WOMAN BURNED AND MURDER CHARGED

Leopold Koefler of Stratford Arrested on Suspicion of Foul Play in Death of Woman in His House.

Stratford, April 12.—(Special).—Following the death by burning yesterday of Mrs. Harriett Dewing, aged 55, Leopold Koefler, the only other occupant of the house, was to-night arrested on a charge of murder.

There are several suspicious incidents connected with the case to be cleared up, and it is thought Koefler knows more about the death than he has yet revealed.

Mrs. Dewing, was an English woman, 63 years of age, who had been engaged as housekeeper by the Koeflers. Mrs. Koefler and her two children had been absent in Chicago for a week, returning yesterday morning.

Found Her in Flames. Koefler's story yesterday was that when he woke up at 3 o'clock he heard a moaning noise. He listened and thought it was the dog out in the stable. It sounded quite familiar to him, but as it continued he got up, went into the kitchen and looked out the window to the stable.

He could see nothing, and he went out into the kitchen, where he heard near the noise coming from the room above where Mrs. Dewing slept. He called out: "Hattie, are you sick?" but receiving no reply, he opened the door leading upstairs.

He could then see the glow of the flames and, thinking the house was on fire, rushed upstairs and into her room to find the unfortunate woman standing in the center of it with a look of untellable anguish on her face. She had her hands extended as if pleading for assistance, while her clothes were a mass of flames.

He got down the lamp which he was carrying and extinguished the flames with a quilt. He then crossed the street and got the assistance of a neighbor named Hunt and a doctor was sent for.

Alleged Discrepancies. The arrest is due to discrepancies between his story and what the police say are facts.

For instance, Koefler claimed that when he entered the room the woman was enveloped in fire, with flames reaching the ceiling, which is a little over 6 feet high. The ceiling is spotted white and shows no marks whatever, and his story in this respect is contradicted.

The carpet where she stood is scarcely burned.

How did her clothes ignite when the lantern in her room had not been lit? Is another puzzle.

How did Koefler extinguish flames with a quilt, which he claims he did without scorching the quilt?

Why was she not discovered sooner? These are some of the questions which should be brought out at a trial. The coroner's jury viewed the body to-day and adjourned till Tuesday next.

A post-mortem examination has been ordered.

Clothing Destroyed. The woman's clothing was so completely destroyed that it is impossible to tell just how she was dressed. She must have been, however, in her working clothes.

Mrs. Dewing had been living in Canada about ten years and had no relatives here except one son, who is living in Winnipeg. She has been employed as a housekeeper at various places in this vicinity. Before being engaged by Koefler she was employed by John Smith, near Shakespeare.

N. S. Cabinet Members To Get \$5500 Annually

Halifax, N.S., April 12.—(Special).—The salaries of the Nova Scotia government members henceforth will be \$5000 annually, besides \$500 as seasonal indemnity as members of the legislature. The premier's increase is \$1000. A bill backing this has been introduced.

Telephone Strike Inquiry Cost Government \$1750

Ottawa, April 12.—(Special).—In supply the house to-night voted \$1750 for the expense of the telephone investigation at Toronto. Judge Winchester received \$20 per day.

WHAT IT HAS COST THAW TO PUT STANFORD WHITE OUT OF THE WAY.

Estimated cost to Thaw estate, \$250,000. Delmas receives \$50,000 to \$100,000. Other four lawyers divide \$100,000. Experts divide \$27,000 at least. Detectives and incidentals will make up balance. And the end is not yet.

BEWARE OF THE BEAR THAT WALKS LIKE A MAN.

The so-called contract between the Toronto Electric Light Co. and the Ontario Electrical Development Co., whereby the latter was to supply the former with Niagara power at \$35.00 per horse power for a long period, is the most significant intimation the public of Ontario have yet received of the designs of the electrical ring in this province upon the said people.

'UNWRITTEN LAW' HAD NO PART IN ISSUE WAS SANITY

4 Jurors From First Stood For Acquittal, Converted Another and Conceded "Insanity" to Induce General Agreement.

TOOK TEN BALLOTS IN ALL MURDER TO MANSLAUGHTER

Thaw Counsel Regret "Dementia Americana" Appeal of Delmas—Second Trial Will be Delayed—How the Verdict Was Taken.

Thaw when he had returned to the Tombs, prepared and issued the following statement: "I believe that every man in the jury possessing average intelligence, excepting Mr. Bolton, comprehends the weight of evidence and balanced it for acquittal. All my family bid me goodby with courage. I trust, D.V., we may all keep well."

To his attorneys Thaw said he was deeply disappointed. "But I could hardly expect anything else, in view of the events of the past few days," he added.

NEW YORK, April 12.—Hopelessly divided—seven for a verdict of guilty of murder in the first degree and five for acquittal on the ground of insanity—the jury which, since Jan. 23 last, had been trying Harry K. Thaw, reported to-day, after 42 hours and 3 minutes of deliberation, that it could not possibly agree upon a verdict.

The twelve men were promptly discharged by Justice Fitzgerald, who declared that he, too, believed their task hopeless.

Thaw was remanded to the Tombs, without bail, to await a second trial on the charge of having murdered Stanford White, the noted architect.

Thaw, surrounded by the members of his family—his devoted aged mother, his pale young wife, his titled sister, the Countess of Farnmouth, his sister, Mrs. George Carnegie and his brothers, Edward and Josiah Thaw—received the news in absolute silence.

The story of the proceedings in the jury-room, as they were learned to-night, far outstrikes in interest the brief court proceedings which brought the famous trial to a close. It turned out that the jury considered everything connected with the case except the "unwritten law." Basing their arguments entirely upon evidence, they voted either for or against murder in the first degree when their cast their first ballots.

The Jury's Deliberations. The first vote was 8 to 4 in favor of conviction. Then the twelve voted to reach unanimity upon a verdict of manslaughter in the first degree, the maximum punishment for which is twenty years' imprisonment.

The men in favor of acquittal, largely on the ground of insanity, it is said, would not change their ballots, and in the end won over one of the eight who favored conviction.

During the nearly 48 hours of deliberation only eight ballots were cast. The jury spent the two night sessions dozing in their chairs.

The entire story of what happened in the jury-room from the time the twelve men retired, at 5:17 o'clock on Wednesday afternoon, until they finally decided this afternoon that the prospect of a verdict were remote to warrant a longer discussion of the facts, was told last night.

PLAY ASSOCIATION FOOTBALL

Exhibition Matches and Club Practices on Program for To-Day—Some Notes.

All Saints' Athletic Association Intermediate Boys' Union football team is requested to meet out for practice on the Don Flats (east side) this afternoon at 2 o'clock. The following are requested to be on hand: Burns, Cocken, George, Irvine, C. Fullerton, Holston, Spanton, A. Marshall, Barney, Ledger, Paul, Alward, F. Colliart. The Woodgreens will practice this afternoon on the Don Flats at 2.30.

The Broadviews will play the British United football team at the Flats at 3.30. The following players are requested to be at the Flats at 3 o'clock: Nelson, Kay, Smith, Bowler, McDonald, Buntz, McKee, Hackett, Edwards, Mahaffy, Breckinridge.

Parties to the Boys' Union Football League close on Monday with the secretary, A. P. Henke.

The following will play the Thistles at the Flats to-day, kick-off at 3 p.m. The following players are requested to be on hand: Fisher, Brooker, McKee, Hackett, Greenhagh, Jewell, Ingram, Ellis, Marquardt, Underwood, Kynan, Aikinson, Fisher, Hackett.

The Queen-street football team will play the Thistles this afternoon at Leslie Park at 3 o'clock.

The All Saints' Intermediate boys' football team will practice on the Flats at 2.30 p.m. to-day, weather permitting. All players and those who wish to join are requested to turn out on the Flats at 2.30.

All Saints' Intermediate football team will practice on the Don Flats, east side, this afternoon at 2.30. The following players are requested: Polton, Robert, Hoggan, Zenas, Callender, Mitchell, Kilmartin, Macdonald, Mackay, Wright, Canfield, Godfrey, Carroll, Forbes, Frings, Carter, Miller, Davidson, Bragg, Murray, Currie, Dunlop.

The Thistles will play two friendly games this afternoon at the Pines athletic grounds at corner Dundas and Bloor. The first game is called for 3 p.m. against the Leaside and the second with the Britannians. All players of the Thistles are requested to be on hand at 2.30.

The Toronto Thistles held a general meeting last night at the Pines Hotel, which was largely attended. J. A. McPherson, who is arranging the combine tour of the Fall River team, showed the meeting considerable proof that he was the only man in the eastern division of the league who is also a member of the Toronto Thistles. He also stated that the Thistles would in all probability be the team to manage the combine tour.

The Toronto football team practice today at 2.30 p.m. at St. Clair-west and Park-street. The following are requested to join in the practice: Burns, Cocken, Irving, Mackay, Wright, Canfield, Godfrey, Carroll, Forbes, Frings, Carter, Miller, Davidson, Bragg, Murray, Currie, Dunlop.

A meeting in New Lindsay, a football team was organized at the Leaside, which is the team which will play the Toronto Thistles on Monday at 2.30 p.m. This should prove a fast and interesting game, as both teams are well equipped.

THE PARKDALE ATHLETIC UNION

The annual meeting of the Irish Protestant Benevolent Society, held last evening, was a record breaker in point of attendance. The various reports showed a year of activity in every department of work. Assistance was rendered to 202 persons at an expenditure of \$1173.30. Applications for membership were received from 22 persons, one of whom was John Ertion, and six new members were elected. Following the usual custom the retiring president, Major John Sloan, presented a portrait of himself to the society, and was the recipient of a past president's jewel.

The following officers and members of the council were elected for the ensuing year: President, J. N. Kennedy; first vice-president, Mr. A. Proctor; second vice-president, Fred Dine; treasurer, Samuel Crane; secretary, George Sweeney; chairman of charitable committee, W. E. Stuart; council, William Burton, Sam. Corrigan, R. E. Eaton, J. B. Fudge, Robert Gregory, William K. Kynan, Clelland, Harry McGee, Alex. Purse, Frank W. Sloan, Frank Somers, David Spence, John Thanner, R. C. Vaughan, John Woodhouse.

The Parkdale Athletic Union will play a practice game at Leslie Park to-day: Leaven, Call, Miller, Penny, Brownhead, Leach, Flaherty, Juma, Buckley, Evans, C. Coombe, H. Coombe, W. Mackintosh, W. Underwood, T. J. O'Connell. There will be a meeting on the ground after the game.

The following will represent St. Clements against Queens at Leslie Park to-day: Leaven, Call, Miller, Penny, Brownhead, Leach, Flaherty, Juma, Buckley, Evans, C. Coombe, H. Coombe, W. Mackintosh, W. Underwood, T. J. O'Connell. There will be a meeting on the ground after the game.

The Parkdale Athletic Union will play a practice game at Leslie Park to-day: Leaven, Call, Miller, Penny, Brownhead, Leach, Flaherty, Juma, Buckley, Evans, C. Coombe, H. Coombe, W. Mackintosh, W. Underwood, T. J. O'Connell. There will be a meeting on the ground after the game.

THE FARMERS BANK OF CANADA

Member of The Canadian Bankers' Association and The Toronto Clearing House

HEAD OFFICE - - - - - TORONTO
CORNER BAY AND ADELAIDE STREETS

Transacts a General Banking Business. Exchange bought and sold. Letters of Credit issued available in all parts of the world. Interest allowed on deposits of \$1.00 and upwards, compounded four times a year. Beautiful separate departments and dressing room for ladies. Open Saturday nights from 7 to 9 o'clock. We invite inspection of our up-to-date methods and banking premises. Hoping to attract your account.

