VOL. XXXVIII.—No. 13,789 TWO CENTS

WITH MOUTH OF POCKET TIGHTENS

Retreating Germans Are Penned in Against the Somme and Are Being Pounded to Pieces
by Allies, Who Prepare for Storming of Nesle-Ham Road to Cut Off Enemy,
Who Has to Make His Way Thru a Narrow Strip Ten Miles Wide.

GERMANY ON THE DOWN GRADE
AND IS HEADED FOR DEFEAT

Morale of Men is Extremely
Low as Result of Two
Defeats and Enormous
Number of Casualties.

With the British Army in France,
Aug. 12.—During the lull in the battle
there are further indications that the
line is hardening. This afternoon
Crown Prince Rupprecht of Bavaria
seems to have brought in more
fresh troops, and while the allied
forces are passing their own accord,

the enemy within the area of his new
battlefront, with the Somme at his
back, is having a most uncomfortable
time. The British guns are ham-
mering Chaumes, while cannon of
larger calibre are coming up all the
time and drenching the enemy rear
with steel. They are also pounding
away at the bridges across the

Somme at Bothancourt. The
shelling of the bridges here is
a serious matter for the enemy, as
bombs from the air are daily being
dropped by British airplanes
from a low altitude at the bridges in
the Peronne district. This bombing
has been going on day and night since
the battle began, forcing the Ger-
mans to divert their transport, so
that the general movement was being
heavily hampered.

Resistance Stiffens.
Today the resistance by the enemy
has been stiffening progressively, but
his troops appear to be nervous and
apprehensive of what the future holds
out for them and what the allies in-
tend to do. In the air fighting the
allied forces it is expected that fur-
ther heavy counter-attacks may be
launched by the enemy.

Stories of the air fighting over the
battle line are amazing. One observer
coming in to his station shot down
four machines. In the same fighting a
British pilot chased one enemy plane
to earth and was swooping down to
finish off his antagonist when the
man climbed out of his machine and
held up his hands in token of sur-
render.

"So I didn't kill him," the British
pilot said. "The Canadian advanced
line has been practically static
since Saturday evening.
Yesterday the enemy, having
brought up fresh troops, made a
strong counter-attack upon our sector,
but the Canadian infantry was too
much for him and he retired precipi-
tately, leaving many dead upon the
field. It is, however, a fundamental
error and an injustice to our own men
to describe the enemy as of weakened
morale or to say that his rank and
file surrendered freely. They
surrendered in large droves
on Thursday, because our barrage
was behind them, and our cold steel
upon them, while they lack entirely
any adequate artillery support. These
long files of prisoners swinging sul-
lenly over duty roads to our rear by
no means exhibit any army played
out. In fact, they are fleshy and well
clothed. Certainly, they are a some-
what heterogeneous lot, fair-haired
men of the north, darker races of
southern Germany, Jews, and what
appear to be some Slavs. But
in equipment and everything
that goes to make the phys-
ical soldier, they are equal to
the best. The obscure story of the

FRENCH ADD 2000 PRISONERS
AND 30 GUNS TO CAPTURE
Crown Prince Rupprecht Hurries Up Part of
Diminishing Forces to Check
Retirement.

With the British Army in France, Aug. 12.—In yesterday's fighting
the French added 2000 prisoners and more than 30 guns to their captures.
There was stiff fighting today, Crown Prince Rupprecht having hurried
up part of his diminishing reserves to try to check the retirement of the
armies of Generals von der Marwitz and von Hutier. The greatly increased
weight of the enemy's artillery and machine gun fire was proof of the
rapid strengthening of his reinforcements.

CANADIANS TAKE 9000 MEN,
150 GUNS, GAIN 13 MILES

All Ranks in Best of Spirits and They Are Simply
Irresistible, Says General Currie.

London, Aug. 12.—Sir Edward Kemp has given out the following statement:
"Reports up to last night regard-
ing the work of the Canadian corps
in the present offensive further em-
phasize and confirm the extent of
their successes. The corps' prisoners
now total 9,000, with over 150 guns
captured. The depth of the corps'
advance at its maximum point is
over 13 miles. The activities of the
past three days have been on the
scene of the old Somme battle
ground, where the ground is fully
traversed by the old trenches and
other defensive works, making the
operations of our tank units, motor
machine gun companies, cavalry and
infantry more difficult, thus account-
ing for the slowing down of the early
advance. All ranks of the corps
are in the best of spirits, and in the
words of the corps commander, who
is highly enthusiastic, they are simply
irresistible."

of Roye With Their
Guns.

Paris, Aug. 12.—The Massif of
Lassigny, three miles northeast of
Gury, in Picardy, was expected to be
in the possession of the allies by
nightfall, according to military opinion
based on the latest news from the
front. It was stated that the allies
virtually were on the crest of this
high ground, and firing into the Ger-
mans from the rear.
It has been ascertained that there
is one Austrian division on the
western front, but it has not yet been
brought into action.

place Regiments Broken

VON HUTIER MUST FIGHT THE
THREATENED BRITISH ADVANCE
ON AMIENS ROAD.

With the French Army in France,
Aug. 12.—There was a lull over the
battlefield this morning. On the front
of the French first and third armies
the enemy was endeavoring to estab-
lish himself on the line of Roye-Las-
signy and the French were in contact
with him along the greater part of
this line which runs about two miles
in front of Roye and three miles in
front of Lassigny. The line extends
from Anchezy, close to the Amiens-
Roye road, thru Danourt, and Tillo-
y and on to Gury.

JAGODINA BRIDGEHEAD
GIVEN UP BY ENEMY

Rome, Aug. 12.—The war office
statement issued today says: "Along
the whole front the fighting activity
has been moderate. North of Col
Rosso our patrols forced the enemy
to retire from an advanced post.
Five hostile airplanes were downed
by us.
On Albanian Saturday, we forced
the enemy to evacuate the Jagodina
bridgehead and to pass to the right
bank of the river. Northwest of Ber-
eat, Sunday, we repulsed hostile pat-
ries."

TWO COUNTER-ATTACKS FAIL

French Take Town of Gury,
Eight Miles From
Roye.

GERMAN ATTACKS FAIL
Attempts to Regain Ground
on the Vesle Are
Repulsed.

Paris, Aug. 12.—French troops have
captured the town of Gury, about
eight and a half miles south of Roye,
according to the French official com-
munication issued tonight. Two
counter-attacks against the positions
held by the French and Americans on
the Vesle River, near Fismes, have
been repulsed. The text of the
communication follows:
"Between the Ayre and the Oise our
troops have captured the village of
Gury. We have made some progress
to the north of Roye-sur-Matz and
Cherivout.

GERMANS DEFENDING GROUND INCH
BY INCH, INTENT ON SAVING
RETIREATING ARMIES.

Paris, Aug. 12.—There has been des-
perate fighting during the last two
days on the Chaume-Roye-Lassigny-
Noyon front. The Germans are de-
fending the ground inch by inch, in-
tending to save the bulk of the armies
of Generals von der Marwitz and von
Hutier, which are retreating in the
direction of Nesle and Ham.

GERMANS USE POISON GAS
From Sub Off the Coast

Washington, Aug. 12.—Using poison
gas, a German submarine attacked the
coastguard station and lighthouse on
Smith Island, off the North Carolina
coast Saturday night, the navy de-
partment tonight announced. Six men
were overcome by the gas.

TWO ENEMY AIRDROMES
HAVE BEEN CAPTURED
Prisoners Taken Are From Fresh
Prussian and Bavarian
Divisions.

With the British Army in
France, Aug. 12.—Two enemy
airdromes and more prisoners
have been captured by the allies.
The prisoners are from fresh
Prussian and Bavarian divisions
and have been taken during the
past few hours.

FORCES OF CANADA
PLAY LARGE PART

Extent of Advance With Cap-
tures Exceed Early Anticipa-
tions—Objectives Gained.

Ottawa, Aug. 12.—The following cable
was received today by the department
of public information from Sir Edward
Kemp, minister of overseas military
forces:
"Official reports received today em-
phasize the prominent part played by
the Canadian forces in the present of-
fensive. The extent of the advance and
captures of prisoners and war ma-
terials are greater than anticipated
in earlier reports.
All objectives were achieved and
held. These gratifying results were
obtained with very moderate casu-
alties."
Sir Edward Kemp has despatched
the following telegram to the Cana-
dian corps commander, Lieut.-General
Sir Arthur Currie:
"My heartfelt congratulations to
yourself, the corps, and other attached
Canadian units, including cavalry and
motor machine gun brigades, on the
greatest success in the history of the
Canadian forces. Canadians have
more than maintained their past spon-
der record, and Canada will be proud
rather than ever of them and their glori-
ous achievements."

BRITISH TROOPS CAPTURE VILLAGE
OF PROYART, SOUTH
OF THE SOMME.

FIGHTING CONTINUES
Enemy Loses Heavily in
Prisoners Taken and
Men Killed.

London, Aug. 12.—The allied troops
fighting today in the region between
the Somme and the Oise made fur-
ther progress east of Fouesquier and
on the south bank of the Somme and
also captured the village of Proyart,
south of Bray, according to Field
Marshal Haig's communication issued
this evening. Hundreds of Germans
were made prisoner and the Germans
also suffered heavy casualties. The
text of the communication follows:
"Successful fighting today in the
neighborhood of the Roye road east
of Fouesquier and on the south bank
of the Somme our line has been ad-
vanced in each of these localities, and
some prisoners have been taken.
"South of the Somme our troops
captured the village of Proyart after
sharp fighting in which the enemy lost
heavily in prisoners and men killed.
The fighting is continuing in this
neighborhood.
"On the right of the British forces
the French have taken Des Loges. On
the remainder of the British front
there is nothing to report."

SIX MEN OVERCOME BY THE
FUMES ARISING FROM OIL
SPREAD ON WATER BY UN-
DERSEA BOAT.

Washington, Aug. 12.—Using poison
gas, a German submarine attacked the
coastguard station and lighthouse on
Smith Island, off the North Carolina
coast Saturday night, the navy de-
partment tonight announced. Six men
were overcome by the gas.

FRANKFORT RAIDED

London, Aug. 12.—An official com-
munication issued by the air ministry
tonight, dealing with bombing and
raiding operations, says that despite
the unfavorable weather, British air-
planes successfully attacked an air-
plane and chemical works at Frank-
furt. Other squadrons attacked the
railways at Metz and an airdrome at
Augsburg, Alsace.

# GERMAN DEAD LIE ALL OVER GROUND

### Increasing Difficulties of Retreat Force Desperate Defence.

### FRENCH PRESS HARD

### Allies Hold Positions Commanding Only Roads From Roye.

With the French Army in France, Aug. 12.—Altho Germans have been reinforced with both artillery and infantry and are resisting more strongly between the Arve and the Oise, their fresh divisions have been unable to entirely stop the advancing French, who now have a firm hold on Thiesscourt plateau.

South of Roye and northwest of the French hold positions that command the only roads leading from Roye and Ribecourt toward Noyon over which the enemy can withdraw his artillery.

The increasing difficulties attending their retreat are driving the Germans to desperate sacrifices in their efforts to check the allies' advance about the positions the Germans hold on Thiesscourt plateau. Their losses are extremely heavy, and their dead lie all over the field. They are found in shell holes and nooks where they vainly sought protection from the French fire. Among them are some survivors, who are found in every possible hiding place.

Privations are endured by the Germans in the front line recently, this was picturesquely evidenced by a letter found since the offensive began. It was from an officer, who informed his relatives in Germany that the French artillery had been furnishing the only meat available by killing horses.

Another officer wrote with pride and satisfaction that he was able to send along with his message of love and hope a sack of wheat he had just gleaned from an adjoining field.

A German wireless operator was found at the bottom of a well after the French had advanced over the enemy positions. As an evidence of the haste with which the enemy withdrew, it may be said that the entire mail of one regiment made up for transmission to Germany was captured at Resons-sur-Matz.

Roy: Why? You mustn't, either.

