

FUNERAL OF FR. LAUSSIE.

Venerable Vicar-General Will be Buried at Cayuga.

Long and Useful Life Came to Close Yesterday.

Had Been Over 50 Years in the Priesthood.

The clergy and laity of the Catholic diocese of Hamilton will be well represented to-morrow at Cayuga, where the remains of Very Rev. Father Laussie, late vicar-general and rector of St. Augustine's Church, Dundas, who died at St. Joseph's Hospital, Guelph, yesterday after an illness of many months, will be interred. The funeral arrangements are in charge of Rev. Father Craven, of Galt. Rev. Fathers Arnold and Cassidy, of the cathedral staff; Rev. Father Leyes, rector of St. Joseph's Church, and Rev. Father Englert, of St. Anne's Church, will leave here to-night to be present at the mass to-morrow.

Vicar-General Laussie's long, active and most useful career, which was brought to a close yesterday, in many respects was a remarkable one. In November, 1908, he celebrated at Cayuga the golden jubilee of his consecration to the priesthood.

Born 23 years ago, at Laguiole, in the Department of Aveyron, France, and educated in the Seminary Rodez, under the Sulpician Fathers, after spending four years as professor, he came to Canada in 1857. Two months after he was ordained priest by Bishop Farrell, in the old St. Mary's Cathedral, on Nov. 1. His first charges were Bimbrook, Waterdown and Burlington, in the latter of which he built the present commodious church. Later he was attached to Macton and attended also the parish of Peel for two years, when he assumed charge of the parish at Arthur, attending also Mount Forest, Milton, Kenilworth, and other places. The work proving too heavy, Father Laussie was transferred to Paris, and after one year received charge of Macton, where he remained five years, during which time he built and paid for the present Peel church. Later on Father Laussie was sent to Arthur, where he raised \$13,000 and built the present beautiful church there. During the same period, by his efforts, the church at Drayton was built. Afterwards, Father Laussie took charge of Walkerton and built also the church in North Brant, making a total of five churches built by him. At this time there was a scarcity of German-speaking priests in the diocese, and the zeal and industry of Father Laussie is seen from the fact that at the age of 57 he acquired so thorough a knowledge of the German language that he was able to take charge of the parish of Karlsruhe, where he preached in the German tongue for four years. After organizing the Classical School at Hamilton, His Lordship Bishop Dowling requested Father Laussie to assume the direction of it, in succession to Father Clarkson, and so successful was the work that some half dozen young men, who were members of the class during the year he was in the charge, have since become priests. His Lordship appointed him Archdeacon and member of his council, and on the death of Dr. Bardou, fourteen years ago, Father Laussie was appointed pastor of Cayuga by Bishop Dowling.

A Catholic mission was first established in Cayuga in 1849, previous to which time any members of that church residing in Cayuga attended mass at Indiana, where a church had been built. In July, 1894, Venerable Archdeacon Laussie succeeded Father Bardou as rector of the parish.

In July, 1908, he assumed charge of St. Augustine's parish, Dundas, and entered on his arduous duties with the same vigor as though a much younger man. Dean Laussie is succeeded as pastor of St. Augustine's Church by Rev. Father Feeny.

LUCKY FAGAN.

His Outfit Struck by a Car but He Escaped.

Henry Fagan had a very narrow escape at the Brant House yesterday. Mr. Fagan, who resides near Red Hill, hitched up his horse and drove to the Growers' picnic. When turning in at the road leading to the driving sheds in rear of the Hotel Brant he did not notice that a Radial car was just around the corner. As the turn just there is rather sharp, the motorman did not notice the horse and buggy, and the car ran into it, tossing Mr. Fagan out. As the car was not going very fast, the result was not serious. At first it was feared that Mr. Fagan had been seriously injured, but he was soon able to be about, and was none the worse, with the exception of a few bruises. The buggy was only slightly damaged, and the horse escaped unhurt.

WILL BUILD.

Ancaster Methodist Minister to Have a New Home.

The Quarterly Board of the Ancaster Circuit has decided to build a new parsonage. The old one will be offered for sale immediately after the new one is completed. A site has been selected on the property of G. H. Horning, on the side road next to Alex. Lyons', and a little south of the spot in which the Hamilton & Brantford Electric station will be erected. The land has already been purchased and an architect partially engaged to draw up plans. Rev. Mr. Pacey and J. J. Horning took a trip to Waterdown to look over some buildings there, with a view of getting some suitable plan for the new parsonage. The Board expects to have the new building completed by fall.

Mr. Harriman Coming Home.

MR. E. H. HARRIMAN AND DAUGHTER.

New York, Aug. 19.—Robert S. Lovett, vice-president of the Union Pacific Railroad Company, received a cablegram from E. H. Harriman today in which Mr. Harriman said that he was coming home by advice of his European physicians. The cablegram was dated at Paris to-day and read in part as follows: "I am coming home for my after-

cure instead of staying here. With the treatment at Bad Gastein I lost about ten pounds. Our home food is better than hotel food and will help me to gain weight. I hope to recuperate more rapidly there." Mr. Lovett said that from information he had received he believed Mr. Harriman had benefited materially by his trip abroad.

ADMITS HIS GUILT ON BOTH CHARGES.

Whitey Irving Will be Brought Here—Had He Big Hold-Up in View?

(Special Despatch to the Times.) Brantford, Ont., Aug. 19.—Sentence was deferred at the police court here this morning on David Irvine, the noted criminal, who is wanted in Hamilton for highway robbery. Irvine pleaded guilty to two charges, of carrying a loaded revolver and vagrancy. He will be handed over to the Hamilton police immediately. Irvine, since his arrest, has been a model prisoner, but a strong guard accompanied him from the jail to the court this morning. Chief Slemin suggested to the magistrate that the prisoner be immediately handed over to the Hamilton police, giving credit to his officers, Constables Portland and Carr, for the prompt and quiet arrest of Irvine. P. C. Portland was tipped off as to the nature of Irvine's visit to

Brantford, it being suspected that he was here to pull off a job, the intended victim being Welby Almas, the well-known wool seller, who is known to carry a fat bank roll. The prisoner was traced to several hotels, and was caught unexpectedly in a side room at the Grand Valley Hotel. The officers rushed in and clinched with Irvine, who gave vent to an oath: "You've got me good this time," he stated to Portland, who had him foul, and who had seized the revolver which he knew the prisoner carried in his hip pocket. Irvine, when disarmed, walked to the police station without handouts. He took things coolly this morning. Detective Sayers was in Brantford and took charge of the prisoner at once. He will appear in police court to-morrow, charged with assault and attempted robbery.

Wild West

Cheyenne, Wyo., Aug. 19.—Wild West sports began in earnest yesterday in connection with the Frontier Day celebration. In the wild horse race 16 men pitted their skill against the animals. One man was thrown, several carried through fences, and one other was painfully hurt from a kick in the breast. The race was won by Mose Rider, of Cheyenne. Nick Haber won the steer roping event. The first exhibition of bucking broncho riding by a woman ever given at a Frontier Day celebration occurred when Mrs. Bernie St. Clair, who holds the title of champion woman rider of the world, succeeded in subduing a vicious buckler.

DOING WELL.

Local Management Makes Improvement at Maple Leaf.

Citizens who have capital invested in the Maple Leaf Park are highly pleased with the manner in which the new management is conducting affairs. There has been a big increase in business of late. It is expected that by the end of the season things will look bright for the creditors, as the park is being better patronized on account of the improved attractions. The free show this week is being put on by the Ali Bonni troupe of Arabian acrobats, and is drawing large crowds. It is by far the best attraction the park has had this season. On Saturday the picnic of the G. T. R. employees of Stratford will be here, and to-morrow night the employees of Copley, Noyes & Randall will have their outing at the park. The Westinghouse employees will have a night on Friday of next week.

WILL REMAIN AT HERKIMFR.

Rev. H. McDiarmid Has Accepted the New Call.

Herkimer Street Baptist Church affairs have taken another turn, and the members hope that all will be peace, harmony and prosperity before long. Rev. Hugh McDiarmid, the pastor, who, on account of not agreeing with a majority of the officials in regard to the proposed new church, tendered his resignation a couple of months ago, to take effect at the close of his second year, in September, conducted the regular mid-week service last night, and read the following statement: Hamilton, Aug. 18, 1909. To the members of Herkimer Baptist Church: Dear Brethren,—With respect to the call which you have recently extended to me, my answer is this: Under ordinary circumstances I should never have considered it, for it was my purpose from the time I tendered my resignation to leave you, if possible, a united people. I fully intended that my resignation should be final and consequently insisted that the church accept it, but you have seen fit even after accepting my resignation to give me another call to the pastorate of your church. I thank you most heartily for the confidence you have expressed in me. I appreciate the earnest desire expressed by a large majority of the church that I should again become your pastor. I recognize the danger of such a course of action, and yet because of circumstances which have arisen with which you are all familiar, and because of my confidence in your loyalty, I have finally decided after a deliberate and prayerful consideration of the whole situation, to accept your invitation, praying that by our united effort we may yet accomplish the purpose of God for us. Yours fraternally, H. McDiarmid.

READY TO SERVE.

Maple flakes, hygienically prepared from whole wheat, flavored with maple syrup and table salt, thoroughly steamed and roasted, ready to serve. Delicious, healthful, satisfying, the main diet for breakfast, delicious for luncheon, appetizing for supper. Maple flake is easily assimilated by the most delicate system, and gives strength and vigor to every part of the body.—Bain & Adams, 89-91 King street east.

High Grade Cigarettes.

Pall Mall cigarettes are made from the finest Oriental tobaccos and guaranteed absolutely pure. They have cork tips and are sold for 25 cents a box at Pearce's cigar store, 107 King street east.

A VERY FEEBLE ATTEMPT.

John Burke, who was this morning sent down for six months for vagrancy, is thought to have tried to pass in his checks last night. He tried to do the suspension act with his necktie, but his cries called the station constable, who relieved the undue strain round his neck. He was under the influence of the "froth" at the time.

THE MAN IN OVERALLS

"The Man Behind the Gun" is becoming too numerous in Hamilton. There should be a general disarmament by the police.

Don't overload. Your horse is willing, but it can't do impossibilities, and it shouldn't be asked.

My idea of an ideal Labor Day would be to take it easy all day, and not worry about the work.

Jim Livingston's statement that the Times is out for the stuff is all stuff and nonsense.

With one exception, for many years back Hamilton Mayors have had second terms by acclamation. Has Mayor McLaren been so bad a chief magistrate that he should be fired at the end of his first term?

If there are whiskey spotters in the city, the hotel men should be beginning to find out who their enemies are if they don't know who their friends are.

At last the Spec. has confessed that the Con. Club levies tribute on the hotel men.

Do I understand that the John Milne and T. J. Stewart Tory picnics and blow-outs were financed by reluctant hotel-men? George Armstrong would never do that.

I used to wonder where all the money came from to pay for those jamborees and ladies' nights at the Con. Club last winter and the winter before. The soft drinks and the orchestras, and the singers and the snacks on the side cost good coin, no doubt. But all is now clear. The hotel-men had to put up.

Jim Livingston thinks we are getting all kinds of money from the corporations. But that's only a Matteawan idea of his.

Did the hotel-men "cough up" so as to get protection? Surely this is neither New York nor Chicago, but these things look mighty suspicious to me.

What do the temperance people think of this Tory scheme of fleecing the saloon men?

Is it anybody's duty to look after the mind-readers, fortune tellers and sorcerers? I have never heard anything of them since Detective Huckle quit.

Of course, we might yell "Rats!" at the Toronto Star, but that would be a backward way of pronouncing it.

What's the use of arguing with Jim Livingston if he is not responsible for what he says?

Tory though it is, the government should not delay the introduction of the rural mail delivery into Toronto. It would be quite a convenience to the farmers.

I hope the Hamilton delegates will try to bring the High Court of the Foresters here next year. This is a good convention town.

The closing hour in the dry goods stores is still 5 o'clock. Are you shopping accordingly—giving them plenty of time to close up?

