REBEL ARMY TO MAKE AN ATTACK ON FORTRESS

Thousand Men Left Juarez Yesterday to Lay Siege to Chihuahua, While Main Body Under Gen. Villa Will Entrain Today—Early Conflict Expected.

EL PASO, Tex., Nov. 28.—(Can. Press.)—The movement of General Francisco Villa's troops to the south to attack the federal stronghold at Chihuahua was begun today, when nearly 1000 men under General Rosales departed from Juarez. They accompanied a work train used to repair the railroad line which was destroyed in places below Juarez by the federalists when they retreated southward after the Tierra Blanca battle.

Another troop train is being loaded at Juarez tonight and will probably leave for the south tomorrow morning. General Villa leaves with the remainder of his troops, going toward Chihuahua.

Rebel leaders believe they will have a fight with the federalists at Villa Ahumada, eighty-three miles south of Juarez, as the federal troops defeated at Tierra Blanca are massed there.

DISORDERS IN CAPITAL.

MEXICO CITY, Nov. 28.—(Can. Press.)—What was at first supposed to be a street battle between the police and three robbers occurred at an early hour this morning in the centre of the city. About fifty shots were fired and one of the robbers was killed. A policeman was shot in the head.

GIRL AGED THIRTEEN FACES MURDER CHARGE

Kathleen Oika Appeared at Assizes in Prince Albert.

PRINCE ALBERT, Nov. 28.—(Can. Press.)—Charged with the murder of her five-year-old playmate, thirteen-year-old Kathleen Oika of Wakaw, appeared at the fall assizes of the supreme court today. The girl is alleged to have murdered Julia Jonning by battering her head in, on a vacant bonstead eight miles from Wakaw last June.

WON'T BONUS INDUSTRIES.

REGINA, Nov. 28.—(Can. Press.)—The feature of the legislative session today was the passage of the amendments to the City Act, which abolishes the system of bonusing industries in Saskatchewan.

To Change Plans Of New Station

Before the Dominion railway board at Ottawa next Tuesday the city will make an appeal for an order to remove from St. Clair avenue the poles of the Toronto and Niagara Power Company, and to have the plans of the new Union station up Yonge street changed to permit of the widening of the street on the east side.

BORDEN HONORED AT WASHINGTON

Secretary Bryan Escorted Premier to White House to Meet President Wilson.

WASHINGTON, Nov. 28.—(Can. Press.)—Washington had as guests of honor today Premier Borden of Canada and Mrs. Borden, who spent the day and evening in the capital on their way home after a month's stay at Hot Springs, Va. The visitors went directly to the British embassy upon their arrival, and soon afterward Secretary Bryan called to escort the premier to the White House to meet the president.

Later Mr. Borden was given a club luncheon by Secretary Lane of the interior department, an old personal friend, and like the premier, a maritime province man. Tonight Secretary and Mrs. Bryan gave a dinner at their home, Calumet Place, in honor of the premier and Mrs. Borden and Sir William Tyrrell, private secretary to the British foreign minister. The guests included Lady Spring-Rice, wife of the British ambassador, whose health would not permit him to be present; the French ambassador and Madame Jusserand, the German ambassador and Countess Bernstorff, the Costa Rican minister and Madame Galvo, the Norwegian minister and Mme. Ury, Chief Justice and Mrs. White, Justice Hughes and Mrs. Hughes, Senator Newlands and Mrs. Newlands, Senator Sutherland and Mrs. Sutherland, and Representative Cooper and Mrs. Cooper.

The premier and Mrs. Borden left on the midnight train for Ottawa.

LABOR MINISTER FAVORS TRADE UNIONS

Hon. T. W. Crothers Says Employers Who Look to Best Interests Will Not Prevent Their Employes From Joining a Union—How to Prevent Strikes.

Hon. T. W. Crothers, minister of labor, in an address before the Centre and South Toronto Conservative Association came out strongly in favor of trades unionism. Organized labor had done much for the laboring man, and the employer who looked to his best interests would not prevent his employes from joining a union, he said.

WINNIPEG'S UNEMPLOYED HELD PROTEST MEETING

Mayor Deacon's Advice Resented—Will Rally Before City Hall.

WINNIPEG, Nov. 28.—(Can. Press.)—Another meeting of the unemployed of the city was held tonight in Market Square. About 1500 were in the crowd, and most of the time was taken up in discussing the views of Mayor Deacon on the unemployment question, as given to the delegation which waited upon him this morning. As a result of the meeting it was decided that a demonstration be made in front of the city hall tomorrow afternoon at 3 o'clock.

Mayor Deacon, in his statement, practically told the men there was work for them if they wanted to find it.

RAILWAYS ASK BIG SUBSIDY FOR MAIL AND PARCEL POST SERVICE

(Special to The Toronto World).
OTTAWA, Nov. 28.—The conference between the railways and the postmaster-general broke up again today without a decision having been reached as to the price the department will pay for the carriage of the mails. The railways want the amount increased to six million dollars, to include parcel post, and to cover the loss which their express business will suffer.

The postmaster-general is not disposed to make so large a payment, for on the payment depends the rate which the department will charge the public for the postage of parcels. Another conference will be held shortly.

HURLED AGAINST TELEGRAPH POLE

Baby Boy Killed When Horse Scared at Piece of Paper and Ran Away.

Hurled from a runaway butcher cart against a telegraph pole on Vaughan road, north of St. Clair, little Johnny Maguire, two and one-half years of age, of 392 Oakwood avenue, was almost instantly killed at 4:50 yesterday afternoon. The little fellow had been taking a ride with Harry Sykes, a driver for Harry Fairthorne, a butcher of 1934 Dufferin street. The lad remained on the rig while Sykes made a delivery, and the accident occurred as a result of the horse taking fright at a piece of paper blowing along the street.

He was carried into the residence of a nearby physician, but was found to be dead.

An inquest was opened last night by Coroner Tandy, and was adjourned until Dec. 4.

STEAMER TRUST NOW COMPLETE

Twenty-Five Million Dollar Corporation Has Canadian Lake Traffic in Monopoly's Grip.

MONTREAL, Nov. 28.—(Can. Press.)—James Carruthers, president of the R. & N. O. Co., today gave out the following list of steamship companies which will be merged in the Canada Steamship Lines, Limited: The Richelieu Ontario Co. with its subsidiary lines; Inland Lines, Niagara Navigation Co., Thousand Island Steamboat Co., St. Lawrence River Steamboat Co., Lake Ontario and Bay of Quinte Steamboat Co., Northern Navigation Co., Quebec Steamship Co., Canada Inter-Lake Lines, Limited, and the Ontario and Quebec Navigation Co.

In addition, there are some individual steamship companies, such as the one which owned the steamer Haddington. The Canada Steamship lines has been capitalized at \$25,000,000. Mr. Carruthers said, and its formation is now complete, except for the observation of some preliminary legal formalities, which may take a little time.

FLOOD OF GRAIN LARGEST KNOWN

Head of Lakes Scene of Unparalleled Shipping Activity, But Congestion is Avoided.

PORT ARTHUR, Ont., Nov. 28.—(Can. Press.)—The greatest grain shipments ever known at Port Arthur and Fort William are now in full swing. Before navigation closes it is expected that 170,000,000 bushels of grain will have left the elevators at the head of the lakes.

