The copy filmed here has been reproduced thanks to the generosity of:

Library of the Public
Archives of Canada

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol → (meaning "CONTINUED"), or the symbol ▼ (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

La bibliothèque des Archives
publiques du Canada

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole → signifie "A SUIVRE", le symbole ▼ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

P R E F A C E .

In introducing the SECOND ANNUAL EDITION of the S. O. E. Directory for this district, I desire to offer my sincere thanks to those who have recognized its value and have assisted me by advertising in its columns. It will be found that many of these by cause of nationality, etc., are not members of the order, while some who are members, and who advertised in the last edition are amongst the missing. Others again on account of press of time in getting out the Register were not interviewed, to these I offer my sincere apology.

Last year's edition was much appreciated by the members, and was found to be a powerful medium in bringing the brotherhood into notice, and increasing its numbers. The present issue as will be easily realized by comparison, is much more useful, and interesting has other lodges in the Ottawa Valley are added. I feel sure that these additions will be welcomed by many visiting brethren as by reference to its pages, no brother Englishman need feel himself a stranger in any of the towns herein mentioned may visit.

The advertisers are all firms of the highest probity and will we feel sure, do their best to give satisfaction to any S. O. E. brethren dealing with them. When visiting such, a mention of this

register may be mutually satisfactory to both Dealer and Publisher.

In conclusion we hope the present year may be most successful the S. O. E. B. S. has had. Let every brother feel that each qualified Englishman ought to belong to the order. "Unity is strength" and up to the present, the English are the only nationality who do not seem to recognize the fact. One of the best means of attaining this end, is to join the S. O. E. To be in full touch with its aims, and workings, one needs to subscribe to the oldest, best, and reliable organ, "THE ANGLO-SAXON.

The Place Names of Lodges, and Biographical Sketches of our local brethren and that of our Supreme officers will be a feature of the Directory. It is confidently expected that the Directory will cover a still wider territory next year. In fact we are anticipating extending the DIRECTORY throughout the order,—and in the course of a few years cover the entire membership from the Atlantic to the Pacific.

In this, our effort, we hope to have the confidence and assistance of the brethren. Our aim is to be of service to the Sons of England.

Yours truly,

E. J. R.

ALD. S. J. DAVIS, District Deputy of Ottawa.

Bro. Ald. Samuel J. Davis, the worthy district deputy of the Sons of England, is the youngest son of the late Wm. Davis, builder, he was born in the Isle of Wight, 1849, he was educated at Poplar House Academy, he left Southampton for Canada in 1870, and with the exception of several extended trips through the United States and many visits to Old England has resided ever since in Ottawa. Bro. Davis joined Bowood Lodge some five years ago, and has filled many offices in the lodge, including that of President, he was delegate to Brantford also St. Catharines. Bro. Davis is an extensive holder of the Capital's real estate, and a large builder, some of the best residences of Ottawa are monuments to his skill. Bro. Davis is very popular as a citizen of Ottawa. He is chairman of the main drainage committee, he was instrumental in having carried the by-laws to raise \$500,000 to thoroughly drain the Capital.

Place Names of Lodges

DERBY LODGE.

Derby Lodge, No. 30, was named after Lord Derby, on the suggestion, we believe, of Bro. Croft Hulme, P.S.G.P., of Belleville, Ont., who came to Ottawa some 13 years ago to open the lodge, the members being at a loss what to name the lodge, the suggestion was acted upon and Derby Lodge has proved to be worthy the efforts of the members who have joined the Order under the name of one of England's greatest statesmen.

BOWOOD LODGE.

Bowood Lodge, No. 44, is called after the county seat of the Marquis of Lansdowne, in Wiltshire England, who was Governor-General of Canada in the Jubilee year of 1887. A large percentage of the charter members of Bowood Lodge were from Wiltshire, and at a preliminary meeting held prior to the formation it was suggested that Bowood be the name, it was duly decided that it should be so, in honor of the then Marquis, who was Governor-General of Canada at that time. It is gratifying to the members of Bowood Lodge that the Marquis of Lansdowne is at the present time England's War Minister in Lord Salisbury's cabinet. On his lordship learning that Bowood Lodge was named after his family seat in Wilts, he sent an invitation—through the then President, R. J. Wicksteed, LL. D.—to the members to attend an "At Home," at Rideau Hall, at which a large number of the brethren attended.

STANLEY LODGE.