Notice to fans—The Spectator's claim that its team won the baseball match was slightly incorrect. The All-Star newspaper team was the winner.

PERSONAL.

Mr. W. C. McLelland, 100 King street east, is spending a few days in New York.

The Misses Williamson, Wellington Park, are visiting relatives in Collingwood and Georgian Bay.

Miss Georgina Campbell, Oxford street, returned yesterday after a very enjoyable visit with relatives in Chicago.

Mr. George T. Goddard, organist of Emerald Street Methodist Church, is away on his holidays, and Albert Partridge will take his place for a few weeks.

Mrs. Ira Green, Gladys and Master Wyburn Green left this morning for a few days' outing at St. Catharines, and will be the guests of Mr. and Mrs. T. Follick.

Mr. James Cameron, of Chicago, who has been home on a visit to his parents, returned yesterday. Mr. Cameron is one of the many Hamilton young men who have done well in the West. He was formerly employed in the G. T. R. offices. His parents reside at 20 Stuart street west.

BEACH GIRLS

Realized \$80 by a Sale for Y. W. C. A.

A number of children on the Beach have been working hard all summer preparing for a sale of work with the idea of furnishing rooms in the Y.W.C. A. building, now in the course of erection. The children had prepared quite a number of useful and fancy articles and these were augmented by generous donations from Beach residents. The sale was held yesterday afternoon at the home of Mrs. S. H. Alexander, station 12, and was a great success in every way. The weather was ideal and the grounds were very tastefully decorated with flags, bunting and flowers. The children were assisted by a number of young ladies, who were kept busy, as there was a very large attendance.

In addition to the sale, refreshments were served, and M. Hubert McPhie, with his yawl, provided sailing trips. The net proceeds amounted to over \$80, and have been handed to Mr. Wardrope, treasurer of the Y.W.C. A.

The girls of the club are: Evelyn Callaghan, Helen Child, Miriam Boyd, Audrey Tidwell, Dorothy and Mollie Cahill, and Janet and Katharine Alexander, and they are to be heartily congratulated on the great success of their efforts.

STEWART TO HEAD SLATE.

Report Again Current That He Will Oppose Mayor.

Street Railway Receipts Show a Satisfactory Increase.

H., W. & G. Road to be Built From Both Ends.

It is becoming a general belief that there will be a Mayoralty fight next January, and that T. J. Stewart will be the man who will oppose Mayor McLaren. The member from West Hamilton could not be found this afternoon, but it is known that he has conveyed the opinion to those who approached him that he would not jump into the municipal field again. Notwithstanding this, it was stated on the best of authority in municipal circles to-day that Mr. Stewart had confided to a few of his friends his mind to oppose this information. The party who volunteered this information said that no official announcement would be made until after the power case is dealt with in September. The plan of campaign is said to be to get the Hydro advocates in the council to fight to have another power plebiscite submitted in January. It is hoped through this to make the power matter the chief issue of the election and to have ex-Mayor Stewart heading a slate pledged to the Government power policy.

To-day City Treasurer Leckie received from the Street Railway Company a cheque for the city's share of receipts and the mileage for the last quarter, \$78,373. The city's share being \$6,269.84, or with the mileage \$8,149.80. The increase in receipts amounted to \$4,089.14, and the city's increased revenue \$328.41. Considering the fact that the reconstruction work on James and Barton streets was in progress during the last quarter, causing a big falling off in receipts, the showing is well pleased with the showing, and City Treasurer Leckie is satisfied that the amount he estimated, \$33,000, will be realized from the railway this year.

It was announced to-day that the Hamilton, Waterloo & Guelph Railway hoped to have its cars running to Galt and Guelph by next fall. The scheme is to start active construction work from both ends of the line this fall. The promoters expect to make the run from Hamilton to Galt in an hour, the route being so laid out as to facilitate high speed. The company has completed the purchase of its right of way, and will use 80 pound rails over the whole system. The Guelph line will go around by Millgrove, Frelton, Morristown, Abernethy and other towns in that direction, thereby opening up a new territory. The road has not been fully engineered to Guelph, there being about 10 miles yet to cover.

Opinion is divided in the City Hall as to the advisability of the city taking any part in the Beach Park proposition. Those in close touch with the scheme are satisfied that the Beach Commission will build the parks even though the city holds aloof. Some of the officials think that the Parks Board will have all it can do to look after the property it has acquired recently and to complete the mountain drive and park scheme. It was generally believed that all the property required in connection with this was under the control of the board, but it was pointed out to-day that the city does not own any of the mountain face east of Queen street to the Strongman road. It is believed that when the matter comes before the board again a majority of the members will be in favor of standing pat.

E. C. Mitchell was granted a permit to-day for alterations and additions to the Barton Street Baptist Church, to cost \$600.

The Fire and Water Committee this afternoon will make its annual inspection of the reservoirs.

Old Man Killed

(Special Despatch to the Times.) St. Catharines, Ont., Aug. 19.—A peculiar accident, which resulted fatally, occurred last evening on Carleton street. Thomas Archibald, manager of the Sullivan farm, on that street, was leading a cow about 6 o'clock, when he became entangled in the chain to which the cow was attached. He was thrown to the ground and the animal stepped on his chest, injuring him so severely that he died at 1 o'clock this morning. He was 70 years of age, and one of the best known men in this district.

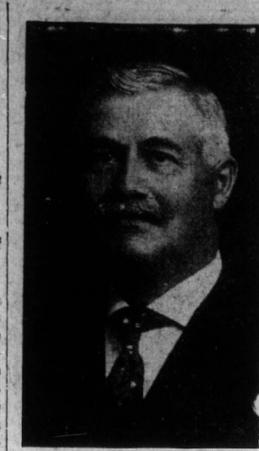

Dogs entered the orchard of Dr. W. H. Morrill's farm yesterday afternoon and killed two valuable thoroughbred sheep and worried five others to such an extent that they had to be killed.

THE GRANARY OF THE EMPIRE.

SPOTTERS IN CITY HOTELS.

Their Game is to Have Liquor Sent to Rooms.

A Regular Descent Made Upon Hotel Cecil.

Alleged Travellers Gave Up Rooms When Refused Drink.

Some men, who were evidently whiskey spotters, tried all in their power to persuade the night clerk at the Cecil Hotel, James street north, to violate the law by selling liquor after 11 o'clock on Monday night, but their hopes of getting a case were shattered.

Shortly after 11 o'clock a man entered the hotel and registered. He was shown to his room, and the clerk returned to the office.

Soon after the bell from his room rang and the clerk at once answered the summons.

"I want some bottled beer brought to my room," said the guest.

"You can't have it, as it is past 11 o'clock," said the clerk.

The visitor then went out and returned with a friend, and again the request was made for beer, and again a refusal was given.

"Oh, come now, you sell beer after 11 o'clock," said the visitor.

"Oh, no, we don't," replied the clerk.

"Why, I stayed here about six months ago and got beer when I wanted it."

A search was made of the hotel register, but no trace of his name could be found. He was informed of the fact.

"Well, then, if I can't have a little drink sent up to my room I'll not stay here," said he.

With that he took his grip and left.

Soon after he had gone another stranger entered the hotel, and just before registering intimated he would like some beer sent up to his room. The clerk politely informed him that it was almost midnight, and the bar closed at 11.

"If I can't have a drink sent up to my room I'll not stay here," said the man. He then left the hotel.

He had not long gone when in came another affable stranger, proceeded to register and made the same request as the previous man. The same answer was given by the clerk, and the man picked up his grip and refused to stay.

Mr. McCormick, the proprietor, is confident they were spotters.

A ROUND-UP OF VAGRANTS.

Two of Them Given Six-Month Terms This Morning.

Guy Grieves Fined \$25 for Carrying a Revolver.

James Phillips Committed for Assault on Police.

Keeping everlastingly at it wins. Three constables have for some time been detailed on special duty for the purpose of ridding the city of vags, and the vigilant trio have certainly reaped results. Last night they had a round-up. William Davis was the first called this morning, and the constables said Willie was an inveterate vag, and that for months he had been around places of doubtful propriety.

Davis said he had sprained his ankle and could not work, but he shook like the tall poplars near Jordan Creek. The magistrate fined William \$50 or six months.

Then up stood No. 2, John Larkin. He said he was no vag, and was going back to Buffalo on Saturday.

"I don't know about that," said the magistrate. Larkin's father gave evidence on behalf of his son, and promised to take him away. His worship let the father have the opportunity.

"I'm guilty, might just as well plead guilty," said John Burke, when charged with being a common vagrant.

"I suppose you want six months. You can have it," said the magistrate.

Against Wm. Newcombe the police handed out some very complimentary evidence. He said that carters on Main street complained about him, because he carried live stock on his person.

Newcombe said he was a cabinet maker by trade.

"Why don't you work at it?" asked his worship.

"If you let me go, I will," said the prisoner.

"Go on, then, I will give you a chance."

Discharged on condition that he goes to work was the fortunate escape of Patrick Kelly, arraigned on a similar charge.

Guy Grieves, who was arrested yesterday for pointing a loaded revolver at G. T. R. Constable Shee, was fined \$25 or one month.

Several witnesses were called, all employees of the G.T.R., and they said they saw Grieves enter the station with a revolver in his hand. Shee told the same story as yesterday.

Grieves said he was a G.T.R. yardman at Windsor and was on his vacation. From Windsor to London he took a passenger train and from London to Hamilton he came on a freight, as he had a G.T.R. pass from Windsor to Hamilton.

The object of him coming on the freight was to get to Hamilton in time to meet the pay car. He alighted from the freight some distance out, as the train did not come into Hamilton, but went on to Toronto. He was accosted by Shee, who held up his stick as if to strike him. He then drew his revolver as Shee, he thought, looked like a tramp and gave no evidence that he was a G. T. R. constable.

Shee said he did not show his badge. When he (Grieves) got to the station and learned Shee was a constable, he apologized.

G. T. R. Detective Day said enquiries had been made at Windsor about Grieves, and he was a bona-fide employee of the G.T.R., and bore a good character.

J. L. Schelter appeared for defendant and pleaded on behalf of the prisoner.

His worship said he would exonerate him on the charge of pointing a loaded revolver, but he would punish him for having one on his person.

"Billy" Wright

Last night Got tight. Showed fight.

This morning, in court. His cash. Two short.

James Greer Drank beer. When arraigned Two claimed.

With his hand to his poor aching head and casting an eye down a large tract of missing skin on his nose, George McGowan stood up to answer a charge of excessive drinking.

James Canary put up a good excuse this morning, and the magistrate's heart was softened, so he was let go.

From the peach centre Russell Sipes and Alfred Cameron came to the city and planted themselves on the lawn of the house at the corner of John and Gore streets. Mrs. Pierman called P. C. Hill and complained to him about the men. The men put up a good excuse, so his worship discharged them.

Because doggie wandered on the street W. Smith and Cecil Lengs paid \$2 each.

Charged with an assault upon a policeman, James Phillips, 316 Wellington street north, pleaded not guilty and declined to elect. P. C. Campaign, jun., said that Phillips tried to pick a fight with him when he had James Canary under arrest. When told to go about his business he showed fight and tried to get Canary away. He, the officer, then placed Phillips under arrest, but he tried to strike him with the spike on the bottom of his wooden leg, and was trying in every possible way, ever trying to masticate the anatomy of the policeman. It took a posse to subdue him.

Phillips shouted across the court as loud as a ship's siren, "The man is telling lies; every word's a lie!"

He was committed for trial.

Joe Street, who is charged with stealing a watch and chain, was remanded till to-morrow.

Mrs. Frank Deuz, Queen street north, while removing some furniture from a down stairs room to a room upstairs, fell and broke her collar bone.

Love Finds the Way

As she thought this she shuddered. What as love but a mockery to her now? To lose her thoughts she rose in her fearful, nervous fashion, and stole to the window, very much as Lillian Melville would have stolen, save that hers was pure grief, and this woman's remorse.

