

THE ACADIAN.

WOLFVILLE, N. S., SEPT. 6, 1907.

Sanctum Suggestions.

With this issue THE ACADIAN enters upon its twenty-seventh volume. The first issue of the paper was in April, 1883, and the present proprietor became associated with its publication in October of the same year. THE ACADIAN has therefore been under one editorial management for nearly twenty-four years. This is longer than any other paper in Kings county, and few papers in the province have an equal record. THE ACADIAN began its career in a very small way, and has been enlarged and improved a number of times as the means of the publisher has made it possible. Never the organ of any party or interest it has stood ever for the welfare and advancement of the people at large. While its publishers have not grown wealthy as a result of the venture we are glad to announce that the public have shown their appreciation to an unexpected degree, and that while at no time has any systematic canvass been made the circulation has grown year by year and beyond our expectations. Scarcely a week passes but what a goodly number of names are added to the subscription list, and it is especially gratifying to know that the majority of those who from time to time have seen fit to remove their names for any cause have later again become subscribers and explained that they could not afford to be without the paper's weekly visits. In the pursuance of its policy THE ACADIAN has at times caused offence, but as an independent journal ever advocating what it believed to be right and condemning what it saw to be wrong—this is not surprising nor discouraging. We wish to express our thanks to those who have assisted us in our work either by contributions to our columns or kind words uttered in our interest, and trust we have in some degree merited their approval and support.

Hon. Geo. E. Foster's recent visit to this province and his addresses on the public questions of the hour have caused government papers to renew their attack upon him. Many people who had the pleasure of meeting Mr. Foster during his recent visit to Wolfville would be glad to know what particular species of sin he is addicted to in his capacity as a public man. A valued exchange partner it thus:— "What has Mr. Foster done? Mr. Foster has been prominently before the public for a quarter of a century. Who can say that he has wronged any man or body of men? Has any one lost any money placed in his hands for safe-keeping and investment? After the report was read, prayer was offered by Dr. McLeod for the families.

At the afternoon meeting the report of the joint committee on the Baptists of Canada unite in five great boards, viz: Foreign Missions, Canadian Missions, Grand Ligne Mission, Sunday School and Publication Board. That there be one great convention held at such times as the union may decide.

September Canadian Magazine.

The September number of The Canadian Magazine contains an article by Mr. J. S. Willison, editor of The Toronto News, on a subject that possesses national significance—"The Genius of the Canadian Club." Mr. Willison traces the origin of the movement, and comments on its scope and influence. In other respects, as well, the September number is unusually interesting. Among the features are the following: "The Queen of the Netherlands," with portrait, by Mary Spencer Warren; "The Outlook for Church Union," with portraits of eight ministers who have taken a prominent part in the negotiations, by Francis A. Carman; "British Columbia: An Eldorado," by A. E. Greenwood; "Civil Service as It Was," by J. E. B. McCready; "Fruit Growing in Nova Scotia," illustrated by F. C. Sears; "The Agricultural College, Truro, N. S.," Lower Fort Garry, illustrated by Bartlow Cumberland, with short stories by W. A. Fraser, Mabel Barkholder and others.

By the collapse of an immense section of the big bridge in course of construction between Quebec and Lewis on Thursday last, between eighty and ninety workmen lost their lives—one of the worst disasters Canada has ever experienced. An investigation as to the cause is now going on. The money loss is estimated at over two million dollars. The work has been going on for six years.

Hon. Geo. F. Graham, leader of the Liberal Opposition in Ontario, has been sworn in Minister of Railways and Canals, and Hon. Wm. Fogarty has taken the portfolio of Public Works. The former will contest Brockville, and Dr. Pugsley will be a candidate for the vacancy in St. John.

Reary has postponed his trip to the North Pole. His vessel could not be ready in time.

The Baptist Convention.

A SERIES OF MOST SUCCESSFUL AND WELL ATTENDED MEETINGS.