Both: Why?

Both: I've got my orders.

The Moose: They've got their orders.

## WAR SUMMARY THE DAY'S EVENTS REVIEWED

In the fighting yesterday, the lull fell on part of the battlefield, the allies still pressed enemy hard and achieved further tactical gains, including the capture of observation points over the Roze-Nesle-Ham road, and French withdrawal to Beaumetz. British were retirement from the Hindenburg line, and it was also partly present in the retreat from Mons. It is in this respect that the German retreat, the fanfare shows itself, for no matter how disorganized the British army became in the old Mons. retirement, it only partly retreats from the Hindenburg line, the British advanced east of Fouquencourt and near the Roze road, taking some prisoners. On the left, the British captured the village of Proyart, after sharp fighting. In this region they inflicted heavy casualties on the enemy and made a large haul of prisoners. North of the Somme on the extreme left, the British advanced into Bray.

It was not the enemy that imposed the lull on the allies, but it was the French and British, who partially paused of their own volition. The cause not only comes from the need of re-organizing their troops, but of preparing to storm the line of Chaubains, Roze, Lesigny and Noyon in order to gain control of the roads from Roye and Noyon to Nesles and Ham. The British had the evening were still holding a point two miles out of Roye, not having made a move forward since their cavalry pushed on ahead some time on Sunday. They also have showed their tanks far to the east of Roye in the direction of Nesle. The extreme peril of Von Hutier's army remains, for the storming of Roye would break down his whole defence, down to Noyon, and in time it would corner the enemy and surround a large portion of his army. For this reason, the Crown Prince of Bavaria has sent forward his reserves held in leash for an offensive, to take the defensive in an attempt to save Von Hutier. The retreat of Von Hutier has also showed up on account of the congestion of the roads in his rear.

Thus the allies have so narrowed the front that the retreat of the heavy masses of Von Hutier to retreat to Ham and beyond, that, even if their envelopment fails, they will have pushed at least 15 or 20 miles into the defensive so severely that they will never fight again as divisions this year. The enemy loss in officers has also been higher than usual.

## VESLE FRONT SHELLED BY ENEMY IN SPASMS

### Germans, in Turn, Direct Heavy Guns Against Certain Particular Targets.

With the American Army on the Vesle Front, Aug. 12.—The Germans are shelling the Vesle front spasmodically, their heavy guns apparently being concentrated, in turn, on certain targets. St. Thibaut, Mont Notre Dame and Fismes have been chiefly chosen.

A real attempt to feel out the allied strength has taken the form of an attack on Flamette, a little village northwest of Fismes. This, however, was a failure, as the American shooting was able to enter the village and the assaulting troops retired, leaving a fresh sprinkling of dead and wounded, which already has been fatal to so many Germans.

## NEW EAST FRONT TO MENACE ENEMY

### Crescent Russian Provinces Come Out for Support of Allied Interests in War.

Washington, Aug. 12.—The possibility of an establishment of an east front that will be a serious menace, at least, to the Germans, is being considered, it became known today with the making public of the proclamation of the "supreme government of the northern territory." The signers of the proclamation are with two exceptions, members of the constituent assembly representing the Provinces of Novgorod, Archangel, Volhgia, Viatka, Kazan and Samara—a chain of provinces extending from the Arctic to the region of the Don Cossacks in the south.

This chain is in the form of a crescent, making a complete front on the Russian population. The signers of the proclamation are the best elements of the Russian population. The signers of the proclamation are the best elements of the Russian population. The signers of the proclamation are the best elements of the Russian population.

### SIX HUNDRED ARTISTS IN LOAN COMPETITION

### Great Difficulty Experienced by Judges in Deciding Awards.

Ottawa, Aug. 12.—More than 600 Canadian artists have participated in the Victory Loan poster competition, and the judges say it will be impossible for them to make their prize awards before next Thursday.

The posters have been placed on the walls of the art museum, Toronto, for private inspections of the judges, and it is hoped to have later a public exhibition of the posters in leading Canadian cities.

The judges will give 60-3 points for ideas on the bond-selling ideas of the posters, and 22-28 for artistic merit.

### PRINCE ARTHUR IN TORONTO.

Prince Arthur of Connaught passed thru Toronto last night on his way to Niagara Camp, where he will review the Polish Legion. From Niagara he will go to Beamsville to inspect the aerial school established there. His highness has just finished a two-day flying tour of the province, and will arrive back in Toronto today at four o'clock.

### LIUENTENANT SPAULL KILLED RECENTLY

Trayton Spaul, 73 Greenwood avenue, is in receipt of information that the brother, Lieut. Ernest Spaul, was recently killed during a zeppelin raid in France. He had just returned to the front from a short visit to England, where his wife and two children reside.

Mr. Spaul has two other brothers with the Canadian forces. Driver Vaughan Spaul, C.E.F., who was promoted to the rank of corporal on arrival in France. He is now convalescent in England and promoted to the headquarters office and engaged in clerical work.

### VIADUCT TO BE OPEN WITHIN FOUR WEEKS

The Don Viaduct should be open for motor and vehicular traffic between Danforth and the city via Howard street within the next four weeks, according to the statement of Works Commissioner R. C. Harris to Alderman Richard Honeyford, Ward One, who interviewed the commissioner regarding the slow progress in the work of completion of the big undertaking.

The works commissioner is satisfied that the viaduct will be ready for completion in the next few weeks, when the work of construction on the viaduct will be completed, and the main bridge, wood blocked, traffic will be opened.

### HARRIS COMPANY HAS FINE POTATO PATCH

We have the best crop of Irish potatoes in the city and will average not less than 400 bags to the acre, on our 25-acre field adjoining the factory," said W. J. Harris, of the Harris Potato Company, Limited, Danforth avenue, in a reporter for the "World" yesterday.

"We sold 150 bags this morning for \$100 cash to the 'Irish,' said Mr. Harris, who added that in his experience of 31 years as a grower of potatoes he had never had such a bumper crop, and attributed the healthy condition of the tubers to the spraying with Bordeaux mixture which was done six times during the season.

"We expect to dig out 350 bags a day until the crop is dug," said Mr. Harris.

### POULTRYMEN HOLD YOUNG BIRD SHOW

Under the auspices of the Danforth Poultry Association, a well-attended young bird show, embracing all varieties, was held in the hall at Danforth avenue, last evening. B. Major occupied the chair in the absence of W. K. Crook, president of the Danforth Poultry Association. The association is composed of Messrs. J. Danis and Joseph Russell, M.L.A., acting as judges. Special prizes were awarded for the following birds: Best American and Mediterranean, including bantams, White Leghorns, Anconas, Rhode Island Reds, Wyandottes, and the best trio of any variety. A special prize was awarded for best birds hatched from eggs donated by the association.

The representative from the Earlscourt fair committee extended an invitation to the members to visit the forthcoming fair, and to send entries to the secretary.

J. J. North, secretary, reported 54 new members received in the last three months.

### Unionville

### "WAYSIDE" MARKET IS STILL POPULAR

The "wayside" market at Unionville continues to attract farmers and buyers generally, from the neighboring districts, together with a good sprinkling of city people, and Saturday was no exception to the rule.

Fruits and vegetables of all kinds were freely offered and the prices were regarded as reasonable. The result was a lot of buying and selling. The "wayside" market is in the hands of an efficient committee with Arthur Campin as president and W. F. Elliott, secretary. The grounds are in charge of David Duncan who handles the motorists and public generally with tact and judgment.

### DRUG STORE ENTERED.

The drug store of F. M. Gordon was entered by breaking the glass in a side window, between midnight and ten a.m., when two cameras, 25 worth of chocolates and other goods were stolen.

### No Don Road Work Started Yet.

The milkmen and farmers came up the Don road yesterday morning expecting to see a steam shovel at work on Taylor's Hill, according to proclamation. Colonel Skelton told them that the contractor is summing at Locust Hill. Thomas Foster, M.P., phoned the Honourable Bill Pugsley at Richmond Hill when it would be convenient to assist Engineer James to drive the peas marking the levels. William said something about sandwiches and cigars and ginger pop for the party. The road is in such bad condition that Hon. George Henry instructed his deputy to lodge a complaint with the honorable the commissioner of highways. In the meantime a number of bowling matches must be played before the steam shovel can get round to the job. Royal Field Force engineers are working in Texas this coming winter if the road is not fixed up, and a million dollars a month, now spent in York Township, spent in the States! That's how the James way of doing jobs works out for the taxpayers and the road.

At the R. A. F. motor trucks managed to get down the hill yesterday to relieve an airplane stalled up the road. Colonel Wings, of the R. A. F., says he never saw such fine roads as the people of Texas provided at about the flying camp in their state. In Ontario a government commission charged with good roads has relied for three winters to give the relief motors of King George any road help to get to the man in the snow! And yet Mr. Pugsley can't be stopped from starting up God Save the King, whenever the chairman gives the toast at the Clyde Hotel.

### PTE. BEN SEARS DIES AFTER LENGTHY ILLNESS

The death has occurred after a month's illness of Pte. Benjamin S. Sears, late of the 74th Battalion, who died in Toronto General Hospital yesterday.

Pte. Sears was wounded in France and was returned home several months ago, and owing to the nature of his illness the military authorities discharged him without pension. Secretary Lacey of the Earlscourt Great War Veterans, took the matter up personally, and after considerable trouble, succeeded in persuading the authorities that the case was one that should be investigated, with the result that he was eventually placed in hospital on pay and allowance. Pte. Sears lived on for some months, but was unable to get on his feet, and he died in hospital. He was a member of the Earlscourt veterans and is survived by his widow and two young children. There is to be a military funeral tomorrow to be held at the Earlscourt cemetery and Earlscourt veterans are asked to attend.

### FOURTH ANNUAL SUMMER FESTIVAL

In ideal weather the fourth annual mid-summer festival in connection with East Riverdale recreation centre was held on the grounds, East Queen street near Morse avenue, last evening. S. H. Armstrong occupied the chair and in a short address complimented the organizers for their general deportment and attendance during the season and W. H. Hodgson, supervisor, and assistants for their good work in the section. A dance was held on the grounds, and dances and sports were carried out. The opening number was a vineyard dance by the midget girls which was cleverly executed by a Class Day Polka by the Morse street girls, after which a flag dance in costume was given. A potato race by the girls was held, and the first prize was won by Miss A. Fitzsimmons and the first prize of the boys' race by Harry Smith. Other items on the program were Poppy's, Miss A. Fitzsimmons, and the first prize of the boys' race by Harry Smith. Other items on the program were Poppy's, Miss A. Fitzsimmons, and the first prize of the boys' race by Harry Smith.

### PICKARD-FREEMAN.

The marriage of Mrs. Grace Freeman of 28 Hesterly road, north Earlscourt, to James Pickard is announced, which took place at the home of the bride. Mrs. Freeman is the widow of Douglas Pickard, one of the first contingent men, who was killed at the Somme. His son Douglas, who enlisted after his father was killed, was present at the funeral service at the Earlscourt bank. The couple will live in Fairbank.

### LAYING WATER MAINS.

For several months past men have been employed by north Earlscourt laying new water mains to supply Fairbank and this northern section with city water. The work is nearly completed, the pipes now being brought down to North Dufferin street, where they will be joined to the Earlscourt mains. York Township, in its payment, will purchase the water from the city. Some residents have objected to the introduction of city water in Fairbank, but these have been overruled by the majority.

### ALDERMAN BEAMISH IS NOT SATISFIED

"I visited the Don viaduct on Friday last and was not pleased at the rate of progress made in its completion," said Alderman R. B. Beamish to a reporter yesterday. "I asked a foreman about the work and when it was pointed out that the viaduct consisted of some of his men were taken away from the viaduct to lay rails in another part of the city, and that he could do with 10 or 15 men more in his department, and that if the alderman sent that number of men along he would find work for them. The lack of help was keeping the job dragging on."

"I told the foreman that the operation of the viaduct was as important to the citizens as the Canadian National Exhibition, and that more men should be employed by the city authorities."