W. R. TRAVERS, General Manager.

THE WORLD'S BASEBALL CONTEST

Can You Figure How the Toronto Baseball Club Will Stand on May 25th.

Ladies Coupon No. 3.

I figure that the Toronto Baseball Team's percentage in the baseball race, after the games played on Victoria Day, May 24, 1927, will be as follows:

NAME

ADDRESS

DATE

The Toronto World will give two season tickets, one for a lady and one for a gentleman, to the first person of each sex, who can figure out the Toronto Baseball Club's average as it will appear after the "double-header" is played on Victoria Day, May 24, 1927. In the event of no person figuring the exact percentage, the closest guess will be considered the winner. The games to be played by the Toronto Baseball Team at home and abroad will be as follows:

Rochester, April 24, 25, 26 and 27.
Buffalo, April 29, 30, May 1 and 2.

At Toronto—
With Rochester, May 3, 4, 6 and 7.
With Buffalo, May 8, 9, 10 and 11.
With Newark, May 13, 14 and 15.
With Jersey City, May 16, 17 and 18.
With Baltimore, May 20, 21 and 22.
With Providence, May 24 (twice).

To figure out the percentage of a baseball team in a league race, it is necessary to take the number of games won and add the number of games lost and divide the result into the number of games won.

Ladies' and gentlemen's coupons will be issued alternately in The Daily and Sunday World. Only one coupon will be accepted from any one person on any one date.

Address all coupons and communications to the Baseball Editor of The Toronto World.

WHO WROTE THIS WONDERFUL MYSTERIOUS BOOK?

Tells of Startling Secrets Jealously Guarded for Ages by Adepts.

Reveals the Marvelous Effects Produced in the Minds and Bodies of Sick and Unsuccessful People Through the Use of a Strange Force That Has Been Overlooked by the Public for Centuries Past.

Shows in Simple Language and Vivid Pictures How Men and Women May Cure Diseases and Habits as if by Magic. It is a Powerful Influence Over the Minds and Lives of Others.

Why Some Succeed Where Others Fail.

Particular Arrangement by Which 100,000 Copies Are to Be Given Away Free—Absolutely Free.

A room filled with copies of a strange and mysterious book of startling secrets is starting and almost unbelievable evidence of psychic achievements is on exhibition at the institution in New York City. Copies of it have been read with amazement; speculation is rife among the author's friends as to who wrote it; some contend that the author is a psychic adept in such simple language and wonderful photographs.

Prof. Frederick T. McIntyre, who claims authority in the work, offers to send a copy free to any person who will in his own handwriting, send the following peculiar lines to him:

"I want power of mind,
Force and strength in look,
If my picture is satisfactory
Please send me the book."

Prof. McIntyre says he can tell by examining the specimen of handwriting he receives just what the one who penned them is best fitted for in life; he can tell their character and weak characteristics are, and whether the writer will succeed in using to advantage the many powerful systems of personal influence and mental development in the book. Should the writer be sick or run down physically or mentally, the book is particularly of great trouble in a letter. Prof. McIntyre claims he can tell what to do to get out of a letter. Prof. McIntyre would use the system of personal control for any other than honorable purposes, and would not accept a fee for his services. He believes in the distribution of valuable books.

This book is full of startling explanations and strange pictures, proving that anyone can master, in a short time, the power to control and sway the minds of others. It describes the strange phenomena of Psychic and Hypnotic Influence; Mystic Healing; Psycho and Suggestive Therapeutics; Personal Magnetism, and a combined, simple system of reading the characters of others, though thousands of miles away. It gives you the key to the development of the inner or dormant forces of concentration, force of character, will power, memory, determination, intuition, artistic inspiration, continuity of thought and the ability to throw off the evil effects of diseases and habits through an inner, subjective power, as the Hindus call it, disease and dependency.

It is, indeed, one of the most amazing, and interesting books of the age, and all who receive free copies of it can be thankful. It points out the road to financial success, and reveals astonishing facts that have been eagerly sought by the public for many years; proofs that almost carry one back to the days of great miracles.

If you wish a free copy of this wonderful book, get down and write the above verse and send it to Prof. F. T. McIntyre, Dept. 1611, No. 126 West Thirty-fourth-street, New York, N.Y.

All who wish to receive it, no York will be disappointed; it will be sent by mail, postage paid and absolutely free.

MONTREAL HARRIERS' TROUBLE

While President Favors Federation Best Clubs Are With C.A.A.U.

Montreal, April 12.—It is expected that there will be excitement here at the annual meeting of the Montreal and District Harrier League, to be held at the M.A.A.A. house, Wednesday, April 13. It has been the rule for all vice-presidents of the league to be elected to the presidency on the day of the meeting, so that at the forthcoming meeting R. Gomer, who is present, is expected to be elected president of the league. Mr. Gomer, who is an M.A.A.A. man, will at the meeting address the league on the A.A.P. and as some of the clubs in the league are against such a course, Mr. Gomer's election will be contested. The whole question more or less decided on the acquiescence of the league to join in the proposed federation with the C.A.A.U. Mr. Gomer is pledged to support the C.A.A.U. It will be forced to drop out of the league. There will be at least a couple of weeks before the M.A.A.A. house. Mr. Gomer was for the third time elected president of the M.A.A.A. Harriers at the annual meeting, held last night at the M.A.A.A. Club-house.

The chief feature of the meeting was the election of J. N. McNeil, of the Y.M.C.A. runner, to the office of track captain, a new position that has been created by the league. The representatives of the M.A.A.A. Harriers to the meeting of the Montreal and District Harrier League, to be held next Wednesday will be Messrs. Gomer and E. H. Brown.

The league has been instructed at the M. & D. H. L. meeting to make a strenuous attempt to get the league to be elected to the presidency of the league, and there will be some difficulty in the matter. However, the league does not see their way clear to fall in with the proposal of the M.A.A.A. delegates, who are the Harriers, who are moving figure, will probably have to drop out of the league. On the other hand, should the M. & D. H. L. join the Y.M.C.A. and McGill Harriers may resign, so that whatever happens on Wednesday, the Harrier League will probably be disrupted.

MONTREAL STAKE CONDITIONS

Feature Events for Meeting That Begins on Monday, June 3.

The stakes and conditions for the first spring meeting of the Montreal Turf Club have been announced. Butcher's race is each of the following on Saturday, May 4. The best of the following on Monday, June 3. Following are the conditions:

The Kindergarten (selling, for 2-year-olds, guaranteed value, \$1000, of which \$200 to the second and \$100 to the third; \$10 to accompany the nomination, \$15 added to the stakes on the day preceding that on which the stakes are to be sold at auction for \$3000. If for \$2000, allowed \$100 for less, if for \$1000, allowed \$50 for less, if for \$500, allowed \$25 for less. One mile and a furlong.

The Mount Royal (selling, for 3-year-olds, guaranteed value, \$1000, of which \$200 to the second and \$100 to the third; \$10 to accompany the nomination, \$15 added to the stakes on the day preceding that on which the stakes are to be sold at auction for \$3000. If for \$2000, allowed \$100 for less, if for \$1000, allowed \$50 for less, if for \$500, allowed \$25 for less. One mile and a furlong.

The Jockey Club Stakes (selling, for 2-year-olds and upward, \$1000 guaranteed, of which \$200 to the second and \$100 to the third; \$10 to accompany the nomination, \$15 added to the stakes on the day preceding that on which the stakes are to be sold at auction for \$3000. If for \$2000, allowed \$100 for less, if for \$1000, allowed \$50 for less, if for \$500, allowed \$25 for less. One mile and a furlong.

The Montreal Jockey Club (selling, for 2-year-olds and upward, \$1000 guaranteed, of which \$200 to the second and \$100 to the third; \$10 to accompany the nomination, \$15 added to the stakes on the day preceding that on which the stakes are to be sold at auction for \$3000. If for \$2000, allowed \$100 for less, if for \$1000, allowed \$50 for less, if for \$500, allowed \$25 for less. One mile and a furlong.

THE REPOSITORY

Cor. Simcoe and Nelson Streets, Toronto

At our two auctions next week we will sell an excellent selection of horses of all classes. We have a capital list of First-Class, 2nd and 3rd class Drafts and Serviceable Workers, a number of Good, Useful Express and Delivery Horses, and several Harness and Saddle Horses of very special quality. Our Special Sale on Tuesday of a city gentleman's Full Stable Outfit is an occasion that should not be missed by anyone who keeps a good stable establishment.

A pair of Registered Hackneys, 7 and 8 years, 15.2 hands, by "Rosseau" performer, 15.2 hands, by "Tommy Guard," the celebrated Hackney Stallion; four-in-hand park coach, built by Leaux of London; London; four-in-hand passenger brack, with harness by Leaux of Montreal; mail or stanhope phaeton, by Brewster, New York; single tandem cart, four-wheeled dogcart, and double harness, with various other stable sundries. The traps are highly suitable for horse purposes. Everything in this sale is of the best quality and in the pink of condition.

At our regular auction, which will follow the above, we will sell

150 HORSES

All Classes, Consisting of Heavy Draft, General Purpose, Heavy, Express, Drivers and Workers.

By instructions from Colonel Leppard, who is moving to Ottawa, we will sell, without reserve, on this day:

SIX POLO PONIES

These are all real good ponies, and bound to please any owner.

By instructions from Colonel Leppard, we have a consignment of Shetland Ponies due to arrive from Scotland, and at present on the ocean. Full particulars will be given in a later advertisement.

All horses sold with a warranty may be returned any time before noon of the day following sale if not as represented, when money will be refunded.

FRIDAY, APRIL 19th

100 HORSES

All Classes, Consisting of Heavy Draft, General Purpose, Delivery, Express, Drivers and Workers.

C. A. BURNS, General Manager and Auctioneer

lowing news stands:

A BATTLE OF THE FROGS.

For two days the house of commons
at Ottawa has been the scene of a great
battle between the opposition and gov-
ernment sides of the house. The minis-
ter of justice, fortified with an elabo-
rate brief, and all the best speaking
talent of the opposition were engaged
in fulminating, one against the other,
as to the royal commission on life in-
surance, IN SO FAR, but only in so far,
AS IT CONCERNED THEIR
REPUTATIONS AS PUBLIC MEN.

ANOTHER WORD TO BROTHER WALKER.

Does he approve of the citizens of
Toronto being charged \$25 meter rate
for electricity which the hydro-power
commission will give them for \$18?
Does he approve of the manufacturers
of Toronto and the Province of Ontario
paying \$35 per horse-power, for power
which the hydro commission will sup-
ply them for \$18 a horse-power?
Does he think that this additional
cost of horse-power will assist the citi-
zens of Toronto and the manufacturers
of Toronto and the Province of Ontario
in making this province the great
manufacturing centre of Canada?

BUILD OR AID.

Northern Ontario should be develop-
ed. This is part of the building-up
Ontario policy, but it won't be de-
veloped by stage routes; railways are
the great developers.
There is a railway, the Central Al-
gonia, in Northern Ontario, partially
constructed, but at present it is of
small value for development purposes.
If completely constructed it would be
a great opening-up agency for that
district.

CASTORIA
For Infants and Children.
The Kind You Have Always Bought
Bears the Signature of J.C. Watson

ment may take over the road or
the government may assist the owners
of the road in building it. If the
government does not wish to go fur-
ther in public ownership of railway
at the present time, let it consider the
guaranty of the bonds of the railway
in lieu of the renewal of its land
grant.

Perhaps the request for a guaranty
of \$35,000 a mile is too large an order
for the government to consider. What-
ever amount it may decide upon, what-
ever conditions it may impose, the
principle of guaranteeing the bonds
of this road in order that the great
north country may be opened up, is
sound, and should meet with the ap-
proval of the cabinet and the members
of the legislature.