Continued from last week.

The first business of the Baptist convention on Monday morning was a report embodying a resolution respecting a union between the Disciples and the United Baptists of the Maritime Provinces.

The said resolution was passed at a meeting of the joint committees of the two bodies held in St. John, Aug. 16th, 1907.

Therefore resolved, That we recommend our respective conventions to appoint a standing committee on union to consist of twelve members from the United Baptists and twelve from the Disciples of Christ, and that the committee hold its first session some time between Aug. 29th and 31st, 1907, at Tiverton, N. S., with a view to consider carefully a plan for the union of the two bodies. The motion was adopted.

Hon. Geo. E. Foster was a delegate to the convention and took part in several of the discussions.

The report of the Home Mission Board for Nova Scotia and P. E. I. was read by Rev. I. W. Porter. The financial statement was as follows:

Receipts.	
In General Account.....	\$8,581 83
In Church Edifice Account.....	1,353 27
In Trust Fund Account.....	222 00
	\$10,157 10
Disbursements.	
From General Account.....	\$7,350 88
From Church Edifice Acct.....	1,070 40
From Trust Fund Account.....	222 00
	\$8,643 28
Total amt. on hand.....	\$1,513 82

The above amount of \$1,513 82 is on deposit at the Union Bank of Halifax, Wolfville, N. S.

A discussion took place in reference to educating young negroes to the work of the Christian ministry. A fund was started at the convention and about \$300 was contributed. Hon. George E. Foster was added to the committee on the resolution.

Three new governors were added to the college, N. D. Pryor, G. E. Burton and Judge F. W. Emmons.

The convention sermon next year is to be preached by Dr. Crowell.

An unusually large number of ministers and influential laymen have died during the year. The report of obituaries mentioned Revs. Wm. Devere, F. T. Davidson, Dr. Morse, Stephen March, David McKeen, John Goncher, W. G. Corey, A. W. Sawyer, James McIntyre. Among the laymen, Jas. A. Dumaresq, of Halifax, architect, Wm. Cummings, one of the governors of Acadia, and John Moser.

After the report was read, prayer was offered by Dr. McLeod for the families.

At the afternoon meeting the report of the joint committee on the Baptists of Canada unite in five great boards, viz: Foreign Missions, Canadian Missions, Grand Ligne Mission, Sunday School and Publication Board. That there be one great convention held at such times as the union may decide.

Dr. Norton and Dr. Brown, representing the Ontario and Quebec conventions, and Rev. C. W. Corey and Rev. C. P. Freeman, representing Manitoba and the Northwest, were welcomed to the convention and spoke strongly in favor of the union proposed. The debate on union was rather warm. Rev. D. Hutchinson spoke strongly in favor of union. He claimed it would be economical and urged patriotic reasons. He asserted that it would be to the interests of Foreign Missions, and said practically all the missionaries in India were favorable.

Dr. Manning vehemently opposed the union. He held it would be most detrimental to the work of Foreign Missions. It would break up the Maritime convention. The union was neither feasible nor practical. He was in favor of co-operative union, rather than organic union.

Principal DeWolfe called the attention of the convention to the fact that no reference is made in the report to education. If we are to enlarge our work in Canada, it is imperative that we enlarge our educational work as well.

Dr. McIntyre said he went on to the joint committee with hesitation, but he came away enthusiastic. He spoke of the policy of keeping up two Foreign Mission boards. A convention of all the Baptists of Canada would speak with greater authority. He also thought that one degree conferring institution would exert a greater influence.

At the evening session Hon. Geo. E. Foster, on behalf of the committee on resolutions, submitted the following, which was adopted:

"That the United Baptists' Convention, assembled at Wolfville, representing a membership of 64,000 and a population of 180,000, strongly deprecate the establishment of a school for technical education in Halifax in close proximity to one of our existing universities, believing as it does with the board of governors of Acadia College that the work would be more successful if the college in connection therewith was located in other than a university town and under conditions that would permit the co-operation of all the colleges on fair and equal terms. That this convention most earnestly endorses the resolution of the Maritime Board of Trade, recently passed at its meeting in St. John, N. B., looking to the establishment of one central technical college for the Maritime Provinces."