Stanley Lodge is another name familiar both to Canadians and English history. Our late Governor-General, Lord Stanley, was then ruling in Canada, and it was decided that the lodge should carry his name. Stanley Lodge is doing a good steady work, pushing slowly but surely to the front, impressing all that it has its roots deeply planted and will ever hold and cherish its representative name.

RUSSELL LODGE.

Russell Lodge is called after that famous English statesman Lord Russell, it also is holding its own and convincing others that it is planted firmly and growing as healthy as the old English oak does. The locality is practically a suburb of Ottawa, and before the annexation, of what was known as New Edinburgh, it was a municipality of the County of Russell, a name having the same reference to the same noble person as the lodge—Lord Russell.

QUEEN'S OWN LODGE.

Queen's Own Lodge, No. 233, was opened on Feb. 23rd., 1896. The object in giving the name of Queen's Own was a suggestion by the Chaplain, Rev. H. I. Horsey, it being the Jubilee Year he held it would be in keeping with the celebration that was about to take place throughout the Empire. The idea was acted upon, and the name is destined to be a lasting one among the names in the registry of the Sons of England.

TENNYSON LODGE, HULL, P. Q.

The above named lodge was established by that well-known Ottawa Valley representative, Bro. Ed. Ackroyd, who it can be said was the foremost of all organizers that Ottawa has had. Tennyson—a name familiar to Englishmen, was well chosen, at the time of opening the lodge the poet laureate was laying on a bed of sickness, which proved fatal, and the sympathy of the English people throughout the world were turned to one who had handed down some

of the most stirring national inspirations which have thrilled the English mind. Lodge Tennyson, Hull, P. Q., is named after England's greatest poet—Lord Tennyson.

NELSON LODGE, ALMONTE.

Nelson Lodge bears a name familiar to all English speaking people the world over, a name that Englishmen love to revere, one that has made history for England and that has immortalized the character of Englishmen.

The members of Nelson lodge have proved to the S.O.E. that they can carry out the order give by England's great admiral that "England expects every man to do his duty." The members of this lodge are imbued with the spirit that has animated Englishmen everywhere. Nelson is one of the progressive lodges of the order, was established 1887, and is governed by energetic and efficient officers.

The City of Ottawa has a District Council presided over by Bro. S. J. Davis, D.D., the secretary is Bro. Richard Patching. The council meets monthly.

The Daughters of England is also flourishing. It is composed of wives and daughters of members of the S.O.E. Lodge Ivy is making very substantial progress.

Lion Lodge, Ottawa is as prominent and enterprising as any in the Juvenile department, Its name is taken from that king of the forest, the lion, which is emblematic of the strength and ability of England. The lodge possesses a first-class fife and drum band.

FRED COOK.

FRED. COOK,  
Supreme Grand Vice-President of the  
Sons of England.

Bro. Fred Cook, Supreme Grand Vice-President of the Sons of England, was born at Leeds, Yorkshire, on July 4th, 1858. He came to Canada in 1882 and has been engaged in active news paper work since that time. Bro. Cook is Canadian correspondent of the London Times, and is Ottawa representative of the Mail and Empire and other leading Canadian newspapers. In addition to his journalistic duties Bro. Cook has devoted considerable attention to municipal affairs. He was a member of the Ottawa Public School Board and of the Ottawa City Council for four terms each, and was chairman of the Ottawa Board of Health for one year. The new Grand Vice-President is essentially one of "the boys," fond of outdoor exercise of every kind. He is this year president of the Abbitibbi Fish and Game Club which has five magnificent lakes and a splendid area of hunting territory in Ottawa county. Bro. Cook's connection with the S.O.E. dates back to 1884 when he joined old Kent Lodge in Toronto. He is an active member of the Bowood Lodge, Ottawa, and past president of Clarendon W. R. Decree Lodge. Bro. Cook ranks high in the Masonic fraternity having been W. M. of Builders' Lodge Ottawa for three successive years. When Grand Lodge met at Ottawa he was honored by being elected to the position of Grand Junor Warden. He has also been President of the St. George's Society for two years, Bro. Cook is a member of the Scottish Rite Lodge, the I.O.F. and Royal Arcanum. In the important office to which he has just been appointed we predict that Bro. Cook, will do much good for the Order.

DONALD HECTOR McLEAN, B.A.

