

achment from Ontario, came in view. There are over a hundred of them, with ox-carts, horses, guns and all the equipment necessary for a prairie campaign. The musical sound is from the ox-carts, and may be of some service to frighten the mosquitoes and enliven the monotony of travel. These ox-carts are all made of wood, fastened with pins and straps of rawhide, and are certainly a wonderful work of man—just the thing for a new country where iron is scarce.

We got into Fort Garry on Saturday night at nine o'clock, after 63 hours continuous ride; and if any one wishes to get thoroughly tired out and used up, I would advise a stage ride from Fort Garry to Moorhead when the prairie is wet. The stage passes along the main street, and its arrival being the event of the day, a good many crowd around the "Davis Hotel" to see the fresh arrivals, and hear the news from Ontario.

Other matters I intended touching on I shall have to leave over for another time, as I am afraid I have trespassed too much on your space and on the indulgence of your readers.

A WELLINGTONIAN.

WEDNESDAY EVEN'G, JULY 15, 1874

The Provincial Farm.

A short time ago we stated that matters at the Provincial Farm were in an unsatisfactory condition, and in order to arrive at the root of the trouble, we suggested that the Government should institute an inquiry into the cause of it. This was done, and a Committee, comprising the Hon. Christie and McKellar, Prof. Messrs. McLellan, and Mr. Jas. Laidlaw, Warden of the County, was appointed, who proceeded to make a full and searching inquiry into all matters connected with the indoor and outdoor management of the Institution. As serious dissatisfaction had arisen between the Principal and the heads of the different departments, and much bad feeling had in consequence sprung up, the Committee decided to hear and take down the Principal's statement first, and then to take the evidence of the heads of departments and of the pupils. This statement and evidence—a copy of which is now in our possession—were carefully reported, and at the close of their long and patient investigation, the Committee submitted them to the Government. The consequence was that the Government requested the Principal to hand in his resignation, which has been done.

It is unnecessary to go into all the unpleasant details connected with the management of this Institution for the past few months, and which have led to this unpleasant result. These are pretty well known by many in Guelph and vicinity, and to not a few throughout the Province. But it is due to our readers and to the public—and it is but justice to the Government—to say that after a full and fair trial, the unanimous conclusion has been come to by the Government and the Committee of inquiry, as well as by all who know the facts and who have interested themselves in the matter, that the Principal has failed in coming up to the expectations formed of him; that he is wanting in the knowledge of practical agriculture; and that he lacks the capacity for managing those employed under him, and governing the pupils committed to his charge. The Committee found that all the heads of departments were doing their work well and efficiently, but they also found that there was a total lack of harmony and unity of action between them and the Principal, which one and all ascribed to his overbearing and tyrannical manner—much so that they threatened to resign unless some change was made. They found, moreover, that there was almost entire want of confidence and respect on the part of the pupils towards their teacher, which bred dissatisfaction and culminated in almost open rupture and rebellion.

The Government fully realized the gravity of the situation, but mainly on account of the Principal they were loth to resort to summary measures, and entertained the hope that after the inquiry made by the Committee the relations between him and the employees and pupils would be of a more harmonious character. This hope, however, was not realized, and in the interests of the Institution they were forced to take the step referred to—a step which we have no hesitation in saying will be heartily endorsed by more than nine-tenths of the people of this country—Conservatives as well as Reformers—who know anything about matters which have transpired at the Institution for the past few months.

We believe the Government have not yet decided on Prof. McCandless's successor, but profiting by their past experience, we should think they ought to be very careful in fully inquiring into, and being thoroughly satisfied with, the qualifications of the person who will succeed him as Principal. We are aware that they had good reason to believe from documentary and other testimony, that the late Principal would come up to expectations, and if they have been disappointed, it is not their fault, nor was it for lack of inquiry, or desire to secure the services of one who would do credit to the Institution and the Province. Many difficulties of an unforeseen and perplexing character have arisen in connection with the Farm, but we have good hopes that it has now seen the last of these, and we are sure that it is the earnest wish of the Government to see it prosper, and become what it ought to be, an efficient training school for our young farmers, and the Model Farm of the Province.

are for merchants' brands and one for chopping. J. K. Barrett & Co. purchased the mills some eighteen months ago, and are doing a large business in both merchant and custom flouring. Mr. Martin Fahy, brother to Mr. James Fahy, of your town, is head miller. He is a first class workman, and is courteous and obliging.