### WILL MAKE ANNOUNCEMENT.

Secretary Stock Communicating With Headquarters Regarding New Order.

Chas. H. Stock, secretary Riverdale branch, G.W.V.A., who is at present in communication with Col. Healy, headquarters, regarding the new order, which will be made immediately on receipt of Mr. Stock has received many letters from returned men stating that the paymaster has refused to pay out the increased amount until instructions are received from headquarters.

### DESTROYER SINKS U-BOAT.

Washington, Aug. 12.—Sighting a submarine of the coast of the United States, an American destroyer immediately dashed at full speed at her, launched 15 depth bombs when the submarine submerged, and it is believed, sank her. The crew of the destroyer noticed it on the surface and immediately put down two more depth charges.

## NEW TORONTO TAX RATE SOARS AGAIN

### Council Strikes Thirty-Seven Mills, After Final Trimming of Estimates.

At the regular meeting of the council last evening, there was little business done beyond the reading of the bylaws. The tax rate bylaw was given the reading, and the rate set at 37 mills.

Reeve Lovely remarked that everything had been done to keep the rate as low as possible, and for proof he submitted the general rate, which is 15.50, compared to 17.75 last year, a difference of 2.25 mills, 1.47 mill was the rate on the incinerator debenture, and this helped to put up the rate.

Council decided that it did not feel justified in abandoning the claim for costs against Geo. Scott and the board of trade in the recent jurisdiction action.

It was decided to grant the conductor of the local band \$4 weekly, reading of the bylaw will be held Monday evening, Aug. 19, and an attempt will be made to have officials of the Toronto fire department present to state their needs and the necessity of better protection and drill. General accounts amounting to \$7,592.47 were passed.

### Mimico

### TORONTO BUILDER HAS HOUSING PLAN

Offers to Build Fifty Residences on Plans Approved by Mimico Council.

The regular meeting of the Mimico council was held last evening in the council chambers, when various matters of business were put before the council.

S. Hagar of Toronto appeared with a proposition concerning the housing problem. Mr. Hagar was willing to build 25 or 30 houses on plans approved by council, and he urged them to accept his offer. As Mimico has had little trouble with this question it was decided to defer the matter for further discussion. A letter was read from Dr. McCullough, provincial board of health, regarding the need of sewers on certain streets. The council admitted this was necessary and a request will be sent in to the finance committee for permission to start the work.

Dr. Forbes Godfrey wrote council on the matter of fixing Albert avenue. He felt that he had not been treated fairly in this matter and asked that something be done to put the road in condition at once. He would also like a light at the foot of Albert avenue.

George H. Gooderham, chairman of the Toronto-Hamilton Highway Commission, in his letter to council wanted to know if any bylaw had been passed in Mimico prohibiting the erecting of signs and bill-boards in the town limits. Mr. Gooderham stated that the commission was doing all in its power to prevent these things from appearing along the highway.

The first equipment question was raised again and the committee, which consists of Mayor Harrison and Councillors Johnson and Eland, reported that investigations were being made and machines tested.

General accounts amounting to \$11,080.92 were passed. The council adjourned at 11.45.

### Fairbank

### FAIRBANK TO PROTEST OVER FIRE EQUIPMENT

Fire protection is again the subject of much talk in the Fairbank section of north Earlscourt. So many houses have been entirely destroyed with no insurance upon them that the residents are determined to have protection if possible. Most of the houses in Fairbank are frame, and when they are destroyed it is almost impossible to save them, and the result is a total loss to the owners.

A mass meeting is to be called for the purpose of getting some ruling from the city on this question. The Earlscourt station could not get to a Fairbank fire in time to save the houses, when once it got started, hence the necessity for some immediate action.

### EVANGELIST ARRIVES.

## GRAND ENCAMPMENT OPENS CONVENTION

### Independent Order of Odd-fellows Will Hold First Session This Morning.

The opening ceremonies of the Grand Encampment of Ontario, Independent Order of Odd-fellows, were held last night at the I.O.O.F. Temple, College street, C. P. Crasson, D.D.G. P. chairman, opened the meeting, and an address was read to grand patriarch, J. McCrory, Chatham, by J. Ferries, D.D.G.P., district secretary.

A short program was rendered by the Grand Patriarch, J. McCrory, Chatham, addressed the meeting. He said that many of their members were fighting overseas, but at next year's anniversary they hoped that they would be home again.

The grand decoration of civility was conferred on Col. E. Drinkwater, Hamilton, and Lieut. Col. Thos. G. Anderson, Hamilton. This was done by General George M. Hermiston, department commander of Ontario.

The cup presented to the order by Mrs. Robert A. Ellis, which had been with Canton No. 11 for the past two years, was won by Canton No. 7, for having secured the most members for the year.

The next grand representatives' dinner was given at the Prince George Hotel last night on behalf of the grand officers who are in Toronto from the United States. These are Frank W. Mallison, grand patriarch of New York; Nathan C. Rose, grand patriarch of Michigan; J. G. Reynolds, grand scribe of Michigan; Fred M. Card, grand patriarch of Connecticut; and W. S. Hutchinson, grand scribe of Connecticut.

The first session of the convention will commence at 8 o'clock this morning.

### MANY WOMEN PRESENT

Praise of the government and of its present policies, was the dominant note of the various speeches delivered at a meeting held in the interests of Hon. George S. Henry, minister of agriculture, in Snell's Hall on Main street near Gerrard street last night. The meeting was fairly well attended, half of the audience being women.

J. E. McMillan occupied the chair and the speakers were the minister of agriculture himself, Thomas Foster, member of East York in the federal parliament, Norman Sommerville and Andrew McMillan.

Mr. Foster congratulated Mr. Henry to fill the position of minister of agriculture, and Hon. Dr. Cady to preside over the department of education. He referred to Mr. Henry as a business man and an experienced farmer. He believed the minister of agriculture, through his influence, could help secure for Toronto the fat stock show and money to Toronto, promote the establishment of the canning and curing trade here and give employment to thousands of people.

Mr. Foster congratulated the government for its aid and assistance in developing Hydro-Electric power, which might, some day, be a great relief in case of future shortage of fuel. He believed that in granting the Toronto Hydro-Electric Commission had made a move in the right direction, and he expressed the hope that at some near time the vote would go to all the women in this dominion.

### WAR VETERANS CENSURE POLICE, BUT NOT MAYOR

Central Branch Will Ignore Chief Magistrate's Letter Expressing Regrets for Soldiers' Injuries.

Central branch, G.W.V.A., last night unanimously passed a resolution censure Toronto police force for its alleged unwarranted attacks upon maimed soldiers and women during the riots on Saturday night, August 8. At the same time it placed itself on record as disapproving acts of lawlessness in general.

The branch decided to ignore a letter received by the president of the association from Mayor Church who had in this letter stated his regrets for the injuries received by some soldiers during the second night of the recent disturbances. The question of censuring the mayor for his attitude toward the police was unanimously passed, but was debated, and finally a resolution to that effect was defeated.

The branch elected two members to officiate upon a committee which will wind up the affairs left unsettled by the late York district executive. The executive during the debate upon this resolution was severely censured on general principles.

The secretary, George Murrel, was granted two weeks' holiday with pay. A resolution was unanimously passed urging the appointment of a returned soldier to the office now held by Captain Louis Brown, which position should be declared vacant for this purpose.

A moonlight trip is scheduled for August 22 to help the funds of the distress committee.

All the members were urged to be present at a mass meeting of soldiers' wives to be held to discuss the recent riots.

### MEMORIAL SERVICE.

A memorial service was held at the Earlscourt Central Methodist Church on Sunday evening. Rev. Peter MacFarlane presided, and the choir sang "The Good Book," the first hymn, and "The Good Book," the first hymn, and "The Good Book," the first hymn.

### PLATFORM NOT NEW ONE.

Dealing with the alien question, he said he had suggested in the federal house that a commission be appointed to study the matter and had proposed that the aliens who were making \$1000 a year be given \$200 a year. A development of \$1000,000 to \$1,200,000 a year. Norman Sommerville spoke in a very earnest manner, and he termed the pretensions of an ambitious man who was backed by none of the existing organizations or bodies, but who simply wished to get into the limelight. He warned his audience that indifference of the election might prove the best thing for the people would wish to maintain prohibition.

### YOUNG WOMAN'S BODY FOUND IN LONG POND

Miss Della Pearce Had Not Been Seen by Her Friends Since August Seventh.

The body of Miss Della Pearce, of the Aberdeen Club, 7 Bain avenue, was found floating in the cut at Long Pond, Centre Island, yesterday by a member of the life saving crew who was inspecting the equipment of the department at that point. The man was looking over the life-saving appliances when he saw something floating under the surface. An investigation proved it to be the body of the young woman.

The life-saving crew then removed the body to the city morgue where it was later identified by the young woman's two sisters, who lived with her. Miss Pearce was last seen by her friends on August 7, and when she did not return home the next day the police were notified, but had been unsuccessful in their search.

### CHEERLESS REPORT, BUT NOT HOPELESS

Much Gain in West Injured by Frosts, But Feed Conditions Are Good.

The Winnipeg Free Press, which every year gives an exhaustive report of crop conditions, summarizes the outlook for the 1918 crop in its Saturday edition. On the whole the report is not cheerful, but the situation is far from hopeless. There was severe frost in northern Alberta and Saskatchewan, but Manitoba suffered very little from that cause and there has been abundance of rain recently and a general improvement in feed conditions for stock. In Alberta a good deal of wheat is being cut for green feed, and in many districts there is a fair crop of coarse grains. Potatoes are a bumper crop in Manitoba. Wheat cutting will be general in Manitoba by the 18th, and in Saskatchewan by the 20th.  
Here are the chief features of the report, which was put together from reports from hundreds of districts in the three provinces:  
Manitoba: Out of 74 districts only eight show frost and only one point five degrees. Where frost occurred it is reported as damaging low land mainly and that only in patches. Abundance of rain. At 28 points cutting wheat will be general between the tenth and fifteenth and the balance between twentieth and twenty-sixth. Crop late and still subject to damage by frost. Many districts in the south report the best wheat crop in years. Condition of coarse grains has improved enormously. The potato crop is evidently a whopper as only one point reports a light crop. Rye and barley have already been cut in a number of places.  
Saskatchewan: Of 78 points only 21 reported no frost. The remaining 57 report frosts from two to 13 degrees and nearly all wheat either partially or in part in blossom at the time the frosts occurred. Some points report damage from 10 to as high as 75 per cent, but very many points report that so far it is impossible to tell definitely what the damage will be. Other points say damage is confined to low spots and is not serious. In nearly every case the frosts were followed by rain which apparently minimized the damage. Cutting will be general between the twentieth and twenty-fifth. Only three points claim rain is badly needed. General improvement on coarse grains since rains came, and they have suffered much less from frost, especially the later crops. Potatoes very fair. Conditions as to feed for stock show a general improvement.  
Alberta: Twenty-one points heard from. Only point in the south reporting frost is Cardston, while all points in the north report heavy frosts. Some state all wheat being cut for green feed and others 60 to 75 per cent, fit only for green feed, but remainder filling well. Abundance of rain at many points, but feed conditions in the south not much improved.

### DETECTIVES CATCH AN ALLEGED ROBBER

A daring attempt to rob Lila Lowe, 115 Pembroke street, bookkeeper of the Globe Theatre, 75 West Queen street, was frustrated by the prompt action of four detectives at nine o'clock yesterday morning, when Arthur Vaughn, a former employe of the theatre, entered the office of the actress wearing a black mask. The officers were soon on the scene and Vaughn was apprehended by Detective Jack McConnell as he was escaping down a lane with the money. He appeared in the police court and was remanded for a week.

### RELATIVES NOT ALLOWED TO BOARD VESSELS

Relatives of soldiers in the Canadian Expeditionary Force will not be allowed to visit the vessels in Montreal Harbor in order to welcome troops returning from overseas. In a message sent to Toronto military office yesterday afternoon it was stated that the foregoing regulation would be strictly carried out. For this reason Toronto people will be well advised who do not go to Montreal expecting to meet their soldier friends when they disembark.