CHEAPER POWER WINS.

When the existence of the contracts
made by the Toronto Electric Light
Company with the Toronto and Ni-
agara Power Company was disclosed,
the possibility of arrangement between
the city and the light company became
hopeless. That being so, and unless
the power policy of the government
was to become a dead letter, the sanc-
tioning of the erection of a city dis-
tributing plant was the only alterna-
tive. This has been granted, and there
can be no question that it is the best
possible outcome of the struggle for
the provision of cheap Niagara elec-
tricity. Both the government and the
city council deserve credit for the
stand that has been taken, and there
will be no disposition to revive what
are now ancient controversies. If
there was ever any disposition to fa-
vor the case of the electric corporations
over that of the community, it has
been removed by the disclosure, in
part of their indifference to their pub-
lic obligations. Mayor Coatsworth and
the council have put up a good fight,
and have secured an advantage, valu-
able at the moment, and of even great-
er importance in the not distant fu-
ture.

Mr. Fullerton, the city counsel, made
a strong point when he argued that
if the municipalities are to get the ad-
vantage of the act creating the hydro-
electric commission, they must deal
with the commission, and could not
enter into contracts with any other
company. Toronto in this matter has
really been fighting a battle in which
all the other municipalities of the Ni-
agara power district are imme-
diately interested. It is the action
of the city that has now put it up to
the government to supply electricity to
the municipal distributing plants, a
demand which the Hon. Adam Beck,
true to his colors, at once declared it
was ready to meet. In this matter the
municipalities must be a unit. The
common good of each is the common
good of all, and it is not necessary to
undermine the enormous benefits which
must accrue to their industries from
the possession of cheap electric power.
Mr. Fullerton, too, made an excellent
point when he declared later that if
the city does not go ahead now and
get control of the electrical supply, it
will never be able to take over
the street railway. Thanks to the
actions of the electric syndicate, the
city has gained a very advantageous
position, and it will be the fault of
citizens themselves if the industrial fu-
ture of Toronto is not made inexorably
secure.

BEQUESTED COMMUNION SET.

The will of Rev. William Brookman
of 43 Charles-street bequeathes to the
Bishop of Huron, at London, his pocket
silver communion service, which
once belonged to the first bishop, and
was presented to Mr. Brookman by
his family.

THE WAY TO MONTREAL.

is via a direct trunk. Traveling in
handicapped equipment, with a
smooth road-bed, second to none, you
may count on a fast and comfortable
trip to Montreal. For reservations and
tickets call at Grand Trunk City
Office, northwest corner King and
Yonge-streets. Phone Main 4269.

PORT HOPE'S INNOVATION.

Port Hope, April 12.—(Special).—The
penny savings bank system was in-
augurated in the public schools here
to-day.

"Coming to the Front"
is an era in a man's life
which brings more joy than is
gained by the man who has
arrived. Build your upward
progress on the foundation of solid
reasoning. The man who would
save energy and money must buy
the best, and a good shoe is cheaper
than a poor shoe.
Slater Shoes
at \$5.00 a pair are cheaper for men
and for women, for their first
cost brings a lasting
satisfaction.
Look for "The Sign of the Slater"
which is on every Slater Shoe.

Thos. Powell, Toronto Junction

SENSE FROM MR. MACLEAN.

Toronto News: The Third Party has
acquired itself once more with honor.
If not with distinction. For weeks
the country has been edited by the
spectacles of members of parliament
sneering and apologizing over the
accusations made by the report of the
insurance commission. It began by
Mr. Powler's celebrated charges and
continued by accusations of personal
impropriety on the part of ministers
of the crown. Then Mr. Bannerman
resigned and stood three newspapers
for libel, at the same time contending
that it was not impossible to pay
charges against certain of his oppo-
nents. Senator Cox explained, Mr.
Foster explained, and last of all Mr.
Powler explained with that wealth of
epithet for which he is so well known.
The sum total of the discussion so far
had been on one side, that the insur-
ance commission was a partisan body
organized to investigate Mr. Foster,
and on the other side, that Mr. Fos-
ter's dealings with trust and insur-
ance companies, had been honored by
the titles of "ingenious" and "black-
hearted conspirator."
Then Mr. W. F. Maclean rose, and
in contradiction to his predecessor
he said that the insurance enquiry had
discovered in the Canadian companies
the same sort of things discovered by
the Armstrong investigation, but that
he referred to false statements, New
Year window-dressing, subsidiary
companies, loans to directors, and
many other irregularities, all of which
were condemned roundly by the com-
mission. But, he asked, had the govern-
ment had not followed the example
of the New York legislature in bring-
ing in a bill to strengthen the Insur-
ance Act and the federal insurance
department.

SUICIDE AT FALLS.

Niagara Falls, April 12.—An unknown,
heavy set, middle-aged man leaped off
Goos Island bridge about 10 o'clock last
evening. His body was swept over the
American Falls.

HE WAS ORDAINED.

Rev. Robert Brown, who has been
committed for trial on a charge of
sclerizing marriages without author-
ity, showed to a World reporter last
night his certificate of ordination to
the pastorate by the Protestant Epis-
talian Church on Richmond-street.

NO DEARTH OF CANDIDATES.

In the Conservative ranks there will
be no dearth of aspirants. Toronto
Junction has grown so rapidly within
the past few years that its voting
strength is now about one-third of the
total vote of the riding. This fact has
given to some Toronto Junction people
a feeling that the riding should be re-
presented by a town man, and it may
be that before a convention is held the
town organization will meet and decide
on some person to be supported at the
convention.

WILL WEST YORK LIBERALS NOMINATE A CANDIDATE?

If Conservatives Put Up a Weak
Man, They May Try to
Redeem Riding.

F. G. Inwood, Liberal organizer, is
an authority for the statement that
there will in all probability be a con-
test in the by-election in West York
for the provincial legislature.
So far, he said, there had been no
meeting of the executive of West York
to consider the matter, nor any sug-
gestion of one, but it would not be a
matter of surprise to see the Liberal
give the Conservative candidate, who-
ever he may be, a run for the seat.
West York received the nomination,
which he did on the very day that
the late Mr. St. John was taken ill,
and there was no thought or suggestion
of such a contingency arising as a
by-election.

INVESTIGATE WRECK.

Editor World: I have looked thro'
the morning papers and fail to find
any demand for a rigid government
investigation of the recent railway
wrecks, of which one of the most se-
rious was where women and children
were possibly burned alive. Little
over a year ago, thru an error of judg-
ment of a vessel captain, there was
a collision in Toronto Bay, and
as a result of a unanimous demand
on the part of the press for an investi-
gation, the captain who committed the
error of judgment had his certificate
suspended for nine months. Late last
fall two vessels were lost; in one case
one man died from exposure and other
persons were injured, and in the second
case several lives were lost.

Possible Candidates.

Dr. McLean of Woodbridge has fre-
quently been the nominee of the
Liberals for the riding, and would make
a strong candidate, but he has always
declined.
A. J. Anderson, town solicitor of To-
ronto Junction, is the strongest Liberal
in West York, and a gentleman per-
sonally popular and very highly re-
spected in the town and around the
riding. The large vote he polled in
South York only very partially showed
his strength.

May Save Their Powder.

There is, however, every likelihood
that the Liberals will not put up a
fight in the by-election unless a weak
candidate is brought out, when a test
of strength will be made. At present
the organization is far from being good,
and while there can be little hope
among the most ardent for success, a
strong candidate would be a great ad-
vantage. The party that its power might
fully be used in a general election. The
Liberals are devoid of aspirants, and
is generally left to the organizers. The
most ambitious workers in the
riding were provided with berths before
the Conservative control of office,
and what were left were reserved by
the Laurier government, so that to-day
the party has lost the combination that
could always be depended on for a
rally, and which gave the party a
stimulus in the past.

W. H. BAKER RETIRES.

New York, April 12.—Announcement
was made to-day that, because of his
continuing duties during the nearly
twenty years of his connection with
the Postal Telegraph-Cable Company,
William H. Baker has asked to be re-
lieved of the duties of vice-president
and general manager. Edward J.
Nally will assume his duties.

ROBBERY OF WATCH ON RAILWAY PLATFORM AT KINGSTON.

Kingston, April 12.—Frank Young,
advance agent for "The Squaw Man,"
was quietly done out of a watch at
the G.T.R. station.
He was about to board a train when
a supposed official asked to see his
ticket. It was being scrutinized when
the official turned to a man and said,
"Wait a moment, please, but I do not
know if we will have time to do it."
The other was heard to say,
"Oh, I guess we will have time, all
right."
Turning to Young the last speaker
enquired of him what the time was
by his watch. Young pulled the watch
out of his pocket and one of the
men grabbed it and ran.

TRouble LOOMS FOR PERSIA

St. Petersburg, April 12.—Advo-
ces from the Caucasus say that Russia is
assembling a body of troops on the
Persian frontier for a demonstration,
which, it is thought, will soon be nec-
essary.
Newspaper correspondents do not
appear to be allowed to telegraph news of the move-
ments of the troops, but it is known
that twenty railroad cars, loaded with
artillery and three regiments of Cos-
saks, passed thru Kars, on their way
south, last week.
The Russian diplomats describe the
condition of Persia as complete chaos.

KILLED BY DYNAMITE.

St. John, N.B., April 12.—(Special).—
Leander Crossman of Fairview, while
working in the intercolonial copper
mines, three miles from Dorchester,
was getting a dynamite charge ready
for firing. It prematurely discharged, blow-
ing him over 30 feet. He was taken to
hospital and died shortly after.

YOUR NEW SUIT

Maybe you never paid so little as
this for a business suit—but, see it;
look it over; note that it's made of
lightweight tweed in neat patterns, light
and dark greys, with faint overplaid.
Note that it's the new style sack; snap-
py thing for spring and summer busi-
ness wear. Note that it's made with the
best quality French canvas and hair-
cloth, too. Beatrice twill lining, with or
without vent. Note the nicely shaped
shoulders and note the splendid tailoring
throughout. Sizes 36 to 44.
You never saw a better suit
for the money..... 8.50

ANNOUNCEMENTS FOR MONDAY.
Masters' Chambers.
Cartwright, master, at 11 a. m.
Divisional Court.
Peremptory list for Monday at 11
a. m.
1. Brown v. Dulmage.
2. Slater v. Royce.
3. Deley v. Can. Westinghouse.
4. Elliott v. Bulmer.
5. Haverstick v. Emory.
6. Simpson v. Toronto and York R.

A Lumber Deal.

Flanner & Reeves of Toledo, Ohio,
moved before Master-in-Chambers
Cartwright for an order directing the
Ferry Sound Lumber Co. to make a
further affidavit on production in pay-
action between them. After consid-
ration, the master has decided that
Flanner & Reeves are not entitled to
the information they seek, and the
plaintiffs should not be obliged to dis-
close their business matters at this
stage. The motion was dismissed with
costs to be allowed to the plaintiffs.

Want the Money.

The Bank of Toronto, at Gananoque,
shows by its books that it has
standing in the credit of Charlotte
Hugh Clarke, deceased, the sum of
\$4687.77. Different parties are claiming
the money, and the bank has made
an application to accept the account
of the money into court. Judgment was
reserved.

To Consolidate Actions.

Christopher Armstrong has an action
pending against the Consumers' Goal
Co. and the Bank of British North
America to recover \$1000, and for the
delivery up of a promissory note for \$1000
given in payment of certain shares of
stock. The Bank of British North
America has a contra-action, claiming
payment of the promissory note for \$1000
mentioned in the first action. Appli-
cation is now being made to the mas-
ter-in-chambers to consolidate the ac-
tions. Judgment was reserved.

Injunction Granted.