THE HAMILTON TIMES

THURSDAY, AUG. 19, 1906.

BLEEDING LICENSE-HOLDERS.

The Times the other day denounced the methods of the local Tory party in squeezing money out of the liquor license holders of the city whenever those in charge of any Tory scheme...

Fort Erie and Windsor." This is something like what is referred to as "a la riposte" in fencing. Mr. Dewar says his clients authorize him to give an undertaking as follows: If Sir James Whitney will revoke and cancel the Provincial charters of the Ontario Jockey Club...

What the public, or that portion of it which is opposed to betting, seeks to accomplish is the abolition of the turning of the sport of horse racing into an organized carnival of betting...

WASTE OF FRUIT.

A fruit-grower who has been giving the subject some attention is very much impressed with the great fruit waste of which the people of this rich district are guilty. Every year there is an enormous quantity of apples, early and late, which while unsuited to packing and shipping, would if properly handled yield the best of jelly or cider apple sauce.

Our contemporary essays to lessen the force of the condemnation which its own confession brings to the machine, by saying that the men who have gone to levy tribute on the license-holders for the contributions of which it speaks were "not in official positions" in the party...

A VICTIM OF HEAT.

That "amoosin' cuss," Jim Livingston, has taken time from lamenting the dryness of Grimby to say a few things—several columns of them, in fact—which he fancies will tend to curry favor with Adam Beck and the Whitney Government...

RACING CHARTERS.

There has been a good deal of discussion about the incorporation of the Metropolitan Racing Association of Canada, and some attempt has been made to introduce the party element into the discussion.

EDITORIAL NOTES.

It can hardly be true that there has been a great deal of illegal liquor selling in the city. Inspector Sturdy has been "on the job" every day.

Pistols and knives have been too often displayed in Hamilton of late. Those guilty of that sort of thing should be taught a few severe lessons.

But the license holder who toes the line—who lives up to the law every day of the week—does not need fear any corps of provincial detectives. His mind is easy.

The numerous drunken Indians which infest the city these days are ample evidence that the license laws are not being enforced with efficiency. Whose fault is it?

Employees of the sardine packing industry in France, and many of the farm laborers turn to lace making during the off season. There are no more thrifty people than the French laboring classes.

Robert Meighen, of the Lake of the Woods Milling Company, thinks that if the Ontario farmer uses his position properly, he can dictate the price of wheat, under present conditions, to millers and dealers. He says future values will depend on how the farmer will de-

liver, and he should deal out his wheat for the time being as he would medicine, and "make the boys climb." Mr. Meighen's opinion is not shared by most market traders.

The Windsor Record laments that the position of the average councillor "seems to be coveted and captured mostly by the unfit." A fine look out for municipal councils owning and managing so many of the businesses of the country!

Go on with the ice cream test cases, and let us know just where we stand. If the law does not effect what the Legislature intended it to effect it can be remedied. If the public want a "wide-open" Sunday, it is for them to say.

The by-law against running traction engines over paved streets is one that should be enforced. It is well that the fact that it exists should be made widely known. This sort of traffic is not conducive to the good condition of asphalt pavement.

Congratulations to Dundas cadets, who won the team prize yesterday at the Ontario Rifle Association meeting. It was rather ungracious on the part of those Toronto fellows to seek to deprive them of their winnings by that protest.

Toronto's appropriation of \$8,000 for destroying tussock moths is about exhausted, and a further grant will be asked for. Perhaps the Hamilton authorities will get to work next year, when the pest has got more firmly established.

The Fruit and Vegetable Growers' Association dispersed itself at the Brant House Park yesterday, and enjoyed a good time in games and oatory. They are a very comfortable looking lot of people, representing the money and brains of a very fine territory.

Director Stratton, of the United States bureau of standards of the Department of Labor, is going to co-operate with the steel rail manufacturers in experiments intended to lead to better rails. Very many of the railway accidents have been due to rail faults, and complaints made abroad are so numerous as to threaten the ruin of the United States export trade in that line.

Many experiments have been made in the effort to obtain satisfactory milk bottles which would be so cheap that they would not be used a second time. A Chicago company now announces the manufacture of paper single service milk bottles in three sizes—quarts and pints and half-pint size for cream. They are made of pure fibre paper and refined paraffine. The idea is to have them absolutely sanitary. The bottles are to cost half a cent each, and it is expected that at this price their use will be economical, as there will be no breakages, no washing or sterilizing, and they will be exceedingly light to transport.

Mr. Bernard M. Baker, who is largely interested in a number of important public service corporations, is a consistent advocate of the regulation and control of all monopolies by the people. Monopolies, he says, are usually dangerous, and all public service corporations should be under the authority and regulation of a public utilities commission. That is not an unreasonable view, but such regulation would not meet the views of Toronto socialists of the W. F. Maclean stripe. Their idea is that all these concerns, and goodness knows how many more, should be paid for by the people's money and operated by whatever petty politicians may for the moment get into power.

The "arm chair militarist" of the Hamilton Herald who has sworn eternal enmity to any scheme of Canadian participation in imperial defence which leaves Canada a say in the management of her ships and soldiers, unloads its "mind" of some cruel, cruel sarcasm aimed at our Minister of Militia, and then thus attacks the Globe's statement that "the ideals of the Canadian militia are civilian, not military."

It is true that the ideals of the Canadian militia are civilian and not military, that its purposes are peace and not war. It is not such a claim, nonsensical! To say that the ideals of a military organization are not military and that it does not exist for purposes of war is surely no compliment to that organization.

And why not? We had so long heard these yappers for a great expenditure on military and naval forces arguing that the object of such was to secure peace—to head off war—that we had come to think that perhaps they really entertained that idea. Was it all make-believe?

WHITE SLAVERY.

There are pitfalls everywhere for the unwary, but especially for girls and young women inexperienced in the ways of the world and trustful of glib-tongued persons with whom they have slight acquaintance or none at all. Eternal vigilance on their part and on the part of all the good intentioned is the price of more than liberty. It goes without saying that society and its constituted agencies owe it to themselves to find and punish all who are doing the devil's work in this way; but it is no easy matter to detect, and unfortunately the law does not provide adequate punishment.

White slavery or death, it is feared, is the fate of the girl who disappeared from Monongahela City. Better death.

Our Exchanges. DAVE'S RECORD. (Guelph Herald.) Hamilton is quite stirred up with the record of Dave Irvine, to whom the greater Hamilton motto will no doubt be extended, "Hamilton is the Place for You."

BACK TO THE BAKE BOARD. (St. Catharines Standard.) Will it have to come to this, that the high prices of bread will eventually drive the women of St. Catharines back to the bake board? Perhaps it will be a good thing for many a man's digestion.

THE LEMIEUX ACT. (London Free Press.) The Lemieux Act may not have the virtue of pleasing both sides. But any move that has conciliation in view is not lightly to be frowned upon. Let us hope that labor will henceforth be more fortunate in the choice of arbitrators.

HAMILTON FIRST. (Grimby Independent.) Let every dollar and every hour of time and every effort of Christians along missionary lines in the city of Hamilton be devoted strictly to the city of Hamilton. Let no boy or girl in the city run wild without an earnest, honest effort being made to save them.

ALL NIGHT DRUG STORES. (Toronto Star.) Surely there ought to be at least a certain number of drug stores, known to the public, where medicines can be obtained at any hour of the day or night, and where special night clerks are employed. Sickens knows no business hours, and a drug store cannot be conducted upon the same lines as a grocery.

PREFERS GERMANY. (Ottawa Free Press.) Those Englishmen who have been pluming themselves that in the event of trouble between Great Britain and Germany the sympathies of the United States would be with them have had their illusion dispelled by Medill McCormick, of the Chicago Tribune, who in a letter to the Daily Mail asserts Americans care a good deal more for Germany than for England. And yet Mr. McCormick, when he visits Canada, is very pleasant spoken!

MEN'S BARGAINS. (Ottawa Citizen.) But there really should be no reason why men shouldn't attend bargain sales. Merchants do not, as a rule, advertise for fun, and if they have formed the habit of advertising men's bargains it

TOMATOES 2 BASKETS FOR 25c

300 baskets of them, 150 picked Thursday afternoon to sell Friday, 150 picked Friday afternoon to sell Saturday, and all of them choice, firm, ripe stock. Next week the canning factories will start to take tomatoes, and prices will likely be higher. It looks like a low price for tomatoes under present conditions. Potatoes, good clean stock, per basket 35c; per peck 30c.

FLOUR. Millers are still holding prices firm, but we think it is time for a change, so here goes: Gold Medal Flour, per bag \$3.50, per 1/2 bag \$1.80, per 1/4 bag 80c. Royal Household Flour, 1/4 bag 85c, 1/2 bag \$1.70, bag \$3.35. Present cost does not justify this cut, and we may have to go back to the old figures on Tuesday. Meanwhile it is up to you.

SUGAR. Never varying quality, always the highest grade, pure cane sugar meets every requirement of the household and stands every test of purity and surety: 100 lb. bags best Granulated \$4.85, 20 lbs. for \$1.00, 10 lbs. for 50c. Bright Yellow Sugar, 21 lbs. for \$1.00, 10 1/2 lbs. for 60c, 5 1/2 lbs. for 25c. Cut Leaf Sugar, 3 1/2 lbs. 25c. Best White Icing Sugar, 3 1/2 lbs. for 25c.

BUTTER, EGGS, CHEESE and LARD. Exeter Creamery Butter, one of the best makes we have ever handled, fresh from the creamery every week. Per lb. 27c. Eggs, fresh gathered, per dozen, 25c. Cheese, just made; it is mild, but rich, per lb., 15c. Lard, best pure, per lb., 17c.

VINEGARS. Every year we establish a new record in Vinegar sales, and why not? We never lose a customer on Vinegar because years of experience have proved to them the absolute reliability and sterling quality of our brands. XXX White Wine or Cider, per quart, 8c; per gallon, 30c. Genuine English Malt Vinegar, per quart, 15c; per gallon, 60c. Holbrook's Malt Vinegar, bottle, 10c and 20c. ments, and when we are so anxious to secure tariff favors in foreign countries, such as France, we have perhaps sacrificed some agricultural interests in order to secure an advantage for Canada of 88 on a binder, 84 on a mower, 82 on a rake and so on, feeling that splendid results have been accomplished, would it not pay us at the same time to give a little more consideration to the present condition of our home markets for our home produce?

Now, if we are agreed on this as an association, as we appeared to be in our business discussion here a year ago, for remember we are only discussing this as an association, giving our individual opinions, it is up to us to arrive at the best method of bringing this about.

Without occupying the time of repeating it, you are all familiar with our views on the Canadian tariff on vegetables and fruits, and as they are projected largely in about twenty counties, would it not be wise for you here to-day to send twenty men who will volunteer to each visit a county and place your views before the people in that county, and if after considering it, then urge them to get at least twenty men in each county to write their parliamentary representative to advocate and support these views, and I believe it will be done.

At the close of the speech-making, Mr. R. H. Lewis expressed his intention of retiring from the presidency, but it is likely that he may be prevailed upon to act in that capacity.

Sir Theodore Martin Passes Away at Age of 93. London, Aug. 18.—Sir Theodore Martin died to-day. He was a native of Scotland, and received his education in the Edinburgh High School and University.

Two such praise cannot be given to our worthy magistrate, Mr. Jelfe, in his dealing with my son's; had he been one of his own family he could not have done more for him than he has, advising and warning him; and our thanks are given to him for his kindness. The police have also been first rate, not vindictive at all toward him, and although he sometimes draws the long bow when he thinks they are quizzing him too much, they must expect that now.

Amusements

The evenings are becoming cool now, and the amusement loving public is looking towards the theatre and other indoor resorts for their entertainment.

The opening of the Grand Opera House last night was attended by a fairly large crowd. The play, "Texas," was of the western ranch variety, and was well received.

At the Grand next Wednesday night the Wagenhals & Kemper Company will offer a special production of Eugene Walter's celebrated play of present day American life, "Paid in Full," a drama whose tremendous success and extraordinary popularity have made a chapter in theatrical history.