### CHATHAM'S EPIDEMIC MAY BE FROM WATER

Dr. T. J. McNally, district officer of health, of London, Ont., is investigating the recent outbreak of typhoid fever in Chatham. According to Dr. J. W. McCullough, provincial officer of health, the outbreak is due to bad water.  
"We have been continually calling to the attention of the City of Chatham to the need of protecting their water supply," said Dr. McCullough yesterday, "and if the outbreak of typhoid fever is due to the water, as I believe it is, it will be the city's own fault, for they have been warned over and over again."

### TORONTO DISTRICT QUOTA FOR SIBERIA

Five Hundred Volunteer Infantrymen and Machine-Gunners Are Asked.

Toronto military district received its first call from Ottawa for a contingent of recruits to form part of the Canadian expeditionary force of 4000 men for service in Siberia, which will aid the Czech-Slovaks in repelling the German occupation of Russia, yesterday afternoon.  
The call from Toronto district is for one company of infantry and one of machine-gunners, each unit probably having a strength of 250 men. There will be six officers, three consisting of a major, captain and four lieutenants. It is understood that the two companies will be Toronto district quota for the force going to Russia. The base for the C.E.F. men in Russia will be Vladivostok.  
To start with the recruiting for the Russian campaign will be on the voluntary basis. Those open to join will be the men not in class one under the Draft Act, and returned officers and men. The returned soldiers will be given the preference for places in the new expeditionary force, but must be physically fit for a military campaign. It is expected that a further order soon to be issued from Ottawa will authorize the enrolment of drafted men, who so wish, for the expedition to Russia. Men volunteering for the Russian campaign must send their application to Lieut.-Col. James George, A.A.G., Toronto military headquarters.

### Major-General Logie Visits Col. Bickford at Headquarters

Major-General W. A. Logie, formerly officer commanding Toronto district, who recently returned from a special mission overseas, was a visitor of Col. H. C. Bickford, Toronto military headquarters, yesterday. It is understood that the former commander of Toronto district will take up duties in Canada in connection with the plan for the demobilization of the Canadian Expeditionary Force. There is a possibility of his having his headquarters in Toronto. There were only two nights while the general was over in France that the staff in the Canadian billets were not disturbed by the noises caused by German bombers.

### DEFAULTERS BELOW "A" NOT ASKED TO FIGHT

Some special arrangements, regulations and privileges in regard to the order granting amnesty to military defaulters who report to the authorities by Aug. 24, were made known by Toronto military headquarters yesterday afternoon.

One of the most interesting of the later announcements is that the men who are defaulters, deserters, or men absent without leave, under the Military Service Act, on reporting will be given a medical examination and only those found to be in Category A will be enrolled for combat service. It is probable that a fair proportion of those found to be in categories below A will be temporarily put on leave of absence.  
The authorities urge upon the defaulters the importance of their reporting within the specified time and so availing themselves of the privileges now extended. Those who do report on or before Aug. 24 will receive no punishments for their past delinquency, but those who fail to give themselves up will be subject to being tried by court-martial and severe penalties are also being promised.  
The government also has made it known that the defaulters who report within the time limit will have extended to them all the privileges allowed the other drafted men, as if nothing had happened, including harvesting leave, and their claims for leave of absence on compassionate grounds will be carefully considered.  
The defaulters, who report by Aug. 24, and some have already done so, will have their status under the act investigated by the authorities and those not liable because of the War Times Election Act, will be relieved from combat service.

### RIOTERS' PROSECUTION FALLS DOWN IN COURT

The prosecution of 15 alleged rioters fell down in the police court yesterday morning. Four cases were dismissed, and the remainder were withdrawn. The following were dismissed: William O'Reilly, Henry Gray, Philip Beaver, and William Sheldon. The cases withdrawn were: W. C. Miller, Frank T. Rush, Robert Bell, Murray Wilson, Walter Costello, P. C. Roy, Albert C. Albert, J. Nivall, Pte. G. R. Powell, Pte. Robert Ashton, R.A.F.; Pte. Howard McKay, 7th Battalion, Can. Regt., and Herbert Dean.  
All the defendants were alleged to have taken part in the riots which ended in the smashing of the Greek restaurants.

### CANADIAN NORTHERN LEAVES DON VALLEY

Opening of New Leasee Yards Puts End to Long-Standing Nuisance.

With the grading practically finished and the buildings all but completed the big Canadian Northern railway yards and shops at Leaside will be ready by November—well within the time limit set for the completion of the work.  
From the time the first shovelful of earth was turned last spring until now the progress made has been remarkable when labor conditions are considered. The yards, when completed, will stand as a monument to rapid construction and engineering ability.  
When the new yards are open the Canadian Northern will leave the Don Valley—and it will have no regrets. For years it has operated from there under difficulties. Every spring the Don floods caused thousands of dollars damage besides demoralizing the system and raising the anger of the Rosedale district because of the noise of shunting engines and the clouds of black smoke. The nuisance has become so serious as to be a cause of complaint to the minister of railways, who has been told the company will be indicted if the nuisance does not stop.  
All this, however, will be "ended" when things at Leaside get started. The company will then only run two trains, to the Union depot by way of the valley.  
In vacating their old yards about 30 acres of land lying between the Bloor-Danforth viaduct and the C. P. R. steel bridge to the north will be available for either industrial or park purposes. It is used for the former because of objections raised by the citizens to the operation of the Canadian Northern trains will hold, and it is further claimed that the difficulty of teaming in and out of the valley makes it undesirable as a site for factories. A prominent railway engineer told a reporter for The World yesterday that, in his opinion, the only use to which the land could be put was for park purposes. It possessed many natural advantages, he said, and if proper representations were made to the Ottawa government it might be handed over to the city. The city should, in any event, try and get it.

### WOMAN'S BODY FOUND IN LONG POND

Corpse Had Not Been Seen Since August Seventh.  
The body of Miss Della Pearce, 45 Club, 7 Bain avenue, was found in the cut at Long Pond, yesterday by a member of the diving crew who was in the equipment of the department at that point. The man was the life-saving apparatus something floating in the water. An investigation proved the body of the young woman, the diving crew then removed when she did not return next day the police were had been unsuccessful.

### HAD TOO MUCH SUGAR.

Under the order-in-council which says that no person can have over 15 days' supply of cane sugar on hand for his requirements, Jos. Levinaky, 19 Oxford street, was fined \$100 and costs or three months, the minimum penalty. Levinaky failed to prove to the court that the 200 pounds found in his house was just enough to meet his needs for 15 days. There had been no attempt to hide the sugar.

### COURTIAL ATTACKED IN BROAD DAYLIGHT

#### British Aviators Escape With No Losses — Drop Fifty Tons of Bombs.

London, Aug. 12.—An official communication dealing with aviation, issued tonight, says: "Fifty tons of bombs were dropped by our aviators Aug. 11 and the following night. The two chief objectives, both by day and by night, were the Somme crossings, and certain railway junctions, of military importance."

"Courtrail station and its sidings were heavily bombed by some of our squadrons in broad daylight, from a low height, without loss to us. Many direct hits were observed."

"At night, the stations at Peronne and Cambrai were severely attacked with good effect. All our night bombing machines returned safely."

"Enemy aircraft, flying in large formations, were active on the front. Twenty-nine hostile machines were destroyed in air fighting during the day and 24 others were driven down out of control and their balloons were shot down in flames. Five of our machines are missing."

"The observation work for our artillery, carried out by airplanes and balloons, was steadily continued. On the night of August 10-11, a Gothia machine was brought down by our anti-aircraft fire, in addition to those already reported."

#### Border at Church Parade

##### Of Eight Thousand Canadians

Canadian Associated Press Cable. London, Aug. 12.—Sir Robert Borden visited the admiralty and in a conference with Sir Edward Kemp respecting shipping facilities for Canadian troops. At the Canadian camp at Seaford, he also attended a church parade of 8000 officers and men. At the Seaford camp, he was presented with a medal for gallantry and resourcefulness, he proceeded to the American camp, where Messrs. Borden and Kemp also inspected the latest reports received from France by airplane of the Canadian success in the offensive. Borden today visited the war cabinet. He later visited the Maple Leaf Club.

#### MOVE MADE TO TAKE OVER ALIEN PROPERTY

Vancouver, Aug. 12.—Application has been made in the supreme court to have all the interests of the Vancouver Timber and Trading Company vested in the custodian of enemy alien property. This is the company promoted by Alvo von Alvensleben, well known in Vancouver during the boom times, but who is now in an alien internment camp in Salt Lake. Of the fifty odd shareholders, all but two or three are Germans, included among whom are Franz von Rintelen, Fritz Sigismund von Schoenberg, Deutsche Bank of Berlin, Carl von Dierpe and many others. The company is valued at \$48,000 of the \$45,000 paid-up capital came from Germany.

#### C. P. R. REGULAR DIVIDENDS.

Montreal, Aug. 12.—Regular dividends were declared at a meeting of the board of directors of the Canadian Pacific Railway Company held here today. The dividend of 2 1/2 per cent. on the common stock for the quarter ended June 30th was declared payable Oct. 1 to shareholders of record Aug. 31. The dividend of two per cent. on the preference stock for the half year ended June 30 is likewise payable Oct. 1 to shareholders of record Aug. 31.

#### SHOPMEN MAY STRIKE.

Winnipeg, Aug. 12.—Railway shopmen throughout Canada are not in favor of accepting the McAdoo award and demand that a general strike be called if all railway mechanics immediately, according to union officials. The result of a strike vote for the entire west is expected to be made known this evening after the ballots have been tabulated. This has nothing to do with the "running trades" which have agreed to submit all differences in future to a joint board which has been organized.

#### CYCLOPS LOSS A MYSTERY.

Washington, Aug. 12.—Loss of the American naval collier Cyclops remains a mystery. Secretary of the Navy Daniels told newspaper correspondents today when asked regarding reports that a message saying the Cyclops had been captured by a German submarine had been found in a bottle floating at sea. Mr. Daniels said the navy department had no information regarding such a message.

#### PROPAGANDA BARRED.

Zurich, Aug. 12.—The authorities at Vienna have ordered the public to hand over every piece of propaganda literature dropped by Italian airmen last Friday, and threaten severe penalties for failure to do so.

#### LIEUT.-COL. JONES KILLED.

Ottawa, Aug. 12.—That Lieut.-Col. Tilmer W. Jones, D.S.O., with bar, has been killed in action in France, was the brief announcement received by cable today. His mother, Mrs. D. B. Jones, resides in Brockville.

### THREE FISHING BOATS SUNK BY SUBMARINE

Crews of Two Schooners Missing—Attack Without Warning.

Boston, Aug. 12.—Two submarines raided the fishing fleet on George's Banks, Saturday, and the crews of the fishing schooners Oldtime and Crusier probably were lost when their boats were sunk by gunfire without warning, according to the crew of the fishing schooner Mary Bennett, who were landed here tonight. The Bennett was also sunk by gunfire, and shells were fired at the boats when they were pulling away, the fisherman said.

The Bennett's lookout noticed two submarines several miles away. The first intimation the fishermen had that submarines were hostile was when a shell suddenly crashed into the side of the Oldtime. She heeled over and sank so quickly that the Bennett's crew were certain the men could not have escaped. At any rate they saw nothing of them.

#### NEARLY ONE SCORE OF BOATS DESTROYED

##### Submarine Raid Proves Costly to Schooners on George's Banks.

An Atlantic Port, Aug. 12.—The number of fishing vessels destroyed by a German submarine in its raid on the coast of George's Banks last Saturday night was nearly a score, the nine already reported, according to men from one of the vessels brought here today. This is the belief of Andrew St. Croix, mate of the schooner Kate Palmer, who says that from the cross-trees of his vessel he saw the sinking of seven other schooners by bombs, and that before the submarine came into view he had counted eleven other explosions at intervals of 15 minutes or half an hour.