Warren Brothers & Co. obtained an
injunction from Mr. Justice Mabee re-
straining James Buchanan and Johnna
Rouse until the 18th inst. from as-
sisting or in any way dealing with the
stock-in-trade transferred by defendant,
James Rouse, to the plaintiff, Warren
Brothers & Co., in the village of May-
nooth, to his co-defendant, except in
the ordinary course of business and up
on keeping an account.

Want Information.

The Toronto General Trusts Corpora-
tion applied by petition to Judge
Mabee, in chambers, for an order declar-
ing that the wife of Joseph H. Leach,
late of Toronto, predeceased him. The
trusts company are administrators of
his estate, and are trying to get trace
of some person who has heard from the
wife within seven years. The court
directed advertisements to be inserted
in certain English papers before grant-
ing the petition.

Want the Lands.

Thomas Bales Coombs has begun an
action against Jessie L. Williams
and Helena A. Buchanan of Chicago,
claiming specific performance by de-
fendants of an agreement made by Au-
gusta Bloor to sell to the plaintiff cer-
tain lands on Bloor-street, near Church-
street, Toronto.

There Are 97 Semi-ready Tailoring Shops in Canada

There are 97 Semi-ready Tailoring Stores in the Dominion of Canada, or more than twice as many as there were two years ago when the president of the company decided to reorganize the factory and selling system.

The changes then made have been for the better. In Toronto for March the gross sales were just double what they were for March, 1905.

In Montreal, the home city of Semi-ready, the sales were two and a half times larger than they were in the corresponding month of 1905. The sales for one week in the Montreal stores aggregated \$7,900.

Divided into provinces, these are the number of Semi-ready stores and agencies in each:

Table with 2 columns: Province and Number of Stores. Ontario: 84, Quebec: 31, British Columbia: 10, Alberta: 10, Manitoba: 7, Saskatchewan: 5, Maritime Provinces: 5, Total: 97.

From every store, without a single exception, the business for March, 1907, exceeded that of March, 1906.

The onward progress of a tailoring system so thoroughly good as Semi-ready must be convincing.

The trade is not being done with those who seek cheap clothes or ready-made garments, but with gentlemen who are critical and particular, and who have found pocket profit and a finer vogue in Semi-ready Tailoring.

These are the Semi-ready Tailoring Stores and Special Order Agencies in the Province of Ontario:

- City of Toronto. Ed. Mack. 81 Yonge Street and 472 Queen Street West. HAMILTON—Joseph McClung. LONDON—McLean Bros. KINGSTON—The H. D. Bibby Co. OTTAWA—Beament & Johnson. WINDSOR—F. T. Wickham. READY-TO-WEAR COMPANY

IT'S GREAT

To step into what most folks have said was an overdone clothing trade field and pick such a business we have in a couple of weeks—It certainly proves that people have their eyes open for values and that a great many of them forget habit, custom, sentiment and everything else when they can save a dollar or two without taking any less value in quality and style.

We're in business to do a strictly clothing business better than it has ever been done before, whether your view point in criticizing our way of doing it is the style—the quality—the fit—or the money's worth—SEE FOR YOURSELF.

Saturday Extras

- Men's Trousers—Very special clearing line West of England tweeds and worsteds—neat stripe effects—\$5.50 value, for 3.75
Men's Suits—Fine all-wool domestic tweeds—new patterns and color effects—\$12.85
Men's Raincoats—Stylish rain or shine garments, well made and tailored—\$13.50 value, for 9.95
Men's Toppers—Nice, short, boxy garments—made of new Chester shades of fine imported English whipcord—regular \$13.50 value, for 10.00
Men's Suits—S.B. and D.B. Scotch tweeds—good range of exclusive patterns—\$17.50 value, special, for 13.75

READY-TO-WEAR COMPANY 191 Yonge Street

C.N.R. WILL HURRY UP THE HUDSON BAY ROAD

Also Anxious to Connect Cities of Ottawa, Montreal and Toronto.

Montreal, April 12.—(Special.)—Some important announcements are expected to be made when the president of the Canadian Northern Railway Company returns from London, where he has been for the past six weeks. Mr. Mackenzie is due to reach this side of the Atlantic some time before the end of the present month, and then, rumor has it, the report of the sale of the Quebec & Lake St. John line to the Mackenzie & Mann interests will be confirmed.

He Is Correct

Dr. Hamilton Proves That Piles Are Caused by Constipation And Strong Cathartics.

Knowing the frequency with which people suffer from piles, Dr. Hamilton made an exhaustive study into the cause of piles.

He found that the lower part of the bowels is like a network of blood-vessels, and if subjected to persistent pressure, a section will bulge out and form what is commonly known as piles. The only effective mode of curing this trouble is the regular use of Dr. Hamilton's Pills, which can be taken before retiring. Next day will bring wonderful relief.

"I suffered up to about the limit of human endurance with piles," writes Miss Lueders, from Cornwall, Ont. "I was employed in a factory here, but for a while had to give up work till I got better of this trouble. I read in The Montreal Herald about Dr. Hamilton's Pills, and after using them for two weeks was cured. I can recommend these pills very highly; there are none better. They at once relieve and prevent a constipated condition of the bowels, and from my experience can be depended upon as a perfect safeguard against piles. Dr. Hamilton's Pills of Mandrake and Butternut, I am sure, would be a benefit to every girl or woman."

Take Dr. Hamilton's Pills and your system will be regenerated, revitalized, and made proof against disease.

Good for men, excellent for women, and most effective for children. All ages and both sexes find Dr. Hamilton's Pills a marvelous medicine. Although active, they do not grip, or cause inconvenience, still they cleanse and purify the system, thereby maintaining a high standard of health. Sold by all dealers, 25 cents per box, or five boxes for \$1.00, by mail, from N. C. Polson & Co., Hartford, Conn., U.S.A., and Kingston, Ont.

CITY TO BE COMPETITOR WITH OWN LIGHT PLANT

Toronto Electric Light Company Makes Bargain Impossible—City Gladly Withdraws.

Whatever the Toronto Electric Light Co. may feel about it, the city authorities for a great deal of relief over the withdrawal of the appropriation clause from the city bill in the private bills committee yesterday morning.

Hon. Mr. Hanna said that the city, having made the best offer possible, could not go ahead and build a new plant, and no one would be able to make any charge of breach of faith or violation of contracts. This fairly represents the government view.

The citizens' view may be taken from Hon. J. J. Fox, who said after the committee: "As a citizen of Toronto I much prefer this plan. We will now get a fresh up-to-date plant."

Corporation Counsel Fullerton sounded a note worth noting when he reminded the committee that the city was tied up to the other municipalities which were linked in the hydro-electric power scheme and in fairness to them the city could not do anything to prejudice their interests.

It has been remarked that the issue of \$1,000,000 new stock by the Toronto Electric Light Co. will not now be a matter of concern to the city. It is even doubted whether, in face of a duplication of the distributing plant in the city the company will desire to present to go on with their extensions. They may prefer to wait the outcome of the power scheme.

The plans of the hydro-electric power commission are going on most favorably. All the municipalities of the Western Union but six which voted in January to adopt the power bylaw have made formal application to the commission for the power they require. Toronto's application was received yesterday, and the other six, Waterloo, Preston, Hespeler, Harrison, Hamilton and Toronto Junction are expected to decide on Monday night or early in the week to send in their applications. As the commission will then submit the contracts called for by the bylaws, containing the terms, conditions and prices at which the commission will supply power.

It is thought that the Toronto Electric Light interest in the dispute under valuing the importance of the hydro-electric scheme as a competing factor in the market. Many of the advisers of the company have talked in public of the impossibility of carrying out the plans at the rates published by the commission.

Hon. Adam Beck stated yesterday that the commission had offers from all three of the producing companies at Niagara, and that it was possible to better the figures already quoted.

Some Mere Posters, Maybe. No doubt attempts will still be made to mislead the citizens as to the advantages they will derive from the power scheme. These are so patent, and it has been made so clear in the whole scheme is a self-supporting one, no one familiar with the situation in the city should be misled by every possible means.

"If we do not go ahead now," said Mr. Hanna, "the city will be in a position to take over the street railways. This is true whether the city should decide to run the railway as a municipally owned utility, or to lease it under a new franchise."

Judging from the expressions of the private bills committee, said City Counsel Fullerton before that body yesterday morning, they would probably be inclined to accept the terms upon the city than those suggested by the city for the appropriation of the Toronto Electric Light Co. This would not sanction, and having conferred with the board of control, he felt it his duty to advise the city to withdraw its objection to the bill dealing with the proposed appropriation. The city bill was then reported with that clause stricken out.

A conference had been held between Messrs. Fullerton and Chisholm representing the city and Messrs. Johnston and DuVernet, representing the Electric Light Co., but no advance had been made towards common ground. The city had adopted the terms of the English act of 1885 as a basis of arbitration, covering the physical aspects of the city's position. At present they were considering of good-will, contracts pending, franchise and other intangible considerations.

J. P. Downey, however, the company was entitled to something for compulsory taking over. A. G. MacKay asked whether the city could not supply the requirements of the city and Messrs. Johnston and DuVernet pointed out that the city had undertaken to sell power to the citizens at \$20. It would be impossible to do so if they took over a contract to buy power at \$35.

Mr. MacKay recognized this as the real difficulty. Frederic Nicholls explained how the Ontario Development Co. and the Toronto and Niagara Power Co. were owned and held by the Electrical Development Co. The last mentioned had contracts with the Toronto Electric Light Co., and the Toronto Railway Co. to supply their total requirements.

In reply to Mr. Gamey Mr. Nicholls stated that the Electrical Development Co. could not supply power to any other company in Toronto, but there was nothing to prevent it supplying power to any other company irrespective of whether such company distributed the power in Toronto. They could not sell it but could sell wholesale to anyone.

To Hon. Mr. Beck he admitted that the company could sell to any distributing company which might distribute the power in the city.

To Mr. McGarry he stated that the government had a proposal from the company for the purchase of the hydro-electric commission. He was not at liberty to state the figures.

Twelve Years to Run. Hon. W. H. Hanna reviewed the terms of the city agreement with the Light Co. It was made in 1889 for 30 years, when the company could be taken over subject to the year's no-

Canada-Cuba Land and Fruit Company

CONSIDER THESE FEW FACTS:

A TEN-ACRE GROVE of orange and grape Fruit Trees will yield a profit, the fourth year, of over \$1.00 per box or \$900.00 at the lowest estimate. When the grove comes into full bearing it will pay from \$2,700 to \$5,000 a year for life.

A very small capital will provide this absolute and certain income. Groves purchased from this company will be cared for by us, cleaned and planted in oranges or grape fruit, and in four years' time your income is assured for life.

Space here does not permit of our telling you the whole story of what an investment in Cuban Lands means. Come in and see us, let us explain matters more fully.

THE WESTERN FARMER who raises twenty bushels of wheat to the acre and gets 75c per bushel for it thinks he is getting rich, while in Cuba \$250.00 to \$500.00 per acre can be made with far less effort and uncertainty.

DIRECT SHIPMENT to and from our own docks. AN ENGLISH-SPEAKING COLONY guided with energy and good judgment which cannot fail to further its already splendid success.

Now is your opportunity to secure a handsome income for life.

Agents Wanted.

GEO. F. DAVIS, Managing Director

Manning Arcade, 24 King Street West, Toronto.

40,000 acres still for sale of the finest Citrus Fruit and Tobacco Lands to be found in Cuba.

W. H. SHAW FOR N. TORONTO CHOICE MACHINE MADE

Nominations Were Purely Matter of Form—Guarded Remarks on Mr. Foster.

The best-laid plans may often go wrong, but in the nomination last night of School Trustee W. H. Shaw as Liberal candidate for the North Toronto seat in the Dominion house, there was no failure in the working out of the carefully prearranged program.