Linen of Snowy Whiteness

The real beauty of linen lies in its whiteness. It must come from the washing spotlessly clean. So, naturally enough, it is always rubbed twice as hard, and so wears out twice as fast.

But here is a new way to wash linen as well as other fabric—a way that saves half the rubbing and doubles the life of the garment.

This new way is the way of Taylor's Borax Soap. For no other soap saves both labor and garments as does this wonderful soap—it saves its own cost many times over.

Taylor's Soap

Here is the Taylor way: Place the white clothes in warm, soapy water and let them soak over night. Then draw them out one by one and rub them lightly with Taylor's Borax Soap. When well soaped, roll them up and lay them in the bottom of the tub under water. Let them soak in this way for half an hour. Then rub them gently on the washboard, rinse and wring them out. Hang them on a rope clothes line, for wire may put iron rust spots on the clothes.

Scaolding is never necessary with this soap, for it removes the dirt by itself. The borax softens the water, so less soap is required, and also much less rubbing. Colored clothes are washed the same, only they should not be left to soak over night, and never boiled.

Follow these simple directions and your clothes will come out fresh, clean and free from any "soapy smell." The white goods will be whiter, the colored goods brighter and the woollens softer than ever before.

Borax not only softens the water, but also softens the hands—it leaves them even whiter than ever before. Also it purifies and sweetens—it destroys every germ and prevents the possibility of contagion.

GOOD SHORT STORIES

JUSTICE AND LAUREL.
Judge Giles Baker, of a Pennsylvania county, was likewise cashier at his home bank, says *Browning's Magazine*. A man presented a cheque one day for payment. He was a stranger. His evidence of identification was not satisfactory to the cashier.

"Why, Judge," said the man, "I've known you to sentence men to be hanged on no better evidence than this."

"Very likely," replied the judge, "but when it comes to letting go of cold cash we have to be mighty careful."

TWO REGRETS.
Life is real if not altogether earnest among people of a type recently mentioned.

"I suppose John is still taking life easy," said the woman in the spring wagon on the road to Alexandria.

"Yes," answered the woman who was carrying an armful of wood. "John has only two regrets in life. One is that he has to wake up to eat, and the other that he has to quit eating to sleep."

HARD-SHELLS IN KENTUCKY.
Captain Treely, who lived down in Kentucky, was a good old Hard-Shell Baptist, who occasionally would tell a story at the expense of the brethren. Years ago they were not so conspicuously orthodox on the temperance question as they are in our time.

"On one occasion," said the Captain, "the brethren in my region were about to have a grand church gathering, and all the faithful in the neighborhood were expected to exert themselves to enter, rain suitably and hospitably the visiting brethren. Two of my neighbors met each other just before the grand gathering. One of them said:

"What are you going to do?"

"Well," replied the man, "I laid in a gallon of first-rate whiskey."

"A gallon!" retorted his neighbor, with a look of contempt; "why, I've got a barrel, and you are just as able to support the gospel as I am."

"Have you any pet superstition, Miss Oldworthy?"

"Well, really, I—the question is rather embarrassing. I have a superstition, but I have never mentioned it to anybody, and—and I suppose I ought not to confess it now, but since you ask me I will admit that I have for some time had a superstition that I would marry the very next man who asked me to be his wife."

"That's not a superstition. That's a cinch."—Chicago Record-Herald.

Mary had a little lamb; its fleece was white as snow. Would ever Mary sell the lamb? Why, what a question! No! She kept it for many years, and every now and then she'd go and clip it with her shears, then sell the fleece and take the cash and put it in the bank, until she had a fortune of the topmost rank. While Mary was a wise young girl her father had a pull, and through his lobbying he kept the tariff up on wool.—Chicago Evening Post.

THE GREAT NORTH COUNTRY.
Nimrod was a great hunter, but had he hunted in the "Temagami" region he would have been a mightier one! Nimrod hunted for glory, but Temagamians hunt for game. These Indians who made the first canoe of birch bark long ago, were our greatest benefactors. The children of these Indians know the canoe, and they know how to use it, and if you go to Temagami this summer they will paddle your canoe in their own superb way. They will be the best guides you ever had. Students who camp in summer along the Temagami lakes are able to do two years' work in one. Finest of fishing and hunting. Good hotel accommodation. Easy access by the Grand Trunk Railway System. Information and beautiful descriptive publication, sent free on application to Grand Trunk city or depot agent.

SAVED BY DOG.

SPOTTED MAN AND ATTRACTED CAPTAIN'S ATTENTION.
Sailor Adrift 27 Hours—Many Vessels Passed, But He Failed to Make Himself Seen—Lashed to a Few Spars.

New York, Aug. 18.—"By golly, I thought I was a goner," said Madden Pierson, the missing seaman of the wrecked schooner *Arlington*, when he was picked up to-day by the fishing schooner *Irene* and Mary, after drifting without food, drink or sleep for 27 hours, on a crazy raft of lashed spars. Then he took a long pull from the captain's flask, swallowed a cup of piping hot coffee and turned in without further comment. Not until he awoke from a sound sleep did he complete his narrative.

While Pierson was rolled up in blankets below, Capt. Ericson, of the *Irene* and Mary, was making something of a hero of "Sport," a black, curly-haired spaniel, the schooner's mascot. For an hour before the rescue Sport had been snuffing the windward air, pawing the rail, and yelping excitedly. Puzzled by the dog's actions, the captain took a sharp look out, and when he saw what looked like a buoy slipped from its moorings, he headed the schooner for it. Soon he could make out with the aid of his glasses the figure of a man waving his undershirt. It was Pierson.

Refreshed, fed, and in dry clothes, Pierson told his story:

"I had just made fast in a life-line about 100 yards from the coast guard," he said, "when I was washed overboard by a comb."

"When I got my head out of the smother of foam, I saw a bit of drifting wreckage near me. There were iron bolts on it, and loose ends of cordage. With these I lashed myself fast, leaving play enough so that I could stand erect and wave my shirt. It was early morning, and I could see that I was rapidly being carried out to sea.

"All day Tuesday I shouted and waved my flag. All last night I fought off sleep and the numbing cold. Sixteen times, one by one, I passed, but I could not attract their attention.

"At last I could see by the way the *Irene* and Mary changed her course that the lookout had sighted me."

Twenty Killed by Electricity at Olginate, Italy.
London, Aug. 19.—A despatch from Lecco, Italy, to the Daily Telegraph says that as a result of a short circuit the town of Olginate, which is supplied with electricity from Lecco, was suddenly plunged in darkness. The residents of the place who endeavored to manipulate switches in their houses received terrible shocks. Twenty persons are known to have been killed and many others were badly injured.

NEGRO SOCIETIES.

Georgia Prohibits Ite Imitation of White Men Orders.
Atlanta, Aug. 18.—At a late hour to-night, Governor Brown affixed his signature to the recent act of the Georgia Legislature which prohibits the use of negro secret societies of the insignias, ritualistic work, grips, etc., or orders composed of whites.

It legislates out of existence the negro organization of Elks and Knights of Pythias, but the negro Masonic and Oddfellows' organizations may continue in operation by changing their badges, rituals, grips, etc., as the latter have names slightly different from the white Masonic and Oddfellows organizations.

THE TRAGEDY AT NORWOOD

Six-Year-Old Boy's Story of the Death of His Sister and Father.

Willoughby Had Been Cleaning the Gun a Few Minutes Before.

Pathetic Story Told by Wife of the Dead Man.

Norwood, Ont., Aug. 18.—The inquest into the death of Thomas Willoughby and his daughter, Stella May Willoughby, was opened at 1:30 o'clock to-day, Coroner Grey, of Peterboro, presiding. County Crown Attorney Wood was present to look after the interests of the Crown. The jury empanelled were as follows: W. D. Robson (foreman), W. M. Andrews, Jos. Metcalfe, Wm. R. Parker, Wilbert H. Bell, Jas. Golloher, Ed. Hubble, Geo. F. Ross, Wm. H. McMillan, H. G. Bass and James Long. Drs. Sutton and Pettigrew were the first witnesses called. They gave evidence as to the positions in which the bodies were found, and stated that they had discovered no trace of poison. The wound in the girl's breast was a ragged one, about one by two inches. The gun was a double-barrelled shot-loading one-shot-gun, and the bore contained one loaded shell and one empty one. The doctors stated that a postmortem would enable them to determine the cause of death.

The six-year-old son of Willoughby, a bright little fellow, told his story of the tragedy in a very clear and straightforward manner for his years. He said: "I was at home yesterday. Pa and Stella were in the house. I went out into the yard for a whip. Pa was sitting on the edge of the platform between the kitchen and woodshed when I went out. Papa had the gun in his hand and was rubbing it with his thumb. I heard the gun go off and went into the house. Pa said he had shot Stella. He was going out through the kitchen door, with a cup in his hand. He went to the stable with the cup and left it there. There was nothing said about the gun being too heavily loaded. Stella was lying in the woodshed, right where she had fallen. Her head was towards the place where father had been sitting. Mrs. Ruttan came in as father was going out. Mrs. Ruttan took a dipper of water and bathed Stella's face, and then went away. When father returned he carried Stella in, and wiped the blood up with her clothes, and washed her with water from a wash dish, and then wrapped her up in a sheet and carried her and laid her on the sofa. Afterwards he laid down on the floor beside the sofa. He told me to go and mind the baby, which had been awakened by the gun going off. When I returned I tried to wake papa up, but he never got up after he laid down. I went and got the cup; there were drops of stuff in the cup like medicine. It was a dirty color. I did not see him put anything in the cup."

Mrs. Willoughby also testified. She said that when she left home to come to the village, her husband had taken the horse and handed her the lines. He had been in poor health for a long time. He had stomach trouble, and his heart was affected; in fact, one would scarcely know that he had a heart—could scarcely feel it beat. He had not been using the gun lately, and did not keep it loaded. A cat was in the habit of coming around the house, and he said some day he would shoot it. That was the only time she ever heard him say anything about a gun. There was no poison in the house that she knew of. Instructions were given by Coroner Gray for Dr. Sutton to do a post-mortem examination, and this is now in progress. Drs. Pettigrew and Buck assisting. The enquiry was adjourned until Thursday, Aug. 26.

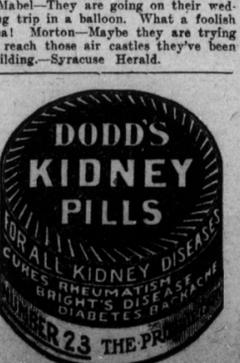

The funeral of father and daughter is expected to take place to-morrow afternoon at 2 o'clock, to Norwood cemetery.

MAJORITY IS TWO.

By-Election in Prince Edward Island.
Charlottetown, Aug. 18.—The by-election in the fourth district of Prince Edward Island to-day resulted in the return of Mr. DeLaney (Conservative) by a majority of three over Hon. Joseph Read (Liberal). At the general election last November Mr. DeLaney had a majority of four. A scrutiny followed before the Sheriff and the returning officer, making the result a tie. The latter then gave his casting vote, as he had a perfect right to do, giving Mr. Read the seat. Since then by arrangement between the two parties in connection with the saw-off of election petitions Mr. Read resigned his seat to again contest the district.

The result to-day makes the standing of the parties in the House 16 to 14 in favor of the Liberals. This is the second by-election since the general election, the other being in the first district of Queen's last month, when Mr. Crooby (Liberal) defeated Mr. Myers (Conservative) for the seat rendered vacant by the death of Speaker Smith. In the campaign closing to-day the Opposition worked up sympathy for Mr. DeLaney, asserting that his seat had been stolen from him in the first instance. There will likely be another scrutiny, and the end is not yet. Wet weather made the vote smaller than in the general election.

Pride of Profession

(By Harold Carter.)
When Larry Callahan left the protection of the large building "up the river" which had been his home for four years and ten months on the indeterminate sentence plan, the governor had a farwell talk with him.