He estimated that at least 40 boatloads of men were set adrift on the Banks as a result of the raid.

#### SWEDISH SHIP SUNK NEAR NANUCKET

##### German Submarine Turns Crews Adrift After Leisurely Search.

Boston, Aug. 12.—The crew of the Swedish steamer Sydland, which was sunk by a German submarine August 8, southeast of Nanucket were landed at this port today. The Germans, in sinking this neutral ship, proceeded in a leisurely manner, spending three or four hours in examining the papers, in exploring her holds and in making ready the bombs which finally sank her, according to the story told by the officers. The Sydland was bound in ballast from Gothenburg, Sweden, to Hampton Roads, for orders.

#### ENCUMBERED ROADS DELAY ALLIED ADVANCE

London, Aug. 12.—Reuter's correspondent on the French front, under date of Sunday, attributes the slower rate of progress on Saturday to the fact that the roads over which the allies must advance are so encumbered with abandoned material and trees, which the enemy felled in great numbers across the roads, that the progress of the advance is being impeded. This is not so much on their own account, but owing to the difficulties met by the ammunition and supply columns which follow them.

On the other hand, he adds, the enemy's haste prevented the mining of roads and the setting of traps, as he did in 1917. It is possible, therefore, to explore abandoned towns and papers, without fear of being blown to pieces.

#### BRITISH LINK UP LINE SOUTH OF SOMME

London, Aug. 12.—The British war office reports: "Yesterday evening the enemy again attacked our positions south of Libons. He was repulsed. As a result of successful operations carried out by us immediately south of the Somme we captured 200 prisoners and linked up our positions east of Mericourt with the line east of Etinham, on the north bank of the river.

"On the right of the fourth British army our allies made progress in the afternoon in the direction of Roye, capturing the villages of Armancourt and Tillyezy.

"On the northern portion of the British front we effected local improvements in our line east of Robecq and between Vieux-Berquin and Merris."

#### TO ENLIST FOR SIBERIA.

Victoria, B.C., Aug. 12.—In telegraphic advices received from the adjutant-general by Major Gen. Leslie, general officer commanding military district No. 11, he is asked by the military department to enlist one company of infantry for service with the Canadian Siberian Expeditionary Force.

#### FRENCH AT VLADIVOSTOK.

Vladivostok, Aug. 12.—Four companies of French soldiers and one of Annamites from China and Indo-China arrived here today, headed by Commandant Mallet. A company of Czech-Slovak soldiers with band and breeches. The newly arrived troops were reviewed at the pier and then paraded to their barracks.

#### BRITISH IN RUSSIA.

London, Aug. 12.—British troops which were landed at Vladivostok have proceeded to the Ussuri River front where they were given an enthusiastic reception by the Czech-Slovak forces, with whom they are co-operating, according to an official statement issued here tonight.

#### FRENCH-CANADIANS TO GO.

Montreal, Aug. 12.—Three hundred French-Canadian soldiers from this military district will form part of the 4,000 men Canada will contribute to the Allies' Siberian expeditionary force.

#### JAPANESE IN TOUCH.

The Hague, Aug. 12.—Japanese advance troops are in touch with the Czech-Slovaks, says a Moscow dispatch to The Weser Zeitung of Bremen.

### LARGE SUM SPENT UPON MUNITIONS

#### Billion Two Hundred Thousand Dollars Laid Out in Canada.

Ottawa, Aug. 12.—On what gigantic scale are the operations in Canada of the imperial munitions board is indicated in an official statement that the total value of contracts for shells, raw materials and supplies of various kinds up to May 31 last, was \$1,200,000,000. No less than \$1,000,000,000 had been paid out on accounts of these orders by the board to the same date.

Of this enormous expenditure shells accounted for \$664,800,000, the total number of shells produced in Canada to the end of May being \$5,800,000. These shells range in calibre from those for the 18-pounder and the 4.5 howitzer, which form the "backbone" of the field artillery, to the 9.2 howitzers further back of the front line, where the "heavies" hold forth in their deadly rôle.

Fifteen per cent. of the total expenditures of the British ministry of munitions during 1917 was spent in Canada, constituting a very substantial proportion when it is remembered on what an enormous scale is the manufacture of munitions in Great Britain itself, and how great has been her output in the United States.

The number of factories engaged in Canada in the production of munitions is 450.

The imperial munitions board has also arranged contracts in Canada on behalf of the British government, whereby Canadian manufacturers will undertake the machining of approximately 11,000,000 shells and the manufacture of 15,000,000 forgings.

#### GERMANY INFORMED OF ANOTHER RETREAT

Amsterdam, Aug. 12.—The military writer of the Berlin Zeitung Am Mitternacht, in preparing the German public for a further retreat of the German forces, says: "If, to avoid further fighting we are withdrawing to new positions, thereby allowing the enemy to attack with great losses, we are serving our aims better than by sacrificing our best men in an obstinate struggle for pieces of ground. The decisive moment has not yet come. Therefore, all the retreating fighting, and that to come, must be regarded only as millions on the road to the final goal. Notwithstanding the abandonment of ground, precisely for these reasons our position has become such as to retain masterly over our actions."

#### ST. ANDREW'S-BY-THE-SEA

Every experienced golfer knows that more can be learned in a day from watching crack players at the game than in a month of hapazard slogging. For that reason it is well worth while making the trip to St. Andrews, for the exhibition games which will be played on Saturday, August 17, over the Algonquin Club's course, by four of the best professional players in Canada, namely, R. Murray of the Royal Montreal Club, twice open champion of Canada; Albert Murray of the Iveshaik Club, also twice open champion; A. Woodward of the Country Club, St. Lambert, and John Peacock of the Algonquin Club, St. Andrews.

#### OTTAWA STREET CARS TIED UP BY STRIKE

Ottawa, Aug. 12.—Members of the district No. 275, Amalgamated Street Railway Men of Ottawa decided at 1.30 this morning to go on strike at 5 o'clock this morning. An offer by the company to go before the federal labor appeal board was refused unanimously. Hon. Senator Gideon Robinson, Minister of Labor, ordered that the strike be called off, but the men to wait hearing of an appeal board. At present they are paid 26, 28 and 30 cents an hour. They are asking 46, 48 and 50 cents.

#### FRENCH GAIN ANTOVAL UPON CREST OF HILLS

London, Aug. 12.—The French have reached Antoval, on the crest of the hills west of Ribecourt. In the German drive early in June the fall of Antoval proved fatal to the French hopes of the valley of Flanders, as well as the forest of Carlepont, on the east bank. If Antoval is firmly held by the French the German lines along the Dier, it seems are in danger, and if the French continue to gain, the enemy's retirement from territory held along the eastern bank of the river may be forced.

#### PYTHIANS OFFICERS.

Windsor, Aug. 12.—Grand lodge Knights of Pythias met again early this evening and elected the following officers for the year: Grand chancellor, Arthur Wilkes; Hamilton; vice-grand chancellor, W. H. Gorrie, St. Thomas; grand prelate, A. G. Marshall, Ottawa; grand master of exchequer, John Burns, Niagara Falls; grand keeper of records and seal, Alex. Coulter, Toronto; grand master-at-arms, C. H. Tinney, London; grand inner guard, W. Davis, Oshawa. St. Thomas was selected as the place for holding the next convention.

#### DEATH FROM CHICKEN BONE.

Port Hope, Aug. 12.—Mrs. Samuel R. Sampson of the Township of Hope is dead as a result of a peculiar accident. While eating chicken on Monday night Mrs. Sampson swallowed a small piece of bone, which caused considerable irritation in the chest. An X-ray examination at the General Hospital, Toronto, failed to reveal any obstruction and Mrs. Sampson returned to her home. A few days later she was suddenly seized with a vomiting spell and died before medical aid could arrive.

#### BRITISH SHIP SUNK.

An Atlantic Port, Aug. 12.—A British merchant steamer was sunk recently off the north Atlantic coast, according to the second officer of the German submarine which sent nine fishing schooners to the bottom off George's Banks Saturday and Sunday. This report was given members of a crew of the Kate Palmer, a fishing schooner, when they were taken aboard the U-boat prior to the destruction of their vessel.

#### MINERS URGED TO WORK.

Washington, Aug. 12.—Coal miners and operators are called upon in a proclamation by President Wilson to give their maximum effort to the production of coal to the end that threatened shortage next winter may be avoided. The president asks the miners particularly to work full time, and urges those who are essential to the industry to accept deferred classification in the draft.

#### HARASSING FIRE.

Rome, Aug. 12.—The Italian war office yesterday issued the following statement: "Harassing fire was more frequent in the Lagarina and Brenta valleys. On the lower Piave our batteries caused fire and dispersed workers in the enemy lines of communication."

### BRITISH SEAPLANES DESTROY ZEPPELIN

London, Aug. 12.—British aircraft accompanying a naval reconnoitering expedition off the West Friesland coast of Holland yesterday morning brought down a German airship in flames north of Ameland. Six of the motorboats which were engaged in this expedition have failed to return. The admiralty announcement of this operation reads: "British light forces, accompanied by sea coast Sunday morning. The British forces were heavily attacked by German aircraft. Six motorboats have failed to return. There was no other damage nor any other casualties."

"The aircraft attacked a German airship north of Ameland and destroyed it, bringing it down into the sea, in flames from a great height."

#### LARGE NEW ZEPPELIN DESTROYED BY BRITISH

London, Aug. 12.—British airmen today brought down a German Zepplin, plain of the English east coast, according to advices to The Star. The machine was one of the largest and newest of this type of airship constructed by the Hun. It was observed at sea at daybreak today. Royal Air Force machines rose to attack it, and were able to get close to the airship before they were observed. After a few minutes' fighting the zeppelin was effectively hit, and fell flaming into the sea.

#### FIVE-CENT FARES GO ON DETROIT UNITED

Detroit, Aug. 12.—A summary of the street car controversy shows tonight the Detroit United Railway plainly on the defensive. The police are compelling cars to run and thousands of patrons who had paid only five cents were carried in this manner. The Kronk ordinance, fixing fares at five cents cash or six tickets for 25 cents with universal free transfers, becomes effective at midnight. Car collectors more than usual. Car collectors are not subject to arrest unless they forcibly eject or assault patrons. City officials are confident the company will surrender if the people stand pat.

The company, it is believed, is up against the wall and is looking for a loop-hole. It may attack the validity of the Kronk ordinance, in doing this it appealed this afternoon for a restraining order.

# Munitions Workers

When you go home each day, if your conscience tells you that you have put as much real service into your labour as the individual soldier puts into his fighting, then you will, and everyone else must be satisfied with your output.

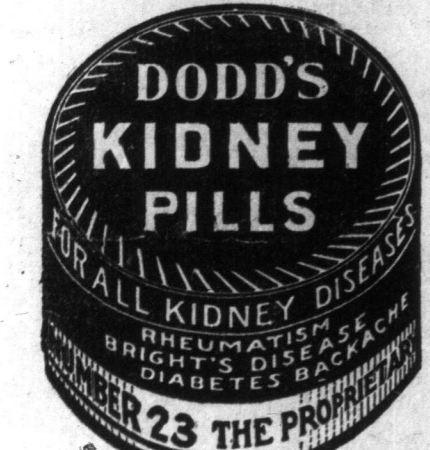

The soldier trusts so implicitly in the steady and enduring character of your effort that you cannot be indifferent to the amount and quality of it.

To fall behind in munitions production now---is to dash the Cup of Victory from the lips of those who, for more than four years, have tasted only the bitterness of hope deferred.

The Army must rely upon you.

## Speed Up Your Output!

HIGHWAY CHAIRMAN  
BLAMES COUNTIES

Says Local Bodies Objected to Construction of Bridges Last Year.