Ex-Ald. Hay, vice-president of the Toronto Reform Association, presided at the meeting in St. Paul's Hall, which was attended by about 300 party stalwarts. So carefully had the machinery been oiled that there was removed the awkward possibility of any one of the other nominees remaining in the field.

The proceedings bore the appearance of having been out and dried, and the enthusiasm for the candidate was seemingly more of the manufactured and stored ready for use than of the spontaneous variety.

There were some indirect allusions to the events in which Hon. Mr. Foster has been a prominent figure, but the references were discreetly guarded. It appeared to be taken for granted that Mr. Foster would be Mr. Shaw's

opponent, no mention being made of a well-defined report that the present member will seek the safer haven of East or West Toronto, and that either Mr. Kemp or Mr. Osler will be the Conservative candidate in the north riding.

Before the start work of the evening was begun there was a light center in the form of electing the association's officers for the North Toronto Association year. President George C. Campbell was re-elected unanimously, as were also Secretary C. W. Kerr and Treasurer T. C. Irving. A field of eight nominees for the vice-presidencies resulted in Albert Britnell, Dr. John Ferguson and Edward Filding being chosen. The others nominated were V. A. Cookburn, Fred Hogg, C. B. Auld, G. T. Ferguson and Edward Gillies.

Mr. Robinette's criticism. T. C. Robinette, who was received with enthusiasm, declared that it would be a great advantage to have a candidate in the field ready for the next election, a year or two in the future. He would mean ensuring a clean election, and he believed that the result need not be feared. There had never been a better opportunity.

Mr. Foster was able, and of long political experience, and for this latter reason he seemed to think it was his privilege to abuse the members of the cabinet on the floor of the house, and had even hurled an opprobrious epithet at Hon. A. B. Aylesworth. "I don't know what Mr. Foster is afflicted with, but if I might be permitted to coin a term, I would say that he was afflicted with dementia candidiana," was a rally that was greeted with loud laughter.

Mr. Robinette said he understood that it was the desire of the Ottawa and the Liberal candidates should be placed in the field.

F. G. Inwood, secretary of the Ontario Liberal Association, thought the time was more opportune for nominating a candidate for the legislature than

for the Dominion house, as there would probably be two more sessions at Ottawa. He spoke confidently of the success of the work of the Liberal organization of Toronto.

Many Were Nominated. The others nominated for the riding were George Campbell, J. O. Allan, H. Denton, ex-Mayor Urquhart, W. K. George, W. C. Larkin, M. J. Hagan, Charles Adams, Dr. J. E. Elliott, W. B. Rogers and Controller Harrison, in the order named.

All retired gracefully in next speeches. Controller Harrison remarked that his name had been rather prominently mentioned, but that his present duties precluded his candidacy. Mr. Urquhart said he was out of politics for the present. W. K. George, whose reception was of flattering order, saw superior abilities in Mr. Shaw. So did Mr. Denton, who added:

"If we can't elect our candidate over Mr. Foster, with his record and his reputation, it is a great reflection on our organization and on the Liberals of North Toronto."

Mr. Campbell's remarks were also biting. "I will go further and say that if the electors of North Toronto don't elect the Liberal candidate it will be a reflection upon the constituency," he declared.

Self-abnegation being the prevailing spirit, Mr. Shaw found himself the accredited candidate, and the extreme tension being removed, jubilation was manifested. Everyone joined in the vocal chorus proclaiming Mr. Shaw a "Jolly Good Fellow."

The candidate explained how the honor had been thrust upon him, and how great a surprise it had been to him a week ago to be waited on by a committee. He had not been an active campaigner, but was, nevertheless, a Liberal thru and thru. If elected, he would reserve the right to do always what he thought to be just and fair.

WEAK MEN, LISTEN!

Don't Suffer Pains and Weakness While You Wait for the "Sure Cure" to Come Along. YOU CAN TRY MY BELT AND PAY IF IT CURES YOU.

MILLIONS OF PEOPLE, especially in Canada, live on indifferent to a loss of power, more serious even than loss of blood—THE LOSS OF NERVE STRENGTH. Weak Back, Lumbago, Rheumatism, Sciatica, Neuralgia, Stomach Troubles, weakness of any organ, nervous prostration is like one of those electric automobiles that stop as soon as the battery has given out. The Canadian citizen, man or woman, goes ahead using up nerve force regardless of consequences, regardless of thousands of daily warnings. At last the end comes, the battery is exhausted. There is no more nerve electricity, or so little as to make an attempt at labor painful and useless, or at least as much intelligence in caring for the body as you would in caring for an electric "runabout."

A loss of Nerve strength means a great deal more than is generally known. Weak Back, Lumbago, Rheumatism, Sciatica, Neuralgia, Stomach Troubles, Bowel, Kidney and Bladder Troubles, weakness of any organ of the body, Tired Feeling, Sleeplessness, Poor Memory, Lack of Ambition, and a run-down condition—that which makes a man feel as if he is being drained from the nervous system.

For ability to perform its functions every organ of the body depends upon the nerves which control it. If the nerves are weak, then the organs become weak and the patient resorts to the doctor. The old-fashioned treatment was to give frequent doses of poisonous drugs. Just fancy putting poisons into the body to build up starved and impoverished nerves! Is it any wonder that so many complain that drugs have failed? What the nerves require to restore lost power is nourishment—nerve food. When that is supplied the weakness and ailments caused by the weak nerves disappear. This is the secret of the success of my methods of restoring vigor and general good health to men and women. As a plant droops and withers for lack of water, so does the nervous system of man weaken because of the lack of electricity, which is its natural food and refreshment. Electricity, as I apply it, saturates every nerve centre of the body, and revitalizes and strengthens every nerve and every organ controlled by the nerves.

The basis of all strength in the human body, the actual animal life of the heart, stomach, kidneys and all organs, is ELECTRICITY, when you lack that strength, which is the foundation of youth, you simply lack ELECTRICITY, and this I can restore to you with my improved

Dr. McLaughlin's Electric Belt

with its special attachments for all parts of the body. My appliance brings the grand curative power of electricity within the reach of all suffering people. Electrical treatment at a physician's office, sanitarium or hospital is beyond the reach of most people, both as regards time and money. My prices are reasonable, and my appliance is used without loss of time.

MR. HENRY DICKER, Coulson, Ont., says:—"I am well satisfied with the results of your Belt. I have quit wearing it now, as I feel all right again and am able to do a fair day's work without that tired feeling, aching hips and legs, which troubled me so much; my appetite is really good, and I have no stomach trouble."

MR. H. F. STENABAUGH, 216 King street east, Hamilton, Ont., says:—"I can heartily recommend your Belt to anyone afflicted with kidney trouble or weakness. I have worn your Belt for two months steady, and must say that it has done me an awful lot of good. I am well satisfied with your Belt, and I have found what you said about your Belt to be true. I will give your Belt all the praise that it deserves. Wishing you every success, I remain, yours truly, WILLIAM BYERS, Nipissing, Ont."

To prove to you the confidence I have in the curative power of my Belt, I am willing to accept your case, and after I have cured you, then pay me All I ask is reasonable security. You are out the time you spend on it—Wee! Wee! You sleep—nothing more.

READ WITH CARE DR. McLAUGHLIN'S ELECTRIC BELT is positively the only Electric Belt offered to the public where you have a regular physician in attendance. You have his advice and consultation FREE OF CHARGE.

Send for My Book To-day.

Do you want to feel big, husky and powerful, with your veins full of youthful fire, your eye clear, and your muscles strong and active? If you do, fill out this coupon and send it to me and I will send you a book which will inspire you with the courage to help yourself. It is full of the things that make people feel like being strong and healthy, and tells of others like yourself who were just as weak once, but are now among nature's best specimens of strong and healthy human beings. Cut out the coupon and send it to-day and get this book, free, sealed, by return mail. Call for free consultation. Office Hours, 9 a.m. to 6 p.m. Wednesday and Saturday till 8.30 p.m.

DR. M. O. McLAUGHLIN, 112 Yonge Street, Toronto, Can.

QUEEN'S MEN CAN'T VOTE UNDER BILL GONE THRU

Amendment to 'Manhood Suffrage Act Hits Blow at Many, Says Graham.

Clause 606, which has led to so much petitioning of the legislature this session was modified yesterday in committee of the whole sitting on the Municipal Amendment Act, 1897. A distinction was made between non-fee-paying and non-fee-paying municipalities to enable the latter to escape some of the suits under which it is stated very frequently assessed against them. The act remains as it was in the case of municipalities where damage is the direct outcome of work done by the municipality itself, leaving a road in a dangerous condition. In cases of non-fee-paying, however, when the dangerous condition is the result of floods or such neglect, the municipality established the condition before damage could be claimed it would be necessary to serve express notice on the officials of the municipality, so as to enable sufficient time for repairs to be made.

LOCAL MAN BURNS ASHES NO SMOKE FROM CHIMNEY

At Test Held Yesterday Solution Similar to Pennsylvania Cobbler's Gave Results.

An interesting experiment in combustion took place yesterday in the furnace room of the Stewart Chocolate Manufacturing Company, corner Duncan and Adelaide streets, when the present alleged invention was made public of the Pennsylvania cobbler that claimed to consume the ashes and smoke in stoves and furnaces at a fractional cost of coal consumption. H. T. Meredith of 282 Crawford street, who has dabbled in experimental chemistry for years, recalled some experiments he had made years ago in the endeavor to include ashes in the economy of coal consumption. He immediately resumed the work and he has now discovered, he thinks, a cheap solution of a certain chemical which dissolves in water and mixed with the coal ashes of stove or furnace will enable the ashes and smoke to share in the combustion, and be additional factors in the generation of heat and steam.

TWO BROTHERS UNITED IN DRAMATIC MANNER

One Arrested as Imposter Proves Kinship to Satisfaction of Court.

Seattle, Wash., April 12.—After having been separated for 36 years, two brothers were united in a dramatic manner here yesterday.

One of the brothers, Johann Weber, resident of Pennsylvania, after complying with requests made by his brother, Yost Webber, a longshoreman, of Seattle, for money, came west to see the Seattle man where they really knew each other.

On arriving here, the man who had asked for assistance was pointed out, but the Pennsylvania man declared that the longshoreman was not his brother, and immediately had him arrested as an imposter.

After returning to Pennsylvania, he was again called west to be a witness in the case. Notwithstanding the denial of Johann that he was his brother, Yost maintained that he was the long lost brother, whom he had not seen since leaving Germany for a seafaring life 36 years ago.

United States Commissioner Kiefer, before whom the case was tried, bit upon a plan of having the brothers separately writing their cousins' names. Both did this, and they talked. Other tests were made, including a recital of the longshoreman's class at his confirmation. When it became plain to both that they were brothers, an affecting scene followed, and both men left the court arm in arm after the judge had dismissed the case.

United After Fifty Years.

Windsor, April 12.—A unique gathering was held here last night at the residence of W. C. Donaldson, when six brothers were united after a separation of fifty years, it having been the first time the six were together since they left their home in young manhood. Their ages range from 50 to 65, an average of 55 each. Mr. Donaldson of this city being the "baby," 65 years of age.

NO INSURANCE BILL.

Sam Hughes Moves to Reduce Appropriation for Commission.

Ottawa, April 12.—Hon. W. S. Fielding told the house that there would be no insurance legislation this session.

The \$75,000 insurance commission appropriation passed the house in committee in the early hours of the morning, a motion by Col. Campbell to reduce the amount by \$30,000 being defeated on a standing vote of 23 to 75.

TRAINS CAN STILL GO FAST.

Ottawa, April 12.—The railway committee of the senate this morning killed the Lancaster speed limit bill by a vote of 10 to 9.