"Go straight, Larry," he pleaded earnestly. "You've had a good record while in Sing Sing, and you've been promised a job by the Discharged Prisoners' Aid Society. You're too intelligent a man to run crooked; besides, remember, sooner or later you get caught. Keep away from the Bowery, and good luck to you."

So Larry came to New York wearing his new suit, new hat, new shoes and new underwear, with a new life before

RELIGION OF FUTURE

The Pope Criticizes Dr. Eliot's Recent Address.
Rome, Aug. 18.—The address delivered by Dr. Charles W. Eliot at the Harvard Summer School of Theology on the religion of the future has been translated by the Pope's order into Italian, so that he might more thoroughly comprehend it. The translation, which has been most accurately done, has been read with great care by His Holiness, who expresses profound regret that a man of such authority and culture as Dr. Eliot should spread theories that he said could not, in fact, be the basis of the new religion of the future, but are the negation of faith and the principles which are the foundation of Christianity and modern civilization. The Pope is reported to have said it would be easy to refute and destroy Dr. Eliot's arguments. It is believed a semi-official reply to Dr. Eliot's address, on lines suggested by the Pope himself, will appear in the *Civita Cattolica*, almost representative Catholic magazine managed by the Jesuits.

NEEDS OF EMPIRE.

They are Satisfied by the Naval Defence Scheme.
London, Aug. 18.—The Standard says Australia, and, it hopes, Canada, in providing for their own defence and keeping open their trade routes, are satisfying not merely a local need, but also the needs of the empire. It is on this aspect of defence that Imperialists should regard the building of local navies.

The Leader thinks the resolution to be proposed at the final meeting of the Defence Conference represents rather a pious aspiration than a strategical condition in any immediate likelihood of being realized. It remains to be seen whether the creation of local fleets will appeal as strongly to busy industrial communities hard at work building up new territories as to some of their leading politicians more in touch with home views.

London, Aug. 18.—The militant suffragettes who have been picketing the House of Commons for the past six weeks with the object of securing an interview with Mr. Asquith, the Premier, have extended their operations to the Premier's residence on Downing street. Mrs. Despard and Mrs. Sanderson this afternoon took up their stand outside Mr. Asquith's house, and declared that sentries would be maintained uninterruptedly until the Premier granted an audience. MONTREAL FRAUDS.

How That City Was Robbed on Paying Contracts.
Montreal, Aug. 18.—Further revelations of those methods in the awarding of paying contracts came to light to-day. In giving evidence before the Royal Commission, Mr. J. J. Macdonald, of the Masson Laying Company, of Worcester, Mass., testified that contractor a Zurich, local paving contractor, got a make-out of sixty cents per yard, instead of charging \$1.00 per yard, and charged \$2.50, and that the exact amount as misdeemans between the Masson Laying Company and the city.

J. Quatrecas, another local contractor, testified that he laid pavements for Beaugre and Brunet for \$1.80 for work for which the city had to pay \$2.40.

Aid. Moss, of Lawrence, Mass., also gave evidence, showing that paving in Montreal cost \$1 per yard more than in Lawrence.

Extraordinary revelations were made by a witness named Julien, of the rotation administration of the snow-clearing section of the civic road department. The witness swore that workmen were forced upon the foremen, and that Ald. J. B. A. Martin had threatened him with dismissal unless he found work for a man named Montpelier, whom the foreman sent to him. He had known carter's take a load of snow a few yards in their carts, dump it right down on the road, and return at once for another load, for which they were paid so much "per voyage." "Under the system as it has been practised the foremen, if they were not honest, could pad the pay lists to a considerable extent, and so obtain money from the city by false tickets without fear of detection."

A STRAY SHOT.

MICHAEL HALL MAY HAVE BEEN KILLED BY ACCIDENT.

Evidence Shows That Young Shelley Continued Shooting in the Bush After the Time That the Old Man Alleged to Have Received His Wound.

Simcoe, Aug. 18.—When Emery Shelly comes up for his preliminary hearing before Magistrate Murphy at Silver Hill on Friday on the charge of murdering Michael Hall, the proceedings will only last for a few minutes. It is the opinion of the Crown to ask for a remand for a week, owing to the fact that Crown Attorney Slight will not be able to attend, but it is not outside the bounds of possibilities that the charge against Shelly will be reduced before his case goes to a jury, and that instead of one of a capital nature that of criminal negligence will be substituted. In this respect the case is in the hands of experts.

By tests it has been absolutely proven that a rifle of the calibre Shelly was using would throw a bullet from the edge of the bush to Hall's house. Neither would it be impossible for a shot fired at a bird in a low bush at the edge of the plantation, which would be in accordance with young Shelly's story, to strike the house at an angle similar to that at which bullet fired before the fatal shot entered the wall. This would appear to be strongly in favor of the accidental theory, but there is one strong objection to it. It is difficult to believe that shots fired from a twenty-two rifle would penetrate to the depth those inside of the house did at a range of two hundred yards. As a matter of fact, shots fired from a similar rifle at a range of fifty yards failed to sink as deeply into a slab of wood as did those at present in the maple planks which form the outer wall of the Hall place.

The inquest, which will be opened by Coroner Dr. W. A. McIntosh, will be a lengthy inquiry. Fifteen witnesses are to be examined, and while the essential facts brought out may not be of great importance as touching the case of Shelly, yet the air will doubtless be cleared of a great deal of inconsequent local gossip.

The evidence in existence shows that Shelly was shooting promiscuously in the bush, and within something like two hundred yards of Hall's, but there is nothing definite to show criminal intent

WOMAN'S CRIME.

Deliberately Shoots Man With Whom She Was Infatuated.

Augusta, Ga., Aug. 18.—In a fit of jealousy this afternoon Elvira Todd, a young woman about 22 years old, entered the office of the Central of Georgia freight depot and probably fatally shot Cashier D. Richard Watson.

The young woman claims that she has for the past seven years been infatuated with Watson and could not see him marry another woman.

After firing two shots through a window, the young woman made her way into Watson's office. Watson sought refuge inside a large iron safe.

A shot broke Watson's right leg just above the knee and he fell to the floor. He begged for his life, but standing directly over him the woman fired the last cartridge in the pistol. It entered the chest about an inch above the heart, penetrating the left lung and passing out of the body. His condition is critical.

AUTOMOBILE PLOWS ARE COMING.

Among the possibilities for Saskatchewan in 1910 are a population of eight million people, automobile plows, and rural telephones. THAW BACK IN HIS CELL.

Slayer of Stanford White Brought to Matteawan Asylum.

Issued a Statement Earlier in Day From White Plains.

His Mother Makes Another Characteristic Statement.

Matteawan, Aug. 18.—Harry K. Thaw was brought back to the Matteawan state asylum to-night by Dr. Amos T. Baker and two attendants. The party reached the institution about 7 o'clock and Thaw was at once taken to his old quarters.

The trip to the asylum was devoid of any special incidents and Thaw had nothing to say regarding the matter. Superintendent Lamb of the hospital issued the following statement to-night:

"There will be no changes at all regarding Thaw's incarceration here. He will be subjected to the same rules as before he left to go to White Plains. He will have a special room, not because he is Harry K. Thaw, but for the reason that this hospital was built to accommodate 500 patients and we now have nearly 800. Some of the patients have small rooms which were built for the attendants. Thaw has one."

"I did not take it from Justice Mills' decision that Thaw was to have any special privileges. If Thaw should appeal for special privileges, then both sides would have a chance to be heard. His recent trial did not bring out anything specific along this line."

"I have not decided when he is to retire at night, but he will be given ample consideration in any request he makes."

White Plains, Aug. 18.—Harry K. Thaw, before he was taken from the Westchester County Jail back to his old quarters this afternoon, bade goodbye to his mother in the consultation-room of the jail, waved good-bye to some of the jail attendants, and accompanied by William H. Moore, one of his personal employees, left the jail in custody of Dr. Baker and two attendants from the asylum. Thaw carried his belongings in a suit case and appeared to be fairly cheerful. His mother bore up well and will move to Matteawan on Friday to reside near her residence in the asylum.

Before departing Thaw made the following statement:

"I don't question Justice Mills' honesty, but surely his opinion is not as good as Dr. Adolph Meyer's or Dr. Schmidt's and all the other alienists who examined me, or the judges or laymen who know me well. The judge was wrong in relying upon Dr. Baker as impartial when, out of 267 clippings, he produced 27 connected with Stanford White, mounted on pasteboard, but completely left out 240 others containing quotations from Lincoln's speeches, articles by Professor Braashner, etc."

"Also the judge was mistaken in trusting anything Dr. Baker said after he swore he had 'forgotten' that he told Dr. Pilgrim and Mr. Peabody and me at the end of eleven weeks of careful examination that he and Dr. Lamb were positive I had no trace of paranoia."

"He also swore he had told Mr. Graham that he and Dr. Lamb had found no evidence of it after, as told by his own testimony, I had just answered all their questions. Did they judge for that Mr. Jerome was afraid to let Dr. Baker testify as an expert?"

"I wish to express my appreciation of the respect and courtesy the judge showed my mother, but if my mother breaks down or the bad conditions at Matteawan, surrounded by dangerous lunatics and general privation, should ruin my health, Justice Mills will be responsible for sending me here, for his decision is not supported by lawful evidence."

"It was hard to be acquitted by twelve men and then locked up by one. One man should not be permitted to imprison another man for life. This same judge who knows me well. The same judge one year ago stated in this same court that he 'believed the time would come when Mr. Thaw should have a trial by jury.'"

MOTHER'S STATEMENT.

Mrs. Mary Copley Thaw gave out the following statement this morning:

"The only request made for my son was that he be transferred to the Bloomingdale Asylum, although as a sane, acquitted man he should have been liberated altogether."

"There was no suggestion of bonds or any of the other fantastic arguments mentioned. It was simply the argument that an acquitted man ought not to be placed in a criminal institution."

"The thought was suggested by a great-hearted and wise physician here that the judge would surely order this change if a proper appeal was made to him. He went so far as to ask if my daughter or I would undertake this. Quickly and gladly my daughter offered to go. It was not until Sunday night that the exact place could be located. On Monday morning she started with her maid and a trusted, capable man as courier."

"Twice she communicated with us here, the last message telling how fruitless the hard journey had been. She cannot be back before her brother leaves for Matteawan this afternoon. He goes with courage undaunted by this outrageous decision and we all look forward confidently to the action of the Court of Appeals."

"It cannot be that this illegal restraint of an acquitted man, known by everybody to be absolutely sane, can last much longer, no matter how vindictive those who thus attempt to defeat justice may be."

"Allow me to correct some gross mistakes regarding this brave, devoted sister and daughter. Alice Thaw made no stipulations, nor did the family of the Marquis of Hertford at the time of her marriage such as are published in some of the morning papers. On the contrary, her entire estate remained in this country absolutely under her own control. The Hertford family always paid her the utmost respect for good and sufficient reasons aside from her own personality. When she annulled her marriage, a year and a half ago, she had a perfect right under the English law to hold to the title. She was urged to do so by friends and her legal

LOST BOY.

Large Bodies of Men are Searching But Without Success.

Halifax, Aug. 18.—Great excitement prevails in Stellarton over the fate of a two-year-old child of Rudolph Mueller, who was lost on Tuesday afternoon at Mount William, about two miles from Stellarton. Mayor Campbell, of Stellarton, had a large force of men on the search within one hour after he was notified of the case. The force was increased in the evening by the fire department, who continued the search all night, and to-day the coal miners, assisted by a large number of I. C. R. employees, are diligently searching the woods which surround the house where the child was last seen.

Mr. Mueller's mother left the child sleeping in the house while she and another woman went picking blueberries. When she returned she found the door open and pulled up to the door, as if he had it there to open the latch.

Mrs. Mueller says she was only four hundred yards from the house and could see the house door. She was on the alert to hear the child cry if he woke up. His right hand is sore and he is apparently searching the woods with his parents' aid. He cannot speak English. In spite of the heavy rain to-day large crowds are searching the woods, but as yet have found no trace of the lost boy. Heavy brushwood extends in nearly all directions from the house where the child was last seen.