The size of the shipments is without precedent, but owing to the favorable weather and more adequate facilities the congestion of last fall has been avoided.

Yesterday at the elevators of both cities 3,020,000 bushels of grain were loaded into vessels and today an even larger quantity is expected to pass thru the spouts to the vessels. Thirty steamers are waiting here to load. Up to date, since the opening of navigation, approximately 145,000,000 bushels have been shipped east from the twin cities, which is 10,000,000 bushels more than was shipped by water during the whole of last season.

Sir Aemilius Irving's Funeral

The funeral of the late Sir Aemilius Irving, K.C., treasurer of the Law Society of Upper Canada, will take place from Osgoode Hall at 2:30 p.m. today.

The service will take place at the above hour. For one hour previous to the service the hall will be open to members of the profession, the Masonic order and the friends of the late treasurer. Carriages will enter by the east gate and leave by the west gate.

CITY'S NEW SIX MILLION LOAN BACKED BY ABUNDANT REVENUE

Income From Street Railway, Waterworks and Other Sources Outside of Taxation More Than Enough to Meet Charges on Entire Debt of Toronto.

LONDON, Nov. 28.—(C.A.P.)—A prospectus appears this morning under the authority of Lloyds Bank of an issue of the City of Toronto general consolidated loan debentures for £1,200,000, bearing 4 1/2 per cent. interest at the price of 97 1/2. The loan is redeemable in 1948, and both principal and interest payable at Lloyds Bank in London.

Installments on the loan are spread over the next four months, but the full six months' interest is payable on July 1 next. The debentures will rank equally with those previously issued.

CANNED SALMON WAS POISONOUS

Johnnie McGlade, Five Years Old, Died of Ptomaine Poisoning on Way to Hospital.

As a result of ptomaine poisoning, thought to have been the result of eating canned salmon, five-year-old Johnnie McGlade, 119 Ligar street, died in the police ambulance on his way to the Hospital for Sick Children yesterday afternoon.

On Thursday night the lad ate a quantity of canned salmon and tomatoes, and during the night was seized with abdominal pains. A physician was summoned and prescribed for him, but yesterday afternoon the lad was taken worse, and it was deemed advisable to send him to the hospital. He died before he reached the institution.

The body was taken to the morgue and an inquest will be held.

DUBLIN STIRRED BY BONAR LAW

Students Held Noisy Demonstrations and Shots Were Fired—Challenged to Arrest Carson.

DUBLIN, Nov. 28.—(Can. Press.)—Bonar Law addressed an immense meeting tonight in the Theatre Royal and also an overflow meeting. He argued that the attitude of Ulster alone justified the demand for an appeal to the country. He challenged the government, if they believed they had moral right behind them, to arrest Sir Edward Carson and suppress the armed movement in Ulster.

The streets were crowded tonight; students marched in processions and smashed windows in tramcars and buildings. Some shots were fired, and one woman was wounded. The police were kept busy preventing affrays of various kinds.

If Home Smith Got \$7,000,000 Out of Ottawa, Why Should He Not Get \$15,000,000 Out of Toronto?

Mr. R. Home Smith made a pleasant personal impression at the board of trade luncheon yesterday, and his presentation of the harbor commissioners' scheme of radial entrance was able and conciliatory. He deprecated scurrility in recent discussions, and alluded to The World among others in this connection. In this, as in one or two other points, we believe Mr. Smith had been misinformed, if informed at all. Our readers will acquit us of any such charge.

Mr. Smith very frankly admitted his interest in the Humber Valley properties. We beg him to note that we have never blamed him for his interest there. On that head our sole enquiry was upon the inconsistency of The Telegram, which opposes the plans of every other scheme of a progressive nature around the city, except this one. We are still wondering why.

Mr. Smith frankly admitted his interest in the Humber Valley. "We all want transportation," he said. "Even I want transportation. And, gentlemen, I am going to get it." We find nothing offensive in that statement. But such a statement from any other source would be highly obnoxious to The Telegram, if we may be permitted to say so. Mr. Lionel Clarke evidently feared that a wrong impression would go abroad about Mr. Smith's interest in the Humber Valley, for he declaimed in a quite emphatic way the idea that Mr. Smith was animated by any but the most public-spirited motives, and gave him all the credit for getting \$7,000,000 out of the Ottawa Government for the new harbor. If there was one man more than another entitled to credit for the harbor scheme, asserted Mr. Clarke, it was Mr. Home Smith. We quite agree with him. And we do not see why if he got \$7,000,000 out of Ottawa he should not get \$15,000,000 out of Toronto.

Passing on to the new traction proposals, Mr. Smith very properly gave all the credit for the psychological situation, out of which a settlement is possible, to Mayor Hocken. The present situation was a scandal and a reproach. We had to purchase or remain in slavery for eight years, or take the third course suggested by the harbor commission.

We are unable to follow Mr. Smith in all his statements about the purchase proposals. He quite misstated the position, in fact, when he said that they were based on the same proportionate growth in population for the next eight years as for the last eight. Mr. Arnold's report cuts the ratio of increase in two.

Nor do we think that his view as to congesting the down-town streets by the linking up of suburban traffic on the civic car lines is altogether correct. Much of the new business will be cross-town traffic, and much of it will never touch down-town points at all.

And we question his assertion that the Mackenzie interests or any other interests can build tubes in Toronto without the consent of the city. That is quite intangible bogey.

The World has no quarrel with the harbor commissioners' scheme as a scheme. What The World objected to was the scheme as a "bomb." It was intended to be a bomb, according to The Telegram; was treated as a bomb by Controller Church, a member of the harbor board, who says he knew what was going on at the time; and Chairman Clarke announced that the members of the board had agreed not to discuss it in public. Fortunately the commissioners changed their minds.

We have no quarrel with the scheme. Indeed, it would almost seem that the mythical individual who stands so high in the regard of one of our evening contemporaries, Old Doc Big Eyes, must have had something to do with its inception. We admit that sooner or later practically everything suggested by the clever young engineer of the harbor board must one day be constructed. Its central feature, the Yonge street tube, is due to Mayor Hocken. If the scheme gave immediate relief to the double-fare passengers all over the city we would hold up both hands for it at once. But it does not give them relief at all. It does not give the districts it serves relief for two, three or more years. It will not give relief to North Toronto until a tube is built, which may be five or six years. And it will cost \$15,000,000 and requires \$3,000,000 gross revenue a year to carry it. We doubt the existence of \$3,000,000 gross revenue for this particular set of plans. But if there be \$3,000,000 revenue for the new plan, then a large part of the argument falls against the purchase scheme the opponents of which deny the possibility of this very revenue.

The advantage of the purchase scheme is immediate action. If we bought the street railway tomorrow double fares would be extinguished next day, and an improvement in the service would proceed at once. But there are years of waiting still involved in the harbor scheme.

Mr. Home Smith relies for traffic for his new lines not so much on suburban population as on Hydro-Electric radials. A Hamilton line, a Guelph line, a northeast line, would feed the new scheme, but all these lines are still in the blue print stage, if they are as far on, even, as that.

Mr. Smith thought that all personality and everything of the sort should be relegated to the waste paper basket. Had not the personal point of view represented by The Telegram and the two controllers who co-operate with it, been in evidence we are inclined to think the harbor commissioners and the mayor might have been nearer together in working out the scheme than, it is admitted, the mayor was given a chance to be.