The bill was to limit the speed of trains thru thickly settled portions of cities, towns and villages to 10 miles an hour, unless level crossings are guarded by watchmen and gates.

STRIKE ON THE G. T. R.

Detroit, April 12.—Fifteen employees of the bridge building department of the Grand Trunk Railway, in Durand, are out on strike. The men were getting \$1.50 a day and ask for \$1.75.

AERIAL VOYAGEURS.

London, April 12.—Two German aeroplanists, Dr. Wagenh and Adolf Koch, Leicester. The balloon at Enderby, near Greenland, was blown away, carrying 812 miles from Berlin in nineteen hours.

Salaries of Letter Carriers.

Ottawa, April 12.—This morning in the house Claude Macdonell of South Toronto asked the government if it was proposed to increase the salaries of letter carriers.

The matter, said the postmaster-general, "is now under consideration, and I expect to be able to make a positive statement at an early date."

YOU ARE SICK!

You're uneasy, restless, without appetite. Still worse, you are thin and fagged out. Work must be done, but where is the strength coming from? Make your blood nutritious and you'll have lots of strength.

Your only hope is Ferrozone, the great food tonic.

FERROZONE

It's a blood maker, blood purifier, blood enricher. It brings sharp appetite, digests and converts all you eat into nourishment. Ferrozone makes muscle, tissue, nerve. It strengthens in a week, builds up anyone in a month. Think of it. You'll live longer and feel better by using Ferrozone—Avoid substitutes.

Price 50c per box or six for \$2.50, at all dealers, or by mail from N. C. Potos & Co., Kingston, Ont., and Hartford, Conn., U.S.A.

**NEW TRAIN SERVICE
IS A GREAT BOON**

Closed Mail is Being Asked for—
Changes in Managements of
Cobalt Mines.

Cobalt, April 10.—(From the Man on the Spot.)—The new train service put on by the Grand Trunk and the T. & N. O. Railways is certainly a great boon. It unfortunately happens that this train is occasionally two hours late and a hungry lot of people land at Cobalt. Two Pullmans are needed and a third will soon be a necessity. Private cars are again making their appearance, indicative of the awakened interest felt in Boston, New York and other cities of the United States.

Two New Camps.
The two new camps, Maple Mountain and Elk Lake, will beyond a question attract many thousands during the present summer. About 200,000 lbs. of being sold there on which very little work has been done and good prices realized.

A petition was largely signed in Cobalt the other day asking that a closed mail be carried on the new trains running thru from Toronto and return. The World's "Man on the Spot" coming up the other night brought one copy of this petition along with him and it was signed by the passengers on two Pullman cars, less three, who were only coming to North Bay and had no business relations north of that town. The object was to only get the names of those who had a genuine grievance in this thru train not carrying a mail. He secured 34 signatures.

The Townsley Mining Co. now figures as a steady shipper and has one of the large and good plants in the camp. It consists of a 100 h.p. boiler, a six drill straight line air compressor, steam hoist, drills, etc., etc. They have 40 acres practically in Cobalt lying between the south limit of the town and the Silver Queen and adjacent to the T. & N. O. Railway track. It also abuts on the Buffalo Mine.

Twenty-two veins have been located to date and shafts have been sunk on two of them. On nearly all the others test shafts have been sunk. The main shaft is now down 60 feet and drifting has been done at the 57-ft. level for 133 ft. to the west. This

vein averages thruout the drift a little over two inches in width and is very rich in silver. At this level a cross-cut has been run 64 ft., where they encounter another vein, which is one and a half inches wide. Drifting has been done on this second vein 50 ft. westward and 30 ft. easterly. It is also a rich vein.

Shaft No. 2 is up near the Buffalo line and is sunk on a vein that runs from the Buffalo property. This shaft is now down 46 ft. and drifting has been started in both directions (north and south) 3 ft. and 25 ft. respectively. This is a narrow vein, but it is very rich, being full of leaf silver. This shaft has not been worked since last fall on account of water and their efforts being directed toward the winter months largely to the erection of buildings and the installation of a new plant. The two and a half inch air-line is, however, now practically connected and this shaft will be worked immediately.

Stock on English Market.
The plant has been working for about a week. Good buildings have been completed. One sleep camp, eating-house, blacksmith shop, assay office and mine office all complete, also a station for 20 men are being equipped and Supt. B. W. Leyson has accommodation for 90 employees. The force will be increased in the spring.

Their first shipment was made in February and consisted of 23 1-2 tons of No. 1 ore. The second shipment was sent on March 25. Copper content and consisted of 21 1-2 tons of No. 1 ore. The company is capitalized and was the first Cobalt company to put its stock on the English market.

Many Changes Made.
Many changes are being made in the management of the various mines in the camp and the retiring superintendents are invariably availing themselves of better opportunities.

Supt. Leyson of the Silver Queen left there to report and act as consulting engineer, and for the same reason Frank Loring retired as managing director of the Trethewey, Geo. MacDonald of the McKinley-Daragh is one of the latest to make a change. In the hope of bettering himself and he is known by his good work at that mine. He will probably take out an exploration party this summer in some of the more distant fields of the north. His successor is E. C. Reader, a mining engineer well known in the west. He is here and in charge of the mine.

Supt. Linney of the Nipissing forced his resignation some months ago on that account, as he and his family have interests in the west that require his attention. His successor, Mr. Drummond, who has been connected with many of the Newhouse interests, was expected to arrive at the mine to-day. Mr. Linney will not leave, however, for some weeks, as will take some time to turn this property over. Mine Foreman Dan Richardson also goes west in the spring.

Elk Lake looks good.
Elk Lake looks good to all that go there. A. M. Bilsky of Montreal has had a party working at Maple Mountain (the south end of this camp extension). They have located several claims there and have been at work all winter. While nothing sensational has been reported, his foreman writes him that he is well satisfied with the progress being made.

A new section of this country is now being looked to as one that will show up well this summer and two separate parties started for there to-day. They took the south-bound train on the T. & N. O. Railway. Now where were they going? Some say to the Temagami Reserve.

Montreal River Claims will certainly command a price before long.
Frank Burr Mosure.

VERDICT FOR \$339,000.
New York, April 12.—A verdict for \$339,000 was given to-day by the executor of the will of the late Major John Hynes against Isaac E. Newcomb & Co., bankers of this city, of which firm Camille Weldenford was a member, by a jury in the supreme court at Mineola, L. I.

A counter claim for \$180,000 was put in by the defence, but it was barred out under the statute of limitations.

TWO PEACE BANQUETS.
New York, April 12.—Two large public banquets, instead of the dinner originally planned, it was announced to-day, will conclude the national arbitration and peace congress, which is to meet in Carnegie Hall next Sunday.

Besides the president, Earl Grey, Governor-General of Canada; Ambassador Bryce, President Elliot of Harvard, Samuel Gompers, Edward Everett Hale, Lyman Abbott and others will address the audiences.

JOE ULLMAN ISSANE.
San Francisco, April 12.—Joseph Ullman, the well-known bookmaker, was taken east to-day as an insane patient by a deputy sheriff.

Ullman came here recently as the financial backer of the San Carlos Opera Company.

**MONKEY WRENCH IN JAIL.
BRINGS ON ANOTHER ROW**

Governor and Engineer Have Fighting Out, and Sheriff Settles It—Judd to Report.

Altho it is not expected Commissioner Judd will make his special report until the house prorogues, it was stated to The World semi-officially yesterday that the report is adverse to "Garr" Vanzey, governor of Toronto to jail.

Going on the theory that the office will have a new incumbent, over a dozen applications have been made to the government, to members of parliament and to officials of the commission.

It is understood some of the lesser officials of the jail are after the job. So far from one effect of the commission's session being insured peace, bickering has again broken out, and a lively little departmental scrap has occurred since between Gov. Vanzant and Engineer Brown, who made the charges.

The sheriff was called for to adjudicate the matter and someone was censured immediately.

The row was over the "monkey wrench" matter, that led to unfriendly feelings in the first place.

CLASS LEADERS CONVENE.

Methodist Laymen Talk of Necessary Equipment for Duties.

The class-leaders' convention in Sherbourne-street Methodist Church last night carried out a highly educational program in the interests of the church in connection with the important work performed by the class-leaders.

Reports were received from the seven churches—Central, Yonge-street, Metropolitan, Elm-street, Carlton-street, Broadway Tabernacle and Sherbourne-street—on their respective spiritual activities and practical plans were submitted by the class-leaders.

Leaders to secure the necessary equipment for their duties.

Rev. R. H. Surphill; to be corporal, Pte. W. Thompson; to be corporals (provisionally), Ptes. W. Stizel and D. Bickard.

H. Company—To be lance corporals, Ptes. F. G. Bull, A. Sprinks and M. Sanderson.

PLUMMER'S TRIP TO BRITAIN

Has Something to Do With Holding Company's Affairs.

Montreal, April 22.—(Special.)—Altho J. H. Plummer's hurried visit to the old country may be, as announced, in the interest of his health, the general opinion in well informed circles is that the success of the holding company is not foreign to the trip to London of the president of the Dominion Iron and Steel Co.

It is stated that the holding company, as lately conceived, has nothing whatever to do with the Dominion Coal Co., altho the draft of the first prospectus distinctly stated that the capital was \$50,000, and that the object of the concern was to purchase the common stock of the Dominion Coal Co.

It is stated that President Plummer and Vice-President Forget calculate that it will require \$7,000,000 to develop the new mines and that if their properties turn out as well as their engineer's expect, they will proceed on lines quite independent of the operations and intentions of James Ross and his company.

It was also stated that James Ross' purchases of coal equipment for the Dominion Coal Co. and it is also known that he has a great deal of preferred loaned away in his strong box.

3-CENT RATE SATISFIES.

G. T. R. Shareholders Are Told It Will Not Be Detrimental.

(Canadian Associated Press Cable.)
London, April 11.—Sir Charles Rivers Wilson, at the G. T. R. meeting, stated that owing to the "feminism" of the government in completing the position between Winnipeg and Lake Superior Junction, their order and that if their project is postponed. He was not as hopeful as he was of carrying grain to Fort William on account of the delay. He denied that the decision of the railway commission, fixing the maximum rate for passengers at three cents, would be detrimental. In the half year the road earned the largest income ever received in any half year. The report was adopted unanimously.

TO DISCOURAGE BLACK HAND.

Albany, N. Y., April 22.—Two bills introduced by Senator Foelker and designed against the so-called "black hand" operations were passed by the senate to-day. They increase the maximum penalty for blackmail and extortions from five to ten years.

JEW'S ORDERED TO LEAVE.

Gompet, Russia, April 12.—Reactionist rowdies, armed with revolvers and pistols, paraded the principal streets here to-day, entering all the Jewish stores and ordering the merchants under pain of death to leave the town within three days.

THE LONDON & TORONTO TRADING CO., 37, Yonge Street, Toronto.

GRENS.' NEW CAPS.

Will Be Here in Time for Garrison Parade Next Month.

Adjutant Kilpatrick has received a letter notifying him that the new forage caps for the Grenadiers were being shipped from London, England, to-day and in all likelihood will arrive in time for the garrison church parade on May 19. The new caps are of the "yacht-line" style and identical with those used by the British Grenadiers and are much more becoming than the pill-box forage cap now worn by the local regiment.

The roll shows that already this spring 145 recruits have joined the regiment.

The Grenadier band will take the lead in the coming garrison church parade to Massey Hall and their chaplain, Rev. Canon Baldwin, is to conduct the service.

The following promotions are announced:
B Company—To be color-sergeant, Serg. R. Surphill; to be corporal, Pte. W. Thompson; to be corporals (provisionally), Ptes. W. Stizel and D. Bickard.