ABANDONS TOUR.

General Booth's Eyes are Affected by Septic Poison.

London, Aug. 19.—General William Booth, of the Salvation Army, who started from London on July 14 for a religious tour of the provinces, has been compelled to return owing to trouble with his eyes. Mr. Higgins, the first surgeon-oculist at Guy's Hospital, stated in a bulletin issued to-day that the aged Salvationist's trouble was due to septic poison. The cause, it was said, had not been clearly ascertained, but probably it was motor dust.

General Booth was operated upon for cataract on Dec. 16 last, and recovered rapidly from the operation.

COMMENT AND GOSSIP

The entries for the bowling competition at the Royal Hamilton Yacht Club for the Commodore Lennox trophy will close to-morrow afternoon at 5 o'clock.

The date for the regatta of the Hamilton Rowing Club has been set for the 4th of September. Preparations are already under way to make this one of the biggest things of this kind ever held in local waters...

Jimmy Cosgrave, the famous little Argonaut single sculler, is expected to be here, and should be row, the spectators will be able to gaze on a sculler who in some days compete for the Diamond Bells at the English Heave.

Bobby Kerr arrived safely in Boston this morning, and will be in Hamilton either to-morrow night or on Saturday morning. Dr. Thompson received a telegram from Bobby this morning in which the plucky little sprinter said he was in the best of shape after his ocean voyage, and was anxious to get home.

The reception banquet will be held at the Grand House on Saturday night. It was at first proposed to hold the dinner at the Royal Hamilton Yacht Club, but as the accommodation there is limited to a hundred and fifty, or two hundred guests, at the most, the more spacious dining hall of the Grand was chosen.

Tickets for the banquet may be secured from any of the members of the different committees, and a big crowd is expected to take advantage of this chance to do Hamilton's champion sprinter the honor he deserves. Bobby is returning home under somewhat different conditions than last year, but nevertheless he has acquitted himself creditably in the old land, and his Hamilton admirers will think none the less of him because his unfortunate condition prevented him from winning the British championship this year.

Sailor Burke, evidently in ignorance of the law against prize fighting in New York, posted \$500 yesterday to go as a side bet that he could stop Willie Lewis in ten rounds. The Fairmont Club has agreed to arrange another bout for Burke if Lewis is willing, but the

Can Attached To Tim Hurst

Chicago, Aug. 19.—Tim Hurst is no longer an umpire on the American League staff. It was officially announced yesterday at the office of B. B. Johnson, president of the American League, that Hurst had been dropped from the list of umpires.

Hurst was recently suspended following an altercation with Collins, of the Philadelphia Club, in which Hurst is alleged to have spat in the player's face. Johnson investigated the charges, and his announcement yesterday followed.

Seventh race, \$400, 3-year-olds and up, 5/16 furlongs—Punky, 103 (Hammond), 10 to 1, 4 to 1, 2 to 1, 1; Tom Holland, 105 (Warren), 7 to 1, 3 to 1, 1.5 to 2; Cassowary, 100 (A. FOR THE AMATEURS. "It is too early yet," said Mr. Fred Skerrett, "to start doing out the prospects of the young football players, but the outlook at present is better than ever before."

One thing that greatly hampers the success of the Junior League is that the players will miss their own games to attend the big games. The youngsters are all eager to play, and this year that difficulty should be easily overcome.

The East End Y. M. C. A. will not likely have a team this year. A number of last year's players will graduate to faster company and likely play for the Aleria. They may, however, be able to scrape up a team for the series, but the outlook is not bright.

The Broadviews are in great demand. Since winning the city championship, teams never heard of before are after the "champs" scalp. One challenge after another has been fired at the Broadviews. Manager Sullivan, however, will give all these challenges careful consideration.

It is likely that the Broadviews will not be formed next year, if the present talk from the players can be depended upon. Ex-manager Beattie is going to retire, while the other players are going with the game. "Nix" Bothon is going to take a rest next year, and Sullivan will likely play in faster company, while Curtis is also due for a boost.

With the passing of the Broadviews one of the fastest and best balanced aggregations that has ever played amateur baseball retires. They walked away from the other teams last year, having only one defeat, and this season might have done the same, had they played to form. Many of the games were lost through the players getting "swelled heads" and refusing to practise. The players, however, may change their minds next year, if inducements can be offered, and for three times in succession win the championship.

The Times soft ball nine plays the Stanley Mills & Co. team this afternoon at 5 o'clock at the Victoria Park.

A large crowd was present last evening at the Woodland Park, when the postponed game between the American Can Company and the Emeralds was played, and it resulted in a victory for the canners by a score of 14-3.

In the soft ball league at Victoria Park last night, the Shamrocks were given the game, which was ordered to be played over with the Thistles. The Thistles, for some reason, did not show

"Unless the machine buggy blows up, that Pittsburg bunch is going to cop the National League flag all right," ventured Owney Thagan to half a dozen listeners. "The Pirate gang is going so fast right now you couldn't catch them with a Bleriot monoplane, whatever that is."

"I've often wondered why they call them the Pirates," said the artist, who is always wondering something. "It was because they used to wear black uniforms on the road, wasn't it?"

"No, you're wrong, my son," answered Owney, to whom all hands had turned at the interrogation. "It was because Pittsburg had a wise guy named Horace Phillips, as manager, that the name was hung upon the Smokey City bunch."

"Way back in 1888, when I was directing the destinies of the Cherry Pickers, Philadelphia had Louis Bierbauer playing second, and Bierbauer was about as fast as they made 'em. He had spent two seasons over in Canada, in the old International and Canadian Leagues, playing second for Hamilton, then a regular school for higher class leagues, and the Canadians had certainly brought him along in fine style."

How Fastest Base Stealer in American League Does it--Ty Cobb's Secret.

"How do you do it, Ty?" The question, addressed to Detroit's great outfielder, had to do with Cobb's marvelous base stealing.

The Georgian "peach" leads the American League in base pilfers for 1909, with more clean steals to his credit than any other two players.

Ty blushed scarlet. He's about the most modest man in baseball anyway. "Oh, I can't tell about that," he said. "Maybe it's because I try to get a good start. Maybe it's something else, just luck, for instance. Hughey knows. Here's Jennings now. Suppose you ask him."

"Oh, that isn't a very hard question," remarked the Tiger leader, when the question was put to him. "Ty not only gets a good start and is marvelously fast, but note this: "He is in full motion the moment he starts away."

"Now, there are a lot of fast men in baseball; men who run the bases like racehorses, but it takes them two or three strides to get their gait. "Cobb's different. When once he plunges down the line he's going at his top speed already. That saves him the fraction of a second that often saves his life."

"Then, too, Ty is a very hard man to touch out. He is a splendid slider and has a knack, all of his own, of throwing himself out of the reach of the man with the bat."

"Old-timers compare Bill Lange's base stealing with Ty Cobb's, but there is no had little trouble in winning. The Emeralds seemed to get downhearted after the third inning, and cared little for the result. For the winners Weller played the best game, while Hickey, behind the bat, was also good. Joe Wilson pitched one of his brilliant games, and Emeralds could do little with his twisters. The batteries: Wilson and Hickey; Alton and Murray, Umpire, Snider.

There will be two games played on the International Harvester Baseball League grounds on Saturday, the first game between the Tool and the Erecting departments. The second, the feature of the day, will be between the heavyweight foremen and the lightweight foremen.

The line-up for the heavyweights will be as follows: Burwash, Gernandt, Masterson, Linklater, Sullivan, Henry, Dods, Biggett, Case. Moon and Krinsky, reserves.

Lightweight Mathison 1b, Rooney cf, McKenzie cf, Green p, O'Brien c, Gleason 2b, McMullin ss, Duffy 3b, Muldoon rf, Armour and Munger, spares.

There will be three games played in this series. The second game will take place on Saturday, Aug. 28, at 4 p. m., and the final game on Saturday, Sept. 4, at 2 p. m. The league is drawing to a close, and it looks as if there will be a six-cornered tie for first place. At the beginning of the season it looked as though the Knife and Bar were to have a clean sweep, but when they played the pencil pushers they went down to defeat. None of the other teams have been able to repeat the trick, but the Wood room is confident that they will beat the Knife and Bar. Last Saturday's game between the Tool room and the Office resulted in a sweeping victory for the Office men.

The American Association and the National League had an agreement in those days, by which the clubs could not reserve more than fifteen players at the close of the season. The management of the Athletics wanted to reserve sixteen men, but under the agreement could not do so. The only way open was to reserve fifteen men and leave one name off the list and take a chance.

"So the name of Bierbauer was omitted when the reserve list was sent in, with a prayer that the managers would not wise up to the omission. "Everything would have been all right but for Manager Phillips, who made Trip down to Washington to see Nick Ljung and get a peek at the official list. When he saw the original, with Bierbauer's name missing, he hopped the rattle and landed in Erie, Pa., where he made such a tempting offer that Bierbauer signed."

"The procedure was legal and legitimate, but it raised hob in baseball circles. The Pittsburg club was within its rights, and Bierbauer remained there for years, playing grand in the old newspapers took up the cry that the team had been robbed, and one writer termed the kidnapping a case of base-ball piracy, whereat the Pittsburg team was promptly named "Pirates," and the term has stuck."

TORONTO TOOK TWO GAMES FROM MONTREAL, Hitting Five Pitchers for a Total of 30 Wallops ---Leafs New in Fourth Place.

HE WORM TURNED. It always does. Toronto was the worm, and now Joe Kelley's heart is glad. "Kel" is not the least bit more vindictive than the next person, but an awful afternoon he and his merry men spent in ye ball park of the Royals was not to be forgotten. It was not that Casey's hand took advantage of the fact that they were in their own back yard to treat their guests disrespectfully. That's all in a day's work. But the way the Montrealers rubbed it in was grievously wounding to Joseph's pride.

The seventh of June was the day, the score seventeen to two. Moreover, it was a broiling hot little afternoon and the fun all on one side--the Royals. Kelley had hopes. The lane was long, the way wearisome. It looked as if the opportunity for sweet, saccharine revenge would never swing itself over the horizon. But come it did. The club's hoodoo was out of the city yesterday on a little business jaunt of his own, and carefully stowed away in his inside vest pocket was the now famous Indian sign, thoughtlessly left behind by Manager James Casey, Esq., when he vacated for his home a couple of days ago. The result was magical. The greatest carnival of crime since the middle ages would not figure in the same vicinity with the batting streak uncovered by the Kelleyites in the wee sma' hours of the afternoon. Revenge! Well a little. If politics was not a live issue before the first game started you could gamble all you had at its conclusion that every member of Kelley's band was a red-hot Democrat. The vengeful Leafs just made the score board chalk marks jibe with the old slogan of one William Jennings Bryan, and then stopped. Sixteen runs, eighteen hits, two four-baggers and five doubles, and the Leafs were out of the game. The score of three pitchers, Keefe, Smith and Adams, a veritable deluge of bingles and tallies in the first two spasms and the rest needs but little guessing. The second game was a repetition of the first, but in a minor key. This engagement of the locals just won comfortably, with six to four in the early passages was what accomplished the completing of the Caseyites' downfall. Scores: Montreal 1 9 3 Toronto 16 18 1 Second game— R. H. E. Montreal 6 12 2 Toronto 6 12 2

AT ROCHESTER. Rochester, Aug. 19.—Rochester won another double-header from Buffalo yesterday. Barger was too much for the visitor in the first game in the league. Buffalo knocked out Finlayson and Snyder. The home runs of Simmons and Pattee came with men on bases. Scores: R. H. E. Buffalo 1 6 4 Rochester 6 11 1 Second game— R. H. E. Buffalo 7 8 1 Rochester 8 9 5

AT PROVIDENCE. Providence, Aug. 19.—An open break was the best that Providence could do with McGinnity's men yesterday. The Grays took the first game by 6 to 2, and Newark the second, 2 to 0. In the first game Providence came to bat in the last of the seventh and literally tore Brady to pieces. In the second game the Grays were unable to find McGinnity, while Newark bunched hits on Vender. Scores: R. H. E. Providence 6 9 1 Newark 2 9 1 Second game— R. H. E. Newark 2 5 3 Providence 0 8 0

YACHTING

Marblehead, Mass., Aug. 19.—The elimination of the special committee of the Eastern Yacht Club last night reduced to six the number of contenders for places in the trio of defenders of the President Taft and Governor Draper Cups against the Green challengers. The boats are the Wolf, Ellen, Joyette, Manchester III, Skeezix and Croener.