But is no co-operation possible? Must Toronto wait for further years for a remedy for the present "scandal," as Mr. Smith called it? His own remedy is not an immediate one. Must Toronto lose the unique opportunity of cleaning up the franchise which is now available? Are we to give up what a number of experts have asserted is an exceptionally favorable agreement for the city? Mr. Smith said that his own scheme must be referred to expert examination. That is reasonable, and if the council sees fit, we suppose that course will be taken. But, when all is considered, this is merely an admission that the city faces the expenditure of \$15,000,000, and does not touch the problem which gives the \$30,000,000 proposal vitality. It leaves the citizens of old Toronto just where they were, and postpones a remedy for most of the suburbanites for six years, and the rest for eight. If the new scheme is not to be completed for six years, and will cost \$15,000,000, and the mayor's purchase proposals cost \$30,000,000 and cover eight years, the city has to consider how much of this \$45,000,000 outlay is immediately necessary.

It is evident that the council will be in no mood to hasten a decision on an order of this kind. We had hoped to see the matter settled by a vote on purchase on Jan. 1, but the interests opposed to purchase have made this impossible, and the harbor board, whether consciously or not, have assisted delay. It is now made clear that a remedy is needed, and alternatives have been provided. Whether a compromise is possible, or an amalgamation, remains to be seen. In any case, Mayor Hocken remains with the credit of having tackled the problem and brought it within sight of settlement. An immediate settlement is possible by the adoption of his plan. It may be that the city should provide for the further developments which the harbor board asks the city council to undertake. This is evidently a question for experts, as the purchase proposals were. We hope the opponents of purchase will be as willing as we to leave it to that arbitration.

Theatres and Concerts

"Years of Discretion"

Next week David Belasco will present to the Princess Theatre his most important comedy success, "Years of Discretion," which last season played for nearly seven months at the Belasco Theatre.

"Years of Discretion" was produced by Mr. Belasco with the greatest care as to pictorial effects and cast. To the lover of fine acting the occasion will be welcomed with delight. For once comes a thoroughly balanced cast with practically a "star" actor in every position, but because "Years of Discretion" is so subtle, so exquisitely drawn that it demands actors of keen intelligence and broad experience.

John Drew in Double Bill. John Drew will be the welcome tenant of the stage of the Princess Theatre the week of Dec. 8, when he will appear in a double bill that promises to be unusually attractive.

Miss Adamson's Recital. A large and fashionable audience is assured for the violin recital to be given by Miss Lina Drescher Adamson in Conservatory Hall tonight.

"Fanny's First Play"

Miss Dulce Musgrave, who interprets the part of the rebellious daughter, Margaret Knox, in George Bernard Shaw's success, "Fanny's First Play," which the Messrs. Shubert and Granville Barker will present next week at the Royal Alexandra Theatre, says that George Bernard Shaw, the great Irish author is one of the most patient managers she has ever had.

"The Honeymoon Express." What is proclaimed as the greatest show scenically and musically, that ever went out of the Winter Garden, in New York, "The Honeymoon Express," will be the attraction at the Alexandra Theatre for the week beginning December 8.

"The Littlest Rebel." Plays of war and love are very common. In fact, war always seems to make an excellent background for a love affair, but, although "The Littlest Rebel" is a play of the civil war, and the climax of their act with the breakaway ladder never fails to arouse enthusiasm.

ills of the season. As the headline attraction he announces Harry Tighe and His Collegians, in Mr. Tighe's newest offering, "Taking Things Easy." The comedy is written around the class-day pranks of the college students, and Mr. Tighe is assisted by a company of fifteen young men and women who sing and dance.

At the Star. What promises to be the most enjoyable offering of the season is booked as the next attraction at the Star Theatre, opening Monday matinee. The organization is Charles F. Cronwell's "Dandy Girls" company.

At the Gayety. An event of more than unusual importance is chronicled for next week at the Gayety Theatre where Henry P. Dixon's latest enterprise, "Belles of Broadway" Company, will be the attraction.

This is the Closing Day of

Rugby Has Parkdale Any Chance?

TIGER SUPPORTERS OFFER LONG ODDS

Canadian Final Today in Hamilton—Rugby Notes and Gossip.

The Canadian Rugby Union final will start at the cricket grounds in Hamilton at 1.30. Walter Harris and Secretary Hawitt have charge of the seating and gate. Excursions will go from Toronto on both lines on all trains round the noon hour. The Parkdale team leaves the Union Station via C.P.R. at 11.30.

Tigers—Flying wings, Isister; backs, Mallett, Manson, McKelvey; quarter, Changnon; scrumhalf, Woodley; fullback, Meyers; inside wings, Layfield, Duff; middle wings, Clark, Shuart; outside wings, Gately, Glasgow.

Parkdale—Flying wings, Boddie; backs, Zimmermann, Gail, Biecke; quarter, Bennett; scrumhalf, Davidson, Layfield; Duff; inside wings, Pottiar, Miller; middle wings, Hughes, Gormley; outside wings, Gardner, Simpson.

Referee—Dr. Wright. Umpire—J. D. McArthur.

Enthusiastic supporters of the Tigers in Toronto have offered as high as 10 to 1 that they will beat Parkdale today. There has been very little betting, however, a few small wagers being on the margin the Tigers will make.

Senior Meds went thru the Mulock Cup series without being scored against. A proud record surely.

The intermediate and junior Canadian rugby finals will not be played until next Saturday.

Varsity and Argos should draw well, as they are old rivals. The game will be played at a benefit to W. Harris, who has done a lot to raise rugby football up to its present high standard.

There will be no game between Parkdale and Harbour for the championship of the city collegiates, both teams deciding yesterday to go out of training.

Charles Edward Brickley, whose wonderful drop kicking scored a Harvard victory over Yale Saturday, has scored 245 points on the gridiron during the three years at Harvard, according to a Boston investigator. The period covers one year on the freshmen eleven and two on the varsity, and the total points are divided as follows: Twenty-four touchdowns for 135 points, 5 goals from touchdowns for 5 points, and 34 goals from field for 102 points. In two years as a varsity player he has kicked 24 goals from the field in 13 out of 18 games, and wound up with his high water mark of 5 against Yale last Saturday.

There are only two big football games on today, viz., Army v. Navy at New York and Lafayette v. Masten Park at Rosedale.

Ernie Palalay, who learned his football at St. Andrew's College, has been elected captain of the McGill team for 1914.

Charlie Gage will be elected captain of the Varsity team next week. That is the feeling among the team who are eligible for the picture. Charlie looks ripe and capable for the honor.

At the University School dinner on Thursday evening the football team that won the Intercollegiate championship presented Red McKenzie, their hon. coach, with an umbrella and several kind words. Red laid the success to the fact that the boys stuck valiantly to the job.

He is happily named Mallett, being able to fairly pound the ball with his feet and now an evening paper, possibly desiring to emphasize the Hamilton man's ability to make a racket of his mallet for high or any old kind of punts, goes into large type to name him Wallcut.

A Hamilton despatch says: Several bets have been made on the outcome of Saturday's game between Tigers and Parkdale, but they are all small amounts that would win a cold hundred. One well-known sports bet was a twenty-point bet. His friends started to tell him last evening how foolish he was in betting and shut them up when he offered to bet them another hundred the same way.