The report on Northwest missions was submitted by Rev. G. R. White.

He showed that during the past year sixty new mission stations had been opened, 20 new churches organized, 500 converts baptized, 1,150 new mission halls were added to churches, and 14 new church buildings were erected. All this at the expense of fifty thousand dollars. Ten thousand dollars is expected this year from the Baptists of the Maritime Provinces for work in the Northwest.

The report of the S. S. board was adopted. The reports of the treasurer of denominational funds for N. S. and P. E. I. were adopted.

The thanks of the convention was tendered Rev. J. W. Manning for his faithful services on these boards.

The rest of the afternoon was spent in listening to the report of the foreign mission board.

At eight o'clock in the evening a public missionary meeting was held. Seated on the platform were the following missionaries: Rev. and Mrs. Gullison, Rev. Rufus Sanford, Miss Lottie Sanford, Miss Newcomb, Miss Elliot and Dr. Boggs.

The first speaker was Dr. Boggs who spoke of the India National Missionary Society, the three watchwords of which were India men, India money and India management.

Dr. Brown, secretary of the Foreign Missionary board of Ontario and Quebec, spoke in a very interesting way of his eight years' work among the Telegus of India.

Rev. R. E. Gullison expressed his great happiness in going back to India. He was glad to go for three reasons, first because of the great work to be done, second because a great work has already been done, third because of those who are doing the work.

Miss Gullison also expressed her pleasure in returning. Miss Maude Harrison also rejoiced in going back. Her heart was among the Telegus and she was counting the days.

Miss Ida Newcomb also spoke. At the close of the platform meeting the committee on resolutions submitted the following, that thanks be given: First to the Wolfville church and choir and to the people of Wolfville for their hearty cooperation in the work of the convention and their support of the convention and their support of the convention.

At a late session on Monday night the home mission report for New Brunswick was adopted without discussion.

On Tuesday morning the first order of business was the report on Baptist Union of Canada. Considerable discussion was had on the subject.

Dr. Grant was of the opinion that it would be unwise to vote for organic union at the present time. He believed in co-operative union.

Dr. Brown, of Ontario, did not come as a special advocate for union. He referred to the success that had attended the Canadian union of the Presbyterian, Methodist and Episcopal bodies as an example of what union will accomplish. He referred to the national consciousness that has sprung up during the past few years. The call for union comes primarily from India and the northwest.

Dr. Norton, of Ontario, claimed that union would enable the Baptists of Canada to speak immediately and forcibly upon great public issues. It would strengthen the appeal on behalf of every denominational enterprise by giving it a national status and outlook. The Baptists of the provinces would have to face the issue of giving up the foreign mission boards.

Rev. C. P. Freeman was the next speaker. He claimed that there were 1,000 places in the Northwest where Baptists ought to enter.

Hon. Geo. E. Foster introduced the following resolution: "Resolved, that this convention heartily affirms its belief in the principle of organic union in Canada, and to that end forthwith proceed to take up section by section the report of the committee on the basis of union."

Mr. Foster said he believed that if the convention was in favor of the principle of union, they should launch out and he believed the plan of organization would take care of itself. He appealed for union by illustration drawn from confederation. He said the same argument had been brought against confederation that he had heard here to-day. It was a case of history repeating itself.

Dr. Cohoon was afraid that union would have a disastrous effect upon the convention. He favored a union for publishing Baptist literature.

Rev. E. J. Colpitts said he was representative of the man who was on the fence. He was in favor of union but believed that action should be deferred for another year in order that they might have time to think it over. He moved as an amendment the following resolution: "That this convention would affirm the principle of organic union of Canadian Baptists, but would defer the consideration of details until the next convention."