Hamilton, Aug. 18, 1909. To the Editor of the Times: Sir,—Referring to the international motor boat race held under the auspices of the Royal Hamilton Yacht Club on Saturday last, we find that a number of sporting editors of the daily papers are not familiar with the handicapping rules, with the result that they have, in some cases, criticised the handicapper on account of the great distance between the boats at the finish.

The handicapping was done under what is known as the Detroit rule, adopted by the Interlake Yachting Association, and under which all of the big races on the American side are run. The Detroit rule was gotten up for the purpose of encouraging the building of boats of the very best design. The scheme of the builder is to so design his boat that she will not have a rated or measured speed equal to her actual performance. The boat that every one expects would win, the Arab III, only actually ran 6 per cent. faster than her rated speed, whereas the winner, the Expense, ran 18 1/2 per cent. faster than her rating.

Heretofore the handicapping was taken from the actual performance of the boats over a trial course; this results in a very pretty grand stand display at the finish, but it lends no encouragement to better designing whatever. Under this method the worst tub on the bay might defeat the excellently designed Expense or the Mavis, providing the tub ran exactly to her record and the other boats did not quite equal their records. This, of course, makes a close finish, which pleases the people, but we yachtsmen have an eye to the betterment of motor-boating, hence the adoption of some fixed rule, preferably the Detroit, since it is under this rule that our visiting American boats are designed to race, the good racers refusing to race under the trial course method.

The cruising races scheduled for Saturday, Aug. 21, will be sailed to Oakville. The start will be from the city club house, west to east, and the finish opposite to and within 200 feet of the east pier at Oakville. The first boat in will take her own time as well as the times of the other boats in both classes. The guns will be fired as follows: Time gun, 2 p. m.; preparatory gun for class B, 2.25 p. m.; starting gun for class B, 2.30 p. m.; starting gun for class A, 2.35 p. m. The starting gun for class A will be the preparatory gun for class A.

TORONTO TOOK TWO GAMES FROM MONTREAL, Hitting Five Pitchers for a Total of 30 Wallops ---Leafs New in Fourth Place.

stung the Oriols twice yesterday, and not only stung them, but whitewashed them. Both contests were close and mainly due to the twirlers. Scores: By innings: Baltimore 000,000,000-0 Jersey City 000,000,001-1 IN THE AMERICAN.

Second game— R. H. E. Jersey City 1 7 0 Baltimore 0 2 4 At New York—The Bostonians made their record of consecutive victories eleven yesterday, by twice defeating New York, 2 to 0 and 6 to 3. Niles, a New York cast-off, batted in two of Boston's runs and scored the other in the first.

In the second New York had a lead up to the seventh, when, after Chesbro had passed Speaker and Gessler had gone out, Wagner, Stahl and McConnell made long hits, three runs resulting. The fourth run of this inning was due to a brilliant bit of base running by McConnell, who scored from second on Carigan's infield out. The scores: First game— R. H. E. Boston 3 7 0 New York 0 3 2 Second game— R. H. E. Boston 6 9 2 New York 3 5 0

At Cleveland—Cleveland took two more games from St. Louis yesterday, 3 to 0 and 3 to 2. Cleveland bunched the score in the second inning of the second game and scored off Peity, although St. Louis outbatted them during the remainder of the game.

Napoleon Lajoie, who resigned as manager of the team last night, was given an ovation each time he appeared at bat. He directed the team yesterday, as his successor has not been appointed. Scores: First game— R. H. E. Cleveland 3 6 0 St. Louis 0 6 4 Second game— R. H. E. Cleveland 3 7 0 St. Louis 2 9 2

At Washington—Pianu outpitched Groomer in the game between Philadelphia and Washington Clubs, the former winning 2 to 1. Plank weakened in the final round, but pulled himself together in time to strike out McBride with one run in and two men on base. Score: Washington R. H. E. Philadelphia 1 8 0

At Detroit—Outside of Cobb no Detroit player could solve Walsh, and the champions were shut out. An error by Mullin after Altizer's hit gave him a bad start and cost one run directly and another indirectly. Chicago outfielded Detroit, though five of the latter's errors cost nothing. Dougherty's double drove in the two Chicago tallies. Score: Detroit R. H. E. Chicago 0 3 0

IN THE NATIONAL. At Chicago—Chicago won in the ninth inning on Ewing's wildness and a wild throw. With two out, Ewing made a very low pitch, on which Shockard scored. Cincinnati had a man on third, with only one out, in two innings, and again had the bases filled, with one out. Score: Chicago R. H. E. Cincinnati 0 6 2

At Philadelphia—New York led the ball hand in both games, winning the first by the overwhelming score of 14 to 1, and also winning the second by bunting his off McQuillen's delivery after the home team had taken the lead in the second inning. The scores: First game— R. H. E. Philadelphia 1 8 1 New York 14 7 1 Second game— R. H. E. Philadelphia 4 8 3 New York 5 11 1

At Pittsburg: First game— R. H. E. Pittsburg 6 10 0 St. Louis 3 1 1 Second game— R. H. E. Pittsburg 2 2 0 St. Louis 4 4 0

AT ROCHESTER. Rochester, Aug. 19.—Rochester won another double-header from Buffalo yesterday. Barger was too much for the visitor in the first game in the league. Buffalo knocked out Finlayson and Snyder. The home runs of Simmons and Pattee came with men on bases. Scores: R. H. E. Buffalo 1 6 4 Rochester 6 11 1 Second game— R. H. E. LACROSSE

A full practice of the Tiger Lacrosse team will be held to-night at Victoria Park, in preparation for the game with the Elms, of Toronto, on Saturday, here. This will be one of the hottest contested games in the juvenile district. The Elms are a team of good stick handlers, and if anything, they have the weight on the Tigers. This game will give the supporters of the national game here a line on the chances of the Tigers in the finals of the C. L. A. In every game the Tigers have shown improvement in stick handling. They are playing better lacrosse and good team work, the latter is what wins games.

Old-Fashioned Picnic Held at St. Kitts.

St. Catharines, Aug. 19.—The first annual picnic of the Martin Amateur Association was held at Montebello Park yesterday afternoon and attended by practically the whole of St. Catharines, Merriton, Thorold, and Port Dalhousie, the number present being estimated at almost ten thousand. The five mile junior road race was won by Stuart Allan, Lincoln Lacrosse Club, in 27:40 3/4; Alex. Edmondstone, Y.M.C.A., second; Harry Edmondstone, Y.M.C.A., third.

The two and one-half mile race went to Charles W. Hawk, Y.M.C.A., 13:54 2/5; Pat Carter, Lyceum Club, second;

THOUSANDS VISIT COBOURG'S SHOW.

Second Day Passes Off With Great Success.

Cobourg, Ont., Aug. 19.—Thousands of people were upon the grounds yesterday afternoon to view the many interesting events of the Cobourg Summer Horse Show, which passed off most successfully. The officers and directors are being heartily congratulated upon the splendid show. Hunters and jumpers, tandem carriage and roadster awards were among the most interesting events. Judging was continued until 4.45 this evening and the crowds remained regardless of all else excepting exciting results. The Covert Cup, given by Robert F. Massie for best roadster foaled in the United Counties of Northumberland and Durham, was won by W. L. Thompson, Port Hope. The Henderson Cup, presented by the ladies of Louisville, Ky., in honor of Miss Margaret Henderson, who was instrumental in organizing Cobourg's first summer horse show, went to Mrs. Dorland Smith, W. J. Crossen, Cobourg, second. The award in roadsters, 15.2 and under, went to Miss K. L. Wilks; 2nd, W. L. Thompson.

Other awards were: Saddle race over 14.1, suitable for a lady to ride and ridden by a lady—1st, Miss Wilmot, Belleville; 2nd, Mrs. A. K. Oliver, Cobourg; 3rd, Mrs. W. H. Shoemaker.

High stepper, over 15 hands, 9 entries—1st, Black Princess, Miss K. L. Wilks; 2nd, Crow & Murray; 3rd, Autocrat, W. Marshall, Kingston.

Hunters and jumpers, up to 180 lbs.—1st, Confidence; 2nd, Ironside, Crow & Murray; 3rd, Sportsman, Clifford Sifton.

Amateur tandem—1st, Miss Wilks; 2nd, Hon. J. R. Stratton; 3rd, W. Marshall, Kingston. There was considerable excitement over the race for the gold cup given by Mrs. Dorland Smith, open to all jumpers, one and a half mile course over jumps. The horses entered were all from Toronto, excepting Water Bridge, T. J. McCabe, Toronto, won the cup, Davies' Nora Norman finished second, Frank Proctor's Norseman third, Candy Kid, John Rogers, was fourth, and Venture, owned by David Dick, of Cobourg, fifth.

In the County Council event, a cash prize of \$100 for the best agricultural team in each county, the first award in Northumberland went to D. H. Taylor, Centreton, James Foster, Wicklow, second. In Durham, C. J. Lewis, Charlotte, was first, Leonard Smith, Millbrook, second. W. H. Taylor also won a special farm wagon for the best agricultural team.

High jumping pony—1st, Flora Melville, Davies, Toronto; 2nd, Black Silk, Charles Wilmot, Belleville; 3rd, Queen Algar, D. Huycke, Cobourg.

Cob class—1st, Robin Hood, Crow & Murray; 2nd, The Gem, Mrs. Dorland Smith, Cobourg; 3rd, Waverly, Hon. Robt. Beth.

BOWLING

The finals in the Walker trophy, the chief event of the Dominion Bowling Association's tournament at Toronto, will be played this afternoon at 3 o'clock between J. S. Willison (Canada) and T. Rennie (Granites). In the unfinished trophy game, which was stopped on account of darkness in the twelfth end Tuesday evening with the score a tie at 11 points, Tom Rennie defeated R. S. Argies by 15 to 11.

In the semi-finals J. S. Willison (Canada) beat J. Anthony (Parkdale), 21 to 9, and T. Rennie (Granites), defeated W. Cole (Mitchell), 21 to 17. Many games were played in the Ontario Cup and Toronto Trophy, play being stopped for the day in the fifth round of the first named competition and in the fourth round of the second to allow Scotch doubles and singles to be played.

HAMILTON DRIVING CLUB MATINEE

A large crowd turned out yesterday afternoon for the weekly racing matinee of the Hamilton Driving Club, at Maple Leaf Park, and some good sport was provided. Racing was done in classes B, C and D, and good time was made in all the events. A. Turner's Johnnie A. and Vera B. were winners of the class B and class C races, respectively. Bowlers' Dolly captured the class D award, coming fourth in the first heat and first in the two succeeding ones. The results: Class B—Johnnie A. A. Turner 1 1 1 Miss Phil Spriggs, Smith Bros. 2 2 2 Dimity, D. S. Gillies 2 2 3 Time—1:08 1-2, 1:09 1-2, 1:10.

Class C—Vera B. A. Turner 4 1 1 John R. R. Simpson 1 2 3 Billy H. E. Haley 2 3 4 Dr. Brown, Mr. Patterson 3 4 2 Wilkesbar 3 5 3 Time—1:12 1-2, 1:12, 1:12.

Bob Phinn Will Run on Labor Day.

Bob Phinn's victory at Ingersoll on Tuesday makes him the man who will be hard to beat in the ten mile race on Labor Day, and he will be one of the favorites for the event. Claude Pearce, who gave him such a hard race the other day, will likely come here to have another chance at him, as Pearce is a runner of the type who are always looking for revenge. He ran second to Eddie Coffey in the race here last Labor Day after being absolutely last at the five mile mark. Many of the best runners in the province will be here, as there have been applications for entry blanks from all parts, and it will likely

be the greatest ten mile race ever held here.