The Hamilton Y.M.C.A., or rather what is left of the Alerts, champions of the western section of the Intercollegiate, and the Ottawa Seconds, champions of the Quebec Rugby Union, will see-off at Lansdowne Park tomorrow for the intermediate football championship of Canada. Frank Harvey will referee, and Eddie Phillips umpire.

YOUTH IS ARRESTED ON FORGERY CHARGE
Police Suspect Harry Shipman of Stealing Ninety-Three Dollars From Three

Only sixteen years of age, Harry Shipman, of 33 Humboldt avenue, was arrested last evening by Acting Detective Holmes, on a forgery charge. The complainant is the Canadian Bank of Commerce branch at St. Paul's street, and the amount involved is \$93, for which Shipman is alleged to have presented a forged cheque.

NOT OFFERED TO WILEY.
WASHINGTON, Nov. 28.—(Can. Press.)—"I could not accept the position of health commissioner of New York City until it was offered me," said Dr. Harvey W. Wiley, former government pure food chief, tonight, in discussing reports that he was considering taking the place. "Up to the present time," he added, "I haven't had an intimation that the position would be offered me."

ROUNDING UP BANK BANDITS.
VANCOUVER, Nov. 28.—(Can. Press.)—One man has been arrested at Coquitlan and three others at Abbotsford, as suspects in connection with the attempted robbery of the Bank of British North America at Agassiz on Wednesday. All are foreigners. One has been identified by the bank manager as one of the alleged robbers.

AN OPEN VERDICT.
An open verdict was returned last night by Coroner Graham's jury, which inquired into the death of Thomas Clark, who died on Nov. 15 as a result of injuries sustained, when an ammonia sediment tank exploded at the O'Keefe Brewery on Nov. 9.

CHARGED WITH THEFT.
Charged with the theft of \$100 from Thomas Whiteside of 104 Church street on Aug. 17 last, George White of Toronto was arrested by Plainclothesmen and Scott on Queen street last evening.

Some people are never satisfied. Many a fellow is still looking for trouble when he already has an automobile, a motor boat and a wife.

N. Y. C. Banquet a Real Jolly Affair

The National Yacht Club held their annual banquet and presentation of prizes at the clubhouse last evening. About seventy-five members attended, and a real jolly time was one of the features of the evening. The champions of the sixteen-foot skiff class were Grattan Bros., and they were presented with a gold medal, having scored fifteen points during the season. Robert Hall was second, with nine points; H. Jones third, with eight, and B. Ellis fourth, with two.

J. Alexander was the recipient of a handsome silver cup by reason of his winning in the fourteen-foot dinghy class with a total of fifteen points. Turrill Bros. (2) were second, with two points, and H. Jones third, with one point. L.S.A. Spier, Rankin, Pugh, Chadwick, Spier, Kennedy, Cairney, Chadwick. Players will please be on hand at the Barracks at 2.30.

OXFORD ATHLETES RESENT NEW RULE

Discrimination Against the Rhodes Scholars is Regarded as Poor Sportsmanship.

LONDON, Nov. 28.—(C. A. P.)—Feeling as running high among the university students regarding the new resolution passed by Oxford authorities prohibiting Rhodes scholars participating in freshmen's sports and the ruling is regarded as being purely directed against Canadian and American students. G. S. Robertson, the famous blue, condemns the new regulations as unnecessary and unreasonable.

"Why exclude men who have resided at other universities?" he says. "This is undoubtedly aimed at Rhodes scholars, but it also hits some men from Scottish universities. If the resolution means that the public school freshman is deterred because of the condition, and this coming season promises to surpass all records."

HOCKEY GOSSIP

The Commercial Hockey League re-organized last night at a meeting held in the Eaton's Club parlors, most of last year's teams being represented. The suggestion has been made that the league be divided into two sections, senior and junior, and this will be decided in a meeting to be held next week. There are wishes to enter, information of which was secured from W. Dodde, care Canadian Kodak Company.

The chief reason for the Royal Military College Cadets not entering the Senior Intercollegiate hockey series this season is the lack of rink accommodation. When the militia department erects a covering rink building for the R.M.C., then the other Intercollegiate senior teams will have to look out for with the amount of practice that the Cadets would then have, they would turn out hockey teams of the first order.

Guy Smith, the Tecumseh lacrosse player, has signed up with Jimmie Murphy's Ontario pro. team. Smith is a right wing man.

Didier Pitre has consented to go to the Pacific Coast, where he will this season play with the Vancouver team of the B.C.H.A. For his services he will receive the sum of \$1400, much more than he would have received if he had stayed in Montreal.

Patrick Kennedy, manager of the Queen's senior hockey team, has completed arrangements for an American trip during the Christmas vacation. The team will visit New York, Cleveland and Detroit.

Sporting Editor World: "There seems to be a good deal of rivalry in local Sen. O.H.A. circles in regard to obtaining the services of those who are supposed to be the best players in their respective positions."

It is given me to understand, the senior hockey in Toronto is not on a strictly amateur lines as the general public believe. I have heard from several reliable sources that there are two clubs in the city who have dropped out of material which they would have liked to turn for their services.

Since there is one club in particular (possibly two) who are without regard for a winning team by offering inducements to the players they want, it is not pretty near time for the governing body to call a halt?

BEACHES HOCKEY LEAGUE ANNUAL

Largest Meeting Ever Held by a Local Outdoor League Officers Elected.

The third annual meeting of the Beaches Hockey League was held last evening at 217 Woodbine avenue, and about forty delegates were on hand, it being one of the largest meetings ever held by an outdoor rink league in Toronto. President P. C. Washburn was the outline and First Vice-President R. Richards and secretary-treasurer F. D. Smith were also in attendance. After a suitable speech by the president, the meeting was commenced by the secretary reading his annual report, which was adopted. He reported a balance of \$22.50 on hand. The secretary tendered his resignation, as he reported he had not had time to spare to faithfully perform his duties this year. It was with great regret that the league accepted his resignation, and an earnest vote of thanks was passed to him for his untiring efforts in the last two years.

The following gentlemen spoke regarding the welfare of the league, bestowing considerable praise on the executive committee and the outlook for the coming season: Messrs. Richards, Labatt, Wilson, Burney and Murphy. The president presented the Beach Canoe Club, winners of the senior trophy, and the Star Skate rink, which will be competed for annually. Manager Walker replied fittingly, and hoped to be able to come back this year and defend their title successfully. It was decided to have an intermediate series, so as to accommodate the teams who are forced to move up from the junior series. The intermediate series will have no age limit, but no O.H.A. players will be allowed to play in it. The senior series will only allow Junior O.H.A. players to compete, the same as last year.

The following clubs were represented at the meeting and signed their names to the playing in the following series: Senior—St. Joseph, Waverley, Riverdale, Aura Lee, Beach Canoe, Don Rovers Club and Grand Trunks. Intermediate—Tecos, Eastern Stars, Coxwells, Beverley and Woodbines. Junior—St. Matthews, St. Joseph, Riverdale, Woodbines, Dominion Express, Waverley, Coxwells and Grand Trunks. Juvenile—East Toronto, Woodbines, St. Matthews, Waverley, Crestons, St. John's, Waverley, North York Stars, Coxwells and North Riverdale.

It is likely that a Western section will be made, both in the Junior and Juvenile series.

