it and keep it we must give **YOU ALL** the value possible—a little more than any other shoe store can give you for the same price. And to do this we have to **PAY** a little more for the shoes we buy, so as to get every penny's worth of honesty and quality that we can. That is why we have taken the agency for the **CELEBRATED SLATER SHOE**, with price plainly stamped on the sole by the makers as a guarantee of full value received.

THESE shoes cost us much more than other shoes retailing for the same price, but we prefer to **GIVE YOU** the benefit of this increased cost and extra **VALUE** in the Slater Shoe.

Your Shoe Store

Make this **YOUR** shoe store. Make it your shoe Bank—a place you can depend on to get the **FULL** worth of your money in shoes every time.

If anything should go wrong with any shoes you ever buy here, we stand ready at all times to make good. We want to **PLEASE** you and to **SATISFY** you, and to give you such good **TREATMENT** and good **VALUE** that you will come back again and again. Isn't that the kind of shoe store you want?

Isn't it the kind of a shoe store at which you can feel safe?

And if we do everything we have outlined here, aren't we fairly entitled to your Shoe trade? Give us a trial, you folks who are looking for good shoes—worth-of-your-money shoes.