Geo. H. Gooderham, chairman of the Toronto and Hamilton Highway Commission, has written the following letter in explanation of certain complaints being heard:

"As much criticism has appeared in the public press regarding the construction of bridges on the Toronto and Hamilton highway, at this particular time, when the traffic is so heavy, and as one of the papers states the public should have an explanation as to why the work could not have been done three or four months earlier or three or four months later, I beg, on behalf of the commission, to make the following statement:

"Over one year ago, the commission's engineers reported on the condition of the bridges, and the nature of these reports was such as to warrant the commission in deciding to erect new structures. Accordingly plans and specifications were prepared and under our act were submitted for the consideration of the municipalities which were responsible for the construction and maintenance of these bridges. The municipalities objected and we followed the only course open to us, which was to appeal to the Ontario Railway and Municipal Board. Before this tribunal we were opposed at every move by the Counties of York, Peel and Halton, and I might say that all three counties went to considerable expense in an attempt to block the work. After numerous sessions the railway board finally handed down their award, and gave us the authority to construct the bridges. This was on May 31, and is the reason that they could not have been constructed three or four months earlier.

**Must Be Done Early.**  
"The construction of concrete bridges is probably the most important class of concrete work, and it must be completed before the frost comes, which is practically October 15, and the providing of temporary crossings and the completing of the new structures will take three months, so that the work if commenced on July 15, was the latest possible date on which the work could have been started this year.

"The reason for the detour from a point east to a point west of the Etobicoke River at the present time, is on account of the concreting of the heavy fill which was made about two years ago, it having now pretty well settled, and the cost of maintaining a passable road has been found to be so great that the commission felt it justified in stopping traffic at this point when, while the traffic may be heavy, we are reasonably sure of having fine weather and little rain, so that the road is in its best condition, and the public may rest assured that with the exception of the short interruptions which have taken place during the completion of the temporary bridges, and the three weeks it will take to finish the concreting of the fill, the traffic will not be interfered with."

FINANCE SECTION  
REVIEWS REPORT

Property Committee Makes Recommendations Regarding Glen Grove School.

The finance committee of the board of education held a special meeting yesterday to review the report of the property committee with respect to the plans for the erection of the new school on Glen Grove avenue which is to be erected in memory of the late John Ross Robertson.

This report is as follows:  
1. That a complete unit, instead of a wing, be built on the Glen Grove school site.  
2. That the heating plant and coal space be placed outside underneath the ground and the lavatories be placed over the heating plant and on a level with the first or ground floor.  
3. That the direct system of ventilation from windows with the exhaust fan placed above the second storey be used.  
4. That no basement be placed under the new school to be erected on Glen Grove site.

5. That the building of the school to be erected on the Glen Grove site be given to an outside architect.  
6. That the resignation of Mr. Blake Matthews, as caretaker of the Island school, be accepted, so take effect forthwith.

These recommendations were carried, with the exception of No. four, which was opposed by Dr. J. Steele and C. A. B. Brown, but will be passed on for the decision of the board of education.

Number five was also opposed by C. A. B. Brown, but nevertheless it was carried.  
The board of education will meet Wednesday, Aug. 21, for the purpose of passing the above recommendations or voting them down.

FIRE PREVENTION  
LEAGUE PROPOSED

Ontario to Have Provincial Association, and Convention is Arranged.

Ontario is to have a provincial fire prevention league, affiliated with the provincial fire marshal's department. Sir Wm. Hearst, premier of Ontario, has issued invitations to a number of representative public organizations to send delegates to a fire prevention convention to be held at the parliament buildings on Friday, Aug. 20.

The convention will organize a league for the purpose of promoting a propaganda, and to arrange for the general observance of October 9 as fire prevention day, October 9 has

been adopted by general consent of the respective governments for this purpose throughout North America.

The invitation was read at the finance committee meeting of the board of education yesterday afternoon, and Dr. G. J. Steele, chairman of the board, was appointed to represent the board at the convention on Aug. 30.

TENDERS BEING RECEIVED.

Tenders are now being received by the York Township Council for the contract of installing 12 six-inch distribution water pipes in the township water system. These will be considered at the next council meeting, August 19.

APPOINT COAL COMMITTEE.

Comrades A. W. Marshall, W. J. Carmichael, J. Browning and S. Stafford, all of the Riverdale branch of the G. W. V. A., have been appointed a coal committee for the branch. It will be their duty to secure if possible large quantities of coal for the families of soldiers overseas.

NEWS OF LABOR

STREET RAILWAYMEN  
COMPLAIN OF SCHEDULES

Division No. 113 of the International Union of Street Railwaymen may decide to hold a mass meeting to consider the grievances of the men. Conferences have been held between the management of the Toronto Street Railway Company and the executive of the union, and the meeting on Thursday night will hear reports of the delegates to these conferences, after which it will decide upon any further action it may be necessary to take.

Among other grievances is that of irregular schedules. It is believed that the company must meet the men halfway, and that a compromise may be effected which will be agreeable to the men.

HAVE NEW CHARTER.

John Hopkins, business agent for

the union of painters and decorators, has presented the new charter to the newly-organized marine painters' union in Toronto. Joseph Hunter of Niagara Falls, general organizer for the A. F. of L. in Canada, is also in Toronto.

ALDERMAN GIBBONS' ILL.

Alderman Joseph Gibbons, business agent for the street railwaymen in Toronto is ill and will not be at his desk at the Labor Temple for several days. The president of the Toronto local of the International Union of Street Railwaymen will take the place of the alderman until the latter returns to his duties.

LUNCH LESS THAN COST.

Tea Only Costs One Cent a Cup, Says Superintendent.

A. J. Watson, divisional superintendent of the Bell Telephone Co., stated yesterday afternoon that meals served in the company's lunchrooms to the employees at less than cost price, a cup of tea costs only

one cent (including milk and sugar). Coffee was a little dearer, and cost as much as three cents a cup. Salads could be procured for 10 cents each, and a hot roast for only 15 cents.

NEW SCHEDULE ACCEPTED.

The textile workers at the Simpson and other knitting mills have accepted the new wage schedule presented at the meeting of the union held at the Labor Temple a few days ago, and the new schedule starts today.

CARPENTERS SATISFIED.

John Cottam and other officials of the United Brotherhood of Carpenters held a conference with Mark Irish relative to points at issue between the carpenters and some of the plants in Toronto. It is understood that these have been satisfactorily settled.

IN SPITE OF HEAT.

On the hottest August day in Toronto, with one exception, in 75 years almost 100 women attended the food demonstration given by the food committee of the Women's Patriotic League last Wednesday. Enquiries come from all over Canada to the headquarters of the league, 83 West King street, showing that the interest taken in food conservation is most keen and vital in every part of the Dominion.

This fact ought to be well considered. Labor, in adopting proportional representation, places itself on record against machine politics.

On the special question of education upon which the election in Northeast Toronto may be said to turn, Mr. Varley places a definite program against Hon. Dr. Cuddy's undertaking to set what has been done.

**NEED EDUCATION MORE THAN EVER**

Reconstruction Must Follow Victory, Says Hon. Dr. Cody.

**WOMEN AT MEETING**

Take Keen Interest in Northeast Toronto By-Election Speeches.

As the day of victory draws near, so does the day of reconstruction, when education will be the all important question in the opinion of Hon. Dr. Cody, minister of education, and candidate in the Northeast Toronto by-election. This sentiment was expressed at a well attended meeting held in his behalf at Laura Lee clubrooms, Avenue Road, last night. There were several speakers, many of whom dwelt entirely upon the political aspect of the present contest, but the candidate devoted most of his time to an appreciation of the military change on the allied front in France, and in an eloquent manner showed how the building of character by education made victory against military might and isolated intellect possible.

Hon. Dr. Cody was given a rousing reception. "We are assembled tonight on the dawn of a new day that is beginning to break. The war is being won, the crisis safely passed, and we must now turn our efforts to what we may hasten the day of the utter downfall of that thing—militarism. We must go forward with no slackness of mind."

The reason the French staff has such brilliant men was because its members had been taught by the then Prof. Pook, again, was the power of education shown. Everything that brought victory nearer made it more necessary to prepare for the days of reconstruction. Education has a better value than reformation, and the education of the child was the important problem of the present.

The speaker said nothing would have persuaded him to take up the duties of minister of education other than the opportunity to do his extra bit in helping to develop the power of Ontario's young citizens. He promised careful study to the question of education after a thorough investigation, both in Ontario and in other parts of the world. "The rights of man, the rights of woman, the rights of the child, of these the latter is the thing we have to face now," he said, "is a sound mind, a sound body with the inspiration of a sound soul that is our ideal."

Major A. Kirkpatrick said that although he was a Liberal he could not do otherwise on this occasion than support Hon. Dr. Cody's candidature. He was a man of high ideals, the one man in Ontario to be minister of education. There was need for a broader education and he hoped that day would soon come when politics would be purged of the "what do I get out of it?" idea.

Mrs. H. S. Strathy spoke briefly in support of the candidate. "Can Ontario erect a finer memorial to the men who have died at the front than give their children the best education," she asked. It was here that Dr. Cody's work would be felt.

Sgt. Cornish, who fought in the trenches for nine months, offered a protest against an election at this time on the ground that it was an unnecessary expense. He criticized the labor men who formed themselves into a Bolshevik society and held that William Varley had been made the tool of a certain faction which was trying to force its way into the ranks of the G.W.V.A.

Mark Irish, M.L.A., spoke on the necessity for getting out every vote on Monday, commencing the election to a horse race because of its uncertainty. He corrected the impression that a minister could be appointed without running as a candidate and explained that the constitution of the country demanded it.

Mrs. N. L. Martin spoke briefly and J. Lester explained the voting organization. Mrs. A. Vankoughnet occupied the chair.

The meeting closed with the singing of the National Anthem.

**PLAYS, PICTURES AND MUSIC**

**REGULAR FREQUENTERS ARE GIVEN A LAUGH**

George M. Cohan's "Seven Keys to Baldpate" was the first great success of the Robins Players four years ago, and Mr. Robins is filling the penultimate week of his remarkably successful engagement with a revival of this stirring and most amusing melodramatic comedy. It is a piece that bears re-visiting to judge by the laughter of regular frequenters, and there must be large numbers of people who have not yet seen this classical example of the modern school of fun-making.

**HIGH STANDARD SET AT SHEA'S OPENING**

Shea's management has set a high standard in vaudeville for the season in presenting the opening bill this week, which proves one of headliner calibre through a new drop curtain—a huge Union Jack—adds a patriotic feature. The orchestra, under the leadership of the new director, Victor H. Waldburg, provided a fine musical setting.

**WELL-BALANCED BILL GIVEN AT HIPPODROME**

The offering this week at Shea's Hippodrome is a well-balanced mixture of Christian science, concrete moving pictures, the feature picture is called "Ace High" and stars Tom Mix, a member of the R.N.W.M.P. Ace High is the name of a vaudeville, one-half of which is on the American side and one-half on the Canadian side.

**THRILLING PICTURES AT LOEW'S THEATRE**

Undoubtedly one of the most thrilling pictures William S. Hart has ever starred in is the one shown at Loew's Theatre this week. It is clean cut and of the white variety that holds the imagination as well as the attention. He is seen as "Shark" Monroe, the play by that name, master of the remote schooner, which he puts manhood into a weak type whose sister assumes a strange feeling of interest, is life-like and expelling of emotion.

**REGENT HAS STRANGE FILM STORY THIS WEEK**

**NEW SONGS AND DANCES SEEN AT THE GAYETY**

Entirely new to burlesque, being without music, and limited to a limited number of new songs, dances, and vaudeville novelties, Arthur Pearson is presenting his best production "Step Lively Girls" at the Gayety Theatre this week.

**DEATH OF ANNA HELD**

New York, Aug. 12.—Anna Held, the actress, died here late today, after an illness of several months. Miss Held had been ill since April of a rare malady known as myeloma, a disintegration of the spinal marrow, and her condition worsened severely several times as critical. She rallied repeatedly, however, and until attacked by pneumonia a few weeks ago, was regarded as on the road to recovery.