The following officers were elected for the ensuing year: Hon. president, James J. Labatt; president, P. C. Washburn (P. 1913); first vice-president, D. Jones; second vice-president, R. Richards; third vice-president, Walker; secretary-treasurer, L. Brown; lawyer, W. Dodde; sporting department, M. 808, or 333 Coxwells avenue, or 1771. The following five committees: Messrs. Burney, Wilson, Cooney, Harty and R. Jones.

The next meeting of the league will be held Tuesday, Dec. 9.

O. H. A. Annual Next Saturday

The annual meeting of the Ontario Hockey Association will be held a week from today at the Temple at 239 and Richmond streets, Toronto, commencing at 9 o'clock. There will be a morning session only and the delegates will be free to go to the football game in the afternoon. The agenda of amendments will be discussed at the convention and there will be an election for the executive committee of the association to be elected from the following six: Sheriff J. F. Paxton, Whitty; J. R. Beaton, Chatham; A. Cooper, Montreal; R. M. Glover, Peterboro; Frank Hyde, Woodstock; A. T. Kinder, Preston.

Every club in the association is invited to be represented at the convention by a delegate, who must be a member of the club he represents. The reports show the association to be in a flourishing and prosperous condition, and this coming season promises to surpass all records.

BERLIN'S ALDERMEN FACED WITH LAWSUIT
Are Asked to Recoup City for Illegal Payments Made to Sewer Inspector.

(Special to The Toronto World)
BERLIN, Ont., Nov. 28.—Fourteen aldermen, members of this year's municipal council, are face to face with a lawsuit, and they were today served with a notice by C. W. Atkinson, a solicitor acting for the two ratepayers, E. H. H. Bricker and Ezra Kraft, requiring them to repay to the city the several amounts paid to Ald. Hahn for his services as sewer inspector while a member of the council.

The claim is made that the payments were illegal. In September last, Ald. Hahn was engaged as inspector of sewer construction, at \$65 per month, and after three months' work the alderman are threatened with payment of \$15 apiece in consequence of their endorsement of the appointment.

The result of this turn of affairs will have a direct bearing on the next municipal election.

FIRST RECITAL OF NEW SERIES

George F. Hayden of Conservatory Faculty Heard in Selections From Dickens.

The first of a series of recitals to be given by the faculty of the School of Expression in connection with the Conservatory of Music was given last night at the music hall in the institution. A full house greeted the event, and an appreciative audience listened with unabated interest to the numbers from Dickens given by Geo. F. Hayden, A.T.C.M. The first selection was "The Chimes," which was interpreted with a nice spirit of discernment, the part of Old Toby being particularly graphic. In the next number the Rev. Mr. Chadband, large and unctuous, fairly stood before the audience under the skillful management of voice and gesture by Mr. Hayden. This was decidedly one of the best of the evening. Other selections were the "Execution of Sydney Carton," which, though well interpreted, scarcely lends itself to popular reading; "Rogue Riderhood," and excerpts from "The Holly Tree Inn" and "David Copperfield." The program was a great tax on memory, but Mr. Hayden got thru the task very creditably.

Musical numbers were rendered by Miss Beatrice Preat, who gave "Melodie" a violin solo by Tschakowsky, with such charm as to earn her warm applause from the audience. Miss Isabel Steinhilber, A.T.C.M., one of Toronto's favorite pianists, gave the "Spanish Caprice," by Moszkowski, with her usual mastery of touch and beauty of expression. The musical artists are pupils of F. E. Blachford and F. S. Weisman.

SCOUTS AND CADETS WILL BE IN UNIFORM

Many City Churches to Observe Tuberculosis Sunday Tomorrow.

Tuberculosis Sunday will be observed tomorrow by 175 churches in Toronto and in the neighborhood of 1000 churches through the province. Seven hundred cadets, in uniform, with the white crusader badge on each boy's breast, will attend morning service in the city churches, and 1800 boy scouts will turn out in the cities and towns of Ontario to show that they are interested in the battle against the wasting disease.

A Cure for Drunkenness Within the Reach of All

That alcoholism is a disease is now recognized by science. No man in his senses brings disgrace and ruin on himself and family through choice. Alcura stops the craving for drink, builds up the system, steadies the nerves. It is guaranteed to cure or benefit or money refunded after a fair trial. Alcura No. 1 can be given secretly by any wife or mother (wanting to restore a dear one to health and usefulness). Alcura No. 2 is the voluntary treatment.

OLD BOYS OF HURON NUMBER NINE HUNDRED

Newly Elected Officers Addressed Meeting in St. George's Hall Last Night.

One of the most enthusiastic meetings in the history of the Huron Old Boys' Association was held last night at St. George's Hall. A membership roll of 900 was reported.

ALBERTA FARMERS RUN FIFTY GRAIN ELEVATORS

Co-Operative Scheme to Be Greatly Extended During Coming Year.

EDMONTON, Alta., Nov. 28.—The Alberta Farmers' Co-operative Society, which is a farmers' organization, assisted by government capital, has now fifty grain elevators in operation. It had only twenty-five on Oct. 15 last, and has already handled 2,000,000 bushels of grain this year. Elevators built or acquired by the company represent a capital of \$600,000, all the stock being supplied by Alberta farmers. Applications have already been received for the formation of forty-eight local branches. It is expected that next year this farmers' organization will be operating 125 elevators.

Low Rates to Chicago, Ill., Account International Live Stock Exhibition.

The Grand Trunk Railway System will issue round trip tickets at reduced rates to Chicago, Ill., account "Live Stock Show" to be held at Chicago, Nov. 29 to Dec. 6.

WORKMAN ELECTROCUTED.

MASSENA, Ont., Nov. 28.—(Can. Press)—Jas. Welch, 23 years old, received an electric shock at the plant of the Aluminum Company today, and died an hour later without regaining consciousness. Welch had been on the roof, and in coming down slipped. To save himself from falling he caught hold of an electric wire with both hands, receiving the force of 2200 volts.

PRESBYTERIANS TO ESTABLISH SCHOOLS

Important Educational Policy for Montreal and Ottawa Decided Upon.

MONTREAL, Nov. 28.—(Can. Press)—A general educational policy for the Synod of Montreal and Ottawa was decided upon at a meeting today of a sub-committee of the Presbyterian Board of Home Missions. Recommendations as a result of this meeting will be sent up to the synod for consideration, including an increase in the number and efficiency of schools, the founding of residential schools at Quebec and Ottawa, increased salaries for teachers, and the centralization of all school work within the synod under one committee.

It has for some time been felt that some definite policy was needed to meet the needs of the scattered French and English children within the bounds of the synod, especially in the Quebec district, where educational facilities were considered to be sadly lacking. The sub-committee mentioned was therefore approved, being composed of Rev. J. W. Tanner, district superintendent of the synod; Dr. Kelly, Principal Brondt, Inspector J. O. Rodney, Rev. Mr. Sutherland of Lancaster and Rev. Dr. Amaron of Quebec.

PETERBORO'S MAJORITY.

PETERBORO, Nov. 28.—(Special)—A keen majority contest is expected here in January, with Ald. Wm. Buller and Ald. G. A. Gillespie as candidates. Mayor Bradburn is completing a second term in office, and although requested to run again he gave a negative answer today.

REAL MOLECULES KNOWN BY TRACKS

Sir William Ramsay Discusses Atomic Theory in Recent Article.