WOMAN CREMATED IN ROOM

Found Standing in Middle of Room With Clothing Ablaze.

Stratford, April 11.—Mrs. Harriet Dowling was burned to death early this morning. She had been keeping house for Leopold F. H. Koeller. Koeller expected his wife to return from Chicago at 4:30 this morning, and Mrs. Dowling had an alarm set for 3 o'clock to call him.

Koeller, who slept downstairs, was roused shortly after 3. He went to Mrs. Dowling's room and found her standing in the middle of the floor all ablaze. He extinguished the flames and called for medical assistance, but the woman died shortly after the doctor arrived.

The case is somewhat mysterious, as it is in the opinion of the coroner that the woman, who was dressed in a nightgown and had a lighted lantern in the room, had a half-burned match found, which may account for the fire.

98 PER CENT. FAVOR STRIKE

Demande of the Canadian Mine Workers in West Set Forth.

Fernie, B. C., April 11.—(Special.)—District President Sherman states in order that the public may understand what the demands of the Canadian mine workers are at this time, that they are willing for the sake of peace, that the present standard rates shall be continued with an advance of five per cent. on all rates; the minimum rate for outside labor to be \$2.50 for the eight-hour day; wages to be paid every two weeks, and that the eight-hour bank to be established at all mines in Alberta.

KIDNEY DISEASE COMES ON QUIETLY

Perhaps no other organs work harder than the kidneys to preserve the general health of the body and most people are troubled with some form of Kidney Complaint, but do not suspect it. It may have been in the system for some time. There may be backaches, swelling of the feet and ankles, disturbances of the urinary organs, such as, brick dust deposit in the urine, highly colored scanty or cloudy urine, bladder pain, frequent or suppressed urination, burning sensation when urinating, etc.

Do not neglect any of these symptoms, for, if neglected they will eventually lead to Bright's Disease, Dropsy and Diabetes.

Doan's Kidney Pills SHOULD BE TAKEN.

They go to the seat of trouble, strengthen the kidneys and help them filter the blood properly and flush off all impurities which cause kidney trouble. Mr. Thomas Petty, Massey, Ont., writes: "After I arrived in Canada from New Zealand, a couple of years ago, I suffered very much from kidney trouble. I tried several remedies, but they did me no good. Finally my back became so lame I could scarcely walk. I was advised to try Doan's Kidney Pills and taking them I felt like a new man."

Price 50 cents per box or 3 boxes for \$1.25 at all dealers or mailed direct on receipt of price by The Doan Kidney Pill Co., Toronto, Ont.

**BURNED IN 5 MINUTES
FLAMES DEFIED RESCUE**

**Passengers Caught in Their Seats
—Tales of Horror and Heroism From Wreck.**

Fort William, April 12.—(Special.)—According to the opinion of passengers who were in the wreck near Chapleau, if the overturned car had not caught fire probably no life would have been lost.

The breaking of the gas pipes in the train caused the fire to spread with such amazing rapidity that in five minutes the coach was destroyed. One survivor declares that the car was ablaze before it reached the bottom of the embankment. It rolled over three times in the descent.

Inside of half an hour the flames had died away, and the work of finding the bodies was at once begun. All the bodies were charred by the flames almost beyond recognition, and the work of identification was proceeding with the greatest of difficulty. They were all pinned beneath the seats and wreckage of cars, which accounted for the fact that they were not able to make any determined effort for themselves.

The stories of some of the incidents are harrowing. One man, a veteran of the South African War, said: "In the war I saw hundreds of dead and dying and the scenes have faded from my memory, but the screams of those poor, helpless children and women caught in the merciless grip of the flames will follow me to the grave. I aged in a few seconds, and then forgot everything."

"I pulled a man from the window. I knew it was a man because he struggled, but all I saw was a mass of flame after we got the fire out. They took the poor fellow away and laid him on some clothing, and he was taken to the hospital at Chapleau."

Roasted to death. A party consisting of William Hamilton, Joseph Townsend and Thomas Roan, were also in one of the cars in which there was loss of life. In the seat next to them were a woman and two children and a young man about 21 years of age. All four perished in the flames. The woman held her two children in her arms and held them until the flames reached them and roasted them alive. Another man was pinned by his feet between two cars and remained conscious until death relieved his sufferings amid the cruel flames.

Other men show the evidences of their narrow escape from death by displaying badly burned clothing. One said: "I saw a woman and a child caught in the coach, but could not lend any assistance, as I was on fire myself. I also noticed a woman and a child pinned in the wreckage, and the fire was swiftly making towards them. The flames followed me out," he concluded, at the same time opening his overcoat and showing that the back of his under coat was totally burned from his back.

Walter Erratt of Winchester, Ont., and Samuel Crabbe of Bronte, assisted in the work of rescue. James Gibson, an ex-member of the 12th Lancers, with a wet handkerchief over his face, plunged into the burning ruins, and with the utmost difficulty rescued one of the lady passengers. The poor woman had, however, only reached safety when she discovered that her child was back into the ruins. With one agonizing cry she plunged into the burning mass, and was never seen again.

Another Brave Man. Another man on the train, G. H. Pierce, managed to get out of one of the burning cars after a great struggle and succeeded in doing so unharmed. Then, seeing that a number were still in the ruins, he plunged back and dragged two men from the car in an almost superhuman effort.

H. M. Beuch of Ottawa tells of one poor fellow who was pinned by the legs under a tourist car. Three of his friends made desperate efforts to save him. The flames swept around him and scorched the faces and hands of the men and caught their clothing. "For God's sake, boys, don't leave me!" he cried. "One more try to save me!" but nothing could be done.

A woman and two little children were shut in by the timbers, and their cries, as they slowly burned to death, were awful. The half-crazed husband and father, who could do nothing to save them, picked up a rag doll that belonged to his child, and went about with it, declaring that it was all that was left of his family.

Mrs. Augusta R. Jaktand and two children, who were among the victims, were going west from Worcester, Mass., to join their husbands, who had just settled in Western Canada. The husband of both Mrs. Chapman and Mrs. Davidson, who were lost in the wreck,

Properties and Prospects
The Golden Horn Mines, Limited, owns outright two lots of 40 acres around Larder Lake, situated about 40 miles from the Town of Cobalt. The richness of the ore is marvellous. Assays already secured show as high as \$700 to the ton in gold. With the low capitalization and an active management now pushing the work of development, there is every promise that at an early date a substantial dividend will be earned, and the stock be worth many times its original value.

FOR INVESTORS
The Company has set aside 240,000 shares for developing the property, and offers for subscription 100,000 shares
At 25c Per Share

For shrewd investors, who are looking for safe and promising investment for their money, this offer stands amongst the best on the market. Full information will be sent to subscribers on request. All subscriptions and requests for information should be addressed to

Larder Lake Goldfields

I have been six months investigating, and have just returned from a visit of personal investigation to the
Larder Lake Goldfields

which, from what I have seen there, and have taken means to verify, will prove a veritable Canadian "Rand," taking its place among the great goldfields of the world, and throwing Cobalt into the shade.
**I am a Practical Mining Man
AND DEAL ONLY WITH FACTS.**

The facts about Larder Lake are contained in my new book, "The Goldfields of Larder Lake," and in my copyrighted map, by far the most detailed and accurate to date.
The above mailed free on request.

CANADIANS! The majority of us were too skeptical and easy-going to inform ourselves concerning Cobalt in the beginning, and saw others step in and reap enormous profits.
Cobalt is only the beginning of mining in New Ontario, the richest mineral field in the world, and there are, and will be, other opportunities as great and greater.

The Larder Lake goldfields are the next in line. Inform yourself at once. Don't wait to see what the other fellow will do, but do it yourself, and do it now. That's the way the man on the ground floor gets there.
Investigate. Get posted. Put yourself in a position to intelligently take ground floor advantage of the tremendous opportunities for profit contained in the northern mining fields.
By means of personal investigation on the ground, the employment of reliable engineers, and the service of employees in the field, I keep my following posted, and they make money.
Thousands will testify to that.

**A Master Stroke
in Mining**

Prominent Canadians Secure Valuable Mining Properties in Cobalt.

Nearly a Thousand Acres in the Very Heart of Cobalt District, in Close Proximity to All the Great Shipping Mines.

In All 27 Fine Properties, Highly Endorsed By Reputable Engineers As Safe and Sound Investments.

What is regarded in mining circles as being a "master stroke" is the announcement of the Canadian Pacific Development Company, Limited, with headquarters at Ottawa. The Directors and Executive Officers of the Company comprise some of the best known professional and business men in Canada. The company have secured control of 871 acres of valuable Mining Lands in the very heart of the Cobalt district, and in close proximity to many of the best paying mines in Cobalt. In all, 27 claims have been secured, which are hemmed in by producing mines of fabulous wealth. Local engineers of high reputation have already reported on a number of the claims and endorse the properties in the strongest manner. These immensely rich properties are in the Township of Ducks, Coleman and Lorraine. All-around and immediately joining are good producing mines which are making their owners rich. And from the reports of experts and engineers who have investigated the claims referred to, they are believed to be richer, and oes nearer the surface than any other claims in the district.

In order to commence development work at once on these splendid properties the directors of the Canadian Pacific Cobalt Company have decided to place on the market
500,000 Shares of Treasury Stock, Which Is Being Offered at 12½ Cents a share

As the stock is being rapidly taken up and a considerable advance looked for shortly, investors are requested to lose no time in securing an allotment. Write or wire your orders to

LARDER LAKE UNDERWRITERS' SYNDICATE.

We extend an invitation to investors to join us in taking over the first issue of shares, which we have underwritten, of a Larder Lake Gold Mining Company at 10 cents per share. The Company has just been organized and will be managed by mining men of highest standing. The Company owns 27 well located gold claims, 1080 acres in all, which have yielded extraordinary gold values, located in the new gold district of Larder Lake, 60 miles north of Cobalt, New Ontario, which will be systematically developed. All investors who join this Syndicate will share in profits from a ground floor basis, and will participate in an immediate profit or increase in market value of shares of 500 per cent. Immediately upon the Underwriters' Syndicate being closed Law & Co. will in their customary vigorous manner place the shares upon the market by judicious advertising throughout Canada and the United States at an advance of five times the cost price to the Underwriters' Syndicate, in the profits of which all members of the Syndicate will participate.
The Trusts and Guarantee Company, 14 King street west, Toronto, will act as Trustees for the Underwriters' Syndicate in receiving and holding the shares and issuing receipts therefor and also as Registrars and Transfer Agents for the Company.
For application blanks and full particulars call upon or address—

BLOW AT EXPERT TESTIMONY

Bill to Prevent Hypothetical Questions Where Insanity is Defence.
Albany, April 12.—A bill, aimed against the abuse of expert testimony in murder trials, where insanity is pleaded as a defence, was introduced in the assembly to-day by Majority Leader Morland.
The bill would prevent hypothetical questions being asked in any criminal case where insanity is a defence. Mr. Morland says the idea is to do away with the experts, who, he said, usually receive large fees for professional opinions favoring the side which retains them.

MEMORIAL SERVICE.

Dr. A. B. Chambers of Parliament-street Methodist Church will hold a service to-morrow evening in memory of the late Speaker, Hon. J. W. St. John. Dr. Chambers was Mr. St. John's first schoolmaster, and for sixteen years past has been one of his most intimate friends.

Not a drop of Alcohol

Doctors prescribe very little, if any, alcohol these days. They prefer strong tonics and alteratives. This is all in keeping with modern medical science. It explains why Ayer's Sarsaparilla is now made entirely free from alcohol. Ask your doctor. We have no secrets! We publish J. C. Ayer Co., the formulas of all our preparations. Lowell, Mass.