One dwelling, we understand, has already been rented by Mr. Chas. B. Godfrey.

To LET.—The house now occupied by Mrs. Gibbons, nine rooms and bath, set range. Possession April 1st, Apply to L. W. Sleep.

Owing to various reasons, the chief being the large number of people out of town, a small audience assembled in College Hall on Monday evening to listen to the song recital by Mrs. Louise Cowan Bigelow. Those who did attend enjoyed a rich musical treat. Mrs. Bigelow's voice is a clear, lyric soprano, well placed and highly cultivated. Her selection of the fifteen songs rendered was an evident feature of the culture, mentally and musically, which Mrs. Bigelow possesses. It is much to be regretted that a larger audience was not present. Should Mrs. Bigelow again favor our town we feel confident she will find no just cause for complaint in this regard.

Centennial of Canard Baptist Church.

The Canard Baptist church has, during the past few days, been celebrating its centennial. The opening service was held on Sunday morning, and was a very interesting one. Rev. Mr. Beals, pastor of the church, presided, and was assisted by Rev. Dr. Manning and Rev. J. T. Eaton. The music was furnished by a choir of old folks numbering twenty-four. Mrs. R. D. G. Harris, of Canning, rendered a solo beautifully. Rev. W. B. Boggs, D. D., delivered a very interesting address, taking for his subject, "Unto Him be Glory in the Church."

The evening service was also largely attended. Rev. Dr. J. W. Manning preached the sermon, and it was a powerful missionary one. He was followed by Mr. Boggs who gave a very touching address. Rev. T. Eaton also spoke at some length.

The regular monthly meeting of the Council was held on Wednesday evening, with the Mayor and full board present, except Councillor Hales.

Committee on License and Police reported receipts for license during month \$10.00; fines during the month, for one case of drunkenness and fine for violation of by-law re hackmen, \$17.50.

The Finance Committee reported receipts for month, \$964.02. Expenditures during month \$595.74. Credit balance Aug. 31st, \$437.27.

The Committee on Sewers reported eight connections made so far during the year.

The following accounts were read and ordered paid:

Table with 2 columns: Name and Amount. Includes Mrs William Weatherbe \$ 4 00, Rebecca Gould 10 00, F. W. Woodman 39 00, W. H. Duncanson 10 00, C. P. A. Patterson 35 80, Henry Rogers 90, Acadia Electric Light Co. 44 79, F. S. Crowell 2 60, Joseph Christie 2 00.

A bill was presented from Dr. J. A. Proudfoot for medicine, etc., furnished to Mrs Welsh. This was accompanied by a statement from Dr. Proudfoot certifying the amount to be for actual expense incurred by him in the matter. No action was taken.

A petition was presented from thirty-nine rate-payers, asking that Central avenue be extended south from Main street to Pleasant street. The petition set forth that the town already holds a deed of the street as far as property of Rev. J. W. Brown, and that the owner of the land was ready to give a deed of sufficient land to extend the street to the property of Mr Sheehy. Rev. Mr. Brown appeared and addressed the Council in support of the petition. On motion the matter was referred to the committee on public property and streets.

The Mayor referred to infringement of by-law recently passed governing cabmen, etc., and the Police committee was instructed to take the matter into consideration.

Policeman Crowell made a request for two weeks vacation this autumn, beginning at the end of September. The matter was referred to the Police Committee for action.

Request was made from Mrs Besie Cogswell asking that the streets recently opened on her property (the Randall farm) be named Victoria avenue and King street, respectively, the former running North and South and the latter East and West across the hill. On motion the request was granted.

New Minas.

The usual annual meeting of the proprietors of the Cunningham dyke took place on Monday afternoon last, each piece of dyke being represented, with but one or two exceptions, by its own individual owner.