The next is the tannery, a stone building, owned by Mr. Peter Minnie. He has some very fine leather in process of tanning. Last year he took ten prizes for tanned leather, most of them being first prizes.

There is a very comfortable hotel here, kept by Mr. P. Kirivan, where good accommodation can be had. James Elgie is the resident stone mason.

Mr. Geo. Robin, of Guelph, and Mr. J. M. Fraser, of Elora, are going into the business of the flour mill. This branch of industry has been neglected for some time, but it is expected that the present proprietors will push the business. There has been quite a large quantity of flax sown this season, which promises to be a good crop.

Mr. J. K. Barrett is erecting a fine two story stone residence, which will set the place off well, as he intends to have it finished in grand style. In the suburbs, between Aboyno and Elora, Mr. Alexander Haig, who is a professional florist, has a fine plot of land containing eleven acres, which lies finely in the sun. He has erected a fine comfortable dwelling house, as well as a green-house, which at this season of the year is well stocked with many a rare flower. His stock of fuschias is very fine, his large plants being in full flower, as well as the smaller ones. In general, he has also a fine stock, having several double varieties in his collection, also some of the best samples. The garden is also well stocked with bedding plants of every kind, such as geraniums, verbenas and very fine asters, &c. It is Mr. Haig's intention to have a nursery of select fruit trees. He has quite a supply already, and others are coming on. His strawberries looked well and were fine flavored, and I believe he sold a large quantity this season.

Presentation at Hespeler.

On Friday evening, after their return from the Brigade Camp, the members of the Hespeler Volunteer Company presented Capt. J. P. Phin with two valuable pieces of silver ware, and Lieutenant J. Huber with a meerschaum pipe. The presentation was made in Baker's Hall, in the presence of the whole company, by Sergts. Jackson, Evans and Brydon, Corporal Jardine extemporising an address, saying that the officers of the Hespeler Company had not only done their duty as Captain and Lieutenant, but as men to man had shown a kindness and consideration for the welfare of their men so often neglected by the officers of volunteer companies, who for a few days in the year find themselves elevated to a position of absolute control. Capt. J. P. Phin responded appropriately, and complimented the company on their good conduct and efficiency while in camp. Lieutenant Huber also replied in suit-words. After giving three cheers for the officers and three for the Queen the volunteers went to their homes.

Special Notices.

IT IS NOT WHAT YOU EAT BUT what you digest that makes you strong. Unless the food taken is perfectly dissolved, assimilated and converted into pure blood, general nervous and physical prostration inevitably result; the whole system is impoverished; degeneration of the organs and tissues follows, and if there be hereditary predisposition to scrofula or consumption it will surely be developed and the constitution gradually broken down. The foundation of good health and a sound mind is a vigorous stomach and perfect nutrition. Dr. Wheeler's Compound Elixir of Phosphates and Calcium is Nature's own remedy for derangements of the digestive organs, purely physiological, harmless, and positively certain to restore nervous and muscular force. jdwim

BEARINE

For the Hair!

Prepared from the pure grease of The Canada Bear.

It produces a luxuriant growth. It beautifies and strengthens the hair. It makes the hair soft and pliant. It imparts to the hair a rich glossy finish. It is perfectly harmless—not sticky or unclean. It stimulates the roots of the hair. It enlivens brassy and weak hair. It prolongs vitality.

IMPORTANT SALE OF PIANOS

The Committee appointed to dispose of the Pianos at the Manufactory of **JOSEPH F. RAINER,** WEST MARKET SQUARE, GUELPH, Will offer them at a considerable reduction on cost on reasonable **TERMS OF CREDIT**

The stock consists of about **40** First-class Instruments!

Similar to those shown at the last Central Exhibition, and for which he was awarded the first prize.

They are equal in compass of tone, finish and durability to the best instruments of any of the celebrated manufacturers, and as such an opportunity seldom occurs, parties in want of pianos would do well to avail themselves of it.

Am inspection invited.

A competent person will be on the premises, near Mr. John Harris's, who will show the instruments.

PRESTON Mineral Baths

—AND—
Artesian Springs.

These celebrated Mineral Baths are now open to the public. Hot, cold, and shower baths, together with all conveniences, accommodation, and amusement usually found at such places, such as billiard parlor, croquet ground, apparatus for giving combined exercises and amusement; also facilities for fishing.

The above baths are in connection with the North American Hotel, and now under the management of an American gentleman of experience in the business, and the public may rest assured that he understands catering for them in every respect.

The proprietor has also built a race course which may be used as a driving park. A fine view in connection. An omnibus and from all trains.