It came to be evident, about the middle of the last century, that in order to explain certain facts connected with the relative weights of gases, matter must not merely consist of atoms, but that these atoms must have the power of uniting in small groups, writes Sir William Ramsay, in Harper's Magazine. In forming a compound, indeed, this must be so; for instance, carbonic acid gas must consist of one atom of carbon which, along with two atoms of oxygen, forms a small group of three atoms. The novelty of the conception was in the notion that oxygen itself, in the state of gas, as it exists, for example, in the air, consists of small groups of atoms; in this case, two. To such small groups of atoms was given the name molecules. A molecule is that portion of a substance which can exist in the free state, as oxygen does in air. An atom generally exists in combination; but atoms may, and sometimes do, exist separately; in which case they also are termed molecules.

AUTOMATIC GAS BUOYS AT PANAMA

New Canal Entrances Present Novel and Interesting Features.

One of the most interesting features of the Panama Canal is the series of automatically operated gas buoys marking the entrance to each channel of the canal. These lights are designed so that they will need no attention for a month or more at a time, says The Pathfinder, but will light and extinguish themselves at the proper time with much greater punctuality than could be expected of any human attendant.

PANAMA AND THE CANAL
This beautiful big volume is written by Willis J. Abbot, a writer of international renown, and is the acknowledged standard reference work of the great Canal Zone. It is a splendid large book of almost 500 pages, 9x12 inches in size; printed from new type, large and clear, on special paper; bound in tropical red vellum cloth; title stamped in gold, with initial color panel; contains more than 600 magnificent illustrations, including beautiful pages reproduced from water color studies in colorings that far surpass any work of a similar character. Call and see this beautiful book that would sell for \$4 under usual conditions, but which is presented to our readers for SIX of the above Certificates of consecutive dates, and only the **\$1.18**

BLIND PREACHER SPOKE TO KNIGHTS OF PYTHIAS

City Lodges Held Concert in St. George's Hall—Big Musical Program.
Toronto Knights of Pythias held a most successful concert at St. George's Hall last night, under the auspices of the combined city lodges. The seating capacity was inadequate for the large attendance. Rev. Robert Gray presided. An inspiring address was given by Rev. Fred Attwood, G. C. Minnesota. Almost nine years ago he lost his sight but because of his cheerful disposition he is known as the "blind optimist." He was born in Canada and was for many years a Baptist minister.

SUNDAY CARS IN LONDON

LONDON, Nov. 28.—(Can. Press)—The city council at a special meeting today decided to submit a bylaw for Sunday cars to the people at the January elections.

FUJI MICRO SAFETY

PURCHASE SYSTEMS AND GET MONOPOLY

Harbor Board Plan Means Nothing But Delays, Says Controller McCarthy.

TO ABOLISH TWO FARES

The Purchase Must Go Thru With or Without Harbor Plan.

In his address to the members of the Toronto Ratepayers' Association last evening, Controller McCarthy attacked the harbor commission's proposed traction scheme, which they claim will be a complete solution of the transportation problem of Toronto.

The purchase of the street railway at a cost of \$22,000,000 by the city will clean up everything and give the city a monopoly on the traction transportation in Toronto, but if the harbor commission's proposed scheme, which will cost \$16,000,000, is accepted, it means that the Toronto Railway Company and Toronto Electric Light systems will still have to be purchased in order that the city may gain the monopoly, and that the two-fares system will not be done away with.

STILL A DEMAND FOR MILLSTONES

It is generally supposed that the use of millstones is becoming less and less each year because of the introduction of other grinding machinery, but on the contrary, according to figures made public by the United States Geological Survey, the value of the production of millstones, burrstones, chasers and drag stones in the U. S. in 1912, amounting to \$714,444, was the largest since 1888, when it amounted to \$81,000, and was an increase of \$1,348 over the figures for 1911.

WILL PRAY FOR EQUAL SUFFRAGE

Constance E. Hamilton, president of the Equal Franchise League, has received a letter from Rev. W. E. S. James, Methodist minister at Holstein, in which he says that he intends giving a prayer meeting to the open discussion of equal suffrage.

VALUE OF COFFEE IMPORTS INTO U.S.

Last Year Was Largest on Record—Brazil Chief Source of Supply.

The value of coffee imports in the calendar year 1912 was the largest on record, amounting to \$130,500,000, against \$97,000,000 in 1911 and \$74,000,000 in 1910.

The average price per pound of the coffee imported was, in 1912, 13.8 cents, against 7.5 cents in 1909, and 6.3 cents in 1902.

About three-fourths of the coffee imported in 1912 came from Brazil, the total from that country being \$76,000,000, valued at \$95,500,000, against 266,000,000 pounds, valued at \$37,000,000, from all other countries.

The high price of imported coffee in recent years has been accompanied by a marked increase in the importations of cocoa. The quantity of cocoa imported into the United States in the calendar year 1912 was 153,000,000 pounds, against 134,000,000 in 1911, and 121,000,000 in 1910.

WINNIPEG WANTS SUPPLY OF WATER

Application Regarding Shoal Lake to Come Before International Commission.

(Special to The Toronto World) OTTAWA, Nov. 28.—A special meeting of the International Waterways Commission will be held in Washington in January to deal with the questions that affect Canadian interests.

A Genuine Rupture Cure Sent On Trial To Prove It

Don't Wear a Truss Any Longer

After Thirty Years' Experience I Have Produced an Appliance for Men, Women and Children That Actually Cures Rupture.

Ten Reasons Why You Should Send for Brooks' Rupture Appliance

1. It is absolutely the only Appliance of the kind on the market today, and it is smoothed the principles that inventors have sought for in vain.

2. The appliance for retaining the rupture cannot be thrown out of position, and when it becomes soiled it can be washed without injuring it in the least.

3. There are no metal springs in the Appliance to torture one by cutting and bruising the flesh.

4. Unlike the ordinary so-called pads, used in other trusses, it is not cumbersome or ungraceful.

5. It is small, soft and pliable, and positively cannot be detected through the clothing.

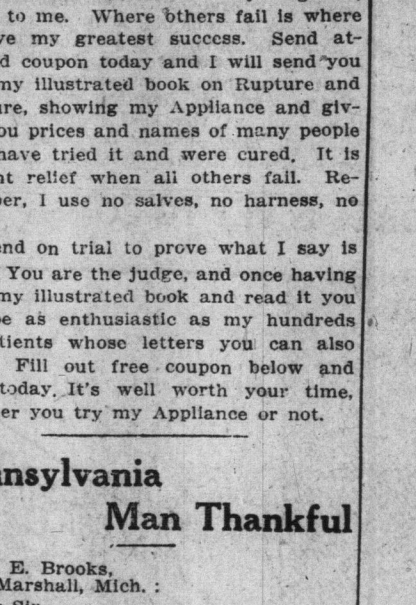

6. The soft, pliable bands holding the Appliance do not give one the unpleasant sensation of wearing a harness.

7. There is nothing about it to get foul, and when it becomes soiled it can be washed without injuring it in the least.

8. There are no metal springs in the Appliance to torture one by cutting and bruising the flesh.

9. All of the material of which the Appliance is made is of the very best that money can buy, making it a durable and long-lasting appliance.