**SPEEDWAY GIRLS HAVE GOOD SHOW AT STAR**

Charles M. Baker's "Speedway Girls" are at the Star Theatre this week in two of the best burlesques seen in Toronto for some time, under the captions of "Up-to-date Married Life" and "The Isle of Mystery."

**MAE MARSH AT MADISON**

There cannot be two opinions as to the suitability of "The Glorious Adventure," Mae Marsh' latest Hollywood production, in which she is to be seen at the Madison Theatre the first part of this week.

**ARRESTED FOR THEFT**

Charged with the theft of a quantity of coal from the Grand Trunk Railway, Carmelo Sebastian, who gives his address as 525 Front street, was arrested by G.T.R. Constable Johnson last night and turned over to the civil authorities.

**TWO SOLDIERS' BODIES ARRIVE FROM ENGLAND**

A. W. Miles, undertaker, received a cable from his London, England, office that the bodies of Flight-Lieut. Donald P. Gibson and Flight-Lieut. W. J. Cox have arrived at a Canadian Atlantic port and will be forwarded on to Toronto where military funerals will take place.

DOROTHY DIX'S TALKS

PUT THE WOMEN TO WORK

BY DOROTHY DIX. The World's Highest Paid Woman Writer.

Now that Uncle Sam has reached out a strong hand, clutched the masculine loafers by the slack of their garments and dragged them up to the work bench...

What is sauce for the gender is sauce for the goose. The idle, lazy, worthless woman is just as much a menace to the country as the lazy, idle, worthless man...

So far as women are concerned, no one will deny that their chief vice, as a sex, is laziness. They adore softness. They like bodily ease. It requires heroic effort in a woman to inspire her to make the slightest effort, even to think...

And to this day this theory still prevails. The woman who goes out into the world to work for her living, no matter how competent she may be, nor how much money she can earn...

Also, everybody pities and "poor things" the woman who goes out into the world to work for her living, no matter how competent she may be...

And when women are forced by necessity to work they nearly always do it under protest, and do as little of it as they can. That is why they so seldom succeed in their undertakings...

And each and everyone of these women's ambition and aim in life is to reach some sort of an income in which she will be like the heroine of the nursery rhyme, "who sat on a silk cushion and sewed up a seam and fed upon strawberries, sugar and cream..."

Now, laziness is a well nigh incurable fault, because the victim of it never admits being afflicted with the disease and never wishes to be cured.

up with the inconvenience of a boarding house, instead of having a home of her own, because she is too lazy to keep house. No, she sighs and says that her health is so bad that she is not able to wield a broom, or make a bed, altho she is able to play golf and tennis all day long and dance the night afterwards...

No ordinary means can reach the lazy woman, safely barricaded behind her nerves and her specialist, but the government can stretch out its long arm and get her, and that is why the anti-laziness laws should apply to women as well as men...

Any doctor will tell you that his trade would be gone if it were not for the idle women who give themselves up to rich food and who never do a lick of work, and who, having nothing to occupy their mind or body, fall a hundred real and imaginary ills...

It is the idle women whose brains are the devil's workshop. It is the women whose only labor is killing time who discover that their husbands are not their soul mates, and who start out on a still hunt for affections which they invariably find. It is the women who have no real interests in a legitimate occupation who find it in the illiterate occupation of gossiping and affairs with men...

The hard-worked woman who is doing her best to take care of her family and spread three dollars over the space of five, hasn't got leisure to discover that she is misanthropic. Neither has the woman who is holding down a good job. She has got something more important to think of than the sound of a footstep...

The government owes it to the women of this country to save them from themselves. Let every woman be called to the colors. Let every woman be called to the colors. Let every woman be called to the colors...

The women are requested, as far as possible, to wear the Red Cross uniform. "Everyone has a white skirt and waist," says the enthusiastic organizer, "and all they have to get is a yard of lawn for the handpiece and a bit of ribbon or red cotton to make the cross for the arm and veil..."

All who have ever done any Red Cross work in any way and who can pledge themselves to be present on the afternoon of Aug. 28, are invited to phone M. 784 and give in their name, when they will be instructed as to when they will receive a coupon for the day...

SOCIETY

Conducted by Mrs. Edmund Phillips

Col. Clyde Caldwell, headquarters staff, arrived in town yesterday from Ottawa and accompanied the lieutenant-governor to Niagara, who arrives at the camp today. His honor will accompany H.R.H. to Toronto today, the latter to stay at Government House during his visit...

Their Excellencies will give a dinner party at Government House, Ottawa on Friday, the guests to have the honor of meeting His Royal Highness. In the absence of Mr. Edward Greig, Mrs. J. E. Elliott gave a little private view of another collection of colored prints lent to the Art Museum at the camp today...

It is the lazy women who never make even so much effort as to dress themselves, who become neurotic, and who bore us to death by their hysterics, and harping forever on the stories of their own grievances. If you want to hear a crowd of morbid, self-centred egotists tell the sad and stories of their lives, get among the wives of prosperous business men—men who can afford to keep half a dozen servants and limousines for their women folk...

Mr. and Mrs. William Hendrie left Hamilton on Saturday for their house boat on the French River. Accompanying them were Mrs. Hendrie, Miss MacDonnell, Watson, Col. Michie, Master George Hendrie and Miss Mary Hendrie. Mrs. J. E. Elliott is leaving town next week on a trip to Alaska...

Mr. Ronald McMurrich, C.E.F. son of Prof. and Mrs. Playfair McMurrich, has returned from overseas. Mr. Hamar Greenwood is in Hamilton in company with Henry B. Thomson, chairman of the Canada Food Board. They are proceeding to Newfoundland on a special mission in connection with food conservation...

Mrs. McCurdy, Halifax, gave a dinner dance of 28 for her son, Mr. Pearson McCurdy, at the end of the week. Major-General Lyons Biggar and Mrs. Biggar, who have been spending the summer in Charlottetown, P.E.I., returned to Ottawa. Col. R. L. Low and Major D. Barry, Ottawa, are spending a week in Halifax...

Word has been received that Major Perse, Royal Engineers, who was wounded on July 27, died the next day. A few days ago he married a young daughter of the late Mr. Thomas Corson, Toronto. Miss Edith Scott left yesterday to motor herself to Southampton, breaking the journey at Collingwood. She was accompanied by Miss Alice Burritt, Miss Beatrice Corson and Miss Freda Macintosh, who are going to be the guests of Mrs. Burritt...

Mrs. Prince is the guest of Prof. and Mrs. Alfred Baker at their country house at Lake Rosseau, Muskoka. Mrs. Agnes Adamson, who has been and is doing such wonderful work for the children and refugees of Belgium, has been awarded the Queen Elizabeth Medal. Just now Mrs. Adamson is appealing to Belgian relief headquarters for more clothes, as one of the schools for which she works has been burned. Mrs. Pepler is trying to arrange for transportation for clothes that may come in of sufficient value to be forwarded.

Pure Rich Milk—the ideal food for summer

No one enjoys a heavy meal in warm weather. But everyone needs nourishment—food to replace "wear and tear" of the body, to give new energy. Use concentrated foods—foods that do not overtax the stomach—foods that are appetizing as well as nourishing.

FOR milk is nature's most nearly perfect food. It contains all the elements of nourishment your body needs. It contains them in a concentrated, balanced form. It is easily digested, helps digest other foods more readily.

And, food value considered, milk is the most economical food in the world. The nourishment milk supplies is cheaper than the nourishment supplied by meat, eggs, bacon, fish—any food you can buy.

Begin today to make milk play the part it should play in your daily diet. Bring health and economy by using milk from The Farmers' Dairy—and lots of it—milk that comes fresh and pure from the finest farms in Ontario, that is made safe by scientific pasteurization in the best-equipped dairy in America.

### BETTER WAR NEWS WILL HELP FAIR

Manager Kent of Toronto National Exhibition Predicts Big Year.

#### NEW ATTRACTIONS

Provincial and Federal Governments Making Unusual Production Displays.

A prediction that adverse weather alone will prevent the Canadian National Exhibition from being its attendance record year, was made by Manager John G. Kent. He does not look for as large an American patronage as in previous years, owing to the congestion across the line, he believes that any falling out on that account will be more than made up by the increased attendance from both the rural and urban population at home. The better war news is a strong factor in Mr. Kent's calculations.

"A year ago," he said, "the farmer was kept at home by the backward season and scarcity of help, but this year all that is changed. The labor shortage has been more than made up for by the splendid weather conditions and the early start the farmers got and the work on the farms is now far advanced, with the prospect of a very early harvest. This condition is reflected day by day in our mail, which is carrying more inquiries from country points regarding the exhibit and prospects than I remember for years past."

"And if these inquiries are a fair basis to judge from," he continued, "there are going to be many additional farms equipped with machinery this year. Presumably the government's purchase of tractors has converted many to the use of mechanical aids to offset the shortage of man power, and the prospects are that there will be a large number of farmers here planning to equip their farms with further labor-saving tools."

**Much Agricultural Machinery.**

Canadian manufacturers of farm implements appear to have seen the demand coming some time ago and they have arranged for more space at the Exhibition than ever was devoted before to agricultural machinery.

Some months ago the directors, through President Russell, offered the governments, federal and provincial, every facility the Exhibition afforded for displays or object lessons along the lines of greater production and conservation. The officials of the various departments both here and at Ottawa have taken full advantage of the offer, with the result that the government displays will be much more extensive than usual, beginning with the potato food show in the educational building and covering practically the entire range of farming. One of the newest government exhibits will be in the poultry building, where the O.A.C. Guild will have a demonstration of culling, planned for the benefit of the back-yard breeder, and a baby hatchery being made in the same building by the Exhibition, which will have on display a number of backyard flocks and model houses suitable for the city.

This appeal to the city man, who has been patriotically responding to the greater production of food, the planting of a war garden or the addition of a small flock of hens, rabbits, etc., will be carried out in several other sections of the exhibition, including the educational building, where the Ontario Organization of Resources Committee will have a booth and will supplement the effort there with a series of lectures on war gardens and backyard production possibilities.

#### WOUND NOT SERIOUS.

Capt. George W. Brown, son of George Brown, 41 Ingham avenue, was wounded Aug. 8. A private message received by his parents asks them not to worry, so it is considered his wound is not of a serious nature. Capt. Brown was born in Toronto and attended the university. At the outbreak of the war he was manager of a branch of the Home Bank in Weyburn, Sask.

#### BYE-ELECTION WRITS FOR FOUR RIDINGS

Writs were issued yesterday afternoon for bye-elections in two of four ridings in the province whose members in the local legislature have either died or vacated their seats. Nominations in Manitoulin and Lennox counties will take place on August 29, and elections, if more than one candidate is chosen, on October 24.

R. R. Ganey, member for Manitoulin, and T. G. Carracullen, M.L.A. for Lennox, died several months ago, and the seats have been vacant for nearly a year.

J. H. Fell, sheriff of Gore Bay, has been appointed returning officer for Manitoulin, and Gilbert Ross, registrar of deeds, of Napahee, for the riding of Lennox.

The two other seats are North Huron and Oxford. H. Musgrove, M.L.A. for North Huron, was appointed postmaster, and N. W. Rowell, member for Oxford, resigned to enter the Union cabinet.

Writs for the counties of North Huron and Oxford will probably not be issued for the next week or ten days.

#### AVIATOR IS KILLED.

Flight-Lieut. Eric S. Morrison, 1055 Bloor street, was killed in France.

A cablegram just received in Toronto announces that Flight-Lieut. S. Morrison was killed on July 7. Prior to enlisting he was with the T. Eaton Company, Limited. He enrolled in the military service in 1917, as a private, and rapidly gained promotion to sergeant. He was despatch rider at Ypres, where he was both wounded and missed. After being recalled for a commission in the Royal Air Force, he qualified and returned to France. He leaves a young widow and baby. His mother and sister reside at 171 Carlton street.