The usual business was gone through with, the dyke sized up and each man allotted his share of dyke feed, etc., which was done in a satisfactory way to all present. We are always glad to be present at these dyke meetings to listen to conversation carried on by some of the other members, viz: Edward Seaman, Esq., Mr. Adelbert Bishop, Mr. Wm. Roy and others. Mr. Seaman being of a very genial and kindly disposition, takes a sort of fatherly interest in these meetings, and altogether they pass off very pleasantly.

Mr Arthur F. Connell, who holds a good position in a large dry goods house in Lynn, Mass., arrived here on Wednesday's Bluenose, where he will spend his annual two weeks' vacation with his parents, Mr. and Mrs. Jas. E. Connell.

Mrs. Best and son Louis, who have been visiting this fair hamlet for a few weeks, and who intended returning home on Saturday last, were prevented from doing so by not being able to secure a steamer, leave here en route to their New England home in Dorchester on to-morrow's Blue-nose, accompanied by Mrs. Arthur W. Turner, who is going to make her husband, who has a position there, a visit, and many other friends.

Mrs Harris has opened her dress-making rooms in her residence here, and already has several young ladies employed.

Mr E. Cross is digging a well. He says he is going to have water if he has to dig 'tho' to China for it.

Quite a number of young men are getting their horses in condition preparatory to attending drill at Alder-shot.

Mr. William Roy has growing on his fine farm the finest field of yellow corn we have seen this season. Mr. Roy has improved his farm wonderfully in the last few years, till now it is one of the most productive on the road. Mr Roy is a believer in marsh mud.

We learn that all those who attended the fair at Cambridge on Labor Day enjoyed a pleasant time and witnessed some very exciting horse races.

Mr. Leonard Bishop has a beautiful showing of large smooth apples this year. All on account of spraying.

Personal Mention.

Contributions to this department will be glad to receive. Miss Hazel Woodman is visiting friends in St. John for a few weeks.

C. R. H. Starr, Esq., arrived home yesterday morning from England, where he has been spending some weeks. He reports a pleasant trip.

The engagement has been announced of Miss Marion A. Forrest, youngest daughter of the late S. S. Forrest, Esq., of Halifax, and Mr. Charles S. Fitch, of this town.

Mr George Shaw returned on Wednesday evening from Westboro, Mass., where he has a fine position as engineer. He is spending his vacation at the home of his parents, Mr and Mrs E. B. Shaw.

Mr. and Mrs. George Bendler, of Windsor, were among the visitors to Wolfville on Labor Day. The many friends whom they made while residing in our town were glad to meet them again.

Miss Edith Rand left yesterday to return to Milford, New Hampshire, where she resumes her position as teacher of history in the high school, a position which she filled last year with excellent success.

Miss Mary Murray left on Tuesday for Toronto, where she will enter upon a course at the Haverall Ladies' College. Miss Murray will be much missed from Wolfville, especially in St. Andrew's church where she was a teacher in the Sabbath-school and rendered valuable assistance in the choir.

Miss Isobel D. Davison, who has been spending the summer at her home in Wolfville, left yesterday for Portsmouth, N. H., where she takes charge of the English department in the high school next year. Miss Davison has been teaching for the past few years in different schools in New England with splendid success.

A fire in Jersey city on Aug. 30th did damage estimated at \$550,000.

Never Expected to Walk Again

Mr. John Best, Thameville, Ont., could not walk a step when he began using Dr. Chase's Nerve Food, but now he can walk as well as any man. He writes: 'I am glad to tell you that I have been wonderfully benefited by the use of Dr. Chase's Nerve Food. I can now walk all over without crutch or cane, can sleep and eat well, and do lots of work about the farm. In fact I am the wonder of the neighborhood where I live, for I never expected to be able to walk again. Thanks to God and your wonderful medicine, I am around again and tell every one what it has done for me.' Dr. Chase's Nerve Food, 50 cents a box, 6 boxes for \$2.50, at all dealers or Edmondson, Bates & Co., Toronto.