10. My reputation for honesty and fair dealing is so thoroughly established by an experience of over thirty years of dealing with the public, and my prices are so reasonable, my terms so fair, that there certainly should be no hesitancy in sending free coupon today.

The above is C. E. Brooks, inventor of the Appliance, who cured himself and who is now giving others the benefit of his experience.

Cured at the Age of 76

Dear Sir,—I began using your Appliance for the cure of rupture (I had a pretty bad case), I think, in May, 1905. On Nov. 20, 1905, I quit using it. I am well. I have not needed or used it. Since that time of rupture, and rank myself among those cured by the Brooks Discovery, which considering my age, 76 years, I regard as remarkable.

Others Failed But the Appliance Cured

Dear Sir,—Your Appliance did all you claim for the little boy, and more, for it cured him sound and well. We let him wear it for about a year in all, although it cured him a month after he had begun to wear it. We had tried several other remedies, and got no relief, and I shall certainly recommend it to friends, for we surely owe it to you.

FAIR PROGRESS ON HUDSON BAY LINE

Seventy-Five Miles of Rails Laid and Large Section Graded.

SCARCITY OF TIES

Railway to Be Ready in Two Years Despite Draw-backs.

(Special to The Toronto World). OTTAWA, Nov. 28.—Ballasting operations have closed down for the winter on the Hudson Bay railway. Seventy-five miles of steel have been laid and there are 135 miles of completed grade ready for steel. Some thirty miles are more or less in a state of completion. The railway will be 118 miles long so that 173 miles remain. The railway was to have been finished by Dec. 1, 1914, but owing to the scarcity of ties, it not being a timber country, this has been found impossible. It is expected, however, that the railway will be finished by Dec. 1, 1915, just two years hence. The total expenditure to date is \$4,372,000, which includes overhead charges and nearly a million on the harbor of Fort Nelson. Harbor construction is difficult and the tides and tremendous current create many difficulties. The contracts for the railway proper amount to \$8,577,767. So far the railway has been built from Le Pas toward Hudson Bay, and next year construction from the Port Nelson end will be begun.

EX-WARDEN OF HASTINGS CALLED AT SEVENTY-SIX

J. C. Hanley, Fifty Years Resident of Tyendinaga, Dies After Protracted Illness.

(Special to The Toronto World). BELLEVILLE, Nov. 28.—John C. Hanley, one of Hastings County's most prominent citizens, died this morning after a protracted illness, in his 77th year. For half a century he had lived in Tyendinaga Township, and for years was a councillor and reeve, eventually becoming warden of the county. Mr. Hanley was noted as a breeder of high-class cattle. He was a member of the Roman Catholic and in religion a Liberal. On several occasions he refused nomination for parliamentary honors. Mrs. Hanley died in August of this year. A family of four sons and three daughters survive.

DEARTH OF EGGS IS DUE IN MEASURE TO EXPORTS

Last Month Canada Sent Large Quantity to Other Lands.

(Special to The Toronto World). OTTAWA, Nov. 28.—Canada imports eggs and eggs are dear. But because Canada imports eggs is not the only reason why they are expensive. During the month of October Canada exported no fewer than 18,222 dozen of eggs to the United States alone. The valuation was \$4,745. To the Island of St. Pierre in the St. Lawrence, 3,150 dozen of eggs were exported during October, to Newfoundland, 2,000 dozen, and to Bermuda 1,000 dozen.

Special Cunard Sailing

The new Cunard line steamer "Alaunia," 13,000 tons, which will sail from Boston for Liverpool via Queenstown on December 11, at 6 a.m., promises to be a popular sailing. Judging from the number of bookings which have been made. Carrying only two classes of passengers, namely, second and third, the company are second to make a very low rate in each case, particularly when one considers the excellent accommodation which is provided.

The "Andania" and "Alaunia," the latest additions to the well-known Cunard fleet, were built in 1913 by Messrs. Scott's Ship-Building and Engineering Company, at Greenock, Scotland, and will be attached to the Cunard Boston-Queenstown-Liverpool route for the period during which the popular "Franconia" and "Laconia" are engaged in the cruising service between New York and the Mediterranean.

They are equipped with every modern safety device, such as Marconi wireless, submarine signalling, water-tight doors and bulkheads, and fitted with bilge keels, which ensure steadiness at sea. They carry sufficient life boats to accommodate all on board.

The third-class accommodation on these steamers must be seen to be fully appreciated. The rooms are large and airy, being ventilated in accordance with the latest scientific principles. The food served is of the best obtainable. There are large open deck covered promenades, so that the passengers will be able to enjoy the advantages of the bracing ocean breezes and deck games under the most pleasant conditions, and in all weather.

On the eastbound voyage the passengers are assigned their berths before getting on board the steamers, and reservations may be made in advance by applying to the Cunard Line office at 53 Yonge street.

20 TONS OF DYNAMITE WENT OFF

A few weeks ago the last big barrier at the Panama Canal was blasted with 20 tons of dynamite, and now the work of removing the remaining millions of cubic yards of debris goes speedily on—and will so continue until the dyke at Gamboa is removed next October. Then will be seen the beginning of the end of the mighty task—the culmination of the most wonderful achievement in the world's history. What do YOU know about Panama and the Canal?

Panama and the Canal in Picture and Prose

Takes you back 400 years, and then brings you down through the centuries of revolution—stopping to call on the pirates of olden days—on down to the time of intrigue and war—to the golden days of promise when the great canal was planned—and on through to its complete history. All in one volume, which will not only entertain but educate every man, woman and child who reads or thinks.

How to Get It
As explained in the Certificate printed daily in these columns, this handsome volume is distributed at \$1.18 for the \$4 style (see illustration) and 48 cents for the \$2 book.

YOU MUST KNOW ABOUT PANAMA AND THE CANAL
CLIP CERTIFICATE ON ANOTHER PAGE and present them at The World Office, 40 Richmond Street West, Toronto, and 15 Main Street East, Hamilton.

ALBERTANS WILL INVADE OTTAWA

Eighteen Conservative Members of Western Legislature Will Plead Case.

(Special to The Toronto World). OTTAWA, Nov. 28.—A spectacular and novel delegation will visit Ottawa when parliament opens the second week of January. It was announced here today that the Alberta legislative assembly, consisting of eighteen members, headed by E. Michener, the opposition leader, would come to Ottawa to confer with the government. The purpose of the visit is to give and exchange views generally with the members of the Dominion Government, to make clear the needs of and the situation in Alberta, and to find out just how far these coincide with the best interests of the Dominion.

The Alberta members hope that with the exchange of views a common understanding will be reached which will prevent conflict between the province and the Dominion.

Nothing of the kind in the way of delegations has ever been attempted before, and the forthcoming visit is looked forward to with much interest.

HYDRO MATTERS ARE ACTIVE AROUND AYR

(Special to The Toronto World). AYR, Ont., Nov. 28.—The hydro-electric situation has taken a new turn here. A by-law was passed by the ratepayers a short time ago, enabling the council to enter into negotiations with the Hydro-Electric Power Commission with a view to securing another hydro plant to be submitted in order to give the council power to sign a contract as the municipal power plant is included in the deal, but that is now found to be unnecessary. Hon. Adam Beck will address the ratepayers early in December on the situation. New Dundee and Roseville will be supplied from Ayr substation.

LAYMEN NOW WONDER WHAT IS NEXT STEP

John A. Paterson Will Present Report at Sixth Annual Banquet.