The open events to be held at Britannia Park at night are also creating great interest. On account of every event being a handicap, every athletic has a chance to gather in some of the prizes, which are the best offered here in a long time. Entry blanks can be obtained from Billy Carroll or from Charles J. Webber, 155 John street north, 155 1-2 last night.

W. O. Sealey Denotes a Cup.

Mr. W. O. Sealey, M.P., will donate a 1909 Sealey cup, valued at \$10, for a three mile foot race at the South Wentworth agricultural fair this fall. All county residents will be eligible. Mr. Sealey's idea in giving the prize is to encourage speed and athletic skill among farm boys and country residents.

SCRAPS OF SPORT

Young Willoughby, the Buffalo lightweight wrestler, is matched to meet an unknown farmer boy wrestler of Delaware. The latter has a big following of backers to bet their man defeats the Buffalo wrestler. The match to be best two out of three falls to a finish. The men will wrestle in the near future. The men are to weigh 133 pounds, mat-side.

Saratoga, Aug. 19.—Abe Attell, the featherweight champion, and Harry Stone, of New York, fought ten rounds to a draw last night before the Saratoga Athletic Club. Until the last two rounds, when Stone carried the fight to the champion from bell to bell, it was a tame and featureless exhibition. Two thousand racing men, owners and trainers, witnessed the bout.

Telegraphic Sport.

Memphis, Tenn., Aug. 19.—Mark M. Finn, manager in the American Association, and at present manager of the Little Rock Southern League club, has been tendered the Presidency of the Southern Atlantic League by the action of the franchise holders, who have planned to obtain the co-operation of the Virginia and the Carolina Leagues to elect Finn to head all three organizations.

Woodland, Cal., Aug. 19.—The world's record for three-year-old colts of the 220 class was equalled by Jim Logan at the meeting of the California Breeders' Association yesterday. The horse, driven by his owner, E. J. Montgomery, covered the distance in 2:05 1-2, the three-year-old time set by Klatwah at Louisville, Ky., eleven years ago.

The first quarter was covered in 33; the half in 1:04, and the three-quarters in 1:34.

AD TELE SPORT

Indianapolis, Ind., Aug. 19.—The \$400,000 Indianapolis speedway was formally opened today with five automobile races, a 25 mile driving ending the day's sport. The big grand stand was comfortably filled with automobile enthusiasts from all parts of the country, while hundreds of automobiles were massed in the immense parking space just a little way from the finish line down the stretch. It was here the real contests were expected, as the mile straightaway offered many temptations for tremendous speed. Experts predict that the records for practically all the standard distances will be broken before the first quarter of the dizzy dashes around the big track are finished.

Akron, Ohio, Aug. 19.—A deal was closed today whereby Richard Carroll, pitcher on the local team of the Ohio and Pennsylvania Baseball League, will join the New York Americans on September 1. It is said \$2,500 was paid for Carroll's release.

POSSIBLE AT LONG BRANCH.

Corp. John Freeborn Made it in MacKenzie Match.

Dundas Cadets Won Pellatt Challenge Cup Permanently.

Local Men Figured Well in All the Matches.

Long Branch Rifle Ranges, Aug. 19.—Yesterday's scores at the fortieth annual matches of the Ontario Rifle Association, at the Long Branch Rifle Ranges, were not only much better than those of the day before, but in one match—the Macdonald—they equalled those of last year, when some very good shooting was done. But one unpleasant incident marred the day's shooting. This was in the contest for the School Cadets' team prize. Harbord Collegiate and Dundas High School were the two teams which had about an equal chance at winning the prize. At the finish of the shooting Dundas was one point ahead of the Harbord boys. Principal E. W. Hargarty, of Harbord, protested. He said that Cadet-Sergt. C. S. Thornton, of Dundas High School, had no right to change his rifle after he had fired several shots at the target. The executive considered the matter. There is no rule in the O. R. A. regulations not permitting a competitor to change his rifle in a match, and so the committee disallowed the protest. Dundas got the Pellatt Challenge Trophy, value \$120, which was donated by Sir H. M. Pellatt, and as it is the third time this team has won the cup, it is their absolute property. The scores in this match were not made up, as it was too late when the protest claim was decided. The best scores of the day were made in the MacKenzie match, a match at 800 yards, proof, with seven rounds at the target, and open to the active militia of Canada. His Majesty's army and navy officers of the active force who have retired retaining rank, certified N. C. O.s, men of nine years' standing and qualified school cadets. Five men—Corp. They divided the first five prizes, totalling \$62, and received \$12.40 each. Magazines were barred in the Macdonald match in the afternoon. Pte. F. Bibby, of the 77th Regiment, and Pte. W. F. Patterson, also of the 77th, scored possible and divided the first and second prizes of \$15 and \$10 respectively.

TWO KILLED.

Boiler of Locomotive of Pere Marquette Engine Explodes. Engineer and Fireman Dead—Wrecking Train Sent.

Detroit, Mich., Aug. 19.—Engineer William Bradley and Fireman Fred L. Graves were killed about midnight, when the boiler of a westbound Pere Marquette passenger train locomotive exploded two miles east of Grande Ledge, wrecking the train. The coach was overturned and one of the sleeping cars was derailed, but no passengers were injured. Automobiles were sent from Lansing carrying physicians to the aid of the injured, a wrecking train was despatched from Grand Rapids and another train, carrying officials of the road, was sent to the scene of the wreck from Detroit. The wrecked train was made up of a baggage car, coach and two sleepers. Word reaching the railroad offices here indicates that the last sleeper was not badly damaged. The locomotive, baggage car and coach stood the brunt of the shock, and on an ordinary night few passengers are carried in the coach of this train.

ST. PETERS.

Successful Garden Social at Home of Mrs. Dudley.

The garden party which was held last night at the home of Mrs. Dudley, for the purpose of raising money to lower the mortgage debt of St. Peter's Church, was a delightful affair and about \$25 was realized. Music was provided by Walling's orchestra and members of the 91st Band. All the booths were well patronized. One of the most amusing things was the fishing booth, and some of those present proved their ability as anglers. The booths and those in charge were: Candy, Mrs. Zimmerman, Mrs. Hancock, Mrs. Taylor and Mrs. Wadling; ice cream, Mrs. Davis, Miss Dudley and Miss Peatfield; lemonade, Mrs. Leighton and Mrs. Budgeon; fishing, Mrs. Pitts. A good time was spent by all.

MOUNTAIN THEATRE.

The Summers Stock Company continues pleasing large crowds at Mountain Theatre. The Great Divide apparently is giving the best satisfaction of any play yet produced by this popular company. The offering for next week will be "A Bachelor's Romance," a comedy in four acts, that is said to be an exceptionally fine bill, and will, no doubt, be well received by the patrons of this favorite resort.

MARKETS AND FINANCE

Thursday, Aug. 19.—On account of the growers' picnic yesterday, not many of the farmers put in an appearance at Central Market this morning and, as not much produce was offered, the prices remained firm. Plums are coming a little faster and were somewhat easier this morning. Peas were offered for the first time, but the quality was not very good and the price realized was 30 cents a basket. Tomatoes took another drop this morning, and sold for the low figure of 10 cents a basket. Meats were not quite so firm. The standard prices at 8 a. m. were:

AUTHOR OF OWN DEATH.

Lieutenant Sutton of the Marine Corps Shot Himself. No Attempt to Say Whether it Was Suicide or Accident.

Washington, D. C., Aug. 18.—That Lieutenant James N. Sutton, of the Marine Corps, came to his death by his own hand, either intentionally or while trying to kill another, is the decision

reached by the court of inquiry which for several weeks has been investigating charges made by the dead officer's mother that her son did not commit suicide, but was killed while fighting with a number of his brother officers.

Regarding the charges made by Mrs. Sutton that it was a case of willful murder and conspiracy to conceal, the court finds that they were "purely imaginary and unsupported by even a shadow of evidence, truth or reason."

The state of discipline existing at the Marine School of Application, prior to and at the time of the Sutton affair, is severely criticised by Commander John Hood, President of the court, in a minority report.

Henry E. Davis, attorney for Mrs. Sutton, said this afternoon that this investigation had been merely a curtain-raiser for what is to come, it contemplates further action on behalf of his clients, but just what he plans to do he will not say.

It is understood that the Suttons will endeavor to get a Congressional investigation. A letter as from the Navy Department is concerned, there is nothing more to be done. The court, while declaring that certain officers failed in their duty, recommended that no further action be taken in the matter, and this recommendation will be followed, as far as the young officers directly involved are concerned.

Mrs. Rosa B. Sutton and Mrs. Rosa Sutton Parker, mother and sister of the dead lieutenant, respectively, are in Washington. They will not discuss the investigation, further than to say they are much surprised.

THE COURT'S REPORT. In the beginning of its report the court says: "After due consideration of the testimony, in the taking of which the widest latitude was allowed to all parties concerned, with the object of bringing out every possible bit of testimony, of fact, that in any way might bear on the subject matter under inquiry; and after carefully weighing all the evidence, which, as might be expected after the lapse of time and in view of the excitement under which the principal witnesses were laboring at the time of the occurrence of the matter under inquiry, is peculiarly mixed and contradictory in details, the court finds certain facts standing out clearly, distinctly, and beyond dispute or cavil and does so report. Accordingly, at 2.30 p. m. the judge advocate was called before the court and directed to record, viz: "Facts—

"First—That a quarrel took place in which filthy language, unbecoming an officer and a gentleman, was used by Second Lieutenant Sutton toward Second Lieutenant Adams in the presence of his senior, Lieutenant Utley, about

1 a. m., the thirteenth of October, 1902; that Lieutenants Utley and Osterman intervened and prevented a fight. "Second—That because of this interference a fight took place immediately afterwards between Lieutenants Osterman and Sutton, in which Lieutenant Sutton was the aggressor, calling Osterman a vile name, and striking Osterman a blow from behind. "Third—That Lieutenant Sutton was then ordered under arrest by his superior officer, Lieutenant Utley, failed to obey such order, ran away to his (Sutton's) tent, threatening to shoot all present, and armed himself with two 38-calibre revolvers, one a Smith & Wesson commercial and one a service Colt. "Fourth—That Lieutenant Sutton, having possessed himself of two revolvers, ran amuck, threatening all who came in sight, after first defying his senior officer, Lieutenant Utley, and the officer of the guard, Lieutenant Bevan, who had also ordered him under arrest. "Fifth, that after being tried by a court-martial, Lieutenant Sutton was ordered to be confined in the barracks, and came on him in the road leading from the barracks to the naval academy grounds, near the scene of the previous fight, and Lieutenant Utley and Sergeant De Hart tried to persuade him (Sutton) to disarm. "Sixth—That Lieutenant Sutton broke away on hearing persons approaching from the direction of the barracks, and ran in that direction and while being chased by Lieutenants Utley and Roelker, met Lieutenant Adams and opened fire in the general scrimmage that followed, shot Roelker in the breast and Adams in the hand, and when finally overpowered and thrown to the ground by Adams, was killed by a revolver shot, from a service Colt revolver, held in his own right hand, and fired by himself, without the intervention of any other hand." The court also finds: That Lieutenant Utley failed in his duty as senior officer present in permitting Lieutenant Sutton to run away and arm himself. That Lieutenant Bevan failed in his duty as officer of the guard in not disarming Lieutenant Sutton by force while in front of Sutton's tent. That Lieutenant Willing failed in his duty as officer of the day in not immediately assisting by force in helping to disarm Lieutenant Sutton who had fired a shot from the scene before the fatal shot was fired. The court recommends, however, that in view of the youth and decided inexperience of Lieutenants Utley, Willing and Bevan at the time, and of the altogether unusual conditions of excitement that prevailed during the aforementioned fray, that no further proceedings be taken.

When a man is ordered it doesn't necessarily prove that he is square.