YORK COUNTY AND SUBURBS
YEAR'S AUDIT GOOD
SOME CHANGES ADVISED

York Township's Annual Stock
Taking Very Satisfactory—
Report is Delayed.

Toronto Junction, April 12.—The contractors are busily engaged in excavating the basement for the new Bank of British North America, to be erected near the corner of Dundas and Keele-streets. The amount paid for the property was \$250 a foot. A modern building will be erected at once.

W. J. Sheppard is now comfortably located in his handsome new jewelry store, a short distance west of the bank. As showing the advance in the price of Junction property, it may be stated that Mr. Sheppard last fall paid \$125 a foot for his lot.

Annette-street Methodists will this summer erect a \$20,000 church, immediately to the east of the present structure, facing on Annette-street and High Park-avenue. The site is one of the finest in town.

Dr. Perfect has sold his residence on Annette-street to Mr. Walsh of Brampton, and will, it is said, build a modern building on the corner of Annette-street and High Park-avenue, opposite the site of the new Methodist Church.

A petition is in circulation asking for the granting of a shop license to be located some sixty rods outside the town limits, in the Township of York. Public sentiment in the town is said to be strongly averse to granting this license.

The Toronto Lumber Company are erecting another store to their offices. John Stewart is putting up two stores at the corner of McMurray and Dundas-streets.

Town Clerk Conron states that the number of water licenses issued from Jan. 1 to April 10 is fifty. Last year, from Jan. 1 to April 10, the number was the same fifty. This is taken to indicate that the building for the year will be a record one.

When the town council complete their arrangements for the purchase of the additional 100 feet of land for athletic grounds, now under negotiations, they will have a property 400 feet by 590 feet, bounded by Utley, Beatrice and Keele-streets. The grounds will be greatly improved during the summer.

In and Out and About Old London is the topic from which Rev. Dr. Hazelwood will lecture in Annette-street Methodist Church on Tuesday evening, April 16.

Permits to the amount of \$12,000 have been granted within the last few days. Messrs. Ryding, Topping and Hartney were the only members of the board of health to appear at last night's meeting, and, there being no quorum, no business was transacted.

About 100 feet of sidewalk was burned near the south end of High Park-avenue yesterday. The grounds were, presumably, by boys, who had vanished when the brigade appeared on the spot.

of condolence with the family of the late Hon. Mr. St. John, who passed on at Toronto, was the late honorary president.

East Toronto. The East Toronto Choral Society are conducting a quiet educational campaign and are perfecting arrangements for the organization of a first-class musical club. Application has been made, and will, in all probability, be granted, for the use of the assembly hall of the new high school. Conductor Young is sanguine regarding the success of the undertaking.

The funeral of the late Robert Rogerson took place this afternoon from his home, on Stephenson-avenue, to Norway Cemetery. Service was conducted by Rev. Mr. Ferguson of Hope Methodist Church with which deceased was connected.

The prospects for a four league team in town this summer are excellent. The teams, which will probably be entered, are: East Toronto, Norway Balm Beach and the St. Josephs of Leslie-street. Handsome trophies will be awarded, and the grounds played in first-class shape for the summer's work.

The East Toronto lacrosse team have also re-organized, with a stronger team than last year and will this season play in the Y.M.C.A. Inter-association League.

Highland Creek. James Duncan, J.P., the genial ex-postmaster and merchant of this place, was presented with a solid gold watch and chain by his friends. About 100 people gathered in Elliott's Hall, and a pleasant evening was spent. Mr. Duncan is a veteran of the Peninsular War, and a very popular gentleman. A. T. Elliot, J.P., made a short speech and Mr. D. Beldam presented the watch. Short speeches were also made by Councilor William Annis, Mr. Thomas Morrison, D. Beldam, William Chester and others.

At the court of revision, held yesterday in the council chamber, the special assessment for the opening up and improving of Gerrard-street as a public highway as a local improvement from the easterly limits of the city across parts of lots 9 and 8, concession one, F. B., to the westerly limit of Coxwell-avenue, and the proportion in which the lands are benefited, was confirmed as amended.

The tender of Jesse Winger for a concrete arch adjoining lot 7, corner of Yonge-street, was accepted. The tender was \$700.

Mrs. M. Young and S. J. Humberstone, auditors, presented their report of the audit of last year's accounts. Their report is as follows: The cheques and bank books, and the bank balances agree. Payments were made according to bylaws and resolutions. The reasons for disallowance in full force. The securities in the hands of the treasurer and the bank are found in order. The school debt stands at \$46,000, and is in excess of the amount as stated last year. So far no record of either school loan debenture, debenture, or school loan debenture debt has been in the ledger, and have now brought them into the ledger account as follows:

School buildings and equipment \$137,000.00
School loan debenture debt \$6,556.25
The method followed in dealing with rebates of taxes does not in all cases furnish satisfactory vouchers for the auditors. The accounts representing the local improvement, sinking fund, Moore Park viaduct, stood at close of the year as follows:

Sinking fund required to date \$16,837.23
Securities held \$3,997.72
Cash in bank \$2,738.46
Shortage \$6,484.04

The amount realized during 1906 from sale of lands for taxes was \$200. There is no account on the ledger representing the asset of lands held in this way, which should be carried at an amount representing taxes and costs. The arrears of taxes in the statement of assets at \$3683.79 and the arrears of taxes in the arrear ledger should correspond, but the arrear ledger has not, so far as the auditors know, been balanced to the accounts in the general ledger. The property ledger and arrear ledger should be balanced at least once a year to the general ledger account. The asset of the Ellis note, \$638.91, should be realizable if not outlawed. In a township of the size and importance of York, a continuous audit would have many advantages over an annual one, as the large detail of receipts and expenditures makes a satisfactory annual audit a very lengthy affair and delays the report to a late date.

The following is the statement of assets and liabilities:

Which Will It Be?
Overcoat or Suit?

OUR Suits and Overcoats are made from best Scotch and English cloths. We select the cloths and have them made up from our own patterns. In the matter of quality and fit we hold up our heads as clothiers for fashionable men as high as any custom tailor.

Suits—Scotch Tweeds and English Worsteds, blue and black serges. We offer special values \$20 at.....

Overcoats—We have a line of the handsomest, swellest, best made Spring Overcoats that can be found. They are in fine Scotch tweeds, in shadow plaids, herringbone patterns and in a variety of stripe treatments. They are in the popular Chesterfield style. \$22

Trousers—Some very fine English worsted, suitable to wear with frock coats, regular \$3.50 \$6.00, for.....

Men's Furnishings—You must see our special Peau-de-Crepe Ties. They are the newest things in four-in-hands, and we are the only ones showing them. \$1.00

Men's Hats—You can't expect to get better hats anywhere in the world than you get here, for we have the hats of the world's best makers—Knox, Stetson, Youmans, Peel, Christy and Glyn. Silk Hats, \$5 to \$8. Stiff Hats, \$2.50 to \$5. Soft Hats, \$2 to \$3.

You will find this store a very popular place on Saturdays.

Fairweather's
84-86 Yonge Street

final sermon here, after which the pulpit will be declared vacant. Albert English has ceased the blacksmith shop of James Childs.

Councillor A. J. Brown is on a ten days' trip to New York. Mr. Rutherford of Merton-street is laid up with erysipelas.

Bruce, son of J. Kyle, solicitor for the Township of York, had a misfortune to fall downstairs and break his collarbone.

Mrs. Tate of Gravenhurst is visiting Mrs. F. B. B. Sherwood-avenue. Charles Tredgett has been appointed foreman at Mount Pleasant Cemetery. An entertainment was last night held in Davistville Public School, in proceeds to be devoted to decorating the rooms. James Logie, trustee, presided. A number of choruses were given by the children, among others Myrtle Cook, Mabel Brennan, Ruth Butler, Elsie Brownlow, E. Woodhouse, E. Warden, Norman Moxon, Grace Douglas, Lizzie Hughes, Vera Auld, Ethel Gilling, Florence Page, Rose Dean, B. Walmisley, George Mitchell and Alice Howe also took part.

OFFICIAL STATISTICS DISCLOSE GREAT REVIVAL OF BICYCLE BUILDING. While the automobile, because of its remarkable development, has attained such widespread vogue, it appears that it has not affected injuriously any other industry, least of all that of the bicycle. In the past few years when the automobile has found most rapidly increasing favor, the manufacture of bicycles has taken on a decided impetus.

The figures of the department of commerce and labor show that there was a smaller bicycle output in 1906 than in 1905, but the manufacturers' statistics for 1906, 1906 and the current year indicate a very great revival of the bicycle industry.

Five Years' Record. In October, 1901, a bicycle factory in the middle west made only twenty-four machines. In October of last year this factory built 2753 bicycles. In 1905 the same factory produced in the entire year 20,000 wheels, in 1906 32,000 and the output for 1907 will approximate 40,000. So far as the automobile has influenced the bicycle industry, it may be said that in the history of transportation every development of the new motive power has had the effect of stimulating other existing services.

SATURDAY, APRIL 13

Two Historic Pictures

OLD KNOX CHURCH. TAKEN from recent photographs—which already might be termed historic, since the landmarks they perpetuate are now themselves no more—the two above "course-screens, half-tone" engravings, as they are called, appear in our advertisement to-day to mark the beginning of a great change.

KNOX CHURCH SCHOOL HOUSE. For fifty years the steeple tower of Knox Church has been a landmark for all Toronto. In 1896, however, during the big Simpson fire, the steeple caught fire and burned down to the top of what might be termed its pedestal. It was never entirely rebuilt, and the picture shows its appearance when the repairs decided upon were complete. For even then it was felt that the days of the old church's usefulness were numbered—the situation was too far "down town."

In 1820 Jesse Ketchum gave the block of land extending from Queen to Richmond Streets and from Bay Street nearly to Yonge Street, for the purpose of founding a Presbyterian Church. His son-in-law, the Rev. James Harris, was the first minister. The manse house, a little frame building with a garden in front, stood on Bay Street—and still stands, although the garden has given place to a small store. In 1847, after the fire of 1846, Knox Church, as we have so long known it, was erected for what was by then the largest and wealthiest congregation in Ontario. Rev. Dr. Burns was the minister, and the most prominent citizens of Toronto attended the services, including over 1000 regular communicants. In 1870 the school house was built on the Richmond Street side of the lot.

In the summer of 1905, after the whole matter had been thoroughly thrashed out in the Synod, orders were issued to demolish the old Knox edifice and to use the materials to help build a new Knox Church at Harbor and Wilcox Streets. Here a \$250,000 building is now in process of construction. Meanwhile, on April 1, 1907, The Robert Simpson Company came into formal possession of the historic old Knox Church site, and on that day at seven o'clock the first shovel of earth was taken out of the foundations for a new building, a building which shall, in its way, become as noteworthy a landmark for this city as has been its famous predecessors, the pictures of which we revive to-day.

HOW TO QUICKLY CURE
HEARTBURN AND HICCOUGHS

They are always caused by fermentation or excessive acidity of the stomach. The distress they cause is relieved like magic by slowly sipping a few drops of "Nerviline" in sweetened water. "Nerviline" cures the conditions that cause the hiccoughs, just as it does all other disorders of the stomach and bowels. For indigestion, cramps, flatulence and stomach pain, nothing better is known. For a household remedy, for all aches, pains and minor ills, use "Nerviline"—25 cents per bottle everywhere.

"GUINEA" TROUSERS
\$5-25 Spot Cash

Buying conditions this season have made it possible for us to show a wider range of fine imported woolsens for our Guinea Trousers (\$5.25 spot cash) trade than we've been able to fer many moons. And we're doing a quite spirited trade in them because gentlemen long ago learned the sterling worth of the products of the "Score" tailoring, and the part that Guinea Trousers have played in giving the store its emicence as "the house that quality built."