Gleaned by the Way.

Snappy—She has the prettiest mouth in the world. Chaggy—Oh, I don't know. I'd put mine up against it.

The Cynic: What are you thinking of, Mary? Mary: I am dreaming of my youth. The Cynic: I thought you had a far-away look in your eyes.

The Doctor's First Question. Almost the first question a doctor puts to his patient is in reference to the action of the bowels.

Hubby—I can't get the casters under the bookcase to work at all, and I've oiled them twice. Wiley—But did you use castor oil, dear?

Sunday-School Teacher—Willie, you should love your neighbor as yourself. Willie—Say, you don't know our neighbors.

CASTORIA. The Kind You Have Always Bought. Bears the Signature of Dr. H. H. Stetson.

Mrs. Flynn—An 'plawt's yer son, Moike, doin' now, Mrs. Casey? Mrs. Casey: Sure, Moike ain't doin' any thing, Mrs. Flynn. He's got a Government job.

Lovelorn Youth—Would it be meet for me to go to your clerical papa and simply demand your hand? Sweet Young Thing—No, indeed, that would be 'meat' for papa.

How You Can Test the Blood. Paleuess of the lips, gums and inside of the eyelids tells of weak blood, while other indications are languid, worn out and dependent feelings, headache, nervous troubles and weakness of the bodily organs.

'Beg pardon, sir,' said the waiter, with outstretched arm, 'but 'av'n't you forgotten something?' 'No,' replied the departing guest, 'but I'm trying to forget it. Good day!'

Howell—A good deal depends on the formation of early habits. Dowell—I know it. When I was a baby my mother paid a woman to wheel me about, and I have been pushed for money ever since.

CASTORIA. The Kind You Have Always Bought. Bears the Signature of Dr. H. H. Stetson.

Marion—I showed papa those verses you wrote me, and he seemed pleased. Harry—He did. Marion—Yes. He said he was so glad to see you were not a poet.

Domag: Can you tell what ails my wife? Doctor: She does not take enough out-door exercise. She says she does not feel equal to it. True. She needs toning up. What have you accreted or raised to return punnet on?

DR. A. W. CHASE'S CATARRH CURE... 25c. In most direct to the diseased parts by the Improved Balm.

A very little boy was in the room where a young lady was practicing on the piano. She was counting aloud, 'One, two, three, four.' The little fellow, 'quite surprised,' after a while went to her and said, earnestly, 'The next is five!'

'I see by the paper that your friend, Longwater, is meeting with the greatest success as a writer of a series of articles, 'How to get on in life.' 'Yes, I am glad of it. The poor fellow has failed in everything else he ever tried.'

CASTORIA. The Kind You Have Always Bought. Bears the Signature of Dr. H. H. Stetson.

Teacher—After all the trouble I have taken you are most imperfect in your lesson. Surely you could not have found it so hard to learn! Pupil—It wasn't because it was so hard to learn, teacher, but because it was so easy to forget!

CASTORIA. The Kind You Have Always Bought. Bears the Signature of Dr. H. H. Stetson.

Tommy—Pop, when is a girl an old maid? Tommy's Pop—When she begins to worry for fear she won't get married, my son.

Tommy—And when is a man an old bachelor? Tommy's Pop—When he begins to worry for fear he will.

St. John, P. O., Aug. 13, 1904. Ministers' Union of C. Limited. Gentlemen:—I have frequently read articles in your paper and am glad to see you are always with the most gratifying results, and I consider it the best of round Linnocent exist.

Mrs. Jones—I wish I could think of something to keep my husband at home in the evenings. Mrs. Smithson—Buy him a motor car.

Mrs. Jones—He'd be out more than ever if I did that. Mrs. Smithson—No, indeed! My husband bought one last week, and the doctor says he won't be out for six weeks.

Food Value of a Quart of Milk.