George Sherwood Eddy, general secretary of the Y.M.C.A. for Asia, will address the Toronto executive committee of the Layman's Missionary Movement at the sixth annual banquet to be held in the Metropolitan Church parlors next Wednesday evening.

A report dealing with the future policy of the organization will be presented by John A. Paterson, K.C. When the movement was launched, six years ago, the churches of Toronto were giving \$142,000 annually to missions, and the aim of the laymen's organization was to raise this amount to the half million mark. It is considered as admitting of no doubt that the financial report submitted next Wednesday will show that this mark has been passed.

W. G. Watson will preside. At 7.30 the gallery will be thrown open to any men who may wish to hear the addresses.

LOAN SHARK MONARCH MUST PINE IN PRISON

Tolman of International Notoriety, Must Serve Six Months' Sentence.
NEW YORK, Nov. 28.—(Can. Press).—H. Tolman, "king of the loan sharks," must serve six months in the penitentiary for usury. In so deciding today the appellate division upheld the lower court, which imposed a six-month sentence. Tolman based his appeal on the ground that the act of usury was committed by a woman employe, without the knowledge or consent of the court. He held, however, that in charging 200 per cent. interest on a loan she acted in behalf of her employer and to his advantage, and that he was therefore bound by her act.

BION J. ARNOLD NOW IN TORONTO

Railway Expert Will Give Two Addresses on Purchase Proposals.

Word was received yesterday by officials of the Toronto Board of Trade from Bion J. Arnold of Chicago, that he would give an address on the street railway purchase to the members of the board today. Mr. Arnold will speak at three o'clock in the rotunda of the board of trade building.

FELL FROM TRAIN LAY FIFTEEN HOURS

H. L. Rice, a St. Mary's Miller, Meets With Peculiar Accident—Condition Serious.

(Special to The Toronto World). WOODSTOCK, Nov. 28.—Falling from a fast C.P.R. train last night, just on the outskirts of the city, H. L. Rice, a prominent miller of St. Mary's, lay all night beside the track helpless and was brought to the station here about ten o'clock this morning by a freight train. His condition is serious.

It appears that Mr. Rice, who was traveling from Toronto home, had left the dining car to walk into the next coach, but when between the two he slipped on a banana peel, he thinks and was thrown off the train. He rolled down an embankment and lay motionless for some time. He is badly shaken and injured internally.

HON. MR. HEARST AT BERLIN

Make

ODD LIQUIDATION ON TORONTO MART

Mexican Light and Crow's Nest Coal Make Low Records.

GENERAL ELECTRIC UP

C. P. R. and Brazilian Follow Lower Quotations From London.

The Toronto market had little animation yesterday and prices made no noticeable change from the previous day.

Brazilians lost 5-8 of a point on this market, but C. P. R. maintained a fair dignity on Wall Street.

Mexican Light and Power felt the effect of liquidation with sales at 44 and 45 and someone had to let go of 100 shares of Crow's Nest Coal at 50.

The exceptions to the general easier undertone were General Electric and Mackay.

Dealings elsewhere on the list were not conspicuous.

SPECULATIVE ISSUES SAGGED IN LONDON

Canadian Pacific With Foreign Stocks the Weakest on the Market.

LONDON, Nov. 28.—The stock market developed the usual week-end dullness today and in the absence of fresh support values in the speculative sections sagged.

Mexican rails and a few home rails hardened, but Consols lost an eighth.

Money was scarce and discount rates were easy.

TORONTO BONDS DECLINED BECAUSE OF NEW ISSUE

LONDON, Nov. 28.—(C.A.P.)—News of the new City of Toronto loan has caused a drop from 92 to 90 today.

Investing public have become uncomfy about the new issue.

Textile was one point higher.

Shawinigan sold at 124.

On the reactionary side of the market the chief features were C. P. R.

At a meeting of the Le Pan Porcupine Gold Mines Limited, held a few days ago, the directors accepted the proposal that the company's stock be sold.

At a meeting of the Le Pan Porcupine Gold Mines Limited, held a few days ago, the directors accepted the proposal that the company's stock be sold.

CALL MONEY UP IN WALL STREET

Preparation for December Disbursements Sent Rate to Ten Per Cent.

STOCKS SOLD LOWER

Selling of Amalgamated Copper Was in Particularly Heavy Volume.

NEW YORK, Nov. 28.—A flurry in call money, which rose to 10 per cent, effectively checked any inclination toward speculative speculation in stocks today.

Another feature of the day was the selling of Amalgamated Copper.

The large outflow of currency and the fact of a particularly unfavorable bank statement tomorrow, especially as statements of outward movement of currency on the scale.

The amount of gold sent to Canada for the present movement was brought up to \$14,100,000 by shipment of \$4,000,000 more today.

Bank Reserves Lowered.

SASKATCHEWAN CARRIES "DIRECT LEGISLATION"

Smallness of Vote, However, Will Operate as Bar to Its Coming Into Effect.

REGINA, Nov. 28.—(Can. Press.)—The Province of Saskatchewan voted yesterday on direct legislation, but so far as its practical effect is concerned the results are practically nil.

At Regina the vote was cast in favor of 30 per cent of the electorate in regard to the making of the polling effective, but less than 10 per cent of the total vote listed was polled.

The farmers have taken most interest in the election and have shown their favor for rule by the people.

DOMELAKE HAD GOOD ADVANCE

Gained Several Points Yesterday—Big Day on Mining Exchange.

Apparently the faith of both the public and the majority of stockholders in Dome Lake was strengthened by the change of ownership and control.

Although there were many holders of that issue who took advantage of the increase in price to sell their holdings, the shares were bought up at steadily increasing prices.

Yesterday was one of the heaviest days that the mining market has seen in some time, and brokers are anticipating a big month in December.

As public interest has been distracted for some time from mining issues seems to be looking more kindly on the latter price and best Cobalts and Porcupines.

PRICE OF SILVER. In London, Lar silver, 25 1/2, off 1/4. New York, Lar silver, 57 1/2, Mexican dollars, 45c.

AMERICAN COTTON MAY GO INTO MEXICO FREE

MEXICO CITY, Nov. 28.—(Can. Press.)—American cotton in limited quantities is to be added into Mexico free of duty, unless railroad communication with the cotton district is restored within a week, according to a statement made today by the minister of finance.

The object of this measure is to tranquilize the Mexican textile workers, who see destitution staring them in the face owing to the threatened closing of the cotton mill because of the lack of raw cotton.

GRABBED LIVE WIRE KILLED FROM SHOCK

(Special to The Toronto World.) CORNWALL, Nov. 28.—James Welch, 23 years, eldest son of John A. Welch, received an electric shock at the aluminum works and died about an hour later without regaining consciousness.

He had been on the roof to get a rope used in hanging a stage, and in coming down he slipped, and in self-protection he grabbed hold of an electric wire which was wet, and he received the 2200 volts which it carried.

TRAIN FATALITIES ARE INCREASING IN NUMBER

WASHINGTON, Nov. 28.—(Can. Press.)—The Inter-State Commerce Commission's accident bulletin issued today for the quarter ended June 30, 1913, shows that as compared with returns of the corresponding quarter of 1912, there was a total increase of 140 in the number of persons killed, and of 828 in the number injured in railroad accidents of all kinds in the United States.