## D. H. McLEAN, Reeve of Hintonburgh.

The subject of this sketch, Donald Hector McLean, B.A., is the son of the late Hector McLean, merchant, he was born in 1865, educated in the Public Schools Ottawa, and at Woodstock (Ont.) College and University College, Toronto, graduated with honors in Modern Languages in 1893; studied law; called to the Bar in 1893, and is now practising his profession successfully, and has offices in Central Chambers, Elgin Street, Ottawa. On seeking municipal honor. was elected Reeve in 1897, re-elected in 1898 and in 1899 by acclamation, a Liberal in politics. Mr. McLean has seen considerable of the world. In the summer of 1890 he crossed the Atlantic, working before the mast over and back, and when on the other side tramped and bicycled over considerable parts of England, Scotland and France for over three months; again in the summer and fall of 1894, he was in the Old Land wheeling—this time in France, Switzerland and Northern Italy. His notes of his experiences and adventures on both trips would, if committed to paper be very entertaining as those of a young Canadian's impressions of old world life, and it is to be hoped that some day they will be. Mr. McLean has been an ardent militiaman for some years—first joining as a private in K Company "Queen's Own," when at the University. He was given a lieutenants commission on the organization of the 48th Highlanders, and on coming to Ottawa again, in 1893, he transferred to The Governor General's Foot Guards, in which corps he is now a captain.

## THE VILLAGE OF HINTONBURGH.

This thriving suburb of the City of Ottawa lies on the bank of the Ottawa River immediately west of the city. The population last year (1898) was 2,350, an increase of over 60 per cent. upon what it was at the time of incorporation in 1894.

The village by reason of its peculiarly advantageous position enjoys all the advantages of city life without many of its drawbacks. Street cars, electric lighting, a complete series of sidewalks and police protection, and by the end of 1899 the waterworks system, now under construction, will have been completed, a fairly satisfactory system for the time being, of drainage will be built at the same time.

The new Public School is a commodious eight roomed building built in 1898, according to the most approved ideas, and the principal, Miss Tomkins, is well known throughout the City and County as an unusually successful educationist. The Separate School is a well situated four roomed brick building. There are three Protestant churches, Presbyterian Anglican, and Methodist. The Capuchin Monastery and garden with the French Church attached is a picturesque bit of Old Wold life. The English Roman Catholic Church is in the Township of Nepean just outside the Village limits.

The Municipal tax rate for all purposes for each of the last two years has been ten milis. The Public School rate during the same period has been 5½ milis on the average while the Assessment is not much over 70% of the actual value. There are no other rates for local improvements or otherwise, the cost of all such improvements as sidewalk's etc., being met out of the general improvement fund.

There is a large water power on the river frong hitherto undeveloped, arrangements are now under way, however, by which it is calculated there will be 30,000 horse power or over, available for manufacturing purposes before the end of two years. The river bank immediately below the water power is an ideal site for factories and so lies that the power thus developed can be utilized at practically no further cost.

Any inquiry for further information can be made by letter or personally to W. A. Mason, Clerk of the Municipality, at his office, Town Hall.

## Hull Electric Co.

VISITORS to the Capital on business or pleasure, cannot afford to leave for home without a visit to Queen's Park, and there is no better half hour spent in reaching this—of all summer resorts—than by the splendidly equipped Hull Electric Railroad which runs from Hull to Queen's Park, a distance of ten miles in less than thirty minutes.

The scenery all along the route traversed by the Electric Road, till Queen's Park is reached, is one of bewildering beauty. The noble Ottawa river is skirted, the Deschenes lake and rapids are observed, the pretty nestling Town of Aylmer is passed, you reach the well appointed Hotel Victoria, almost on the borders of the Park, where you can get off and secure all possible modern conveniences. The views of the Park and Lake are particularly charming from the lawn and piazza of the Hotel. If you wish the cars will take you to the central part of the Park, where you can at once lay out your plans to enjoy yourself to your heart's content. There is always some sort of amusement provided on the grounds of the Park. The Chute which plunges into the water is a marvellous wonder, a treat no person should miss; the patronage bestowed upon it by young and old every summer, creates a popularity for a trip to the Park amongst all classes. The Park is an extensive one, covering some 100 acres, with a large lake frontage, and besides a good space cleared for sporting purposes, reaching sufficiently back from the water front to make one feel that he is—when in its well wooded dells—quite out in the bush.

The car service is perfect, rapid and frictionless, and no unnecessary delays occur, the officials are courteous and the whole arrangement is an embodiment of smoothness which it is a pleasure to enjoy. Don't forget to make a trip to Queen's Park.