#### LIEUT. P. R. SWANN DEAD.

Lieut. Peter Robert Swann, M.M., brother of Miss Margaret Swann, 746 Bloor street, Toronto, is officially reported to have died of wounds on August 8. He had had an extensive military career, enlisting in the 20th Battalion in January, 1915. He was awarded the Military Medal for conspicuous courage displayed in the battle at Vimy Ridge. Wounded in February, 1918, he was hospitalized and was awarded a commission as a further recognition of his services, and later became intelligence officer in his battalion. He came from Scotland to Toronto in 1918. He had won several medals at big athletic meets by his prowess as a foot-runner.

#### GOLF AT ST. ANDREWS.

"From all parts of Canada," writes Ralph Revill, editor of The Canadian Golfer, comes word of the holding of Red Cross matches in golf links. "One intensely interesting match has been arranged for Saturday, August 17, over the beautiful seaside course at St. Andrews-by-the-Sea, N.B. This will be participated in by all the well-known Montreal professionals, C. R. Murray of the Royal Montreal, twice open champion of Canada; I. St. Laurent, Albert Murray of Kanikwaik, and the local pro, John Peacock of St. Andrews."

"There are a large number of prominent golfers from all parts of Canada and the United States sojourning at St. Andrews, and this match is proving very great interest indeed."

Those who wish to go down to St. Andrews to see the exhibition games played by these crack professionals will find excellent train service on the Canadian Pacific, and first-class hotel arrangements at St. Andrews, and train service, consult ticket agent, or W. B. Howard, district passenger agent, Toronto.

#### LIEUT. McLEAN WOUNDED.

A message received by Hugh R. McLean, 159 Robert street, states that his only son, Lieut. Norman A. McLean, who went overseas with the Maclean Highlanders of America, has been wounded, the injury consisting of a slight bullet wound in the right leg. Lieut. McLean had enlisted with the Sportsmen's Battalion, and held the rank of sergeant prior to taking his officers' course. He was a salesman with the Oak Hall Company before he enlisted.

#### BOOKS GOING TO CAMP.

The work of providing military camps with libraries is still progressing. It was announced at the office of the minister of education, Hon. Dr. Cochrane yesterday, that Camp Mohawk had been supplied with 500 books, Camp Rathburn with 300, Beamsville had received 500, and a first shipment of 500 books to the military camp at London, Ont., has been forwarded.

### NO IMPROVEMENT IN COAL OUTLOOK

Even Expected Supplies of Wood May Not Be Forthcoming This Winter.

The success the city property department has made in handling the local coal situation has led to the suggestion that an official connected with that department be appointed successor to R. C. Harris, who has tendered his resignation as honorary fuel commissioner for Ontario. The experience gained during the last three or four winters when the coal scarcity was so acute would, it is thought, be invaluable.

Meanwhile there is no improvement in the outlook for an adequate supply of coal and the announcement of the United States fuel administrator that Canadian imports of soft coal from the Clearfield district would be curtailed 50 per cent. is anything but reassuring.

Hardwood is Scarce.

The prospects of securing a supply of hardwood are also not encouraging. In Peel County, for instance, a good quantity of fuel wood was cut last winter for home use. It is stated now that the amount available for sale to townspeople will be negligible. A few weeks ago, a farmer 17 miles from Toronto purchased two carloads of cordwood at \$10.50 a cord f.o.b. and the net cost, delivered in his own farm yard was \$12.50 a cord.

Any visitor to rural Ontario is aware of many communities where cordwood is going to waste in woodlots while the owners and neighbors are frantically reaching out for coal. Labor scarcity doubtless has much to do with the present situation. For example, an Ontario farmer, owning an excellent lot of maple and elm offered 50 per cent. of the wood to any man who would come in and do the cutting; he has not had a single response thus far.

Lay in Cordwood.

Meanwhile the provincial fuel controller is urging the laying in of a supply of anthracite coal and cordwood at the earliest possible moment. This appeal may have some effect on the cutting of wood fuel late next fall, but at present the farmer's sole attention is given to securing all the anthracite coal his local dealer can import. At Brampton, for example, dealers have found the farmer obliging in learning the coal to his farm direct from the railway siding. The coal is put in a "hook-in" on a track, and the townspeople have yet to get their first "hook-in" on a winter day. Other towns and villages have had a similar experience. The farmer is rapidly picking up all the coal in sight, and those who lack any means of transport are waiting their first chance at anthracite fuel.

#### ALL CIVIC EMPLOYEES TO GET THE INCREASE

Mayor Satisfied with Civic Award

The finding of the board of arbitrators in the civic employees' case meets the approval of Mayor Church. "On the whole I think it is a very satisfactory one," he said, "and that it will commend itself to the wisdom and judgment of the city council. I desire to thank the gentlemen who acted for the city and the whole board of arbitrators for their services. The trouble is now over and all's well that ends well." The report will be considered by the board of control tomorrow and by the city council at its next meeting. "For myself, I consider we are bound by the findings of the report."

R. C. Harris, weeks commissioner, has no comment to make on the award but comments that there was irregularity in the taking of evidence inasmuch as some of it was heard subsequent to the signing of the award.

Controller McBride does not approve the award, taking the ground that the city has no right to delegate its functions to an outside body. The city solicitor takes the ground that council had a moral, not a legal, obligation to accept the award of the commission.

#### STRAINS BACK LIFTING CAR.

Alfred Smith, 533 Ossington avenue, was driving along College street, near the General Hospital, when the right wheel, while left, his motor car. He tried to replace the wheel, but in lifting the axle he severely strained his back with the result that he faints.

#### HOTEL MEN SUMMONED.

Three hotelkeepers, who have been convicted in the police courts on charges of having broken the Ontario License Act, have been summoned to appear before the Ontario License Board Thursday next to show reason why their license should not be cancelled.

The hotelkeepers are: M. E. Scholey, of the Commercial Hotel, Port Colborne; Justice Dell, of the Commercial Hotel, Wainland; and F. Dynes, of the Windsor Hotel, Mimico.

#### DR. BELAND IS COMING.

Hon. Henri S. Beland has followed his recent verbal acceptance of the invitation to speak at the Canadian National Exhibition on Allies' Day, Thursday, August 29, or Press Day, Friday, August 30, with the following letter to Mr. John G. Kent, general manager:

"Sir: I have indeed been very happy and honored to accept the invitation to visit the Exhibition at the end of the month. It is as yet impossible for me to say definitely whether I shall be with you on the 29th or 30th. I shall communicate further with you on this subject. My daughter wishes to express her thanks for the invitation, but she and I fear it will not be possible for her to be present."

The reference to Miss Beland, who spent four years in Belgium, where she was known as the "Little British Girl," is in response to a suggestion that she accompany her father to Toronto and attend the Women's Day demonstration on Wednesday, August 28.

The Exhibition is endeavoring to have Dr. Beland accept the "Allies' Day" date, and to speak to the public from the main bandstand, where a large crowd could hear him.

#### ALL CHURCH PROPERTY SHOULD BE ASSESSED

The principle was laid down by the court of revision yesterday that all church land not actually used for religious purposes should be assessed and to this end permission should be sought from the legislature. The Methodist Union of Toronto, owners of about 15,500 sq. feet on Kent road, were appealing for exemption when the court asked for assurances that the property was for church purposes and not for speculative purposes. At present there is a portable church on the property and it is proposed to build a permanent one later on. Vegetables are being grown on the property.

The court was assured that there was no intention to speculate and the assessment was accordingly canceled. Several properties on Rhodes avenue were granted a reduction in assessment of \$5 a foot because of smells from the Morley avenue sewage disposal plant.

#### ESTATE NOTICES.

IN THE MATTER OF AN ACT Respecting Assignments and Preferences by Insolvent Persons, and in the Matter of Thomas McClelland.

NOTICE is hereby given that the said Thomas McClelland, carrying on business in the City of Toronto, has made an assignment of all his estate, credits and effects to the Trustee and Guarantee Company, Limited, of the City of Toronto, for the general benefit of his creditors, under and pursuant to the provisions of the Assignments and Preferences Act, R.S.O., Chapter 134, and Amendments thereto.

A meeting of his creditors will be held at the offices of The Trustee and Guarantee Company, Limited, 120 Bay Street, in the City of Toronto, on Monday, the 19th day of August, A.D. 1918, at the hour of three o'clock in the afternoon, to receive a statement of affairs, to appoint inspectors and fix their remuneration, and for the ordering of the affairs of the estate generally.

Creditors are required to file with the assignee on or before the 27th day of August, 1918, particulars of their claims, duly proved by affidavit, with such vouchers as the nature of the case will permit.

And notice is further given that after the 28th day of August, 1918, the assignee will proceed to distribute the assets of the debtor among the parties entitled thereto, having regard only to the claims of which notice shall then have been received, and that the assignee will not be liable for the assets or any part thereof so distributed to any person or persons of whose claim it shall not then have had notice.

Dated the sixth day of August, 1918.

THE TRUSTEE AND GUARANTEE COMPANY, LIMITED,  
J. J. Warren, President.  
E. B. Stockdale, General Manager.

#### NOTICE TO CREDITORS--IN THE

Estate of George Pontefract, Late of the City of Toronto, Deceased.

NOTICE is hereby given, pursuant to R. S. O. (1914), Chapter 121, Section 56, to creditors and other persons having claims against the estate of the said George Pontefract, deceased, who died on or about the 21st day of May, 1915, and in to the Imperial Trusts Company of Canada, the administrators of the said estate on or before the 12th day of September, 1918, their Christian and surnames and addresses, with particulars of their claims, duly verified, and the nature of the securities (if any) held by them.

And notice is hereby further given that after the 12th day of September, 1918, the administrators have notice, and shall not be liable for the proceeds of said estate, or any part thereof, so distributed, to any person of whose claims the administrators had not notice at the time of the distribution of the IMPERIAL TRUSTS COMPANY OF CANADA,  
15 Richmond Street West, Toronto, Ontario.

Dated at Toronto the 10th day of August, 1918.

NOTICE TO CREDITORS--IN THE Matter of Arthur E. Paget, of the Town of Huntsville, Deceased, Under the Style and Firm Names of Paget Manufacturing Company, and Steamship Agency Company, Palmerston, Ont., Insolvent.

NOTICE is hereby given that the above named insolvent has made an assignment of his estate to me for the benefit of his creditors, and the creditors are notified to meet at my office, Wellington street west, Toronto, on Tuesday, the 30th day of August, 1918, at 2.30 o'clock p.m., for the purpose of receiving a statement of his affairs, appointing inspectors and fixing their remuneration, and for the ordering of the affairs of the estate generally.

All persons claiming to rank upon the estate of the said insolvent must file their claims with me on or before the 14th day of September, 1918, after which date I will proceed to distribute the assets thereof, having regard to those claims only of which I shall then have received notice.

G. T. CLARKSON,  
E. R. C. Clarkson, Sons,  
15 Wellington Street West,  
Toronto, Ont., 12-1918.

WEAKER TONE IN TORONTO MARKET BY ROCKWOOD OIL

Steel of Canada Notable Exception to Rule—Maple Leaf Lower.

The course of stocks on the Toronto Exchange yesterday suggested that the buying power which developed so unexpectedly last week is waning. The irregularity in New York, with a distinctly weaker feeling following general ease on somewhat of a dampening caution was fairly general. The steel market showed a notable exception to the general trend.

LIGHT CROP BEST WEST CAN YIELD

Detailed Report of Provinces Shows Situation is Far From Promising. RAIN CAME TOO LATE

Eastern Mills Not Likely, However to Curtail Operations Materially.

Local grain dealers interviewed by The World yesterday seemed inclined to doubt the accuracy of the estimate of Hon. Mr. Brewster of Saskatchewan that a crop of only one hundred million bushels is indicated, but all admitted that the situation is far from promising.

Crop situation in northern Manitoba, northeastern Saskatchewan, along the So. Man. line, and in southern Ontario is reported to be the poorest for some years.

In the western-central district of Saskatchewan, rains have greatly improved the soil, but generally, a very light crop is expected.