Much attention is now being paid to the selection of feeds for our farm animals and but little heed is given to the comparative value of foods for the human family. We quote the following paragraph from Prof. Atwater:

A quart of milk, three-quarters of a pound of moderately fat best, sirloin steak for instance, and five ounces of wheat flour, all contain about the same amount of nutritive material; but we pay different prices for them and they have different values for nutriment. The milk comes the nearest to being a perfect food. It contains all of the necessary ingredients for nourishment, but in the proportions best for ordinary use.

A Hard Case Overcome. No longer necessary to suffer from muscular rheumatism. Every case can be cured. Ferrozene is unfailing as proved by David Johnston, of Ormond.

Dear Mrs. P. H. Dabruz: This statement is the positive truth. When everything becomes a burden and you cannot walk a few blocks without excessive fatigue, and you break out into perspiration easily, and your face flushes, and you grow excited and shaky at the least provocation and you cannot bear to be crossed in anything, you are in danger; your nerves have given out; you need building up at once!

Dear Mrs. P. H. Dabruz: I received no relief from the suffering incident to the period until I took Lydia E. Pinkham's Vegetable Compound; but I feel my relief from the time I took the first bottle. I gradually improved, nature took her course painlessly, and in due time I was a well woman.

Dear Mrs. P. H. Dabruz: Lydia E. Pinkham's Vegetable Compound has been a blessing to me through my life. I had rheumatism, was extremely nervous, became pale and debilitated, my system in the monthly flow, and the blood all seemed to be in my head, with frequent palpitation and throbbing of the head.

THE HOLLY. The holly in Germany is called Christdorn, or Christ's thorn, the legend being that it was of this plant that the crown of thorns was made. In France the holly is assigned to the Hawthorn, which is there called the holly thorn. In Spain the legend assigns the honor to the bramble. An old Scotch legend makes the crown of thorns of this thistle blades, while in the folk-lore of England the climbing rose is said to have been the plant selected by the persecutors.

HAD TETTER FOR THIRTY YEARS. I have suffered with tetter for thirty years and have tried almost countless remedies with little, if any, relief. Three boxes of Chamberlain's Salve cured me. It was a torture. It breaks out a little sometimes, but nothing to what it used to do.—D. H. Bensch, Midland City, Ala. Chamberlain's Salve is for sale at Rand's Drug Store.

PROVED AFTER FIFTY YEARS. The test of time has proved that Putnam's Corn Extractor cures quicker, with less discomfort and more thoroughly than any thing else. Contains no acid, is purely vegetable and absolutely guaranteed. Insist on 'Putnam's' only—it's the best.

Eczema is Baby's Enemy. The first indication of eczema is a red, pimply, or blister-like eruption. The points run together, making a moistened patch, which "weeps" at first, and then dries into a crust. The intense itching of eczema of the face and scalp is very hard for the little one to stand, and the result is scratching until raw bleeding takes place and recovery is further retarded.

A Life Term Sentence. Some few months ago Herbert Spring, a young man of Rockford, left his home in that city and went to Freeport, about 25 miles distant. According to his testimony about the first thing that he did was to go into a saloon and get a drink. He was a minor, but he got his drink just the same. And then a little later on, according to his testimony, he had quite a number of drinks. The result, of course, was that he became insensibly intoxicated.

Attack of Diarrhoea Cured by One Dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy. I was so weak from an attack of diarrhoea that I could scarcely stand. I tried many remedies, but they did me no good. I then tried Chamberlain's Colic, Cholera and Diarrhoea Remedy, and after one dose I was cured.

Chamberlain's Cough Remedy One of the Best on the Market. For many years Chamberlain's Cough Remedy has been constantly in favor and popularity until it is now one of the most staple medicines in use and an enormous sale. It is intended especially for acute throat and lung diseases, such as coughs, colds and croup, and can always be depended upon. It is pleasant and safe to take and is undoubtedly the best in the market for the purposes for which it is intended.
